READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CHS. 200 AND 2220]

Amendment of Rule Governing Motions for Compulsory Nonsuit; No. 352 Civil Procedural Rules; Doc. No. 5

Order

Per Curiam:

And Now, this 30th day of May, 2001, the Pennsylvania Rules of Civil Procedure are amended as follows:

I. Rule 230.1 is rescinded and new Rule 230.1 is promulgated to read as follows.

II. Subdivisions (f), (g) and (h) of Rule 2231 are rescinded and notes are added to read as follows.

This Order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective July 1, 2001.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

Rule 230.1. Compulsory Nonsuit at Trial.

(a)(1) In an action involving only one plaintiff and one defendant, the court, on oral motion of the defendant, may enter a nonsuit on any and all causes of action if, at the close of the plaintiff's case on liability, the plaintiff has failed to establish a right to relief.

(2) The court in deciding the motion shall consider only evidence which was introduced by the plaintiff and any evidence favorable to the plaintiff introduced by the defendant prior to the close of the plaintiff's case.

Official Note: Subdivision (a) changes the prior practice whereby the entry of a compulsory nonsuit was precluded when any evidence had been presented by the defendant.

If a motion for compulsory nonsuit is granted, the plaintiff may file a written motion to remove the nonsuit. See Rule 227.1

(b) In an action involving more than one plaintiff, the court may not enter a compulsory nonsuit as to any plaintiff until the close of the case of all the plaintiffs.

(c) In an action involving more than one defendant, the court may not enter a nonsuit of any plaintiff prior to the close of the case of all plaintiffs against all defendants. The nonsuit may be entered in favor of

(1) all of the defendants, or

(2) any of the defendants who have moved for nonsuit if all of the defendants stipulate on the record that no evidence will be presented that would establish liability of the defendant who has moved for the nonsuit.

Official Note: The term "defendants" includes additional defendants.

CHAPTER 220. JOINDER OF PARTIES

Rule 2231. Effect of joinder; practice in general.

* * * * *

(f) [A plaintiff or defendant need not be interested in obtaining or defending against all the relief demanded.] Rescinded.

(g) [In an action in which plaintiffs have been joined in the alternative

(1) a compulsory nonsuit shall not be entered against any plaintiff until the close of the case of all the plaintiffs;

(2) unless a compulsory nonsuit is entered against all plaintiffs, the court, upon the conclusion of the trial as to all parties, but not before, may direct a verdict for any defendant against any plaintiff who, upon all the evidence, regardless of the party by whom offered, is not entitled to recover.] Rescinded.

Official Note: See Rule 226(b) for the entry of a directed verdict and Rule 230.1(b) for the entry of a compulsory nonsuit.

(h) [In an action in which defendants have been joined in the alternative

(1) a compulsory nonsuit of any plaintiff in favor of any or all of the defendants shall not be entered prior to the close of the case of all plaintiffs against all defendants;

(2) unless a compulsory nonsuit is entered against all plaintiffs as to all defendants, the court upon the conclusion of the trial as to all parties, but not before, may direct a verdict in favor of each defendant as to whom the evidence, regardless of the party by whom offered, does not warrant a finding by the jury that such defendant is liable jointly, severally or separately to any plaintiff.] Rescinded.

Official Note: See Rule 226(b) for the entry of a directed verdict and Rule 230.1(c) for the entry of a compulsory nonsuit.

Explanatory Comment

The amendments revise the rules of civil procedure governing joinder of parties and compulsory nonsuit.

I. Rule 230.1. Compulsory Nonsuit at Trial.

1. New Rule 230.1

It is intended that Rule 230.1 becomes a comprehensive rule governing compulsory nonsuits. The provisions of former Rule 230.1 which govern a compulsory nonsuit in an action involving only one plaintiff and one defendant are now included in subdivision (a) of new Rule 230.1.

The provisions of subdivisions (g) and (h) of Rule 2231 govern a compulsory nonsuit in "an action in which plaintiffs have been joined in the alternative" and "an action in which defendants have been joined in the

alternative." These provisions are transferred to new Rule 230.1 as subdivisions (b) and (c) but with the deletion of the reference to parties joined in the alternative. Rather, the new provisions apply to "an action involving more than one plaintiff" and "an action involving more than one defendant." The new rule is of broader general application.

The final two sentences of former Rule 230.1, "If the motion is not granted, the trial shall proceed. If the motion is granted, the plaintiff may file a written motion for the removal of the nonsuit," are not retained in the new rule. However, this does not represent a change in practice. The first sentence has been not been retained since it is a statement of an obvious principle. The provision contained in the second sentence is already governed by Rule 227.1 and a cross-reference to Rule 227.1 is included in the Note following subdivision (a)(2) of new Rule 230.1.

2. Effect of Introduction of Evidence by Defendant

Former Rule 230.1 permits the entry of a compulsory nonsuit "before any evidence on behalf of the defendant has been introduced." The situation arises in which a defense witness, of necessity, must be taken out of sequence and heard prior to the close of the plaintiff's case because of the witness' unavailability to testify during the defendant's case. If a defense witness is heard during the plaintiff's case, the rule prohibits the court from entering a compulsory nonsuit.

The Supreme Court of Pennsylvania in *Harnish v. School District of Philadelphia*, 557 Pa. 160, 732 A.2d 596 (1999) recently observed that the rule might have been written differently, 557 Pa. at 165, 732 A.2d at 599:

If the rule had been intended to permit a court to consider a nonsuit even after the defendant has introduced evidence, presumably the rule could have expressed that although a nonsuit may be granted after defendant has introduced evidence, the court must consider only plaintiff's evidence as if no evidence had been introduced by the defendant.

The amendment adopts this supposition by the Supreme Court.

Quoting from *Atlantic Richfield Co. v. Razumic*, 480 Pa. 366, 390 A.2d 736 (Pa. 1978), the Supreme Court stated the rationale for the former rule:

"A motion for compulsory nonsuit allows a defendant to test the sufficiency of a plaintiff's evidence. . . . To assure that the trial court considers the motion only on the basis of evidence favorable to the plaintiff, the Act expressly limits the court's authority to grant a nonsuit to those instances where a defendant has "offered no evidence."

However, as the Supreme Court noted in the *Harnish* case, "[t]here are many situations in which reviewing courts simply rely on trial courts to ignore improper evidence and accept the trial court's statement that such evidence was not considered." 557 Pa. at 165, 732 A.2d at 599. Consequently, new Rule 230.1(a) provides that if the defendant presents evidence prior to the close of the plaintiff's case, the court shall consider, in addition to the plaintiff's evidence, only that defense evidence which is "favorable to the plaintiff."

The amendments do not change the nature of the motion for compulsory nonsuit. It remains a means of testing the sufficiency of the plaintiff's evidence at the close of the plaintiff's case. The new Rule does, however, ameliorate the problem set forth above. Otherwise, once the plaintiff's case has ended and the defendant's case has begun, the defendant's remedy will continue to be a motion for a directed verdict.

3. Defendants entitled to nonsuit

Rule 2231(h) provides for the entry of a nonsuit "in favor of any or all of the defendants." This language was inappropriate since under the former rule, as Goodrich-Amram 2d § 2231(h):1 points out that a nonsuit may be entered only in favor of all defendants and not in favor of fewer than all defendants:

But if the plaintiff makes out a prima facie case against one or more of the defendants, then, as a practical matter, there will be no nonsuit proceedings at all. No motion can be made by the defendants until all their evidence is in. This is, of course not a nonsuit, but a motion for a directed verdict.

New Rule 230.1(c) reflects this situation by continuing to provide that the court can enter a nonsuit in favor of all defendants. However, the rule adds the innovation that the court can enter judgment in favor of fewer than all defendants only "if all of the defendants stipulate on the record that no evidence will be presented that would establish liability of the defendant who has moved for the nonsuit."

II Rule 2231. Effect of Joinder. Practice in General.

The amendments affect Rule 2231 in three respects:

First, subdivision (f) of Rule 2231 provides that "A plaintiff or defendant need not be interested in obtaining or defending against all the relief demanded." The subdivision has been described in Goodrich Amram § 2231(f):1 as "an unnecessary statement of an obvious rule" and is rescinded.

Second, as noted above, the substance of subdivisions (g)(1) and (h)(1) governing compulsory nonsuits has been transferred to new subdivisions (b) and (c) of new Rule 230.1.

Third, subdivisions (g)(2) and (h)(2) of Rule 2231 which govern directed verdicts in cases involving plaintiffs and defendants joined in the alternative are rescinded as well. However, unlike the nonsuit provisions, they are not carried over to Rule 226(b) governing directed verdicts generally. These provisions, which permit the court to direct a verdict "upon conclusion of the trial as to all parties, but not before," are unnecessary in light of the existing language of Rule 226(b) which provides "At the close of all the evidence, the trial judge may direct a verdict upon the oral or written motion of any party."

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Distribution of Business Within the Court of Common Pleas: Nonprofit Corporations; No. 2000-03

The Pennsylvania Rules of Judicial Administration provide that the Orphans' Court Division of the Court of Common Pleas shall hear and determine certain matters dealing with nonprofit corporations. See Pa. R.J.A. No. 2156. This Joint General Court Regulation is designed to implement Pa. R.J.A. No. 2156 in the Court of Common Pleas of Philadelphia County and to provide for the efficient and timely transfer of cases between the Trial and Orphans' Court Divisions.

1. *Matters To Be Heard By The Orphans' Court Division.* All matters concerning the following shall be heard by the Orphans' Court Division:

a. The administration and proper application of property committed to charitable purposes, as defined, held or controlled by any domestic or foreign nonprofit corporation;

b. Matters arising under Title 15 of the Pennsylvania Consolidated Statutes (involving corporations and unincorporated associations) which hold or control any property committed to charitable purposes;

c. Any other matter which involves the application, interpretation or enforcement of any law regulating the affairs of nonprofit corporations holding or controlling any property committed to charitable purposes or regulating the affairs of members, security holders, directors, officers, employees or agents of nonprofit corporations holding or controlling any property committed to charitable purposes.

2. *Definition of "Property Committed to Charitable Purposes."* For the purposes of this regulation, "property committed to charitable purposes" means all property committed to the relief of poverty, the advancement of education, the advancement of religion, the promotion of health, governmental or municipal purposes and other purposes, the accomplishment of which is beneficial to the community, except that the term does not include the property of any inter vivos trust jurisdiction of which was acquired by the Court of Common Pleas prior to January 1, 1969 unless the President Judge of the Court orders the matter to be heard and determined in the Orphans' Court Division.

3. *Matters To Be Heard By The Trial Division.* All other matters involving a nonprofit corporation shall be heard in the Trial Division.

4. *Transfers.* All matters filed in, or assigned to, the incorrect division shall be reassigned.

Comment: The assignment of matters under this rule will depend on the nature of the underlying action. For example, an action involving one or more nonprofit corporations concerning an ordinary tort or contract claim will be assigned to the Trial Division. An action involving one or more nonprofit corporations concerning the proper application of property committed to charitable purposes, or the rights and obligations of members, directors or officers of such nonprofit corporations, will be assigned to the Orphans' Court. The mere possibility that an ordinary tort or contract claim could result in a judgment for or

against a nonprofit corporation will not cause a matter to be assigned to the Orphans' Court.

Title 252—ALLEGHENY COUNTY RULES

ALLEGHENY COUNTY

Appointment of Counsel Policies and Procedures and Revised Fee Bill; Administrative Doc. No. 2 May 2001

Order

Now, this 21st day of May, 2001, upon recommendation of the Court's Committee on Appointed Counsel, it is hereby *Ordered* that the policy regulating the appointment of counsel in all Criminal cases before the Judges of the Court of Common Pleas of Allegheny County is adopted for appointments of counsel made on or after July 1, 2001.

It is further *Ordered* that the District Court Administrator of Allegheny County publicize this policy in the *Pennsylvania Bulletin* forthwith.

By the Court

GERARD M. BIGLEY,
Administrative Judge

Policies and Procedures Governing Court Appointed Counsel

I. General Guidelines

A. The appointment of counsel for criminal cases shall be at the discretion of each Common Pleas Judge and shall require a written motion of the Public Defender of Allegheny County setting forth the basis for conflict. The Office of Public Defender, upon reasonable notice of the court, shall make itself available to the Appointment Judge.

B. The Criminal Division shall maintain a list of eligible attorneys available for appointments. Attorneys interested in being considered for appointments shall submit a letter and summary of criminal defense experience to the Administrative Judge of the Criminal Division.

C. Immediately upon appointment, counsel shall prepare the Appointment Order (form 24A) for judicial signature and shall file this Order with an Entry of Appearance in the Clerk of Courts Office. Copies of the Appointment Order shall be provided to the Appointing Judge and District Court Administrator.

D. The Administrative Judge shall make all appointments of counsel to eligible cases in which there has been no assignment of a Common Pleas Judge. This shall include but is not limited to Preliminary Hearings.

E. Attorneys receiving appointments agree to accept and adhere to the policies and procedures as set forth in this document including the Pro Bono section.

II. Fee Schedule

A. Necessary Preparation	\$50.00 per hour
B. Court Appearance	
1. Full Court Day	\$500.00
2. Half Court Day	\$250.00
C. Expert Fees	
1. Preparation	\$50.00 per hour
2. Full Court Day	\$500.00
3. Half Court Day	\$250.00
D. Investigator Fees	\$30.00 per hour
E. Post Conviction Relief Act Petitions	\$50.00 per hour

III. Fee Guidelines

Court-appointed invoices in excess of the following amounts shall require the approval and signature of both the appointment Judge and the Administrative Judge of the Criminal Division.

A. Homicide Cases	\$5,000.00
B. Jury Trials (non-homicide)	\$3,000.00
C. Non-Jury Trial	\$1,000.00
D. Pleas	\$ 750.00
E. Preliminary Hearings	\$ 250.00
F. Expert Fees	\$1,500.00
G. Investigator Fees	\$ 500.00
Post Conviction Relief Act	
H. Petitions	\$1,500.00

IV. Pro Bono Program

- A. Attorneys accepting appointments under this program shall participate in pro bono work.
- B. Participating attorneys shall submit one pro bono invoice for every four appointments (25%). Attorneys submitting invoices must designate the pro bono case upon submission of the invoice to the appointing judge.

- C. The Criminal Division shall maintain a record of all appointments and enforce this policy. Failure to comply with the Pro Bono requirements may result in designation by the court of pro bono work upon invoices received.
- D. The District Court Administrator shall report quarterly to the Judges of the Criminal Division concerning the Pro Bono work of all participating attorneys.

V. Billing Guidelines

- A. All invoices shall be submitted by appointed counsel to the Appointment Judge and must be submitted on Firm letterhead to include address and telephone number, be dated, and take the following form:
 - 1. A chronological listing of appointment work with dates, amount of time devoted to the legal work, and associated expense
 - 2. Clearly identify miscellaneous expenses (copying, postage, etc.) and include actual receipts
 - 3. Include statements of services rendered by experts and investigators
 - 4. Attach a copy of the Order of Appointment and Entry of Appearance.
 - 5. Include a completed Payment Order (Form 24B) for execution by the Appointing Judge and Administrative Judge, if necessary.
- B. Counsel must submit requests for payment within 60 days of case completion. For the purpose of this policy, case completion shall be defined as:
 - 1. Not Guilty Verdict
 - 2. Sentencing (if no post-sentence motions)
 - 3. Disposition of post-sentence motions
 - 4. Dismissal/Withdrawal of Charges (Includes Preliminary Hearing)
 - 5. Disposition of Post Conviction Hearing Act Petition
 - 6. Acceptance into the Accelerated Rehabilitation Disposition/Probation Without Verdict Programs
 - 7. Disposition of Appeal
- C. The following limitations are established by the policy:
 - 1. The Court will not reimburse for preparation on the same day as the trial/plea/ARD
 - 2. The Court will not reimburse for more than two 1/2 days nor one full day per attorney per day
 - 3. The Court will not reimburse for a full day in Criminal Court if counsel has submitted an invoice for work performed in another Division of the Court on the same day.

VI. Billing Procedures

- A. Upon approval of counsel's request for payment, the Criminal Division shall forward the required documents to the Office of Court Administrator, Fiscal Affairs Department.

- B. The Fiscal Affairs Department shall promptly review the documents and post the transaction to the Court's respective account, prepare a payment voucher, and forward to the Office of County Controller.
- C. The Court will make every effort to assure payment within 14 days of receipt of the invoice.
- D. The following issues may cause delay in prompt payment and or rejection of any expense or invoice:
1. Failure to submit within the established time restraints
 2. Failure to submit required receipts
 3. Failure to notify the Fiscal Affairs Department of a change of address
 4. Failure to correctly complete a W-9 form
 5. Failure to comply with any provision of this policy
 6. Inquiry of the Court's Fiscal Affairs Department
 7. Controller Office inquiry
- E. The Fiscal Affairs Department shall make every effort to resolve any issue with counsel. In the event resolution is not made, the matter shall be referred to the District Court Administrator or his designee. Counsel shall be paid for any portions of the invoice not under review. The District Court Administrator, in consultation with the appointing Judge and Administrative Judge of the Criminal Division, shall attempt to resolve the issue promptly.
- F. The Fiscal Affairs Department shall not have discretion to resolve any invoices submitted beyond established time restraints. Counsel shall be notified of the matter and may petition the appointing Judge for relief.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 118]

Discounting Medical Malpractice Loss Reserves

The Insurance Department (Department) amends §§ 118.1—118.3 and 118.6 to read as set forth in Annex A.

Statutory Authority

The final-form regulations are adopted under the authority of The Insurance Company Law of 1921 (40 P. S. §§ 341—999); The Insurance Department Act of 1921 (40 P. S. §§ 1—321); and sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412).

Comments and Response

Notice of proposed rulemaking was published at 30 Pa.B. 5452 (October 21, 2000) with a 30-day comment period. During the 30-day comment period, comments were received from the Insurance Federation of Pennsylvania, Inc. (IFP) and the Professional Insurance Agents Association of Pennsylvania, Maryland and Delaware, Inc. (PIA). During its regulatory review, the Independent Regulatory Review Commission (IRRC) submitted comments to the Department. The following is a response to those comments.

The IFP supported the rulemaking in its entirety.

The PIA asked how the Department determined that there would be no fiscal impact. The PIA stated that it “[...] has always understood that the Insurance Department has always considered investment income during the rate review process. This consideration thus reduced the ultimate rate approved in accordance with the statutory duty of the Commissioner that rates shall not be excessive, inadequate or unfairly discriminatory. By not permitting loss reserve discounting, it would appear that rates would have to be adjusted upward to compensate in the rate filing. That would produce higher premium rates to policyholders, however, PIA recognizes that premiums may remain the same.”

Discounting is a reflection of investment income, which is one of many factors that insurance companies take into account in setting rates. As a practical matter, the impact that discounting may have on insurance rates is a reflection of a particular insurance company's financial strength. Currently, only one medical malpractice insurer in this Commonwealth discounts its loss reserves. Because this company has more than adequate reserves, the Department does not anticipate that its rates will increase due to the amendments to this rulemaking. The rulemaking should have no impact on the rates of the remaining insurance carriers writing medical malpractice insurance in this Commonwealth because none of these insurers discount their loss reserves.

In addition, in January 2001, the National Association of Insurance Commissioners (NAIC) required all insurers to follow the recently adopted Statements of Statutory Accounting Principles which specifically prohibits discounting of medical malpractice loss reserves unless the insurer is allowed to do so by statute or regulation or requests a permitted practice from the Department (or other regulatory authority). Also, the majority of the

states do not permit discounting of loss reserves. Therefore, the phase out of discounting in this Commonwealth should have minimal impact on the insurers engaged in the business of medical malpractice insurance.

During its 30-day review, IRRC questioned whether an effective date of January 1, 2001, was feasible, as that date has passed. IRRC recommended that § 118.3(4) (relating to restrictions on discounting loss reserves) be revised to apply prospectively to policies that become effective after the date of publication of the final-form regulations.

The Department has no objection to making this change. Discounting will not be permitted on policies sold on or after the effective date of the rulemaking.

Affected Parties

The rulemaking applies to insurance companies doing the business of medical malpractice insurance in this Commonwealth.

Fiscal Impact

State Government

There will be no increase in cost to the Department due to the amendment of Chapter 118 (relating to discounting of medical malpractice loss reserves).

General Public

There will be no fiscal impact to the public.

Political Subdivisions

The rulemaking will not impose additional costs on political subdivisions.

Private Sector

The rulemaking will not impose additional costs of insurance companies doing the business of medical malpractice insurance in this Commonwealth.

Paperwork

The adoption of the rulemaking will not impose additional paperwork on the Department or the insurance industry.

Effectiveness/Sunset Date

This rulemaking becomes effective upon publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

Contact person

Any questions regarding this rulemaking should be directed to Peter J. Salvatore, Regulatory Coordinator, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. In addition, questions may be e-mailed to psalvatore@state.pa.us or faxed to (717) 772-1969.

Regulatory review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 11, 2000, the Department submitted a copy of the notice of proposed rulemaking, published at 30 Pa.B. 5452, to IRRC and to the Chairpersons of the Senate Committee on Banking and Insurance and the House Committee on Insurance. In addition to the submitted regulations, the Department has provided IRRC and the Committees with a copy of a detailed

Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation."

Under section 5(c) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received. A copy of that material is available to the public upon request.

Under section 5.1(d) of the Regulatory Review Act (71 P.S. § 745.5a(d)), on May 9, 2001, these final-form regulations were deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on May 17, 2001, and approved the final-form regulations.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations thereunder 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code Chapter 118, are amended by amending §§ 118.1, 118.2 and 118.6 to read as set forth at 30 Pa.B. 5452 and by amending § 118.3 to read as set forth in Annex A.

(b) The Commissioner shall submit this order, 30 Pa.B. 5452 and Annex A to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order, 30 Pa.B. 5452 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The regulations adopted by this order shall take effect upon final publication in the *Pennsylvania Bulletin*.

DIANE KOKEN,
Insurance Commissioner

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission, relating to this document, see 31 Pa.B. 2855 (June 2, 2001).)

Fiscal Note: Fiscal Note 11-197 remains valid for the final adoption of the subject regulations.

Annex A

TITLE 31. INSURANCE

PART VII. PROPERTY, FIRE AND CASUALTY INSURANCE

CHAPTER 118. DISCOUNTING OF MEDICAL MALPRACTICE LOSS RESERVES

§ 118.3. Restrictions on discounting loss reserves.

The discounting of loss reserves is subject to the following limitations:

(1) The loss reserves discounted to present value in accordance with this chapter may not be less than those required in accordance with section 313(b) of the act (40 P.S. § 112(b)).

(2) The maximum rate of interest which an insurer may assume for purposes of discounting is 6%.

(3) An insurer may request an exception to the maximum interest rate in paragraph (2) if the insurer can demonstrate to the satisfaction of the Commissioner that its investment yield justifies a higher interest rate assumption. The Commissioner may require the insurer to submit additional documentation to support its request for approval of a higher interest rate assumption. The Commissioner will act upon requests for exceptions made under this paragraph within 90 days of the date the request is received by the Insurance Department.

(4) An insurer may not discount loss reserves or loss adjustment expense reserves for policies with an effective date on or after June 16, 2001.

(5) An insurer may not discount loss reserves or loss adjustment expense reserves after December 31, 2010.

Title 37—LAW
CORONERS' EDUCATION BOARD
[37 PA. CODE CH. 199]
Education Requirements

The Coroners' Education Board (Board), housed in the Office of Attorney General, by this order adds Chapter 199 (relating to duties of the Coroners' Education Board) to read as set forth in Annex A.

This final-form rulemaking was adopted by the Board at its meetings of January 18, 2000, and November 13, 2000.

A. Effective Date

The rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

B. Contact Persons

For further information contact Andrea F. McKenna, Senior Deputy Attorney General, Office of Attorney General, 16th floor, Strawberry Square, Harrisburg, PA 17120, (717) 787-6348, amckenna@attorneygeneral.gov or Gwendolyn Casey, Executive Secretary to the Board, Office of Attorney General, 16th Floor Strawberry Square, Harrisburg, PA 17120, (717) 783-3014, gcasey@attorneygeneral.gov.

C. Statutory Authority

Final-form rulemaking is made under authority of section 6 of the act of March 2, 1988 (P.L. 108, No. 22), known as the Coroners' Education Board Law (act) (16 P.S. §§ 9525.1—9525.6) and section 506 of The Administrative Code of 1929 (71 P.S. § 186).

D. Background and Purpose

Final-form rulemaking regulates the duties of the Board as set forth in the act to establish a course of instruction to be given to coroners upon first election to office as well as to chief deputy and full-time deputy coroners; to prepare a written examination to be given at the conclusion of each course of instruction; to set tuition for the courses of instruction; to determine what offerings qualify for continuing education requirements; and to notify the Governor or the appropriate county officer

when persons bound by the act fail to comply with its requirements. These regulations codify existing practices of the Board in carrying out its statutory duties and provides guidance to coroners and their deputies bound by the provisions of the act.

E. Summary of Regulatory Requirements and Changes from Proposed to Final

These regulations are the first regulations promulgated by the Coroners' Education Board. A summary of final-form rulemaking follows:

Chapter 199. Coroners' Education Board

§ 199.1. Definitions.

Section 199.1 defines terms used as words of art in the regulation of activities of the Board, namely: "act," "Basic Education Course," "Board," "certification," "continuing education," "examination," "full-time deputy coroner" and "just-cause." Final rulemaking enlarges the definition of "just-cause" to include "instances when an appointment to fill a vacancy occurs prior to the next scheduled Basic Education Course."

§ 199.2. Application of act.

Section 191.2 designates the categories of persons subject to final-form rulemaking.

§ 199.3. Appeal.

Final-form rulemaking adds § 199.3 which provides that any coroner or deputy aggrieved by a decision of the Board has the right to appeal according to the provisions of 2 Pa.C.S. (relating to administrative law and procedure).

§ 199.11. Board chairperson.

This provision establishes how and when the Board will elect its chairperson.

§ 199.12. Temporary chairperson.

This section describes the process by which a temporary chairperson will be selected in the absence of the elected chairperson. Final-form rulemaking clarifies that approval of the temporary chairperson is to come from the majority of Board members present.

§ 199.13. Meeting schedule.

This provision establishes the number of times the Board will meet yearly and establishes when the annual meeting schedule is to be set.

§ 199.21. General requirement.

This section addresses the general requirement that all newly elected coroners and newly appointed chief deputy and full-time deputy coroners attend the Basic Education Course and pass the examination. The provision states the minimum hours of necessary instruction and the time period in which the course will be offered. Final-form rulemaking includes forensic autopsies among the topics to be included in the course of instruction.

§ 199.22. Basic education costs.

Final-form rulemaking adds this section which provides that costs for persons statutorily required to take the Basic Education Course are to be the minimum necessary to pay the cost of instruction and room and board and provides that a list of cost options to attend the Basic Education Course will be available from the Board.

§ 199.23. Postponement for just cause.

This provision establishes that the Board has discretion to determine "just cause" to postpone compliance with any

provision of the act and establishes a time frame in which persons seeking an exemption must initiate contact with the Board.

§ 199.24. Exemption for qualified forensic pathologist.

This section derives from the Board's statutory authority to exempt persons otherwise required to take the Basic Education Course who are physicians licensed and certified in this Commonwealth. This section sets standards for the exercise of that discretion.

§ 199.25. Exemptions for licensed professionals.

Taking into account comments informally received from several physicians, and mindful of the specialized knowledge required of coroners, this section establishes that no licensed professionals, other than licensed forensic pathologists, will be eligible for exemption from the requirement of attending the Basic Education Course and passing the examination.

§ 199.26. Eligibility for certification.

This provision addresses certification of both persons statutorily required to take the Basic Education Course and pass the examination and also persons who take the course voluntarily.

§ 199.27. Failure of coroner to attend Basic Education Course or to pass examination.

This section addresses the notification duties of the Board when a person elected for the first time to the office of coroner fails to attend the Basic Education Course and pass the examination.

§ 199.28. Failure of chief deputy coroner to attend Basic Education Course or to pass examination.

This provision addresses the notification duties of the Board when a chief deputy coroner or full-time deputy coroner fails to attend the Basic Education Course and pass the examination.

§ 199.30. Appointments made more than 6 months prior to course.

Section 199.30 addresses procedures for meeting basic education requirements when an appointment to office is made more than 6 months prior to the next scheduled Basic Education Course.

§ 199.41. Continuing education.

This provision relates to the statutory requirement that coroners and deputy coroners obtain a minimum of 8 hours of continuing education credits in each calendar year. Final-form rulemaking adds the directive that continuing education credits be obtained in subject areas relevant to the statutorily defined duties of coroners and deputy coroners.

§ 199.42. Approval of course for continuing education credit.

This provision sets out the procedure for obtaining approval of a course for continuing education. Final-form rulemaking changes the period in which approval must be sought from 3 months to 90 days prior to the date of instruction.

§ 199.43. Standards for course approval.

This provision establishes criteria to guide the Board's discretion in approving a course for continuing education credit. Final-form rulemaking enlarges the criteria to include the education and relevant experience of the course instructors.

§ 199.44. Approval by chairperson.

Section 199.30 permits the Board chairperson to approve courses for continuing education credit subject to ratification by the Board.

§ 199.45. Board ratification.

This section sets the schedule for Board ratification of the chairperson's approval of courses for continuing education credit.

§ 199.46. Approval by simple majority.

This provision establishes the required vote for Board ratification of the chairperson's approval of a course for continuing education credit.

§ 199.47. Unit of credit.

This section establishes what shall constitute a unit of continuing education credit, limits the amount of continuing education credit available in a calendar year and establishes the amount of continuing education credit to be awarded teachers of approved course.

§ 199.48. Continuing education for persons required to attend Basic Education Course.

This provision states continuing education requirements for newly elected and newly appointed coroners and deputies.

§ 199.49. Failure of coroner to meet continuing education requirements.

This provision states the action the Board will take in the event a coroner fails to meet yearly continuing education requirements.

§ 199.50. Failure of chief deputy coroner or full-time deputy coroner to meet continuing education requirements.

This provision states the action the Board will take in the event a chief deputy coroner or full-time deputy coroner fails to meet yearly continuing education requirements.

§ 199.61. Statement of Board approval.

This section informs continuing education course providers of the need to have written authorization from the Board prior to representing that the course offering is approved for continuing education credit.

§ 199.62. Verification of attendance.

The provision informs continuing education providers of recordkeeping and notification requirements.

§ 199.63. Certificate of attendance.

This section informs continuing education providers of requirements pertaining to certification of attendance.

§ 199.64. Notification to Board.

This provision informs course providers of requirements for reporting attendance and credit hours to the Board.

§ 199.71. Board to maintain current list.

This section states the Board will keep a list of all currently elected coroners.

§ 199.72. Coroners' duty to notify Board.

This provision informs coroners of the responsibility to provide the Board with the names of all chief deputy coroners and full-time deputy coroners. Final-form rulemaking clarifies the relevant time period from 1 month to 30 days following appointment.

F. Summary of Comments and Responses on the Proposed Rulemaking

Notice of proposed rulemaking was published at 30 Pa.B. 1871 (April 8, 2000). The Board received comments only from the Independent Regulatory Review Commission (IRRC). All comments submitted to the Board were duly considered and final-form rulemaking was revised to reflect the commentators' suggestions or objections on the proposal.

The comments from IRRC focused on clarity of language and consistency with the enabling statutes. The Board, accordingly, made revisions in final-form rulemaking to comport with the suggestions of the IRRC. For example, the Board has stricken proposed regulations attaching consequences for failure to meet continuing education requirements. This change was made because there is no statutory authority for creating those consequences. At the direction of IRRC, the Board has amended the proposed rulemaking to include notice of the right to appeal decisions of the Board in accordance with provisions of administrative law and procedure. In response to IRRC, the Board has included a proposed regulation pertaining to the fixing of costs for those statutorily required to attend the Basic Education Course. Final-form rulemaking includes a more complete description of the Basic Education Course curriculum and more fully describes standards for Board approval of courses proposed for continuing education credit.

G. Benefits and Costs

Executive Order 1996-1 requires a cost/benefit analysis of the final-form regulations.

(1) Benefits

In accordance with Executive Order 1996-1, Regulatory Review and Promulgation, the Board has sought in final-form rulemaking to achieve clear and, where possible, nontechnical language. Likewise, it has reviewed and incorporated comments pertaining to clarity of language received from IRRC.

(2) Costs

The final-form regulations will impose no new costs on the private sector or on the general public.

(3) Paperwork requirements

The final-form regulations will not increase paperwork.

H. Sunset Date

The Board will continuously monitor its regulations; therefore, no sunset date has been assigned.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on March 23, 2000, the Board submitted a copy of the proposed rulemaking, published at 30 Pa.B. 1871, to IRRC, the Office of the Budget and the chairpersons of the House and Senate Judiciary Committees. The Board was later notified that the Senate Local Government Committee was to receive proposed rulemaking, in lieu of the Senate Judiciary Committee. This oversight was corrected and a copy of the proposed rulemaking submitted to the Chairperson of the Senate Local Government Committee in June of 2000. IRRC issued written comments on July 24, 2000.

In preparing the final-form regulations, the Board has considered all comments received from the Commission. Neither the Committees nor the public provided comments on the proposed rulemaking.

Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), on April 23, 2001, these final-form regulations were deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on May 3, 2001, and approved the final-form regulations.

J. Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) These amendments to proposed rulemaking do not enlarge the purpose of proposed rulemaking published at 30 Pa. B. 1871.

(4) These regulations are necessary and appropriate for administration and enforcement of the authorizing acts identified in Part C of this order.

L. Order of the Board

The Board, acting under its authorizing statutes, orders that:

(a) Title 37 of the Pa. Code is amended by adding §§ 199.1—199.3, 199.11—199.13, 199.21—199.30, 199.41—199.51, 199.61—199.64, 199.71 and 199.72 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of Attorney General as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The order shall take effect on publication in the *Pennsylvania Bulletin*.

MICHAEL L. NORRIS,
Chairperson

(Editor's Note: The addition of §§ 199.3 and 199.30 were not included in the proposal at 30 Pa.B. 1871. The proposal to add § 199.52 has been withdrawn by the Board. For the text of the order of the Independent Regulatory Review Commission, relating to this document, see 31 Pa.B. 2641 (May 19, 2001).)

Fiscal Note: Fiscal Note 59-7 remains valid for the final adoption of the subject regulations.

GENERAL

§ 199.1. Definitions.

The following words and terms, when used in this chapter have the following meanings, unless the context clearly indicates otherwise:

Act—The Act of March 2, 1988 (P. L. No. 1988—No. 22) (16 P. S. §§ 9525.1—9525.6).

Basic Education Course—The course of instruction required by the act to be given to coroners upon their first election to office and to chief deputy and full-time deputy coroners upon first being appointed to either position.

Board—The Coroners' Education Board.

Certification—Documentation issued by the Board indicating that education requirements have been met.

Continuing education—Yearly educational requirement mandated by the act for every coroner, chief deputy coroner and full-time deputy coroner.

Examination—The examination given at the conclusion of the Basic Education Course.

Full-time deputy coroner—An individual employed by a county and deemed by the county to be "full-time."

Just-cause—Instances such as job-related emergencies, or illness or accident suffered either by a person required to meet basic education requirements or by the person's immediate family or death of the person's immediate family member or in instances when an appointment to fill a vacancy occurs prior to the next scheduled Basic Education Course.

§ 199.2. Application of act.

Coroners, whether elected or appointed, and their deputies, are subject to the act and of this chapter.

§ 199.3. Appeal procedure.

A coroner or deputy aggrieved by a decision of the Board has the right to appeal in accordance with 2 Pa.C.S. (relating to administrative law and procedure).

ORGANIZATION OF THE BOARD

§ 199.11. Board chairperson.

The Board members will elect a chairperson from the Board membership at the first regularly scheduled meeting of each calendar year.

§ 199.12. Temporary chairperson.

In the absence of the elected chairperson, any Board member may serve as temporary chairperson with the approval of a majority of the Board members present.

§ 199.13. Meeting schedule.

The Board will schedule six regular meetings per calendar year, with the meeting dates to be set at or before the first meeting of the calendar year.

BASIC EDUCATION COURSE

§ 199.21. General requirement.

Newly elected coroners and newly appointed chief deputy and full-time deputy coroners shall attend the Basic Education Course and pass the examination.

(1) The Basic Education Course is a minimum 32 hours of instruction given between the date of each municipal election and December 31 of that year.

(2) The course of instruction includes subjects such as crime-scene investigation, toxicology, forensic autopsies and the legal duties of a coroner.

(3) A written examination is given at the conclusion of the course.

§ 199.22. Basic Education Course costs.

Costs for those persons statutorily required to attend the Basic Education Course will be the minimum necessary to pay the cost of instruction, required course materials, and room and board. A schedule of cost options to attend the Basic Education Course is available upon request from the Board.

§ 199.23. Postponement for just cause.

The determination of the existence of just cause to postpone attendance at the Basic Education Course or completion of the examination, will be at the discretion of the Board. The person seeking exemption bears the responsibility of initiating contact with the Board within 30 days of the event asserted as just cause.

§ 199.24. Exemption for qualified forensic pathologists.

A licensed forensic pathologist may be exempt from the requirement of attendance at the Basic Education Course and completion of the examination. The Board will determine eligibility for exemption. Based upon the applicant's ability to demonstrate active, current involvement in the practice of forensic pathology.

§ 199.25. Exemptions for licensed professionals.

With the exception of § 199.23 (relating to exemption for qualified forensic pathologists), exemptions from § 199.21 (relating to general requirement) will not be permitted based on other types of education or experience.

§ 199.26. Eligibility for certification.

(a) Persons statutorily required to complete the Basic Education Course and pass the examination will receive certification from the Board.

(b) Persons who are under no statutory obligation to do so, but who register for the Basic Education Course

through the Board, attend the course and pass the examination, will receive certification. Certification will expire in 1 year, unless the Board receives evidence of yearly compliance with the continuing education requirement.

§ 199.27. Failure of coroner to attend Basic Education Course or to pass examination.

When a person elected for the first time to the office of coroner fails to attend the Basic Education Course and pass the examination, the Board will notify the Governor, following the last Board meeting of the year, unless the Board has postponed compliance for just cause.

§ 199.28. Failure of chief deputy coroner or full-time deputy coroner to attend Basic Education Course or pass examination.

When a chief deputy coroner or full-time deputy coroner fails to attend the Basic Education Course and pass the examination, the Board will notify the coroner of the appropriate county and the county commissioners or county executive, as appropriate, unless the Board has postponed compliance for just cause. The notification will be made in writing within 30 days of the examination.

§ 199.29. Appointees' basic education requirement.

A person appointed to fill a vacancy in the office of coroner who has never taken the Basic Education Course and passed the examination shall attend the next scheduled course and pass the examination given at its conclusion. The failure to meet the basic education requirement will result in a vacancy in the office.

§ 199.30. Appointments made more than 6 months prior to course.

When a chief deputy coroner or full-time deputy is appointed more than 6 months before the next scheduled Basic Education Course, the coroner making the appointment shall apply to the Board for an extension of time in which the deputy may take the required course.

CONTINUING EDUCATION

§ 199.41. Continuing education.

Coroners and deputy coroners are required to obtain a minimum of 8 hours of continuing education credits in each calendar year. Continuing education credits are to be obtained in subject areas relevant to the statutorily defined duties of coroners and deputy coroners.

§ 199.42. Approval of course for continuing education credit.

Persons seeking to have a course approved for continuing education credit shall submit a course approval application form to the chairperson of the Board at least 90 days prior to the date of instruction. Approval will not be given retroactively.

§ 199.43. Standards for course approval.

In evaluating the suitability of a course proposed for continuing education credit, the chairperson and the Board shall consider factors such as the relevancy of the course content to the duties of the coroner and the qualifications of the course instructors, including education and experience in the subject matter of the course.

§ 199.44. Approval by chairperson.

The chairperson of the Board has the right to approve courses for continuing education credits subject to ratification by the Board.

§ 199.45. Board ratification.

Continuing education courses approved by the chairperson of the Board will be proposed for Board ratification at the next regularly scheduled Board meeting.

§ 199.46. Approval by simple majority.

Concurrence by a simple majority of the Board is needed to ratify the chairperson's approval of a course for continuing education.

§ 199.47. Unit of credit.

(a) Attendees at approved continuing education courses will be granted 1 hour of continuing education credit for 1 hour of instruction. Credit in excess of 8 hours will not be given.

(b) Teachers at an approved continuing education course will be granted 1 hour of continuing education credit for each hour of instruction. Credit in excess of 8 hours will not be given.

§ 199.48. Continuing education for persons required to attend Basic Education Course.

Within the first year of election or appointment, persons required to complete the Basic Education Course shall also obtain 8 hours of continuing education.

§ 199.49. Failure of coroner to meet continuing education requirements.

When a person holding the office of coroner fails to meet yearly continuing education requirements, the Board will notify the Governor, in writing, following the last Board meeting of the calendar year.

§ 199.50. Failure of chief deputy coroner or full-time deputy coroner to meet continuing education requirements.

When a chief deputy coroner or full-time deputy coroner fails to meet yearly continuing education requirements, the Board will notify the coroner of the proper county and the county commissioners or county executive, as appropriate. The notification will be made in writing following the last Board meeting of the year.

§ 199.51. Requirements for reappointees to vacancies.

If a coroner reappoints a chief deputy or full-time deputy to a vacancy created by that individual's failure to meet the yearly continuing education requirement, the Board will deem that individual to be newly appointed and subject to § 199.21 (relating to general requirement).

RESPONSIBILITY OF EDUCATION PROVIDERS**§ 199.61. Statement of Board approval.**

Course providers may not represent that a course has been approved for continuing education requirements unless written authorization has been received from the Board.

§ 199.62. Verification of attendance.

Course providers are responsible for taking attendance, verifying attendance upon Board request and notifying course attendees of approved hours of credit.

§ 199.63. Certificate of attendance.

Course providers are responsible for providing a written certificate of attendance to the attendee indicating course

title and date, the name of course provider and the number of hours of approved credit earned.

§ 199.64. Notification to Board.

Course providers shall submit to the Board a list of all course attendees with the number of credit hours earned, within 60 days of completion of the course.

REGISTRATION OF CORONERS AND DEPUTIES**§ 199.71. Board to maintain current list.**

The Board will maintain a list of all currently elected coroners.

§ 199.72. Coroners' duty to notify Board.

Coroners shall provide the Board with the names of all chief deputy coroners and full-time deputy coroners within 30 days of their appointment. Coroners shall notify the Board within 30 days of the departure of chief deputy and full-time deputy coroners. Notification shall be made in writing addressed to Chairperson, Coroners' Education Board, c/o Office of Attorney General, 16th Floor Strawberry Square, Harrisburg, Pennsylvania 17120.

Title 55—PUBLIC WELFARE**DEPARTMENT OF PUBLIC WELFARE****[55 PA. CODE CHS. 140 AND 178]****Special MA Eligibility Provisions; Resource Provisions for Categorically Needy NMP-MA and MNO-MA**

The Department of Public Welfare (Department), by this order, adopts the amendments to read as set forth in Annex A under the authority of sections 201(2) and 403(b) of the Public Welfare Code (act) (62 P. S. §§ 201(2) and 403(b)) which, respectively, authorize the Department to promulgate regulations which will increase Federal funding in joint State/Federal welfare programs and delegate to the Department the power to adopt regulations setting rules and standards for eligibility for welfare programs. A notice of rule change (NORC) was published at 23 Pa.B. 2878 (June 19, 1993) effective June 1, 1993.

Notice of proposed rulemaking is omitted in accordance with section 204(1)(iv) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1)(iv)), known as the Commonwealth Documents Law (CDL) and 1 Pa. Code § 7.4(1)(iv) (relating to omission of notice of proposed rulemaking) because the administrative regulations relate to Commonwealth grants and benefits. Additionally, notice of proposed rulemaking is omitted for good cause as unnecessary, under section 204(3) of the CDL and 1 Pa. Code § 7.4(3) because these regulations eliminate the resource standards when determining Medical Assistance (MA) eligibility for low-income children under 21 years of age and low-income families with children under 21 years of age. Notice of proposed rulemaking is omitted as impracticable because these amendments are already in effect and issuance of proposed rulemaking would unnecessarily delay this beneficial policy. These amendments have been implemented under the NORC effective June 1, 1993, and no public comments have been received by the Department.

Section 1902(r)(2) of the Social Security Act (42 U.S.C.A. § 1396(r)(2)) permits states to adopt a less restrictive methodology for the Federally-funded categories of MA when determining resource eligibility. The Health Care Financing Administration (HCFA) approved the Commonwealth's amendment to its Title XIX Medicaid State Plan based on a less restrictive resource methodology. The amendment applies to the Federally-funded categories of MA and will also be applied to the General Assistance (GA)-related MA categories with children under 21.

Purpose

The purpose of these amendments is to eliminate the resource standards used when determining MA eligibility for low-income children under 21 years of age and low-income families with children under 21 years of age. By applying a uniform standard, the MA application and eligibility determination process will be simplified. A child's immediate family includes the child, the biological or adoptive parent of the child under 21 years of age, the spouse of the parent, the child's relatives under 21 years of age and includes the brother, sister, step-brother, step-sister, half-brother or half-sister who are under 21 years of age who also live with this child. The resource exclusion also applies to the resources of a caretaker with whom the child is living if the caretaker is not an immediate family member and is exercising care and control of the child under 21 years of age.

Background

The elimination of the different resource standards used in the MA eligibility determination process assures that all low-income children under 21 years of age and low-income families with children under 21 years of age will be treated in an equitable manner.

Need for Amendments

These amendments are needed to codify into the Department's regulations the Medicaid State Plan Amendment approved by HCFA and implemented by the Department by the NORC published at 23 Pa.B. 2878 effective June 1, 1993. The codification of the less restrictive resource methodology for MA eligibility determinations for low-income children and their families assures the continued access of Federal funding.

Summary of Amendments

A. Definition (§§ 140.2, 140.202 and 178.2)

The term "immediate family" is added to these sections and is defined as the child, the biological or adoptive parent of a child under 21 years of age, the spouse of the parent and the brother, sister, step-brother, step-sister, half-brother or half-sister who are under 21 years of age and who are living together.

B. Resources of Children Under 21 years of age and Families with Children Under 21 years of age (§ 140.100)

This section is added to specify that the resources of the Healthy Beginnings child under 21 years of age and the Healthy Beginnings applicant/recipient with children under 21 years of age are excluded. The resource exclusion also applies to the resources of a caretaker with whom the child is living if the caretaker is not an

immediate family member and is exercising care and control of the child under age 21 years of age.

C. Resources of Children Under 21 years of age and Families with Children Under 21 years of age (§ 140.305)

This section is added to specify that the resources of the Healthy Horizons child under 21 years of age and the Healthy Horizons applicant/recipient with children under 21 years of age are excluded. The resource exclusion also applies to the resources of a caretaker with whom the child is living if the caretaker is not an immediate family member and is exercising care and control of the child under age 21 years of age.

D. Resources of Children Under 21 years of age and Families with Children Under 21 years of age (§ 178.84)

This section is added to specify that the resources of the blind and disabled Supplemental Security Income (SSI)-related child under 21 years of age and the aged, blind and disabled SSI-related applicant/recipient with children under 21 years of age are excluded when determining MA resource eligibility for Categorically Needy Nonmoney Payment (NMP) and Medically Needy Only (MNO) MA. The resource exclusion also applies to the resources of a caretaker with whom the child is living if the caretaker is not an immediate family member and is exercising care and control of the child under 21 years of age.

E. Resources of Children Under 21 years of age and Families with Children Under 21 years of age (§ 178.163)

This section is added to specify that the resources of Temporary Assistance for Needy Families (TANF) and GA-related children under 21 years of age and TANF-related and GA-related families with children under 21 years of age are excluded when determining resource eligibility for NMP and MNO-MA. The resource exclusion also applies to the resources of a caretaker with whom the child is living if the caretaker is not an immediate family member and is exercising care and control of the child under age 21 years of age.

Affected Persons and Organizations

These regulations apply to children under 21 years of age and immediate families with children under 21 years of age who are applying for, or receiving, MA. The regulations also exclude the resources of a caretaker with whom the child is living if the caretaker is not an immediate family member and is exercising care and control of the child under age 21 years of age.

Accomplishments/Benefits

These regulations will have a positive benefit for all low-income children under 21 years of age and families with children under 21 years of age who have, or receive, resources. The regulations will also benefit the caretaker who exercises care and control of a child.

Fiscal Impact

Commonwealth:

This change in requirements is effective retroactive to June 1, 1993, and is estimated to cost the Department \$9.515 million (\$4.408 million in State funds) during Fiscal Year 1998-1999. However, since this policy change was procedurally implemented on June 1, 1993, these

increased costs are implicitly included in the Department's budget projections for Fiscal Year 1998-1999.

Public Sector:

There will be no costs or savings incurred by the public sector.

Private Sector:

There will be no costs or savings incurred by the private sector.

Paperwork Requirements

These regulations require no additional forms or reports.

Effective Date

Upon publication in the *Pennsylvania Bulletin*, these regulations are effective as final rulemaking retroactive to June 1, 1993.

Sunset Date

No sunset date is applicable. The Department continuously reviews the MA Program and regulations through the Federally-monitored Quality Control process. HCFA staff conduct audits periodically on specific aspects of the MA Program.

Public Comments

Although these regulations are being adopted without prior notice, interested persons are invited to submit written comments within 30 days from the date of this publication for consideration by the Department as to whether the regulations should be revised. Comments should be sent to the Department of Public Welfare, Edward J. Zogby, Acting Director, Bureau of Policy, Room 431, Health and Welfare Building, Harrisburg, PA 17120, (717) 787-4081.

Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5886 (Voice users).

Regulatory Review Act

Under section 5.1(c) of the Regulatory Review Act (71 P. S. §§ 745.5a(c)), on April 25, 2001, the Department submitted copies of these final-omitted regulations to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Health and Human Services and the Senate Committee on Public Health and Welfare. On the same date, the final-omitted regulations were submitted to the Office of the Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5.1(d) of the Regulatory Review Act, on May 15, 2001, these final-omitted regulations were deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, on May 17, 2001, IRRC met and approved the final-omitted regulations.

Findings

The Department finds that:

(1) Public notice of intention to amend the administrative regulations amended by this order is omitted in accordance with section 204(1)(iv) of the CDL and 1 Pa. Code § 7.4(1)(iv) because administrative regulations relate to Commonwealth grants and benefits. Additionally, the procedures in sections 201 and 202 of the CDL (45 P. S. §§ 1201 and 1202) are unnecessary because these amendments eliminate the resource standards when determining MA eligibility for low-income children

under 21 years of age and low-income families with children under 21 years of age. These amendments are based on the HCFA's approval of an amendment to the Commonwealth's Title XIX Medicaid State Plan excluding from the eligibility determination process, the resources of low-income children under 21 years of age and low-income families with children under 21 years of age. Furthermore, notice of proposed rulemaking is omitted as impracticable because these amendments are already in effect and issuance of proposed rulemaking would unnecessarily delay this beneficial policy. These amendments have been implemented under a NORC effective June 1, 1993, and no public comments have been received by the Department.

(2) The adoption of these amendments in the manner provided in this order is necessary and appropriate for the administration and enforcement of the act.

Order

The Department, acting under the act, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapters 140 and 178, are amended by amending §§ 140.2, 140.202 and 178.2 and by adding §§ 140.100, 140.305, 178.84 and 178.163 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin* and apply retroactively to June 1, 1993.

CHAPTER 140. SPECIAL MA ELIGIBILITY PROVISIONS

Subchapter A. THE CATEGORICALLY NEEDY HEALTHY BEGINNINGS PROGRAM FOR PREGNANT WOMEN AND QUALIFIED CHILDREN

GENERAL PROVISIONS

§ 140.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Applicant—A pregnant woman or qualified child, or an individual applying on their behalf.

Budget group—A pregnant woman or qualified child.

Earned income—Money or other compensation received in return for services rendered.

Emancipated—An individual, under the age of 19, whether residing in or out of the parental household, who is no longer under the care and control of the parent.

Family—Parents, spouses and their children under the age of 21, when living together.

Immediate family—The child, the biological or adoptive parent of a child under 21 years of age, the spouse of the parent, and the brother, sister, step-brother, step-sister, half-brother or half-sister who are under 21 years of age. The immediate family members must be living together.

LRR—Legally Responsible Relative—The spouse of a pregnant woman, or the biological or adoptive parent of an unemancipated child under the age of 19.

Nonrecurring income—Income that is received in a single payment and not expected to continue.

Qualified child—A child who meets the age standards in section 1902 of the Social Security Act (42 U.S.C.A. § 1396a).

Qualified provider—An MA provider designated by the Department for the purpose of determining presumptive eligibility.

Restricted income—Income limited by the payer for the use of a specified person.

Unearned income—Money or other compensation received for which a service is not rendered.

RESOURCE EXCLUSIONS

§ 140.100. Resources of children under 21 years of age and families with children under 21 years of age.

The resources of the Healthy Beginnings child under 21 years of age and the Healthy Beginnings applicant/recipient immediate families with children under 21 years of age are excluded. If the child who is under 21 years of age is living with a caretaker who is not immediate family as defined in § 140.2 (relating to definitions) and who exercises care and control of the child, the resources of the caretaker are excluded.

Subchapter B. ELIGIBILITY PROVISIONS FOR THE HEALTHY HORIZONS PROGRAM FOR THE ELDERLY/DISABLED

GENERAL PROVISIONS

§ 140.202. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Applicant/recipient—A person who is applying for, or receiving, benefits under the Healthy Horizons Program.

Calendar quarter—A period of 3-full calendar months beginning with January, April, July or October.

Countable net income—Income counted in determining income eligibility for Healthy Horizons, less appropriate exemptions, deductions and disregards.

Earned income—Money or other compensation received in return for services rendered.

Immediate family—The child, the biological or adoptive parent of a child under 21 years of age, the spouse of the parent, and the brother, sister, step-brother, step-sister, half-brother or half-sister who are under 21 years of age. The immediate family members must be living together.

Infrequent income—Income that is received not more than once in a calendar quarter.

Irregular income—Income that is not subject to scheduling or is unpredictable.

Legal guardian—A person who is court appointed as the legal guardian.

Personal property—Privately owned possessions which are not real property. The term includes cash, bank accounts, stocks, bonds, mortgages, cash value of life insurance policies, household furnishings, personal effects, motor vehicles, boats and Federal, State and local tax refunds.

QI—Qualifying individual—An individual who is enrolled in Medicare hospital insurance under Part A and meets the income requirements in § 140.231(c) or (d) (relating to income eligibility limitations) and resource requirements in § 140.301 (relating to resource eligibility limitations).

QI-1s—Qualifying Individual-1s—A qualifying individual who meets the income requirements in § 140.231(c). Eligibility for Medicaid benefits is limited to full payment of Medicare Part B premiums.

QI-2s—Qualifying Individual-2s—A qualifying individual who meets the income requirements in § 140.231(d). Eligibility for Medicaid benefits is limited to partial payment of Medicare Part B premiums.

QMB—Qualified Medicare beneficiary—An individual who is entitled to, or voluntarily enrolled in, Medicare hospital insurance under Part A.

Real property—Land, buildings, mobile homes and improvements thereto.

SLMB—Specified low-income Medicare beneficiary—An individual who meets the eligibility requirements for QMB status except for income in excess of the QMB income limit, but not exceeding the limits specified in § 140.231.

SSI—Supplemental Security Income—The benefit amount paid to an eligible person or to an eligible person and the eligible spouse under Title XVI of the Social Security Act (42 U.S.C.A. §§ 1381—1383c).

Spouse—A person who is married to another by legal ceremony or by common-law.

RESOURCES EXCLUSIONS

§ 140.305. Resources of children under 21 years of age and families with children under 21 years of age.

The resources of the Healthy Horizons child under 21 years of age and the Healthy Horizons applicant/recipient immediate families with children under 21 years of age are excluded. If the child who is under 21 years of age is living with a care-taker who is not immediate family as defined in § 140.202 (relating to definitions) and who exercises care and control of the child, the resources of the caretaker are excluded.

[55 PA. CODE CH. 181]

Medical Assistance Income

The Department of Public Welfare (Department), by this order, adopts the amendments to read as set forth in Annex A under the authority of sections 201(2) and 403(b) of the Public Welfare Code (act) (62 P. S. §§ 201(2) and 403(b)). Section 201(2) of the act provides that the Department has the authority to promulgate regulations with approval of the Governor. Section 403(b) of the act provides that the Department establish rules, regulations and standards consistent with law.

Notice of proposed rulemaking is omitted in accordance with section 204(1)(iv) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1)(iv)), known as the Commonwealth Documents Law (CDL), and 1 Pa. Code § 7.4(1)(iv) (relating to omission of notice of proposed rulemaking) because the administrative regulation relates to Commonwealth grants and benefits. The Health Care Financing Administration (HCFA) has determined that under the nursing home reform provisions of the Omnibus Budget Reconciliation Act of 1987 (OBRA 87), the Commonwealth is required to consider compensable drugs as a covered service for Medically Needy Only-Medical Assistance (MNO-MA) recipients receiving nursing facility services. Additionally, notice of proposed rulemaking is omitted for good cause as unnecessary and contrary to the public interest under section 204(3) of the CDL and 1 Pa. Code § 7.4(3).

The inclusion of compensable drugs for MNO-MA recipients receiving nursing facility services permits the Commonwealth to receive Federal Financial Participation for providing compensable drugs. Previously, MNO-MA recipients in nursing facilities received compensable drugs through a State-funded pharmaceutical program. This amendment is beneficial to MNO-MA recipients receiving nursing facility services. Therefore, the Department finds proposed rulemaking is unnecessary because this amendment eliminates the requirement for recipients to enroll in the Pharmaceutical Assistance Contract for the Elderly (PACE) Program and codifies existing practice.

Purpose

The purpose of this amendment is to eliminate the requirement that an MA recipient receiving nursing facility services must meet the enrollment requirements for the PACE Program in determining the MA recipient's expected contribution toward the cost of nursing facility services.

Background

HCFA determined that under the nursing home reform provisions of OBRA 87, states are required to reimburse incurred costs of drugs provided to all MA recipients receiving nursing facility services. Section 1919(b)(4)(A)(iii) of the Social Security Act (42 U.S.C.A. §§ 1396r(b)(4)(A)(iii)) requires nursing facilities as a condition of participation in the Medicaid Program to provide pharmaceuticals to the extent necessary to fulfill each resident's plan of care. Section 1902(a)(13) of the Social

Security Act found in (42 U.S.C.A. § 1396(a)(13)) requires states to pay nursing facilities through the use of rates which take into account the cost of complying with Medicaid participation requirements.

As the provision of drugs is a Medicaid nursing facility participation requirement, the Federal mandate requires that the Commonwealth reimburse the incurred costs of drugs provided to all MA eligible nursing facility residents. Federal law requires the Commonwealth to consider compensable drugs as a covered service for MNO-MA recipients receiving nursing facility services.

The Office of Medical Assistance Programs (OMAP) amended its regulations in § 1121.22 (relating to scope of benefits for the medically needy) to include coverage of pharmaceuticals for MNO-MA recipients receiving nursing facility services effective June 1, 1994. *Medical Assistance Bulletin* Number 1121-94-01 issued June 24, 1994, with an effective date of June 1, 1994, and Notice of Rule Change published in the *Pennsylvania Bulletin* at 24 Pa.B. 3760 (July 30, 1994) with an effective date of June 1, 1994, informed pharmacies and licensed prescribers that the Department is including the coverage of pharmaceuticals for MNO-MA recipients receiving nursing facility services.

This change necessitates a revision to the Office of Income Maintenance eligibility regulation in § 181.452(d)(5)(ii)(B) and (iii) (relating to posteligibility determination of income available from an MA eligible person toward the person's cost of care) requiring that an MA recipient enroll in the PACE Program. Current regulations allow for the deduction from income of the full prescription costs depending upon whether an MA recipient has met the enrollment requirements for the PACE Program. The inclusion of prescription drugs as a covered service for MNO-MA recipients in nursing facilities eliminates the need for the recipients to enroll in the PACE Program.

TANF-related (Temporary Assistance for Needy Families) recipients referenced in § 181.542(d) (relating to categories of MNO-MA) in Annex A include persons who qualify for MA under the pre-TANF (Aid to Families with Dependent Children) eligibility rules. See section 1931 of the Social Security act (42 U.S.C.A. § 1396u-1).

These amendments are a benefit to MNO-MA recipients who are receiving nursing facility services. Effective June 1, 1994, OMAP included pharmaceuticals as a covered service for MNO-MA recipients receiving nursing facility services.

Need for Amendment

The amendment is needed to remove the requirements to enroll in the PACE Program currently in § 181.452(d)(5)(ii)(A) and (B) and (iii). The inclusion of prescription drugs as a covered service for MNO-MA recipients eliminates the need for recipients to enroll in the PACE Program.

Summary

The subparagraph has been revised and the clauses have been eliminated from § 181.452(d)(5)(ii)(A) and (B) and (iii) to remove the enrollment requirement for the PACE Program. The inclusion of prescription drugs as a covered service for MNO-MA recipients in nursing facilities eliminates the need for the recipients to enroll in the PACE Program.

Affected Persons and Organizations

This amendment will affect persons applying for, or receiving, MNO-MA who are receiving nursing facility

services. This includes recipients who reside in Intermediate Care Facilities/Mental Retardation facilities and county and private nursing facilities.

Accomplishments/Benefits

This amendment will benefit MNO-MA recipients receiving nursing facility services. This change eliminates the requirement for recipients to enroll in the PACE Program and eliminates one additional procedure the recipient was required to fulfill in obtaining prescriptions.

The amendment is consistent with section 1919(b)(4)(A)(iii) of the Social Security Act which requires prescription drugs as a covered service for MA recipients in nursing facilities.

Fiscal Impact

The net impact to the Department is anticipated to be \$1.994 million (\$0.924 million in State funds) during Fiscal Year 1998-1999. This cost will be offset by anticipated savings to the Commonwealth's PACE Program.

Paperwork Requirements

This regulation requires no additional forms or reports.

Effective Date

This amendment is effective upon publication in the *Pennsylvania Bulletin* as final-form rulemaking retroactive to June 1, 1994.

Sunset Date

No sunset date is applicable. The Department continuously reviews the MA Program and regulations through the Federally-monitored Quality Control process. HCFA staff conduct audits periodically on specific aspects of the MA Program.

Public Comment Period

Although this amendment is being adopted without prior notice, interested persons are invited to submit their written comments, suggestions or objections to Edward J. Zogby, Director, Bureau of Policy, Department of Public Welfare, Room 431, Health and Welfare Building, Harrisburg, PA 17120, (717) 787-4081, within 30 days from the date of this publication for consideration by the Department as to whether the regulation should be revised.

Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (Voice users).

Regulatory Review Act

Under section 5.1(c) of the Regulatory Review Act (71 P. S. § 745.5a(c)), on April 25, 2001, the Department submitted a copy of this final-omitted regulation to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Health and Human Services and the Senate Committee on Public Health and Welfare. On the same date, the final-omitted regulation was submitted to the Office of the Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5.1(d) of the Regulatory Review Act, on May 15, 2001, this final-omitted regulation was approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, on May 17, 2001, IRRC met and approved the final-omitted regulations.

Findings

The Department finds that:

(1) Public notice of intention to adopt the administrative regulation adopted by this order may be omitted as

this rulemaking relates to Commonwealth grants and benefits and is unnecessary and contrary to the public interest under section 204(1)(iv) and (3) of the CDL and the regulation thereunder, 1 Pa. Code § 7.4(1)(iv) and (3).

(2) The adoption of this amendment in the manner provided in this order is necessary and appropriate for the administration and enforcement of the act.

Order

The Department, acting under act, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapter 181, are amended by amending § 181.452 to read as set forth in Annex A, with ellipses referring to the existing text of the regulation.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin* as final-form rulemaking retroactive to June 1, 1994.

(d) The following amounts are deducted from the MA eligible person's total gross income identified in subsection (a) for persons in the aged, blind and disabled-related categories, or subsection (b) for persons in the TANF-

related or GA-related categories and adjusted as applicable by the treatment of Veterans Administration benefits under subsection (c) for all MA eligible persons in the following order:

* * * * *

(5) The following medical expenses which are not subject to payment by a third party are deducted in the calendar month the medical expenses are paid.

(i) Medicare and other health insurance premiums, including enrollment fees, deductibles or coinsurance charges incurred by the MA eligible person.

(ii) Copayments or deductibles, including the amount an applicant/recipient participating in the Copayment Program is required to pay by the Department subject to the Department's established copayment limit.

(iii) Expenses paid by the MA eligible person for necessary medical or remedial care recognized under State statutes or regulations but not covered under the MA Program.

(6) An amount for maintenance of a single MA eligible person's home if a physician has certified that he is likely to return to his home within a 6-month period from the date he entered the facility. When this deduction is given, it may not be deducted for more than one 6-consecutive month period. The maintenance need amount for the single person is the MA income limit for one person in Appendix A. A home is defined as the residence maintained by the MA eligible person before he entered the facility and to which he plans to return. If a person is discharged and subsequently returns to a facility, the single MA eligible person is eligible for a new 6 consecutive month period for this deduction if a physician certifies that the person is likely to return to his home within a 6-month period from the date of admittance to the facility.

(e) The amount that the MA eligible person is expected to pay toward the cost of care is the amount that remains and as adjusted under subsection (c), if applicable, and after the deductions in subsection (d) are applied to the person's total gross income as determined under subsections (a) and (b).

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 53]

Permits for Unpowered Boats Using Commission Lakes and Access Areas

The Fish and Boat Commission (Commission) by this order amends Chapter 53 (relating to Commission property). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to permits for unpowered boats using Commission lakes and access areas.

A. Effective Date

The amendments will go into effect upon publication of this order in the *Pennsylvania Bulletin*. However, the

Commission will not issue use permits under § 53.27 (relating to use permits for unpowered boats) until December 1, 2001.

B. *Contact Person*

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7815. This final-form rulemaking is available electronically through the Commission's website <http://www.fish.state.pa.us>.

C. *Statutory Authority*

The amendments are published under the statutory authority of section 742(e) of the code (relating to use of property).

D. *Purpose and Background*

The amendments are designed to update, modify and improve the Commission's regulations pertaining to unpowered boats using Commission lakes and access areas. The specific purpose of the amendments is described in more detail under the summary of changes.

E. *Summary of Changes*

On December 20, 2000, Governor Ridge signed Senate Bill 1117 into law as Act 115 of 2000, effective immediately. Act 115 of 2000 amends the code by adding subsection (e) to section 742. The amendment provides that the Commission shall, by regulations adopted within 1 year after the effective date of the section, provide for issuance of use permits, valid for 1 or 2 years, for unpowered boats that are not registered in accordance with law, to use Commission property. The amendment also provides that on and after the effective date of the regulations promulgated by the Commission, the owner of an unpowered boat that uses Commission property shall have the option of registering the boat or purchasing a use permit. The amendment further provides that the Commission shall establish fees for use permits and that these fees may not exceed the fees charged by the Department of Conservation and Natural Resources (DCNR) for boat launch permits for State parks lakes. Last, the amendment provides that the Commission shall, in cooperation with DCNR, provide for reciprocal or joint use/launch permits for unpowered boats to use both Commission and State parks lakes and access areas.

This amendment addresses an issue that has been of some concern to unpowered boat owners for several years. It allows the Commission to issue use permits for boats that use Commission property in lieu of registration. To move forward with timely implementation of this new law, the Commission has adopted regulatory amendments that address the following:

(1) *Extending reciprocity with the DCNR launch permits.* DCNR already extends reciprocity to unpowered boats registered by the Commission. It is expected that DCNR will amend its regulations to extend this reciprocity to Commission use permits. Since DCNR already recognizes the Commission's registrations, it was unnecessary to condition the effective date of this reciprocity on changes to DCNR regulations.

(2) *Eliminating the exception for out-of-State boats.* The Commission changed its regulations, effective February 19, 2000, to provide that out-of-State unpowered boats are in compliance with the Commission's requirements if they comply with the registration requirements of their state of principal use. This change had the effect of exempting most out-of-State unpowered boats from having to register their boats to use Commission property. It

was designed to deal with the anomaly whereby out-of-State boats could not use Commission access areas unless they were registered. It would not have been appropriate to require such a boat to register in this Commonwealth since this Commonwealth was not the state of principal use. With the new Commission use permit and reciprocity with DCNR launch permits, owners of out-of-State boats that want to use Commission lakes and access areas have several options and do not have to register their boats. Accordingly, the exception for out-of-State boats is no longer required.

(3) *New use permits.* The fees for the use permit are set at the same level as that for DCNR resident launch permits: currently, \$10 per year; \$18 for 2 years. A 1-year permit expires at the end of the calendar year for which it was issued, and a 2-year permit expires at the end of the calendar year following the year for which it was issued. Although it is conceivable that the Commission could issue permits valid for 12 or 24 months from the date of issuance, the process involves somewhat more administrative complications. The new regulation permits the Executive Director to adjust the fees whenever DCNR does so. The new permits are designed to be easy to issue. The information required for issuance of a use permit is considerably less than required for registration of a boat. The Commission will issue use permits on or after December 1, 2001, for 2002 and subsequent years.

On final-form rulemaking, the Commission adopted the amendments as proposed with one change to § 53.27. As proposed, this section required an applicant for a use permit to provide certain information, including the name and address of the owner of the boat if different from the name and address of the applicant. However, the name and address of the boat's owner may not always be readily available to the applicant, and it is the Commission's understanding that DCNR currently does not collect this information when issuing launch permits. The Commission, accordingly, determined that applicants should not be required to provide this information. In addition, technical changes were made to the organization of § 53.8(h) (relating to boats) that do not affect the substance of the amendment adopted by the Commission on final-form rulemaking.

F. *Paperwork*

The amendments will increase paperwork and create new paperwork requirements because individuals who wish to purchase a use permit for their unpowered boats will have to complete a brief application form. However, the information that they will be required to provide is less than that which is required to register a boat.

G. *Fiscal Impact*

The amendments will not have an adverse fiscal impact on the Commonwealth or its political subdivisions. It is anticipated that the Commission and its agents will issue approximately 5,000 use permits during the first year of implementation and that these revenues will offset any program costs. The amendments will impose new costs on those members of the general public who wish to use their unpowered boats on Commission lakes and access areas and who wish to purchase a use permit as opposed to registering their unpowered boats. Although the amendments impose a fee for this new permit (\$10 for 1 year and \$18 for 2 years), this charge should be viewed in light of the current biennial registration fee of \$10 for unpowered boats. The amendments will impose no new costs on the private sector.

H. Public Involvement

A notice of proposed rulemaking was published at 31 Pa.B. 1461 (March 17, 2001). During the public comment period, the Commission received one comment from the Pennsylvania Association of Auto License Brokers, Inc. indicating that its ability to issue the proposed use permits from its member offices would serve as a convenience for both the boating/fishing public as well as the Commission itself. Copies of all public comments have been provided to the Commissioners.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided, and all comments that were received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(A) The regulations of the Commission, 58 Pa. Code Chapter 53, are amended by amending § 53.8 and adding § 53.27 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(B) The Executive Director will submit this order and Annex A to the Office of Attorney General for approval as to legality as required by law.

(C) The Executive Director shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(D) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*. However, the Commission will not issue use permits under § 53.27 until December 1, 2001.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart A. GENERAL PROVISIONS

CHAPTER 53. COMMISSION PROPERTY

§ 53.8. Boats.

* * * * *

(h) A boat using a Commission lake or access area shall be registered and display the official registration number and current validation stickers described under Subpart C and Part III of the code.

(1) This subsection does not apply to:

(i) Unpowered boats that display an official and valid use permit issued by the Commission under § 53.27 (relating to use permits for unpowered boats) or that

display an official and valid watercraft launch or mooring permit issued by the Department of Conservation and Natural Resources for use of launch or mooring facilities at this Commonwealth's State parks and forests.

(ii) Noncommercial users of access areas on the Delaware River and West Branch of the Delaware River bounded by the State of New York.

(iii) Public service boats as defined under section 5302(a)(3) of the code (relating to exemptions from registration).

(iv) Unpowered boats participating in events authorized under § 109.6 (relating to special marine events).

(2) Registered unpowered kayaks, sculls, sailboards and other low volume boats of similar design are exempt from displaying registration numbers but shall display a current validation sticker.

§ 53.27. Use permits for unpowered boats.

(a) The Commission and issuing agents designated by the Commission will issue use permits for unpowered boats when their owners choose not to register them to use Commission lakes and access areas.

(b) Use permits will be issued in the form of decals, showing the expiration date. Decals shall be displayed above the waterline on both sides of the bow of the boat for which the permit is issued.

(c) An applicant for a use permit shall provide the following information:

(1) The name, address and telephone number of the applicant.

(2) A description of the boat (make, model, year).

(3) The Hull Identification Number (HIN) of the boat (if readily available).

(d) A use permit is issued for a specific boat. It is unlawful to transfer a use permit issued for a specific boat to another boat. A use permit remains effective for the boat for which it is issued even if ownership of the boat is changed during the term of the permit.

(e) Use permits are valid for 1 or 2 years. The expiration date of a 1-year use permit is December 31 of the year for which it is issued. The expiration date of a 2-year use permit is December 31 of the second year for which it was issued.

(f) The initial fees for the use permits are \$10 for a 1-year permit and \$18 for a 2-year permit. The Executive Director may, by notice published in the Pennsylvania Bulletin, adjust these fees so that they remain the same as the resident price for 1-year and 2-year boat launching permits as established in the schedule of fees published, and from time-to-time revised, by the Department of Conservation and Natural Resources for State parks and forests. Whenever a use permit authorized by this section is issued by an issuing agent other than the Commission or the Department of Conservation and Natural Resources, the issuing agent may charge an issuing agent fee not to exceed \$1 per transaction for issuing the permit.

[58 PA. CODE CHS. 61 AND 69]**Seasons, Sizes and Creel Limits; Fishing in Lake Erie and Boundary Lakes**

The Fish and Boat Commission (Commission) by this orders amends Chapters 61 and 69 (relating to seasons, sizes and creel limits; and fishing in Lake Erie and boundary lakes). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to fishing.

A. Effective Date

The amendments will go into effect on January 1, 2002.

B. Contact Person

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This final rulemaking is available electronically on the Commission's website (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendments to §§ 61.2, 61.3 and 69.12 (relating to Delaware River and River Estuary; Pymatuning Reservoir; and seasons, sizes and creel limits—Lake Erie) are published under the statutory authority of section 2102 of the code (relating to rules and regulations). The amendment to § 69.33 (relating to use of trap nets) is published under the statutory authority 2903 of the code (relating to boats and net licenses for boundary lakes).

D. Purpose and Background

The amendments are designed to update, modify and improve the Commission's regulations pertaining to fishing. The specific purpose of the amendments is described in more detail under the summary of changes.

E. Summary of Changes

(1) *Section 61.2 (relating to Delaware River and River Estuary)*. Management of Delaware River and Estuary striped bass is complicated given that this water borders with the states of New York and New Jersey. Also, the Atlantic States Marine Fisheries Commission (ASMFC) is involved because the striped bass stock is a migratory one. Federal mandates place migratory East Coast striped bass under the purview of the ASMFC having a membership of all Atlantic Coast states as well as the District of Columbia and the Potomac River Fisheries Commission. The existing ASMFC striped bass management plan requires jurisdictions to adhere to a set standard of minimum length and creel limits. Harvest ceilings apply in some fisheries. However, jurisdictions are able to deviate from standard regulations if that the alternative seasons, length limits, creel limits, gear restrictions, and the like, provide a conservation equivalency. State management plans undergo review by the ASMFC Striped Bass Technical Committee before being considered by the Striped Bass Management Board, both of which include representation from the Commonwealth.

The recovery of East Coast striped bass stocks has permitted the liberalization of regulations so anglers, both recreational and commercial, can once again enjoy fishing over an abundance of striped bass. Various stock abundance and harvest indices as well as actual harvest counts/estimates are used to determine stock status and to set the tone for regulations for each fishing season. Unfortunately, the process often results in jurisdictions not being able to implement regulatory changes in a

timely fashion given the timing of Striped Bass Board action and rulemaking processes in the jurisdictions.

Since the early 1980s when ASMFC striped bass management action began in earnest to rebuild seriously depleted stocks, the Commonwealth has worked in concert with neighboring jurisdictions regarding regulations for Delaware River and Estuary striped bass. Previously, Commission regulations provided for a 28 inch minimum length limit, a 2 fish daily possession limit and a year 'round harvest season except for a closed season from January through February and April through May from the Pennsylvania/Delaware state line upstream to Trenton Falls. Delaware and New Jersey, as part of fine-tuning their statewide striped bass regulations including marine fisheries, are making or recently have made changes. New Jersey, in particular, is considering regulations that provide for one fish that is in the 24 to less than 28-inch size range and one fish that is 28 inches and over. In fact, this package applied to the Delaware River from Trenton Falls downstream during much of the 2000 season. The Commission believes that it is desirable to have its regulations be consistent with the New Jersey package, particularly if that state applies the regulations to the freshwater portion of the Delaware River. Accordingly, the Commission has amended § 61.2 to implement a new size and daily creel limit for the Delaware River and Estuary striped bass. Under the amended regulation, one striped bass may be in the 24 to less than 28-inch range, and one striped bass may be 28 inches in length or greater.

(2) *Section 61.3 (relating to Pymatuning Reservoir)*. Pymatuning Reservoir is a 14,000-plus acre flood control and augmentation impoundment in Crawford County, Pennsylvania and Ashtabula County, Ohio. The fishery is jointly managed by the Ohio Department of Natural Resources (Ohio DNR) and the Commission. Representatives from the two agencies meet annually to discuss management issues and plans. In recent years, Ohio DNR changed statewide bass regulations as a result of ongoing studies. The daily creel limit component of the statewide regulations was reduced to five. The Commission was approached about reducing the daily creel limit at Pymatuning Reservoir to five to be consistent with Ohio. Previously, a 12 inch minimum length limit and an eight bass daily limit applied to black bass at Pymatuning, while the statewide limit in this Commonwealth is six.

The Commission has reduced the creel limit in the Pymatuning to five fish to be consistent with statewide regulations in Ohio. The Commission believes that it is unlikely that the three fish reduction will have any impact on the bass population or anglers seeking bass. Creel surveys conducted jointly by both agencies consistently have indicated less than 5% of all anglers were fishing for black bass. Since regulations in Ohio run from March through February while those in this Commonwealth are on a calendar year basis, the regulations will not be congruent for 2 months during the first year of implementation. The Commission, however, believes that this will not be a problem.

(3) *Sections 69.12, 69.31 and 69.33 (relating to seasons, sizes and creel limits—Lake Erie; seasons; and use of trap nets)*. Prior sport fish regulations concerning the harvest of walleye included a daily limit of 6 fish and a 15-inch minimum size limit. The commercial trap net fishery, on the other hand, was regulated by a 15-inch minimum size and an annual total allowable harvest (in pounds) set at the onset of each fishing year. There was no closed season for the sport fishery.

Since the mid 1980's, there has been an inexorable decline in walleye abundance throughout Lake Erie. Walleye presently are only 14% of their 1993 population size. In Commonwealth waters, a similar, continuous trend has been observed. Since 1988, walleye numbers have declined over 80%. Accordingly, the annual estimated number of walleye harvested in this Commonwealth has declined from nearly 250,000 during the late 1980's to 77,000 in year 2000. Explanations for these population decreases are: (1) decreases in overall lake productivity; (2) weaker recruitment patterns and smaller year classes; and (3) gradual increases in exploitation (fishing) rates.

To reverse the downward trend in walleye abundance, it is necessary to increase walleye survival lake-wide and that is expected to increase walleye reproductive potential. While this Commonwealth is not a major source of increased fishing rates, this Commonwealth needs to do its part to insure the walleye's reproductive potential. In this Commonwealth, this can be achieved by restricting fishing during the spawning period. A closed season from mid-March to early May is expected to reserve up to 20% of the potential commercial walleye catch and 1% of the angler catch for conservation purposes as well as limiting the potential to target future increases in early spring walleye spawning populations. This will affect both commercial and recreational fisheries where they occur on Lake Erie, Presque Isle Bay and peninsular waters. Accordingly, the Commission has amended §§ 69.12, 69.31 and 69.33 to include a Lake Erie closed season for walleye from March 15 (12:01) to the first Friday in May (12 midnight).

F. Paperwork

The amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 31 Pa.B. 1373 (March 10, 2001). Regarding the proposed changes to §§ 61.2 and 61.3, the Commission did not receive any public comments. The Commission received two comments concerning the proposed Lake Erie closed season for walleye. One of the comments asked several questions about the proposal; the other expressed concern that the Commonwealth will make the same "mistake" that New York made when setting its closed season. Copies of all public comments were provided to the Commissioners. In addition, the Commission held a public information meeting on March 19, 2001, in Erie. Comments offered at the meeting were generally supportive of the proposed change.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided, and all comments that were received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 61 and 69, are amended by amending §§ 61.2, 61.3, 69.12, 69.31 and 69.33 to read as set forth in 31 Pa.B. 1373.

(b) The Executive Director will submit this order and 31 Pa.B. 1373 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order and 31 Pa.B. 1373 and deposit the same with the Legislative Reference Bureau as required by law.

(d) This order shall take effect January 1, 2002.

Executive Director

[58 PA. CODE CHS. 91 AND 111]

Boating Safety Education Certificates; Special Regulations Counties

The Fish and Boat Commission (Commission) by this order amends Chapters 91 and 111 (relating to general provisions; and special regulations counties). The Commission is publishing these amendments under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendments relate to boating.

A. Effective Date

The amendments will go into effect upon publication of this order in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This final-form rulemaking is available electronically on the Commission's website (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendment to § 91.6 (relating to Boating Safety Education Certificates) is published under the statutory authority of section 5123 of the code (relating to general boating regulations). The amendments to §§ 111.45, 111.48 and 111.52 (relating to Monroe County; Northampton County; and Pike County) are published under the statutory authority of section 5124 of the code (relating to particular areas of water).

D. Purpose and Background

The amendments are designed to update, modify and improve the Commission's regulations pertaining to boating. The specific purpose of the amendments is described in more detail under the summary of proposal. The Commission's Boating Advisory Board considered the

proposal prior to the publication of the notice of proposed rulemaking containing the amendment and recommended publication.

E. *Summary of Proposal*

(1) *Section 91.6 (relating to Boating Safety Education Certificates)*. The Commission's regulations require that operators of personal watercraft and children who are operating certain boats obtain and carry a Boating Safety Education Certificate. It is the intent of the regulation that the operator receive instruction in boating safety and show competence in the boating regulations and procedures. Carrying the certificate is incidental to this overarching requirement, and the requirement to carry it is intended to help the law enforcement officer ensure that the operator has fulfilled his obligations. It is reasonable to assume that some operators have obtained the requisite certificate but have forgotten it or misplaced it. Citations usually are not issued when the officer can reasonably assume that the certificate is likely available, just not onboard.

The Commission's regulation provides a mail-in procedure for persons who are caught fishing without displaying a license or boating without the boat registration card onboard. This procedure has been very successful and has resulted in greater efficiency and use of officer time. Therefore, the Commission has implemented a similar program for Boating Safety Education Certificates by amending § 91.6 as proposed.

(2) *Sections 111.45, 111.48 and 111.52 (relating to Monroe County; Northampton County; and Pike County)*. The Commission has received notification that the Superintendent of the Delaware Water Gap National Recreation Area has taken action to prohibit the operation of personal watercraft within the boundaries of the area under the jurisdiction of the National Park Service (NPS). The Commission has been asked to amend its regulations to assist in the enforcement of this ban.

The Commission always has had a cooperative relationship with NPS and has attempted to have consistent regulations to help enforcement personnel effectively and uniformly enforce boating safety regulations. Accordingly, the Commission has amended these special boating regulations, as proposed, to be consistent with the new NPS restrictions. In addition, a minor technical change has been made to clarify the numbering of § 111.52(j). This change does not affect the substance of the amendment adopted by the Commission on final rulemaking.

F. *Paperwork*

The amendment to § 91.6 will slightly increase paperwork and will create a few new paperwork requirements because boat operators, who are required by regulation to have a Boating Safety Education Certificate onboard and do not have one in their possession, will have the option of mailing the original certificate to the apprehending officer. If the officer permits the operator to mail the original certificate to the officer, the officer will provide the operator with a receipt or other documentation that will allow the continued operation of the boat during the period that the original certificate is not in possession. The amendments to §§ 111.45, 111.48 and 111.52 will not increase paperwork and will create no new paperwork requirements.

G. *Fiscal Impact*

The amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions, and they will impose no new costs on the private sector. The

amendment to § 91.6 will impose only nominal costs on those members of the general public who mail the original certificate to the apprehending officer. The amendments to §§ 111.45, 111.48 and 111.52 will impose no new costs on the general public.

H. *Public Involvement*

A notice of proposed rulemaking was published at 31 Pa.B. 1375 (March 10, 2001). The Commission did not receive any public comments concerning the proposals.

Findings

The Commission finds that:

(1) Public notice of intention to adopt these amendments was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided, and no comments were received.

(3) The adoption of these amendments in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 91 and 111, are amended by amending §§ 91.6, 111.45 and 111.48 to read as set forth at 31 Pa.B. 1375 and by amending § 111.52 to read as set forth in Annex A, with ellipses referring to the existing text of the regulation.

(b) The Executive Director will submit this order, Annex A and 31 Pa.B. 1375 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order, Annex A and 31 Pa.B. 1375 and deposit the same with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

[58 PA. CODE CH. 105]
Unacceptable Boating Practices

The Fish and Boat Commission (Commission) by this order amends Chapter 105 (relating to operational conditions). The Commission is publishing this amendment under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The amendment relates to boating.

A. Effective Date

The amendment will go into effect on January 1, 2002.

B. Contact Person

For further information on the amendment, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This final-form rulemaking is available electronically on the Commission's website (<http://www.fish.state.pa.us>).

C. Statutory Authority

The amendment is published under the statutory authority of section 5123 of the code (relating to general boating regulations).

D. Purpose and Background

The amendment is designed to update, modify and improve the Commission's regulations pertaining to boating. The specific purpose of the amendment is described in more detail under the summary of changes. The Commission's Boating Advisory Board considered the proposal prior to the publication of the notice of proposed rulemaking containing the amendment and recommended publication.

E. Summary of Changes

Under the code, negligent operation of watercraft represents a deviation from the ordinary standard of care that a reasonable operator would observe under the circumstances. Reckless operation adds the component of willfulness and wanton disregard for the safety of persons or property. The Commission's regulation in § 105.3 (relating to unacceptable boating practices) contains a lesser offense defined as "unacceptable boating practices." This section lists operations that, while unsafe, do not always fall within the definition of negligent or reckless operation.

Section 105.3(1) prohibits the operation of a boat not equipped with railings or other safeguards at a speed of greater than slow minimum height swell speed when any person is riding on the bow, decking, gunwales, transom or motor cover. While this definition has served the safety of boaters well, recent court cases indicate a need to further define this regulation. The majority of boats are equipped with railings intended to keep the occupants of the boats within the confines of the boat. A person riding in a bow rider is on the inside of the railings and in the cockpit of the boat. A person riding on a sailboat deck is within the area encompassed by the railings. The most

prevalent exception to this general boat construction is the pontoon boat. Quite often, the railings of the pontoon boat do not entirely encompass the bow deck of the boat. Frequently, 3 or 4 feet of deck remain outside the railings. This is to facilitate docking and to keep passengers back from the bow to help balance the boat while underway. Certain courts have interpreted § 105.3 to mean that there is no requirement that persons must remain behind safety rails. The Commission therefore has amended this section as proposed.

F. Paperwork

The amendment will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendment will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 31 Pa.B. 1379 (March 10, 2001). The Commission did not receive any public comments concerning this proposal.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided, and no comments were received.

(3) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 105, are amended by amending § 105.3 to read as set forth in 31 Pa.B. 1379.

(b) The Executive Director will submit this order and 31 Pa.B. 1379 to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order and 31 Pa.B. 1379 and deposit the same with the Legislative Reference Bureau as required by law.

(d) This order shall take effect January 1, 2002.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of July 2001

The Department of Banking (Department) of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of July, 2001, is 8 1/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such individual occupies or has occupied as the principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 5.72 to which was added 2.50 percentage points for a total of 8.22 that by law is rounded off to the nearest quarter at 8 1/4%.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

Applications

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and the Pennsylvania Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. All Oil and Gas Related permit applications are listed under Section III. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

PA# 0088862, CAFO, **Jeremiah O. Sensenig**, 2671 Noble Road, Quarryville, PA 17566.

This proposed facility is located in Little Britain Township, **Lancaster County**.

Description of Proposed Activity: An existing swine and beef steer operation with a 326.16 total AEUs. A 702,000 gallon concrete manure storage facility is located under the swine building to manage about 875,000 gallons of manure produced annually and land applied twice per year.

The receiving stream, West Branch of Octoraro Creek, is in the State Water Plan watershed 7-K and is classified for: HQ-CWF.

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the State narrative water quality standards.

WATER QUALITY MANAGEMENT PERMITS

CONTROLLED INDUSTRIAL WASTE AND SEWAGE WASTEWATER

APPLICATIONS UNDER THE PENNSYLVANIA CLEAN STREAMS LAW

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department). The applications are listed in two categories. Section I lists all municipal and industrial permits and Section II lists oil and gas related permit applications.

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted above the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person

identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is con-

structed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

Applications received and intent to issue operating permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F (relating to operating permit requirements).

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, James Parette, Acting New Source Review Chief, (570) 826-2531.

45-318-031: Tobyhanna Army Depot (ATTN: AMSEL-TY-RK-E (Mr. Ober), 11 Hap Arnold Boulevard, Tobyhanna, PA 18466 for operation of a paint spray booth and associated air cleaning device in Coolbaugh Township, **Monroe County**).

54-00046: Lehigh Asphalt Paving and Construction Co., Inc. (P. O. Box 549, Tamaqua, PA 18252) for a synthetic minor operating permit for an asphalt plant in Tamaqua Borough, **Schuylkill County**.

54-00032: Lehigh Asphalt Paving and Construction Co. Inc. (P. O. Box 549, Tamaqua, PA 18252) for a synthetic minor operating permit for an asphalt plant in Tamaqua Borough, **Schuylkill County**.

45-00024: Eureka Stone Quarry, Inc. (P. O. Box 249, Chalfont, PA 18914) for a synthetic minor operating permit for an asphalt plant, rock crushing plant and a concrete plant in Hamilton Township, **Monroe County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

06-03077: F. M. Brown's Sons, Inc. (205 Woodrow Avenue, Sinking Spring, PA 19608) for a natural minor operating permit for a small feed mill controlled by two fabric collectors in Sinking Spring Borough, **Berks County**. The natural minor operating shall contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

04-00679: Tri-State River Products, Inc. (Box 218, Beaver, PA 15009) for operation of an Aggregate Production Facility at # 16 Dredge in Industry Borough, **Beaver County**.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Devendra Verma, New Source Review Chief, (814) 332-6940.

37-00038: B and L Asphalt Industries, Inc. (Route 168, New Castle, PA 16105) for a synthetic minor operating permit for operation of the facility's air contamination sources consisting of a 180 tph batch mix asphalt plant in Hickory Township, **Lawrence County**.

61-00007: IA Construction Corp.—Franklin Plant (Route 8 North, Franklin, PA 16323) for a synthetic minor operating permit for operation of the facility's air contamination sources consisting of a 180 tph batch mix asphalt plant in Sugar Creek Borough, **Venango County**.

37-00027: IA Construction Corp.—West Pittsburg Plant (River Road, West Pittsburg, PA 16060) for a

synthetic minor operating permit for operation of the facility's air contamination sources consisting of a 300 tph batch mix asphalt plant in Taylor Township, **Lawrence County**.

PLAN APPROVALS

Applications received for plan approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B (relating to plan approval requirements).

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, Richard Maxwell, New Source Review Chief, (570) 327-3637.

59-304-008F: ACP Manufacturing Co., LLC (P. O. Box 68, Blossburg, PA 16912-0068) for construction of an isocure core machine to be controlled by an existing air cleaning device (a scrubber) in Lawrence Township, **Tioga County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

30-00141A: RAG Cumberland Resources, LP (158 Portal Road, P. O. Box 1020, Waynesburg, PA 15370) for operation of Stockpiling Coal at Cumberland Mine Preparation Plant in Whitely Township, **Greene County**.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Devendra Verma, New Source Review Chief, (814) 332-6940.

42-193A: Allegheny Bradford Corp. (1522 South Avenue, Bradford, PA 16701-0200) for post-installation of a baghouse (28000 cfm) on stainless steel polishing process in Bradford, **McKean County**.

24-012B: The Carbide/Graphite Group (800 Theresia Street, St. Marys, PA 15857) for minor modification of EPA Permit No. 79-PA-26 to remove transmissometer requirement in pitch impregnation stack, installation of an air cooling chamber to allow air quenching of sensitive products and removal of SOx transmissometer requirement in Longitudinal Graphitizer stack in St. Marys, **Elk County**. The Carbide/Graphite Group, St. Marys Facility, is a Title V facility.

42-193A: Allegheny Bradford Corp. (1522 South Avenue, Bradford, PA 16701-0200) for post-installation of a baghouse (28000 cfm) on stainless steel polishing process in Bradford, **McKean County**.

43-040A: AK Steel Corp.—Sawhill Tubular Division (200 Clark Street, Sharon, PA 16146) for installation of wet scrubbers to replace dry zinc dust collectors on the No. 1 and No. 2 Galvanize Lines in Sharon, **Mercer County**.

Intent to Issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B (relating to plan approval requirements).

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, Thomas McGinley, New Source Review Chief, (610) 832-6242.

46-0112: Palmer International, Inc. (2036 Lucon Road, Skippack, PA 19474) for installation of a replacement thermal oxidizer that will control emissions from various production lines at their facility located in Skippack Township, **Montgomery County**. This facility is a non-Title V facility. The thermal oxidizer will reduce

volatile organic compound emissions to 21 tons per year. Emissions of nitrogen oxides will be less than 6 tons per year and for carbon monoxide, less than 4 tons per year. The facility shall be required to operate the thermal oxidizer at all times when the various production lines are in operation. The facility is also taking restriction on its Adhesive Film Treater, which will reduce its potential emissions of VOCs to less than 2 tons per year. The Plan Approval will contain recordkeeping and further operating restrictions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, James Parette, Acting New Source Review Chief, (570) 826-2531.

35-318-084: Chamberlain Manufacturing Corp. (156 Cedar Avenue, Scranton, PA 18505-1138) for construction of a paint spray booth and associated air cleaning device in Scranton, **Lackawanna County**. This munitions manufacturing facility is a non-Title V facility. The installation will result in the emission of 0.25 ton per year of volatile organic compounds and a particulate matter emission rate of less than 0.04 grain per dry standard cubic foot. The company shall maintain records of all materials applied or used in, or associated with the use of, the spray booth to verify compliance with applicable requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

07-05032A: New Enterprise Stone and Lime Co., Inc. (P. O. Box 77, New Enterprise, PA 16664) to modify the operation of the existing natural gas fired drum mix coater asphalt plant located in Taylor Township, **Blair County**. The plant will operate with alternative fuels including: recycled fuel oil, No. 2 fuel oil and natural gas. This source is subject to 40 CFR Part 60, Subpart I—Standards of Performance for Hot Mix Asphalt Facilities. A fabric collector controls particulate emissions from the asphalt plant. In addition, the company will install new Recycled Asphalt Product (RAP) crushing and sizing equipment. Facility wide emissions are limited to less than 100 tons/year of nitrogen oxides and carbon monoxide and less than 50 tons/year of volatile organic compounds. The plan approval and operating permit will contain additional monitoring, record keeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, Richard Maxwell, New Source Review Chief, (570) 327-3637.

41-305-009D: Keystone Filler and Manufacturing Co. (214 Railroad Street, Muncy, PA 17756) for installation of a fabric collector on an existing rotary coal dryer (# 4 dryer) and associated processing equipment in Muncy Township, **Lycoming County**.

The fabric collector will replace an existing fabric collector. There will be no increase in the emission of any air contaminant but there may be a decrease in the emission of particulate matter from the level which now exists.

The Department of Environmental Protection (Department) has determined that the proposed equipment will comply with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. The

Department consequently intends to issue plan approval for the installation of the respective fabric collector. Additionally, if the Department determines that the coal dryer and associated processing equipment and the fabric collector are operating in compliance with all applicable plan approval conditions and regulatory requirements following the installation of the fabric collector, the conditions established in the plan approval will be incorporated into an operating permit via administrative amendment under 25 Pa. Code § 127.450.

The Department intends to place conditions in the plan approval to be issued pertaining to the operation and monitoring of the fabric collector. These conditions are intended to assure proper operation of the collector as well as maintenance of compliance with all applicable air quality regulatory requirements. The following is a summary of these conditions:

1. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the inlet temperature of the fabric collector shall not exceed 425°F.

2. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the fabric collector shall be equipped with a temperature gauge to continuously monitor the inlet temperature of the fabric collector.

3. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the fabric collector shall be equipped with instrumentation to continuously monitor the differential pressure drop across the collector bags.

4. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the compressed air system used for cleaning the collector bags shall be equipped with an air dryer and oil trap.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

NOTICE OF INTENT TO ISSUE A PLAN APPROVAL AND AMEND A TITLE V OPERATING PERMIT

56-00167A: North American Hoganas—Stony Creek Plant (250 Abex Road, P. O. Box 509, Hollsopple, PA 15935-0509) for modification of the steel production facility previously referred to as First Mississippi Steel facility into an iron powder producer in Hollsopple, **Somerset County**. It covers emissions changes associated with the construction of new sources, modifications of existing sources and shutdown of existing sources.

The proposed facility is subject to the applicable requirements of 25 Pa. Code, Chapter 127 (related to construction, modification, reactivation and operation of sources) and 40 CFR Part 60 Subpart AAa.

1. The facility is to be constructed in accordance with the plans submitted with the application (as approved herein).

2. Upon completion of the construction of the facility, an operating permit must be obtained. Notify the Department when the installation is completed so that the facility can be inspected for issuance of an operating permit

3. This Plan Approval is for the modification of the steel production facility previously referred to as First Mississippi Steel facility into an iron powder producer. It covers emission changes associated with the construction of new sources, modification of existing sources and

shutdown of existing sources. This facility is located in Hollsopple, PA Somerset County. (25 Pa. Code § 127.12a and b)

4. This facility is subject to the New Source Performance Standards for Electric Arc Furnaces (40 CFR Part 60, Subpart AAa):

In accordance with 40 CFR 60.4 copies of all requests, reports, applications, submittals and other communications shall be forwarded to both EPA and the Department at the following addresses unless otherwise noted:

Director
Air Toxics and Radiation
Region III
1650 Arch Street
Philadelphia, PA 19103-2029

PA Department of Environment Protection
Office of Air Quality Control
400 Waterfront Drive
Pittsburgh, PA 15222-4745

5. Emissions of Particulate Matter from the American Air Filter shall be limited to .0043 gr/dscf. (25 Pa. Code § 127.441)

6. The owner/operator shall perform a weekly inspection of the clean side of the EAF and Canopy baghouses and keep on file observations made and maintenance performed on the baghouses. This file shall be made available to the Department upon request. (25 Pa. Code § 127.441)

7. The owner/operator shall keep spare bags on hand for replacement/maintenance purposes. (25 Pa. Code § 127.12b)

8. The owner/operator shall perform stack testing on the American Air Filter baghouse to determine compliance with TSP/PM-10 emission rate with Condition # 5 above. (25 Pa. Code § 127.12b)

9. The following production and operating hours limitations apply:

EAF & LMS	220,000 tons charged 210,000 tons of production	7,000 hours
(3) 50 tons ladle heaters—10 mmbtu/hr each		3,700 hours combined
(2) 50 ton ladle dryers—5 mmbtu/hr each		2,500 hours combined
oxygen converter	5,000 tons	1,000 hours
Atomizer tank	210,000 tons	7,000 hours
(2) Rotary Dryers 8.5 mmbtu/hr each	17 mmbtu/hr	7,000 hours each
(5) Annealing Furnaces		8,500 hours
11.5 mmbtu/hr each		each

Crushing/ Screening	210,000 tons	8,500 hours
Induction Furnace/ LMF (4 ton)	3,300 tons	
(2) 4 ton annealing furnaces	9.2 mmbtu/hr combined	1,400 hours combined
(2) 4 ton ladle heater	2 mmbtu/hr combined	4,000 hours combined
4 ton vacuum/ degas/ VOD		1,400 hours
(4) Bldg. Heaters 6 mmbtu/hr each	24 mmbtu/hr	2,000 hours combined

• Compliance with yearly limits is determined on a 12 month rolling average basis: (25 Pa. Code § 127.12b)

10. The following emission limitations apply:

Facility Wide Emission Limitations

<i>Pollutant</i>	<i>Yearly Limit</i>
CO	243.28 tpy
NOx	74.48 tpy
PM-10	25.41 tpy

11. Each of the five annealing furnaces shall be limited to 4.00 tons of NOx on a 12-month rolling basis and shall be limited to 1.0 lb of NOx (as NO2) per hour. (25 Pa. Code § 127.12b)

12. The electric arc furnace shall be limited to a NOx (as NO2) emission rate of .37 lbs/ton. (25 Pa. Code § 127.12b)

13. The EAF and LMS shall be limited to 40.68 tons of NOx on a 12 consecutive month rolling basis. (25 Pa. Code § 127.12b)

14. The following short-term emission limitations apply to the EAF:

Carbon Monoxide	—80 lbs/hr
Nitrogen Oxides	—20 lbs/hr
VOC	—12 lbs/hr
Sulfur Dioxides	—12 lbs/hr
PM10	— 8 lbs/hr

(25 Pa. Code § 127.441)

15. The roof fans in the melt shop will not be operated.

16. The owner/operator shall keep daily records which demonstrate compliance with the production and emission limitations identified above. These records shall be kept on site for a period of 5 years and be made available to the Department upon request. (25 Pa. Code § 127.12b)

17. Emissions of particulate matter from the EAF baghouse which includes the East and West Carborundum and Fuller Baghouse shall be limited to .0052 gr/dscf in accordance with the NSPS 40 CFR Part 60 Subpart AAa.

18. Opacity of visible emissions from all facility baghouses (American Air Filter, East and West Carborundum and Fuller) that exhaust the EAF and LMF shall not exceed 3% opacity in accordance with the NSPS 40 CFR Part 60 Subpart AAa. The South Wheelabrator and North Wheelabrator baghouses shall not exceed 10% opacity. (25 Pa. Code § 127.441)

19. The owner/operator shall perform stack testing no later than 180 days of commencement of operation under the terms of this Plan Approval on the EAF to determine the emission rates of the following pollutants: SO_x (as SO₂), NO_x (as NO₂), Volatile Organic Compounds (VOC), Carbon Monoxide (CO) and Particulate Matter (PM-10). Emissions of NO_x (as NO₂) and CO shall be monitored for a minimum of 600 operating hours within this 180 day period, while the sources are operating normally in the ductwork from the EAF/LMS and from the canopy hood. (25 Pa. Code § 127.12b)

20. The owner/operator shall conduct the stack testing in Condition # 14 above on an annual basis for 2 consecutive years and at least once every 5 years within the term of the operating permit thereafter. (25 Pa. Code § 127.12b)

21. The owner/operator shall also perform stack testing no later than 180 days after receipt of this Plan Approval on two of the five anneal furnaces (rated at 11.5 mmbtu/hr) for the following pollutants: NO_x (as NO₂) and Carbon Monoxide (CO). (25 Pa. Code § 127.12b)

22. Stack testing shall be performed in accordance with 25 Pa. Code Chapter 139 regulations and the Department's Source Testing Manual.

23. Two copies of a pre-test protocol shall be submitted to the Department for review at least 60 days prior to the performance of the stack test.

24. The Department shall be notified at least 2 weeks prior to the stack test of the date and time of the test so that an observer may be present.

25. Two copies of the stack test results shall be supplied to the Department for review within 60 days of completion of the testing.

26. Fugitive emissions from the melt shop shall comply with 25 Pa. Code § 123.1.

27. This Plan Approval authorizes temporary operation of the sources covered by this Plan Approval provided the following conditions are met.

(a) The owner/operator must receive written notice from the Owner/Operator of the completion of construction and the operator's intent to commence operation at least 5 working days prior to the completion of construction. The notice should state when construction will be completed and when operator expects to commence operation.

(b) Operation is authorized only to facilitate the start-up and shake-down of sources and air cleaning devices, to permit operations pending the issuance of an Operating Permit or to permit the evaluation of the sources for compliance with all applicable regulations and requirements.

(c) This condition authorizes temporary operation of the sources for a period of 18 months from the date of commencement of operation, provided the Department receives notice from the Owner/Operator under subpart (a), above.

(d) The Owner/Operator may request an extension if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of temporary operation and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance and the reasons compliance has not been established.

(e) The notice submitted by the Owner/Operator under subpart (a), above, prior to the expiration of this Plan Approval, shall modify the plan approval expiration date. The new plan approval expiration date shall be 180 days from the date of the written notice.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief sum-

mary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

49871602R2. Lenig & Kosmer Coal Washery, (R. R. 1 Box 250A, Shamokin, PA 17872), renewal of an existing coal preparation plant operation in West Cameron Township, **Northumberland County** affecting 3.6 acres, receiving stream—none. Application received: May 25, 2001.

Greensburg District Mining Office: Armbrust Building, R. R. 2 Box 603-C, Greensburg, PA 15601-0982.

65960110. LMM, Inc. (P. O. Box 517, Stoystown, PA 15563). Application received for renewal of permit for continued reclamation only of a bituminous surface mine located in South Huntingdon Township, **Westmoreland County**, affecting 48.9 acres. Receiving streams: unnamed tributary to Sewickley Creek and Hunters Run. Application received: May 18, 2001.

65990106. Ralph Smith & Son, Inc. (200 West Second Street, Derry, PA 15627). Application received to add acreage and revise the erosion and sedimentation controls at an existing bituminous surface mining site located in Salem Township, **Westmoreland County**, currently affecting 56.3 acres. Receiving streams: N/A. Application received: May 22, 2001.

04840101. Kerry Coal Company (R. D. 2, Box 2139, Wampum, PA 16157). Renewal application received for continued operation and reclamation of a bituminous surface mine located in Big Beaver Borough, **Beaver County**, affecting 462.8 acres. Receiving streams: unnamed tributaries to Clark Run, Clark Run and unnamed tributaries to Stockman Run and Stockman Run. Renewal application received: May 25, 2001.

65960111. Sosko Coal Co., Inc. (R. D. 3, Box 330, Mt. Pleasant, PA 15666). Renewal application received for reclamation only of a bituminous surface mine located in East Huntingdon Township, **Westmoreland County**, affecting 43.5 acres. Receiving stream: Buffalo Run. Renewal application received: May 31, 2001.

30960101. CJ & L Coal (P. O. Box 133, Jefferson, PA 15344). Renewal application received for continued operation and reclamation of a bituminous surface mine located in Morgan Township, **Greene County**, affecting 61 acres. Receiving streams: unnamed tributary to South Fork of Ten Mile Creek to Monongahela River. Renewal application received: May 31, 2001.

65010102. V. P. Smith Company, Inc. (HC 64, Box 21, Intersection Highway 30 & 217, Latrobe, PA 15650). Application received for commencement, operation and reclamation of a bituminous surface mine located in Fairfield Township, **Westmoreland County**, affecting 123.6 acres. Receiving streams: unnamed tributaries of Hypocrite Creek to Hypocrite Creek to Hendricks Creek to Tubmill Creek to Conemaugh River: unnamed tributaries of Hannas Run to Mill Creek to Loyalhanna Creek to the Conemaugh River. Application received: May 30, 2001.

65960109. Amerikohl Mining, Inc. (202 Sunset Drive, Butler, PA 16001-1368). Renewal application received for reclamation only of a bituminous surface mine located in Derry Township, **Westmoreland County** affecting 64

acres. Receiving streams: unnamed tributary to Harbridge Run and McGee Run. Renewal application received: June 4, 2001.

McMurray District Mining Office: 3913 Washington Road, McMurray, PA 15317.

63733706. Maple Creek Mining, Inc., (981 Route 917, Bentleyville, PA 15314), to renew the permit for the Ginger Hill CRDA I in Carroll and Nottingham Townships, **Washington County** to renew permit, no additional discharges. Application received: March 5, 2001.

NOTICE OF PROJECTS UNDER THE ENVIRONMENTAL GOOD SAMARITAN ACT

The Environmental Good Samaritan Act (27 Pa.C.S. §§ 8001—8114) provides certain protections and immunities from civil liability for landowners and persons who voluntarily undertake reclamation and abatement projects to address land and water adversely affected by mining or oil or gas extraction or exploration for natural resources and left in an unreclaimed condition or left discharging water pollution. In order for landowners and persons to qualify for immunity, the projects must be approved by the Department.

The following project proposals have been received by the Department of Environmental Protection. A copy of the proposals is available for inspection at the office indicated above each proposal.

Written comments or objections may be submitted by any person or any office or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the proposal identification number; and a statement of sufficient detail to inform the Department of the basis of the comment or objection and the relevant facts upon which it is based.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with

the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

1.) The disturbance of approximately 0.45 acre of wetland (PEM/PSS) and the onsite replacement of approximately 0.45 acre of wetland associated with the construction of a stormwater detention basin located on an unnamed tributary to Brush Creek (WWF) having a drainage area of approximately 18 acres.

2.) The enclosure of 320 feet of an unnamed tributary to Brush Creek (WWF) having a drainage area of approximately 10 acres associated with the construction of a road crossing.

WATER QUALITY CERTIFICATIONS REQUESTS

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Certification Request initiated by **Erie Western Pennsylvania Port Authority**, Raymond P. Schreckengost, Executive Director, 17 West Dobbins Landing, Erie, PA 16507-1424. Discharge of dredged material from the Bay Harbor Marina basin into the Lake Erie Harbor Confined Disposal Facility, in Erie City, **Erie County**, ACOE Pittsburgh District, (Erie North, PA Quadrangle N: 4.7 inches; W: 10.3 inches).

Project description: The Erie-Western Pennsylvania Port Authority has requested a State certification under Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) for the discharge of dredged material from the Bay Harbor Marina basin into the Lake Erie Harbor Confined Disposal Facility (CDF) will comply with the applicable provisions of Sections 301—307 of Federal Clean Water Act.

The Bay Harbor Marina basin sediments were dredged and stockpiled. The Port Authority has analyzed the stockpiled sediments using the Standard Elutriate Test, adapted from the US Army Corps of Engineer's Inland Testing Manual and the document "Ecological Evaluation of Proposed Discharge of Dredged or Fill Material in

Navigable Waters" so that the sediments may be discharged into the Lake Erie Harbor Confined Disposal Facility.

Based upon the modified sampling and laboratory testing, the Erie-Western Pennsylvania Port Authority indicates that the approximately 1,000 cubic yards of stockpiled basin sediments from the Bay Harbor Marina basin (Erie North, PA N: 1.0 inches; W: 14.3 inches) discharged into the Lake Erie Harbor Confined Disposal Facility (Erie North, PA N: 4.7 inches; W: 10.3 inches) will have a relatively insignificant impact on the water quality of Lake Erie. This 401 Water Quality Certification is only for this single discharge. Any subsequent dredging of permitted Port Authority facilities and use of the CDF will require separate 401 Water Quality Certification.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT—NPDES AND WQM PART II PERMITS

INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval. The actions are listed in two categories. Section I lists all municipal and industrial permits and Section II lists oil and gas related permits.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION**UNDER ACT 2, 1995****PREAMBLE 2****The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Depart-

ment) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department of Environmental Protection certifies that the construction and operation herein described will comply with the appli-

cable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Permits Issued and Actions on 401 Certifications:

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

10. *Second Chance Drawing Eligibility Requirements:*

(a) To be eligible for one of the Second Chance Drawings, a player must mail exactly three non-winning Pennsylvania Harley-Davidson USA instant lottery tickets in an envelope no larger than 4 1/8 by 9 1/2 inches addressed to Harley-Davidson USA Second Chance Draw-

ing, PMB 101, 2033 Linglestown Road, Harrisburg, PA 17110.

(b) Envelopes containing less than or more than three non-winning Pennsylvania Harley-Davidson USA instant lottery tickets shall be disqualified.

(c) Non-winning Pennsylvania Harley-Davidson USA instant lottery tickets received in an envelope larger than 4 1/8 by 9 1/2 inches shall be disqualified.

(d) The back of each non-winning Pennsylvania Harley-Davidson USA instant lottery ticket entered in the Second Chance Drawing must be completed by the same player in a legible manner, including the player's name, street address, city, state, zip code, telephone number and signature.

(e) Winning Pennsylvania Harley-Davidson USA instant lottery tickets submitted to the Pennsylvania Harley-Davidson USA Second Chance Drawing address may not be paid or honored.

(f) To be eligible for a Second Chance Drawing, non-winning Pennsylvania Harley-Davidson USA instant lottery tickets must be received by the Pennsylvania Lottery as follows:

<i>Entry Deadline</i>	<i>Second Chance Drawing</i>
1st Drawing—July 27, 2001	Week of July 30, 2001
2nd Drawing—August 31, 2001	Week of September 4, 2001
3rd Drawing—September 28, 2001	Week of October 1, 2001
4th Drawing—October 26, 2001	Week of October 29, 2001

11. *Second Chance Drawing Procedures.*

(a) *Frequency.* Four Second Chance Drawings will be held at Lottery Headquarters. The first Second Chance Drawing will be held the week of July 30, 2001, the second the week of September 4, 2001, the third the week of October 1, 2001 and the fourth the week of October 29, 2001. The odds of an entry being selected in a Second Chance Drawing depend upon the number of entries received.

(b) *Eligibility for Second Chance Drawings.* To be eligible for a Second Chance Drawing, a player must have complied with the requirements of section 10.

(1) The Lottery will make a reasonable effort to ensure that each Second Chance entry is entered into one of the Second Chance Drawings. The Lottery assumes no responsibility for a lost or misplaced entry not entered into a Second Chance Drawing.

(2) A Second Chance entry is eligible for only one Second Chance Drawing. An entry that is not in one eligible group, may, at the discretion of the Director, remain eligible for a subsequent Second Chance Drawing.

(3) If a Second Chance entry is rejected during or following a Second Chance Drawing, the sole remedy is to select another entry to replace the rejected entry in accordance with Lottery procedure.

(4) Determination of winners will be made by the Secretary, whose judgment will be final and binding.

(c) *Manner of conducting the Second Chance Drawings.*

(1) By use of a computer-generated randomizer, one mail tray will be selected. From this mail tray an entry envelope will be drawn. The entry envelope will be opened and its contents will be validated according to the requirements of section 10. If the entry does not meet the requirements of section 10, another entry will be selected from that mail tray; and so on, until a qualified entry has been chosen. This qualified entry will win a Harley-Davidson Sportster 1200 Custom Motorcycle. There is no cash equivalent for the Harley-Davidson Sportster 1200 Custom Motorcycle.

(2) The computer-generated randomizer will then be used to select 50 mail trays. From each of these 50 mail trays, five entries will be drawn. As each entry envelope is opened, its contents will be validated according to the requirements of section 10. If the entry does not meet the requirements of section 10, another entry will be selected from that mail tray; and so on, until a qualified entry has been chosen. The 250 validated entries will each win a Harley-Davidson prize package. There is no cash equivalent for the Harley-Davidson prize package.

(3) The procedures described in paragraphs (1) and (2) will be repeated for each of the Second Chance Drawings set forth in subsection (a).

(d) The payment of a prize awarded in the Second Chance drawings to a person who dies before receiving the prize or to a person 17 years of age or younger shall be paid according to 61 Pa. Code §§ 811.16 and 811.27 (relating to prizes payable after death of a prize winner; and payment of prizes to persons under 18 years of age).

12. *Second Chance Prize Descriptions.*

(a) *Harley-Davidson Sportster 1200 Custom Motorcycle.* The motorcycle prize package includes required Federal withholding tax, State sales tax, dealer preparation charges and set-up fees.

(b) *Harley-Davidson Prize Packages.* Each prize package will include one of each of the following items:

(1) *Harley-Davidson Hubcap Duffel Bag.* The bag is a classically styled carryall made from recycled inner tube rubber, with emblem and ends that are capped with real chrome logo hubcaps.

(2) *Harley-Davidson Telephone.* The telephone is a replica of a Harley motorcycle and features a Harley sound effects ringer and a headlight that flashes.

(3) *Harley-Davidson Blanket.* The 60 inch by 80 inch multi-purpose high pile jacquard-woven blanket is designed with Harley-Davidson artwork.

(4) *Harley-Davidson Leather Baseball Cap.* The all-leather black cap features the famous Harley-Davidson Bar & Shield logo in full color.

(5) *Harley-Davidson T-Shirt.* The black all-cotton T-Shirt features Harley-Davidson artwork.

(6) *Harley-Davidson Playing Cards.* The limited edition, full-color collectible tin, numbered, includes two bridge decks of cards with historical images of Harley-Davidson motorcycles.

(7) The Lottery reserves the right to substitute a merchandise item set forth in subsection (b) with a merchandise item of equal or greater value.

13. *Retailer Incentive Awards.* The Lottery may conduct a separate Retailer Incentive Game for retailers who sell Pennsylvania Harley-Davidson USA instant lottery game tickets. The conduct of the game will be governed by 61 Pa. Code § 819.222 (relating to retailer bonuses and incentives).

14. *Unclaimed Prize Money.* For a period of 1 year from the announced close of Pennsylvania Harley-Davidson USA, prize money from winning Pennsylvania Harley-Davidson® USA instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Harley-Davidson® USA instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will

expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

15. *Governing Law.* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), the regulations contained in 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

16. *Termination of the Game.* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Harley-Davidson® USA or through normal communications methods.

Finding Bucks County

Pursuant to the provisions of 71 P. S. § 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to replace the existing Callowhill Road Bridge over the North Branch of Neshaminy Creek in New Britain Township, Bucks County. The project consists of replacing the bridge with a one span bridge and reconstructing the roadway ap-

proaches. The project will require the acquisition of land from within the boundaries of the National Register of Historic Places eligible Willowstone Farm and the Bucks County owned Peace Valley Park.

The effect of this project on the Willowstone Farm will be mitigated as follows: 1) PennDOT will compensate the property owners for trees that will be removed for the project, 2) new surface and finishing materials that blend in with the rural historic setting of the Willowstone Farm will be used on the replacement bridge, and 3) the vertical alignment and roadway width will be designed to minimize the amount of land that will be needed from the Willowstone Farm. These mitigation measures are included in a Memorandum of Agreement (MOA) for the proposed action which has been signed by all appropriate agencies. Mitigation commitments for the Peace Valley Park will be coordinated with the Bucks County Department of Parks and Recreation.

I have considered the environmental, economic, social, and other effects of the proposed project as enumerated in section 2002 of the Administrative Code, and have concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effect.

Finding Franklin County

Pursuant to the provisions of 71 P. S. § 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to widen existing State Route 0016 to accommodate an eastbound truck climbing lane in Washington Township, Franklin County. The proposed project would require the use of land from the Michaux State Forest, Beartown Woods Natural Area, and the Appalachian National Scenic Trail. The Beartown Woods Natural Area and the Appalachian National Scenic Trail are within the boundaries of the Michaux State Forest. The project will require the acquisition of 0.40 hectare (0.99 acre) of land from the Michaux State Forest.

Mitigation commitments for the resources have been prepared and coordinated with all appropriate agencies for the proposed action.

I have considered the environmental, economic, social, and other effects of the proposed project as enumerated in section 2002 of the Administrative Code, and have concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effect.

No adverse environmental effect is likely to result from this roadway construction project.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Sections 5(d) and (g) of the Regulatory Review Act (71 P. S. § 745.5(d) and (g)) provide that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Independent Regulatory Review Commission (Commission) may issue comments within 10 days of the close of the committees' comment period. The Commission's Comments are based upon the criteria contained in section 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)).

The Commission issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted by the date indicated.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-form Submission Deadline</i>

31 Pa.B. 1748 (March 30, 2001)

Insurance Department

Regulation No. 11-206

Privacy of Consumer Financial Information

May 31, 2001

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The Insurance Department (Department) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by April 30, 2003, the regulation will be deemed withdrawn.

1. Applicability of proposed regulation to the sharing of information between affiliates.—Consistency with the Statute; Reasonableness; Clarity.

The Department's stated goal in the Preamble is to implement the National Association of Insurance Commissioners (NAIC) model regulation "as closely as possible." The proposed regulation requires an opt out notice to be sent to consumers before affiliates share nonpublic personal financial information. This requirement conflicts with the NAIC model regulation which permits the sharing of information among affiliates without providing consumers an opportunity to opt out.

In the Preamble to the proposed regulation, the Department explains it departed from the NAIC model on this issue due to "the statutory framework established by Act 40 (of 1997)." However, the privacy provisions of Act 40 (40 P. S. § 288) apply exclusively to financial institutions. It is unclear how Act 40 can be controlling for licensees which are not financial institutions. Furthermore, Act 40 limits the definition of "customer information" to "... information concerning the terms and conditions of insurance coverage, insurance expirations, insurance claims or insurance history of an individual." The final-form regulation should be consistent with the NAIC model relating to sharing of information among affiliates.

2. Requirement for a second opt out notice.—Consistency with the Statute; Reasonableness.

Section 146a.21(c)(3) requires a second opt out notice if the consumer or customer does not respond to the initial notice within 30 days. The Department cites the privacy provisions of Act 40 as the basis for this requirement. For the reasons discussed in Issue #1, Act 40 does not appear to be controlling. Therefore, the second opt out notice should be deleted.

3. Section 146a.1. Purpose.—Need; Clarity.

Subsection (a)

This subsection states the regulation "governs the treatment of *nonpublic personal financial information* about individuals. . . ." (Emphasis added.) Similarly, subsection (b) relating to the scope of the regulation states, "This chapter applies to *nonpublic personal financial information*. . ." (Emphasis added.) However, the term "nonpublic personal financial information" is not defined in § 146a.2 (relating to definitions). Instead, the terms "nonpublic personal information" and "personally identifiable financial information" are defined. Given the stated purpose and scope of the regulation, the term "nonpublic personal financial information" should be defined in § 146a.2 and used consistently throughout the regulation.

Subsection (b)

Under this subsection, the scope of Chapter 146a extends to individuals who are claimants or beneficiaries under a policy. Commentators have questioned the inclusion of claimants and beneficiaries, since these individuals do not directly obtain any products from insurers. We request the Department explain the basis for including claimants and beneficiaries within the scope of this regulation.

Subsection (d)

This subsection clarifies that the examples contained in the regulation are illustrative and do not restrict the scope of Chapter 146a. The language in this subsection, however, varies from section 3 of the NAIC model. Given the Department's stated goal of implementing the NAIC model "as closely as possible," why is the proposed language different from the NAIC model language?

4. Section 146a.2. Definitions.—Reasonableness; Need; Clarity.

Consumer

In this definition, the terms "nonpublic personal information" and "nonpublic personal financial information" are both used. The concern discussed in Issue #3 regarding § 146a.1(a), also applies to this definition.

Subsections (iv)(A) and (B) include beneficiaries and claimants as examples of consumers. However, a "consumer" is defined, in part, as "an individual who seeks to obtain, obtains or has obtained an insurance product or service from a licensee. . . ." Claimants and beneficiaries do not "obtain" the insurance product or service. Consistent with our comment on § 146a.1(b) (Issue #3), why are beneficiaries and claimants included as consumers?

Subsection (iv) differs from the NAIC model rule in two ways. First, it is structured differently. Subsection (iv) contains five paragraphs, whereas the parallel provision of the NAIC model rule has two paragraphs. Second, subsection (iv) omits the conjunction "or" which appears after NAIC model rule § 4(F)(2)(d)(i)(III), and omits the conjunction "and" that requires both conditions to be met in §§ 4(F)(2)(d)(i) and (ii). As a result of this inconsistency, subsection (iv) of the Department's regulation is unclear. Subsection (iv) of the Department's regulation should be amended to be consistent with the NAIC model rule.

Subsection (v) of this definition references "workers' compensation plan participant." We have three concerns.

First, why is workers' compensation included? The definition of "consumer" is limited to services and products that are used "primarily for personal, family or household purposes." Since workers' compensation coverage does not appear to fit these criteria, its inclusion in the regulation should be explained or deleted.

Second, if workers' compensation is retained in the final-form regulation, the term "plan participant" should be defined.

Third, the word "or" should be inserted after the end of the sentence in subparagraph (v)(B) for consistency with the NAIC model.

Health information

The NAIC model contains a definition of this term. However, the proposed regulation does not. This definition should be added to the final-form regulation.

Licensee

The term “producer” used in subsection (i) is unclear. It should be defined in the final-form regulation.

Personally identifiable financial information

The definition of this term in the NAIC model specifically excludes health information. Why isn’t this exclusion contained in the definition in the proposed regulation?

5. Section 146a.11. Initial privacy notice to consumers required.—Clarity.

Subsection (e)(ii) permits the initial notice to be provided at a later time, after the licensee establishes a customer relationship, if the customer agrees. The final-form regulation should clarify what constitutes customer agreement.

6. Section 146a.13. Information to be included in privacy notices.—Clarity.

Subsection (a)

The term “nonpublic personal financial information” is used throughout subsection (a). However, paragraph (a)(8) omits the word “financial” and uses the term “nonpublic personal information.” This should be corrected consistent with Issue #3.

Subsection (c)

Subsection (c)(2)(i) states a requirement is satisfied if a licensee “provides a few examples.” Similar language is used in subsection (c)(3)(ii) that requires “a few illustrative examples.” These requirements are vague. The regulation should specify the minimum number of examples required.

7. Section 146a.14. Form of opt out notice to consumers and opt out methods.—Clarity.

Paragraph (a)(1) requires a notice to be “clear and conspicuous” and provide a “reasonable opt out means.” Subparagraphs (a)(2)(ii) and (iii) provide examples of reasonable and unreasonable opt out means that clearly relate to paragraph (a)(1). However, subparagraphs (a)(2)(i) and (iv) provide examples that describe “adequate opt out notice” and “specific opt out means.” The regulation is unclear regarding what requirement the examples in subparagraphs (a)(2)(i) and (iv) are describing.

Subparagraph (a)(2)(iv) is an example based upon its placement under paragraph (a)(2) relating to examples. However, subparagraph (a)(2)(iv) states “a licensee may require each consumer to opt out through a specific means, as long as that means is reasonable for that consumer.” This is phrased as a requirement for “specific opt out means,” not an example. Subparagraph (a)(2)(iv) should be moved out of paragraph (a)(2) and clarified.

8. Section 146a.31. Exception to opt out requirements for disclosure of nonpublic personal financial information for service providers and joint marketing.—Need; Clarity.

Section 146a.31(a)(i) requires initial notice under § 146a.11. However, similar requirements in §§ 146a.32 and 146a.33 do not require initial notice under § 146a.11. Why is initial notice under § 146a.11 required in § 146a.31?

Commentators stated the exceptions from the opting out requirement should include claims processing and fraud investigation as third party exceptions in this section and § 146a.33(a)(7). Why didn’t the Department include them?

9. Format of lists throughout the regulation.—Clarity.

One goal the Department stressed in the Preamble to this proposed regulation is the need for consistent regulations among the states. To accomplish this goal, most of the regulation follows the NAIC model rule word for word.

However, the regulation uses a different format for lists than the format used in the NAIC model rule. The regulation omits the conjunctions “and” and “or” following the next to last item in lists. Commentators expressed concern that the regulation does not provide sufficient direction as to whether these lists are inclusive due to the omission of these conjunctions.

For added clarity, the Department should revise the format used for lists in §§ 146a.2, 146a.11, 146a.13, 146a.14, 146a.15, 146a.16, 146a.21, 146a.23, 146a.31, 146a.32 and 146a.33 to match the NAIC model rule. In addition, the Department should review the NAIC model rule to make sure the conjunctions used reflect the Department’s intent.

INSURANCE DEPARTMENT

Acquisition of a Controlling Interest of a Domestic Insurance Company

American International Group, Inc., a Delaware domiciled insurance holding company, has filed an application to acquire control of American General Life Insurance Company of Pennsylvania. The acquisition of control is proposed to be achieved through the merger of Washington Acquisition Corporation, a Texas corporation which is a wholly-owned subsidiary of American International Group, Inc. and American General Corporation, also a Texas corporation. The initial filing was received on June 1, 2001, and was made under the requirements set forth under the Insurance Holding Companies Act (40 P. S. § 991.1401 et seq.). Persons wishing to comment on the grounds of public or private interest in this merger are invited to submit a written statement to the Insurance Department (Department) within 30 days from the date of publication of this notice in the *Pennsylvania Bulletin*. Each written statement must include the name, address and telephone number of the interested party, identification of the application to which the statement is addressed and a concise statement with sufficient detail and relevant facts to inform the Department of the exact basis of the statement. Written statements should be directed to Cressinda Bybee, Company Licensing Division, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120; fax (717) 787-8557; e-mail cbybee@state.pa.us.

Aetna U.S. Healthcare; Group Specific Community Rating (GSCR) Methodology; Rate Filing

On May 31, 2001, Aetna U.S. Healthcare submitted a Group Specific Community Rating (GSCR) Methodology. The filing seeks to modify the currently approved method by (1) decreasing the minimum group size requirement from an average of 250 employees enrolled to an average of 100 enrolled in the HMO; (2) updating all factor tables; (3) changing the rate adjustment cap from +/-5 to +/-12 from renewal to renewal; and (4) changing the minimum enrollment from 3 years to 1 year. This filing will affect large groups in all Aetna U.S. Healthcare service areas and is expected to be revenue neutral.

This filing is available for public inspection during normal working hours at the Harrisburg, Philadelphia, and Pittsburgh regional offices.

Interested parties are invited to submit written comments, suggestions or objections to Cherri Sanders-Jones, Actuary, Bureau of Accident & Health Insurance, Insurance Department, 1311 Strawberry Square, Harrisburg, PA 17120, within 30 days after the publication of this notice in the *Pennsylvania Bulletin*.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Default Order

Public Meeting held
 May 24, 2001

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice-Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

*Pennsylvania Public Utility Commission Law Bureau
 Prosecutory Staff v. American Business Alliance, Inc.;
 Doc. No. C-00014696; A-310379*

Default Order

By the Commission:

On January 16, 2001, the Law Bureau Prosecutory Staff (Prosecutory Staff) instituted a complaint against American Business Alliance, Inc. (Respondent), an IXC reseller certificated at A-310379. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that under 66 Pa.C.S. § 510, its 2000-2001 Annual Assessment in the amount of \$200 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

(1) the Commission issue an order canceling the Respondent's certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and

(2) the Commission issue an order referring the total outstanding assessment balance to the Attorney General's office for appropriate civil collection action.

According to the post office return receipt, service was perfected on January 23, 2001. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore,*

It is Ordered that:

1. The allegations in the Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.

2. The Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. American Business Alliance, Inc. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by American Business Alliance, Inc. at Docket No. A-310379 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of

the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

5. Sixty days after publication in the *Pennsylvania Bulletin*, following cancellation of the certificate of public convenience under Ordering Paragraph No. 4, the Office of Executive Director refer the total outstanding assessment balance to the Attorney General's office for appropriate civil collection and action.

Default Order

By the Commission:

On January 19, 2001, the Law Bureau Prosecutory Staff (Prosecutory Staff) instituted a complaint against American Network Exchange, Inc. (Respondent), an IXC reseller certificated at A-310079. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that under 66 Pa.C.S. § 510, its 2000-2001 Annual Assessment in the amount of \$2,058 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

- (1) the Commission issue an order canceling the Respondent's certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and
- (2) the Commission issue an order referring the total outstanding assessment balance to the Attorney General's office for appropriate civil collection action.

According to the post office return receipt, the forwarding order expired and the complaint was not delivered. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore,*

It is Ordered that:

1. The allegations in the Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.
2. The Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.
3. American Network Exchange, Inc. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the

Default Order

By the Commission:

On January 16, 2001, the Law Bureau Prosecutory Staff (Prosecutory Staff) instituted a complaint against Inet Interactive Network System (Respondent), an IXC reseller certificated at A-310833. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that under 66 Pa.C.S. § 510, its 2000-2001 Annual Assessment in the amount of \$3,939 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

(1) the Commission issue an order canceling the Respondent's certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and

(2) the Commission issue an order referring the total outstanding assessment balance to the Attorney General's office for appropriate civil collection action.

According to the post office return receipt, service of the complaint was perfected on January 22, 2001. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore,*

It is Ordered that:

1. The allegations in the Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.

2. The Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

2. The Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.
3. Paradigm Communications Corp. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Paradigm Communications Corp. at Docket No. A-310615 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

5. Sixty days after publication in the *Pennsylvania Bulletin*, following cancellation of the certificate of public convenience under Ordering Paragraph No. 4, the Office of Executive Director refer the total outstanding assessment balance to the Attorney General's office for appropriate civil collection and action.

Pennsylvania Public Utility Commission Law Bureau Prosecutory Staff v. Peoples Telephone Company, Inc.; Doc. No. C-00014680; A-310013

Default Order

By the Commission:

On January 16, 2001, the Law Bureau Prosecutory Staff (Prosecutory Staff) instituted a complaint against Peoples Telephone Company, Inc. (Respondent), an IXC reseller certificated at A-310013. In the complaint, Prosecutory Staff alleged that the Commission sent by certified mail notices to the Respondent that under 66 Pa.C.S. § 510, its 2000-2001 Annual Assessment in the amount of \$11,252 was due. The complaint charged that the Respondent violated 66 Pa.C.S. § 510(c) by neither paying the assessment nor filing objections.

The complaint sought the following remedies:

(1) the Commission issue an order canceling the Respondent's certificate of public convenience if Respondent failed to answer the complaint within 20 days of receipt of the complaint, and

(2) the Commission issue an order referring the total outstanding assessment balance to the Attorney General's office for appropriate civil collection action.

According to the post office return receipt, service was perfected on January 22, 2001. To date, more than 20 days later, no answer has been filed to the complaint and the assessment has not been paid; *Therefore,*

It is Ordered that:

1. The allegations in the Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.

2. The Secretary serve a copy of this order upon all jurisdictional telecommunication carriers and also cause a

copy of this order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. Peoples Telephone Company, Inc. immediately cease providing service to any new customers and, within 10 days of the entry date of this order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the date of the notice. The notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent adverse public comment within the 20-day time constraint established under Ordering Paragraph No. 2.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by Peoples Telephone Company, Inc. at Docket No. A-310013 shall be cancelled, and the company's name stricken from all active-utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

5. Sixty days after publication in the *Pennsylvania Bulletin*, following cancellation of the certificate of public convenience under Ordering Paragraph No. 4, the Office of Executive Director refer the total outstanding assessment balance to the Attorney General's office for appropriate civil collection and action.

Implementation of Number Conservation Measures Granted to the Commonwealth by the Federal Communications Commission in its Order Released July 20, 2000—1K Pooling; M-00001427; P-00961027F0002

Public Meeting held
May 24, 2001

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Order

By the Commission:

Introduction

In this order, we mandate that the Commonwealth's second interim pooling trial be implemented in the Pittsburgh area on October 29, 2001. We also direct that code holders in the Pittsburgh area implement various prepooling guidelines, such as block protection, on June 25, 2001. Finally, we are seeking comments regarding the specifics of this second interim pooling trial as discussed. We do not see resolution of these specific comments as a hindrance to the ability of this second pooling trial to be implemented on October 29, 2001.

Background

Both Federal and State statutes have created the opportunity for new telephone companies to compete against existing companies for local telephone business.¹ These statutes were designed to foster competition in the telecommunications marketplace with the hope of ultimately lowering prices and improving choices for consumers. Unfortunately, however, the proliferation of fax machines, computer modems, cellular phones and competitive carriers in the local service market have created an unprecedented demand for NXX codes.² Consequently, area codes are rapidly exhausting in this Commonwealth and Nationwide.

The Commission, in addition to other state and Federal regulators as well as the telecommunications industry, has been dedicated to finding a solution for this complex numbering problem for several years. Efforts have focused both on developing methods of allocating numbers more efficiently and on developing methods for increasing carriers' accountability for their numbering resources.

¹ See, The Communications Act of 1934, as amended by the Telecommunications Act of 1996, 47 U.S.C.A. § 251(e)(1), and Chapter 30 of the Pennsylvania Public Utility Code, 66 Pa.C.S. §§ 3001—3009.

² NXX codes are the three digits following the area code in a 10-digit telephone number. Under the current infrastructure, telephone numbers are assigned to carriers by NXX code (which contains 10,000 numbers). Consequently, even if a carrier has only 10 customers, 10,000 numbers are still assigned in that area code causing 9,990 numbers to remain unused and unavailable. The result of this is that the amount of NXX codes in an area code exhaust so that a new area code needs to be instituted to generate new NXX codes, and hence, new numbers available for assignment.

Number pooling is a number conservation measure with the potential of significantly slowing the depletion of numbering resources. "Pooling" refers to sharing spare resources; thousands-block pooling (1K pooling) is a method of assigning those resources. In number pooling, there is an inventory of telephone numbers that participating service providers³ share and use in groups of 1,000 numbers. The entity responsible for monitoring the pool and allocating the resources in the pool is known as the Pooling Administrator. Numbers are added to the pool through 1,000 block donations from service providers. When these resources are not enough, then the Pooling Administrator will seek a 10,000 block (or NXX) code assignment from the North American Numbering Plan Administrator (NANPA).⁴

The Commission has long advocated the benefits of 1K pooling for this Commonwealth and has been attempting to implement this number conservation measure for over 4 years. The Commission first ordered 1K pooling to be implemented in the 717, 215 and 610 numbering plan areas (NPAs or area codes) in its July 15, 1997, order at P-00961027, P-00961061 and P-00961071. Unfortunately, however, the Federal Communications Commission (FCC) curtailed the Commission's efforts in the fall of 1998 by ruling that the Commission did not have the authority to implement such a measure without receiving approval from the FCC.⁵ But, the FCC did determine that state commissions could file petitions with it requesting such authority. Consequently, the Commission filed its Petition for Delegated Authority to Implement Number Conservation Measures, CC Docket No. 96-98, on December 27, 1999, and requested, among other initiatives, the authority to implement 1K pooling.

On March 31, 2000, the FCC released its National number pooling order (FCC's Numbering Order) which establishes, in addition to other number conservation measures, a National framework for 1K pooling and a National rollout for pooling to begin 9 months after the FCC names a National pooling administrator.⁶ Regarding the Commission's request to implement 1K pooling in this Commonwealth, the FCC's Numbering Order directed the Commission to file a supplement to its pending petition for delegated authority demonstrating that: 1) an NPA is in jeopardy; 2) the NPA in question has a remaining life span of at least a year; and 3) the NPA is in one of the

largest 100 Metropolitan Statistical Areas (MSAs)⁷, or alternatively, that the majority of wireline carriers in the NPA are local number portability (LNP) capable.

The Commission filed a supplement to its petition for delegated authority to implement number conservation measures on April 25, 2000. The Commission asserted that both 412 and 610/484 fell within the criteria specified by the FCC and would be appropriate for 1K pooling. Also, the Commission indicated that the 724, 717, 570 and 215/267 NPAs would benefit from 1K pooling based on the history of their life expectancy and the Commission's experience with them since 1996.

On July 20, 2000, the FCC issued an order (FCC's Delegation Order) granting the Commission's request to implement 1K pooling on an interim trial basis.⁸ Using this authority, the Commission implemented the Commonwealth's first interim 1K pooling trial on April 27, 2001, in the 610/484 NPAs.⁹ When this trial opened, the carriers participating in the pooling trial donated 2.5 million numbers to the pool which would have been unavailable for use by other carriers in a nonpooling environment. Additionally, in the process of opening the pooling trial, approximately 66 full NXX codes were or are going to be returned to the NANPA. Consequently, in the opening stages of this pooling trial in 610/484, approximately three million numbers were recycled and were made available for assignment to service providers without the need to open new additional NXX codes. We believe that a pooling trial in the Pittsburgh area will be just as successful.

Therefore, now that the Commonwealth's first interim 1K pooling trial is fully implemented, the Commission is anxious to use its FCC delegated authority to implement its second interim 1K pooling trial in the Pittsburgh area so that these consumers can receive the benefits of this number conservation measure. The Commission remains committed to having adequate numbering resources available to all telecommunications providers while being mindful of the impact of proliferating new area codes on this Commonwealth's citizens. By implementing 1K pooling in combination with other number conservation measures,¹⁰ the Commission will better ensure that telecommunications carriers have adequate numbering resources without needing to resort to adding new area codes.

⁷ MSAs are geographic areas designated by the Bureau of Census for purposes of collecting and analyzing data. The boundaries of MSAs are defined using statistics that are widely recognized as indications of metropolitan character. ⁸ In the *Matter of Numbering Resource Optimization*, CC Docket Nos. 99-200, 96-98, NSD File No. L-99-101. (FCC's Delegation Order). Beyond 1K pooling, this order also grants the Commission authority to do the following: 1) maintain rationing procedures for 6 months following implementation of NPA relief; 2) implement NXX code sharing (after investigating it, reporting results to FCC, and determining that it is feasible and economically viable); and 3) hear and address claims for an extraordinary need for numbering resources in an NPA subject to a rationing plan.

³ To be able to participate in 1K pooling a carrier must be LNP-capable. See *Report and Order and Further Notice of Proposed Rulemaking in the Matter of Numbering Resource Optimization*, CC Docket No. 99-200, 15 FCC Rcd 7574, ¶ 116 (2000). Although the telephone network is designed to route traffic based on the assignment of an NXX code (10,000 numbers) to one specific carrier, the introduction of LNP has begun to make the network more flexible. Because LNP enables the switch-specific restriction of telephone number assignments to be removed, any telephone number can be assigned to any switch offering service in the telephone number's rate center. Consequently, all LNP-capable providers who service a particular rate area can share all telephone number resources. By making the entire spare number inventory available to many providers, telephone number utilization can be improved and NPA lives extended. Service providers who cannot participate in the pool would continue to receive NXX codes from the code administrator in 10,000 blocks.

⁴ The NANPA is the entity responsible for allocating numbering resources to telecommunications carriers and monitoring the life span of area codes. The NANPA works under a contract with the FCC.

⁵ In the *Matter of Petition for Declaratory Ruling and Request for Expedited action on July 15, 1997 Order of the Pennsylvania Public Utility Commission Regarding Area Codes 412, 610, 215, 717; Implementation of the Local Competition Provisions of the Telecommunications Act of 1996*, Memorandum Opinion and Order and Order on Reconsideration, 13 FCC Rcd 190029 (1998). (FCC's Pennsylvania Order).

⁶ See *Report and Order and Further Notice of Proposed Rulemaking in the Matter of Numbering Resource Optimization*, CC Docket No. 99-200, 15 FCC Rcd 7574 (2000). (FCC's Numbering Order). In this Report and Order, the FCC established new policies and rules to reduce the need for new area codes and addressed two of the major factors that contribute to numbering resource exhaust—the absence of regulatory, industry or economic control over requests for numbering resources and the allocation of numbers in blocks of 10,000 regardless of the carrier's actual need. In addition, the FCC mandated that carriers assign all available telephone numbers within an opened thousands-block before opening another thousands-block and this requirement applies to both a carrier's existing numbering resources and any future numbering resources. See 47 CFR § 52.15(j)(1).

Through this order, we will mandate that the Commonwealth's second interim pooling trial be implemented in the Pittsburgh area on October 29, 2001, as modified by the resolution of the comments we are inviting. We intend to adopt another order at our July 12, 2001, Public Meeting in consideration of the comments we receive.

Discussion

I. The Date Established for the Commonwealth's Second Interim Pooling Trial

The Commission has determined that the Commonwealth's second interim 1K pooling trial should be fully implemented on October 29, 2001. This date takes into consideration the following factors. First, there will be a 20-day comment period for this order before we issue our final pooling order in July. The industry has indicated in the past that they need approximately 3 months after the date of the final pooling order before the pooling implementation date in which to prepare. This timeline fulfills that need.

Second, this implementation date will not hinder the success of the pooling trial for several reasons. First, rationing will continue in both the 412 and 878 NPAs until February 17, 2002, so the Commission is not concerned about the potential unnecessary assignment of NXX codes from the 412 NPA. Second, we do not expect any 878 NXX codes to be assigned to carriers between August 2001, and October 2001, because of the availability of NXX codes in both the 412 and 724 NPAs. The relief plan for the overlay implementation states that no NXX codes from the 878 NPA should be assigned until the NXX codes from the underlying NPAs are exhausted. In the 412 NPA, there are approximately 107 NXX codes left and in the 724 NPA, there are approximately 111 NXX codes left.¹¹ Third, all service providers are required by Federal rules to assign all available telephone numbers within an opened thousands-block before assigning telephone numbers from an uncontaminated thousands-block.¹² Consequently, even if any NXX codes were to be allocated to carriers from the 878 NPA, they would contain a significant number of uncontaminated 1K blocks that can be subsequently used in the pooling trial.

The third reason we will order our second interim 1K pooling trial to be implemented on October 29, 2001, is based on paragraph 159 of the FCC's Numbering Order.¹³ In that paragraph, the FCC tentatively concluded that National rollout of pooling would encompass a maximum of three NPAs in each Number Portability Administration Center (NPAC)¹⁴ region per quarter. Using this as guidance, and because we are cognizant of the work involved in pooling by the carriers, most of which operate in several states throughout each NPAC region and Nationwide, we are willing to take into consideration the pooling schedules of the other states in the Mid-Atlantic region.¹⁵ Currently, we understand that Maryland and Virginia will be turning up pooling trials from July through October 2001. In light of this schedule, Commission staff has been informally advised by the industry that our October 29, 2001, date is feasible for pooling in the Pittsburgh area.

II. Requirements for All Carriers

Under Federal rules effective July 17, 2000, all service providers are required to assign all available telephone numbers within an opened thousands-block before assigning telephone numbers from an uncontaminated thousands-block. See 47 CFR 52.15(j)(1). This requirement applies to a service provider's existing numbering resources as well as to any new numbering resources it obtains in the future. Additionally, the new Federally-mandated utilization rate went into effect on May 8, 2001. Per 47 CFR 52.15(h), carriers requesting growth codes in a particular rate center will need to show that they have achieved a 60% utilization threshold in the codes they already have in that rate center.

III. Additional Requirements for All LNP-Capable Carriers in the Pittsburgh Area

In this order, we are establishing various preimplementation guidelines for LNP-capable code holders in the Pittsburgh area in advance of the October 29, 2001, implementation date for our second interim 1K pooling trial. These measures are to ensure that remaining numbering resources are not consumed inefficiently while pooling mechanisms are being developed. By this order we will expressly require that all LNP-capable carriers in the Pittsburgh area implement the following on June 25, 2001:

1. All code holders administer their codes in blocks of thousand numbers on a rate center basis.
2. All code holders set aside (that is, restrict from assignment in their telephone administration systems) all unopened thousand blocks currently assigned to them, unless no other numbers are available.
3. All code holders refrain from assigning numbers from any thousands block in an NXX with 100 or fewer numbers currently in use unless no other numbers are available.

IV. Implementation of the Commonwealth's Second Interim 1K Pooling Trial in 412/724/878

Under paragraphs 45 and 46 of the FCC's Delegation Order,¹⁶ the Commission can implement 1K pooling in the Philadelphia MSA and in the Pittsburgh MSA. Further, the Commission can implement 1K pooling in any new NPA implemented to relieve number shortages in these two MSAs. However, the Commission must first implement 1K pooling in a single MSA and may not expand to another MSA until pooling has been fully implemented in the initial one. Now that the Commonwealth's first interim 1K pooling trial is implemented in the Philadelphia area, we plan to move forward with the implementation of a second pooling trial in the Pittsburgh MSA.

The 412 NPA was one of the Commonwealth's original four area codes. On July 15, 1997, the 412 NPA was split by Commission Order at P-00961027 with the new 724 NPA activated on February 1, 1998. The 412 NPA encompasses Allegheny county. The 724 NPA is comprised of Crawford, Mercer, Lawrence, Butler, Venango, Clarion, Armstrong, Beaver, Allegheny, Indiana, Westmoreland, Fayette, Washington and Greene counties.

The 412 NPA was declared to be in jeopardy¹⁷ on November 29, 1999, by the NANPA. On July 9, 1999, an industry consensus was reached to institute an all ser-

¹⁴ The NPAC was developed to support the implementation of LNP and it provides supporting turn-key and operational services, coordinates the porting of telephone numbers between carriers and downloads routing information to carriers' local Service Management Systems to update local routing databases. The NPAC is divided into seven regions across the United States: Midwest, Mid-Atlantic, Northeast, Southeast, Southwest, Western and West Coast. More information can be found at www.npac.com.

¹⁵ The Mid-Atlantic NPAC region consists of the Commonwealth, New Jersey, Maryland and Virginia.

vices multiple overlay. Therefore, on August 17, 2001, the 878 NPA will be activated and will overlay both the 412 and the 724 geographic areas.

The Commission will order a pooling trial in all three NPAs in the Pittsburgh area based on the following reasons. First, the Commission has the authority to implement pooling in the 412 NPA and any NPA ordered to provide relief, thereby permitting pooling in both 412 and 878. Second, the Commission has the delegated authority to implement pooling in the Pittsburgh MSA which is served by both the 412 and the 724 NPAs.¹⁸ Third, the industry consensus relief plan to implement the same 878 NPA overlay over both the 412 and 724 NPAs indicates to us that, despite the 412/724 NPA split, this area is still considered to be one geographic region; therefore, pooling in the entire area is logical. Finally, when the 878 NPA does open, we do not want the availability of 878 NXX codes to the 724 NPA region on a nonpooling basis to diminish the success a pooling trial in the 412/724/878 NPAs could have for all consumers in the Pittsburgh area.

V. Who Should Implement the Pittsburgh Area Pooling Trial and All Future Commonwealth Pooling Trials?

The Commission's current interim 1K pooling trial in the 610/484 NPAs is being administered by NeuStar, Inc. In our final pooling order entered December 27, 2000, we indicated that NeuStar would be the pooling administrator for that pooling trial only, and we would give any company interested in administering our second interim pooling trial an opportunity to file comments explaining why they should be selected. We have also decided that the pooling administrator selected for the Pittsburgh pooling trial would also be selected to conduct any other future pooling trials which may be implemented in this Commonwealth.

We are also aware that, under the FCC's Numbering Order,¹⁹ the FCC is currently in the process of naming a National pooling administrator. Although a decision was expected at the end of March 2001, the FCC still has not named a National pooling administrator. We believe that the company selected as the National pooling administrator should also administer the Commonwealth's second pooling trial. However, we do not want the fact that the National pooling administrator has not been named to push back the implementation date of the Commonwealth's second interim 1K pooling trial. Therefore, without direction from the FCC at this time, we will seek comment about who should administer the Commonwealth's second interim pooling trial. If, however, between now and July 2001, the FCC names a National pooling administrator, then we will also select that company as our pooling administrator for the 412/724/878 interim 1K pooling trial.

In the meantime, we now invite comments from any company interested in administering our second interim 1K pooling trial regarding their qualifications, experience and ability to implement a successful interim pooling trial in the Pittsburgh area as well as any future Commonwealth pooling trials. Also, the Commission is interested

¹⁸ According to the MSA boundaries as defined on June 30, 1999, by the Federal Office of Management and Budget, the Pittsburgh MSA contains the following counties: Butler, Beaver, Allegheny, Westmoreland, Washington and Fayette. All of the 412 NPA is in Allegheny county. The 724 NPA contains all of these counties, three additional entire counties—Mercer, Lawrence and Greene—that are not considered to be in the Pittsburgh MSA, and parts of four other counties—Crawford, Venango, Clarion, Armstrong, and Indiana—that are not considered to be part of the Pittsburgh MSA. in the industry's opinion regarding the selection of an interim Pooling Administrator.

VI. Should the Rationing Plan in the 412 And 878 NPAs be Continued After the Implementation of a Pooling Trial?

The 412 NPA was declared to be in jeopardy in October of 1999, and the industry subsequently reached a consensus to ration NXX codes there at the rate of six per month. Using the authority we were delegated in the FCC's Delegation Order,²⁰ we entered an order on December 27, 2000, at M-00001427F0002 and P-00961027 ordering that the rationing plan continue for 6 months after implementation of the 878 overlay. Consequently, rationing at a rate of six per month will continue in the 412 NPA until February 17, 2002. Further, if any NXX codes are assigned from the 878 overlay to rate centers in the 412 NPA, those will also be rationed at the rate of six per month.

The Commission is seeking comments regarding the necessity of continuing this rationing plan until February 2002, once the interim pooling trial is implemented in the Pittsburgh area. More specifically, we are interested in whether there is a benefit to having both a pooling trial and a rationing plan in the same NPAs. Also, if the rationing plan were to continue with the pooling trial, are all the carriers participating in the pooling trial considered as one when making code requests to NANPA Code administration? In other words, if there is no pooling then all carriers have an equal chance at getting NXX codes through the rationing process. But, in a pooling situation, the pooling administrator is in charge of receiving NXX codes from NANPA Code Administrator to fulfill the needs of the pool. Therefore, when the pooling administrator makes a request for an NXX code from the NANPA, should the pooling administrator receive a priority because it is representing several companies?

Conclusion

Because the Commission is concerned about the current availability and usage of numbering resources and the impact of proliferating new area codes on consumers as well as telecommunications carriers, the Commission intends to implement its second interim 1K pooling trial on October 29, 2001, in the Pittsburgh area. By taking this step to conserve and more efficiently use valuable numbering resources, the Commission will better ensure that telecommunications carriers have adequate numbering resources to operate in this Commonwealth; *Therefore,*

It is Ordered that:

1. The Commonwealth's second interim pooling trial will be implemented in the Pittsburgh area on October 29, 2001.

2. On June 25, 2001, all LNP-capable carriers in the Pittsburgh area shall implement the various preimplementation guidelines set forth in this order.

3. Comments regarding this tentative order be filed with the Commission no later than 15 days after this order is published in the *Pennsylvania Bulletin*. No reply comments will be permitted.

4. A copy of this order be served to all code holders in this Commonwealth, the Office of Consumer Advocate, the Office of Small Business Advocate, the North American Number Plan Administrator, NeuStar and Telecordia Technologies.

²⁰ FCC's Delegation Order supra note 8 at ¶ 63.

5. A copy of this tentative order shall be published both in the *Pennsylvania Bulletin* and on the Commission's website at <http://puc.paonline.com/>.

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Charlotte Ceney; Doc. No. A-00107775C01

Complaint

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania, empowered to regulate motor carriers and brokers within this Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Charlotte Ceney, respondent, maintains a principal place of business at Box 45C, McClelland Road, Finleyville, PA 15332.

2. That all times relevant to this Complaint, respondent held a certificate of public convenience issued by this Commission at Application Docket No. A-00107775.

3. That pursuant to Section 512 of the Public Utility Code, 66 Pa.C.S. § 512, and 52 Pa. Code Chapter 32; respondent is required to maintain evidence of current insurance on file with this Commission.

4. That respondent has failed to maintain evidence of bodily injury and property damage liability insurance and cargo insurance, in violation of the Public Utility Code and regulations cited in Paragraph 3 of this complaint.

5. That as a result of failure to maintain evidence of current insurance on file with this Commission, the Bureau of Transportation and Safety Prosecutory Staff requests that the Secretary of the Commission revoke respondent's certificate of public convenience.

WHEREFORE, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Secretary of the Commission revoke the certificate of public convenience held by Charlotte Ceney at Docket No. A-00107775, for failure to maintain current evidence of insurance on file with the Commission.

Respectfully submitted,
George T. Mahan, Director
Bureau of Transportation and Safety

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
