READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 255—LOCAL COURT RULES

BEAVER COUNTY

Local Custody Rules; No. 12063 of 1999

Order

And Now, this 22nd day of December, 1999, all Local Custody Rules heretofore adopted are rescinded effective the date the new Rules are effective. The new Local Custody Rules, which follow hereto, are hereby adopted.

This Order and the new Local Custody Rules shall be effective thirty (30) days after publication in the *Pennsylvania Bulletin*. The Court Administrator of Beaver County shall submit seven (7) certified copies of this Order and the attachments to the Administrative Office of Pennsylvania Courts, two (2) certified copies to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, one (1) certified copy to the Civil Procedural Rules Committee of the Pennsylvania Supreme Court and one (1) copy to the Prothonotary of Beaver County to be kept for public inspection and copying.

By the Court

ROBERT C. REED,
President Judge

Local Rule 1915.26

1. When a claim for custody, partial custody or visitation is made in a Complaint or a subsequent Petition (including Petition(s) for Contempt of a prior Order) or Counterclaim, such pleading shall be substantially in the form provided by The Pennsylvania Rules of Civil Procedure. Said pleading shall also have attached thereto an Order of Court referring the claim to a Child Custody Conference Officer for a Conciliation Conference. The moving party shall:

a. First secure a date and time for the Conciliation Conference from the Court Administrator's Office;

b. Secure the signature of the Judge on the scheduling Order of Court before the close of Court on the same day the date and time are secured from the Court Administrator's Office;

c. File the original pleading and Order in the Prothonotary's Office;

d. Deposit a clocked copy of the pleading and Order with the Court Administrator's Office, who shall forward the same to the Child Custody Conference Officer, and

e. Serve a clocked copy of the pleading and Order on counsel of record and/or unrepresented parties, with proof of service to be filed in the Prothonotary's Office, and a copy of the proof of service to be provided to the Child Custody Conference Officer at or prior to the time set for the Conference.

2. The Child Custody Conference Officer will convene a Conciliation Conference, as scheduled by the Court, which Conference shall be attended by the parties and their legal counsel, if any. Before counsel appears before the Child Custody Conference Officer, counsel must enter his/her Appearance on the record in the Prothonotary's Office, provide notice to all opposing counsel or party(ies)

and have proof of entry of Appearance available at the Conference. Counsel for the parties, or the parties themselves if unrepresented, are to provide true and correct copies of any exhibits to be shown to the Child Custody Conference Officer at the Conference, to counsel for the opposing party or to the opposing party if unrepresented, at least five (5) days prior to the scheduled Conference. Failure to comply may, at the discretion of the Child Custody Conference Officer, result in the exclusion of the exhibit from consideration, the rescheduling of the Conference to allow the opposing party an opportunity to respond or other action deemed appropriate by the Child Custody Conference Officer, keeping in mind the Officer's need to evaluate the best interest of the child(ren). The parties, counsel and the Child Custody Conference Officer, as mediator or conciliator, shall make a good-faith effort to resolve the issues and reach agreement on custody, partial custody and/or visitation. The Child Custody Conference Officer shall conduct the Conciliation Conference as an informational and conciliatory proceeding rather than confrontational or adversarial.

No scheduled Custody Conference shall be rescheduled by any party or counsel without the prior expressed consent of the opposing party or counsel or Order of Court issued after appropriate notice to the opposing party or counsel.

3. If the parties reach agreement, the Child Custody Conference Officer shall submit an Agreed Order to the Court bearing the written consents, evidenced by signatures of the parties and their counsel, if any. Neither the parties nor counsel need to appear before the Court for the Court's approval of the Agreed Order.

4. If, for any reason, the parties do not reach agreement, the Child Custody Conference Officer shall file a written report with the Court within five (5) business days, unless otherwise extended by agreement of counsel, or the parties if unrepresented. The report shall be in a narrative form and shall include the positions of the parties, proposed settlements of the parties, if any, and the recommendation of the Child Custody Conference Officer, together with reasoning for the recommendations and either a Proposed Order or a proposed Temporary Order. Upon receipt and review of the report, the Court shall issue a Proposed Order or a Temporary Order and promptly provide a copy thereof, together with a copy of the Child Custody Conference Officer's report, except for that portion of the report relating to comments from the minor child(ren), to counsel for the parties, or the parties themselves if not represented by counsel.

5. A Proposed Order shall be entered as a Final Order unless Exceptions thereto are filed by either party within twenty (20) days after the effective date set forth in the Proposed Order. Exceptions may also be filed to a Temporary Order at any time during the existence of the Temporary Order, but the Court will decide whether the Exceptions will be remanded back to the Child Custody Conference Officer for further proceedings and recommendation or set down by the court for a Pre-Hearing Conference as provided for herein. The Court may Order, in any given case, that should Exceptions be filed, the Proposed Order shall be effective as a Temporary Order pending further Order of Court.

6. Exceptions to the Proposed Order or Temporary Order must be in writing and must state, with particularity, the portion(s) of the Order objected to. The Exceptions

must be filed with the Prothonotary, and copies thereof must be delivered forthwith to the Presiding Judge's Chambers, as well as to all counsel and/or unrepresented parties of record.

7. Simultaneously with the Exceptions, a Certificate of Readiness for Trial shall be filed with the Prothonotary and a copy thereof delivered to the Presiding Judge's Chambers, as well as to all counsel and/or unrepresented parties of record. The Certificate of Readiness for Trial shall contain an estimate of trial time.

8. Upon receipt of the Exceptions and the Certificate of Readiness for Trial, the Court will schedule a Pre-Hearing Conference to be attended by all counsel and parties, whether represented by counsel or not. A Pre-Hearing Conference with the Court will be scheduled in every case and will be waived only with the consent of the Court.

9. No later than five (5) days prior to the date scheduled for Pre-Hearing Conference, each attorney and each party not represented by counsel must file a completed Pre-Hearing Information Statement, on or in a form approved by the Court, at the Presiding Judge's Chambers, with copies provided to opposing counsel and/or unrepresented parties of record.

10. Failure of any party, having primary physical custody of a child, to appear at a scheduled Child Custody Conference or Pre-Hearing Conference will result in the scheduling of the matter for a Hearing before the Court and may result in imposition of sanctions by the Court.

11. Failure of any party, not having primary physical custody of a child, to appear at a scheduled Child Custody Conference or Pre-Hearing Conference will result in the Court's entry of a Proposed Final Order or a Temporary Order, as the Court determines to be warranted under the circumstances found to be present.

12. Any party applying to the Court for special relief must comply with Rule 1915.13 Pa.R.C.P. and with Rule L206B of the Local Rules of Civil Procedure.

13. Any party filing Preliminary Objections raising issues of jurisdiction or venue of the court to act, shall, concurrently with filing the same with the Prothonotary, deliver a true and correct copy of the Preliminary Objections to the Judge assigned to handle Custody matters and to opposing counsel and/or to any party not represented by counsel. The Judge will schedule the matter for Argument on a priority schedule to dispose of the issues as expeditiously as possible.

14. In order to facilitate compliance with the requirements of the Uniform Child Custody Jurisdiction Act, a party shall provide the Court with all known information concerning a Custody proceeding pending in another state which involves the same parties or children.

Note

In particular, the Court should be informed of the following: (1) the name and address of the Court in which such case is pending; (2) the caption of such case; (3) the name, address and telephone number of the Judge to whom the case might have been assigned, and (4) any Orders entered in such case. Information provided under this Rule should be submitted in writing and attached to the Complaint/Petition.

Local Rule 1915.27

Any individual who is referred under Neighborhood Legal Services Association's Pro Bono or Reduced-Fee Programs to a participating member of the Beaver County Bar Association for representation as a litigant in a Custody Action and who is certified by NLSA to be income eligible under Legal Services regulations, shall be granted leave to proceed In Forma Pauperis. Counsel representing these individuals shall present to the Prothonotary a Praeceptum for Permission to Proceed In Forma Pauperis, which shall be endorsed by counsel, and which shall have attached to it a Certificate of Eligibility prepared by NLSA. The Praeceptum shall substantially conform to the attached sample.

Any participating member of the Beaver County Bar Association who provides representation to a Custody litigant on a Motion for Special Relief or at a Child Custody Conference pursuant to a referral from NLSA's Pro Bono or Reduced-Fee Programs, shall be permitted to enter a Limited Appearance. The Praeceptum for Entry of Limited Appearance shall substantially conform to the attached sample.

Upon completion of the representation under the above-described referral programs, the attorney shall file a Praeceptum for Withdrawal of Limited Appearance. This Praeceptum shall be filed without leave of Court, and it shall not be required to, but may, contain information about another attorney who may be entering his/her Appearance at the same time. This Praeceptum shall direct the Prothonotary to send all future notices directly to the client and shall set forth the client's last-known address. The Praeceptum for Withdrawal of Limited Appearance shall substantially conform to the attached sample.

Local Rule 1915.28

Educational Seminary Pertaining to Children of Divorcing Parents

All parties to Custody Actions filed on or after June 1, 1994 where the interests of children under the age of eighteen (18) years are involved, shall, unless excused by the Court, complete a program which we have entitled the Educational Seminar Pertaining to Children of Divorcing Parents (the "Seminar").

All parties shall register for the first available Seminar after the date the Defendant has been served with process. Counsel for the Plaintiff shall require the Plaintiff to register for the Seminar and shall have a copy of the attached Notice and Registration Form served on the Defendant at the same time as the Complaint.

Failure of a party to successfully complete the Seminar will result in sanctions by the Court, including Contempt.

Every Complaint in Custody shall set forth in a separate attached statement, the names, addresses and telephone numbers of the parties, and the names and ages of all children under the age of eighteen (18) years. This Rule shall become effective not less than thirty (30) days after the date of publication in the *Pennsylvania Bulletin*.

RULES AND REGULATIONS

Title 31—INSURANCE DEPARTMENT

INSURANCE DEPARTMENT

[31 PA CODE CH. 113]

Consent to Rate Filings

The Insurance Department (Department) hereby deletes Chapter 113, Subchapter A (relating to consent to rate filings) to read as set forth in Annex A.

Statutory Authority

The final-form rulemaking is adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and the Property and Casualty Filing Reform Act (40 P. S. §§ 710-1—710-19).

Comments and Response

Notice of proposed rulemaking was published at 29 Pa.B. 4446 (August 21, 1999) with a 30-day comment period. During the 30-day comment period, no comments were received. During its regulatory review, the Independent Regulatory Review Commission (IRRC) did not submit comments to the Department.

Affected Parties

The deletion of these sections will affect all insurers who are licensed to sell property and casualty insurance in this Commonwealth.

Fiscal Impact

State Government

There will be no increase in cost to the Department due to the deletion of Chapter 113.

General Public

There will be no fiscal impact to the public.

Political Subdivisions

The rulemaking will not impose additional costs on political subdivisions.

Private Sector

Insurance companies that do business in this Commonwealth and write property and casualty insurance policies using the consent to rate provision will not be required to submit the consent to rate form to the Department; thereby, saving the companies expenses associated with preparing and filing the consent to rate form.

Paperwork

The deletion of these sections is expected to decrease paperwork requirements for the affected parties because the deletion eliminates unnecessary reporting requirements for the insurance industry.

Effectiveness/Sunset Date

The rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. Because the rulemaking proposes to delete obsolete regulations, no sunset date has been assigned.

Contact Person

Questions regarding this rulemaking should be directed to Peter J. Salvatore, Regulatory Coordinator, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. In addition, questions or comments may be E-mailed to psalvato@ins.state.pa.us or faxed to (717) 772-1969.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 10, 1999, the Department submitted a copy of the rulemaking published at 29 Pa.B. 4446 to IRRC and to the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee for review and comment. In addition to the submitted rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

In preparing this final-form rulemaking, the Department considered all comments received from IRRC, the Committees and the public. This final-form rulemaking was deemed approved by the House and Senate Committees on December 13, 1999. In accordance with section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), IRRC met on December 16, 1999, and the rulemaking was deemed approved in accordance with section 5.1(e) of the Regulatory Review Act.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code, Chapter 113, are amended by deleting §§ 113.1—113.9 to read as set forth at 29 Pa.B. 4446.

(b) The Commissioner shall submit this order and 29 Pa.B. 4446 to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order and 29 Pa.B. 4446 and deposit them with the Legislative Reference Bureau as required by law.

(d) The order shall take effect upon final publication in the *Pennsylvania Bulletin*.

TITLE 31. INSURANCE

PART IV. LIFE INSURANCE

CHAPTER 84C. VALUATION OF LIFE INSURANCE POLICIES

§ 84c.4. Segmented and unitary reserve methods.

* * * * *

(b) *Contract segmentation method.* The contract segmentation method is the method of dividing the period from issue to mandatory expiration of a policy into successive segments. The segments shall be calculated as follows:

(1) The length of a particular contract segment shall be set equal to the minimum of the value t for which G_t is greater than R_t (if G_t never exceeds R_t the segment length is deemed to be the number of years from the beginning of the segment to the mandatory expiration date of the policy), where G_t and R_t are as follows:

$$G_t = \frac{GP_{x+k+t}}{GP_{x+k+t-1}} \quad R_t = \frac{q_{x+k+t}}{q_{x+k+t-1}}$$

(i) R_t may be increased or decreased by 1% in any policy year, at the company's option, but R_t may not be less than 1.

NOTICES

DEPARTMENT OF AGRICULTURE

Year 2000 Dog Control Facility Bill Reimbursement Grant Program

The Department of Agriculture (Department) gives notice of the guidelines and conditions under which it will award up to \$100,000 in grants under its Year 2000 Dog Control Facility Bill Reimbursement Program (Program). The Program will award bill reimbursement grants of up to \$7,500-per-recipient to humane societies or associations for the prevention of cruelty to animals that meet the guidelines and conditions of this Program. The Program will be funded from the Dog Law Restricted Account, from funds which are surplus funds for the limited purposes set forth in the Dog Law (3 P. S. § 459-1002(b)).

A proposed version of these guidelines and conditions was published at 29 Pa.B. 6028 (November 27, 1999). The Department invited public and legislative review of these proposed guidelines and conditions, in accordance with the regulation at 7 Pa. Code § 23.4 (relating to guidelines and conditions). Comments were received from the Pennsylvania Legislative Animal Network (PLAN), the Humane Society of Harrisburg Area, Inc., the Pennsylvania Federation of Dog Clubs, Inc., the Bucks County Society for the Prevention of Cruelty to Animals and the Clearfield County SPCA. The comments and the Department's responses are summarized as follows:

PLAN and the Humane Society of Harrisburg Area, Inc., recommended the definition of "Humane society or association for the prevention of cruelty to animals" in section 1 (relating to definitions) be revised by deleting the word "otherwise." The Department declines to implement this recommendation. The definition addresses the possibility the statutory definition of "Humane society or association for the prevention of cruelty to animals" could be amended while the Program is in effect. If that occurs, the revised statutory definition—rather than the definition set forth in these guidelines and conditions—shall apply.

The Humane Society of Harrisburg Area, Inc., noted that the eligibility requirements set forth in section 2 would disqualify a humane society or association for the prevention of cruelty to animals from consideration for a grant under the Program if that organization has an annual budget of over \$150,000. The commentator stated that dog control facilities with annual budgets of over \$150,000 might have as much need of grant funds as facilities with annual budgets of less than \$150,000. The commentator also explained that the closure of one of these larger-budget facilities would have more of an adverse impact upon the Department's dog control efforts than would the closure of a smaller-budget facility. The Department declines to revise the eligibility criteria for grants under the Program. The Program is intended to target grant funds to those smaller dog control facilities that make a contribution to the Department's dog control efforts and are in greatest need of grant funds. The Department believes the \$150,000 annual budget cap is a reasonable distinction by which to determine eligibility for Program grant funds.

PLAN suggested the eligibility requirements set forth in section 2 be revised to include "... shelters that have a

staggering debt, even though they may have an operating budget in excess of \$150,000." The Department believes that any eligibility criteria which would obligate the Department to verify or track the debt burden of an applicant would be too cumbersome to be workable.

The Pennsylvania Federation of Dog Clubs, Inc., noted that section 2(c) of the proposed guidelines and conditions (relating to eligibility) required an applicant facility to have accepted at least 100 stray dogs into the facility within the year preceding the application. The commentator further noted that the Dog Law (3 P. S. § 459-1201) provides that cities of the first class, second class and second class A are responsible for dog control within their respective borders, and further provides that cities of the third class have the option to assume this responsibility. Against this backdrop, the commentator suggested section 2(c) be revised to require an applicant facility to have accepted at least 100 stray dogs originating from localities other than cities of the first class, second class or second class A, or cities of the third class that have assumed dog control responsibilities under the Dog Law. The Department accepts this comment and has revised section 2(c) in the final guidelines and conditions accordingly.

PLAN, the Bucks County Society for the Prevention of Cruelty to Animals and the Clearfield County SPCA recommended the maximum grant amount be raised from the \$5,000 amount set forth in section 3 (relating to use of grant funds) of the proposed guidelines and conditions. PLAN and the Bucks County Society for the Prevention of Cruelty to Animals suggested this cap be raised to \$7,500, while the Clearfield County SPCA recommended a cap of \$10,000. The Department considered these comments and revised the final guidelines and conditions to increase the maximum grant amount to \$7,500.

PLAN recommended section 6(d) (relating to termination) be revised to clarify that termination of a grant agreement releases the parties from their respective contractual obligations under that agreement. The Department believes the language of section 6(d) is sufficiently specific in this regard, and declines to implement the commentator's recommendation.

The Department invites applications for grants under the Program, in accordance with the final guidelines and conditions which follow.

Guidelines and Conditions for the Year 2000 Dog Control Facility Bill Reimbursement Grant Program

1. *Definitions.*

The following words and terms, when used in these guidelines and conditions, have the following meanings:

Department—The Pennsylvania Department of Agriculture.

Dog control—The apprehending, holding and disposing of stray or unwanted dogs, or as otherwise defined in the Dog Law (3 Pa.C.S. § 459-102).

Eligible Bill—A document seeking payment for materials, services or utilities from a grant recipient, setting forth the following:

- i. The date the document is issued.
- ii. The name and address of the humane society or association for the prevention of cruelty to animals to which the bill is issued.

iii. If for materials, a description of the materials and the date of delivery.

iv. If for services, a description of the nature of the services and the dates upon which the services were rendered.

v. If for utilities (such as electricity, water, sewer, waste disposal and similar purposes), a statement of the period for which the utility for which payment is sought was provided.

vi. The name, address and telephone number of the entity issuing the document.

Humane society or association for the prevention of cruelty to animals—A nonprofit society or association duly incorporated under 15 Pa.C.S. Ch. 53 Subch. A (relating to incorporation generally) for the purpose of prevention of cruelty to animals, or as otherwise defined in the Dog Law.

Program—The Year 2000 Dog Control Facility Bill Reimbursement Program.

2. Eligibility.

A humane society or association for the prevention of cruelty to animals is eligible to apply to receive a grant under the Program if that humane society or association for the prevention of cruelty to animals:

a. Has been in operation for at least 1 year immediately preceding the application date.

b. Has performed dog control functions for at least 1 year immediately preceding the application date.

c. Has, in the performance of its dog control functions, accepted at least 100 stray or unwanted dogs into its facility within the year immediately preceding the application date, with at least 100 of these dogs originating from locations other than the following:

i. A city of the first class.

ii. A city of the second class.

iii. A city of the second class A.

iv. A city of the third class that has adopted its own dog licensing ordinance and assumed responsibility enforcement under the Dog Law.

d. Is not a party to a contract with the Department under which the Department pays that humane society or association for the prevention of cruelty to animals for dog control activities performed in the year 2000.

e. Agrees—as a condition of receiving any grant money under the Program—to continue to perform dog control activities through the year 2000.

f. Has a total operating budget of \$150,000 or less for the 2000 calendar year or, if its budget is on a basis other than calendar year, has a total operating budget of \$150,000 or less for each fiscal year comprising any portion of calendar year 2000.

3. Use of Grant Funds.

The Department will allocate a specific maximum grant amount to a successful grant applicant through a written grant agreement. This maximum grant amount will be specified in the grant agreement, and will not exceed \$7,500 with respect to an application. The maximum grant amount will be retained by the Department and used to reimburse the grant recipient for eligible bills the grant recipient has paid with respect to materials, services or utilities provided to the grant recipient from January 1, 2000 through December 31, 2000. The total

reimbursement the Department will pay a grant recipient will not exceed the maximum grant amount. Any money remaining in a grant allocation beyond the termination date of the grant agreement will lapse into the Dog Law Restricted Account. If a bill covers materials, services or utilities provided, in whole or in part, before January 1, 2000 or after December 31, 2000, that bill is not an eligible bill and will not be reimbursed by the Department under the Program.

4. Application Process.

a. *Application required.* A humane society or association for the prevention of cruelty to animals seeking a grant under the Program must complete a written application form and deliver it to the Department no later than February 14, 2000. Applications received by the Department beyond that date will not be considered.

b. *Obtaining an application form.* The Department will provide grant application forms upon request. Requests for application forms should be directed to Richard Hess, Director, Bureau of Dog Law Enforcement, Department of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408; telephone: (717) 787-4833, Fax: (717) 772-4352.

c. *Contents of grant application form.* A grant application form shall require the following information:

i. The name and address of the applicant.

ii. Information to verify that the applicant is a humane society or association for the prevention of cruelty to animals and otherwise meets the eligibility requirements set forth in paragraph 2, above.

iii. The maximum grant amount sought by the applicant—not to exceed \$7,500.

iv. A description of the eligible bills for which the grant applicant intends to seek reimbursement, including a description (and copies, if available) of bills received by the applicant in 1999 for the same type of materials, services or utilities for which reimbursement will be sought under the grant agreement.

v. Other information the Department might reasonably require.

5. Review and approval of grant application.

a. *Review and notification.* The Department will review each timely grant application and provide the applicant written notification of whether the Department awards the grant, denies the grant or awards a grant in some amount less than the applicant sought. This written notification will be mailed no later than February 29, 2000, to the address provided by the applicant on the grant application form. If an application is incomplete or the Department requires additional information or documentation to evaluate the grant request, it will so advise the applicant.

b. *Review criteria.* The Department will consider the following, among other factors, in determining whether to award a grant application:

i. The number of applications received and the availability of funds for the grants sought.

ii. The relative contribution of the applicant to dog control activities in the area it serves.

iii. The relative contribution of the applicant to dog control as compared to the relative contribution of other applicants.

iv. The relative importance of the grant to the continued operation of the applicant's dog control facility.

v. The expense or logistical difficulty the Department would encounter if the applicant's dog control facility was no longer in operation.

6. *Grant agreement.*

a. *Grant agreement required.* A successful grant applicant must execute a grant agreement with the Department, setting forth the terms and conditions under which the grant money will be used by the Department to reimburse the grant recipient for payment of eligible bills.

b. *Reimbursement requests.* The grant agreement will set forth the exact procedure by which a grant recipient shall seek reimbursement from the Department for payment of eligible bills. The basic reimbursement request procedure will be as follows:

By May 15, 2000 the grant recipient will:

(1) Deliver copies of the eligible bills it has paid between January 1 and April 30, 2000.

(2) Verify that these bills have been paid and are eligible for reimbursement.

(3) Provide a detailed report of the dog control activities performed by the successful applicant during the referenced 4-month period.

By September 15, 2000 the grant recipient will:

(1) Deliver copies of the eligible bills it has paid between May 1 and August 31, 2000.

(2) Verify that these bills have been paid and are eligible for reimbursement.

(3) Provide a detailed report of the dog control activities performed by the successful applicant during the referenced 4-month period.

By January 15, 2001 the grant recipient will:

(1) Deliver copies of the eligible bills it has paid between September 1 and December 31, 2000.

(2) Verify that these bills have been paid and are eligible for reimbursement.

(3) Provide a detailed report of the dog control activities performed by the successful applicant during the referenced 4-month period.

c. *Payment by the Department.* The Department will reimburse a grant recipient for eligible bills within 60 days of receiving a complete and timely reimbursement request.

d. *Termination.* The Department may terminate a grant agreement at any time by providing the grant recipient written notice of termination at the address set forth on the grant application.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated the EPA, Region III, Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Applications under the Pennsylvania Clean Streams Law (Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

INDIVIDUAL PERMITS (PAS)

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and who require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or

other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(l)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Pfizer, Inc., Washington Township, **Lehigh County**. Steven F. Kemp, Principal, Environmental Engineering, Pfizer Inc., 235 East 42nd Street, New York, NY 10017 has submitted a Notice of Intent to Remediate concerning the remediation of site soils, sediments and groundwater suspected to be contaminated with lead and other metals, solvents, petroleum hydrocarbon compounds, polycyclic aromatic hydrocarbons and BTEX compounds (benzene, toluene, ethylbenzene and xylenes). The applicant proposes to remediate the site to meet the Statewide health standard. A Final Report was simultaneously submitted. See additional *Pennsylvania Bulletin* notice.

Pennsylvania Power & Light Company (PP&L)—Distribution Pole #71189S53648 (Rt. 611), Lower Mount Bethel Township, **Northampton County**. PP&L, Environmental Management Division, 2 North Ninth Street, Allentown, PA 18101 has submitted a Notice of Intent to Remediate concerning the remediation of site soils found to be contaminated with PCBs (polychlorinated biphenyls). The applicant proposes to remediate the site to meet the Statewide health standard. This is a correction to a previous notice which incorrectly listed the site as being located in Bangor Borough.

Paradise Lake Retreat Center, Lehman Township, **Pike County**. Dan Kellam, Northeast Environmental Management, RR-3, Box 267, Harveys Lake, PA 18618 has submitted a Notice of Intent to Remediate (on behalf of his client, Paradise Lake Retreat Center, Box 252, Bushkill, PA 18324) concerning the remediation of site soils and groundwater suspected to be contaminated with no. 2 home heating oil compounds. The applicant proposes to remediate the site to meet the Statewide health standard. A Final Report was simultaneously submitted. See additional *Pennsylvania Bulletin* notice.

Northwest Regional Office: Craig Lobins, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

Crawford County Properties, Inc., 345 Rogers Ferry Road, Meadville, PA 16335, former Spaulding's Property, **County of Crawford**, City of Meadville, has submitted a

Notice of Intent to Remediate groundwater and soil. The site has been found to be contaminated with lead, heavy metals and solvents. The applicant proposes to remediate the site to meet the Statewide health standard. The Notice of Intent to Remediate was published in the *Meadville Tribune* on November 9, 1999.

SOLID AND HAZARDOUS WASTE

BENEFICIAL USE DETERMINATIONS

Request for determination of applicability received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

Central Office: Bureau of Land Recycling and Waste Management, Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.

Receiving an application from **Western Berks Water Authority**, 91 Water Road, Sinking Spring, PA 19608-9633, for determination of applicability on **Permit No. WMGR017** issued to **City of Lebanon** for use of drinking water treatment plant sludge as a soil additive on agricultural lands. The Department accepted the application as administratively complete on December 28, 1999.

Received an application from **Clearfield Asphalt & Construction Supply, Inc.**, R. D. 1, Box 179, Curwensville, PA 16833, for determination of applicability on **Permit No. WMGR019** issued to the Pennsylvania Foundrymen's Association for beneficial use of waste foundry sand as aggregate in road construction and concrete building material. The Department accepted the application as administratively complete on December 6, 1999.

RESIDUAL WASTE PROCESSING FACILITIES

Determination of applicability requested under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and the residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

Central Office: Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.

Determination of applicability requested under **General Permit No. WMGR029, RecOil**, 280 East Street, York, PA 17403. General Permit Number WMGR029D003 for the operation of a transfer facility at 170 Transport Road in Bedford, PA for the processing of waste oil (including waste oil mixed with hazardous waste regulated under 25 Pa. Code § 261.5), spent antifreeze, and waste oil/water mixtures prior to beneficial use. The Department accepted the application as administratively complete on January 4, 2000.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications submitted under the Solid Waste Management Act (35 P. S. § 6018.1003) and regulations to operate or close solid waste processing or disposal area or site.

Regional Office: Regional Solid Waste Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

A. 101671. Parks Transfer Station, Park's Garbage Service, Inc. (P. O. Box 218, Mount Union, PA 17066). Application for proposed transfer station for a site in Shirley Township, **Huntingdon County**. Application determined to be administratively complete in the Regional Office December 29, 1999.

Permit No. 101100. Mountain View Reclamation Landfill, Waste Management Disposal Services of Pennsylvania, Inc. (9446 Letzburg Road, Greencastle, PA 17225). Application for the Eastern Soil Borrow Area for a site in Antrim and Montgomery Townships, **Franklin County**. Application determined to be administratively complete in the Regional Office December 27, 1999.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is con-

structed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

54-313-061A: Air Products & Chemical Co. (P. O. Box 351, Tamaqua, PA 18252) for operation of a cylinder evacuation system in Rush Township, **Schuylkill County**.

54-318-008B: Air Products & Chemical Co. (P. O. Box 351, Tamaqua, PA 18252) for operation of a paint spray system in Rush Township, **Schuylkill County**.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

59-304-008B: ACP Mfg. Co., LLC (P. O. Box 9, Blossburg, PA 16912) to administratively amend the respective operating permit to incorporate requirements established in Plan Approval 59-304-008D for a core-making machine and associated air cleaning device (a packed bed scrubber) in Lawrence Township, **Tioga County**. The volatile organic compound emissions from the core-making machine will not exceed 13.65 tons in any 12 consecutive month period, the emission of any single hazardous air pollutant will not exceed 2.0 tons in any 12 consecutive month period and the total combined emission of all hazardous air pollutants will not exceed 13.0 tons in any 12 consecutive month period.

City of Philadelphia: Air Management Services, 321 University Avenue, Philadelphia, PA 19104, (215) 685-7584.

S95-060: Anchor Dye & Finishing Co., Inc. (Adams Avenue and Leiper Street, Philadelphia, PA 19124) for operation of a textile manufacturing facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include 300 HP, 400 HP, and 600 HP boilers, two dryers, spray gun cleaners, and four cyclones as control devices for wool flock collection systems.

S97-012: Hahnemann University Hospital (Broad and Vine Streets, Philadelphia, PA 19102) for operation of a hospital in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 200 lbs/hr pathological incinerator, four <5 MMBTU/hr boilers, nine emergency generators and three fire pumps.

S95-067: Ryder Truck Rental, Inc. (9751 Blue Grass Road, Philadelphia, PA 19114) for operation of a truck renting and leasing facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a paint booth.

S95-040: SmithKline Beecham Pharmaceuticals (1500 Spring Garden Street, Philadelphia, PA 19130) for operation of offices and warehouse operations from mail, packaging components and paper, and unassigned space in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two 33.5 MMBTU/hr boilers and one emergency generator.

N97-009: Belmont Center for Comprehensive Treatment (4200 Monument Avenue, Philadelphia, PA

19131) for operation of a psychiatric hospital in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two 200 HP boilers, one 45 HP boiler, and one emergency generator.

N98-001: Consolidated Drake Press (5050 Parkside Avenue, Philadelphia, PA 19131) for operation of a commercial printing facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include five non-heatset sheetfed offset lithographic printing presses and two 70 HP boilers.

N96-046: National Publishing Co. (11311 Roosevelt Boulevard, Philadelphia, PA 19154) for operation of a facility that prints and publishes bibles and books in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 10 MMBTU/hr boiler, a 6.7 MMBTU/hr boiler, eight 275,000 BTU/hr space heaters, two heatset web offset presses and ovens, and two aqueous-based spray booths.

N95-062: Simkar Corp. (601 East Cayuga Street, Philadelphia, PA 19120) for operation of a facility that manufactures lighting fixtures in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 4.5 MMBTU/hr paint bake and part dryoff oven, a 1.2 MMBTU/hr boiler, a 7.5 MMBTU/hr boiler, a manual powder spray booth and an automatic powder spray booth.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted below. For additional information, contact the regional office noted below.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least thirty days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, Attn: Michael Safko, (570) 826-2531.

54-00022: Alumax Extrusions, Inc. (53 Pottsville Street, Cressona, PA 17929-0129) for secondary aluminum production in Cressona Borough, **Schuylkill County**.

48-00043: Formica Corp. (Route 512, P. O. Box 176, Mt. Bethel, PA 18343-0176) for manufacturing of solid surface products in Upper Mt. Bethel Township, **Northampton County**.

V99-002: ST Services Terminal (67th Street and the Schuylkill River, Philadelphia, PA 19153) for operation of a bulk liquid storage and distribution terminal in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 30 MMBTU/hr thermal fluid heater, a 20 MMBTU/hr thermal fluid heater, a vapor incinerator, 12 petroleum products storage tanks, truck loading, non-gasoline marine loading, barge cleaning and wastewater treatment.

V95-088: Tasty Baking Co. (2801 Hunting Park Avenue, Philadelphia, PA 19129-1392) for operation of a baked goods making facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 15 MMBTU/hr boiler, a boiler that is limited to 49 MMBTU/hr, a 3950 kW cogen unit turbine, an emergency generator, and two donut fryers.

PLAN APPROVALS

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

60-318-010: Nickelson Plastics, Inc. (P. O. Box 459, Osceola, WI 54020-0459) for construction of a metal playground equipment parts surface coating operation in Buffalo Township, **Union County**.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Proposed Revision to the State Implementation Plan for Oxides of Nitrogen and Volatile Organic Compounds and Notice of Public Hearing

Approval of an amendment of a Reasonably Available Control Technology (RACT) plan for **Yorktowne, Inc.** in Mifflinburg Borough, **Union County**.

The Department of Environmental Protection (Department) has made a preliminary determination to approve an amendment of a RACT plan and an amendment to the State Implementation Plan (SIP) for a wood cabinet manufacturing facility owned and operated by Yorktowne, Inc. in Mifflinburg Borough, Union County.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in the amendment of the RACT approval for the facility which are intended to comply with current regulations.

The preliminary RACT determination, if finally approved, will result in the revision of Operating Permit OP-60-0002 issued November 30, 1995, and will be

submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's SIP.

The following is a summary of the preliminary RACT determination which the Department proposes to incorporate into Operating Permit OP-60-0002, as a revision to that permit, for three 5 million BTU per hour wood-fired boilers, one 14.67 million BTU per hour No. 2 fuel oil-fired boiler, one .937 million BTU per hour No. 2 fuel oil-fired heater, two 1.269 million BTU per hour No. 2 fuel oil-fired heaters and 2 solvent cleaning sinks:

- The total combined potential to emit volatile organic compounds from each of the following two source categories shall never exceed 3 pounds per hour, 15 pounds per day or 2.7 tons per 12 consecutive month period.

- 1) No. 2 fuel oil-fired boiler and three No. 2 fuel oil-fired heaters

- 2) Two solvent cleaning sinks

- The three wood-fired boilers shall be operated in accordance with manufacturer's specifications and good air pollution control practices. Additionally, the permittee shall perform an annual inspection and tune-up on each of the respective three boilers and the total combined volatile organic compound emissions from all three boilers shall never exceed 27.5 tons in any 12 consecutive month period.

One public hearing will be held for the purpose of receiving comments on the proposed operating permit revision and the proposed SIP revision. The hearing will be held on February 22, 2000 at 1 p.m. at the Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (570) 327-3659 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Daniel Spadoni at (570) 327-3659 or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to David W. Aldenderfer, Air Quality Environmental Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments must be received by March 8, 2000.

All pertinent documents are available for review from 8 a.m. to 4 p.m. in the Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling (570) 327-3693.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.31); the

Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment ap-

proval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

INDIVIDUAL PERMITS

(PAR)

APPROVALS TO USE NPDES AND OTHER GENERAL PERMITS

The following parties have submitted (1) Notices of Intent (NOIs) for coverage under General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permits for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8 and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

The Department of Environmental Protection has acted on the following requests for coverage under the specified General Permit as follows:

HAZARDOUS SITES CLEAN-UP

Under the Act of October 18, 1988

Notice of Administrative Record Reopening

National Granulating Company, Inc.

(a.k.a. Washington Tire Fire)

City of Washington, Washington County

This notice is to advise that the Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), is reopening the administrative record in support of its HSCA prompt interim response at the National Granulating Company, Inc. site. The site is located in the City of Washington, Washington County, PA

The Department is reopening the administrative record under section 506(g) of HSCA (35 P. S. § 6020.506(g)) and is doing so for the following reasons:

(1) additional information which the Department has determined to be of central relevance to the selected action was obtained during the implementation of the response action; and

(2) the Department wishes to document further its response costs.

The Department previously opened the administrative record for this site for public review and comment from May 17, 1997 through August 18, 1997 and from April 3, 1999 through June 28, 1999. The Department now wishes to provide the public opportunity to review and comment on the new information it is including in the administrative record with this reopening.

The new information being added to the administrative record is available for public review and comment for a 60-day period at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Monday through Friday, from 8 a.m. to 4 p.m.

The new information contained in the administrative record will be open for public review and comment from January 15, 2000 until March 15, 2000. Persons may submit written comments regarding the new information during this time period only and may send them to Terry E. Goodwald at 400 Waterfront Drive, Pittsburgh, PA 15222-4745; or they may deliver the comments to this office in person.

If requested, the Department will conduct a public hearing where persons may present oral comments regarding the new information now being included in the administrative record. A request for a public hearing must be in writing and must be postmarked no later than February 14, 2000. The request should be mailed to Terry E. Goodwald, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. A public hearing will not be held if the Department does not receive a written request by the date specified above.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Thomas Saylor Property, Horsham Township, **Montgomery County.** Philip F. Gray, Jr., Storb Environmental Inc., 410 North Easton Road, Willow Grove, PA 19090, has submitted a Final Report concerning remediation of

site soil contaminated with BTEX and petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

F. P. Woll & Co., City of Philadelphia, **Philadelphia County**. Craig M. Hopkins, RT Environmental Services, Inc., Suite 306, Pureland Complex, 510 Heron Drive, P. O. Box 521, Bridgeport, NJ 08014, has submitted an addendum to a previously submitted Final Report concerning remediation of site groundwater contaminated with solvents, BTEX and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Transit America, Inc., City of Philadelphia, **Philadelphia County** and Lower Moreland Township, **Montgomery County**. Robert S. Hyams, Transit America, Inc., One Red Lion Road, Philadelphia, PA 19115, has submitted a Groundwater Final Report concerning remediation of site groundwater contaminated with BTEX and solvents. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediations Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediations Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site

investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plans or report appears. If information concerning a plan or report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has acted upon the following plans and reports:

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Carbondale Industrial Development Authority, Borough of Carbondale, Lackawanna County. Craig Robertson, Groundwater Sciences Corporation, 2601 Market Place Street, Suite 310, Harrisburg, PA 17110-9307 submitted a Baseline Environmental Report (on behalf of his client, Carbondale Industrial Development Authority, 1 North Main Street, Carbondale, PA 18407) concerning the characterization and remediation of site soils and groundwater found to have been contaminated with metals, solvents, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Special Industrial Area standard and was approved on August 18, 1998. The Consent Order and Agreement was executed on September 4, 1998, and a letter approving completion of cleanup activities was dated December 22, 1999.

SOLID AND HAZARDOUS WASTE

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Permits issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and regulations to operate solid waste processing or disposal area or site.

Regional Office: Northeast Regional Office, Regional Solid Waste Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-

3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification unless specifically stated in the description.)

Environmental Stewardship and Watershed Protection (Growing Greener) Notice of Additional Grant Workshop

The Department of Environmental Protection (Department) has scheduled an additional location for Growing Greener grant workshops for Tuesday, January 25, 2000, in Westmoreland County. The purpose of the workshops is to help educate the public about the application process and what types of projects will be accepted.

The Department will offer an afternoon session at 1:30 p.m. and an evening session at 7 p.m. at the following location:

Four Points Hotel by Sheraton
100 Sheraton Drive
Route 30 East

2000 Sunset Review Schedule

This schedule lists the Department of Environmental Protection's (Department) regulations, by chapter, that are anticipated to be reviewed in 2000. The sunset schedule is published annually and includes Title 25 *Pennsylvania Code* chapters that the Department plans to review. Review includes determining whether the regulations effectively fulfill the goals for which they were intended and remains consistent with the following principles contained in Executive Order 1996-1 (Regulatory Review and Promulgation):

1. Regulations shall address a compelling public interest.
2. Costs of regulations shall not outweigh their benefits.
3. Regulations shall be written in clear, concise and, when possible, nontechnical language.
4. Regulations shall address definable public health, safety, or environmental risks.
5. Where federal regulations exist, Pennsylvania's regulations shall not exceed Federal standards unless

justified by a compelling and articulable Pennsylvania interest or required by State law.

6. Compliance shall be the goal of all regulations.

7. Where viable nonregulatory alternatives exist, they shall be preferred over regulations.

8. Regulations shall be drafted and promulgated with early and meaningful input from the regulated community.

9. Regulations shall not hamper Pennsylvania's ability to compete effectively with other states.

10. All agency heads shall be held directly accountable for regulations promulgated by their respective agencies.

The chapters listed are anticipated to be reviewed by the Department in 2000. If regulatory amendments are proposed, those amendments will be reviewed by the appropriate advisory committees as outlined in the Department's Regulatory Agenda which is published semiannually in February and July.

Both the Sunset Review Schedule and the Regulatory Agenda are available on the Department's web site at <http://www.dep.state.pa.us> (under Public Participation Center).

DEPARTMENT OF HEALTH

Grant Application for 2000 under Title II of the Ryan White Comprehensive AIDS Resources Emergency Act of 1990; Public Hearing

The Department of Health, Bureau of Communicable Diseases (Department) is applying for a grant from the United States Department of Health and Human Services

under Title II of the Ryan White Comprehensive AIDS Resources Emergency Act of 1990 (Ryan White CARE Act) 42 U.S.C.A. § 300ff-21—300ff-30 amended by, the Ryan White CARE Act Amendments of 1996, P. L. 104-146 (110 Stat. 1346). The grant is to be used for improving the quality, availability and organization of health care support services for individuals with HIV disease and the families of those individuals.

In accordance with section 3(c)(4)(B) of the Ryan White CARE Act Amendments, P. L. 104-146, § 3(c)(4)(B), 110 Stat. 1346, 1355 (amending section 2617(b)(3)(A) of the Ryan White CARE Act, 42 U.S.C.A. § 300ff-27(b)(A)), the Department is conducting a public hearing to solicit comments on how it should utilize the portion of the grant money under Title II that is to be dedicated to specific program areas. Specifically, the Department intends to use funds awarded to it under Title II of the Ryan White CARE Act, as amended, in accordance with two of the five possible program areas specified in that act:

1. *HIV Care Consortia*: To establish and operate, within areas most affected by HIV disease, HIV care consortia designed to provide a comprehensive continuum of care to individuals and families with HIV disease, Ryan White CARE Act Amendments, P. L. 104-146, § 3(c)(2)(A) (amending 42 U.S.C.A. § 300ff-22(a)(1)); and,

2. *Provision of Treatments*: To provide therapeutics (including devices necessary to administer such pharmaceuticals) to treat HIV disease or prevent the serious deterioration of health including treatment of opportunistic infections, Ryan White CARE Act Amendments, P. L. 104-146, § 3(c)(A), amending 42 U.S.C.A. § 300ff-22(a)(4).

The hearing will be held from 10:30 a.m. to 12:30 p.m. on Wednesday, January 26, 2000, in the First Floor Conference Room, 2635 Paxton Street, Harrisburg, PA 17111, and is subject to cancellation without further notice.

In addition, the Department will accept written comments on how the portion of the grant money that is to be dedicated to these two specific program areas shall be utilized until 4 p.m. on March 31, 2000. These written comments should be sent to the Bureau of Communicable Diseases at the address noted.

For additional information or to obtain copies of the Department's grant application, contact the Department of Health, Bureau of Communicable Diseases, P. O. Box 90, Harrisburg, PA 17108, (717) 783-0479. Persons with a disability who require an alternate format of the Department's grant application, who desire to comment in an alternate format (for example, large print, audio tape, Braille), or who require an auxiliary aid service or other accommodation to attend the hearing, should notify Bonnie Brautigam, Bureau of Communicable Disease, Division of HIV/AIDS, V/TT (717) 783-6514 for Speech and/or Hearing Impaired Persons or the Pennsylvania AT&T Relay Services at (800) 654-5984 [TT].

DEPARTMENT OF TRANSPORTATION

Contemplated Sale of Land No Longer Needed for Transportation Purposes

Notice is hereby given that The Department of Transportation, pursuant to 71 P. S. § 513(e)(7), intends to sell certain land owned by the Department.

The following property is available for sale by the Department.

Parcel No. 6—Center Township, Beaver County. This parcel contains approximately 10,599 square feet of improved land with a one (1) story frame dwelling. The property address is 106 Maple Drive, Monaca, PA 15061. The property will be sold in "as is condition". The estimated fair market value of the parcel is \$37,500.00. It has been determined that the land is no longer needed for present or future transportation purposes.

Interested public entities are invited to express their interest in purchasing the site within thirty (30) calendar days from the date of publication of this notice to: Raymond S. Hack, District Engineer, Pennsylvania Department of Transportation, Engineering District 11-0, 45 Thoms Run Road, Bridgeville, PA 15017.

ENVIRONMENTAL QUALITY BOARD

Acceptance of Rulemaking Petitions for Study

At the December 21, 1999, meeting of the Environmental Quality Board (Board), the Board accepted two rulemaking petitions for study under 25 Pa. Code, Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy).

The petitions request changes to the designated uses for Crum Creek in Chester and Delaware Counties and Green Lick Run in Fayette County. The Crum Creek petition was submitted by the Willistown Conservation Trust and 11 copetitioners, and it requests a redesignation of the stream from Cold Water Fishes (CWF) and High Quality-Cold Water Fishes (HQ-CWF) to Exceptional Value Waters (EV). The Green Lick Run petition, submitted by the Rural Area Concerned Citizens (RACC), asks that the water body be upgraded from CWF to EV.

The Department of Environmental Protection (Department) is evaluating all available data to determine the scope of its stream assessments on the petitioned streams. Public notice will be given before the Department conducts the stream assessments. The public notice will provide an opportunity for persons to make technical data concerning the streams available to the Department. Changes that are recommended to the existing designations of these streams following the evaluations will be proposed for rulemaking with an opportunity for additional public comment. It should be noted that stream assessments are currently on hold until the Department

determines the impacts of the 1999 drought on the aquatic communities and when representative samples can be obtained.

Copies of the petitions are available from the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526, e-mail RegComments@dep.state.pa.us.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing, as authorized by the act of June 17, 1998 (P. L. 464, No. 68)

in connection with their company's termination of the insured's automobile policies. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). All administrative hearings are held in the Insurance Department Offices in Philadelphia, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearings will be held in the Room 1701, State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Denise E. Torres; file no. 99-267-34829; State Farm Mutual Insurance Co.; doc. no. PH99-12-028; March 6, 2000, at 9 a.m.;

Appeal of Giovanna Gregin; file no. 99-215-34750; Keystone Insurance Company; doc. no. PH99-12-027; March 6, 2000, at 11 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY AND DEPARTMENT OF ENVIRONMENTAL PROTECTION

Clean Water State Revolving Fund Projects; Public Hearing on Federal FY 2000 and 2001 Project Priority List and FY 2000 Intended Use Plan

Notice is hereby given that the Pennsylvania Infrastructure Investment Authority (PENNVEST) and the Department of Environmental Protection (DEP) have prepared a combined Federal fiscal year 2000 and 2001 wastewater construction Project Priority List (PPL) and the fiscal year 2000 Intended Use Plan (IUP) list of municipal wastewater projects to be considered for a construction loan from funds Pennsylvania expects to receive from fiscal year 2000 funds approved by Congress to capitalize the Clean Water State Revolving Fund (CWSRF) program.

The projects included on the PPL have a project priority rating under DEP's regulations as set forth in Chapter 103 relating to project priority rating system, and as such, regulations have been approved by EPA for such purpose. The Clean Water Act stipulates that States must maintain a PPL of municipal wastewater projects from which to develop the annual CWSRF IUP list of projects to be funded.

Projects listed on the FY 2000 IUP list are on Pennsylvania's CWSRF PPL and are expected to proceed to construction in the near future. Other projects on the PPL are projects that are in development or will be developed for future construction loan consideration. Any project removed from an IUP is maintained on the PPL unless otherwise completed.

A project must appear on the approved IUP before it can receive a loan from the CWSRF. The CWSRF IUP was developed in accordance with the ranking criteria listed in Section 10(b) of the Pennsylvania Infrastructure Investment Authority Act (35 P.S. §§ 751.1—761.21). These ranking criteria differ somewhat from the DEP regulations set forth in Chapter 103 (relating to project priority rating system), as does the methodology used to evaluate projects. In addition, a project's readiness to proceed and the reasonable availability of alternative funds also have a bearing on project selection for the IUP. Consequently, the rank ordered list of projects on the PPL does not dictate the order in which they will be chosen for inclusion in the IUP.

The FY 2000 CWSRF IUP has 37 municipal wastewater construction projects listed with a total dollar value of approximately \$100 million. The CWSRF will be capitalized with approximately \$53.3 million of Federal FY 2000 funds from EPA and \$10.7 million of State funds. Some \$36 million of CWSRF loan repayments will be used to allow additional project funding opportunities on the FY 2000 IUP. Some \$2.1 million of the Federal FY 2000 funds will be set aside for program administration costs. A public hearing will be held, as described below. After the public hearing and assessment of the comments

received, the final FY 2000 CWSRF IUP will be completed; potentially, it may include other projects from the CWSRF PPL.

Federal guidance and regulations on development of the CWSRF PPL and Intended Use Plan direct that the lists be subject to public comment and review before being submitted to EPA.

DEP has scheduled a public hearing for 10 a.m., February 23, 2000, in the Auditorium of the Rachel Carson State Office Building, located at 400 Market Street, Harrisburg, PA. The hearing is scheduled for the purpose of receiving comments from the public regarding the combined fiscal year 2000/2001 CWSRF PPL and the FY 2000 CWSRF IUP. Interested persons are invited to express their views at the public hearing. Persons wishing to offer comments should contact the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, (717) 787-6744, or by Internet E-mail (Maisano.Tony@dep.state.pa.us) by 4 p.m., February 22, 2000. Where written statements are prepared and will be submitted at the hearing, speakers will be asked to restrict the oral portion of the statement to a summary of the written comments. Speakers will be called to present their comments generally in the order of receipt of the notice of intent to appear at the hearing.

It is not necessary to appear at the public hearing to present comments. Interested persons may submit written comments to DEP at the address shown above. The written comments will be considered equivalent to oral statements presented at the hearing. To be considered by DEP and PENNVEST, the written comments must be received by the Administrative Services Section on or before the date of the hearing.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Tony Maisano at the address noted above or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how DEP may accommodate their needs.

The FY 2000/2001 CWSRF PPL and FY 2000 CWSRF IUP list of projects follow this notice. Copies of these lists, as well as the narrative portion of the CWSRF IUP, are available for public review in the offices listed at the end of this notice. In addition, based on new or additional information related to project ratings or other relevant factors, prior fiscal year IUP lists have been revised and are available by contacting these same offices.

City of Philadelphia Year 2000 Taxicab Medallion Auction

The Pennsylvania Public Utility Commission (Commission) announces that on February 11, 2000, it will conduct a sale by competitive sealed bid of the right to hold each of approximately 161 taxi medallions for the City of Philadelphia. All interested parties will submit a sealed bid for any number of taxi medallions under instructions provided. All eligible applicants are hereby notified that in order to participate in the medallion sale they must obtain a Medallion Bid Information Packet, which contains material that explains the sale process, bid requirements and the conditions to be met by successful bidders. The Medallion Bid Information Packet is available now at the following location: Pennsylvania Public Utility Commission, Bureau of Transportation & Safety, 700 Packer Ave., Philadelphia, PA 19148.

Prospective bidders must submit a notarized statement to the address provided in the information packet, on their financial institution's stationery, that certifies the funds available to the bidder. This statement must be postmarked no later than January 21, 2000.

All bids must be submitted to the Commission, at the address provided in the information packet. Bids must be received not later than close of business February 11, 2000. Representatives of the Commission's Bureau of Administrative Services and other agencies designated by the Commission will open, evaluate and read each bid submitted and otherwise conduct the medallion sale. The Bureau of Administrative Services will notify successful bidders by mail on February 18, 2000. Published bid results will be displayed at the location listed above and the Commission's website on February 18, 2000.

Information concerning the medallion auction may be obtained at the Commission's website at <http://puc>.

paonline.com. Questions regarding the auction may be sent by e-mail to mauction@puc.state.pa.us.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
