READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

DEPARTMENT OF AGRICULTURE

Licensure of Retail Food Facilities Order

Recitals

A. The Retail Food Facility Safety Act (Act) (3 Pa.C.S. §§ 5701—5714) is effective as of January 22, 2011.

B. The Act prescribes standards, responsibilities and requirements relating to the licensure, inspection and safe operation of retail food facilities within the Commonwealth of Pennsylvania.

C. The Act (at 3 Pa.C.S. § 5702) designates the Department of Agriculture (Department) as a “licensor” of certain retail food facilities that are not licensed by designated county health departments or other local health departments or health authorities.

D. The Act (at 3 Pa.C.S. § 5703(b)) affords licensors of retail food facilities discretion to exempt certain specified types of retail food facilities from having to obtain a license. Where the licensor is the Department, the exemption must be accomplished by Order of the Secretary, published in the *Pennsylvania Bulletin*.

E. It is the intention of the Department to exempt certain types of retail food facilities from the licensure requirements of the Act.

Order

Under authority of the Act (3 Pa.C.S. § 5703(b)), and with the foregoing recitals incorporated into this Order, the Department hereby orders the following:

1. A retail food facility is exempt from having to obtain the retail food facility license required under the Act (3 Pa.C.S. § 5703(a)) if both of the following are accurate:

a. The Department would otherwise be the licensor under the act with respect to that food facility.

b. The food facility is one of the following, as described in the Act at 3 Pa.C.S. § 5703(b)(1)(i)—(vi):

i. A food bank owned by a charitable nonprofit entity and operated for charitable or religious purposes.

ii. A soup kitchen owned by a charitable nonprofit entity and operated for charitable or religious purposes.

iii. A retail food facility that operates on no more than 3 days each calendar year.

iv. A school cafeteria.

v. A retail food facility that is owned by a charitable nonprofit entity and that is one or more of the following:

A. Managed by an organization which is established to promote and encourage participation or support for extra-curricular recreational activities for youth of primary and secondary public, private and parochial school systems on a not-for-profit basis. This subparagraph does not apply to organized camps.

B. Offers only foods that are nonpotentially hazardous foods or beverages.

vi. A retail food facility in which food or beverages are sold only through a vending machine.

2. A retail food facility that seeks to be exempt from licensure under this Order shall provide the Department whatever reasonable documentation or verification the Department requests in order to confirm that it is an entity that is qualified for the licensure exemption described above. The burden of proof that a retail food facility is exempt under this Order shall rest on the retail food facility seeking the exemption.

3. The Department provides general notice that two additional types of retail food facilities are exempt from having to obtain the retail food facility license required under the Act (at 3 Pa.C.S. § 5703(a)). These food establishments are specifically exempted from licensure under the Act (at 3 Pa.C.S. § 5703(b)(2)), rather than under this Order. They include the following:

a. A retail food facility in which only prepackaged, nonpotentially hazardous food or beverages are sold.

b. A retail food facility that sells only raw agricultural commodities.

4. A retail food facility that is exempted from the license requirements under the act is exempt from the licensure requirement only, and remains subject to inspection and all other provisions of the Act and its attendant regulations.

5. This Order shall take effect as of January 22, 2011, and shall remain in effect until terminated by subsequent order.

RUSSELL C. REDDING,
Secretary

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of

further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is

constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401–7671q) and regulations adopted under the Federal Clean Air Act.

Air emissions will be routed to an existing regenerative thermal oxidizer (Source ID C01). Pre-controlled Potential VOC emissions are calculated to be 7.92 tons. Based on the current State-Only Permit limit of a minimum destruction efficiency of 90%, post-control potential emissions are calculated to be 0.79 tons/yr. COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1–1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301–3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51–30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1–1406.20a). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35

P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

The following permit applications to conduct mining activities have been received by the Department. A copy of an application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference or a public hearing, as applicable, on a mining permit application may be submitted by a person or an officer or head of Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of the person submitting comments or objections, the application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in coal fields) may require

additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads.

Persons wishing to comment on NPDES permit applications should submit statements to the Department at the address of the district mining office indicated before each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. A comment must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Table 1

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>

pH ¹		greater than 6.0; less than 9.0	
Alkalinity greater than acidity ¹			

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Coastal and Estuarine Land Acquisition Conservation Program; Federal Fiscal Year 2012 Grant Solicitation and Publication of the Final Pennsylvania Coastal and Estuarine Land Acquisition Plan

The Coastal Resources Management Program of the Department of Environmental Protection (Department) is soliciting land acquisition grant proposals to submit to the National Oceanic and Atmospheric Administration (NOAA) through the Coastal and Estuarine Land Conservation Program (CELCP).

This solicitation is for preliminary candidate proposals and is for funding awards under NOAA's Federal Fiscal Year (FFY) 2012 Funding cycle.

CELCP places an emphasis on "ecologically valuable" lands. The geographic areas covered by CELCP are the designated Delaware Estuary Coastal Zone Watershed,

select Chesapeake Bay Watersheds and the Lake Erie Coastal Zone Watershed. Grant applications may be made for the purchase of land acquisitions or interests; these may be in fee-simple title or as conservation easements. A major condition of the CELCP is that the title or easement must be held by a governmental/public entity. Further, grant awards must be matched dollar-for-dollar (may include in-kind match but not other Federal funds) and are capped at \$3 million each (Federal share). Land trusts may hold subeasements for management and stewardship on CELCP-funded properties and may assist in the development of proposals, but they may not hold title to any property acquired with CELCP funds.

Each coastal state may nominate up to three candidate projects to NOAA for this National, competitive process. The Department will select the three candidate projects from this Commonwealth for submission to NOAA by employing the guidelines issued by the Federal agency. NOAA will develop a ranked list of projects eligible for funding. Once NOAA receives final appropriations from the United States Congress, the agency will make final determinations as to which projects are selected for funding within amounts available. Federal funding awards, based upon the final CELCP funding appropriated, are expected to be made between June 1, 2012, and October 1, 2012.

The Federal Funding Opportunity (FFO) Announcement, *Federal Register* notice, Description and Scope of Work Formats and CELCP Checklist will be listed on the Department's web site at www.dep.state.pa.us/river/grants/celcp/celcp.htm. These materials contain detailed information about the grant application submission and review process. Applications should follow the format listed in the FFO. The FFO Announcement also contains several links to the NOAA CELCP web site for further explanations of CELCP requirements and additional guidance. In addition, the web site contains the Pennsylvania CELC plan, as reference for applicants submitting proposals. Applicants should closely review the *Federal Register* notice, FFO and Pennsylvania CELC plan to understand eligibility requirements, ranking criteria and the types of acquisition projects the program may fund.

Proposals must be submitted no later than March 1, 2011, to J. Samantha Burton, Department of Environmental Protection, Water Planning Office, P. O. Box 2063, Harrisburg, PA 17105-2063, and must include the following:

1. A Project Description/Scope of Work.
2. Project Budget and Justification of Proposed Costs.
3. Project Checklist.
4. Project Location and Site Maps.

Additionally, applicants may submit supplemental materials listed in the Federal announcement, such as a copy of a property appraisal, title opinion or evidence of a willing seller.

For additional information, contact Chris Linn at the Delaware Valley Regional Planning Commission, (215) 238-2873, clinn@dvrpc.org; Julia Donahue at the Erie County Planning Department, (814) 451-6018, jmcconnaughy@eriecountygov.org; or J. DEPARTMENT OF PUBLIC WELFARE

Additional Class of Disproportionate Share Payments

The Department of Public Welfare (Department) is announcing its intent to increase the funding allocation for Fiscal Year (FY) 2010-2011 for an additional class of disproportionate share hospital (DSH) payments to certain qualifying hospitals that the Department determines provide a high volume of services to Medical Assistance (MA) eligible and low-income populations. The Department intends for these payments to promote the hospitals' continued participation in the MA Program. There will be no change in the qualifying criteria or payment methodology for this additional class of DSH payments.

In making these payments, the Department will ensure that no acute care hospital will receive any DSH payment that is in excess of its hospital-specific limit and the Commonwealth will not exceed its aggregate annual DSH allotment. Any funds available due to the application of the hospital-specific DSH upper payment limit will be redistributed to other hospitals qualifying under this class of disproportionate share payments on a proportionate basis.

Fiscal Impact

The FY 2010-2011 fiscal impact of this allocation for the additional class of DSH payments is \$5.168 million (\$2.292 million in State General Funds).

Additional Class of Disproportionate Share Payments

The Department of Public Welfare (Department) is announcing its intent to establish an additional class of disproportionate share hospital (DSH) payments to certain qualifying acute care general hospitals that provide a high volume of Medical Assistance (MA) acute care and psychiatric services and incur significant uncompensated care costs. The Department intends for these payments to promote the hospitals' continued participation in the MA Program.

The Department intends to consider a hospital eligible for this additional class of disproportionate share payments if the hospital meets all of the following criteria, based on the Fiscal Year (FY) 2002-2003 MA Cost Report, unless otherwise specified:

- a) The hospital is enrolled in the MA Program as an acute care general hospital with an excluded psychiatric unit.
- b) The hospital provides MA inpatient days of care in excess of the 85th percentile of MA inpatient days provided by all enrolled acute care general hospitals with an excluded psychiatric unit.
- c) The hospital's number of MA admissions exceeds the 85th percentile of MA admissions of all enrolled acute care general hospitals with an excluded psychiatric unit.
- d) The hospital provides inpatient psychiatric days of care to MA recipients in this Commonwealth in excess of the 90th percentile of the days provided by all enrolled acute care general hospitals with an excluded psychiatric unit.
- e) The hospital's percentage of uncompensated care to net patient revenue exceeds the 90th percentile of this percentage for all enrolled acute care general hospitals with an excluded psychiatric unit according to the Pennsylvania Health Care Cost Containment Council (PHC4) Financial Analysis 2004.
- f) The hospital's operating margin is less than the 15th percentile of the operating margins of all enrolled acute care general hospitals with an excluded psychiatric unit according to the PHC4 Financial Analysis 2004.

The Department intends to proportionately divide payments between qualified hospitals based on the percentage of each qualifying hospital's MA inpatient days to total MA inpatient days of all qualifying hospitals. In making these payments, the Department will ensure that no acute care general hospital will receive any DSH payment that is in excess of its hospital-specific limit and the Commonwealth will not exceed its aggregate annual DSH allotment.

Fiscal Impact

The FY 2010-2011 fiscal impact of this additional class of DSH payments is \$2.254 million (\$1.000 million in State General Funds).

Statewide Quality Care Assessment Program for Fiscal Year 2010-2011

The Department of Public Welfare (Department) is providing final notice of the assessment percentage and the estimated aggregate impact on hospitals subject to the assessment under the Statewide Quality Care Assessment Program (Program) for Fiscal Year (FY) 2010-2011.

Background

Article VIII-G of the Public Welfare Code (code)¹ (62 P. S. §§ 801-G—816-G) authorizes the Department to implement the Program for the 3-year period beginning July 1, 2010, and ending June 30, 2013. Under the code, the Department will impose a monetary assessment on all licensed hospitals in this Commonwealth other than certain exempt hospitals.² See Article VIII-G of the code. For State FY 2010-2011, Section 803-G(b)(1) of the code (62 P. S. § 803-G) specifies that the assessment will equal 2.69% of the net inpatient revenue of the covered hospitals.

On October 22, 2010, the General Assembly enacted Act 2010-84 (P. L. _____, No. 84), which, among other things, amended section 803-G of the code to authorize the Secretary of the Department (Secretary) to adjust the assessment percentage for FY 2010-2011. Before adjusting the assessment percentage, the Secretary must publish a notice in the *Pennsylvania Bulletin* that specifies

¹ Article VIII-G was added to the code by the act of July 9, 2010 (P. L. 336, No. 49).

² Under section 801-G of the code (62 P. S. § 801-G), the following hospitals are exempt from the assessment: (1) Federal veterans' affairs hospitals; (2) hospitals that provide care, including inpatient hospital services, to all patients free of charge; (3) private psychiatric hospitals; (4) State-owned psychiatric hospitals; (5) critical access hospitals; and (6) long-term acute care hospitals.

the proposed assessment percentage and identifies the aggregate impact on covered hospitals subject to the assessment and allows interested parties a 30-day period in which to comment. After consideration of any comments received during the 30-day period, the Secretary must publish a second notice announcing the assessment percentage. An adjustment to the assessment percentage must also be approved by the Governor. See section 803-G(c) of the code.

The Department published notice of its proposed adjustment to the assessment percentage and estimated aggregate impact on hospitals subject to the assessment under the Program for FY 2010-2011 at 40 Pa.B 6987 (December 4, 2010). The Department received no public comments during the 30-day comment period.

Assessment Percentage and Estimated Impact on Hospitals

This notice provides the final adjusted assessment percentage for FY 2010-2011 and the estimated fiscal impact of this adjustment on hospitals. For FY 2010-2011, the Department is adjusting the assessment percentage rate under the Statewide Quality Care Assessment Program to 2.95% of net inpatient revenue of the covered hospitals. The Governor approved this adjustment to the assessment percentage.

The Department estimates the annual aggregate assessment fees for the nonexempt hospitals will total \$547.050 million. Subject to conditions specified in section 813-G of the code, (62 P. S. § 813-G), the Department intends to use revenue derived from this assessment, together with the related Federal matching funds, to make updates to the Department's Fee-for-Service inpatient acute care general hospital prospective payment system and changes to the hospital disproportionate share hospital and supplemental payments as specified in the Commonwealth's approved State Plan.

MICHAEL P. NARDONE,
Acting Secretary

Fiscal Note: 14-NOT-679. No fiscal impact; (8) recommends adoption.

DEPARTMENT OF TRANSPORTATION

Finding

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)), the Deputy Secretary for Aviation makes the following written finding:

The Federal Highway Administration, Federal Railroad Administration and the Department of Transportation are planning the implementation of a program to improve freight rail transportation for a designated corridor. The National Gateway Clearance Initiative is a freight rail

transportation improvement program to achieve a minimum of 21 feet of clearance along the CSX rail corridor so that double-stacked intermodal railcars can be transported between mid-Atlantic states and their ports to mid-west markets. Phase 1 of the National Gateway Clearance Initiative includes Federally-funded clearance improvements and other rail improvements between northwest Ohio and Chambersburg, PA.

Information describing the project, with the associated environmental analysis, is contained in the Environmental Assessment/Section 2002 Evaluation that was prepared for this project.

Based upon studies, there is no prudent and feasible alternative to the proposed action. The environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize the effects.

ERIC MADDEN,
Deputy Secretary for Aviation

Geisinger Quality Options; PPO Conversion Rate Filing

Geisinger Quality Options requests approval to increase the rate for the Conversion Plans. The requested rate increases are 17.6% for options without Rx and 16.0 to 16.2% for options with Rx. The rate increases include adjustments for PPACA. The proposed rate increases would affect approximately 360 members and would produce additional income of about \$250,000 annually. PORT OF PITTSBURGH COMMISSION

Independent Auditors' Report

Board of Directors
Port of Pittsburgh Commission

We have audited the statement of net assets of Port of Pittsburgh Commission (Commission), a component unit of the Commonwealth of Pennsylvania, as of June 30, 2010, and the related statement of activities for the year then ended (not presented herein). These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The condensed statement of net assets as of June 30, 2010, and the related condensed statement of activities for the year then ended, presented as follows, are presented as a summary and, therefore, do not include all of the information required by accounting principles generally accepted in the United States of America.

In our opinion, because of the significance of the omission of the information referred to in the preceding paragraph, the condensed financial statements previously referred to do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Commission as of June 30, 2009, or the results of its operations for the year then ended.
