READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

**PETITION FOR INVOLUNTARY TERMINATION OF
PARENTAL RIGHTS**

23 Pa.C.S.A. § 2512(b) and Pa.O.C. Rule 15.4(a)

To the Honorable, the Judges of said Court:

The petition of Franklin County Children and Youth Service respectfully represents:

1. That your petitioner, _____, [an agency for the placement of children approved by the Department of Public Welfare of the Commonwealth of Pennsylvania] [other relation to child], [having its office at _____] [residing at _____], Chambersburg, Franklin County, Pennsylvania, has the care and custody of _____, a minor male child born _____, in _____ County, Pennsylvania. _____ was born to _____ and _____.

2. That your petitioner, _____, is the [intermediary] [petitioner] in the above captioned adoption and files this petition under the provisions of Section 2504 of the Adoption Act of 1980, as amended.

3. That the mother of _____ is _____, her address being _____, Pennsylvania 17 _____; she is _____ years of age, having been born on _____, 19 _____, in _____, Pennsylvania; her race is _____; she is currently _____ married; she was not married at the time of the birth of the child and during one year prior thereto; and her religious affiliation is _____.

4. That _____ is a [racial background] male child who is _____ years old, having been born on _____, _____, in Franklin County, Pennsylvania. His religious affiliation is _____.

5. That the natural father of _____ is _____, whose current address is _____, Pennsylvania 17 _____; he is _____ years of age, his date of birth being _____, 19 _____; his race is [racial background]; he is currently _____ married; he was not married at the time of the birth of the child and during one year prior thereto; and his religious affiliation is _____.

6. The legal grounds for the involuntary termination of the parental rights of _____ are as follows:

a) 23 Pa.C.S. § 2511 (a)(1)—The parent by conduct continuing for a period of at least six months immediately preceding the filing of the Petition either has evidenced a settled purpose of relinquishing parental claim to the child or has refused or failed to perform parental duties.

b) 23 Pa.C.S. § (a)(2)—The repeated and continued incapacity, abuse, neglect or refusal of the parent has caused the child to be without essential parental care, control or subsistence necessary for his physical or mental well-being and the conditions and causes of the incapacity, abuse, neglect or refusal cannot or will not be remedied by the parent.

c) 23 Pa.C.S. § (a)(3)—The parent is the presumptive but not the natural father of the child.

d) 23 Pa.C.S. § (a)(4)—The child is in the custody of an agency, having been found under such circumstances that

the identity or whereabouts of the parent is unknown and cannot be ascertained by diligent search and the parent does not claim the child within three months after the child is found.

e) 23 Pa.C.S. § (a)(5)—The child has been removed from the care of the parent by the court or under a voluntary agreement with an agency for a period of at least six months, the conditions which led to the removal or placement of the child continue to exist, the parent cannot or will not remedy those conditions within a reasonable period of time, the services or assistance reasonably available to the parent are not likely to remedy the conditions which led to the removal or placement of the child within a reasonable period of time and termination of the parental rights would best serve the needs and welfare of the child.

f) 23 Pa.C.S. § (a)(6)—In the case of a newborn child, the parent knows or has reason to know of the child's birth, does not reside with the child, has not married the child's other parent, has failed for a period of four months immediately preceding the filing of the petition to make reasonable efforts to maintain substantial and continuing contact with the child and has failed during the same four-month period to provide substantial financial support for the child.

g) 23 Pa.C.S. § (a)(7)—The parent is the father of a child who was conceived as a result of a rape or incest.

h) 23 Pa.C.S. § (a)(8)—The child has been removed from the care of the parent by the court or under a voluntary agreement with an agency, 12 months or more have elapsed from the date of removal or placement, the conditions which led to the removal or placement of the child continue to exist and termination of parental rights would best serve the needs and welfare of the child.

7. The facts which support said grounds for termination are as follows:

- a)
- b)
- c)

8. _____ is not entitled to the benefits of the Soldiers and Sailors' Civil Relief Act of 1940, as amended. (50 U.S.C.A. 501 et seq.).

9. Petitioner(s) consents to accept custody of _____ until such time as the child is adopted.

Wherefore, your petitioner prays your Honorable Court to enter an order directing that a time and place be set for a hearing on this Petition and upon holding said hearing to enter a Decree:

1. Finding that the involuntary termination of the parental rights of _____ would best serve the needs and welfare of the child.

2. Directing the transfer of custody of _____ to Petitioner(s).

3. Authorizing Petitioner(s) to give consent to the adoption of _____ without further consent of, or notification to, _____.

RULES AND REGULATIONS

Title 25—ENVIRONMENTAL PROTECTION

SUSQUEHANNA RIVER BASIN COMMISSION [25 PA. CODE CHS. 806 AND 808] Review and Approval of Projects

Summary: This document contains amendments to Susquehanna River Basin Commission (Commission) project review regulations currently published at 18 CFR Part 806, Subpart A, General Provisions, §§ 806.3, 806.4 and 806.6. These amendments include language: 1) clarifying the definition of “agricultural water use;” and 2) providing a qualified exception to the consumptive use approval requirements for agricultural water use projects. Also, an error in the “Authority” citation for Part 808 is corrected.

Dates: These rules shall be effective March 15, 2008.

Addresses: Susquehanna River Basin Commission, 1721 North Front Street, Harrisburg, PA 17102-2391.

For Further Information Contact: Richard A. Cairo, General Counsel, (717) 238-0423, fax (717) 238-2436, rcairo@srbc.net. Also, for further information on the final-form rulemaking, visit the Commission’s web site at www.srbc.net.

Supplementary Information:

Background and Purpose of Amendments

Since 1995, the Commission has continued to suspend the application of its consumptive use regulation to agricultural water uses pending the implementation of a mitigation method that is more suited to agriculture’s unique circumstances.

The Commission’s member states have taken definitive steps to support projects that will provide storage and release of water to mitigate agricultural water use in their jurisdictions and thus satisfy the standards for consumptive use mitigation set forth in 18 CFR 806.22. The final-form rulemaking will amend 18 CFR 806.4 (a)(1) to provide an exception for agricultural water use projects from the consumptive use review and approval requirements of 18 CFR 806.4(a)(1) and (3), unless water is diverted for use beyond lands that are at least partially in the basin, and provided the Commission makes a determination that the State-sponsored projects are sufficient to meet the consumptive use mitigation standards contained in 18 CFR 806.22.

A second amendment clarifies the definition of “agricultural water use” in 18 CFR 806.3, 806.4 and 806.6 by inserting the word “products” after the word “turf.” This will clarify that the maintenance of turf grass as part of a project or facility, such as a golf course, does not constitute an agricultural water use. Only the raising of turf products for sale such as sod would constitute an agricultural water use with this clarification.

A third amendment corrects an error made as part of the December 5, 2006 rulemaking in the “Authority” citation to Part 808 by replacing the erroneous Sec. 3.5 (9) with the correct Sec. 3.4(9).

The Commission convened a public hearing on November 7, 2007 in Williamsport, PA and held the comment period open until November 15, 2007. No public comments were received.

List of Subjects in 18 CFR Parts 806 and 808: Administrative practice and procedure, Water resources.

Accordingly, for the reasons set forth in the preamble, under the authority of Secs. 3.4, 3.5(5), 3.8, 3.10 and 15.2, Pub. L. No. 91-575, 84 Stat. 1509 et seq., 18 CFR Parts 806 and 808 are amended as follows:

PART 806—REVIEW AND APPROVAL OF PROJECTS

Subpart A—General Provisions.

1. The authority citation for Part 806 continues to read as follows:

Authority: Secs. 3.4, 3.5(5), 3.8, 3.10 and 15.2, Pub. L. No. 91-575, 84 Stat. 1509 et seq.

2. In § 806.3, revise the definition of “agricultural water use” to read as follows:

§ 806.3 Definitions.

* * * * *

Agricultural water use. A water use associated primarily with the raising of food, fiber or forage crops, trees, flowers, shrubs, turf products, livestock and poultry. The term shall include aquaculture.

3. In § 806.4, revise paragraph (a)(1) and (3) introductory text and paragraph (b)(3), to read as follows:

§ 806.4 Projects requiring review and approval.

(a) * * *

(1) *Consumptive use of water.* Any consumptive use project described below shall require an application to be submitted in accordance with § 806.13, and shall be subject to the standards set forth in § 806.22, and, to the extent that it involves a withdrawal from groundwater or surface water, shall also be subject to the standards set forth in § 806.23. Except to the extent that they involve the diversion of the waters of the basin, public water supplies shall be exempt from the requirements of this section regarding consumptive use; provided, however, that nothing in this section shall be construed to exempt individual consumptive users connected to any such public water supply from the requirements of this section. Provided the commission determines that low flow augmentation projects sponsored by the Commission’s member states provide sufficient mitigation for agricultural water use to meet the standards set forth in § 806.22, and except as otherwise provided below, agricultural water use projects shall not be subject to the requirements of this paragraph (a)(1). Notwithstanding the foregoing, an agricultural water use project involving a diversion of the waters of the basin shall be subject to such requirements unless the property, or contiguous parcels of property, upon which the agricultural water use project occurs is located at least partially within the basin.

* * * * *

(3) *Diversions.* Except with respect to agricultural water use projects not subject to the requirements of paragraph (a)(1), the projects described below shall require an application to be submitted in accordance with § 806.13, and shall be subject to the standards set forth in § 806.24. The project sponsors of out-of-basin diversions shall also comply with all applicable requirements of this part relating to consumptive uses and withdrawals.

* * * * *

(b) * * *

(3) Transfer of land used primarily for the raising of food, fiber or forage crops, trees, flowers, shrubs, turf products, livestock, or poultry, or for aquaculture, to the extent that, and for so long as, the project's water use continues to be for such agricultural water use purposes.

DEPARTMENT OF EDUCATION

Pennsylvania Pre-K Counts Program; Eligibility, Application Process and Funding Level

The act of July 20, 2007 (P.L. 278, No. 45) amending the Public School Code of 1949 to add the Pennsylvania Pre-K Counts Program, requires the Department of Education (Department) to publish both on its Internet web site and in the *Pennsylvania Bulletin* the process through which eligible providers may apply for grant funds, the criteria used to select approved providers for grant funds and the per-student funding levels of approved providers, by county.

Application Process

The Department developed an application form, available on the Department's web site in its eGrants section of the web site. Interested eligible applicants were invited to attend any of seven bidders' conferences and nine teleconferences to receive informational and technical assistance on the program, its requirements, the application process and program implementation expectations.

To accomplish the goal of targeting PA Pre-K Counts funds to areas with the highest number or percentage of at-risk young children, the Office of Child Development and Early Learning used its Program Reach and County Risk Assessment data for Fiscal Year 2005-2006 to determine the approximate amount of the total appropriation for 2007-2008 that should be dispersed to each county. This Risk and Reach data compiled information on the number of children served and funding levels for early childhood programs supported by State and Federal investments and an analysis of educational and family risk factors for each county. This Risk and Reach data is available on the Department's web site at www.pde.state.pa.us/early_childhood/lib/early_childhood/ProgramReachCountyRiskAssessment_6.07_final.pdf.

Eligible PA Pre-K Counts providers were invited to submit a competitive proposal application that demonstrated the degree to which they proposed to increase high quality services to children age-eligible for the program, their capacity to target services to children most in need, their plans to work in partnership with other providers in the community, their capacity to undertake cooperative and collaborative planning with other agencies and programs serving young children, the degree to which they planned to incorporate the elements of high quality programming and the degree to which their budgets reflected a sound framework for program success. The previously listed factors served as the criteria for selecting approved providers. In addition, the Department gave priority in grant funding to approved providers serving the highest number of highest percentage of at-risk eligible students and attempted to ensure geographic dispersal of the available funds.

Grants were awarded on a per-child basis. A program offering a 2 1/2 instructional day for 180 days could provide justification for Pre-K Counts funding for up to \$3,950 and a program providing 5 instructional hours for 180 days could go to \$7,900. In this year, the participating providers were able to justify these amounts per child.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Envi- ronmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environ-
 mental Remediation Standards Act (act) require the
 Department of Environmental Protection (Department) to
 publish in the *Pennsylvania Bulletin* an acknowledgment
 noting receipt of Notices of Intent to Remediate. An
 acknowledgment of the receipt of a Notice of Intent to
 Remediate is used to identify a site where a person
 proposes to, or has been required to, respond to a release
 of a regulated substance at a site. Persons intending to
 use the Background Standard, Statewide Health Stan-
 dard, the Site-Specific Standard or who intend to remedi-
 ate a site as a special industrial area must file a Notice of
 Intent to Remediate with the Department. A Notice of
 Intent to Remediate filed with the Department provides a
 brief description of the location of the site, a list of known
 or suspected contaminants at the site, the proposed
 remediation measures for the site and a description of the
 intended future use of the site. A person who demon-
 strates attainment of one, a combination of the cleanup
 standards or who receives approval of a special industrial
 area remediation identified under the act will be relieved
 of further liability for the remediation of the site for any
 contamination identified in reports submitted to and
 approved by the Department. Furthermore, the person
 shall not be subject to citizen suits or other contribution
 actions brought by responsible persons not participating
 in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act,
 there is a 30-day public and municipal comment period
 for sites proposed for remediation using a Site-Specific
 Standard, in whole or in part, and for sites remediated as
 a special industrial area. This period begins when a
 summary of the Notice of Intent to Remediate is pub-

lished in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

General Conditions

1. Words and terms that are not otherwise defined in this plan approval shall have the meanings set forth in section 3 of the Air Pollution Control Act (35 P. S. § 4003) and 25 Pa. Code § 121.1. (25 Pa. Code § 121.1)

2. The issuance of this plan approval does not prevent the future adoption by the Department of any rules, regulations or standards, or the issuance of orders necessary to comply with the requirements of the Federal Clean Air Act (CAA) or the Air Pollution Control Act, or to achieve or maintain ambient air quality standards. The issuance of this plan approval shall not be construed to limit the Department's enforcement authority. (25 Pa. Code § 127.12b (a) (b))

3. This plan approval authorizes temporary operation of the sources covered by this plan approval provided the following conditions are met.

(a) When construction, installation, modification or re-activation is being conducted, the permittee should provide written notice to the Department of the completion of the activity approved by this plan approval and the permittee's intent to commence operation at least 5 working days prior to the completion of said activity. The notice shall state when the activity will be completed and when the permittee expects to commence operation. When the activity involves multiple sources on different time schedules, notice is required for the commencement of operation of each source.

(b) Under 25 Pa. Code § 127.12b(d), temporary operation of the sources is authorized to facilitate the shutdown of sources and air cleaning devices, to permit operations pending the issuance of a permit under 25 Pa. Code Chapter 127, Subchapter F (relating to operating permits) or Subchapter G (relating to Title V operating permits) or to permit the evaluation of the air contaminant aspects of the source.

(c) This plan approval authorizes a temporary operation period not to exceed 180 days from the date of commencement of operation, provided the Department receives notice from the permittee under paragraph (a), previously.

(d) The permittee may request an extension of the 180-day shakedown period if further evaluation of the air contamination aspects of the sources is necessary. The request for an extension should be submitted, in writing, to the Department at least 15 days prior to the end of the initial 180-day shakedown period and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance, and the reasons compliance has not been established. This temporary operation period will be valid for a limited time and may be extended for additional limited periods, each not to exceed 120 days. If, at any time, the Department has cause to believe that air contaminant emissions from the sources listed in this plan approval may be in excess of the limitations specified in, or established under this plan approval or the permittee's operating permit, the permittee may be required to conduct test methods and procedures deemed necessary by the Department to determine

the actual emissions rate. The testing shall be conducted in accordance with 25 Pa. Code Chapter 139, where applicable, and in accordance with any restrictions or limitations established by the Department at the time as it notifies the company that testing is required. (25 Pa. Code § 127.12b)

5. (a) The records, reports or information obtained by the Department or referred to at public hearings shall be available to the public, except as provided in paragraph (b) of this condition.

(b) Upon cause shown by the permittee that the records, reports or information or a particular portion thereof, but not emission data, to which the Department has access under the act, if made public, would divulge production or sales figures or methods, processes or production unique to that person or would otherwise tend to affect adversely the competitive position of that person by revealing trade secrets, including intellectual property rights, the Department will consider the record, report or information, or particular portion thereof confidential in the administration of the act. The Department will implement this section consistent with sections 112(d) and 114(c) of the Clean Air Act (42 U.S.C.A. §§ 7412(d) and 7414(c)). Nothing in this section prevents disclosure of the report, record or information to Federal, State or local representatives as necessary for purposes of administration of Federal, State or local air pollution control laws, or when relevant in a proceeding under the act. (25 Pa. Code §§ 127.12(c) and (d) and 35 P. S. § 4013.2)

Except as provided in §§ 127.11a and 127.215 (relating to reactivation of sources; and reactivation), at the end of the time, if the construction, modification, reactivation or installation has not been completed, a new plan approval application or an extension of the previous approval will be required.

(b) If construction has commenced, but cannot be completed before the expiration of this plan approval, an extension of the plan approval must be obtained to continue construction. To allow adequate time for departmental action, a request for the extension should be postmarked at least 30 days prior to the expiration date. The Department will not issue an extension after the plan approval expires. The request for an extension should include the following:

(i) A justification for the extension,

(ii) A schedule for the completion of the construction.

If construction has not commenced before the expiration of this plan approval, then a new plan approval application must be submitted and approval obtained before construction can commence.

(c) If the construction, modification or installation is not commenced within 18-months of the issuance of this plan approval or if there is more than an 18-month lapse in construction, modification or installation, a new plan approval application that meets the requirements of 25 Pa. Code Chapter 127, Subchapter B (related to plan approval requirements), Subchapter D (related to prevention of significant deterioration of air quality) and

Subchapter E (related to new source review) shall be submitted. (25 Pa. Code § 127.13)

7. (a) This plan approval may not be transferred from one person to another except when a change of ownership is demonstrated to the satisfaction of the Department and the Department approves the transfer of the plan approval in writing.

(b) Section 127.12a (relating to compliance review) applies to a request for transfer of a plan approval. A compliance review form shall accompany the request.

(c) This plan approval is valid only for the specific source and the specific location of the source as described in the application. (25 Pa. Code § 127.32)

8. (a) Under 35 P. S. § 4008, no person shall hinder, obstruct, prevent or interfere with the Department or its personnel in the performance of any duty authorized under the Air Pollution Control Act.

(b) The permittee shall also allow the Department to have access at reasonable times to said sources and associated air cleaning devices with such measuring and recording equipment, including equipment recording visual observations, as the Department deems necessary and proper for performing its duties and for the effective enforcement of the Air Pollution Control Act and regulations adopted under the act.

(c) Nothing in this plan approval condition shall limit the ability of the EPA to inspect or enter the premises of the permittee in accordance with section 114 or other applicable provisions of the CAA. (25 Pa. Code § 127.12(4) and 35 P. S. § 4008 and § 114 of the CAA)

9. This plan approval may be terminated, modified, suspended or revoked and reissued if one or more of the following applies:

(a) The permittee constructs or operates the source subject to the plan approval in violation of the act, the CAA, the regulations promulgated under the act or the CAA, a plan approval or permit or in a manner that causes air pollution.

(b) The permittee fails to properly or adequately maintain or repair an air pollution control device or equipment attached to or otherwise made a part of the source.

(c) The permittee fails to submit a report required by this plan approval.

(d) The EPA determines that this plan approval is not in compliance with the CAA or the regulations thereunder. (25 Pa. Code 127.13a)

10. (a) The permittee, or any other person, may not circumvent the new source review requirements of 25 Pa. Code Chapter 127, Subchapter E by causing or allowing a pattern of ownership or development, including the phasing, staging, delaying or engaging in incremental construction, over a geographic area of a facility which, except for the pattern of ownership or development, would otherwise require a permit or submission of a plan approval application.

(b) No person may permit the use of a device, stack height which exceeds good engineering practice stack height, dispersion technique or other technique which, without resulting in reduction of the total amount of air contaminants emitted, conceals or dilutes an emission of air contaminants which would otherwise be in violation of this plan approval, the Air Pollution Control Act or the regulations promulgated thereunder, except that with

prior approval of the Department, the device or technique may be used for control of malodors. (25 Pa. Code §§ 121.9 and 127.216)

11. Reports, test data, monitoring data, notifications shall be submitted to the:

Regional Air Program Manager
Department of Environmental Protection
(At the address given on the plan approval transmittal letter or otherwise notified) (25 Pa. Code § 127.12c)

(b) The permittee shall prepare and implement a Risk Management Plan (RMP) which meets the requirements of section 112(r) of the CAA, 40 CFR Part 68 and the Federal Chemical Safety Information, Site Security and Fuels Regulatory Relief Act when a regulated substance listed in 40 CFR § 68.130 is present in a process in more than the listed threshold quantity at the facility. The permittee shall submit the RMP to the EPA according to the following schedule and requirements:

(1) The permittee shall submit the first RMP to a central point specified by the EPA no later than the latest of the following:

(i) Three years after the date on which a regulated substance is first listed under § 68.130; or,

(ii) The date on which a regulated substance is first present above a threshold quantity in a process.

(2) The permittee shall submit any additional relevant information requested by the Department or the EPA concerning the RMP and shall make subsequent submissions of RMPs in accordance with 40 CFR § 68.190.

(3) The permittee shall certify that the RMP is accurate and complete in accordance with the requirements of 40 CFR Part 68, including a checklist addressing the required elements of a complete RMP.

(c) As used in this plan approval condition, the term "process" shall be as defined in 40 CFR § 68.3. The term "process" means any activity involving a regulated substance including any use, storage, manufacturing, handling or onsite movement of the substances or any combination of these activities. For purposes of this definition, any group of vessels that are interconnected or separate vessels that are located such that a regulated substance could be involved in a potential release, shall be considered a single process. (25 Pa. Code § 127.12(9) and 40 CFR Part 68)

The Department of Environmental Protection (Department) proposes to renew State-only Operating Permit 59-00006. The Department intends to incorporate into this renewal all conditions currently contained in State-only Operating Permit 59-00006 with these exceptions, additions and changes:

1. Conditions requiring a monthly inspection of the facility for the presence of visible air containment emissions, visible fugitive air contaminant emissions and malodorous air contaminant emissions, and the maintenance of records of these inspections, have been removed from the permit as the sources existing at the facility are not the type which would readily generate these types of air contaminant emissions.

2. Conditions requiring the maintenance, and periodic reporting, of records of the "supporting calculations . . . used to verify compliance" with various air contaminant emission limitations have, in the case of short-term emission limitations, been removed from the permit, as compliance with the limitations cannot be demonstrated with "calculations," or, in the case of long-term emission limitations, have been changed to require the maintenance, and periodic reporting, of the amount of the respective air contaminants emitted each month.

3. A condition requiring malfunctions to be reported to the Department has been revised to exclude the reporting

of malfunctions which do not result in, or potentially result in, air contaminant emissions in excess of an applicable air contaminant emission limitation and/or do not result in, or potentially result in, noncompliance with any operating permit condition.

4. A .05 mmBtu/hr natural gas-fired space heater has been moved from Section G of the permit (Miscellaneous) to Section D and made part of Source 032 and a .10 mmBtu/hr natural gas-fired heater, which had previously been overlooked at the facility, has also been made part of Source 032.

5. Conditions requiring records to be maintained of the number of hours several small heaters (Sources 032 and 033) are operated each month have been removed from the permit as the permit contains no restrictions on the number of hours the respective sources may be operated.

6. A condition has been added to the permit requiring the performance of NO_x, CO and VOC stack testing on the facility's 3,200 horsepower engine between July 1, 2011, and June 30, 2012.

7. A solvent parts washer has been added to the permit along with conditions specifying the applicable 25 Pa.Code § 129.63 requirements for parts washers, a condition limiting the VOC emissions from the parts washer to less than 2.7 tons in any 12-consecutive month period and a condition prohibiting the use in the parts washer of halogenated solvents or solvents to which a VHAP has intentionally been added.

8. A condition has been added to the permit limiting the facility's fugitive VOC emissions to less than 8.87 tons in any 12-consecutive month period and its fugitive VHAP emissions to less than 2.10 tons in any 12-consecutive month period as well as conditions requiring the maintenance and periodic reporting of records of the facility's fugitive VOC and fugitive HAP emissions.

Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the

cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamina-

tion, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

DEPARTMENT OF PUBLIC WELFARE

Payments to County Nursing Facilities; Final Rates for State Fiscal Year 2007-2008

Purpose of Notice

The purpose of this notice is to announce the Department of Public Welfare's (Department) final annual rates for State Fiscal Year (FY) 2007-2008, for county nursing facilities that participate in the Medical Assistance (MA) Program.

The rates are calculated in accordance with 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting). As stated at 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem rate multiplied by a budget adjustment factor (BAF). The proposed annual per diem rates for FY 2007-2008, were previously announced at 37 Pa.B. 5573 (October 13, 2007).

As required by § 1189.91(d), the Department followed the formula set forth in the Commonwealth's approved State Plan to determine that the BAF for FY 2007-2008 for county nursing facilities is 1.03. The Federal Centers for Medicare and Medicaid Services approved State Plan amendment 07-008 on September 5, 2007.

The BAF for rate setting year 2007-2008 shall limit the estimated aggregate increase in the Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities over the 3 year period commencing July 1, 2005, and ending June 30, 2008, from the Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities in rate year 2004-2005 to 10.12%. The formula for this BAF as it applies to county nursing facilities is $BAF = 1.00 + 0.03$.

The final per diem rates for FY 2007-2008 are available on the website for the Office of Medical Assistance Programs at www.dpw.state.pa.us/PartnersProviders/MedicalAssistance/DoingBusiness/LTCCaseMixInfo/ and at local county assistance offices throughout the Commonwealth or by contacting Tom Jayson, Policy Unit, Office of Long-Term Living at (717) 705-3705.

Public Process

The Department published a notice announcing its proposed county per diem payment rates for FY 2007-2008 at 37 Pa.B. 5573 (October 13, 2007) and invited interested persons to submit comments. No comments were received by the Department in response to the proposed rates notice.

Appeals

Following publication of this notice, the Department will send rate letters to each county MA nursing facility to notify the facilities of their final rates for FY 2007-2008. The rate letter will also advise the facility that it may file an administrative appeal if the facility believes that the Department made any errors or otherwise disagrees with its final rates for FY 2007-2008. A provider's appeal must be in writing and filed with the Department's Bureau of Hearings and Appeals, P. O. Box 2675, Harrisburg, PA 17105, within 33 days of the date of the Department's letter notifying the facility of its final rates. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to medical assistance hearings and appeals), and to the Department's regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to their written appeals.

Fiscal Impact

The change in county nursing facility payment rates, effective July 1, 2007, is estimated to cost the Department \$17.251 million (\$7.908 million in State funds) in FY 2007-2008.

Public Comment

Interested persons are invited to submit written comments regarding the final rates for FY 2007-2008 to the

Department of Public Welfare, Office of Long-Term Living, Attention: Gail Weidman, P. O. Box 2675, Harrisburg, PA 17105. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

Payments to Nonpublic Nursing Facilities; Final Rates for State Fiscal Year 2007-2008

Purpose of Notice

The purpose of this notice is to announce the Department of Public Welfare's (Department) final annual case-mix per diem payment rates for State Fiscal Year (FY) 2007-2008 for nonpublic nursing facilities that participate in the Medical Assistance (MA) Program.

As required by the case-mix payment methodology set forth in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department annually sets a new MA per diem rate for each nonpublic nursing facility. Each facility's annual per diem rate is comprised of four components: resident care; other resident related; administrative; and capital.

Section 1187.96 (relating to price- and rate-setting computations) states that the sum of the rate components will be multiplied by a budget adjustment factor (BAF). The BAF is based on the funding that is appropriated for nursing facility services in the General Appropriations Act and "will be determined in accordance with a formula specified in the Commonwealth's approved State Plan." 55 Pa. Code § 1187.96(e)(2)(iv).

The Federal Centers for Medicare and Medicaid Services (CMS) approved State Plan Amendment (SPA) 07-007 on September 5, 2007. The SPA states that the BAF for rate-setting year 2007-2008 shall limit the estimated aggregate increase in the Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities over the 3 year period commencing July 1, 2005, and ending June 30, 2008, from the Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities in rate year 2004-2005 to 10.12%. The formula for this BAF as it applies to nonpublic nursing facilities is as follows: (the nonpublic nursing facilities' share of total appropriated funds plus the estimated annual patient pay amount) divided by the estimated acuity adjusted annual payments of \$3,147,260,444 which equals .93194.

The final FY 2007-2008 annual per diem rates are available on the Office of Medical Assistance Programs' (OMAP) website at www.dpw.state.pa.us/PartnersProviders/MedicalAssistance/DoingBusiness/LTCCCaseMixInfo/. As they become available, the adjusted quarterly rates for the October, January and April quarters of FY 2007-2008 will be accessible on the OMAP website, at local county assistance offices throughout this Commonwealth or by contacting Tom Jayson, Policy Unit, Office of Long-Term Living at (717) 705-3705.

The data that the Department used to calculate the rates is available on the OMAP website. Because some of the audited costs used in the database are taken from audit reports for fiscal periods beginning prior to January 1, 2001, the Department revised the audited costs in the database in accordance with 55 Pa. Code § 1187.91 (1)(iv)(D) (relating to database) to disregard certain audit adjustments disallowing minor movable property or linen costs. The criteria that the Department used to make these revisions are available on the OMAP website or by contacting Tom Jayson.

Public Process

The Department published a notice announcing its proposed case-mix per diem payment rates for FY 2007-2008 at 37 Pa.B. 5573 (October 13, 2007) and invited interested persons to submit comments. One commentator submitted a response to the notice. For the most part, the response reiterated the same concerns and objections that had been raised by the commentator and others during the extensive public process relating to the June 2006 rulemaking process. The Department considered the comments included in the letter when composing this final rate notice.

Appeals

Following publication of this notice, the Department will send rate letters to each MA nursing facility to notify the facilities of their final rates for FY 2007-2008. The rate letter will also advise each facility that it may file an administrative appeal if the facility believes that the Department made any errors or otherwise disagrees with its final rates for FY 2007-2008. A provider's appeal must be in writing and filed with the Department's Bureau of Hearings and Appeals, P. O. Box 2675, Harrisburg, PA 17105, within 33 days of the date of the Department's letter notifying the facility of its final rates. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to medical assistance hearings and appeals), and to the Department's regulations at 55 Pa. Code Chapter 41 (relating to medical assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to their written appeals.

Fiscal Impact

The change in payment rates, effective July 1, 2007, and the quarterly case-mix adjustments are estimated to cost the Department \$75.794 million (\$34.746 million in State funds) in FY 2007-2008.

Public Comment

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Long-Term Living, Attention: Gail Weidman, P. O. Box 2675, Harrisburg, PA 17105. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the AT&T Relay Services at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

* As a result of using the three most recent audited cost reports, the "Number of Facilities" column reflects a number in excess of actual enrolled nursing facilities.

After the database was inflated using the inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. In accordance with 55 Pa. Code § 1187.94 (relating to peer grouping for price setting), to establish peer groups, the Department used the Metropolitan Statistical Areas (MSA) group classification published in the Federal Office of Management and Budget Bulletin No. 99-04 (relating to revised statistical definitions of Metropolitan Areas and guidance on uses of Metropolitan Area definitions) to classify each nursing facility into one of three MSA groups or one non-MSA group. The Department then used the bed complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 used in the Nursing Information System database to classify nursing facilities into one of three bed complement groups. These groups are 3—119 beds, 120—269 and 270 and over. Peer groups 7 and 10 have been collapsed in accordance with § 1187.94(1)(iv). Peer group 13 is designated for special rehabilitation facilities only and peer group 14 is designated for hospital-based nursing facilities only, regardless of geographic location or bed-size.

After the database was established and the peer groups determined, the Department then calculated the medians and prices for each peer group. To calculate the resident care cost medians, the Department divided the audited allowable resident care costs for each cost report by the total facility case-mix index from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the case-

Peer Groups, Peer Group Medians and Peer Group Prices for General Nursing Facilities, County Nursing Facilities, Hospital-Based Nursing Facilities and Special Rehabilitation Facilities

Purpose of Notice

The purpose of this notice is to announce the Department of Public Welfare's (Department) peer groups, peer group medians and peer group prices for general nursing facilities, county nursing facilities, hospital-based nursing facilities and special rehabilitation facilities under 55 Pa. Code § 1187.95(a)(4) (relating to general principles for rate and price setting). The Department used the peer groups, peer group medians and peer group prices to determine case-mix rates for nonpublic nursing facilities for the State Fiscal Year (FY) July 1, 2007, through June 30, 2008. The Department calculated the peer groups, peer group medians and peer group prices announced in this notice in accordance with 55 Pa.Code Chapter 1187 (relating to nursing facility services) as amended at 35 Pa.B. 4612 (August 13, 2005). The data that the Department used to determine the peer group medians and prices is available on the Office of Medical Assistance Programs' website at [www.dpw.state.pa.us/ Partners Providers/MedicalAssistance/DoingBusiness/LTCCase MixInfo/](http://www.dpw.state.pa.us/PartnersProviders/MedicalAssistance/DoingBusiness/LTCCaseMixInfo/).

To establish the database for the calculation of peer group medians and prices, the Department used each facility's three most recent audited cost reports that were issued by the Department on or before March 31, 2007, and indexed the costs for each report forward to the common date of December 31, 2007, using the CMS Nursing Home Without Capital Market Basket Index.

The following is a listing, by group, of the number of facilities with a particular year-end, and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 2007.

mix neutral resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each nursing facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident care cost medians, the Department first divided the audited allowable other resident care costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident related cost per diem of each nursing facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with 55 Pa. Code § 1187.23 (relating to nursing facility incentives and adjustments). The Department then divided the audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each nursing facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and, multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices of general and county nursing facilities, hospital-based and special rehabilitation nursing facilities for Year 13 are listed in Annex A.

A Medical Assistance nursing facility provider may file an administrative appeal if the provider believes that the Department made any errors, or the provider otherwise disagrees with the Year 13 peer group prices that the Department established for its peer group. A provider's appeal must be sent in writing to the Department's Bureau of Hearings and Appeals, P. O. Box 2675, Harrisburg, PA 17105, and received by the Bureau of Hearings and Appeals within 30 days of the date of this notice. If a provider chooses to appeal, the provider will be afforded the opportunity for a de novo hearing before the Bureau of Hearings and Appeals. The peer group prices applied in setting the provider's rates may be changed as a result of the final adjudication of the provider's peer group price appeal. Providers should refer to 67 Pa.C.S. Chapter 11 (relating to medical assistance hearings and appeals), and to the Department's regulations at 55 Pa. Code Chapter 41 (relating to medical assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to their written appeals.

Fiscal Impact

The fiscal impact associated with this change is estimated to be \$11.612 million (\$5.277 million in State funds) for FY 2007-2008

The proposed rulemaking includes several compliance demonstration options including compliance on a kiln-by-kiln basis, emissions averaging and use of Clean Air Interstate Rule (CAIR) NOx Ozone Season allowances. Adoption of NOx emission limits for cement kilns is part of the Commonwealth's strategy, in concert with other jurisdictions in the Ozone Transport Region (OTR), to reduce the transport of ozone to achieve and maintain the health-based 8-hour ozone National Ambient Air Quality Standard (NAAQS). 4 Pa. Code § 247.4. (c) Disability Annuities. (This proposed regulation will clarify: 1) the methodology used to determine the employer-funded offset credit; 2) the service-connected disability supplement and 3) the rights of terminated members to apply for a disability.)	2008	The statute does not expressly determine the methodology, the effects of these formulas and when terminated members can apply. Recent court and administrative decisions have offered partial guidance in this area. The amendment would clarify and settle whether a proper name ("John Doe") or a general description ("my children," "my issue," "per stirpes") suffices. A lack of named beneficiaries can cause significant legal and administrative ambiguities that this amendment would avoid. This is also being considered as a statutory amendment.	Jill Vecchio, Esq. Surplus Lines Agents and Interested Parties; Export List of Insurance Coverages

In September 2007, the Acting Insurance Commissioner (Commissioner) determined that certain insurance coverages were generally unavailable in the authorized market and declared those coverages as exportable. A list of exportable coverages was published at 37 Pa.B. 5103 (September 15, 2007). Accordingly, for those insurance coverages that are included on the export list, a diligent search among insurers admitted to do business in the Commonwealth is not required before placement of the coverages in the surplus lines market.

The Commissioner declared that the export list would remain in effect until revised or superseded by a subsequent list.

At this time, the Commissioner is soliciting comments regarding the current export list. Persons may request in writing that a coverage be added or removed from the list.

Persons wishing to comment on the Commissioner's current export list are invited to submit a written statement within 30 days from the date of publication of this notice in the *Pennsylvania Bulletin*. Written statements must include sufficient detail and relevant facts to inform the Insurance Department of the exact basis of the statement.
