READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PROPOSED RULEMAKING

DELAWARE RIVER BASIN COMMISSION

[25 PA. CODE CH. 901]

Proposed Amendments to the Commission's Ground Water Protected Area Regulations for Southeastern Pennsylvania

The Delaware River Basin Commission (Commission) will hold a public hearing to receive comments on proposed amendments to its Ground Water Protected Area Regulations for Southeastern Pennsylvania with respect to the establishment of numerical groundwater withdrawal limits for 62 subbasins which are entirely or partially within the Ground Water Protected Area. Limits, based upon baseflow frequency analyses, were initially specified for the 14 subbasins in the Neshaminy Creek Basin. Limits for the remaining 62 subbasins are based upon additional baseflow frequency analyses provided by the United States Geological Survey in 1998. Although the limits within the Neshaminy Creek Basin remain unchanged, the withdrawal limits for the entire protected area are presented in this notice.

Dates

The public hearing will be held on Tuesday, March 9, 1999, beginning at 1 p.m. and continuing until 5 p.m., as long as there are people present wishing to testify. The hearing will resume at 7 p.m. and continue until 9 p.m., as long as there are people present wishing to testify.

The deadline for inclusion of written comments in the hearing record will be announced at the hearing. Persons wishing to testify at the hearing are requested to register with the Secretary in advance of the hearing.

Addresses

Written comments should be submitted to Susan M. Weisman, Delaware River Basin Commission, P. O. Box 7360, West Trenton, NJ 08628. The public hearings will be held in the Hearing Room of the Pennsylvania Department of Environmental Protection's Southeastern Regional Office at 555 E. North Lane, Lee Park Suite 6010, Conshohocken, PA.

For Further Information Contact

Copies of the Commission's Ground Water Protected Area Regulations for Southeastern Pennsylvania may be obtained by contacting Susan M. Weisman, Commission Secretary, at (609) 883-9500 ext. 203.

Supplementary Information

Background and Rationale

The Commission's Ground Water Protected Area Regulations for Southeastern Pennsylvania were adopted in 1980 to prevent depletion of groundwater, protect the interests and rights of lawful users of the same water source, and balance and reconcile alternative and conflicting uses of limited water resources in the area. Lowered water tables resulting from withdrawals in excess of recharge rates have led to reduction of flows in some perennial streams in the region and have dried up some stream reaches which previously flowed all year. Such

reductions in base flow interfere with instream and downstream water uses, adversely affect fisheries and aquatic life, and threaten to reduce the capacity of streams in the region to assimilate pollutants.

On January 28, 1998, the Commission adopted amendments to the Ground Water Protected Area Regulations which established a two-tiered system of withdrawal limits. The first tier serves as a warning that a subbasin is "potentially stressed." In potentially stressed subbasins, applicants for new or expanded groundwater withdrawals are required to implement one or more programs to mitigate adverse impacts of additional groundwater withdrawals. Acceptable programs include: conjunctive use of groundwater and surface water; expanded water conservation; control of groundwater infiltration to the receiving sewer systems; and artificial recharge and spray irrigation. The second tier serves as the maximum withdrawal limit. The Commission seeks to prevent groundwater withdrawals from exceeding the maximum withdrawal limit.

The regulations also provide incentives for holders of existing DRBC docket and protected area permits to implement the above-cited conjunctive use and conservation programs to mitigate the adverse impacts of their groundwater withdrawals. If docket or permit holders successfully implement one or both programs, the Commission could extend the docket or permit duration for up to 10 years.

The regulations also specify administrative criteria for issuing and review of docket and permits as well as protocol for updating and revising withdrawal limits to provide additional protection for streams designated by the Commonwealth of Pennsylvania as "high quality" or "exceptional value," or to correspond with any integrated resources plans adopted by municipalities for subbasins.

The groundwater study which provided the basis for the withdrawal limits for the subbasins in the Neshaminy Creek Basin was prepared by the United States Geological Survey in cooperation with the Commission and is entitled "Water-Use Analysis Program for the Neshaminy Creek Basin, Bucks and Montgomery Counties, Pennsylvania." The United States Geological Survey was contracted by the Commission to prepare a similar study to investigate the withdrawal limits for the remaining subbasins in the protected area. The results of both studies are recorded on CD-ROM which is available from the Commission. Specific software, the Access database and ArcView from ESRI are required to view the CD-ROM. To review the CD-ROM at the Commission's offices, please contact Judith Strong, at (609) 883-9500 ext. 263 for an appointment. To order the CD-ROM at a cost of \$10, please contact Carolyn Hartman at (609) 883-9500 ext. 249. To review the CD-ROM at locations within the protected area, please contact Susan M. Weisman at (609) 883-9500 ext. 203.

The subject of the hearing will be as follows:

Amendment to the Commission's Ground Water Protected Area Regulations for Southeastern Pennsylvania Relating to the Establishment of Numerical Ground Water Withdrawal Limits for Subbasins in the Protected Area.

It is proposed to:

1. Amend the Ground Water Protected Area Regulations for Southeastern Pennsylvania as follows: Subsection 6.i.(3) is hereby revised to read as follows:

INSURANCE DEPARTMENT

[31 PA. CODE CH. 89]

Medicare Supplement Insurance Minimum Standards

The Insurance Department (Department) hereby proposes to amend § 89.790 and Appendix E and to add § 89.777a, to read as set forth in Annex A. The Department is publishing these amendments as a proposed rulemaking. The Department proposes the amendments under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412).

Purpose

Chapter 89, Subchapter K (relating to Medicare Supplement Insurance minimum standards), was initially promulgated to establish certain minimum standards for Medicare Supplement Insurance. The Department seeks to modify Subchapter K to allow for the sale of "Medicare Select" products (previously a Federal pilot program) which is intended to expand the health care choices of Medicare eligible insureds. Generally, Medicare Select will allow consumers to purchase Medicare Select products for lower premiums than standard Medicare supplement policies. The major difference between standard Medicare supplement policies and Medicare Select policies is that each Medicare Select issuer will have a network of specific hospitals, and possibly specific doctors, that must be utilized to receive full benefits, except in the case of an emergency. It is similar in concept to preferred provider organizations (PPOs) for accident and health insurance. The addition of Medicare Select products in this Commonwealth will allow consumers an additional choice in selecting a Medicare supplement product and will bring a Nationally marketed product to this Commonwealth. Lastly, the Department has received numerous inquiries and letters of support for Medicare Select from consumers, the insurance industry and providers alike. The Department has also clarified and revised language to improve the readability and understandability of the regulations.

Explanation of Regulatory Requirements

Section 89.777a (relating to Medicare Select policies and certificates) is being added to implement the policy requirements for Medicare Select. The Department is adopting the National Association of Insurance Commissioners' model regulation language. The addition of this product in this Commonwealth will allow greater selection of supplemental products for Medicare eligibles.

Section 89.790(b)(6) (relating to guaranteed issue for eligible persons) has been modified to ensure that this specific guaranteed issue protection applies to all Medicare supplement eligible individuals. This is consistent with the current regulatory requirement that Medicare supplement policies be offered to all eligible individuals when they qualify for coverage.

Appendix E (relating to Medicare supplement refund calculations) is being revised to incorporate minor format changes. These format changes are intended to eliminate confusion and improve understanding.

Fiscal Impact

The Department currently has the capacity to review the new Medicare Select filings in the course of normal business and should experience minimal or no cost increases in reviewing these new products.

The insurance industry will incur minimal additional costs in filing for the approval of the new forms, if they chose to offer Medicare Select products. Most issuers should be able to submit forms either identical, or very similar to, variations approved in other states because this regulation is adopting the NAIC model language.

Consumers could experience additional savings based on greater product availability.

Paperwork

Adoption of these proposed amendments will require additional paperwork in the product development area only if issuers choose to market Medicare Select products. Paperwork requirements should not be burdensome for the Department because the new Medicare Select products can be reviewed during the normal course of business.

Persons Regulated

These proposed amendments apply to all insurance companies who issue Medicare Supplement products in this Commonwealth.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120 within 30 days following the publication of this notice in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 27, 1999, the Department submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for the Department, the Governor and the General Assembly to review these objections before final publication of the amendments.

M. DIANE KOKEN,
Insurance Commissioner

(Editor's Note: Section 89.790, proposed to be amended in this document, was added at 29 Pa.B. 172 (January 9, 1999) and will be codified in MTS 292 (March, 1999).)

Fiscal Note: 11-193. No fiscal impact; (8) recommends adoption.

ANNEX A

TITLE 31. INSURANCE

PART IV. LIFE INSURANCE

CHAPTER 89. APPROVAL OF LIFE, ACCIDENT
AND HEALTH INSURANCESubchapter K. MEDICARE SUPPLEMENT
INSURANCE MINIMUM STANDARDS

§ 89.777a. Medicare Select policies and certificates.

(a) This section applies to Medicare Select policies and certificates, as defined in this section.

(b) A policy or certificate may not be advertised as a Medicare Select policy or certificate unless it meets the requirements of this section.

(c) For the purposes of this section, the following words and terms have the following meanings, unless the context clearly indicates otherwise:

Complaint—Dissatisfaction expressed by an individual concerning a Medicare Select issuer or its network providers.

Grievance—Dissatisfaction expressed in writing by an individual insured under a Medicare Select policy or certificate concerning the administration, claims practices or provision of services with a Medicare Select issuer or its network providers.

Medicare Select issuer—An issuer offering, or seeking to offer, a Medicare Select policy or certificate.

Medicare Select policy or Medicare Select certificate—A Medicare supplement policy or certificate, respectively, that contains restricted network provisions.

Network provider—A provider of health care, or a group of providers of health care, which has entered into a written agreement with the issuer to provide benefits insured under a Medicare Select policy.

Restricted network provision—A provision which conditions the payment of benefits, in whole or in part, on the use of network providers.

Service area—The geographic area approved by the Commissioner within which an issuer is authorized to offer a Medicare Select policy.

(d) The Commissioner may authorize an issuer to offer a Medicare Select policy or certificate, under this section and section 4358 of the Omnibus Budget Reconciliation Act (OBRA) of 1990 (42 U.S.C.A. § 1395b-2) if the Commissioner finds that the issuer has satisfied the requirements of this section.

(e) A Medicare Select issuer may not issue a Medicare Select policy or certificate in this State until its plan of operation has been approved by the Commissioner.

(f) A Medicare Select issuer shall file a proposed plan of operation with the Commissioner in a format prescribed by the Commissioner. The plan of operation shall contain at least the following information:

(1) Evidence that all covered services that are subject to restricted network provisions are available and accessible through network providers, including a demonstration that:

(i) Services can be provided by network providers with reasonable promptness with respect to geographic location, hours of operation and after-hour care. The hours of operation and availability of after-hour care shall reflect the usual practice in the local area. Geographic availability shall reflect the usual travel times within the community.

(ii) The number of network providers in the service area is sufficient, with respect to current and expected policyholders, to either:

(A) Deliver adequately all services that are subject to a restricted network provision.

(B) Make appropriate referrals.

(iii) There are written agreements with network providers describing both parties' specific responsibilities.

(iv) Emergency care is available 24 hours per day and 7 days per week.

(v) In the case of covered services that are subject to a restricted network provision and are provided on a prepaid basis, there are written agreements with network providers prohibiting the providers from billing or otherwise seeking reimbursement from or recourse against an individual insured under a Medicare Select policy or certificate. This subparagraph does not apply to supplemental charges or coinsurance amounts as stated in the Medicare Select policy or certificate.

(2) A statement or map providing a clear description of the service area.

(3) A description of the grievance procedure to be utilized.

(4) A description of the quality assurance program, including the following:

(i) The formal organizational structure.

(ii) The written criteria for selection, retention and removal of network providers.

(iii) The procedures for evaluating quality of care provided by network providers, and the process to initiate corrective action when warranted.

(5) A list and description, by specialty, of the network providers.

(6) Copies of the written information proposed to be used by the issuer to comply with subsection (j).

(7) Other information requested by the Commissioner.

(g) A Medicare Select issuer shall file:

(1) Proposed changes to the plan of operation, except for changes to the list of network providers, with the Commissioner prior to implementing the changes. Changes shall be considered approved by the Commissioner after 30 days unless specifically disapproved.

(2) An updated list of network providers with the Commissioner at least quarterly, if changes occur.

(h) A Medicare Select policy or certificate may not restrict payment for covered services provided by nonnetwork providers if the following apply:

(1) The services are for symptoms requiring emergency care or are immediately required for an unforeseen illness, injury or a condition.

(2) It is not reasonable to obtain services through a network provider.

(i) A Medicare Select policy or certificate shall provide payment for full coverage under the policy for covered services that are not available through network providers.

(j) A Medicare Select issuer shall make full and fair disclosure in writing of the provisions, restrictions and limitations of the Medicare Select policy or certificate to each applicant. This disclosure shall include at least the following:

(1) An outline of coverage sufficient to permit the applicant to compare the coverage and premiums of the Medicare Select policy or certificate with other:

(i) Medicare supplement policies or certificates offered by the issuer.

(ii) Medicare Select policies or certificates.

(2) A description, including address, phone number and hours of operation, of the network providers, including primary care physicians, specialty physicians, hospitals and other providers.

(3) A description of the restricted network provisions, including payments for coinsurance and deductibles when providers other than network providers are utilized.

(4) A description of coverage for emergency and urgently needed care and other out-of-service area coverage.

(5) A description of limitations on referrals to restricted network providers and to other providers.

(6) A description of the policyholder's rights to purchase another Medicare supplement policy or certificate otherwise offered by the issuer.

(7) A description of the Medicare Select issuer's quality assurance program and grievance procedure.

(k) Prior to the sale of a Medicare Select policy or certificate, a Medicare Select issuer shall obtain from the applicant a signed and dated form stating that the applicant has received the information provided under subsection (j) and that the applicant understands the restrictions of the Medicare Select policy or certificate.

(l) A Medicare Select issuer shall have and use procedures for hearing complaints and resolving written grievances from the subscribers. The procedures shall be aimed at mutual agreement for settlement and may include arbitration procedures.

(1) The grievance procedure shall be described in the policy and certificates and in the outline of coverage.

(2) At the time the policy or certificate is issued, the issuer shall provide detailed information to the policyholder describing how a grievance may be registered with the issuer.

(3) Grievances shall be considered in a timely manner and shall be transmitted to appropriate decision-makers who have authority to fully investigate the issue and take corrective action.

(4) If a grievance is found to be valid, corrective action shall be taken promptly.

(5) The concerned parties shall be notified about the results of a grievance.

(6) The issuer shall report by each March 31st to the Commissioner regarding its grievance procedure. The report shall be in a format prescribed by the Commissioner and shall contain the number of grievances filed in the past year and a summary of the subject, nature and resolution of the grievances.

(m) At the time of initial purchase, a Medicare Select issuer shall make available to each applicant for a Medicare Select policy or certificate the opportunity to purchase any Medicare supplement policy or certificate otherwise offered by the issuer.

(n) For purposes of this section, the following apply.

(1) At the request of an individual insured under a Medicare Select policy or certificate, a Medicare Select issuer shall make available to the individual insured the opportunity to purchase a Medicare supplement policy or certificate offered by the issuer which has comparable or lesser benefits and which does not contain a restricted network provision. The issuer shall make the policies or certificates available without requiring evidence of insurability after the Medicare Select policy or certificate has been in force for 6 months.

(2) For the purposes of this subsection, a Medicare supplement policy or certificate will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select policy or certificate being replaced. For the purposes of this paragraph, a "significant benefit" means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services or coverage for Part B excess charges.

(o) Medicare Select policies and certificates shall provide for continuation of coverage in the event the HHS Secretary determines that Medicare Select policies and certificates issued under this section should be discontinued due to either the failure of the Medicare Select Program to be reauthorized under law or its substantial amendment.

(1) Each Medicare Select issuer shall make available to each individual insured under a Medicare Select policy or certificate the opportunity to purchase any Medicare supplement policy or certificate offered by the issuer which has comparable or lesser benefits and which does not contain a restricted network provision. The issuer shall make the policies and certificates available without requiring evidence of insurability.

(2) For the purposes of this subsection, a Medicare supplement policy or certificate will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select policy or certificate being replaced. For the purposes of this paragraph, a "significant benefit" means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services or coverage for Part B excess charges.

(p) A Medicare Select issuer shall comply with reasonable requests for data made by State or Federal agencies, including the United States De-

partment of Health and Human Services, for the purpose of evaluating the Medicare Select Program.
 § 89.790. Guaranteed issue for eligible persons.

(6) The individual, upon first becoming eligible for benefits under Part A [or] and enrolled in Part B, if eligible, of Medicare [at age 65 or older], enrolls in a Medicare+Choice plan under Part C of Medicare, and disenrolls from the plan within 12 months after the effective date of enrollment.

(b) Eligible persons. An eligible person is an individual described in paragraphs (1)—(6):

Motor Vehicle Physical Damage Appraisers

The Insurance Department (Department) hereby proposes to amend §§ 62.1—62.4 to read as set forth in Annex A. The Department is publishing the amendments as a proposed rulemaking. The Department proposes the amendments under the authority of sections 206, 506,

1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); section 320 of The Insurance Department Act of 1921 (40 P. S. § 443); and sections 1—14 of the Motor Vehicle Physical Damage Appraiser Act (63 P. S. §§ 851—863) (act).

Purpose

Chapter 62 (relating to motor vehicle physical damage appraisers) was adopted by the Department on December 28, 1973, and amended on May 10, 1974. The regulations

were promulgated to clarify the licensing requirements and occupational standards for physical damage appraisers. The regulations were adopted prior to the enactment of the Regulatory Review Act (71 P. S. §§ 745.1—745.15). Consequently, the regulations were not subject to review by the Independent Regulatory Review Commission (IRRC). The purpose of this proposed rulemaking is to amend Chapter 62 to make it consistent with existing statutory language, to delete those provisions of the regulations which are duplicative of the act and to add additional language which enhances the act and which provides additional protections for consumers of this Commonwealth.

Explanation of Regulatory Requirements

Significant proposed amendments include the following:

The definition for "motor vehicle" in § 62.1 (relating to definition) has been amended to clarify that the definition does apply to trailers, but does not apply to nonmotorized vehicles such as bicycles or buggies. Definitions for the terms "aftermarket crash part," "nonoriginal equipment manufacturer ("Non-OEM")" and "predamaged condition" have been added to clarify new provisions to the chapter.

Section 62.2 (relating to licensing requirements) is proposed to be amended to include experience and competency standards for appraisers and also describe circumstances under which an application for an appraisers license may be denied, for example, a felony conviction. Similar regulatory standards currently exist for other Department licensees, including agents and brokers. Revisions also include the proposed deletion of subsections (a)—(m) as these are already requirements specified throughout the act, or which have otherwise been incorporated into the remaining provisions.

Section 62.3 (relating to applicable standards for appraisal) is proposed to amend for significant restructure to delete redundant language and include disclosure requirements.

Section 62.3(a)(1) and (2) is being proposed for deletion, as it is duplicative of provisions which are already specified in section 11 of the act (63 P. S. § 861). Section 62.3(a)(3), which prohibits the use of abbreviations or symbols to describe repair work, is being proposed for deletion as it has been an automotive repair industry standard to use abbreviations with definitions and, therefore, this language is found to be unnecessary. Moreover, section 11(b) of the act requires the appraisal be legible.

Section 62.3(b) has been revised to require a written disclosure which contains the following:

- (1) The amount of the appraisal.
- (2) A statement that any excess costs above the appraised amount may be the responsibility of the vehicle owner.
- (3) A statement that there is no requirement to use any specific repair shop. The appraiser may provide the consumer with the names of at least two repair shops able to perform the repair in accordance with the appraisal.
- (4) A description of repairs necessary to return the vehicle to its predamaged condition, including, but not necessarily limited to, labor involved, cost of all parts, necessary painting or refinishing, and all sublet work to be done. If there is a dispute regarding the cost of repairs to an insured's vehicle, the insured or the insurer may seek resolution through the invocation of the appraisal

clause provision or other similar provision which provides a process for dispute resolution in the policy contract.

(5) specification of incidental charges including towing, protective care, custody, storage, battery and tire replacement.

(6) Specification of applicable sales tax payable on the total dollar amount of the appraisal.

(7) The date, if any, after which an insurer will not be responsible for any related towing services or storage charges and after which the charges will be the responsibility of the consumer.

(8) The location where the listed parts are available in a condition equivalent to, or better than, the condition of the replaced parts prior to the accident.

(9) If the appraisal includes Non-OEM aftermarket crash parts, a statement that the appraisal has been prepared based on the use of aftermarket crash parts supplied by a source other than the manufacturer of the motor vehicle, and that if the use of an aftermarket crash part voids the warranty on the original part, the aftermarket crash part shall have a warranty equal to or better than the warranty on the original part.

Generally, the purpose of the disclosure requirement is to remove any uncertainty for consumers of this Commonwealth and fully apprise them of their rights and responsibilities under the act. In particular, the consumer is expressly advised that there is no requirement to use any specific repair shop. However, the disclosure also assists consumers by permitting the appraiser to provide the names of repair shops able to perform the repairs in accordance with the appraisal.

Section 62.3(c) is being proposed for deletion in its entirety as it is duplicative of provisions already specified in section 11 of the act, or which have otherwise been made part of the disclosure requirements.

Section 62.3(d) now appears as § 62.3(c) and, with the exception of minor changes for clarity and structure, remains unchanged.

Section 62.3(e) now appears as § 62.3(d) and, with the exception of minor changes for clarity and structure, remains unchanged.

Section 62.3(f) now appears as § 62.3(e) and, in addition to minor changes for clarity and structure, has been modified to delete reference to specific guide sources (for example, Red Book, NADA Book). Rather, the Commissioner will now publish annually in the *Pennsylvania Bulletin* a listing of all approved guide sources.

Section 62.3(g) now appears as § 62.3(f) and is proposed for amendment to delete provisions which are redundant, and to make the remaining provisions consistent with the act. Subsection (g)(1)—(5) is proposed for deletion as it is duplicative of provisions specified in section 11(f)(1)—(5) of the act. Subsections (g)(6) and (7) is proposed for deletion as it is duplicative of provisions specified in section 11(g)(1) and (2) of the act. Subsection (g)(8) and (9) (relating, in part, to prohibitions against appraisers recommending or referring customers to specified shops) is proposed for amendment so that it more appropriately conform to section 11(d) of the act, which only specifies that an appraiser may not "require" that repairs be made in any specified shop. The prohibition against an appraiser requiring the use of a specified shop has now been made part of the disclosure requirement in § 62.3(b)(1). The remainder of § 62.3(g)(9) has been renumbered as § 62.3(f)(1) to reflect the correct sequence

as a result of the deletion of subsection (g)(1)—(9). Subsection (g)(10) has been renumbered as § 62.3(f)(2) and reflects only minor changes for structure and clarity. Subsection (g)(11), (12)(i) and the first sentence of (12)(ii) is proposed for deletion as it is duplicative of provisions specified in section 11(b) and (c) of the act. The remaining portion of subsection (g)(12)(ii) has now been renumbered as § 62.3(f)(3) and reflects only minor changes in language. Subsection (g)(12)(iii) is being deleted as it has been replaced with the disclosure requirement in § 62.3(b)(9). Subsection (g)(13) is being proposed for deletion as it is duplicative of section 11(e) of the act. Finally, § 62.3(g)(14) is proposed for deletion as it is found to serve no purpose and does not otherwise enhance the provisions of the act.

Section 62.3(g) has been added to notify appraisers that penalties for violations of the act and its regulations are set forth in the act.

Section 62.4 (relating to sanctions for violations) is being proposed for deletion in its entirety as it is duplicative of sections 5—7 and 9 of the act (63 P. S. §§ 855—857 and 859).

External Comments

The Pennsylvania Collision Trade Guild, the Automotive Service Association of Pennsylvania and Insurance Federation of Pennsylvania were contacted regarding issues arising out of the existing regulations. The responses received were reviewed and taken into consideration during the review of these regulations.

Fiscal Impact

The proposed amendments will have no impact on costs associated with the Department's licensing of physical damage appraisers. The proposed amendments may impose some additional costs on physical damage appraisers and insurers associated with revising existing appraisal forms and procedures to incorporate the proposed disclosure requirements. The proposed amendments have no impact on costs to political subdivisions. There are no costs to the general public associated with this proposed amendments.

Paperwork

The proposed amendments impose no additional paperwork requirements on the Department or the general public. Physical damage appraisers and insurers will have to revise existing appraisal forms to include the proposed disclosure requirements.

Persons Regulated

The proposed amendments apply to all physical damage appraisers licensed to do business in this Commonwealth.

Contact Person

Questions or comments regarding the proposed rule-making may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120 within 30 days following the publication of these proposed amendments in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of these proposed amendments to IRRC and to the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a

detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for the Department, the Governor and the General Assembly to review these objections before final publication of the amendments.

Insurance Commissioner

Fiscal Note: 11-149. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 31. INSURANCE

PART II. AUTOMOBILE INSURANCE

CHAPTER 62. MOTOR VEHICLE PHYSICAL DAMAGE APPRAISERS

§ 62.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Aftermarket crash part—A replacement for any of the nonmechanical sheet metal or plastic parts that generally constitute the exterior of the motor vehicle, including inner and outer panels.

Appraisal—A written monetary determination of damage incurred [by] to a motor vehicle when the making of such a determination is assigned in order [to fix the value of insurance claims] to return the vehicle to its condition prior to the damage in question. Appraisals [shall] include [a determination whether] determinations made by the insurer, its employees, its agents or related entities or [made by another individual] individuals or [entity otherwise] entities assigned to make a determination.

* * * * *

Motor vehicle—Any motorized device, including a trailer attached thereto, in, upon or by which a person or property is or may be transported or drawn upon a public highway.

Nonoriginal equipment manufacturer ("Non-OEM") aftermarket crash part—An aftermarket crash part not made for or by the manufacturer of the motor vehicle.

Predamaged condition—The condition of the motor vehicle just prior to the damage in question incurred.

§ 62.2. Licensing requirements.

(a) [A person may not directly or indirectly act or hold himself out as an appraiser unless the person has first secured a license from the Commissioner in accordance with the provisions of the act and this chapter.

(b) The fee to be paid to the Commissioner by an applicant for an appraiser's license shall be \$10 at the time the application is made and \$10 annually for the renewal thereof. In the event of failure to pass the examination, the fee of \$10 will not be returnable.

(c) Each appraiser, while engaged in appraisal duties, shall carry the license issued to him by the Department and shall display it, upon request, to an owner whose vehicle is being inspected, to the repair shop representative involved or to any authorized representative of the Department.

(d) Except as otherwise provided in the act and this chapter, a person may not be granted an appraiser's license unless he shall first establish his qualifications therefor and takes and passes an examination for appraisers.

(e) An applicant for the examination shall be at least 18 years of age; shall be a resident of this Commonwealth, or a resident of another state or country which permits residents of this Commonwealth to act as appraisers in state or country; shall be trustworthy.

(f) In order to qualify for the examination, an applicant shall establish his competency to fulfill the responsibility of being an appraiser. This may be done by showing either a minimum of 6 months continuous experience at an occupation directly involving the estimation of physical damage to motor vehicles, such as a body repairman; or by providing written documentation of successful completion of special education or training related to appraising motor vehicle physical damage and acceptable to the Commissioner as assuring minimum standards of competency.

(g) Applications for an examination as appraiser shall be made to the Commissioner upon forms prescribed and furnished by him and shall be accompanied by the proper fee. Information required on forms must be completed or the application will not be processed.

(h) The examination for licensure which shall be given under the supervision of the Commissioner shall consist of a written examination that shall include the act of appraising one or more damaged motor vehicles and shall be supplemented by an oral examination. At the discretion of the Commissioner an oral examination in lieu of the aforesaid written examination may be given but only for reason of an applicant's physical handicap. An oral examination shall include the act of appraising one or more damaged motor vehicles.

(i) Examinations shall be given at reasonable times and places within the Commonwealth. An applicant who fails to pass the examination is not eligible to retake an examination for 30 days from the date of failure.

(j) Upon proper application and the payment of a fee of \$10 a person who has been employed or engaged for a period of not less than 2 years prior to the submission of the application in the appraising of physical damages to motor vehicles and is currently so engaged shall be licensed without examination as an appraiser if the application is made on or before July 1, 1973, and the applicant

possesses the qualifications required of applicants as provided in section 3 of the Act (63 P. S. § 853) and subsections (d)—(i).

(k) An appraiser's license shall expire annually at midnight of June 30th next following the date of issuance.

(l) Subject to the right of the Commissioner to suspend, revoke or refuse to renew an appraiser's license, the license may be renewed for another annual period commencing the first day of July and expiring at midnight of June 30th next following by filing with the Commissioner on or before the expiration date a written request, by or on behalf of the licensee, for the renewal, accompanied by payment of the renewal fee.

(m) If the request and fee for renewal of the license is filed with the Commissioner prior to the expiration of the existing license, the licensee may continue to act under the license, unless sooner revoked or suspended, until the issuance of renewal license or until the expiration of 5 days after the Commissioner has refused to renew the license and has mailed notice of the refusal to the licensee. Any request for renewal not so filed until after the day of expiration may be considered by the Commissioner as an application for a new license.]

In addition to the requirements in sections 3, 4, 8 and 11 of the act, to qualify to take the examination required for appraisers, an applicant shall establish competency to fulfill the responsibility of being an appraiser.

(1) Competency may be demonstrated by providing written documentation of one of the following:

(i) A minimum of 6 months continuous experience within the last 3 years at an occupation, such as body repair, that directly involves the estimation of physical damage to motor vehicles.

(ii) Successful completion of education or training related to appraising motor vehicle physical damage taken within the last 3 years.

(2) The applicant shall provide additional information experience, education or training to the Commissioner or a designee upon request.

(b) An application for licensing may be denied for any of the following:

(1) The applicant has provided incorrect, misleading or incomplete answers to interrogatories on forms incidental to the application for a license.

(2) The applicant has been denied a license by the Department or has had an existing license revoked, suspended or not renewed by an insurance regulatory authority in another state, territory or possession of the United States, or in the District of Columbia, or the Canadian provinces.

(3) The applicant does not possess the professional competence and trustworthiness required to engage in conducting motor vehicle appraisals. This determination will be made by the Department.

(4) A showing that, within 5 years prior to applying for a license under the act, an applicant has pleaded guilty, entered a plea of nolo contendere or has been found guilty of a felony in a court of competent jurisdiction, or has pleaded guilty, en-

tered a plea of nolo contendere, or been found guilty of criminal conduct which relates to the applicant's suitability to conduct motor vehicle appraisals. If applicable, applicants shall also comply with the insurance-related provisions in sections 320 and 603(a) of the Violent Crime Control and Law Enforcement Act of 1994 (18 U.S.C.A. §§ 1033 and 1034).

(i) Examples of criminal violations which the Department may consider related to the applicant's suitability to engage in the business of an appraiser include unlawful practices, embezzlement, obtaining money under false pretenses, conspiracy to defraud, bribery or corrupt influence, perjury or false swearing, unlicensed activity or a criminal offense involving moral turpitude or harm to another.

(ii) Examples of violations or incidents which the Department will not consider related to the applicant's suitability to engage in the business of an appraiser are all summary offenses, records of arrests if there is no conviction of a crime based on the arrest, convictions which have been annulled or expunged or convictions for which the applicant has received a pardon from the Governor.

(5) The applicant has unpaid and overdue amounts, including, fees and civil penalties, owing to the Department.

§ 62.3. Applicable standards for appraisal.

(a) The appraisal [statement] shall [adhere to the following form:] be signed by the appraiser before the appraisal is submitted to the insurer, the consumer or another involved party.

[(1) An appraisal shall state the name of the insurance company, the insurance file number, the number of the appraiser's license and the proper identification number of the vehicle being inspected.

(2) An appraisal shall be signed by the appraiser before the appraisal is submitted to the insurer, the consumer or any other involved party.

(3) An appraisal may not make use of abbreviations or symbols to describe work to be done or parts to be repaired or replaced unless an explanation of the abbreviations and symbols is included.]

(b) [The appraisal statement] In addition to the requirements in the act, the appraisal shall contain a written disclosure which includes the following:

(1) The dollar amount of the appraisal.

(2) A statement that excess costs above the appraised amount may be the responsibility of the vehicle owner.

(3) A statement that there is no requirement to use any specific repair shop. The appraiser may provide the consumer with the names of at least two repair shops able to perform the repair in accordance with the appraisal.

[Items] (4) A description of repairs necessary to return the vehicle to its predamaged condition [prior to the damage in question], including [, but not necessarily limited to] labor involved [;], cost of all parts, necessary painting or refinishing, and all sublet

work to be done. [Furthermore, there shall be a specification of charges relating to towing, protective care, custody, storage, depreciation, including but not limited to new battery and tire replacement, applicable sales tax payable on the total dollar amount of the appraisal, and all other matters incidental to repair of the incurred damage.] If there is a dispute regarding the cost of repairs to an insured's vehicle, the insured or the insurer may seek resolution through the invocation of the appraisal clause provision or other similar provision which provides a process for dispute resolution in the policy contract.

[(2) A clear indication of the cost or dollar amount value of all specified items.

(3) A clear indication of unrelated or old damage.

(4) If there is a date after which an insurer will not be responsible for a related towing services or storage charges, or both, and after which the charges will be the responsibility of the consumer, the appraisal shall clearly indicate that date.]

(5) Incidental charges including towing, protective care, custody, storage, battery and tire replacement.

(6) Applicable Sales Tax payable on the total dollar amount of the appraisal.

(7) The date, if any, after which an insurer will not be responsible for related towing services or storage charges and after which the charges will be the responsibility of the consumer.

(8) The location where the listed parts are available in a condition equivalent to, or better than, the condition of the replaced parts prior to the accident.

(9) If the appraisal includes Non-OEM aftermarket crash parts, a statement that the appraisal has been prepared based on the use of aftermarket crash parts supplied by a source other than the manufacturer of the motor vehicle, and that if the use of an aftermarket crash part voids the warranty on the original part, the aftermarket crash part shall have a warranty equal to or better than the warranty on the original part.

(c) [In the specification of new or used parts, the following standards shall be used for the appraisal statement:

(1) The operational safety of the motor vehicle shall be paramount especially when the parts involved pertain to the drive train, steering gear, suspension units, brake system or tires.

(2) If used parts are specified in the appraisal, the appraiser shall have certain knowledge of one or more relatively convenient locations where the particular used parts are actually and reasonably available in usable condition equivalent to or better than the condition of the damaged parts prior to the accident. The appraiser shall specify the locations where such used parts are in fact available.

(d)] (c) In the appraisal of salvage value, the following [standards] standard shall be used:

(1) If the salvage value of the vehicle being appraised is known or could reasonably be [found out] deter-

mined, the appraiser shall **[inform]** advise the consumer **in writing** of the salvage value and additional charges for towing services or storage chargeable against the motor vehicle as of the date of the appraisal.

(2) **[For a]** If the salvage value is listed, the appraiser shall **[inform]** advise the consumer **in writing** of the name and address of **each** salvage **[buyer]** bidder, and the amount and expiration date of each salvage bid known.

(3) If the ownership and possession of the damaged motor vehicle is not retained by the owner or **[his]** the owner's representative, this subsection dealing with salvage value **[need not be complied with]** is **inapplicable**.

[e] The following standards shall be used regarding the betterment of the vehicle:

(1) **[d]** An appraisal for the repair of the motor vehicle **[will]** shall be made in the amount necessary to return the motor vehicle to its **[same condition just prior to the damage in question being incurred]**.

(2) **[predamaged condition]**. If the consumer **[is insistent upon]** requests the use of **[new]** parts **[rather than repair]** other than those listed on the appraisal, or otherwise wishes to repair the motor vehicle to a condition better than that existing prior to the damage incurred, the appraisal need only specify the cost of repairing the vehicle to its **predamaged** condition **[just prior to the time the damage was incurred]**.

[f] The following standards shall be used to determine replacement value under policy provisions covering the total loss of a motor vehicle including an uncovered motor vehicle:

(1) If the costs of repair of a motor vehicle exceed its appraised value, less salvage value or the motor vehicle cannot be satisfactorily or reasonably repaired to its condition just prior to the damage in question being incurred, the appraised value of the loss shall be the replacement value of the motor vehicle.

(2) The replacement value of a motor vehicle shall be calculated by use of the one of the following methods:]

(e) The appraised value of the loss shall be the replacement value of the motor vehicle if the cost of repairing a motor vehicle exceeds its appraised value less salvage value, or the motor vehicle cannot be satisfactorily or reasonably repaired to its condition just prior to the damage in question being incurred.

(1) Under this subsection, replacement value under the policy provisions covering the total loss of a motor vehicle including an unrecovered motor vehicle shall be determined by one of the following methods:

(i) *Guide source method.* The appraiser shall calculate the average of two figures reflecting the retail book value of a vehicle of like kind and condition, as **[stated in the corrected edition of the Red Book (National Market Reports, Inc., Circulation Department, 300 West Adams Street, Chicago, Illinois 60606, telephone (800) 671-9907), the NADA Book (Subscription Department, P. O. Box 7800, Costa Mesa, California**

92628, telephone (800) 622-6232), or any similar source of information] provided by guide sources approved by the Commissioner. A listing of approved guide sources shall be published once a year in the *Pennsylvania Bulletin*. The appraised value shall be adjusted for equipment and mileage, less the cost of repair of damage which preexisted the accident in question. **[There may be no]** No other deductions may be taken except for salvage and then only if the owner elects to retain the vehicle.

(ii) *Actual cost method.* The appraiser shall determine the actual cost of purchase of an available motor vehicle of like kind and quality in condition similar to or better than the motor vehicle being appraised just prior to the damage in question being incurred. **The appraiser shall specify, in writing, the location of the vehicle of like kind and quality.**

[3] **(2)** If the motor vehicle is listed in **[any]** at least two **[of the sources authorized by paragraph (2)(i), including older car publications]** guide sources approved by the Commissioner, the replacement value shall be calculated by the guide source method or by the actual cost method, as described in paragraph **[(2)] (1)(i) and (ii)**. If the actual cost method is used, and the owner of the damaged vehicle shows that the replacement vehicle is not of the same kind and quality, both calculations referenced in this paragraph shall be made, and the higher of the values obtained shall be offered in settlement.

[4] **(3)** If the motor vehicle is not listed in **[any]** at least two of the sources authorized by paragraph **[(2)] (1)(i), [including older car publications,]** or if the vehicle differs materially from the average vehicle because of factors not considered in the guide sources, for example, antique or classic cars, vehicles no longer manufactured and unique vehicles, the replacement value shall be calculated by the actual cost method or by the dealer quotation method, as described in paragraph **[(2)] (1)(i) and (ii)**. If the dealer quotation method is used, both calculations referenced in this paragraph shall be made, and the higher of the values obtained shall be offered in settlement.

[5] **(4)** ***

[6] **(5)** The licensed appraiser's **[Total Loss Evaluation Report]** total loss evaluation report shall contain the names and addresses of those persons from whom quotations were secured, the date secured, and whether or not a similar vehicle was available.

[7] **(6)** The licensed appraiser's file shall show the method used to determine the **[more accurate]** replacement value in a given locality.

(8) A **(7)** The appraiser is responsible for ensuring that a copy of the total loss evaluation **[sheet]** report be **[given]** sent within 5 working days to the consumer by the appraiser **[or by the insurer within 5 working days]** after the appraisal is completed. If **[an offer of settlement]** a settlement offer is **[made]** extended before the consumer receives the total loss evaluation **[sheet]** report, the consumer shall be **[verbally]** advised of the total loss evaluation report's contents **[thereof]** and of **[his]** the consumer's right to receive a copy within 5 days after its completion.

[(g) The general standards of behavior of an appraiser] (f) In addition to the requirements in section 11 of the act (63 P. S. § 861), an appraiser shall [include the following]:

(1) [Conduct to inspire public confidence by fair and honorable dealings.

(2) Appraisals of damaged property done without prejudice against, or favoritism toward, any party involved.

(3) Disregard of attempts of others to influence his judgment in the interest of the parties involved.

(4) Preparation of an independent appraisal of damage.

(5) Inspection of a vehicle within 6 working days of assignment to the appraiser unless intervening circumstances (for example catastrophe, death, and failure of the parties to cooperate) render the inspection impossible.

(6) An appraiser may not receive directly or indirectly a gratuity or other consideration in connection with his appraisal services from a person except his employer or, if self-employed, his customer.

(7) An appraiser may not traffic in automobile salvage if the salvage is obtained as a result of appraisal services rendered by him for his own benefit.

(8) An appraiser or his employer may not recommend or require that repairs be made at a particular place or by a particular individual.

(9) An appraiser may not have] Not have a direct or indirect conflict of interest in the making of an appraisal. This chapter and the act, and this section in particular, shall be strictly interpreted to protect the interest of the consumer and place the burden upon the appraiser to [fully] eliminate conflict of interest in the making of an appraisal. [Unless as otherwise specified in this chapter or act, a licensed appraiser may not attempt to directly or indirectly coerce, persuade, induce or advise the consumer that appraised motor vehicle physical damage must be, should be or could be repaired at a particular location or by a particular individual or business.

(10) Before an appraiser authorizes] (2) Obtain the consent of the consumer before authorizing the removal of a motor vehicle from one location to another[, the consent of the consumer shall be obtained].

(i) The [need for] consent of the consumer may not be necessary for initial removal of the motor vehicle from the scene of an accident.

(ii) An appraiser authorizing removal of a motor vehicle to a salvage yard shall inform the [salvor] salvager in writing that possession is merely for safe-keeping purposes and that the [salvor] salvager does not have an ownership right to the motor vehicle, its parts or accessories, until a certificate of title is received indicating that ownership has been transferred.

[(11) Personal inspection of damaged property by the appraiser is required as follows:

(i) An appraiser may not secure or use repair estimates that have been obtained by the use of photographs, telephone calls or in a manner other than personal inspection.

(ii) If a damaged motor vehicle is in the custody of a repair shop, an appraiser may not take photographs of the damaged motor vehicle until after a legible copy of his appraisal is left with the repair shop although the appraisal may contain certain open items.

(12) The responsibility of the appraiser shall include delivery and explanation of the appraisal as follows:

(i) The appraiser shall provide a legible copy of the appraisal to the consumer

(ii) At the request of an involved party or as is otherwise necessary, the appraiser shall leave a copy of the appraisal with the selected repair shop. The appraiser shall discuss]

(3) Discuss the appraisal with [the selected] an authorized representative of the repair shop [owner its authorized representative] which shop is selected by the consumer or any other [parties] party as is reasonably necessary to [insure] demonstrate that the actual costs of repairs are adequately covered in the appraisal.

[(iii) Upon the unsolicited request of the consumer, an appraiser shall provide names and addresses of auto body shops, garages or repair shops within a reasonable distance of where the motor vehicle is located and where work will be done in accord with the written appraisal.

(13) An appraiser shall promptly reinspect damaged vehicles prior to the repairs in question: when supplementary allowances are requested by repair shops or when the amount or extent of damages is in dispute, or both.

(14) A provision of the act or this chapter may not be construed as intended to prohibit or limit the subsequent appraisal or reappraisal of damage by different licensed appraisers, if such is desired by any of the involved parties.]

(g) The penalties for violating the act and its regulations thereunder are set forth in sections 5, 6, 7 and 9 of the act.

§ 62.4. [Sanctions for violation] (Reserved).

[(a) The Commissioner may deny initial issuance of, suspend, revoke or refuse to renew any appraiser's license for any cause specified in the act, or this chapter, or for any of the following causes:

(1) For any cause for which issuance of the license could have been refused had it been existent and been known to the Commissioner.

(2) If the licensee willfully violates, or fails to comply with or knowingly participates in the violation of or failure to comply with the act, or this chapter or another rule or regulation promulgated thereunder.

(3) If the licensee has obtained or attempted to obtain a license through willful misrepresentation or fraud, or has failed to pass any examination required under this act.

(4) If the licensee has, with intent to deceive, materially misrepresented the terms or effect of an insurance contract; or has engaged or is about to engage in a fraudulent transaction.

(5) If the licensee has been convicted, by final judgment, of a felony.

(6) If in the conduct of his affairs under the license, the licensee has shown himself to be, and is so deemed by the Commissioner, incompetent or untrustworthy, or a source of injury and loss to the public.

(b) Every order suspending a license shall specify the period during which suspension will be effective, which may in no event exceed 12 months.

(c) The holder of any license which has been revoked or suspended shall immediately surrender the license to the Commissioner at his request.

(d) The Commissioner may not reinstate the license or relicense a licensee or former licensee whose license has been suspended, revoked or renewal refused while the cause for the suspension, revocation or refusal of the license persists.

(e) Except as otherwise provided in the act, actions of the Commissioner shall be taken subject to the right of notice, hearing and adjudication, and the right to appeal therefrom as provided by law.

(f) The license of an individual found in violation of this chapter or the act may be suspended or revoked by the Commissioner. In addition, a person who violates this chapter or the act may be guilty of a misdemeanor and upon conviction thereof, for each offense, may be sentenced to pay a fine not exceeding \$500, or to undergo imprisonment not exceeding 1 year, or both.]

STATE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

[49 PA. CODE CH. 39]

Continuing Professional Education

The State Board of Examiners of Nursing Home Administrators (Board) proposes to amend its regulations in §§ 39.1, 39.11, 39.14, 39.41, 39.43, 39.51—39.61 and 39.72, to delete §§ 39.31 and 39.32, 39.42 and 39.62—39.64 and to add §§ 39.44 and 39.65, as set forth in Annex A. The proposed amendments relate to continuing education requirements.

A. Effective Date

The proposed amendments would be effective upon publication of the final-form regulations in the *Pennsylvania Bulletin*. The continuing education requirement will apply to the 2001—2003 biennial renewal.

B. Statutory Authority

The Board has authority to adopt regulations pertaining to continuing education under section 9(b) of the Nursing Home Administrators License Act (act) (63 P. S. § 1109(b)).

C. Background and Purpose

Section 9(b) of the act (63 P. S. § 1109(b)), requires licensees to complete continuing education as a condition of biennial renewal. Current §§ 39.31—39.64 of the Board's regulations establish the parameter of the continuing education requirement. The proposed amendments clarify, update and expand on those provisions.

D. Description of Amendments

Substantive amendments

1. Program preapproval.

Section 39.41 (relating to provider registration) of the current regulations requires continuing education providers to be preapproved by the Board. Individual programs, however, do not require preapproval under current § 39.52(b). Rather, after the program is offered or completed, licensees file individual applications with the Board, under § 39.64, seeking program approval. If the Board believes that the program satisfies its qualifications, approval will be granted. If the Board does not believe the program satisfies its qualifications, the licensee will not receive any credit and will be required to obtain additional continuing education.

As proposed, the Board's continuing education regulations would be amended to require preapproval of all programs. The Board believes that preapproval will be of assistance to licensees since they would know in advance that the program has been approved and the number of hours granted. In order to assure that the preapproval process would not burden providers, proposed § 39.52(b) would be amended to reduce the program application submission date from 90 days to 60 days. Programs limited to significant changes in State or Federal law or regulations which will be implemented within 60 days of their publications need only be submitted to the Board for approval within 30 days of their presentation.

In addition to reducing the time for seeking program approval, the proposed amendments would also reduce the paperwork requirements on providers. Under proposed § 39.43 (relating to standards for provider approval), prospective providers would no longer need to inform the Board of the provider's area of expertise, the adequacy of the facilities, qualifications, reputation and character of the instructors and appropriateness of the educational materials on the provider applications.

The proposed amendments would also eliminate the restrictions on providers by deleting current § 39.42 which identifies categories of providers.

The proposed amendments would also eliminate the individual program application fee in current section 39.72.

2. Clock hour and reporting requirements.

Proposed § 39.61 consolidates and refines the requirements in current §§ 39.61—39.64. Under proposed subsection (b), licensees may complete the 48 clock hours per biennium in lecture or computer interactive courses approved by the National Association of Boards of Examiners of Long-Term Care Administrators (NAB) or the Board, college or university courses, including distance learning, individual study, serving as an instructor or author of a book, article or continuing education program.

Under the proposed amendments, current § 39.61(b)(2)(i)—(iv), regarding community, professional and health-care activities, would be eliminated. The Board believes that while these activities are worthwhile to the community and the licensee, they do not constitute

education or learning which contributes directly to the professional competence of nursing home administrators

Current §§ 39.61(b)(2)(vi)—(vii), 39.63 and 39.64, regarding home study, individual study, or serving as an instructor or author, would be consolidated into § 39.61(b)(3). Proposed subsection (b)(3)(ii) expands the publication credit for licensees. Under the current regulation, authors may only obtain 3 clock hours per article. Under this provision, up to 12 clock hours may be awarded based on the complexity of the subject matter or work. In exceptional circumstances, where an article is published in a refereed journal, a licensee may be awarded up to 24 clock hours.

Proposed subsection (b)(3)(ii) also expands the credit available for instructors. Under the current regulation, licensees are capped at 3 clock hours. Under the proposed regulation, instructors may earn 1 clock hour for each hour of participation up to 12 clock hours.

Proposed subsections (c) and (e) would set forth the exceptions to the credit hour requirement codifying current Board policy. A licensee who obtains a license after the biennial period begins would only need to complete 24 clock hours, of which 12 must be taken in NAB or Board-approved programs. Under new subsection (e) licensees who cannot meet the continuing education requirement due to illness, emergency or hardship would be able to seek a waiver from the Board.

New subsection (d) clarifies that licensees whose license is suspended would not be exempt from the continuing education requirement. New subsection (f) clarifies that licensees will not receive credit for repeating a program in the same renewal period unless the subject matter has substantially changed during that period.

New § 39.65 would describe the reporting requirements. Licensees would be required to certify that they have met the continuing education requirements on their application for biennial renewal. Documentation, listed in subsection (b), which would evidence completion of the continuing education requirement, would only have to be provided to the Board upon request. Licensees would be responsible for maintaining a copy of the documentation for 4 years. Failure to provide documentation when requested or falsification of the requested information would constitute a violation of the act and could result in disciplinary action.

3. Subject matter.

Under the current regulations, licensees must complete their continuing education hours in the subjects listed in §§ 39.7 and 39.14. Current § 39.14 repeats the approved subject areas in both subsections (a) and (b). In the proposed amendments, § 39.14 would be amended to delete the redundant reference in subsection (b). In addition, subsection (b)(2) has been amended to clarify that the appropriate subject areas must be appropriate to long-term care. The reference to § 39.7 has also been deleted in proposed § 39.51(a) as unnecessary.

Current section 39.51(b) would be amended to codify current Board policy that two types of programs, while capable of being in the subject areas listed in § 39.14, are not deemed acceptable to the Board: inservice programs which are not open to any licensee and programs limited to the organization and operation of the employer. The Board believes that these programs are designed to enhance job performance rather than improve clinical competency.

4. Provider responsibilities.

New § 39.44 would delineate provider responsibilities ranging from the disclosure obligations prior to presenting a program to verification requirements following the presentation of the program.

Technical amendments

Section 39.1 would be amended to add definitions of "continuing education certificate," "clock hour," "individual study" and "NAB."

The amendments to § 39.11 would clarify that licensees shall complete 48 clock hours of continuing education during the preceding renewal period as a condition of biennial renewal. In addition, subsection (e) would clarify that licensees whose licenses have expired shall not only submit the required late fee, if they have practiced during the preceding renewal period, or a verification of nonpractice, if they have not practiced during the preceding renewal period, but also shall provide documentation evidencing the satisfactory completion of the continuing education requirement for the preceding biennial period. This requirement is in lieu of the personal hearing previously required in current subsection (f).

Current §§ 39.13 and 39.32 are being deleted as unnecessary or redundant. Relevant subsections have been reinserted where appropriate.

E. Compliance with Executive Order 1996-1.

In accordance with the requirements of Executive Order 1996-1 (February 6, 1996), in drafting and promulgating the proposed amendments the Board solicited input and suggestions from the regulated community by providing drafts to organizations and entities which represent the professions, educational institutions and interested individuals.

F. Fiscal Impact and Paperwork Requirements

1. Commonwealth—There is no fiscal impact associated with this proposal. Current regulations require the Board to assure compliance with the continuing education requirement before renewing a license. The costs associated with the regulations, including an audit, are borne by the general licensee population through biennial renewal fees which generate revenue for all Board activities. Additional paperwork will be incurred by the Board to amend renewal application forms.

2. Political subdivisions—There will be no adverse fiscal impact or paperwork requirements imposed.

3. Private sector—There will be no adverse fiscal impact or paperwork requirements imposed.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 27, 1999, the Board submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee (Committees). In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendments to Robert G. Cameron, Counsel, State Board of Examiners of Nursing Home Administrators, 116 Pine Street, Post Office Box 2649, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-623 (Continuing Education), when submitting comments.

ROBERT H. MORROW,
Chairperson

Fiscal Note: 16A-623. No fiscal impact; (8) recommends adoption.

CONTINUING EDUCATION FOR NURSING HOME ADMINISTRATORS

§ 39.31. [Purpose] (Reserved).

[(a) The Board believes the mandate of continuing education for relicensure of nursing home administrators constitutes a major responsibility of the Board in relation to approval of educational programs. The almost overwhelming growth of the health-care field, with a great proportion of this growth affecting the aging population and long-term facilities, demands that those individuals who

assume a leadership role in this area of health-care be knowledgeable in subject matter and skilled in performance. To be effective, this knowledge shall be current and transferable to permit the individual to function in the total sphere of the health-care system.

(b) The Board believes that a formal educational setting which is staffed and equipped to offer health and other related educational programs is the preferred setting to accomplish these objectives and that the pattern established at this time will greatly determine the future course of professionalism of the nursing home administrator.]

§ 39.32. [Guidelines] (Reserved).

[The following guidelines are to be used to help insure that the educational program is a meaningful, educational experience:

(1) The program should provide a clear statement of its educational objectives.

(2) The program should selectively utilize the faculty format and educational modalities best suited to the topic.

(3) The program should conclude with an evaluation to determine if the educational objectives have been accomplished.]

(b)] A provider may not indicate in any manner that approval has been granted [as a provider or for a program unless a provider number or program number] until notification has been [issued] received from the Board.

[(c)] (b) * * *

§ 39.54. Review.

(a) [The Continuing Education Committee of the Board will review provider applications and continuing education program applications submitted. The Committee will make recommendations to the Board for approval or rejection of the applications. Reasons for rejection will be communicated in writing. No member of the Committee will participate in the review of an application in which they have a vested interest.

(b)] Approved providers shall be subject to onsite and onsite review of the program being presented by representatives of the Board.

[(c)] (b) Ongoing review of a provider will be on a selected basis subject to the physical presence of Board members or appointed representatives selected by the Board to evaluate program content, relevancy and acceptability.

[CREDIT] CLOCK HOURS REQUIREMENT

§ 39.61. Requirements.

(a) [Continuing education consisting of] A licensee shall complete at least 48 clock hours [per biennium shall be required for each licensee] during the preceding biennial period.

(b) Of the 48 hours required, the following applies:

(1) [Twenty-four hours as a minimum] At least 24 hours shall be [earned by attendance at educational seminars which provide a program previously approved by the Board. Programs presented by seminars shall consist of core subjects listed in §§ 39.7 and 39.14 (relating to subject matter for examinations; and approval of programs of study)] taken in lecture or computer interactive courses approved by NAB or the Board.

(2) [A licensee may earn a total of 12 credit hours by actively participating in community, professional and health-care activities. Examples follow:

(i) Serving as an elected officer of a health-care-related association or organization recognized by the Board and requiring attendance and participation at all yearly meetings may earn one credit hour per meeting.

(ii) Serving on committees, boards, advisory groups and the like of a health-care-related organization recognized by the Board—including government appointment—may earn one credit hour per meeting.

(iii) Attending and participating in the annual business meeting of recognized organizations irrespective of holding office or committee membership may earn one credit hour per meeting.

(iv) Actively participating as an officer or committee member in voluntary community health-care-related organizations that are recognized by the Board may earn two credit hours per meeting.]

(i) Individual study.

[(v) Publication of professional] (ii) Authoring an article on long-term care. Authors whose articles [relating to nursing home administration] are published in professional journals may earn [three credit] 3 clock hours per article. Additional credit, up to 12 of the required hours may be awarded based on the complexity of the subject matter or work. In exceptional circumstances, if an article is published in a refereed journal, a licensee may be awarded up to 24 clock hours.

[(iv) Participation as lecturer in] (iii) Serving as an instructor of a continuing education program or a college or university course. Instructors may earn

[three credit hours per presentation] clock hour for each hour of instruction up to 12 clock hours.

(c) A licensee who obtains a license after the biennial period begins shall complete only 24 clock hours, of which 12 clock hours shall be taken in NAB or Board approved programs.

(d) A licensee suspended for disciplinary reasons is not exempt from the continuing education requirements in subsection (a).

(e) A licensee who cannot meet the continuing education requirement due to illness, emergency or hardship may apply to the Board in writing prior to the end of the renewal period for a waiver. The request shall explain why compliance is impossible, and include appropriate documentation. Waiver requests will be evaluated by the Board on a case-by-case basis.

(f) A licensee will not be credited for repeating a program in the same renewal period unless the subject matter has substantially changed during that period.

§ 39.62. [College or university courses] (Reserved).

[(a) Credit will be given only for hours actually spent in the classroom, with no more than 24 hours of continuing education credits granted by the Board in any biennium for courses obtained in an accredited university or college.

(b) The requests for credits shall be submitted in an application for program approval and assigned a number if approved. Prior approval of the program will not be required. Programs presented by college or university shall consist of core subjects listed in §§ 39.7 and 39.14 (relating to subject matter for examinations; and approval of programs of study).]

§ 39.63. [Home study courses] (Reserved).

[No more than 18 hours of continuing education credits will be granted by the Board in any biennium for home study courses. The home study courses shall have prior approval of the Board. Prior approval shall be obtained by the filing of a provider registration approval application by the provider sponsoring the course and by submission of an application for program approval as required by §§ 39.41, 39.51 and 39.54 (relating to provider registration; standards for continuing education programs; and review).]

§ 39.64. [Individual programs] (Reserved).

[Credit hours may be obtained on an individual basis for attendance at programs which have not had prior approval of the Board subject to the following:

(1) Individuals shall submit proper application for program approval as set forth in § 39.51 (relating to standards for continuing education programs).

(2) Individuals must submit supporting documentation and verify attendance.

(3) Program subject material shall meet the requirements of core subjects as set forth in § 39.7 and 39.14 (relating to subject matter for examinations; and approval of programs of study).

(4) The Board reserves the right to withhold granting credit hours for previously nonapproved individual programs until the review process in § 39.54 (relating to review) is satisfactorily completed.]

§ 39.65. Reporting continuing education clock hours.

(a) A licensee shall provide a copy of the required documentation supporting the completion of the required hours when requested to do so by the Board.

(b) Acceptable documentation consists of:

(1) A continuing education certificate or sponsor-generated printout.

(2) A certified transcript of courses taken for credit in an accredited university or college. For noncredit courses taken, a statement of hours of attendance, signed by the instructor.

(3) Evidence of publication for published articles, books or continuing education programs.

(4) Evidence obtained from the provider of having been an instructor, including an agenda and time schedule.

(c) A licensee is responsible for documenting the continuing education requirements. Required documentation shall be maintained for 4 years after the completion of the program.

(d) Failure to comply with this section shall constitute grounds for disciplinary action under section 9(d) of the act (63 P. S. § 1109(d)).

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Request for Qualified Contractors; Retention of a Surveying/Engineering Firm

Eastern Pennsylvania

Project Reference No. FDC-SUR-E2

The Department of Conservation and Natural Resources (Department) will retain a surveying firm or a surveying/engineering firm for a contract for various engineering surveys located throughout Eastern Pennsylvania. The services will encompass topographic and cross-sectional surveys of construction sites at various State Parks and/or State Forests to supply the design and engineering staff of the Bureau of Facility Design and Construction the data needed to construct or repair various buildings, roadways, bridges and other structures.

Other services may encompass surveys of new or existing State Forest or State Park boundary lines. These services shall include courthouse research of adjoining ownerships, preliminary field surveys, computation of final lines and corners, establishment or reestablishment of monuments and marking boundary.

General Requirements and Information

Letters of interest for this project will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of surveying.

The surveying and/or engineering firm shall have the capability of providing survey crews of either two or three persons when requested by the Department. Survey crews shall report to project sites within 7 days of notification by the Department. Firms will be responsible for providing their own survey instruments, such as transits, levels, electronic distance measuring devices and all necessary support equipment. Also, all materials such as stakes, markers, field books, and the like, shall be furnished by the selected firms.

The Commonwealth of Pennsylvania encourages the submission of proposals by SERBs.

Additional Information and Requirements

The selected firm must gather site data sufficient to prepare drawings with contour intervals as small as 1 foot. Field data shall be gathered by use of electronic data collects. Data shall be in AutoCad format when turned over to the Department. Submission of digital point data will also be required.

Boundary work will typically be closed loop traverse with lineal accuracy of 1 foot to 5,000 feet or better and

an angular accuracy of 30 seconds (30") times the square root of the number of set-ups or 8 seconds (8") per set up, whichever is less. Courthouse research will entail gathering information on adjoining land owners sufficient to accurately locate boundary on the ground. The Commonwealth's ownership and prior survey data will be provided by the Department. Preliminary work may be subject to review by the Department. Final boundaries will be marked to Department specifications. All information on the project, including field notes, computations, survey map and research information shall be turned over to the Department at the conclusion of each project. The firm will meet with a representative of the Department at the conclusion of the project to familiarize the Department's representative with the location of the new boundary.

Prospective firms should submit the following:

1. Current revised 1994 DGS Form 150.
2. Current revised 1994 DGS Form 150-S.
3. A letter of intent indicating the firm's approach to completing the project.
4. Cost proposal.

The cost proposal shall be a single copy of the firm's hourly billing rate schedule. The schedule shall include a rate per hour for the following:

A two person survey crew fully equipped for topographic work.

A two person survey crew fully equipped for boundary work.

A three person survey crew fully equipped for topographic work.

A three person survey crew fully equipped for boundary work.

Courthouse research.

An office technician to prepare work plans and reduce field notes.

A draftsman to draw contour plans and boundary maps.

Boundary marking.

A crew chief to meet with Department engineers to discuss the actual work required or Department representative to review finished project.

Proposed rates are to include any adjustments for inflation, should the contract be extended for the full 4 years. The copy shall be in a sealed envelope clearly identified as to its contents.

Travel subsistence payment will be in accordance with the Commonwealth's Travel and Subsistence Reimbursement Rules and Regulations, as amended.

Each proposal must include the firm's Federal Identification number and the project reference number. Length

of contract will be 1 year, with a renewal option of up to 3 additional years. Proposals will be subject to review by a Technical Review Committee.

The following factors will be considered during evaluation of the firm's proposal. Maximum weights for each major criterion have been established by the Department. The subparagraphs shown within this notice are for the guidance of the readers only and are not to be assigned quantitative weight.

Criteria evaluated by the Technical Review Committee will include:

1. Professional's understanding of the problem as demonstrated in letter of interest.
2. Qualifications of firm.
3. Professional personnel in firm.
4. Soundness of approach as demonstrated in letter of interest.
5. Cost.

Proposers shall relate their proposals to the previous criteria.

Three copies of the proposal and a single sealed copy of the hourly rate schedule must be deposited with the Department of Conservation and Natural Resources, Attn: Eugene J. Comoss, Director, Bureau of Facility Design and Construction, 8th floor Rachel Carson State Office Building, Harrisburg, PA 17105-8451, prior to noon March 5, 1999. The assignment of services will be made to one of the firms responding to this notice. However, the Department reserves the right to reject all proposals submitted, cancel the solicitation requested under this notice and/or readvertise solicitation for this service.

The Department will not offer a debriefing session to the unsuccessful firms. The Department disclaims any liability whatsoever to its review of the proposal submitted and in formulating a recommendation for selections. Recommendations made by the Department shall be final.

DEPARTMENT OF EDUCATION

Guidelines for Performance Funding for Pennsylvania Schools

Incentive awards for schools that significantly improve in student achievement or effort started after the 1998 administration of the Pennsylvania System of School Assessment. The results of these tests were available at the conclusion of the 1997-98 school year, and the resultant incentive awards were made shortly thereafter. School incentive awards based on the School Performance Funding (SPF) Program were drawn from the \$10.415 million in school performance funding appropriated in the 1997-98 budget. More than 3,200 public schools were eligible to receive funds based on their performance. Individual school performance was considered in two broad categories: achievement and effort. Nine hundred ninety-five schools received awards for meaningful improvement in their 1997-98 PSSA scores and/or student attendance.

School achievement is determined by improvement on the Statewide PSSA. Each year, a school's PSSA scores are compared with the school's PSSA baseline, which is the average of its 1996 and 1997 scores. A meaningful increase, which in 1998 was determined to be at least 50 points in total points on the combined school average reading and math assessments, determines whether or not a school qualifies for a reward. The exact minimum increase to qualify for school performance funding in 1998-99 will be determined based on analyses of school performance data as they become available.

School effort is determined by improvement in school attendance and graduation rate. School attendance rates are currently listed on each school's annual school profile. A baseline that includes a 2-year student attendance history is available for every school. For the first 4 years of the school performance funding program, a meaningful increase, which in 1997-98 was at least a 0.75% increase in average daily attendance over the baseline, will determine whether or not a school qualifies for a reward. For high schools, graduation rates will also be considered for future years. While the Department of Education (Department) maintains data on both measures, at present the dropout data that relates to the graduation rate is unreliable. The Department, as part of the school performance funding program, has begun collecting graduation rate data (for high schools only) by school in a more reliable manner starting with the 1997-98 school year. Four years will be required to establish a reliable baseline for graduation rate. Starting in the 2002-2003 school year, a school effort measurement to gauge improvement in both school attendance and graduation

rates will be available. The exact percent increase to qualify for school performance funding in 1998-99 will be determined based on studies of school attendance.

Area Vocational-Technical Schools (AVTSs) are included in the program with slightly different school performance measures. The school effort criteria, student attendance rate and graduation rate as described previously, are the same as in all public schools. The achievement component, however, is tailored to the occupational mission of AVTSs. AVTS occupational competency will be determined by student performance on a Statewide occupational competency test required by Charter 4 of the State Board of Education regulations. The SOCAT/NOCTI occupational competency performance tests will be used. After a 2-year baseline of AVTS performance on these tests, an improvement score for the achievement portion of school performance funding for AVTSs will be available in 2000-2001. While the Statewide occupational competency test is being installed and a 2-year data base developed, employment related to training is being used as an interim measure for occupational competency. This is determined by the use of an annual "Secondary School Completer Survey." A meaningful increase, which in 1997-98 was determined to be at least 1%, on the "Secondary School Completer Survey," determines whether or not an AVTS qualifies for a reward. To qualify for this type of achievement improvement funding award in 1997-98, an AVTS had to have achieved a minimum of a 1% improvement in rate of job related placement for its 1998 graduates compared to its job related baseline average of 1995 and 1996 graduates.

Award Guidelines

Schools that attain a demonstrable increase (in 1997-98, 50 combined points on the PSSA tests) in student achievement receive awards of between \$7.50 and \$37.50 per student depending on the level of increase over the minimum of 50 points.* Schools that attain a meaningful increase in effort (in 1997-98, 0.75% improvement in student attendance rate) receive an incentive payment of

between \$6 and \$37.50 per student depending on the level of increase over the 0.75% minimum increase.** AVTSs that attain a demonstrable increase (in 1997-98, one percentage point in their rate of job-related placement) will receive awards of between \$6 and \$37.50 per student depending on the level of increase over the estimated minimum increase of 1%***

Schools have up to 3 years to accomplish significant increases in their achievement or effort data. After 3 years without a significant increase, a new baseline or point of comparison is established for the school. If a school's performance decreases after receiving a performance award, the school will not qualify for performance funding again until the original highest level in both achievement and effort scores has been reattained.

*Increasing levels of achievement are awarded based on combined increases of 10 additional points above the meaningful difference level. For example, with a 50 point increase in combined school raw score on PSSA ascertained to be of meaningful difference in 1997-98, the school received \$7.50 per student. Each additional 10 point increase above the meaningful difference received an additional \$1.50 of funding per student in the school.

**With a 0.75% increase in student attendance ascertained to be a meaningful increase in 1997-98, the school received \$6 per student. Each additional increase of 0.25% above this meaningful difference received an additional \$1.50 per student in the school.

***With a 1% increase in student job-related placement ascertained to be a meaningful increase in 1997-98, the AVTS received \$7.50 per student. Each additional increase of 1% received an additional \$1.50 per student in the AVTS.

Secretary

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name,

address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA 0057606. Sewage, **Upper Salford Township**, P. O. Box 100, Salfordville, PA 18958-0100.

This application is for issuance of an NPDES permit to discharge treated sewage from a small flow sewage treatment plant in Upper Salford Township, **Montgomery County**. This is a new discharge to unnamed tributary to Perkiomen Creek.

The receiving stream is classified for the following uses: trout stocking fishery, aquatic life, water supply and recreation.

The proposed effluent limitations, based on an average flow of 400 gpd, are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅		
(5-1 to 10-31)	15	30
(11-1 to 4-30)	25	50

Total Residual Chlorine	0.7	1.4
Fecal Coliform	200 colonies/100 ml as a geometric average	
Dissolved Oxygen	minimum of 5.0 mg/l at all times	
pH	within limits of 6.0—9.0 standard units at all times	

The EPA waiver is in effect.

PA 0020397. Sewage, **Borough of Bridgeport**, Borough Hall, 4th and Mill Streets, Bridgeport, PA 19405.

This application is for renewal of an NPDES permit to discharge treated sewage from Bridgeport wastewater treatment plant in Upper Merion Township, **Montgomery County**. This is an existing discharge to Schuylkill River.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.9 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

Total Copper	monitor/report		
Total Lead	monitor/report		
Total Zinc	monitor/report		

Other Conditions:

The EPA waiver is in effect.

Conditions for future permit modification.

Effective disinfection.

Special Test Methods for certain pollutants.
CSO Condition.

PA 0057011, Amendment No. 1. Sewage, **Thornbury Township**, 8 Township Drive, Cheyney, PA 19319-1019.

This application is for amendment of an NPDES permit to discharge treated sewage from Bridlewood Farm STP in Thornbury Township, **Chester County**. This is an existing discharge to Radley Run.

The receiving stream is classified for warm water fish, migratory fish, potable water supply, industrial water supply, livestock water supply, wildlife water supply, irrigation, boating, fishing, water contact sports and esthetics.

The proposed effluent limits for Outfall 001, based on an average flow of .103 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

PA 0009024. SIC: 3399, **Osram Sylvania Products, Inc.**, Hawes Street, Towanda, PA 18848.

This proposed action is for renewal of an NPDES permit for a discharge of treated industrial wastewater to the North Branch Susquehanna River in North Towanda Township, **Bradford County**.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the downstream potable water supply (PWS) considered during the evaluation is the Danville Municipal Water Authority.

Outfall 001:

The proposed effluent limits, based on a design flow of 1.1 mgd, are:

<i>Specific Substance</i>	<i>Monthly Average (lb/day)</i>	<i>Daily Maximum (lb/day)</i>	<i>Instantaneous Maximum (mg/l)</i>
Copper	5.4	14.1	1.7

INDIVIDUAL PERMITS

(PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and

special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If infor-

mation concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period a municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

portions of the underdrain system, leachate management system and partial release for the closure/postclosure bonding to a landfill in Shade Township, **Somerset County** was received in the Regional Office on January 21, 1999.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act and regulations adopted under the act.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the

Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

E15-604. Encroachment. **Bethlehem-Lukens Plate Division**, ARC Building, Coatesville, PA 19320-0911. To install and maintain a steel cantilevered access ramp and stairs on north bank of the West Branch of the Brandywine Creek, to provide safe access to the stream for crews to install and remove an oil boom as required. This project is located on Bethlehem Lukens Plate Division Property (Coatesville, PA Quadrangle N: 16.65 inches; W: 8.55 inches) in South Coatesville, **Chester County**.

E15-602. Encroachment. **Hankin Group**, 717 Constitution Drive, P. O. Box G, Exton, PA 19341. To construct and maintain three roadway crossings over an unnamed tributary to the Shamona Creek (HQ-TSF-MF) and adjacent wetlands. These roadway crossings will provide access to the proposed Eagleview Corporate Center and a future residential development. The proposed crossing No. 1 will utilize 78 linear feet, 12-foot in span by 6-foot in height open bottom arch culvert with endwalls and a riprap energy dissipator at the downstream end. This culvert will allow flow beneath the proposed Ferncastle Drive roadway and will require placement of fill in 0.06 acre of an adjacent wetlands. This crossing also includes a stormwater outfall structure placed within the 100-year floodway and the installation of two utility lines crossings, an 8-inch PVC sanitary sewer and an 8-inch water main across the tributary. The proposed crossing No. 2 will utilize a 157 linear feet, 78-inch diameter CMP stream enclosure with endwalls and riprap energy dissipator at downstream end. This crossing also includes an 85-foot long, 42-inch RCP culvert with endwalls and energy dissipator at the downstream end. The proposed culvert structures will allow flow beneath the proposed Wharton Boulevard and will require placement of fill material in 0.51 acre of adjacent wetlands. An 8-inch PVC sanitary sewer pipe will also be installed across this tributary near this location. The proposed Wharton Boulevard roadway crossing No. 3 will require placement of fill material in 0.03 acre of wetlands and the installation of a 24-inch diameter storm sewer utility line across wetlands. The applicant proposes to create 0.69 acre of wetlands replacement. The site is located between Dowlin Forge Road and Eagleview Boulevard approximately 3/4 mile east from the intersection of SR 113 and SR 100 (Downingtown, PA Quadrangle N: 10.32 inches; W: 7.34 inches) in Uwchlan Township, **Chester County**.

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDIVIDUAL PERMITS

(PAR)

Bureau of Water Quality Protection

Notice of Availability of Final Pennsylvania General NPDES Permit for Wastewater Discharges from Single Family Residence Sewage Treatment Plants (PAG#4)

In compliance with the provisions of the Federal Clean Water Act, The Clean Streams Law (35 P. S. §§ 691.1—691.1001), sections 1905-A, 1917-A and 1920-A of The Administrative Code of 1929 (71 P. S. §§ 510-5, 510-17 and 510-20), the Department of Environmental Protection

(Department) by this notice reissues the general permit for a 5-year period and announces availability of the final Pennsylvania General NPDES Permit for wastewater discharges from single family residence sewage treatment plants (PAG#4). The reissued general permit will expire on February 4, 2004, unless extended by the Department. The reissued general permit is effective on February 5, 1999.

On October 17, 1998, the Department published a notice inviting comments on the proposed revisions to this general permit. All comments received have been reviewed and considered as appropriate in making the final revisions to the permit documents. The permit documents also have been edited for minor changes reflecting the Department's name change and the Water Management reorganization. The Notice of Intent (NOI) and instructions have been reformatted to the standard of other general permits used by the Department. In compliance with 25 Pa. Code § 92.83(b)(2), the NOI is revised to require the permittee to submit a "prior compliance history" information for review by the Department before renewing coverage under this general permit or issuing new coverage under this general permit. No other technical or substantive changes have been made to the general permit documents.

Upon their duplication and posting on the web site, the final permit document package will be available for downloading from the Department's web site at: <http://www.dep.state.pa.us>. At that time, the documents should also be available by contacting the appropriate Department Regional Office having jurisdiction over the county with proposed discharge. A list of Regional Offices and the counties each cover and of the Central Office for submitting the general permit NOIs are provided in the instructions to the NOI.

The final permit documents should also be available by writing or contacting: Mary Miller, Division of Wastewater Management, Bureau of Water Quality Protection, Rachel Carson State Office Building (RCSOB), 11th Floor, Harrisburg, PA 17105-8774, (717) 787-8184, fax: (717) 772-5156.

Persons with a disability with questions regarding the general permit or seeking information about the general permit or copy of the general permit and associated materials, may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

HAZARDOUS SITES CLEANUP

Under the Act of October 18, 1988

Public Notice of Proposed Consent Decree

Millcreek Dump Site

Millcreek Township, Erie County

Under section 122 of the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C.A. § 9622, and section 1113 of the Hazardous Sites Cleanup Act (35 P. S. § 6020.1113), Department of Environmental Protection (Department) has entered into a Consent Decree concerning settlement of the Department's Complaint against Kondu Corporation (Kondu). The Department's Complaint concerns the response costs that the Department has incurred and will incur to cleanup the Millcreek Dump Site in Erie County, PA. The Department's Complaint is filed in the United States District Court for the Western District of Pennsylvania, at Doc. No. 93-297 (Erie).

The Department has incurred over \$700,000 in past response costs, and estimates that it will incur over \$4

million in response costs in the future at the Millcreek Dump Site. However, based upon Kondu's limited ability to pay, the Department has agreed to settle its Complaint against Kondu for \$130,000. The specifics of the Department's settlement with Kondu are set forth in the Consent Decree.

The Department will receive and consider comments relating to the Consent Decree for 60 days from the date of this public notice. The Department has the right to withdraw its consent to the Consent Decree if the comments concerning the Consent Decree disclose facts or considerations which indicate that the Consent Decree is inappropriate, improper, inadequate or not in the public interest. After the public comment period, the Department's settlement with Kondu shall become final upon the filing of the Department's response to significant written comments to the Consent Decree and upon the United States District Court's approval of the Consent Decree.

Copies of the Consent Decree are available for inspection at the Department's office at 230 Chestnut Street, Meadville, PA, and at the United States District Court-house in Erie, PA. Comments may be submitted, in writing, to Hal Beavers, Project Manager, Department of Environmental Protection, Hazardous Sites Cleanup, 230 Chestnut Street, Meadville, PA 16335-3481. Further information may be obtained by contacting Hal Beavers at (814) 332-6648. TDD users may contact the Department through the Pennsylvania Relay Service at (800) 645-5984.

**Notice of Revised Proposed Prompt Interim
Response
Jackson Ceramix Site
Falls Creek Borough, Jefferson County and Sandy
Township, Clearfield County**

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), is proposing a revision to the response action for the Jackson Ceramix Site (site). The Department previously published a notice of proposed prompt interim response for the site on October 31, 1998. The site is located between Pennsylvania State Route 950, on the southern edge of Falls Creek Borough in Jefferson County, and Sandy Lick Creek in Sandy Township, Clearfield County, PA. The site is comprised of the property on which the Jackson China and Jackson Ceramix manufacturing companies operated, along with adjacent properties containing hazardous substances which have migrated from the manufacturing property, including, but not limited to, an adjacent drainage ditch, former lagoon area and wetlands to the east and southeast of the former manufacturing area.

Elevated levels of hazardous substances occur in the site groundwater, surface water, sediments, sludge and waste. Significant levels of bromomethane, cis-1, 2-dichloroethane, tetrachloroethene, trichloroethene, vinyl chloride, lead and manganese are present in groundwater samples. Onsite surface and subsurface soil contains tetrachloroethene and lead. Waste, sludge and sediment samples contain elevated levels of asbestos, lead, cadmium, barium and arsenic. Sediment and waste sludge from the wetland contain elevated levels of lead, copper and nickel.

For this prompt interim response, the Department has divided the former china manufacturing portion of the site into two areas of concern. They are: (A) the sumps,

pits, septic tanks, ceramic manufacturing process materials, construction debris, asbestos-containing materials, staged materials and sludge in the onsite drainage ditch and settling lagoon (miscellaneous wastes); and (B) the china waste.

In the notice published on October 31, 1998, the Department proposed that the hazardous substance containing miscellaneous wastes would be removed for offsite disposal. The Department now proposes that the hazardous substance containing miscellaneous wastes instead be treated by stabilization/solidification techniques and be closed, along with the china waste, under a Class III Residual Waste Landfill cap. For the miscellaneous wastes, the Department's current alternatives for the prompt interim response now include: 1) no action; 2) disposal of the asbestos-containing waste and the staged materials at offsite, permitted facilities and onsite treatment of hazardous substance containing miscellaneous wastes by stabilization/solidification techniques and subsequent closure, along with the china waste, under an onsite Class III Residual Waste Landfill cap.

The two alternatives for the china waste are unchanged from the October 31, 1998 notice, and include: 1) no action; and (2) closure as a Class III Residual Waste Landfill, in accordance with 25 Pa. Code § 288.234.

Each alternative was evaluated with respect to three comparison criteria of: 1) Effectiveness; 2) Implementability; and 3) Cost. Furthermore, this comparative analysis evaluated the relative performance of each alternative in relation to each specific comparison criterion. The comparative analysis identified advantages and disadvantages of each alternative, so that tradeoffs between the alternatives could be determined.

Based on the comparative analysis the Department proposes to implement the revised miscellaneous waste Alternative 2 (offsite disposal of asbestos-containing materials and the staged materials and onsite treatment of hazardous substance-containing miscellaneous wastes by stabilization/solidification techniques, followed by closure, along with the china waste, under a Class III Residual Waste Landfill cap). The Department's chosen alternative for the china waste is unchanged as Alternative 2 (closure as a Class III Residual Waste Landfill, in accordance with 25 Pa. Code § 288.234), as the prompt interim response for those areas of concern at the site. This alternative is proposed because it would, in the more cost-effective manner, protect the public and environmental receptors from direct contact with site-related hazardous substances, and eliminate the ongoing release and threat of release of hazardous substances into the environment from the miscellaneous waste and the china waste.

This proposed interim response would not be a final remedial response under section 504 of HSCA, and, therefore, would not be required to meet the cleanup standards that apply to final remedial responses. However, the alternative would be consistent with potential future remedial actions and future investigation activities.

This notice is being provided under section 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of this response, is available for public review and comment. The administrative record is located at the Department's Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, and is available for review Monday through Friday from 8 a.m. to 4 p.m. Please telephone beforehand for an appointment, (814) 332-6648.

The administrative record will be open for comment from February 6, 1999, until May 7, 1999. Persons may submit written comments into the record during this time only, by sending them to Christine Dougherty, Project Manager, at the Department's Northwest Regional Office or by delivering them to the office in person.

The Department will hold a public meeting on March 24, 1999, at 6:30 p.m., if requested by one or more members of the public. The meeting's purpose will be for the Department to answer the public's questions concerning the response at the site. The meeting will be held at the Falls Creek Municipal Building. Also, the public will have an opportunity to present oral comments, for inclusion into the administrative record, regarding the chosen prompt interim response, at a public hearing following the public meeting. Persons wishing to present oral comments must register with Christine Dougherty at the Department's Northwest Regional Office before March 17, 1999, by telephone or in writing. If no one requests a meeting or hearing, they will not be held. Persons interested in finding out if anyone has requested a public meeting or registered to present oral comments at the public hearing, should contact Christine Dougherty.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Christine Dougherty at (814) 332-6648 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

One Man Quarry, Worcester Township, **Montgomery County**. Gary R. Brown, P.E., RT Environmental Services, Inc., 215 W. Church Road, King of Prussia, PA 19406, has submitted a Final Report concerning remediation of site soil contaminated with petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Northbrook Orchards, Pocopson Township, **Chester County**. Frederick Bopp, III, Tetrahedron Consultants, Inc., 422 West First Avenue, Parkesburg, PA 19365, has submitted a Final Report concerning remediation of site soil contaminated with heavy metals. The report is intended to document remediation of the site to meet the Statewide health standard.

Lenape Manufacturing Co., Perkasio Borough, **Bucks County**. Thomas R. Severino, Environmental Science & Remediation Technologies, Inc., 105 E. Evans St., West Chester, PA 19380, has submitted a Final Report concerning remediation of site soil contaminated with PCBs, heavy metals, solvents and petroleum hydrocarbons; and groundwater contaminated with solvents and petroleum hydrocarbons. The report is intended to document remediation of the site to meet Statewide health standards for soil and site-specific standards for groundwater.

18th and Callowhill Sts. Site, City of Philadelphia, **Philadelphia County**. James Cinelli, P.E., RT Environmental Services, Inc., 215 W. Church Road, King of Prussia, PA 19406, has submitted a Final Report concerning remediation of site soil contaminated with PCBs and lead. The report is intended to document remediation of the site to meet the Statewide health standard.

Whitman Residence, Tredyffrin Township, **Chester County**. Christopher Orzechowski, RT Environmental Services, Inc., 215 W. Church Road, King of Prussia, PA 19406, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with solvents and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Southcentral Regional Office: Environmental Cleanup Program Manager; 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Thompstontown Substation, Thompstontown Borough, **Juniata County**. PP&L, Inc., Two North Ninth Street, Allentown, PA 18101 has submitted a Final Report concerning remediation of site soils contaminated with PCBs. The report is intended to document remediation of the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 4

The Department has taken actions on the following plans and reports under the Land Recycling and Environmental Remediation Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of

Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act 2 (Land Recycling and Environmental Remediations Standards Act) remediation standards. Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Xpress Lube Site, City of Philadelphia, **Philadelphia County**. Richard D. Trimpi, P.G., Trimpi Associates, Inc., 889 Seminary St., Pennsburg, PA 18073, has submitted a Final Report concerning the remediation of site groundwater contaminated with BTEX. The Final Report demonstrated attainment of the Statewide health standard and was approved by the Department on December 22, 1998.

Tower Bridge North, No. 6, Conshohocken Borough, **Montgomery County**. Michael M. Meloy, Manko, Gold and Katcher, LLP, 401 City Avenue, Suite 500, Bala Cynwyd, PA 19004, has submitted a Final Report concerning the remediation of site soil contaminated with PCBs, lead, heavy metals, solvents, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons; and groundwater contaminated with lead, heavy metals, solvents, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The Final Report demonstrated attainment of the Statewide health standard and was approved by the Department on December 24, 1998.

Moyer Packing Company, Upper Makefield Township, **Bucks County**. Hudson S. Green, Jr., Earth Data Inc., 924 Springdale Drive, Exton, PA 19341, has submitted a Final Report concerning the remediation of site soil contaminated with solvents and polycyclic aromatic hy-

drocarbons; and groundwater contaminated with solvents. The Final Report demonstrated attainment of the Statewide health standard for soil and site-specific standards for groundwater and was approved by the Department on December 30, 1998.

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Pennsylvania Power & Light Company (PP&L)—Distribution Pole No. 61579N52067, Borough of Carbondale, **Lackawanna County**. PP&L, Environmental Management Division, 2 North Ninth Street, Allentown, PA 18101 submitted a Final Report concerning the remediation of site soils found to be contaminated with PCBs (polychlorinated biphenyls). The final report demonstrated attainment of the Statewide human health standard, and was approved by the Department on November 20, 1998.

Pennsylvania Power & Light Company (PP&L)—Distribution Pole No. 57416N46725, City of Scranton, **Lackawanna County**. PP&L, Environmental Management Division, 2 North Ninth Street, Allentown, PA 18101 submitted a Final Report concerning the remediation of site soils found to be contaminated with PCBs (polychlorinated biphenyls). The final report demonstrated attainment of the Statewide human health standard, and was approved by the Department on November 20, 1998.

Pennsylvania Power & Light Company (PP&L)—Distribution Pole No. 59413N43623, Roaring Brook Township, **Lackawanna County**. PP&L, Environmental Management Division, 2 North Ninth Street, Allentown, PA 18101 submitted a Final Report concerning the remediation of site soils found to be contaminated with PCBs (polychlorinated biphenyls). The final report demonstrated attainment of the Statewide human health standard, and was approved by the Department on November 20, 1998.

Pennsylvania Power & Light Company (PP&L)—Distribution Pole No. 71688N53690, Berlin Township, **Wayne County**. PP&L, Environmental Management Division, 2 North Ninth Street, Allentown, PA 18101 submitted a Final Report concerning the remediation of site soils found to be contaminated with PCBs (polychlorinated biphenyls). The final report demonstrated attainment of the Statewide human health standard, and was approved by the Department on November 20, 1998.

Bennick Residence, Hegins Township, **Schuylkill County**. David Crowther, Geologist, Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103 submitted a Final Report (on behalf of his clients, Paul and Lois Bennick, 101 Division Street, Valley View, PA 17983) concerning the remediation of site soils found to have been contaminated with BTEX (benzene, toluene, ethylbenzene and xylene) compounds and polycyclic aromatic hydrocarbons (PAHs). The final report demonstrated attainment of the Statewide human health standard, and was approved by the Department on January 22, 1999.

Teel Residence, Upper Mt. Bethel Township, **Northampton County**. Kevin Van Kuren, President, Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103 submitted a Final Report (on behalf of his client, Dorothy Teel, 2245 North Delaware Drive, Mt. Bethel, PA 18343) concerning the remediation of site soils found to have been contaminated with polycyclic aromatic hydrocarbons (PAHs). The final report demonstrated attain-

ment of the Statewide human health standard, and was approved by the Department on January 14, 1999.

SOLID AND HAZARDOUS WASTE

RESIDUAL WASTE PROCESSING FACILITIES

Closure plan approved under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations for closure of a solid waste disposal area or site.

Regional Office: Northeast Regional Office, Regional Solid Waste Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2516.

Permit I. D. No. 301312UNP. Keystone Cement Company, P. O. Box A, Route 329, Bath, PA 18014-0058. A Closure Plan Approval for the existing unpermitted cement kiln dust (CKD) pile, located in East Allen Township, **Northampton County**. The closure plan involves the capping of the part of the cement kiln dust (CKD) pile known as the "Active Pile," while ensuring that the part of the CKD pile known as the "Stabilized Pile" is not subject to operational problems including erosion or CKD dispersion into the environment. The Closure Plan was approved in the Regional Office on January 15, 1999.

AIR QUALITY

OPERATING PERMITS

Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Southeast Regional Office: Air Quality Program, 555 North Lane, Conshohocken, PA 19428, (610) 832-6242.

TVOP-46-00068: Centennial Printing Corp. (875 First Avenue, King of Prussia, PA 19406) issued for operation of a Facility Title V Operating Permit in Upper Merion Township, **Montgomery County**.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (717) 327-3637.

OP-14-0006: The Pennsylvania State University (Physical Plant Building, University Park, PA 16802) on December 30, 1998, for operation of various nitrogen oxides emitting RACT (Reasonably Available Control Technology) sources (four coal-fired boilers, three natural gas/#2 fuel oil-fired boilers, one coal/water slurry and micronized coal-fired boiler, 43 small combustion units, 34 emergency generators and six space heaters) in College Township, **Centre County**.

Southwest Regional Office: Air Quality Program, 400 Westfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

11-323-001: Concurrent Technologies Corp. (100 CTC Drive, Johnstown, PA 15904) reissued January 13, 1999, for operation of pyrolysis cleaning furnace at Environmental Technology in Richland Township, **Cambria County**.

OP-65-857A: Norton Pakco Industrial Ceramics (55 Hillview Avenue, Latrobe, PA 15650) issued January 13, 1999, for operation of plasma arc cutter at Derry Plant in Derry Township, **Westmoreland County**.

11-000-288: Johnstown America Corp. (17 Johns Street, Johnstown, PA 15907) issued January 13, 1999, for operation of VOC (surface coating) at Franklin Plant in Franklin Borough, **Cambria County**.

OP-65-016B: Latrobe Steel Co. (2626 Ligonier Street, P. O. Box 31, Latrobe, PA 15650) issued January 13, 1999, for operation of two homogenization furnaces at Latrobe Plant in Latrobe Borough, **Westmoreland County**.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Administrative Amendment of Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations for an Operating Permit to comply with 25 Pa. Code § 127.450 for Reasonable Available Control Technology.

Southeast Regional Office: Air Quality Program, 555 North Lane, Conshohocken, PA 19428, (610) 832-6242.

OP-23-0006A: Foamex International, Inc. (1500 East Second Street, Eddystone, PA 19022) amended January 22, 1999, for Facility VOC/NO_x RACT in Eddystone Borough, **Delaware County**.

Proposed Revision to the State Implementation Plan for Nitrogen Oxides (NO_x); Approval of a Reasonably Available Control Technology Plan and Operating Permit; Public Hearing

Adams County

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) Plan and an amendment to the State Implementation Plan

(SIP) for Alternative Joint Communications Center's (AJCC) Site R facility located in Liberty Township, Adams County.

The proposed SIP revision does not adopt new regulations. It incorporates the provisions and requirements contained in (RACT) Operating Permit No. 01-2009 for the existing Sherman Dale facility to comply with current regulations. Upon final approval, the operating permit will include emission limits, recordkeeping and reporting requirements for two turbines.

An appointment to review the pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 705-4732 between 8 a.m. and 3:30 p.m. Monday through Friday, except holidays.

A public hearing will be held for the purpose of receiving comments on the proposed operating permit and SIP revisions. The hearing will be held on December 2, 1998, at the Department's Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110 from 1 p.m. until all scheduled comments on the proposed action are received.

Those wishing to comment are requested to contact Sandra Roderick at (717) 705-4931 at least 1 week in advance of the hearing to schedule their testimony. Commentators are requested to provide two written copies of their remarks at the time of the hearing. Oral testimony will be limited to a maximum of 10 minutes per individual. Organizations are requested to designate an individual to present testimony on behalf of the organization. Written comments may be submitted to Larry Strauss, Air Pollution Control Engineer, DEP, 909 Elmerton Avenue, Harrisburg, PA 17110 during the 30-day period following publication of this notice.

Persons with a disability who wish to attend the hearing scheduled for January 16, 1998, at the Southcentral Regional Office and who require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Sandra Roderick directly at (717) 705-4931 or through the AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Proposed Revision to the State Implementation Plan for Volatile Organic Compounds (VOC); Approval of a Reasonably Available Control Technology Plan and Operating Permit; Public Hearing

Huntingdon County

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) Plan and an amendment to the State Implementation Plan (SIP) for a fiberglass reinforced plastic (FRP) tank manufacturing facility owned and operated by Containment Solutions, Inc. in Shirley Township, Huntingdon County.

The proposed SIP revision does not adopt new regulations. It incorporates the provisions and requirements contained in RACT Operating Permit No. 31-02005 for the existing facility to comply with current regulations.

The preliminary RACT determination, when approved, will be incorporated into an Operating Permit for the facility and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's SIP.

A VOC RACT determination is being made for the entire FRP tank manufacturing facility. The preliminary

VOC RACT determination for the facility will require various work practices to minimize the emissions of VOC's. Upon final approval of the company's case-by-case analysis, the operating permit will include conditions requiring recordkeeping and reporting of operational data to verify VOC emissions.

An appointment to review the pertinent documents at the DEP Altoona District Office at 615 Howard Avenue, Altoona may be scheduled by contacting Kathy Ciampoli at (814) 946-7290 between 8 a.m. and 4 p.m., Monday through Friday, except holidays.

One public hearing will be held for the purpose of receiving comments on the proposal. The hearing will be held on March 15, 1999 at the Altoona District Office, located at 615 Howard Avenue, Altoona, PA 16601 from 10 a.m. until all scheduled comments are received.

Those wishing to comment are requested to contact Sandra Roderick Frank at (717) 705-4931 at least 1 week in advance of the hearing to schedule their testimony. Those wishing to comment are requested to provide two written copies of their remarks at the time of the hearing. Oral testimony will be limited to a maximum of 10 minutes per individual. Organizations are requested to designate an individual to present testimony on behalf of the organization. Written comments may be submitted to Steve Weyandt, Air Pollution Control Engineer, 615 Howard Avenue, Altoona, PA 16601, on or before March 22, 1999.

Persons with a disability who wish to attend the hearing scheduled for February 9, 1999, at the Altoona District Office and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Sandra Roderick directly at (717) 705-4931 or through the AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Proposed Revision to the State Implementation Plan for Nitrogen Oxides (NOx); Approval of a Reasonably Available Control Technology Plan and Operating Permit; Public Hearing

Perry County

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) Plan and an amendment to the State Implementation Plan (SIP) for Texas Eastern Transmission Corporation's (TETCO) Sherman Dale Compressor facility located in Carroll Township, Perry County.

The proposed SIP revision does not adopt new regulations. It incorporates the provisions and requirements contained in (RACT) Operating Permit No. 50-2001 for the existing Sherman Dale facility to comply with current regulations. Upon final approval, the operating permit will include emission limits, recordkeeping and reporting requirements for two turbines.

An appointment to review the pertinent documents at the Southcentral Regional Office may be scheduled by contacting Mary DiSanto at (717) 705-4732 between 8 a.m. and 3:30 p.m., Monday through Friday, except holidays.

A public hearing will be held for the purpose of receiving comments on the proposed operating permit and SIP revisions. The hearing will be held on March 4, 1999, at the Department's Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110 from 1 p.m. until all scheduled comments on the proposed action are received.

Those wishing to comment are requested to contact Sandra Roderick at (717) 705-4931 at least 1 week in advance of the hearing to schedule their testimony. Commentators are requested to provide two written copies of their remarks at the time of the hearing. Oral testimony will be limited to a maximum of 10 minutes per individual. ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704

(relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of the written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (*Note:* Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

Northeast Regional Office: Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-5485.

Nitrogen Oxides (NOx) Allowance Program

Issuance of Title V / State Only Operating Permits to include Conditions relating to NOx Allowance Requirements in 25 Pa. Code §§ 123.101—123.120

The Department of Environmental Protection (Department) has revised existing Title V/State Only Operating Permits to include provisions of 25 Pa. Code §§ 123.101—123.120 (relating to NOx allowance requirements). These regulations establish a NOx budget and a NOx allowance trading program for NOx affected sources for the purpose of achieving the health-based ozone ambient air quality standard. A NOx affected source is defined as a fossil fuel fired indirect heat exchange combustion unit with a maximum rated heat input capacity of 250 MMBtu/hour or more and all fossil fuel fired electric generating facilities rated at 15 megawatts or greater or any other source that voluntarily opts to become a NOx affected source.

Revised TitleV/State only operating permits require the owner or operator of each NOx affected source to hold a quantity of NOx allowances meeting the requirements of 25 Pa. Code §§ 123.110(a) by December 31, of each calendar year. One NOx Allowance is the limited authorization to emit 1 ton of NOx during the NOx Allowance Control Period, which begins May 1 of each year and ends September 30 of the same year. The NOx allowances held in the source's current year NOx Allowance Tracking System (NATS) account must be equal to or greater than the total NOx emitted from the source during the year's NOx allowance control period. The initial NOx allowance control period begins on May 1, 1999.

Revised TitleV/State only operating permits also include emission monitoring, reporting and recordkeeping requirements for each NOx affected source. NOx emissions from each NOx affected source shall be monitored in accordance with 25 Pa. Code § 123.108 and the procedures contained in the document titled "Guidance for Implementation of Emission Monitoring Requirements for the NOx Budget Program."

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C. S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Market Street State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users

may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

The Department is proposing to modify the Rule to make an accounting adjustment for the year 2000 Ozone Season allocations. If this proposal is adopted as final, the revised TitleV/State only operating permits will be proposed for modification to reflect this change.

Copies of the issued permits and other relevant information are available for review at the address given.

DEPARTMENT OF HEALTH

Equipment to Determine Blood Alcohol Content Under the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The Department of Health has approved the following equipment for determining alcohol content of the blood by analysis of a person's breath. This list of approved equipment replaces the previous list which appeared in 26 Pa. B. 1089 (March 9, 1996) and is published under the authority contained in the Motor Vehicle Code (75 Pa.C.S. § 1547(c)(1)), the Fish and Boat Code (30 Pa.C.S. § 5125(c)(1)), the Game and Wildlife Code (34 Pa.C.S. § 2502(c)) and The Administrative Code of 1929 (71 P. S. § 532).

Equipment approved under this notice may be used by law enforcement officials to obtain test results which will be admissible in evidence in any summary or criminal proceeding in which the defendant is charged with a violation of 75 Pa.C.S. § 3731 (driving under the influence of alcohol or controlled substance), or any other violation of the Vehicle Code arising out of the same action, or 30 Pa.C.S. § 5502 (operating watercraft under

influence of alcohol or controlled substance), or any other violation of the Fish and Boat Code arising out of the same action, or 34 Pa.C.S. § 2501 (hunting or furtaking under influence of alcohol or controlled substance), or any other violation of the Game and Wildlife Code arising out of the same action. Law enforcement agencies should determine that an approved training program in the use of the equipment is available in accordance with the above referenced statutes before purchasing any of the devices contained on this list.

The approval of Type A equipment listed in this notice is based on the evaluation of the equipment by the National Highway Traffic Safety Administration (NHTSA) of the United States Department of Transportation (63 Fed. Reg. 10066, February 27, 1998).

Instruments marked with an asterisk (*) meet the Model Specifications detailed in 49 F.R. 48854 (December 14, 1984) (that is, instruments tested at breath alcohol concentrations of 0.000, 0.050, 0.101 and 0.151 grams of alcohol per 210 liters of air). Instruments not marked with an asterisk meet the Model Specifications detailed in 58 FR 48705 (September 17, 1993), and were tested at breath alcohol concentrations of 0.000, 0.020, 0.040, 0.080 and 0.160 grams of alcohol per 210 liters of air. Instruments whose precision and accuracy have been evaluated in the latter concentration range (that is, devices not marked with an asterisk) should be used when reliable results are required at blood concentrations below 0.050%.

NHTSA also evaluates equipment to determine if it must be operated at fixed locations (that is, nonmobile equipment) or can be transported to non-fixed operational sites in the field (mobile equipment). Equipment on the list is approved for both mobile and nonmobile operation unless designated for use at a fixed location (nonmobile) exclusively, or for transport to field locations (mobile) only.

Inquiries concerning this notice may be directed to M. Jeffery Shoemaker, Ph.D., Director, Division of Chemistry and Toxicology, Bureau of Laboratories, Department of Health, P. O. Box 500, Exton, PA 19341-0500, (610) 363-8500.

Persons with a disability may submit questions to Dr. Shoemaker in alternative formats, such as by audiotape, braille or using V\TT: (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT & T Relay Service at (800) 654-5984 [TT]. Persons with a disability who require an alternative format of this document (for example, large print, audiotape, braille) should contact Dr. Shoemaker so that he may make the necessary arrangements.

Laboratories Approved to Determine Analyses of Blood and/or Serum for Controlled Substances Under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health (Department) under the Clinical Laboratory Act (35 P.S. §§ 2151—2165) and/or the Federal Clinical Laboratory Improvement Act of 1967 (42 U.S.C.A. § 263a) and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood and/or serum for the determination of controlled substances. This approval is based on demonstrated proficiency in tests conducted by the Bureau of Laboratories of the Department. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to hunting or furtaking under the influence of alcohol or controlled substance), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in blood and/or serum.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory analyses on blood and/or serum. Laboratories approved to perform screening analyses are designated on the approval list by an "S" followed by the letters "B" for blood and/or "Se" for serum. Laboratories approved to screen both blood and serum would therefore have "SBSe" listed after their laboratory name. Laboratories approved to offer confirmatory analyses will be designated on the approval list by a "C" followed by the letters "B" for blood and/or "Se" for serum. Laboratories approved to perform confirmatory analyses on both serum and blood would therefore have "CBSe" listed after the name of their laboratory.

Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic blood and/or serum analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for the medicolegal purposes. They should also determine that the director of the facility is agreeable to performing analyses for forensic purposes. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought. The list of approved laboratories will be revised semiannually and published in the *Pennsylvania*

Bulletin. Questions regarding this list should be directed to M. Jeffery Shoemaker, Ph.D., Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 363-8500.

Persons with a disability who require auxiliary aid service should contact Dr. Shoemaker at V/TT: (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT & T Relay Service at (800) 654-5984 [TT].

Laboratories Approved to Determine Blood Alcohol Content Under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health (Department) under the Clinical Laboratory Act (35 P.S. §§ 2151—2165) and are currently approved by the Department under 28 Pa. Code §§ 5.50 and 5.103 (relating to approval to provide special analytical services; and blood tests for blood alcohol content) to perform alcohol analyses of blood and/or serum and plasma. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. Since procedures for determining the alcohol content of serum and plasma are identical and results obtained from serum or plasma derived from a blood sample are the same, laboratories that demonstrate reliability in the analysis of serum proficiency testing specimens are approved to analyze both serum and plasma. These laboratories are also approved and designated under the provisions of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance), and the Game and Wildlife Code, 34 Pa.C.S. § 2502, (relating to hunting or furtaking under the influence of alcohol or controlled substance) as qualified to perform the types of specialized services which will reflect the presence of alcohol in blood and/or serum and plasma. Laboratories located outside this Commonwealth may not provide blood and/or serum and plasma alcohol testing services in Pennsylvania unless they are specifically licensed by the Department under the Clinical Laboratory Act.

Persons seeking forensic blood and/or serum and plasma analysis services from the following designated laboratories should determine that the laboratory employs techniques and procedures acceptable for forensic purposes, and that the director of the facility is agreeable to performing determinations for this purpose. The list of approved laboratories will be revised semiannually and published in the *Pennsylvania Bulletin*.

The Department's blood alcohol and serum/plasma alcohol proficiency testing programs are approved by the United States Department of Health and Human Services (HHS) in accordance with the requirements contained in the Clinical Laboratory Improvement Amendments of 1988 (42 CFR 493.901 and 493.937) which are administered by the Health Care Financing Administration (HCFA). Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 363-8500.

Persons with a disability who require auxiliary aid service should contact Dr. Shoemaker at V/TT: (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT & T Relay Service at (800) 654-5984 [TT].

[Pa.B. Doc. No. 99-197. Filed for public inspection February 5, 1999, 9:00 a.m.]

Laboratories Approved to Perform Blood Lead and/or Erythrocyte Protoporphyrin Determinations Under the Clinical Laboratory Act

The following laboratories are licensed in accordance with the Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Federal Clinical Laboratory Improvement Act of 1967 (42 U.S.C.A. § 263a), and are currently approved under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood for lead or erythrocyte protoporphyrin content. This approval is based on demonstrated proficiency in periodic evaluations conducted by the Bureau of Laboratories of the Department of Health (Department).

Lead poisoning is a reportable noncommunicable disease. Approved laboratories which offer blood lead or erythrocyte protoporphyrin testing services are required to inform the Department of actual or possible incidents of this condition in accordance with 28 Pa. Code § 27.4 (relating to reportable noncommunicable diseases and conditions). In addition, the Department requests laboratories to submit reports on children under 6 years of age and pregnant women, on whom laboratory tests confirm venous blood lead concentrations of 15 micrograms per deciliter or higher. The Department's collection and review of these latter reports would be consistent with the most recent revision of the guideline titled, *Preventing Lead Poisoning in Young Children*, which was published in 1991 by the United States Department of Health and Human Services, Public Health Service, Centers for Disease Control and Prevention, and is available from them.

All reports must be sent to the Department of Health, Division of Environmental Health, P. O. Box 90, Harrisburg, PA 17108. Report forms are available on request from the Division of Environmental Health.

Erythrocyte protoporphyrin determinations may be performed as an adjunct determination to substantiate blood lead levels of 25 micrograms per deciliter or higher. Since erythrocyte protoporphyrin concentrations may not increase as a result of low level exposures to lead, direct blood lead analysis is the only reliable method for identifying individuals with blood lead concentrations below 25 micrograms per deciliter.

Persons seeking blood lead or erythrocyte protoporphyrin analyses should determine that the laboratory employs techniques and procedures acceptable for the purpose for which the analyses are sought. Laboratories offering blood lead analysis only are designated with the letter "L" following the name of the laboratory. Those offering erythrocyte protoporphyrin analysis only are designated with the letter "P." Laboratories offering both services are designated with the letters "LP."

Blood lead analyses performed for occupational safety and health purposes must be conducted by a laboratory which also meets the requirements of the Occupational Safety and Health Administration of the United States Department of Labor as specified in 29 CFR 1910.1025(j)(2)(iii).

The list of approved laboratories will be reviewed semiannually and if there are any changes to the list, a notice to that effect will be published in the *Pennsylvania Bulletin* at that time.

The Department's blood lead proficiency testing program is approved by the U.S. Department of Health and Human Services (HHS) in accordance with the requirements contained in the Clinical Laboratory Improvement Amendments of 1988 (42 CFR 493.901 and 493.937) which are administered by the Health Care Financing Administration (HCFA). Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 363-8500.

Persons with a disability who require auxiliary aid service should contact Dr. Shoemaker at V/TT: (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT & T Relay Service at (800) 654-5984 [TT].

FISH AND BOAT COMMISSION

Consideration of Changes to Special Regulation Designations

The Fish and Boat Commission (Commission) recently approved guidelines with regard to encouraging public

participation on possible changes to the designation of stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65, the Commission designates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the new guidelines, a notice concerning the proposed designation or redesignation of a stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

The Commission currently is considering the designation or redesignation of the following stream sections or lakes as waters subject to special fishing regulations under 58 Pa. Code Chapter 65, effective January 1, 2000:

58 Pa. Code § 65.4b. All-Tackle Selective Harvest Program:

The Commission is considering designating the following water as regulated and managed under the All-Tackle Selective Harvest Program and adding it to the list of waters subject to this regulation:

<i>County</i>	<i>Water on which located</i>	<i>Description</i>
Clinton	Rauchtown Creek	1.2 mile section from the confluence of Krape Run and Rocky Run downstream to the SR 0880 crossing located upstream of the State Park Picnic Area

58 Pa. Code § 65.6. Delayed Harvest Artificial Lures Only Areas:

The Commission is considering redesignating the limits of the following water that is currently regulated and managed under the Delayed Harvest Artificial Lures Only Program:

<i>County</i>	<i>Water on which located</i>	<i>Description</i>
Susquehanna	Salt Lick Creek	0.15 mile downstream of the T-638 bridge downstream to the downstream boundary of State Game Lands No. 35, a distance of 1.45 miles.

58 Pa. Code § 65.10 Select Trout Stocked Lake Program:

The Commission is considering designating the following lake as regulated and managed under the Select Trout Stocked Lake Program and adding it to the list of waters subject to this regulation:

<i>County</i>	<i>Water</i>
Tioga	Beechwood Lake

At this time, the Commission is soliciting public input concerning these designations and redesignations. Persons with comments, objections or suggestions concerning the designations and redesignations are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 by no later than March 8, 1999. If the Commission does

not receive any public comments, the proposed designations and redesignations will become final.

PETER A. COLANGELO,
Executive Director

[Pa.B. Doc. No. 99-203. Filed for public inspection February 5, 1999, 9:00 a.m.]

Special Designation

The Executive Director, acting under the authority of 58 Pa. Code § 65.21 (relating to waters limited to specific

purposes—exclusive use areas), designates a 850-foot section of Wykoff Run, Cameron County, from its mouth upstream 850 feet to the railroad bridge, as being for the exclusive use of children 12 and under.

This designation shall be effective when the water is so posted after publication of this notice in the *Pennsylvania Bulletin*.

GOVERNOR'S OFFICE

Regulatory Review

Executive Order 1996-1, which was signed by Governor Ridge on February 6, 1996, requires all agencies under the jurisdiction of the Governor to submit for publication an agenda of regulations under development or consideration. The following is the sixth publication of the Administration's regulatory agenda, grouped by agency. Subsequent agendas will be published on the first Saturdays in February and July.

The agendas are compiled to provide members of the regulated community advanced notice of regulatory activity. It is the intention of the Administration that these agendas will serve to increase public participation in the regulatory process.

Agency contacts should be contacted for more information regarding the regulation and the procedure for submitting comments.

This Agenda represents the Administration's present intentions regarding future regulations. The nature and complexity of an individual regulation obviously will determine whether and when any particular regulation listed (as well as any considered subsequent to publication of this Agenda) is published.

This regulation will amend current regulations to refine the criteria pursuant to which the Department awards grants for farmland protection projects of Statewide scope. The draft proposed regulation is currently under review at the Office of General Counsel.	Raymond Pickering (717) 783-3167
"Clean and Green" Regulations 7 Pa. Code Chapter 137	July, 1999, as proposed.	The Department plans to revise the regulations promulgated under the "Clean and Green Law" (72 P. S. §§ 5490.1-5490.13) to promote uniform and consistent interpretation and enforcement of the Act statewide. Act 156 of 1998 (effective December 21, 1998) revised the Act and established new responsibilities for the Department and county assessors.	Raymond Pickering (717) 783-3167
Statement of Policy: Interim Guidelines under the "Clean and Green Law"	Effective by June 19, 1999	The "Clean and Green Law" was recently amended, and requires the promulgation of interim guidelines by June 19, 1999 to implement the amendments. Formal regulations are required by April 30, 2001.	Raymond Pickering (717) 783-3167
Agricultural Conservation Easement Purchase Program	September, 1999, as proposed.	Act 138 of 1998 amended the Agricultural Area Security Law by permitting local government unit participation in agricultural conservation easement purchases. The regulations at 7 Pa. Code Chapter 138e must be revised to implement this statutory change.	Raymond Pickering (717) 783-3167
Consolidation/Update of Retail Food Store Regulations	January, 2000, as proposed.	This regulation would provide the retail food industry needed and requested guidance for the safe handling of food. The Food Act (31 P. S. §§ 20.1-20.18) is the statutory basis for this regulation.	Lenchen Radle (717) 772-3234
Food Employee Certification 7 Pa. Code Chapter 83	June, 1999, as final.	This regulation is required by the Food Employee Certification Act (3 Pa.C.S. §§ 6501-6510), and will establish standards for training of certain food industry personnel.	Martha Melton (717) 782-8354
Maple Products	July, 2000, as proposed.	This regulation is required by the Maple Products Act (3 Pa.C.S. §§ 6101-6112). This regulation would establish standards, product quality practices and facility requirements relating to the production of maple syrup and maple products.	Lenchen Radle (717) 772-3234
Harness Racing Commission	June, 1999, as proposed.	This regulation is necessary to update current regulations, make them more user-friendly and address conditions which exist in harness racing that did not exist when the current regulations were originally promulgated. This regulation is a long-term project and would amend 58 Pa. Code Chapters 181, 183, 185 and 186-190, including the general authority of the Commission and provisions relating to associations licensed to conduct pari-mutuel wagering, individual licensing, licensing of officials, rules of the conduct of races, veterinary practices, equine health and medication, wagering, due process and disciplinary action.	Richard Sharbaugh (717) 787-5196
Horse Racing Commission	April, 1999, as final.	This regulation will revise several definitions, as well as clarify provisions related to "coupled entries" and trifecta races.	Benjamin H. Nolt, Jr. (717) 787-1942

Bureau of Market Development. Standards for Grading Veal Calves	March, 1999, as proposed.	The regulation would bring the Commonwealth's standards for grading veal calves into conformity with USDA standards. The regulation would amend current regulatory authority at 7 Pa. Code Chapter 101 by deleting standards for grading veal calves and adopting USDA standards by reference.	Bradley Jones (717) 787-6041
Land application of soil and groundwater contaminated with agricultural chemicals	June 1999, as proposed.	This regulation is required under the Land Recycling and Environmental Remediation Standards Act, at 35 P. S. § 6026.101 et seq. This regulation would allow soil and groundwater contaminated with agricultural chemicals to be treated and re-applied upon agricultural lands.	Phillip M. Pitzer (717) 772-5206
Farm Safety and Occupational Health Grant Program	June, 1999, as proposed.	This regulation is needed to replace an existing statement of policy published in the March 16, 1996 Pa. Bulletin. This regulation would formalize the statement of policy by which the Farm Safety and Occupational Health Grant Program operates. The Program awards grants to fund projects to increase the knowledge and awareness of farm safety measures and occupational health issues among the Commonwealth's rural youth.	Phillip M. Pitzer (717) 772-5206
Fruit Tree Improvement Program	December, 2000, as proposed.	This regulation would facilitate interstate and international export of Pennsylvania-grown fruit tree nursery stock. This regulation would amend 7 Pa. Code Chapter 120, which provides testing and inspection standards and procedures pursuant to which fruit tree nursery stock can be certified as to quality, consistency and disease/insect-free status. The regulation would be a technical update of current provisions, would bring this program into greater conformity with programs in other states and would provide more practical assistance to participating growers.	Ruth Welliver (717) 787-5609
Certification of Virus-Tested Geraniums	September, 1999, as proposed.	This regulation would amend the current regulatory authority to update the voluntary program pursuant to which geranium producers may obtain the Department's certification of virus-tested geraniums. This amendment would establish an inspection fee to help cover the Department's costs in inspecting and testing geraniums offered for certification. This regulation would amend 7 Pa. Code Chapter 122 to: 1) expand the certification of virus-tested geraniums to include Culture-Indexed Geraniums, which are free from certain economically-important bacterial and fungal pathogens; and 2) establish a reasonable fee for the Department's inspection and certification services.	Ruth Welliver (717) 787-5609
Swimming Pool Certification	June, 1999, as proposed.	This regulation will address the EPA's recent reclassification of Chlorine as an "anti-microbial" rather than a pesticide. Since the substance is no longer considered a pesticide the Department will no longer regulate persons who apply it.	David M. Scott (717) 772-5214

Dog Law	July, 1999, as proposed.	House Bill 397 of 1996 accomplished revisions of the Dog Law that will necessitate regulatory revisions. This regulation is a long-term project and would amend 7 Pa. Code Chapters 21, 23, 25 and 27 to bring them into greater conformity with statutory revisions. The Dog Law (3 P. S. §§ 459-10 et seq.) is the statutory basis for this regulation.	Richard Hess (717) 787-4833
Weights, Measures and Standards	February, 1999, as final.	This regulation is intended to update the Department's regulatory authority and make it consistent with the provisions of the Consolidated Weights and Measures Act (3 Pa.C.S. §§ 4101-4193).	Charles Bruckner (717) 787-6772
Domestic Animals	October, 1999, as proposed.	This long-term project is intended to update the Department's regulatory authority to make it more consistent with the provisions of the Domestic Animal Law (3 Pa.C.S. §§ 2301-2389).	John Enck, DVM (717) 783-6677
Aquaculture Development	December, 1999, as proposed.	This regulation will implement the requirements of the recently enacted Aquacultural Development Law.	John Enck, DVM (717) 783-6677
BANKING			
Secondary Mortgage Loan Act regulations.	Summer 1999, as proposed.	Section 16(1) of the Secondary Mortgage Loan Act ("SMLA"), 7 P. S. § 6616(1), provides authority for the Department to promulgate regulations applicable to licensees and applicants for licenses under the SMLA. The Department has evaluated the need for regulatory guidance to be provided to second mortgage residential lenders, brokers sponsoring brokers, and broker's agents under the SMLA.	Laurie S. Kennedy, (717) 787-1471
Amendments to the Leeway Investments regulations for Pennsylvania state-chartered banking institutions.	Spring 1999, as proposed.	The existing leeway investments regulations are located at 10 Pa. Code §§ 27.1 - 27.4. These regulations were promulgated pursuant to authority stated in sections 103(a), 307, 311(d)(vi), and 504(b)(x) of the Banking Code of 1965, as amended, 7 P. S. §§ 103(a), 307, 311(d)(vi), and 504(b)(x), and can be amended pursuant to the same statutory authority. Leeway investments are made by Pennsylvania state-chartered banks in stock, bonds, notes, or debentures of corporations formed to promote the public welfare and community development, expand the economy, or provide for social reform. The Department has evaluated the need for additional regulatory guidance in the context of modernizing leeway investment authority for Pennsylvania state-chartered banking institutions, including amending the parameters for Pennsylvania state-chartered banking institutions.	David H. Bleicken (717) 787-1471
Amendments to existing Consumer Discount Company Act regulations.	Spring 1999, as proposed.	Section 12 of the Consumer Discount Company Act ("CDCA") 7 P. S. § 6212, provides authority for the Department to promulgate regulations applicable to consumer discount companies. Act 167 of 1998 amended section 13.Q of the CDCA in such manner as to warrant amendment of an existing regulation at 10 Pa. Code § 41.3(1).	Reginald S. Evanst (717) 787-1471

Tax-Exempt Bond Allocation	Fall, 1999, as proposed.	The existing regulation and statement of policy will be rescinded and replaced with new regulations as a result of the passage of Act 100 of 1998, which repealed the act of December 20, 1985 (P. L. 483, No. 113), known as the Tax-Exempt Bond Allocation Act and established new Tax-Exempt Bond Allocation provisions.	Jill B. Busch (717) 720-7314
Commercial Motion Picture Sales; Tax Exemption Certificate 12 Pa.Code Chapter 33	Fall 1999, as proposed.	The regulation will prescribe a Pennsylvania Exemption Certificate (FORM REV-1220) as the form to be used by producers of commercial motion pictures, who are qualified to take advantage of the PA Sales and Use Tax exclusion provided by Section 204(54) of the Tax Reform Code of 1971.	Jill B. Busch (717) 720-7314
COMMISSION ON CRIME AND DELINQUENCY

CONSERVATION & NATURAL RESOURCES			
Conservation of Native Wild Plants	September 1999, as proposed.	This proposal is being developed to update existing native wild plant regulations. The legal basis for these regulations is the Wild Resource Conservation Act of 1982. This update is necessary to change the status of various plants to reflect field work completed during the last three years. Recommendations of the Rare Plant Committee and the Vascular Plant Technical Committee will be considered during the development of this proposed rulemaking.	Daniel A. Devlin (717) 787-3444
State Forest Rules and Regulations	December 1999, as proposed.	This proposal is an update to the State Forest Rules and Regulations which were published in the PA Bulletin December 5, 1998. Due to the controversy and confusion caused by two sections which had been in the proposed rulemaking of the State Forest Rules and Regulations - Section 21.26 (1) Horses and Pack Animals; Section 21.27 (1) Bicycles and Persons - Powered Vehicles, these sections were deleted from the final rulemaking of the State Forest Rules and Regulations in order to address these issues and concerns separately. The Department is currently in consultation with a user work group to redraft these two sections of the regulation.	Michael Palko (717) 783-7941

Motivational Boot Camp Act 61 P. S. Section 1221 et seq.	February 1999, as proposed	The regulations will address boot camp administration, establishment of selection committees, inmate selection criteria, programming and supervision, inmate discipline and staff training.	Victoria S. Freimuth (717) 975-4860
Revisions to the existing regulations governing county correctional facilities, 37 Pa. Code Chapter 95.	February 1999, as proposed.	The regulation will be revised to eliminate unnecessary regulations and modernize necessary regulations, particularly those affecting the transfer of inmates between state and county correctional facilities.	William M. Reznor (717) 975-4876
Review and/or revision of all current Department of Corrections regulations contained in Title 37 of the Pennsylvania Code.	Publication as proposed regulations is anticipated within next 6 months.	The purpose of the review is to ensure that the Department's regulations are consistent with current legal standards concerning prison administration and operation. The legal basis for the action is found at Section 506 of The Administrative Code of 1929, 71 P. S. § 186, which grants the Commissioner of Corrections the authority to prescribe regulations for the Department that are not inconsistent with law.	J.D. Shutt (717) 975-4860
EDUCATION			
Pupil Personnel Services Pupil Attendance Students 22 Pa. Code, Chapters 7, 11, 12	August 1999, as proposed.	These proposed revisions to existing chapters of regulations are necessary to align provisions of Chapter 12 in compliance with recently-enacted legislation and court decisions; to accurately reflect current practices; delete non-regulatory language; and eliminate non-regulatory provisions. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14) Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787
Special Education Services and Programs 22 Pa. Code, Chapter 14 and 22 Pa. Code, Chapter 342	May 1999, as proposed.	These regulations are necessary to establish procedures for the identification of students who are in need of special education services and programs and to set forth requirements and procedures for the delivery of those services and programs. The review of these current regulations will focus on current federal and state law regarding special education services and programs to ensure compliance, consistent and accurate terminology and application of existing provisions. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14) (24 P. S. §§ 1-101—26-2606-B).	Peter Garland (717) 787-3787
School Buildings 22 Pa. Code, Chapter 21	August 1999, as proposed.	These regulations are necessary to provide uniform standards and procedures for seeking Departmental approval in school building projects. The proposed revisions are necessary to provide clarification and to reflect current practice. These revisions are proposed under authority of the Public School Code of 1949 (P. L. 30, No.14) Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787

Higher Education General Provisions, Foreign Corporation Standards, Institutional Approval, Program Approval - 22 Pa. Code, Chapters 31, 36, 40, 42	February 1999, as proposed.	These regulations are necessary to establish procedures for the approval and operation of institutions of higher education in the Commonwealth. Specific revisions are necessary to clarify the intent of the chapters, modify the time frame during which new institutions must achieve accreditation, update provisions for library and learning resources, and amend regulations to accommodate for-profit baccalaureate and higher education. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No.14), Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787
Branch Campuses for State-supported Institutions - 22 Pa. Code, Chapters 34	June 1999, as proposed.	These regulations are necessary to establish procedures for the approval of branch campuses. Review and revision are necessary to ensure that the regulations are consistent with current practice and terminology. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14), Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787
Gifted Education 22 Pa. Code, Chapter 16	April 1999, as final.	These regulations establish separate rules for programs and services for gifted students apart from those established for other special needs students. Special education regulations (Chapters 14 and 342) are largely driven by federal action. Gifted education is a state program. Separation of enabling regulations will permit greater efficiency and effectiveness in program operations. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14), Article XXVI-B, §§ 26-2601-B —26-2606-B.	Peter Garland (717) 787-3787
Certification of Professional Personnel 22 Pa. Code, Chapter 49	March 1999, as final.	These regulations and revisions are necessary to ensure that those individuals preparing to be teachers receive a quality education and are competent to teach in the disciplines and areas for which they are certified. These regulations are promulgated under authority of the Public School Code of 1949 (P. L. 30, No. 14) Article XXVI-B, §§ 26-2601-B—26-2606-B.	Peter Garland (717) 787-3787
General Standards for Preparation of Professional Educators 22 Pa. Code, Chapter 354	January 1999, as proposed.	These standards will provide general requirements for programs which prepare professional educators in the Commonwealth. Pennsylvania colleges and universities must meet these standards to obtain or retain Pennsylvania Department of Education approval to conduct professional educator programs leading to Pennsylvania certification. These regulations are being promulgated under authority of 22 Pa. Code, Chapter 49.	Samuel Marcus (717) 783-6794

ENVIRONMENTAL HEARING BOARD			
25 PA Code §§ 1021	March 1999, as proposed.	Revisions to the Board's Rules of Practice and Procedure have been proposed by the Board with the expectation that the proposals will be published in the Pennsylvania Bulletin this spring. These revisions and additions to Chapter 1021 are meant to improve the practice and procedure before the Board and to provide the regulated community, the Department of Environmental Protection, and other potential litigants with more specific guidance on how to represent their interests before the Board. The legal basis for the regulation is § 5 of the Environmental Hearing Board Act (35 P. S. § 7515).	Kimberly Hafner 717-787-3483
ENVIRONMENTAL PROTECTION			
Special Protection Waters (Antidegradation) Program Clean Streams Law	May 1999, as final to the EQB.	This proposal has been developed to streamline & improve the existing program and to address EPA disapproval issues. EPA promulgated regulations for Pennsylvania in December 1996. The EQB received over 1,700 comments on its proposed rulemaking which was published March 22, 1997. The Department considered and responded to the comments and published an Advance Notice of Final Rulemaking (ANFR) on January 23, 1999. The Water Resources Advisory Committee (WRAC) was briefed on the ANFR and will review the draft final rulemaking.	Carol Young, 717-787-4686
Chapters 91, 97 & 101 - Wastewater Management Clean Streams Law	August 1999, as final to the EQB.	This proposal has been developed as a result of the Regulatory Basics Initiative (RBI) and Executive Order 1996-1 and consolidates references to related water pollution control requirements into a single source, Chapter 91. The proposal will provide the regulated community and DEP greater flexibility in implementing pollution prevention measures and will provide authority for DEP to issue general water quality management permits. The Water Resources Advisory Committee (WRAC) approved this proposal in February 1997. The proposal was discussed with the Agricultural Advisory Board (AAB) in October 1997. Several sections of this rulemaking pertain to animal manure (manure storage and land application). As a result, DEP delayed this final rulemaking until the Concentrated Animal Feeding Operation (CAFO) strategy was finalized.	Milt Lauch, 717-787-8184

Chapter 72, Amendments to SEO Application Requirements for Certification Sewage Facilities Act	December 1998, as proposed to the EQB.	This proposal streamlines the application requirements for certification of sewage enforcement officers (SEOs) by reducing the 40-day time period in which applicants must wait to take the SEO exam following completion of successful precertification training. DEP plans to expand the precertification program and offer the opportunity for successful candidates to take the exam immediately following precertification training. The amendment is supported by the State Board for Certification of Sewage Enforcement Officers and the Sewage Advisory Committee. Publication of the proposed rulemaking is anticipated in February 1999 with a 30-day public comment period.	Jay Africa, 717-783-2941
Chapters 92, 93, 95, 96 & 97 - Water Quality Amendments Clean Streams Law	October 1999, as final to the EQB.	These revisions address several of the principles of the RBI and Executive Order 1996-1. The revisions reorganize these chapters into permitting, water quality standards and implementation chapters respectively and will make several modifications to the programs. The WRAC will review drafts of the final rulemaking. The AAB will also be briefed on the draft final rulemaking.	Carol Young, 717-787-4686
Chapter 102, Erosion Control Clean Streams Law	May 1999, as final to the EQB.	This rulemaking includes minor revisions such as eliminating obsolete terms, simplifying technical requirements for control facilities, updating and clarifying permit requirements to reflect current Federal NPDES permit requirements for construction activities, revising requirements that may be interpreted as more restrictive than Federal requirements, and establishing a minimum area of disturbance to require the development of an erosion and sedimentation control plan. An Advance Notice of Final Rulemaking will be published in February or March 1999. The WRAC and the AAB will review drafts of the final rulemaking.	Ken Murin, 717-787-6827
Chapter 105, Dam Safety and Waterway Management Clean Streams Law, Dam Safety and Encroachment Act	August 1999, as proposed to the EQB.	Revisions will be proposed to simplify and clarify the regulations, streamline the process for minor wetland encroachments, establish discretion to issue expedited permit decisions during site visits, simplify the application fee schedule, and clarify the Chapters 105 and 106 programs by consolidating rules and procedures for stream channels, floodways and floodplains into one regulation. The Wetlands Protection Advisory Committee (WetPAC) is thoroughly reviewing the issues. The AAB is also being briefed on developments. A date for EQB consideration of a proposed rulemaking remains uncertain at this time pending WetPAC's deliberations.	Ken Reisinger, 717-787-6827

Bottled Water Systems Permit by Rule Safe Drinking Water Act	February 1999, as final to the EQB.	These amendments to Chapter 109 incorporate a permit by rule for bottled water systems meeting specified criteria to streamline the permitting process. DEP formed a working group of stakeholders and other interested parties to assist in identifying and selecting implementation options. The amendments also include some changes pertaining to streamlining approval of new labels and clarifying reporting requirements as well as changes resulting from the RBI and Executive Order 1996-1. The WRAC reviewed the draft final amendments.	John Wroblewski, 717-787-9037
Chapters 260-270 - Comprehensive Hazardous Waste Amendments Solid Waste Management Act	February 1999, as final to the EQB.	The amendments are a major initiative to update Pennsylvania's hazardous waste regulations and to bring the state program into conformance with the federal RCRA program by adopting large portions of the federal regulations by reference. The Solid Waste Advisory Committee (SWAC) reviewed the draft final amendments.	Rick Shipman, 717-787-6239
Municipal Waste Amendments Solid Waste Management Act	September 1999, as final to the EQB.	This proposal changes the environmental assessment requirements to evaluate known and potential environmental harms vs. social and economic benefits; includes revisions to ICW permit by rule and general permit requirements; includes standards for nuisance minimization and control; modifies the closure requirements and assessment and abatement standards to be consistent with the Act 2 regulations and federal Subtitle D criteria; revises the planning and grant procedures; revises isolation distances; changes the equivalency review procedure for municipal waste permits so that once approval is given, it may be applicable statewide; revises the facility design and operating standards for composting facilities to be more performance based; revises leachate sampling requirements to delete parameters from quarterly sampling if groundwater protection will not be compromised; and allows for leachate holding tanks and trucking for some processing facilities in lieu of connection to sewer systems or building treatment plants. The draft final rulemaking will be reviewed by SWAC in March 1999.	Bill Pounds, 717-787-7564

Residual Waste Amendments Solid Waste Management Act	July 1999, as final to the EQB.	This proposal changes the definition of waste and related terms to be similar to the solid waste definitions in RCRA Subtitle C; revises definitions and final closure standards to be consistent with the Act 2 regulations; allows for industry wide coproduct determinations and recycling of scrap metal; revises performance standards for odor, noise and other nuisance control; revises isolation distances; modifies the environmental assessment requirements; revises the permit application fee and simplifies the approval process for demonstration facilities; revises the facility design and operating standards for composting facilities to be more performance based; revises leachate sampling requirements to delete parameters from quarterly sampling if groundwater protection will not be compromised; allows for leachate holding tanks and trucking for some processing facilities in lieu of connection to sewer systems or building treatment plants; and modifies the attenuating soil requirements at landfills to allow for equivalency modeling based upon site specific conditions. The draft final regulations will be reviewed by SWAC in March 1999.	Bill Pounds, 717-787-7564
Waste Oil Amendments Solid Waste Management Act	February 1999, as proposed to the EQB.	This proposal consolidates the requirements for the management of used oil into one chapter. The SWAC approved the draft amendments.	Bill Pounds, 717-787-7564
Universal Waste Rule - Addition of Wastes Solid Waste Management Act	May 1999, as proposed to the EQB.	The Universal Waste Rule allows certain hazardous wastes to be managed under requirements that are less prescriptive than full RCRA hazardous waste Subtitle C regulation. This proposal adds fluorescent tubes, unbroken mercury lamps and mercury-containing devices to the list of wastes managed as universal wastes. These items were petitioned for inclusion by Advanced Environmental Recycling Corporation in August 1997. The draft final rulemaking will be reviewed by SWAC in March 1999.	Rick Shipman, 717-787-6239
Amendments to Nitrogen Oxides (NO _x) Allowance Requirements Air Pollution Control Act	December 1998, as proposed to the EQB.	The proposal corrects accounting errors contained in Appendix E of the NO _x allowance regulations published November 1, 1997. The amendments also add missing sources to Appendix E; clarify that the definition of "NO _x -affected source" is applicable to fossil-fired operating units which generate greater than 15 MW of electricity; eliminate the special allocation for Washington Power project since its plan approval expired; deletes the listing of "baseline MMBtu" in Appendix E and modifies the listing of "baseline NO _x lb/MMBtu." The AQTAC approved the draft final amendments. Publication is anticipated in February or March 1999. A 60-day public comment period and three public hearings will be held. Nitrogen Oxides (NOx) SIP Call Air Pollution Control Act	February 1999, as proposed to the EQB.	This proposal is necessary for Pennsylvania to adopt a NOx reduction program for large stationary sources to achieve the emission reductions required by EPA's Section 110 State Implementation Plan (SIP) Call which was finalized October 27, 1998. The SIP Call was promulgated to mitigate interstate transport of ozone and its precursors which is interfering with the ability of many states to attain the one- and eight-hour National Ambient Air Quality Standards (NAAQS). The proposal was discussed with AQTAC.	Dean Van Orden, 717-787-4310
Malodors - RBI #3 Air Pollution Control Act	August 1999, as final to the EQB.	The malodors regulations will be modified to clarify the definition of "malodor," add a definition for "odor investigation" and add a technology limitation to resolve malodor problems. In view of the significant number of comments received on the proposed rulemaking, DEP plans to publish an Advance Notice of Final Rulemaking and hold additional meetings and hearings. Drafts of the final rulemaking will be reviewed by AQTAC.	Terry Black, 717-787-4310
New Source Review Air Pollution Control Act	Contingent on EPA action.	The Department's existing new source review regulations will be reorganized and reformatted to make the requirements clear to the regulated community and to facilitate the creation and use of emission reduction credits. The Department will incorporate proposed changes in the Federal new source review requirements as necessary. Drafts of the proposal will be reviewed by the AQTAC. EPA has proposed in its draft new source review (NSR) regulations a number of mechanisms related to generation and use of Emission Reduction Credits (ERC's), and the use of an "area wide" plantwide applicability limit (PAL) to address trading issues. The proposed rules were issued in July 1996; however, EPA has not yet issued final rules. With the uncertainty of the nature of the final rules, the Department cannot proceed with revisions of the existing trading regulations until the final EPA rule is promulgated.	Terry Black, 717-787-4310
Gasoline Volatility Requirements - Low RVP Air Pollution Control Act	April 1999, as final to the EQB.	The Commonwealth is required to implement control strategies to demonstrate that the Pittsburgh-Beaver Valley Area will achieve the national ambient air quality standards (NAAQS) for ozone. The Department proposes to delete the term "federal reformulated gasoline or RFG" and eliminate RFG from the term "compliant fuel." The proposed regulation will limit the volatility of gasoline sold in the Pittsburgh-Beaver Valley Area each year between May 1 and September 15. The proposal requires the sale of 7.8 Reid vapor pressure (RVP) gasoline. In addition, the Department proposes to clarify the records retention requirements in Section 126.302(c) that records be kept on site. The AQTAC will review a draft of the final rulemaking. Surface Coating Processes Air Pollution Control Act	November 1999, as final to the EQB.	This regulation will simplify the calculation procedure for determining compliance with Chapter 129 and consider small source exemptions to the extent possible without degrading air quality. The AQTAC approved the draft regulations. Publication of the proposed rulemaking is anticipated in March 1999.	Terry Black, 717-787-4310
Mobile Equipment Repair and Refinishing Air Pollution Control Act	August 1999, as final to the EQB.	The Southwest and Southeast Ozone Stakeholder Working Groups recommended that DEP adopt Programs to reduce VOC emissions from automobile refinishing. The proposed regulations establish maximum VOC content levels for automobile refinish materials used in the Commonwealth. The proposed regulation also establishes permitting requirements, pollution prevention and work practice standards. DEP is developing public information materials to inform the regulated industry of the proposed requirements. DEP published the proposal in August 1998 and conducted statewide public information meetings and hearings during the public comment period. The AQTAC will review the draft final regulations.	Terry Black, 717-787-4310
Degreasing Operations Air Pollution Control Act	May 1999, as proposed to the EQB.	The Southwest and Southeast Ozone Stakeholder Working Groups recommended that DEP adopt Programs to reduce VOC emissions from degreasing operations. The proposed regulations will establish requirements for solvent cleaning operations not presently regulated by the provisions of Section 129.63. A stakeholder group consisting of degreaser manufacturers and operators, solvent suppliers and environmental groups met several times over an eight-month period to develop a draft regulation. The AQTAC will review the draft proposed rulemaking.	Terry Black, 717-787-4310
Chapter 240, Radon Certification Radon Certification Act	Date undetermined.	DEP conducted workshops attended by selected individuals from the Pennsylvania certified radon community to discuss possible amendments to the current regulations which appear to be of concern to the regulated community and which do not fully address new technologies that were developed since the effective date of the 1991 radon certification regulations in Chapter 240. Meanwhile, EPA privatized its Radon Proficiency Program in October 1998. The National Environmental Health Association (NEHA) was selected to run a one-year pilot test of the EPA draft criteria document for the Certification of Radon Service Providers, the Accreditation of Radon Chambers and Laboratories, and the Approval of Measurement Devices. DEP's Radon Division is working closely with the NEHA on efforts to establish certification exams and other criteria that could possibly parallel suggested changes in DEP Radon Certification regulations. Radiological Health (Chapters 215, 217, 219, 220, 224, 225, 226, 230 and 232) Radiation Protection Act	October 1999, as proposed to the EQB.	The Department is updating its regulations for the control of radioactive material in preparation for becoming an Agreement State with the U.S. Nuclear Regulatory Commission (NRC). One of the NRC requirements for the agreement is to have and maintain compatible regulations with the NRC. The proposed regulations address industrial radiography, well logging, irradiators, medical uses, transportation and packaging, protection standards and licensing. The Department will consult with the Radiation Protection Advisory Committee in developing these regulations.	Stuart Levin, 717-787-3720
Chapter 86, Subchapters A and D - General Provisions and Areas Unsuitable for Mining Surface Mining Conservation and Reclamation Act, Clean Streams Law, Coal Refuse Disposal Control Act	July 1999, as final to the EQB.	The amendments address regulations which are more stringent than federal requirements, lack clarity, and which are inconsistent with language used in federal regulations. An Advance Notice of Final Rulemaking was published on January 30, 1999. The Mining and Reclamation Advisory Board (MRAB) reviewed the ANFR and will review the draft final rulemaking.	David Hogeman, 717-787-4761
Storage, Handling and Use of Explosives Explosives Act, Surface Mining Control and Reclamation Act (SMCRA), and Noncoal SMCRA	December 1999, as proposed to the EQB.	Amendments are being proposed to reflect changes that have occurred in the industry and the experience DEP has gained in implementing the program since the regulations in Chapters 210 and 211 were developed in 1972. The proposed amendments will address requirements which are needlessly more stringent and burdensome than federal requirements; will incorporate technological advances resulting from research on the effects of blasting on structures; and will enhance DEP's ability to prevent issuance of blasters' licenses to previous violators. DEP conducted public outreach meetings from September through December 1998.	Gary Byron, 717-783-9580
GENERAL SERVICES			
Surplus State Property 4 Pa. Code, Chapter 41	Fall, 1999, as proposed.	With the enactment of the Commonwealth Procurement Code (Act 57 of 1998) this Chapter must be substantially amended. Further, there is a need for review and revision of these regulations to implement improvements in the transfer and disposition of state surplus property.	Barbara L. Shelton (717) 787-5295

Life Insurance Illustrations (New)	October 1999, as proposed.	Act 154 of 1996 provides for life insurance illustration requirements for life insurance policies. The statute sunsets when a life insurance illustration regulation becomes effective. A life insurance illustration regulation will eliminate misleading illustrations, make illustrations more understandable, and standardize terms and illustration formats for the entire life insurance industry. Further, it is more appropriate that technical requirements, such as these, appear in a regulation rather than in statutory form.	Peter J. Salvatore, 717-787-4429
Replace Life Insurance Annuities, 31 Pa. Code, Chapter 81, §§ 81.1-9	April 1999, as proposed.	Amend pursuant to Executive Order 1996-1.	Peter J. Salvatore, 717-787-4429

Personal Care Homes Housing Immobile Residents 34 Pa. Code Chapters 49, 55 & 56.	June 1999, as proposed.	The regulation is a result of the Act of December 21, 1988, P. L. 1883, No. 185, which permitted the housing of immobile persons in personal care homes. The current Fire and Panic Regulations for personal care homes require personal care home occupants to be both physically and mentally capable of taking appropriate measures for self preservation with minimal supervision in the event of a fire. They are not designed to provide a fire safe environment for immobile persons. The proposed regulations will require the installation of an automatic sprinkler system in personal care homes which house immobile residents.	Edward L. Leister, (717) 787-3323
Asbestos Occupations Accreditation and Certification	June 1999, as proposed.	Act of December 19, 1990, P. L. 05, No. 194, 63 P. S. §§ 2101-2112. This regulation established the Department's worker certification and training provider accreditation program. It also sets up training course requirements. It is based on the Environmental Protection Agency's model plan.	Sharon Lawson (717) 772-3396

Notice to all Surplus Lines Agents and Interested Parties; Export List of Insurance Coverages

In May 1998, the Insurance Commissioner (Commissioner) determined that certain insurance coverages were generally unavailable in the authorized market and declared those coverages as exportable. A list of exportable coverages was published at 28 Pa.B. 2467 (May 23, 1998). Accordingly, for those insurance coverages which are included on the export list, a diligent search among insurers admitted to do business in this Commonwealth is not required before placement of the coverages in the surplus lines market.

The Commissioner declared that the export list would remain in effect until revised or superseded by a subsequent list.

At this time, the Commissioner is soliciting comments regarding the current export list. Persons may request in writing that a coverage be added or removed from the list.

Persons wishing to comment on the Commissioner's current export list are invited to submit a written statement within 30 days from the date of this publication. Each written statement must include sufficient detail and relevant facts to inform the Insurance Department of the exact basis of the statement. Written statements should be directed to Cressinda Bybee, Office of Regulation of Companies, Insurance Department, 1345 Strawberry Square, Harrisburg, PA, 17120; fax (717) 787-8557; e-mail <http://www.cbybee@ins.state.pa.us>. After consideration of all comments received, the Commissioner will publish a notice in the *Pennsylvania Bulletin* providing a 15-day opportunity to comment on proposed changes before formal publication of the revised list.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing, as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with their company's termination of the insured's automobile policies. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3

(relating to Special Rules of Administrative Practice and Procedure). All administrative hearings are held in the Insurance Department Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Terrie L. Schmidt; file no. 98-181-08798; State Farm Mutual Insurance Co.; doc. no. P99-01-015; February 23, 1999, at 10 a.m.;

Appeal of Thomas D. Jones; file no. 98-308-72378; Nationwide Mutual Insurance Co.; doc. no. P199-01-023; February 23, 1999, at 1 p.m.;

Appeal of Paul and Sandra Steinfield; file no. 98-265-35386; State Farm Mutual Insurance Company; doc. no. PH99-01-025; February 25, 1999, at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearings, and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files and other necessary evidence. The insured must bring all documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of the Unfair Insurance Practices Act (40 P.S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e) (relating to appeal procedures). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
