READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Procedure for Assignment of Motions for Disposition in Day Backward Cases; General Court Regulation No. 96-1

Philadelphia Civil Rules No. ★206.1 and ★206.2 govern the filing, assignment and disposition of all motions, petitions and preliminary objections filed in Philadelphia

County pursuant to Pennsylvania Rules of Civil Procedure. In order to better acquaint the bar with the Court's assignment practices in light of the various programs the Court has adopted to reduce its present inventory and manage its case load, the within regulation shall summarize and clarify the method of assignment and disposition of Motions, Petitions and Preliminary Objections in Day Backward cases.

This General Court Regulation does not apply to Day Forward cases (defined as all major civil jury trial cases filed on or after January 3, 1995). See General Court Regulation Nos. 95-1 and 95-2.

1. *Definitions.* For Purposes of this Order:

a. The term "Day Backward Cases" shall refer to all major civil jury trial cases filed prior to January 1995 (except for cases assigned to the Mass Tort Program);

b. The term "motions" shall also include petitions, and the term "petitions" shall also include motions; and

c. The term "Discovery Motions" shall refer to all discovery motions (including any motions for sanctions or otherwise seeking to enforce orders relating to discovery) as well as all other petitions and motions which, pursuant to Phila. Civ. R. ★206.2, are to be referred to the Discovery Judge (i.e. motions to amend captions or pleadings; motions to consolidate or sever; motions to enforce settlements; motions in limine regarding limited tort waiver and such additional matters as may be provided by the Administrative Judge of the Trial Division).

2. *General Policy*

a. Except as provided in subparagraph 2(d) hereof, all Discovery Motions shall be assigned to the Discovery Judge.

b. Except as provided in subparagraphs 2(c) and (d) and paragraph 3 of this Order, all motions in Day Backward Cases (other than Discovery Motions) shall be assigned to the Motion Court Judges.

c. Except as provided in subparagraph 2(d) and paragraph 3 of this Order, upon notification by the Administrative Judge of the Trial Division to the Manager of Motion Court that a particular group of Day Backward Cases (for example, all Day Backward Cases filed from January 1993 through June 1993) is ready for assignment to Settlement Masters as part of the Day Backward Program, all motions (except for Discovery Motions) in such group of cases filed after the date of such notification shall be assigned to the Day Backward Judicial Team Leader to whose team the case is assigned, for disposition either by the Judicial Team Leader or by a judge of his Day Backward Judicial Team designated by the Judicial Team Leader.

d. Except as provided in paragraph 3 of this order, once a Day Backward Judicial Team Leader has set a trial date for a particular Day Backward Case, all motions (including Discovery Motions) in such case thereafter shall be assigned, for disposition either by the Judicial Team Leader or by a judge of his Day Backward Judicial Team designated by the Judicial Team Leader. Discovery Motions to be assigned to the Day Backward Judicial Team Leader in accordance with this paragraph 2(d) and answers thereto shall be subject to the following requirements:

i. all such motions and answers shall be filed with the Prothonotary and Motion Court which shall thereupon assign them to the Day Backward Judicial Team Leader;

ii. the time for filing any answer shall be fifteen (15) days after the filing of the motion, unless such time is increased or decreased by the Day Backward Judicial Team Leader; and

iii. all such motions and answers shall be in writing and shall, except as provided hereinabove in this paragraph 2(d), comply with the requirements of Phila. Civ. R. No. ★206.1.

3. *Exceptions to General Policy*

a. All motions (including Discovery Motions) in a Day Backward Case that has been specially assigned by the Administrative Judge of the Trial Division to a particular individual judge (including, but not limited to, class actions), shall be assigned to that particular individual judge.

b. All petitions in Day Backward Cases filed pursuant to Joint General Court Regulation No. 93-2 (pertaining to approval of compromises involving minors or incompetent/incapacitated persons and wrongful death and/or survival actions) shall continue to be assigned in accordance with said Joint General Court Regulation.

c. All petitions for reconsideration of any order entered in a Day Backward Case shall be assigned to the judge who entered the order.

d. All motions for Day Backward Cases for delay damages pursuant to Pa.R.C.P. No. 238 and all motions for post-trial relief pursuant to Pa.R.C.P. No. 207.1 shall be assigned to the judge who presided at the trial of the case.

e. All motions in Day Backward Cases for service pursuant to special order of Court in accordance with Pa.R.C.P. No. 430, or for alternative service in accordance with Phila. Civ. R. 430.1, shall be assigned to the Motion Court Judges.

f. All Petitions for Extraordinary Relief in Day Backward cases shall be assigned to the Administrative Judge of the Trial Division.

g. All Motions relating to execution on a Judgment or for supplemental relief in aid of execution shall be assigned to the Motion Court Judges. All motions to open judgment, all motions to strike a judgment, and all other motions filed in a Day Backward Case after judgment has been entered (except for Discovery Motions, as defined in subparagraph 1(c) hereto) shall be assigned to the Judge who entered the underlying judgment, or if none, to the Motion Court Judges.

h. All petitions for medical examinations under the No-Fault Act shall be assigned to the Discovery Judge.

i. All petitions to name an arbitrator or arbitrators pursuant to an insurance policy or another form of contract shall be assigned to the Administrative Judge of the Trial Division.

j. All Petitions for an Advanced Trial Listing shall be assigned as provided in Trial Division General Court Regulation No. 94-2.

4. *Civil Motions Procedure*

a. *Filing.* In order to be accepted for filing, every motion in a Day Backward Case must comply with all rules of court, must be accompanied by a Motion Court Cover Sheet and service copies. In order to better advise the bar as to the assignment of their motions, concurrently with the filing of every motion in a Day Backward Case, Civil Motions staff will stamp all service copies of

the Motion Cover Sheet to designate the control number assigned to the motion and to designate that the motion has been assigned to:

i. Motion Court Judges (by name of judge),

ii. Discovery Judge,

iii. The Applicable Day Backward Judicial Team (by name of Judicial Team Leader), or

iv. Specially Assigned Judge (by name of Judge)

and such control number and judicial assignment shall be promptly entered by Civil Motions staff on the docket for the case.

In the event a case is assigned to a Judicial Team or Individual Judge after a Motion is filed, but before a Response is filed, the Motion shall be referred to the later assigned Judicial Team or Individual Judge.

b. *Service.* In accordance with Phila. Civ. R. No. ★206.1(C), the moving party shall serve on all attorneys of record and unrepresented parties within two (2) business days of its filing a conformed copy of the Petition and Motion Cover Sheet setting forth the Motion Control Number and judicial assignment.

5. *No Authorization for Filing*

The purpose of this order is to establish a procedure for assignment of motions for disposition in Day Backward Cases. Nothing in this order is intended or shall be construed to authorize the filing of any motions which have been precluded by any administrative order or other order of any judge of this Court.

This General Court Regulation is promulgated in accordance with the April 11, 1986 Order of the Supreme Court of Pennsylvania, Eastern District, No. 55, Judicial Administration, Docket No. 1, Phila. Civ. R. ★51 and Pa.R.C.P. 239, and shall become effective immediately. As required by Pa.R.C.P. 239, the original regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the Administrative Judge of the Trial Division; and copies shall be submitted to the Administrative Office of Pennsylvania Courts, the Legislative Reference Bureau and the Civil Procedural Rules Committee. Copies of the regulation shall also be submitted to Legal Communications, Ltd., *The Legal Intelligencer*, Jenkins Memorial Law Library and the Law Library for the First Judicial District.

Title 255—LOCAL COURT RULES

CLEARFIELD COUNTY

Local Rule of Civil Procedure 1920.3

Rule 1920.3. Children First Program.

1. The first page of every divorce complaint shall identify all the children of the parties and birth date and ages as of the date of filing. If the parties to the divorce action are parents of no children, the first page shall so state.

2. Upon the filing of a divorce action, the parties will be notified via the Children First Program brochure distributed by the Court that their attendance at this seminar is mandatory. The parties must fulfill this requirement within 60 days of the filing of a divorce action.

3. Attendance at the seminar is mandatory. Required attendance may only be waived for compelling reasons. All requests for waiver must be presented in a motion to the Court.

4. Within ten (10) days of said notification (see paragraph 1 above), the parties are required to register for the Program by using the preprinted registration form contained in the Education Program for Divorcing Program brochure.

5. A fee of \$40 will be assessed each individual attending the seminar. The fee must be paid in advance of the seminar and sent along with the completed registration form to the address listed on the brochure, unless other arrangements for payment are made with the provider. A request for waiver or reduction of the fee with proof of hardship must be presented to the Court of Common Pleas.

6. FAILURE TO REGISTER AND COMPLETE THE PROGRAM WILL BE BROUGHT TO THE ATTENTION OF THE COURT AND MAY RESULT IN A FINDING OF CONTEMPT AND THE IMPOSITION OF SANCTIONS.

7. Upon successful completion of the Program, parents will receive a certificate to present to the Court verifying participation.

President Judge

SUPPORT

L-216-1. Continuances.

A. Continuances of any matter scheduled before either a Conference Officer or a Hearing Officer may only be granted as follows:

1. A conference or hearing may be continued through the Domestic Relations Section without an order of court if a written request for continuance is made at least 15 (fifteen) days prior to the conference or hearing. This request for continuance must be accompanied by a written consent from both parties to the continuance. This written verification must be received by the Domestic Relations Section at least 15 (fifteen) days prior to the scheduled hearing or conference. The party requesting the continuance is responsible to notify all interested parties

of the request for continuance. The Domestic Relations Section shall only be responsible to notify the parties of the new date and time of the conference or hearing. All consents to continuances should be sent to the attention of the Continuance Department of the Domestic Relations Section for prompt processing of the parties request. All written requests for continuances under this section must be accompanied by the fee imposed by Rule L-1910.4 or the hearings shall not be rescheduled.

2. Requests for continuance of any conference or hearing made within fourteen (14) days of the scheduled conference or hearing may be granted only by order of court.

B. A fee shall be charged for all continuances as prescribed by Rule L-1910.4.

L-411-2. Non-Appearance by Parties.

A. If a moving party in a non-AFDC case, who has been properly served with notice, does not appear at a conference and/or a hearing, the relief requested shall be denied and in the case of an initial complaint for support, the complaint shall be dismissed.

B. If a responding party, who has been properly served with notice, does not appear at a conference and/or a hearing, the matter shall be referred to the Hearing Officer who may proceed with the hearing and make a recommendation to the Court with respect to the entry of an order for support.

C. If a plaintiff in an AFDC case, who has been properly served with notice, does not appear at a conference and/or a hearing, the hearing shall be rescheduled by the Domestic Relations Section and the failure of the plaintiff to appear shall be reported to the Department of Public Welfare for intervention.

L-1012-1. Entry of Appearance.

All counsel shall file a Praecipe for Appearance with the Domestic Relations Section Docket Clerk which includes the attorney's name, business address, telephone number and Supreme Court identification number. All Praecipos for Appearance must either be typed or legibly printed on forms available from the Domestic Relations Section. Use of the Domestic Relations Section form shall not be mandatory. If counsel fails to enter their appearance as prescribed by this Rule, he or she shall not be entitled to receive copies of orders, notices or other record matters.

L-1910-4. Fees.

A. The Domestic Relations Section, in addition to any other fees imposed by these rules, shall impose and collect filing and service fees as prescribed by administrative order, *as amended*.

B. Any fee imposed by this Rule shall not be collected from a party otherwise obligated by these rules to pay such a fee in the following circumstances:

1. Where the party has been granted leave by the Court to proceed in forma pauperis;
2. Where the Hearing Officer or the Court finds that the party is financially unable to pay;
3. Where the party is a recipient of cash assistance from the Department of Public Welfare; or,
4. Where the Court otherwise directs.

L-1910.10-1. Hearing Procedure.

A. Alternative hearing procedure of Pa.R.C.P. 1910.12 is adopted in all civil actions or proceedings brought in

the Court of Common Pleas of Washington County to enforce a duty of support except:

1. Any action for support of a child born out of wedlock where there has not been an adjudication of paternity.

2. Contempt proceedings pursuant to Pa.R.C.P. 1910.21.

B. The office conference shall be conducted by a person known as a "Conference Officer". The hearing shall be conducted by a person known as a "Hearing Officer".

L-1910.10-2. Hearing Procedure.

A. If the parties to a support action have filed a complaint in divorce in which a claim is raised for alimony pendente lite, the Hearing Officer may hear the alimony pendente lite claim at the request of either party, provided, however, both that a Master in divorce has been appointed and the Master's fee has been paid to the Prothonotary. Counsel shall provide documentary evidence of this appointment and payment to the support Hearing Officer.

B. If the Hearing Officer proceeds under this Rule and hears a claim for alimony pendente lite, either the plaintiff or plaintiff's counsel shall file with the Domestic Relations Docket Clerk a copy of the complaint in divorce raising the issue of alimony pendente lite within three (3) days of the hearing before the Hearing Officer. If counsel fail to file a copy of the complaint in divorce as provided by this Rule the written recommendation of the Hearing Officer shall not be issued until a copy of the complaint is properly filed.

L-1910.11(c). Exhibits.

A. Prior to the conference before the Conference Officer, counsel for the parties to support actions shall exchange copies of all exhibits which will be used at the conference. In addition, copies of the exhibits shall be provided for the Conference Officer and appropriately marked.

B. If the issue of support cannot be resolved before the Conference Officer, copies of marked exhibits shall also be provided for the Hearing Officer at the time of the hearing. All exhibits which are admitted by the Hearing Officer shall become part of the Hearing Officer's Report to the Court, which report will be filed with the Domestic Relations Section Docket Clerk.

L-1910.12-1. Office Conference.

A. A filing fee as prescribed by Rule L-1910.4 shall be charged for all support actions entered and processed through the Washington County Domestic Relations Section. This fee shall be due and payable at the time of the hearing on the complaint or petition. If an agreement and order of support is entered prior to an initial hearing, this fee is due and payable at the time such agreement or order is filed with the Domestic Relations Section. This fee shall be paid as follows:

1. Shared equally by the plaintiff and defendant in all non-welfare actions for support;

2. Paid in full by the defendant in all welfare actions for support and non-welfare actions where the plaintiff is the County of Washington or a governmental or administrative agency; or,

3. Not assessed in matters where the party responsible for the payment of the fee has been found by the Hearing Officer or the Court to be indigent or has been permitted to proceed in forma pauperis.

L-1910.12-1-1. Exceptions.

A. Where the parties to a support matter were not given a copy of the recommendation of the Hearing Officer at the conclusion of the hearing, and notice of the recommendation is given by mail to the parties and/or counsel of record, 3 days shall be added to the date appearing on the written recommendation of the Hearing Officer to the 10 day filing period for exceptions.

B. All exceptions must be in writing and shall be filed with the Domestic Relations Docket Clerk. Any party filing exceptions must provide an original and two (2) copies to the Docket Clerk.

C. The excepting party shall serve opposing counsel or the opposing party who is unrepresented with copies of the exceptions by the end of the next business day following the filing of the exceptions.

D. Any party filing exceptions shall order from the court reporter the transcript of testimony unless the parties stipulate to the contrary or unless the exceptions are not based on the testimony contained in the record. Any party ordering the transcript shall pay a deposit of \$50.00 with the court reporter before such transcript is typed. The deposit will be applied toward the total cost of the transcript. The Domestic Relations Judge will not be provided with a copy of such transcript unless the same has been ordered and paid for by a party or counsel.

E. Exceptions will be assigned to the Domestic Relations Judge who will notify the parties of the date and time for argument.

F. The party filing exceptions must file a brief no later than thirteen (13) days prior to the date set for argument and serve a copy on opposing counsel or the opposing unrepresented party. The opposing party must file a response brief no later than five (5) days prior to the date set for argument. The original and one (1) copy of the brief must be filed with the Domestic Relations Docketing Division.

G. Each exception shall set forth a separate objection precisely and without discussion. Issues not raised by a party in exceptions are deemed to be waived.

L-1910.17-1. Administrative Service Fee.

An administrative service fee of \$25.00 annually shall be charged to the defendant in a support action processed through the Washington County Domestic Relations Section. This fee shall be required on any case in which the defendant is under an order of support of at least \$50.00 per month, in either a single or multiple action. This fee shall be paid by the defendant only once yearly regardless of the number of cases involved. Only those defendants who have an active case as of April 15 of that year will be charged this fee. Payment shall be due within 45 days of the date of the mailing of the fee notice. This fee shall be in addition to the amount of support which the defendant is ordered to pay.

L-1910.17-2. Consent Support Orders.

A. All consent support orders shall be prepared on the Agreement and Order form provided by the Domestic Relations Section. Consent support orders prepared on forms other than the current form shall not be accepted for filing by the Domestic Relations Section.

B. The order must be clear and concise and must adhere to both procedural and substantive statutory and case law requirements.

C. If the case in question has not been initiated through the Domestic Relations Section, the Agreement

and Order form must be accompanied by a completed intake information form provided by the Domestic Relations Section.

D. In existing support cases in which support is being paid through the Domestic Relations Section and a Marriage Settlement Agreement is signed subsequent to the Domestic Relations Section order which modifies the support obligation, counsel for either party must file a motion with the Court to incorporate the Marriage Settlement Agreement into a Domestic Relations Order. The motion must stipulate that the parties agree to have all payments made through the Domestic Relations Section.

E. In existing support cases in which support is being paid through the Domestic Relations Section and a subsequent stipulation is entered into between the parties before the Divorce Master which modifies the support obligation, counsel for either party must file said stipulation with the Domestic Relations Section. Upon the filing of this stipulation with the Domestic Relations Section, an Order will be drafted by the Domestic Relations Section and forwarded to the Court for incorporation. The stipulation must provide that the parties agree to have all payments made through the Domestic Relations Section.

L-1910.19-1. Support Order Modification.

A filing fee as set forth in Rule L-1910.4 shall be charged for all petitions to modify an order of support. This fee shall be assessed against the party filing the petition to modify, except as provided in Rule L-1910.4. The petitioner shall file the original and three (3) copies of the petition with the Domestic Relations Section Docket Clerk. A petition for modification shall not be accepted without the filing fee and required copies.

L-1920.4. Service.

Service of all Complaints and petitions filed in the Domestic Relations Section shall be in accordance with the Pennsylvania Rules of Civil Procedure, *as amended*.

L-1910.22. Attachment of Income.

Wage attachments shall be issued by the Domestic Relations Section pursuant to the prevailing Pennsylvania law and procedure as specified in the Pennsylvania Rules of Civil Procedure, *as amended*.

Corrective Amendment to 52 Pa. Code § 57.35

The Pennsylvania Public Utility Commission has discovered a discrepancy between the agency text of 52 Pa. Code § 57.35 (relating to sales to qualifying facilities), as deposited with the Legislative Reference Bureau, and the official text published at 25 Pa.B. 6085, 6101 (December 30, 1995) and as currently appearing in the *Pennsylvania Code*. Subsection (f) should not have been printed.

Therefore, under 45 Pa.C.S. § 901: The Pennsylvania Public Utility Commission has deposited with the Legislative Reference Bureau a corrective amendment to 52 Pa. Code § 57.35. The corrective amendment to 52 Pa. Code § 57.35 is effective as of December 30, 1995, the date the defective official text was printed in the *Pennsylvania Bulletin*.

The correct version of 52 Pa. Code § 57.35 appears in Annex A.

PART I. PUBLIC UTILITY COMMISSION

Subpart C. FIXED SERVICE UTILITIES

CHAPTER 57. ELECTRIC SERVICE

Subchapter C. PURCHASE AND SALE OF ENERGY AND CAPACITY

§ 57.35. Sales to qualifying facilities.

(a) Each electric utility shall establish and maintain rates, rules and regulations within its tariff for the provisions of the following services to qualifying facilities:

- (1) Supplementary power.
- (2) Back-up power.
- (3) Maintenance power.

(b) A utility's rate for sales of supplementary power to qualifying facilities shall recover the same costs that the utility is permitted to recover from another utility customer of the same customer class and with the same usage characteristics.

(c) A utility's rate for sales of back-up power to qualifying facilities may not be based upon an assumption that forced outages or other reductions in electric output by qualifying facilities on an electric utility's system will occur simultaneously or during the system peak, or both, unless supported by factual data. The utility's rate for back-up power shall recover energy costs incurred by the utility plus an appropriate portion of fixed costs. Fixed costs shall be prorated over the actual days in a billing period during which back-up power is consumed by the qualifying facility.

(d) A utility's rate for sales of firm maintenance power to qualifying facilities shall include energy costs and a demand or capacity charge required to recover the appropriate transmission plant and full distribution plant costs. When the scheduled outages of a qualifying facility cannot be scheduled during other than utility peak periods, the demand or capacity charge shall be the full charge stated in the utility's filed tariff under which the qualifying facility receives this service.

(e) When appropriate, a utility shall provide supplementary back-up and maintenance power on both a firm and interruptible basis.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

Acceptance of Rulemaking Petitions for Study

At the January 16, 1996, meeting of the Environmental Quality Board (EQB), the EQB accepted three rulemaking petitions for further study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy).

The petitions request changes to stream designations. These petitions were submitted by the Lloyd Wilson Chapter of Trout Unlimited for Fishing Creek (Clinton County), the Buck Hill Conservation Foundation for Buck Hill Creek (Monroe County) and the Blairsville Municipal Authority for Trout Run (Westmoreland County).

The petitions for Fishing Creek and Buck Hill Creek request redesignations of the waters as "Exceptional Value" from their present classifications as "High Quality—Cold Water Fishes." The Trout Run petition requests a Special Protection designation for the stream which is currently classified as "Cold Water Fishes."

After the completion of the Department of Environmental Protection's (Department) regulatory negotiation process for special protection waters, the Department will initiate its evaluations of the watersheds and prepare recommendations to the EQB on these petitions. If the Department recommends redesignating these water bodies, and the EQB concurs, the recommendations will be processed as proposed rulemakings with opportunity for public comment.

Copies of these petitions are available from the EQB, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526, or e-mail at Freeman.Sharon@1.dep.state.pa.us.

STATE BOARD OF OSTEOPATHIC MEDICINE

[49 PA. CODE CH. 25]

Renewal Fees

The State Board of Osteopathic Medicine (Board) proposes to amend § 25.231 (relating to schedule of fees) by raising the biennial renewal fee for osteopathic physicians for the licensure period which commences November 1, 1996. As proposed, the biennial renewal fee would increase from \$75 to \$140.

Background

Since 1975, the Board's revenue and expenses have been reserved in a restricted revenue account in the General Fund for exclusive use of the Board in implementing its licensure and enforcement activities. See section 907(b) of the Health Care Services Malpractice Act (40 P. S. § 1301.907(b)). As a restricted revenue

account in the General Fund, the Board derives its revenue from licensees; the sole purpose of the fund is to provide for the operations of the Board.

Beginning in 1978, the Legislature established the current biennial fee of \$75. The fee was initially established under section 13 of the Osteopathic Medical Practice Act (act) (63 P. S. § 271.13).

Section 13 of the act was subsequently repealed by amendments to the act in 1985 and replaced by section 13.1 of the act (63 P. S. § 271.13a). Section 13.1 of the act requires that effective January 1, 1986, the Board fix fees by regulation to meet expenditures over a 2-year period so that projected revenues would meet or exceed projected expenditures.

The Board's first biennial reconciliation of revenues and expenditures under section 13.1 of the act occurred with the November 1, 1988, renewal cycle. At that time, the Board's restricted account contained a substantial surplus of funds. Therefore, the Board anticipated that the existing \$75 biennial fee would be sufficient to meet or exceed expenditures for the next 3 biennial periods. See 19 Pa.B. 236 (January 20, 1989). At that rulemaking, the Board anticipated the surplus in the account would be used to defray expenses which, at that time, exceeded revenues.

In accordance with the Board's estimation, the balance in the restricted account was reduced in FY 1992-93 to \$607,760.49 and \$420,305.65 in FY 1994-95. At the same time, revenues over the last 3 biennial fiscal year periods have remained relatively constant (FY 1989-91: \$488,135; FY 1991-93: \$538,385; FY 1993-95: \$541,956). Thus, the increase in revenues over the period represents an 11% rise. In contrast, expenditures over the same 3 fiscal year periods increased by 69% (FY 1989-91: \$485,134; FY 1991-93: \$587,113; FY 1993-95: \$729,411).

The Board anticipates that its expenditures in FY 1995-96 and FY 1996-97 will increase at the current rate resulting in a deficit in the Board's restricted revenue account at the end of FY 1997. The sole source of funds of the restricted revenue account is revenue from the Board's various fees, principally biennial renewal fees. Therefore, the Board must generate sufficient revenue from its fees commencing with the November 1, 1996, biennial period to cover anticipated expenses for FY 1996-97 and to prevent deficits in FY 1997-1998 and FY 1998-1999. Unless the proposed increase is implemented, the Board is projected to have a deficit of \$266,000 on June 30, 1998, \$240,000 on June 30, 1999, and \$647,000 on June 30, 2000. Owing to the fact that the Board's operations are paid from an account restricted to revenues from licensee fees, the Board would be required to cease operations without an increase in revenue into its account. The Board has not raised renewal fees going back at least to 1978.

Proposed Amendment

In proposing to establish the new fee, the Board has calculated that its expenditures will increase approximately 16% over actual expenditures of \$729,411 reported in FYs 1993-1995. The projected growth in spending approximates the reported increases of the two largest cost centers of the Board's operations—legal services and Board administration—which represent 58% of the FY 1993-95 expenditures. These assumptions result in estimated expenditures of \$849,000 in FYs 1995-1997 and \$901,000 in FY 1997-1999. These estimates reflect the

Board's experience that while all fees, charges and fines collected under the act of March 19, 1909 (P. L. 46, No. 29), in estimating revenues over the same periods, the Board anticipates that the licensing population of 5,588 osteopathic physicians and the revenue from specific fees and fines will remain relatively constant. These estimates mirror the Board's experience in prior biennial cycles. Therefore, the general operations of the Board are sustained by licensees through the licensure renewal fee.

The Board's proposed new fee of \$140 is intended to capture the difference between the Board's total biennial expenditures and its total biennial revenue from nonrenewal sources. The total revenue anticipated from nonrenewal sources in the FYs 1995-97 is \$123,830, leaving \$782,320 to be recovered from biennial renewals.

Although the renewal fee has remained the same for years, the Board has improved administrative services to licensees as well as experienced growth in enforcement activities. In the fiscal year ending 1988, 64 disciplinary cases were opened and 66 were closed. In the fiscal year ending June 30, 1995, 115 cases were opened and 97 were closed.

The Board anticipates that with the implementation of the proposed increase it will not be necessary to increase renewal fees again for at least two biennial renewal periods and that the Board will have closing balances of \$96,000 on June 30, 1998, \$484,000 on June 30, 1999, and \$77,000 on June 30, 2000. The current renewal fee is the third lowest in the Nation for an osteopathic Board. Even with the increase, 38 states will have higher renewal fees for osteopathic physicians than the Commonwealth.

Statutory Authority

Section 13.1(a) of the act, requires the Board to establish fees by regulation. The same provision requires the Board to increase fees to meet or exceed projected expenditures if the revenues raised by fees, fines and civil penalties are not sufficient to meet expenditures.

Fiscal Impact

The proposed amendment will increase the biennial renewal fee for osteopathic physicians in this Commonwealth, but should have no other fiscal impact on the private sector, the general public or political subdivisions.

Paperwork Requirements

The proposed amendment will require the Board to alter some of its forms to reflect the new biennial renewal fees; however, the proposed amendment should not create additional paperwork for the private sector.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of this proposed amendment on January 29, 1996, to the Inde-

pendent Regulatory Review Commission (IRRC) and the Chairpersons of the House Committee on Professional Licensure and the Senate Committee on Consumer Protection and Professional Licensure. In addition to submitting the proposal, the Board has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Board in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of the material is available to the public upon request.

If IRRC has any objections to any portion of the proposed amendment, it will notify the Board within 30 days from the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of objections prior to final publication of the regulation by the Board, the General Assembly and the Governor.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed amendment to Gina Bittner, Administrative Assistant, State Board of Osteopathic Medicine, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

Deletion of Statements of Policy

Purpose

The purpose of this statement of policy is to delete from the *Pennsylvania Code* two codified Department of Public Welfare statements of policy.

Discussion

Section 9.22 (relating to annual review of bulletins and Secretary's Directives) establishes the requirement for the annual publication of a list of existing Department Statements of Policy with continuing effect in the *Pennsylvania Bulletin*. The 1995 Annual Update was published at 26 Pa.B. 379 (January 27, 1996). As part of that review, two codified statements of policy with no continuing effect were identified.

This statement of policy is effective upon publication in the *Pennsylvania Bulletin*.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name,

address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received, and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, please contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Applications received for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335, telephone (814) 332-6942.

PA 0093301. Sewage, **South Butler School District**, Penn Township Elementary School, P. O. Box 657, Saxonburg, PA 16056.

This application is for a renewal of a Part I NPDES permit to discharge treated sewage to unnamed tributary to Thorn Creek in Penn Township, **Butler County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Zelienople Municipal Water Works intake on Connoquenessing Creek located at Zelienople, approximately 18 miles downstream from point of discharge.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (DEP) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management, and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on DEP's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Single Residence Sewage Treatment Plant General Permit

The following parties have applied for coverage under a General NPDES permit to discharge wastewater from a single residence sewage treatment plant into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue coverage under the general permit to discharge, subject to certain effluent limitations set forth in the general permit and special conditions. These proposed determinations are tentative.

The Notice of Intent (NOI) and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be consid-

ered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should

contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

This proposal involves an application for permit for an existing public water supply system serving Melanie Manor Mobile Home Park. The system consists of two wells with disinfection and existing distribution system.

Notice of Household Hazardous Waste Management Grants

Under section V of the Household Hazardous Waste Funding Act (Act 155 of 1994) (35 P. S. §§ 6025.1—6025.5), the Department of Environmental Protection requests the submission of applications for grant funding by any and all municipalities who sponsored programs for the collection and separate management of household hazardous wastes in 1995. To be considered eligible, the costs must have been incurred between the act's February 27, 1995 effective date and December 31, 1995.

For more information on this grants program and copies of the application form, prospective applicants should contact the Department's Household Hazardous Waste Program staff member in the appropriate DEP Regional Office. All applications must be submitted to the Department by April 1, 1996.

Applications submitted under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate solid waste processing or disposal area or site.

Regional Office: Environmental Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701.

A. 101647. Eagle Towing & Recovery, Inc. (Box 542, Milesburg, PA 16853-0542). Operation of a municipal waste processing facility to dewater grease trap waste prior to disposal. Facility located in Boggs Township, **Centre County**. Application received in Regional Office January 16, 1996.

Regional Office: Regional Solid Waste Manager, One Ararat Boulevard, Harrisburg, PA 17110.

A. 100008. Cresswell Landfill, Lancaster County Solid Waste Authority, (1299 Harrisburg Pike, P. O. Box 4425, Lancaster, PA 17604). Application for request for reduction of bond for a site in Manor Township, **Lancaster County**. Reduction of bond was granted December 18, 1995.

This is a correction of the January 13, 1996 bulletin. The Bulletin stated the incorrect township.

A. 602853. Reed Englert Farm, McConnellsburg Sewerage Authority, (P. O. Box 681, McConnellsburg, PA 17233). Application for operation of an agricultural utilization of sewage sludge site in Todd Township, **Fulton County**. Application determined to be administratively complete in the Regional Office January 18, 1996.

Acknowledgment of Notices of Intent to Remediate

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (the Act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment

noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the Act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southcentral Regional Office: Environmental Cleanup Program Manager, One Ararat Boulevard, Harrisburg, PA 17110, (717) 657-4592.

Taylor-Wharton Cylinders Site, City of Harrisburg, **Dauphin County**. Capital Region Economic Development Corporation, 214 Senate Avenue, Suite 605, Camp Hill, PA 17011, and HARSCO Corporation, P. O. Box 8888, Camp Hill, PA 17011, have submitted a Notice of Intent to Remediate site soils and groundwater contaminated with lead and heavy metals. The applicant proposes to remediate the site to meet the background standard. A summary of the Notice of Intent to Remediate was reported to have been published in the Harrisburg Patriot News on or about January 15, 1996.

McCleary Oil Company at the Luben Burkholder Farm, Hamilton Township, **Franklin County**. Luben Burkholder, 2241 Loudon Road, Chambersburg, PA 17201, has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with benzene, toluene, ethylbenzene and xylenes (BTEX). The applicant proposes to remediate the site to meet Statewide health standards. A summary of the Notice of Intent to Remediate was reported to have been published December 22, 1995 in the Public Opinion.

Way-Wil Inc., Straban Township, **Adams County**. Way-Wil, Inc., c/o Steve Williams, P. O. Box 4447, Gettysburg, PA 17325, has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with BTEX, petroleum hydrocarbons (PHCs) and poly aromatic hydrocarbons (PAHs). The applicant proposes to remediate the site to meet the Statewide health standards. A summary of the Notice of Intent to Remediate was reported to have been published in the Gettysburg Times during the week of January 8, 1996.

Orweco Frocks Site, Borough of Mechanicsburg, **Cumberland County**. Dennis Joslin, P. O. Box 1168, Dyersburg, TN 38025-1168 has submitted a Notice of

Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the background standard. A summary of the Notice of Intent to Remediate was reported to have been published in the Harrisburg Patriot News on January 25, 1996.

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-5950.

Gabe Staino Chrysler Plymouth (Leach Field), Birmingham Township, **Delaware County**. Thomas R. Buggey, 2325 Maryland Road, Willow Grove, PA 19090, has submitted a Notice of Intent to Remediate site soils contaminated with BTEX and petroleum hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standard.

Coca Cola Bottling Company of Philadelphia, Folcroft Borough, **Delaware County**. Dean Jeffery Telego, 110 N. Royal St., Ste. 301, Alexandria, VA 22314, has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with BTEX and solvents. The applicant proposes to remediate the site to meet the Statewide health standard.

Northwest Regional Office: John Fruehstorfer, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

J. K. Shiley & Sons, 14027 Ridge Road, Springfield Township, **Erie County**, has submitted a Notice of Intent to Remediate groundwater contaminated with BTEX. The applicant proposes to remediate the site to meet the Statewide health standard.

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (the Act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the Act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment

period, a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

Coastal Aluminum Rolling Mills, Inc.

Coastal Aluminum Rolling Mills operates an aluminum cold rolling facility. The main sources for which a RACT determination is being made are 2 aluminum cold rolling mills. The following is a summary of the preliminary volatile organic compound (VOC) RACT determination for these sources:

Source

- 2 aluminum cold rolling mills

Approval of Reasonably Available Control Technology (RACT) plans for:

- E. I. duPont de Nemours & Co., Inc., North Towanda Township, Bradford County.
- Coastal Aluminum Rolling Mills, Inc., City of Williamsport, Lycoming County

The Department of Environmental Protection has made a preliminary determination to approve Reasonably Available Control Technology (RACT) plans and amendments to the State Implementation Plan (SIP) for the above listed facilities.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approvals for the facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into operating permits for the facilities and will be submitted to the U. S. Environmental Protection Agency (EPA) as revisions to Pennsylvania's State Implementation Plan.

E. I. duPont de Nemours & Co., Inc.

E. I. duPont operates a specialty film coating facility. The main sources for which a RACT determination is being made are a number of coating solution preparation and solvent cleanup areas. The following is a summary of the preliminary volatile organic compound (VOC) RACT determinations for these sources:

VOC RACT Control

- pollution prevention program (implementation of process changes to decrease VOC emissions).
- pollution prevention program (replacement of existing solutions and solvents with materials having a lower VOC emission potential).
- pollution prevention program (replacement of existing solvents with materials having a lower VOC emission potential).
- carbon adsorption system.
- use of N-methylpyrrolidone and water for cleanup
- regenerative thermal oxidizer.
- regenerative thermal oxidizer.

VOC RACT

- use of Exxon 698 Normal Paraffin (or equivalent) as a coolant/lubricant with resultant volatile organic compound emissions of no more than 30.5 pounds per hour (each).

One public hearing will be held for the purpose of receiving comments on the proposed operating permits and SIP revisions. The hearing will be held on February 27, 1996, at 1 p.m. at the DEP Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (717) 327-3659 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Daniel Spadoni at (717) 327-3659 or the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to Joseph Cooper, Air Quality Environmental Program Manager, DEP, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments should be submitted by March 14, 1996.

All pertinent documents are available for review from 8 a.m. to 4 p.m. in the DEP Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling (717) 327-3693.

Approval of Reasonably Available Control Technology (RACT) Plans for: National Label Company (Whitemarsh Township, Montgomery County), BG Packaging Corporation (Upper Providence Township, Montgomery County) PPG Industries, Inc. (Folcroft Borough, Delaware County)

DEP has made a preliminary determination to approve RACT plans as amendments to the State Implementation Plan (SIP) for the above facilities. The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in RACT approvals for these facilities to comply with current regulations.

These preliminary determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the U. S. Environmental Protection Agency (EPA) as revisions to Pennsylvania's SIP.

The following is a summary of the preliminary RACT determinations for these facilities:

National Label Company (Operating Permit OP-46-0023)

<i>Source</i>	<i>VOC Emission Limit (tons/year)</i>	<i>Control Device</i>	<i>Implementation Schedule</i>
Rotograve Press	23.0 tons	Thermal Oxidizer	Implemented
(4) Lithographic Presses	38.1 tons	Material Substitution	May 31, 1996
Rotograve Press	23.0 tons	Thermal Oxidizer	May 31, 1996

This facility is not a major NOx facility.

BG Packaging Corporation (Operating Permit OP-46-0026).

<i>Source</i>	<i>VOC Emission Limit (tons/year)</i>	<i>Control Device</i>	<i>Implementation Schedule</i>
Wolverine No. 1	17.4	Good Control Practices	Implemented
Wolverine No. 2	13.4	Good Control Practices	Implemented
Kidder	46.2	Good Control Practices	Implemented
Faustel	2.3	Water-Based Inks	Implemented
Cleanup Operations	2.7	Good Housekeeping Practices	Implemented

The facility will limit its potential to emit to 80 tons VOC/year or less and it is exempt from 25 Pa. Code § 129.67. This facility is not a major NOx emitter.

PPG Industries, Inc. (Compliance Permit CP-23-0005):

<i>Source</i>	<i>VOC Emission Limit (tons/year)</i>	<i>Control Device</i>	<i>Implementation Schedule</i>
101,102,103,104,105	8.8	Catalytic Thermal Oxidizer	May 30, 1996
107,108,109	37.1	Good Control Practices	Implemented

This facility is not a major NOx emitter.

One public hearing will be held for the purpose of receiving comments on the proposed SIP revisions. The hearing will be held at 2 p.m. on March 14, 1996, at the Department of Environmental Protection Southeast Regional Office, Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA. The hearing will represent the opportunity for oral comment to DEP on the proposed SIP revisions and will not be a question and answer session. Persons wishing to present testimony at the hearing are encouraged to contact Clarke Rupert, DEP Community Relations Coordinator, at (610) 832-6020 to register prior to the hearing, but may also register at the hearing. Those unable to attend the hearing but who wish to comment should send their written comments to Francine

Carlini, Air Quality Program Manager, Department of Environmental Protection, Southeast Regional Office, Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428 on or before March 14, 1996.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate should contact Clarke Rupert at (610) 832-6020 or through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Copies of the pertinent documents are available for review at the DEP Southeast Regional Office. Appointments for scheduling a review may be made by calling (610) 832-6268.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor, application number, a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

The following Dam Safety and Encroachment permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1301—1303, 1306 and 1307, as well as relevant State requirements. Initial requests for 401 Certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

ACTIONS

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the appropriate Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Project Description: The approved plan provided for expansion of the POTW's hydraulic capacity from its present permitted average daily flow of 9.0 mgd to 17.0 mgd. The plant will be able to handle a peak daily flow of 26.5 mgd. To achieve these capabilities, the following major POTW modifications will be undertaken: one additional primary clarifier tank, three new aeration tanks, two new final settling tanks, a new dewatering belt filter, a new chlorine contact tank, new influent and effluent pumps, site work and dechlorination. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal.

The approved plan provided for construction of public sewer service collection systems to serve the Brushmead, Loop Area and Kline's Acres areas of the Township. Treatment will be at the Hollidaysburg wastewater treatment plant. An onlot sewage disposal management program will be implemented in the remainder of the Township. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority.

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2553.

Location: New Milford Borough and New Milford Township, **Susquehanna County**.

Project Description: The Department has completed its review of the Official Sewage Facilities Plan Update (Update) for New Milford Borough and portions of New Milford Township, revised July, 1995. The revised Update was sent to us by Milnes Engineering, Inc.'s (MEI's) September 13, 1995 transmittal letter. Previously, MEI had submitted an Update, revised November, 1993, for our review and comment. This Update was returned as it was incomplete and to give New Milford Township additional time to reach an agreement with both New Milford Borough and with New Milford Municipal Authority to provide sanitary sewer service within the Township. The Department has found that the Update is now acceptable and hereby grants planning approval.

The Planning Area included under the Update is:

- The entire Borough of New Milford, and
- The following portions of New Milford Township:

—Properties adjoining Route 11 North of New Milford Borough up to and including Township Road 698,

—Properties adjoining Route 1018 from Route 11 up to and including the Blue Ridge High School,

—Properties adjoining Route 11 southwest of New Milford Borough up to and including the Summit Inn,

—Properties adjoining Route 492 east of New Milford Borough from the Borough line to and including Lakeside Village, and

—Properties surrounding Page Lake on private roads of the Lakeside Outing Club, excepting those properties in Jackson Township.

The Update was written to address the continuing problems faced by both the Borough and the Township due to repeated malfunctions of the onlot sewage disposal systems. In addition, the Update proposes the elimination of the wastewater treatment plant that serves the Blue Ridge High School.

The current status of sewage disposal systems was evaluated and alternatives for improved sewerage facilities were proposed to meet the identified sewage disposal needs for the foreseeable future. The chosen alternative consists of the installation of a centralized sewerage collection system, and construction of a 250,000 gallons per day wastewater treatment facility (WWTF). These systems may subsequently be owned by the New Milford Municipal Authority. For New Milford Borough, the sewer system will be either low pressure or vacuum. For New Milford Township, the sewer system will be low pressure. Sewage from both Page Lake and Lakeside Village and the Blue Ridge High School will be conveyed through force mains to the Borough. The WWTF is sized to treat 851 EDUs initially and 916 EDUs ultimately. Initially, 489 EDUs from New Milford Borough and 362 EDUs from New Milford Township will be connected to the system. The proposed WWTF is a Sequential Batch Reactors System. The proposed plant discharge will enter Martins Creek.

The Department's review of the Update has not identified any significant environmental impacts resulting from the proposals.

In accordance with the provisions of the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.2(a)) (Act 537) and Chapter 71 of the Department's Regulations, 25 Pa. Code Chapter 71, the Department will hold both the Borough and the Township responsible for the complete and timely implementation of the chosen alternative, as stated in the EXECUTIVE SUMMARY (Page iii of the Update); in Section VII Alternative Selection (Page 63 of the Update); and in Section IX Plan Summary, where a Schedule of Implementation is presented (Pages 66 through 69 of the Update).

Location: Tobyhanna Township, **Monroe County**.

Project Description: The Department received the latest Sewage Facilities Plan Revision titled "Tobyhanna Township Act 537 Revision, October 1995" on December 4, 1995 and additional documents on January 9, 1996, as prepared by Michael J. Pasonick, Jr., Inc. The Department's review of the plan has not identified any significant environmental impacts resulting from the proposal and we hereby grant planning approval for the project.

The plan proposes the following:

1. Construction of a 0.300 mgd advanced wastewater sewage treatment plant to serve 560 EDUs initially and 1,000 EDUs ultimately from the Blakeslee Village, Greenwood Acres, and Camelot Forest areas of the Tobyhanna

Township. The plant will be constructed along State Route 115, and the treated effluent will be discharged into Tobyhanna Creek.

2. Installation of a sewage collection and conveyance system consisting of gravity sewer, low pressure sewer and grinder pumps, laterals, three pumping stations, and force main to collect and convey sewage from the stated service areas to the treatment plant site.

In accordance with the provisions of the Sewage Facilities Act (Act 537), 35 P.S. §§ 750.1—750.20(a) and Chapter 71 of the Department's Regulations, 25 Pa. Code Chapter 71, the Department will hold Tobyhanna Township responsible for implementing the project in accordance with the schedule contained in the plan.

Submission of Final Reports on Attainment of Background and Statewide Health Standards

The following final reports were submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act, act of May 19, 1995 (P. L. 4, No. 2).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following final reports.

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment Approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302), sections 5 and 402 of the act of June 22, 1937 (P. L. 1987, No. 394) (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

Proposed Voluntary Environmental Compliance Audit Policy; Notice of Availability

The Department of Environmental Protection (DEP) is requesting public comments on a proposed policy to encourage companies, local governments and individuals to find and fix environmental problems by conducting environmental compliance audits and self-assessments.

Under the proposed policy, a company, local government or individual conducting an environmental compliance audit and taking action to promptly correct violations uncovered by the audit would be entitled to a waiver from fines and penalties, if they disclose those violations to DEP.

The proposed policy would not apply to deliberate polluting or when significant environmental harm occurs or for repeat violators. It also does not apply to situations where spills or other violations are required by law to be reported immediately.

An environmental audit is a comprehensive, systematic, documented evaluation of whether a facility or company

meets environmental laws and regulations. It includes not only an evaluation, but regular reporting requirements and schedules for correcting problem areas uncovered by the audit.

The program will also encourage the use of environmental compliance systems like the ISO 14000 environmental standards or other standards approved by DEP for small businesses that will help assure continuous compliance.

Comments on the proposed Voluntary Environmental Compliance Audit Policy should be sent to Richard P. Mather, Director, Bureau of Regulatory Counsel, P. O. Box 8464, Harrisburg, PA 17105-8464 or by e-mail to: Mather.Richard@a1.dep.state.pa.us by March 11, 1996 (30 days after publication).

A copy of the proposed policy and a question and answer fact sheet are available on DEP's World Wide Web Site at: <http://www.dep.state.pa.us> (choose Public Participation Center/Proposals Open for Comment) or by e-mail request to: Mather.Richard@a1.dep.state.pa.us.

Copies are also available by writing: Voluntary Audit Policy, Department of Environmental Protection, P. O. Box 8464, Harrisburg, PA 17105-8464; or telephone (717) 787-7060; or fax (717) 783-8926.

Office of Medical Assistance Programs; Fee Increase for Pediatric Office Visits

The Department of Public Welfare announces that effective April 1, 1995, the fee for pediatric office visits for Medical Assistance eligible individuals under 21 years of age has been changed using a Resource-Based Relative Value Scale (RBRVS) rate.

The pediatric office visit procedure codes being changed, RBRVS rates and their effective dates are:

<i>Procedure Code</i>	<i>RBRVS Rate</i>	<i>Effective Date</i>
99211	\$16.50	12/1/95
99212	\$22.50	4/1/95
99213	\$25.00	4/1/95
99214	\$30.00	4/1/95
99215	\$45.00	4/1/95

The fiscal note was prepared under provision of section 612 of The Administrative Code of 1929 (71 P. S. § 232).

The Department's estimate of the cost for the fee changes for the pediatric office visits are based upon data in the Medical Assistance Management Information System. Based on the cost information received the Department estimates the cost of pediatric office visit fee schedule changes to be \$5,839,000 for Fiscal Year 1995-1996 (\$2,748,460) in State funds; (\$3,090,540) in Federal funds.

DEPARTMENT OF TRANSPORTATION

Bureau of Motor Vehicles; International Registration Plan

The Department of Transportation, Bureau of Motor Vehicles, under the authority contained in sections 6142 and 6145 of the Vehicle Code (75 Pa.C.S. §§ 6142 and 6145), is giving notice that the Commonwealth of Pennsylvania continues to be a member of the International Registration Plan which provides for the proportional registration of fleet vehicles in all member jurisdictions in which they are driven.

The International Registration Plan is a registration reciprocity agreement among states of the United States and provinces of Canada providing for payment of license fees on the basis of fleet miles operated in various jurisdictions.

The unique feature of this Plan is that apportioned registration fees are paid to the various jurisdictions in which fleet vehicles are operated; however, only one registration plate and one registration card is issued for each fleet vehicle when registered under the Plan. A fleet vehicle is known as an "apportionable vehicle" and such vehicle, as far as registration is concerned, may be operated both interjurisdictionally and intrajurisdictionally.

By definition, an apportionable vehicle is any vehicle used or intended for use in two or more member jurisdictions that allocate or proportionally register vehicles and is used for the transportation of persons for hire or is designed, used or maintained primarily for the transportation of property, and (1) is a power unit having a gross vehicle weight or registered gross vehicle weight in excess of 26,000 pounds, (2) is a power unit having three or more axles, regardless of weight or (3) is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight. An apportionable vehicle does not include recreational vehicles, vehicles displaying restricted plates, city pick up and delivery vehicles, buses used in transportation of chartered parties, and government owned vehicles.

Vehicles or combinations having a gross vehicle weight of 26,000 pounds or less and two-axle vehicles and buses used in transportation of chartered parties, may be proportionally registered at the option of the registrant.

Since June 1983, when Pennsylvania began apportioning vehicles under the International Registration Plan consistent with the notice published at 12 Pa.B. 4315 (December 18, 1982), additional states have been approved for entry into the Plan. The most recent approval is for the Canadian Province of British Columbia, which becomes an active member on January 1, 1996.

Under the International Registration Plan, which supersedes all previous registration agreements with the participating states, this Commonwealth therefore has proportional registration with the following jurisdictions:

Alabama	Iowa	Montana	South Carolina
Arizona	Kansas	Nebraska	South Dakota
Arkansas	Kentucky	Nevada	Tennessee
California	Louisiana	New Hampshire	Texas
Connecticut	Maine	New Mexico	Utah
Delaware	Maryland	New York	Vermont
Florida	Massachusetts	North Carolina	Virginia
Georgia	Michigan	North Dakota	Washington
Idaho	Minnesota	Ohio	West Virginia
Illinois	Mississippi	Oklahoma	Wisconsin
Indiana	Missouri	Oregon	Wyoming

The Province of Alberta, Canada and the Province of Saskatchewan, Canada are also members. On January 1, 1996, the Province of British Columbia, Canada will also become an effective member of the Plan on that date.

Because of the length and expense of publishing the full text of the International Registration Plan, a copy of the Plan has not been published with this notice. Interested persons, however, may obtain a copy of the International Registration Plan from Thomas Zamboni, Manager, Commercial Registration, Bureau of Motor Vehicles, P. O. Box 68285, Harrisburg, PA 17106, (717) 787-3864. The Department may impose a fee to cover its costs in forwarding the Plan. Questions, comments or suggestions regarding the Plan may also be submitted to Thomas Zamboni.

Retention of Engineering Firms

**Westmoreland County
Reference No. 08430AG1975**

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately 17 inspectors, under the Department's Inspector-in-Charge, for construction inspection and documentation services on the following 8 projects in Westmoreland County, Engineering District 12-0: S. R. 0030, Section 135, widening and resurfacing, S. R. 0031, Section 04M, bridge replacement, S. R. 0136, Section E00, bridge replacement, S. R. 0217, Section D10, bridge rehabilitation and drainage, S. R. 1043, Section A10, bridge replacement, S. R. 3003, Section A00, bridge removal, S. R. 4009, Section A00, bridge replacement, and S. R. 4025, Section A00, bridge replacement.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Number of NICET certified inspectors in each payroll classification.
- b. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the maintenance and protection of traffic, soils, structures, concrete, asphalt paving and drainage.
- c. Understanding of Department's requirements, policies and specifications.
- d. Past performance.
- e. Workload.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the

Bureau of Motor Vehicles; Uniform Reciprocity Agreement

The Department of Transportation, Bureau of Motor Vehicles, under the authority contained in sections 6142 and 6145 of the Vehicle Code (75 Pa.C.S. §§ 6142 and 6145), is giving notice that the Commonwealth of Pennsylvania continues to be a member of the Uniform Reciprocity Agreement (Agreement). This Agreement provides a uniform system for the registration of vehicles which operate between states, districts, territories or possessions of the United States, a province or territory of Canada or a foreign country.

The purpose of the Agreement is to grant full reciprocity—the operation of vehicles properly registered in a signatory jurisdiction and the exemption of participating vehicles from further registration for interstate and intrastate operation—to passenger cars and non-commercial vehicles and interstate reciprocity—the recognition of vehicles properly registered in a signatory jurisdiction and the exemption of participating vehicles from further registration for interstate operation—to commercial vehicles. Interstate reciprocity will also provide for the operation of vehicles displaying license plates issued to these vehicles by signatory jurisdictions.

Since 1987, Pennsylvania has been a member of the Uniform Reciprocity Agreement. Other members include: Indiana, Maryland, Michigan, Wisconsin.

Because of the length and expense of publishing the full text of the Agreement, a copy of the Agreement has not been published with this notice.

A copy of the Agreement may be obtained from Thomas Zamboni, Manager, Commercial Registration Section, Bu-

qualifications of the firm's proposed employes will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Inspector (TCI)(NICET Highway Construction Level 2 or equivalent)	16 (8)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement of direct payroll cost for each Department Payroll Classification for calendar year 1996 will be limited to the actual direct salary of the individual employe, or the following rates, whichever is less:

<i>Payroll Classification</i>	<i>Direct Payroll Rate</i>
Transportation Construction Inspector (TCI)	\$15.18
Technical Assistant (TA)	\$10.43

Maximum reimbursable direct payroll rates for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a preconstruction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

The goal for Disadvantaged Business Enterprise (DBE) participation in this agreement shall be 15% of the total

contract price. Additional information concerning DBE participation in this agreement is contained in the General Requirements and Information section after the advertised projects.

Technical questions concerning the requirements for this project should be directed to Anthony M. Dzurko, P.E., District 12-0, at (412) 439-7137.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in performing any of the above services are invited to submit letters of interest to: Director, Consultant Selection Committee, Room 1118, Transportation and Safety Building, Harrisburg, PA 17120.

A separate letter of interest and required forms must be submitted for each project for which the applicant wishes to be considered. The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. of the thirteenth day.

If the project advertisement indicates that the Department will retain an engineering firm, letters of interest will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal. Failure to meet the goal and to demonstrate good faith efforts may result in being barred from Department contracts in the future.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include in the heading, the firm's Federal Identification Number and the Project Reference Number indicated in the advertisement. The letter of interest must also include the following:

1. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project."

2. Standard Form 254, "Architect-Engineer and Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company. Please disregard the statements on Standard Form 255 that indicate a Standard Form 254 is only required if not already on file with the contracting office. The Department does not maintain a file for Standard Form 254 for contracting purposes; therefore, this Form is required for the prime consultant and each subconsultant as stated above.

3. Two copies of the Department's Form D-427 (Rev. 6-89), "Current Workload" for the firm submitting the letter of interest. At least one copy of Form D-427 must remain free and not bound in any way to any other portion of the letter of interest or accompanying documentation. Copies of Form D-427 are available upon request from the above address or by contacting the Department's Consultant Agreement Division at (717) 783-9309.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

The Standard Form 255 must be filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be presently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item 6. If a Women Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

The Standard Form 254 must be signed and dated and must be less than 1 year old as of the date of this advertisement. A Standard Form must accompany each letter of interest for the firm submitting the letter of interest, each party to a joint venture, and for each subconsultant shown under Item 6 of the Standard Form 255.

Unless other factors are identified under the individual project reference number, the following factors, listed in their order of importance, will be considered by the Committee during their evaluation of the firms submitting letters of interest:

- a. Specialized experience and technical competence of firm.
- b. Past record of performance with respect to cost control, work quality, and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.
- c. Current workload and capacity of firm to perform the work within the time limitations.
- d. Location of consultant.

- e. Special requirements of the project.
- f. Other factors, if any, specific to the project.

The Department currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on design and miscellaneous projects to 130% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on construction inspection projects to 85.2% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department's limitations will apply to the projects advertised above unless the Department policy is revised prior to the negotiation of an agreement or contract.

The assignment of the above services will be made to one of the firms responding to this notice, but the Committee reserves the right to reject all letters of interest submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for these services.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$10,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.
