READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 255—LOCAL COURT RULES

BEAVER COUNTY

Local Rules of Civil Procedure; No. 10130 of 2001

Order

And Now, this 24th day of January, 2001, The Beaver County Local Rules of Civil Procedure are amended as follows:

1. L. R. No. 211 C, L. R. No. 212.1(B)(2), L. R. No. 229 A and 229 B are amended to read as hereinafter set forth.

2. New Rules L. R. 213, L. R. 213A, L. R. 213B, L. R. 223, L. R. 1308, L. R. 4011, L. R. 4017 and L. R. 4020 are promulgated to read as hereinafter set forth.

3. This Order and the amended and new rules shall be effective thirty (30) days after publication in the *Pennsylvania Bulletin*. The Court Administrator of Beaver County shall submit seven (7) certified copies of this Order and the attachments to the Administrative Office of Pennsylvania Courts, two (2) certified copies to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, one (1) certified copy to the Civil Procedural Rules Committee of the Pennsylvania Supreme Court and one (1) with the Prothonotary of Beaver County to be kept for public inspection and copying.

By the Court

ROBERT C. REED,
President Judge

RULE L211C—Briefing Schedule.

(1) The moving party's brief shall be submitted to the Court Administrator and served in accordance with the following schedule:

(a) where the moving party files the praecipe for argument, not later than simultaneously therewith;

(b) where the responding party files the praecipe for argument or the court orders the matter on the argument list, at least twenty (20) days prior to the argument date;

If the moving party fails to timely submit a brief, the court may deny the relief sought or impose other sanctions.

(2) The responding party's brief shall be submitted to the Court Administrator and served at least ten (10) days prior to the argument date provided that the moving party's brief has been timely served. If the brief is not timely submitted, the court may prohibit the responding party from presenting oral argument or may impose other sanctions.

RULE L212.1. Civil Actions. Certification For Trial. Time for Initiating Motions for Pre-Trial Judgment or Discovery.

A. All civil actions which are to be tried by a jury may be tried, at the earliest, during the term of trials next following the filing of a Certificate of Readiness for Trial.

Note: This provision is intended to constitute the Notice Required by Pa. R.C.P. No. 212.1(a).

B. (1) A civil action shall be certified for trial by filing with the Prothonotary of Beaver County a Certificate of Readiness for Trial. A copy of the Certificate of Readiness

for Trial shall likewise be transmitted by the moving party to the Court Administrator of Beaver County.

(2) No case may be certified for trial without having first given at least sixty (60) days written notice of intention to do so to all other parties or their counsel of record.

The notice of intent to certify for trial shall be given to counsel for all parties in all companion cases. Thereafter, the filing of a certificate of readiness for trial shall operate as the certification for trial of all companion cases unless exceptions thereto are filed pursuant to subdivision five (5) hereof.

(3) After a case has been certified for trial, no motion for judgment on the pleadings or for summary judgment may be filed without having first secured leave of court to do so for cause shown.

(4) After a case has been certified for trial, no discovery, including an independent medical examination, may be initiated without having first secured leave of court to do so for cause shown.

(5) Any other party may file exceptions to the certificate of readiness within ten (10) days of the filing thereof. The exceptions shall be presented to the judge assigned to receive civil motions after notice pursuant to Rule L206B has been given.

Note: The purpose of subdivision (2) is to provide parties with an opportunity to initiate appropriate pre-trial procedures prior to the certification of the case for trial. Failure to do so prior to certification for trial may result in the waiver of the right to do so under subdivisions (3) and (4).

L.R. 229A. Sanctions for Failure to Deliver Settlement Funds.

(A) As used in this rule, the following words shall have the following meaning:

"Released Party." A party released from a claim or claims of liability by a release executed pursuant to an agreement of settlement.

"Releasing Party." A party who, by execution of a release pursuant to an agreement of settlement, has agreed to forego a claim or claims of liability against a Released Party.

"Settlement Funds." Payment, by a Released Party in any form of monetary exchange, to a Releasing Party pursuant to an agreement of settlement.

(B) The provisions of this rule shall not apply to the annuity or future installment portion of a structured settlement agreement.

(C) The Releasing Party and Released Party may agree in writing to modify or waive any of the provisions of this rule.

(D) A Released Party shall have twenty (20) calendar days from receipt of an executed release or, if appropriate, an order of court approving settlement, within which to deliver the settlement funds to the Releasing Party or its counsel.

(E) If settlement funds are not delivered to the Releasing Party or its counsel within aforesaid twenty-day period, the Releasing Party may:

(1) invalidate the settlement; or

(2) present to the Court a Petition for Sanctions which shall include: (a) an affidavit attesting to nonpayment; (b) a copy of any document evidencing the terms of the settlement agreement; (c) a copy of the executed release; (d) a copy of a receipt reflecting delivery of the executed release more than twenty (20) days prior to the date of filing of the Petition; and (e) the form of Order specified in paragraph (G) below. The attorney shall certify to the Court the applicable interest rate specified in paragraph (F) below and shall certify that the Petition and its accompanying documents have been served on all interested counsel.

(F) Upon receipt of the Rule to Show Cause, the Petition and its supporting documentation required by paragraph (E)(2) above, the Released Party shall have twenty (20) days to file an Answer to the Rule and thereafter shall conduct discovery and appear for a hearing, if the Court deems it necessary. If the Court finds that the Released Party has violated this local rule and that there is no material dispute as to the terms of the settlement or the terms of the release, the Court shall impose sanctions in the form of simple interest at a rate equal to the coupon yield equivalent (as determined by the Secretary of the U.S. Department of Treasury) of the average accepted auction price for 52-week U.S. Treasury Bills at the auction last preceding the date on which the Petition was filed, running from the twenty-first day to the date of delivery of the settlement funds; reasonable attorneys' fees incurred in the preparation and presentation of the Petition and any subsequent action related thereto; and such other sanction as the Court deems necessary, including liquidated damages not in excess of 10% of the settlement funds.

(G) The Petition shall be accompanied by two Orders in substantially the following form:

L.R.229B. Sanctions For Failure to Pay an Award From an Arbitration or Dispute Resolution From Which No Appeal Has Been Taken.

(A) As used in this rule, the following words shall have the following meaning:

"Award." The finding of a Board of Arbitration, an arbitrator(s), or a dispute resolution proceeding which compels payment, in any form of monetary exchange, to a prevailing party from a non-prevailing party.

(B) The provisions of this rule shall not apply to the annuity or future installment portion of a structured settlement award.

(C) The Prevailing Party and Non-prevailing Party may agree in writing to modify or waive any of the provisions of this rule.

(D) A Non-prevailing Party shall have thirty-five (35) calendar days from receipt of an award within which to deliver the award to the prevailing Party or its counsel.

(E) If awarded funds are not delivered to the Prevailing Party or its counsel within aforesaid thirty-five day period, the Prevailing Party may present to the Court a Petition for Sanctions which shall include: (a) an affidavit attesting to nonpayment; (b) a copy of any document evidencing the procedural history of the matter; (c) a copy of the award; (d) a copy of a receipt reflecting delivery of the award more than thirty-five (35) days prior to the date of filing of the Petition; and (e) the form of Order specified in paragraph (G) below. The attorney shall certify to the Court the applicable interest rate specified in paragraph (F) below and shall certify that the Petition and its accompanying documents have been served on all interested counsel.

(F) Upon receipt of the Rule to Show Cause, the Petition and its supporting documentation required by paragraph (E) above, the Non-prevailing Party shall have twenty (20) days to file an Answer to the Rule and thereafter shall conduct discovery and appear for a hearing, if the Court deems necessary. If the Court finds that the Non-prevailing Party has violated this local rule and that there is no material dispute as to the terms of the award, the Court shall impose sanctions in the form of simple interest at a rate equal to the coupon yield equivalent (as determined by the Secretary of the U.S. Department of Treasury) of the average accepted auction price for 52-week U.S. Treasury Bills at the auction last preceding the date on which the Petition was filed, running from the thirty-fifth day to the date of delivery of the award; reasonable attorneys' fees incurred in the preparation and presentation of the Petition and any subsequent action related thereto; and such other sanction as the Court deems necessary, including liquidated damages not in excess of 10% of the award.

(G) The Petition shall be accompanied by two Orders in substantially the following form:

ORDER

AND NOW, this ____ day of _____, 20 ____, a Rule is issued upon _____ to show cause why sanctions should not be imposed for failure to deliver awarded funds to _____ or _____ within thirty-five (35) days after receipt of an award. Note: Rules L.213, L.213A and L.213B are intended to clarify for the parties, Court, Prothonotary and Appellate Courts, the intended effect of a joinder and whether the cases are to have a separate or consolidated identity as discussed by the Pennsylvania Superior Court in *Keefe v. Keefe*, 741 A.2d 808 (Pa. Super. 1999).

L.R. 223. Custody and Storage of Trial Exhibits.

A. All non-documentary exhibits and documentary exhibits larger than 8.5 x 11 inches shall remain in the custody of the moving party and shall be removed from the courthouse at the conclusion of the trial. Such exhibits shall be produced upon order of the trial judge to do so.

B. Any party desiring to utilize a magnified copy of a document or photograph or image at trial shall first submit the original or a copy thereof to be marked as an exhibit for receipt into evidence.

Note: The purpose of this rule is to eliminate problems encountered by the court stenographers relating to custody and storage of large exhibits. The rule is not intended to limit the exhibits which are either shown to the jury or sent out with the jury during deliberation.

L.R. 1308. Discovery.

Discovery in cases subject to these rules shall be governed by L.R. 4011.

L.R. 4011. Limitation of Scope of Discovery and Deposition.

In order to avoid unreasonable annoyance or expense, all requests for discovery or depositions in cases governed by Rule L1301A et seq. (relating to compulsory arbitration) shall be limited in scope to the standard interrogatories, attached hereto as Form A and Form B, unless leave of court to seek additional discovery is first secured for cause shown.

L.R. 4017.1. Use of Videotape Depositions at Trial.

The trial judge may refuse permission to use a videotape deposition at trial if either the audio or video portions of the tape are of poor quality. Prior to offering a videotape deposition of a witness at trial, counsel for the proponent of the deposition shall file a certification that he or she has reviewed the videotape and that both the

audio and the video portions thereof are of good quality. Failure to comply with this rule may result in the refusal of permission to use the videotape at the time of trial.

Material to which objection has been sustained shall be excluded at trial by "fast forward" by the video machine operator so as to eliminate both the image and the sound of the objectionable material. A copy of the stenographic transcript of the deposition shall be delivered to the court stenographer with redacted portions, if any, clearly marked, before the close of the parties' case in which the deposition was utilized.

Note: The videotape should be marked as an exhibit and physical custody thereof remain with counsel for the proponent subject to surrender to the court upon order to do so pursuant to L.R. 223.

L.R. 4020. Use of Depositions at Trial.

Objections made during the taking of depositions or intended to be made at trial pursuant to Pa. R.C. P. No.

4020(c) shall be submitted to the court for ruling thereon prior to the first day of the trial term.

The proponent of the deposition shall petition the court to assign the case to a judge of the court for trial for the purpose of review and ruling on all objections.

Note: This rule is designed to make more efficient use of juror time by avoiding the need to preview depositions while venire persons are present and waiting to be selected. However, the rule is not intended to prevent the judge to whom the case is assigned for trial to elect to preview depositions immediately prior to jury selection or to elect to rule on objections as the testimony is being presented to the jury.

PROPOSED RULEMAKING

COMMISSION ON CRIME AND DELINQUENCY

[37 PA. CODE CH. 421]

Deputy Sheriff's Education and Training Board

The Commission on Crime and Delinquency (Commission) and its Deputy Sheriffs' Education and Training Board (Board) are publishing this proposed rulemaking that would amend Chapter 421 (relating to Deputy Sheriffs' Education and Training Board). The proposal is made under the authority of sections 5—7 of the Deputy Sheriffs' Education and Training Act (act) (71 P. S. §§ 2105—2107). The most significant aspect of the proposal is an expansion of the curriculum of basic training that a deputy sheriff is required to undergo within 1 year of the deputy's hiring. The proposed regulation is set forth in Annex A.

A. Effective Date

The proposed regulation will be effective upon publication of the final-form regulation in the *Pennsylvania Bulletin*.

B. Statutory Authority

The regulations are proposed under the authority of sections 5 and 6 of the act.

C. Background and Purpose

Legislation enacted in 1984 established the Board as an advisory board to the Commission. See section 3(a) of the act (71 P. S. § 2103(a)). Among other things, the act directed that a deputy sheriff may not receive compensation for the performance of duties as a deputy sheriff unless the officer is certified by the Board as having completed an initial basic training course of up to 160 hours and biennial continuing education of up to 20 hours. See section 7 of the act. During its 16-year history, the Board has trained and certified approximately 3,000 deputy sheriffs.

Deputy sheriffs perform a variety of duties, the extent of which varies among the 67 counties. These duties include serving complaints, summons, subpoenas, Protection from Abuse (PFA) orders and other legal documents in civil matters, levying on goods and performing other duties related to execution proceedings, providing courtroom security and transporting prisoners, executing arrest warrants and performing other duties in criminal matters, conduct of background checks and issuance of licenses and permits in connection with State and Federal firearms acts, patrol, participating in multi-agency DUI and drug task forces, and community service efforts such as crime prevention initiatives, Drug Abuse Resistance Education (DARE) for youth and Pennsylvania Weed and Seed.

In 1994, the Pennsylvania Supreme Court issued the decision of *Commonwealth v. Leet*, 641 A2d 299 (Pa. 1994), which involved a deputy sheriff who had arrested a motorist after witnessing a moving violation. The motorist challenged the legality of the arrest on the grounds that the deputy sheriff was not a "police officer" as defined by the Vehicle Code. The county court and the Superior Court on appeal agreed that the arrest was illegal. The Supreme Court disagreed, declaring that

English common law traceable to the 11th Century bestows on modern Pennsylvania sheriffs and their deputies the power "to make arrests without warrant for felonies and for breaches of the peace committed in [their] presence." 641 A2d at 303. The Court stressed that no statute has ever taken away this common law power. *Id.*

The Court, however, attached a significant condition to the exercise by a deputy sheriff of this power of arrest. It acknowledged the argument "that to protect public safety, anyone who enforces the motor vehicle laws should be required to undergo training appropriate to the duties." *Id.* Noting that "[p]olicemen are required to undergo training appropriate to the duties," *id.* (citing the Municipal Police Officers' Education and Training Act, known as "Act 120"), the Court then stated:

We deem this requirement to apply equally to sheriffs who enforce motor vehicle laws. Thus a sheriff or deputy sheriff would be required to complete *the same type of training* that is required of police officers throughout the Commonwealth.

Id. (emphasis added).

In 1998, the General Assembly passed legislation that would enable the Board to expand its training program. Act 10 of 1998 provided the Board with substantially increased revenue by raising the surcharge rate that is assessed by the judicial system when a sheriff's office serves legal papers.

Act 10 of 1998 also amended the language relating to hours of basic training. Previously, the language directed the Board to conduct a basic training course of "up to 160 hours." Based on the 1998 amendment changing this language to "no less than 160 hours," the Board undertook extensive curriculum planning and solicited voluminous input from the regulated community as to the appropriate number of hours and substantive content of the Board's basic training course. As of 1998-1999, the curriculum for the course consisted of 160 hours' instruction in the topics set forth in § 421.11 (relating to operating procedures) of the Board regulations. These topics trained new deputies for their traditional roles of serving civil process, providing security in court facilities and transporting prisoners. In recent years, the Board sought to expand the number of hours allocated to these traditional topics, so as to better prepare new deputies for their traditional rules. Moreover, based largely on the input received from sheriffs and deputy sheriffs in 1999, the Board adopted a goal of augmenting the traditional curriculum with certain law enforcement topics, such as motor vehicle code enforcement, patrol procedures and investigative techniques.

The Board's introduction of law enforcement topics into its basic training curriculum would provide deputies who successfully complete the course with training similar to the training provided in those topics to municipal police officers under Act 120. In the view of the Board, and of many in the Board's regulated community, deputies who are trained in a basic training curriculum that is in parity with that of the Municipal Police Officers Education and Training Commission (MPOETC) will possess the capability of, among other things, making lawful arrests during vehicle stops. The Board's legal rationale derives from two decisions of the Pennsylvania Supreme Court: *Commonwealth v. Leet*, 641 A2d 299 (Pa. 1994), and *Commonwealth v. Kline*, 741 A2d 1281 (Pa. 1999). In *Kline*, the Court upheld the legality of an arrest made by

a deputy sheriff on a vehicle code charge. The Court held that, because the deputy had received training similar to that given by MPOETC, he was legally empowered to make an arrest.

In designing the expanded curriculum, the Board recognizes that training covering all topics considered important for law enforcement, in addition to those topics traditionally taught to new deputies, is needed to adequately prepare deputies for all of their potential roles. The initial development report of the Board's training development contractor, Temple University Department of Criminal Justice, identified a list of topics with a potential total length that approximated 760 hours. The Board in ensuing discussions chose to develop curriculum expansion in an incremental manner. An incremental approach would allow for a focused use of curriculum development resources, would provide the training resources needed to continue certification of deputies as the curriculum is developed, and would ultimately meet the judicial requirements for training parity in law enforcement functions.

The first step was to create a core curriculum of approximately 560 hours of entry-level topics. A 560-hour pilot course was conducted from July through October 2000 at Pennsylvania State University's Institute for Continuing Justice Education and Research, in State College. A second 560-hour course is currently underway.

Following pilot testing and production of final curriculum documentation of the 560-hour course, the development effort will focus on the remaining estimated 200 hours of law enforcement-related topics. Development of the additional 200 hours is projected to begin in early 2001, with implementation of the expanded curriculum upon final approval of a regulation in accordance with this rulemaking.

D. Description of Proposed Regulation.

§ 421.1. Definitions

New definitions are added for the terms "basic training," "Commission," "continuing education" and "waiver." The definition of "school" is amended.

§ 421.3. Training required.

The change in subsection (a) would eliminate citation to a specific portion of the act, replacing it with a generic reference that would remain valid even if the act were to be restructured. Language is proposed to clarify that the regulation itself, in addition to the act, dictates the substance of basic training, and that the Board will establish the number of hours of basic training within the requirements of the act.

Language is deleted in subsection (b) pertaining to special provisions needed when the Board was created in 1984 and that are now anachronistic. Language is proposed for continuing education requirements parallel to the basic training requirements in subparagraph (a).

A provision is added that sets forth that a deputy sheriff must pass each written test and demonstrate proficiency in all practical skills in order to successfully complete basic training or continuing education.

§ 421.4. Waiver of training.

This provision currently consists of one sentence stating that a training waiver request shall be made on a form supplied by the Board. This sentence is proposed for deletion, because it sets forth a simple procedural requirement that does not need to be set forth in a regulation. Language is proposed that would describe the

two kinds of waivers of training granted by the Board: (a) the grant of additional time to complete a training requirement, given for cause; and (b) a reduction in the number of hours required generally, given in recognition of prior education, training or experience.

§ 421.5. Code of conduct.

This new provision would authorize the Board or school to establish and enforce attendance and conduct rules.

§ 421.11. Basic training.

The proposed amendment would replace nine listed basic training topics with 24 topics. The nine original topics are either incorporated verbatim into the new list ("Firearms" and "Related Social Sciences"), are renamed or are subsumed into new topics. Included in the new topics are law enforcement-related topics such as criminal investigation, motor vehicle code and enforcement and patrol procedures and operations. The amended paragraph will allow the Board to make future adjustments to the curriculum topics without having to amend the regulation.

§ 421.12. Continuing education.

This new provision on continuing education curriculum is designed to complement the provision in § 421.11 for basic training. However, it is much simpler than the basic training's listing of 24 topics, to accommodate the Board's frequent changing of continuing education topics to keep the training varied and innovative.

§ 421.31. Reimbursement to counties.

The proposed language would amend subsections (a) and (b) to clarify the reimbursement procedures currently practiced by the Commission. Specifically, counties may apply to the Commission for reimbursement of various items that the counties have paid to their deputies who attend training. Counties need not apply to the Commission for the tuition costs or room and board for those deputies who stay overnight during basic training sessions, as the Board provides these items directly to the deputies free of charge.

Minor language changes are proposed to subsections (c) and (d).

Subsections (e) and (g) are proposed for deletion because they address routine administrative matters that need not be part of an agency's regulations.

In subsection (f), language is proposed for deletion that covers routine administrative matters.

§ 421.32. Restrictions on reimbursement.

In subsection (c), reference to reimbursement "for up to 20 hours of training" for continuing education would be deleted to reflect the 1998 statutory change authorizing the Board to set the hourly requirement for continuing education at "not less than 20 hours."

E. Affected Persons.

Those directly affected by the proposed rulemaking are the newly-hired deputy sheriffs who are required to undergo mandated training. As of November 1, 2000, approximately 3,000 deputies had been trained and certified by the Board. During the years 1995—2000, deputies seeking certification ranged from 150 to 210 each year. Also affected are the sheriffs' offices and county governments in each of the 67 counties, which send new deputies to Board training and which, under the act, shall be responsible for half of the salary of the applicable participants.

Those indirectly affected are participants in the Commonwealth's judicial system, including judges or other employees, those charged with criminal offenses, litigants in civil matters or witnesses in any judicial matter.

F. Compliance with Executive Order 1996-1.

In designing the upgraded basic training program, the Commission staff on behalf of the Board conducted extensive public outreach to those likely to be affected. Approximately 1,700 job/task analysis surveys were distributed to sheriffs and deputy sheriffs, resulting in 680 responses from 57 of the State's 67 sheriffs' offices. The total of 680 responses were broken down as follows: 29 sheriffs (43.2% of all sheriffs), 41 chief deputies (61.2% of all chief deputies), and 610 deputy sheriffs (42.6% of all deputies). Subsequent to the initial analysis of survey responses, the Board and Temple University, the Board's training consultant, convened a series of focus group meetings to elicit input. All 67 sheriffs were invited to attend the meetings and send their chief deputies. In addition, each office was invited to send two deputy sheriffs to the meeting. A total of six groups met in August 1999, two each in Allentown, Harrisburg and Pittsburgh. A total of 25 departments participated in the focus groups, including 16 sheriffs, 18 chief deputies and 30 deputy sheriffs. Members of the Board and Commission staff attended all of the sessions. In addition, the Commission distributed deputy sheriffs training bulletins to sheriffs' offices, county governments and other interested parties. Quarterly Board meetings during the time the upgrade was being considered were synchronized with the meetings of the Pennsylvania Sheriffs' Association and the Deputy Sheriffs' Association of Pennsylvania, to maximize participation at the Board meetings.

Subsequent to the initial development of the programs, the Board has communicated extensively with its regulated community. Training bulletins are disseminated periodically to update sheriffs, deputy sheriffs, county and municipal officials, on any operational or curriculum changes. The Board conducts quarterly meetings, and it has been its custom to hold at least two of its four meetings a year in a location removed from Harrisburg. For example, the September 1999 meeting was held in Pittsburgh and the meetings of July 2000 and October 2000 were held in State College.

It should be noted that the composition of the 10-person Board as mandated by the act promotes effective development of public input and advocacy. Specifically, three members of the Board are required to be a current or former deputy sheriff, two are sheriffs, two are common pleas judges, one is an educator and one a county commissioner. Each of these members is appointed by the Governor. The tenth member is the Attorney General or designee. The Board currently includes the Executive Director of the Deputy Sheriffs' Association of Pennsylvania and the President of the Pennsylvania Sheriffs' Association.

G. Fiscal Impact and Paperwork Requirements

The proposed amendments will have no added paperwork requirements and minimal fiscal impact on the Commonwealth. Section 8 of the act (71 P.S. § 2108), provides that the various training programs shall be funded by a special restricted account within the General Fund known as the Deputy Sheriffs' Training Account. The fund accumulates through surcharges assessed on all sheriffs' fees for service of legal papers. Using proceeds from the account, the Board is able to provide training that is free of charge to deputy sheriffs. Despite added

costs to the Training Account from an expanded curriculum, the Board anticipates that revenues will continue to exceed expenses into the near future due to increased surcharge rates ordered by the General Assembly in 1998. The Board anticipates added fiscal impact for the 67 counties that will send their deputy sheriffs to expanded basic training. Because the curriculum as proposed will require deputies to attend school longer, counties may experience increased overtime expenses to cover for the officers who are away at school. The act requires counties to pay the full salary of a deputy sheriff while attending school, the Commission reimbursing the county for 50% of the salary costs.

H. Sunset Date

The Board will review the effectiveness of its regulations on an ongoing basis. Therefore, no sunset date has been assigned.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on January 25, 2001, the Commission submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Judiciary Committee and the Senate Judiciary Committee. In addition to submitting this proposed rulemaking, the Commission has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Commission within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by that portion.

The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations, by IRRC, the General Assembly and the Governor of objections raised.

J. Public Comment and Questions

Interested persons are invited to submit written questions or comments regarding the proposed rulemaking to Gerard M. Mackarevich, Chief Counsel, Commission on Crime and Delinquency, P. O. Box 1167, Harrisburg, PA 17108-1167, within 30 days of publication of this proposed rulemaking. Questions and comments may also be sent via electronic mail to gmackarevi@state.pa.us, or by facsimile to Gerard Mackarevich's attention at PCCD's Civil and Criminal Training Division (717) 783-7139.

TITLE 37. LAW

PART VI. COMMISSION ON CRIME AND DELINQUENCY

CHAPTER 421. DEPUTY SHERIFFS' EDUCATION AND TRAINING BOARD

GENERAL PROVISIONS

§ 421.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise.

* * * * *

Basic training—A course of training administered by the Deputy Sheriffs' Education and Training Board that the act requires for newly-hired deputy sheriffs.

* * * * *

Continuing education—A course of training administered by the Board that the act requires previously-certified deputy sheriffs to complete periodically to maintain certification.

* * * * *

School—A [school operated] facility approved by the Board to [teach basic or inservice deputy sheriff training courses] conduct training on the Board's behalf pursuant to a contract between the facility and the Commission.

Waiver—The Board's grant of approval for a deputy sheriff for reduced training hours in recognition of the deputy sheriff's prior education, training or experience or for additional time to complete a training requirement.

§ 421.3. Training required.

(a) A newly-hired deputy sheriff is required to undergo basic training as [set forth in sections 5—7 of the act (71 P. S. §§ 2105—2107)] required by the act and by this chapter in the amount of hours established by the Board.

(b) [A deputy with less than 5 years of experience shall complete 160 hours of basic training, as established by the Board, by August 9, 1986. A deputy hired after July 1, 1985 shall complete the 160 hours of basic training within 1 year of the date-of-hire.] A deputy sheriff holding Board certification is required to undergo continuing education as required by the act and by this chapter in the amount of hours established by the Board.

(c) To successfully complete basic training or continuing education, a deputy sheriff shall attain at least a minimum score established by the Board on each written test and shall demonstrate proficiency in all practical skills.

§ 421.4. Waiver of training.

[When a deputy sheriff requests a waiver of training under section 7(b) of the act (71 P. S. § 2107(b)), the request shall be made on a form supplied by the Board.]

(a) The Board upon request and for cause shown may grant additional time for a newly-hired deputy sheriff to fulfill the basic training requirements of the act.

(b) The Board upon request may grant a deputy sheriff a reduction in the hours of training generally required. The waiver determination will be based upon the Board's evaluation of the prior education, training or experience of the deputy sheriff pursuant to criteria set forth by the Board.

§ 421.5. Code of conduct.

(a) The Board or school may establish reasonable rules governing attendance and conduct expected of a deputy sheriff who is attending training required under the act.

(b) Violations of attendance policy or departures from the expected standards of conduct may result in the Board's imposition of disciplinary sanctions, which may include expulsion from the training or denying or withdrawing certification.

CURRICULUM

§ 421.11. Basic training [course].

[The Deputy Sheriffs' Basic Training Course shall be presented as established by the Board and shall consist of] The Board will determine the curriculum for basic training, which will include at least the following topics:

- (1) [Introduction to the powers and duties of sheriffs and deputy sheriffs.
- (2) Firearms.
- (3) Prisoner control.
- (4) Emergencies and civil disorders.
- (5) Courtroom security.
- (6) Emergency medical care.
- (7) Civil process and law.
- (8) Criminal law.
- (9) Related social sciences.]
- Civil law and procedure.
- (2) Communications.
- (3) Control and defensive tactics.
- (4) Courtroom security.
- (5) Crimes Code and criminal procedure.
- (6) Criminal investigation.
- (7) Criminal justice system and law enforcement.
- (8) Crisis intervention.
- (9) Cultural diversity and ethnic intimidation.
- (10) Emergency management.
- (11) Emergency vehicle operation.
- (12) Ethics and professional development.
- (13) Families in crisis and domestic violence.
- (14) Firearms.
- (15) First aid and cardio-pulmonary resuscitation.
- (16) Motor vehicle code and enforcement.
- (17) Patrol procedures and operations.
- (18) Physical conditioning.

- (19) Physical and judicial security.
- (20) Prisoner transportation.
- (21) Related social sciences.
- (22) Related legal issues.
- (23) Special needs groups.
- (24) Unified court system.

§ 421.12. Continuing education.

Continuing education will consist of topics to be determined periodically by the Board.

REIMBURSEMENT OF EXPENSES

§ 421.31. Reimbursement to counties.

(a) [A] Except for those items that the Board provides directly to a deputy sheriff, a county shall initially pay the deputy sheriff's ordinary and necessary living and travel expenses [of a deputy sheriff while the deputy is attending a school operated by the Board] in connection with training.

(b) [The] Upon application by a county, the Commission will provide reimbursement as set forth in section 9 of the act (71 P. S. § 2109) for items paid by the county.

(c) Reimbursement will be given only for attendance at a school as defined in [§ 421.1 (relating to definitions)] this chapter.

(d) The county may apply to the Commission for reimbursement, on a form to be supplied by the Commission, at the conclusion of the required [basic] training [or continuing education course,] for each deputy sheriff who has attended the course.

(e) [Requests shall be submitted by the county to the Commission within 30 days after the training is completed. A separate form shall be submitted for each deputy sheriff who attends the training course under the act.

(f)] Reimbursement will be limited to the following:

* * * * *

[(g) If the Commission determines that the applicant and request for reimbursement meet the requirements of the act and this part, the Executive Director will issue written approval.

(h)] (f) If the Commission determines that the application and request for reimbursement do not meet the requirements of the act and this part, the Executive Director will [specify in writing and forward to the applicant, by certified mail, return receipt requested,] notify the county and specify the reasons upon which the adverse determination is based.

§ 421.32. Restrictions on reimbursement.

* * * * *

(c) A county will be reimbursed once, [for up to 20 hours of training,] for each deputy sheriff attending a certified continuing education course within a 2-year period.

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CHS. 221, 227 AND 228]
Radiological Health

The Environmental Quality Board (Board) proposes to amend Chapters 221, 227 and 228 (relating to X-rays in the healing arts; radiation safety requirements for analytical X-ray equipment, X-ray gauging equipment and electron microscopes; and radiation safety requirements for particle accelerators). The proposed amendments update the standards for protection against radiation.

This proposal was adopted by the Board at its meeting on October 17, 2000.

A. *Effective Date*

These proposed amendments will become effective immediately upon publication in the *Pennsylvania Bulletin* as final rulemaking.

B. *Contact Persons*

For further information, the contact persons are William Kirk, Chief, Radiation Control Division, Bureau of Radiation Protection, 13th Floor, Rachel Carson State Office Building, P. O. Box 8469, Harrisburg, PA 17105-8469, (717) 787-2480; and Marylou Barton, Assistant Counsel, Bureau of Regulatory Counsel, RCSOB, 9th Floor, 400 Market Street, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Information regarding submitting comments on this proposal appears in Section I of this Preamble. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). This proposal is available electronically through the Department of Environmental Protection's (Department) website (<http://www.dep.state.pa.us>).

C. *Statutory Authority*

These amendments are proposed under the authority of the following statutes:

Sections 301 and 302 of the Radiation Protection Act (act) (35 P. S. §§ 7110.301 and 7110.302) which, respectively, direct the Department to develop and conduct comprehensive programs for the registration, licensing, control, regulation and inspection of radiation sources and radiation source users, and delegates to the Board the power to adopt the regulations of the Department to implement the act.

Section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20), which authorizes and directs the Board to adopt regulations necessary for the proper performance of the work of the Department.

D. Background and Purpose

The proposed amendments, for the most part, correct printing errors, clarify existing wording or modify existing wording to accommodate changes in equipment since the last amendments.

The only major change is the addition of four new sections in Chapter 227 for the purpose of specifically extending X-ray protection requirements to X-ray calibration systems. Accompanying changes in the chapter title, contents, general provisions and definitions are also recommended. These sections were originally proposed and approved by the Radiation Protection Advisory Committee (RPAC) in 1998 as part of Chapter 225 (relating to radiation safety requirements for industrial radiographic operations) which pertains to industrial radiography. The Department decided, however, that these regulations would be more appropriately placed in Chapter 227, which deals with miscellaneous X-ray equipment.

As required by section 301(c)(14) of the act, the Department provided the RPAC with an opportunity to review the proposed amendments and to advise the Department prior to submittal to the Board. On May 10, 2000, the RPAC met and reviewed the proposed amendments. The Chairperson announced by letter dated May 17, 2000, the committee's concurrence to forward the proposed regulations to the Board.

E. Summary of Regulatory Requirements

A description of the proposed amendments is provided as follows:

Chapter 221, X-Rays in the Healing Arts

§ 221.11. Registrant responsibilities.

Subsection (h)(4) is being deleted. Similar language exists in § 221.56, which is being relocated to this section and renumbered as subsections (m)—(p). This consolidation of requirements was inadvertently omitted in the previous revisions to this chapter.

Subsection (k) is being modified to provide some regulatory flexibility. The proposal changes "shall" to "should" to make using spectrally compatible film and screen system a recommendation rather than a mandatory requirement. This change is necessary due to the wide range of spectral characteristics of X-ray films on the market today, which makes it difficult for practitioners to maintain an exact match.

Subsection (l) is being modified to allow the Department to establish guidelines for quality assurance programs rather than adopting guidelines from specified "accredited" organizations. This change will make it easier for the Department to add and change guidelines as needed without specifically acknowledging each new quality assurance guideline issued by medical specialty organizations.

§ 221.13. Information to be submitted by persons proposing to conduct healing arts screening.

Paragraph (14) is being modified to clarify that mammography facilities must comply with 21 CFR Part 900 (relating to mammography).

§ 221.29. Kilovoltage accuracy.

Section 221.29 is being modified to clarify that the 10% variation permitted under the existing language applies only to the range of technique factors used.

§ 221.32a. Beam limitation.

Subsection (d)(1) is being modified to state that the requirement for an indicator only applies to machines having a variable angle between the X-ray beam axis and the image receptor plane and to exempt portable and mobile X-ray units from the requirement. Typically, these units do not have this type of indicator.

§ 221.33a. Radiation from capacitor energy storage equipment in standby status.

Section 221.33a is being modified to correct a typographical error in the published text. The unit should be 0.516 $\mu\text{C}/\text{kg}$ rather than 0.516 $\mu\text{mC}/\text{kg}$. The unit as currently published is a factor of 1,000 lower than intended.

§ 221.36a. Limitation of useful beam of fluoroscopic equipment.

Subsection (d) is being modified to adopt the wording used by the Food and Drug Administration in 21 CFR 1020.32(b) (relating to fluoroscopic equipment). This eliminates confusion regarding the permissible size and shape of the useful beam.

§ 221.56. Administrative controls.

This section is deleted and moved to § 221.11 as new subsections (m)—(p). No changes in the text are proposed.

§ 221.202. Equipment requirements.

Subsection (c) is being modified to delete paragraph (2), relating to an audible signal indicating termination of exposure. This change is recommended because many units do not have such a feature which is not required by the Food and Drug Administration.

Chapter 227. Radiation Safety Requirements for Analytical X-ray Equipment, X-ray Gauging Equipment and Electron Microscopes.

This chapter is being modified to add four new sections under the heading titled X-ray Calibration Systems. These sections were originally proposed and approved by the RPAC in 1998 as part of Chapter 225 which pertains to industrial radiography. The Department decided, however, that the content would be more appropriately placed in Chapter 227, which deals with miscellaneous X-ray equipment. These sections are needed to specifically extend X-ray protection requirements to this type of operation, which is becoming more common. The chapter title, contents, general provisions and definitions were also changed to reflect the new sections.

Chapter 228. Radiation Safety Requirements for Particle Accelerators.

Changes to §§ 228.22a and 228.36 are being recommended for purposes of clarification.

§ 228.22a. Issuance of specific licenses.

Section 228.22a contains a minor revision recommended by the RPAC. The RPAC felt that, by definition, if an application met the requirements of the act and article, the operation would not be "inimical to the safety of the public" as indicated in subsection (a). As such, it recommended that the phrase be removed from subsection (a).

§ 228.36. Radiation monitoring requirements.

This section is modified to provide that: (1) an independent radiation monitoring system be provided so that the individuals entering or present become aware of the existence of the hazard; and (2) that the system be tested for response, rather than calibrated, at least annually and after servicing or repair. The Department and the RPAC

agree that calibration, which implies that the response be accurate within a specified limit, is not necessary for this function.

F. *Benefits, Costs and Compliance*

Executive Order 1996-1 requires a cost/benefit analysis of the proposed amendments.

Benefits

As set forth in this proposal, users of X-ray machines and particle accelerators will benefit from the regulations being clarified to conform better to present equipment and installations and elimination of a 1,000-fold error in units in § 221.33a. The additions to Chapter 227 specifically extend the safety requirements set forth for other types of X-ray installation to X-ray calibration systems.

Compliance Costs

The compliance costs under the proposed amendments should not differ appreciably from the costs presently incurred.

Compliance Assistance Plan

Compliance assistance requirements are expected to be negligible. Outreach and assistance will be provided by regional inspectors and technical staff in the Radiation Control Division.

Paperwork Requirements

No additional paperwork will be required under these proposals.

G. *Sunset Review*

These regulation will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the proposed amendments on January 29, 2001, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate and House Environmental Resources and Energy Committees. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department. A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committee's review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review by the Department, the Governor, and the General Assembly before final publication of the regulation.

I. *Public Comments*

Written Comments—Interested persons are invited to submit comments, suggestions or objections regarding the proposed amendments to the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477 (express mail: Rachel Carson State Office Building, 15th floor, 400 Market Street, Harrisburg, PA 17101-2301). Comments submitted by facsimile will not be accepted. Comments, suggestions or objections must be received by the Board by March 12, 2001 (within 30 days following publication in the *Pennsylvania Bulletin*). Interested persons may also submit a summary of their comments to

the Board. The summary may not exceed one page in length and must be received by Marcy 12, 2001 (within 30 days following publication in the *Pennsylvania Bulletin*). The one-page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final regulation will be considered.

Electronic Comments—Comments may be submitted electronically to the Board at RegComments@dep.state.pa.us and must also be received by the Board by March 12, 2001. A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgement of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

* * * * *

[(4) For intraoral dental radiography, neither the tube housing nor the cone shall be held during an exposure.]

* * * * *

(k) The screen and film system used **[shall] should** be spectrally compatible and evaluated with respect to screen condition to assure proper system speed. Film cassettes without intensifying screens may not be used for any routine diagnostic radiological imaging, with the exception of standard dental radiography film packets.

(l) The registrant shall have a quality assurance program. This quality assurance program shall be in accordance with guidelines **[promulgated by the ACR, the AAPM or another accredited organization] established by the department.**

(m) A dentist or an assistant may not hold patients or film during exposures.

(n) Only the patient shall be in the useful beam.

CHAPTER 227. RADIATION SAFETY REQUIREMENTS FOR ANALYTICAL X-RAY EQUIPMENT, X-RAY GAUGING EQUIPMENT [AND], ELECTRON MICROSCOPES AND X-RAY CALIBRATION SYSTEMS

GENERAL PROVISIONS

§ 227.1. Purpose and scope.

This chapter establishes the requirements for the use of analytical X-ray equipment, X-ray gauging equipment [and], electron microscopes and X-ray calibration systems. Registrants who use analytical X-ray equipment, X-ray gauging equipment [or], electron microscopes or X-ray calibration systems shall comply with this chapter. The requirements of this chapter are in addition to, and not in substitution for, other applicable provisions of this article.

§ 227.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

X-ray calibration systems—Radiation-producing machines and equipment used to calibrate radiation detection or measuring devices.

* * * * *

X-RAY CALIBRATION SYSTEMS

§ 227.101. Scope.

This section and §§ 227.102—227.104 apply to registrants who calibrate equipment used to measure the output of radiation for medical diagnosis and therapy, or for radiation survey meters and similar instrumentation.

§ 227.102. Area Requirements.

A room or enclosure used for calibration shall be shielded so that every location on the exterior meets conditions for an unrestricted area, and the only access to the room or enclosure is through openings which are interlocked so that the radiation source will not operate unless all openings are securely closed and meet the requirements of 10 CFR 20.1601 (relating to control of access to high radiation areas).

§ 227.103. Operating requirements.

(a) The operator shall conduct a physical radiation survey to determine that the radiation machine X-ray tube is de-energized prior to each entry of any body part into the radiographic exposure area.

(b) As an alternative to subsection (a), the registrant may use an independent radiation monitoring system that displays the radiation intensity or displays when radiation levels have returned to their pre-irradiation levels.

§ 227.104. Personnel Requirements.

A registrant may not permit an individual to operate or conduct maintenance on any X-ray calibration system until the individual has received a copy of, instruction in, and demonstrated an understanding of, the operating procedures necessary to ensure radiation safety.

**CHAPTER 228. RADIATION SAFETY
REQUIREMENTS FOR PARTICLE ACCELERATORS
NOTIFICATION AND LICENSING PROCEDURES**

§ 228.22a. Issuance of specific licenses.

(a) Upon determination that an application meets the requirements of the act [,] and this article, [and the operation of the facility will not be inimical to the safety of the public,] the Department will issue a specific license authorizing the proposed activity and containing conditions and limitations as it deems appropriate or necessary.

* * * * *

§ 228.36. Radiation monitoring requirements.

[(a) In addition to the requirements of §§ 219.91 and 219.154 (relating to control of access to high radiation areas; and posting of high radiation areas) an] LAN independent radiation monitoring system shall be provided so that the individuals entering or present become aware of the existence of the hazard. Independent radiation monitors shall be [calibrated] tested for response at least annually and after each servicing or repair.

[(b) The calibration of the independent radiation monitoring system described in subsection (b) shall verify the response of the instrument to radiation fields of different intensity, and does not require complete accuracy with respect to radiation energy if the accelerator produces radiations greater than 3.0 MeV.]

**[25 PA. CODE CHS. 261a, 271 AND 272]
Household Hazardous Waste**

The Environmental Quality Board (Board) proposes to amend Chapters 261a, 271 and 272 (relating to identification and listing of hazardous waste; municipal waste management—general provisions; and municipal waste planning, recycling and waste reduction).

These proposed amendments include regulations governing household hazardous waste collection events, grants, and transportation and management. The proposed changes clarify the regulations to make them consistent with the Small Business and Household Pollution Prevention Program Act (act) (35 P. S. §§ 6029.201—6029.209) (Act 190), which was passed after most of the existing household hazardous waste regulations were written. The proposed changes to Article VII (relating to hazardous waste management) correct the inadvertent 1999 incorporation by reference in Article VII of Environmental Protection Agency's (EPAs) regulatory exemption of household hazardous waste from regulation as hazardous waste. The proposed changes to Article VIII (relating

to municipal waste) are designed to ensure that waste collected as part of an organized household hazardous waste collection continues to be properly transported and managed as hazardous waste rather than as part of the municipal waste stream. This is true for household hazardous waste collected as part of an organized household hazardous waste collection in another state, once the waste enters this Commonwealth, if the waste is to be managed in this Commonwealth, and for household hazardous waste collected as part of a collection event in this Commonwealth. Household hazardous waste not collected as part of an organized collection will continue to be managed as municipal waste in this Commonwealth.

These proposed amendments are intended to supplement, not duplicate, the act.

A. Effective Date

These amendments will go into effect upon publication in the *Pennsylvania Bulletin* as final rulemaking.

B. Contact Persons

For further information contact Tom Hyatt, Division of Waste Minimization and Planning, P. O. This proposal is available electronically through the Department's website (<http://www.dep.state.pa.us>).

C. Statutory Authority

The proposed rulemaking is being made under the authority of the following:

Act 190 which in section 207(a) (35 P. S. § 6029.207(a)) grants the Board the authority to promulgate regulations as needed to implement the act.

The Solid Waste Management Act (SWMA) (35 P. S. §§ 6018.101—6018.1003) which in section 105(a) of the SWMA (35 P. S. § 6018.105(a)) grants the Board the power and the duty to adopt the rules and regulations of the Department to carry out the provisions of the SWMA.

The Household Hazardous Waste Funding Act (HHWFA) (35 P. S. §§ 6025.1—6025.5), as amended, which in section 4(a) of the HHWFA (35 P. S. § 6025.4(a)) created a restricted revenue account in the Recycling Fund to be used to fund household hazardous waste collection programs.

The Clean Streams Law (CSL) (35 P. S. §§ 691.1—691.1001), which in section 5(b) of the CSL (35 P. S. § 691.5(b)) grants the Board the authority to formulate, adopt, promulgate and repeal the rules and regulations as are necessary to implement the provisions of the act, which in section 304 of the CSL (35 P. S. § 691.304) grants the Board the authority to adopt, prescribe and enforce rules and regulations not consistent with the act as may be deemed necessary for the protection of the purity of the waters of this Commonwealth, or parts thereof, and to purify those now polluted and which in section 402 of the CSL (35 P. S. § 691.402) grants the Board the authority to adopt rules and regulations establishing conditions under which an activity shall be conducted for any activity that creates a danger of pollution of the waters of this Commonwealth or that regulation of the activity is necessary to avoid this pollution.

The Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. §§ 4000.101—4000.1904), which in section 302 of Act 101 (53 P. S. § 4000.302) gives the Board the power and duty to adopt the regulations of the Department to accomplish the purposes and carry out the provisions of Act 101.

The Administrative Code of 1929 (Administrative Code) (71 P. S. §§ 510-17 and 510-20) which in section 1917-A of the Administrative Code (71 P. S. § 510-17) authorizes and requires the Department to protect the people of this Commonwealth from unsanitary conditions and other nuisances and in section 1920-A of the Administrative Code (71 P. S. § 510-20) grants the Board the power and the duty to formulate, adopt and promulgate the rules and regulations as may be determined by the Board for the proper performance of the work of the Department.

D. Background and Purpose

The Commonwealth has operated a household hazardous waste program since 1992. Under this program, grants have been and continue to be available to eligible municipalities and other legal entities that register to conduct a household hazardous waste collection event. While household hazardous waste generated by an individual household and sent directly to a processing or disposal facility along with the household's municipal waste has not been regulated as hazardous waste, household hazardous waste collected at household hazardous waste collection events has been and continues to be managed as hazardous waste once it is collected. This ensures the proper level of environmental protection and is consistent with EPA recommendations. Until 1996, this Commonwealth's program was operated largely under the authority of section 1512 of Act 101 and the HHWFA; relevant regulations were found in the hazardous and municipal waste regulations. However, in 1996, Act 190 repealed section 1512 and portions of the HHWFA and replaced them with newer provisions jointly addressing small business and household hazardous waste collection events. This proposed rulemaking is designed to update the hazardous and municipal waste regulations according to Act 190 as it applies to household hazardous waste collections.

The proposed regulatory amendments cover the registration, review and approval of collection programs, the operation of collection programs and the requirements of collection contractors and transporters of household hazardous waste. The regulations specify entities that are eligible to bring waste to collection events. The regulations also cover grant requirements that apply to eligible collection sponsors.

The proposed regulatory amendments serve a number of purposes. They will make it easier for collection sponsors, collection contractors and transporters to understand the requirements that apply to their activities, without making major changes to the existing regulations. The amendments also make the language in the regulations consistent with Act 190 and the way the household hazardous waste program is currently implemented. The amendments correct the inadvertent incorporation by reference of EPA's regulatory exemption of household hazardous waste from regulation as hazardous waste. The Federal regulations exempt hazardous waste derived from households from being regulated as hazardous waste, even when collected as part of a household hazardous waste collection. The 1999 amendments to the hazardous waste regulations inadvertently incorporated this provision by reference in § 261a.1 (relating to incorporation by reference, purpose and scope). The proposed

changes clarify that once household hazardous waste is collected as part of a household hazardous waste collection, it must be managed as a hazardous waste. Finally, the amendments are intended to dispel confusion expressed by some contractors as to how household hazardous waste is to be managed after it is collected. The amendments will ensure that all household hazardous waste that is collected as part of a household hazardous waste collection, no matter in which state the waste originates, is to be managed as hazardous waste if managed in this Commonwealth.

E. Summary of Regulatory Requirements

Chapter 261a

IDENTIFICATION AND LISTING OF HAZARDOUS WASTE

Chapter 261a contains the provisions for the identification and listing of hazardous waste.

Section 261a.4. Exclusions.

The Board proposes to revise § 261a.4 (relating to exclusions) by removing the exclusion for hazardous waste that is derived from households. The Federal regulations contain an exclusion for hazardous waste derived from households, including household waste that is "collected, transported, stored, treated, disposed, recovered (for example, refuse-derived fuel) or reused" in 40 CFR 261.4(b)(1).

The Federal provision was inadvertently incorporated by reference in § 261a.4 in 1999. The proposed revisions are intended to correct this error. Furthermore, the statutory requirements of Act 190 override this regulatory provision. In accordance with statutory requirements of Act 190, the changes to the regulation will ensure that when household hazardous waste has been collected as part of a household hazardous waste collection program, it will continue to be managed and transported as a hazardous waste rather than as part of the municipal waste stream. This includes all household hazardous waste collected as part of an in-State household hazardous waste collection and waste collected as part of an out-of-State household hazardous waste collection and brought into this Commonwealth for management. The revision will ensure that the environment and the public health and safety will continue to be adequately protected.

The proposed revisions to § 261a.4 will be more stringent than the Federal regulation, but the proposed revision will make the State regulation consistent with Pennsylvania's Act 190 of 1996, which currently governs State procedures.

There should be no economic impact as a result of this regulatory revision because it simply reflects a continuation of the program as it is currently being operated. This Commonwealth has always regulated household hazardous waste that is collected as part of a household hazardous waste collection program as hazardous waste.

Chapter 271

MUNICIPAL WASTE MANAGEMENT—GENERAL PROVISIONS

Subchapter A. GENERAL

Chapter 271 contains the general provisions for the municipal waste program, including definitions for Article VIII (relating to municipal waste).

Section 271.1. Definitions.

The Board proposes to revise § 271.1 (relating to definitions) by deleting the definition of "collection con-

tractor” and modifying the definition of “household hazardous waste.” The term “collection contractor” is deleted because the term is now defined by Act 190. The term “household hazardous waste” is modified to explain more clearly that household hazardous waste is to be managed as hazardous waste if it is collected as part of an organized household hazardous waste collection. The term treats waste collected within or outside this Commonwealth the same once it is within this Commonwealth’s borders for disposal or other management. The definition also lists locations that are considered “households” for the purpose of this definition.

Chapter 272

MUNICIPAL WASTE PLANNING, RECYCLING AND WASTE REDUCTION

Chapter 272 contains the municipal waste planning, recycling and waste reduction requirements, including regulations governing grants and household hazardous waste collections.

Subchapter D. GRANTS

Section 272.301. Scope.

The Board proposes to revise § 272.301 (relating to scope) to indicate that persons other than municipalities are eligible to apply for grants under Act 190 and must comply with this subchapter when doing so.

GENERAL PROVISIONS FOR AWARDING GRANTS

Section 272.313. General requirements for grant applications. Section 272.314. Limits on Department’s authority to award grants. Section 272.317. Grant review.

The Board proposes to revise §§ 272.313 (relating to general requirements for grant applications), 272.314 (relating to limits on Department’s authority to award grant) and 272.317 (relating to grant review) to indicate that grants are available under Act 190.

GRANTS FOR HOUSEHOLD HAZARDOUS WASTE COLLECTION EVENTS

Section 272.381. Scope of grant.

The Board proposes to revise § 272.381 (relating to scope of grant) to be consistent with Act 190 by using the term “collection event,” by indicating that persons other than municipalities can apply for grant funding and to reflect the title change of Subchapter F (relating to household hazardous waste collection, transportation and management). Subsection (b) is deleted because the funding sources for household hazardous waste program grants are set forth in Act 190.

§ 272.382. Eligible costs.

The Board proposes to delete subsection (a) because grant amounts will now be addressed in subsection (b). A new subsection (a) lists costs that are considered to be eligible costs for a household hazardous waste collection event grant. This list includes the costs which the Department has considered to be eligible costs in this program over the last several years.

Existing subsection (b) has been deleted because grant restrictions based on past violations are adequately covered elsewhere. Subsection (c) has been deleted because it is no longer accurate, since Act 190 authorizes Recycling Fund monies to be used.

A new subsection (b) has been added to describe the grant limitations for a household hazardous waste collection event grant. It is based on section 209 of Act 190 (35 P. S. § 6029.209), which authorizes the Department to

reimburse sponsors for eligible costs for the operation of collection events but limits the grant amount to an amount that is matched dollar for dollar by the grant applicant. Section 209 of Act 190 also prohibits the Department from expending more than \$100,000 per year for collection events in any one county. These rules are embodied in paragraphs (1) and (3) of proposed subsection (b). Paragraph (2) is designed to prevent the Department from awarding a grant for costs which the sponsor has already covered by charging fees for the event. Paragraph (2) would apply if a sponsor collected more than 50% of its eligible costs through fees.

Section 272.383. Grant applications.

The Board proposes to delete the text of § 272.383 (relating to grant application) because the information is repetitive of the registration submitted by a sponsor and included in the sponsor’s grant application package. In its place, proposed subsection (a) requires a grant applicant to submit its application on a form provided by the Department and to include all supporting documentation. Proposed subsection (b) requires a record of operations from a collection event to be sent to the Department. The record of operations form was developed by the Department to enable sponsors to easily meet the reporting requirements of subsection 205(k) of Act 190 while still providing the Department with useful collection information.

Section 272.384. Education grants.

The Board proposes to add § 272.384 (relating to education grants) so that counties are aware that Act 190 makes household hazardous waste education grant funding available through section 901 of Act 101 (53 P. S. § 4000.901).

Subchapter F. HOUSEHOLD HAZARDOUS WASTE COLLECTION, TRANSPORTATION AND MANAGEMENT

Section 272.501. Scope.

The Board proposes to change the title of Subchapter F and the text of § 272.501 (relating to scope) to clarify that this subchapter covers collection, transportation and management of household hazardous waste.

REGISTRATION AND APPROVAL OF PROGRAMS

Section 272.512. General application requirements.

The Board proposes to modify subsection (a) (relating to general application requirements) to give the Department adequate time to review applications and provide applicants adequate time to make necessary modifications to applications in accordance with the Department’s review of the initial application. Subsection (b)(1) is revised to make the regulations consistent with Act 190 which allows persons other than municipalities to sponsor a household hazardous waste collection event.

Section 272.513. Contract.

The Board proposes to modify § 272.513 (relating to contract) by requiring an applicant to submit a signed contract to the Department before the collection event so that the Department can ensure that the final contract meets the requirements of this section. Paragraph (2) is modified to be consistent with Act 190 which allows persons other than municipalities to sponsor a collection. The change to paragraph (3) corrects a typographical error.

Section 272.514. Contingency plan.

The Board proposes to revise § 272.514 (relating to contingency plan) by requiring contingency plans to in-

clude provisions for inclement weather because provisions for inclement weather are important but often overlooked in applicants' safety plans.

REGISTRATION REVIEW

Section 272.523. Public notice.

The Board proposes to delete § 272.523 (relating to public notice) because giving public notice in the *Pennsylvania Bulletin* has not proven the most effective means by which to notify the public of a household hazardous waste collection event. Local notice is far more effective. The public learns of an upcoming collection event through local notice in newspapers or on the radio, provided by the sponsor of the event. Collection contractors who may wish to compete for the project learn of the event through whatever means the sponsor deems appropriate. Furthermore, to obtain approval, the sponsor sometimes must work with the Department until several days before the collection event, at which point it is too late to publish notice in the *Pennsylvania Bulletin*. When it seems likely that a collection event will be approved, the Department will, as it currently does, publish notice of the collection event on its website. Public notice is not required by statute.

OPERATION OF PROGRAMS

Section 272.531. Basic operational requirements.

The Board proposes to modify § 272.531 (relating to basic operational requirements) to update the statutory reference to Act 190, to restructure the section for ease of reading and to emphasize that household hazardous waste collected as part of a collection event is to be managed as hazardous waste.

Section 272.532. Limitations on acceptable waste.

Limitations on acceptable waste at collection events in the existing regulations were modeled on section 1512 of Act 101 (53 P. S. § 4000.1512), which was repealed by Act 190. The limitations on acceptable waste were replaced by sections 205(d) and 206(a) of Act 190. Modifications to § 272.532 are proposed to be consistent with the restrictions of Act 190 while still providing for proper and safe limitations on acceptable waste.

Wastes allowed to be collected as a result of proposed changes to this section do not have to be collected at collection events. Collection sponsors will still have the authority to limit the types and quantities of waste they will accept at collections and collection contractors will be required to demonstrate that they have the proper permits to manage the new types of waste that are proposed to be allowed to be collected.

The Board has amended § 272.532(a)(1) from "radioactive waste" to "radioactive material" because "radioactive material" better describes the types of materials more likely to be found in a household.

The Board proposes to modify subsection (a)(2) by deleting the term "biologically active waste" because the term is not defined in this Commonwealth's waste regulations. The new term "Infectious waste" is added because it is defined in this Commonwealth's waste regulations. Sharps, although considered to be infectious waste, will be allowed to be collected if the collection contractor has an approved infectious and chemotherapeutic waste transporter license as required by § 284.602(a) (relating to license requirement). Sharps are a common type of infectious waste that present little contamination potential at a collection event while their removal from the

municipal waste stream would provide a much larger benefit to municipal waste haulers.

The Board proposes to delete subsection (a)(3) because removal of gas cylinders and aerosol cans from the municipal waste stream will encourage recovery of their BTU value.

The Board proposes to modify subsection (a)(4), which is renumbered as subsection (a)(3), by removing ordinance material from the list of unacceptable items. Collection of ordinance material at collection events poses little risk and removes a potentially dangerous item from the municipal waste stream.

The Board proposes to modify subsection (b) to be consistent with the weight restrictions of section 205(d) of Act 190.

Section 272.533. Fees.

The Board proposes to modify § 272.533 (relating to fees) to be consistent with Act 190 which authorizes a sponsor to establish and assess reasonable fees from eligible entities for services provided in connection with a collection event.

Section 272.535. Cleanup of site.

The Board proposes to modify § 272.535 (relating to cleanup of site) to be consistent with Act 190 of 1996 which allows persons other than municipalities to sponsor a household hazardous waste collection event.

Section 272.537. Sponsor recordkeeping.

The Board proposes to modify § 272.537 (relating to municipal recordkeeping). The modifications are to make the regulations consistent with Act 190 which allows persons other than municipalities to sponsor a household hazardous waste collection event, and the hazardous waste regulations which require the generator of waste to keep the generator copy of a manifest.

COLLECTION CONTRACTORS

Section 272.541. Collection contractor.

The Board proposes to modify § 272.541 (relating to basic requirements). The title is changed to better reflect who is covered by the section. The remaining changes are to clarify and organize existing requirements of collection contractors. In addition, a provision is added to subsection (a)(2) to address a situation that arises on occasion, namely, the collection contractor being a different entity from the transporter. Under this paragraph, the collection contractor must demonstrate to the Department that the transporter has a valid transporter's license. A requirement has also been added to subsection (c)(3), requiring the collection contractor to provide a copy of the record of operations to the sponsor. This was added so the sponsor would know what the collection contractor reported to the Commonwealth and to enable the sponsor to refine future waste collection estimates. Subsection (d) is revised to leave no doubt that the collection contractor has the responsibility to ensure that the household hazardous waste is treated, stored or disposed at an appropriate facility.

Section 272.542. Reporting.

The Board proposes to modify § 272.542 (relating to reporting). The modification requires the collection contractor to provide a copy of the record of operations to the Department and sponsor.

Section 272.543. Recycling or reuse of collected materials. [Reserved.]

The Board proposes to delete § 272.543 (relating to recycling or reuse of collected materials) because this provision has been moved into § 272.541(c)(4).

TRANSPORTERS OF HOUSEHOLD HAZARDOUS WASTE

Section 272.551. Household hazardous waste transportation, storage and disposal.

The Board proposes to add § 272.551 (relating to household hazardous waste transportation, storage and disposal). This section explains the requirements applicable to a transporter of household hazardous waste from a collection event in this Commonwealth and from an out-of-State household hazardous waste collection if the waste is to be managed in this Commonwealth. The purpose of the section is to clarify that household hazardous waste originating from a collection in this Commonwealth or coming from a collection outside of this Commonwealth to be managed in this Commonwealth is to be regulated under Article VII, including manifesting and transportation requirements.

F. Benefits, Costs and Compliance

Executive Order 1996-1 requires a cost/benefit analysis of the final regulations.

Benefits

The proposed amendments will clarify the registration and operational requirements of conducting a household hazardous waste program. The proposed amendments will also clarify that household hazardous waste collected as part of a household hazardous waste collection is to be managed under Article VII. No new requirements for household hazardous waste collection sponsors, collection contractors or transporters are added to the regulations.

Compliance Cost

Household hazardous waste program sponsors and collection sponsors will be required to comply with the regulations. The Commonwealth has always regulated household hazardous waste that is collected as part of a household hazardous waste collection program as hazardous waste. However, because the regulations are intended to clarify existing regulations, they should not have any impact on direct or indirect costs.

Compliance Assistance Plan

The regulations should not require any educational, technical or compliance assistance efforts. The Department has and will continue to provide manuals, instructions, forms and website information consistent with the proposed amendments. In the event that assistance is required, the Department's central office will provide it.

Paperwork Requirements

The proposed amendments do not create any new paperwork requirements. All paperwork requirements are presently consistent with the proposed amendments.

G. Pollution Prevention

No pollution prevention efforts will be required by the Department as a result of this regulatory change. The Department already provides pollution prevention educational material as part of its household hazardous waste program. In addition, the act upon which that the regulations are based on (Act 190) requires collection events to include an education program as part of the collection event and requires that waste materials col-

lected from households as part of a household hazardous waste collection event be reclaimed to the greatest extent possible.

H. Sunset Review

These regulations will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 1, 2001, the Department submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House and Senate Environmental Resources and Energy Committees. In addition to submitting the proposed regulations, the Department has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion of the proposed amendments to which an objection is made. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Department, the General Assembly and the Governor of objections raised.

J. Public Comments

Written Comments—Interested persons are invited to submit comments, suggestions or objections regarding the proposed amendments to the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477 (express mail: Rachel Carson State Office Building, 15th Floor, 400 Market Street, Harrisburg, PA 17101-2301). Comments submitted by facsimile will not be accepted. Comments, suggestions or objections must be received by the Board by March 12, 2001 (within 30 days of publication in the *Pennsylvania Bulletin*). Interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by March 12, 2001 (within 30 days following publication in the *Pennsylvania Bulletin*). The one-page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final regulation will be considered.

Electronic Comments—Comments may be submitted electronically to the Board at RegComments@dep.state.pa.us and must also be received by the Board by March 12, 2001. A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

Annex A

TITLE 25. ENVIRONMENTAL PROTECTION
Subpart D. ENVIRONMENTAL HEALTH AND SAFETY

ARTICLE VII. HAZARDOUS WASTE MANAGEMENT

CHAPTER 261a. IDENTIFICATION AND LISTING OF HAZARDOUS WASTE

Subchapter A. GENERAL

§ 261a.4. Exclusions.

In addition to the requirements incorporated by reference [,]:

(1) The exclusion of 40 CFR 261.4(b)(1) (relating to exclusions) does not apply to household hazardous waste as defined in § 271.1 (relating to definitions) collected as part of a collection event or collected at an out-of-State household hazardous waste collection which is brought into this Commonwealth for processing, treatment, storage or disposal.

(2) [a] A copy of the written state agreement required by 40 CFR 261.4(b)(11)(ii) [(relating to exclusions)] that includes a provision to assess the groundwater and the need for further remediation once the free phase recovery is completed for free phase hydrocarbon recovery operations shall be submitted to: Pennsylvania Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Hazardous Waste Management, Post Office Box 8471, Harrisburg, Pennsylvania 17105-8471.

ARTICLE VIII. MUNICIPAL WASTE

CHAPTER 271. MUNICIPAL WASTE MANAGEMENT—GENERAL PROVISIONS

Subchapter A. GENERAL

§ 271.1. Definitions.

The following words and terms, when used in this article, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

[Collection contractor—A person licensed as a hazardous waste transporter and approved by the Department and retained by a municipality to operate a household hazardous waste collection program.]

* * * * *

Household hazardous waste—[A waste that would be considered hazardous under the act, but for the fact that it is produced in quantities smaller than those regulated as hazardous waste under the act and is generated by persons not otherwise covered as hazardous waste generators by that act.] Waste generated by a household that could be chemically or physically classified as a hazardous waste under the standards of Article VII (relating to hazardous waste management).

(i) If the household hazardous waste is collected as part of a collection event or originates at an out-of-State household hazardous waste collection and is brought into this Commonwealth for processing, treatment, storage or disposal, it shall be regulated under Article VII.

(ii) If the waste is not collected at a collection event or does not originate at an out-of-State household hazardous waste collection, it is solid waste which is excluded as hazardous waste under 40 CFR 261.4(b)(1) (relating to exclusions), as incorporated by reference in § 261a.1 (relating to incorporation by reference, purpose, and scope).

(iii) For the purpose of this definition, the term "household" includes those places described as "households" in 40 CFR 261.4(b)(1).

* * * * *

CHAPTER 272. MUNICIPAL WASTE PLANNING, RECYCLING AND WASTE REDUCTION

Subchapter D. GRANTS

SCOPE

§ 272.301. Scope.

A person or municipality that seeks or receives a grant from the Department under the Municipal Waste Planning, Recycling and Waste Reduction Act or the Small Business and Household Pollution Prevention Program Act shall comply with this subchapter.

GENERAL PROVISIONS FOR AWARDING GRANTS

§ 272.313. General requirements for grant applications.

(a) A grant application under this subchapter shall be submitted on a form prepared and furnished by the Department. The application shall contain information the Department deems necessary to carry out the Municipal Waste Planning, Recycling and Waste Reduction Act and the Small Business and Household Pollution Prevention Program Act, as applicable.

(b) A grant application shall be submitted by a municipality or, for a household hazardous waste collection event grant application, a sponsor. [A] For grant applications submitted under the Municipal Waste Planning, Recycling and Waste Reduction Act, a municipal authority may not submit a grant application. A municipality that receives a grant may pass funds from the grant to a municipal authority.

* * * * *

§ 272.314. Limits on Department's authority to award grants.

* * * * *

(b) The Department will not award a grant under this subchapter to a person or municipality unless the applicant demonstrates to the Department's satisfaction that it has complied with the following:

* * * * *

(3) If the application is for a household hazardous waste collection event grant, the applicant has complied with the Small Business and Household Pollution Prevention Program Act.

(4) * * *

* * * * *

§ 272.317. Grant review.

The Department will deny a grant application, in whole or in part, unless the applicant demonstrates the following to the Department's satisfaction:

* * * * *

(2) Awarding the grant is likely to accomplish the purposes of the Municipal Waste Planning, Recycling and Waste Reduction Act or the Small Business and Household Pollution Prevention Program Act, as applicable.

GRANTS FOR HOUSEHOLD HAZARDOUS WASTE
COLLECTION [AND DISPOSAL] EVENTS

§ 272.381. Scope of grant.

[(a)] The Department will award grants for the establishment and operation of household hazardous waste collection [and disposal programs,] events upon application of [a municipality] an eligible collection event sponsor. The grants may be awarded only to programs that have been registered with and approved by the Department under Subchapter F (relating to household hazardous waste collection, transportation and management).

[(b) Grants for the operation of household hazardous waste collection and disposal programs shall be made from specially appropriated funds for the purpose.]

§ 272.382. Eligible costs.

(a) [The grant shall be 50% of the approved cost of establishing and operating a household hazardous waste collection and disposal program.] Eligible costs incurred by the sponsor for a household hazardous waste collection event include the following:

(1) Labor costs, including wages, salaries, costs for Social Security, Workers' Compensation and Unemployment Compensation.

(2) Travel and related costs associated with attending training courses and related meetings, if reimbursement is approved in advance of the training course or meeting by the Department.

(3) Legal fees for preparing and reviewing collection contractor proposals and contracts in the development stage.

(4) Facility siting studies.

(5) Printing and distribution of public education material.

(6) Collection contractor mobilization fees and waste management fees for collected materials.

(7) Onsite sanitary facilities.

(b) [Costs not approved for a grant include, but are not limited to:

(1) Costs associated with a program that has violated the act, the environmental protection acts, the Municipal Waste, Planning, Recycling and Waste Reduction Act or regulations thereunder.

(2) Costs associated with a program that has operated in a manner that is contrary to the terms and conditions of the Department's registration and approval of the program.

The Department may not award money from the Recycling Fund for this grant.] A Household Hazardous Waste Collection Event Grant shall be limited to the lowest of the following:

(1) Fifty percent of the eligible costs incurred by the sponsor in establishing and operating a collection event.

(2) Eligible costs incurred in establishing and operating a collection event, less fees collected by the sponsor under § 272.533 (relating to fees).

(3) One hundred thousand dollars.

§ 272.383. Grant application.

[The application shall contain:

(1) A copy of the Department's registration and approval for the program.

(2) A summary of program cost, including the funding match for the program grant.

(3) The name, mailing address, telephone number and Pennsylvania hazardous waste transporter's license number of the contractor.

(4) The name and location of the treatment or disposal facilities which will be used for the waste.]

(a) A grant applicant shall submit its application on a form provided by the Department. An application shall be accompanied by appropriate supporting documentation.

(b) A grant applicant shall ascertain that a record of operations has been sent to the Department prior to or with the grant application.

§ 272.384. Education Grants.

A county may apply for a household hazardous waste education program grant under § 272.321 (relating to scope of grant).

Subchapter F. HOUSEHOLD HAZARDOUS WASTE
COLLECTION, TRANSPORTATION AND
MANAGEMENT
SCOPE

§ 272.501. Scope.

This subchapter sets forth provisions for the registration, approval and operation of household hazardous waste collection programs and for the management and transportation of household hazardous waste collected as part of an organized collection for the purpose of separating the hazardous waste component from the nonhazardous waste component.

REGISTRATION AND APPROVAL OF PROGRAMS

§ 272.512. General application requirements.

(a) Registration applications shall be submitted to the Department on a form provided by the Department, and shall contain information the Department deems necessary to properly develop and implement a household hazardous waste collection program. The application shall be submitted by the [person or municipality that will] potential sponsor [the collection program]. An application shall be submitted to the Department at least 60 days before the collection event.

(b) A registration application shall contain the following information:

(1) The location of the proposed site for the collection event. The site may be on public or private property, including, but not limited to, property owned, leased or controlled by the Commonwealth, its agencies or political subdivisions. If the [municipality that sponsors]

sponsor of the collection program is not the owner of the site, the [person or municipality] sponsor shall include as part of the registration application, written permission from the owner of the site to use the property for the collection event.

[(33)] (3) * * *
* * * * *

§ 272.513. Contract.

The application shall include a negotiated contract between the [person or municipality] sponsor and the collection contractor. A signed contract shall be submitted to the Department prior to the collection event. The contract shall meet the following requirements:

* * * * *

(2) The contract shall require that the collection contractor will provide the [person or municipality] sponsor with a statement that lists the names and qualifications of personnel accepting waste at the collection event.

[(33)] (3) * * *
* * * * *

§ 272.514. Contingency plan.

The application shall also include a contingency plan that meets the following requirements. The plan shall:

* * * * *

(5) Describe provisions for the safe management of waste in the event of inclement weather.

(6) Describe provisions for cancellation or re-scheduling of the collection event due to inclement weather.

REGISTRATION REVIEW

§ 272.523. [Public notice] (Reserved).

[The Department will publish notice in the Pennsylvania Bulletin of the following:

(1) Receipt of an application for a registration approval under this subchapter.

(2) Approval or denial of an application for registration approval under this subchapter.]

OPERATION OF PROGRAMS

§ 272.531. Basic operational requirements.

(a) A program for the collection and management of household hazardous waste shall be operated in accordance with [the registration submitted by the municipality sponsoring the program and with conditions for approval the Department may attach to the registration, the requirements of Article VII (relating to hazardous waste management) and with guidelines issued by the Department under the Municipal Waste Planning, Recycling and Waste Reduction Act] the following:

(1) The approved registration, including any conditions the Department attaches to approval.

(2) The Small Business and Household Pollution Prevention Program Act.

(3) The requirements of Article VII (relating to hazardous waste management as made applicable by this subchapter.

* * * * *

§ 272.532. Limitations on acceptable waste.

(a) The following wastes may not be accepted at a collection event:

- (1) Radioactive [waste] material.
- (2) [Biologically active waste] Infectious waste, except sharps.
- (3) [Gas cylinders or aerosol cans.
- (4)] Explosives [or ordinance material].

(b) An eligible entity may not deposit more than [100 kilograms (220 lbs.)] 1,000 kilograms (2,200 lbs.) of waste at an individual collection event. The collection contractor shall weigh waste received at a collection event to ensure that no entity deposits more than [100 kilograms] 1,000 kilograms of waste at an individual collection event. A sponsor may lower the maximum amount of waste that may be deposited by an eligible entity.

§ 272.533. Fees.

[(a) The sponsoring municipality shall require a minimum fee of small businesses other than non-profit entities in the following amounts:

- (1) Two dollars per pound for poisons, including pesticides, insecticides, herbicides and fungicides.
- (2) One dollar per pound for other household hazardous wastes.

(b) The sponsoring municipality may require a fee of other eligible persons to help defray the costs of operating the collection program.]

To help defray the costs of operating a collection program, a sponsor may require eligible entities to pay a reasonable fee to deposit waste with the collection program. If fees are collected and exceed 50% of the eligible costs under § 272.382 (relating to eligible costs), the Department will limit reimbursement as described in that section.

§ 272.535. Cleanup of site.

At the end of the collection event, the [municipality] sponsor and the collection contractor shall return the collection site to its original condition. Collected waste shall be removed from the site within 48 hours after completion of the collection event, unless a longer time has been authorized by the Department. Cleanup of the site shall be certified by the [municipality] sponsor and the collection contractor in a manner approved by the Department.

§ 272.537. [Municipal] Sponsor recordkeeping.

[Municipalities sponsoring collection programs shall be responsible for maintaining the generator manifest records in accordance with 40 CFR 262.40 (relating to recordkeeping), incorporated in § 262a.10 (relating to incorporation by reference, purpose, scope and applicability) and for the generator reporting requirements under § 262a.42 (relating to exception reporting) and 40 CFR 262.42 (relating to exception reporting), incorporated in § 262a.10.] A sponsor shall keep a copy of the manifests provided to it by the collection contractor under § 272.541 (relating to collection contractor) for 3 years and shall make them available to the Department upon request.

COLLECTION CONTRACTORS

§ 272.541. [Basic requirements] Collection contractor.

(a) [A collection contractor may not operate a household hazardous waste program or site, or transport household hazardous waste unless the contractor has prior Departmental approval and an identification number and transporter license as required under Chapter 263a (relating to transporters of hazardous waste) and 40 CFR 263.11 (relating to EPA identification number), incorporated in § 263a.10 (relating to incorporation by reference and scope).] A collection contractor shall comply with the following requirements:

(1) The collection contractor shall have an EPA hazardous waste identification number under 40 CFR 262.12 (relating to EPA identification numbers), incorporated by reference at § 262a.10 (relating to incorporation by reference purpose, scope and applicability) and modified at § 262.a12 (relating to EPA identification numbers).

(2) The collection contractor shall have a hazardous waste transporter's license under § 263a.13 (relating to licensing). In the event that the collection contractor will not transport the household hazardous waste, the collection contractor shall demonstrate to the Department that the person or municipality that will transport the household hazardous waste has a valid hazardous waste transporter's license under § 263a.13.

(b) The collection contractor shall be deemed to be the generator of hazardous waste for household hazardous wastes accepted during the collection program and shall manage, transport and dispose of the waste in accordance with this chapter[,] and the applicable provisions of Article VII (relating to hazardous waste management) except Chapter 262a, Subchapter I (relating to source reduction strategy). [and conditions the Department may attach to the registration of the collection program. Disposal of household hazardous waste collected under this subchapter shall be at a facility having a permit or interim status under the Resource Conservation and Recovery Act (42 U.S.C.A. §§ 6901—6986).]

(c) The collection contractor shall comply with [40 CFR Part 262 (relating to standards applicable to generators of hazardous waste), to the extent that Part 262 is incorporated by reference in Chapter 262a (relating to standards applicable to generators of hazardous waste), except Chapter 262a, Subchapters D and I (relating to recordkeeping and reporting; and source reduction strategy).] the following requirements:

(1) The collection contractor shall manage, transport and dispose of the waste in accordance with conditions the Department may attach to the approval of the collection event.

(2) The collection contractor shall deliver a copy of the generator copy of the manifests to the sponsor to maintain in accordance with § 272.537 (relating to sponsor recordkeeping).

(3) The collection contractor shall provide a copy of the record of operations to the sponsor.

(4) The collection contractor shall provide for the recycling, reuse or use of the collected materials to the greatest extent feasible.

(d) [At the end of the collection event, the collection contractor shall deliver the generator copy of the manifests to the sponsoring municipality to maintain in accordance with 40 CFR 262.40 (relating to recordkeeping), incorporated in § 262a.10 (relating to incorporation by reference, purpose, scope and applicability).] The collection contractor shall ensure that the household hazardous waste is treated, stored or disposed at a facility having a permit or interim status under the Resource Conservation and Recovery Act (42 U.S.C.A. §§ 6901—6992k).

§ 272.542. Reporting.

The collection contractor shall make and maintain a record of [collection activities] operations and submit a copy of the record to the Department and sponsor within 30 days of the end of each collection event. The record shall be on a form provided by the Department, and shall include:

* * * * *

§ 272.543. [Recycling or reuse of collected materials.] (Reserved).

[The collection contractor shall, to the greatest extent feasible, provide for the recycling, reuse or use of the collected materials.]

TRANSPORTERS OF HOUSEHOLD HAZARDOUS WASTE

§ 272.551. Household hazardous waste transportation, storage and disposal.

(a) A transporter of household hazardous waste collected as part of a collection event shall meet the requirements of this section.

(b) A transporter of household hazardous waste shall meet the requirements of this section if the waste is collected at an out-of-State household hazardous waste collection and brought into this Commonwealth for processing, treatment, storage or disposal.

(c) A transporter of household hazardous waste described in subsection (a) or (b) is subject to Article VII (relating to hazardous waste management), including the following:

(1) The waste shall be manifested as required under Chapter 262a (relating to standards applicable to generators of hazardous waste) to a facility having a permit or interim status under the Resource Conservation and Recovery Act (42 U.S.C.A. §§ 6901—6992k).

(2) The transporter shall comply with the hazardous waste transportation requirements in Chapter 263a (relating to transporters of hazardous waste).

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 59]

[L-00000151]

Natural Gas Emergency Plans and Emergency Actions

The Pennsylvania Public Utility Commission (Commission) on July 20, 2000, adopted a proposed rulemaking order setting forth the procedures the Commission intends to follow in managing natural gas emergencies in order to maintain gas service and minimize service disruptions. The contact persons are Ahmed Kaloko, Bureau of Conservation, Economics and Energy Planning, (717) 787-2139 and David Screven, Law Bureau, (717) 787-2126.

Executive Summary

For many years, natural gas emergency planning has been a staple of this Commonwealth's natural gas distribution companies' (NGDCs) operational considerations. Given the necessity for 100% reliability on all natural gas distribution systems, NGDCs have long planned for force majeure or other unexpected events that threatened system integrity.

On June 22, 1999, Governor Tom Ridge signed into law the Natural Gas Choice and Competition Act (act). The act revised 66 Pa.C.S. (relating to the Public Utility Code) (code) by inter alia, adding Chapter 22, relating to the restructuring of the natural gas utility industry. Nevertheless, the act is clear that even with the restructuring of the natural gas industry, the requirement for 100% reliability of all NGDC systems remains constant.

The Natural Gas Emergency Regulations are designed to address the management of natural gas emergencies in this new environment in order to maintain (or restore as quickly as possible) gas service to essential human needs customers while minimizing service disruption. The proposed regulations address a number of matters that are critical to gas emergency and gas curtailment, including: (1) emergency load shedding, (2) a call for voluntary usage reduction, (3) a call for mandatory load and usage reduction, (4) issuance of periodic reports to the media on emergency situations, (5) notice of affected customers and natural gas suppliers (NGSs), (6) customer and NGS delivery requirements that apply to emergency actions, (7) a procedure for focusing emergency measures to confined geographic areas, and (8) procedures for establishing communications. On all of these issues, the regulations provide a strong framework for addressing these issues in more detail in the context of each utility's tariff and operational procedures.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on January 31, 2001, the Commission submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by the portion of the proposed amendments to which an objection is made. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Department, the General Assembly and the Governor of objections raised.

Proposed Rulemaking Order

By the Commission:

On June 22, 1999, Governor Tom Ridge signed into law the Natural Gas Choice and Competition Act (act). The act revised the code, by inter alia, adding Chapter 22, relating to the restructuring of the natural gas utility industry. The Pennsylvania Public Utility Commission (Commission) is the agency charged with implementing the act.

This Order sets forth the procedures the Commission intends to follow in executing its responsibilities under the Natural Gas Choice and Competition Act, as codified in 66 Pa.C.S. §§ 2201—2212.

Background

For many years, natural gas emergency planning has been a staple of this Commonwealth's NGDCs operational considerations. Given the necessity for 100% reliability on all natural gas distribution systems, NGDCs have long planned for force majeure or other unexpected events that threatened system integrity. Most plans called for orderly ways to immediately drop gas load in the threatened parts of the NGDC system. During the 1970s, when anticipated gas supply shortages appeared to become endemic and also threatened the viable operation of every local distribution company (LDC), gas supply curtailment plans were incorporated into all NGDC tariffs at the direction of the Commission. To this day, there is a requirement that curtailment plans be incorporated in the tariffs.

After the issuance of FERC Order 636 in 1992, which removed pipelines from the merchant function and made them transporters of natural gas, and the passage of the Commonwealth's Natural Gas Choice and Competition Act in 1999, the importance of revising these requirements became apparent. In this context, NGSs are responsible for bringing increased volumes of gas to NGDCs to satisfy the requirements of their customers. Nevertheless, the requirement for 100% reliability of all NGDC systems remains.

The Commission approved the Interim Safety and Reliability Guidelines (Interim Guidelines) at its public meeting on October 15, 1999, at Docket No. L-00990144 for both NGDCs and NGSs to consider their respective roles in this emerging competitive environment. On April 24, 2000, at Docket No. M-00001351, the Commission adopted a proposed policy statement incorporating the Interim Guidelines into Chapter 69 (relating to general orders, policy statements and guidelines on fixed utilities) of its regulations. Likewise, natural gas emergency plan-

ning should also reflect the various roles of the participants in this new environment. The Natural Gas Emergency Regulations set forth below are designed to address the management of natural gas emergencies in this new environment in order to maintain (or restore as quickly as possible) gas service to essential needs customers while minimizing service disruption.

These proposed regulations are intended to address emergencies, which by definition, are limited to situations where available firm supply or capacity is not sufficient to meet firm service requirements. Accordingly, the interruption of interruptible services, and their subsequent restoration, are not addressed. The treatment of interruptible services raises valid issues, however, and the Commission expects NGDCs to address these issues, including electric generation facilities that use interruptible service, in the reliability plans that NGDCs are required to file with the Commission annually under 66 Pa.C.S. § 1317(c).

Discussion

Commission staff established a Collaborative Working Group as the appropriate vehicle to proceed with the implementation of gas emergency plans and curtailment under the Natural Gas Choice and Competition Act, 66 Pa.C.S. § 2201, et seq. On February 29, 2000, Commission staff convened the first meeting of the Gas Safety and Reliability Working Group addressing gas emergency plans and curtailment issues.

At the initial meeting of the working group, Commission staff identified statutory directives that applied to the working group, framed a tentative list of issues that should be addressed by the working group and established a date for the submission of informal comments. Several meetings of the working group were held between February and April 2000.

Commission staff urged the parties to identify those common issues that would be addressed in the meetings. The Office of the Consumer Advocate, the Office of Trial Staff, the Pennsylvania Gas Association, Texas Eastern Corporation, CNG Retail Services Corporation and TXU Energy Services (filed jointly with Statoil Energy) submitted informal comments on February 29, 2000.

The working group agreed that the requirements for gas emergency plans should be more than guidelines. As a result, the working group designated selected members to draft suggested regulations and this draft was delivered to the full group and considered at the meeting on May 23, 2000. Since the proposed regulations were designed to replace the Commission Gas Curtailment Guidelines (Guidelines) at §§ 69.21—69.27, the working group placed the proposed regulations in Chapter 59 (relating to gas service) on Gas Service rather than in Chapter 69. The working group agreed that the proposed regulations should be presented at public meeting for the Commission's consideration.

The Commission intends that these regulations be incorporated into its regulations at Chapter 59. The Guidelines at §§ 69.21—69.27 are to be eliminated. Additionally, since § 59.63 refers to the Guidelines at §§ 69.21—69.27, § 59.63 will also be modified to reflect the proposed changes.

The proposed regulations address a number of matters that are critical to gas emergency and gas curtailment, including: (1) emergency load shedding, (2) a call for voluntary usage reduction, (3) a call for mandatory load and usage reduction, (4) issuance of periodic reports to the media on emergency situations, (5) notice of affected customers and NGSs, (6) customer and NGS delivery

requirements that apply to emergency actions, (7) a procedure for focusing emergency measures to confined geographic areas, and (8) procedures for establishing communications. On all of these issues, the regulations provide a strong framework for addressing these issues in more detail in the context of each utility's tariff and operational procedures.

During discussions in the working group sessions, a suggestion was made to include a section in the proposed regulations indicating that the Commission would issue Emergency Orders that might include substantial penalties for any customer continuing to take gas in violation of the rules found in this subchapter. The members agreed not to include this in the proposed rulemaking, but rather to solicit additional comments on the issue.

The Commission already has adequate authority to issue Emergency Orders and to impose such penalties as are appropriate for violations. In order to continue the collaborative process, however, the Commission will consider comments concerning the use of Emergency Orders to address issues raised by a customer's continued consumption of gas in violation of the proposed rules, particularly in situations where the NGDC is unable to discontinue service. To the extent that comments demonstrate a need for further Commission directives on these issues, we will initiate a separate proceeding at the appropriate time.

To ensure the continued safety and reliability of natural gas service in this Commonwealth, the Commission proposes to amend Chapter 59 by amending § 59.63, adding §§ 59.71—59.75, which establishes regulations for natural gas emergency plans and curtailment safety and reliability, and eliminating §§ 69.21—69.27 of the Commission's regulations. Accordingly, under section 501 of the code, and the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202), and regulations promulgated thereunder at 1 Pa. Code §§ 7.1—7.4, the Commission amends the regulations as noted to read as set forth in Annex A;

Therefore, It Is Ordered That:

(1) A rulemaking docket shall be opened to promulgate regulations for gas emergency plans as set forth in Annex A.

(2) The Secretary shall submit a copy of this order and Annex A to the Office of Attorney General for preliminary review as to form and legality.

(3) The Secretary shall submit a copy of this order, together with Annex A, to the Governor's Budget Office for review of fiscal impact.

(4) The Secretary shall submit this order and Annex A for review and comments by the designated standing committees of both houses of the General Assembly, and for review and comments by IRRC.

(5) The Secretary shall certify this order and Annex A and deposit them with Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

(6) Within 30 days of this order's publication in the *Pennsylvania Bulletin*, any interested person may submit an original and 15 copies of written comments to the Office of the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA, 17105-3265. One copy of a diskette containing the comments in electronic format should also be submitted. A copy of written comments shall be served upon the Commission's Bureau of Conservation, Economics and Energy Planning. Reply comments will be due 15 days from the last date of the 30-day comment period.

(7) A copy of this order and Annex A shall be served upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, all jurisdictional natural gas distribution companies and all licensed natural gas suppliers, and provided to all interested persons.

TITLE 52. PUBLIC UTILITIES

PART I. PENNSYLVANIA PUBLIC UTILITY COMMISSION

Subpart C. FIXED SERVICE UTILITIES

Chapter 59. GAS SERVICE

REPORTING AND CURTAILMENT OF SERVICE

§ 59.63. [Curtailment tariffs] Natural gas emergency plans.

As part of its officially filed tariff, each jurisdictional gas utility shall have on file with the Commission [detailed procedures for the curtailment of service] natural gas emergency plans. The [curtailment tariffs] plans shall be under Commission [guidelines] requirements [contained at] §§ [69.21—69.27 (relating to gas curtailment)] 59.71—59.75 (relating to gas emergency plans).

GAS EMERGENCY PLANS

(Editor's Note: Sections 59.71—59.75 are new. The text has been presented in regular type to enhance readability.)

§ 59.71. Definitions.

The following words and terms, when used in this section and in §§ 59.72—59.75, have the following meanings, unless the text clearly indicates otherwise:

Alternate fuel—Any fuel other than natural gas.

Alternate fuel capability—The installed and operable ability to use any fuel other than natural gas on a time sensitive basis.

Commercial use—Gas usage by customers engaged primarily in the sale of goods and services including consumption by office buildings, institutions and government agencies.

Essential human needs use—Gas usage in any building where persons normally dwell including residences, apartment houses, dormitories, hotels, hospitals and nursing homes.

Firm service—Natural gas service offered to consumers under tariffs or contracts that anticipate no interruption.

Industrial use—Gas usage by customers engaged primarily in a process which creates or changes raw or unfinished materials into another form or product including the generation of electric power.

Interruptible service—Natural gas services that can be temporarily discontinued under terms and conditions specified by tariff or contract.

NGDC—Natural gas distribution company.

NGS—Natural gas supplier.

Plant protection use—Minimum usage of natural gas required to prevent physical harm to an industrial or commercial consumer's facility, or danger to personnel at the facility, when the protection cannot be afforded through the use of an alternate fuel. Plant protection use includes usage necessary for the protection of the material in process as would otherwise be destroyed, but does not include deliveries required to maintain production.

Residential use—Gas usage in a residential dwelling or unit for space heating, air conditioning, cooking, water heating or other domestic purpose.

§ 59.72. Natural gas emergency planning.

(a) By _____ (*Editor's Note:* The blank refers to a date 90 days from the effective date of adoption of this proposal.) or a later date as may be determined by the Commission, each NGDC shall file with the Commission a natural gas emergency plan reflecting its unique operational characteristics and design criteria. Each plan shall contain simplified and understandable rules and regulations so that all of the NGDC's customers and all NGSs licensed to provide services to their customers can have a responsive action plan in place to protect themselves and their property in the event of a crisis. NGDCs shall file revisions to their plans when and as appropriate, or as directed by the Commission.

(b) As part of their emergency planning, NGDCs are encouraged to make contractual or informal arrangements with their transportation customers, sales customers and others to obtain supplies or, as an alternative, to implement usage reductions, so that resorting to firm service reductions under § 59.73 (relating to emergency action) can be avoided, or the severity of supply or capacity disruption can be mitigated. The purpose of these arrangements is to provide a means to minimize the potential of supply shortfalls that threaten public health and safety, and not to make up for inadequate performance by individual parties.

(c) Each natural gas emergency plan shall include provisions addressing:

(1) Emergency load shedding.

(2) Voluntary usage reductions, for example, reducing space or water heating temperatures to levels specified by the NGDC.

(3) Mandatory usage reductions for certain customers consistent with § 59.73(c).

(4) Issuance of periodic reports to the media concerning the existing natural gas emergency.

(5) Notice to affected customers and NGSs of the expected initiation of emergency actions under § 59.73.

(6) Customer and NGS delivery requirements that apply during the term of emergency action under § 59.73, regardless of customer-specific usage reductions that arise or may arise from end-use curtailments.

(7) A procedure for focusing emergency measures to confined geographic or operational portions, segments or zones of the NGDC system where a natural gas emergency exists.

(8) Procedures for establishing communications with electric system control area operators, if the NGDC provides gas service to electric generation stations.

(d) Each natural gas emergency plan should specify the procedures the NGDC shall use to provide notices to affected customers, their NGSs and NGDCs. Notice to the

public concerning usage reductions should be designed to avoid confusion in geographical areas served by more than one NGDC.

§ 59.73. Emergency action.

(a) An emergency exists whenever the aggregate demand of firm service customers on an NGDC's system or confined segment of the system exceeds or threatens to exceed the gas supply or capacity that is actually and lawfully available to the NGDC to meet the demands, and the actual or threatened excess creates an immediate threat to the NGDC's system operating integrity with respect to Priority 1 customers as defined in subsection (j).

(b) If, in the sole judgement of the NGDC, there is sufficient time, the NGDC will use reasonable business and operational efforts to: interrupt all interruptible services, issue operational flow orders, and call for voluntary usage reductions by all customers before taking any action under subsection (c). The NGDC shall take these three actions sequentially to the extent feasible.

(c) In the event of an emergency under subsection (a), the NGDC may require each commercial and industrial retail and transportation customer that is not a Priority 1 customer under subsection (i) to reduce its consumption of gas.

(1) The reduction required shall be determined by the utility without regard to priorities of use, as necessary to minimize the potential threat to public health and safety.

(2) The minimum authorized usage may not be lower than the minimum usage of firm service necessary for plant protection use.

(3) When all other service has been curtailed except for Priority 1 service and the NGDC continues to be unable to meet Priority 1 requirements, the NGDC will exercise its judgment as to any further curtailment that may be necessary and will utilize measures designed to minimize harm to customers if curtailments to plant protection use are found to be necessary.

(4) Consistent with its responsibility to maintain system integrity at all times, the NGDC shall restore service as soon as practicable to any gas-fired electric generation facility that is deemed critical to electric system reliability by the electrical system's control area operator.

(d) Mandatory reductions under subsection (c) shall be for a period specified by the NGDC until further notice. The NGDC may change a customer's authorized usage, upon notice, at any time during an emergency.

(e) Mandatory reductions under subsection (c) shall be for a maximum duration of 5 business days unless extended by Commission order. As an alternative to extending mandatory reductions under subsection (c), the Commission may order the NGDC to initiate priority-based curtailments under subsection (f).

(f) In determining whether to order the NGDC to initiate priority-based curtailments, the Commission will examine whether the NGDC did the following:

- (1) Interrupted all interruptible services.
- (2) Issued operational flow orders.
- (3) Called for voluntary usage reductions by all customers.

(g) Upon issuance of an order to initiate priority-based curtailments, the NGDC shall provide all affected customers the maximum notice possible, via telephone, fax or electronic data interchange, specifying the curtailment

percentage of the customer's firm gas service and resulting allowance as may be the case.

(h) Upon issuance of an order to initiate priority-based curtailments, the available gas supplies to the NGDC should be prorated among its customers in accordance with the following priorities of use:

(1) Customers in a higher priority will not be curtailed until all customers falling into a lower category have been restricted to plant protection use levels, unless operational circumstances or physical limitations warrant a different result.

(2) Where only a partial restriction of a classification is required, implementation should be pro rata.

(3) The pro rata rationing, to the extent practical under the circumstances, will be based on a method set forth in the NGDC's tariff.

(i) Following are the priority categories, listed in descending order, pertaining to the curtailment of firm services:

(1) *Priority 1.* Service for essential human needs use.

(2) *Priority 2.* Firm services not included in essential human needs use.

(j) As part of its natural gas emergency plan, an NGDC may divide any or all of the priority of use categories in subsection (i) into subcategories.

§ 59.74. Utility liability.

(a) Each NGDC may restrict or discontinue service in accordance with this section and §§ 59.71—59.73 and 59.75 without thereby incurring any penalty or liability for any loss, injury or expense that may be sustained by the customer except when the restriction or discontinuation of service is as a result of the NGDC's willful or wanton misconduct.

(b) NGDC liability for actions taken under § 59.73 (relating to emergency action), or to a regulation, policy statement, directive or order issued by the Commission or an emergency order issued by the Governor shall be governed by the following principles:

(1) If an NGDC appropriates natural gas during an emergency action, the NGDC will compensate the applicable entity, whether the customer or the customer's NGS, for the cost of lost, firm gas service. The compensation, in the aggregate, shall equal but not exceed the greater of: the city gate cost of the appropriated natural gas, including transportation charges up to the NGDC's city gate, or the reasonable cost actually paid by the customer for delivered substitute energy, as documented to the NGDC. NGDCs may provide compensation in kind only at the discretion of the affected customer or NGS.

(2) The NGDC will have the right to discontinue service, for the duration of an emergency, to a customer that continues to take gas in violation of the rules found in this subchapter.

§ 59.75. Penalties for unauthorized takes.

The tariff, operating practices, and billing periods of the NGDCs and their suppliers differ significantly. Therefore, each NGDC is permitted to utilize its own appropriate billing periods for calculating pipeline transportation, storage service, and balancing or other penalties and its own tariffed procedure for imposing those penalties on customers who take gas service and NGSs who operate in a manner that is contrary to the rules and regulations of this chapter.

**Rulemaking Re Generic Competitive Safeguards;
Doc. No. L-00990141**

By Order entered November 30, 1999, this Commission initiated a proposed rulemaking proceeding to establish competitive safeguards in furtherance of the provisions of Chapter 30 of the Public Utility Code, 66 Pa.C.S. §§ 3001-3009. The proposed rulemaking order required that comments be filed within 30 days of publication in the *Pennsylvania Bulletin*, which occurred on January 29, 2000. Comments were, therefore, originally due February 28, 2000.

On two separate occasions, this Commission granted extensions for the filing of comments in the above-captioned matter after receiving requests for a stay because of the uncertainty surrounding the pending Global appeals and the relevance their resolution may bear on this rulemaking proceeding. Specifically, the November 30, 1999 Order proposed a Code of Conduct that is modeled closely after the Code of Conduct adopted for Verizon Pennsylvania Inc. (formerly Bell Atlantic-Pennsylvania, Inc.) in the Global Order entered September 30, 1999, at Docket Nos. P-00991648 and P-00991649. The second extension granted by this Commission by secretarial letter dated April 26, 2000, stayed, until further notice, the comment period in the above-referenced matter.

On October 25, 2000, the Commonwealth Court unanimously upheld the Commission's Global Order, including the aforementioned Code of Conduct. On November 22, 2000, Verizon filed a petition for allowance of appeal with the Pennsylvania Supreme Court without further challenging the Commonwealth Court's decision relating to the Code of Conduct. Given this changed circumstance removing the prior uncertainty, we believe it is now appropriate to re-establish a comment period for the proposed rulemaking. We, therefore, direct that comments be filed on or before Friday, February 23, 2001, and that a copy of this letter be published in the *Pennsylvania Bulletin*.

**STATE BOARD OF
NURSING**

[49 PA. CODE CH. 21]

**General Revisions of the Professional Nursing
Provisions**

The State Board of Nursing (Board) proposes general revisions to its regulations governing professional nurses (RNs) in Chapter 21 (relating to State Board of Nursing) to read as set forth in Annex A.

A. Effective Date

The amendments will be effective upon publication of final-form regulations in the *Pennsylvania Bulletin*.

B. Statutory Authority

The Board is authorized to adopt regulations necessary for the administration of its enabling statute under section 2.1(k) of the Professional Nursing Law (law) (63 P. S. § 212.1(k)). Section 6.1 of the law (63 P. S. § 216.1) requires the Board to establish standards for the operation and approval of nursing education programs for the preparation of registered professional nurses.

C. Background and Purpose

The proposed amendments represent the results of the Board's systematic review of its professional nursing regulations. The Board began the review in 1993. The Board held a public hearing in that year to receive public comments from the profession on an early draft of these proposed amendments. The Board continued its review in accordance with the principles and requirements of Executive Order 1996-1 of February 6, 1996. The Executive Order directs executive agencies to evaluate existing regulations and amend and delete regulations as necessary to comply with the order. In accordance with the Executive Order, a draft of this proposal was sent on August 10, 1998, to 27 agencies, associations, health care entities and individuals who have been identified as interested parties or who have expressed an interest in this proposed rulemaking. The Board reviewed these comments at its meeting of November 17, 1998.

The Board seeks in these revisions to eliminate outdated provisions, to standardize and simplify language in provisions that maintain their validity, and to reflect educational, testing and practice developments.

D. Description of Amendments

These revisions would make editorial changes to 31 sections, eliminate 20 sections, and add five new sections. These revisions would also consolidate separate provisions pertaining to baccalaureate, associate degree and diploma programs into one category, nursing education programs, the term used in section 6.1 of the law. Seven new definitions are proposed for § 21.1 (relating to definitions). The content of § 21.26 (relating to failing rate of a school in examination) would be moved to § 21.34(b) (relating to removal from approved list). A new standard for removing nursing education programs based on the failure rate of first-time examinees is proposed. Major substantive changes are also proposed for faculty and staff requirements for a nursing education program.

Major Changes

§ 21.34. Removal from approved list; percentage failure rate in examination.

The Board proposes to reserve § 21.26, move its contents to § 21.34, clarify the procedure for removing a

nursing education program from the approved list, and establish a new standard for removal of a program based on the failure rate for the licensure examination.

One of the criteria used by the Board, as well as many other state boards of nursing, in approving a nursing education program is the passing rate of graduates of the program who take the licensure examination (NCLEX) for the first time. Under the current § 21.26, a nursing education program's status will be downgraded from fully approved to provisionally approved if less than 60% of its graduates pass the NCLEX when they take it the first time.

The amendments would reserve the current § 21.26 and move the criteria for establishing minimum pass rates to § 21.34, which deals with removal of a nursing education program from the Board's approved list. The amendments would cause a nursing education program, beginning 1 year after final rulemaking is implemented, to be downgraded from fully approved to provisionally approved if less than 80% of its graduates pass the NCLEX when they take it the first time. The Board proposes this change for the following reasons.

The Commonwealth's minimum passing rate is the least stringent standard in the Nation when compared with other states that use the NCLEX passing rate as a criterion for approving a nursing education program. Under current standards, a nursing education program will maintain full approval status if more than 60% of its graduates pass the NCLEX on their first attempt. Seven states have established 75% as the minimum passing rate, 13 states have established 80% as the minimum, and six states have established 85% as the minimum. (National Council of State Boards of Nursing, Inc., Profiles of Member Boards-1996)

For the examination year October 1, 1997, to September 30, 1998, only 10 of 56 jurisdictions had NCLEX performance rates below that of this Commonwealth. The 10 jurisdictions are American Samoa (four candidates), Delaware, District of Columbia, Guam, Illinois, New York, Northern Mariana Islands (10 candidates), Puerto Rico and Virgin Islands. The overall pass rate for first time examinees applying for licensure in this Commonwealth who were educated in programs in this Commonwealth during the examination year October 1, 1997, to September 30, 1998, was 80.6%. The overall pass rate for the United States in the same period was 85.3%. When this Commonwealth's pass rate is broken down according to type of program, the pass rate for graduates of associate degree programs was 79% (1,075 of 1,355 examinees), baccalaureate degree programs, 80% (1,157 of 1,452), and diploma programs, 84% (717 of 853).

Under the current standards, the nursing education programs in this Commonwealth can maintain full approval status. If the amendments were in effect, 11 of 22 associate degree programs, 17 of 32 baccalaureate degree programs and six of 26 diploma programs would be on provisional status. These programs would have to improve the performance of their graduates on the NCLEX to return to full approval status.

The Board believes that the minimum passing rate for this Commonwealth's programs should be consistent with the rest of the Nation. Programs will be motivated to improve if the minimum passing rate required for maintaining full approval is increased. The Board believes that a number of programs are not providing sufficient support services for students which results in lower pass rates for their graduates. It is the Board's understanding

that programs with higher pass rates do not have more resources available to them than programs with lower pass rates.

The proposed amendments to § 21.34(a) also clarify the procedure for removing a nursing education program from the approved list. Under the current § 21.34, the Board gives "sufficient" notice of its intent to remove a program. The proposed amendment will provide 90 days notice to the program.

§ 21.71. Faculty and staff requirements for baccalaureate and associate degree programs.

The current § 21.71(b)(1) requires the director of a baccalaureate degree program to hold a master's degree in nursing and either an earned doctorate or a specific plan for completing the doctorate, and to have experience in nursing practice, nursing education within an institution of higher education and educational administration. The amendment to § 21.71(b) would require the nurse administrator of a baccalaureate nursing education program who is employed for the first time 1 year after the implementation of final rulemaking to hold an earned doctorate with a nursing major at either the master's or doctoral level. The nurse administrator will also be required to have experience in the areas of administration (not necessarily educational administration), nursing practice and nursing education within an institution of higher education.

The proposed requirement that the nurse administrator of a baccalaureate nurse education program have a doctorate reflects the current standard in nursing education. The nurse administrators of 30 of this Commonwealth's 32 baccalaureate degree programs hold doctorates. The remaining two programs would not be required to comply with the doctoral standard until there is a change of nurse administrator. When the current regulation went into effect in 1983, few nurses held doctorates. Today nurses holding doctorates are available.

The current §§ 21.71(b)(2) and 21.74 (relating to faculty and staff requirements for diploma programs) require the director of an associate degree program or a diploma program to hold a master's degree in nursing and have experience in the areas of nursing practice, nursing education and educational administration. Additionally, a candidate without a master's degree who has made outstanding contributions to nursing education may, at the discretion of the Board, serve as the director of a diploma program.

Under the proposed amendments, the nurse administrator of an associate degree or diploma program will still be required to hold a master's degree in nursing and have experience in the areas of nursing practice, nursing education and administration (although not necessarily educational administration). The Board will no longer require that a candidate for the position of nurse administrator of any educational program have administrative experience in the field of education. The Board is of the opinion that such a requirement is unnecessarily restrictive and that administrative experience gained outside of education is acceptable. Under the proposed amendments, a diploma program will no longer have the option of seeking Board approval for a candidate who lacks the required master's degree but who has made outstanding contributions to nursing education.

The current §§ 21.71(a)(5) and 21.74(a)(3) require that the faculty members of all types of program have a master's degree in nursing with graduate preparation relevant to their clinical areas of responsibility. Under the

proposed amendments in § 21.71(a)(6), every faculty member will be required to have a master's degree in nursing or an earned doctoral degree in nursing with graduate preparation and clinical experience relevant to their clinical areas of responsibility. Under both the current regulations and the proposed amendments, nursing education programs may apply to the Board for permission to employ a faculty member without a master's degree in nursing for up to 5 years if qualified candidates are not available.

Section 21.71(b)(9) is being added to authorize clinical preceptors to guide nursing students in clinical activities. Under current regulations, only a faculty member could guide students in clinical activities. The Board believes the current regulation is unnecessarily restrictive.

§§ 21.61—21.126. Reorganization and consolidation of provisions pertaining to nursing education programs.

These amendments would consolidate the separate and sometimes repetitive provisions pertaining to baccalaureate, associate degree and diploma programs into one category under the statutory phrase, "nursing education programs." This consolidation simplifies the organization of the regulations and makes clear that the Board's approval of any program, whether a baccalaureate, associate degree or diploma, assures that the program provides the minimal education necessary for licensure. Section 21.61 will contain the organizational requirements for all three types of programs. Section 21.71 will contain the faculty and staff requirements for all three types of programs.

The proposed rulemaking makes clear that the nursing education program faculty will be on the same footing as other faculty in the institution (§ 21.61(b)), that the administrative responsibility for the program must be in the nurse administrator (§ 21.61(f)), that the nurse administrator and the faculty will be required to conduct periodic evaluations of the program (§ 21.61(g)), and that the faculty must formulate all policies that relate to the operation of the nursing education program (§ 21.61(k)).

Under the heading "Student Services" the Board proposes to delete §§ 21.112, 21.113 and 21.115 (relating to student employment; student housing; and financial aid). The Board has had a minimal role in these areas; these regulations are obsolete. The Board does not believe that it can lawfully regulate student employment. Most diploma programs do not provide student housing. Housing for baccalaureate and associate degree programs is established and regulated on an institution-wide basis and regulated by the colleges themselves. Financial aid programs are regulated by other state and Federal agencies.

As a result, of this reorganization it will be possible to delete §§ 21.62, 21.63, 21.74—21.76 and 21.81—21.89. New §§ 21.90, 21.90a—21.90c and 21.131 will be added to cover curriculum, educational and program evaluation criteria for all three types of programs. Additionally §§ 21.61, 21.71—21.73, 21.91, 21.101—21.103, 21.114, 21.118, 21.121—21.122 and 21.124—21.125 will be revised either for editorial improvement or to reflect current terminology appropriate to all nursing education programs and current practice.

Other Changes

§§ 21.21—21.23. Applications for examination.

The conversion of NCLEX from a "pencil and paper" examination to computer adaptive testing (CAT) on April 1, 1994, requires changes to §§ 21.21 and 21.23 and allows the deletion of § 21.22. Prior to CAT, the examina-

tion was scheduled a few times a year. The current § 21.21(a) (relating to application for examination) authorizes the applicant to submit an application during the last term of the nursing program to be scheduled to take the next examination, as long as the applicant completed the program before taking the examination. Under CAT, the examination can be administered on 6 days of the week on a date and at a location chosen by the applicant. It is no longer necessary for the Board to receive applications before the applicant actually completes the program because under CAT, after the applicant completes the nursing education program, the applicant may submit the application and take the test when the applicant wishes.

Section 21.22 (relating to date and location of examinations) may be deleted because under CAT it is no longer relevant. Section 21.23(a) is modified to remove the potential implication that the examination must be handwritten.

§ 21.27. Temporary Practice Permits.

The current § 21.27 (relating to unlicensed candidate) is based on earlier law which provided for a graduate of a nursing education program to practice as a graduate nurse for 1 year. The proposed amendments to § 21.27 reflects the addition of section 4.1 of the law which requires that graduates obtain a temporary practice permit during the 1-year period from completion of the person's nursing education program or from the date a licensee of another jurisdiction of the United States or Canada files an application for a license from the Commonwealth.

§ 21.28. Licensure By Endorsement.

Section 7(a) of the law authorizes the Board to issue a license without examination to an applicant who has completed a course of study equivalent to that required in this Commonwealth and who is licensed by examination in another jurisdiction of the United States or Canada. The proposed amendment to § 21.28 (relating to licensure by endorsement) brings the Board's regulation pertaining to endorsement into harmony with the law. The proposed amendment identifies those who are licensed by examination in Canada as among those who would be eligible for licensure by endorsement. The proposed amendment also recognizes that the licensure examination in Canada is not NCLEX. The current regulation in § 21.28(a) would authorize licensure by endorsement to a Canadian educated nurse only if the nurse passed NCLEX. NCLEX, however, is not employed as a licensing examination in Canada. The proposed amendment makes it clear that the Canadian examination will support licensure by endorsement for nurses who have been educated and obtained licensure in Canada.

§ 21.29. Expiration and renewal of license.

The recitation of the schedule for renewing licenses in subsection (a), published in 1985, and now in effect for over a decade, is eliminated in this proposed rulemaking and replaced with the simple statement that licenses shall be renewed biennially. Nurses have actual knowledge of the expiration and renewal date of their licenses because the expiration date is printed on their licenses and wallet cards. Renewal applications are sent to nurses 2 months before their licenses expire.

§ 21.30. Registered nurses licensed outside of the United States, its territories or Canada.

Section 21.30(b) may be eliminated because it is obsolete. This provision authorized a graduate nurse licensed in another country to participate in an approved

exchange-visitor program or in an accredited graduate program in nursing for 2 years without a license and compensation. These programs have not been available for a decade. Moreover, the Board is not aware of any barrier that would prevent a credentialed graduate nurse licensed in another country from either obtaining licensure in this Commonwealth or participating in a nursing education program.

The current § 21.30(c) requires an applicant from a nondegree granting institution outside of the United States or Canada to obtain a certificate of preliminary education through the Department of Education. This provision may be deleted as obsolete. Since January 1, 1995, the Department of Education ceased evaluating foreign credentials for professional licensing boards. The Board itself under the authority of section 6 of the law makes the determination that an applicant has completed work equal to a standard high school course.

§ 21.31. Compliance Reviews of Nursing Education Programs.

The amendment to § 21.31 would replace “survey visits” of nursing education programs with “compliance reviews” and announce that a compliance review of every basic nursing education program will be conducted at least once every 3 years.

Section 6.1 of the law requires an approved nursing education program to submit an annual report to the Board and that a site visit of the program be made at least once every 3 years to assure that the program maintains acceptable standards. Since 1995, the Board has been accepting the accreditation reviews of the National League of Nursing Accreditation Association (NLN), which include site visits, in place of site visits made by Board personnel. The onsite evaluations conducted by the NLN are in accordance with standards acceptable to the Board. The Board still conducts site visits every 3 years to nursing education programs which do not have NLN accreditation. Every nursing education program continues to submit an annual report to the Board and a compliance review every 3 years. A recognized National accreditation survey assures that an approved nursing education program continues to meet Board standards. This change is reflected in the amendments to § 21.31.

Section 6.2 of the law requires the Board to annually prepare and make available a list of all approved programs. The new § 21.31(b) tracks this provision.

§ 21.33. Types of approval.

The Board grants initial approval to a new program, full approval to a program that maintains acceptable standards and provisional approval to a program that does not meet acceptable standards. Under the current § 21.33(c), a program not meeting acceptable standards could remain on provisional status for up to 2 years. This provision also provides for removing a nursing education program from the list of approved programs if it does not meet acceptable standards. The amendment would allow for more flexibility in both restricting and correcting programs not meeting acceptable standards. The amendment would eliminate the 2-year maximum time period and enable the Board to set a specific time for a program to comply with Board requirements. The amendment also provides notice that a nursing education program downgraded to provisional status may be restricted from establishing new satellite campuses or offering alternative scheduling plans.

§ 21.51. Establishment of a nursing education program.

Most of the proposed changes to this section attempt to clarify the process under which a new program obtains approval from the Board. Under both the current and proposed rulemaking, the program first submits a feasibility study (§ 21.51(b)(1)—(4) of the current regulations, § 21.51(b)(1)—(2) of the proposed rulemaking). After the feasibility study is approved by the Board, the program submits an educational plan (§ 21.51(b)(5) of the current regulations, § 21.51(b)(3) of the proposed rulemaking). The distinction between the feasibility study and the educational plan is clarified in the amendment (proposed § 21.51(b)(3)).

Aspects of the current regulation which appeared subjective and not subject to enforcement, § 21.51(b) (relating to compatibility of the philosophy of the parent institution) will be deleted. Similarly, provisions which appear to place restraints on the establishment of a new program based on the “need” for a program, assurances of an “adequate supply and flow of interested candidates” and impact on other nursing programs are also deleted. (See, § 21.51(b)(1)(i)—(iii).) The amendments require the feasibility study for the establishment of a new nursing education program to demonstrate that the program has an appropriate curriculum, the necessary hours of instruction, adequate academic and clinical resources and reasonably committed financial resources.

After the Board approves a feasibility study, a new nursing education program will be required to submit a report at least 8 months before students are admitted. The report must include an outline of the administrative structure of the new program, a job description for each faculty position, a statement of philosophy and objectives, admissions policies, a 4-year budget projection and information about various agencies which will provide supervised clinical experience for the nursing students.

Under the current regulations the new education program must employ the faculty at least 1 semester before they start teaching. (See § 21.51(b)(6).) The proposed amendment deletes this costly requirement and implicitly authorizes a new program to employ the faculty when it becomes necessary.

The current regulations treat the change of ownership of a nursing education program as the establishment of a new program, requiring a new feasibility study. (See § 21.51(c).) The proposed § 21.51(d) recognizes that a change in ownership may not result in any change to a program and, in such a situation, only requires the administrator of the program to inform the Board of a change in ownership.

§ 21.72. Faculty policies.

A proposed amendment to § 21.72(f) will require faculty members to maintain a record of participation in continuing education, self-development and other activities which promote the maintenance of expertise in their teaching area. While many professionals maintain the records as part of their resume, this proposed rulemaking makes the recordkeeping mandatory.

§§ 21.90—21.90b. Curriculum, philosophy, purposes and objectives; core curriculum requirements; and general education criteria.

These provisions require types of nursing education programs to formulate a statement of philosophy and purpose, to have a curriculum which addresses the areas of entry level nursing practice identified in the job analysis of the National Council of State Boards of

Nursing and to stress critical thinking. These provisions replace the current §§ 21.81, 21.82 and 21.84—21.89.

§ 21.90c. Changes requiring Board approval.

This section would replace the current § 21.83. The proposal makes clear that major changes to curriculum require Board approval and simplifies the procedure for obtaining Board approval.

§ 21.91. Facility and resource requirements.

The proposal simplifies this provision, eliminating requirements that are subjective (such as, the “facilities shall be attractive”) and not subject to the Board’s enforcement jurisdiction or expertise (such as, “effective lighting, adequate heating and ventilation”), but rather are under the jurisdiction of other agencies.

§ 21.114. Counseling and guidance.

Current regulations encourage student counseling programs to include personal, professional and academic counseling and referral of students to appropriate counselors. Under the proposed amendments, these services will be required.

§ 21.122. Record maintenance.

The current regulations require a nursing education program to keep student records “ad infinitum.” The proposed amendment reduces this time to 50 years. The proposed amendment will require that minutes of organizational and faculty meetings, annual reports and program evaluations be retained for 10 years and budgets for 3 years. The current regulations do not specify how long these records should be kept.

§ 21.124. Records to be filed with the Board.

The proposed § 21.124(b) is simplified because the only information that a nursing education program need provide the Board consists of a list of those who completed the program and are eligible for a temporary practice permit. The student submits the application.

§ 21.131. Evaluation.

The proposed amendment requires each nursing education program to perform self-evaluations which examine the program’s administration, faculty, curriculum, facilities and student policies.

E. Fiscal Impact and Paperwork Requirements.

Some of the provisions of this proposed rulemaking are likely to have a fiscal impact. It is not possible to estimate the impact with any likelihood of precision. The proposal in § 21.34 to downgrade the status of a nursing education program from full approval to provisional approval based on the performance of graduates on the licensure examination may increase costs for those programs which may have to increase student support services to raise the passing rate of its graduates. An increase in the passing rate will have a beneficial fiscal impact on students, possibly offsetting school costs.

The change proposed in § 21.31 from routine site visits of nursing education programs performed by Board staff to compliance reviews based on NLN accreditation site reviews every 3 years will result in savings to both the Commonwealth and to the nursing education programs. The Commonwealth benefits from saving staff time because staff no longer have to visit sites. The programs benefit by not having to prepare for two similar onsite surveys.

The change proposed in § 21.51(b)(6), which no longer requires a new nursing education program to hire the

faculty 1 semester before they start teaching, will result in savings to the private sector and public institutions.

The change proposed in § 21.51(c), which will no longer consider a change of ownership of a nursing education program as the establishment of a new program, will result in savings to the private sector. Under the proposal, the program will only have to inform the Board and not prepare a new feasibility study.

F. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

G. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 25, 2001, the Board submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC), the House Committee on Professional Licensure and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed rulemaking, the Board has provided the Committees and IRRC with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, “Regulatory Review and Promulgation.” A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Board within 10 days of the close of the Committees’ review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of the objections prior to final publication of the regulations by the Board, the General Assembly and the Governor.

H. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to Martha Brown, Counsel, State Board of Nursing, P. O. Box 2649, Harrisburg, Pennsylvania 17105-2649 within 60 days following publication for the proposed rulemaking in the *Pennsylvania Bulletin*. Please reference (16A-516) General Revisions when submitting comments.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 21. STATE BOARD OF NURSING

GENERAL PROVISIONS

§ 21.1 Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Accredited program—A nursing education program which has been approved by an accrediting agency in nursing recognized by the United States Department of Education.

* * * * *

Agency data form—A form provided by the Board which is used to collect demographic and other necessary information relevant to the clinical experience of nursing students at a cooperating clinical agency.

* * * * *

Clinical preceptor—A professional nurse associated with a cooperating clinical agency who guides a nursing student in designated clinical learning activities after the student has received appropriate didactic and clinical instruction.

Compliance review—A process of self-evaluation by the nursing education program pursuant to guidelines of the Board, which may also include a site visit by professional Board staff for the purpose of determining compliance with Board regulations.

Cooperating clinical agency—A facility which enters into a written agreement with a nursing education program or controlling institution to provide nursing students with supervised clinical experience.

* * * * *

NCSBN—National Council of State Boards of Nursing.

* * * * *

Satellite or branch campus—A dependent part of a nursing education program established at a location other than that of the originally approved site. The satellite or branch campus offers a majority of the courses of the originally approved program.

* * * * *

§ 21.2 Scope.

(a) The Board administers the act by providing rules and regulations on standards for nursing [schools and the conduct of the] education programs.

(b) The Board provides for licensure of graduate nurses from approved [schools] nursing education programs by examination[,]. The Board also provides for licensure of nurses by endorsement and by renewal of licenses.

(c) The Board has the [right] authority to establish rules and regulations for the practice of nursing.

(d) The Board may suspend or revoke licenses for cause as well as impose civil penalties.

(e) The Board will approve [basic] nursing education programs conducted in hospitals, colleges[,] and universities[; approve foreign exchange visitor programs; and promulgate] and compile a list of approved programs.

(f) The Board will [approve applications] provide for inactive status under section 11(b) of the act (63 P. S. § 221).

* * * * *

§ 21.3 Purposes of the Board.

[The Board will insure safe nursing services for the citizens of this Commonwealth.] The purpose of the Board is to assure the public health, safety

and welfare of the residents of this Commonwealth. Embodied in this purpose are the following responsibilities:

(1) To establish safe minimum standards for the preparation of registered and practical nurses in approved [educational] nursing education programs.

(2) To assure safe standards of nursing practice through examination and licensure of graduates of approved [educational] nursing education programs, through endorsement of registered and practical nurses from other jurisdictions, and through the regulation of the practice of nursing in this Commonwealth.

LICENSES

§ 21.21. Application for examination.

(a) An application for the licensing examination [without transcript] together with the required fee in the form of a check or money order may be submitted [during the last term] to the Board office upon completion of the nursing education program. [The applicant will be scheduled for the subsequent examination.]

* * * * *

(c) A copy of the transcript for out-of-State candidates validating program completion shall be filed [at least 2 weeks prior to the testing dates in the Board office] in the Board Office.

[(d) The Board will not proctor an applicant for another state board. The Board will not permit an applicant for Commonwealth licensure to be proctored by another state board.]

§ 21.22. [Date and location of examinations] (Reserved).

[(a) The Board conducts licensing examinations at least twice a year.

(b) A list of examination dates and locations are published annually.]

§ 21.23. Qualifications of applicant for examination.

(a) An applicant shall pass [a written] an examination as provided by the Board.

APPROVAL OF [SCHOOLS OF] NURSING EDUCATION PROGRAMS

§ 21.31. [Surveys] Compliance reviews; list of approved schools.

(a) [**Survey visits are made**] A compliance review of every basic nursing [**programs conducted in hospitals, colleges or universities of exchange visitor programs and of cooperating agencies. In this section, "cooperating agency" means an educational institution or health care delivery system which cooperates with the controlling institution. The survey**] education program approved in this Commonwealth shall be conducted at least once every 3 years. A report is presented to the Board and a written report of recommendations or requirements, or both, is sent to the [**school, college or university**] nursing education program. A site compliance visit may be made at the discretion of the Board and will be made at least once every 3 years to a nursing education program which is not accredited.

(b) [**Classified lists of approved schools of nursing and of exchange visitor programs are compiled and published annually and are made available for distribution.**]

(c) A list of approved cooperating agencies that provide educational programs for schools of nursing is compiled and published annually and is made available for distribution.]

The Board will compile and publish annually a list of approved nursing education programs located in this Commonwealth.

§ 21.32. Objectives of the approval process.

[**Nursing schools in this Commonwealth are approved to effectuate the following**] The purpose of the Board's approval process for nursing education programs is to make certain that each approved nursing program meets the following objectives:

(1) Safeguard the [**preparation**] quality of [**nurses**] nursing education programs and assure safe minimum standards of nursing practice in this Commonwealth.

(2) Stimulate and maintain continued growth and improvement of professional nursing education in this Commonwealth.

(3) [**Guide prospective students in the selection of approved schools which offer adequate resources for sound basic nursing education.**]

(4)] Assure the graduates of professional nursing education programs of eligibility for admission to examination for licensure.

[(5)](4) Assist graduates of [**schools of**] nursing education programs in this Commonwealth to qualify for licensure by endorsement in other jurisdictions.

§ 21.33. Types of approval.

The Board will grant initial, provisional or full approval status to a nursing education program contingent upon compliance with this chapter, and may require progress reports or other information deemed necessary for the evaluation of the program.

[(a)] (1) *Initial.* The Board may grant initial approval to a new [**schools**] nursing education program, with evidence that acceptable standards are being met, for a period of time necessary to evaluate the results of the licensing examination taken by the first graduates.

Board action to grant initial approval authorizes a nursing education program to recruit students.

[(b)] (2) *Full.* The Board will place on full approval [**those schools**] a nursing education program which [**attain**] attains and [**maintain the**] maintains acceptable standards and [**adhere**] adheres to the policies and regulations of the Board [**considered essential for a sound program of nursing education.**]

[(c)] (3) *Provisional.* The Board may place on provisional approval a [**school**] nursing education program not meeting [**the**] acceptable standards. [**A period of 2 years will be the maximum time allowed for the correction of deficiencies resulting in provisional approval.**] If the standards are not met within [**this designated time**] the time designated by the Board, the [**school**] program will be removed from the approved list as provided in § 21.34 (relating to removal from approved list; percentage failure rate in examination). A nursing education program placed on provisional status may be restricted from establishing new satellite campuses or offering alternative scheduling plans until the program resumes full approval status.

§ 21.34. Removal from approved list; percentage failure rate in examination.

(a) *Notice of intent.* The Board will give [**sufficient notification of intent of removal from the approved list and provide an opportunity for school officials to show cause as to why approval should not be withdrawn**] 90 days notice of its intent to remove a nursing education program from the approved list and will provide an opportunity for the program to show cause why approval should not be withdrawn.

(b) Removal based on failure rate.

(1) Until _____ (*Editor's Note: The blank refers to a date 1 year after the effective date of adoption of this proposal.*), a nursing education program will be placed on provisional approval status if, in one examination year, 40% or more of its graduates taking the licensure examination for the first time fail the examination.

(2) Beginning _____ (*Editor's Note: The blank refers to a date 1 year after the effective date of adoption of this proposal.*), a nursing education program will be placed on provisional approval status if, in one examination year, 20% or more of its graduates taking the licensure examination for the first time fail the examination.

(3) An examination year is the period beginning October 1 of one year through September 30 of the following year.

(4) The Board may consider additional documented statistics concerning the examination scores received in other states by Commonwealth graduates in determining the approval status of the program.

DISCONTINUANCE OF A [**SCHOOL OF**] NURSING EDUCATION PROGRAM

§ 21.41. Notification: completion of program; records.

(a) Written notification of intent to discontinue a nursing education program [**of nursing**] shall be submit-

ted to the Board within a reasonable time, but not less than 6 months prior to discontinuance.

(b) When a class is not admitted in a given year, the nursing **education** program shall close unless approval has been granted by the Board based on the justification for continuation submitted to the Board.

(c) If a **nursing education** program is discontinued, it is the responsibility of the controlling institution to provide for the completion of the program for students currently enrolled, either by placing the students in an approved program or continuing the enrolled classes until completion. If the program is continued until completion, approved and qualified instruction shall be assured. A controlling institution is a university, college or hospital which conducts programs of education in nursing.

STATE BOARD OF VEHICLE MANUFACTURERS, DEALERS AND SALESPERSONS

[49 PA. CODE CH. 19]

Consignment Sales

The State Board of Vehicle Manufacturers, Dealers and Salespersons (Board) proposes to amend its regulations by adding a new section in § 19.19 (relating to consignment sales) to read as set forth in Annex A.

The proposed regulation would establish requirements for licensed vehicle dealers who wish to sell vehicles on a consignment basis without holding a vehicle auction license.

Effective Date

The amendment will be effective upon final publication in the *Pennsylvania Bulletin*.

Statutory Authority

The amendment is authorized under section 4 of the Board of Vehicles Act (act) (63 P. S. § 818.4).

Background and Need for the Amendment

The proposed amendment effectuates the 1996 amendments to the act relevant to consignment sales and brokering. The 1996 amendments to the act changed the definition of vehicle brokering to permit licensed vehicle dealers to act as vehicle brokers, provided that vehicle dealers do not need to hold a vehicle auction license in order to sell a vehicle on a consignment basis. The proposed regulation would establish requirements for vehicle dealers who wish to sell vehicles on consignment.

The requirements to be established by the proposed regulation protect both vehicle dealers, consignors and buyers of vehicles on consignment. First, the proposed regulation requires a written agreement between the vehicle dealer and the consignor. The agreement must set forth crucial information including the identification of the vehicle, the terms of the sale and the terms of insurance coverage during the period of consignment. These requirements protect both the vehicle dealer and the consignor by assuring that both parties understand these important terms.

The agreement must also set forth any warranties extended by the consignor to the buyer, the names and addresses of any lien holders, and any material facts relative to the condition of the vehicle. These provisions protect the potential buyer, because, once aware of this information, the dealer is under an obligation to disclose the information to the buyer. In addition, the proposed regulation requires dealers to disclose to potential buyers that the vehicle is held on a consignment basis.

The agreement must contain a copy of the current registration card or title. This provision protects both the vehicle dealer and buyer by offering some assurance of legal ownership of the consignment vehicle. The proposed regulation establishes provisions relative to possession of the actual title to the consigned vehicle, assuring that the buyer can obtain title to the vehicle.

Finally, the proposed regulation directs vehicle dealers to assure their compliance with all applicable State and Federal law in the consignment sale of a vehicle.

Description of Proposed Amendments

The proposed regulation permits a licensed dealer to engage in consignment sales without being licensed as a vehicle auction, if the dealer meets certain requirements that insure consumers are protected from unscrupulous consignors and insure consignors are protected from unscrupulous dealers.

Compliance with Executive Order 1996-1, Regulatory Review and Promulgation

The Board sent this proposed regulation to dealer organizations as required under the directives of Executive Order 1996-1 "Regulatory Review and Promulgation." In addition, the Board considered the impact the regulation would have on the regulated community and on public safety and welfare. The Board finds that the proposed regulation addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

Fiscal Impact and Paperwork Requirements

The regulation will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The fees will have a modest fiscal impact on those members of the private sector who apply for services from the Board. The regulation will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

Sunset Date

The Board continuously monitors the cost effectiveness of its regulations. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of this proposed regulation on January 31, 2001, to the Independent Regulatory Review Commission (IRRC) and the

Chairpersons of the House Professional Licensure Committee and Senate Consumer Protection and Professional Licensure Committee for review and comment. In addition to submitting the proposed regulation, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1. A copy of this material is available to the public upon request.

If IRRC has any objections to any portion of the proposed regulation, it will notify the Board within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The act specifies detailed procedures for review, prior to final publication of the regulation, by the Board, the General Assembly and the Governor of objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Board Administrator, State Board of Vehicle Manufacturers, Dealers and Salespersons, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

ROBERT G. PICKERILL,
Chairperson

Fiscal Note: 16A-601. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 19. STATE BOARD OF VEHICLE MANUFACTURERS, DEALERS AND SALESPERSONS

§ 19.19. Consignment sales.

(a) A licensed dealer shall be permitted to engage in consignment sales without being licensed as a vehicle auction, subject to the following requirements:

(1) The dealer shall maintain at the lot where the vehicle is displayed a copy of a written consignment agreement with the consignor, including:

- (i) The name and signature of the consignor.
- (ii) The make, model, year, vehicle identification number and license plate number of the vehicle.
- (iii) The terms of sale, including the minimum selling price (if any) and the amount of or formula for determining the dealer's commission.

(iv) The terms of insurance coverage during the period of consignment, including the name, address and telephone number of the consignor's insurance agent, if any.

(v) An express identification of any warranties extended by the consignor.

(vi) The name and address or telephone number of all current lien holders, together with the account number for each lien.

(vii) Any material facts relative to the vehicle, including accident history, vehicle condition and odometer disclosure.

(viii) A copy of the current registration card or title.

(2) The dealer need not possess the title while displaying the vehicle, but shall provide the executed title by the time of delivery of the vehicle to the buyer.

(3) The dealer shall have the title of the vehicle assigned from the consignor to the dealer prior to applying for title in the name of the buyer.

(4) Whenever a vehicle on consignment is shown to a potential buyer, the dealer shall disclose to that potential buyer that the vehicle is held on consignment and is not owned by the dealer.

(b) In all activities involving the consignment sale of a vehicle, the dealer shall comply with applicable Federal and State law.

NOTICES

DEPARTMENT OF AGRICULTURE

Repeal of Quarantine

Under the authority granted it under § 2104 of the Agriculture Code (3 Pa.C.S. § 2104), the Pennsylvania Department of Agriculture established a limited Quarantine in an effort to keep the "small hive beetle" scientifically designated *Aethina tumida*, from entering the Commonwealth. The Order of Quarantine took effect on March 2, 1999, and was published at 29 Pa.B. 1401 (March 19, 1999). This Notice repeals that Order of Quarantine.

Background

At the time the referenced Order of Quarantine was issued, small hive beetles were not known to be present in this Commonwealth, and were thought to be present only in Florida, Georgia, South Carolina and North Carolina. Since that Order of Quarantine took effect, though, small hive beetles have become established in this Commonwealth, New York, New Jersey and Ohio.

In light of the widespread presence of the small hive beetle in the Commonwealth and surrounding states, the

conditions of quarantine set forth in the Order of Quarantine are no longer effective or practical in addressing the problems posed by that insect. The best approach to combating small hive beetles in the Commonwealth is to promote hygienic beekeeping practices. Small hive beetles tend to damage weak bee colonies and honey awaiting extraction from combs. The Beekeeping Advisory Committee met in November of 2000 and voted its unanimous support for the repeal of the Order of Quarantine and the promotion of hygienic beekeeping practices to combat the small hive beetle.

The Bee Law provisions (3 Pa.C.S. §§ 2101—2117) of the Agriculture Code provide authority for this Order.

Order Repealing Quarantine

The Quarantine Order issued by the Department of Agriculture on March 2, 1999 (and published at 29 Pa.B. 1401 (March 19, 1999)) with respect to the small hive beetle is hereby repealed.

This Order is effective January 24, 2001, and shall remain in force until further notice.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and the Pennsylvania Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I below, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise below, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at 1-800-654-5984.

Application No. PA 0012319, SIC Code 5169, Industrial Waste, **Textile Chemical Company, Inc. (Pottsville Pike Facility)**, Pottsville Pike and Huller Lane, Reading, PA 19612.

This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Schuylkill River in Watershed 3-C, in Ontelaunee Township, **Berks County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was Pottstown Borough Authority on the Schuylkill River located in Pottstown Borough, Berks County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001-MP 101 for a design flow of 0.005 MGD are:

PART II PERMITS**

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted above the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**LAND RECYCLING AND
 ENVIRONMENTAL REMEDIATION
 UNDER ACT 2, 1995**

PREAMBLE 1

**Acknowledgment of Notices of Intent to Remediate
 Submitted Under the Land Recycling and Environmental
 Remediation Standards Act (35 P. S.
 §§ 6026.101—6026.908)**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An

acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will

be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NONMAJOR SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing

the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice, and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521 and § 127.424, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V Operating Permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management using the appropriate Regional Office telephone number noted below. For additional information, contact the appropriate Regional Office noted below.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the Regional Office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person(s) submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's

newspaper advertisement, as provided by 25 Pa. Code §§ 77.121–123 and 86.31–34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity, and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received Under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS & ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E23-409. Paper Mill Holding Company, Ltd. 110 Gallagher Road, Wayne, PA 19087. Newtown Township, **Delaware County**, ACOE Philadelphia District.

To maintain fill which was placed in approximately 800 linear feet of an unnamed tributary to Hunters Run (CWF) and 0.06 acre of adjacent wetlands (PEM) by the previous land owner. The application also includes a proposal to remove fill and restore 0.21 acre of wetland (PEM) and mitigate 0.07 acre of wetland (PEM). The site is located along the western side of Newtown Road (SR 0252) approximately 500 feet north of the intersection of Gradyville Road (SR 1048) and Newtown Road (Media, PA Quadrangle N: 18.05 inches; W: 3.3 inches).

E46-633. Washington Street Associates II, L.P., 700 South Henderson Road, King of Prussia, PA 19406. Conshohocken Borough, **Montgomery County**, Philadelphia ACOE.

To amend permit E46-633 to include the following construction activities associated with the proposed Millennium Institute for Corporate Excellence Project, a mixed use residential/commercial development and waterfront open space development along approximately 1,400 linear feet of the Schuylkill River (WWF-MF) and within the 100 year floodway.

1. To remove a 14,000 square foot wooden deck associated with the an existing floating restaurant barge, and to construct and maintain 274 linear feet of 36-inch RCP enclosure, appurtenant fill and endwall in and along a remnant section of the abandoned Schuylkill Canal.

2. To construct and maintain a public open space area which will include a 1,360 linear-foot extension of the Conshohocken River Walk Public Trail System, an ice skating rink, public promenade area, 90 linear feet of concrete stairway access to the river, benches, landscape maze, formal garden with fountain, and a basketball court.

3. To construct and maintain approximately 1,360 linear feet of soldier pile bulkhead wall along the bank of the Schuylkill River.

4. To install and maintain two 36-inch CMP storm water outfall structures, which will extend through the proposed soldier pile bulkhead wall.

5. To perform grading within the 100-year floodway associated with the construction of parking areas.

6. To construct and maintain a 25-foot wide boat ramp along the Schuylkill River at the terminus of Cherry Street.

This project is located approximately 1900 feet downstream of the Fayette Street Bridge, and is bounded by Ash Street, Washington Street, and Cherry Street (Norristown, PA Quadrangle N: 13.0 inches; W: 7.25 inches).

E46-884. Springford Country Club, Country Club Road, Royersford, PA 19468. Limerick Township, **Montgomery County**, ACOE Philadelphia District.

To perform the following activities associated with the restoration of the Spring Ford Country Club Reservoir:

1. To construct and maintain a forebay area where the creek enters the reservoir by installing an approximately 6-foot high gabion wall.

2. To install and maintain an approximately 3-foot high gabion wall associated with stabilization of the existing eroded banks along portion of the west shoreline.

This work also includes the removal of the accumulated sediment from the reservoir located within unnamed

tributary to Mingo Creek (WWF) in order to maintain the original impoundment capacity of the reservoir. The applicant also proposes to remove the former footbridge foundation pilings from the middle of the reservoir. The site is located approximately 1,500 feet northeast of the intersection of Royersford Road and Reifsnnyder Road (Phoenixville, PA USGS Quadrangle N: 13.8 inches; W: 4.4 inches).

APPROVALS TO USE NPDES AND/OR OTHER GENERAL PERMITS

The following parties have submitted: (1) Notices of Intent (NOIs) for Coverage Under (1) General NPDES Permit(s) to Discharge Wastewater into the Waters of this Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations. Monitoring, reporting requirements and other conditions set forth in the general permit: (2) General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; (3) General NPDES Permit Authorizing the Discharge of Stormwater Associated with Construction Activities to Waters of this Commonwealth.

The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The Department of Environmental Protection approves the following coverage under the specific General Permit.

The EPA Region III Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes Barre, PA 18711-0790.

Plan Location:

Borough or Township	Borough or Township Address	County
Waymart Borough Canaan Township	P. O. Box 280, Waymart, PA 18472	Wayne

Plan Description: The Plan Revision provides for expansion of the existing Waymart Area Authority (WAA) Sewage Treatment Plant (STP) to treat combined sewage

flows from a proposed Federal Prison, the existing S.C.I. - Waymart Prison, and WAA customers. The new Federal Prison will be located in Canaan Township on the south side of the Owego Turnpike along S.R. 296. The design capacity of the upgraded treatment plant is 715,000 gpd, and the existing STP at S.C.I. Waymart is to be abandoned. The treated effluent will be pumped approximately 12,500 ft. downstream of the existing outfall location, to a new location below both Lake Ladore and Keen Pond on Van Auken Creek. A proposed pump station and collection sewer will convey wastewater from both the existing and proposed prisons easterly along the Owego Turnpike, then north along S.R. 296 and across the Wilson Elementary School property to the existing STP. Also, an existing WAA pump station in the vicinity of the STP will be phased out and replaced by a new gravity interceptor. The Plan includes a secondary alternative in the event the existing S.C.I. Waymart Prison does not participate in the project. The existing WAA STP is then retrofitted and expanded to 520,000 gpd to treat the combined sewage flow from the proposed Federal Prison and WAA customers.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110

Plan Location:

Borough or Township	Borough or Township Address	County
[Straban Twp]	1745 Granite Station Rd., Gettysburg, PA 17325]	[Adams]

Plan Description: The approved plan provides for the construction of a new wastewater treatment plant to serve the following areas: Oak village MHP, the village of Hunterstown, a proposed Reliant Energy Facility and three new County Projects. Combined wastewater flows are estimated at 225,000 gpd. The proposed development is located along PA Rt. 394 and Granite Station Rd in Straban Township, Adams County. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Plan Location:

Borough or Township	Borough or Township Address	County
Prospect Borough	P. O. Box 308, Prospect, PA 16052	Butler

Plan Description: The approved plan provides for the installation of a 760,000 gallon flow equalization tank to eliminate wet weather sanitary sewer overflows into Lake Arthur, Morrairie State Park.

The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

SETTLEMENT UNDER THE COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION AND LIABILITY ACT AND THE HAZARDOUS SITES CLEANUP ACT

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. §§ 6020.101—6020.1305) and the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C.A. §§ 9601—9675), has entered into a proposed settlement with:

Cornell Creciu to resolve his liability for response costs incurred to remediate hazardous substances stored and/or disposed at the Susquehanna Road Drum Site (Site). This Site is located at 1668 Susquehanna Road in Upper Dublin Township, Montgomery County, PA and includes a barn where drums and compressed gas cylinders of hazardous substances were stored.

In May, 1998, the Department received a complaint about fuming drums of unknown materials stored at the Site. An emergency investigation by the Department revealed the presence of numerous unlabeled drums, some of which contained silicon tetrachloride, a reactive and corrosive hazardous substance which reacts with air and causes the release of hydrogen chloride gas into the atmosphere. Additionally, the Department discovered approximately 200 compressed gas cylinders, some of which contained silicon, a reactive hazardous substance. Based upon the volatile conditions at the Site, including the threat of fire or explosion, the Department conducted a prompt interim response under Section 505(b) of HSCA (35 P.S. § 6020.505(b)) to abate the release and threat of release of hazardous substances. The Department incurred \$140,743.81 in response costs for this Site.

Cornell Creciu leased space in the barn on the Site and subleased space to a party who stored hazardous substances on the Site. Therefore, Mr. Creciu is a "responsible person" in accordance with Section 701 of HSCA (35 P.S. § 6020.701) and as such, he has agreed to reimburse the Department for a share of the response costs expended at the Site. The Department's financial inquiry of Mr. Creciu indicates that based on his available assets and certification concerning his financial circumstances, he is unable to pay a substantial portion of the Department's response costs. Accordingly, to resolve Mr. Creciu's liability, the Department and Mr. Creciu have executed a Consent Order and Agreement for Inability to Pay which requires Mr. Creciu to reimburse the Department in the amount of \$1,400.

This notice is provided under Section 1113 of HSCA (35 P.S. § 6020.1113), which provides that "settlement shall become final upon the filing of the Department's response to the significant written comments." The Consent Order and Agreement, which contains the specific terms of the settlement is available for public review and comment. The agreement can be examined from 8 a.m. to 4 p.m. at the Department's Southeast Regional Office, located in Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428, by contacting either Donna Suevo at (610) 832-6194 or Gina M. Thomas, at (610) 832-6300 or electronically at suevo.donna@dep.state.pa.us and Thomas.gina@dep.state.pa.us respectively. A public comment period on the Consent Order and Agreement will extend for 60 days from today's date. Persons may submit written comments regarding the agreement within 60 days from today's date, by submitting them to Donna Suevo at the above address.

**PUBLIC NOTICE OF PROPOSED CONSENT
ORDER AND AGREEMENT**

**Fischer & Porter Company, Warminster Township,
Bucks County.**

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1304) (HSCA) and the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9601 et seq. (CERCLA), has entered into a Prospective Purchaser Agreement with Blue Marlin Associates for reimbursement of certain response costs incurred to remediate hazardous substances disposed at the Fischer & Porter Company Superfund Site (site). This site is located at 125 East County Line Road in Warminster Township, Bucks County.

This site consists of a plume of groundwater contamination, which has impacted municipal water supply wells. In September 1983, the site was placed on the National Priorities List and in 1984, EPA issued its first Record of Decision (ROD) indicating that the industrial degreasing agents (trichloroethene) TCE and (perchloroethene) PCE, used by Fischer and Porter Company contaminated the groundwater. Under a 1984 Consent Decree with the United States Environmental Protection Agency (EPA), Fischer and Porter Company initiated groundwater pumping and treatment to remedy contamination associated with the Fischer & Porter Site. In 1998, EPA issued a second ROD for the site which selected the "No Further Action" alternative and indicated that EPA would not require any additional action other than the operation and maintenance of the groundwater pump and treatment system already on the site.

Blue Marlin desires to purchase an 8.4 acre portion of the Fischer & Porter Site, which is located along Jacksonville Road between County Line Road and Potter Street in Warminster PA and intends to lease the Site to a manufacturer of specialized equipment for law enforcement and fire department vehicles.

Under its authority under among other things, Section 501(a) of HSCA (35 P. S. § 6020.501(a)), the Department has incurred oversight response cost to remediate hazardous substances disposed on the Site. The Department has determined that it is in the public interest to resolve its claim against Blue Marlin Associates. Therefore, Blue Marlin shall reimburse the Department for certain response costs in the amount of \$1,500 and shall receive contribution protection from claims related to its purchase and ownership of the Site.

This notice is provided under Section 1113 of HSCA (35 P. S. § 6020.1113), which states that "settlement shall become final upon the filing of the Department's response to the significant written comments." The Consent Order and Agreement, which contains the specific terms of the agreement is available for public review and comment. The agreement can be examined from 8 a.m. to 4 p.m. at the Department's Southeast Regional Office, located in Lee Park, 555 North Lane, Suite 6010, Conshohocken PA 19428, by contacting either David Ewald at (610) 832-6200 or Gina M. Thomas at (610) 832-6300. David Ewald and Gina Thomas may also be contacted electronically at ewald.david@dep.state.pa.us and thomas.gina@dep.state.pa.us, respectively. A public comment period on the Consent Order and Agreement will extend for 60 days from today's date. Persons may submit written comments regarding the agreement within 60 days from today's date, by submitting them to Mr. Ewald at the above address.

**LAND RECYCLING AND
ENVIRONMENTAL REMEDIATION
UNDER ACT 2, 1995**

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed, and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Region: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6000.

Plymouth Greene Office Park, Plymouth Township, **Montgomery County**. Samuel J. Kucia, Environmental Consulting, Inc., 500 East Washington Street, Suite 375, Norristown, PA 19401, on behalf of Plymouth Green Development Associates, Suite 200, 33 Rock Hill Road, has submitted a Final Report concerning remediation of site soil contaminated with lead, BTEX and petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide Health Standard.

Northeast Region: Environmental Cleanup Program Manager, 2 Public Square, Wilkes Barre, PA 18711-0790.

St. Paul's Evangelical Lutheran Church, Kingston Township, **Luzerne County**. Eric B. Rosina, Project Manager, Storb Environmental, Inc., 410 N. Easton Road, Willow Grove, PA 19090 submitted a Final Report (on behalf of his client, St. Paul's Evangelical Lutheran Church, 196 N. Main Street, Shavertown, PA 18708) concerning the remediation of site soils found or suspected to have been contaminated with no. 2 heating oil constituents. The report was submitted to document remediation of the site to meet the Statewide health standard. A Notice of Intent to Remediate was simultaneously submitted.

Phoebe Floral, Whitehall Township, **Lehigh County**. Samuel S. Harrison, Hydrogeologist, Harrison Hydrosciences, 435 Main Street, P. O. Box 908, Saegertown, PA 16433 submitted a Final Report (on behalf of his client, Phoebe Floral, Inc. 2102 Hamilton Street, Allentown, PA 18104) concerning the remediation of site soils and groundwater found or suspected to have been contaminated with no. 2 heating oil constituents. The report was submitted to document remediation of the site to meet the Statewide health standard. A Notice of Intent to Remediate was simultaneously submitted.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, Administration of the Land Recycling and Environmental Remediation Standards Act (Act) requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act. Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following final reports:

Southeast Region: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6000.

Emilee Atlee Residence, Haverford Township, **Delaware County**. Donald G. Puglio, P.G., Environmental Products & Services, Inc., P. O. Box 501, Carnegie, PA, 15106, on behalf of Louis Dreyfus Holding Co., Inc. c/o Crawford & Co., 600 Reed Road, Broomall PA 19008, has submitted a Final Report concerning remediation of site soil contaminated with petroleum hydrocarbons. The report demonstrated attainment of the Statewide Health Standard and was approved by the Department on January 10, 2001.

Meadows at Skippack, Skippack Township, **Montgomery County**. Mark J. Irani, P.G., RT Environmental Services, Inc., 215 W. Church Road, King of Prussia, PA 19406, on behalf of Willits Pond, Inc., 450 S. Gravers Road, Plymouth Meeting, PA 19462, has submitted a Final Report concerning remediation of site soil contaminated with lead, heavy metals and polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Statewide Health Standard and was approved by the Department on January 19, 2001.

Marcantonio Residence, Phoenixville Borough, **Chester County**. David R. Crowther, Hydrocon Services, Inc., 2945 S. Pike Avenue, Allentown, PA 18103, on behalf of Fred and Ann Marcantonio, 13 E. High St., Phoenixville, PA 19453, has submitted a Final Report concerning remediation of site groundwater contaminated with BTEX and polycyclic aromatic hydrocarbons. The report demonstrated attainment of the Statewide Health Standard and was approved by the Department on January 19, 2001.

Sun Pipe Line Co., East Goshen Township, **Chester County**. Jennifer L. Stafford, P.G., Groundwater & Environmental Services, Inc., 410 Eagleview Blvd., Suite 110, Exton, PA 19341, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with BTEX and petroleum hydrocarbons. The report demonstrated attainment of the Statewide Health Standard and was approved by the Department on January 23, 2001.

Nitrogen Oxides (NOx) Allowance Allocations Program

Revisions to Title V/State Only Operating Permits to include Conditions relating to NOx Allowance Requirements in 25 Pa. Code §§ 145.1—145.100

Notice is hereby given that the Department of Environmental Protection (Department) has revised the following Operating Permits to incorporate the provisions of 25 Pa. Code §§ 145.1—145.90. These regulations establish a NOx Budget and a NOx Budget Trading Program for NOx budget units for the purpose of achieving the health-based ozone ambient air quality standard. The Department has establishing a NOx Allowance Allocation for each NOx budget unit listed in the permit under the provisions of 25 Pa. Code § 145.42.

Any person aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457,

Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department of Environmental Protection certifies that the construction and operation herein described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under Section 4 of the Environmental Hearing Board Act, (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and the Clean Streams Law (35 §§ 691.1— 691.702) and Notice of Final Action for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Permits Issued and Actions on 401 Certifications:

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-801. Bucks County Water and Sewer Authority, 1275 Almshouse Road, Warrington, PA 18976. Doylestown Township and Doylestown Borough, Bucks County, Philadelphia ACOE.

To expand and maintain the existing Green Street Wastewater Treatment Facility located in the 100-year flood plain of the Central tributary to the Neshaminy Creek (TSF) and to relocate approximately 135 linear feet of stream channel of an unnamed tributary to the Neshaminy Creek (TSF) which will impact 0.06 acre of wetlands (PEM). The proposed channel will be 160 linear feet long and will be stabilized with R-6 riprap. This work also includes demolition of existing facilities which are no longer in use, and improvement of the existing entrance road. The site is located approximately 1,400 feet southwest of the intersection of Doylestown Road (S. R. 0202) and Pebble Hill Road, (Buckingham, PA USGS Quadrangle N: 9.15 inches; W: 17.15 inches). The permit applicant has met the wetland replacement requirement by participating in the Pennsylvania Wetland Replacement Project.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4700.

E29-080. Fulton Industrial Development Association, 100 Lincoln Way East, McConnellsburg, PA 17233 in Ayr Township, **Fulton County**, ACOE Baltimore District, (McConnellsburg, PA Quadrangle N: 9.1 inches; W: 17.4 inches).

To (1) construct and maintain a twin cell box culvert with each cell having an opening of 8 feet x 6 feet, (2) impact 0.32 acre of wetlands; and, (3) construct and maintain a sewer and water line crossing in and along a tributary to Big Cove Creek (CWF) at a point approximately 1,700 feet upstream of US Route 522 for the purpose of constructing an access to the proposed South Central Business Park. The applicant proposed to create 0.32 acre of replacement wetlands.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

E17-354. Wallaceton-Boggs Municipal Authority, P. O. Box 97, West Decatur, PA 16878. Sewer lines, in Boggs Township and Wallaceton Borough, **Clearfield County**, ACOE Baltimore District (Wallaceton, PA Quadrangle N: 12 inches; W: 5 inches).

To install, operate and maintain a gravity sewer line beneath Laurel Run (Cold Water Fishery); Simeling Run (Cold Water Fishery); unnamed tributaries to Simeling Run (Cold Water Fishery); and through wetlands associated to Laurel Run and Simeling Run (Exceptional Value Wetlands) for the collection and conveyance of municipal wastewater. Cumulatively the gravity sewer line shall be constructed with a minimum installation length of 125-

feet beneath Laurel Run, 15-feet beneath Simeling Run, 20-feet beneath the unnamed tributaries, and 1695-feet through the wetlands. All sewer line installations between October 1 and December 31 shall be completed by borings; sewer line installations outside this time frame shall be conducted in dry work conditions through the use of dam and pumping or fluming stream flow around the work area. All stone used for in-stream channel use shall be free of fines and silts. The project is located along the southern and northern right-of-way of SR 0322 at the intersection of SR 2024 and SR 0322 in Boggs Township and Wallacetown Borough, Clearfield County. This permit also authorizes the construction, operation, maintenance and removal of temporary stream crossings for equipment access; all crossings shall be constructed with suitable rock that is free of fines and silt. All temporary stream crossings shall be removed and the areas of stream bank disturbance stabilized immediately upon removal.

E18-305. Bald Eagle Township Supervisors, R. R. 2, Box 97C, Mill Hall, PA 17751. Floodway fill, in Bald Eagle Township, **Clinton County**, ACOE Baltimore District, (Lock Haven, PA Quadrangle, N: 0.1 inch; W: 17.2 inches).

To place and maintain 100 cubic yards of clean earthen fill in the right floodway of an unnamed tributary to Bald Eagle Creek located behind the Bald Eagle Township Building in Bald Eagle Township, Clinton County. This permit was issued under Section 105.13(e) "Small Projects."

E49-237. John H. and Charlotte Greiner, R. R. 1, Box 184, River Road, Watsonstown, PA 17777. Private bridge, in Delaware Township, **Northumberland County**, ACOE Baltimore District (Muncy, PA Quadrangle N: 2.0 inches; W: 6.5 inches).

To construct, operate and maintain a single span private bridge structure across Warrior Run. The bridge shall have a span of 16 feet, an underclearance of 5 feet and constructed on concrete abutments. The structure is located one mile west on SR 1007 from the intersection with SR 54 in Delaware Township, Northumberland County. This permit was issued under Section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E59-398. Allen R. Mohler, Spring Hill Road, Kirkwood, PA 17536-9754. Culvert crossing, in Elk Township, **Tioga County**, ACOE Baltimore District (Marshlands, PA Quadrangle N: 9.7 inches; W: 7.3 inches).

To construct, operate and maintain a minor road crossing Chaffee Run to provide private property access. The minor road crossing shall be constructed at a time when Chaffee Run is at maximum low flow. The crossing shall be constructed with a culvert pipe that has a minimum diameter of 5.5-feet, length of 20-feet, and depression of 1.0-feet into the streambed. The road crossing Chaffee Run shall be constructed in dry work conditions by dams and pumping or fluming stream flow around work area. The project is located along the western right-of-way of T-316 approximately 3200-feet west of T-304 and T-316 intersection in Elk Township, Tioga County. This permit does not authorize any temporary or permanent impacts to wetlands associated to Chaffee Run. This permit was issued under Section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E59-409. Pennsylvania Department of Transportation, 715 Jordan Avenue, Montoursville, PA 17754. SR

4017/014 bridge, in Osceola Township, **Tioga County**, ACOE Baltimore District (Knoxville, PA Quadrangle N: 21.4 inches; W: .9 inch).

To remove the existing structure and construct, operate and maintain a new single span pre-stressed box beam bridge structure over Holden Creek. The new structure shall have a normal span of 14.46 meters (47.44 feet) and an average underclearance of 1,820 millimeters (5.97 feet). This permit also authorizes a temporary vehicular access. The access will consist of three 1,520 millimeter (4.98 foot) pipes with associated clean fill that shall be constructed of silt-free non-erodible material in order to prevent any road materials from washing out if the structure is overtopped during periods of high water. The banks shall be re-graded to facilitate smooth transitions of the approaches. Once the temporary access has been removed the banks shall be restored to their original grades and have riparian plantings incorporated to restore the natural corridor. This project is located 13 miles northwest from Osceola on SR 4017 in Osceola Township, Tioga County.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

SPECIAL NOTICES

Consent Order and Agreement

Borough of Kane

Borough of Kane Authority Kane Borough, McKean County

Notice is hereby provided that the Department of Environmental Protection (Department) has entered into a Consent Order and Agreement with the Borough of Kane and the Borough of Kane Authority (hereinafter collectively referred to as Kane) concerning the Pine Street wastewater treatment plant and sewerage collection and conveyance system.

On January 17, 2001, the Department of Environmental Protection signed a Consent Order and Agreement with the Borough of Kane and the Borough of Kane Authority. The Consent Order and Agreement requires Kane to pay a civil penalty of \$7,500 for past National Pollutant Discharge Elimination System Permit violations and sewage overflows from the sewerage collection and conveyance system. Kane will also submit a long term control plan to the Department, focusing on a comprehensive solution to any outstanding environmental issues.

The specifics of the Department's settlement with Kane are set forth in the Consent Order and Agreement. Copies of the Consent Order and Agreement are available for inspection at the Department's office at 230 Chestnut Street, Meadville, PA 16335. Further information may be obtained by contacting Paul Tunno at (814) 332-6942. TDD users may contact the Department through the Pennsylvania Relay Service at (800) 645-5984.

Coastal Zone Management Program

The Department of Environmental Protection (DEP) is proposing several minor changes to the Commonwealth's Coastal Zone Management (CZM) Program. As required by 15 CFR 923.84, the CZM Program is providing public notice of these changes which occurred in 1998 and 1999. These changes involve:

- amendments to and renumbering of state regulations currently networked into the CZM Program's enforceable policies,
- minor boundary changes in Delaware County, and
- the addition of five geographic areas of particular concern.

Since these changes revise the Commonwealth's Federally approved CZM Program, the changes must also be approved by the Federal Office of Ocean and Coastal Resource Management (OCRM).

The Commonwealth has notified OCRM that the proposed changes are considered by the Commonwealth to be Routine Program Changes (RPC). An RPC is defined by Federal CZM Regulations as an action taken by a state to further detail the implementation of the state's CZM Program. Essentially, these changes are either clarifications, minor revisions or improvements, and do not substantially alter one or more of the following CZM Program areas:

- (1) Uses subject to management;
- (2) Special management areas;
- (3) Boundaries;
- (4) Authorities and organization; and
- (5) Coordination, public involvement and the national interest.

Therefore, the Commonwealth has requested OCRM to concur with this determination.

Copies of the proposed changes are available for review at the Erie County Department of Planning and the Delaware Valley Regional Planning Commission. In the Erie Region, contact Brian Barnhizer, Erie County Courthouse, Rm. 119, 140 W. 6th St., Erie, PA 16501, (814) 451-6336. In the Delaware Estuary Region, contact Ben Ginsberg, 111 South Independence Mall-East-The Bourse Building, Eighth Floor, Philadelphia, PA 19106-2515, (215) 592-1800. Also, copies may be reviewed in Harrisburg, PA, by calling Larry Toth, Coastal Zone Management Program, (717) 772-5622.

The RPC is available on DEP's worldwide web site at www.dep.state.pa.us (directLINK "Coastal Zones").

Interested parties can submit comments on whether these actions do or do not constitute an RPC. Comments must be submitted within 3 weeks from the date of this notice to Neil K. Christerson, Program Specialist, U.S. Department of Commerce, Coastal Programs Division, OCRM, SSMC4, Room 11209 (N/ORM3), 1305 East-West Highway, Silver Spring, MD 20910.

DEPARTMENT OF PUBLIC WELFARE

List of Behavioral Health Managed Care Organizations

The purpose of this notice is to provide prior public notice of the Department of Public Welfare's (Department) intent to develop a list of qualified Behavioral Health Managed Care Organizations (BH-MCO) as potential contractors for the HealthChoices Behavioral Health Program (HCBHP). The development of this list is the first step in a two-step process for obtaining a Behavioral Health contractor, should the need arise. HealthChoices is a mandatory Managed Care program for Medicaid recipients in this Commonwealth. Additional information about HCBHP is available at the Department's website: www.dpw.state.pa.us/omap/dpwomap.asp

The list of qualified BH-MCOs would be utilized in the following cases:

- Contract negotiations with a potential contractor selected through a Request for Proposal (RFP) process fail;
- A potential contractor selected through a RFP process fails the Readiness Review process; or
- An existing contractor terminates the contract or is terminated by the Department.

The list of qualified BH-MCOs will be opened periodically for new submissions. MCOs selected for the list of qualified bidders will remain active on the list for 2 years. After 2 years they will be required to resubmit information. The following is a list of requirements necessary to qualify as a potential HealthChoices Behavioral Health contractor:

- One year experience with a State Behavioral Health Medicaid Program.
- Not currently under suspension or debarment by the Commonwealth or any other state or Federal Government.
- Licensed or demonstrated ability to be licensed by the Departments of Health and Insurance of the Commonwealth.
- Management Information System (MIS) experience in processing UB 92 and HCFA 1500 forms.
- MIS capacity to produce person-level encounter data in compliance with the HealthChoices program requirements.

In order to apply, submit a letter of interest on official corporate letterhead, to qualify as a potential HealthChoices Behavioral Health contractor by February 26, 2001, to Karen Rosenthal, Office of Mental Health and Substance Abuse Services, Room 236, Beechmont Building, P. O. Box 2675, Harrisburg, PA 17105. Letters may be faxed to (717) 772-7964. Submit the following information to the Department of Public Welfare, Division of Procurement, P. O. Box 2675, Room 106, Health & Welfare Bldg., Commonwealth & Forster St., Harrisburg, PA 17105-2675 by 2 p.m. March 15, 2001.

List of Deliverables:

1. Describe experience in providing services to Medicaid recipients including:

- Type of behavioral health (mental health and drug and alcohol) services covered.
- Description of categories of aid/population covered.
- Number of years experience with Medicaid programs.

2. Provide a report on the number of claims processed (for Medicaid population) in the most recent 6-month period, including timeliness of processing clean claims and the number of claims paid/rejected.

3. Provide a flow chart of the MIS.

4. Provide a file layout/specification of a person-level encounter report.

5. Provide one of the following:

- A copy of current Pennsylvania license from the Departments of Health and Insurance.
- A current application for Pennsylvania license from the Departments of Health and Insurance with a time frame for receiving the license.
- A work plan with a time line to obtain a license from the Departments of Health and Insurance of the Commonwealth.

6. Provide a copy of the most recent audited, annual filing with a state insurance department.

7. Provide a copy of the most recent annual audited company financial statement.

8. Outline a plan to start up or expand (if currently operating in this Commonwealth) operations in this Commonwealth.

9. Provide the name, address and phone number of three references familiar with the MCOs operations (one must provide reference to a State Medicaid program).

Department staff will verify the information submitted by the BH-MCOs. As part of the verification process, the Department may conduct an on-site visit. Each MCO will be notified of its qualification status.

The second step of the process is outlined in the event that the list is utilized to obtain a contractor. The Department will:

- Contact the vendors on the list and verify their continued interest in obtaining a HealthChoices contract.
- Inform the vendors of the county or counties requiring a BH-MCO contractor.
- Release a procurement document that contains the requirements for the HCBHP to the interested vendors on the list along with instructions on how to submit a bid.
- Evaluate all responses to the procurement document and select a contractor.

The above two-step process will *not* replace the RFP process to obtain a HCBH contract in the remaining North/Central zone. The procurement process for the North/Central zone will follow the same procedure as followed in the Southeast, Southwest and Lehigh/Capital zones, which required a response to a RFP.

Any questions may be directed to Raymond Klabe, Office of Mental Health and Substance Abuse Services, Room 247, Beechmont Building, P. O. Box 2675, Harrisburg, PA 17105, (717) 772-7984, Fax: (717) 772-7964.

Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users). Persons who require an alternate format should contact Thomas Vracarich, Office of Legal Counsel, (717) 783-2209.

Plan to Implement HealthChoices; Public Meeting

The Department of Public Welfare (Department) is announcing the opportunity for public comment on the plan to implement HealthChoices, the mandatory managed care program for Medical Assistance consumers in Pennsylvania, in the North/Central Zone. HealthChoices was implemented in five counties in the Southeast Zone in 1997, in 10 counties in the Southwest Zone in 1999, and is currently being implemented in 10 counties in the Lehigh/Capital Zone. The Department is now developing the HealthChoices program for the North/Central Zone, representing the balance of 42 counties in the state. The Department plans to divide the North/Central Zone into three Sub-Zones: Northeast, Northwest, and Central with enrollment in the Northeast Sub-Zone scheduled to begin in January 2003. Implementation in the two remaining Sub-Zones will occur in 2004 for the Northwest Sub-Zone and 2005 for the Central Sub-Zone.

A discussion paper on the plan to implement HealthChoices in the North/Central Zone may be obtained by calling (717) 772-6783 or accessing the DPW Web page at <http://www.dpw.state.pa.us/omap/dpwomap>.

In order to gather comments from all interested parties, the Department will hold three public meetings to discuss the Department's plans to implement HealthChoices in the North/Central Zone. The three meetings will be held as follows:

- Northwest Sub-Zone—Monday, March 5, 2001
9:30 a.m.—2:30 p.m.
Hirt Auditorium
Erie County Public Library
160 E. Front Street
Erie, Pennsylvania
- Northeast Sub-Zone—Monday, March 12, 2001
9:30 a.m.—2:30 p.m.
Multipurpose Room
Lackawanna Junior College
501 Vine Street
Scranton, Pennsylvania
- Central Sub-Zone—Monday, March 19, 2001
9:30 a.m.—2:30 p.m.
Ramada Inn
1450 South Atherton Street
State College, Pennsylvania

Persons who wish to present comments on the paper must schedule a 5-minute time slot by calling (717) 772-6783. The deadline to schedule a speaking slot is February 26, 2001. Please bring a written copy of your comments to the meeting.

Persons who are unable to attend one of the three meetings, may submit comments in writing to DPW/OMAP, Bureau of Policy, Budget, and Planning, P. O. Box 8046, Harrisburg, Pennsylvania 17105.

INSURANCE DEPARTMENT

Amendments to Insurance Holding Companies Law; Notice No. 2001-01

House Bill No. 550 (P. N. 4226) enacted December 20, 2000, (Act 132-2000) contained a number of amendments to The Insurance Company Law of 1921. The bill can be obtained electronically from the Pennsylvania General Assembly's Electronic Bill Room by accessing the Insurance Department's (Department) web site at www.insurance.state.pa.us or the Legislature's web site at www.legis.state.pa.us.

Act 132-2000 included three important amendments to the Insurance Holding Companies Law¹:

1. Adding preferred provider organizations (PPOs) to the definition of "insurer" to bring risk-assuming PPOs within the scope of the Insurance Holding Companies Law. Therefore, acquisitions or mergers of domestic PPOs will be subject to the Department's approval, and PPOs will be required to file annual holding company registration statements and notices of intended material transactions. Initial registration statements must be filed by March 31, 2001.

2. Adding limited liability companies to the definition of "person" to require the Department's prior approval of an acquisition of a domestic insurer by a limited liability company and the Department's oversight of insurance holding company systems in which the parent company is organized as a limited liability company.

3. Adding pledges of assets to the types of material transactions involving affiliates in insurance holding company systems that must be reported to the Department before the transactions occur. The Department has the authority to disapprove material transactions within 30 days of receiving notice.

The amendments will become effective February 17, 2001.

Questions concerning this notice may be directed to Stephen J. Johnson, CPA, Deputy Insurance Commissioner, Office of Regulation of Companies, 1345 Strawberry Square, Harrisburg, PA 17120, (717) 783-2142/Fax: (717) 787-8557, stjohnson@state.pa.us.

¹ (Article XIV of The Insurance Company Law of 1921, added December 18, 1992, P. L. 1519, No. 178, 40 P. S. §§ 991.1401—991.1413)

Amendments to Insurance Holding Companies Law (PPOs); Notice No. 2001-02

House Bill No. 550 (P. N. 4226) enacted December 20, 2000 (Act 132-2000) contained a number of amendments to The Insurance Company Law of 1921. The bill can be obtained electronically from the Pennsylvania General Assembly's Electronic Bill Room by accessing the Insurance Department's (Department) website at www.insurance.state.pa.us or the Legislature's website at www.legis.state.pa.us.

One of the amendments in Act 132 will bring risk-assuming preferred provider organizations (PPOs) within the scope of the Insurance Holding Companies Law (40 P. S. §§ 991.1401–991.1413)¹ by adding PPOs to the definition of "insurer" in that law. Other amendments to the Insurance Holding Companies Law will add limited liability company to the definition of "person" and pledges of assets to the types of transactions involving affiliates in insurance holding company systems that must be reported to the Department before the transactions occur. The Act 132 amendments to the Insurance Holding Companies Law will become effective in 60 days of enactment.

Therefore, as of February 17, 2001, PPOs will be required to comply with the Insurance Holding Companies Law, including the following:

1. An acquisition of control of or merger with a PPO must be approved by the Department. See 40 P. S. §§ 991.1402 and 991.1403 (relating to acquisition of control of a merger with domestic insurer; and acquisitions involving insurers not otherwise covered).

2. A PPO that is a member of an insurance holding company system must file a registration statement with the Department by March 31, 2001, and each year thereafter. See 40 P. S. § 991.1404 (relating to registration of insurers).

3. Dividends and transactions within a holding company system will be subject to standards and reporting requirements. See 40 P. S. § 991.1405 (relating to standards and management of an insurer within a holding company system).

4. A PPO's board of directors and committees must comply with requirements relating to membership. See 40 P. S. § 991.1405(c) (relating to standards and management of an insurer within a holding company system).

Instructions and formats for the statements and notices required to be filed under the law prescribed in the Department's regulations in 31 Pa. Code Chapter 25 (relating to rules and procedural requirements for insurance holding company systems). Additional application procedures for acquisitions and mergers can be obtained from the Department's website by clicking on "Companies," "Company Licensing Applications and Forms," and then "Miscellaneous Documents."

Questions relating to acquisitions and mergers may be directed to Robert Brackbill, Chief, Company Licensing Division, (717) 783-2143, Ra-in-company@state.pa.us. Questions relating to registration statements, dividends

Dolores Roach; Hearing

Appeal of Dolores Roach; Under The Motor Vehicle Financial Responsibility Law; Catastrophic Loss Benefits Continuation Fund; File No. F89-3846; Doc. No. CF01-01-018.

The proceedings in this matter will be governed by the Administrative Agency Law, 2 Pa.C.S. §§ 501–508, 701.704, the General Rules of Administrative Practice and Procedure, 1 Pa. Code § 31.1 et seq. and the Insurance Department's Special Rules of the Administrative Practice and Procedure, 31 Pa. Code Chapter 56.

On or before February 8, 2001, each party shall file with the Administrative Hearings Office via facsimile (717) 787-8781 and serve the other party via facsimile an entry of appearance designating the lead attorney or representative to receive service or orders, filings and communications in this matter, together with that person's address, telephone number and facsimile number. Each party shall similarly designate the lead attorney or representative who will participate in the prehearing telephone conference, if different than the person designated for service.

Motions preliminary to those at hearing, protests, petitions to intervene, or notice of intervention, if any, must be filed on or before February 15, 2001 with the Docket Clerk, Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, Pennsylvania 17102.

Answers to petitions to intervene, if any, shall be filed on or before March 1, 2001.

A prehearing telephone conference initiated by this office is scheduled for March 15, 2001, at 1:30 p.m. Each party shall supply to the Docket Clerk on or before February 8, 2001, a telephone number to be used for the telephone conference.

A date for a hearing shall be determined, if necessary, at the prehearing telephone conference.

At the prehearing telephone conference, the parties shall be prepared to discuss settlement, stipulations, witnesses and documents anticipated for use at the hearing, estimated time for the hearing, special evidentiary or legal issues and other matters relevant to the orderly, efficient and just resolution of this matter.

The Presiding Officer will consider a written request for continuance of the prehearing telephone conference, for good cause only. A party must contact the opposing party prior to requesting a continuance. All continuance requests must indicate whether the opposing party objects to a continuance.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid service or other accommodation to participate in the hearing, contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Highmark Blue Cross Blue Shield Filing; Requesting Approval to Increase Rates for COMPLETE-care Plan

By Filing No. 1-CCP-01-HBCBS, Highmark, Inc., d/b/a Highmark Blue Cross Blue Shield, requests approval to increase the premium rates for its COMPLETEcare Plan. The filing requests an average increase of about 14.4% of current premium, or \$22.20 per contract per month. Based on type of coverage and age of the insured, the rate increase could range from 0% to 30%. This will affect about 33,600 contractholders and produce additional premium income of about \$8.9 million. At the same time, Highmark is also requesting to utilize 5-year age banded rates instead of its current 10-year age band structure. The requested effective date of the change is May 1, 2001.

Copies of the filing are available for public inspection during normal working hours, by appointment, at the Insurance Department's offices in Harrisburg, Pittsburgh and Erie.

Interested parties are invited to submit written comments, suggestions, or objections to Bharat Patel, Actuary, Insurance Department, Accident and Health Bureau, Office of Rate and Policy Regulation, 1311 Strawberry

Square, Harrisburg, PA 17120, within 30 days of publication of this notice in the *Pennsylvania Bulletin*.

MILK MARKETING BOARD

Hearing and Presubmission Schedule for All Milk Marketing Areas

Calculation of Over-Price Premium

Under the provisions of the Milk Marketing Law (31 P. S. § 700j-101 et seq.) the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Areas 1, 2, 3, 4, 5, and 6 on March 7, 2001, at 10 a.m. in Room 202 of the Agriculture Building, 2301 North Cameron Street, Harrisburg, Pennsylvania.

The purpose of the hearing will be to receive testimony and exhibits concerning the methodology used in the calculation of the over-price premium.

The staff of the Board is deemed to be a party to this hearing, and the attorneys representing staff are deemed to have entered their appearances. Other persons that may be affected by the Board order establishing the methodology used to calculate the over-price premium may be included on the Board's list of parties by (1) having their attorney file with the Board by February 14, 2001, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25, which shall identify by name and address the party on whose behalf the appearance is made. Thereafter, documents and other written communications required to be served upon or furnished to that party shall be sent to the attorney of record or (2) if unrepresented by an attorney and wishing to appear on their own behalf under 1 Pa. Code § 31.21, filing with the Board by February 14, 2001, an address to which documents and other written communications required to be served upon them or furnished to them may be sent.

The parties shall observe the following requirements for advance filing of witness information and exhibits. The Board may exclude witnesses or exhibits of a party that fails to comply with these requirements. In addition, the parties shall have available in the hearing room at least 20 copies of each document for the use of nonparties attending the hearing.

1. By 4 p.m. on February 21, 2001, each party shall file with the Board six copies and serve on all other parties one copy of:

a. A list of witnesses who will testify for the party, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 4 p.m. on February 23, 2001, each party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

Parties that wish to offer in evidence documents on file with the Board, public documents or records in other proceedings before the Board, or who wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, 35.165, 35.167 or 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 4 p.m. on February 16, 2001.

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons who require this information in an alternate format should call (717) 787-4194 or (800) 654-5984 (PA Relay Service for TDD Users).

OFFICE OF GENERAL COUNSEL

Bond Counsel Invitation to Quality

The Commonwealth of Pennsylvania, acting by and through the Governor's Office of General Counsel ("OGC"), from time to time selects from pools of qualified legal service providers ("Law Firms") to provide bond-related counsel work on behalf of its various issuing agencies. Selections are generally made from one of four distinct pools of qualified bond counsel, which were established through a formal Invitation to Qualify ("ITQ") selection process last year. OGC expects to continue making its bond counsel appointments for future Commonwealth financing transactions to Law Firms qualified through the ITQ process.

At this time, OGC is inviting additional law firms to qualify for participation in each of the four established bond counsel pools.

OGC strongly encourages all interested Law Firms to participate at this time to ensure consideration of their qualifications to provide bond counsel services to the Commonwealth of Pennsylvania. Please note that law firms currently included in a bond counsel pool are not required to submit qualifications for that pool, but may

submit qualifications for inclusion in other pools for which they are not currently qualified.

Law Firms may seek to provide bond counsel services for one or more of the following Executive Agencies, or groups of Executive Agencies, under the Governor's jurisdiction:

- *Bond Pool 1*
Commonwealth of Pennsylvania, Office of the Budget, the Pennsylvania Infrastructure Investment Authority (PENNVEST) and/or the State System of Higher Education
- *Bond Pool 2*
Pennsylvania Housing Finance Agency
- *Bond Pool 3*
Pennsylvania Economic Development Financing Authority and the Pennsylvania Industrial Development Authority
- *Bond Pool 4*
Pennsylvania Higher Educational Facilities Authority and the State Public School Building Authority

For more information regarding this ITQ, Law Firms are encouraged to visit OGC's web site at ww.w.ogc.state.pa.us. To request a copy of the ITQ, Law Firms should contact M. Jane Demko by mail at the Governor's Office of General Counsel, 333 Market Street, 17th Floor, Harrisburg, PA 17101, by e-mail at jdemko@state.pa.us or by fax at (717) 787-1788.

Submissions to this ITQ are due by 2 p.m. on March 16, 2001. OGC will reject as non-responsive all submissions received after this date and time. E-mail or fax submissions will not be accepted. OGC is not responsible for any expenses that Law Firms may incur in preparing and submitting to this ITQ. All information submitted will become the property of OGC and may become public information. Please note that OGC reserves the right to change, suspend, discontinue or modify any aspect of this ITQ process at any time.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Pennsylvania Public Utility Commission, Law Bureau Prosecutory Staff v. QUEST Telecommunications, Inc.; Doc. No. C-00004124; A-310181

Public Meeting
held January 24, 2001

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice Chairperson; Nora Mead Brownell; Aaron Wilson, Jr.; Terrance J. Fitzpatrick

Default Order

By the Commission:

On August 30, 2000, the Law Bureau Prosecutory Staff instituted a complaint against QUEST Telecommunications, Inc. (the Respondent), an IXC reseller certificated at A-310181. In the complaint, Prosecutory Staff alleged

that the Commission sent by certified mail a notice to the Respondent that its monthly Universal Service Fund assessments were overdue by 3 or more months. The complaint charged that the Respondent violated the Commission's order entered on February 4, 2000, at Docket No. L-00000148 (Rulemaking Re Establishing Universal Service Fund Regulations at Pa. Code §§ 63.141—63.1502) by not paying the monthly assessments.

The complaint sought an order from the Commission canceling the Respondent's certificate of public convenience for failure to pay its assessment and accrued late charges. The complaint was mailed by the Secretary's Bureau on August 31, 2000, and according to the postal return receipt, service was perfected on September 6, 2000. To date, more than 20 days later, no answer has been filed to the complaint and the assessments have still not been paid; *Therefore, It Is Ordered That:*

1. The allegations in the Law Bureau Prosecutory Staff's complaint are deemed admitted and the complaint is thereby sustained.

2. The Secretary serve a copy of this Order upon all jurisdictional telecommunication carriers, the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, and the Attorney General's Bureau of Consumer Protection, and also cause a copy of this Order to be published in the *Pennsylvania Bulletin* with a 20-day comment period.

3. QUEST Telecommunications, Inc. immediately cease providing service to any new customers and, within 10 days of the entry of this Order, provide a written notice to each existing customer directing each to select an alternative IXC service provider within 30 days of the date of the notice. Such notice must include a statement of the Commission's intent to cancel the company's certificate of public convenience absent public comment within the 20-day time period established pursuant to Ordering Paragraph No. 2, above.

4. Absent the filing of adverse public comment, 30 days after publication in the *Pennsylvania Bulletin* and without further action by the Commission, the certificate of public convenience held by QUEST Telecommunications, Inc. at Docket No. A-310181 shall be canceled, and the company's name stricken from all active utility lists maintained by the Tariff and Annual Report Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Audits.

TURNPIKE COMMISSION

Retention of an Engineering Firm

Modification and Expansion of the Harrisburg East Interchange Dauphin County, PA

Reference No. 3-136

The Turnpike Commission (Commission) will retain an engineering firm to prepare preliminary and final design plans for the modification and expansion of the Harrisburg East Interchange (#19) Toll Plaza (Milepost 247.4) to provide an expanded facility for access to and from S.R. 283, in Lower Swatara Township, Dauphin County, Pennsylvania.

The required engineering services will include field surveys, coordination with utility companies and services, soils investigations, and corresponding reports. Architectural services will include design of the toll plaza build-

ing, interior design, landscape design, toll booths, canopy and other related tasks necessary for the Project. Significant building program data will be provided from previous similar Projects. In addition, the necessary plans and contract documents will be required for interchange signing, lighting, maintenance and protection of traffic, construction staging, contour grading, drainage, and roadside development. E-ZPass operations will be maintained during the construction of the new facility. Additional right-of-way is not anticipated as part of this Project. If environmental services are needed for this Project, they will be provided by others.

The following factors will be considered by the Commission during the evaluation of the firms submitting Letters of Interest for this project:

a. Specialized experience and technical competence of prime consultant and subconsultants. The Team must clearly demonstrate an ability to analyze available data to make decisions and develop plans to complete the project in a timely and cost effective manner.

b. Past record of performance with respect to cost control, work quality ability to meet schedules and previous experience on similar projects. The consultant should identify similar projects that have been completed by that firm as the prime, the magnitude of the project, and the client.

c. The specific experience and number of individuals who constitute the firm.

d. Location of consultant's office where the work will be performed.

e. Workload of the prime consultant and subconsultants for all Department of Transportation (Department) and Commission projects.

f. Other factors, if any, specific to the project.

Address these items and any necessary further details in a brief yet comprehensive manner in the letter of interest.

Direct inquiries to Jeffrey C. Davis, P.E., (717) 939-9551, extension 5160 or by email to jdavis@paturndpike.com.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information. The Letters of Interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. (If the firm has multiple offices, the location of the office performing the work must be identified)

2. A three page expression of interest on the advertised project. Each firm should demonstrate their ability to perform the specific requirements indicated for the project and provide explanation that the firm has successfully completed similar type projects of the same magnitude.

3. An organization chart for the Project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultant's listed in the letter of interest will require written approval from the Commission.

4. Tabulation of workload for the prime consultant and all subconsultants for all Department and Commission projects.

5. An Annual Qualification Package similar to the one submitted to the Department for the current year that is in the same District as the project or one that is best suited for the project.

The Annual Qualification Package should contain at a minimum the following information for the prime consultant and all subconsultants and attached to the back of the letter of interest (subs to follow primes):

- Standard Form (SF) 254—Architect-Engineer and Related Services Questionnaire in its entirety, not more than 1 year old as of the date of the advertisement.

- Resumes of key personnel expected to be involved in the project. (limit to one 8 1/2 x 11 page, one side, per person). Only resumes of key personnel should be included.

- Copy of the firm's registration to do business in the Commonwealth as provided by the Department of State for firms with out-of-state headquarters or corporations not incorporated in this Commonwealth.

- A copy of the Department's DBE/WBE Certification, if applicable.

If a Joint Venture responds to a project advertisement, the Commission will not accept separate letters of interest from joint venture constituents. A firm will not be permitted to submit a letter of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

The Commission is committed to the inclusion of disadvantaged, minority, and women firms in contracting opportunities. The minimum participation level for DBE/MBE/WBEs in these contracts will be 10% each. Responding firms will clearly identify DBE/MBE/WBE firms, expected to participate in these contracts, in their letter of interest. If the selected firm does not meet the minimum requirement for DBE/MBE/WBE participation, they will be required to demonstrate good faith efforts to achieve the required level. Proposed DBE/MBE/WBE firms must be certified by the Department of Transportation at the time of the submission of the letter of interest. If further information is desired concerning DBE/MBE/WBE participation, direct inquiries to the Office of Equal Opportunity Development, Turnpike Commission, (717) 939-9551 ext. 4241.

Firms interested in performing the above services are invited to submit a letter of interest and required information to Barry L. Troup, P.E., Assistant Chief Engineer for Design, Turnpike Commission Administration Building, 176 Kost Road, Carlisle, PA 17013-0779. (FedEx address: 176 Kost Road, Carlisle, PA 17013-0779) (Mailing Address: P. O. Box 67676, Harrisburg, PA 17106-7676).

The letter of interest and required information must be received by 12 p.m., Friday, March 2, 2001. Any letters of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable letters of interest received in response to these solicitations, one firm will be selected for each project. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the

Technical Review Committee and approved by the Commission. Technical Proposals will not be requested prior to selection.

The Commission reserves the right to reject all letters of interest, to cancel solicitation requested under this notice, and/or to readvertise solicitation for the work and services.

Chairperson

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
