# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

## ***Pennsylvania Bulletin***

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

## **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

*Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

## **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

## ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

## **How to Find Documents**

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

### Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [ ] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

#### § 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

## Title 231—RULES OF CIVIL PROCEDURE

### PART I. GENERAL

#### [231 PA. CODE CH. 1300]

#### **New Rule 1326 et seq. Governing a Proceeding to Compel Arbitration and Confirm Arbitration Award in Consumer Credit Transactions; Proposed Recommendation No. 201**

The Civil Procedural Rules Committee is proposing that the Rules of Civil Procedure be amended by adding new Rule 1326 et seq. as set forth herein. The proposed recommendation is being submitted to the bench and bar for comments and suggestions prior to its submission to the Supreme Court of Pennsylvania.

All communications in reference to the proposed recommendation should be sent not later than March 11, 2005 to:

Harold K. Don, Jr.,  
Counsel  
Civil Procedural Rules Committee  
5035 Ritter Road, Suite 700  
Mechanicsburg, Pennsylvania 17055

or E-Mail to  
civil.rules@pacourts.us

The Explanatory Comment which appears in connection with the proposed recommendation has been inserted by the Committee for the convenience of the bench and bar. It will not constitute part of the rules of civil procedure or be officially adopted or promulgated by the Court.

#### **Annex A**

### **TITLE 231. RULES OF CIVIL PROCEDURE**

#### **PART I. GENERAL**

#### **CHAPTER 1300. COMPULSORY ARBITRATION**

#### **Subchapter A. RULES**

#### **PROCEEDING TO COMPEL ARBITRATION AND CONFIRM ARBITRATION AWARD IN CONSUMER CREDIT TRANSACTIONS**

#### **Rule 1326. Definitions. Scope.**

(a) As used in this chapter,

“arbitration” means statutory arbitration pursuant to Section 7301 et seq. of the Judicial Code, 42 Pa.C.S. § 7301 et seq., known as the Uniform Arbitration Act, or common law arbitration pursuant to Section 7341 et seq. of the Judicial Code, 42 Pa.C.S. § 7341 et seq;

“arbitrator” includes a board of arbitrators;

“consumer credit transaction” means a credit transaction in which the party to whom credit is offered or extended is a natural person and the money, property or services which are the subject of the transaction are primarily for personal, family or household purposes.

(b) The rules of this chapter shall govern proceedings to compel arbitration and confirm an arbitration award entered in a claim arising from a consumer credit transaction.

#### **Rule 1327. Confirming Arbitration Award.**

Any party may file a motion to confirm an arbitration award which was entered by an arbitrator only if

(1) the party against whom an arbitration award is sought to be confirmed either

(i) attended a hearing before the arbitrator, or

(ii) signed a writing after the claim that is the basis for the arbitration award was filed with the arbitrator, agreeing to submit the claim to the arbitrator, or

**Official Note:** The writing under subparagraph (1)(ii) may provide for the arbitrator to decide the claim in a proceeding that does not involve a personal appearance before the arbitrator, such as a proceeding in which the hearing before the arbitrator involves only a review of documents submitted by the parties.

See Rule 1328 for the procedure to confirm an arbitration award entered as provided by either subparagraph (1)(i) or (ii).

(2) the arbitration award was entered following a court order or docket entry staying proceedings pending arbitration as provided by Rule 1329.

**Official Note:** See Rule 1329 for the procedure to compel arbitration and to confirm the arbitration award.

#### **Rule 1328. Motion to Confirm Arbitration Award as an Original Proceeding.**

(a) Any party may file as an original proceeding a motion to confirm an arbitration award if the arbitration award was entered pursuant to Rule 1327(1). The motion to confirm such an award shall be filed in the county in which the defendant resides or has a place of business or, if there is no such county, then in the county in which the arbitration hearing was held.

(b) The motion shall begin with a notice substantially in the form prescribed by Rule 1331 and shall be served in the manner provided for service of original process in a civil action.

**Official Note:** Section 7317 of the Judicial Code, 42 Pa.C.S. § 7317, provides that, unless the parties otherwise agree, notice of an initial application for an order of court shall be served in the manner provided by law for the service of a writ of summons in a civil action.

(c) The motion shall contain factual allegations establishing that the arbitration award was entered pursuant to Rule 1327(1).

(d) A responding party who opposes the motion shall file an answer to the motion within thirty days after service of the motion.

(e) If the responding party does not file an answer, the prothonotary, upon praecipe of the moving party filed after the answer was due, shall enter judgment upon the arbitration award.

(f) If the responding party files an answer, the motion shall be decided pursuant to the court's procedures for deciding motions.

#### **Rule 1329. Civil Action to Compel Arbitration. Motion to Confirm Arbitration Award as Ancillary to a Civil Action.**

(a)(1) A plaintiff seeking to compel arbitration of a claim shall commence a civil action against the defen-

dant. Except as otherwise provided by this rule, the procedure in the action shall be in accordance with the rules governing a civil action, including service of original process and venue.

**Official Note:** A defendant who seeks to compel arbitration of a claim for which a plaintiff is not seeking arbitration shall proceed by preliminary objection or a motion to compel arbitration.

(2) The complaint shall include an allegation that the claims raised in the complaint are subject to an agreement to submit these claims to arbitration.

(b) If the defendant fails to file a responsive pleading, the plaintiff may obtain a default judgment pursuant to Rules 237.1 and 1037.

(c)(1) If the defendant files an answer admitting that the claims are subject to arbitration, either party, within twenty days, may file a praecipe directing the prothonotary to enter on the docket a stay of proceedings pending arbitration.

(2) If the defendant files either preliminary objections or an answer denying that the claims are subject to arbitration, the plaintiff may within twenty days file a motion for a rule to show cause why arbitration should not be compelled. Except as otherwise provided by subdivision (d), the motion shall be governed by Rule 208.1 et seq.

**Official Note:** Rule 208.1 et seq. governs motion practice.

(d)(1) The motion for a rule to show cause why arbitration should not be compelled shall begin with a notice substantially in the form prescribed by Rule 1330 and shall be served pursuant to Rule 440. In the absence of a court order otherwise, the timely filing of the motion stays proceedings pending resolution of the motion.

(2) A defendant shall file an answer to the motion within twenty days after service of the motion. The answer shall set forth all of the defendant's objections to the arbitration including absence of a valid agreement to arbitrate the claims, lack of jurisdiction over the person of the defendant, improper venue or improper service of original process.

(3) If the defendant does not file an answer to the motion, the plaintiff, after the answer was due, may file a praecipe directing the prothonotary to enter on the docket a stay of proceedings pending arbitration.

(4) If the defendant files an answer, the motion shall be decided pursuant to the court's procedures for deciding motions. If the court grants the motion to compel arbitration, the court shall enter an order compelling the parties to proceed with arbitration and staying proceedings pending arbitration.

(e)(1) Any party may file a motion to confirm an arbitration award entered following a court order or docket entry staying proceedings pending arbitration. The motion to confirm shall be filed as an ancillary proceeding to the pending civil action.

**Official Note:** The motion to confirm will be filed with the court at the number of the action required by Rule 1329.

(2) The motion shall begin with a notice substantially in the form prescribed by Rule 1331 and shall be served pursuant to Rule 440.

(3) A responding party who opposes the motion shall file an answer to the motion within thirty days after service of the motion.

(4) If the responding party does not file an answer, the prothonotary, upon praecipe of the moving party filed after the answer was due, shall enter judgment upon the arbitration award.

(5) If the responding party files an answer, the motion shall be decided pursuant to the court's procedures for deciding motions.

**Rule 1330. Notice Required by Rule 1329(d)(1). Form.**

The notice required by Rule 1329(d)(1) shall be substantially in the following form:

**(Caption)  
Notice to File Answer**

The motion attached to this notice asks the court to enforce an agreement to submit claims to arbitration. If you oppose submission of this claim to arbitration, you must file an answer to the motion with the Prothonotary within thirty (30) days of mailing or other service of this notice. If you fail to respond, this case will proceed to arbitration and may result in the entry of a money judgment against you.

**Official Note:** A court may by local rule require the notice to be repeated in one or more designated languages other than English.

**Rule 1331. Notice Required by Rules 1328(b) and 1329(e)(2). Form.**

The notice required by Rules 1328(b) and 1329(e)(2) shall be substantially in the following form:

**(Caption)  
Notice to File Answer**

A party to these proceedings has filed a motion to confirm an arbitration award.

If you oppose the motion, you are required to file an answer to the motion within thirty (30) days from the date below setting forth your objections to the motion. If you fail to file an answer, a money judgment based on the arbitration award may be entered against you without further notice.

Party Filing Motion

**Official Note:** A court may by local rule require the notice to be repeated in one or more designated languages other than English.

**Explanatory Comment**

The Civil Procedural Rules Committee is proposing that new Rule of Civil Procedure 1326 et seq. be promulgated to govern proceedings to compel arbitration and to confirm arbitration awards in consumer credit transactions.

Current practice is based solely on the provisions of the Judicial Code governing statutory arbitration and common law arbitration which provide for the filing of an initial application to the court to compel arbitration (42 Pa.C.S. § 7304(a)) and a second application to the court to confirm an arbitration award (42 Pa.C.S. § 7313). These new rules create procedures that minimize court involvement and provide quicker and cheaper relief to the litigants. These new rules are promulgated in response to the inclusion of an arbitration clause governing collection claims in consumer credit transactions.

There is no reason for a claim to be heard by an arbitrator pursuant to a motion to compel arbitration and to be returned to the court through a motion to confirm arbitration if the defendant will not be contesting the claim of the plaintiff. Thus, (1) new Rule 1329(a) provides for the plaintiff seeking to compel arbitration of a claim to commence a civil action against the defendant and to include in the complaint an allegation that the claims raised in the complaint are subject to an agreement to submit these claims to arbitration and (2) new Rule 1329(b) permits the plaintiff to obtain a default judgment pursuant to Rules 237.1 and 1037 if defendant fails to file a responsive pleading to the complaint.

If the defendant files an answer to the complaint admitting that the claims are subject to arbitration, new Rule 1329(c)(1) permits either party to file a praecipe directing the prothonotary to enter on the docket a stay of proceedings pending arbitration.

If the defendant files preliminary objections or an answer which does not admit that the claims are subject to arbitration, new Rule 1329(c)(2) provides for the plaintiff to file a motion for a rule to show cause why arbitration should not be compelled. New Rule 1329(d)(2) requires the defendant to file within twenty days an answer to the plaintiff's motion, and new Rule 1329(d)(3) provides that if the defendant does not file an answer to the motion, the plaintiff may file a praecipe directing the prothonotary to enter on the docket a stay of proceedings pending arbitration.

New Rules 1328(d) and (e) and 1329(e)(3) and (4) adopt similar procedures for the entry of a judgment based on an arbitration award by providing for the filing of a motion to confirm an award. A responding party who opposes the motion must file an answer within thirty days. If the responding party does not file an answer, the prothonotary, upon praecipe of the moving party filed after the answer was due, shall enter judgment upon the arbitration award.

New Rule 1326 et seq. applies only to consumer credit transactions because it is not anticipated that there will be an increasing number of other cases raising arbitration issues in which the courts will be involved. In addition, procedures that work for consumer credit transactions may not work for all types of matters involving statutory and common law arbitration.

## Title 25—LOCAL COURT RULES

### DAUPHIN COUNTY

Promulgation of Local Rules; No. 1793 CV 1989

#### Order

*And Now*, this 6th day of January 2005, Dauphin County Local Rules of Civil Procedure are promulgated and amended as follows:

### Rule 1915. Actions for Custody, Partial Custody, and Visitation of Minor Children

#### Rule 1915.1. Scope [Definitions]

(a) These rules shall govern all actions for custody, partial custody, and visitation, including original actions, **modification petitions [to modify decrees], [contempts] contempt petitions**, and registration of foreign decrees. The rules shall be interpreted as supplementing the Rules of Civil Procedure governing custody actions, Pa.R.C.P. 1915.1 et seq.

(b) **If a claim for custody, partial custody or visitation is raised during the course of an action for support, a party shall file a separate action for custody, partial custody or visitation with the Prothonotary.**

#### Rule 1915.3. Custody Actions [Commencement of Action. Complaint, Order]

##### (a) Commencement of Custody Actions

1. **A custody action shall be commenced by the filing of an original and one copy of either a custody [The] complaint or a divorce complaint that contains a custody count [shall be filed] with the Prothonotary.**

2. **[(a)] In addition to the filing fees assessed for the filing of [Complaints] complaint, an additional administrative fee in the amount of \$110.00 shall be paid to the Prothonotary simultaneously with the filing of the custody [Complaint] complaint or the divorce complaint which contains a custody count.**

**[b An administrative fee of \$110.00 shall be paid to the Prothonotary simultaneously with the filing of any subsequent petition for relief (such as, but not limited to, a petition for modification or contempt).]**

3. **[If a custody claim is asserted in a divorce complaint, a duplicate copy of the complaint shall be filed with the Prothonotary. Thereafter, when either party desires a hearing on the custody issue, he/she may request a time and date for hearing by the filing of a simple Motion. At such time as a hearing is requested under this section, the administrative fee must accompany the Motion.] The Prothonotary shall forward the original custody complaint or divorce complaint which contains a custody count to the Court Administrator's Office for assignment to a Custody Conference Officer.**

4. **The Custody Conference Officer shall set the date, time and place of the conference and file a scheduling order with the Prothonotary.**

5. **Plaintiff(s) shall serve the complaint and the scheduling order upon Defendant(s) promptly in accordance with the applicable Rules of Civil Procedure and shall thereafter file an appropriate certificate of service with the Prothonotary before the date of the scheduled conference.**

(b) **Subsequent actions (petitions for modification or contempt)**

1. **An original and one copy of the petition for modification of a custody order or a petition for contempt of a custody order shall be filed with the Prothonotary.**

2. An administrative fee of \$110.00 shall be paid to the Prothonotary simultaneously with the filing of either the petition for modification of a custody order or a petition for contempt of a custody order.

3. The Prothonotary shall forward the original petition for modification of a custody order or petition for contempt of a custody order to the Court Administrator's Office for assignment to a Custody Conference Officer.

4. The Custody Conference Officer shall set the date, time and place of the conference and file a scheduling order with the Prothonotary.

5. The Petitioner shall serve the petition for modification or contempt and the scheduling order upon the Respondent promptly in accordance with the applicable Rules of Civil Procedure and shall thereafter file an appropriate Certificate of Service with the Prothonotary before the date of the scheduled conference.

6. A copy of the most recent custody order shall be attached to the petition for modification or contempt.

**Rule 1915.4-2 [ 1915.3A ] Custody Conference Officers [ Mediation Alternative Hearing Procedures ]**

(a) [ 1. The Court shall appoint as a Conference Officer(s) a member(s) of our Bar or other appropriate person, as an official of the Court, ] Custody Conference Officers shall be appointed by the Court to:

1. [ a. Mediate custody cases filed with the Court ] meet with the parties and counsel in a custody action to try to work out an agreed custody arrangement;

2. [ b. Recommend ] recommend the appointment of counsel for the [ child ] children in appropriate situations;

3. [ c. Recommend ] recommend the utilization of home studies and/or expert witnesses in appropriate situations;

4. [ d. Prepare ] prepare agreed interim or final orders for [ presentation to ] review by the Court.

(b) [ (2) ] The compensation of Custody Conference Officers shall be set by order of court. [ All custody matters not specifically reserved to the Court shall be promptly scheduled for a conference before the Conference Officer. All parties and any child age five (5) or older for whom custody or visitation is sought shall be present at the location of such conference. Failure of a party to appear at the conference may provide grounds for the entry of temporary or permanent orders. ]

(c) [ (3) ] If the parties are able to reach an agreement during the custody conference, the Custody Conference Officer shall prepare a proposed order memorializing the agreement. The proposed order shall be submitted to the judge assigned to handle custody matters for review. The proposed order shall not contain any reference to child support. If approved, the order shall be filed with the Prothonotary and copies shall be distributed to all parties. [ At the conference, or as soon thereafter as possible, each party shall provide the Confer-

ence Officer and each other with the following information, insofar as it is then available:

(a) A list of all fact witnesses;

(b) A list of all expert witnesses;

(c) Issues for resolution;

(d) Estimated length of trial;

(e) All reports from appropriate agencies; and

(f) Report of experts intended to be called as witnesses.

Such information shall be updated, as appropriate, any time up to commencement of trial. Failure to produce the information requested hereunder prior to trial, for the Conference Officer or the Court, may be grounds for excluding the evidence or witnesses at trial. ]

(d) [ 4. ] To facilitate the [ mediation ] conference process and encourage frank, open and meaningful exchanges between the parties and their respective counsel, statements made by the parties, or their witnesses, shall not be admissible as evidence in a custody hearing before the court. The [ custody ] Custody Conference Officer shall not be a witness for or against any party in a custody hearing before the court or in any other proceeding whatsoever.

(e) [ 5. At the conclusion of the conference where the case remains contested the Conference Officer shall prepare a Conference Summary Report. ] If the parties are unable to reach an agreement during the custody conference, the Custody Conference Officer shall prepare a Conference Summary Report. The Conference Summary Report [ This report ] shall contain facts gathered by the Custody Conference Officer during the conference and outline the issues for resolution by the Court. The Conference Summary Report shall be filed with the Prothonotary and copies shall be distributed to all parties. The Prothonotary shall forward the Conference Summary Report to the Court Administrator's Office and the case will be assigned to a judge. [ This report shall become a part of the Court record and upon being submitted to the Court shall also be copied to the parties. ]

**1915.5 Question of Jurisdiction or Venue. No Responsive Pleading Required. Counterclaim**

(a) [ If a question of jurisdiction or venue is raised prior to the Mediation Conference, such objections shall be referred by the Conference Officer to the Court for disposition. No other pleading need be filed to a claim for custody or visitation. ] An original and one copy of Preliminary Objections raising a question of jurisdiction or venue shall be filed with the Prothonotary. Preliminary Objections to the existence or exercise of jurisdiction or venue in any custody action shall be assigned to the judge

who is assigned to oversee custody matters or to the judge who has handled the case on a previous assignment.

(b) Counterclaims or cross-claims shall, where possible, be filed prior to the [ Mediation Conference ] conference.

(c) Rescinded

#### 1915.7 Agreements and Consent Orders

(a) Agreements and consent orders filed contemporaneously with the custody complaint:

1. When a custody agreement has been reached prior to the filing of the custody complaint, either party shall file with the Prothonotary the original signed custody agreement simultaneously with the original and one copy of the custody complaint.

2. The custody agreement shall be signed by all parties and the signatures shall be witnessed.

3. The custody agreement shall contain a proposed order of court.

4. An administrative fee of \$110.00 shall be paid to the Prothonotary in accordance with Rule 1915.3 (a) or (b).

5. The Prothonotary shall forward the original custody complaint and the signed and witnessed custody agreement to the Court Administrator's Office for review and assignment to the judge assigned to oversee custody matters.

6. Agreements shall not contain any provision relating to child support.

(b) Agreements and consent orders to modify existing custody orders:

1. When the parties agree to modify an existing custody order, the original agreement and consent order shall be filed with the Prothonotary. A petition for modification of a custody order should not be filed. There shall be no administrative fee paid to the Prothonotary for the modification of an existing custody order when no petition for modification of a custody order has been filed.

2. The custody agreement shall be signed by all parties and the signatures shall be witnessed.

3. The custody agreement shall contain a proposed order of court.

4. The Prothonotary shall forward the original signed and witnessed custody agreement to the Court Administrator's Office for review and assignment to the judge assigned to oversee custody matters.

5. Agreements shall not contain any provision relating to child support.

(c) Agreements reached after the complaint or petition for modification of a custody order is assigned to a Custody Conference Officer:

1. If at any time prior to the Custody Conference the parties are able to agree upon custody or visitation, the parties shall [ may ] submit a proposed agreement and consent order to the Custody Conference Officer for disposition in conjunction with these rules [ with written consents attached thereto signed by the parties and their counsel, if any ]. The custody agreement shall be signed by all parties and the signatures shall be witnessed.

2. The Custody Conference Officer shall submit the proposed agreement and consent order to the judge assigned to oversee custody matters.

(d) Agreements reached after a custody matter has been assigned to a judge:

1. If at any time prior to a conference or hearing before the assigned judge an agreement is reached regarding custody or visitation, the parties shall submit a proposed agreement and consent order to the assigned judge. The agreement shall be signed by all parties and the signatures shall be witnessed. Upon presentation of [ a ] the agreement and consent order, the Court may, in its discretion, enter an order without taking testimony [ thereon ].

[ 3 ] 2. The parties or children need not be present at a scheduled conference or hearing before a judge when an agreement has been reached prior to the conference or hearing unless the Court so directs.

#### Rule 1915.13 Applications for Special Relief (Emergency Petitions for Custody)

a. An original and one copy of the application for special relief shall be filed with the Prothonotary simultaneously with the custody complaint or petition for modification or contempt of a custody order.

b. The attorney or pro se party shall promptly notify the Deputy Civil Court Administrator's Office by telephone as soon as it is determined that an application for special relief will be filed and shall give the Deputy Civil Court Administrator's Office a realistic estimate of the date and time of the intended filing.

c. The application for special relief shall state, in detail, the facts alleged to warrant the special relief.

d. The application for special relief shall be served on all parties.

e. An administrative fee of \$110.00 shall be paid to the Prothonotary in accordance with Rule 1915.3 (a) or 1915.3 (b). The filing party need only pay the administrative fee associated with the custody complaint or petition for modification or contempt. There shall be no additional administrative fee associated with the filing of the application for special relief.

f. The Prothonotary shall forward both the original custody complaint or petition for modification or contempt of the custody order and the application for special relief to the Court Administrator's Office. The custody complaint or the petition for modification or contempt of the custody order shall be assigned to a Custody Conference Officer. The application for special relief shall be assigned to the judge who is assigned to handle emergency custody matters or to the judge who has handled the case on a previous assignment.

# PROPOSED RULEMAKING

## PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 101]

[L-00040166]

### Public Utility Security Planning and Readiness

Under 66 Pa.C.S. § 703(g) (relating to fixing hearings), the Pennsylvania Public Utility Commission (Commission) provides notice and the opportunity to be heard regarding the addition of one more section to proposed Chapter 101 (relating to public utility preparedness through self certification). See 34 Pa.B. 3138 (June 19, 2004).

The Commission intends to add § 101.7 (relating to applicability) to the rulemaking.

Chapter 101 does not apply to an entity regulated by the Federal Railroad Safety Act (FRSA) (49 U.S.C.A. §§ 20101—20153) and the Hazardous Materials Transportation Act (HMTA) (49 U.S.C.A. §§ 5101—5127), if within 60 days following the effective date of Chapter 101, the entity submits a certification to the Commission

indicating that it has its own written physical and cyber security, emergency response and business continuity plans in place and is in compliance with the requirements of the FRSA and HMTA.

Also, in light of the new provisions in 66 Pa.C.S. Chapter 30 (relating to alternative form of regulation of telecommunications services), the Commission tentatively finds that the benefits of the Self Certification Form substantially outweigh the attendant expense and administrative time and effort required to prepare it. See 66 Pa.C.S. §§ 3015(f)(1) and 3019(b) (relating to alternative forms of regulation; and additional powers and duties).

The due date for comments addressing the added language has been extended to February 11, 2005. Please provide an electronic copy to contact person Kimberly A. Joyce at [kjoyce@state.pa.us](mailto:kjoyce@state.pa.us).

## DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

### Lehigh River Watershed Conservation Management Plan

The Department of Conservation and Natural Resources (Department), Bureau of Recreation and Conservation has approved the Lehigh River Watershed Conservation Management Plan (Plan) and is placing the Lehigh River, the watershed and all tributaries covered in the Plan in Berks, Bucks, Carbon, Lackawanna, Lehigh, Luzerne, Monroe, Northampton, Schuylkill and Wayne Counties on the Pennsylvania Rivers Conservation Registry (Registry).

The Wildlands Conservancy (Conservancy) submitted the Plan and other required information to gain Registry status.

After review of the Plan and other information, the Department has determined that the Pennsylvania Rivers Conservation Program (Program) requirements have been satisfied and places the following on the Registry:

- The watershed area of the Lehigh River Watershed from the headwaters to its confluence with the Delaware River—1,345 square miles.
- All tributary streams within the Lehigh River Watershed.

This action takes effective February 5, 2005. Projects identified in the Plan become eligible for implementation, development or acquisition grant funding through the Program.

A copy of the Final Plan is available for review at the Wildlands Conservancy, 3701 Orchard Place, Emmaus, PA 18049-1637, (610) 965-4397; and the Department of Con-

servation and Natural Resources, Rachel Carson State Office Building, 400 Market Street, 6th Floor, Harrisburg, PA 17101, (717) 787-7672.

**APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

*Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.*

**No. PA0012882**, Industrial Waste, **Philadelphia Gas Works**, 800 West Montgomery Avenue, Philadelphia, PA 19122. This proposed facility is located in City of Philadelphia, **Philadelphia County**.

Description of Proposed Activity: This application is for renewal of an NPDES permit to discharge noncontact cooling water from the facility in the City of Philadelphia, Philadelphia County. This is an existing discharge to the Delaware River Estuary Zone 3.

The receiving stream, Delaware River—Zone 3, is in the State Water Plan watershed 3J and is classified for WWF and MF. There are no public water supply intake downstream of this discharge in this Commonwealth.

The proposed effluent limits for Outfall 004 are based on a design flow of 12.8. mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Influent Temperature (°F)	Monitor and Report		Monitor and Report
Effluent Temperature (°F)			110°F
pH (STD)	Within limits of 6.0—9.0 Standard Units at all times		

Other Conditions:

The EPA Waiver is in effect.

**PA0042889**, SEW, SIC 4952, **Octorara Area School District**, 228 Highland Road, Suite 1, Atglen, PA 19310. This proposed facility is located in West Fallowfield Township, **Chester County**.

Description of Proposed Activity: Renewal of an NPDES permit to discharge treated sewage from Octorara Area School District STP.

The receiving stream, UNT to Knight Run, is in the State Water Plan watershed 7K and is classified for: TSF, aquatic life, water supply and recreation. The nearest downstream public water supply intake for Chester Water Authority is located on Octorara Creek and is 15.85 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 30,000 gpd.

In addition to the effluent limits, the permit contains the following major special conditions:

1. Operator Notification
2. Abandon STP When Municipal Sewers Available
3. Remedial Measures if Unsatisfactory Effluent
4. No Stormwater
5. Acquire Necessary Property Rights
6. Small Stream Discharge
7. Change of Ownership
8. Chlorine Minimization
9. Proper Sludge Disposal
10. I-Max Limits
11. 2/Mo Monitoring
12. TRC Monitoring Below Detection Level

PERMIT**

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

### PREAMBLE 1

**Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release

of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

*Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.*

**AAA Mid Atlantic Building**, City of Philadelphia, **Philadelphia County**. Richard S. Werner, P. G., Env. Consulting, Inc., 500 East Washington St., Norristown, PA 19401 on behalf of Bill Fisher, Carriage House Condominiums, LP, 1700 Walnut St., Second Floor, Philadelphia, PA 19103 has submitted a Notice of Intent to Remediate. Soil on the site was impacted with unleaded gasoline and leaded gasoline. The intended future use of the site is to develop the site into a condominium building.

**M. F. Stein Corp.**, City of Philadelphia, **Philadelphia County**. Kurt J. Spiess, EMG, P. O. Box 129, Edgemont, PA 19028 on behalf of M. F. Stein Corp., 2560 E. Tioga St., Philadelphia, PA has submitted a Notice of Intent to Remediate. Soil at the site was impacted with no. 4 fuel oil. The future site will be commercial. A summary of the

Notice of Intent to Remediate was reported to have been published in the *Port Richmond Star* on December 16, 2004.

**Vacant Property/5040 Belfield Ave.**, City of Philadelphia, **Philadelphia County**. Staci Cottone, American Resource Consultants, Inc., P. O. Box 579, Quakertown, PA 18951 on behalf of Mr. and Mrs. Elliot Timms, 1862 Lindley St., Philadelphia, PA 19141 has submitted a Notice of Intent to Remediate. Soil at the site was impacted with lead. The intended use of the property is commercial.

*Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.*

**Former Stauffer Printing Site**, East Lampeter Township, **Lancaster County**. Alternative Environmental Solutions, 930 Pointview Avenue, Ephrata, PA 17522 on behalf of Bible Visuals International, 650 Main Street, Akron, PA 17501, submitted a Notice of Intent to Remediate soils contaminated with inorganics. The proposed use of the site will continue as nonresidential and the applicant will seek attainment of a site-specific standard.

*Northcentral Region: Environmental Cleanup Program, 208 West Third Street, Williamsport, PA 17701.*

**Sunoco-Montgomery**, Montgomery Borough, **Lycoming County**. Aquaterra Technologies, Inc., 122 South Church Street, West Chester, PA 19382 has submitted a Notice of Intent to Remediate soil and groundwater contaminated with petroleum hydrocarbon constituents, including separate-phase gasoline, as well as absorbed and dissolved-phase compounds associated with gasoline and heating oil. This site is being remediated to meet a Statewide Health Standard.

**Diesel Fuel Release, Lawrenceville, PA**, Lawrence Township, **Tioga County**. Environmental Solutions TM Remediation Services, 67 Frid St., Unit 5, Hamilton, ON 4m3, has submitted a Notice of Intent to Remediate soil and groundwater contaminated with diesel fuel. This site is being remediated to meet a Statewide Health Standard.

*Northwest Region: Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.*

**Honeywell Wax Mfg Fac OLD**, Emlenton, **Venango County**. Dayne Crowley, MACTEC Engineering & Consulting Inc., 700 N Bell Ave, Suite 200, Carnegie, PA 15106, on behalf of Jeff Carr, Owner, P. O. Box 660, 1001 Hill St., Emlenton PA 16373, has submitted a Notice of Intent to Remediate. The entire facility encompasses 45 acres. The facility operated as a refinery and/or wax plant for over 100 years. Soil and Groundwater were found to contain Separate Phase Liquid, VOCs and metals. The areas will be remediated to attain nonresidential Statewide Health standards, Site-Specific standards for soil and groundwater.

### PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

#### NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified

before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

### PLAN APPROVALS

**Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.**

*Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Mark Wejkszner, New Source Review Chief, (570) 826-2531.*

**40-320-017A: Bemis Co., Inc.** (20 Jaycee Drive, Valmont Industrial Park, West Hazleton, PA 18202) for modification of surface coating operations at their facility in the Valmont Industrial Park, West Hazleton, **Luzerne County**.

**48-307-061: International Mill Service, Inc.** (1155 Business Center Drive, Suite 200, Horsham, PA 19044) for construction/replacement of two slag processing operations at their facility in Bethlehem, **Northampton County**.

**54-308-021: Alcoa Extrusions, Inc.** (53 Pottsville Street, Cressona, PA 17929) for modification of emission rates for melting furnaces 4—7 at their facility in Cressona Borough, **Schuylkill County**.

**06-03117D: Custom Processing Services, Inc.** (2 Birchmont Drive, Reading, PA 19606-3266) for construction of a material grinding mill controlled by a fabric collector and the installation of a fabric collector to control various fugitive emission points in Exeter Township, **Berks County**.

*Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.*

**41-310-001I: Hanson Aggregates—PA, Inc.** (2200 Springfield Pike, Connellsville, PA 15425) for construction of a replacement tertiary crusher rated at 200 tons per hour for their Pine Creek Quarry in Limestone Township, **Lycoming County**.

**18-00009C: Clinton County Solid Waste Authority** (264 Landfill Lane, McElhattan, PA 17748) for modification of a municipal waste landfill by increasing the average daily waste volume from 725 tons per day to 1,200 tons per day at the Wayne Township Landfill in Wayne Township, **Clinton County**.

**Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.**

*Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Thomas McGinley, New Source Review Chief, (484) 250-5920.*

**09-0102A: Soil Technology, Inc.** (7 Steel Road East, Morrisville, PA 19067) for installation of a diesel driven screen at a soil remediation facility in Falls Township, **Bucks County**. This facility is a non-Title V facility. The diesel engine associated with the screen will be subject to a limit of 2.85 tons per year for NOx emissions. The Plan Approval will contain recordkeeping and further operating restrictions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

**46-0037V: Cabot Performance Materials** (County Line Road, P. O. Box 1608, Boyertown, PA 19512-1608) for changing an existing GEMCO Dryer exhaust to a higher removal efficiency air-cleaning device at their Boyertown facility in Douglass and Colebrookdale Townships, **Montgomery and Berks Counties**. This facility is a Title V facility. The change will not result in any emission increase. The Plan Approval and Operating Permit will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

**09-0180A: White Engineering Surfaces Corporation** (One Pheasant Run, Newtown, PA 18940) for installation of the Metal, Ceramics and Paint Surface Coating Spray Paint Booths (paint booths) with Dust Collectors at their White Engineering machine shop/parts manufacturing new facility at One Pheasant Run, Newtown Township, **Bucks County**. The installation of the paint booths may result in the emissions of: 2.0 tons per year of VOCs; 2.0 tons per year of HAPs; and 2.0 tons per year of Particulate Matter with an aerodynamic diameter of 2.5 micrometer or smaller. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

*Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Mark Wejkszner, New Source Review Chief, (570) 826-2531.*

**40-318-053: Certainteed Corp.** (Crestwood Industrial Park, 1220 Oak Hill Road, Mountaintop, PA 18707-2199) for increase of VOC emissions from their Marking Inks at the site in Wright Township, **Luzerne County**. The proposed increase will be for source 114 (Marking Inks) which will go from 4.2 tpy of VOC to 6.0 tpy of VOC, based on a 12-month rolling sum. The company has proposed no other changes. Certainteed Corporation is a major facility subject to Title V permitting requirements and currently has a Title V Permit 40-00010. The Operating Permit will include testing, monitoring, recordkeeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements. The Plan Approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V Operating Permit through an administrative amendment at a later date. For further details, contact Mark J. Wejkszner at (570) 826-2511 within 30 days after publication date.

*Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.*

**06-05100B: Calpine Construction Finance Co., LP** (95115 Pottsville Pike, Reading, PA 19605) for modification of their electric generating plant controlled by SCR in Ontelaunee Township, **Berks County**. The modification will permit the two combine cycle turbines to operate

at a lower loading than currently permitted. This modification will not result in the increase of potential emissions from the facility. The facility will continue to be limited by the current standards. The turbines are subject to 40 CFR Part 60, Subpart GG, Standards of Performance for New Stationary Sources and Title IV, Acid Rain. The plan approval will include monitoring, testing, work practices, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements. The facility is presently covered by the Title V Operating Permit 06-05100. The plan approval will be incorporated into this permit in accordance with 25 Pa. Code § 127.450.

**22-05034C: Pennsy Supply, Inc.** (1001 Paxton Street, P. O. Box 3331, Harrisburg, PA 17104-3331) for replacement of an existing fabric collector with a new fabric collector for their pulverized mineral processing operation, Hummelstown Quarry, South Hanover Township, **Dauphin County**. This plan approval will include appropriate restrictions and requirements designed to keep the source operating within all applicable air quality requirements. Estimated atmospheric emissions for the pulverized mineral processing operation for PM10, SOx, CO, NOx, VOCs and HAPs are projected to be 6.82, 0.85, 30.75, 6.25, 9.50 and 0.05 tpy, respectively. The pulverized mineral processing operation is subject to Part 60-Standards of Performance for New Stationary Sources, Subpart 000.

*Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, Richard Maxwell, New Source Review Chief, (570) 327-3637.*

**19-00026A: Haddon Craftsmen, Inc.** (4411 Old Berwick Road, Bloomsburg, PA 17815) for construction of two book binding lines (Source ID P106), two heatset web offset lithographic printing presses (Source ID P116) and installation of an air cleaning device (regenerative thermal oxidizer) (ID C116) to control VOCs from the printing presses in South Centre Township, **Columbia County**.

The book binding lines will utilize adhesives and the printing presses will utilize inks, fountain solutions and cleaning solvents that contain VOCs and hazardous air pollutants (HAP). The proposed sources will emit up to 16.4 tons of VOC and 1 ton of HAPs in any 12 consecutive month period (CMP). The facility as a whole is restricted to emit less than 50 tons of VOC in any 12 CMP to avoid the requirements for Title V facility. The facility is also required to keep records on a monthly basis and submit semi-annual reports to verify compliance with the 50 tons VOC emission limitation.

The Department of Environmental Protection's (Department) review of the information provided by Haddon Craftsmen, Inc. indicates that the new sources will comply with all air quality requirements, including the best available technology requirement of 25 Pa. Code §§ 127.1 and 127.12, pertaining to air contamination sources and the emission of air contaminants. Based on this finding, the Department proposes to issue plan approval for the construction of two book binding lines, two heatset web offset lithographic printing presses and installation of a regenerative thermal oxidizer.

The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements.

1. The total combined emission of VOCs from existing Binding Lines No. 3 and No. 4 shall not exceed 5 tons in any 12 CMP.

2. The total combined emission of VOCs from existing Printing Press HCM-015 shall not exceed 13.2 tons in any 12 CMP.

3. The total combined emission of VOCs from all sources at the facility shall not equal or exceed 50 tons in any 12 CMP.

4. The permittee shall keep up-to-date records of Certified Product Data Sheets (CPDS) that identify the VOC content and HAP content of each VOC and/or HAP containing material used at the facility.

5. The total combined emission of VOCs from Source ID P106 shall not exceed 7.91 tons in any 12 CMP.

6. The hot melt adhesives used in Source ID P106 shall not contain in excess of 3.5% VOCs by weight, as applied and shall not contain any HAPs.

7. The permittee shall keep records of the identity and amount of adhesive used each month in Source ID P106.

8. The permittee shall submit reports to the Department on a semi-annual basis that include the records of the identity and amount of adhesive used each month in Source ID P106.

9. Prior to the operation of Source ID P106, the permittee shall permanently remove existing book binding lines No. 1 and No. 2 from service.

10. The inks used in Source ID P116 shall contain no more than 37% VOCs (by weight), as applied, on a weighted average basis, calculated monthly.

11. The fountain solutions used in Source ID P116 shall contain no more than 1.0% VOCs (by weight), as applied.

12. The total combined emission of VOCs from Source ID P116, including ID C116, shall not exceed 8.50 tons in any 12 CMP.

13. Source ID P116 shall not be operated without the simultaneous operation of ID C116 and the total combined VOC emissions from the exhaust of ID C116 shall not exceed 1.45 tons in any 12 CMP.

14. The emission of total combined HAPs from Source ID P116 shall not exceed 1.0 ton in any 12 CMP.

15. The materials used in Source ID P116 shall not contain any HAPs, except for the following:

(a) The fountain solution used in Source ID P116 may contain ethylene glycol.

(b) The blanket wash and other cleanup solvents used in Source ID P116 may contain cumene, xylene and/or naphthalene.

16. The permittee shall only use natural gas as fuel for each press dryer of Source ID P116 and the burner of ID C116.

17. The VOC emissions from ink oil used in Source ID P116 that are not retained in the substrate shall be captured with an efficiency of 100% and exhausted to ID C116. The VOC emissions from fountain solution used in Source ID P116 shall be captured with an efficiency of 70% and exhausted to ID C116.

18. ID C116 shall destroy the VOC emissions ducted to it from Source ID P116 at a destruction efficiency of no less than 97% (by weight) or the VOC concentration in the exhaust of ID C116 is no greater than 20 parts per million, by volume, dry basis (ppmvd), expressed as methane.

19. Within 120 days of the initial startup of ID C116, the permittee shall perform stack testing upon the inlet and outlet of ID C116 while ID C116 is being used to control emissions from Source ID P116 to determine the amount of VOCs and HAPs present and the VOC/HAP destruction efficiency of ID C116 to verify compliance with the destruction efficiency and emission limitation. Testing shall occur while Source ID P116 is operating at maximum capacity at which it will ever be operated and while Source ID P116 is operating at a minimal capacity. In each case, testing is to be performed while operating the combustion chamber of ID C116 is as close to 1,500°F as can reasonably be achieved (but not less than 1,500°F). Additionally, the pressure drop of the bed media of ID C116 shall be continuously monitored during testing.

20. Each press of Source ID P116 shall be equipped with a pressure measuring device to monitor the differential pressure of each press dryer of Source ID P116 with respect to the ambient pressure of the pressroom at all times Source ID P116 is in operation.

21. ID C116 shall be equipped with instrumentation to monitor and record the temperature of the combustion chamber on a continuous basis. Additionally, ID C116 shall be equipped with instrumentation to monitor and record the pressure drop across the bed media of ID C116 on a continuous basis.

22. The permittee shall determine VOC inlet and outlet concentrations of ID C116 on a quarterly basis using a portable total hydrocarbon analyzer. The frequency of monitoring the VOC inlet and outlet concentrations of ID C116 may be increased or decreased based upon the results of the testing and compliance with all applicable requirements.

23. The permittee shall keep records of the identity and amount of each VOC-containing and/or HAP-containing material used each month in Source ID P116.

24. The permittee shall keep records of the dates and results of the VOC concentration stack tests, including portable analyzer tests with calibration data and shall verify compliance with the VOC concentration/destruction efficiency requirement specified for ID C116.

25. The permittee shall submit reports to the Department on a semi-annual basis that include the records of the identity and amount of each VOC-containing material used each month in Source ID P116.

26. The permittee shall submit reports to the Department on a semi-annual basis that include the supporting calculations used to verify compliance with the VOC concentration/destruction efficiency requirement specified for ID C116.

27. All VOC-containing materials used for cleanup purposes in Source ID P116 shall have a vapor pressure no greater than 3.0 millimeters of mercury at 68° F.

28. Each press dryer of Source ID P116 shall be operated at a negative differential pressure with respect to the ambient pressure of the pressroom at all times Source ID P116 is in operation. Each press dryer of Source ID P116 shall be equipped with an interlocking device that prevents Source ID P116 from operating if the differential pressure with respect to the ambient pressure of the pressroom is not negative.

29. The permittee shall keep all containers of cleanup solvent associated with Source ID P116 closed when not in actual use and store all solvent-wet rags, etc. in closed containers when not in actual use. Under no circumstances shall the permittee dispose of waste solvent

associated with Source ID P116 by means of evaporation or treat or pretreat solvent-wet rags, and the like prior to disposal or reuse by subjecting them to air drying or any other means of solvent removal that would unnecessarily cause solvent to be evaporated into the air.

30. VOC-containing material added to the fountain solution used in Source ID P116 shall have a vapor pressure of less than 3.0 mm Hg at 68°F.

31. Prior to the initial startup of Source ID P116, the permittee shall permanently remove existing Printing Presses HCM-011, HCM-012, HCM-013 and HCM-014 from service.

32. Upon each occurrence of operation of Source ID P116, the combustion chamber of ID C116 shall achieve a temperature of at least 1,500°F prior to the commencement of printing and the combustion chamber temperature shall thereafter be maintained at no less than 1,500°F at all times during operation of Source ID P116. ID C116 shall be equipped with an interlock that prevents Source ID P116 from operating if the combustion chamber temperature of ID C116 is below 1,500°F.

33. The total combined emission of NO<sub>x</sub> from the exhaust of ID C116 shall not exceed 1.31 pounds per hour and 3.27 tons in any 12 CMP. This emission limitation also includes the NO<sub>x</sub> emissions from Source ID P116.

34. The total combined emission of CO from the exhaust of ID C116 shall not exceed 1.1 pounds per hour and 2.74 tons in any 12 CMP. This emission limitation also includes the CO emissions from Source ID P116.

35. All conditions contained in existing Operating Permit 19-320-001E remain in effect unless superseded or amended by conditions contained in this plan approval. If there is a conflict between a condition contained in this plan approval and a condition contained in Operating Permit 19-320-001E, the permittee shall comply with the condition contained in this plan approval.

**49-00020A: Truck Accessories Group, Inc. d/b/a Leer East** (200 Housels Run Road, Milton, PA 17847) for the construction of a mold maintenance area, a wet-out reinforcement area, a secondary lamination area, a base rail lamination area, a truck cap and tonneau cover headliner adhesive process, fiberglass reinforced plastic truck cap and tonneau cover assembly and final finish operations, an aluminum welding operation and an aluminum truck cap assembly, final finish and installation operation in an existing fiberglass reinforced plastic and aluminum truck cap manufacturing facility in Milton Borough, **Northumberland County**.

The respective facility is a major facility for both VOCs and volatile HAPs and one for which a Title V operating permit (49-00020) has been issued.

The operation of the proposed air contamination sources will result in the emission of up to 25.87 tons of VOCs, 19.332 tons of volatile HAP, .294 ton of particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM<sub>10</sub>), 4.81 tons of acetone and .39 ton of ammonia per year.

The Department of Environmental Protection's (Department) review of the information submitted by Truck Accessories Group, Inc. indicates that the proposed air contamination sources will comply with all Air Quality requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement of 25 Pa. Code §§ 127.1 and 127.12, the New Source Review requirements of 25 Pa. Code §§ 127.201—127.217 and the Reasonably Avail-

able Control Technology requirements of 25 Pa. Code §§ 129.91—129.95. Based on this finding, the Department proposes to issue plan approval for the construction of the proposed air contamination sources. Additionally, if the Department subsequently determines that the respective air contamination sources are being operated and maintained in accordance with the conditions of the plan approval as well as all applicable regulatory requirements, the conditions established in the plan approval will be incorporated into Title V Operating Permit 49-00020 via administrative amendment in accordance with 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The VOC contents of the 3M Flowable Finishing Putty, 3M Short Strand Fiberglass Reinforce Filler, Axel Xtend 802 and Axel Xtend 19SAM (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the mold maintenance area shall not exceed 1.83, 2.72, 6.03 and 5.7 pounds per gallon, respectively. No other VOC-containing material shall be used in this area.

2. The volatile HAP contents of the 3M Flowable Finishing Putty and 3M Short Strand Fiberglass Reinforce Filler (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the mold maintenance area shall not exceed 1.83 and 2.72 pounds per gallon, respectively. No other VOC-containing material shall be used in this area.

3. The styrene content of the 3M Flowable Finishing Putty and 3M Short Strand Fiberglass Reinforce Filler (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the mold maintenance area shall not exceed 20% by weight. No other styrene-containing material shall be used in this area.

4. The VOC and volatile HAP emissions from the mold maintenance area shall not exceed 1.28 and .11 tons in any 12 consecutive month period (CMP), respectively.

5. All materials applied in the mold maintenance area shall be applied by hand. All containers of Axel Xtend 802 and Axel Xtend 19SAM (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) shall be closed except when material is being removed from or introduced into the container.

6. Records shall be maintained of the amount, VOC content, volatile HAP content and styrene content of each material used in the mold maintenance area as well as of the total VOC and total volatile HAP emissions from the area. This data shall be reported to the Department on a quarterly basis.

7. The neat resin used in the wet-out reinforcement area and secondary lamination area shall have a combined styrene and methyl methacrylate content of no greater than 32% by weight as well as a vapor suppressant factor of at least .05 and shall be applied using non-atomized resin application technology (as defined by the Department). No other volatile HAP-containing material shall be used in these areas. No other VOC-containing material shall be used in these areas other than cleanup solvents authorized by condition 42 herein.

8. The amount of neat resin used in the wet-out reinforcement area shall not exceed 2,600 gallons in any

12 CMP and the VOC emissions shall not exceed .45 tons in any 12 CMP (excluding those from the use of cleanup solvent).

9. The volatile HAP emissions from the wet-out reinforcement area shall not exceed .45 ton in any 12 CMP.

10. The amount of neat resin used in the secondary lamination area shall not exceed 76,388 gallons in any 12 CMP and the VOC emissions shall not exceed 13.17 tons in any 12 CMP (excluding those from the use of cleanup solvent).

11. The volatile HAP emissions from the secondary lamination area shall not exceed 13.17 tons in any 12 CMP.

12. The neat resin used in the base rail lamination area shall have a combined styrene and methyl methacrylate content of no greater than 32% by weight as well as a vapor suppressant factor of at least .05 and shall be applied using non-atomized resin application technology (as defined by the Department). No other VOC-containing material shall be used in this area other than cleanup solvents authorized by condition 42 herein.

13. The amount of neat resin used in the base rail lamination area shall not exceed 26,000 gallons in any 12 CMP, the VOC emissions shall not exceed 4.48 tons in any 12 CMP (excluding those from the use of cleanup solvent) and the volatile HAP emissions shall not exceed 4.48 tons in any 12 CMP.

14. The volatile HAP emissions from the wet-out reinforcement area, secondary lamination area and base rail lamination area shall not exceed 87 pounds per ton of neat resin (weighted average over 12 consecutive months).

15. Records shall be maintained of the identity, amount, VOC content, volatile HAP content, styrene content and methyl methacrylate content of the neat resin used in the wet-out reinforcement area and secondary lamination area as well of the total VOC and total volatile HAP emissions from each of these areas. This data shall be reported to the Department on a quarterly basis.

16. Records shall be maintained of the identity, amount, VOC content, volatile HAP content, styrene content and methyl methacrylate content of the neat resin used in the base rail lamination area as well as of the total VOC and total volatile HAP emissions from this area. This data shall be reported to the Department on a quarterly basis.

17. The VOC contents of the CASA 246-DB adhesive and Quick Clean No. 6 cleanup solvent (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the truck cap and tonneau cover headliner adhesive process shall not exceed .56 and 1.31 pounds per gallon, respectively. No other VOC-containing material shall be used in this process.

18. The volatile HAP contents of the CASA 246-DB adhesive and Quick Clean No. 6 cleanup solvent (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the truck cap and tonneau cover headliner adhesive process shall not exceed zero and 1.57 pounds per gallon, respectively and the ammonia content of the adhesive shall not exceed 1%. No other volatile HAP-containing material shall be used in this process.

19. The amounts of CASA 246-DB adhesive and Quick Clean No. 6 cleanup solvent (or alternate materials

determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the truck cap and tonneau cover headliner adhesive process shall not exceed 9,565 and 16.83 gallons, respectively, in any 12 CMP.

20. The VOC emissions from the truck cap and tonneau cover headliner adhesive process shall not exceed 2.7 tons in any 12 CMP.

21. The volatile HAP, ammonia and particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) emissions from the truck cap and tonneau cover headliner adhesive process shall not exceed .0132 ton, .39 ton and .27 ton, respectively, in any 12 CMP.

22. All adhesive used in the truck cap and tonneau cover headliner adhesive process shall be applied in either the truck cap headliner adhesive spray booth or the tonneau cover headliner adhesive spray booth and shall only be applied with high volume low pressure spray equipment (or alternate technology determined by the Department to have an equivalent, or lower, air contaminant emission potential).

23. The truck cap and tonneau cover headliner adhesive spray booths shall each be equipped with dry filters with a particulate matter removal efficiency of at least 95%.

24. All containers of the materials used in the truck cap and tonneau cover headliner adhesive process shall be closed except when material is being removed from or introduced into the container.

25. Records shall be maintained of the amount, VOC content, volatile HAP content and ammonia content of each material used in the truck cap and tonneau cover headliner adhesive process, as well as of the total VOC and total volatile HAP emissions from the process. This data shall be reported to the Department on a quarterly basis.

26. The VOC contents of the 3M Primer 94, 3M Scotch-Grip Industrial Adhesive 4799, Sika Flex 255-FC and Sika Activator (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall not exceed 7.58, 4.45, .26 and 5.6 pounds per gallon, respectively. No other VOC-containing material shall be used in this operation.

27. The volatile HAP contents of the 3M Primer 94, 3M Scotch-Grip Industrial Adhesive 4799 and Sika Flex 255-FC (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall not exceed 3.41, 1.85 and .26 pounds per gallon, respectively. No other volatile HAP-containing material shall be used in this operation.

28. The VOC and volatile HAP emissions from the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall not exceed 2.29 and 1.07 tons in any 12 CMP, respectively.

29. All materials applied in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall be applied by hand. All containers of the materials used in this assembly operation shall be closed except when material is being removed from or introduced into the container.

30. Records shall be maintained of the amount, VOC content and volatile HAP content of each material used in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation as well as of the total VOC and total volatile HAP emissions from this operation. This data shall be reported to the Department on a quarterly basis.

31. The VOC contents of the 3M Finesse II Finishing Material, 3M Perfect-It III Finishing Glaze, 3M Brand Super Duty Rubbing Compound and Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall not exceed 1.92, 2.27, 3.11 and 7.35 pounds per gallon, respectively. No other VOC-containing material shall be used in this operation.

32. The volatile HAP of the Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall not exceed .33 pounds per gallon. No other volatile HAP-containing material shall be used in this operation.

33. The VOC, volatile HAP and particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) emissions from the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall not exceed .53, .0098 and .0012 ton in any 12 CMP, respectively.

34. The 3M Finesse II Finishing Material, 3M Perfect-It III Finishing Glaze and 3M Brand Super Duty Rubbing Compound (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall be applied by hand. All containers of the materials used in this operation shall be closed except when material is being removed from or introduced into the container.

35. Records shall be maintained of the amount, VOC content and volatile HAP content of each material used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation as well as of the total VOC and total volatile HAP emissions from the operation. This data shall be reported to the Department on a quarterly basis.

36. The particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) and VOC emissions from the aluminum welding operation shall not exceed .0225 and .0139 ton in any 12 CMP, respectively. The permittee shall maintain such records as are necessary to demonstrate compliance with these limitations.

37. The VOC contents of the 3M Primer 94, Sika Flex 255-FC, Sika Activator and Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the aluminum truck cap assembly, final finish and installation operation shall not exceed 7.58, .26, 5.6 and 7.35 pounds per gallon, respectively. No other VOC-containing material shall be used in this operation.

38. The volatile HAP contents of 3M Primer 94, Sika Flex 255-FC and Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the aluminum truck cap assembly, final finish and installation operation shall not exceed 3.41, .26 and .33 pounds per gallon, respectively. No other volatile HAP-containing material shall be used in this operation.

39. The VOC, volatile HAP and particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) emissions from the aluminum truck cap assembly, final finish and installation operation shall not exceed .28, .0178 and .002 ton in any 12 CMP, respectively.

40. The 3M Primer 94, Sika Flex 255-FC and Sika Activator used in the aluminum truck cap assembly, final finish and installation operation shall be applied by hand. All containers of the materials used in this operation shall be closed except when material is being removed from or introduced into the container.

41. Records shall be maintained of the amount, VOC content and volatile HAP content of each material used in the aluminum truck cap assembly, final finish and installation operation as well as of the total VOC and total volatile HAP emissions from the operation. This data shall be reported to the Department on a quarterly basis.

42. The only cleanup solvents to be used in the wet-out reinforcement area, secondary lamination area and base rail lamination area shall be acetone and ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential).

43. No more than a combined total of 1,455.37 gallons of acetone may be used in the wet-out reinforcement area, secondary lamination area and base rail lamination area in any 12 CMP nor shall the combined acetone emissions from these areas exceed 4.81 tons in any 12 CMP.

44. Records shall be maintained of the total combined amount of acetone used in wet-out reinforcement area, secondary lamination area and base rail lamination area as well as of the amount of 100% acetone removed from these areas and shipped offsite in liquid form. This data shall be submitted to the Department on a quarterly basis.

45. The wet-out reinforcement area, secondary lamination area and base rail lamination area shall each use no more than 463.84 pounds of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) in any 12 CMP nor shall the VOC emissions from each of these areas exceed .23 ton in any 12 CMP.

46. Records shall be maintained of the amount of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the wet-out reinforcement area, in the secondary lamination area and in the base rail lamination area as well as of the amount of 100% Shipshape (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) removed from each of these areas and shipped offsite in liquid form. This data shall be reported to the Department on a quarterly basis.

47. The height of the existing gelcoat booth No. 1 stack, the existing gelcoat booth No. 2 stack and the existing lamination booth stack shall be increased to 37.25, 37.25 and 34.75 feet above grade, respectively.

48. Condition No. 005 of Source ID P101 (gelcoat and primary lamination operation) of the Title V Operating Permit 49-00020 is modified to allow the use of up to 104 gallons of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) in any 12 CMP.

49. Records shall be maintained of the amount of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in Source ID P101.

50. The permittee must obtain 54.41 tons of VOC emission reduction credits.

51. The mold maintenance area, wet-out reinforcement area, secondary lamination area and base rail lamination area are subject to subpart WWWW of the National Emission Standards for Hazardous Air Pollutants, 40 CFR 63.5780—63.5935 and must comply with all applicable requirements contained therein by April 21, 2006.

The mold maintenance area, wet-out reinforcement area, secondary lamination area, truck cap and tonneau cover headliner adhesive process, fiberglass reinforced plastic truck cap and tonneau assembly and final finish operations, aluminum welding operation and aluminum truck cap assembly, final finish and installation operation are subject to the reasonably available control technology (RACT) requirements of 25 Pa. Code §§ 129.91—129.95. The Department has made a preliminary determination to approve the RACT plan submitted by Truck Accessories Group, Inc. for these air contamination sources. This preliminary RACT determination, if approved, will be submitted to the United States Environmental Protection Agency (EPA) as a revision to the State Implementation Plan (SIP). The SIP revision will not adopt any new regulations. It will contain the requirements established by the Department in its approval of the RACT plan.

Conditions 1, 3, 5—8, 10, 15, 17, 19, 20, 22, 24—26, 29—31, 34, 35, 37, 40—42, 45, 46, 48 and 49 contain the Department's preliminary RACT determination for the respective air contamination sources.

A copy of the plan approval application, including the RACT plan, is available for public inspection during normal business hours at the address listed in this notice. Persons interested in inspecting the application must schedule an appointment in advance.

A public hearing will be held solely for the purpose of receiving comments on the Department's RACT determination and associated proposed SIP revision. The Department will not be entertaining comments regarding any other aspect of the respective plan approval application or the Department's review of said application at this hearing. The hearing will be held on March 15, 2005, at 1 p.m. at the Department of Environmental Protection's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. The public is invited to appear at this public hearing and comment on the Department's preliminary RACT determination and proposed SIP revision.

Persons who wish to present testimony at the hearing should contact Daniel Spadoni at (570) 327-3659 at least one week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one individual to present testimony on its behalf.

Persons with a disability who wish to comment at the hearing and require an auxiliary aid, service or other accommodations to do so should contact Daniel Spadoni at (570) 327-3659 to discuss how the Department may accommodate your needs.

Anyone unable to attend the hearing but wishing to comment on the Department's preliminary RACT determination and proposed SIP revision or anyone who has comments which he believes should be considered in the Department's review of any other aspect of the respective plan approval application or anyone who wishes to protest the issuance of plan approval may do so by submitting their comments or protests in writing to the Department at the address listed in this notice. Comments or protests must be received by the Department by no later than March 25, 2005, to be considered. Each protest or comment should include the following: name, address and telephone number of the person submitting the protest or comment and a concise statement explaining the relevancy of the comment or protest being presented to the Department.

The Department may hold an additional public hearing to solicit comments on issues and concerns, other than the Department's preliminary RACT determination and proposed SIP revision, pertaining to the respective plan approval application and the Department's review thereof if the Department, in its discretion, decides a hearing is warranted based on the information received. Persons requesting a hearing, protesting the issuance of plan approval or submitting comments will be notified of the decision to hold an additional public hearing by publication in a newspaper of general circulation in the Milton area or by letter or telephone if the Department feels that such notification is sufficient.

Written comments, protests or requests for an additional public hearing should be directed to David W. Aldenderfer, Environmental Program Manager, Air Quality Program, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448.

For additional information regarding the respective plan approval application, contact Richard L. Maxwell, Jr., Chief, New Source Review Section, Air Quality Program, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 327-3640.

**NOTICE OF INTENT TO APPROVE**

**Plan Approval At a Title V Facility  
No. PA-63-00922A**

Notice is hereby given, under 25 Pa. Code, § 127.44(a), that the Pennsylvania Department of Environmental

Protection (Department) intends to issue a Plan Approval to for the installation of a 272 net megawatt waste coal fired, circulating fluidized bed boiler to be located in Robinson Township, Washington County. Other air emission sources at the facility include material handling operations for coal, ash and limestone as well as an emergency generator, firewater pump and a cooling tower as described in the application received in June 2004.

Based on the information provided by the applicant and on Department's analysis of that information, this installation will result in facility emissions of no more than 3154.25 tons of SO<sub>2</sub>, 976.06 tons of NO<sub>x</sub>, 1826.09 tons of CO, 72.9 tons of VOC, and 369.39 tons of particulate matter (as PM<sub>10</sub>) each year. Air modeling provided by the applicant indicates the following impacts:

**Modeling Results**

Pollutant	Averaging Period	Significant Impact		Increment Consumption		NAAQS Analysis	
		Modeling Sig. Level $\mu\text{g}/\text{m}^3$	RPC Impact $\mu\text{g}/\text{m}^3$	PSD Increment	RPC Impact $\mu\text{g}/\text{m}^3$	NAAQS $\mu\text{g}/\text{m}^3$	RPC Impact $\mu\text{g}/\text{m}^3$

	8-hour	2,000	27.9			10,000	

\* Separate model runs showed that the Robinson Power Project did not result in a significant impact at the receptors that were above the NAAQS.

A final Plan Approval will not be issued prior to Department authorization of the modeling results presented above.

Copies of the application, Department analysis and other documents used in evaluation of the application are available for public inspection during normal business hours at Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222.

For the Department to assure compliance with all applicable standards, the Department proposes to place the following conditions on the Plan Approval:

**3. GENERAL CONDITIONS**

a) This Plan Approval authorizes the construction of a 272 net megawatt waste coal-fired, circulating fluidized bed boiler by Robinson Power Company (RPC), P. O. Box 127, Rt 18 Burgettstown, PA 15021. The plant will be located in Robinson Township, Washington County. Other air emission sources at the facility include material handling operations for fuel, ash and limestone as well as an emergency generator, firewater pump and a cooling tower. The proposed facility will include several structures such as the boiler building, turbine building, concrete stack, material storage building, run-of-mine crusher building, coal refuse dryer building and the administrative office buildings. [25 Pa. Code § 127.12b].

b) RPC shall install a hydrated fly-ash re-injection or polishing spray dryer system for SO<sub>2</sub> emission control. RPC shall advise the Department of the specific make and model of equipment and its design details within 10 business days of issuing the purchase order for this air

cleaning device by submitting appropriate pages of the Plan Approval Application. [25 Pa. Code § 127.12b].

c) This approval to construct shall become invalid if: (1) construction is not commenced (as defined in 40 CFR 52.21(b)(8)) within 18 months after the date of this approval; or, (2) if construction is discontinued for a period of 18 months or more; or, (3) construction is not completed within 5 years. RPC shall submit to the Department a detailed construction schedule for the entire facility within 180 days of issuance of this Plan Approval.

d) The provisions of 40 CFR 60 New Source Performance Standards for fossil fuel-fired steam generators (Subpart Da) and Coal Processing Plants (Subpart Y) are applicable requirements.

i) Subpart Da emission limits for particulate matter, visible emissions and sulfur dioxide and subsumed by the emission limits established in conditions 4(a) and 4(b). This facility shall comply with the compliance provisions, emission monitoring, compliance determination procedures and methods and reporting requirements in this Subpart.

ii) Subpart Y standards are applicable requirements for the thermal dryer(s), all coal processing and conveying equipment and all coal storage, transfer and loading systems. The facility shall comply with the standards for particulate matter, and those provisions relating to monitoring of operations and test methods and procedures in this Subpart.

iii) In accordance with 40 CFR 60.4 copies of all requests, reports, applications submittals and other communications shall be forwarded to both EPA and the Department at the addresses listed unless otherwise noted.

e) This Plan Approval authorizes temporary operation of the source(s) covered by this Plan Approval provided the following conditions are met. [25 Pa. Code § 127.12b]:

i) The Department must receive written notice from the Owner/Operator of the completion of construction and the operator's intent to commence operation at least 5 working days prior to the completion of construction. The notice should state when construction will be completed and when operator expects to commence operation.

ii) Operation is permitted only to facilitate the start-up and shake-down of sources and air cleaning devices, to permit operations pending the issuance of an Operating Permit or to permit the evaluation of the source(s) for

compliance with all applicable regulations and requirements.

iii) This condition authorizes temporary operation of the source(s) for a period of 180 days from the date of commencement of operation, provided the Department receives notice from the Owner/Operator pursuant to subpart (i).

iv) The Owner/Operator may request an extension if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of this period of temporary operation and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance, and the reasons compliance has not been established.

v) The notice submitted by the Owner/Operator under subpart (i), prior to the expiration of this Plan Approval, shall modify the plan approval expiration date. The new Plan Approval expiration date shall be 180 days from the date of the written notice.

#### 4. STACK EMISSIONS LIMITATIONS

a) Emissions from the CFB shall be limited as follows [25 Pa. Code § 127.12b]:

#### CFB Emission Limits

Pollutant	Lbs/mmBtu	Lbs/Hr	Tons/Yr
SO <sub>2</sub>	.234	720* 1,115 on a 24 hr avg. 1,440 on a 3 hr avg.	3,154
NO <sub>x</sub> (as NO <sub>2</sub> )	.08* .10 on a 24 hr avg.	539*	972
CO	.15	416	1,823
VOC (as Propane)	.006	16.64	72.90
Total PM <sub>10</sub> (Condensable and Filterable)	.012	41.6	182.3
Pb	5 × 10 <sup>-6</sup>	.014	.06
H <sub>2</sub> SO <sub>4</sub>	0.003	8.31	36.4
HF	2.54 × 10 <sup>-3</sup>	7.0	29.06
HCl	2.90 × 10 <sup>-3</sup>	8.0	33.18
Mercury**	.113 lb/trillion Btu		2.77 lbs per year
NH <sub>3</sub>	10 ppm		

\* Emissions are based on a 30-day rolling average.

\*\* The Department will revise this emission limit in accordance with the NESHAP for utility boilers.

b) Emissions from the facility in any consecutive 12 month period shall be limited as follows [25 Pa. Code § 127.12b]:

#### Facility Emission Limits

Pollutant	Total Emissions (tpy)
SO <sub>2</sub>	3,154.25
NO <sub>x</sub>	976.06
CO	1,826.09
VOC	72.9
PM <sub>10</sub>	369.39

c) The Owner or Operator shall not permit the emission to the outdoor atmosphere of visible emissions from the boilers, in such a manner that the opacity of the emission is equal to or greater than 10% for a period, or periods aggregating more than 3 minutes in any one hour, or 30% at any time. The presence of uncombined water is

not considered a failure to meet the limitations. [25 Pa. Code § 127.1 and 25 Pa. Code § 127.12(b)].

d) The ammonia slip from the CFB shall not exceed 10 ppmv at stack conditions. Continuing compliance with this condition shall be determined by adhering to good operating practices. [25 Pa. Code § 127.1 and 25 Pa. Code § 127.12(b)].

e) Potential emissions of sulfur oxides (SO<sub>2</sub>) from the CFB shall be reduced by at least 97% on a 30 day rolling average. Compliance with this requirement shall be demonstrated by calculating daily control efficiencies and averaging them on a 12 month rolling basis using the fuel analysis, waste coal feed rate and the SO<sub>2</sub> CEM. [25 Pa. Code § 127.12b]

f) Particulate matter emissions from any fuel or limestone handling and processing stack may not exceed 0.02 gr/dscf. [25 Pa. Code § 127.12b]

g) Particulate matter emissions from the fuel dryer baghouse stack may not exceed 0.02 gr/dscf. [25 Pa. Code § 127.12b]

h) The Owner or operator shall secure 1,118 tons of NOx ERCs and 84 tons of VOC ERCs. ERCs shall be properly generated, certified by the Department and processed through the registry in accordance with 25 Pa. Code § 127.206(d)(1). Upon transfer, owner/operator shall provide the Department with documentation clearly specifying the details of the ERC transaction. This facility may not commence operation until the Department certifies the required emissions reductions.

i) The Department may establish or revise the maximum allowable emission rates based upon CEM data, stack test results, optimization the boiler and the associated air cleaning devices [25 Pa. Code § 127.12b].

j) This facility is subject to the Title IV Acid Rain Program of the 1990 Clean Air Act Amendments, and shall comply with all applicable provisions of that Title, including the following:

- 40 CFR Part 72 Permits Regulations
- 40 CFR Part 73 Sulfur Dioxide Allowance System
- 40 CFR Part 75 Continuous Emissions Monitoring
- 40 CFR Part 77 Excess Emissions

k) This facility is subject to the NOx Budget Trading Program found in 25 Pa. Code Chapter 145.

#### 5. TESTING REQUIREMENTS

a) Within 180 days of initial start-up but no later than 60 days of achieving maximum production, a stack test(s) shall be performed on the CFB in accordance with the provisions of Chapter 139 to determine the following pollutant emission rates:

- Total PM<sub>10</sub>
- HCl
- HF
- H<sub>2</sub>SO<sub>4</sub>
- NMVOC
- Mercury
- Arsenic
- Beryllium
- Cadmium
- Hexavalent Chromium
- Nickel
- Lead
- Ammonia

These tests shall be repeated on a yearly basis. The frequency may be reduced in subsequent permits if determined appropriate by the Department. [25 Pa. Code § 139.2].

b) The Owner or Operator shall submit a pre-test protocol for review at least 60 days prior to performance of the stack tests. [25 Pa. Code § 139.2].

c) The Owner or Operator shall also notify the Department at least two weeks prior to the stack tests so that an observer may be present at the time of the tests. [25 Pa. Code § 139.2].

d) The Owner or Operator shall submit a stack test report to the Department within 60 days of the completed testing. [25 PA Code 139.2].

#### 6. CONTINUOUS MONITORING

a) The company shall install, certify, maintain and operate a CEM system for monitoring sulfur oxides (as SO<sub>2</sub>), NOx (as NO<sub>2</sub>), visible emissions (opacity), carbon monoxide (CO) and gas flow from the CFB boiler. Oxygen (O<sub>2</sub>) or carbon dioxide (CO<sub>2</sub>) shall be monitored at each location where SOx, NOx, and CO are monitored in accordance with the requirements of 25 Pa Code Chapter 139.

b) The Owner or Operator shall install, operate and maintain a system and procedures for monitoring as-fired fuel in accordance with the requirements of 40 CFR 60.48a(3) and 25 Pa. Code Chapter 139. The daily sulfur input rate to the CFB shall be determined and used as a basis in the calculation of the 30 day rolling average SOx control efficiency.

c) The Owner or Operator shall maintain a daily log of:

- hours of operation for each air pollution source
- coal feed rate
- natural gas consumption
- ammonia injection rate
- limestone consumption

This log shall be maintained on site for a minimum of five years and shall be made available to the Department upon request 25 Pa. Code § 127.12b].

#### 7. NOTIFICATION/REPORTING

a) At least 90 days prior to start-up, the Owner or Operator shall submit information required by Phase I of the Department's "Continuous Source Monitoring Manual," Revision 6, January 1996 to the following address.

Chief, Division of Technical Services & Monitoring  
Department of Environmental Protection  
Rachel Carson State Office Building  
400 Market Street (12th Floor)  
P. O. Box 8468  
Harrisburg, PA 17105-8468

b) The owner or operator shall report each malfunction that poses an imminent and substantial danger to the public health and safety or the environment or which it should reasonably believe may result in citizens complaints to the Department that occurs at this Title V facility. For purposes of this condition a malfunction is defined as any sudden, infrequent, and not reasonably preventable failure of air pollution control equipment, process equipment or a process to operate in a normal or usual manner that may result in an increase in the emissions of air contaminants [25 Pa. Code § 127.441].

c) The owner/operator shall submit a Title V Operating Permit Application within 120 days of startup of the source(s) and/or pollution control device(s). [25 Pa. Code § 127.505(a)]

#### 8. WORK PRACTICE STANDARDS/MISC.

a) The Department reserves the right to require additional controls (such as, road paving, process equipment enclosures, conveyor covers, and the like) based on evaluation of the operation after start-up and a determination that the existing controls are inadequate to control fugitive emissions [25 Pa. Code § 127.12b].

b) The truck loading and unloading areas and the plant delivery roads shall be paved with asphalt, concrete, or an equivalent surface approved by the Department [25 Pa. Code § 127.12b].

c) Road dust shall be controlled by a road sweeper or the use of water sprays, oils, or other dust surfactants [25 Pa. Code § 127.12b].

d) A pressurized water truck shall be on site and in use when the facility is operating [25 Pa. Code § 127.12b].

e) The plant shall post a sign stating the requirement that "All loaded trucks entering or exiting plant property shall be properly tarpaulin covered." [25 Pa. Code § 127.12b].

f) The plant shall post a speed limit of 15 mph or less on all plant roads [25 Pa. Code § 127.12b].

g) All conveyor belts shall be partially enclosed, and all screens and crushers shall be fully enclosed so as to prevent fugitive emissions from becoming airborne [25 Pa. Code § 127.12b].

h) Ash silos shall discharge through an ash conditioner which shall moisten the ash before it is loaded into trucks for disposal [25 Pa. Code § 127.12b].

i) Coal shall not be stockpiled or loaded in any area that is not enclosed or watered as needed by the pressurized water truck and/or sprinkler system [25 Pa. Code § 127.12b].

j) The baghouse inlet temperature shall not exceed 250°F. A thermocouple shall be provided to monitor this temperature, which shall be continuously recorded. An audible alarm will sound in the CFB control room if the baghouse inlet temperature exceeds 250°F [25 Pa. Code § 127.12b].

k) The baghouse shall be designed with an effective air-to-cloth ratio at actual conditions of not more than 3:1 [25 Pa. Code § 127.12b].

l) The owner/operator shall demonstrate, to the Federal Land Manager, that the emissions from this source, do not adversely affect any Class I area's air quality related value (AQRV). [40 CFR Part 52]

Any person wishing to provide the Department with additional information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to the Department at the address shown below. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed Plan Approval (specify the Plan Approval number).
- Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval. Written comments should be directed to:

## PLAN APPROVAL

### PUBLIC HEARINGS

*Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.*

**49-00020A: Truck Accessories Group, Inc.—d/b/a Leer East** (200 Housels Run Road, Milton, PA 17847) for construction of a mold maintenance area, a wet-out reinforcement area, a secondary lamination area, a base rail lamination area, a truck cap and tonneau cover headliner adhesive process, fiberglass reinforced plastic truck cap and tonneau cover assembly and final finish operations, an aluminum welding operation and an aluminum truck cap assembly, final finish and installation operation in an existing fiberglass reinforced plastic and aluminum truck cap manufacturing facility in Milton Borough, **Northumberland County**.

The respective facility is a major facility for both volatile organic compounds (VOC) and volatile hazardous air pollutants (HAP) and one for which a Title V operating permit (49-00020) has been issued.

The operation of the proposed air contamination sources will result in the emission of up to 25.87 tons of VOCs, 19.332 tons of volatile HAPs, .294 ton of particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM<sub>10</sub>), 4.81 ton of acetone and .39 ton of ammonia per year.

The Department of Environmental Protection's (Department) review of the information submitted by Truck Accessories Group, Inc. indicates that the proposed air contamination sources will comply with all Air Quality requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement of 25 Pa. Code §§ 127.1 and 127.12, the New Source Review requirements of 25 Pa. Code §§ 127.201—127.217 and the Reasonably Available Control Technology (RACT) requirements of 25 Pa. Code §§ 129.91—129.95. Based on this finding, the Department proposes to issue plan approval for the construction of the proposed air contamination sources. Additionally, if the Department subsequently determines that the respective air contamination sources are being operated and maintained in accordance with the conditions of the plan approval as well as all applicable regulatory requirements, the conditions established in the plan approval will be incorporated into Title V Operating Permit 49-00020 by means of administrative amendment in accordance with 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The VOC contents of the 3M Flowable Finishing Putty, 3M Short Strand Fiberglass Reinforce Filler, Axel Xtend 802 and Axel Xtend 19SAM (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the mold maintenance area shall not exceed 1.83, 2.72, 6.03 and 5.7 pounds per gallon, respectively. No other VOC-containing material shall be used in this area.

2. The volatile HAP contents of the 3M Flowable Finishing Putty and 3M Short Strand Fiberglass Reinforce Filler (or alternate materials determined by the Department to have an equivalent, or lower, air contami-

nant emission potential) used in the mold maintenance area shall not exceed 1.83 and 2.72 pounds per gallon, respectively. No other VOC-containing material shall be used in this area.

3. The styrene content of the 3M Flowable Finishing Putty and 3M Short Strand Fiberglass Reinforce Filler (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the mold maintenance area shall not exceed 20% by weight. No other styrene-containing material shall be used in this area.

4. The VOC and volatile HAP emissions from the mold maintenance area shall not exceed 1.28 tons and .11 ton in any 12 consecutive month period (CMP), respectively.

5. All materials applied in the mold maintenance area shall be applied by hand. All containers of Axel Xtend 802 and Axel Xtend 19SAM (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) shall be closed except when material is being removed from or introduced into the container.

6. Records shall be maintained of the amount, VOC content, volatile HAP content and styrene content of each material used in the mold maintenance area as well as of the total VOC and total volatile HAP emissions from the area. This data shall be reported to the Department on a quarterly basis.

7. The neat resin used in the wet-out reinforcement area and secondary lamination area shall have a combined styrene and methyl methacrylate content of no greater than 32% by weight as well as a vapor suppressant factor of at least .05 and shall be applied using nonatomized resin application technology (as defined by the Department). No other volatile HAP-containing material shall be used in these areas. No other VOC-containing material shall be used in these areas other than cleanup solvents authorized by condition 42 herein.

8. The amount of neat resin used in the wet-out reinforcement area shall not exceed 2,600 gallons in any 12 CMP and the VOC emissions shall not exceed .45 ton in any 12 CMP (excluding those from the use of cleanup solvent).

9. The volatile HAP emissions from the wet-out reinforcement area shall not exceed .45 ton in any 12 CMP.

10. The amount of neat resin used in the secondary lamination area shall not exceed 76,388 gallons in any 12 CMP and the VOC emissions shall not exceed 13.17 tons in any 12 CMP (excluding those from the use of cleanup solvent).

11. The volatile HAP emissions from the secondary lamination area shall not exceed 13.17 tons in any 12 CMP.

12. The neat resin used in the base rail lamination area shall have a combined styrene and methyl methacrylate content of no greater than 32% by weight as well as a vapor suppressant factor of at least .05 and shall be applied using nonatomized resin application technology (as defined by the Department). No other VOC-containing material shall be used in this area other than cleanup solvents authorized by condition 42 herein.

13. The amount of neat resin used in the base rail lamination area shall not exceed 26,000 gallons in any 12 CMP, the VOC emissions shall not exceed 4.48 tons in any 12 CMP (excluding those from the use of cleanup solvent) and the volatile HAP emissions shall not exceed 4.48 tons in any 12 CMP.

14. The volatile HAP emissions from the wet-out reinforcement area, secondary lamination area and base rail lamination area shall not exceed 87 pounds per ton of neat resin (weighted average over 12 consecutive months).

15. Records shall be maintained of the identity, amount, VOC content, volatile HAP content, styrene content and methyl methacrylate content of the neat resin used in the wet-out reinforcement area and secondary lamination area as well of the total VOC and total volatile HAP emissions from each of these areas. This data shall be reported to the Department on a quarterly basis.

16. Records shall be maintained of the identity, amount, VOC content, volatile HAP content, styrene content and methyl methacrylate content of the neat resin used in the base rail lamination area as well as of the total VOC and total volatile HAP emissions from this area. This data shall be reported to the Department on a quarterly basis.

17. The VOC contents of the CASA 246-DB adhesive and Quick Clean No. 6 cleanup solvent (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the truck cap and tonneau cover headliner adhesive process shall not exceed .56 and 1.31 pounds per gallon, respectively. No other VOC-containing material shall be used in this process.

18. The volatile HAP contents of the CASA 246-DB adhesive and Quick Clean No. 6 cleanup solvent (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the truck cap and tonneau cover headliner adhesive process shall not exceed zero and 1.57 pounds per gallon, respectively and the ammonia content of the adhesive shall not exceed 1%. No other volatile HAP-containing material shall be used in this process.

19. The amounts of CASA 246-DB adhesive and Quick Clean No. 6 cleanup solvent (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the truck cap and tonneau cover headliner adhesive process shall not exceed 9,565 and 16.83 gallons, respectively, in any 12 CMP.

20. The VOC emissions from the truck cap and tonneau cover headliner adhesive process shall not exceed 2.7 tons in any 12 CMP.

21. The volatile HAP, ammonia and particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) emissions from the truck cap and tonneau cover headliner adhesive process shall not exceed .0132 ton, .39 ton and .27 ton, respectively, in any 12 CMP.

22. All adhesive used in the truck cap and tonneau cover headliner adhesive process shall be applied in either the truck cap headliner adhesive spray booth or the tonneau cover headliner adhesive spray booth and shall only be applied with high volume low pressure spray equipment (or alternate technology determined by the Department to have an equivalent, or lower, air contaminant emission potential).

23. The truck cap and tonneau cover headliner adhesive spray booths shall each be equipped with dry filters with a particulate matter removal efficiency of at least 95%.

24. All containers of the materials used in the truck cap and tonneau cover headliner adhesive process shall be closed except when material is being removed from or introduced into the container.

25. Records shall be maintained of the amount, VOC content, volatile HAP content and ammonia content of each material used in the truck cap and tonneau cover headliner adhesive process, as well as of the total VOC and total volatile HAP emissions from the process. This data shall be reported to the Department on a quarterly basis.

26. The VOC contents of the 3M Primer 94, 3M Scotch-Grip Industrial Adhesive 4799, Sika Flex 255-FC and Sika Activator (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall not exceed 7.58, 4.45, .26 and 5.6 pounds per gallon, respectively. No other VOC-containing material shall be used in this operation.

27. The volatile HAP air pollution contents of the 3M Primer 94, 3M Scotch-Grip Industrial Adhesive 4799 and Sika Flex 255-FC (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall not exceed 3.41, 1.85 and .26 pounds per gallon, respectively. No other volatile HAP-containing material shall be used in this operation.

28. The VOC and volatile HAP emissions from the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall not exceed 2.29 and 1.07 tons in any 12 CMP, respectively.

29. All materials applied in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation shall be applied by hand. All containers of the materials used in this assembly operation shall be closed except when material is being removed from or introduced into the container.

30. Records shall be maintained of the amount, VOC content and volatile HAP content of each material used in the fiberglass reinforced plastic truck cap and tonneau cover assembly operation as well as of the total VOC and total volatile HAP emissions from this operation. This data shall be reported to the Department on a quarterly basis.

31. The VOC contents of the 3M Finesse II Finishing Material, 3M Perfect-It III Finishing Glaze, 3M Brand Super Duty Rubbing Compound and Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall not exceed 1.92, 2.27, 3.11 and 7.35 pounds per gallon, respectively. No other VOC-containing material shall be used in this operation.

32. The volatile HAP content of the Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall not exceed .33 pound per gallon. No other volatile HAP-containing material shall be used in this operation.

33. The VOC, volatile HAP and particulate matter (including particulate matter with an aerodynamic diam-

eter of 10 microns or less, also known as PM10) emissions from the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall not exceed .53, .0098 and .0012 ton in any 12 CMP, respectively.

34. The 3M Finesse II Finishing Material, 3M Perfect-It III Finishing Glaze and 3M Brand Super Duty Rubbing Compound (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation shall be applied by hand. All containers of the materials used in this operation shall be closed except when material is being removed from or introduced into the container.

35. Records shall be maintained of the amount, VOC content and volatile HAP content of each material used in the fiberglass reinforced plastic truck cap and tonneau cover final finish operation as well as of the total VOC and total volatile HAP emissions from the operation. This data shall be reported to the Department on a quarterly basis.

36. The particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) and VOC emissions from the aluminum welding operation shall not exceed .0225 and .0139 ton in any 12 CMP, respectively. The permittee shall maintain records as are necessary to demonstrate compliance with these limitations.

37. The VOC contents of the 3M Primer 94, Sika Flex 255-FC, Sika Activator and Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the aluminum truck cap assembly, final finish and installation operation shall not exceed 7.58, .26, 5.6 and 7.35 pounds per gallon, respectively. No other VOC-containing material shall be used in this operation.

38. The volatile HAP contents of 3M Primer 94, Sika Flex 255-FC and Spartan Chemical Company Glass Cleaner (or alternate materials determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the aluminum truck cap assembly, final finish and installation operation shall not exceed 3.41, .26 and .33 pound per gallon, respectively. No other volatile HAP-containing material shall be used in this operation.

39. The VOC, volatile HAP and particulate matter (including particulate matter with an aerodynamic diameter of 10 microns or less, also known as PM10) emissions from the aluminum truck cap assembly, final finish and installation operation shall not exceed .28, .0178 and .002 ton in any 12 CMP, respectively.

40. The 3M Primer 94, Sika Flex 255-FC and Sika Activator used in the aluminum truck cap assembly, final finish and installation operation shall be applied by hand. All containers of the materials used in this operation shall be closed except when material is being removed from or introduced into the container.

41. Records shall be maintained of the amount, VOC content and volatile HAP content of each material used in the aluminum truck cap assembly, final finish and installation operation as well as of the total VOC and total volatile HAP emissions from the operation. This data shall be reported to the Department on a quarterly basis.

42. The only cleanup solvents to be used in the wet-out reinforcement area, secondary lamination area and base

rail lamination area shall be acetone and ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential).

43. No more than a combined total of 1,455.37 gallons of acetone may be used in the wet-out reinforcement area, secondary lamination area and base rail lamination area in any 12 CMP nor shall the combined acetone emissions from these areas exceed 4.81 tons in any 12 CMP.

44. Records shall be maintained of the total combined amount of acetone used in wet-out reinforcement area, secondary lamination area and base rail lamination area as well as of the amount of 100% acetone removed from these areas and shipped offsite in liquid form. This data shall be submitted to the Department on a quarterly basis.

45. The wet-out reinforcement area, secondary lamination area and base rail lamination area shall each use no more than 463.84 pounds of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) in any 12 CMP nor shall the VOC emissions from each of these areas exceed .23 ton in any 12 CMP.

46. Records shall be maintained of the amount of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the wet-out reinforcement area, in the secondary lamination area and in the base rail lamination area as well as of the amount of 100% Shipshape (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) removed from each of these areas and shipped offsite in liquid form. This data shall be reported to the Department on a quarterly basis.

47. The height of the existing gelcoat booth No. 1 stack, the existing gelcoat booth No. 2 stack and the existing lamination booth stack shall be increased to 37.25, 37.25 and 34.75 feet above grade, respectively.

48. Condition No. 005 of Source ID P101 (gelcoat and primary lamination operation) of the Title V Operating Permit 49-00020 is modified to allow the use of up to 104 gallons of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) in any 12 CMP.

49. Records shall be maintained of the amount of ISP Technologies Shipshape-resin cleaner (or alternate material determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in Source ID P101.

50. The permittee must obtain 54.41 tons of VOC emission reduction credits.

51. The mold maintenance area, wet-out reinforcement area, secondary lamination area and base rail lamination area are subject to subpart WWWW of the National Emission Standards for Hazardous Air Pollutants, 40 CFR 63.5780—63.5935 and must comply with all applicable requirements contained therein by April 21, 2006.

The mold maintenance area, wet-out reinforcement area, secondary lamination area, truck cap and tonneau cover headliner adhesive process, fiberglass reinforced plastic truck cap and tonneau assembly and final finish operations, aluminum welding operation and aluminum truck cap assembly, final finish and installation operation are subject to the RACT requirements of 25 Pa. Code

§§ 129.91—129.95. The Department has made a preliminary determination to approve the RACT plan submitted by Truck Accessories Group, Inc. for these air contamination sources. This preliminary RACT determination, if approved, will be submitted to the EPA as a revision to the SIP. The SIP revision will not adopt any new regulations. It will contain the requirements established by the Department in its approval of the RACT plan.

Conditions 1, 3, 5—8, 10, 15, 17, 19, 20, 22, 24—26, 29—31, 34, 35, 37, 40—42, 45, 46, 48 and 49 contain the Department's preliminary RACT determination for the respective air contamination sources.

A copy of the plan approval application, including the RACT plan, is available for public inspection during normal business hours at the address listed in this notice. Persons interested in inspecting the application must schedule an appointment in advance.

A public hearing will be held solely for the purpose of receiving comments on the Department's RACT determination and associated proposed SIP revision. The Department will not be entertaining comments regarding any other aspect of the respective plan approval application or the Department's review of said application at this hearing. The hearing will be held on March 15, 2005, at 1 p.m. at the Department of Environmental Protection's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. The public is invited to appear at this public hearing and comment on the Department's preliminary RACT determination and proposed SIP revision.

Persons who wish to present testimony at the hearing should contact Daniel Spadoni at (570) 327-3659 at least one week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one individual to present testimony on its behalf.

Persons with a disability who wish to comment at the hearing and require an auxiliary aid, service or other accommodations to do so should contact Daniel Spadoni at (570) 327-3659 to discuss how the Department may accommodate their needs.

Anyone unable to attend the hearing but wishing to comment on the Department's preliminary RACT determination and proposed SIP revision or anyone who has comments which he believes should be considered in the Department's review of any other aspect of the respective plan approval application or anyone who wishes to protest the issuance of plan approval may do so by submitting their comments or protests in writing to the Department at the address listed in this notice. Comments or protests must be received by the Department by no later than March 25, 2005, to be considered. Each protest or comment should include the following: name, address and telephone number of the person submitting the protest or comment and a concise statement explaining the relevancy of the comment or protest being presented to the Department.

The Department may hold an additional public hearing to solicit comments on issues and concerns, other than the Department's preliminary RACT determination and proposed SIP revision, pertaining to the respective plan approval application and the Department's review thereof if the Department, in its discretion, decides a hearing is warranted based on the information received. All persons requesting a hearing, protesting the issuance of plan

approval or submitting comments will be notified of the decision to hold an additional public hearing by publication in a newspaper of general circulation in the Milton area or by letter or telephone if the Department feels that the notification is sufficient.

Written comments, protests or requests for an additional public hearing should be directed to David W. Aldenderfer, Environmental Program Manager, Air Quality Program, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448.

For additional information regarding the respective plan approval application, contact Richard L. Maxwell, Jr., Chief, New Source Review Section, Air Quality Program, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 327-3640.

#### PLAN APPROVAL

#### PUBLIC HEARING

*Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.*

**PA-63-00922A, Robinson Power Company, LLC,** Beach Hollow Power Project, Robinson Township, **Washington County.** As per 25 Pa. Code § 127.48 notice is hereby given that the Department of Environmental Protection (Department) will hold a public hearing on March 7, 2005, at 6 p.m. at the Burgettstown Grange, 643 Creek Road, Bulger, PA, 15019.

The hearing is to take testimony concerning the Department's intent to issue a Plan Approval to the Robinson Power Company, LLC. for the installation of a 272 net megawatt waste coal fired, circulating fluidized bed boiler to be located in Robinson Township, Washington County. Other air emission sources at the facility include material handling operations for coal, ash and limestone, an emergency generator, firewater pump and a cooling tower. The proposed facility will include several structures such as the boiler building, turbine building, concrete stack, material storage building, run-of-mine crusher building, coal refuse dryer building and the administrative office buildings.

Persons wishing to present testimony during the hearing should contact Community Relations Coordinator, Betsy Mallison, at (412) 442-4000 before March 7 to register.

Persons wishing to present testimony during the hearing should contact Community Relations Coordinator, Betsy Mallison, at (412) 442-4000 before March 7 to register.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Betsy Mallison or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those who are unable to attend the hearing, but wish to comment, should provide written comments to Thomas Joseph, P. E. Air Pollution Control Engineer III, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. The comment period is open for 30 days after the appearance of this notice.

#### OPERATING PERMITS

#### Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

*Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Mark Wejkszner, New Source Review Chief, (570) 826-2531.*

### COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days

after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

#### *Coal Applications Received*

#### *Effluent Limits*

The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
iron (total)	3.0mg/l	6.0mg/l	7.0mg/l
manganese (total)	2.0mg/l	4.0mg/l	5.0mg/l
suspended solids	35 mg/l	70 mg/l	90 mg/l
pH <sup>1</sup>		greater than 6.0;	less than 9.0
alkalinity greater than acidity <sup>1</sup>			

<sup>1</sup> The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

*Noncoal Applications Received**Effluent Limits*

The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Instantaneous Maximum</i>	<i>Daily Maximum</i>
suspended solids	35mg/l	70mg/l	90mg/l
Alkalinity exceeding acidity <sup>1</sup>		greater than 6.0; less than 9.0	

<sup>1</sup> The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

## FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water

Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the FWPCA (33 U.S.C.A. § 1341(a)).**

**Deep Run Bridge Replacement Project (SR4023, Section BU1)**

To replace two arch structures along Deep Run Road with one box culvert and a bridge. The proposed bridge spans 36 feet and the box culvert spans 20 feet, both over the Deep Run (WWF) with an underclearance of 6.75 feet. The work will include the following activities:

1. Construction of temporary diversion devices within the stream.
2. Construction of temporary road crossing to accommodate material and equipment movement across the workspace perimeter.
3. Grading of streambed to compliment new stream alignment, removal of gravel bar and to increase hydraulic conveyance of the stream.
4. Removal of all abutments and construction of new ones to improve stream alignment.
5. Construction and placement of a total of approximately 357 cubic yards of riprap of sizes R-5 and R-8 for scour protection at critical segments along the abutments, exit and entry points of the two hydraulic structures.
6. Placement of approximately 410 cubic yards fill material for grading and to accommodate roadway approach widening and adjustment of vertical alignment to new structures.
7. To place and maintain fill in 0.0034 acre of wetland.
8. Modify stream alignment by increasing it by 6 feet on the south side running approximately 36 linear feet.

The project proposes to affect a total of approximately 202 linear feet of stream, of which 64 linear feet is permanent impact. This site is located approximately 1,350 feet northeast of the intersection of Deep Run and Keller Church Roads in Bedminster Township, Bucks County. (Bedminster, PA Quadrangle N: 1.86 inches; W: 8.79 inches.

**E09-564. Forest Park Water—North Penn & North Wales Water Authority**, 144 Park Avenue, P. O. Box 317 Chalfont, PA 18914-0317.

To construct and maintain a 16-inch pipeline extending 71-feet across and temporarily impacting 0.05 acre of forested wetland (PFO) and to construct and maintain a rip rapped outfall structure to Pine Creek (TSF-MF). The proposed modification is associated with the expansion of the Forest Park Water Treatment Plant, which is needed to meet increasing demand for public water in the region. The project includes upgrades and replacements to the water treatment process equipment. A small building is being constructed to house chemical storage and feed equipment to the south of the existing treatment plant building, within the 100-year floodplain.

The site is located approximately 2000 feet northeast of intersection of Route 152 and Park Avenue (Doylestown, PA. USGS Quadrangle N: 7.80 inches W: 11.04 inches) in Chalfont Borough, **Bucks County**.

**E46-969. Pennypack Ecological Restoration Trust**, 2955 Edge Hill Road, Huntingdon Valley, PA 19006-5099, Upper Moreland Township, **Montgomery County**, ACOE Philadelphia District.

To modify an existing 1.34-acre reservoir and outlet works of an off-stream nonjurisdictional dam known as

Crossroads Marsh. The am and reservoir is located within the 100-year floodway of the Pennypack Creek (TSF-MF). The proposed work will include the following activities:

1. To dewater the existing reservoir and temporarily disturb 1.22 acres of wetland (PEM).
2. To remove accumulated sediment and organic material from a portion of the reservoir.
3. To excavate and deepen a portion of the reservoir impacting 0.34 acre of wetland (PEM).
4. To redistribute excavated material along the margins and within the reservoir to create wetland and riparian shelf habitat zones.
5. To construct 0.34 acre of replacement wetlands at two locations adjacent to the existing reservoir.

The site is located along the northwestern side of the intersection of Creek Road and Papermill Road (Hatboro, PA USGS Quadrangle N: 2.75 inches; W: 10.75 inches.

**E23-448. First Blackhawk, LLC**, P. O. Box 467, Concordville, PA 19331, Middletown Township, **Delaware County**, ACOE Philadelphia District.

To perform the following activities in and along an UNT of Ridley Creek (TSF-HQ) watershed associated with the proposed Bittersweet Way, a single-family residential subdivision:

1. To modify and extend an existing 36-inch CMP stormwater outfall structure and to backfill approximately 80 linear-foot reach of abandoned eroded stormwater channel, to facilitate the construction of lots 3 and 4. The pipe will start at Manhole No. 2, consist of approximately 153 linear feet of 29-inch by 45-inch Elliptical R.C.P., extend to end wall EW No. 2, including a riprap apron where it rejoins the existing channel. Work also includes installation and maintenance of an 8-inch PVC sanitary sewer line and a waterline crossing of the stormwater pipe.
2. To modify and extend a stormwater outfall situated in and along an UNT to Ridley Creek (TSF-HQ) for the widening of SR 4004 (Barren Road) to accommodate the required turning lanes into the subdivision. Work also includes installation and maintenance of the 8-inch PVC sanitary sewer line placed under the storm sewer extension.
3. To construct and maintain 51 linear feet of 24-inch R.C.P. culvert in and along an UNT to Ridley Creek and impacting 0.02 acre of wetland (PFO) associated with a common drive for lots 2—4. The work also includes installation and maintenance of an 8-inch PVC sanitary sewer line placed under the proposed culvert.

The applicant also requests an Environmental Assessment approval to construct an earthen embankment and appurtenant out let works impacting 90 linear feet of stream and 0.02 acre of wetland (PEM) associated with the reconstruction of a currently breached on-stream nonjurisdictional dam, which will be utilized as a stormwater management facility. The operation of the dam will result in the secondary impact to 0.14 acres of wetland as a result of incidental and temporary backwater.

The project will impact 680 linear feet of watercourse and 0.18 acre of wetland. The site is located on the northeast corner of the Route 352 and Barren Road (Media, PA USGS Quadrangle N: 7.9 inches; W: 9.2 inches.

**E46-970. Toll Brothers, Inc., Regency @ Northampton**, 445 St. Leonard's Road, Holland, PA 18966, Lower Moreland Township, **Montgomery County**, ACOE Philadelphia District.

To perform grading activities and to construct and maintain an approximately 1,200-linear foot long concrete retaining wall within the 100-year floodway of Pennypack Creek (TSF, MF) and Mill Race Creek (TSF, MF) associated with the proposed Huntingdon Valley Club Condominiums. This work also includes the construction and maintenance of a stormwater basin and its associated intake/outfall structures and an outfall structure associated with the collection system and interior drainage of this project. The site is located just northwest of the intersection of Huntingdon Pike (SR 0232) and Welsh Road (SR 0063), (Frankford, PA USGS Quadrangle N: 21.8 inches; W: 9.8 inches).

**E51-212. USACOE**, Wanamaker Building, 100 Penn Square East, Philadelphia, PA 19107-3390, City and **County of Philadelphia**, ACOE Philadelphia District.

To perform the following activities associated with Phase 1 of the proposed transloading facility and rail spur at the existing Fort Mifflin Confined Dredge Material Disposal Facility.

To construct and maintain a railroad crossing which will impact 0.15 acre of wetland (PEM). The crossing includes fill to support the rail and three 24-inch HDPE cross drain pipes to maintain hydrologic connectivity of the wetland.

The site is located 300 feet northeast of the Enterprise Avenue exist of I-95, (Philadelphia, PA USGS Quadrangle, N: 3.7 inches; W: 3.7 Inches).

**E22-488: Waverly Woods Associates, Capitol View Development Co. Inc.**, 1300 Market Street, Lemoyne, PA 17043-0622, in Susquehanna Township, **Dauphin County**, ACOE Baltimore.

To permanently impact a 0.26 acre and temporarily impact 0.19 acre of wetland and associated improvements in order to construct Phase 7 of the Waverly Woods Subdivision located on North Progress Avenue about 0.5 mile north from its intersection with Linglestown Road (Harrisburg, PA Quadrangle N: 16.1 inches; W: 15.25 inches) in Susquehanna Township, Dauphin County.

**E50-226: Richard M. Nolt**, 29 Lyons Road, Millers-town, PA 17062 in Tuscarora Township, **Perry County**, ACOE Baltimore.

To construct and maintain a single span bridge with a clear span of 16.0 feet, a rise of 1.75 feet and an instream length of 11.25 feet within the channel of Raccoon Creek (CWF), a perennial stream, approximately 1,200 feet downstream of the Tuscarora and Saville Township line at

a point (Ickesburg, PA Quadrangle N: 19.4 inches; W: 9.1 inches) in Tuscarora Township, Perry County. The project will result in 11.25 linear feet of direct impacts to the channel of Raccoon Creek.

*Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.*

**E18-385. Clinton County Commissioners**, 232 East Main Street, Lock Haven, PA 17754. Clinton County Conservation District Dry Hydrants No. 1-7, in Logan Township/Greene Township/Lamar Township/Loganton Borough, **Clinton County**, ACOE Baltimore District (Loganton/Millheim/Mill Hall, PA Quadrangles).

To construct and maintain seven dry hydrants within the Fishing Creek Watershed for the purpose of fire protection at the following locations: No. 1—Tylersville Hatchery, No. 2—Sugar Value Lions Club Ballfield, No. 3—Daniel C. Schrack property, No. 4—Richard Herman property, No. 5—Richard Thompson property, No. 6—Jay and Nichole Bechdel property, No. 7—Doris J. Lamey property. This project proposes to permanently impact 28 linear feet of Fishing Creek, which is classified as a HQ-CWF and no wetland impacts.

**E17-405. Pennsylvania Department of Transportation**, Engineering District 2-0, P. O. Box 342 1924-30 Daisy Street, Clearfield, PA 16830. SR 2014, Section A01 Bridge Replacement, Decatur Township, **Clearfield County**, ACOE Baltimore District (Houtzdale, PA Quadrangle N: 19.8 inches; W: 9.8 inches).

To remove an existing structure and to construct, operate and maintain a single span concrete box beam bridge to carry SR 2014, Section A01 across Coal Run (CWF) and to change the channel of UNT to Coal Run (CWF) for highway safety improvements. The bridge across Coal Run shall be constructed with a minimum span of 40-feet, width of 30-feet and an underclearance of 5-feet. All construction and future repair work shall be completed during stream low flow. Construction of the bridge will permanently impact 80-feet of Coal Run while impacting 0.2-acre of wetland; whereas, the channel change of the UNT to Coal Run will permanently impact 193-feet of stream. The bridge replacement project is located along the western right-of-way SR 0053 approximately 1.1-miles west of SR 2014 and SR 0053 intersection. This permit also authorizes construction, operation, maintenance and removal of temporary construction road crossings, cofferdams and stream diversions. Upon completion of the bridge replacement project, all temporary structures shall be removed and all disturbed areas shall be restored to original contour and elevation with final stabilization applied.

**E63-568. Washington County Commissioners**, 100 West Beau Street, Suite 702, Washington, PA 15301. To construct a bridge in Hanover Township and Robinson Township, **Washington County**, Pittsburgh ACOE District. (Clinton, PA Quadrangle N: 11.3 inches; W: 15.9 inches and Latitude: 40° 26' 14"—Longitude: 80° 21' 51"). The applicant proposes to remove the existing structure and to construct and maintain a single span bridge having a normal clear span of 73' 9" at a 70 skew angle and an underclearance of approximately 11' 7" over Raccoon Creek (WWF), to construct and maintain various outfalls to Raccoon Creek and to place and maintain fill in a de minimus area of palustrine emergent wetland equal to 0.0001 acre. The bridge (T-500, Donaldson Bridge

Raccoon Creek No. 7) is located on Raccoon Creek Road. The project will permanently impact 0.0001 acre of PEM wetlands and 50' of perennial stream channel.

**E63-569. Thomas B. McCloskey**, 6316 Irishtown Road Extension, Bethel Park, PA 15102. To construct 3 culverts in Peters Township, **Washington County**, Pittsburgh ACOE District. (Bridgeville, PA Quadrangle N: 0.1 inches; W: 6.9 inches and Latitude: 40° 16' 00"—Longitude: 80° 02' 56"). The applicant proposes to construct and maintain three 5-foot diameter culverts in an UNT to Peters Creek (TSF) to provide access to the proposed Rees Manor Plan Parcel "A." The project is located on the west side of McCombs Road, approximately 6,000 feet southeast from the intersection of Bower Hill Road and McCombs Road and will impact 65.0 linear feet of stream channel.

**E65-864. Coal and Coke Trail Corporation**, P. O. Box 360, Scottdale, PA 15683. To construct a bridge in Mt. Pleasant Township and also to construct a bridge in East Huntingdon Township, **Westmoreland County**, Pitts-

burgh ACOE District. The applicant proposes to reconstruct two railroad crossings for a rail trail. For both crossings the existing abutments will be used and a new bridge deck will be constructed and maintained. The first crossing is located over Shupe Run (WWF), (Mt. Pleasant, PA Quadrangle N: 0.5 inches; W: 5.1 inches and Latitude: 40° 7' 40"—Longitude: 79° 32' 1"), the bridge will have a clear span of approximately 38 feet at a 38 skew give a normal opening of approximately 28' and an underclearance of approximately 4.9 feet. The bridge is located approximately 1,500 feet upstream of its confluence with Jacob Creek. The second crossing is located over Sherrick Run (WWF), (Connellsville, PA Quadrangle N: 20.8 inches; W: 7.8 inches and Latitude: 40° 6' 5"—Longitude: 79° 33' 2"). The bridge will have a span of approximately 51 feet and underclearance of approximately 10'. The bridge is located approximately 1,000 feet upstream of its confluence with Jacobs Creek in East Huntingdon Township. The total proposed impacts are 10' to Shupe Run and 18' to Sherrick Run.

### THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

#### FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

## **PUBLIC WATER SUPPLY (PWS) PERMITS**

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board

within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free

pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The Department's review of the sewage facilities update revision has not identified any significant impacts resulting from this proposal.

### HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

#### Proposed Consent Order And Agreement

#### Detroit Street Partners, L. P., Redevelopment Authority of the County of Washington, City of Washington, Washington County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305), has entered into a proposed Consent Order and Agreement (CO&A) with Detroit Street Partners, L. P. (Detroit) and the Redevelopment Authority of the County of Washington (Authority). The proposed CO&A resolves the liability of Detroit for reimbursement of costs expended by the Department at a used tire fire that took place in February 1997 at the National Granulating Company, Inc. (NGC) tire recycling facility. The facility was located at 41 Detroit Avenue in the City of Washington, Washington County (site). Secondly, the CO&A calls for site owner Detroit's transfer of site title to the Authority in anticipation of redevelopment of the site for the benefit of the surrounding community.

It is the Department's determination that Detroit owned the 11-acre site beginning 1991 and that it operated the site from 1991 until 1993 and from 1996 through the time of the 1997 fire. The Department believed that, as a result of the 1997 fire and its burning of over 2 million stockpiled used tires, Detroit was an owner and operator of a site at the time of a release of hazardous substances there and, further, was a generator of hazardous substances released at the site. Under section 701 of HSCA (35 P. S. § 6020.701) the Department believed Detroit jointly and severally liable for costs in the amount of \$1,834,866 expended by the Department in addressing the fire and related soil, groundwater and surface water contamination.

The CO&A relieves Detroit of liability for all Department-incurred costs in exchange for Detroit's transfer of site title to the Authority. It is the hope of the parties that the Authority will find a private developer willing to purchase the site and put the site to a use of benefit to the surrounding community. In that instance, the CO&A calls for the Authority's sharing equally with the Department in any proceeds of the Authority's sale of the site.

Under section 1113 of HSCA (35 P. S. § 6020.1113) the Department is publishing notice of the CO&A and will provide a 60-day period for public comment on the CO&A beginning with the date of this publication. Copies of the CO&A can be obtained by contacting Terry Goodwald at (412) 442-4000. The proposed CO&A will be open for public comment from February 5, 2005, through April 7, 2005. Persons may submit comments into the record, during this time only, by sending them to Terry Goodwald, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by delivering them in person to this office.

The Department has reserved the right to withdraw its consent to the CO&A if comments submitted during the public comment period disclose facts or considerations which indicate, in the Department's discretion, that the CO&A is inappropriate or not in the public interest.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995

#### PREAMBLE 2

**The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published

in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995

#### PREAMBLE 3

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report

and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

## FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service,

(800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).**

### WATER OBSTRUCTIONS AND ENCROACHMENTS

*Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.*

**E46-962. Abington School District**, 970 Highland Avenue, Abington, PA 19001, Abington Township, **Montgomery County**, ACOE Philadelphia District.

To perform the following activities associated with the demolition and construction of the Roslyn Elementary School:

1. To construct and maintain three outfall structures with tide flex check valves along the tributary No. 1 to Sandy Run (TSF).
2. To grade and place fill in the portions of the 100-year floodplain of tributary No. 1 to Sandy Run associated with parking lots and athletic fields.

The site is located at the intersection of Susquehanna Road (SR 2017) and Johnston Avenue (Amber, PA USGS Quadrangle N: 0.2 inches; W: 2.1 inches).

The issuance of this permit also constitutes approval of a Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

**E15-719. Department of Transportation**, 7000 Geerdes Boulevard, King of Prussia, PA 19406, East Fallowfield and West Marlborough Township, **Chester County**, ACOE Philadelphia District.

To rehabilitate and maintain an existing composite steel girder-wooden deck bridge by rehabilitating the burr-arch truss, replacing timber superstructure and abutments with new steel beam floors, concrete reinforced substructures and reinforced concrete wingwalls. The proposed structure, which spans approximately 74.4 feet over the Buck Run (TSF, MF), is approximately 17.5 feet wide with a 3.94 feet underclearance. The work will involve the following:

1. To construct a temporary cofferdam within the stream to accommodate dewatering activities.

2. To perform grading activities within the stream and floodway to facilitate pier removal activities, new concrete wingwalls, abutments, retaining walls and roadway approach widening and finish grading.

3. To construct a temporary road crossing pursuant to the provisions of General Permit No. 8 to accommodate construction activities.

4. To place approximately 250 cubic yards of riprap scour protection at designated positions along the bridge abutment footings.

The project proposes to temporarily affect a total of approximately 100 linear feet of stream and permanently affect approximately 84 linear feet of stream. The site spans from the centerline of the Buck Run with East Fallowfield Township on the north side and West Marlborough Township on the south. It is situated approximately 65 feet north of the intersection of Covered Bridge Road and Frog Hallow Roads in Chester County (Coatesville, PA Quadrangle starting at N: 9.86 inches; W: 10.16 inches).

The issuance of this permit also constitutes approval of a Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

**E23-444. Mobil Pipeline Company**, P. O. Box 2220, Houston, TX 77252-2220, Tincum Township, **Delaware County**, ACOE Philadelphia District.

To perform the following activities associated with the Mobil Pipe Line Company Delaware River Crossing Replacement Project:

1. To replace a section of 12-inch diameter pipeline, carrying refined petroleum products beneath the Delaware River (WWF, MF), by method of directional boring. This pipeline will replace an existing 10 and 12-inch diameter pipeline, which will be cleaned, filled with grout, and abandoned in place.

2. To operate and maintain an 8-inch diameter pipeline carrying jet fuel beneath the Delaware River (WWF, MF).

3. To temporarily impact 0.37 acre of wetland (PEM) associated with directional drilling operations, equipment storage and laydown.

4. To construct and maintain a temporary road between two ponding ditches (WWF), tributaries to the Delaware River, to facilitate access to the site, and to provide a construction area for the new section of 12-inch line to tie into the existing system.

This authorization will replace License Numbers 222 and 227 granted by the Commissioners of Navigation for the River Delaware and its Navigable Tributaries on May 12 and September 8, 1941, respectively. The site is located just south of the Philadelphia International Airport (Bridgeport, NJ-PA, USGS Quadrangle N: 20.0 inches, W: 1.5 inches) in Tincum Township, Delaware County.

The issuance of this permit also constitutes approval of a Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

*Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.*

**E21-366: Tim and Darlene McCurdy**, 1449 Cockleys Meadow Drive, Boiling Springs, PA 17007 in Monroe Township, **Cumberland County**, ACOE Baltimore District

To construct and maintain a 26-foot by 27-foot addition to an existing garage within the floodway of the Yellow Breeches Creek (HQ-CWF), for the purpose of expanding storage space, located at 1449 Cockleys Meadow Road (Mechanicsburg, PA Quadrangle N: 4.3 inches; W: 13.0 inches) in Monroe Township, Cumberland County.

**E22-451: Yingst Homes, Incorporated**, 4712 Smith Street, Harrisburg, PA 17109 in West Hanover Township, **Dauphin County**.

To install and maintain: 1) a twin 35'4" span by 11'5" rise dual arch bridge to cross an UNT to Beaver Creek (WWF), locally known as Little Beaver Creek, and adjacent wetlands, 2) two crossings of UNTs to Little Beaver Creek and associated wetlands, 3) two road crossing of wetlands, 4) three utility line crossing of wetland/stream complexes, 5) one temporary wetland/stream crossing to facilitate the installation impact No. 1, and 6) eight 18-inch outfalls to watercourses, all for the purpose of constructing the 121 unit Meadows of Fort Stewart subdivision, located just east of Picketown Road south of the intersection of Picketown and Sandy Hollow Roads (Harrisburg East, PA Quadrangle N: 17.0 inches; W: 1.0 inch) in West Hanover Township, Dauphin County. The work will permanently impact 0.46 acre of wetland: 0.28 acre of palustrine emergent wetlands, 0.155 acre of palustrine forested wetland, and 0.025 acre of palustrine scrub/shrub wetland. The permittee is required to provide a minimum of 0.64 acre of replacement wetlands.

**E22-483: Highspire Borough**, 640 Eshelman Street, Highspire, PA 17034 in Highspire Borough, **Dauphin County**, ACOE Baltimore District

To construct and maintain approximately 910 linear feet of boardwalk through wetlands in the drainage basin of an UNT to the Susquehanna River (WWF) for the purpose of constructing a nature trail within the Reservoir Park Marsh (Steelton, PA Quadrangle N: 14.90 inches; W: 3.80 inches) in Highspire Borough, Dauphin County. The amount of permanent wetland impact is considered a de minimus impact of 0.004 acre and wetland mitigation is not required.

**E31-198: PennDOT Engineering District 9-0**, 1620 North Juniata Street, Hollidaysburg, PA 16648 in Hopewell Township, **Huntingdon County**, ACOE Baltimore District

To construct and maintain a five-span concrete bridge with a total length of 392 feet across the Raystown Branch Juniata River (WWF) and associated improvements and then to remove the existing structure to improve the traffic condition of SR 3003, Section 001, Segment 30, Offset 1673 located in Raystown Lake (Saxton, PA Quadrangle N: 20 inches; W: 13.1 inches) in Hopewell Township, Huntingdon County.

*Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.*

**E18-381. Department of Conservation and Natural Resources**, 15187 Renovo Road, Renovo, PA 17764. Honey Run Trail Bridge, in Leidy Township, **Clinton County**, ACOE Baltimore District (Keating, PA Quadrangle N: 17.56 inches; W: 6.00 inches).

To construct and maintain a 13.5-foot clear span wooden bridge, called Honey Run Bridge, on existing abutments and an underclearance of 4.5 feet for a public

hiking trail, called Alice's trail, to cross Honey Run located 1.1 mile up Alice's trail from a parking lot at the Bush Dam. This permit was issued under Section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

**E18-382. Department of Transportation, Engineering District 2-0**, 1924-30 Daisy Street Extension, P. O. Box 342, Clearfield, PA 16830. State Route 0120, Section A01 in Renovo Borough, **Centre County**, ACOE Baltimore District (Renovo East, PA Quadrangle N: 14.75 inches; W: 14.81 inches).

To remove the existing structure and to construct and maintain: 1) a prestressed concrete spread box beam bridge having a 50-foot clear normal span and a minimum underclearance of 12.69 feet with concrete wingwalls protected by R-8 riprap for 5 feet upstream on the right and left banks in Paddy Run; 2) three temporary 72-inch diameter pipes and the associated clean earthen temporary fill in Paddy Run for a public roadway immediately upstream of the bridge. The project proposes to temporarily impact 145 linear feet and permanently impact 85 linear feet of Paddy Run that is classified as an Exceptional Value stream. The project will not impact any wetlands.

**E47-079. Valley Township Municipal Authority**, P. O. Box 307, Danville, PA 17821. Valley Township Sewer Extension, in Valley Township, **Montour County**, ACOE Baltimore District (Danville, PA Quadrangle N: 21.4 inches; W: 16.4 inches).

To operate and maintain 17 stream crossings in Mahoning Creek, UNTs to Mahoning Creek and UNTs to Mauses Creek; additionally, the project temporarily impacts 4 wetlands. This project is located along SR 642 between SR 54 and Interstate 80.

*Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.*

**E11-304. Johnstown Redevelopment Authority**, 4th Floor, Public Safety Building, 401 Washington Street, Johnstown, PA 15901-1892. Rehabilitation of bridge in the City of Johnstown, **Cambria County**, Pittsburgh ACOE District. (Johnstown, PA Quadrangle N: 15.8 inches; W: 7.4 inches and Latitude: 40° 20' 13"—Longitude: 78° 55' 41"). To rehabilitate and maintain a historic pedestrian bridge having two spans of 143 feet each and an underclearance of 30.3 feet across the Conemaugh River, classified as a WWF, for the purpose of connecting Iron Street Trail to Cambria City National Historic District. The rehabilitation includes replacement of the floor system, truss replacement and substructure repair.

**E32-467. West Wheatfield Township**, 6120 Route 22 Highway, New Florence, PA 15944-6821. Pipe replacement project in West Wheatfield Township, **Indiana County**, Pittsburgh ACOE District. (New Florence, PA Quadrangle N: 8.1 inches; W: 12.0 inches and Latitude: 40° 25' 11"—Longitude: 79° 05' 10"). To (work authorized as stated on permit) operate and maintain a 40-foot long, dual 48-inch diameter plastic pipes in East Branch Richards Run (CWF). The inverts of both pipes are depressed 1.0 foot. The pipe replacement project has been completed and was authorized by Emergency Permit EP3204202 issued on August 3, 2004. Including the R-7 rock outlet protection, the project impacted 55 linear feet of perennial stream. The project is located on Harry Boring Road approximately 1.1 miles south of SR 22.

**E63-565. Department of Transportation, Engineering District 12-0**, P. O. Box 459, Uniontown, PA 15401. Bridge replacement in Fallowfield Township, **Washing-**

**ton County**, Pittsburgh ACOE District. (Monongahela, PA Quadrangle N: 1.7 inches; W: 16.5 inches and Latitude: 40° 08' 04"—Longitude: 79° 59' 35"). To remove the existing structure and 1) to construct and maintain a precast concrete spread box beam bridge having a normal span of 29.5 feet and an underclearance of 7.58 feet across the channel of an unnamed tributary to Pigeon Creek (WWF) and 2) to construct and maintain four 18-inch diameter outfall structures on the left and right banks of said stream for the purpose of improving highway safety. The project is located on SR 2044, just west from the intersection of SR 2044 and Bentleyville Road (SR 2023) and will directly impact 100 linear feet of perennial stream, no vegetated wetlands will be impacted.

*Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.*

**E42-312. University of Pittsburgh at Bradford**, 300 Campus Drive, Bradford, PA 16701. Gravel Bar Removal and Bank Protection in Bradford Township, **McKean County**. ACOE Pittsburgh District (Bradford, PA Quadrangle N: 13.4 inches; W: 5.9 inches).

To remove approximately 40 feet of vegetated gravel bar and to install and maintain a rock channel deflector in Marilla Brook (CWF) located on the campus of the University of Pittsburgh at Bradford approximately 200 feet from the confluence of Marilla Brook and West Branch Tunungwant Creek.

#### DAM SAFETY

*Central Office: Bureau of Waterways Engineering, 400 Market Street, Floor 3, P. O. Box 8554, Harrisburg, PA 17105-8554.*

**D45-292. Brady's Lake Dam**. Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797. To construct, operate and maintain Brady's Lake Dam across Trout Creek (HQ-CWF), for the purpose of replacing the existing breached dam which was removed because it did not meet current safety and engineering standards. (Thornhurst, PA Quadrangle N: 6.8 inches; W: 4.3 inches) in Coolbaugh Township, **Monroe County**.

**D30-055. Consol Pennsylvania Coal Company**, 1800 Washington Road, Pittsburgh, PA 15241. To construct, operate and maintain Bailey Mine Area No. 3 Slurry Dam and four associated saddle dams across a tributary to Enlow Fork (WWF), impacting 1.36 acres of wetlands (PEM) and 13,198 feet of perennial and intermittent stream channel and providing 4.20 acres of wetland mitigation, for the purpose of impounding mine waste slurry, (Wind Ridge, PA Quadrangle N: 15.2 inches; W: 1.0 inches) in Richhill Township **Greene County**.

**D30-060. Consol Pennsylvania Coal Company**, 1800 Washington Road, Pittsburgh, PA 15241. ### Catagorical Exclusion

*Northwest Regional Office, Water Supply Management, 230 Chestnut Street, Meadville, PA 16335-3481.*

*Location: Sigsbee Pumping Station, Erie City Water Works, Erie, PA 16506*

*Description:* The Pennsylvania Infrastructure Investment Authority, which administers the Commonwealth's State Revolving Fund, is intended to be the funding source for this project. The Erie City Water Works proposes to replace a 600 HP pump P604 with a new 300 HP pump located at Sigsbee Pumping Station and the associated piping, valves, pump controllers and electrical. A new 750Kw generator will be installed. Also, the gas chlorination system will be replaced with a liquid Sodium Hypochlorite system. The Department of Environmental Protection's (Department) review of the project and information received has not identified any significant, adverse environmental impact resulting from this proposal. The Department hereby categorically excludes this project from the State Environmental Review Process.

### **Availability of Technical Guidance**

Technical guidance documents are on the Department of Environmental Protection's (Department) website: [www.dep.state.pa.us](http://www.dep.state.pa.us) (DEP Keyword: Participate). The "Current Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various Department bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to the Department's draft technical guidance documents.

The Department will continue to revise its nonregulatory documents, as necessary, throughout 2005.

### *Ordering Paper Copies of Department Technical Guidance*

The Department encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

### *Changes to Technical Guidance Documents*

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

### *Draft Technical Guidance*

DEP ID: 383-2129-003. Title: Consumer Confidence Report Handbook. Description: This document was developed to provide guidance to community water suppliers that must comply with the consumer confidence reporting requirements specified at 25 Pa. Code § 109.416 (relating to CCR requirements), which took effect on August 10, 2002 (32 Pa.B. 3894). Under § 109.416, requirements for community water systems were put in place to require these systems to prepare and provide to their customers an annual consumer confidence report (CCR) on the quality of the water delivered by the public water system. These requirements incorporate the provisions of the Federal CCR Rule that were mandated by the 1996 Amendments to the Federal Safe Drinking Water Act (SDWA) and represent the cornerstone of the public right-to-know provisions in the SDWA. This guidance was developed under the authority of the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) and 25 Pa. Code, Chapter 109 (relating to safe drinking water). Written Comments: Interested persons may submit written comments on draft technical guidance document No. 383-2129-003 by March 7, 2005. Comments submitted by facsimile will not be accepted. The Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Deb Rotz, Department of Environmental Protection, Bureau of Water Supply and Wastewater Management, Rachel Carson State Office Building, 11th Floor, Harrisburg, PA 17105-8467 or by e-mail at [drotz@state.pa.us](mailto:drotz@state.pa.us). Questions regarding the draft technical guidance document should be directed to Deb Rotz at (717) 772-2190 or [drotz@state.pa.us](mailto:drotz@state.pa.us).

### Laboratories Approved to Perform Blood Lead and/or Erythrocyte Protoporphyrin Determinations

The following laboratories are licensed in accordance with the Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Federal Clinical Laboratory Improvement Act of 1967 (42 U.S.C.A. § 263a), and are currently approved under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood for lead or erythrocyte protoporphyrin content. This approval is based on demonstrated proficiency in periodic evaluations conducted by the Bureau of Laboratories of the Department of Health (Department).

Lead poisoning is a reportable noncommunicable disease. Approved laboratories which offer blood lead testing services are required to inform the Department of actual or possible incidents of this condition in accordance with 28 Pa. Code § 27.34 (relating to reporting cases of lead poisoning). These regulations specify the following requirements for reporting by clinical laboratories.

(1) A clinical laboratory shall report all blood lead test results on both venous and capillary specimens for persons under 16 years of age to the Department's Childhood Lead Poisoning Prevention Program, Division of Maternal and Child Health, Bureau of Family Health.

(2) A clinical laboratory shall report an elevated blood lead level in a person 16 years of age or older to the Department's Division of Environmental Health Epidemiology, Bureau of Epidemiology or to other locations as designated by the Department. An elevated blood lead level is defined by the National Institute for Occupational Safety and Health (NIOSH). As of January 26, 2002, NIOSH defines an elevated blood lead level as a venous blood lead level of 25 micrograms per deciliter ( $\mu\text{g}/\text{dL}$ ) or higher. The Department will publish in the *Pennsylvania Bulletin* any NIOSH update of the definition within 30 days of NIOSH's notification to the Department.

(3) A clinical laboratory which conducts blood lead tests on 100 or more specimens per month shall submit results electronically in a format specified by the Department.

(4) A clinical laboratory which conducts blood lead tests on less than 100 blood lead specimens per month shall submit results either electronically or by hard copy in the format specified by the Department.

(5) A laboratory which performs blood lead tests on blood specimens collected in this Commonwealth shall be

licensed as a clinical laboratory and shall be specifically approved by the Department to conduct those tests.

(6) Blood lead analyses requested for occupational health purposes on blood specimens collected in this Commonwealth shall be performed only by laboratories which are licensed and approved as specified in paragraph (5) and which are also approved by the Occupational Safety and Health Administration of the United States Department of Labor under 29 CFR 1910.1025(j)(2)(iii) (relating to lead).

(7) A clinical laboratory shall complete a blood lead test within 5 work days of the receipt of the blood specimen and shall submit the case report to the Department by the close of business of the next work day after the day on which the test was performed. The clinical laboratory shall submit a report of lead poisoning using either the hard-copy form or electronic transmission format specified by the Department.

(8) When a clinical laboratory receives a blood specimen without all of the information required for reporting purposes, the clinical laboratory shall test the specimen and shall submit the incomplete report to the Department.

Erythrocyte protoporphyrin determinations may be performed as an adjunct determination to substantiate blood lead levels of 25 micrograms per deciliter or higher. Since erythrocyte protoporphyrin concentrations may not increase as a result of low-level exposures to lead, direct blood lead analysis is the only reliable method for identifying individuals with blood lead concentrations below 25 micrograms per deciliter.

Persons seeking blood lead or erythrocyte protoporphyrin analyses should determine that the laboratory employs techniques and procedures acceptable for the purpose for which the analyses are sought. Laboratories offering blood lead analysis only are designated with the letter "L" following the name of the laboratory. Those offering erythrocyte protoporphyrin analysis only are designated with the letter "P." Laboratories offering both services are designated with the letters "LP."

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*. The name of a laboratory is sometimes changed but the location, personnel, and testing procedures of the facility remain unchanged. When changes of this type occur, the Clinical Laboratory Permit number does not change. If questions arise about the identity of a laboratory due to a name change, the Clinical Laboratory Permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test if the name of the facility changed, the Clinical Laboratory Permit numbers of the facilities are included in the lists of approved laboratories above the name of the laboratory at the time the list was prepared.

The Department's blood lead proficiency testing program is approved by the United States Department of Health and Human Services in accordance with the requirements contained in the Clinical Laboratory Improvement Amendments of 1988 (42 CFR 493.901 and 493.937) which are administered by the Centers for Medicare and Medicaid Services. Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Director, Division of Chemistry

and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape or Braille) should contact Dr. Shoemaker at V/TT: (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

# DEPARTMENT OF PUBLIC WELFARE

## Medical Assistance Program Fee Schedule Revisions; 2004 HCPCS Updates; Prior Authorization Requirements

The Department of Public Welfare (Department) announces several changes to the Medical Assistance (MA) Program Fee Schedule and accompanying prior authorization requirements.

### *Fee Schedule Revisions*

The Department is adding and end dating procedure codes as a result of implementing the 2004 updates made by the Centers for Medicare and Medicaid Services to the Healthcare Common Procedure Coding System (HCPCS). The 2004 HCPCS codes are effective for dates of service on and after February 7, 2005.

In addition to the HCPCS updates, the Department is adding procedure codes 35500, L8509 and P9017 with effective dates of service on and after February 7, 2005. Procedure codes 35500 and P9017 are being added due to significant Program Exception requests. Procedure code L8509 is being added due to the 2004 addition of procedure code L8511 which requires procedure code L8509 to be billed as a primary code.

Fees for the added procedure codes will be published in a MA Bulletin that will be issued to all providers.

### *Prior Authorization Requirements*

The following new HCPCS procedure codes are for items of durable medical equipment that cost more than \$100 and therefore are subject to prior authorization under section 443.6(b)(2) of the Public Welfare Code (code) (62 P. S. § 443.6(b)(2)) concerning reimbursement for certain MA items and services:

## **Nursing Facility Assessment Program**

The General Assembly amended the Public Welfare Code by enacting the act of September 30, 2003 (P. L. 169, No. 25) (Act 25) authorizing the Department of Public Welfare (Department) to implement assessments on non-Federal, nonpublic licensed nursing facilities beginning Fiscal Year (FY) 2003-2004 and ending no later than FY 2006-2007. See sections 801-A—815-A of Act 25 (62 P. S. §§ 801-A—815-A).

The purpose of the assessments is “to generate additional revenues for medical assistance recipients to have access to medically necessary nursing facility services.” See section 802-A of Act 25. To assure that the assessments achieve their intended purpose, the assessments “may be imposed only to the extent that the revenues generated therefrom will qualify as the State share of [medical assistance] program expenditures eligible for Federal financial participation.” See section 803-A of Act 25. The Department must seek a waiver, if necessary, from the Federal Centers for Medicare and Medicaid

Services (CMS) to make sure that the assessment revenues qualify for Federal matching funds. See section 812-A of Act 25.

The Secretary of the Department (Secretary), in consultation with the Secretary of the Budget, must determine the aggregate amount of the assessment and the annual assessment rate for each FY that the assessments are implemented. See section 804-A of Act 25. The aggregate amount and rate of assessment must be approved by the Governor. The annual assessment rates must be sufficient to generate at least \$50 million in additional revenue, subject to the maximum aggregate assessment amount that qualifies for Federal matching funds.

Before implementing an assessment in a fiscal year, the Secretary must publish a notice in the *Pennsylvania Bulletin* that specifies the amount of the assessment being proposed, provides an explanation of the assessment methodology and assessment amount and identifies the aggregate impact on nursing facilities subject to the assessment. See section 805-A of Act 25.

This notice announces the amount of the assessments and the rates of assessment that the Department is proposing to implement for FY 2003-2004 and FY 2004-2005.

### *Assessment Methodology, Rates and Amounts*

Since the enactment of Act 25 authorizing the assessment program, the Department has sought to design an assessment program that meets applicable Federal requirements. The CMS, after rejecting several initial proposals submitted by the Department, has approved the following assessment program which will generate revenues that qualify for Federal matching funds:

The assessment program will employ different levels of assessments and will limit the assessments to nonexempt nursing facilities. The following nursing facilities will be exempt from the assessment program:

- (1) Government owned and operated nursing facilities.
- (2) Veteran’s Administration nursing facilities.
- (3) Nursing facilities that have not been licensed and operated by the current or previous owner for the full calendar quarter prior to the calendar quarter in which an assessment is collected.

Nonexempt nursing facilities will be assessed on a quarterly basis based on the number of licensed beds in the facility and the number of non-Medicare resident days during each calendar quarter in which an assessment is implemented.

In the development of the assessment rates, the Department recognized that some nursing facilities, due to

their bed size or their contractual obligations with their residents, might not have the capacity to assume the burden of the assessment and still remain in business. To address this issue, the Department developed two assessment rates, a rate for smaller nursing facilities and Continuing Care Retirement Communities (CCRC) and a rate for all other nonexempt nursing facilities.

The assessment amount and rate for each nonexempt nursing facility will be as follows:

(1) Nonexempt nursing facilities participating within licensed CCRCs and nonexempt nursing facilities with 50 licensed beds or less will be assessed at \$1.50 per non-Medicare resident day.

(2) All other nonexempt nursing facilities will be assessed at \$15.91 per non-Medicare resident day.

The revenue generated by the assessment program, when combined with Federal matching funds, will enable the Department to maintain rates under the existing case-mix payment methodology (55 Pa. Code Chapter 1187 (relating to nursing facility services)) in FY 2003-2004 and FY 2004-2005 and provide additional supplemental payments to qualified Medical Assistance nursing facility providers.

#### *Aggregate Assessment Amounts and Fiscal Impact*

Due to delays in obtaining Federal approval, the assessment program is being implemented retroactively to FY 2003-2004. Therefore, both the FY 2003-2004 and FY 2004-2005 assessments will occur in FY 2004-2005. The following amount listed for FY 2004-2005 represents the combined total of the FY 2003-2004 estimated assessment revenue of \$280.065 million and the FY 2004-2005 estimated revenue of \$277.755 million.

#### *Public Comment*

Interested persons are invited to submit written comments regarding the contents of this notice to Gail Weidman, Chief, Program Analysis and Review Section, Department of Public Welfare, Division of Long Term Care Client Services, P. O. Box 2675, Harrisburg, PA 17105. Comments must be submitted within 30 days of publication of the notice. See section 805-A of the Act 25. After considering the comments, the Secretary will publish a second notice announcing the final assessment rate for FY 2003-2004 and FY 2004-2005. The Department will not begin collecting assessment fees until after the publication of the final assessment rate notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

ESTELLE B. RICHMAN,  
*Secretary*

**Fiscal Note:** 14-NOT-408. No fiscal impact; (8) recommends adoption. This public notice provides advance notice of the amount and rate of assessment for FY 2003-04 and FY 2004-05. Both assessments will occur during FY 2004-05 and are estimated to provide \$557,820,000 in total additional revenue to supplement the Medical Assistance—Long Term Care Appropriation.

## ENVIRONMENTAL QUALITY BOARD

### Acceptance of Request to Extend Review Period— Mercury Emissions Petition

On October 19, 2004, the Environmental Quality Board (Board) accepted a rulemaking petition for study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy). The petition, submitted on behalf of the Citizens for Pennsylvania's Future (PennFuture), et al., seeks protection of human health and the environment by the regulation of mercury emissions to the air. Specifically, the petition requests Department of Environmental Protection (Department) action to regulate the emission of mercury to the air from electric utilities in this Commonwealth.

Under 25 Pa. Code § 23.6 (relating to notice of acceptance and Department report), the Department is required to prepare a report evaluating the petition within 60 days from the date the petition was accepted by the Board. If the report cannot be completed within the 60-day time period, the Department must state at the next Board meeting how much additional time is necessary to complete the report.

At the January 18, 2005, Board meeting, the Department requested an additional 120 days to complete the report. An extension of the review period was requested to enable the Department to review Federal mercury

emission reduction regulations, which are expected to be published by March 15, 2005. The Department's request was approved by the Board, thereby extending the Department's review of the petition by 120 days from January 18, 2005. The Department's report will include a recommendation on whether the Board should approve the action requested in the petition. If the recommendation is to change a regulation, the report will also specify the anticipated date that the Board will consider a proposed rulemaking.

The petition is available to the public for review by contacting the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526 and is accessible on Department's website: [www.dep.state.pa.us](http://www.dep.state.pa.us), DEP Keyword: EQB (October 19, 2004, meeting).

## GOVERNOR'S OFFICE

### Regulatory Agenda

Executive Order 1996-1, requires all agencies under the jurisdiction of the Governor to submit for publication an agenda of regulations under development or consideration. The following is the 18th publication of the Administration's regulatory agenda, grouped by agency. Subsequent agendas will be published on the first Saturdays in February and July.

The agendas are compiled to provide members of the regulated community advanced notice of regulatory activity. It is the intention of the Administration that these agendas will serve to increase public participation in the regulatory process.

Agency contacts should be contacted for more information regarding the regulation and the procedure for submitting comments.

This agenda represents the Administration's present intentions regarding future regulations. The nature and complexity of an individual regulation obviously will determine whether and when any particular regulation listed in this agenda (as well as any considered subsequent to publication of this agenda) is published.

Controlled Substances, Drugs, Devices and Cosmetics 28 Pa. Code § 25.72	July 2005, as final	The amendments to existing regulations will add five substances to the list of Schedule I Controlled Substances to allow for enforcement and prosecution under the Controlled Substances, Drugs, Devices and Cosmetics Act of the illegal manufacturer, distribution, sale and use of these substances. Pursuant to 35 P. S. §§ 780-103 and 780-104.	Keith B. Fickel (717) 783-2500
Supplemental Nutrition Program for Women, Infant's and Children (WIC) 28 Pa. Code § 1101.1 et seq.	June 2005, as final-omitted	The amendments to existing regulations will bring the Commonwealth into compliance with the Child Nutrition and WIC Reauthorization Act of 2004 requirements and allow participants to use WIC vouchers at any WIC authorized store. The amendments will also prohibit authorization of stores that get more than 50% of their annual food revenue from the sale of WIC foods as set out in federal law. The amendments will also clarify the availability of minimum inventory during store reviews.	Jalene Kolb (717) 783-2500

<p>25 Pa. Code §§ 963.12(a)(6) and (7) 963.13(b) 2, 963.13(c), 963.15(a), and 25 Pa. Code § 965.4((9).</p>	<p>Summer/Fall 2005</p>	<p>PENNVEST recommends the following revisions: (1). Delete Sections 963.12(a) (6) and the second sentence of Section 963.13(b)(2) thereby allowing PENNVEST to provide financial assistance (loan or grant) for costs associated with the development of an approvable official sewage plan under the Sewage Facilities Act, 35 P. S. § 750.1 et seq. While PENNVEST has always construed these costs to be encompassed with in the statutory definition of “eligible cost” (35 P. S. § 751.3), the agency chose as a matter of policy not to fund this planning process because the Pennsylvania Department of Environmental Protection already provided grant funds for 50% of these costs. PENNVEST is revising its policy because the agency is concerned that, in some instances, needed projects are unable to move forward in a timely manner due to a lack of funds to conduct this necessary planning. PENNVEST, therefore, is removing the impediment to funding imposed by the above regulatory provisions. (2). Delete 25 PA Code § 963.12(a)(7) thereby allowing PENNVEST to provide financial assistance (loan and grant) for costs associated with the extraction for profit of minerals or other resources from wastewater or sludge whether the project is sponsored by a public or private actor. While PENNVEST has historically allowed these costs for public facilities provided the profits were used to reduce system user costs it has not allowed financial assistance for such processes for private facilities. PENNVEST is revising its policy because it wants to support recycling and other innovative wastewater projects and the current policy has the potential to stifle such projects. In order to further these objectives, PENNVEST is removing the impediment to funding imposed by the above regulatory provision. (3). Amend 25 PA Code 963.13 (c) by revising the section to read as follows: “Terms of Loans. Advance funding loans will be for a term of five years. The term will be payment of interest only for 59 months and repayment scheduled for month 60. The scheduled repayment date, month 60, shall not exceed 1 year from completion of the advance funding project. If the recipient of an advance funding loan subsequently receives a construction loan from the Authority, the term of the outstanding advance funding loan shall be amended to carry both the interest only term and the repayment term of the construction loan, provided the interest only term shall not be extended beyond five years.”</p>

		<p>(4). Amend 25 Pa. Code § 963.15(a) by revising the first sentence to read in its entirety: "The term of the loans shall normally be twenty years beginning on the date construction is completed or three years from of the date of loan closing, whichever occurs first." This amendment provides a level loan repayment and a defined term at loan closing (normally twenty years). Under the old policy the loan term was determined sometime in the future after construction closed out. Consequently, under the old policy a Borrower with a project that took two years to construct would have had only eighteen years to repay the loan. Under the new policy the repayment term would be twenty years plus two years of interest only payments to provide for construction.</p> <p>(5). Amend 25 Pa. Code § 965.4 (9) to place a period after the word "Board" and delete the remainder of the sentence. This amendment allows those costs associated with the acquisition of land under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 to be financed by PENNVEST. This change is necessary to reflect a shift in policy by the Environmental Protection Agency and the desire of PENNVEST to take advantage of the policy shift to finance such costs.</p>	Jayne B. Life Insurance Illustrations (New Chapter 87a)	Summer/Fall 2005, as proposed.	Act 154 of 1996 provides for life insurance illustration requirements for life insurance policies. The statute sunsets when a life insurance illustration regulation becomes effective. A life insurance illustration regulation will eliminate misleading illustrations, make illustrations more understandable, and standardize terms and illustration formats for the entire life insurance industry. Further, it is more appropriate that technical requirements, such as these, appear in a regulation rather than in statutory form.	Peter J. Salvatore, Regulatory Coordinator (717) 787-4429

Medical Assistance for Workers with Disabilities 55 Pa. Code Chapter 140	June 2005, as proposed	This regulation provides Medicaid benefits to Workers with Disabilities (MAWD) who would otherwise not be eligible, effective January 1, 2002. The Ticket to Work and Work Incentives Improvement Act of 1999 (P. L. 106-170) gave states the option of providing categorically needy Non-Money Payment Medicaid benefits to workers with disabilities who have higher incomes and resources than the current Medicaid standards. Pennsylvania exercised this option by passing Act 2001-77 of June 26, 2001 (P. L. 755), also known as the Tobacco Settlement Act, which establishes MAWD. MAWD is intended to provide individuals with disabilities the opportunity to enter and remain in the workforce while receiving Medicaid coverage. This regulation will be reviewed by representatives of community legal service agencies, the welfare rights organization, disability advocacy organizations and other client advocacy groups.	Ruth O'Brien (717) 783-2800
Breast and Cervical Cancer Prevention and Treatment Program 55 Pa. Code Chapter 140	June 2005, as final-form	This regulation provides Medicaid benefits to individuals diagnosed with Breast and Cervical Cancer, effective January 1, 2002. The BCCPT Act of 2000 amended Title XIX of the Social Security Act by giving states the option of providing full Medicaid benefits to a new group of individuals. This regulation provides Medical Assistance for women who have breast and cervical cancer, including pre-cancerous conditions of the breast and cervix, in addition to full Medicaid benefits. Specifically, uninsured and underinsured women under the age of 65, screened and diagnosed with either breast or cervical cancer, including pre-cancerous conditions of the breast or cervix, by a provider or facility funded in full or part by the Centers for Disease Control and Prevention under its National Breast and Cervical Cancer Early Detection Program, will be eligible for Medicaid benefits. Pennsylvania has chosen the Department of Health Healthy Woman Project as the screening entity for this program. This regulation will be reviewed by representatives of community legal service agencies, the welfare rights organization, professional medical organizations and other client advocacy groups.	Ruth O'Brien (717) 783-2800
Semi-annual Budgeting 55 Pa. Code Chapters 142, 168, 175, and 183	September 2005, as proposed	This regulation will change the manner of reporting and adjusting earned income for employed clients. Reporting of earned income will be required for specific periods within six-month intervals. Benefits will be adjusted on a post-adjustment basis so that income reported for period A will affect benefits received in period B, etc. This regulation will be reviewed by representatives of community legal service agencies, the welfare rights organization and other client advocacy groups. Medical Assistance Changes (MAC) 55 Pa. Code Chapters 133, 140, 141, 178 and 181	May 2005, as proposed	This regulation incorporates eligibility requirements for Temporary Assistance for Needy Families (TANF)-related, Supplemental Security Income (SSI)-related and General Assistance (GA)-related Medicaid. Some of the major changes include revisions to: 1) the application and redetermination process; 2) the qualification requirements and eligibility rules for Healthy Beginnings; 3) the income eligibility methodologies for TANF-related categories of Medicaid; 4) the income and resource requirements for the Medicaid Program; 5) Extended Medical Coverage to include provisions as set forth in the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA); 6) the GA-related Nonmoney Payment (NMP) and Medically Needy Only (MNO) eligibility criteria as set forth in Act 35; 7) the qualifying criteria for TANF-related categories to include a new eligibility group as set forth in § 1931 of the Social Security Act.	Ruth O'Brien (717) 783-2800
Time Out Benefits 55 Pa. Code Chapter 281	September 2005, as final-form	The Department plans to readopt the existing regulation to allow continuation of the Time Out program which benefits cash assistance recipients by allowing them to "stop the clock" for purposes of applying the 60-month limitation for the receipt of benefits under the Temporary Assistance to Needy Families (TANF) program.	Ruth O'Brien (717) 783-2800
Changes in Nursing Care Eligibility—Long Term Care (LTC) 55 Pa. Code Chapters 178 and 181	May 2005, as proposed	This regulation will change the eligibility requirements for applicants and recipients in long-term care facilities. Recipients of Medicaid program benefits will be required to contribute more toward the cost of long-term care services. Applicants for Medicaid Program benefits will be required to use more of their own resources to pay for their care before being authorized eligible for the Medicaid Program.	Ruth O'Brien (717) 783-2800
Early and Periodic Screening Diagnosis Treatment (EPSDT) 55 Pa. Code Chapters 1101, 1121, 1123, 1147, 1241	December 2005, as final-omitted	This regulation relating to services provided as a follow-up to an EPSDT visit or encounter that are not currently recognized under the approved Medical Assistance State Plan. OMNIBUS MA 55 Pa. Code Chapters 1101, 1121, 1149	December 2005, as final-omitted	This final regulation codifies Act 1994-49 provisions that affect the medical benefits of General Assistance recipients over the age of 21 when these services are solely state funded. These recipients are no longer eligible for (1) dental services unless their medical condition or handicap requires services to be provided in an ambulatory surgical center, short procedures unit or inpatient hospital; (2) medical supplies and equipment except as prescribed for family planning or with home health agency service and (3) prescription drugs except legend birth control drugs. This regulation also implements Act 1996-35 provisions imposing a \$150 deductible on inpatient and outpatient hospital services and ambulatory surgical center services, except laboratory and x-ray services for General Assistance and General Assistance-related Medical Assistance recipients. In addition, this regulation removes family planning clinics from the list of providers limited under the General Assistance Basic Health Care Package to 18 practitioner's office and clinic visits per year. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
OMNIBUS Pharmacy 55 Pa. Code Chapters 1121, 1126, 1129, 1141, 1163, 1221, 1225, 1243	June 2005, as final-omitted	This final regulation codifies Act 1994-49 provisions that discontinue payment for all drugs, devices, products, services and procedures that are used or related to treating infertility, including surrogacy services, effective September 1, 1994. This regulation also provides that the medical assistance program provides drug coverage to medically needy only recipients receiving nursing facility services. This includes medically needy only recipients who reside in nursing facilities and intermediate care facilities/mental retardation (ICF/MR). This regulation was reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Residential Treatment Facilities (RTF) for Mental Health Services 55 Pa. Code Chapters 1157, 1165	July 2005, as proposed	This regulation codifies coverage for mental health services to children under 21 years of age that are provided in a residential treatment facility. This regulation was reviewed by the Medical Assistance Advisory Committee on 3/28/02. The Department received comments from 6 agencies. Revised regulations are under review by the Department.	Ruth O'Brien (717) 783-2800
Physician Assistant/Midwife 55 Pa. Code Chapter 1141	December 2005, as final-omitted	This final regulation codifies revised supervision requirements for physician assistants and midwives. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Discontinuance of the Mandatory Second Opinion Program 55 Pa. Code Chapter 1150	September 2005, as final-omitted	This final regulation removes the mandatory second opinion program requirement for certain surgical procedures. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Capital Component Payment for Replacement Beds 55 Pa. Code Chapter 1187	July 2006, as proposed	This regulation codifies the policy as set forth in the Statement of Policy published at 27 Pa. B. 6238 (November 29, 1997). This regulation will specify the conditions under which the Department will recognize nursing facility beds as replacement beds for purposes of making capital component payments for those beds. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800

New Definition of "Emergency Medical Condition" 55 Pa. Code Chapters 1101, 1141, 1150, 1221	March 2005, as proposed	This regulation codifies the revised definition of "emergency medical condition" contained in the Balanced Budget Act of 1997, effective July 1, 1998. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Definition of Medically Necessary 55 Pa. Code Chapter 1101	September 2005, as proposed	This proposed regulation replaces the current definition of "medically necessary" with the definition found in the HealthChoices Request for Proposal. This regulation was reviewed on 9/21/01 by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Tobacco Cessation and Nutritional Supplements 55 Pa. Code Chapter 1121	March 2005, as final-omitted	This final regulation will provide coverage under the Medical Assistance Program for tobacco cessation products and counseling services and will extend coverage for nutritional supplements to eligible Medical Assistance recipients 21 years of age and older. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Dental Services 55 Pa. Code Chapter 1149	March 2005, as final-omitted	This final regulation will provide coverage for crown core build-up and will revise the Medical Assistance Orthodontia Program. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Preadmission Requirements for Nursing Facility Services 55 Pa. Code Chapter 1187	May 2005, as proposed	This regulation will require nursing facilities to have all individuals applying for nursing facility services, evaluated by the Department or an independent assessor if it is likely that the applicant will use Medical Assistance as a payer source within 12 months of admission. The purpose of this regulation is to allow an individual to remain in the community by delaying or eliminating the need for admission to a nursing facility. This regulation will be reviewed by the Medical Assistance Advisory Committee.	Ruth O'Brien (717) 783-2800
Penile Prosthesis 55 Pa. Code Chapters 1141, 1163,	March 2005, as proposed	This regulation revises the current § 1141.59(8) non-compensable services and § 1163.59(a)(4) noncompensable services, items and outliers days.	Ruth O'Brien (717) 783-2800
Extension of County Transition Payments and Double Disproportionate Share 55 Pa. Code Chapter 1187	July 2005, as final-omitted	This regulation will extend the county nursing facility transition rates for the period July 1, 2003, through June 30, 2008, and will increase the disproportionate share incentive payments to qualified nursing facilities for the period July 1, 2003 through June 30, 2007. The disproportionate share incentive payment shall be increased to equal two times the disproportionate share per diem incentive calculated in accordance with 55 Pa. Code § 1187.111(c). This regulation will be reviewed by the Medical Assistance Advisory Committee. These changes are made in accordance with the Intergovernmental Transfer Agreements.	Ruth O'Brien (717) 783-2800
MA Day of Care 55 Pa. Code Chapter 1187	July 2005, as final-form	The regulation will revise the definition of an <i>MA day of care</i> to include days of care for which an MCO under contract with the Department or LTCCAP provider pays 100 percent of the negotiated rate or fee for the MA resident's care in a nursing facility and days of care for which the resident and an MCO under contract with the Department or LTCCAP provider pays 100 percent of the negotiated rate or fee for the MA resident's care in the nursing facility. In addition, the regulation will further expand the definition of an <i>MA day of care</i> to include days of care for which the Department makes payment for MA residents receiving hospice services in a nursing facility.	Ruth O'Brien (717) 783-2800

Metropolitan Statistical Area (MSA) 55 Pa. Code Chapter 1187	July 2005, as final-form	The proposed regulation changes the manner in which the Department establishes the peer groups used to set net operating prices under the case-mix payment system. The Department is proposing to change the payment system to specify that it will use the historical MSA group classification issued by the Federal Office of Management and Budget (OMB) in OMB Bulletin No. 99-04 to classify nursing facilities into peer groups. The Federal OMB revised its definitions of MSA and recommended that the definitions not be used for the development or implementation of any Federal, state or local nonstatistical policies without full consideration of the effects that the changes will have on the programs. If the Department adopts the Federal MSA changes, it has been determined that nursing facilities (except hospital-based and special rehabilitation nursing facilities) participating in the MA Program would experience, in the aggregate, a negative impact in their reimbursement rate under the case-mix payment system.	Ruth O'Brien (717) 783-2800
Home Health Regulation 55 Pa. Code Chapter 1249	June 2005, as final-form	The proposed regulation: 1. removes the State requirement that clients be homebound to receive home health agency services. Requiring a client to be homebound is in violation of "Olmstead Update No. 3" codified at 42 CFR 440.230(c) and 440.240(b); 2. moves service limitations from the regulations to the fee schedule which will permit program exceptions to the limitations when appropriate.	Ruth O'Brien (717) 783-2800
Medical Assistance Provider Appeal Procedures 55 Pa. Code Chapter 41	October 2005, as final-form	This regulation implements 67 Pa.C.S. 1106 and establishes rules of procedure governing Medical Assistance Provider appeals.	Ruth O'Brien (717) 783-2800
Third Party Liability Programs 55 Pa. Code Chapter 259	December 2005, as proposed	Section 1902(a)(25) of the Social Security Act (42 U.S.C. § 1396a(a)(25)) requires the Department to develop and implement a TPL program to ensure that Medicaid is the payor of last resort. Section 1906 of the Social Security Act (42 U.S.C. § 1396(e)) authorizes the Department to have a special program to enroll certain MA recipients into group health insurance. Both the general TPL program and the special group health insurance program have been in operation in Pennsylvania for a number of years. During this period of operation, questions have arisen as to interpretation and procedures under the Federal and state's statutes. This proposed regulation is needed to supply guidance with respect to issues not directly addressed by the Federal and state statutes, to resolve ambiguities and to fill gaps in the state statutory language.	Ruth O'Brien (717) 783-2800
Licensure and Approval Appeal Procedures 55 Pa. Code Various Chapters	July 2005, as proposed	This regulation replaces the uncodified regulation at 7 Pa.B. 3266 with the General Rules of Administrative Practice and Procedure (1 Pa. Code Chs. 31—35) for all facilities and agencies certified by the Department.	Ruth O'Brien (717) 783-2800
Psychiatric Outpatient Clinics 55 Pa. Code Chapter 5200	February 2006, as proposed	This proposed regulation revises the current regulations pertaining to organization, staffing, and supervision for licensed psychiatric outpatient services.	Ruth O'Brien (717) 783-2800

## INDEPENDENT REGULATORY REVIEW COMMISSION

### Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
14-490	Department of Public Welfare Special MA Eligibility Provisions 34 Pa.B. 6335 (November 27, 2004)	12/27/04	1/26/05

#### Department of Public Welfare Regulation No. 14-490 (IRRC No. 2449)

##### Special MA Eligibility Provisions

January 26, 2005

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Department of Public Welfare (Department) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on December 27, 2004. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

#### 1. Section 140.621. Conditions of eligibility.—Clarity.

This section references eligibility requirements applicable to the Breast and Cervical Cancer Prevention and Treatment program (BCCPT) which are found in several chapters of the Department's existing regulations. Paragraph (1)(iii) references Chapter 149 relating to citizen-

ship and alienage. Community Legal Services, Inc. (CLS) commented that Chapter 149 relates to the former Aid to Families with Dependent Children program, not the Medical Assistance (MA) program. CLS suggests that the reference to Chapter 149 be replaced with a reference to Chapter 150 which pertains to the MA program. We agree and suggest that the Department make this change in the final-form regulation.

#### 2. Section 140.631. Income eligibility limitations.—Clarity.

This section references income limits "necessary to be eligible for screening by the CDC's [Centers for Disease Control and Prevention] NBCCEDP [National Breast and Cervical Cancer Early Detection Program]." Clarity would be improved by specifically identifying or including a cross-reference to where these income limits can be found and how an individual's income is determined.

#### 3. Section 140.681. Reporting of changes.—Clarity.

This section requires recipients to report "changes in circumstances that would affect eligibility for . . . BCCPT within 10 days from the date of the change." Clarity

would be improved by listing the specific eligibility factors for which changes must be reported.

#### 4. Definition of "treatment."—Clarity.

Throughout the regulation, the Department uses the phrase "need treatment" in defining "BCCPT" and describing the circumstances which qualify a woman for services under BCCPT. The Pennsylvania Health Law Project commented that the phrase "need treatment" is vague because it is unclear if this phrase includes medication treatments designed to prevent the recurrence of cancer.

We note that *Medical Assistance Bulletin 99-01-12*, effective January 1, 2002, defines "treatment for breast or cervical cancer" as:

Medical services, which are, or are reasonably expected to:

- a. ameliorate the direct effects of the breast or cervical cancer; or
- b. aid in the clinical characterization of the breast or cervical cancer, including test of cure but excluding screening for recurrence or new primary cancers; or
- c. prevent the recurrence of breast or cervical cancer.

Under this definition, medication treatments designed to prevent the recurrence of cancer would fall under paragraph c. To prevent confusion in the implementation of this regulation, the Department should include the definition of "treatment for breast or cervical cancer" in the final-form regulation.

### Reporting and Disclosure of Criminal Convictions; No. 2005-02

The Insurance Department (Department) has consistently monitored alleged criminal misconduct involving its licensees. Most recently the Department has obtained access to J-net, a database which provides information as to individuals, including licensees, who have been charged with criminal activity. Licensees have a statutory responsibility to report criminal allegations or convictions to the Department, and those who fail to do so are clearly in violation of the laws of the Commonwealth.

Under section 678-A(b) of The Insurance Department Act of 1921 (act) (40 P. S. § 310.78(b)), within 30 days of being charged with criminal conduct (that is, upon the filing of a written criminal complaint or an arrest without a warrant), a producer is required to report the charges to the Department. The producer must also provide the Department with all of the following documents within 30 days of their availability:

- (1) A copy of the criminal complaint, information or indictment.
- (2) A copy of the order resulting from a pretrial hearing, if any.
- (3) A report of the final disposition of the charges.

A producer who fails to fully and timely comply with section 678-A(b) of the act may face civil penalties and/or a licensing action.

Further, producers must disclose criminal charges and convictions on their initial and renewal license applications, with a complete, detailed explanation thereof. Information must be truthful, complete and accurate. Any errors, misrepresentations or omissions may result in the

denial or rejection of an application, license denial and/or an administrative enforcement action which may include license revocation and imposition of monetary penalties. Also, incomplete, inaccurate or misleading information, statements or omissions may constitute criminal violations under State or Federal law.

Reporting and supporting documentation outlined in this notice, of criminal charges or convictions involving any type of arrest (including driving under the influence), must be sent in writing to Jack Yanosky, Director, Insurance Department, Bureau of Producer Services, 1209 Strawberry Square, Harrisburg, PA 17120.

### Review Procedure Hearings under the Unfair Insurance Practices Act

The following insureds have requested a hearing as authorized by section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) in connection with their companies' termination of the insureds' policies. The administrative hearings will be held in the Insurance Department's regional offices in Harrisburg and Philadelphia, PA. Failure by an appellant to appear at a scheduled hearing may result in dismissal with prejudice.

The following hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 N. Seventh Street, Harrisburg, PA 17102.

Appeal of William J. Kane, III; file no. 04-181-12687; Erie Insurance Exchange; doc. no. P05-01-035; March 23, 2005, 10 a.m.

The following hearing will be held in the Philadelphia Regional Office, Room 1701, State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Virginia Baltzell; file no. 04-266-04453; Shelby Insurance Company; doc. no. PH05-01-034; April 26, 2005, 10 a.m.

Each party may appear with or without counsel and offer relevant testimony and/or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner (Commissioner) will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend an administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Jeffrey Wallace, Agency Coordinator, (717) 787-4298.

On or before February 24, 2005 the appellant shall file a concise statement setting forth the factual and/or legal basis for his disagreement with MCARE's determination. The statement may be in narrative form or in numbered paragraphs, but in either event shall not exceed two pages. A prehearing telephone conference initiated by this office is scheduled for March 17, 2005. Each party shall provide a telephone number to be used for the telephone conference to the Hearings Administrator on or before March 2, 2005. A hearing date shall be determined, if necessary, at the prehearing telephone conference.

Motions preliminary to those at hearing, protests, petitions to intervene or notices of intervention, if any, must be filed on or before February 15, 2005, with the Hearings Administrator, Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102. Answer to petitions to intervene, if any, shall be filed on or before February 22, 2005.

# STATE CONTRACTS INFORMATION

## DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:  
 The payment date specified in the contract.  
 30 days after the later of the receipt of a proper invoice or receipt of goods or services.  
 The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

## PA TREASURY BUSINESS OUTLET—PLUG INTO IT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Services are free except for the cost of photocopying contracts (15 cents per page); postage; redaction, and certified copies. The bureau may assess reasonable fees for labor and other expenses necessary to comply with the request. A free brochure explains how to take advantage of available services.

## TREASURY DEPARTMENT

### Notice of Names of Persons Appearing to Be Owners of Abandoned and Unclaimed Property

Abandoned bank accounts, long-forgotten stocks, insurance refunds and uncashed checks, each year the State Treasury receives millions of dollars in unclaimed property.

As administrator of the Unclaimed Property Program, the State Treasury is working to return this property to its rightful owners. The State Treasury is advertising their names here because the owners have not responded to letters sent to their last known address. Please take a few minutes to look for your name.

Persons who find their name can begin the claims process on State Treasury's website at [www.pa.treasury.org](http://www.pa.treasury.org). From this site, individuals can download a claim form and follow the progress of your claim. Persons may also file a claim by calling the Bureau of Unclaimed Property at (800) 222-2046 Monday through Friday, 7:30 a.m. to 4:30 p.m. Written inquiries may be sent to the Bureau of Unclaimed Property, P. O. Box 1837, Harrisburg, PA 17105-1837, Attention Research Department.
