# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

## *Pennsylvania Bulletin*

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

## **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

## **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

## ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

## **How to Find Documents**

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

### Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [ ] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

*By the Court*

CHARLES E. MARKER,  
*President Judge*

#### Rule WO101. Sessions of Court and Filing.

(a) All proceedings shall be numbered consecutively by the clerk in the order filed, beginning at the first of each year and numbered as of that year, with a prefix number 65 to indicate Westmoreland County in conformity with the Pennsylvania Department of Revenue numbering, viz: 65-96-

(b) All papers filed relating to a proceeding shall be filed at the number assigned to the first paper filed in such proceeding.

(c) In these rules, any reference to the "Orphans' Court" or the "court" shall mean the Orphans' Court Division of the Court of Common Pleas of Westmoreland County, unless otherwise stated.

(d) In these rules, any reference to the "register" shall mean the Register of Wills of Westmoreland County; any reference to the "clerk" shall mean the Clerk of the Orphans' Court Division of the Court of Common Pleas of Westmoreland County.

*Explanatory Comments:* In Westmoreland County, the duties of the register of wills and the clerk of the orphans' court division are administered by one office. See 20 Pa. C.S.A. § 901 for the jurisdiction of the register of wills.

#### Rule WO102. Return Days, Motions and Audits.

(a) *Return Days.* The return day is the last day to answer or take other legal action with respect to a citation, rule to show cause, or other process, or when a matter may ordinarily next be brought before the court for action.

The return days shall be as fixed by order of court. If no date is fixed, it shall be twenty days from service.

A hearing will not be held on the return day unless specially ordered.

A hearing will be scheduled upon the request or motion of any party after the return day. The request or motion shall be accompanied by a proposed order, which shall provide for appropriate blank spaces for the scheduling of a hearing, the scheduling of a status conference, and a filing deadline for memoranda of law.

(b) *Motions.* All applications, petitions, motions and miscellaneous business should be presented to the court, at such time as the court is available.

(c) *Audit List.* The president judge shall decree and the register of wills shall publish in the Westmoreland Law Journal for three consecutive weeks commencing the second week of November a list of dates of audit, dates of confirmation nisi, and the schedule of filing periods as related to the audit dates for the following year.

The audit list will be called and accounts audited on the dates of audit scheduled by order of court, and will continue until the cases on the list have been heard or other disposition made. All accounts on the audit list filed by an attorney or firm shall be listed together on the audit list.

*Cross References:* A suggested form of Scheduling Order, to be used to schedule a hearing after the expiration of the return date, is included in the volume of approved forms.

*Explanatory Comments:* With regard to paragraph (b), specific arrangements should be made with the judge's chambers to assure the availability of the judge.

If a party fails to answer or otherwise respond to a rule or citation, the court may grant a rule absolute, without conducting a hearing.

**Rule WO103. Advertisements.**

At the time of issuing any letters testamentary or letters of administration, the register shall collect from the personal representative to whom such letters are issued, a sum determined by order of the orphans' court from time to time for payment of costs of publication in the *Westmoreland Law Journal* and proof of advertising; and, the register shall remit monthly to the *Westmoreland Law Journal* each sum so collected and shall retain a part of the sum as also determined by order of the orphans' court from time to time and remit the same to the Treasurer of Westmoreland County in due course.

*Explanatory Comments:* In Westmoreland County, the legal periodical is the *Westmoreland Law Journal*.

**Rule WO104. Depository of the Court.**

All moneys directed to be paid into court shall be paid to the clerk. Upon receipt, the clerk shall deposit the moneys in a federally insured, interest-bearing account with the depository designated by the court to the credit of the court, in the particular estate or proceeding to which they may respectively belong. No moneys shall be paid out of court by said depository except on the checks of the clerk, accompanied by a certified copy of the order directing the payment and attested by the seal of the court.

**Rule WO105. Attorneys.**

(a) *Appearance.* Every attorney employed in any proceeding shall enter an appearance. An attorney's appearance may not be withdrawn without leave of court, unless another attorney has entered or simultaneously enters an appearance, and the change of attorneys does not delay any stage of the proceeding.

(b) *Attorney as Surety.* An attorney shall not act as surety in any proceeding in this court, except by special leave of court.

*Cross References:* See Pa. R.C.P. No. 1012(b) regarding withdrawal of appearance and the 1985 explanatory comment thereto.

**Rule WO106. Discovery.**

(a) The practice relating to depositions, production of documents, perpetuation of testimony and other forms of discovery shall conform to the practice in the Civil Division of the Court of Common Pleas of Westmoreland County.

(b) Subpoenas shall be issued by the clerk upon request of a party, when a matter is at issue. In all other cases, subpoenas shall be issued only upon order of court.

**Rule WO107. Pleadings.**

(a) *Petitions.* All applications to the court shall be by petition of a party in interest, shall be signed by counsel, verified by the petitioner, and shall set forth:

- (1) the caption;

- (2) a heading indicating briefly the purpose of the petition;

- (3) a concise statement of the facts relied upon to give the court jurisdiction and to justify the relief desired, and any averments specifically required by any Supreme Court Orphans' Court Rule or any rule of this court. The statement shall be divided into paragraphs numbered consecutively, each containing but one material allegation, and shall cite the applicable section of any Act of Assembly relied upon;

- (4) the names of all parties interested, indicating those not sui juris. The names of fiduciaries of parties not sui juris shall be set forth with references to their appointments;

- (5) a prayer for the relief desired.

(b) *Exhibits.*

(1) There shall be attached to the petition as exhibits the originals or copies of all wills, codicils, consents, joinders, approvals, contracts and any other written instruments relied on or pertinent.

(2) If the petitioner is unable to attach any necessary exhibit, the petitioner shall so state in the petition, with the reason for such inability.

(c) *Verifications.* Every pleading containing an averment of fact not appearing of record in the action or containing a denial of fact shall state that the averment or denial is true, upon the signer's personal knowledge or information and belief, and shall be verified. The term "verified", when used in reference to a written statement of fact by the signer, means supported by affidavit or made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities. The verification extends to the authenticity of all exhibits attached to the pleading.

(d) *Decrees and Orders.* In all proceedings, counsel shall prepare and submit a proposed decree or order, specifying the requested action or relief, with the pleading upon which the same is based.

(e) *Copies of Pleadings.* Copies of pleadings shall be certified by counsel to be correct.

(f) *Notice.* No decree or order of court will be made without evidence of satisfactory notice of the application therefor to all parties of record, or their attorneys of record in the proceeding, and to any party known by the petitioner or the petitioner's attorney to have an interest in the outcome or judicial disposition of the matter.

*Cross References:* See Supreme Court Orphans' Court Rule 3.4, which discusses the form of petitions. The requirements set forth in Rule WO107 expand upon the requirements of Rule 3.4.

See 20 Pa.C.S.A. § 911, which permits unsworn verifications, and Pa. R.C.P. Nos. 1024 and 76, which govern the use of verifications in the civil division.

No notice need be given upon presentation of a petition for citation, as described in Rule WO108. Pennsylvania Supreme Court Orphans' Court Rule 5 provides detailed procedures regarding notice.

**Rule WO108. Personal Jurisdiction.**

(a) *Citations.* When jurisdiction over a person is sought, it shall be obtained by citation. Upon petition of any party in interest, the court shall issue an order directing the clerk to issue a citation. The citation shall direct the party named therein to file a complete verified

answer to the averments of the petition on or before the day fixed by the court, and to show cause as the order of the court shall provide.

(b) *Service of Petition with Citation.* A copy of the petition shall be served with the citation unless service thereof is authorized and made by publication.

*Cross References.* See Supreme Court Orphans' Court Rule 3.5, which provides for the citation as the means for acquiring personal jurisdiction over a person.

*Explanatory Comments.* In some situations, the court already has jurisdiction over parties, and a citation is not necessary. For example, the court generally maintains continuing jurisdiction over personal representatives and guardians.

#### **Rule WO109. Exceptions.**

(a) Except as provided in (b) below, and except for interlocutory decrees and orders, all decrees and orders are final unless specifically captioned by the court as a decree nisi. No exceptions shall be filed to final decrees and orders, and they must be appealed directly to the Superior Court.

(b) Exceptions to any order or decree nisi must be filed with the clerk within ten days after notice of the decree. Issues not raised in the exceptions shall be deemed waived. If no exceptions are filed, the decree shall become nonappealable.

(c) Upon filing exceptions, the moving party shall present to the court a proposed order, which shall provide for appropriate blank spaces for the scheduling of the filing of briefs and argument.

(d) If not otherwise established by the court, a party filing exceptions must file a brief at least ten days before the date scheduled for oral arguments. Opposing counsel must file a responsive brief within five days of service of opposing counsel's brief. The briefs shall contain, inter alia, a concise statement of issues. A party who has not timely filed a brief may be denied oral argument. Issues not briefed shall be deemed waived.

*Explanatory Comments.* The general rule in Westmoreland County is that exceptions must be filed only when the court issues a decree nisi. In all other cases, appeal lies directly with the Superior Court. A common example of when the court issues a decree nisi is in involuntary termination cases.

An order or decree must meet the definition of "final order" under Pa. R.A.P. 341 before it may be appealed to the Superior Court.

A party who desires to appeal a decree nisi must first file exceptions with the clerk in order to preserve the party's right of appeal. After the court makes a final order to the exceptions, the party may then file an appeal of such final order to the Superior Court of Pennsylvania. If the party fails to file exceptions to a decree nisi, the party may lose the right to appeal to the Superior Court. With regard to subsection (b), in exceptional cases, the Court may grant a party the right to file exceptions nunc pro tunc.

#### **Rule WO110. Bill of Costs.**

(a) The following items shall be considered as record costs in a proceeding:

- (1) Fees paid for filing pleadings;
- (2) Fees paid for service of pleadings;

(3) Fees paid to court reporters for the cost of original and/or no more than one copy of depositions;

(4) Any other costs specifically permitted by statute or supreme court rules; and

(5) If the case has been tried, fees statutorily permitted to witnesses for per diem attendance and mileage.

(b) A bill of costs must be filed with the clerk, along with an affidavit of service on the opposing party or his counsel of record, within ten days of the entry of a verdict by a jury, or a final order or decree by the court. The bill of costs may include the items listed in paragraph (a) of this rule.

(c) In cases where an executor, administrator, guardian or trustee has acted in good faith defending the estate against a claim, costs and fees may be allowed out of the estate, even though the claim is allowed.

(d) Exceptions specifying those items or amounts of costs to which a party has objections must be filed within ten days of receipt of the bill of costs.

(e) The court will enter an order specifying allowable costs.

*Cross References.* Paragraph (c) is taken from the former Rule WO9(c). The remaining paragraphs are taken from Rule W609 of the Westmoreland County Rules of Civil Procedure.

#### **Rule WO111. Enforcement of Decrees.**

Decrees of the orphans' court may be enforced through further proceedings in the orphans' court, or, where appropriate, through the office of the prothonotary.

*Cross References.* See 20 Pa.C.S.A. § 781 for methods of enforcement of orders and decrees of the orphans' court.

*Explanatory Comments.* Judgments for money damages are often enforced through the office of the prothonotary.

#### **Rule WO112. Appeals and Transfers to the Orphans' Court.**

(a) *Petition and Appeal from Register.*

(1) An appeal to the court from any judicial act, proceeding or decree of the register shall be effected by filing a notice of appeal with the clerk. The notice of appeal shall contain the caption, name of the appellant, and a reference to the judicial act, proceeding or decree appealed from, and shall be signed by the appellant or counsel. A copy of the notice of appeal shall be mailed to or personally delivered to all parties appearing before the register or their counsel, and a proof of notice shall be filed with the clerk within five days.

(2) Within thirty days after filing the notice of appeal, the appellant shall present to the court a petition complying with Rule WO107, including a reference to the notice of appeal, and whether bond was required or filed.

Upon filing of the petition, the court will award a citation to all interested parties, including the register, to show cause why the appeal should not be sustained and the decision complained of set aside and, in cases where a jury trial has been requested, why the disputed issue of fact should not be submitted to a jury.

(3) This section shall not apply to appeals for inheritance tax purposes nor to appeals specially regulated by law.

(b) *Certified Cases.* When a certification of a dispute has been made by the register to the court under Section 907 of the PEF Code, the court will determine whether pleadings will be required.

*Cross References:* The time period for filing appeals from decrees of the register is a matter of statutory law, under 20 Pa.C.S.A. § 908.

*Explanatory Comments:* An appeal from a decree of the register is a two-step process. The first step involves the filing of a notice of appeal. The second step is the filing of a petition within thirty days after filing the notice of appeal. Both steps are required for the perfection of an appeal from a decree of the register.

**Rule WO113. Fiduciaries to be Appointed.**

When a petition discloses that minors, unborn or unascertained persons, incapacitated persons, absentees, or presumed decedents or others not sui juris having interests are necessary parties and are without fiduciaries, an order will be made directing that the petition be filed, provided that the petition contains the names and ages of any minor children, the names and addresses of their parents, parent or persons with whom they reside, and all other facts required by Supreme Court Orphans' Court Rules Section 12, Rule 4. If it appears that a fiduciary should be appointed to represent any such person, the court will direct the petitioner to notify minors over fourteen years of age, the next of kin or next friends of minors under fourteen years of age, and the next of kin of incapacitated persons, that unless a fiduciary is appointed for them within ten days after service of the notice, the court, on petition of proper parties or on its own motion, may appoint a guardian or a trustee ad litem to represent their interests.

**Rule WO114. Temporary Fiduciaries.**

When a fiduciary of an estate under the jurisdiction of the court is in military service, in other government service, in a position of conflicting interest or in any situation where, for a temporary period, it may not be in the best interests of the estate for the fiduciary to act, a co-fiduciary or co-fiduciaries, if any, may be authorized to exercise all the powers of such fiduciary or the court may appoint a substitute fiduciary pro tem.

*Cross References:* See Sections 4301-4306 of the PEF Code.

**Rule WO115. Records.**

(a) *Withdrawal of Records.* No original wills shall be withdrawn from the office of the clerk or from the court without a written order of the court. No other record shall be withdrawn from the office of the clerk without a written order of the clerk or assistant clerk, which order shall limit the time for its return. The clerk shall report to the court any failure to return the same after the time limit so fixed has expired.

(b) *Record Books—Clerk of the Orphans' Court.* The clerk shall keep the following books:

(1) a book called the Orphans' Court Docket in which shall be set forth all proceedings of this court;

(7) a book called the Adoption Docket in which shall be set forth all reports of intent to adopt, adoptions, voluntary and involuntary relinquishments and the decrees of the court thereon, and the Adoption Docket shall be impounded along with all other adoption matters.

(c) *Record Books—Register of Wills.* The register of wills and ex-officio clerk of the orphans' court shall keep the following books:

(1) a book known as the Memorandum Book in which shall be entered the names of decedent's and minor's estates and all other matters requiring the designation of a new number and term, together with a brief note of the subject matter of the entry;

(2) a book called the Administration Docket in which shall be noted the issuing of letters of administration, and accounts, and elections to take under or against wills;

(3) a book called the Inventory and Appraisalment Docket in which shall be set out the total amount of the personal property set out in the inventory, together with a brief reference to each tract of real estate and valuation thereof, as set out in all inventories filed in the register of wills office or the clerk of courts office, except those noted or set out in other dockets or books in either of those offices;

(4) a book called the Will Book in which shall be transcribed at length all wills probated, together with the date of death and the name of such executors as have qualified;

(5) a book called Transfer Inheritance Tax Docket in which shall be set forth a description in full of the real estate of decedent and totals of personal property and list of debts, together with notations as to assessment and payment of tax.

(d) *Indexes.* The clerk or register of wills shall keep a proper index for each docket whenever the same may be required, together with a general index.

(e) *Endorsement of Filing Date.* The clerk or register of wills shall endorse upon all papers filed the date of filing, which date shall be conclusive upon all parties, unless changed by order of court because of error or other cause showing the same to be incorrect.

*Cross References:* This Rule is taken from prior Rule W018.

*Explanatory Comments:* The books required in this rule may be kept electronically.

**Rule WO116. Format of Pleadings and Documents.**

(a) All originals of pleadings and forms of decrees shall be typed.

(b) Pleadings or documents submitted for filing must be clear and unblurred.

(c) When submitted to the court or the clerk, documents which are handwritten or not readily legible shall be accompanied by a typed copy.

(d) All documents in a foreign language shall be translated into English. The translation shall be typed and a certification of accurate translation shall be attached.

(e) "Typed" means typewritten or machine printed in black type on white paper and double spaced. Unconventional fonts shall be avoided.

(f) "Documents" shall include all written material, including but not limited to wills, trusts, powers of attorney, contracts and leases.

*Explanatory Comments:* If a holographic will is presented for probate, there must be offered with it a typewritten copy of the original will. This is known as a "copy fair".

Unconventional fonts include script or cursive style fonts.

#### **Rule WO117. Accounts.**

(a) Accounts shall conform with the Uniform Fiduciary Accounting Principles and accompanying commentaries and illustrations recommended by the Committee on National Fiduciary Accounting Standards in collaboration with the National Center for State Courts. Accounts shall be stated on 8-1/2 x 11 paper, fastened at the top and the pages shall be numbered consecutively.

*Cross References:* See Supreme Court Orphans' Court Rule 6.1.

(b) *Transcribing.* The clerk, when transcribing into account books such accounts as are required by law to be transcribed, shall omit from the record all schedules attached to accounts, description of unconverted real estate, testimony and documents accompanying the same and auditor's reports, unless otherwise directed by special order of the court, provided that accounts of guardians and trustees which are not final shall be transcribed in full.

(c) *Notice to Co-Fiduciaries.* When there are co-fiduciaries, actual notice of filing of an account and of audit must be given to those who do not join in the accounting.

(d) *Signing—Verification.* All accounts shall be signed and verified by the fiduciaries. In the first account filed in a decedent's estate, the verification shall include a statement that four months have elapsed from the date of the first complete advertisement of the original grant of letters (except where a personal representative has been directed by the court to file an account prior to that time). All fiduciaries must verify that the disbursements claimed have been made or will be made to the proper parties, and that the account as stated is true and correct. The verification must be attached after the last schedule.

(e) *Filing Time.* To be placed on the audit list, accounts shall be filed in the office of the clerk no later than the last day scheduled by the court for the filing of accounts in any given month.

(f) *Confirmation Nisi.* All accounts will be confirmed nisi when presented at the stated meetings of the court, not less than thirty days after the time of filing.

#### **Rule WO118. Change of Address.**

A personal representative of a decedent's estate or a guardian of the estate of a minor or an incapacitated person shall file with the Register of Wills of Westmoreland County any change of address. Notice or service to the last recorded address shall be deemed notice or service to the said personal representative or guardian.

#### **Rule WO119. Approved Forms.**

The court shall periodically file a decree listing approved forms which may be utilized in practice before the court. A complete set of these approved forms shall be kept in the clerk's office.

*Cross References:* The Westmoreland Bar Association is publishing a volume of approved forms as a companion volume to these Rules.

#### **Rule WO201. Application for Judicial Authorization of an Abortion.**

(a) Whenever the term "Application" is used in the Abortion sections of these rules, it shall refer to an Application for Judicial Authorization of an Abortion as set forth in (c) below.

(b) An Application may be submitted by a minor, by a guardian on behalf of an incapacitated person, or by a proposed guardian on behalf of an alleged incapacitated person.

(c) An Application and supporting documents shall be substantially in the form available from the judge of the orphans' court, and the form of verification to be signed by the applicant shall be substantially in the form set forth in Supreme Court Orphans' Court Rule No. 16.12.

(d) The Application and supporting documents shall be available from the judge of the orphans' court.

(e) The Application shall be submitted to, and filed directly with, the judge of the orphans' court for scheduling.

#### **Rule WO202. Confidentiality.**

(a) All proceedings relating to an Application shall be confidential.

(b) Upon the initial filing of the Application, the court shall review the Application and note any information identifying the pregnant woman (such as name and address and social security number) and shall then seal the Application in an envelope, denoting on the face thereof a caption using the initials of the pregnant woman and writing an order on the face of the envelope, which shall indicate the contents of the envelope (for example, Application for Judicial Authorization of an Abortion, Verification of Applicant, Verification of Medical Provider, etc.). The court shall direct that the record (Application, pleadings, submissions, transcripts, exhibits, orders, evidence and any other written material to be maintained, which shall include its own findings and conclusions) be sealed. The order shall specifically state that the envelope shall remain sealed and confidential.

(c) The clerk of the orphans' court shall docket the case by using a docket number only. Neither the name nor the

initials of the pregnant woman shall appear anywhere upon the docket. All subsequent pleadings and exhibits shall be similarly sealed and maintained. A final decree in the matter, using only the initials of the pregnant woman, may appear on the face of a sealed envelope, but the Findings of Fact and Memorandum Opinion of the court shall be sealed.

(d) The identity of the pregnant woman shall not be disclosed in any report or decision of the proceeding.

(e) All persons shall be excluded from hearings upon the Application except the pregnant woman, her attorney, her guardian ad litem, her proposed guardian (if she is alleged to be incapacitated), the proposed guardian's attorney, and witnesses of the applicant or of the applicant's attorney and guardian ad litem, or other individuals as directed by the court.

(f) The judge hearing the Application shall direct all persons present at any hearing or proceeding upon the Application not to disclose any information regarding the case.

*Cross References:* See Supreme Court Orphans' Court Rule No. 16.2, Rule No. 16.6 and the Explanatory Comment accompanying Rule No. 16.1.

**Rule WO203. Consent to an Abortion on Behalf of an Incapacitated Person.**

(a) Whenever a person seeks judicial consent to an abortion on behalf of an alleged incapacitated person, a Petition for Guardianship of the pregnant woman shall be filed either before an Application is filed or simultaneously therewith.

(b) A Petition for Guardianship or consolidated Petition for Guardianship and Application, filed on behalf of an incapacitated pregnant woman, by a petitioner seeking authority to consent to an abortion on behalf of the pregnant woman, shall maintain the anonymity of the pregnant woman, and confidentiality shall be maintained as set forth in Rule WO202. If a Petition for Guardianship alleges that the alleged incapacitated person is in need of a guardian for the purpose of authorizing the guardian to consent to an abortion that would be in the best interests of the incapacitated person, the Petition for Guardianship shall contain all of the information required by Chapter 55 of the Probate, Estates & Fiduciaries Code and by the abortion sections of these rules.

(c) The court will conduct proceedings to determine the capacity of the pregnant woman in the same manner as provided for in Chapter 55 of the Probate, Estates & Fiduciaries Code, and will render a decision on the incapacity of the pregnant woman before proceeding to rule on the Application.

(d) The standard for granting authority to a guardian to consent to an abortion shall be whether or not the procedure would be in the best interests of the incapacitated person.

(e) The statutory requirement that a decision by the court upon an Application shall be rendered within three business days of filing of the Application shall apply to filing of the Application and not to a prerequisite Petition for Guardianship, unless the two petitions are consolidated.

*Cross References:* See Supreme Court Orphans' Court Rule No. 16.1.

Pursuant to the Abortion Control Act, 18 Pa.C.S.A. § 3206(f)(4), decision upon an Application must be rendered within three business days of the filing of the Application.

In regard to paragraph (d), the rule is in accordance with the Abortion Control Act, 18 Pa.C.S.A. § 3206(d).

**Rule WO204. Guardian Ad Litem.**

(a) The court shall advise the pregnant minor filing an Application at the time when she files the Application that she has a right to court-appointed counsel or the right to retain private counsel at her own expense, and that she has a right to appointment of a guardian ad litem, and the court shall appoint such counsel or guardian ad litem upon request of the applicant or at its discretion.

(b) The orphans' court shall maintain a list of qualified attorneys within the jurisdiction of the court who shall serve by court appointment as counsel for the applicant or as guardian ad litem whenever required by the Abortion Control Act or by these Rules.

(c) A guardian ad litem will be appointed by the court in all cases where it is necessary to obtain records pertaining to an adult applicant's mental capacity to request or to consent to an abortion. The guardian ad litem may act on behalf of the minor or incapacitated pregnant woman to sign authorizations to release medical records to the court.

*Cross References:* See 18 Pa.C.S.A. § 3206(e) and Supreme Court Orphans' Court Rule No. 16.1, note.

*Explanatory Comments:* Records essential to the court's decision on an Application on behalf of a mentally incapacitated woman should be obtained through written consent of her guardian ad litem. This rule is of particular importance in cases where a medical practitioner or family member seeks authority to consent to an abortion as the guardian of the pregnant woman. Section 106 of the Mental Health Procedures Act, 50 P.S. § 7106, provides that medical records related to proceedings under the Mental Health Procedures Act may not be released without the signed authorization of the patient and that, in no case, may confidential communications between the patient and doctor, resulting from any proceedings under the Mental Health Procedures Act, be released.

**Rule WO205. Medical Testimony.**

(a) It is presumed that the testimony of physicians, psychologists and other medical professionals may be taken in the courtroom by speaker telephone in all proceedings conducted in accordance with these rules and pursuant to 18 Pa.C.S.A. § 3206(c), unless objections are filed at least ten days before the hearing.

(b) Telephone testimony shall be limited to medical, psychological and other medical personnel who can provide information relevant to the emotional development, maturity, intellect and understanding of the applicant; the fact and duration of the applicant's pregnancy; the nature, possible consequences, and alternatives to abortion; and any other relevant evidence which the court may find useful in making a determination about the applicant's ability to give informed consent pursuant to 18 Pa.C.S.A. § 3205 or an allegation that the abortion is in the best interests of the applicant.

(c) All documents in a foreign language shall be translated into English. The translation shall be typed and a certificate of accurate translation shall be attached.

**Rule WO206. Testimony of Applicant's Parents.**

The parents of a minor seeking judicial authorization of an abortion may be given an opportunity to be heard, within the discretion of the court, provided said opportunity to be heard does not delay the hearing on the

Application beyond the time period described by statute, unless the applicant objects to disclosure of her pregnancy to her parents.

**Rule WO207. Transcript of Testimony.**

A record of all proceedings before the court upon an Application shall be made as a matter of course, and shall be transcribed, insofar as is practicable and necessary to meet the requirements for a prompt appeal, on the same day as the proceeding is conducted.

*Explanatory Comments:* An applicant for judicial consent to an abortion is entitled to an appeal directly to the Pennsylvania Superior Court after an adverse decision rendered by the Court of Common Pleas. The appeal must be heard within five days. Other time constraints related to gestational age of the fetus may make it imperative that a transcript be prepared expeditiously.

The Pennsylvania Rules of Appellate Procedure, Rule No. 3804, requires that the court reporter, without charge to the applicant, transcribe the notes of testimony and deliver them to the clerk by 5:00 o'clock P.M. on the business day following receipt of the notice of appeal to the Superior Court.

*Cross References:* See 18 Pa.C.S.A. § 2306(f)(4).

(b) Notice. The notice to "Unknown Father" pursuant to 23 Pa. C.S.A. § 2513 shall include the child's name, the child's date of birth, the natural mother's name and the place of birth when the Notice is published pursuant to Pa. O.C. Rule 5.1(c). It shall be published in the county and state where, by petition, the notice is most likely to effectively notify the "Unknown Father".

(c) When the proposed adoptee has been born outside the Commonwealth of Pennsylvania, any Petition for Adoption filed with the court shall include as exhibits thereto certified copies of all orders of court or decrees issued by a court of competent jurisdiction, which orders or decrees:

(1) terminate the parental rights of the birth parents of the child proposed to be adopted;

In the latter case, the court may award undivided interests in the property to the persons as their interests may appear, or the court may direct the personal representative to sell so much thereof as cannot be so divided.

(c) In cases where the personal property does not have a readily ascertainable market value, the petition shall have attached thereto an election to take in kind, consented to by the other parties interested in the fund for distribution.

(d) When the personal property to be distributed in kind has no readily ascertainable value and the parties in interest do not agree to a distribution, the court may direct an auction thereof upon ten days notice, personally or by mail, to parties in interest, at such a time and place as the court may direct. *Explanatory Comments:* The time period for which an invasion of principal may be requested may generally not exceed one (1) year.

Under 20 Pa.C.S.A. §§ 5164 and 5536(a), court approval is required to use income for anyone other than the minor or incapacitated person. In such cases, a petition in essentially the same form as provided by this rule should be filed.

#### **Rule WO504. Petition for Sale of Assets.**

A Petition for Sale of Assets shall be presented to the court in all situations where the guardian intends to sell real or tangible personal property of an incapacitated person. Such Petition for Sale of Assets shall contain, at minimum, the following averments of fact:

(a) A reference to the original date of the guardian's appointment.

(b) Whether the guardian is bonded and, if so, for what amount.

(c) An itemized listing of the assets of the incapacitated person.

(d) An itemized listing of the income and expenses of the incapacitated person.

(e) The reason for the proposed sale and the proposed distribution of proceeds. If the property is real estate, (i) whether the property is expensive to maintain; (ii) whether the property is occupied and/or generating income; (iii) whether the guardian needs the proceeds for the care of the incapacitated person.

(f) If the purpose for the proposed sale is the payment of debts, a listing of the names of all creditors, and the amount due each.

(g) If the property is tangible personal property, one appraisal shall be attached. If the property is real estate, the petition shall be accompanied by a valuation of two appraisers not related to any of the parties, setting forth the fair market value of the property claimed. The appraisers shall state their profession and shall certify that by virtue of their profession, they are familiar with values of real estate in the vicinity of the subject property.

(h) If the property is the incapacitated person's residence,

(1) That the incapacitated person will not be returning to the property to live. (Indicate where the incapacitated person is currently living, i.e., nursing home, personal care home, etc.)

(2) If a private sale, that the price is greater than could be obtained at a public sale. If not, or if the price is less than the appraisal, indicate whether a commission is being charged.

(i) Notice of the presentation of the Petition for Sale of Assets shall be given to all next of kin of the incapacitated person, whose written consents to the sale are not attached.

(j) The proposed decree shall contain a provision regarding the posting of bond.

#### **Rule WO505. Petition for Compromise of Claim.**

A Petition for Compromise of Claim shall be presented to the court in all situations where the guardian proposes to compromise a claim by or against an incapacitated

person. Such Petition for Compromise of Claim shall contain, at minimum, the following averments of fact:

(a) A reference to the original date of the guardian's appointment.

(b) Whether the guardian is bonded and, if so, for what amount.

(c) An itemized listing of the assets of the incapacitated person.

(d) An itemized listing of the income of the incapacitated person.

(e) A listing of the names and addresses of all creditors, and the amount due each.

(f) A concise description of the claim which is proposed to be compromised.

(g) Whether any prior Petitions for Compromise of Claim have been presented.

(h) That the next-of-kin of the incapacitated person have been notified of the presentation of the Petition for Compromise of Claim.

(i) In those cases where the guardianship estate is expected to be insolvent, that the creditors of the incapacitated person have been notified of the presentation of the Petition for Compromise of Claim.

*Cross References:* See 20 Pa.C.S.A. § 5521(b), relating to the guardian's powers, duties and liabilities.

See Pa. R.C.P. No. 2051, et seq., for the settlement procedures applicable to actions commenced in the civil division.

#### **Rule WO601. Jurisdiction.**

(a) The following petitions for approval of settlement shall be brought before the orphans' court when suit has not been commenced in the civil division:

(1) Petition to Compromise and Settle Minor's Action;

(2) Petition to Compromise and Settle an Incapacitated Person's Action; and

(3) Petition to Compromise and Settle Wrongful Death and Survival Action.

(b) Upon receipt of a petition, the court may, at its discretion, grant the petition as presented, request additional information from any party, or order testimony to be taken on the petition.

*Cross References:* With regard to wrongful death and survival actions, See 42 Pa.C.S.A. § 8301(b) and 20 Pa.C.S.A. §§ 2101-2104.

#### **Rule WO602. Petition to Compromise and Settle Minor's Claim.**

A Petition to Compromise/Settle a Minor's Claim shall contain, at minimum, the following averments of fact:

(a) Description of the factual circumstances of the case. These should include the date of the accident/injury, how the accident/injury occurred, the age of the minor at the time of the accident/injury, and identification of the defendant. If the case involves an automobile accident, the accident report should be attached.

(b) Type of injury suffered. Medical documentation (e.g. hospital records or a physician's report) should be attached to the Petition in order to advise the court of the extent and effect of the injuries. If the medical documentation indicates there are residual effects, the Petition should refer to the specific portions of the medical documentation which contain such opinions.

(c) Medical expenses incurred. If any portion of the medical expenses is to be deducted from the minor's share of the settlement, the Petition should contain an affirmation that the parents/guardians will not be reimbursed for such expenses from any other source.

(d) Amount and terms of the proposed settlement. The Petition should clearly identify whom the attorney bringing the Petition represents (i.e., the insurance company or the parent/guardian of the minor).

(e) Statement regarding the efforts made to secure the best settlement. Where appropriate, the Petition should inform the court whether there is a question of liability and should briefly address any legal/factual issues which may impede successful litigation.

(f) An affirmation by petitioner's counsel that the settlement is the best settlement that could be obtained. (Note: This could also be in the form of an attached affidavit.)

(g) The attorney fee arrangement. A copy of the written fee agreement must be attached. In structured settlements, the fee must be based on the present value of the annuity.

(h) A list of any other expenses which will be deducted from the minor's share of the settlement (e.g. costs advanced for medical reports, hospital records, filing fees, etc.).

(i) The exact portion the minor is to receive.

(j) The proposed order should provide in detail the proposed distribution of funds. The proposed distribution shall conform to the distribution procedures used in the civil division, under the Pennsylvania Rules of Civil Procedure.

*Cross References:* All petitions must meet the basic requirements established by WO107.

Under Pa. R.C.P. Nos. 2039 and 2206, the following distribution procedures are used in the civil division.

1. Pursuant to Pa. R.C.P. No. 2039(b), the court shall order the proceeds paid to the guardian of the estate of the minor.

2. If there is no court-appointed guardian of the estate and the amount is not more than \$10,000, Pa. R.C.P. No. 2039(b)(1) provides that the court may (but is not obligated to) release the proceeds directly to "the guardian of the person or to the natural guardian or to the person or agency by whom the minor is maintained or to the minor".

3. If there is no court-appointed guardian of the estate and the amount is more than \$10,000, Pa. R.C.P. No. 2039(b)(2) requires that the proceeds be deposited in a federally insured savings account - in the minor's name - with a stipulation that no withdrawals can be made until the child reaches the age of eighteen (18) except upon prior order of court.

4. The order must include a provision that proof of the sequestered account shall be promptly filed of record.

*Explanatory Comments:* Despite the discretionary language contained Pa. R.C.P. No. 2039(b)(1), the court generally does not release the proceeds directly to the minor or guardian. Except in cases involving extremely small damages or unique circumstances, the court routinely requires that the funds be deposited in a federally insured savings account in the minor's name with a

stipulation that no withdrawals can be made until the child reaches the age of eighteen (18) except upon prior order of court.

**Rule WO603. Petition to Compromise and Settle Incapacitated Person's Claim.**

A Petition to Compromise/Settle an Incapacitated Person's Claim shall contain, at minimum, the following averments of fact:

(a) Description of the factual circumstances of the case. These should include the date of the accident/injury, how the accident/injury occurred, the age of the incapacitated person at the time of the accident/injury, and identification of the defendant. If the case involves an automobile accident, the accident report should be attached.

(b) Type of injury suffered. Medical documentation (e.g. hospital records or a physician's report) should be attached to the Petition in order to advise the court of the extent and effect of the injuries. If the medical documentation indicates there are residual effects, the Petition should refer to the specific portions of the medical documentation which contain such opinions.

(c) Medical expenses incurred. If any portion of the medical expenses is to be deducted from the incapacitated person's share of the settlement, the Petition should contain an affirmation that the guardian will not be reimbursed for such expenses from any other source.

(d) Amount and terms of the proposed settlement. The Petition should clearly identify whom the attorney bringing the Petition represents (i.e., the insurance company or the guardian of the incapacitated person).

(e) Statement regarding the efforts made to secure the best settlement. Where appropriate, the Petition should inform the court whether there is a question of liability and should briefly address any legal/factual issues which may impede successful litigation.

(f) An affirmation by petitioner's counsel that the settlement is the best settlement that could be obtained. (Note: This could also be in the form of an attached affidavit.)

(g) The attorney fee arrangement. A copy of the written fee agreement must be attached. In structured settlements, the fee must be based on the present value of the annuity.

(h) A list of any other expenses which will be deducted from the incapacitated person's share of the settlement (e.g. costs advanced for medical reports, hospital records, filing fees, etc.).

(i) The exact portion the incapacitated person is to receive.

(j) The proposed order should provide in detail the proposed distribution of funds. The proposed distribution shall conform to the distribution procedures used in the civil division, under the Pennsylvania Rules of Civil Procedure.

**Rule WO604. Petition to Compromise and Settle Wrongful Death and Survival Action.**

A Petition to Compromise/Settle a Wrongful Death and Survival Action shall contain, at minimum, the following averments of fact:

(a) Description of the factual circumstances of the case. These should include the date of the accident/injury, how the accident/injury occurred, the age of the decedent at the time of the accident/injury, and identification of the

defendant. If the case involves an automobile accident, the accident report should be attached.

(b) Amount and terms of the proposed settlement. The Petition should clearly identify whom the attorney bringing the Petition represents (i.e., the insurance company or the heirs/beneficiaries of the decedent).

(c) Statement regarding the efforts made to secure the best settlement. Where appropriate, the Petition should inform the court whether there is a question of liability and should briefly address any legal/factual issues which may impede successful litigation.

(d) An affirmation by petitioner's counsel that the settlement is the best settlement that could be obtained. (Note: This could also be in the form of an attached affidavit.)

(e) The attorney fee arrangement. A copy of the written fee agreement must be attached. In structured settlements, the fee must be based on the present value of the annuity.

(f) A list of any other expenses which will be deducted from the heirs/beneficiaries' share of the settlement (e.g. costs advanced for medical reports, hospital records, filing fees, etc.).

(g) A statement as to whether the plaintiff's decedent died intestate or with a will, and if a will was in existence, the effect of the will upon the proposed monetary distribution between wrongful death and survival actions. If a will exists, a copy must be attached as an exhibit to the Petition.

(h) The exact amount of the wrongful death portion of the settlement each of the wrongful death beneficiaries is to receive.

(i) Dependency. Whether the parties proposed to receive funds from the wrongful death portion of the settlement were dependents of the decedent.

(j) Survival. How long the decedent survived after the accident.

(k) Notice. That notice of the presentation of the Petition has been given to all of the beneficiaries named under the decedent's will, if the decedent died testate, and to the decedent's intestate heirs, whether the decedent died testate or intestate.

(l) The proposed order should provide in detail the proposed distribution of funds.

**Rule WO605. Petitions for Allowance.**

(a) All withdrawals from a minor's account require a Petition for Allowance.

(b) Petitions for Allowance shall contain, at minimum, the following averments of fact:

(1) The facts and circumstances surrounding the origination of the minor's fund.

(2) A chronological statement of all prior petitions for allowance, including the reasons therefor, the amounts thereof, and the disposition.

(3) The age of the minor at the time the fund was created and the minor's present age.

(4) The original amount of the minor's funds and the present balance of same.

(5) The circumstances and reasons supporting the petition for allowance.

(c) All Petitions for Allowance shall be accompanied by:

- (1) A proposed Order.
- (2) A copy of the original Petition for Compromise and the Order of Distribution.
- (3) Copies of all prior petitions for allowance and the orders with respect to same.
- (4) Substantiating documentation to support the petition for allowance.
- (5) A consent filed by the petitioner.

*Explanatory Comments:* The court recognizes the parents' legal obligation to support and care for their child. Accordingly, when withdrawal from a minor's account is requested, the court will generally not permit the minor's funds to be used for routine parental obligations.

**Maximum Lawful Rate of Interest for Residential Mortgages for the Month of March 1996**

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of March is 8 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such

individual occupies or has occupied as a principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 6.07 to which was added 2.50 percentage points for a total of 8.57 that by law is rounded off to the nearest quarter at 8 1/2%.

The EPA waiver is in effect.

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this

determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

**Acknowledgment of Notices of Intent to Remediate**

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (the Act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the Act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

**Notice of Settlement Under the Hazardous Sites Cleanup Act**

---

The Department of Environmental Protection (Department) under the Authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305), has entered into a settlement regarding the Department's costs incurred for response activities at the Giordano Waste Materials (Giordano) site. This settlement is entered into under section 1102 of HSCA (35 P. S. § 6020.1102). The settlement involves a Consent Order and Agreement (COA) between the Department and Consolidated Rail Corporation (Conrail), a party potentially responsible for the hazardous substances which the Department removed from the Giordano site.

The Giordano site is an approximately 7-acre parcel of land in Butler Township, Schuylkill County. The site includes a right-of-way owned by Conrail. The right-of-way is located on the western side of the site. The surrounding area is predominantly rural, although some residential areas and a school are located nearby. Investigations revealed the presence of lead contaminated battery casings and lead contaminated smelter ash at the site. The releases and threatened releases from the battery casings posed a substantial danger to public health and safety and the environment. The Department deemed it appropriate to implement an interim response to address threats to the public health and safety and the environment posed by the battery casings at the site. The Department, under the authority of HSCA, implemented an interim response which included the removal of lead contaminated battery casings from the site. The interim response was completed on April 27, 1990.

Through the implementation of the interim response, the Department incurred costs at the site. The Department may conduct an additional response action to address contamination remaining on site. On February 5, 1996, a COA was executed between the Department and Conrail. Under the terms of this agreement, Conrail is required to make a payment of \$60,000 to reimburse the Department for past and future costs at the Giordano site.

This notice is provided under section 1113 of HSCA (35 P. S. § 6020.1113). This section also provides that the settlements will become final upon the filing of the Department's response to significant written comments. The COA that contains the specific terms of the settlement is available for public review and comment. **Reasonably Available Control Technology; Public Hearings**

---

The Department of Environmental Protection proposes to approve an amendment to the Pennsylvania State Implementation Plan (SIP) for the operation of a municipal waste resource recovery incinerator (MWI) facility owned by Montenay Montgomery Limited Partnership, located at 1155 Conshohocken Road, Plymouth Township, Montgomery County, PA 19425 (a/k/a Dravo and Montenay), in compliance with 25 Pa. Code §§ 129.91—129.95 as a Reasonably Available Control Technology (RACT) determination for nitrogen oxides (NO<sub>x</sub>) and volatile organic compound (VOC) emissions from the facility.

The proposed revision to the SIP does not adopt any new State of Pennsylvania regulations. The requirements of the proposed revision to the SIP will be contained in the proposed Plan Approval PA-46-0010. The proposed revision, if approved, will be submitted to the United States Environmental Protection Agency as a revision to the PA SIP with an oxides of nitrogen emission limit of 0.383 LB/MM Btu and volatile organic compound emission limit of less than 25 tons/year.

The proposed Plan Approval PA-46-0010 will change the emission limits and operating parameters for Montenay and are different from those previously indicated in Operating Permit 46-340-0002 issued on May 9,

1994. It will also allow the burning of municipal-like residual waste as referenced in Waste Management permit application no. 400558.

The changes in proposed Plan Approval PA-46-0010 compared to Operating Permit 46-340-0002 will include: 1) revisions to facility emission limits for—a. toxic metals, b. nitrogen oxides, c. volatile organic compounds; 2) revised operating requirements to permit this acceptance of municipal-like residual waste acceptance criteria.

One public hearing will be held for the purpose of receiving comments on the proposal. The hearing will be held at 7 to 9 p.m. on March 18, 1996, at the Plymouth Township Municipal Building, located at 700 Belvoir Road, Norristown, PA 19428. Persons interested in commenting on the proposed SIP revision should notify John Gerdemann, Community Relations Coordinator, at (610) 832-6228, that they want to make a presentation at the public hearing. Persons interested in submitting written comments should send comments to Department of Environmental Protection, Francini Carlini, Regional Manager, Bureau of Air Quality, Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428 on or before April 18, 1996.

Copies of the application for the Plan Approval submitted to the Department, the proposed Plan Approval and any other information related to the matter are available at the Bureau of Air Quality, Room 116, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17105 and the Department's Southeast Regional Office, Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428. Appointments should be made to review the above by calling Harrisburg at (717) 787-9256 or Conshohocken at (610) 832-6270.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service, or accommodation to participate in the proceedings should contact John Gerdemann directly at (610) 832-6228 or through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 to discuss how the Department may accommodate their needs.

The following stationary sources have filed a request for a plan approval with the Department of Environmental Protection (Department), Bureau of Air Quality. Persons wishing to file protests or comments on the proposed plan approval have 30 days to submit the protests or comments to the Regional Office at the address listed below. Interested persons may also request that a hearing be held concerning the plan approval application by filing a request with the Regional Office stating the reason for the request.

The final plan approval will contain terms and conditions to ensure that the source is constructed and operated in compliance with the Department's regulations contained in 25 Pa. Code Chapters 121 through 143 and the requirements of the Federal Clean Air Act. A notice of the Department's final decision on the proposed plan approval will be published in the *Pennsylvania Bulletin*. Air contaminants emitted from these sources are less than the amounts that would trigger major new source review requirements. **Request for Variance**

The Bureau of Deep Mine Safety has received a request for variance from the Tanoma Mining Company. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Glen Ziegler by calling (717) 787-1376.

The Department is publishing a summary of the request in order to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to Thomas J. Ward, Jr., Director, Bureau of Deep Mine Safety, P. O. Box 8463, Harrisburg, PA 17105-8463.

Section 702 of the Bituminous Coal Mine Act (52 P. S. §§ 701—702) provides a mechanism for operators to obtain variances from specific requirements of the Act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 268(b) of the Bituminous Coal Mine Act, entitled Clearances and Shelter Holes, requires that shelter holes be provided on the clearance side along designated travelingways that are also used as haulage entries, other than belt conveyor haulage entries. Such shelter holes shall be spaced not more than 80 feet apart.

Summary of the request: Tanoma Mining Company's plan calls for 105' distances between track shelter holes in the Main E and all future Mains development at the Tanoma Mine. Studies have shown that the main entries in the Tanoma Mine should be developed on 120' centers in order to enhance roof control. This 120' center will result in shelter holes being approximately 105' apart since the crosscuts are driven a maximum of 20' wide.

**MINING ACTIVITY APPLICATIONS**

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor, application number, a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

---

The following final reports were submitted to the Department of Environmental Protection under the Land

Recycling and Environmental Remediation Standards Act, the act of May 19, 1995 (P. L. 4, No. 2).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (the Act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

### Draft Public Participation Policy

The Department of Environmental Protection (DEP) has proposed a draft public participation policy for comment in an effort to improve public access to information and decision-making in the Department.

DEP is committing itself to involve the public early and often in the process of developing regulations and policies, to seek a dialog with all sectors of society on its proposals and to recognize the public's right to substantive responses to all comments they submit. The new policy also commits the agency to provide the public with open access to information during the development process in order to build trust between the Department and the public.

The draft policy describes the specific tools DEP has available to provide opportunities for public participation, including advisory committees, advance notice of proposed rulemaking, notice of proposed rulemaking, advance notice of final rulemaking, public information meetings, public hearings and regulatory negotiation and stakeholder groups. Basic procedures are outlined for establishing public comment periods and how comments are considered and answered after they are received by DEP.

The policy also commits DEP to publish a regulatory agenda every 6 months to alert the public about regulations it is likely to send to the Environmental Quality Board for action. DEP will also publish an annual Sunset Review Schedule for reviewing regulations to determine whether they still effectively fulfill their original goals.

Draft and final copies of regulations and guidance are to be provided free of charge to the public. Early notice of draft regulations and policies and public information meetings and hearings will be provided through a variety of channels, including the weekly *Environmental Protection Update*, the World Wide Web site, local newspaper notices and other channels.

A copy of the new draft public participation policy is available from Barbara Sexton, DEP Regulatory Coordinator, P. O. Box 2063, Harrisburg, PA 17105-2063; telephone (717) 783-1303; fax (717) 783-8470; or e-mail Sexton.Barbara@a1.dep.state.pa.us. ## DEPARTMENT OF HEALTH

### Intent to Apply Uniform Standard to Both Skilled and Intermediate Care Patients in Long Term Care Facilities

For all long term care facility licensure surveys ending on or after January 1, 1996, the Department of Health

(Department) will apply the intermediate care standard to all patients in enforcing those licensure regulations which set forth different standards for both skilled and intermediate care.

The Department of Public Welfare's case-mix reimbursement regulations (25 Pa.B. 4477—4505), were effective as of January 1, 1996. Medical Assistance reimbursement methodology no longer distinguishes between skilled care and intermediate care but utilizes a case-mix adjustment based on the classification of residents into 44 separate groups known as Resource Utilization Groups (RUG-III). (25 Pa.B. 4505).

The Omnibus Budget and Reconciliation Act of 1987, P. L. 100-203, 42 U.S.C.A. §§ 1395i-3, 1396r (OBRA 1987) and subsequent amendments, eliminated the Federal distinction between skilled nursing facilities and intermediate care facilities. As a result, all long term care facilities participating in the Medicare and/or Medicaid programs are subject to the same Federal certification standards regardless of the level of services provided.

The Department of Health (Department) is in the process of reviewing its licensure regulations for long term care facilities in light of both the case-mix regulations and the changes to the Federal standards in the wake of OBRA 1987. As part of this process, the Department is considering amendments to some of its licensure regulations which would eliminate the distinction between licensure standards applied to skilled and intermediate care residents. Until such time as new regulations are published as final and take effect, the Department, in enforcing the licensure regulations at 28 Pa. Code §§ 211.2(b), (c), (e); 211.8(e); 211.9(e); 211.12(n); and 211.13(f), intends to apply the standard for intermediate care patients to all patients as set forth herein.

For those regulatory sections listed, the Department will exercise its prosecutorial discretion not to enforce the standard for skilled patients unless providers have not complied with the lesser intermediate standard. Should a long term care facility fail to comply with the standard for intermediate care patients in one or more of the above-listed regulatory sections, the stricter standards for skilled care will apply for enforcement purposes.

Application of the intermediate care standards in those regulations listed, to all patients, will not result in diminished quality of care in long term care facilities. The Department's survey review of quality indicators such as skin integrity, drug therapy, rehabilitative potential, nutritional adequacy, infection control, cognitive function and appropriate use of chemical or physical restraints will continue to reveal any problems with resident care.

Providers must continue to comply with State licensure regulations at 28 Pa. Code § 211.11, which require an interdisciplinary team of professionals, including physicians, to develop and implement a written plan of care to meet the needs of every patient. These plans of care are to be reviewed and updated according to change in patient status. Therefore, should a patient's status change, the plan of care and physician orders would have to be reviewed and adjusted as necessary. Further, most of Pennsylvania's long term care providers participate in the Medicare and Medicaid programs and are subject to Federal regulations which also require appropriate and timely assessments, care planning and treatment.

The Department's application of a uniform standard as described herein is not meant as a substantive change to the long term care licensure regulations (28 Pa. Code §§ 201.1—211.22) currently in effect. However, until fur-

ther notice, the Department will enforce the regulations at 28 Pa. Code §§ 211.2(b)(c)(e); 211.8(e); 211.9(e); 211.12(n); and 211.13(f) as follows:

#### § 211.2. Medical services.

(b) A patient shall be under the current care of a physician. A skilled care patient shall be seen by the attending physician at least every 30 days and an intermediate care patient at least every 60 days, or more often as necessary.

The Department will accept compliance with the 60 day time period for all patients. Individual patients must still be seen more often if necessary.

(c) A patient's total program of care, including medications, care and treatments, shall be reviewed during a visit by the attending physician at least once every 30 days for a skilled care patient and every 60 days for an intermediate care patient. Revisions shall be made as necessary. The physician shall indicate on the patient's medical record that the review has been made. Entries made by the physician on the medical record shall be dated and signed with the original signature of the physician. A physician's orders shall be renewed at least once every 30 days for skilled care patients and every 60 days for intermediate care patients.

The Department will accept compliance with the 60 day time period for all patients. Revision to the program of care must still be made more often if necessary.

Medicare and/or Medicaid participating providers must also continue to comply with the Federal regulation at 42 CFR 483.40(c)(1), which states that a physician, or physician designee as permitted in 42 CFR 483.40(e), must see a resident at least once every 30 days for the first 90 days of admission and at least once every 60 days thereafter.

(e) The attending physician shall be responsible for the medical evaluation of the patient and shall prescribe a planned regimen of total patient care. This regimen shall incorporate all of the components of the patient's care and shall designate the patient's appropriate level of care.

For licensure purposes, the physician will no longer be required to designate the patient's level of care but will be required to review the patient's total program of care as required by § 211.2(c). However, the patient's health care needs must support placement or continued stay in a long term care facility.

#### § 211.8. Use of restraints.

(e) The physician shall document the reason for the restraint order and shall review the need for the order by evaluating the patient. If the order is to be continued, the order shall be renewed for at least every 30 days for skilled patients and every 60 days for intermediate care patients by the physician in accordance with the patient's total program of care.

The Department will accept compliance with the 60 day renewal requirement for all patients.

#### § 211.9. Pharmaceutical services.

(e) Each patient shall have a written physician's order for each medication received. This includes both proprietary and nonproprietary medications. These physician's orders shall be on each patient's individual chart and shall be reviewed, renewed, signed and dated by the physician every 30 days for skilled patients and 60 days for intermediate care patients.

The Department will accept compliance with the 60 day requirement for all patients.

## § 211.12. Nursing services.

(n) A minimum number of general nursing care hours shall be provided for each 24-hour period. The total number of hours of general nursing care provided in each 24-hour period shall, when totalled for the entire facility, be a minimum of 2.7 hours of direct patient care for each skilled care patient and a minimum of 2.3 hours of direct patient care for each intermediate care patient. The total number of daily required hours shall be computed by multiplying the number of intermediate care patients by 2.3 hours and by multiplying the number of skilled care patients by 2.7 hours. The two figures shall be added; the sum shall be the minimum total number of hours of general nursing provided in each 24-hour period for the entire facility.

The Department will accept compliance with the requirement of 2.3 hours of general nursing care per each 24-hour period for each patient of the facility.

## § 211.13. Rehabilitative services.

(f) The patient's progress shall be reviewed regularly by the physician and the therapist. They shall reevaluate the plan of rehabilitative services as necessary, but at least every 30 days for skilled patients and every 60 days for intermediate care patients.

The Department will accept compliance with the 60 day requirement for all patients. Reevaluation of the plan for rehabilitative services must still be done more often if necessary.

Questions regarding the above may be directed to William A. Bordner, Director, Division of Nursing Care Facilities, P. O. Box 90, Harrisburg, PA 17108, (717) 787-1816.

Persons with a disability who require an alternative format (for example, large print, audio tape, braille) of this document should contact William Bordner so that he may make the necessary arrangements. Alternative formats may also be requested by using TDD: (717) 783-6514.

**General Requirements and Information**

Firms interested in performing any of the above services are invited to submit letters of interest to: Director, Consultant Selection Committee, Room 1118, Transportation and Safety Building, Harrisburg, PA 17120.

A separate letter of interest and required forms must be submitted for each project for which the applicant wishes to be considered. The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. of the thirteenth day.

If the project advertisement indicates that the Department will retain an engineering firm, letters of interest will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an

individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal. Failure to meet the goal and to demonstrate good faith efforts may result in being barred from Department contracts in the future.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include in the heading, the firm's Federal Identification Number and the Project Reference Number indicated in the advertisement. The letter of interest must also include the following:

1. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project."

2. Standard Form 254, "Architect-Engineer and Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company. Please disregard the statements on Standard Form 255 that indicate a Standard Form 254 is only required if not already on file with the contracting office. The Department does not maintain a file for Standard Form 254 for contracting purposes; therefore, this Form is required for the prime consultant and each subconsultant as stated above.

3. Two copies of the Department's Form D-427 (Rev. 6-89), "Current Workload" for the firm submitting the letter of interest. At least one copy of Form D-427 must remain free and not bound in any way to any other portion of the letter of interest or accompanying documentation. Copies of Form D-427 are available upon request from the above address or by contacting the Department's Consultant Agreement Division at (717) 783-9309.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The

telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

The Standard Form 255 must be filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be presently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item 6. If a Women Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

The Standard Form 254 must be signed and dated and must be less than 1 year old as of the date of this advertisement. A Standard Form must accompany each letter of interest for the firm submitting the letter of interest, each party to a joint venture, and for each subconsultant shown under Item 6 of the Standard Form 255.

Unless other factors are identified under the individual project reference number, the following factors, listed in their order of importance, will be considered by the Committee during their evaluation of the firms submitting letters of interest:

a. Specialized experience and technical competence of firm.

b. Past record of performance with respect to cost control, work quality, and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

c. Current workload and capacity of firm to perform the work within the time limitations.

d. Location of consultant.

e. Special requirements of the project.

f. Other factors, if any, specific to the project.

The Department currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on design and miscellaneous projects to 130% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on construction inspection projects to 85.2% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department's limitations will apply to the projects advertised above unless the Department policy is revised prior to the negotiation of an agreement or contract.

The assignment of the above services will be made to one of the firms responding to this notice, but the Committee reserves the right to reject all letters of interest submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for these services.

### Fairmont Products v. DEP; EHB Doc. No. 95-155-C

The Department of Environmental Protection and Fairmont Products have agreed to a settlement of the above matter.

On June 23, 1995, the Department of Environmental Protection (formerly called the Department of Environmental Resources) issued National Pollutant Discharge Elimination System Permit No. 0009571 (the permit) to

Fairmont, authorizing the discharge of noncontact cooling water from its facility in Belleville, PA to an unnamed tributary (UNT) to Little Kishacoquillas Creek, in Union Township, Mifflin County, PA.

On or about July 21, 1995, Fairmont filed an appeal of the issuance of the permit with the Environmental Hearing Board, EHB Docket No. 95-155-C.

Fairmont's appeal challenged a number of issues, including, but not limited to, the effluent limitations and monitoring requirements for each individual outfall, and the thermal discharge limitations for each individual outfall.

Fairmont previously submitted inaccurate flow information to the Department. As a result of new information submitted by Appellant, the Department has determined that the permit should be amended, as more fully set forth below.

The parties have agreed to a settlement, the major provisions of which include:

The Board orders, and Fairmont and the Department hereby agree as follows:

1. Within 60 days of execution of this Consent Order and Adjudication, Fairmont will present to the Department a request for a thermal variance under 25 Pa. Code § 97.82 and section 316 of the Clean Water Act, 33 U.S.C.A. § 1326, and a study plan to survey the receiving stream. The purpose of the study plan is to demonstrate that alternate thermal effluent limitations will not adversely impact the indigenous aquatic community in the receiving water body.

2. The study plan will consist of a thermal profile of the receiving stream, and a comprehensive biological survey of the creek. From early Spring 1996 until November 1996, Fairmont shall implement the study plan, as approved by the Department. Fairmont will conduct two aquatic field investigations to coincide with the critical periods for inhabitant aquatic biota, during the month of August 1996, and during the month of November 1996. These field investigations will consist of the following:

- a. Benthic macroinvertebrate sampling at each station;
- b. Fin fish sampling at each of the established stations;
- c. Thermal profile sampling at each station.

Additionally, Fairmont will conduct a benthic macroinvertebrate analysis in early spring 1996.

3. On or before January 31, 1997, Fairmont shall submit to the Department a final report concerning the proposed alternate thermal effluent limits.

Additionally, after the Environmental Hearing Board's execution of this Consent Order and Adjudication, Fairmont shall evaluate its housekeeping practices and/or its management of its heat discharge at the Belleville facility, to identify and characterize problems in controlling and limiting any wide variations in its heat discharge. On or before January 31, 1997, Fairmont shall also submit to the Department, for the Department's approval, its recommendations, if any, concerning modifications to its housekeeping practices and/or its management of the facility's heat discharge.

4. The Department will review Fairmont's report concerning the proposed alternate thermal effluent limits, and on or before January 31, 1997, the Department will notify Fairmont of the Department's determination whether Fairmont has successfully demonstrated that

such alternate thermal effluent limitations will not adversely impact the indigenous aquatic community in the receiving stream.

5. Upon the Department's determination that Fairmont has successfully demonstrated that alternate thermal effluent limitations will not adversely affect the indigenous aquatic community in the receiving stream, within 60 days of the Department's notice of that determination, the Department shall issue Fairmont a thermal variance under 25 Pa. Code § 97.82(a)(2) and section 316(a) of the Clean Water Act, 33 U.S.C.A. § 1326, and will issue a draft amended permit with the thermal variance.

Within 60 days of the Department's notice of its determination concerning the thermal variance, Fairmont shall also implement any modifications to its housekeeping practice and/or its management of its heat discharge, as approved by the Department.

6. Alternatively, upon the Department's determination that Fairmont has failed to successfully demonstrate that alternate thermal effluent limitations will not adversely affect the indigenous aquatic community in the receiving stream, Fairmont shall achieve compliance with the final effluent limitations, as described below, or terminate the discharge in accordance with the following schedule:

Feasibility study completion	May 31, 1997
Compliance with effluent limitations	July 31, 1997

7. Fairmont's NPDES Permit No. Pa. 0009571 is hereby modified as follows:

a. All of the pages of the Amended Permit are called Amendment No. 1.

b. Page 2, Part A, I, the Discharge Limitations chart for Interim Effluent Limitations is modified in accordance with the chart detailed in the Consent Order and Adjudication.

Page 2, Part A, I, (1), the discharge limitations for outfalls 001, 002, 003 and 004 were determined using a combined effluent discharge rate of .2 million gallons per day.

c. Page 2A, Part A, 1, the discharge limitations chart for final effluent limitations is in accordance with the chart detailed in the Consent Order and Adjudication.

d. Page 2A, Part A, I, (1), the discharge limitations for Outfalls 001, 002, 003 and 004 were determined using a combined effluent discharge rate of .2 million gallons per day.

e. Page 12, Part C.I.B. For the combined discharge from Outfalls 001, 002, 003 and 004, the permittee shall comply with the following thermal discharge limitations:

Period	Final Allowable	
	Interim Allowable Waste	Waste Temperature (°F)

Dec 1-31	95	95

Permittee shall comply with the interim allowable waste temperatures listed above until permittee has submitted to the Department's review the permittee's final report concerning the impact of the alternate thermal effluent limitations on the indigenous aquatic community in the receiving water body.

In the event that the Department determines that Fairmont has successfully demonstrated that the alternate thermal effluent limitations will not adversely affect the indigenous aquatic community in the receiving water body, the Department will issue a thermal variance under 25 Pa. Code § 97.82(a)(2) and section 316(a) of the Clean Water Act, 33 U.S.C.A. § 1236, and will base the thermal variance on the results of Fairmont's study.

In the event that the Department determines that Fairmont has failed to successfully demonstrate that the alternate thermal effluent limitations will not adversely affect the indigenous aquatic community in the receiving water body, then Fairmont shall achieve compliance with the final effluent limitations, in accordance with the schedule set forth in Part C.
