READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 210—APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

[210 PA. CODE CH. 11]

Amendment of the Note to Rule 1114 of the Rules of Appellate Procedure; No. 208 Appellate Procedural Rules Doc.

Order

Per Curiam

And Now, this 4th day of February, 2011, upon the recommendation of the Appellate Court Procedural Rules Committee; the proposal having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3) in the interests of justice and efficient administration:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the Note to Pennsylvania Rule of Appellate Procedure 1114 is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), shall be effective in 30 days, and shall be applicable to petitions filed thereafter.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 11. APPEALS FROM COMMONWEALTH COURT AND SUPERIOR COURT

PETITION FOR ALLOWANCE OF APPEAL

Rule 1114. Considerations Governing Allowance of Appeal.

Except as prescribed in Rule 1101 (appeals as of right from the Commonwealth Court), review of a final order of the Superior Court or the Commonwealth Court is not a matter of right, but of sound judicial discretion, and an appeal will be allowed only when there are special and important reasons therefor.

Official Note: Based in part on U.S. Supreme Court Rule [19] 10. The following, while neither controlling nor fully measuring the discretion of the Supreme Court, indicate the character of the reasons which will be considered:

[(1) Where the appellate court below has decided a question of substance not theretofore determined by the Supreme Court, or has decided it in a way probably not in accord with applicable decisions of the Supreme Court of Pennsylvania or the Supreme Court of the United States.

(2) Where an appellate court has rendered a decision in conflict with the decision of the other appellate court below on the same question, or has so far departed from the accepted and usual course of judicial proceedings, or so far sanctioned such a departure by an administrative agency or lower court, as to call for an exercise of the power of supervision of the Supreme Court.

(3) Where the question involves an issue of immediate public importance such as would justify assumption of plenary jurisdiction under 42 Pa.C.S. § 726 (extraordinary jurisdiction).]

(1) the holding of the intermediate appellate court conflicts with another intermediate appellate court opinion;

(2) the holding of the intermediate appellate court conflicts with a holding of the Pennsylvania Supreme Court or the United States Supreme Court on the same legal question;

(3) the question presented is one of first impression;

(4) the question presented is of such substantial public importance as to require prompt and definitive resolution by the Pennsylvania Supreme Court;

(5) the issue involves the constitutionality of a statute of this Commonwealth;

(6) the intermediate appellate court has so far departed from accepted judicial practices or so abused its discretion as to call for the exercise of the Pennsylvania Supreme Court's supervisory authority; or

(7) an intermediate appellate court has erroneously entered an order quashing or dismissing an appeal.

Prior to the 2011 amendment to the Official Note to this Rule, the procedural mechanism to seek the Pennsylvania Supreme Court's review of an intermediate appellate court order quashing or dismissing an appeal was by petition for review. *See Vaccone v. Syken*, 587 Pa. 380, 382 n.2, 899 A.2d 1103, 1104 n.2 (2006). The current amendments now provide that such appeals should be pursued by the petition for allowance of appeal process. The 2011 amendment adds Reason (7) to the Official Note, which provides a basis for seeking review of intermediate appellate court quashals and dismissals through the Chapter 11 petition for allowance of appeal procedure, rather than the Chapter 15 petition for review procedure.

PART II. INTERNAL OPERATING PROCEDURES

[210 PA. CODE CH. 63]

Amendment of Section 5 of the Internal Operating Procedures of the Supreme Court; No. 515 Supreme Court Rules Doc.

Order

Per Curiam

And Now, this 4th day of February, 2011, *It Is Ordered* pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Section 5 of the Internal Operating Procedures of the Supreme Court is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), shall be effective in 30 days, and shall be applicable to petitions filed thereafter.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART II. INTERNAL OPERATING PROCEDURES

CHAPTER 63. INTERNAL OPERATING PROCEDURES OF THE SUPREME COURT

§ 63.5. Allocaturs.

A. *Standards.* Petitions for allowance of appeal (“allocaturs”) may be granted for any of the following reasons:

* * * * *

3. that the question presented is one of first impression[, and];

4. that the question presented is one of such substantial public importance as to require prompt and definitive resolution by this Court;

[4.] 5. that the issue involves the constitutionality of a statute of this Commonwealth;

[5.] 6. that the intermediate appellate court has so far departed from accepted judicial practices or so abused its discretion as to call for the exercise of this Court’s supervisory authority[.]; or

7. that the intermediate appellate court has erroneously entered an order quashing or dismissing an appeal.

Order of Court

And Now, this 31st day of January, 2011, at 8:30a.m., it is hereby *Ordered* that the Schuylkill County Juvenile Court Restitution Fund be established as follows:

Authority

The statutory authority for the creation of the Fund may be found at 42 Pa.C.S.A. § 6352(a)(5).

Purpose of Fund

The purpose of the Fund is to provide a means whereby the Court may direct children under its supervision to pay a reasonable amount of money into a common fund, which is under the supervision of the Court, and which will be distributed in a fair and equitable manner to the victims of delinquent behaviors as defined in the Juvenile Act.

Guidelines

The Juvenile Justice Department shall establish and administer the Fund in accordance with guidelines promulgated by the President Judge.

Name

The name of the Fund shall be the “Schuylkill County Juvenile Court Restitution Fund.” For brevity, when referenced in orders, decrees, judgments or other legal or financial documents, the Fund may be referred to as the “JCR Fund.”

Eligibility

For the purpose of the Fund, eligibility will be defined as follows:

Eligible Benefactor—An eligible benefactor of the Fund is any child under the jurisdiction of the Schuylkill County Juvenile Justice Department on or after the effective start date of the Fund and whose disposition, as rendered by the Court or Juvenile Justice Department, requires the child to pay restitution to a victim of a delinquent act.

Eligible Recipient—An eligible recipient of the Fund is any person, business, organization, etc., including the Commonwealth Crime Victim Compensation Fund who has a legitimate restitution claim on file with the Schuylkill County Juvenile Justice Department after the effective start date of the Fund that is the result of the delinquent act(s) of an Eligible Benefactor.

Fund Revenue

On or after the effective date of the creation of the Fund, it will be supported financially in the following manner:

A. Monies that currently exist in the Schuylkill County Juvenile Justice "Costs and Fines" Fund will be transferred into the JCR Fund.

B. The Juvenile Justice Department shall assess a fee in the amount of \$75.00 payable to the JCR Fund to every child subject to delinquency proceedings whose case results in an Informal Adjustment.

C. The Juvenile Justice Department shall assess an additional fee in the amount of \$30.00 payable to the JCR Fund to every child whose case requires Court action to attain a final Disposition.

D. The Juvenile Justice Department shall assess a fee of \$100.00 payable to the JCR Fund to any individual requesting an expungement of his or her juvenile record.

E. Monies collected from a child whose case has been referred to the Juvenile Justice Department for nonpayment of fines and costs imposed by a magisterial district court shall be deposited in the JCR Fund.

F. The Court, at its discretion or upon the recommendation of the Juvenile Justice Department, will explore other sources of revenue payable to the fund as the same becomes available.

Fund Management

The Fund receipts and expenditures will be managed by the Juvenile Justice Department. Any and all funds received by the department that may be considered revenue for the Fund will be deposited into an account separate and apart from all other accounts managed by the Juvenile Justice Department. The purpose of this account will be to receive and disburse funds associated with the Fund. As of the date of creation of the Fund, the account(s) used by the Juvenile Justice Department shall require for disbursement the signatures of two of the following individuals: the Chief Juvenile Probation Officer, the Deputy Chief Juvenile Probation Officer, or a Supervisor.

Review Committee

The President Judge will establish a committee to review the requests made by the eligible benefactors requesting benefits from the Fund. The committee will be comprised of the following individuals:

Chief and Deputy Chief Juvenile Probation Officer
Victim Services Coordinator for Juvenile Court
The child's supervising Probation Officer

Fund Expenditures

Eligible benefactors of the Fund will be able to request assistance from the Fund in the following manner:

A. The Juvenile Justice Department will prepare an application form for eligible benefactors to utilize in order to request assistance from the Fund. The application form will include the following information:

1. Descriptive information about the child including name, DOB, type and length of supervision, and the child's ability to pay.

2. A report as to the child's overall performance while under supervision, including school (report cards and attendance), home and community behavior (summary citations), community service hours ordered and completed and the amount of restitution ordered and paid to date.

B. The review board committee will review the application and recommend the amount of expenditures to be made on behalf of the applicant.

C. The President Judge will authorize the amount to be expended from the fund and credited to the applicant's restitution account. The Juvenile Justice Department will then disburse payment to all the applicant's victims in a proportionate share.

Maximum Disbursement

The maximum amount that may be disbursed from the Fund on behalf of any single child per period of supervision by the Court or Juvenile Justice Department shall be the lesser of one thousand dollars (\$1,000.00) or fifty percent (50%) of the total restitution ordered by the Court to be paid by that child during a period of supervision.

Suspension of Activity

The Court or Chief Juvenile Probation Officer shall have the authority to suspend any and all activities associated with the Fund.

Audit

The Fund shall be subject to an audit by the Schuylkill County Controller on an annual calendar year basis.

Effective Date

The establishment of the Schuylkill County Juvenile Court Restitution Fund shall become effective thirty (30) days after publication of this order in the *Pennsylvania Bulletin*.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of March 2011

The Department of Banking (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of March, 2011, is 6 1/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 3.84 to which was added 2.50 percentage points for a total of 6.34 that by law is rounded off to the nearest quarter at 6 1/4%.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of

further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the

objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401–7671q) and regulations adopted under the Federal Clean Air Act.

The facility is a non-Title V facility and will remain so after the expansion. The expansion will increase the total capacity of the landfill to 4,046,364 tons of municipal solid waste (MSW). Emissions of nitrogen oxides (NO_x), volatile organic compounds (VOC) and carbon monoxide (CO) will not increase above existing permitted levels in tons/year. Emissions of volatile organic compounds (VOC) and hazardous air pollutants (HAPs) will be controlled by a landfill gas collection system, with 90% capture efficiency at closure of the landfill. Landfill gas collected will be combusted in any combination of two existing internal combustion (IC) engines, and used to produce power, or an existing enclosed flare. The engines and flares have already been permitted and will maintain their emissions limits. The expansion will make the landfill subject to the provisions

of Standard of Performance for Municipal Solid Waste Landfills, 40 CFR Part 60 Subpart WWW. SECCRA will follow the monitoring, recordkeeping and reporting requirements written in the Plan Approval as well as provisions of the NSPS, Subpart WWW.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

The following permit applications to conduct mining activities have been received by the Department. A copy of an application is available for inspection at the district mining office indicated before each application. Notices of

requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference or a public hearing, as applicable, on a mining permit application may be submitted by a person or an officer or head of Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of the person submitting comments or objections, the application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads.

Persons wishing to comment on NPDES permit applications should submit statements to the Department at the address of the district mining office indicated before each application within 30 days of this public notice. Comments received within the comment period will be consid-

ered in the final determinations regarding the NPDES permit applications. A comment must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers

the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Hazle Township	P. O. Box 506 Harleigh, PA 18225	Luzerne

Plan Description: The Corrective Action Plan (CAP),
 submitted as a plan update revision to the Township's
 Official Sewage Facilities Plan, proposes a systematic
 investigation that will identify and propose corrective
 measures for portions of the Hazle Township wastewater
 collection system that may be subject to excessive
 amounts of infiltration/inflow (I/I). The CAP is also
 intended to reduce hydraulic overloading at the Greater
 Hazleton Joint Sewer Authority's Wastewater Treatment
 Facility. The CAP also contains an implementation sched-
 ule for its investigative activities. The CAP is now to be
 considered an integral part of Hazle Township's Official
 Sewage Facilities Plan.

Should conditions be encountered during the implemen-
 tation of the CAP, which require the alteration of the
 approved CAP, Hazle Township shall contact the Depart-
 ment, in writing, and discuss the need to alter the CAP at
 the earliest possible time. Any additional wastewater-
 related improvements, additions, deletions or changes
 outside of those explicitly described in the CAP must be
 in compliance with the Department's regulations and be
 submitted to and approved by the Department in writing.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Nutrient and Sediment Reduction Credit Trading Program; Notice of Proposals

The Department of Environmental Protection (Department) provides notice of the following proposal under the Nutrient and Sediment Reduction Credit Trading Pro-

gram (Trading Program). This proposal was submitted under The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and 25 Pa. Code § 96.8 (relating to use of offsets and tradable credits from pollution reduction activities in the Chesapeake Bay Watershed) (see 40 Pa.B. 5790, October 9, 2010).

Trading is a market-based program that provides incentives for entities to create nutrient reduction credits by going beyond statutory, regulatory or voluntary obligations and goals by removing nutrients from a watershed. The credits can be traded to help others more cost-effectively meet their obligations or goals. The primary purpose of the Trading Program is to provide for more efficient ways for National Pollutant Discharge Elimination System (NPDES) permittees to meet their effluent limits for nutrients and sediment. Currently, the focus of the program is on the Chesapeake Bay Watershed.

The proposal described in this notice relates to submitted proposals through February 4, 2011.

Background

Before a credit can be used by an NPDES permittee, a three-step process is followed: (1) the credit proposal must be approved; (2) it must be verified; and (3) it must be registered.

Approval is also known as certification, which is a written approval by the Department for the use of a nutrient reduction activity to generate credits. Certifications are based on at least: (1) a credit proposal describing the qualifying nutrient reduction activity that will reduce the nutrient loadings delivered to the applicable watershed; (2) the calculation to quantify the pounds of reductions expected; and (3) a verification plan that, when implemented, ensures that the qualifying nutrient reduction activity has taken place. The proposals described in this notice apply to the Chesapeake Bay Watershed.

Once the credits are certified, they must be verified to be applied towards an NPDES permit for compliance with effluent limits. Verification means implementation of the verification plan contained in a certification, as required by the Department. Verification plans require annual submittal of documentation to the Department that demonstrates that the qualifying nutrient reduction activity has taken place for the applicable compliance year.

The credits also need to be registered by the Department before they can be used to meet effluent limits in an NPDES permit. Registration occurs only after credits have been certified, verified and a contract has been submitted. For the Chesapeake Bay Watershed, the Department will register credits for use during the compliance year in which the qualifying pollutant reduction activity has taken place. The Department will provide the credits with an annual registry number for reporting and tracking purposes.

Proposal

The following new proposal is being reviewed by the Department. The Department will accept written comments on these proposed projects for 30 days.

<i>Proposal Applicant</i>	<i>Proposal Description</i>
Lycoming County Conservation District	Nitrogen credits to be generated by Client PiCJaT0001 through the installation of riparian buffers, off-stream watering and streambank fencing.

For further information about this proposal or the Trading Program, or to submit comments, contact Ann Roda, Water Planning Office, Department of Environmental Protection, P. O. Box 2063, Harrisburg, PA 17105-2063, (717) 787-4726, aroda@state.pa.us or visit the Department's web site at www.depweb.state.pa.us (DEP Keywords: "Nutrient Trading").

Rates to Be Used for Calculating Long-Term Operation and Maintenance Cost Bonds for Water Supply Replacement-Mining Operations

The Department of Environmental Protection (Department) announces the rates to be used to calculate bond amounts for water supply replacement operation and maintenance costs for anthracite and bituminous coal and industrial mineral mining operations. The authority for bonding mining operations is found under The Clean Streams Law (35 P.S. §§ 691.1—691.1001), the Surface Mining Conservation and Reclamation Act, the Coal Refuse Disposal Control Act, The Bituminous Mine Subsidence and Land Conservation Act, the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326) and the regulations promulgated thereunder at 25 Pa. Code Chapters 77 and 86 (relating to noncoal mining; and surface and underground coal mining; general).

The rates are used in calculating the water supply operation and maintenance bond amounts for replacement water supplies affected by activities at mining operations including: surface mines, coal refuse disposal sites, coal refuse reprocessing sites, coal processing facilities, underground coal mining operations and industrial mineral surface mines. The procedures for calculating water supply operation and maintenance bonds are described in technical guidance 562-4000-102, "Increased Operation and Maintenance Costs of Replacement Water Supplies," which is available on the Department's eLibrary web site www.elibrary.dep.state.pa.us.

The Department may review the adequacy of bonds on existing permits at any time. The Department will conduct these reviews before issuing permit renewals. The Department may conduct similar reviews at the mid-term of a permit and before approving a permit revision.

Rates

The Department calculated the rate of inflation and rate of return using 5-year averages. For the rate of inflation, the Consumer Price Index (Northeast Urban) from the United States Department of Labor, Bureau of Labor Statistics, was averaged for the calendar years 2006-2010, resulting in a rate of 2.43%. For the rate of return, the interest rate for the 20-year Treasury bill as reported by the Federal Reserve was averaged for the calendar years 2006-2010 resulting in a rate of 4.482%.

For background information and supporting documentation regarding the rates, contact the Bureau of Mining and Reclamation, Division of Monitoring and Compliance, P. O. Box 8461, Harrisburg, PA 17105-8461, (717) 787-5103.

Effective Date

The rates in this notice will become effective on April 1, 2011. They will remain in effect until new rates are published. It is anticipated that these new rates will be published in February 2012, to be effective April 1, 2012.

Public Comment on the Proposed Federal Fiscal Year 2012 Combined Agency State Plan Attachments; Public Comment Period

The Department of Labor and Industry, Office of Vocational Rehabilitation (OVR), under the Rehabilitation Act of 1973, as amended in the Workforce Investment Act of 1998, announces a period of public comment on its

proposed Federal Fiscal Year (FFY) 2012 Combined Agency State Plan Attachments (Attachments). The FFY 2011 begins on October 1, 2011, and ends on September 30, 2012.

The purpose of this comment period is to provide individuals, advocates and other interested parties and/or organizations opportunities to present their views and recommendations regarding Vocational Rehabilitation (VR) services for persons with disabilities. In this Commonwealth, these services are provided by OVR through a network of 21 district offices and the Hiram G. Andrews Center.

OVR is required, under law, to develop and implement a Combined Agency State Plan, which must be reviewed and, as necessary, revised annually when there are changes to its VR program. These revisions take the form of updates to existing attachments. The Plan currently in effect is for FFY 2011 and is a compliance document now on file with the Commissioner, Rehabilitation Services Administration and United States Department of Education. It is the blueprint for the provision of VR services to persons with disabilities living in this Commonwealth.

This period of public comment allows interested parties an opportunity to provide input regarding the Commonwealth's public VR program. Comment is being solicited regarding the following State Plan attachments: Input and Recommendations of the Pennsylvania Rehabilitation Council; Comprehensive System of Personnel Development; Annual Estimate of Individuals to be Served and Costs of Services; OVR's Goals and Priorities; Order of Selection; Distribution of Supported Employment Funds; and Innovation and Expansion Activities. In addition to the Vocational Rehabilitation State Plan, the agency's Bureau of Blindness and Visual Services (BBVS) will accept public comment on the Business Enterprise Program, Specialized Services for Children and Adults and Independent Living Services for older persons who are blind.

Following is the pertinent information for the upcoming public meetings. Meeting sites are accessible and interpreters for people who are deaf or hard of hearing will be present at each public meeting. For additional information, reasonable accommodation requests or alternative format requests, call the OVR district office conducting the public meeting. If an individual or organization's representative is unable to attend a public meeting, but wishes to provide testimony, written comments may be mailed to the appropriate district office serving the area in which the individual/organization member resides. Written comments must be received no later than 5 p.m., Tuesday, April 19, 2011.

To obtain a copy of the proposed FFY 2012 Attachments or other information, call the contact person listed for the appropriate district office serving their county.

A copy of the approved FFY 2011 Attachments, as well as the proposed FFY 2012 Attachments, will be available on the OVR web site, www.dli.state.pa.us by clicking on "Disability Services," then "Office of Vocational Rehabilitation," then "Publications."

The purpose of this notice is to effect the automatic extension of Table Specified for Determination of Rate and Amount of Benefits. Each year the maximum weekly benefit rate is calculated at 66 2/3% of the average weekly wage in covered employment for the preceding fiscal year. Under section 404(e)(2) of the law, this table is effective for claimants whose benefit year begins on or after January 1, 2011.
