READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CH. 72]

Sewage Enforcement Officers Application Requirements for Certification

The Environmental Quality Board (Board) proposes to amend Chapter 72 (relating to administration of sewage facilities permitting program). The amendment is being proposed to clarify requirements relating to applications for certification of sewage enforcement officers (SEOs) outlined in § 72.54 (relating to applications for certification) to read as set forth in Annex A.

This notice is given under Board order at its meeting of December 15, 1998.

A. *Effective Date*

This proposed amendment will go into effect upon publication in the *Pennsylvania Bulletin* as final rule-making.

B. *Contact Persons*

For further information, contact Glenn Maurer, Director, Bureau of Water Quality Protection, 11th Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8465, Harrisburg, PA 17105-8465 (717) 787-2666, or William S. Cumings, Jr., Assistant Counsel, Bureau of Regulatory Counsel, 9th Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Information regarding submitting comments on this proposal appears in Section H of this Preamble. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). This proposal is available electronically through the DEP Web site at <http://www.dep.state.pa.us>.

C. *Statutory Authority*

The proposed rulemaking is made under the authority of section 9 of the Pennsylvania Sewage Facilities Act (act) (35 P. S. § 750.9) and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510.20).

D. *Background, Purpose and Summary of Proposed Regulatory Revision*

This proposed amendment is intended to clarify the requirements of § 72.54(a) relating to application requirements for persons who submit applications for certification as SEOs within this Commonwealth. Section 8(b) of the act (35 P. S. § 750.8) provides that local agencies, which include counties, municipalities and multimunicipal local agencies, are required to "employ an adequate number of sewage enforcement officers or contract with individuals, firms or corporations to adequately perform the services of sewage enforcement officers to administer the [permitting requirements] of this act . . . in accordance with the rules and regulations of the

department. No person shall be employed or contracted as a sewage enforcement officer unless said person has been certified by the department pursuant to standards set by the Environmental Quality Board."

The State Board for Certification of Sewage Enforcement Officers (Certification Board), an entity of the Department of Environmental Protection (Department) established under section 11 of the act (35 P. S. § 750.11), is responsible for the administration of examinations for the certification of sewage enforcement officers. The Department and the Certification Board have determined that it is necessary to amend § 72.54 to provide a more streamlined procedure for the submission of certain documentation to the Board by an applicant for certification as a sewage enforcement officer.

Section 72.54(a) requires that a candidate for certification as a SEO successfully complete precertification training courses prior to the certification examination. The Department is responsible for the administration of training programs for sewage enforcement officers, including precertification training. See 25 Pa. Code § 72.43(d). Beginning in April 1999, the precertification training will be provided to candidates for certification shortly before the scheduled examinations. Under existing § 72.54(a), applicants for certification are required to submit documentation of the successful completion of precertification training to the Board at least 40 days prior to the scheduled examination. Since the precertification training is intended to be provided to applicants less than 40 days prior to the scheduled examination, a conflict with the existing regulation will be created. Accordingly, the Department and the Certification Board believe it is necessary to propose an amendment to § 72.54(a) which will change the deadline for the submission of documentation of the successful completion of required precertification training from 40 days prior to the examination to "no later than the commencement of the scheduled examination for which the precertification training was held." Until this proposed amendment is implemented, it will not be possible to link certification examinations with the precertification training courses.

The proposed amendment and associated SEO training and certification improvements have been discussed with the Sewage Advisory Committee and an advisory group to the PA State Association of Township Supervisors (PSATS) representing the SEO community and local government. PSATS is assisting the Department in administering SEO training. These advisory groups have indicated support for this proposed amendment toward allowing full implementation of the SEO training and certification improvements.

E. *Benefits, Costs and Compliance*

Executive Order 1996-1 provides for a cost/benefit analysis of a proposed amendment.

Benefits

Applicants for certification as SEOs will benefit from the proposed amendment because they will not need to submit documentation of the successful prerequisite training for certification until the commencement of the scheduled examinations, which will be held shortly after the conclusion of the training course.

Costs

There are no additional costs to the Commonwealth, its citizens or applicants for certification as SEOs associated with this proposal.

Compliance Costs

The proposed amendment is not expected to impose any additional compliance costs on the regulated community.

F. Sunset Review

This proposed amendment will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulation effectively fulfills the goals for which it was intended.

G. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the proposed rulemaking on February 9, 1999, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate and House Environmental Resources and Energy Committees. In addition to submitting the proposed amendment, the Department has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Department. A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendment, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review by the Department, the Governor and the General Assembly before final publication of the amendment.

H. Public Comments

Written Comments—Interested persons are invited to submit comments, suggestions or objections regarding the proposed amendment to the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477 (express mail; Rachel Carson State Office Building, 15th Floor, 400 Market Street, Harrisburg, PA 17101-2301). Comments submitted by facsimile will not be accepted. Comments, suggestions or objections must be received by the Board by March 22, 1999. Interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by March 22, 1999. The one-page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final regulation will be considered.

Electronic Comments—Comments may be submitted electronically to the Board at RegComments@A1.dep.state.pa.us and must also be received by the Board by March 22, 1999. A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

INDEPENDENT REGULATORY REVIEW COMMISSION

[1 PA. CODE CHS. 101, 201, 301, 303, 305, 307,
309, 311, 313 AND 315]

Implementation of the Regulatory Review Act

The Independent Regulatory Review Commission (IRRC) proposes to amend its regulations in 1 Pa. Code by deleting Chapters 101 and 201 in their entirety and by adding Chapters 301, 303, 305, 307, 309, 311 and 315.

These proposed amendments will delete IRRC's regulations promulgated under the Regulatory Review Act as originally enacted, the act of June 25, 1982 (P. L. 633, No. 181). Because the subsequent reenactment and amendments drastically changed the structure of the review process, the existing regulations are largely inapplicable and unenforceable. For this reason, IRRC is deleting them in their entirety rather than amending them.

Embargoed material is covered in these proposed amendments. Therefore, IRRC is also deleting in its entirety the Statement of Policy in Chapter 201 (relating to embargoed material).

Statutory Authority

These amendments are proposed under the authority contained in section 11 of the Regulatory Review Act (act) (71 P. S. § 745.11).

Background

These proposed amendments will implement the act of June 25, 1997 (P. L. 252, No. 24) (Act 24) amendments to the act. These proposed amendments respond to administrative and procedural concerns that have continually surfaced since the previous revision of the act in 1989. The legislative intent of the act and the mission of IRRC remain the same. However, the process has been streamlined and made more flexible, saving both the regulators and the regulated time and money.

The major changes brought about by Act 24 amendments are as follows:

- Define terms that are widely used in the review process to insure their consistent application.
- Eliminate the responsibility of agencies to send copies or summaries of a final-form regulation to all parties who commented on the proposed regulation. Now agencies are only obliged to send this material to commentators who specifically request it.
- Allow the agency to toll the review process to make changes recommended by IRRC or the standing committee of the House or Senate designated to review the agency's regulations (committee).
- Reduce the blackout period from 72 hours to 48 hours.
- Establish uniform procedures for the submittal and review of regulations and reports immediately prior to and after the adjournment sine die of the General Assembly or the expiration of the legislative session in even numbered years.
- Modify the time line for IRRC review of regulations to insure that IRRC has at least 10 days to consider committee comments and action.
- Restrict IRRC from reviewing an existing regulation that has been in effect for less than 3 years.

Purpose

The purpose of this proposal is twofold. First, it will delete obsolete regulations designed to implement the original version of the act that is no longer in effect. Second, it will implement the latest revision to the act.

Summary of Amendments

Chapter 301 (relating to general provisions) sets forth the general provisions relating to IRRC's operation.

- Section 301.1 (relating to definitions) cross references terms defined in the act and defines additional commonly used terms and phrases to insure their consistent application. Terms and phrases defined in this section include: "blackout period," "deemed approved," "delivery," "embargoed material," "end of legislative session," "existing regulation," "face sheet," "final regulation," "form letters," "LRB," "order," "public meeting," "regulatory analysis form," "regulatory review criteria," "staff review meeting," "Sunshine Act" and "transmittal sheet."

- Section 301.2 (relating to regulation files) implements section 5.1(k) of the act (71 P. S. § 745.5.a(k)), which provides that IRRC shall retain public records on regulations for 4 years after promulgation. This provision: (1) clarifies IRRC's timetable for retaining files of regulations which are withdrawn or deemed withdrawn, or final regulations that have not been promulgated; (2) lists the materials that are retained in the public files; and (3) provides that after IRRC takes final action on a regula-

tion, the file will be closed, and only documents addressed to IRRC will be included in a closed file.

- Section 301.3 (relating to determination of date and time of delivery) establishes how IRRC determines and confirms the date and time of delivery of documents.

- Section 301.4 (relating to expiration of time period for delivery) establishes how IRRC will determine when the committee and IRRC review periods expire. Generally, if the allotted time ends on a day when IRRC or committee is closed because of a holiday, weekend or an emergency, the review period is extended to the first business day thereafter.

- Section 301.5 (relating to expiration of committee and Commission review periods) provides that the person receiving a regulation on behalf of a committee or the Attorney General must sign with a full name and not initials. This provision is designed to prevent confusion as to whether a regulation was properly delivered.

- Section 301.6 (relating to signature on transmittal sheet) provides direction to the agency when a regulation is inadvertently delivered to the wrong committee.

- Section 301.7 (relating to delivery of a regulation to the wrong committee) describes the effects of a withdrawal or deemed withdrawal of a regulation.

- Section 301.8 (relating to withdrawal of a regulation) requires an agency to designate a contact person to receive documents transmitted by IRRC.

- Section 301.9 (relating to agency contact person) implements section 11(c) of the act (71 P. S. § 745.11(c)). It establishes when and how IRRC may conduct a public meeting.

Chapter 303 (relating to meetings of the Commission) describes how IRRC meetings will be conducted.

- Section 303.1 (relating to notice of Commission staff review and public meetings; participation; minutes) provides that IRRC will: (1) give notice of and conduct its meetings in accordance with the Sunshine Act (65 P. S. §§ 271—286); and (2) notify an affected agency and committees of a rescheduled meeting, in accordance with section 4(h) of the act (71 P. S. § 745.4(h)).

- Section 303.2 (relating to blackout period) outlines IRRC's handling of documents received during the blackout period.

- Section 303.3 (relating to quorum) implements section 4(i) of the act. It provides that three members of IRRC must be physically present to constitute a quorum. Once a quorum is present, the remaining members of IRRC may participate and vote by teleconference or proxy.

- Section 303.4 (relating to proxy voting) establishes the procedures for proxy voting. It provides that the proxy shall be: (1) in writing, signed by the Commissioner, and addressed to the Chairperson at IRRC's office address; and (2) delivered by first class mail or facsimile, prior to the commencement of the public meeting. The Commissioner must file a separate proxy for each vote. The chairperson or a delegate will present the proxy at the time of the vote on the regulation, and the proxy will be recorded as the Commissioner's vote.

Chapter 305 (relating to delivery of a proposed regulation) implements section 5 of the act (71 P. S. § 745.5). It outlines the procedures for delivery and review of proposed regulations.

- Section 305.1 (relating to delivery of a proposed regulation) provides that an agency shall deliver a proposed regulation on the same date to IRRC, committees and LRB, lists the material which must accompany the regulation, and incorporates the uniform sine die provisions in section 5(f) of the act if delivery is precluded due to the end of the legislative session.

- Section 305.2 (relating to delivery of comments and information by an agency) outlines the agency's responsibility for delivering comments it has received to IRRC and committees.

- Section 305.3 (relating to Commission review period) provides that IRRC has 10 days after the expiration of the committee review period to complete its review of the regulation.

- Section 305.4 (relating to Commission comments on a proposed regulation) outlines the procedure for IRRC delivery and agency receipt of IRRC's comments. It provides that if IRRC has not objected to a provision in the proposed regulation, subsequent disapproval of the final-form regulation may only be based on changes made to the proposed regulation, or recommendations from a committee.

Chapter 307 (relating to procedures for delivery and review of final regulations) implements section 5.1 of the act. It outlines the procedures for delivery of final-form and final-omitted regulations.

- Section 307.1 (relating to two-year period for promulgation) requires an agency to deliver a final-form regulation within 2 years of the close of the public comment period. If an agency does not meet this deadline, the regulation is deemed withdrawn.

- Sections 307.2 and 307.3 (relating to delivery of a final-form regulation; and delivery of a final-omitted regulation) provide for the delivery of final-form regulations, lists the materials which must accompany the regulation, and incorporates uniform sine die provisions in section 5.1(f) of the act, if delivery is precluded due to the end of the legislative session.

- Section 307.4 (relating to tolling the review period) outlines the procedures to be followed by an agency and IRRC if the agency tolls the review period. It also establishes how IRRC calculates the resumption of the review period after the tolled regulation has been delivered.

- Section 307.5 (relating to procedure for tolling) provides that: (1) IRRC has 10 days for review after the expiration of the committee review period; (2) IRRC's review period may be extended if Commission action is precluded due to lack of a quorum; and (3) IRRC will consider all comments received in determining whether a regulation meets the regulatory review criteria.

Chapter 309 (relating to action on regulations) implements section 6 of the act (71 P. S. § 745.6). It outlines the actions IRRC and committees may take on regulations, and the results of specific actions.

- Section 309.1 (relating to Commission and committee action on a final regulation) provides that if IRRC and committees approve or are deemed to have approved a regulation, the agency may proceed with promulgation. This provision also outlines what must occur in order for a regulation to be deemed approved.

- Section 309.2 (relating to Commission approval/committee disapproval of a final regulation) provides that if IRRC approves a regulation, which a committee has disapproved, IRRC must notify the disapproving committee within 2 business days of its approval.

Chapter 311 (relating to procedures for review of disapproved final regulations) outlines the procedures for subsequent review of disapproved final-form and final-omitted regulations.

- Section 311.1 (relating to Commission disapproval of a final regulation) implements section 6(a) and (b) of the act. It provides that IRRC's disapproval order will: (1) specify the review criteria which the regulation failed to meet; (2) be delivered to the LRB, committees and agency; and (3) bar the agency from promulgating the regulation until subsequent IRRC and committee review is completed.

- Section 311.2 (relating to response by an agency to Commission disapproval) implements section 7(a) and (a.1) of the act (71 P. S. § 745.7(a) and (a.1)). It requires the agency to notify IRRC and committees within 7 days whether the agency will withdraw, resubmit without revision or revise a disapproved regulation. This provision cross references section 7(a.1) of the act if the agency is precluded from delivering its notification because of the end of the legislative session.

- Section 311.3 (relating to subsequent review of regulation without revisions or modifications) implements section 7(b) of the act. It provides for: (1) agency delivery of a report to the committees if the agency decides to resubmit a disapproved regulation without revision; (2) materials the report must contain; (3) the time period for committee review of the report; and (4) a cross reference to section 7(d) of the act, which outlines the concurrent resolution process.

- Section 311.4 (relating to delivery of regulation with revisions) implements section 7(c) of the act. It provides for: (1) agency delivery of a report to IRRC and committees if the agency decides to revise and resubmit the regulation; (2) material that the report must contain; (3) the time period for IRRC and committee review of the report; and (4) a cross reference to section 7(d) of the act, which outlines the concurrent resolution process.

Chapter 313 (relating to emergency certified regulations) implements section 6(b) the act. It outlines the procedures for the delivery and review of emergency certified regulations.

- Section 313.1 (relating to general) describes when and how an agency may submit a final-form or final-omitted regulation certified as an emergency by either the Governor or Attorney General.

- Section 313.2 (relating to review of an emergency certified final regulation) establishes that an emergency certified regulation takes effect immediately upon publication in the *Pennsylvania Bulletin*. If disapproved, the regulation will be rescinded after 120 days or upon final disapproval under section 7(d) of the act, whichever occurs later. This provision also incorporates the statutory and regulatory tolling provisions.

Chapter 315 (relating to existing regulations and unpublished documents) outlines the procedures for review of existing regulations and statements of policy.

- Section 315.1 (relating to review of an existing regulation) implements section 8.1 of the act (71 P. S.

§ 745.8a). It provides that: (1) IRRC may review an existing regulation which has been in effect for at least 3 years; (2) if warranted, IRRC will notify the agency of issues raised and request a response; and (3) after a review of all pertinent material, IRRC will issue a report to the agency, committees, Governor and Attorney General setting forth its findings and recommendations.

- Section 315.2 (relating to review of an unpublished document) implements section 7.1 of the act (71 P. S. § 745.7a). It provides that if IRRC finds a published or an unpublished document should be promulgated as a regulation, it may present the matter to the Joint Committee on Documents.

Fiscal Impact and Paperwork Requirements

These proposed amendments do not create a negative fiscal impact or an increased paperwork requirement. In fact, allowance for electronic and facsimile transmission of documents will reduce paperwork.

Contact Person

These proposed amendments are published on IRRC's website at www.irrc.state.pa.us. Written comments, suggestions or objections will be accepted for 45 days after publication of these proposed amendments in the *Pennsylvania Bulletin*. IRRC invites comments from the General Assembly, executive and independent agencies and all interested parties. Comments and questions may be referred to Mary S. Wyatte, Chief Counsel, Independent Regulatory Review Commission, 333 Market Street, 14th Floor, Harrisburg, PA 17101, (717) 783-5417.

Comments may also be faxed to (717) 783-2664 or e-mailed to irrc@irrc.state.pa.us.

Alternative means of providing public comments and alternative formats of the proposed amendments, such as large print or cassette tape, may be made available to persons with disabilities upon request by calling Kristine M. Shomper at (717) 783-5417.

Regulatory Review

Under sections 5(a) and 11(a) of the act, IRRC submitted a copy of these proposed amendments on February 9, 1999, to the Joint Committee on Documents, the House State Government Committee and Senate Rules and Executive Nominations Committee. In addition to submitting the proposed amendments, IRRC has provided the Joint Committee on Documents and the committees with a copy of a completed Regulatory Analysis Form. A copy of this material is available to the public upon request.

If the Committees have any objection to these proposed amendments, they will notify IRRC by 20 days after the expiration of the public comment period. If the Joint Committee on Documents has any objections, it will notify IRRC by 10 days after the close of the Committees' review period. The notification shall identify any portion of the regulation which does not meet the regulatory review criteria and specify the regulatory review criteria which has not been met by that portion. The Regulatory Review Act specifies detailed procedures for review by the Joint Committee on Documents, Governor and General Assembly prior to promulgation of the regulations.

Proposed regulation—As defined in section 3 of the act.

Public meeting—The public session on a scheduled meeting day at which the Commission takes formal action on a regulation.

Regulation—

(i) A rule or regulation, or order in the nature of a rule or regulation, promulgated by an agency under statutory authority in the administration of any statute administered by or relating to the agency or amending, revising or otherwise altering the terms and provisions of an existing regulation, or prescribing the practice and procedure before the agency.

(ii) The term also includes actions of the Liquor Control Board which have an effect on the discount rate for retail licenses.

(iii) The term does not include a proclamation, executive order, directive or similar document issued by the Governor but does include a regulation which may be promulgated by an agency, only with the approval of the Governor.

Regulatory analysis form—The form accompanying a regulation that contains the information required under section 5(a) of the act (71 P. S. § 745.5(a)).

Regulatory review criteria—The criteria delineated in section 5.1(h) and (i) of the act (71 P. S. § 745.5a(h) and (i)).

Staff review meeting—The public session on a scheduled meeting day at which the Commission staff briefs the Commissioners on the regulations scheduled for action at the public meeting.

Sunshine Act—65 P. S. §§ 271—286.

Transmittal sheet—The form accompanying a regulation which lists the regulation number, the title of the regulation, the agency promulgating the regulation, the type of regulation, the date of delivery and the signatures of the persons receiving the regulation on behalf of the committees, the Commission, the Attorney General (for final-omitted regulations) and the LRB.

Withdrawal—As defined in section 3 of the act.

§ 301.2. Regulation files.

(a) The Commission will retain regulation files in accordance with the following schedule:

(1) *Promulgated regulations*. Four years after the date of promulgation.

(2) *Withdrawn or deemed withdrawn regulations*. Four years after the date of delivery of the proposed or final-omitted regulation to the Commission.

(3) *Final regulations which are not promulgated*. Four years after the date of delivery to the Commission.

(b) The files shall include the following materials:

(1) The original regulatory analysis form and the original regulation.

(2) Documents received, including comments, correspondence from the Attorney General, correspondence from the agency, transcripts and manuals.

(3) Subpoenas.

(4) Correspondence from the Commission.

(5) Commission comments.

(6) Commission orders.

(c) After the Commission takes final action on a regulation under sections 6(a) or 7(c) of the act (71 P. S. §§ 745.6(a) and under 745.7(c)), the Commission's regulation file will be closed. Only correspondence and documents addressed to the Commission or directed to the Commission's attention will be added to a closed regulation file.

(d) Upon request, a person may examine or copy the materials contained in the regulation files during the Commission's normal business hours.

(e) The Commission may charge a reasonable fee for copies of material contained in a regulation file.

§ 301.3. Determination of date and time of delivery.

(a) The Commission will determine the date and time of delivery of documents as follows:

(1) *E-mail*. As indicated on the Commission's computer system.

(2) *Fax*. As indicated on the transmittal report generated by the Commission's facsimile machine.

(3) *Postal or other delivery service*. As indicated on the Commission's time and date stamp.

(4) *Hand delivery*. As indicated on the Commission's time and date stamp.

(b) If the sender requests confirmation of delivery of a hand-carried document, the sender shall include an additional copy of the first page. The Commission will stamp the copy with the date and time of delivery and return it to the sender. If the sender requests confirmation of a document delivered through the postal or another delivery service, the sender shall include an additional copy of the first page and a stamped, self-addressed envelope. The Commission will stamp the additional copy with the date and time of delivery and mail it to the sender.

(c) If the sender requests confirmation of delivery of an e-mailed or faxed document, the Commission will fax or e-mail confirmation of delivery to the sender.

(d) The sender shall have the responsibility to obtain confirmation that a document was delivered prior to the blackout period.

(e) The Commission will stamp the date and time of delivery of a regulation on the transmittal sheet and on the regulatory analysis form.

§ 301.4. Expiration of time period for delivery.

(a) The time period for an agency to deliver a regulation or report to the Commission or a committee will

expire on the first business day after the expiration day established in the act or this part if that day is one of the following:

- (1) A legal holiday.
 - (2) Declared a holiday by the Office of Administration.
 - (3) A day on which Commonwealth offices located in Harrisburg are closed due to emergency circumstances.
 - (4) A day on which the staff offices of the Senate or House of Representatives are officially closed.
 - (5) A Saturday or Sunday.
- (b) A part-day holiday is considered a normal business day and not a day that would require the extension of a time period for delivery.

§ 301.5. Expiration of committee and Commission review periods.

(a) A committee review period will expire the first business day after the expiration day established under the act or this part if that day is one of the following:

- (1) A legal holiday.
- (2) Declared a holiday by the Office of Administration.
- (3) A day on which Commonwealth offices located in Harrisburg are closed due to emergency circumstances.
- (4) A day on which the staff offices of the Senate or House of Representatives are officially closed.
- (5) A Saturday or Sunday.

(b) The Commission review period will expire on the first business day after the expiration day established under the act or this part if that day is one of the following:

- (1) A legal holiday.
- (2) Declared a holiday by the Office of Administration.
- (3) A day on which Commonwealth offices located in Harrisburg are closed due to emergency circumstances.
- (4) A Saturday or Sunday.

(c) A part-day holiday is considered a normal business day and not a day that would require the extension of a committee or Commission review period.

§ 301.6. Signature on transmittal sheet.

The person receiving a regulation on behalf of a committee chairperson, the Attorney General or the LRB shall sign the transmittal sheet with his full name. The Commission will not accept initials to indicate delivery of a regulation.

§ 301.7. Delivery of a regulation to the wrong committee.

(a) Immediately upon discovery that the agency has delivered a regulation to a committee other than a committee as defined in § 301.1 (relating to definitions), the agency shall deliver the regulation to the designated committee.

(b) The agency shall deliver a regulation to the designated committee in accordance with the following:

- (1) A proposed regulation. See § 305.1 (relating to delivery of a proposed regulation).
- (2) A final-form regulation. See § 307.2 (relating to delivery of a final-form regulation).
- (3) A final-omitted regulation. See § 307.3 (relating to delivery of a final-omitted regulation).

(c) The agency shall deliver the signed transmittal sheet to the Commission on the same date that the agency delivers the regulation to the designated committee.

(d) With the delivery of a proposed regulation to the designated committee, the agency shall include all comments received since the beginning of the public comment period.

(e) The review period of the designated committee will begin as follows:

(1) For proposed regulations, the day after the close of the public comment period or the day after delivery, whichever is later.

(2) For final regulations, the day after delivery.

§ 301.8. Withdrawal of a regulation.

(a) If an agency withdraws or is deemed to have withdrawn a regulation, the Commission and the committees will cease their review of the regulation and will not take further action on the regulation.

(b) If the agency withdraws a proposed regulation, but subsequently desires to proceed with promulgation, the agency shall deliver a new proposed regulation in accordance with § 305.1 (relating to delivery of a proposed regulation).

(c) If the agency withdraws a final-form regulation after delivery to the Commission, but subsequently desires to proceed with promulgation, the agency may deliver a new final-form regulation in accordance with § 307.2 (relating to delivery of a final-form regulation), within 2 years from the close of the public comment period.

(d) If the agency desires to proceed with promulgation of a withdrawn regulation but does not submit a new final-form regulation within 2 years from the close of the public comment period, the agency shall deliver a new proposed regulation.

§ 301.9. Agency contact person.

An agency shall notify the Commission, in writing, of the name, title, address, telephone number and facsimile number of the agency representative designated to receive comments, orders, embargoed material and other documents, which the Commission delivers by facsimile or e-mail to the agency. Delivery is deemed made if sent by facsimile or e-mail to the designated agency representative.

§ 301.10. Procedure for public hearings.

(a) The Commission may schedule public hearings on matters that are related to a proposed, a final or an existing regulation under review.

(b) Notice of a public hearing will be published in accordance with the Sunshine Act. The notice will include the date and time of the public hearing, the subject matter of the public hearing and the address where the public hearing will take place.

(c) The chairperson will designate a hearing officer to preside at the public hearing. The hearing officer will be charged with preserving order during the public hearing. The hearing officer may determine the agenda, the order of commentators and the time allotted to each commentator.

(d) When participating at a public hearing, commentators shall bring 10 written copies of their comments and supporting documents to the Commission.

CHAPTER 303. MEETINGS OF THE COMMISSION

Sec.	
303.1	Notice of Commission staff review and public meetings; participation; minutes.
303.2	Blackout period.
303.3	Quorum.
303.4	Proxy voting.

§ 303.1. Notice of Commission staff review and public meetings; participation; minutes.

(a) The Commission will give notice of its staff review and public meetings in accordance with the Sunshine Act.

(b) The Commission will deliver notice of a rescheduled staff review or public meeting to the committees and affected agencies at least 10-calendar days prior to the meeting date.

(c) Commission staff review and public meetings are open to the public. Participation in meetings is at the discretion of the chairperson.

(d) Minutes of staff review and public meetings will be available for public inspection at the Commission office during regular business hours.

§ 303.2. Blackout period.

(a) During the blackout period, Commissioners and Commission staff will not communicate with any party, except a committee, committee member or committee staff person, regarding the substance of a regulation on the Commission's public meeting agenda.

(b) Comments and documents delivered by any party, except a committee, committee member or committee staff person, during the blackout period will be embargoed.

(c) Within 24 hours of receipt, the Commission will deliver embargoed material and committee comments received during the blackout period to the agency.

(d) Upon the call to order of the staff review meeting, or public meeting if a staff review meeting is not held, embargoed material will be distributed to the Commissioners and Commission staff assigned to review the regulation.

§ 303.3. Quorum.

(a) For purposes of conducting official business, three Commissioners must be physically present to constitute a quorum.

(b) Once a quorum is established, Commissioners may participate in meetings and vote on regulations by teleconference or proxy.

§ 303.4. Proxy voting.

(a) A Commissioner may vote by proxy on any issue before the Commission, including the approval or disapproval of a regulation, if the following conditions are met:

(1) The proxy shall be in writing, signed by the Commissioner, and addressed to the Chairperson at the Commission's office address.

(2) The Commissioner will deliver the proxy to the Commission, either by first-class mail or facsimile, prior to the commencement of the public meeting.

(3) The Commissioner will deliver a separate proxy for each vote.

(b) The Chairperson or a delegate will present the proxy at the public meeting at the time of the Commission vote.

(c) The proxy shall be recorded as the Commissioner's vote.

CHAPTER 305. PROCEDURES FOR DELIVERY AND REVIEW OF PROPOSED REGULATIONS

Sec.	
305.1	Delivery of a proposed regulation.
305.2	Delivery of comments and information by an agency.
305.3	Commission review period.
305.4	Commission comments on a proposed regulation.

§ 305.1. Delivery of a proposed regulation.

(a) The agency shall deliver a proposed regulation to the LRB, the committees and the Commission on the same date. Delivery of the regulation shall be made to the Commission after delivery to the committees.

(b) The agency shall include the following material with the regulation:

(1) A completed regulatory analysis form.

(2) A face sheet signed by the Office of Attorney General and the Office of General Counsel or chief counsel of an independent agency.

(3) A transmittal sheet signed by the committees.

(4) A statement from the agency head or designee or Office of General Counsel that the regulation was delivered to the committees in accordance with section 5(a) of the act (71 P. S. § 745.5(a)).

(5) The preamble and the text of the regulation set forth in an Annex A.

(c) If the agency is prevented from delivering the regulation to the Commission and the committees because of the end of the legislative session, the agency shall deliver the regulation in accordance with section 5(f) of the act.

§ 305.2. Delivery of comments and information by an agency.

(a) From the date of delivery of the proposed regulation until the expiration of the Commission's review period, the agency shall deliver to the Commission and committees copies of the following material relating to the regulation:

(1) The comments received.

(2) Reports from advisory groups.

(3) Public notices or announcements regarding solicitation of public comments and information regarding meetings the agency has held or will hold.

(b) The agency shall deliver copies of comments to the Commission within 5 days of its receipt of the comments.

(c) The agency shall deliver one copy of form letters received, and indicate the number of copies of that form letter it has received as of the date of delivery.

§ 305.3. Commission review period.

The Commission has 10 days after the expiration of the committee review period to review the regulation and deliver its comments to the agency. The Commission will calculate its review period as beginning the day after the expiration of the committee review period.

§ 305.4. Commission comments on a proposed regulation.

(a) The Commission will deliver its comments on a proposed regulation to the agency on or before the date the comments are due.

(b) To verify receipt of the comments by hand delivery, the agency staff person shall sign the Commission's receipt card. To verify receipt of the comments by facsimile, the agency staff person shall sign the cover sheet and send it back to the Commission by facsimile. To verify receipt of the comments by e-mail, the agency staff person shall send an e-mail message to the Commission indicating receipt of the comments.

(c) The comments shall contain objections to the regulation, specifying the regulatory review criteria that the regulation has not met. The comments may also contain recommendations for amendment of the regulation in final-form.

(d) If the Commission or a committee does not object to a provision in the proposed regulation by the expiration of its review period, and if the agency has not changed that provision in the final-form regulation, the Commission will be deemed to have approved that provision.

(e) The Commission may disapprove the final-form regulation only on the basis of one or more of the following:

- (1) Objections which the Commission raised in its comments on the proposed regulation.
- (2) Changes which the agency made to provisions in the final-form regulation.
- (3) Recommendations, comments or objections of a committee relating to the regulation.

CHAPTER 307. PROCEDURES FOR DELIVERY AND REVIEW OF FINAL REGULATIONS

Sec.	
307.1.	Two-year period for promulgation.
307.2.	Delivery of a final-form regulation.
307.3.	Delivery of a final-omitted regulation.
307.4.	Tolling the review period.
307.5.	Procedure for tolling.
307.6.	Commission review of a final regulation.

§ 307.1. Two-year period for promulgation.

If an agency does not deliver, or withdraws and does not resubmit, a final-form regulation within 2 years of the close of the public comment period for the proposed regulation, the agency is deemed to have withdrawn the regulation.

§ 307.2. Delivery of a final-form regulation.

(a) The agency shall deliver a final-form regulation to the committees and the Commission on the same date. Delivery shall be made to the Commission after delivery to the committees.

(b) On the same date that the agency submits the regulation to the committees and the Commission, the agency shall mail a copy of the regulation or a summary of the changes from the proposed regulation to those commentators who requested information on the final-form regulation.

(c) The agency shall include the following documents with the regulation:

- (1) A completed regulatory analysis form relating to the final-form regulation.
- (2) A face sheet signed by the Office of General Counsel or chief counsel of an independent agency.
- (3) A transmittal sheet signed by the committees.
- (4) A statement from the agency head or designee or Office of General Counsel that the regulation was delivered to the committees in accordance with section 5.1(a) of the act (71 P. S. § 745.5a(a)).

(5) The agency's response to the comments received.

(6) The preamble.

(7) The text of the final-form regulation the agency intends to adopt indicating any changes made from the proposed regulation using the following format:

(i) Brackets to indicate language proposed to be deleted from the existing regulation.

(ii) Underscoring to indicate the new language proposed to be added to the existing regulation.

(iii) Strike-out type to indicate the new language in the proposed regulation which is deleted in the final-form.

(iv) Capital letters to indicate the new language in the final-form regulation which was not included in the proposed regulation.

(8) The names and addresses of commentators who requested additional information on the final-form regulation.

(d) If the committees are prevented from completing their review because of the end of the legislative session, the agency shall deliver the regulation in accordance with section 5.1(f) of the act.

§ 307.3. Delivery of a final-omitted regulation.

(a) The agency shall deliver a final-omitted regulation to the committees, the Attorney General and the Commission on the same date. Delivery shall be made to the Commission last, after delivery to the committees and the Attorney General.

(b) The agency shall include the following documents with the regulation:

- (1) A completed regulatory analysis form.
- (2) A face sheet signed by the Office of General Counsel or chief counsel of an independent agency.
- (3) A transmittal sheet signed by the committees and the Office of Attorney General.
- (4) A statement from the agency head or designee or Office of General Counsel that the regulation was delivered to the committees in accordance with section 5.1(c) of the act (71 P. S. § 745.5a(c)).

(5) The preamble.

(6) The text of the final-omitted regulation indicating amendments to the existing regulation using the following format:

(i) Brackets to indicate language deleted from the existing regulation.

(ii) Underscoring to indicate language added to the existing regulation.

(c) If the committees are prevented from completing their review because of the end of the legislative session, the agency shall proceed in accordance with section 5.1(f) of the act.

§ 307.4. Tolling the review period.

(a) After delivery of a final regulation to the Commission and committees, an agency may revise the regulation only if it tolls the review period in compliance with section 5.1(g) of the act (71 P. S. § 745.5a(g)) and this section.

(b) An agency may only toll the review period one time.

(c) The agency may only toll the review period to make revisions recommended by the Commission or a committee.

(d) The agency shall toll the review period prior to the day on which either committee takes action on the regulation or the expiration of the committee review period.

(e) The agency may only toll the review period for up to 30 days.

(f) The agency may not toll the review period if the Commission objects. The Commission may object if the revision the agency intends to make is broader than or inconsistent with that recommended by the Commission or committee.

§ 307.5. Procedure for tolling.

(a) The agency shall deliver written notice of its intention to toll to the Commission and the committees on the same date.

(b) The written notice shall include the following:

- (1) A citation to the section to be revised.
- (2) A description of the revision.

(3) An explanation of how the revision will satisfy the Commission's or committee's concerns.

(c) The agency shall deliver the written notice of its intention to toll prior to the expiration of the committees' 20-day review period or the day on which either committee takes action on the regulation, whichever occurs first.

(d) If the Commission objects to the tolling, it will notify the agency and the committees of its objections within 2 business days after its receipt of the agency's notice.

(e) If the Commission objects, the review period will not be tolled and the regulation will be reviewed within the original time period established under section 5.1(d)—(f) of the act (71 P. S. § 745.5a(d)—(f)).

(f) The Commission will notify the agency, the committees, the Attorney General and the General Counsel of the first and 30th day of the tolling period.

(g) Before the expiration of the tolling period, the agency shall deliver a revised regulation, or a written notice that the regulation will not be revised, to the committees, the Commission and the Attorney General (for a final-omitted regulation) on the same date. The agency shall deliver the revised regulation, or written notice, to the Commission after delivery to the committees and the Attorney General.

(h) The agency shall include a transmittal sheet with delivery of the regulation, or written notice that the regulation will not be revised.

(i) If the agency does not deliver a revised regulation, or written notice that the regulation will not be revised, before the expiration of the tolling period, the agency is deemed to have withdrawn the regulation. The Commission will notify the agency, the committees, the Attorney General and the Office of General Counsel that the regulation is deemed withdrawn.

(j) Upon receipt of the revised regulation, or written notice that the regulation will not be revised, the Commission will notify the agency, the committees, the Attorney General and the Office of General Counsel of the beginning and ending dates of the committee review period.

(k) The committees have the remainder of their 20-day review period or 10 days from the date of receipt of the revised regulation or written notice that the regulation will not be revised, whichever is longer, to approve or

disapprove the regulation. The committee review period begins the day after the revised regulation or written notice is received.

(l) The Commission has 10 days after the expiration of the committee review period, or until its next regularly scheduled meeting, whichever is later, to approve or disapprove the original or revised regulation.

(m) If the committees are prevented from completing their review because of the end of the legislative session, the agency shall proceed in accordance with section 5.1(f) of the act.

§ 307.6. Commission review of a final regulation.

(a) The Commission has 10 days after the expiration of the committee review period, or until its next regularly scheduled meeting, whichever is later, to approve or disapprove a final regulation. The Commission will calculate its review period as beginning the day after the expiration of the committees' review period.

(b) If the Commission is unable to approve or disapprove a final regulation because of the lack of a quorum, its review period will be extended for 30 days or until the next meeting at which a quorum is present, whichever occurs first.

(c) To determine whether the final regulation meets the regulatory review criteria, the Commission will consider comments from interested parties, members of the General Assembly and the committees, and the agency's response to those comments.

CHAPTER 309. ACTION ON REGULATIONS

Sec.	
309.1.	Commission and committee action on a final regulation.
309.2.	Commission approval/committee disapproval of a final regulation.

§ 309.1. Commission and committee action on a final regulation.

(a) The Commission and each committee may approve or disapprove a final regulation by majority vote of members present.

(b) If a committee does not approve or disapprove the regulation within 20 days of receipt, the committee is deemed to have approved the regulation.

(c) The Commission is deemed to have approved a final-form regulation if the following conditions apply:

(1) All of the following events occur:

(i) The Commission has not objected to the regulation as proposed.

(ii) The agency has not made changes in the final-form regulation which were not included in the proposed regulation.

(iii) A committee has not conveyed to the Commission or agency any recommendations, comments or objections.

(2) The Commission does not take action within the time period established under § 307.6 (relating to Commission review of a final regulation).

(3) The Commission's vote results in a tie.

(d) The Commission will notify the LRB, the committees, and the agency of its action on a regulation.

(e) When the committees and the Commission approve or are deemed to have approved a regulation, the agency may proceed with promulgation of the regulation.

§ 309.2. Commission approval/committee disapproval of a final regulation.

(a) When the Commission approves a final regulation which one or both of the committees has disapproved, the Commission will deliver its approval order or notice indicating the regulation has been deemed approved to the disapproving committee and the agency within 2 business days after the approval or deemed approval.

(b) The agency may not promulgate the regulation for 14 days pending the report of a concurrent resolution from the disapproving committee, under section 7(d) of the act (71 P. S. § 745.7(d)).

(c) If the Commission is prevented from delivering the order or notice because of the end of the legislative session, the Commission will deliver its order or notice under section 6(c) of the act (71 P. S. § 745.6(c)).

CHAPTER 311. PROCEDURES FOR REVIEW OF DISAPPROVED FINAL REGULATIONS

Sec.	
311.1.	Commission disapproval of a final regulation.
311.2.	Response by an agency to Commission disapproval.
311.3.	Subsequent review of regulation without revisions or modifications.
311.4.	Delivery of a regulation with revisions.

§ 311.1. Commission disapproval of a final regulation.

(a) If the Commission disapproves a final regulation, the Commission will issue a disapproval order specifying the regulatory review criteria that the regulation has not met.

(b) The Commission will deliver its disapproval order to the LRB, the committees, the agency, the Attorney General and the commentators listed by the agency as having requested information on the final regulation.

(c) The Commission's disapproval order shall continue the bar on the promulgation of the regulation until the review provided under section 7 of the act (71 P. S. § 745.7) and this chapter is completed.

§ 311.2. Response by an agency to Commission disapproval.

(a) Within 7 calendar days of receipt of the Commission's disapproval order, the agency shall provide written notification to the Governor, the committees and the Commission of its selection of one of the following three options:

- (1) To proceed with promulgation of the regulation without revisions.
- (2) To revise the regulation in order to respond to the Commission's objections.
- (3) To withdraw the regulation.

(b) If the agency does not select an option within 7-calendar days after receipt of the Commission's disapproval order, the agency is deemed to have withdrawn the regulation.

(c) If the agency is prevented from notifying the committees of the option selected because of the end of the legislative session, the agency shall proceed in accordance with section 7(a.1) of the act (71 P. S. § 745.7(a.1)).

§ 311.3. Subsequent review of regulation without revisions or modifications.

(a) If the agency chooses to proceed with promulgation of the regulation without revision under § 311.2(a)(1) (relating to response by an agency to Commission disapproval), the agency shall deliver a report to the Commission

and the committees within 40-calendar days of receipt of the Commission's disapproval order.

(b) The report shall contain the following:

- (1) The final regulation.
- (2) The Commission's disapproval order.
- (3) The agency's response to the Commission's disapproval.
- (4) A signed transmittal sheet.

(c) If the agency does not deliver the report within 40-calendar days of receipt of the Commission's disapproval order, the agency is deemed to have withdrawn the regulation.

(d) Upon receipt of the report, the committees may proceed in accordance with section 7(d) of the act (71 P. S. § 745.7(d)).

(e) If the agency is prevented from delivering its report to the committees because of the end of the legislative session, the agency shall proceed in accordance with section 7(b) of the act.

§ 311.4. Delivery of a regulation with revisions.

(a) If the agency chooses to revise or modify the final regulation under § 311.2(a)(2) (relating to response by an agency to Commission disapproval), the agency shall deliver a report to the committees and the Commission within 40-calendar days of receipt of the Commission's disapproval order.

(b) The report shall contain the following:

- (1) The revised final regulation.
- (2) The Commission's disapproval order.
- (3) A detailed explanation of how the revisions respond to the Commission's disapproval order.
- (4) A signed transmittal sheet.

(c) If the agency does not deliver the report within 40-calendar days of receipt of the Commission's disapproval order, the agency is deemed to have withdrawn the regulation.

(d) The committees have 10-calendar days from receipt of the report to approve or disapprove the report. If a committee does not disapprove the report within the 10-day period, that committee is deemed to have approved the report.

(e) The Commission has 7 days after the expiration of the committee review period, or until its next regularly scheduled meeting, whichever is later, to approve or disapprove the report. The Commission will calculate its review period as beginning the day after the expiration of the committee review period.

(f) If the Commission does not disapprove the report, the Commission is deemed to have approved the report.

(g) If the committees and the Commission approve or are deemed to have approved the report, the agency may proceed with promulgation of the revised final regulation.

(h) If the Commission or a committee disapproves the report, the bar on the promulgation of the final regulation shall continue until the review provided under section 7(c) and (d) of the act (71 P. S. § 745.7(c) and (d)) is completed.

(i) If the agency is prevented from delivering its report to the committees because of the end of the legislative session, the agency shall proceed in accordance with section 7(c) of the act.

(j) If the Commission is prevented from delivering its approval or disapproval order to the committees because of the end of the legislative session, the Commission will deliver its order in accordance with section 7(c) of the act.

CHAPTER 313. EMERGENCY CERTIFIED REGULATIONS

Sec.
313.1. General.
313.2. Review of an emergency certified final regulation.

§ 313.1. General.

(a) An agency may deliver a final regulation as an emergency certified regulation in either of the following situations:

(1) The Attorney General certifies that the regulation is required to satisfy the order of a State or Federal court, or to implement the provisions of a Federal statute or regulation.

(2) The Governor certifies that the regulation is required to avoid an emergency which may threaten the public health, safety or welfare, cause a budget deficit, or create the need for supplemental or deficiency appropriations of greater than \$1 million.

(b) The agency shall deliver the emergency certified final-form regulation and the certification from the Attorney General or the Governor in accordance with § 307.2 (relating to delivery of a final-form regulation).

(c) The agency shall deliver the emergency certified final-omitted regulation and the certification from the Attorney General or the Governor in accordance with § 307.3 (relating to delivery of a final-omitted regulation).

§ 313.2. Review of an emergency certified final regulation.

(a) An emergency certified final regulation shall take effect immediately upon publication in the *Pennsylvania Bulletin*, or on the date specified in the agency's adoption order.

(b) Review of an emergency certified regulation shall be in accordance with the procedures of Chapters 307, 309 and 311 (relating to procedures for delivery and review of final regulations; action on regulations; and procedures for review of disapproved final regulations). If the emergency certified regulation is disapproved, the regulation shall be rescinded after 120 days or upon final disapproval under section 7(d) of the act (71 P. S. § 745.7(d)), whichever occurs later.

(c) Except as provided in section 5.1(g) of the act (71 P. S. § 745.5a(g)) and §§ 307.4 and § 307.5 (relating to tolling the review period; and procedures for tolling), an agency may not make changes to an emergency certified regulation after the agency delivers the regulation to the Commission and the committees.

CHAPTER 315. EXISTING REGULATIONS AND UNPUBLISHED DOCUMENTS

Sec.
315.1. Review of an existing regulation.
315.2. Review of an unpublished document.

§ 315.1. Review of an existing regulation.

(a) The Commission, on its own motion or at the request of any person or member of the General Assembly, may review an existing regulation which has been in effect for at least 3 years. If a committee of the Senate or House of Representatives requests the review, the Commission will assign it high priority.

(b) Upon delivery of a request to review an existing regulation, the Commission will initiate a preliminary review to determine whether further investigation is warranted.

(c) If the Commission determines that an investigation is not warranted, the matter will be closed. The Commission will notify the person or entity requesting the review of the existing regulation that no further action will be taken.

(d) If it is determined that an investigation is warranted, the Commission will notify the agency of the issues that have been raised and request a written response.

(e) After review of the agency's response and other relevant material, the Commission will issue a report setting forth its findings, conclusions or recommendations.

(f) The Commission will deliver its report to the agency, the committees, the Governor and the Attorney General. The Commission's report may include recommendations for amendment of the statute that provides statutory authority for the regulation.

§ 315.2. Review of an unpublished document.

If the Commission finds that a published or unpublished document should be promulgated as a regulation, the Commission shall present its finding to the Joint Committee on Documents. The Joint Committee on Documents will determine whether the document should be promulgated as a regulation, and may order the agency to promulgate the document as a regulation within 180 days, or to desist from using the document in its business.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards

and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA 0025976, Amendment No. 1. Sewage, **Upper Moreland-Hatboro Joint Sewer Authority**, P. O. Box 535, Willow Grove, PA 19090-0535.

This application is for an amendment of an NPDES permit to discharge treated sewage from sewage treatment plant, overflow from swirl concentrator and stormwater runoff from sewage treatment plant area in Upper Moreland Township, **Montgomery County**. This is an existing discharge to Pennypack Creek and Unnamed Tributary to Pennypack Creek. The amendment reflects an expansion from a flow of 7.0 mgd to 7.173 mgd.

The receiving stream is classified for warm water fish, trout stocking, migratory fish, potable water supply, industrial water supply, livestock water supply, wildlife water supply, irrigation, boating, fishing, water contact sports and esthetics.

The following changes have been made to the public notice of the draft permit published in the September 28, 1996 *Pennsylvania Bulletin*.

The proposed effluent limits for Outfall 001, based on an average flow of 7.173 million gallons per day from completion of plant expansion through expiration are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅ (5-1 to 10-31)	15	23	30

Ammonia (as N) (5-1 to 10-31)	2.0		4.0*
(11-1 to 4-30)	6.0		12.0
Fecal Coliform	200 colonies/100 ml as a geometric average		
Dissolved Oxygen	instantaneous minimum of 5 mg/l at all times		
Dissolved Oxygen	minimum daily of 6 mg/l		
pH	within limits of 6.0—9.0 standard units at all times		

*During the month of May the Instantaneous Maximum Limit is 5.0 mg/l.

PA 0021601. Sewage, SIC: 4952, **Hamburg Municipal Authority**, 61 North Third Street, Hamburg, PA 19526.

This application is for renewal of an NPDES permit for an existing discharge of treated sewage to Schuylkill River, in Hamburg Borough, **Berks County**.

The receiving stream is classified for warm water fishes, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was Pottstown Borough located on the Schuylkill River. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 1.0 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25.0	40.0	50.0

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department). Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each writer will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDIVIDUAL PERMITS
(PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion

and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department

and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Irma Stoltzfus, Estate of Irma Stoltzfus, CIF Partners, Ltd. and Coatesville Area School District, Valley Township, Chester County. Samuel J. Kucia, Environmental Consulting, Inc., 1232 Forty Foot Road, Kulpville, PA 19443-1345, has submitted a Notice of Intent to Remediate site soil contaminated with heavy metals and pesticides. The applicant proposes to remediate the site to meet the Statewide health standard.

National Publishing Company, City of Philadelphia, Philadelphia County. Joseph J. McGovern, Blank, Rome, Comisky & McCauley, One Logan Square, Philadelphia, PA 19103, has submitted a Notice of Intent to Remediate site soil contaminated with petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, a municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northcentral Regional Office: Michael C. Welch, Environmental Cleanup Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (717) 321-6525.

Sterile Services, Inc., City of Williamsport, Lycoming County. Converse Consultants on behalf of their client, Sterile Services, Inc., P. O. Box 695, Williamsport, PA has submitted a Notice of Intent to Remediate soil and groundwater contaminated with lead and BTEX. The applicant proposes to remediate the site to meet the requirements under the Special Industrial Area designation. A summary of the Notice of Intent to Remediate was reported to have been published in the *Williamsport Sun-Gazette* on January 20, 1999.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing

the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act and regulations adopted under the act.

NMOP-59-00009: Mansfield University (Mansfield, PA 16933) for their boilers, heaters and emergency generators used at the University in Mansfield Borough, **Tioga County**. Emissions from these sources include CO, NOx SO₂, VOCs and particulate matter.

NMOP-41-00032: Department of Justice, Alenwood Federal Prison Camp (P. O. Box 1000, Montgomery, PA 17752) to produce heat and steam for use at the Prison Camp in Brady Township, **Lycoming County**. The main sources are the natural gas and No. 2 oil fired boilers. Emissions from these sources include CO, NOx SO₂, VOCs and particulate matter.

NMOP-17-00012: Shawmut Production Corp. (One Williamsburg Place, Suite 240, Warrendale, PA 15086) for their natural gas and oil production facility in Penn Township, **Clearfield County**. The main source is natural gas compressor. Emissions from the source include CO, NOx SO₂, VOCs and particulate matter.

NMOP-17-00014: Keystone Oil & Gas (One Williamsburg Place, Suite 240, Warrendale, PA 15086) for their natural gas and oil production facility in Burnside Township, **Clearfield County**. The main source is a natural gas compressor. Emissions from the source include CO, NOx SO₂, VOCs and particulate matter.

NMOP-14-00011: Atotech USA, Inc. (500 Science Park Road, State College, PA 16803) for their electronic equipment manufacturing facility in Ferguson Township, **Centre County**. The sources include: heaters; surface coating, cleaning and etching processes; and cutting, grinding and welding equipment. Emissions from these sources include CO, NOx SO₂, VOCs, HAPs and particulate matter.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, Attn: Michael Safko, (717) 826-2531.

35-00011: Alliance Sanitary Landfill, Inc. (P. O. Box 28, Taylor, PA 18517) for a municipal solid waste landfill in Taylor Borough, **Lackawanna County**.

48-00037: Chrin Bros. Sanitary Landfill, Inc. (635 Industrial Drive, Easton, PA 18042) for a municipal solid waste landfill in Williams Township, **Northampton County**.

35-00032: WEA Mfg. (1400 East Lackawanna Avenue, Olyphant, PA 18447) in Olyphant Borough, **Lackawanna County**. The facility's major source of emissions include

boilers which primarily emit nitrogen oxides (NOx) and sulfur oxides (SO₂) and screen cleaning which primarily emit volatile organic compounds (VOCs).

39-00011: Lafarge Corp., Whitehall Plant (5160 Main Street, Whitehall, PA 18052) in Whitehall Township, **Lehigh County**. The facility's major source of emissions include two cement kilns which primarily emit nitrogen oxides (NOx) and sulfur oxides (SO₂).

13-00008: Kovatch Mobile Equipment (One Industrial Complex, Nesquehoning, PA 18240) in Nesquehoning Borough, **Carbon County**. The facility's major source of emissions include 14 spray booths and four paint lines which primarily emit volatile organic compounds (VOCs).

48-00011: Pennsylvania Power & Light, Martins Creek Plant (Two North Ninth Street, Allentown, PA 18101) in Lower Mount Bethel Township, **Northampton County**. The facility's major source of emissions include boilers and turbines which primarily emit nitrogen oxides (NOx) and sulfur oxides (SO₂).

48-00027: City of Bethlehem (10 East Church Street, Bethlehem, PA 18018). City of Bethlehem Landfill in Lower Saucon Township, **Northampton County**. The facility's major source of emissions is the landfill, which primarily emits volatile organic compounds (VOCs).

35-00025: Amity Landfill (1100 Union Street, Taylor, PA 18517) in Taylor Borough, **Lackawanna County**. The facility's major source of emissions is the landfill, which primarily emits volatile organic compounds (VOCs).

35-00024: Organic Waste Tech, Inc. (2 Southcross Trail, Fairport, NY 14450) Keystone Recovery Inc. in Throop Borough, **Lackawanna County**. The facility's major source of emissions is the landfill gas fired generators, which primarily emit volatile organic compounds (VOCs).

35-00018: Zapco Energy Tactics Corp. (124 Phil's Road, Yathank, NY 11980) Gas-to-Electric Plant in Taylor Borough, **Lackawanna County**. The facility's major source of emissions is the landfill gas fired generators, which primarily emit volatile organic compounds (VOCs).

35-00014: Keystone Sanitary Landfill Inc. (P. O. Box 249, Dunham Drive, Dunmore, PA 18512) in Dunmore Borough, **Lackawanna County**. The facility's major source of emissions is the landfill, which primarily emits volatile organic compounds (VOCs).

54-00009: GenCorp Inc. (P. O. Box 429, Hickory Drive, Auburn, PA 17922) in West Brunswick, **Schuylkill County**. The facility's major source of emissions is from Film Production, which primarily emits volatile organic compounds (VOCs).

48-00032: Grand Central Sanitary Landfill, Inc. (1963 Pen Argyl Road, Pen Argyl, PA 18072) in Plainfield Township, **Northampton County**. The facility's major source of emissions is the landfill, which primarily emits volatile organic compounds (VOCs).

54-00021: Pine Grove Landfill, Inc. (R. D. 4, Box 477, Shultz Road, Pine Grove, PA 17963) in Pine Grove Township, **Schuylkill County**. The facility's major source of emissions is the landfill, which primarily emits volatile organic compounds (VOCs).

54-00002: AlliedSignal Inc. (P. O. Box 697, Westwood Road, Pottsville, PA 17901) in Norwegian Township, **Schuylkill County**. The facility's major source of emissions is from Film Production, which primarily emits volatile organic compounds (VOCs).

40-00010: Certain-Teed Products Corp. (1220 Oak Hill Road, Crestwood Industrial Park, Mountaintop, PA 18707-2199) in Wright Township, **Luzerne County**. The facility's major source of emissions is from glass furnaces and fiberglass lines, which primarily emits nitrogen oxides (NOx) and volatile organic compounds (VOCs).

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Attn: Kanubhai L. Patel, (717) 705-4702.

36-05053: Buck Co., Inc. (897 Lancaster Pike, Quarryville, PA 17566-9738) for malleable iron foundry operation in Providence Township, **Lancaster County**.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Attn: Eric Gustafson, (814) 332-6940.

62-00136: Berenfield Container, Inc. (31 Railroad Avenue, Clarendon, PA 16313) located in Clarendon Borough, **Warren County**. The facility's major emission sources include various spray coating lines and natural gas fired curing ovens. The facility is a major facility due to its potential to emit volatile organic compounds.

Notice of Intent to Issue

Phase II Acid Rain Permit Pennsylvania Power & Light Co. Martins Creek Plant Northampton County

The Department of Environmental Protection (Department) intends to issue a Phase II Acid Rain Permit to the Martins Creek Plant, owned and operated by Pennsylvania Power & Light Co. located in Lower Mt. Bethel Township, Northampton County.

The Martins Creek Plant is a major facility subject to the Acid Rain of Title IV of the Federal Clean Air Act and 25 Pa. Code § 127.531. Phase II is a continuation of the Acid Rain Program which becomes effective on January 1, 2000 for sulfur dioxide (SO₂), and January 1, 1998 for nitrogen oxides (NO_x). The requirements in the proposed permit establish each affected boiler's annual NOx emission limit, and SO₂ allowances during the period from January 1, 2000, until the expiration of the permit.

Copies of the permit application, proposed permit and other relevant information are available for public inspection at the Wilkes-Barre Regional Office, 2 Public Square, Wilkes-Barre, PA 18711-0790. An appointment to review this documentation may be scheduled by contacting Records Management at (570) 826-5472 between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, except holidays.

Interested persons may submit written comments, suggestions or objections concerning the proposed Acid Rain permit to Michael S. Safko, Chief, Title V Facilities Section, 2 Public Square, Wilkes-Barre, PA 18711-0790 within 30 days of this notice. Written comments should include the name, address and telephone number of the person submitting the comments, along with reference to the proposed permit.

The Department reserves the right to hold a public hearing on this proposed action based upon the information received during the comment period. The Department will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing

notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

GPU Generation, Inc./Metropolitan Edison Co.

Portland Generating Station

Northampton County

The Department of Environmental Protection (Department) intends to issue a Phase II Acid Rain Permit to the Portland Generating Station, owned by Metropolitan Edison Co. and operated by GPU Genco, Inc., located in Upper Mt. Bethel Township, Northampton County.

The Portland Generating Station is a major facility subject to the Acid Rain of Title IV of the Federal Clean Air Act and 25 Pa. Code § 127.531. Phase II is a continuation of the Acid Rain Program which becomes effective on January 1, 2000 for sulfur dioxide (SO₂) and January 1, 1998 for nitrogen oxides (NO_x). The requirements in the proposed permit establish each affected boiler's annual NO_x emission limit, and SO₂ allowances during the period from January 1, 2000, until the expiration of the permit.

Copies of the permit application, proposed permit and other relevant information are available for public inspection at the Wilkes-Barre Regional Office, 2 Public Square, Wilkes-Barre, PA 18711-0790. An appointment to review this documentation may be scheduled by contacting Records Management at (570) 826-5472 between the hours of 8 a.m and 4:30 p.m., Monday through Friday, except holidays.

Interested persons may submit written comments, suggestions or objections concerning the proposed Acid Rain permit to Michael S. Safko, Chief, Title V Facilities Section, 2 Public Square, Wilkes-Barre, PA 18711-0790 within 30 days of this notice. Written comments should include the name, address and telephone number of the person submitting the comments, along with reference to the proposed permit.

The Department reserves the right to hold a public hearing on this proposed action based upon the information received during the comment period. The Department will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

PA-42-111B: Ethan Allen Mfg. Corp., Eldred Division (Route 1, Eldred, PA 16731) for operation of an existing wood furniture paint booth (12 wood furniture components/hr) in Eldred Township, **McKean County**.

25-315-009A: Willamette Industries, Inc.—Johnsonburg Mill (100 Center Street, Johnsonburg, PA 15845) for installation of a baghouse (4,000 cfm) on an existing wood chip screening process in Johnsonburg, **Elk County**.

PA-37-0264B: Ellwood Quality Steels Co. (700 Moravia Street, New Castle, PA 16101) for modification of No. 19 furnace to replace 1942 vintage burners with new low NO_x technology burners in New Castle, **Lawrence County**.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Tennessee Gas Pipeline

Mercer County

The Department of Environmental Protection (Department) will conduct a public hearing on Tuesday, March 16, 1999, beginning at 1 p.m. in the Air Quality conference room at the Meadville Regional Office located at 230 Chestnut Street.

The hearing is for the Department to accept testimony concerning its decision to approve, with conditions, the revised Reasonably Available Control Technology (RACT) plans by Tennessee Gas Pipeline (TGP) (Station 219), 1010 Milam Street, P. O. Box 2511, Houston, TX 77252 located in Mercer, Mercer County, to meet the requirements under 25 Pa. Code §§ 129.91—129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposals will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

TGP station 219

<i>Source</i>	<i>Control</i>	<i>Emission Limit</i>

three auxiliary engine	presumptive RACT	
one office and utility furnace	presumptive RACT	
one 1.5 MMBTU/hr boiler	presumptive RACT	
four small heaters	presumptive RACT	

For the above facility, a public hearing will be held for the purpose of receiving comments on the proposed Operating Permit and the proposed SIP revisions. The public hearing is scheduled as follows: DEP Meadville Regional Office, Air Quality conference room, 230 Chestnut Street, Meadville, PA 16335, Tuesday, March 16, 1999, 1 p.m. to 3 p.m.

Persons wishing to present testimony at the hearing should contact Matthew Williams, Air Pollution Control Engineer, DEP, 230 Chestnut Street, Meadville, PA 16335-3494, (814) 332-6940 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony are required. Each organization is requested to designate one witness to present testimony in its own behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Matthew Williams (814) 332-6940, or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing but wish to comment should provide written comments to Matthew Williams, Air Pollution Control Engineer, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents (applications, review memos and draft approvals) are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP contact person noted previously.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in RACT approvals for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the EPA as a revision to Pennsylvania's State Implementation Plan.

The following is a revised summary of the preliminary NOx/VOC RACT determination for the above listed facility:

Pennsylvania Electric Co.

Warren County

The Department of Environmental Protection (Department) will conduct a public hearing on March 22, 1999, beginning at 1 p.m. in the Air Quality Conference Room of the DEP Regional Office Building located at 230 Chestnut Street, Meadville, PA 16335-3407.

The hearing is for the Department to accept testimony concerning its decision to approve, with conditions, Reasonably Available Control Technology (RACT) plan by Pennsylvania Electric Co., Warren Station, 2325 Penna. Avenue West Ext., Warren, PA to meet the requirements under 25 Pa. Code §§ 129.91—129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposal will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan. This facility is located in Warren County.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facility and will be submitted to the EPA as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary NOx and VOC RACT determination for the Pennsylvania Electric Company, Warren Station: Boilers 1, 2, 3, 4, Combustion Turbine and Emergency Diesel Generator:

a. Each Boiler (Nos 1, 2, 3 and 4) shall not exceed an annual capacity factor of 65.1%.

b. Based upon a nominal heat input of 286.5 MMBtu/hr, each boiler shall be limited to an annual heat input of 1.634 million MMBtu/year on a 12 month rolling basis.

c. Each boiler shall implement bias firing. The boilers shall be operated and maintained in accordance with manufacturers specifications and good air pollution control practices.

Recognizing one common stack Continuous Emission Monitoring System (CEM) for Boiler Nos. 1, 2, 3 and 4, total NOx (nitrogen oxides expressed as NO₂) emissions, combined from all four boilers, shall not exceed 2,025.9 tons/year on a 12-month rolling basis.

NOx emissions from Boiler Nos. 1, 2, 3 and 4 combined, shall not exceed 0.62 lb/MMBtu based on a 30-day rolling average.

NOx emissions from the combustion turbine shall not exceed 400 tons on a 12-month rolling basis. Heat input from No. 2 oil shall not exceed 1.025×10^{12} BTU/year or 7,430,000 gallons/year. Heat input from natural gas shall not exceed 1.86×10^{12} BTU/year or 1.790×10^9 CF. For each gallon use of No. 2 fuel oil, natural gas limit in the preceding sentence shall decrease by 241 cubic feet. The turbine shall also be operated and maintained in accordance with manufacturer's specifications and good air pollution control practices.

The emergency diesel generator shall comply with the requirements of 25 Pa. Code § 129.93(c)(5). The emergency diesel generator shall not exceed an operating schedule of 500 hours in a consecutive 12-month period. The source shall be operated and maintained in accordance with the manufacturer's specifications and good air pollution control practices.

a. VOC RACT for all sources shall be operation and maintenance in accordance with manufacturer's specifications and good air pollution control practices.

b. Fugitive evaporative sources of VOCs shall comply with the requirements of 25 Pa. Code §§ 129.51, 129.54—129.72, 129.81 and 129.82, as applicable.

For the above facility, a public hearing will be held for the purpose of receiving comments on the above proposed Plan Approvals and/or Operating Permits and the proposed SIP revisions. The public hearing is scheduled as follows: Monday, March 22, 1999, 1 p.m.—3 p.m., Air Quality Conference Room, DEP Regional Conference Room, 230 Chestnut Street, Meadville, PA 16335-3407.

Persons wishing to present testimony at the hearing should contact Lori McNabb, Air Pollution Control Engineer, DEP, 270 Chestnut Street, Meadville, PA 16335-3494, (814) 332-6940 at least 1 week in advance of the

hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony are required. Each organization is requested to designate one witness to present testimony in its own behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Lori McNabb at (814) 332-6940, or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing but wish to comment should provide written comments to the above noted DEP contact person. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents (applications, review memos and draft approvals) are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP contact person noted previously.

Pennsylvania Power Co.

Lawrence County

The Department of Environmental Protection (Department) will conduct a public hearing on March 22, 1999, beginning at 1 p.m. in the Air Quality conference room at the Meadville Regional Office located at 230 Chestnut Street.

The hearing is for the Department to accept testimony concerning its decision to approve, with conditions, the revised Reasonably Available Control Technology (RACT) plans by Pennsylvania Power Co., P. O. Box 891, 1 East Washington Street, New Castle, PA 16103, Lawrence County, to meet the requirements under 25 Pa. Code §§ 129.91—129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposals will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in RACT approvals for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the EPA as a revision to Pennsylvania's State Implementation Plan.

The following is a revised summary of the preliminary NOx RACT determination for the above listed facility:

Pennsylvania Power Company

Sources

Five Steam Electric Generating Units and Two Electromotive Diesel Units

Conditions:

1. RACT for Boiler Nos. 3, 4 and 5 shall be the installation and operation of low NOx burners with separated overfire air (LNB with SOFA), in compliance with 25 Pa. Code § 129.93(b)(1).

2. The nitrogen oxides emissions for each boiler, Unit Nos. 3, 4 and 5, shall not exceed 0.55 lb/MMBtu based on a 30-day rolling average. The Department reserves the right to revise NOx emission limitations based on actual Continuous Emission Monitoring (CEM) data gathered after the installation of LNB with SOFA.

Control

Six Cottrell Precipitators, Three LNB with SOFA

3. The installation of low NOx burners and separated overfire air shall be completed by the following dates:

	<i>Unit 3</i>	<i>Unit 4</i>	<i>Unit 5</i>
Issue Purchase Order	June 1999	June 2000	October 1999
Start Construction	October 1999	October 2000	January 2000
Complete Construction	November 1999	November 2000	March 2000
Start-up Completed	March 2000	March 2001	July 2000

- LNB in Unit No. 5 is already installed

4. NOx RACT for the two electromotive diesel units "A" and "B" shall be maintenance and operation in accordance with 25 Pa. Code § 129.93(c)(5), and in accordance with good air pollution control practices. The annual capacity factor for each diesel unit shall be less than 5%.

5. NOx RACT for Units No. 1 and No. 2 shall be the installation, maintenance and operation in accordance with manufacturer's specifications and good air pollution control practices. NOx emissions from Unit Nos. 1 and 2 shall be 21 lb/ton of coal, as fired, and 20 lbs NOx/1,000 gal Fuel Oil No. 2.

6. VOC RACT for defined sources shall be installation, maintenance and operation in accordance with manufacturer's specifications, and in accordance with good air pollution control practices.

7. Penn Power shall maintain records in accordance with the minimum recordkeeping requirements of 25 Pa. Code § 129.95, including, but not limited to, sufficient data and calculations to clearly demonstrate compliance with LNB with SOFA installation dates, NOx emission limits and maintenance. Records shall be maintained for a minimum of 2 years, and shall be made available to the Department upon request.

For the above facility, a public hearing will be held for the purpose of receiving comments on the above proposed Operating Permit and the proposed SIP revisions. The public hearing is scheduled as follows: DEP Meadville Regional Office, Air Quality Conference Room, 230 Chestnut Street, Meadville, PA 16335, March 22, 1999, 1 p.m. to 3 p.m.

Persons wishing to present testimony at the hearing should contact Robert Huston, Air Pollution Control Engineer, DEP, 230 Chestnut Street, Meadville, PA 16335-3494, (814) 332-6940 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony are required. Each organization is requested to designate one witness to present testimony in its own behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Robert Huston (814) 332-6940, or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing but wish to comment should provide written comments to Robert Huston, Air Pollution Control Engineer, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents (applications, review memos and draft approvals) are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional DEP

office (Air Quality). Appointments for scheduling a review must be made by calling the DEP contact person noted previously.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

INDIVIDUAL PERMITS

(PAR)

The following parties have submitted Notices of Intent (NOIs) for Coverage under (1) General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania. The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements,

operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection approves the following coverages under the specified General Permit.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

SEWAGE FACILITIES ACT PLAN APPROVAL

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice

of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Richard Shudak at (717) 826-2511. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2553.

Location: Delaware Canal State Park Theodore Roosevelt Picnic Area, south of Raubsville on S. R. 0611 in Williams Township, Northampton County. *Project Description:* This project proposes the modernization of restroom facilities at the existing Theodore Roosevelt Recreational Area in the Delaware Canal State Park. The project will replace existing vault latrines with flush facilities. The proposed 800 gpd of sewage flows will be treated by a DEP permitted small flow treatment facility with a discharge to the Delaware River. The treatment facilities will consist of dual septic tanks, a 500 gallon duplex dosing pump tank, 4 free access intermittent recirculating sand filters (400 sf minimum filter area), a 500 gallon recirculation discharge pump/tank and 415 gallon chlorine erosion disinfection tank.

This small flow treatment facility will be owned and operated by the Commonwealth of Pennsylvania Department of Conservation and Natural Resources. A new well will be drilled to supply water to the project.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final report:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Strunk Farm Property. East Fallowfield Township, Chester County. Michael A. Christie, P.G., Penn Environmental & Remediation Inc., 2755 Bergey Road, Hatfield, PA 19440, has submitted a Final Report concerning remediation of site soil contaminated with heavy metals, solvents and polycyclic aromatic hydrocarbons and groundwater contaminated with heavy metals. The report is intended to document remediation of the site to meet the Statewide health, background and site-specific standards.

Stonegate. West Bradford Township, Chester County. Joseph W. Standen, Jr., Leggette, Brashears & Graham, Inc., 426 Brandywine Parkway, West Chester, PA 19380, has submitted a Final Report concerning remediation of site soil contaminated with lead and heavy metals. The report is intended to document remediation of the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 4

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act 2 (Land Recycling and Environmental Remediation Standards Act) remediation standards. Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

16-399-008: Peoples Natural Gas Co. (625 Liberty Avenue, Pittsburgh, PA 15222-3197) issued January 30, 1999, for three natural gas fired engines in Redbank Township, **Clarion County**.

MINING

APPROVALS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Bureau of Deep Mine Safety

Request for Variance

Canterbury Coal Company

The Bureau of Deep Mine Safety (BDMS) has approved Canterbury Coal Company's request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the DiAnne Mine. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: Canterbury Coal Company requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the DiAnne Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. DiAnne's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors, and audible alarm over the mine communication system.

2. DiAnne's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.

3. DiAnne's plan provides for the belt and common entries to serve as an alternate escapeway.

4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the

approval is contingent upon compliance with the measures described in DiAnne's plan and the following conditions:

1. Fire protection shall be installed and maintained on all belt conveyors in compliance with Federal standards.
2. Carbon monoxide (CO) sensors shall be set to alarm at the lowest practicable setting.

GM & S Coal Corporation

The Bureau of Deep Mine Safety (BDMS) has approved GM & S Coal Corporation's request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Geronimo Mine. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: GM & S Coal Corporation requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the Geronimo Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. Geronimo's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors, and audible alarm over the mine communication system.
2. Geronimo's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.
3. Geronimo's plan provides for the belt and common entries to serve as an alternate intake escapeway.
4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in Geronimo's plan.

Mountain Spring Coal Company

The Bureau of Deep Mine Safety (BDMS) has approved Mountain Spring Coal Company's request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Mine No. 1. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: Mountain Spring Coal Company requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of the belt conveyor entry with other entries at the Mine No. 1. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. Mountain Spring's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors, and audible alarm over the mine communication system.
2. Mountain Spring's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.
3. Mountain Spring's plan provides for the belt and common entries to serve as the alternate escapeway.
4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements of section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in Mountain Spring's plan.

DLR Mining, Inc.

The Bureau of Deep Mine Safety (BDMS) has approved DLR Mining, Inc.'s request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Ridge Mine. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: DLR Mining, Inc. requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the Ridge Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. Ridge's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors, and audible alarm over the mine communication system.
2. Ridge's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.
3. Ridge's plan provides for the belt and common entries to serve as an alternate intake escapeway.
4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in Ridge's plan.

DLR Mining, Inc.

The Bureau of Deep Mine Safety (BDMS) has approved DLR Mining, Inc.'s request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Triple K Mine. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: DLR Mining, Inc. has requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the Triple K Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. Triple K's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors, and audible alarm over the mine communication system.

2. Triple K's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.

3. Triple K's plan provides for the belt and common entries to serve as an alternate intake escapeway.

4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in Triple K's plan.

PennAmerican Coal Inc., L. P.

The Bureau of Deep Mine Safety (BDMS) has approved a request from PennAmerican Coal Inc., L. P. for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Burrell Mine. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: PennAmerican Coal, Inc., L. P. requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the Burrell Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. Burrell's plan provides early warning fire detection by the use of carbon monoxide (CO) sensors, and audible alarm over the mine communication system.

2. Burrell's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.

3. Burrell's plan provides for the belt and common entries to serve as an alternate escapeway.

4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in PennAmerican's plan and the following conditions:

1. Fire protection shall be installed and maintained on all belt conveyors in compliance with Federal standards.

2. Carbon monoxide (CO) sensors shall be set to alarm at the lowest practicable setting.

K. B. Coal, Inc.

The Bureau of Deep Mine Safety (BDMS) has approved K. B. Coal, Inc.'s request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Miller Mine. The following notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Trader by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: K. B. Coal, Inc. requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the Miller Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval can be summarized in the following statements:

1. Miller's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors, and audible alarm over the mine communication system.

2. Miller's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.

3. Miller's plan provides for the belt and common entries to serve as an alternate escapeway.

4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in Miller's plan.

ABANDONED MINE RECLAMATION

Bureau of Abandoned Mine Reclamation, P. O. Box 8476, Harrisburg, PA 17105-8476.

Bond Forfeiture Contract Awarded: BF 428-101.1. Jefferson Township, **Fayette County**. AMLR Project, Coal Stripping, Inc., Jefferson Township, Fayette County. *Contractor: Commonwealth Stone, A Business Trust.* *Amount: \$79,534. Date of Award: January 7, 1999.*

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Acts (35 P.S. § 7514) and 2 Pa.C.S. § 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rule of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P.S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-763. Encroachment Permit. **Pennsylvania Department of Transportation**, 200 Radnor-Chester Road, St. Davids, PA 19087-5178. To reconstruct and realign the intersection of the Bridgetown Pike (S.R. 2010), Section 08B, and Newtown Pike (S.R. 0413), Section 70S, which requires replacement of two bridge structures. The proposed replacement bridge along Bridgetown Pike will consist of a two-span, steel beam with concrete deck structure, with an approximate 17 feet of minimum underclearance over Neshaminy Creek (WWF, MF). Each bridge span will be approximately 150 feet long. The proposed bridge will be constructed approximately 120 feet upstream of the existing bridge, which will remain in place for the pedestrian traffic. The proposed replacement of an existing stone twin-arch bridge along Newtown Pike will consist of a single 65-foot span, steel beam with concrete deck structure, and an approximate 14 feet of minimum underclearance over

Core Creek (WWF, MF). The proposed bridge will be constructed in the same location as the existing bridge. The project includes placement of rip-rap stone erosion protection at the bridge abutments, and near the bridge pier. Work also includes the installation of 327 linear feet of retaining wall, varying in height, up to 19.44 feet, and the placement of bridge roadway approach fills across the 100 year floodplain of Neshaminy Creek and the construction of stormwater outfalls in the Core Creek floodplain. The site is located near the intersection of Bridgetown Pike and Newtown Pike (Langhorne, PA Quadrangle N: 12.0 inches; W: 7.25 inches) in Middletown and Northampton Townships, **Bucks County**.

E46-827. Encroachment Permit. **EMS Acquisition Corporation**, 321 Morris Road, Fort Washington, PA 19034. To remove a portion of the existing Summers Laboratories Building situated within the 100-year floodway of the Wissahickon Creek (TSF-MF), and to construct and maintain a building at this location. The site is located at 321 Morris Road, approximately 1,300 feet south from its intersection with Sheaff Road (Amler, PA Quadrangle N: 2.75 inches; W: 12.75 inches) in Whitmarsh Township, **Montgomery County**.

E15-600. Encroachment Permit. **Mr. and Mrs. Michael Taylor**, 29 Slokom Avenue, Christiana, PA 17509. To construct and maintain a 50 foot long single span steel beam bridge, with a 4.0 foot underclearance, across Rattlesnake Run (TSF-MF) which will provide access to a proposed private residence. The site is located approximately 500 feet southwest of the intersection of Rattlesnake Run Road and Glenville Road (Oxford USGS Quadrangle N: 20.2 inches, W: 13.6 inches) in Upper Oxford Township, **Chester County**.

E46-808. Encroachment Permit. **Township of Abington**, 1176 Old York Road, Abington, PA 19001. To modify and maintain an existing stream enclosure in and along an unnamed tributary to Pennypack Creek (TSF, MF). The proposed project consists of enclosing a total of 350 feet of man-made channel. The existing twin 8-foot by 4.5-foot concrete box culvert, which conveys flow beneath Mary Avenue will be extended downstream for approximately 75 feet. The remaining approximately 210 feet of open channel between Irvin Road culvert and Mary Avenue culvert will be enclosed with a twin 8-foot by 4-foot concrete box stream enclosure, which is compatible and attached to these culverts. This project is the first phase of the proposed four phases of the Rockledge Flood Control Project to reduce flooding and to stabilize existing retaining walls along the channel. The site is located in the vicinity of Irvin Road and Mary Avenue, approximately 1,500 feet south from the intersection of Huntington Pike (S.R. 232) and Susquehanna Road (Frankford, PA—NJ. Quadrangle N: 16.7 inches; W: 12.5 inches) in Abington Township, **Montgomery County**. The permittee will enhance approximately 340 feet of stream bank along the Penny Pack Creek in Lorimer Park to compensate for anticipated impacts from the project.

E46-816. Encroachment Permit. **Lower Salford Township**, 474 Main Street, Harleysville, PA 19438. To install and maintain an 8-foot wide recreational bike trail bridge over the West Branch of Skippack Creek (TSF). The proposed prefabricated bridge structure will be attached to formed in-place concrete abutments. This bridge will have a 15-foot span with approximately 2.7 feet of minimum underclearance. The project site is located immediately south of the intersection of Summeytown Pike and Stover Road, adjacent to Meadowbrook Plaza (Perkiomenville, PA Quadrangle N: 3.1 inches; W: 0.6 inch) in Lower Salford Township, **Montgomery County**.

E15-586. Encroachment Permit. **RCT Associates**, 1595 Paoli Pike, West Chester, PA 19380. To perform the following activities associated with the proposed construction of a retail store and restaurant on The Bentley property:

1. To fill in approximately 315 linear feet of an unnamed tributary to West Valley Creek (CWF-MF), and reroute this tributary into 70 linear feet of 24-inch RCP culvert. The 24-inch RCP culvert will convey flow into a 205-foot long 48-inch stream enclosure, which will extend an existing 48-inch railroad culvert along the easterly property boundary. A manhole/cleanout will be provided at the upstream stream enclosure jointure and a stone energy dissipator will be used at the downstream enclosure terminus.

2. The placement and maintenance of two outfall structures adjacent to an unnamed tributary of West Valley Creek (CWF, MF).

3. To place and maintain fill in 0.25 acre of wetland (PFO) for the construction of a restaurant and parking facility.

The project is located southeast of the intersection of Lincoln Highway (S. R. 0030) and Pottstown Pike (S. R. 100), Downingtown, PA Quadrangle N: 5.00-inch; W: 0.25-inch) in West Whiteland Township, **Chester County**. The applicant proposes to create 0.25 acre of replacement wetlands on this site.

Northeast Regional Office: Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-5485.

E13-096. Encroachment. **Pennsylvania Department of Transportation**, District 5-0, 1713 Lehigh Street, Allentown, PA 18103. To place fill in 0.44 acre of wetlands for the construction of a safety rest area. The project, known as the S. R. 0080 Westbound Safety Rest Area, is located on S. R. 0080, Section R18 Westbound approximately 2.8 miles east of Interchange 42 (Hickory Run, PA Quadrangle N: 14.8 inches; W: 3.6 inches) in Kidder Township, **Carbon County**. The permittee is required to restore 0.48 acre of previously filled wetlands within the Pennsylvania Department of Transportation right-of-way, located approximately 0.5 mile west of the project area.

E45-362. Encroachment. **Pennsylvania Department of Transportation**, Engineering District 5-0, 1713 Lehigh Street, Allentown, PA 18103. To remove the existing structure and to construct and maintain a prestressed concrete spread box beam bridge (known as the Resica Falls Bridge), having a clear span of 93 feet and an underclearance of approximately 12 feet, across Bush Kill Creek. This project includes the relocation of approximately 100 feet of a Tributary to Bush Kill Creek for the purpose of accommodating the eastern bridge abutment. The bridge is located on S. R. 0402, Section 01B (Bushkill, PA Quadrangle N: 20.2 inches; W: 13.1 inches) in Middle Smithfield Township, **Monroe County**.

Southcentral Regional Office: Section Chief, Water Management Program, Soils and Waterways Section, 909 Elmerton Avenue, 2nd Floor, Harrisburg, PA 17110, (717) 705-4707.

E22-383. Encroachment. **Ronald and Patricia A. Burkholder**, 1527 Old Reliance Road, Middletown, PA 17057. To place fill in 0.24 acre of wetlands adjacent to an unnamed tributary to Swatara Creek for the purpose of constructing streets within an existing development at a point along Powerhorn Road (Steelton, PA Quadrangle N: 20.8 inches; W: 1.4 inches) in Lower Swatara Township,

Dauphin County. The permittee is required to provide a minimum of 0.24 acre of replacement wetlands. This permit also includes 401 Water Quality Certification.

Northcentral Region: Water Management-Soils and Waterways, F. Alan Sever, Chief, 208 West Third St., Williamsport, PA 17701.

E12-110. Encroachment. **Anthony L. Domitrovich**, 1226 South Main Street, DuBois, PA 15801-1130. To construct and maintain a deck and walkway for a hunting cabin in the floodway of First Fork Sinnemahoning Creek located off Route 872 approximately 2.8 miles north of Route 120 (Sinnemahoning, PA Quadrangle N: 20.7 inches; W: 7.8 inches) in Grove Township, **Cameron County**. This permit was issued under section 105.13e Small Projects.

E14-332. Encroachment. **Pa. Dept. of Transportation**, 1924-30 Daisy St., Clearfield, PA 16830. To remove the existing structure and to construct and maintain a precast concrete box culvert having two spans of 16 feet each, a rise of 9 feet, depressed 1 foot into the streambed with an underclearance of 8 feet on a skew of 83 degrees, located on SR 3027 over Trout Run (Houtzdale, PA Quadrangle N: 15.8 inches; W: 2.6 inches) in Rush Township, **Centre County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E19-181. Encroachment. **Pennsylvania Department of Transportation**, Engineering District 3-0, P. O. Box 218, 715 Jordan Avenue, Montoursville, PA 17754-0218. To remove the existing structure and to construct and maintain a single span concrete beam bridge with a 40 foot clear span on a 75 degree skew, with a curb width of 29.6 feet an average underclearance of 7.2 feet and to construct a temporary stream crossing over Elk Run on SR 4049 approximately 0.25 mile east of the Columbia County boundary line (Elk Grove, PA Quadrangle N: 10.1 inches; W: 4.4 inches) in Sugarloaf Township, **Columbia County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E41-436. Encroachment. **Limestone Township Supervisors**, RR2, Box 823, Jersey Shore, PA 17740. To remove the existing structure and to construct and maintain a single barrel aluminum box culvert with a span of 17.5 feet and underclearance of 4.6 feet in an unnamed tributary to Antes Creek located on T-305 approximately 0.2 mile south of Mill Road, T-352 (Linden, PA Quadrangle N: 3.0 inches; W: 2.7 inches) in Limestone Township, **Lycoming County**. This permit was issued under section 105.13e Small Projects. This permit also includes 401 Water Quality Certification.

Southwest Regional Office: Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E04-263. Encroachment. **United States Gypsum Company**, 125 South Franklin Street, Chicago, IL 60606-4678. To backfill the existing structure with a concrete slurry mix and to construct and maintain an 84" diameter smooth line HDPE replacement culvert for a distance of 575 feet in a tributary to the Ohio River (WWF) (locally known as Jones Run) for the purpose of constructing a wallboard plant. The site is located along the east side of S. R. 51 at the former LTV Steel Plant near River Mile 19.5 (Baden, PA Quadrangle N: 0.8 inch; W: 16.1 inches) in the City of Aliquippa, **Beaver County**. This permit

was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E11-269. Encroachment. Department of General Services (DGS), Bureau of Architecture and Engineering, 18th and Herr Streets, Harrisburg, PA 17125. To construct and maintain a flood protection project (DGS 184-34) in St. Clair Run (CWF) consisting of removal of the existing structures and to construct and maintain a 40-foot long, 16-foot by 7-foot box culvert under Chandler Avenue and a 960-foot long, 16-foot by 8-foot channel upstream. The permit authorizes modifications to the Fairfield Avenue Bridge and construction of a 250-foot long, 16-foot by 8-foot channel upstream (Johnstown, PA Quadrangle N: 17.5 inches; W: 10.0 inches) in the City of Johnstown, **Cambria County.**

SPECIAL NOTICES

Planning Grant Awards under the Municipal Waste Planning Recycling and Waste Reduction Act

The Department of Environmental Protection (Department), hereby announces the following grants to counties under section 901 of the the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P. S. § 4000.901). The awards are based upon applications received by the Department of 1998.

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, and for environmental mediation. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund.

Inquires regarding the grant offerings should be directed to Sally Lohman, Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

**Bureau of Waterways Engineering
Retention of Engineering/Surveying Firms for
Design Professional Services**

Eastern Pennsylvania

Project Reference No. C69:11-FPP-103.4E

The Department of Environmental Protection (Department) will retain an engineering or surveying firm to provide topographic and cross-sectional surveying throughout eastern Pennsylvania. Surveys could include among other purposes, surveying in and along streams and floodplains with particular detail required at bridges; locations and first floor elevations of area structures such as houses, businesses and industrial buildings; topographic surveys to be used for the design of projects; and construction surveys of flood protection projects.

Western Pennsylvania

Project Reference No. C69:11-FPP-103.4W

The Department will retain an engineering or surveying firm to provide topographic and cross sectional surveying throughout western Pennsylvania. Surveys could include among other purposes, surveying in and along streams and floodplains with particular detail required at

bridges; locations and first floor elevations of area structures such as houses, businesses and industrial buildings; topographic surveys to be used for the design of projects; and construction surveys of flood protection projects.

I. General Requirements and Information

The Department is authorized under section 905 of the Commonwealth Procurement Code (62 Pa.C.S. § 101 et seq.) to procure design professional services. Under this authority, the Department intends to execute two contracts, one for surveys in eastern Pennsylvania and one for surveys in western Pennsylvania for the period January 1, 1999, to December 31, 2001. Each contract will be limited to a maximum quantity of work not to exceed \$100,000 per calendar year, depending on Departmental workloads. Firms (proposers) interested in performing the surveying services discussed previously are invited to submit proposals. Small engineering firms, socially/economically restricted businesses (SERBs) and other engineering firms which have not previously performed work for the Department, are encouraged to submit proposals. A proposal shall consist of:

- a. A technical proposal describing the proposer's technical qualifications.
- b. SERB qualification.

- c. Fee schedule.
- d. DGS Forms 150 and 150-S.

II. *Technical Proposal.*

The selected engineering or surveying firm shall have the capability of providing survey crews of either two or three persons when requested by the Department. Survey crews shall report to project sites within 7 days of notification by the Department. The selected firms will be responsible for providing their own survey instruments such as transits, levels, electronic distance measuring devices and all necessary support equipment. The selected firms shall also furnish all materials such as stakes, markers and field books. All field notes shall be neatly and legibly recorded in standard survey field books. All notes shall be reduced appropriately prior to the books being turned over to the Department.

Proposals should include a brief description of previous survey work, the experience of the individual survey crew members and a description of technical equipment to be used. Proposals should also include a list of current scheduled projects or workload with estimated man-hours and completion dates for each job and the location of the survey crew's headquarters (where travel time begins) by municipality and county.

Each proposal must include the firm's Federal identification number and the project reference number.

All proposals will be reviewed by a Technical Review and Selection Committee.

III. *SERB Requirements.*

The Commonwealth of Pennsylvania strongly encourages the submission of proposals by SERBs. To achieve the objective of enhancing SERB participation, the Commonwealth has established SERB utilization as a selection criteria in the evaluation process.

The Bureau of Contract Administration and Business Development (BCABD) of the Department of General Services will evaluate the aforementioned criteria and will assign a point value to be considered within the overall Request for Proposals (RFP) total point tabulation.

Proposals submitted by individuals claiming SERB status or proposals submitted by individuals reflecting joint venture and subcontracting opportunities with SERBs must submit documentation verifying their claim.

SERBs are businesses whose economic growth and development has been restricted based on social and economic bias. The businesses are BCABD-certified minority and women owned businesses and certain restricted businesses whose development has been impeded because their primary or headquarters facility is physically located in an area designated by the Commonwealth as being in an enterprise zone. Businesses will not be considered socially/economically restricted if one of the conditions listed as follows exists:

1. The business has gross revenues exceeding \$4,000,000 annually.
2. The concentration of an industry is such that more than 50% of the market is controlled by the same type of SERB (Minority Business Enterprise (MBE)/Women Business Enterprise (WBE)) or businesses within designated enterprise zones.

Proposers not considered to be socially/economically restricted businesses seeking to identify such businesses for joint venture and subcontracting opportunities are encouraged to contact: Department of General Services,

Bureau of Contract Administration and Business Development, Room 502, North Office Building, Harrisburg, PA 17125, (717) 787-7380.

SERBs are encouraged to participate as prime proposers. SERBs qualifying as an MBE/WBE must provide their BCABD certification number. SERBs qualifying as a result of being located in a designated enterprise zone must provide proof of this status.

Proposers not considered to be SERBs must describe, in a narrative form, their company's approach to enhance SERB utilization on a professional level in the implementation of this proposal.

The following options will be considered as part of the final criteria for selection:

Priority Rank 1. Proposals submitted by SERBs.

Priority Rank 2. Proposals submitted from a joint venture with a Commonwealth approved SERB as a joint venture partner.

Priority Rank 3. Proposals submitted with subcontracting commitments to SERBs.

Each proposal will be rated for its approach to enhancing the utilization of SERBs, based on consideration of the following seven questions. The optional approach used will be evaluated with Option Number 1 receiving the greatest value and the succeeding options receiving a value in accordance with the above-listed priority ranking.

Note: Affirmative action and contract compliance statements referring to company Equal Employment Opportunity policies or past contract compliance practices are unacceptable in reference to the following questions.

1. Is the prime proposer a SERB? If yes, provide evidence of SERB status?
2. Does the prime proposer qualify as a Minority Business Enterprise (MBE) or Woman Business Enterprise (WBE)? If yes, provide the BCABD certification number?
3. Is the prime proposer a qualifying SERB as a result of being located in a designated enterprise zone? If yes, provide proof of this status.
4. If the prime proposer is not considered to be a SERB then describe the company's approach or commitment to enhance SERB utilization on a professional level in the implementation of any contract that may result from this RFP.
5. Is the proposal submitted as a joint venture with a Commonwealth-approved SERB as a joint partner? If yes, answer the following:
 - a. What work, goods, or services will the SERB(s) perform or provide?
 - b. Where will the SERB(s) perform these services?
 - c. When will the SERB(s) provide or deliver the goods or services?
 - d. Why was the SERB(s) selected?
 - e. Identify each SERB, and provide a contact person and phone number for each.
 - f. How will the SERB(s) be compensated?
 - g. What percent of the total value of the services or products required by this RFP will be provided by the SERB(s)?

h. In the SERB PARTICIPATION VALUE portion of the proposal, provide the estimated dollar value of the contract to the SERB(s).

6. Is the proposal submitted with subcontracting commitments to SERBs that would be directly associated with the professional performance of any contract that may be entered into as a result of this RFP? If yes, answer the following:

a. What work, goods, or services will the SERB(s) perform or provide?

b. Where will the SERB(s) perform these services?

c. When will the SERB(s) provide or deliver the goods or services?

d. Why was the SERB(s) selected?

e. Identify each SERB, and provide a contact person and phone number for each.

f. How will the SERB(s) be compensated?

g. What percent of the total value of the services or products required by this RFP will be provided by the SERB(s)?

h. In the SERB PARTICIPATION VALUE portion of the proposal, provide the estimated dollar value of the contract to the SERB(s), including total estimate and dollar commitment to each SERB.

7. Is the proposal committed to the utilization of SERBs to perform or provide goods or services indirectly associated with the performance of the proposal as a support function, such as general office equipment, office space, transportation, and the like? If yes, answer the following:

a. What work, goods, or services will the SERB(s) perform or provide?

b. Where will the SERB(s) perform these services?

c. When will the SERB(s) provide or deliver the goods or services?

d. Why was the SERB(s) selected?

e. Identify each SERB, and provide a contact person and phone number for each.

f. How will the SERB(s) be compensated?

g. What percent of the total value of the services or products required by this RFP will be provided by the SERB(s)?

h. In the SERB PARTICIPATION VALUE portion of the proposal, provide the estimated dollar value of the contract to the SERB(s).

Note: For this portion of the proposal one copy of the responses to the above questions 1 through 7 must be sealed in a separate envelope with the name of the proposer and project reference number shown on the outside of the envelope and identified as socially/economically restricted business (SERB) information.

Additionally, the dollar value designated for SERB commitment shall be included, but listed separately, with the fee information discussed in the Fee Negotiation section of the proposal. The applicable items submitted for the Fee Negotiation section should also be used to prepare and detail the proposed SERB commitment value including, if applicable, fiscal year breakdown. The selected contractor's SERB commitment amount will be included as a contractual obligation when a contract is entered into.

SERB Participation—Criteria for Selection. Emphasis here is placed on:

1. Proposals submitted by BCABD-approved SERBs.

2. Commitments by proposers not considered to be SERBs which significantly utilize approved SERBs in joint ventures.

3. Commitments by proposers not considered to be SERBs which aggressively pursue the use of approved SERBs in subcontracting opportunities.

IV. *Fee negotiations.*

In accordance with the selection method set forth in section 905(g) of the Commonwealth Procurement Code (62 Pa.C.S. § 101 et seq.), the Department shall select the highest qualified firm and negotiate a fee determined to be fair and reasonable to the Commonwealth. Each proposal shall include a fee schedule consisting of single copy of the hourly rates of pay and other appropriate fees and charges, and the dollar value designated for SERB commitment. The fee schedule shall be submitted in a sealed envelope clearly identified as to its contents, the name of the proposer and the project reference number. The fee schedules will be opened after the highest qualified firm is selected and will serve as the starting point for fee negotiations with the selected firm.

The fee schedule shall include a rate per hour for a two person survey crew fully equipped; a rate per hour for a three person survey crew fully equipped; a rate per hour for an office technician to reduce field notes; a rate per hour for a draftsman to draw plans and maps; and a rate per hour for a crew chief to meet at project sites with Department engineers to discuss the actual work required.

Travel and subsistence payment will be paid in accordance with the Commonwealth's Travel and Subsistence Reimbursement Rules and Regulations in effect at the time of actual work.

V. *Standard DGS Forms 150 and 150-S.*

The Standard DGS Forms 150 and 150-S must be submitted with each proposal.

VI. *Criteria for selection.*

In accordance with the policy set forth in section 905(g) of the Commonwealth Procurement Code (62 Pa.C.S. § 101 et seq.), the Department will select the successful firms on the basis of demonstrated competence and qualification. The following factors will be considered by the technical review committee during evaluation of each firm's proposal. The factors shown below are for the guidance of proposers only and are not necessarily listed in order of weight. Each proposer shall relate their proposal to these factors.

1. Specialized experience and technical competence of personnel.

2. Past record of the firm's performance with respect to cost control, work quality and ability to meet schedules.

3. The specific ability of personnel to perform the services required by the project.

4. Current workload of the firm as it affects performance of the work within the time limitations.

5. Socially/Economically Restricted Business Participation.

6. Equitable distribution of contracts to design professionals.

7. Particular capability to perform the services contemplated in this solicitation.

8. Geographic proximity of the professional to the proposed work sites.

Three copies of the technical proposal, including one sealed envelope with SERB information and one sealed envelope containing fee information, must be deposited in the Department of Environmental Protection; Attn. Michael D. Conway, Director, Bureau of Waterways Engineering, 3rd Floor RCSOB, 400 Market St., Harrisburg, PA 17105-8460; prior to 12 noon, on March 22, 1999. Proposers may also obtain from this office a copy of the proposed contract to be entered into with the successful proposers. Firms may submit proposals for both areas, Eastern and Western Pennsylvania. Two firms will be selected but each successful firm will be selected for one area only. The assignment and services will be made to one of the firms responding to this notice. The Department reserves the right to reject any and all proposals submitted, cancel the solicitation requested under this notice, or re-advertise solicitation for this service.

Availability of Technical Guidance

Guidance Documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "January 1999 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise guidance documents, as necessary, throughout 1999.

Ordering Paper Copies of DEP Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

DEPARTMENT OF HEALTH

Laboratories Approved to Determine Urine Controlled Substance Content under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health under the Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Federal Clinical Laboratory Improvement Act of 1967 (42 U.S.C.A. § 263a) and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of urine for the determination of controlled substances or their biotransformation products.

This approval is based on demonstrated proficiency in tests conducted by the Bureau of Laboratories of the Pennsylvania Department of Health. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to hunting or furtaking under the influence of alcohol or controlled substance), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in urine.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory urine drug analyses. Laboratories approved to perform screening tests only are designated on the approval list by an "S" after the laboratory's name. Laboratories approved to perform confirmatory testing only are designated by a "C" following the laboratory's name. Those approved to perform both

screening and confirmatory analyses are designated by the letters "SC." Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic urine drug analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for the purpose. They should also determine that the director of the facility is agreeable to performing analyses for that purpose. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought.

The list of approved laboratories will be revised semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to M. Jeffery Shoemaker, Ph.D., Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 363-8500.

Persons with a disability who require auxiliary aid service should contact Dr. Shoemaker at V/TT: (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT & T Relay Service at (800) 654-5984 [TT].

Public Hearings on HIV-Reporting in Pennsylvania; Request for Public Comments

The Department of Health (Department) intends to hold public hearings concerning how to make HIV a reportable disease in this Commonwealth. The Commonwealth is one of 12 states and territories which do not require reporting of HIV infection. HIV reporting provides the best data for tracking trends in demographic and geographic distribution of HIV infection and changes in modes of transmission within the environment. This information would be helpful to the Department in its role as the public health agency responsible for the prevention and control of the spread of disease.

Location

Greensburg at Westmoreland Co. Comm. College
Meadville at City Hall
Warrendale at Sheraton Inn
Harrisburg at the Hospital & Healthsystem Association of PA
Williamsport at Lycoming College
Reading at Berks County Services Center
Wilkes-Barre at Luzerne Community College
Philadelphia at Children's Hospital

Individuals or organizations wishing to provide oral comments must register by calling the telephone number of the Department's District Office provided above for the location at which they wish to reserve time to present comments. A limited number of open time slots will be available at each location.

An individual or organization may present comments anywhere in this Commonwealth, but only at one public hearing. Persons with HIV are encouraged to testify. Due to the anticipated response, oral comments will be limited to 5 minutes for each organization or individual. Persons wishing to provide oral comments must also provide two written copies of their comments at the time of the hearing. The hearings are subject to cancellation without prior notice.

The Department will accept written comments in lieu of oral comments until 5 p.m. on April 30, 1999. These written comments should be mailed to the Division of HIV/AIDS, P. O. Box 90, Harrisburg, PA 17108, Attention:

Individuals or organizations wishing to provide comments should direct their comments to the identification of methods by which HIV reporting can be achieved in this Commonwealth. Some reporting options include the following:

1. *Name Reporting.* The use of a name reporting system in which an individual receiving an HIV test is required to provide a name, address and other demographic and risk behavior information. All collected information is then reported to the public health authority. Name reporting includes the utilization of procedures to ensure that all information gathered is confidential. HIV reporting by name (and other personal identifiers) can augment partner notification and other follow-up activities with persons identified as HIV infected. Likewise, reporting by name (and personal identifiers) can also augment treatment interventions or provide referral to needed health and support services.

2. *Unique Identifier Reporting.* The use of a system in which an individual receiving an HIV test is required to provide certain key personal information (for example, date of birth, sex and race) which is then used to create a unique code for each individual. This code accompanies all demographic and risk behavior information reported to the public health authority. Names are not reported to the public health authority. Under Pennsylvania law relating to reporting of communicable and noncommunicable diseases and conditions, this information is also maintained as confidential by the Department.

Hearings will be held at each of the following eight locations on the listed dates, from 1 p.m. until 4 p.m., and again from 6 p.m. until 9 p.m. The Department will provide a 10 minute presentation on HIV reporting options and case-reporting activities at the beginning of each session:

Office of Vocational Rehabilitation and Bureau of Blindness and Visual Services; Public Forums

The Department of Labor and Industry, Office of Vocational Rehabilitation, (OVR) and the Bureau of Blindness and Visual Services (BBVS), under the Rehabilitation Act of 1973 as amended in the Workforce Investment Act of 1998, announces a series of public forums to be conducted throughout this Commonwealth. The purpose of the forums is to provide individuals, advocates and other interested parties and/or organizations the opportunity to present their views and recommendations regarding vocational rehabilitation services for persons with disabilities. In this Commonwealth, those services are provided through a network of 15 OVR District Offices, the Hiram G. Andrews Center and six BBVS District Offices.

OVR and BBVS are required, under law, to develop and implement a State Plan which must be reviewed and, as necessary, revised annually. This State Plan, currently in effect for the period 1998 through 2000, is the compliance

document filed with the Commissioner, Rehabilitation Services Administration, United States Department of Education. It is a blueprint for the provision of vocational rehabilitation services to persons with disabilities in this Commonwealth. Customer input received through this series of public forums will be used to measure the effectiveness of the State Plan, and will form the basis upon which it may be revised. A copy of the State Plan is available upon request.

Testimony at the OVR and BBVS public forums is invited relevant to any aspect of vocational rehabilitation services for persons with disabilities. Input focusing on customer awareness/understanding of services, customer satisfaction with services and recommendations for improvements to services will be particularly helpful.

More specifically, OVR and BBVS are interested in hearing from persons with disabilities, advocates and the interested public regarding: (1) the State Plan and WIA Unified State Plan; (2) collaboration and coordination between the TEAM Pennsylvania CareerLink partners; (3) the Governor's Disability Agenda; (4) PRIDE (total quality management) initiative; (5) transition of BBVS from the Department Of Public Welfare to the Department of Labor and Industry; (6) transitioning services for students with disabilities; (7) the comprehensive system of personnel development; (8) methods to expand and improvement opportunities for people with the most significant disabilities; (9) due process procedures; (10) rehabilitation technology services; (11) personal assistance services; (12) customer choice; (13) utilization of community rehabilitation programs; (14) quality, scope and extent of Supported Employment services; (15) outreach to unserved and underserved populations; (16) information technology advancements; and (17) the Hiram G. Andrews Center.

All meeting sites are accessible and interpreters for people who are deaf or hard of hearing will be present at each public forum. For additional information, reasonable accommodation requests or alternative format requests call the OVR District Office or BBVS District Office conducting the public forum a person wishes to attend.

If an individual or organization is unable to attend the public forums, but wishes to give testimony, written comments may be mailed to the appropriate OVR or BBVS District Office serving the area in which the individual or organization resides. Written comments should be submitted to that District Office by Wednesday, April 2, 1999.

A listing of OVR District Offices, the Hiram G. Andrews Center and BBVS District Offices and their addresses and telephone numbers (Voice and TTY) follows. The OVR and BBVS public forums are planned for March 22 through April 2, 1999. Persons or organizations wishing to obtain information regarding the specific time and location of the meetings in their area, a copy of the State Plan or other information regarding OVR or BBVS services should contact the appropriate District Office in their area.

DEPARTMENT OF TRANSPORTATION

Finding Montgomery County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Federal Highway Administration and the Department of Transportation plan to rehabilitate and reconstruct approximately 16.4 km (10 miles) of S.R. 0309, including at-grade intersections at each end of the project and ten full or partial interchanges, in Montgomery County.

This project will impact Section 4(f) resources as identified in the associated Categorical Exclusion Evaluation (CEE)/Section 4(f) Evaluation.

Mitigation measures will be taken to minimize harm as stipulated in the Categorical Exclusion Evaluation (CEE)/Section 4(f) Evaluation.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from this highway reconstruction project.

BRADLEY L. MALLORY,
Secretary

Retention of Engineering Firms

**Crawford, Erie, Forest, Mercer, Venango and Warren Counties
Project Reference No. 08430AG2296**

The Department of Transportation will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 1-0, that is Crawford, Erie, Forest, Mercer, Venango and Warren Counties. The Contract will include roadway and bridge construction projects, and material plant inspection. It is anticipated that most of the projects will be located in Erie County. The Contract will be for a period of thirty (30) months, with a maximum cost of one million (\$1,000,000) dollars.

It is anticipated that a maximum supplementary construction inspection staff of twenty-five (25) inspectors will be required for this assignment.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, and drainage.
- c. Understanding of Department requirements, policies and specifications.
- d. Past performance.
- e. Number of NICET certified inspectors in each payroll classification.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	1 (1)
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	4 (3)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	15 (9)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	5 (3)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1999:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCM-1)	\$46.27
(TCIS)	\$40.54
(TCI)	\$35.47
(TA)	\$24.39

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; provide at least two (2) inspectors that are to be nuclear gauge certified and one (1) to be C.D.S. certified; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- 2 Nuclear Densometer Gauges/License
- 1 Vehicle for the Transportation of Nuclear Gauges
- 5 Cellular Phones
- 5 33mm Cameras
- 2 Survey Equipment, (rod, level, tapes, etc.)

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCM-1 and TCIS positions, giving their approval to use their name in your letter of interest for this specific project. The Technical Assistant(s) do not need to be identified in the letter of interest.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-1	2
TCIS	5
TCI	18

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms, (see general requirements and information section shall be sent to: Mr. John L. Baker, P.E., District Engineer, District 1-0, 1140 Liberty Street, Franklin, PA 16323.

Any technical questions concerning the requirements for this project should be directed to: Mr. David W. Ruhlman, P.E., District 1-0, at (814) 437-4311.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Westmoreland County
Project Reference No. 08430AG2297**

The Department of Transportation will retain a consulting firm to provide right-of-way acquisition assistance services for S.R. 0022, Sections 06M, B07, B08, B09, and B10. The project is located in Salem Township, the Borough of New Alexandria and Derry Township on S.R. 0022 from the Shieldsburg (Segment 0300 offset 0000) to Blairsville (Segment 0480 offset 2849), an approximate length of ten (10) miles in Westmoreland County. The project consists of approximately 160 claims including 85 commercial, 75 residential, 15 of which are relocations. The total estimated construction cost for these projects is \$69 million.

The selected consultant will be required to provide the professional right-of-way acquisition assistance services necessary to clear the right-of-way for these projects. The required services include, but are not limited to, title

searches, negotiations, relocation assistance, declaration of taking, title settlement services, property management and coordination with appraisers selected by the Department. The firm should be large enough and have sufficient personnel to perform these tasks.

The Department will establish an order of ranking of a +minimum of three (3) firms for the purpose of negotiating an engineering agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the acceptable letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The selected firm will be required to coordinate all work through the Department's designated representative. All acquisition will be accomplished in compliance with Federal and State regulations, including but not limited to the Pennsylvania Eminent Domain Code, the State Highway Law and Pennsylvania Real Estate Law, the Housing Replacement Authorization Act, the Uniform Relocation Assistance and Real Property Acquisition Policies Act.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the consultant's submitting acceptable letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the General Requirements and Information section.
- b. Staff experience on similar assignments.
- c. Past performance on similar assignments.
- d. Familiarity with Pennsylvania right-of-way regulations.
- e. Number of staff/titles available to work on project.
- f. Other factors necessary to provide the required services.

**Statewide Open-End Contract for Greenways Plan and Program Development and Implementation
Project Reference No. 08430AG2299**

The Greenways Partnership Commission, established by Governor's Executive Order No. 1998-3, has requested the Department of Transportation (Department) to retain a planning/engineering/environmental-consulting firm for a Statewide Open-End contract for services to support the development and implementation of a Statewide Greenways Plan and Program. This is in cooperation with the Department of Conversation and Natural Resources and the Governor's Greenways Partnership Commission. The Contract will be for a sixty (60) month period with projects assigned on an as-needed basis as requested by the Greenways Partnership Commission. The maximum amount of the Contract will be \$3.0 million.

The Department in consultation with a review team comprised of representatives from DCNR and the Greenways Commission will establish an order of ranking of a maximum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Delivery of the letter of interest in accordance with the "General Requirements and Information" section with a total length not exceeding fifty (50) single-sided pages excluding all Department required forms and submissions.
- b. Specialized experience and technical competence of the firm and the proposed project team in the following areas:
 1. Trail planning, design, construction, maintenance and operation. This includes, but is not limited to, biking trails, nature trails, hike-and-bike trails, multi-use rails, exercise trails, bike paths, bike routes, rail-trails, rails with trails, water-trails, canal tow paths, snowmobile trails, ATV trails and utility corridors;
 2. Natural open space and wildlife habitat corridor creation, preservation and enhancement;
 3. Scenic byway planning, development and management;
 4. Landscape analysis and design;
 5. Comprehensive land use planning and zoning, conservation sub divisions and smart growth development;
 6. GIS inventories and mapping;
 7. Scenic river, river conservation and riparian corridor planning, development and management;
 8. Historic preservation and heritage corridor development and management;
 9. Pollution mitigation and flood mitigation;
 10. Bicycle and pedestrian transportation enhancement;
 11. Public participation including strategies for involving culturally diverse communities;
 12. Strategic, tactical and operational planning;
 13. Organizational development and management;
 14. Public education, outreach and training;
 15. Public relations and marketing;
 16. Intergovernmental relations;
 17. Financial management and fund raising;

The services identified above are the general work activities that can be expected under this Contract. Work activities will be coordinated with Greenways Partnership Program Planning being done by DCNR through an existing consultant Contract. A specific work assignment will be provided for individual work orders developed under this Open-End Contract.

The District's copy of the letter of interest and required forms (see general requirements and information section) shall be sent to: Mr. Wayne W. Kober, Director, Bureau of Environmental Quality, 7th Floor, Forum Place, 555 Walnut Street, Harrisburg, PA 17101-1900.

Any technical questions concerning the requirements for this project should be directed to: Ms. Danielle Shellenberger at (717) 783-6503.

Any questions concerning the submittal of the Letter of Interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Westmoreland County
Project Reference No. 08430AG2300**

The Department of Transportation will retain an engineering firm to perform preliminary design, final design and services during construction (shop drawing review, construction consultation and plans recordation) for S.R. 4003, Section B02, the replacement of Brush Creek Bridge No. 2 spanning Brush Creek located in Hempfield Township, Westmoreland County, Engineering District 12-0. The estimated construction cost is \$400 thousand.

The selected firm will be required to provide the following: perform field surveys; plot topography and cross sections; prepare Design Field View Submission; prepare a Categorical Exclusion Evaluation; prepare submission for utility verification and relocations engineering; develop erosion control details and narrative; prepare right of way plans; hydrologic and hydraulic analysis; obtain all permits; complete structure designs including type, size and location reports, core boring layouts and foundation designs and reports; develop traffic control plans with narratives; conduct soils investigations and prepare soils reports; investigate utility involvement on projects; provide material for and participate in value engineering reviews; collect accident data and other traffic flow data; document engineering study findings and activities; alternative analysis to assess impacts and mitigation; roadway drainage design, prepare construction plans, specifications, and estimates; and to provide construction engineering services.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting acceptable letters of interest:

a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.

b. Specialized experience and technical competence of firm. The specific experience of individuals who constitute the firms will be considered.

c. Understanding of the Department's requirements, Design Manuals, policies and specifications.

d. Past record of performance with respect to cost control, work quality and the ability to meet schedules.

e. Location of consultant with respect to the District. This will include ability/provisions for quick responses to District requests.

f. Method of controlling quality of projects and submissions. Consideration will be given to coordination between disciplines, subconsultant, etc.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be ten (10%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

The District's copy of the letter of interest and required forms (see general requirements and information section) shall be sent to: Mr. Michael H. Dufalla, P.E., District Engineer, Engineering District 12-0, at P. O. Box 459, North Gallatin Avenue Extension, Uniontown, PA 15401.

Any technical questions concerning the requirements for this project should be directed to: Mr. Jeff Thompson, P.E., District 12-0, at (724) 439-7134.

Any questions concerning the submittal of the Letter of Interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to:

Mr. Charles W. Allwein, P.E., Chief
 Consultant Selection Committee
 7th Floor, Forum Place
 555 Walnut Street
 P. O. Box 3060
 Harrisburg, Pennsylvania 17105-3060

Note: The Zip Code for express Mailing is 17101-1900

The Letter of Interest and required information must be received within twenty (20) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 p.m. prevailing time of the twentieth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The Department requests that each Letter of Interest include the following information and that the information be packaged and presented in the order indicated below to facilitate the Department's review and evaluation.

The firm's ability and willingness to package and present the requested information in the above order to facilitate the Department's review and evaluation will be the first factor considered in the evaluation process.

1. Transmittal Letter (Maximum of two (2) 8 1/2 x 11" typed pages, one side)

2. A fact sheet that includes the project reference number for each project which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant should indicate on this fact sheet the names and Professional Engineer License Number of Individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm. If the project advertisement indicated the Department will retain an Land Surveying firm for this project, the applicant should indicate on this fact sheet the names and Professional Land Surveyor Registration Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's land surveying activities, and whose names and seals shall be stamped on all plans, plats, and reports issued by the firm.

3. Project Organizational Chart (one page, one side, maximum size 11" x 17")

This Chart should show key staff from the prime and each subconsultant and their area of responsibility.

4. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 should be signed, dated, and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work and service they will perform on the project.

Under Item 4 of this form, Column A must specify only the number of subconsultant personnel and Column B should specify only the number of prime consultant personnel to be assigned to work on this project reference number. Do not include the total personnel for either the subconsultant or prime consultant under Item 4 unless the total personnel are necessary to provide the required work and services.

The prime and each subconsultant should not include more than one page each for Items 10 and 11.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the

name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

5. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, should accompany each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

These Forms should be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Standard Form 255.

6. Authorization Letters (if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees should be first, followed by subconsultant employees, in the same order as shown in Item 6 of Standard Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary should indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate developed in accordance with FAR would be available.

Audited overhead rate information for the prime consultant and each subconsultant is not required for construction inspection services.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2 x 11" pages or five (5) double sided 8 1/2 x 11" pages may be included at the discretion of the submitting firm.

Letters of Interest will be rejected for the following reasons:

1. Received after the cut-off time and date specified above.

2. Failure to identify a Disadvantaged Business Enterprise (DBE) if a DBE participation goal is identified in the advertised project.

3. Failure to include a copy of the registration to do business in the Commonwealth.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, *"Frequently Asked Questions About State Contracts,"* explains how to take advantage of the bureau's services.
