READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 255—LOCAL COURT RULES

CARBON COUNTY

District Justice Offices Hours of Operation; No. 30
MI 98 Criminal Division, 98-0041 Civil Division

Administrative Order No. 5-1998

And Now, this 25th day of February, 1998 in order to provide effective service to the public and upon request of the District Justices, it is hereby

Ordered and Decreed that the hours of operation in the District Justice Offices *Are Set* at 9:00 A.M. to 4:30 P.M., Eastern Standard Time, Monday through Friday, commencing March 9, 1998.

By the Court

JOHN P. LAVELLE,
President Judge

[Pa.B. Doc. No. 98-406. Filed for public inspection March 13, 1998, 9:00 a.m.]

CRAWFORD COUNTY

In the Matter of the Adoption of Rules of Criminal
Procedure; No. 1995-771

Order

And Now, February 25, 1998, it is ordered as follows:

1. The following amendments are made to the Crawford County Rules of Criminal Procedure and will become effective thirty (30) days after publication in the *Pennsylvania Bulletin*.

2. The Clerk of Courts is ordered and directed to:

a. File seven (7) certified copies of this order with the Administrative Office of Pennsylvania Courts.

b. Distribute two (2) certified copies of this order to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

c. File one (1) certified copy of this order with the Criminal Procedural Rules Committee.

d. Keep continuously available for public inspection a copy of this order and the amended rules.

3. Rule C9020 "Motions" is amended in two respects.

Rule C9020 B (2) shall be amended to read as follows:

Filing of uncontested motions. Uncontested motions shall be filed with the Clerk of Courts, properly timed stamped and docketed, and then sent to the Court Administrator. The Court Administrator will set an appropriate hearing or argument date or present the same to the Motions Judge for the entry of any order.

Rule C9020 C is amended with the addition of the following:

While contested motions should be filed with the Clerk of Courts pursuant to Pa.R.Crim.P. 9022 a motion may be presented to the Court in Motions Court under the procedure set forth above because the Court immediately files the motion and order with the Clerk of Courts during Motions Court.

4. A new rule C9025 is hereby adopted and reads as follows:

Rule C9025 Notice and Docketing of Orders

In order that the Clerk of Courts may comply with Pa.R.Crim.P. 9025 counsel and pro se defendants shall list their addresses on any initial filings and are required to file a notice of any change of address that occurs during the pendency of the proceeding. When the Clerk of Courts sends a first class mailing, postage prepaid to the last known address of record there is created a presumption of service/receipt of said mail article and the contents thereof.

By the Court

GORDON R. MILLER,
President Judge

SUPREME COURT

Administrative Office of Pennsylvania Courts; Re-
quest for Proposal

The Administrative Office of Pennsylvania Courts (AOPC) of the Supreme Court of Pennsylvania is issuing a Request for Proposal (RFP) on March 16, 1998 for the development of application software in Microsoft Visual Basic and Seagate's Crystal Reports. This is to implement a new Administrative Support Application Project (ASAP) based on a completed set of functional requirements, database design and an associated conceptual design completed in Visual Basic.

The project schedule, terms and conditions and scope of work are outlined in the RFP. A copy of the RFP may be downloaded from the Pennsylvania Judiciary's web site on the Internet (www.courts.state.pa.us). Copies may also be requested by calling the AOPC at (717)795-2000 or E-mailing the AOPC at aness@courts.state.pa.us. A Procurement Library has been established at AOPC Mechanicsburg Office and may be scheduled for use by calling the number listed above. The Procurement Library is also available electronically at the Judiciary's web site.

Vendors interested in bidding for this procurement must submit their questions by March 30, 1998 and Letters of Intent to Bid by April 22, 1998. See the RFP for a detailed schedule of the procurement process. Each vendor must include the sample ASAP application code with the Letter of Intent to Bid. Detailed information

about the sample application code is located in Chapter 1, Section C, Subsection 1.3 of the RFP.

**In Re: P.I.E. Mutual Insurance Company; Petition of
Harold T. Duryes, Rehabilitator; 288 M.D. Misc.
Dkt. 1997**

Order

Per Curiam:

And Now, this 18th day of February, 1998, it is hereby *Ordered*:

1. That the Ex Parte Application for Substitution of Party is granted, and Harold T. Duryes, Rehabilitator, is substituted as Petitioner for the party P.I.E. Mutual Insurance Company.

2. That this court's order of January 23, 1998, is hereby vacated.

3. That there is in effect a stay of proceedings for ninety (90) days in any and all cases in which a P.I.E. Mutual Insurance Company insured is being represented in proceedings pending in Courts of the Commonwealth of Pennsylvania, which list of cases is attached as Exhibit "D" to Petitioner's Application for Extraordinary Relief filed with this court on December 30, 1997 ("Petitioner's Application").

4. That Petitioner's Application, Petitioner's Motion for Reconsideration and this Order granting the stay be served by Petitioner upon all unrepresented parties and counsel of record in accordance with the list attached as Exhibit "D" to Petitioner's Application, and by means of publication in the *Pennsylvania Law Weekly*, *Pennsylvania Bulletin*, and *The Legal Intelligencer*, and upon the clerks of all courts in which any of these matters are pending.

5. That any party aggrieved by this order may petition this court for special relief within twenty (20) days of the serving of this Order upon them.

Madame Justice Newman did not participate in this consideration or decision of this matter.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 131]

Deductible Program

The Insurance Department (Department) hereby deletes Chapter 131 (relating to deductible program) under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412). Chapter 131 was previously promulgated under section 13(d) of the Casualty and Surety Rate Regulatory Act (40 P. S. § 1193) and section 13(d) of the Fire, Marine and Inland Marine Rate Regulatory Act (40 P. S. § 1233) (acts).

Purpose

The purpose of this deletion of Chapter 131 is to eliminate redundant and obsolete regulations. The regulations, adopted in 1973, imposed several requirements on insurance companies licensed to do business in this Commonwealth with respect to deductibles used for property or casualty policies. The regulations authorized insurance companies to offer previously prohibited small deductible or full coverage programs, overruling an Insurance Commissioner order issued in 1971. The regulations instructed insurance companies offering the expanded deductible choices to consumers to first file their revised rates with the Department. Finally, the regulations announced that a company would be in violation of the Insurance Unfair Practices Act (40 P. S. §§ 1151—1162) (Repealed) if it implemented lowered deductibles without the insured's consent, or otherwise failed to fully disclose and explain all available options to consumers.

The Department has determined that the regulations are redundant and unnecessary. The provisions of these regulations are sufficiently within the acts, and the regulations in no manner enhance the authorizing statutes. Additionally, the Department, through its market conduct activities, monitors insurers to ensure compliance with statutory requirements for filing and approval of rates and forms. Therefore, the Department deletes Chapter 131 in its entirety.

Statutory Authority

The regulations are being deleted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929. Chapter 131 was previously promulgated under the acts.

Comments

Notice of this deletion was published at 27 Pa.B. 1941 (April 19, 1997) as a proposed rulemaking with a 30-day public comment period.

No comments were received from the standing committees and no comments were received from the public during the 30-day comment period.

Fiscal Impact

There will be no fiscal impact as a result of the deletion of these regulations.

Paperwork

There will be no impact on paperwork as a result of the deletion of these regulations.

Affected Parties

The deletion of these sections will affect all licensed property and casualty insurers in this Commonwealth.

Effectiveness/Sunset Date

The rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. Because the rulemaking proposes to delete obsolete regulations, no sunset date has been assigned.

Contact Person

For information on this matter, contact Randy Rohrbaugh, Director, Bureau of Property and Casualty, Insurance Department, 1311 Strawberry Square, Harrisburg, PA 17120, (717) 787-4192.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of this rulemaking on March 28, 1997, to the Independent Regulatory Review Commission (IRRC), the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. In addition, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of the material is available to the public upon request.

These final-form regulations were deemed approved by the House and Senate Committees on November 10, 1997, in accordance with section 5.1(d) of the Regulatory Review Act. IRRC met on November 20, 1997. The deletions were deemed approved in accordance with section 5.1(e) of the Regulatory Review Act.

Findings

The Insurance Commissioner finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code, §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Insurance Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Insurance Department, 31 Pa. Code Chapter 131, are amended by deleting §§ 131.1—131.7 to read as set forth at 27 Pa.B. 1941 (April 19, 1997).

(b) The Commissioner shall submit this order and 27 Pa.B. 1941 to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order and 27 Pa.B. 1941 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall be abolished upon publication in the *Pennsylvania Bulletin*.

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF MEDICINE

[49 PA. CODE CH. 16]

Prosecutorial Functions Deleted

The State Board of Medicine (Board) amends §§ 16.62, 16.71, 16.72, 16.81 and 16.82, to read as set forth in Annex A. This amendment deletes regulations declared invalid by the Pennsylvania Supreme Court's decision in *Lyness v. State Board of Medicine*, 605 A.2d 1024 (Pa. 1992).

In 1992, the Pennsylvania Supreme Court declared §§ 16.62, 16.71, 16.72, 16.81 and 16.82 as unconstitutional through its ruling in *Lyness*. Notice of proposed rulemaking has been omitted under section 204(3) of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. § 1204(3)) (CDL), because notice of proposed rulemaking is unnecessary. Accordingly, in this rulemaking, the Board removes the procedural regulations relating to complaint process, formal hearings and appeals contained in §§ 16.62, 16.71, 16.72, 16.81 and 16.82.

Compliance with Executive Order 1996-1

The Board reviewed this rulemaking and considered the purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final/proposed omitted rulemaking addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

Statutory Authority

This rulemaking is adopted under section 8 of the Medical Practice Act (63 P.S. § 422.8).

Fiscal Impact and Paperwork Requirements

The rulemaking will have no fiscal impact on the Commonwealth or its political subdivisions.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P.S. § 745.5.1(c)), a copy of the final-form regulation was submitted on January 4, 1998, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Committee on Consumer Protection and Professional Licensure and the House Committee on

Professional Licensure. In addition, at the same time, the final-form regulations were submitted to the Attorney General for review and comment under the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506).

Under section 5.1(d) of the Regulatory Review Act, the deletions were deemed approved by the House and Senate Committees on February 3, 1998, and were approved by IRRC on February 13, 1998.

Additional Information

Individuals who desire information are invited to submit inquiries to Cindy L. Warner, Board Administrator, State Board of Medicine, Post Office Box 2649, Harrisburg, PA 17105-2649, (717) 783-1400.

Findings

The Board finds that:

(1) Public notice of intention to amend its regulations as adopted by this order under the procedures specified in sections 201 and 202 of the CDL (45 P.S. §§ 1201 and 1202) has been omitted under the authority contained in section 204(3) of the CDL because the Board has, for good cause, found that the procedures specified in sections 201 and 202 of the CDL are, in this circumstance, unnecessary because the provisions deleted were found to be unconstitutional and are therefore unenforceable.

(2) The deletions of the regulations of the Board in the manner provided in this order is necessary and appropriate for the administration of its authorizing statute.

Order

The Board, acting under its authorizing statute, orders:

(a) The regulations of the Board, 49 Pa. Code Chapter 16, are amended by deleting §§ 16.62, 16.71, 16.72, 16.81 and 16.82 to read as set forth in Annex A.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality as required by law.

(c) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall become effective immediately upon publication in the *Pennsylvania Bulletin*.

STATE BOARD OF MEDICINE

[49 PA. CODE CH. 16]

Sympathomimetic Amines

The State Board of Medicine (Board) amends § 16.96, as set forth in Annex A. The objective of this amendment is to effectuate the sunset provision at § 16.96.

Notice of proposed rulemaking has been omitted under section 204(3) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(3))(CDL) because notice of proposed rulemaking is unnecessary.

This regulation sunsetted by its own terms on January 17, 1992. The Board has determined not to take any action to revise or reestablish the regulation.

Accordingly, in this amendment, the Board deletes § 16.96.

Compliance with Executive Order 1996-1

The Board reviewed this rulemaking and considered the purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final omitted regulation addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

Statutory Authority

This amendment is adopted under section 8 of the Medical Practice Act (63 P. S. § 422.8).

Fiscal Impact and Paperwork Requirements

The amendment will have no fiscal impact on the Commonwealth or its political subdivisions.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P. S. § 745.5.1(c)), a copy of the final-form regulation was submitted on January 14, 1998, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Committee on Consumer Protection and Professional Licensure and the House Committee on Professional Licensure. In addition, at the same time, the final-form regulation was submitted to the Attorney General for review and comment under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5(c) of the Regulatory Review Act, the regulation was deemed approved by the House and Senate Committees on February 3, 1998, and by IRRC on February 13, 1998.

Findings:

The Board finds that:

(1) Public notice of intention to amend its regulations as adopted by this order under the procedures specified in sections 201 and 202 of the CDL (45 P. S. §§ 1201 and 1202) has been omitted under the authority contained in section 204(3) of the CDL because the Board has, for good cause, found that the procedures specified in sections 201 and 202 of the CDL are, in this circumstance, unnecessary because the provisions deleted are ineffective by the sunset provision in § 16.96(7)(g).

(2) The amendment of the regulations of the Board in the manner provided in this order is necessary and appropriate for the administration of its authorizing statute.

Order

The Board, acting under its authorizing statute, orders:

(a) The regulations of the Board, 49 Pa. Code Chapter 16, are amended by deleting § 16.96, to read as set forth in Annex A.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality as required by law.

(c) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 143 AND 147]

Surplus Tags and Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its January 13, 1998, adopted the following changes:

Amend Chapter 143, Subchapter C (relating to antlerless deer licenses) by amending §§ 143.42, 143.51, 143.52 and 143.55, to eliminate the reference to bonus tags in this subchapter and change the definition to "surplus" tags and provide for their issuance as well as the issuance of unlimited antlerless licenses for counties in the Special Regulations Areas.

Amend Chapter 147, Subchapter A (relating to general provisions) by removing language in § 147.1 (relating to scope) that has been determined to exceed the parameters under 34 Pa.C.S. (relating to Game and Wildlife Code)(code).

Amend Chapter 147, Subchapter A with the addition of the definition of "field trial/hunt test" in § 147.2 (relating to general) and to Subchapter L, § 147.221 (relating to general) and removing the language in § 147.222 (relating to permits for bird dog trials on Commission controlled lands) making reference to official guns.

Amend Chapter 147, Subchapter H (relating to protected specimen) by adding new §§ 147.143—147.145, to provide a definition of "abandoned venison" and to outline the procedures for the transfer of ownership of the abandoned venison.

These amendments are hereby adopted under the authority of the code.

Chapter 143, Subchapter C

1. *Introduction*

In establishing the antlerless deer license allocation for 1997, the Commission decided to eliminate the bonus license system and to establish a much restricted surplus system involving issuance of licenses to flintlock muzzleloader hunters and in special regulations areas only. As a result, the Commission proposed at its October 7, 1997, meeting and finally adopted at its January 13, 1998, meeting, changes to Subchapter C of Chapter 143 which would accomplish this purpose. These changes are being adopted under authority contained in section 2102 of the code (relating to regulations).

2. *Purpose and Authority*

Given concerns by Legislators and sportsmen with regard to deer populations in parts of this Commonwealth, the Commission at its April 15, 1997, meeting decided to reduce antlerless license allocations and eliminate the bonus system which virtually guaranteed the sale of all antlerless licenses and permitted deer hunters to each harvest a number of deer. The Commission decided to initiate a limit of a maximum of two deer, one of each sex, per hunter per year and to restrict surplus antlerless licenses to flintlock muzzleloader hunters and to special regulations areas where antlerless licenses are unlimited. At its October 7, 1997, meeting the Commission proposed changes to Chapter 143, Subchapter C which would implement this change. The changes were finally adopted at the January 13, 1998, meeting of the Commission.

Section 2102 of the code authorizes the Commission to "... promulgate regulations relating to seasons and bag limits for hunting or furtaking..." This section provides the authority for the adopted changes.

3. *Regulatory Requirements*

With the exception of those areas where unlimited antlerless deer licenses are available, the changes will limit deer hunters to one antlerless or one surplus license per year.

4. *Persons Affected*

Persons wishing to hunt antlerless deer in this Commonwealth will be affected by the changes.

§ 147.1

1. *Introduction*

In a memorandum opinion in the case of *Showers v. Spangler, et. al.*, 1 CV-94-2129, Judge Caldwell of the Federal District Court for the Middle District of Pennsylvania expressed the opinion that § 147.1(b) (relating to scope), is invalid as being inconsistent with section 2906 of the code (relating to records). To avoid any potential future problems, the Commission at its October 7, 1997, meeting proposed, and at its January 13, 1998, meeting finally adopted, deleting a sentence which expands the scope of the section. This change is being adopted under authority contained in section 2901(b) of the code (relating to authority to issue permits).

2. *Purpose and Authority*

Section 2906 of the code provides that: "The records must be kept for a period of three years and shall be open to inspection by any officer of the Commission during normal business hours ..." Section 147.1(b) provides that: "The record, together with the premises, shall be open to inspection upon demand of an officer of the Commission." Clearly the regulation authorizes much more than the statute, namely the inspection of premises and records on demand, not during reasonable business hours. As such, the Commission is deleting this sentence.

Section 2901 of the code authorizes the Commission to "... promulgate regulations to control the activities which may be performed under authority of any permit issued." This provides authority for the change in the regulation.

3. *Regulatory Requirements*

The adopted change will relax current requirements.

4. *Persons Affected*

Individuals holding Commission permits will be affected by the change.

Chapter 147, Subchapter H

1. *Introduction*

As a result of several meetings held between representatives of the Commission, Legislators and meat processors, the need became evident for a mechanism by which meat processors could dispose of unclaimed venison which they have been given to process. The Commission therefore proposed at its October 7, 1997 meeting, and finally adopted at its January 13, 1998, meeting that §§ 147.143—147.145 be added to Subchapter H of Chapter 147 to provide the mechanism. These additions were adopted under authority contained in sections 2102 and 2901 of the code.

2. *Purpose and Authority*

Meat processors are often asked to butcher deer, yet when they notify the customer that the meat is ready for pickup, the owner does not pick up the venison. Currently, regulations do not permit the meat processor to lawfully sell the venison and the processor has therefore

lost the time and expense of butchering the meat. The adopted additions will change this situation by creating a special permit which would allow transfer of venison in return for payment of processing fees.

Section 2102(a) of the code directs the Commission to "... promulgate such regulations as it deems necessary and appropriate concerning game or wildlife..." Section 2901(b) of the code authorizes the Commission "... as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit..." These provisions provide the authority for the additions, which will control limited transfer of venison.

3. Regulatory Requirements

The adopted additions will allow actions currently not permitted by regulations but will require compliance with a notification and reporting procedure and the obtaining of a permit.

4. Persons Affected

Meat processors who process venison and their customers who fail to pickup meat will be affected by the additions.

Chapter 147, Subchapter A and L

1. Introduction

By Act No. 184 of 1996, enacted on December 19, 1996, section 2382 of the code (relating to training dogs on small game) was amended to allow lawful training of dogs on small game at any time during the year. As a result of this change, many dog training organizations requested the Commission to review some of its regulations relating to dog training. That review led the Commission to propose at its October 7, 1997, and to finally adopt at its January 13, 1998, meeting, changes to Chapter 147, Subchapters A and L to define "field trial/hunt test" and allow the firing of blank ammunition from a firearm normally fired from the shoulder by up to ten "official guns" during the trials/tests. These changes are adopted under authority contained in section 2901(b) of the code.

2. Purpose and Authority

As a result of recent changes in the code and a dialog with representatives of dog training organizations, the Commission has decided to recognize sanctioned dog training events which will be referred to as "field trials/hunt tests." In addition, the Commission also is adopting a provision to allow the firing of blank ammunition at these events from a firearm normally fired from the shoulder by no more than ten persons. Finally, a provision in § 147.222 providing for five "official guns" will be increased to ten.

These activities will be authorized by permits issued by the Commission. Section 2902(b) of the code (relating to general categories of permits) authorizes the Commission to promulgate regulations to control activities which may be performed under the authority of any permit.

3. Regulatory Requirements

The adopted changes will expand activities that can be performed under Commission permits and will increase the number of official guns to ten persons.

4. Persons Affected

Persons wishing to train hunting dogs will be affected by the changes.

5. Comment and Response Summary

No comments were received with regard to the changes.

6. Cost and Paperwork Requirements

The adopted changes will not result in any additional cost or paperwork requirements.

7. Effective Date

The changes will be effective on final publication in the *Pennsylvania Bulletin* and remain in effect until changed by the Commission.

8. Contact Person

For further information on the adopted changes, contact James R. Fagan, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717)783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240)(45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Game Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Game Commission, 58 Pa. Code, Chapters 143 and 147, are amended by amending §§ 143.42, 143.51, 143.52, 143.55, 147.1 and 147.2 and by adding §§ 147.144, 147.145, 147.221 and 147.222 to read as set forth at 27 Pa.B. 6334 (December 6, 1997) and by adding § 147.143 to read as set forth in Annex A.

(b) The Executive Director of the Game Commission shall submit this order, 27 Pa.B. 6334 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final publication in the *Pennsylvania Bulletin*.

TITLE 58. RECREATION

PART III. GAME COMMISSION

CHAPTER 147. SPECIAL PERMITS

Subchapter H. PROTECTED SPECIMEN

§ 147.143. Transfer of lawful possession of abandoned venison.

(a) Definition.

Abandoned venison—Venison which remains unclaimed by the lawful owner at a butcher shop for longer than 10 days after the lawful owner has been notified by the butcher or an employe that the venison is dressed and ready to be picked up.

(b) *Procedure for transfer of lawful possession of abandoned venison.*

(1) Lawful possession of abandoned venison may be transferred to any resident of this Commonwealth who is in possession of a valid permit to possess deer (PGC-90-LE) provided that:

(i) Prior to a transfer of possession of abandoned venison the butcher or an employe has notified the lawful owner of the venison in the butcher shop by United States registered mail to the person's last known address of the intent to dispose of the venison.

(ii) The notification gives the lawful owner of the venison 30 days to claim the venison and pay to the butcher the standard labor fee for preparing the venison for consumption.

(2) After the 30-day period has expired, the butcher may transfer the lawful possession of abandoned venison to a resident of this Commonwealth who presents a valid permit to possess deer (PGC-90-LE) and if required by the butcher pays the standard labor fee for preparing the venison for consumption.

(3) The butcher shall, within 24 hours of transferring possession of abandoned venison, send by United States mail a report setting forth the date of transfer and the name, address and telephone number of the person or organization that received the venison to the wildlife conservation officer in charge of the district where the butcher shop is located.

PROPOSED RULEMAKING

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CHS. 3680, 3710, 3760, 3800, 3810, 5310 and 6400]

Child Residential and Day Treatment Facilities; Extension of Public Comment Period

The Department of Public Welfare published a notice of proposed rulemaking at 28 Pa.B. 953 (February 14, 1998) seeking public comment on proposed regulations applicable to child residential and day treatment facilities. The notice of proposed rulemaking provided for a 30-day public comment period to end on March 16, 1998. The public comment period on the proposed regulations is hereby extended by 30 days, until April 15, 1998.

The extension in the public comment period is being made because this is the first in a series of proposed licensing regulatory reform initiatives, and the Department wants to allow adequate opportunity for interested stakeholders to review and comment on this comprehensive regulatory proposal.

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 32]

Commercial Motion Pictures; Sales and Use Tax

The Department of Revenue (Department), under authority contained in section 270 of the Tax Reform Code of 1971 (TRC) (72 P. S. § 7270), proposes to add § 32.38 (relating to commercial motion pictures) to read as set forth in Annex A.

Purpose

The Department is setting forth its interpretation of section 2 of Act 7-1997, section 204(54) (72 P. S. § 7204(54)) regarding the sales and use tax exclusion for the sale at retail to or use by a producer of commercial motion pictures of any tangible personal property directly used in the production of a feature-length commercial motion picture distributed to a National audience.

Explanation of Regulatory Requirements

Subsection (a) sets forth the definition of various terms for use in § 32.38. Subsection (b) details the scope of the exclusions for commercial motion pictures. To effect Legislative intent, the Department has added language in § 32.38(b)(2)(ii). If this subparagraph were not added, the purchase of the tangible personal property would be exempt but the repair or alteration would be subject to tax. For example, the purchase of film would be exempt but the development charges would be subject to tax which clearly is not the Legislative intent. Subsection (c) describes the treatment of property and services pur-

chased for resale. Subsection (d) provides that charges to install, repair, maintain or service equipment, parts, tools and supplies directly used in the production of a commercial motion picture are exempt from tax. Subsection (e) explains that utilities used directly and exclusively in the production of a commercial motion picture are exempt from tax. Examples of taxable and exempt electricity usage are provided. An explanation regarding the use of exemption certificates is set forth in subsection (f).

The Department of Community and Economic Development has advised the Department that it will propose a regulation relating to the exemption certificate form.

Fiscal Impact

The Department has determined that the proposed regulation will have no significant fiscal impact on the Commonwealth.

Paperwork

The proposed regulation will require no additional paperwork for the public or the Commonwealth.

Effectiveness/Sunset Date

The proposed regulation will become effective upon final publication in the *Pennsylvania Bulletin*. The proposed regulation is scheduled for review within 5 years of final publication. No sunset date has been assigned.

Contact Person

Interested persons are invited to submit in writing any comments, suggestions or objections regarding the proposed regulation to Anita M. Doucette, Office of Chief Counsel, Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061, within 30 days after the date of the publication of this notice in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on March 2, 1998, the Department submitted a copy of this proposed regulation to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Committee on Finance and the Senate Committee on Finance. In addition to submitting the proposed regulation, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has any objections to any portion of the proposed regulation, it will notify the Department within 10 days after the close of the Committee's review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of objections raised, prior to final publication of the regulation, by the Department, the General Assembly and the Governor.

TITLE 61. REVENUE

PART I. DEPARTMENT OF REVENUE

Subpart B. GENERAL FUND REVENUES

ARTICLE II. SALES AND USE TAX

CHAPTER 32. EXEMPTIONS

§ 32.38. Commercial motion pictures.

(a) *Definitions.* The following words and terms, when used in this section, have the following meanings, unless the context clearly indicates otherwise:

Commercial motion picture—A series of related images at least 40 minutes in length either on film, tape or other similar medium, where the images shown in succession impart an impression of motion together with accompanying sound, if any, which is produced for distribution to a National audience. The term does not include motion pictures produced for private noncommercial use, including motion pictures of weddings or graduations to be used as family mementos, accident reconstruction videotapes to be used for legal analysis or student films to be used for class projects.

Distribution to a National audience—Distribution by means of theatrical release or for exhibition on National television by a television network or through syndication.

Producer—A purchaser who is responsible for the production of a commercial motion picture.

(b) *Scope.*

(1) The sale at retail to or use by a producer of tangible personal property directly used in the production of a commercial motion picture distributed to a National audience is exempt from sales and use tax.

(2) The production of a commercial motion picture involves the process of recording the actions taking place within the motion picture and includes the actual shooting of the picture, either on location or at a motion picture studio, as well as the editing, dubbing and mixing of the motion picture.

(i) Examples of tangible personal property that may be directly used in the production of a commercial motion picture include film and tape products; set construction equipment and supplies; props, including livestock, motor vehicles, books, paintings and other tangible personal property when photographed as part of a scene; wardrobe; grip and lighting equipment; cameras; camera mounts including tripods; jib arms; steadicams; cranes; dollies; generators; walkie talkies; boats, trains, helicopters, airplanes, vans, trucks or other motor vehicles specifically equipped for motion picture production or used solely for production activities, wardrobe and makeup trailers, special effects and stunt equipment, video assists, videotape recorders, cables and connectors, sound recording equipment, and editing, dubbing and mixing equipment.

(ii) Examples of services performed upon tangible personal property that may be directly used in the production of a commercial motion picture include sound or music recording; creation of special effects or animation on film, tape or other audiovisual medium, including animation drawings, inkings, paintings, tracing and celluloid "cels"; preparation of storyboards for either animation or live photography; technological modification, including colorizing; computer graphics, including transfers of com-

puter graphics on computer-generated media; sound dubbing or sound mixing; sound or music or effect transferring; film or tape editing or cutting; developing or processing of negative or positive prints; timing; coding or encoding; creation of opticals, titles, main or end credits; captioning; and medium transfers (for example film to tape, tape to tape).

(3) The exclusion from sales and use tax provided for property and services directly used in production does not apply to either:

(i) The purchase of property used for administrative purposes. Administrative purposes includes activities such as sales promotions, general office work, ordering and receiving materials, making travel arrangements, the preparation of shooting schedules, and the preparation of work and payroll records.

(ii) The purchase of catering services, as well as secretarial services, disinfecting or pest control services, building maintenance or cleaning services, help supply services, lawn care services, self-storage services and employment agency services, as terms are defined under section 201 of the TRC (72 P.S. § 7201). However, charges for employment agency services provided by theatrical employment agencies and motion picture casting bureaus are not subject to sales or use tax.

(4) When a single unit of tangible personal property is used in two different activities, one of which is a direct use and the other of which is not, the property will not be excluded from tax unless the producer makes use of the property more than 50% of the time directly in the production phase of a commercial motion picture.

(c) *Property and services purchased for resale.*

(1) A producer may make certain purchases for resale. Materials and services on these materials that will become a component of the product sold may be purchased exempt from tax, if a properly completed exemption certificate is issued to the supplier.

(2) For example, the original negative is the medium (film, tape, and the like) first used in the camera when photographing live action, special effects, animation, computer generated images, and the like. The developing of the film is a service that is purchased for resale because the producer is selling the film on which the service is being performed.

(d) *Installation, repair, maintenance and service of tangible personal property.* Charges to install, repair, maintain or service equipment, parts, tools and supplies directly used in the production of a commercial motion picture are exempt from sales and use taxes. Examples of these services include:

(1) Installing illumination lighting and sound equipment.

(2) Installing special effects riggings.

(3) Connecting wiring from electrical sources to production equipment.

(e) *Utilities used in production.* Utilities used directly and exclusively in the production of a commercial motion picture are exempt from tax. Examples of taxable and exempt electricity usage:

(1) Electricity used for set lighting is exempt.

(2) Electricity used in a mobile trailer maintained for actors is taxable.

(3) Electricity used to light and heat a temporary or permanent office is taxable.

(f) *Exemption certificates.*

(1) A producer shall furnish a properly completed exemption certificate to its vendors to:

(i) Exclude the producer's purchases of tangible personal property that becomes a physical component part of the commercial motion picture and is actually transferred to the customer (for example resale).

(ii) Exclude the producer's purchases of qualifying production machinery, equipment, parts, tools or supplies for use directly in the production of a motion picture. This certificate shall also be furnished to those who install, repair, maintain or service the exempt machinery, equipment, parts, tools or supplies. To claim this exclusion, the producer shall state on the certificate in the space marked "Other" the following: "Property or services shall be directly used in the production of a commercial motion picture under section 204(54) of the TRC (72 P. S. § 7204(54))."

(2) A properly completed exemption certificate shall be furnished and accepted in good faith no later than 60 days after delivery of the property or service or the sale will be considered a taxable sale.

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 61 AND 65]

Fishing; Extension of Public Comment Period

On January 3, 1998, the Fish and Boat Commission (Commission) published a notice of proposed rulemaking in the *Pennsylvania Bulletin* at 28 Pa.B. 45, seeking public comments, objections or suggestions about proposed changes to its current bass regulations. Specifically, the Commission sought public comments on proposed amendments to 58 Pa. Code §§ 61.1, 65.8 and 65.9 (relating to Commonwealth inland waters; warmwater/coolwater species special conservation waters; and big bass special regulations). The notice of proposed rulemaking provided for a 90-day public comment period from the date of publication.

The Commission is extending the public comment period for these proposed amendments until May 15, 1998.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of April, 1998

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of April, 1998, is 8 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the indi-

vidual occupies or has occupied as the principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 5.94 to which was added 2.50 percentage points for a total of 8.44% that by law is rounded off to the nearest quarter at 8 1/2%.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS**APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT****[National Pollution Discharge Elimination System Program (NPDES)]****DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER****(Part I Permits)**

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

PA 0051454. Sewage, **Kimmel Enterprises, Inc.**, 1055 West Germantown Pike, Norristown, PA 19403.

This application is for renewal of an NPDES permit to discharge treated sewage from a small flow treatment plant in East Norriton Township, **Montgomery County**. This is an existing discharge to an unnamed tributary to Stony Creek.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 1,460 gpd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅ (5-1 to 10-31)	20	40
(11-1 to 4-30)	25	50

Ammonia (as N) (5-1 to 10-31)	1.5	3.0
(11-1 to 4-30)	4.5	9.0
Total Residual Chlorine	1.0	1.5
Fecal Coliform	200 colonies/100 ml as a geometric average	
Dissolved Oxygen	minimum of 5.0 mg/l at all times	
pH	within limits of 6.0—9.0 standard units at all times	

The EPA waiver is in effect.

Northeast Region: Environmental Protection Manager, Water Management, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2553.

PA 0062961. Industrial waste, SIC: 2815, **Laminations, Inc.**, 1008 South Irving Avenue, Scranton, PA 18505.

This proposed action is for renewal of an NPDES permit to discharge noncontact cooling water into Stafford Meadow Brook in Scranton City, **Lackawanna County**.

The receiving stream is classified for the following uses: warm water trout fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing proposed downstream potable water supply (PWS) considered during the evaluation is Danville Borough Water Supply on north branch of the Susquehanna.

The proposed effluent limits for Outfall 001, based on a design flow of .047 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Oil and Grease	15		30
pH	6—9 standard units at all times

Monitoring Point 101

The proposed effluent limits based on a design flow of .246 mgd are:

<i>Parameter</i>	<i>Monthly Average (lbs/day)</i>	<i>Daily Maximum (lbs/day)</i>
Total Suspended Solids	198	396
Fluoride	79	159
pH	6—9 at all times	

Monitoring Point 201

The proposed effluent limits based on a design flow of .0003 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>
Total Chromium	1.71	2.77
Nickel	2.38	2.98

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations Officer indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commenter will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of

each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

WQM Permit No. 4398409. Sewage. **Glen Lake Estates**, 6315 Forbes Avenue, Pittsburgh, PA 15217. This project is for the expansion of the Glen Lake Estates Mobile Home Park and a new sewage treatment facility in Pine Township, **Mercer County**.

INDIVIDUAL PERMITS (PAS)

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

(RACT)

Public Hearing

**Reasonably Available Control Technology
and Emission Reduction Credits**

**Cyprus Cumberland Resources Corporation and
United Coaters (Centria) Ambridge Plant**

The Department of Environmental Protection (Department) reviewed the RACT plans and ERC application and made a preliminary determination to approve these plans and amendments to the State Implementation Plan (SIP) for the above listed facilities.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approval for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the United States Environmental Protection Agency (EPA) as revisions to Pennsylvania's State Implementation Plan.

Cyprus Cumberland Resources Corporation (Cyprus)

Cyprus chose a case-by-case approach to meeting the requirements of 25 Pa. Code § 129.92 for the thermal dryer, the frothing operations, solvent cleaning operation, storage tanks and fuel dispensing. Cyprus proposed low NOx burners as add-on controls for the thermal dryers as they were determined to be cost effective through a top-down analysis. Cyprus proposes there are no additional control technologies available for the frothing and degreasing operations. Cyprus proposes to meet the presumptive RACT requirements of 25 Pa. Code § 129.93 for all other sources at this facility.

Cyprus has applied for ERCs for the reduction of 64 tons/year of NOx and 15 tons/year of VOC emissions generated through the shutdown of the thermal dryer at the Cumberland Mine as provided for in 25 Pa. Code § 127.207(5)(I).

United Coaters (Centria) Ambridge Plant

The proposed RACT permit for the Ambridge Plant is for the application of presumptive RACT to the three Cleaver Brooks Steam Boilers, and the operation of an incinerator on the emissions from the coil coating operation. This incinerator will perform with an efficiency adequate to reduce the VOCs emitted from the coating materials employed to a level meeting the requirements of 25 Pa. Code § 129.52. Based upon information supplied by United Coaters and the Department's analysis of that information, the current work practices in the cleanup and paint mixing areas limit solvent emissions to a level

for which further environmental benefit will require expenditures beyond the RACT guidelines.

A public hearing will be held to receive comments on the RACT plan and ERC approval. The hearing date is April 8 for Cyprus Resources Corporation and for United Coaters (Centria) at the Department of Environmental Protection Island Conference Room, 400 Waterfront Drive, Pittsburgh. Deadline to register to speak is April 6.

A 30-day comment period from the date of publication will exist for the submission of written comments.

Persons wishing to present testimony at the hearings should contact Community Relations Coordinator Rita Zettelmayer at (412) 442-4182 by April 6, 1998.

Oral testimony will be limited to a maximum of 10 minutes and two written copies of the testimony should be provided. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to do so, should contact Rita Zettelmayer or the Pennsylvania AT&T Relay Service at 1(800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearings, but wishing to comment, should provide written comments to the Department of Environmental Protection, Regional Air Quality Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222.

Comments should be submitted within 30 days of the date of this publication notice.

All pertinent documents are available for review from 8 a.m. to 4 p.m. at the Department's Regional Office in Pittsburgh. Appointments for scheduling a review may be made by calling (412) 442-4000.

Proposed Revision to the State Implementation Plan for Oxides of Nitrogen and Volatile Organic Compounds; and Notice of Public Hearing

Approval of Reasonably Available Control Technology (RACT) plan for Eldorado Properties Corporation/Petroleum Products Corporation.

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) plan and an amendment to the State Implementation Plan (SIP) for a petroleum products distribution facility owned by Eldorado Properties Corporation and operated by Petroleum Products Corporation.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into an operating permit for the facility and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary RACT determination for this operation:

The potential to emit volatile organic compounds from each of the following source categories shall never exceed 3 pounds per hour, 15 pounds per day or 2.7 tons per year (as determined by the Department). Should any of these limitations ever be exceeded for any of the source categories

listed, a detailed RACT analysis which meets the criteria specified in 25 Pa. Code § 129.92 must be submitted to the Department for each source contained in the respective source category.

- distillate truck loading rack
- pumps, valves and flanges
- oil/water separators
- additive tanks
- heating oil tank
- furnace

One public hearing will be held for the purpose of receiving comments on the proposed operating permit and the proposed SIP revision. The hearing will be held on April 15, 1998, at 1 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (717) 327-3659 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to do so should contact Daniel Spadoni at (717) 327-3659 or the Pennsylvania AT&T relay service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to David Aldenderfer, Air Quality Environmental Program Manager, Pennsylvania DEP, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments should be submitted by April 30, 1998.

All pertinent documents are available for review from 8 a.m. to 4 p.m. in the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling (717) 327-3693.

Proposed Revision to the State Implementation Plan for Oxides of Nitrogen and Volatile Organic Compounds; and Notice of Public Hearing

Approval of Reasonably Available Control Technology (RACT) plan for Pennsylvania House, Inc. in East Buffalo Township, Union County.

The Department of Environmental Protection (Department) has made a preliminary determination to approve a Reasonably Available Control Technology (RACT) plan and an amendment to the State Implementation Plan (SIP) for a wood furniture manufacturing facility owned and operated by Pennsylvania House, Inc. in East Buffalo Township, Union County.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into an operating permit (OP-60-0006) for the facility and will be submitted to the

United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary volatile organic compound RACT determination for this facility:

- All topcoats and sealers shall comply with the volatile organic compound content limitations specified in the EPA's CTG document "Control of Volatile Organic Compound Emissions from Wood Furniture Manufacturing Operations."
- All coatings shall comply with the applicable volatile organic compound content limitations specified in 25 Pa. Code § 129.52 unless the limitations specified in the CTG document are more restrictive in which case, they will supersede the respective § 129.52 limitations.
- Semitransparent wiping and glazing stains shall not contain volatile organic compounds in excess of 6.4 pounds per gallon of coating (minus water) as applied.
- Semitransparent spray stains and toners shall not contain volatile organic compounds in excess of 6.8 pounds per gallon of coating (minus water) as applied.
- The total volatile organic compound emissions from the "Deburg Line" shall not exceed 760 tons in any 12 consecutive month period and the total volatile organic compound emissions from the "Flat Conveyor Line" shall not exceed 267 tons in any 12 consecutive month period.
- The only solvents to be used in the wash off area and surface coating cleanup operations shall be acetone or other materials which contain no volatile organic compounds or hazardous air pollutants.
- Pennsylvania House shall develop and implement a coating transfer equipment leak inspection and maintenance plan and an operator training program.
- All containers of volatile organic compound-containing materials shall be kept closed when not in actual use.
- The combined volatile organic compound emissions from the facility's combustion sources shall not exceed 14.4 tons in any 12 consecutive month period.
- The volatile organic compound emissions from the lumber drying operation shall not exceed 3 pounds per hour, 15 pounds per day or 2.7 tons in any 12 consecutive month period.

One public hearing will be held for the purpose of receiving comments on the proposed operating permit and the proposed SIP revision. The hearing will be held on April 15, 1998 at 1 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Daniel Spadoni at (717) 327-3659 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to do so should contact Daniel Spadoni at (717) 327-3659 or the Pennsylvania AT&T relay service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to David Aldenderfer, Air Quality Environmental Program Manager, Pennsylvania DEP, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448. Comments should be submitted by April 30, 1998.

All pertinent documents are available for review from 8 a.m. to 4 p.m. in the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling (717) 327-3693.

Corrected Notice

Public Hearing

Reasonably Available Control Technology and Emission Reduction Credits

Allegheny Ludlum Corp., Washington Plant

The Department reviewed the RACT plans and ERC application and made a preliminary determination to approve these plans and amendments to the State Implementation Plan (SIP) for the above listed facilities.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approval for these facilities to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facilities and will be submitted to the United States Environmental Protection Agency (EPA) as revisions to Pennsylvania's State Implementation Plan.

Allegheny Ludlum Corporation (AL)

AL chose a case-by-case approach to meeting the requirements of 25 Pa. Code § 129.92 for the electric arc furnaces, two annealing furnaces and the batch pickling operation. AL proposes no additional controls as they were determined to be not cost effective through a top-down analysis. AL proposes to meet the presumptive RACT requirements of 25 Pa. Code § 129.93 for all other sources at this facility. The conditions of the RACT permit as proposed limit facility wide NOx emissions to 191.6 tons/yr. and facility wide VOC emissions to 4.5 tons/year.

AL has applied for ERCs for the reduction of 7.78 tons/year of NOx and 8.7 tons/year of VOC emissions generated through the shutdown of three electric arc furnaces at the Washington Facility as provided for in 25 Pa. Code § 127.207(5)(I).

A public hearing will be held to receive comments on the RACT plan and ERC approval. The hearing date is March 18 for Allegheny Ludlum at the Department of Environmental Protection Waterfront Conference Room, 500 Waterfront Drive, Pittsburgh. Deadline to register to speak is March 17.

A 30-day comment period from the date of publication will exist for the submission of written comments.

The public is invited to comment on the proposed plan and SIP revision. Persons wishing to present testimony at the hearings should contact Community Relations Coordinator Rita Zettelmayer at (412) 442-4182 by March 17, 1998.

Oral testimony will be limited to a maximum of 10 minutes and two written copies of the testimony should be provided. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to do so, should contact Rita Zettelmayor or the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearings, but wishing to comment, should provide written comments to the Department of Environmental Protection, Regional Air Quality Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for

compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Bureau of Deep Mine Safety Request for Variance

The Bureau of Deep Mine Safety has approved a request for variance from **Cyprus Emerald Resources Corporation**. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Matthew A. Bertovich by calling (724) 439-7469.

Summary of the Request: Cyprus Emerald Resources Corporation requested an increase in shelter hole distances to 150-foot centers for all mains development at the Emerald Mine.

The basis for the Bureau's approval can be summarized in the following statements:

1. Pedestrians will have the right-of-way. All vehicle operators must stop until workers are able to enter shelter hole.

2. Locomotives used to transport supplies or equipment must be of sufficient size (tonnage) to be able to stop their loads within a safe distance.

3. All vehicles will be operated at speeds that will allow controlled stops under prevailing track conditions.

4. Signs shall be posted stating the shelter hole spacing distance.

5. A means of identifying shelter hole locations shall be provided using a reflective indicator/marker which will be visible from along the track haulage travelway. Markers will be of standardized color and design.

6. Crosscuts which are used as shelter holes shall be maintained free of obstructions and debris, other than normal roof-to-ground supports. Clearance will be maintained for a depth of at least 15 feet and the entire width except for roof support.

7. Shelter holes will be maintained at all switch throws and doors.

8. Supply cars and equipment will be pulled by a locomotive in the direction of travel. When it is necessary to push nonpropelled (supply cars, and the like) track haulage equipment, it shall be done only from the last track switch. Trip lights shall be used on the end that does not have locomotive coupled.

9. Workers performing tasks, that is track repair, block repair, and the like, along track haulage roads shall be provided with flashing warning lights. These devices shall be placed in clear view of approaching haulage equipment, but as close as practicable to the work site.

10. All employes and persons entering the mine shall be trained concerning shelter hole procedure and safety precautions.

This approval is limited to a variance from the distance requirements for shelter holes contained in section 268(b) of the Bituminous Coal Mine Act. All other terms and requirements of section 268 shall remain in effect. Continued authorization for operation under the approval is contingent upon compliance with the measures described in the approved plan.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit comments, suggestions or objections within 30 days of the date of this notice as well as questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

WATER QUALITY CERTIFICATION

Requests for Certification under Section 401 of the Federal Water Pollution Control Act

The following requests have been made to the Department of Environmental Protection (Department) for certification under section 401(a) of the 1972 amendments to the Federal Water Pollution Control Act, 33 U.S.C.A. § 1341(a), that there is reasonable assurance that the construction herein described will not violate applicable Federal and State water quality standards.

Prior to final approval of the proposed certification, consideration will be given to any comments, suggestions or objections which are submitted in writing 30 days from the date of this notice. Comments should be submitted to the Department at the address indicated above each of the following requests for certification. All comments should contain the name, address and telephone number of the person commenting; identification of the certification request to which the comments or objections are addressed; and a concise statement of comments, objections or suggestions in sufficient detail to inform the Department of the exact basis of the proposal and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given comments if deemed necessary to resolve conflicts. Each individual will be notified in writing of the time and place of any scheduled hearing or conference concerning the certification request to which the protest relates. Maps, drawings and other data pertinent to the certification request are available for inspection and review at the address indicated above each request for certification between the hours of 8 a.m. and 4 p.m. on each working day.

Southeast Regional Office, Regional Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428-2233, (610) 832-6130.

Certification Request Initiated By: The Port of Philadelphia & Camden, Inc., 3460 N. Delaware Avenue—Room 207, Philadelphia, PA 19134.

Project Description/Location: The project involves the discharge of supernatant from the Ft. Mifflin Dredge Disposal Basin. The supernatant will be generated through the disposal of approximately 20,000 cubic yards of sediment dredged from the Delaware River at Pier 2 of the Philadelphia Naval Shipyard.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Second Floor, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

INDIVIDUAL PERMITS

(PAR)

APPROVALS TO USE NPDES AND/OR OTHER GENERAL PERMITS

The following parties have submitted Notices of Intent (NOIs) for coverage under (1) General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth. The approval for coverage under these general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in the general permit; (2) General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania. The approval of coverage for land application of sewage sludge or residential septage under these general permits is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection approves the following coverages under the specified General Permit.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted.

Hazle Township, Luzerne County.

The Department of Environmental Protection (Department) has completed its review of the Airport Road Act 537 Special Study (Special Study), dated July, 1997 and revised January, 1998 (received by the Department on January 13, 1998), with additional documentation dated October 13, 1997 (received by the Department on October 16, 1997), as prepared by Schumacher Engineering Inc., on behalf of Hazle Township.

The Department's review has found that the Special Study is now acceptable and hereby grants planning approval.

The Hazle Township Municipal Authority (Authority), on behalf of Hazle Township, proposes to implement Alternative No. 1 of the Special Study. Alternative No. 1 proposes the construction of a new wastewater collection and conveyance system to serve limited, specific portions of Hazle Township. The areas to be served by the proposed system are limited to those shown on Drawing No. 1 of the Special Study: the Village of Hollywood including the Woodcrest Estates Subdivision and Holly-Lynn Mobile Home Park, properties adjacent to a portion of the Airport Beltway (SR3026) from SR0309 west to the area of the Wal-Mart Super Center, properties adjacent to Old Airport Road (T-470) and Hess Road (T-499) and the Hazleton Municipal Airport. Construction of the proposed system will occur in two phases. Phase 1 will include all areas except for the Old Airport Road and Hazleton Municipal Airport Areas. Phase 2 will include only the Old Airport Road and Hazleton Municipal Airport Areas.

The wastewater collection and conveyance systems proposed will consist of approximately 13,300 lineal feet of gravity sewer lines and force main along with associated appurtenances. The conveyance system will also include the construction of a 460 gpm wastewater pumping station. The pump station's equipment will be housed in a 45 foot by 25 foot aboveground structure to be constructed along the Airport Beltway. The proposed pump station's force main will discharge its wastewater to an existing manhole located on Liberty Avenue in the Park Crest Subdivision located within Hazle Township. Wastewater will then be conveyed through existing collection and

conveyance system lines to the Greater Hazleton Joint Sewer Authority's Wastewater Treatment Facility for treatment and discharge.

Due to the project's construction, the Authority will abandon the existing Hollywood Pump Station. Wastewater from the Hollywood Collection System will be conveyed to the proposed pump station to be constructed adjacent to the Airport Beltway. The project's construction will also allow for the abandonment of the Holly-Lynn Mobile Home Park's Wastewater Treatment Facility. Several commercial establishments, including Lagana's Corporate Center, Affordable Dentures Inc., Rex TV and Appliance Inc, and the Hazleton Municipal Airport, which currently utilize holding tank facilities as their method of wastewater disposal, will be required to properly abandon their holding tanks and connect to the proposed wastewater collection system.

The proposed project will be financed through commercial and residential tapping fees, a capital contribution from the Authority's Capital Improvement Fund and a commercial bank loan obtained by the Authority.

In accordance with the provisions of the Pennsylvania Sewage Facilities Act, 35 P. S. §§ 750.1—750.20(a) (Act 537), and 25 Pa. Code Ch. 71, the Department will hold Hazle Township responsible for the complete and timely implementation of the Special Study's chosen wastewater disposal alternative. Implementation of the Special Study's chosen wastewater disposal alternative must be performed within the time frames indicated in the Special Study's Schedule of Implementation.

Any additional wastewater-related improvements, additions, deletions or changes outside of those explicitly described in the Special Study must be in compliance with the Department's regulations and be submitted to and approved by the Department in writing.

This approval covers only the wastewater planning aspects of the proposed construction project as it relates to Hazle Township's Official Sewage Facilities Plan. Before construction of the proposed project may commence, the Authority must obtain a Part II—Water Quality Management Permit from the Department. A copy of the Special Study's approval correspondence must accompany the permit application when it is submitted to the Department's Northeast Regional Office.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment Approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302), sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

Southeast Regional Office, Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E09-759. Encroachment Permit. Newtown Township, 100 Municipal Drive, Newtown, PA 18940. To construct and maintain a pedestrian bridge spanning Core Creek (CWF, MF) and associated approach grading as part of the proposed regional 3.3 mile long walking trail which will link Tyler State Park and Core Creek Park. The proposed prefabricated pedestrian bridge unit, a 60-foot long by 8-foot wide steel frame with wooden deck structure, will be placed on new reinforced concrete abutments and will have minimum underclearance of approximately 6 feet. The proposed bridge is situated within the former Newtown-Yardley Road's right-of-way, immediately upstream of the Newtown By-Pass Road (S. R. 332) at a point approximately 300 feet east of the intersection of Silver Lake Road (Langhorne, PA Quadrangle N: 19.3 inches; W: 3.7 inches) in Newtown Township, **Bucks County**. This permit was issued under section 105.13(e)

Small Projects. This permit also includes 401 Water Quality Certification.

E46-770. Encroachment Permit. **Hatfield Township**, 1950 School Road, Hatfield, PA 19440-1992. To replace the existing deteriorated and inadequate single span Line Lexington Road Bridge which crosses the Unionville Tributary of the West Branch of Neshaminy Creek (WWF-MF). The proposed single span bridge consists of composite prestressed concrete adjacent box beams with reinforced concrete slab superstructure on reinforced concrete cantilever type abutments with appurtenant wing-walls. The 40-foot clear span bridge, will have a 30-foot roadway width with a 5-foot sidewalk, and have 4 feet 10 inches of minimum underclearance. The proposed work also includes placing rip-rap stone protection along the new abutments and wing walls. This bridge is located approximately a half mile southwest of the intersection of County Line Road (S. R. 309) and Line Lexington Road (Telford, PA Quadrangle N: 5.2 inches; W: 2.8 inches) in Hatfield Township, **Montgomery County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

E09-755. Encroachment Permit. **Middletown Township**, 2140 Trenton Avenue, Levittown, PA 19056-1483. To relocate a reach of an unnamed tributary to Queen Anne Creek (WWF) into a stormwater management basin, to excavate within its assumed 100-year floodway to provide storage capacity and to construct and maintain a 45-foot extension to the upstream end of an existing 24-inch reinforced concrete stream enclosure which will disturb a total of approximately 255 feet of stream and 0.28 acre of wetland. The site is located just north of the intersection of Terrace Road and Trim Road, approximately 1,000 feet southeast of the intersection of Woodbourne Road (SR 2033) and Lincoln Highway (SR 2037) (Langhorne USGS Quadrangle N: 9.1 inches; W: 1.1 inches) in Middletown Township, **Bucks County**. This permit also approves an

Environmental Assessment for the proposed in-stream nonjurisdictional dam. This permit requires the construction of 1.3 acres of replacement wetlands.

E46-786. Encroachment Permit. **Pennsylvania Department of Transportation, District 6-0**, 200 Radnor-Chester Road, St. Davids, PA 19087-5178. To replace the existing deteriorated Bridge Road (S. R. 1015) steel truss bridge which spans Skippack Creek (TSF) at a point immediately upstream of the Evansburg State Park boundary. The proposed bridge will be constructed at the same location and includes reconstruction and relocation of approximately 650 feet of roadway bridge approaches. The proposed multiple stringer, composite steel deck bridge structure with a 78-foot single span and a minimum underclearance of 10.4 feet will be supported by reinforced concrete abutments. The width of the proposed bridge, will be increased from 16 feet to 34 feet to accommodate two lane automobile traffic. The work also will include placing a rock scour protection along abutment footings and wing walls. The bridge is located approximately 500 feet south of the intersection of Old Forty Foot Road (S. R. 1006) with Bridge Road (Collegeville, PA Quadrangle N: 19.9 inches; W: 0.4 inch) in Lower Salford and Towamencin Townships, **Montgomery County**. This permit was issued under section 105.13(e) Small Projects. This permit also includes 401 Water Quality Certification.

E23-360. Encroachment Permit. **Radnor Valley Country Club**, 555 Sproul Road, Villanova, PA 19085. To operate and maintain eight water obstructions and encroachments located at the Radnor Valley Country Club in and along Ithan Creek (CWF, MF) and an unnamed tributary to Ithan Creek for the purpose of regrading greens, tees and bunkers at 555 Sproul Road (Norristown, PA Quadrangle N: 4.4 inches; W: 16.0 inches) in Radnor Township, **Delaware County**. Appendix A is a listing of the specific water obstructions and encroachments.

Appendix A

Availability of Technical Guidance

Technical guidance documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "January 1998 Inventory" heading is the Governor's List of Nonregulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1998.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Jonathan Brightbill at (717) 783-8727.

1998 Sunset Review Schedule

This schedule includes the Department of Environmental Protection's (Department) regulations, by chapter, which will undergo a sunset review in 1998. The Department will publish an annual sunset schedule which will contain the *Pennsylvania Code* chapters which will be reviewed by the Department. Each regulation will be reviewed to determine whether the regulation effectively fulfills the goals for which it was intended and remains consistent with the following principles contained in Executive Order 1996-1 (regarding Regulatory Review and Promulgation):

1. Regulations shall address a compelling public interest.
2. Costs of regulations shall not outweigh their benefits.
3. Regulations shall be written in clear, concise and, when possible, nontechnical language.
4. Regulations shall address definable public health, safety or environmental risks.
5. Where Federal regulations exist, Pennsylvania's regulations shall not exceed Federal standards unless justified by a compelling and articulable Pennsylvania interest or required by State law.
6. Compliance shall be the goal of all regulations.
7. Where viable nonregulatory alternatives exist, they shall be preferred over regulations.
8. Regulations shall be drafted and promulgated with early and meaningful input from the regulated community.
9. Regulations shall not hamper Pennsylvania's ability to compete effectively with other states.
10. All agency heads shall be held directly accountable for regulations promulgated by their respective agencies.

The chapters listed were reviewed as part of the Department's Regulatory Basics Initiative. These chapters were reviewed to identify regulations which contain standards or requirements more stringent than Federal law; impose disproportionate economic costs; have a history of significant noncompliance; are prescriptive or technology specific; inhibit the application of new green technologies; do not support a pollution prevention approach; are obsolete or redundant; or lack clarity. This initiative will result in proposed and final rulemakings which will be listed on the Department's Regulatory Agenda, which is published semiannually in February and July.

Both the sunset review schedule and the regulatory agenda are available on the Department's World Wide Web site at <http://www.dep.state.pa.us> (choose Public Participation Center).

DEPARTMENT OF LABOR AND INDUSTRY

Health Care Services Review Division: Availability of Applications for Designation as an Impairment Rating Evaluation Physician

The Department of Labor and Industry (Department), Bureau of Workers Compensation announces that the application for designation as an Impairment Rating Evaluation (IRE) Physician is available to any physician who desires to be placed on the list of IRE physicians established in accordance with section 306(a.2) of the Workers Compensation Act (act). Qualified physicians who are placed on the Department's list will be eligible for designation by the Bureau to perform IREs.

The amendments to the Workers Compensation Act of Act 57 of 1996, established the use of the AMA Guides to the Evaluation of Permanent Impairment (Guides) to determine an employee's percentage of whole body impairment due to a compensable work-related injury after the receipt of 104 weeks of total disability benefits.

In accordance with the provisions of section 306(a.2) of the act, IRE physicians must be licensed in the Commonwealth of Pennsylvania; certified by an American Board of Medical Specialties approved board or its osteopathic equivalent; and be active in clinical practice for at least 20 hours per week. Under the Department's regulations "active in clinical practice" means the act of providing preventive care and the evaluation, treatment and management of medical conditions of patients on an ongoing basis. In addition, in order to qualify as a physician on the Department's list, the physician must have completed a Departmentally approved course on the use the AMA Guides or be certified by a Departmentally approved examining organization.

Please contact the Bureau of Workers Compensation at (717) 783-5421 Ext. 300 to request an application or to inquire about application procedures or qualification requirements for IRE physicians.

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Clarion County Project Reference No. 08430AG2168

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately eleven (11) inspectors, under the Department's Inspector-in-Charge, for construction inspection and documentation services on the following projects:

1. S. R. 0080, Section 346, Clarion County Local Name: Strattenville Rehabilitation This project involves four lane bituminous resurfacing starting at mile marker 62, which is west of Exit 10, and extends approximately 10 miles east to a point one thousand feet past the Jefferson County line. Also included are milling, paved shoulders, drainage, and bridge parapet repairs. Milling at night is possible. Shifting inspector's schedules to cover longer paving days is probable.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information section of the *Pennsylvania Bulletin*.
- b. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete, asphalt paving, drainage, roadway and structure rehabilitation.
- c. Understanding of Department's requirements, policies, and specifications.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.
- f. Past Performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	1 (1)

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	3 (3)
Transportation Construction Inspector—Materials (TCI-Materials) (NICET Highway Materials Level 2 or equivalent)	1 (1)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	5 (3)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	1 (0)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

- 1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
- 2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
- 4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
- 5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1998:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour of Inspection</i>
(TCM-1)	\$44.93
(TCIS)	\$39.36
(TCI-Materials)	\$35.51
(TCI)	\$34.43
(TA)	\$23.67

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The maximum allowable overhead rate for Department participation under this contract is 95%.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for

payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; provide certified CDS operator, nuclear gauge licensed operator, and a NECEPT Certified Field Bituminous Technician and perform other duties as may be required.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- 1 Nuclear Densometer Gauges/License at point of need
- 1 Base Radio Station
- 5 Two-Way Radios

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCM-1 and TCIS positions, giving their approval to use their name in your letter of interest for this specific project.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-1	2
TCIS	4
TCI-M	2
TCI	6

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms, (see general requirements and information section shall be sent to: Mr. Richard Hogg, P.E., District Engineer, District 10-0, P.O. Box 429, Rt. 286 South, Indiana, PA 15701.

Any technical questions concerning the requirements for this project should be directed to: Mr. Frederic M. Heilman, P.E., District 10-0, at (412) 357-4805.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Philadelphia County
Project Reference No. 08430AG2169**

The Department of Transportation will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff, under the Department's Inspector-in-Charge, to provide construction inspection services on various projects in Philadelphia County, Engineering District 6-0, on an as-needed basis. The Contract will include various roadway and bridge construction projects. The Open-End Contract will be for a period of sixty (60) months, with a maximum cost of one million (\$1,000,000) dollars.

It is anticipated that a maximum supplementary construction inspection staff of fifteen (15) inspectors will be required for this assignment.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be estab-

lished directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section of the *Pennsylvania Bulletin*.
- b. Review of inspectors' resumes with emphasis on construction inspection capabilities, Department and District experience and supervisory experience.
- c. Specialized experience in asphalt paving, structures, concrete, drainage, paint inspection and Maintenance and Protection of Traffic.

**Philadelphia County
Project Reference No. 08430AG2170**

The Department of Transportation will retain an engineering firm to perform final design and services during construction for S. R. 0095, Section RS2, Delaware Expressway (I-95) in the City of Philadelphia from Marlborough Street to Lehigh Avenue, a distance of

approximately 1.75 km (1.1 miles). The estimated construction cost of this project is \$90.0 million. The Expressway reconstruction will include interchange improvements and bridge widening, rehabilitation and replacement.

The selected firm will be required to provide the following engineering and design services: surveys; roadway design; drainage design; roadside development design; preparation of cross sections; erosion and sedimentation control design; structure design; subsurface boring, sampling and testing; point of access report preparation; transit design; noise analysis and noise wall design; preparation of traffic control, pavement marking and signing plans; traffic signal design; utility coordination; coordination with public agencies, municipal officials, and the public; preparation of final plans, specifications and estimates; shop drawing reviews; alternate design review; and consultation during construction.

Firms that are currently serving, or are being considered for selection, as municipal engineer in the municipality listed in the project description will not be considered for this assignment. Also, firms that are under contract, or are being considered, to provide engineering services to a land developer for a site located along the project will likewise not be considered for this assignment. Firms should state in the letter of interest that they are not serving in either capacity as a municipal engineer or as a representative of a site developer. Any questions concerning this requirement should be directed to Mr. Michael J. Girman, III, at the telephone number listed below.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the letter of interest in accordance with the "General Requirements and Information" section.
- b. Specialized experience and technical competence of the firm including the firm's experience with similar type projects and their ability to provide innovative solutions to complex technical problems.
- c. Experience of employees to be associated with this project. Particularly important are the key people assigned to the project including their experience and past record of performance with similar projects.
- d. Overall current workload of the firm.
- e. Past performance record.

The District will announce the firms that have been shortlisted at an open public meeting scheduled for April 17, 1998 at 10:00 A.M. in Engineering District 6-0's Large Conference Room.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section of the advertised project(s).

The second copy of letter of interest and required forms (see general requirements and information section) shall be sent to: Mr. Andrew L. Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Any technical questions concerning the requirements for this project should be directed to Mr. Timothy R. O'Brien, P.E., District 6-0, at (610) 964-6526, or Mr. Michael J. Girman, III, District 6-0, at (610) 964-6530.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division, at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest are required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to:

Mr. Charles W. Allwein, P.E., Chief
 Consultant Selection Committee
 7th Floor, Forum Place
 555 Walnut Street
 P. O. Box 3060
 Harrisburg, Pennsylvania 17105-3060

Note: The Zip Code for express Mailing is 17101-1900

The Letter of Interest and required information must be received within twenty (20) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 P.M. prevailing time of the twentieth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The Act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act, WBEs or combinations thereof.

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each Letter of Interest must include the following information and the information must be packaged and presented in the following order:

1. Transmittal Letter (Maximum of two (2) 8 1/2" x 11" typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm.

2. Project Organizational Chart (one page, one side, maximum size 11" x 17")

This Chart must show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 must be signed, dated, and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project.

Under Item 4 of this form, Column A must specify only the number of subconsultant personnel and Column B must specify only the number of prime consultant personnel to be assigned to work on this project reference number. Do not include the total personnel for either the subconsultant or prime consultant under Item 4 unless the total personnel are necessary to provide the required work and services.

The prime and each subconsultant may include no more than one page each for Items 10 and 11.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, must accompany each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a

Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the Letter of Interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These Forms must be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Form 255.

5. Workload Projection Graph (Not required for Construction Inspection Services) Separate Workload Projection Graphs for the prime and each subconsultant shown in Item 6 of the Form 255 must be included and must indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next two-year time frame. The Workload Projection Graphs must be submitted for the office(s) where the work would be performed and must only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (For Construction Inspections Services, if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees must be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary must indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2" x 11" pages or five (5) double sided 8 1/2" x 11" pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicita-

tions requested under this Notice, and/or to readvertise solicitation for the work and services.

FISH AND BOAT COMMISSION

Application for Tagged Fish Contest on Boundary Lakes

The Fish and Boat Commission (Commission) has received an application under 30 Pa.C.S. § 2907.1 and 58 Pa. Code Chapter 69, Subchapter E (relating to tagged fish contests in boundary lakes) to conduct a tagged fish contest in Lake Pymatuning. Fishing in America has applied to conduct a 60-day tagged fish contest for crappie on Lake Pymatuning during the period from May 2 through June 30, 1998. The applicant estimates that 3,500 persons will participate in this contest. The State of Ohio has issued a permit for this contest on its portion of Lake Pymatuning.

In addition to conducting the tagged fish contest described above, Fishing in America has also applied for a permit to conduct a 1-day fishing tournament on Lake Pymatuning on April 26, 1998 for the purpose of gathering crappie to be captured, tagged and released for use in the tagged fish contest.

Under the provisions of 58 Pa. Code § 69.44(b), the Commission is hereby giving the public the opportunity to offer comments, objections, protests or interventions with respect to the proposed tagged-fish contest. The Commission has established a 15-day public comment period for this application. Persons with comments, suggestions, protests or objections to the proposed tagged fish contest or who wish to intervene in the permit application process are invited to submit them to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 15 days of the date of the publication of this notice in the *Pennsylvania Bulletin*.

Lake Erie Commercial Fishing—1998

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 69.31(c), has established the total allowable 1998 commercial catch for yellow perch from the Pennsylvania waters of Lake Erie. The 1998 total allowable commercial catch for yellow perch is 35,000 pounds. The commercial fishing season for yellow perch on Lake Erie shall end when the Executive Director determines that 35,000 pounds of yellow perch probably have been taken by commercial fishing interests fishing in the Pennsylvania waters of Lake Erie.

The Executive Director of the Commission, acting under 58 Pa. Code § 69.31(b), has determined that the 1998 total allowable commercial catch of walleye from the Pennsylvania waters of Lake Erie is 18,000 pounds. The commercial fishing season for walleye on Lake Erie shall end when the Executive Director determines that 18,000 pounds of walleye probably have been taken by commercial fishing interests fishing in the Pennsylvania waters of Lake Erie.

HEALTH CARE COST CONTAINMENT COUNCIL

Mandated Benefits

Section 9 of Act 34 of 1993 requires that the Health Care Cost Containment Council (Council) review existing or proposed mandated health benefits on request of the executive and legislative branches of government. The Council has been requested by Senator F. Joseph Loeper, Chairperson of the Senate Rules Committee to review Senate Bill 39, the proposed Cancer Prevention and Early Detection Services Act which would require insurance coverage of certain cancer-related services, as well as a proposed amendment that would exclude the following from affected health insurance policies: "accident only, fixed indemnity, limited benefit, credit, dental, vision, specified disease, Medicare supplement, Civilian Health and Medical Program of the Uniform Service (CHAMPUS) supplement, long-term care or disability income, workers' compensation or automobile medical payment insurance." The amendment would also add coverage of annual digital rectal exams and PSA tests for men 40-years old and older with certain prostate cancer risk factors and would specify that the benefits be subject to the same copayment and coinsurance provisions of an insurance policy as other medical services, but shall be exempt from any deductible or dollar limit provisions.

The Council is requesting that anyone supporting or opposing these mandated insurance benefits provide six copies of documentation to the Council no later than May 29, 1998. The documentation should be mailed to Lynne A. Edris, PA Health Care Cost Containment Council, 225 Market Street, Suite 400, Harrisburg, PA 17101.

Documentation submitted should be in accordance with any or all of the following information categories described in Section 9 of Act 34:

(i) The extent to which the proposed benefit and the services it would provide are needed by, available to and utilized by the population of the Commonwealth.

(ii) The extent to which insurance coverage for the proposed benefit already exists, or if no such coverage exists, the extent to which this lack of coverage results in inadequate health care or financial hardship for the population of the Commonwealth.

(iii) The demand for the proposed benefit from the public and the source and extent of opposition to mandating the benefit.

(iv) All relevant findings bearing on the social impact of the lack of the proposed benefit.

(v) Where the proposed benefit would mandate coverage of a particular therapy, the results of at least one professionally accepted, controlled trial comparing the medical consequences of the proposed therapy, alternative therapies and no therapy.

(vi) Where the proposed benefit would mandate coverage of an additional class of practitioners, the result of at least one professionally accepted, controlled trial comparing the medical results achieved by the additional class of practitioners and those practitioners already covered by benefits.

(vii) The results of any other relevant research.

(viii) Evidence of the financial impact of the proposed legislation, including at least:

(A) The extent to which the proposed benefit would increase or decrease cost for treatment or service.

(B) The extent to which similar mandated benefits in other states have affected charges, costs and payments for services.

(C) The extent to which the proposed benefit would increase the appropriate use of the treatment or service.

(D) The impact of the proposed benefit on administrative expenses of health care insurers.

(E) The impact of the proposed benefits on benefits costs of purchasers.

(F) The impact of the proposed benefits on the total cost of health care within this Commonwealth.

Mandated Benefits

Section 9 of Act 34 of 1993 requires that the Health Care Cost Containment Council (Council) review existing or proposed mandated health benefits on request of the executive and legislative branches of government. The Council has been requested by Senator F. Joseph Loeper, Chairperson of the Senate Rules Committee, to review House Bill 656, which would mandate insurance benefits for certain diabetic supplies and services, require any insurer underwriting Medicare or Medicaid insurance for Pennsylvania residents to provide coverage for hearing aids in accordance with the "Hearing Aid Sales Registration Law," as well as a proposed amendment which would define the term "orthotics" in the bill to include "orthotics related to the treatment of diabetes illness" and require that services must be provided "by an individual with expertise in diabetes self-management, training and education."

The Council is requesting that anyone supporting or opposing these mandated insurance benefits provide six copies of documentation to the Council no later than May 29, 1998. The documentation should be mailed to Lynne A. Edris, PA Health Care Cost Containment Council, 225 Market Street, Suite 400, Harrisburg, PA 17101.

Documentation submitted should be in accordance with any or all of the following information categories described in Section 9 of Act 34:

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

Regulation Approved:

#1891 Corrections #19-1: State Correctional Institutions and Facilities (amends 37 Pa. Code Chapter 93)

Commissioners Present: John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson; Arthur Cocodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
February 26, 1998

Department of Corrections—State Correctional Institutions and Facilities; Doc. No. 19-1

Order

On September 24, 1997, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Corrections (Department). This rulemaking amends 37 Pa. Code Chapter 93. The authority for this regulation is the Prison Medical Services Act of 1996 (61 P. S. § 1014) and Act 53 of 1996 (71 P. S. § 310-3). The proposed regulation was published in the October 4, 1997 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 29, 1998.

The regulation establishes a program requiring inmates in State correctional institutions and facilities to pay a fee to cover a portion of the actual costs of the medical services provided. Additionally, Act 53 of 1996 requires the Department to implement a system whereby inmates who are covered by medical insurance are to pay for their own medical needs through their insurance, consistent with the terms of the policy.

We have reviewed this regulation and find it to be in the public interest. The Department estimates that implementation of the program will save the Commonwealth approximately \$180,000 to \$202,000 per year in the provision of medical services. In addition, the Department estimates that \$380,000 per year will be generated from the copayments. This regulation is consistent with the Prison Medical Services Act of 1996 and Act 53 of 1996.

Therefore, It Is Ordered That:

1. Regulation No. 19-1 from the Department of Corrections, as submitted to the Commission on January 29, 1998, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing, as authorized by section 9(a) of the act of June 5, 1968 (P. L. 140, No. 78) (40 P. S. § 1008.9(a)) in connection with his company's termination of the insured's automobile policies.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Ronald J. Junker; file no. 97-265-37410; Erie Insurance Exchange; doc. no. PH98-02-019; April 14, 1998, 11 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files, documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The insured must bring any evidence which the insured may want to offer at the hearing. The hearing will be held in accordance with the requirements of sections 9 and 10 of the act (40 P. S. §§ 1008.9 and 1008.10) and 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure).

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

PENNSYLVANIA ECONOMIC DEVELOPMENT FINANCING AUTHORITY

Pennsylvania Community Development Bank; Capacity Building Grant Guidelines and Workshop

The 1997-98 Appropriation Act (Act 4A of 1997), as amended, includes \$15 million for the Pennsylvania Community Development (PCD) Bank program. The program does not constitute an institution chartered by the Department of Banking or any Federal agency. The Pennsylvania Economic Development Financing Authority (Authority) will administer the PCD Bank.

The PCD Bank will provide grant and loan assistance to Community Development Financial Institutions (CDFIs) and other community-based organizations. The PCD Bank, through CDFIs it assists, will make capital available for community and economic development to revitalize disadvantaged areas and provide economic opportunities for low-income people. The PCD Bank is a key component of Governor Ridge's Project for Community Building.

The PEDFA Board approved the PCD Bank's Capacity Building Grant Guidelines governing the distribution of grants to nonprofit CDFIs and certain other nonprofit organizations. These grants are available in the following categories:

Track 1. Startup Grants: These grants are to assist nonprofit organizations to attain accreditation standards defined by the PCD Bank and for Accredited CDFIs to startup operations in a new geographic service area.

Track 2. Expansion Grants: These grants are to expand the operation and programs of Accredited CDFIs that are also nonprofit organizations.

Track 3. Development Services Grants: These grants to nonprofit technical assistance providers, including both CDFIs and nonCDFI technical assistance providers working with CDFIs, are to build the capacity of CDFI business borrowers and expand business lending markets for CDFIs. These grants will provide technical assistance and capacity building services to small businesses and other potential borrowers of CDFIs or community lending programs.

The Authority and the Department of Community and Economic Development (DCED) will conduct a workshop to provide program information about the PCD Bank Capacity Building Grant Guidelines. The application process and information about program requirements will be covered for each of the three tracks described. Breakout sessions for each of the three grant tracks will be held during the workshop. The workshop will be held on April 7, 1998 from 9:30 a.m. until 4:30 p.m. at the Radisson

Penn Harris Hotel and Convention Center, in Camp Hill, PA. Interested applicants are encouraged to attend this workshop.

Potential applicants can obtain a copy of the guidelines and can register for the workshop by calling the DCED Customer Service Center at (800) 379-7448.

Workshop space is limited. No more than two persons should attend from each organization. Space will be filled on a first-come, first served basis. There is no registration fee for the workshop; however, preregistration is requested. Persons with a disability who wish to attend the workshop and require an auxiliary aid, service or other accommodation to participate in the workshop should contact the Customer Service Center to discuss how those needs may be best accommodated. Text Telephone (TT) calls can be placed through the Pennsylvania Relay System at (800) 654-5984. Calls will be relayed to the phone number listed above.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
