READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PART I. GENERAL

[231 PA. CODE CHS. 1900, 1910 AND 1930]

Amendments to the Rules of Civil Procedure Relating to Protection from Abuse Actions, Support and Custody Mediation

Recommendation 51

The Domestic Relations Procedural Rules Committee proposes the following amendments to Rules of Civil

Procedure 1905, 1910.10, 1910.16-1, 1910.16-2, 1910.16-3, 1910.16-4 and 1910.16-6 and new Rule 1940.9. The Committee solicits comments and suggestions from all interested persons prior to submission of these proposed amendments to the Supreme Court of Pennsylvania.

Written comments relating to the proposed amendments must be received no later than Friday May 5, 2000 and must be directed to: Patricia A. Miles, Counsel, Domestic Relations Procedural Rules Committee, 5035 Ritter Road, Suite 700, Mechanicsburg, PA 17055, FAX (717) 795-2116, E-mail: patricia.miles@supreme.court.state.pa.us.

The notes and explanatory comments which appear in connection with the proposed amendments have been inserted by the Committee for the convenience of those using the rules. They will not constitute part of the rules and will not officially be adopted or promulgated by the Supreme Court.

Rule 1910.16-1. Amount of Support. Support Guidelines.

* * * * *

(b) The amount of support (child support, spousal support or alimony pendente lite) to be awarded pursuant to the procedures under Rules 1910.11 and 1910.12 shall be determined in accordance with the support guidelines which consist of the guidelines expressed as the child support schedule [and the chart of proportional expenditures] set forth in Rule 1910.16-3, the formula set forth in Rule 1910.16-4 and the operation of the guidelines as set forth in these rules.

* * * * *

Rule 1910.16-2. Support Guidelines. Calculation of Net Income.

* * * * *

(b) *Treatment of Public Assistance, [and] SSI Benefits and Social Security Payments to a Child Due to a Parent's Disability or Retirement.*

(1) Neither public assistance nor Supplemental Security Income (SSI) benefits shall be counted as income for purposes of determining support.

(2) If a child for whom support is sought is receiving social security retirement or disability derivative benefits as a result of a parent's age or disability, the benefits the child receives shall be added to the monthly net incomes of the obligor and obligee to calculate the combined income available for support on the vertical axis of the basic child support schedule set forth in Rule 1910.16-3. The presumptive amount of support as set forth on the schedule at the combined income of obligee, obligor and child's benefits shall then be reduced by the amount of the child's social security or disability derivative benefits before apportioning the remaining support obligation between the parties pursuant to Rule 1910.16-4.

Example. If the obligor has net monthly income of \$1200 per month; and the obligee has net monthly income of \$800; and the child receives social security derivative benefits of \$300 per month as a result of either the obligor's or obligee's retirement or disability, then the total combined net income is \$2,300. Using the schedule at Rule 1910.16-3 for one child, the amount of support is \$539 per month. From that amount, subtract the amount the child is receiving in social security derivative benefits (\$539 minus \$300 equals \$239). Then, apply the formula at Rule 1910.16-4 to apportion the remaining child support amount of \$239 between the obligor and the obligee in proportion to their respective incomes. Obligor's \$1200 net income per month is 60% of the total of obligor's and obligee's combined net monthly income. Thus, obligor's support obligation would be 60% of \$239, or \$143.40, per month.

* * * * *

(c) *Monthly Net Income.*

(1) Unless otherwise provided in [this Rule] these rules, the court shall deduct only the following items from monthly gross income to arrive at net income:

* * * * *

(e) *Net Income Affecting Application of the Child Support Guidelines.*

* * * * *

(2) *High Income Child Support Cases.*

When the parties' combined net income exceeds \$15,000 per month, child support shall be calculated pursuant to *Melzer v. Witsberger*, 505 Pa. 462, 480 A.2d 991 (1984). The presumptive minimum amount of child support shall be obligor's percentage share of the highest amount of support which can be derived from the schedule [or the chart] for the appropriate number of children and using the parties' actual combined income to determine obligor's percentage share of this amount. The court may award an additional amount of child support based on the [remaining] parties' combined income and the factors set forth in *Melzer*. **The Melzer analysis in high income child support cases shall be applied to all of the parties' income, not just to the amount of income exceeding \$15,000 per month. In a Melzer analysis case, the presumptive minimum remains applicable.**

For example, where obligor and obligee have monthly net incomes of \$17,000 and \$4,000 respectively, the presumptive minimum amount of child support for three children is calculated as follows: using the formula in Rule 1910.16-4, determine the parties' percentage shares of income based on their actual combined income—81% and 19% respectively of \$21,000. Using the schedule [or chart] in Rule 1910.16-3, find the highest possible combined child support obligation for three children — \$3,480. Obligor's percentage share of the combined obligation is 81% of \$3,480, or \$2,818. This is the presumptive minimum amount of child support that he or she must pay for three children. Since this amount is derived from the schedule [or chart] in Rule 1910.16-3, [both of] which [are] is limited to combined household income of \$15,000, the court may award an additional amount of support based on [the parties' remaining income of \$6,000 and] the factors set forth in *Melzer*.

Rule 1910.16-3. Support Guidelines. Basic Child Support Schedule. [and Chart of Proportional Expenditures]

[(a) *Basic Child Support Schedule.*] The following schedule sets forth the amounts spent on children in intact families by combined income and number of children. Combined income is on the vertical axis of the schedule and number of children is on the horizontal axis of the schedule. This schedule is used to find the basic child support obligation. Unless otherwise provided in these Rules, the obligor's share of the basic support obligation shall be computed using the formula set forth in Part I of Rule 1910.16-4.

* * * * *

[(b) *Chart of Proportional Expenditures.* The following chart sets forth the proportion of combined monthly net income spent on children by income level. It is used to find the parties' basic child support obligation. Unless otherwise provided in these Rules, the obligor's share of the basic support obligation shall be computed using the formula set forth in Part I of Rule 1910.16-4.

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation. Formula.

(a) The following formula shall be used to calculate the obligor's share of the basic guideline child support, spousal support and/or alimony pendente lite obligation:

PART I. BASIC CHILD SUPPORT.

* * * * *

6. BASIC CHILD SUPPORT OBLIGATION (Determine [**either**] from Schedule based on number of children and line 5 combined monthly net income) [**OR from Chart by finding proportion of combined income spent on the children**]

* * * * *

(c) *Substantial or Shared Physical Custody.*

* * * * *

(3) This subdivision shall not apply when the obligor's income falls within the shaded area of the schedule in Rule 1910.16-3[(a)] or when the obligee's income is 10% or less of the parties' combined income.

(d) *Divided or Split Physical Custody.*

(1) When calculating a child support obligation, and one or more children reside with each party, the court shall offset the parties' respective child support obligations and award the net difference to the obligee as child support. For example, if the parties have three children, one of whom resides with Husband and two of whom reside with Wife, and their net monthly incomes are \$1,500 and \$800 respectively, Husband's child support obligation is calculated as follows. Using the formula with [**either**] the schedule [**or the chart**] in Rule 1910.16-3 for two children, Husband's support obligation for the two children living with Wife is \$508. Using the formula with the schedule [**or chart**] in Rule 1910.16-3 for one child, Wife's support obligation for the child living with Husband is \$188. Subtracting \$188 from \$508 produces a net support amount of \$320 payable to Wife as child support.

* * * * *

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation.

* * * * *

(b) *Health Insurance Premiums.*

* * * * *

(4) **In cases in which the obligor is paying the cost of health care coverage and the obligee has no income or minimal income such that the obligor will bear 90% or more of the proportional share of the cost of the health insurance premiums, the trier of fact may, as fairness requires, either deduct part or all of the cost of the premium so paid from the obligor's gross income to determine net income or, in the alternative, reduce the obligor's basic support obligation under the guidelines by part or all of the amount of the health insurance premium the obligor actually pays on behalf of the other party or the children. If either of these alternatives is used, then the allocation of premium costs as set forth in (b)(1) above shall not be applied.**

Official Note: Subdivision (b) of this Rule does not apply to Medical Assistance. See 23 Pa.C.S. § 4326(l).

* * * * *

(e) *Mortgage Payment.* The guidelines assume that the spouse occupying the marital residence will be solely responsible for the mortgage payment, real estate taxes, and homeowners' insurance. Similarly, the court will assume that the party occupying the marital residence will be paying the items listed unless the recommendation specifically provides otherwise. If the obligee is living in the marital residence and the mortgage payment exceeds 25% of the obligee's net income (including amounts of spousal support, APL and child support), the court may direct the obligor to assume up to 50% of the excess amount as part of the total support award. For purposes of this subdivision, the term "mortgage" shall include[s] first [**and subsequent**] mortgages, **real estate taxes and homeowners' insurance** and may include any subsequent mortgages, home equity loans and any other obligations incurred during the marriage which are secured by the marital residence.

Rule 1940.9.

These rules shall not affect any existing mediation program established in any judicial district pursuant to local rule prior to October 29, 1999. However, any changes or amendments to any existing program shall be consistent with these rules.

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CH. 20]

Proposed Amendment to Rule 22: Location of Proceedings before Issuing Authorities

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania adopt changes to Rule 22 (Location of Proceedings Before Issuing Authority). This proposal would allow the president judge of a judicial district to establish procedures for conducting summary trials at a centralized location within the judicial district. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note the Committee's Reports should not be confused with official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report.

We request that interested persons submit suggestions, comments, or objections concerning central courts for summary trials to the Committee through counsel,

Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901 no later than Wednesday, April 5, 2000.

J. MICHAEL EAKIN,
Chair

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 20. ISSUING AUTHORITIES: VENUE, LOCATIONS, AND RECORDING OF PROCEEDINGS

Rule 22. Location of Proceedings Before Issuing Authority.¹

[(a)] (A) An issuing authority within the magisterial district for which he or she is elected or appointed shall have jurisdiction and authority at **[ANY TIME OTHER THAN DURING HIS OR HER ESTABLISHED OFFICE HOURS] ALL TIMES** to receive complaints, issue warrants, hold preliminary arraignments, fix and take bail, **[and]** issue commitments to jail, **AND HOLD HEARINGS AND summary TRIALS. [AT HIS RESIDENCE WITHIN THE MAGISTERIAL DISTRICT, BUT ALL HEARINGS AND TRIALS BEFORE SUCH ISSUING AUTHORITY SHALL BE HELD PUBLICLY AT HIS ESTABLISHED OFFICE, OR AT ANOTHER LOCATION, WITHIN OR WITHOUT THE MAGISTERIAL DISTRICT, DESIGNATED BY THE PRESIDENT JUDGE, UNLESS AN EMERGENCY EXISTS OR THE NUMBER OF PERSONS LAWFULLY ASSEMBLED AND ENTITLED TO BE PRESENT IS TOO GREAT TO BE ACCOMMODATED IN SUCH PLACE, IN WHICH EVENT THE HEARING OR TRIAL MAY BE ADJOURNED AS QUICKLY AS MAY BE, TO A SUITABLE PLACE, WITHIN THE MAGISTERIAL DISTRICT.]**

(1) EXCEPT AS PROVIDED IN PARAGRAPH (A)(2), ALL PRELIMINARY ARRAIGNMENTS SHALL BE HELD IN THE ISSUING AUTHORITY'S ESTABLISHED OFFICE, A NIGHT COURT, OR SOME OTHER FACILITY WITHIN THE COMMONWEALTH DESIGNATED BY THE PRESIDENT JUDGE, OR THE PRESIDENT JUDGE'S DESIGNEE.

(2) PRELIMINARY ARRAIGNMENTS MAY BE CONDUCTED USING ADVANCED COMMUNICATION TECHNOLOGY PURSUANT TO RULE 140. THE PRELIMINARY ARRAIGNMENT IN THESE CASES MAY BE CONDUCTED FROM ANY SITE WITHIN THE COMMONWEALTH DESIGNATED BY THE PRESIDENT JUDGE, OR THE PRESIDENT JUDGE'S DESIGNEE.²

(3) ALL HEARINGS AND summary TRIALS BEFORE THE ISSUING AUTHORITY SHALL BE HELD PUBLICLY AT THE ISSUING AUTHORITY'S ESTABLISHED OFFICE, UNLESS, FOR REASONS OF EMERGENCY, SECURITY, SIZE, OR SOME OTHER JUSTIFICATION, THE PRESIDENT JUDGE, OR THE PRESIDENT JUDGE'S DESIGNEE, DIRECTS THAT THE HEARING OR summary TRIAL BE HELD IN ANOTHER MORE SUITABLE LOCATION WITHIN THE JUDICIAL DISTRICT.

(4) THE ISSUING AUTHORITY MAY RECEIVE COMPLAINTS, ISSUE WARRANTS, FIX AND TAKE BAIL, AND ISSUE COMMITMENTS TO JAIL FROM ANY LOCATION WITHIN THE JUDICIAL

¹For the convenience of the bench and bar, the Committee has shown all the proposed Rule 22 changes, both the changes that were published previously concerning the location from which an issuing authority may conduct business and hold hearings and trials, see 29 Pa.B. 2664 (May 22, 1999), which are indicated in SMALL CAPITAL LETTERS, and the changes in the present proposal concerning central courts for summary trials. Since the Committee has received comments on the previously published proposal, we are seeking input only concerning the addition of summary trials and central courts.

²The changes here and elsewhere in the rule concerning advanced communication technology are part of a separate proposal. This language has not been adopted by the Court; it is provided as a convenience for the bench and bar.

DISTRICT, OR AN ADVANCED COMMUNICATION TECHNOLOGY SITE WITHIN THE COMMONWEALTH.

[(b)] (B) WHEN LOCAL CONDITIONS REQUIRE, [The] the [President] president [Judge] Judge shall [, WHERE LOCAL CONDITIONS REQUIRE,] establish procedures [WHEREBY, IN ALL OR CERTAIN CLASSES OF CASES,] FOR preliminary hearings or summary trials IN ALL CASES, OR IN CERTAIN CLASSES OF CASES, [MAY] TO be held at a central place or places within the [Judicial] judicial [District] district at certain specified times. The procedures established shall provide either for the transfer of the case or the transfer of the issuing authority to the designated central place as the needs of justice and efficient administration require. [WHEN THE DEFENDANT OR HIS COUNSEL AND THE ATTORNEY FOR THE COMMONWEALTH AGREE, THE PRELIMINARY HEARING SHALL BE HELD AT THE ESTABLISHED OFFICE OF THE ISSUING AUTHORITY WHO RECEIVED THE COMPLAINT.]

Official Note: Formerly Rule 156, paragraph **[(a)] (A)** adopted January 16, 1970, effective immediately; **[Paragraph] Paragraph [(a)] (A)** amended and paragraph **[(b)] (B)** adopted November 22, 1971, effective immediately; renumbered September 18, 1973, effective January 1, 1974; amended _____, 2000, effective _____, 2000.

Comment

THE 2000 AMENDMENTS TO PARAGRAPH (A) DIVIDED THE PARAGRAPH INTO SUBPARAGRAPHS TO MORE CLEARLY DISTINGUISH BETWEEN THE LOCATIONS FOR THE DIFFERENT TYPES OF PROCEEDINGS AND BUSINESS THAT AN ISSUING AUTHORITY CONDUCTS.

SEE RULE 140 AND COMMENT FOR THE PROCEDURES GOVERNING THE USE OF ADVANCED COMMUNICATION TECHNOLOGY IN PRELIMINARY ARRAIGNMENTS.

SEE RULE 21 CONCERNING THE VENUE WHEN THE PROCEEDINGS ARE CONDUCTED BY USING ADVANCED COMMUNICATION TECHNOLOGY.

Paragraph **[(b)] (B)** of this rule is intended to facilitate compliance with the requirement that defendants be represented by counsel at the preliminary hearing. *Coleman v. Alabama*, 399 US 1, 90 S.Ct. 1999 (1970).

[THIS RULE] PARAGRAPH (A)(4) PERMITS ISSUING AUTHORITIES TO PERFORM THEIR OFFICIAL DUTIES FROM AN ADVANCED COMMUNICATION TECHNOLOGY SITE. THE SITE MAY BE LOCATED OUTSIDE THE MAGISTERIAL DISTRICT OR JUDICIAL DISTRICT WHERE THE ISSUING AUTHORITY PRESIDES. SEE RULE 3 FOR THE DEFINITION OF "ADVANCED COMMUNICATION TECHNOLOGY."

This rule allows the **[President Judge] president judge** of a **[Judicial District] judicial district** the discretion to determine what classes of cases require centralized preliminary hearings or summary trials, and requires **[HIM] THE PRESIDENT JUDGE, OR THE PRESIDENT JUDGE'S DESIGNEE**, to establish a schedule of central places **WITHIN THE COMMONWEALTH** to conduct such hearings or summary trials and the hours **[THEREOF] FOR THE HEARINGS OR TRIALS AT THE CENTRAL LOCATIONS.**

Ideally, this rule should minimize the inconvenience to defense counsel and the attorney for the Commonwealth by eliminating the necessity of travel at various unpredictable times to many different locations throughout the

[**Judicial District**] **Judicial district** for the purpose of attending preliminary hearings **or summary trials**. [**HOWEVER, WHERE IT IS CONVENIENT TO HOLD THE PRELIMINARY HEARING IN THE MAGISTERIAL DISTRICT WHERE THE CASE AROSE, THE RULE ALLOWS THE PARTY TO SO STIPULATE.**] Finally, this rule allows preliminary hearings **or summary trials** for jailed defendants to be held at a location close to the place of detention.

COMMITTEE EXPLANATORY REPORTS:

Report explaining the proposed amendments published at 29 Pa.B. 2665 (May 22, 1999).

Report explaining the proposed amendments published at 30 Pa.B. 1362 (March 11, 2000).

Report

Proposed Amendment of Pa.R.Crim.P. 22

Centralized Courts for Summary Trials

The Committee is proposing that Rule 22 (Location of Proceedings Before Issuing Authority) be amended to clarify that the president judge of a judicial district may establish procedures for summary trials to be held at a centralized location within the judicial district.

Over the past several months, the Committee has been reviewing the provisions of Rule 22. As part of this review, we have proposed changes about the locations from which an issuing authority may conduct business within a judicial district. See 29 Pa.B. 2664 (May 22, 1999). As we evaluated the comments in response to our publication of this proposal, some members pointed out that the language in paragraphs (A) and (B) may be perceived as inconsistent—if the district justice has jurisdiction to conduct hearings and trials in their regular business office, paragraph (A), why wouldn't the same be true if the president judge has established a central court pursuant to paragraph (B). During our discussions, the Committee believed the same reasons for establishing a central court for preliminary hearings apply to summary trials, including 1) minimizing the inconvenience to counsel by eliminating travel to many locations throughout the judicial district; and 2) allowing summary trials for jailed defendants to be held at a location close to the place of detention. Accordingly, the Committee agreed to propose amendments to Rule 22 to specifically permit the president judge to establish central courts for summary trials when there is a need in the judicial district. The proposed changes to Rule 22 would not mandate that central courts be established for summary trials, but are discretionary, providing each president judge with the option to establish a central court for summary trials. Accordingly, the Committee is proposing that Rule 22 be amended as follows:

- paragraph (A) would be amended by adding “summary” after “hold hearings and”

- paragraph (A)(3) would be modified from the version of Rule 22 published in May 1999 by the insertion of “summary” before “trials” in the first line, and “trial” in the last line

- paragraph (B) would be amended by adding the language “and summary trials” after “preliminary hearings”

- the Comment would be revised so that the language would conform to the language in the rule.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Commerce Case Management Program; Administrative Doc. 01 of 2000

And Now, this 22nd day of February, 2000, it is hereby *Ordered and Decreed* that the following protocols shall apply to all civil cases within the Commerce Case Management Program on or after January 1, 2000:¹

*Commerce Case Management Program:
Procedure for Disposition of Commerce Program Cases
Filed on and after January 1, 2000*

A Commerce Case Management Program (“Commerce Program”) is hereby established within the Trial Division of the Court of Common Pleas.

A. Organization

1. *Judges*. Initially, two judges shall be assigned by the Administrative Judge to the Commerce Program. The number of Commerce Program Judges may thereafter be adjusted by the Administrative Judge consistent with the caseload of the Program.

2. *Filings & Listings*. Upon consultation with the Administrative Judge and the Commerce Program Judges, with the goal of ease of access by the Commerce Program Judges and their staff, the parties and the public, the Prothonotary shall establish procedures for maintenance of filings and listings in actions assigned to the Commerce Program.

B. Assignment of Cases Subject to Commerce Program

1. *Cases Subject to Commerce Program*. Notwithstanding anything to the contrary in General Court Regulation 95-2 (Day Forward Program) or any other General Court Regulation, Jury, Non-Jury & Equity, and Class Action cases filed on or after January 1, 2000, but not Arbitration cases, shall be assigned to the Commerce Program if they are among the following types of actions:

1. Actions relating to the internal affairs or governance, dissolution or liquidation, rights or obligations between or among owners (shareholders, partners, members), or liability or indemnity of managers (officers, directors, managers, trustees, or members or partners functioning as managers) of business corporations, partnerships, limited partnerships, limited liability companies or partnerships, professional associations, business trusts, joint ventures or other business enterprises, including but not limited to any actions involving interpretation of the rights or obligations under the organic law (e.g., Pa. Business Corporation Law), articles of incorporation, by-laws or agreements governing such enterprises;

¹The original protocols contained in Administrative Docket 01 of 1999 (Order of 11/9/99) are hereby amended to clarify that discovery motions should be processed through Discovery Court rather than Motion Court (¶ D6) and further amended to state that a decision regarding whether a case shall be assigned to the Commerce Program is not appealable (¶ B4). Other minor language changes have also been made.

2. Disputes between or among two or more business enterprises relating to transactions, business relationships or contracts between or among the business enterprises. Examples of such transactions, relationships and contracts include:

- a. Uniform Commercial Code transactions;
- b. Purchases or sales of businesses or the assets of businesses;
- c. Sales of goods or services by or to business enterprises;
- d. Non-consumer bank or brokerage accounts, including loan, deposit cash management and investment accounts;
- e. Surety bonds;
- f. Purchases or sales or leases of, or security interests in, commercial, real or personal property; and
- g. Franchisor/franchisee relationships.

3. Actions relating to trade secret or non-compete agreements;

4. "Business torts," such as claims of unfair competition, or interference with contractual relations or prospective contractual relations;

5. Actions relating to intellectual property disputes;

6. Actions relating to securities, or relating to or arising under the Pennsylvania Securities Act;

7. Derivative actions and class actions based on claims otherwise falling within these ten types, and consumer class actions other than personal injury and products liability claims;

8. Actions relating to corporate trust affairs;

9. Declaratory judgment actions brought by insurers, and coverage dispute and bad faith claims brought by insureds, where the dispute arises from a business or commercial insurance policy, such as a Comprehensive General Liability policy, and;

10. Third-party indemnification claims against insurance companies where the subject insurance policy is a business or commercial policy and where the underlying dispute would otherwise be assigned to the Commerce Program, not including claims where the underlying dispute is principally a personal injury claim.

All of the above types of actions may involve individuals named as parties, in addition to business enterprises, so long as all other criteria are met and the essential nature of the litigation is a business dispute. For example, a dispute over a commercial loan may include individual guarantors as either plaintiffs or defendants, as the case may be, but such a lawsuit would still be a commercial dispute.

2. *Cases Not Subject to the Commerce Program.* The following types of matters are not to be included in the Commerce Program:

1. Matters subject to Compulsory Arbitration in this Court or to the jurisdiction of the Municipal Court, including any appeals.

2. Personal injury, survival or wrongful death matters.

3. Individual (non-class) consumer claims against businesses or insurers, including products liability and personal injury cases.

4. Matters involving occupational health or safety.

5. Environmental claims not involved in the sale or disposition of a business and other than those addressed in Commerce Program types 9 or 10 above.

6. Matters in eminent domain.

7. Malpractice claims, other than those brought by business enterprises against attorneys, or accountants, architects or other professionals in connection with the rendering of professional services to the business enterprise.

8. Employment law cases, other than those referenced in Commerce Program type 3 above.

9. Administrative agency, tax, zoning and other appeals.

10. Petition Actions in the nature of Change of Name, Mental Health Act Petitions, Petitions to Appoint an Arbitrator, Government Election Matters, Leave to Issue Subpoena, Compel Medical Examination.

11. Individual residential real estate and non-commercial landlord-tenant disputes.

12. Domestic relations matters, and actions relating to distribution of marital property, custody or support.

13. Any matter required by statute, including 20 Pa.C.S. Chapter 7, §§ 711 & 713, to be heard in the Orphans' Court or Family Court Division of the Philadelphia Court of Common Pleas, or other matter which has heretofore been within the jurisdiction of the Orphans' Court or Family Court Division of this Court.

14. Any criminal matter other than criminal contempt in connection with a Commerce Program action.

15. Such other matters as the Court shall determine.

3. *Assignments Based on the Civil Cover Sheet.* The Civil Cover Sheet, effective January 1, 2000, shall include a box in which the attorney signing the sheet must certify that the action is, or is not, subject to the Commerce Program. A "Commerce Program Addendum to Civil Cover Sheet," a sample of which is attached as Exhibit "A," is hereby required to be filed with all initial filings (i.e., all filings requiring a Civil Cover Sheet) subject to the Commerce Program, filed on or after January 1, 2000. The attorney shall indicate on the Commerce Program Addendum filed with any filing denoted as a Commerce Program matter, the applicable type or types of action which result in the matter being assigned to the Commerce Program. An attorney's signature on the Civil Cover Sheet shall constitute certification that the matter is or is not subject to the Commerce Program, as indicated on the Civil Cover Sheet and Addendum. A copy of the Civil Cover Sheet, including any Commerce Program Addendum, shall be served with the original process served on all parties.

All actions designated into the Commerce Program pursuant to the Commerce Program Addendum are hereby assigned to the Commerce Program and to the individual calendar of one of the Commerce Program Judges, who shall be assigned according to a random procedure established by the Administrative Judge. This assignment shall be noted on the Docket. All further filings in the matter shall state prominently in the caption and on any cover sheets that the matter is "ASSIGNED TO COMMERCE PROGRAM."

4. *Disputes Arising From the Civil Cover Sheet Designation.* If any party disagrees with the designation or lack of designation of a case into the Commerce Program, that party shall file with Civil Listings Room 296 City Hall, to be referred to the Administrative Judge for

decision (which shall not be subject to appeal), and serve on all parties a Notice of Management Program Dispute, in the Form attached as Exhibit "B" and not exceeding three pages, as soon as practical, and no later than the earliest of (a) the filing by that party of any pleading, motion or response to motion, (b) ten days in advance of a noticed case management conference or (c) thirty days after service of process. Any party opposing the Notice of Management Program Dispute may, but need not, submit a response thereto not exceeding three pages (to Civil Listings Room 296 City Hall) within ten days of service of the Notice.

In the event of the service of a Notice of Management Program Dispute, a copy of that Notice shall be attached to and referenced in all motions and responses to motions filed by any party pending the resolution of the management program dispute.

C. Commencement of Action

All subject actions shall be commenced as provided in Pa.R.C.P. 1007. Philadelphia Civil Rule *205.2 shall be followed. As noted above, in all cases, not just those designated into the Commerce Program, a copy of the Civil Cover Sheet, including any Commerce Program Addendum, shall be served with original process served on all parties.

All jury demands shall be perfected in accordance with Pa.R.C.P. 1007.1 and Phila. Civ. R. *1007.1.

A party seeking emergency relief immediately upon commencing an action subject to the Commerce Program shall follow the procedure set forth in part D.7. below (Rules to Show Cause and Emergency Motions and Petitions).

D. Case Management Procedures

1. *Authority Over Commerce Program Status:* When there is a dispute whether the case is properly assigned to the Commerce Program, the decision will be made by the Administrative Judge. If the Civil Case Manager conducting a case management conference or any party objects as to the Commerce Program assignment, the Case Manager will forward the dispute to the Administrative Judge.

2. *Alternative Procedures Available:* The Commerce Program Judge, in his/her discretion, may, upon application of any party or upon his/her own initiative, modify these procedures. Requests for changes in these procedures will be made by filing a Petition for Extraordinary Relief (which Petition calls for a ten-day response time).

3. *The Case Management Conference:* Typically, notice of a Case Management Conference ("CMC") will be sent to counsel and unrepresented parties (sixty days after filing) scheduling the CMC for approximately ninety days after filing. In certain circumstances, the CMC may be scheduled through the Commerce Program Judge.

a. *Presiding Officer:* Unless otherwise ordered, the CMC shall be conducted by a Civil Case Manager designated by the Court, acting on behalf of the assigned Commerce Program Judge.

b. *Issues to be Addressed:* The following subjects, along with other appropriate topics, such as service of process, venue, pleadings, discovery, possible joinder of additional parties, theories of liability, damages claimed and applicable defenses (see also Pa.R.C.P. 213.3), will be discussed.

(1) Means for Early Disposition

a. Timing and potential forms of Alternative Dispute Resolution (ADR). The case manager will make available the list of Commerce Program Judges Pro Tempore (as provided by the Business Litigation Committee of the Philadelphia Bar Association).

b. Scheduling pre-discovery dispositive motions, only if oral argument is needed. (Whether to hear oral argument is up to the Commerce Program Judge). The Commerce Program Judge will likely have a half day set aside for hearing Motions and Rules.

c. Scheduling limited-issue discovery in aid of early dispositive motions. The Case Manager will advise counsel of the half day Discovery Program set up for that Commerce Program Judge.

(2) Schedules and Deadlines

a. Assignment to a Case Management Track and issuance of a Case Management Order ("CMO"), which will set forth a target trial date, deemed the earliest trial date pursuant to Pa.R.C.P. 212.1.

b. A discovery plan and schedule based on the CMO date for the completion of discovery.

c. Anticipated areas of expert testimony, timing for identification of experts, responses to expert discovery, exchange of expert reports (reference to the CMO).

(3) Potential Use of a Commerce Court Judge Pro Tempore

a. On stipulation of all parties for supervision of discovery.

b. For mediation.

c. Identification of a particular Commerce Program Judge Pro Tempore acceptable to all parties.

d. The choice of a particular Judge Pro Tempore for these purposes must be approved by the Court.

e. Use of a Pro Tempore Judge for purposes of discovery or mediation cannot affect the deadlines set forth in the CMO.

The Commerce Program Judge may establish any informal procedures to achieve expeditious resolution of discovery disputes and other non-dispositive issues. Prior to the CMC, it shall be the obligation of the parties to confer concerning all of the above matters, for the purposes of reaching agreements.

5. *Case Management Order:* At the CMC, the case manager shall issue a Case Management Order ("CMO") setting forth dates for a Settlement Conference and for a Pretrial Conference (with Pretrial Statements typically to be filed in advance), and for Trial. The CMO will also address cut-off dates for completion of discovery, for the service of expert reports and for the filing of Motions.

Based upon the nature and complexity of the case, the case manager with input from the parties at the CMC shall assign the case to a track. The Commerce Program shall typically employ the following management tracks: Commerce Expedited (Target Trial Date within 13 months of Complaint) and Commerce Standard (Target Trial Date within 18 months of Complaint). Only exceptionally complicated cases should be designated Commerce Complex (Target Trial Date within two years of Complaint). In the latter instance, the Commerce Program Judge may schedule status conferences at six month intervals or at other times upon application of the parties, if appropriate.

The Commerce Expedited Track shall consist of matters in which minimal discovery is needed and legal issues are anticipated to be routine. Examples of such actions, in the absence of complicating factors, are actions relating to commercial loans, and contract, UCC and foreclosure matters. Other matters should presumptively be designated Commerce Standard. Actions in which preliminary injunctive relief is sought may be appropriate for any of the tracks depending upon the circumstances.

A suggested form Case Management Order is attached as Exhibit "C." A grid of time standards that will be employed depending upon the applicable Track Case Management Order is attached as Exhibit "D."

6. *Motion Practice and Discovery Motions.* The Commerce Program Judge to whom the action is assigned will hear all pretrial motions, including discovery motions, except that, to the extent that scheduling or other concerns so require, a Commerce Program Judge may make arrangements for certain discovery and other pretrial motions to be heard by another Commerce Program Judge. All motions (except discovery motions) shall be filed in Motion Court with a designation on the Motion Court Cover Sheet of the assigned Commerce Program Judge. Procedures of the Discovery Court should generally be followed, and filings processed through Room 287. In some instances, the Commerce Program Judge may direct further briefing of complex discovery motions. Any Notice of Management Program Dispute that is pending or is being filed contemporaneously with the Motion filing, should be noted in the Motion Court Cover Sheet. Oral argument is at the discretion of the Commerce Program Judge.

A Commerce Program Discovery List for each Commerce Program Judge shall be established so that discovery matters ordinarily will be heard by that Judge on a particular day of the week. Each Judge may also scheduling hearings on non-discovery motions on the discovery day, or at such other times as the Court deems appropriate.

7. *Rules to Show Cause and Emergency Motions and Petitions.* Rules to show cause in cases assigned to the Commerce Program will be presented in the Motions Court, where they will be reviewed as to form, and forwarded to the assigned Commerce Program Judge for consideration.

Unless there is a dispute as to Commerce Program applicability, emergency motions or petitions in a newly filed action presented in a matter appropriate for assignment to the Commerce Program shall be referred to a Commerce Program Judge for disposition. If there is any dispute regarding Commerce Program applicability, that dispute shall be referred to the Administrative Judge or the designee of the Administrative Judge. Parties are encouraged to give the Motion Court advance notice of an emergency motion or petition, including notice that the action is assigned to the Commerce Program or may be appropriate for such assignment. If the assigned Commerce Program Judge is unavailable, an emergency motion or petition in an action already assigned to Commerce Program shall be heard by the other Commerce Program Judge, if available, with any subsequent hearing referred back to the assigned Commerce Program Judge. If no Commerce Program Judge is available to hear an emergency motion or petition, such motion or petition shall be referred to a Judge assigned to Motion Court (or, if necessary, the Emergency Judge), with any subsequent hearing referred back to the appropriate Commerce Program Judge. An emergency motion heard by a Commerce

Program Judge in a case which has not yet gone through the random assignment procedure shall be subject to that procedure prior to any subsequent hearing and the subsequent hearing shall be scheduled before the Commerce Program Judge assigned.

8. *Settlement Conferences.* A settlement conference may be expeditiously scheduled in any case in which counsel concur that such a conference may be productive. Such requests shall be made in writing by letter to the assigned Commerce Program Judge, and in all other respects Local Civ. R. *212.1(B) should be applied.

Except as otherwise provided in Local Civil Rule *212.3 (Settlement Conferences—Non Jury Cases), Commerce Program Judges may assist the parties in reaching a fair and reasonable settlement or other resolution of the matter. To that end, the assigned Commerce Program Judge, in his or her discretion, may schedule one or more formal settlement conferences. The Commerce Program Judge may also encourage the parties to engage in settlement discussions and in any form of Alternative Dispute Resolution (ADR), including the assistance of a Commerce Program Judge Pro Tempore, that may result in settlement, avoidance of trial or expeditious resolution of the dispute. Except upon order of the Court, the pendency of any form of ADR shall not alter the date for commencement of trial.

9. *Pretrial Conference.* A Pretrial Conference shall be held in all Commerce Program actions. At the conclusion of the Pretrial Conference, a Pretrial Order controlling the conduct of trial may be entered. The Court shall exercise its best efforts to try the matter as soon after the target trial date as practicable.

Typically, the CMO will require the filing of Pretrial Statements (Pa.R.C.P. 212.2) in advance of the Pretrial Conference. Prior to the Pretrial Conference, principal trial counsel shall confer on the matters set forth in Pa.R.C.P. 212.3, and attempt to reach agreement on any such matters.

Following the Pretrial Conference, the Commerce Program Judge shall enter a Trial Scheduling Order, identifying the date by which the matter should be prepared for trial, and, if applicable, the date to be placed into a trial pool or the date of any special listings. The Trial Scheduling Order may further provide specific dates, to the extent not already addressed in the Case Management Order, for such matters as:

A. Exchange of proposed stipulations and filing of stipulations in writing to facts about which there can be no reasonable dispute;

B. Pre-marking and exchanging copies of all documents or other exhibits to be offered in evidence at trial;

C. Service and filing of written objections to any documents or other exhibits as to which a party intends to object at trial, together with the legal basis for such objections;

D. Identification in writing of all deposition testimony, by page and line number, intended to be read into the record at trial, followed by counterdesignations and objections to deposition designations;

E. Exchange of trial briefs and proposed findings of fact and conclusions of law (nonjury) or requested points for jury charge (jury).

At such time prior to trial as may be fixed by the Court, it shall rule on all matters placed in issue under this procedure.

In addition, the Commerce Program Judge may establish procedures consistent with the requirements of each case to ensure close interaction with the parties in order to minimize trial time.

E. Commerce Program Judges Pro Tempore And Alternative Dispute Resolution

There shall be established in the Commerce Program, an Alternative Dispute Resolution program for Commerce Program actions, which may include, but is not limited to, mediation and the assistance of Commerce Program Judges Pro Tempore.

1. *Panel of Commerce Program Judges Pro Tempore.* The Administrative Judge or designee shall designate a panel of Commerce Program Judges Pro Tempore from among volunteers nominated and approved by the Philadelphia Bar Association Business Law Section, Business Litigation Committee, who shall be distinguished attorneys engaged in active practice of law with no less than fifteen (15) years trial experience including a practice focused on the type of litigation described in section B.1. above (Cases Subject to Commerce Program). Commerce Program Judges Pro Tempore shall serve without charge. Persons may be added to or removed from the panel as the Administrative Judge or designee may determine consistent with the qualifications above.

The Court may order a Commerce Program case to be assigned for Settlement Conference to a Commerce Program Judge Pro Tempore who shall, on a date certain, hold a Settlement Conference which must be attended by trial counsel representing the parties and any unrepresented parties. Counsel and unrepresented parties shall provide to the Commerce Program Judge Pro Tempore prior to the Settlement Conference a fully completed Settlement Memorandum, in a form to be established by the Commerce Program Judges. The Commerce Program Judge Pro Tempore on such a referral is not authorized to rule on any motions, but will attempt to facilitate a settlement between the parties.

2. *Mediation. a. Referral to Mediation and Selection of Mediator.* Commerce Program cases may be referred to nonbinding mediation at the discretion of the Commerce Program Judge, who may make such referrals at the time of the Case Management Conference, at a Pretrial Conference referenced above, or at another time. Where appropriate and whether or not mediation is pursued at an early stage of the litigation, the Commerce Program Judge has the discretion to refer cases to nonbinding mediation at a later stage of the proceedings.

The Court may permit the parties to choose the mediator from among the panel of Commerce Program Judges Pro Tempore, or agree to pay for a mediator not on the panel. The order of reference to mediation shall not stay or delay any scheduling dates, unless the Court so orders.

b. *Conflicts of Interest.* A mediator to whom a case is assigned must disclose to the parties and to the Court any apparent conflict of interest. Unless the mediator determines consistent with any applicable ethical requirements and guidelines that he or she should preside notwithstanding any such apparent conflict of interest and the parties and the Court agree that such mediator nevertheless shall preside, another mediator shall be selected.

c. *Confidentiality of Mediation.* The order referring an action to mediation shall require that the mediator report to the Court the disposition of the mediation in accordance with a schedule as determined by the Court, under the guidelines below. The order shall also provide that all

information received by the mediator as to the merits of the matter, including the submitted memoranda, shall remain confidential and not be reported or submitted to the Court by the mediator or the parties, except as necessary in a stipulation of settlement agreed to by the parties.

d. *Mediation Procedure.* The first mediation session preferably shall be conducted within 30 days of the execution of the order of reference, unless the Court establishes a different schedule. At least ten days before the first session, each party shall deliver to the mediator a copy of its pleadings, any briefs filed in the action important to the mediation and a memorandum of not more than five pages (double-spaced), setting forth that party's contentions as to liability and damages. The memorandum shall be served on all parties, but shall be marked "Confidential, for Mediation Only," and may not be used, cited, quoted, marked as an exhibit or referenced in any proceedings. Attendance at the first mediation session shall be mandatory, and the mediator may require, in addition to the appearance of the attorneys, the presence of the parties or their representatives with authority to settle. If the first session is successful, the settlement shall be reduced to a stipulation, and the mediator shall submit forthwith the stipulation, the notice of discontinuance and the report of disposition to the Court. The report of disposition shall be on a form prescribed by the Court Administrator.

e. *Report; Extensions.* If the action is not settled upon completion of the first session, the mediator may schedule additional sessions on consent of the parties. However, at the end of the first session, any party or the mediator may terminate the mediation effort, and in that case the mediator shall advise the Court forthwith that mediation has been terminated but shall not disclose the identity of any parties who terminated or did not terminate the mediation.

Except as set forth below, subsequent sessions should be concluded within 15 days from the date by which the first session was to have been held according to the order of reference. The mediator shall report to the Court as to the outcome of the mediation session(s) no later than 20 days from the date by which the first session was to have been held according to the order of reference.

If mediation cannot be concluded within 15 days from the date by which the first session was to have been held according to the order of reference, upon consent of all parties a 30-day extension of time to conduct further sessions may be granted by the mediator. If such extension is granted, the mediator shall report to the Court as to the success or lack of success of the additional sessions as soon as practicable but in any event no later than 5 days after the final mediation session.

All deadlines and relevant procedures shall be set forth in a standard form order of reference.

RULES AND REGULATIONS

Title 25—ENVIRONMENTAL PROTECTION

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE. CHS. 121 AND 123]

Nitrogen Oxides (NO_x) Allowance Requirements

The Environmental Quality Board (Board) by this order amends Chapters 121 and 123 (relating to general provisions; and standards for contaminants) to read as set forth in Annex A.

The final-form regulations amend the definition of "NO_x affected source" in Chapter 121 to clarify that the definition is applicable to 15 megawatt (MW) sources rather than facilities. The final-form regulations make a number of minor technical amendments to Appendix E. The first amendment provides allowance allocations for newly discovered sources as provided under § 123.117(b) (relating to new NO_x affected source provisions). In addition, the amendments to the allocations in Appendix E correct an accounting error contained in the original allocation. The final-form regulations delete the listing of "baseline MMBtu" in Appendix E, and modify the listing of "baseline NO_x lbs. per MMBtu." A number of sources mistakenly included in Appendix E are being deleted. The final-form regulations delete the contingent allocation for Washington Power Company from § 123.115(b) (relating to initial NO_x allowance NO_x allocations). The final-form regulations change the allocations for Duquesne Light Company's Cheswick facility and the P.H. Glatfelter facility, and they eliminate the Penntech Papers allocation.

This order was adopted by the Board at its meeting of December 21, 1999.

A. Effective Date

These amendments will go into effect upon publication in the *Pennsylvania Bulletin* as final rulemaking.

B. Contact Persons

For further information, contact J. Wick Havens, Chief, Division of Air Resource Management, Bureau of Air Quality Control, 12th Floor Rachel Carson State Office Building, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-4310; or M. Dukes Pepper, Jr., Assistant Counsel, Bureau of Regulatory Counsel, Office of Chief Counsel, 9th Floor Rachel Carson State Office Building, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Persons with a disability may use the AT&T relay service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). These final-form regulations are available electronically through the Department's (Department) web site <http://www.dep.state.pa.us>.

C. Statutory Authority

This action is being taken under the authority of section 5(a)(1) of the Air Pollution Control Act (35 P. S. § 4005(a)(1)), which grants to the Board the authority to adopt regulations for the prevention, control, reduction and abatement of air pollution.

D. Background and Summary

On November 1, 1997, the Board published final regulations establishing the Nitrogen Oxides (NO_x) Allowance Requirements. As the Department began to implement the regulations, there was some confusion about the definition of a "NO_x affected source." This definition intended to require that only those individual fossil-fired operating units that generate greater than 15 megawatts of electricity be included in the definition. Because some ambiguity exists, the final-form regulations clarify the definition to meet the original intention.

Subsequent to publication of the regulations, a number of NO_x affected sources not listed in the regulations were identified under the process established in § 123.117. In addition, the Washington Power Company, listed in § 123.115(b), no longer has a plan approval authorizing its construction. Furthermore, as the Department began the process of establishing NO_x allowance tracking system accounts for the NO_x affected sources listed in the regulations, the Department recognized that an accounting error had occurred in the original allocation of allowances listed in Appendix E. Appendix E had allocated approximately 500 more NO_x allowances than were available in the Ozone Transport Commission (OTC) budget that the Commonwealth agreed to meet. Appendix E of the existing regulation contains two columns ("baseline NO_x lbs./MMBtu" and "baseline MMBtu") that are somewhat confusing. A number of minor editorial and name changes to the final-form regulations are also necessary. These final-form regulations modify the existing requirements to include newly discovered sources, removes the Washington Power Company, corrects the accounting error, modifies the columns contained in Appendix E and makes the editorial changes described previously. Finally, the final-form regulations modify the allocations for Duquesne Light's Cheswick facility and P.H. Glatfelter's facility and eliminate the allocation for Penntech Papers (now Willamette) in response to litigation concerning implementation of the existing regulations.

As described during the initial rulemaking action, the Department worked with the OTC to determine the 1990 NO_x baseline which was used to calculate the emission reductions, NO_x affected source allocations and emission caps established by the program. The OTC published the "Procedures for Development of the OTC NO_x Baseline Emission Inventory." Following those procedures, a "1999 OTC NO_x Baseline Emission Inventory" was developed by the EPA's Office of Air Quality Planning and Standards (EPA-454/R/95-013). The Commonwealth used that inventory as the basis for development of the emission reduction requirements contained in the NO_x allowance requirements regulations. A discussion in the March 6, 1999, preamble of the proposed rulemaking to these final-form regulations detail the process that was used in this Commonwealth to establish the 1999 baseline, emission reductions, NO_x affected source allocations and emission caps.

These final-form regulations were reviewed by the Air Quality Technical Advisory Committee (AQTAC) at its August 23, 1999, meeting. The AQTAC recommended that the Department proceed with the final-form regulations.

E. Summary of Comments and Responses on the Proposed Rulemaking

The Department received eight sets of comments on the regulatory proposal. The following discussion summarizes the major issues and the Department's responses.

In general, the commentators supported the revisions to the NO_x allowance requirements. One commentator opposed the allocation revision, asserting that the original allocation contained in the final-form regulations was inaccurate. That commentator also indicated that the Department did not describe the reason for the revision. The commentator received a final operating permit containing the allocation under the existing regulations. The commentator did not appeal that final permit. The preamble to the proposed rulemaking describes in detail the Department's methodology for calculating allocations, including a description of the accounting error contained in the existing rule. The Department has not made any changes to the final-form regulations in response to this comment. Another commentator asserted that two boilers contained at its facility were incorrectly included in Appendix E of the original rule. Again, this commentator received a final operating permit implementing that rule and did not appeal that operating permit. The Department did not make any change as a result of the comment.

Finally, the Department received several comments requesting changes to names contained in the rule or making editorial comments concerning the nomenclature describing boilers at facilities covered by the rule. The Department made the changes in Appendix E to address these editorial concerns.

F. Benefits, Costs and Compliance

Benefits

Executive Order 1996-1 requires a cost/benefit analysis of the amendments. Overall, the citizens in this Commonwealth will benefit from the amendments because they will provide appropriate protection of air quality both in this Commonwealth and the entire Northeastern United States. In addition to reducing ozone pollution, this program will assist the Commonwealth in meeting its requirements for regional further progress and attainment under the Clean Air Act.

Compliance Costs

These final-form regulations may slightly increase compliance costs by reducing the total NO_x allowances available in this Commonwealth.

Compliance Assistance

The Department plans to educate and assist the regulated community and the public with understanding the NO_x allowance requirements.

Paperwork Requirements

These regulatory changes will impose no additional paperwork on the Commonwealth and the regulated entities.

G. Pollution Prevention

Although these final-form regulations do not directly include pollution prevention provisions, it may encourage some affected parties to switch to less polluting fossil fuel sources.

H. Sunset Review

These final-form regulations will be reviewed in accordance with the sunset review schedule published by the

Department to determine whether the regulations effectively fulfill the goals for which they were intended.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 19, 2000, the Department submitted a copy of the amendments to IRRC and the Chairpersons of the Senate and House Environmental Resources and Energy Committees. In compliance with section 5(c) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received during the public comment period, as well as other documents when requested.

In preparing these final-form regulations, the Department has considered the comments received from IRRC, the Committees and the public. These comments are addressed in Section E of this preamble. Under section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), on February 8, 2000, these final-form regulations were deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on February 17, 2000, and approved the final-form regulations.

J. Findings of the Board

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and regulations promulgated thereunder in 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) These final-form regulations do not enlarge the purpose of the proposal at 29 Pa.B. 1214 (March 6, 1999).

(4) These final-form regulations are necessary and appropriate for administration and enforcement of the authorizing acts identified in Section C of this preamble and are reasonably necessary to achieve and maintain the NAAQS for ozone.

K. Order of the Board

The Board, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 25 Pa. Code Chapters 121 and 123, are amended by amending §§ 121.1, 123.15 and Chapter 123, Appendix E to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for review and approval as to legality and form, as required by law.

(c) The Chairperson of the Board shall submit this order and Annex A to IRRC and the Senate and House Environmental Resources and Energy Committees as required by the Regulatory Review Act.

(d) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(e) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

JAMES M. SEIF,
Chairperson

(*Editor's Note:* For the text of the Order of the Independent Regulatory Review Commission relating to this order, see 30 Pa.B. 1320 (March 4, 2000)).

Fiscal Note: Fiscal Note 7-343 remains valid for the final adoption of the subject regulations.

Annex A

**TITLE 25. ENVIRONMENTAL PROTECTION
PART I. DEPARTMENT OF ENVIRONMENTAL PROTECTION**

Subpart C. PROTECTION OF NATURAL RESOURCES

ARTICLE III. AIR RESOURCES

CHAPTER 121. GENERAL PROVISIONS

§ 121.1. Definitions.

The definitions in section 3 of the act (35 P. S. § 4003) apply to this article. In addition, the following words and terms, when used in this article, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

NO_x affected source—A fossil fuel fired indirect heat exchange combustion unit with a maximum rated heat input capacity of 250 MMBtu/hour or more and all fossil fuel fired electric generating sources rated at 15 mega-

watts or greater or any other source that voluntarily opts to become a NO_x affected source.

* * * * *

**CHAPTER 123. STANDARDS FOR CONTAMINANTS
NO_x ALLOWANCE REQUIREMENTS**

§ 123.115. Initial NO_x allowance NO_x allocations.

(a) The sources contained in Appendix E are subject to the requirements of §§ 123.101—123.114, 123.116—123.120 and this section. These sources are allocated NO_x allowances for the 1999—2002 NO_x allowance control periods as listed in Appendix E. Except as provided in § 123.120 (relating to audit), if no allocation is specified for the NO_x allowance control periods beyond 2002, the current allocations continue indefinitely.

(b) The Department may allocate allowances to Duquesne Light Company's Phillips and Brunot Island facilities. The allowances allocated to these facilities are limited as follows:

- (1) The facility shall be fully operational.
- (2) The allowances allocated to the facility may only be used by the baseline sources located at that facility, and may not be banked or transferred.
- (3) The allocation to Brunot Island source identification numbers 001—012 may not exceed an aggregate 246 allowances for the period May 1—September 30.
- (4) The allocation to Phillips Station boilers 1—6 may not exceed an aggregate 1,686 allowances for the period May 1—September 30.

PROPOSED RULEMAKING

INSURANCE DEPARTMENT

[31 PA. CODE CH. 118]

Discounting Medical Malpractice Loss Reserves

The Insurance Department (Department) proposes to delete Chapter 118 (relating to discounting of medical malpractice loss reserves) to read as set forth in Annex A. The statutory authority for this proposal is The Insurance Company Law of 1921 (40 P. S. §§ 341—999); The Insurance Company Act of 1921 (40 P. S. §§ 1—321); and sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412).

Purpose

Chapter 118 was initially promulgated to establish procedural and reporting requirements and restrictions on the discounting of medical malpractice loss reserves. This proposed rulemaking deletes Chapter 118 because it is no longer necessary to assure the continued availability of medical malpractice insurance by the voluntary market at the primary level. In addition, the chapter is inconsistent with current actuarial practices and economic conditions.

Fiscal Impact

There is no fiscal impact as a result of the deletion of Chapter 118.

Paperwork

The deletion of Chapter 118 will affect all licensed medical malpractice insurers domiciled in this Commonwealth.

Effectiveness/Sunset Date

The rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. Because the rulemaking proposes to delete Chapter 118, no sunset date has been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Insurance Department, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following the publication of this notice in the *Pennsylvania Bulletin*. Questions and comments may also be E-mailed to psalvato@ins.state.pa.us or faxed to (717) 772-1969.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 24, 2000, the Department submitted a copy of this proposal to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee. In addition to the submitted proposal, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

If IRRC has objections to any portion of the proposed rulemaking, it will notify the Department within 10 days of the close of the Committees' review period. The notifi-

cation shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act (71 P. S. §§ 745.1—745.14) specifies detailed procedures for the agency, the Governor and the General Assembly to review these objections before final publication of the regulations.

M. DIANE KOKEN,
Insurance Commissioner

Fiscal Note: 11-185. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 31. INSURANCE

PART VII. PROPERTY, FIRE AND CASUALTY INSURANCE

CHAPTER 118. DISCOUNTING OF MEDICAL MALPRACTICE LOSS RESERVES

§ 118.1. [Definitions] (Reserved).

[(a) The definitions utilized in Chapter 116 (relating to discounting of worker's compensation loss reserves) are incorporated for use in this chapter except that language utilizing the terms "worker's compensation" shall be amended for use in this chapter utilizing the terms "medical malpractice."

(b) For purposes of this chapter, the definition of "insurance company" in § 116.1 (relating to definitions) also includes the Pennsylvania Professional Liability Joint Underwriting Association, an insurance entity created under section 801 of the Health Care Services Malpractice Act (40 P. S. § 1301.801).

(c) The term "independent actuary" as used in § 118.4(a) (relating to actuarial certification) means a fellow or associate of the Casualty Actuarial Society with appropriate experience in responsible actuarial work, including medical malpractice, who is not an officer, director or employe of the insurer whose reserves he is certifying.]

§ 118.2. [Reporting and data collection requirements] (Reserved).

[For loss reserves established by insurance companies under sections 312—316 of The Insurance Department Act of one thousand nine hundred and twenty-one (40 P. S. §§ 111—115), a company is permitted to discount the medical malpractice reserves to their present value if the company complies with the following requirements. The insurance company shall:

(1) File an annual actuarial certification of its medical malpractice loss reserves and loss adjustment expense reserves with the Department simultaneously with the filing of the company's annual statement.

(2) Provide a written notice to the Department stating its intent to maintain separate data regarding the company's loss payment patterns for allocated loss adjustment expenses and losses. This data shall be regularly compiled and submitted to the Department upon request.

(3) Comply with existing annual statement instructions for reporting loss and loss adjustment

expense reserves including completion of supplemental Schedule P, Part 4C of the annual statement.

(4) File with its annual statement a description of the underlying assumptions for the calculation of the discount to present value of its loss reserves and allocated loss adjustment expense reserves.]

§ 118.3. [Restrictions on discounting loss reserves] (Reserved).

[The discounting of loss reserves is subject to the following limitations:

(1) The loss reserves discounted to present value in accordance with this chapter may not be less than those required in accordance with section 313(b) of The Insurance Department Act of one thousand nine hundred and twenty-one (40 P. S. § 112(b)).

(2) The maximum rate of interest which an insurer may assume for purposes of discounting is 6%.

(3) An insurer may request an exception to the maximum interest rate in paragraph (2) if the insurer can demonstrate to the satisfaction of the Commissioner that its investment yield justifies a higher interest rate assumption. The Commissioner may require the insurer to submit additional documentation to support its request for approval of a higher interest rate assumption. The Commissioner will act upon requests for exceptions made under this paragraph within 90 days of the date the request is received by the Insurance Department.]

§ 118.4. [Actuarial certification] (Reserved).

[(a) The actuarial certification required in accordance with this chapter shall be prepared by an independent actuary and filed by the insurer with its annual statement.

(b) The actuarial certification shall be filed each year in which the insurer discounts its loss reserves.

(c) The actuarial certification shall include the opinion of an independent actuary with respect to the following:

(1) The adequacy of medical malpractice loss reserves on an undiscounted basis.

(2) The sufficiency of the investment yield on invested assets to fund the discount.

(3) The reasonableness of the matching of the invested assets and loss reserves attributable to the medical malpractice business to provide an adequate income stream to fund the discount.]

§ 118.5. [Reserves for loss adjustment expenses] (Reserved).

[(a) Loss adjustment expense reserves shall be calculated in accordance with the following standards:

(1) Insurance companies are not permitted to discount loss adjustment expense reserves which are not allocable to specific claims.

(2) Insurance companies are permitted to discount loss adjustment expense reserves which are allocable to specific claims if:

(i) The company demonstrates, to the satisfaction of the Commissioner, the validity of the assumptions underlying the calculation of the reserves.

(ii) The actuarial certification which includes the opinion of an independent actuary with respect to the criteria in § 118.4 (relating to actuarial certification) is applicable to the loss adjustment expense reserves as well as the loss reserves.

(b) In evaluating an insurance company's request to discount allocated loss adjustment expense reserves, the Commissioner will consider the company's specific loss adjustment expense payment pattern and the interest rate assumption.]

§ 118.6. [Increased loss reserves and loss adjustment expense reserves] (Reserved).

[Under section 316 of The Insurance Department Act of one thousand nine hundred and twenty-one (40 P. S. § 115), the Commissioner may require an insurance company to restate its loss reserves or its allocated loss adjustment expense reserves by reducing or eliminating the discount if the Commissioner determines it is necessary to insure that reserves are established at an adequate level.]

STATE SYSTEM OF HIGHER EDUCATION

[22 PA. CODE CH. 507]

Operation of Motor Vehicles on State System Facilities

The Board of Governors of the State System of Higher Education (State System) proposes to amend §§ 507.13 and 507.14 (relating to crimes and offenses relating to the operation and parking of a motor vehicle; and enforcement) to read as set forth in Annex A.

The proposed revision would amend § 507.13(c), by authorizing the Board of Governors to set the amounts of fines for each campus or facility upon the recommendation of the Chancellor or the respective university president. The change followed General Assembly action in amending 24 Pa.C.S. § 20-2006-A(13.1) (relating to powers and duties of the board of governors) to permit the Board to set the amounts for fines for violations of the rules respecting the use, parking and operation of motor vehicles on State System facilities, which may exceed the amounts which municipalities are authorized to assess for these offenses under 75 Pa.C.S.A. (relating to vehicles). The proposed amendments would enhance the ability of the State System to regulate and deter the violation of parking and operational rules, thus alleviating congestion, speeding, reckless driving and other activities which may threaten the health, welfare and safety of individuals residing on or using State System facilities.

Fiscal Impact

The proposed amendments would have no adverse fiscal impact. Costs would be recovered through fines and fees.

Paperwork Requirements

The statutory authority for the proposed rulemaking is 24 Pa.C.S. §§ 20-2006-A(a)(6).

Under section 5(a) of the Regulatory Review Act (71 P. S. §§ 745.5(a)), on February 24, 2000, the State System submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Education and the Senate Committee on Education. In addition to submitting the proposed rulemaking, the State System has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the State System in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed rulemaking, it will notify the State System within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the agency, the General Assembly and the Governor of objections raised.

Sunset Review

These are ongoing regulations made necessary by 18 Pa.C.S. § 7505 (relating to violation of governmental rules regarding traffic) to facilitate enforcement of traffic laws at State System facilities. They are periodically reviewed by the Office of the Chancellor.

Contact Person

Persons with questions or who wish further information about the proposed amendments may contact Robert A. Mulle, Chief Legal Counsel, State System of Higher Education, Dixon University Center, 2986 North Second Street, Harrisburg, PA 17110, (717) 720-4030.

Public Comments

Public comments are invited and may be directed to Robert A. Mulle at the previously mentioned address and telephone number, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 63]

[L-00990141]

Competitive Safeguards for Telecommunications Utilities

By Order entered November 30, 1999, the Pennsylvania Public Utility Commission (Commission) adopted a proposed rulemaking establishing competitive safeguards in further of the provisions of Chapter 30 of the Public Utility Code, 66 Pa.C.S. §§ 3001—3009. The Proposed Rulemaking Order relating to 52 Pa. Code Chapter 63 requires that comments be filed within 30 days of publication which occurred on January 29, 2000, at 30 Pa.B. 539. Comments, therefore, were due February 28, 2000.

On February 23, 2000, the Pennsylvania Telephone Association (PTA) filed a letter with the Commission requesting that the comment period be stayed until further notice. By letter dated February 24, 2000, ALLTEL Pennsylvania, Inc. (ALLTEL) joined in this request for a stay. In making this request, the PTA and ALLTEL argue that the proposed competitive safeguards, which are in the form of a Code of Conduct, are closely modeled after the Code of Conduct adopted for Bell Atlantic—Pennsylvania, Inc. (BA-PA) in the Global proceeding Order entered September 30, 1999, at Doc. Nos. P-00991648 and 00991649. The parties further allege that the Global Order, including the proposed Code of Conduct for BA-PA, however, is in a state of uncertainty given several outstanding appeals currently pending in State court. The two letters conclude that it would be premature to ask for comments in the instant proceeding until there is greater finality in the global proceeding.

Because the Commission agrees that resolution of the Code of Conduct issue in the Global proceeding may be of

relevance in the instant proceeding, the Commission will grant a 60-day extension for the filing of comments to April 28, 2000.

DEPARTMENT OF AGRICULTURE

Temporary Order Designating West Nile Encephalitis a Dangerous Transmissible Disease

The Department of Agriculture (Department) hereby designates West Nile Encephalitis a "dangerous transmissible disease," under authority of the Agriculture Code (3 Pa.C.S.A. § 2321(d)) (code). This designation will facilitate the Department's efforts to detect and contain West Nile Encephalitis and to assist the Department of Health and other public health agencies in any monitoring and treatment efforts.

West Nile Encephalitis is a disease of public health significance. It also poses a threat to domestic animal health and to the economic well-being of domestic animal industries. Section 2321(c) of the code requires this Department proceed with the agreement of the Department of Health when it adds a disease of public health significance to the list of designated dangerous transmissible diseases. Both this Department and the Department of Health agree on adding West Nile Encephalitis to the list of dangerous transmissible diseases.

West Nile Encephalitis is an infection of the brain caused by the West Nile Virus. Although West Nile Virus has, in the past, been found most typically in Africa,

Eastern Europe and West Asia, it was detected in the New York City area and in parts of New Jersey in 1999. In mild cases, the disease causes fever, headache and body aches, skin rash and swollen lymph glands. In more severe cases, it causes headache, high fever, neck stiffness, stupor, disorientation, coma, tremors, paralysis and occasional convulsions.

Humans and animals can acquire West Nile Virus through a bite from a mosquito that has bitten an infected animal. Since birds are among the animals known to carry West Nile Virus, it is possible infected birds might bring the virus to this Commonwealth from the New York City/New Jersey area, and that mosquitoes that bite these birds might be capable of transmitting the disease to humans and animals they subsequently bite.

The Department has authority under the Domestic Animal Law provisions of the Agriculture Code (3 Pa.C.S.A. §§ 2301—2389) to regularly monitor the domestic animal population of this Commonwealth to determine the prevalence, incidence and location of transmissible diseases. The designation of West Nile Encephalitis as a "dangerous transmissible disease" will facilitate this Department's surveillance of birds and other animals for the presence of the West Nile Virus or West Nile Encephalitis.

This order is a temporary order, as required under § 2321(d) of the code. This order shall take effect as of March 11, 2000, and shall remain in effect until no later than March 11, 2001. This Department may: (1) Reissue this temporary order to extend the designation beyond March 11, 2001; (2) Allow this temporary order to expire March 11, 2001; (3) Supplant this temporary order with a formal regulation designating West Nile Encephalitis a "dangerous transmissible disease"; or (4) Modify this temporary order.

Questions regarding this temporary order may be directed to John Enck, DVM, Director, Bureau of Animal Health and Diagnostic Services, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 783-6677.

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standard and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision to 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

PA 0021172. Amendment No. 1. Sewage, **Bucks County Water and Sewer Authority**, 1275 Almshouse Road, Warrington, PA 18976.

This application is for an amendment of an NPDES permit to discharge treated sewage from Harvey Avenue in Doylestown Borough, **Bucks County**. This is an existing discharge to Cooks Run a tributary to Neshaminy Creek.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Copper at Outfall 001, based on a dissolved water effect ratio of 5.7 and an average flow of 0.9 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Copper	0.12	0.24	0.30

Other Conditions:

The EPA waiver is not in effect.

PA 0081647. SIC: 4952, Sewage, **White Run Regional Municipal Authority**, 2001 Baltimore Pike, Gettysburg, PA 17325-7068.

This application is for renewal of an NPDES permit for an existing discharge of treated sewage to White Run, in Mount Joy Township, **Adams County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was the City of Frederick intake located in Maryland. The discharge is not expected to impact any potable water supply.

PA 0024139. SIC: 4952, Sewage, **Cumberland Township Authority**, 1270B Fairfield Road, Gettysburg, PA 17325.

This application is for renewal of an NPDES permit for an existing discharge of treated sewage to Rock Creek, in Cumberland Township, **Adams County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was the City of Frederick intake located in Maryland. The discharge is not expected to impact any potable water supply.

Interim, Final A and Final B limits will be imposed. Interim limits will apply during construction of the plant expansion. Final A limits will go into effect following construction. Final B limits will be enforceable 3 years from the issuance of the final permit, and include Preliminary Water Quality Based Effluent Limits (PWQBEL) for toxic constituents.

The proposed Interim effluent limits for Outfall 001 for a design flow of 0.167 mgd are:

Part C requirements for toxics are briefly listed as:

1. Water quality based effluent goals for total copper, total zinc, total mercury and total silver.
2. Requirements to submit the first phase of a toxics reduction evaluation.
3. Conditions for future permit modifications.
4. Procedures for granting time extensions to achieve final water quality based effluent limitations.
5. Procedures for demonstrating alternative site-specific bioassay based effluent limitations.
6. Procedures for demonstrating alternative method detection limits.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number of the protester, identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each protester will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

INDIVIDUAL PERMITS

(PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and

regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharge.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department's Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

**SOLID AND HAZARDOUS WASTE
REQUEST FOR PROPOSALS FOR MUNICIPAL
SOLID WASTE CAPACITY**

The following notices are placed through the Department of Environmental Protection as required by section 502(d) of the Municipal Waste Planning, Recycling and Waste Reduction Act (35 P. S. §§ 4000.101—4000.1904).

Request for Proposals for Municipal Solid Waste Capacity

Cambria County, through the **Cambria County Solid Waste Management Authority**, is soliciting disposal/processing facilities to provide all or part of the disposal capacity required annually for Cambria County municipal waste for the next 10 years. Interested parties should contact the Cambria County Solid Waste Management Authority at (814) 472-2109 to obtain a copy of the Facility Qualification Request, which will be used to qualify facilities to participate in the Cambria County Municipal Waste Management Plan. Responses to the Facility Qualification Requests must be submitted on or before April 28, 2000 at 3 p.m.

Wayne County, through its **Solid Waste Department**, is issuing a Facilities Qualification Request (FQR) for processing/disposal of municipal solid waste (MSW) generated in Wayne County, PA. The annual tonnage of MSW for which processing/disposal services are being requested is approximately 35,000 tons per year. Submittals may be for part or all of the annual tonnage. The term of the Processing/Disposal Agreement is 5 years, with annual renewal periods of 5 years for a total of 10 years. Responses to the FQR must be received by March 31, 2000 at 3 p.m. Eastern Standard Time at the office of Randy S. Heller, Solid Waste Director, Wayne County Recycling Center, R. R. 4, Box 524, Honesdale, PA 18431, (570) 253-9727.

The FQR will be available for distribution on or about March 1, 2000. To request a copy of the FQR, contact Randy Heller as noted previously. Wayne County, through its Solid Waste Department, reserves the right to modify the schedule and to reject any or all proposals.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being

installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least thirty days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

TV-04-00108: Armstrong World Industries, Inc. (1018 11th Street, Beaver Falls, PA 15010) for their ceiling tile manufacturing facility in Beaver Falls, **Beaver County**. As a result of the potential levels of VOC emissions, it is a major stationary source as defined in Title 1, Part D of the Clean Air Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G.

V95-019: Exxon Co., USA, Philadelphia Marketing Terminal (6850 Essington Avenue, Philadelphia, PA 19153) for a Title V Operating Permit for operation of a gasoline loading terminal in the City of Philadelphia, **Philadelphia County**. The facility's emission sources include 10 internal floating roof storage tanks and a loading rack with a carbon absorption vapor recovery unit.

V95-023: Kurz-Hastings, Inc. (10901 Dutton Road, Philadelphia, PA 19154) for a Title V Operating Permit for operation of rotogravure printing (non-publication) operations for lamination-type materials referred to as hot stamping foils in the City of Philadelphia, **Philadelphia County**. These products decorate surfaces such as wood furniture or television sets. The facility's air emission sources include eight rotogravure printing presses, eight significant combustion units each less than 4 MMBTU/hr., an emergency generator, mixing and cleaning operations, remediation system and six cold solvent wash tanks. The facility's air emissions control devices include three recuperative oxidizers and one regenerative oxidizer.

V95-042: Philadelphia Gas Works, Richmond Plant (3100 East Venango Street, Philadelphia, PA 19134) for a Title V Operating Permit for operation of a natural gas utility in the City of Philadelphia, **Philadelphia County**. Activities include liquefied natural gas (LNG) storage and distribution of natural gas to the City of Philadelphia. The facility's air emission sources include two 4.2 MMBTU/hr boilers, four LNG 2,350 HP process compressors, two LNG 2,350 HP stand-by process compressors, two 800 HP LNG boiloff compressors, six vaporization heaters each approximately 100 MMBTU/hr, six heaters each <10MMBTU/hr, three 295 HP engines, three turbines each <15 MMBTU/hr and two emergency generators.

V95-025: Sea Gull Lighting Products, Inc. (25th and Wharton Streets, Philadelphia, PA 19145) for a Title V Operating Permit for operation of a lighting fixtures manufacturing facility in the City of Philadelphia, **Philadelphia County**. The facility's emission sources include a vapor degreaser, three paint booths, a bake oven, three ≤ 2.8 MMBTU/hr boilers and a polishing dust collector. This is a Title V facility.

S95-059: E. I. DuPont de Nemours, Marshall Laboratory (3401 Grays Ferry Avenue, Philadelphia, PA 19146) for a Synthetic Minor Operating Permit for operation of a research and development facility in the DuPont high performance coatings business, specializing in the development of refinish automotive coatings in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two boilers, 24 air handling units, one firewater pump, and research and development sources consisting of 21 spray booths, five dust collectors, one sand parts prep station, resin production including six reactors and four kettles, eight dispersion semiworks mix tanks and one high speed disperser.

S95-041: Philadelphia Gas Works, Passyunk Plant (3100 Passyunk Avenue, Philadelphia, PA 19145) for a Synthetic Minor Operating Permit for operation of a natural gas utility in the City of Philadelphia, **Philadelphia County**. Activities include liquefied natural gas (LNG) storage and distribution of natural gas to the City of Philadelphia. The facility's air emission sources include three heaters each <10 MMBTU/hr, two emergency generators, three 58.8 MMBTU/hr boilers with low NOx burners, four 8.25 MMBTU/hr turbines and a firewater pump.

N97-005: Cramco, Inc. (2200 East Ann Street, Philadelphia, PA 19134) for a Natural Minor Operating Permit for operation of a casual dining furniture manufacturing plant in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 2.5 MMBTU/hr curing oven, a 6.1 MMBTU/hr wood-burning boiler with multicyclone, a 10.043 MMBTU/hr No. 2 oil-fired boiler, a 350,000 BTU/hr paint strip oven with afterburner, a manual powder spray booth, two electrostatic powder spray booths and two baghouses.

N96-014: Transmontaigne Terminaling Inc., Philadelphia Terminal (58th Street and Schuylkill River, Philadelphia, PA 19142) for a Natural Minor Operating Permit for operation of a bulk petroleum storage facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a 300 HP distillate fuel-burning boiler, a 1.228 MMBTU/hr distillate fuel-burning boiler and loading of petroleum products including a truck loading rack and barge loading. All tanks contain Kerosene/Distillate or lower vapor pressure petroleum product.

N97-004: Baptist Home of Philadelphia (8301 Roosevelt Boulevard, Philadelphia, PA 19152) for a Natural Minor Operating Permit for operation of a residential care and nursing home which includes seven boilers rated at 5.5 MMBTU/hr or less and two emergency generators in the City of Philadelphia, **Philadelphia County**. The operating permit issued October 14, 1999, has been modified to allow emergency testing for each generator to be limited to 30 minutes per week.

N96-020: Fox Chase Cancer Center (7701 Burholme Avenue, Philadelphia, PA 19111) for a Natural Minor Operating Permit for operation of a comprehensive cancer center including hospital and research facility which includes three 5.5 MMBTU/hr boilers and eight emergency generators in the City of Philadelphia, **Philadelphia County**. The operating permit issued October 14, 1999, has been modified to allow emergency testing for each generator to be limited to 2 hours per month and recordkeeping requirements for the three boilers to be recorded as a combined fuel usage.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a

statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

McMurray District Office, 3913 Washington Road, McMurray, PA 15317.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), requires the state to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant state requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Southeast Regional Office: Program Manager, Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E51-183. Encroachment. **Dockside Assoc. Pier 30 LP,** 1750 Walton Rd., Blue Bell, PA 19422-0465. To renovate, operate and maintain the existing pier No. 30 structure which includes improving decking and piles, and to construct and maintain a 16 story project (3 stories of parking and 13 stories of apartments) to be supported by the existing foot print of Pier No. 30 situated along the Delaware River. Also used to support the proposed building will be 50-capped piling structures. This site is located approximately 5,750 foot south of Ben Franklin Bridge and along Christopher Columbus Blvd. (AKA Delaware Avenue) (Philadelphia, PA-NJ Quadrangle N: 11.8 inches; W: 2.3 inches) in the **City and County of Philadelphia.**

Northeast Regional Office: Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

E40-540. Encroachment. **Gerald Ryan, City Engineer,** City of Wilkes-Barre, 40 East Market Street,

Wilkes-Barre, PA 18711. To maintain an existing temporary road crossing consisting of nine-48 inch diameter CPP in Mill Creek (CWF). The purpose of the project is to provide access to the Northampton Fuel Supply Company Mine Restoration Site. The project is located approximately 300 feet of the intersection of S. R. 0309 and North Washington Street (Pittston, PA Quadrangle N: 1.9 inches; W: 14.8 inches), City of Wilkes-Barre, **Luzerne County** (Baltimore District, U. S. Army Corps of Engineers).

E05-281. Encroachment. **Columbia Gas**, 1700 MacCorkle Ave., SE, Charleston, WV 25325. To maintain utility line crossing at three unnamed tributaries to Piney Creek, Blackberry Lick Run and its three unnamed tributaries, Johnson Branch and its unnamed tributary and Crooked Run and its three unnamed tributaries. These crossings are 24-inch diameter natural gas pipeline and an adjacent 1-inch diameter methanol pipeline. These pipeline crossings start at a point about 1 mile southeast of Millers Corner Village immediately downstream of PA Route 26 (Chaneyville, PA Quadrangle N: 10.5 inches; W: 6.0 inches), thence south at a point about 1.6 miles southeast of Artemas Village (Artemas, MD-PA Quadrangle N: 18.45 inches; W: 6.75 inches) in Mann Township, **Bedford County**.

E06-536. Encroachment. **Neill Dekker, PA Department of Transportation, Engineering District 5-0**, 1713 Lehigh Street, Allentown, PA 18103. To remove existing structures and to construct and maintain (1) a 10 foot × 6 foot box culvert in the channel of Klines Creek (CWF) at a point at SR 0222, Station 216+00; (2) a 12 foot × 9 foot box culvert in the channel of Klines Creek (CWF) at a point SR 0222, Station 230+00; (3) a 12 foot × 9 foot box culvert in the channel of Klines Creek (CWF) at a point at Grings Hill Road; (4) a 16 foot × 6 foot box culvert in the channel of a tributary to Klines Creek (CWF) at a point at Old Lancaster Pike; (5) to relocate the channel of a tributary to Wyomissing Creek (CWF) into a stormwater system consisting of culverts and detention basins at a point downstream of Hain Road; and (6) impact 1.35 acre of wetlands for the purpose of reconstructing and realigning existing Route 222 (Sinking Spring PA Quadrangle N: 7.5 inches; W: 1.4 inch—N: 7.8 inches; W: 1.0 inch—N: 7.8 inches; W: 1.4 inch—N: 7.8 inches; W: 1.4 inch—N: 8.5 inches; W: 0.1 inch and N: 8.5 inches; W: 0.1 inch respectively) in Cumru Township, **Berks County**.

E67-682. Encroachment. **York County Commissioners**, One West Marketway, 4th Fl, York, PA 17401. To remove an existing structure (Bridge No. 193) and to construct and maintain a 90-foot single clear span concrete bridge with a minimum underclearance of 12 feet on Bowers Road (T-940) over the Little Conewago Creek (TSF) approximately 100 yards upstream of the confluence with the West Conewago Creek for roadway improvements (York Haven, PA Quadrangle N: 15.9 inches; W: 14.3 inches) in Conewago and East Manchester Townships, **York County**.

Northcentral Region: Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.

E08-354. Encroachment. **David Lubin, Raven Holding Co., LLC**, 225 Colonial Dr., Horseheads, NY 14845. To construct and maintain 1) an 18-inch 60-foot long

HDPE pipe culvert in an unnamed intermittent stream, 2) a 30-inch 40-foot long HDPE pipe culvert in an unnamed perennial stream, both of which are to be located on an access road to the Valley Business Park South water tank (Sayre, PA Quadrangle N: 20.44 inches; W: 10.91 inches and N: 20.50 inches; W: 11.16 inches, respectively) in Athens Township, **Bradford County**. The streams drain to a wetland that is in the drainage basin of a warm water fishery.

E14-369. Encroachment. **Andrew Zangrilli**, 936 East College Ave., State College, PA 16801. To maintain a 34 foot long structural bottomless arch culvert pipe 6 feet 11 inches high and 22 feet wide attached to concrete strip footers on either side of the stream. The project is located at 936 East College Ave (SR 26) directly across from Damon's Restaurant (State College, PA Quadrangle, N: 10.2 inches; W: 12.6 inches) in College Township, **Centre County**. This project proposes to impact 40 linear feet of Thompson Run which is designated Cold Water Fishery and will not impact any wetlands.

E17-343. Encroachment. **Andrew S. Haversack**, R. R. 3, Box 83A, Clearfield, PA 16830. To maintain a channel realignment for a distance of 75 feet in an unnamed tributary to Little Clearfield Creek located .25 mile up Lewis Road from the intersection with SR2023 (Glen Richey, PA Quadrangle, N: 14 inches, W: 14 inches) in Lawrence Township, **Clearfield County**. This project proposes to impact 75 linear feet of an unnamed tributary to Little Clearfield Creek that is designated High Quality—Cold Water Fishery and will not impact any wetlands.

E41-459. Encroachment. **Transcontinental Gas Pipe Line Corporation**, 2800 Post Oak Boulevard, Level 10, Houston, TX 77056. To repair, operate and maintain an existing 24-inch diameter gas pipeline beneath Sugar Run (Cold Water Fishery) for the transmission of natural gas. The repair work shall consist of paving the streambed over an existing pipeline with a grout mat that will not exceed 30-foot wide × 20-foot long. The streambed paving work shall be done in dry work conditions diverting flow through the use of a dam and pump or flume. The grouting area will be flushed until a pH of 9 is reached; all flush water shall be discharged to an upland area to preclude any reentry into any regulated waterway or wetland. The project will not impact wetlands while impacting 20-feet of waterway. The project is located along the western right-of-way of SR 2061 approximately 2000-foot north of Huddy Hill Road and SR 2061 intersection (Picture Rocks, PA Quadrangle N: 3.2 inches; W: 4.25 inches) in Penn Township, **Lycoming County**.

E41-460. Encroachment. **Transcontinental Gas Pipe Line Corporation**, 2800 Post Oak Boulevard, Level 10, Houston, TX 77056. To repair, operate and maintain an existing 24-inch diameter gas pipeline beneath Larry's Creek (High Quality—Cold Water Fishery) for the transmission of natural gas. The repair work shall consist of paving the streambed over an existing pipeline with a grout mat that will not exceed 75-foot wide × 90-foot long. The streambed paving work shall be done in dry work conditions by diverting flow through a dam and pump or flume. The grouting area will be flushed until a pH of 9 is reached; all flush water shall be discharged to an upland area to preclude any reentry into any regulated waterway or wetland. The project will not impact wetlands while impacting 90-feet of waterway. The project is located along the western right-of-way of SR 0287 approximately 500-foot south of Zinck Road and SR 0287 intersection (Salladasburg, PA Quadrangle N: 1.7 inches; W: 5.5 inches) in Mifflin Township, **Lycoming County**.

E41-462. Encroachment. **John D. Lynch, Sr., Montgomery Borough**, P. O. Box 125, Montgomery, PA 17752-0125. To remove the existing structure and to construct and maintain an adjacent box beam bridge with a 66 foot clear span on a skew of 90 degrees with an underclearance of 10.5 feet. To remove the abandoned easterly downstream railroad abutment and to remove three small areas of stream gravel and debris measuring 16' x 32', 8' x 15' and 7' x 22'. The project is located in Black Hole Creek adjacent to the intersection of Main Street and Bower Street (Montoursville South, PA Quadrangle N: 7.9 inches; W: 0.2 inch) in Montgomery Borough, **Lycoming County**. The project will not impact wetlands while impacting approximately 160 feet of waterway. Black Hole Creek is a trout stocked fisheries stream.

E53-340. Encroachment. **Matthew Love, Chairman, Coudersport Municipal Authority**, P. O. Box 820, Coudersport, PA 16915. To construct and maintain 8-inch and 10-inch gravity sewer extensions and a 24 inch PVC outfall from the Coudersport area sewage treatment plant. The sewer extensions will require crossing of Trout Run, Lyman Creek, Mill Creek, several intermittent streams and emergent wetlands. The project also includes sewage treatment plant expansion with construction of new clarifiers, oxidation ditch, mechanical and administration buildings and appurtenances in the floodplain of the Allegheny River. The centroid of the proposed sewer construction is located approximately 300 feet south of Route 6 and 4500 feet east of the Coudersport Borough/Sweden Township boundary line (Sweden Valley, PA Quadrangle N: 2.0 inches; W: 12.1 inches) in Sweden Township, **Potter County**. The project will temporarily impact wetlands while impacting approximately 290 feet of waterway. Lyman Creek and Mill Creek are Cold Water Fisheries Streams. Trout Run is a High Quality—Cold Water Fisheries Stream. The Allegheny River is a cold water fisheries stream.

E55-161. Encroachment. **Narin Srivastava**, 8 North Stonebridge Dr., Selinsgrove, PA 17870. To construct and maintain a channel realignment for a distance of 125 feet and install a 5 foot wide by 13 feet high steel plate pipe arch located .7 mile north on Park Road from the intersection with SR 11/15 (Sunbury, PA Quadrangle, N: 16.8 inches, W: 13.2 inches) in Monroe Township, **Snyder County**. This project proposes to impact 150 linear feet of Rolling Green Run that is designated Warm Water Fishery and will not impact any wetlands.

Southwest Regional Office: Soils and Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E26-267. Encroachment. **Allegheny Energy Supply Company, LLC**, 800 Cabin Hill Drive, Greensburg, PA 15601-1689. To construct and maintain eight fish enhancement structures each consisting of a cone shaped rock pile having a base diameter of 10.0 feet and a height of 4.0 feet in the Cheat River (WWF) located directly downstream from Lake Lynn Power Station (Lake Lynn, PA—WV Quadrangle N: 17.6 inches; W: 15.2 inches) in Springhill Township, **Fayette County**.

E02-658-A1. Encroachment. **L. W. Molnar and Associates**, P. O. Box 11067, Pittsburgh, PA 15237. To place and maintain fill in a de minimis area of wetlands (PEM) and to construct and maintain eight outfall structures along the left bank of an unnamed tributary to Piney Fork (TSF), and to construct and maintain a sanitary sewer line under the bed and across the channel of said stream for the purpose of constructing the Kings School Village phase 3 located just west from the intersection of

Kings School Road, Red Barn Road and Allandale (Bridgeville, PA Quadrangle N: 9.5 inches; W: 5.9 inches) in the Municipality of Bethel Park, **Allegheny County**.

E02-1299. Encroachment. **The Pittsburgh Water and Sewer Authority**, 441 Smithfield Street, Pittsburgh, PA 15222. To construct and maintain a 60 inch submerged stormwater outfall on the left bank of the Allegheny River (WWF) near River Mile 1.1 (Pittsburgh East, PA Quadrangle N: 13.3 inches; W: 16.5 inches) in the City of Pittsburgh, **Allegheny County**.

E65-754. Encroachment. **Latrobe Country Club**, P. O. Box 52, Youngstown, PA 15696-0052. To construct a bridge having a clean span of 30 feet and an underclearance of 9.68 feet across Ninemile Run (WWF) for the purpose of golf cart and service vehicle crossings located in the Latrobe Country Club approximately 1.1 mile south of the intersection of S. R. 30 and S. R. 982 (Derry, PA Quadrangle N: 4.35 inches; W: 16.8 inches) in Unity Township, **Westmoreland County**.

Northwest Regional Office: Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

E43-277. Encroachment. **Borough of Greenville, Greenville Area Leisure Services Assoc.**, 125 Main Street, Greenville, PA 16125. To place fill in a total of 0.73 acre of two separate wetland areas (PEM/PSS) for the development of the Greenville Area Leisure Services Association Sports Park Complex approximately 1,000 feet northwest of the intersection of SR 58 and SR 400 (Porter Road). This project will include creation of a 0.77-acre wetland replacement area adjacent to the Sports Park (Greenville West, PA Quadrangle N: 9.6 inches; W: 2.7 inches) located in West Salem Township, **Mercer County**.

E43-278. Encroachment. **Northeast Industrial Manufacturing Inc.**, 640 Keystone Road, Greenville, PA 16125. To place fill in a 0.09 acre wetland area for the construction of a Northeast Industrial Manufacturing Facility on Lot 15C within the Greenville-Reynolds Development. This project will include the construction of a 0.10 acre replacement wetland on Lot 15C. Lot 15C is within the Greenville-Reynolds Development directly northwest of the intersection of Kidds Mill Road (SR 4012) and Keystone Road (Sharpsville, PA Quadrangle N: 20.1 inches; 0.7 inch) located in Delaware and Hempfield Townships, **Mercer County**.

ENVIRONMENTAL ASSESSMENT

EA14-002NC. Environmental Assessment. **George Steiner, Bureau of Abandoned Mine and Reclamation**, P. O. Box 8476, Harrisburg, PA 17105-8476. To restore an abandoned mine site identified under Contract No. OSM 14(6817)101.1 that eliminates approximately

8,000 linear feet of highwalls. To restore the site approximately 0.34 acre of PEM wetlands within mine pits will be backfilled and 0.82 acre of wetlands will be replaced. Approximately 1.3 million cubic yards will be graded and 152 acres will be seeded. The project is located along an access road off SR 0144 approximately 2.9 miles North of the SR 0053 and SR 0144 intersection (Karthaus PA Quadrangle N: 12.2 inches; W: 0 inches) in Burnside Township, **Centre County** (Baltimore District, U. S. Army Corps of Engineers). Approval of an Environmental Assessment is requested in conjunction with § 105.12(a)(16), Dam Safety and Waterway Management, regarding restoration activities.

WATER QUALITY CERTIFICATION

Initial Notice of Request for Certification under Section 401 of the Federal Pollution Control Act

The following requests have been made to the Department of Environmental Protection (Department) under section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)), for certification that the construction and operation herein described will comply with the applicable provisions of sections 301—303, 306 and 307 of that act, and that the construction will not violate applicable Federal and State water quality standards.

Prior to final approval of the proposed certification, consideration will be given to any comments/suggestions/objections, which are submitted in writing within 30 days of the date of this notice. Comments should be submitted to the Department at the address indicated above for each request for certification. Comments should contain the name, address and telephone number of the person commenting; identification of the certification request to which the comments are addressed; and a concise statement of comments/suggestions/objections in sufficient detail to inform the Department of the exact basis of the proposal and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given comments, if deemed necessary to resolve conflicts. Each individual will be notified in writing of the time and place of any scheduled hearing or conference concerning the certification request to which the protest relates. Maps, drawings, and other data pertinent to the certification request are available for inspection and review at the address indicated between the hours of 8 a.m. and 4 p.m. on each working day.

Final or proposed action on certain other certification requests for projects which require both a Water Obstruction and Encroachment Permit and either a United States Army Corps of Engineers individual permit or a nationwide permit 14, 18 or 26 will be published with the Actions of Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27).

*Certification Request Initiated by: **Erie Western Pennsylvania Port Authority**, Raymond P. Schreckengost, Executive Director, 17 West Dobbins Landing, Erie, PA 16507-1424.*

Project Description: The Erie-Western Pennsylvania Port Authority has requested a State certification under section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) that the dredging of the East Avenue Launch Ramp basin and the discharge of this dredged material into the Lake Erie Harbor Confined Disposal Facility (CDF) will comply with the applicable provisions of sections 301—303, 306 and 307 of the Federal Clean Water Act.

This request was necessitated by conditions imposed by the Department's Water Obstruction and Encroachment Permits E25-404A and E25-581 issued to the Erie-Western Pennsylvania Port Authority requiring Federal Water Act Section 401 certification for the disposal of dredged material in the CDF prior to each dredging and disposal event. The Erie-Western Pennsylvania Port Authority has sampled and tested the sediments in accordance with Attachment A "Sample Collection and Testing Protocol" of both Water Obstruction and Encroachments Permits E25-404A and E25-581. Laboratory testing was conducted in accordance with the United States Army Corps of Engineer's Inland Testing Manual and the document "Ecological Evaluation of Proposed Discharge of Dredged or Fill Material in Navigable Waters." Based upon this sampling and laboratory testing, the Erie-Western Pennsylvania Port Authority indicates that the dredging of this approximately 1175 cubic yards of basin sediments from the East Avenue Launch Ramp basin (Erie North, PA Quadrangle N: 3.6 inches; W: 8.9 inches) and the discharge of this dredged material into the Lake Erie Harbor Confined Disposal Facility (Erie North, PA N: 4.7 inches; W: 10.3 inches) will not degrade the water quality of Lake Erie or Presque Isle Bay. The Erie-Western Port Authority has also requested because of reported aggravated accumulation of basin sediments the past 2 years, this Section 401 Water Quality Certification allow for subsequent dredging of the East Avenue Launch Ramp and discharge of that material into the CDF for 1 year after final certification without additional sampling and testing. Any subsequent use of the CDF for the discharge of dredged materials from the East Avenue Launch Ramp past this 1 year certification period will require a separate 401 Water Quality Certification.

STORAGE TANKS

SITE SPECIFIC INSTALLATION PERMITS

The following Storage Tank Site Specific Installation Permit application has been received by the Department and is currently under review. Persons wishing to comment on the proposed permit are invited to submit a statement to the Bureau of Watershed Conservation, Division of Storage Tanks, P. O. Box 8762, Harrisburg, PA 17105-8762, within 30 days from the date of this publication. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of the comment and the relevant facts upon which it is based.

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

INDIVIDUAL PERMITS

(PAR)

Approvals to Use NPDES and/or Other General Permits

The following parties have submitted (1) Notices of Intent (NOIs) for Coverage under General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8 and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

**SEWAGE FACILITIES ACT
PLAN APPROVAL**

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

*Northeast Regional Office: Water Management Program
Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790,
(570) 826-2511.*

Borough of Weissport, Carbon County.

The Department has reviewed the Official Sewage Facilities Plan Update Revision (Plan Update Revision) dated July 1998 and revised January 2000 (received by the Department on January 20, 2000), as submitted by Spotts, Stevens & McCoy, Inc., on behalf of the Borough of Weissport (Borough).

The Department's review has found that the Plan Update Revision is acceptable and hereby grants planning approval. This review has also not identified any significant environmental impacts resulting from this proposal.

The Plan Update Revision calls for replacement of the Borough's entire existing wastewater collection system. The selected wastewater disposal alternative is described in the Plan Update Revision as "Gravity Sewerage Alternative No. 1." The alternative also proposes a limited rehabilitation of the Weissport Borough Municipal Authority's (Authority) existing main pumping station.

Replacement of the Borough's entire wastewater collection system was found to be the only cost-effective alternative which would successfully eliminate excessive amounts of infiltration/inflow (I/I) from the Borough's wastewater collection system. Elimination of the excessive amounts of I/I is required to eliminate the existing hydraulic overload at the existing Lehighon Sewerage Authority's Wastewater Treatment Facility. Wastewater from the proposed, replacement collection system will be

discharged to the existing Lehighon Sewerage Authority's Wastewater Treatment Facility for treatment and discharge. Upon completion of the proposed Central Carbon Municipal Authority's (CCMA) Wastewater Treatment Facility, wastewater from the Borough's wastewater collection system will be conveyed to and treated at the CCMA facility.

Financing of the proposed wastewater construction improvements is to be provided by the United States Department of Agriculture's Rural Utilities Service. The Borough plans also to apply to the Pennsylvania Infrastructure Investment Authority (PENNVEST) for financing of the system as a secondary or backup financing source.

In accordance with the provisions of the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20(a)) (Act 537), and Chapter 71 of the Department's regulations (25 Pa. Code Chapter 71), the Department will hold the Borough of Weissport and the Weissport Borough Municipal Authority responsible for the complete and timely implementation of the Plan Update Revision's selected wastewater disposal alternative, as listed in the Plan Update Revision, and its corresponding Schedule of Implementation.

Please be advised that any additional wastewater-related improvements, additions, deletions or changes outside of those explicitly described in the Plan Update Revision and its correspondence, must be in compliance with the Department's regulations and be submitted to and approved by the Department in writing.

This approval correspondence covers only the wastewater planning aspects of the selected wastewater disposal alternative as it relates to the Borough's Official Sewage Facilities Plan. Implementation of the selected wastewater disposal alternative will require a Water Management Part II Permit for the construction and operation of the

proposed sewage facilities. The permit application must be submitted in the name of the Borough or Authority, as appropriate. Issuance of a Part II Permit will be based upon a technical evaluation of the permit application and supporting documentation. Starting construction prior to obtaining a Part II Permit is a violation of The Clean Streams Law. Please include a copy of this approval correspondence with the Water Management Part II Permit Application when it is submitted to this office.

Other Departmental permits may be required for construction if encroachment to streams or wetlands will result. Information regarding the requirements for such permits or approvals can be obtained from the Northeast Regional Office's Soils and Waterways Section at the letterhead address or by telephoning (570) 826-2511.

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Ave., Harrisburg, PA 17110.

Location: Leesport Borough, Berks County, Box T, Leesport, PA 19533. The approved plan provides for expansion and upgrade of an existing sewage treatment plant to a new capacity of 0.5 mgd. Discharge will be to the Schuylkill River. A new service area will extend into Ontelaunee Township. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Location: South Heidelberg Township, Berks County, 68-A North Galen Hall Road, Wernersville, PA 17565. The approved plan provides for extension of existing public sewers to serve the Fritztown Road area in the vicinity of its intersection with Galen Hall Road. Portions of Preston Road and Keener Road will also be served. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

Location: Carolyn Schofield Subdivision, Southampton Township, **Bedford County**.

Project Description: Approval of a revision to the Official Plan of Southampton Township, Bedford County. Project involved construction of a small flow facility to serve an existing residential dwelling with sewage flows of 400 gpd. Located on the west side of Route 36, 3.5 miles south of Chaneyville. Treated effluent is to be discharged into Town Creek, a tributary of the Potomac River. The Department's review of the sewage facilities update revision has not identified any significant impacts resulting from this proposal.

SAFE DRINKING WATER

Actions taken under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Regional Office: Northcentral Field Operations, Environmental Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701.

Permit No. 1799502. The Department issued a construction permit to Clearfield Municipal Authority, 107 East Market Street, Clearfield, PA 16830, Clearfield

Borough, **Clearfield County** for construction of wells 4 and 5 to be used as permanent public water supply sources to replace Wells 2 and 3. The water will be pumped to the Montgomery Creek Filter Plant for treatment.

Permit No. 4496031-A8. The Department issued a construction permit to Tulpehocken Spring Water Company, Inc., R. R. 1, Box 157, Sunbury, PA 17801-9746, Point Township, **Northumberland County**. This permit authorizes construction of the Oak Park Bottling Plant.

HAZARDOUS SITES CLEANUP

Under the Act of October 18, 1988

Notice of Proposed Interim Response

Marino Brothers Scrap Yard

Borough of Rochester, Beaver County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA) is proposing a response action for the Marino Brothers Scrap Yard. The Marino Brothers Scrap Yard (site) is located between Railroad Street and the Ohio River in the Borough of Rochester, **Beaver County**, PA. The facility encompasses approximately 3 acres and is occupied by several buildings that date back to the early 1900s including a building/scale house, an associated truck scale, a 3-story garage building and a storage building. Formerly on the site were also a hydraulic metal crusher with its associated building and hydraulic shears. The property is located in an industrial area and is bordered on the north by Railroad Street, on the South by the Ohio River, on the east by a concrete supplier, and on the west by commercial properties. The property is partially fenced and is easily accessed by trespassers.

Hazardous substances were released into the environment and are present in site soils and groundwater in excess of Statewide health standards. Surface contamination includes polychlorinated biphenols (PCBs), antimony, arsenic, cadmium, chromium, lead, mercury, thallium and zinc with concentrations exceeding direct contact and/or soil to groundwater Statewide health standards under the Land Recycling and Environmental Remediation Standards Act (Act 2). Surface media collected from the site and analyzed for Toxicity Characteristic Leaching Procedure (TCLP) metals exceeded the hazardous waste criteria for lead and cadmium. Light non-aqueous phase liquids (LNAPLs) were found in one monitoring well installed on the site. This floating product contained elevated concentrations of PCBs. Department sampling of Ohio River sediments indicate elevated concentrations of metals and PCBs. These conditions, along with easy access to the site by trespassers and the site's location along the Ohio River within its 100-year floodplain, present a threat to human health through direct contact, inhalation, and ingestion as well as a threat to the environment including the Ohio River.

The Department proposes to conduct an investigation of the site to determine the contaminants of concern and the extent of combination at the site. This investigation will determine the depth and lateral extent of the soil contamination, evaluate and characterize the groundwater, and qualify any threats to human health and the environment posed by the site. The Department will use the information from the investigation to determine the appropriate remediation for the site.

A. The following alternatives were considered to address the current conditions at this site:

Alternative 1. No action. This alternative would involve no response by the Department to address the threats associated with this site. The contamination would remain onsite and the associated threats would not be mitigated. There would be no additional investigation and the extent of contamination and its impacts would remain unknown. This alternative would not comply with the Applicable Rules and Regulations (ARARs) identified for this site. Specifically HSCA Section 501(a) requires the Department to investigate if there is a release or threat of release of a hazardous substance. Although no direct costs are associated with this alternative, indirect costs associated cannot be quantified and would include ongoing degradation of groundwater, surface water and the Ohio River as well as loss of tax base and revenue.

Alternative 2. Further investigation to fully characterize the site. Threats posed by this site would be qualified by determining the concentrations, depth and lateral extent of contamination in the soils and the groundwater. The site soils will be characterized by soil borings or other appropriate means and adequately sampled to determine the extent of contamination. Monitoring wells will be installed to supplement those already on the site and sampled to provide analytical results and other data to adequately define groundwater at the site and the presence of groundwater contamination. This alternative would comply with all the ARARs identified for this site and will meet the requirements if HSCA section 501(a) that requires the Department to investigate the release of hazardous substances. The Department estimates that an investigation conducted at this site will cost approximately \$500,000. This investigation would gather information necessary, using the most cost-effective methods available, for the Department to determine if additional remediation efforts are necessary at the site to protect human health and the environment.

The Department has determined that alternative 2 is the most appropriate response. This alternative is more protective of human health and the environment than alternative 1 and would be cost-effective. An investigation to fully characterize the site will determine the extent of soil contamination and characterize the groundwater aquifers associated with the site. This investigation will provide the Department with sufficient information to determine if additional remediation is necessary for this site and will enable the Department to determine the most appropriate and efficient methods to remediate the site.

This notice is being provided under Section 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of this response action, is available for public review and comment. The administrative record is located at Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, and is available for review Monday through Friday from 8 a.m. to 4 p.m.

The administrative record will be open for comments from February 23 until June 12. Persons may submit written comments into the record during this time only, by sending them to Terry Goodwald at 400 Waterfront Drive or by delivering them to this office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. The Department has scheduled the hearing on March 28 at 7 p.m. at the Rochester Municipal Building, 300 West Park, Rochester. Persons wishing to present oral comments must register with Betsy Mallison before

March 24 by telephone at (412) 442-4182 or in writing at 400 Waterfront Drive, Pittsburgh, PA 15222.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should contact Betsy Mallison at (412) 442-4184 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Notice of Further Investigation

Mays Hickman Road Site

Robinson Township, Allegheny County

The Department of Environmental Protection (Department) under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), is proposing a further investigation response action at the Mays Hickman Road Site (site).

The site is located in Robinson Township, Allegheny County at the end of Hickman Road. The property consists of approximately 38 acres, however the area of concern for this response is approximately 8 acres. The site was used from the 1950s until the 1960s as a disposal site for carbon sweepings and other industrial wastes. A large pile of contaminated carbon wastes and leaking 55 gallon drums are located along the bank of Montour Run. Samples taken from the carbon pile and site soils have detected the following contaminants: phenanthrene, flouranthene, pyrene, benzo-a-anthracene, benzo-a-pyrene, chrysene, benzo-b-flouranthene, benzo-k-flouranthene, indeno(1,2,3-cd)pyrene, carbon disulfide, acetone, 2-butanone, lead and zinc.

The Department proposes to conduct an investigation at the site to determine the type and volume of waste present at the site and the extent of contamination. This investigation will determine the depths and lateral extent of contaminated soils, location and volume of buried waste and the condition of the groundwater aquifers. The investigation will also access any threats posed by the site. The Department will use the information from the investigation to determine the appropriate remediation for the site.

The Department has considered the following alternatives for the investigation of this site: 1) No Action, 2) Further Investigation.

Alternative 2 is being proposed by the Department because this alternative would identify risks posed by the site, provide information on the volume, type and nature of the waste and characterize the effects on the groundwater and sediment. Upon completion of the investigation, the Department should have sufficient information to determine if additional remediation is needed and the most appropriate methods to complete the remediation of this site.

This notice is being provided under section 506(b) of HSCA. The administrative record which contains the information that forms the basis and documents the selection of this response action is available for public review and comment. The administrative record is located at the Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222-4745 and is available for review from 8 a.m. to 4 p.m.

The administrative record will be open for comment from February 27 to June 12. Persons may submit written comments into the record during this time only, by sending the comments to Terry E. Goodwald at 400 Waterfront Drive, Pittsburgh, PA 15222-4745 or by delivering the comments to the Department's Southwest Regional Office at the address listed previously.

In addition, persons may present oral comments at a public hearing for inclusion in the administrative record. The Department has scheduled the hearing on March 29 at 7 p.m. at the Robinson Township Municipal Building, 1000 Churchhill Road, Pittsburgh, PA 15202, (412) 788-8120. Persons wishing to present oral comments must register with Betsy Mallison before March 24 at (412) 442-4182 or in writing to Terry Goodwald, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should contact Betsy Mallison at (412) 442-4182 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final report:

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Charles and Cindy Stoudt Residence, Swatara Township, **Lebanon County**. Charles and Cindy Stoudt, 407 South Lancaster Street, Lebanon, PA 17046 have submitted a Final Report concerning remediation of site

soils contaminated with BTEX and PAHs. The report is intended to document remediation of the site to the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediations Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediations Standards Act (act). Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Thomas Saylor Property, Horsham Township, **Montgomery County**. Philip F. Gray, Jr., Storb Environmental, Inc., 410 North Easton Road, Willow Grove, PA 19090, has submitted a Final Report concerning remediation of site soil contaminated with BTEX and petroleum hydrocarbons. The report demonstrated attainment of the Statewide health standard and was approved by the Department on January 19, 2000.

Harvey Knechel Residence, New Britain Township, **Bucks County**. Philip F. Gray, Jr., Storb Environmental, Inc., 410 North Easton Road, Willow Grove, PA 19090, has submitted a Final Report concerning remediation of site soil contaminated with BTEX and petroleum hydrocarbons. The report demonstrated attainment of the Statewide health standard and was approved by the Department on February 9, 2000.

The Former Heintz Corp., Property, Parcel A., City of Philadelphia, **Philadelphia County**. Edwin Hicks, Roy F. Weston, Inc., 1515 Market St., Suite 151, Philadelphia, PA 19102-1956, has submitted a Final Report concerning remediation of site soil contaminated with lead, heavy metals, solvents, BTEX and polycyclic aromatic hydrocarbons and groundwater contaminated with solvents and BTEX. The report demonstrated attainment of Statewide health site-specific standards and was approved by the Department on February 14, 2000.

SOLID AND HAZARDOUS WASTE

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Permits issued under the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003) and regulations to operate a solid waste processing or disposal area or site.

Northcentral Regional Office: Regional Solid Waste Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3653.

Permit No. 101243. Bradford County Landfill, Northern Tier Solid Waste Authority (P. O. Box 10, Burlington, PA 18814-0010). Renewal of permit for a municipal waste landfill located in West Burlington Township, **Bradford County**, issued in the regional office on February 24, 2000.

Permits revoked under the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003) and regulations to operate solid waste processing or disposal area or site.

Responsible Office: Southcentral Regional Office, Regional Solid Waste Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4706.

Permit No. 603426. Stair Farm, White Run Regional Municipal Authority, (2001 Baltimore Pike, Gettysburg, PA 17325). This permit has been revoked at the request of the permittee for a site in Mt. Joy Township, **Adams County**. Permit revoked in the Southcentral Regional Office February 15, 2000.

AIR QUALITY

OPERATING PERMITS

Administrative Amendment of Operating Permits issued under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Southeast Regional Office: Air Quality Program, 555 North Lane, Conshohocken, PA 19428, (610) 832-6242.

OP-09-0025: Delbar Products, Inc. (7th and Spruce Streets, Perkasio, PA 18944) for replacement of an afterburner to reduce volatile organic compound emissions from an existing pyrolysis cleaning furnace in Perkasio, **Bucks County**. This replacement will result in the

reduction of VOC emissions. The afterburner is to be operated at 1200°F. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

59-304-008B: ACP Manufacturing Co., LLC (P. O. Box 9, Blossburg, PA 16912-0068) on February 18, 2000, to incorporate requirements established in Plan Approval 59-304-008D for a core-making machine and associated air cleaning device (a packed bed scrubber) in Lawrence Township, **Tioga County**.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board (Board) within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rule of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (*Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.*)

SPECIAL NOTICES

Notice of Planning Grant Awards under Section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (Department) announces the following grants to counties under the Pennsylvania Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and section 901 and section 208 of the Waste Tire Recycling Act (Act 190 of 1996). The awards listed here are based upon applications received by the Department in 1999 and 2000.

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, re-

search and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by Sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Sally Lohman, Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

Safe Fill Policy and Related Documents

The Department of Environmental Protection (Department) has developed a draft safe fill policy and related documents to address the safe movement and use of soil as fill or construction material. The draft fill policy included in the proposal applies to uncontaminated soil and dredge material. The package also includes proposed amendments to the residual waste regulations to provide flexibility for movement of contaminated soil under a permit-by-rule, a general permit for beneficial use of contaminated soil and a permit waiver for the movement of waste materials onsite as part of a remediation under the Land Recycling Program (Act 2).

A. Background

The Department first published revisions to its guidance on the management of fill in the August 30, 1997, *Pennsylvania Bulletin*. Based upon comments received and the increased interest from the public on the movement of soil materials, the policy has been substantially redrafted and is being re-proposed for further public comment.

B. Summary of the Fill package

1) *Fill Policy*. The fill policy identifies levels of constituents in soils and dredge material that are acceptable for unrestricted movement and safe use as fill. This draft fill policy revises the current fill policy, titled "Policy and Procedures Establishing Criteria for Use of Uncontaminated Soil, Rock, Stone, Unused Brick and Block, Concrete and Used Asphalt as Clean Fill," Document Number 258-2182-773, published February 29, 1996.

2) *General Permit No. WMGR058*. A Department-initiated general permit proposed under the Solid Waste Management Act and the residual waste regulations for

the beneficial use of soil affected by regulated substances. The proposed general permit regulates the use of contaminated soil by establishing acceptable levels of organic and inorganic substances for specific uses identified in the permit.

3) *Permit-by-rule*. Draft changes to 25 Pa. Code § 287.102 (relating to permit-by-rule) to allow the use of materials as fill to bring an area to grade as a construction material, for control of fire and subsidence events or in reclamation at abandoned mines. The following categories of contaminated soil are included under permit-by-rule: soils contaminated as a result of mixing with slag, fly ash and incinerator ash commonly used as fill prior to September 7, 1980; soil contaminated by air-borne pollution or sediment and that cannot be attributed to a specific point source; agricultural soil contaminated by authorized use of lead and arsenic pesticides applied to crops in accordance with the law; soils contaminated by a known spill or release that are being removed from a site undergoing remediation; and soils that exceed the numeric levels for contaminants under the fill policy. These proposed changes will be incorporated into the final residual waste rulemaking that is currently pending as proposed rulemaking.

4) *Waiver language*. Draft changes to 25 Pa. Code § 287.101 (relating to general requirements for permit) to allow the movement of waste encountered when performing a site remediation under the land recycling program. This waiver allows the onsite movement and placement of waste in accordance with a Department approved remediation investigation report. The permit waiver is available to persons conducting a cleanup using the site-specific standards under Act 2. These proposed changes will be incorporated into the final residual waste rulemaking that is currently pending as proposed rulemaking.

C. Public Meetings and Hearings

The Department will hold three public information meetings/hearings for the purpose of discussing the proposal, answering questions and receiving testimony. The first hour and a half will be for presentation of the package and questions and answers; the second hour will provide an opportunity to present testimony. The meetings will be held from 6:30 p.m. to 9 p.m. on the following dates and locations:

April 27, 2000

Southwest Region
Monongahela Room
400 Waterfront Drive
Pittsburgh, PA 15222

May 2, 2000

Southcentral Region
Codus Room
909 Elmerton Avenue
Harrisburg, PA 17110

May 4, 2000

Southeast Region
Main Conference Room
Suite 6010, Lee Park
555 North Lane
Conshohocken, PA 19428

Persons wishing to present testimony at the hearings must contact Millie Smith at the Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472 or by telephone at (717) 787-7564, at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to 10 minutes for each witness and three written copies of the oral testimony are requested to be submitted at the

hearing. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to attend the hearings and require an auxiliary aid, service or other accommodation to participate should contact Millie Smith at (717) 787-7564 or through the Pennsylvania AT&T relay service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) to discuss how the Department may accommodate their needs.

D. Contact Persons

Persons interested in obtaining more information or a copy of any of this proposed package may contact Millie Smith in the Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472 or by calling (717) 787-7564. The draft fill package is also available electronically through the Department website (<http://www.dep.state.pa.us>), directLINK "safe fill policy."

Written comments on the fill package or components of the fill package must be submitted to Khatija Swaroop, Bureau of Land Recycling and Waste Management, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472, within 60 days of this notice. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). Comments may also be transmitted electronically to Swaroop.Khatija@dep.state.pa.us. If the sender does not receive an acknowledgment of electronic comments within 2 working days, the comment should be resubmitted to ensure receipt. Comments must be received by May 10, 2000. A subject heading of the proposal and a return name and address must be included in each letter of transmission. Comments will not be accepted by facsimile or voicemail.

**DEPARTMENT OF
GENERAL SERVICES****Design Professional Selections**

The Selections Committee for the Department of General Services (Department) will meet to consider selections of Design Professionals for the following projects:

Project No. DGS 992-17—Installation of Fire Protection Systems, Anthracite Heritage Museum, Scranton, Lackawanna County, PA. Construction Cost: \$150,000. The scope of work includes, but is not limited to, installation of a pre-action, dry-pipe water suppression system in the Museum and a water suppression system in the Maintenance Building. Note: The fee to be paid to the design professional and the terms of the contract will be negotiated.

Project No. DGS 992-18—Installation of Fire Protection Systems, Eckley Miners' Village, Weatherly, Luzerne County, PA. Construction Cost: \$250,000. The scope of work includes, but is not limited to, installation of a pre-action, dry-pipe water suppression system in the Visitor Center and other selected historic buildings. Project also includes fire-fighting stations throughout the Village. Note: The fee to be paid to the design professional and the terms of the contract will be negotiated.

Requirements and Information*Note—Project Program*

A Project Program, prepared by the Using Agency, is available for the following projects: DGS 992-17 and DGS 992-18. Copies of the Project Programs may be obtained upon request to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125, (717) 783-8468.

Instructions for Filing Application

Professionals will not be considered by the Committee until all of the following requirements are met.

(a) Signed Form 150-ASP must be filed with the Department. The signature on Form 150-ASP must be an original signature. Consultants listed on the requesting professional firm's application, Form 150-ASP shall be deemed to be designated Key Consultants. Form 150-ASP, Application for Specific Project, may be obtained upon

request to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125, (717) 783-8468. The Form 150-ASP can be downloaded from the Department's Internet Home Page at <http://www.dgs.state.pa.us>. In addition, the Form 150-ASP can be obtained by E-mail by addressing a request to: pbianchi@exec.gsinc.state.pa.us.

(b) The requesting professional firm shall obtain from each consultant listed in Question 9, page 4 of the requesting professional firm's application (Form 150-ASP) a signed letter of certification on the consultant's letterhead, attesting to the firm's consent to participate in the requesting professional firm's application (Form 150-ASP) for the specific project. Signed letters of certification from consultants are required and constitute a part of the requesting professional firm's application (Form 150-ASP) for the specific project. The signature on the letter of certification must be an original signature.

(c) The requesting professional firm must submit six copies of Form 150-ASP, Application for Specific Project, for each project herein advertised in which the firm is interested and qualified to perform. At least one of the six copies submitted must contain all original signatures. For architectural projects and, when appropriate, for engineering projects, the Professional shall supply photographs showing a maximum of two different views of each of the three relevant projects described in Question 12, Pages 7 through 9 of the application (Form 150-ASP). The requesting professional firm or joint venture firm must be the Professional of Record for the projects described in Question 12, Pages 7 through 9 of the application (Form 150-ASP). It is not acceptable to list work performed by Key Consultants. The identification and appropriate supportive information concerning each photograph shall include the name, project title, location and the name of the Professional of Record. Color photo copies are acceptable, however, renderings and brochures will not be accepted in lieu of photographs. The photographs shall be attached to each copy of the application, (Form 150-ASP). The pages of each copy of Form 150-ASP must be stapled with photographs and consultant's letters of certification followed by the resumes of Key Personnel (listed in Question 10 and/or 11 on Pages 5 and/or 6) included as the last section of the application. Do not bind the application (Form 150-ASP) in any way to any other documentation. Do not bind the application (Form 150-ASP) in a binder of any type.

(d) A complete project submission, which consists of documents described in previous paragraphs (a), (b) and (c), must be received on or before the close of business (5 p.m.) Friday, March 24, 2000, and addressed to the Selections Committee, Department of General Services, Room 104, 18th and Herr Streets, Harrisburg, PA 17125. Fax applications are not acceptable.

Project submissions must be made on the Form 150-ASP. Applications submitted on any other form are unacceptable and will not be considered by the Committee.

(e) The Selections Committee may at its discretion establish interviews with any or all of the Professionals who have requested consideration for appointment as designer for the above projects. If an interview is required, the Professional will be notified by the Committee as to the date, time and location.

(f) Additional information, in writing, may be requested by the Committee as required.

Additional Services—Indoor Air Quality Assessment Program and Hazardous Materials

The Professional firm selected to design a project will be expected to perform and administer, when required by the Department as Additional Services, an Indoor Air Quality Assessment Program during Building or Renovation Commissioning and the sampling, testing, inspection and monitoring for removal of any asbestos, other hazardous waste or contaminants encountered during project design or construction, unless otherwise stated in the Scope.

The Selections Committee encourages responses from small firms, minority firms, women-owned firms and firms who have not previously performed state work and will consider joint ventures, which will enable them to participate in this program.

All applications submitted are subject to review by the Selections Committee. The Selections Committee disclaims any liability whatsoever as to its review of the applications submitted and in formulating its recommendations for selection. All recommendations for selection made by the Committee shall be final under Act 57 of May 15, 1998.

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Butler County Project Reference No. 08430AG2514

The Department will retain an engineering firm under a multi-phase agreement to provide preliminary engineering, environmental studies, final design and services during construction for S.R. 0422, Section 291 (Route 68 interchange) in Summit and Butler Townships, Butler County. The project is located at the interchange of S.R. 0422, SR 68 and S.R. 0038. It will consist of redesign of

the interchange and adjacent intersecting roads. The estimated construction cost is \$12 million.

The selected firm will be required to provide the following engineering and design services: field survey; traffic studies; public involvement; safety review meeting; design field view; environmental studies; erosion and sedimentation control plan; type, size and location report; foundation report; highway lighting plan; utility and right-of-way plans; traffic control plans; design exception report; Step 9 submission; final construction plans; two signal plans; signing plans; H&H Report; NPDES Permit; final structure plans for one widened bridge, one rehabilitated concrete arch bridge and one widened or replaced bridge; value engineering; CPM and project management. Services during construction will include consultation and shop drawing review.

Letters of Interest will be evaluated at the District 10-0 office with emphasis of the following factors:

- a) Demonstrated ability to meet project schedules and control costs.
- b) Experience and competence of project manager and key personnel.
- c) Past performance and experience on similar projects.
- d) Method of controlling quality on project and submissions.
- e) Understanding of the Department's requirements, Design Manuals, policies and specifications.
- f) Location of office to perform work.
- g) Understanding of the specific project requirements.

The goal for Disadvantaged Business Enterprise (DBE) participation in this agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8.5" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable (see the General Requirements and Information Section).

The letter of Interest submission shall be sent to:

Richard H. Hogg, P.E., District Engineer
Engineering District 10-0
P. O. Box 429, Route 286 South
Indiana, PA 15701
Attn: Mark S. Rozich

The letter of Interest submission for this project reference number must be received at the above listed address by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this notice.

Engineering District 10-0 will announce the firms that have been shortlisted at an open public meeting to be held in the District Office. All firms that have submitted a letter of interest will be notified of the date and time. Specify two (2) contact persons in the letter of interest.

Any technical questions concerning the requirements for this project should be directed to Mark Rozich, P.E., District 10-0, at (724) 357-2852.

**Erie County
Project Reference No. 08430AG2515**

The Department will retain an engineering firm to provide final design services and services during construc-

tion for S.R. 9900, Section 000, the realignment of West 38th Street in the City of Erie, Erie County, Pennsylvania. The project involves the realignment of approximately 1433m (4701 ft.) of West 38th Street and 420m (1378 ft.) of S.R. 0505. In addition to the roadway design, traffic signal designs will need to be prepared for four intersections and structure designs will be required for two retaining walls and two structures to span Mill Creek. A small portion of the Mill Creek Channel will require relocation.

The selected firm will be required to provide the following services or perform the following tasks (note: this list may be expanded or reduced as project requirements dictate): field surveys; utility coordination; foundation reports; final structure designs; final traffic signal designs; final erosion and sedimentation control plans; final roadway design and construction drawings; completion of all applicable forms, specifications and estimates; preparation of CPM schedules; public and agency coordination; and, project management and administration. Services during construction activities will include construction consultation, alternative review and shop drawing reviews.

The environmental clearance document for this project is currently under review. The project is being advanced through the completion of the preliminary design submission and field view and type, size & location report(s). These tasks are being completed by others along with a right-of-way plan. The selected firm must build upon the work that has been performed to date with minimal redundancy.

Firms that are under contract, or are being considered, to provide engineering services to a land developer for a site that is located along the project corridor will not be considered for this assignment. Firms are to state within their letter-of-interest that they are not under contract nor are being considered for a contract with interests in the project area.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of firms submitting letters-of-interest:

- a) Proven ability to meet project schedules and control costs.
- b) Experience and competence of project manager and key personnel.
- c) Cooperation, innovations and flexibility in thinking, particularly with respect to the needs of the local community.
- d) Past record of performance on similar projects.
- e) Past performance record of listed subconsultants.
- f) Availability of listed staff.

Engineering District 1-0 will announce the firms that have been shortlisted at an open, public meeting to be held in the District Office. All firms that have submitted letters-of-interest will be notified of the time and date of this announcement. Specify two (2) contact persons in the letter-of-interest.

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning the DBE participation in this agreement is contained in the General Requirements and Information section after the advertised project(s).

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum

of five (5) pages, 8-1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The letter-of-interest submission shall be sent to:

Mr. John L. Baker, P.E., District Engineer
Engineering District 1-0
255 Elm Street
Oil City, PA 16301

Attention: Mr. Michael L. McMullen, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to Mr. Michael L. McMullen, P.E., District 1-0, at (814) 678-7077.

**Mercer County
Project Reference No. 08430AG2516**

The Department will retain an engineering firm to provide the preparation of an Environmental Assessment, Alternative Investigations and Preliminary Engineering for S.R. 0208, Section A00 in Springfield Township, Mercer County, Engineering District 1-0. The primary purpose is to relieve traffic congestion and to improve the level of service at the S.R. 0208/I-79 interchange. The secondary purpose is to improve the intersection with S.R. 0208 and S.R. 0258 west of the interchange.

The selected firm will be required to prepare an Environmental Assessment, perform field surveys, prepare a location study with a preferred alternative, prepare for the chosen alternative the preliminary roadway design, cross sections, topography, soils and geological investigation, erosion and sedimentation control plan, preliminary right-of-way submission, preliminary utility investigation, preliminary traffic investigation, and prepare structure design in detail to submit a type, size and location submission with all associated permits. The attendance at various public involvement meetings is a must. The consultant will be required to provide material for and attend a safety review meeting, attend various field views to be held on the site, and provide efficient project management.

The Department will reserve the option to add final design activities and services during construction to the scope of this Agreement. Final design activities will include the preparation of a final right-of-way plan, final utility coordination, final roadway design, final structure design, construction plans and PS&E (plans, specifications and estimates submission). Services during construction will include construction consultation and shop drawing review.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting acceptable letters of interest:

- a. Specialized experience and technical competence of firm. The specific experience of individuals who constitute the firms will be considered.
- b. Understanding of the Department's requirements, Design Manuals, policies and specifications.
- c. Past record of performance with respect to cost control, work quality, ability to meet schedules.
- d. Project management skills and public involvement experience. The specific experience of individuals who constitute the firms will be considered.

e. Method of controlling quality of projects and submissions. Consideration will be given to coordination between disciplines, subconsultants, etc.

f. Location of consultant with respect to the District. This will include ability/provisions for quick responses to District requests.

The goal for Disadvantage Business Enterprise (DBE) participation in this agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information section after the advertised project(s).

This project is a complex project. The Letter of Interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" in size), and additional resumes, if applicable (See General Requirements and Information Section).

The letter of interest submission shall be sent to:

Mr. John L. Baker, P.E., District Engineer
Engineering District 1-0
255 Elm Street
Oil City, PA 16301

Attention: Mr. Michael L. McMullen, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the tenth (10) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Michael L. McMullen, P.E., District 1-0, at (814) 678-7077 or Ms. E. Mariah Hanson, District 1-0, at (814) 678-7078.

**Fayette, Greene, Washington and Westmoreland
Counties
Project Reference No. 08430AG2517**

The Department will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 12-0, that is in Fayette, Greene, Washington and Westmoreland Counties. The Contract will include roadway and bridge construction projects, and material plant inspection. The Contract will be for a period of sixty (60) months, with a maximum cost of \$2 Million dollars.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Number of available inspectors in each class.
- b. Previous District 12 experience.
- c. Past performance ratings for District 12.
- d. Number of NICET/NECEPT certified inspectors.
- e. Ability to provide CDS operator.
- f. Understanding of District's and Department's policies Requirements, and specifications

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	1 (1)
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	3 (3)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	12 (8)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	4 (0)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 2000:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCM-1)	\$47.65
(TCIS)	\$41.75
(TCI)	\$36.53
(TA)	\$25.12

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the

construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation, or construction.

The firm selected may be required to supply the following equipment at no direct cost to the Department:

- 2 Nuclear Densometer Gauges/License at point of need when needed
- 1 Paint Test Kit
- 10 Cellular Phones (for Engineer's employees only)

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCM-1	2
TCIS	4
TCI	15
TA	0

This project reference assignment is considered non-complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Michael Dufalla, P.E., District Engineer
 Engineering District 12-0
 North Gallatin Ave Ext.
 Uniontown, PA 15401
 Attn: Charles Thompson P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth day (20th) following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to Charles Thompson, District 12-0, at (724) 439-7137.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

1. The Letter of Interest must include the project reference number, the firm's legal name, and the firm's federal identification number.
2. Identify the project manager.
3. Identify subconsultants, if any, including DBE/WBE, if required.
4. Identify key project staff.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm

fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

Designation of Wilderness Trout Waters

The Fish and Boat Commission (Commission) is considering the republication of its list of Wilderness Trout Streams. Under 58 Pa. Code § 57.4 (relating to wilderness trout streams), it is the Commission's policy to manage the wilderness trout streams program where the stream remoteness and populations of naturally reproducing trout combine to offer a sport fishing opportunity for the recreation of anglers in a wilderness setting away from roads or vehicular access. It is the Commission's intent to advocate proper watershed management to maintain the wilderness setting and to advance and seek the highest water quality standards through the Department of Environmental Protection.

The Commission intends to consider the designation of Wilderness Trout Streams at its spring meeting on April 7 and 8, 2000. Persons with comments, objections or sug-

gestions concerning the designations are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 no later than 4 p.m on April 6, 2000. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations@fish.state.pa.us." A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

A complete list of waters that the Commission is designating as Wilderness Trout Waters is as follows:

Temporary Changes to Miscellaneous Special Regulations

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 65.25 (relating to temporary changes to fishing regulations), is taking immediate action to modify temporarily the miscellaneous special regulations at § 65.24 as follows:

<i>County</i>	<i>Name of Water</i>	<i>Special Regulations</i>
Huntingdon	Raystown Lake (includes Raystown Branch from the Raystown Dam downstream to confluence with Juniata River).	Trout (all species)—no closed season. Creel limits: regular inland season—[8] 5 . Day after Labor Day to opening day of next regular inland season—3 (combined species). * * *
Somerset, Fayette, Westmoreland and Allegheny	Youghiogheny River from reservoir downstream to confluence with Casselman River	Closed season on trout—April 1 until 8 a.m. first Saturday after April 11. Daily limit—opening day of trout season to Labor Day—[eight] five trout per day; day after Labor Day to midnight March 31 of the following year—three trout per day. Inland regulations apply to warmwater/coolwater species.

When the Commission amended its Statewide trout regulations last year to reduce the creel limit from eight to five, these miscellaneous regulations should have been amended as well. The Commission's Executive Director finds that temporarily modifying these miscellaneous special regulations to make them consistent with Statewide trout regulations is necessary and appropriate for the protection, preservation and management of fish and fish habitat and to conserve and preserve fishing opportunities. The Commission will take appropriate rulemaking action to amend the miscellaneous special regulations at its upcoming meeting on April 8, 2000.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CHS. 154 AND 301]

Quality Health Care Accountability and Protection

The Insurance Department (Department) amends Chapter 154 (relating to quality health care accountability and protection), to read as set forth in Annex A. The Department is publishing the amendments as a final-form rulemaking.

Statutory Authority

The final-form regulations are adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); section 320 of The Insurance Department Act of 1921 (40 P. S. § 443); and section 2181 of The Insurance Company Law of 1921 (40 P. S. § 991.2181), added by the act of June 17, 1998 (P. L. 464, No. 68) (act).

Comments and Response

A notice of proposed rulemaking was published at 29 Pa.B. 4064 (July 31, 1999) with a 30-day comment period ending August 30, 1999. During the 30-day comment period, comments were received from the American Association of Retired Persons (AARP), American College of Emergency Physicians (ACEP), American College of Obstetricians and Gynecologists and American College of Nurse Midwives (ACOP/ACNM), David Farrick of Blair Orthopedic Associates & Sports Medicine (BLAIR), BlueCross of Northeastern Pennsylvania (BCNE), Capital Blue Cross (CBC), Commonwealth of Pennsylvania Department of Public Welfare (DPW), Community Medical Center (CMC), Delaware Valley Hospital Council of the Healthsystems Association of Pennsylvania (DVHC), Eastern Paralyzed Veterans Association (EPVA), Highmark, Inc. (HIGHMARK), The Hospital and Healthsystem Association of Pennsylvania (HAP), Independence Blue Cross (IBC), Insurance Federation of Pennsylvania, Inc. (IFP), Keystone Health Plan Central, Inc. (KHPC), League of Women Voters (LWV), Managed Care Association of Pennsylvania (MCAP), Pennsylvania Academy of Family Physicians (PAFP), Pennsylvania Catholic Health Association (PCHA), Pennsylvania Community Providers Association (PCPA), Pennsylvania Health Law Project (PHLP), Pennsylvania Medical Society (PMS), Pennsylvania Psychological Association (PPA) and Pennsylvania Psychiatric Society (PPS).

During its regulatory review, the Independent Regulatory Review Commission (IRRC) submitted comments to the Department. A separate comment and response document has been prepared to address these comments and is available upon request.

Affected Parties

The rulemaking applies to all insurers and managed care plans licensed to do the business of health insurance in this Commonwealth.

Fiscal Impact

State Government

Adoption of this rulemaking, consistent with the mandates of the act, may result in additional costs for the Commonwealth. However, this rulemaking is necessary

for the Department to effectively implement, and for managed care plans and licensed insurers to comply with the act. Costs to the Commonwealth are not expected to be significant.

General Public

There will be no fiscal impact to the public.

Political Subdivisions

The rulemaking will not impose additional costs on political subdivisions.

Private Sector

Adoption of this rulemaking, consistent with the mandates of the act, may result in additional costs for managed care plans and licensed insurers. However, this rulemaking is necessary for the Department to effectively implement, and for managed care plans and licensed insurers to comply with the act.

Paperwork

The adoption of the rulemaking will not impose additional paperwork on the Department; however, new disclosure requirements will be required of the industry.

Effectiveness/Sunset Date

This rulemaking becomes effective upon publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

Contact Person

Questions regarding this rulemaking should be directed to Peter J. Salvatore, Regulatory Coordinator, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. In addition, questions or comments may be E-mailed to psalvato@ins.state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 20, 1999, the Department submitted a copy of this rulemaking to IRRC and to the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee. In addition to the submitted rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

In preparing these final-form regulations, the Department considered the comments received from IRRC, the Committees and the public. These final-form regulations were deemed approved by the Senate and House Committees on February 14, 2000. In accordance with section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)), IRRC met on February 17, 2000, and approved the final-form regulations in accordance with section 5.1(e) of the Regulatory Review Act.

Findings

The Commissioner finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Commissioner, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code Chapters 154 and 301, are amended by adding §§ 154.1—154.18 and deleting §§ 301.401—301.403 and 301.411—301.416, to read as set forth in Annex A.

(b) The Commissioner shall submit this order and Annex A to the Office of General Counsel and Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The order shall take effect upon final publication in the *Pennsylvania Bulletin*.

M. DIANE KOKEN,
Insurance Commissioner

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 30 Pa.B. 1320 (March 4, 2000).)

Fiscal Note: Fiscal Note 11-195 remains valid for the final adoption of the subject regulations.

154.15. Continuity of care.
154.16. Information for enrollees.
154.17. Complaints.
154.18. Prompt payment.

GENERAL PROVISIONS

§ 154.1. Applicability and purpose.

(a) This chapter governs quality health care accountability and protection and applies to managed care plans and licensed insurers subject to the act. The Department and the Department of Health both have regulatory authority under the act. This chapter does not apply to health care services and claims processed under automobile and worker's compensation policies.

(b) The terms and conditions of group and individual contract renewals and new business written by managed care plans on or after January 1, 1999, shall conform to the act.

(c) An entity, including an IDS, subcontracting with a managed care plan to provide services to enrollees shall meet the requirements of the act and this chapter for services provided to those enrollees.

(d) Policies which partially insure an entity's risk, shall meet the requirements of the act if they are issued by a managed care plan.

§ 154.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—Article XXI of The Insurance Company Law of 1921 (40 P. S. §§ 991.2101—991.2193).

Ancillary service plan—As defined in section 2102 of the act (40 P. S. § 991.2102).

Clean claim—As defined in section 2102 of the act.

Commissioner—The Insurance Commissioner of the Commonwealth.

Complaint—As defined in section 2102 of the act.

Department—The Insurance Department of the Commonwealth.

Emergency service—As defined in section 2102 of the act.

Enrollee—A policyholder, subscriber, covered person or other individual who is entitled to receive health care services under a managed care plan. For purposes of the complaint and grievance processes, the term includes parents of minor enrollees as well as designees or legal representatives who are entitled or authorized to act on behalf of an enrollee.

Gatekeeper—A primary care provider selected by an enrollee or appointed by a managed care plan, or the plan or an agent of the plan serving as the primary care provider, from whom an enrollee shall obtain covered health care services, a referral, or approval for covered, nonemergency health services as a precondition to receiving the highest level of coverage available under the managed care plan.

Grievance—As defined in section 2102 of the act.

Health care provider—As defined in section 2102 of the act.

Health care service—As defined in section 2102 of the act.

IDS—Integrated delivery system—

(i) A partnership, association, corporation or other legal entity which does the following:

(A) Enters into a contractual arrangement with a managed care plan.

(B) Employs or has contracts with providers (participating providers).

(C) Agrees under its arrangements with a managed care plan to do the following:

(I) Provide or arrange for the provision of a defined set of health care services to managed care plan members covered under a managed care plan benefits contract principally through its participating providers.

(II) Assume under the arrangements some responsibility for conduct, in conjunction with the managed care plan and under compliance monitoring of the managed care plan's quality assurance, utilization review, credentialing, provider relations or related functions.

(ii) The IDS may also perform claims processing and other functions.

Licensed insurer—An individual, corporation, association, partnership, reciprocal exchange, interinsurer, Lloyds insurer and other legal entity engaged in the business of insurance, and fraternal benefit societies as defined in the Fraternal Benefits Societies Code (40 P. S. §§ 1142-101—1142-701), and preferred provider organizations as defined in section 630 of The Insurance Company Law of 1921 (40 P. S. § 764a) and 31 Pa. Code § 152.2 (relating to definitions).

Managed care plan—

(i) A health care plan that: uses a gatekeeper to manage the utilization of health care services; integrates the financing and delivery of health care services to enrollees by arrangements with health care providers selected to participate on the basis of specific standards; and provides financial incentives for enrollees to use the participating health care providers in accordance with procedures established by the plan. A managed care plan includes health care arranged through an entity operating under any of the following:

(A) Section 630 of The Insurance Company Law of 1921.

(B) The Health Maintenance Organization Act (40 P. S. §§ 1551—1568).

(C) The Fraternal Benefit Societies Code.

(D) 40 Pa.C.S. Chapter 61 (relating to hospital plan corporations).

(E) 40 Pa.C.S. Chapter 63 (relating to professional health services plan corporations).

(ii) The term includes an entity, including a municipality, whether licensed or unlicensed, that contracts with or functions as a managed care plan to provide health care services to enrollees.

(iii) The term includes managed care plans that require the enrollee to obtain a referral from any primary care provider in its network as a condition to receiving the highest level of benefits for specialty care.

(iv) The term does not include ancillary service plans as defined by the act or an indemnity arrangement which is primarily fee for service.

Ongoing course of treatment—A continuous health care treatment provided to an enrollee by a health care provider which was initiated prior to and that will continue after the plan's termination of a contract with a participating provider for reasons other than cause or the enrollee's coverage by a managed care plan as a new enrollee.

Plan—As defined in section 2102 of the act.

Primary care provider—As defined in section 2102 of the act.

Prospective enrollee—For group contracts or policies, those persons eligible, but not yet enrolled, for coverage as either a subscriber or dependent of a subscriber. For individual contracts or policies, a person who meets the eligibility requirements of the managed care plan.

Provider network—As defined in section 2102 of the act.

Referral—As defined in section 2102 of the act.

Utilization review—As defined in section 2102 of the act.

Utilization review entity—As defined in section 2102 of the act.

§ 154.3. Changes, modifications and disclosures in subscriber and other contracts and in other materials.

Managed care plans shall implement changes, modifications and disclosures to subscriber and other contracts, marketing materials, member handbooks and other appropriate materials to meet the requirements of the act. Modifications can be implemented in several different ways including contract endorsements, contract amendments and modification to the contract then in effect.

REQUIRED PROVISIONS AND ENROLLEE DISCLOSURES

§ 154.11. Managed care plan requirements.

(a) Managed care plans shall adopt and maintain procedures by which an enrollee with a life-threatening, degenerative or disabling disease or condition shall, upon request, receive an evaluation, and, if the plan's established standards are met, be permitted to receive approval for either:

(1) A standing referral to a specialist with clinical expertise in treating the disease or condition.

(2) The designation of a specialist to provide and coordinate the enrollee's primary and specialty care.

(b) A managed care plan's established standards, as referenced in subsection (a) may include:

(1) Time restrictions on approved treatment plans, as set forth in section 2111(6) of the act (40 P. S. § 991.2111(6)), which include standing referrals or specialist designations.

(2) Requirements that treatment plans be periodically reviewed and reapproved by the plan.

(3) Requirements that the specialist notify the enrollee's primary care provider of all care provided within 30 days.

§ 154.12. Direct enrollee access to obstetrical and gynecological services.

(a) Managed care plans shall permit enrollees direct access to obstetrical and gynecological services for maternity and gynecological care, including medically necessary and appropriate follow-up care and referrals, for diagnostic testing related to maternity and gynecological care from participating health care providers without prior approval from a primary care provider. No time restrictions shall apply to the direct accessing of these services by enrollees.

(b) A managed care plan may require a provider of obstetrical or gynecological services to obtain prior authorization for selected services such as diagnostic testing or subspecialty care—for example, reproductive endocrinology, oncologic gynecology and maternal and fetal medicine.

(c) A directly accessed participating health care provider providing services to an enrollee who has direct access to the provider in accordance with section 2111(7) of the act (40 P. S. § 991.2111(7)) and this section, shall inform the enrollee's primary care provider, of all health care services provided to the enrollee. The health care provider shall communicate the information within 30 days of the services being provided under procedures established by the managed care plan. For routine obstetrical services, an initial notification and final notification, subsequent to the postpartum visit, shall meet the notification requirements.

(d) Managed care plans may not have different reimbursement levels for covered services because an enrollee obtains these services through direct access rather than with the prior approval of a primary care provider.

§ 154.13. Managed care plan reporting of complaints and grievances.

(a) Section 2111(13) of the act (40 P. S. § 991.2111(13)) requires managed care plans to report specific information to the Department of Health and the Department with respect to the number, type and disposition of all complaints and grievances filed with the managed care plan.

(b) Managed care plans shall report the information in subsection (a) to the Departments based on the format as required by the Departments.

(c) Notice of changes or amendments to the format for reporting complaint and grievance information will be published by the Department in the *Pennsylvania Bulletin*. The notice will provide for a 30-day public comment period. Changes in format will become effective 30 days after publication of the revised format in a subsequent edition of the *Pennsylvania Bulletin*.

§ 154.14. Emergency services.

(a) Managed care plans are prohibited from requiring that enrollees or health care providers obtain prior authorization for emergency services as defined by section 2102 of the act (40 P. S. § 991.2102).

(b) Plans are required to pay all reasonably necessary costs for enrollees meeting the prudent layperson definition of emergency services provided during the period of the emergency, including evaluation, testing, and if necessary, the stabilization of the condition of the enrollee.

(c) Sudden and unexpected medical events involving a chronic condition which meet the prudent layperson requirements of the act shall be considered emergency services subject to the act and this chapter.

(d) Plans are required to consider the presenting symptoms as documented by the claim file, and the services provided, when processing claims for emergency services.

(e) The emergency health care provider shall notify the enrollee's managed care plan of the provision of emergency services and the condition of the enrollee.

(1) If the enrollee is admitted to a hospital or other health care facility, the emergency health care provider shall notify the enrollee's managed care plan of the emergency services delivered within 48 hours or on the next business day, whichever is later. An exception to this requirement will be made where the medical condition of the patient precludes the provider from accurately determining the identity of the enrollee's managed care plans within 48 hours of admission.

(2) If the enrollee is not admitted to a hospital or other health care facility, the claim for reimbursement for emergency services provided shall serve as notice to the enrollee's managed care plan of the emergency services provided by the emergency health care provider.

(f) Managed care plans shall supply each enrollee, and upon written request, each prospective enrollee or health care provider, with the information concerning emergency services in § 154.16(h) (relating to information for enrollees).

§ 154.15. Continuity of care.

(a) Managed care plans are required to provide the option of continuity of care for enrollees when one of the following applies:

(1) A managed care plan terminates a contract with a participating provider for reasons other than for cause as set forth in section 2117(b) of the act (40 P. S. § 991.2117(b)) and the enrollee is then in an ongoing course of treatment with that provider.

(2) A new enrollee enters a managed care plan and is then in an ongoing course of treatment with a nonparticipating provider which is not otherwise covered by the terminated coverage.

(b) A current enrollee shall be allowed to continue an ongoing course of treatment with a provider whose contract has been terminated by the plan for reasons other than for cause (as set forth in section 2117(b) of the act) for a transitional period of up to 60 days from the date the enrollee was notified by the plan of the termination or pending termination. The managed care plan, in consultation with the enrollee and the health care provider, may extend the transitional period if determined to be clinically appropriate. For an enrollee in the second or third trimester of pregnancy at the time of notice of the termination or pending termination, the transitional period shall be extended through postpartum care related to the delivery.

(c) A new enrollee shall be allowed to continue an ongoing course of treatment with a nonparticipating provider when joining a managed care plan for a transitional period of up to 60 days from the effective date of enrollment in the managed care plan. The managed care plan, in consultation with the enrollee and the health care provider, may extend the transitional period if determined to be clinically appropriate. For an enrollee in the second or third trimester of pregnancy on the effective date of enrollment, the transitional period shall be extended through postpartum care related to the delivery.

(d) Continuity of care is at the option of the enrollee.

(e) Nonparticipating and terminated providers may be required by the plan to agree to the same terms and conditions which are applicable to the managed care plan's participating providers. If multiple providers are involved in an ongoing course of treatment, one of the following conditions shall be met:

(1) All of the providers involved may be required by the plan to agree to the plan's terms and conditions.

(2) Those providers who accept the plan's terms and conditions may be required by the plan to agree to utilize participating providers for the provision of all other health care services to enrollees.

(f) Health care services provided under the continuity of care requirements shall be covered by the managed care plan under the same terms and conditions as applicable for participating health care providers. To be eligible for payment by plans, providers shall agree to the terms and conditions of the managed care plan prior to providing service under the continuity of care provisions.

(g) Managed care plans may require nonparticipating or terminating providers to agree to terms that include:

(1) Accepting the plan's payment as payment in full for covered services, without balance billing, except for permitted deductibles, copayments or coinsurance.

(2) Agreeing to hold the enrollee harmless for any moneys which may be owed by the managed care plan to the provider.

(3) Complying with the plan's utilization review and quality assurance requirements.

(4) Agreeing that the provider will provide copies of the enrollee's medical records to the plan or the enrollee's participating primary care provider, or both, prior to the conclusion of the ongoing course of previously authorized treatment.

(5) Agreeing to follow the plan's procedures for precertification or prior approval of specified nonemergency services or procedures.

(h) Managed care plans may not require nonparticipating providers to undergo the full plan's credentialing process as part of the continuity of care provision.

(i) Written disclosure of the continuity of care benefit requirements imposed under the act and this chapter shall be incorporated into the subscriber and master group contracts and the enrollee handbook (if provided to the enrollee). This information and other information necessary to provide continuity of care services shall also be provided in written form to terminated or terminating and nonparticipating providers within 10 days of notice to the plan that an enrollee is requesting continuity of care benefits.

§ 154.16. Information for enrollees.

(a) Managed care plans shall provide the written information in section 2136(a) of the act (40 P. S. § 991.2136(a)), which relates required disclosures, to enrollees and, on written request, to prospective enrollees and health care providers.

(1) Managed care plans may determine the format for disclosure of the required information. If the information is disclosed through materials such as subscriber contracts, schedules of benefits and enrollee handbooks, the information shall be easily identifiable within the materials provided.

(2) The written information to be provided by managed care plans to enrollees, prospective enrollees and health care providers shall be subject to the filing requirements under the Accident and Health Filing Reform Act (40 P. S. §§ 3801—3813) and all other applicable statutes and regulations.

(b) The information disclosed to enrollees, prospective enrollees and health care providers shall be easily understandable to the layperson.

(c) The written disclosure of information shall include:

(1) The information required by subsection (a).

(2) A list by specialty of the name, address and telephone number of all participating health care providers which an enrollee may have access to either directly or through a referral. The list may be a separate document and may be a regional or county directory and shall be updated at least annually. If a regional or county directory is provided, enrollees shall be made aware that other regional or a full directory is available upon request. If a list of participating providers for only a specific type of provider or service is provided, it shall include all participating providers authorized to provide those services.

(3) The information covered under section 2113(d)(2)(ii) of the act (40 P. S. § 991.2113(d)(2)(ii)), which relates to a medical "gag clause" prohibition.

(4) If applicable, managed care plans shall disclose in their subscriber contracts, schedule of benefits and other appropriate material, circumstances under which the managed care plan does not provide for, reimburse for or cover counseling, referral or other health care services due to a managed care plan's objections to the provision of the services on moral or religious grounds.

(d) For the purposes of the specified disclosure statement required by section 2136(a)(1) of the act, subscriber and group master contracts and riders, amendments and endorsements, do not constitute "marketing materials" subject to the specified disclosure statement. For the purposes of written information distributed to enrollees or potential enrollees, the term "marketing materials" shall have the meaning given to written information in the term "advertisement" in § 51.1 (relating to definitions).

(e) For group contracts and policies, the managed care plan shall assure that the required disclosure information is provided to prospective enrollees upon written request. The managed care plan can either provide the information directly to prospective enrollees or allow the group policy holder or another entity to provide the information to prospective enrollees on behalf of the managed care plan.

(f) For individual contracts and policies, the managed care plan shall provide the required disclosure information directly to prospective enrollees upon written request.

(g) The disclosure of information to enrollees, prospective enrollees and health care providers as required by section 2136 of the act shall be provided as follows:

(1) During open enrollment periods managed care plans may disclose summary information to enrollees and prospective enrollees. If the disclosure of information does not include all the information required by the act and this chapter, the managed care plan shall simultaneously provide enrollees and prospective enrollees with a list of other information which has not been included with the open enrollment information. The listed information shall be made available to enrollees and prospective enrollees upon request.

(2) Following initial enrollment, or upon renewal, if benefits have changed or networks have substantially changed since the initial enrollment or last renewal, disclosure information shall be provided to enrollees within 30 days of the effective date of the contract or policy, renewal date of coverage, if appropriate, or the date of receipt of the request for the information.

(3) Disclosure information requested by prospective enrollees shall be provided to prospective enrollees within 30 days of the date of the receipt of the written request for the information.

(4) Disclosure information requested by health care providers shall be provided to health care providers within 45 days of the date of the receipt of the written request for the information.

(h) Managed care plans shall supply each enrollee, and upon written request, each prospective enrollee or health care provider, with the following information which shall be contained and incorporated into subscriber and master group contracts:

(1) A description of the procedures for providing emergency services 24 hours a day.

(2) A definition of "emergency services," as set forth in the act.

(3) Notice that emergency services are not subject to prior approval.

(4) The enrollee's financial and other responsibilities regarding emergency services, including the receipt of these services outside the managed care plan's service area.

(i) Managed care plans, upon written request by enrollees or prospective enrollees, shall provide written information as specified in section 2136(b) of the act. This information shall be easily understandable to the layperson.

§ 154.17. Complaints.

(a) Under the complaint process established by sections 2141—2143 of the act (40 P. S. §§ 991.2141—991.2143), the Department will consider complaints including those regarding issues of contract exclusions, noncovered benefit disputes and potential violation of insurance statutes, including the Unfair Insurance Practices Act (40 P. S. §§ 1171.1—1171.15). The enrollee may be represented by an attorney or other individual before the Department. The Department of Health will focus on complaint issues including those involving enrollee quality of care and quality of service. The grievance process, which is administered by the Department of Health, includes review of the medical necessity and appropriateness of services otherwise covered by the managed care plan. Examples of the types of complaints which may be filed with the Department include:

(1) Denial of payment by the plan based upon contractual limitation rather than on medical necessity—for example, denial of payment for a visit by an enrollee on the basis that the enrollee failed to meet the contractual requirement of obtaining a referral from a primary care provider. However, a primary care provider's refusal to make an enrollee referral to a specialist, on the basis that the referral is not medically necessary, would be considered a grievance.

(2) Disputes involving a noncovered benefit or contract exclusion—for example, a request for additional physical therapy services, even if medically necessary, beyond the number specified in the enrollee contract.

(3) Problems relating to one or more of the following:

(i) Coordination of benefits.

(ii) Subrogation.

(iii) Conversion coverage.

(iv) Alleged nonpayment of premium.

(v) Dependent coverage.

(vi) Involuntary disenrollment.

(b) Managed care plans shall establish an internal complaint process with two levels of review to allow enrollees to file oral and written complaints regarding a participating health care provider or the coverage, operations or management policies of the plan.

(c) Inquiries, complaints and questions regarding premium rate increases may be filed with the Department without the necessity of following the plan's internal complaint process.

(d) If plans establish time frames for the filing of complaints and grievances with the plan, they shall allow the enrollees at least 45 days to file a complaint or grievance from the date of the occurrence of the issue being complained about or the date of the enrollees' receipt of notice of the plan's decision.

(e) Managed care plans shall complete the initial level of review of an enrollee complaint within 30 days of receipt of the complaint. The plan shall notify the enrollee in writing of the plan's decision following the initial review within 5 business days of the decision. The notification shall include the basis for the decision and the procedure to file a request for a second level review of the decision of the initial review committee.

(f) Managed care plans shall complete the second level of review of an enrollee complaint within 45 days of receipt of the enrollee's request for review. The enrollee has the right to appear before the second level review committee. The plan shall notify the enrollee in writing within 5 business days of the rendering of a decision by the second level complaint review committee, including the basis for the decision and the procedure for appealing the decision to the Department.

(g) To expedite the complaint review process, enrollees should follow and complete the plan's internal complaint process before filing an appeal of the complaint decision with the Department or the Department of Health. Under section 2143 of the act (40 P. S. § 991.2143), the Department may communicate with the appropriate parties to assist in the resolution of the complaint.

(h) Appeals of complaints shall be submitted to the Department within 15 days of receipt of notice of the second level review committee's decision.

(i) Appeals of complaints to the Department shall include the following information:

(1) The enrollee's name, address and daytime phone number.

(2) The enrollee's policy number, identification number and group number (if applicable).

(3) A copy of the complaint submitted to the managed care plan.

(4) The reasons for appealing the managed care plan's decision.

(5) Correspondence and decisions from the managed care plan regarding the complaint.

(6) Whether the enrollee will be represented by an attorney or other individual before the Department.

(j) The Department will notify the plan if a complaint appeal has been filed. The plan shall provide copies of all records from the initial and second level review to the Department. This information shall be provided to the Department within 30 days of the Department's notice to the plan of the complaint appeal.

(k) When an appeal is transferred from the Department to the Department of Health, the original submission date of the appeal will be utilized to determine compliance with the filing time frame in accordance with section 2142(a) of the act (40 P. S. § 991.2142(a)), which relates to the appeal of a complaint. The Department will notify the enrollee and the managed care plan in writing and promptly transmit the appeal to the Department of Health for consideration.

(l) The Department will provide the managed care plan and the enrollee with a copy of the final determination of an appealed complaint.

(m) Complaint appeals under subsection (i) may be filed with the Department at the following address:

Pennsylvania Insurance Department
 Bureau of Consumer Services
 1321 Strawberry Square
 Harrisburg, Pennsylvania 17120

§ 154.18. Prompt payment.

(a) Licensed insurers and managed care plans shall pay clean claims and the uncontested portions of a contested claim under subsection (d)) submitted by a health care provider for services provided on or after January 1, 1999, within 45 days of the licensed insurer's or managed care plan's receipt of the claim from the health care provider. The prompt payment provision applies only to claims submitted under health insurance policies, excluding areas such as automobile and worker's compensation policies.

(b) For purposes of prompt payment, a claim shall be deemed to have been "paid" upon one of the following:

(1) A check is mailed by the licensed insurer or managed care plan to the health care provider.

(2) An electronic transfer of funds is made from the licensed insurer or managed care plan to the health care provider.

(c) Interest due to a health care provider on a clean claim shall be calculated and paid by the licensed insurer or managed care plan to the health care provider and shall be added to the amount owed on the clean claim. The interest shall be paid within 30 days of the payment of the claim. Interest owed of less than \$2 on a single claim does not have to be paid by the licensed insurer or managed care plan. Interest can be paid on the same check as the claim payment or on a separate check. If the licensed insurer or managed care plan combines interest payments for more than one late clean claim, the check shall include information listing each claim covered by the check and the specific amount of interest being paid for each claim.

(d) Claims paid by a licensed insurer or managed care plan are considered clean claims and are subject to the interest provisions of the act. If a paid claim is readjudicated by the licensed insurer or managed care plan, a new 45-day period for the prompt payment provision begins again at the time additional information prompting the readjudication is provided to the plan. Additional moneys which are owed or paid to the health care provider are subject to the prompt payment provisions of the act and this chapter. The prompt payment requirement of the act also applies to the uncontested portion of a contested claim. A contested claim is a claim for which required substantiating documentation for the entire claim has been supplied to the licensed insurer or managed care plan, but the licensed insurer or managed care plan has determined that it is not obligated to make payment.

(e) Licensed insurers and managed care plans shall provide written disclosure to health care providers of all the data elements necessary to insure that a claim is without defect or impropriety and meets the definition of clean claim under the act.

(1) Licensed insurers and managed care plans shall provide this information to currently participating health care providers by April 10, 2000. For health care providers entering into a participation agreement with the licensed insurer or managed care plan after March 11, 2000, the licensed insurer or managed care plan shall provide this information within 30 days of the parties entering into a participation agreement. If changes are made to the required data elements, this information shall be provided to participating health care providers at least 30 days before the effective date of the changes.

(2) For nonparticipating health care providers, a licensed insurer or managed care plan shall provide this information within 45 days of an oral or written request from the health care provider.

(f) Prior to filing a complaint with the Department, health care providers who believe that a licensed insurer or managed care plan has not paid a clean claim in accordance with the act and this chapter shall first contact the licensed insurer or managed care plan to determine the status of the claim, to ensure that sufficient documentation supporting the claim has been provided, and to determine whether the claim is considered by the licensed insurer or the managed care plan to be a clean claim. Licensed insurers and managed care plans shall respond to the health care provider's inquiries regarding the status of unpaid claims within 45 days of submission of the claim or within 30 days of the inquiry, if the inquiry is made after the 45-day period.

(g) Health care providers may file a complaint, either individually or in batches, with the Department prior to receipt of a determination from a licensed insurer or managed care plan as to whether a claim is considered a clean claim if one of the following applies:

(1) The licensed insurer or managed care plan has not responded to a health care provider's inquiries regarding the status of an unpaid claim within 45 days of submission of the claim or within 30 days of the inquiry, if the inquiry is made after the 45-day period.

(2) The health care provider believes that the licensed insurer or managed care plan is otherwise not complying with the prompt payment provisions of the act.

(h) Complaints to the Department regarding the prompt payment of claims by a licensed insurer or managed care plan under the act and this chapter shall contain the following information:

(1) The provider's name, identification number, address and daytime telephone number and the claim number.

(2) The name and address of the licensed insurer or managed care plan.

(3) The name of the patient and employer (if known).

(4) The dates of service and the dates the claims were submitted to the licensed insurer or managed care plan.

(5) Relevant correspondence between the provider and the licensed insurer or managed care plan, including requests for additional information from the licensed insurer or managed care plan.

(6) Additional information which the provider believes would be of assistance in the Department's review.

(7) Any additional information pertinent to the complaint as requested by the Commissioner.

(i) This chapter does not prevent the Department from investigating a complaint when the health care provider has failed to contact the licensed insurer or managed care plan as provided for in subsection (f).
