READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

The Criminal Procedural Rules Committee has prepared a Final Report explaining the changes to the Rules of Criminal Procedure governing motions and answers, and orders and court notices in criminal cases that were adopted on March 3, 2004, effective July 1, 2004. These rule changes, which are the culmination of several years of work by the Committee undertaken to address the problems caused by the proliferation of local rules and the lack of uniformity in procedures in the important area of motions practice in criminal cases that have hindered the statewide practice of law, clarify the procedures in criminal cases governing motions, answers, orders, and court notices, achieve greater statewide uniformity in criminal motions practice, and eliminate the local rules and practices governing motions practice that are hampering the statewide practice of law. The Final Report follows the Court's Order.

Comment

Some judicial districts use a document called a "subpoena" to give a defendant notice of required court appearances. Nothing in this rule is intended to change this practice.

Rule 113. Criminal Case File and Docket Entries.

(A) The clerk of courts shall maintain the criminal case file for the court of common pleas. The criminal case file

shall contain all original records, papers, and orders filed in the case, and copies of all court notices. These records, papers, orders, and copies shall not be taken from the custody of the clerk or court without order of the court. Upon request, the clerk shall provide copies at reasonable cost.

(B) The clerk of courts shall maintain a list of docket entries: a chronological list, in electronic or written form, of documents and entries in the criminal case file and of all proceedings in the case.

(C) The docket entries shall include at a minimum the following information:

- (1) the defendant's name;
- (2) the names and addresses of all attorneys who have appeared or entered an appearance, the date of the entry of appearance, and the date of any withdrawal of appearance;
- (3) notations concerning all papers filed with the clerk, including all court notices, appearances, pleas, motions, orders, verdicts, findings and judgments, and sentencing, briefly showing the nature and title, if any, of each paper filed, writ issued, plea entered, and motion made, and the substance of each order or judgment of the court and of the returns showing execution of process;
- (4) notations concerning motions made orally or orders issued orally in the courtroom when directed by the court;
- (5) a notation of every judicial proceeding, continuance, and disposition;
- (6) the location of exhibits made part of the record during the proceedings; and
- (7) all other information required by Rules 114 and 576.

Comment

This rule sets forth the mandatory contents of the list of docket entries and the criminal case files. This is not intended to be an exhaustive list of what is required to be recorded in the docket entries. The judicial districts may require additional information be recorded in a case or in all cases.

The list of docket entries is a running record of all information related to any action in a criminal case in the court of common pleas of the clerk's county, such as dates of filings, of orders, and of court proceedings. The clerk of courts is required to make docket entries at the time the information is made known to the clerk, and the practice in some counties of creating the list of docket entries only if an appeal is taken is inconsistent with this rule.

Nothing in this rule is intended to preclude the use of automated or other electronic means for time stamping or making docket entries.

This rule applies to all proceedings in the court of common pleas at any stage of a criminal case.

The requirement in paragraph (C)(2) that all attorneys and their addresses be recorded makes certain there is a record of all attorneys who have appeared for any litigant in the case. The requirement also ensures that attorneys are served as required in Rules 114 and 576. See also Rule 576(B)(4) concerning certificates of service.

In those cases in which the attorney has authorized receiving service by facsimile transmission or electronic means, the docket entry required in paragraph (C)(2) must include the facsimile number or electronic address.

Paragraph (C)(4) recognizes that occasionally disposition of oral motions presented in open court should be reflected in the docket, such as motions and orders related to omnibus pretrial motions (Rule 578), motions for a mistrial (Rule 605), motions for changes in bail (Rule 529), and oral motions for extraordinary relief (Rule 704(B)).

Official Note: Former Rule 9024 adopted October 21, 1983, effective January 1, 1984; amended March 22, 1993, effective as to cases in which the determination of guilt occurs on or after January 1, 1994; renumbered Rule 9025 June 2, 1994, effective September 1, 1994. Rule 114. [Notice and Docketing of Orders] Orders and Court Notices: Filing; Service; and Docket Entries.

[Upon receipt of an order from a judge, the clerk of courts shall immediately docket the order and record in the docket the date it was made. The clerk shall forthwith furnish a copy of the order, by mail or personal delivery, to each party or attorney, and shall record in the docket the time and manner thereof.]

(A) Filing

(1) All orders and court notices promptly shall be transmitted to the clerk of courts' office for filing. Upon receipt in the clerk of courts' office, the order or court notice promptly shall be time stamped with the date of receipt.

(2) All orders and court notices promptly shall be placed in the criminal case file.

(B) Service

(1) A copy of any order or court notice promptly shall be served on each party's attorney, or the party if unrepresented.

(2) The clerk of courts shall serve the order or court notice, unless the president judge has promulgated a local rule designating service to be by the court or court administrator.

(3) Methods of Service

Service shall be:

(a) in writing by

(i) personal delivery to the party's attorney or, if unrepresented, the party; or

(ii) personal delivery to the party's attorney's employee at the attorney's office; or

(iii) mailing a copy to the party's attorney or leaving a copy for the attorney at the attorney's office; or

(iv) in those judicial districts that maintain in the courthouse assigned boxes for counsel to receive service, when counsel has agreed to receive service by this method, leaving a copy for the

party's attorney in the box in the courthouse assigned to the attorney for service; or

(v) sending a copy to an unrepresented party by certified, registered, or first class mail addressed to the party's place of residence, business, or confinement; or

(vi) sending a copy by facsimile transmission or other electronic means if the party's attorney, or the party if unrepresented, has filed a written request for this method of service or has included a facsimile number or an electronic address on a prior legal paper filed in the case; or

(vii) delivery to the party's attorney, or the party if unrepresented, by carrier service; or

(b) orally in open court on the record.

(C) Docket Entries

(1) Docket entries promptly shall be made.

(2) The docket entries shall contain:

(a) the date of receipt in the clerk's office of the order or court notice;

(c) the date and manner of service of the order or court notice.

(D) Unified Practice

Any local rule that is inconsistent with the provisions of this rule is prohibited, including any local rule requiring a party to file or serve orders or court notices.

Comment

[The rule makes it clear that the notice and recording procedures are mandatory and may not be modified by local rule.]

This rule was amended in 2004 to provide in one rule the procedures for the filing and service of all orders and court notices, and for making docket entries of the date of receipt, date appearing on the order or notice, and the date and manner of service. This rule incorporates the provisions of former Rule 113 (Notice of Court Proceedings Requiring Defendant's Presence).

Historically, some orders or court notices have been served by the court administrator or by the court. Paragraph (B)(2) permits the president judge to continue this practice by designating either the court or the court administrator to serve orders and court notices. When the president judge makes such a designation, the designation must be in the form of a local rule promulgated in compliance with Rule 105 (Local Rules).

Paragraph (C)(2) requires three dates to be entered in the list of docket entries with regard to the court's orders and notices: the date of receipt of the order or notice; the date appearing on the order or notice; and the date the order or notice is served. The date of receipt is the date of filing under these rules. Concerning appeal periods and entry of orders, see Rule 720 (Post-Sentence Procedures; Appeal) and Pa.R.A.P. 108 (Date of Entry of Orders).

Court notices, as used in this rule, are communications that ordinarily are issued by a judge or the court administrator concerning, for example,

calendaring or scheduling, including proceedings requiring the defendant's presence.

Although paragraph (B)(3)(a)(iv) permits the use of assigned mailboxes for service under this rule, the Attorney General's office never may be served by this method.

A facsimile number or an electronic address set forth on letterhead is not sufficient to authorize service by facsimile transmission or other electronic means under paragraph (B)(3)(a)(vi). The authorization for service by facsimile transmission or other electronic means under this rule is valid only for the duration of the case. A separate authorization must be filed in each case the party or attorney wants to receive documents by this method of service.

Nothing in this rule is intended to preclude the use of automated or other electronic means for the transmission of the orders or court notices between the judge, court administrator, and clerk of courts, or for time stamping or making docket entries.

Under the post-sentence motion procedures, the clerk of courts must comply with this rule after entering an order denying a post-sentence motion by operation of law. See Rule 720(B)(3)(c).

[As used in this rule, "clerk of courts" is intended to mean that official in each judicial district who has the responsibility and function under state or local law to maintain the official court file and docket, without regard to that person's official title.]

This rule makes it clear that the procedures for filing and service, and making docket entries are mandatory and may not be modified by local rule.

Paragraph (D), titled "Unified Practice," emphasizes that local rules must not conflict with the statewide rules. Although this prohibition on local rules that are inconsistent with the statewide rules applies to all Criminal Rules through Rule 105 (Local Rules), the reference to the specific prohibitions is included because these types of local rules have been identified by practitioners as creating significant impediments to the statewide practice of law within the unified judicial system. See the first paragraph of the Rule 105 Comment. The term "local rule" includes every rule, regulation, directive, policy, custom, usage, form or order of general application. See Rule 105(A).

For the definition of "carrier service," see Rule 103.

See Rule 103 for the definitions of "clerk of courts" and "court administrator."

See Rule 113 (Criminal Case File and Docket Entries) for the requirements concerning the contents of the criminal case file and the minimum information to be included in the docket entries.

Comment

This rule is intended to apply only to court cases. However, the constitutional guarantees mandated in *Brady v. Maryland*, 373 U. S. 83 (1963), and the refinements of the Brady standards embodied in subsequent judicial decisions, apply to all cases, including court cases and summary cases, and nothing to the contrary is intended. For definitions of "court case" and "summary case," see Rule 103.

Any motion under this rule must comply with the provisions of Rule 575 (Motions and Answers) and Rule 576 (Filing and Service by Parties).

It is intended that the remedies provided in paragraph (E) apply equally to the Commonwealth and the defendant as the interests of justice require.

(C) Unified Practice

Any local rule that is inconsistent with the provisions of this rule is prohibited, including any local rule requiring a party to attach a proposed order to a motion or an answer, requiring an answer to every motion, or requiring a cover sheet or a backer for any motion or answer.

Comment

For the definition of "motion," see Rule 103.

See Rule 1005 for the procedures for pretrial applications for relief in the Philadelphia Municipal Court.

"Rules to Show Cause" and "Rules Returnable" were abolished in 2004 because the terminology is arcane, and the concept of these "rules" has become obsolete. These "rules" have been replaced by the plain language "notice of hearings" provided in Rule 577(A)(2).

Pursuant to paragraphs (A)(2)(f) and (B)(3)(c), and Rule 576(B)(4), all filings by the parties must include a certificate of service setting forth the date and manner of service, and the names, addresses, and phone numbers of the persons served.

Although paragraph (B)(1) does not require an answer to every motion, the rule permits a judge to order an answer in a specific case. See Rule 114 for the requirements for the filing and serving of orders, and for making docket entries.

Paragraph (B)(1) changes prior practice by providing that the failure to answer a motion in a criminal case never constitutes an admission. Although this prohibition applies in all cases, even those in which an answer has been ordered in a specific case or is required by the rules, the judge would have discretion to impose other appropriate sanctions if a party fails to file an answer ordered by the judge or required by the rules.

Paragraph (C), titled "Unified Practice," was added in 2004 to emphasize that local rules must not be inconsistent with the statewide rules. Although this prohibition on local rules that are inconsistent with the statewide rules applies to all criminal rules through Rule 105 (Local Rules), the reference to the specific prohibitions is included because these types of local rules have been identified by practitioners as creating significant impediments to the statewide practice of law within the unified judicial system. See the first paragraph of the Rule 105 Comment. The term "local rule" includes every rule, regulation, directive, policy, custom, usage, form or order of general application. See Rule 105(A).

The prohibition on local rules mandating cover sheets was added because cover sheets are no longer necessary with the addition of the Rule 576(B)(1) requirement that the court administrator be served a copy of all motions and answers.

Although paragraph (C) precludes local rules that require a proposed order be included with a mo-

tion, a party should consider whether to include a proposed order. Proposed orders may aid the court by defining the relief requested in the motion or answer.

Official Note: Former Rule 9020 adopted October 21, 1983, effective January 1, 1984; renumbered Rule 574 and amended March 1, 2000, effective April 1, 2001; rescinded March 3, 2004, effective July 1, 2004. Former Rule 9021 adopted October 21, 1983, effective January 1, 1984; renumbered Rule 575 and amended March 1, 2000, effective April 1, 2001; Rules 574 and 575 combined as Rule 575 and amended March 3, 2004, effective July 1, 2004.

Rule 576. Filing and Service by Parties.

(A) FILING

[Except as otherwise provided in these rules, all] (1) All written motions and any written answers, and any [notice] notices or [document] documents for which filing is required, shall be filed with the clerk of courts.

(2) Filing shall be by:

(a) personal delivery to the clerk of courts; or

(b) mail addressed to the clerk of courts. Except as provided by law, filing by mail shall be timely only when actually received by the clerk of courts within the time fixed for filing.

[(B)] (3) [Except as provided in paragraph (C), when a written motion, notice, or] The clerk of courts shall accept all written motions, answers, notices, or documents presented for filing. When a document, which is filed pursuant to paragraph (A)(1), is received by the clerk of courts, the clerk shall [docket it and record the time of filing in the docket. A copy of these papers shall be promptly transmitted to such person as may be designated by the court] time stamp it with the date of receipt and make a docket entry reflecting the date of receipt, and promptly shall place the document in the criminal case file.

[(C)] (4) In any case in which a defendant is represented by an attorney, if the defendant submits for filing a written motion, notice, or document that has not been signed by the defendant's attorney, the clerk of courts shall [not docket or record it, but] accept it for filing, time stamp it with the date of receipt and make a docket entry reflecting the date of receipt, and place the document in the criminal case file. A copy of the time stamped document shall [forward it] be forwarded to the defendant's attorney and the attorney for the Commonwealth within 10 days of receipt.

[(D) Filing may be accomplished by:

(1) personal delivery to the clerk of courts; or

(2) mail addressed to the clerk of courts, provided, however, that filing by mail shall be timely only when actually received by the clerk within the time fixed for filing.]

(5) If a defendant submits a document pro se to a judge without filing it with the clerk of courts, and the document requests some form of cognizable legal relief, the judge promptly shall forward the document to the clerk of courts for filing and processing in accordance with this rule.

(6) Unified Practice

Any local rule that is inconsistent with the provisions of this rule is prohibited, including any local rule requiring that a document has to be presented in person before filing or requiring review by a court or court administrator before a document may be filed.

(B) SERVICE

(1) All written motions and any written answers, and notices or documents for which filing is required, shall be served upon each party and the court administrator concurrently with filing.

(2) Service on the parties shall be by:

(a) personal delivery of a copy to a party's attorney, or the party if unrepresented; or

(b) personal delivery of a copy to the party's attorney's employee at the attorney's office; or

(c) mailing a copy to a party's attorney or leaving a copy for the attorney at the attorney's office; or

(d) in those judicial districts that maintain in the courthouse assigned boxes for counsel to receive service, when counsel has agreed to receive service by this method, leaving a copy for the attorney in the attorney's box; or

(e) sending a copy to an unrepresented party by certified, registered, or first class mail addressed to the party's place of residence, business, or confinement; or

(f) sending a copy by facsimile transmission or other electronic means if the party's attorney, or the party if unrepresented, has made a written request for this method of service for the document; or

(g) delivery to the party's attorney, or the party if unrepresented, by carrier service.

(3) Service on the court administrator shall be by:

(a) mailing a copy to the court administrator; or

(b) in those judicial districts that maintain in the courthouse assigned boxes for the court administrator to receive service, leaving a copy for the court administrator in the court administrator's box; or

(c) leaving a copy for the court administrator at the court administrator's office; or

(d) sending a copy to the court administrator by facsimile transmission or other electronic means if authorized by local rule; or

(e) delivery to the court administrator by carrier service.

(4) Certificate of Service

(a) All documents that are filed and served pursuant to this rule shall include a certificate of service.

(b) The certificate of service shall be in substantially the form set forth in the Comment, signed by the party's attorney, or the party if unrepresented, and shall include the date and manner of service, and the names, addresses, and phone numbers of the persons served.

(c) Any non-party requesting relief from the court in a case shall file the motion with the clerk of courts as provided in paragraph (A), and serve the defendant's attorney, or the defendant if unrepresented, the attorney for the Commonwealth, and the court administrator as provided in paragraph (B).

Comment

[This rule] Paragraph (A)(1) requires the filing of all written motions[, but it] and answers. The provision also applies to notices and other documents only if filing is required by some other rule or provision of law.

[As used here, "written motions" includes all motions, challenges, and applications or requests for an order or relief that must be made by written motion under Rule 574(A).] See, e.g., the notice of withdrawal of charges provisions in Rule 561 (Withdrawal of Charges by Attorney for the Commonwealth), the notice of alibi defense and notice of insanity defense or mental infirmity defense provisions in Rule 573 (Pretrial Discovery and Inspection), the notice that offenses or defendants will be tried together provisions in Rule 582 (Joinder—Trial of Separate Indictments or Informations), the notice of aggravating circumstances provisions in Rule 801 (Notice of Aggravating Circumstances), and the notice of challenge to a guilty plea provisions in Municipal Court cases in Rule 1007 (Challenge to Guilty Plea).

[Those rules that provide for filing with the trial court or the sentencing court are not exceptions to the general requirement of this rule that filing be with the clerk of courts. As used in this rule, "clerk of courts" is intended to mean that official in each judicial district who has the responsibility and function under state or local law to maintain the official court file and docket, without regard to that person's official title.

The second sentence of paragraph (B) is intended to provide flexibility to the local courts to designate the court official, such as a local court administrator, who processes motions and other matters for appropriate scheduling and disposition.]

When a motion, notice, document, or answer is presented for filing pursuant to paragraph (A)(1), the clerk of courts must accept it for filing even if the motion, notice, document, or answer does not comply with a rule or statute or appears to be untimely filed. It is suggested that the judicial district implement procedures to inform the filing party when a document is not in compliance with these rules or a local rule so the party may correct the problem.

See *Commonwealth v. Jones*, 700 A.2d 423 (Pa. 1997); and *Commonwealth v. Little*, 716 A.2d 1287 (Pa. Super. 1998) concerning the timeliness of filings by prisoners proceeding pro se (the "prisoner mailbox rule").

[Paragraph (C) was added in 1996 to provide a uniform, statewide] The 2004 amendments to para-

graph (A)(4) modified the procedure [for] by which the clerks of courts [to] handle filings by represented defendants when the defendant's attorney has not signed the document being filed by the defendant. As amended, paragraph (A)(4) requires, in all cases in which a represented defendant files a document, that the clerk of courts make a docket entry of the defendant's filing and place the document in the criminal case file, and then forward a copy of the document to both the attorney of record and the attorney for the Commonwealth. See *Commonwealth v. Castro*, 766 A.2d 1283 (Pa. Super. 2001). [See] Compare Pa.R.A.P. 3304 (Hybrid Representation). The requirement that the clerk time stamp and make docket entries of the filings in these cases only serves to provide a record of the filing, and does not trigger any deadline nor require any response. See Rules 120 (Attorneys—Appearance and Withdrawals) and 122 (Assignment of Counsel) concerning the duration of counsel's obligation under the rules.

Paragraph [(C)] (A)(4) only applies to cases in which the defendant is represented by counsel, not cases in which the defendant is proceeding pro se.

The purpose of paragraph (A)(5) is to ensure documents raising cognizable legal issues submitted to the judge are transmitted to the clerk of courts, and does not relieve the defendant from complying with the other requirements of the rules. When a document is forwarded to the clerk from a judge, if the defendant is unrepresented, the clerk is to proceed as provided in paragraph (A)(3) and the defendant is to be treated like any other party. If the defendant is represented, the clerk is to proceed pursuant to paragraph (A)(4).

Paragraph (A)(6), titled "Unified Practice," was added in 2004 to emphasize that local rules must not conflict with the statewide rules. Although this prohibition on local rules that are inconsistent with the statewide rules applies to all Criminal Rules through Rule 105 (Local Rules), the reference to the specific prohibitions is included because these types of local rules have been identified by practitioners as creating significant impediments to the statewide practice of law within the unified judicial system. See the first paragraph of the Rule 105 Comment. The term "local rule" includes every rule, regulation, directive, policy, custom, usage, form or order of general application. See Rule 105(A).

Any local rule that requires personal appearance in addition to filing with the clerk of courts is inconsistent with this rule.

See Rule 113 (Criminal Case File and Docket Entries) for the requirements concerning the contents of the criminal case file and the minimum information to be included in the docket entries.

Paragraph (B)(1) requires that, concurrently with filing, the party must serve a copy on the court administrator. This requirement provides flexibility to accommodate the various practices for scheduling. However, it is not intended to replace the requirement that the party must file with the clerk of courts.

When a judge is assigned to a case, in addition to the requirements of paragraph (B)(1), it is suggested counsel send the judge a courtesy copy of any filings.

Under any system of scheduling, once a hearing or argument is scheduled, the court or court administrator must give notice of the hearing or argument to the parties, and a copy of the notice must be filed in the criminal case file and a docket entry made. See Rule 114(C)(2).

Although paragraph (C)(1)(d) permits the use of assigned mailboxes for service under this rule, the Attorney General's office never may be served by this method.

A facsimile number or an electronic address set forth on letterhead is not sufficient to authorize service by facsimile transmission or other electronic means under paragraph (B)(2)(f). The authorization for service by facsimile transmission or other electronic means under this rule is document specific and only valid for an individual document. Counsel will have to renew the authorization for each document.

For the definition of "carrier service," see Rule 103.

Paragraph (B)(4) requires the filing party to include with the document filed a certificate of service. The certificate of service should be in substantially the following form:

I hereby certify that I am this day serving upon the persons and in the manner indicated below. The manner of service satisfies the requirements of Pa.R.Crim.P. 575.

(A) Following the filing of a motion,

(1) if the judge determines an answer is necessary, the court may order a written answer, or it may order an oral response at the time of a hearing or argument on a motion. Any written order shall be filed, a docket entry made, and served by the clerk of courts pursuant to Rule 114(B), (C), and (D).

(2) If the judge determines the motion requires a hearing or argument, the court or the court administrator shall schedule the date and time for the hearing or argument. Pursuant to Rule 114(B)(2), notice of the date and time for the hearing or argument shall be served by the clerk of courts, unless the president judge has designated the court or court administrator to serve these notices.

(B) The judge promptly shall dispose of any motion.

(C) Unified Practice

Any local rule that is inconsistent with the provisions of this rule is prohibited, including any local rule requiring a personal appearance as a prerequisite to a determination of whether a hearing or argument is scheduled.

Comment

In all cases, the notice of the date and time of the hearing or argument must be filed and served, and docket entries made, as required by Rule 114.

Paragraph (C), titled "Unified Practice," emphasizes that local rules must not conflict with the statewide rules. Although this prohibition on local rules that are inconsistent with the statewide rules applies to all criminal rules through Rule 105 (Local Rules), the reference to the specific prohibitions is included because these types of local rules have been identified by practitioners as creating significant impediments to the statewide practice of law within the unified judicial system. See the first paragraph of the Rule 105 Comment. The term "local rule" includes every rule, regulation, directive, policy, custom, usage, form or order of general application. See Rule 105(A).

The practice in some counties of requiring an attorney to take a motion to a judge for the scheduling of a hearing is inconsistent with this rule.

DISPOSITION

* * * * *

If the motion is denied by operation of law, paragraph (B)(3)(c) requires that the clerk of courts enter an order denying the motion on behalf of the court and immediately notify the attorney for the Commonwealth, the defendant's attorney, or the defendant if unrepresented [the defendant], that the motion has been denied. This notice is intended to protect the defendant's right to appeal. The clerk of courts also must [also] comply with the [notice and docketing] filing, service, and docket entry requirements of Rule [113] 114.

Present Rule 1410 adopted March 22, 1993 and amended December 17, 1993, effective as to cases in which the determination of guilt occurs on or after January 1, 1994; amended September 13, 1995, effective January 1, 1996. Entry of Order by Clerk of Courts

Under paragraph (D)(1), when a Commonwealth motion to modify sentence has been denied by operation of law, the clerk of courts must enter an order on behalf of the court and furnish copies to the attorney for the Commonwealth, the defendant, and defense counsel. The clerk of courts' order is ministerial and not subject to reconsideration. See paragraph (D)(2). The clerk of courts also must [also] comply with the [notice and docketing] filing, service, and docket entry requirements of Rule [113] 114.

* * * * *

No Commonwealth Motion to Modify Sentence Filed

Paragraph (B)(2)(a) covers the time for filing a notice of appeal when the Commonwealth has elected not to file a motion to modify sentence with the trial judge. The time for filing the Commonwealth's notice of appeal under this [subsection] paragraph depends on whether the defendant has filed a post-sentence motion. When the defendant files a post-sentence motion, paragraph (B)(2)(a)(i) provides that the entry of the order disposing of the defendant's post-sentence motion triggers the 30-day period during which the Commonwealth's notice of appeal must be filed. If no post-sentence motion is filed, it is the entry of the order imposing sentence that triggers the Commonwealth's 30-day appeal period. See Rule 721(B)(2)(a)(ii).

CHAPTER 9. POST-CONVICTION COLLATERAL PROCEEDINGS

Rule 903. Docketing and Assignment.

(A) Upon receipt of a petition for post-conviction collateral relief, the clerk of courts promptly shall [immediately docket] time stamp the petition [to the same term and number as the underlying conviction and sentence] with the date of receipt and make a docket entry, at the same term and number as the underlying conviction and sentence, reflecting the date of receipt, and promptly shall place the petition in the criminal case file. The clerk shall [thereafter] transmit the petition and the [record] criminal case file to the trial judge, if available, or to the administrative judge, if the trial judge is not available. If the defendant's confinement is by virtue of multiple indictments or informations and sentences, the case shall be docketed to the same term and number as the indictment or information upon which the first unexpired term was imposed, but the court may take judicial notice of all proceedings related to the multiple indictments or informations.

Procedures Governing Motions and Answers, and Orders and Court Notices in Criminal Cases

On March 3, 2004, effective July 1, 2004, upon the recommendation of the Criminal Procedural Rules Committee, the Court adopted new Rules 113 (Criminal Case File and Docket Entries), 116 (General Supervisory Powers of President Judge), and 577 (Procedures Following Filing of Motion); rescinded current Rules 113 (Notice of Court Proceeding(s) Requiring Defendant's Presence), 574 (Motions), and 577 (Service); amended Rule 114 (Notice and Docketing of Orders); combined and amended Rule 574 (Motions) with Rule 575 (Answers) and Rule 576 (Filing) with Rule 577 (Service); and adopted correlative changes to Rules 103 (Definitions), 142 (Procedures Governing Defaults in Payments of Fine Imposed as Punishment for Contempt), 451 (Service), 456 (Default Procedures: Restitution, Fines, and Costs), 535 (Receipt for Deposit; Return of Deposit), 536 (Procedures Upon Violation of Conditions: Revocation of Release and Forfeiture; Bail Pieces; Exoneration of Surety), 572 (Bill of Particulars), 573 (Pretrial Discovery and Inspection), 579 (Time for Omnibus Pretrial Motion and Service), 581 (Suppression of Evidence), 587 (Motion for Dismissal), 720 (Post-Sentence Procedures; Appeal), 721 (Procedures for Commonwealth Challenges to Sentence; Sentencing Appeals), 903 (Docketing and Assignment) and 906 (Answer to Petition for Post-Conviction Collateral Relief). These rule changes, which are the culmination of several years of work by the Committee undertaken to address the problems caused by the proliferation of local rules and the lack of uniformity in procedures in the important area of motions practice in criminal cases that have hindered the statewide practice of law, clarify the procedures in criminal cases governing motions, answers, orders, and court notices, achieve greater statewide uniformity in criminal motions practice, and eliminate the local rules and practices governing motions practice that are hampering the statewide practice of law, and include.²

INTRODUCTION

During the last several years, the Committee has continued to review the Criminal Rules and to monitor local rules in an ongoing effort to promote the statewide uniformity of practice and procedure and eliminate the local rules and local practices that are hampering the statewide practice of law.³ The Committee noted the area of motions practice is ripe for clarification and change because of the numerous local rules and practices that create hurdles to the statewide practice of law or are inconsistent with the Criminal Rules, such as those local practices that require an attorney to appear in person before a judge on a certain day and at specified times to present the motion and to get a hearing date before the motion is filed in the clerk's office. In view of this finding, the Committee took a closer look at the statewide motions practice, and subsequently developed this package of changes to the Criminal Rules governing motions and answers, and the filing and service of motions, answers, orders, and notices.

BACKGROUND

For a number of years, the Committee has been receiving correspondence from attorneys with practices in more than one judicial district, including counsel from the State Police and the Attorney General's office, questioning the validity of specific local rules or local practices that appear to conflict with current Rules 114, 574, 575, 576, and 577, and are hampering their ability to practice in multiple judicial districts.⁴

In an effort to better understand the problems related to motions practice, the Committee first contacted current and former Committee members engaged in private practice concerning their experience with local rules and local practices regulating motions practice. Subsequently, with the assistance of the administrative staff for the Pennsylvania Association of Criminal Defense Lawyers (PaCDL), we surveyed the members of PaCDL for their input concerning the impact of local rules on their multi-judicial district practices.⁵ From the information we received from these surveys, as well as the correspondence from the other attorneys, the Committee identified several aspects of local motions practice that seem to be the major "troublemakers" for attorneys with multi-judicial district practices, including local rules and local practices requiring

- counsel to personally appear on specific days and times to file motions
- counsel to personally appear to present motions to the judge before filing with the clerk of courts
- counsel to personally obtain hearing dates and serve the other parties

³ The first phase of our review resulted in the Court's Order amending Pa.R.Crim.P. 105 (Local Rules) to more clearly define local rules and set forth the procedures for local rules to be effective and enforceable. See Court's Order and Committee explanatory Final Report at 30 Pa.B. 5842 (November 11, 2000).

⁴ We repeatedly have heard that, notwithstanding the requirements of Rule 105 (Local Rules), frequently the local requirements are not memorialized as local rules or vary from judge to judge within a judicial district, are difficult for out-of-county practitioners to find, and are not lodged with the Committee making it difficult for us to monitor.

⁵ We sent out more than 500 surveys, and received approximately 200 responses.

- counsel to use rules to show cause and rules returnable
- cover sheets or answers, requiring hearings or oral arguments, or requiring briefs or proposed orders in every case.

In addition, the Committee identified other problems that we thought should be addressed in the rules including problems in ensuring prompt service under the rules, and prompt recording of information on the docket.

The Committee also surveyed all president judges to gather general information about motions practice in their respective judicial districts, and to determine whether they use cover sheets, rules to show cause or rules returnable, and require proposed orders. We received responses from about half the judicial districts, and found that most do not use cover sheets or rules to show cause or rules returnable, and they were equally divided concerning requiring a proposed order, or answers, hearings, oral arguments, or briefs. Armed with all this information, as well as the additional information and input we received following the publication of the proposal in December 2001,⁶ and after extensive review and discussions, the Committee agreed to recommend a number of changes to the Criminal Rules that:

- (1) clarify in a new rule the procedures for maintaining the criminal case file and maintaining a list of docket entries (new Rule 113);
- (2) clarify the general supervisory powers of the president judge (new Rule 116);
- (3) require a certificate of service (Rules 575 and 576);
- (4) no longer allow the failure to file an answer to be deemed an admission (Rule 575);
- (5) abolish rules to show cause and rules returnable and provide for a notice of hearing (Rule 575);
- (6) prohibit local rules requiring a proposed order in every case or an answer to every motion (Rule 575);
- (7) abolish cover sheets and backers (Rule 575);
- (8) make it clear that the clerk of courts must accept all documents presented for filing (Rule 576);
- (9) make it clear that any local rules that require personal appearance to file, or court review before filing, or personal appearance to get a hearing date are prohibited by the rules (Rules 576 and 577);
- (10) make it clear when a defendant files a document with a judge without filing it with the clerk of courts, the judge promptly must forward to document to the clerk (Rule 576);
- (11) expand the methods of service permitted by the rules, including service using facsimile transmissions or other electronic means or using a carrier service (Rules 114 and 576);
- (12) provide for service on the court administrator of any document that is filed (Rule 576);
- (13) acknowledge that there are variations in how scheduling is handled in the judicial districts, and those variations should be permitted to continue (Rules 114 and 577); and

⁶ See 31 Pa.B. 6784 (December 15, 2001). We received 39 letters in response to the publication of the proposal. The correspondents included 16 president judges, three other common pleas court judges; eight clerks of courts; two court administrators; six attorneys; Judge Stallone, then-President of the Conference of State Trial Judges; Judge Seamans, then-Chair of the President Judges Committee of the Conference of State Trial Judges; Jim Morgan, the solicitor for the Prothonotary and Clerks of Courts Association; and David Price, staff attorney for the AOPC's Common Pleas Automation Project.

(14) include provisions governing what happens after a motion is filed and served (new Rule 577).

The rule changes incorporating the above ideas and making other conforming and correlative changes are discussed more fully below.

DISCUSSION

1. *Unified Practice*

One of the primary goals of the rule changes is to eliminate the local rules and local practices that conflict with the statewide rules and adversely affect motions practice and the statewide practice of law within the unified judicial system. After a great deal of discussion trying to determine the best way to address this matter, the Committee settled on a “sledgehammer” approach—adding specific prohibitions in the rules and highlighting these prohibitions in the Comments. To accomplish this, a new section, titled “Unified Practice,” has been added to Rules 114, 575, 576, and new Rule 577. This section includes the general prohibition against local rules that are inconsistent with the provisions of the rule, tying in with the Rule 105 (Local Rules) general prohibition against all local rules that are inconsistent with the statewide rules, and specific prohibitions against the local rules and local practices that are creating the most significant impediments to the statewide practice of law.

a. *Rule 114*

Rule 114 addresses the filing and service of orders and court notices. The troublesome local practices identified as impediments to the statewide practice of law related to Rule 114 are the requirements in some judicial districts or by some judges that, in every case, counsel must appear in person to obtain a hearing date, and then counsel must file the notice of the hearing date and serve it on the parties. Such local practices necessitate counsel traveling to the judicial district, sometimes on specified days and at specified times, to file their motion, obtain a hearing date, then file the notice of the hearing date, and finally serve the notice. Although such requirements may not be a significant burden on local counsel, these requirements significantly impact on out-of-county counsel and impose greater costs on their clients. In addition, the Committee learned that in some judicial districts these requirements are called administrative orders and are not treated as local rules so Rule 105 is not followed, making access to these local rules difficult.⁷

These local practices have been prohibited by the Court, see Rule 114(D), not only because they are impediments to the statewide practice of law, but also because they are contrary to the intent and spirit of the statewide rules. Similarly, the “Unified Practice” provision in Rule 577(C) prohibits local rules that require a personal appearance as a prerequisite to a determination whether a hearing or argument is scheduled.

b. *Rule 575*

Rule 575 governs motions and answers. Four specific local rule or local practice requirements have been identified as causing problems, and are prohibited by paragraph (C). These are the requirements in some judicial districts or by some judges that all motions include cover sheets, backers, or proposed orders, and that there be an answer filed to every motion. The Committee learned from our survey of president judges that few judicial districts are using cover sheets or backers. In view of this,

⁷ A number of the respondents to our survey indicated the only way they learned of local administrative orders was to talk to local counsel when they knew they would have a case in another judicial district.

and (1) cognizant of the difficulties attorneys have in finding out whether a judicial district requires cover sheets or backers and the confusion the lack of uniformity in these requirements causes to the practitioner, (2) because Rule 576(B)(1) will require that the court administrator be served with a copy of any motion that is filed, and (3) to eliminate another hurdle to the statewide practice of law, the use of cover sheets and backers is prohibited.

Similarly, from our survey of the president judges, we learned that very few judicial districts require proposed orders. Furthermore, the Committee noted it is often difficult when making a motion to know what should be the precise nature of the order to propose for the motion. Accordingly, proposed orders may not be mandated for every motion or answer. However, as explained in the last paragraph of the Rule 575 Comment, a party has the option of attaching a proposed order in the appropriate case, and should consider that a proposed order may aid the court by defining the relief requested in the motion or answer.

Finally, the local rules requiring answers in every case conflict with the provisions of present Rule 575,⁸ and are included in the specific prohibitions in paragraph (C).

c. *Rule 576*

Rule 576 governs the procedures for filing motions. The area of motions practice that generates the most local rules and the greatest variance in local practice concerns filing of motions. Although the 1983 amendments to the rules governing filing required all filings to be with the clerk of courts first, either by mail or in person, before transmission to other court officials, the proliferation of local rules and local practices governing filing that are inconsistent with Rule 576 continues to plague multi-judicial district practitioners, as well as the Committee. We still are hearing about local rules or local practices that require a party to bring the motion in person, frequently on specified days or at specified times, to a judge or court administrator before filing with the clerk of courts. Rule 576 has been revamped to make it absolutely clear that filing may be accomplished only by mail to the clerk or by personally delivering the motion to the clerk of courts. The “Unified Practice” provision, Rule 576(A)(6), prohibits any local rules that require a document to be presented in person or reviewed by the court or court administrator before filing.

d. *Revision of the Comments to Rules 114, 575, 576, and 577*

The Comments to Rules 114, 575, 576, and 577 all include a provision explaining the purpose of the “Unified Practice” provision, and its relationship to the general prohibition in Rule 105 (Local Rules) against local rules that are inconsistent with the statewide rules. To emphasize the definition of local rule, this explanatory paragraph includes the Rule 105 definition of “local rule.” In addition to this general explanatory paragraph, the Rule 575 Comment explains the Committee’s reasoning for prohibiting cover sheets. Finally, because of the pervasiveness of the local rules and local practices requiring personal appearances for filing or for securing a hearing date, the Comments to Rules 576 and 577 reiterate that these practices are inconsistent with the rules.

⁸ Rule 575 provides that an answer is not required unless ordered by the court, which does not mean a general order for an answer in all cases, but rather an order issued in a specific case.

2. Certificate Of Service

The second significant change is the addition of the requirement that all motions, Rule 575(A)(2)(f), and all answers, Rule 575(B)(3)(c), include a certificate of service. This requirement is consistent with similar provisions in the Rules of Civil Procedure and the Rules of Appellate Procedure, and it is an important addition to the Criminal Rules to better ensure all the proper parties are served.⁹ The contents of the certificate of service are enumerated in Rule 576(B)(4)(b), and must include the date and manner of service, and the names, addresses, and phone numbers of the persons served. A sample form modeled on Pa.R.A.P. 122 is included in the Rule 576 Comment.

In developing the form of certificate of service, the question arose concerning of who should sign the certificate. The Committee considered whether the rule should require either the attorney, or party if unrepresented, or the person, such as a secretary, who actually mails or delivers the documents to sign the certificate of service. Since the attorney, or the party, if unrepresented, has the responsibility for service under Rule 576, we concluded the attorney or party should sign the certificate of service.

3. New Rule 113 (Criminal Case File and Docket Entries)

During the Committee's discussions about the filing and service of motions, answers, orders, and court notices, a number of questions came up about capturing the information concerning a criminal case, such as the dates of filing and service, and maintaining the papers filed in the case. As we considered these questions, we noted the term "docket" is used to mean different things in different rules and even within one rule.¹⁰ In Pennsylvania, for example, the term "docket" is used as a verb to mean either the act of bringing something to the clerk of courts, with "docketing" used to mean "filing," or the act of the clerk of courts entering information on the docket, with "docketing" used to mean "entering." "Docket" also is used as a noun to mean the "record."¹¹ In addition, from our research, we learned that some counties do not keep a running record of docket entries, but merely construct the docket if an appeal is taken. In these counties, everything is kept in the case file, and it appears anyone can have access to this file. In view of these considerations, new Rule 113 governing the "docket" has been adopted to fill this gap.¹²

The new rule places the burden of maintaining both the criminal case file, paragraph (A), and the list of docket entries, paragraph (B), on the clerk of courts. As explained in paragraph (A), the criminal case file contains all the original records, papers, and orders filed in the case, and copies of all court notices. Paragraph (A) prohibits the removal of these documents from the criminal case file without a court order, but provides that, upon request, the clerk must provide copies of the documents at a reasonable cost. This change is needed to prevent the court's papers from being lost, a problem that from time to time is alluded to in case law, because of the difficulties lost documents create in reproducing the record of the case for the appeal.

⁹ For example, the Committee learned that frequently when the Attorney General's office is representing the Commonwealth, service on the Attorney General's office is not done properly and the Attorney General's office either does not receive the document filed or receives it late. This new requirement therefore will be helpful in cases in which the Attorney General's office is representing the Commonwealth, so the court will know whether that office has received service.

¹⁰ See also the definition of "docket" in Black's *Law Dictionary*.

¹¹ A rule example is current Rule 114 that provides "the clerk of courts shall immediately docket the order and record in the docket the date. . . ."

¹² Because present Rule 113 has been rescinded as part of the changes for Rule 114 discussed in Part 4, Rule 113 is an available number.

Paragraph (B) addresses two issues. First, by using the terminology "list of docket entries" to replace "docket" to describe the entity in which all the information that is required to be maintained in a criminal case is recorded, we are accommodating both the manual system of recording and maintenance of information that is currently being used in a number of judicial districts and the electronic recording and maintenance of information that is used in others.¹³ Second, the definition in paragraph (B) of "list of docket entries" as a "chronological list, in electronic or written form, of documents and entries in the criminal case file, and of all proceedings in the case," is intended to end the practice in some judicial districts of not creating the list of docket entries unless an appeal is taken. This is explained further in the second paragraph of the Comment, with the additional admonishment that such a practice is inconsistent with the rule.

Paragraph (C) outlines the minimum information that must be included in the list of docket entries.¹⁴ Paragraph (C)(2) requires the names and addresses of all attorneys who have appeared or entered an appearance. The Committee agreed it was important to capture this information to make sure there is a record of all attorneys who appear in a case, not only for the defendant and the Commonwealth, but also for witnesses or any other litigant in the case. In addition, having the attorneys' addresses ensures proper service under Rules 114 and 576. Paragraph (C)(4) requires notations concerning oral motions and oral orders that are made or issued in the courtroom. Recognizing that not all judicial districts currently have the capacity to make docket entries from the courtroom, the provision is limited to "when directed by the court." Paragraph (C)(6) requires information concerning "the location of exhibits made part of the record during the proceedings" and was added to address a serious problem in the criminal justice system concerning, for example, the ability to locate exhibits following trial. This information in the list of docket entries will aid the courts and the parties in keeping track of the location of exhibits.

4. Rule 114 (Orders and Court Notices: Filing; Service; and Docket Entries)

In developing this proposal, one area of criminal practice that was identified by the correspondents and survey respondents as not uniform and creating many of the problems for the statewide practice of law is the procedures governing orders and court notices, procedures governed by current Rules 113 (Notice of Court Proceeding(s) Requiring Defendant's Presence) and 114 (Notice and Docketing of Orders). In addition to the "Uniform Practice" provision being added to Rule 114(D), discussed above in Part 1, a number of other changes to Rule 114 have been made that will tighten up the procedures governing orders and court notices.

The title to Rule 114 is being changed to "Orders and Court Notices: Filing; Service; and Docket Entries." This title more accurately reflects the application of the rule; it addresses the filing and service of orders and court notices, and making docket entries with regard to the filing and service of orders and court notices. In addition, the rule is completely reorganized into separate paragraphs that conform to the procedures enumerated in the title.

¹³ This new provision also accommodates the statewide automation of the criminal divisions of the courts of common pleas.

¹⁴ It is expected that some judicial districts may require additional information be included in the list of docket entries for administrative purposes, and this is explained in the first paragraph of the Rule 113 Comment.

a. *Paragraph (A) (Filing)*

Paragraph (A) sets forth the procedures for filing all orders and court notices in the clerk of court's office. Addressing the problems related to the delays in filing of the orders and notices the Committee had identified, paragraph (A)(1) requires all orders and court notices to be transmitted promptly to the clerk of courts' office, and for the orders or notices promptly to be time stamped. Although in most cases, documents that come into the clerks' offices are time stamped, the time stamp requirement, which is a time stamp of the date the order or court notice is received in the clerk's office for filing, ensures accuracy concerning when the orders or court notices are received in the clerk's office for filing and eliminates variations in practice in this important area. To conform with Rule 113 (Criminal Case File and Docket Entries), paragraph (A)(2) requires the order or notice promptly to be placed in the criminal case file.¹⁵ These requirements will ensure that these important court papers are filed properly and in a timely manner, and are promptly put into the criminal case file.

An issue debated at length by the Committee concerned which court officials should have the responsibility to file, make docket entries of, and put the orders and court notices in the criminal case file. Because determining who has the responsibility for filing and making docket entries is an administrative matter, we did not think paragraph (A) should assign these responsibilities, and agreed to leave the rule silent as to which court official would actually do the filing, make the docket entries, and put documents in the criminal case file. See also the discussion of new Rule 116 below.

b. *Paragraph (B) (Service)*

Paragraph (B) incorporates the present requirement of Rule 114 that the order or notice be "forthwith furnished" by requiring a copy to be served promptly, paragraph (B)(1). In addition, paragraph (B) sets forth the service requirements, paragraph (B)(2), as explained more fully below, and the methods of service, paragraph (B)(3).

Although the Committee agreed paragraph (A) should be silent concerning which official time stamps the orders and notices, we did not think the rule should be silent concerning which official should serve the court orders or notices. Because of the importance of prompt service of orders and notices, we thought it is important to specifically impose the duty on the clerk of courts. See paragraph (B)(2). However, the Committee believes this is another area where local practice should be accommodated as long as the president judge ensures the duties are performed in a timely manner. In recognition of this, paragraph (B)(2) also authorizes the president judge to promulgate a local rule designating the court, which is intended to accommodate, for example, the practice in some judicial districts of the judge's secretary or the bail agency sending out certain notices, or the court administrator as the official to serve some or all orders and court notices. The local rule requirement ensures that the local practice is readily accessible to all attorneys, and in particular those who have a multi-judicial practice, as well as any other interested individuals, is published in the *Pennsylvania Bulletin*, and is lodged with the Committee pursuant to Rule 105.

Paragraph (B)(3) incorporates the service provisions of former Rule 113 with the following changes. First, in our

review of former Rule 113(1)(a), which provides for service by "personal delivery to the defendant or defendant's attorney," some members questioned whether service could be on a defendant instead of his or her attorney as implied by this language. The Committee concluded service should always be on the attorney unless the party is unrepresented. See paragraph (B)(3)(a)(i).¹⁶ During our discussion of this provision, the Committee considered whether service could be on an attorney's employee, noting that in practice this frequently occurs but is not specifically provided in former Rule 113. Rule 114 as amended permits this practice limited to service on the employee at the attorney's office. See paragraph (B)(3)(a)(ii).¹⁷

The Committee also considered the practice in some judicial districts of assigning mail slots/boxes in the courthouse for service on members of the local bar and the court administrator. We agreed this practice was a legitimate manner of service as long as the courthouse mailboxes are not used to serve a party who does not have a box or who has not given their permission to be served in the box. Accordingly, paragraph (B)(3)(a)(iv) specifically permits service in courthouse mailboxes when counsel has agreed to receive service by this method.¹⁸ Because of the confusion that occasionally arises when the Attorney General's office is prosecuting a case, see footnote number 7, and there are courthouse mailboxes, the Comment cautions that the Attorney General's office never may be served by this method.

In addition, the Committee discussed service by electronic means. We noted both that Pa.R.Civ.P. 236(d) permits service of orders by facsimile or electronic transmission, and that the use of electronic technology for transmitting documents is proliferating. However, the Committee expressed concern about issues such as proof of service and signatures that arise with the various means of electronically transmitting documents. Following several meetings at which this issue was debated at length, the Committee ultimately concluded there is nothing in Civil Rule 236(d) that is contrary to the purposes of service in criminal cases and having uniform means of service in civil and criminal cases is a salutary purpose. Accordingly, Rule 114(B)(3)(a)(vi), modeled on Civil Rule 236(d), permits this method of service. To alleviate the members' concerns about service by electronic means, the new provision incorporates two safeguard provisions. First, the paragraph permits the use of electronic means of service, but only if counsel or the defendant if unrepresented, requests this method of service either by filing a specific request or including the facsimile number or an electronic address on a prior legal paper filed in the case. The Comment includes a paragraph clarifying that the facsimile number or electronic address on letterhead is not sufficient to authorize service by facsimile. Second, the paragraph requires the authorization for the use of electronic means for service by the court to be on a case-by-case basis. A Comment provision explains this, and notes a new authorization must be made for each case of the attorney or defendant.

Paragraph (B)(3)(a)(vii) recognizes another practice in the judicial districts that has become readily available and widely used: using private delivery companies such as Federal Express or United Parcel Service or a local courier service to deliver documents. The new provision also accommodates the practice in some judicial districts

¹⁵ The Committee uses the term "placed" instead of "filed" in the context of the criminal case file because the "filing" is the formal process of having documents come to the clerks' offices. The physical act of putting the documents in the criminal case file is not "filing" as used in this rule.

¹⁶ A similar change has been added to Rule 576(B)(2)(a). See Part 7 below.

¹⁷ A similar change has been added to Rule 576(B)(2)(b). See Part 7 below.

¹⁸ Similar changes have been added to Rule 576(B)(2)(d) and (B)(3)(b). See Part 7 below.

of using a form of interoffice mail, which is a county-controlled delivery service of documents within the courthouse and to, for example, the county jail. The term "carrier service" is used to better accommodate not only the Federal Express and UPS-types of delivery services, but also the interoffice mail.

c. Paragraph (C) (Docket Entries)

Paragraph (C)(1) requires docket entries to be made promptly. This encourages the timely recording of docket entries, something that is a problem in some judicial districts.

Paragraph (C)(2) retains the requirements set forth in the second sentence of current Rule 114 that a docket entry be made of the date of service and the manner of service, paragraph (C)(2)(c). In addition, the requirement that a docket entry be made of the date on the order or court notice, paragraph (C)(2)(b), has been added because frequently this date will be different from the date of receipt, and this information could be important in the case. Finally, tying in with the requirement in paragraph (A)(1) that the orders and notices be time stamped when received in the clerk's office, paragraph (C)(2)(a) requires that a docket entry of the date of receipt be made.

The Comment includes a cross-reference to new Rule 113 for the requirements concerning the contents of the criminal case file and the minimum information to be included in the docket entries.

5. New Rule 116 (General Supervisory Powers of President Judge)

Throughout our discussions, a recurring issue for the Committee concerned the problems that arise because not all the court papers are filed in a timely manner, accurate docket entries are not always made or are not made promptly, and the service of orders and court notices is not always made in a timely manner. These problems impact on other Criminal Rules¹⁹ and cause unnecessary delays in cases. From our research, the Committee noted the problems are exacerbated not only by the varied practices for handling these duties in the judicial districts, but also by the failure of some judicial districts to provide any uniform supervision.

The Committee discussed this matter at length and reviewed the constitutional and statutory authorization for clerks of courts. Sections 2756 and 2757 of the Judicial Code, 42 Pa.C.S. §§ 2756 and 2757, establish the duties of the clerks of courts. Section 2757 provides, *inter alia*, that the office of the clerk of courts shall have the power and duty to:

- (5) Exercise such other powers and perform such other duties as may now or hereafter be vested in or imposed upon the office by law, home rule charter, order or rule of court, or ordinance of a county governed by home rule charter or optional plan of government.

Based on this statutory provision and to address the problems with filing, making docket entries, and maintaining the criminal case file, the Committee in the published proposal included paragraphs in the proposed changes to Rules 113 and 114 that specifically authorized the president judge to supervise the clerk of courts.

We received numerous publication responses from clerks of courts and president judges criticizing these

¹⁹ See, for example, Rule 720(B)(3)(c) that requires the clerk of courts to "forthwith enter an order on behalf of the court, and shall forthwith furnish a copy of the order . . . to the attorney for the Commonwealth, the defendant(s), and defense counsel. . . ."

provisions. The respondents' criticisms included concerns that the proposal was usurping the statutory powers of the clerks of courts, and unduly and unnecessarily burdening the president judges by making them perform administrative functions. In discussing these responses, the Committee noted that the proposal was intended to provide a mechanism for oversight of the judicial district, not to take powers away from the clerks of courts or to make the president judges into court administrators. The proposal merely acknowledged what already is within the president judges' responsibilities—the responsibility for ensuring compliance with the rules and that the criminal justice system remains on track in their judicial districts.

In considering how to clarify this point, the Committee realized that the placement of the oversight provisions in the published proposal was likely the source of the confusion and contributed to the criticisms. Given the broad supervisory powers of the president judges, the Committee agreed it made more sense to have a separate general supervisory rule placed in the "Business of the Courts" section of the Criminal Rules (see Chapter 1 Part A). Accordingly, new Rule 116 enumerates the president judges' responsibility to ensure their respective judicial districts are in compliance with the Rules of Criminal Procedure, other rules, and statutes as they apply to the minor judiciary, courts, clerk of courts, and court administrators.

6. Rule 575 (Motions and Answers)

As part of our review of the motions rules in general, the Committee noted that the rule governing motions, current Rule 574, and rule governing answers, current Rule 575, are similar in nature and closely related in process: motions and answers are documents that a party files, have similar contents, and must be served. In view of this, Rules 574 and 575 have been combined into one rule by merging current Rule 574 into current Rule 575 as new paragraph (A).²⁰

a. Paragraph (A) (Motions)

Rule 575(A)(1) is taken from former Rule 574(A). Rather than enumerating the laundry list of documents considered motions—motions, challenges, and applications or requests for an order or relief—each time there is a reference to "motions" in the rules, the term "motion" is now defined in Rule 103.²¹ In addition, consistent with the Court's goal of statewide uniformity for motions procedures, the "except as otherwise provided by these rules" language has been deleted from paragraph (A)(1) because (1) there are no motions that would not be in writing, or as permitted by the court, or when made in open court during a trial or hearing,²² and (2) the language could be misconstrued as permitting conflicting local rules. Finally, a cross-reference to Rule 1005 (Pre-trial Applications of Relief) has been included in the Comment to make it clear that the practice in Municipal Court in which most motions are made orally is consistent with the provisions of Rule 575(A)(1).

Paragraphs (A)(2)(a)—(c) and (g) are the same as present Rule 574(B)(1)—(3). Paragraphs (A)(2)(e) and (f)

²⁰ Current Rule 574 has been rescinded and the number reserved for future use.

²¹ The Rule 103 definition of "motion," and other changes to this Rule 103, are explained more fully in the Part 9 "Correlative Rule Changes" section below.

²² A review of the Committee's Report and Supplemental Report explaining the changes when the motions rules were adopted in 1984 revealed that the two rules referred to in the Report that provided different filing procedures, or were the "otherwise provided" rules, have been rescinded and replaced by other rules that do not provide different procedures. From a search of the current rules, we found that Rules 573 and Rule 581 have provisions for making a motion "to the court." As explained below in the "correlative amendments" section, the Committee agreed to delete the provision from Rule 573 but retain it in Rule 581, with a Comment in both rules explaining that Rules 575 and 576 must be followed.

are new to the motions rule. Paragraph (A)(2)(e) adds the requirement that the motion include any requests for a hearing or argument or both, which is in accord with current practice. Paragraph (A)(2)(f) adds the requirement that the motion include a certificate of service. See discussion in Part 2 above.

A major change being proposed by the Committee is the abolition of rules to show cause and rules returnable in paragraph (A)(5). The Committee agreed these “rules” are confusing and no longer serve any useful purpose, and should be replaced by “plain language” notices of hearings issued by the court or court administrator as provided in Rules 114(c) and 557(A)(2). The basis for this change, that the terms “rules to show cause” and “rules returnable” are archaic and obsolete, is highlighted in the Comment.

b. *Paragraph (B) (Answers)*

Paragraph (B) incorporates the provisions of current Rule 575. The first sentence of current Rule 575(A) raised two questions. The first question was whether the “or otherwise provided in these rules” language was necessary. Because Rule 906(E)(1)(a), which requires an answer to all first counseled PCRA petitions in death penalty cases, is the only rule that requires an answer, the general exception has been deleted and a specific reference to Rule 906 has been added. See paragraph (B)(1).

The second question was whether the “ordered by the court” language could be construed as authorizing a judicial district to establish a local rule requiring answers in every case. In view of the potential for the phrase to be misconstrued, and to avoid any language that could be read as encouraging local rules, that portion of current Rule 575(A) (proposed paragraph (B)(1)) has been modified by replacing “ordered by the court” with “the judge orders an answer in a specific case as provided in Rule 577.” This point is elaborated in the Comment, and a cross-reference to the filing and service requirements of Rule 114 has been added to emphasize that the orders must be filed and served, and docket entries made.

The Committee discussed the provision in the second sentence of current Rule 575(A) that failure to answer is deemed an admission when an answer has been required by the court or otherwise by the rules, and whether the Criminal Rules should ever permit the failure to answer to be deemed an admission. We concluded the “deemed admission” provision is a civil concept and could lead to problems in the criminal context, and therefore, a failure to answer should never be deemed an admission. Accordingly, the “unless an answer has been required” clause at the end of the second sentence of current Rule 575(A) (proposed paragraph (B)(1)) has been deleted. In view of this change, to make it clear the judge has other options to the “deemed admission” provision, a Comment provision explaining that the judge could impose other appropriate sanctions on the non-responding party in a specific case has been added.

Paragraph (B)(2) amends the provisions of current Rule 575(C) to clarify that if a hearing or argument is scheduled, a party may respond orally at the time of the hearing or argument even when an answer is not required.

Paragraph (B)(3), which is essentially the same as current Rule 575(D), has been modified by the deletion of the requirement that the answer “be divided into consecutively numbered paragraphs corresponding to the numbered paragraphs of the motion.” See paragraph (B)(3)(b). Several members pointed out that answers may need to be less formally structured for a number of reasons, such

as the answer may not respond to an entire motion or may raise other matters that do not correspond to the numbered paragraphs of the motion. The Committee agreed with this assessment, noting the provision is more mischievous than beneficial to the system, and that it makes sense to provide some flexibility in the nature of the answers in criminal cases.

Finally, paragraph (B)(3)(c) adds the requirement that the answer include a certificate of service, see discussion in Part 2 above.

7. *Rule 576 (Filing and Service by Parties)*

During the development of this proposal, the Committee agreed there should be a separate new rule addressing the procedures following the filing and service of motions, see discussion in Part 8 below. To accommodate this new rule, Rules 576 (Filing) and 577 (Service) have been combined into one rule, with current Rule 577 merged into current Rule 576 as new paragraph (B), because they are closely related in process.

The title to Rule 576 has been changed (1) to reflect the new dual nature of the rule—filing and service—and (2) to distinguish the requirements of this rule, which apply to parties, from the filing and service requirements of Rule 114, which apply to the court.

a. *Paragraph (A) (Filing)*

Paragraph (A) incorporates the provisions of current Rule 576. The order in which the paragraphs appear in the current rule has been reorganized so the method of filing, former paragraph (D), follows the requirements for filing in paragraph (A)(1).

Paragraph (A)(1) is similar to current Rule 576(A), with two changes. First, the “or otherwise provided in these rules” language has been deleted because the language could be misconstrued as permitting inconsistent local rules in this area. See also the discussion in Part 6 above.²³ Second, “written answers” has been added to the list of documents that must be filed to make the rules clear that the same requirements for filing motions apply to any answers. In addition, because Rule 575(A)(1) applies to “notices or documents for which filing is required,” a cross-reference to the Criminal Rules that require a notice to be filed has been added in the Comment. This cross-reference will serve as an aid to the bench and bar by clarifying the scope of the application of this provision of the rule.

Paragraph (A)(2) incorporates current Rule 576(D), with two changes. First, the “may” has been changed to “shall” in the introductory clause to make the rule clear that these are the only ways to accomplish filing.²⁴ This clarification is intended to preempt local rules dealing with filing of motions. The second change is the addition of “except as provided by law” before the provision concerning the timeliness of filing. This addition, which is explained in the Comment, accommodates the “prisoner mailbox rule” recognized by the Court in *Commonwealth v. Jones*, 700 A.2d 423 (Pa. 1997).²⁵

As the Committee worked on this proposal, the question of how to handle filings that are untimely or that do

²³ For the same reasons, this language has been deleted from paragraph (B), which is taken from current Rule 577(A).

²⁴ The same change has been made in paragraphs (B)(2) and (3) concerning methods of service.

²⁵ This is the “rule” developed in a line of cases to address the timeliness of appeals by prisoners proceeding pro se, holding that the prisoners’ filings are timely when deposited with the prison authorities or in the prison mailbox within the time limits for filing. Although, to date, the case law has been limited to appeals and post conviction proceedings, the Committee reasoned that the basis for this “rule” put forth by the courts applies equally to criminal proceedings generally—that prisoners are unable to take the steps available to other litigants to monitor the process of their filings in order to ensure that the filings arrive before the deadline for filing.

not comply with the rules arose: should the clerk of courts have any role in determining the acceptability of filings. The Committee concluded that the determination of the acceptability of filings was not an issue for the clerk of courts, and that they should accept all filings submitted to their offices. Paragraph (A)(3) has been amended to make this clear, with further elaboration in the Comment. It also is suggested in the Comment that the judicial districts implement procedures to inform the filing party when the filing does not comply with the rules so the party may correct the problem. This procedure could be implemented, for example, by having a form that lists any local rules' requirements and the filing requirements that can be given to the party who is not in compliance. Paragraph (A)(3) also includes conforming changes to bring the case processing procedures in line with the provisions of new Rule 113.

Paragraph (A)(4), which governs the procedures when a represented defendant submits a document for filing, continues to generate questions. Correspondence with the Committee suggested that the 1996 amendments to Rule 576, which require the clerk of courts to forward any filings by a represented defendant to the defendant's attorney without docketing, has been creating problems, particularly in those cases in which the defendant is raising his or her attorney's ineffectiveness or is filing a petition to proceed pro se. The concern with the current procedure is that there is no record in the clerk's office of the filing. If counsel of record is not actively working on the defendant's case, then important deadlines may be missed, or action on the defendant's claim of ineffectiveness or to proceed pro se may be delayed.

The Committee initially agreed for ineffective counsel claims and petitions to proceed pro se that the filings should be docketed. However, after discussing how these two types of filings could be clearly separated from all other filings by counseled defendants, the Committee concluded this was not a workable option because many filings by defendants are not clearly identified, and it is not the responsibility of the clerk of courts to make a determination about the nature of a particular filing. In further discussions, the Committee weighed other options, including, for example, requiring that:

- 1) the clerk of courts docket and record all counseled defendant's filings in the same manner provided for other filings in paragraph (A)(3), and then forward it to the attorney of record;
- 2) the clerk acknowledge receipt of the filing at the same time forwarding the filing to the attorney, and the acknowledgment would provide the record or proof of filing;
- 3) the clerk also should forward a copy of the filing to the attorney for the Commonwealth in an effort to avoid day-of-trial surprises and delays; or
- 4) if the filing is docketed and recorded, no other action is required by the court.

Because (1) the concerns about delays and failure of counsel to act requires that there be some record of the filings by counseled defendants, and (2) the case processing procedures for time stamping, making a docket entry, and placing the document in the criminal case file make more sense than requiring the clerks to send an acknowledgment of receipt, and in order to avoid the day-of-trial surprises and delays that might otherwise occur, the rule requires the clerk to follow the same procedures when any document is submitted for filing—time stamp, make a docket entry, and place the document in the criminal

case file—and forward a copy of the filing to the attorney for the Commonwealth. The Comment makes it clear, however, that these filings serve only to provide a record, and, therefore, no action is required.

Paragraph (A)(5) is new to the rules, and establishes the procedures for the judge to follow when a defendant submits a document pro se to the judge without filing it with the clerk of courts. Although not every document submitted to the judge by a defendant raises issues that require court action, if the document requests some form of cognizable legal relief, the document must be processed in accordance with Rule 576(A). Paragraph (A)(5) requires the judge to forward these documents to the clerk of courts for filing and processing. The Comment includes a further explanation about these procedures, including cross-references to paragraphs (A)(3) and (A)(4).

b. Paragraph (B) (Service)

Paragraph (B)(1), which is taken from current Rule 577(A), specifically requires the parties to serve not only all parties but also the court administrator. This additional requirement is necessary to address a problem that had come to the Committee's attention: some clerks of courts are not complying with the provision of current Rule 576(B) that requires them to promptly transmit a copy to the designated court official.²⁶ Because the court administrator frequently is the designated court official who schedules hearings and arguments, or who is responsible for getting the motions to the judge for scheduling, the Committee concluded the court administrator should receive a copy of all filings from the parties concurrently with filing. As noted in the Comment, this requirement does not replace the requirement that the documents must be filed with the clerk of courts.

Another purpose of providing for service on the court administrator is to acknowledge the variations in practice concerning who does scheduling in each judicial district. This one area of the rules in which there does not have to be complete uniformity—either the court or the court administrator may continue to schedule hearings and arguments and other court proceedings. This point also is explained in the Comment.

The Comment also suggests when a judge is assigned to a case, it is appropriate for counsel to give a courtesy copy of the motion to the judge. Although the court administrator is responsible for ensuring the judges receive copies of the motions, in some cases, the attorneys may want to provide the judges with a "heads up" on what is coming as a courtesy to the judge.

Paragraph (B)(2), which is taken from current Rule 577(B), provides the same methods of service that are in Rule 114 concerning service of orders and court notices. See discussion in Part 4 above. Briefly, the differences from current Rule 577(B) are that: paragraph (B)(2)(a) provides for personal service on the attorney unless the party is unrepresented; paragraph (B)(2)(b) permits service by personal delivery to the attorney's employee at the attorney's office; paragraph (B)(2)(d) acknowledges the local practice of using courthouse assigned boxes for receipt of service; paragraph (B)(2)(f) permits facsimile or other electronic means of service if the party's attorney has made a written request for this method of service; and paragraph (B)(2)(g) recognizes the common practice of using carrier services other than the U. S. postal service. The Comment includes a caveat concerning the election of service by facsimile transmission or other

²⁶ The last sentence in (A)(3), formerly Rule 576(B), has been deleted as no longer necessary because of the addition of this requirement.

electronic means.²⁷ Because of the relative novelty of electronic means of service, at least until the use of this means of service becomes more widely accepted, acceptance of this means of service by attorneys is limited to a per document basis, as explained in the Comment.

Paragraph (B)(3) has been added to enumerate the means of service on the court administrator: the means of service is limited to service by mailing; leaving a copy in a courthouse box or at the court administrator's office; facsimile or other electronic transmission, or carrier service.

Paragraph (B)(4) sets forth the requirements for the certificate of service that is discussed more fully above in Part 2.

Another issue the Committee considered at length concerned the application of Rule 576 to non-parties. Several members expressed concern that the addition of "by parties" to the title and using the term "parties" in the rule could be construed as limiting the application of the rule to parties, thereby excluding from the rule's requirement others who may make a motion in a specific case, such as a member of the press who is challenging, for example, a closure order. The Committee agreed anyone filing any form of request for relief in a criminal case, whether or not a party, should follow the requirements of Rule 576. New paragraph (C) to makes it clear that any non-party requesting relief from the court in a case must file and serve the motion as required by Rule 576(A) and (B). New paragraph (C), however, in no way is intended to give "party" status to a non-party filing and serving under the rule.

8. *New Rule 577 (Procedures Following Filing of Motion)*

As we developed this proposal, the Committee noted a gap in the rules following the filing and service of motions. The current rules do not set forth procedures that would explain what happens after the filing and service of motions. Because most of the changes are intended to reduce the statewide variations in motions practice and procedure, this gap has been filled by new Rule 577.

Rule 577 is divided into 3 parts: (A) procedures following the filing of the motion, including the determination by the court whether an answer is required and scheduling of hearing and arguments; (B) the requirement that the court promptly dispose of any motion; and (C) the "Unified Practice" section prohibiting local rules concerning personal appearance to request a hearing.

The provisions of paragraph (A) tie in with the provisions of Rule 114 to make it clear that when any order for an answer is issued pursuant to paragraph (A)(1), or any court notice for a hearing or argument is issued pursuant to paragraph (A)(2), the filing, docket entries, and service provisions of Rule 114 must be followed, and that this is the responsibility of the court, not the parties. Furthermore, although the Committee was adamant that hearings, oral arguments, and briefs should not be required in every case, but rather only should be scheduled when necessary to assist the judge in deciding the motion, as noted in Part 4 above in the discussion of Rule 114, the Committee was aware that in a number of counties, the hearings are scheduled by the court administrator as a matter of course. Accordingly, new Rule 577 permits either the court administrator or the judge to do the scheduling, leaving the decision to local practice, but on a case-by-case basis.

²⁷ When the service is by the court pursuant to Rule 114, the attorneys' election for service by fax or other electronic means is on a case-by-case basis.

9. *Correlative Rule Changes*

a. *Rule 103 (Definitions)*

Consistent with the changes being made to the motions rules and with new Rule 113, the definition of "clerk of courts" has been modified and a definition of "court administrator" added. Both definitions include the deputies or assistants when acting in the capacity of the clerk of courts or court administrator, and accommodate those judicial districts that use other titles for their "clerks of courts." In addition, as explained in Part 3 above, a definition of "motion" has been added, thereby eliminating the need to include the laundry list of documents that are motions every time the term "motion" is used in a rule. Finally, a definition of "carrier service," which includes not only the large national delivery companies, such as Federal Express and UPS, but also local carrier services and the interoffice mail systems that some judicial districts use to distribute documents within the courthouse and between the courthouse and other county facilities including the county jail facility has been added.

b. *Rule 573 (Pretrial Discovery and Inspection) and Rule 581 (Suppression of Evidence)*

To conform with the changes in Rules 575 and 576, and to avoid the misconstruction that Rule 573 provides an exception to the filing requirements of Rule 576(A), the provision for making an appropriate motion "to the court" has been deleted from Rule 573(A). Although similar language appears in Rule 581, "to the court" in Rule 581(A) has been retained because there are times when an suppression motion is made orally in open court and on the record, and this practice should continue. In addition, in paragraphs (C)(1)(a) and (b) "proof of service" has been changed to "certificate of service" to conform with the certificate of service provisions in Rules 575 and 576, and paragraph (E) has been amended to clarify that any hearing on a suppression motion must be scheduled pursuant to Rule 577.

Finally, cross-references to Rules 575 and 576 have been added to the Comments to Rules 573 and 581 to make it clear that both Rules 575 and 576 must be followed for any motions filed under Rules 573 and 581.

c. *"Show Cause" Rules*

Rules 142(A)(2), 456(B), 536(A)(1)(c), and 587 all use the phrase "show cause why." Although when these rules were developed, the Committee had not intended by using this phrase that the courts should require "rules to show cause," we have learned some judicial districts in fact require "rules to show cause" in these situations. In view of the Court's abolition of "rules to show cause," see Rule 575(A)(5), to avoid any confusion for the bench and bar, the "show cause" language in these rules has been deleted. In Rules 142, 456, and 536, the "show cause" provision has been replaced with "explain." In Rule 587, which is worded slightly differently and applies to the attorney for the Commonwealth, the entire "show cause" phrase has been deleted, and replaced with "respond."

d. *Changes to Conform Rules to New Rule 113 Terminology*

New Rule 113 changes the terminology in reference to (1) "docketing," now "making a docket entry," (2) the "docket," now referred to as "a list of docket entries," and (3) the "record," now referred to as the "criminal case file." Rules 103, 114, 535, 576, and 577, 720, 721, and

903²⁸ contain references to one or more of these terms that are changed in Rule 113 and have been modified to conform with the new Rule 113 terminology.

e. Other Conforming Changes

(1) Rule 572(A) provides for filing of the bill of particulars "subsequent to service upon the attorney for the Commonwealth." The motions rules always have required filing and service to be concurrent, and the Committee did not think Rule 572 should be different. Therefore this phrase has been deleted and "and served" added before "as provided in Rule 576."

(2) Rules 581(A) and 906(B) use the phrase "the defendant and the defendant's attorney." The Committee, when working on the motions rules package, agreed the references in the service provisions of the rules to "the defendant or the defendant's attorney" should be changed to "the defendant's attorney, or if unrepresented, the defendant." Consistent with this decision, Rules 581(A) and 906(B) have been amended.²⁹

(3) Rules 303 and 579 and the Comments to Rules 451 and 720 have been modified to conform the references to rule numbers that have been changed as part of the motions rules package.

Title 255—LOCAL COURT RULES

CARBON COUNTY

Accelerated Rehabilitative Dispositions Program (ARD)—Administrative Fee; 34 MI 99

Administrative Order No. 8-2004

And Now, this 4th day of March, 2004, in order to implement the new DUI legislation and administer the ARD Program, it is hereby

Ordered and *Decreed* that, effective May 1, 2004, all parties placed into the Carbon County Accelerated Rehabilitative Disposition Program shall be assessed an Administrative Fee as follows with 50% of the fee payable on or before the scheduled ARD hearing date:

Non-DUI ARD	\$350.00
DUI ARD—Rate of Alcohol .08 to .099	\$350.00
DUI ARD—Rate of Alcohol .10 to .159	\$400.00
DUI ARD—Rate of Alcohol .16 and higher and Refusal	\$450.00
ALL ARDs not stipulated to at District Justice level	\$500.00

It Is Further Ordered and Decreed that this Court's Administrative Order No. 7-1999 is *Vacated* as of April 30, 2004.

²⁸ Rule 903 also is being amended to conform it to the new provisions in Rules 114 and 576 that require documents that are filed to be time stamped, have docket entries made, and placed in the criminal case file.

²⁹ Although Rules 320 and 555 use the phrase "defendant or defendant's attorney", the Committee had questions about the validity of other provisions of these rules, and rather than delay the motions rules proposal during the discussion of these other provisions, the Committee agreed to take these rules out of the motions rules package and consider them separately. Rule 905(C) requires service of an order for an amendment of a PCRA petition to be on the defendant, defendant's attorney, and the attorney for the Commonwealth. The Committee agreed in this case, service on both the defendant and the defendant's attorney was necessary, and therefore Rule 905(C) should not be changed.

Education Program for Separated Parents

Program Goals

"Education Program for Separated Parents" will provide parents with information, support and direction that will facilitate a healthy adjustment for their children. Bitterness often ensnares children caught between separating parents. In an effort to reduce the emotional toll on children and limit acrimony, attendance at this four-hour educational seminar is required by the Court of all parties in all divorce, custody, visitation and in such other cases as the Court shall direct, where the interests of children under the age of 18 years are involved and the Court deems the parties will benefit from such a program. This program will also be open to any other person who is involved in caring or educating children and wishes to attend on their own. Administration of this program will be through the Penn State Justice and Safety Institute in conjunction with the Court Administrator's Office.

Program Content

The four-hour program provides parents with information about the developmental stages and needs of children with emphasis on fostering the child's emotional health during periods of stress. The program is informative, supportive and will inform parents of various community resources. Topics will also include typical reactions of families, stress indicators in children, pitfalls to avoid, skills to help children work through stress, and how to work out a parenting agreement.

"Exhibit A"

When

The program will be presented every few weeks as indicated on the brochures alternating between Wednesdays and Saturdays.

Where

The program is presented in Perry County at the Courthouse in Courtroom 1, New Bloomfield, PA or in Juniata County at the Library on 498 Jefferson Street, Mifflintown, PA.

Attendance

Attendance at the program is required of all parties involved in a divorce, custody, or visitation action and in such other cases as the Court shall direct, where the interests of children under the age of 18 years are involved and the Court deems the parties will benefit from such a program.

A waiver of attendance will be provided for individuals who have attended a program of equal value. A certificate of attendance at a similar program must be presented to Court Administration.

Fees

A fee of \$45.00 per party is required and should be sent in with the registration form payable to "Education Program for Separated Parents," and mailed to Penn State Justice and Safety Institute, The Pennsylvania State University, 305 Lubert Building, Innovation Park at Penn State, University Park, PA 16802-7009. The cost will cover the presenter's fees, handouts, and program administration. Penn State will determine whether any fee will be reduced or waived.

Presenters

The presenters are provided by Penn State and have at a minimum master's degree with additional training.

Application Process

Upon initiation of a filing, the moving party shall serve the responding party with a copy of the Court Order directing attendance at the seminar and provide a program brochure/registration form about the program. The brochure will describe the registration and payment methods and include a registration form to be completed and mailed. These documents will be served along with the pleading. Registration will be by mail as indicated on the form and must be made no later than one week before the selected program date. The registration process is designed to maximize safety to the participants. For safety purposes, participants are asked to indicate if they prefer not to attend the same seminar as the other parent. Parties are encouraged to attend a class in the County in which the action is pending, however other classes are held in Juniata and Mifflin Counties for your convenience.

Verification

A list of all parties participating in the program will be provided to the Court prior to each session. Upon completion of the seminar, each parent will receive the original certificate verifying that they have attended the course. A copy of the certificate will be sent by Penn State to Court Administration to be placed in the official Court file.

Monitoring and Evaluation

Each participant will complete a written evaluation of the seminar at its conclusion, indicating their individual assessment of the value of the program and any suggestions for future programs.

RULES AND REGULATIONS

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF BARBER EXAMINERS [49 PA. CODE CH. 3] Deletion of Examination Fees

The State Board of Barber Examiners (Board) amends §§ 3.41, 3.45 and 3.103 (relating to applications for examinations; retaking examination; and fees) to read as set forth in Annex A.

A. *Effective date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

The final-form rulemaking is authorized under section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a) and sections 6 and 14 of the Barber License Law (act) (63 P. S. §§ 556 and 564).

C. *Background and Purpose*

The amendment to § 3.41 deletes outdated provisions related to applying to take the examination. Applications are no longer sent to the Board. Applications are sent to the testing organization. To avoid confusing applicants, the Board is removing this provision. The Board is also removing the requirement that the application include a notarized statement from a physician indicating that the student is free from contagious and infectious diseases. This provision has become outdated because the requirement for a statement was removed from the act by the legislature in 2002. The amendment to § 3.45 deletes an outdated provision that allows applicants who fail an examination to request a personal interview with the Board to review the examination papers. The Board no longer administers the examination and is not permitted to view the exam. The Board is removing this provision as it is no longer applicable to the examination process. The amendment to § 3.103 deletes references to the fees for the theory and practical examination for barbers and barber teachers and the theory examination for managers. These fees are set by the administrators of the examinations, not by the Board. To avoid the necessity of amending the regulations whenever the examination administrator changes the fees, the Board is deleting references to the examination fees.

D. *Summary of Comments and Responses on Proposed Rulemaking*

Notice of the proposed rulemaking was published at 32 Pa.B. 5416 (November 2, 2002). Publication was followed by a 30-day public comment period during which the Board received no public comments. Following the close of the public comment period, the Board received comments from the Independent Regulatory Review Commission (IRRC). The House Professional Licensure Committee (HPLC) and the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC) did not comment. The following is a response to the comments.

Section 3.41(a)

IRRC commented that this subsection required applications for examinations to be filed with the Board. However, the Board's website instructs applicants to submit applications directly to the testing organization. This subsection has become outdated, as procedures for applying to take the exam have changed. IRRC recommended that the Board incorporate any changes to this section into the final-form rulemaking. The Board agrees and has amended this section accordingly.

Section 3.45(b)

IRRC commented that this subsection stated that applicants may request a personal interview with the Board for review of examination papers. However, the Board does not administer the examination and no longer provides opportunities for personal interviews. This subsection has become outdated, as the Board no longer has any part in administering or grading the examination. IRRC recommended that the Board incorporate any changes to this section into the final-form rulemaking. The Board agrees and has amended this section accordingly.

E. *Fiscal Impact and Paperwork Requirements*

The final-form rulemaking will have no fiscal impact on the Commonwealth or its political divisions. The final-form rulemaking will avoid preparation of new regulations each time that an examination fee is changed and should not create additional paperwork for the private sector.

F. *Sunset Date*

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

G. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 17, 2002, the Board submitted a copy of the notice of proposed rulemaking, published at 32 Pa.B. 5416, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on January 27, 2004, the final-form rulemaking was approved by the HPLC. On February 11, 2004, the final-form rulemaking was approved by the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on February 12, 2004, and approved the final-form rulemaking.

H. *Contact Person*

Further information may be obtained by contacting Sara Sulpizio, Administrative Assistant, State Board of Barber Examiners, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-3402, www.dos.state.pa.us.

I. Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The final-form rulemaking does not enlarge the purpose of proposed rulemaking published at 32 Pa.B. 5416.

(4) The final-form rulemaking is necessary and appropriate for administering and enforcing the authorizing act identified in Part B of this Preamble.

J. Order

The Board, acting under its authorizing statutes, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 3, are amended by amending §§ 3.41, 3.45 and 3.103 to read as set forth in Annex A.

(Editor's Note: The amendments to §§ 3.41 and 3.45 were not included in the proposal published at 32 Pa.B. 5416.)

(b) The Board shall submit this order and Annex A to the Office of General Counsel and to the Office of Attorney General as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect on publication in the *Pennsylvania Bulletin*.

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 3040]

Subsidized Child Day Care Eligibility; Head Start Expansion

Statutory Authority

The Department of Public Welfare (Department) adopts this final-omitted rulemaking to read set forth in Annex A under the authority of 62 P. S. §§ 201—211, 401—493 and 701—703 and section 1505-D of the act of December 23, 2003 (P. L. 304, No. 48) (Act 48) (24 P. S. § 15-1505-D).

Notice of proposed rulemaking is omitted in accordance with section 204(1) and (3) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1) and (3)), known as the Commonwealth Documents Law, and 1 Pa. Code § 7.4(1) and (3). This final-omitted rulemaking relates to Commonwealth grants and benefits. In addition, the Department has determined that notice of proposed rulemaking is impracticable and unnecessary under Act 48, which specifies that the Department must promulgate a final-omitted rulemaking within 90 days of the effective date of Act 48.

Purpose of Final-Omitted Rulemaking

The purpose of the final-omitted rulemaking is to assure eligibility for child care subsidy for children enrolled in Head Start whose parents/caretakers need extended hours and days of Head Start service to work.

Need for Final-Omitted Rulemaking

The final-omitted rulemaking is needed to implement the requirements of section 1501-D of Act 48 (24 P. S.

§ 15-1501-D), which requires the Department to promulgate a final-omitted rulemaking within 90 days of the effective date of Act 48. Act 48 took effect December 23, 2003. Thus, a final-omitted rulemaking must be promulgated by March 22, 2004. This final-omitted rulemaking amends regulations for subsidized child day care in Chapter 3040 (relating to subsidized child day care eligibility) by adding provisions for Head Start expansion.

Requirements

Section 3040.29 (relating to Head Start expansion) sets forth eligibility requirements for subsidized child day care for a family enrolled in the Head Start expansion program. Child care service must be provided in a certified or registered child care facility that complies with § 3040.20(a)(3) (relating to benefits and limitations) and has a collaborative agreement with a Head Start program or by a Head Start program. The section also requires that:

- The parent/caretaker must apply for the Head Start expansion program at the local child care information services agency.
- The family must meet the regulatory description of family composition.
 - At the time of application, each parent/caretaker must verify a minimum of 25 hours of work per week.
 - Each parent/caretaker must verify that the service is needed to work.
 - The parent/caretaker must provide verification from the Head Start program that the Head Start expansion program meets Federal Head Start standards.
 - A family is subject to waiting list requirements.
 - A family fee will be assessed at the minimum copayment for a family of one.
 - The family fee must be paid timely.
 - Subsidy for the child may be suspended during summer school breaks.

A child enrolled in a Head Start expansion program may be placed in suspended subsidy for not more than 90 days when the child's parent/caretaker does not need child care during a summer school break and the parent/caretaker anticipates that the child will return to the Head Start program in the fall. This provision assures access and continuity of care for the child and family. When a child needs care during the summer school break and the child's Head Start expansion program is closed, the parent/caretaker may apply for subsidized child care under other sections of Chapter 3040.

Section 1501-D of Act 48 provides that the Department is required to promulgate regulations necessary to assure eligibility for child care subsidy for children enrolled in Head Start whose parents need extended hours of Head Start services to work. To make the benefits of Head Start expansion available to all children enrolled in Head Start whose families need extended hours and days of service, the Department is adding "caretakers" as persons eligible to apply for the expanded Head Start program. This will enable children living with caretakers to enjoy the same benefits available to children living with their parents. The Department finds that this interpretation harmonizes with the Federal Head Start eligibility regulations in 45 CFR 1305.2(e) (relating to definitions) regarding families.

Finally, since the definition of "extended day services" provides for extended day services for both hours and

days beyond the hours funded through the Federal Head Start program, the Department has provided for both hours and days of extended services. (See section 1501-D of Act 48.)

Affected Organizations and Individuals

The Department will incur costs as a result of this final-omitted rulemaking. Families whose working hours and days extend beyond the hours of the Head Start program day will benefit from this final-omitted rulemaking.

Accomplishments and Benefits

Working families with a child enrolled in Head Start will benefit from this final-omitted rulemaking. The final-omitted rulemaking allows a family, at a low fee, to be eligible for subsidized child care for hours and days beyond the hours and days funded through the Federal Head Start program. Families will receive the necessary supports to continue employment. Eligible children will benefit from the stability and continuity of the child care experience, conducted in a developmentally appropriate child care environment.

Fiscal Impact

Public Sector

Commonwealth—The Commonwealth will incur additional costs.

Political Subdivisions—There is no fiscal impact on political subdivisions.

Private Sector—There is no fiscal impact on the private sector.

General Public—There is no fiscal impact on the general public.

Paperwork Requirements

Parents/caretakers will need to complete an application for the Head Start expansion program, verify that their child is enrolled in a Head Start program, verify hours of work extending beyond the Head Start program day and provide verification from the Head Start program that the Head Start expansion program meets Federal Head Start standards.

Sunset Date

No sunset date is established for this final-omitted rulemaking.

Public Comment

Although this rulemaking is being adopted without publication as proposed rulemaking, interested persons are invited to submit written comments within 30 days from the date of this publication for consideration by the Department as to whether the final-omitted rulemaking should be revised. Comments should be sent to the Department of Public Welfare, Kathryn Holod, Director, Bureau of Child Day Care Services, P.O. Box 2675, Harrisburg, PA 17105, (717) 787-8691. Persons with a disability may use the AT&T Relay Service, (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Regulatory Review Act

Under section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)), on February 4, 2004, the Department submitted a copy of the final-omitted rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Children and Youth Committee and

the Senate Committee on Public Health and Welfare. On the same date, the regulation was submitted to the Office of the Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506). A copy of this material is available to the public upon request.

Under section 5.1(j.2) of the Regulatory Review Act, on March 10, 2004, the final-form rulemaking was approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on March 11, 2004, and approved the final-omitted rulemaking.

Findings

The Department finds that:

(1) Public notice of intention to adopt the administrative regulation adopted by this order is not required because it relates to Commonwealth grants and benefits under section 204(1) of the Commonwealth Documents Law and the regulation thereunder, 1 Pa. Code § 7.4(1). In addition, public notice of intention to adopt the administrative regulation adopted by this order is impracticable and unnecessary under section 204(3) of the CDL and regulations thereunder, 1 Pa. Code § 7.4(3).

(2) The adoption of this regulation in the manner provided in this order is necessary and appropriate for the administration and enforcement of the Public Welfare Code and Act 48.

Order

The Department, acting under the Public Welfare Code and Act 48, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapter 3040, are amended by adding § 3040.29 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Attorney General and General Counsel for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

ESTELLE B. RICHMAN,
Secretary

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission, relating to this document, see 34 Pa.B. 1643 (March 20, 2004).)

Fiscal Note: 14-482. No fiscal impact; (8) recommends adoption. This regulatory action provides eligibility for child care subsidies for children enrolled in Head Start whose parents/caretakers need extended Head Start hours in order to work. Costs to the Federal Child Care Development Fund are estimated at \$405,000 for the remainder of 2003-04 and are included in the current child care appropriation. Costs to the Federal Child Care

Development Fund are estimated at \$1,620,000 for 2004-05 and are expected to increase by 5% annually thereafter.

DEPARTMENT OF AGING

Redesignation of Area Agency on Aging for Union and Snyder Counties Planning and Service Area No. 17; Final Decision Regarding Redesignation

The Secretary of the Department of Aging (Department), under authority in the act of June 20, 1978 (P. L. 477, No. 70) (71 P. S. §§ 581-1—581-12), in conformity with the Older Americans Act of 1965 (42 U.S.C.A. §§ 3001—3058ee) and in accordance with the provisions of 6 Pa. Code Chapter 30 (relating to designation and redesignation of area agencies on aging), has made a final decision regarding the redesignation of the area agency on aging serving Planning and Service Area No. 17, which has the same boundaries as Union and Snyder Counties, as follows:

From: Union-Snyder County Area Agency on Aging
116 North Second Street
Lewisburg, PA 17837

To: Union-Snyder Agency on Aging, Incorporated
116 North Second Street
Lewisburg, PA 17837

On September 26, 2003, the Department received a formal request from the Boards of Commissioners of Union and Snyder Counties (Commissioners) to redesignate the area agency on aging from its county auspice to a nonprofit organization serving Planning and Service Area No. 17. The Commissioners advised that, in their opinion, the interests of older persons in Union and Snyder Counties would be best served if services were provided through a private, nonprofit area agency on aging rather than the existing county-based area agency on aging. The Commissioners' request in no way reflected dissatisfaction with the existing agency, but was based on other considerations. The Commissioners recommended that the currently-designated, county-affiliated area agency on aging be reorganized as a private, nonprofit

corporation, so that it could continue as the agency serving Union and Snyder Counties.

Public hearings on the redesignation of the area agency on aging were held at the Lewisburg and the Selinsgrove Senior Centers on Tuesday, December 2, 2003. A copy of the verbatim proceedings is available at the Department of Aging, 555 Walnut Street, Fifth Floor, Harrisburg, PA 17101. Comments reflected positively on the capabilities of the management and staff of the Union-Snyder County Area Agency on Aging to provide services to older persons in Union and Snyder Counties. No other agency came forward and expressed an interest in being the area agency on aging.

On December 30, 2003, after considering the impact of redesignation on provision of services in Planning and Service Area No. 17, the comments of the current area agency on aging and the Commissioners and the testimony given at the public hearings, the Secretary notified the Commissioners of a preliminary decision to redesignate the independent, nonprofit corporation as the area agency on aging effective July 1, 2004. Notification included the reasons for the decision and informed the currently-designated area agency on aging of its right to request a hearing regarding this decision. In a response letter of January 13, 2004, the Commissioners of Union and Snyder Counties and the currently-designated area agency on aging thanked the Department for the preliminary decision and stated they would not request a hearing since they were in agreement with the decision.

Therefore, the Secretary publishes this final decision redesignating the Union-Snyder Agency on Aging, Incorporated as the area agency on aging serving Union and Snyder Counties.

This order shall be effective July 1, 2004.

Secretary

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Envi- ronmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area,

the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on

a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining

activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and

relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

To modify and maintain existing reservoirs within the 100-year floodplain of an unnamed tributary of Pickering Creek (HQ-TSF). Reservoir A will be dewatered to facilitate shoreline alteration and deepening by approximately 3 feet to provide maximum depth of 8 feet. The outlet works of nonjurisdictional dam A will be modified by capping the existing 12-inch PVC outfall and constructing a spillway outlet structure that will direct flow to existing reservoir B. Reservoir B will be dewatered to replace new 45-mil liner and shoreline rehabilitation. The outlet works of nonjurisdictional dam B will be modified by capping the existing 12-inch PVC outfall and constructing a spillway outlet structure that will direct flow to proposed outlet basin C. At the Wayne Township/North Manheim Township municipal boundary line, the Wayne Township conveyance line will connect to an existing 8-inch gravity wastewater interceptor line owned by the North Manheim Township Authority. Wastewater will be conveyed through this line to the Borough of Schuylkill Haven's wastewater collection system. The wastewater will then be conveyed to the Borough of Schuylkill Haven's wastewater treatment facility for ultimate treatment and discharge. Implementation of the selected alternative and operation of the proposed facilities will be performed by the Wayne Township Municipal Authority.

Financing of the wastewater collection and conveyance systems is to be provided by the United States Department of Agriculture, Rural Development, Rural Utilities Service.

Implementation of the selected wastewater disposal alternative will require a Water Management Part II Permit for the construction and operation of the proposed sewage facilities. Other departmental permits may be required for construction if encroachment to streams or wetlands will result. The Department's review has also not identified any significant environmental impacts resulting from this proposal.

HAZARDOUS SITES CLEANUP UNDER THE ACT OF OCTOBER 18, 1988

Proposed Interim Response

Shannopin Mine Complex, Dunkard and Monongahela Townships, Greene County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.102—6020.1303), is proposing an interim response at Shannopin Mine Complex (Complex), Dunkard and Monongahela Townships, Greene County.

The Complex consists of approximately 29 various sites. The Shannopin Mine Company operated the Complex as a coal mine until 1992.

The Department conducted an inspection of the various sites associated with the Complex in April 1998. A detailed inventory of all containers of potentially hazardous materials was compiled from the inspection. The inventory included hazardous and potentially hazardous materials at mining complex sites. The inventory indicated that five individual sites of the Complex contain hazardous and potentially hazardous materials including: main office/bathhouse; coal preparation plant; supply yard; mine water treatment plant/no. 1 air shaft; and open shaft no. 4 site.

The inventory documents several hundred containers of various types including 55-gallon drums, aboveground storage tanks, underground storage tanks, high-pressure gas cylinders, transformers, batteries, 15-gallon containers, 5-gallon containers and laboratory chemicals. A number of the containers were found to be in poor condition and leaking. The sites also include several abandoned

buildings, trailers, sedimentation ponds and coal fine storage and disposal areas. The majority of the materials documented in the inventory are at the first three sites. The two additional sites contain limited amounts of hazardous or potentially hazardous materials. The Prompt Interim Response will remove and dispose/recycle all hazardous materials and petroleum products at these five sites.

The Department considered several alternatives at the sites, including: no action; securing of the sites; and removal and disposal of the hazardous substances at the sites. The Department determined that removal and disposal of the hazardous substances and petroleum products was the appropriate course of action. This alternative was selected because it complied with all applicable laws and regulations and was determined to be the most environmentally sound procedure for these sites.

Fieldwork for the prompt interim response to remove and dispose of the waste at the site is anticipated to begin in late March or early April 2004. All hazardous materials and petroleum products at the site will be removed and properly disposed. The Department, following the public hearing and comment period, will complete a Statement of Decision and Response to Comments.

This notice is being provided under sections 505(b) and 506(b) of the HSCA. The administrative record which contains the information that forms the basis and documents the selection of this response action is available for public review and comment at the Department's Southwest Regional Office in Pittsburgh, Monday through Friday from 8 a.m. to 4 p.m.

The administrative record will be open for comment from March 20, 2004, until June 18, 2004. Persons may submit written comments into the record during this time only by sending them to Kevin Halloran, Environmental Cleanup Program, 400 Waterfront Drive, Pittsburgh, PA 15222 or by delivering them to the Southwest Regional Office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. The Department has scheduled the hearing on April 22, 2004, at 6:30 p.m. at the Greene County Fairgrounds, Building 10. Persons wishing to present comments must register before April 22, 2004, with Helen Humphreys Short, 400 Waterfront Drive, Pittsburgh, PA 15222, (412) 442-4183. If no person registers to present oral comments by the specified date, the hearing will not be held. Persons interested in finding out if anyone has registered and if the hearing will be held should contact Helen Humphreys Short.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings should call Helen Humphreys Short at (412) 442-4183 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Proposed Revision to the State Implementation Plan for Sulfur Dioxide for the Warren County Nonattainment Areas; Proposed Maintenance Plan and Request for Redesignation to Attainment; Public Hearing

Sulfur dioxide concentrations above the Federal health-based standard are a serious human health threat and also contribute to other environmental problems such as visibility impairment, acid rain and crop and forest damage. A review of the ambient air quality data shows that the Warren County sulfur dioxide nonattainment areas (Conewango Township, Pleasant Township, Glade Township and City of Warren) are achieving the annual and 24-hour health based sulfur dioxide primary standards and the 3-hour secondary standard. Therefore, the Department of Environmental Protection (Department) plans to submit a request to the United States Environmental Protection Agency to redesignate the Warren County sulfur dioxide nonattainment areas to attainment. The Department will also request that the status of Mead Township and Clarendon Borough be changed from "cannot be classified" to "better than National standards" for sulfur dioxide. The Department is seeking public comment on this request and on a State Implementation Plan (SIP) revision setting forth a maintenance plan for the next 10 years as required under section 175A(a) of the Federal Clean Air Act (42 U.S.C.A. § 7505a(a)).

This proposal is available through the following contact person or on the Department's website: www.dep.state.pa.us (Subjects/Air Quality/Regs Plans/Clean Air Plans).

The Department will hold a public hearing to receive comments on the SIP revision on Wednesday, April 21, 2004, at 1 p.m. in the Fleur De Lis Meeting Room, Holiday Inn, 210 Ludlow Street, Warren, PA 16365.

Persons wishing to present testimony at the hearing should reserve a time by contacting Susan Ferree, P. O. Box 8468, Harrisburg, PA 17105, (717) 787-9495, sferree@state.pa.us. Persons who do not reserve a time will be able to testify as time allows. Witnesses should keep testimony to 10 minutes and should provide two written copies at the hearing. Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Wick Havens, (717) 787-9495. TDD users should contact the AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

Written comments should be sent by 12 p.m. on April 23, 2004, to Wick Havens, Chief, Division of Air Resource Management, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468.

Procedures Applicable to Right-to-Know Requests

This written policy identifies the procedures for requesting records from the Department of Health (Department) under Pennsylvania's Right-to-Know Law (RTKL), 65 P. S. §§ 66.1—66.9. This policy supplements Management Directive 205.36 as amended. This policy replaces procedures for requesting records previously issued by the Department at 32 Pa.B. 6399 (December 26, 2002).

Requests

1. A request to the Department made under the RTKL must be in writing and must:

- a. Identify the requester by name.
- b. Aver whether the requester is a resident of this Commonwealth.
- c. Identify a return mailing address.
- d. Expressly state that the request is being made under the RTKL (65 P. S. §§ 66.1—66.9).
- e. Bear the requester's signature or the signature of an individual authorized to make the request for the requester.

2. RTKL requests must be sent or delivered by mail, hand delivery or facsimile transmission. Other than facsimile transmission, no electronic transmission is acceptable. The Department will not accept verbal requests.

3. RTKL requests must be sent or delivered to: Director, Communications Office, Department of Health, 808 Health and Welfare Building, P. O. Box 90, Harrisburg, PA 17108-0090, fax: (717) 772-6959.

4. If a RTKL request is sent to a Department office other than the Communications Office, that office may return the request to the requester and inform the requester that the request must be sent to the Communications Office.

5. The regular business hours of the Communications Office are 8 a.m. to 4:30 p.m., Monday through Friday. Any RTKL request received by the Communications Office after the close of regular business hours shall be deemed to have been received by that office on the following business day. For example, a facsimile transmission received at 10 p.m. on a Friday is deemed to be received on the following Monday (unless that Monday is a non-business day. Paragraph 8 defines a business day.

6. Only a resident of this Commonwealth is entitled access to public records under the RTKL. In determining whether a requester is a resident of this Commonwealth, the Director of the Communications Office (Director) may require the requester to provide proof of residency.

7. A RTKL request may be denied if it does not identify the records requested with sufficient specificity. In conducting an initial review of a RTKL request, the Director may contact (or attempt to contact) the requester to obtain clarification or additional information to aid the Director in responding to the request. The request should contain a telephone number, fax number or e-mail address where the Director may reach the requester.

8. The Director shall make a final or interim response to a RTKL request within 10 business-days after receiving the request. A business day does not include a Saturday or Sunday, a day when the offices of the Department are closed for all or part of a day due to a State holiday, partial and full day closings of State offices under management directives, a day when the offices of the Department are closed due to a natural disaster or a day when Department offices are closed at the request or direction of a local, State, or Federal law enforcement agency or official. For purposes of determining the end of the 10-business-day period, the day a RTKL request is received (or deemed received) is not counted.

9. A response that denies a request (either in whole or in part) will list all of the specific reasons relied on by the Director for denying the request and will include one or more citations of supporting authority. If a reason for

denial is a determination that an identified document is not a public record, the specific reason for that determination will be included.

10. In the event that the Director's final response is a denial or a partial denial, the response to the requester will contain: (1) the typed or printed name, title, business address, business telephone number and signature of the public official or employee on whose authority the denial is issued; (2) a notice informing the requester of his or her right to file exceptions with the Department; (3) a statement of the procedure that the requester shall follow to file exceptions contesting the denial; (4) the name and mailing address of the Department's RTKL exceptions office; and (5) the words "Mailing Date" followed by date that is the mailing date.

11. If the Director does not respond to the request within 10 business days after a RTKL request is docketed as having been received, a RTKL request shall be deemed to have been denied and the requester may file an exception.

Exceptions

12. Exceptions to a written denial must be filed within 15 business days of the mailing date of the written denial.

13. Exceptions to a deemed denial must be filed within 15 calendar days of the date the request is deemed denied.

14. Exceptions to a denial or partial denial of a request must be set forth in writing and must be correctly addressed and submitted to the Department's Deputy Secretary for Administration (Deputy Secretary). Exceptions submitted to any other official, office or address are defective and do not stop the running of the 15-day exceptions period. Exceptions must be sent or delivered to Deputy Secretary for Administration, Department of Health, 815 Health and Welfare Building, P. O. Box 90, Harrisburg, PA 17108-0090, Fax: (717) 772-6959

15. Exceptions are filed on the mailing date to the Deputy Secretary.

16. When exceptions are submitted by United States mail, their mailing date is the date of the postmark on the envelope. If the postmark is illegible, the mailing date is deemed to be the calendar day that immediately preceded the date on which the exceptions are received, unless that immediately preceding date is a Sunday or a Federal holiday.

17. When exceptions are filed by facsimile transmission, the mailing date is the transmission date affixed to the facsimile. If exceptions are filed in person, by courier service, by overnight mail or parcel delivery service or in any way other than by sending them through the United States mail or by facsimile transmission, their mailing date is deemed to be the date the exceptions are received by the Deputy Secretary, except that exceptions received by the Deputy Secretary after the close of the usual business hours of that office are deemed to be received on the next business day. The regular business hours of the Deputy Secretary's office are 8 a.m. to 4:30 p.m., Monday through Friday.

18. Exceptions to a denial or a partial denial of a request may not be submitted through the use of e-mail.

19. Exceptions that are untimely will be dismissed for that reason.

20. Exceptions must state the reason upon which the requester asserts that the record to which the requester

has been denied access is a public record. Reasons not set forth during the 15-day period in which exceptions must be filed are deemed to be waived and will be disregarded by the Deputy Secretary.

21. Exceptions must address the reasons stated by the Director in denying the request. Exceptions that fail to comply with this requirement will be dismissed for that reason.

22. If the request is denied due to a deemed denial, the requester is not required to set forth any grounds for contesting the denial. The Deputy Secretary shall consider the cases for both the requester and the Director. The Director may raise available defenses to the request.

23. Unless the requester agrees otherwise, when a requester files exceptions to a denial, the Deputy Secretary will issue a final determination within 30 calendar days of the mailing date of the exceptions. If the requester requests a hearing, the Deputy Secretary may condition the grant of that request upon the requester's written consent or agreement to an extension of the time for a decision on the exception.

24. Exceptions are resolved by a final determination, which is a final order of the Deputy Secretary. A final determination shall be set forth in writing. If the Deputy Secretary determines that the Director correctly denied the request for access, the Deputy Secretary will issue a written explanation to the requester of the reason for the denial by the last day a decision on the exception is due.

25. Either the requester or the Director may request a hearing on the exceptions. The decision as to whether to hold a hearing rests in the discretion of the Deputy Secretary and is not appealable.

Access

26. Providing a requester with physical access to a document in an office of the Department is a "response" for the purposes of the RTKL. Only the Director has the authority to permit this access. Hours of access shall be 8 a.m. to 4:30 p.m., Monday through Friday.

27. A public record will be provided to the requester in the medium requested if the record exists in that medium. Otherwise, the public record will be provided in the medium in which it exists. Where the record is only available in electronic form, the Department will print it out on paper if the requester so requests.

28. The Department may make its public records available through its website. However, if access to public records is available only through electronic means, the Department will provide access to the records at an office of the Department.

29. With the concurrence of the Department, a requester may bring his or her own photocopying equipment, computers and other equipment into the Department's offices for the purposes of making copies of public records.

Fees

30. Photocopies—One "photocopy" is either a single-sided copy or one side of a double-sided copy. One side of a standard 8.5" × 11" page is \$0.15 if using the agency's copiers and prevailing cost if copied otherwise. One side of any irregular sized page is the prevailing cost but not less than \$0.15.

31. Other Materials:

PC Diskettes—\$1 per diskette plus cost of labor, both salary and benefits.

Microfilm/microfiche—actual cost including cost of labor, both salary and benefits.

32. Postage:

Material fitting into standard letter envelope is mailed at no charge.

Material fitting into a non-standard envelope or other shipping container is mailed at actual cost.

33. If redaction is required before the public records can be accessed or copied for the benefit of the requester, the Department will charge a reasonable fee including cost of labor, both salary and benefits.

34. The cost to certify the copies for the purpose of legally verifying the public record shall be \$1 per side of a standard 8.5" × 11" page.

35. The Department may require prepayment if the anticipated cost to fulfill the request exceeds \$100. Unless prepayment is made by certified check, access will be denied until a regular check clears. If the fee is for copying only, the Department shall allow access to the records but shall refuse to make copies until the fee is paid. If the fee includes redaction costs, the Department shall deny access to the requester until the redaction fee is paid. If the requester pays any fee by check, the payee shall be "Pennsylvania Department of Health."

36. The Department may assess a reasonable fee for labor and other expenses necessary to comply with the request for access to, or copying of, requested records (but not for determining whether requested records are public records required to be provided to the requester under the RTKL), for example, costs for retrieval of records from storage.

ENVIRONMENTAL QUALITY BOARD

Acceptance of Rulemaking Petition for Study

On February 17, 2004, the Environmental Quality Board (Board) accepted a rulemaking petition for study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy).

The petition, submitted by MAX Environmental Technologies, Inc. (MAX), requests the delisting of treated hazardous waste K061 (electric arc furnace dust from steel production) at MAX's Yukon, PA, facility. MAX submitted the petition under the hazardous waste regulations in 25 Pa. Code § 260a.20 (relating to rulemaking petitions) and 40 CFR 260.20 and 260.22, which are incorporated by reference in 25 Pa. Code § 260a.1 (relating to incorporation by reference, purpose, scope and applicability). MAX asserts that residues resulting from treatment of K061 wastes at its Yukon facility no longer meet the criteria for which K061 was originally identified as a hazardous waste and are below the Universal Treatment Standards in 40 CFR Part 268, Subpart D.

Under the Board's acceptance of the petition, the Department of Environmental Protection (Department) will prepare a report evaluating the petition. This report, which must be completed within 60 days from the date the petition was accepted by the Board, will include a recommendation on whether the Board should approve the action requested in the petition. If the recommendation is to change a regulation, the report will also specify the anticipated date that the Board will consider a proposed rulemaking. If the report cannot be completed within the 60-day period, the Department is required to state how much additional time is necessary to complete the report at the next Board meeting.

The previously referenced petition is available to the public for review by contacting the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526. The petition is also accessible on the Department's website: www.dep.state.pa.us (DEP Keyword: EQB; under "Meeting Agendas/Handouts/Minutes" choose "2004" then "February 17, 2004").

FISH AND BOAT COMMISSION

Proposed Special Regulation Designation

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of streams, stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream, stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

At its next meeting on April 19 and 20, 2004, the Commission will consider adding Lily Lake, Luzerne County, to the list of waters regulated and managed under 58 Pa. Code § 65.10 (relating to Select Trout Stocked Lake Program), effective January 1, 2005. The Commission, at this time, is soliciting public input concerning this designation. Persons with comments, objections or suggestions concerning the designation are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Comments submitted by facsimile will not be accepted. Comments also may be submitted electronically to rapfbcregs@state.pa.us. A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. Restriction for Special Areas; Youghiogheny River Lake, Fayette and Somerset Counties

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 103.3(d) (relating to restriction for special areas) has taken immediate action to establish a temporary "slow, minimum height swell speed" zone on Youghiogheny River Lake, Fayette and Somerset Counties. The Commission has taken this action at the request of the U. S. Army Corps of Engineers, which operates and maintains the lake, because the Department of Transportation recently awarded a contract for the replacement of the U. S. Route 40 bridge that crosses the lake. The Commission has determined that the construction activity associated with the bridge replacement will have a significant impact on boating on the lake.

The "slow, minimum height swell speed" zone will extend 100 feet south of the existing U. S. Route 40 bridge to a line extending from just north of the Somerfield launch ramp to a point in the mouth of Jockey Hollow that is approximately 100 feet north of the contractor's work barges and then to shore inside Jockey Hollow. This zone will go into effect upon the placement of buoys in the area and will remain in effect throughout the bridge replacement project but in no event longer than 2 years. This zone shall be fully effective and enforceable in accordance with the law.

2004 Changes to List of Class A Wild Trout Waters

The Fish and Boat Commission (Commission) is considering changes to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. The Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A wild trout fisheries are species specific. Wild Trout Abundance Class Criteria include provisions for:

- (i) Wild Brook Trout Fisheries.
 - (A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).
 - (B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lb/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) Wild Brown Trout Fisheries.

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lb/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) Mixed Wild Brook and Brown Trout Fisheries.

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lb/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lb/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) Wild Rainbow Trout Fisheries.

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

For a water to be removed from the Class A Wild Trout Streams designation, total trout biomass must be documented below the set criteria for two consecutive stream examinations.

At its meeting on April 19 and 20, 2004, the Commission intends to consider adding the following water to the current list of Class A Wild Trout Streams: Waltz Creek, Section 02, Northampton County, from the confluence with Greenwalk Creek downstream to the mouth, a distance of 2.36 miles. The Commission will not consider the removal of any stream from the list at this time.

Persons with comments, objections or suggestions concerning the addition are invited to submit comments in writing to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Comments submitted by facsimile will not be accepted. Comments also may be submitted electronically to rapfbcregs@state.pa.us. PENNSYLVANIA PUBLIC UTILITY COMMISSION

Cancellation Order

Public Meeting held
March 4, 2004

Commissioners Present: Terrance J. Fitzpatrick, Chairperson; Robert K. Bloom, Vice Chairperson; Glen R. Thomas; Kim Pizzingrilli; Wendell F. Holland

Pennsylvania Public Utility Commission Law Bureau Prosecutory Staff v. Network Access Solutions Corp. (2002.0246.00); Doc. No. C-20031944; A-310535

Cancellation Order

By the Commission:

On October 17, 2003, Law Bureau Prosecutory Staff filed a Formal Complaint against Network Access Solutions, Corp. (Respondent), a CLEC certificated at A-310535. In the Complaint, Prosecutory Staff alleged that Commission staff had notified Respondent by both first class and certified mail, return receipt requested that Respondent had failed to file its 2002 Annual Report. The Complaint requested that the Commission issue an order canceling the Respondent's certificate for failure to file its 2002 Annual Report in violation of 66 Pa.C.S. § 504.

Service of the Complaint was perfected on December 10, 2003. Respondent filed an answer on December 29, 2003, stating that it filed for Chapter 11 protection under the United States Bankruptcy Code on June 4, 2002. In its answer, Respondent further stated that its Plan of Reorganization was confirmed by the Bankruptcy court on September 11, 2003, and provided for the liquidation of its remaining assets. Respondent advised that most of

its assets were sold on January 10, 2003. Finally, in its answer, Respondent requested an extension of time to respond to the Complaint. Further communications with counsel for Respondent have revealed that Respondent requests to have its certificate cancelled since the company is out of business and all of its assets have been sold.

Based upon the foregoing, and upon our determination that Respondent does not have any outstanding assessments or fines, it is appropriate to cancel the certificate of public convenience of Network Access Solutions Corp. We also note that because Respondent was never given any NXX codes, there are no numbering compliance issues; *Therefore,*

It Is Ordered That:

1. The allegations in Law Bureau Prosecutory Staff's complaint are deemed admitted and the complaint is hereby sustained.

2. The certificate of public convenience held by Network Access Solutions Corp. at A-310535 is hereby cancelled.

3. The Secretary strike the name of Network Access Solutions Corp. from all active utility lists maintained by the Annual Report Section of the Secretary's Bureau and the Assessment Section of the Bureau of Administrative Services.

4. Notice of this Cancellation Order shall be published in the *Pennsylvania Bulletin*.

Order

Public Meeting held
March 4, 2004

Commissioners Present: Terrance J. Fitzpatrick, Chairperson; Robert K. Bloom, Vice Chairperson; Glen R. Thomas; Kim Pizzingrilli; Wendell F. Holland

Pennsylvania Public Utility Commission, Strategic Energy, LLC and Dominion Retail, Inc. v. Duquesne Light Company; R-00038092; R-00038092C0001; R-00038092C0002

Order

By the Commission:

Before the Commission for disposition is an uncontested Proposal of the parties for the criteria and procedure that will govern the submission, evaluation, and approval of Rule 4.19 Plans in Duquesne Light Company's (DLC) service territory.

History of the Proceeding

On December 19, 2003, the Commission entered an Opinion and Order (December Order) at Docket Nos. R-00038092, R-00038092C0001 and R-00038092C002 disposing of the Recommended Decision of Administrative Law Judge Corbett concerning DLC's Supplier Coordination Tariff (Tariff Supplement).

The December Order directed that the Commission's Office of Executive Director (OED) designate a lead bureau to be responsible for developing a proposal and

criteria for evaluating Energy Generation Supplier Plans (EGS Plans) submitted to the Commission based on DLC's Rule 4.19 (Demonstration of Ability to Perform).

In December 2003, the OED designated the Commission's Bureau of Conservation, Economics, and Energy Planning (CEEP), with the advice and assistance of the Law Bureau, as the lead bureau on Rule 4.19 issues.

On January 20, 2004, CEEP issued a Secretarial Letter that presented an initial proposal and schedule for developing Rule 4.19 criteria and procedures.

From January through February 2004, CEEP, the Law Bureau and the interested parties discussed and amended CEEP's initial proposal. In late February 2004, the parties agreed upon the general content and procedures for examining EGS Plans.

Discussion

DQE's initial Rule 4.19 proposal provided as follows:

4.19 Demonstration of Ability to Perform

Each April 1 and September 1 during the term of the EGSs Coordination Agreement, the EGS shall demonstrate to the Public Utility Commission's reasonable satisfaction that the EGS has the ability to perform its obligations in the Company's Control Area during the following calendar year. Such demonstration shall include a list of all resources, including generation assets owned or operated by the EGS and Energy purchase contracts, from which the EGS intends to obtain the Energy necessary to satisfy its forecasted load obligation, and shall provide reasonable assurance that such resources satisfy any requirements required by any Governmental Authority or applicable regional or national reliability council, including NERC or ECAR or RTO, whether or not the EGS is a member thereof. Copies of these materials must also be provided to the Company.

(December Order at 18 citing Duquesne Exhibit JFR-4 at 11).

In the December Order, the Commission agreed with the ALJ that this provision was an important component of the Commission's market-based approach to energy. The Commission further recognized that systems operations, due process and concerns about load, reserves, margins and transmission needed more discussion using the OCA's Comments as a starting point. (December Order at 20-21.)

The December Order directed the OED to assign a lead bureau to coordinate the development of criteria for EGS Plans submitted under DLC's Rule 4.19. The Commission also directed the parties and staff to consider the treatment of proprietary information submitted for Rule 4.19 purposes in the course of their discussions and to determine whether the incorporation of 52 Pa. Code § 5.432 into Rule 4.19 adequately addresses this issue. The Commission alternatively indicated a willingness to consider template proprietary orders for Rule 4.19 filings. (December Order at 20-21.)

The Commission directed the submission of a final recommendation for consideration at the public meeting of February 26, 2004. The Commission's subsequent cancellation of the February 26, 2004, public meeting required taking action at the next public meeting of March 4, 2004. The Commission staff and interested parties met during January and February and developed a proposed resolution of the issues attached as Appendices I, II and III (uncontested Proposal). We note Domin-

ion's suggestion that we eliminate information about an EGS' reliability group membership, as opposed to providing the information if it becomes appropriate, even though Dominion is not challenging the uncontested Proposal.

The Commission has accepted, rejected or modified prior settlements or uncontested Proposals after evaluating consistency with the Public Utility Code, the public interest and the Commission's regulations. *EDC RNR Recovery Petitions*, Docket No. R-00016849 to R-00016856 (December 21, 2001) (Settlement rejected as contrary to the public interest); *Steven Druitt v. Bell Telephone Company of Pennsylvania, Inc.*, Docket No. F-000204654 (Order entered November 10, 1994) (Settlement modified, as opposed to being outright rejected, to avoid blanket approval of a settlement that would fundamentally alter existing Commission regulations); *Petition for Approval of PECO Energy Company's Market Share Threshold Bidding/Assignment Process and Petition for Approval of "The Better Choice" Plan to Meet PECO Energy Company's Market Share Threshold Requirements*, Docket Nos. P-00021984 and P-00021992 (Order entered May 1, 2003) (Contested settlement is approved consistent with the language of Paragraph 39(B), the Company's Restructuring Settlement, and a finding that the provisions were just, reasonable, and in the public interest).

Upon consideration, we approve the uncontested Proposal of the parties and staff as consistent with the Public Utility Code and the public interest. Several factors support our determination.

First, sections 2802(3) and 2807(d) of the Public Utility Code require the Commission to ensure that system reliability be, at a minimum, that which existed when the legislature enacted Chapter 28. Section 2807(a) further requires an electricity distribution company (EDC) to maintain the integrity of their distribution system.

DLC proposed Rule 4.19 is consistent with Chapter 28. The uncontested Proposal submitted is a product of an EDC, several EGSs that want to provide competitive energy in Pennsylvania markets and public interest representatives. The uncontested Proposal is consistent with the reliability and competitive policy requirements of Chapter 28 and our December Order. The substantive provisions of the uncontested Proposal, which require submission and public examination of EGS Plans, provide due process while protecting the public and proprietary interests as required by Pennsylvania law. Moreover, the uncontested Proposal contains provisions, particularly governing the delivery of energy supplies and transmission, that reduce incidents of energy triage during peak demand periods. In addition, the uncontested Proposal contains provisions that establish a sound procedure for evaluating an EGS's Plan for consistency with the reliability and competitive mandates of Chapter 28. In addition, the uncontested Proposal implements Rule 4.19 with provisions that are far better than the uncertainty or possibility of further litigation that exists at the current time. Finally, the uncontested Proposal will continue until an EDC joins another independent system operator/regional transmission organization (RTO) or the Commission determines that it is no longer necessary.

Second, the uncontested Proposal is consistent with the public interest. The proposal contains clear and predictable provisions that will facilitate the entry of multiple competitors into DLC's service territory. The presence of multiple EGSs, including those that are a party to this uncontested Proposal, goes a long way to providing more of the diverse services and prices that benefit Pennsylva-

nia customers. In addition, there is no evidence that any of the substantive terms or procedures will produce results that are not otherwise just and reasonable.

Third, Dominion's suggestion that we completely delete any reference to regional reliability group membership, as opposed to requiring information only if it becomes appropriate, is consistent with the uncontested Proposal. Under the terms of the uncontested Proposal, the Commission wants information on an EGS' membership in regional reliability groups only if it is appropriate. A difference between never providing information, as Dominion seeks, and providing information only if it becomes appropriate, is more a difference of degree than kind. It is not fatal to this uncontested Proposal.

Consequently, we conclude that there is no reason to reject this uncontested Proposal as contrary to the public interest in the absence of any compelling legal or policy argument to the contrary; *Therefore*,

It Is Ordered That:

1. The uncontested Proposal submitted by staff and the parties, following this order as Appendix I, Appendix II and Appendix III, is approved.
2. A copy of the uncontested Proposal be posted on the Commission's website and published in the *Pennsylvania Bulletin* along with this Opinion and Order.

Appendix I

EGS Plan Requirements

Rule 4.19 of Duquesne's Supplier Tariff and the Commission's Order of December 19, 2003 at Docket Nos. R-00038092, R-00038092C0001 and R-00038092C0002 requires that each April 1 and September 1 during the term of an EGS's coordination agreement, and until Duquesne joins an appropriate RTO or the Commission determines otherwise, the EGS shall demonstrate to the PUC with reasonable satisfaction that the EGS has the ability to perform its obligation in the Company's control area. The EGS's obligation is to make all necessary arrangements for obtaining competitive energy supply in a quantity sufficient to serve its own customers, and to act in a prudent manner to ensure that sufficient energy can be delivered into Duquesne's control area.

The standard by which an EGS's Rule 4.19 plan shall be evaluated is whether the EGS has sufficient resources available to meet its customer needs so that it is able to provide reliable service, with the understanding that there is no specific or established set of resources or facilities that must be maintained. The parties recognize that changes in an EGS' resources of facilities mix may be appropriate in response to subsequent developments.

All Plans and all comments, reports and materials related to said plans shall be treated as Proprietary Information subject to a Protective Order. The EGS Plan must address, at a minimum, each of the following subject areas:

1. Each EGS must file their Plan in its entirety with the Commission and shall provide a copy to Duquesne Light Company ("DLC") and shall provide a copy to DQE's Reliability Coordinator.
2. The EGS' Plan must include, but not be limited to, discussion and evaluation of information on their DLC control area forecast obligations and resource plans for the upcoming 12-month period. If the supply identified in the EGS' Plan will use transmission delivery paths

reasonably expected to be constrained based on experience in the period covered by the Plan, the EGS Plan shall also address the steps taken by the EGS to mitigate any supply deficiencies that could result from such transmission constraints. The EGS' plan must also include, but not be limited to, separately identified forecasted firm and interruptible demand and energy of its customers for the immediate 12-month period beginning June 1 by April 1 and for the 12-month period beginning November 1 by September 1 to be used for supply planning purposes.

3. The EGS's plan shall demonstrate how it will meet its obligation to provide reliable electric generation service to its customers in DLC's control area. The plan must identify all resources, including those located within and without DLC's service territory, and provide the general basis for the EGS's conclusion that the supplier will reliably meet its contractual obligations. Each Plan must also identify the supply resources that will be used by the EGS to fulfill its load obligations for the period covered by the Plan, including a description of contracts, or specific generation units, if such are used, and the type of transmission resource that is associated with each supply resource to the extent that said resources are external to the DLC control area.

4. Each EGS Plan must describe contingency plans that address such occurrences as the loss of a specific supply resource or a transmission interruption that would impact an EGS's ability to supply power into the DLC control area including how the EGS expects to meet such contingencies. The discussion shall include the EGS's contingency options for obtaining additional supply. The EGS' Plan shall further address contingency plans, including reserves, contingencies, and other requirements that may become necessary, to provide service when unexpected outages occur, the utilization of firm and non-firm transmission for any resources outside of the DLC control area, the utilization of firm transmission in summer peak periods to deliver supply from resources located outside of Duquesne's control area, the offering of interruptible service to industrial and commercial customers, and address the delivery of all such resources to the control area. To the extent that an EGS provides interruptible service, its Plan shall include a complete description of that service and how it is used as a supply planning resource, including a discussion of the means by which customers are interrupted.

5. To the extent that the EGS's plan includes supply options that will or are likely to utilize historically constrained transmission paths, the EGS shall provide information to address such contingencies. To the extent that information concerning scheduled or anticipated transmission interruptions, or similar contingency events is publicly available, and would potentially impact an EGS's supply resources, such information and its impacts also should be addressed.

6. The EGS shall explain the basis on which it believes its plan will permit it to meet its customers' supply needs and shall contrast its current plan with the plans in place during past peak periods, including the July 2002 period. The EGS Plan must identify and address, as appropriate, the measures contained in the proposed current Plan, which improve the EGS' reliability and decrease the possibility of supply curtailments similar to those experienced by some EGSs in July 2002. The EGS' plan must further identify, contrast, and present the rationale for any differences between the proposed plan and the plan in place.

7. Where appropriate, the EGS' Plan shall demonstrate that it has all required documentation and contracts necessary to supply power into DLC's control area, as required by the Reliability Coordinator and, to the extent required, any membership in the appropriate regional reliability council, and a commitment to comply with Commission regulations, DQE's OATT, and any supplier tariff.

8. Where appropriate, the EGS' Plan must be supported by a sworn affidavit, executed by the responsible corporate official, affirming a commitment to adhere to and commit its operations to comply with the operating policies, criteria, requirements and standards of NERC and the appropriate regional reliability council(s), and a commitment to comply with Commission regulations, DQE's OATT, and any supplier tariff.

9. The EGS' plan must contain a statement recognizing that violation of NERC and appropriate regional reliability council standards or the EGS' plan associated with its transactions may be grounds for increased financial security to be posted with DQE for ancillary services or the possible imposition of penalties in accordance with DLC's Commission approved Electric Generation Supplier Coordination Tariff.

10. Following the submission of the EGS Plans, DLC shall submit an advisory report to the Commission by May 1 & October 1 addressing in detail each EGS' Plan and, in particular, the viability of each EGS' proposed plan to meet its load obligations consistent with NERC and ECAR operating policies, criteria, requirements and standards.

11. Any EGS plan, DLC Advisory Report, or CEEP evaluation of an EGS Plan or DLC Advisory Report may contain suggestions for improvement including, but not limited to, proposed changes in scheduling or information deemed appropriate for Rule 4.19 matters.

Appendix II

EGS Plan Evaluation Procedures

1. After the EGSs file their entire Plan with the Commission, the EGS' Plan shall be assigned to CEEP and Law Bureau for evaluation. All plans and any other documents generated by this procedure, which contain information from an EGS Plan, shall be deemed proprietary and subject to a protective order issued by the Commission via Secretarial Letter prior to the submission of the first plans. All parties shall be afforded the opportunity to review and submit comments regarding the text of the proposed protective order prior to its issuance by the Commission. All entities receiving copies of the EGS Plans and any supporting documents, as well as any other documents generated by this process, which contain information from an EGS Plan, shall be deemed to have agreed to abide by the protective order and to maintain the Plan and all of its contents as proprietary.

2. DLC shall file its Advisory Report of any EGS' Plan to CEEP in accordance with the schedule that CEEP establishes.

3. All parties will be provided an opportunity to discuss any proposed changes to the plans. Following those discussions, CEEP will provide the EGS with a preliminary opinion of the 'technical fitness' of an EGS' Plan.

4. All parties shall be given the opportunity to discuss with CEEP its opinion and attempt to reach a consensus on any contested portions, prior to CEEP's issuance of its opinion on the technical fitness of the plan. If after such informal discussions CEEP issues its opinion and any

party objects to its contents, the party shall have the right to request that the matter be referred to an ALJ for review, and hearing, if appropriate.

5. The ALJ will issue an opinion after hearing as soon as possible. Any party may appeal the ALJ's determination to the full Commission for expedited review. All parties to proceedings before an ALJ shall have the opportunity to file exceptions and reply exceptions to the ALJ's determination. The hearing and exception process shall be conducted on an expedited basis by CEEP and Law Bureau.

6. If an EGS' Plan is found to be unacceptable or the discussions do not produce a Settlement, CEEP and the Law Bureau may recommend that if an EGS supply shortage causes a Shed Load situation, as defined in DLC's Supplier Tariff (and such supply shortage is not due to a Force Majeure, as defined in DLC's Supplier Tariff), the EGS shall be deemed to have failed to make "best efforts" to avoid the supply shortage and therefore will be subject to the \$1,000/Mwh penalty authorized by section 4.7(iv) of DLC's Supplier Tariff for any Shed Load associated with the EGS's non-delivery.

Such signed acknowledgment shall be served upon all other parties.

3. Proprietary Information shall be made available to the Commission and its Staff for use in this and any related proceeding and for all internal Commission analyses, studies or investigations related to the same. For purposes of filing, to the extent that Proprietary Information is placed in the Commission's report folders or files of the Commission or staff, such information shall be handled in accordance with routine Commission procedures for Proprietary Information inasmuch as the report folders are not subject to public disclosure. To the extent the Proprietary Information is placed in the Commission's testimony or document folders or comes to be provided to the Commission or staff, such information shall be separately bound, conspicuously marked and accompanied by a copy of this Order. Public inspection of the Proprietary Information shall be permitted only in accordance with this Protective Order.

4. Proprietary Information shall be made available to counsel for parties of record in this proceeding. Such counsel shall use or disclose the Proprietary Information only for purposes of discussion, analysis, preparing or presenting evidence, cross-examination or argument in this case. To the extent required for participation in this proceeding, a party's counsel may afford access to Proprietary Information made available by another party ("the producing party") to the party's experts provided such expert is expressly bound by the terms of this Proprietary Order. A "party's experts" include a party's internal experts, who will provide testimony, discussion, or analysis, in this case, and who is not otherwise involved in marketing directly to customers, unless waived by the party requesting this Protective Order, and who expressly agrees to use the Proprietary Information only for this proceeding. No other persons may have access to the Proprietary Information, except as authorized by Order of the Commission. No person, who may be entitled to receive or who is afforded access to any Proprietary Information, shall use or disclose such information for the purpose of business or competition, or any purpose other than the presentation for and conduct of discussion, analysis, or other action in this proceeding, or any administrative or judicial review thereof.

5. The producing parties shall designate data or documents as constituting or containing Proprietary Information by affixing an appropriate proprietary stamp or typewritten designation on all such data or documents. Where only part of a compilation or multi-page document constitutes or contains Proprietary Information, the producing party, insofar as reasonably practicable within discovery and other time constraints imposed in this proceeding, shall designate only the specific data or pages of the document, which constitute or contain proprietary information.

6. Any public reference to Proprietary Information by the Commission or by counsel or persons afforded access thereto shall be to the title or exhibit reference in sufficient detail to permit persons with access to the Proprietary Information to fully understand the reference

and not more. Proprietary Information shall remain a part of the record or discussion or analysis, to the extent admitted, for all purposes of administrative or judicial review.

7. Part of any record of this proceeding containing Proprietary Information, including but not limited to all exhibits, writings, direct testimony, cross-examination, argument and responses to discovery, and including reference thereto as mentioned in the above Ordering Paragraphs, shall be sealed for all purposes, including administrative and judicial review, unless such Proprietary Information is released from the restrictions of this Order, either through the agreement of the parties or pursuant to an Order of the Commission or subsequent court of review.

8. Parties affected by this Order shall retain the right to question or challenge the confidential or proprietary nature of Proprietary Information; to question or challenge the admissibility of Proprietary Information; to refuse or object to the production of Proprietary Information on any proper ground, including but not limited to irrelevance, immateriality or undue burden; and to seek additional measures of protection of Proprietary Information beyond those provided in this Order. If a challenge is made to the designation of a document or information as Proprietary, the party claiming that the information is proprietary retains the burden of demonstrating that the designation is necessary and appropriate.

9. Upon completion of this proceeding, including any administrative or judicial review, all copies of all documents and other materials, including notes, whether written or oral, which contain any Proprietary Information, shall be immediately returned to the party furnishing such Proprietary Information. This provision, however, shall not apply to the Commission or its Staff, the Office of Consumer Advocate, or any other party receiving the consent of the producing party.

10. All Requests for an elevated category of Proprietary Information termed "Highly Sensitive Proprietary Information" under this Protective Order is generally denied without prejudice. However, any party may apply for an amendment to this Protective Order, should it consider this Order insufficient to protect its interests in disclosing its competitive, proprietary and confidential information, or otherwise appeal directly to the Commission from an Order of Staff pursuant to Section 5.44 of the Commission's Rules of Practice and Procedure. In the meantime, further consideration may allow all parties sufficient time to discuss and consider how their respective interests may be protected by a less restrictive means of limitation, while according everyone a full and adequate opportunity to participate in the proceeding. See, 52 Pa. Code § 5.432(a). Should those discussions prove unavailing, an application to amend this Protective Order will allow the parties an opportunity to more fully explain their concerns and so enable a more meaningful review of those concerns before a ruling is issued thereto.

11. Any determination in regard to this Protective Order may be appealed directly to the Commission as an Order of Staff pursuant to Section 5.44 of the Commission's Rules of Practice and Procedure.
