READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Proposed Amendments to Pennsylvania Rules of Disciplinary Enforcement 102, 218 and 219 to Adopt New Terminology to Differentiate Between the Annual Attorney Registration Fees Paid by Active and Inactive Attorneys; and to Provide for the Assessment of a Paper Processing Fee When an Attorney Elects Not to File the Annual Fee Form Electronically, Beginning With the 2015-2016 Assessment Year

Notice of Proposed Rulemaking

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Pennsylvania Supreme Court that the Court amend Pennsylvania Rules of Disciplinary Enforcement 102, 218 and 219 as set forth in Annex A.

Charging attorneys an annual fee to assume or remain on inactive status went into effect beginning with the 2009-2010 assessment year. The annual fee for inactive status is less than the base annual fee assessed against active attorneys, and inactive attorneys are exempt from paying the additional annual fees imposed upon active attorneys by PA RPC 1.15(u), which assessment is for use by the IOLTA Board, and by Enforcement Rule 502(b), which assessment is for use by the Pennsylvania Lawyers Fund for Client Security. The Board believes that clarity would be added to the Enforcement Rules by adopting new terminology to describe and differentiate between the active fees and the inactive fee. To this end, the proposed amendments introduce the terms "active annual fee" and "inactive annual fee." Throughout the proposed Rules, annual "fee" is in the plural when necessary to reflect the combination of fees paid by active attorneys. A new Note after subdivision (a) of Rule 219 serves to explain the source of the fees assessed against active attorneys.

Through amendments to subdivisions (a) and (j)(1) of Rule 219, the Board is also proposing that a paper processing fee of \$25.00 be assessed against attorneys who elect not to file the annual fee form electronically; this assessment would begin with the 2015-2016 assessment year. The Attorney Registration Office (ARO) incurs significant costs both prior to and after the receipt, by mail or delivery in person to the ARO, of a completed annual fee form and the check or money order in payment of the annual fee. These costs, which include materials, labor and handling, are associated with the printing of the annual fee forms and of various documents that are instructional or informational in nature; purchasing envelopes, return envelopes, and postage; placing the annual fee forms and the various inserts into envelopes; maintaining a lockbox; scanning filed forms; negotiating the checks and money orders; and reviewing and rejecting forms that are incomplete or ineligible for processing. The ARO was responsible for the processing of 73,878 registrations during the 2011-2012 assessment year, 74,623 registrations during the 2012-2013 assess-

ment year, and 75,618 registrations for the 2013-2014 registration year as of January 28, 2014. A proposed amendment to Rule 219(a) reflects that the additional \$25.00 paper processing fee as well as the base annual fee paid by both active and inactive attorneys, will be used to defray the costs of registration of attorneys.

Electronic filing reduces the costs associated with attorney registration. The number of electronic filers, however, has not reached a point where the costs associated with the current volume of paper filings have been significantly reduced. When electronic filing first became available, which was during the 2011-2012 assessment year, only slightly more than 20% of registrants filed electronically. During the two subsequent registration periods, that number increased to roughly 28% and 31%, respectively.

A few states have instituted mandatory electronic filing, although a hardship exemption may be granted upon application. While the Board is of the view that mandatory electronic filing in Pennsylvania is on the horizon, the Board decided that it would be appropriate to preserve the *status quo* provided that the increased costs associated with maintaining the current paper system of registration are borne by those attorneys who register in paper form. Attorneys who wish to avoid the paper processing fee have the option of filing the annual fee form electronically and paying a nominal fee, which is currently \$2.75, to cover the cost of processing the electronic payment.

Attorneys who wish to take advantage of the convenience and benefits of electronic filing should do so timely, as electronic filing is no longer available after the Supreme Court enters an order administratively suspending the attorney pursuant to subdivision (f) of Rule 219. Under subdivisions (h) and (k) of Rule 219, administratively suspended attorneys who subsequently register as active or inactive must do so in paper form, thereby requiring the payment of the \$25.00 paper processing fee in addition to the applicable annual fee or fees and other assessments.

Interested persons are invited to submit written comments by mail, email, or facsimile regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, 601 Commonwealth Avenue, Suite 5600, PO Box 62625, Harrisburg, PA 17106-2625, Email address Dboard.comments@pacourts, Facsimile number (717-231-3382), on or before May 12, 2014.

Rule 219. Annual registration of attorneys.

(a) Every attorney admitted to practice law in this Commonwealth shall pay an **active** annual fee of \$130.00 and file the annual fee form provided for in this rule. **If an attorney elects not to file the form electronically, an additional \$25.00 paper processing fee shall be paid.** The **active annual fee and paper processing** fee shall be collected under the supervision of the Attorney Registration Office, which shall send or cause to be sent to every attorney, except an attorney who has elected to file the form electronically, the annual fee form. The Attorney Registration Office shall transmit to those attorneys who have elected to file the form electronically a notice by e-mail to register by July 1. Failure to receive the annual fee form by mail or electronically shall not excuse payment of the [fee] fees. The said [fee] fees shall be used to defray the costs of **registration of attorneys, and** disciplinary administration and enforcement under these rules, and for such other purposes as the Board shall, with the approval of the Supreme Court, from time to time determine.

Official Note: PA RPC 1.15(u) imposes an additional annual fee for use by the IOLTA Board, and Pa.R.D.E. 502(b) imposes an additional annual fee for use by the Pennsylvania Lawyers Fund for Client Security.

(b) The following shall be exempt from paying the **active** annual fee required by subdivision (a):

* * * * *

(d) On or before July 1 of each year all attorneys required by this rule to pay an annual fee shall file with the Attorney Registration Office a signed or electronically endorsed form prescribed by the Attorney Registration Office in accordance with the following procedures:

* * * * *

(2) Payment of the annual fee and **paper processing fee** shall accompany the form. IOLTA, trust, escrow and other fiduciary account checks tendered in payment of the [**annual fee**] **said fees** will not be accepted. If the form and payment are incomplete or if a check in payment of the [**annual fee**] **fees** has been returned to the Board unpaid, the annual fee and **paper processing fee** shall not be deemed to have been paid until a collection fee, and one or both of the late payment penalties prescribed in subdivision (f) of this rule if assessed, shall also have been paid. The amount of the collection [,] fee shall be established by the Board annually after giving due regard to the direct and indirect costs incurred by the Board during the preceding year for checks returned to the Board unpaid.

* * * * *

(e) Upon receipt of a form, or notice of change of information contained therein, filed by an attorney in accordance with the provisions of subdivision (d) of this rule, and of payment of the required [**annual fee**] **fees** to practice law in this Commonwealth, receipt thereof shall be acknowledged on a certificate or license.

(f) Any attorney who fails to complete registration by July 31 shall be automatically assessed a non-waivable late payment penalty established by the Board. A second, non-waivable late payment penalty established by the Board shall be automatically added to the delinquent account of any attorney who has failed to complete registration by August 31, at which time the continued failure to comply with this rule shall be deemed a request to be administratively suspended. Thereafter, the Attorney Registration Office shall certify to the Supreme Court the name of every attorney who has failed to comply with the registration and payment requirements of this rule, and the Supreme Court shall enter an order administratively suspending the attorney. The Chief Justice may delegate the processing and entry of orders under this subdivision to the Prothonotary. Upon entry of an order of administrative suspension, the Attorney Registration Office shall transmit by certified mail, addressed to the last known mailing address of the attorney, or by electronic means, the order of administrative suspension and a notice that the attorney shall comply with Enforcement Rule 217 (relating to formerly admitted attorneys), a copy of which shall be included with the notice.

For purposes of assessing the late payment penalties prescribed by this subdivision (f), registration shall not be deemed to be complete until the Attorney Registration Office receives a completed annual fee form and satisfactory payment of the annual fee and **paper processing fee**, and of all outstanding collection fees and late payment penalties. If a check in payment of the delinquency has been returned to the Board unpaid, a collection fee, as established by the Board under subdivision (d)(2) of this rule, shall be added to the attorney's delinquent account and registration shall not be deemed to be complete until the delinquent account has been paid in full.

The amount of the late payment penalties shall be established by the Board annually pursuant to the provisions of subdivision (h)(3) of this rule.

(g) The Attorney Registration Office shall provide to the Board [**secretary**] **Secretary** a copy of any certification filed by the Attorney Registration Office with the Supreme Court pursuant to the provisions of this rule.

(h) The procedure for reinstatement of an attorney who has been administratively suspended pursuant to subdivision (f) for three years or less is as follows:

(1) The formerly admitted attorney shall submit **by mail or delivery in person** to the Attorney Registration Office the form required by subdivision (d)(1) along with payment of:

(i) the current **active** annual fee **and the paper processing fee required by subdivision (a) of this rule;**

(ii) the **active** annual fee that was due in the year in which the attorney was administratively suspended;

(iii) the late payment penalties required by paragraph (3);

(iv) any unpaid collection fee; **and**

(v) a reinstatement fee of \$300.00.

* * * * *

(i) *Retired Status:* An attorney who has retired shall file with the Attorney Registration Office an application for retirement **or annual fee form, along with payment of any late payment penalties incurred.** Upon the transmission of such application from the Attorney Registration Office to the Supreme Court, the Court shall enter an order transferring the attorney to retired status, and the attorney shall no longer be eligible to practice law. The retired attorney will be relieved from the payment of the [**fee**] **fees** imposed by this rule upon active practitioners and Enforcement Rule 217 (relating to formerly admitted attorneys) shall not be applicable to the formerly admitted attorney unless ordered by the Court in connection with the entry of an order of suspension or disbarment under another provision of these rules. An attorney on retired status for three years or less may be reinstated in the same manner as an inactive attorney, except that the retired attorney shall pay the [**annual**] active **annual** fee for the three most recent years or such shorter period in which the attorney was on retired status instead of the amounts required to be paid by an inactive attorney seeking reinstatement. The Chief Justice may delegate the processing and entry of orders under this subdivision to the Prothonotary.

(j) *Inactive Status:* An attorney who is not engaged in practice in Pennsylvania, has sold his or her practice pursuant to Rule 1.17 of the Pennsylvania Rules of Professional Conduct, or is not required by virtue of his or her practice elsewhere to maintain active licensure in the Commonwealth may request inactive status or continue that status once assumed. The attorney shall be removed from the roll of those classified as active until and unless such inactive attorney makes a request under paragraph (2) of this subdivision (j) for an administrative return to active status and satisfies all conditions precedent to the grant of such request; or files a petition for reinstatement under subdivision (d) of Enforcement Rule 218 (relating to procedure for reinstatement of an attorney who has been on inactive status for more than three years, or who is on inactive status and had not been on active status at

any time within the prior three years) and is granted reinstatement pursuant to the provisions of that Enforcement Rule.

(1) An inactive attorney under this subdivision (j) shall continue to file the annual form required by subdivision (d) and shall pay an **inactive** annual fee of \$70.00. **If an attorney elects not to file the form electronically, an additional \$25.00 paper processing fee shall be paid.** Noncompliance with this provision will result in the inactive attorney incurring late payment penalties, incurring a collection fee for any check in payment that has been returned to the Board unpaid, and being placed on administrative suspension pursuant to and in accordance with the provisions of subdivision (f) of this rule.

(2) *Administrative Change in Status from Inactive Status to Active Status:* An attorney [**on inactive status may**] **who has registered as inactive under subsection (1) of this subdivision (j) may thereafter** request resumption of active status **before the end of the current assessment year** on a form provided by the Attorney Registration Office **for that particular purpose.** Resumption of active status shall be granted unless the inactive attorney is subject to an outstanding order of suspension or disbarment, unless the inactive attorney has sold his or her practice pursuant to Rule 1.17 of the Pennsylvania Rules of Professional Conduct (see Enforcement Rule 218(h)), unless the inactive status has been in effect for more than three years, or unless the inactive attorney had not been on active status at any time within the preceding three years (see Enforcement Rule 218(h)), upon the payment of:

(i) the active **annual** fee for the assessment year in which the application for resumption of active status is made or the difference between the active **annual** fee and the inactive **annual** fee that has been paid for that year; and

(ii) any collection fee or late payment penalty that may have been assessed pursuant to subdivision (f), prior to the inactive attorney's request for resumption of active status.

Where a check in payment of fees and penalties has been returned to the Board unpaid, the Attorney Registration Office shall immediately return the attorney to inactive status, and the arrears shall not be deemed to have been paid until a collection fee, as established by the Board under subdivision (d)(2), shall also have been paid.

Official Note: Subdivisions (h), (i) and (j) of this rule do not apply if, on the date of the filing of the request for reinstatement, the formerly admitted attorney has not been on active status at any time within the preceding three years. See Enforcement Rule 218(h)(1).

(k) *Administrative Change in Status From Administrative Suspension to Inactive Status:* An inactive attorney who has been administratively suspended for failure to file the annual form and pay the [**annual fee**] **fees** required by subdivision (j)(1) of this rule, may request an administrative change in status to inactive status. The Attorney Registration Office shall change the status of an attorney eligible for inactive status under this subdivision upon receipt of:

(1) the annual form required by subdivision (d);

(2) payment of the **inactive** annual fee **and the \$25.00 paper processing fee** required by subdivision (j)(1);

(3) payment of all collection fees and late payment penalties assessed under subdivisions (d)(2) and (f); and

(4) payment of an administrative processing fee of \$100.00.

Where a check in payment of the fees and penalties has been returned to the Board unpaid, the Attorney Registration Office shall immediately return the attorney to administrative suspension, and the arrears shall not be deemed to have been paid until a collection fee, as established by the Board under subdivision (d)(2), shall also have been paid.

An active attorney who has been administratively suspended for failure to file the annual form and pay the active annual fee required by this rule must comply with subdivision (h) before becoming eligible to register as inactive or retired.

* * * * *

(n) A former or retired justice or judge who is not the subject of an outstanding order of discipline affecting his or her right to practice law and who wishes to resume the practice of law shall file with the Attorney Registration Office a notice in writing to that effect. The notice shall:

* * * * *

(iii) be accompanied by payment of the [full] active annual fee for the assessment year in which the notice is filed.

“Placement facility” is not to include any county jail, state prison, penal institution, or other facility used primarily for the execution of sentences of adults convicted of a crime. See 42 Pa.C.S. § 6352(b) for disposition of a delinquent juvenile. [**However, nothing in this rule precludes an adult from being sentenced to a county jail in a contempt proceeding. For example, if a juvenile failed to appear for a juvenile court hearing when summoned and is now eighteen years of age or older, the court may proceed with a contempt hearing and order detention in a county jail.**]

EXPLANATORY REPORT

March 2014

The Supreme Court of Pennsylvania has adopted the proposed changes to Rule 120. The changes are effective immediately.

This rule change was prompted by concerns brought to the Committee’s attention by the Juvenile Court Judges’ Commission (JCJC) regarding the implications of the recent modifications to Pa.R.J.C.P. 120 Comment and its possible unintended results.

The portion of the Comment, which is causing concern is under the term “placement facility,” and provides, “However, nothing in this rule precludes an adult from being sentenced to a county jail in a contempt proceeding. For example, if a juvenile failed to appear for a juvenile court hearing when summoned and is now eighteen years of age or older, the court may proceed with a contempt hearing and order detention in a county jail.”

The intent of the Rule is for juveniles, who are under the juvenile court jurisdiction vested through the Juvenile Act, 42 Pa.C.S. § 6301 *et seq.*, to be placed in detention or placement facilities with juveniles and not to be detained in jails or holding cells with adults. This includes juveniles over the age of eighteen who are still under juvenile court jurisdiction.

Some judicial districts are reclassifying probation violation or bench warrant hearings as contempt of court hearings to justify detention in a county jail. This clearly was not the intent of the Rule modification.

Because the Comment is causing confusion in many judicial districts, the Comment is being deleted.

ACCELERATED REHABILITATIVE DISPOSITION PROGRAM ADMINISTRATIVE GUIDELINES

Explanation of the Program:

The primary purpose of the Accelerated Rehabilitative Disposition (ARD) Program is to promptly dispose of charges and to eliminate the need for costly and time-consuming trials and other court proceedings. This program is available to certain carefully screened defendants. It is designed primarily for first-time offenders who lend themselves to treatment and rehabilitation and who are unlikely to commit another crime. The District Attorney’s Office of Delaware County, upon application of a defendant, may request the Court of Common Pleas of Delaware County to accept a case for placement in the Program.

A defendant may be considered for participation in the ARD Program if the defendant has no history of prior delinquency or criminal activity or has led a law-abiding life for a substantial period of time before the commission of the present crime. Prior to the District Attorney’s request for admission into the program, the police officer involved with the case will have an opportunity to offer comments on whether the defendant should be considered for the program. The victim of the crime will also have the opportunity to offer comments to the District Attorney. This opportunity will include the submission of a written victim impact statement detailing the physical, psychological and economic effects of the crime on the victim and the victim’s family. The District Attorney’s Office may also determine that there are other circumstances concerning the case or the defendant which disqualify the defendant from participation in the ARD Program. There is no right to participate in the ARD Program. Eligibility is determined on a case-by-case basis and is solely within the discretion of the District Attorney.

Acceptance into and satisfactory completion of the ARD Program offers the defendant an opportunity to earn a

dismissal and potentially a purging of the offense from his/her criminal history. This procedure must be initiated by the defendant after the defendant’s successful completion of the ARD Program and does not automatically occur merely upon a defendant’s placement into, and successful completion of, the Program. Failure to satisfactorily complete the Program will result in removal from the Program and prosecution of the pending charges.

REQUIREMENTS FOR ALL ARD CANDIDATES

THE APPLICANT MUST HAVE AN ATTORNEY

No application for admission to the ARD Program will be considered unless the defendant is represented by an attorney. This is required in order to assure that the applicant’s rights are protected. If the applicant is without adequate financial resources to retain an attorney, the applicant should immediately contact the Office of the Public Defender of Delaware County at (610) 891-4100.

THE APPLICANT MUST WAIVE ARRAIGNMENT

In order to be considered for admission into the ARD Program, the applicant and the attorney must complete the Entry of Appearance and Waiver of Arraignment Form, except for the Common Pleas Transcript Number. The Magisterial District Judge docket number and Common Pleas arraignment date are stated on the Subpoena for Arraignment form which is received from the District Court. THE ENTRY OF APPEARANCE AND WAIVER OF ARRAIGNMENT FORM, ARD RULE 600 WAIVER FORM AND THE ARD APPLICATION FORM MAY BE COMPLETED AND DOWNLOADED FROM THE DELAWARE COUNTY COURT OF COMMON PLEAS WEB SITE OR PROVIDED TO YOU BY THE MAGISTERIAL DISTRICT JUDGE.

THE APPLICANT MUST BE FINGERPRINTED

The name of the fingerprinting agency and the date the applicant was fingerprinted must be stated on the Entry of Appearance and Waiver of Arraignment Form. If the applicant has not been fingerprinted, s/he must be fingerprinted by the arresting agency. The applicant must take a copy of the Criminal Complaint in order to be fingerprinted.

CONDITIONS OF THE PROGRAM

The length of participation in the Program may not exceed two years. Failure to comply with any requirement imposed shall result in immediate removal from the Program and the case shall proceed to trial. An important part of the ARD Program is the requirement that a defendant perform community service. The number of hours of community service will be determined by the District Attorney’s Office. Additional conditions may be imposed before acceptance into the Program, including but not limited to, restitution. You must pay all restitution deemed appropriate to your case by the District Attorney’s Office or you will be removed from the Program.

COSTS FOR ALL ARD CANDIDATES

The defendant must be prepared to pay the costs of the Program on the day of the ARD hearing unless there has been an agreement to the contrary with the District Attorney’s Office prior to the hearing date.

The costs of the program alone are APPROXIMATELY \$1200.00 for Non-DUI cases and APPROXIMATELY \$1400.00 for DUI cases. In addition, state law mandates payment of a monthly probation supervisory fee. SCHUYLKILL COUNTY

Administrative Order

And Now, this 5th day of March, 2014, at 10:00 a.m., *It Is Hereby Ordered*, that the Schuylkill County Residential Mortgage Foreclosure Diversion Program, Section V, is revised and shall be effective 30 days after publication in the *Pennsylvania Bulletin*.

II. Upon the filing of a complaint in a residential mortgage foreclosure action, the Prothonotary shall provide a copy of the Mortgage Foreclosure Diversion Program "Urgent Notice" to the plaintiff or counsel for plaintiff. (Attachment B—"Urgent Notice"). The plaintiff shall serve a copy of the "Urgent Notice" along with the complaint on the defendant[s] in accordance with the Pennsylvania Rules of Civil Procedure.

III. Plaintiff shall file a Certificate of Service stating that the complaint, Certification Cover Sheet and "Urgent Notice" were served upon the defendant[s].

IV. Service of the complaint, Certification Cover Sheet, and "Urgent Notice" upon the defendant[s] shall result in an automatic stay of any further proceedings, such as the filing of an answer or the filing for a default judgment, for ninety (90) days from the date of service.

V. Within seven (7) days following service of the complaint and "Urgent Notice," the defendant[s] shall contact Schuylkill Community Action to schedule an appointment for an intake meeting with the Housing Counselor. The intake meeting shall occur within fourteen (14) days of the initial contact. The defendant[s] shall bring to the meeting and provide to the Housing Counselor all requested financial and employment information to enable the Housing Counselor to draft a written Mortgage Modification Plan.

At the completion of the intake meeting, the Housing Counselor shall provide the defendant[s] a Certification of Participation and assist the defendant[s] in serving the Certification on the plaintiff. If the plaintiff does not receive a Certification of Participation within thirty (30) days following service of the complaint and "Urgent Notice," the plaintiff may petition the Court, after notice to the defendant[s], to lift the stay.

Within forty-five (45) days of the intake meeting, the Housing Counselor shall submit to the plaintiff or the plaintiff's representative a Mortgage Modification Plan or a statement that the Housing Counselor was unable to develop a plan. If no plan is submitted, the plaintiff may immediately petition the Court, after notice to the defendant[s], to lift the stay. If a plan is submitted, the Housing Counselor shall attempt to negotiate a resolution of the default with the plaintiff's representative. If the plaintiff's representative fails to participate in negotiations with the Housing Counselor, the Housing Counselor may assist the defendant[s] in petitioning the Court, after notice to the plaintiff, to extend the stay until negotiations occur. Attachment D, the Request for Extension of Stay Form, should be completed and filed in the Prothonotary's Office.

If an agreement is reached through negotiations, the plaintiff's representative shall prepare any documents necessary to implement the agreement and withdraw the complaint. If no agreement is reached through negotiations, the Housing Counselor shall complete the Request for a Court Supervised Conciliation Conference (Attachment E) and forward it to the Court Administrator. The defendant[s] shall indicate on the Request if the assistance of a Schuylkill County pro bono Attorney to serve as a neutral facilitator at the Conciliation Conference is being requested.

The primary role of the pro bono Attorney will be to facilitate the negotiations at the Conciliation Conference between the Housing Counselor, the defendant[s], and plaintiff's representative. The pro bono Attorney shall not be required to file an entry of appearance and the Conciliation Conference is the only proceeding that he/she

is required to attend. Once a pro bono Attorney has agreed to participate and assist the defendant[s] at the Conciliation Conference, the Mortgage Modification Plan will be immediately provided to that Attorney.

VI. At the conclusion of the Conciliation Conference, the Court may order that the stay be lifted, that the stay be continued for a reasonable time to allow for further voluntary negotiations and/or the preparation and execution of documents to implement any agreement or any other action the Court deems appropriate.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 135]

Corrective Amendment to 58 Pa. Code § 135.41

The Game Commission has discovered a discrepancy between the agency text of 58 Pa. Code § 135.41 (relating to State game lands) as deposited with the Legislative Reference Bureau and the official text as published at 44 Pa.B. 1429 (March 15, 2014). The amendment to 58 Pa. Code § 135.41 was adopted as proposed. In the proposed rulemaking published at 43 Pa.B. 7443 (December 21, 2013), ellipses were not shown following 58 Pa. Code § 135.41(a)(2).

Therefore, under 45 Pa.C.S. § 901: The Game Commission has deposited with the Legislative Reference Bureau a corrective amendment to 58 Pa. Code § 135.41. The corrective amendment to 58 Pa. Code § 135.41 is effective as of March 15, 2014, the effective date of adoption of the final-form rulemaking amending this section.

The correct version of 58 Pa. Code § 135.41 appears in Annex A.

Annex A

PART III. GAME COMMISSION

CHAPTER 135. LANDS AND BUILDINGS

Subchapter C. STATE GAME LANDS

§ 135.41. State game lands.

(a) *Restrictions limited.* The following exceptions to § 135.2 (relating to unlawful actions) pertain to lands and waters designated as State game lands:

(1) Mushrooms and fruits of berry-producing plants may be picked.

(2) Small open fires for cooking or warming purposes may be kindled, used and maintained by persons exercising the privileges of a valid hunting, furtaking or fishing license and through hikers within the corridor of the Appalachian Trail as is defined in § 135.42 (relating to Appalachian Trail). This exception to the prohibition on fires in § 135.2(8) is applicable only when the small fires are located at places where adequate precautions are taken to prevent the spread of fire and the small fires are attended at all times and completely extinguished before leaving the sites of the fires. This exception does not apply when the fire index rating used by the Department of Conservation and Natural Resources is high, very high or extreme for that area. A person causing a wildfire, in addition to possible criminal penalty, is liable for all damages, cost of extinguishing and fines.

(3) Snowmobiles, as defined in 75 Pa.C.S. § 7702 (relating to definitions) may be driven beginning on the third Sunday in January through April 1 on designated areas, roads and trails marked with appropriate signs, so long as snowmobiles are registered and display valid registration decal as required under 75 Pa.C.S. §§ 7711.1 and 7711.2 (relating to registration of snowmobile or ATV; and limited registration of snowmobile or ATV).

(b) *Closure of game lands.*

(1) When the threat of forest fires exists, the Director has emergency authority to restrict the use of smoking materials on State game lands or to close State game lands to hunting, trapping, fishing, recreational use and other activity which may be or become detrimental to those lands or the flora or fauna thereon until the Director removes the restrictions. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Envi- ronmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environ-
 mental Remediation Standards Act (act) (35 P.S.
 §§ 6026.302—6026.305) require the Department to pub-
 lish in the *Pennsylvania Bulletin* an acknowledgment
 noting receipt of Notices of Intent to Remediate. An
 acknowledgment of the receipt of a Notice of Intent to
 Remediate is used to identify a site where a person
 proposes to, or has been required to, respond to a release
 of a regulated substance at a site. A person intending to
 use the background standard, Statewide health standard,
 the site-specific standard or intend to remediate a site as
 a special industrial area shall file a Notice of Intent to
 Remediate with the Department. A Notice of Intent to
 Remediate filed with the Department provides a brief
 description of the location of the site, a list of known or
 suspected contaminants at the site, the proposed remedia-
 tion measures for the site and a description of the
 intended future use of the site. A person who demon-
 strates attainment of one or a combination of cleanup
 standards or receives approval of a special industrial area
 remediation identified under the act will be relieved of
 further liability for the remediation of the site for con-
 tamination identified in reports submitted to and ap-
 proved by the Department. Furthermore, the person shall
 not be subject to citizen suits or other contribution
 actions brought by responsible persons not participating
 in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act,
 there is a 30-day public and municipal comment period
 for sites proposed for remediation using a site-specific
 standard, in whole or in part, and for sites remediated as
 a special industrial area. This period begins when a

summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

14-00002P: Graymont (PA) Inc. (965 East College Avenue, Pleasant Gap, PA 16823-6823) has submitted an application to the Pennsylvania Department of Environ-

mental Protection for plan approval for the proposed modifications to the Kiln No. 8 Project. The Kiln No. 8 Project is located at the Pleasant Gap facility in Spring Township, **Centre County**. On November 19, 2012, Graymont was given authorization to construct the Kiln No. 8 Project through the issuance of Plan Approval 14-00002N. Subsequent to the issuance of 14-00002N, Graymont determined the need to modify portions of the proposed operations for the project. Most of the proposed modifications pertain to the material handling, processing and storage of limestone and lime. There was a change to the quantity of engine generators for the project. Moreover, the design of the proposed kiln's exhaust was altered to incorporate quench air for exhaust cooling purposes. The existing BACT, MACT and BAT requirements with respect to the proposed kiln and processed stone handling that were established in 14-00002N remain in effect and are unchanged as a result of the proposed modification. Additionally, Graymont maintains compliance with the Plantwide Applicability Limit (PAL) established in 14-00002N for sulfur dioxide emissions. No change to the PAL was required due to this application. The proposed modifications result in changes to the project emissions as follows.

For CO and NO_x (and NO₂), the emissions change compared to the project's previous potential emission levels decrease by 0.7 tpy. For GHG emissions, the emissions change compared to the project's previous potential emission levels decrease by 124 tpy as CO₂e. For particulate matter, PM₋₁₀, and PM_{2.5}, the emissions change compared to the project's previous potential emission levels increase by 0.2 tpy, 0.2 tpy, and 0.3 tpy, respectively. The Department has determined that the proposed increases satisfy the Department's BAT requirements. The proposed modifications are subject to the National Standards of Performance for Nonmetallic Mineral Processing Plants that is codified in 40 CFR Part 60 Subpart OOO as applicable to the new/modified limestone processing sources as well as the National Standards of Performance for Stationary Compression Ignition Internal Combustion Engines that is codified in 40 CFR Part 60 Subpart IIII and the National Emission Standards of Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines that is codified 40 CFR Part 63 Subpart ZZZZ as applicable to the proposed diesel-fired engine. The project previously was authorized to include 100 kW and 500 kW diesel-fired engine generators. The proposed modification replaces these generators with a diesel-fired engine generator rated for 65 kW. The Department has determined that the proposed modifications satisfy all applicable requirements from Article III of the Rules and Regulation of the Department of Environmental Protection.

The Department's review of the information submitted by Graymont indicates that the proposed sources (and associated control devices) for the proposed modification will meet all applicable air quality regulatory requirements pertaining to air contamination sources and the emission of air contaminants, including the Department's BAT requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department intends to approve the application and issue a plan approval for the proposed modification for the Kiln No. 8 Project. The facility is a major (Title V) facility. Additionally, the conditions established in the plan approval will be incorporated into Title V Operating Permit 14-00002 by means of an administrative amendment pursuant to 25 Pa. Code § 127.450, if the Department determines that the sources are operating in compliance with all plan approval condi-

tions. The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued in order to ensure that the proposed modification will be in compliance with all applicable air quality regulatory requirements:

1. (a) This plan approval is granted for the use of ERCs according to 25 Pa. Code § 127.208(2).

(b) On June 6, 2013, the Department transferred NO_x credits to Graymont (PA), Inc. in the amount of 213 tpy from the Department's ERC registry. The NO_x credits were acquired from the American Video Glass LLC (Sony Electronics Inc.), Mt. Pleasant Plant in Westmoreland County.

(c) This plan approval authorizes the permittee to use 212 tpy of the acquired NO_x credits for offsetting purposes for the Kiln No. 8 Project. The amount of NO_x credits as determined by 25 Pa. Code § 127.203a(2)(i), satisfies the requirements at 25 Pa. Code §§ 127.205(3) and 127.210. The approval to use the portion of the acquired NO_x credits for the Kiln No. 8 Project satisfies the requirements at 25 Pa. Code §§ 127.208(2), 127.208(9) and 127.209(c).

(d) The 10-year expiration date for the acquired NO_x credits is April 30, 2016. Upon issuance of this plan approval, the acquired NO_x credits are no longer subject to expiration under 25 Pa. Code § 127.206(f), except as specified in 25 Pa. Code § 127.206(g). In accordance with § 127.206(g), the 10 year expiration date for the acquired NO_x credits or portion of the acquired NO_x credits shall not be extended, if the acquired NO_x credits or any portion of the acquired NO_x credits specified in this plan approval are not used and subsequently reentered into the ERC registry.

This project will not increase the number of engines tested. This project will not result in an emission increase. This Plan Approval will contain emission restriction, testing, recordkeeping, work practice standard and additional requirement conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology (BAT) for the source including, but are not limited to, the following:

- This plan approval replaces conditions from plan approval 25-025Q issued on May 11, 2011.
- Test cells subject to 40 CFR 63 Subpart P. The following air contaminant emission limits are approved for the 4 engine test cells (Source 359, 361, 364, & 365) located in Building 4E and area 10-K, combined.

Code § 127.463 (Operating permit revisions to incorporate applicable standards). The permit expires September 30, 2016. The boilers and process heaters (except boiler #5 and the crude unit heater) are subject to the tune-up and energy assessment work practice standards of Subpart DDDDD. The boiler #5 is a coat fired boiler which will be replaced and the permit includes milestones for the extension of the Boiler MACT for that source. The crude unit heater is subject to emission limits, testing, fuel analysis, monitoring requirements, recordkeeping requirements, reporting requirements, work practice standards, additional requirements, and operating limits identified in Subpart DDDDD.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

| <i>Parameter</i> | <i>30-Day Average</i> | <i>Daily Maximum</i> | <i>Instantaneous Maximum</i> |
|----------------------------------|---------------------------|---------------------------------|----------------------------------|
| Iron (Total) | 3.0 mg/l | 6.0 mg/l | 7.0 mg/l |
| Manganese (Total) | 2.0 mg/l | 4.0 mg/l | 5.0 mg/l |
| Suspended solids | 35 mg/l | 70 mg/l | 90 mg/l |
| pH* | | greater than 6.0; less than 9.0 | |
| Alkalinity greater than acidity* | | | |

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

| <i>Parameter</i> | <i>30-day Average</i> | <i>Daily Maximum</i> | <i>Instantaneous Maximum</i> |
|-------------------------------|---------------------------|---------------------------------|----------------------------------|
| Suspended solids | 35 mg/l | 70 mg/l | 90 mg/l |
| Alkalinity exceeding acidity* | | | |
| pH* | | greater than 6.0; less than 9.0 | |

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania*

Bulletin and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

The permittee must operate and maintain stationary CI ICE that achieves the emission standards as required in 40 CFR 60.4205 over the entire life of the engine.

Fuel Restriction

40 CFR Part 60 Standards of Performance for New Stationary Sources 40 CFR 60.4207

Beginning October 1, 2010, the permittee must use diesel fuel that meets the requirements of 40 CFR 80.510(b) for nonroad diesel fuel, except that any existing diesel fuel purchased (or otherwise obtained) prior to October 1, 2010, may be used until depleted.

Recordkeeping Requirements

40 CFR Part 60 Standards of Performance for New Stationary Sources 40 CFR 60.4214

The permittee must record the time of operation of the engine(s) and the reason the engine was in operation during that time each time the engine was operated.

Work Practice Requirements

40 CFR Part 60 Standards of Performance for New Stationary Sources 40 CFR 60.4211

(a) The permittee must

(1) Operate and maintain the stationary CI internal combustion engine according to the manufacturer's emission-related written instructions;

(2) Change only those emission-related settings that are permitted by the manufacturer; and

(3) Meet the requirements of 40 CFR 89.112.

(b) The permittee must comply by purchasing an engine certified to the emission standards in 40 CFR 60.4205(b) for the same model year and maximum engine power. The engine must be installed and configured according to the manufacturer's emission-related specifications.

(c) The permittee must operate the emergency stationary ICE according to the requirements in paragraphs (c)(1) through (3) below. In order for the engine to be considered an emergency stationary ICE under this subpart, any operation other than emergency operation, maintenance and testing, emergency demand response, and operation in non-emergency situations for 50 hours per year, as described in paragraphs (c)(1) through (3) below, is prohibited. If the engine is not operated according to the requirements in paragraphs (c)(1) through (3) below, the engine will not be considered an emergency engine and must meet all requirements for non-emergency engines in 40 CFR 60 Subpart IIII.

(1) There is no time limit on the use of emergency stationary ICE in emergency situations.

(2) The permittee may operate the emergency stationary ICE for any combination of the purposes specified in paragraphs (c)(2)(i) below for a maximum of 100 hours per calendar year. Any operation for non-emergency situations as allowed by paragraph (c)(3) below counts as part of the 100 hours per calendar year allowed by this paragraph (c)(2).

(i) Emergency stationary ICE may be operated for maintenance checks and readiness testing, provided that the tests are recommended by Federal, State or local government, the manufacturer, the vendor, the regional transmission organization or equivalent balancing authority and transmission operator, or the insurance company associated with the engine. The permittee may petition the Administrator for approval of additional hours to be used for maintenance checks and readiness testing, but a petition is not required if the permittee maintains records indicating that federal, state, or local standards require maintenance and testing of emergency ICE beyond 100 hours per calendar year.

(3) Emergency stationary ICE may be operated for up to 50 hours per calendar year in non-emergency situations. The 50 hours of operation in non-emergency situations are counted as part of the 100 hours per calendar year for maintenance and testing and emergency demand response provided in paragraph (c)(2) above. The 50 hours per calendar year for non-emergency situations cannot be used for peak shaving or non-emergency demand response, or to generate income for a facility to an electric grid or otherwise supply power as part of a financial arrangement with another entity.

(209 Brower Avenue, Oaks, PA 19456) on March 13, 2014, to install a new 10-station flexographic printing press at its Oaks facility in Upper Providence Township, **Montgomery County**. This facility is a minor facility. The facility wide VOC emissions will stay below 25 tons per year. The combined HAP emissions will be below 25 tons per year. Each HAP emissions will stay below 10 tons per year. The Plan Approval and Operating Permit will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

46-0282: Titan International, Inc. (700 Queen Street, Pottstown, PA 19464) on March 13, 2014, to install two (2) batch reactor tanks, two (2) natural gas cooking kettles, and related metal recovery equipment, including fume scrubbers, at a new facility in Pottstown Borough, **Montgomery County**. The modification is to correct the source level testing condition for Source ID 101 (Reactor Tank DT1) and Source ID 102 (Reactor Tank DT2) to state testing shall be performed within 180 days of completion of construction of all sources listed in the plan approval. The associated technical review memo correctly stated testing to be performed within 180 days of construction; however the plan approval incorrectly stated testing to be performed within 180 days of plan approval issuance. The minor modification corrects this error. There are no other changes in the plan approval. Facility-wide potential to emit for all criteria pollutants is below major facility thresholds for the Philadelphia Consolidated Metropolitan Statistical Area. The plant is therefore a Natural Minor Facility. The plan approval will include monitoring, testing, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

23-00029: Upper Darby School District (8201 N Lansdowne Ave, Upper Darby, PA 19082) on March 13, 2014, for the Upper Darby High School located in Upper Darby Township, **Delaware County**. The renewal permit is for a non-Title V (State only) facility. Air emissions sources at the facility include three dual fuel fired (natural gas/No. 2 fuel oil) boilers (16 MMBtu/hr each), a natural gas fired chiller (8.1 MMBtu/hr), and 4 emergency generators (3 natural gas fired, 1 #2 fuel oil fired), ranging in capacity of 15–375 kilowatts. Each boiler is equipped with Low NO_x (nitrogen oxides) Burners and Flue Gas Recirculation. The boilers are the major emission source. With the Operating Permit renewal, the following emissions limitations per 12-month rolling period, are revised using updated emissions factors: NO_x reduction to 1.7 tons/year and carbon monoxide (CO) increase to 1.27 tons/year. Limits for the boilers for particulate matter and volatile organic compounds (VOC) remain at 0.28 ton/year and 0.08 ton/year respectively. The facility has taken a restriction to operate the boilers as gas fired boilers, pursuant to 40 CFR Section 63.11237 thereby avoiding applicability of 40 CFR Part 63 Subpart JJJJJ, National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources. The facility has also taken a restriction to operate the emergency generators in conformance with the exemption criteria for 40 CFR Part 63 Subpart ZZZZ, National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines. The operating permit will include monitoring and recordkeeping requirements designed to keep the facility operating within all applicable air quality requirements.

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Final Technical Guidance—Substantive Revision

DEP ID: 263-0900-011. Title: Storage Tank Modification and Maintenance Issues. Description: This technical guidance document primarily assists certified tank installers in determining what constitutes modification and maintenance activities. The Definitions section in the document was revised to be consistent with the regulatory language and edited for clarity. Several definitions contained in regulation were added to the document (Containment Structure or Facility, Emergency Containment and Excavation Zone). Lastly, the definitions were ordered alphabetically. In the Technical Guidance section of the document, regulatory text was added for additional guidance on tank handling activity, conflict of interest, under dispenser containment and report submission deadlines. Diagrams were also repositioned and several recommended practice documents are now mentioned. Changes

to the Examples section include adding definitions for major and minor modification, revising language in existing examples to aid in clarity and deleting outdated terminology or terms. Finally, several specific examples of what are considered Major Modification, Minor Modification and Maintenance Activities were added or updated, or both. Minor revisions to the document were made in response to public comments received.

Rates to be Used for Calculating Long-Term Operation and Maintenance Cost Bonds for Water Supply Replacement-Mining Operations

The Department of Environmental Protection (Department) announces the rates to be used to calculate bond amounts for water supply replacement operation and maintenance costs for anthracite and bituminous coal and industrial mineral mining operations. The authority for bonding mining operations is found under The Clean Streams Law (35 P. S. §§ 691.1—691.1001), the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19b), the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66), The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21), the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326) and the regulations promulgated thereunder at 25 Pa. Code Chapters 77 and 86 (relating to noncoal mining; and surface and underground coal mining; general).

The rates are used in calculating the water supply operation and maintenance bond amounts for replacement water supplies affected by activities at mining operations including surface mines, coal refuse disposal sites, coal refuse reprocessing sites, coal processing facilities, underground coal mining operations and industrial mineral surface mines. The procedures for calculating water supply operation and maintenance bonds are described in technical guidance 562-4000-102, “Increased Operation and Maintenance Costs of Replacement Water Supplies,” which is available on the Department’s eLibrary web site at www.elibrary.dep.state.pa.us.

The Department may review the adequacy of bonds on existing permits at any time. The Department will conduct these reviews before issuing permit renewals. The Department may conduct similar reviews at the mid-term of a permit and before approving a permit revision.

Rates

The Department calculated the rate of inflation and rate of return using 5-year averages. For the rate of inflation, the Consumer Price Index (Northeast Urban) from the United States Department of Labor, Bureau of Labor Statistics, was averaged for the calendar years 2009-2013, resulting in a rate of 1.67%. For the rate of return, the interest rate for the 20-year Treasury bill as reported by the Federal Reserve was averaged for the calendar years 2009-2013 resulting in a rate of 3.484%.

For background information and supporting documentation regarding the rates, contact the Bureau of Mining Programs, Division of Permitting and Compliance, P. O. Box 8461, Harrisburg, PA 17105-8461, (717) 787-5103.

Effective Date

The rates in this notice will become effective on April 1, 2014. They will remain in effect until new rates are published. It is anticipated that these new rates will be published in February 2015 to be effective April 1, 2015.

DEPARTMENT OF PUBLIC WELFARE

Medical Assistance Program Fee Increase for Select Primary Care Services

The Department of Public Welfare (Department) is announcing the methodology for determining the calendar year 2014 fees for payments for specified primary care services for physicians qualified to receive increased fees.

Background

Section 1202 of the Patient Protection and Affordable Care Act (Pub. L. No. 111-148), as amended by the Health Care and Education Reconciliation Act of 2010 (Pub. L. No. 111-152) (collectively ACA), requires state Medicaid programs to pay increased fees to qualifying physicians that are no less than the Medicare rates in effect in calendar years (CY) 2013 and 2014 or, if greater, the rates that would be applicable in those CYs using the CY 2009 Medicare physician fee schedule (MPFS) conversion factor

(CF). The Department paid the increased fees in CY 2013 and will continue to pay the increased fee in CY 2014.

As set forth in 43 Pa.B. 105 (January 5, 2013), states are required to increase fees for certain evaluation and management (E&M) and vaccine administration procedure codes to the extent covered by the state when furnished by a physician or under the personal supervision of a physician with a specialty designation of family medicine, general internal medicine or pediatric medicine. To qualify for the increased fees, physicians must have a specialty designation of family medicine, general medicine or pediatric medicine recognized by the American Board of Physician Specialties, the American Board of Medical Specialties or the American Osteopathic Association and have self-attested to board certification or meeting the 60% billing threshold for the certain primary care services.

The fee increase applies to qualified physicians in the previously-stated specialties or subspecialties rendering primary care services to Medicaid beneficiaries in the Medical Assistance (MA) Program's fee-for-service and managed care delivery systems. Qualified physicians rendering services to non-Medicaid beneficiaries, such as General Assistance MA beneficiaries and physicians rendering services who do not qualify for the primary care fee increase, will be paid the current MA Program Fee Schedule rate.

The Centers for Medicare and Medicaid Services (CMS), through enhanced Federal Medical Assistance Percentage (FMAP), will pay 100% of the rate in excess of the MA rate for the specified E&M and vaccine administration procedure codes in effect on July 1, 2009, for dates of service on January 1, 2013, through and including December 31, 2014. On January 1, 2015, the Department will revert back to paying the rates for the specified procedure codes listed on the MA Program Fee Schedule as of December 31, 2012.

Discussion

The Federal implementing regulation in 42 CFR 447.405 (relating to amount of required minimum payments) requires states to use the Medicare CF in effect at the beginning of CY 2014, or the CY 2009 CF, if higher, to calculate the fee increase. As the CY 2009 CF is higher than the CY 2014 CF, the revised fees (referred to as follows as computed fees) will be calculated by adjusting the 2014 MPFS to reflect the higher CY 2009 CF, using the following formula:

$$\text{Computed fee} = (\text{CY 2014 MPFS}) \div (\text{CY 2014 CF}) \times (\text{CY 2009 CF})$$

(Note: This formula is used to substitute the 2014 CF for the 2009 CF.)

CMS established two geographic location variations in this Commonwealth for purposes of Medicare payment. Pennsylvania Geographic Practice Cost Index (GPCI) 01 consists of Philadelphia, Bucks, Chester, Delaware and Montgomery Counties; GPCI 99 consists of the remaining 62 counties in this Commonwealth. In accordance with the requirements in 42 CFR 447.405, the Department will continue to pay the mean over all counties of the rate for each procedure code calculated as follows.

$$(5 \times \text{GPCI 01 rate} + 62 \times \text{GPCI 99 rate}) / 67$$

The Department will continue to pay qualifying physicians an enhanced rate of \$23.14 per vaccine administration.

Qualifying physicians will initially be paid using the current 2013 increased primary care services fees. The Department anticipates that the system changes necessary to make payments at the 2014 rate will be completed in April. Qualifying physicians who submitted their self-attestation to the Department by December 31, 2013, will be paid the increased fee retroactive to January 1, 2014. Qualifying physicians who submit their self-attestation to the Department on or after January 1, 2014, will be paid the increased fee for dates of service beginning with the date the self-attestation is received by the Department.

The Department will issue a MA Bulletin to provide the specified primary care services procedure codes and the corresponding primary care mean Statewide fees for CY 2014 to physicians and will post the codes and fees on the Department's ACA Physician Fee Increases for Primary Care Services web site.

Fiscal Impact

Due to the availability of 100% FMAP for these primary care services, the Department projects no fiscal impact in CY 2014.

INDEPENDENT REGULATORY REVIEW COMMISSION

Action Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10 a.m., Thursday, February 27, 2014, and announced the following:

Action Taken—Regulation Disapproved:

Department of Labor and Industry #12-91: Prohibition of Excessive Overtime in Health Care Act Regulations (amends 34 Pa. Code by adding Chapter 225)

Disapproval Order

Public Meeting Held
February 27, 2014

Commissioners Voting: John F. Mizner, Esq., Chairperson; George D. Bedwick, Vice Chairperson; W. Russell Faber; Lawrence J. Tabas, Esq.; Dennis A. Watson, Esq.

*Department of Labor and Industry—
Prohibition of Excessive Overtime in Health Care Act
Regulations; Order Issued March 17, 2014
Regulation No. 12-91 (#2957)*

On June 26, 2012, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Labor and Industry (Department). This rulemaking amends 34 Pa. Code by adding Chapter 225. The proposed regulation was published in the July 14, 2012 *Pennsylvania Bulletin* with a 30-day public comment period. On September 12, 2012, the Commission issued its comments on the proposed rule-

making pursuant to Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) (RRA). The final-form regulation was submitted to the Commission on January 16, 2014.

This regulation establishes complaint and investigation procedures as well as administrative penalty provisions related to violations of the Prohibition of Excessive Overtime in Health Care Act (Act) (43 P. S. §§ 932.1—932.6). We find that this regulation is not in the public interest because it may impede or could serve as a deterrent to employees who may want to pursue an action against an employer. (71 P. S. § 745.5b(b).) In support of this finding, the following points are noted.

First, the Commission's second comment on the proposed regulation raised the following legislative concern: "Determinations where no violation is found should include statements of the reason or the applicable exception under the Act." The Department's response to this comment notes that such a requirement would curtail its administrative discretion. However, the Department states that its general practice is to provide, when possible, an explanation as to why no violation was found in its closing letter to the complainant. While we commend the Department for its intent to provide explanations, when possible, we believe a more reasonable approach would be to provide an explanation in all instances where no violations are found. Including such a requirement in this regulation would provide complainants and the regulated community with the basis for the Department's determination and ensure that the general practice of providing explanations where no violations are found continues into the future. (71 P. S. § 745.5b(b)(3)(iv).)

Second, the Commission's comments on § 225.3(f) recommended that the Department include the timeframe for the Bureau to conduct an initial review to assess whether the complaint meets the requirements of § 225.3(c). In response to this comment, the Department added language to Subsection (f) that states, "The Bureau will review all complaints within 60 days of receipt." In addition, the Commission's comments on § 225.3(b) state that "Subsection (b) does not include timeframes within which the Bureau will investigate complaints. The Department should explain why such timeframes are not set forth in the regulation." At the public meeting, the Department stated that it begins its investigation immediately upon completion of its review of the complaint. To improve the clarity of § 225.3(f), we suggest that the new language be amended to state the Bureau will "review and commence investigation" of all complaints within 60 days of receipt. (71 P. S. § 745.5b(b)(3)(ii).)

Third, the Commission's sixth comment on the proposed rulemaking asked the Department to explain why the factors included in § 225.4(b) are an appropriate basis for imposing penalties. The Department's response indicates that the factors were based on its experience with administering penalties under the Pennsylvania Community and Worker Right-to-Know Act (35 P. S. §§ 7301—7320) and similar factors used in issuing administrative penalties found at 34 Pa. Code § 321.4. As noted during the public meeting, there is concern with how the Department will implement the "good faith" factor of § 225.4(b). The "good faith" factor found at § 321.4 sets forth very specific standards the Department can use to calculate penalties. This level of detail establishes a binding norm that could be evenly applied to all parties involved with a complaint at this time and in the future. We recommend that the Department amend § 225.4(b)(3) to include more detail on how the "good faith" factor will be implemented. (71 P. S. § 745.5b(b)(3)(iv).)

Fourth, the Commission's second comment notes that the regulation does not address several items, including the inclusion of an employee's representative throughout the complaint and enforcement process. We note that § 225.8(b)(1)(ii) lists several parties as potential intervenors in a hearing, but the list does not specifically include an employee's union representative. At the meeting, the Department explained the Commonwealth's General Rules of Administrative Practice and Procedure (1 Pa. Code, Part II) allow for union representation and such a representative would be allowed to intervene. We believe the clarity of the rulemaking would be improved if § 225.8(b)(1)(ii) specifically included an employee's union representative as a potential intervenor. (71 P. S. § 745.5b(b)(3)(ii).)

Fifth, the Department added § 225.8(c) to the final-form regulation to provide a complainant with the right to file a petition to intervene. At the public meeting, we asked why the complainant had to file a petition rather than just being made a party at the outset, particularly since it is likely that the complainant will be at the hearing as a witness. We further asked why the regulation did not allow the complainant to opt out of the process rather than take the affirmative step to opt in. Many complainants who do not have legal representation may not fully appreciate the significance of the intervention process and requiring this additional step could serve as a disincentive to their participation. We ask the Department to consider amending the language to remove this potential barrier for complainants.

Finally, we note that our second comment incorporated legislative comments that asked the Department if it would benefit from addressing certain items pertaining to the enforcement of the Act and these regulations. Among the items noted in the legislative comments was a question of whether there is a need to include investigative powers and rights to review employer records in the regulation. In the comment and response document submitted with the final-form rulemaking, the Department notes that the Act does not contain record-keeping requirements, but states that without such requirements, it would have implied authority to inspect records. In order to assist the Department with the implementation of the Act and its review of employer records, we believe a record-keeping requirement could be added to the regulation. We are aware that other statutes administered by the Department include specific record-keeping requirements and the Act does not include similar provisions. However, we believe the implied powers noted in the comment and response document and the rulemaking authority granted to the Department by the Act (43 P. S. § 932.5) provide the mechanism to impose record-keeping requirements in the regulation. We ask the Department to consider adding such a provision to the rulemaking. (71 P. S. § 745.5b(b)(3)(iv).)

We have determined that this regulation is consistent with the statutory authority of the Department (43 P. S. § 932.5) and the intention of the General Assembly. However, after considering all of the other criteria of the RRA discussed above, we find that promulgation of this regulation is not in the public interest.

By Order of the Commission:

This regulation is disapproved.

Vice Chairperson
