READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

[246 PA. CODE CH. 1000]

Amendment of Rules 1008 and 1013 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges; No. 241 Magisterial Rules; Doc. No. 1

Order

Per Curiam:

And Now, this 15th day of April, 2008, upon recommendation of the Minor Court Rules Committee, the proposal having been submitted without publication pursuant to Pa.R.J.A. No. 103(a)(3) in the interest of justice and efficient administration, and a Final Report to be published with this *Order*.

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules 1008 and 1013 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges be, and hereby are, amended to read as follows.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective May 15, 2008.

Annex A

TITLE 246. MINOR COURT CIVIL RULES

PART I. GENERAL

CHAPTER 1000. APPEALS

APPEAL

Rule 1008. Appeal as Supersedeas.

A. Receipt by the magisterial district judge of the copy of the notice of appeal from the judgment shall operate as supersedeas, except as provided in [subdivision] subdivisions B and C of this rule.

B. When an appeal is from a judgment for the possession of real property, receipt by the magisterial district judge of the copy of the notice of appeal shall operate as a supersedeas only if the appellant at the time of filing the notice of appeal, deposits with the prothonotary a sum of money (or a bond, with surety approved by the prothonotary) equal to the lesser of three (3) months' rent or the rent actually in arrears on the date of the filing of the notice of appeal, based upon the magisterial district judge's order of judgment, and, thereafter, deposits cash or bond with the prothonotary in a sum equal to the monthly rent which becomes due during the period of time the proceedings upon appeal are pending in the court of common pleas, such additional deposits to be made within thirty (30) days following the date of the appeal, and each successive thirty (30) day period thereafter.

Upon application by the landlord, the court shall release appropriate sums from the escrow account on a continuing basis while the appeal is pending to compensate the landlord for the tenant's actual possession and use of the premises during the pendency of the appeal.

In the event the appellant fails to deposit the sums of money, or bond, required by this rule when such deposits are due, the prothonotary, upon praecipe filed by the appellee, shall terminate the supersedeas. Notice of the termination of the supersedeas shall be forwarded [via] by first class mail to [all parties, but if any party has an attorney] attorneys of record [named in the complaint form or other filings with the court, notice shall be given to the attorney instead of to the party. Notice to a party that does not have an attorney of record is sufficient if mailed] , or, if a party is unrepresented, to the party's last known address of record.

[Where] When the deposit of money or bond is made pursuant to the [Rule] rule at the time of filing the appeal, the prothonotary shall make upon the notice of appeal and its copies a notation that it will operate as a supersedeas when received by the magisterial district judge.

C. Indigent Tenants

(1) Residential tenants who seek to appeal from a magisterial district court judgment for possession and who do not have the ability to pay the lesser of three months' rent or the full amount of the magisterial district court judgment for rent shall file with the office of the prothonotary a tenant's affidavit, as set forth in subdivision (2).

(2) The tenant's affidavit shall be substantially in one of the following two forms:

SECTION 8 TENANT'S SUPERSEDEAS AFFIDAVIT

I, _____ (print name and address here), have filed a notice of appeal from a magisterial district court judgment awarding my landlord possession of real property that I occupy, and I do not have the

financial ability to pay the lesser of three (3) times my monthly rent or the actual rent in arrears. My total household income does not exceed the income limits set forth in the supplemental instructions for obtaining a stay pending appeal and I have completed an in forma pauperis (IFP) affidavit to verify this. I have/have not (cross out the one that does not apply) paid the rent this month.

The total amount of monthly rent that I personally pay to the landlord is \$ _____. I hereby certify that I am a participant in the Section 8 program and I am not subject to a final (i.e., non-appealable) decision of a court or government agency which terminates my right to receive Section 8 assistance based on my failure to comply with program rules.

I verify that the statements made in this affidavit are true and correct to the best of my knowledge, information and belief. I understand that false statements herein are made subject to the penalties of 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities.

Date SIGNATURE OF TENANT

(3)(a) If the rent has already been paid to the landlord in the month in which the notice of appeal is filed, the tenant shall pay into an escrow account with the prothonotary the monthly rent as it becomes due under the lease for the months subsequent to the filing of the notice of appeal; or

(b) If the rent has not been paid at the time of filing the notice of appeal, the tenant shall pay:

(i) at the time of filing the notice of appeal, a sum of money equal to one third (1/3) of the monthly rent;

(ii) an additional deposit of two thirds (2/3) of the monthly rent within twenty (20) days of filing the notice of appeal; and

(iii) additional deposits of one month's rent in full each thirty (30) days after filing the notice of appeal. The amount of the monthly rent is the sum of money found by the magisterial district judge to constitute the monthly rental for the leasehold premises pursuant to Rule 514A. However, when the tenant is a participant in the Section 8 program, the tenant shall pay the tenant share of the rent as set forth in the "Section 8 Tenant's Supersedeas Affidavit" filed by the tenant.

(4) The prothonotary's office of the Court of Common Pleas in which the appeal is taken shall provide residential tenants who have suffered a judgment for possession with a "Supplemental Instructions for Obtaining a Stay of Eviction" as it appears on the website of the Minor Court Rules Committee.

Official Note: The website of the Minor Court Rules Committee is part of the home page of the Administrative Office of Pennsylvania Courts at www.aopc.org. The Supplemental Instructions include both instructions and income limits.

The income limits are stated in monthly amounts and are based upon the most recent poverty income guidelines issued by the Federal Department of Health and Human Services.

(5) When the requirements of paragraphs (2) and (3) have been met, the prothonotary shall issue a supersedeas.

(6) Upon application by the landlord, the court shall release appropriate sums from the escrow account on a continuing basis while the appeal is pending to compensate the landlord for the tenant's actual possession and use of the premises during the pendency of the appeal.

(7) If the tenant fails to make monthly rent payments to the prothonotary as described in paragraph (3), the supersedeas may be terminated by the prothonotary upon praecipe by the landlord or other party to the action. Notice of the termination of the supersedeas shall be forwarded by first class mail to attorneys of record, or, if a party is unrepresented, to the party's last known address of record.

(8) If the Court of Common Pleas determines, upon written motion or its own motion, that the averments within any of the tenant's affidavits do not establish that the tenant meets the terms and conditions of paragraph (1), supra, the Court may terminate the supersedeas. Notice of the termination of the supersedeas shall be forwarded by first class mail to attorneys of record, or, if a party is unrepresented, to the party's last known address of record.

D. If an appeal is stricken or voluntarily terminated, any supersedeas based on it shall terminate. The prothonotary shall pay the deposits of rental to the party who sought possession of the real property.

Official Note: Subdivision A provides for an automatic supersedeas in appeals from [**trespass and assumpsit**] civil actions upon receipt by the magisterial district judge of a copy of the notice of appeal. [**It did not seem worthwhile to require bond or other security for costs as a condition for supersedeas in trespass and assumpsit appeals.**]

Subdivision B, however, does require the deposit of money or approved bond as a condition for supersedeas where the appeal is from a judgment for the possession of real property. [**This provision substantially incorporates the purpose and intent of the Legislative provision contained in Act No. 1995-33, approved July 6, 1995. The 1996 amendment provides a uniform, Statewide procedure (except Philadelphia County; See: Philadelphia Municipal Court Rules of Civil Procedure), and establishes a mechanism for the application of a supersedeas or the termination thereof without the need for any local court rule or order.**] A new subdivision (C) was created in 2008 to provide for appeals by indigent residential tenants who are unable to meet the bond requirements of subdivision (B).

The request for termination of the supersedeas, upon the praecipe filed with the prothonotary, may simply state: "Please terminate the supersedeas in the within action for failure of the appellant to pay monthly rental as required by Pa.R.C.P.M.D.J. No. 1008 [**for a period in excess of thirty (30) days**] when it became due" and will be signed by appellee. The prothonotary will then note upon the praecipe: "Upon confirmation of failure of the appellant to deposit the monthly rent [**for more than thirty (30) days**] when it became due, the supersedeas is terminated," and the prothonotary will sign and clock the praecipe. A copy of the praecipe may thereupon be displayed to the magisterial district judge

who rendered the judgment, and a request for issuance of an order for possession under Pa.R.A.P.M.D.J. No. 515 made.

The deposit of rent required hereunder is intended to apply in all cases, irrespective of the reasons which caused the filing of the complaint before the magisterial district judge in the first instance. Disposition of the monthly rental deposits will be made by the court of common pleas following its de novo hearing of the matter on appeal.

The money judgment portion of a landlord and tenant judgment (see Pa.R.C.P.M.D.J. Nos. 514 and 521) would be governed by subdivision A.

Adopted June 1, 1971. Amended April 25, 1979, effective in 30 days; June 30, 1982, effective in 30 days after July 17, 1982; March 28, 1996, effective March 29, 1996; **April 15, 2008, effective May, 15 2008.**

Rule 1013. Writ of Certiorari as Supersedeas.

A. Receipt of the writ of certiorari by the magisterial district judge to whom it was directed shall operate as a supersedeas, except as provided in [subdivision] subdivisions B and C of this rule.

B. When the writ of certiorari involves a judgment for the possession of real property, receipt of the writ by the magisterial district judge shall operate as a supersedeas only if the party obtaining the writ at the time of filing the writ, deposits with the prothonotary a sum of money (or a bond, with surety approved by the prothonotary) equal to the lesser of three (3) months' rent or the rent actually in arrears on the date of the filing of [appeal] **the praecipe for writ of certiorari ("praecipe")**, as determined by the magisterial district judge, and, thereafter, deposits cash or bond with the prothonotary in a sum equal to the monthly rent which becomes due during the period of time the proceedings upon writ are pending in the court of common pleas, such additional deposits to be made within thirty (30) days following the date of the filing of the [writ] **praecipe**, and each successive thirty (30) day period thereafter.

Upon application by the landlord, the court shall release appropriate sums from the escrow account on a continuing basis while the writ is pending and while the ensuing proceeding is pending (in the event the writ is granted) to compensate the landlord for the tenant's actual possession and use of the premises during the pendency of the writ and during the pendency of the ensuing proceeding (in the event the writ is granted).

In the event that the party filing the [writ] **praecipe** fails to deposit the sums of money, or bond, required by this rule when such deposits are due, the prothonotary, upon praecipe filed by the party that did not file the **praecipe for writ of certiorari**, shall terminate the supersedeas. Notice of the termination of the supersedeas shall be forwarded [via] by first class mail to [all parties, but if any party has an attorney] attorneys of record [named in the complaint form or other filings with the court, notice shall be given to the attorney instead of to the party. Notice to a party who or which does not have an attorney of record is sufficient if mailed], or, if a party is unrepresented to the party's last known address of record.

Where the deposit of money or bond is made pursuant to this Rule at the time of the filing of the [writ] **praecipe**, the prothonotary shall make upon the writ and

its copies a notation that the writ will operate as a supersedeas when received by the magisterial district judge.

C. Indigent Tenants

(1) Residential tenants who seek to file a praecipe involving a magisterial district court judgment for possession and who do not have the ability to pay the lesser of three months' rent or the full amount of the magisterial district court judgment for rent shall file with the office of the prothonotary a tenant's affidavit, as set forth in subdivision (2).

(2) The tenant's affidavit shall be substantially in one of the following two forms:

(3)(a) If the rent has already been paid to the landlord in the month in which the praecipe is filed, the tenant shall pay into an escrow account with the prothonotary the monthly rent as it becomes due under the lease for the months subsequent to the filing of the praecipe; or

(b) If the rent has not been paid at the time of filing the praecipe, the tenant shall pay:

(i) at the time of filing the praecipe, a sum of money equal to one third (1/3) of the monthly rent;

(ii) an additional deposit of two thirds (2/3) of the monthly rent within twenty (20) days of filing the praecipe; and

(iii) additional deposits of one month's rent in full each thirty days after filing the praecipe. The amount of the monthly rent is the sum of money found by the magisterial district judge to constitute the monthly rental for the leasehold premises pursuant to Rule 514A. However, when the tenant is a participant in the Section 8 program, the tenant shall pay the tenant share of the rent as set forth in the "Section 8 Tenant's Supersedeas Affidavit" filed by the tenant.

(4) The prothonotary's office of the Court of Common Pleas in which the praecipe is filed shall provide residential tenants who have suffered a judgment for possession with a "Supplemental Instructions for Obtaining a Stay of Eviction" as it appears on the website of the Minor Court Rules Committee.

Official Note: The website of the Minor Court Rules Committee is part of the home page of the Administrative Office of Pennsylvania Courts at www.aopc.org. The Supplemental Instructions include both instructions and income limits.

The income limits are stated in monthly amounts and are based upon the most recent poverty income guidelines issued by the Federal Department of Health and Human Services.

(5) When the requirements of paragraphs (2) and (3) have been met, the prothonotary shall issue a supersedeas.

(6) Upon application by the landlord, the court shall release appropriate sums from the escrow account on a continuing basis while the writ is pending and while the ensuing proceeding is pending (in the event the writ is granted) to compensate the landlord for the tenant's actual possession and use of the premises during the pendency of the writ and during the pendency of the ensuing proceeding (in the event the writ is granted).

(7) If the tenant fails to make monthly rent payments to the prothonotary as described in paragraph (3), the supersedeas may be terminated by the prothonotary upon praecipe by the landlord or other party to the action. Notice of the termination of the supersedeas shall be forwarded by first class

mail to attorneys of record, or, if a party is unrepresented, to the party's last known address of record.

(8) If the Court of Common Pleas determines, upon written motion or its own motion, that the averments within any of the tenant's affidavits do not establish that the tenant meets the terms and conditions of paragraph (1), supra, the Court may terminate the supersedeas. Notice of the termination of the supersedeas shall be forwarded by first class mail to attorneys of record, or, if a party is unrepresented, to the party's last known address of record.

D. If a writ of certiorari is stricken, dismissed or discontinued, any supersedeas based on it shall terminate. The prothonotary shall pay the deposits of rental to the party who sought possession of the real property.

Official Note: As in appeals (see Pa.R.C.P.M.D.J. No. 1008), certiorari operates as an automatic supersedeas in [trespass and assumpsit matters] civil actions when the writ is received by the magisterial district judge. If the writ involves a judgment for the possession of real property, however, it will operate as a supersedeas upon receipt by the magisterial district judge only if money is paid or a bond is filed conditioned as stated in the rule. This Rule has been amended to require a payment equal to the lesser of three months rent or the rent actually in arrears in order for the writ involving a judgment for the possession of real property to act as a supersedeas to ensure consistency between this Rule and Pa.R.C.P.M.D.J. No. 1008. (Appeal as Supersedeas). **A new subdivision (C) was created in 2008 to provide a praecipe for writ of certiorari process for indigent residential tenants who are unable to meet the bond requirements of subdivision (B).**

The request for termination of the supersedeas, upon the praecipe filed with the prothonotary, may simply state: "Please terminate the supersedeas in the within action for failure of the party filing the writ to pay monthly rental as required by Pa.R.C.P.M.D.J. No. 1013 [for a period in excess of thirty (30) days] when it became due" and will be signed by landlord. The prothonotary will then note upon the praecipe: "Upon confirmation of failure of the party filing the writ to deposit the monthly rent [for more than thirty (30) days,] when it became due the supersedeas is terminated," and the prothonotary will sign and clock the praecipe. A copy of the praecipe may thereupon be displayed to the magisterial district judge who rendered the judgment, and a request for issuance of an order for possession under Pa.R.C.P.M.D.J. No. 515 may be made.

The money judgment portion of a landlord and tenant judgment (see Pa.R.C.P.M.D.J. Nos. 514 and 521) would be governed by subdivision A of this rule.

Adopted June 1, 1971. Amended April 25, 1979, effective in 30 days; June 30, 1982, effective in 30 days after July 17, 1982; March 28, 1996, effective March 29, 1996; Jan. 6, 2005, effective Jan. 29, 2005; April 15, 2008, effective May 15, 2008.

SUPPLEMENTAL INSTRUCTIONS FOR OBTAINING A STAY OF EVICTION

****** IMPORTANT **** PLEASE READ THESE INSTRUCTIONS CAREFULLY!**

This document contains important information about your case. Failure to comply with any in-

structions provided in these materials may cause you to be evicted before your appeal or writ is heard.

1. FOR TENANTS—SUPERSEDEAS: If you are a tenant and you filed the notice of appeal or praecipe for writ of certiorari, you must pay money into an escrow account to remain in the property until your appeal or writ is decided. This is called a “supersedeas.” The supersedeas will suspend the magisterial district court judgment and will prevent your eviction until your case is heard by a judge and a final decision is made on the appeal or writ. **IF YOU FAIL TO PAY YOUR MONTHLY RENT INTO ESCROW IN FULL AND ON TIME, YOU COULD BE EVICTED BEFORE YOUR APPEAL OR WRIT IS HEARD.**

Begin by looking at the income limits attached to these instructions.

If your income is below the income limits, complete a Tenant’s Affidavit, pursuant to Pa.R.C.P.M.D.J. No. 1008(C)(2) or 1013(C)(2). These affidavits are available on the website of the Administrative Office of Pennsylvania Courts (www.aopc.org). Then follow the instructions for low-income tenants below. There are several different options available; pick the option (A, B, or C) that best describes your situation.

If your income is *higher* than the income limits attached to these instructions, follow the instructions for D.

A. If you are a low-income tenant and there was a money judgment entered against you for non-payment of rent, and you **HAVE NOT** paid rent for the month in which the notice of appeal or praecipe for writ of certiorari is filed, you must:

1. File an in forma pauperis petition (a petition for low-income parties) pursuant to Pa.R.C.P. No. 240;
2. Pay one-third of your monthly rent into an escrow account with the prothonotary’s office at the time the notice of appeal or praecipe for writ of certiorari (“praecipe”) is filed;
3. Pay the remaining two-thirds (2/3) of your monthly rent into the escrow account within twenty (20) days of the date the notice of appeal or praecipe was filed; and
4. Pay your monthly rent on an ongoing basis into the escrow account in thirty (30) day intervals from the date the notice of appeal or praecipe was filed until the time of your trial.

B. If you are a low-income tenant, and there was a money judgment against you for non-payment of rent, and you **HAVE** paid rent for the month in which the notice of appeal or praecipe for writ of certiorari (“praecipe”) is filed, you do not have to pay rent at the time you file your notice of appeal or praecipe. You must:

1. File an in forma pauperis petition (a petition for low-income parties), pursuant to Pa.R.C.P. No. 240;
2. Pay your monthly rent on an ongoing basis into an escrow account with the prothonotary in thirty (30) day intervals from the date the notice of appeal or praecipe was filed until the time of trial. It is important to count the thirty (30) days exactly because the date of your payment will change depending on the number of days in a given month.

C. If you are a low-income tenant, and no money judgment was entered against you for non-payment of rent, you do not have to pay rent at the time you file your

notice of appeal or praecipe for writ of certiorari (“praecipe”). *This option is to be used if at the magisterial district court hearing, the judge determined that you owed “zero” or “nothing” in rent.* You must:

1. File an in forma pauperis petition (a petition for low-income parties), pursuant to Pa.R.C.P. No. 240;

2. Pay your monthly rent on an ongoing basis into an escrow account with the prothonotary in thirty (30) day intervals from the date the notice of appeal or praecipe was filed until the time of your trial. It is important to count the thirty (30) days exactly because the date of your payment will change depending on the number of days in a given month.

D. If your income is higher than the income limits on the attached chart, you must:

1. Pay the fee to file a notice of appeal or praecipe for writ of certiorari (“praecipe”);

2. Pay the lesser of three (3) months’ rent or the amount of rent awarded to the landlord in magisterial district court into an escrow account with the prothonotary’s office at the time the notice of appeal or praecipe is filed; and

3. Pay your monthly rent into the escrow account in thirty (30) day intervals from the date the notice of appeal or praecipe was filed until the time of trial. It is important to count the thirty (30) days exactly because the date on your payment will change depending on the number of days in a given month.

FINAL REPORT

Recommendation 1-2008, Minor Court Rules Committee

Amendments to Rules 1008 and 1013 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges

EXCEPTIONS FOR INDIGENT RESIDENTIAL TENANTS IN APPEALS

On April 15, 2008, effective May 15, 2008, upon recommendation of the Minor Court Rules Committee,¹ the Supreme Court of Pennsylvania approved amendments to Rules 1008 and 1013 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges.²

¹ Minor Court Rules Committee Recommendation 1-2008.

² Supreme Court of Pennsylvania Order No. 241 Magisterial Rules Docket No. 1 (April 15, 2008).

I. Background

In late 2007, the Minor Court Rules Committee (“Committee”) became aware of federal district court lawsuits challenging the constitutionality of Pa.R.C.P.M.D.J. No. 1008B. In both *Jones v. Lamb*³ and *Santiago v. Sutton*⁴, federal district court judges enjoined the use of Rule 1008B as applied to indigent tenants. The courts relied upon federal constitutional guarantees of due process and equal protection in holding that indigent residential tenants’ rights were being violated by Rule 1008B’s requirement that tenants post three times the monthly rent or the rent determined to be in arrears so that they could remain in the home while appealing a magisterial district judge’s award of possession to the landlord.

The Committee learned that two counties—Allegheny and Berks—had already been subject to litigation of Rule 1008B but that other lawsuits on behalf of indigent tenants were likely. In order to comply with the federal district courts’ holdings; to limit litigation and associated expenses; and to provide a uniform, statewide procedure for indigent residential tenants, the Committee agreed that an immediate amendment to Rule 1008 was advisable. At the same time, the Committee decided to make similar revisions to Rule 1013.

II. Discussion

Rule 1008B (“Appeal as Supersedeas”) requires that residential tenants who want to remain in a rental unit during an appeal must post “a sum of money equal to the lesser of three (3) months’ rent or the rent actually in arrears on the date of the filing of appeal, based upon the magisterial district judge’s order of judgment . . .” Until the instant rule change, residential tenants who were unable to post this sum of money could not remain in their homes pending a de novo appeal by a common pleas court.

Similarly, Rule 1013B (“Writ of Certiorari as Supersedeas”) requires a residential tenant to post the same sum (three months’ rent or the rent actually in arrears) in order to receive a supersedeas from the prothonotary’s office, allowing the residential tenant to remain in the rental unit during the writ of certiorari process. The change to Rule 1013 allows indigent residential tenants to follow a procedure that maintains them in their homes during the writ of certiorari process.

In determining that these rules changes were necessary, the Committee reviewed pleadings from *Lamb* and *Santiago*, such as complaints and temporary restraining orders. In addition, the Committee reviewed the federal district court case *Pleasant v. Evers*. See *Wendolyn Pleasant and Tenants’ Action Group v. Evers*, 1998 WL 205431 (E.D. Pa. Apr. 24, 1998), C.A.NO. 97-4124 (Ludwig, J.). In *Evers*, Community Legal Services challenged Philadelphia Municipal Court’s Rule of Procedure 124, which required a deposit to be paid in almost the same fashion as Pa.R.C.P.M.D.J. No. 1008B. During the early phases of the protracted litigation, a temporary restraining order was entered enjoining the use of the Municipal Court rule. Ultimately, *Evers* led Municipal Court to change its practices and create a standing procedure for indigent residential tenants’ appeals. That procedure is still used today.

After reviewing the various federal court cases, the Committee proposed that Rule 1008 be amended to provide a procedure on appeal for indigent residential tenants. In addition, the Committee proposed that Rule 1013 be amended to cure the same type of problem, only in the praecipe for writ of certiorari arena.

III. Approved Rule Changes

A. Rule 1008

The Committee proposed amendment of Rule 1008 to include a new subdivision C that contains the appeal procedure for indigent residential tenants. Within new subdivision C, there is an explanation of how much tenants are to pay, including the scenarios of rent already being paid that month, or no rental payment for the month of the appeal. Two tenant’s affidavits are provided within the new C, while the new subdivision also references supplemental instructions that will be provided by the prothonotary’s office staff to residential tenants who have suffered a judgment for possession. The supplemental instructions and attached poverty income guidelines will be available on the Minor Court Rules Committee’s website, much in the same way that federal income guidelines are posted on the Civil Procedural Rules Committee’s website. See Pa.R.C.P. No. 3302(b). The income guidelines appended to the supplemental instructions are modeled upon the guidelines promulgated by the Civil Procedural Rules Committee for Pa.R.C.P. No. 3302(b).

In addition, the Note to the Rule has been amended to delete the obsolete terms “trespass” and “assumpsit.” They have been replaced with “civil action.” The Note to the Rule has also been amended to include a short explanation of the background of the Rule change. Finally, miscellaneous grammatical errors were corrected.

B. Rule 1013

The Committee proposed amendment of Rule 1013 to include a new subdivision C that contains the writ of certiorari procedure for indigent residential tenants. Within new subdivision C, there is an explanation of how much tenants are to pay, including the scenarios of rent already being paid that month, or no rental payment for the month of the writ. Two tenant’s affidavits are provided within the new C, while the new subdivision also references supplemental instructions that will be provided by the prothonotary’s office staff to residential tenants who have suffered a judgment for possession. The supplemental instructions and attached poverty income guidelines will be available on the Minor Court Rules Committee’s website, much in the same way that federal income guidelines are posted on the Civil Procedural Rules Committee’s website. See Pa.R.C.P. No. 3302(b). The income guidelines appended to the supplemental instructions are modeled upon the guidelines promulgated by the Civil Procedural Rules Committee for Pa.R.C.P. No. 3302(b).

In addition, the Note to the Rule has been amended to delete the obsolete terms “trespass” and “assumpsit.” They have been replaced with “civil action.” The Note to the Rule has also been amended to include a short explanation of the background of the Rule change. Finally, miscellaneous grammatical errors were corrected.

The following explanatory *Report* highlights the Committee's considerations in formulating this proposal. The Committee's *Report* should not be confused with the Committee's Notes to the rules. The Supreme Court does not adopt the Committee's Notes or the contents of the explanatory reports.

Amended , 2008, **immediately effective.**

REPORT

Proposed Amendment to Rule 209 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges**I. Background**

In 2007, several magisterial district judges questioned why the rules of civil procedure did not specifically address continuances for military personnel. Based upon the reported uncertainty of some magisterial district judges in dealing with military personnel's requests for continuances, the Minor Court Rules Committee ("the Committee") is recommending an amendment to Rule 209 referencing the Servicemembers Civil Relief Act ("Act"). The Committee believes the amendment will provide a quick statutory reference as well as foster a uniform, statewide practice.

II. Discussion

The Committee determined that its main concern was ensuring that magisterial district judges are aware of the Act and follow it, when appropriate. In its deliberations, the Committee reviewed a sample request for a continuance pursuant to the Act; the Act itself; 51 Pa.C.S.A. § 7314 ("Stay of proceedings when military service affects conduct thereof") and Pa.R.C.P. No. 1920.46 ("Affidavit of Non-military Service").

The Committee decided that the simplest way to achieve its goal of compliance with the Act was through a statutory reference. While the Committee considered including a reference to the Act in the note, rather than the rule, the eventual decision was to draft a new subdivision within the rule itself. The Committee members felt strongly that individuals meeting the criteria of the Act should be granted continuances. By including the language in the rule, the exception for qualifying military personnel becomes mandatory; if simply included in the note, the reference would not be binding as the Supreme Court of Pennsylvania does not adopt the contents of the Committee's notes to the rules.

III. Proposed Rule Changes

To address the issues discussed above, the Committee proposes including a new subdivision "E," following directly after the current subdivision "D." As explained above, the new subdivision "E" will provide a statutory reference to the Act.

PHILADELPHIA COUNTY

Residential Mortgage Foreclosure Diversion Pilot Program; Joint General Court Regulation No. 2008-01

The Court takes judicial notice that in 1983 and 2004, the Philadelphia Court of Common Pleas was called upon to issue stop-gap relief to a large number of residential homeowners who were facing the loss of their homes due to their inability to pay their mortgages. Relief was granted in the form of a temporary stay and postponements in the Sheriff Sale of foreclosed residential properties.

Mortgage Foreclosure actions recently filed in the Court of Common Pleas, as well as reliable data, establish that a mortgage foreclosure crisis, caused in part by “subprime” and “predatory lending” practices as well as rising interest rates, unemployment and underemployment, have negatively impacted a substantial number of homeowners causing an increasing number of residential mortgage foreclosures actions which are being filed and will be filed in the Court of Common Pleas requiring the expenditure of substantial judicial resources.

Pennsylvania Rules of Civil Procedures authorize the Court to implement case management programs designed to assist the Court and the litigants in the simplification of the issues involved, and to address such other matters which may aid in the timely and efficient disposition of the action. The within General Court Regulation adopts a Residential Mortgage Foreclosure Diversion Pilot Program which is designed to provide early Court intervention in residential owner occupied mortgage foreclosure cases which will assure timely determination of eligibility under various federal, state and local programs established to facilitate loan work-out and other solutions to permit residential homeowners, where possible, to retain their properties and permit lenders to move forward to the Sheriff Sale of the properties upon conclusion of the process established pursuant to this General Court Regulation.

1. Cases Subject to Residential Mortgage Foreclosure Diversion Pilot Program.

(a) All Mortgage Foreclosure cases involving owner-occupied residential properties which are subject to execution to enforce a residential mortgage must be scheduled for a Conciliation Conference, as provided in this General Court Regulation, before a real property can be sold at Sheriff Sale. The term “residential premises” means real

property located within the City and County of Philadelphia containing not more than four residential units and shall include a residential condominium unit or a residential co-op unit, occupied by an owner as the owner’s principal residence.

(b) Cases involving premises which are not owner occupied, which are not residential, or which are not exposed to judicial sale to enforce a residential mortgage are not subject to the Conciliation Conference and may be sold by the Sheriff of Philadelphia as scheduled and advertised unless the sales are otherwise individually stayed or postponed.

2. *Conciliation Conference and Sheriff Sale.* Owner-occupied residential properties which are subject to execution to enforce a residential mortgage cannot proceed to Sheriff Sale unless a conciliation conference is held as provided in this General Court Regulation.

3. *Scheduling of the Conciliation Conference.* The Conciliation Conference shall be scheduled as follows:

(a) *Cases on the April 2008 and May 2008 Mortgage Foreclosure Sheriff Sale List.* The sale of all owner occupied residential premises exposed to judicial sale on April 1, 2008 to enforce a residential mortgage whose sale was postponed by the Sheriff of Philadelphia, as well as the sale of all owner occupied residential premises which are scheduled to be exposed to judicial sale to enforce a residential mortgage at the Sheriff Sale on May 6, 2008 are postponed until the Sheriff Sale scheduled for July 1, 2008 so that the Conciliation Conference required by this General Court Regulation can be held.

The Court will issue orders designed to identify owner-occupied residential properties, subject to execution to enforce a residential mortgage, which were listed for Sheriff Sale in April 2008 and May 2008 which are to be postponed to a specific date pending the scheduling of a Conciliation Conference and those cases which can proceed to Sheriff Sale on May 6, 2008.

When the owner-occupied residential properties subject to execution to enforce a residential mortgage have been identified, a case specific Case Management Order will be issued, scheduling a Conciliation Conference, as provided in this Regulation.

(b) *Cases Filed but not yet scheduled for Sheriff Sale.* The Court will issue orders designed to identify owner-occupied residential properties, subject to execution to enforce a residential mortgage.

When the owner-occupied residential properties subject to execution to enforce a residential mortgage have been identified, a case specific Case Management Order will be issued, scheduling a Conciliation Conference, as provided in this Regulation.

(c) *New Mortgage Foreclosure cases filed on or after July 7, 2008.* Any Mortgage Foreclosure Case commenced on or after July 7, 2008 which involves owner-occupied residential properties subject to execution to enforce a residential mortgage must be identified as Case Type “3D—Mortgage Foreclosure—Owner Occupied Residential Premises” on the Civil Cover Sheet. A Case Management Order will be administratively issued and provided to the Plaintiff upon the filing of the Mortgage Foreclosure action which must be served on the Defendant(s) as provided in Section 5.

4. *Case Management Order.* The Case Management Order shall schedule a conference within thirty (30) to forty-five (45) days after the filing of the Complaint for cases subject to Section 3.(c), and as soon as practicable

for cases subject to Section 3.(a) and (b). As applicable, the Case Management Order shall, inter alia:

a. schedule a Conciliation Conference for a specific date, place and time;

b. require the attendance of the Defendant and the Plaintiff-Lender's Servicer (who may appear telephonically);

c. require the Defendant to call immediately upon receipt of the Case Management Order the **SAVE YOUR HOME PHILLY HOTLINE** at (215) 334-HOME and the Defendant-homeowner will be directed to a housing counseling agency;

d. require the Defendant to cooperate with the housing counseling agency, provide financial and employment information and complete loan resolution proposals and applications, as appropriate;

e. require the exchange of the information provided as required by subsection 4.d. to the Plaintiff—Lender representative;

f. authorize the Plaintiff to send the ten (10) day notice required by Pa.R.C.P. 237.1, if service is effectuated as permitted under the Civil Procedural Rules, but delay the request for the entry of a judgment by default until after the date of the Conciliation Conference; and

g. provide such other terms as may be necessary and appropriate.

5. *Service of the Case Management Order.* The Court shall serve the Case Management Order on all parties for cases subject to Section 3.(a) and (b). The Plaintiff shall serve the Case Management Order together with the Complaint or other initial process for cases subject to Section 3.(c).

6. *Conciliation Conference.*

a. *Presiding Officer:* As appropriate, the Conciliation Conference shall be conducted by a Civil Case Manager or other person designated by the Court, a Judge Pro Temp who possesses experience in the subject matter, or a judge of the Court of Common Pleas.

b. *Issues to be Addressed:* The following issues shall be addressed at the Conciliation Conference:

1. whether the Defendant is represented and if not represented, whether volunteer counsel may be available and appointed;

2. whether Defendant(s) met with a Housing Counseling Agency, as required;

3. whether the Housing Counseling Agency has prepared an assessment or report providing available loan work-out for the defendant;

4. Defendant's income and expense information;

5. Defendant's employment status;

6. Defendant's qualifications for any of the available work-out programs, upon review and application of guidelines established pursuant to this General Court Regulation;

7. assistance with preparation of work-out plans and required Court Orders, as appropriate;

8. the necessity of a subsequent Conciliation Conference;

9. whether the case may proceed to Sheriff Sale since there is no prospect of an amicable resolution; and

10. any other relevant issue.

c. *Defendant's Failure to Attend The Conference:* If a Defendant fails to appear for the mandatory Conciliation Conference, the requirement for a Conciliation Conference imposed by this Regulation may be deemed satisfied upon verification that the required notice was sent, and if so, an order will be issued authorizing the Plaintiff to proceed with the action.

7. *Case Management Order:* At the conclusion of the Case Management Conference, an appropriate Order shall issue memorializing the result of the Conciliation Conference.

8. *Duration of the Residential Mortgage Foreclosure Diversion Pilot Program.* Unless otherwise ordered the **Residential Mortgage Foreclosure Diversion Pilot Program** shall terminate on December 31, 2009.

This General Court Regulation is promulgated in accordance with the April 11, 1986 Order of the Supreme Court of Pennsylvania, Eastern District, No. 55, Judicial Administration, Docket No. 1, Phila.Civ.R. *51 and Pa.R.C.P. 212.3 and 239, and shall become effective immediately. As required by Pa.R.C.P. 239, the original regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations; and copies shall be submitted to the Supreme Court Civil Procedural Rules Committee, the Administrative Offices of Pennsylvania Courts, the Legislative Reference Bureau and the Legal Communications, Ltd., *The Legal Intel-ligencer*, Jenkins Memorial Law Library and the Law Library for the First Judicial District.

PROPOSED RULEMAKING

DEPARTMENT OF EDUCATION

[22 PA. CODE CH. 171]

Auditing of Approved Private Schools and Chartered Schools for the Education of Deaf and Blind Children

The Secretary of Education (Secretary) proposes to amend Chapter 171 (relating to standards for approved private schools) to read as set forth in Annex A.

Statutory Authority

The Secretary acts under the authority of sections 1376(c.8) and 1376.1(f.5) of the Public School Code of 1949 (code) (24 P. S. §§ 13-1376(c.8) and 13-1376.1(f.5)), which were added by section 5 of the act of July 13, 2005 (P. L. 226, No. 46). Sections 1376(c.8) and 1376.1(f.5) of the code empower the Department of Education (Department) to promulgate standards for auditing of approved private schools and the four chartered schools for the education of the deaf and the blind (hereinafter collectively referred to as schools).

Purpose

The objective of these proposed audit standards is to ensure that revenues provided by the Commonwealth for approved students and the expenses of the schools have been presented appropriately in accordance with Generally Accepted Accounting Principles (GAAP). Interim standards were adopted on April 7, 2006. After a year under these interim standards, the Department was to prepare and propose final standards, which are the standards set forth in Annex A. The changes proposed to the interim standards are described as follows.

Section 171.202 (relating to general guidelines) is amended to limit the content of the independent auditors report to the approved private school program. This is because some approved private schools are components of larger organizations and the audits and reports governed by these standards do not encompass the entire corporate organization.

In §§ 171.206 and 171.207 (relating to administrative costs; and payments in excess of expenditures), the references to "the PDE 4010 process" have been replaced with the title of the form—the "Application for Educational Assignment to Approved Private School"—to promote clarity of language. Also, subsection (a) of the interim standard has been deleted because it applies to prior fiscal years and is no longer relevant.

Fiscal Impact and Paperwork Requirements

The standards are necessary to ensure that the approved private schools and the chartered schools for deaf or blind children continue to receive predictable funding and to reform the audit structure, thereby enhancing each school's ability to focus on students and programs. The standards will neither increase costs to the schools, nor to the Commonwealth. These standards do not impose additional paperwork requirements.

Affected Parties

The standards affect the approved private schools and the chartered schools for deaf or blind children in this Commonwealth.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (act) (71 P. S. § 745.5(a)), on April 24, 2008, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees on Education. A copy of this material is available to the public upon request.

Under section 5(g) of the act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Effective Date

The proposed rulemaking will become effective upon publication of final-form rulemaking in the *Pennsylvania Bulletin*.

Sunset Date

The Department will review the effectiveness of Chapter 171 after 5 years. Thus, no sunset date is necessary.

Public Comments and Contact Person

Interested persons are invited to submit written comments, suggestions or objections regarding this proposal to Richard E. Brown, Director's Office, Bureau of Special Education, Department of Education, 333 Market Street, Harrisburg, PA 17126-0333, (717) 783-6906 within 30 days following publication in the *Pennsylvania Bulletin*.

GERALD L. ZAHORCHAK, D.Ed.,
Secretary

(*Editor's Note:* Sections 171.203—171.205 are not proposed to be amended.)

Fiscal Note: 6-305. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 22. EDUCATION

PART XII. BASIC EDUCATION

CHAPTER 171. STANDARDS FOR APPROVED PRIVATE SCHOOLS

Subchapter C. [INTERIM] AUDIT STANDARDS

§ 171.201. Purpose and applicability.

[(a)] The purpose of these audit standards is to ensure that revenues provided by the Commonwealth for students whose placement in the approved private school has been approved by the Department have been spent on the provision of education services, including residential services in some cases, to children who are residents of this Commonwealth and who have been approved by the Department under § 171.16 (relating to assignment).

[(b) These interim standards apply to audits conducted after July 1, 2005, and will apply until final standards are promulgated.]

§ 171.202. General guidelines.

An approved private school shall maintain an accounting and bookkeeping system in accordance with the following standards:

* * * * *

(9) Reports of the independent auditors will be limited to the Approved Private School Program.
§ 171.206. Administrative costs.

* * * * *

(b) Costs or expenses related to the following functions are considered as administrative and are subject to the 10% administrative cap except when and to the extent that the costs or expenditures are incurred as a result of providing educational services to children who are residents of this Commonwealth and who have been approved by the Department through [**the PDE-4010 process**] **Application for Educational Assignment to Approved Private School**. To the extent that the following costs are for educational services, they are not subject to the administrative cap and are reported in the schedule of operating expenses:

* * * * *

§ 171.207. Payments in excess of expenditures.

[(a) If the amount of reportable costs in 2004-05 is less than the amount of revenues received by the schools for 2004-05 from the Commonwealth for the provision of educational services to children who have been approved through the PDE-4010 process, the difference may be retained by the school for use in 2005-06.

(b) **Beginning in 2005-06, if** If the amount of reportable costs in a year is less than the amount of revenues received in that year by the school from the Commonwealth for the provision of educational services to children who have been approved through [**the PDE-4010 process**] **Application for Educational Assignment to Approved Private School**, the difference will be remitted to the Commonwealth **by December 1 of each year**. [58 PA. CODE CH. 401a]
Licensed Facility

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) proposes to amend Chapter 401a to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

This proposed rulemaking is intended to provide additional clarification as to how the Board interprets the term “licensed facility.”

Explanation of Amendment to Chapters 401a

Currently, the Board’s regulations use the definition of “licensed facility” that is contained in 4 Pa.C.S. § 1103 (relating to definitions).

However, a number of questions have arisen as to how the term should be interpreted. For example, 4 Pa.C.S. § 1305(b) (relating to Category 3 slot machine license) requires that no Category 3 license shall be located within 15 linear miles of another licensed facility. Questions have been raised as to whether the 15 linear miles should be measured from the property line of the licensed facility or the building that houses the gaming floor.

To provide greater clarity to applicants for and holders of slot machine licenses, the Board, through this proposed rulemaking, is expanding the definition of “licensed facility” to clarify that it includes the gaming floor, all restricted areas servicing the slot operations, all adjacent and proximate amenities, such as food, beverage and retail outlets and other areas directly accessible from the gaming floor or restricted areas. The term does not include areas that are exclusively devoted to pari-mutuel activities, hotel activities or other amenities not related to the slot machine gaming operations.

Affected Parties

Holders of and applicants for a slot machine license may be affected by this proposed rulemaking.

There are currently 11 slot machine licensees and 4 applicants for slot machine licenses.

Fiscal Impact

Commonwealth

The Board anticipates that this proposed rulemaking will have no fiscal impact on the Board or other agencies of this Commonwealth.

Political Subdivisions

Under 4 Pa.C.S. § 1403 (relating to establishment of State Gaming Fund and net slot machine revenue distribution), the distribution of funds from the local share assessment is based upon the location of the licensed facility. For slot machine licensees that have facilities in more than one county or municipality this proposed rulemaking could have a fiscal impact on those political subdivisions.

Private Sector

To the extent that this proposed rulemaking clarifies the definition of the term “licensed facility” there may be some small potential savings to applicants or potential applicants for a slot machine license.

General Public

This proposed rulemaking will have no fiscal impact on the general public.

Paperwork Requirements

This proposed rulemaking will create no new paperwork requirements.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking, within 30 days after the date of publication in the *Pennsylvania Bulletin* to Paul Resch, Secretary,

Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Regulation #125-85.

[Pa.B. Doc. No. 08-828. Filed for public inspection May 2, 2008, 9:00 a.m.]

The Pennsylvania Gaming Control Board (Board), under its general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1311, 1311.1, 1311.2, 1317, 1317.1, 1318 and 1517, proposes to amend Chapters 405a, 421a, 433a and 435a to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

This proposed rulemaking is intended to implement the requirement that applicants for a principal or key employee license execute releases that will enable the Board to receive information under a request for information under the act of June 21, 1957 (P. L. 390, No. 212) known as the Right-to-Know Law (65 P. S. §§ 66.1—66.4) and the Freedom of Information Act (5 U.S.C. § 552). It will also clarify that the Bureau of Investigations and Enforcement (Bureau) may request applicants for permits, certifications or registrations to also execute these releases.

Explanation of Amendments to Chapters 405a, 421a, 433a and 435a

Currently, as part of the application process, applicants for principal or key employee licenses are required to execute a number of releases that allow the Board to conduct an investigation of the applicant. These releases include items such as tax information from the Departments of Revenue and Labor and Industry, military records and information from past employers.

This proposed rulemaking amends the general language related to releases in Chapter 421a (relating to general provisions) to clarify that it includes releases that will enable the Board to receive information under a request for information under the Right-to-Know Law or the Freedom of Information Act in addition to the other releases required in the application.

The amendments to Chapters 433a and 435a (relating to principal licenses; and employees) specifically require applicants for principal or key employee licenses to execute releases that will enable the Board to receive information under a request for information under the Right-to-Know Law or the Freedom of Information Act in addition to the other releases required in the application.

The amendments to Chapter 405a (relating to Bureau of Investigations and Enforcement) are intended to clarify that the Bureau may require applicants for permits, certification or registration to also execute a release that will enable the Bureau and Board to receive information under a request for information under the Right-to-Know Law or the Freedom of Information Act. The decision to require an applicant for a permit, certification or registration to execute a release will be made on a case by case basis depending on the nature of the job the applicant will be performing and results of the review of the other information provided in the individual's application.

Affected Parties

Applicants for a principal or key employee license will be required to execute releases that will enable the Board to receive information under a request for information under the Right-to-Know Law or the Freedom of Information Act. The Board receives approximately 700 to 800 principal and key employee applications annually.

*Fiscal Impact
Commonwealth*

Applicants are responsible for paying the costs associated with the review of their applications. Therefore, these amendments will have no fiscal impact on the Board or other agencies of the Commonwealth.

Political Subdivisions

This proposed rulemaking will have no fiscal impact on political subdivisions of this Commonwealth.

Private Sector

Applicants who are required to execute these releases will be responsible for reimbursing the Board for any costs associated with the filing of the requests for information and time spent reviewing the information that is received.

General Public

This proposed rulemaking will have no fiscal impact on the general public.

Paperwork requirements

The Board is in the process of amending its existing applications to include the releases related to requests for information under the Right-to-Know Law or the Freedom of Information Act. These releases are not lengthy and should only take a few minutes for an applicant to complete.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking, within 30 days after the date of publication in the *Pennsylvania Bulletin* to Paul Resch, Secretary, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Regulation #125-84.

Contact Person

The contact person for questions about this proposed rulemaking is Richard Sandusky, Director of Regulatory Review, at (717) 214-8111.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (act) (71 P. S. § 745.5(a)), on April 21, 2008, the Board submitted a copy of this proposed rulemaking and a copy of the Regulatory Analysis Form to the Independent Regulatory Review Commission (Commission) and to the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the act, the Commission may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 63]

[L-2008-2020165/57-261]

Telecommunications Relay Service System and Relay Service Fund

The Pennsylvania Public Utility Commission (Commission) on January 24, 2008, adopted a proposed rulemaking order which ensures adequate Telecommunications Relay Service (TRS) fund balances, timely remittance of TRS fund revenues and cooperation with TRS fund audits.

Executive Summary

On January 25, 2008, at Docket No. L-2008-2020165, the Commission entered a proposed rulemaking order soliciting comments on changing, clarifying and codifying provisions of the existing Policy Statement in 52 Pa. Code §§ 69.511—69.513 relating to the operation of the TRS System and the Relay Service Fund. Interested persons will be provided with 30 days from the date the order is published in the *Pennsylvania Bulletin* to submit comments regarding the proposed regulation.

The Commission is proposing to codify existing reporting and remitting obligations of the wireline carriers, which have been the operative norm for a number of years, under both the Commission's 1990 orders at M-00900239 and the existing Policy Statement. Voluntary compliance with the policy statement has been spotty, leading to extended collection efforts, estimated surcharges, and inequitable allocations of the costs of the funded programs. The proposed regulation will not create any significant new burdens on affected wireline carriers. The reporting and remitting forms will stay the same, but

the filing dates and filing destinations would change. The Annual Access Line Summary Report (number of lines in service as of a particular day) would be due 2 months earlier than under the existing Policy Statement. The Annual Tracking Report (list of monthly remittances for a prior 12-month period) would be due 1 month earlier than under the existing Policy Statement. Both forms would be filed with the Commission's Secretary's Bureau.

The Commission views the proposed regulation as a tool to ensure timely, accurate and equitable funding of the programs mandated by the Universal Telecommunications and Print Media Access Act (35 P. S. §§ 6701.1—6701.4).

Public Meeting held
January 24, 2008

Commissioners Present: Wendell F. Holland, Chairperson; James H. Cawley, Vice Chairperson; Tyrone J. Christy; Kim Pizzingrilli, Statement follows

Proposed Rulemaking to Amend 52 Pa. Code Chapter 63 (relating to Telephone Service) re Operation of Telecommunications Relay Service System and Relay Service Fund; Doc. No. L-2008-2020165

Proposed Rulemaking Order

By the Commission:

The Commission's Policy Statement in 52 Pa. Code §§ 69.511—69.513 became effective after publication at 29 Pa.B. 2034 (April 17, 1999). The Policy Statement establishes parameters for collecting information necessary to manage the TRS fund. We propose herein a rulemaking to codify provisions of the Policy Statement so as to ensure adequate TRS fund balances, timely remittance of TRS fund revenues, and cooperation with TRS fund audits. Comments on this Proposed Rulemaking may be filed on or before 30 days after the date of publication of this Order in the *Pennsylvania Bulletin*. Reply comments will not be accepted.

Specifically, we propose to: (1) move the due date for the filing of the annual access line summary report from April 30 to March 1; (2) move the due date for the filing of the annual tracking report from April 30 to March 31 and adjust the reporting year from April-through-March to March-through-February; (3) direct that both reports be filed with the Commission's Secretary's Bureau; and (4) establish enforcement procedures for inaccurate, late, or missing TRS reports and for inaccurate, late, or missing TRS fund payments. Upon completion of the rulemaking, we shall rescind the Policy Statement.

Background

On May 24, 1990, at Docket No. M-00900239, the Commission approved the implementation of the Pennsylvania TRS¹ and established a funding mechanism. The TRS assists people with hearing and/or speech disabilities to use the telephone and seeks to ensure equivalent access to telecommunications services. In 1996, the Telecommunications Device Distribution Program (TDDP) was implemented to provide assistive customer premises equipment based upon income-level criteria. In 2005, the Print Media Access System Program (PMASP) was added to provide newspaper reading services for persons who are blind. These three programs are now collectively codified at the Universal Telecommunications and Print Media Access Act.

Costs associated with the intrastate operations of the three programs are recovered from residential and business wireline access line end-users by a monthly sur-

charge (TRS Surcharge) on local service telephone bills. The TRS Surcharge is recalculated annually and adjusted as necessary, effective July 1, based upon projected costs of the various programs and the number of wireline access lines in service as of December 31 of the preceding year. LECs remit the TRS Surcharge collection revenues monthly to the TRS Fund Administrator. See annual orders at TRS, Docket No. M-00900239.

In 1999, to ensure the successful operation of the TRS fund, the Commission, at Docket No. M-00900239, adopted the existing Policy Statement. The intent of the Policy Statement was to address the difficulties that the Commission was experiencing in collecting the surcharge revenues and to foster cooperation from the LECs in submitting the documentation required to conduct annual audits of the TRS fund.

The existing Policy Statement provides that LECs "file" their annual access line summary reports² with the Bureau of Fixed Utility Services (FUS) by April 30. The Commission uses the annual summary line count information to establish adjustments to the TRS Surcharge by June 1, and the LECs implement any required changes by July 1. The existing Policy Statement also provides that the LECs "file" their annual tracking reports with FUS by April 30, tallying the monthly collected TRS surcharge revenues. The tracking reports cover a 12-month period from April to March. The tracking information is used by the Commission to reconcile the TRS Fund. 52 Pa. Code §§ 69.511—69.513.³

²The Annual Access Line Summary Report and the Annual Tracking Report forms may be downloaded from the Commission's web site at: <http://www.puc.state.pa.us/general/onlineforms.aspx#Telecommunications%20Forms>.

³The Policy Statement may be found online at <http://www.pacode.com/secure/data/052/chapter69/s69.511.html>; <http://www.pacode.com/secure/data/052/chapter69/s69.512.html>, and <http://www.pacode.com/secure/data/052/chapter69/s69.513.html>. It provides as follows:

§ 69.511. General.

(a) On May 24, 1990, at Docket M-900239, entitled "Pennsylvania Telecommunications Relay Services," the Commission granted approval of the implementation of the Pennsylvania Telecommunications Relay Service (TRS) for people with hearing or speech, or both, disabilities. A Relay Service Fund (Fund) was established to recover charges associated with the operation of the TRS. The Commission established a mechanism to adequately compensate the Fund through a monthly end-user billing surcharge, based on access lines, collected by Pennsylvania's Incumbent Local Exchange Carriers (ILECs) and Competitive Local Exchange Carriers (CLECs). These revenues are to be remitted on a monthly basis.

(b) To effectively monitor and evaluate the revenue data, the Commission established a tracking schedule for the filing of tracking reports. All ILECs and CLECs are required to file an Annual Tracking Report and an Annual Access Line Summary Report by April 30th. These reports require that the ILECs and CLECs break out the requisite data consistent with the current report forms. Further, the Annual Tracking Report requires that the data be broken out on a monthly basis beginning with April of the previous year and ending with March of the current year. The surcharge revenue collections data for each month includes the actual surcharge revenues collected from a company's end-users that month and remitted to the Fund by the 20th of the following month. The Commission directed the Bureau of Audits to conduct an annual audit of the TRS in its order dated September 3, 1992.

§ 69.512. Timely remittance of revenues.

(a) Under existing Commission Orders, Incumbent Local Exchange Carriers (ILECs) and Competitive Local Exchange Carriers (CLECs) which collect revenues owed to the Relay Service Fund (Fund) are to remit these revenues to the Fund by the 20th of each month for revenues collected during the prior month. Delays in remitting revenues to the Fund result in lost earnings. The Commission intends to ensure that the Fund is properly funded through a reimbursement by the companies which fail to timely remit revenues.

(b) To properly reimburse the Fund, each company which is late in remitting surcharge revenues will be required to calculate for lost earnings based upon the base rate on corporate loans posted by at least 75% of the Nation's 30 largest banks, also known as the "prime rate," beginning at the date of the occurrence of the error and continue until the revenues are properly remitted to the Fund.

§ 69.513. Filing of Telecommunications Relay Service (TRS) reports.

(a) *Annual tracking report.* Incumbent Local Exchange Carriers (ILECs) and Competitive Local Exchange Carriers (CLECs) are currently required to submit an Annual Tracking Report to the Bureau of Fixed Utility Services by April 30th which delineates the monthly revenues collected based upon the number of each company's access lines. A company's failure to submit its Annual Tracking Report by April 30th impairs the Bureau of Audits' ability to complete the required annual audit of the Fund. The Annual Tracking Reports effectively include revenues actually collected during the prior 12-month period. The timely filing of the tracking reports is essential to avoid underfunding the Relay Service Fund (Fund) by the surcharge revenue and related investment income which the revenues would have earned.

(b) *Annual Access Line Summary Report.* ILECs and CLECs are currently required to submit an Annual Access Line Summary Report to the Bureau of Fixed Utility Services by April 30th detailing each company's access line count. A company's failure to submit its Annual Access Line Summary Report or to correctly report its access line information, impairs the ability of the Bureau of Fixed Utility Services to establish the proper TRS surcharge rates. The receipt of a timely and correct Annual Access Line

Under 66 Pa.C.S. §§ 3015(e)(3) and (6), the Commission is expressly authorized to require the submission of annual access line summary reports and annual tracking reports.

Discussion

Our Policy Statement specifying filing dates, payment obligations, and enforcement procedures has been in effect since 1999. At this time, we propose to codify portions of its provisions in our regulations in 52 Pa. Code § 63.37. Promulgating parameters for the annual reporting and monthly payments in our regulations will ensure that all LECs are held to the same standards for compliance and ensure that the binding norms are properly imposed in compliance with the Regulatory Review Act (71 P. S. §§ 745.1—745.14).

The purpose for the Policy Statement was to ensure accurate TRS Surcharge calculations, accurate and timely remittance of TRS Surcharge revenues, and cooperation with audit procedures. These goals remain equally valid today for the proposed rulemaking. The Bureau of Audits (Audits) uses the tracking report data to conduct periodic audits of the TRS fund. A LEC's failure to submit its annual tracking report on a timely and accurate basis impairs Audits' ability to complete the required audits of the Fund. Timely and accurate remittance of the TRS revenues and timely and accurate filing of the tracking reports are essential to properly capitalize the Fund by the surcharge revenue and the related investment income that the revenues would have earned.

Similarly, FUS uses the access line counts to calculate the next years' TRS surcharge. A LEC's failure to timely submit its annual access line summary report or to accurately report its access line information impairs FUS' ability to calculate the proper TRS surcharge rates. Receipt of a timely and accurate annual access line summary report is essential to avoid underfunding (or overfunding) the TRS Fund.

Rather than use the exact language of the existing Policy Statement, however, we are proposing to streamline and clarify the language. We also propose to adjust time lines and to provide that the requisite reports be filed with the Secretary's Bureau rather than with FUS.

Sections 69.511(b) and 69.513(b) of the existing Policy Statement provide that LECs submit their annual access line summary report by April 30. This would change to March 1 under the proposed regulations. With the increase in the number of LECs and the additional funded programs since 1990, the window between April 30 when line count reports are submitted under the Policy Statement and July 1 when the new TRS Surcharge takes effect is insufficient. To establish the monthly surcharge for each year, the Commission has only 1 month to receive the reports of annual access line counts from individual LECs, track down missing reports, factor in the cost estimates of the three programs and ancillary costs, and approve and publish the new surcharge. The new surcharge is published by June 1 so as to give the LECs time to file tariff changes and process billing system adjustments in order to implement the new surcharge by July 1. Missing reports require Staff to estimate line counts. Estimated or inaccurate line counts can skew the TRS surcharge and result in over or under

Summary Report is essential to avoid underfunding the TRS Fund.

(c) An ILEC or CLEC which fails to timely remit an Annual Tracking Report may need to reimburse the Fund under § 69.512 (relating to timely remittance of revenues). The Commission may also utilize all available remedies to ensure reporting and remittance compliance including fines and the revocation of Certificates of Public Convenience.

collections in the TRS fund. Moving the due date for the annual access line summary reports to March 1 will ensure greater precision in setting the TRS surcharge each year. We do not propose to change the date to count the lines in service. We believe that the time period between January 2 and February 28 should be sufficient to count and report access lines in service.

Sections 69.511(b) and 69.513(a) of the existing Policy Statement provide that LECs submit their annual tracking reports by April 30. This would change to March 31 under the proposed regulation. This earlier date will allow better tracking of the filing compliance by the LECs. The months covered by the tracking report would shift from April-through-March to March-through-February for the preceding year.

Under the Policy Statement, LECs file their access line count and tracking reports with FUS. Under the proposed regulations, the LECs would file their annual access line summary reports and their annual tracking reports directly with the Commission's Secretary's Bureau rather than with FUS. This change is appropriate because the Secretary's Bureau is the official recipient of all matters to be filed with the Commission. See 52 Pa. Code § 1.4.

Finally, we propose to clarify the language relating to enforcement matters. The Policy Statement provides, *inter alia*, that a LEC that fails to remit timely tracking data may need to reimburse the Fund for lost earnings and is subject to all available remedies to ensure reporting and remittance compliance including fines and the revocation of Certificates of Public Convenience. The proposed regulation addresses failures to submit the line count reports, the tracking reports, or the payments in an accurate and timely manner. Under the proposed regulations, LECs that fail to timely and accurately submit a tracking report or an access line summary report or that fail to timely and accurately remit TRS surcharge revenues will be subject to reimbursement obligations. The Commission will utilize all available remedies to ensure accurate and timely reporting and remittance compliance, including interest on late payments, fines, and the revocation of certificates of public convenience.

Interested parties shall have 30 days to comment on the proposed regulations, which are attached in Annex A. Reply comments will not be accepted.

Conclusion

Accordingly, under 66 Pa.C.S. §§ 501, 1501, 3015 and 3019; sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202), and the associated regulations in 1 Pa. Code §§ 7.1, 7.2 and 7.5; section 204(b) of the Commonwealth Attorneys Act (71 P. S. § 732.204(b)); section 5 of the Regulatory Review Act (71 P. S. § 745.5); section 612 of The Administrative Code of 1929 (71 P. S. § 232), and the associated regulations in 4 Pa. Code §§ 7.231, 7.232, 7.233 and 7.234, we are considering adoption of the proposed regulation in Chapter 63 to our regulation in telephone service as set forth in Annex A; *Therefore*,

STATEMENT OF COMMISSIONER KIM PIZZINGRILLI

Today the Commission initiates a rulemaking to codify our current policy statement governing the filing and reporting requirements related to the Commission's monitoring of the Telecommunication Relay Service (TRS) program. See 52 Pa. Code §§ 69.511—69.513. The Policy Statement requires that local exchange carriers file an annual access line count summary and tracking report with the Commission. The information contained in these reports is used by the Commission to calculate the annual TRS Surcharge Adjustment and audit the TRS program.

I fully support the codification of the Policy Statement and believe that promulgating regulations will promote a greater level of compliance with the reporting requirements set forth in the Policy Statement and enhance the ability of the Commission to enforce these requirements.

I also support moving the access line count summary reporting date from April 30 to March 1 of each year. The earlier reporting date affords Commission Staff much needed time to collect line count information and ensure a timely and accurate calculation of the TRS surcharge.

However, I question whether the need exists, at this time, to adjust the reporting period and filing deadline for the annual tracking report from April 30 to March 31. This report is used by the Commission to audit the TRS program. A change to the filing date of the access line report does not necessarily support a change to the tracking report filing deadline.

Despite my reservation regarding the change proposed to the tracking report deadline, I support the initiation of this rulemaking and look forward to reviewing the comments of the parties. In light of this proposed rulemaking, it may be prudent for the Commission to begin a comprehensive review of the reporting deadlines for each of the reports required by the Commission and evaluate whether consistency can be established for reporting deadlines rather than the current varying due dates.

TITLE 52. PUBLIC UTILITIES

PART I. PUBLIC UTILITIY COMMISSION

Subpart C. FIXED SERVICE UTILITIES

CHAPTER 63. TELEPHONE SERVICE

Subchapter C. ACCOUNTS AND RECORDS

§ 63.37. Operation of the Telecommunications Relay Service System and Relay Service Fund.

(a) *General.*

(1) The Pennsylvania Telecommunications Relay Service (TRS), the Telecommunications Devices for the Deaf Program, and the Print Media Access System Program are codified in the Universal Telecommunications and Print Media Access Act (35 P. S. §§ 6701.1—6701.4). The Relay Service Fund (Fund) covers eligible intraState costs associated with the operation of the three programs. The costs are recovered from residential and business wireline access line end-users by a monthly surcharge on local service telephone bills.

(2) To permit the Commission to effectively monitor and evaluate the revenue and cost data associated with the Fund, each local exchange carrier (LEC) shall file an annual tracking report delineating monthly revenues collected and remittances for late payments for the preceding 12-month year and an annual access line summary report detailing its access line count as of December 31 of the preceding year. The tracking data are used for periodic audits of the Fund. The access line counts are used to calculate the next year's TRS surcharge.

(b) *Timely remittance of revenues.*

(1) LECs shall remit the TRS surcharge revenues to the Fund Administrator by the 20th of each month for revenues collected during the prior month.

(2) Delays or inaccuracies in remitting revenues to the Fund result in lost earnings by the Fund. An LEC that is late in remitting surcharge revenues shall remit an additional contribution to the Fund to make up for lost Fund earnings. The additional contribution must be based upon the published prime rate in effect at the time of the missed due date and cover the period beginning at the date of the occurrence of the failure to remit and continue until the surcharge revenues are properly remitted to the Fund.

(c) *Filing of TRS reports.*

(1) *Annual tracking report.* An LEC shall submit its annual tracking report to the Secretary's Bureau by

March 31 of each year, in the format and detail specified on the Commission's web site (www.puc.state.pa.us).

(2) *Annual access line summary report.* An LEC shall submit its annual access line summary report to the Secretary's Bureau by March 1 of each year, in the format and detail specified on the Commission's web site.

(d) *Failure to remit TRS revenues or to file TRS reports.* An LEC that fails to timely and accurately submit a tracking report or an access line summary report or that fails to timely and accurately submit TRS surcharge revenues may need to reimburse the Fund under subsection (b). The Commission will utilize all available remedies to ensure reporting and remittance compliance including fines and the revocation of Certificates of Public Convenience.

STATE BOARD OF MEDICINE

[49 PA. CODE CH. 18]

Acupuncture Registration

The State Board of Medicine (Board) proposes to amend § 18.15 (relating to practice responsibilities of acupuncturist who is not a medical doctor), to read as set forth in Annex A.

A. *Effective Date*

The amendments will be effective upon publication as final-form rulemaking in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

The act of November 29, 2006 (P. L. 1625, No. 186) (Act 186) amended the Acupuncture Registration Act (act) (63 P. S. §§ 1801—1806) to authorize an acupuncturist or practitioner of Oriental medicine (hereinafter referred to collectively as acupuncturists) to treat a patient's condition through acupuncture or by dispensing or administering medicinal herbs for up to 60 days without the patient's condition first being diagnosed by a physician, dentist or podiatrist. See 63 P. S. § 1803.1. In addition, section 21 of the Medical Practice Act of 1985 (63 P. S. § 422.21), provides for the various levels of required medical doctor involvement with the care of patients who are being treated by nonphysicians.

C. *Background and Purpose*

This proposed rulemaking seeks to amend the Board's existing regulations to implement the 60-day direct access provision of Act 186 and provide for patient safety by establishing protocols for a cooperative relationship between the patient's acupuncturist and the patient's treating physician, as applicable.

Act 186 contains two substantive provisions regarding the practice of acupuncture:

1. It gives acupuncturists the authority to treat patients for 60 days without any physician involvement.

2. It deletes from the act the statutory requirement that a patient obtain a referral or prescription for acupuncture services and substitutes a requirement for a medical examination and diagnosis if treatment will continue beyond 60 days.

The 60-day access provision is self-executing. However, the provision dealing with physician involvement keeps open the question as to what responsibilities the physician still has under the Medical Practice Act regarding to the needs of the patient if the patient has contraindications for acupuncture or herbal treatments. Similarly, the act does not provide for the acupuncturists responsibilities to their patient when it is apparent that despite acupuncture treatment the patient's condition is worsening. Accordingly, it is appropriate for the Board to establish regulations to address the question as to the professionals' obligation to safeguard the well being of their joint patients.

D. *Description of Amendments*

The rulemaking proposes to amend § 18.15 to comport with Act 186 to authorize an acupuncturist or practitioner of Oriental medicine to treat a patient's condition for up to 60 days without the condition first being diagnosed by a physician, dentist or podiatrist. The rulemaking also proposes to amend § 18.15 to provide for the responsibilities of the acupuncturist regarding the coordination of patient care with the patient's physician, dentist or podiatrist.

Section 18.15 would be amended throughout to add "practitioners of Oriental medicine" consistent with the Board's prior final rulemaking published at 37 Pa.B. 1644 (April 14, 2007).

Subsection (a)(1) would require acupuncturists to perform an evaluation of the patient and develop an acupuncture or Oriental medicine treatment plan.

Subsection (a)(2) would provide for the acupuncturist to treat patients for 60 calendar days without the patient's condition being first diagnosed by a physician, dentist or podiatrist.

Subsection (a)(3) would permit continued acupuncture or Oriental medicine treatment beyond 60 calendar days if the patient obtains an examination and diagnosis from a physician, dentist or podiatrist.

Subsection (a)(4) would require acupuncturists to refer a patient within the 60 calendar days to a physician, dentist or podiatrist, as appropriate to the patient's condition, if acupuncture or Oriental medicine treatment is contraindicated for the patient or if the patient's condition worsens.

Subsection (a)(4) would require the acupuncturist to consult with the patient's physician, dentist, podiatrist or other health care practitioner at the patient's request.

Subsection (a)(5) would require the acupuncturist to cooperate with the patient's physician, dentist or podiatrist regarding the coordination of the patient's care, and to comply with restrictions or conditions as directed by the patient's physician, dentist or podiatrist.

Subsection (a)(6) would prohibit acupuncturists from diagnosing a physical or mental ailment or condition or prescribing or dispensing a drug. The subsection would allow practitioners of Oriental medicine to dispense and administer therapeutic herbs that contain ingredients that are similar or equivalent to active ingredients in drugs as classified by the Food and Drug Administration.

The subsection would also permit the use of diagnostic billing codes used for payment and reimbursement.

Subsection (a)(7) would require compliance with sterilization standards relative to aseptic practices.

Subsection (a)(8) would require that patient records be maintained in a manner consistent with the Board's recordkeeping regulation in § 16.95 (relating to medical records).

Subsection (b) would be amended to delete outdated provisions pertaining to supervision of acupuncturists. The requirement that acupuncturists identify themselves as such is retained.

E. *Compliance*

The Board met with representatives of the Pennsylvania Association for Professional Acupuncture (Association). The comments from the Association were primarily technical in nature and were incorporated into this proposed rulemaking. The Association also commented on the language requiring referral if the patient's condition worsens. The Association's comments expressed concern that the patient's perception of his condition may not be accurate from clinical perspective. In recognition that the initial determination of the progress and appropriateness of treatment is a professional one, the Board has made it clear to the Association that it is the acupuncturist who is responsible for making that determination.

The law firm of Kalegredis, Sansweet, Dearden and Burke, LTD, submitted written comments. The comments asserted that requiring the acupuncturist to refer patients to other health care practitioners was problematic because such a requirement was not contemplated by Act 186 and because "worsening" of the patient's condition was subjective and undefined. The Board disagrees. Act 186 does not preclude the Board from adopting regulations giving effect to other related provisions of law, including section 21 of the Medical Practice Act of 1985, which provides for necessary medical doctor involvement with health care being administered by persons other than medical doctors. Moreover, one need only examine the warning labels of over-the-counter medications to appreciate that the term "worsens" is a commonly understood concept by patients as well as health care practitioners. Indeed, during Board meetings at which the proposal was being discussed, when asked by the Board how an acupuncturist knows when the acupuncture treatment being provided is contraindicated, the acupuncturist representatives of the Pennsylvania Association for Professional Acupuncture stated that the patient gets "worse." Lastly, this provision is consistent with existing § 18.15(b)(1), which this proposal would merely relocate to § 18.15(a).

Kalegredis, Sansweet, Dearden and Burke, LTD, also recommended that the Board allow for the use of diagnostic billing codes in § 18.15(a)(6). The Board agrees that this is a helpful clarification and has incorporated it into this proposed rulemaking. Kalegredis, Sansweet, Dearden and Burke, LTD, also recommended that the rulemaking clarify that practitioners of Oriental medicine may use other supplemental techniques. The Board does not believe this is necessary because under the Board's regulations all practitioners of Oriental medicine are acupuncturists, with the additional authority of being authorized

to provide Chinese herbal therapy. Accordingly, practitioners of Oriental medicine may use all the modalities that acupuncturists are authorized to use without further revision to the regulations.

Kalegredis, Sansweet, Dearden and Burke, LTD, also suggested that requiring acupuncturists to maintain records in a manner consistent with the Board's regulations in § 16.95 is inappropriate because that section refers to physicians. The Board believes the comment misapprehends that the use of the phrase "consistent with" qualifies the reference to § 16.95. The Board has not incorporated § 16.95 by reference, but rather requires the acupuncturist to maintain those records developed during the acupuncturist-patient relationship in a manner so that the records are accurate, legible, complete and accessible to patients. The Board believes it unnecessary to recreate these requirements for each Board-regulated practitioner. The Board has plans for future rulemaking that will amend and make more generic certain regulations that are of common application to all Board-regulated practitioners. This rulemaking is consistent with that plan.

F. Fiscal Impact and Paperwork Requirements

There is no adverse fiscal impact or paperwork requirement imposed on the Commonwealth, political subdivision or the private sector.

G. Sunset Date

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (act) (71 P. S. § 745.5(a)), on April 21, 2008, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria that have not been met. The act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations and objections raised.

I. Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding the proposed rulemaking to Gerald S. Smith, Senior Counsel in Charge, Department of State, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication for the proposed regulation in the *Pennsylvania Bulletin*. Refer to 16A-4924: Acupuncture when submitting comments.

A. *Effective Date*

This proposed rulemaking will go into effect upon publication in the *Pennsylvania Bulletin* as a final-form rulemaking.

B. *Contact Person*

For further information contact Robert Gentzel, Director of Communications and Policy, State Employees' Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716, (717) 787-9657, or Brian E. McDonough, Deputy Chief Counsel, State Employees'

Retirement System, 30 North Third Street, Suite 150, Harrisburg, PA 17101-1716, (717) 783-7317. Information regarding submitting comments on this proposal appears in Section H of this preamble.

C. *Statutory Authority*

This proposed rulemaking is being made under the authority of 71 Pa.C.S. § 5902(h) (relating to administrative duties of the board).

E. *Benefits, Costs and Compliance*

Benefits

The proposed rulemaking is intended to alleviate confusion and prevent possible disputes with regard to conflicting demands on members' retirement benefits.

Costs

There are no costs to the Commonwealth, its citizens or State employees associated with this proposal.

Compliance Costs

The proposed rulemaking is not expected to impose any additional compliance costs on State employees.

F. *Sunset Review*

There is no sunset review.

G. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (act) (71 P. S. § 745.5(a)), on April 18, 2008, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Finance Committee and the House State Government Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The proposed allocation represents no increase in groundwater withdrawals, no increase from the Delaware River intake and the inclusion in a Commission docket of previously undocketed pre-Compact DNREC allocations from Dragon Run and Red Lion Creek. The project is located in the Potomac Formation in the C & D Canal East, Dragon Run Creek, Red Lion Creek and Delaware River watersheds in Delaware City, New Castle County, DE.

The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

**Acknowledgment of Notices of Intent to Remediate
 Submitted under the Land Recycling and Envi-
 ronmental Remediation Standards Act (35 P. S.
 §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environ-
 mental Remediation Standards Act (act) require the
 Department of Environmental Protection (Department) to
 publish in the *Pennsylvania Bulletin* an acknowledgment
 noting receipt of Notices of Intent to Remediate. An
 acknowledgment of the receipt of a Notice of Intent to
 Remediate is used to identify a site where a person
 proposes to, or has been required to, respond to a release
 of a regulated substance at a site. Persons intending to
 use the Background Standard, Statewide Health Stan-
 dard, the Site-Specific Standard or who intend to remedi-
 ate a site as a special industrial area must file a Notice of
 Intent to Remediate with the Department. A Notice of
 Intent to Remediate filed with the Department provides a
 brief description of the location of the site, a list of known
 or suspected contaminants at the site, the proposed
 remediation measures for the site and a description of the
 intended future use of the site. A person who demon-
 strates attainment of one, a combination of the cleanup
 standards or who receives approval of a special industrial
 area remediation identified under the act will be relieved
 of further liability for the remediation of the site for any
 contamination identified in reports submitted to and
 approved by the Department. Furthermore, the person
 shall not be subject to citizen suits or other contribution
 actions brought by responsible persons not participating
 in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act,
 there is a 30-day public and municipal comment period
 for sites proposed for remediation using a Site-Specific
 Standard, in whole or in part, and for sites remediated as
 a special industrial area. This period begins when a
 summary of the Notice of Intent to Remediate is pub-
 lished in a newspaper of general circulation in the area of
 the site. For the sites identified, proposed for remediation
 to a Site-Specific Standard or as a special industrial area,

the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State

operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984. Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

55-00001C: Sunbury Generation, LP (Old Trail Road, P. O. Box 517, Shamokin Dam, PA 17876) has submitted an application (No. 55-00001C) to the Department of Environmental Protection (Department) for plan approval for the construction and operation of a wet flue gas desulfurization (FGD) system to control the SO_x and mercury emissions from the facility's existing six coal fired utility boilers. The application also proposes to replace the four existing pressurized type baghouses that control the PM emissions from existing boilers 1A, 1B, 2A and 2B with new balanced draft pulse jet type fabric filters. Additionally, the plan approval proposes to construct a limestone handling and storage operation along with a gypsum dewatering and handling system. The gypsum generated by the proposed FGD will be temporarily stored onsite and sold as a product. The facility is located in Shamokin Dam Borough, **Snyder County**. The respective facility is a major facility for which a Title V operating permit 55-00001 has been issued.

Sunbury Generation, LP conducted a modeling analysis to demonstrate that the operation of the proposed flue-gas desulfurization system will not cause or contribute to violations of the National Ambient Air Quality Standards (NAAQS) in accordance with 25 Pa. Code §§ 127.11 and 127.12(6) and the Pennsylvania Ambient Air Quality Standards (PAAQS) set forth in 25 Pa. Code § 131.3. Please see the table:

<i>Pollutant</i>	<i>Avg Period (µG/M3)</i>	<i>Max Model (µG/M3)</i>	<i>Background (µG/M3)</i>	<i>Sum (µG/M3)</i>	<i>NAAQS (µG/M3)</i>	<i>% of NAAQS</i>
Carbon Monoxide (CO)	1-hr	59	3,208	3,267	40,000	8.2 %
	8-hr	16	2,406	2,422	10,000	24.2%
Sulfur Oxides (SO ₂)	3-hr	816	87	903	1,300	69.5%
	24-hr	188	40	228	365	62.5%
	Annual	22	8	30	80	37.5%
Particulate Matter < 10 microns (PM ₁₀)	24-hr	34	49	83	150	55.3%
Nitrogen Oxides (NO ₂)	Annual	31	10	41	100	41.0%

SO₂ concentrations were significantly lower due to the use of the lower emission rates. An emission rate of 0.56 pound per mmBtu (3-hour block average) was used for the FGD stack, which was agreed to by the Department and Sunbury Generation, LP. Beryllium concentrations were based on emission rates included in Sunbury's revised plan approval application and maximum 1-hour modeled concentrations adjusted to the PAAQS 30-day Beryllium standard (0.01 microgram per cubic meter). The final modeled Beryllium concentrations were below

the PAAQS. Hydrogen Fluoride (HF) concentrations were based on emission rates included in Sunbury's revised plan approval application and maximum 1-hour modeled concentrations adjusted to the PAAQS 24-hour HF standard (5 micrograms per cubic meter). The final modeled HF concentrations were below the PAAQS.

Sunbury's modeling analysis has adequately demonstrated that the proposed emissions from the FGD system associated with the boilers will not cause or contribute to a violation of the NAAQS or PAAQS.

The Department's review of the information submitted by Sunbury Generation, LP indicates that the proposed FGD system, fabric collectors and limestone and gypsum handling/dewatering system will meet all applicable air quality regulatory requirements pertaining to air contamination sources and the emission of air contaminants, including the fugitive PM emission limitation of 25 Pa. Code § 123.1, the PM and SO₂ emission limitations of 25 Pa. Code §§ 123.11 and 123.22, respectively, and BAT requirements of 25 Pa. Code §§ 127.1 and 127.12. The limestone handling and gypsum dewatering systems will also meet the requirements of Subpart OOO of Federal New Source Performance Standards, 40 CFR Part 60 §§ 60.670—60.676. Based on these findings, the Department intends to approve the application and issue a plan approval for construction and operation of all the sources and the air cleaning devices proposed in the plan approval application. Additionally, if the Department determines that the sources and air cleaning devices are operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into Title V operating permit 55-00001 by means of an administrative amendment under 25 Pa. Code § 127.450.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

E46-1004. Mirabile Assoc., LP, P. O. Blue Bell, PA 19422, West Norriton Township, **Montgomery County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities for Mirabile Tract at 573 East Main Street along a tributary of Indian Creek (WWF):

1. To modify and maintain an existing stream enclosure of a UNT of Indian Creek (Tributary 1) by removing 49 linear feet of pipe at the downstream end of the existing structure and to maintain the remaining 54 linear feet of 36-inch corrugated metal pipe (CMP), a rock riprap apron and a restored open channel segment. The existing structure is attached to the Ridge Pike culvert by means of a junction box and consists of 54 linear feet of 36-inch CMP, a manhole and 49 linear feet of 36-inch CMP.

2. To relocate 760 linear feet of a UNT of Indian Creek (Tributary 1) by constructing a channel on a new alignment starting at the terminus of the culvert noted in Item 1 above and extending to a point of confluence with a UNT of Indian Creek (Tributary 2) onsite. Approximately 1,177 linear feet of the former abandoned stream, including two stream enclosures and a bridge will be removed and the channel backfilled.

3. To modify 360 linear feet of UNT from the confluence of the relocated channel noted in Item 2 above. This work includes the removal of a bridge.

4. To construct and maintain a stream enclosure consisting of 335 linear feet of twin 44-inch by 72-inch CMPA along the relocated channel noted in Item 2 above.

5. To construct and maintain a 15-inch RCP outfall along the relocated stream channel located immediately downstream of the stream enclosure noted in Item 4 above.

6. To construct and maintain a road crossing consisting of 30 linear feet of 3.5-foot by 12-foot box culvert across the relocated channel noted in Item 2 above.

The project will result in the net restoration of approximately 800 linear feet of stream. The site is located approximately 1,000 feet southeast of the intersection of Egypt Road and SR 363 (Collegeville, PA, USGS Quadrangle N: 1.5 inches, W: 1.2 inches).

The issuance of this permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. 1341(a)).

E09-911. WV Holdings, LLC, Meetinghouse Business Center, Suite 120, 120 West Germantown Pike, Plymouth Meeting, PA 19462, Hilltown Township, **Bucks County**, ACOE Philadelphia District.

To enclose and relocate a UNT to the West Branch Neshaminy Creek (WWF, MF). In the existing condition, the UNT was enclosed in a culvert for a length of 1,442 linear feet within Department of Transportation (Department) right-of-way. This project proposes to extend the enclosed length by 2,766 linear feet upstream of the existing enclosure. Portions of the stream enclosure extension will be within the Department right-of-way. The total proposed length of enclosure will be 4,208 linear feet.

The UNT will also be relocated as part of the proposed stream enclosure. The total length of the proposed stream relocation is 3,212 linear feet. The proposed relocation will route the UNT through a proposed stormwater detention basin (nonjurisdictional dam) and through the Department right-of-way.

This project will impact 0.05-acre of wetlands. These wetlands will be replaced by 0.05-acre of wetlands. A low-flow diversion structure will be installed in the proposed channel to provide hydrology to the replacement wetlands and the downstream watercourse. The higher flows will be directed towards the proposed stormwater detention basin.

This project is associated with the proposed expansion of an existing retail center. The project is located 1,400 feet north of the intersection of Route 309 (County Line Road) and Township Line Road (Telford, PA, Quadrangle N: 7.4 inches, W: 2.0 inches).

SPECIAL NOTICES

Request for Comment and Notice of Public Meeting Proposed Total Maximum Daily Load (TMDL) for the Wilson Creek Watershed in Tioga County

Northcentral Region: Watershed Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

The Department of Environmental Protection (Department) will accept comments on the proposed TMDL developed for the Wilson Creek Watershed in Tioga County. The TMDL was established in accordance with the requirements of section 303(d) of The Clean Water Act. Streams within this watershed were listed in Pennsylvania's 2006 Integrated Water Quality Monitoring and Assessment Report as being impaired due to sedimentation resulting from agricultural activities.

There currently are no State or Federal in-stream numerical water quality criteria for sediment. Therefore, the Department utilized a reference watershed approach to implement the applicable narrative criteria. The proposed TMDL sets allowable loadings of sediment in the Wilson Creek Watershed. Sediment loadings were allocated among all land use categories present in the watershed. Data used in establishing this TMDL were generated using a water quality analysis model designed by the Pennsylvania State University.

The data and all supporting documentation used to develop the proposed TMDL are available from the Department. The proposed TMDL and information on the TMDL program can be viewed on the Department's web site at www.dep.state.pa.us (PA Keyword: TMDL). To request a copy of this TMDL contact: L. Richard Adams, Watershed Management Program Manager, Department of Environmental Protection, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448.

The Department will consider all comments in developing the final TMDL, which will be submitted to EPA for approval. Written comments will be accepted at the previously listed address and must be postmarked by June 11, 2008. A public meeting to discuss the technical merits of the TMDL will be held on May 28, 2008, at 7 p.m. at the DCNR, Bureau of Forestry, District Office No.16, 1 Nessmuk Lane, Wellsboro, PA 16901.

Final Technical Guidance—Minor Revision:

DEP ID: 394-0300-001. Title: Pennsylvania Coastal Resources Management Program Technical Guidance Document. Description: At 36 Pa.B. 6599 (October 28, 2006), 33 Pa.B. 426 (January 18, 2003) and 31 Pa.B. 886 February 10, 2001) the Department, as required by 15 CFR 923.84(b)(2) (relating to routine program changes), published notice that it was proposing several program changes to its Coastal Resources Management (CRM) Program and requested public comments be submitted to the National Oceanic and Atmospheric Administration's Office of Ocean and Coastal Resource Management (OCRM) on whether the changes constitute a Routine Program Change (RPC). An RPC is defined in Federal regulations (15 CFR 923.84) as, "Further detailing of a

state's program that is the result of implementing provisions approved as part of the state's approval management program that does not result in (an amendment)." Essentially, RPCs are clarifications, minor revisions or improvements that do not substantially alter one or more of the following Coastal Zone Program areas: Uses Subject to Management; Special Management Areas; Boundaries; Authorities and Organization; and Coordination, Public Involvement and the National Interest. The Department determined that the program changes constituted RPCs in accordance with 15 CFR 923 (relating to coastal zone management program regulations) and OCRM concurred with its determination.

These previously approved RPCs are now being incorporated into the *Pennsylvania Coastal Resources Management Program Technical Guidance Document* (394-0300-001). The RPC changes to the Guidance Document can be categorized either as changes to state regulations, or changes specific to requirements of the Federal Coastal Zone Management Act. The Guidance Document contains state regulations that OCRM approved as part of the original Program in 1980. Over time these regulations have been amended, and these amendments must also be incorporated into the Guidance Document. All the regulatory amendments that have been incorporated into the Guidance Document have been approved by OCRM, undergone public review and comment periods and have been previously published in the *Pennsylvania Bulletin*.

Some examples of the RPC additions to the Guidance Document include:

- The addition of interstate consistency
- Boundary changes
- Addition of an Ocean Resources Policy
- Uses subject to management
- Special management Areas
- Renaming and relocation of the CRM Program
- Changes to the Inventory of Geographical Areas of Particular Concern.

Detailed information on the specific changes to the CRM's enforceable policies, including the document titled the *Pennsylvania Coastal Resources Management Program Technical Guidance Document* (394-0300-001) is available on the Department's web site at www.dep.state.pa.us/river/czmp.htm (select "Program Reference Documents"). Contact: Questions regarding the technical guidance document should be directed to Larry Toth at (717) 772-5622; latothstate.pa.us. Effective Date: May 3, 2008

Pennsylvania's Ambient Air Monitoring Network Plan; Available for Public Comment

On October 17, 2006, the United States Environmental Protection Agency (EPA) promulgated final amendments to the National ambient air monitoring requirements for criteria pollutants at 40 CFR Parts 53 and 58 (relating to ambient air monitoring reference and equivalent methods; and ambient air quality surveillance). See 71 FR 61236 (October 17, 2006). The EPA's final rule requires State and local agencies to enhance air monitoring to "improve public health protection and better inform the public about air quality in their communities." Section 58.10 of 40 CFR (relating to quality assurance) requires

that monitoring agencies adopt an annual air-monitoring network plan, and make the plan available for public inspection for at least 30 days prior to final submission to the EPA Regional Administrator. The plan, which is due July 1, 2008, must include a statement of purpose for each monitor and evidence that siting and operation of each monitor meets Federal requirements. The EPA will also provide an opportunity for review and comment prior to approving or disapproving a State's Monitoring Network Plan.

The EPA's final rule eliminates the requirements for a minimum number of monitors for carbon monoxide, sulfur dioxide and nitrogen dioxide. The final rule also reduces the requirements for a minimum number of PM₁₀ particulate monitors based on population. Given additional quality assurance initiatives and a proposal for adding an air toxics monitoring component to the ambient sampling network, a reduction in the monitoring network is being proposed for 2009 to offset the additional resources required for the changes to the ambient air monitoring network.

The Annual Air Monitoring Network Plan, including the plan to reduce carbon monoxide, sulfur dioxide, nitrogen dioxide and PM₁₀ particulate monitors, is available for public comment on the Department of Environmental Protection's (Department) web site at www.dep.state.pa.us/dep/deputate/airwaste/air/default.htm.

The Department must receive comments on the Annual Air Monitoring Network Plan by June 2, 2008. Written comments should be sent to the attention of Jeffrey Miller, Chief, Department of Environmental Protection, Bureau of Air Quality, Division of Air Quality Monitoring, P. O. Box 8468, Harrisburg, PA 17105-8468 or jeffremill@state.pa.us (please use "Annual Monitoring Network Plan" in the subject line of the e-mail).

10-181	Department of Health School Immunizations; Communicable and Noncommunicable Diseases 38 Pa.B. 750 (February 9, 2008)	3/24/08	4/23/08

**Department of Health
Regulation #10-181 (IRRC #2672)**

School Immunizations; Communicable and Noncommunicable Diseases

April 23, 2008

We submit for your consideration the following comments on the proposed rulemaking published in the February 9, 2008 *Pennsylvania Bulletin*. Our comments are based on criteria in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Department of Health (Department) to respond to all comments received from us or any other source.

1. General Issues—Economic impact; Protection of the public health safety and welfare; Reasonableness.

Combination vaccines

The Pennsylvania Medical Society (Medical Society) suggests that the Department use combination vaccines for several immunizations. The Medical Society states that combination vaccines are recommended by the Centers for Disease Control’s (CDC) Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics and the American Academy of Family Physicians. The Medical Society further cites a CDC report which states that combination vaccines reduce costs by permitting fewer medical visits, and by lowering costs for stocking and storing vaccines. The Medical Society also states combination vaccines reduce the stress of putting a child through multiple injections in a single visit. The Medical Society’s comments identify several vaccinations that could be combined.

The Medical Society provided a compelling case for combination vaccines. The Preamble states that the Department developed the proposed amendments to the regulation following review of the recommendations of the ACIP. However, combination vaccines were not included in this rulemaking. The Department should explain why it did not include combination vaccines in its proposed amendments.

ACIP Guidelines

The Medical Society recommends that the Department adopt the ACIP guidelines by reference. This would eliminate the need to update the Department’s regulations every time the recommendations change. The Medical Society’s comments include several recommendations for changes in accordance with ACIP guidelines, including combination vaccines, ages for vaccination or boosters, injectible polio vaccine, MMR, varicella and additional vaccinations. The Department should explain why it did not adopt the ACIP guidelines by reference. If the Department believes the ACIP guidelines should not be adopted by reference, we recommend that the Department carefully consider the individual comments and suggestions included in the Medical Society’s comments. We will review the Department’s responses as part of our consideration of whether the final-form regulation meets the criteria in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

Additional vaccines

The Medical Society also asks the Department to consider adding vaccination requirements for hepatitis A, rotavirus, haemophilus influenzae type b and human papillomavirus. Should these be required by regulation?

2. Section 23.83—Immunization requirements.—Protection of Public Health, Safety and Welfare; Reasonableness; Implementation procedures; Clarity.

Public, private, parochial or nonpublic school in this Commonwealth

Subsection (a) provides a listing of who is responsible for ascertaining whether a child has been immunized prior to admission to school. The regulation states that it is the duty of: “[e]ach school director, superintendent, principal or other person in charge of a public, private, parochial or nonpublic school in this Commonwealth, **including vocational schools, intermediate units, and special education and home education programs . . .**” (Emphasis added.) However, the regulation does not specifically address charter and cyber charter schools. For clarity, the final-form regulation should specifically include school personnel from charter and cyber charter schools. The same concern applies to the language in Subsection (c) and Section 23.86(a).

Ascertain that a child has been immunized

Subsection (a) requires various school personnel to ascertain that a child has been immunized, but does not specify the acceptable means for making this determination. We note that Subparagraph 27.77(a)(1)(i) of the Department’s regulations requires “written verification from a physician, the Department or a local health department” of immunizations. We recommend either including similar language in Subsection (a) so that school personnel know how to comply with the regulation, or including language for all of the immunizations listed in Subsection (b), as is included in Subparagraph (b)(8)(ii) for Chickenpox (varicella).

Penalties and exemptions

We recommend adding a cross-reference in Subsection (a) to 24 P. S. § 13-1303a (*Immunization required; penalty*). This will clarify the statutory exemptions from the immunization requirements and the penalties for noncompliance with this provision.

Properly-spaced doses

The paragraphs under Subsection (b) repeatedly use the phrase "properly-spaced doses," but does not identify where the standard of properly-spaced doses can be found. Is the standard found in the ACIP guidelines? We recommend that the final-form regulation include the standard that is to be used to determine "properly-spaced doses."

Phase-in year of 2010/2011

Under Subparagraph (b)(8)(i), Chickenpox (varicella) requirements will change to two doses for entry to kindergarten and for children 13 years of age or older. The regulation also allows a phase-in of the two doses for the 2010/2011 school year. How did the Department determine that school year 2010/2011 allows a reasonable amount of time to acquire these immunizations?

Additionally, the existing regulation requires a Chickenpox (varicella) vaccine dose at age 12 months *or older*. However, proposed Clause (8)(i)(A) does not include the phrase "or older." We recommend adding the phrase "or older" to Clause (8)(i)(A).

To improve clarity, the Department should also explain the difference between the vaccine requirements in Subsections (b)(8)(i)(B) and (b)(8)(i)(C).

Laboratory testing

In Subsections (b)(4) and (5), the Department is deleting the specific requirement for serological evidence and replacing it with the requirement for "laboratory testing." We recognize that in the Preamble, the Department explains technology is changing and it is reluctant to require a specific test. However, the requirement to prove immunity by "laboratory testing" is broad. What type of laboratory testing will the Department accept? Would the testing procedure and the laboratory have to be approved or accredited by an appropriate medical authority?

4-day grace period

Subsection (f) refers to a "4-day grace period" for the deadline for the administration of required vaccines. The final-form regulation should explain who will monitor this grace period, and what the consequences would be for exceeding it.
