READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

(a) Initial Contact. Depending upon the procedure in the judicial district, the parties' initial contact with the court (e.g., conference with hearing or conference officer pursuant to Rule 1915.4-2 in actions for partial custody or visitation, conciliation, mediation and/or seminar) shall be scheduled to occur not later than 30 days from the service of the complaint or petition. In no event shall an extension delay the entry of the court's decision more than 45 days after the conclusion of trial.

Explanatory Comment—2000

A new rule requiring prompt custody trials was recommended by a special committee established by the Pennsylvania Superior Court. That committee concluded that the interests of children who are

the subjects of custody litigation would best be served by a requirement that the litigation be concluded within specific time frames.

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 20. ISSUING AUTHORITIES: VENUE, LOCATIONS AND RECORDING OF PROCEEDINGS

Rule 21. Venue; Transfer of Proceedings.²

(a) Venue

All criminal proceedings shall be brought before the issuing authority for the magisterial district [**where**] in **which** the offense is alleged to have occurred or before an issuing authority on temporary assignment to serve such magisterial district, subject, however, to the following exceptions:

[(a)] (1) A criminal proceeding may be brought before any issuing authority of any magisterial district within the judicial district whenever the particular place within the judicial district where the offense is alleged to have occurred is unknown.

(2) **When charges arising from the same criminal episode occur in more than one magisterial district within the same judicial district, the criminal proceeding on all the charges should be brought before one issuing authority in any one of the magisterial districts in which the charges arising from the same criminal episode occurred.**

(3) **When charges arising from the same criminal episode occur in more than one judicial district, the criminal proceeding on all the charges should be brought before one issuing authority in a magisterial district within any of the judicial districts in which the charges arising from the same criminal episode occurred.**

[(b)] (4) Whenever an arrest is made without a warrant for any summary offense arising under the Vehicle Code, which allegedly occurred on a highway of the Pennsylvania Turnpike System or any controlled or limited access highway, or any right-of-way of such System or highway, or any other highway or highways of the Commonwealth, the defendant shall be taken and the proceeding shall be brought either where the offense allegedly occurred, or before the issuing authority for any other magisterial district within the same judicial district which, in the judgment of the arresting officer, is most convenient to the place of arrest without regard to the boundary line of any magisterial district or county.

[(c)] (5) [**Where**] **When** any offense is alleged to have occurred within 100 yards of the boundary between two or more magisterial districts of a judicial district, the proceeding may be brought in either or any of the magisterial districts without regard to the boundary lines of any county.

[(d)] (6) [**Where**] **When** the [**President**] **president** [**Judge**] **judge** designates a magisterial district or a location in that district in which certain classes of offenses, which occurred in other specified magisterial districts, may be heard.

(b) Transfer of Proceedings

(1) **Prior to the completion of the preliminary hearing:**

² Rule 21 will be renumbered Rule 130 as part of the renumbering and reorganization of the Rules of Criminal Procedure the Court adopted on March 1, 2000, effective April 1, 2001.

(a) When charges arising from a single criminal episode, which occurred in more than one judicial district,

(i) are filed in more than one judicial district, upon the filing with the issuing authority of a written agreement by the attorneys for the Commonwealth, the proceedings shall be transferred to the magisterial district in the judicial district selected by the attorneys for the Commonwealth; or

(ii) are filed in one judicial district, upon the filing of a written agreement by the attorneys for the Commonwealth, the proceedings shall be transferred to the magisterial district in the judicial district selected by the attorneys for the Commonwealth.

(b) When charges arising from a single criminal episode, which occurred in more than one magisterial district,

(i) are filed in more than one magisterial district, the proceedings may be transferred to the magisterial district selected by the attorney for the Commonwealth; or

(ii) are filed in one magisterial district, the proceedings may be transferred to another magisterial district selected by the attorney for the Commonwealth.

(2) The issuing authority shall promptly transmit to the issuing authority of the magisterial district to which the proceedings are being transferred a certified copy of all docket entries, together with all the original papers filed in the proceeding, a copy of the bail bond and any deposits in satisfaction of a monetary condition of bail, and a bill of the costs which have accrued but have not been collected prior to the transfer.

Comment

Except as otherwise provided in paragraph (A)(3), paragraph (a) of [This] this rule governs venue between magisterial districts within the same judicial district, i.e., the matter of where a proceeding is to be brought within the judicial district having jurisdiction.

Paragraph (a)(3), which is an exception to the general rule governing venue, was added in 2000 in view of *Commonwealth v. McPhail*, 692 A.2d 139 (Pa. 1997), in which the Court held that "all charges stemming from a single criminal episode" must be joined in a single trial "despite the fact that some of the charges arose in a different county." Accordingly, when charges arising from a single criminal episode occur in more than one judicial district, the magisterial district in which the proceeding on all the charges is brought, i.e., the one with venue, may be any one of the magisterial districts in which the charges occurred.

Similarly, when charges arising from a single criminal episode occur in more than one magisterial district within one judicial district, the magisterial district in which the proceeding on all the charges is brought, i.e., the one with venue, may be any one of the magisterial districts in which the charges occurred.

The decision of in which magisterial district in paragraph (a)(2) or in which judicial district in paragraph (a)(3) the proceedings are to be brought is to be made initially by the law enforcement

officers or attorneys for the Commonwealth. In making the decision, the law enforcement officers or attorneys for the Commonwealth must consider in which magisterial district under paragraph (a)(2) or in which judicial district under paragraph (a)(3) it would be in the interests of justice to have the case proceed, based upon the convenience of the defendant and the witnesses, and the prompt administration of justice.

CHAPTER 300. PRETRIAL PROCEEDINGS

Rule 300. Transfer of Proceedings.⁸

(A) In all cases in which charges arising from a single criminal episode occur in more than one judicial district:

(1) If the charges are filed in more than one judicial district, at any time after the case is held for court, the proceedings shall be transferred to one of the judicial districts.

(2) If all the charges are filed in one judicial district, at any time after the case is held for court, the proceedings may be transferred to another one of the judicial districts.

(B) The judicial district to which the proceedings are to be transferred shall be determined either:

(1) by written agreement of the parties, filed with the clerk(s) of courts of the judicial district(s) in which the charges are pending; or

(2) by written agreement of the attorneys for the Commonwealth, filed with the clerk(s) of courts of the judicial district(s) in which the charges are pending, with service upon the defendant or defendant's counsel, and an opportunity for the defendant to object.

(C) Upon the filing of the agreement of the parties in paragraph (B)(1), the court promptly shall order the transfer of the proceedings.

(D) Upon the filing of the agreement of the attorneys for the Commonwealth in paragraph (B)(2),

(1) absent an objection within 10 days of filing, the court promptly shall order the transfer of the proceedings.

(2) In those cases in which an objection is filed by the defendant, the court shall promptly dispose of the objection. If the objection is denied, the court immediately thereafter shall order the transfer of the proceedings.

(E) Upon the issuance of the transfer order pursuant to paragraphs (C), (D)(1), or (D)(2), the clerk(s) of courts of the transferring judicial district(s) shall promptly transmit to the clerk of courts of the judicial district to which the proceedings are being transferred a certified copy of all docket entries, together with all the original papers filed in the proceeding in the clerk's judicial district, a copy of the bail bond and any deposits in satisfaction of a monetary condition of bail, and a bill of the costs which have accrued but have not been collected prior to the transfer.

(F) When a proceeding is transferred pursuant to this rule, the case shall proceed to trial and judgment in the same manner as if the proceeding had been instituted in the transfer judicial district.

(1) If the proceeding is transferred before an information has been filed in the transferring judicial district, the attorney for the Commonwealth in the transfer judicial district shall join the charges from the transferring judicial district with the charges in the transfer judicial district in the same information.

⁸ New Rule 300 will be renumbered Rule 555 and be in new Part (D)(1) (Transfer of Multi-Venue Cases) as part of the renumbering and reorganization of the Rules of Criminal Procedure the Court adopted on March 1, 2000, effective April 1, 2001.

(2) If the proceeding is transferred after an information has been filed, the attorney for the Commonwealth in the transfer judicial district shall proceed pursuant to Rule 1127 (Joinder—Trial of Separate Indictments or Informations).⁹

(3) The results of any pretrial proceedings that have been completed in the transferring judicial district shall be binding on the transfer judicial district proceedings.

(4) Costs, not previously collected, shall be collected in the transfer judicial district.

(G) If the defendant is in custody in a transferring judicial district, the order transferring the case shall provide that the defendant shall be delivered to the custody of the sheriff of the transfer judicial district.

Comment

The Supreme Court held in *Commonwealth v. McPhail*, 692 A.2d 139 (Pa. 1997), that the trial in one judicial district of some of the charges arising from a single criminal episode may be a bar to the trial in another judicial district of the other charges arising from the same criminal episode. In view of this decision, it is incumbent upon law enforcement officers and prosecutors to be vigilant about instituting proceedings and proceeding to trial in cases in which there are multi-judicial district charges arising from a single criminal episode.

The *McPhail* decision has necessitated both a clarification of the procedures for the institution of criminal proceedings, and new procedures for the transfer of proceedings in cases in which multiple charges arising from a single criminal episode have occurred in more than one judicial district. See Rule 21(B) for the procedures for transferring charges prior to the preliminary hearing.

In many cases, multiple charges arising from a single criminal episode will be known to the police officers and attorneys for the Commonwealth involved in the case, and will be joined in the first instance in one criminal complaint, and filed before one issuing authority in one judicial district. See Rule 21(A)(3).¹⁰ However, since there may be cases in which this does not occur, and the charges are filed in more than one judicial district, new Rule 300 establishes the procedures, after such a case is held for court, for the transfer of proceedings to one judicial district. Rule 300 also governs the transfer of charges in cases in which all the charges are filed in one judicial district, but the parties or the attorneys for the Commonwealth agree that the charges should have been filed in one of the other judicial districts in which the charges occurred.

The procedures in this rule are distinct from the Rule 312 (Motion for Change of Venue or Change of Venue)¹¹ procedures for a change of venue in cases in which it is determined at a hearing that a fair and impartial trial cannot be had in the county in which the case is pending.

It is expected that the parties will be able to agree on the judicial district in which the case should proceed. However, if they cannot agree, paragraph (B)(2) provides for the determination to be by the agreement of the attorneys for the Commonwealth. In determining the

¹⁰ Rule 21 will be renumbered Rule 130 as part of the renumbering and reorganization of the Rules of Criminal Procedure the Court adopted on March 1, 2000, effective April 1, 2001.

judicial district to which the proceedings are to be transferred, the parties must consider in which judicial district it would be in the interests of justice to have the case proceed, based upon the convenience of the defendant and the witnesses, and the prompt administration of justice.

Pursuant to paragraph (B)(2), upon the filing of the agreement of the attorneys for the Commonwealth, the defendant must be served a copy of the agreement, and be given an opportunity to object to the transfer or to the judicial district selected for the trial.

When an agreement is filed pursuant to this rule, the clerk of courts must promptly transmit the agreement as provided in Rule 9022.¹²

Pursuant to paragraphs (C) and (D), the court, immediately upon receipt of the agreement, must issue a transfer order, unless the defendant challenges the transfer or the judicial district to which the case would be transferred. "Court," as used in this rule, includes the judge assigned to handle miscellaneous motions in criminal matters or the president judge, unless a judge has already been assigned to the case.

The decision to transfer a proceeding under this rule should be made at the earliest time after the case is held for court, so that most, if not all, of the pretrial proceedings can be accomplished in the transfer judicial district.

For venue between magisterial districts, see Rule 21(A).

For the procedures for the joinder of offenses in a complaint, see Rule 105.¹³

For the procedures for the joinder of offenses in an information, see Rule 228.¹⁴

For the procedures for the joinder or consolidation for trial of offenses charged in separate informations, see Rule 1127.

For the procedures for nolle prosequi, see Rule 313.¹⁵

When proceedings are transferred pursuant to this rule, the case is to proceed in the same manner as if the charges had been instituted in the transfer judicial district. If any pretrial proceedings have been conducted in the transferring judicial district, the results of those proceedings will be binding on the proceedings in the transfer judicial district. For example, if discovery has been initiated, and the judge in the transferring judicial district has ordered or denied disclosure, this order would be binding on the judge and parties in the transfer judicial district. See *Commonwealth v. Starr*, 664 A.2d 1326 (Pa. 1995), concerning the coordinate jurisdiction rule and the law of the case doctrine.

Any costs, except bail-related costs, collected before a proceeding is transferred will remain in the transferring judicial district. See Rule 4015 concerning bail-related costs.¹⁶

Comment

For purposes of determining the time for commencement of trial, paragraph (C) contains the periods which must be excluded from that calculation. **For periods of delay that result from the filing and litigation of omnibus pretrial motions for relief or other motions, see *Commonwealth v. When admitted to nominal bail pursuant to this rule, the defendant must execute a bail bond. See Rules 4004 and 4005.¹⁹

In addition to requesting that the defendant waive Rule 1100 for the period of enrollment in the ARD program (see Rule 178, paragraph (3)),²⁰ the attorney for the Commonwealth may request that the defendant waive Rule 1100 for the period of time spent in processing and considering the defendant's inclusion into the ARD program.

CHAPTER 1. GENERAL PROVISIONS

PART C. Venue, Location, and Recording of Proceedings before Issuing Authority

Rule 130. Venue.

(A) VENUE

All criminal proceedings shall be brought before the issuing authority for the magisterial district [**where**] in which the offense is alleged to have occurred or before an issuing authority on temporary assignment to serve such magisterial district, subject, however, to the following exceptions:

(1) A criminal proceeding may be brought before any issuing authority of any magisterial district within the judicial district whenever the particular place within the judicial district where the offense is alleged to have occurred is unknown.

(2) **When changes arising from the same criminal episode occur in more than one magisterial district within the same judicial district, the criminal proceeding on all the charges should be brought before one issuing authority in any one of the magisterial districts in which the charges arising from the same criminal episode occurred.**

(3) **When charges arising from the criminal episode occur in more than one judicial district, the criminal proceeding on all the charges should be brought before one issuing authority in a magisterial district within any of the judicial districts in which the charges arising from the same criminal episode occurred.**

[(2)] (4) Whenever an arrest is made without a warrant for any summary offense arising under the Vehicle Code, which allegedly occurred on a highway of the Pennsylvania Turnpike System or any controlled or limited access highway, or any right-of-way of such System or highway, or any other highway or highways of the Commonwealth, the defendant shall be taken and the proceeding shall be brought either where the offense allegedly occurred, or before the issuing authority for any other magisterial district within the same judicial district which, in the judgment of the arresting officer, is most convenient to the place of arrest without regard to the boundary line of any magisterial district or county.

[(3)] (5) [**Where**] **When** any offense is alleged to have occurred within 100 yards of the boundary between two or more magisterial districts of a judicial district, the

proceeding may be brought in either or any of the magisterial districts without regard of the boundary lines of any county.

[(4)] (6) [Where] When the [President Judge] president judge designates a magisterial district or a location in that district in which certain classes of offenses, which occurred in other specified magisterial districts, may be heard.

(b) Transfer of Proceedings

(1) Prior to the completion of the preliminary hearing:

(a) When charges arising from a single criminal episode, which occurred in more than one judicial district,

(i) are filed in more than one judicial district, upon the filing with the issuing authority of a written agreement by the attorneys for the Commonwealth, the proceedings shall be transferred to the magisterial district in the judicial district selected by the attorneys for the Commonwealth; or

(ii) are filed in one judicial district, upon the filing of a written agreement by the attorneys for the Commonwealth, the proceedings shall be transferred to the magisterial district in the judicial district selected by the attorneys for the Commonwealth.

(b) When charges arising from a single criminal episode, which occurred in more than one magisterial district,

(i) are filed in more than one magisterial district, the proceedings may be transferred to the magisterial district selected by the attorney for the Commonwealth; or

(ii) are filed in one magisterial district, the proceedings may be transferred to another magisterial district selected by the attorney for the Commonwealth.

(2) The issuing authority shall promptly transmit to the issuing authority of the magisterial district to which the proceedings are being transferred a certified copy of all docket entries, together with all the original papers filed in the proceeding, a copy of the bail bond and any deposits in satisfaction of a monetary condition of bail, and a bill of the costs which have accrued but have not been collected prior to the transfer.

Comment

Except as otherwise provided in paragraph (A)(3), paragraph (A) of [This] this rule governs venue between magisterial districts within the same judicial district, i.e., the matter of where a proceeding is to be brought within the judicial district having jurisdiction.

Paragraph (A)(3), which is an exception to the general rule governing venue, was added in 2000 in view of *Commonwealth v. McPhail*, 692 A.2d 139 (Pa. 1997), in which the Court held that "all charges stemming from a single criminal episode" must be joined in a single trial "despite the fact that some of the charges arose in a different county." Accordingly, when charges arising from a single criminal episode occur in more than one judicial district, the magisterial district in which the proceeding on all the charges is brought, i.e., the one with venue,

may be any one of the magisterial districts in which the charges occurred.

Similarly, when charges arising from a single criminal episode occur in more than one magisterial district within one judicial district, the magisterial district in which the proceeding on all the charges is brought, i.e., the one with venue, may be any one of the magisterial districts in which the charges occurred.

The decision of in which magisterial district in paragraph (A)(2) or in which judicial district in paragraph (A)(3) the proceedings are to be brought is to be made initially by the law enforcement officers or attorneys for the Commonwealth. In making the decision, the law enforcement officers or attorneys for the Commonwealth must consider in which magisterial district under paragraph (A)(2) or in which judicial district under paragraph (A)(3) it would be in the interests of justice to have the case proceed, based upon the convenience of the defendant and the witnesses, and the prompt administration of justice.

See Rule 551 for the procedures to withdraw the prosecution.

Rule 555. Transfer of Proceedings.

(A) In all cases in which charges arising from a single criminal episode occur in more than one judicial district:

(1) If the charges are filed in more than one judicial district, at any time after the case is held for court, the proceedings shall be transferred to one of the judicial districts.

(2) If all the charges are filed in one judicial district, at any time after the case is held for court, the proceedings may be transferred to another one of the judicial districts.

(B) The judicial district to which the proceedings are to be transferred shall be determined either:

(1) by written agreement of the parties, filed with the clerk(s) of courts of the judicial district(s) in which the charges are pending; or

(2) by written agreement of the attorneys for the Commonwealth, filed with the clerk(s) of courts of the judicial district(s) in which the charges are pending, with service upon the defendant or defendant's counsel, and an opportunity for the defendant to object.

(C) Upon the filing of the agreement of the parties in paragraph (B)(1), the court promptly shall order the transfer of the proceedings.

(D) Upon the filing of the agreement of the attorneys for the Commonwealth in paragraph (B)(2),

(1) absent an objection within 10 days of filing, the court promptly shall order the transfer of the proceedings.

(F) When a proceeding is transferred pursuant to this rule, the case shall proceed to trial and judgment in the same manner as if the proceeding had been instituted in the transfer judicial district.

(1) If the proceeding is transferred before an information has been filed in the transferring judicial district, the attorney for the Commonwealth in the transfer judicial district shall join the charges from the transferring judicial district with the charges in the transfer judicial district in the same information.

(2) If the proceeding is transferred after an information has been filed, the attorney for the Commonwealth in the transfer judicial district shall proceed pursuant to Rule 582 (Joinder—Trial of Separate Indictments or Informations).

(3) The results of any pretrial proceedings that have been completed in the transferring judicial district shall be binding on the transfer judicial district proceedings.

(4) Costs, not previously collected, shall be collected in the transfer judicial district.

(G) If the defendant is in custody in a transferring judicial district, the order transferring the case shall provide that the defendant shall be delivered to the custody of the sheriff of the transfer judicial district.

Comment

The Supreme Court held in *Commonwealth v. McPhail*, 692 A.2d 139 (Pa. 1997), that the trial in one judicial district of some of the charges arising from a single criminal episode may be a bar to the trial in another judicial district of the other charges arising from the same criminal episode. In view of this decision, it is incumbent upon law enforcement officers and prosecutors to be vigilant about instituting proceedings and proceeding to trial in cases in which there are multi-judicial district charges arising from a single criminal episode.

The *McPhail* decision has necessitated both a clarification of the procedures for the institution of criminal proceedings, and new procedures for the transfer of proceedings in cases in which multiple charges arising from a single criminal episode have occurred in more than one judicial district. See Rule 21(B) for the procedures for transferring charges prior to the preliminary hearing.

In many cases, multiple charges arising from a single criminal episode will be known to the police officers and attorneys for the Commonwealth involved in the case, and will be joined in the first instance in one criminal complaint, and filed before one issuing authority in one judicial district. See Rule 130(A)(3). However, since there may be cases in which this does not occur, and the charges are filed in more than one judicial district, new Rule 300 establishes the procedures, after such a case is held for court, for the transfer of proceedings to one judicial district. Rule 300 also governs the transfer of charges in cases in which all the charges are filed in one judicial district, but the parties or the attorneys for the Commonwealth agree that the charges should have been filed in one of the other judicial districts in which the charges occurred.

The procedures in this rule are distinct from the Rule 584 (Motion for Change of Venue or Change of Venire) procedures for a change of venue in cases in which it is determined at a hearing that a fair and impartial trial cannot be had in the county in which the case is pending.

It is expected that the parties will be able to agree on the judicial district in which the case should proceed. However, if they cannot agree, paragraph (B)(2) provides for the determination to be by the agreement of the attorneys for the Commonwealth. In determining the judicial district to which the proceedings are to be transferred, the parties must consider in which judicial district it would be in the interests of justice to have the case proceed, based upon the convenience of the defendant and the witnesses, and the prompt administration of justice.

Pursuant to paragraph (B)(2), upon the filing of the agreement of the attorneys for the Commonwealth, the defendant must be served a copy of the agreement, and be given an opportunity to object to the transfer or to the judicial district selected for the trial.

When an agreement is filed pursuant to this rule, the clerk of courts must promptly transmit the agreement as provided in Rule 576.

Pursuant to paragraphs (C) and (D), the court, immediately upon receipt of the agreement, must issue a transfer order, unless the defendant challenges the transfer or the judicial district to which the case would be transferred. "Court," as used in this rule, includes the judge assigned to handle miscellaneous motions in criminal matters or the president judge, unless a judge has already been assigned to the case.

The decision to transfer a proceeding under this rule should be made at the earliest time after the case is held for court, so that most, if not all, of the pretrial proceedings can be accomplished in the transfer judicial district.

For venue between magisterial districts, see Rule 21(A).

For the procedures for the joinder of offenses in a complaint, see Rule 505.

For the procedures for the joinder of offenses in an information, see Rule 563.

For the procedures for the joinder or consolidation for trial of offenses charged in separate informations, see Rule 1127.

For the procedures for nolle prosequi, see Rule 585.

When proceedings are transferred pursuant to this rule, the case is to proceed in the same manner as if the charges had been instituted in the transfer judicial district. If any pretrial proceedings have been conducted

in the transferring judicial district, the results of those proceedings will be binding on the proceedings in the transfer judicial district. For example, if discovery has been initiated, and the judge in the transferring judicial district has ordered or denied disclosure, this order would be binding on the judge and parties in the transfer judicial district. See *Commonwealth v. Starr*, 664 A.2d 1326 (Pa. 1995), concerning the coordinate jurisdiction rule and the law of the case doctrine.

Any costs, except bail-related costs, collected before a proceeding is transferred will remain in the transferring judicial district. See Rule 535 concerning bail-related costs.

Official Note: Former Rule 300 rescinded June 28, 1974, effective immediately; rescinded and number reserved June 29, 1977, and November 22, 1977, effective as to cases in which the indictment or information is filed on or after January 1, 1978; **new Rule 300 adopted April 20, 2000, effective July 1, 2000.**

**PROCEDURES IN CASES INVOLVING MULTIPLE
CHARGES ARISING FROM A SINGLE CRIMINAL
EPISODE OCCURRING IN MORE THAN ONE
JUDICIAL DISTRICT OR MAGISTERIAL DISTRICT**

On April 20, 2000, effective July 1, 2000, upon the recommendation of the Criminal Procedural Rules Committee, the Court adopted new Rule of Criminal Procedure 300 (Transfer of Proceedings), amended Rules 21 (Venue) and 4015 (Receipt for Deposit; Return of Deposit), and approved the revision of the Comments to Rules 25 (Objections to Venue) and 1100 (Prompt Trial). These rule changes provide uniform procedures for the institution or transfer of proceedings in cases in which there are multiple charges in more than one judicial district, or multiple charges in more than one magisterial district within one judicial district, arising from a single criminal episode. The new procedures are necessary to implement the holding in *Commonwealth v. McPhail*, 692 A.2d 139, 144 (Pa. 1997), that "the place of trial, whether within or without the county where the alleged crime occurred, is a matter of venue, not jurisdiction," and therefore, under 18 Pa.C.S. § 110, when all the charges are within the jurisdiction of a single court, and must be joined in a single trial, the trial in one judicial district of some of the charges arising from a single criminal episode is a bar to the trial in another judicial district of the other charges arising from the same criminal episode.

I. Background

Following the Court's decision in *Commonwealth v. McPhail*, 692 A.2d 139 (Pa. 1997), the Committee received several inquiries concerning the procedures for handling *McPhail*-type cases, specifically whether the various judi-

cial districts should be using Rule 312 (Motion for Change of Venue or Change of Venire),³ or some other mechanism to move cases from one judicial district to another for trial. In view of these inquiries, the Committee examined the existing Criminal Rules, and procedures in other jurisdictions governing change of venue and transfer of cases. We first looked at Rule 312, and, noting that the Rule 312 "change of venue to have a fair trial" concept has been in the rules since 1964, the consensus was that it would be confusing to the bench and bar to expand Rule 312 to include *McPhail* procedures. Looking at the rest of the rules, we concluded that the existing rules do not accommodate *McPhail*-type cases, and, in fact, may cause confusion in a *McPhail* context. See, e.g., Rule 21, which governs venue between magisterial districts. In view of our conclusions, the Committee agreed that the Criminal Rules should be amended to provide specific procedures addressing *McPhail*, and that we should approach the issue from the perspective of a transfer of proceedings that would be separate and distinct from a Rule 312 change of venue.

II. Discussion

As we discussed how to address the *McPhail* situation, the Committee recognized that there are several stages within the process that would be implicated:

- (1) cases in which charges have not yet been filed;
- (2) cases in which charges have been filed in more than one judicial district, but no preliminary hearing has been held;
- (3) cases in which the charges have been filed in more than one judicial district, and the charges have been held for court;
- (4) cases in which the charges arose in more than one judicial district, were filed in one judicial district, and it is determined before the preliminary hearing that the charges should have been filed in a different judicial district; and
- (5) cases in which the charges arose in more than one judicial district, were filed in one judicial district, and it is determined after the preliminary hearing that the charges should have been filed in a different judicial district.

We also considered that comparable issues could come up in the context of multiple offenses stemming from a single criminal episode arising within one judicial district, but in more than one magisterial district, and that the rules should address this scenario as well. In view of these considerations, the Committee agreed that there should be a new rule, Rule 300, to provide the procedures to govern *McPhail*-type cases after the charges are held for court, and that Rule 21 should be amended to govern *McPhail*-type cases prior to the preliminary hearing.

A. Pa.R.Crim.P. 21 (Venue)

One of the Committee's considerations concerning *Commonwealth v. McPhail*, *supra*, is that the case alters what has been generally accepted as the scope of venue set forth in Rule 21 (Venue). In view of this consideration, we agreed that cases falling within the parameters of *McPhail*, that is, cases in which there are multiple charges arising from a single criminal episode that are alleged to have been committed in more than one judicial district, should be included within the exceptions to the general venue rule that "all criminal proceedings shall be brought before the issuing authority for the magisterial

² New Rule 300 will be renumbered Rule 555 and placed in new Part (D)(1) (Transfer of Multi-Venue Cases), Rule 21 will be renumbered Rule 130, Rule 25 will be renumbered Rule 134, Rule 1100 will be renumbered Rule 600, and Rule 4015 will be renumbered Rule 535, all as part of the renumbering and reorganization of the Rules of Criminal Procedure that the Court adopted on March 1, 2000, effective April 1, 2001.

³ Rule 312 will be renumbered Rule 584 as part of the renumbering and reorganization of the Rules of Criminal Procedure the Court adopted on March 1, 2000, effective April 1, 2001.

district in which the offense is alleged to have occurred," as set forth in new paragraph (A) (Venue). Under paragraph (A)(3), it is expected when the law enforcement officers or the attorneys for the Commonwealth in the respective judicial districts are aware that there are multiple charges arising from a single criminal episode, all the charges should be filed before one issuing authority in any of the judicial districts in which the charges occurred. Similarly, paragraph (A)(2) has been added to recognize, as another exception to the general venue rule, the comparable situation in which there are multiple charges arising from a single criminal episode that occur in more than one magisterial district but within the same judicial district.

The second change to Rule 21 is the addition of paragraph (B) (Transfer of Proceedings). This paragraph establishes the procedures for the transfer of proceedings in *McPhail*-type cases at any time following the filing of charges, but prior to the completion of the preliminary hearing, and was developed following the Committee's consideration of the publication responses. Although we agreed that it is preferable, in the first instance, if all the charges are filed in one judicial district, or in one magisterial district, the Committee recognized that there will be cases in which the police institute the proceedings, and the attorney(s) for the Commonwealth are not involved in the initial decision about where the charges are filed. In these cases, once the attorney(s) for the Commonwealth becomes aware of the police officers' choice, the Committee agreed that the attorney(s) for the Commonwealth, as part of his or her charging function, should be able to have the case transferred to a different judicial district or magisterial district. Rule 21 therefore includes the procedures to accomplish this transfer.

New paragraph (B)(1) provides for the transfer of the proceedings in the four different situations in which such a transfer would be deemed necessary by the attorney(s) for the Commonwealth:

- (1) when the charges are filed in more than one judicial district;
- (2) when the charges are filed in one judicial district;
- (3) when the charges are filed in more than one magisterial district; or
- (4) when the charges are filed in one magisterial district.

For a transfer to occur in cases falling within either (1) or (2), subparagraphs (B)(1)(a)(i) and (ii) require the attorneys for the Commonwealth of the respective judicial districts to file with the issuing authority a written agreement indicating the judicial district and magisterial district to which the case should be transferred. For a transfer to occur in cases falling within either (3) or (4), subparagraphs (B)(1)(b)(i) and (ii) require the attorney for the Commonwealth of the judicial district to select the magisterial district to which the case should be transferred. Paragraph (B)(2) requires the issuing authority promptly to transmit a certified copy of all docket entries, all original papers, a copy of the bail bond and any bail deposits, and a bill for uncollected costs to the issuing authority in the transfer magisterial district.

The Comment has been revised to include a citation to *Commonwealth v. McPhail*, and to provide guidance concerning in which judicial district or magisterial district the proceedings should be brought. The fourth paragraph explains that the decision should be based

upon the convenience to the defendant and witnesses, and the prompt administration of justice. The Comment also includes:

- (1) a cross-reference to Rule 25 for the procedures to challenge a Rule 21(B) transfer;
- (2) a cross-reference to Rule 151 to make it clear that the attorney for the Commonwealth may withdraw the charges as provided in Rule 151;⁴ and
- (3) a cross-reference to Rule 4015 for the authorization to forward the bail deposit, as well as any bail-related costs.

B. *New Rule 300 (Transfer of Proceedings)*⁵

New Rule 300 provides the procedures after the charges are held for court in *McPhail*-type cases

- (1) for transferring proceedings that have been instituted in more than one judicial district to one judicial district; or
 - (2) for transferring proceedings that have been instituted in one judicial district to another judicial district.
- See paragraph (A), which sets forth the scope of Rule 300.

Paragraph (B) sets forth the procedures for determining to which judicial district the proceedings should be transferred. The Committee agreed that, in many cases, the determination of the transfer judicial district will be by agreement of the parties, that is, the defendant and the attorneys for the Commonwealth. In these cases, the parties should prepare a written agreement that is filed in the judicial district(s) in which the charges are pending. See paragraph (B)(1).

The Committee also recognized there may be cases in which the attorneys for the Commonwealth will have reached an agreement without seeking input from the defendant, or the defendant and the attorneys for the Commonwealth will not be able to reach an agreement concerning the judicial district in which the case should be heard. In these cases, paragraph (B)(2) provides that the attorneys for the Commonwealth must file a written agreement with the clerk of courts in the judicial district(s) in which the charges are pending. In addition, the rule requires that the agreement be served on the defendant or defendant's attorney, and that the defendant have an opportunity to object to the transfer or to the judicial district selected for the trial.

Paragraphs (C) and (D) provide that the court must promptly order the transfer of the proceedings. Although the Committee agreed that it is within the attorney for the Commonwealth's charging function to decide in which judicial district the charges should be tried, we were concerned that, without an order from the court, the clerk of courts would not transfer the proceedings. Accordingly, the rule provides for the court's order, but the order is not subject to the discretion of the court.

In cases involving the agreement of the attorneys for the Commonwealth, the court is required to wait ten days before ordering the transfer to allow for the defendant's objection, if any. See paragraph (D)(1). When a defendant files an objection, paragraph (D)(2) requires the court to

⁴ Rule 151 will be renumbered Rule 551 as part of the renumbering and reorganization of the Rules of Criminal Procedure the Court adopted on March 1, 2000, effective April 1, 2001.

⁵ The Committee recommended numbering the new rule Rule 300, both because the number is available within Chapter 300 (Pretrial Procedures), and because these transfers could occur at any time after a case is held for court and before any of the other pretrial procedures take place. For the same reasons, Rule 300 will be in a separate part within the reorganization, new Part (D)(1) (Transfer of Multi-Venue Cases), and renumbered Rule 555.

promptly dispose of the objection, and if the objection is denied, immediately order the transfer.

Once an order transferring a proceeding is issued, paragraph (E) directs the clerk of courts of the transferring judicial district(s) to promptly transmit to the clerk of courts of the transfer judicial district all of the following:

- (1) a certified copy of all docket entries;
- (2) all the original papers filed in the proceeding in the clerk's judicial district;
- (3) a copy of the bail bond and any deposits in satisfaction of a monetary condition of bail; and
- (4) a bill of the costs that have accrued but have not been collected prior to transfer.

One issue that caused some difficulties for the Committee relates to bail. Several members were concerned that, although paragraph (E) provides that any bail deposits be transmitted to the transfer judicial district, the defendant could be assessed two sets of bail-related costs if the case is instituted in one judicial district and transferred to another judicial district. Agreeing that the defendant should not be assessed these dual costs, the Committee has included as the last paragraph of the Comment an explanation that bail-related costs collected before a proceeding is transferred are not to remain in the transferring judicial district. A new paragraph also has been added to Rule 4015 (Receipt for Deposit; Return of Deposit) requiring that the deposit and all bail-related costs be forwarded to the transfer judicial district. See Rule 4015(E).

Paragraph (F) sets forth the procedures after the case is transferred, noting that the case is to proceed in the same manner as if the proceeding had been instituted in the transfer judicial district. If the case is transferred before an information has been filed, then the charges are to be joined in the same information. See paragraph (F)(1). If the case is transferred after an information has been filed, then the case is to proceed pursuant to Rule 1127, and the informations should be joined for trial.⁶ See paragraph (F)(2). Paragraph (F)(3) makes it clear that the results of any pretrial proceedings completed in the transferring judicial district are binding on the transfer judicial district. This point is emphasized in the second to last paragraph of the Comment, with a citation to *Commonwealth v. Starr*, 664 A.2d 1326 (Pa. 1995), concerning the coordinate jurisdiction rule and the law of the case doctrine. The last provision of paragraph (F) directs that costs that have not been collected previously are to be collected in the transfer judicial district.

Finally, when the defendant in the case is in custody in a transferring judicial district, paragraph (G) requires that the order transferring the case include a provision for the delivery of the defendant to the custody of the sheriff of the transfer judicial district.

The Committee has included an extensive Comment as an aid to the bench, bar, clerks of courts, and police officers in applying the new procedures. The first three paragraphs of the Comment explain the need for the new rule, and the inter-relationship between Rule 21 and Rule 300. The first paragraph of the Comment also cautions police officers and prosecutors to be vigilant about instituting proceedings and proceeding to trial in cases in

which there are multi-judicial district charges arising from a single criminal episode.

The Comment explains that, in determining the judicial district to which the proceedings are to be transferred, "the parties must consider in which judicial district it would be in the interests of justice to have the case proceed, based upon the convenience of the defendant and the witnesses, and the prompt administration of justice." It is further explained that the decision to transfer should be made at the earliest possible time, so that as many of the pretrial proceedings as possible may be conducted in the transfer judicial district. The Comment also explains that the "court," upon receiving an agreement, is to issue a transfer order. "Court" is defined as including the president judge, or the judge assigned to handle miscellaneous motions, or the judge assigned to handle the case, whichever applies in the given judicial district.

Lastly, the Comment includes the following cross-references:

- (1) Rule 21(A) concerning venue between magisterial districts;
- (2) Rules 105, 228, and 1127 concerning joinder of offenses;⁷
- (3) Rule 313 concerning nolle prosequi⁸ to make it clear that the attorney for the Commonwealth may proceed pursuant to Rule 313 rather than Rule 300;
- (4) Rule 4015 for the procedures to forward the bail deposit, and any bail-related costs to the transfer judicial district; and
- (5) Rule 9022 (Filing),⁹ which requires the clerk of courts to docket the agreement and promptly transmit it to such persons as may be designated by the court, to ensure that the clerks of courts understand that Rule 9022 applies in Rule 300 cases.

C. Additional Correlative Changes

(1) Rule 25 (Objections to Venue)

When the Committee agreed that Rule 300(B)(2) should include a provision for the defendant to object to the transfer of the proceedings, we also considered whether it was necessary to include a comparable provision in Rule 21(B). We concluded that this was unnecessary in view of Rule 25. However, some members were concerned, because Rule 25 had been adopted before the addition of the Rule 21(B) transfer provisions, there might be some confusion about the applicability of Rule 25 to a Rule 21(B) transfer. To reduce the likelihood of such confusion, the Committee has added a clarifying statement to the Rule 25 Comment.

(2) Rule 1100 (Prompt Trial)

The final consideration for the Committee concerned the impact of the *McPhail* procedures on Rule 1100. The Committee noted that, although a defendant's objection to a *McPhail* transfer is a pretrial motion, these challenges are unique from other omnibus pretrial motions in that the determination of the issue may result in changing the county of prosecution. The members agreed that this unique posture provided justification for different treatment of these challenges within the context of Rule 1100.

⁷ Rules 105, 228, and 1127 will be renumbered Rules 505, 563, and 582 respectively as part of the renumbering and reorganization of the Rules of Criminal Procedure that the Court adopted on March 1, 2000, effective April 1, 2001.

⁸ Rule 313 will be renumbered Rule 585 as part of the renumbering and reorganization of the Rules of Criminal Procedure that the Court adopted on March 1, 2000, effective April 1, 2001.

⁹ Rule 9022 will be renumbered Rule 576 as part of the renumbering and reorganization of the Rules of Criminal Procedure that the Court adopted on March 1, 2000, effective April 1, 2001.

⁶ Rule 1127 will be renumbered Rule 582 as part of the renumbering and reorganization of the Rules of Criminal Procedure the Court adopted on March 1, 2000, effective April 1, 2001.

However, because there continue to be problems with these cases, suggesting a continuing need for rules to provide guidance to the bench and bar about how to proceed, the Committee agreed that we should undertake an in depth review of Rule 1100. Rather than delay the *McPhail* proposal, we agreed to consider Rule 1100 separately. In the interim, the Committee has included in the Rule 1100 Comment the following cross-reference to recent cases that address pretrial motions in the context of Rule 1100:

For periods of delay that result from the filing and litigation of omnibus pretrial motions for relief or other motions, see *Commonwealth v. Hill* and *Commonwealth v. Cornell*, 736 A.2d 578 (Pa. 1999).

Notice is hereby given of the establishment by The Disciplinary Board of the Supreme Court of Pennsylvania for the 2000-2001 registration year of the collection fee for checks in payment of the annual registration fee for attorneys that are dishonored and the late payment penalty for registrations not received on time.

The Board has established the collection fee for the 2000-2001 registration year as \$50.00 per returned item.

Pa.R.D.E. 219(h)(2) provides that a late payment penalty established annually by the Board must be paid by an attorney who fails to timely file an annual registration statement before the attorney shall be considered on active status for the new registration year. The Board has established the late payment penalty for the 2000-2001 registration year as \$50.00.

RULES AND REGULATIONS

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 84c]

Valuation of Life Insurance Policies

The Insurance Department (Department) amends Chapter 84c (relating to valuation of life insurance policies), to read as set forth at 30 Pa.B. 23 (January 1, 2000). The Department is publishing the amendment of the regulation as a final-form rulemaking.

Statutory Authority

The final-form regulation is adopted under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) and section 301(c)(1) and (3) of The Insurance Department Act of 1921 (40 P. S. § 71(c)(1) and (2)) (act).

Comments and Response

A notice of proposed rulemaking was published at 30 Pa.B. 23 with a 30-day comment period ending January 31, 2000. During the 30-day comment period, comments were received from Insurance Federation of Pennsylvania, Inc. (IFP) in favor of the proposal and requesting a retroactive effective date of January 1, 2000.

In preparing the final-form rulemaking, the Department did not modify the effective date as suggested by the IFP, due to concerns about the constitutionality of retroactive application of the amendments. This rulemaking will be effective upon final publication in the *Pennsylvania Bulletin*.

During its regulatory review, the Independent Regulatory Review Commission (IRRC) did not submit comments to the Department.

Affected Parties

The final-form rulemaking applies to all insurers and fraternal benefit societies marketing life insurance policies and who are licensed to do the business of life insurance in this Commonwealth.

Fiscal Impact

State Government

There will be no increase in cost to the Department due to the adoption of the rulemaking. The Department currently reviews valuation filings submitted by domestic life insurance companies and fraternal benefit societies for compliance with the minimum standards of valuation. The select mortality factors and the interpretation of the minimum reserve standard for plans with nonlevel premiums or benefits and for plans with secondary guarantees will not affect the time required to review a valuation filing.

General Public

Consumers will benefit from the advantages of purchasing life insurance from an insurance industry that is establishing sound and reasonable reserves to fulfill contractual obligations. Insurers may increase premium rates for policies sold after May 6, 2000, because of an increase in the required reserves.

Political Subdivisions

Adoption of the rulemaking will not impose additional costs on political subdivisions. Because this rulemaking promotes stability and sound reserves in the insurance industry, political subdivisions' tax revenues may benefit as a result of fewer insurance company insolvencies. Fewer insolvencies may also result in less unemployment.

Private Sector

The specific select factors and the rules for using the segmented reserve valuation method in the rulemaking do not apply to policies issued prior to May 6, 2000. An insurance company may need to increase reserves on policies issued on and after May 6, 2000. The rulemaking does permit an insurance company to recognize the company's specific mortality experience in calculating deficiency reserves. This should ensure that the reserves for a company are sound and reasonable.

Paperwork

The adoption of the rulemaking will not impose additional paperwork on the Department or the insurance industry. The select mortality factors and the interpretation of the minimum reserve standard affect an insurance company's reserve calculation but will not result in additional paperwork.

Effectiveness/Sunset Date

This rulemaking becomes effective upon final publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

S. § 745.5(a)), on December 21, 1999, the Department submitted a copy of the notice of proposed rulemaking, published at 30 Pa.B. 23 to IRRC and to the Chairpersons of the Senate Banking and Insurance Committee and the House Insurance Committee for review and comment. In addition to the submitted proposal, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

In preparing this final-form rulemaking, the Department considered all comments received from IRRC, the Committees and the public. This final-form rulemaking was approved by the Senate and House Committees on April 4, 2000. In accordance with 5(g) of the Regulatory Review Act, IRRC met on April 13, 2000, and the final-form rulemaking was deemed approved.

INSURANCE DEPARTMENT
[31 PA. CODE CH. 89]

Medicare Supplement Insurance Minimum Standards

The Insurance Department (Department) amends § 89.790 and Appendix E and adopts § 89.777a, to read as set forth in Annex A. The Department adopts the amendments under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412).

Purpose

Chapter 89, Subchapter K (relating to Medicare Supplement Insurance minimum standards), was initially promulgated to establish certain minimum standards for Medicare Supplement Insurance. The Department has modified Subchapter K to allow for the sale of "Medicare Select" products (previously a Federal pilot program) which is intended to expand the health care choices of Medicare eligible insureds. Generally, Medicare Select will allow consumers to purchase Medicare Select products for lower premiums than standard Medicare supplement policies. The major difference between standard Medicare supplement policies and Medicare Select policies is that each Medicare Select issuer will have a network of specific hospitals, and possibly specific doctors,

that must be utilized to receive full benefits, except in the case of an emergency. It is similar in concept to preferred provider organizations (PPOs) for accident and health insurance. However, Medicare Select policies are not PPO policies and are not subject to section 630 of The Insurance Company Law of 1921 (40 P. S. § 764a). In addition, because Medicare Select policies do not meet the definition of "managed care plans" in Act 68 of 1998 (40 P. S. §§ 991.2101—991.2193), the provisions of that act, including those relating to complaints and grievances, do not apply to Medicare Select policies. This Commonwealth is one of the few remaining states that has not authorized the sale of the Medicare Select products. The Department believes this puts consumers and issuers at a competitive disadvantage in comparison with neighboring states. The Department has received numerous inquiries and letters of support for Medicare Select from consumers, the insurance industry and providers alike. The Department has also clarified and revised language to improve the readability and understandability of the regulations.

Comments and Response

Notice of proposed rulemaking was published at 29 Pa.B. 650 (February 6, 1999) as a proposed rulemaking with a 30-day public comment period. No comments were received from the public or the insurance industry.

On April 8, 1999, the Independent Regulatory Review Commission (IRRC) responded with comments.

IRRC noted that the amendments were not clear regarding what constitutes a complaint, how complaints are to be distinguished from grievances, and the procedures an insurer must follow when a complaint is received. IRRC also commented that the definition of "complaint" in § 89.777a(c)(1) does not provide a clear distinction between a complaint and a grievance.

Complaints are more general and less formal than grievances. Grievances are more formal and focused on the administration, claims practices or provision of services of a Medicare Select issuer or its network providers. The Department believes that both complaints and grievances need to be included in the amendments. Based on its review of this comment, the Department revised the definition to clarify that a complaint can be expressed "orally or in writing" and can be filed by an individual "insured under a Medicare Select policy or certificate."

IRRC commented that subsection (f)(3) requires a Medicare Select issuer to provide a description of the grievance procedure. It questioned why there was not a similar requirement for complaints.

The Department agrees and a new subsection (f)(4) has been added requiring that Medicare Select issuers provide a description of the complaint procedure to be utilized.

IRRC further commented that the scope of subsection (f)(7), which required a proposed plan to contain "other information requested by the Commissioner," was too broad and should be narrowed to information pertinent to the plan of operation.

The Department agrees and subsection (f)(7) has been renumbered as subsection (f)(8) and revised to include that the other information requested by the Commissioner shall be "pertinent to the plan of operation."

IRRC commented that the requirements for hearing complaints and resolving written grievances in subsection (l)(1)—(6) should apply to both complaints and grievances.

The Department agrees and subsection (l)(1)—(5) have been revised to include these requirements for both complaints and grievances. Subsection (l)(6) has not been revised to include complaints. Because complaints are a less formal process than grievances and can be expressed orally, the Department believes it would be an unnecessary regulatory burden to require issuers to track and formally report on complaints to the Department. The Department has the authority under the examination law to review insurers' files. Examinations can be performed at any time to determine if an insurer is properly classifying complaints and grievances if the Department determines that an examination is necessary.

IRRC further commented regarding subsection (l) that the Department should require issuers to explain how an individual may initiate a complaint or grievance.

The Department believes that this issue is addressed by the proposed language in subsection (l)(2).

IRRC further commented on the timeframes for consideration of and notification to concerned parties in subsection (l)(3)—(5). IRRC was concerned that this subsection does not provide clear guidance for when the actions are expected to occur.

Medicare Select is a Medicare supplement product that pays after Medicare pays based on Medicare's benefit determination and the use of participating Medicare Select providers. Time frames for the consideration of complaints and grievances have been added. The time frames for action by the issuer do not start until after a benefit determination has been made by Medicare. The Department has clarified this in subsection (l)(3)—(5).

Persons Regulated

These amendments apply to all insurance companies that issue Medicare Supplement products in this Commonwealth and that choose to offer Medicare Select policies.

Fiscal Impact

The Department currently has the capacity to review the new Medicare Select filings in the course of normal business and should experience minimal or no cost increases in reviewing these new products.

The insurance industry will incur minimal additional costs in filing for the approval of the new forms, if they choose to offer Medicare Select products. Most issuers should be able to submit forms either identical, or very similar to, variations approved in other states because these amendments are adopting the NAIC model language.

Consumers could experience additional savings based on greater product availability.

Paperwork

Adoption of these amendments will require additional paperwork in the product development area only if issuers choose to market Medicare Select products. Paperwork requirements should not be burdensome for the Department because the new Medicare Select products can be reviewed during the normal course of business.

Effectiveness/Sunshine Date

This rulemaking will become effective upon final adoption and publication in the *Pennsylvania Bulletin* as final rulemaking. No sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on January 27, 1999, the Department submitted a copy of the proposed rulemaking, published at 29 Pa.B. 650, to IRRC and to the Chairpersons of the Senate Committee on Banking and the Insurance and the House Insurance Committee. In addition to the submitted proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." Under section 5(c) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received. In preparing these final-form regulations, the Department has considered all comments from IRRC, the Committees and the public. A copy of that material is available to the public upon request.

These final-form regulations were deemed approved by the Senate Committee on Banking and Insurance and the House Insurance Committee on March 28, 2000, in accordance with section 5.1(d) of the Regulatory Review Act (71 P. S. § 745.5a(d)). IRRC met on April 13, 2000, and approved the final-form regulations in accordance with section 5.1(e) of the Regulatory Review Act.

Findings

The Department finds that:

(1) Public notice of intention to adopt this rulemaking as amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of this rulemaking in the manner provided for in this order is necessary and appropriate for the administration and enforcement of the authorizing statutes.

Order

The Department, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 31 Pa. Code Chapter 89, are amended by amending § 89.790 and Appendix E; and adding § 89.777a to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

PROPOSED RULEMAKING

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 101]

Personal Income Tax

The Department of Revenue (Department), under authority contained in section 354 of the Tax Reform Code of 1971 (TRC) (72 P.S. § 7354), proposes to amend §§ 101.1 and 101.6 (relating to definitions; and compensation) to read as set forth in Annex A.

Purpose of Regulation

This regulatory amendment will provide an explanation of the meaning and scope of the exclusion from compensation in section 301(d)(vi) of the TRC, Personal Income Tax (72 P.S. § 7301(d)(vi)) for employer or labor union payments for supplemental unemployment programs. The proposed changes will address the tax treatment of programs offered to provide supplemental benefits to employees terminated from service as a result of layoff, workforce reduction, plant closings or other involuntary terminations.

Explanation of Regulatory Requirements

Section 101.1 is amended by adding the definition of "supplemental unemployment benefit plan." Section 101.6 is amended by adding a new paragraph (9) relating to benefits payable under a supplemental unemployment benefit plan, under subsection (c) which enumerates what compensation does not mean or include. The numbering of this new paragraph will change upon the Department's adoption of Regulation 15-402 (see 28 Pa.B. 1946 (April 25, 1998)), relating to payments for employee welfare benefit plans and cafeteria plans.

Affected Parties

Persons receiving employer or labor union payments for supplemental unemployment programs may be affected by this proposed rulemaking.

Fiscal Impact

The Department has determined that the proposed rulemaking will have no fiscal impact on this Commonwealth.

Paperwork

The proposed rulemaking will not require additional paperwork for the public or the Commonwealth.

Effectiveness/Sunset Date

The proposed rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. The proposed rulemaking is scheduled for review within 5 years of final publication. No sunset date has been assigned.

Contact Person

Interested persons are invited to submit in writing any comments, suggestions or objections regarding the proposed rulemaking to Anita M. Doucette, Office of Chief Counsel, PA Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061, within 30 days after the date of the publication of this notice in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on April 26, 2000, the Department submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees on Finance. In addition to submitting the proposed amendments, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed rulemaking, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by the portion of the proposed amendments to which an objection is made. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Department, the General Assembly and the Governor of objections raised.

SECURITIES COMMISSION

[64 PA. CODE CHS. 202, 203, 205, 206,
301—305, 404, 602 AND 603]

Registration of Securities; Investment Adviser Representatives; and Administration

Statutory Authority

The Securities Commission (Commission), under the authority contained in sections 202(g), 203(j), (q) and (r), 205(b), 206(b), 301(b), 302(f), 303(a)—(e), 304(a), (b) and (e), 305(a) and (f), 404(a), 602(f), 603(c) and 609(a) of the Pennsylvania Securities Act of 1972 (70 P. S. §§ 1-202(g), 1-203(j), (q) and (r), 1-205(b), 1-206(b), 1-301(b), 1-302(f), 1-303(a)—(e), 1-304(a), (b) and (e), 1-305(a) and (f), 1-404(a), 1-602(f), 1-603(c) and 1-609(a)) (act) proposes to amend and adopt regulations concerning the subject matter of the act to read as set forth in Annex A and further described under the Summary and Purposes of Proposed Amendments.

Summary and Purpose of Proposed Amendments

§ 202.070. Proposed changes would clarify when the exemption would be available to certain nonemployees included in compensatory plans or compensatory contracts.

§ 203.101. Proposed changes would allow attorneys to give a clear legal opinion on the availability of the exemption.

§ 203.171. Proposed changes would allow attorneys to give a clear legal opinion on the availability of the exemption.

§ 203.185. Proposed changes would allow attorneys to give a clear legal opinion on the availability of the exemption.

§ 203.186. Proposed changes would allow attorneys to give a clear legal opinion on the availability of the exemption.

§ 203.192. Proposed new regulation would create a registration exemption for certain rights offerings and exchange offers made by foreign private companies to Commonwealth residents that are exempt from registration with the United States Securities and Exchange Commission (SEC).

§ 205.021. Proposed changes would replace Form 205 with Form R and eliminate the requirement to file Form R for all issuers applying for registration under section 205 except those relying on SEC Regulation A.

§ 206.010. Proposed changes would replace Form 206 with Form R and restrict the requirement to file Form R to issuers making an offering under sections 3(a)(4) or (11) of the Securities Act of 1933 or Rule 504 of SEC Regulation D or SEC Regulation A.

§ 301.021. This regulation would be deleted as its provisions have been superseded by a new Web-based electronic transfer program.

§ 302.063. Proposed changes would codify a No Action Letter issued by the Commission in 1999 concerning third party brokerage activities occurring in a limited purpose bank branch office.

§ 303.012. Proposed changes anticipate electronic filing through a centralized depository system and eliminate the requirement for investment adviser applicants that do not have custody, possession or discretion over clients' funds or securities to file a statement of financial condition.

§ 303.014. Proposed changes utilize the new terminology of "investment adviser representative" and anticipate electronic filing through a centralized depository system.

§ 303.015. This new regulation is proposed to implement the notice filing requirement imposed on Federally covered advisers by Act 109 of 1998.

§ 303.021. Proposed changes would accord the same treatment to notice filings by Federally covered advisers for successor firms as is accorded to registered investment advisers.

§ 303.032. Proposed changes delete the experience requirement for agents and investment adviser representatives, adopt new uniform examinations for investment advisers and investment adviser representatives, uniform grandfathering provisions and uniform waivers of the examination. These are based on a uniform model adopted by the North American Securities Administrators Association (NASAA).

§ 303.042. Proposed changes reduce net worth requirements for investment advisers and eliminates the current net worth requirement for investment advisers that do not have custody, possession or discretion over clients' funds or securities. These changes are based on a NASAA model rule and conform to Federal law as provided by the Investment Advisers Supervision Coordination Act of 1996 (Federal Act).

§ 303.051. Proposed changes revise the surety bond requirements to conform to a NASAA model rule and the requirements of the Federal Act.

§ 304.012. Proposed changes establish in State regulation recordkeeping requirements for investment advisers. Under the Federal Act, the SEC has exclusive jurisdiction over investment advisers with \$25 million or more of assets under management or advise investment companies and states have exclusive jurisdiction over the remaining investment advisers. These changes conform to a NASAA model rule and the Federal Act.

§ 304.022. Proposed changes revise the required financial reports to be filed by investment advisers which conform to a NASAA model rule, the Federal Act and a proposed amendment to the Federal Act.

§ 304.052. Proposed changes recognize that standardized commission rates charged by National securities exchanges have been eliminated.

§ 305.011. Proposed changes expand coverage of this regulation to investment adviser representatives and incorporate requirements found in the Code of Conduct of the National Association of Securities Dealers.

§ 305.019. Proposed changes expand coverage of this regulation to investment adviser representatives and include failure to comply with investor suitability requirements as a basis for taking action against a person's license.

§ 305.061. Proposed changes anticipate electronic filing through a centralized depository system and extend the regulation to withdrawal of notice filings by Federally covered advisers.

§ 404.010. Proposed changes extend this regulation to investment adviser representatives.

§ 404.011. This new regulation makes it a fraudulent, deceptive or manipulative act or practice within the meaning of section 404 of the act for an investment adviser to fail to furnish a disclosure statement to prospective clients. A similar provision already applies to Federally covered advisers.

§ 404.012. This new regulation makes it a fraudulent, deceptive or manipulative act or practice within the meaning of section 404 of the act for an investment adviser who sponsors a wrap fee program to fail to furnish a wrap fee disclosure statement to prospective clients. Similar rules currently apply to Federally covered advisers.

§ 404.013. This new regulation makes it a fraudulent, deceptive or manipulative act or practice within the meaning of section 404 of the act for an investment adviser to make cash payments to persons who solicit business for the investment adviser unless certain requirements are met. A similar provision already applies to Federally covered advisers.

§ 404.014. This new regulation makes it a fraudulent, deceptive or manipulative act or practice within the meaning of section 404 of the act for an investment adviser to have custody or possession of clients' funds or securities unless certain requirements are met. This regulation is similar in scope to § 404.020 which is being deleted. A similar provision already applies to Federally covered advisers.

§ 404.020. This regulation is being deleted in favor of § 404.014 which codifies the current requirements.

§ 602.060. Proposed changes would delete the subscription fee for the Commission's *Bulletin and Annual Report*. The publications are currently available to the public free of charge.

§ 603.031. Proposed changes would clarify that any record which the Commission deems is excluded from the definition of a public record in 65 P. S. § 66.1(2) may be withheld from the public and that the Social Security numbers, home addresses and dates of birth appearing on Form U-4 filed by all agent and investment adviser representative applicants and registrants would be treated as confidential.

Persons Affected by these Amendments

The first eight proposed regulatory actions will affect issuers relying on certain exemptions from registration to issue securities and issuers of securities in registered offerings. The bulk of the remaining proposed regulatory actions will affect, to varying degrees, broker-dealers, agents, investment advisers and investment adviser representatives. These actions are required to implement Act 109 of 1998 and the Federal Act.

Fiscal Impact

The proposed regulatory actions substantially will reduce costs to the investment advisory community by reducing or eliminating net worth requirements, reducing or eliminating required financial reports, waiving examination requirements for certain classes of applicants and conforming Commission rules to uniform NASAA model rules and provisions of the Federal Act.

The proposed recordkeeping provisions, supervisory requirements and disclosure delivery requirements are similar to what currently is required by the NASD Code of Conduct, by existing Commission regulations or by Federal law with respect to Federally covered advisers. Therefore, the Commission does not anticipate that the proposed regulatory actions will impose additional financial burdens on applicants or registrants.

Also, most companies making a registered public offering of securities no longer will have to expend the time and money to file an additional state-specific form with the Commission.

Paperwork

The Commission proposes to eliminate current Forms 205 and 206 in favor of one new form designated as Commission Form R which will be used by certain issuers making application with the Commission to make a public offering of securities in this Commonwealth. The Commission further proposes to reduce substantially the categories of issuers that would be required to file new Form R.

With respect to investment advisers, the Commission proposes to eliminate or reduce the required financial reports and statements of financial condition that must be filed by applicants or registrants.

Effective Date

The proposed amendments and regulations will become effective upon publication in the *Pennsylvania Bulletin* as final rulemaking.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 11, 2000, the Commission submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Commerce and Economic Development and the Senate Committee on Banking and Insurance for comment and review. In addition to submitting the proposed amendments, the Commission has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis

Form prepared by the Commission in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Commission within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by the portion of the proposed amendments to which an objection is made. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Commission, the General Assembly and the Governor of objections raised.

STATE BOARD OF AUCTIONEER EXAMINERS

[49 PA. CODE CH. 1]

Application Fees

The State Board of Auctioneer Examiners (Board) proposes to amend § 1.41 (relating to fees) by revising those fees which are not related to license renewals but reflect the cost of processing applications and providing services. The proposed changes are to read as set forth in Annex A.

A. *Effective Date.*

This amendment will take effect when published as final rulemaking in the *Pennsylvania Bulletin*.

B. *Statutory Authority.*

Section 6(a) of the Auctioneer and Auction Licensing Act (act) (63 P. S. § 734.6(a)), requires the Board to establish fees by regulation. The same provision requires the Board to increase fees to meet or exceed projected expenditures if the revenues raised by fees, fines and civil penalties are not sufficient to match expenditures.

C. *Background and Purpose.*

The act requires the Board to set fees by regulation so that revenues meet or exceed expenditures. General operating expenses of the Board are funded through biennial license renewal fees which are paid by all licensees. Expenses of the Board which are related to processing individual applications or providing certain services directly to individual licensees or applicants are excluded from general operating revenues. These expenses are funded through fees which are based on the cost of providing the service. These application and service fees are the focus of this proposed rulemaking.

A recent systems audit of the operations of this and other boards within the Bureau of Professional and Occupational Affairs analyzed the fees for services to licensees and applicants to determine if the fees reflected the actual cost of providing the services. Actual cost calculations are based on the following formula:

$$\begin{array}{r} \text{number of minutes to perform the function} \\ \times \\ \text{pay rate of personnel performing the function} \\ + \\ \text{a proportionate share of administrative overhead.} \end{array}$$

The Board's fee schedule in § 1.41 was last amended in 1998 when the Board adopted biennial renewal fee increases to balance a projected deficit in the Board's anticipated revenues and expenses. However, the fee structure of § 1.41 incorporated that established by the Bureau of Professional and Occupational Affairs Fee Act (63 P. S. § 1401-203) which established fees only for examination, licenses and renewals. The present auctioneer law was enacted in 1983 and among other things gave the Board authority to regulate auction houses and companies and approved schools. As a result of the

systems audit referred to previously, the Board identified activities resulting from regulatory requirements for these entities.

In this proposal, the Board would establish six new fees identified in the Bureau audit as attributable to requests by individual licensees for services or Board approval or action required by the act or regulation. By establishing these fees the Board proposes that these licensees will pay their proportionate share of the cost to provide the service and reserve renewal revenue for general operating and enforcement expenses.

The Board mandates prescribed programs of study in § 1.11 (relating to approved course of study). The Board now proposes a fee to cover the costs of the approval process in reviewing a course for which an applicant wants to receive credit, when the course is outside the prescribed course of study.

The Board also proposes a fee for applications to change sponsor. Sponsors are licensed auctioneers who agree to supervise apprentice auctioneers under section 5(b) of the act (63 P. S. § 734.5(b)), an apprentice auctioneer license is valid only when that apprentice has a sponsoring auctioneer; the apprentice must submit a transfer form and obtain a reissued license each time the apprentice secures a new sponsor.

Sections 9 and 10(d) of the act (63 P. S. §§ 734.9 and 734.10(d)), require auction house and auction company licensees to notify the Board of change in ownership, name and location of the auction house or company. The Board now proposes a fee to process these applications for changes in auction house or company licenses.

Section 11 of the act (63 P. S. § 734.11) provides for licensure of nonresidents upon their compliance with the conditions for licensure required of Commonwealth residents. The Board currently does not charge a fee for the time involved in reviewing nonresident qualifications to determine eligibility to sit for the licensing exam. The Board now proposes a fee for this service.

Currently the Board charges no fees for the actual cost of processing the following: an application to approve course; an application to change sponsor; an application to change auction house or auction company license; nonresident examination eligibility review; certification of scores, permit or registration; and verification of license registration, permit or approval.

Verification of scores, permit or registration involves a brief and simple electronic search of the Board's computerized licensure records for the subject licensee. This process takes about 5 minutes. Certification of scores, permit or registration is a more labor intensive function which may require Board staff to search electronically and manually through extensive computer, microfilm and paper files to compile various pieces of information regarding the subject's education, examination and/or training. That information is then compiled into one document. The certification process takes about 45 minutes.

The Bureau's costs calculations allowed the Board to establish fees for the services identified in this proposal, which fees would allocate costs to those who use the service or submit the application.

The Board proposes a new fee of \$45 to cover the cost of processing applications to approve a course; a \$15 fee to cover the cost of processing applications to change sponsors and a \$15 fee to cover the cost of processing an application to change auction house or auction company license. In addition, the Board proposes a new fee of \$25

to cover the cost of performing nonresident examination eligibility review; a new fee of \$25 to cover the cost of processing certifications of scores, permits or registration; and a new fee of \$15 to cover the cost of processing verification of license, registration, permit or approval. The Board currently incurs staff costs in administrative overhead in providing these services without fee.

The following table outlines the new application fees:

<i>Application or Service</i>	<i>Current Fee</i>	<i>Proposed Fee</i>
Application to approve course	\$0	\$45
Application to change sponsor	\$0	\$15
Application to change auction house or auction company license	\$0	\$15
Nonresident exam eligibility review	\$0	\$25
Certification of scores, permit or registration	\$0	\$25
Verification of license, or approval	\$0	\$15

D. Compliance with Executive Order 1996-1.

In accordance with Executive Order 1996-1 (February 1, 1996), in drafting and promulgating the proposal, the Board considered the amendment as both required by law and the least restrictive means of covering the costs of services requested by licensees and applicants.

E. Fiscal Impact and Paperwork Requirements

The proposed amendment will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The fees will have a very modest fiscal impact on those members of the private sector who apply for services from the Board. This amendment will not impose additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

F. Sunset Date.

The Board continuously monitors the cost effectiveness of its regulations. Therefore, no sunset date has been assigned.

G. Regulatory Review.

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 20, 2000, the Board submitted a copy of this proposed amendment to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Professional Licensure Committee and to the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed amendment, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of the material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendment, it will notify the Board within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of objections prior to final publication of the regulation, by the Board, the General Assembly and the Governor, of objections raised.

H. Public Comment.

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Linda Dinger, Administrative Assistant, State Board of Auctioneer Examiners, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. STATE BOARD OF NURSING

[49 PA. CODE CH. 21]

Biennial Renewal Fees

The State Board of Nursing (Board) proposes to amend §§ 21.5, 21.147 and 21.253 (relating to fees) by revising

biennial renewal fees to read as set forth in Annex A. The proposed amendments would increase the biennial license renewal fee for registered nurses from \$21 to \$45, for licensed practical nurses from \$16 to \$40, and for certified registered nurse practitioners (CRNPs) from \$26 to \$50.

A. Effective Date

The new fees would be effective on final publication in the *Pennsylvania Bulletin* and will apply to the biennial renewals commencing after July 1, 2000.

B. Statutory Authority

The proposed amendments are authorized under section 11.2(a), (b) and (d) of The Professional Nursing Law (63 P. S. § 221.2(a), (b) and (d)) and section 17.5(a) and (b) of the Practical Nurse Law (63 P. S. § 667.5(a) and (b)). Section 11.2(a), (b) and (d) of The Professional Nursing Law and section 17.5(a) and (b) of the Practical Nurse Law require the Board to fix the fees required for renewal of licenses and certificates by regulation. In addition, these provisions require the Board to increase fees by regulation to meet or exceed projected expenditures if the current revenues raised by fees, fines and civil penalties are not sufficient to meet projected expenditures and to increase fees in an amount to insure that adequate revenues are raised to meet the required enforcement efforts.

C. Background and Need for Amendments

As noted previously, the Board's licensure laws require that the Board fund enforcement and operating expenses through biennial renewal fees, fines and penalties. The biennial renewal fees fund nearly all of the Board's costs.

In accordance with these laws, the Board in conjunction with the Department of State's Budget and Financial Management Office and its Revenue Office has reviewed biennially the actual expenditures and revenue history of the Board against its projected expenses and revenue. For the past 4 biennial renewal periods, the Board's license renewal fees, which were established by regulation in 1992, were sufficient to meet expenditures.

At its September 28, 1999, Board meeting, the Board reviewed a summary of the Board's revenues and expenses since the last biennial cycle. The summary, prepared by the Offices of Revenue and Budget and presented in the following table format, demonstrated that the Board must raise fees to meet or exceed projected expenditures and thereby comply with section 11.2(a) and (b) of The Professional Nursing Law and section 17.5(a) and (b) of the Practical Nurse Law.

	<i>FY98-99</i> <i>(Actual)</i>	<i>FY99-00</i> <i>(Projected)</i>
Beginning Balance	\$429,038.32	(\$802,116.45)
Revenue	\$2,713,548.01	\$3,510,613.00
Prior Year returned Funds	\$93,297.22	\$43,650.20
Total Revenue	\$3,235,883.55	\$2,752,146.75
Expenses	\$4,038,000.00	\$4,486,000.00
Remaining Balance	(\$802,116.45)	(\$1,733,853.25)

As the foregoing indicates, the Board last recorded a positive revenue/expenditure balance on June 30, 1998, of \$429,038.32. As of June 30, 1999, the Board had a negative revenue/expenditure balance and experienced a deficit of \$802,116.45. The Budget Office projects a 1999-2000 fiscal year deficit of \$1,733,853.25.

During the fiscal year ending June 30, 1999, Board costs showed a substantial increase over the prior fiscal

year in Board administration costs and investigation and hearing costs. Board administration included the costs of making licensing information available on the Internet (\$37,000) and a new phone system (\$60,000), which greatly enhance customer service; new software and computers (\$16,000), which are an investment in the future of the Board; and newsletter mailing (\$118,206.40). Additionally, the Board experienced a fire in 1994. Since that time, the Board has been absorbing the increased costs of obtaining new equipment and leasing office space without a corresponding increase in biennial renewal fees. The following chart shows the increase in disciplinary actions relating to the law enforcement and hearing costs centers.

	<i>Fy 92-93</i>	<i>Fy 98-99</i>	<i>Increase</i> <i>(% increase)</i>
Cases opened	327	596	269 (82.27%)
Cases closed	281	604	323 (114.95%)
Disciplinary actions	76	176	100 (131.58%)

The following is a summary of expenditure charges for fiscal year June 30, 1998, to June 30, 1999:

BPOA Administration	\$348,774.20
Commissioner's office	\$256,959.70
Law Enforcement	\$358,841.24
Board Member Expenses	\$46,405.61
Test Administration	\$200.00
Hearing Expenses	\$139,732.47
Central Support Services	\$746,420.07
Board Administration	\$1,120,566.14
Professional Health Monitoring Program	\$271,608.77
Public Information Office	\$4,522.54
Legislative and Regulatory Analysis	\$60,647.56
Legal Office	\$595,189.82
Rolled Expenditures	\$44,481.67
Total Board Costs	\$3,994,349.80

D. Description of Proposed Amendments

The proposed amendments would increase the biennial renewal fee for practical nurses, professional nurses and CRNPs. The following table outlines the affected biennial renewal fees and proposed changes:

<i>License</i>	<i>Current Fee</i>	<i>Proposed Fee</i>
Licensed Practical Nurse	\$16	\$40
Registered Nurse	\$21	\$45
CRNP	\$26	\$50

The Budget Office anticipates that the proposed new fees will enable the Board to recapture the current deficit and meet its estimated expenditures for the 2000-2002 biennial cycle.

The proposed new fees will affect a total licensee population of 257,986 (197,171 registered nurses, 4,422 CRNPs and 56,393 licensed practical nurses). The Board estimates these fees will generate \$13,175,515 in biennial revenue. If the proposal is effectuated, the revenue would be used to recapture projected deficits totaling \$2.8 million by the end FY 00-01 and to fund anticipated expenditures from FY 01-02 through FY 03-04 of \$12.7 million.

E. Compliance with Executive Order 1996-1

In accordance with Executive Order 1996-1 (February 6, 1996), in drafting and promulgating the regulations the Board considered the regulations as both required by law and the least restrictive means of covering the costs of services required to be performed by the Board.

F. Fiscal Impact

The proposed amendments will increase the biennial renewal fees for licensed practical nurses, registered nurses and CRNPs. Licensed practical nurses, registered nurses and CRNPs will pay an additional \$24 for biennial renewal. The proposed amendments should have no other fiscal impact on the private sector, the general public or political subdivisions.

G. Paperwork Requirements

The proposed amendments will require the Board to alter some of its forms to reflect the new biennial renewal fees; however, the proposed amendments should not create additional paperwork for the private sector.

H. Sunset Date

The Professional Nursing Law and the Practical Nurse Law require that the Board monitor its revenue and cost on a fiscal year and biennial basis. Therefore, no sunset date has been assigned.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 20, 2000, the Board submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Professional Licensure Committee and Senate Consumer Protection and Professional Licensure Committee for review and comment. In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Board within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Board, the General Assembly and the Governor of objections raised.

J. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Ann Steffanic, Administrator, State Board of Nursing, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Please reference

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements. The updates may include but will not be limited to applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as

a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act and regulations adopted under the act.

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit require-

ments for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

**SEWAGE FACILITIES ACT
PLAN APPROVAL**

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Branch Township, Schuylkill County.

The Plan Revision calls for Branch Township to enter into a joint project with neighboring Cass Township to construct a regional sewer system. A sanitary sewage collection and conveyance system will be constructed to serve approximately 672 Equivalent Dwelling Units (EDUs) in the following areas of Branch Township: Llewellyn, West Terrace, Phoenix Park, Dowdowntown and New Minersville. The sewage from these areas will be conveyed to a 450,000 gallons per day (gpd) treatment plant that will be constructed south of the Village of Llewellyn, with a treated effluent discharge to the West Branch of the Schuylkill River. In addition, a sewage collection system and a 5,000 gpd package sewage treatment plant will be constructed to serve approximately 20 EDUs in the Village of Stein's Mill. Treated effluent from the Stein's Mill plant will be discharged into Muddy Branch Creek.

The plan is approved with the following conditions:

1. The approved project will require NPDES Permits for the proposed effluent discharges. The permit applications must be submitted in the name of the municipality or authority, as appropriate.

2. The approved project will require Water Management Part II Permits for the construction and operation of the proposed sewage facilities. The permit applications must be submitted in the name of the municipality or authority, as appropriate.

Issuance of a Part II Permit will be based upon a technical evaluation of the permit application and supporting documentation. Starting construction prior to obtaining a Part II Permit is a violation of The Clean Streams Law.

3. Other Departmental permits may be required for construction if encroachment to streams or wetlands will result. Information regarding the requirements for such permits or approvals can be obtained from the Department's Soils and Waterways Section by contacting (570) 826-2553.

It is now Branch Township's responsibility to implement the Plan Revision in accordance with the schedule contained therein.

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2553.

Location: State Route 946, 1 mile west of the intersection of 946 and SR 987 in Moore Township, **Northampton County**. *Project Description:* This project proposes the expansion and renovation of the existing Moore Township Elementary School comprising 17.62 acres. The school and its facilities serve 735 students and faculty at this time. An existing activated sludge package treatment plant serves the school. The plant has a permitted discharge of 6,420 gpd of treated effluent to an unnamed tributary of the Hokendauqua Creek. The existing metered water consumption rate of the school population is 4,238 gpd. The treatment plant will undergo renovations

including the addition of flow equalization facilities and a new effluent tank incorporating chlorination, dechlorination, polishing clarifier and a post aeration compartment will be installed. The anticipated student/faculty population after renovation to the school is 970, which will generate a water consumption rate of 5,620 gpd. An existing well provides water to the school.

Northcentral Regional Office: Water Management Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 327-0530.

Location: Troy Township, **Bradford County**. Fallbrook Road southwest of Troy Borough and the area along Rt. 14 north of Rt. 6 to the Troy Township line.

Project Description: This project proposes to extend gravity sewer service to serve 120 existing EDUs. The sewage will be conveyed to and be treated at the existing Troy Borough sewage treatment plant.

The Department's review of the sewage facilities update revision has not identified any significant negative environmental impacts resulting from this proposal.

HAZARDOUS SITES CLEANUP

Under the Act of October 18, 1988

Proposed Consent Order and Agreement

Filmore Site

Millcreek Township, Erie County

Under section 1113 of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (HSCA), notice is hereby provided that the Department of Environmental Protection (Department) has agreed to a Consent Order and Agreement (CO&A) with Benjamin F. Kimmel concerning the resolution of his liability for the Filmore Site (Site). The Site is located at the end of Filmore Avenue in Millcreek Township, Erie County, PA.

In the past, hazardous substances were disposed at the Site and these substances contaminated the environment at the Site. The Department has incurred more than \$500,000 in response costs at the Site. The Department estimates that it will cost up to \$1.8 million dollars more to abate the release and threatened release of hazardous substances at the Site. As an owner of a portion of the Site subsequent to hazardous substance disposal and initial releases at the Site, and during the time of the release and threatened release of hazardous substances at the Site, Benjamin F. Kimmel is a "responsible person" as defined in section 103 of HSCA (35 P. S. § 6020.103). Under the terms of the CO&A, Benjamin Kimmel shall pay a total of \$45,000 to the Hazardous Sites Cleanup Fund in settlement of his share of responsibility for the cleanup of the Site. Benjamin F. Kimmel will also convey title of the portion of the Site that he owes to the Department, under the terms of the CO&A. The Department anticipates that the response action will be conducted at the Site during the 2000 construction season. This response will help mitigate the threat to human

health and the environment posed by the hazardous substances there.

The specific terms of this settlement are set forth in the CO&A between the Department and Benjamin Kimmel. The Department will receive and consider comments relating to the CO&A for 60 days from the date of this Public Notice. The Department has the right to withdraw its consent to the CO&A if the comments concerning the CO&A disclose facts or considerations which indicate that the CO&A is inappropriate, improper or not in the public interest. After the public comment period, the Department's settlement with Benjamin Kimmel shall be effective upon the date that the Department notifies Benjamin Kimmel, in writing, that this Consent Order and Agreement is final and effective in its present form, and that the Department has filed a response to significant written comments to the CO&A, or that no such comments were received.

The CO&A is available for inspection and copying at the Department's office at 230 Chestnut Street, Meadville, PA. Comments may be submitted, in writing, to Charles L. Tordella, Project Manager, Department of Environmental Protection, Hazardous Sites Cleanup, 230 Chestnut Street, Meadville, PA 16335. Further information may be obtained by contacting Charles Tordella at (814) 332-6648. TDD users may contact the Department through the Pennsylvania Relay Service at (800) 645-5984.

Notice of Prompt Interim Response

Chemigraphics Site

Whitpain Township, Montgomery County

The Department of Environmental Protection (Department) is issuing this notice under section 506(b) of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020—6020.101—6020.1304) (HSCA).

The Department, under the authority of HSCA, began an interim response action on September 16, 1998, at the Chemigraphics Site (Site), located at Railroad Avenue and Mathers Road in Whitpain Township, Montgomery County. The Site has a plume of contaminated groundwater, and had a number of drums and containers of hazardous wastes and materials. Based on the ongoing release and imminent threat of release of hazardous substances at the Site, and corresponding threats to human health and the environment, the Department decided that it was necessary to implement a prompt interim response action at the Site under authority under sections 501(a) and 505(b) of HSCA (35 P. S. §§ 6020.501(a) and 6020.505(b)). The Department determined that prompt action was required to protect the public health and safety and the environment from the ongoing release and threat of release of hazardous substances.

The Department made its decision to implement a prompt interim response at the Site because of the community's actual or potential exposure to hazardous substances by inhalation, ingestion and dermal contact. The formerly unused portions of the facility were being put back into active use, and as a result the probability of exposure to stored materials increased. Because of these conditions, the Department determined that prompt action was required to protect the public health and safety, and the environment within the meaning of 25 Pa. Code 3.21(b). The Department will conduct further investiga-

tions of Site conditions concurrent with, and following, the prompt interim response action.

The objectives of the prompt interim response action were to remove and properly dispose of hazardous wastes and materials that the Department had stored on the Site. The Department considered two alternative interim response actions for the Chemigraphics Site:

Alternative 1) No Action. A "No Action" alternative provides a baseline against which all other alternatives can be prepared and/or judged. Had the Department selected the "No Action" alternative, any actual or potential health and environmental risk posed by the Site would have remained the same.

Alternative 2) Waste Removal and Disposal. This alternative consisted of shipping the stored wastes offsite to properly permitted disposal facilities.

In evaluating these alternatives, the Department considered the criteria of permanence, protection of human health and environment, and the alternatives' ability to meet applicable, relevant and appropriate State and Federal requirements (ARARs). The Department also considered cost-effectiveness in analyzing the prompt interim alternatives. The Department determined that the "No Action" alternative would not be protective of the public health. The Department selected Alternative 2, "Waste Removal and Disposal." This alternative is protective of the public health and environment, complies with ARARs, and is feasible and effective. Due to the arrival of a new tenant at the facility, the Department determined that prompt action was required under the authority provided in section 505(b) of HSCA.

An Administrative Record which contains more detailed information concerning the prompt interim response action is available for public inspection. The Administrative Record may be examined from 8 a.m. to 4 p.m. at the Department's offices at Suite 6010, Lee Park, 555 North Lane, Conshohocken, PA 19428, (610) 832-6000. Individuals interested in examining the Administrative Record should contact April Flipse at (610) 832-5937 to arrange for an appointment.

An additional copy of the Administrative Record is available for review at the Wissahickon Valley Public Library, Ambler Branch, 209 Race Street, Ambler.

A public hearing is scheduled under section 506(d) of HSCA for June 13, 2000 at 7 p.m. at the Wissahickon Valley Public Library System, Blue Bell Branch, 650 Skippack Pike, Blue Bell, PA 19422. Persons who want to present formal oral comments regarding this prompt interim response may do so by registering with the Department before the meeting. Individuals may register by calling the Department's Community Relations Coordinator, John Gerdemann, at (610) 832-6228.

Persons with a disability who wish to attend the June 13 meeting and require auxiliary aid, service or other accommodation to participate in the proceedings should contact John Gerdemann at the telephone number listed or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

The public may also submit written comments regarding the Department's prompt interim response action during the period of public comment. Under section 506(c) of HSCA, the Department has established a period for public comment, which shall run from the date of this notice through August 4, 2000. Written comments should

be addressed to April Flipse, Project Officer, at the Department's address listed.

Individuals with questions concerning this notice should contact April Flipse at (610) 832-5937.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigations, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the content of the plans and reports, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of the plan and report appears. If information concerning the plan and report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Initial Notice of Request for Certification under Section 401 of the Federal Clean Water Act and Coastal Zone Management Consistency Determination for the Issuance and Modification of Section 404 Nationwide Permits by the United States Army Corps of Engineers

This notice pertains to the issuance and modification of United States Army Corps of Engineers (Corps) Nationwide Permits (NWP) under section 404 of the Federal Clean Water Act (act). At the present time, these NWPs do not alter Pennsylvania's existing wetland protection program. The final NWPs may impact citizens who are required to receive Federal authorization or permits for these activities.

On March 9, 2000, the Corps published in the *Federal Register* (65 *Fed. Reg.* 12818) its application for certification under section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) that the activities described in the *Federal Register* notice which may result in a discharge into waters of the United States will comply with the applicable provisions of sections 301–303, 306 and 307 of the act. That notice also served as a request for a State determination of Coastal Zone Management consistency under section 307 of the Coastal Zone Management (CZM) Act, 16 U.S.C.A. § 1456, for activities within or affecting the coastal zone of the Commonwealth of Pennsylvania.

In its *Federal Register* Notice, the Corps issued five new NWPs, modified six existing NWPs, amended nine NWP general conditions, and added two new NWP general conditions. The *Federal Register* notice also provides that NWP 26 will expire on June 5, 2000. A list of new and modified NWPs and new and modified NWP conditions follows. Further information on this Federal action is available by accessing the Corps Home Page at <http://www.usace.army.mil/inet/functions/cw/cecwo/reg> or by contacting David Olsen or Sam Collinson at (202) 761-0199.

Persons wishing to comment on this application for 401 Water Quality Certification and CZM consistency are invited to submit comments by June 5, 2000, to Ken Reisinger, Chief, Division of Waterways, Wetlands and Erosion Control, P. DEPARTMENT OF TRANSPORTATION

Finding

Berks County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Federal Highway Administration and the Department of Transportation are planning selective replacement and rehabilitation of the Lindbergh Viaduct, which carries S. R. 2021 over Mineral Spring Road, 19th Street, Mineral Spring Creek and Pendorra Park in the City of Reading, Berks County.

This project will impact Section 4(f) resources as identified in the associated Categorical Exclusion Evaluation/Programmatic Section 4(f) Evaluation.

Mitigation measures will be taken to minimize harm as stipulated in the Categorical Exclusion Evaluation/Programmatic Section 4(f) Evaluation and in the executed Memorandum of Agreement. Mitigation measures include the following:

- A Historic American Buildings Survey/Historic American Engineering Record (HABS/HAER) recordation/documentation will be completed to mitigate the demolition of spans 1-6 and the consequent change in the bridge's overall character and appearance.
- All new construction will be compatible with the historic and architectural qualities of the Lindbergh Viaduct.
- The deteriorated reinforced concrete light standards will be reproduced, and neoclassical style, two arm luminaires will be installed.
- Plantings on the embankment will be the same type used in the park.
- The information generated during the HAER recordation will be compiled into an interpretive plaque to be placed in the park adjacent to a pedestrian path and/or on the bridge.
- Only the area necessary to effectively complete the construction will be disturbed. Any adjacent sensitive resources will be surrounded with protective fencing. All disturbed areas will be restored and revegetated at the completion of construction.
- A protective cover will be constructed over Mineral Spring Creek to prevent debris and other construction material from falling into the stream channel.
- The construction area within Pendorra Park will be surrounded by protective fencing in order to eliminate construction/recreation conflicts.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from this bridge project.

The Federal Highway Administration and the Department of Transportation plan to replace the one lane stone arch bridge that carries S. R. 4015 (Second Avenue) over Mingo Creek in Upper Providence Township, Montgomery County. The bridge is eligible for listing in the National Register of Historic Places and is considered a Section 2002/Section 4(f) resource.

This project will impact the Section 2002/Section 4(f) resource as identified in the associated Categorical Exclusion Evaluation/Programmatic Section 4(f) Evaluation.

Mitigation measures will be taken to minimize harm as stipulated in the Categorical Exclusion Evaluation/Programmatic Section 4(f) Evaluation and in the executed Memorandum of Agreement. Mitigation measures will include the following:

- A Historic American Buildings Survey/Historic American Engineering Record (HABS/HAER) recordation will be completed prior to the demolition of the bridge.
- Architectural elements such as the date plaque will be selected for curation, relocation, or reconstruction.
- A permanent plaque commemorating the history and significance of the bridge will be placed near the site.
- The Renninger archaeological site will be avoided.
- The new twin culvert will be placed six inches below the natural stream bottom to allow for natural re-establishment of the streambed and maintenance of fish passage.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

Bedford County

Project Reference No. 08430AG2552

The Department will retain an engineering firm to provide final design and services during construction on the following projects:

1. S.R. 0056, Section 008, Bedford County
Local Name: 0056 Western Intersections

This project involves safety improvements to two (2) separate intersections (approximately 0.8 miles apart) located less than two (2) miles east of Pleasantville, Bedford County. The western most intersection (S.R. 0056 with T-671 and T-554) will have a left turn lane added to S.R. 0056 at both approaches. The existing single span structure located just west of this intersection on S.R. 0056 will be replaced as part of this project. The second intersection is at the intersection of T-559, S.R. 4032, and S.R. 0056. The proposed work at this intersection includes adding a left turn lane to S.R. 0056 at both approaches and improving the vertical alignment on S.R. 0056 just west of S.R. 4032. These improvements (at both intersections) also include roadway widening and rehabilitation, widening of shoulders, hillside cuts to improve sight distance (where applicable), guide rail updates, drainage improvements, and improvements to the immediate approaches of intersecting roadways (width, radii and gradient). The Final Design of this project will be based upon approved Preliminary Design.

2. S.R. 0056, Section 010, Bedford County
Local Name: Turn Lane at Chestnut Ridge School

This project involves safety improvements to a section of SR 0056 beginning just west of Fishertown, Bedford County and extending approximately 0.9 miles eastward. The project will provide a continuous center left turn lane through access drives for the three (3) existing schools

located within this section. The existing vertical alignment on S.R. 0056 just west of S.R. 4003 will be adjusted to improve sight distance. An existing concrete culvert near the eastern end of the section will be extended to accommodate the widening of S.R. 0056. These improvements also include roadway widening and rehabilitation, wider shoulders, guide rail updates, drainage improvements, and improvements to the immediate approaches of intersecting roadways and driveways (width, radii and gradient). The Final Design of this project will be based upon approved Preliminary Design submissions.

3. S.R. 0056, Section 012, Bedford County
Local Name: 0056 Eastern Intersections

This project involves safety improvements to three (3) separate intersections located within a one half-mile section of S.R. 0056. This section of S.R. 0056 is located just south of Fishertown, Bedford County. A continuous left turn lane or designated left turn lane, (as determined in the Preliminary Design phase), will be provided on S.R. 0056 for all three-intersection locations. The western-most intersection in this section where S.R. 4028 intersects S.R. 0056 at approximately a 45-degree angle will either be relocated west to form a "T" intersection, or be cul-de-saced, or be otherwise improved as determined during the Preliminary Design phase. The next intersection is where T-541 intersects S.R. 0056. An existing single span structure on T-541 located less than 50 feet from the intersection will be replaced as part of this project. The hillside just west of this intersection will be cut back to provide required sight distance. The eastern most intersection is where S.R. 4015 and T-518 intersect S.R. 0056. These improvements also include roadway widening and rehabilitation, widening of shoulders, guide rail updates, drainage improvements, and improvements to the immediate approaches of intersecting roadways (width, radii and gradient). The Final Design of this project will be based upon approved Preliminary Design submissions.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

All consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

1. The Letter of Interest must include the project reference number, the firm's legal name, and the firm's federal identification number.
2. Identify the project manager.

3. Identify subconsultants, if any, including DBE/WBE, if required.

4. Identify key project staff.

5. Include full disclosure of any potential conflict of interest by the prime or any subconsultant based on Engineering Involvement Restrictions Guidelines as established in Strike-off Letter No. 433-00-02 published March 27, 2000. If there are no potential conflicts you shall include the following statement: I have reviewed Strike-off Letter No. 433-00-02 and determine that there are no potential conflicts of interest for anyone on this project team.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

FISH AND BOAT COMMISSION

Designation of Wilderness Trout Waters

The Fish and Boat Commission (Commission) has approved the list of Wilderness Trout Waters as set forth at 30 Pa.B. 1428 (March 11, 2000). Under 58 Pa. Code § 57.4 (relating to wilderness trout streams), it is the Commission's policy to manage the wilderness trout streams program where the stream remoteness and populations of naturally reproducing trout combine to offer a sport fishing opportunity for the recreation of anglers in a wilderness setting away from roads or vehicular access. It is the Commission's intent to advocate proper watershed management to maintain the wilderness setting and to advance and seek the highest water quality standards through the Department of Environmental Protection.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (act) (71 P. S. § 745.5(g)) provides that the designated standing committees may issue comments within 20 days of the close of

the public comment period, and the Independent Regulatory Review Commission (Commission) may issue comments within 10 days of the close of the committee comment period. The Commission comments are based upon the criteria contained in section 5a(h) and (i) of the act (75 P. S. § 745.5a(h) and (i)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulations must be submitted by the dates indicated.

Pennsylvania Public Utility Commission Regulation No. 57-213

Reporting Requirements for Quality of Gas Service Benchmarks and Standards

April 20, 2000

We submit for consideration the following objections and recommendations regarding this regulation. Subsections 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) list the criteria the Commission must use to determine if the regulation is in the public interest. The Pennsylvania Public Utility Commission (PUC) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by March 20, 2002, the regulation will be deemed withdrawn.

1. Section 62.31. Purpose.—Clarity.

This section states that the regulation is intended to provide the PUC with uniform measurements and reports to ensure that customer services of Natural Gas Distribution Companies (NGDC) are maintained at the same quality under competition. To improve clarity, the PUC should specify that this regulation applies to two classes of NGDCs which are required to file restructuring plans under the Natural Gas Choice and Competition Act. Specifically, these classes are large NGDCs serving more than 100,000 residential customers and small NGDCs serving less than 100,000 residential customers.

2. Section 62.32. Definitions.—Clarity.

Call abandonment rate

The phrase “. . . at the NGDC’s telephone call center or business office” appears twice in this definition. To be consistent with the definition of “busy-out rate,” the PUC should delete the phrase appearing at the end of the definition of “call abandonment rate.”

Infraction rate, Justified informal consumer complaint rate and Justified payment arrangement request rate

The definitions of these terms address informally verified infractions, justified informal complaints and justified payment arrangement requests. To improve clarity, the PUC should add the phrase “as determined by BCS” to these definitions.

Also, these definitions refer to the PUC’s “negotiation procedures or regulations.” This phrase is vague. The PUC should specify the “procedures” and “regulations” it will use in determining these rates.

Transaction survey

Subparagraph (ii) of this definition lists transactions that could be included in an NGDC’s survey. However, section 62.34(2) of the proposed regulation provides a list of transactions that must be included in the transaction survey. Given the explicitness of section 62.34(2), subparagraph (ii) in the definition of “transaction survey” is not necessary and should be deleted.

3. Section 62.33. Reporting requirements.—Reasonableness; Clarity.

Subsection (b) Recordkeeping

This subsection establishes what data an NGDC must report. However, it does not require an NGDC to record the amount of time it takes for the NGDC to respond to emergency calls. The PUC should consider adding the amount of time it takes an NGDC to respond to emergency safety calls to the list of items required to be reported.

This subsection also requires each NGDC to “take measures necessary and keep sufficient records” to report certain data to the PUC. This phrase does not specify what measures are “necessary” or what records are “sufficient.” Instead, the regulation clearly sets forth the data that is to be reported to the PUC. Consequently, this phrase is unnecessary and should be deleted.

Subsection (b)(3) Meter reading

Subsection (b)(3)(i) and (ii) requires each NGDC to report the number and percent of residential meters for which the company has not obtained an actual or ratepayer supplied reading within the past 6 and 12 months, as required by the PUC’s Chapter 56 regulations. However, this requirement does not distinguish between meters which are inside or outside a residential customer’s home. Although this distinction does not negate the Chapter 56 requirement for meter readings, the location of the meter is a significant factor in an NGDC’s failure

to obtain the required meter readings. The PUC should consider allowing separate reporting for meters which are inside a residential customer's home.

4. Section 62.34. Customer surveys.—Clarity.

Paragraph (1) Purpose

This paragraph requires survey questions to measure the "promptness" and "timeliness" of the NGDC's response or visit. These terms are also used in section 62.35(3)(iv). The difference between these terms is unclear. For clarity, the PUC should define "promptness" and "timeliness" in section 62.32.

Paragraph (2) Questions

We request the PUC specify what types of transactions would fall into category (vi) "Other similar transactions."

Paragraph (3) Uniform data

This provision requires an NGDC to conduct a survey using "instruments and procedures" which provide the PUC with uniform data. We request the PUC clarify what "instruments and procedures" are to be used.

Paragraph (6) Commission approval

This paragraph states the "survey instrumentation, as well as procedures for case selection, sampling, conducting the survey, analyzing results and reporting to the Commission shall be subject to the review and approval of the Commission." We have several questions relating to this provision. When does review and approval occur? Is review and approval done through a formal proceeding? If not, what type of proceeding is used? We request the PUC address these issues in the final regulation.

5. Section 62.35. NGDCs with fewer than 10,000 residential accounts.—Clarity.

Paragraph (1) Survey sample

This paragraph requires an NGDC to report to the PUC "[T]he results of a mail survey of a sample of the NGDC customers who have had interactions with one or more representatives of the NGDC." (Emphasis added.) However, the regulation does not specify the required sample size. It is our understanding that the PUC intends to require each small NGDC (under 100,000 residential customers) to survey every 10th customer that contacts the company. For clarity, the PUC should include the required sample size in the final regulation.

Additionally, the phrase "one or more representatives of" is unnecessary. For clarity and consistency with the language in section 62.34, the PUC should delete this phrase.

Paragraph (3) BCS approval

This paragraph provides that "[E]ach NGDC shall use the same mail survey questionnaire which shall be approved by the BCS." Is the questionnaire approved by the BCS through a formal proceeding? If not, what type of proceeding is used? We request the PUC address these issues in the final regulation.

6. Section 62.36. Informal complaints to the BCS.—Clarity.

Subsection (a) Residential informal consumer complaints and payment arrangement requests

According to this subsection, the BCS will report the "justified consumer complaint rate" to the PUC on an annual basis. The defined term in section 62.32 is "justified informal consumer complaint rate." The PUC should use the defined term in this subsection. If this

provision is intended to address a different complaint rate, the PUC should separately define "justified consumer complaint rate."

Subsection (b) Informally verified infractions

This subsection states that the BCS will report to the PUC "an 'infraction rate' for each NGDC with more than 100,000 residential accounts." It is unclear if the "infraction rate" referenced in this subsection is the same rate as the one defined in section 62.32. If the PUC is referring to the same rate, why does the term appear in quotation marks in this subsection? If the PUC is referring to a different rate, the term should be defined for purposes of this subsection.

7. Waiver of survey requirements.—Clarity.

In the preamble, the PUC states that it reserves the right to waive the requirements of this regulation upon petition by an affected party under 52 Pa. Code § 5.43 (relating to petitions for issuance, amendment, waiver or repeal of regulations). However, waivers are not addressed in the proposed regulation. The PUC should consider adding a section which cross-references the requirements for petitioning for a waiver in section 5.43.

State Board of Accountancy Regulation No. 16A-555

Continuing Education Program Sponsors

April 20, 2000

We submit for consideration the following objections and recommendations regarding this regulation. Subsections 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) list the criteria the Commission must use to determine if the regulation is in the public interest. The State Board of Accountancy (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by March 20, 2002, the regulation will be deemed withdrawn.

1. Section 11.64. Sources of continuing education credit.—Clarity.

The date in this section is inconsistent with the Preamble. The date, May 1, 2000, should be deleted and replaced with January 1, 2001.

2. Section 11.69.a. Approval of program sponsor.—Reasonableness, Implementation procedure and Clarity.

Subsection (a) Initial approval.

Subsection (a) states, "[T]he approval of previously approved program sponsors will expire December 31, 2000." Additionally, "[P]reviously approved programs sponsors desiring to offer continuing education programs after December 31, 2000, shall comply with this section."

The House Professional Licensure Committee has two concerns with this requirement. First, will the program sponsor applicants be able to comply with the December 31, 2000 deadline? Second, given the potential number of program sponsor applications, does the Board have the ability to process these applications in time? The Board should explain how both the Board and applicants will meet the deadline.

Subsection (c) Contents of application for initial approval.

This subsection contains an extensive list of information required in an application for approval. The contents of paragraphs (1), (2), (6), (7), (8), (9), (10) and (11) are definitive and readily available.

However, we question whether the program sponsor will be able to provide to the Board the information requested in paragraphs (3) (the dates and locations of the programs), (4) (the faculty names, titles and degrees) and (5) (the program schedules, which include the title of subject, lecturer, time allotted, excluding breaks and lunches). This information may be difficult to project 2 years in advance.

To properly evaluate a program sponsor, the Board needs to review the sponsor's courses and instructors. At the same time, the Board must recognize that this information is subject to change. To provide greater flexibility, the Board should consider allowing approved program sponsors to submit any changes, deletions or amendments to the information required in this subsection as they occur.

Subsection (e) Board review of application for initial approval.

This subsection provides that the Board's Continuing Education Committee (Committee) will review an application for approval or disapproval. If a program is disapproved, the Board will provide the applicant the reasons for disapproval, and allow the applicant to resubmit the disapproved application. However, there are no time frames for any stage of this process. For clarity, the Board should provide time frames for the Committee's review, and for an applicant to resubmit.

3. Section 11.71. Responsibilities of program sponsor.—Need and Clarity.

Paragraph (1) Program level of difficulty.

For improved readability, the phrase "[A]s an illustration" should be replaced by "For example."

Paragraph (4) Program review.

This paragraph states, "[A] program sponsor shall review the course materials periodically . . ." The term "periodically" is vague. For clarity, the Board should consider including a set time frame for the review of course materials in paragraph (4).

Paragraph (6) Selection and review of instructors.

Paragraph (6) includes the phrase "[A]lthough it is expected that the instructors will be selected with great care . . ." This phrase is unnecessary in the regulation. For clarity, the Board should delete it from this paragraph.

Paragraphs (8) and (9) Attendance records and course materials.

These two paragraphs require program sponsors to maintain and retain records of attendance and written outlines of course materials for a 5-year period. Although this retention requirement is consistent with an existing provision at 49 Pa. Code § 11.68(a), the period appears to be lengthy. It is our understanding that the Board only reviews records from the previous biennium. When the current biennium ends, it is unnecessary to retain records that will not be used. Therefore, the Board should explain the need to retain records for a 5-year period rather than the current and previous biennial review period.

4. Section 11.72. Withdrawal of approval of program sponsor.—Reasonableness.

This section allows the Board to withdraw the approval of a program sponsor. What impact does the withdrawal of approval have on courses given by the program sponsor

before the withdrawal? It is our understanding that participants can still claim credit for courses they took from a program sponsor before the Board withdrew approval from that sponsor. If this is so, the regulation should make that clear.

Department of Health Regulation No. 10-161

WIC Program

April 20, 2000

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which has not been met. The Department of Health (Department) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by March 20, 2002, the regulation will be deemed withdrawn.

1. Section 1103.2. Probationary certification.—Clarity.

There appears to be a typographical error in subsection (b)(2). The subsection (b)(2) cross reference to Inadequate Participant Access is cited as section 1107.3(c)(8). However, Inadequate Participant Access is found at section 1103.7. Is the correct reference section 1103.7(c)(8)? If not, please explain.

2. Section 1103.3. Authorization of store slots.—Clarity.

Subsection (b) provides that by October 1 of each year the Department will evaluate the WIC participant population to determine store slot allocations per county for each Federal Fiscal Year. Please explain how the public and the industry will be notified of annual changes in store slots.

3. Section 1107.1. Imposition of sanctions.—Consistency with Federal regulations and Clarity.

New subsections (b) and (c) both state ". . . the Department will give the store the option of paying a civil money penalty in lieu of . . . disqualification. . . ." The parallel portions of 7 CFR 246.12(f)(2)(xix) and (xx) provide ". . . the State Agency shall impose a civil money penalty. . ." (Emphasis added) The Department should explain why the language in the regulation differs from the language in the Federal regulation.

4. Section 1107.1a. Disqualifications.—Clarity.

There are two clarity concerns in subsection (d). First, in paragraph (9) the phrase "or with another WIC check for purchases made with a WIC check" is unclear. What circumstance does this phrase address?

Second, paragraph (14) uses the phrase "within the specified time frame," but does not specifically identify the time frame. Time frames are set forth in sections 1105.2(f), (g) and 1105.6(f). The Department should amend paragraph (14) to clearly specify the time frames that must be met to avoid disqualification, or include a cross reference to sections 1105.2(f), (g) and 1105.6(f).

5. Section 1107.2. Civil money penalties.—Clarity.

There is an inconsistency between subsection (b)(2) and the Preamble. Subsection (b)(2) begins "For disqualifications identified in sections 1107.1a(d)(2)—(15), . . ." The Preamble includes sections 1107.1a(d)(2)—(16). The De-

partment should make these citations consistent for the final-form submittal.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
