READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

THE COURTS

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CH. 50]

Proposed Amendment to Pa.R.Crim.P. 86

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rule 86 (Appeals from Summary Judgments) to make it clear that under paragraph (f) the court may continue a trial *de novo* if there is good cause for the law enforcement officer's unavailability.

The following explanatory *Report* highlights the issues considered in formulating this proposal. Please note that the Supreme Court does not adopt the Committee's *Comments* or the contents of the explanatory *Report*.

The text of the proposed rule amendment precedes the *Report*. Additions are shown in bold and underlined, and deletions appear in brackets.

We request that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel Anne T. Panfil, Chief Staff Counsel, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901, no later than June 21, 1996.

By the Criminal Procedural Rules Committee

FRANCIS BARRY MCCARTHY,
Chair

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 50. PROCEDURE IN SUMMARY CASES

PART VI. GENERAL PROCEDURES IN SUMMARY CASES

Rule 86. Appeals from Summary Judgments.

* * * * *

(f) When a defendant appeals after conviction by an issuing authority in any summary proceeding, upon the filing of the transcript and other papers by the issuing authority, the case shall be heard *de novo* by the appropriate division of the court of common pleas as the president judge shall direct. In appeals from summary proceedings arising under the Vehicle Code or local traffic ordinances, other than parking offenses, the law enforcement officer who observed the alleged offense must appear and testify. **[Unless the presence of the law enforcement officer is waived in open court by the defendant, the failure of the officer to appear and testify shall result in a dismissal of the charges.]** **Unless the defendant, in open court, waives the presence of the law enforcement officer, or the court determines that good cause exists for the law enforcement officer's unavailability, the failure of the officer to appear and testify shall result in a dismissal of the charges.**

Official Note: Adopted July 12, 1985, effective January 1, 1986; Comment revised September 23, 1985, effective January 1, 1986; effective date extended to July 1, 1986; amended February 2, 1989, effective March 1, 1989; amended March 22, 1993, effective January 1, 1994; amended October 28, 1994, effective as to cases instituted on or after January 1, 1995; amended February 25, 1995, effective July 1, 1995 **amended _____, effective _____.**

Comment

This rule replaces former Rule 67. It applies to appeals in all summary proceedings, including prosecutions for violations of municipal ordinances which provide for the possibility of imprisonment and default hearings.

The Rules of Criminal Procedure are applicable generally to these proceedings. See, e.g., Rule 3, Chapter 50 (Summary Cases), Rule 1117, and Chapter 6000. The narrow holding in *City of Easton v. Marra*, [**230 Pa. Super. 352,**] 326 A.2d 637 (**Pa. Super.** 1974), is not in conflict, since the record before the court did not indicate that imprisonment was possible under the ordinance there in question.

When the only issues on appeal arise solely from an issuing authority's determination after a default hearing pursuant to Rule 85, the matter must be heard *de novo* by the appropriate judge of the court of common pleas and only those issues arising from the default hearing are to be considered. It is not intended to reopen other issues not properly preserved for appeal. A determination after a default hearing would be a final order for purposes of these rules.

The 1996 amendment of paragraph (f), made in response to Commonwealth v. Hightower, 652 A.2d 873 (Pa. Super. 1995), permits the court to continue the case if there is good cause for the officer's unavailability.

Certiorari was abolished by former Rule 67 in 1973, pursuant to Article V Schedule Section 26 of the Constitution of Pennsylvania, which specifically empowers the Supreme Court of Pennsylvania to do so by rule. This Schedule section is still viable, and the substance of this Schedule section has also been included in the Judicial Code as Section 934. 42 Pa.C.S. § 934. The abolition of certiorari, of course, continues.

Bail, when set in a summary case, shall be in accordance with the bail rules, Chapter 4000.

REPORT

*Amendment to Pa.R.Crim.P. 86
(Appeals from Summary Judgments)*

Presence of Law Enforcement Officer at Trial De Novo

Rule 86 requires that in appeals from summary proceedings under the Vehicle Code or local traffic ordinances, other than parking offenses, the law enforcement officer who observed the offense must appear and testify. Paragraph (f) also provides that the failure of the officer to appear and testify must result in a dismissal of the charges unless the defendant waives, in open court, the law enforcement officer's presence. In *Commonwealth v. Hightower*, 652 A.2d 873 (Pa. Super. 1995), appeal denied, 665 A.2d 467 (Pa. 1996), the Superior Court considered whether the "dismissal" requirement of Rule 86(f) was absolute.

In *Hightower*, the trial court granted two continuances of the trial de novo, one due to the officer's wife's sudden illness and hospitalization, and the other to accommodate the officer's scheduled vacation. The defendant contended that the trial court abused its discretion by granting a continuance when a dismissal was required. The Superior Court agreed, holding that under Pa.R.Crim.P. 86(f), when "an officer fails to appear to testify, the charges must be dismissed unless the defendant waives the officer's presence in open court. No other exception to this rule is provided." *Id.* at 873—874.

Although the Committee felt that the *Hightower* opinion was a fair reading of present Rule 86(f), we also agreed that the language of paragraph (f) was not intended to preclude a court from granting a continuance when a valid reason exists for the officer's unavailability. We are therefore proposing an amendment to paragraph (f) which adds a "good cause" exception to paragraph (f) and a Comment which explains that the new language was added in response to the *Hightower* opinion.

Related Standards: 2-3024; 2-3025; 2-3026 & 2-3027

Effective Date: 05-20-96

SECTION 12.1.1: Purpose: To set goals and objectives of the pretrial services program and to establish the duties and powers of the bail agency.

SECTION 12.1.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the Chief Adult Probation/Parole Officer, the pretrial services officer and all offenders placed under pretrial supervision.

SECTION 12.1.3: Definitions: As utilized in this document, the following definitions shall apply:

1. *Bail:* The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. *Issuing Authority:* Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

SECTION 12.1.4: Goals and Objectives: The Carbon County Pretrial Services Program is designed to accomplish the following:

1. To maximize the release of defendants on non-financial conditions by identifying those defendants most likely to appear in court,

2. To help facilitate judicial release decisions by providing the courts with factual information about the defendants in the most timely manner possible,

3. To monitor released pretrial arrestees to ensure compliance with the conditions of release imposed by the court for the benefit of public safety,

4. To establish a process that would improve the release from detention appropriate pretrial detainees who may respond to an alternative form of supervision and treatment,

5. To identify, assess and refer drug/alcohol dependent offenders accused of non-violent offenses to appropriate community based treatment facilities.

6. To promote pretrial arrestee accountability through community supervision and treatment.

7. To provide non-adversarial information to the court for bail consideration and sentencing decisions.

SECTION 12.1.5: Duties and Powers of the Carbon County Pretrial Services Program: The Carbon County Court of Common Pleas, by local rule, shall establish and designate the Carbon County Adult Probation/Parole Department as the agency responsible for the administration

of the pretrial services project. The department shall be responsible for the following:

1. To evaluate and provide to the court reliable and accurate information concerning the offender in assisting the court to determine an appropriate bail amount.
2. To monitor and supervise defendants placed in the pretrial service program.
3. To make appropriate referrals to community based agencies for appropriate levels of treatment and counseling.
4. To establish reasonable rules and regulations to enable the agency to administer and operate a pretrial service program.

SECTION 12.1.6: Principles and Approach to Pretrial Services: Pretrial release programs do not release defendants, judges alone are responsible for setting bail and releasing individuals on bail. Pretrial programs are responsible for providing accurate information and assessments to the court or issuing authority that assist judges in an appropriate bail determination. Furthermore, defendants are presumed innocent and entitled to be treated as such at the point of pretrial intervention.

SURETY AND DEFENDANT RESPONSIBILITIES: NOTICE TO APPEAR

Under the local rules of criminal procedure adopted by the Carbon County Court of Common Pleas, pursuant to the requirements of 42 Pa. Rules of Criminal Procedure, Rule 4006, you have posted ten percent (10%) cash bail of the total amount of bail set by the issuing authority. As a specific requirement of this bail bond, the surety and the defendant are required to appear at the Carbon County Adult Probation/Parole Department, 1st Floor Courthouse Building, Jim Thorpe, Pennsylvania, on the next available working day. Business hours are 8:30 a.m. to 4:30 p.m., Monday through Friday.

As surety on this bail bond, you and the defendant have an absolute responsibility to report to the department for the proper completion of all essential documentation concerning the defendant's and surety's responsibilities for the bail bond. There are standard conditions of bail and other standard forms that must be completed by the defendant and surety. Failure to comply with these instructions may result in the forfeiture of the full sum of the bail bond and the issuance of a warrant for the defendant's arrest and commitment to the Carbon County Correctional Facility.

If there are any questions concerning these instructions, please contact the Carbon County Adult Probation/Parole Department at (717) 325-4226.

Related Standards: 2-3024; 2-3025; 2-3026 & 2-3027

Effective Date: 05-20-96

SECTION 12.3.1: Purpose: To set forth policy governing the method of supervision and frequency of contacts for all pretrial arrestees placed under the jurisdiction of the Carbon County Pretrial Services Program.

SECTION 12.3.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the Chief Adult Probation/Parole Officer, the pretrial services officer and all offenders placed under pretrial supervision.

SECTION 12.3.3: Definitions: As utilized in this document, the following definitions shall apply:

1. **Bail:** The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. **Classificational Levels:** The placement of offenders by a correctional system signifying differential care and handling of offenders by assigning a level of supervision according to the risk they may present to the community, the needs of the offender and the availability of resources in the community. This multi-dimensional process goes beyond management of the offenders for the convenience of the agency and involves determination of the degree of supervision necessary, as well as, the offenders resocialization requirements.

3. **Conditions of Bail Release:** A written listing of prescribed conditions which the offender agrees to follow while under pretrial supervision.

4. **Collateral Contact:** Communication by telephone with the offender or communication in a manner with another person having regular contact with the offender, such as local law enforcement official or treatment specialist.

5. **Issuing Authority:** Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

6. **Personal Contact:** Face-to-face contact with the offender, either in a formal office setting or in the community.

7. **Risk-Needs Assessment Instrument:** A predictive device intended to forecast offender propensity to commit

new offenses or recidivate and to determine specific characteristics of the offender that create a profile of the type and severity of specific offender needs.

SECTION 12.3.4: Method of Supervision: There shall be three (3) levels of classification established by the agency. Assignment criteria for each classification level shall be developed and documented in the offender case record to ensure conformity and equity to all offenders. The following classification levels shall be adopted by the department:

1. **Intensive Supervision Level and Contact Requirements:** The pretrial services officer shall maintain one (1) face-to-face contact and one (1) collateral contact weekly with the offender. Various reasons may exist for this classification level, which may include, but are not limited to the following:

a. The instant offense was a crime against a person of a violent or sexual nature.

b. The offender has a severe history of mental/emotional disorders or displays chronic alcohol or drug abuse.

c. The offender has an extensive history of delinquent and criminal behavior.

d. The offender is delinquent and not conforming to the prescribed conditions of bail release.

e. Officer impressions of the offender based on prior contacts, experience, training or professionalism.

2. **Close Supervision Level and Contact Requirements:** The pretrial services officer shall maintain one (1) face-to-face contact and one (1) collateral contact bi-weekly with the offender. Various reasons may exist for this classification level, which may include, but are not limited to the following:

a. The instant offense was against a person rather than property.

b. The offender has a moderate history of delinquent behavior.

c. The offender has a moderate history of mental/emotional disorders or alcohol/drug abuse.

d. The offender is delinquent and not conforming to the prescribed conditions of bail release.

e. Officer impressions of the offender based on prior contacts, experience, training or professionalism.

3. **Minimum Supervision Level and Contact Requirements:** The pretrial services officer shall maintain two (2) face-to-face contacts and two (2) collateral contacts

monthly with the offender. Various reasons may exist for this classification level, which may include, but are not limited to the following:

- a. The instant offense was against property rather than a person.
- b. The offender is a first-time adult offender with no prior history of delinquent or criminal behavior.
- c. The offender has no history of mental/emotional disorders or alcohol/drug abuse.
- d. The offender is conforming to the prescribed conditions of release.
- e. Officer impressions of the offender based on prior contacts, experience, training or professionalism.

SECTION 12.3.5: Administrative Supervision Level—Contact and Minimum Requirements. Generally, the assigned officer shall review the status of the offender monthly when classified as administrative. Various reasons may exist for this classification level, which may include, but are not limited to the following:

- a. The offender is incarcerated on other charges.
- b. Officer impressions of the offender based on prior contacts, experience, training or professionalism.
- c. When an offender resides outside the jurisdiction of the department and is not being supervised by another jurisdiction, then the following types of administrative reporting schedules shall be required:

1. *Mail-in Reporting:* An offender placed on this reporting schedule shall maintain weekly contact with the assigned officer using a mail-in form. The assigned officer shall provide the offender with a sufficient amount of forms upon placement on this type of reporting schedule (See Appendix F-1).

2. *Phone-in reporting:* An offender placed on this reporting schedule shall maintain weekly contact with the assigned officer.

SECTION 12.3.6: Risk/Needs Assessment Instrument. This instrument is easily administered by the officer and is utilized as a caseload management tool. This instrument allows the officer to identify the risk factor that the offender may pose in the community and the needs that the offender may require for a successful adjustment in the community. This procedure will allow the assigned officer to develop an effective supervision plan. Also, all offenders placed under the supervision of the department shall be administered a risk/needs assessment and the level of supervision will be determined by the scales adopted by the department (See Appendix F-2).

SECTION 12.3.7: Classification Override. Officers should be careful in completely relying on the predictive value of the risk/needs assessment instrument score. Officers should also consider their impressions of the client based on prior contacts, experience, training and professionalism before determining a final supervision level.

SECTION 12.3.8: Authorization Signature. Once the risk/needs assessment instrument is completed, the assigned officer shall submit all classification material to the Chief Adult Probation/Parole Officer for review and approval.

SECTION 12.3.9: Documentation of Contacts. All offender contacts and collateral contacts shall be recorded by the assigned officer in the officers field book utilizing the appropriate contact codes located at the top of the client contact sheet (See Appendix F-3).

SECTION 12.3.10: Time Constraints. All initial risk/needs assessments shall be completed at the time of initial intake.

SECTION 12.3.11: Maintenance of Risk/Needs Assessment Forms. All completed assessment forms shall be maintained in the offenders case folder.

SECTION 12.3.12: Office Contacts. It is recognized by the department that certain circumstances may exist that prevents an officer from maintaining face-to-face contacts with an offender in the field. Therefore, special provisions exist for officers to schedule offenders for office appointments on a random basis. However, the department discourages officers from frequently relying on this method of supervision to replace community based contacts.

SECTION 12.3.13: Collateral Contacts—Law Enforcement Authorities. The department mandates that officers maintain collateral contacts with local law enforcement authorities to enhance community supervision. This type of contact is an excellent source of information concerning the offender's adjustment in the community. The frequency of law enforcement collateral contacts shall be established based on the minimum requirements of the classification level assigned to the offender.

SECTION 12.3.14: Initial Field Contact. The initial contact with the offender shall take place at the offender's residence within ten (10) days of receipt of the case. The purpose of the initial field contact is to verify the residence, obtain a layout of the residence, verify all occupants of the residence, determine whether the possibility exists that weapons or illegal contraband could exist within the residence and determine whether the residence is a suitable environment for the offender's successful community adjustment.

SECTION 12.4.1: Purpose. To set forth policy governing the issuance of both general and specific conditions of bail release for offenders referred to Carbon County Pretrial Services Program.

SECTION 12.4.2: Applicability. To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the District Attorney's Office, the Public Defender's Office, the Clerk of Courts Office, the Chief Adult Probation/Parole Officer, the pretrial services officer and all offenders placed under pretrial supervision.

SECTION 12.4.3: Definitions. As utilized in this document, the following definitions shall apply:

1. *Bail:* The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. *Conditions of Bail Release:* A written listing of prescribed conditions which the offender agrees to follow while under pretrial supervision.

3. *Issuing Authority:* Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

4. *Security*: Shall include cash, certified check, money order, personal check or guaranteed arrest bond or bail bond certificate.

SECTION 12.4.4: Purpose of Imposing Conditions: Conditions of bail shall serve three purposes:

1. To ensure the appearance of the offender as required by the bond.
2. To assist the offender during the pre-verdict phase.
3. To protect the safety and security of society.

SECTION 12.4.5: Authority to Impose Conditions of Bail: The issuing authority or court shall attach such reasonable conditions of bail, which are least restrictive in nature, in accordance with 42 Pa. Rules of Criminal Procedure, Rule 4013.

SECTION 12.4.6: Conditions of Bail Release: See Attachment.

SECTION 12.4.7: Surety Responsibility Form: The surety of the bail bond shall execute this form in the presence of the defendant and pretrial services officer (See attachment).

SECTION 12.4.8: Initial Intake: When an offender is referred to pretrial services, the following information and forms shall be obtained and completed:

1. Offender facesheet (See Appendix B-2).
2. Review conditions of bail.
3. Surety responsibilities form.
4. Risk/needs assessment.
5. Supervision plan.
6. Release of Information Form.
7. Take photograph of offender.
8. Provide all completed paperwork to adult probation aide.

"CONDITIONS OF BAIL SUPERVISION"

NAME: _____ CASE NUMBER(S): _____

In such judicial districts as may be provided by local rule of court, or in all judicial districts when the judge or issuing authority so orders, a sum of money not to exceed ten percent (10%) of the amount of bail set, has been posted on your behalf. Therefore, you have been referred to the Carbon County Pretrial Services Program effective _____. You will be under the supervision of the Carbon County Adult Probation/Parole Department, Pretrial Services Division, until such time as you are legally discharged by the court or until final disposition of your criminal proceedings. During this period of supervision, the department has the authority, in the event of any of the following violation(s) of the conditions of your bail release, to issue a warrant for your arrest and to return you to prison pending trial.

YOU SHALL BE SUBJECT TO THE FOLLOWING CONDITIONS:

1. You shall appear before the issuing authority or court at all times required until full and final disposition of the criminal proceedings.
2. You shall submit to all orders and processes of the issuing authority or court.
3. Your address of _____ is your approved residence. You must give written notice to your assigned pretrial services officer of any change of address within forty-eight (48) hours of the date of such change.
4. You shall report in person or writing and permit your pretrial services officer to visit you at your residence, place of employment or any other specified location.
5. You will refrain from the violation of all Municipal, County, State and Federal criminal statutes, as well as provisions of the Vehicle Code and the Liquor Code. You must notify your pretrial services officer of any arrest or citation within seventy-two (72) hours of occurrence.
6. You will abstain from the unlawful possession, or sale of, narcotics, drug paraphernalia and dangerous drugs, and abstain from the use of controlled substances within the meaning of the Controlled Substance, Drug, Device and Cosmetic Act, without a valid prescription. Also, you will submit to random urinalysis screening as requested by your pretrial services officer.
7. You will remain in the Commonwealth of Pennsylvania unless permission has been granted by your pretrial services officer prior to such travel.
8. You will report to any treatment agency recommended by the court, issuing authority or your pretrial services officer and follow all directives and recommendations made by the treatment facility.
9. You shall neither do, nor cause to be done, nor permit to be done on his or her behalf, any act proscribed by 18 Pa.C.S. § 4952 (relating to intimidation of witnesses or victims) or 18 Pa.C.S. § 4953 (relating to retaliation against witnesses or victims).
10. You shall comply with any specific requirement or special conditions of release which may be reasonably imposed by the issuing authority of court:

VIOLATION PROCESS

Upon a breach of a condition of bail, the issuing authority or court may declare the bond forfeited and make a record thereof. Upon such declaration, written notice of such forfeiture shall be given to the surety, or when there is no surety, such notice shall be provided to the defendant. Also, the issuing authority or court may issue an appropriate process or warrant for your arrest and remand you to prison pending final disposition of the criminal proceedings.

CLIENT GRIEVANCE PROCEDURE

A client grievance procedure has been developed to assist you if you believe you have a legitimate complaint concerning an administrative decision, action, policy or regulation of the department. If you believe that you have a valid complaint concerning your supervision while on bail, you must attempt to resolve the situation with your assigned officer. If your attempt to resolve the situation is unsuccessful, then you must submit a written request within ten (10) days to the Chief for review. Your complaint will be processed by the Chief Adult Probation/Parole Officer within ten (10) days of receipt. The Chief may rule on your complaint with or without the benefit of a formal hearing. If a hearing is held, it would be convenient to all parties involved. The decision of the Chief shall be final.

ACKNOWLEDGEMENT

I, hereby acknowledge that I have read, or have been read to me, the aforementioned conditions of my supervision. I fully understand all conditions of bail and agree to follow and comply with all directives of the department, the court, the issuing authority and my assigned officer. Finally, I fully understand the penalties and consequences involved should I, in any manner, violate the conditions of bail.

SURETY RESPONSIBILITIES

As surety on this bail bond, I have read and fully understand the following:

- 1. If the defendant fails to appear at any court hearing, I as surety can be held responsible and forfeit the full amount of bail set.
2. Certain conditions are placed on the defendant at the time of bail release. These conditions are mandatory and any violation could result in bail revocation. If bail is revoked by the appropriate authority, the defendant could be returned to prison and all bail money posted will be retained by the county.
3. I will report any change in the defendant's status, address, telephone number, employment or court hearings to the Carbon County Adult Probation/Parole Department immediately.
4. In the event that a defendant is in non-compliance status with the conditions of bail release, I understand that I cannot withdraw the defendant's bail. It is the responsibility of the Carbon County Adult Probation/Parole Department to petition the court for bail revocation.

SECTION 12.5.1: Purpose: To establish procedures for the initial processing for offender violations of the conditions of bail release.

SECTION 12.5.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Clerk of Courts Office, the Chief Adult Probation/Parole Officer, the District Attorney's Office, the Public Defender's Office, the pretrial services officer and all offenders placed under pretrial supervision.

SECTION 12.5.3: Definitions: As utilized in this document, the following definitions shall apply:

1. **Arrest:** The apprehension, legal custody, seizure or restraint of an offender by a law enforcement official.

2. **Detainer:** An internal administrative mechanism to assure that an inmate subject to an unexpired term of confinement will not be released from custody until the jurisdiction asserting violations of supervision has had an opportunity to act by taking the inmate into custody or by making a revocation determination.

3. **Major Violations:** Inappropriate behavior by the offender which does pose a serious threat to himself, others, property or the community.

4. **Minor Violations:** Inappropriate behavior by the offender which does not pose a serious threat to himself, others, property or the community.

5. **New Criminal Offense Violation:** A violation of the conditions of release, which violation is for a new criminal arrest or conviction.

6. **Technical Violation:** A violation of the conditions of release, which violation is other than a new criminal arrest or conviction.

SECTION 12.5.4: Investigation of Technical Violations: All technical violations of the prescribed conditions of supervision shall be immediately investigated by the assigned officer. All witnesses, victims, police officers or interested parties involved with the alleged violations shall be contacted and interviewed by the officer. All relevant documentation shall be obtained and recorded in the offender's case record.

SECTION 12.5.5: Investigation of New Criminal Arrest: See Section 12.5.4.

SECTION 12.5.6: Levels of Review: The department, the Court or issuing authority shall prescribe the levels of review and decision making process for violations of the conditions of release as follows:

1. **First Level:** At this level, when infrequent or isolated minor violations of supervision occur, then the following initial violation process shall be utilized:

a. **Verbal Reprimand:** The assigned field officer can resolve infrequent or isolated minor violations of supervision with direct consultation with the offender. All verbal

reprimands shall be documented in the offender case record.

2. **Second Level:** At this level, when continued minor violations of supervision occur or a major violation occurs, then the following violation process shall be utilized:

a. **Written Reprimand:** The assigned field officer can resolve repeated minor violations or a major violation of supervision with direct consultation with the offender through a written violation report (See Appendix G-2). All violation reports shall be placed in the offender case record with a copy provided to the offender.

3. **Third Level:** At this level, when frequent and repeated minor violations or major violations of supervision occur, then the following violation process shall be utilized:

a. **Administrative Conference:** Frequent and repeated minor or major violations of supervision shall result with direct consultation with the Chief Adult Probation/Parole Officer, the assigned officer and the offender (See Appendix G-1). The original administrative conference report shall be retained in the offender's case record with a copy furnished to the offender.

4. **Fourth Level:** At this level, when frequent and repeated minor or major violations of supervision occur, and the offender has not conformed to the conditions of release and has not made an adequate adjustment in the community, then the following violation process shall be utilized:

a. **Revocation Petition:** Repeated violations of supervision for minor or major violations will result in the filing of a revocation petition with the Clerk of Courts Office or appropriate Magisterial District (See Attachment).

SECTION 12.5.7: Progression of Review: Generally, progressive levels of review shall not be required in situations where the offender's actions or violations of supervision pose a serious threat to himself, property, others or the community.

SECTION 12.5.8: Minor Violations of Supervision: The following is a list of minor violations of supervision:

1. Failure to report to the assigned pretrial services officer as directed.

2. Change of residence without knowledge of the pretrial services officer.

3. New arrest for a summary offense.

4. Leaving the Commonwealth of Pennsylvania.

5. Failure to report to a treatment agency for counseling or urine testing.

6. Any other violation which does not pose a serious threat to the offender, property, others or the community.

SECTION 12.5.9: Major Violations of Supervision: The following is a list of major violations of supervision:

1. New arrest for Misdemeanor or Felony offenses.

2. Possession of controlled substances or drug paraphernalia.

3. Positive urine screen.

4. Failure to appear for court scheduled hearing.

5. Alcohol possession or consumption, when applicable.

6. Intimidation or retaliation against witnesses or victims.

- 7. Any other violation which poses a serious threat to the offender, property, others or the community.
- 8. Violation of any specific condition imposed on the offender by the court or issuing authority.
- 9. Relocating from the approved residence and the offender is considered an absconder.
- 10. Repeated minor and major violations.

SECTION 12.5.10: Officer Recommendations: Officers completing and presenting written violation reports to the Chief Adult Probation/Parole Officer, shall include appropriate recommendations for corrective action or case disposition.

SECTION 12.5.11: Annual Review: The Court and the department shall conduct an annual assessment of all categorized violations of supervision.

Topic: Pretrial Services Program "Purpose & Submission of Bail Reports"

Chapter: 12

Section: 6

Pages: 2

Related Standards: 2-3024; 2-3025; 2-3026 & 2-3027

Effective Date: 05-20-96

SECTION 12.6.1: Purpose: To set forth policy and procedure governing the purpose and requirements for the completion, dissemination and submission of the bail report to the appropriate issuing authority or court of jurisdiction.

SECTION 12.6.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Chief Adult Probation/Parole Officer, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the pretrial services officer and all arrestees considered for the Carbon County Pretrial Services Program.

SECTION 12.6.3: Definitions: As utilized in this document, the following definitions shall apply:

1. *Bail:* The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. *Bail Report:* A concise document provided to the issuing authority that includes socioeconomic data, prior criminal record, demographic data and other background information on the defendant.

3. *Issuing Authority:* Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

SECTION 12.6.4: Primary Purpose: The primary purpose of the bail report is:

1. To provide the issuing authority or court with timely relevant and accurate information concerning the offender.

2. To collect information necessary for making a bail determination.

SECTION 12.6.5: Time-Tables for Completion: The pretrial services officer shall conduct a timely interview with the defendant at the earliest time possible after the arrest and commitment to prison. Ideally, the officer should conduct the initial interview within twenty-four (24) hours of detention on weekdays and seventy-two (72) hours of detention on weekends.

SECTION 12.6.6: Universal Screening: Except in those cases where the court has no jurisdiction to effect release, all defendants in custody shall be interviewed, regardless of the nature of the instant offense.

SECTION 12.6.7: Agency Resources and Assignment of Reports: The agency has created a specialized unit that processes and completes all bail reports through the pretrial services division. The Chief shall assign all bail reports to the pretrial services officer. However, whenever time constraints prohibit, or resources are limited, the Chief or other staff personnel may assist in the preparation of these reports. Also, universal screening practices may be adjusted to maximize the impact of pretrial intervention when workloads may prohibit such screening procedures.

SECTION 12.6.8: Review of the Report: Prior to submission of the report to the appropriate issuing authority, the Chief shall review all bail reports for investigative conduct, report preparation, content and accuracy.

Related Standards: 2-3024; 2-3025; 2-3026 & 2-3027

SECTION 12.8.1: Purpose: To set forth policy and procedure governing the content and conduct of the bail report.

SECTION 12.8.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Chief Adult Probation/Parole Officer, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the pretrial services officer and all arrestees considered for the Carbon County Pretrial Services Program.

SECTION 12.8.3: Definitions: As utilized in this document, the following definitions shall apply:

1. *Bail:* The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all things stipulated therein.

2. *Bail Report:* A concise document provided to the issuing authority that includes socioeconomic data, prior criminal record, demographic data and other background information on the defendant.

3. *Issuing Authority:* Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

4. *Training:* Which includes such activities as management seminars, meetings with probation and parole field staff regarding departmental services, workshops on the use of management information and instruction in the use of research and evaluation data.

SECTION 12.8.4: Training: The Chief shall determine appropriate levels of training in the preparation of investigative reports, which shall include specialized training involving interviewing skills and techniques or report writing.

SECTION 12.8.5: Interview of the Defendant: The pretrial services officer shall interview the defendant in accordance with Section 12.7.5. The writer of the report must plan the interview before it actually begins. This approach will make the interview more effective, efficient and structured, which should reduce the risk of requiring an additional interview. Before the interview begins, the investigator should inform the defendant of the nature and purpose of the interview and the report. During the interview, the investigator should develop an interview sequence, which would make the offender more willing to communicate. The sequence should be a statement that introduces the topic, questions that elicit the information and probes that clarify or elaborate on the information obtained from the question. All information obtained from the defendant shall be recorded by the investigator.

SECTION 12.8.6: Content of the Bail Report: The following information shall be gathered and included in the body of the bail report:

1. *Identifying Information:*

- a. Date of report
- b. Name, Aliases and address of defendant
- c. Age and date of birth
- d. Sex
- e. Race and Citizenship
- f. Education
- g. Marital status
- h. Social Security Number
- i. FBI and SID Numbers
- j. Docket Number
- k. Criminal Offenses, Gradation, Statutory Citation

- l. Custody Status
- m. Name of issuing authority
- o. Offense, Arrest and Commitment Dates
- p. Bail Information
- q. Detainers or other pending charges
- r. Co-defendants
- s. Height, Weight, Eye Color, Hair Color, Marks, Scars or Tattoos
- t. Prior record history

2. *Criminal History:*

a. All prior juvenile arrests or adult arrests shall be verified in writing. Exceptions shall be permitted for telephonic verification when time constraints prohibit the acquisition of written documentation.

b. Obtain criminal records from rap sheets from state and federal repositories, District Attorney's File, Clerk of Courts Office, other probation offices, local police departments, local magistrates, previous presentence reports, internal management information systems.

c. Juvenile court history (including offense date, place, offense, disposition date, sentence date and disposition).

d. List of previous adult convictions (including offense date, place, offense, disposition date, sentence date and disposition).

e. List of arrests subsequent to instant offense (including offense date, place, offense, disposition date, sentence date and disposition).

f. Military arrests (including offense date, place, offense, disposition date, sentence date and disposition).

g. Previous probation and parole history.

h. Detainers presently lodged against the defendant.

3. *Family History:*

a. Name, address, age and telephone number of biological parents or step-parents.

b. Name, address, age and telephone number of all siblings or step-siblings.

c. Early developmental influences, such as physical, mental or sexual abuse which may have a significant impact on the defendant's present behavior or personality.

d. Attitudes of the defendant towards his relationship with his family, including discipline, affection or rejection.

e. Whom defendant was reared, if other than parents.

f. Age left home, reasons for leaving, history of trancies, involvement by Children and Youth Services, placement to foster care.

g. Alcohol, drug or mental health issues with the family.

- c. Other significant information provided by the defendant.

6. *Health:*

- a. Defendant's general medical condition or health problems, current or previous.
- b. If the defendant acknowledges that he is HIV positive, the investigator shall execute a release of information form to obtain medical records in order to disclose such information in the bail report. Including information on an offender's HIV status in the report does not offend any of an offender's constitutional rights, for the Federal Court has held that the sentencing judge has a compelling need for such information and that the court's need outweighs the offender's privacy concerns (See *Faison v. Parker*, 823 F.Supp. 1202—1203).
- c. Drug and alcohol related history (including frequency of use; age when first started experimentation; prior treatment; under the influence during the commission of the offense; prior criminal activity related to drug/alcohol problems). The investigator shall execute a release of information form to obtain all treatment records on the defendant and attach all relevant information in the bail report.
- d. Mental Health related history (including social adjustment; prior mental health treatment). The investigator shall execute a release of information form to obtain all treatment records on the defendant and attach all relevant information to the bail report.
- e. Assaultive Conduct (including any prior convictions or arrests for assaultive behavior, impressions of the investigator as to the risk the offender poses to the community).
- f. Sexual Conduct (including any prior convictions or arrests for sexual assaultive behavior, impressions of the investigator as to the risk the offender poses to the community).
- g. Other significant information provided by the defendant.

7. *Employment:*

- a. List current and prior employers (including name, address, wages, date, reason for leaving).
- b. Interview current or previous employers for attendance, reliability, attitude (optional).
- c. List all skills, interests and abilities.
- d. List attendance at vocational or technical schools, certificates.
- e. List other sources of income (including disability, retirement, public assistance).
- f. Investigator's assessment of the defendant's work ethic.
- g. Other significant information provided by the defendant.

8. *Education:*

- a. Highest grade achieved.
- b. Post high school education.
- c. Age left school and reason.
- d. Results of psychological tests (IQ, aptitude, achievement), if available.
- e. Other significant information provided by the defendant.

9. *Military Record:*

- a. Branch of military service, serial number and dates of enlistment and discharge.
- b. Highest grade or rank achieved.
- c. Type of discharge.
- d. Other significant information provided by the defendant.

10. *Financial Status:*

- a. Assets: Statement of financial assets and general standard of living (Houses, vehicles, property, accounts, investments, etc.).
- b. Financial obligations (Including mortgage, household expenses, child support, court costs).
- c. Execution of Authorization to Disclose Confidential Tax Information Form (See Appendix E-1).
- d. Other significant information provided by the defendant.

11. *Sources of Information:*

- a. Cite all sources of information.

12. *Signature Page:*

- a. Signature of investigator and date.
- b. Signature of approval by Chief Adult Probation/Parole Officer and date.

SECTION 12.8.7. Report Formats: All information shall be prepared using report formats adopted by the court and the agency.

1. *Bail Report Format:* This format focuses on a topic outline and prepared in a narrative form outlining key factors (See attachment).

SECTION 12.8.8. Report Writing: The report shall be prepared in a clear, thorough and concise manner, writing in the active voice. The investigator shall distinctly label

what are opinions, conclusions and facts and cite and identify the source, with all information being verified. The investigator shall use wording that everyone understands and describe people, things and events in operational terms.

SECTION 12.8.9: Uncooperative Defendant: During the interview phase, if a defendant fails to cooperate with the investigator, then the investigator shall notify the issuing authority that the defendant has failed to cooperate during the interview process.

SECTION 12.8.10: Verification of Information: The defendant shall be informed that the interview is designed to obtain information concerning bail consideration and that all information gathered will be verified. At a minimum, the investigator shall verify:

1. Criminal History
2. Address
3. Length of time in the community
4. Family ties to the area
5. Employment or schooling

SECTION 12.8.11: Third Party Verification: Information verification may be achieved through the interview of third party contacts, such as, relatives or friends, but may also require direct contact with employers, schools or other primary sources.

SECTION 12.8.12: Unverified Information: The interviewer shall respect the wishes of a defendant not to contact certain potential verification sources, such as employers or schools, for this may jeopardize the defendant's employment status.

SECTION 12.8.13: Purpose of Verification: The rationale for verification is based on the following:

1. It allows the interviewer an opportunity to confirm the accuracy of the information gathered.
2. It may serve as a notification to family or friends of the arrest.
3. It may provide useful information to the court concerning serious health problems or drug/alcohol dependency problems that may require immediate attention by the court of prison personnel.
4. It adds credibility to the interview information.

SECTION 12.8.14: Objectivity: The investigator shall remain objective when preparing the report. The writer shall avoid and eliminate previous experiences, stereotypes, prejudices and biases when completing the report.

SECTION 12.8.15: Documentation: During the investigative phase, the investigator shall document all work and maintain accurate records.

SECTION 12.8.16: Inappropriate Information: The interview process shall not include any questions or discussions concerning the alleged incident. Such questions may impede the program's ability to conduct impartial inquiry. All incriminating statements made by the defendant shall be removed from the body of the bail report.

SECTION 12.8.17: Magistrate's Information Sheet: When an offender is arraigned, general information is obtained by the issuing authority using an informational form. This form shall be obtained by the pretrial services officer, which can be used during the preparation of the bail report (See attachment).

SECTION 12.10.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Chief Adult Probation/Parole Officer, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the pretrial services officer and all arrestees considered for the Carbon County Pretrial Services Program.

SECTION 12.10.3: Definitions: As utilized in this document, the following definitions shall apply:

1. **Bail:** The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. **Bail Report:** A concise document provided to the issuing authority that includes socioeconomic data, prior criminal record, demographic data and other background information on the defendant.

3. **Central Repository:** The central location for the collection, compilation, maintenance and dissemination of criminal history record information.

4. **Commonwealth Law Enforcement Assistance Network (CLEAN):** A computer system maintained by the Pennsylvania State Police to store information on offenses throughout the Commonwealth.

5. **Criminal History Record Information:** Information collected by criminal justice agencies concerning individuals, and arising from the initiation of a criminal proceeding.

6. **Criminal Justice Agency:** Any court, including the minor judiciary, with criminal jurisdiction or any other governmental agency, or subunit thereof, created by statute or by the State or Federal constitutions, specifically authorized to perform as its principal function the administration of criminal justice, and which allocates a substantial portion of its annual budget to such function.

7. **Disposition:** Information indicating that criminal proceedings have been concluded.

8. **Dissemination:** The oral or written transmission or disclosure of criminal history record information to individuals or agencies other than the criminal justice agency which maintains the information.

9. **Issuing Authority:** Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

10. **National Crime Information Center (NCIC):** A computerized system run by the Federal Bureau of Investigation in order to track offenses throughout the United States.

11. **Originating Agency Identifier (ORI):** A number given to each agency by the Pennsylvania State Police in order to track those agencies submitting information to the central repository.

12. **Offense Tracing Number (OTN):** A number given by a court to each specific case.

13. **Training:** Which includes such activities as management seminars, meetings with probation and parole field staff regarding departmental services, workshops on the use of management information and instruction in the use of research and evaluation data.

SECTION 12.10.4: Criminal Justice Agencies: The Carbon County Adult Probation/Parole Department is recognized as a criminal justice agency in the Commonwealth of Pennsylvania (See 18 Pa.C.S. § 9102).

SECTION 12.10.5: Criminal History Records Information Security, Access and Training: All criminal history record information compiled on a criminal defendant shall be stored in the appropriate offender case folder. All offender case folders shall be stored in a secure area within the department, such as, locked lateral filed cabinets. All agency personnel shall have access to this information and shall receive appropriate levels of training concerning this policy statement.

SECTION 12.10.6: Right of Access and Review: Any individual or his legal representative has the right to review, challenge, correct and appeal the accuracy and completeness of his criminal history record information. Any individual or legal representative requesting to review his or her criminal history record information shall submit proper identification to the department for the review. Any individual or legal representative that challenges the accuracy of the criminal history record information must specify which portion of the record is incorrect and specify what the corrected version should be. The burden is on the defendant to prove any inaccuracies. The appellate courts have rules "... information concerning prior convictions in the report is presumed to be valid, which presumption can only be rebutted by the defense, and need not be supported by evidence from the Commonwealth unless and until a challenge is voiced" [See 18 Pa.C.S. § 9151 and *Commonwealth v. Charles*, 339 Pa. Super. 284, 296, 488 A.2d 1126, 1132 (1985)]. The agency shall provide any individual or his legal representative with any documentation supporting the offender's criminal history record information.

SECTION 12.10.7: Compiling Criminal History Record Information: Whenever the pretrial services officer initiates an investigation into the offender's criminal background, the investigator shall:

1. Obtain a FBI and Pennsylvania criminal rap sheet (through NCIC and CLEAN) from the Carbon County Communications Center by providing the agency with the department's ORI number, which can be obtained from the Chief Adult Probation/Parole Officer. The investigator shall provide the communications center with the following information on the defendant:

- a. Offender's last, first and middle name, if available.
- b. Date of Birth.
- c. Social Security Number.

2. Review the District Attorney's Office file on the offender for possible criminal history record information.

3. Review the department's management information systems for possible criminal history record information contained in an offender's case folder.

4. Review juvenile court records.

5. Interview the defendant concerning any prior juvenile or adult arrests, convictions or adjudications.

SECTION 12.10.8: Juvenile Record: Whenever the investigator initiates an investigation into the calculation of the offender's criminal background, the investigator shall:

1. Review local juvenile court records.

2. If the offender discloses a juvenile record in another jurisdiction, then the investigator shall execute a Release of Information Form and submit the form to the appropriate jurisdiction for juvenile arrest records.

3. Interview the defendant concerning any prior juvenile or adult arrests, convictions or adjudications.

SECTION 12.10.9: Verification of Criminal History Record Information: The investigator shall obtain and verify all prior adult criminal convictions and juvenile arrests/adjudications, when time constraints permit, as follows:

1. Obtain written documentation from the jurisdiction requesting the following information:

- a. Arresting agency and location
- b. Date of the offense
- c. Criminal charges with gradation and OTN number
- d. Date of disposition (e.g. guilty plea, found guilty)
- e. Date of sentence and disposition type (probation, incarceration)
- f. Order of Court (guilty plea, sentencing)
- g. Previous presentence investigations

2. The department recognizes, that in some instances, time constraints will prohibit the acquisition of written documentation, therefore, the presentence investigator can verify the above mentioned information using telephonic measures.

3. Facsimile transmissions of documentation are acceptable.

SECTION 12.10.10: Incomplete Prior Records: The investigator shall not record and utilize any criminal history record information that cannot be verified through written or oral methods, unless the defendant discloses such information and does not contest the accuracy of the record.

SECTION 12.10.11: Dissemination of Criminal History Record Information to Non-Criminal Justice Agencies: All inquiries from non-criminal justice agencies shall be referred to the Carbon County Clerk of Courts Office.

SECTION 12.10.12: Training: The Chief Adult Probation/Parole Officer shall provide appropriate levels of training concerning this policy section.

SECTION 12.12.1: Purpose: To establish minimum standards for pretrial arrestees afforded nominal bail for inclusion in the program.

SECTION 12.12.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Chief Adult Probation/Parole Officer, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the pretrial services officer and all arrestees considered for the Carbon County Pretrial Services Program.

SECTION 12.12.3: Definitions: As utilized in this document, the following definitions shall apply:

1. *Bail:* The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. *Issuing Authority:* Any public official having the power and authority of an alderman, justice of the peace, magistrate or district justice.

SECTION 12.12.4: Minimum Bail Amount Requirements: Whenever the issuing authority establishes nominal bail, the following minimum bail amount shall be used to determine participation in the Carbon County Pretrial Services Program.

1. *Minimum Bail Amount Requirement:* Whenever an offender is afforded bail in the sum of \$2,500.00 or less (\$250.00/cash percentage or less), then the offender will not be considered for pretrial service intervention.

SECTION 12.13.2: Applicability: To the President Judge, Court Administration, the issuing authority, Magisterial Districts, the Chief Adult Probation/Parole Officer, the Clerk of Courts Office, the District Attorney's Office, the Public Defender's Office, the pretrial services officer, the adult probation aide and all arrestees considered for the Carbon County Pretrial Services Program.

SECTION 12.13.3: Definitions: As utilized in this document, the following definitions shall apply:

1. *Bail:* The security required and given for the release of a person in the custody of the law, conditioned upon a written undertaking that the person will appear when required to do all other things stipulated therein.

2. *Issuing Authority:* Any public official having the power and authority of an alderman, justice

SECTION 12.13.4: Offender Case Record Information: Once the paperwork is received by the adult probation aide, the following case record information shall be prepared and completed for filing and distribution.

1. *Offender Face Sheet:* All sections of the offender face sheet shall be completed and distributed to the pretrial services officer, with the photograph attached to the bottom of the face sheet.

2. *Case Record Folders:* All case record folders opened by the department shall be assigned an identification file number. This number shall be created based on a numerical catalog system. The adult probation aide shall maintain a record of the assigned case record folder numbers for easy identification and retention. All active folders shall be placed in the active file cabinets in alphabetical order.

3. *Case Record Folder Labels:* Colored coded labels will be attached to every folder. The label information shall include the offender's name and the assigned identification file number. The offender's name shall be typed on the label, last name first, followed by the identification file number. Colors assigned to the case record folders are as follows:

- | | |
|-----------------------------|--------------|
| a. ARD Offenders: | Pink label |
| b. Parole Offenders: | Yellow label |
| c. Probation Offenders: | Blue label |
| d. Intermediate Punishment: | Green label |
| e. Pretrial Services: | Salmon label |

SECTION 12.13.5: Distribution of Case Folder Documents: The adult probation aide will be responsible for all copies and the distribution of case folder documentation to the pretrial services officer and other court related agencies.

SECTION 12.13.6: Conditions of Release: A copy of the conditions of bail and surety responsibility form shall be filed to the Clerk of Courts Office on each criminal defendant placed under the program.

SECTION 12.13.7: Security of Case Records: All case records not being utilized by agency personnel shall be maintained in a secure location. Active case records shall be directly supervised and controlled by the assigned officer.

SECTION 12.13.8: Privacy of Case Folders: Information contained in the offender case folder is strictly prohibited from disclosure to third parties, unless the offender signs a "Consent to Obtain and Release Information Form" stating what specific information is to be disclosed. Agency personnel are exempt from this policy, however,

any employee witnessed removing or disclosing case record information without proper authorization shall be subject to disciplinary action (*See Chapter 2, Section 14*).

1. *Exceptions to this Section:* The following entity will have unlimited access to the offender case folder:

- a. Carbon County Court of Common Pleas

SECTION 12.13.9: Limited Access: The following agencies shall have limited access to the offender case folder:

1. The Carbon County District Attorney's Office
2. Other probation/parole agencies
3. Military personnel conducting background investigations.
4. Law Enforcement Agencies
5. Defense counsel

SECTION 12.13.10: Record Review: The Chief Adult Probation/Parole Officer shall review the case record maintenance procedure on an annual basis.

SECTION 12.13.11: Discharged Offenders: When a case record has been terminated, the adult probation aide shall inspect and purge the offender case folder from all duplicated documentation. Records of discharged offenders shall be maintained in accordance with procedures adopted by the Court, the agency and the Archives Department. All inactive case folders shall be removed from the office and relocated to the Archives Department for microfilming. Destruction of all inactive case folders shall be in accordance with policy and procedure adopted by the Courts, the Archives Department or statute.

RULES AND REGULATIONS

Title 7—AGRICULTURE

DEPARTMENT OF AGRICULTURE

[7 PA. CODE CH. 10]

Pseudorabies Disease

The Department of Agriculture (Department) amends Chapter 10 (relating to pseudorabies disease). These amendments are adopted under the authority of section 1702 of The Administrative Code of 1929 (71 P. S. § 442), sections 3 and 9 of the act of April 17, 1929 (P. L. 533, No. 236) (3 P. S. §§ 343 and 349) and sections 4 and 6 of the act of March 28, 1929 (P. L. 110, No. 117) (3 P. S. §§ 374 and 376), which authorize the Department to take measures to detect, prevent, contain and eradicate dangerous transmissible diseases of animals within this Commonwealth, to establish quarantines necessary to pursue these objectives and to regulate in these areas.

Pseudorabies is a contagious infectious viral disease of animals. Although it poses no threat to human health, it threatens the economic well-being of the swine industry in this Commonwealth. Pseudorabies disease reduces swine production profit as a result of reproductive failures, diminished feed conversion efficiency and interstate restrictions on the movement of infected or exposed swine.

Pennsylvania swine producers, represented by the Pennsylvania Pork Producers Council and the Pennsylvania Purebred Swine Breeders Association, have petitioned the Department to provide resources and regulatory support to eliminate pseudorabies virus from this Commonwealth. These producers have established an Advisory Committee to coordinate their pseudorabies eradication efforts with the Department, other state departments of agriculture, the National Pork Producers Council and the United States Department of Agriculture.

The primary purpose of these amendments is to coordinate the Department's pseudorabies containment and eradication efforts with the industry-driven Pseudorabies Eradication State-Federal-Industry Program (Eradication Program) developed by the United States Department of Agriculture Animal and Plant Health Inspection Service (USDA-APHIS) and set forth in USDA-APHIS publication no. 91-55-018, *Pseudorabies Eradication State-Federal-Industry Program Standards*.

These amendments amend existing authorities by adding provisions that require elimination of pseudorabies virus from infected premises, establish time frames for elimination of pseudorabies virus, provide for industry consultation and advice and in certain limited cases, provide for Department condemnation with indemnification of pseudorabies infected or exposed swine.

These amendments will allow Pennsylvania swine producers to systematically work through a five-stage State-Federal-industry prescribed process to achieve pseudorabies-free status. This will result in a more productive and profitable swine industry in this Commonwealth, and will facilitate the introduction of Commonwealth-produced swine into interstate and international commerce.

Compliance with Executive Order 1996-1, Regulatory Review and Promulgation

The Department reviewed this rulemaking and considered its purpose and likely impact in accordance with

Executive Order 1996-1, Regulatory Review and Promulgation. This rulemaking addresses a compelling public interest, as described in this Preamble, and is otherwise in compliance with Executive Order 1996-1.

Comments

Notice of proposed rulemaking was published at 25 Pa.B. 4001 (September 23, 1995), and provided for a 30-day public comment period.

Comments were received from individual pork producers, the Pennsylvania State University College of Agricultural Sciences, a large-scale pork production operation, the House Agriculture and Rural Affairs Committee (House Committee) and the Independent Regulatory Review Commission (IRRC). Comments included concern for inadequate indemnity provisions, criticism of cost estimates of industry fiscal impact, recommendation for Department subsidy of vaccination costs, recommendations regarding appointment and consultation with an Advisory Committee and recommendations to clarify the regulations by altering the organization of the material and improving syntax. Response to these comments is organized by subject as follows.

Indemnity

The House Committee and IRRC requested an explanation of the Department's statutory authority to pay, or refrain from paying, indemnity with respect to swine depopulated from quarantined pseudorabies-exposed herds.

Pseudorabies is a dangerous transmissible disease of animals. The Department's authority to impose quarantines upon animals infected with pseudorabies, suspected of having pseudorabies, exposed to pseudorabies or susceptible to pseudorabies is set forth at sections 3 and 5 of the act of April 17, 1929.

Section 1702 of The Administrative Code of 1929 authorizes the Department to "... take such measures as may seem advisable concerning methods of preventing, controlling and eradicating disease of animals, to cause the disinfection of any premises, and, when deemed necessary to prevent the spread of disease, to cause the destruction of animals..." This provision gives the Department broad discretion to act with respect to pseudorabies in swine. The Department believes it a reasonable and necessary exercise of its statutory authority to quarantine pseudorabies-exposed swine herds, to require the development and implementation of herd-cleanup plans and, under certain circumstances in Stage 3 or higher, to condemn infected or exposed animals, or both.

The Department is not statutorily required to pay indemnity to the owners of swine who voluntarily depopulate their herds under herd-cleanup plans. The Department has, historically, exercised its authority under section 1702 of The Administrative Code of 1929 and paid indemnity only when animals have been condemned. Exercise of this authority has been limited to dangerous transmissible disease agents that threaten public health and which cannot reasonably be tolerated by the public or the industry. For example, in a recent outbreak of bovine tuberculosis the Department elected to pay the owner of a quarantined herd indemnity in exchange for the herd owner's agreement to destroy its tuberculosis-exposed animals. In this instance, the tuberculosis-exposed herd was the only known reservoir of bovine tuberculosis in

this Commonwealth and the herd's destruction would be a major step forward in the Department's effort at protecting human health and regaining "tuberculosis-free" status for this Commonwealth.

The only situation where the payment of indemnity for swine is statutorily required, though, occurs when the Department condemns swine, as that term is defined in section 1 of the act of June 22, 1931 (P. L. 682), as amended (3 P. S. § 398).

In light of the foregoing, the Department concludes that although it may compensate the owner of quarantined pseudorabies test positive swine that are destroyed in accordance with a herd-cleanup plan, it is not obligated to pay indemnity since it has not condemned the animals in question.

Six commentators—the House Committee among them—offered comments to the effect that depopulation of pseudorabies test positive swine should be required in the absence of the payment of indemnity by the Department. Two of these commentators suggested the final amendments be revised to require the Department to pay indemnity whenever funds are available—regardless of the status of the particular herd-cleanup effort. One commentator suggested the General Assembly fund the Commonwealth's pseudorabies eradication effort as it funded the Avian Influenza eradication effort with respect to the Commonwealth's poultry industry several years ago. The commentator expressed an interest in eradicating pseudorabies in his infected swine herd, but reluctance to destroy his breeding stock which was "... too expensive to sell to the butcher," unless he was adequately compensated.

The Department gave careful consideration to the propriety of condemning pseudorabies infected or exposed swine and concluded that, in the context of an industry-conceived and driven program, and in the absence of human health risk, it was inappropriate to adopt condemnation as a routine pseudorabies eradication program measure. The Department, however, recognized that special circumstances could occur which might necessitate or make highly desirable condemnation action. Provision in these amendments for indemnity refers only to the latter circumstances. In any case, ability to pay indemnity will depend on the availability of enabling funding.

IRRC suggested the definition of "indemnity" at § 10.1 (relating to definitions) be rephrased to state that indemnity may be equal to "all or" a portion of the appraised value of condemned swine. The Department declines to implement this suggestion. The Department believes it might be misleading to suggest that indemnity is intended to cover "all" of a recipient's losses. The Department believes that section 2 of the act of June 22, 1931 sets forth the indemnity rates that the Department should offer: no more than \$300-per-swine; and the Department's contribution, together with salvage value and compensation received from other sources, may not exceed 90% of the appraised value of the animal.

IRRC recommended the initial paragraph of § 10.26 (relating to indemnity) be rephrased for greater clarity.

The Department accepts this suggestion, and has amended that paragraph accordingly.

A commentator recommended that § 10.26(a)(1) be revised to clarify that indemnity may be paid by the Department if, despite a herd owner's concerted effort to implement an official pseudorabies herd-cleanup plan, pseudorabies virus is not eliminated from the herd within a reasonable period of time.

The Department accepts this suggestion, and has revised § 10.26(a)(1) accordingly.

Fiscal Impact

Six commentators, the House Committee among others disagreed with statements in the Preamble and regulatory analysis form with respect to the proposed amendments indicating that the proposed amendments were not expected to impose additional costs on the private sector. The House Committee summarized the commentators' points of disagreement as follows:

The direct cost to individual producers subject to a herd-cleanup program will be substantial in the short term. The actual cost of a cleanup program, loss of income in the case of depopulation (both with or without indemnity), "down time" of a facility and other such actions all impose a cost on the individual producer. Likewise, additional recordkeeping and regulatory requirements impose an indirect cost on the entire industry.

In order to avoid confusion on the question of whether these regulatory revisions will impose additional costs upon producers, the Department has set forth a more detailed explanation in this Preamble under the heading addressing "Fiscal Impact—Private Sector," and has revised Answer No. 22 on the Regulatory Analysis Form. The Department does not believe that these final-regulations will significantly increase the costs which a herd owner must bear. A number of considerations went into this conclusion, among them: the costs imposed on a herd owner by the mere presence of the pseudorabies virus in a swine herd, the costs that are imposed or could be imposed on a herd owner under the Department's current statutory and regulatory authority, the average turnover time of a swine herd and the additional costs that these final-regulations might impose.

The presence of pseudorabies virus in a swine herd imposes costs on the herd owner, regardless of whether the virus has been detected or not. Swine afflicted with the virus suffer higher reproductive failures and diminished feed conversion efficiency.

Under current statutory and regulatory authority, the Department places a special quarantine upon any swine herd within which pseudorabies exposure has been detected. This requirement is set forth at § 10.6 (relating to quarantine required). The circumstances under which a pseudorabies-related quarantine may be released are detailed at § 10.8 (relating to quarantine release) and include depopulation/disinfection requirements and specific testing regimens. These quarantine restrictions result in diminished product value and increased production costs.

Under the current regulation an owner of a quarantined pseudorabies-exposed swine herd faces the following options, and the costs associated with each: (1) allow the herd to remain under quarantine, obtaining permits as needed to move swine directly to slaughter; (2) depopulate the entire herd and disinfect the premises in accordance with § 10.8(c)(1); (3) depopulate only those animals that are positive to an official test for pseudorabies, and test the remaining exposed animals in accordance with § 10.8(c)(2); or (4) take other measures to demonstrate to a pseudorabies epidemiologist that the swine herd meets Federal quarantine release requirements. In short, these final regulations would remove only the first of the foregoing four options and compel the development and implementation of herd-cleanup plans in infected herds. It does not compel a particular method of herd-cleanup.

but presents the herd owner with a number of options. These options are in accordance with guidelines established in the Eradication Program standards.

The Department agrees that there would be significant costs incurred by a herd owner who elects to completely depopulate his pseudorabies-exposed swine herd, disinfect the premises and allow a lapse of at least 30 days prior to herd repopulation, as described at § 10.8(c)(1). However, the amendments afford herd owners both the methodology and time (3 years) within which to accomplish herd-cleanup, with or without complete herd depopulation, with minimal resultant costs.

In many pseudorabies-exposed swine herds to date, the herd owner has opted for a method of herd-cleanup that involves the marketing of test positive animals and the systematic testing of the remaining animals, as described at § 10.8(c)(2) and (3). This allows the herd owner to make optimal use of the cycle of herd turnover. Swine herd populations are not static. The average life span of individual breeding animals in a swine herd is approximately 2.5 years; the average life span of swine fed for market is 5 to 6 months. Breeding replacement stock is obtained from herd progeny or by purchasing from outside sources.

Section 10.22(b)(2) (relating to objectives of plan) of the final regulations affords a herd owner 36 months, during Stage 3 of the Eradication Program, from the Department's approval of a herd-cleanup plan within which to eliminate pseudorabies virus from the herd. This 3-year period allows the herd-owner to utilize the 2.5 year herd turnover period, plus an additional 6 months, within which to systematically purge the herd of pseudorabies.

Under this herd cleanup plan, the herd owner would not be deprived of the value of his pseudorabies-infected swine. These animals are not marketable for purposes other than slaughter and the herd owner may market them for this purpose. If a particular test-positive swine had exceptional value as a breeding animal, and the herd owner is not immediately inclined to have this swine shipped to slaughter, he can segregate it from the herd and obtain the benefit of the swine's breeding value within the 36-month period for herd-cleanup plan completion. With respect to the swine that have been exposed to pseudorabies but are not pseudorabies test positive, the herd owner may continue to raise them within the herd. If these animals are ready for market while the herd quarantine remains in place, the herd owner may ship them to slaughter. Once the quarantine is lifted, the herd owner may dispose of swine as the owner deems appropriate. The only costs imposed by these final-regulations (as opposed to costs resulting from the presence of the pseudorabies virus within the herd or costs imposed under the current regulations) are the costs of testing, and these costs will be largely borne by the Department.

Several commentators offered general comments in support of these amendments.

A commentator from the Pennsylvania State University College of Agricultural Sciences states "The general intent of the proposed rulemaking is worthwhile and timely. New regulations should be implemented . . ."

The same commentator opined that costs imposed by this regulation ". . . should be far less than the cost to all Pennsylvania pork producers if the disease is not controlled or if interstate trade is adversely impacted because of the presence of . . . (pseudorabies virus) . . . in Pennsylvania."

Another commentator from the Pennsylvania State University College of Agricultural Sciences stated that ". . . there will be many circumstances in which the cost of eradicating the disease will outweigh the improvements in (swine) health and production." The commentator, while questioning the economic validity of embarking on a National pseudorabies eradication effort, supported the Eradication Program in light of its support among the industry and among owners of quarantined pseudorabies-exposed swine herds, the fact that neighboring states are further along in the five-stage cleanup process than the Commonwealth and the fact that Pennsylvania-produced feeder pigs are facing interstate marketing difficulties as a result. The commentator also observed that: ". . . many producers in Pennsylvania have already eradicated the virus from their herds with the understanding that other quarantined herd owners would make similar efforts. In fairness to those cooperating producers and to those who have made significant investments to minimize the threat of pseudorabies, acceptance of these regulations is needed."

In summary, the Department accepts the comments of the House Committee to the extent that a herd owner might incur some costs as a result of these final amendments if the owner opts for the total herd depopulation and disinfection procedures set forth at § 10.8(c)(1). These final regulations do not compel these procedures, though. A herd-cleanup plan may combine selective depopulation with selective herd repopulation, testing and monitoring procedures to allow the herd owner to systematically purge the owner's herd of pseudorabies during the natural herd turnover cycle. The final-regulations do not subject herd owners to any costs the owners were not already subject to under current regulatory authority.

Vaccine

One commentator suggested the Department distribute pseudorabies vaccine and initiate a thorough swine vaccination program in lieu of the procedures set forth in these final regulations.

The Department considered this proposal as it developed these amendments. Pseudorabies vaccine does not eliminate the pseudorabies virus within a swine herd nor does it prevent infection. Vaccine is useful in reducing virus shedding by infected animals and reduces the likelihood of spread within a herd or to other neighboring herds. The Department is aware of herd owners who used vaccination as the method of pseudorabies control within their swine herds and the Department has promoted the judicious use of vaccine. In most cases, vaccination alone was not enough to remove pseudorabies from the swine herd.

In addition, one of the goals of these final regulations is to bring the Commonwealth's pseudorabies eradication strategy in line with the Pseudorabies Eradication Program. That Program does not prescribe vaccination, by itself, to ensure pseudorabies eradication within a swine herd.

Although the Department believes that vaccination is a helpful tool in pseudorabies eradication, it must be used in combination with depopulation, sanitation measures and testing in order to achieve pseudorabies eradication within a swine herd. For the foregoing reasons, the Department declines to implement the suggestion that it use vaccination as the sole means by which to combat pseudorabies in swine.

Clarification

IRRC suggested the second sentence of the definition of "indemnity" at § 10.1 be relocated to § 10.26.

The Department accepts this suggestion, and has amended these sections accordingly.

IRRC also suggested the second sentence of the definition of "official pseudorabies epidemiologist" be relocated. The sentence at issue states that an official pseudorabies epidemiologist shall have special training in the diagnosis and epidemiology of pseudorabies, and otherwise meet the responsibilities of an "official pseudorabies epidemiologist," as that term is defined in the Eradication Program standards.

The Department is not inclined to implement IRRC's suggestion. The reference to "special training in the diagnosis and epidemiology of pseudorabies" comes verbatim from the definition of "official pseudorabies epidemiologist" in the Eradication Program standards. The reference to meeting the responsibilities assigned an official pseudorabies epidemiologist under those Eradication Program standards helps to demonstrate to other jurisdictions that the Commonwealth's pseudorabies eradication efforts are in accordance with the Eradication Program standards, and apprises persons seeking or holding that designation of the necessity of being knowledgeable with respect to the Eradication Program standards.

IRRC further suggested the definition of "official pseudorabies herd-cleanup plan" be revised by deleting all but the first sentence and relocating the deleted material elsewhere in the final regulation. For the same basic reasons set forth in the preceding paragraph, the Department declines to implement this suggestion.

The definition at issue restates the definition of "official pseudorabies herd-cleanup plan" set forth in the Eradication Program standards, and emphasizes that the link between these definitions is intentional on the Department's part.

IRRC and another commentator expressed concern with the requirement that a herd owner develop and implement a pseudorabies herd-cleanup plan within 60 days (or some shorter specified time period) of receiving written notice from the Department directing this action. This requirement is set forth at § 10.21(a) (relating to plan requirements-development and implementation). IRRC stated it was not clear that a herd owner had to develop and implement a herd-cleanup plan within the 60-day period.

For greater clarity, the Department has replaced "implement" with "put into effect" in both §§ 10.21 and 10.25.

IRRC also recommended proposed § 10.21 be reworked to clarify the steps which the Department takes in reviewing proposed herd-cleanup plans and communicating its approval, disapproval or requests for additional information to the herd owner.

The Department accepts this recommendation, and has revised § 10.21(a) and (c) accordingly. A 15-day review period is established, and any time beyond this will not be credited against the 60 days within which a herd owner shall develop and put into effect an official pseudorabies herd-cleanup plan.

Two commentators recommended the Department require owners of quarantined pseudorabies-exposed swine herds within a particular region to develop and implement herd-cleanup plans at the same time. Presumably,

this would decrease the risk that pseudorabies would spread from an infected herd with respect to which a herd-cleanup plan had not been implemented to a herd with respect to which a herd-cleanup plan had been implemented.

The Department accepts this recommendation. The Department will impose herd-cleanup requirements upon known pseudorabies-exposed swine herds at the same time.

IRRC noted the use of the term "official pseudorabies herd-cleanup plan" in § 10.22 (relating to objectives of plan) and suggested replacing that term with "Department approved pseudorabies herd-cleanup plan."

The Department is reluctant to deviate from the terminology set forth in the Eradication Program standards. These standards use the term "official pseudorabies herd-cleanup plan." The overall purpose of the Eradication Program—to identify, contain and eliminate pseudorabies in swine Nationwide—is served by developing a common vocabulary among Federal and State animal health authorities. For these reasons, the Department elects to retain the term "official pseudorabies herd-cleanup plan" in the final amendments.

IRRC and several other commentators suggested that § 10.22(b)(2) (relating to objectives of plan) be revised by inserting the term "cleanup plan" in place of "cleanup program." This revision would make subsection (b)(2) consistent with subsection (b)(1) and (3), both of which use the term "cleanup plan," and with the definition of "official pseudorabies herd cleanup plan" at § 10.1.

The Department accepts this suggestion, and has amended § 10.22(b)(2) accordingly.

Advisory Committee

Several comments were received with respect to the composition and function of the Advisory Committee.

IRRC noted that proposed § 10.27(a) (relating to Advisory Committee) provided that the Secretary may appoint an Advisory Committee, and recommended that the final amendments use the word will instead.

The Department accepts this recommendation, and has amended § 10.27(a) accordingly.

Section 10.27(c), which describes Advisory Committee membership, does not specifically require that small-scale independent swine production operations be represented on that body. IRRC and three other commentators expressed concern over this fact. One commentator recommended the Advisory Committee contain producers who have successfully completed herd-cleanup plans. Another expressed skepticism that any nominee submitted by the Pennsylvania Pork Producers Council would adequately represent independent family producers who own pseudorabies-exposed swine herds. IRRC recommends the final amendments require independent family producer representation on the Advisory Committee.

The Department objects to the mandatory inclusion of a representative of small-scale independent family swine producers on the Advisory Committee, and notes that approximately 75% of the directors of the Pennsylvania Pork Producers Council are small or medium-sized independent producers. The Department has revised § 10.27(c)(2), though, to allow the Secretary of Agriculture greater discretion in selecting Advisory Committee members representing a fair cross-section of the Commonwealth's swine production industry. Nominees may be

submitted by any person involved in the Commonwealth's swine production industry, or by any group representing that industry.

The House Committee, IRRC and another commentator took issue with the role assigned the Advisory Committee under the proposed amendments. The House Committee asked whether the Department should have the sole power to require herd-cleanup plans, impose sanctions and decide whether to pay indemnity for swine depopulated from pseudorabies-exposed herds in accordance with herd-cleanup plans. The House Committee suggested the consent and agreement of the Advisory Committee be obtained in these matters. In related comments, two other commentators recommended that the Advisory Committee, rather than the Department, have authority to deal with pseudorabies-exposed swine herds.

One of the purposes of the final-regulations is to bring the Department's pseudorabies control efforts into conformity with the Pseudorabies Eradication Program developed by USDA-APHIS. That Eradication Program prescribes the responsibilities of a state pseudorabies committee. These responsibilities are repeated almost verbatim in § 10.27(b). The Department prefers to rely entirely on the Eradication Program standards for guidance in establishing and relating to program measures.

Furthermore, in the absence of specific statutory authority, the Department has no authority to abdicate its responsibility for the identification, containment and eradication of pseudorabies, or its duty with respect to the expenditure of the funds appropriated it by the General Assembly for indemnity payments, in favor of the Advisory Committee.

Both IRRC and the House Committee requested clarification of the manner in which the Department will consult with the Advisory Committee.

The Department agrees that the proposed amendments were ambiguous in this regard. The Department has added a new § 10.27(f) to the final regulations, and has redesignated proposed subsection (f) as subsection (g) in the final amendments. When practicable, the Department will convene a meeting of the Advisory Committee to consult with respect to issues arising under §§ 10.25 and 10.27(b). If, in the Department's discretion, there is insufficient time within which to convene a meeting of the Advisory Committee, the Department will take necessary action and subsequently call a meeting or individually poll the members of the Advisory Committee regarding the question at issue. The presence or participation of more than half of the Advisory Committee members is necessary to constitute a quorum of that body. The majority vote of a quorum constitutes the position of the Advisory Committee on a given issue.

Fiscal Impact

Commonwealth

These amendments are expected to impose costs of approximately \$15,000 on the Department in FY-1996, progressively decreasing to less than \$4,000 in FY-1999.

Political Subdivisions

These amendments will impose no costs and have no fiscal impact upon political subdivisions.

Private Sector

These amendments will not increase the costs of compliance which were imposed upon the private sector under pre-existing regulatory authority. The sole exception might occur with respect to the owner of a quaran-

ted pseudorabies-exposed swine herd who implements a herd-cleanup plan under which the entire herd is depopulated, the premises disinfected and left unoccupied by swine for at least 30 days prior to the reintroduction of swine. These costs are not readily measurable. The quarantined pseudorabies-exposed swine herds in this Commonwealth (approximately 50) may implement herd-cleanup plans that may not result in additional costs to the herd owner.

General Public

These amendments will impose no costs and have no fiscal impact upon the general public.

Paperwork Requirements

These amendments are not expected to result in an appreciable increase in paperwork.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)) the Department submitted a copy of the notice of proposed rulemaking published at 25 Pa.B. 4001 (September 23, 1995) on September 12, 1995, to IRRC and to the Chairpersons of the House and Senate Standing Committees on Agriculture and Rural Affairs for review and comment. In compliance with section 5(b.1) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received, as well as other documentation.

In preparing these final-form regulations, the Department has considered all comments received from IRRC, the Committees and the public.

These final-form regulations were deemed approved by the House Committee on March 14, 1996, were deemed approved by the Senate Committee on March 14, 1996, and were approved by IRRC on March 21, 1996, in accordance with section 5(c) of the Regulatory Review Act.

Findings

The Department finds that:

- (1) Public notice of intention to amend the regulations encompassed by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.
- (2) A public comment period was provided as required by law and that the comments received were considered.
- (3) The modifications that were made to these regulations in response to comments received do not enlarge the purpose of the proposed amendments published at 25 Pa.B. 4001.
- (4) The adoption of the amendments in the manner provided by this order is necessary and appropriate for the administration of the authorizing statute.

Order

The Department, acting under the authorizing statute, orders that:

- (1) The regulations of the Department, 7 Pa. Code Chapter 10, are amended by amending §§ 10.1 and 10.8; and by adding §§ 10.21—10.27 to read as set forth in Annex A.

(2) The Secretary shall submit this order and Annex A to the Office of General Counsel and to the Office of Attorney General for approval as required by law.

(3) The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(4) This Order shall take effect upon publication in the *Pennsylvania Bulletin*.

CHARLES C. BROSIUS,
Secretary

Fiscal Note: 2-91. (1) General Fund; (2) Implementing Year 1995-96 is \$15,000; (3) 1st Succeeding Year 1996-97 is \$15,000; 2nd Succeeding Year 1997-98 is \$11,250; 3rd Succeeding Year 1998-99 is \$7,500; 4th Succeeding Year 1999-00 is \$3,750; 5th Succeeding Year 2000-01 is \$3,750; (4) FY 1994-95 \$514,282; FY 1993-94 \$520,891; FY 1992-93 \$811,425; (7) General Government Operations; (8) recommends adoption.

Annex A

TITLE 7. AGRICULTURE

PART I. BUREAU OF ANIMAL INDUSTRY

CHAPTER 10. PSEUDORABIES DISEASE

GENERAL

§ 10.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Advisory Committee—The State Pseudorabies Advisory Committee.

Animal—An equine or bovine animal, sheep, goat, pig, dog or cat and any wild animal under domestication and embryo, ova and semen.

Animal market—A place approved by the Department other than the farm of origin where animals are offered for sale, barter or trade, on a public, private or commercial basis.

Breeding swine—Sexually intact domestic swine 6 months of age or older, sexually intact feral swine of all ages, and sexually intact swine 5 months of age or younger selected for producing offspring.

Common ground—The ground, areas, building or equipment communally shared by any specific group of livestock.

Condemned—The status of a quarantined swine, swine product, conveyance or other quarantined article that has been determined by the Department as having been exposed to pseudorabies virus so that destruction of the swine, swine product, conveyance or other article is necessary to prevent the spread of pseudorabies.

Cooperative agreement—A document signed by the animal owner, attending veterinarian and Department regarding participation in a specific disease control program.

Department—The Department of Agriculture of the Commonwealth.

Eradication Program—The Pseudorabies Eradication State-Federal-Industry Program developed by USDA-APHIS and set forth in the Eradication Program standards.

Eradication Program standards—Those standards set forth in the USDA-APHIS publication bearing No. 91-55-018 and entitled "Pseudorabies Eradication State-Federal-Industry Program Standards, effective January 1, 1994," or any applicable subsequent revision or codification thereof.

Farm of origin—A farm where the swine were born or the farm of most recent residence for at least 90 consecutive days immediately before movement.

Feeder swine—Domestic swine other than breeding swine.

Garbage—Putrescible animal and vegetable waste resulting from the handling, preparation, cooking and consumption of foods, including animal carcasses and parts thereof.

Herd—A group of livestock maintained on common ground for a purpose, or two or more groups of livestock between which members are interchanged regardless of separation.

Indemnity—Payment to the owner for a portion of the appraised value of condemned swine, swine products and other condemned articles that are slaughtered or destroyed by order of the Department to eradicate or prevent the spread of pseudorabies virus.

Licensed pseudorabies vaccine—A pseudorabies virus vaccine produced under license from the USDA-APHIS under the Virus, Serum and Toxin Act (21 U.S.C.A. §§ 151—159).

Official pseudorabies epidemiologist—A veterinarian employed by the Department or USDA-APHIS and designated by the Department and USDA-APHIS to investigate and diagnose suspected pseudorabies in animals. An official pseudorabies epidemiologist shall have special training in the diagnosis and epidemiology of pseudorabies, and shall otherwise meet the responsibilities of an "official pseudorabies epidemiologist," as that term is defined in the Eradication Program standards.

Official pseudorabies herd-cleanup plan—A written plan to eliminate pseudorabies from a swine herd. The plan shall:

- (i) Be developed by an official pseudorabies epidemiologist in consultation with the herd owner and his veterinary practitioner, if applicable.
- (ii) Be mutually acceptable to those parties.
- (iii) Be approved by the Department.
- (iv) Otherwise be in conformance with the definition of "official pseudorabies herd-cleanup plan," as that term is defined in the Eradication Program standards.

Owner-shipper statement—A statement signed by the owner or shipper of swine which states the following:

- (i) The number of swine to be moved.
- (ii) Official identification (complete eartag, tattoo or backtag number) of each swine.
- (iii) The points of origin and destination.
- (iv) The consignor and consignee.
- (v) Additional information required by 9 CFR Part 85 (relating to pseudorabies).

Permit—A document issued by the Department or USDA-APHIS authorizing and establishing conditions under which a quarantined animal may be moved interstate or intrastate.

Pseudorabies—A contagious, infectious and communicable disease of animals caused by herpesvirus suis, also known as Aujeszky's disease, mad itch or infectious bulbar paralysis, that has been declared by the Department to be a dangerous transmissible disease.

Pseudorabies exposed animal—An animal that has been in contact with a pseudorabies infected animal. The term does not include an animal, other than swine, that has not been in contact for 10-consecutive days with an animal with symptoms of pseudorabies.

Pseudorabies restricted animal market—A quarantined animal market designated by the Department to conduct sales of swine originating from premises under Pennsylvania pseudorabies quarantine.

Pseudorabies test—A test for the diagnosis of pseudorabies approved by the Department that is conducted in a laboratory approved by the Department or USDA-APHIS to perform pseudorabies tests.

Pseudorabies vaccine—A product containing pseudorabies virus antigens.

Qualified pseudorabies negative herd—A swine herd enrolled in and in compliance with the qualified pseudorabies negative swine herd plan as defined in 9 CFR Part 85.

Quarantined feedlot—Premises where pseudorabies infected or exposed swine are fed and from which swine are moved by permit or owner shipper statement directly to a recognized slaughter establishment or directly through no more than one pseudorabies restricted animal market and then directly to a recognized slaughter establishment.

Quarantined herd—A herd in which pseudorabies infected or exposed swine are bred, reared or fed, and from which swine are moved only by permit directly to a recognized slaughter establishment or directly through no more than one pseudorabies restricted animal market and then directly to a recognized slaughter establishment.

Recognized slaughter establishment—A slaughter establishment operated under the Federal Meat Inspection Act (21 U.S.C.A. §§ 601–623, 641–645, 661, 671–680 and 691).

Secretary—The Secretary of the Department.

Stage I—The initial preparation stage of the Eradication Program, during which the basic procedures to control and eradicate pseudorabies are developed. This designation means that the Commonwealth has met the Stage I qualification standard set forth in the Eradication Program standards.

Stage II—The control stage of the Eradication Program, during which the Department participates on a cooperative basis with the Veterinary Services branch of USDA-APHIS to determine which herds are infected with pseudorabies and to begin herd-cleanup. This designation means that the Commonwealth, or a particular county thereof if so designated, has met the Stage II qualification standard set forth in the Eradication Program standards.

Stage III—The mandatory herd-cleanup stage of the Eradication Program, during which the cleanup of infected herds becomes mandatory and the Department, in consultation with the Advisory Committee, establishes time limits for developing and completing official pseudorabies herd-cleanup plans. This designation means that the Commonwealth, or a particular county thereof if so designated, has met the Stage III qualification standard set forth in the Eradication Program standards.

Stage IV—The surveillance stage of the Eradication Program, during which the Department monitors the Commonwealth, or any county thereof bearing this designation, to determine that cleanup programs have been effective, that any pseudorabies cases are attributable to importation of swine from out-of-State and that these outbreaks are contained. This designation means that the Commonwealth, or a particular county thereof if so designated, has met the Stage IV qualification standard set forth in the Eradication Program standards.

Stage V—The pseudorabies-free stage of the Eradication Program, during which the Commonwealth, or any county thereof bearing this designation, has been free of pseudorabies for at least 12 months and continues surveillance for cases of that disease. This designation means that the Commonwealth, or a particular county thereof if so designated, has met the Stage V qualification standard set forth in the Eradication Program standards.

USDA-APHIS—The United States Department of Agriculture, Animal and Plant Health Inspection Services.

§ 10.8. Quarantine release.

(a) Swine quarantined for noncompliance with importation health requirements shall be released from quarantine only when all importation requirements are met.

(b) Swine quarantined in accordance with § 10.6(c) (relating to quarantine required) may be released from quarantine when the swine are determined by the Department to be pseudorabies test negative.

(c) A quarantine imposed upon a pseudorabies infected swine herd may be released when one of the following conditions is met:

(1) The swine have been removed from the premises, the premises is thoroughly cleaned and disinfected with USDA-APHIS approved disinfection procedures in accordance with 9 CFR 85.12 and 85.13 (relating to cleaning and disinfecting means of conveyance; and cleaning and disinfecting livestock markets and other facilities) and swine have not been on the premises for 30 days or more.

(2) Swine positive to an official test for pseudorabies have been removed from the premises and exposed swine which remain in the herd are negative to two official pseudorabies tests. The first test may not be less than 30 days after the last positive swine has been removed from the premises and the second test not less than 60 days after the first test.

(3) Swine positive to an official test for pseudorabies have been removed from the premises and three successive random sample tests of the breeding herd and three successive random sample tests of other swine on the premises that are at least 4 months of age are negative for pseudorabies. The first test shall be done at least 30 days after removal of all positive swine; the second test shall be done at least 90 days after the first test and the third test shall be done at least 90 days after the second test. The number of swine composing a random sample for quarantine removal under this section is:

<i>No. of swine in herd</i>	<i>No. of swine to be tested</i>
1–10	All
11–35	10
36 or more	30% or 30, whichever is less

A random sample shall include all age groups including boars.

(4) An official pseudorabies epidemiologist has reviewed the herd history and determined the herd is free

of pseudorabies and the swine herd meets quarantine release requirements in 9 CFR Part 85 (relating to pseudorabies).

(d) Animals, other than swine not exposed to an animal with symptoms of pseudorabies or a test positive animal for 10 days may be released from quarantine.

ERADICATION PROGRAM

§ 10.21. Plan requirements.

(a) *Development and implementation.* The Department will provide the owner of a pseudorabies swine herd with written notice of the time period within which an official pseudorabies herd-cleanup shall be developed and put into effect. This notice shall set forth the identity, address and telephone number of the official pseudorabies epidemiologist who shall consult with the herd owner in the development of the official herd-cleanup plan. The period within which the official pseudorabies herd-cleanup plan shall be developed and put into effect may be no longer than 60 days from the date upon which the owner receives the written notice. The herd owner shall promptly submit a proposed herd-cleanup plan to the Department.

(b) *Subject matter.* The Department may require that an official pseudorabies herd-cleanup plan address any activity relevant to the detection, containment or eradication of pseudorabies within the infected swine herd, as well as the surveillance and testing of the herd once it appears to be pseudorabies-free, regardless of whether the area of the Commonwealth within which the herd is located has been designated Stage I, Stage II, Stage III, Stage IV or Stage V.

(c) *Review, approval and modification.*

(1) An official pseudorabies herd-cleanup plan shall be approved by the Department prior to being put into effect.

(2) The Department will conduct its review of a proposed herd-cleanup plan within 15 days of receiving it, and will mail the Department's written approval, disapproval or request for additional information to the herd owner within that 15-day period.

(3) A written request by the Department for additional information shall toll the running of the 15-day period described in paragraph (2).

(4) Subsection (a) notwithstanding, if the Department fails to meet the 15-day deadline described in paragraphs (2) and (3), the development and implementation period described in subsection (a) will be extended by the number of days by which the Department exceeded its 15-day deadline.

(5) The Department may require that an official pseudorabies herd-cleanup plan be modified, and will provide the affected herd owner with advance notice of any required modifications in the manner set forth in this section.

§ 10.22. Objectives of plan.

(a) *General objective.* The general objective of an official pseudorabies herd-cleanup plan shall be to qualify all quarantined animals, premises and articles for release from quarantine.

(b) *Specific objectives.*

(1) The objective of an official pseudorabies herd-cleanup plan for a herd that is in an area of the Commonwealth designated Stage II shall be to prevent the further spread of pseudorabies within the herd and to

take surveillance, sanitation and other measures toward eliminating pseudorabies from the herd.

(2) The objective of an official pseudorabies herd-cleanup plan for a herd that is in an area of this Commonwealth designated Stage III shall be to eliminate pseudorabies virus within the herd no later than 36 months after the Department approves the plan.

(3) The objective of an official pseudorabies herd-cleanup plan for a herd that is in an area of the Commonwealth designated Stage IV or Stage V shall be to eliminate pseudorabies virus in the herd no later than 6 months after the Department approves the plan.

§ 10.23. Monitoring the plan.

The Department will monitor the progress of an official pseudorabies herd-cleanup plan. This monitoring will be conducted at the Department's expense.

§ 10.24. Progress report.

The owner of a pseudorabies infected swine herd that is subject to an official pseudorabies herd-cleanup plan shall cooperate with the Department in the preparation by the Department of periodic progress reports. This cooperation includes making herd records available for inspection and presenting herd animals for physical inspection and testing by the Department or its authorized representatives during daylight hours or at some mutually-agreeable time.

§ 10.25. Consequences of noncompliance by herd owner.

If an owner of a pseudorabies infected swine herd has received the written notice described in § 10.21 (relating to plan requirements), yet fails to develop and put into effect an official pseudorabies herd-cleanup plan within the time period in that written notice, the Department may order mandatory depopulation of the herd, and may revoke or deny permits to move quarantined animals. The determination that an owner has failed to develop and put into effect an official pseudorabies herd-cleanup plan shall be made by the Department, which will consult with the Advisory Committee in accordance with § 10.27(f) (relating to Advisory Committee), in making this determination.

§ 10.26. Indemnity.

(a) The Department may offer indemnity if funds for indemnity are available, and may require the depopulation of a herd if it determines that one or more of the following apply:

(1) The herd owner has made a concerted effort to implement an official pseudorabies herd-cleanup plan, but has been unable to eliminate the pseudorabies virus from the herd within the applicable objective time in § 10.22(b) (relating to objectives of plan).

(2) Failure to depopulate the herd would unreasonably impede the progress or jeopardize the pseudorabies status of the Commonwealth under the Eradication Program.

(b) An indemnity payment need not equal and may not exceed the appraised value of the animal or article condemned by the Department.

§ 10.27. Advisory Committee.

(a) *Establishment.* The Secretary will appoint an Advisory Committee.

(b) *Duties.* It is the responsibility of the Advisory Committee to do the following:

(1) Inform and educate all segments of the Commonwealth's swine industry regarding pseudorabies eradication activities.

(2) Review the Eradication Program and make recommendations to the Department and to USDA-APHIS officials.

(3) Consult with the Department, as appropriate, on the subjects of Eradication Program budgeting, regulations, the use of vaccine and the Commonwealth's progress through the various stages of the Eradication Program.

(4) Maintain a liaison with other states and the National Pseudorabies Eradication Program through the National Pork Producers Council, the United States Animal Health Association, the Livestock Conservation Institute and USDA-APHIS.

(5) Perform the duties of a "State pseudorabies committee," as that term is defined in the Eradication Program standards.

(c) *Membership.* The Secretary or a designee will be a member of the Advisory Committee. The Secretary will consider nominations for the Advisory Committee and will appoint the following:

(1) At least two but no more than four USDA-APHIS personnel from among nominees submitted by USDA-APHIS.

(2) At least six but no more than eight representatives of the Commonwealth's swine industry from among nominees submitted by persons engaged in the Commonwealth's swine industry or groups representing that industry.

(3) Two representatives of the Pennsylvania State University Extension Service.

(4) At least one but not more than two veterinary practitioners from among nominees submitted by the Pennsylvania Veterinary Medical Association.

(d) *Terms.* Appointed members of the Advisory Committee shall serve 2-year terms, and may be appointed to successive terms.

(e) *Chairperson; meetings.* At its first meeting of each calendar year, the Advisory Committee shall elect a chairperson, who shall serve in that capacity until the first meeting of the following calendar year or until his membership on the Advisory Committee ends, whichever occurs first. The Secretary or the chairperson may call meetings of the Advisory Committee, when appropriate.

(f) *Consultation.*

(1) If practicable, the Secretary will call and conduct a meeting of the Advisory Committee to consult that body on matters relating to the discharge of the Advisory Committee's duties under § 10.25 (relating to consequences of noncompliance by herd owner) and subsection (b).

(2) The presence of a majority of the Advisory Committee members shall constitute a quorum of the Advisory Committee. The majority vote of a quorum shall be considered the advice of the Advisory Committee.

(3) If the Department, in its discretion, determines a need for immediate action without first consulting the Advisory Committee, it will take action and, within 30 days thereof, the Secretary will call a meeting of the Advisory Committee or inform and poll that body regarding the action taken.

(g) *Disbanding the Advisory Committee.* The Secretary may disband the Advisory Committee if the Eradication

Program standards no longer require such a body as a condition of participation in the Eradication Program.

Title 25—ENVIRONMENTAL PROTECTION

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CH. 93]

Stream Redesignations; Pine and Elk Creeks

The Environmental Quality Board (Board) by this order adopts amendments to § 93.9m (relating to Drainage List M) as set forth in Annex A.

This order was adopted by the Board at its meeting of January 16, 1996.

A. *Effective Date*

This amendment is effective upon publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Edward R. Brezina, Chief, Division of Assessment and Standards, Bureau of Water Quality Management, 10th Floor, Rachel Carson State Office Building, P. O. Box 8465, 400 Market Street, Harrisburg, PA 17105-8465, (717) 787-9637 or William J. Gerlach, Assistant Counsel, Bureau of Regulatory Counsel, 9th Floor, Rachel Carson State Office Building, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

C. *Statutory Authority*

This amendment is made under the authority of the following acts: sections 5(b)(1) and 402 of The Clean Streams Law (act) (35 P. S. §§ 691.5(b)(1) and 691.402) and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20), which grant to the Board the authority to develop and adopt rules and regulations to implement the provisions of the act.

D. *Background of the Amendment*

The Commonwealth's Water Quality Standards, which are set forth in part in Chapter 93 (relating to water quality standards), implement the provisions of sections 5 and 402 of the act and section 303 of the Federal Clean Water Act (33 U.S.C.A. § 1313). Water quality standards are in-stream water quality goals which are implemented by imposing specific regulatory requirements (such as treatment requirements and effluent limits) on individual sources of pollution.

The Department of Environmental Protection (Department) considers waterbodies for special protection status and redesignation in its ongoing review of water quality standards. In general, special protection waters shall be maintained at their existing quality, and wastewater treatment requirements shall comply with § 95.1. Candidates may be identified by the Department based on routine waterbody investigations. Requests for consideration may also be initiated by other agencies, such as the Fish and Boat Commission, and the general public through a rulemaking petition to the Board.

The Pine and Elk Creek basins were evaluated in response to a petition submitted to the Board by the Penns Valley Conservation Association. A copy of the Department's evaluation report was forwarded to the petitioner on April 8, 1994, in accordance with § 23.7 (relating to response to report). In response to comments received from the petitioner on May 8, 1994, the Department conducted additional review and evaluation of data. Based upon the data collected in these surveys and information gathered from Department records and other sources, the Board has made the designations described in Section F of this Preamble.

Copies of the Department's aquatic survey evaluation report referred to in this Preamble are available from Edward Brezina whose address and telephone number are listed in Section B of this Preamble.

In reviewing whether waterbodies are subject to the Special Protection Waters Program, and meet the definitions of "High Quality Waters" or "Exceptional Value Waters" in § 93.3 (relating to protected water uses), the Department is utilizing guidance titled "Special Protection Waters Selection Criteria." This guidance appears in the Department's "Special Protection Waters Implementation Handbook."

E. Summary of Comments and Responses on the Proposed Rulemaking

Notice of the proposed rulemaking was published at 24 Pa.B. 5981 (December 3, 1994) and included provisions for a public hearing, which was held on January 25, 1995, at the Penns Valley High School, and a 65-day public comment period which concluded on February 6, 1995.

The Board received comments from 4,763 commentators during the public comment period on the proposed redesignations, which included 75 witnesses presenting testimony at the public hearing. Individually composed written comments were received from 688 commentators, while another 4,075 written comments were received as one of 21 different form letters which supported the proposed redesignations of Pine and Elk Creek basins.

The comments and testimony and the Department's responses are summarized as follows:

A majority of the written comments and oral testimony received by the Board expressed support for an Exceptional Value (EV) waters designation for Pine and Elk Creek basins. A smaller portion of the commentators submitted comments and testimony in opposition to redesignating the basins as EV Waters. Eight of the witnesses presented opposing testimony during the public hearing, while 68 of the witnesses presented testimony which supports the EV Waters designation. Some of the witnesses also submitted written comments during the public comment period.

Witnesses at the public hearing who presented testimony to support the proposed redesignation of Pine and Elk Creeks to EV described various recreational and ecological features and the regional economic importance of the Pine and Elk Creek basins. Most of the witnesses providing supportive testimony also suggested that the entire Pine Creek and Elk Creek basins, not just portions of the basins, should be redesignated as EV Waters.

The Department recommendations are based on the results of the stream evaluations and comparison to the Special Protection Selection Criteria and applicable regulatory definitions. The segmentation of the basins' proposed designations as High-Quality-Cold Water Fishes (HQ-CWF) and EV Waters is the result of differences

observed in the geomorphic characteristics and biotic communities throughout their course and the presence of the backward sedge, which is a rare and endangered semi-aquatic plant.

Some commentators suggested that the Department recommended the current stream redesignation proposal to support designating the ConStone reserves as unsuitable for mining.

The Department did not recommend the stream redesignation to support designating portions of the limestone resources as unsuitable for mining. The Areas Unsuitable For Surface Mining decisions are separate and distinct from the Special Protection Waters redesignation proceedings considered by the Board.

Some of those opposing the redesignations were concerned about an alleged economic impact on communities which they claim result in decreased land values, increased taxes and additional planning and engineering fees associated with revisions to existing sewage and land use planning modules or increased costs associated with construction of new water and wastewater facilities or upgrading existing facilities. Others were concerned that the EV waters designation would restrict the use of their land and constitute a taking of property.

The Department is not aware of any municipalities having raised taxes or of land values decreasing as a result of a stream being designated as EV waters. There have been indications that EV waters designations may, in fact, actually increase property values. It is possible that municipalities could experience increased costs due to additional planning and engineering fees associated with revisions to existing sewage and land use planning modules. The Department cannot accurately predict or anticipate all costs or expenditures directly associated with the redesignations since such decisions are very case-specific. The EV Waters designation does not prohibit property owners from conducting existing activities or other new activities that do not result in any measurable change in existing water quality in stream segments designated EV. Moreover, it is clear that the redesignations do not constitute a compensable taking of property.

The farming community expressed concerns about what regulatory requirements would need to be met to satisfy the EV water designations. They and others felt that they should be better informed and that any proposal should be better circulated among the various groups it may affect. Education (on the issues) is necessary to better understand each other's problems.

The Department does not propose any new restrictions on the existing farming operations within the basin because of the EV Waters designation. Farmers are already required to use best management practices and comply with the policies and regulations contained in Chapters 101, 102 and 105 (relating to special water pollution regulations; erosion control; and dam safety and waterway management). There should be no additional cost to the local farming community as a result of this redesignation.

In addition, the Department participated in a public meeting on June 10, 1993, at the Penns Valley High School to specifically address the public's concerns and questions on the Pine and Elk Creeks redesignation. The Department has also conducted informational meetings and training in general about the Special Protection Waters Program and the Department's Implementation Handbook for various municipal planning organizations, conservation districts and other interested groups. The

meetings were attended by many local government officials, developers, landowners, farmers, farming leaders and citizens with a general interest in the program or its implementation, or both.

Several commentators suggested that the petitioner's and the Department's data did not fully support the proposed redesignations.

The petitioner provided additional information and the Department collected additional water quality data to better document water quality conditions. The Department has incorporated discussion of the information and data, which further supports the proposed redesignations, into revisions of the evaluation report that is available for review.

Some commentators believe that an EV designation is not necessary to protect the backward sedge, the Green Drake hatch and other sensitive species indigenous to the habitat because they are thriving under the current CWF designation.

The Department agrees that the existing water quality appears to be protecting sensitive species. However, since CWF or even HQ-CWF, with social or economic justification (SEJ), allows for a lowering of existing quality, an EV designation (which does not allow SEJ) is necessary to maintain the existing water quality which is supporting the current ecosystem in the watershed.

Some commentators were concerned about how the EV designation will affect the property owners that currently have onsite septic systems when public sewer is made available.

The Department's evaluation of the Pine and Elk Creek watershed EV designation takes into consideration all existing activities as contributing to the overall, existing water quality, which includes the presence of onlot sewage systems. The proposed upgrade to EV Waters does not impact upon the use of these onlot systems as long as these systems are not malfunctioning or degrading existing water quality.

Some commentators believed the proposed rule to redesignate these streams to EV waters was a misuse of the rulemaking process and was not in the public interest.

The Department and Board have followed all established procedures and policies for processing petitions and rulemakings. This proposed rulemaking and public notice also included provisions for an extended public comment period, 65 days, and a public hearing. The final rule reflects the appropriate designation for each segment of the basin and is, therefore, in the public interest.

The Independent Regulatory Review Commission (IRRC) expressed concern that the criteria outlined in the "Special Protection Waters Implementation Handbook" are being applied as regulations. IRRC requested that the Department explain exactly how it applies the standards in determining whether to make the recommendation advocated in a petition. In IRRC's view, if the criteria are generic standards which form the basis of a uniform, Statewide policy that is ministerially applied in all cases, rather than on a case-by-case basis, they should be promulgated as regulations.

In addition, the Department must assess the impact and provide supporting justification if a change in designation will result in new regulatory requirements.

The Department is not applying the Special Protection Selection Criteria as a regulation. The Selection Criteria policy constitutes the Department's interpretation of the

regulatory definitions of "High Quality Waters" and "Exceptional Value Waters" in § 93.3. The selection criteria are part of an implementation guidance used by the Department to evaluate candidate streams for inclusion into the Special Protection program. There are portions of this guidance that are very case or site-specific and require analysis that is believed to be germane to only the candidate stream and should not be applied on a Statewide basis. The most notable feature of the evaluation is the comparison of the candidate stream selection criteria results to a reference stream's results. In order to have an appropriate comparison, selection of the reference stream is very important, and case-specific.

In order to assess the impact of the proposed designation, the Department has provided a brief financial impact statement as part of this Preamble, and developed a regulatory analysis form as required by the Regulatory Review Act (71 P. S. §§ 745.1—745.15).

F. *Summary of Changes to the Proposed Rulemaking*

There are no changes made to the rulemaking proposal which was originally accepted by the Board and published in the *Pennsylvania Bulletin*.

G. *Benefits, Costs and Paperwork*

Executive Order 1982-2 requires a statement of the benefits of a recommended regulation, as well as the costs which may be imposed. It also requires a statement of the need for, and a description of, any forms, reports or other paperwork required as a result of the recommended amendments. These will be described in separate paragraphs for the Commonwealth, its political subdivisions and the private sector.

1. *Commonwealth*—The amendment should have no fiscal or paperwork impact on the Commonwealth.

2. *Political Subdivisions*—Generally, the amendment should have no fiscal or paperwork impact on political subdivisions. Except as noted in paragraph 3 of this Preamble, no costs will be imposed directly upon local government by these changes. However, indirect costs may result from revisions to Act 537 Sewage Facilities Plans due to consultant and other administrative fees. Political subdivisions which have current or proposed sewage treatment plants in the basin may experience changes in cost as noted this Preamble in discussion of impacts on the private sector.

3. *Private Sector*—Persons proposing activities or projects which result in discharges to streams must comply with the regulatory requirements relating to current stream designations. These persons could be adversely affected by the recommended changes that increase the level of protection provided to a stream, if they expand their discharge, or add a new discharge point, since they may need to provide a higher level of treatment for their new or expanded discharge. These increased costs take the form of higher engineering, construction or operating costs for wastewater treatment facilities. Treatment costs are site-specific and may depend upon the size of the discharge in relation to the size of the stream and many other factors. It is therefore not possible to precisely predict the actual change in costs. In addition, nonpoint source controls necessary to protect HQ and EV waters generally add to the cost of planning and development for new or expanded nonpoint source discharges.

Overall, the citizens of this Commonwealth will benefit from these recommended designations because they will provide, in some cases, an added degree of protection for

important public natural resources and, in all cases, the most appropriate degree of protection for each stream in question.

H. *Sunset Date*

Water Quality Standards regulations are reviewed every 3 years as part of the Department's Triennial Water Quality Standards Review mandated by section 303 of the Federal Clean Water Act; therefore, no sunset date has been set.

I. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of this proposed amendment on November 14, 1994, to IRRC and to the Chairpersons of the House and Senate Environmental Resources and Energy Committees. In compliance with section 5(b.1) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments, as well as other documentation.

In preparing these final-form regulations, the Department has considered the comments received from IRRC and the public. These comments are addressed in the comment and response document and Section E of this Preamble. The Committees did not provide comments on the proposed rulemaking.

This final-form regulation was deemed approved by the Committees on March 25, 1996, and was approved by IRRC on April 3, 1996, in accordance with section 5(c) of the Regulatory Review Act.

J. *Findings*

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and regulations promulgated thereunder at 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law, and all comments were considered.

(3) This amendment does not enlarge the purpose of the proposal published at 24 Pa.B. 5981.

(4) This amendment is necessary and appropriate for administration and enforcement of the authorizing acts identified in Section C of this Preamble.

K. *Order*

The Board, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 25 Pa. Code Chapter 93, are amended by amending § 93.9m to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval and review as to the legality and form as required by law.

(c) The Chairperson shall submit this order and Annex A to IRRC and the House and Senate Environmental Resources and Energy Committees as required by the Regulatory Review Act.

(d) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau, as required by law.

(e) This order shall take effect immediately.

JAMES M. SEIF,
Chairperson

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 89]

Approval of Life, Accident and Health Insurance Medicare Supplement Insurance Minimum Standards

The Insurance Department (Department), Accident and Health Bureau, by this order, adopts amendments to Chapter 89, Subchapter K (relating to Medicare Supplement Insurance Minimum Standards) in particular, §§ 89.771, 89.772, 89.775, 89.776, 89.778, 89.780, 89.783 and 89.784 and Appendices E and I as set forth in Annex A. The amendments establish and detail the minimum requirements for the approval of Medicare supplemental policies for issuance and sale in this Commonwealth. The amendments bring the Department's regulations for the approval of Medicare supplemental policies into compliance with the minimum Federal statutory requirements of the Social Security Act (act) (42 U.S.C.A. § 1395ss). Sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412) provides the Insurance Commissioner with the authority and duty to promulgate regulations governing the enforcement of the laws relating to insurance. This is a final rulemaking with proposed rulemaking omitted in accordance with sections 204(2) and (3) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(2) and (3)), known as the Commonwealth Documents Law (CDL) and the regulation thereunder, 1 Pa. Code § 7.4.

Section 204(2) of the CDL provides that notice of proposed rulemaking may be omitted when all persons subject to the administrative regulation are named therein and have been given actual notice. Section 204(3) of the CDL provides that notice of proposed rulemaking may be omitted when the agency for good cause finds that public notice of its intention to amend an administrative regulation is, in the circumstances, impracticable or unnecessary. In order to comply with the Federal statutory minimum requirements for Medicare supplemental policies, and because of both the time constraints associated with the adoption of the Federal minimum standards and the notice given to insurers advising them of the upcoming changes, proposed rulemaking is properly omitted under section 204(2) and (3) of the CDL.

The Social Security Act Amendments of 1994, Pub. L. No. 103-432, Oct. 31, 1994, 108 Stat. 4398 (42 U.S.C.A. § 1395ss(a-t)) (SSAA-94) revised the Federal minimum standards for Medicare supplemental policies. The De-

partment's amendment of its regulations to adopt the changes is mandated by SSAA-94 (42 U.S.C.A. § 1395ss(p)(1)). More specifically, section 171(m) of SSAA-94, sets out as a note titled State Regulatory Programs under the Historical and Statutory Notes (Statutory Notes) following 42 U.S.C.A. § 1395ss(t), which establishes a timetable which requires the Department to adopt the standards by April 28, 1996.

With certain limited exceptions, interested parties have been required to comply with the revised Federal law since its enactment on October 31, 1994. On September 29, 1995, the Department's revised regulations were transmitted to the Insurance Federation of Pennsylvania, Life/Health Steering Committee. Comments were received, considered and responded to by the Department. Insurers providing Medicare supplemental insurance in this Commonwealth also received notice from the Insurance Commissioner of the upcoming changes to the Department's regulations by letter dated March 6, 1996. Public comment will not change the Federal statutory minimum requirements. Accordingly, the Department finds that notice of proposed rulemaking is, under the circumstances, unnecessary and impracticable and may therefore be omitted for this additional reason.

Purpose

In 1980, Congress enacted the first Federal legislation dealing with Medicare supplemental insurance. In that legislation, as well as in each subsequent amendment, Congress gave the National Association of Insurance Commissioners (NAIC) the opportunity to establish standards to be incorporated by statutory reference as Federal requirements. In the Omnibus Budget Reconciliation Act of 1990 (OBRA 1990) in particular section 4351, Simplification of Medigap Policies, and section 4353, Enforcement of Standards, 42 U.S.C.A. § 1395ss(p), the previously voluntary Federal certification program was replaced by a mandatory program, and the NAIC model act and regulation became the minimum Federal standards for state laws and regulations related to the issuance and sale of Medicare supplemental insurance policies.

In similar fashion, the present amendments to Subchapter K are required by SSAA-94, which made changes in the Federal minimum statutory requirements regulating Medicare supplemental policies. Further, SSAA-94, 42 U.S.C.A. § 1395ss(p)(1)(A), (C), and section 171(m) of the act required the NAIC to modify its Medicare Supplement Insurance Minimum Standards Model Act and/or Model Regulation (model regulation) within 6 months and required the Department within 1 year to modify its regulations to incorporate the NAIC's

revisions. The NAIC membership adopted revisions to its model regulation effective April 28, 1995. Therefore, the Department was required to modify its regulations by April 28, 1996. By this rulemaking, the Department adopts the NAIC's revisions to its model regulations in order to comply with the current minimum requirements of the act.

The fundamental purpose of these amendments is to provide for the reasonable standardization of coverage; to simplify terms and benefits of Medicare supplemental policies; to facilitate public understanding and comparison of such policies; to eliminate provisions contained in such policies which may be misleading or confusing in connection with the purchase of such policies or with the settlement of claims; and to provide for full disclosure in the sale of accident and sickness insurance coverages to persons eligible for Medicare.

Explanation of Regulatory Requirements

Several revisions of the Department's regulations are worthy of special note. Briefly, these are:

1. Section 89.772 (relating to definitions)—After December 31, 1995, new enrollments in Health Care Prepayment Plans (HCPPs) under section 1833 of the act (42 U.S.C.A. § 1395l), will no longer be exempt from the definition of a "Medicare Supplement Policy" unless these plans are employer or union based. Thereafter, nonexempt HCPPs are to be held to all Medicare supplement requirements, including standardization and loss ratios.

2. Section 89.776 (relating to benefit standards for policies or certificates issued or delivered on or after July 30, 1992)—The language in paragraph (1)(vii)(A) requiring refund of premiums for retroactively-determined periods of Medicaid eligibility has been stricken. This change ensures that refunds of premiums will not adversely affect beneficiaries' retroactive Medicaid eligibility.

3. Section 89.778 (relating to open enrollment)—Effective January 1, 1995, a 6-month open enrollment period is extended to age 65 to all those individuals who are both 65 and enrolled in Medicare Part B, regardless of previous enrollment.

4. Section 89.780 (relating to loss ratio standards and refund or credit of premium)—The amendment clarifies that insurers will not be required to meet the lifetime loss ratios set forth in § 89.780(a) of 65% for individual business and 75% for group business for policies issued prior to December 1, 1990; instead, the insurers must meet the originally-filed anticipated lifetime loss ratio. Insurers are required to meet the ratio in § 89.780(a) for experience accumulating after December 1, 1990. Insurers whose business does not meet the applicable loss ratio may be required to refund a portion of the premium paid or give a credit toward premium due.

In addition, for any policies issued prior to November 5, 1991, insurers were not previously required to make refund calculations and submit them to the Department. Under the amendment to the regulation, insurers will be required to calculate and submit refund calculations to the Department for policies issued before November 5, 1991.

5. Section 89.783 (relating to required disclosure provisions)—General Rules, subsection (a)(6) removes the "other than incidentally" qualifier to hospital or medical expense indemnity products.

In addition, SSAA-94 now permits, with proper disclosure, the sale of health insurance policies that duplicate

Medicare benefits. Thus, the notice requirement for non-Medicare supplement products, subsection (d) removes exceptions for basic, catastrophic, major medical and single premium nonrenewable policies. Now, the products must disclose the extent to which they duplicate Medicare through the use of the appropriate disclosure statement. The form disclosure statements in Appendix I disclose the extent to which a policy duplicates any of the beneficiary's Medicare benefits.

6. Section 89.784 (relating to requirements for application forms and replacement coverage)—With respect to applications, both the "Statements" and "Questions" sections in subsection (a) have been changed to provide sufficient information to companies to assist them in following the SSAA-94 revisions to the anti-duplication provisions.

The statement required on the application form advises consumers to consider whether it would be beneficial to have additional health insurance.

The revised Federal law continues the prohibition of sales of Medicare supplemental policies to Medicaid beneficiaries; however, the revised statute allows the sale of certain policies to persons who meet certain resource criteria. The revised "Questions" provide necessary information to insurers regarding an applicant's qualification for Medicaid.

With respect to replacement coverage, the amendment recognizes the continuing prohibition against insurers selling duplicate Medicare supplement policies and the required replacement notice in subsection (e) advises consumers purchasing a replacement policy to terminate present Medicare supplement coverage.

Affected Parties

These amendments apply to insurers who market Medicare supplemental insurance policies.

Fiscal Impact

The Department has determined that the amendments will have no significant adverse fiscal impact on the Commonwealth or the insurers that offer Medicare supplemental policies.

Paperwork

Insurers may experience an increase in paperwork due to the amendment of existing policy forms. The Department is not expected to experience any significant increase in paperwork.

Effective/Sunset Date

These amendments will become effective upon publication in the *Pennsylvania Bulletin*. Under SSAA-94, the Department was required to incorporate the amendments into its regulations by April 28, 1996. (42 U.S.C.A. § 1395(p)(1)(A), (C) and section 171(m) of the act set forth in the Statutory Notes.)

A sunset date is inapplicable because the requirements of the regulations are mandated by Federal law.

Contact Person

Questions or comments regarding the amendments may be addressed in writing to LeMar Myers, Supervisor, Accident and Health Bureau, 1311 Strawberry Square, Harrisburg, PA 17120, (717) 783-2107.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the amendments with proposed rulemaking omitted on March

6, 1996, to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. On the same date, the amendments were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-1—732-101). In accordance with section 5(c) of the Regulatory Review Act, the amendments were deemed approved by the House Insurance Committee on March 26, 1996, and deemed approved by the Senate Banking and Insurance Committee on March 26, 1996. IRRC met on April 3, 1996, and approved the amendments.

Findings

The Insurance Commissioner finds that:

(1) There is good cause to forego public notice of the intention to amend Chapter 89, Subchapter K because all persons subject to the administrative regulations are named therein and have been given actual notice and notice is impracticable and unnecessary under section 204(2) and (3) of the CDL.

(2) The amendments to Chapter 89 are required by the SSAA of 1994 to bring the Department's regulations into compliance with Federal minimum requirements for Medicare supplemental policies; interested parties have received notice of the changes to the minimum requirements through the revised Federal law and notice from the Insurance Commissioner and, with certain exceptions, have been required to comply with the revised law since its enactment on October 31, 1994. Public comment cannot change the minimum Federal requirements. Under the timetable established by the SSAA, the Department was required to amend its regulations by April 28, 1996; consequently, it is necessary to amend these regulations as expeditiously as possible.

Order

The Insurance Commissioner, acting under the authority in sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 hereby orders that:

(a) The regulations of the Department, 31 Pa. Code Chapter 89, are amended by amending §§ 89.771, 89.772, 89.775, 89.776, 89.778, 89.780, 89.783 and 89.784, and Appendices E and I to read as set forth in Annex A with ellipses referring to the existing text of the regulations.

(b) The Department shall submit this order and Annex A to the Office of Attorney General and Office of General Counsel for approval as to form and legality as required by law.

(c) The Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon its publication in the *Pennsylvania Bulletin*.

LINDA S. KAISER,
Insurance Commissioner

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 1885 (April 20, 1996).)

Fiscal Note: 11-133. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 31. INSURANCE

PART IV. LIFE INSURANCE

CHAPTER 89. APPROVAL OF LIFE, ACCIDENT AND HEALTH INSURANCE

Subchapter K. MEDICARE SUPPLEMENT INSURANCE MINIMUM STANDARDS

§ 89.771. Applicability and scope.

(a) Except as otherwise specifically provided in §§ 89.775, 89.779, 89.780, 89.783 and 89.788, this subchapter applies to:

(1) Medicare supplement policies delivered or issued for delivery in this Commonwealth on or after July 30, 1992.

(2) Certificates issued under group Medicare supplement policies which certificates have been delivered or issued for delivery in this Commonwealth.

(b) This subchapter does not apply to a policy or contract of one or more employers or labor organizations, or of the trustees of a fund established by one or more employers or labor organizations, or a combination thereof, for employes or former employes, or a combination thereof, or for members or former members, or a combination thereof, of the labor organizations.

§ 89.772. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Applicant—

(i) In the case of an individual Medicare supplement policy, the person who seeks to contract for insurance benefits.

(ii) In the case of a group Medicare supplement policy, the proposed certificateholder.

Certificate—A certificate delivered or issued for delivery in this Commonwealth under a group Medicare supplement policy.

Certificate form—The form on which the certificate is delivered or issued for delivery by the issuer.

Commissioner—The Insurance Commissioner of the Commonwealth.

Issuer—The term includes insurance companies, fraternal benefit societies and nonprofit corporations subject to 40 Pa.C.S. Chapters 61 and 63 (relating to hospital plan corporations; and professional health services plan corporations) and other entities delivering or issuing for delivery in this Commonwealth Medicare supplement policies or certificates.

Medicare—The program established by The Health Insurance for the Aged Act, Title XVIII of the Social Security Amendments of 1965 (42 U.S.C.A. §§ 1395—1395b-4) as then constituted or later amended.

Medicare supplement policy—A group or individual policy of accident and sickness insurance or a subscriber contract of hospital and medical service associations or health maintenance organizations, other than a policy issued under a contract under section 1876 of the Social Security Act (42 U.S.C.A. § 1395mm) or an issued policy under a demonstration project specified in 42 U.S.C.A. § 1395ss(g)(1), which is advertised, marketed or designed primarily as a supplement to reimbursements under Medicare for the hospital, medical or surgical expenses of persons eligible for Medicare.

Policy form—The form on which the policy is delivered or issued for delivery by the issuer.

§ 89.775. Minimum benefit standards for policies or certificates issued for delivery prior to July 30, 1992.

A policy or certificate may not be advertised, solicited or issued for delivery in this Commonwealth as a Medicare supplement policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are consistent with this subchapter.

(1) *General standards.* The following standards apply to Medicare supplement policies and certificates and are in addition to the other requirements of this subchapter:

* * * * *

(v) *Restrictions on termination of policies and certificates.*

* * * * *

(D) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy will not result in an exclusion for preexisting conditions that would have been covered under the group policy being replaced.

* * * * *

§ 89.776. Benefits standards for policies or certificates issued or delivered on or after July 30, 1992.

The following standards are applicable to Medicare supplement policies or certificates delivered or issued for delivery in this Commonwealth on or after July 30, 1992. A policy or certificate may not be advertised, solicited, delivered or issued for delivery in this Commonwealth as a Medicare supplement policy or certificate unless it complies with these benefit standards.

(1) *General standards.* The following standards apply to Medicare supplement policies and certificates and are in addition to other requirements of this subchapter:

* * * * *

(v) *Cancellation or nonrenewal of policy.* Each Medicare supplement policy shall be guaranteed renewable.

* * * * *

(E) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to persons covered under the old group policy on its date of termination. Coverage under the new policy may not result in an exclusion for preexisting conditions that would have been covered under the group policy being replaced.

* * * * *

(vii) *Suspension by policyholder.*

(A) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed 24 months) in which the policyholder or certificateholder has applied for and is determined to be entitled to Medical Assistance under Title XIX of the Social Security Act (42 U.S.C.A. §§ 1396—1396u), but

only if the policyholder or certificateholder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to this assistance.

* * * * *

(3) *Standards for additional benefits.* The following additional benefits shall be included in Medicare Supplement Benefit Plans B, C, D, E, F, G, H, I and J only as provided by § 89.777.

* * * * *

(x) *At-home recovery benefit.* Coverage for services to provide short term, at-home assistance with activities of daily living for those recovering from an illness, injury or surgery.

(A) For purposes of this benefit, the following definitions apply:

* * * * *

(II) *Care provider.* A qualified or licensed home health aid or homemaker, personal care aid or nurse provided through a licensed home health care agency or referred by a licensed home health care agency or referred by a licensed referral agency or licensed nurses registry.

* * * * *

§ 89.778. Open enrollment.

(a) An issuer may not deny or condition the issuance or effectiveness of a Medicare supplement policy or certificate available for sale in this Commonwealth, nor discriminate in the pricing of a policy or certificate because of the health status, claims experience, receipt of health care or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the 6-month period beginning with the first day of the first month in which an individual is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an insurer shall be made available to all applicants who qualify under this subsection without regard to age.

(b) Except as provided in § 89.789, subsection (a) will not be construed as preventing the exclusion of benefits under a policy, during the first 6 months, based on a preexisting condition for which the policyholder or certificateholder received treatment or was otherwise diagnosed during the 6 months before the coverage became effective.

§ 89.780. Loss ratio standards and refund or credit of premium.

(a) *Loss ratio standards.*

* * * * *

(3) For policies issued prior to July 30, 1992, expected claims in relation to premiums shall meet the following:

(i) The originally filed anticipated loss ratio when combined with the actual experience since inception.

(ii) The appropriate loss ratio requirement from paragraph (1) when combined with actual experience beginning with May 11, 1996, to date.

(iii) The appropriate loss ratio requirement from paragraph (1) over the entire future period for which the rates are computed to provide coverage.

(b) *Refund or credit calculation.*

(1) An issuer shall collect and file with the Commissioner on May 31 of each year the data contained in the

applicable reporting form contained in Appendix E for each type in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a Statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) For the purposes of this section, for policies or certificates issued prior to July 30, 1992, the issuer shall make the refund or credit calculation separately for all individual policies combined and all other group policies combined for experience after May 11, 1996. The first report is due by May 31, 1998.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. This refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but it may not be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

§ 89.783. Required disclosure provisions.

(a) *General rules.*

* * * * *

(6) Issuers of accident and sickness policies or certificates which provide hospital or medical expense coverage on an expense incurred or indemnity basis to a person eligible for Medicare, shall provide to these applicants a *Guide to Health Insurance for People with Medicare* in the form developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration and in a type size no smaller than 12 point type. Delivery of the *Guide* shall be made whether or not these policies or certificates are advertised, solicited or issued as Medicare supplement policies or certificates as defined in this subchapter. Except in the case of direct response issuers, delivery of the *Guide* shall be made to the applicant at the time application and acknowledgment of receipt of the *Guide* shall be obtained by the issuers. Direct response issuers shall deliver the *Guide* to the applicant upon request but not later than at the time the policy is delivered.

(7) For the purposes of this section, "form" means the language, format, type size, type proportional spacing, bold character and line spacing.

(8) Medicare supplement policies or certificates shall be issued to insureds by direct mailing from the insurer and not issued through an agent or broker to these insureds. Except in the case of a direct response insurer, a copy of the completed application shall be a part of or affixed to the policy or certificate issued to the insured.

* * * * *

(d) *Notice regarding policies or certificates which are not Medicare supplement policies.*

(1) An accident and sickness insurance policy or certificate, other than a Medicare supplement policy; a policy

issued under a contract under section 1876 of the Social Security Act (42 U.S.C.A. § 1395mm), disability income policy; or other policy identified in § 89.771(b) (relating to applicability and scope) issued for delivery in this Commonwealth to persons eligible for Medicare, shall notify insured under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy, or certificate delivered to insureds.

The notice shall be at least 12 point type and shall contain the following language:

"THIS (POLICY OR CERTIFICATE) IS NOT A MEDICARE SUPPLEMENT (POLICY OR CONTRACT). If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company."

(2) Applications provided to persons eligible for Medicare for the health insurance policies or certificates described in subsection (d)(1) shall disclose, using the applicable statement in Appendix I (relating to Instructions for Use of the Disclosure Statements for Health Insurance Policies Sold to Medicare Beneficiaries that Duplicate Medicare), the extent to which the policy duplicates Medicare. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

§ 89.784. Requirements for application forms and replacement coverage.

(a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of application, the applicant has another Medicare supplement or other health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing these questions and statements may be used.

(Statements)

(1) You do not need more than one Medicare supplement policy.

(2) If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

(4) The benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your policy will be reinstated if requested within 90 days of losing Medicaid eligibility.

(5) Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

(Questions)

“To the best of your knowledge:

- (1) Do you have another Medicare supplement policy or certificate in force?
 - (a) If so, with which company?
 - (b) If so, do you intend to replace your current Medicare supplement policy with this policy (certificate)?
- (2) Do you have any other health insurance coverage that provides benefits similar to this Medicare supplement policy?
 - (a) If so, with which company?
 - (b) What kind of policy?
- (3) Are you covered for Medical Assistance through the state Medicaid program?
 - (a) As a Specified Low Income Medicare Beneficiary (SLMB)?
 - (b) As a Qualified Medicare Beneficiary (QMB)?
 - (c) For other Medicaid medical benefits?
 - (d) Agents shall list other health insurance policies they have sold to the applicant.

(e) The notice required by subsection (d) for an issuer shall be provided in substantially the following form in no less than twelve (12) point type:

* * * * *

You should review this coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

* * * * *

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement coverage because you intend to terminate your existing Medicare supplement coverage. The replacement policy is being purchased for the following reason(s) (check one):

APPENDIX I

Instructions for Use of the Disclosure Statements for Health Insurance Policies Sold to Medicare Beneficiaries that Duplicate Medicare

1. Federal law, P. L. 103-432, prohibits the sale of health insurance policies (the term policy or policies includes certificates) that duplicate Medicare benefits unless it will pay benefits without regard to other health coverage and it includes the prescribed disclosure statement on or together with the application.
2. All types of health insurance policies that duplicate Medicare shall include one of the attached disclosure statements, according to the particular policy type involved, on the application or together with the application. The disclosure statement may not vary from the attachment statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).
3. State and Federal law prohibits insurers from selling a Medicare supplement policy to a person that already has a Medicare supplement policy except as a replacement.
4. Property/Casualty and Life insurance policies are not considered health insurance.
5. Disability income policies are not considered to provide benefits that duplicate Medicare.
6. The Federal law does not pre-empt state laws that are more stringent than the Federal requirements.
7. The Federal law does not pre-empt existing state form filing requirements.

[For policies that provide benefits for expenses incurred for an accidental injury only]

**IMPORTANT NOTICE TO PERSONS ON MEDICARE
THIS INSURANCE DUPLICATES SOME MEDICARE BENEFITS**

This is not Medicare Supplement Insurance

This insurance provides limited benefits, if you meet the policy conditions, for hospital or medical expenses that result from accidental injury. It does not pay your Medicare deductibles or coinsurance and is not a substitute for Medicare Supplement insurance.

This insurance duplicates Medicare benefits when it pays:

- hospital or medical expenses up to the maximum stated in the policy

Medicare generally pays for most or all of these expenses.

Medicare pays extensive benefits for medically necessary services regardless of the reason you need them. These include:

- hospitalization
- physician services
- other approved items and services

Before You Buy This Insurance

[Pa.B. Doc. No. 96-760. Filed for public inspection May 10, 1996, 9:00 a.m.]

Title 40—LIQUOR

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 5]

Events, Tournaments and Contests

The Liquor Control Board (Board) under the authority of section 207(i) of the Liquor Code (47 P. S. § 2-207(i)), adopts an amendment to § 5.32 (relating to restrictions/exceptions) as set forth in Annex A.

The amendment will remove current restrictions related to events, tournaments and contests on licensed premises to the extent that hotel, restaurant, club, privately-owned public golf courses, privately-owned private golf courses, municipal golf courses, brew pubs and malt beverage eating place licensees will be permitted to sponsor the activities and award prizes to participants. Governing bodies of professional golf, tennis, skiing, bowling and pocket billiards will also be permitted to hold events, tournaments and contests on licensed premises.

Comments

Notice of proposed rulemaking was published at 26 Pa.B. 31 (January 6, 1996), with a 30-day public written comment period. During the public comment period a letter of support for the amendment was received from Attorney Joseph D. Halston, Jr. on behalf of his client, the Miller Brewing Company.

The Independent Regulatory Review Commission (IRRC) at the meeting of March 6, 1996, recommended amending § 5.32(f)(7) to include the specific monetary amount for prize limitations in order to improve clarity. The proposed amendment provided that the total value of all prizes for a given event, tournament or contest may not exceed the limits as established by section 17 of the Local Option Small Games of Chance Act (10 P. S. § 311.327). The Board agrees with the recommendation of IRRC and further amends § 5.32(f)(7) to restrict the total value of all prizes for any event, tournament or contest to \$500. The total value of all prizes awarded in any 7-day period may not exceed \$5,000.

Fiscal Impact

This amendment will impose no additional costs on the Board nor will it have any adverse impact on State or local government costs. The legalization of events, tournaments and contests within the constraints of this amendment will increase business opportunities for licensees.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of the notice of proposed rulemaking on December 21, 1995, to IRRC and the Chairperson of the House Committee on Liquor Control and the Senate Committee on Law and Justice for review and comment. The final-form rulemaking was transmitted to the Chairpersons of the Committees and IRRC on March 20, 1996.

This final-form regulation was deemed approved by the Senate Committee on Law and Justice on April 9, 1996, and was deemed approved by the House Committee on Liquor Control on April 9, 1996, and was approved by IRRC on April 18, 1996, in accordance with section 5(c) of the Regulatory Review Act.

Contact Person

Anyone requiring an explanation of the amendment or information related thereto should contact Jerry Danyluk,

Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001.

Findings

The Board finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Board, acting under the enabling statute, orders that:

(a) The regulations of the Board, 40 Pa. Code Chapter 5, are amended by amending § 5.32 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of the Attorney General for approval as to form and legality as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

Fiscal Note: Fiscal Note 54-47 remains valid for the final adoption of the subject regulation.

Annex A

TITLE 40. LIQUOR

PART I. LIQUOR CONTROL BOARD CHAPTER 5. DUTIES AND RIGHTS OF LICENSEES

Subchapter C. AMUSEMENT AND ENTERTAINMENT

§ 5.32. Restrictions/exceptions.

(a) A licensee may not use or permit to be used inside or outside of the licensed premises a loudspeaker or similar device whereby the sound of music or other entertainment, or the advertisement thereof, can be heard on the outside of the licensed premises.

(b) A licensee may not maintain on the licensed premises a platform or stage level with or elevated above the floor and used by musicians or entertainers, if the platform or stage or the entertainment produced thereon can be seen from outside the licensed premises.

(c) A licensee may not permit an employe, servant, agent, event/tournament/contest participant or a person engaged directly or indirectly as an entertainer in the licensed establishment or a room or place connected therewith, to be in contact or associate with the patrons in the establishment, room or place for a lewd, immoral, improper or unlawful purpose. A copy of this restriction shall be constantly and conspicuously displayed on the wall of the dressing room used by the entertainers, as

well as in a conspicuous location visible to employes, servants, agents and event/tournament/contest participants.

(d) A licensee may not directly or indirectly employ a minor person under 18 years of age as an entertainer in the licensed establishment, or in a room or place connected therewith, nor may a licensee permit in the establishment, room or place, a minor person under 18 years of age to act as an entertainer.

(e) A hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub or malt beverage eating place licensee may not hold or permit to be held, on the licensed premises an event, tournament or contest; nor advertise, offer, award or permit the award on the licensed premises of trophies, prizes or premiums, for any purpose except as follows:

(1) A hotel, restaurant, club or malt beverage eating place licensee may permit to be held within the licensed premises an event sanctioned by the State Athletic Commission under 5 Pa.C.S. Part I, Subparts A and B (relating to general provisions; and boxing) or under 5 Pa.C.S. Part I, Subpart C (relating to the Wrestling Act). Only malt or brewed beverages, as generally permitted by the class of license involved, may be sold, served or delivered on that portion of the licensed premises where the event is held, and not sooner than 1 hour before, and not later than 1 hour after the event. Service of malt or brewed beverages at these events will be conducted only with the prior written approval of the State Athletic Commission filed with the Board. Drinks shall be dispensed in that portion of the licensed premises where the event is conducted only in paper or plastic cups.

(2) A hotel, restaurant, club or malt beverage eating place licensee may hold or permit to be held within the licensed premises or in a bowling alley immediately adjacent thereto as provided in sections 406(a)(1) and 442(b) of the Liquor Code (47 P. S. §§ 4-406(a)(1) and 4-442(b)), a bowling tournament or bowling contest. Liquor and malt or brewed beverages, as generally permitted by the class of license involved, may be served, sold or delivered at the bowling tournament or bowling contest by the licensee.

(3) A hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub or malt beverage eating place licensee may permit the conduct of events on the licensed premises by groups constituting a league. Liquor and malt or brewed beverages, as generally permitted by the class of license involved, may be sold, served or delivered at the events on the licensed premises.

(4) Hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub or malt beverage eating place licensees may permit the conduct of tournaments and contests on the licensed premises for the benefit of, and officially sponsored by, bona fide charitable organizations.

(i) A charitable organization for the purposes of this section is defined as one qualified, approved by and registered with the Department of State and operated under 49 Pa. Code Part I, Subpart B (relating to charitable organizations).

(ii) Charitable organization functions shall be operated in accordance with the Solicitation of Funds For Charitable Purposes Act (10 P. S. §§ 162.1—162.24) and, if applicable, the Local Option Small Games of Chance Act (10 P. S. §§ 311—327), and the Bingo Law (10 P. S. §§ 301—308.1).

(5) Hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub and malt beverage eating place licensees may conduct self-sponsored tournaments, events or contests on their own licensed premises so long as the activities are in conformance with the applicable provisions of this subchapter.

(f) For an activity conducted under this subchapter, the following apply:

(1) There may not be lewd, immoral or improper conduct by the licensee, its servants, agents, employes, patrons or event, contest or tournament participants.

(2) There may not be unlawful gambling directly or indirectly associated with an activity on the licensed premises. A licensee will be held strictly liable for unlawful gambling on the licensed premises.

(3) There may not be an event, contest or tournament which involves the consumption of alcoholic beverages by an event, tournament or contest participant.

(4) The price of a ticket or evidence of admission to an event, tournament or contest may not include a charge or assessment for alcoholic beverages or entitle the holder thereof to receive an alcoholic beverage anywhere on the licensed premises except for alcoholic beverages included in a meal package offering as provided for in Chapter 13 (relating to promotion).

(5) A licensee or sponsoring charity may advertise an event, tournament or contest.

(6) Hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub and malt beverage eating place licensees, as well as governing bodies of professional golf, skiing, tennis, bowling, pocket billiards and nonlicensee sponsors as provided in subsection (e) may award prizes to contestants or participants of events, tournaments or contests.

(7) The total value of all prizes for any given event, tournament or contest may not exceed \$500. The total value of all prizes awarded in any 7-day period may not exceed \$5,000.

(8) Golf, skiing, tennis, pocket billiards or bowling events, tournaments, contests and events sanctioned by the State Athletic Commission are exempted from the prize value restrictions in this section.

(9) Licensees shall maintain on the licensed premises for 2 years, from the date of the event, an itemized list of all prizes for each event, tournament, contest indicating each prize, its value and the name and address of the recipient.

(g) The restrictions in this section apply not only to the licensee, but to partners, officers, directors, servants, agents and employes of a licensee.

PROPOSED RULEMAKING

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 65]

[L-950110]

Water Service

The Pennsylvania Public Utility Commission (Commission) on December 14, 1995, adopted an order to promulgate a proposed regulation to amend obsolete and excessive water service regulations codified at 52 Pa. Code §§ 65.8 and 65.16 (relating to meter accuracy; and the Uniform Systems of Accounts). These sections will be modified to promote ease of application, as well as fairness. The contact persons for this rulemaking are Judith Koch Carlson, Office of Special Assistants (717) 783-5392 and Stephen Gorka, Assistant Counsel, Law Bureau (717) 787-3490.

Executive Summary

On March 28, 1996, the Commission adopted a proposed rulemaking to amend relevant sections of Title 52 pertaining to water utilities. The rulemaking will eliminate required water meter testing under certain circumstances and require the substitution of the current Systems of Accounts for the present, obsolete accounting method.

Public Meeting held
December 14, 1995

Commissioners Present: John M. Quain, Chairperson, Statement follows; Lisa Crutchfield, Vice Chairperson; John Hanger; David W. Rolka; and Robert K. Bloom

Proposed Rulemaking Order

By the Commission:

By Order entered May 23, 1995, we issued an Advance Notice of Proposed Rulemaking To Review And Rescind All Obsolete And Excessive Rules And Regulations at Docket No. L-950103. The advance notice was published in the *Pennsylvania Bulletin* on June 3, 1995, 25 Pa.B. 2188, and 60-day comment period set.

We received comments from the Office of Consumer Advocate and our own Bureaus of Audits and Law which reflect the need to update two sections contained in Chapter 65. We are setting forth proposed changes for both sections, and we believe these changes will clarify, simplify and remove excessive and burdensome requirements from our water service regulations.

Our review of the comments received was careful and meticulous. We are well aware of our duty to ensure the safety of utility service, and our proposed changes will not result in any lapse in our mandate.

What follows is a summary of the proposed changes.

§ 65.8. Meters. Section (d)(2) is eliminated as excessive and obsolete, removing the necessity to test meters which have been removed from service when replaced by new meters utilizing remote reading devices.

§ 65.16. System of accounts. Proposed language changes the Uniform System of Accounts for Water Utilities to the NARUC system for greater consistency.

In proposing these changes, we believe that our efficiency as a regulatory agency will be enhanced. We are eliminating a section which no longer serves a useful purpose and we are modifying another to promote the ease of application as well as fairness. We encourage those affected by these changes to file comments.

Accordingly, pursuant to sections 501, 504, 505, 506, 1301 and 1501 of the Public Utility Code, 66 Pa.C.S. §§ 501, 504, 505, 506, 1301 and 1501, and the Commonwealth Documents Law, 45 P.S. § 1201 *et seq.*, and the regulations promulgated thereunder, we shall institute a rulemaking proceeding to accomplish the objectives described in the body of this order. *Therefore,*

It Is Ordered that:

1. A rulemaking proceeding is hereby instituted at this docket.

2. The Commission's regulations are hereby proposed to be amended by deletion of § 65.8(d)(2) and amendment to § 65.16.

3. The Secretary shall submit this order and Annex A to the Office of Attorney General for approval as to legality.

4. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of fiscal impact.

5. The Secretary shall submit this order and Annex A for informal review by the designated standing committees of both houses of the General Assembly, and for informal review and approval by the Independent Regulatory Review Commission.

6. The Secretary shall deposit this order and Annex A with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*. Interested persons may submit written comments, an original and 10 copies, to John G. Alford, Secretary, Pennsylvania Public Utility Commission, and shall have 30 days from the date this order is published to submit comments. The contact persons are Judith Koch Carlson, Office of Special Assistants (717) 783-5392, and Donna S. Zehner, Law Bureau (717) 783-2812.

7. A copy of this order shall be served upon all persons who submitted comments in this rulemaking proceeding.

JOHN G. ALFORD,
Secretary

Fiscal Note: 57-169. No fiscal impact; (8) recommends adoption.

Statement of Chairperson John M. Quain

Before us today are two significant rulemakings that when combined, will delete or rescind 62 obsolete and redundant sections of our regulations and revise another 43 sections. Furthermore, when this Commission again meets on January 11, 1996, we will consider another 58 sections pertaining to Chapters 63, 64 and 56 for possible rescission or revision.

I wish to express my appreciation to all of the staff of the various bureaus, and those public commentators who contributed to this massive undertaking.

TITLE 52. PUBLIC UTILITIES
PART I. PUBLIC UTILITY COMMISSION
Subpart C. FIXED UTILITY SERVICES
CHAPTER 65. WATER SERVICE

§ 65.8. Meters.

* * * * *

(d) *Installation and removal of meters.*

* * * * *

(2) *Removal of meters.* A water meter which is removed from service shall be tested within 30 days for accuracy to complete that meter's test history. When a meter is removed from service, it shall be properly sealed to secure registers and measuring devices until it can be properly tested for accuracy. **Meters permanently removed from service and replaced by new meters utilizing remote reading devices are exempt from the requirements of this paragraph.**

§ 65.16. System of Accounts.

(a) [A public utility having annual operating revenues for the preceding 3 years which average more than \$100,000 shall keep its accounts in conformity with the *Uniform System of Accounts for Water Utilities* prescribed by the Commission effective January 1, 1948, as amended, effective January 1, 1959, as amended, effective November 1, 1984. Each such public utility shall reclassify its water plan accounts, establish and maintain continuing

property records for water plant, and account for retirements of water plant in conformity with the provisions contained in the *Uniform System of Accounts*.

(b) A public utility having annual operating revenues for the preceding three years which average \$100,000 or less shall keep its accounts in conformity with the *Uniform Classification of Accounts for Water Companies* prescribed by the Commission effective January 1, 1918.]

A public utility having annual operating revenue of \$750,000 or more (average of the last 3 consecutive years) shall keep its accounts in conformity with the *Uniform System of Accounts for Class A Water Utilities 1984* (or later) prescribed by the National Association of Regulatory Utility Commissioners (N.A.R.U.C.).

(b) A public utility having annual operating revenues of \$150,000 or more but less than \$750,000 (average of the last 3 consecutive years) shall keep its accounts in conformity with the *Uniform System of Accounts for Class B Water Utilities 1984* (or later) prescribed by N.A.R.U.C.

(c) A public utility having annual operating revenues of less than \$150,000 (average of the last 3 consecutive years) shall keep its accounts in conformity with the *Uniform System of Accounts for Class C Water Companies 1984* (or later) prescribed by N.A.R.U.C.

STATEMENTS OF POLICY

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 140]

Federal Poverty Income Guidelines for 1996

The Department of Public Welfare announces the implementation in this Commonwealth of the 1996 Federal Poverty Income Guidelines (FPIGs) which were issued by the Department of Health and Human Services and published at 61 FR 8286 on March 4, 1996.

The FPIGs are the basis for the income eligibility limits for several programs whose regulations are published in 55 Pa. Code and administered by the Department of Public Welfare. These programs include the Healthy Beginnings Program for Pregnant Women and Qualified Children, Chapter 140, Subchapter A; the Healthy Horizons Program for the Elderly and Disabled, Chapter 140, Subchapter B; Extended Medical Coverage under the Categorically Needy Program for AFDC/AFDC-U Related Categories, Chapter 140, Subchapter C; and Transitional Child Care Programs, Chapter 168.

The percentages for the Healthy Beginnings, Healthy Horizons and Transitional Child Care Programs are set forth as follows:

Persons	100% of FPIG		120% of FPIG		133% of FPIG		185% of FPIG

These percentages apply as follows:

Healthy Beginnings—

- a. 185% for pregnant women and infants up to 1 year of age.
- b. 133% for children age 1 through 5 years of age; and
- c. 100% for children age 6 and older who were born after September 30, 1983.

Healthy Horizons—

- a. 100% for those persons eligible for the categorically needy and Medicare cost-sharing programs.
- b. 120% for those persons eligible for the Specified Low-Income Medicare Beneficiaries and Medically Needy Only Programs.

(There are different resource limits for each of these programs.)

Transitional Child Care—185%

Additional information on the specific programs is available at the county assistance offices.

Effective Date

This statement of policy shall take effect upon publication in the *Pennsylvania Bulletin* and apply retroactively to March 4, 1996.

Pennsylvania Apple Marketing Program; Increased Rate of Assessment

Under the applicable provisions of the Pennsylvania Agricultural Commodities Marketing Act of 1968, a referendum was held from March 25 to April 8, 1996, to determine if the producers affected by the Pennsylvania Apple Marketing Program desired to amend the Program. The amendment increases the rate of assessment as follows:

The rate of assessment beginning with the 1996—97 marketing season shall be 12¢ per bushel of apples sold for fresh market use and 6¢ per 100 pounds of apples sold or accepted for processing. Beginning with the year 2000—01 marketing season and thereafter, the rate of assessment shall be 15¢ per bushel of apples sold for fresh market use and 8¢ per 100 pounds of apples sold or accepted for processing.

In order to pass, a majority by number and by volume of eligible producers voting had to vote in favor of the amendment. An impartial Teller Committee met on April 12, 1996, to count the ballots. The following results were submitted to me by the Teller Committee: a total of 140 eligible votes were cast, representing a total volume of 6,019,796 bushels, with 84 or 60% voting in favor and 56 or 40% voting against the amendment. The producers voting in favor of the amendment represented 4,194,203 bushels or 69.7% of the total volume of the producers voting, and the producers voting against the amendment represented 1,825,593 bushels or 30.3% of the total volume of producers voting. There were seven spoiled or ineligible ballots.

Because a majority of the votes by number and by volume were cast in favor of the amendment of the Program, the Pennsylvania Apple Marketing Program shall be amended as described above.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

PA 0029114. Amendment No. 1. Sewage. **Clintonville Water and Sewer Authority**, Box 292, Porter Road, Clintonville, PA 16372.

This application is for an amendment of a Part I NPDES permit to discharge treated sewage to an unnamed tributary to Scrubgrass Creek in Clintonville Borough, **Venango County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Emlenton Water Company on the Allegheny River located at Emlenton, Venango County, approximately 21.0 miles below point of discharge.

The proposed effluent limits for Outfall No. 001 (after the chlorine contact tank) based on a design flow of 0.065 mgd are:

PA 0026361. Thomas A. McDermott, Executive Director, Lower Lackawanna Valley Sanitary Authority, P. O. Box 67, Coxton Road, Duryea Borough, Luzerne County.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into the Lackawanna River in Duryea Borough, **Luzerne County**.

The receiving stream is classified for the following uses: warm water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is Danville Borough Water Authority located on Susquehanna River.

The proposed effluent limits for Outfall 001 based on a design flow of 6.0 mgd are:

Point Sources 002 through 025 serve as combined sewer reliefs necessitated by stormwater entering the sewer system and exceeding the hydraulic capacity of the sewers and/or the treatment plant. In accordance with the Department's EPA

approved CSO strategy, a special permit requirement is included in Part C of this permit. The permittee shall develop and submit a plan of action and implementation schedule as provided for in the permit.

Other conditions: Sludge disposal, combined sewer overflows, total residual chlorine requirements and pretreatment condition.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (DEP) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management, and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on DEP's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Notices of Intent for Coverage Under General Permits Received

The following parties have submitted Notices of Intent for Coverage under General NPDES Permits to discharge treated wastewater into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review, or application of lawful standards and regulations, the Department of Environmental Protection proposes to issue coverage under the General Permit subject to effluent limitations, monitoring and reporting requirements and other conditions set forth in the General Permits.

The EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24.

The Notice of Intent, related documents, proposed effluent limitations, special conditions, comments received and other information are on file and may be inspected and copied at the Regional Office indicated as receiving the Notice of Intent.

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection.

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department of

Environmental Protection at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number, identification of the plan or application to which the protest is addressed and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commentator will be notified in writing of the time and place if a hearing or conference concerning the plan or action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Acknowledgment of Notices of Intent to Remediate

Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act, act of May 19, 1995 (P. L. 4, No. 1995-2).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (the act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Stetler Auto, Manheim Township, **Lancaster County**. Stetler Auto, c/o Michele Garman, CoreStates Bank, P. O. Box 3959, Lancaster, PA 17604 has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with BTEX and PHCs. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was

reported to have been published in the *Lancaster New Era* and the *Lancaster Intelligencer Journal* on April 20, 1996.

Notice of Extension of Comment Period For Proposed Remedial Response

Quakertown Foundry Site
Quakertown Borough, Bucks County

In response to a request from an interested party, the Department is extending until June 30, 1996, the Administrative Record public comment period for the Department's proposed response action at the Quakertown Foundry PAPL site. Any person may submit written comments to the Department on the proposed response action for inclusion in the Administrative Record by that date. Comments should be addressed to M. Thomas Mellott, Project Officer, ECP, Department of Environmental Protection, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

Individuals with questions concerning this notice should contact M. Thomas Mellott, (610) 832-5934.

Opening of the Administrative Record and Prompt Interim Response Under the Hazardous Sites Cleanup Act

Leighton Industries Site
Borough of Phoenixville, Chester County

The Department of Environmental Protection (DEP), under the authority of the Hazardous Sites Cleanup Act, (HSCA) (35 P. S. §§ 6020.101—6020.1305), has initiated a prompt interim response at the Leighton Industries Site. The site is located at 40 South Second Avenue, Phoenixville Borough, Chester County.

The site consists of a 7.5 acre property which was abandoned in 1993. The site has been under investigation by the Department since that time. Based upon the findings of the investigation the Department determined that a large number of drums containing hazardous materials had been abandoned on the site. The Department has also determined that soil on the site is contaminated by lead and a number of pits and piles were used by site occupants for waste disposal activities.

As part of the investigation activities at the site drums containing waste materials were secured in a larger container where necessary, and were moved to a lined staging area and sampled for field characterization. The field analysis revealed that drums contained acids, bases, reactive and flammable materials. A number of smaller containers were also lab packaged during the investigation. The drum handling portion of investigation activities ended in November 1995.

On March 19, 1996, a fire broke out in the main building at the site. The fire was deemed suspicious in nature. The fire destroyed a section of the building west of the drum storage area. Vandalism had been a continuing problem at the site. A number of smaller oil pails were tampered with. The Department contracted a security firm to provide 24-hour site surveillance.

The Prompt Interim Response Action consists of further stabilization and sampling followed by offsite transportation and disposal of hazardous materials in drums and labpack containers at the site as well as proper reuse, recycling or disposal of empty drums and containers offsite. The DEP chose to conduct a prompt interim response at the site because of the recent incidents involving vandalism and possible arson and the nature of

materials stored there. Conditions at the site created a reasonable basis to believe that prompt action was required to protect public health and safety under 25 Pa. Code § 3.21(b).

The DEP determined that a prompt interim response under the authority of sections 501(a) and 505(b) of HSCA was the most environmentally sound and protective alternative for the site. The Department considered taking no action at the site, and determined that taking no action would not have addressed or resolved the threat to public health and the environment associated with the site.

The administrative record (AR), which contains the information that forms the basis for and documents the selection of this response action, is available for public review and comment Monday through Friday from 8 a.m. to 5 p.m. at the DEP offices located at 555 North Lane, Conshohocken, PA 19428. A second copy of this AR will also be made available for public inspection at the Chester County Free Library of Phoenixville located at the corner of Second Avenue and Main Street from 9 a.m. to 9 p.m. Monday through Thursday and from 9 a.m. to 5 p.m. Friday and Saturday.

Written comments concerning the Department's response and the information contained in the AR will be accepted in person, if delivered, or by mail, if postmarked on or before August 12, 1996. Written comments should be directed to the attention of Dustin Armstrong, DEP Project Officer, Suite 6010, Lee Park, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-6206.

In addition, the public will have the opportunity to present oral comments at a public hearing. The public hearing has been scheduled for July 10, 1996, at 7:30 p.m. at the Phoenixville Borough Hall, 140 Church Street, Phoenixville, PA.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Rob Goldberg, the DEP Community Relations Coordinator at (610) 832-6010 or the Pennsylvania AT&T Relay Service at 1-(800) 654-5984 to discuss how the Department may accommodate their needs.

The Department is providing this notice under sections 505(b) and 506(b) of the HSCA. The date of publication of this notice in the *Pennsylvania Bulletin* initiates the minimum 90-day public comment period on the administrative record, as provided under the Act.

Notice of Proposed Interim Response

Beaulieu, Inc. Site Pottstown, Montgomery County

The Department of Environmental Protection (DEP), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (HSCA), has proposed an interim response on private property, known as the Beaulieu, Inc. Site.

Beaulieu owns two properties in the Borough of Pottstown, PA known as Pottstown Nipple Works, Inc. (PN) and Lincoln Underwear Mills, Inc. (LU). Beaulieu, Inc. declared bankruptcy in 1991 and the properties were abandoned.

The PN facility is a 1 acre parcel that contains an approximate 40,000 square foot building with an adjacent fenced yard approximately 100 square feet in area. Piping was manufactured at this facility from approximately 1946 until Beaulieu declared bankruptcy. The process involved the machine cutting of steel piping using cutting

oils to reduce wear on machinery. Solvents were used to clean equipment and finished parts. There is also a good possibility that cooling oils were used inside equipment and these oils may also be present onsite.

The LU facility is located on an approximate 1 acre parcel and the building is approximately 35,000 square feet in area. The property appears to have been used only as a warehouse/distribution center. The building is empty except for forty 55-gallon drums believed to contain acetate emulsions.

The threat of release concerns approximately 400 drums at PN and 40 drums at LU. Drums have been found to contain ignitable (D001 listed) and corrosive (D002 listed) hazardous materials as well as numerous hazardous substances, as defined in the Federal Superfund Act, including acetone and toluene. The Department has determined that conditions at both properties present a threat to both the public health and the environment and has decided to conduct a response action at the sites.

Under section 501(a) of the HSCA, DEP is authorized to investigate a release or threat of release of a contaminant or hazardous substance. If the Department deems it appropriate, the Hazardous Sites Cleanup Program (HSCP), may undertake further investigation or response actions to protect the public health, safety, welfare or the environment.

The conditions at both sites pose a very real threat to both public health and the environment if a release occurs. Both buildings are in poor condition and further deterioration of the properties could result in human and environmental exposures. The drums at both properties are rusting and materials have already released onto the floors. These conditions are unsafe and the possibility of future release into the environment is high unless the situation is remediated. Because the sites are located in an industrial/residential area, receptors would include children, families and workers. Pathways of concern include inhalation, ingestion and direct contact. Based on the above findings, the Department has determined that further investigation and response actions are appropriate under section 501(a) of HSCA.

The Department considered the following two alternative actions for the Beaulieu Site.

Alternative 1.—No Action

This alternative is proposed as a baseline by which to measure other alternatives. In this case the Department would take no action at the site. The wastes would remain as they are which would allow for further deterioration of drums and possible human exposure and/or environmental impact scenarios.

A "no action" response is not protective of the public health or the environment because hazardous substances would be left onsite.

Alternative 2.—Offsite Disposal of All Hazardous Substances

This alternative would involve sampling and consolidating similar materials so that waste groups can be arranged for offsite disposal at appropriate permitted facilities. Drums will be bulked together and drums made empty will be disposed of appropriately. At the PN facility the floor in the manufacturing room will be scraped of the sludge-like material which now covers the area. This material will be sampled for waste characteristics and will be delivered offsite for disposal at a permitted

disposal facility. After this interim response action is complete the properties will be available for resale and reuse.

All of the hazardous substances will be removed from the site, thereby eliminating any threat to human health or the environment.

In evaluating these alternatives the Department considered the criteria of permanent protection of human health and the environment, feasibility, effectiveness, implementability, permanence, cost effectiveness and the alternatives' ability to meet applicable, relevant and appropriate State and Federal requirements (ARARs).

Alternative 1 fails to meet the criteria of human health and environmental protection. This alternative was not considered. Alternative 2 would require the Department to remove all hazardous wastes and substances from the Beaulieu Site so the properties would be remediated of any possible human or environmental threats. Alternative 2 is feasible, implementable and cost effective. Offsite disposal is one of the most common remediation technologies.

After examining the alternatives outlined above the Department proposes Alternative 2—Offsite disposal of hazardous substances. This alternative will require a State contractor to containerize, consolidate and deliver offsite all hazardous substances associated with the Beaulieu Site.

Alternative 2 will be protective of both the public health and the environment. The alternative will be executed in adherence to all ARARs. This is a cost effective alternative that is feasible, implementable, permanent and effective to the maximum extent practicable. After this interim response action the properties will be available for reuse.

This notice is being provided under sections 505(b) and 506(b) of HSCA. The administrative record which contains the information used to support DEP's decision to perform an interim response action at the Beaulieu Site is available for public inspection from 8 a.m. to 4 p.m. at the Southeast DEP office at Suite 6010 Lee Park, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-6000. Individuals interested in examining the Administrative Record should contact Chet Zazo at (610) 832-6193 to arrange for an appointment.

An additional copy of the Administrative Record is available for review at the Pottstown Public Library which is located at High and Washington Streets, Pottstown. Library business hours are Monday, Tuesday and Wednesday from 9 a.m. to 9 p.m.; Thursday and Friday from 9 a.m. to 6 p.m.; and Saturday from 10 a.m. to 4 p.m.

DEP has scheduled a public hearing to be held at 7:30 p.m. on June 18, 1996, at the Tri-County Chamber of Commerce located at 238 High Street, Pottstown, PA. Persons who want to present formal oral comments regarding this interim response may do so by registering with the Department before the meeting. Individuals may register by calling the Department's Community Relations Coordinator, Rob Goldberg, at (610) 832-6010.

Persons with a disability who wish to attend the June 18, 1996, meeting and require auxiliary aid, service or other accommodations to participate in the proceedings should contact Rob Goldberg at the telephone number

listed above to discuss how the Department of Environmental Protection may accommodate their needs.

The public may also submit written comments regarding the Department's interim action during the period of public comment. Under section 506(c) of HSCA, the Department has established a period for public comment which shall run from the date of this notice through August 10, 1996. Written comments should be addressed to Chet Zazo, Project Officer, at the Department's address listed above.

Individuals with questions concerning this notice should contact Chet Zazo at (610) 832-6193.

Recycling Grant Awards under the Municipal Waste Planning, Recycling and Waste Reduction Act

The Department of Environmental Protection hereby announces the following grants to municipalities for recycling programs under the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (35 P. S. §§ 4000.101—4000.1904)

Grant funds can be used to develop and implement recycling programs. Municipalities and counties are eligible for up to 90% funding of approved recycling program costs. Municipalities considered financially distressed by the Department of Community Affairs under the Municipalities Financial Recovery Act (53 P. S. §§ 11701.101—11701.501) are eligible to receive funding for an additional 10 of approved costs. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Carl Hursh, Chief of Recycling and Markets, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472

Receipt and Approval of an Application to Conduct a Household Hazardous Waste Collection and Management Program

Palmer Township, Northampton County

Under section 1512(h) of the Municipal Waste Planning, Recycling and Waste Minimization Act (Act 101) (35 P. S. §§ 4000.101—4000.1904), the Department of Environmental Protection announces its receipt and approval of an application for the registration and conduct of a program designed for the collection and management of household type hazardous wastes. The program will be sponsored by Palmer Township and will entail a collection event at the Township's Maintenance Building on May 4, 1996.

Act 101 authorizes municipalities/persons to conduct such programs, provided they have registration approval from the Department. Additional information on this application may be obtained by contacting Chris Fritz of the Department's Northeast Regional Office at (717) 826-2516.

Notice of Appeal

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Request for Variance

The Bureau of Deep Mine Safety has received a request for variance from the **Tanoma Mining Company**. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Glen Ziegler by calling (717) 787-1376.

The Department is publishing a summary of the request in order to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to Thomas J. Ward, Jr., Director, Bureau of Deep Mine Safety, P. O. Box 8463, Harrisburg, PA 17105-8463.

Section 702 of the Bituminous Coal Mine Act (52 P. S. §§ 701—702) provides a mechanism for operators to obtain variances from specific requirements of the Act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 316(h) of the Bituminous Coal Mine Act, entitled Detection of Gas, requires that in working places where explosive or noxious gas is likely to be encountered, an approved safety lamp for the detection of such gas shall be provided for use with each machine when working, and should any indication of gas appear on the flame of the safety lamp, the person in charge shall immediately stop the machine, cut off the current at the nearest switch, and report the matter to a mine official.

Summary of the request: Tanoma Mining Company's plan calls for the use of electronic detectors to detect for oxygen deficiency in lieu of the permissible flame safety lamp for machine runners. Tanoma mining believes that an oxygen detector with alarm capabilities provides at least the same level of protection as the flame safety lamp for the machine operator. Additionally, the Tanoma Mining Company would provide its machine operators with separate electronic detectors that test the mine atmosphere for methane concentrations.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed

mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor, application number, a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

The following Dam Safety and Encroachment permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for process requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provision of 33 U.S.C.A. §§ 1301-1303, 1306 and 1307, as well as relevant State requirements. Initial requests for 401 Certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

This project impacts about 20 feet of stream with no wetland impacts. Stream is designated a WWF.

ACTIONS

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audio tape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Actions under The Clean Streams Law (35 P. S. §§ 691.1-691.1001).

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment Approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, telephone (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, telephone (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board, telephone (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302), sections 5 and 402 of the act of June 22, 1937 (P. L. 1987, No. 394) (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description).

SPECIAL NOTICES

Correction to the Registered Professional Geologist Seal Notice

An error occurred in the announcement which appeared at 26 Pa.B. 1751—1761 (April 13, 1996). The Department submitted two tables for the Oil and Gas Management Program and omitted a table for the Bureau of Radiation Protection Low-Level Radioactive Waste Disposal Facility. In addition, the term “subsistence” should be “subsidence” in the table for the Bureau of Land Recycling and Waste Management, page 1754, line 3. The correct version of the Oil and Gas Management table and the table for the Bureau of Radiation Protection Low Level Radioactive Waste Program follow:

Governor's Awards for Environmental Excellence for 1996

The Department of Environmental Protection (DEP) is announcing the application period for the 1996 Governor's Awards for Environmental Excellence. This program is an annual event which honors and promotes efforts which benefit the State's environment, economy and sustainable development. The 1996 awards will be presented in five areas: Education and Outreach, Energy Efficiency, Pollution Prevention, Technology Innovation and Recycling & Market Development. Pennsylvania businesses, public agencies, organizations, educational institutions and individuals are invited to apply for the awards.

If your environmental management activities have included implementation of pollution prevention strategies and innovative technologies to use existing resources more effectively, recycling and the development of recycled materials, improvement in energy efficiency, or education and outreach activities related to pollution prevention and compliance assistance, DEP invites you to participate in this year's awards program. These awards are an important way for DEP to share information and publicize strategies that reduce waste and pollution efficiently with often a significant cost savings. This program is an example of the DEP advocating technology sharing, as well as providing recognition to the State's leaders in innovative environmental management techniques.

Applications for the 1996 awards must be submitted by June 17, 1996. To obtain an application, contact Georgia Kagle at DEP's Office of Pollution Prevention and Compliance Assistance, P. O. Box 8472, Harrisburg, PA 17105-8472; phone (717) 787-7382; or e-mail at Kagle.Georgia@a1.dep.state.pa.us. TDD users may use AT&T's Relay Service at (800) 654-5984.

DEPARTMENT OF HEALTH

Notice of Beginning of Review; Certificates of Need

The Department has completed its preliminary assessment of the following applications for the offering, devel-

opment, construction, renovation, expansion or establishment of reviewable clinically related health services or health care facilities. This notice is published in accordance with sections 702(c), 704(a) and 704(b) of the Health Care Facilities Act (35 P. S. §§ 448.702(c), 704(a) and 704(b)).

CON-96-H-2247-C: Uniontown Hospital, 500 West Berkeley Street, Uniontown, PA 15401. The project involves an addition of 19 hospital-based skilled nursing beds to previously approved 19-bed unit, at an estimated cost of \$125,000

CON-96-B-2613-B: Manor Healthcare Corp., 10770 Columbia Pike, Silver Spring, MD 20901. The project involves construction of a new 60-bed long-term care facility in Bethlehem Township, Northampton County, PA, at an estimated cost of \$3,150,527.

CON-96-B-2647-B: Country Meadows Associates, 830 Cherry Drive, Hershey, PA 17033. The project involves construction of a new 70-bed long-term care facility in Northampton County, PA, at an estimated cost of \$1,940,700.

The projects are scheduled to be reviewed and a decision rendered by the Department of Health within 90 days beginning May 11, 1996. Any interested person, as defined in section 103 of the act (35 P. S. § 448.103) may request a public meeting. All requests must be made in writing within 15 days of this notice, to the Department of Health, Division of Need Review, Room 1027, Health and Welfare Building, Harrisburg, PA 17120. In order to preserve any appeal rights under section 506(a) of the act (35 P. S. § 448.506(a)) regarding the decisions made on these applications, any interested person as defined in the act must request a public meeting and participate in that meeting.

If the Department of Health receives a timely request for public meeting, such meeting will be held in Room 812 of the Health and Welfare Building, Seventh and Forster Streets, Harrisburg, PA. Uniontown Hospital public meeting will begin at 3 p.m., Monday, June 10, 1996. Manor Healthcare public meeting will begin at 9 a.m., and Country Meadows public meeting will begin at 11 a.m., Thursday, June 27, 1996. Persons who need an accommodation due to a disability and want to attend a meeting should contact Jack W. Means, Jr., Director, Division of Need Review at (717) 787-5601 at least 24 hours in advance so arrangements can be made. These meetings are subject to cancellation without further notice.

DEPARTMENT OF LABOR AND INDUSTRY

Sub-State Resource Distribution

Under 20 CFR 652.4 the Department of Labor and Industry is making public the following sub-state resource distributions. These distributions are for activities under the Wagner-Peyser Act as amended by the Job Training Partnership Act (JTPA) and are for the Program Year 1996 (July 1, 1996 through June 30, 1997). Under section 4 of the Wagner-Peyser Act, the Governor has designated the Department of Labor and Industry as the State agency vested with all powers necessary to cooperate with the United States Employment Service in the operation of the public Employment Service System.

The basic purpose of the Employment Service System is to improve the functioning of the nation's labor markets by bringing together individuals who are seeking employment and employers who are seeking workers. The Bureau of Employment Services and Training and the Office of Job Center Field Operations in the Department of Labor and Industry administer a labor exchange system which has the capacity:

1. to assist job seekers in finding employment;
2. to assist employers in filling jobs;
3. to facilitate the match between job seekers and employers;

4. to participate in a system for clearing labor between the states, including the use of standardized classification systems issued by the Secretary under JTPA section 462(c)(3); and

5. to meet the work test requirements of the State Unemployment Compensation system.

The sub-state resource distributions are for activities funded under section 7(a) of the Wagner-Peyser Act. Section 7(a) authorizes 90% of the sums allocated to each state to be used to support the basic labor exchange service.

The distributions are listed by the 28 Pennsylvania Service Delivery Areas. The monetary figures represent planned cost for personal salaries and personal benefits of Job Service/Job Center personnel delivering Wagner-Peyser Section 7(a) direct services within each Service Delivery Area (SDA).

The following formula was utilized in producing the sub-state resource distribution: 60% based on the civilian labor force within the SDA; 30% based on the number of unemployed within the SDA; 5% based on the number of non-college bound public and private high school graduates; and 5% based on the number of public and non-public high school dropouts (ages 21 and under).

The funding formula reflects Pennsylvania's Employment and Training Plan, the joint goals of the Job Training Partnership and Wagner-Peyser Acts Programs and the funding methodology from the Federal Government.

Interested parties wishing to comment on the sub-state resource distribution must do so in writing by the close of business on June 24, 1996. Comments should be forwarded to John C. Vogel, Director, Bureau of Employment Services and Training, Room 1115, Labor and Industry Building, Seventh and Forster Streets, Harrisburg, PA 17121.

Medical Assistance Program Fee Schedule Revisions; 1996 HCPCS Updates

By this notice, the Department of Public Welfare announces effective January 1, 1996, that changes have been made to the Medical Assistance Program Fee Schedule as a result of implementing the 1996 updates to the Health Care Financing Administration Common Procedure Coding System (HCPCS). The Federally required updates add new procedure codes which are compensable beginning January 1, 1996. The procedure codes being deleted from the fee schedule as a result of those updates will not be compensable for services provided after April 30, 1996.

The fiscal note was prepared under provision of section 612 of The Administrative Code of 1929 (71 P. S. § 232).

Price changes made to the Medical Assistance Fee Schedule are routinely included in carryforward budget estimates.

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

**Fayette, Greene, Washington and
Westmoreland Counties**
Reference No. 08430AG1991

The Department of Transportation will retain an engineering firm having the necessary engineering and environmental expertise to fulfill the requirements of an open-end contract to perform environmental studies on various projects throughout District 12-0 associated with the planning, design, construction, maintenance and operation of transportation and transportation-related facilities. The contract period will be 30 months from the date of execution with projects to be assigned on an as-needed basis. The maximum dollar amount to be expended under the terms of the open-end contract will be \$750,000.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an open-end contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Specialized environmental experience and technical competence of firm.
- b. Past record of performance and previous experience on open-end contracts.
- c. Qualifications and experience of individuals who constitute the firm.
- d. Location of consultant in respect to the District.
- e. Current workload and available staffing.

The selected engineering firm will be required to provide all necessary professional engineering and environmental services, material and equipment necessary to collect, analyze, map and organize data; conduct agency and public involvement activities; prepare reports; and design mitigation plans; prepare policies, procedures and guidelines; and review environmental and engineering analyses and documents.

The areas of environmental study and review required under the contract may include, but are not limited to, air quality; noise; energy; vibration; hazardous waste; surface water and groundwater quality; surface water and

groundwater quality; surface water and groundwater hydrology; terrestrial ecology including threatened and endangered species; wetlands; soils; geology; farmlands; visual quality; socio-economic resources; cultural resources; and section 4(f) Determinations and Evaluations. The environmental studies and reviews will be conducted in accordance with currently accepted analysis techniques and methodologies.

The preliminary engineering alternative analyses required under the contract may include, but are not limited to, engineering required to assess impacts and mitigation; void and/or minimize impacts; assess the condition of historic structures; and avoid impacts to section 4(f) properties and waters of the United States; and to review engineering analysis and documents.

The report and other written and graphic material to be prepared may include, but are not limited to, early coordination and scoping correspondence; Plans of Study; meeting minutes; public meeting and hearing presentations, visualization materials, handouts and displays; technical basis reports (TBRs); NEPA environmental documents; section 106 documents section 4(f) Evaluations, mitigation plans and reports; wetland and floodplain findings; and preliminary engineering plans, remote sensing/mapping innovations, policies procedures and guidelines and training materials. The format and content of all documents will be consistent with applicable State and Federal regulations, policies, and guidelines.

Technical questions concerning the requirements for this project should be directed to Greg Bednar, P.E., District 12-0, at (412) 439-7243.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

Statewide **Reference No. 08430AG1992**

The Department of Transportation will retain an engineering firm for an Engineering Agreement to provide fabrication inspection of prestressed/precast concrete products; prepare a familiarization module for construction specification writing for Department staff; and participate in the forensic analysis of concrete items under the supervision of the Chief Structural Materials Engineer. This fabrication inspection will include reinforced concrete pipe and other items incidental to highway construction designated by the Department. The contract will be for a period of 24 months.

The selected firm may or will be required to furnish approximately 15 to 30 qualified inspectors at various Statewide and out-of-State fabrication shops as the workload dictates. Occasional field inspection at projects sites is required. Attendance may be required at pre-fabrication meetings with Department engineers and fabrication personnel. The selected firm will be required to furnish two inspection supervisors (one in the eastern region, one in the western region) to provide direct daily supervision of the inspection activities.

Under the direction of the Department, the selected firm will be required to keep records and document the fabrication process; provide quality assurance inspection and perform acceptance tests; submit weekly progress reports; exercise control over materials and workmanship to ensure conformance to specifications; and provide a detailed final report and a tabulated list of prestressed/precast concrete quantities shipped to Department projects.

The selected firm must provide test equipment including a slump cone and air meter, and all specification references at each assigned plant.

The qualifications and experience required for 90% of the inspectors are as follows:

a) Be certified by the National Institute for Certification in Engineering Technologies (NICET) as a technician, Level II or higher in Construction Materials Testing/Concrete, Transportation/Highway Construction, or Transportation/Highway Materials, OR

b) Be certified by the American Concrete Institute (ACI) as Concrete Field Testing Technician-Grade 1, OR

c) Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required concrete fabrication experience for the specified Inspection Classification acceptable to the Department, OR

d) Be certified as an Engineer-In-Training by the Commonwealth of Pennsylvania with the required concrete fabrication experience for the specified Inspection Classification acceptable to the Department, OR

e) Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science in Civil Engineering Technology with the required concrete fabrication experience for the specified Inspection Classification acceptable to the Department, OR

f) Hold an Associates degree in Civil Engineering Technology with the required concrete fabrication experience for the specified Inspection Classification acceptable to the Department.

The staff assigned to prestressed concrete fabrication inspection must be high school graduates with no less than 3 years in concrete construction of which 1 year is in the prestressed concrete fabrication field.

The staff assigned to precast box culvert fabrication inspection must be high school graduates with no less than 3 years in concrete construction of which 1 year is in the prestressed concrete fabrication field or the precast concrete box culvert fabrication field.

The staff assigned to precast concrete inspection must be high school graduates with no less than 3 years in construction of which 1 year is in the concrete fabrication field.

The job descriptions for these classifications may be obtained from the Structural Materials Engineer, who is identified at the end of this solicitation.

The manager of the inspection personnel must be a Professional Engineer registered in Pennsylvania with a minimum of 3 years of prestressed/precast fabrication related experience. One year must be directly related to prestressed concrete plant fabrication.

An inspection supervisor is required to be a Professional Engineer registered in the Commonwealth of Pennsylvania or meet the requirements of a prestressed concrete inspector. The Inspection Supervisor is required to provide direct supervision of the inspection staff by making routine visits to assigned plants.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical

proposal will not be requested prior to the establishment of the ranking.

The following factors will be considered by the Department during the evaluation of the firms submitting letters of interest:

- Review of the inspector's qualifications with emphasis on prestressed/precast concrete fabrication inspection experience and the number of available qualified inspectors
- Understanding of Department requirements, policies and specifications, including the AASHTO references
- Review of the firm's "supervision plan" for the plant inspection staff
- Number of qualified prestressed/precast concrete fabrication inspectors available for this agreement
- Key personnel experience with prestressed concrete plant fabrication inspection and practices
- Firm's past performance of prestressed/precast inspection in fabrication plants
- Firm's in-house training program
- Branch office in Pennsylvania

The maximum reimbursement of direct payroll cost for each Department Payroll Classification for calendar years 1997 and 1998 will be limited to the actual direct salary of the individual employee, or the following rates, whichever is less:

<i>Payroll Classification</i>	<i>Direct Payroll Rate</i>	
	1997	1998
Prestressed Concrete-Box Culvert Inspector	\$17.95	\$18.58
Precast Concrete-Reinforced Concrete Pipe Inspector	\$16.21	\$16.76
Inspection Supervisor	\$20.48	\$21.20

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

Also, the following minimum qualifications will be taken into consideration:

- Ability to speak, write, read and understand the English language
- Have basic knowledge of prestressed/precast concrete fabrication
- Prior experience in prestressed/precast concrete plant fabrication
- Capable of acting as a direct representative of the engineer

The selected firm will be required to provide one engineer to work in conjunction with Department staff to evaluate the methodology of construction specification writing, prepare a familiarization module for Department staff and provide familiarization sessions, as directed. The maximum direct payroll rate for the specification engineer shall be \$35 per hour.

The project assignment may be expanded to provide assistance with the coordination and review of current Department specifications from the clearance transmittal process through to the final implementation phase.

The engineer must have prior experience in specification writing as documented in a resume. Prior to the assignment, the proposed engineer must be approved by the Department.

The selected firm may be asked to participate in the forensic analysis of concrete items by providing the services of a specialized concrete engineer, well versed in the concrete technology field, as directed by the Department. The maximum direct payroll rate shall be \$35 per hour.

Technical questions concerning the requirements for this project should be directed to Robert D. Horwhat, P.E., or Thomas H. Green, P.E., of the Bureau of Construction and Materials at (717) 787-1950.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in performing any of the above services are invited to submit letters of interest to: Director, Consultant Selection Committee, Room 1118, Transportation and Safety Building, Harrisburg, PA 17120.

A separate letter of interest and required forms must be submitted for each project for which the applicant wishes to be considered. The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. of the thirteenth day.

If the project advertisement indicates that the Department will retain an engineering firm, letters of interest will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal. Failure to meet the goal and to demonstrate good faith efforts may result in being barred from Department contracts in the future.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include in the heading, the firm's Federal Identification Number and the Project Reference Number indicated in the advertisement. The letter of interest must also include the following:

1. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project."

2. Standard Form 254, "Architect-Engineer and Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company. Please disregard the statements on Standard Form 255 that indicate a Standard Form 254 is only required if not already on file with the contracting office. The Department does not maintain a file for Standard Form 254 for contracting purposes; therefore, this Form is required for the prime consultant and each subconsultant as stated above.

3. Two copies of the Department's Form D-427 (Rev. 6-89), "Current Workload" for the firm submitting the letter of interest. At least one copy of Form D-427 must remain free and not bound in any way to any other portion of the letter of interest or accompanying documentation. Copies of Form D-427 are available upon request from the above address or by contacting the Department's Consultant Agreement Division at (717) 783-9309.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

The Standard Form 255 must be filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be presently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item 6. If a Women Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

The Standard Form 254 must be signed and dated and must be less than 1 year old as of the date of this advertisement. A Standard Form must accompany each letter of interest for the firm submitting the letter of interest, each party to a joint venture, and for each subconsultant shown under Item 6 of the Standard Form 255.

Unless other factors are identified under the individual project reference number, the following factors, listed in their order of importance, will be considered by the Committee during their evaluation of the firms submitting letters of interest:

- a. Specialized experience and technical competence of firm.

b. Past record of performance with respect to cost control, work quality, and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

c. Current workload and capacity of firm to perform the work within the time limitations.

d. Location of consultant.

e. Special requirements of the project.

f. Other factors, if any, specific to the project.

The Department currently limits its participation in the remuneration of principals or consultant employes performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on design and miscellaneous projects to 130% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on construction inspection projects to 85.2% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department's limitations will apply to the projects advertised above unless the Department policy is revised prior to the negotiation of an agreement or contract.

The assignment of the above services will be made to one of the firms responding to this notice, but the Committee reserves the right to reject all letters of interest submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for these services.

ENVIRONMENTAL HEARING BOARD

Penns Valley Conservation Association, Trout Unlimited and Pennsylvania Council of Trout Unlimited v. DEP and Con-Stone, Inc. Permittee; EHB Doc. No. 96-094-MR

Penns Valley Conservation Assoc., et al. has appealed the issuance by the Department of Environmental Protection of an NPDES permit to Con-Stone, Inc. for a facility in Haines Township, Centre County.

A date for the hearing on the appeal has not yet been scheduled.

The appeal is filed with the Environmental Hearing Board at its office on the Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, and may be reviewed by any interested party on request during normal business hours. If information concerning this notice is required in an alternative form, contact the Secretary to the Board at (717) 787-3483. TDD users may telephone the Board through the AT&T Pennsylvania Relay Center at 1 (800) 654-5984.

Petitions to intervene in the appeal may be filed with the Board by interested parties under 25 Pa. Code

§ 1021.62. Copies of the Board's rules of practice and procedure are available upon request from the Board.

ENVIRONMENTAL QUALITY BOARD

Acceptance of Rulemaking Petition for Study

At the April 16, 1996, meeting of the Environmental Quality Board (EQB), the EQB accepted a rulemaking petition for further study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions).

The petition was submitted by Waste Management Inc., East and requests an amendment or repeal of a section of the municipal waste regulations (25 Pa. Code § 279.202(a)(5)). The second requires a 50-foot property line setback, and the petitioner is seeking more flexibility in selecting sites for transfer facilities.

The Department is currently reviewing the petition and will forward its report evaluating it to the EQB. If the Department proposes changes to the existing regulation and the EQB concurs, the proposed changes will be processed as a proposed rulemaking with an opportunity for public comment.

Copies of the petition are available from the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, phone (717) 787-4526.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.
