READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PART I. GENERAL

[231 PA. CODE CH. 4000]

Amendment of Rule 4017.1 Governing Video Depositions; No. 475 Civil Procedural Rules; Doc. No. 5

Order

Per Curiam:

And Now, this 25th day of April, 2007, Pennsylvania Rule of Civil Procedure 4017.1 is amended to read as follows.

This Order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective July 1, 2007.

Mr. Justice Fitzgerald did not participate in the consideration or decision of this matter.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 4000. DEPOSITIONS AND DISCOVERY

ENTRY UPON PROPERTY FOR INSPECTION AND OTHER ACTIVITIES

Rule 4017.1. [Videotape] Video Depositions.

(a) Any deposition [taken] upon oral examination may be [recorded by videotape] taken as a matter of course as a video deposition by means of simultaneous audio and visual electronic recording. Except as provided by this rule, the rules of this chapter governing the practice and procedure in depositions and discovery shall apply.

(1) Any party may have a [videotape] video deposition recorded simultaneously by stenographic means as provided by this chapter.

(2) A [videotape] video deposition may be used in court only if accompanied by a transcript of the deposition.

(b) Every notice or subpoena for the taking of a [videotape] video deposition shall state

(1) that [it] the deposition is to be [videotaped] taken as a video deposition,

(2) the name and address of the person whose deposition is to be taken,

(3) the name and address of the officer before whom it is to be taken,

(4) whether the deposition is to be simultaneously recorded by stenographic means, and

(5) the name and address of the [videotape] video operator and of his or her employer. The operator may be an employee of the attorney taking the deposition.

(c) The deposition shall begin by the operator stating on camera (1) his or her name and address, (2) the name and address of his or her employer, (3) the date, time and place of the deposition, (4) the caption of the case, (5) the name of the witness, and (6) the party on whose behalf the deposition is being taken. The officer before whom the deposition is taken shall then identify himself or herself and swear the witness on camera. At the conclusion of the deposition the operator shall state on camera that the deposition is concluded. When the length of the deposition requires the use of more than one [tape] videotape, the end of [each tape] the videotape and the beginning of each succeeding [tape] videotape shall be announced on camera by the operator.

(d) The deposition shall be timed by a digital clock on camera which shall show continually each hour, minute and second of each [tape] videotape of the deposition.

(e) No signature of the witness shall be required.

(f) The attorney for the party taking the deposition shall take custody of and be responsible for the safeguarding of the videotape and shall permit the viewing of and shall provide a copy of the videotape or the audio portion thereof upon the request and at the cost of a party.

(g) In addition to the uses permitted by Rule 4020 a [videotape] video deposition of a medical witness or any witness called as an expert, other than a party, may be used at trial for any purpose whether or not the witness is available to testify.

(h) At a trial or hearing that part of the audio portion of a [videotape] video deposition which is offered in evidence and admitted, or which is excluded on objection, shall be transcribed in the same manner as the testimony of other witnesses. The videotape shall be marked as an exhibit and may remain in the custody of the court.

Official Note: Local rules and practice shall regulate the procedure for handling objections to questions and answers on the [tape] videotape. Suggested devices include inter alia, previewing by the judge and counsel and withholding from the evidence material to which objections are sustained; or having the operator turn off the audio portion of the [tape] videotape at the trial or hearing to exclude objectionable material or the use of "fast forward" by the operator at the trial or hearing to eliminate both the image and the sound of the objectionable material.

(i) As used in this rule, "videotape" includes all media on which a video deposition may be recorded.

Explanatory Comment

Rule 4017.1 governing video depositions has been amended in two respects. First, the amendment allows a party to take video depositions as a matter of course. Although the present rule contains no limitation upon or prerequisite to the taking of a video deposition, some courts have imposed limitations citing the cost of the deposition and the burden to the party being deposed. See for example, *Tillett v. Shento*, 131 P.L.J. 297 (C.P. Alle-

gheny 1982). However, technological advances have lowered the cost of a video deposition and either reduced or eliminated the burden to the parties.

There has been a noted lack of civility of parties, deponents and attorneys in connection with depositions upon oral examination. There also occurs the abusive practice of attorneys who raise objections which suggest an answer to the deponent or who instruct the deponent not to answer a question without reasonable basis. The ability of a party to use video depositions as a matter of course may have the salutary effect of discouraging egregious conduct during depositions.

Second, advancements in technology have provided new methods of video recording an oral deposition in addition to videotaping. The terminology of the rule has been changed to reflect those advancements.

RULES AND REGULATIONS

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 140]

Special MA Eligibility Provisions

The Department of Public Welfare (Department), under sections 201(2) and 403(b) of the Public Welfare Code (62 P.S. §§ 201(2) and 403(b)) and section 1902(a)(10)(A)(ii)(XVIII) of the Social Security Act (42 U.S.C.A. § 1396a(a)(10)(A)(ii)(XVIII)) (Title XIX), regarding state plans for medical assistance, adds Chapter 140, Subchapter E (relating to the categorically needy breast and cervical cancer prevention and treatment program for qualified women). Notice of proposed rulemaking was published at 34 Pa.B. 6335 (November 27, 2004).

Purpose of Final-Form Rulemaking

The purpose of this final-form rulemaking is to take advantage of a Federal option in the Breast and Cervical Cancer Prevention and Treatment Act of 2000 (Pub. L. No. 106-354, 104 Stat. 409) (BCCPT Act), which amended section 1902(a)(10)(A)(ii)(XVIII) of the Social Security Act. The BCCPT Act permits states to provide Medical Assistance to women under 65 years of age who have been screened for breast or cervical cancer through the Centers for Disease Control and Prevention's (CDC) National Breast and Cervical Cancer Early Detection Program (NBCCEDP). Individuals must be diagnosed and found to need treatment for either breast or cervical cancer or a precancerous condition of the breast or cervix. Coverage is limited to women who are "uninsured," which is defined in § 140.702 (relating to definitions) as lacking "creditable coverage" as that term is defined in the Health Insurance Portability and Accountability Act (HIPAA) (section 2701(c) of the Public Health Service Act (42 U.S.C.A. § 300gg(c)(1)), regarding increased portability through limitation on preexisting condition exclusions.

Consistent with the BCCPT Act, providers and facilities funded in full or in part by the CDC are authorized to screen women only. Breast cancer is the most common form of cancer diagnosed among women in this Commonwealth and the second most common cause of cancer deaths for women in this Commonwealth (www.health.state.pa.us/stats). Cervical cancer, while less common than breast cancer, is one of the most successfully treatable cancers, if detected at an early stage (www.health.state.pa.us/stats).

The BCCPT Act amended Title XIX of the Social Security Act. The Commonwealth has elected this option and published a notice of intent at 32 Pa.B. 115 (January 5, 2002) to implement the Breast and Cervical Cancer Prevention and Treatment Program (BCCPT Program). The Commonwealth's State Plan Amendment to provide Medical Assistance under the BCCPT Program to uninsured women screened and diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, was approved on February 15, 2002, by the Centers for Medicare and Medicaid Services. The Department of Health (DOH) is the designated screening entity for the BCCPT Program.

Under Federal law, the DOH must agree that low-income women will be given priority in the provision of services. See 42 U.S.C.A. § 300n(a), regarding additional required agreements. Under its grant agreement with the

NBCCEDP, the DOH HealthyWoman Project provides breast and cervical cancer screening for uninsured women who are under 65 years of age and have a household income below 250% of the Federal Poverty Income Guidelines (FPIG). Prior to the implementation of the BCCPT Program on January 1, 2002, there were no consistent avenues available to fund the ongoing treatment needs of low-income, uninsured women who were screened and diagnosed with breast or cervical cancer.

Affected Individuals and Organizations

The final-form rulemaking affects and benefits women under 65 years of age who are uninsured, who have been screened for breast or cervical cancer through the CDC NBCCEDP and have been diagnosed and found to need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.

There are approximately 11,600 women diagnosed with breast and cervical cancer each year in this Commonwealth (www.health.state.pa.us/stats). Census data was used to estimate the total number of the 11,600 women who are under 65 years of age and have income levels between 100% and 250% of the FPIG. The result of this analysis indicated that there are an additional 1,109 women who may be eligible for Medical Assistance each year under this option.

Accomplishments and Benefits

The final-form rulemaking will take advantage of a Federal option in the BCCPT Act that permits states to provide Medical Assistance to uninsured women under 65 years of age who have been screened for breast or cervical cancer through the CDC NBCCEDP and diagnosed and found to need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.

There has been no consistent avenue available to fund ongoing treatment needs of low-income, uninsured women diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix. As a result, many women may have gone without necessary treatment that may prevent or cure their illness. This option will provide low-income, uninsured women with Medical Assistance that will enable them to seek necessary treatment, thereby decreasing the incidence of uncompensated care and this Commonwealth's cancer mortality rate.

There may be a reduction in premature mortality rates from breast and cervical cancer as a result of screening, early diagnosis and treatment. Health care providers may see a reduction in the incidence of uncompensated care for uninsured women who require treatment for breast and cervical cancer.

Fiscal Impact

The Insurance Department might realize a savings since some women determined eligible for the BCCPT Program might have been otherwise eligible for medical coverage under the adult Basic Program administered by the Insurance Department and funded by tobacco settlement funds.

Private hospitals and physicians who treat uninsured women with breast or cervical cancer, or a precancerous condition of the breast or cervix, may be compensated for services rendered.

Low-income (under 250% FPIG), uninsured women who may have otherwise incurred personal debt will realize a savings.

Paperwork Requirements

New application forms were created exclusively for use with the BCCPT Program: the PA 600B—for applications; the PA 600BP—for partial redeterminations; and the PA 600BR—for annual redeterminations. These forms have been in use since the beginning of the BCCPT Program. Each form provides instructions for use by the applicant or recipient and provider. The Department has not received adverse comments regarding these forms.

The BCCPT Program application, form PA 600B, is a two-part application used by the HealthyWoman Project and the County Assistance Office (CAO) to determine eligibility for the BCCPT Program. Part A of the application is completed at the DOH HealthyWoman Project screening site and contains demographic and income information, consent for release of information and BCCPT Program rights and responsibilities. Part B of the application is completed by the applicant, the medical provider and the CAO. Use of a single form to document demographic information needed by both programs for an eligibility determination will reduce additional paperwork for providers, applicants and the Department.

The BCCPT Program Partial Renewal, form PA 600BP, is completed at a partial redetermination of eligibility for women whose treatment for breast or cervical cancer is expected to last less than 12 months. The recipient, the medical provider and the CAO complete this form.

The BCCPT Program Annual Renewal, form PA 600BR, is completed every 12 months when continued eligibility for the BCCPT Program is redetermined. The recipient, the medical provider, the Office of Medical Assistance Programs and the CAO complete this form.

Additional information regarding the Commonwealth's BCCPT Program is in MA Bulletins 99-01-02 and 99-02-06 and Chapter 317 of the Medicaid Eligibility Handbook available on the Department's website (www.dpw.state.pa.us).

The Department includes eligibility information about the DOH HealthyWoman Program on the Department's website. A link to learn more about the DOH HealthyWoman Project, including the 250% income eligibility limit which is updated annually on the DOH website, is included on the Department's website.

Public Comment

Written comments, suggestions and objections regarding the proposed rulemaking were requested within a 30-day period following publication of proposed rulemaking. The Department received letters from the Independent Regulatory Review Commission (IRRC) and two commentators: the Pennsylvania Health Law Project (PHLP) and Community Legal Services, Inc. (CLS). In addition to providing comments on the proposed rulemaking, the PHLP stated that the BCCPT Program has been invaluable to eligible women in providing coverage for needed treatment of breast or cervical cancer, or a precancerous condition of the breast or cervix. The CLS thanked the Department for adopting the BCCPT Program.

The Department has carefully reviewed and considered each suggestion and comment and thanks the commentators.

Discussion of Comments and Major Changes

Following is a summary of the comments received within the public comment period following publication of the proposed rulemaking and the Department's response to those comments.

General—Regulations

One commentator remarked that limiting the BCCPT Program to women unconstitutionally excludes men with breast cancer.

Response

The BCCPT Act covers individuals who have been screened under the CDC breast and cervical cancer early detection program established under Title XV of the Public Health Service Act (42 U.S.C.A. §§ 300k—300n-5), which specifies "women." See 42 U.S.C.A. § 1396a(aa)(3). The Department must provide Medical Assistance in accordance with the BCCPT Act.

General—Regulations

One commentator believed that limiting the program to women who are screened through the HealthyWoman Project sites creates unnecessary obstacles to accessing the BCCPT Program.

Response

The BCCPT Act specifies eligible women must be screened through the CDC NBCCEDP. CDC NBCCEDP identified the HealthyWoman Project as the accepted healthcare provider.

General—Preamble

One commentator recommended referencing sources of information such as Medical Assistance Bulletins 99-01-12 and 99-02-06 and Operations Memorandum OPS011208 in the preamble.

Response

The Department agrees in part. Information included in the Operations Memorandum has been incorporated into Chapter 317 of the Medicaid Eligibility Handbook, which is available on the Department's website (www.dpw.state.pa.us). Some information included in the nonregulatory documents has been incorporated into the final-form rulemaking. For example, the definition of "treatment for breast and cervical cancer" is included in § 140.702.

§ 140.602. Definitions. (redesignated as § 140.702)

§ 140.621(2)(ii). Conditions of Eligibility. (redesignated as § 140.721(2)(ii))

§ 140.633(1). Verification requirements. (redesignated as § 140.733(i))

One commentator expressed concern with the Department's use of the term "need treatment." In addition, IRRC stated that the term should be edited for clarity. The PHLP commented that "need treatment" should be more clearly defined and it is unclear if this phrase includes taking medication designed to prevent the recurrence of cancer. The PHLP also stated that the regulation may result in different interpretations by different providers, and that "[t]he lack of clear definition has been problematic for consumers trying to access coverage through the BCCPT."

IRRC noted that MA Bulletin 99-01-12, effective January 1, 2002, includes a definition for "treatment for breast or cervical cancer" and recommends that the Department include this definition in the final-form rulemaking.

Response

The Department concurs with the commentator and IRRC and revised the regulation accordingly to include a definition for "treatment for breast or cervical cancer" in § 140.702. The definition includes medical services to prevent recurrence.

§ 140.621. Conditions of eligibility. (redesignated as § 140.721)

IRRC and one commentator stated that the reference to Chapter 149 (relating to citizenship and alienage) in § 140.621(1)(iii) (redesignated as § 140.721(1)(iii)) should be edited for clarity and replaced with a reference to Chapter 150 (relating to citizenship and alienage provisions for categorically needy NMP-MA and MNO-MA).

Response

The Department agrees that Chapter 149 is an incorrect reference and replaced the reference with a reference to Chapter 150.

§ 140.621(2)(iii). Conditions of eligibility. (redesignated as § 140.721(2)(iii))

One commentator suggested that stating that women must be “uninsured” to be eligible misleads the reader. This commentator recommended that language in the regulations pertaining to being “uninsured” as a condition of eligibility should be changed to “having no creditable coverage” and all uses of the word “uninsured” should be deleted.

Response

The Department agrees in part. The BCCPT Act requires that, to be eligible, women “are not otherwise covered under creditable coverage, as defined in section 2701(c) of the Public Health Service Act (42 U.S.C.A. § 300gg(c)(1).” The term “uninsured” is defined in § 140.702 as “Having no creditable coverage as the term is defined under the Health Insurance Portability and Accountability Act (HIPAA) (Section 2701(c) of the Public Health Service Act (42 U.S.C.A. § 300gg(c)(1)).” Because “uninsured” has been defined in the regulations to mean “having no creditable coverage,” it has not been deleted from the final-form rulemaking.

§ 140.621(2)(iv). Conditions of eligibility. (redesignated as § 140.721(2)(iv))

One commentator commented that the regulations should provide an exception that would allow BCCPT Program eligibility for women that were eligible for Medical Assistance for Workers with Disabilities (MAWD). The commentator suggested that the regulation should be changed to limit eligibility to women who are “ineligible for any other categorically needy Medicaid program, except those charging monthly premiums, such as MAWD.”

Response

The Department disagrees. The Commonwealth provides coverage under 1902(a)(10)(a)(ii)(XVIII) of the Social Security Act, which specifies that women must not be otherwise covered under creditable coverage, as defined in HIPAA (section 2701(c) of the Public Health Service Act).

§ 140.631. Income eligibility limitations. (redesignated as § 140.731)

IRRC and one commentator recommended that this section should be edited for clarity. The commentator remarked that this section should reference the regulations or guidelines, or both, that describe the income eligibility requirements for the CDC NBCCEDP and the HealthyWoman Project. IRRC remarked that clarity would be improved by specifically identifying or including a cross-reference to where the income limits necessary to be eligible for screening by CDC NBCCEDP can be found and how an individual’s income is determined.

Response

The Department disagrees with this request to include CDC NBCCEDP and the HealthyWoman Project income eligibility requirements and guidelines within the regulation. A woman who is income-eligible for CDC NBCCEDP meets the income requirements for the BCCPT Program. The Department does not do a separate determination of income eligibility. However, the DOH’s income eligibility requirements can be found on the Department’s website at www.health.state.pa.us.

§ 140.633(a)(2). Verification requirements. (redesignated as § 140.733(a)(2))

One commentator stated that this section should read “[v]erification that the woman is a United States citizen, a qualified alien, or otherwise PRUCOL as defined in Chapter 150. An applicant applying for BCCPT for an emergency medical condition is not required to verify alien status.”

Response

The Department disagrees with the suggested revision. Emergency Medical Assistance and BCCPT are separate programs. Verification that an applicant is a United States citizen or a qualified alien is required for the BCCPT Program as for any other category of Medical Assistance. “Permanently Residing Under Color of Law (PRUCOL)” is an obsolete term. An individual who is ineligible for BCCPT because of alien status and who has an emergency medical condition may qualify for Medical Assistance for that medical emergency in accordance with § 150.11 (relating to aliens eligible for emergency medical services).

Information regarding the coverage of emergency medical conditions for undocumented aliens was not included in the regulations because it is outside the scope of Chapter 140 (relating to special MA eligibility provisions).

§ 140.641. Complete redetermination. (redesignated as § 140.741)

One commentator suggested this section should be edited for clarity and for use of consistent language.

Response

The Department agrees with the commentator’s suggestion. In § 140.741, the words “for qualified women” have been deleted. The term “Categorically Needy” has been replaced with “for all enrolled women.” In addition, § 140.742 (relating to partial redetermination) has been revised for clarity and consistency with § 140.741.

§ 140.641(b). Complete redetermination. (redesignated as § 140.741(b))

§ 140.642(b). Partial redetermination. (redesignated as § 140.742(b))

One commentator advised that the reference to Chapter 133 (relating to redetermining eligibility) in these sections is confusing and should be edited for clarity.

Response

The Department concurs and added a cross-reference to a specific citation in Chapter 133.

§ 140.661. Eligibility begin date. (redesignated as § 140.761)

One commentator stated that this section should reference the section on retroactive eligibility by adding the following sentence to the end of this section: “However,

retroactive coverage for services may be available as allowed for by the provisions under § 140.671 dealing with Retroactive Eligibility.”

Response

The Department adopted this recommendation and a reference to retroactive eligibility has been added to this section.

§ 140.681. *Reporting of changes. (redesignated as § 140.781)*

IRRC and one commentator commented that this section should be edited for clarity to include, or should reference provisions that include, what changes in circumstances need to be reported and to whom the changes should be reported.

Response

The Department agrees and revised the text to provide that the recipient shall report changes to the Department that would affect eligibility as set forth in § 140.721 (relating to conditions of eligibility).

§ 140.691. *Appeal and fair hearing. (redesignated as § 140.791)*

One commentator stated that this section should be revised to add language to explain to which eligibility and service denials the appeal and fair hearing rights do and do not apply. Also, the commentator stated that additional guidance should be added regarding whether and how a woman can appeal HealthyWoman Project eligibility determinations.

Response

The Department disagrees that the HealthyWoman Project appeal and fair hearing information should be added to this regulation. Section 140.791 provides that the appeal and fair hearing rights under Chapter 275 (relating to appeal and fair hearing and administrative disqualification hearings) apply to eligibility determinations of the Department. This includes eligibility under the BCCPT Program. Appeals of service denials are beyond the scope of this final-form rulemaking.

Regulatory Review Act

Under section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)), on February 16, 2007, the Department submitted a copy of this final-form rulemaking to IRRC and to the Chairpersons of the House Committee on Health and Human Services and the Senate Committee on Public Health and Welfare. In compliance with the Regulatory Review Act the Department also provided the Committees and IRRC with copies of all public comments received, as well as other documentation.

In preparing the final-form rulemaking, the Department reviewed and considered comments received from the Committees, IRRC and the public. In addition to submitting the final-form rulemaking, the Department provided IRRC and the Committees with a copy of a Regulatory Analysis Form prepared by the Department. A copy of this form is available to the public upon request.

In accordance with section 5.1(j.1) and (j.2) of the Regulatory Review Act, on March 15, 2007, this final-form rulemaking was deemed approved by the Committees. IRRC met on March 15, 2007, and approved the final-form rulemaking.

Findings

The Department finds that:

(a) The public notice of intention to adopt the administrative regulations by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(b) The adoption of this final-form rulemaking in the manner provided by this order is necessary and appropriate for the administration and enforcement of the Public Welfare Code (62 P. S. §§ 101—1412).

Order

The Department, acting under the authority of sections 201(2) and 403(b) of the Public Welfare Code and Title XIX of the Social Security Act, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapter 140, are amended by adding §§ 140.701, 140.702, 140.721, 140.731—140.733, 140.741, 140.742, 140.751, 140.761, 140.771, 140.781 and 140.791 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Offices of General Counsel and Attorney General for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify and deposit this order and Annex A with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin* retroactive to January 1, 2002.

ESTELLE B. RICHMAN,
Secretary

GENERAL PROVISIONS

§ 140.701. Policy on Medical Assistance for women with breast or cervical cancer.

The Department provides full MA benefits to uninsured women under 65 years of age who have been screened and diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, who are eligible under the Commonwealth's categorically needy BCCPT Program.

§ 140.702. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

BCCPT Program—Breast and Cervical Cancer Prevention and Treatment Program—A Federally-funded option that provides full MA benefits to uninsured women under 65 years of age who have been screened and diagnosed and are in need of treatment for breast or cervical cancer, or a precancerous condition of the breast or cervix. These women have been identified through an entity funded in full or in part by CDC.

CDC—Centers for Disease Control and Prevention—The lead Federal agency for protecting the health and safety of people at home and abroad by applying disease prevention and control.

NBCCEDP—National Breast and Cervical Cancer Early Detection Program—A program established by Congress under the Breast and Cervical Cancer Mortality Act of 1990 (Pub. L. No. 101-354, 104 Stat. 409) which autho-

rizes the CDC to promote breast and cervical cancer screening and to pay for screening services for eligible individuals.

Treatment for breast and cervical cancer—Medical services, which are, or are reasonably expected to provide one of the following:

(i) Ameliorate the direct effects of breast or cervical cancer.

(ii) Aid in the clinical characterization of breast or cervical cancer, including testing for the effectiveness of curative treatment but excluding screening for recurrence or new primary cancers.

(iii) Prevent the recurrence of breast or cervical cancer.

Uninsured—Having no “creditable coverage” as the term is defined under the Health Insurance Portability and Accountability Act (HIPAA) (Section 2701(c) of the Public Health Service Act (42 U.S.C.A. § 300gg(c)(1)).

ELIGIBILITY

§ 140.721. Conditions of eligibility.

Eligibility for MA under the BCCPT Program is based on the requirements in the following chapters:

(1) A woman shall meet the following eligibility requirements:

(i) Chapter 125 (relating to application process).

(ii) Chapter 148 (relating to MA residence provisions for categorically needy NMP-MA and MNO-MA).

(iii) Chapter 150 (relating to citizenship and alienage provisions for categorically needy NMP-MA and MNO-MA).

(iv) Chapter 155 (relating to enumeration).

(v) Chapter 255 (relating to restitution).

(vi) Chapter 257 (relating to reimbursement).

(2) Under the BCCPT Program, a woman shall be:

(i) Under 65 years of age.

(ii) Screened under the CDC's NBCCEDP and diagnosed with either breast or cervical cancer, or a precancerous condition of the breast or cervix, and need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.

(iii) Uninsured.

(iv) Otherwise ineligible for categorically needy Medicaid as defined in § 1101.21 (relating to definitions).

INCOME, RESOURCES AND VERIFICATION

§ 140.731. Income eligibility limitations.

There are no income limits when determining eligibility under the BCCPT Program. An individual who meets the income limits to be eligible for screening by the CDC's NBCCEDP is income-eligible for the BCCPT Program.

§ 140.732. Resource eligibility limitations.

There are no resource limits when determining eligibility under the BCCPT Program.

§ 140.733. Verification requirements.

(a) Under the BCCPT Program, the following verification is required:

(1) Verification that the woman was screened for breast or cervical cancer, or a precancerous condition of the breast or cervix, by a provider or facility funded in full or in part by the CDC under its NBCCEDP, and diagnosed

and found to need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix. Verification of the continued need for treatment must be provided at each partial and complete redetermination.

(2) Verification that the woman is a United States citizen or qualified alien as the term is defined in 8 U.S.C.A. § 1641(b) (relating to definitions).

(3) Verification that the woman is under 65 years of age.

(4) Verification that the woman is a resident of this Commonwealth.

(5) Verification that the woman is uninsured.

(b) The verification specified in subsection (a) must be provided on a form established by the Department.

REDETERMINATION

§ 140.741. Complete redetermination.

(a) A complete redetermination is required at least every 12 months for women who continue to require treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.

(b) For the BCCPT Program, the eligibility factors in § 133.84(c) (relating to MA redetermining eligibility procedures) apply.

§ 140.742. Partial redetermination.

(a) A partial redetermination is required at the end of the initial period of treatment for a woman whose initial period of treatment is expected to last less than 12 months. The initial period of treatment is based on the diagnosing or treating physician's attestation regarding the woman's diagnosis.

(b) For the BCCPT Program, the partial redetermination eligibility factors in § 133.84(d) (relating to MA redetermining eligibility procedures) apply.

BENEFIT COVERAGE

§ 140.751. Benefit coverage.

The Department will provide full MA coverage for a woman determined eligible under the BCCPT Program.

§ 140.761. Eligibility begin date.

The eligibility begin date is the date the woman is diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, but not prior to January 1, 2002. Retroactive BCCPT Program benefits are available under § 140.771 (relating to retroactive eligibility).

§ 140.771. Retroactive eligibility.

The earliest possible date for retroactive BCCPT Program benefits to begin is the first day of the third month preceding the month of application, but not prior to January 1, 2002. The period of eligibility for retroactive BCCPT Program benefits begins the first day of the month in which the first medical service was incurred if the applicant was otherwise eligible during that month.

REPORTING

§ 140.781. Reporting of changes.

The recipient shall report changes that would affect eligibility for the BCCPT Program under § 140.721 (relating to conditions of eligibility) to the Department within 10 days from the date of the change.

RIGHT TO APPEAL AND FAIR HEARING

§ 140.791. Appeal and fair hearing.

The applicant or recipient is entitled to the appeal and fair hearing rights under Chapter 275 (relating to appeal and fair hearing and administrative disqualification hearings).

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 1249]

Home Health Agency Services

The Department of Public Welfare (Department), under sections 403, 443.2(2) and 509 of the Public Welfare Code (62 P. S. §§ 403, 443.2(2) and 509), amends Chapter 1249 (relating to home health agency services) to read as set forth in Annex A. Notice of proposed rulemaking was published at 34 Pa.B. 6544 (December 11, 2004).

Purpose of the Final-Form Rulemaking

The purpose of this final-form rulemaking is to remove the requirement that a recipient be homebound to qualify for Home Health Agency (HHA) services and to remove the limits for HHA visits from the regulation.

The final-form rulemaking is needed to conform the regulations to the Department's direction of emphasizing home- and community-based services, when appropriate, rather than more restrictive and expensive alternatives such as nursing home care, as well as to comply with a Federal directive clarifying Federal regulations regarding the Medicaid home health benefit. Based upon *Olmstead v. L.C.*, 527 U. S. 581 (1999), the Health Care Financing Administration, now the Centers for Medicare and Medicaid Services, clarified its position that requiring that a person be "homebound" to qualify for Medicaid HHA services violates Federal regulatory requirements in 42 CFR 440.230(c) and 440.240(b) (relating to sufficiency of amount, duration, and scope; and comparability of services for groups). As a result, the Department is removing the requirement that individuals be homebound to receive HHA services.

In addition, the Department is removing HHA service limits from the regulations and placing them on the Medical Assistance (MA) Program Fee Schedule to make those limits consistent with limits on other MA services. The Department is not changing the existing limits.

Affected Individuals and Organizations

The amendments to Chapter 1249 will have a positive effect on physicians and HHAs enrolled in the MA Program as well as MA recipients of HHA services. The final-form rulemaking permits the attending physician to prescribe medically necessary HHA services to MA recipients who are not homebound if the HHA service would avoid or delay the need for treatment in a hospital or other institutional setting for the condition being treated or if the MA recipient has an illness, injury or mental health condition that justifies providing the service in the home instead of a physician's office, clinic or other outpatient setting. The removal of the homebound requirement does not preclude recipients who are homebound from receiving HHA services.

The removal of the limits on HHA visits from the regulations formalizes a process whereby recipients with

a medically necessary and appropriate need for continued care in excess of the Fee Schedule limitations can apply for a program exception as authorized in § 1150.63 (relating to waivers). It will no longer be necessary to seek a waiver of the regulation from the Secretary of the Department for payment for HHA visits that exceed the service limits.

Accomplishments and Benefits

The final-form rulemaking benefits MA recipients because it will enable the MA Program to prior authorize medically necessary HHA services for recipients who are not homebound but who are in need of medical care that can be provided more cost effectively in their own homes, rather than in a hospital, long-term care facility or other institutional setting. In addition, MA recipients of HHA services and their physicians will benefit from the final-form rulemaking because the amendments to § 1249.59 (relating to limitations on payment) permit the attending physician to prescribe and the MA recipient to receive medically necessary HHA visits beyond the existing service limits, if approved through a program exception.

Fiscal Impact

It is anticipated that the final-form rulemaking will result in no additional cost to the Department. Allowing providers to prescribe medically necessary HHA services for MA recipients who are not homebound and those MA recipients to receive medically necessary HHA services will result in more MA recipients qualifying for HHA services, but additional costs associated with increased HHA services utilization will be offset by decreased utilization of hospital and other institutional services. The Department anticipates no fiscal impact on the private sector or the general public as a result of this final-form rulemaking.

Paperwork Requirements

No additional reporting, paperwork or recordkeeping is required to comply with the final-form rulemaking.

Public Comment

Written comments, suggestions and objections regarding the proposed rulemaking were requested within a 30-day period following publication of the proposed rulemaking. No public comments were received within the 30-day time frame; however, the Department received two comments from the Independent Regulatory Review Commission (IRRC). The Department also received comments from the Disabilities Law Project (DLP) and Pennsylvania Protection and Advocacy (PP&A) after the 30-day comment period closed.

Discussion of Comments and Major Changes

Following is a summary of the comments received following publication of the proposed rulemaking and the Department's response to those comments. A summary of major changes from the proposed rulemaking is also included.

General Provisions

§ 1249.2a. Clarification of conditions under which MA recipients may be considered homebound—statement of policy.

Comment

IRRC stated that it understood that the Department will be rescinding § 1249.2a and replacing it with a statement of policy that is consistent with the changes to this regulation. IRRC recommended that the Department

publish this final-form rulemaking and the updated statement of policy concurrently to avoid inconsistencies in Chapter 1249.

Response

Because MA recipients must no longer be homebound to receive HHA services, a statement of policy clarifying when a recipient may be considered homebound is no longer necessary. Therefore, the Department will be rescinding the statement of policy and will not replace it with another statement of policy.

Payment for Home Health Services

§ 1249.52. Payment conditions for various services.

Comment

IRRC commented that it understood that MA recipients who reside or are eligible to reside in a nursing home, rehabilitative facility or a mental institution qualify for HHA services and therefore recommended that the term "hospitalization" in proposed § 1249.52(a)(2)(i) be replaced with a broader term that encompasses all institutional care settings.

DLP and PP&A commented that Federal Medicaid regulations prohibit a state from requiring that a person be in or qualify for institutional care to receive HHA services and recommended that proposed § 1249.52(a)(2)(i) be deleted.

Response

The Department disagrees with IRRC's statement that eligibility for HHA services depends on whether an MA recipient resides or is eligible to reside in a nursing home, rehabilitative facility or mental institution. The Department agrees with DLP and PP&A that eligibility for HHA services may not be based on whether the recipient has received or is eligible to receive care in an institutional setting. Eligibility is based on an MA recipient's health care benefits package, irrespective of whether the recipient has been or may be institutionalized.

The intent of the Department's initial statement in § 1249.52(a)(2)(i) ("The only alternative to home health agency services is hospitalization") was to explain one of the conditions that the Department would have considered in determining the medical necessity of HHA services, not to establish eligibility for the services. The Department agrees that this section requires clarification and that the alternatives to HHA services need to be expanded beyond hospitalization. The section has been rewritten as follows: "The specific HHA services would avoid or delay the need for treatment in a hospital or other institutional setting for the condition being treated."

Comment

DLP and PP&A expressed concern that proposed § 1249.52(a)(2)(ii) continued to require a person to have a physical or mental condition that justifies that the service must be provided in the home rather than in an outpatient clinic, which they believe is another way of requiring that recipients of HHA services be homebound. DLP and PP&A also commented that because occupational, physical and speech therapies are not covered for adult MA recipients in an outpatient setting, adult MA recipients can receive these services outside of an institution only through HHA visits. Therefore, requiring that a recipient must have a condition that justifies receiving the therapy in the home will effectively prevent adult MA recipients who are not homebound from receiving medically necessary therapies.

Response

The Department disagrees with DLP and PP&A's comment that occupational, physical and speech therapies are not covered for adult MA recipients in outpatient settings other than through HHA. The Department covers medically necessary occupational, physical and speech therapies for adult MA recipients in outpatient clinics as well as through HHA.

Nonetheless, the Department agrees with DLP and PP&A that the language of the regulation needs to be revised so that it is clear that an MA recipient does not have to be homebound to qualify for HHA services. In addition, the requirement for documentation in the medical record has been deleted from this subparagraph and added to the introductory sentence in § 1249.52(a). As a result, the Department revised § 1249.52(a)(2)(ii) as follows: "The recipient has an illness, injury or mental health condition that justifies providing the service at the recipient's residence instead of a physician's office, clinic or other outpatient setting."

Comment

DLP and PP&A recommended that the Department remove all references to the homebound requirement from Medical Assistance Bulletin 23-94-04, Procedures for Prior Authorization of Home Health Services, issued June 10, 1994, and effective July 5, 1994.

Response

The Department agrees and will rescind MA Bulletin 23-94-04 and issue an updated bulletin removing the requirement that a recipient be homebound to qualify for HHA services.

Discussion of Additional Changes

In addition to the changes explained previously, after additional internal review and in preparation for final-form rulemaking, the Department made the following changes:

§ 1249.42. Ongoing responsibilities of providers.

After additional internal review of proposed § 1249.42(1)(ii), the Department realized that the proposed language inadvertently did not require an initial assessment of need for HHA services. Accordingly, § 1249.42(1)(ii) has been revised to remove the word "continued" to make clear that the need for HHA services must be assessed and documented both initially and on a continuing basis.

§ 1249.59. Limitations on payment.

After additional internal review of proposed § 1249.59, the Department realized that the proposed language did not make it possible to request services above the service limits through a program exception. Accordingly, § 1249.59(2) and (4) (redesignated as paragraph (3)) have been revised to remove the limits on HHA visits and place them on the Fee Schedule.

As a result of the revision to § 1249.59(2), proposed § 1249.52(6) is unnecessary and has been deleted. Proposed paragraph (7) has been redesignated as paragraph (6).

In addition to the changes discussed previously, the Department made several technical revisions in preparing the final-form rulemaking, including correcting typographical errors and revising language to enhance clarity.

Regulatory Review Act

Under section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)), on February 16, 2007, the Department submitted a copy of this final-form rulemaking to IRRC and to the Chairpersons of the House Committee on Health and Human Services and the Senate Committee on Public Health and Welfare. In compliance with the Regulatory Review Act, the Department also provided the Committees and IRRC with copies of all public comments received, as well as other documentation.

In preparing the final-form rulemaking, the Department reviewed and considered comments received from the Committees, IRRC and the public. In addition to submitting the final-form rulemaking, the Department provided IRRC and the Committees with a copy of a Regulatory Analysis Form prepared by the Department. A copy of this form is available to the public upon request.

In accordance with section 5.1(j.1) and (j.2) of the Regulatory Review Act, on March 15, 2007, this final-form rulemaking was deemed approved by the Committees. IRRC met on March 15, 2007, and approved the final-form rulemaking.

Findings

The Department finds that:

(a) Public notice of intention to adopt the administrative regulation by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(b) The adoption of this final-form rulemaking in the manner provided by this order is necessary and appropriate for the administration and enforcement of the Public Welfare Code (62 P. S. §§ 101—1412).

Order

The Department, acting under sections 403, 443.2(2) and 509 of the Public Welfare Code, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapter 1249, are amended by amending §§ 1249.2, 1249.42, 1249.52, 1249.57 and 1249.59 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Offices of General Counsel and Attorney General for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify and deposit this order and Annex A with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon final publication in the *Pennsylvania Bulletin*.

Annex A**TITLE 55. PUBLIC WELFARE****PART III. MEDICAL ASSISTANCE MANUAL****CHAPTER 1249. HOME HEALTH AGENCY SERVICES****GENERAL PROVISIONS****§ 1249.2. Definitions.**

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Home health agency—A public or private agency or organization, or part of an agency or organization that is licensed by the Commonwealth and certified for participation in Medicare. The agency shall be staffed and equipped to provide skilled nursing care and at least one therapeutic service—physical therapy, occupational therapy or speech pathology—or home health aides to a disabled, aged, injured or sick recipient on a part-time or intermittent basis in his residence.

Home health services—Nursing services, home health aide services, physical therapy, occupational therapy or speech pathology and audiology services provided by a home health agency and medical supplies, equipment and appliances suitable for use in the home. For the purpose of this chapter, medical supplies, equipment and appliances do not include dentures, prosthetic devices, orthoses or eyeglasses.

Residence—A place where the recipient makes his home.

(i) The term includes a personal care home, a hospice, a relative's home or a friend's home.

(ii) The term does not include a hospital, skilled nursing facility or intermediate care facility.

Usual charge—A home health agency's most frequent charge to the general public within the same calendar month.

Visit—A personal contact in the recipient's residence made for the purpose of providing a covered service by a health care worker on the staff of the home health agency or by others under contract or arrangement with the home health agency.

PROVIDER PARTICIPATION**§ 1249.42. Ongoing responsibilities of providers.**

Ongoing responsibilities of providers are established in Chapter 1101 (relating to general provisions). The home health agency shall:

(1) Have written policies concerning the acceptance of recipients and the feasibility of meeting the recipient's needs in the home care setting, which include, but are not limited to:

(i) An evaluation visit in the recipient's residence to consider the physical facilities available, attitudes of family members and the availability of family members to help in the care of the patient.

(ii) Assessment and documentation of the need for home health agency services.

(2) Establish a plan of care for the recipient that does the following:

(i) Specifies the types of services required.

(ii) Provides long range projection of likely changes in the recipient's condition.

(iii) Includes the diagnosis and a description of the recipient's functional limitations.

(iv) Includes the type and frequency of nursing services, rehabilitation and therapy services and home health aide services needed.

(v) Includes drugs, medications, special diets, activities permitted and the medical supplies, equipment and appliances necessary for the recipient's use.

PAYMENT FOR HOME HEALTH SERVICES**§ 1249.52. Payment conditions for various services.**

(a) Home health agencies are reimbursed for services furnished to MA recipients within the MA Program Fee Schedule limits if the following conditions are met and documented in the recipient's medical record:

(1) The services are ordered by and included in the plan of treatment established by the recipient's attending physician.

(2) The attending physician certifies that the recipient requires care in the home and one of the following conditions exist:

(i) The specific home health services would avoid or delay the need for treatment in a hospital or other institutional setting for the condition being treated.

(ii) The recipient has an illness, injury or mental health condition that justifies providing the services at the recipient's residence instead of a physician's office, clinic or other outpatient setting.

(3) The attending physician certifies that the recipient requires the skilled services of a nurse, physical therapist, occupational therapist or speech therapist or the services of a home health aide.

(4) A change in the treatment plan is made in writing and signed by the physician, or if given orally, is put in writing and signed by the health care professional receiving the oral order on behalf of the agency. The order shall be countersigned by the physician within 30 days of the physician's order. The following health care professionals may receive oral orders from the physician:

(i) Registered nurses.

(ii) Licensed practical nurses.

(iii) Physical therapists, occupational therapists and speech therapists. These health care professionals may only receive oral orders that pertain to these specialties.

(5) The plan is reviewed by the attending physician, in consultation with agency professional personnel at least every 60 days. The review of the recipient's plan must contain the signature of the attending physician and the date the review was performed.

(6) The Department has prior authorized the services.

(b) Home health agencies are reimbursed for the following services furnished to MA recipients:

(1) Skilled nursing care.

(2) Home health aide services.

(3) Physical and occupational therapy.

(4) Speech pathology and audiology services.

(5) Medical/surgical supplies listed in the MA Program Fee Schedule.

§ 1249.57. Payment conditions for maternal/child services.

(a) *Maternal/child services.* Home health agencies are reimbursed for maternal/child services if the following conditions are met:

(1) The service is prescribed by the recipient's attending physician.

(2) The services are reasonable and necessary to the treatment of the pregnancy, illness or injury. To be considered reasonable and necessary, the services furnished must be consistent with:

(i) The recipient's particular medical needs as ordered by the recipient's attending physician.

(ii) Accepted standards of medical practice.

(b) *Postpartum and child services.* When the mother no longer requires postpartum visits for medical reasons, but the child continues to need medical services, payment will be made for the additional visits for care of the child only if the services are ordered by the attending physician and are part of a written plan of care written specifically for the child.

§ 1249.59. Limitations on payment.

The following limits apply to payment for covered services:

(1) Only one fee will be paid per home health agency visit. Payment for a visit pertains to a separate service, by a separate caregiver, to a recipient. More than one visit can be billed to the same recipient on the same day but only for separate care.

(2) After the first 28 days of unlimited home health care, payment is limited to the number of home visits specified on the MA Program Fee Schedule. A new period of unlimited care begins following hospitalization, the onset of a new primary diagnosis or the exacerbation of an existing diagnosis which causes a change in the recipient's condition and requires a change in the plan of treatment, subject to § 1249.52(a)(4) (relating to payment conditions for various services).

(3) For prenatal and postpartum care, the following limits apply:

(i) Payment for prenatal care is limited to the number of visits specified on the MA Program Fee Schedule. Complications of pregnancy are not counted as prenatal care but are classified for invoicing purposes as acute illness.

(ii) Payment for a postpartum visit includes payment for care provided the newborn child.

(4) Payment for hypodermic or intramuscular therapy provided during a home visit is included in the visit fee. If this service is provided during a recipient's visit to the home health agency, the agency will be paid at the rate specified in the MA Program Fee Schedule.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CH. 93]

Stream Redesignations (Big Brook, et al.)

The Environmental Quality Board (Board) proposes to amend §§ 93.9b, 93.9f, 93.9g, 93.9n, 93.9o and 93.9r to read as set forth in Annex A.

This proposed rulemaking was adopted by the Board at its meeting of February 20, 2007.

A. *Effective Date*

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Richard H. Shertzer, Chief, Division of Water Quality Standards, Bureau of Water Standards and Facility Regulation, 11th Floor, Rachel Carson State Office Building, P. O. Box 8467, 400 Market Street, Harrisburg, PA 17105-8467, (717) 787-9637; or Michelle Moses, Assistant Counsel, Bureau of Regulatory Counsel, 9th Floor, Rachel Carson State Office Building, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Persons with a disability may use the AT&T Relay Service, (800) 654-5984 (TDD-users) or (800) 654-5988 (voice users). This proposed rulemaking is available on the Department of Environmental Protection (Department) website at www.depweb.state.pa.us.

C. *Statutory and Regulatory Authority*

This proposed rulemaking is being made under the authority of sections 5(b)(1) and 402 of The Clean Streams Law (35 P. S. §§ 691.5(b)(1) and 691.402), which authorize the Board to develop and adopt rules and regulations to implement the provisions of The Clean Streams Law, and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20), which grants to the Board the power and duty to formulate, adopt and promulgate rules and regulations for the proper performance of the work of the Department. In addition, section 303 of the Federal Clean Water Act (33 U.S.C.A. § 1313) sets forth requirements for water quality standards and 40 CFR 131.32 (relating to Pennsylvania) sets forth certain requirements for portions of the Commonwealth's antidegradation program.

D. *Background of the Proposed Rulemaking*

Water quality standards are in-stream water quality goals that are implemented by imposing specific regulatory requirements (such as treatment requirements and effluent limits) on individual sources of pollution.

The Department may identify candidates for redesignation during routine waterbody investigations. Requests for consideration may also be initiated by other agencies. Organizations, businesses or individuals may submit a rulemaking petition to the Board.

The Department considers candidates for High Quality (HQ) or Exceptional Value (EV) Waters and all other designations in its ongoing review of water quality standards. In general, HQ and EV waters must be maintained

at their existing quality and permitted activities shall ensure the protection of designated and existing uses.

Existing use protection is provided when the Department determines, based on its evaluation of the best available scientific information, that a surface water attains water uses identified in §§ 93.3 and 93.4 (relating to protected water uses; and statewide water uses). Examples of water uses protected include the following: Cold Water Fishes (CWF), Warm Water Fishes (WWF), HQ and EV. A final existing use determination is made on a surface water at the time the Department takes a permit or approval action on a request to conduct an activity that may impact surface water. If the determination demonstrates that the existing use is different than the designated use, the water body will immediately receive the best protection identified by either the attained uses or the designated uses. A stream will then be "redesignated" through the rulemaking process to match the existing uses with the designated uses. For example, if the designated use of a stream is listed as protecting WWF but the redesignation evaluation demonstrates that the water attains the use of CWF, the stream would immediately be protected for CWF prior to a rulemaking. Once the Department determines the water uses attained by a surface water, the Department will recommend to the Board that the existing uses be made "designated" uses, through rulemaking, and be added to the list of uses identified in § 93.9 (relating to designated water uses and water quality criteria).

These streams were evaluated in response to five petitions, as well as requests from the Department's regional and central offices as follows:

Petition

Big Brook (Lebanon Township (Wayne County) Board of Supervisors)
Brooke Evans Creek (Larry Piasecki)
Wissahickon Creek (Upper Gwynedd Township, Montgomery County)
Furnace Run (students from Conestoga Valley High School, Lancaster County)
Clarion River (Iron Furnace Chapter of Trout Unlimited, the Alliance for Wetlands and Wildlife, the Commissioners of Clarion County and Reliant Energy Mid-Atlantic Power Holding LLC)

Department

Beaver Creek
Mill Creek
Stone Creek

These proposed amendments were developed as a result of aquatic studies conducted by the Department. The physical, chemical and biological characteristics and other information on these waterbodies were evaluated to determine the appropriateness of the current and requested designations using applicable regulatory criteria and definitions. In reviewing whether waterbodies qualify as HQ or EV waters, the Department considers the criteria in § 93.4b (relating to qualifying as High Quality of Exceptional Value Waters). Based upon the data collected in these surveys, the Department recommends the designations described in this preamble and to read as set forth in Annex A.

Copies of the Department's stream evaluation reports for these waterbodies are available on the Department's website or from the contacts whose addresses and telephone numbers are listed in Section B.

The following is a brief explanation of the recommendations for each waterbody:

Big Brook—Big Brook is a tributary to Dyberry Creek in the Delaware River drainage. The basin is located in Dyberry, Oregon, Lebanon and Damascus Townships, Wayne County. The Big Brook basin is currently designated HQ-CWF and was evaluated for redesignation based on a petition submitted by the Lebanon Township (Wayne County) Board of Supervisors. The reference station was located on Sawkill Creek. Sawkill Creek is an EV stream in Pike County. Sawkill Creek was used because of its close proximity, similar drainage area and similar geologic setting. The Department recommends that the Big Brook basin be redesignated EV based on waters with biological conditions scores at all five sampling stations greater than 92% of the reference, thus satisfying the regulatory criterion for redesignation as EV. Big Brook should also retain its current designation as MF.

Mill Creek—Mill Creek is a tributary to Tulpehocken Creek in the Schuylkill River watershed. The stream is located in Jefferson and Tulpehocken Townships, Berks County. Mill Creek was inadvertently omitted from Chapter 93 (relating to water quality standards). The Department documented the presence of a coldwater fishery in the basin. Species identified include blacknose dace and creek chub. Based on the presence of cold water species, the Department recommends that the Mill Creek basin be designated as CWF. Since there are two Mill Creeks that are tributaries to Tulpehocken Creek within Berks County, and both were inadvertently omitted from Drainage List F in Chapter 93, it is proposed that the stream code and river mile location (Stream Code 01936 at RM 20.3) be added to the stream name within the Chapter 93 drainage list to clarify which Mill Creek is being added through this proposed rulemaking. The other Mill Creek, which originates and has most of its basin within Lebanon County (Stream Code 1956 at RM 29.6) needs further evaluation and will be the subject of a future rulemaking action once that use determination has been completed.

Brooke Evans Creek—Brooke Evans Creek is a tributary to the Schuylkill River in the Delaware River watershed. The candidate basin is a freestone stream in Limerick Township, Montgomery County. Brooke Evans Creek is currently designated WWF and was evaluated for redesignation in response to a petition from Larry Piasecki. Rock Run is an EV stream in the French Creek basin, which was chosen as a reference stream because both are freestone streams, have similar drainage area, are close in proximity to each other and are found in similar geologic settings. The candidate basin failed to meet the 83% comparison standard required to qualify as HQ waters; a pre-requisite for redesignation to EV waters. The Department recommends that Brooke Evans Creek basin retain its current WWF designation.

Wissahickon Creek—The Wissahickon Creek is a tributary to the Schuylkill River in the Delaware River basin. The Wissahickon Creek watershed is located in Landsdale, Montgomery, Upper Gwynedd, Horsham, Worcester, Lower Gwynedd, Whitpain, Upper Dublin,

Abington, Whitmarsh, Springfield and Cheltenham Townships, in Montgomery and Philadelphia Counties and the Boroughs of North Wales, Landsdale and Ambler. The Wissahickon Creek basin is currently designated Trout Stocking (TSF) and was evaluated based on the petition submitted by Upper Gwynedd Township. American eel have been found throughout the main stem of the Wissahickon Creek. Based on applicable regulatory criteria, the Department recommends that the Wissahickon Creek basin from its source to the Route 73 Bridge remain designated TSF. The Department also recommends that Migratory Fishes (MF) designation be added due to the presence of the migratory American eel.

Beaver Creek—Beaver Creek is a tributary to the East Branch Brandywine Creek in the Delaware River Basin and flows through East and West Brandywine and Caln Townships, Chester County. The designated use of the upper Beaver Creek basin (upstream of the east Brandywine/Caln Township border) is not defined in Chapter 93, whereas downstream of the referenced border, the designated use is TSF, MF. To correct this omission, Department and Fish and Boat Commission staff members conducted an evaluation which extended to the entire basin. The presence of a reproducing trout population was confirmed by these surveys. American eel were found at all five sample stations, including upstream of the impoundment at Bondsville Road, which indicates that the impoundment is not a barrier to the migration of this species. Based on these survey findings, the Department recommends that the Beaver Creek basin be designated CWF, MF.

Stone Creek—Stone Creek is a tributary to Dunning Creek in East St. Clair Township, Bedford County and it is included in the Susquehanna River Basin. It was determined that during the compilation of Chapter 93, the Stone Creek basin was not assigned a designated use. The Department recommends that the Stone Creek basin from its source to its confluence with UNT 14908 at RM 0.34 be designated WWF as these stream segments are normally dry during the summer months. The Department recommends that the remainder of Stone Creek basin be designated CWF based upon temperature data and the established use of these waters by the Reynoldsdale Hatchery for the maintenance and propagation of brook trout.

Furnace Run—Furnace Run is located in the Susquehanna River Basin. Furnace Run originates in Heidelberg Township, Lebanon County and flows through Elizabeth and Clay Townships, Lancaster County where it enters Middle Creek. Furnace Run basin is currently designated TSF, except for Segloch Run, a tributary which is designated EV. Furnace Run basin was evaluated for redesignation based on a petition that was submitted by students from Conestoga Valley High School. The presence of an established, naturally reproducing brook trout population was documented in the headwaters of Furnace Run. The HQ integrated benthic macroinvertebrate scoring criterion of greater than 83% was met for the headwaters of Furnace Run. Segloch Run is an EV stream and was used as reference because it is an adjacent watershed with the same geologic setting and similar drainage area to the upper reaches of Furnace Run. The Department recommends that the protected use of the upper portion of the Furnace Run basin from its source to the SR 1026 road crossing be designated HQ-CWF. The lower portion of Furnace Run downstream from SR 1026 should remain TSF.

Clarion River—The Clarion River is a large tributary to the Allegheny River located in the Ohio River basin. The Clarion River mainstem from the confluence of the East and West Branches downstream to the mouth is currently designated CWF. The section of the Clarion River from the inlet of Piney Lake to the mouth was evaluated for redesignation based on the petition submitted jointly by the Iron Furnace Chapter of Trout Unlimited, the Alliance for Wetlands and Wildlife, the Commissioners of Clarion County and Reliant Energy Mid-Atlantic Power Holding, LLC. The segment of the Clarion River that is being considered for redesignation flows through or borders Clarion, Highland, Monroe, Paint, Piney, Beaver, Licking, Perry and Richland Townships, Clarion County and is located in close proximity to Clarion and Calensburg Boroughs. Species composition data from the Clarion River in and below the impoundment created by Piney Dam reveals that WWF species are predominant. Data was collected which indicates that this reach of the Clarion River frequently exceeds CWF criteria. The Department recommends that the designated use of the Clarion River from the inlet of Piney Lake downstream to the mouth be changed from CWF to WWF. All tributaries to this reach will retain their current designation.

E. *Benefits, Costs and Compliance*

Benefits—Overall, this Commonwealth, its citizens and natural resources will benefit from this proposed rulemaking because it provides the appropriate level of protection to preserve the integrity of existing and designated uses of surface waters in this Commonwealth. Protecting water quality provides economic value to present and future generations in the form of clean water for drinking, recreational opportunities and aquatic life protection. It is important to realize these benefits to ensure opportunity and development continue in a manner that is environmentally, socially and economically sound. Maintenance of water quality ensures its future availability for all uses.

Compliance costs—The proposed rulemaking may impose additional compliance costs on the regulated community. These proposed amendments are necessary to improve total pollution control. The expenditures necessary to meet new compliance requirements may exceed that which is required under existing regulations.

Persons conducting or proposing activities or projects must comply with the regulatory requirements regarding designated and existing uses. Persons expanding a discharge or adding a new discharge point to a stream could be adversely affected if they need to provide a higher level of treatment to meet the designated and existing uses of the stream. These increased costs may take the form of higher engineering, construction or operating cost for wastewater treatment facilities. Treatment costs are site-specific and depend upon the size of the discharge in relation to the size of the stream and many other factors. It is therefore not possible to precisely predict the actual change in costs. Economic impacts would primarily involve the potential for higher treatment costs for new or expanded discharges to streams that are redesignated. The initial costs resulting from the installation of technologically advanced wastewater treatment processes may be offset by potential savings from and increased value of improved water quality through more cost-effective and efficient treatment over time.

Compliance assistance plan—The proposed rulemaking has been developed as part of an established program that has been implemented by the Department since the early 1980s. The proposed amendments are consistent with and based on existing Department regulations. The proposed amendments extend additional protection to selected waterbodies that exhibit exceptional water quality and are consistent with antidegradation requirements established by the Federal Clean Water Act and The Clean Streams Law. All surface waters in this Commonwealth are afforded a minimum level of protection through compliance with the water quality standards, which prevent pollution and protect existing water uses.

The proposed amendments will be implemented through the Department's permit and approval actions. For example, the National Pollutant Discharge Elimination System (NPDES) permitting program bases effluent limitations on the use designation of the stream. These permit conditions are established to assure water quality criteria are achieved and designated and existing uses are protected. New and expanded dischargers with water quality based effluent limitations are required to provide effluent treatment according to the water quality criteria associated with existing uses and revised designated water uses.

Paperwork requirements—The proposed amendments should have no direct paperwork impact on the Commonwealth, local governments and political subdivisions or the private sector. These proposed amendments are based on existing Department regulations and simply mirror the existing use protection that is already in place for these streams. There may be some indirect paperwork requirements for new or expanding dischargers to streams upgraded to HQ or EV. For example, NPDES general permits are not currently available for new or expanded discharges to these streams. Thus, an individual permit and its associated paperwork would be required. Additionally, paperwork associated with demonstrating social and economic justification may be required for new or expanded discharges to certain HQ waters, and consideration of nondischarge alternatives is required for all new or expanded discharges to EV and HQ waters.

F. *Pollution Prevention*

The water quality standards and antidegradation program are major pollution prevention tools because the objective is to prevent degradation by maintaining and protecting existing water quality and existing uses. Although the antidegradation program does not prohibit new or expanded wastewater discharges, nondischarge alternatives are encouraged and required when environmentally sound and cost effective. Nondischarge alternatives, when implemented, remove impacts to surface water and reduce the overall level of pollution to the environment by remediation of the effluent through the soil.

G. *Sunset Review*

This proposed rulemaking will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 27, 2007, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate and House Environmental Resources and Energy Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

I. *Public Comments*

Written comments—Interested persons are invited to submit comments, suggestions or objections regarding the proposed rulemaking to the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477 (ex-

press mail: Rachel Carson State Office Building, 16th Floor, 400 Market Street, Harrisburg, PA 17101-2301). Comments submitted by facsimile will not be accepted. Comments must be received by the Board by June 26, 2007. Interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by June 26, 2007. The one page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final rulemaking will be considered. If sufficient interest is generated as a result of this publication, a public hearing will be scheduled at an appropriate location to receive additional comments.

Electronic comments—Comments may be submitted electronically to the Board at RegComments@state.pa.us. A subject heading of the proposal and return name and address must be included in each transmission. Comments submitted electronically must also be received by the Board by June 26, 2007.

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 63]

Fishing; American Eels

The Fish and Boat Commission (Commission) proposes to amend Chapter 63 (relating to general fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code).

A. Effective Date

The proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the proposed rulemaking, contact Laurie E. Shepler, Esq., P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7815. This proposed rulemaking is available on the Commission's website at www.fish.state.pa.us.

C. Statutory Authority

The proposed addition of § 63.49 (relating to reporting by dealers of American eels) is published under the statutory authority of section 2102 of the code (relating to rules and regulations).

D. Purpose and Background

The proposed rulemaking is designed to improve, enhance and update the Commission's fishing regulations. The specific purpose of the proposed rulemaking is described in more detail under the summary of proposal.

E. Summary of Proposal

At its February 2006 meeting in Arlington, VA, the American Eel Management Board of the Atlantic States Marine Fisheries Commission (ASMFC) approved Addendum I to the Interstate Fishery Management Plan for American Eel with member states implementing either Option 1A or Option 2 of the Addendum. The goal of Addendum I is to provide accurate catch and effort data for use in future stock assessments. Option 1A of the Addendum requires implementation of a license and reporting program for commercial fisheries for American eel. Option 2 requires implementation of a dealer permit with a mandatory purchase reporting requirement. This will provide an important validation of the catch and effort data being reported by harvesters. Because there is not a commercial eel fishery in this Commonwealth, Option 1A does not apply. However, there are approximately 40 American eel dealers who are registered as dealers of live aquatic animals with the Department of Agriculture (Department). Therefore, the Commission proposes to implement Option 2 to address dealer reporting.

The Department regulates aquaculture in this Commonwealth. Under 3 Pa.C.S. § 4222 (relating to registration for dealers of live aquatic animals), the Department requires the registration of dealers of live aquatic animals. Chapter 42 of 3 Pa.C.S. (relating to Aquacultural Development Law) (act) further provides that distribution by registered dealers is limited to species of fish approved by the Department. The Department defers to a list of species of fish that the Commission approved for propagation in open systems. The Commission maintains this list

and updates it annually prior to January 31. The American eel is on this Commission list.

Under the act, registered dealers are subject to certain reporting and recordkeeping requirements. However, the act's reporting and recordkeeping requirements do not extend to the type of reports that the ASMFC is seeking. In addition, the act's provisions do not apply to dealers that are not required to be registered. Therefore, the Commission proposes a regulation requiring dealers of American eels to report the amounts of American eels that they buy and sell.

Reporting will be done on forms developed by the Commission and provided to the dealers by the Commission. Required information will include the date of purchase or sale, harvester, pounds purchased or sold by life stage, purpose of purchase or sale (bait, food, and the like), amount exported and other information the Commission considers necessary. This information will be required on the basis of individual purchases from harvesters or individual sales. Reports will be provided on a quarterly basis and be provided to the Commission by the 10th of the month in the next quarter. Reports will document purchases or sales for the preceding quarter on a monthly basis. The Commission will in turn maintain a database in a format acceptable to the ASMFC and provide the information on a schedule established by the ASMFC. The Commission proposes to add § 63.49 to read as set forth in Annex A.

F. Paperwork

The proposed rulemaking will increase paperwork and will create new paperwork requirements. Dealers of American eels in this Commonwealth will be required to provide quarterly reports to the Commission on forms developed by the Commission.

G. Fiscal Impact

The proposed rulemaking will have no adverse fiscal impact on the Commonwealth's political subdivisions. The proposed rulemaking will impose no new costs on the private sector or the general public. The proposed rulemaking, however, will result in a nominal increase in program costs to the Commonwealth. The costs incurred by the Commonwealth include development of the form, creation of a database, entry of data from the forms received each quarter into the database and preparation of an annual report.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed rulemaking to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.state.pa.us/Fish/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in another manner will not be accepted.

CHAPTER 63. GENERAL FISHING REGULATIONS

(Editor's Note: The following section is new. It has been printed in regular type to enhance readability.)

§ 63.49. Reporting by dealers of American eels.

Dealers of American eels shall report to the Commission the amount of American eels that they buy and sell.

(1) Reports shall be provided on forms prescribed by the Commission on a quarterly basis or as otherwise established by the Commission. Data to be reported includes the following:

- (i) The date of purchase or sale.
- (ii) The origin or destination of eels, pounds or number purchased or sold by life stage (glass eel, elvers, yellow eel, silver eel).
- (iii) The purpose of purchase or sale (bait, food, and the like).
- (iv) The amount exported.
- (v) Other information the Commission requires.

(2) Dealers shall present these reports upon the request of an officer authorized to enforce the code. Dealers shall allow officers authorized to enforce the code unrestricted access to the dealer's place of business during normal business hours to inspect the reports.

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 421a, 423a, 425a, 427a, 431a, 436a, 438a, 439a AND 440a]

General Provisions; Applications; Licensed Entity Representatives; Manufacturer Licenses; Supplier Licenses; Horsemen's Organizations; Labor Organizations; Junket Enterprises; Management Companies

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1202(b)(9), (13)—(20) and (23), 1202.1(b) and (e), 1317, 1317.1, 1321(a)(1) and (2), 1325, 1326, 1331 and 1406, proposes to adopt Chapters 421a, 423a, 425a, 427a, 431a, 436a, 438a, 439a and 440a to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

Under 4 Pa.C.S. § 1203 (relating to temporary regulations), the Board initially adopted temporary regulations in Chapters 421, 423, 427 and 431 at 35 Pa.B. 4045 (July

16, 2005), Chapter 425 at 37 Pa.B. 21 (January 6, 2007), Chapter 436 at 36 Pa.B. 3409 (July 1, 2006), Chapter 438 at 36 Pa.B. 3951 (July 22, 2006), Chapter 439 at 35 Pa.B. 6619 (December 3, 2005) and Chapter 440 at 36 Pa.B. 679 (February 4, 2006). Under 4 Pa.C.S. Part II (relating to gaming), the temporary regulations expire on July 5, 2007.

The Board is proposing to replace the temporary regulations with the permanent regulations in this proposed rulemaking.

Explanation of Chapters in this Proposed Rulemaking

Chapter 421a (relating to general provisions) is an updated version of temporary Chapter 421. A number of revisions were made to improve clarity, increase parallel construction and remove redundant provisions.

Section 421a.1 (relating to general requirements) contains general requirements that apply to all applicants. It includes items such as a requirement that applicants consent to investigations, agree to abide by provisions of 4 Pa.C.S. Part II and the Board's regulations and waive liability as to the Board and other State agencies pertaining to disclosure of application information. It also requires applicants to report suspected violations of 4 Pa.C.S. Part II, to report changes in information provided in its application and to provide additional information requested by the Board. A provision that appears in § 435.1(l) (relating to general provisions) has been added to this section as subsection (j).

Temporary § 421.2 has been deleted. This section listed the types of licenses, permits certifications and registrations issued by the Board, but contained no regulatory requirements.

Section 421a.2 (relating to disqualification criteria) contains criteria the Board may use to deny an initial or renewal application or suspend or revoke a license, permit, certification or registration. Included in the list are failure to prove that the applicant is qualified; violations of 4 Pa.C.S. Part II or the Board's regulations; misrepresentations of facts in the application; or violations of state or Federal laws.

Section 421a.3 (relating to investigations; supplementary information) provides that the Board may make inquires or conduct investigations of applicants for or holders of a license, permit, certification or registration. It also requires applicants for or holders of a license, permit, certification or registration to cooperate in these investigations.

Section 421a.4 (relating to presuitability determination) outlines the procedures for conducting presuitability determinations of potential purchasers of an applicant for or holder of a license.

Section 421a.5 (relating to undue concentration of economic opportunities and control) restates the provision in 4 Pa.C.S. § 1102(5) (relating to legislative intent) to prevent undue concentration of economic opportunities and control in gaming. It specifies the opportunities for control the Board will evaluate and the criteria the Board will examine to determine the potential for undue concentration.

Chapter 423a (relating to applications) replaces temporary Chapter 423. It contains provisions that pertain to all applications filed with the Board.

Section 423a.1 (relating to general requirements) contains general provisions including: requirements that applications be on Board forms; that applicants file supplemental forms required and additional information

requested by the Board; and that all information be true and complete. It also specifies that some documents shall be sworn to or notarized; English translations or summaries shall be provided for documents in a foreign language; applications will be denied if the applicant fails to cooperate in investigations; and application materials submitted to the Board become the property of the Board.

Section 423a.2 (relating to preliminary submission review) is a new section that outlines the process for preliminary review of applications, allows the applicant an opportunity to provide missing materials and requires the return of an incomplete application to the applicant.

Section 423a.3 (relating to application processing) outlines the general process that will apply to the review of applications after they have been accepted for filing. It also includes provisions requiring the Board to publish a list of applications and actions regarding the applications and that the information provided in applications will be part of the evidentiary record that the Board will use to render its decision.

Section 423a.4 (relating to deficient applications) outlines the process for notification of deficiencies, how an applicant can cure deficiencies and that the application may be immediately denied if the deficiencies are not corrected.

Section 423a.5 (relating to application withdrawal) requires an applicant to file a petition for withdrawal which specifies the reasons for the withdrawal. It also permits the Board to grant a petition for withdrawal with or without prejudice and bars reapplication by applicants whose withdrawal was granted with prejudice for 5 years. Additionally, this section allows the Board to convert an incomplete application to a petition for withdrawal and that fees and costs related to the application shall be paid before a petition for withdrawal will be approved.

Section 423a.6 (relating to license, permit, registration and certification issuance and Statement of Conditions) specifies that an application will not be issued until all fees have been paid and all conditions set by the Board have been fulfilled. It also provides that the Board may require that a Statement of Conditions be signed by an entity's executive officer and that violation of any of the conditions in the Statement of Conditions may result in the imposition of administrative sanctions by the Board.

Section 423a.7 (relating to restriction on application after denial or revocation) imposes a 5-year restriction on reapplication by an applicant whose application was denied or by holders of a license, permit, certification or registration if the license, permit, certification or registration was revoked. It establishes a process to petition for reapplication after 2 years and specifies what must be in the petition. If a petition for early reapplication is denied, the petitioner may not file another request for early reconsideration for at least 1 year.

Chapter 425a (relating to licensed entity representatives) replaces temporary Chapter 425. Like the temporary regulations, this chapter requires licensed entity representatives to file a Licensed Entity Registration Form and update their information on an on-going basis. It also requires the Board to maintain a list of licensed entity representatives that will be available at its offices and on the Board's website.

Chapter 427a (relating to manufacturers) replaces temporary Chapter 427. It has been reorganized to improve the chapter's clarity and to incorporate changes made in the act of November 1, 2006 (P. L. 1243, No. 135) (Act 135).

Section 427a.1 (relating to manufacturer general requirements) specifies who must obtain a manufacturer license; that an applicant for or holder of a manufacturer license cannot apply for or hold a slot machine or supplier license; that a licensed manufacturer or manufacturer designee may supply or repair the manufacturer's equipment; that a licensed manufacturer can contract with a licensed supplier to supply or repair the manufacturer's equipment; and that no limitation will be placed on the number of manufacturer licenses issued or when applications for a manufacturer license may be filed.

Section 427a.2 (relating to manufacturer license applications and standards) lists what is required from an applicant for a manufacturer's license. An applicant must submit: the Manufacturer Application and Disclosure Information Form; the application fee; a diversity plan; applications for key employees and principals; Securities and Exchange Commission (SEC) filings; an affirmation that the applicant and its affiliates, intermediaries, subsidiaries or holding companies does not hold an interest in a slot machine applicant or licensee; and an affirmation that the applicant has developed and implemented safeguards to prevent a violation of 4 Pa.C.S. § 1513 (relating to political influence). Manufacturer applicants are also required to provide additional information requested by the Board, comply with Chapters 421a and 423a, demonstrate the ability to produce, repair or modify slot machines or associated equipment and pay additional cost regarding background investigations of the applicant. Additionally, this chapter lists the criteria the Board will use to evaluate these applications.

Section 427a.3 (relating to manufacturer license term and renewal) is a new section that specifies that a manufacturer's license is good for 1 year, that renewal applications must be submitted 6 months prior to the expiration of the license and that a license for which a renewal application and fee has been received will remain in effect for up to an additional 6 months until the Board acts on the renewal application.

Section 427a.4 (relating to alternative manufacturer licensing standards) lays out the process for an alternative review of a manufacturer's license application based on the applicant's licensure in another jurisdiction. It requires submission of the application materials filed in the other jurisdiction, a copy of the other license or order approving the license and disclosure of any enforcement actions pending in the other jurisdiction.

Section 427a.5 (relating to responsibilities of a manufacturer) sets forth the responsibilities of licensed manufacturers including requirements to provide information requested by the Board; report changes in circumstances that could affect the licensee's eligibility for the license; and provide copies of SEC filings within 30 days of submission of the filings to the SEC. This section also specifies which employees must obtain occupational permits and clarifies what a slot machine license may do in terms of servicing or repairing the manufacturer's slot machines or associated equipment under a contract with the manufacturer. It also permits a slot machine licensee to perform routine maintenance without requiring an agreement between the slot machine licensee and the manufacturer.

Chapter 431a (relating to supplier licenses) replaces temporary Chapter 431. It has been reorganized to improve the clarity of the chapter and to incorporate changes made in Act 135.

Section 431a.1 (relating to supplier general requirements) specify: who must obtain a supplier license; that

an applicant for or holder of a supplier license can't apply for or hold a slot machine or manufacturer license; and that no limitation will be placed on the number of supplier licenses issued or when applications for a supplier license may be filed.

Section 431a.2 (relating to supplier license applications and standards) lists what is required from an applicant for a supplier's license. An applicant must submit: the Supplier Application and Disclosure Information Form; the application fee; a diversity plan; applications for key employees and principals; SEC filings; an affirmation that the applicant and its affiliates, intermediaries, subsidiaries or holding companies does not hold an interest in a manufacturer or slot machine applicant or licensee; and an affirmation that the applicant has developed and implemented safeguards to prevent a violation of 4 Pa.C.S. § 1513. Supplier applicants are also required to provide additional information requested by the Board, comply with Chapters 421a and 423a, demonstrate that the applicant has or will establish a place of business in this Commonwealth; and pay additional cost related to background investigations of the applicant. Additionally, this chapter lists the criteria the Board will use to evaluate these applications.

Section 431a.3 (relating to supplier license term and renewal) is a new section that specifies that a supplier's license is good for 1 year, that renewal applications must be submitted 2 months prior to the expiration of the license and that a license for which a renewal application and fee has been received will remain in effect for up to an additional 6 months until the Board acts on the renewal application.

Section 431a.4 (relating to responsibilities of a supplier) contains supplier responsibilities. These include requirements to: establish a place of business in this Commonwealth within 1 year; secure assets or lines of credit to support the supplier's operations; and submit agreements between the supplier and any manufacturer or slot machine licensee and detailed business plans. This section also requires a supplier to: provide information requested by the Board; report changes in circumstances that could affect the licensee's eligibility for the license; and provide copies of SEC filings within 30 days of submission of the filings to the SEC. It also specifies which employees of the supplier are required to obtain an occupation permit and what activities are permissible for slot machine and manufacturer licensees to perform.

Section 431a.5 (relating to supplier log books) requires suppliers to maintain a log book to register individuals who enter the supplier's principal place of business and a facility where slot machines are stored. It specifies what information must be entered in the log book and that the log book must be readily accessible for inspection by the Board, the Department of Revenue or the Pennsylvania State Police.

Chapter 436a (relating to horsemen's organizations) replaces temporary Chapter 436. The revisions in Chapter 436a were primarily editorial in nature.

Section 436a.1 (relating to definitions) contains definitions of terms that are only used in this chapter.

Section 436a.2 (relating to horsemen's organization registration) requires each horsemen's organization to file a Horsemen's Organization Registration Statement. This section also requires applicants to comply with Chapters 421a and 423a. It specifies that registrations will be valid for 4 years; that renewal applications must be filed at least 120 days prior to expiration; and that if a renewal

application and fee has been received, the current registration shall remain in effect until the Board acts on the renewal application.

Section 436a.3 (relating to permitting of officers, directors, representatives and fiduciaries) requires each officer, director or representative to file a Horsemen's Permit Application Form. This section also requires applicants to comply with Chapters 421a and 423a. It specifies that permits will be valid for 1 year; that renewal applications must be filed at least 60 days prior to expiration; and that if a renewal application and fee has been received, the current permit shall remain in effect until the Board acts on the renewal application. It also precludes any officer, director or representative who has been denied a permit from participating in any activity involving gaming funds allocated to the horsemen's organization. Additionally, third party providers of health and benefit plans and, under certain conditions, attorneys and accountants are not required to obtain a permit.

Section 436a.4 (relating to responsibilities of horsemen's organizations, officers, directors, representatives and fiduciaries) outlines the responsibilities of horsemen's organizations and officers, directors or representatives. These include ensuring that all funds are used for the benefit of all horsemen, that adequate records are maintained, that annual independent audits are conducted and that copies of the audits are submitted to the Board. These audits will be available for public inspection at the Board's Harrisburg office. A new provision was added to this section to clarify that these funds can not be used for the personal benefit of any officer, director or representative except to the extent that the benefit is available to all program participants.

Section 436a.5 (relating to fiduciaries) specifies fiduciaries' responsibilities which include: ensuring that funds are used for the benefit of the horsemen; managing health and benefit plans; acting in a prudent manner; complying with any limitations on investments; and funding benefits as required by law or plan rules. This section also requires the filing of quarterly reports with the Board and providing documents requested as part of an investigation.

Section 436a.6 (relating to health and pension benefit plans) requires that health and benefit plan contracts must be submitted to the Board at least 90 days prior to the effective dates and that they cannot go into effect until they have been approved by the Board. It also requires administrative costs to be reasonable and sets a 15% limitation on what the Board will consider to be reasonable.

Chapter 438a (relating to labor organizations) replaces temporary Chapter 438.

Section 438a.1 (relating to definitions) contains definitions of terms that are only used in this chapter.

Section 438a.2 (relating to labor organization notification) requires each labor organization to file a Labor Organization Form and file updates within 30 days of changes.

Section 438a.3 (relating to permitting of labor organization officers, agents and management employees) requires every labor organization officer, agent and management employee to file a Labor Organization Permit Application Form with the permit fee and comply with Chapters 421a and 423a. It also provides that these permits will be valid for 1 year; that renewal applications must be filed at least 60 days prior to expiration; and that if a renewal

application and fee has been received, the current permit shall remain in effect until the Board acts on the renewal application.

Chapter 439a (relating to junket enterprises) replaces temporary Chapter 439.

Section 439a.1 (relating to definitions) contains definitions of terms that are only used in this chapter.

Section 439a.2 (relating to junket enterprise general requirements) specifies who can file a junket enterprise application and that services cannot be provided until a license has been obtained.

Section 439a.3 (relating to junket enterprise license applications) requires an applicant to submit: a Junket Enterprise License Form; the application fee; a Junket Enterprise License Form for each principal entity; and a Junket Enterprise Representative Registration for each principal who is an individual and each key employee. This section also requires applicants to provide additional information requested by the Board, comply with Chapters 421a and 423a and pay additional cost related to background investigations of the applicant.

Section 439a.4 (relating to junket enterprise license term and renewal) is a new section that specifies that a junket enterprise license is good for 1 year, that renewal applications must be submitted 60 days prior to the expiration of the license and that a license for which a renewal application and fee has been received will remain in effect until the Board acts on the renewal application.

Section 439a.5 (relating to junket representative general requirements) requires junket representatives to be registered and employed by a licensed junket enterprise before they can organize junkets and that a junket representative can only be employed by one junket enterprise at a time.

Section 439a.6 (relating to junket representative registration) requires a junket representative applicant to submit a Junket Representative Registration Form and application fee. The applicant is also required to provide additional information requested by the Board and comply with Chapters 421a and 423a. Additionally, it specifies the criteria the Board will use to determine whether or not to grant the application, allows junket enterprises to file an application on behalf of an individual and specifies that registrations do not need to be renewed and are nontransferable.

Section 439a.7 (relating to junket schedules) requires junket schedules and changes thereto to be submitted to the Bureau of Corporate Compliance and Internal Controls. It lists the information to be included in the schedule and the time frames for the submissions.

Section 439a.8 (relating to junket arrival reports) requires the preparation of junket arrival reports, specifies what should be in the reports and when they should be prepared and that the reports must be maintained on premises and made available for inspection.

Section 439a.9 (relating to junket final reports) requires preparation of junket final reports, specifies what should be in the reports and when they should be prepared and that the reports must be maintained on premises and made available for inspection.

Section 439a.10 (relating to monthly junket reports) requires the preparation of monthly junket reports, requires submission of the reports to the Bureau of Corporate Compliance and Internal and requires the reports to be maintained on premises and made available for inspection.

Section 439a.11 (relating to purchase of patron lists) requires the preparation of a report pertaining to the purchase of patron lists, specifies what must be in the report and requires submission of the report to the Bureau of Corporate Compliance and Internal Controls no later than 7 days after the list is received.

Section 439a.12 (relating to junket enterprise and representative prohibitions) contains a list of activities that junket enterprises and representatives may not participate in.

Chapter 440a (relating to management companies) replaces temporary Chapter 440.

Section 440a.1 (relating to general requirements) requires that a management company obtain a license before it provides services and that a management company its affiliates, intermediaries, subsidiaries or holding companies may not apply for or hold a manufacturer or supplier license.

Section 440a.2 (relating to applications) requires a management company to: file the applicable Category 1, 2 or 3 slot machine license application and the applicable fee; promptly provide information requested by the Board; and comply with Chapters 421a and 423a.

Section 440a.3 (relating to management company license and term and renewal) provides that management company licenses will be valid for 1 year; that renewal applications must be filed at least 60 days prior to expiration; and that if a renewal application and fee has been received, the current license shall remain in effect until the Board acts on the renewal application.

Section 440a.4 (relating to management company responsibilities) states that the management company will be deemed to be an agent for violations and that the management company will be jointly and severally liable for violations of the slot machine licensee.

Section 440a.5 (relating to management contracts) specifies that management contracts and amendments must be submitted to and approved by the Board before they can go into effect. This section also requires submission of a business plan, lists a number of provisions that must be in each contract and requires contracts to clearly enumerate specific responsibilities in various areas of operation.

Affected Parties

This proposed rulemaking imposes requirements on applicants for and holders of slot machine licenses, licensed entity representative registrations, manufacturer licenses, supplier licenses, horsemen permits and registrations, labor organization permits and management company licenses.

Fiscal Impact

Commonwealth. This proposed rulemaking will impose costs on the Board regarding processing initial applications and renewals, conducting investigations and issuing licenses, permits and registrations. When applicable, the Pennsylvania State Police will also experience costs associated with investigations of applicants.

Political subdivisions. This proposed rulemaking will have no significant fiscal impact on political subdivisions of the Commonwealth.

Private sector. Applicants for the various licenses, permits and registrations will incur costs to complete the applicable applications and pay the applicable application fees and additional costs associated with investigations.

General public. This proposed rulemaking will have no significant fiscal impact on the general public.

Paperwork Requirements

Applicants for and holders of licensed entity representative registrations, manufacturer licenses, supplier licenses, horsemen permits and registrations, labor organization permits and management company licenses will be required to complete the applicable initial application and renewal forms.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin* to Paul Resch, Secretary, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Regulation #125-61.

Contact Person

The contact person for questions about this proposed rulemaking is Richard Sandusky, Director of Regulatory Review, (717) 214-8111.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 26, 2007, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Annex A

TITLE 58. RECREATION

PART VII. GAMING CONTROL BOARD

Subpart B. LICENSING, PERMITTING, CERTIFICATION AND REGISTRATION

CHAPTER 421a. GENERAL PROVISIONS

Sec.

- 421a.1. General requirements.
- 421a.2. Disqualification criteria.
- 421a.3. Investigations; supplementary information.
- 421a.4. Presuitability determination.
- 421a.5. Undue concentration of economic opportunities and control.

§ 421a.1. General requirements.

(a) A license, permit, certification or registration issuance, renewal or other approval issued by the Board is a revocable privilege. No person holding a license, permit, certification or registration, renewal, or other approval is deemed to have any property rights.

(b) By filing an application with the Board, an applicant consents to an investigation of the applicant's general suitability, financial suitability, character, integrity and ability to engage in, or be associated with, gaming activity in this Commonwealth to the extent deemed appropriate by the Board. The investigation may include a background investigation of the applicant, employees of the applicant, all persons having a controlling interest in the applicant and other persons as determined by the Board.

(c) By filing an application for a license, permit, certification or registration issuance, renewal or other approval from the Board, an applicant agrees to:

(1) Abide by the provisions of the act and this part.

(2) Waive liability as to the Board, its members, its employees, the Pennsylvania State Police, the Commonwealth and its instrumentalities for damages resulting from disclosure or publication in any manner, other than a willfully unlawful disclosure or publication of material or information acquired during an investigation of the applicant.

(3) Consent to execute releases requested by the Board.

(d) An applicant for or holder of a license, permit, certification or registration may not give or offer to give, compensation or reward or a percentage or share of the money or property played or received through gaming to a public official or public employee in consideration for or in exchange for obtaining a license, permit, certification or registration issued under this part.

(e) An applicant for or holder of a license, permit, certification or registration shall have a duty to inform the Bureau of an action which the applicant for or holder of a license, permit, certification or registration believes would constitute a violation of the act. A person who so informs the Bureau may not be discriminated against by an applicant for or holder of a license, permit, certification or registration for supplying the information.

(f) An applicant for a license, permit, certification or registration shall have a continuing duty to inform the Board of changes in the information supplied to the Board in or in conjunction with the original or renewal application or a change in circumstances that may render the applicant for a license, permit, certification or registration ineligible, unqualified or unsuitable to hold a license, permit, certification or registration under the standards and requirements of the act and of this part.

(g) An applicant for a license, permit, certification or registration shall have a continuing duty to promptly provide information requested by the Board relating to its application or regulation and cooperate with the Board in investigations, hearings and enforcement and disciplinary actions.

(h) An application submitted to the Board constitutes the seeking of a privilege. An applicant shall at all times have the burden of proof. It shall be the applicant's affirmative responsibility to establish the facts supporting its suitability under the act and this part by clear and convincing evidence, including why a license, permit, certification or registration should be issued or renewed by the Board.

(i) A person holding a license, permit, certification or registration issued by the Board who violates a provision of the act or this part may be held jointly or severally liable for the violation.

(j) The Board will maintain lists of applicants for licenses, permits, certifications or registrations under this part as well as a record of the actions taken with respect to each applicant. The lists will be posted on the Board's website (www.pgcb.state.pa.us).

§ 421a.2. Disqualification criteria.

(a) An application for issuance or renewal of a license, permit, certification or registration may be denied, or a license, permit, certification or registration may be suspended or revoked if:

(1) The applicant has failed to prove to the satisfaction of the Board that the applicant or any of the persons required to be qualified, are in fact qualified in accordance with the act and with this part.

(2) The applicant for or holder of a license, permit, certification or registration has violated the act or this part.

(3) The applicant for or holder of a license, permit, certification or registration is disqualified under the criteria in the act.

(4) The applicant for or holder of a license, permit, certification or registration has materially departed from a representation made in the application for licensure or renewal.

(5) The applicant for or holder of a license, permit, certification or registration has failed to comply with applicable Federal or state laws or regulations.

(b) A denial of an application or nonrenewal, suspension or revocation of a license, permit, certification or registration may be made for a sufficient cause consistent with the act and the public interest.

§ 421a.3. Investigations; supplementary information.

(a) The Board may make an inquiry or investigation concerning an applicant for or holder of a license, permit, certification or registration or any affiliate, intermediary, subsidiary or holding company of the applicant for or holder of a license, permit, certification or registration as it may deem appropriate either at the time of the initial application or at any time thereafter.

(b) It shall be the continuing duty of applicants and a holder of a license, permit, certification or registration to provide full cooperation to the Board in the conduct of an inquiry or investigation and to provide supplementary information requested by the Board.

§ 421a.4. Presuitability determination.

(a) Upon request from an eligible applicant for or holder of a license and upon receipt of an application and appropriate fees, the Board will make an inquiry or investigation of a potential purchaser of an applicant for or holder of a license, certification or registration as if the purchaser were an eligible applicant. The eligible appli-

cant for or holder of a license may petition the Board, on behalf of the purchaser, for a Statement of Investigation under § 493.4 (relating to petitions generally).

(b) The applicant for or holder of a license making the request shall reimburse the costs associated with the inquiry or investigation upon request of the Board.

(c) This inquiry or investigation does not replace the application process required under the act and this part which is a requirement for licensure, certification or registration.

§ 421a.5. Undue concentration of economic opportunities and control.

(a) In accordance with section 1102(5) of the act (relating to legislative intent), a slot machine license, management company license or other license may not be issued to or held by a person if the Board determines that the issuance or holding will result in the undue concentration of economic opportunities and control of the licensed gaming facilities in this Commonwealth by that person.

(b) For purposes this section, "undue concentration of economic opportunities and control of the licensed gaming facilities" means that a person:

(1) Would have actual or potential domination of the gaming market in this Commonwealth contrary to the legislative intent.

(2) Could substantially impede or suppress competition among licensees.

(3) Could adversely impact the economic stability of the gaming industry in this Commonwealth.

(c) In determining whether the issuance or holding of a license by a person will result in undue concentration of economic opportunities and control of the licensed gaming facilities in this Commonwealth, the Board will consider the following criteria:

(1) The percentage share of the market presently controlled by the person in each of the following categories:

(i) Total number of slot machine licenses available under section 1307 of the act (relating to number of slot machine licenses).

(ii) Total gaming floor square footage.

(iii) Number of slot machines.

(iv) Gross terminal revenue.

(v) Net terminal revenue.

(vi) Total amount of money, vouchers and electronic money transfers through the use of a cashless wagering system made to slot machines.

(vii) Number of persons employed by the licensee.

(2) The estimated increase in the market share in the categories in paragraph (1) if the person is issued or permitted to hold the license.

(3) The relative position of other persons who hold licenses, as evidenced by the market share of each person in the categories in paragraph (1).

(4) The current and projected financial condition of the industry.

(5) Current market conditions, including level of competition, consumer demand, market concentration, any consolidation trends in the industry and other relevant characteristics of the market.

(6) Whether the gaming facilities held or to be held by the person have separate organizational structures or other independent obligations.

(7) The potential impact of licensure on the projected future growth and development of the gaming industry in this Commonwealth and the growth and development of the host communities.

(8) The barriers to entry into the gaming industry, including the licensure requirements of the act, and whether the issuance or holding of a license by the person will operate as a barrier to new companies and individuals desiring to enter the market.

(9) Whether the issuance or holding of the license by the person will adversely impact consumer interests, or whether the issuance or holding is likely to result in enhancing the quality and customer appeal of products and services offered by slot machine licensees to maintain or increase their respective market shares.

(10) Whether a restriction on the issuance or holding of an additional license by the person is necessary to encourage and preserve competition and to prevent undue concentration of economic opportunities and control of the licensed gaming facilities.

(11) Other evidence deemed relevant by the Board.

CHAPTER 423a. APPLICATIONS

- Sec.
- 423a.1. General requirements.
- 423a.2. Preliminary submission review.
- 423a.3. Application processing.
- 423a.4. Deficient applications.
- 423a.5. Application withdrawal.
- 423a.6. License, permit, registration and certification issuance and Statement of Conditions.
- 423a.7. Restriction on application after denial or revocation.

§ 423a.1. General requirements.

(a) For the purposes of this section, a reference to an applicant includes the applicant's affiliates, intermediaries, subsidiaries and holding companies.

(b) An application shall be submitted on forms supplied or approved by the Board, shall contain the information and documents required by the Board and include the applicable fees.

(c) The applicant shall file with the application supplemental forms required by the Board. The forms require full disclosure of the details relative to the applicant's suitability to conduct business in this Commonwealth under the act.

(d) Upon request of the Board, the applicant shall further supplement information provided in the application. The applicant shall provide requested documents, records, supporting data and other information within the time period specified in the request, or if no time is specified, within 30 days of the date of the request. If the applicant fails to provide the requested information within the required time period as set forth in the request, the Board may deny the application.

(e) Information provided to the Board must be true and complete. If there is any change in the information provided to the Board, the applicant shall promptly file a written amendment in a form prescribed by the Board.

(f) The application and amendments thereto and other specific documents designated by the Board shall be sworn to or affirmed by the applicant before a notary public.

(g) The Board will deny the application of an applicant that refuses to submit to a background investigation or provide requested information as required under the act.

(h) An applicant that submits a document to the Board which is in a language other than English shall also submit an English translation of the non-English language document. The translation must include the signature, printed name, address and telephone number of the translator and a verification by the translator of the truth and accuracy of the translation. At its discretion, the Board may accept an English summary of a document in lieu of a complete translation of the document.

(i) An application that has been accepted for filing and related materials submitted to the Board shall become the property of the Board and will not be returned to the applicant.

§ 423a.2. Preliminary submission review.

(a) Upon receipt of an application submission, the Board will review the submission to insure that it contains:

- (1) The applicable application fee.
- (2) The applicable application forms and additional information and accompanying documentation required by the act or the Board's regulations governing the specific type of application.

(3) Completed authorization forms for release of information from Federal and state agencies required for the specific type of application.

(4) For slot machine license applications only, a bond or letter of credit as required by section 1313(c) of the act (relating to applicant's ability to pay license fee).

(b) If an application submission fails to include one or more of the items in subsection (a), the applicant will be notified that the application has not been accepted for filing and the applicant will be given an opportunity to cure the insufficiency.

(c) If the applicant fails or is unable to cure the insufficiency within the time period set by the Board, the submission and related materials will be returned to the applicant.

§ 423a.3. Application processing.

(a) Upon a determination that the prerequisites for filing have been met, the Board will:

- (1) Accept the application for filing.
- (2) Notify the applicant or the applicant's attorney, if any, in writing of the fact that the application has been accepted for filing and the date of the acceptance for filing. The Board will also notify the applicant that the acceptance for filing of the application will not constitute evidence that any requirement of the act has been satisfied.
- (3) Obtain and evaluate information as may be necessary to determine the qualifications of the applicant and any matter relating to the application.
- (4) Request the Bureau to promptly conduct an investigation and provide the information necessary to determine the qualifications of the applicant and any matter relating to the application.

(5) Request the Pennsylvania State Police to provide a criminal history background investigation report, determine employee eligibility consistent with § 435.1 (relat-

ing to general provisions), conduct fingerprinting, photograph applicants and perform duties as directed by the Board.

(6) Request the Department to promptly conduct a tax clearance review.

(7) Request the Department of Labor and Industry to perform an Unemployment Compensation Tax clearance review and a Workers Compensation Tax clearance review.

(8) Request any agencies, entities or persons to conduct investigations or evaluations or to provide information to the Board as deemed necessary by the Board.

(b) The Board will keep and maintain a list of all applicants under this part together with a record of all actions taken with respect to applicants.

(c) An application submitted under this part and information obtained by the Board relating to the application shall be part of the evidentiary record of the licensing proceeding. The Board's decision to issue or deny a license will be based solely on the evidentiary record before the Board.

§ 423a.4. Deficient applications.

(a) If an application is found to be deficient, the Board will notify the applicant of the deficiencies in the application and permit the applicant to cure the deficiencies within a time period prescribed by the Board.

(b) Refusal to provide information as required in subsection (a) may result in the immediate denial of the application.

§ 423a.5. Application withdrawal.

(a) A request for withdrawal of an application for a license, permit, certification or registration may be made by petition to the Board filed at any time prior to issuance by the Board of its determination with respect to the application.

(b) The petition must set forth the reasons for the withdrawal.

(c) An applicant may petition for the withdrawal of its application or an application submitted by one of its affiliates, intermediaries, subsidiaries or holding companies or persons or entities required to be qualified under section 1311 of the act (relating to slot machine license application business entity requirements), or both.

(d) When rendering a decision on a petition for withdrawal, the Board may set the conditions of withdrawal and may deny or grant the request with or without prejudice.

(1) If a petition for withdrawal is granted with prejudice, the person or entity whose application has been withdrawn will not be eligible to apply for a license, permit, certification or registration with the Board until after expiration of 5 years from the date of the withdrawal.

(2) If a petition for withdrawal is granted without prejudice the Board will determine when the person or entity whose application has been withdrawn may be eligible to apply for a license, permit, certification or registration.

(e) The Board may convert an incomplete application to a petition for withdrawal.

(f) Unless the Board otherwise directs, fees or other payments relating to the application will not be refundable by reason of the withdrawal. Additionally, fees and

costs owed to the Board related to the application shall be paid prior to granting a petition to withdraw.

§ 423a.6. License, permit, registration and certification issuance and Statement of Conditions.

(a) *Issuance criteria.*

(1) In addition to the criteria contained in the act, the Board will not issue or renew a license, permit, certification or registration unless the Board finds that the following criteria have been established by the applicant:

(i) The applicant has paid the applicable fees.

(ii) The applicant has fulfilled each condition set by the Board or contained in the act, including the execution of a Statement of Conditions.

(iii) The applicant is found suitable, consistent with the laws of the Commonwealth and is otherwise qualified to be issued a license, certification, permit, registration or other authorization.

(b) *Statement of Conditions.*

(1) For the purposes of this subsection, the term "executive officer" means the individual holding the highest ranking management position within the entity and who is authorized to contract on behalf of the entity.

(2) If the Board approves an entity's application for a license, certification or registration, or for the renewal of a license, certification or registration, the Board may require the executive officer of the entity whose application has been approved, or other competent individual designated by the entity in accordance with paragraph (3), to execute a Statement of Conditions in the manner and form required by the Board. Execution of the Statement of Conditions shall constitute the acceptance of each provision contained in the Statement of Conditions by both the entity and the executive officer. The executive officer shall ensure that the entity fully complies with each provision contained in the Statement of Conditions.

(3) Prior to the issuance of a license, certification or registration to an entity, the entity shall determine whether the entity will designate its executive officer or another competent individual with a direct reporting relationship to its executive officer to execute the Statement of Conditions on behalf of both the entity and its executive officer. If the entity elects to designate another competent individual with a direct reporting relationship to its executive officer to execute the Statement of Conditions on behalf of the entity and its executive officer, the entity shall adopt a resolution identifying the individual so designated, authorizing that individual to execute the Statement of Conditions on behalf of both the entity and its executive officer, and evidencing the executive officer's concurrence in that individual's designation. A copy of the resolution, certified as true and correct, shall be provided to the Board and attached to the Statement of Conditions.

(4) If the Board approves an individual's application for a license, permit, certification or registration, or for the renewal of a license, permit, certification or registration, the Board may require the individual whose application has been approved to execute a Statement of Conditions in the manner and form required by the Board. The execution of the Statement of Conditions shall constitute the acceptance of each provision contained in the Statement of Conditions by the individual. The individual shall fully comply with each provision contained in the Statement of Conditions.

(5) Failure to fully comply with a provision contained in an executed Statement of Conditions shall constitute a violation of the Statement of Conditions and may result in the imposition of Board-imposed administrative sanctions, up to and including revocation, against the individual to whom the license, permit, certification or registration was issued, and, in the case of an entity, against the entity and its executive officer or other designee under paragraph (3).

§ 423a.7. Restriction on application after denial or revocation.

(a) A person whose application has been denied or whose license, permit, registration or certification has been revoked, may not apply for a license, permit, certification or registration for 5 years from the date that the application was denied or the license, permit, certification or registration was revoked.

(b) The 5-year restriction in subsection (a) will not apply:

(1) To applicants for a slot machine license if the denial was for reasons other than unsuitability.

(2) If the denial or revocation was based on pending charges for a disqualifying offense under section 1213 or section 1518 of the act (relating to license or permit prohibition; and prohibited acts and penalties), 18 Pa.C.S. (relating to crimes and offenses) or the criminal laws of any other jurisdiction and the pending charges do not result in conviction of the disqualifying offense.

(c) Two years from the date that the application was denied or the license, permit, certification or registration was revoked, a person may file a petition for permission to apply for a license, permit, certification or registration before the expiration of the 5-year period.

(d) A petition filed under subsection (c) shall be filed in accordance with § 493.4 (relating to petitions generally).

(e) Petitions filed under subsection (c) must contain:

(1) An explanation of how the conditions that were the basis for denial or revocation have been corrected or no longer exist.

(2) Supporting materials that demonstrate that the person meets the requirements for a license, permit, certification or registration.

(3) If the denial or revocation was the result of a conviction, the petition must include evidence of rehabilitation, such as:

(i) The nature and seriousness of the offense or conduct.

(ii) The circumstances under which the offense or conduct occurred.

(iii) The date of the offense or conduct.

(iv) The age of the applicant when the offense or conduct was committed.

(v) Whether the offense or conduct was an isolated or repeated incident.

(vi) Social conditions which may have contributed to the offense or conduct.

(vii) Evidence of rehabilitation, including good conduct in prison or in the community, counseling or psychiatric treatment received, acquisition of additional academic or vocational schooling, successful participation in correc-

tional work-release programs, or the recommendation of persons who have or have had the applicant under their supervision.

(viii) Evidence that all obligations for restitution, fines and penalties have been met.

(f) If a petition filed under subsection (c) is denied, a person may not file another petition under subsection (c) for 1 year from the date of the denial of the petition.

CHAPTER 425a. LICENSED ENTITY REPRESENTATIVES

Sec.
425a.1. Registration.

§ 425a.1. Registration.

(a) A licensed entity representative shall file a completed Licensed Entity Registration Form with the Bureau of Licensing, which includes the individual's name, employer or firm, address, telephone number and the licensed entity being represented.

(b) A licensed entity representative shall update its registration information on an ongoing basis.

(c) The Board will maintain a list of licensed entity representatives. The registration list will be available for public inspection at the offices of the Board and on the Board's website (www.pgcb.state.pa.us).

CHAPTER 427a. MANUFACTURERS

Sec.
427a.1. Manufacturer general requirements.
427a.2. Manufacturer license applications and standards.
427a.3. Manufacturer license term and renewal.
427a.4. Alternative manufacturer licensing standards.
427a.5. Responsibilities of a manufacturer.

§ 427a.1. Manufacturer general requirements.

(a) A manufacturer seeking to manufacture slot machines and associated equipment for use in this Commonwealth shall apply to the Board for a manufacturer license.

(b) In accordance with section 1317.1 of the act (relating to manufacturer licenses), an applicant for or the holder of a manufacturer license or any of the applicant's or holder's affiliates, intermediaries, subsidiaries or holding companies, may not apply for or hold a slot machine license or supplier license.

(c) A licensed manufacturer or a licensed manufacturer designee may supply or repair any slot machine or associated equipment manufactured by the licensee.

(d) A licensed manufacturer may contract with a slot machine licensee or a licensed supplier to supply or repair slot machines or associated equipment manufactured by the manufacturer licensee.

(e) Limitations will not be placed on the number of manufacturer licenses issued or when an application for a manufacturer license may be filed.

§ 427a.2. Manufacturer license applications and standards.

(a) An applicant for a manufacturer license shall submit:

(1) An original and three copies of the Manufacturer Application and Disclosure Information Form.

(2) A nonrefundable application fee.

(3) A diversity plan as set forth in section 1325(b) of the act (relating to license or permit issuance) and Chapter 481 (relating to diversity).

(4) An application from every key employee under § 435.3 (relating to key employee license) and principal under Chapter 433 (relating to principal license) as specified by the Manufacturer Application and Disclosure Information Form or as determined by the Board.

(5) If applicable, copies of all filings required by the SEC during the 2 immediately preceding fiscal years, including annual reports filed with the SEC, under sections 13 or 15D of the Securities Exchange Act of 1934 (15 U.S.C.A. §§ 78m and 78o-6), quarterly reports filed with the SEC, under sections 13 or 15D of the Securities Exchange Act of 1934, current reports filed with the SEC, under sections 13 or 15D of the Securities Exchange Act of 1934, and proxy statements issued by the applicant.

(6) An affirmation that neither the applicant nor any of its affiliates, intermediaries, subsidiaries or holding companies, holds any direct or indirect ownership interest in any applicant for or holder of a slot machine license or supplier license, or employs, directly or indirectly, any person who satisfies the definition of a principal or key employee of a slot machine applicant or licensee or supplier applicant or licensee. In applying this provision to an applicant for a manufacturer license, the Board will not include interests that are held by individuals in any of the following manners:

(i) In mutual funds when the value of the interest owned does not exceed 1% of the total fair market value of the applicant or licensee and provided that the mutual fund is not a nondiversified fund invested primarily in entities operating in, or connected with, the gaming industry.

(ii) Through defined benefit pension plans.

(iii) Through deferred compensation plans organized and operated under section 457 of the Internal Revenue Code of 1986 (26 U.S.C.A. § 457).

(iv) In blind trusts over which the holder does not exercise managerial control or receive income during the time period the holder is subject to these provisions.

(v) Through tuition account plans organized and operated under section 529 of the Internal Revenue Code of 1986 (26 U.S.C.A. § 529).

(vi) Through plans described in section 401(k) of the Internal Revenue Code of 1986 (26 U.S.C.A. § 401(k)).

(vii) An interest held by a spouse if an action seeking a divorce and dissolution of marital status has been initiated in any jurisdiction by either party to the marriage.

(7) A sworn or affirmed statement that the applicant has developed and implemented internal safeguards and policies to prevent a violation of section 1513 of the act (relating to political influence) and a copy the safeguards and policies.

(b) In addition to the materials required under subsection (a), an applicant for a manufacturer license shall:

(1) Promptly provide information requested by the Board relating to the manufacturer's application or regulation and cooperate with the Board in investigations, hearings and enforcement and disciplinary actions.

(2) Comply with the general application requirements in Chapters 421a and 423a (relating to general provisions; and applications).

(3) Demonstrate that the applicant has the ability to manufacture, build, rebuild, repair, fabricate, assemble, produce, program, design or otherwise make modifications

to slot machines or associated equipment which meet one or more of the following criteria:

(i) Are specifically designed for use in the operation of a slot machine.

(ii) Are needed to conduct an authorized game.

(iii) Have the capacity to affect the outcome of the play of a game.

(iv) Have the capacity to affect the calculation, storage, collection or control of gross terminal revenue.

(c) An applicant for a manufacturer license will be required to reimburse the Board for additional costs, based on the actual expenses incurred by the Board, in conducting the background investigation.

(d) In determining whether an applicant is suitable to be licensed as a manufacturer under this section, the Board will consider the following:

(1) The financial fitness, good character, honesty, integrity and responsibility of the applicant.

(2) If all principals of the applicant individually qualify under the standards of section 1317.1 of the act (relating to manufacturer license).

(3) The integrity of all financial backers.

(4) The suitability of the applicant and the principals and key employees of the applicant based on the satisfactory results of:

(i) The background investigation of the principals and key employees.

(ii) A current tax clearance review performed by the Department.

(iii) A current Unemployment Compensation Tax clearance review and a Workers Compensation Tax clearance review performed by the Department of Labor and Industry.

§ 427a.3. Manufacturer license term and renewal.

(a) A manufacturer license or renewal will be valid for 1 year from the date on which the license or renewal is approved by the Board.

(b) A renewal application and renewal fee shall be filed at least 6 months prior to the expiration of the current license.

(c) A manufacturer license for which a completed renewal application and fee has been received by the Board will continue in effect for an additional 6-month period or until acted upon by the Board, whichever occurs first.

§ 427a.4. Alternative manufacturer licensing standards.

(a) If an applicant for a manufacturer license holds a similar license in another jurisdiction in the United States, the applicant may submit a written request with its application required under § 427a.2(a) (relating to manufacturer license applications and standards) for the Board to adopt an abbreviated licensing process under section 1319 of the act (relating to alternative manufacturer licensing standards) to review a manufacturer license application.

(b) The Board may use the abbreviated process if:

(1) The Board determines, after investigation, that the licensing standards in the jurisdiction in which the applicant is licensed are similarly comprehensive, thor-

ough and provide equal, if not greater, safeguards as provided in the act and that granting the request is in the public interest.

(2) The applicant has provided a copy of its most recent application or renewal for the similar license in the other jurisdiction and a copy of the license or the order issued by the other jurisdiction granting the license.

(3) The applicant has no administrative or enforcement actions pending in another jurisdiction or the applicant has adequately disclosed and explained the action to the satisfaction of the Board.

(4) There are no pending or ongoing investigations of possible material violations by the applicant in another jurisdiction or the applicant has adequately disclosed and explained the investigation to the satisfaction of the Board.

(c) This section may not be construed to waive fees associated with obtaining a license through the application process in this Commonwealth.

§ 427a.5. Responsibilities of a manufacturer.

(a) A holder of a manufacturer license shall have a continuing duty to:

(1) Provide information requested by the Board relating to the manufacturer's licensing or regulation; cooperate with the Board in investigations, hearings and enforcement and disciplinary actions; and comply with conditions, restrictions, requirements, orders and rulings of the Board in accordance with the act.

(2) Report a change in circumstances that may render the holder of a manufacturer license ineligible, unqualified or unsuitable to hold a license under the standards and requirements of the act and of this part.

(3) Provide a copy of all SEC filings listed in § 427a.2(a)(5) (relating to manufacturer license applications and standards) that are filed after the date of issuance of its license. The copy shall be submitted within 30 days after the date of filing with the SEC.

(b) An employee of a licensed manufacturer whose duties of employment or incidental activities related to employment require the employee to be on the gaming floor or in a restricted area shall be required to obtain an occupational permit under § 435.4 (relating to occupational permit).

(c) A slot machine licensee may service or repair slot machines or associated equipment at its licensed facility pursuant to a written agreement between the slot machine licensee and the manufacturer licensee that provided the slot machines or associated equipment at the licensed facility.

(d) A slot machine licensee may perform routine maintenance directly related to the availability of slot machines for play, customer service or a clean and gracious playing environment. The routine maintenance includes installation or replacement of the following: batteries, hardware, including hinges, screws, bolts and custom handles, light bulbs, locks on slot machines and slot cash storage boxes, including the rekeying of the locks, printers, exclusive of printer software and paper stock. Routine maintenance also includes external cleaning and the clearing of paper, bill and coin jams which do not require removal or dismantling of the mechanisms.

CHAPTER 431a. SUPPLIER LICENSES

- Sec.
- 431a.1. Supplier general requirements.
 - 431a.2. Supplier license applications and standards.
 - 431a.3. Supplier license term and renewal.
 - 431a.4. Responsibilities of a supplier.
 - 431a.5. Supplier log books.

§ 431a.1. Supplier general requirements.

(a) A supplier seeking to sell, lease, offer or otherwise provide, distribute or service slot machines or associated equipment to a slot machine licensee within this Commonwealth through a contract with a licensed manufacturer shall apply to the Board for a supplier license.

(b) In accordance with sections 1317 and 1317.1 of the act (relating to supplier licenses; and manufacturer licenses), an applicant for or the holder of a supplier license or any of the applicant's or holder's affiliates, intermediaries, subsidiaries or holding companies, may not apply for or hold a slot machine license or a manufacturer license.

(c) Limitations will not be placed on the number of supplier licenses issued or when an application for a supplier license may be filed.

§ 431a.2. Supplier license applications and standards.

(a) An applicant for a supplier license shall submit:

(1) An original and three copies of the Supplier Application and Disclosure Information Form for the applicant and each of the applicant's affiliated entities.

(2) A nonrefundable application fee.

(3) A diversity plan as set forth in section 1325(b) of the act (relating to license or permit issuance) and Chapter 481 (relating to diversity).

(4) An application from every key employee under § 435.3 (relating to key employee license) and principal under Chapter 433 (relating to principal license) as specified by the Supplier Application and Disclosure Information Form or as determined by the Board

(5) If applicable, copies of all filings required by the SEC during the 2 immediately preceding fiscal years, including annual reports filed under section 13 or section 15D of the Securities Exchange Act of 1934 (15 U.S.C.A. §§ 78a and 78o-6), quarterly reports filed under section 13 or section 15D of the Securities Exchange Act of 1934, current reports filed under section 13 or section 15D of the Securities Exchange Act of 1934, and proxy statements issued by the applicant.

(6) An affirmation that neither the applicant nor any of its affiliates, subsidiaries, intermediaries and holding companies holds any direct or indirect ownership interest in an applicant for or holder of a manufacturer license or slot machine licensee, or employs, directly or indirectly, any person who satisfies the definition of a principal or key employee of a manufacturer or slot machine applicant or licensee. In applying this provision to an applicant for a supplier license, the Board will not include interests that are held by individuals in any of the following manners:

(i) In mutual funds when the value of the interest owned does not exceed 1% of the total fair market value of the manufacturer or slot machine applicant or licensee and provided that the mutual fund is not a nondiversified fund invested primarily in entities operating in, or connected with, the gaming industry.

(ii) Through defined benefit pension plans.

(iii) Through deferred compensation plans organized and operated under section 457 of the Internal Revenue Code of 1986 (26 U.S.C.A. § 457).

(iv) In blind trusts over which the holder does not exercise managerial control or receive income during the time period the holder is subject to these provisions.

(v) Through tuition account plans organized and operated under section 529 of the Internal Revenue Code (26 U.S.C.A. § 529).

(vi) Through plans described in section 401(k) of the Internal Revenue Code (26 U.S.C.A. § 401(k)).

(vii) An interest held by a spouse if an action seeking a divorce and dissolution of marital status has been initiated in any jurisdiction by either party to the marriage.

(7) A sworn or affirmed statement that the applicant has developed and implemented internal safeguards and policies to prevent a violation of section 1513 of the act (relating to political influence) and a copy the safeguards and policies.

(b) In addition to the materials required under subsection (a), an applicant for a supplier license shall:

(1) Promptly provide information requested by the Board relating to the supplier's application or regulation and cooperate with the Board in investigations, hearings, and enforcement and disciplinary actions.

(2) Comply with the general application requirements in Chapters 421a and 423a (relating to general provisions; and applications).

(3) Demonstrate that the applicant has or will establish a principal place of business in this Commonwealth.

(c) An applicant for a supplier license shall be required to reimburse the Board for additional costs, based on the actual expenses incurred by the Board, in conducting the background investigation.

(d) In determining whether an applicant is suitable to be licensed as a supplier under this section, the Board will consider the following:

(1) The financial fitness, good character, honesty, integrity and responsibility of the applicant.

(2) If all principals of the applicant individually qualify under the standards of section 1317 of the act (relating to supplier license).

(3) The integrity of financial backers.

(4) The suitability of the applicant and principals and key employees of the applicant based on the satisfactory results of:

(i) A background investigation of the principals and key employees.

(ii) A current tax clearance review performed by the Department.

(iii) A current Unemployment Compensation Tax clearance review and a Workers Compensation Tax clearance review performed by the Department of Labor and Industry.

§ 431a.3. Supplier license term and renewal.

(a) A supplier license or renewal shall be valid for 1 year from the date on which the license or renewal is approved by the Board.

(b) A renewal application and renewal fee shall be filed at least 2 months prior to the expiration of the current license.

(c) A supplier license for which a completed renewal application and fee has been received by the Board will continue in effect for an additional 6-month period or until acted upon by the Board, whichever occurs first.

§ 431a.4. Responsibilities of a supplier.

(a) Within 1 year of the Board's issuance of a supplier license, the supplier shall establish and maintain a principal place of business in this Commonwealth.

(b) At the time of licensure, a supplier shall have assets or available lines of credit to support the sale, financing, servicing or repair of all slot machines to be placed in service or repaired by the supplier. The assets and available lines of credit shall be from a source independent of slot machine manufacturers and licensed gaming entities. Notwithstanding the forgoing, a licensed manufacturer may extend financing or payment terms to a licensed supplier, at prevailing market rates and terms, for the acquisition or leasing of slot machines, to be secured by the slot machines sold, leased or transferred.

(c) A supplier shall submit to the Board for review any agreements with a licensed manufacturer or with a slot machine licensee and detailed business plans. The Board's review may include, but not be limited to, financing arrangements, inventory requirements, warehouse requirements, warehouse space, technical competency, compensative agreements and other terms or conditions to ensure the financial independence of the licensed supplier from any licensed manufacturer or licensed gaming entity.

(d) A holder of a supplier license shall have a continuing duty to:

(1) Provide information requested by the Board relating to licensing or regulation; cooperate with the Board in investigations, hearings, and enforcement and disciplinary actions; and comply with conditions, restrictions, requirements, orders and rulings of the Board in accordance with the act.

(2) Report a change in circumstances that may render the holder of a supplier license ineligible, unqualified or unsuitable to hold a license under the standards and requirements of the act and of this part.

(3) Provide a copy of all SEC filings listed in § 427a.2(a)(5) (relating to manufacturer license applications and standards) that are filed after the date of issuance of its license. The copy shall be submitted within 30 days after the date of filing with the SEC.

(e) An employee of a licensed supplier whose duties of employment or incidental activities related to employment allow the employee access to slot machines or associated equipment or require the employee to be on the gaming floor or in a restricted area shall be required to obtain an occupational permit under § 435.4 (relating to occupational permit).

(f) A slot machine licensee may service or repair slot machines or associated equipment at its licensed facility pursuant to a written agreement between the licensed gaming entity and the supplier licensee that provided the slot machines or associated equipment for use or play at the licensed facility.

(g) A slot machine licensee may perform routine maintenance directly related to the availability of slot machines for play, customer service or a clean and gracious playing environment. The routine maintenance includes installation or replacement of the following: batteries, hardware, including hinges, screws, bolts and custom

handles, light bulbs, locks on slot machines and slot cash storage boxes, including the rekeying of the locks, printers, exclusive of printer software and paper stock. Routine maintenance also includes external cleaning and the clearing of paper, bill and coin jams which do not require removal or dismantling of the mechanisms.

(h) A licensed manufacturer or a manufacturer's designee may supply, install, service or repair slot machines or associated equipment manufactured by the licensed manufacturer.

§ 431a.5. Supplier log books.

(a) A supplier licensee shall maintain a log book to register the individuals who enter the licensee's principal place of business and each physical facility utilized by the licensee to house inventory, replacement parts, supplies, transportation or delivery equipment.

(b) The supplier licensee shall record or cause to be recorded in the log book the following:

- (1) The date, entrance time and departure time of each individual.
- (2) The name of each individual entering the place of business or physical facility and who they represent.
- (3) The signature of each individual.
- (4) The purpose for the visit.
- (5) If applicable, the individual's Board license, permit, certification or registration number.

(c) Licensed, permitted or registered employees of a supplier are not required to register in the log book.

(d) Each log book required by this section shall be maintained at the entrance of the location to which it pertains and shall be made readily accessible for examination and inspection upon the demand of any agent, employee or representative of the Board, the Department of Revenue or the Pennsylvania State Police.

CHAPTER 436a. HORSEMEN'S ORGANIZATIONS

Sec.	
436a.1.	Definitions.
436a.2.	Horsemen's organization registration.
436a.3.	Permitting of officers, directors, representatives and fiduciaries.
436a.4.	Responsibilities of horsemen's organizations, officers, directors, representatives and fiduciaries.
436a.5.	Fiduciaries.
436a.6.	Health and pension benefit plans.

§ 436a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Fiduciary—A person who is entrusted by a horsemen's organization or its members to hold or manage any funds received for horsemen under section 1406 of the act (relating to distributions from Pennsylvania Race Horse Development Fund) or who exercises control or discretionary authority over selection or management of a health or pension benefit plan, disposition of its assets or distribution of its funds.

Health benefits—A plan, fund or program which is maintained by a horsemen's organization and that provides healthcare benefits to horsemen at licensed racetracks, their families and employees, and others designated by the rules and eligibility requirements of the organization consistent with the act.

Horsemen—A thoroughbred or standardbred horse owner or trainer who enters and runs a horse at a licensed racing entity in the current or prior calendar

year and meets the membership requirements of a horsemen's organization to participate in the receipt of benefits there from.

Horsemen's organization—A trade association which represents the majority of horsemen at a licensed racetrack and which exists for the purpose, in whole or in part, of negotiating a horsemen's contract and resolving grievances, disputes or other matters with management of a licensed racing entity, as defined by section 1103 of the act (relating to definitions).

Horsemen's organization officer—An officer or person authorized to perform the functions of president, vice president, secretary/treasurer or other executive function of a horsemen's organization, and any member of its board of directors or similar governing body.

Horsemen's organization representative—A person, compensated or not, who is authorized to represent a horsemen's organization or members thereof in matters relating to horsemen's agreements with a licensed racing entity, or who undertakes on behalf of a horsemen's organization or members thereof to promote, facilitate or otherwise influence the relations between a horsemen's organization and a licensed racing entity.

Pension benefits—A plan, fund or program which is maintained by a horsemen's organization and that funds a program which provides retirement income to horsemen at licensed racetracks, their families and employees, and any others so designated by the rules and eligibility requirements of the organization consistent with the act.

§ 436a.2. Horsemen's organization registration.

(a) Each horsemen's organization or affiliate representing horsemen shall register with the Board in accordance with this section.

(b) Each horsemen's organization shall file a completed Horsemen's Organization Registration Statement with the registration fee established by the Board.

(c) Horsemen's organization applicants and registrants shall be subject to the general application requirements of Chapters 421a and 423a (relating to general provisions; and applications).

(d) Horsemen's organization registrations will be valid for 4 years from the date on which the registration is approved by the Board. Renewals will be valid for 4 years and shall be filed no later than 120 days prior to the expiration of the current registration period. A registration for which a completed renewal application and fee has been received by the Board will continue in effect until the Board sends written notification to the horsemen's organization that the Board has approved or denied the renewal of the registration.

§ 436a.3. Permitting of officers, directors, representatives and fiduciaries.

(a) Every officer, director or representative of a horsemen's organization who is currently elected or appointed and authorized to act on behalf of the horsemen's organization, or an individual authorized to act in a fiduciary capacity on behalf of horsemen shall be permitted in accordance with this section.

(b) Every officer, director or representative of a horsemen's organization who is currently elected or appointed and authorized to act on behalf of the horsemen's organization, or an individual authorized to act in a fiduciary capacity on behalf of horsemen shall file a completed Horsemen's Permit Application Form with the permit fee established by the Board.

(c) Applicants and permittees under this section shall be subject to the general application requirements of Chapters 421a and 423a (relating to general provisions; and applications).

(d) Permits issued under this section will be valid for 1 year from the date on which the permit is approved by the Board. Renewals will be valid for 1 year and shall be filed at least 60 days prior to the expiration of the current permit. A permit for which a completed renewal application and fee has been received by the Board will continue in effect until the Board sends written notification to the permittee that the Board has approved or denied the renewal of the permit.

(e) If a current officer, director or representative of a horsemen's organization is denied a permit required by this section, that officer, director or representative shall be precluded from engaging in any activity of the horsemen's organization involving gaming funds allocated to, received by, or distributed from the horsemen's organization.

(f) A person who is a third-party provider of a health or pension benefit plan to a horsemen's organization shall be exempt from the requirements of this section. A licensed attorney or accountant representing a horsemen's organization who does not meet the conditions in subsection (a) shall also be exempt this section.

§ 436a.4. Responsibilities of horsemen's organizations, officers, directors, representatives and fiduciaries.

(a) Horsemen's organizations, officers, directors, representatives and fiduciaries shall ensure that the funds allocated to the horsemen and horsemen's organizations are used for the benefit of all horsemen of this Commonwealth.

(b) Funds allocated to horsemen's organizations for benevolent programs are not to be used for the personal benefit of any officer, director, representative or fiduciary of a horsemen's organization except to the extent that the officer, director, representative or fiduciary of the horsemen's organization is a participant in the benevolent programs on the same basis as other eligible program participants.

(c) Horsemen's organizations shall maintain adequate records of receipts and distributions of the funds allocated to them under the act.

(d) By March 30 of each calendar year, each horsemen's organization shall file with the Board two copies of its audited financial statements together with any management letters or reports written thereon as prepared by its independent auditor. These filings will be available for public inspection during the normal operating hours of the Board at its Harrisburg office.

§ 436a.5. Fiduciaries.

Fiduciaries shall:

(1) Ensure that the funds received for the benefit of the horsemen are distributed pursuant to the act.

(2) Manage health and pension benefit plans for the exclusive benefit of participants and beneficiaries.

(3) Carry out their duties in a prudent manner and refrain from conflict-of-interest transactions.

(4) Comply with limitations on certain plans' investments in particular securities and properties.

(5) Fund benefits in accordance with applicable law and plan rules.

(6) File quarterly reports with the Board within 20 days of the end of each calendar quarter. The reports must detail the expenditure of funds designated by the act for the benefit of horsemen and be in a format and manner designated by the Board.

(7) Provide documents to the Board as may be requested in the conduct of investigations or to ensure compliance with the act and this chapter.

§ 436a.6. Health and pension benefit plans.

(a) Contracts for health and pension benefit plans established for the benefit of members of a horsemen's organization must:

(1) Be submitted to the Board for review at least 90 days prior to the proposed effective date of the contract.

(2) Not be effective until approved by the Board.

(b) Administrative and overhead costs incurred by the horsemen's organization for the administration of health and pension benefit plans must be reasonable. Administrative costs that do not exceed 15% of the statutory allocation are considered reasonable.

CHAPTER 438a. LABOR ORGANIZATIONS

Sec.

438a.1. Definitions.

438a.2. Labor organization notification.

438a.3. Permitting of labor organization officers, agents and management employees.

§ 438a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Labor organization—An organization, union, agency, employee representation committee, group, association or plan in which employees participate which exists for the purpose, in whole or in part, of dealing with a slot machine licensee or licensed management company concerning grievances, labor disputes, wages, rates of pay, hours or other terms or conditions of employment, including any conference, general committee, joint or systems board or international labor organization.

Labor organization agent—A person, compensated or not, who is authorized to represent a labor organization in an employment matter relating to employees who are employed by a slot machine licensee or licensed management company, or who undertakes on behalf of the labor organization to promote, facilitate or otherwise influence the relations between the labor organization and a slot machine licensee or licensed management company.

Labor organization officer—An officer or person authorized to perform the functions of president, vice president, secretary/treasurer or other executive function of a labor organization, and a member of its executive board or similar governing body who exercises authority, discretion or influence with regard to matters relating to employees who are employed at a licensed facility.

Labor organization management employee—An employee of a labor organization who serves in a management, supervisory or policy making position, who exercises authority, discretion or influence with regard to matters relating to employees who are employed at a licensed facility.

§ 438a.2. Labor organization notification.

(a) Each labor organization shall file a completed Labor Organization Notification Form in a format prescribed by the Board.

(b) Labor organizations shall file an updated version of the Labor Organization Notification Form within 30 days of a change in the information contained on the form.

§ 438a.3. Permitting of labor organization officers, agents and management employees.

(a) Every labor organization officer, agent and management employee shall be permitted in accordance with this section.

(b) Every labor organization officer, agent and management employee shall file a completed Labor Organization Permit Application Form with the permit fee established by the Board.

(c) Applicants and permittees under this section shall be subject to the general application requirements of Chapters 421a and 423a (relating to general provisions; and applications).

(d) Permits issued under this section will be valid for 1 year from the date on which the permit is approved by the Board. Renewals will be valid for 1 year and shall be filed no later than 60 days prior to the expiration of the current permit. A permit for which a completed renewal application and fee has been received by the Board will continue in effect until the Board sends written notification to the permittee that the Board has approved or denied the renewal of the permit.

§ 439a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Junket—

(i) An arrangement made between a slot machine licensee and a junket enterprise or a junket representative, the purpose of which is to induce a person, selected or approved, to come to a licensed facility for the purpose of gambling and pursuant to which, and as consideration for which, some or all of the cost of transportation, food, lodging and entertainment for that person is directly or indirectly paid by a slot machine licensee. The person shall be selected or approved on the basis of one or more of the following:

(A) The ability to satisfy a financial qualification obligation related to the person's ability or willingness to gamble, which shall be deemed to occur whenever a person, as an element of the arrangement is required to perform one or more of the following:

- (I) Establish a customer deposit with a slot machine licensee.
- (II) Demonstrate to a slot machine licensee the availability of a specified amount of cash or cash equivalent.
- (III) Gamble to a predetermined level at the licensed facility.
- (IV) Comply with similar obligations.

(B) The propensity to gamble, which shall be deemed to occur whenever a person has been selected or approved on the basis of one or more of the following:

(I) The previous satisfaction of a financial qualification obligation in accordance with the provisions of clause (A).

(II) An evaluation that the person has a tendency to participate in gambling activities as the result of:

(-a-) An inquiry concerning the person's tendency to gamble.

(-b-) The use of other means of determining that the person has a tendency to participate in gambling activities.

(ii) A rebuttable presumption that a person has been selected or approved for participation in an arrangement on a basis related to the person's propensity to gamble shall be created whenever the person is provided, as part of the arrangement, with one or more of the following:

- (A) Complimentary accommodations.
- (B) Complimentary food, entertainment or transportation which has a value of \$200 or more.

Junket enterprise—A person, other than a slot machine licensee, who employs or otherwise engages the services of a junket representative in connection with a junket to a licensed facility, regardless of whether or not the activities occur within this Commonwealth.

Junket representative—

(i) A natural person who negotiates the terms of, engages in the referral, procurement or selection of persons who may participate in a junket to a licensed facility, regardless of whether or not those activities occur within this Commonwealth.

(ii) A gaming employee of a slot machine licensee who performs the duties and functions listed in subparagraph (i) for the licensed facility is not a junket representative.

§ 439a.2. Junket enterprise general requirements.

(a) A slot machine licensee seeking to conduct business with a junket enterprise or a junket enterprise seeking to conduct business with a slot machine licensee shall file a Junket Enterprise License Form with the Board.

(b) A junket enterprise shall be licensed as a junket enterprise prior to a slot machine licensee permitting a junket involving that junket enterprise to arrive at its licensed facility. A junket enterprise shall be considered "involved" in a junket to a licensed facility if it receives any compensation whatsoever from any person as a result of the conduct of the junket. A slot machine licensee may not engage the services of any junket enterprise which has not been licensed.

(c) A junket enterprise may not employ or otherwise engage the services of a junket representative except in accordance with § 439a.5 (relating to junket representative general requirements).

§ 439a.3. Junket enterprise license applications.

(a) A Junket Enterprise License Form shall be submitted by a slot machine licensee or junket enterprise applicant with a verification provided by the slot machine licensee that the junket enterprise's services will be utilized at the licensed facility.

(b) In addition to the Junket Enterprise License Form, an applicant for a junket enterprise license shall submit:

- (1) A nonrefundable application fee.

(2) A Junket Enterprise License Form for any principal that is an entity, and for each affiliate, intermediary, subsidiary and holding company of the applicant.

(3) A Junket Enterprise Representative Registration for each principal who is a natural person and for each key employee.

(c) In addition to the materials required under subsections (a) and (b), an applicant for a junket enterprise license shall:

(1) Promptly provide information requested by the Board relating to its application or regulation and cooperate with the Board in investigations, hearings and enforcement and disciplinary actions.

(2) Comply with the general application requirements in Chapters 421a and 423a (relating to general provisions; and applications).

(d) An applicant for a junket enterprise license will be required to reimburse the Board for any additional costs, based on the actual expenses incurred by the Board, in conducting the background investigation.

§ 439a.4. Junket enterprise license term and renewal.

(a) A junket enterprise license issued under this chapter will be valid for 1 year from the date of Board approval.

(b) A renewal application shall be submitted to the Board at least 60 days prior to the expiration of a junket enterprise license.

(c) A junket enterprise license for which a completed renewal application and fee has been received by the Board will continue in effect until the Board sends written notification to the holder of the junket enterprise license that the Board has approved or denied the junket enterprise license.

§ 439a.5. Junket representative general requirements.

(a) A person may not act as a junket representative in connection with a junket to a licensed facility unless the person has been registered as a junket representative and is employed by a junket enterprise that has been licensed by the Board.

(b) A junket representative may only be employed by one junket enterprise at a time. For the purposes of this section, to qualify as an employee of a junket enterprise, a junket representative shall:

(1) Receive all compensation for his services as a junket representative within this Commonwealth through the payroll account of the junket enterprise.

(2) Exhibit other appropriate indicia of genuine employment, including Federal and State taxation withholdings.

§ 439a.6. Junket representative registration.

(a) A natural person applying for a junket representative registration shall submit:

- (1) A Junket Representative Registration Form.
- (2) A nonrefundable application fee.

(b) In addition to the materials required under subsection (a), an applicant for a junket representative registration shall:

(1) Promptly provide information requested by the Board relating to its application or regulation and cooper-

ate with the Board in investigations, hearings and enforcement and disciplinary actions.

(2) Comply with the general application requirements in Chapters 421a and 423a (relating to general provisions; and applications).

(c) After review of the information submitted under subsections (a) and (b), including a background investigation, the Board may issue a junket representative registration if the individual has proven that he is a person of good character, honesty and integrity and is qualified to hold a junket representative registration.

(d) An individual who wishes to receive a junket representative registration under this chapter may provide the junket enterprise with written authorization to file an application on the individual's behalf.

(e) A junket representative registration issued under this section does not require renewal and is nontransferable.

§ 439a.7. Junket schedules.

(a) A junket schedule shall be prepared by a slot machine licensee for each junket that is arranged through a junket enterprise or its junket representative.

(b) A junket schedule shall be filed with the Bureau of Corporate Compliance and Internal Controls by a slot machine licensee by the 15th day of the month preceding the month in which the junket is scheduled. If a junket is arranged after the 15th day of the month preceding the arrival of the junket, an amended junket schedule shall be filed with the Bureau of Corporate Compliance and Internal Controls by the slot machine licensee by the close of the next business day.

(c) Junket schedules shall be certified by an employee of the slot machine licensee and include the following:

- (1) The origin of the junket.
- (2) The number of participants in the junket.
- (3) The arrival time and date of the junket.
- (4) The departure time and date of the junket.

(5) The name and registration number of all junket representatives and the name and license number of all junket enterprises involved in the junket.

(d) Changes in the information which occur after the filing of a junket schedule or amended junket schedule with the Bureau of Corporate Compliance and Internal Controls shall be reported in writing to the Bureau of Corporate Compliance and Internal Controls by the slot machine licensee by the close of the next business day. These changes, plus other material changes in the information provided in a junket schedule, shall also be noted on the arrival report.

§ 439a.8. Junket arrival reports.

(a) A junket arrival report shall be prepared by a slot machine licensee for each junket arranged through a junket enterprise or its junket representative with whom the slot machine licensee does business.

(b) Junket arrival reports shall:

(1) Include a junket guest manifest listing the names and addresses of the junket participants.

(2) Include information required under § 439a.7 (relating to junket schedules) that has not been previously provided to the Bureau of Corporate Compliance and Internal Controls in a junket schedule pertaining to the particular junket, or an amendment thereto.

(3) Be certified by an employee of the slot machine licensee.

(c) Junket arrival reports shall be prepared by a slot machine licensee in compliance with the following:

(1) A junket arrival report involving complimentary accommodations shall be prepared within 12 hours of the arrival of the junket participant.

(2) A junket arrival report involving complementary services that does not involve complementary accommodations shall be filed by 5 p.m. of the next business day following arrival. A junket arrival which occurs after 12 a.m. but before the end of the gaming day shall be deemed to have occurred on the preceding calendar day.

(3) Junket arrival reports shall be maintained on the premises of the licensed facility and made available to the Board for inspection during normal business hours.

§ 439a.9. Junket final reports.

(a) A junket final report shall be prepared by a slot machine licensee for each junket for which the slot machine licensee was required to prepare either a junket schedule or a junket arrival report.

(b) A junket final report must include the actual amount of complimentary services provided to each junket participant.

(c) A junket final report shall be:

(1) Prepared within 7 days of the completion of the junket.

(2) Maintained on the premises of its licensed facility and made available to the Board for inspection during normal business hours.

§ 439a.10. Monthly junket reports.

(a) Each slot machine licensee shall, on or before the 15th day of the month, prepare and file with the Bureau of Corporate Compliance and Internal Controls a monthly junket report listing the name and registration number of each person who performed the services of a junket representative during the preceding month.

(b) Copies of the monthly junket reports shall be maintained by the slot machine licensee on the premises of its licensed facility and made available to the Board for inspection during normal business hours.

§ 439a.11. Purchase of patron lists.

(a) Each slot machine licensee, junket representative and junket enterprise shall prepare and maintain a report with respect to each list of names of junket patrons or potential junket patrons purchased from or for which compensation was provided to any source whatsoever.

(b) The report required by subsection (a) must include:

(1) The name and address of the person or enterprise selling the list.

(2) The purchase price paid for the list or any other terms of compensation related to the transaction.

(3) The date of purchase of the list.

(c) The report required by subsection (a) shall be filed with the Bureau of Corporate Compliance and Internal Controls, no later than 7 days after the receipt of the list by the purchaser.

§ 439a.12. Junket enterprise and representative prohibitions.

A junket enterprise or junket representative may not:

(1) Engage in collection efforts.

(2) Individually receive or retain a fee from a patron for the privilege of participating in a junket.

(3) Pay for services, including transportation or other items of value, provided to or for the benefit of a patron participating in a junket, unless otherwise disclosed to and approved by the Board.

(4) Extend credit to or on behalf of a patron participating in a junket.

CHAPTER 440a. MANAGEMENT COMPANIES

Sec.

- 440a.1. General requirements.
- 440a.2. Applications.
- 440a.3. Management company license and term and renewal.
- 440a.4. Management company responsibilities.
- 440a.5. Management contracts.

§ 440a.1. General requirements.

(a) A management company shall be required to obtain a management company license from the Board prior to providing any service to a slot machine applicant or licensee under this chapter.

(b) An applicant for or holder of a management company license or any of the applicant's or holder's affiliates, intermediaries, subsidiaries or holding companies, may not apply for or hold a manufacturer or supplier license.

§ 440a.2. Applications.

(a) An applicant for a management company license shall file:

(1) A completed applicable Category 1, Category 2 or Category 3 slot machine license application and disclosure information forms with the applicable appendices as if the management company license applicant were an affiliated entity of the slot machine applicant or licensee.

(2) A nonrefundable application fee.

(b) In addition to the materials required under subsection (a), an applicant for a management company license shall:

(1) Promptly provide information requested by the Board relating to its application or regulation and cooperate with the Board in investigations, hearings, and enforcement and disciplinary actions.

(2) Comply with the general application requirements in Chapters 421a and 423a (relating to general provisions; and applications).

§ 440a.3. Management company license and term and renewal.

(a) A management company license issued under this chapter will be valid for 1 year from the date of Board approval.

(b) A renewal application shall be submitted to the Board at least 60 days prior to the expiration of a management company license.

(c) A management company license for which a completed renewal application and fee has been received by the Board will continue in effect until the Board sends written notification to the holder of the management company license that the Board has approved or denied the management company license.

§ 440a.4. Management company responsibilities.

(a) Notwithstanding any provision to the contrary in a management contract, a management company will be deemed to be an agent of the slot machine licensee for

purposes of imposing liability for any act or omission of the management company in violation of the act or this part.

(b) Notwithstanding any provision to the contrary in a management contract, a management company shall be jointly and severally liable for any act or omission by the slot machine licensee in violation of the act or this part, regardless of actual knowledge by the management company of the act or omission.

§ 440a.5. Management contracts.

(a) A management contract between a slot machine applicant or licensee and management company licensee may not become effective until the Board has reviewed and approved the terms and conditions of the management contract.

(b) A management company licensee shall submit any amendment to a management contract 30 days prior to the effective date of the proposed amendment. The amendment may not become effective until the Board has reviewed and approved the terms and conditions of the amendment.

(c) A management contract or amendment will not be approved by the Board unless the management company proves by clear and convincing evidence that the approval of the contract would not create a monopoly on the control of licensed gaming facilities in this Commonwealth. A management company that seeks Board approval of a management contract shall disclose its financial interests in the slot machine licensee or applicant and, if applicable, proposed or contemplated changes in ownership or control of a slot machine licensee.

(d) Requests for approval of a management contract must include a business plan which sets forth the parties' goals and objectives for the term of the management contract.

(e) A management contract, submitted to the Board for approval, must contain the following:

(1) A provision that provides the grounds and mechanisms for modifying or terminating the contract.

(2) A provision that states that the contract will not be effective unless it is approved by the Board.

(3) A provision that describes with particularity the method of compensating and reimbursing the management company.

(4) Provisions that contain a mechanism to resolve patron disputes and disputes between the slot machine licensee and the management company.

(5) A provision that indicates whether and to what extent contract assignments and subcontracting are permissible.

(6) A provision that specifies the duration of the management contract. A management contract may not contain a provision that provides for the automatic renewal of the management contract.

(f) A management contract submitted for Board review and approval must enumerate with specificity the responsibilities of the slot machine applicant or licensee and management company under the terms and conditions of the management contract. At a minimum, the terms should address whether, and to what extent, the management company is involved in the following:

(1) Operation of the following departments:

(i) Information technology.

(ii) Internal audit.

(iii) Slot accounting.

(iv) Slot management.

(v) Security.

(vi) Surveillance.

(2) Design, construction, improvement or maintenance, or both, of the licensed facility.

(3) Provision of operating capital and finance for the development of the licensed facility.

(4) Payment of the slot machine license fee.

(5) Purchase or lease of slot machines or associated equipment.

(6) Design, implementation or amendment, or both, of the system of internal controls required under section 1322 of the act (relating to slot machine accounting controls and audits) and this part including the financial reporting requirements.

(7) Hiring, terminating, training and promoting of employees and the employment practices attendant thereto.

(8) The payment of local, State and Federal taxes and slot machine license deposit required under the act and this part and any penalties imposed by the Board for violations thereof.

(9) Advertising, player incentive or marketing programs.

(10) Compliance with section 1325(b)(1) of the act (relating to license or permit issuance).

(11) Obtaining and maintaining insurance coverage, including coverage of public liability and property loss or damage.

(12) Procurement of vendors and junkets.

(13) Selection of the licensed facility's independent auditor.

(g) Notwithstanding subsections (a)—(f), a slot machine licensee and licensed management company may not contract for the delegation of any benefits, duties or obligations specifically granted to or imposed upon the slot machine licensee by the act.

STATEMENTS OF POLICY

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 1249]

Rescission of the Statement of Policy Clarifying the Conditions under Which Medical Assistance Recipients May Be Considered Homebound

Scope

This statement of policy applied to providers enrolled in the Medical Assistance (MA) Program who prescribe Home Health Agency (HHA) services and HHAs enrolled in the MA Program systems.

Purpose

The purpose of this statement of policy is to rescind § 1249.2a, which clarified the conditions under which MA recipients may be considered homebound.

Background

Based on *Olmstead v. L.C.*, 527 U.S. 681 (1999), the Health Care Financing Administration, now the Centers for Medicare and Medicaid Services, clarified its position that requiring that a person be "homebound" to qualify for Medicaid HHA services violates Federal regulatory requirements in 42 CFR 440.230(c) and 440.240(b) (relating to sufficiency of amount, duration, and scope; and comparability of services for groups). See "Olmstead Update No. 3," Attachment 3(g), available at www.cms.hhs.gov/smdl/downloads/smd072500b.pdf.

As a result, the Department of Public Welfare (Department) revised the HHA regulations to remove the requirement that an MA recipient be homebound to receive HHA services. The regulatory change conforms to the Department's direction of emphasizing home-and-community-based services when appropriate, rather than more restrictive and expensive alternatives such as nursing home care.

Discussion

Because the Department revised the HHA regulations to remove the requirement that an MA recipient be homebound to receive HHA services, a statement of policy that clarifies the conditions under which MA recipients may be considered homebound is no longer needed. Therefore, the Department is rescinding the statement of policy in § 1249.2a.

Effective Date

This rescission of this statement of policy is effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

Questions and comments regarding the rescission of this statement of policy should be directed to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120.

(*Editor's Note:* Title 55 of the *Pennsylvania Code* is amended by deleting a statement of policy in § 1249.2a to read as set forth in Annex A.)

(*Editor's Note:* For a final-form rulemaking relating to this statement of policy, see 37 Pa.B. 2185 (May 12, 2007).)

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final

determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

III. WQM Industrial Waste and Sewerage Applications Under The Clean Streams Law (35 P. S. §§ 691.1—691.1001)

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

WQM Permit No. 4807404, Sewerage, **City of Bethlehem**, City Hall, 10 East Church Street, Bethlehem, PA 18018-6025. This proposed facility is located in City of Bethlehem, **Northampton County**, PA.

Description of Proposed Action/Activity: This project is for the construction of a wastewater collection and conveyance facilities to include a gravity sanitary sewer, pump station and force main that will serve a Brownfield Redevelopment located in vicinity of Easton Road, Bethlehem City with proposed sewage flows of 13,000 gpd.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

WQM Permit No. 6707406, Sewerage, **Wrightsville Municipal Sewer Authority**, P. O. Box 187, Wrightsville, PA 17368. This proposed facility is located in Wrightsville Township, **York County**.

Description of Proposed Action/Activity: Seeking permit authorization for the upgrade to their treatment plant to meet the future nitrogen and phosphorus effluent concentrations. The upgrade will not increase the hydraulic capacity of the plant.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

WQM Permit No. 1407405, Sewerage, SIC 4952, **Judith A. Taylor**, 168 Hastings Road, Bellefonte, PA 16823. This proposed facility will be located in Union Township, **Centre County**.

Description of Proposed Action/Activity: Applicant seeks a permit authorizing the design, construction and operation of a small flow treatment facility, consisting of a septic tank, effluent filter, effluent pump, peat biofilter and an erosion chlorinator. Discharge will be to Dewitt Run, a CWF.

WQM Permit No. 1407406, Sewerage, SIC 4952, **Eric S. Durante**, 4663 Route 322, Brookville, PA 15825. This proposed facility will be located in Taylor Township, **Centre County**.

Description of Proposed Action/Activity: Applicant seeks a permit authorizing the design, construction and operation of a small flow treatment facility, consisting of a septic tank, effluent filter, sand filter and an erosion chlorinator. Discharge will be to a UNT to Bald Eagle Creek, a CWF.

WQM Permit No. WQG02140701, Sewerage, SIC 4952, **Centre Hall-Potter Sewer Authority**, P. O. Box 497, 2940 Penns Valley Pike, Centre Hall, PA 16828. This proposed facility will be located in Potter Township, **Centre County**.

Description of Proposed Action/Activity: Applicant seeks a permit to authorize the design, construction and operation of a pump station to serve the proposed first phase of Mountainview Estates residential development, which will consist of 27 EDUs and the existing 111 unit Rud-Cor mobile home park.

WQM Permit No. 5507403, Sewerage, **Penns Creek Municipal Authority**, P. O. Box 148, Penns Creek, PA 17862. This proposed facility is located in Center Township, **Snyder County**.

Description of Proposed Action/Activity: Application for installation of a fine screen on the influent and replacement of the existing baffle at the existing treatment facility.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

WQM Permit No. WQG016145, Sewerage, **Anthony Sculli**, 3241 Parkview Avenue, Pittsburgh, PA 15213. This proposed facility is located in Marshall Township, **Allegheny County**.

Description of Proposed Action/Activity: Application for the construction and operation of a single-residence sewage treatment plant.

WQM Permit No. 0296403-A1, Sewerage, **Ohio Township Sanitary Authority**, 1719 Roosevelt Road, Pittsburgh, PA 15237. This existing facility is located in Ohio Township, **Allegheny County**.

Description of Proposed Action/Activity: Application for amendment to reflect installation of a motor-driven macerator at the Verland Pump Station.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

WQM Permit No. 1682401, Sewerage Amendment No. 2, **Municipal Authority of Strattanville Borough**, P. O. Box 139, 361 Virgin Alley, Strattanville, PA 16258. This proposed facility is located in Borough of Strattanville, **Clarion County**.

Description of Proposed Action/Activity: This project is for the installation of a fine screen on the influent to the treatment plant and a larger chlorine contact tank at the plant and an upgrade to the plant's capacity.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact

the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Northeast Region: Ronald S. Brezinski, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Bud Friend, Inc., Emmaus Borough, **Lehigh County**. Brian Evans, B & B Diversified Enterprises, Inc., P. O. Box No. 188, Gwynedd, PA 19436 has submitted a Notice of Intent to Remediate (on behalf of his client, Arland and Judith Friend, 700 Chestnut Street, Emmaus, PA 18049, concerning the remediation of soil found to be impacted by a release of used motor oil as the result of the removal of an unregulated underground storage tank. The applicant proposes to remediate the site to meet the Residential Statewide Health Standard. A summary of the Notice of Intent to Remediate was published in the *East Penn Publishing Group* on September 13, 2006.

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Clay's Service Station / Former Exxon Station No. 2-3303, Mechanicsburg Borough, **Cumberland County**. Groundwater & Environmental Services, Inc., 440 Creamery Way, Suite 500, Exton, PA 19341, on behalf of James Clay, Clay's Service Center, 138 West Main Street, Mechanicsburg, PA 17055-6229 and Exxon Mobil Corporation, 7715 Crittenden Street, No. 309, Philadelphia, PA 19118-4421, submitted a Notice of Intent to Remediate site soils and groundwater contaminated with BTEX. The property is a former automobile service center and will be used as a commercial property in the future. The applicant intends to remediate to both the Site-Specific and Statewide Health Standards.

Lebanon Steel-Bachman Site, Swatara Township, **Lebanon County**. Spotts, Stevens, and McCoy, Inc., 1047 North Park Road, P. O. Box 6307, Reading, PA 19610, on behalf of Washington Street Castings, 376 Mountville Drive, Lebanon, PA 17046, submitted a Notice of Intent to Remediate site soils and groundwater contaminated by nickel and lead from historical foundry sand disposal. The property will be used for nonresidential development. The applicant intends to remediate to the Site-Specific Standard.

DETERMINATION OF APPLICABILITY FOR INFECTIOUS AND CHEMOTHERAPEUTIC WASTE GENERAL PERMITS

Determination of Applicability for General Permit WMGI005 under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Infectious and Chemotherapeutic Waste Regulations for a General Permit to Operate Infectious and Chemotherapeutic Waste Processing Facilities.

Southcentral Region: Waste Management Program, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

General Permit No. WMGI005SC001. GlaxoSmithKline Biologicals N.A., 325 North Bridge Street, Marietta, PA 17547. The Department has received a determination of applicability (DOA) under the Infectious and Chemotherapeutic Waste General Permit (No. WMGI005) for the GlaxoSmithKline facility, located in East Donegal Township, **Lancaster County**. This general permit is the processing of infectious waste by means of chemical and thermal inactivation. The Department determined the DOA application to be administratively complete on April 12, 2007.

Persons interested in obtaining more information about the general permit application may contact John Oren, Facilities Manager, Waste Management Program, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4706. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable

requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

01-05027B: McDermitt Concrete, Inc. (P. O. Box 3219, Gettysburg, PA 17325) for construction of a hot mix batch asphalt plant controlled by a fabric collector at their Hanover Plant in Oxford Township, **Adams County**. The asphalt plant is subject to 40 CFR Part 60, Subpart I—Standards of Performance for Hot Mix Asphalt Facilities.

36-05002C: Armstrong World Industries, Inc. (1067 Dillerville Road, Lancaster, PA 17603) for installation of a replacement wet scrubber on the No. 6 Roto Line at the flooring plant in the City of Lancaster, **Lancaster County**.

67-05112A: Kinsley Manufacturing, Inc. (1110 East Princess Street, York, PA 17403) for construction of two portable spray paint units with dry panel filters for control of PM emissions at their steel fabrication shop (East York Facility) in Springettsbury Township, **York County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

04-00044B: Horsehead Corp. (300 Frankfort Road, Monaca, PA 15061) for installation of swing column at Monaca Zinc Smelter Facility in Potter Township, **Beaver County**.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Thomas McGinley, New Source Review Chief, (484) 250-5920.

46-0061A: Department of Corrections—Graterford State Correctional Institute (Route 29, Graterford, PA 19426) for replacement of a control device on Boiler No. 3 at the existing facility in Skippack Township, **Montgomery County**. This facility is a Title V facility. The replacement control device on Boiler No. 3 will be a multicyclone to control PM emissions. The Plan Approval will contain recordkeeping requirements, monitoring requirements, operating conditions and performance testing requirements designed to keep the facility operating within the allowable emission limitations and all applicable air quality requirements.

15-0068A: Spring City Electrical Manufacturing Co. (P. O. Box 19, Spring City, PA 19475) for modification of a sandblasting shed and installation of a dust collector to control the sandblasting operation at the Spring City

Electrical Manufacturing Company steel product manufacturing facility at 1 South Main Street, Spring City, PA 19475, Spring City Borough, **Chester County**. The modification of sandblasting shed with the installation of its control device may result in the emissions of: 5.48 tpy of PM10 or smaller and 5.48 tpy of PM. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

21-03078A: Carlisle Coatings and Waterproofing, Inc. (1275 Ritner Highway, Carlisle, PA 17013) for installation of a rubberized asphalt sheeting line in Carlisle Borough, **Cumberland County**. The line is subject to 40 CFR Part 60, Subpart UU—Standards of Performance for Asphalt Processing and Asphalt Roofing Manufacture. Potential emissions of PM from the facility are estimated at less than 1 tpy. The plan approval will contain emission limits and work practice standards along with testing, monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulation.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.

08-00028A: Wyalusing Area School District (115 Main Street, Wyalusing, PA 18853) for construction and operation of a wood-fired boiler (Source ID 031), and installation of a multiclone collector (ID C031) to control the PM emissions from the wood-fired boiler, and a No. 2 fuel oil fired boiler at the Jr./Sr. High School in Wyalusing Township, **Bradford County**.

The Department's review of the plan approval application and information submitted by Wyalusing Area School District indicates that the proposed boilers and the multiclone collector will meet all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department intends to issue a plan approval for the construction of the wood-fired boiler with the installation of a multiclone collector and for the construction of the No. 2 fuel oil fired boiler. Additionally, if the Department determines that the boilers and the multiclone collector are operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into the State-only operating permit No. 08-00028 by means of an administrative amendment under 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the NOx emissions from the exhaust of ID C031 associated with Source ID 031 shall not exceed 0.182 lb/mmBtu of heat input and 7.18 tons in any 12-consecutive month period and the NOx emissions from the exhaust of Source ID 032 shall not exceed 0.12 lb/mmBtu of heat input, 1.18 tons in any 12-consecutive month period, and 90 ppmdv when corrected to 3% oxygen.

2. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the CO emissions from the exhaust

of ID C031 associated with Source ID 031 shall not exceed 0.164 lb/mmBtu of heat input and 6.48 tons in any 12-consecutive month period and the CO emissions from the exhaust of Source ID 032 shall not exceed 0.04 lb/mmBtu of heat input, 0.39 ton in any 12-consecutive month period, and 300 ppmdv when corrected to 3% oxygen.

3. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the PM emissions from the exhaust of ID C031 associated with Source ID 031 shall not exceed 0.22 lb/mmBtu of heat input and 8.68 tons in any 12-consecutive month period and the PM emissions from the exhaust of Source ID 032 shall not exceed 0.03 lb/mmBtu of heat input and 0.29 ton in any 12-consecutive month period.

4. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the SOx emissions from the exhaust of ID C031 associated with Source ID 031 shall not exceed 0.002 lb/mmBtu of heat input and 0.08 ton in any 12-consecutive month period and the SOx emissions from the exhaust of Source ID 032 shall not exceed 0.21 lb/mmBtu of heat input and 2.06 tons in any 12-consecutive month period.

5. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the VOC emissions from the exhaust of ID C031 associated with Source ID 031 shall not exceed 0.004 lb/mmBtu of heat input and 0.16 ton in any 12-consecutive month period and the VOC emissions from the exhaust of Source ID 032 shall not exceed 0.025 lb/mmBtu of heat input and 0.25 ton in any 12-consecutive month period.

6. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall not emit into the outdoor atmosphere of visible air contaminants in such a manner that the opacity of the emission from Source ID 032 and ID C031, associated with Source ID 031, is equal to or greater than 10% each at any time.

7. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, Source ID 031 shall be fired on virgin hardwood sawdust and wood chips consisting of green and kiln-dried wood only. No coated or treated wood, laminated wood, particleboard, flakeboard or materials other than kiln-dried and green wood shall be burned in the boiler.

8. The permittee shall perform PM and NOx stack tests from the exhaust of ID C031 associated with Source ID 031 within 180 days from the commencement of operation of Source ID 031 to demonstrate compliance with the PM and NOx emission limitations. The permittee shall perform opacity readings at the exhaust of ID C031 during the stack tests in accordance with EPA Method 9 to demonstrate compliance with the opacity limitation. All testing is to be done while Source ID 031 is operating at its maximum rate and using reference method test procedures acceptable to the Department.

9. Upon Department request, the permittee shall provide analyses or samples of the wood used as fuel in Source ID 031 and the permittee shall provide analyses and/or samples of the virgin No. 2 fuel oil being fired in Source ID 032 upon request from the Department.

10. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, ID C031 shall be equipped with instrumentation to measure the differential pressure across the collector and shall monitor the differential pressure across the collector on a continuous basis.

11. The permittee shall keep records of the following information for Source ID 031:

- a. The amount of wood fired in Source ID 031 each day.
- b. The number of hours Source ID 031 is operated each day.
- c. The test reports used to verify compliance with the NO_x and PM emission limitations.
- d. The supporting calculations on a monthly basis used to verify compliance with the NO_x, CO, SO_x, VOC and PM emission limitations in any 12-consecutive month period.
- e. The differential pressure across ID C031 at least once per day. The differential pressure operating range of ID C031 will be established upon issuance of the revised State-only operating permit.

These records shall be kept for a minimum of 5 years and shall be made available to the Department upon request

12. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the multiclone collector ash discharge system shall remain sealed from the open air at all times except when changing flyash disposal drums. Additionally, the level of accumulated ash in the flyash disposal drum shall be checked daily and the drum shall be emptied prior to becoming full.

13. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall not operate Source ID 031 without the simultaneous operation of ID C031.

14. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the screener and wood conveyors for Source ID 031 shall be completely enclosed, except for the top of the screener loading hopper, to minimize the amount of fugitive emissions from the screening operation.

15. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the front end loader bucket-to-hopper fall height shall be kept a minimum during loading of wood into the screener hopper for Source ID 031.

16. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, this plan approval is issued for the construction of a 12.0 mmBtu/hr Advanced Recycling Equipment (ARE) Model Challenger CCUE 412 W wood-fired boiler (Source ID 031), the air contaminant emissions from Source ID 031 shall be controlled by a Clarage Model C9YT multiclone collector (ID C031). Source ID 031 shall be equipped with a programmable logic controller (PLC) that regulates the speeds of the augers, fans by means of variable speed drives to be fed into the boiler, and temperatures depending upon the steam load. This plan approval is also issued for the construction of a 12 mmBtu/hr Cleaver Brooks Model F fired only on virgin No. 2 fuel oil.

17. Source ID 031 and Source ID 032 are subject to Subpart Dc of the Federal Standards of Performance for New Stationary Sources, 40 CFR Part 60 Sections 60.40c–60.48c. The permittee shall comply with all applicable requirements of this subpart, including any recordkeeping and reporting requirements.

18. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the HAP emissions from the exhaust of Source ID 032 shall not exceed 0.004 lb/mmBtu of heat input and 0.01 ton in any 12-consecutive month period.

19. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, Source ID 032 shall only be fired on

virgin No. 2 fuel oil that has a maximum sulfur content of 0.2% by weight and does not contain any reclaimed/reprocessed oil, waste oil and any other waste material.

20. Under the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12 the permittee shall not fire more than 140,000 gallons of virgin No. 2 fuel oil in Source ID 032 in any 12-consecutive month period.

21. (a) For each separate load of virgin No. 2 fuel oil delivered to the facility for use in Source ID 032, the permittee shall obtain from the virgin No. 2 fuel oil suppliers a fuel certification report which contains the following information:

- (1) The date of delivery and the name of the suppliers,
- (2) The results of analyses performed on the virgin No. 2 fuel oil for sulfur content, ash content and heat content,
- (3) The location of the virgin No. 2 fuel oil when the sample was collected for the performance of the analyses listed previously.
- (4) Identification of the specific analytical methods used to perform the analyses listed previously.

(b) If the virgin No. 2 fuel suppliers does not provide a fuel certification report for the load which contains all of the above required information, the permittee shall not accept delivery of the load nor shall the permittee accept delivery of the load if the virgin No. 2 fuel oil suppliers provides a fuel certification report for the load which shows that the sulfur content of the load is in excess of 0.2%.

22. (a) The permittee shall keep records of the following for Source ID 032:

(1) The amount of virgin No. 2 fuel oil burned in Source ID 032 on a monthly basis, and the supporting calculations used to verify compliance with the respective throughput limitation in any 12-consecutive month period,

(2) The emission of CO, NO_x, PM, SO_x and VOCs and the supporting calculations on a monthly basis and verify compliance with the respective emission limitation in any 12-consecutive month period,

(3) Fuel certifications for each delivery of virgin No. 2 fuel oil.

(b) These records shall be kept for a minimum of 5 years and shall be made available to the Department upon request.

A copy of the plan approval application and the Department's review are available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at (570) 327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Manager, Facilities Permitting Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-0512.

59-00021A: Phoenix Resources, Inc. (782 Antrim Road, Wellsboro, PA 16901) for construction and demolition (C & D) of a waste landfill by expansion of the landfill and by increasing the average daily volume (ADV) of C & D waste from 1,250 tpd to 1,500 tpd at the Phoenix Resources Landfill in Duncan Township, **Tioga County**. PMs from the expansion of the landfill and

increase in ADV of C & D waste will be controlled by a pressurized water truck (ID C101).

The Department's review of the information contained in the application submitted by Phoenix Resources indicates that the expansion of landfill and increase in ADV of C & D waste will comply with all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, and the fugitive air contaminant emission requirement of 25 Pa. Code Section 123.1. The plan approval, if issued, will subsequently be incorporated in an operating permit by means of an administrative amendment in accordance with 25 Pa. Code Section 127.450 at a later date.

Based upon this finding, the Department intends to issue a plan approval for the proposed project. The following is a summary of the conditions the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

(1) This plan approval authorizes the expansion of 86.4 acres of disposal area at the existing landfill and increase in ADV of C & D waste from 1,250 to 1,500 tpd.

(2) The permittee shall not process more than 1,500 tpd of C & D waste at this facility.

(3) The VOCs emissions from the landfill expansion shall not exceed 1.86 tons in any 12-consecutive month period.

(4) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the PM/PM10 emissions from the site haul roads and construction/operation activities associated with the expansion of landfill shall not exceed 42.8 tons and 11.8 tons respectively in any 12-consecutive month period.

(5) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall pave the 0.7 mile of site haul road that begins at intersection with public highway and extends to the edge of the expansion area.

(6) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, an operable water truck equipped with a pressurized water spray mechanism with at least two spray nozzles shall be kept onsite and shall be used for the prevention and control of fugitive air contaminant emissions from site haul roads and construction/operation activities associated with the expansion of landfill. The water truck shall be filled with water at all times while the facility is in operation.

(7) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall water each site haul road and construction/operation area at the facility at least twice per day while the facility is in operation. Each application of water shall sufficiently wet the site haul road and construction/operation area to maintain the moisture ratio at or above 4.18. Provisions may be made for rainfall. If during the day of operation, rainfall application maintains the moisture ratio at or above 4.18, the rainfall may be substituted for a watering of site haul roads and construction/operation area. If rainfall application is not sufficient to maintain moisture ratio at or above 4.18, watering of site haul roads and construction/operation area must be performed to make up the difference.

(8) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall implement any effective winterization measures necessary to render the water truck capable of use under all weather conditions.

(9) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall establish and enforce, vehicle speed limits of no higher than 15 mph on paved roads and 10 mph on unpaved roads within the site as described in the plan approval application. The speed limits shall be posted in highly visible locations within the Roadway 1—4.

(10) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, all loaded waste hauling vehicles entering the facility shall have their loads tarped.

(11) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, drop heights shall be kept at a minimum when loading and unloading of materials including, but not limited to, overburden, daily/intermediate cover soil, cell construction soils to prevent fugitive PM from becoming airborne.

(12) Under BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall promptly remove dirt and/or earthen material that falls from waste hauling vehicles onto the paved portion of the access road.

(13) If at any time the fugitive dust emissions exceeds the limitations of 25 Pa. Code Section 123.1, the company shall take such control measures as are necessary to reduce the air contaminant emissions to within the acceptable limitations.

(14) The permittee shall keep records of the following:

a. The supporting documentation/calculations used to verify compliance with the twice per day water application frequency and/or moisture ratio requirements.

b. The C & D waste delivered to site each day used to verify compliance with tpd throughput limitation.

c. The supporting documentation/calculations on a monthly basis used to verify compliance with the PM/PM10 and VOCs emission limitations in any 12-consecutive month period.

These records shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

(15) The permittee shall submit semi-annual reports to the Department which contains the supporting documentation/calculations on a monthly basis used to verify compliance with the PM/PM10 and VOCs emission limitations in any 12-consecutive month period. The semi-annual reports shall be submitted to the Department no later than March 1 (for January 1 through December 31 of the previous year) and September 1 (for July 1 of the previous year through June 30 of the current year).

A copy of the plan approval application is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at (570) 327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Manager, Facilities Permitting Section, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-0512.

AMS 06021: Kinder Morgan Liquid Terminals, LLP (3300 North Delaware Avenue, Philadelphia, PA 19134) for addition of a new loading position to one

loading rack and switch the vapor recovery from a second loading rack to a third loading rack in the City of Philadelphia, **Philadelphia County**. The project will increase potential VOC emissions from the facility by 2.0 tons per rolling 12-month period. The plan approval will contain operating, testing, monitoring, recordkeeping and reporting requirements to ensure operation within all applicable requirements.

AMS 07019: Sunoco Chemicals—Frankford Plant (Margaret and Bermuda Streets, Philadelphia, PA 19137) for an increase to the capacity of a cooling tower, for an increase to the PM emission limits for the cooling tower 1—14.0 tons per rolling 12-month period, and for shut down of another cooling tower. The net potential PM increase for the project is 4.17 tons per rolling 12-month period. The plan approval will contain operating, testing, monitoring and recordkeeping requirements to ensure operation within all applicable requirements.

AMS 06170: Sunoco, Inc.—R and M (3144 Passyunk Avenue, Philadelphia, PA 19145) for reduction of the frequency of some monitoring requirements in Plan Approval No. 98005, issued March 23, 1998, for a Sewer Odor Treatment Unit (Biofilter) at 3200 South 26th Street in the City of Philadelphia, **Philadelphia County**. Emissions are not expected to increase as a result of this change.

18-00026: First Quality Products, Inc. (P. O. Box 270, McElhattan, PA 17748) for operation of a sanitary paper products manufacturing facility in Wayne Township, **Clinton County**.

The facility incorporates 25 converting (absorbent products manufacturing) lines, one pantliner manufacturing line, 53 natural gas-fired space heaters (with a total combined heat input of 17,906,000 Btu/hr), a 375 horsepower diesel-fired fire pump, an 80 horsepower natural gas-fired emergency generator and four solvent parts washers. The PM10 emissions from the 25 converting lines are controlled by seven drum filter units, two fabric collectors, and 15 Osprey/Ibis units (each incorporating a drum filter, cartridge filter and HEPA filter).

The air contaminant emissions from the facility are not expected to exceed 14.57 tons of VOCs, 8.61 tons of NOx, 6.68 tons of CO, 2.50 tons of volatile HAP, .71 ton of PM (including .71 ton of PM10) and .047 ton of SOx per year.

The facility is not a major (Title V) facility for any air contaminant.

The Department of Environmental Protection proposes to incorporate into the operating permit to be issued conditions requiring compliance with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants as well as conditions previously established in Plan Approval 18-315-002, issued on May 24, 2005, Plan Approval 18-315-002A, issued on August 9, 2005, and a plan approval exemption granted on June 13, 2005.

The conditions previously contained in Plan Approvals 18-315-002 and 18-315-002A and the June 13, 2005, plan approval exemption include:

1. Conditions requiring any air compressor supplying compressed air to a PM control device to be equipped with an air dryer and oil trap.

2. A condition requiring the filter bags in the fabric collector associated with converting lines 2—4 to be cleaned at least once every 12 hours of operation.

3. Conditions restricting the adhesives used on converting lines 2—6, 8, 11—23, JP1 and JP2 to hot melt adhesives which do not contain, as an intentionally-added ingredient, any VOC or volatile HAP.

4. Conditions prohibiting the use of ink on converting lines 2—6, 8, 11—23, JP1 and JP2 which contain more than 5.92 pounds of VOCs and zero pounds of volatile HAP per gallon except that up to 15 gallons of ink with a VOC and volatile HAP content of up to 7.25 pounds per gallon may be used in any 12-consecutive month period.

5. Conditions prohibiting the use of a combined total of more than 1,800 gallons of cleanup solvent in any 12-consecutive month period on converting lines 2—6, 8, 11—23, JP1 and JP2, no more than 400 gallons of which may contain any volatile HAP, and limiting the maximum

volatile HAP content of the volatile HAP-containing cleanup solvent to 6.69 pounds per gallon.

6. A condition restricting the adhesives used on converting lines UP2, UP3, BC2 and JP3 to hot melt adhesives which do not contain as an intentionally-added ingredient, any VOC or volatile HAP (except as allowed by 17).

7. A condition prohibiting the use of ink on converting lines UP2, UP3, BC2 and JP3 which has a VOC content in excess of 5.46 pounds per gallon or a volatile HAP content in excess of zero pounds per gallon (except as allowed by 17).

8. A condition prohibiting the use of cleanup solvents with a VOC content in excess of 2.85 pounds per gallons on converting lines UP2, UP3, BC2 and JP3 except that a total of up to 468.2 gallons of cleanup solvent with a VOC content of up to 6.34 pounds per gallon may be used on these lines in any 12-consecutive month period and up to another 50.2 gallons of cleanup solvent with a VOC content of up to 6.59 pounds per gallon may be used in any 12-consecutive month period (except as allowed by 17).

9. A condition prohibiting the use of cleanup solvents on converting lines UP2, UP3, BC2 and JP3 which contain any volatile HAP (except as allowed by 17).

10. Conditions requiring all containers of VOC—containing, volatile HAP—containing and acetone—containing materials to be closed except when placing material into, or removing material from, the container and all cleaning cloths/rags containing such materials to be stored in closed containers except when in actual use.

11. Conditions requiring the maintenance and annual submission, of records of the identity and amount of each adhesive, ink, cleanup solvent, and the like used on the converting lines and the pantliner line.

The Department additionally proposes to incorporate several new conditions into the operating permit to be issued including:

12. A condition allowing the use of a combined total of up to 10 gallons of adhesive, ink and/or cleanup solvent on converting lines UP2, UP3, BC2 and JP3 in any 12-consecutive month period with a VOC or volatile HAP content that exceeds the limitations specified in 11—14.

13. Conditions restricting the operation of the 375 horsepower fire pump and 80 horsepower emergency generator to no more than 500 hours each in any 12-consecutive month period.

14. Conditions restricting the fuel used in the 375 horsepower fire pump to virgin diesel fuel with a maximum sulfur content of .0015% by weight to which no reclaimed or reprocessed oil, waste oil or other waste materials have been added and the fuel used in the 80 horsepower emergency generator and the 53 space heaters to natural gas.

15. A condition limiting the combined VOC emissions from the 4 solvent parts washers to less than 2.7 tons in any 12-consecutive month period and the combined volatile HAP emissions to zero tons in any 12-consecutive month period.

16. Conditions identifying the applicable 25 Pa. Code § 129.63 requirements for the four solvent parts washers.

17. Conditions requiring the maintenance, and annual submission, of records of the number of hours the 375 horsepower fire pump and 80 horsepower emergency generator operate each month, the delivery date and

sulfur content of each load of diesel fuel, the amount of natural gas burned each month, the date of each occasion solvent is added to or removed from, a solvent parts washer and the amount of solvent added or removed on each such occasion.

Materials—DePaul Concrete (2nd Street and Erie Avenue, Philadelphia, PA 19120) for operation of an asphalt and concrete facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include a hot mix asphalt plant, a concrete crushing plant, and fugitive emissions from material handling and vehicle traffic. The hot mix asphalt plant is controlled by baghouse.

The operating permit will be issued under the 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least 30 days before the hearing.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particu-

lar proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or Local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code

Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Noncoal Applications Received

Effluent Limits—The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended Solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity ¹			
pH ¹		greater than 6.0; less than 9.0	

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water

Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Floodplain Management Act (32 P. S. § 679.302) and requests for certification under section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.

E15-486. The Hankin Group, 707 Eagleview Boulevard, Exton, PA 19341, West Whiteland Township, **Chester County**, ACOE Philadelphia District.

To Reissue E15-486 which authorized to relocate and maintain 1,700 linear feet of Lionville Run, a tributary to West Valley Creek at a point approximately 300 feet west of the existing stream channel, to facilitate development on the Chandler Tract. This site is located 2,300 feet west of the northwest corner of the Route 100 and Route 30 intersection (Downingtown, PA Quadrangle N: 5.2 inches; W: 1.6 inches).

Southcentral Region: Watershed Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

E07-409: Team Ten, LLC, American Eagle Paper Mill, 1600 Pennsylvania Avenue, Tyrone, PA 16686, Snyder Township, **Blair County**, ACOE Baltimore District.

To construct and maintain a 14-foot high by 40-foot long concrete wall and related work along the right bank of Bald Eagle Creek (TSF) located at the American Eagle Paper Mill (Tyrone, PA Quadrangle N: 8.99 inches; W: 16.00 inches, Latitude: 40° 40' 28.2"; Longitude: 78° 14' 25.63") in Snyder Township and Tyrone Borough, Blair County.

E38-156: Jackson Township Authority, 60 North Ramona Drive, Myerstown, PA 17067, Jackson Township, **Lebanon County**, ACOE Philadelphia District.

To construct and maintain a wastewater treatment facility outfall and associated gravity sanitary sewer line connections involving:

1. An 18-inch PVC outfall pipe and rock apron in a UNT of Tulpehocken Creek (CWF);
2. A utility line crossing of a PEM Exceptional Value wetland by means of conventional boring;
3. Two utility line stream crossings of UNTs of Tulpehocken Creek (CWF); and
4. A temporary road crossing of a UNT of Tulpehocken Creek (CWF).

The outfall and facility is situated just north of SR 0422 (Richland, PA Quadrangle; N: 21.4 inches, W: 12.5 inches; Latitude: 40° 22' 03", Longitude: 76° 20' 21.5"). The new, 18-inch PVC sewer line will connect to the existing line just west of the Arbor Gate Residential Community (Richland, PA Quadrangle; N: 21.9 inches; W: 13.0 inches, Latitude: 40° 22' 14.2"; Longitude: 76° 20' 32.5") and run parallel to a UNT of Tulpehocken Creek for approximately 7,300 feet where it will connect to an existing pump station along Stracks Dam Road (Bethel, PA Quadrangle; N: 2.5 inches; W: 12.3 inches, Latitude: 40° 23' 19.8"; Longitude: 76° 20' 14.8") all in Jackson Township, Lebanon County. The wetland crossing will result in no permanent impacts, therefore replacement is not required.

E36-822: Hawk Valley Developers, LLC, 1319 Crestview Drive, Denver, PA 17517, Brecknock Township, **Lancaster County**, ACOE Baltimore District.

To construct and maintain (1) a 126.0-ft. long, 30.0-in. SLCPP culvert pipe (Terre Hill, PA Quadrangle N: 14.15 inches; W: 4.45 inches, Latitude: 40° 12' 11"; Longitude: 76° 01' 53"), two 19.0-in. by 30.0-in. RCP for a total length of 70.0-ft. (Terre Hill, PA Quadrangle N: 13.80 inches; W: 4.35 inches, Latitude: 40° 12' 05"; Longitude: 76° 01' 51"), three 30.0-inch SLCPP's for a total length of 151.0-ft. (Terre Hill, PA Quadrangle N: 13.65 inches; W: 4.60 inches, Latitude: 40° 12' 01"; Longitude: 76° 01' 58"), and two 24.0-in. SLCPP's for a total length of 85.0-ft. (Terre Hill, PA Quadrangle N: 13.40 inches; W: 4.20 inches, Latitude: 40° 11' 56"; Longitude: 76° 01' 48") all in a UNT to Muddy Creek (WWF), (2) to place 30.0-cubic yards of fill in an existing pond, Pond 3, and to replace the existing standpipe and existing 18.0-in. CPP pipe connection with an adjoining pond with 18.0-in. SLCPP for the purpose of roadway improvements of Crest View Drive (Terre Hill, PA Quadrangle N: 14.05 inches; W: 5.00 inches, Latitude: 40° 12' 09"; Longitude: 76° 02' 08"), (3) to place 750.0-cubic yards of fill in existing pond, Pond 5, (Terre Hill, PA Quadrangle N: 14.00 inches; W: 4.80 inches, Latitude: 40° 12' 08"; Longitude: 76° 02' 03") and 1,800.0-cubic yards of fill in existing pond, Pond 6, (Terre Hill, PA Quadrangle N: 13.85 inches; W: 4.75 inches, Latitude: 40° 12' 05"; Longitude: 76° 02' 01") for the purpose of establishing a road crossing, East Valley Road, and to provide for additional stormwater management capacity, designating pond 5 as stormwater management basin E (SWM basin E), and Pond 6 to stormwater management basin F (SWM basin F) (4) to install and maintain a 24.0-in. SLCPP pipe, 120.0-ft. in length, to connect SWM basin E and SWM basin F, (Terre Hill, PA Quadrangle N: 13.95 inches; W: 4.90 inches, Latitude: 40° 12' 07"; Longitude: 76° 02' 02"), (5) to construct and maintain two stormwater outfalls into SWM basin E (Terre Hill, PA Quadrangle N: 14.00 inches; W: 4.80 inches, Latitude: 40° 12' 08"; Longitude: 76° 02' 31"), and three stormwater outfalls into SWM basin F, (Terre Hill, PA Quadrangle N: 13.85 inches; W: 4.75 inches, Latitude: 40° 12' 05"; Longitude: 76° 02' 01"), (6) to alter the existing 67.0-ft. long, 18.0-in. SLCPP outfall into SWM

basin F, (Terre Hill, PA Quadrangle N: 13.85 inches; W: 4.75 inches, Latitude: 40° 12' 05"; Longitude: 76° 02' 01"), (7) to dewater and remove an existing on-line pond, (Pond 8), and to restore the stream channel of the UNT to Muddy Creek (WWF) where the removal will occur (Terre Hill, PA Quadrangle N: 13.70 inches; W: 4.30 inches, Latitude: 40° 12' 02"; Longitude: 76° 01' 51"), (8) and to construct and maintain 3 stormwater management outfall structures, EW-A (Terre Hill, PA Quadrangle N: 14.15 inches; W: 4.45 inches, Latitude: 40° 12' 11"; Longitude: 76° 01' 53"), EW-C (Terre Hill, PA Quadrangle N: 13.65 inches; W: 4.60 inches, Latitude: 40° 12' 01"; Longitude: 76° 01' 58"), and EW-1 (Terre Hill, PA Quadrangle N: 13.40 inches; W: 4.05 inches, Latitude: 40° 11' 56"; Longitude: 76° 01' 47") into a UNT to Muddy Creek (WWF), all located on the existing Hawk Valley Golf Course on Crestview Drive in Brecknock Township, Lancaster County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E55-212. PR Monroe Limited Partnership, 200 South Broad Street, Philadelphia, PA 19102. Monroe Market Place, in Monroe Township, **Snyder County**,

ACOE Baltimore District (Sunbury, PA Quadrangle Latitude 40° 50' 15.1"; Longitude 76° 49' 57.8").

This project proposes to construct a 710,000 square foot retail shopping center on a 125-acre site. The proposed impacts associated with this project are 0.291 acre of permanent wetland impacts and 0.220 acre of temporary wetland impacts. A UNT to the Susquehanna River, WWF, is located on site is proposed to be enclosed for 550 linear feet and have 200 linear feet of temporary impacts associated with the construction of the enclosure.

Northwest Region: Watershed Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E24-247. Johnsonburg Municipal Authority, 520 A Market Street, Johnsonburg, PA 15845. Johnson Run Pump Station, in Johnsonburg Borough, **Elk County**, ACOE Pittsburgh District (Ridgway, PA Quadrangle N: 41° 29' 19.5"; W: 78° 40' 53.5").

To construct and maintain a sanitary sewage pump station and gravel access road within the 100-year floodplain and floodway of Johnson Run approximately 500 feet upstream of the mouth along the left (north) bank and to install and maintain two gravity and one force main sewer line crossings of Johnson Run.

ACTIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of

contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.

John R. Hollingsworth, Schuylkill Township, **Chester County**. Craig Herr, RET Env. Inc., 215 W. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and in-

clude a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Title V Operating Permits Issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Edward Jurdones Brown, Facilities Permitting Chief, (484) 250-5920.

46-00047: Mueller Streamline Co. (287 Wissahickon Avenue, North Wales, PA 19454) on April 24, 2007, for renewal of the Title V Operating Permit in Upper Gwynedd Township, **Montgomery County**, PA. The initial permit was issued on December 31, 2001. Mueller Streamline Company is a manufacturing plant, which operates two batch vapor degreasers (solvent used: Methylene chloride CAS No. 75-09-20), numerous tube straightener units and various combustion units. The vapor degreasers are regulated by 40 CFR 63 Subpart T (National Emission Standards for Halogenated Solvent Cleaning). As a result of the potential levels of VOCs emitted, the facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments. No changes have taken place at this facility that were not previously permitted. The renewal contains all applicable requirements including monitoring, recordkeeping and reporting. The sources at this facility are not subject to Compliance Assurance Monitoring under 40 CFR Part 64.

Operating Permits for Non-Title V Facilities Issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Edward Jurdones Brown, Facilities Permitting Chief, (484) 250-5920.

46-00220: Micro-Coax, Inc. (206 Jones Boulevard, Pottstown, PA 19464) on April 26, 2007, to operate coaxial cable and electrometallurgical equipment at their manufacturing facility in Limerick Township, **Montgomery County**. The permit is for a non-Title V (State-only) facility. The facility's potential to emit criteria pollutants is less than major thresholds; therefore the facility is a Natural Minor. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

36-03055: Martin Limestone, Inc. (P. O. Box 550, Blue Ball, PA 17506-0550) on April 24, 2007, to operate the limestone crushing/screening plant at their Limeville Quarry in Salisbury Township, **Lancaster County**. This is a renewal of the State-only operating permit.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Barbara Hatch, Facilities Permitting Chief, (412) 442-4174.

04-00600: Rosebud Mining Co. (301 Market Street, Kittanning, PA 16201) on April 24, 2007, for a State-only operating permit to operate the Beaver Valley Mine Coal Preparation Plant in Greene Township, **Beaver County**.

04-00687: Penn State Special Metals (7544 Route 18, P. O. Box Q, Koppel, PA 16136) on April 24, 2007, to manufacture precision cold drawn metal tubing. The facility cuts, draws, anneals, cleans and otherwise processes metal tube to manufacture cold drawn metal tubing in Beaver Borough, **Beaver County**.

26-00546: Atlas Pipeline PA, LLC—Prah Compressor Station (311 Rouser Road, Moon Township, PA, 15108-2719) on April 24, 2007, for two natural gas compressor engines and a tri-ethylene glycol dehydrator controlled by an incinerating flare at their plant in German Township, **Fayette County**.

26-00477: BAE Systems Land & Armaments LP (2198 University Drive, Lemont Furnace, PA 15456) on April 27, 2007, to operate a refurbishing and paint shop in North Union Township, **Fayette County**.

32-00385: CQ Hardwood Finishers, LLC (28 Kendall Road, Blairsville, PA 15717) on April 27, 2007, to operate a hardwood flooring manufacturing facility in Burrell Township, **Indiana County**.

Operating Permit Revisions Issued including Administrative Amendments, Minor Modifications or Transfers of Ownership under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code §§ 127.412, 127.450, 127.462 and 127.464.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Edward Jurdones Brown, Facilities Permitting Chief, (484) 250-5920.

23-00059: Lyondell Chemical Co. (3801 West Chester Pike, Newtown Square, PA 19073-2320) on April 24, 2007, for a non-Title V, Synthetic Minor Facility in Newtown Township, **Delaware County**. The State-only Operating Permit was revised to incorporate the conditions of plan approval PA-23-0059 for the addition of an Integrated Propylene Oxide Pilot Unit and an associated Flameless Thermal Oxidizer to the facility in accordance with 25 Pa. Code § 127.450(a)(5). The addition of the Integrated Propylene Oxide Pilot Unit will not result in an increase of emissions for the facility.

De Minimis Emissions Increases Authorized under 25 Pa. Code § 127.449.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Barbara Hatch, Facilities Permitting Chief, (412) 442-4174.

65-00873: Pace Industries—Airo Die Casting (1004 Industrial Boulevard, Loyahanna, PA 15661) on May 1, 2007, for De Minimis emission increase of 0.8 ton PM per year, 0.006 ton SOx per year, 1.0 ton NOx per year, 0.06 ton VOC per year and 0.9 ton CO per year resulting from the installation of a new RGF TO 150 Wastewater Evaporator at the Main Plant in Derry Township, **Westmoreland County**. Source is restricted to 8,333 hours of operation per year and recordkeeping is required.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the request for 401 Water Quality Certification and the NPDES permit application. Mining activity permits issued in response to the applications will also address the application permitting requirements of the following statutes: the Air Quality Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

High Energy Demand Day Memorandum of Understanding Approved by the Ozone Transport Commission

The Department of Environmental Protection (Department) will hold a public meeting, May 30, 2007, to present an overview and to receive comments regarding the high-energy demand day (HEDD) Memorandum of Understanding (MOU) adopted by the Ozone Transport Commission (OTC). On March 2, 2007, the Commonwealth's representatives on the OTC abstained when action was taken on the MOU and indicated that under State law an opportunity must be provided for public comment in this Commonwealth prior to final action on a resolution or MOU that would commit the Commonwealth to pursue the adoption of control measures. This meeting is being held consistent with the requirements of section 7.4 of the Air Pollution Control Act (35 P. S. § 4007.4), Interstate Transport Commission, which states the following:

(a) The Commonwealth, through its representatives on an interstate transport commission formed under the Clean Air Act, shall provide public review of recommendations for additional control measures prior to final commission action consistent with the commission's public review requirements under section 184(c)(1) of the Clean Air Act. The opportunity for public review established under this section shall run concurrently with the commission's public comment period established under section 184(c)(1) of the Clean Air Act.

(b) Control strategies approved by an interstate transport commission and by the Commonwealth's representatives and set forth in resolutions or memoranda of understanding shall be considered commitments by the executive to pursue subsequent legislative, regulatory or other administrative actions to implement the control strategies.

(c) The Commonwealth strongly recommends that an interstate transport commission adopt formal procedures, which allow for an open public review and comment period prior to the adoption of resolutions, consideration of memoranda of understanding or other actions that recommend that States adopt control strategies. The Commonwealth's representatives shall take actions consistent with this recommendation.

At the March 2, 2007, meeting of the OTC, the Environmental Commissioners of the Ozone Transport Region (OTR) jurisdictions voted on a HEDD MOU to be considered by the OTR jurisdictions for implementation to reduce ground-level ozone and its precursors.

Specifically, the Department is requesting public comment regarding the following HEDD issues:

1. The appropriateness of the emission reduction and the way it was calculated by the OTC. OTC's MOU includes HEDD units that operated less than 50% of the ozone season and calculated the potential reductions from those units based upon the operation of those units on the HEDD that occurred on July 26, 2005, and the normal demand day of June 4, 2005.
2. Any recommendations regarding the various ways to achieve the reductions in the MOU.
3. Comments concerning the future impacts on HEDD units from the developing Advanced Energy Portfolio Standard Implementation; new Federal CO₂

initiatives; and any proposed electric law changes, if they will have any overlap with this initiative and if they may otherwise provide emissions reductions, change the economics, operations of the electric system, and the like.

Written comments should be sent by June 1, 2007, to J. Wick Havens, Chief, Division of Air Resource Management, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468, jhavens@state.pa.us. The Department will consider and retain all comments, but will not prepare a comment and response document. The Department will consider the comments prior to deciding whether to pursue the adoption of HEDD measures in PA.

Persons with a disability who wish to attend a meeting and require an auxiliary aid, service or other accommodation to participate in the meeting should contact Yvette House at (717) 787-9498, yhouse@state.pa.us. TDD users may contact the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

Information regarding the OTC action and the HEDD MOU can be found at www.otcair.org/document.asp?fview=meeting#.

The OTC is a multistate organization created under the Federal Clean Air Act. The OTC is responsible for advising Environmental Protection Agency on transport issues and for developing and implementing regional solutions to the groundlevel ozone problem in the Northeast and Mid-Atlantic regions. The Commonwealth is a member of the OTC.

The public meeting will be held Wednesday, May 30, 2007, 9 a.m.—11:30 a.m., Sixth Floor Conference Room, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17105.

DEPARTMENT OF PUBLIC WELFARE

Expansion of the Long-Term Care Capitated Assistance Program; Request for Information

The Long-Term Care Capitated Assistance Program (LTCCAP) is the Commonwealth's replication of the Program of All-inclusive Care for the Elderly (PACE) Model. Under this request for information, the Department of Public Welfare (Department) is asking organizations interested in participating as an LTCCAP provider to contact the Department. Providers will be responsible to provide a specific package of services to individuals enrolled in the program, who are eligible for Medical Assistance (MA) and have been determined to require nursing facility services. To be considered for an LTCCAP site, organizations must be enrolled in the MA Program, meet the requirements included in the PACE Protocol and LTCCAP Provider Agreement and have a completed feasibility study through an approved PACE Technical Assistance Center. The feasibility study must evaluate and address at least the following:

- Market analysis to determine potential demand for PACE services in the proposed service area.
- Organization's commitment to principles consistent with PACE model; depth of leadership and experience required to develop PACE; evidence of primary acute or long-term care services, or both; and experience in serving eligible dual populations.
- Financial capacity of organization to fund program development, assume financial risk and fund risk reserve.
- Project design.
- Projected 5-year start-up budget.

The Department will consider, among other things, the following factors when determining site selection for LTCCAP:

- MA service need.
- MA service availability (such as availability of nursing facility services and home and community based services).
- Project location (such as suburban versus urban locations and existing project sites).

- Uniqueness of project design (such as closing existing nursing facility beds and collaboration efforts with affordable housing providers, hospitals, nursing facilities and referral sources).

- Time line for program development.
- Demonstration of plan to achieve solvency and fund risk reserve.

Questions regarding the PACE Protocol or the feasibility study through a PACE Technical Assistance Center should be directed to Cindy M. Proper at (717) 772-2525.

Organizations that meet the criteria listed in this notice that are interested in being considered to provide services under LTCCAP should submit a letter of interest, along with a copy of their completed feasibility study no later than 30 days from the date of this notice, to LTCCAP, Division of LTC Client Services, Department of Public Welfare, 6th Floor, Bertolino Building, P. O. Box 2675, Harrisburg, PA 17105.

Current LTCCAP providers interested in expanding beyond their designated zip code area are also invited to respond to this request. Responses should be directed to the address previously given and include a letter of interest, along with a market analysis of the area of interest.

Medical Assistance Program Fee Schedule Revision; Change to Conversion Factor for Anesthesia Services

The Department of Public Welfare (Department) will adjust the conversion factor applied in the payment methodology for anesthesia services on the Medical Assistance (MA) Program fee schedule. The changes are effective with dates of service on and after May 21, 2007.

Methodology

Since June 2004, the Department has used a payment methodology to establish fees for anesthesia services that conforms to the Medicare payment methodology and was developed in consultation with the Pennsylvania Medical Society and the Pennsylvania Society of Anesthesiologists. Fees are established using the following pricing formula: (base unit assigned to each procedure code × conversion factor) + (conversion factor × time units). For select obstetrical anesthesia services (procedure codes 01960, 01961, 01962, 01963 and 01967), the Department uses the same pricing formula but adjusts the base units by adding four units to the Medicare base units, to account for the particular manner in which these services are provided.

The Department has applied the 2004 Pennsylvania-specific Medicare conversion factor to the pricing formula since June 2004. The Center for Medicare and Medicaid Services adjusted the Pennsylvania-specific Medicare conversion factor for 2007, to \$15.66. The Department will apply this 2007 Medicare conversion factor to claims for services rendered on and after May 21, 2007. The pricing formula will otherwise remain the same.

Fiscal Impact

Although this change will be implemented effective May 21, 2007, due to payment lags it is anticipated there will be no fiscal impact in Fiscal Year (FY) 2006-2007. Annual savings from the reduced conversion factor are projected at \$0.839 million (\$0.400 million in State funds) in the Medical Assistance-Outpatient Program in FY 2007-2008.

Public Comment

Interested persons are invited to submit written comments regarding this notice to the Department at the following address: Department of Public Welfare, Office of Medical Assistance Programs, c/o Deputy Secretary's Office, Attention: Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received will be reviewed and considered for any subsequent adjustments to the conversion factor.

Persons with a disability who require an auxiliary aid or service may submit comments using the AT&T Relay Service, (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

ESTELLE B. RICHMAN,
Secretary

Fiscal Note: 14-NOT-505. No fiscal impact; (8) recommends adoption. Implementation of this notice is anticipated to save \$400,000 annually starting in FY 2007-2008.

Medical Assistance Program; Prior Authorization List

The Department of Public Welfare (Department) announces additions to the Medical Assistance (MA) Program's list of services requiring prior authorization effective May 15, 2007.

Section 443.6(b)(7) of the Public Welfare Code (62 P. S. § 443.6(b)(7)) authorizes the Department to add items and services to the list of services requiring prior authorization by publication of notice in the *Pennsylvania Bulletin*.

The MA Program will require prior authorization of prescriptions, including refills, for Aranesp, Enbrel, Humira, Kineret, Pegasys, Procrit, Toradol and Tysabri dispensed on and after May 15, 2007.

Fiscal Impact

It is estimated that the change will result in savings of \$0.223 million (\$0.104 million in State funds) in the MA-Outpatient Program in Fiscal Year (FY) 2006-2007 and annualized net savings of \$2.682 million (\$1.251 million in State funds) in FY 2007-2008.

Public Comment

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Deputy Secretary's Office, Attention: Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA

17120. Comments received within 30 days will be reviewed and considered for any subsequent changes to these prior authorization requirements.

Persons with a disability who require an auxiliary aid or service may submit comments using the AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

Pennsylvania Public Utility Commission Regulation #57-251 (IRRC #2591)

**Provisions of Bundled Service Package Plans at a Single Monthly Rate by Local Exchange Carriers
May 2, 2007**

We submit for your consideration the following comments on the proposed rulemaking published in the March 3, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Pennsylvania Public Utility Commission (PUC) to respond to all comments received from us or any other source.

1. Consistency with statute.

In the preamble, the PUC quotes its Proposed Rulemaking Order (PUC Doc. No. L-00060179) which includes the following statement:

We note that while the Public Utility Code expressly grants local exchange telecommunications companies

(incumbent local exchange carriers or ILECs) permission to offer single-rate package plans, 66 Pa.C.S. § 3016(e)(2), nothing in the Code precludes the Commission from authorizing competitive local exchange carriers (CLECS) to provide single-rate package plans. In fact, we believe that authorizing CLECS to provide such service packages advances two important policy goals: (1) to encourage diversity in services and products; and (2) to promote the provision of competitive services by a variety of service providers without jeopardizing universal service. See, 66 Pa.C.S. § 3011(5)(8).

While expressing support for the PUC's stated goals in this rulemaking, some commentators take issue with the proposed regulatory language to accomplish this goal. We recognize that the PUC is attempting to address rapidly evolving services and providers. However, as written, portions of the regulation appear to regulate bundled service packages as a whole, rather than the protection of basic service within a bundled service package. Therefore, in light of 66 Pa.C.S. § 3016(e)(2), the PUC needs to further explain how the regulation is consistent with the statute as explained below.

Under the following conditions

Under 66 Pa.C.S. § 3016(e)(2), "local exchange telecommunications companies may offer and bill to customers on one bill bundled packages of services . . ." However, proposed Section 64.24 begins with the statement that "An LEC may offer bundled packages of services . . . under the following conditions: . . ." The PUC needs to explain why it is consistent with the statute to impose in regulation restrictions not stated in 66 Pa.C.S. § 3016(e)(2).

Payment agreements for past-due amounts on bundled service packages

Paragraph (4) states, "The LEC may offer payment agreements for past-due amounts on bundled service packages." While the PUC has an interest in protecting basic service, the authority and purpose behind this provision regarding bundled services is not clear, particularly when bundled services include competitive services. The PUC should explain how this provision is consistent with 66 Pa.C.S. Chapter 30.

Notices issued pertaining to the bundled service package

Paragraph (5) states, "Notices issued by the LEC pertaining to the bundled service package . . . will be subject to Commission review and approval . . ." Again, while the PUC has an interest in protecting basic service, the authority and purpose behind this provision regarding all bundled services is not clear. The PUC should explain how this provision is consistent with 66 Pa.C.S. Chapter 30.

Furthermore, Paragraph (5) states that "notices issued by the LEC pertaining to the bundled service package, including . . . other communication, will be subject to Commission [PUC] review and approval . . ." The requirement relating to "other communication" is vague and could encompass irrelevant communications. We recommend deleting the phrase "or other communication."

2. "The LEC shall convert the customer's service"—Economic impact; Need; Reasonableness.

Paragraph (2) states, "When a customer fails to make payment on a bundled service package, the LEC shall convert the customer's service to a basic service plan . . ." There are two concerns.

First, by use of the word "shall," the regulation does not leave any discretion for the LEC and customer to resolve any issues that may have led to failure to make payment. Can the LEC and customer resolve payment issues before a basic service plan is imposed?

Second, commentators cite concerns related to changing service to basic service. Although the intent of Paragraph (2) appears to be to separate basic service from bundled services, commentators question whether Paragraph (2) will create a confusing array of bills to the customer, impose unreasonable administrative costs for the LEC and allow a costly extension of termination proceedings. We will review the PUC's responses to the commentators on these issues to determine whether Paragraph (2) is in the public interest.

3. Waiver of applicable Chapter 64 regulations.—Implementation procedures; Conflict with existing regulation; Clarity.

In the Preamble, the PUC included in its order the following paragraph:

9. Pending the final resolution of this rulemaking, the Chapter 64 separate billing requirement, including 52 Pa. Code §§ 64.14(a)(4) and (5), 64.17, 64.18, 64.21(a), and 64.63(1) and (2), are temporarily waived to the extent necessary to permit all LECs to offer bundled services packages, provided that the LEC agrees to the conditions set forth in the Secretarial Letter issued September 23, 2003, at Docket No. M-00031747.

Even though the PUC recognizes these existing provisions are inconsistent with the proposed rulemaking, the proposed language amendments do not rectify the inconsistency. As a result, when the waiver expires, Chapter 64 will contain contradictory language. We offer two examples: The PUC temporarily waived the following requirements:

Section 64.14. Billing information.

(a) Every bill rendered shall state clearly the following information:

* * * * *

(4) The amount due for service and equipment during the current billing period, and the charges for toll service, local usage, taxes and applicable surcharges.

(5) An itemized statement of toll charges listing the date, time, destination, duration and rate period for each toll call.

and

Section 64.21. Separate billing for basic service.

(a) Charges for basic service shall be billed separately from charges for other services.

Upon completion of this rulemaking, these provisions would no longer be waived. Hence, the above provisions will contradict Section 64.24 which states, "An LEC may offer bundled packages of services . . . in a single package plan at a single monthly rate . . ." These contradictions need to be resolved prior to the filing of a final-form regulation. We recommend that the PUC consider either a new proposed rulemaking to allow the public, legislature, Attorney General and this Commission the opportunity to review and comment upon any changes not published in this proposed rulemaking, or an Advanced Notice of Final Rulemaking to allow interested parties the opportunity to comment on revisions.

Finally, we recognize that the intent of this rulemaking is to implement a process that does not require a case-by-case waiver regarding bundled services. However, commentators see many implications beyond the proposed amendments and raised many issues related to 66 Pa.C.S. Chapter 30. In the final-form rulemaking preamble, the PUC should explain how it took into consideration 66 Pa.C.S. Chapter 30, including 66 Pa.C.S. §§ 3011(5), (6), (8) and (13); 3016 and 3019(b)(2) in the formulation of the language included in the final-form regulation.

Professional Conduct

May 2, 2007

We submit for your consideration the following comments on the proposed rulemaking published in the March 3, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the State Board of Veterinary Medicine (Board) to respond to all comments received from us or any other source.

Section 31.21. Rules of Professional Conduct for Veterinarians.—Fiscal impact; Reasonableness; Implementation procedure; Clarity.

Principle 1. Competency.

Subsection (d) indicates that veterinarians should take certain steps when they believe another veterinarian's actions "demonstrate professional incompetence, neglect or animal abuse." By using the word "should," the first part of the subsection appears to give discretion to a licensee in dealing with the incompetence of a colleague. The proposed regulation adds new language mandating that veterinarians file a complaint with the Bureau of Professional and Occupational Affairs (BPOA), and thereby the Board, when they observe conduct that is "grossly incompetent, or involves neglect or animal abuse." We have three concerns.

First, the use of the word "should" in this subsection is inappropriate because it is nonregulatory language which indicates that the provision is optional. When a veterinarian observes questionable actions by a colleague that demonstrate "incompetence," the subsection states that the veterinarian "should" bring the matter to the colleague's attention. If a problem remains unresolved, the veterinarian "should bring the matter to the attention of the Board." It is inappropriate to include optional provisions in a regulation. Regulations establish binding norms of general applicability and future effect. Furthermore, there is confusion over the discretionary nature of this provision with the addition of "failing to report" incompetence as grounds for disciplinary action under Principle 3(11). If reporting certain cases is to remain optional, the first half of this subsection would be more appropriately placed in a policy statement or guidance document.

Second, new language in the first half of the subsection does not indicate how a licensee should "bring the matter to the attention of the Board." What process should a licensee use to notify the Board? If there is gross incompetence, the second half of this subsection mandates that an observing veterinarian file a complaint with the BPOA and this will bring the matter to the Board. However, if a veterinarian is exercising discretion in reporting incompetence under the first part of the subsection, there are no details about how to bring the matter

before the Board. Should the veterinarian file a formal complaint with BPOA or would a letter to the Board suffice?

Third, it is unclear when voluntary or mandatory reporting would apply to "neglect or animal abuse." The subsection states that a veterinarian "*should*" report actions that "demonstrate professional incompetence, "*neglect or animal abuse*" (Emphasis added). It also states:

If the conduct is grossly incompetent, or involves *neglect or animal abuse*, the veterinarian *shall* bring the matter to the attention of the Board by filing a complaint with the Bureau of Professional and Occupational Affairs. [Emphasis added.]

If a veterinarian observes cases involving "neglect or animal abuse" by another veterinarian, is the observer mandated to report it to the Board or does the veterinarian have discretion? If the voluntary and mandatory provisions are both retained, the Board needs to clarify when a veterinarian is mandated to report conduct involving "neglect or animal abuse" and when reporting is voluntary.

Principle 3. Unprofessional conduct.

There are several amendments, including a title change, to Principle 3. We have identified the following issues.

First, we question the use of the word "immoral" in the opening paragraph of the amendments to Principle 3. A commentator suggested that the Board consider using the word "unethical" rather than "immoral." We agree.

The last sentence of Paragraph (3) uses the word "should" and reads: "In these instances, the veterinarian should clearly note the reason for the surgery on the veterinary medical record of the animal." As we noted previously, the word "should" is nonregulatory language. We recommend that the word "should" in this sentence be replaced with "shall" in the final-form regulation.

In Paragraph (5), what constitutes "undue pressure" or "attempting to induce" in trying to convince an individual to file, not file or withdraw a complaint? If a veterinarian and client find a way to amicably resolve their differences and the client withdraws the complaint before the Board takes action, did "undue pressure" or an inducement occur?

Third, the new language in Paragraph (6) is unclear. The Pennsylvania Veterinary Medical Association (PVMA) asked the Board to "develop parameters for what constitutes verbal abuse and harassment." In its comments dated April 18, 2007, the House Professional Licensure Committee (House Committee) questioned the application of this provision and whether it should be restricted to actions occurring while a veterinarian is practicing medicine. The Board needs to define, clarify and limit the breadth and scope of this provision in the final-form regulation.

Fourth, the new Paragraph (7) generated questions for the PVMA. It asked: "How is competence to perform determined?" What level of training or experience is required to be competent in a medical procedure? The Board should include the standards that will be used to make this determination.

Paragraph (8) states that "making any false, misleading or deceptive statement or claim" is "unprofessional conduct or immoral conduct." Since such a claim or statement is already prohibited under the existing Principle 5 in Section 31.21, the need for this new language is

unclear. If it is limited to verbal claims to a client, PVMA questions how it could be proven. It suggests a paper record signed by the client and documenting a discussion with the client of the benefits and risks of treatments and medical procedures. Does the new documentation proposed in a different rulemaking for Section 31.22(d) (noted in the Preamble) include the client's signature? The Board should explain how it intends to implement enforcement of this new code of conduct.

Regarding Paragraph (9), a commentator questioned the impact of the rule on shelters or animal rescue groups where unlicensed people are often involved in providing medical care to animals. The Board should carefully examine the impact of this proposed regulation on volunteers or nonprofit organizations that seek to assist stray, unwanted or abused animals.

Finally, in Paragraph (10), we share the questions and concerns noted by the House Committee and a commentator relating to standards, scope of practice and the laws and regulations in other states.

Principle 7. Veterinarian/client/patient relationships.

Concerning Subsection (a)(1), a commentator questioned whether the regulation could be amended to recognize that a certified veterinary technician could assess, or provide "triage" for, the incoming emergency case and determine the appropriate action such as a referral to another facility. The final-form regulation should clarify the duty of a veterinarian in these situations.

In Subsection (a)(2), what is a "reasonable time?" PVMA asked the Board to provide direction to veterinarians as to how much time they should give to a client to obtain necessary veterinary care for an animal from a different provider. The House Committee was concerned that this provision should include an affirmative duty to provide care until the time when another veterinarian may continue treatment. The final-form regulation should identify a minimum amount of time for this notice and also address the need for continuity and maintenance of medical care.

The amendments to Subsection (b) appear minor but they raised two concerns.

First, one revision generated financial concerns. The word "should" in the existing regulations was changed to "shall." PVMA is concerned that this mandate places an undue burden on veterinarians. If they are required to care for animals without regard for costs including cases with no client or when a client has no money, then veterinarians, as small business owners, will be required to pass these costs onto other clients. PVMA also noted concerns for large animal veterinarians in cases that may involve services provided by the Department of Agriculture. Has the Board examined the potential fiscal impact of making this standard mandatory for veterinarians?

Second, there was a concern as to whether the phrase "ending suffering" included euthanasia. If so, the House Committee suggested that the word euthanasia be included in Subsection (b). We agree.

The House Committee expressed concerns with the use of the terms "familiarize" and "familiar" in the new Subsection (d). It characterized the use of these terms as setting a less stringent standard for requiring veterinarians to remain current with advancements in veterinary medicine. Veterinarians should strive to be competent in the application of existing treatments and in any advancement in medical treatment. The House Committee

also noted similar concerns with the language in Subsection (f). The Board needs to explain and clarify its intent for the new Subsections (d) and (f).

A commentator suggested revising the new language in Subsection (e) to include discussing the benefits, risks and side effects of “treatments, preventatives and products dispensed to their clients.” This type of language would give greater detail to the term “treatment alternatives” that used in the proposed regulation. The commentator also suggested that this discussion or explanation of the risks, benefits and side effects of treatment options should be documented. We agree.

Pennsylvania Gaming Cash Flow Management

May 2, 2007

We submit for your consideration the following comments on the proposed rulemaking published in the March 3, 2007 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Department of Revenue (Department) to respond to all comments received from us or any other source.

1. Economic or fiscal impact of the regulation.

Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as economic or fiscal impact and reasonableness. To make that determination, the Commission must analyze the text of the proposed rulemaking and the reasons for the new or amended language. The Commission also considers the information a promulgating agency is required to provide under § 745.5(a) in the regulatory analysis form (RAF).

It is clear that there will be costs to the Commonwealth for the administration of this rulemaking. It is equally clear that there will be costs imposed upon the regulated community, especially as it relates to the reimbursement of Commonwealth expenses. However, the RAF does not provide any detail on what those costs are or will be. Without this information, we cannot determine if this proposed regulation is in the public interest. In the Preamble and RAF submitted with the final-form rulemaking, the Board should provide more detailed information required under § 745.5(a) of the RRA.

2. Section 1001.3. Definitions.—Clarity.

Credit against tax—This definition and § 1001.4(a), pertaining to calculations of credit against tax, implement Section 1209(c) of the Pennsylvania Race Horse Development and Gaming Act (Act) (4 Pa.C.S. § 1209(c)). We recommend that the definition be amended to include a reference to this section of the Act.

3. Section 1001.5. Administration and distribution of moneys held by licensed gaming entities and the Commonwealth.—Statutory authority; Implementation procedures; Clarity.

Subsection (a)

This subsection references “any other fund as specified in this chapter.” If any other funds are specified in this chapter, we recommend that they be identified in this subsection.

Subsection (b)(1)

Deposits and transfers to Treasury by licensed gaming entities are the subject of this subsection. We have two recommendations. First, the term “Office of the Budget” is referenced in this subsection and Subsections 1001.8(c)(1) and 1001.10(d). The term “Governor’s Budget Office” is referenced in Subsection 1001.8(b). We recommend that the term “Office of the Budget” be used and suggest that the term be defined.

Second, under this subsection, licensed gaming entities will be required to transfer a certain amount of money to the Treasury Department “as calculated by the CCS.” In order to establish a binding norm on both the regulated community and the Department, we recommend that method of calculating the amount due be included in the final-form regulation. This could be achieved by referencing the various sections of the Act that relate to assessments.

Subsection (b)(5)(i)

This subsection pertains to the annual minimum distribution as specified in Section 1403(c)(3) of the Act (4 Pa.C.S. § 1403(c)(3)). It states, in part, the following: “. . . the required minimum shall be prorated for that portion of the municipality’s fiscal year that the Board determines that the licensed gaming entity was actually in operation.” Annual minimum distribution is defined as: “Other than for a Category 3 license, 2% of the gross terminal revenue of the licensed gaming entity or \$10 million, whichever is greater.”

Representative Nickol, Minority Chairperson of the House Finance Committee, questioned the statutory basis for proration of the required minimum and whether this proration only applies to the first year of a licensed gaming entities operation. Sands Bethworks Gaming LLC (Sands Bethworks) also questioned the Department’s authority to prorate the \$10 million and asked how this provision will be implemented if the licensed gaming entity and the municipality operate under different fiscal years. We share these concerns and ask the Department to explain its statutory authority for the proration of the required minimum, the rationale behind it and the method of implementation.

Subsection (b)(5)(iii)

One provision of this subsection states that the licensed gaming entity must remit required annual minimum distribution payments to the Department. Another provision states that distributions specified in the chapter must be made by the licensed entity to the Department *or* the respective municipality. When would a licensed gaming entity distribute money directly to a municipality? If distributions are not made from a licensed entity to a municipality, then the second provision should be deleted.

4. Section 1001.6. Administration of amount deposited by licensed gaming entities with Treasury to pay Commonwealth gaming related costs and expenses (\$5 million).—Statutory authority; Implementation procedures; Costs to the private sector; Adverse effects on competition; Policy decision of such a substantial nature that it requires legislative review; Clarity.

Subsection (d)

This subsection states, in part, the following:

To fulfill the licensed gaming entity’s obligations under this section, nothing prohibits the Board from drawing against any source of the licensed gaming

entity, with the exception of any licensed gaming entity account that holds gross terminal revenue to be deposited with Treasury in accordance with § 1001.5.

What authority does the Department have to allow or prohibit the Pennsylvania Gaming Control Board (Board) from taking a particular action? If the provision previous can be found in the Act, we question the need for including it in this rulemaking.

Subsection (e)(1)

This subsection pertains to the assessment of expenses directly related to a particular licensed gaming entity. We have two concerns. First, the term “periodic” is used to describe when these assessments will be issued. This term is vague. The final-form regulation should be amended to include a specific time period relating to the issuance of these assessments by the Department.

Second, this subsection states that the Department will issue assessments related to expenses incurred by the Board, Department, Office of Attorney General, the Pennsylvania State Police and *any other Commonwealth entity* charged with administrative duties under the Act. Section 1402(a) of the Act (4 Pa.C.S. § 1402(a)) allows the Department to recoup the costs incurred by the four agencies listed above. What is the Board’s statutory authority for issuing assessments to recoup the costs of other state agencies? We note that the general term “Commonwealth” is used in §§ 1001.6(e)(2) and (3). Does this term mean any Commonwealth agency or just the four that are listed in the Act?

Subsection (e)(2)

This subsection states that expenses incurred and assessed by the Commonwealth will be deducted from a licensed gaming entity’s account as specified by Section 1401 of the Act. Section 1401(c) of the Act refers to weekly deposits. Will the assessments provide any detail on how the amounts due were calculated? Providing this level of detail would produce an open regulatory process that is viewed as fair. We recommend that the final-form regulation be amended to provide for detailed assessment notices that explain how amounts due were calculated.

Subsection (e)(3)

Under this subsection, the general administrative costs of the Commonwealth not specifically assessed to a particular licensed gaming entity will be paid by each licensed gaming entity “at the discretion of the Secretary.” It is our understanding that the Department currently imposes a 1.5% assessment against each operating licensed gaming entity’s gross terminal revenue. This assessment is issued and paid on a weekly basis. This current system of assessment is not codified in statute or regulation.

We have four concerns. The Act provides little guidance on how the general administrative costs of the Board, the Department, the State Police and the Attorney General will be funded. We recognize that the primary intent of the Act is the protection of the public through the regulation and policing of all activities involving gaming in order to prevent practices that are unlawful (4 Pa.C.S. § 1102(a)(1)) and that adequate funding is necessary to carry out this objective. Because the protection of the public requires adequate funding and since the Act is vague on how this funding will occur, we believe that this regulation represents a policy decision of such a substantial nature that it requires further legislative input and direction. We urge the Department to consult and work

closely with the General Assembly to gain a better understanding of legislative intent as this proposal goes forward.

Second, Representative Nickol and two licensed gaming entities question the Department’s statutory authority for providing such latitude to the Secretary of Revenue. We ask the Department to identify and justify its statutory authority for this provision.

Third, we question what fiscal impact this provision will have on the regulated community. The broad language of the Act and this regulation make it impossible for licensed gaming entities to predict what costs they will incur and how those costs will be imposed. Without this knowledge, it will be difficult for a licensed gaming entity to effectively conduct its business.

Finally, the provision in question has the potential to create an uneven playing field for all the licensed gaming entities. Using the current assessment system of 1.5% of gross terminal revenue as an example, licensed gaming entities that are currently open and paying the assessment could end up funding all of the general administrative costs of the four state agencies. Licensed gaming entities that have larger gross terminal revenues would have to subsidize the entities that have smaller gross terminal revenue. How will the Department implement an assessment system that is fair to all licensed gaming entities?

**5. Section 1001.8. State Gaming Fund transfers.—
Statutory authority; Implementation procedures;
Clarity.**

Subsection (b)

This subsection relates to the establishment of restricted receipt accounts. It gives the Governor’s Budget Office the authority to establish restricted receipt accounts to facilitate the transfer of money to and from the State Gaming Fund. Similar to a concern noted previous, what authority does the Department have to allow or prohibit the Governor’s Budget Office from taking a particular action? If the provision previously can be found in the Act, we question the need for including it in this rulemaking.

Subsection (c)

Subsection (c) pertains to quarterly distributions to counties or municipalities. We have three concerns. First, this subsection provides details on how payments will be made to counties, but does not provide any details on how payments to municipalities should be made. This information should be added to the final-form rulemaking.

Second, Subsection (c) references Management Directive 305.4 (relating to payments to counties). Subsection (c)(1) then provides more detail on how to remit payments to counties that appear to be addressed under Management Directive 305.4. If Management Directive 305.4 is amended, it will conflict with the instructions in Subsection(c)(1). We recommend that either the reference to the Management Directive or the detailed instructions found in Subsection (c)(1) be deleted.

Third, Subsection (c)(2) states the following: “The Department will determine the annual inflation adjustment and will publish notice of the inflation adjustment in the *Pennsylvania Bulletin* by January 1 of each year.” We recommend that the final-form regulation specify what the Department is adjusting and how the adjustments will be calculated.

Subsection (d)

This subsection addresses tax and credit against tax. Subsection (a) states that this section applies to the transfer of money to and from the State Gaming Fund. Do the provisions contained in Subsection (d) apply only to the transfer of money to and from the State Gaming Fund, or would they also apply to transfers involving the State Gaming Economic Development Tourism Fund and the Pennsylvania Race Horse Development Fund? If it applies to all of the Funds, then the final-form regulation should be amended accordingly.

Subsection (e)

This subsection relates to the imposition of penalties. It states that the failure to transmit the required amount to "... the Department's Collection Account *or any other fund of the Commonwealth...*" (emphasis added) will result in the imposition of certain penalties. What is the Department's authority to impose penalties under this regulation for failure to transmit money to any fund except those related to gaming? We recommend that the Department either list the other funds or deleted the language noted above.

6. Miscellaneous Clarity.

- Sections 1001.1, 1001.2 and 1001.5 note that this regulation establishes procedures for the administration and distribution of net slot machine revenue. The sections do not make reference to the collection of net slot machine revenue. We recommend that the sections be amended to note that this regulation also pertains to the collection of tax.

- The title to § 1001.5 Subsection (b) references deposits and transfers to Treasury by licensed gaming entities. Subsections (b)(5)(iii) and (iv) relate to distributions of local share assessments. To improve the clarity of the entire section, we recommend that Subsection (b)(iii) and (iv) be moved to a new Subsection (c).

Complaint

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Explorer Cartage Inc., 2 Woodland Road, 2nd Floor, Wyomissing, PA 19610-1934; Docket No. A-00119200C0701

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That all authority issued to Explorer Cartage, Inc. (respondent) is under suspension effective 5/01/2005 for failure to maintain evidence of insurance on file with this Commission.
2. That respondent maintains a principal place of business at Explorer Cartage, Inc., 2 Woodland Road, 2nd Floor, Wyomissing, PA 19610-1934.
3. That respondent was issued a Certificate of Public Convenience by this Commission on 11/05/2002, at Docket No. A-00119200.
4. That respondent has failed to maintain evidence of bond insurance on file with this Commission.
5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at Docket No. A-00119200 for failure to maintain evidence of current insurance on file with the Commission, (2) orders such other remedy as the Commission may deem to be appropriate, which may include a fine and the suspension of a vehicle registration and (3) imposes an additional fine on the respondent.

Pennsylvania Public Utility Commission, Bureau of Transportation and Safety v. Explorer Cartage, Inc., 2 Woodland Road, 2nd Floor, Wyomissing, Pa 19610-1934; Docket No. A-00119200C0702

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That all authority issued to Explorer Cartage, Inc. (respondent) is under suspension effective 5/01/2006 for failure to maintain evidence of insurance on file with this Commission.
2. That respondent maintains a principal place of business at Explorer Cartage, Inc., 2 Woodland Road, 2nd Floor, Wyomissing, PA 19610-1934.
3. That respondent was issued a Certificate of Public Convenience by this Commission on 11/05/2002, at Docket No. A-00119200.
4. That respondent has failed to maintain evidence of bodily injury and property damage liability insurance on file with this Commission.
5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at Docket No. A-00119200 for failure to maintain evidence of current insurance on file with the Commission, (2) orders such other remedy as the Commission may deem to be appropriate, which may include a fine and the suspension of a vehicle registration and (3) imposes an additional fine on the respondent.

Tentative Order

Public Meeting held
April 24, 2007

Commissioners Present: Wendell F. Holland, Chairperson;
James H. Cawley, Vice Chairperson; Kim Pizzigrilli;
Terrance J. Fitzpatrick

In re: W2COM International, LLC (2007.0014); A-310902

Joint application of First Choice Technology, Inc. (First Choice), Reduced Rate Long Distance, LLC (RRLD), and W2Com International, LLC (W2Com) for approval of an Asset Purchase Agreement whereby First Choice will acquire substantially all of the assets of W2Com and will assign those assets to RRLD and W2Com will abandon its certificate of public convenience, A-311092F0004 and A-310902F2000.

Tentative Order

By the Commission:

W2COM International, LLC (W2COM) has failed to pay its \$39 general assessment for 2006-2007 under section 510(c) of the Public Utility Code. 66 Pa.C.S. § 510(c). W2COM is a telecommunications interexchange reseller certificated at A-310902, whose certificate of public convenience was issued on April 13, 2000. On or about August 21, 2006, Commission staff sent an invoice to W2COM notifying it that its 2006-2007 annual assessment was due. The Commission has not received payment for this invoice nor has it received an annual report for 2005. Commission staff has attempted to reach W2COM, but staff's efforts have been unsuccessful. Further, according to an internet news source, several different state public utility commissions have reported that W2COM may be out of business and that W2COM's authority has been revoked in some other states.

W2COM is also a party in two Chapter 11 filings at Docket Nos. A-311092F0004 and A-310902F2000 involving a proposed transfer of W2COM's assets to First Choice Technology, Inc. (FCT) and subsequent assignment of those assets to Reduced Rate Long Distance, LLC. W2COM proposed to abandon service at that time. FCT was granted provisional authority to operate as an IXC reseller by Commission Order entered August 12, 2005; however, on February 23, 2006, FCT's provisional authority was rescinded due to noncompliance with the Commission order to file a tariff. The filings have been dormant with no response from the parties' counsel since June 2006, but it is apparent from the filings that W2COM intended to abandon service in Pennsylvania.

The Commission puts the industry on notice that we will not hesitate to invoke our authority under the Public Utility Code to ensure timely compliance with our regulations and orders including the ordering of such other remedy as the Commission may deem appropriate. 66 Pa.C.S. §§ 504—506, and 3301. Based on the previous and because of W2COM's failure to pay its annual assessment for 2006-2007 and file an annual report for 2005, we believe it is appropriate to revoke W2COM's certificate of public convenience without the necessity of a formal complaint, and we tentatively conclude that revocation of W2COM's certificate of public convenience is in the public interest. Furthermore, the Commission may take other appropriate action, including the imposition of penalties under section 3301, in lieu of cancellation, if W2COM seeks relief from this Tentative Order; *Therefore, It Is Ordered That:*

1. Revocation of W2COM International, LLC's certificate of public convenience is hereby approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon W2COM International, LLC, the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, the Pennsylvania Emergency Management Agency and the Department of Revenue, Bureau of Corporation Taxes, and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment within 30 days after publication in the *Pennsylvania Bulletin*, this Tentative Order shall become final without further action by the Commission.

4. Upon this order becoming final, and without further action by the Commission, the certificate of public convenience held by W2COM International, LLC at A-310902 shall be canceled, and W2COM International, LLC's name stricken from all active utility lists maintained by the Commission's Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

5. Upon this order becoming final, and without further action by the Commission, dockets A-310902F2000 and A-311092F0004 shall be marked closed.
