READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at ww.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

[210 PA. CODE CH. 21]

Order Amending Rule 2112 of the Rules of Appellate Procedure; No. 226 Appellate Procedural Rules Doc.

Order

Per Curiam

And Now, this 1st day of May, 2013, upon the recommendation of the Appellate Court Procedural Rules Committee; the proposal having been published for public comment at 42 Pa.B. 7246 (December 1, 2012):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pennsylvania Rule of Appellate Procedure 2112 is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and the amendments herein shall be effective to appeals and petitions for review filed 30 days after adoption.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 21. BRIEFS AND REPRODUCED RECORD

CONTENT OF BRIEFS

Rule 2112. Brief of the Appellee.

The brief of the appellee, except as otherwise prescribed by these rules, need contain only a summary of argument and the complete argument for appellee **and may also include counter-statements of any of the matters required in the appellant's brief as stated in Pa.R.A.P. 2111(a).** [**However, the appellee may add a counter-statement of the questions involved and a counter-statement of the case.**] Unless the appellee does so, or the brief of the appellee otherwise challenges the [**questions involved or the statement of the case as stated by appellant**] matters set forth in the **appellant's brief**, it will be assumed the appellee is satisfied with them, or with such parts of them as remain unchallenged.

Official Note: [Based on former Supreme Court Rule 48, former Superior Court Rule 40 and former Commonwealth Court Rule 91. See also *Cubitt v. New York Cent. R. Co.*, 278 Pa. 366, 370, 123 Atl. 308, 309 (1924).] See Pa.R.A.P. 2111 and 2114—2119.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective June 1, 2013.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE CHAPTER 5. PRETRIAL PROCEDURES IN COURT CASES

PART B(2). Summons Procedures

Rule 510. Contents of Summons; Notice of Preliminary Hearing.

(A) Every summons in a court case shall command the defendant to appear before the issuing authority for a preliminary hearing at the place and on the date and at the time stated on the summons. The date set for the preliminary hearing shall be not less than 20 days from the date of mailing the summons unless the issuing authority fixes an earlier date upon the request of the defendant or the defendant's attorney with the consent of the affiant.

(B) The summons shall give notice to the defendant:

(1) of the right to secure counsel of the defendant's choice and, for those who are without financial resources, of the right to assigned counsel in accordance with Rule 122;

(2) that bail will be set at the preliminary hearing; [and]

(3) that if the defendant fails to appear on the date, and at the time and place specified on the summons, the case will proceed in the defendant's absence, and a bench warrant will be issued for the defendant's arrest[.] ; and

(4) if the case is held for court and if the defendant fails to appear without cause at any proceeding for which the defendant's presence is required, including the trial, that the defendant's absence may be deemed a waiver of the right to be present, and the proceeding, including the trial, may be conducted in the defendant's absence.

(C) The following items shall be attached to the summons:

- (1) a copy of the complaint; and
- (2) an order directing the defendant to submit to fingerprinting in all cases in which the defendant has not been fingerprinted, except cases initiated by private complaint.

Comment

For the summons procedures in non-summary cases in the Municipal Court of Philadelphia, see Rule 1003(C).

When a case proceeds by summons, the issuing authority also must issue an order requiring the defendant to submit to the administrative processing and identification procedures as authorized by law (such as fingerprinting) that ordinarily occur following an arrest.

Paragraph (B)(4) requires that the defendant be advised of the consequences of failing to appear for any court proceeding. See Rule 602 concerning a defendant's failure to appear for trial; see also Commonwealth v. Bond, 693 A.2d 220, 223 (Pa. Super. 1997) (“[A] defendant who is unaware of the charges against him, unaware of the establishment of his trial date or is absent involuntarily is not absent ‘without cause.’”).

Paragraph (C)(2), added in 2008, requires that the fingerprint order be sent to the defendant with the summons. The purpose of this change is to ensure that the fingerprinting process in summons cases is completed. See the Criminal History Record Information Act, 18 Pa.C.S. § 9112.

PART D. Proceedings in Court Cases Before Issuing Authorities

Rule 540. Preliminary Arraignment.

* * * * *

(G) Unless the preliminary hearing is waived by a defendant who is represented by counsel, or the attorney for the Commonwealth is presenting the case to an indicting grand jury pursuant to Rule 556.2, the issuing authority shall:

* * * * *

(2) give the defendant notice, orally and in writing,

(a) of the date, time, and place of the preliminary hearing, **[and]**

(b) that failure to appear without **[good]** cause for the preliminary hearing will be deemed a waiver by the defendant of the right to be present at any further proceedings before the issuing authority, and will result in the case proceeding in the defendant's absence and in the issuance of a warrant of arrest[.], **and**

(c) if the case is held for court at the time of the preliminary hearing that if the defendant fails to appear without cause at any proceeding for which the defendant's presence is required, including the trial, the defendant's absence may be deemed a waiver of the right to be present, and the proceeding may be conducted in the defendant's absence.

(H) After the preliminary arraignment, if the defendant is detained, the defendant shall be given an immediate and reasonable opportunity to post bail, secure counsel, and notify others of the arrest. Thereafter, if the defendant does not post bail, he or she shall be committed to jail as provided by law.

(I) If a monetary condition of bail is set, the issuing authority shall accept payment of the monetary condition, as provided in Rule 528, at any time prior to the return of the docket transcript to the court of common pleas.

* * * * *

Pursuant to the 2004 amendment to paragraph (G)(2), at the time of the preliminary arraignment, the defendant must be given notice, both orally and in writing, of the date, time, and place of the preliminary hearing. The notice must also explain that, if the defendant fails to appear without **[good]** cause for the preliminary hearing, the defendant's absence will constitute a waiver of the right to be present, the case will proceed in the defendant's absence, and a warrant for the defendant's arrest will be issued.

The 2012 amendment to paragraph **[(F)]** (G) conforms this rule with the new procedures set forth in Chapter 5, Part E, permitting the attorney for the Commonwealth to proceed to an indicting grand jury without a preliminary hearing in cases in which witness intimidation has occurred, is occurring, or is likely to occur.

Paragraph (G)(2)(b) was amended in 2013 changing the phrase “without good cause” to “without cause” in reference to whether the defendant's absence at the time of the preliminary hearing permits the preliminary hearing to proceed in the defendant's absence. This amendment is not intended as a change in the standard for making this determination. The change makes the language consistent with the language in Rule 602 describing the standard by which a defendant's absence is judged for the trial to proceed in the defendant's absence. In both situations, the standard is the same.

Paragraph (G)(2)(c) requires that the defendant be advised of the consequences of failing to appear for any court proceeding. See Rule 602 concerning a defendant's failure to appear for trial; see also *Commonwealth v. Bond*, 693 A.2d 220, 223 (Pa. Super. 1997) (“[A] defendant who is unaware of the charges against him, unaware of the establishment of his trial date or is absent involuntarily is not absent ‘without cause.’”).

Nothing in these rules gives the defendant's parents, guardian, or other custodian legal standing in the matter being heard by the court or creates a right of the defendant to have his or her parents, guardian, or other custodian present.

See Rule 1003(D) for the procedures governing preliminary arraignments in the Municipal Court.

See Chapter 5, Part H, Rules 595, 596, 597, and 598, for the procedures governing requests for transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322 in cases in which the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of “delinquent act” in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302.

Rule 543. Disposition of Case at Preliminary Hearing.

* * * * *

(C) When the defendant has appeared and has been held for court, the issuing authority shall:

(1) set bail as permitted by law if the defendant did not receive a preliminary arraignment; or

(2) continue the existing bail order, unless the issuing authority modifies the order as permitted by Rule 529(A); **[and]**

(3) if the defendant has not submitted to the administrative processing and identification procedures as authorized by law, such as fingerprinting pursuant to Rule 510(C)(2), make compliance with these processing procedures a condition of bail[.] ; **and**

(4) advise the defendant that, if the defendant fails to appear without cause at any proceeding for which the defendant's presence is required, including the trial, the defendant's absence may be deemed a waiver of the right to be present, and the proceeding may be conducted in the defendant's absence.

(D) In any case in which the defendant fails to appear for the preliminary hearing:

(1) if the issuing authority finds that the defendant did not receive notice of the preliminary hearing by a summons served pursuant to Rule 511, a warrant of arrest shall be issued pursuant to Rule 509(2)(d).

(2) If the issuing authority finds that there was **[good]** cause explaining the defendant's failure to appear, the issuing authority shall continue the preliminary hearing to a specific date and time, and shall give notice of the new date, time, and place as provided in Rule 542(G)(2). The issuing authority shall not issue a bench warrant.

(3) If the issuing authority finds that the defendant's absence is without **[good]** cause and after notice, the absence shall be deemed a waiver by the defendant of the right to be present at any further proceedings before the issuing authority.

* * * * *

Comment

* * * * *

Paragraph (C) reflects the fact that a bail determination will already have been made at the preliminary arraignment, except in those cases in which, pursuant to a summons, the defendant's first appearance is at the preliminary hearing. See Rules 509 and 510.

Paragraph (C)(4) requires that the defendant be advised of the consequences of failing to appear for any court proceeding. See Rule 602 concerning a defendant's failure to appear for trial; see also *Commonwealth v. Bond*, 693 A.2d 220, 223 (Pa. Super. 1997) (“[A] defendant who is unaware of the charges against him, unaware of the establishment of his trial date or is absent involuntarily is not absent ‘without cause.’”).

If the administrative processing and identification procedures as authorized by law, such as fingerprinting required by the Criminal History Record Information Act, 18 Pa.C.S. § 9112, that ordinarily occur following an arrest are not completed previously, when bail is set at the conclusion of the preliminary hearing, the issuing authority must order the defendant to submit to the administrative processing and identification procedures as a condition of bail. See Rule 527 for nonmonetary conditions of release on bail.

If a case initiated by summons is held for court after the preliminary hearing is conducted in the defendant's absence pursuant to paragraph (D)(2) and the defendant has not complied with the fingerprint order issued pursuant to Rule 510(C)(2), the issuing authority must include with the transmittal of the transcript a notice to the court of common pleas that the defendant has not complied with the fingerprint order. See Rule 547.

Nothing in this rule is intended to preclude judicial districts from providing written notice of the arraignment to the defendant at the conclusion of the preliminary hearing when a case is held for court. See Rule 571.

Paragraphs (D)(2) and (D)(3) were amended in 2013 changing the phrase “good cause” to “cause” in reference to whether the defendant’s absence at the time of the preliminary hearing permits the preliminary hearing to proceed in the defendant’s absence. This amendment is not intended as a change in the standard for making this determination. The change makes the language consistent with the language in Rule 602 describing the standard by which a defendant’s absence is judged for the trial to proceed in the defendant’s absence. In both situations, the standard is the same.

When a defendant fails to appear for the preliminary hearing, before proceeding with the case as provided in paragraph (D), the issuing authority must determine (1) whether the defendant received notice of the time, date, and place of the preliminary hearing either in person at a preliminary arraignment as provided in Rule 540(G)(2) or in a summons served as provided in Rule 511, and (2) whether the defendant had [good] cause explaining the absence.

If the issuing authority determines that the defendant did not receive notice, the issuing authority must issue an arrest warrant as provided in Rule 509, and the case will proceed pursuant to Rules 516 or 517. See paragraph (D)(1).

If the issuing authority determines that there is [good] cause explaining why the defendant failed to appear, the preliminary hearing must be continued and rescheduled for a date certain. See paragraph (D)(2). For the procedures when a preliminary hearing is continued, see Rule 542(G).

If the issuing authority determines that the defendant received service of the summons as defined in Rule 511 and has not provided [good] cause explaining why he or she failed to appear, the defendant’s absence constitutes a waiver of the defendant’s right to be present for subsequent proceedings before the issuing authority. The duration of this waiver only extends through those proceedings that the defendant is absent.

When the defendant fails to appear after notice and without [good] cause, paragraph (D)(3)(a) provides that the case is to proceed in the same manner as if the defendant were present. The issuing authority either would proceed with the preliminary hearing as provided in Rule 542(A), (B), (C) and Rule 543(A), (B), (C), and (D)(3)(b) or (c); or, if the issuing authority determines it necessary, continue the case to a date certain as provided in Rule 542(G); or, in the appropriate case, convene the preliminary hearing for the taking of testimony of the witnesses who are present, and then continue the remainder of the hearing until a date certain. When the case is continued, the issuing authority may issue a bench warrant as provided in paragraph (D)(3)(d), and must send the required notice of the new date to the defendant, thus providing the defendant with another opportunity to appear.

CHAPTER 6. TRIAL PROCEDURES IN COURT CASES

PART A. General Provisions

Rule 602. Presence of the Defendant.

(A) The defendant shall be present at every stage of the trial including the impaneling of the jury and the return of the verdict, and at the imposition of sentence, except as otherwise provided by this rule. The defendant's absence without cause **at the time scheduled for the start of trial or during trial** shall not preclude proceeding with the trial, including the return of the verdict and the imposition of sentence.

(B) A corporation may appear by its attorney for all purposes.

Comment

This rule was amended in 2013 to clarify that, upon a finding that the absence was without cause, the trial judge may conduct the trial in the defendant's absence when the defendant fails to appear without cause at the time set for trial or during

trial. The burden of proving that the defendant's absence is without cause is upon the Commonwealth by a preponderance of the evidence. See *Commonwealth v. Scarborough*, 491 Pa. 300, 421 A.2d 147 (1980) (when a constitutional right is waived, the Commonwealth must show by a preponderance of the evidence that the waiver was voluntary, knowing and intelligent); *Commonwealth v. Tizer*, 454 Pa.Super. 1, 684 A.2d 597 (1996). See also *Commonwealth v. Bond*, 693 A.2d 220, 223 (Pa. Super. 1997) ("[A] defendant who is unaware of the charges against him, unaware of the establishment of his trial date or is absent involuntarily is not absent 'without cause.'").

This rule applies to all cases, including capital cases.

A defendant's presence may be deemed waived by the defendant intentionally failing to appear at any stage of the trial after proper notice. See *Commonwealth v. Wilson*, 551 Pa. 593, 712 A.2d 735 (1998) (a defendant, who fled courthouse after jury was impaneled and after subsequent plea negotiations failed, was deemed to have knowingly and voluntarily waived the right to be present); *Commonwealth v. Sullens*, 533 Pa. 99, 619 A.2d 1349 (1992) (when a defendant is absent without cause at the time his or her trial is scheduled to begin, the defendant may be tried *in absentia*).

Nothing in this rule is intended to preclude a defendant from affirmatively waiving the right to be present at any stage of the trial, see, e.g., *Commonwealth v. Vega*, 553 Pa. 255, 719 A.2d 227 (1998) (plurality) (requirements for a knowing and intelligent waiver of a defendant's presence at trial includes a full, on-the-record colloquy concerning consequences of forfeiture of the defendant's right to be present) [or]. **Once a defendant appears before the court, he or she cannot waive his or her right to appear in capital case.** See *Commonwealth v. Ford*, 539 Pa. 85, 650 A.2d 433 (1994) (right of defendant to be present at trial of capital offense is transformed into obligation due to gravity of potential outcome).

Nothing in this rule is intended to preclude a defendant from waiving the right to be present by his or her actions, see, e.g., [*Commonwealth v. Wilson*, 551 Pa. 593, 712 A.2d 735 (1998) (defendant, who fled courthouse after jury was impaneled and after subsequent plea negotiations failed, was deemed to have knowingly and voluntarily waived the right to be present)] *Illinois v. Allen*, 397 U.S. 337, 343 (1970) ("[A] defendant can lose his right to be present at trial if, after he has been warned by the judge that he will be removed if he continues his disruptive behavior, he nevertheless insists on conducting himself in a manner so disorderly, disruptive, and disrespectful of the court that his trial cannot be carried on with him in the courtroom.") and *Commonwealth v. Wilson*, *supra*.

[Former Rule 1117(c) was moved to Rule 462 (Trial *de novo*) in 2000 as part of the reorganization of the rules.]

The defendant's right to be present in the courtroom is not absolute. See *Commonwealth v. Boyle*, 498 Pa. 486, 491, n.7, 447 A.2d 250, 253, n.7 (1982) (defendant's presence in chambers and at sidebar is not required where he is represented by counsel.) and *Commonwealth v. Hunsberger*, ___ Pa. ___, 58

A.3d 32, 39-40 (2012) (“[A]lthough a defendant has the clear right to participate in the jury selection process, that right is not compromised where . . . the defendant, who was in the courtroom, was not present at sidebar where his counsel was questioning several venirepersons outside the range of his hearing.”)

Official Note: Rule 1117 adopted January 24, 1968, effective August 1, 1968; amended October 28, 1994, effective as to cases instituted on or after January 1, 1995; renumbered Rule 602 and amended March 1, 2000, effective April 1, 2001; amended December 8, 2000, effective January 1, 2001; Comment revised September 21, 2012, effective November 1, 2012; **amended May 2, 2013, effective June 1, 2013.**

PART A. Philadelphia Municipal Court Procedures

Rule 1003. Procedure in Non-Summary Municipal Court Cases.

* * * * *

(D) PRELIMINARY ARRAIGNMENT

* * * * *

(3) At the preliminary arraignment, the issuing authority:

* * * * *

(d) also shall inform the defendant:

(i) of the right to secure counsel of choice and the right to assigned counsel in accordance with Rule 122;

(ii) of the day, date, hour, and place for the trial, which shall not be less than 20 days after the preliminary arraignment, unless the issuing authority fixes an earlier date for the trial **[or the preliminary hearing]** upon request of the defendant or defense counsel, with the consent of the attorney for the Commonwealth, **and that failure to appear without cause at any proceeding for which the defendant’s presence is required, including trial, may be deemed a waiver of the right to be present, and the proceeding may be conducted in the defendant’s absence, and a warrant of arrest shall be issued;**

(iii) in a case charging a felony, unless the preliminary hearing is waived by a defendant who is represented by counsel, or the attorney for the Commonwealth is presenting the case to an indicting grand jury pursuant to Rule 556.2, of the date, time, and place of the preliminary hearing, which shall not be less than 14 nor more than 21 days after the preliminary arraignment unless extended for cause or the issuing authority fixes an earlier date upon the request of the defendant or defense counsel with the consent of the complainant and the attorney for the Commonwealth; and that failure to appear without **[good]** cause for the preliminary hearing will be deemed a waiver by the defendant of the right to be present at any further proceedings before the issuing

authority, and that the case shall proceed in the defendant’s absence, and a warrant of arrest shall be issued; **[and]**

(iv) **if a case charging a felony is held for court at the time of the preliminary hearing, that failure to appear without cause at any proceeding for which the defendant’s presence is required, including trial, the defendant’s absence may be deemed a waiver of the right to be present, and the proceeding may be conducted in the defendant’s absence, and a warrant of arrest shall be issued; and**

(v) of the type of release on bail, as provided in Chapter 5 Part C **[.]** of these rules, and the conditions of the bail bond.

(4) After the preliminary arraignment, if the defendant is detained, he or she shall be given an immediate and reasonable opportunity to post bail, secure counsel, and notify others of the arrest. Thereafter, if the defendant does not post bail, he or she shall be committed to jail, as provided by law.

Comment

* * * * *

The 2012 amendment to paragraph (D)(3)(d)(iii) conforms this rule with the new procedures set forth in Chapter 5, Part E, permitting the attorney for the Commonwealth to proceed to an indicting grand jury without a preliminary hearing in cases in which witness intimidation has occurred, is occurring, or is likely to occur. *See* Rule 556.2. *See* also Rule 556.11 for the procedures when a case will be presented to the indicting grand jury.

Paragraphs (D)(3)(d)(ii) and (D)(3)(d)(iv) require that, in all cases at the preliminary arraignment, the defendant be advised of the consequences of failing to appear for any court proceeding. See Rule 602 concerning a defendant’s failure to appear for trial. See also Commonwealth v. Bond, 693 A.2d 220 (Pa. Super. 1997) (“[A] defendant who is unaware of the charges against him, unaware of the establishment of his trial date or is absent involuntarily is not absent ‘without cause.’”)

Under paragraph (D)(4), after the preliminary arraignment, if the defendant is detained, the defendant must be given an immediate and reasonable opportunity to post bail, secure counsel, and notify others of the arrest. Thereafter, if the defendant does not post bail, he or she must be committed to jail as provided by law.

Final Report explaining the May 2, 2013 amendments concerning proceedings conducted in the defendant's absence published with the Court's Order at 43 Pa.B. 2710 (May 18, 2013).

FINAL REPORT¹

Amendments to Pa.Rs.Crim.P. 510, 540, 543, 571, 602, and 1003

Trials In Absentia

On May 2, 2013, effective June 1, 2013, upon the recommendation of the Criminal Procedural Rules Committee, the Court adopted amendments to several rules to clarify the procedures, particularly with regard to trials *in absentia*, when a defendant fails to appear without cause for a court proceeding. The amendments are intended to address the concerns caused by a growing number of cases in which a defendant, after receiving notice of a court proceeding, fails to appear without cause thus leading to unnecessary and lengthy delays in the case.

Development of the Amendments

Pursuant to the direction of the Pennsylvania Supreme Court, the Committee began an examination of the issues associated with trials *in absentia*. One suggested solution was to make changes to the rules to clarify that, when a defendant who has received notice of a trial proceeding fails to appear for a court proceeding without cause, the court may conduct the court proceeding in the defendant's absence. It was also suggested that the rules should provide that, when the attorney for the Commonwealth requests that the trial be conducted in the defendant's absence, the judge would be required to conduct the trial.

The Committee published proposed amendments to Rules 571 and 602² that would require the defendant to be informed that failure to appear at further proceedings could result ultimately in a trial *in absentia*, Rule 571, and would have stated that when a defendant fails to appear without cause, the judge may conduct the trial in the defendant's absence, Rule 602. In addition, the proposed changes to Rule 602 would have required that, if the judge determined that the defendant's absence was without cause and the Commonwealth requested that the trial proceed, the trial must be conducted.³

At the same time, the Committee also examined the law concerning trials in absentia. Specifically, the Committee reviewed the provisions in the Sixth Amendment of the United States Constitution, Article 1, § 9 of the Pennsylvania Constitution, and Rule of Criminal Proce-

dures 602(A) that guarantee the right of the accused to be present in court at every stage of a criminal trial, including the empanelling of the jury, the return of the verdict, and the imposition of sentence. However, a defendant may waive this right, expressly or by his or her actions. *See, e.g. Illinois v. Allen*, 397 U.S. 337, 343 (1970) (“[A] defendant can lose his right to be present at trial if, after he has been warned by the judge that he will be removed if he continues his disruptive behavior, he nevertheless insists on conducting himself in a manner so disorderly, disruptive, and disrespectful of the court that his trial cannot be carried on with him in the courtroom.”).

These concepts have been codified in Rule 602(A) since its adoption as then-Rule 1117(A) in 1967. A clarification was added to the Comment in 1998 following the decision in *Commonwealth v. Wilson*, 712 A.2d 735 (Pa. 1998), a case in which the defendant was deemed to have knowingly and voluntarily waived by his actions the right to be present when he fled the courthouse after the jury was impaneled.

However, when a defendant is unaware of the charges against him, unaware of the establishment of his trial date or is absent involuntarily, he is not absent “without cause” and therefore cannot be tried *in absentia*. *Commonwealth v. Bond*, 693 A.2d 220 (Pa.Super. 1997) (citing *Commonwealth v. Sullens*, 533 Pa. 99, 619 A.2d 1349 (1992)). *See also Commonwealth v. Hill*, 737 A.2d 255, (Pa.Super. 1999).

As a result of the foregoing review and the publication responses, the Committee concluded that providing some further guidance regarding the extent of the allowance of trials *in absentia*, especially the prerequisites for such trials such as the notice to the defendant of the effects of a failure to appear, would be beneficial.

Rule 602(A) therefore has been amended to read “The defendant's absence without cause at the time scheduled for the start of trial or during trial shall not preclude proceeding with the trial, including the return of the verdict and the imposition of sentence.” The new language emphasizes to trial judges that a failure to appear initially for trial is sufficient to hold the trial *in absentia*.

As noted above, the published proposal included a change to Rule 602 that would have required the trial judge, after a finding that the defendant is absent without cause, to proceed with a trial *in absentia* when it is requested by the Commonwealth. Some members supported this provision, believing that it encouraged the proper use of the trial *in absentia* mechanism while not impinging upon the trial judge's discretion since the judge must make an independent finding that the defendant's absence was without cause before being able to proceed to try the case in the defendant's absence.

Upon reflection, the Committee concluded that there may be circumstances outside of a simple determination of absence without cause that would argue against a trial *in absentia* and for which the trial judge should retain the discretion to determine. Therefore, the amendment of Rule 602 does not require the trial judge to hold the trial *in absentia* upon the request of the Commonwealth but rather permits the trial judge to make that determination on a case-by-case basis.

One publication comment suggested that the published amendments required the defendant to prove that the absence was with cause. The Committee believed this is an erroneous reading of the proposed amendment. The Committee concluded that, based upon existing case law,

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

² The proposed amendments were published for comment at 42 Pa.B. 5732 (September 8, 2012).

³ The Committee received several responses commenting on the proposal, in particular with regard to the removal of the judge's discretion whether to conduct a trial in the defendant's absence.

the burden of proof rests with the Commonwealth to show by a preponderance of the evidence that the defendant's absence was without cause. This also is consistent with current practice in which the trial judge will require the Commonwealth to determine if the defendant is unavailable for trial by checking with hospitals, other jails, etc. Accordingly, a statement of the burden of proof has been added to the Rule 602 Comment.

Applicability to Capital Cases

In addressing a specific question raised during examination of this issue, the Committee agreed that the revised proposal should include capital defendants as being subject to potential trials *in absentia*. The members noted that the situation in which a capital defendant fails to appear for trial is going to be a very rare occurrence since capital defendants are not released on bail. The occasions in which this might occur would be unusual, for example, where the defendant has escaped from pre-trial confinement. The Committee concluded that the situations in which this would arise are precisely the ones for which a trial *in absentia* would be desirable.

In reaching this conclusion, the Committee considered the holding in *Commonwealth v. Ford*, 539 Pa. 85, 650 A.2d 433 (1994) (right of defendant to be present at trial of capital offense is transformed into obligation due to gravity of potential outcome) but concluded that its application is limited to the situation in which a defendant is present before the court and seeks the court's permission to waive his or her presence during trial. The Committee agreed that a defendant who has escaped or fled should not be able to assert the obligation to be present to challenge a trial *in absentia* when the defendant was solely responsible for making that presence impossible. Therefore, the Rule 602 Comment has been revised to state that the rule applies to all cases, including capital cases.

Additionally, the Committee previously had under consideration a separate proposal that would add a cross-reference to *Commonwealth v. Ford*, *supra*, to the Rule 602 Comment. See Publication Report, 42 Pa.B. 4568 (July 21, 2012). This addition was incorporated into the current amendments and the reference to *Ford* has been added, along with a parenthetical describing the extent of its application.

Warnings of Trial In Absentia Earlier in Proceedings

The Committee agreed that when defendants fail to appear for the preliminary hearing and subsequently also fail to appear for trial, the option to conduct the trial in the defendant's absence should be available to the judge so long as appropriate notice of the trial date, time and place has been provided to the defendant. Therefore, additional warning language has been added to Rules 510, 540, 543, and 1003, similar to the warning being added to Rule 571, that requires the defendant to be informed that failure to appear at further proceedings could result ultimately in a trial *in absentia*.

The Committee considered whether summons cases should be included in this, given that the defendant was not directly before the judge when advised of the perils of failing to appear. Rule 510(B)(3) gives notice in the summons that failing to appear without cause will result in the preliminary hearing being conducted in the defendant's absence. Thus, the rules do not greatly distinguish between notice provided in the summons or at a preliminary arraignment in order for the preliminary hearing to proceed in the defendant's absence.

However, the provisions in these amendments permitting a trial in the defendant's absence are premised on the requirement that the defendant has received actual notice of the trial date. The Committee noted that it is unlikely that most judicial districts will be able to provide information by the summons or at the preliminary arraignment that would constitute sufficient notice of all further proceedings after the preliminary hearing, including the date of the trial. The Committee, however, agreed that, if this notice could be provided, the option for a trial *in absentia* should be available and the defendant must be warned of the possibility.

"Without Cause" Terminology

During its discussions, the Committee compared the use of the phrase "without cause" in Rule 602, referring to failure to appear for trial, and the phrase "without good cause" in Rule 540, referring to failure to appear for the preliminary hearing. The Committee concluded that these terms are referring to the same standard and that the terminology should be consistent. The Committee concluded that the adjective "good" is not a particularly helpful description and so should be removed from Rule 540. To ensure that this change to Rule 540 is not mistaken as a lessening of the standard, language has been added to the Comments to Rules 540 and 602 explaining that no change in the standard was intended.

Title 252—ALLEGHENY COUNTY RULES

ALLEGHENY COUNTY

Civil and Family Rule of the Court of Common Pleas; No. 109 of 2013 Rules Doc.

Amended Order of Court

And Now, to-wit, this 30th day of April, 2013, *It Is Hereby Ordered, Adjudged and Decried* that the following Amended Rule of the Court of Common Pleas and Allegheny County, Pennsylvania, Civil and Family Division, adopted by the unanimous proxy vote of the Board of Judges on April 29th, 2013, shall be effective upon publication on the UJS webportal:

Rule 1301 Arbitration Limit

By the Court

DONNA JO McDANIEL,
President Judge

Local Rule 1301. Scope.

(1) The following civil actions shall first be submitted to and heard by a Board of Arbitrators:

(a) Civil actions, proceedings and appeals or issues therein where the demand is for \$35,000 or less (exclusive of interest and costs);

(b) Replevin without bond and replevin with bond once bond has been set by the Court;

(c) Appeals from final judgments of Magisterial District Judges; and

(d) Matters transferred to Compulsory Arbitration by the Court even though the original demand may have exceeded \$35,000.

(2) The following civil actions are not subject to Compulsory Arbitration as set forth, above:

(a) Actions seeking only an accounting;

Note: In an action seeking both money damages and an accounting, a Board of Arbitrators may award money damages but may not order an accounting.

(b) Actions seeking only equitable relief; and

Note: In an action seeking both money damages and equitable relief, a Board of Arbitrators may award money damages but may not order equitable relief.

(c) Actions in which the Commonwealth is a party defendant or an employee of the Commonwealth is a party defendant under the provisions of 42 Pa.C.S., Chapter 85B (relating to actions against Commonwealth parties).

(3) A Board of Arbitrators may not enter an award in favor of any party in excess of \$35,000 (exclusive of interest and costs).

Note: While a Board of Arbitrators may hear a lawsuit in which any party claims an amount in excess of \$35,000, the award of the Board of Arbitrators to any party may not exceed \$35,000 (exclusive of interest and costs). However, with the agreement of all parties, a Board of Arbitrators may award up to the amount agreed upon in excess of \$35,000 if all parties also agree that the arbitration award is final and cannot be appealed to Court.

(4) If a party files a counterclaim or a cross-claim seeking an award in excess of \$35,000 (exclusive of interests and costs), any party may file a petition to transfer the entire case to the General Docket. At the discretion of a judge, such a counterclaim or cross-claim may be severed and transferred to the General Docket.

RULES AND REGULATIONS

Title 58—RECREATION

STATE ATHLETIC COMMISSION

[58 PA. CODE CH. 29]

Amateur Mixed Martial Arts Waiver

The State Athletic Commission (Commission) adopts § 29.30 (relating to waiver of rule for contestants with three or more amateur bouts).

A. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

B. Statutory Authority

This final-form rulemaking is authorized under 5 Pa.C.S. § 103(b)(1) (relating to duties of commission), which authorizes the Commission to establish policy and promulgate rules and regulations regarding professional and amateur boxing contests and exhibitions and matters pertaining thereto. This final-form rulemaking is further authorized under 5 Pa.C.S. § 302 (relating to definitions), which defines “boxing” as “The act of attack and defense with the fists, practiced as a sport. The term includes all variations of the sport permitting or using other parts of the human body, including, but not limited to, the foot, knee, leg, elbow or head.”

C. Background and Purpose

The Commission has regulated amateur and professional mixed martial arts (MMA) competition in this Commonwealth since Chapter 29 (relating to mixed martial arts) became effective on February 27, 2009. MMA is a sport using a combination of boxing, kickboxing, wrestling, karate, taekwondo, jujitsu, muay thai and other martial arts techniques, including grappling, kicking and striking. Presently, 45 states and tribal organizations permit or regulate professional MMA. Forty-four states and tribal organizations permit or regulate amateur MMA. Amateur MMA is legal but unregulated in 13 of those states and directly regulated by the athletic commissions of 21 states.

Striking to the opponent’s head while on the ground (commonly referred to as “ground and pound”) is an act which constitutes a foul for amateur contestants under § 29.29(b)(3)(i) (relating to acts constituting fouls), but not under § 29.12 (relating to acts constituting fouls). In addition, amateur contestants are required to wear shin/instep pads under § 29.27(c) (relating to equipment), while professional contestants are not. See § 29.7 (relating to proper attire of contestants). Section 29.30 is based on requests by many of the more experienced amateur contestants to permit these techniques as a bridge to their professional debuts, when striking to the head while on the ground is permitted and shin and instep pads are not required.

Section 29.30 permits the Commission to waive the “striking to the head while on the ground” and shin/instep pad requirement for more experienced amateur contestants. The waiver is at the discretion of the Commission and shall be requested by amateur contestants to a particular contest who agree to conduct the contest with a waiver of the “striking to the head while on the ground” rule and the shin/instep pad requirement. In reviewing waiver requests, the Commission will take into account

several factors, including the win-loss records of both participants and the individual conditioning, training, experience and skill level of the contestants.

D. Comments Received

Notice of proposed rulemaking was published at 42 Pa.B. 4720 (July 28, 2012) followed by a 30-day public comment period. The Commission received two public comments. The Commission did not receive comments from the House and Senate State Government Committees. However, the Commission did receive a comment from Representative Daryl Metcalfe, the Chairperson of the House State Government Committee, who expressed support for the proposed rulemaking. Representative Metcalfe stated that the “proposed regulation is a common sense solution that maintains the safety of amateur MMA contestants competing in Pennsylvania while providing them with an opportunity to gain necessary experience to advance within the sport.”

The Commission received a public comment from Mick Morrow of Fight Club Pittsburgh who suggested that waivers be automatic after three verifiable bouts if the amateur fighter had a letter of recommendation from “any reputable Mixed Martial Arts Training Facility.” A training facility would be considered reputable if it has trained at least three different fighters who “have competed successfully in previous Mixed Martial Arts Events.” The Commission declines to incorporate this automatic waiver, which would be based solely on the recommendation of individuals from the training facility who may have a vested interest in the fighter’s career. The Commission will base its determination on whether a waiver will be granted on the more empirical factors in the regulation, including the win-loss record, conditioning, training, experience and skill level of each individual contestant. Information about many of these factors will necessarily be obtained from communications with and recommendations from the fighter’s trainer and training facility. However, the Commission determined that it is in the best interest of the health and safety of the contestants if the Commission, rather than the MMA fighter’s training facility, makes the waiver determination. This commentator also suggested that the regulation contain a 1-week period for the Commission to act on waiver requests “to facilitate the orderly planning process of all Mixed Martial Arts Promotions.” The Commission declines to impose a time period for review of waiver requests when it does not have similar time periods for any other application review. It is anticipated that waiver determinations will be made within 2 to 3 days of submission of fight line-ups and when applicable information requested on the waiver form has been provided.

The Commission also received a public comment from the Pennsylvania Psychological Association (PPA) stating that it does not support § 29.30. The PPA stated that permitting blows to the head increases the danger of chronic traumatic encephalopathy (CTE), essentially a type of brain injury that may result from a single blow or over time. As the PPA pointed out, CTE is no longer confined to boxers. The PPA did not point to medical literature on the incidence of CTE in MMA competition (either amateur or professional). The Commission notes in response that blows to the head are a legal part of the sport of professional MMA, as well as sports like boxing, football and ice hockey. However, while the overall injury rate in MMA competition is similar to that in other combat sports, the knockout rate is lower in MMA

competition than in boxing, suggesting a reduced risk of traumatic brain injury (TBI) in MMA competition. Bledsoe, G. H., et al. (2006). "Incidence of injury in professional mixed martial arts competitions." *Journal of Sports Science and Medicine*, 136-142.

Finally, the Independent Regulatory Review Commission (IRRC) reviewed the proposed rulemaking and notified the Commission that it had concerns which were divided into two categories. The first category related to the protection of the public health, safety and welfare. IRRC requested that the Commission "consider and provide citations to the most recent medical studies on the potential dangers associated with head injuries, such as chronic traumatic encephalopathy." The Commission previously cited a study which is specific to MMA competition. The Commission is also aware of a research study approved and beginning this fall at the Penn State Milton S. Hershey Medical Center examining whether new types of magnetic resonance imaging can detect physical changes in the brain in an MMA fighter following a knock-out or concussion.

The following medical studies address the potential dangers associated with head injuries:

McKee, A. C., et al. (2009). "Chronic traumatic encephalopathy in athletes: progressive tauopathy following repetitive head injury." *Journal of Neuropathology and Experimental Neurology*, 68(7), 709-735.

National Institute of Neurological Disorders and Stroke (2002). "Traumatic brain injury: hope through research." NIH Publication No. 02-158.

Tommasone, B. A., et al. (2006). "Contact sport concussion incidence." *Journal of Athletic Training*, 41(4), 470-472.

The National Institutes of Health publication discusses TBI in general, the signs and symptoms, causes and risk factors and treatment. The publication points out that the vast majority of TBI (97%) is not due to sports injuries but to automobile/motorcycle/bicycle accidents, falls (in older adults), violence (such as firearm assaults and child abuse) and half involved alcohol use.

The Tommasone article is a review of other studies and addresses the question of the incidence of concussion in football, boxing, ice hockey, judo, karate, tae kwon do, rugby and soccer. For this review, concussion was defined as "a mild brain injury resulting from a direct blow to the head resulting in physiological changes in brain function" and is a type of mild TBI. The review found that, among team sports for high school males, ice hockey athletes demonstrated the highest incidence of concussion (3.6 per 1,000 athlete-exposures) and soccer athletes the lowest incidence of concussion (0.18 per 1,000 athlete-exposures). At the professional level, similar concussion incidence rates were found in both ice hockey athletes (6.5 per 1,000 player-games) and rugby players (9.05 per 1,000 player-games). The study did not include MMA, but when compared with other individual male sports (karate and tae kwon do), boxing had the highest incidence of concussion in professional athletes (0.8 per 10 rounds) and amateur athletes (7.9 per 1,000 man-minutes).

The McKee study reviewed 51 neuropathologically confirmed cases of CTE, largely in boxers, and looked at the pathological features of CTE. It found CTE to be a neuropathologically distinct, slowly progressive neurodegenerative disease with a clear environmental etiology. However, the article also stated that most sports-related head injury is minor and a small number of individuals develop long-lasting or progressive symptoms when there

is repetitive concussion or mild TBI, the precise incidence of CTE after repetitive head injury is unknown.

The Commission believes this final-form rulemaking adequately protects the health and safety of the contestants because it preserves the protections of the amateur rules while providing amateur MMA contestants in this Commonwealth the opportunity to gain the necessary experience to advance in their chosen sport and striking to the head while on the ground is permitted in professional competition. The rules adopted by the Association of Boxing Commissions (which also regulates MMA) allow for strikes to the head. These rules have been broadly adopted across the Nation. The Commission, like other state/tribal commissions that regulate MMA events, fully understands the hazards of the sport. This final-form rulemaking was approved by the Commission's Medical Advisory Board and is consistent with other states' amateur MMA regulations. Without these transitional provisions, many of the MMA amateur fighters in this Commonwealth may not be prepared to turn professional and, if they do, they may be at greater risk in the ring.

IRRC recommends that language be added to the final-form rulemaking to prevent promoters from requiring potential contestants to request the waivers and to have contestants affirm that they are doing so because they plan to transition from amateur MMA status to professional status. The Commission does not share IRRC's concern that promoters may not provide events for amateur contestants unless they agree to seek the waiver. In 2011, there were 52 sanctioned MMA events in this Commonwealth, which included amateur bouts on the card. Commonwealth rules do not permit all amateur shows. The Pro-Am events average eight amateur fights per event. The amateur fights at these events were under the existing amateur rules. Approximately 30% of the amateur contestants in Pro-Am events are making their debut fights as amateurs and clearly would never qualify for the waiver. Even if there would be pressure from a promoter for an amateur to fight under the waiver provisions, the amateur contestant must apply for and receive the waiver. The final determination for a waiver rests with the Commission and not with the training facility or the promoter. Each waiver request will be reviewed on its own merits, taking into consideration the win-loss record, conditioning, training, experience and skill level of each individual contestant. If the contestant is not deemed to be sufficiently prepared or qualified, a waiver will not be granted. Finally, if there is coercion by the promoter, this could be cause for discipline of the promoter license by the Commission. Therefore, the Commission declines to make these changes.

IRRC questioned why the Commission determined that the waiver provisions should be authorized after three amateur bouts and not with even more experience. In the experience of the Commission, the average MMA contestant in this Commonwealth who transitions to professional competition does so after the completion of four to six bouts as an amateur. Therefore, the ability to apply for a waiver after three verified bouts is timed to be at least midway (if not more) through the career of the average amateur fighter who turns professional. Furthermore, the waiver is not required and amateur fighters may continue to compete entirely under the amateur rules as long as they wish.

The second category of IRRC concerns related to implementation procedures and clarity. IRRC questioned how a contestant would apply for the waiver. The Commission will provide a form for a contestant requesting a waiver

to complete. Like all Commission applications, the completed form may be personally delivered, mailed, faxed or e-mailed to the Commission. IRRC queried how the second contestant would be aware of the waiver request and if both contestants would be required to apply for the waiver at the same time. Both contestants would typically become aware of and apply for the waiver at the same time based on submission of fight line-ups for the upcoming event. Like boxing, MMA contestants are matched up for an event by licensed matchmakers who are employed by licensed promoters. See § 21.7 (relating to matchmakers). The matchmakers shall take into account the weights, win-loss records, abilities and physical condition of contestants before submitting to the Commission a list of proposed bouts for the upcoming event. This list shall be submitted to the Commission at least 5 days prior to the event. Should contestants wish to fight under the waiver provision, they will both be aware of the matchup and therefore the need to apply for a waiver when they agree to the event.

IRRC questioned how far in advance before a contest would an application for waiver be made and how long would the Commission take to review and decide on the request. As previously noted, contestants will be aware of the need to apply for a waiver at least a week before the event. Waiver determinations will be made by the Executive Director of the Commission within 2 to 3 days of submission of applicable information, including fight line-ups. Contestants would be notified in writing of the decision on the waiver. As with any decision of the Executive Director, the waiver determination is appealable to the Commission and the Commission's decision is appealable to the Commonwealth Court.

E. Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have adverse fiscal impact on the Department of State (Department) or the Commission because the Commission is self-supporting and does not use General Fund moneys. The Commission will not incur additional costs in enforcing this final-form rulemaking. The regulation will not have adverse fiscal impact on the Commonwealth or its political subdivisions. Additional paperwork requirements for the Commonwealth or the private sector are limited to amateur contestants applying for waivers. There is not a fee to request the waiver. The final-form rulemaking will not have adverse fiscal impact on mixed martial artists, boxers, promoters, referees, judges and timekeepers currently regulated by the Commission.

F. Sunset Date

The Commission and the Department monitor the regulations of the Commission on a continuing basis. Therefore, a sunset date has not been assigned.

G. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 17, 2012, the Commission submitted a copy of the notice of proposed rulemaking, published at 42 Pa.B. 4720, to IRRC and the Chairpersons of the House and Senate State Government Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided

with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Commission has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on April 3, 2013, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on April 4, 2013, and approved the final-form rulemaking.

H. Additional Information

Individuals who require information about the final-form rulemaking may contact Gregory P. Sirb, Executive Director, State Athletic Commission, 2601 North Third Street, Harrisburg, PA 17110.

I. Findings

The Commission finds that:

(1) Public notice of intention to adopt this regulation was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and the comments were considered.

(3) Amendments were not made to the final-form rulemaking that would enlarge the original purpose of the proposed rulemaking as published at 42 Pa.B. 4720.

(4) This regulation is necessary and appropriate for administering and enforcing the authorizing acts identified in Part B of this preamble.

J. Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 29, are amended by adding § 29.30 to read as set forth at 42 Pa.B. 4720.

(b) The Commission shall submit this order and 42 Pa.B. 4720 to the Office of General Counsel and the Office of Attorney General as required by law.

(c) The Commission shall certify this order and 42 Pa.B. 4720 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect on publication in the *Pennsylvania Bulletin*.

CHARLES BEDNARIK,
Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 43 Pa.B. 2242 (April 20, 2013).)

Fiscal Note: Fiscal Note 16-53 remains valid for the final adoption of the subject regulation.

STATEMENTS OF POLICY

MUNICIPAL POLICE OFFICERS' EDUCATION AND TRAINING COMMISSION

Consideration for Reinstatement of Certification

Purpose

Act 165 of 2012 requires the Municipal Police Officers' Education and Training Commission to develop standards and guidelines to govern the reinstatement of municipal police officers and certified school instructors who have had their certification(s) suspended or revoked. Act 165 was signed into law on October 24, 2012, and took effect immediately. To comply with Act 165, the Commission establishes this policy to provide guidance and allow the consideration of applications for reinstatement. This policy provides general criteria that the Commission may consider for the reinstatement of certification. This policy is not binding on the Commission, and the Commission may consider any and all relevant factors and circumstances with regards to an officer's or instructor's application for consideration for reinstatement of certification. A vote by the Commission to approve an individual's application for consideration for reinstatement of certification is not a waiver of any of the conditions for certification nor a Commission vote to certify an individual under 37 Pa. Code Chapter 203.

Definitions

For the purpose of this policy, unless otherwise defined herein, all terms shall be defined as stated in 37 Pa. Code § 203.1 Definitions.

Chief—The agency executive, chief of police, or officer in charge of a police department enumerated under the Act, or the person or governing body exercising oversight over the police department.

Revocation—Decertification of a certified police officer for an indefinite period of time. This action nullifies any and all aspects of initial certification, except police education recognized or waived under the Act.

Suspension—Temporary decertification of a certified police officer for a period of time determined by the Commission, generally not to exceed two years.

Suspended Officers or Instructors

Suspended officers or instructors may reapply for certification following the completion of their suspension by submitting a Change of Status to the Commission. This form is available on the Commission's public website and shall be submitted by the officer's Chief or the instructor's School Director. Submission of a Change of Status shall be accompanied by a notarized affidavit certifying they have not been convicted of a disqualifying criminal offense during the term of their suspension. If an officer is seeking certification with a new department, the Chief is strongly encouraged to conduct a background investigation of the officer as outlined in 37 Pa. Code § 203.11(a)(10).

Upon receipt of the application, the Director, Certification and Administration will review and verify the suspended officer has met all the conditions for recertifi-

cation. If it is discovered that the suspended officer is no longer eligible for certification, the Change of Status shall be forwarded to the Executive Director for review and appropriate action. If the suspended officer still meets certification requirements, the Director, Certification and Administration shall provide the individual's Chief with a certification document.

Revoked Officers

After one year from the date of revocation, the individual may apply for consideration for reinstatement of certification. The application for consideration for reinstatement of certification is available on the Commission's public website. Applicants who were convicted of a disqualifying criminal offense, or who are otherwise prohibited from possessing a firearm by state or federal law, shall not be eligible for consideration for reinstatement of certification unless and until they receive necessary and appropriate relief required to again lawfully possess a firearm.

All applications for consideration for reinstatement of certification shall be notarized and accompanied by the following:

1. A written conditional offer of employment from a police department (as defined by § 2162 of the Act).
2. A Pennsylvania criminal history check completed within the 60 days prior to submission of the application.
3. A Federal Bureau of Investigation criminal history check completed within the 60 days prior to submission of the application. (Refer to the following hyperlink for additional information about this criminal history check: <http://www.fbi.gov/about-us/cjis/background-checks>)

Applicants may, and are encouraged to, submit the following as well:

1. Notarized affidavits testifying to the applicant's character and fitness for employment as a municipal police officer.
2. A personal statement from the applicant addressing the reason(s) for the applicant's revocation and reason(s) for which the applicant should be reinstated.

Application for consideration for reinstatement of certification shall be sent via certified mail to the Executive Director at 8002 Bretz Drive, Harrisburg, PA 17112-9748 who within five (5) business days of receipt, shall present a copy of the application and all related materials to all members of the Professional Standards Committee (hereafter "the Committee"). The Committee shall convene at a quarterly Committee meeting or such other time and place as they may designate and, with a quorum being present, review the application, and make a recommendation to the full Commission. The Committee may evaluate the applicant's suitability for reinstatement using the following criteria:

- Total years of service as a certified police officer
- The severity of the violation which caused the revocation and any negative impact on the public trust, police department, or political subdivision
- If the violation, which caused the revocation, was the result of conduct that called or may call into question the individual's character and integrity as a witness for the Commonwealth, (i.e. cheating, theft, fraud, unsworn falsification) a letter from the District Attorney for the county where the individual will be primarily employed is

strongly encouraged. This letter should indicate the District Attorney's willingness to allow the individual to be called to testify as a witness in summary and court cases.

- Notarized character statements submitted with the application by individuals not in the applicant's immediate family or household
- Previous disciplinary actions taken by any employing police department
- Previous suspensions or revocations by the Commission
- The applicant's acceptance or denial of responsibility for the violation which caused the revocation
- Any criminal convictions, accelerated rehabilitative dispositions (ARD), or arrests on, prior to, or after the date of revocation
- Community or volunteer service conducted during the period of revocation
- Endorsements by supervisors and/or command level personnel within the police department
- Letter of endorsement from the head of the political subdivision affiliated with the applicant's former, present, or newly employing police department
- Official statements made during the course of the inquiry into the violation which caused the revocation
- Statements made in letters or other correspondence sent to the Commission during the time of revocation

A recommendation shall be made no later than the second full Commission meeting following the submission of the application. The Commission shall consider the recommendation of the Committee. The Commission may request any information, review any document, or require clarification from the Committee prior to any vote. These criteria shall not be deemed as exhaustive and the Commission may consider any other relevant factors and circumstances that may speak to the applicant's suitability to serve as a municipal police officer.

Upon hearing the recommendation of the Committee and considering any and all relevant factors, the Commission will generally approve or deny the individual's application for consideration for reinstatement of certification. This approval shall require an affirmative majority vote of a seated quorum.

Any approval of an individual's application for consideration of reinstatement of certification shall not be considered a waiver of any of the requirements for certification as stated in 37 Pa. Code Chapter 203, Subchapter B. The applicant must meet all physical, psychological, and criminal history requirements of that subchapter and shall be required to complete the application process, as well as, any and all training and testing required by the Commission in accordance with the Act and regulations.

It is the policy of the Commission not to entertain repetitive applications for reinstatement. Upon the Commission's rejection of an application for consideration for reinstatement of certification, the applicant shall not be permitted to apply for reinstatement for a period of not less than one year from the date of the Commission's vote to reject. Individuals may only apply for reinstatement three times.

Revoked Instructors

After one year from the date of revocation, the individual may apply for consideration for reinstatement of certification. The application for consideration for rein-

statement of certification is available on the Commission's public website. Applicants who were convicted of a disqualifying criminal offense, or in the case of firearms instructors who are otherwise prohibited from possessing a firearm by state or federal law, shall not be eligible for consideration for reinstatement of certification unless and until they receive necessary and appropriate relief.

All applications for consideration for reinstatement of certification shall be notarized and accompanied by the following:

1. A written conditional offer of employment from a certified school as required by 37 Pa. Code § 203.71(c)(2)
2. A Pennsylvania criminal history check completed within the 60 days prior to submission of the application
3. A Federal Bureau of Investigation criminal history check completed within the 60 days prior to submission of the application. (Refer to the following hyperlink for additional information about this criminal history check: <http://www.fbi.gov/about-us/cjis/background-checks>)

Applicants may, and are encouraged to, submit the following as well:

1. Notarized affidavits testifying to the applicant's character and fitness for employment as a basic or mandatory in-service police training instructor
2. A personal statement from the applicant addressing the reason(s) for the applicant revocation and reason for which the applicant should be reinstated

Application for consideration for reinstatement of certification shall be sent via certified mail to the Executive Director at 8002 Bretz Drive, Harrisburg, PA 17112-9748 who within five (5) business days of receipt, shall present a copy of the application and all related materials to all members of the Committee. The Committee shall convene at a quarterly Committee meeting or such other time and place as they may designate and, with a quorum being present, review the application(s) and make a recommendation to the full Commission. The Committee may evaluate the applicant's suitability for reinstatement using the following criteria:

- Total years of service as a basic or mandatory police training instructor
- The severity of the violation which caused the revocation and any negative impact on the public trust, certified school, or municipal police department(s)
- Notarized character statements submitted with the application by individuals not in the applicant's immediate family or household
- Previous disciplinary actions taken by any employing certified school
- Previous suspensions or revocations by the Commission
- The applicant's acceptance or denial of responsibility for the violation which caused the revocation
- Any criminal convictions, accelerated rehabilitative dispositions (ARD), or arrests on, prior to, or after the date of revocation
- Continued employment and endorsement by the certified school's parent educational authority
- Endorsements by the president, deans, supervisory faculty, or the like affiliated with the applicant's employing certified school

- Official statements made during the course of the inquiry into the violation which caused the revocation
- Statements made in letters or other correspondence sent to the Commission during the time of revocation

A recommendation shall be made no later than the second full Commission meeting following the submission of the application. The Commission shall consider the recommendation of the Committee. The Commission may request any information, review any document, or require clarification from the Committee prior to any vote. These criteria shall not be deemed as exhaustive and the Commission may consider any other relevant factors and circumstances that may speak to the applicant's suitability as a basic or mandatory in-service police training instructor.

Upon hearing the recommendation of the Committee and considering any and all relevant factors, the Commission will generally approve or deny the individual's application for consideration for reinstatement of certification. This approval shall require an affirmative majority vote of a seated quorum.

Any approval of an individual's application for consideration for reinstatement of certification shall not be considered a waiver of any of the requirements for certification as stated in 37 Pa. Code Chapter 203, Subchapter E. The individual must meet the criminal history provisions of that subchapter and shall be required to complete the application process as outlined in 37 Pa. Code § 203.71.

It is the policy of the Commission not to entertain repetitive applications for reinstatement. Upon the Commission's rejection of an application for reinstatement, the applicant shall not be permitted to apply for reinstatement for a period not less than one year from the date of the Commission's vote to reject. Individuals may only apply for reinstatement three times.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of June 2013

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of June, 2013, is 5%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 2.41 to which was added 2.50 percentage points for a total of 4.91 that by law is rounded off to the nearest quarter at 5%.

| Section IV | NPDES | MS4 Individual Permit |
| Section V | NPDES | MS4 Permit Waiver |
| Section VI | NPDES | Individual Permit Stormwater Construction |
| Section VII | NPDES | NOI for Coverage under NPDES General Permits |

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**STATE CONSERVATION COMMISSION
PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS
FOR NPDES PERMITS FOR CAFOs**

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or

suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Eric Supey, Environmental Cleanup and Brownfields Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Allentown School District Administration Building Gravel Parking Area, 1301 Sumner Avenue, Allentown City, **Lehigh County**, Sean Cheluis, SSM Group, Inc., has submitted a Notice of Intent to Remediate on behalf of his client, Robert Sperling, Jr., Director of Facilities Services, Allentown School District, 1301 Sumner Avenue, Allentown, PA 18102, concerning the remediation of soil found to have been impacted by off-road diesel fuel when a tank was emptied of its contents. The applicant proposes to remediate the site to meet the residential Statewide Health Standards for soil. The intended future use of the site is residential. A summary of the Notice of Intent to remediate was published in *The Morning Call* on April 15, 2013.

Southcentral Region: Environmental Cleanup and Brownfields Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

757 Hickory Road Farm House, Penn Township, **Lancaster County**. GCI Environmental Services, 1250 East King Street, Lancaster, PA 17602, on behalf of Pleasant View Retirement Community, 544 North Penryn Road, Manheim, PA 17545, submitted a Notice of Intent to Remediate soils and groundwater contaminated with

No. 2 fuel oil from an above ground storage tank. The proposed cleanup standard for the site is a combination of Residential Statewide Health and Site-Specific standards. The Notice of Intent to Remediate was published in the *Intelligencer Journal-Lancaster New Era* on April 24, 2013.

MUNICIPAL WASTE GENERAL PERMIT

Application(s) Received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Municipal Waste Regulations for a General Permit to Operate Municipal Waste Processing Facilities and the Beneficial Use of Municipal Waste.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17106-9170.

General Permit Application Number WMGM049. New Castle Sanitation Authority, Lawrence County, 110 East Washington Street, New Castle, PA 16101. The application is for the beneficial use of reclaimed water, consisting of treated municipal wastewater, for cooling purposes and as a substitute for industrial process water at an electric generation facility. The reclaimed water in the application is generated at the City of New Castle wastewater treatment plant, Lawrence County. The electric generation facility identified in the application where the reclaimed water will be beneficially used is the Hickory Run Energy Station in North Beaver Township, Lawrence County. Hickory Run Energy Station (HRES) in North Beaver Township, Lawrence County. HRES has been issued an NPDES permit (Permit No. PA0272591) for the discharge of the excess municipal wastewater not beneficially used at the electric generation facility. The application was determined to be administratively complete on April 16, 2013.

Written comments concerning the application should be directed to Scott E. Walters, Chief, Permits Section, Division of Municipal and Residual Waste, Bureau of Waste Management, P. O. Box 69170, Harrisburg, PA 17106-9170. TDD users may contact the Department through the Pennsylvania Relay service, (800) 654-5984. Comments may also be submitted via e-mail at rapbenuseall@pa.gov. When submitting comment via e-mail, place "Comments on General Permit Number WMGM049" in the subject line. Faxed comments will not be accepted. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application. For more information, contact the Division of Municipal and Residual Waste at 717-787-7381.

DETERMINATION FOR APPLICABILITY FOR MUNICIPAL WASTE GENERAL PERMITS

Application(s) for Determination of Applicability for General Permit received. Under the Solid Waste Management Act; the Municipal Waste Planning, Recycling and Waste Reduction Act; and Municipal Waste Regulations for a General Permit to Operate Municipal Waste Processing Facilities and/or the Beneficial Use of Municipal Waste.

Southwest Region: Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745

General Permit No. WMGR028SW003. Applicant—**Lindy Paving, Inc.**, 2340 2nd Ave., Pittsburgh, PA 15219. Facility—1981 Rt. 119 South, Homer City, PA 15748. A residual waste general permit for the beneficial use of baghouse fines and/or scrubber pond precipitates, generated by hot-mix asphalt plants, for use as: (i) an aggregate in roadway construction, (ii) a soil additive, (iii) a soil conditioner, or (iv) a component or ingredient in the manufacturing of construction products, in Center Township, **Indiana County**, was deemed administratively complete in the Regional Office on May 7, 2013.

Persons interested in reviewing the general permit or the application may contact the Department of Environmental Protection, Regional Files, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000. TDD users may contact the Department through the Pennsylvania Relay Service, (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the

Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401

Contact: Sachin Shankar, New Source Review Chief—Telephone: 484-250-5920

46-0005AN: Merck, Sharp & Dohme, Corp. (770 Sunmeystown Pike, West Point, PA 19486-0004) for the redaction and clarification of RACT related condition in the Title V operating permit in Pottstown Borough, **Montgomery County**. The overall air emissions associated with these changes will result in no change in actual or potential emissions from this facility. This project does not trigger applicability toward PADEP's NSR regulations or the federal PSD regulations. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

15-0110B: Pepperidge Farm, Inc. (421 Boot Road, Downingtown, PA 19335) for installation and operation of two (2) 25-ton flour Use Bins with associated bin vent filters at their facility in Downingtown Borough, **Chester County**.

25-1038A: Lord Corp. (2455 Robison Road, Erie, PA 16509) for the proposed relocation and combination of their Erie operations in Summit Township, **Erie County**. Operations from the West 12th Street manufacturing plant and the Grandview Avenue corporate offices will relocate to the new facility. This is a State Only facility. The public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450 or § 127.505, be incorporated into the State Only operating permit at a later date.

The relocation will involve moving existing sources to the new facility and constructing new sources to take the place of existing sources at the manufacturing plant. This project will result in facility emissions of 24.5 tpy for VOC, 24 tpy for total HAPs, and 9.9 tpy for single HAP. This Plan Approval will contain emission restriction, recordkeeping, work practice standard and additional requirement conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate BAT for the source including, but are not limited to, the following:

Site Conditions:

- VOC emissions from the facility (combined) shall not exceed 24.5 tpy based on a 12-month rolling period.
- Total HAP emissions from the facility (combined) shall not exceed 24.0 tpy based on a 12-month rolling period.
- Single HAP emissions from the facility (combined) shall not exceed 9.9 tpy based on a 12-month rolling period.

Spray Booths:

- VOC emissions from all coating/adhesive booths shall not exceed 23.0 tpy based on a 12-month rolling period.
- Total HAP emissions from all coating/adhesive booths shall not exceed 19.6 tpy based on a 12-month rolling period.
- Subject to 25 Pa. Code § 129.52
- The permittee shall maintain a record of all preventive maintenance inspections of the source. These records shall include, at a minimum, the dates of the inspections, the name of the person performing the inspection, any problems or defects identified, any actions taken to correct the problems or defects, and any routine maintenance performed.
- The permittee shall record the following operational data from the source/control device (these records may be done with strip charts recorders, data acquisition systems, or manual log entries):
 - Pressure drop across filters—daily defined as once per calendar day
 - A facility, regardless of the facility's annual emission rate, which contains surface coating processes shall maintain records sufficient to demonstrate compliance with this section. At a minimum, a facility shall maintain records of:
 - The following parameters for each coating, thinner and other component as supplied:
 - The coating, thinner or component name and identification number.
 - The volume used.
 - The mix ratio.
 - The density or specific gravity.
 - The weight percent of total volatiles, water, solids and exempt solvents.
 - The volume percent of solids for Table I surface coating process categories 1-10.
 - The VOC content of each coating, thinner and other component as supplied.
 - The VOC content of each as applied coating. To meet the daily requirement in 25 Pa. Code § 129.52, the facility shall determine the VOC content of each as applied coating by determining the maximum amount of solvent that can be added to each coating while still meeting the Table 1 limits and never exceeding that amount of solvent.
- The permittee shall record the following:
 - Inventory reports of VOC and HAP containing materials
 - Usage reports of VOC and HAP containing materials
 - Waste shipments of VOC and HAP containing materials
 - Waste analysis of VOC and HAP containing materials
 - Computerized emissions tracking model. Using the computerized emissions tracking model, the records shall be compiled on a monthly basis to determine the total VOC, total HAP, and individual HAP emissions for that month. These monthly totals shall be added to the monthly totals for the previous eleven (11) months to determine the twelve (12) month rolling totals for each type of pollutant.

- The permittee shall maintain the following records for demonstrating compliance:

- A list of each adhesive, sealant, adhesive primer, sealant primer, surface preparation solvent and cleanup solvent product in use and in storage.

- A data sheet or material list which provides the product name, manufacturer identification and use or material application for each product included on the list required under paragraph (1).

- The VOC content of each product on the list required under paragraph (1), as supplied.

- Catalysts, reducers or other components used and the mix ratio.

- The VOC content or vapor pressure of each product on the list required by paragraph (1), as applied, if solvent or other VOC is added to the product before application.

- The volume purchased or produced of each product on the list required under paragraph (1).

- The monthly volume used or applied as part of a manufacturing process at the facility of each product on the list required under paragraph (1).

- The permittee shall maintain and operate the source in accordance with the manufacturer's specifications and in accordance with good air pollution control practices.

- The facility shall comply with the following BAT requirements:

- All spray guns used in these booths shall be of the high volume, low pressure (HVLV) type, or a type equivalent to or better than HVLV in terms of transfer efficiency.

- All spray guns shall be cleaned as needed or before allowing to set idle for extended periods. All spray guns used in these booths shall always be cleaned with enclosed spray gun cleaning equipment designed specifically for this purpose.

- The system shall be checked daily for leaks of lines and guns.

- Good housekeeping practices shall be followed at all times, including but not limited to, any spills of adhesive, paint and solvent being cleaned up immediately, and containers of adhesive, paint and solvent kept closed when not in use.

- The permittee shall store or dispose of all absorbent materials, including cloth or paper, which are moistened with adhesives, sealants, primers, surface preparation solvents or cleanup solvents subject to this section, in nonabsorbent containers at the facility that are kept closed except when placing materials in or removing materials from the container.

Metal Tanks:

- The permittee shall record the following operational data from the source/control device (these records may be done with strip charts recorders, data acquisition systems, or manual log entries):

- Pressure drop across filters—daily defined as once per calendar day

- pH—daily defined as once per calendar day

- Water flow—daily defined as once per calendar day

- The permittee shall maintain and operate the source in accordance with the manufacturer's specifications and in accordance with good air pollution control practices.

Parts Washers:

- Subject to 25 Pa. Code § 129.63

Research & Development:

- The R&D activities shall not exceed annual emission rates of the following:

- CO: 20 tpy based on a consecutive 12-month period

- Lead: 0.12 tpy based on a consecutive 12-month period

- PM₁₀: 3 tpy based on a consecutive 12-month period

- SO_x: 8 tpy based on a consecutive 12-month period

- VOC: 8 tpy based on a consecutive 12-month period

- NO_x: 10 tpy based on a consecutive 12-month period

- Single HAP: 1 tpy based on a consecutive 12-month period

- Total HAPs: 2.5 tpy based on a consecutive 12-month period

In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP at (814) 332-6340.

In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval [25-1038A] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Regional Air Quality Program Manager, 230 Chestnut St., Meadville, PA 16335; Phone (814) 332-6940.

In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region Air Quality Program Manager.

If a plan approval has not undergone the above public notice process, the change to an operating permit must be treated as a significant modification. In these situations the Department should follow the procedures described in §§ 127.421 to 127.431 for state only operating permits or §§ 127.521 to 127.524 for Title V operating permits.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401

Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920

23-00021: Congoleum Corp. (4401 Ridge Road, Delaware, PA 19061) for renewal of the Title V Operating Permit in Trainer Borough, **Delaware County**. The initial permit was issued on March 5, 2002. The facility manufactures patterned vinyl flooring, by employing rotogravure presses and coating lines to engrave images and apply protective/decorative layers on substrate. As a result of potential emissions of VOCs and NO_x, the facility is a major stationary source as defined in the Clean Air Act, and is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subpart G. This Title V Renewal does not reflect any change in air emissions from the facility. The renewed permit contains monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

46-00039: Exelon Generation Co.—Moser Generating Station (Moser and Yost Streets, Pottstown, PA 19464) for operation of an electrical power peak generating station in Lower Pottsgrove Township, **Montgomery County**. As a result of potential emissions of NO_x and SO_x, the Moser facility is a major stationary source, as defined in the Clean Air Act. The renewal contains applicable monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

46-00032: SPS Technologies, Inc. (SPS), (301 Highland Avenue, Jenkintown, PA 19046) for a major aerospace parts manufacturing facility located at Highland Avenue Abington Township, **Montgomery County**. This action is a renewal of the facility's Title V Operating Permit originally issued on October 18, 2007. There have been several amendments of this TVOP since its original issuance. The renewal does not allow any new changes other than updating of source inventory and changes of minor significance. The operation is subjected to federal NESHAPS and NSPS regulations. The permit includes monitoring, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110

Contact: Thomas J. Hanlon, Facility Permitting Chief—Telephone: 717-705-4862 or William Weaver, Program Manager—Telephone: 717-705-4702.

21-05002: PPG Industries, Inc. (400 Park Drive, Carlisle, PA 17015) for operation of their flat glass manufacturing facility in South Middleton Township, **Cumberland County**.

In accordance with 25 Pa. Code § 127.463, the Department has received an application and intends to issue a revised Title V Operating Permit for the abovementioned facility. This will be a significant modification to the permit.

Recent regulations under Section 129 reduce allowable nitrogen oxides (NO_x) emission levels and establish detailed monitoring, recordkeeping and reporting require-

ments for the facility's two glass melting furnaces. The company previously requested an alternative compliance schedule for the No. 1 melting furnace in accordance with Section 129.304(c) which expressly provides for such measures. A petition for an alternative emission limitation for Glass Furnace No. 1 has been submitted to amend the previous requirements for that furnace based upon detailed cost figures now available for the facility. The Title V permit will be modified to approve this petition. This include the deletion of certain conditions related to the initial petition, the addition of conditions related to the new petition, and the revision of certain RACT-related conditions to ensure consistency with the SIP.

Facility actual emissions for calendar year 2012 included 2,968 tons of NO_x, 705 tons of sulfur oxides and 261 tons of particulate matter.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests.

William R. Weaver, Air Quality Program Manager, may be contacted at 717-705-4702, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

65-000137: Allegheny Ludlum, LLC. /Vandergrift (100 River Road, Brackenridge, PA 15014) In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department of Environmental Protection (DEP) is providing notice that it intends to issue a renewal Title V Operating Permit (TVOP-65-000137) to Vandergrift facility to authorize the continued operation of a stainless steel sheets, strips and plates finishing operations facility located in Vandergrift Boro., **Westmoreland County**. The name and address of the applicant is Allegheny Ludlum, LLC./Vandergrift, 100 River Road, Brackenridge, PA 15014.

The finishing operations at this facility primarily include two annealing and pickling lines, two boilers and two cold reduction mills, shearing, abrasive cutting and machining and other miscellaneous equipment associated with this type of operations. The facility has the potential to emit 0.6 ton per year of SO₂, 331.8 tons per year of NO_x, 80.0 tons per year of PM/PM₁₀ and 20.3 tons per year of VOCs. NO_x emission is above its respective major facility emission threshold. The proposed TVOP renewal

contains conditions relating to monitoring, recordkeeping and work practice standards.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public inspection during normal business hours at DEP, 400 Waterfront Drive, Pittsburgh, PA 15222. Appointments for scheduling a file review may be made by calling 412-442-4286. Any person wishing to provide DEP with additional information that they believe should be considered prior to the issuance of this permit may submit the information to DEP at the address shown above. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify TVOP-65-000137) and concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit.

A public hearing may be held, if DEP, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where DEP determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Barbara Hatch, Air Quality Environmental Engineer Manager, DEP, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222, (412) 442-5226.

37-00023: Genon Power Midwest LP—New Castle Power Plant (PO Box 325, West Pittsburgh, PA 16160) to modify a Title V Operating Permit for their New Castle Power Plant in Taylor Township, **Lawrence County**.

The modification is in accordance with 25 Pa. Code § 127.463. The permit expires April 30, 2017. Genon Power New Castle Power Plant is a major facility and is subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapters F and G. The facility is subject to multiple State and Federal Regulations. The modification involves the incorporation of the requirements of 40 CFR 63 Subpart DDDDD—National Emission Standards for Hazardous Air Pollutants (NESHAPs) for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters. These requirements became effective April 1, 2013. The Department is required to revise the permit because the expiration date of the current permit is more than 3 years from the effective date of Subpart DDDDD. The facility has an auxiliary boiler used for building heat and freeze protection. Source 030 is a Clayton Industries boiler (model EO-204-1) rated at 8.2 mmbtu/hr. The boiler is fueled with #2 oil. This boiler is subject to the tune-up and energy assessment work practice standards of Subpart DDDDD. Minor changes were also made to the permit to reflect the amended language of 40 CFR 63 Subpart ZZZZ—NESHAPs for Stationary Reciprocating Internal Combustion Engines.

Copies of the Department's analysis and other documents used in the evaluation of the application are available for public inspection during normal business hours at the Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335.

Any person wishing to provide the Department of Environmental Protection with additional information they believe should be considered prior to the issuance of this permit may submit the information to the Department at the address shown above. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify Permit # TV 37-00023) and concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit.

Written comments should be directed to Mr. John F. Guth, Program Manager, Air Quality, Department of Environmental Protection, Northwest Region, 230 Chestnut Street, Meadville, PA 16335. For additional information concerning the permit or the issuance procedure, contact Mr. Matthew M. Williams, Facilities Section Chief, Air Quality Program, at the same address or phone at (814) 332-6131.

15-00086: Griffin Industries LLC—dba Bakery Feeds (97 Westbrook Drive, Honey Brook, PA 19344) for an animal feed processing facility in Honey Brook Township, **Chester County**. The renewal permit is for a non-Title V (State only) facility. Operations at the facility include drying of waste bakery products, separation of the product and packaging and blending of the recycled bakery product with an animal feed ingredient. A regenerative thermal oxidizer (RTO) controls VOC emissions from the dryer with a minimum of 98% efficiency. Natural gas, non-chemically treated wood, and packaging waste are approved fuels for the biomass burner with the rotary dryer. No emissions increases above previously approved levels are authorized with the renewal. The operating permit will include monitoring, testing, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

23-00072: Action Supply Co., Inc. (1401 Calcon Hook Road, Sharon Hill, PA 19079) for a renewal of a State Only Operating Permit in Darby Township, **Delaware County**. The facility operates three ready-mix concrete plants and a concrete recycling plant consisting of two crushers and a screener. The recycling plant is powered by three diesel-fired engines. While there is no restriction in operating hours for the concrete plants, the recycling plant is limited to a 2,000 hour per year limitation. There have been no source changes or modifications to any plant equipment since this operating permit was last issued; however new requirements from the Federal MACT Standards of Subpart ZZZZ, which are applicable to the diesel-fired engines, are being included in the operating permit. Also incorporated in the operating permit and in accordance with EPA standards on the regulation of fuels and fuel additives, all non-road diesel fuel is subject to a maximum sulfur content of 15 ppm per gallon standard. Action Supply Co., Inc. is a synthetic minor facility. Monitoring, record keeping and reporting requirements have been added to the permit to address applicable limitations.

46-00240: JBS Souderton, Inc. (249 Allentown Rd, Souderton, PA 18964) for an animal slaughtering, meat processing and meat packing plant, synthetic minor facility in Franconia Township, **Montgomery County**. This action is a renewal of the facility's State Only Operating Permit originally issued on May 22, 2007. The renewal does not allow any new changes other than updating of source inventory and changes of minor significance. The operation is subjected to federal NESHAPS and NSPS regulations. The permit includes monitoring, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

46-00147: Chemalloy Company, Inc. (P. O. Box 350 Bryn Mawr, PA 19010) for a primary metal products manufacturing minor facility at 1301 Conshohocken Rd, Conshohocken, PA 19428, Plymouth Township, **Montgomery County**. This action is a renewal of the facility's State Only Operating Permit originally issued on December 13, 2007. The renewal does not allow any new changes other than updating of source inventory and changes of minor significance. The permit includes monitoring, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

In accordance with 25 Pa Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of 12 electric furnaces, ammonia storage tank, nickel plating line and an electroless nickel plating line. The facility has the potential to emit 0.02 tpy NO_x, 0.18 tpy CO, 0.297 tpy VOC, and 0.761 tpy HAPs. The facility is required to conduct a weekly survey of the facility during daylight hours while the facility is operating to ensure compliance with the visible emission, fugitive emission and malodor restrictions. Records of the weekly survey performed must be recorded. The proposed authorization is subject to State and Federal Regulations. The permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (65-00064) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. 10-00281: II VI, Inc. (375 Saxonburg Boulevard, Saxonburg, PA 16056-9430) for renewal of the operating permit for their facility in Clinton Township, **Butler County**. The sources at the facility include miscellaneous combustion sources, batch vapor degreaser using a halogenated solvent, chemical vapor deposition units, hydrogen selenide gas production, thin film materials produc-

tion, isopropyl alcohol vapor degreasers, batch vapor dryer, and emergency generators. The emergency generators are fueled with low sulfur diesel (15 ppmv). The conditions of the previous plan approval and operating permit were incorporated into the renewal permit. The halogenated solvent vapor degreaser is subject to 40 CFR 63 Subpart T—NESHAP for Halogenated solvent cleaning. The emergency generators are subject to 40 CFR 63 Subpart ZZZZ—NESHAP for Reciprocating Internal Combustion Engine (RICE). Emissions from the facility are less than the major source thresholds. The facility is a Natural Minor.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Receiving stream: unnamed tributary to Allegheny River, classified for the following use: WWF. The potable water supply with intake within 10 miles downstream from the point of discharge: Freeport Water Company. Renewal application received: April 26, 2013.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

| Parameter | Table 2 30-day Average | Daily Maximum | Instantaneous Maximum |
|--------------------------------------|------------------------------|---------------------------------|--------------------------|
| Suspended solids | 10 to 35 mg/l | 20 to 70 mg/l | 25 to 90 mg/l |
| Alkalinity exceeding acidity* pH* | | greater than 6.0; less than 9.0 | |

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

48980301C7 and NPDES Permit No. PA0223875. Chrin Brothers Inc., (635 Industrial Drive, Easton, PA 18042), renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Williams Township, **Northampton County** affecting 36.8 acres, receiving stream: unnamed tributary to Lehigh River, classified for the following use: cold water fishes. Application received: April 16, 2013.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterways and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401

E15-257. Pennsylvania Department of Transportation, 7000 Geerdes Blvd, King of Prussia, PA 19406, City of Philadelphia, **Philadelphia County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities associated with the reconstruction and widening of Interstate Route I-95 (SR 0095 Section GR3) Northbound Lanes to include four thru-lanes plus a fifth lane from Columbia Avenue North to Ann Street. The following water obstructions and encroachments are:

1. To construct and maintain a 54-inch diameter reinforced concrete Stormwater outfall structure discharging into the Delaware River (WWF) from Cumberland Street.
2. To construct and maintain a 48-inch diameter reinforced concrete Stormwater outfall discharging into the Delaware River (WWF) from Dyott Street.
3. To modify and maintain the existing Delaware River Bulkhead to accommodate the new wingwalls and fittings of the two proposed outfall structures.

The project permanently impacts approximately .00987 acre of water way at the Outfall structure locations. The project impact area is located along the Delaware River. The Cumberland Street impact is located approximately 273 feet east of the intersection of Beach and Cumberland Streets in the City of Philadelphia, Philadelphia County (Camden, NJ-PA, USGS Quadrangle N: 17.76 inches; W: 16.23 inches); and the Dyott Street impact is located approximately 300 feet North of the intersection of Beach Street and Dyott Street in the City of Philadelphia, Philadelphia County (Camden, NJ-PA USGS Quadrangle N: 17.18 inches; W: 17.05 inches).

E15-839. Aqua PA, 105 Valley Forge Road, Phoenixville, PA 19460-2657, Phoenixville Borough, **Chester County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities associated with the removal and replacement of an existing bridge on Aqua Pennsylvania Pickering Plant Site over Pickering Creek (WWF/MF). These activities are:

1) To remove an existing three span composite Concrete I-beam bridge and two associated abutment piers over the Pickering Creek along with auxiliary parts connected.

2) To construct and maintain a single span steel beam bridge approximately 82.2 feet upstream of the old existing bridge. The proposed bridge has an approximate 25 feet underclearance and a 105 approximate span length impacting approximately 110 linear feet of Pickering Creek.

3) To conduct grading within the floodway to accommodate the construction of the proposed bridge.

The project is located on the East side of the intersection of North Main Street and Vanderslice Street and runs an approximate 475 feet segment south ending at approximately 225 feet north of the intersection of North Main Street and Mills Street (Phoenixville, PA USGS Quadrangle N: 2.06 inches; W: 1.91 inches).

E15-843. CCCD, 688 Unionville Road, Suite 200. Kennett Square, PA 19348, East Bradford Township, **Chester County**, ACOE Philadelphia District.

To restore and maintain approximately 2,150 linear feet of impaired reach of Plum Creek (TSF), and an unnamed tributary to Plum Creek (TSF), through a combination of

the following measures: legacy sediment removal, stream-bank stabilization, stream alignment, floodplain restoration and installation of fish habitat.

The site is located northeast of the intersection of PA SR 52 and PA US 322, West Chester PA, USGS map N: 10.5 inches; W: 16:00 inches.

Northeast Region: Waterways and Wetlands Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915, Telephone 570-826-2511.

E40-744. Harveys Lake Borough, 4875 Memorial Highway, Harveys Lake, PA 18618, in Harveys Lake Borough, **Luzerne County**, U.S. Army Corps of Engineers, Baltimore District.

To construct and maintain floating wetland islands for nutrient removal as part of a project to reduce phosphorous concentration to meet the lake's TMDL. The project is located in Harveys Lake (Harveys Lake, PA Quadrangle, Latitude: 41°21'48.3"; Longitude: -76°2'23.3").

Southcentral Region: Waterways & Wetlands Program, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717.705.4802.

F22-595: Lower Swatara Township, 1499 Spring Garden Drive, Middletown, PA 17057 in Lower Swatara Township, **Dauphin County**, ACOE Baltimore District.

To demolish and remove obstructions that were damaged by flooding from the floodplain of the Susquehanna River and Swatara Creek at the following locations listed. The projects propose to temporarily impact a total of 0.75 acre of floodplain. The issuance of this permit will not constitute approval of Water Quality Certification under Section 401 of the Federal Clean Water Act (33 U.S.C.A. § 1341).

E05-370: New Enterprise Stone and Lime Co., Inc., P. O. Box 77 New Enterprise, PA 16664, in West Providence Township, **Bedford County**, Baltimore ACOE District.

To install and maintain a (1) 95-linear foot concrete box culvert with concrete wing walls in Black Valley Creek (WWF,MF), (2) place 3,915 cubic feet of fill within the floodway of Black Valley Creek (WWF,MF), for the purpose of access to the slag site. The project proposes to directly affect 120-linear feet of stream channel (Everett West PA Quadrangle Latitude: 40° 0' 23", Longitude: -78° 23' 0").

District Oil and Gas Operations: Eastern Oil & Gas District, 208 West Third Street, Suite 101, Williamsport, PA 17701

E0829-072: PVR NEPA Gas Gathering, LLC, 101 West Third Street, Williamsport, PA 17701, West Burlington Township, **Bradford County**, ACOE Baltimore District.

To construct, operate and maintain:

1. a 12 inch diameter natural gas line and a temporary timber mat bridge impacting 2,802 square feet of a Palustrine Emergent Wetland (Leroy, PA Quadrangle, Latitude: 41°44'02", Longitude: -76°37'46");

2. a temporary timber mat bridge impacting 47 linear feet of an unnamed tributary to North Branch Towanda Creek (CWF, MF) (Leroy, PA Quadrangle, Latitude: 41°44'04", Longitude: -76°37'48");

3. a 12 inch diameter natural gas line, an electrical line, a permanent access road and a temporary timber mat bridge impacting 40 linear feet of an unnamed tributary to North Branch Towanda Creek (CWF, MF) and impacting 5,477 square feet of an adjacent Palustrine Emergent Wetland (Leroy, PA Quadrangle, Latitude: 41°44'04", Longitude: -76°37'49");

4. a 12 inch diameter natural gas line, an electrical line, a 50 foot prefabricated steel bridge with associated fill and a temporary timber mat bridge impacting 82 linear feet of an unnamed tributary to North Branch Towanda Creek (CWF, MF) and impacting 2,389 square feet of an adjacent Palustrine Emergent Wetland, 1,942 square feet of a Palustrine Scrub-Shrub Wetland and 1,067 square feet of a Palustrine Forested Wetland (Leroy, PA Quadrangle, Latitude: 41°44'04", Longitude: -76°37'52");

5. a temporary timber mat bridge impacting 1,764 square feet of a Palustrine Emergent Wetland (Leroy, PA Quadrangle, Latitude: 41°44'00", Longitude: -76°38'00");

The project will result in 169 linear feet or 597 square feet of temporary stream impacts and 12,432 square feet (0.29 acre) of PEM wetlands, 1,942 square feet (0.04 acre) of PSS wetland and 1,067 square feet (0.02 acre) of PFO wetland impacts all for the purpose of installing a natural gas pipeline with associated access roadways for Marcellus shale development in West Burlington Township, Bradford County. The permittee will provide 0.09 acre of wetland enhancement mitigation and 0.11 acre of wetland

creation at the Wittig Mitigation Site (Factoryville, PA Quadrangle, Latitude: 41°37'11", Longitude: -75°46'22").

E4129-037: PVR Marcellus Gas Gathering, LLC, 101 West Third Street, Williamsport, PA 17701, Jackson Township, **Lycoming County**, ACOE Baltimore District.

To construct, operate, and maintain:

(1) one 12-inch waterline, one 30-inch natural gas pipeline, and a timber mat bridge impacting 2,193 square feet of a palustrine forested (PFO) wetland adjacent to Little Elk Run (EV, MF) (Liberty, PA Quadrangle 41°32'44"N 77°03'39"W);

(2) a stream realignment impacting 271 linear feet of Little Elk Run (EV, MF) and 261 square feet of an adjacent palustrine emergent (PEM) wetland (Liberty, PA Quadrangle 41°32'44"N 77°03'41"W).

The project will result in 271 linear feet of stream impacts and 0.1 acre of wetland impacts all for the purpose of installing a natural gas gathering line, a water line, and associated road ways for Marcellus well development and mitigating for previous pipeline construction. These are additional impacts to be included along with pipeline impacts previous published in the *Pennsylvania Bulletin* on May 19, 2012.

E4129-075: Anadarko Marcellus Midstream, LLC, 33 West Third Street, Suite 200, Williamsport, PA 17701, Cascade Township, **Lycoming County**, ACOE Baltimore District.

To construct, operate, and maintain:

1) two 6-inch gas pipelines, one 12-inch waterline, and two 6-inch waterlines impacting 47 linear feet of an unnamed tributary to West Branch Wallis Run (EV, MF) (Barbours, PA Quadrangle 41°28'08"N 76°51'33"W);

2) two 6-inch gas pipelines, one 12-inch waterline, two 6-inch waterlines, and a timber mat bridge impacting 8,870 square feet of palustrine forested (PFO) wetland (Barbours, PA Quadrangle 41°27'24"N 76°52'00"W);

3) two 6-inch gas pipelines, one 12-inch waterline, two 6-inch waterlines, and a timber mat bridge impacting 51 linear feet of West Branch Wallis Run (EV, MF) and 1,987 square feet of adjacent palustrine forested (PFO) wetlands (Barbours, PA Quadrangle 41°27'21"N 76°51'57"W);

4) two 6-inch gas pipelines, one 12-inch waterline, and two 6-inch waterlines impacting 109 square feet of palustrine emergent (PEM) wetland (Barbours, PA Quadrangle 41°27'10"N 77°51'44"W).

The project will result in a total of 98 linear feet of stream impacts and 0.25 acre of wetland impacts all for the purpose of installing a natural gas gathering line, water line, and temporary access roadways for Marcellus well development.

E4129-034: Anadarko Marcellus Midstream, L.L.C., 33 West Third Street, Suite 200, Williamsport, PA 17701, Cascade Township, **Lycoming County**, ACOE Baltimore District.

To construct, operate, and maintain:

1) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 11516 square feet of a palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°27'15"N 76°54'43"W);

2) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 66 linear feet of an unnamed tributary (UNT) to Slacks Run (HQ-CWF, MF) and 2,814 square feet of adjacent palustrine scrub-shrub (PSS) wetland (Bodines, PA Quadrangle 41°27'16"N 76°54'30"W);

3) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 280 linear feet of an unnamed tributary (UNT) to Slacks Run (HQ-CWF, MF) and 21,199 square feet of adjacent palustrine forested (PFO) wetland (Bodines, PA Quadrangle 41°27'17"N 76°54'25"W);

4) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 3,019 square feet of a palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°27'18"N 76°53'59"W);

5) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 6,118 square feet of a palustrine forested (PFO) wetland (Bodines, PA Quadrangle 41°27'18"N 76°53'56"W);

6) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 40 linear feet of an unnamed tributary (UNT) to Salt Run (EV, MF) (Bodines, PA Quadrangle 41°27'18"N 76°53'51"W);

7) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 3,902 square feet of a palustrine forested (PFO) wetland (Bodines, PA Quadrangle 41°27'19"N 76°53'42"W);

8) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 127 linear feet of unnamed tributaries (UNT) to Salt Run (EV, MF) (Bodines, PA Quadrangle 41°27'19"N 76°53'41"W);

9) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 80 linear feet of un-

named tributaries (UNT) to Salt Run (EV, MF) (Bodines, PA Quadrangle 41°27'19"N 76°53'38"W);

10) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 56 linear feet of an unnamed tributary (UNT) to Salt Run (EV, MF) and 16,535 square feet of adjacent palustrine forested (PFO) wetland and 6,440 square feet of adjacent palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°27'19"N 76°53'19"W);

11) a timber mat bridge impacting 35 linear feet of an unnamed tributary to Salt Run (EV, MF) and 1,254 square feet of adjacent palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°27'14"N 76°53'16"W);

12) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 130 linear feet of an unnamed tributary (UNT) to Salt Run (EV, MF) and 42,826 square feet of adjacent palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°27'16"N 76°53'07"W);

13) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 239 linear feet of unnamed tributaries (UNT) to Salt Run (EV, MF) and 14,326 square feet of adjacent palustrine forested (PFO) wetland (Bodines, PA Quadrangle 41°27'12"N 76°52'59"W);

14) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 13,198 square feet of a palustrine forested (PFO) wetland (Bodines, PA Quadrangle 41°27'06"N 76°52'35"W);

15) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 1,835 square feet of a palustrine forested (PFO) wetland (Bodines, PA Quadrangle 41°27'06"N 76°52'29"W);

16) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 48 linear feet of an unnamed tributary (UNT) to West Branch Wallis Run (EV, MF) and 3,351 square feet of adjacent palustrine forested (PFO) wetland (Barbours, PA Quadrangle 41°27'06"N 76°52'26"W);

17) a temporary road crossing using a timber mat bridge, two 6-inch flex steel gas lines, two 6-inch flex steel waterlines, one 12-inch steel gas line, one 12-inch HDPE waterline, one 24-inch steel gas line, and one electric/fiber optic line impacting 42 linear feet of West Branch Wallis Run (EV, MF) (Barbours, PA Quadrangle 41°27'06"N 76°52'24"W).

The project will result in 1,143 linear feet of temporary stream impacts and 3.41 acres of wetland impacts all for

the purpose of installing natural gas and freshwater pipelines with associated roadways for Marcellus well development.

(Permit #E63-07-004) CNX Gas Company, LLC, 1000 CONSOL Energy Drive, Canonsburg, PA 15317.

The purpose of the Washington Reservoirs 3 and 4 Access Roads and Waterlines Project is to transport water from Reservoirs 3 and 4 to CNX's existing Paris Waterline, which is used in CNX's Marcellus Shale activities. This project passes through North and South Franklin Townships in **Washington County**, PA. The project will

include the construction of approximately 3,300 feet of waterline with a 75 foot Right of Way (ROW), two (2) intake structures, one (1) discharge structure, one (1) overhead electric line, and associated access roads. The project has one (1) temporary stream crossing of Tributary 37149 to Chartiers Creek and consists of 15 linear feet and 825 square feet of temporary disturbance. Additionally, one (1) minor road crossing will require the installation of a 24" HDPE Culvert across a UNT to Tributary 37149 to Chartiers Creek and will consist of 76 linear feet and 228 square feet of permanent disturbance. Existing and proposed access roads will be used to access the site. The total limit of disturbance for the project is approximately 14 acres and will include laydown areas.

EA12-003. Cameron County Conservation District, 20 East Fifth St, Rm 105, Emporium, PA 15834-1469. Finley Run 32-33 Abandoned Mine Drainage Treatment System, Off Sterling Run Road, Emporium, PA 15834. Passive acid mine drainage treatment system, Shippen Township, **Cameron County**, ACOE Baltimore District (West Creek Quadrangle; Latitude 41° 24' 45.4" N; Longitude -78° 15' 41.9" W).

The applicant proposes to construct a passive treatment system for the Finley Run 32 and 33 acidic discharges from previous mining operations. The system, which would be authorized under a restoration waiver, will consist of a stream intake, three (3) vertical flow cells, one (1) oxidation/precipitation basin, one (1) surface flow polishing wetland and an outfall to the existing stream channel. The system is designed to treat the base flow of the stream and bypass most stormwater. The effluent from the polishing wetland will discharge back to the existing channel 1,225 linear feet downstream from the intake. As proposed, there will be several stream and wetland impacts associated with the work:

Mitigation for these impacts is a combination of the creation of a wetland in the form of a polishing surface flow wetland cell and downstream water quality improvement in the unnamed tributary to Finley Run, Finley Run and Sterling Run. Under current conditions there is very limited aquatic life in the unnamed tributary due to acid mine drainage.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

| <i>Location</i> | <i>Permit Authority</i> | <i>Application Type or Category</i> |
|-----------------|-------------------------|--|
| Section I | NPDES | Renewals |
| Section II | NPDES | New or Amendment |
| Section III | WQM | Industrial, Sewage or Animal Wastes; Discharges to Groundwater |
| Section IV | NPDES | MS4 Individual Permit |
| Section V | NPDES | MS4 Permit Waiver |
| Section VI | NPDES | Individual Permit Stormwater Construction |
| Section VII | NPDES | NOI for Coverage under NPDES General Permits |

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704 to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

|---------------------|---|--------------|
| Freedom Township | 131 Municipal Street East Freedom PA 16637 | Blair County |

Plan Description: Approval of a revision to the official plan of Freedom Township, Blair County. The project is known as Reliance Bank SFTF. The plan provides for construction of a Small Flow Treatment Facility to replace a malfunctioning on-lot sewage system on 0.159 acre. The proposed sewage flows are 400 gallons per day with a discharge to a tributary to South Dry Run. The proposed development is located on Johnstown Road. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code No. is A3-07912-120-3S and the APS Id is 808773. Any permits must be obtained in the name of the property owner.

Plan Description: The approved plan provides for the use of a small flow treatment facility for a new single family dwelling. The name of the project is Jeff Pierson and the DEP code # is A3-21915-220-3s. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality, authority or owner as appropriate.

SEWAGE FACILITIES ACT PLAN DISAPPROVAL

Plan Location:

| <i>Borough or Township</i> | <i>Borough or Township Address</i> | <i>County</i> |
|----------------------------|--|-------------------|
| South Middleton Township | 520 Park Dr, Boiling Springs PA 17007 | Cumberland County |

Plan Description: The planning module for the Kenneth M. & Doris M. Bream Subdivision, DEP Code No. A3-21926-461-2, APS Id 808939, consisting of a three lot residential subdivision on a 32 acre tract to be served by individual on lot sewage disposal systems is disapproved. The proposed development is located on the east side of Baltimore Pike (State Route 94) at its intersection with Sheet Iron Roof Road (T-549) in South Middleton Township. This plan is disapproved because the proposed method of sewage disposal for this subdivision is not consistent with the Antidegradation requirements of Chapter 93. The Department's analysis has determined that the proposed on lot sewage disposal systems will have an impact on the High Quality waters of the unnamed tributary to the Yellow Breeches Creek. The proposal did not provide for Best Management Practices to mitigate this impact to the stream. The Nitrate Stream Load Assessment (NSLA) used a water quality objective for nitrates based on the Letort Spring Run to assess the impact on the unnamed tributary to the Yellow Breeches Creek. The watershed of the unnamed tributary is not similar to the watershed of Letort Spring Run. This establishes a water quality objective for the unnamed tributary that is not appropriate for that stream. The

estimated point of impact used in the NSLA was located at a point much further downstream than what was determined by a field investigation conducted by the Department. This error allowed for a much larger watershed area to be used in the mass balance equation.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the

appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

46-0013C: Hatfield Quality Meats, Inc.—a subsidiary of The Clemens Family—Hatfield (2700 Funks Road, Hatfield Township, PA) on May 1, 2013, to modify three (3) boilers to increase CO emission rates which will allow to fire predominantly the previously permitted natural gas at Hatfield Township, **Montgomery County**.

Pursuant to 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (DEP) intends to issue a Plan Approval, 46-0013C, to Hatfield Quality Meats, Inc., a subsidiary of The Clemens Family ("Hatfield") for the company's one 49 MMBtu/hr and two 27.4 MMBtu/hr Boilers ("three boilers") located at the company's facility at 2700 Funks Road, Hatfield Township, Montgomery County. The facility currently has a Title V permit No. 46-00013. The Plan Approval will subsequently be incorporated into the Title V Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. 46-0013C is for the modification of three boilers to increase CO emission rates which will allow them to fire predominantly the previously permitted natural gas. Based on the information provided by the applicant and DEP's own analysis, the three boilers may emit up to: 38.19 tons per year of Carbon Monoxide.

In addition to the modification of three boilers, this Plan Approval maintains a plantwide Federally Enforceable Emission Cap for Nitrogen Oxides emissions from the Hatfield's facility of 74.15 tons per year and a facility limit for Sulfur Oxides of 249 tons per year and for Particulate Matter of 249 tons per year.

46-0029E: Glasgow, Inc. (Route 309 & Hartman Road Montgomeryville, PA 18936) on May 2, 2013, to install one crusher and three (3) conveyors at Glasgow's existing quarrying operation in Montgomery Township, **Montgomery County**. This facility is a synthetic minor facility. The expected increase in particulate matter emissions from the crusher and three conveyors is less than one ton per year. There will be no increase of any other emissions at this facility under this authorization. The crusher and conveyors will be powered by electricity from the electric grid. The Plan Approval will contain testing, monitoring and recordkeeping requirements and operating restrictions designed to keep the sources and facility operating within all applicable air quality requirements.

09-00066: Exelon Generation Company LLC (300 Exelon Way Kennett Square, PA 19348) on May 2, 2013, for renewal of the Title V Operating Permit for their Fairless Hills Generating Station, a steam electric generating plant of nominal 60 MWe capacity located in Falls Township, **Bucks County**.

The facility comprises two boilers, each of 468.5 MMBtu/hr capacity, approved to be fired on landfill gas, natural gas or residual fuel oil (No. 4). Ratings limitations in the permit allow a maximum of 100% landfill gas, or mixtures of fuels including a maximum of 55% natural gas or a maximum of 32% residual fuel oil to be fired in each boiler.

The facility is a major source for nitrogen oxides (NO_x), volatile organic compounds (VOC), carbon monoxide (CO), sulfur oxides (SO_x) and greenhouse gases based on its potential to emit. Each boiler is restricted by the Operating Permit to emissions of 322 tons/year NO_x (nitrogen oxides) and 121 tons/year VOC (when burning landfill

gas), both on a 12-month rolling sum basis. Each boiler has a potential to emit CO (carbon monoxide), PM/PM₁₀/PM_{2.5} (particulate matter 10 microns/2.5 microns and smaller), SO_x (sulfur oxides) of 119, 45/36/29 and 413 tons/year respectively on a 12-month rolling basis. The facility is a minor source for hazardous air pollutants (HAPs) with a potential to emit of 10.7 tons/year, also on a 12-month rolling basis.

The facility is subject to the Clean Air Interstate Rule (CAIR). The facility is also subject to 40 CFR Part 63 Subparts UUUUU (National Emission Standards for Hazardous Air Pollutants: Coal- and Oil-Fired Electric Utility Steam Generating Units) and JJJJJJ (National Emission Standards for Hazardous Air Pollutants for Area Sources: Industrial, Commercial, and Institutional Boilers), if residual fuel oil above the levels specified in the Subparts is combusted.

The facility also includes a ZEP degreaser, which emits approximately 0.025 ton/year non-HAP VOC and is subject to the requirements of 25 Pa. Code § 129.63.

Upon final approval, the permit will be renewed for a period of 5 years.

The renewal does not authorize any increase in air emissions of regulated pollutants above previously approved levels for the boilers. The renewal contains all applicable requirements including monitoring, record-keeping, and reporting.

46-00018: Brown Printing Co. (668 Gravel Pike, East Greenville, PA 18041) on May 2, 2013, for renewal of the Title V Operating Permit in Upper Hanover Township, **Montgomery County**. The facility is primarily used for the printing of magazines, magazine inserts, and newspaper inserts. As a result of potential emissions of volatile organic compounds (VOCs), the facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments, and is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. The Title V Operating Permit contains Compliance Assurance Monitoring (CAM) conditions pursuant to 40 CFR Part 64 for the five offset lithographic presses and the thermal oxidizers used to control VOC emissions.

The renewal contains all applicable requirements including monitoring, recordkeeping and reporting.

natural-gas/oil fired boilers, as well as 1 oil fueled and 3 natural-gas fueled emergency generators, a fuel oil storage tank, and five aeration tanks. The conditions of the previous plan approvals and operating permit were incorporated into the renewal permit. This facility is subject to the following federal regulations for which the applicable requirements are included in the permit renewal: 40 CFR Part 60 Subpart O, Standards of Performance for Sewage Treatment Plants; 40 CFR Part 60 Subpart M, Emission Guidelines and Compliance Times for Existing Sewage Sludge Incineration Units; 40 CFR Part 61 Subpart C, National Emissions Standard for Beryllium; 40 CFR Part 61 Subpart E, National Emissions Standard for Mercury; 40 CFR Part 503 Subpart E, Standards for the Use or Disposal of Sewage Sludge—Incineration; 40 CFR Part 63 Subpart ZZZZ, NESHAP for Stationary Reciprocating Internal Combustion Engines. The potential emissions from the facility are as follows: 44.56 tpy PM; 175.63 tpy NO_x; 19.69 tpy SO₂; 732.18 tpy CO; 29.91 tpy VOC, and 3.44 tpy Total HAPs.

23-00058: Haverford College (370 Lancaster Ave., Haverford, PA 19041) on May 2, 2013, for renewal of the State Only Operating Permit in Haverford Township, **Delaware County**. The permit was initially issued 2-24-2003 and was subsequently renewed on 3-20-2008. The air primary pollutant emission sources include 3-1,000 kilowatt (kW) peak shaving diesel #2 fuel oil-fired generators and five (5) boilers that have the capacity to combust natural gas only, or either natural gas or #2 fuel. In addition the campus has a number of miscellaneous natural gas-fired and No. 2 oil-fired furnaces and natural gas-fired hot water heaters that are insignificant sources of pollutant emissions. The permit will include monitoring, recordkeeping, reporting, and work practice standards designed to keep the facility operating within all applicable air quality requirements

46-00093: Main Line Hospitals—Bryn Mawr (130 S. Bryn Mawr Avenue, Bryn Mawr, PA 19010) on May 1, 2013, for a renewal of the State Only (Synthetic Minor) Operating Permit, which was issued on April 28, 2008 in Lower Merion Township, **Montgomery County**. This proposed renewal of the State Only Operating permit does not authorize any increase in air emissions of regulated pollutants above previously approved levels. The facility uses the 3 boilers to generate steam and provide heat for the buildings. The facility also has seven permitted emergency generators to provide backup power to the facility. Total NO_x emissions from the facility are limited to 24.9 tons/yr on a 12-month rolling basis. The permit includes monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

The primary sources consist of one (1) boiler using natural gas with a rated heat input between 10 and 30 MMBtu/hr. and one (1) spray dryer. The control device for the spray dryer is a baghouse. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), total suspended particulate (TSP), and volatile organic compounds (VOC) emissions. This is a renewal State-Only Synthetic Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

20-00043: Russell Standard Corporation—Millcreek Asphalt Plant (P. O. Box 86, Union City, PA 16438-0086) for its facility located at 2002 Pittsburgh Street, in Erie, PA (16502-1945). This site is located in City of Erie, **Erie County**. The de minimis emission increase is due to the addition of two (2) material handling conveyors, a product hopper and a product shaker (4 x 6) on Source 101 (Batch Mix Asphalt Plant). The Department has started a list of de minimis increases as prescribed in 25 Pa. Code § 127.449(i).

Since the March 20, 2012, Synthetic Minor Permit issuance date, Russell Standard Corporation has notified the Department of the following de minimis emission increases at the Millcreek Asphalt Plant:

| <i>Date</i> | <i>Source</i> | <i>PM₁₀ (tons)</i> | <i>SO_x (tons)</i> | <i>NO_x (tons)</i> | <i>VOC (tons)</i> | <i>CO (tons)</i> |

| 5-3-13 | Addition of two (2) conveyors, a hopper and a shaker. | 0.129 | | | | |
| Total Reported Increases | | 0.129 | | | | |
| Allowable | | 0.6 ton/source 3 tons/facility | 1.6 tons/source 8 tons/facility | 1 ton/source 5 tons/facility | 1 ton/source 5 tons/facility | 4 tons/source 20 tons/facility |

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

Coal Permits Actions

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100

30831303. Cumberland Coal Resources, LP, (PO Box 1020, 158 Portal Road, Waynesburg, PA 15370). To revise the permit for the Cumberland Mine in Whiteley Township, **Greene County** to install the No. 6 Shaft Dewatering Pipeline. Surface Acres Proposed 2.90. No additional discharges. The application was considered administratively complete on August 16, 2010. Application received April 12, 2010. Permit issued April 30, 2013.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

56110107 and NPDES No. PA0263338. Rosebud Mining Company, 1117 Shaw Mines Road, Meyersdale, PA 15552, commencement, operation and restoration of a bituminous surface and auger mine in Brothersvalley Township, **Somerset County**, affecting 170.5 acres. Receiving stream(s): unnamed tributaries to Buffalo Creek classified for the following use(s): cold water fishery. The permit includes a Chapter 105 stream encroachment authorization to place support facilities and to conduct remining and reclamation activities up to 30 feet of unnamed tributary 'B' to Buffalo Creek. There are no potable water supply intakes within 10 miles downstream. The application includes a stream encroachment to within 100 feet of unnamed tributary 'B' to construct ponds and ditches and coal removal within the barrier area of unnamed tributary 'B' to Buffalo Creek. Application received August 18, 2011. Permit issued April 24, 2013.

56010106 and NPDES No. PA0249076. Marquise Mining Corporation, 3889 Menoher Boulevard, Johnstown, PA 15905, permit renewal for reclamation only of a bituminous surface and auger mine in Shade Township, **Somerset County**, affecting 325.0 acres. Receiving stream(s): Dixie Run and Fallentimber Run classified for the following use(s): cold water fishery. The first downstream potable water supply intake from the point of discharge is Cambria Somerset Authority Stonycreek SWI. Application received February 19, 2013. Permit issued: April 25, 2013.

56060104 and NPDES No. PA0249963. Fieg Brothers, 3070 Stoystown Road, Stoystown, PA 15563, permit renewal for the continued operation and restoration of a bituminous surface mine in Shade Township, **Somerset County**, affecting 107.2 acres. Receiving stream(s): unnamed tributaries to/and Hinson Run classified for the following use(s): cold water fishery. The first downstream potable water supply intake from the point of discharge is Cambria-Somerset Authority, Border Dam intake, on Stonycreek River. Application received September 26, 2012. Permit issued April 29, 2013.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

54060102C2 and NPDES Permit No. PA0224529. Kuperavage Enterprises, Inc., (PO Box 99, Middleport, PA 17953), correction of an existing anthracite surface mine operation to include 2 stream variances in Blythe Township, **Schuylkill County** affecting 66.0 acres, receiving stream: Bushy Creek tributary to Schuylkill River. Application received: December 14, 2012. Correction issued: May 2, 2013.

Noncoal Permits Actions

Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, 724-925-5500

26070603 and NPDES Permit No. PA0251097. Fayette Coal & Coke, Inc. (195 Enterprise Lane, Connelville, PA 15425). Renewal permit issued for reclamation only to an existing large noncoal surface mine, located in Georges Township, **Fayette County**, affecting 65.8 acres. Receiving streams: unnamed tributaries to York Run. Application received: November 1, 2012. Permit issued: May 1, 2013.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200

08100304 and NPDES No. PA0257435. Insinger Excavating, Inc. (3046 Dushore-Overtown Road, Dushore, PA 18614). Commencement, operation and restoration of a large noncoal (shale and bluestone) surface quarry located in Pike Township, **Bradford County** affecting 40.6 acres. Receiving stream(s): Unnamed Tributary to Ross Creek classified for the following use(s): Warm Water Fishes. There are no potable water supply intakes within 10 miles downstream. Application received: August 12, 2010. Permit issued: April 30, 2013.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

49960301C. Central Builders Supply Co., (125 Bridge Avenue, Sunbury, PA 17801), boundary correction of an existing quarry operation in West Chillisquaque Township, **Northumberland County** affecting 217.9 acres, receiving stream: Susquehanna River Watershed. Application received: November 9, 2011. Correction issued: May 2, 2013.

49960301GP104. Central Builders Supply Co., (125 Bridge Avenue, Sunbury, PA 17801), NPDES General Permit for stormwater discharges associated with mining activities on Surface Mining Permit No. 49960301 in West Chillisquaque Township, **Northumberland County**, receiving stream: Susquehanna River Watershed. Application received: April 1, 2013. Permit issued: May 2, 2013.

ACTIONS ON BLASTING ACTIVITY APPLICATIONS

Actions on applications under the Explosives Acts of 1937 and 1957 and 25 Pa. Code § 211.124. Blasting activity performed as part of a coal or noncoal mining activity will be regulated by the mining permit for that coal or noncoal mining activity.

Blasting Permits Actions

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

34134001 Demtech, LLC, 2500 South Noah Drive, Saxonburg, PA 16056, Blasting Activity Permit issued for demolition of bridge piers in the Juniata River in Mifflintown Borough, **Juniata County**. Blasting activity permit end date is August 5, 2013. Permit issued April 26, 2013.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

19134001. Demtech, LLC, (2500 South Noah Drive, Saxonburg, PA 16056), demolition blasting for the I-80 Bridge Piers in Mifflin Township, **Columbia County** with an expiration date of August 5, 2013. Permit issued: April 30, 2013.

48134102. Schlouch, Inc., (P. O. Box 69, Blandon, PA 19510), construction blasting for Maple Shade Estates in Bethlehem and Palmer Townships, **Northampton County** with an expiration date of April 26, 2014. Permit issued: May 3, 2013.

58134126. Meshoppen Blasting, Inc., (P. O. Box 127, Meshoppen, PA 18630), construction blasting for Range Unit Well Pad in New Milford Township, **Susquehanna County** August 15, 2013. Permit issued: May 3, 2013.

22134102. John W. Gleim, Jr., Inc., (625 Hamilton Street, Carlisle, PA 17013), construction blasting for Select Medical Building expansion in Derry Township, **Dauphin County** with an expiration date of December 15, 2013. Permit issued: May 6, 2013.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

| <i>Parameter</i> | <i>30-Day Average</i> | <i>Daily Maximum</i> | <i>Instantaneous Maximum</i> |
|----------------------------------|-----------------------|---------------------------------|------------------------------|
| Iron (Total) | 3.0 mg/l | 6.0 mg/l | 7.0 mg/l |
| Manganese (Total) | 2.0 mg/l | 4.0 mg/l | 5.0 mg/l |
| Suspended solids | 35 mg/l | 70 mg/l | 90 mg/l |
| pH* | | greater than 6.0; less than 9.0 | |
| Alkalinity greater than acidity* | | | |

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

| <i>Parameter</i> | <i>30-day Average</i> | <i>Daily Maximum</i> | <i>Instantaneous Maximum</i> |
|-------------------------------|-----------------------|---------------------------------|------------------------------|
| Suspended solids | 35 mg/l | 70 mg/l | 90 mg/l |
| Alkalinity exceeding acidity* | | | |
| pH* | | greater than 6.0; less than 9.0 | |

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Noncoal NPDES Draft Permits

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

NPDES No. PA0225274 on Surface Mining Permit No. 66090301. Noxen Sand and Materials, (2162 Chase Road, Shavertown, PA 18708), new NPDES Permit for a sand & gravel quarry operation in Noxen Township,

Wyoming County, affecting 24.5 acres. Receiving stream: Beaver Run, classified for the following use: HQ-cold water fishes. Application received: March 16, 2012.

Non discharge BMPs will be in effect.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

To construct, operate and maintain:

1. one 16 inch diameter natural gas line and a temporary timber mat bridge impacting 191 linear feet of North Branch Mehoopany Creek (CWF, MF) (Colley, PA Quadrangle, Latitude: 41°33'43", Longitude: -76°19'52");
2. one 16 inch diameter natural gas line and a temporary timber mat bridge impacting 732 square feet of a Palustrine Emergent Wetland (Colley, PA Quadrangle, Latitude: 41°34'02", Longitude: -76°20'01");
3. one 16 inch diameter natural gas line and a temporary timber mat bridge impacting 635 linear feet of a Palustrine Emergent Wetland (EV) (Colley, PA Quadrangle, Latitude: 41°34'16", Longitude: -76°19'56");
4. one 16 inch diameter natural gas line and a temporary timber mat bridge impacting 124 linear feet of an unnamed tributary to North Branch Mehoopany Creek (CWF, MF) (Colley, PA Quadrangle, Latitude: 41°34'12", Longitude: -76°19'56");
5. one 16 inch diameter natural gas line and a temporary timber mat bridge impacting 4,637 linear feet of a Palustrine Emergent Wetland (EV) (Colley, PA Quadrangle, Latitude: 41°34'07", Longitude: -76°19'57");
6. one 16 inch diameter natural gas line and a temporary timber mat bridge impacting 27,810 linear feet of a Palustrine Scrub-Shrub Wetland (EV) (Colley, PA Quadrangle, Latitude: 41°34'25", Longitude: -76°19'49");
7. one 6 inch diameter natural gas line and a temporary timber mat bridge impacting 1,388 linear feet of a

Palustrine Emergent Wetland (Colley, PA Quadrangle, Latitude: 41°34'54", Longitude: -76°19'34");

8. one 6 inch diameter natural gas line impacting 122 linear feet of an unnamed tributary to Foster Branch (CWF, MF) (Colley, PA Quadrangle, Latitude: 41°34'55", Longitude: -76°19'50");

9. one 6 inch diameter natural gas line and a temporary timber mat bridge impacting 2,634 square feet of a Palustrine Emergent Wetland (EV) (Colley, PA Quadrangle, Latitude: 41°34'56", Longitude: -76°19'40");

10. one 6 inch diameter natural gas line and a temporary timber mat bridge impacting 256 linear feet of an unnamed tributary to Foster Branch (CWF, MF) (Colley, PA Quadrangle, Latitude: 41°34'57", Longitude: -76°19'42");

11. one 6 inch diameter natural gas line and a temporary timber mat bridge impacting 124 linear feet of an unnamed tributary to Foster Branch (CWF, MF) and impacting 1,759 square feet of an adjacent Palustrine Scrub-Shrub Wetland (EV) (Colley, PA Quadrangle, Latitude: 41°35'05", Longitude: -76°19'42");

12. one 6 inch diameter natural gas line impacting 216 linear feet of an unnamed tributary to Foster Branch (CWF, MF) (Colley, PA Quadrangle, Latitude: 41°35'20", Longitude: -76°19'55");

13. one 6 inch diameter natural gas line and a temporary timber mat bridge impacting 12,127 square feet of a Palustrine Scrub-Shrub Wetland (EV) (Colley, PA Quadrangle, Latitude: 41°35'21", Longitude: -76°19'58");

14. one 6 inch diameter natural gas line and a temporary timber mat bridge impacting 10,173 square feet of a Palustrine Emergent Wetland (Colley, PA Quadrangle, Latitude: 41°35'22", Longitude: -76°20'01");

The project will result in 1,033 linear feet or 10,218 square feet of temporary stream impacts and 20,199 square feet (0.46 acre) of PEM and 41,696 square feet (0.96 acre) of PSS wetland impacts all for the purpose of installing a natural gas pipeline with associated access roadways for Marcellus shale development.

A 0.065 acre replacement wetland will be constructed with the project. (Coalport Quadrangle N: 10.75 inches, W: 13.5 inches).

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor,

Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SPECIAL NOTICES

**Requests Proposals for Municipal Solid Waste Disposal and/or Processing Capacity
Lawrence County Board of Commissioners,
New Castle, PA**

In accordance with 25 Pa. Code Chapter 2, the Lawrence County Board of Commissioners has determined that additional waste disposal or processing capacity for municipal solid waste (MSW), including construction/demolition (C/D) waste and sewage sludge generated within the County is required for a period covering the next ten years. The Lawrence County Board of Commissioners is hereby soliciting proposals for disposal capacity for MSW generated in Lawrence County Pennsylvania with final contract approval and execution anticipated no later than December 2013.

The Request for Proposals (RFP) will be available from the Lawrence-Mercer Recycling/Solid Waste Department on or after May 1, 2013. There is a \$50 fee for printed copies. All proposals must be made on and inclusive of the required Proposal Forms and be in accordance with the Requirements for Submitting Proposals contained in the Request for Proposals. Proposers may withdraw their proposal at any time prior to the scheduled closing time for receipt of proposals. The Lawrence County Board of Commissioners reserves the right to reject any or all proposals, to waive any irregularities and/or information in any proposal and to make an award in any manner, consistent with applicable laws, which is deemed to be in the best interest of the County

The Lawrence County Board of Commissioners will receive sealed proposals until 3:00 p.m., Prevailing Time on Monday, June 3, 2013. The Proposer is required to submit two (2) hard copies, each executed in blue ink and labeled "original," and three (3) "copies" formatted as pdf files each on separate electronic media, CD-ROMs or Flash Drives. The proposals must be packaged, sealed, and clearly labeled to show the statement "Proposal Disposal Capacity" and the name and address of the Proposer. Proposals should be submitted and be addressed to: the Lawrence-Mercer Recycling/Solid Waste Department, 430 Court Street, New Castle, PA 16101. Attention: Mr. Jerry P. Zona

Revision of Little Schuylkill River Total Maximum Daily Load

The Little Schuylkill River TMDL, originally approved by USEPA in March 2007, has been revised to reflect newer data and more accurately represent the current permitting activity in the watershed.

The data and all supporting documentation used to develop the proposed TMDLs are available from the Department. To request a copy of the proposed TMDL, contact Bill Brown, Chief, TMDL Development Section, Water Quality Standards Division, Department of Environmental Protection, Harrisburg, PA 17105-8774, 717-783-295, Willbrown@pa.gov.

The TMDLs can be accessed through the DEP Website (<http://www.depweb.state.pa.us>) by clicking on the Water Topics Link, then the TMDL link. Please note that attachments and appendices must be requested through paper mail. Persons with a disability may use the AT&T Relay Service by calling 1-800-654-5984 (TDD users) or 1-800-654-5988 (voice users) and request that the call be relayed.

Written and e-mail comments will be accepted at the above addresses and must be received by June 18, 2013. Comments will not be accepted by facsimile or voice mail. The Department will consider all comments in developing the final TMDL, which will be submitted to EPA for approval.

Environmental Quality Board
Regulation #7-478 (IRRC #2980)
Air Quality Title V Fee Amendment
May 8, 2013

We submit for your consideration the following comments on the proposed rulemaking published in the February 2, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Environmental Quality Board (EQB) to respond to all comments received from us or any other source.

1. Legislative and public comments on the proposed regulation.—Economic impact; Protection of the Public Health, safety and welfare; Implementation procedures; Reasonableness.

We have reviewed a broad range of comment on this proposed regulation. A comment was submitted in full support of the increase. Another was submitted questioning whether the increase was large enough. Comments were also submitted by two parties, who are subject to the fees, stating the fee increase is unjustified. Even though their respective viewpoints on the fee increase differ, we believe all of the commentators have raised valid points that need to be further reviewed by the EQB. The following is a summary of the comments.

Comments of Democratic Chair Greg Vitali, House Environmental Resources and Energy Committee

Among several points raised in his comment letter dated April 8, 2013, Democratic Chair Vitali is concerned that the proposed increase will result in the air quality

program operating at a loss again in just two fiscal years. He suggests that there are options for increasing revenue to avoid the negative consequences of an underfunded program.

Public comment in full support

A public commentator believes this increase will provide an adequate fee to cover the costs of administering the air permit program. This commentator states that adequate staffing will be needed to meet challenges posed by emissions in the Marcellus Shale region and to purchase testing equipment.

Public comments opposing the fee increase

Two commentators oppose the 48 percent fee increase describing it as unjustified and unreasonable. Their comments state that the EQB should offset all or a portion of the proposed increase through cost reductions. They are concerned that this large increase imposes a significant financial impact for their businesses and suggest delaying the increase or phasing it in would have a lesser impact. They also believe that the capping of fees skews the fee structure and different methods of capping should be used.

Conclusion

We recognize and appreciate that ultimately a balance needs to be achieved between sufficient protection of the environment and adequate revenues to support that goal. Specifically, the criteria in the Regulatory Review Act require consideration of both the economic impact of the regulation and protection of the public health, safety and welfare. (71 P.S. §§ 745.5b(1) and (2)) The public comments submitted on the proposed regulation raise valid concerns related to both criteria. In regard to all of the

comments, we believe consideration and further explanation by the EQB of how it has achieved a proper balance of these competing interests is necessary. Specifically, the EQB should explain the following:

- Whether the EQB's proposed increase is only a temporary solution. Will this regulation result in the air quality program operating at a loss again in just two fiscal years? Should the 4,000 ton cap be maintained in its current form?
- Why hasn't the reduction in air emissions resulted in a commensurate reduction in the cost of enforcement? Did the EQB explore offsetting all or a portion of the proposed increase through cost reductions? If the reduction of air emissions does not result in a reduction of enforcement costs, how is the fee method put in place in 1994 viable today and into the future?
- How did the EQB consider the financial impact for businesses? Could the fee increases be a disincentive to build or expand within Pennsylvania? How will the fee increases affect employment? Could these factors result in a net loss of revenues if a business closes in Pennsylvania?
- Did the EQB consider a delay or phase-in of the increase to allow businesses to accommodate the full impact? Why is it reasonable to impose the fee increase on emissions that already occurred in 2013?
- Ultimately, the EQB should explain how the costs imposed by the fee increase are justifiable compared to the benefits the fees produce.

State Board of Auctioneer Examiners

Regulation #16A-649 (IRRC #2982)

Schedule of Fees

May 8, 2013

We submit for your consideration the following comments on the proposed rulemaking published in the March 9, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Auctioneer Examiners (Board) to respond to all comments received from us or any other source.

1. Comments of the House Professional Licensure Committee—Statutory authority; Economic impact.

The House Professional Licensure Committee (Committee) raised the following two issues:

- The Committee requests information pertaining to the major cost centers of the Board and any significant increases in its expenditures.
- The Committee requests further explanation on the Board's statutory authority for establishing a renewal fee for Trading Assistants. Act 89 of 2008 [Act 89] established a registration requirement, specified that registration is required on a biennial basis, established that the registration fee shall be \$100 and specified that the Board shall not promulgate regulations pertaining to the registration requirement established in Section 10.1. The Committee questions the Board's statutory authority to treat this biennial registration requirement as a renewal.

We agree with the Committee comments. We will review the Board's responses as part of our determination of whether the final regulation is in the public interest.

The proposed regulation adds two fees for trading assistants. There is a \$100 fee for registration and a \$130 fee for biennial renewal. Noting the statutory authority questions raised by the Committee, we further question how the Board interpreted its authority to propose adding these fees to its regulation. On the one hand, 63 P. S. § 734.6(a) states:

Setting of fees.—The license and examination fees and all other fees imposed under the provisions of this act shall be fixed by the board by regulation and subject to review in accordance with . . . the Regulatory Review Act. (Emphasis added.)

However, subsequent to the establishment of the above statutory provision, Act 89 added 63 P. S. § 734.10.1, which established requirements for registration of trading assistants, including biennial registration of trading assistants application provisions and a registration fee of \$100. In addition, Section 7 of Act 89 states:

The board shall not promulgate regulations pertaining to Section 10.1 of the act . . .

Relating to the Committee's question on the Board's statutory authority to treat this biennial registration requirement as a renewal, we further ask the Board to explain its statutory authority to include in its regulation any provisions for fees relating to 63 P. S. § 734.10.1 and its provisions for trading assistants.

2. Fee calculations and updated information.—Economic impact; reasonableness

In response to Regulatory Analysis Form (RAF) question 19, the Board provides a breakdown of the calculated increase of \$155,220 into five fee categories. Noting the concerns with including an increase for trading assistant renewals, we question whether this information will remain accurate for the final-form regulation.

Additionally, we question the basis for the proposed 30 percent increase to the fees. How do the proposed increases correlate with the actual expenditures the Board incurs for each activity for which it is increasing a fee? Without this information, it is not clear how the proposed fee increases are reasonable.

Biennial Renewal Fees

May 8, 2013

We submit for your consideration the following comments on the proposed rulemaking published in the March 9, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Social Workers, Marriage and Family Therapists and Professional Counselors (Board) to respond to all comments received from us or any other source.

Fiscal impact; Direct and indirect costs to the Commonwealth, political subdivisions and private sector.

This proposed rulemaking would increase the biennial renewal fee for licensed social workers, clinical social workers, marriage and family therapists and professional counselors from \$75 to \$115. This fee was increased by \$30 in 2008. At that time, it was anticipated that the increase would be sufficient to cover the Board's expenses for at least nine years.

Commentators, including the National Association of Social Workers and the Pennsylvania Society of Clinical Social Workers, have submitted comments opposing the fee increase. They contend that the increase will have an adverse fiscal impact on licensees of the Board. The House Professional Licensure Committee (Committee) submitted comments requesting “information pertaining to the major cost centers of the Board and any significant increases in expenditure.”

We share the concerns raised by the commentators and the Committee and seek further explanation of why this increase is needed. If the need relates to increased expenses, what is the nature of the expenses? Instead of increasing the biennial renewal fee, has the Board considered lowering expenses?

**Pennsylvania Public Utility Commission
Regulation #57-290 (IRRC #2984)
Rules of Practice and Procedure
May 8, 2013**

We submit for your consideration the following comments on the proposed rulemaking published in the March 9, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Pennsylvania Public Utility Commission (PUC) to respond to all comments received from us or any other source.

Subsection 5.365(b) General rule for nonadversarial proceedings.—Clarity; Adverse effects on competition.

The last sentence of this subsection states, “The Commission will not disclose material that is the subject of a protective order under this provision during the pendency of a request.” While we recognize this is existing language under Subsection 5.423(b), we question whether this specific language provides broad enough protection of

information filed prior to the issuance of the PUC’s protective order. Therefore, we suggest that the PUC consider adding the phrase “petition for” so that Subsection 5.365(b) would state “. . . will not disclose material that is the subject of a *petition for* protective order . . .” (New language in italics.) This would also make the second sentence more consistent with the language in the first sentence which references “. . . a petition for protective order. . . .”

Surplus Insurance Lines
May 8, 2013**

We submit for your consideration the following comments on the proposed rulemaking published in the March 9, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b). Section 5.1(a) of the RRA (71 P. S. § 745.5a(a)) directs the Insurance Department (Department) to respond to all comments received from us or any other source.

1. Section 124.10. Eligible surplus lines insurer filing requirements.—Clarity.

Subsections (a)(4) and (b)(3)

Subsection (a)(4) states that the insurer shall submit “additional information as may be required by the Commissioner.” Subsection (b)(3) states that the insurer shall submit “additional items as may be required by the Commissioner.” This language is non-binding and unclear. The Department should clarify the type of information it seeks in these subsections.

PATIENT SAFETY AUTHORITY

Change of Reporting Criteria for Nursing Homes under the Health Care-Associated Infection and Prevention Control Act

The purpose of this announcement is to notify nursing homes of changes to the surveillance criteria for health care-associated infections that affect the reporting requirements to the Patient Safety Authority (Authority) and the Department of Health (Department) under Chapter 4 of the Medical Care Availability and Reduction of Error (MCARE) Act (MCARE Act) (40 P. S. §§ 1303.401—1303.411), added by the act of July 20, 2007 (P. L. 331, No. 52) (Act 52), known as the Health Care-Associated Infection and Prevention Control Act. The reporting requirements presented in this notice were developed in consultation with the Department, Authority's Board of Directors and the Authority's Healthcare-Associated Infection (HAI) Advisory Panel.

Reporting Requirements for Nursing Homes

Under the Health Care Facilities Act (35 P. S. §§ 448.101—448.904b), Act 52 requires nursing homes to electronically report patient-specific HAIs to the Authority and the Department using Nationally recognized standards (McGeer, Centers for Disease Control and Prevention).

For those infections determined to be Serious Events, the original McGeer criteria was modified to remove requirements that relied on laboratory tests and radiology for confirmation, as many nursing homes would not have ready access to these services. At the time, it was believed that creating criteria to which all nursing homes would be able to adhere to was more important than strict adherence to the McGeer criteria.

In October 2012, the revised McGeer criteria were published by Stone et al. The argument that facilities not using labs or radiology would have systematically lower infection rates and could unfairly receive bonus payments as a result no longer appears valid, as the bonus payments contemplated in Act 52 have not materialized. In addition, access to laboratory and radiology services for nursing homes has increased since the reporting requirements were originally established.

Method of Reporting HAIs

A list of reportable HAIs is provided in Exhibit A. The criteria for determining HAIs were developed using the definitions for infection surveillance in long-term care by Stone et al. (McGeer criteria) together with modified Centers for Disease Control and Prevention definitions.

The criteria are presented in Exhibit B. Definitions for constitutional criteria will follow specifics set forth by Stone et al.¹

Serious Event Reporting

The occurrence of an HAI in a nursing home, defined as per criteria in Exhibit B, is deemed to constitute a Serious Event as defined in section 302 of the MCARE Act (40 P. S. § 1303.302). If an infection meets the criteria for reporting, that infection shall be reported to the Authority as a Serious Event, as required by the MCARE Act and Act 52, and subject to the additional requirements as described in this notice.

HAIs reported to the Authority are subject to the same patient notification requirements under the MCARE Act for all Serious Events. Under the MCARE Act, all Serious Events require that the health care facility notify the patient or his legal representative in writing that a Serious Event has occurred; this written notification must occur within 7 calendar days. For purposes of meeting the 24-hour reporting requirement for Serious Events set forth by the MCARE Act, nursing homes must submit reports of HAIs to the Authority within 24 hours of their confirmation (surveillance completed and infection confirmed according to the criteria by a staff member responsible for infection control). If confirmation of an HAI occurs over a weekend or State government holiday, reports must be submitted by 5 p.m. on the next workday.

Public Comment Period

For 30 calendar days from the date of this publication, the Authority is accepting public comment about the uniform reporting requirements established jointly by the Authority and the Department under Act 52.

Submit comments electronically to the Authority at patientsafetyauthority@state.pa.us.

The Authority will review comments received and publish an additional notice in the *Pennsylvania Bulletin*. This notice may include updates or changes, based on public comments, to the reporting requirements.

Individuals with disabilities who require an alternative format of this notice (for example, large print, audio tape or Braille) should contact the Authority help desk at (866) 316-1070.

Exhibit B. Criteria for Defining HAIs in Long-Term Care

A. Urinary tract infection

1. Asymptomatic bacteremic urinary tract infection
Both criteria 1 and 2 must be present.

Criteria 1. Any of the following:

- A voided urine with $\geq 10^5$ CFU/mL of no more than two species of microorganisms
- Positive culture with $\geq 10^2$ CFU/mL of any microorganisms from straight in/out catheter specimen
- Positive culture with $\geq 10^5$ CFU/mL of any microorganisms from indwelling catheter specimen

Criteria 2.

- Positive blood culture with one matching organism in urine culture

2. Catheter-associated urinary tract infection
Both criteria 1 and 2 must be present.

Criteria 1. At least one of the following:

- Rigors, new onset hypotension or fever, with no alternate site of infection
- New onset confusion or functional decline, with no alternate site of infection and leukocytosis ($>14,000$ cells/mm³) or left shift ($>6\%$ or 1,500 bands/mm³)
- Purulent drainage at the catheter site or acute pain, swelling or tenderness of the testes, epididymis or prostate

Criteria 2.

- Urinary catheter specimen with at least 10^5 CFU/mL of any organisms

3. Symptomatic urinary tract infection
Both criteria 1 and 2 must be present.

Criteria 1. At least one of the following signs or symptoms:

- Acute dysuria, acute pain or swelling or tenderness of the testes, epididymis or prostate
- Fever or leukocytosis and at least one of the following:
 - Acute costovertebral angle pain or tenderness
 - Gross hematuria
 - Suprapubic pain
 - New or marked increase in incontinence
 - New or marked increase in urgency
 - New or marked increase in frequency

Criteria 1a. In the absence of criteria 1 infection signs or symptoms, then two or more of the following localizing urinary tract signs or symptoms:

- Gross hematuria
- New or marked increase in incontinence

- New or marked increase in urgency
- New or marked increase in frequency

Criteria 2. One of the following:

- A voided urine with at least 10^5 CFU/mL of no more than two species of microorganisms
- Positive culture with at least 10^2 CFU/mL of any microorganisms from straight in/out catheter specimen

B. Respiratory tract infection

1. Lower respiratory tract infection

Criteria 1—3 must be present.

Criteria 1.

- Chest radiograph not performed or negative results for pneumonia or new infiltrate

Criteria 2. At least two of the following:

- Respiratory rate of equal to or greater than 25 breaths per minute taken manually for a full minute
- Pleuritic chest pain
- New or changed lung examination abnormalities
- New or increased sputum production
- New or increased wet cough
- Oxygen saturation $<94\%$ on room air or a reduction in oxygen saturation of $>3\%$ from baseline

Criteria 3. At least one of the following:

- Leukocytosis or left shift
- Fever
- Acute change in mental status from baseline
- Acute functional decline

2. Influenza like illness

The patient is tested for influenza and is either positive or negative for influenza. If positive, system will flag as influenza. If negative and criteria is met system, will flag as influenza like illness.

Criteria 1 and 2 must be present.

Criteria 1.

- Fever

Criteria 2. At least three of the following:

- Chills
- New headache or eye pain
- Myalgias or body aches
- Malaise or loss of appetite
- Sore throat
- New or increased dry cough

3. Pneumonia

Criteria 1—3 must be present.

Criteria 1.

- Interpretation of a chest radiograph positive for pneumonia or a new infiltrate

Criteria 2. At least one of the following:

- Respiratory rate of equal to or greater than 25 breaths per minute taken manually for a full minute.

- Pleuritic chest pain
- New or changed lung examination abnormalities
- New or increased sputum production
- New or increased wet cough
- Oxygen saturation <94% on room air or a reduction in oxygen saturation of >3% from baseline

Criteria 3. At least one of the following:

- Fever
- Leukocytosis or left shift
- Acute change in mental status from baseline
- Acute functional decline

C. Gastrointestinal infection

1. *Clostridium difficile* (*C. difficile*)

Criteria 1 and 2 must be present.

Criteria 1. One of the following:

- A stool sample positive for *C. difficile* toxin A or B
- A toxin-producing *C. difficile* organism identified from stool culture or by molecular testing
- Pseudomembranous colitis identified through endoscopic examination, surgery or biopsy

Criteria 2. One of the following:

- Diarrhea in the absence of vomiting
- A positive radiologic test for toxic megacolon

2. Norovirus

Criteria 1 and 2 must be present.

Criteria 1.

- Diarrhea and/or vomiting and negative *C. difficile* results

Criteria 2.

- A stool sample positive for norovirus

3. Bacterial gastroenteritis

Criteria 1 and 2 must be present.

Criteria 1.

- Diarrhea and/or vomiting and negative *C. difficile* results

Criteria 2.

- Stool sample positive for a bacteriologic pathogen

And at least one of the following:

- Nausea
- Vomiting
- Abdominal pain or tenderness
- Diarrhea

D. Skin and soft-tissue infection

1. Cellulitis, soft-tissue or wound infection

The following must be present:

- Pus present at a wound, skin or soft-tissue site

or

New or increasing presence of at least four of the following:

- Heat at the affected site
- Redness at the affected site

- Swelling at the affected site
- Tenderness or pain at the affected site
- Serious drainage at the affected site
- One of the following: Fever, leukocytosis, left shift, acute change in mental status or acute functional decline

2. Conjunctivitis

At least one of the following must be present:

- Pus appearing from one or both eyes, present for at least 24 hours
- New or increased conjunctival erythema, with or without itching
- New or increased conjunctival pain, persistent for at least 24 hours

3. Scabies

Both criteria 1 and 2 must be present.

Criteria 1.

- A maculopapular and/or itching rash

Criteria 2. At least one of the following:

- Physician diagnosis
- Laboratory confirmation by means of scraping or biopsy
- Epidemiologic linkage to a case of scabies with laboratory confirmation

E. Device-related bloodstream infection (BSI)

1. Dialysis-catheter-related BSI (any tunneled, nontunneled, implanted or nonimplanted centrally placed catheter used for dialysis)

One of the following criteria must be met:

Criteria 1.

- Patient has a recognized pathogen cultured from one or more blood cultures.

and

- Organism cultured from blood is not related to an infection at another site.

Criteria 2. Patient has at least one of the following:

- Fever
- Chills
- Hypotension

and

- Organism cultured from blood is not related to an infection at another site.

and

- A common commensal is cultured from two or more blood cultures drawn on separate occasions.

2. Central-line-associated BSI—temporary (a centrally placed nontunneled or implanted catheter)

One of the following criteria must be met:

Criteria 1.

- Patient has a recognized pathogen cultured from one or more blood cultures.

and

- Organism cultured from blood is not related to an infection at another site.

Criteria 2. Patient has at least one of the following:

- Fever
- Chills
- Hypotension

and

- Organism cultured from blood is not related to an infection at another site.

and

- A common commensal is cultured from two or more blood cultures drawn on separate occasions.

3. Central-line-associated BSI—permanent (a centrally placed tunneled catheter or implanted catheter, including accessed ports)

One of the following criteria must be met:

Criteria 1.

- Patient has a recognized pathogen cultured from one or more blood cultures.

and

- Organism cultured from blood is not related to an infection at another site.

Criteria 2. Patient has at least one of the following:

- Fever
- Chills
- Hypotension

and

- Organism cultured from blood is not related to an infection at another site.

and

- A common commensal is cultured from two or more blood cultures drawn on separate occasions.

STATE BOARD OF NURSING

Bureau of Professional and Occupational Affairs v. Megan Urbanic, RN; Doc. No. 0104-51-13

Megan Urbanic, RN, license no. RN612138, of Ellwood City, Lawrence County, had her professional nursing license suspended for no less than 3 years, retroactive to January 24, 2013, based on findings she violated a previously issued order.

Individuals may obtain a copy of the adjudication by writing to Judith Pachter Schulder, Board Counsel, State Board of Nursing, P. O. Box 2649, Harrisburg, PA 17105-2649.

This adjudication and final order represents the State Board of Nursing's (Board) final decision in this matter. It may be appealed to the Commonwealth Court of Pennsylvania by the filing of a petition for review with that court in accordance with the Pennsylvania Rules of Appellate Procedure. Individuals who take an appeal to the Commonwealth Court must serve the Board with a copy of

their petition for review. The Board contact for receiving service of the appeals is the previously-named Board counsel.
