READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

To the extent that notice of proposed rulemaking may be required by Pa.R.J.A. No. 103, the immediate promulgation of Pa.R.J.A. No. 1910 is found to be in the interest of efficient administration.

Annex A

TITLE 201. RULES OF JUDICIAL ADMINISTRATION

CHAPTER 19. MISCELLANEOUS ADMINISTRATIVE PROVISIONS

BROADCASTING IN THE COURTROOM

Rule 1910. Broadcasting in the Courtroom.

Unless otherwise provided by the Supreme Court of Pennsylvania, judges should prohibit broadcasting, televising, recording or taking photographs in the courtroom and areas immediately adjacent thereto during sessions of court or recesses between sessions, except that a judge may authorize:

A. the use of electronic or photographic means for the presentation of evidence, for the perpetuation of a record or for other purposes of judicial administration;

B. the broadcasting, televising, recording, or photographing of investitive, ceremonial, or naturalization proceedings;

C. the photographic or electronic recording and reproduction of appropriate court proceedings under the following conditions:

(1) the means of recording will not distract participants or impair the dignity of the proceedings; and

(2) the parties have consented; and the consent to being depicted or recorded has been obtained from each witness appearing in the recording and reproductions; and

(3) the reproduction will not be exhibited until after the proceeding has been concluded and all direct appeals have been exhausted; and

(4) the reproduction will be exhibited only for instructional purposes in educational institutions[; or].

D. the use of electronic broadcasting, televising, recording and taking photographs in the courtroom and areas immediately adjacent thereto during sessions of court or

recesses between sessions of any trial court nonjury civil proceeding, however, for the purposes of this subsection, "civil proceedings" shall not be construed to mean a support, custody or divorce proceeding. Subsection [C and D] (3) and (4) shall not apply to nonjury civil proceedings as heretofore defined. No witness or party who expresses any prior objection to the judge shall be photographed nor shall the testimony of such witness or party be broadcast or telecast. Permission for the broadcasting, televising, recording and photographing of any civil nonjury proceeding shall have first been expressly granted by the judge, and under such conditions as the judge may prescribe in accordance with the guidelines contained in this rule.

Note:

Temperate conduct of judicial proceedings is essential to the fair administration of justice. The recording and reproduction of a proceeding should not distort or dramatize the proceeding.

See the Internal Operating Procedures of the Supreme Court of Pennsylvania and the Commonwealth Court of Pennsylvania regarding broadcasting of proceedings by the Pennsylvania Cable Network.

In implementing this rule, the following guidelines shall apply:

a. *Officers of Court.* The judge has the authority to direct whether broadcast equipment may be taken within the courtroom. The broadcast news person should advise the tipstaff prior to the start of a court session that he or she desires to electronically record and/or broadcast live from within the courtroom. The tipstaff may have prior instructions from the judge as to where the broadcast reporter and/or camera operator may position themselves. In the absence of any directions from the judge or tipstaff, the position should be behind the front row of spectator seats by the least used aisleway or other unobtrusive but viable location.

b. *Pooling.* Unless the judge directs otherwise, no more than one TV camera should be taking pictures in the courtroom at any one time. Where coverage is by both radio and TV, the microphones used by TV should also serve for radio and radio should be permitted to feed from the TV sound system. Multiple radio feeds, if any, should be provided by a junction box outside of the courtroom, such as in the adjacent public hallway. It should be the responsibility of each broadcast news representative present at the opening of each session of court to achieve an understanding with all other broadcast representatives as to who will function at any given time, or, in the alternative, how they will pool their photographic coverage. This understanding should be reached outside the courtroom and without imposing on the judge or court personnel.

Broadcast coverage outside the courtroom should be handled with care and discretion, but need not be pooled.

c. *Broadcast Equipment.* All running wires used should be securely taped to the floor. All broadcasting equipment should be handled as inconspicuously and quietly as reasonably possible. Sufficient file and/or tape capacities should be provided to obviate film and/or tape changes except during court recess. No camera should give any indication of whether it is or is not operating, such as the red light on some studio cameras. No additional lights

should be used without the specific approval of the presiding judge, and then only as he may specifically approve.

d. *Decorum*. Broadcast representatives' dress should not set them apart unduly from other trial spectators. Camera operators should not move tripod-mounted cameras except during court recesses. All broadcast equipment should be in place and ready to function no less than five minutes before the beginning of each session of court.

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 11. APPEALS FROM COMMONWEALTH COURT AND SUPERIOR COURT

PETITION FOR ALLOWANCE OF APPEAL

Rule 1115. Content of the Petition for Allowance of Appeal.

(a) *General rule*.—The petition for allowance of appeal need not be set forth in numbered paragraphs in the

manner of a pleading, and shall contain the following (which shall, insofar as practicable, be set forth in the order stated):

[(1)] 1. A reference to the official and unofficial reports of the opinions delivered in the courts below, if any, and if reported. Any such opinions shall be appended as provided in [**Paragraph (6) of this subdivision**] **item 6 of paragraph (a) of this rule**.

[(2)] 2. The text of the order in question, or the portions thereof sought to be reviewed, and the date of its entry in the appellate court below. If the order is voluminous, it may, if more convenient, be appended to the petition.

[(3)] 3. The questions presented for review, expressed in the terms and circumstances of the case but without unnecessary detail. The statement of questions presented will be deemed to include every subsidiary question fairly comprised therein. Only the questions set forth in the petition, or fairly comprised therein, will ordinarily be considered by the court in the event an appeal is allowed.

[(4)] 4. A concise statement of the case containing the facts material to a consideration of the questions presented.

[(5)] 5. A concise statement of the reasons relied upon for allowance of an appeal. See [**Rule 1114 (considerations governing allowance of appeal)**] **Pa.R.A.P. 1114**.

[(6)] 6. There shall be appended to the petition a copy of any opinions delivered relating to the order sought to be reviewed, as well as all opinions of government units or lower courts in the case, and, if reference thereto is necessary to ascertain the grounds of the order, opinions in companion cases. If an application for reargument was filed in the Superior Court or Commonwealth Court, there also shall be appended to the petition a copy of any order granting or denying the application for reargument. If whatever is required by this paragraph to be appended to the petition is voluminous, it may, if more convenient, be separately presented.

[(7)] 7. There shall be appended to the petition the verbatim texts of the pertinent provisions of constitutional provisions, statutes, ordinances, regulations or other similar enactments which the case involves, and the citation to the volume and page where they are published, including the official edition, if any.

(b) *Caption and parties*.—All parties to the proceeding in the appellate court below shall be deemed parties in the Supreme Court, unless the petitioner shall notify the Prothonotary of the Supreme Court of the belief of the petitioner that one or more of the parties below have no interest in the outcome of the petition. A copy of such notice shall be served on all parties to the matter in the lower court, and a party noted as no longer interested may remain a party in the Supreme Court by filing a notice that he has an interest in the petition with the Prothonotary of the Supreme Court. All parties in the Supreme Court other than petitioner shall be named as respondents, but respondents who support the position of the petitioner shall meet the time schedule for filing papers which is provided in this chapter for the petitioner, except that any response by such respondents to the petition shall be filed as promptly as possible after receipt of the petition.

(c) *No supporting brief*.—All contentions in support of a petition for allowance of appeal shall be set forth in the

body of the petition as provided by [**Paragraph (a)(5) item 5 of paragraph (a)**] of this rule. Neither the briefs below nor any separate brief in support of a petition for allowance of appeal will be received, and the Prothonotary of the Supreme Court will refuse to file any petition for allowance of appeal to which is annexed or appended any brief below or supporting brief.

(d) *Essential requisites of petition.*—The failure of a petitioner to present with accuracy, brevity, and clearness whatever is essential to a ready and adequate understanding of the points requiring consideration will be a sufficient reason for denying the petition.

(e) *Multiple petitioners.*—Where permitted by [**Rule 512 (joint appeals)**] Pa.R.A.P. 512 a single petition for allowance of appeal may be filed.

(f) *Length.*—A petition for allowance of appeal shall not exceed 9,000 words. A petition for allowance of appeal that does not exceed 20 pages when produced by a word processor or typewriter shall be deemed to meet the 9,000 word limit. In all other cases, the attorney or the unrepresented filing party shall include a certification that the petition complies with the word count limit. The certificate may be based on the word count of the word processing system used to prepare the petition.

(g) *Supplementary matter.*—The cover of the petition for allowance of appeal and pages containing the table of contents, table of citations, proof of service and anything appended under items 6 and 7 of paragraph (a) of this rule shall not count against the word count limitations of this rule.

Official Note: Former Supreme Court Rule 62 permitted the petitioner in effect to dump an undigested mass of material ([i.e.,] such as briefs in and opinions of the court below) in the lap of the Supreme Court, with the burden on the individual justices and their law clerks to winnow the wheat from the chaff. This rule, which is patterned after U.S. Supreme Court Rule 23, places the burden on the petitioner to prepare a succinct and coherent presentation of the case and the reasons in support of allowance of appeal.

Where an appellant desires to challenge the discretionary aspects of a sentence of a trial court no “petition for allowance of appeal,” as that term is used in these rules, may be filed and the practice is governed by Chapter 9 [**(appeals from lower courts)**]. See note to [**Rule 902 (manner of taking appeal)**] Pa.R.A.P. 902.

Rule 1116. Answer to the Petition for Allowance of Appeal.

(a) *General rule.*—Except as otherwise prescribed by this rule, within 14 days after service of a petition for allowance of appeal an adverse party may file an answer. The answer shall be deemed filed on the date of mailing if first class, express, or priority United States Postal Service mail is utilized. The answer need not be set forth in numbered paragraphs in the manner of a pleading, shall set forth any procedural, substantive or other argument or ground why the order involved should not be reviewed by the Supreme Court and shall comply with [**Rule 1115(a)(7) (content of petition for allowance of appeal)**] Pa.R.A.P. 1115(a).7. No separate motion to dismiss a petition for allowance of appeal will be received. A party entitled to file an answer under this rule who does not intend to do so shall, within the time fixed by these rules for filing an answer, file a letter stating that

an answer to the petition for allowance of appeal will not be filed. The failure to file an answer will not be construed as concurrence in the request for allowance of appeal.

(b) *Children’s fast track appeals.*—In a children’s fast track appeal, within 10 days after service of a petition for allowance of appeal, an adverse party may file an answer.

(c) *Length.*—An answer to a petition for allowance of appeal shall not exceed 9,000 words. An answer that does not exceed 20 pages when produced by a word processor or typewriter shall be deemed to meet the 9,000 word limit. In all other cases, the attorney or the unrepresented filing party shall include a certification that the petition complies with the word count limit. The certificate may be based on the word count of the word processing system used to prepare the answer.

Official Note: This rule and [**Rule**] Pa.R.A.P. 1115 contemplate that the petition and answer will address themselves to the heart of the issue, [i.e.] such as whether the Supreme Court ought to exercise its discretion to allow an appeal, without the need to comply with the formalistic pattern of numbered averments in the petition and correspondingly numbered admissions and denials in the response. While such a formalistic format is appropriate when factual issues are being framed in a trial court (as in the petition for review under Chapter 15) such a format interferes with the clear narrative exposition necessary to outline succinctly the case for the Supreme Court in the allocatur context.

Explanatory Comment

In 2013, the Pennsylvania Supreme Court adopted new rules governing the length of appellate briefs and some other appellate papers, establishing word limits for each. Given the narrow focus of petitions for allowance of appeal and answers to petitions, and the current absence of any length limitation on them, the Committee proposes to create word limits for petitions for allowance of appeal and answers to petitions for allowance of appeal by amending Pa.R.A.P. 1115 and Pa.R.A.P. 1116 as follows:

Proposed New Paragraph (f) of Rule 1115

1115(f) *Length.*—A petition for allowance of appeal shall not exceed 9,000 words. A petition for allowance of appeal that does not exceed 20 pages when produced by a word processor or typewriter shall be deemed to meet the 9,000 word limit. In all other cases, the attorney or the unrepresented filing party shall include a certification that the petition complies with the word count limit. The certificate may be based on the word count of the word processing system used to prepare the petition.

Proposed New Paragraph (c) of Rule 1116

1116(c) *Length.*—An answer to a petition for allowance of appeal shall not exceed 9,000 words. An answer that does not exceed 20 pages when produced by a word processor or typewriter shall be deemed to meet the 9,000 word limit. In all other cases, the attorney or the unrepresented filing party shall include a certification that the petition complies with the word count limit. The certificate may be based on the word count of the word processing system used to prepare the answer.

The Committee believes that these limits, which mirror limits for United States Supreme Court petitions for certiorari and answers, will be sufficient to allow petition-

ers and respondents full explication of the reasons for granting or denying a petition for allowance of appeal.

TITLE 234. RULES OF CRIMINAL PROCEDURE CHAPTER 1. SCOPE OF RULES, CONSTRUCTION AND DEFINITIONS, LOCAL RULES

PART A. Business of the Courts

Rule 103. Definitions.

* * * * *

Comment

* * * * *

Neither the definition of law enforcement officer nor the definition of police officer gives the power of arrest to any person who is not otherwise given that power by law.

See Rule 1036 for the definition of hearing officers of the Philadelphia Municipal Court Traffic Division as “issuing authorities” for limited purposes specified in the rule.

The definition of signature was added in 2004 to make it clear when a rule requires a document generated by the minor judiciary or court of common pleas to include a signature or to be signed, that the signature may be in any of the forms provided in the definition. In addition, documents that institute proceedings or require the inclu-

sion of an oath ordinarily are not documents generated by the minor courts or courts of common pleas and therefore any signature required on the document would not be included in this definition of signature; however, in the event such a document is generated by the minor courts or the courts of common pleas, the form of “signature” on this document is limited to handwritten, and the other forms of signature provided in the definition are not permitted.

Included in Chapter 5 Part C of the rules are additional definitions of words and phrases that apply specifically to bail in criminal cases. *See, e.g.*, Rule 524, which defines the types of release on bail.

Official Note: Previous Rules 3 and 212 adopted June 30, 1964, effective January 1, 1965, suspended January 31, 1970, effective May 1, 1970; present Rule 3 adopted January 31, 1970, effective May 1, 1970; amended June 8, 1973, effective July 1, 1973; amended February 15, 1974, effective immediately; amended June 30, 1977, effective September 1, 1977; amended January 4, 1979, effective January 9, 1979; amended July 12, 1985, effective January 1, 1986; January 1, 1986 effective date extended to July 1, 1986; amended August 12, 1993, effective September 1, 1993; amended February 27, 1995, effective July 1, 1995; amended September 13, 1995, effective January 1, 1996. The January 1, 1996 effective date extended to April 1, 1996; the April 1, 1996 effective date extended to July 1, 1996; renumbered Rule 103 and Comment revised March 1, 2000, effective April 1, 2001; amended May 10, 2002, effective September 1, 2002; amended March 3, 2004, effective July 1, 2004; amended April 30, 2004, effective July 1, 2004; amended August 24, 2004, effective August 1, 2005; amended February 4, 2005, effective immediately; amended May 6, 2009, effective immediately; amended June 21, 2012, effective in 180 days; **Comment revised May 7, 2014, effective immediately.**

Rule 105. Local Rules.

(A) For the purpose of this rule, the term “local rule” shall include every rule, administrative order, regulation, directive, policy, custom, usage, form or order of general application, however labeled or promulgated, which is adopted or enforced by a court of common pleas, by the Philadelphia Municipal Court, or by [**the Philadelphia Traffic Court**] **the Philadelphia Municipal Court Traffic Division** to govern criminal practice and procedure.

The Administrative Office of [**the**] Pennsylvania Courts maintains a web site containing the texts of local rules **at:** <http://www.pacourts.us/T/SpecialCourts/LocalRules.htm>.

The Administrative Office of [**the**] Pennsylvania Courts also maintains a web site containing all local

criminal rules adopted or amended after February 1, 2009 at: <http://ujportal.pacourts.us/localrules/ruleselection.aspx>.

Although under paragraph (E)(3) a local rule shall not be effective until at least 30 days after the date of publication in the *Pennsylvania Bulletin*, when a situation arises that requires immediate action, the local court may act by specific orders governing particular cases in the interim before an applicable local rule becomes effective.

The purpose of paragraph (I) is to (1) require that all documents presented for filing are accepted by the clerk of courts, also see Rule 576(A)(3), and (2) prevent the dismissal of cases, or the grant or denial of requested relief, because a party has failed to comply with a local rule. In addition, paragraph (I) requires that the party be alerted to the local rule, and be given a reasonable amount of time to comply with the local rule.

After the court has alerted the party to the local rule pursuant to paragraph (I), the court may impose a sanction for subsequent noncompliance either on counsel or the defendant if proceeding *pro se*, but may not dismiss the case, or grant or deny relief because of non-compliance.

Official Note: Rule 6 adopted January 28, 1983, effective July 1, 1983; amended May 19, 1987, effective July 1, 1987; renumbered Rule 105 and amended March 1, 2000, effective April 1, 2001; amended October 24, 2000, effective January 1, 2001; Comment revised June 8, 2001, effective immediately; amended October 15, 2004, effective January 1, 2005; amended September 9, 2005, effective February 1, 2006; amended January 25, 2008, effective February 1, 2009; amended January 30, 2009, effective February 1, 2009; **amended May 7, 2014, effective immediately.**

By Orders dated November 29, 2004, 34 Pa.B. 6507 (December 11, 2004) and February 25, 2005, 35 Pa.B. 1662 (March 12, 2005), the Pennsylvania Supreme Court created an administrative judicial unit referred to as the Pittsburgh Municipal Court and assigned all matters within the jurisdiction of the Pittsburgh Magistrates Court to the Pittsburgh Municipal Court. As a result of these orders, the Pittsburgh Magistrates Court is no longer staffed while the Pittsburgh Municipal Court is staffed by Allegheny County magisterial district judges assigned on a rotating basis. The terminology is retained

in these rules because the Pittsburgh Magistrates Court, which is created by statute, has not been disestablished by the statute.

Pursuant to Act 17 of 2013, P.L. 55, No. 17 (June 19, 2013), the jurisdiction and functions of the Philadelphia Traffic Court were transferred to the Philadelphia Municipal Court Traffic Division. The terminology is retained in these rules because the Philadelphia Traffic Court, which is created by the Pennsylvania Constitution, has not been disestablished by constitutional amendment. Hearing officers of the Philadelphia Municipal Court Traffic Division do not have contempt powers of Philadelphia Traffic Court judges under 42 Pa.C.S. § 4139.

All contempt proceedings under this rule are to be entered on the issuing authority's miscellaneous docket, and a separate docket transcript for the contempt proceeding is to be prepared. If an appeal is taken, the issuing authority is required to forward the transcript and the contempt order to the clerk of courts. See Rule 141.

Paragraph (F) was amended in 2008 to permit a trial judge to delay imposition of sentence in order to investigate a defendant's eligibility for intermediate punishment for certain offenses, including summary violations of 75 Pa.C.S. § 1543(b) [**relating to driving while operating privilege is suspended or revoked**] (**driving while license is under a DUI-related suspension**) but only if he or she meets certain eligibility requirements, such as undergoing a drug and alcohol assessment. Rule 1001. Disposition of Criminal Cases—Philadelphia Municipal Court.

* * * * *

Comment

This rule, which defines “Municipal Court case,” is intended to ensure that the Municipal Court will take dispositive action, including trial and verdict when appropriate, in any criminal case that does not involve a felony, excluding summary cases under the Vehicle Code. The latter are under the jurisdiction of the [**Philadelphia Traffic Court, see 42 Pa.C.S. §§ 1301—1303, 1321**] **Municipal Court Traffic Division, the successor of the Philadelphia Traffic Court, see Act 17 of 2013, P. L. 55, No. 17 (June 19, 2013) and 42 Pa.C.S. §§ 102, 325, 1121, 1127, 1302, 1321.**

Paragraph (D) was added in 2007 in accord with the 1998 amendment to article I, § 6 of the Pennsylvania Constitution that provides that “the Commonwealth shall have the same right to trial by jury as does the accused.” See *Commonwealth v. Hargraves*, 883 A.2d 616 (Pa. Super. 2005), *allocatur denied*, 587 Pa. 711, 898 A.2d 1069 (2006). The filing and service requirement in paragraph (D) must be accomplished as provided in Rule 576. Once a case is bound over to Common Pleas Court, the trial judge may not remand the case to the Municipal Court for any reason, even if the right to jury trial is waived.

Official Note: Present Rule 6001 adopted March 28, 1973, effective March 28, 1973, replacing prior Rule 6001; amended June 28, 1974, effective July 1, 1974; paragraph (C) added February 10, 1975, effective immediately; title amended July 1, 1980, effective August 1, 1980; Comment revised January 28, 1983, effective July 1, 1983; amended June 19, 1996, effective July 1, 1996; amended August 28, 1998, effective immediately; renumbered Rule 1001 and Comment revised March 1, 2000, effective April 1, 2001; amended August 24, 2004, effective August 1, 2005; amended January 5, 2007, effective March 6, 2007; amended [**Janury**] **January 27, 2011, effective in 30 days; Comment revised May 7, 2014, effective immediately.**

Comment

These rules were developed in 2005 to accommodate the procedures Philadelphia Traffic Court [**has**] implemented to address the issues in summary traffic cases unique to Philadelphia, to more efficiently handle the vast number of summary traffic cases, and to protect the defendants' rights to a fair and prompt disposition of their cases.

The jurisdiction and functions of the Philadelphia Traffic Court were transferred to the Philadelphia Municipal Court Traffic Division in 2013, see Act 17 of 2013, P. L. 55, No. 17 (June 19, 2013) and 42 Pa.C.S. §§ 102, 325, 1121, 1127, 1302, 1321.

Rule 1033. Procedures When Defendant Arrested with Warrant.

(A) When a defendant is arrested pursuant to a warrant issued as provided in Rule 430, the police officer without unnecessary delay shall take the defendant before the proper issuing authority and shall proceed as provided in this rule and by local rule.

(B) When the defendant appears in person or appears by means of two-way simultaneous audio-video equipment, the judge or [**bail commissioner**] **arraignment court magistrate** shall:

(1) inform the defendant concerning the specific citations to which the defendant has not entered a plea as required by Rules 407 and 412;

(2) inform the defendant concerning the specific citations that have been adjudicated that have outstanding fines or costs for which the defendant is in default of a payment order or a payment plan; and

(3) advise the defendant of the right to retain counsel, and if, in the event of a conviction, there is a reasonable likelihood of a sentence of imprisonment and the defendant does not have the financial ability to retain counsel, advise the defendant that counsel will be appointed by Traffic [**Court**] **Division** as provided in Rule 1035.

(C) When the defendant appears before [**a bail commissioner, the bail commissioner**] **an arraignment court magistrate, the arraignment court magistrate** shall schedule the next court proceeding before the Traffic [**Court**] **Division** and give the defendant a hearing notice or subpoena, set collateral as provided in Rule 1034 and local rule, and release the defendant, or if the defendant is unable to post the collateral, commit the defendant.

(D) When the defendant appears before a Traffic [**Court judge**] **Division judge or hearing officer,**

(1) if the matter is not ready to proceed, the Traffic [**Court judge**] **Division judge or hearing officer** shall schedule the next court proceeding and give the defendant a scheduling order, set collateral as provided in Rule 1034 and local rule, and release the defendant, or if the defendant is unable to post the collateral, commit the defendant.

(2) If the matter is ready to proceed,

(a) when the defendant is arrested pursuant to a warrant issued as provided in Rule 430(A) or (B)(1)(a) or (B)(2), the defendant shall enter a plea. If the defendant pleads guilty, the Traffic [**Court judge**] **Division judge or hearing officer** shall impose sentence. If the defendant pleads not guilty, the summary trial shall be conducted.

(b) When the defendant is arrested following a trial *in absentia* pursuant to a warrant issued as provided in Rule 430(B)(3)(c) and (B)(4),

(i) the Traffic [**Court judge**] **Division judge or hearing officer** shall conduct an immediate hearing to determine defendant's financial ability to pay the full amount due.

(ii) If the Traffic [**Court judge**] **Division judge or hearing officer** determines the defendant is financially unable to pay the full amount due, the judge may order an installment payment plan as provided in Rule 456(C)(2).

(iii) If the judge **or hearing officer** determines the defendant is financially able to pay the full amount due, and that there is a likelihood that imprisonment will be imposed at the conclusion of the hearing, the judge **or hearing officer** shall advise the defendant of the right to retain counsel, and, if the defendant does not have the financial ability to retain counsel, advise the defendant that counsel will be appointed by Traffic [**Court**] **Division** as provided in Rule 1035. A hearing may be held if retained or appointed counsel is available; otherwise, the hearing shall be rescheduled for a date certain, and the defendant shall be released on collateral as provided in Rule 1034.

(iv) At the conclusion of the hearing, the Traffic [**Court judge**] **Division judge or hearing officer** shall proceed as provided in Rule 456(C)(3).

(c) When the defendant is arrested after defaulting on the payment of fine or costs or restitution pursuant to a warrant issued as provided in Rule 430(B)(3)(b) and (B)(4),

(i) the Traffic [**Court judge**] **Division judge or hearing officer** shall conduct an immediate hearing to determine whether the defendant is financially able to pay the outstanding [**fin**] **fine** and costs as previously ordered.

(ii) If the judge **or hearing officer** determines the defendant is financially unable to pay as previously ordered, the judge may issue a revised payment order or payment plan.

(iii) If the judge **or hearing officer** determines the defendant is financially able to pay as previously ordered, and that there is a likelihood that imprisonment will be imposed at the conclusion of the hearing, the judge shall advise the defendant of the right to retain counsel, and if, the defendant does not have the financial ability to retain counsel, advise the defendant that counsel will be appointed by Traffic [**Court**] **Division** as provided in Rule 1035. A hearing may be held if retained or appointed counsel is available; otherwise, the hearing shall be rescheduled for a date certain, and the defendant shall be released on collateral as provided in Rule 1034.

(iv) At the conclusion of the hearing, the Traffic [**Court judge**] **Division judge or hearing officer** shall proceed as provided in Rule 456(C)(3).

(d) When the defendant is arrested on multiple warrants in cases involving both unadjudicated citations and adjudicated citations with outstanding balances, the matter shall proceed as provided in paragraph (D)(2)(a) (summary trial), or paragraphs (D)(2)(b) or (D)(2)(c) (default hearings). These cases may be joined and the proceeding scheduled before the same Traffic [**Court judge**] **Division judge or hearing officer**.

Comment

Pursuant to Philadelphia Municipal Court Local Rule 540 and Traffic [**Court**] **Division** Local Rule 1033, when a defendant is arrested outside the normal business hours of Traffic [**Court**] **Division**, the defendant is to be taken without unnecessary delay before a Philadelphia

Municipal Court [**bail commissioner**] **arraignment court magistrate** who shall proceed as provided in paragraph (C) and in Traffic [**Court**] **Division** Local Rule 1033.

“Proper issuing authority” as used in this rule is the [**traffic court judge or bail commissioner**] **Traffic Division judge or arraignment court magistrate** assigned to conduct these proceedings as provided in this rule, Municipal Court Local Rule 540, and Traffic [**Court**] **Division** Local Rule 1033.

Rule 1034. Collateral.

(A) Except as provided in this rule, the procedures for collateral shall be as provided in Rule 452.

(B) When determining the amount of collateral, if any,

(1) if the defendant does not have a prior history of failure to appear for scheduled hearings, or there are other reasonable grounds to believe that the defendant will appear, or the defendant is without adequate resources to deposit collateral, the Traffic [**Court judge or bail commissioner**] **Division judge, hearing officer or arraignment court magistrate** shall consider releasing the defendant on his or her own recognizance, or sign own bail (“SOB”), or on a nominal amount of collateral.

(2) If the defendant has a prior history of failing to appear for Traffic [**Court**] **Division** scheduled hearings, and notice of the hearings was served personally on defendant, the Traffic [**Court judge or bail commissioner**] **Division judge, hearing officer or arraignment court magistrate** may set collateral in an amount not to exceed the collateral that may be required for the payment of defendant’s unadjudicated citations and the balance of outstanding fines and costs owed on adjudicated citations.

Comment

When the collateral is set in a monetary amount, the Traffic [**Court judge or bail commissioner**] **Division judge, hearing officer or arraignment court magistrate** may permit the defendant to be released from custody when 10% of the amount has been posted.

When determining the amount of collateral to set in paragraph (B)(2), the judge [**or bail commissioner**], **hearing officer or arraignment court magistrate** must take into consideration the defendant’s financial

resources and ability to post the amount set. The amount of collateral must be reasonable.

Rule 1035. Appointment of Counsel.

(A) When the Traffic [Court judge] Division judge or hearing officer has preliminarily determined that there is a likelihood that imprisonment will be imposed at the conclusion of a summary traffic proceeding,

(1) a hearing may be held if retained or appointed counsel is available; or

(2) if the defendant is without financial resources or is otherwise unable to employ counsel, the judge shall continue the proceeding, issue a scheduling order, and either appoint counsel or direct the defendant to report for a financial interview to determine eligibility to court-appointed counsel.

(B) When the defendant reports for the financial interview to determine eligibility to court-appointed counsel, the defendant shall provide supporting documentation, such as a driver's license, a DPW card, pay stubs, and any other relevant information. Upon review of the information provided by the defendant during the financial interview, the Traffic [Court judge] Division judge or hearing officer shall enter an appropriate order.

(C) Counsel's appointment shall terminate at the conclusion of the Traffic [Court] Division proceeding, unless the Traffic [Court] Division judge sentences the defendant to a period of incarceration, in which case, counsel's appointment shall continue through any appeal for a trial *de novo* in the [court of common pleas] Court of Common Pleas.

(D) At the time a sentence is imposed that includes a period of incarceration, if the defendant is represented by private counsel, the Traffic [Court] Division judge shall advise the defendant that, in the event private counsel ceases to represent the defendant after the imposition of the sentence and before the sentence is carried out, if the defendant is unable to afford counsel, he or she has the right to have counsel appointed to represent the defendant to file an appeal for a trial *de novo*, and if appointed, counsel's appointment shall continue through the trial *de novo* in the [court of common pleas] Court of Common Pleas.

Comment

Committee Explanatory Reports:

Final Report explaining new Rule 1036 concerning hearing officers of the Philadelphia Municipal Court Traffic Division published with the Court’s Order at 44 Pa.B. 3065 (May 24, 2014).

Rule 1037. Appeal from Summary Conviction.

(A) When a defendant appeals after the entry of a guilty plea or a conviction in any **Traffic Division summary proceeding [in the Philadelphia Traffic Court]**, upon the filing of the transcript and other papers by the Traffic [**Court**] **Division**, the Court of Common Pleas may schedule a status or settlement conference prior to the *de novo* summary trial.

(1) In the event the attorney for the Commonwealth or a designee and the defendant reach a negotiated plea, the plea may be entered before a Trial Commissioner and, upon approval by a judge of the Court of Common Pleas, the negotiated sentence will be recorded.

(2) In the event a negotiated plea is not approved by the court, the case shall be heard *de novo* by a judge of the Court of Common Pleas sitting without a jury.

(B) The attorney for the Commonwealth may appear and assume charge of the prosecution. When no attorney appears on behalf of the Commonwealth, the affiant may be permitted to ask questions of any witness who testifies.

(C) In appeals from **Traffic Division** summary proceedings [**in the Philadelphia Traffic Court**], the law enforcement officer who observed the alleged offense must appear and testify. The failure of a law enforcement officer to appear and testify shall result in the dismissal of the charges unless:

(1) the defendant waives the presence of the law enforcement officer in open court on the record;

(2) the defendant waives the presence of the law enforcement officer by filing a written waiver signed by the defendant and defense counsel, or the defendant if proceeding *pro se*, with the clerk of courts; or

(3) the trial judge determines that good cause exists for the law enforcement officer’s unavailability and grants a continuance.

(D) If the defendant fails to appear for the trial *de novo*,

(1) when the appeal is from a mandatory sentence of imprisonment, the Court of Common Pleas judge shall dismiss the appeal, enter judgment in the Court of Common Pleas on the judgment of the Traffic [**Court**] **Division** judge, and issue a bench warrant and a commitment for the defendant. Execution of the sentence shall commence immediately upon defendant’s arrest; and

(2) in all other cases, the Common Pleas Court judge shall dismiss the appeal and enter the judgment in the Court of Common Pleas on the judgment of the Traffic [**Court judge**] **Division judge or hearing officer**.

(E) If the defendant withdraws the appeal, the Court of Common Pleas judge shall enter the judgment in the Court of Common Pleas on the judgment of the Traffic [**Court judge**] **Division judge or hearing officer**.

(F) At the time of sentencing, the Court of Common Pleas judge shall:

(1) if the defendant’s sentence includes a fine or costs and the defendant has the financial means to pay the amount in a single remittance, the judge shall instruct the defendant to make the payment at the Philadelphia [**Traffic Court**] **Municipal Court Traffic Division**. If the defendant is without the financial means to pay the amount in a single remittance, the judge shall instruct the defendant to contact the [**Philadelphia Traffic Court**] **Traffic Division** to establish an installment payment plan;

(2) advise the defendant of the right to appeal to the Superior Court within 30 days of the imposition of sentence, and that, if an appeal is filed, the execution of sentence will be stayed and the judge may set bail;

(3) if a sentence of imprisonment has been imposed, direct the defendant to appear for the execution of sentence on a date certain unless the defendant files a notice of appeal within the 30-day period; and

(4) issue a written order imposing sentence, signed by the judge. The order shall include the information specified in paragraphs (F)(1)—(3), and a copy of the order shall be given to the defendant and to the Traffic [**Court**] **Division**.

(G) After sentence is imposed by the Court of Common Pleas judge, and either after the expiration of the time to file an appeal to the appellate courts, or, if a sentence of imprisonment has been imposed, after the execution of the sentence of imprisonment, the case shall be returned to the [**Philadelphia Traffic Court**] **Traffic Division** for the collection of any outstanding [**fin**es] **fine** and costs and for all other appropriate action.

Comment

This rule was adopted in 2009 to provide the procedures for appeals from the [**Philadelphia Traffic Court**] **Traffic Division** to the Court of Common Pleas of the First Judicial District. Except as provided in this rule, the procedures of Rules 460, 461, and 462, governing appeals for a trial *de novo* in summary cases, shall apply to summary case appeals [**in the Philadelphia Traffic Court**] **Traffic Division**.

For purposes of this rule, “judgment” means the determination of guilty and any sentence imposed on the defendant.

The date upon which payment is due upon a sentence of a fine or costs ordinarily will be 30 days following imposition of sentence.

Official Note: Rule 1037 adopted October 16, 2009, effective February 1, [2009] 2010; amended May 7, 2014, effective immediately.

Final Report explaining the May 7, 2014 amendments concerning the transfer of functions from the Philadelphia Traffic Court to the Philadelphia Municipal Court published with the Court’s Order at 44 Pa.B. 3065 (May 24, 2014).

FINAL REPORT¹

New Rule 1036; Amendments of Pa.Rs.Crim.P. 105, 1000, 1030, 1031, 1032, 1033, 1034, 1035, 1037; Revisions to the Comments to Pa.Rs.Crim.P. 103, 140, 141, 431, 441, 462, 1001, 1002

Rule Changes in Light of the Abolition of the Philadelphia Traffic Court

On May 7, 2014, effective immediately, upon the recommendation of the Criminal Procedural Rules Committee, the Court approved the rescission of current Rule 1036 and the adoption of new Rule 1036, the amendment of Rules 105, 1000, 1030, 1031, 1032, 1033, 1034, 1035, and 1037 and the revision of the Comments to Rules 103, 140, 141, 142, 431, 441, 462, 1001, and 1002 to accommodate the changes to the manner in which traffic offenses are disposed in the First Judicial District in light of the effective abolition of the Philadelphia Traffic Court and the transfer of that court’s functions to the Traffic Division of the Philadelphia Municipal Court.

On June 19, 2013, Act 17 of 2013 was signed into law by the Governor, effectively abolishing the Philadelphia Traffic Court.² By the terms of the Act, most of its functions have been transferred to a new Traffic Division of the Philadelphia Municipal Court. Given that there are numerous statewide rules that discuss procedures in the Traffic Court, correlative changes were necessary. Additionally, certain structural changes, particularly the creation of the new office of hearing officer of the Municipal Court Traffic Division, are incorporated into the rules.

The following rules listed below are affected by this change. Following each rule title is a brief description of the nature of the amendments that have been adopted to accommodate the changes resulting from the Act:

103 (Definitions)

A cross-reference to new Rule 1036 regarding the limited definition of hearing officer as an “issuing authority” under that rule has been added to the Rule 103 Comment;

105 (Local Rules)

Changes the reference to “Traffic Court” in the rule text to conform with the abolition of Traffic Court;

¹ The Committee’s Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee’s Comments or the contents of the Committee’s explanatory Final Reports.

² As the Philadelphia Traffic Court is provided in the Pennsylvania Constitution, a constitutional amendment will be necessary before the Traffic Court is formally abolished in its entirety. That process is ongoing as of the date of this Order.

140 (Contempt Proceedings before Magisterial District Judges, Pittsburgh Magistrates Court Judges, and Philadelphia Traffic Court Judges)

Adds language to the Comment regarding the abolition of the Traffic Court and its impact on contempt powers;

141 (Appeals from Contempt Adjudications Before Magisterial District Judges, Pittsburgh Magistrates Court Judges, and Philadelphia Traffic Court Judges)

Adds language to the Comment regarding the abolition of the Traffic Court and its impact on contempt powers;

142 (Procedures Governing Defaults in Payment of Fine Imposed as Punishment for Contempt)

Adds language to the Comment regarding the abolition of the Traffic Court and its impact on contempt powers;

431 (Procedures When Defendant Arrested with Warrant)

Changes the reference to “Traffic Court” in the Comment to conform with the abolition of Traffic Court;

441 (Procedures Following Arrest Without Warrant)

Changes the reference to “Traffic Court” in the Comment to conform with the abolition of Traffic Court;

462 (Trial De Novo)

Changes the reference to “Traffic Court” in the Comment to conform with the abolition of Traffic Court;

Chapter 10 (Rules of Criminal Procedure for the Philadelphia Municipal Court and the Philadelphia Traffic Court)

Changes the title of the Chapter;

1000 (Scope of Rules)

Changes the reference to “Traffic Court” in the rule text to conform with the abolition of Traffic Court;

1001 (Disposition of Criminal Cases—Philadelphia Municipal Court)

Changes the reference to “Traffic Court” in the Comment to conform with the abolition of Traffic Court;

1002 (Procedures in Summary Cases)

Changes the reference to “Traffic Court” in the Comment to conform with the abolition of Traffic Court;

Chapter 10 Part B (Philadelphia Traffic Court Procedures)

Changes the title of the Part;

1030 (Scope of Summary Traffic Court Rules)

Changes the Rule title and adds a Comment provision regarding the abolition of the Traffic Court and transfer of function and jurisdiction to the Traffic Division;

1031 (Institution of Proceedings in Summary Traffic Cases)

Reorganizes the structure of paragraph (A) of the rule to remove references to the Administrative Judge of Traffic Court;

1032 (Pleas in Response to Citation)

Changes the court’s name in the rule text;

1033 (Procedures When Defendant Arrested with Warrant)

Changes the court’s name and the terminology of the presiding officers in the rule text and Comment;

1034 (Collateral)

Changes the court’s name and the terminology of the presiding officers in the rule text and Comment;

1035 (Appointment of Counsel)

Changes the court's name and the terminology of the presiding officers in the rule text;

1036 (Traffic Court Hearing Officers)

New rule describing appointment, qualifications, and duties of Traffic Division Hearing Officers;

1037 (Appeals from Summary Convictions)

Changes the court's name and the terminology of the presiding officers in the rule text and Comment.

The majority of the rule changes are correlative changes to terminology resulting from the transfer of the Traffic Court functions to the Traffic Division of the Philadelphia Municipal Court.

However, one significant change is the creation of the office of hearing officer of the Philadelphia Municipal Court Traffic Division. The position was created by Act 17 as the primary officer for proceedings before the Traffic Division. The Committee has worked closely with representatives of the First Judicial District, the Administrative Office of the Pennsylvania Courts, and the Minor Judiciary Education Board to develop the rules defining this new position. As a result of these efforts, original Rule 1036, which provided for the hearing officers of the Philadelphia Traffic Court, has been rescinded and replaced by a new Rule 1036 that provides for the appointment, qualifications, and duties of Philadelphia Municipal Court Traffic Division hearing officers.

As set forth in the Rule 1036 Comment, hearing officers are defined as "issuing authorities" for the limited purposes of the proceedings in the Traffic Division. These hearing officers are required to follow the Pennsylvania Rules of Criminal Procedure and the correlative local rules, except that they are precluded from conducting trials or hearings in which there is a likelihood of imprisonment. Consistent with Act 17, hearing officers may be either lawyers or non-lawyers. Rule 1036 mandates that the hearing officers be governed by the Code of Conduct for Employees of the Unified Judicial System. Finally, the new rule provides that the responsibility for hearing officer training would be developed by local rule, which is consistent with Act 17.

By the Court

HONORABLE MARSHA H. NEIFIELD,
President Judge
Philadelphia Municipal Court

Philadelphia Municipal Court Local Criminal Rule 540

A. Procedure When a Defendant Is Arrested Pursuant to Traffic [Court] Division Warrants When the Traffic [Court] Division is Closed.

1. The defendant shall be taken without unnecessary delay to a Philadelphia Police Offender Processing site or county prison. The defendant shall be identified, and the outstanding warrant(s) and total amount of any fine and costs owed shall be confirmed.

2. The defendant shall appear before [the Bail Commissioner] an Arraignment Court Magistrate by means of two-way simultaneous audio-video equipment for a warrant hearing. The proceeding before the [Bail Commissioner] Arraignment Court Magistrate shall be as set forth below in paragraph (B).

B. Proceeding Before the [Bail Commissioner] Arraignment Court Magistrate. Warrant Hearing. Scheduling of Traffic [Court] Division proceeding.

1. The [Bail Commissioner] Arraignment Court Magistrate shall determine whether the defendant should be released pending the next Traffic [Court] Division hearing, and if so, whether collateral must be posted by the defendant to secure defendant's release pending the next Traffic [Court] Division hearing. If the [Bail Commissioner] Arraignment Court Magistrate determines that collateral must be posted, the [Bail Commissioner] Arraignment Court Magistrate shall set collateral as provided in Pa.R.Crim.P. 1034.

2. The [Bail Commissioner] Arraignment Court Magistrate shall schedule a hearing before the Traffic [Court] Division using a Subpoena/Commitment form.

3. The defendant shall sign the Subpoena/Commitment form and shall be given a copy.

4. If the posting of collateral is ordered and is not posted by or on behalf of the defendant, the defendant shall be brought to the county prison and shall be brought down for the scheduled Traffic [Court] Division proceeding. Provided, however, that the defendant shall be released promptly upon the posting of the collateral set by the [Bail Commissioner] Arraignment Court Magistrate.

5. At the conclusion of the hearing, the [Bail Commissioner] Arraignment Court Magistrate shall direct that all outstanding Traffic [Court] Division warrants against the defendant be withdrawn.

Comment: Consistent with Pa.R.Crim.P. 1034 the [Bail Commissioner] Arraignment Court Magistrate shall set collateral in a reasonable amount, i.e. an amount which upon consideration of the defendant's income and the defendant's expenses may be reasonably posted by the defendant. It is the intention of the court that most, if not all, defendants will be released pending the date of the summary trial or hearing. However, should the records of the Traffic [Court records] Division disclose that the defendant has a history of failure to appear for Traffic [Court] Division summary trials or hearings, especially after personal service of the notice of trial or scheduling order, the [Bail Commissioner] Arraignment Court Magistrate may direct that the defendant be held until the summary trial or hearing date and may be released only upon payment of the full amount of collateral or outstanding fines. Should the defendant be ordered held until the date of the summary trial or hearing, the summary trial or hearing should be scheduled as soon as practical.

Note: Amended by the Municipal Court Board of Judges on January 18, 2006, effective on March 1, 2006; amended May 9, 2014, and effective on , 2014.

Local Rule 120. Attorneys—Appearances and Withdrawals.

(a) *Entry of Appearance.*

(1) Counsel for defendant shall file with the Attorney Filing Unit an entry of appearance (see form which follows this Local Rule), identifying the citations for which counsel has been retained. The entry of appearance shall include the attorney’s office address and electronic mail address, phone number, and the Supreme Court attorney identification number. An entry of appearance seeking to limit representation to a specific hearing shall not be accepted.

(2) When counsel is appointed pursuant to Pa.R.Crim.P. 1035, Appointment of Counsel, the filing of the appointment order shall enter the appearance of appointed counsel.

(3) Counsel shall not be provided any defendant information unless an Entry of Appearance is filed with the Attorney Filing Unit.

(4) An attorney who has been retained by a defendant and entered an appearance as provided in this rule shall continue such representation in the Traffic Division until granted leave to withdraw by the court pursuant to paragraph (b). An attorney who has been appointed by the court pursuant to Pa.R.Crim.P. 1035 shall continue representation as provided in Local Rule 1035.

(b) *Withdrawal of Appearance.* Counsel for a defendant may not withdraw his or her appearance except by leave of court. The request shall be in writing (see form which follows this Local Rule), or may be made orally in open court in the presence of the defendant. The Court may grant the request to withdraw when new counsel enters an appearance, when new counsel is appointed to represent the defendant, or when the defendant intelligently waives the right to counsel.

Comment: The entry of appearance process has been problematic in Traffic Division proceedings. This Local Rule is designed to advise all parties that counsel must enter an appearance as a precondition to representation of Traffic Division defendants. Traffic Division will not provide defendant information to counsel until an entry of appearance is filed. Counsel is not permitted to enter an appearance for a limited purpose—i.e. representation for a warrant hearing, or impoundment hearing and the like. Rather, counsel must enter an appearance in connection with all proceedings in the Traffic Division and must officially withdraw from the case to be relieved of further legal obligations at the Traffic Division level.

(a) *Summary Trial.* The summary trial shall be conducted by Traffic Division judges and hearing officers as provided by Pa.R.Crim.P. 454 and 1036. At the conclusion of the summary trial, the judge or hearing officer shall sign the docket of the Traffic Division, identifying the disposition and the amount of the fine and costs imposed, if any. (3) The attorney for the Commonwealth may appear and assume charge of the prosecution or, when no attorney appears on behalf of the Commonwealth, an affiant may assume charge of the prosecution and may be permitted to ask questions of any witness who testifies. Such affiant may request, in open court, that the Traffic Division judge or hearing officer permit the withdrawal of one or more of the charges pursuant to Pa.R.Crim.P. 457. If the Traffic Division or hearing officer judge authorizes the withdrawal of one or more of the charges, such withdrawal(s) shall be noted on the docket of the Traffic Division.

(c) *Sentencing Orders.* Every defendant shall be given a copy of the written order imposing sentence issued as required by Pa.R.Crim.P. 454(E). The Traffic Division judges and hearing officers shall use sentencing orders substantially in the form set forth below whenever a period of incarceration is entered as part of the sentence.

Comment: Unless otherwise required, for purposes of conducting summary trials and proceedings under Title 75, the Municipal Court Traffic Division is a court not of record and neither a court reporter or other electronic means shall be used to record or transcribe the testimony except as provided in Pa.R.Crim.P. 112. The Traffic Division may, however, direct that proceedings conducted before hearing officers be recorded solely for quality control purposes. These recordings shall not be deemed a public record and shall not be available, discoverable or offered in evidence in any proceeding.

*Final Amount to be determined by Municipal Court, Traffic Division. AOPCA-2005 MUNICIPAL COURT, TRAFFIC DIVISION 7-147 (Rev. 1/2014)									

Local Rule 1032. Pleas in Response to Citation. Failure to Timely Plea or Pay the Requisite Collateral.

(a) *General Rule.* A defendant must enter a plea within ten days after issuance of the citation as required by Pa.R.Crim.P. 407 regardless of whether the citation issued to the defendant contains a summary trial hearing date.

(b) *Not Guilty Plea.* The defendant may plead not guilty in person at the Traffic Division, on-line through the Court's website, <http://courts.phila.gov> (click the "Municipal Court Traffic Division" link under the section entitled "Courts of the District"), through the Court's IVR (Interactive Voice Response system), or by mail by following the instructions contained on the back of the citation. The summary trial will be held on the date assigned pursuant to Local Rule 1031. No additional Notice of Trial shall be required to advise the defendant of the summary trial date unless the summary trial scheduled pursuant to Local Rule 1031 is rescheduled by the Philadelphia Municipal Court Traffic Division.

(c) *Guilty Plea.*

(1) Except as provided in paragraph (c)(2), the defendant may plead guilty in person at the Traffic Division, on-line through the Court's website, <http://courts.phila.gov> (click the "Municipal Court Traffic Division" link under the section entitled "Courts of the District"), through the Court's IVR (Interactive Voice Response system), or by mail by following the instructions contained on the back of the citation.

(2) If the defendant has been cited for violation of 75 Pa.C.S. § 1543(B), and other violations which require the imposition of a prison sentence upon a guilty plea or adjudication, the defendant may not plead guilty by mail or electronically, and the summary trial will be held as scheduled, unless it is rescheduled by the Court.

(3) Any notice which reschedules a summary trial shall be mailed to the defendant, by first class mail, at the Defendant's last known address. A bench warrant shall be issued if the defendant fails to appear for the summary trial.

(d) *Failure to Timely Plea or Post the Requisite Collateral.* As required by Pa.R.Crim.P. 430, a warrant for the arrest of a defendant shall be issued if a defendant fails to enter a plea within ten days after the issuance of a citation. Moreover, the defendant's operating privileges may be suspended pursuant to 75 Pa.C.S. § 1533, and a late fee will be assessed if the defendant fails to file a plea within ten days after issuance of the citation. A written notice of suspension, issuance of arrest warrant, or imposition of late fee shall be sent to the defendant, by first class mail, at the defendant's last known address.

Comment: Notices mailed to a defendant shall be mailed to the defendant's most current address available to the Traffic Division. The most current address may be the address on record with the Pennsylvania Department of Transportation, or the address the defendant provided to the law enforcement officer at the time the citation was issued, or the address the defendant has provided to the Traffic Division, whichever is later.

Note: Adopted December 21, 2005, effective on February 1, 2006; amended on May 8, 2014. effective , 2014.

Local Rule 1033. Procedures When Defendant Arrested with Warrant.

(a) *Defendant Arrested During the Traffic Division's Hours of Operation.*

(1) A defendant arrested pursuant to a Traffic Division warrant shall be brought to the Traffic Division as soon as practicable after being processed provided the Traffic Division is open.

(2) A warrant hearing shall be conducted promptly by a Traffic Division judge or hearing officer to determine the reasons for the issuance of the warrant, and to determine whether a summary trial or hearing on the matter which resulted in the issuance of the warrant can be held immediately. At the conclusion of the warrant hearing, all outstanding Traffic Division warrants against the Defendant shall be withdrawn.

(i) If it appears that the summary trial or hearing on the matter which resulted in the issuance of the warrant can be held immediately, the summary trial or hearing will be held immediately.

(ii) If it appears that the summary trial or hearing on the matter which resulted in the issuance of the warrant cannot be held immediately, and the defendant does not have a history of failure to appear for Traffic Division hearings:

(A) the Traffic Division judge or hearing officer shall schedule the summary trial or hearing and determine whether collateral must be posted by the defendant to secure defendant's release pending the hearing or summary trial. The Scheduling Orders shall be substantially in the form which follows this Local Rule;

(B) the defendant shall be released unless collateral has been ordered and has not been posted; and

(C) if the defendant is ordered to post collateral and the collateral has not been posted, the defendant shall be brought to the county prison and held pending the summary trial or hearing. Provided, however, that the defendant shall be released at any time before the scheduled summary trial or hearing when the collateral is posted.

(iii) If it appears that the summary trial or hearing on the matter which resulted in the issuance of the warrant cannot be held immediately, and the defendant does have a history of failure to appear for Traffic Division hearings, especially after personal service of a citation or scheduling hearing, the Traffic Division judge or hearing officer shall schedule the summary trial or hearing without unnecessary delay, but in no event more than 72 hours from the date of the bench warrant hearing or, if the 72 hours expire on a non-business day, no later than the close of the next business day, and the defendant may be held in custody pending the rescheduled hearing. For purposes of this subsection, the term "history of failure to appear" shall mean that the defendant has failed to appear for at least two (2) Traffic Division hearings despite service of a date certain citation or notice personally on the defendant.

(b) *Defendant Arrested While the Traffic Division is Closed.* A defendant arrested pursuant to a Traffic Division warrant while the Traffic Division is closed shall be processed as provided in Philadelphia Municipal Court Rule 540. The Subpoena/Commitment form used by the Municipal Court arraignment court magistrate shall be substantially in the form which follows this Local Rule.

Comment: Pa.R.Crim.P. 1033, Philadelphia Municipal Court Rule 540, and this Local Rule are intended to provide a warrant hearing process which minimizes the time a defendant is held before a warrant hearing is conducted. However, the very nature of an arrest, the need to properly identify the defendant, and the internal

protocol the arresting law enforcement officers need to follow incident to an arrest will, per force, take time. Nonetheless, it is expected that, to the extent possible, the time a defendant is held be minimized. The standard form of the Scheduling Orders is set forth below together with documents which will secure defendant's release when collateral has been ordered and is posted either at the Traffic Division or at the Bail Acceptance Unit at the Justice Juanita Kidd Stout Center for Criminal Justice, which is open around the clock, every day, including holidays.

The standard Scheduling Orders for Summary Trials and Default Hearing place the defendant on notice that that a defendant's failure to appear will result in the issuance of a bench warrant and when the defendant is arrested, the hearing will be rescheduled and the defendant will be held in custody until the rescheduled hearing date.

Subsection (a)(2)(iii) was added to clearly set forth the maximum amount of time a defendant who has a history of failure to appear for a Traffic Division hearing or trial despite personal service of the hearing date can be held

pending the rescheduled hearing date in the event a hearing or trial cannot be held on the day the defendant is brought to the Traffic Division for a warrant hearing. The time period provided in the new subsection is the same as that provided in Pa.R.Crim.P. 150.

It is anticipated that most of the summary trials or hearings will be held on the same day the defendant is arrested and brought to the Traffic Division on a warrant issued due to the defendant's failure to appear. Some defendants may have such large number of outstanding traffic citations and citations which are in default of a payment which will require some time to compile the required records and to obtain the required certified record from the Pennsylvania Department of Transportation. Nonetheless, the Traffic Division can reasonably do so within the requisite 72 hour period or release the defendant pending a future scheduled date if it is unable to do so.

Note: Adopted December 21, 2005, effective on February 1, 2006; amended on May 8, 2014. effective , 2014.

By the Court

ROGER N. NANOVIĆ,
President Judge

CARBON COUNTY COURT OF COMMON PLEAS

CIVIL CASE MANAGEMENT PLAN

I. Judicial Commitment to Caseflow Management

Since January 3, 1995, the Court has assumed the responsibility of ensuring the fair and prompt disposition of all cases, as well as assuring effective and efficient use of Court resources paid for by taxpayers. Our success is attributable to the commitment of this principle by each Judge, Court and County staff of the 56th Judicial District.

Goal setting provides the objectives and a benchmark for measuring its success. The Court must meet reasonable time standards for the processing and prompt disposition of standard types of cases in terms of their nature and legal issues. Exhibit "1," attached hereto, shows the timelines and time standards by track for civil cases adopted by this Court.

II. Effective Communications with the Bar

The Court coordinates scheduling of cases and makes reasonable accommodations to attorneys and parties in the management of cases. Operative scheduling allows efficient case processing.

III. Early and Continuous Court Supervision of Case Progress

The Court monitors the progress of cases from the time a writ of summons or complaint is filed to ensure

movement of cases to disposition, eliminating unnecessary delay and additional costs of litigation. Mere agreement of counsel/parties is not sufficient grounds for the Court to grant continuances. When a continuance is granted, the matter is continued to a specified date.

IV. Event-Date Certainty

Reasonable certainty about filing deadlines and event dates avoids aggravation, waste and unnecessary cost to the parties and their attorneys. Moreover, national studies have found that nothing promotes pretrial dispositions more than the expectation that a trial is more likely than not to occur on or near the scheduled date. Approximately one hundred twenty days (120) after initial filing of the action, deadlines and events are scheduled with notice given to attorneys/parties of all deadlines and projected event dates, assuring case flow and expeditious case dispositions.

V. A Functional Case Management Information System

The fully automated court computer system provides relevant, accurate, and timely case information, supporting an efficient case management plan by tracking and maintaining cases and events. Monthly reports identify specific cases that have been pending longer than the time standards so appropriate steps can be taken.

VI. Time Standards and Case Management Criteria

A. Court Ruling on Motions

1. Motions are decided pursuant to Pa.R.C.P. 208.4.
2. Each Judge monitors the status of all outstanding motions.

3. Semi Annual Reports—Pursuant to Pennsylvania Rule of Judicial Administration 703(B)(2), each Judge is responsible to report on matters submitted and undisposed for 90 days or more.

B. Differentiated Case Management by Case Tracks

Upon the filing of an action, the court computer database assigns a Judge, track and timelines based on the case type, number of parties, and the timeframes established by this Court. These provisions govern each case unless changed at an attorney's request, upon management review by the Office of the District Court Administrator or upon the Court's own directive. If the amount in controversy is less than \$50,000.00, the case proceeds on the fast track directly to arbitration.

C. One Hundred Twenty-Day Review

Approximately one hundred twenty (120) days after initial filing of the case, a review of the docket activity is performed to check the status of the case. If the complaint and service are in order, a management review order is produced confirming the timelines established for the case. A management conference is scheduled for cases where the proper pleadings or service have not been initiated.

D. Fast Track

A case is assigned to the fast track when it appears that it can be promptly tried with little pre-trial discovery and other pre-trial proceedings. All cases having four or less parties as shown in Exhibit "2" are fast track cases. Except in extraordinary circumstances, the Court strives to dispose of all fast track cases within ten (10) months

after initial filing. Upon completion of the discovery period, the case is given a date certain for arbitration or non-jury trial. In any case where an appeal for an arbitration award is filed, the case is given a date certain for a pre-trial conference or non-jury trial. If settlement is not reached at the pre-trial conference, the case is scheduled for trial.

E. Standard Case Track

All cases not designated fast track or complex are standard civil cases. Except in extraordinary circumstances, the Court strives to dispose all standard cases within 18 months after initial filing. Upon completion of the discovery period, the case is given a date certain for a pre-trial conference or non-jury trial. If settlement is not

reached at the pre-trial conference, the case is scheduled for trial.

F. Complex Case Track.

A case is assigned to the complex track when additional time and resources are needed to bring the case to disposition. Civil cases involving construction contracts, three or more parties, or claims of asbestos, medical malpractice or products liability are complex cases. Upon completion of the discovery period, the case is given a date certain for a pre-trial conference or non-jury trial. If settlement is not reached at the pre-trial conference, the case is scheduled for trial. Except in extraordinary circumstances, the Court strives to dispose all complex cases within 24 months after initial filing.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 131 AND 141]

Preliminary Provisions; Hunting and Trapping

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting amended §§ 131.2, 141.43—141.45 and 141.47 to lengthen the broadhead length limitation from 3 inches to 3.25 inches.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 44 Pa.B. 1440 (March 15, 2014).

1. Purpose and Authority

Former regulations prohibited a person from hunting big game using an arrow or bolt equipped with a broadhead exceeding 3 inches in length. The Commission recently received a request to lengthen the broadhead length limitation to 3.25 inches to authorize certain handmade and commercially sold products. The Commission reviewed applicable safety and wildlife management concerns and determined that this nominal expansion of authorized broadheads will not have a negative impact on the wildlife resources of this Commonwealth. The Commission amended §§ 131.2, 141.43—141.45 and 141.47 to lengthen the broadhead length limitation from 3 inches to 3.25 inches.

Section 2102(d) of the code (relating to regulations) authorizes the Commission to “promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used.” The amendments to §§ 131.2, 141.43—141.45 and 141.47 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends §§ 131.2, 141.43—141.45 and 141.47 to lengthen the broadhead length limitation from 3 inches to 3.25 inches.

3. Persons Affected

Persons wishing to hunt or take game using a bow and arrow or crossbow and bolt may be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 131 and 141, are amended by amending §§ 131.2, 141.43—141.45 and 141.47 to read as set forth at 44 Pa.B. 1440.

(b) The Executive Director of the Commission shall certify this order and 44 Pa.B. 1440 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

GAME COMMISSION

[58 PA. CODE CH. 139]

Seasons and Bag Limits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting amended § 139.4 (relating to seasons and bag limits for the license year) to provide updated seasons and bag limits for the 2014-2015 hunting/trapping license year.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 44 Pa.B. 1442 (March 15, 2014).

1. Purpose and Authority

To effectively manage the wildlife resources and provide hunting and trapping opportunities in this Commonwealth during the upcoming license year, the Commission amended § 139.4 to provide updated seasons and bag

limits for the 2014-2015 license year. The 2014-2015 seasons and bag limits have been amended to reflect current available scientific data, population and harvest records, field surveys and professional staff observations, as well as recommendations received from staff, organized sporting groups, members of the agricultural community and others interested in the management of the wildlife resources of this Commonwealth.

Several changes in hunting seasons and bag limits, when compared with the 2013-2014 regulations, were adopted. First, the small game field possession limits were increased to three times the daily bag. Migratory game bird possession limits were increased to three times the daily bag limit for the 2013-2014 hunting season. This change will make small game possession limits consistent with those for migratory game birds and provide increased hunting opportunity, particularly for nonresident hunters.

Fall turkey seasons from 2014 were reduced in wildlife management units (WMU) 3A, 3B and 3C from 3 weeks to 2 weeks, while retaining the 3-day Thanksgiving hunt segment. Population indices have been showing decreasing trends in each of these WMUs over the last 4 to 5 years. Low spring harvest densities, decreases in poult recruitment and summer sighting survey data also reflect declines warranting this action, which is consistent with guidelines in the Wild Turkey Management Plan. In all cases, a 1-week reduction in the first fall segment of the season is advised over elimination of the 3-day Thanksgiving season segment because it is likely to achieve a greater reduction in harvest.

Fall turkey seasons in WMU 5A were maintained at 3 days but shifted from midweek to a Thursday-Saturday framework. The turkey population in this WMU remains low, but is higher than prior to the season closure and flocks are well distributed. Including a Saturday in the 3-day season is expected to increase hunter opportunity and satisfaction and was recommended by the WMU 5A Wild Turkey Task Force.

WMUs 2C and 4B were added to the Wednesday through Saturday extended bear season that runs concurrent with deer season. WMU 2C has had a slightly increasing bear population trend, highway mortalities of bears also have been slowly increasing and there has been a noticeable increase in human-bear conflicts. WMU 4B also has had an increasing trend in human-bear conflicts with several incidents in recent years involving home entry or injury to pets and people. Vehicle mortalities of bears also has generally increased. Furthermore, harvest, which typically correlates well with annual population monitoring, has steadily increased by approximately 20% annually since 2003.

WMUs 1B and 3C were added to the fisher trapping season based on increased numbers of incidental captures and sightings during the past 3 years. All references to regulated harvest of skunks now specify the "striped skunk." Spotted skunks, a species of conservation concern, have a very limited distribution and low abundance in southwestern counties in this Commonwealth and should be excluded from any regulated harvest.

Section 322(c)(1) of the code (relating to powers and duties of commission) specifically empowers the Commission to "fix seasons, daily shooting or taking hours, and any modification thereof, and daily, season and possession limits for any species of game or wildlife." Section 2102(b)(1) of the code (relating to regulations) authorizes the Commission to "promulgate regulations relating to

seasons and bag limits for hunting or furtaking. . . ." The amendments to § 139.4 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 139.4 by establishing when and where it is lawful to hunt and trap various game species and also place limits on the numbers that can be legally taken during the 2014-2015 hunting/trapping license year.

3. Persons Affected

Persons wishing to hunt or trap game or wildlife within this Commonwealth during the 2014-2015 hunting/trapping license year will be affected by the final-form rulemaking.

4. Comment and Response Summary

The Commission received a total of 109 official comments concerning the final-form rulemaking. The comments received concerned the following subtopics.

Deer seasons. Eighty-eight comments were received concerning this subtopic: 1 expressed opposition to the deer management plan; 5 supported and 8 opposed opening regular firearms deer season on the Saturday after Thanksgiving; 1 supported a 1 deer per year bag limit; 1 supported and 3 opposed extending deer season; 1 supported extending regular firearms deer season to 3 weeks; 1 supported the expansion of the extended firearms deer season to all of WMU 2B; 5 supported and 54 opposed the 2-week concurrent deer season; 1 supported extending archery deer season through the close of archery bear season; 2 opposed the early muzzleloading deer season; 2 supported an early flintlock muzzleloading deer season prior to the regular firearms deer season; 2 supported opening flintlock muzzleloading deer season to inline muzzleloaders; and 1 supported extending the late flintlock muzzleloader season until Martin Luther King Day.

Bear seasons. Three comments received concerning this subtopic. Two comments opposed opening bear season on Saturday and one comment supported extending bear season in WMU 4B.

Small game seasons. Ten comments were received concerning this subtopic: five supported and two opposed early squirrel season; one supported opening squirrel season in the summer; one supported a longer grouse season; and one supported keeping small game season open until the fourth Saturday in February.

Turkey seasons. One comment was received concerning this subtopic requesting that spring gobbler season open on April 1.

Furbearer hunting/trapping seasons. Seven comments received concerning this subtopic: one supported a longer mink season; one supported a longer muskrat season; one supported a longer fisher season; one supported opening fisher season in WMU 4C; one supported opening fisher season in WMU 4A; one supported a longer bobcat season; and one supported a later fox and coon season.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

GAME COMMISSION

[58 PA. CODE CHS. 141 AND 147]

Hunting and Trapping; Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting amended § 141.1 (relating to special regulations areas) and adopted §§ 147.681—147.687 (relating to deer attractant permit) to create and implement a deer attractant permit to authorize limited baiting activities on private property in the southeast special regulations area.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 44 Pa.B. 1438 (March 15, 2014).

1. Purpose and Authority

On March 31, 2010, the Commission's 3-year evaluation of the effectiveness of a broad scale and widely accessible authorization permitting the baiting of white-tailed deer across the southeast special regulations area expired. The Commission's final review of the baiting authorization generally concluded that broad scale and widely accessible baiting did not establish viable increases in harvest rates to justify an extension of the experimental program. On February 1, 2011, the Commission amended §§ 147.552 and 147.556 (relating to application; and lawful devices and methods) to create a focused, limited authorization permitting the baiting of white-tailed deer in wildlife management units (WMU) 5C and 5D on approved properties enrolled in the "Red Tag" program. See 41 Pa.B. 1767 (April 2, 2011). The Commission amended § 141.1 and adopted §§ 147.681—147.687 to create and implement a deer attractant permit to authorize limited baiting activities on private property in the southeast special regulations area.

Section 2102(a) of the code (relating to regulations) provides that "[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." Sections 147.681—147.687 and the amendments to § 141.1 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 141.1 and adds §§ 147.681—147.687 to create and implement a deer attractant permit to authorize limited baiting activities on private property in the southeast special regulations area.

3. Persons Affected

Persons wishing to hunt or take game wildlife in the southeast special regulations area may be affected by the final-form rulemaking.

4. Comment and Response Summary

The Commission received a total of nine written comments in support of the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking may result in some additional cost and paperwork associated with the creation and implementation of this new permit in the Commission's existing permitting system. However, the Commission has determined that if there is additional expense associated with this effort, it will not be substantial and would be absorbed by the current budget.

6. Effective Date

The amendments to § 141.1 will be effective upon publication in the *Pennsylvania Bulletin* and will remain

in effect until changed by the Commission. Sections 147.681—147.687 become effective July 1, 2014, and expire and are rendered void on June 30, 2017, unless the Commission further authorizes their legal effectiveness prior to this termination date.

7. *Contact Person*

For further information regarding the final-form rule-making, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 141 and 147, are amended by amending § 141.1 and by adding §§ 147.681—147.687 to read as set forth at 44 Pa.B. 1438.

(b) The Executive Director of the Commission shall certify this order and 44 Pa.B. 1438 and deposit them with the Legislative Reference Bureau as required by law.

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping; Elk

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting amended § 141.47 (relating to elk) to eliminate the Route 555 corridor safety zone.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 44 Pa.B. 1435 (March 15, 2014).

1. *Purpose and Authority*

In 2004, the Board of Commissioners adopted regulations creating a 150-yard safety zone for elk along the Route 555 corridor from Weedville to Hicks Run in an effort to address existing problems with road hunting and the killing of highly visible elk in yards and public places found within this area. The Commission determined that this safety zone is no longer necessary and that existing laws and regulations can adequately protect the public and wildlife from unsafe or unethical behavior. Furthermore, the Commission also determined that harvest of some of the elk within this corridor is necessary to maintain elk populations in more appropriate habitats. The Commission amended § 141.47 to eliminate the Route 555 corridor safety zone.

Section 322(c)(4) of the code (relating to powers and duties of commission) specifically authorizes the Commission to “[d]efine geographic limitations or restrictions.” Section 2102(a) of the code (relating to regulations) provides that “[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 141.47 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends § 141.47 to eliminate the Route 555 corridor safety zone.

3. *Persons Affected*

Persons owning property or wishing to hunt elk within the Route 555 corridor safety zone will be affected by the final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received regarding the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the final-form rule-making, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.47 to read as set forth at 44 Pa.B. 1435.

(b) The Executive Director of the Commission shall certify this order and 44 Pa.B. 1435 and deposit them with the Legislative Reference Bureau as required by law.

GAME COMMISSION
[58 PA. CODE CH. 141]
Hunting and Trapping; Beaver Trapping

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting amended § 141.62 (relating to beaver trapping) to expand the trap authorization to 10 inches in height by 12 inches in width.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 44 Pa.B. 1435 (March 15, 2014).

1. Purpose and Authority

Former regulations prohibited a person from trapping beaver using a body-gripping trap larger than 10 inches by 10 inches. The Commission recently received a request to expand the trap authorization to 10 inches in height by 12 inches in width to accommodate certain commercially available products. The Commission reviewed applicable safety and wildlife management concerns and determined that this nominal expansion of authorized body-gripping traps would not have a negative impact on the wildlife resources of this Commonwealth. The Commission amended § 141.62 to expand the trap authorization to 10 inches in height by 12 inches in width.

Section 2102(d) of the code (relating to regulations) authorizes the Commission to “promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used.” The amendments to § 141.62 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 141.62 to expand the trap authorization to 10 inches in height by 12 inches in width.

3. Persons Affected

Persons wishing to trap beaver through the use of body-gripping traps within this Commonwealth will be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 141, are amended by amending § 141.62 to read as set forth in Annex A.

(b) The Executive Director of the Commission shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

GAME COMMISSION
[58 PA. CODE CH. 147]

Special Permits; Mentored Hunting Program Permit

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting amended Chapter 147, Subchapter X (relating to Mentored Hunting Program Permit) to create and implement a Mentored Adult Hunting Program in this Commonwealth.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 44 Pa.B. 1448 (March 15, 2014).

1. Purpose and Authority

Since the successful implementation of the Mentored Youth Hunting Program in fall 2006, the Commission has been striving to find a way to apply the successes of this mentor-based program to nonhunting adults in this Commonwealth. The Commission determined that a program could entice increased adult participation in this Commonwealth's great hunting heritage by streamlining their introduction to the sport of hunting. The act of May 15, 2013 (P. L. 26, No. 7) authorizes the Commission to implement a Mentored Hunting Program in this Commonwealth. The Commission amended Chapter 147, Subchapter X to create and implement a Mentored Adult Hunting Program. The Mentored Adult Hunting Program will maintain the mentor-based structure of the Mentored Youth Hunting Program, but will have different species allowances, costs and safety features. Adult participants will now be able to apply for and receive a Mentored Adult Hunting Permit through the Pennsylvania Automated License System at any of the Commission's issuing agent locations across this Commonwealth prior to participating in the Mentored Adult Hunting Program. Permit application will require participants to supply the required identification information and pay a fee of \$19 for residents and \$100 for nonresidents, plus any applicable transactional and issuing agent fees.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to Chapter 147, Subchapter X are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends Chapter 147, Subchapter X to create and implement a Mentored Adult Hunting Program in this Commonwealth.

3. Persons Affected

Persons of majority age wishing to hunt or take game or wildlife in this Commonwealth may be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking may result in some additional cost and paperwork associated with the implementation of these changes in Pennsylvania Automated License System. However, the Commission has determined that if there is additional expense associated with this effort, it will not be substantial and would be absorbed by the current budget.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending §§ 147.801—147.807 to read as set forth at 44 Pa.B. 1448.

(b) The Executive Director of the Commission shall certify this order and 44 Pa.B. 1448 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

PROPOSED RULEMAKING

GAME COMMISSION

[58 PA. CODE CH. 133]

Wildlife Classification; General

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its April 8, 2014, meeting proposed to add § 133.6 (relating to Eurasian collared-dove) to reclassify Eurasian collared-doves as a game bird and additionally require a general hunting license and a migratory license to hunt these birds.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 8, 2014, meeting of the Commission. Comments can be sent, until June 6, 2014, to the Director, Bureau of Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

Native to Europe and Asia, Eurasian collared-doves were first introduced to the Bahamas in the 1970s, made their way to Florida by the 1980s and then rapidly colonized most of North America. The first collared dove sighting in this Commonwealth occurred in 1996, with the first breeding population in this Commonwealth established by 2004. The second Pennsylvania Breeding Bird Atlas (2004-2008) found possible breeding populations in 15 survey blocks in 8 counties. Studies on interactions between collared-doves and other species have not yet shown a negative impact on populations of native birds, including mourning doves, though this information is preliminary and largely based on species interactions in milder climates where competition for feeding and nesting resources may not be as strong. As an introduced invasive species, Eurasian collared-doves are not protected under the Migratory Bird Treaty Act (16 U.S.C.A. §§ 703—712). However, Eurasian collared-doves are not designated as game birds in this Commonwealth and must be classified as a game bird to create a hunting season concurrent with mourning doves. Since Eurasian collared-doves are difficult to distinguish from mourning doves in the field, a hunter inadvertently taking a collared dove would be in violation of State law. Conversely, designating collared-doves as exotic species with year-round take could lead to mistaken mourning dove kills. This situation would be remedied by classifying Eurasian collared-doves as a game bird, with hunting seasons concurrent with mourning doves and part of an aggregate daily bag and possession limits. The Commission is proposing to add § 133.6 to reclassify Eurasian collared-doves as a game bird and require a general hunting license and a migratory license to hunt these birds.

Section 322(c)(8) of the code (relating to powers and duties of commission) specifically empowers the commission to “[a]dd to or change the classification of any wild bird or wild animal.” Section 2102(a) of the code (relating to regulations) provides that “[t]he commission shall

promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The adoption of § 133.6 is proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will add § 133.6 to reclassify Eurasian collared-doves as a game bird and require a general hunting license and a migratory license to hunt these birds.

3. Persons Affected

Persons wishing to hunt Eurasian collared-doves or mourning doves within this Commonwealth will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Consolidated Plan Public Meeting

The Department of Community and Economic Development (Department) is preparing the Commonwealth's Consolidated Plan for 2014-2018 and the 2014 Action Plan. The Consolidated Plan (Plan) is a document submitted to the United States Department of Housing and Urban Development (HUD) every 5 years analyzing the needs of the nonentitlement areas of the state in the areas of housing, community development, homelessness prevention and economic development, as well as creating a unified strategy for housing, homelessness and community development programs, as well as the necessary linkages for building successful neighborhoods and communities. The Action Plan is the annual application to HUD for Federal funds administered by the Commonwealth for the nonentitlement communities of this Commonwealth. The HUD funding programs covered by the Plan and administered by the Department are the Community Development Block Grant (CDBG), the HOME Investment Partnerships, the Emergency Solutions Grant, CDBG Disaster Recovery and Neighborhood Stabilization Program (NSP 1 and 3) programs. The Department of Health administers the Housing Opportunities for Persons with AIDS program.

Public Meeting

The first public meeting for the 2014-2018 Consolidated Plan and 2014 Action Plan will be conducted electronically by means of the Internet on Thursday, May 29, 2014. Access to the discussion by means of the Internet will occur between 1 p.m. and 3:30 p.m. This more widely available personal computer access will replace the onsite public meeting. The format will be more accessible than in an in-person meeting because those who wish to make comment or discuss policy may participate directly from their personal computer or from a computer located at their public library.

Individuals or organizations may give testimony or comments by means of the Internet. Comments will be accepted about topics related to the needs of the Commonwealth in the following areas: community development; housing; homelessness; economic development; any changes to the method of distribution of the existing Federal programs; and the process by which the public input is gathered. The Commonwealth encourages public participation in this process.

Anyone who wants to participate must register in advance. Contact Megan Snyder at (717) 720-7404 to receive registration instructions for the web meeting at least 24 hours prior to the meeting date. During the meeting, if support is required, call (717) 787-5327. The meeting will be shortened if there is no one to testify or there is minimal response.

Persons with a disability who wish to participate in the public meeting should contact Megan Snyder, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225, (717) 720-7404, to discuss how the Department can accommodate their needs. Text telephone calls can be placed through the Pennsylvania AT&T Relay System at (800) 654-5984. Calls will be relayed to the Department's number listed previously.

Written Comments

Written testimony, instead of electronic testimony, must be submitted by 5 p.m. on Monday, June 30, 2014. Submit comments to Megan Snyder, Department of Community and Economic Development, Center for Community Financing, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225 or by means of the Department's mail box at RA-DCEDcdbg&homequestions@pa.gov.

Notice of a Substantial Amendment for the HOME Investment Partnership Portion of the 2012 Action Plan

Notice is hereby given for a public comment period to review the proposed substantial amendment to the Commonwealth's Action Plan for Fiscal Year 2012 HOME Investment Partnership Program (HOME) funds. The public comment period is from May 24, 2014, through June 23, 2014.

Annually the Department of Community and Economic Development (Department) prepares the Action Plan which outlines the method of distribution for Federal funding received by the Department. This Federal funding includes the HOME program. An Action Plan for these funds was finalized and submitted to the United States Department of Housing and Urban Development (HUD) on January 30, 2012. As the method of distribution of the HOME funding has changed due to needing to meet the deadline of commitment of HOME funding by June 30, 2014, changes need to be made to those areas in the original Action Plan. These changes, based on the Pennsylvania Citizen Participation Plan for the Consolidated Plan, constitute a significant change in the distribution of funds under the program and thus necessitate a substantial amendment to the original action plan.

The substantial amendment to the Action Plan and supporting documentation is available for a 30-day public comment period and can be viewed on the Department's web site at <http://www.newpa.com/>. The draft is also made available to the Tri-County Branch of the Pennsylvania Association of the Blind for transfer to electronic media. The text is available to hearing-impaired persons by means of the Department's web site at the link listed previously. A translation into Spanish will also be available on the Department's web site. The final version of the substantial amendment will be submitted to HUD no later than June 27, 2014.

Persons who would like to provide written comment on the draft substantial amendment to the 2012 Action Plan may send those comments electronically to RA-DCEDcdbg&homequestions@pa.gov or mail to the attention of Mary J. Smith, Department of Community and Economic Development, Center for Community Financing, 400 North Street, 4th Floor, Harrisburg, PA 17120. Comments must be received before 4 p.m. on June 23, 2014.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental

cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

18-00011J: Croda, Inc. (8 Croda Way, Mill Hall, PA 17751) has submitted an application for a plan approval to modify the facility's Super Refined Oil (SRO) process, which includes construction of an additional oil processing column, replacement of several existing process tanks with tanks of larger capacity, and replacement of low temperature condensers, carbon adsorption, and existing 2.6 MMBtu/hr thermal oxidizer with a new 0.75 MMBtu/hr regenerative thermal oxidizer (RTO). This application is subject to the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12

in **Clinton County**. The potential emissions of volatile organic compounds (VOCs) from the SRO process will increase by 9.2 tons/year as a result of projected demand growth for products produced using ethanol solvent, which are to be accommodated by the proposed modifications. Emissions of other air contaminants will decrease due to the higher destruction efficiency and lower fuel consumption of the proposed regenerative thermal oxidizer. The Department has determined that the proposed levels of the air contaminants emissions satisfy the Department's BAT requirements.

Based on the findings presented above, the Department intends to issue a plan approval for the proposed project. The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable air quality regulatory requirements:

1. Pursuant to the Best Available Technology requirements of 25 Pa. Code §§ 127.1 and 127.12;

(a) The permittee shall not emit volatile organic compounds (VOCs) from the processing of batches utilizing a non-polar solvent in the SRO process in excess of 16.1 tons in any 12 consecutive month period.

(b) The permittee shall not emit volatile organic compounds (VOCs) from the processing of batches utilizing a polar solvent in the SRO process in excess of 9.7 tons in any 12 consecutive month period.

(c) The permittee shall not emit hazardous air pollutants (HAPs) from the SRO process in excess of 8.9 tons in any 12 consecutive month period.

2. Pursuant to the Best Available Technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the Regenerative Thermal Oxidizer burner rated at a maximum heat input capacity of 0.75 MMBtu/hr shall only be fired on natural gas.

3. Pursuant to the Best Available Technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the Regenerative Thermal Oxidizer shall provide at least a 99% destruction efficiency for hazardous air pollutants and/or volatile organic compounds during any time it is controlling air contaminant emissions from the SRO process.

4. (a) Within 180 days of the commencement of operation of the Regenerative Thermal Oxidizer, the permittee shall perform stack testing upon the RTO inlet and outlet while the RTO is being used to control emissions from the SRO process, while utilizing polar solvent, to determine the amount of VOCs and HAPs present and the destruction efficiency of the oxidizer using reference method test procedures acceptable to the Department.

(b) Within 180 days of the commencement of operation of the RTO, the permittee shall perform stack testing upon the RTO inlet and outlet while the regenerative thermal oxidizer is being used to control emissions from the SRO process, while utilizing nonpolar solvent, to determine the amount of VOCs present and the destruction efficiency of the oxidizer using reference method test procedures acceptable to the Department.

(c) The permittee shall monitor the temperature of the exhaust gas exiting the RTO during the performance test to determine a minimum exhaust gas temperature that assures a 99% destruction efficiency of VOC/HAP is occurring on a continuous basis. The permittee shall provide this minimum exhaust gas temperature, including a technical justification for its selection, prior to incorporation of this plan approval into the facility's operating permit.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*			
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the

Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterways and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401, Telephone 484-250-5900

E09-982. PA Turnpike Commission, P. O. Box 67676, Harrisburg, PA 17106-7676, Bensalem, Bristol, Middletown Townships, **Bucks County**, ACOE Philadelphia District.

This application is part of an overall project for associated impacts; to construct the proposed I-276/I-95 Interchange Project which involves a high-speed, fully directional interchange between the Pennsylvania Turnpike (I-276) and Interstate 95 (I-95). The project also includes relocation of the Pennsylvania Turnpike barrier toll plaza (Interchange 359), widening of I-276 from four to six lanes between Interchange 351 and the Delaware River, and construction of an additional parallel bridge across the Delaware River. In addition, I-95 would be widened to accommodate ramps and merge lanes resulting from the construction of the interchange.

This permit is for roadway construction and widening along I-276 extend approximately 9.2 miles along I-276 from just west of Interchange 351, Bensalem Township, Bucks County, Pennsylvania (Langhorne, PA USGS Quadrangle N: 1.6 inches; W: 14.8 inches), across the Delaware River Turnpike Bridge into Burlington and Florence Townships, Burlington County, New Jersey (Bristol, PA-NJ USGS Quadrangle N: 20.2 inches; W: 8.3 inches). Approximately 1.3 miles of the study limits are located in New Jersey. The study limits along I-95 extend 3.2 miles from just south of Trenton Road in Middletown Township, Bucks County, Pennsylvania (Langhorne, PA USGS Quadrangle N: 3.4 inches; W: 2.9 inches), to the east bank of the Neshaminy Creek in Bristol Township, Bucks County, Pennsylvania (Beverly, PA USGS Quadrangle N: 18.8 inches; W: 3.8 inches).

The overall project proposes to permanently impact a total of 1.83 acres of wetlands (PEM/PSS/PFO) and 7,939 linear feet of perennial stream. The applicant proposes to create, restore, enhance and protect wetlands, streams and riparian habitat as compensatory mitigation for impacts. Compensatory wetland mitigation for the entire project will occur on land owned by the Pennsylvania Turnpike Commission (PTC) located at the corner of Zimmerman Lane and Newportville Road in Middletown

Township, Bucks County; and stream mitigation will occur along Mill Creek in the Plumbridge Community in Bristol Township, Bucks County.

The project is divided into three stages of construction. Stage 1 of the project includes the completion of the Interstate 95 connections and toll system conversion. Stage 1 construction activities are anticipated to occur between 2010 and 2017. Stage 2 of the project includes completion of the remaining interchange movements and associated highway widening, while Stage 3 would include the construction of the new Delaware River Bridge and rehabilitation of the existing bridge. Stage 2 and Stage 3 construction is anticipated to occur after 2017.

The construction work for Phase IV of Stage 1 (Design Section D20) includes the following water obstruction and encroachment activities:

1. To place fill for the construction of the roadway interchange of I-276 and I-95 in the emergent wetland S10-PEM that drains to an unnamed tributary to Neshaminy Creek. The applicant proposes to do the following:

1. Dredge an approximately 9.9 acre area of Canonsburg Lake (HQ-WWF);
2. Construct a weir and sediment forebay in an approximately 6.2 acre area of the lake, which will also impact a de minimus amount of wetland (0.04 acre);

HAZARDOUS SITES CLEANUP ACT OF OCTOBER 18, 1988

Notice of Response

Tunnelton Liquids Company Site, Conemaugh Township, Indiana County

The Pennsylvania Department of Environmental Protection ("DEP"), under the authority of the Hazardous Sites Cleanup Act, 35 P. S. Section 6020.101 et. Seq. ("HSCA"), has initiated a response at the Tunnelton Liquids Company ("TLC") site.

The TLC site ("Site") is located near the village of Tunnelton in Conemaugh Township, Indiana County. The Department believes that at the Site there is an imminent threat to the environment because of the potential for an uncontrolled release of untreated water and sludge to the river from the raw water pond. In addition, residue in parts of the treatment facility may contain hazardous substances and exposure to these substances creates a potential threat to persons coming into contact with these areas.

After evaluation of various alternatives to address the imminent threat at the Site, the Department chose to implement procedures to prevent a release from the raw water pond; to sample water and sediment/sludge in the raw water pond; and to develop and implement plans for pond closure.

This notice is being provided under Section 506 (b) of the Hazardous Sites Cleanup Act. The Administrative Record which contains information forming the basis and documenting the selection of this response action is available for public review and comment at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222 and is available for review between 9 a.m. and 4 p.m.

The Administrative Record will be open for comment until August 22, 2014. Persons may submit written comments into the record, during this time only, by sending them or delivering them to Terry Goodwald, Project Manager, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222.

In addition, persons may present oral comments for inclusion in the Administrative Record at a public hearing scheduled for July 1, 2014 at 6:30 p.m. at the Tunnelton Volunteer Fire Department located at 76 East 3rd Avenue, Saltsburg, PA 15681. Persons wishing to present comments must register with John Poister at the Department's Southwest Regional Office, in writing at: 400 Waterfront Drive, Pittsburgh, PA 15222 or by telephone at (412) 442- 4203 before noon, July 1, 2014.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceeding, should contact John Poister at (412) 442-4203 or through the Pennsylvania AT&T Relay Service at (800) 654-5954 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. Code § 127.463 (Operating permit revisions to incorporate applicable standards). The permit expires September 30, 2016. The boilers and process heaters (except boiler #5 and the crude unit heater) are subject to the tune-up and energy assessment work practice standards of Subpart DDDDD. The boiler #5 is a coal fired boiler which will be replaced and the permit includes milestones for the extension of the Boiler MACT for that source. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Clean Air Interstate Rule; Proposed 2018 Annual and Ozone Season CAIR Nitrogen Oxides Allowance Allocations; Proposed Extension of CAIR Nitrogen Oxides Set Aside Program for Offsetting Sulfur Dioxide Emissions; Proposed Redistribution of 2012 Allowances for Certain Facilities

In accordance with 25 Pa. Code §§ 145.211(d) and 145.221(d) (relating to timing requirements for CAIR NO_x allowance allocations; and timing requirements for CAIR NO_x Ozone Season allowance allocations), the Department of Environmental Protection (Department) is providing notice and an opportunity to comment on the proposed 2018 annual and ozone season Clean Air Interstate Rule (CAIR) nitrogen oxides (NO_x) allowance allocations.

The proposed NO_x allowances for 2018 are being allocated in accordance with procedures specified in 25 Pa. Code §§ 145.212 and 145.222 (relating to CAIR NO_x allowance allocations; and CAIR NO_x Ozone Season allowance allocations).

The Commonwealth's 2018 NO_x budget for the annual CAIR program contains 82,541 NO_x allowances; 81,389 NO_x allowances are proposed for allocation. Notice of proposal for 79 vintage year 2018 allowances to new units was published at 44 Pa.B. 1833 (March 22, 2014).

In this notice, the Department is proposing to extend the set aside program described in 25 Pa. Code § 145.212(f)(2)–(4) to include a set aside of 2018 vintage year CAIR NO_x allowances. The Department is taking comment on the proposed extension in accordance with 25 Pa. Code § 145.212(f)(5). The Department is proposing to maintain the 1.3% set aside for future allocation of additional CAIR NO_x allowances to offset sulfur dioxide (SO₂) emissions to units exempted by section 405(g)(6)(A) of the Clean Air Act (42 U.S.C.A. § 7651d(g)(6)(A)). This extension is appropriate in light of the continued implementation of the CAIR program that has resulted from an appellate court vacating the Federal Cross State Air Pollution Rule (CSAPR) on August 21, 2012, in *EME Homer City Generation, L.P. v. EPA*, D.C. Cir. 11-1302. While the Supreme Court of the United States reversed the lower court's vacatur of CSAPR and remanded the case to the appellate court on April 29, 2014, in *EPA v. EME Homer City Generation, U.S.*, No. 12-1182, CAIR remains in place until further direction is provided. The CSAPR was the United States Environmental Protection Agency's intended replacement for the CAIR rule. The allocation of additional NO_x allowances to offset SO₂

emissions may be extended after a 30-day public comment period provided in accordance with 25 Pa. Code § 145.212(f)(5).

The Commonwealth's 2018 NO_x budget for the ozone season CAIR program contains 35,143 NO_x allowances; 35,109 CAIR ozone season NO_x allowances are proposed for allocation. Notice of proposal for 34 allowances to new units was published at 44 Pa.B. 1833.

In accordance with 25 Pa. Code § 145.212(c) and (f)(4), the Department is proposing to distribute 525 vintage 2012 annual NO_x allowances that remained after the Department's allocations last year to units exempted under the Federal Acid Rain Program provisions in section 405(g)(6)(A) of the Clean Air Act but not exempted from the CAIR requirements. See 43 Pa.B. 1659 (March 23, 2013), 43 Pa.B. 2677 (May 11, 2013) and 43 Pa.B. 5660 (September 21, 2013). The Department is taking comment on this proposed redistribution of allowances.

For each CAIR unit and qualifying resource receiving a NO_x allocation, Tables 1 and 2 as follows list the following: facility name; county; ORIS Code; unit ID; either the gross loading, steam loading, useful thermal energy, and/or total heat energy of steam, converted heat input from the base year, and proposed 2018 annual allowance allocation or proposed 2018 ozone season allowance allocation.

Table 3 lists each CAIR unit and qualifying resource that is proposed to be allocated vintage 2012 NO_x allowances from the 525 allowances that remained after the 2013 allocation to the units exempted from the Acid Rain Program.

Owners and operators of units should be aware that CAIR NO_x allowances and CAIR NO_x Ozone Season allowances do not constitute property rights, and that action at the Federal or State level, including Federal court proceedings in the legal challenges to the CSAPR, could affect these allocations, once final.

Written Comments

Written comments on the proposed annual and ozone season CAIR NO_x allowance allocations for 2018, proposed extension of the CAIR NO_x set aside program and proposed redistribution of 2012 allowances should be sent to the attention of Randy Bordner, Environmental Group Manager, Air Resource Management Division, Bureau of Air Quality, Department of Environmental Protection, P. O. Box 8468, Harrisburg, PA 17105-8468 or ranbordner@pa.gov no later than June 23, 2014. Written comments (including e-mails) should include the name, affiliation (if any), mailing address and telephone number of the interested person and contain "Proposed 2018 Annual and Ozone Season CAIR NO_x Allowance Allocations," "Extension of CAIR NO_x Set Aside Program for SO₂ Emissions" or "Proposed Redistribution of 2012 Vintage Allowances" in the subject line.

Questions concerning this notice should be directed to Randy Bordner at (717) 772-3921. TDD users may contact the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

Control Measure under Consideration by the Ozone Transport Commission; Public Comment Period

The Department of Environmental Protection (Department) is seeking comments on a control measure under consideration by the Ozone Transport Commission (Commission) for the attainment and maintenance of the ozone National Ambient Air Quality Standards. This public comment period is consistent with section 7.4 of the Air Pollution Control Act (35 P. S. § 4007.4), which requires an opportunity for public review and comment of recommendations for additional control measures prior to final action by the Commission.

The Commission, a multi-state organization created under sections 176A and 184 of the Clean Air Act (42 U.S.C.A. §§ 7506a and 7511c), is authorized to develop recommendations for additional control measures to mitigate the transport of ozone and its precursors in the Ozone Transport Region (OTR) established by operation of law. In addition to the Commonwealth, OTR is comprised of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont, northern Virginia and the District of Columbia.

The Commission has issued a charge to the mobile, stationary and area source and modeling committees to identify control measures and develop model rules, if necessary, for consideration by the Commission to reduce ozone and its precursors, volatile organic compounds and nitrogen oxides. The Commission may consider final action during its annual meeting on June 11, 2014. The adoption of memoranda of understanding, resolutions or other actions would commit the signatory states to pursue the adoption and implementation of the following control measure:

- Sale of aftermarket catalytic convertors for light-duty vehicles

The Commission conducted a public comment period on the potential control measure. The Department will review stakeholder comments submitted to the Commission on the proposed measure and will consider those comments prior to final Commission action on the proposed control measure.

Materials describing the potential control measure can be found on the Department web site at www.dep.state.pa.us (choose "Air Quality"). Additional materials can be found at the Commission web site at www.otcair.org (choose "Meetings").

Written comments should be sent to Kirit Dalal, Chief, Division of Air Resource Management, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468,

kdalal@pa.gov and must be received by June 23, 2014. The Department will consider and retain all comments, but will not prepare a comment and response document.

Adoption by the Commission of any control measure is considered a commitment by signatory states to pursue legislative or regulatory action to adopt and implement the measure. Any control measure proposed for promulgation in this Commonwealth would be subject to the Commonwealth's notice and comment rulemaking process under the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1102—1208), known as the Commonwealth Documents Law, Regulatory Review Act (71 P. S. §§ 745.1—745.12) and Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

FISH AND BOAT COMMISSION

Additions to List of Class A Wild Trout Waters

The Fish and Boat Commission (Commission) has approved the addition of four stream sections to its list of Class A Wild Trout Streams as set forth at 44 Pa.B. 1296 (March 1, 2014).

Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource and to conserve that resource and the angling that it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. The Commission manages these stream sections for wild trout with no stocking.

Executive Director

Classification of Wild Trout Streams; Additions, Adjustments and Removals

The Fish and Boat Commission (Commission) has approved the addition of 18 new waters to its list of wild trout streams, the adjustment of the section limits of 3 waters on the list and the removal of 48 waters from the list as published at 44 Pa.B. 1293 (March 1, 2014). Of the streams proposed for removal, Big Spring Run, Westmoreland County, was inadvertently listed. Section 01 of this stream has been documented to contain wild trout and the limits of the section designated as a wild trout stream were adjusted in 2012. Therefore, the Commission did not remove Big Spring Run from the list.

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Commission to

accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams. The Commission's Fisheries Management Division maintains the complete list of wild trout streams and it is available on the Commission's web site at http://www.fish.state.pa.us/trout_repro.htm.

sured's automobile insurance policy. The hearing will be held in accordance with the requirements of Act 68; 1 Pa. The administrative hearing will be held in the Insurance Department's regional office in Harrisburg, PA. Failure by an appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The following hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of Diane Hopkins; file no. 14-116-160049; GEICO; Doc. No. P14-04-021; June 11, 2014, 11 a.m.

Parties may appear with or without counsel and offer relevant testimony or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Donna R. Fleischauer, Human Resources Director at (717) 705-4194.
