READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 4—ADMINISTRATION

DEPARTMENT OF STATE

[4 PA. CODE CH. 161]

Fees for Notary Services

The Department of State (Department) amends § 161.1 (relating to schedule of fees) by amending the fees that notaries public may charge for their services.

A. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

The final-form rulemaking is authorized under section 21 of the Notary Public Law (act) (57 P. S. § 167), which requires that the fees of notaries public be fixed by the Secretary of the Commonwealth (Secretary) with the approval of the Attorney General. Although section 21 of the act does not require the Secretary to establish notary public fees through the regulatory process, the last notary public fee increase, which occurred on February 11, 1984, was brought about through the rulemaking process and the Secretary determined that it was in the best interest of the public to also provide for public comment on this rulemaking. Under section 16 of the act (57 P. S. § 162), as amended by the act of December 9, 2002 (P. L. 1269, No. 151) (Act 151) (effective July 1, 2003), notaries public shall in addition to their other powers have the power to administer verifications and therefore, this rulemaking adds a fee for verifications.

C. *Notice of Proposed Rulemaking and Comments Received*

Notice of proposed rulemaking was published at 34 Pa.B. 3136 (June 19, 2004). The Department entertained public comment on the proposed rulemaking for 30 days. It received public comments from the National Notary Association and the Pennsylvania Association of Notaries, both of which sent letters expressing support for the proposed amendment. In accordance with the Regulatory Review Act (71 P. S. §§ 745.2—745.15), the Department submitted the proposed amendment to regulatory review bodies. The Independent Regulatory Review Commission (IRRC) indicated that it had no objections, comments or recommendations on the regulation. No comments were received from either the House or Senate State Government Committee.

D. *Background and Purpose*

As previously noted, the fees that notaries public may charge for their services have not been increased since February 11, 1984. (See 14 Pa.B. 431.) Yet, the costs that notaries public now incur have increased substantially since 1984. For example, the minimum cost to become a notary public, including the Department's application fee, obtaining mandatory education under Act 151 (for notaries appointed after July 1, 2003) at a minimum of \$35 per class, securing a bond, obtaining a rubber stamp seal and purchasing a register, has increased from about \$46.50 to approximately \$128 since 1984.

One of the major purposes of the final-form rulemaking, which increases fees from \$2 to \$5 for most services, is to help the fees of notaries public bear a closer correlation to increases in the Consumer Price Index, which, according

to the United States Department of Labor, Bureau of Labor Statistics, rose 85.4% between August 1984 and September 2004.

The final-form rulemaking will also help notaries public better absorb the increased costs they face for the notary public application process, supplies, recordkeeping and recording fees. For example, all recorders of deeds charge notaries public fees for recording their oath, commission and bond with the fees ranging from \$32.50 to \$70.50. In addition, the final-form rulemaking will defray the costs incurred by those applicants subject to the mandatory notary public education requirement in Act 151. Applicants are typically paying at least \$35 for the 3-hour course and possibly as much as \$159 for the course offered by some providers.

Finally, another major purpose is to help ensure that notary public fees remain competitive with the fees that notaries public may charge in other states. In contrast to the \$2 that notaries public may charge for their services in this Commonwealth, a total of 19 other states, including Delaware, have set their fees at \$5 or higher.

E. *Fiscal Impact and Paperwork Requirements*

The final-form rulemaking will have no adverse fiscal impact on the Department, the Bureau of Commissions, Elections and Legislation (Bureau) or the notaries public it commissions. The final-form rulemaking will also have no adverse fiscal impact on the Commonwealth or its political subdivisions. PROPOSED RULEMAKING

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CH. 71]

School Bus Drivers

The Department of Transportation (Department), under the authority in 75 Pa.C.S. § 1509 (relating to qualifications for school bus driver endorsement), proposes to amend §§ 71.2 and 71.3 (relating to definitions; and physical examination) to read as set forth in Annex A.

Purpose of Chapter

The purpose of Chapter 71 (relating to school bus drivers) is to define more fully the requirements of 75 Pa.C.S. § 1509 by listing minimum medical requirements for school bus drivers.

Purpose of the Proposed Rulemaking

The purpose of this proposed rulemaking to Chapter 71 is to allow chiropractors to administer the physical examination required for school bus drivers. Pennsylvania law requires a school bus driver to have a physical examination every year. According to Department regulations, the only health care providers who can perform that physical are licensed physicians, certified registered nurse practitioners or physician's assistants. The Pennsylvania Chiropractic Association has requested chiropractors also be allowed to conduct physicals as part of the process of obtaining a driver's license.

Chiropractors are currently considered by health insurance companies to be portal of care practitioners. This means they are regarded as primary care physicians, permitted to furnish necessary patient care for health maintenance. They are also allowed, by Federal regulation, to conduct the medical examinations for commercial drivers required every 2 years by the Federal Highway Administration under Motor Carrier Safety regulations. Since the exclusion of chiropractors from the Department's list of health care providers is inconsistent with current health care practices and Federal regulations, chiropractors should be added to Chapter 71 as one of the providers who can give the school bus driver's physical examination.

Summary of Significant Amendments

Section 71.2 has been amended to add the term "Doctor of Chiropractic Medicine." This definition reflects the definition of "chiropractic specialty" used by the State Board of Chiropractic.

Section 71.3 has been amended to add the term "Doctor of Chiropractic Medicine" to the list of providers authorized to perform the school bus driver's physical examination.

Persons and Entities Affected

The regulation affects all licensed school bus drivers or persons interested in becoming a school bus driver and chiropractors.

Fiscal Impact

Implementation of this proposed rulemaking will not require the expenditure of any additional funds by the Commonwealth or local municipalities. This proposed rulemaking will not impose any additional costs on the

medical community and may reduce costs by allowing applicants for a learner's permit to get their physical examination from their primary care physician.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on May 13, 2005, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Transportation Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

Sunset Provisions

The Department will make this proposed rulemaking effective upon final-form publication following appropriate evaluation of comments, suggestions or objections received during the period allowed for public comment. The Department is not establishing a sunset date for this regulation, since the regulation is needed to administer provisions required under 75 Pa.C.S. (relating to the Vehicle Code). The Department, however, will continue to closely monitor the regulation for its effectiveness.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to Rebecca L. Bickley, Director, Bureau of Driver Licensing, 1101 South Front Street, Harrisburg, PA 17104 within 30 days of the publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

Contact Person

The contact person for technical questions about the proposed rulemaking is Chris A. Miller, Manager, Special Driver Programs, Department of Transportation, Bureau of Driver Licensing, 1101 S. Front Street, 3rd Floor, Harrisburg, PA 17106, (717) 787-6453.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF SOCIAL WORKERS, MARRIAGE AND FAMILY THERAPISTS AND PROFESSIONAL COUNSELORS

[49 PA. CODE CH. 49]

Department of Health Licensing of Substance Abuse Services

The State Board of Social Workers, Marriage and Family Therapists and Professional Counselors (Board) licenses professional counselors in this Commonwealth. The Department of Health (Department) licenses providers who operate health care facilities in this Commonwealth. This joint statement of policy clarifies when licensed professional counselors providing drug and alcohol treatment services will be considered to be operating a drug and alcohol treatment facility requiring licensure from the Department.

Statutory Considerations

Section 3 of the Social Workers, Marriage and Family Therapists and Professional Counselors Act (act) (63 P. S. § 1903) defines “practice of professional counseling” in part as including, to the extent compatible with a practitioner’s education and professional competence, the following:

- (1) The application of principles and practices of counseling, mental health and human development to evaluate and facilitate human growth and adjustment throughout the lifespan and to prevent and treat mental, emotional or behavioral disorders and associated stresses which interfere with mental health and normal human growth and development.
- (2) The evaluation and assessment of normal and abnormal mental, emotional, social, educational, vocational, family and behavioral functioning throughout the lifespan; individual, group, family counseling and psychotherapy; crisis intervention, career counseling and educational and vocational counseling; functional assessment of persons with disabilities; and professional consulting.
- (3) Professional counselors’ utilization of verbal and nonverbal approaches and specialization in the use of arts-based therapeutic approaches, such as art, dance, music or drama, to accomplish treatment objectives.

Section 20.2 of the act (63 P. S. § 1920.2) requires that licensees under the act refer health care problems that fall outside the boundaries of their professional competence and scope of practice, as defined in section 3 of the act, to appropriate licensed practitioners.

The transfer of Articles IX and X of the Public Welfare Code (62 P. S. §§ 901—922 and 1001—1059) to the Department vests the Department with all functions, powers and duties with regard to the regulation, supervision and licensing of drug and alcohol facilities and services. (See 71 P. S. §§ 751-25 and 751-31.)

Effective Date

This statement of policy will become effective upon publication in the *Pennsylvania Bulletin*.

Fiscal Impact and Paperwork Requirements

The statement of policy will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 49. STATE BOARD OF SOCIAL WORKERS, MARRIAGE AND FAMILY THERAPISTS AND PROFESSIONAL COUNSELORS—LICENSURE OF PROFESSIONAL COUNSELORS

LICENSE

§ 49.17. Department of Health licensing of substance abuse services provided by professional counseling practices—statement of policy.

(a) *Background and purpose.* The Board licenses professional counselors in this Commonwealth. The Department of Health licenses providers who operate facilities in this Commonwealth. Licensed professional counselors may, within the scope of their practice, encounter clients who are seeking help with drug or alcohol addiction, who may need drug or alcohol addiction treatment, or who may have drug or alcohol addiction issues as part of the broader range of issues for which they seek counseling from licensed professional counselors. This section clarifies when licensed professional counselors who provide the services will be considered to be operating a drug and alcohol treatment facility requiring licensure from the Department of Health. This section expresses the joint position of the Board and the Department of Health on this matter.

(b) *Statutory authority.* The act authorizes the Board to license professional counselors and to regulate the practice of professional counseling in this Commonwealth. Articles IX and X of the Public Welfare Code (62 P. S. §§ 901—922 and 1001—1059), and regulations promulgated thereunder in 28 Pa. Code Chapter 709 (relating to standards for licensure of free-standing treatment facilities), vest the Department of Health with all functions, powers and duties with regard to the regulation, supervision and licensing of drug and alcohol facilities and services.

(c) *Guidelines.*

(1) This joint statement of policy clarifies when practitioners providing drug and alcohol treatment services will be considered to be operating a drug and alcohol treatment facility requiring licensure from the Department of Health. The term “facility” is defined by the Department of Health in 28 Pa. Code § 701.1 (relating to definitions) as “the physical location in which ongoing, structured, and systematic drug and alcohol services are delivered.” Accordingly, the Department of Health and the Board have agreed upon the following. In determining whether any person, partnership, corporation, or other legal entity intending to provide services is a facility as defined in 28 Pa. Code § 701.1, and thus subject to licensure, the Board will consider the following criteria:

(i) Whether a primary purpose of an individual or entity is to render a program of psychological, social or other therapies on a planned and regularly scheduled basis to assist individuals to deal with patterns of drug and alcohol use, abuse or dependency.

(ii) Whether an individual or entity publicly advertises or promotes itself as providing a program of distinct drug and alcohol services.

(iii) Whether an individual or entity employs staff who specialize in the provision of drug and alcohol services.

(2) If a facility meets one or more of the criteria in paragraph (1), a license may be required. The Department of Health will assess the circumstances and make a fact specific, case-by-case determination whether a license is necessary. This policy does not apply to substance abuse services that are being provided by an individual licensed professional counselor that are compatible with the practitioner's education and professional competence.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed

remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State

operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free

pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**HAZARDOUS SITES CLEANUP
 UNDER THE ACT OF
 OCTOBER 18, 1988**

**Proposed Consent Order and Agreement
 Langner and Murphy Site, Pine Township,
 Mercer County**

Under section 1113 of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. § 6020.1113), notice is provided that the Department of Environmental Protection (Department) has entered into a Consent Order and Agreement (CO&A) with Thomas Construction, Inc. (Thomas Construction) concerning the proposed ownership, cleanup and redevelopment of the Langner and Murphy Site (Site).

The Site includes an approximately 52 acre property located in Pine Township, Mercer County and any adjacent areas that have been contaminated from the operations of David B. Murphy (Murphy) and Langner Enterprises. From 1985 until 2000, Murphy and Langner Enterprises disposed at the Site a variety of wastes, including military surplus, heavy equipment, drums of liquid chemicals and other wastes that contained hazardous substances. In 1999, the Department issued orders to Murphy and Langner Enterprises to investigate and clean up the Site, and the Pennsylvania Attorney General filed criminal charges against them.

Subsequently, the Department and the Pennsylvania Attorney General determined that Murphy and Langner Enterprises could not pay for the necessary investigation or cleanup of the Site and that their only substantial asset was the Site property. The Department and the Pennsylvania Attorney General settled their criminal and civil claims against Murphy and Langner Enterprises, and these settlements are documented in the plea agreement with the Pennsylvania Attorney General and the inability to pay consent order and agreement with the

Department, both dated November 6, 2000 (collectively the Murphy Settlements), which are maintained as public records at the Department's Northwest Regional Office in Meadville.

Under the Murphy Settlements, Langner Enterprises officially dissolved and Murphy was placed on criminal probation and he paid \$32,433 to the HSCA Fund. Murphy was also required to pay all property taxes and donate the Site property for public benefit. However, Murphy did not pay the property taxes since 2001, and he did not donate the Site property as required under the Murphy Settlements.

Under its authority under the HSCA, the Department has investigated some of the soil, surface water and groundwater at the Site and has removed contaminated soils, hazardous wastes and other wastes from the Site for proper disposal. To date, the Department has spent more than \$450,000 for the investigation and cleanup work at the Site. The Department planned to conduct further monitoring of the groundwater and to remove and properly dispose of the wastes and other materials that remain on the surface at the Site property.

The Department has obtained a report by a qualified real estate appraiser that identifies that the fair market value of the Site property in a clean condition for commercial and industrial uses is \$95,000. Under the CO&A that is the subject of this notice, Thomas Construction shall pay the property taxes owed for the Site property, sample groundwater from the ten existing groundwater monitoring wells at the Site for eight quarters and remove for proper disposal the remaining surface wastes and other materials at the Site. The specific terms of this settlement are set forth in the CO&A with Thomas Construction.

The Department estimates that, upon completion, the actual value of the property tax payment, monitoring and lab analyses and removal and disposal actions to be done by Thomas Construction under the CO&A will meet or exceed \$156,772 in savings to the public. If, however, the actual savings to the public is less than \$95,000 (the appraised fair market value of the Site in a clean condition for commercial/industrial uses), Thomas Construction shall pay the difference to the HSCA Fund under the CO&A.

The Department will receive and consider comments relating to the CO&A for 60 days from the date of this public notice. The Department has the right to withdraw its consent to the CO&A if the comments concerning the CO&A disclose facts or considerations which indicate that the CO&A is inappropriate, improper or not in the public interest. After the public comment period, the Department's settlement with Thomas Construction shall be effective upon the date that Thomas Construction obtains title to the Site property and the Department notifies Thomas Construction, in writing, that the CO&A is final and effective in its present form and that the Department has filed a response to significant written comments to the CO&A or that no comments were received.

The CO&A is available for inspection and copying at the Department's office at 230 Chestnut Street, Meadville, PA. Comments should be submitted, in writing, to Gary Mechtly, Project Manager, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648. TDD users should contact the Department through the Pennsylvania Relay Service at (800) 645-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. Recognition of Allowable Costs Incurred by County Nursing Facilities as Medical Assistance Program Expenditures

This notice announces that the Department of Public Welfare (Department) intends to amend the Commonwealth's Title XIX State Plan provisions to change the method by which costs incurred by county nursing facilities are recognized as Medical Assistance (MA) Program expenditures.

Currently the Department determines the MA allowable costs and MA payment rates of county nursing facilities in accordance with conditions and limitations specified in 55 Pa. Code Chapter 1187 (relating to nursing facility services) and the Commonwealth's approved State Plan. The Department receives Federal matching funds to cover a portion of the MA payments made to county nursing facilities. If a county nursing facility incurs costs that exceed its MA payments, the "excess" costs are not recognized or reimbursed as allowable costs under the Department's current payment methods and standards. As a result, the costs are not MA Program expenditures that qualify for Federal matching funds.

Effective July 1, 2005, the Department intends to change its payment methods and standards to recognize the "excess" costs that are incurred by county nursing facilities to provide nursing facility services to MA eligible residents as MA Program expenditures so long as: (i) the costs would be allowable under Department regulations but for the application of conditions and limitations in the Department's rate-setting methodology; and (ii) the costs are reported and certified by the county nursing facilities in a form and manner specified by the Department.

If approved, the State Plan Amendment will effectively allow the Department to recognize allowable MA costs incurred by county nursing facilities as MA Program expenditures. This change will enable the Commonwealth to draw down additional Federal matching funds on

county costs that are now considered unallowable solely because of the operation of the Department's rate-setting methodology. The State Plan Amendment, however, will not affect the payment rates calculated for and paid to county nursing facilities. If the State Plan Amendment is approved, the Department will continue to make payments to county nursing facilities for services provided on or after July 1, 2005, based upon rates determined in accordance with section 443.1 of the Public Welfare Code (62 P. S. § 443.1) and the Department's case-mix regulations in 55 Pa. Code Chapter 1187. The counties will remain responsible for the allowable costs incurred in excess of those payments. In addition, the county nursing facilities' MA cost reports will continue to be audited.

This change in the Department's methods and standards is subject to the enactment of amendments to sections 443.1 and 472 of the Public Welfare Code (62 P. S. §§ 443.1 and 472) to authorize the recognition of these additional county nursing facility costs as allowable MA Program expenditures and to fix the Commonwealth's and counties' obligation for these additional costs.

Fiscal Impact

The amount of county expenditures exceeding the reimbursement limitations of the Department, which are incurred by county nursing facilities to provide nursing facility services to MA eligible residents, is estimated at \$25.431 million for Fiscal Year 2005-2006. These expenditures are expected to be matched by \$14 million in Federal funds upon approval of the Department's State Plan Amendment.

Fiscal Note: 14-NOT-424. No fiscal impact; (8) recommends adoption. Claiming Federal match on the certified public expenditures for MA eligible costs in public nursing facilities is estimated to result in an annual General Fund savings of \$14 million.

(1) The Board will review the information contained in the objection by the Bureau and determine if the information warrants the denial of an application, divestiture under § 437.8 (relating to divestiture) or the imposition by the Board of conditions upon a license which establish the applicant's financial fitness and character as required by the Board.

(2) The Board may direct an applicant to disassociate itself with any employee or associate objected to by the Board or the Bureau, order divestiture under section 1312 of the act (relating to divestiture of disqualifying applicant) or to otherwise cure any defect that will enable the applicant to meet the financial fitness or character requirements of the act.

§ 437.8. Divestiture.

(c) Failure to divest within 120 days, or within the time period prescribed by the Board, will constitute a per se disqualification of the applicant to receive a slot machine license.

(d) Following divestiture, the Board will reconsider the applicant's suitability for licensure in an expedited procedure.

(e) The terms of divestiture shall be approved by the Board.

(f) The Board will not approve a divestiture if the compensation received for the divested interest exceeds the value of the interest.

If more than one licensed racing entity, on July 5, 2004, was conducting a racing meet at the same licensed racetrack where an organization has been issued a Category 1 slot machine license, section 1303 of the act (relating to additional Category 1 slot machine license requirements) applies to each licensed racing entity at that licensed racetrack. (1) The Board determines, after investigation, that the licensing standards in the other jurisdiction in which the applicant or its affiliate, intermediary, subsidiary or holding company is licensed is similarly comprehensive, thorough and provides safeguards that are equal to or greater than those provided in the act and granting the request would be in the public interest.

(2) A completed application for a Category 1 license has been filed with the Board which includes the name and address of the regulatory agency in the other jurisdiction.

(3) The Board has received a copy of the completed application and all renewal applications filed in the other jurisdiction and all accompanying documents provided by the jurisdiction.

(6) There are no pending or ongoing investigations of possible material violations by the applicant in any other jurisdiction or the applicant has adequately disclosed and satisfactorily explained the investigation to the satisfaction of the Board.

(c) The abbreviated process does not waive fees associated with obtaining a Category 1 license.

(d) The Board may determine to use an alternate, abbreviated process requiring only that information determined by the Board to be necessary to consider the issuance of the license, including the financial viability of the applicant.

(e) Following the issuance of a Category 1 license under this section, the Board will conduct a complete review of all information submitted under §§ 437.4—437.6 (relating to slot machine license application; financial fitness requirements; and character requirements) and this section.
