READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART II. GENERAL ADMINISTRATION [204 PA. CODE CH. 29]

Promulgation of Financial Regulation Under 42 Pa.C.S. § 3502(a); No. 183; Doc. No. 1

Order

Per Curiam:

And now, this 19th day of May, 1997, it is *Ordered* pursuant to Article V, Section 10(c) of the Constitution of Pennsylvania and Section 3502(a) of the Judicial Code, 42 Pa.C.S. § 3502(a), that the Court Administrator of Pennsylvania is authorized to promulgate the following Financial Regulation.

To the extent that notice of proposed rulemaking may be required by Pa.R.J.A. 103, the immediate promulgation of the regulation is hereby found to be in the interests of efficient administration.

This Order is to be processed in accordance with Pa.R.J.A. 103(b) and is effective immediately.

Annex A

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART II. GENERAL ADMINISTRATION

CHAPTER 29. MISCELLANEOUS PROVISIONS

Subchapter K. COSTS, FINES AND FEES

§ 29.401. Scope.

(a) The Pennsylvania Supreme Court, pursuant to Art. 5, § 10 of the Pennsylvania Constitution, and 42 Pa.C.S. § 1721, has authorized the Court Administrator of Pennsylvania to promulgate regulations relating to the accounting methods to be utilized in connection with the collection of fees and costs charged and collected by prothonotaries, clerks of courts of all courts of common pleas and recorders of deeds, or by any officials designated to perform the functions thereof, as well as by the minor judiciary, including district justices, Philadelphia Municipal Court, Philadelphia Traffic Court and Pittsburgh Magistrates Court.

(b) Under authority of said Administrative Order and pursuant to the authority vested in the governing authority under Section 3502(a) of the Judicial Code, 42 Pa.C.S. § 3502(a), the following regulations are adopted to implement Act 167 of 1992, 15 Pa.C.S. § 153(a)(8)(vii), 42 Pa.C.S. §§ 1725.1(f) and 3571(c)(4) (as amended).

§ 29.402. Costs under 42 Pa.C.S. § 1725.1.

Title 249—PHILADELPHIA RULES

PHILADELPHIA COUNTY

Rescission of existing Phila. Civ.R.Nos. 320, 325, 330, 206.1(F)(2)(b), and 7109 and Adoption of Phila. Civ.R.Nos. 320 and 7109; General Court Regulation No. 97-01

Order

And Now, this 23rd day of May, 1997, the Board of Judges of Philadelphia County having voted, at the Board of Judges' Meeting held May 21, 1997, to rescind existing Phila.Civ.R. No. 320, 325, 330, 206.1 (F)(2)(b) and 7109 and to adopt Phila.Civ.R.No. 320 and 7109, which follow. *It Is Hereby Ordered and Decreed* that the above referenced rules are rescinded and the following rules are adopted.

This General Court Regulation is issued in accordance with Phila. Civ.R.No. ★51 and Pa.R.C.P. 239 and shall become effective on July 1, 1997. As required by Pa.R.C.P. No. 239, the original General Court Regulation shall be filed with the Prothonotary in a Docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas of Philadelphia County, and copies shall be submitted to the Administrative Office of Pennsylvania Courts, the Legislative Reference Bureau and the Civil Procedural Rules Committee. Copies of the Order shall also be submitted to Legal Communications, Ltd., *The Legal Intelligencer*, Jenkins Memorial Law Library, and the law library for the First Judicial District.

ALEX BONAVITACOLA,
President Judge

Phila. Civ. R. No. 320. Appeals from State and Local Agencies.

(A) *Applicability.* The Prothonotary shall maintain a special docket for appeals from the determinations of state and local agencies ("statutory appeals"). Statutory appeals (and matters ancillary thereto) shall be presented to and determined by the Supervising Judge of Appeals ("Supervising Judge").

(B) *Manner of Taking Appeal.* An appeal may be commenced by filing a Notice of Appeal with the Prothonotary.¹ The Notice of Appeal shall be in substantially the following form:

IN THE COURT OF COMMON PLEAS OF
PHILADELPHIA COUNTY CIVIL DIVISION—SPECIAL
DOCKET PROGRAM

Appeal of [name] from a decision
of [name of agency] No. 96 ____ SD ____

NOTICE OF APPEAL

[Name] hereby appeals from the decision of [name of agency], dated _____ 19 __, a copy of which is attached hereto. The following persons entered an appear-

¹Statutes authorizing appeals from state agencies (and some local agencies) often require the appeal to be commenced by "petition." See, e.g., 47 P.S. § 4-464 (appeals involving the Liquor Control Board). Statutory requirements of this sort usually predate the constitutional remodeling of 1968 but, in any event, may be ignored. See, e.g., Appeal of Borough of Churchill, 575 A. 2d 550, 554 (Pa. 1990) (legislative bodies may not dictate civil procedure to Pennsylvania Courts). See also *Albrechta v. Borough of Shickshinny*, 565 A.2d 198, 201 (Pa. Commw. 1989) (improper appeal process may be transformed into valid process), appeal denied, 577 A.2d 891 (Pa. 1990).

ance in the proceedings below: [if "none", say so. Otherwise, list the name and address of each person using an extra page, if necessary].

[Appellant or Attorney]

(C) *Procedure on Appeal.* The Supervising Judge shall publish a standing case management order for each agency whose determinations are appealed on a regular basis ("agency-specific orders"). For agencies whose determinations are seldom appealed, the Supervising Judge shall publish a standing order of a generic nature. The Prothonotary shall provide appellant(s) with an agency-specific (or generic) standing order whenever a notice of appeal is filed.

Every appeal (and matter ancillary thereto) shall be governed by the aforesaid standing order and any supplemental order, which may be issued by the Supervising Judge.

(D) *Manner of Service.* The persons to be served, and the manner of making service, shall be specified in the standing order.

(E) *Parties.*

(a) The following persons shall be deemed parties opposed to the appeal unless they opt out by filing a praecipe with the Prothonotary within 60 days of service of the Notice of Appeal:

(1) the person(s) who initiated the proceedings before the agency below;

(2) the City of Philadelphia, but only in appeals involving local agencies;

(3) the School District of Philadelphia, but only in appeals involving school taxes; and

(4) the Commonwealth of Pennsylvania, but only in appeals involving state agencies.

(b) Others may obtain party status by intervening in accordance with the procedures set forth in the standing order.

Phila. Civ. R. No. 7109. Mental Health Review Officer.

(a) *Appointment.* The President Judge may, from time to time, appoint such Mental Health Review Officers as may be needed to effectuate the purposes of the Mental Health Procedures Act of 1976, as amended.

(b) *Qualification of Mental Health Review Officer.* The Mental Health Review Officer shall be a member in good standing of the Bar of the Supreme Court of Pennsylvania and possess such other knowledge, expertise and experience as may be required by the President Judge.

(c) *Venue.* The Philadelphia Court of Common Pleas, or the Mental Health Review Officer appointed pursuant to this rule, shall exercise jurisdiction in proceedings pursuant to the Mental Health Procedures Act of 1976, as amended, only in the following situations:

(1) when the subject of the proceedings is or resides in Philadelphia County; or

(2) when the subject of the proceedings has been subjected to involuntary treatment by another county and that county has determined that Philadelphia County is the county of the person's usual residence, and has transferred the case to Philadelphia County for further proceedings. In that case, the Philadelphia Court of Common Pleas, or Mental Health Review Officer ap-

pointed pursuant to this rule, may conduct legal proceedings at such locations as may be directed by the Court, including the facility where the person is in treatment, even if the facility is not located in Philadelphia County.

(d) *Form of Applications, Petitions and Certifications.* All Applications, Petitions and Certifications filed pursuant to the Mental Health Procedures Act shall be on forms approved by the Department of Public Welfare.

(e) *Application for Extended Involuntary Treatment Pursuant to Section 303 of the Act.*

(1) *Applicant/Petitioner.* The County Mental Health Administrator, or the Director of the Facility in which the mentally ill person resides.

(2) *Contents of Application/Petition.*

(A) grounds on which extended emergency medical treatment is believed to be necessary;

(B) the name of any examining physician and substance of his/her opinion regarding the mental condition of the person; and

(C) any other appropriate information.

(3) *Filing and Service of Petition.* The Petition must be filed with the Prothonotary within 120 hours of commencement of involuntary emergency treatment rendered pursuant to Section 302, and served on the person by the Petitioner as soon as practicable.

(4) *Scheduling of Conference.* An informal conference shall be scheduled and held within 24 hours after the application is filed, and concluded within 120 hours of the commencement of involuntary emergency treatment rendered pursuant to Section 302.

(5) *Conference.* At the informal conference, the person shall be informed of the nature of the proceedings, and the following information shall be considered by the Mental Health Review Officer:

(A) Information relevant to whether the person is severely mentally disabled and in need of treatment, including the reasons that continued involuntary treatment is considered necessary;

(B) Testimony from a physician who examined the person explaining in terms understandable to a layperson whether the person is severely mentally disabled and in need of treatment;

(C) Information contained in, and appended to, the Application for Involuntary Emergency Examination and Treatment under Section 302; and

(D) Any other information relevant to the issue of whether the person is severely mentally disabled and in need of treatment, even if such information is normally excludable under the rules of evidence, provided the information is found to be reliable.

(6) *Decision.* At the conclusion of the conference, the Mental Health Review Officer shall either:

(A) Certify that the person is severely mentally disabled and in need of continued involuntary treatment. The certification shall be filed with the Prothonotary and served on the parties as required by Section 303(e) of the Act; or

(B) Direct that the facility director or his designee discharge the person.

(7) *Duration of Court-Ordered Involuntary Treatment.* A period not to exceed twenty (20) days.

(f) *Petition for Court-Ordered Involuntary Treatment Pursuant to Section 304 of the Act.*

(1) *Persons Already Subject to Involuntary Treatment*

(A) *Petitioner.* The County Mental Health Administrator, or the Director of the Facility in which the mentally ill person resides.

(B) *Contents of Petition.*

(i) facts constituting reasonable grounds to believe that the person is severely mentally disabled and in need of treatment;

(ii) name of the examining physician and substance of the physician's opinion regarding mental condition of the person;

(iii) allegation that the person has been provided with the information required by Section 304(b)(3); and

(iv) any other relevant information.

(C) *Filing and Service of the Petition.* The Petition must be filed with the Prothonotary and served as required by Section 304(b)(3).

(D) *Scheduling of Hearing.* A hearing must be scheduled for a date not more than five (5) days after the filing of the Petition.

(E) *Continuation of Treatment Pending Hearing.* Treatment shall continue pending determination of Petition.

(F) *Hearing.* The following information shall be considered by the Mental Health Review Officer:

(i) Evidence reestablishing that the conduct originally required by Section 301 in fact occurred and that the person's condition continues to evidence a clear and present danger to himself/herself or others. It is not necessary to show the recurrence of dangerous conduct within the past 30 days;

(ii) Information relevant to whether the person is severely mentally disabled and in need of treatment, including the reasons that continued involuntary treatment is considered necessary;

(iii) Information contained in, or appended to, the Application for Involuntary Emergency Examination and Treatment under Section 302 or 303;

(iv) Testimony by a physician who examined the person;

(v) Any other relevant information, even if normally excludable under the rules of evidence, provided the information is found to be reliable.

(G) *Decision.* The Mental Health Review Officer shall render a decision within 48 hours after the close of evidence, and shall either:

(i) find that the person is severely mentally disabled and in need of continued involuntary inpatient or outpatient treatment and issue an appropriate order as set forth in Section 304(f) of the Act; or

(ii) deny the Petition and direct that the facility director or his designee discharge the person.

(2) *Persons Not Already Subject to Involuntary Treatment*

(A) *Petitioner.* Any responsible party.

(B) *Contents of Petition.*

(i) facts constituting reasonable grounds to believe that the person is severely mentally disabled and in need of treatment;

(ii) name of the examining physician and substance of the physician's opinion regarding mental condition of the person; and

(iii) any other appropriate information.

(C) *Filing of Petition.* The Petition must be filed with the Prothonotary.

(D) *Scheduling of Hearing and Service of Petition.* Upon being satisfied that the Petition sets forth reasonable cause to believe that the person is within the criteria for court-ordered treatment as set forth in Section 304(a), the Court shall schedule a hearing, which may be conducted by a Mental Health Review Officer, and issue a summons or warrant to ensure the person's attendance at the hearing. The hearing shall be scheduled as soon as practicable, and the person must be served with a copy of the Petition and required notices at least three (3) days before the scheduled hearing.

(E) *Administration of Treatment Pending Hearing.* No treatment shall be authorized during the pendency of the Petition except in accordance with Sections 302 or 303 of the Act.

(F) *Hearing.* The following information shall be considered by the Court or Mental Health Review Officer:

(i) Information relevant to whether the person is severely mentally disabled and in need of treatment, including the reasons that involuntary treatment is considered necessary;

(ii) Testimony from a physician who examined the person explaining in terms understandable to a layperson whether the person is severely mentally disabled and in need of treatment; and

(iii) Any other information relevant to the issue of whether the person is severely mentally disabled and in need of treatment, even if such information is normally excludable under the rules of evidence, provided the information is found to be reliable.

(G) *Decision.* The Mental Health Review Officer, or Court, shall render a decision within 48 hours after the close of evidence, and shall either:

(i) find that the person is severely mentally disabled and in need of involuntary inpatient or outpatient treatment and issue an appropriate order as set forth in Section 304(f) of the Act; or

(ii) deny the Petition.

(3) *Duration of Court-Ordered Involuntary Treatment.*

(A) A period not to exceed ninety days under Section 304(g)(1) of the Act; or

(B) A period not to exceed one year under Section 304(g)(2) of the Act, subject to the provisions of Section 304(g)(4) as to termination or continuance of involuntary treatment.

(g) *Application for Additional Periods of Court-Ordered Involuntary Treatment Pursuant to Section 305 of the Act.*

(1) *Applicant.* The County Mental Health Administrator, or the Director of the Facility in which the mentally ill person resides.

(2) *Contents of Petition.*

(A) facts constituting reasonable grounds to believe that the person is severely mentally disabled and in need of treatment;

(B) name of the examining physician and substance of the physician's opinion regarding mental condition of the person;

(C) allegation that the person has been provided with the information required by Section 304(b)(3); and

(D) any other appropriate information.

(3) *Filing and Service of Petition.* The Petition must be filed with the Prothonotary and served as required by Section 304(b)(3).

(4) *Scheduling of Hearing.* A hearing must be scheduled and held no more than five (5) days after the filing of the Petition.

(5) *Continuation of Treatment Pending Hearing.* Treatment shall continue pending determination of the Petition.

(6) *Hearing.* The following information shall be considered by the Mental Health Review Officer:

(A) Information contained in, or appended to, the Application for Involuntary Emergency Examination and Treatment under Section 302, 303 or 304;

(B) Testimony by a physician who examined the person;

(C) Information relevant to the reasons that continued involuntary treatment is considered necessary, as shown by conduct during the person's most recent period of court-ordered treatment; and

(D) Any other relevant information, even if normally excludable under the rules of evidence, provided the information is found to be reliable.

(7) *Decision.* The Mental Health Review Officer shall render a decision within 48 hours after the close of evidence, and shall either:

(A) find that the person is severely mentally disabled and in need of continued involuntary inpatient or outpatient treatment, as shown by conduct during the person's most recent period of court-ordered treatment; and issue an appropriate order as set forth in Section 305 of the Act; or

(B) deny the Petition and direct that the facility director or his designee discharge the person.

(8) *Duration of Court-Ordered Involuntary Treatment.*

(A) A period not to exceed one-hundred eighty (180) days; or

(B) A period not to exceed one year if the person meets the criteria of Section 304(g)(2) of the Act.

(h) *Transfer of Persons in Involuntary Treatment.*

(1) Except as provided hereunder, any person in involuntary treatment may be transferred to any approved facility.

(2) *Exceptions:*

(A) persons committed pursuant to Section 304(g)(2) of the Act may not be transferred, in the absence of an emergency, unless written notice is given to the committing Judge or Mental Health Review Officer, and district attorney in the committing county and neither has objected to the transfer within twenty (20) days of receipt of said notice. In the event an objection is received, the Mental Health Review Officer shall hold a hearing within twenty days to review the commitment transfer and shall render a decision within 48 hours of the close of evidence; and

(B) transfers which constitute a greater restraint cannot be accomplished unless the Mental Health Review Officer holds a hearing and finds the transfer to be necessary and appropriate.

(i) *Review of Mental Health Review Officer Certifications or Decisions.*

(1) *Judicial Review and Assignment.* Certifications of the Mental Health Review Officers, pursuant to Section 303 of the Act, and decisions of the Mental Health Review Officers pursuant to Sections 304, 305 and 306 of the Act are subject to Judicial review through the filing, by any party, of a Petition for Review with the Prothonotary of the Court of Common Pleas. Said Petitions shall be assigned to such Court of Common Pleas Judges ("Review Judge"), assigned to any Division of the Court, as may be determined by the President Judge from time to time.

(2) *Scheduling of Hearing and Service.* A hearing must be scheduled and held within 72 hours after the Petition is filed unless a continuance is requested by the person's counsel. The party filing the Petition for Review must forthwith serve a copy of the Petition and Notice of Hearing on the Mental Health Review Officer and all other interested parties. Service may be effectuated by hand-delivery or via facsimile.

(3) *Preparation of Record for the Court.* The Mental Health Review Officer shall cause the transcription of the underlying proceedings for presentation to the Review Judge no later than the hearing date, and shall ensure that the evidence relied upon by the Mental Health Review Officer is available to the Review Judge.

(4) *Hearing.* The Review Judge shall review the certification of the Mental Health Review Officer and shall consider such other evidence as the Review Judge may receive or require.

(5) *Decision.* The Review Judge shall render a decision as soon as practicable, and, unless all parties agree to a remand to the Mental Health Review Officer, shall either:

(A) determine that the person is in need of involuntary treatment and that the procedures prescribed by the Mental Health Procedures Act have been followed; or

(B) determine that the procedures prescribed by the Mental Health Procedures Act have not been followed, or that the person is not in need of involuntary treatment, and, if appropriate, shall direct that the facility director or his designee discharge the person. The decision of the Review Judge as set forth above is subject to appellate review as provided by rules of court.

(j) *Record of Proceedings.* A record of the proceedings (which need not be in a stenographic format) held pursuant to the Mental Health Procedures Act shall be made, impounded by the Court as provided in the Act, and kept by the Prothonotary for at least one year.

(k) *Appointment of Counsel.* The Public Defender is appointed to represent all persons who may be subject to involuntary medical examination and treatment, unless it appears that any such person can afford, and desires to have, private representation. In the event a conflict prevents the Public Defender from representing any eligible person, conflict counsel shall be appointed as directed by the President Judge.

Explanatory Note. The Mental Health Procedures Act, as enacted on July 9, 1976, authorized the local

courts to decide whether a judge of the Court of Common Pleas or a "Mental Health Review Officer" would conduct legal proceedings under the Act. Section 109 specifically provided that a Mental Health Review Officer could, if authorized by the Court, conduct proceedings under Section 303(c), which dealt with extended involuntary emergency treatment, and under Section 304, which dealt with court-ordered involuntary treatment. However, the Act did not specifically address the issue of whether the Mental Health Review Officer could issue orders for treatment or whether such orders were deemed to be final orders which were subject to appellate review.

In the case of *In re Chambers*, 282 Pa. Super. 327, 422 A.2d 1140 (1980), the Superior Court addressed the difference between "certifications" issued pursuant to Section 303 and "orders" issued pursuant to Section 304. The Superior Court found that Section 303 specifically authorized the Mental Health Review Officer to certify, without judicial approval, a person for extended involuntary emergency treatment for a period not to exceed 20 days, noting that under Section 303 the person made subject to such involuntary emergency treatment had the right to petition the Court of Common Pleas for review of the certification. However, the Superior Court found that the procedure for Section 304 proceedings was different, in that Section 304 required the entry of an "order" involuntarily committing a person, and since the Mental Health Review Officer is not a judge, the Mental Health Review Officer cannot enter a "final order" which is appealable to the Superior Court. Thus, the Superior Court concluded that a commitment "order" issued pursuant to Section 304 by a Mental Health Review Officer on August 28, 1978 was not a "final order" and accordingly, not ripe for appellate review, and remanded to the Court of Common Pleas with directions to enter a final appealable order. See also *In re Bishop*, 282 Pa. Super. 67, 422 A.2d 831 (1980).

The Mental Health Procedures Act was amended by Act of November 26, 1978, P. L. No. 1362, No. 324, effective in 60 days. This amendment, inter alia, expanded the scope of the Mental Health Review Officer's authority by authorizing the Mental Health Review Officer to conduct hearings concerning extended involuntary emergency treatment under Section 303(c), court-ordered involuntary treatment under Sections 304 and 305, or transfer hearings under Section 306. More importantly, a new section was added, Section 109(b), which specifically provides, as did Section 303(g), that persons made subject to treatment by Mental Health Review Officers have a right to petition the Court of Common Pleas for review of such ordered treatment. Thus, under the 1978 amendments, providing that the Court of Common Pleas authorizes Mental Health Review Officers to conduct proceedings under Sections 303(c), 304, 305 and 306, they may require involuntary treatment, further provided that the persons subject to such treatment may file a petition for review with the Court of Common Pleas which will enter a final appealable order. The instant Rule constitutes authorization to Mental Health Review Officers to conduct proceedings under the Mental Health Procedures Act, as amended, and sets forth the procedure to be followed so as to clarify the rights of the persons affected.

Title 255—LOCAL COURT RULES

JEFFERSON COUNTY

Revision and Restatement of the Local Rules of Procedure for Civil Actions; No. 12-1997

Order of Court

And Now, May 20, 1997, the following revision and restatement of the Local Rules of Civil Procedure of Jefferson County, Pennsylvania, Rules L1301 through L1311 and Rule L1920.51, are hereby promulgated and adopted for use effective July 1, 1997.

The previously adopted local rules on the subjects covered by the following rules are hereby rescinded, effective July 1, 1997.

By the Court,

WILLIAM L. HENRY,
President Judge

ARBITRATION

(Rules L1301-L1311 Revised 5/15/97)

Rule L1301. Compulsory Arbitration.

BY THE PROTHONOTARY

1.(a) All cases wherein the amount in controversy (exclusive of interests and costs) shall be Twenty-Five Thousand (\$25,000.00) Dollars or less, including all appeals from a civil judgment of a District Justice, except those involving title to real estate or actions in equity, shall be submitted to and be heard and decided by a Board of Arbitrators consisting of three (3) members of the Bar of Jefferson County to be selected as hereinafter provided.

(b) Either party in such civil suit or action, his agent or attorney, may place a case on the list of cases for trial by arbitration by filing a Certificate of Readiness in the form provided by local rule L308(b), which form is available at the prothonotary's office.

(c) Any such case which has been placed upon the Prothonotary's Trial List shall be removed from such list by the prothonotary and placed on the Arbitration List.

BY THE PARTIES

2. Cases, whether or not at issue and whether or not suit has been filed, may be placed on the Arbitration List by agreement of reference signed by counsel for both sides in the case. Said agreement of reference shall define the issues involved for determination by the board and, when agreeable, shall also contain stipulations with respect to facts submitted or agreed or defenses waived. In such cases, the agreement of reference shall take the place of pleadings in the case and be filed of record.

BY THE COURT

3. The Court on its own motion, or on motion of either party may, by deposition, pre-trial conference, hearing or otherwise, determine that the amount actually in controversy does not exceed Twenty-Five Thousand (\$25,000.00) Dollars exclusive of interest and costs and enter an order of reference to a Board of Arbitration in conformity with Pa.R.C.P. 1021(d).

Rule L1302. Selection of Arbitrators Appointment of Board, Oath, and Compensation.

1. The Arbitration List herein referred to shall be kept and maintained by the prothonotary.

2.(a) The prothonotary shall keep Three (3) separate lists of attorneys qualified to serve as arbitrators in Jefferson County as follows:

Class A—Attorneys with over 15 years membership in the Jefferson County Bar Association

Class B—Attorneys with 7 to 15 years membership in the Jefferson County Bar Association

Class C—Attorneys with 1 to 7 years membership in the Jefferson County Bar Association

(b) Within ten (10) days after a case is placed on the Arbitration List, the prothonotary shall forthwith nominate five names as follows; two (2) names from the Class A List, two (2) names from the Class B List, and one (1) name from the Class C List. The prothonotary shall, if necessary, nominate an additional name for each additional party with an adverse interest in the case.

(c) The prothonotary shall thereupon notify counsel for said parties of said nominations. Each party shall thereupon appear at the office of the prothonotary within five (5) days and strike off one name from the listed nominated, and if any party fails to exercise his right to strike off a name within the time stated, the prothonotary shall strike off any excess names after the first three nominated. The remaining three shall comprise the Board of Arbitration and they shall be so appointed.

3. The prothonotary shall make the nominations of arbitrators from each list of the members of the Bar of Jefferson County, and such nominations shall be made from such lists as set forth above, except where a particular attorney is excused by the court on account of incapacity or illness. Not more than one (1) member of a firm or association of attorneys shall be appointed to the same board, nor shall any attorney be appointed who is associated with, or who maintains a common office, in whole or in part, with any counsel of record. The first member appointed shall be the chairman of the board. Immediately after appointment of the Board of Arbitrators the prothonotary shall notify them in writing of their appointment and shall notify counsel of record. In case any attorney is disqualified, or fails to act, the prothonotary, on praecipe of counsel, shall appoint the next attorney on the same class list to fill such vacancy. Any attorney disqualified or stricken off in a case shall be put at the head of the list of attorneys available for the next case.

4. The arbitrators shall be sworn or affirmed to justly and equitably try all matters submitted to them. The oath may be administered by any person authorized to administer oaths.

5.(a) Each member of a Board of Arbitrators, who has signed a report or files a minority report, shall receive as compensation for services a fee of Two Hundred (\$200.00) Dollars for cases involving three (3) hours or less, plus Fifty (\$50.00) Dollars for each hour over three (3) hours of hearing time. (Companion cases heard together count as one for purposes of this rule.)

(b) The chairman shall receive as compensation for the duties as chairman an additional sum of Fifty (\$50.00) Dollars, notwithstanding that a case be settled or discontinued after a time for hearing has been fixed, but before the hearing is held.

(c) In cases involving unusual complexity, the court, on petition of the members of the board and for cause shown, may allow additional compensation.

(d) Compensation shall be paid by the County of Jefferson upon a voucher, approved for payment by the prothonotary; provided, however, that in making payment of such compensation, the county shall pay to the treasurer of the Jefferson County Bar Association Fifteen (\$15.00) Dollars of the compensation otherwise due an arbitrator for services rendered in a particular case.

Rule L1303. Hearing. Notice.

1.(a) The chairman of the board of arbitrators shall within ten (10) days after the board has been appointed, set a date and time for the arbitrators' hearing and shall notify the parties, or their counsel, in writing, not less than thirty (30) days before the hearing, of the time and place of hearing. Hearings shall be held in the Jefferson County Courthouse, unless the parties by agreement shall designate another place and the arbitrators concur in such designation.

(b) The arbitrators, for cause shown, may continue a hearing to a definite date fixed by them.

(c) The Arbitration Court List will set forth all of those cases for which boards of arbitrators have been appointed but no hearings have yet been held. Cases listed on said Arbitration Court List shall be heard and disposed of within sixty (60) days from the date of appointment of the board, except by leave of court upon good cause shown.

Rule L1304. Conduct of Hearing. Generally.

1.(a) The arbitrators shall not be required to make a record of the proceedings before them. If any party shall, by writing filed with the chairman five (5) days before the hearing, request a record, the arbitrators shall provide a reporter and cause a record to be made. The party requesting the same shall pay the cost thereof and shall deposit with the arbitrators the sum of One Hundred (\$100.00) Dollars to secure payment. The arbitrators may at any time that they deem the circumstances demand it require an additional deposit. Any surplus shall be returned by the arbitrators to the party depositing it. The deposit shall not be considered costs in the case.

(b) When a panel of arbitrators shall be assembled, they shall be sworn or affirmed to justly and equitably try all matters properly at issue and submitted to them by any person having authority to administer oaths, or in the absence of such person by one of their number.

(c) The Board of Arbitration, or a majority of the members thereof, shall conduct the hearing before them with due regard to the law and according to the established rules of evidence and they shall have the general powers of a Court, including, but not limited to the following powers:

(1) To issue subpoenas to witnesses to appear before the Board and to secure an attachment according to the practice of the Courts for failure to comply therewith;

(2) To compel the production of all books, papers and documents which they shall deem material to the case;

(3) To administer oaths or affirmations to witnesses, to determine the admissibility of evidence, to permit testimony to be offered by depositions and to decide the law and the facts of the case submitted to them.

Rule L1305. Bills and Reports as Evidence in Arbitration Hearings.

1. In actions before arbitrators involving personal injury, the following bills and reports may be offered and received in evidence, without further proof, for the purpose of proving the value and reasonableness of the charges for services, labor and materials, items contained therein, or opinions contained therein, and where applicable, the necessity for furnishing the same, on condition that thirty (30) days written notice prior to the day set for arbitration has been given to the adverse party or parties, or their attorneys, accompanied by a copy of the bills or reports to be offered in evidence, unless counsel for the adverse party shall notify counsel of the claimant in writing no later than two (2) weeks prior to the day set for hearing that the value and reasonableness of the charges are disputed or the opinions given in any reports are disputed:

(a) Hospital bills on the official letterhead or billhead of the hospital when dated and itemized;

(b) Bills of doctors and dentists, when dated and containing a statement showing the date of each visit and the charge therefor, and accompanied by a statement of the correctness and reasonableness of the charges, and that the service rendered was, in his opinion, necessary and casually connected with the incident involved.

(c) Medical and psychological reports documenting the treatment and prognosis of a patient as well as any opinions as to the condition of a patient.

(d) Bills of registered nurses, licensed practical nurses or physical therapists, when dated and containing an itemized statement of the days and hours of service and the charges therefor, and accompanied by a statement of the nurse or physical therapist of the correctness and reasonableness of the charges and that the services rendered were in his or her opinion necessary.

(e) Bills for medicine, eye glasses, prosthetic devices or similar items, when accompanied by a letter from the supplier stating that the charge is correct, reasonable, and represents the market value of the item or items referred to therein.

(f) In actions involving damage to property, repair bills and estimates, when identified and itemized setting forth the charges for labor and material may be offered and received in evidence without further proof, for the purpose of proving the value and reasonableness of the charges, on condition that thirty (30) days written notice prior to the day set for arbitration has been given to the adverse party or parties or their attorney.

2. The President Judge shall have full supervisory powers with regard to any questions that arise in all arbitration proceedings and in application of these rules.

3. Witness fees in any case referred to said Board of Arbitration shall be in the same amount as now or hereafter provided for witnesses in trials in the Court of Common Pleas of Jefferson County and the costs in any cases shall be paid by the same party or parties by whom they would have been paid had the case been tried in the Court of Common Pleas of Jefferson County.

Rule L1306. Report and Award.

1. The board of arbitrators shall make its report and render its award promptly upon conclusion of the hearing unless a question of law arises which requires briefing in which case an extra 45 days can be taken. The report shall state where the hearing was held, what counsel

were present, the names of witnesses heard, shall contain an award, either for the plaintiff or for the defendant, in a form similar to the verdict of a jury, shall be signed by the board of arbitrators, or majority of them, and shall be transmitted to the prothonotary. The decision of the majority shall be the decision of the board of arbitrators.

Rule L1307. Docketing and Notice of Report and Award.

1. The prothonotary shall mail or otherwise forward copies thereof to all parties or their counsel. The Prothonotary shall make a note of the report and award on the docket and file the original report with the papers of the case.

2. The report and award, unless appealed from as herein provided, shall be final and shall have all the attributes and legal effect of a verdict. If no appeal is taken within the time allotted therefore, the successful party or his counsel may enter judgment on the award upon praecipe after which execution process may be issued such judgment as in the case of other judgments.

Rule L1308. Appeals.

1. Any party may appeal from the award of the Board of Arbitration to the Court of Common Pleas of Jefferson County. The right to appeal shall be subject to the following conditions, all of which shall be complied with within thirty (30) days after the award to the Board if filed with the prothonotary:

The appellant shall pay all record costs accrued to the time of taking the appeal, including the arbitrator's fees and shall file with the prothonotary a notice of appeal, and serve a copy thereof upon the adverse party or his counsel; the appellant also shall file an affidavit that the appeal is not taken for delay, but because he believes an injustice has been done.

Rule L1311. Procedure After Appeal.

1. All appeals shall be de novo.

2. In the event of an appeal from the award or decision of the Board of Arbitrators, the Arbitrators shall not be called as witnesses as to what took place before them in their official capacity as Arbitrators upon any hearing de novo.

Rule L1920.51. (Revised 5/15/97)

APPOINTMENT OF FAMILY LAW MASTER IN DIVORCE AND ANNULMENT OF MARRIAGE AND ANCILLARY PROCEEDINGS

(a) In all divorce and annulment of marriage proceedings where a responsive pleading has been filed raising an issue which Pa.R.C.P. 1920.51 authorizes to be heard by a master, the prothonotary shall forthwith refer the case to the Jefferson County Family Law Master. Within thirty (30) days thereafter, the master shall schedule a preliminary conference with the parties and their counsel

to explore the possibility of resolving the issues in dispute without further litigation. As to those issues that cannot be resolved at preliminary conference, the master shall establish a timetable for the progress of the litigation and shall proceed to promptly hold such hearings as are necessary to determine the unresolved issues. Upon concluding a hearing on a particular issue or issues, the master shall report to the Court as provided in Pa.R.C.P. 1920.53.

(b) Before setting the time and place of taking testimony, the master shall examine the pleadings and determine the formal sufficiency and regularity of the proceedings and the question of jurisdiction. If defective in any fatal particular, he shall so report to the Court and at the same time notify counsel. If defective in a particular curable by amendment, he shall notify counsel and suspend further action for a reasonable period of time to enable the necessary correction to be made. Upon the expiration of said period without such correction having been made, he shall make a report to the Court, applying for instructions as to further action on his part. When satisfied of the formal sufficiency and regularity of the proceedings and the existence of jurisdiction, or when directed by the Court to proceed, he shall appoint the time and place of taking testimony and proceed with action.

(c) Before proceeding to take testimony with respect to a contested claim for divorce and/or a question of distribution of marital property, the master shall verify that the fees specified in subsection (d) of this Rule have been paid into the Court, unless the master determines that the payment of said fees is not necessary before holding the hearing.

(d) Except as provided in subsection (c), whenever a party in a divorce case requests that an evidentiary hearing be held to hear a claim for divorce and/or distribution of marital property, said moving party shall deposit the sum of \$1000.00 with the prothonotary to be applied to payment of the master's fees and stenographic costs. Said deposit shall be applied first to the stenographic costs and thereafter to the master's fees at the rate to be established annually by the Court.

(e) In all cases in which the master shall be of the opinion that the amount of money on deposit for the master's fees and stenographic costs is not sufficient, the master shall make a request in writing to the Court for the allowance of additional compensation and/or stenographic costs. Upon the presentation of such request, the Court will issue a rule upon the parties to show cause why the requested additional allowance should not be granted.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 141 AND 147]

Training Dogs; Falconry Permits; Sale of Protected Wildlife and Its Parts; and Dog Trial Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 15, 1997, meeting adopted the following changes:

Amend § 141.16 (relating to training dogs on furbearers) by removing current language.

Amend § 147.103 (relating to classes of permits) by permitting the upgrading of an apprentice or general falconer during the permit year.

Amend § 147.141 (relating to the sale of wildlife and wildlife parts) by providing a new fee structure.

Amend Chapter 147, Subchapter L (relating to permits relating to dogs), by adding § 147.223 (relating to permits for dog trials on privately-owned lands) outlining the procedure to apply for dog trial permits to be held on privately-owned lands.

These amendments are hereby adopted under the authority of 34 Pa.C.S. (relating to the Game and Wildlife Code) (code).

Deletion of § 141.16

1. *Introduction*

Under the act of December 19, 1966 (P. L. 442, No. 184) (Act 184), section 2382 of the code (relating to training dogs on small game) was amended to allow dog training any time of the calendar year. Although the amendment provides for the Commission to provide otherwise by regulation, the Commission is currently assessing whether to apply restrictions. Until a decision is made, the Commission, at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, deleting § 141.16. The section is deleted under the authority contained in section 322 of the code (relating to specific powers and duties) to fix seasons and section 2102 of the code (relating to regulations) which authorizes the promulgation of regulations.

2. *Purpose and Authority*

The code has been changed to allow the training of dogs throughout the year. The Commission is authorized to establish a closed season and it is considering doing so. If the Commission does establish a closed season, it will do so on a comprehensive basis, which means § 141.16 would be deleted in any case. Pending a decision on the impact of year-round dog training, the Commission is removing the restriction with regard to training dogs on furbearers contained in § 141.16.

Section 322(c) of the code authorizes the Commission to fix seasons. Section 2102 of the code authorizes the Commission to promulgate regulations relating to the preservation and management of game and wildlife and seasons. The deletion is made under this authority.

3. *Regulatory Requirements*

The deletion will eliminate a restriction.

4. *Persons Affected*

Individuals wishing to train dogs on furbearers will be affected.

5. *Comment and Response Summary*

No comments were received on the deletion.

6. *Cost and Paperwork*

No additional paperwork will be required.

Amendment to § 147.103

1. *Introduction*

To better provide for the administration of falconry permits, the Commission at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, removing language from § 147.103 relating to classes of permits, which requires movement to the next higher classification upon renewal of the permit. This change is made under section 2925(a) of the code (relating to falconry permits).

2. *Purpose and Authority*

Currently, falconers who qualify for the next higher classification must wait until the next permit renewal to be upgraded. This often creates backlogs in the renewal process. The change to § 147.103 allows the upgrading of a permit as soon as a falconer qualifies for the next higher classification.

Section 2925(a) of the code provides that: "The Commission may adopt regulations consistent with Federal fish and wildlife laws and regulations concerning the sport of falconry." The change, adopted under this authority, is consistent with Federal law.

3. *Regulatory Requirements*

The change relaxes current requirements.

4. *Persons Affected*

The change will affect those holding apprentice and general falconry permits.

5. *Comment and Response Summary*

No comments were received on the changes.

6. *Cost and Paperwork Requirements*

No additional paperwork will be required.

Amendment to § 147.141

1. *Introduction*

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, changes to § 147.141 relating to sale of wildlife and wildlife parts. The changes, which will involve permits to possess wildlife accidentally or illegally killed or orphaned or taken live from the wild, will change or establish fees for some species, provide for the sale of other species at public auction or through sealed bid and tighten qualifications for possession of live deer. Section 2901(b) of the code (relating to regulations for permits) authorizes the Commission to adopt these changes.

2. *Purpose and Authority*

Occasionally wildlife will be accidentally or illegally killed, shot for crop damage or be illegally taken from the wild. Rather than have the wildlife wasted or destroyed,

the Commission will issue permits to individuals to possess wildlife or wildlife parts. A committee formed to study procedures and fees for using these permits has recommended some changes to § 147.141.

Minimum fees for a live deer, a deer hide, other small mammals and bear would be increased and the fee for a coyote would be reduced. A fee for the fisher would also be established. Any unlisted species could be sold through public auction or sealed bid. The changes also call for an individual to have an existing propagation or menagerie permit before he could receive a live deer from the Commission.

Section 2901(b) of the code authorizes the Commission to promulgate regulations for the issuance of any permit. In addition, section 2904(18) of the code (relating to permit fees) authorizes the Commission to set a reasonable fee for any permit which is not specifically set forth.

3. *Regulatory Requirements*

Fees will be increased for certain Commission possession permits. In addition, an individual wishing to receive a live deer will already need to be in possession of a valid propagation or menagerie permit.

4. *Persons Affected*

Individuals wishing to obtain a permit to possess wildlife from the Commission would be affected.

5. *Comment and Response Summary*

No comments were received on the changes.

6. *Cost and Paperwork Requirements*

There will be increased fees for individuals seeking permits under the changes. The number of these individuals would be small.

Addition to § 147.223

1. *Introduction*

To better provide for the issuance of permits for field dog trials, the Commission, at its January 14, 1997, meeting proposed, and at its April 15, 1997, meeting finally adopted, adding § 147.223 to provide procedures for the issuance of field dog trial permits. This additional section is adopted under the authority contained in section 2901(b) of the code

2. *Purpose and Authority*

Sections 2943 and 2944 of the code (relating to field dog trials; and field dog trials for retrievers) both require the obtaining of a permit before holding dog trials or field dog trials for retrievers. Currently, many clubs and organizations sponsoring these dog trials wait until the last minute to apply for a permit and then expect overnight issuance. The requests can be very disruptive. The section requires a written application to be submitted at least 30 days prior to the dog trial date.

Section 2901(b) of the code authorizes the Commission to "... promulgate regulations for the issuance of any permit ..." This is the basis for the new section.

3. *Regulatory Requirements*

Individuals, clubs or organizations wishing to sponsor field dog trials or retriever field dog trials on privately-

owned lands would be required to submit a written application on Commission forms at least 30 days in advance of this trial date. Untimely applications are subject to disapproval.

4. *Persons Affected*

Individuals, clubs and organizations sponsoring field dog trials on privately-owned land would be affected by the new requirements.

5. *Comment and Response Summary*

No comments were received on the regulation.

6. *Cost and Paperwork Requirements*

It is anticipated that there would be little additional cost associated with the new requirement. A written application on a Commission form will need to be submitted.

Effective Date

These changes are effective on publication of final adoption in the *Pennsylvania Bulletin* and remain in effect until changed by the Commission.

Contact Person

For further information on the changes the contact person is James R. Fagan, Director, Bureau of Law Enforcement, (717) 783-6526, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 141 and 147, are amended by deleting § 141.16, amending §§ 147.103 and 147.141 and by adding § 147.223 to read as set forth at 27 Pa.B. 1364 (March 15, 1997).

(b) The Executive Director of the Commission shall submit this order and 27 Pa.B. 1364 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final publication in the *Pennsylvania Bulletin*.

DONALD C. MADL,
Executive Director

Fiscal Note: Fiscal Note 48-98 remains valid for the final adoption of the subject regulations.

PROPOSED RULEMAKING

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b] Schedule of Civil Penalties

The Commissioner of Professional and Occupational Affairs (Commissioner) proposes to adopt Chapter 43b (relating to Commissioner of Professional and Occupational Affairs) to read as set forth in Annex A.

Section 5(a) of the act of June 2, 1993 (P. L. 345, No. 48) (act) (63 P. S. § 2205(a)) authorizes the Commissioner, after consultation with licensing boards and commissions in the Bureau, to adopt a schedule of civil penalties for: (1) operating without a current and valid license, registration, certificate or permit; and (2) violating a licensing board or Commission act or regulation relating to the conduct or operation of a business or facility licensed by a licensing board or commission.

Section 5(a) of the act further requires the Commissioner to publish in the *Pennsylvania Bulletin* the schedule of penalties, guidelines for imposition and procedures for appeal of the imposition of civil penalties. Accordingly, the Commissioner published a statement of policy pertaining to the schedule of civil penalties at 25 Pa.B. 4527 (October 21, 1995).

Section 5(a) of the act also requires the Commissioner, by October 21, 1997, to promulgate regulations finalizing a schedule of civil penalties, guidelines and procedures. The Commissioner intends to accomplish this mandate by promulgating the regulations in Annex A.

Prior to adopting the statement of policy, the Commissioner consulted with the applicable licensing boards, notified the various professional associations and invited comments and suggestions regarding its implementation. In addition, under the Governor's Executive Order 1996-1, the Commissioner notified the individuals and associations identified by the licensing boards and commissions of the Bureau's intent to promulgate proposed regulations and offered them the opportunity to comment on this proposal. The boards and commission considered these comments in developing the proposed schedules.

Since its implementation, civil penalty citations have been issued in approximately 373 cases. The sanctions imposed on these relatively minor violations were entered more quickly than it would have taken to resolve the same number of cases under regular disciplinary procedures.

Based upon the effectiveness of the implementation of the statement of policy, the Commissioner proposes these regulatory amendments finalizing the schedule of civil penalties, guidelines and procedures.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Commissioner submitted a copy of these proposed regulations on May 23, 1997, to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Professional Licensure and the Senate Committee on Consumer Protection and Professional Licensure. In addition to

submitting the proposed regulations, the Commissioner has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Commissioner in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulations, it will notify the Commissioner within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations, by the Commissioner, the General Assembly and the Governor of objections raised.

Fiscal Impact

Professional licensing statutes require each board and commission to be self-supporting. Revenues must be generated by fees paid by licensees and must meet or exceed budgeted expenditures.

A board's disciplinary duties consist of investigating complaints, inspecting licensed facilities and meting out appropriate sanctions. Although the boards are not supported by General Fund tax revenues, members of the regulated community are assessed a biennial renewal fee which finances a board's operations, including the disciplinary function.

Licensees are impacted individually when they are found guilty of violating a board's act or regulations and a fine is levied. Licensees who dispute charges brought against them, including those filed as civil penalty citations under the act, may request a hearing before a hearing examiner or appeal a decision to the appropriate board. The more resources and time expended by personnel of the Department to dispose of disciplinary cases, the greater the impact of the disciplinary function upon a board's operating costs.

Paperwork Requirements

The proposed regulations will not necessitate any legal, accounting, reporting or other paperwork requirements.

Statutory Authority

The regulations are proposed under the authority of section 5(a) of the act which gives the Commissioner the authority to adopt a schedule of civil penalties for: (1) operating without a current and valid license, registration, certification or permit; and (2) violating a licensing board or commission act or regulation relating to the conduct or operation of a business or facility licensed by a licensing board or commission.

Contact Person

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed regulations to Commissioner Dorothy Childress, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days following the publication of the proposed regulations in the *Pennsylvania Bulletin*.

DOROTHY CHILDRESS,
Commissioner

Fiscal Note: 16-15. No fiscal impact; (8) recommends adoption.

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

§§ 43a.1—43a.11. (Reserved).

(Editor's Note: These proposed regulations replace the Statement of Policy published at 49 Pa. Code Chapter 43a, pages 43a-1—43a-16 (serial page nos. (201947)—(214490)).

**CHAPTER 43b. COMMISSIONER OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS
SCHEDULE OF CIVIL PENALTIES, GUIDELINES FOR IMPOSITION OF CIVIL PENALTIES AND PROCEDURES FOR APPEAL**

§ 43b.1. Purpose.

The purpose of this chapter is to adopt a schedule of civil penalties, procedures for their imposition and procedures for appeal for persons operating without a current, registered, unsuspended and unrevoked license, registration, certificate or permit. The schedule of civil penalties also includes penalties imposed for violating provisions of statutes and regulations of the licensing boards and relating to the conduct or operation of a business or facility as licensed by a licensing board in the Bureau.

§ 43b.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The act of July 2, 1993 (P. L. 345, No. 48) (63 P. S. §§ 2201—2207).

Authorized agent—An individual authorized by the Bureau to issue citations in accordance with the act.

Bureau—The Bureau of Professional and Occupational Affairs under the Commissioner within the Department of State.

Commissioner—The Commissioner of Professional and Occupational Affairs.

§ 43b.3. Procedures.

(a) *Inspections/investigations.* Authorized agents may conduct inspections and investigations for the purpose of ascertaining compliance with statutory provisions and regulations of licensing boards and commissions relating to required licensure and the conduct or operation of a business or facility.

(b) *Citations.*

(1) If an inspection reveals a violation of a statute or a regulation for which a civil penalty has been established under the following schedule, the authorized agent may prepare a citation indicating the violations found and the penalties imposed. A copy of the citation will be provided to the respondent.

(2) The citation shall be made on a form approved by the Bureau.

(3) Within 10 days of the date of the issuance of the citation, the respondent shall enter one of the following:

(i) A plea to admit to the violation and remit payment of the civil penalty to the Bureau.

(ii) A plea to deny the violation and request a hearing to contest the imposition of a civil penalty.

(4) Failure to respond to the citation in the manner specified in paragraph (3) within 10 days will result in the entry of a default judgment against the respondent for the full amount of the civil penalty and may result in additional disciplinary action.

(5) The civil penalties shall be paid by certified check or cashier's check or money order and made payable to the "Commonwealth of Pennsylvania," and mailed to: Commonwealth of Pennsylvania, Department of State, Complaints Office—Citations, Post Office Box 2649, Harrisburg, Pennsylvania 17105-2649.

(c) *Hearings.*

(1) Hearings shall be conducted by a hearing examiner in compliance with 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

(2) If a violation is found, the hearing examiner shall impose the full amount of the civil penalty as charged in the citation and as authorized by the schedules in this chapter.

(d) *Appeals.* A decision by a hearing examiner may be appealed by any party by filing an application for review with the appropriate licensing board within 20 days of the mailing date of the order. An application for review shall set forth with specificity the grounds for appeal. The board will review the record established before the hearing examiner and in its discretion receive additional evidence.

(e) *Miscellaneous.* This section supplements 1 Pa. Code Part II (relating to general rules of administrative practice and procedures.)

DELAWARE RIVER BASIN COMMISSION

[25 PA. CODE CH. 901]

Proposed Amendments to the Delaware River Basin Commission's Groundwater Protected Area Regulations for Southeastern Pennsylvania

The Delaware River Basin Commission (Commission) will hold a public hearing to receive comments on proposed amendments to its Groundwater Protected Area Regulations for Southeastern Pennsylvania with respect to the establishment of numerical groundwater withdrawal limits for subbasins in the protected area. The proposed limits, based upon hydrologic budget analyses, would initially be specified for the 14 subbasins in the Neshaminy Creek Basin. Limits for the remaining 52 subbasins within the protected area would be developed upon completion of additional hydrologic budget analyses, scheduled to be completed late in 1997.

Dates

The public hearing will be held on Tuesday, June 24, 1997, beginning at 3 p.m. and continuing until 5 p.m., as long as there are people present wishing to testify. The hearing will resume at 7 p.m. and continue until 9 p.m., as long as there are people present wishing to testify.

The deadline for inclusion of written comments in the hearing record will be announced at the hearing. Persons wishing to testify at the hearing are requested to register with the Secretary in advance of the hearing.

Addresses

Written comments should be submitted to Susan M. Weisman, Delaware River Basin Commission, P.O. Box 7360, West Trenton, New Jersey 08628. The public hearing will be held in the Goddard Conference Room of the Commission's offices at 25 State Police Drive in West Trenton, New Jersey.

For Further Information Contact

Copies of the Commission's Groundwater Protected Area Regulations for Southeastern Pennsylvania may be obtained by contacting Susan M. Weisman, Commission Secretary, at (609) 883-9500 ext. 203.

Supplemental Information

Background and Rationale

The Commission's Groundwater Protected Area Regulations for Southeastern Pennsylvania were adopted in 1980 to prevent depletion of groundwater, protect the interests and rights of lawful users of the same water source, and balance and reconcile alternative and conflicting uses of limited water resources in the area. Lowered water tables resulting from withdrawals in excess of recharge rates have led to reduction of flows in some perennial streams in the region and have dried up some stream reaches which previously flowed all year. Such reductions in base flow interfere with instream and downstream water uses, adversely affect fisheries and aquatic life and threaten to reduce the capacity of streams in the region to assimilate pollutants.

Since then, the groundwater protected area regulations have been implemented and all interference issues have been addressed, with many sources limited to more reliable quantities. In addition, other alternative supplies have been made available in much of the protected area.

While it is clear that groundwater withdrawals have impacted the low flow of perennial streams, it has been difficult to address the impact on streamflow on a project by project basis. With this in mind, the Commission and its Groundwater Advisory Committee evaluated a variety of approaches and determined that additional information was needed. In 1996, the United States Geological Survey completed work on a computer program to more accurately compare water withdrawals and groundwater base flow in the Neshaminy Creek Basin. Over the past year, the Commission's Groundwater Advisory Committee met on several occasions to review the study products and discuss possible management strategies to address the problems identified by the study. Commission staff has presented the study results and options to some 15 county planning entities, State and Federal agencies and watershed, civic and professional organizations. Finally, the Commission held public briefings on the proposed amendments to the regulations on April 8, 1997, in Doylestown, Pennsylvania and on April 10, 1997, in West Chester, Pennsylvania.

The proposed amendments to the Groundwater Protected Area Regulations would establish a two-tiered system of withdrawal limits. The first tier would serve as a warning that a subbasin is "potentially stressed." In potentially stressed subbasins, applicants for new or expanded groundwater withdrawals would be required to implement one or more programs to mitigate adverse impacts of additional groundwater withdrawals. Acceptable programs would include: conjunctive use of groundwater and surface water; expanded water conservation; programs to control groundwater infiltration; and artificial recharge and spray irrigation. The second tier would serve as the maximum withdrawal limit. The Commission would seek to prevent groundwater withdrawals from exceeding the maximum withdrawal limit.

The proposed regulations would also provide incentives for holders of existing DRBC docket and protected area permits to implement the above-cited conjunctive use and conservation programs to mitigate the adverse impacts of their groundwater withdrawals. If docket or permit holders successfully implement one or both programs, the Commission would extend the docket or permit duration for up to 10 years.

The proposed regulations would also specify administrative criteria for issuing and review of dockets and permits as well as protocol for updating and revising withdrawal limits to provide additional protection for streams designated by the Commonwealth as "high quality" or "exceptional value," or to correspond with any integrated resources plans adopted by municipalities for subbasins.

The groundwater study which provided the basis for the proposed withdrawal limits for the 14 subbasins in the Neshaminy Creek Basin was prepared by the United States Geological Survey in cooperation with the Commission and is entitled "Water-Use Analysis Program for the Neshaminy Creek Basin, Bucks and Montgomery Counties, Pennsylvania." Limited quantities of this report and its accompanying map series entitled "Maps of Difference Between Groundwater Contributions to Base Flow for the Various Recurrence Intervals and Groundwater Withdrawals in the Neshaminy Creek Basin, Pennsylvania" were printed and may be reviewed at the Commission's

offices at 25 State Police Drive, West Trenton, New Jersey. Contact Judith L. Strong, Commission Librarian at (609) 883-9500 ext. 263 to make an appointment. Review copies are also available at the offices of the Bucks County Planning Commission (215) 345-3400; Bucks County Library Center (215) 348-9082; Montgomery County Planning Commission (Drew Shaw) (610) 278-3733; the Chester County Library (Sue Wilson) (610) 363-0884; and Lehigh Valley Planning Commission (610) 264-4544.

The subject of the hearing will be as follows:

Amendment to the Commission's Groundwater Protected Area Regulations for Southeastern Pennsylvania Relating to the Establishment of Numerical Groundwater Withdrawal Limits for Subbasins in the Protected Area.

It is proposed to:

1. Amend the Groundwater Protected Area Regulations for Southeastern Pennsylvania as follows: Section 6 is hereby modified by the addition of new subsections h. through m., to read as follows:

h. Dockets and protected area permits may be issued for a duration of up to 10 years and shall specify the maximum total withdrawals that must not be exceeded during any consecutive 30-day period. Such maximum total withdrawals shall be based on demands projected to occur during the duration of the docket or protected area permit.

i. Groundwater withdrawal limits shall be defined for subbasins in accordance with the provisions of (1) or (2). The limits for specific subbasins are set forth in (3).

(1) Hydrologic budget analyses shall be conducted for all subbasins in the Southeastern Pennsylvania Groundwater Protected Area. The analyses shall determine the 1-year-in-25 average annual baseflow rate. The 1-year-in-25 average annual baseflow rate shall serve as the maximum withdrawal limit for net annual groundwater withdrawals for subbasins. If net annual groundwater withdrawals exceed 75 percent of this rate for a subbasin, such a subbasin shall be deemed "potentially stressed." The Commission shall maintain a current list of net annual groundwater withdrawals for all subbasins. "Net" annual groundwater withdrawals include total groundwater withdrawals less total water returned to the groundwater system of the same subbasin.

(2) Upon application by the appropriate governmental body or bodies, the withdrawal limits criteria set forth in (1) may be revised by the Commission to provide additional protection for any subbasin identified in (3) with streams or stream segments designated by the Commonwealth as either "high quality" or "exceptional value" or to correspond with more stringent requirements in integrated resource plans adopted and implemented by all municipalities within a subbasin identified in (3). Integrated resource plans shall set forth the hydrologic basis for more stringent withdrawal limits and consider groundwater availability, potential impacts of withdrawals on flow frequency, and existing and future water needs in the subbasin. Integrated resource plans shall be adopted and implemented by all municipalities within a subbasin and incorporated into each municipality's Comprehensive Plan, which is required by the Pennsylvania Municipalities Planning Code.

(3) The potentially stressed levels and withdrawal limits for all delineated basins and subbasins are set forth below:

<i>Neshaminy Creek Basin</i>		
<i>Subbasin</i>	<i>Potentially Stressed (mg/y)</i>	<i>Withdrawal Limit (mg/y)</i>
West Branch Neshaminy	1054	1405
Pine Run	589	785
North Branch Neshaminy	845	1126
Main Stem Doylestown	713	950
Main Stem Warwick	927	1236
Little Neshaminy Warrington	505	673
Park Creek	584	779
Little Neshaminy Warminster	1008	1344
Mill Creek	1175	1567
Main Stem Northampton	593	791
Newtown Creek	298	397
Core Creek	497	662
Ironworks Creek	326	434
Main Stem Lower Neshaminy	2876	3835

Subject to public notice and hearing, this section may be updated or revised based upon completion of hydrologic budget analyses for the remaining 52 subbasins within the Protected Area or in accordance with (2).

j. Upon its determination that a subbasin is potentially stressed, the Commission shall notify all groundwater users in the subbasin withdrawing 10,000 gallons per day or more during any 30-day period of its determination. If any such users have not obtained a docket or protected area permit from the Commission, they shall be required to apply to the Commission within 60 days of notification.

k. In potentially stressed subbasins, dockets and protected area permit applications for new or expanded groundwater withdrawals must include one or more programs to mitigate the adverse impacts of the new or expanded groundwater withdrawal. The eligible programs are noted below. If the remainder of the application and the program(s) submitted are acceptable, the withdrawal may be approved by the Commission for an initial 3-year period. The applicant shall implement the program(s) immediately upon Commission approval. If after the 3-year period the program(s) is deemed successful by the Commission, the docket or permit duration may be extended for up to 10 years. The project sponsor shall be required to continue the program(s) for the duration of the docket or permit.

(1) A conjunctive use program that demonstrates the applicant's capability to obtain at least 15 percent of its average annual system usage from a reliable surface water supply. An acceptable program shall include either reservoir storage or an interconnection with a surface water supplier and an agreement or contract to purchase water from the supplier for the duration of the docket or permit.

(2) A water conservation program that exceeds the requirements of Section 7. For existing water utilities, the program shall reduce average annual per capita water usage by at least 5%. All conservation programs shall include water conservation pricing, either inclining block rates, seasonal rates, or excess-use surcharges, and plumbing fixture rebate or retrofit components. For self-supplied users, the program shall include water efficient technologies such as recycling, reuse, xeriscaping, drip or micro irrigation, or other innovative technology approved by the Commission.

(3) A program to monitor and control groundwater infiltration to the receiving sewer system. The program must quantify groundwater infiltration to the system and

document reductions in infiltration. The program should include such measures as leakage surveys of sewer mains, metering of sewer flows in mains and interceptors, analysis of sewer system flows to quantify infiltration, and remedial measures such as repair of leaks and joints, main lining and main replacement.

(4) An artificial recharge or spray irrigation program that demonstrates a return of at least 60 percent of the total new or expanded annual withdrawal to the same groundwater basin and aquifer system from which it is withdrawn. The program shall not impair groundwater quality.

l. The durations of all existing docket and protected area permits may be extended by the Commission for an additional 5 years if the docket or permit holder successfully implements either option (k)(1) or (k)(2). If the docket or permit holder successfully implements both options, the docket or permit may be extended for an additional 10 years. The Executive Director shall notify all docket and permit holders potentially affected by this resolution of their right to file an application to determine their eligibility for extension.

m. It is the policy of the Commission to prevent, to the extent reasonably possible, net annual groundwater withdrawals from exceeding the maximum withdrawal limit. An application for a proposed new or expanded groundwater withdrawal that would result in net annual groundwater withdrawals exceeding the maximum withdrawal limit established in paragraph (i)(3) shall set forth the applicant's proposal for complying with the Commission's policy, with such supporting documentation as may be required by the Executive Director. Notification of the application shall be given to all affected existing water

users who may also submit comments or recommendations for consideration by the Commission on the pending application. In taking action upon the application, the Commission shall give consideration to the submissions from the applicant and affected water users. If the Commission determines that it is in the public interest to do so, it may reduce the total of proposed and existing groundwater withdrawals within a subbasin to a level at or below the withdrawal limit. Unless otherwise determined by the Commission, docket and permit holders shall share equitably in such reductions.

2. This regulation shall be effective immediately. Delaware River Basin Compact, 75 Stat. 688.

SUSAN M. WEISMAN,
Secretary

Availability of 1997-98 Competitive Funds under the Carl D. Perkins Vocational and Applied Tech- nology Education Act Amendments of 1990

Applications for FY 1997-98 Perkins Vocational and Applied Technology Education competitive funds are invited for the following category:

386—Tech Prep Education: Resource and Services
Statewide Information Clearinghouse

1. *Eligibility Requirements*

Be an accredited, nonprofit 2 or 4 year public or private university, college or community college with proven experience serving as an information clearinghouse in the areas of facilitation, assembly and dissemination of programmatic materials with private industry or the Federal, State or local government. Must be able to coordinate Statewide meetings, obtain meeting facilities, speakers, agendas and other related services.

2. *Application Requirements*

Applications are due June 2, 1997 by 5 p.m. (Change as Published in the *Pennsylvania Bulletin*, May 24th).

Correction—Applications are due June 20, 1997, by 5 p.m.

3. *Application Forms and Guidelines*

Completion of applications requires the use of two references: the general and categorical guidelines. Documents are available from Emmanuel Constantine, Division of Advisory and Approval Services, Bureau of Vocational-Technical Education, 333 Market Street, 6th

Floor, Harrisburg, PA 17126-0333, (717) 787-5293.

4. *Completed Applications*

Completed applications are to be mailed or delivered (not faxed) to the Division of Advisory and Approval Services.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Richard Adams at (717) 327-3666. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Northcentral Region: Environmental Program Manager, Water Management Program, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (717) 327-3666.

PA 0020486. Sewerage, SIC: 4952, **Bellefonte Borough**, 236 West Lamb Street, Bellefonte, PA 16823.

This proposed action is for renewal of an NPDES permit for an existing discharge of treated sewage wastewater to Spring Creek in Spring Township, **Centre County**.

The receiving stream is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purposes of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is PA American Water Company located at Milton.

The proposed effluent limits for Outfall 001, based on a design flow of 2.4 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	40	50

(10-1 to 4-30)	2,000 col/100 ml as a geometric mean		
pH	6.0—9.0 at all times		

The EPA waiver is not in effect.

PA 00112925. SIC: 4952, **Jemison Valley Brethren In Christ Church**, R. R. 4, Box 720, Westfield, PA 16950.

This proposed action is for renewal of an NPDES permit for discharge of treated sewage to Jemison Creek in Westfield Township, **Tioga County**.

The receiving stream is classified for the following uses: warm water fishery and aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the downstream potable water supply (PWS) considered during the evaluation is the PA/NY border located approximately 20 miles below the discharge.

The proposed effluent limits for Outfall 001, based on a design flow of 0.001 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	50

(10-1 to 4-30)	200/100 ml as a geometric average	
pH	6.0—9.0 S. U. at all times	

The EPA waiver is in effect.

PA 0027057. Sewerage, SIC: 4952, **Williamsport Sanitary Authority Central Plant**, 253 West Fourth Street, Williamsport, PA 17701.

This proposed action is for renewal of an NPDES permit for an existing discharge of treated sewage wastewater to West Branch Susquehanna River in Williamsport City, **Lycoming County**.

The receiving stream is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purposes of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is PA American Water Company located at Milton.

Outfall 001

The proposed effluent limits for the first 3 years of the permit term, based on a design flow of 10.5 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	40	50

INDIVIDUAL PERMITS

(PAS)

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will

be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Regional Office: Environmental Cleanup Program Manager, One Ararat Boulevard, Harrisburg, PA 17110, (717) 657-4592.

The Lumber Yard, Borough of Lemoyne, **Cumberland County**. Paxton Leasing Company, 20 West Market Street, York, PA 17405, has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the background standard. A summary of the Notice of Intent to Remediate was published in the *Harrisburg Sunday Patriot News* on April 27, 1997.

Union Tank Car Company, City of Altoona, **Blair County**. Union Tank Car Company, 151st Street and Railroad Avenue, East Chicago, IN 46312, has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with solvents and BTEX. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was published in the *Altoona Mirror* on March 28, 1997.

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Pennsylvania Power & Light Company (PP&L)—Retired Avoca Substation, Avoca Borough, **Luzerne County**. PP&L, 2 North Ninth Street, Allentown, PA 18101 has submitted a Notice of Intent to Remediate concerning the remediation of site soils found to have been contaminated with PCBs (polychlorinated biphenyls). The applicant proposes to remediate the site to meet the Statewide health standard.

Pennsylvania Power & Light Company (PP&L)—PP&L Pole #63134S48433, Whitehall Township, **Lehigh County**. PP&L, 2 North Ninth Street, Allentown, PA 18101 has submitted a Notice of Intent to Remediate concerning the remediation of site soils found to have been contaminated with PCBs (polychlorinated biphenyls). The applicant proposes to remediate the site to meet the Statewide health standard.

Pennsylvania Power & Light Company (PP&L)—PP&L Pole #64413S48756, City of Bethlehem, **Lehigh County**. PP&L, 2 North Ninth Street, Allentown, PA 18101 has submitted a Notice of Intent to Remediate concerning the remediation of site soils found to have been contaminated with PCBs (polychlorinated biphenyls). The applicant proposes to remediate the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period, a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact Steve Curcio at (814) 332-6816. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Northwest Regional Office: John Fruehstorfer, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

Holiday Shell, 8030 Perry Highway, **County of Erie**, has submitted a Notice of Intent to Remediate soil and groundwater. The site has been found to be contaminated with BTEX. The applicant proposes to remediate the site to meet the site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Erie Daily Times* on March 8, 1997.

MINING

CONDUCT COAL AND NONCOAL ACTIVITIES

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation
 and Reclamation Act (52 P. S. §§ 1396.1—1396.31a); the
 Noncoal Surface Mining Conservation and Reclamation
 Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35
 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Con-
 trol Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine
 Subsidence and Land Conservation Act (52 P. S.
 §§ 1406.1—1406.21). Mining activity permits issued in
 response to such applications will also address the appli-
 cable permitting requirements of the following statutes:
 the Air Pollution Control Act (35 P. S. §§ 4001—4015);
 the Dam Safety and Encroachments Act (32 P. S.
 §§ 693.1—693.27); and the Solid Waste Management Act
 (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining
 activities have been received by the Department of Envi-
 ronmental Protection (Department). A copy of the applica-
 tion is available for inspection at the District mining
 office indicated above each application. Where a 401
 water quality certification is needed for any aspect of a
 particular proposed mining activity, the submittal of the
 permit application will serve as the request for such
 certification.

Written comments or objections, or requests for infor-
 mal conferences on applications, may be submitted by any
 person or any officer or head of any Federal, State or
 local government agency or authority to the Department
 at the same address within 30 days of this publication, or

within 30 days after the last publication of the applicant's
 newspaper advertisement, as provided by 25 Pa. Code
 §§ 77.121—77.123 and 86.31—86.34 (relating to public
 notices of filing of permit applications, opportunity for
 comment, and informal conferences).

Where any of the mining activities listed below will
 have discharges of wastewater to streams, the Depart-
 ment will incorporate NPDES permits into the mining
 activity permits issued in response to these applications.
 The NPDES permits will contain, at a minimum,
 technology-based effluent limitations (as described in the
 Department's regulations—25 Pa. Code §§ 77.522, 87.102,
 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manga-
 nese, suspended solids, settleable solids, alkalinity and
 pH. In addition to the above, more restrictive effluent
 limitations, restrictions on discharge volume or restric-
 tions on the extent of mining which may occur will be
 incorporated into a mining activity permit when neces-
 sary for compliance with water quality standards (in
 accordance with 25 Pa. Code Chs. 93 and 95). Persons or
 agencies which have requested review of the NPDES
 permit requirements for a particular mining activity
 within the above-mentioned public comment period will
 be provided with a 30-day period to review and submit
 comments on those requirements.

Written comments or objections should contain the
 name, address and telephone number of persons submit-
 ting comments or objections; application number; and a
 statement of sufficient detail to inform the Department
 on the basis of comment or objection and relevant facts
 upon which it is based. Requests for an informal confer-
 ence must contain the name, address and telephone
 number of requestor, application number, a brief sum-
 mary of the issues to be raised by the requestor at the
 conference and a statement whether the requestor desires
 to have the conference conducted in the locality of the
 proposed mining activities.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Dams, Waterways and Wetlands (BDWW) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provision of 33 U.S.C.A. §§ 1301—1303, 1306 and 1307, as well as relevant State requirements. Initial requests for 401 Certification will be published concurrently with the BDWW permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

This culvert is located approximately 175 feet north of the intersection of Ridley Creek Road (SR 4003, Section 28M) and Baltimore Pike (SR 2016) (Media, PA Quadrangle N: 7.65 inches; W: 3.8 inches) in Upper Providence Township, **Delaware County**.

E46-774. Encroachment. **Tower Bridge Land Holding Assoc. I**, 1 Tower Bridge, 100 Front Street, Suite 900, West Conshohocken, PA 19428. To extend, operate and maintain an existing stream enclosure located in and along an unnamed tributary to the Schuylkill River, locally known as Aramingo Creek (WWF, MF), and within the 100-year floodway of the Schuylkill River. The purpose of the stream enclosure extension is to provide an access road adjacent to the proposed Four Tower Bridge Office Building and also to provide necessary access to the existing ASTM Building. The total length of the existing stream enclosure is approximately 5,178 linear feet and the size varies along its length. The proposed stream enclosure extension consists of approximately 65 linear feet, 10-foot wide by 10-foot high precast concrete box culvert with concrete endwall attached to the aforementioned existing 8-foot wide by 9.41 foot high stone arch stream enclosure at the downstream terminus. The site is situated along the southern bank of the Schuylkill River, approximately 500 feet northeast from the intersection of Fayette Street and S.R. 23 (Norristown, PA Quadrangle N: 12.6 inches; W: 8.4 inches) in West Conshohocken Borough, **Montgomery County**.

E23-360. Encroachment. **Radnor Valley Country Club**, 555 Sproul Road, Villanova, PA 19085. Club Golf Course located at 555 Sproul Road (Norristown, PA Quadrangle N: 4.4 inches; W: 16.0 inches) in Radnor Township, **Delaware County**.

Northwest Regional Office: Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

E10-259. Encroachment. **Pennsylvania Department of Transportation**, District 10-0, P. O. Box 429, Indiana, PA 15701. To remove the existing single span bridge and install and maintain a 2-span, concrete box beam bridge with a new pier. The bridge will have a clear span of 67.78 feet and an average underclearance of 17 feet. This bridge will carry S. R. 288 over Connoquenessing Creek (HQ-WWF). New pier construction will require the construction of a temporary causeway to mid-channel. The project is located on S. R. 288, approximately 3,600 feet west of its intersection with S. R. 19 (Zelienople, PA Quadrangle N: 8.0 inches; W: 3.5 inches) located in Zelienople Borough, **Butler County**.

E25-486A. Encroachment. **Springfield Township**, Robert Snow, Supervisor, 13300 Ridge Road, Box 274, West Springfield, PA 16443. To amend DEP Permit No. E25-486 which authorized Springfield Township to construct and maintain five 50-foot long groins extending into Lake Erie at Raccoon Creek Park. The proposed work involves the construction and maintenance of six additional 50-foot long groins extending into Lake Erie to the east of the existing boat ramp at Raccoon Creek Park (East Springfield, PA Quadrangle N: 20.95 inches; W: 14.5 inches) located in Springfield Township, **Erie County**.

E27-055. Encroachment. **Pennsylvania Department of Transportation**, District 1-0, 1140 Liberty Street, Franklin, PA 16323-1289. To place 1 foot of concrete 1 foot below the stream bed underneath the existing bridge which crosses an unnamed tributary of Little Hickory Creek (HQ-CWF). This submerged concrete pad will extend from wingwall to wingwall, with additional stream bottom rock inlet and outlet structures extending 5 feet beyond the wingwalls. The total project will disturb approximately 440 square feet of stream bed. The project is located on Little Hickory Road (S. R. 3004) approximately 1,800 feet east of the intersection of Little Hickory Road (S. R. 3004) and Connelly Hill Road (T-326) (West Hickory, PA Quadrangle N: 10.1 inches; W: 3.5 inches) located in Hickory Township, **Forest County**.

Northeast Regional Office: Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-5485.

Permit No. E40-468. Encroachment. **Conyngham Township**, Penn Pond Hill Road, Box 1, Mocanaqua, PA 18655. To remove the existing structure and to construct and maintain a road crossing of Turtle Creek (CWF), consisting of a 10.9-foot by 4.25-foot aluminum box culvert. The project is located on Paradise Avenue, approximately 400 feet northeast of the intersection of S. R. 0239 and S. R. 3004 (Shickshinny, PA Quadrangle N: 3.1 inches; W: 1.8 inches), in Conyngham Township, **Luzerne County** (Baltimore District, Army Corps of Engineers).

Permit No. E48-255. Encroachment. **Pennsylvania Department of Transportation**, Engineering District 5-0, 1713 Lehigh Street, Allentown, PA 18103. To place fill in 0.17 acre of wetlands and to construct and maintain a 4-span steel truss bridge across the Lehigh River and Lehigh Canal (WWF) having a span of approximately 1,728 feet and an underclearance of approximately 100 feet and 3 pipe extensions and 1 culvert in tributaries to the Lehigh River (WWF). The project is associated with

S. R. 0033 extension from S. R. 0022 to S. R. 0078 including S. R. 0078 roadway widening (Nazareth, PA Quadrangle N: 3 inches; W: 4 inches) in Bethlehem and Lower Saucon Townships and City of Easton, **Northampton County** (Philadelphia District, Army Corps of Engineers).

DAM SAFETY

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

SEWAGE FACILITIES ACT

PLAN APPROVAL

Plan approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southcentral Region, One Ararat Boulevard, Harrisburg, PA 17110.

Location: **Oley Township, Berks County**, P. O. Box 19, Oley, PA 17547.

The approved plan provided for upgrade and expansion of an existing wastewater treatment plant. The sewage treatment plant will treat .35 mgd and use sequencing batch reactor technology. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Plan revision approval granted May 15, 1997 under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southcentral Region, One Ararat Boulevard, Harrisburg, PA 17110.

Location: **Middlesex Township, Cumberland County**, 350 North Middlesex Road, Carlisle, PA 17013.

The approved plan revision (Edward J. Noyes, DEP Code No. A3-21915-144-3S) provides for the installation of an individual residence sewage treatment plant on a 13.6 acre lot with discharge to an unnamed tributary of Conodoguinet Creek. The project is located about 1/4 mile south of SR 0944, west of T-636 and north of T-503.

Required NPDES Permits or WQM permits must be obtained in the name of the responsible entity.

Plan Approval granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2553.

Melroe's Restaurant Salem Township, Luzerne County.

This project will involve an existing commercial restaurant on an approved building lot. Wastewater flows of 3,000 GPD will be collected and disposed of by a new wastewater treatment facility with a stream discharge. The location of this project is on S. R. 0011 (R. R. 1, Box 170) in Salem Township, Luzerne County, PA.

This treatment plant will discharge to a small unnamed tributary that flows into the Susquehanna River. Acceptance of this revision is conceptual. It leaves to be addressed at a later date both (1) the effluent limitations necessary to protect public health, and (2) specific treatment technology.

The property owner agrees that the treatment facility shall be an interim for sewage disposal. If a public sewage system should become available to the property, the owner agrees to abandon the treatment facility and connect to the public sewer system.

SAFE DRINKING WATER

Actions taken under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Southeast Regional Office: Sanitarian Regional Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428-2233, (610) 832-6130.

To construct a public water supply for the Keystone Ozone Pure Water Company (bottled water plant). The water supply will consist of two 200 gpm wells and a 15,000 gallon stainless steel storage tank, in Lower Makefield Township, **Bucks County**.

Type of Facility: Water Supply System
Consulting Engineer: Ralph E. Sundstrom, 39 Lakeside Drive, Levittown, PA 19054.

Permit to Construct Issued: May 14, 1997.

Permit No. 1597502. Public water supply. **City of Coatesville Authority**, 114 East Lincoln Highway, Coatesville, PA 19320. The applicant has been issued a permit for the installation of a corrosion control station that will feed the Borough of Quarryville in Colerain Township, **Lancaster County**; West Caln Township, **Chester County**.

Type of Facility: Corrosion Control Station

Consulting Engineer: Brian P. MacEwen, P.E., 114 East Lincoln Highway, P. O. Box 791, Coatesville, PA 19320.

Northeast Regional Office: Sanitarian Regional Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

4089529. Public water supply. **Pellam Terrace Mobile Home Court No. 1**, David J. Pellam, R. R. 2, Box 270, Harveys Lake, PA 18618. This proposal involves the modification of an existing public water supply serving a mobile home park. The system includes one well, storage, chlorination and distribution system. It is located in Dallas Township, **Luzerne County**. Permit issued May 19, 1997.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment Approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457 (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate status provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

Once a year on the first Saturday in August, the Governor's Office publishes a list of the nonregulatory guidance documents of all State agencies in the *Pennsylvania Bulletin*. The next publication of this list will be in the August 2, 1997, *Pennsylvania Bulletin*.

DEP's Technical Guidance Document Inventory

DEP publishes a list of its technical guidance documents in its Technical Guidance Document Inventory twice a year. The June 1997 edition of the Inventory will soon be available on DEP's World Wide Web site. DEP's Web address is <http://www.dep.state.pa.us>. To go to the location of the Inventory once on the DEP home page, persons should choose the Public Participation Center/Technical Guidance Document/Basic Inventory.

Bound paper copies of the June 1997 Inventory will become available in July for those who do not have access to the Web site. DEP automatically mails a paper copy of the June 1997 Inventory to persons who received a bound paper copy of the December 1996 Inventory. Persons who wish to add their address to the mailing list should call Nina Huizinga at (717) 783-8727.

DEP's Technical Guidance Documents on the World Wide Web

DEP's Web address is <http://www.dep.state.pa.us>. To go to the location of DEP's Technical Guidance Documents once on the DEP home page, persons should choose the Public Participation Center. The Center contains several links to DEP's Technical Guidance Documents. Persons should look under the heading "Proposals Open to Comment" for the link to "Draft Technical Guidance." Persons should look under the heading "Proposals Recently Finalized" for the link to "Technical Guidance." Persons should look under the heading "Technical Guidance" for one link to the "Basic Inventory" and a second link to "Final Guidance." The final documents menu will list DEP's bureaus. Persons should click on the name of the bureau to get to the list of the documents from that bureau that are currently on the Web. Then, to get to see a document, persons should click on the ID number of the document. DEP will be adding its revised documents to the Web throughout 1997.

Help Protect the Environment: Use the Web and Save Trees

DEP encourages members of the public who read these announcements in the *Pennsylvania Bulletin* and DEP's *UPDATE* and who have access to the World Wide Web to avoid the needless duplication of paper copies of DEP's technical guidance documents. Persons can download those DEP documents which are posted on DEP's Web site onto their computers and read them electronically. This method saves both paper and money.

Ordering Paper Copies of DEP Technical Guidance

Although DEP promotes the use of electronic copies of its technical guidance rather than paper copies, there are

still reasons for DEP to continue to provide members of the public with paper copies: 1) It may be more convenient to use some documents in a paper form, 2) Not everyone has access to the World Wide Web and 3) Not all DEP documents are on DEP's Web site yet. Persons can order an unbound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Between publication of its Inventory, DEP announces changes to its technical guidance documents in its weekly newsletter, the *UPDATE* and the *Pennsylvania Bulletin*. Here is the current list of recently finalized documents, draft documents and notices of intended changes to technical guidance.

Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments about the Inventory, the documents on the World Wide Web, the availability of paper copies from the printer or the technical guidance document process in general should call Nina Huizinga at (717) 783-8727.

Final Technical Guidance—New Guidance

DEP ID: 362-2206-007 Title: Policy Establishing New Program Direction for Act 537 Comprehensive Planning Description: DEP will help rural municipalities and their consultants find practical, affordable solutions to their existing and newly discovered sewage problems that will protect public health and the environment, and will assist them in finding the funding necessary to implement these solutions. Page Length: 3 pages Location: Volume 34, Tab 14A Contact: Cynthia Tyree at (717) 787-4317.

Final Technical Guidance—Revision to Existing Guidance

DEP ID: 562-2112-503 Title: Bituminous Coal Surface Mining/Blasting near Utilities and Pipelines Description: This document clarifies permitting procedures and safety guidelines which bituminous surface mine operators should follow to insure the protection of utilities and pipelines. Page Length: 3 pages Location: Volume 12, Tab 34 Contact: Dottie Shellehamer at (717) 787-5103.

Final Technical Guidance—Minor Revision

DEP ID: 562-3000-110 Title: Applicant Violator System (AVS) Inspections Description: DEP conducts on-site inspections of active mine sites that are either producing coal, or are capable of producing coal, to verify that information submitted by the applicant for permit issuance remains valid. Draft Technical Guidance

DEP ID: 391-2000-030 Title: Comprehensive State Groundwater Protection Program (CSGWPP) Background: This guidance defines the Pennsylvania Comprehensive State Groundwater Protection Program. It is a State-EPA initiative which provides a mechanism whereby States and EPA can work together to develop a comprehensive and consistent Statewide approach to protecting the State's groundwater resources. It is a cross-program effort which focuses on pollution prevention. Review and Development Process: The following DEP programs had input

to development of this document through the CSGWPP Work Group: Bureaus of Watershed Conservation, Land Recycling and Waste Management, Water Quality Protection, Water Supply Management, Laboratories, Oil and Gas Management, Mining and Reclamation, and the Environmental Cleanup Program. DCONR input to the Work Group was provided by the Bureau of Topographic and Geologic Survey. Other State departments with input were Agriculture, Transportation, Community and Economic Development and the Game Commission. Federal input and comment were solicited from United States Environmental Protection Agency, United States Geological Survey, United States Fish and Wildlife Service, Office of Services, Department of Defense and Federal Highway Administration. Additional input was requested from the Ohio River Valley Sanitation Commission, Delaware River Basin Commission, Interstate Oil and Gas Commission, Interstate Commission on the Potomac River Basin, Chesapeake Bay Program and the Susquehanna River Basin Commission. The draft document is now being made available for public comment. Deadline for submittal of comments: July 7, 1997 Contact: James T. Ulanoski at (717) 787-9637.

Notice of Intent to Add and Revise Technical Guidance

Draft Title: Critical Elements for Certification of Laboratories for Radionuclides Background: This document is being added to the Inventory and it is being revised. It is an existing document that has never been listed on the Inventory before. This document provides conditions for obtaining or maintaining drinking water laboratory certification in the area of radionuclides analysis. It is based on EPA's Manual for the Certification of Laboratories Analyzing Drinking Water. Anticipated Effective Date: September 1, 1997. Anticipated Draft Development Date: June 15, 1997. Proposed Development and Review Process: The draft will be distributed for review within DEP, including drinking water program staff and program counsel. The availability of the draft will be announced in the *Pennsylvania Bulletin* and in DEP's *UPDATE* for public review and comment. Contact: Ted Lyter at (717) 783-7150.

Pennsylvania Wetland Replacement Project; Public Notice

0-18-D11-001. Wetland Restoration Project. The Division of Waterways, Wetlands and Erosion Control, in cooperation with Joseph Emerick, the Natural Resource Conservation Service, and the Cambria County Conservation District, proposes to restore 1 acre of wetland, approximately 5,000 feet north of where T-478 crosses Williams Run (Colver Quadrangle, N: 4.7 inches; W: 2.8 inches) in Cambria Township, **Cambria County**.

The goal of the Bear Hollow Farm wetland project is to create a mosaic of aquatic habitat by restoring emergent wetland habitat adjacent to two existing ponds. Bear Hollow Farm will be the Environmental Education Center

for Cambria County and will be used by more than 200 students a year. The 1 acre restoration area is in the Lower Allegheny River basin where 1.3 acres of wetland impact has been reported. The restoration area is vegetated by old field grasses and goldenrods and bordered by two ponds and upland forest. Over 75% of the site will have water less than 6 inches in depth. The site will be stabilized and allowed to stand for 1 year before determining what additional plantings are required.

For further information contact: Department of Environmental Protection, Bureau of Water Quality Protection, Division of Waterways, Wetlands and Erosion Control, 400 Market Street, 6th Floor, P. O. Box 8554, Harrisburg, PA 17105-8554, (717) 787-6827.

Pennsylvania Wetland Replacement Project; Public Notice

S-05C-19-1. Wetland restoration project. The Division of Waterways, Wetlands and Erosion Control, in cooperation with Richard Wenner, Natural Resource Conservation Service and the Fishing Creek Rod & Gun Club, proposes to restore 1.5 acres of wetland, approximately 2,000 feet south of the intersection of SR1022, and T764 (Stillwater, PA Quadrangle, N:27 inches; W:10.7 inches) in Fishing Creek Township, **Columbia County**.

The primary goal of the Wenner wetland restoration project is to provide waterfowl and wading bird habitat using shallow water and emergent areas for food. Restoration on this prior converted cropland, dominated by old field vegetation including Queen Anne's Lace and goldenrods, will provide 1.5 acres of wetland habitat in the Upper Central Susquehanna Subbasin. To date there has been approximately 1.2 acres of impact in the subbasin. Upon completion approximately 60% of the site will have standing water between 4 and 18 inches in depth. On 10% of the site (adjacent to the berm), the water will be greater than 18 inches and on the remaining 30% of the site the water will be less than 4 inches in depth. The restoration area is bounded by silky dogwood dominated scrub-shrub wetlands on one side. As part of the Erosion and Sedimentation Control plan, the restoration area will be seeded and stabilized. The site will stand for 1 year before determining if extra planting will be required, or if the adjacent wetland has provided any volunteer species. The berms will serve as resting areas.

DEPARTMENT OF TRANSPORTATION

Retention of Engineering Firms

Allegheny, Beaver and Lawrence Counties

Project Reference No. 08430AG2079

The Department of Transportation will retain an engineering firm to perform routine NBIS bridge inspections for 17 fracture critical State-owned bridges in Engineering District 11-0, that is Allegheny, Beaver and Lawrence Counties. These bridges include 14 Steel (2 or 3 girder), 2 Tied Arch and 1 Arch Truss Structures. The structure lengths range from 369 feet to 4,544 feet.

The selected firm will be required to provide two NBIS inspections and two FCM inspections for each bridge over a 4 year period. The firm will provide updated inspection reports and recommend if load rating analyses are necessary, as directed by the Department. The report will

include an inspection summary, field inspection Form D-450F, updated BMS coding sheets and recommendations.

The Department will select one firm for the purpose of negotiating an engineering agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The selection will be established directly from the letters of interest. Technical proposals will not be required.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

a. Specialized technical expertise and experience of the individuals committed to this assignment. In addition, the firm should discuss its abilities to recommend fracture critical retrofit schemes.

b. Number of certified inspectors and inspection teams available for this assignment and the location of the office from which the employees will be working. A minimum of two teams will be necessary for this Agreement.

c. Capabilities of the proposed teams to address the bridge inspection, engineering evaluations and recommen-

dations and related aspects identified in the advertisement.

d. Prior technical successes and timeliness in performing bridge inspection work with the Department.

e. Internal procedures for cost containment and quality assurance.

f. Current bridge inspection workload.

g. Location of firm.

h. Overall presentation of the firm's letter of interest.

Address these items and any necessary further details in a brief yet comprehensive manner in the letter of interest.

The second copy of the letter of interest and required forms (see general requirements and information section) shall be sent to Henry M. Nutbrown, District 11-0, 45 Thoms Run Road, Bridgeville, PA 15017-2853.

Technical questions concerning the requirements for this project should be directed to Lou Ruzzi, District 11-0, at (412) 429-4897.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a letter of interest and required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the letter of interest and required information must be submitted to Charles W. Allwein, P.E., Chief, Consultant Agreement Division, 7th Floor, Forum Place, 555 Walnut Street, Harrisburg, PA 17101-1900.

The letter of interest and required information must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. prevailing time of the thirteenth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a Joint Venture with an individual, firm or corporation which is permitted under the State law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate letters of interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation

Efficiency Act of 1991 and currently certified by the Department of Transportation, shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof.

Proposing DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include the following information, and the information must be packaged and presented in the following order:

1. Transmittal Letter (maximum of two typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable) and the firm's Federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employes of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats and reports issued by the firm.

2. Project Organization Chart (one page, one side)

This chart should show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 must be signed, dated and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. Under Item 4 of this form, Column A should include the number of subconsultant personnel and Column B should include the number of prime consultant personnel to be assigned to work on this project reference number.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than 1 year old as of the date of this advertisement, must accompany each

letter of interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the letter of interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These forms shall be assembled with the prime's first, followed by the subconsultant's in the same order as they appear in Item 6 of Form 255.

5. Workload Projection Graph (not required for Construction Inspection Services)

A Workload Projection Graph for the prime and each subconsultant should indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next 2-year time frame. The Workload Projection Graph should be submitted for the offices where the work would be performed and should only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (if required)

If the advertisement requires a letter signed by individuals giving their approval to use their names in the letter of interest, the letters from proposed prime employees should be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include, with each letter of interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

This page must show the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Account must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten one sided pages or five double sided pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisements will be made to one of the firms who submitted an acceptable letter of interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the

right to reject all letters submitted, to cancel the solicitations requested under this notice and/or to readvertise solicitation for the work and services.

West Pottsgrove Township v. DEP; Doc. No. 96-135-MG

The Department of Environmental Protection (Department) and West Pottsgrove Township (Township) have agreed to a settlement of the above appeal.

On May 31, 1996, the Department issued an order to the Township requiring that the Township implement an Infiltration and Inflow elimination program (I/I Program) according to a schedule set out in the order. The Township filed a timely appeal of the Department's issuance of the order. Since the time of the filing of the appeal, the Township has conducted a Wet Weather Flow Study and a Sewer System Evaluation Survey and submitted reports on this work, as required by the order.

The parties have agreed to a settlement of the appeal according to the following terms:

(1) The Township and the Department agreed to a schedule for completion of additional I/I Program work.

(2) The Township and the Department agreed that completion of this additional I/I program work will constitute full compliance by the Township with the Department's Order.

(3) The Township will continue to submit monthly status reports on the progress of the I/I Program work until its completion.

(4) The Township agreed to withdraw its appeal.

Copies of the full agreement are in the possession of:

Lee D. Mescolotto, Esquire, 535 High Street, P. O. Box 792, Pottstown, PA 19464, (610) 323-2900;

Martha E. Blasberg, Assistant Counsel, Department of Environmental Protection, Office of Chief Counsel—Southeast Region, Lee Park—555 E. North Lane, Suite 6015, Conshohocken, PA 19428-2233, (610) 832-6313;

and at the office of the Environmental Hearing Board and may be reviewed by an interested party on request during normal business hours.

A person aggrieved by the above settlement has a right to appeal to the Environmental Hearing Board, 2nd Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457. Appeals must be filed within 20 days of this publication.

The Environmental Hearing Board is empowered to approve this settlement which becomes final if no objection is timely made.

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Trap Net Fishing on Lake Erie

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 65.25 (relating to temporary changes to fishing regulations), is hereby making the following temporary changes to regulations applicable to commercial trap net fishing on Lake Erie and Presque Isle Bay. Section 65.25 permits the Executive Director to make temporary changes to fishing regulations when the action is necessary and appropriate to conserve and preserve fishing opportunities. The only active commercial trap net fishing licensee has requested that the Commission allow him to follow proposed changes to trap net regulations during 1997. A review by both the Bureaus of Fisheries and Law Enforcement professional staffs has disclosed that the proposed changes will have no adverse impacts on the protection, preservation and management of fish in the waters affected while giving the licensee the opportunity to fish more successfully with trap nets.

Accordingly, the Commission is implementing the following modifications to commercial trap net fishing regulations for Lake Erie and Presque Isle Bay for 1997:

1. *Seasons.*

a. *Walleye.* The season for commercial fishing with trap nets for walleye is May 24 until the date established by the Executive Director as marking the probable attainment of a total allowable commercial catch for walleye of 18,000 pounds. The Executive Director may, from time to time, revise the total allowable catch if he determines that conditions so warrant. The Executive Director or his designee will monitor reports of catch of walleye and will declare the season to be closed on such date as the Director determines will probably mark attainment of the total allowable catch. It is unlawful for any person fishing under a commercial fishing license or with a device subject to licensing under section 2902 of the code (relating to net permits) to take, catch or attempt to catch walleye except during the walleye season established under this notice. Walleye accidentally caught out of season shall be immediately returned to the waters from which it was taken regardless of its condition and reported within 2 business days to the Commission at the address where commercial catch reports are filed.

b. *Yellow Perch.* The season for commercial fishing with trap nets for yellow perch shall close on December 31 or on a date determined by the Executive Director as marking the attainment of a total allowable commercial catch of 37,800 pounds of yellow perch, whichever occurs first. The Executive Director may, from time to time, revise the total allowable catch if he determines that conditions so warrant. The Executive Director or his designee will monitor reports of catch of yellow perch and will declare the season to be closed on such date as the Director determines will probably mark attainment of the total allowable catch. It is unlawful for any person fishing under a commercial fishing license or with a device subject to licensing under section 2902 of the code (relating to net permits) to take, catch or attempt to catch yellow perch except during the yellow perch season established under this notice. Yellow perch accidentally caught out of season shall be immediately returned to the waters from which it was taken regardless of its condition and reported within 2 business days to the Commission at the address where commercial catch reports are filed.

2. *Use of trap nets.*

(a) *Size.* Trap nets, cribs and associated leads shall be constructed of twine not lighter than number 12 thread/cord. A trap net lead or lifting crib with a mesh in violation of this section, whether being fished or held in possession, shall be subject to confiscation by the Commission.

(b) *Species.* No commercial trap net licensee shall possess or sell any fish except in compliance with the following size limits and seasons. The following size limits apply to commercial trap net licensees except that 5% of each licensee's daily catch by number per species may be undersized fish that may be lawfully sold.

<i>Species</i>	<i>Size Limit</i>	<i>Season</i>
Yellow perch (<i>Perca flavescens</i>)	8 1/2 inches	January 1 until December 31 or until total allowable catch is taken, whichever occurs first.
Walleye (<i>Stizostedion vitreum</i>)	15 inches	January 1 until December 31 or attainment of total allowable catch, whichever occurs first
White fish (<i>Coregonus</i> spp.)	17 inches	No closed season
White perch (<i>Monone americana</i>)	No size limit	No closed season

(c) *Buoys/tags.* Marker buoys shall be attached to the beginning of each lead and to the back of the crib. A staff extending 8 feet above the water with a minimum size flag of 18 inches by 18 inches secured near the top shall be attached to the anchor for the beginning of the lead and a staff extending 8 feet above the water with 2 minimum size flags of 18 inches by 18 inches (double flags) shall be attached to the anchor for the crib. The licensee shall affix a metal, numbered tag provided by the Commission to each of the required staffs showing the name and address of the owner or the lessee. Licensees shall orally report a seal that is lost, misplaced or stolen within 24 hours of discovery and in writing to the Commission at Northwest Law Enforcement Region within 2 business days. Improperly marked or tagged nets shall be subject to confiscation by the Commission. Officers authorized to enforce the code and this part may mark trap nets for the purpose of determining the number of trap nets being used by a particular licensee.

(d) *Limitations on use.* From May 24 through June 15, no part of a trap net may be set within 0.5 mile of the Lake Erie shoreline, except between longitudes 80°00' and 80°10' where no part of a trap net may be set within 1.5 miles of the Lake Erie shoreline. From June 16 through December 31, no part of a trap net may be set within 1.5 miles of the Lake Erie shoreline.

(e) *Time.* Trap nets may be fished 24 hours a day, but it is unlawful to set or lift them during the period from 30 minutes after sunset to 30 minutes before sunrise.

Except as otherwise expressly modified as set forth in this notice, the provisions of 58 Pa. Code Chapter 69, Subchapters C and D (relating to commercial fishing licenses and commercial fishing regulations) shall remain in full force and effect in 1997.

The modifications to fishing regulations set forth in this notice took effect at 12:01 a.m., May 24, 1997.

State Board of Physical Therapy—Athletic Trainers; Class A & B Certification; Doc. No. 16A-377

Order

On May 26, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Physical Therapy (Board). This rulemaking would amend 49 Pa. Code Chapter 40. The authority for this regulation is contained in sections 3(a) and 10.2 of the Physical Therapy Practice Act (act) (63 P. S. §§ 1303(a) and 1310.2). The proposed regulation was published in the June 10, 1995 edition of the *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on May 2, 1997.

The proposed amendments are designed to update the existing regulations to reflect current education and practical experience requirements for the completion of athletic training programs and to eliminate the issuance of new Class B certificates. The proposed amendments also amend definitions and specify the conditions under which an athletic trainer may provide services.

The Board is modifying the requirements for Class A certification by requiring that a candidate must fulfill either the requirements of an educational program meeting the requirements of the National Athletic Trainers Board of Certification (NATABOC) or a NATABOC internship program. In addition, a candidate must pass the certification examination administered by the NATABOC.

The Board is proposing to expand the definition of amateur athletic organization to include an organization which requires athletes injured prior to, during or after an organization-sponsored event to be examined by a physician. Under the proposed change, the organization must require either a preparticipation medical examination or must institute a policy requiring documentation of a physician examining athletes who are injured prior to, during or after an event. The expanded definition will allow more organizations to meet the requirements for classification as an amateur athletic organization.

The proposed changes to section 40.84 eliminate the requirements for Class B certification and provide that no new Class B certificates will be issued. The 40 previously issued Class B certificates will remain valid and can be renewed. Consequently, athletic trainers who currently hold Class B certification will not be required to obtain Class A certification.

The Board is also proposing to reorganize the listing of responsibilities for Class A and Class B trainers and to add section 40.88 which states that the athletic trainer may provide services only under the direction of a physician, podiatrist or dentist and only to participants in athletic programs which are conducted by an educational institution, professional athletic organization or amateur athletic organization. This section also provides that the athletic trainer, in agreement with the physician, podiatrist or dentist, must develop and maintain written policies and procedures which govern athletic training services.

In our comments on the proposed rulemaking, we made recommendations relating to definitions; application for certification; Class A and B certification; scope of duties;

and physician direction. In September of last year, the Board submitted a final-form version of the regulation, but withdrew the regulation because we raised several concerns. These concerns have now been resolved by the Board.

The Senate Consumer Protection and Professional Licensure Committee approved the regulation on May 13, 1997. The House Professional Licensure Committee disapproved the regulation on May 14, 1997. The House Committee disapproved the regulation in response to procedural and substantive concerns raised by the Pennsylvania Physical Therapy Association (PPTA). We received a letter from PPTA recommending disapproval of the regulation because it claimed the Board had violated the procedures of the Regulatory Review Act and because it believed that the regulation unnecessarily expands the scope of athletic trainers.

The procedural objection raised by PPTA was based on the fact that the Board did not serve PPTA with a copy of the final-form regulation at the same time the Board served the standing committees and this Commission. PPTA asserted that it was disadvantaged because it was foreclosed from providing input to the Senate Committee prior to its vote on the final-form regulation.

While the Board's administrative breakdown is regrettable, the failure of an agency to comply with the notice requirements in the Regulatory Review Act is not one of our criteria, as provided in section 5(e) of the act, for determining if a regulation is in the public interest. The act does not grant the Commission the authority to enforce provisions of the act which apply to other agencies. The act also does not provide for any penalty to an agency which does not comply with the notice provisions. Consequently, we do not find that PPTA's procedural issue warrants disapproval of the regulation.

PPTA also raised substantive concerns, which we received and reviewed, that the regulation improperly expands the scope of services for athletic trainers. Specifically, PPTA believes the amendment to the definition of "athletic trainer" will allow an athletic trainer to set up an independent practice because it no longer requires the athletic trainer to provide service to an athletic program. PPTA believes this modification expands the scope of services beyond the expertise of an athletic trainer.

We disagree with the PPTA's assumption that the changes to the definition of "athletic trainer" will allow athletic trainers to perform any services beyond their training or expertise. The regulation clearly provides that an athletic trainer may only perform those duties contained in section 40.87 and only under the direction of a licensed physician, dentist or podiatrist. Therefore, regardless of whether an athletic trainer is working with a specific athletic organization or with one athlete, the trainer may only perform services under the direction of a physician, dentist or podiatrist and within the scope of duties contained in the regulation.

PPTA's other substantive concern relates to the deletion of the supervision requirements in section 40.87(a) along with the modification to section 40.88. PPTA claims that the result of these two amendments will affect the safety and welfare of the public by allowing an athletic trainer and physician to establish the standards, venue and scope of services to be performed.

Again, we disagree that the changes to the rulemaking will result in any harm to the public. The regulation clearly provides that the athletic trainer must work under the direction of a physician and provide services consis-

tent with the scope of duties delineated in the regulation. It is within the professional judgment of the physician, dentist or podiatrist, as well as the athletic trainer, to assure that the services provided are within the scope of duties and the expertise of the athletic trainer.

We have reviewed this regulation and find it to be in the public interest. The Board has addressed the clarity issues we raised in September, and we do not have any outstanding concerns with the rulemaking.

Therefore, It Is Ordered That:

1. Regulation No. 16A-377 from the State Board of Physical Therapy, as submitted to the Commission on May 2, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

State Board of Pharmacy—Facsimile Machines; Doc. No. 16A-543

Order

On February 28, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Pharmacy (Board). This rulemaking would amend 49 Pa. Code Chapter 27. The authority for this regulation is contained in sections 4(j) and 6(k)(1) and (9) of the Pharmacy Act (act) (63 P. S. §§ 390-4(j) and 390-6(k)(1) and (9)). The proposed regulation was published in the March 9, 1996 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on May 2, 1997.

The Board has proposed a rulemaking to amend 49 Pa. Code Chapter 27 to define "long-term care facility" and establish the conditions under which a pharmacy may fill a prescription received on a facsimile (fax) machine.

The impetus behind this proposed regulation is the adoption of Federal Drug Enforcement Administration (DEA) regulations on May 19, 1994, at 21 CFR 1306.11(a) and 1306.21, which authorize the transmission of prescriptions for controlled substances by fax machines. Until the adoption of the DEA rulemaking, it was unlawful to transmit prescriptions for controlled substances by fax machine.

Standards adopted by the DEA prohibit a pharmacist from dispensing a prescription for a Schedule II controlled substance received on a fax machine prior to receiving and reviewing the original with two exceptions. One exception relates to a prescription transmitted for a Schedule II controlled narcotic substance for direct administration to a patient. The other exception permits a pharmacist to receive a prescription for a drug listed on Schedule II on a fax machine for a patient in a long-term care facility and use it as the original written prescription.

At the proposed stage, the House Professional Licensure Committee met on the proposed regulation and elected to take no position, but did suggest one clarifying amendment. Comments urging modifications on the proposed regulation were made by the Hospital Association of Pennsylvania (HAP); Children's Seashore Hospital;

York Health System; Saint Vincent Health Center; Montgomery Hospital Medical Center; Pennsylvania Society of Health-System Pharmacists; Hamot Medical Center; Stadlander's Pharmacy; and three registered pharmacists.

On May 13, 1997, the Senate Consumer Protection and Professional Licensure Committee voted to approve the final-form regulation. On May 14, 1997, the House Professional Licensure Committee voted to approve the final-form regulation.

This rulemaking will not impose any fiscal impact or additional paperwork requirements upon any entity. The rulemaking does not require the use of a fax machine in a pharmacy setting, rather it permits its use under certain circumstances. The Board believes that the use of a fax machine to transmit a drug order or prescription from a prescriber to a pharmacist may result in fewer errors than telephone transmission of a prescription or order because the pharmacist will have an exact copy of the prescription.

We have reviewed this regulation and find it to be in the public interest. In our comments, we raised six issues with the Board. One dealt with the reasonableness of applying these requirements to drug orders in hospitals, and the others raised issues of clarity or consistency between the proposed requirements and the act and DEA's regulations. In all but two cases, the Board made the changes that were suggested. For the two areas that the Board did not make changes (which were clarity issues), the explanation provided by the Board was sufficient to satisfy our concerns. These changes will facilitate the use of facsimile machines to transmit prescriptions and make the Commonwealth's regulations consistent with those of the DEA.

Therefore, It Is Ordered That:

1. Regulation No. 16A-543 from the State Board of Pharmacy, as submitted to the Commission on May 2, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Department of State—Charitable Organizations; Doc. No. 16-14

Order

On April 22, 1997, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of State (Department). This rulemaking would repeal 49 Pa. Code Chapters 51, 53 and 55. The authority for this regulation is contained in section 506 of The Administrative Code of 1929 (71 P. S. § 186) and section 4(3) of the Solicitation of Funds for Charitable Purposes Act (act) (10 P. S. § 162.4(3)). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This regulation will repeal outdated and obsolete regulations at 49 Pa. Code Chapters 51, 53, and 55. The existing regulations were promulgated under a 1963 statute. This statute was repealed by the Charitable Organizations Reform Act of April 30, 1986. The 1986

statute was repealed by the Solicitation of Funds for Charitable Purposes Act (Act 202 of 1990). In the preamble of the regulation, the Department asserts that publication of notice of proposed rulemaking is unnecessary under section 204(3) of the Commonwealth Documents Law (45 P. S. § 1204(3)). Public comment is unnecessary and under the circumstances impractical because this regulation is intended to merely delete outdated regulations which were promulgated under a prior statute which was repealed. Furthermore, all registrants affected by the repeal are given actual notice that Chapters 51, 53 and 55 have no bearing on filings made under the Act and are advised that filings made under the act should not be made utilizing these out-of-date chapters.

The regulation will have no negative impact on the Commonwealth or local governments. The Department will no longer need to expend resources rejecting filings based upon out-of-date regulations, and the public will realize a positive fiscal impact from not spending time and energy trying to comply with out-of-date regulations.

Senator Charles D. Lemmond, Jr., Chairperson of the Senate State Government Committee, notified the Commission in a letter dated May 16, 1997, that he gave members of his Committee an opportunity to review and comment on this regulation. Senator Lemmond wrote that he had received no comments regarding this regulation and recommended its adoption.

We have reviewed this regulation and find it to be in the public interest. It eliminates regulatory provisions that cause unnecessary confusion because they conflict with current law. Areas of conflict include the audit requirement at 49 Pa. Code § 53.4 and the fee schedule at 49 Pa. Code § 55.2. These existing rules require all charitable organizations, including those that receive gross contributions of \$25,000 or less from the public, to file an annual balance sheet and income and expense statement audited by an independent public accountant and pay an annual fee to the Department. However, this is an option not a requirement for smaller charities under the act. Section 5(f) of the act states: "An audit or review is optional for any charitable organization which receives contributions less than \$25,000." Due to the confusion created by the existing regulation, certain charities are filing forms with the Department that are unnecessary.

We note that section 23 of the act requires the following:

The act of April 30, 1986 (P. L. 107, No. 36), known as the Charitable Organizations Reform Act, is repealed. Existing regulations promulgated pursuant to the Charitable Organization Reform Act shall remain in effect until amended in accordance with the provisions of this act.

The impact of this section of the statute on this regulation appears to be problematic since Chapters 51, 53 and 55 were promulgated under the 1963 Act. There were no amendments to these chapters promulgated under the Charitable Organization Reform Act of 1986. However, the Department has indicated that there are plans for a future rulemaking to improve the implementation of the act. We urge the Department to work diligently towards this goal.

Therefore, It Is Ordered That:

1. Regulation No. 16-14 from the Department of State, as submitted to the Commission on April 22, 1997, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

*Pennsylvania Public Utility Commission—Meter Tests;
Doc. No. 57-172*

Order

On May 30, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would amend 52 Pa. Code § 59.21 which addresses testing of gas meters for accuracy and safety. The authority for this regulation is 66 Pa.C.S. § 1504(4) which provides the PUC with the authority to: "Prescribe or approve reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for measurement." The proposed regulation was published in the *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on May 5, 1997.

Every year a portion of the gas utility's meters are required to be tested to ensure accuracy and safety. The existing regulations provide two options for testing of meters: a standard test schedule and an extended test schedule. The standard test schedule simply requires all meters to be tested at specific intervals based upon the class of meter. The extended test schedule specifies the time interval for the next test for the meters tested that year based upon the accuracy of the meters tested in recent years.

The Pennsylvania Gas Association (PGA) commented that mounting evidence indicates meters typically operate at very high levels of accuracy for periods far beyond the existing regulation's maximum test period. A statistical sampling pilot program used by Columbia Gas of Pennsylvania, Inc. and a variable interval pilot program used by National Fuel Gas Distribution Corporation support this claim. PGA commented that each of these programs was effective and successful, both in maintaining high levels of meter accuracy and in realizing savings in operating expenses. Gas utilities filed three petitions with the PUC requesting changes to meter testing requirements to recognize advances in meter reliability and to make minor clarifications to the regulations. The PUC agreed with the gas utilities' proposals and developed this proposed rulemaking.

The PUC is proposing two significant amendments to the existing regulation. First, the PUC is proposing to modify the extended test schedule for Class A meters by adding 4 years to the permitted test periods. Second, the PUC is proposing to add a statistical sampling program and a variable interval testing program for meter testing.

The PUC proposal to modify the extended test schedule for Class A meters by adding 4 years to the permitted test periods is significant because it will affect residential meters. Residential meters comprise the largest category of meters a gas utility owns. Assuming that a utility's meters qualify for the extended test schedule, a utility could reduce the annual number of tests by as much as 20%.

The second PUC proposal adds options for a statistical sampling program and a variable interval testing program for meter testing. These programs are similar to protocols suggested by the American National Standards

Institute. The most important difference between the existing regulations and these new programs is that the existing regulations require all meters to be tested whereas the new programs would require only a representative sample of meters to be tested. The PUC also proposes to fix a typographical error in the existing regulations and make minor clarification amendments.

The only comments received on the proposed rulemaking were from PGA. PGA provided background information and expressed support for the regulation. PGA's comments outlined potential savings of 20% for the proposed 4-year extension of the extended meter testing schedule and even larger savings for the statistical sampling and variable interval programs.

The Senate Consumer Protection and Professional Licensure Committee voted to approve this final-form regulation on May 13, 1997.

We have reviewed this regulation and find it to be in the public interest. We commented on several clarity issues and procedural ambiguities. There were several meetings held and numerous drafts circulated between PUC staff, PGA and the Commission after our comments were submitted. As a result, all of the issues we raised have been resolved.

The regulation will result in cost savings for both the gas utilities and their customers because fewer meters will have to be tested each year. Costs will not be imposed or increased in the long term as a result of this regulation because the regulation adds options for meter testing without foreclosing existing testing options. We are convinced that metering technology has improved and longer intervals between testing will not pose a safety threat or increase the chances that a customer will be charged inappropriately due to a faulty meter.

Therefore, It Is Ordered That:

1. Regulation No. 57-172 from the Pennsylvania Public Utility Commission, as submitted to the Commission on May 5, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

*Pennsylvania Public Utility Commission—Interexchange
Telecommunication Carriers; Doc. No. 57-155*

Order

On April 3, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would add new provisions at 52 Pa. Code §§ 63.101—63.107. The authority for this regulation is contained in sections 501, 3008 and 3009(b)(3), (4) and (d) of the Public Utility Code (code) (66 Pa.C.S. §§ 501, 3008 and 3009(b)(3), (4) and (d)). The proposed regulation was published in the April 15, 1995 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on May 5, 1997.

This regulation is designed to implement new procedures related to the regulation of interexchange carriers under Chapter 30 of the code. Chapter 30 was Act 67 of

1993 (act). This comprehensive piece of legislation allows the PUC to determine what is a competitive or noncompetitive telecommunications service and provides for the deregulation of competitive services. The subject of this regulation is interexchange carriers or long distance companies such as MCI, Sprint or AT&T. Although the act deregulates the competitive service provided by interexchange carriers, it also authorizes the PUC to regulate noncompetitive services provided by these companies as well as monitor the interexchange carriers' competitive services.

The regulation contains provisions requiring the filing of information with the PUC when an interexchange carrier modifies its rates for existing competitive services. Before the act, interexchange carriers had to obtain the PUC's approval of rate modifications. An interexchange carrier must now introduce a new competitive service through the filing of a tariff supplement and supporting documentation with the PUC. Upon the filing of such information, the PUC staff has 14 days to review it and issue a report allowing the new service to be initiated or explaining why it should not be permitted. In addition, the regulation outlines procedures for noncompetitive services, reclassification of competitive and noncompetitive services, and annual reporting by interexchange carriers.

The PUC claims that the regulation should reduce its own costs in regulating interexchange carriers as well as the regulatory costs of interexchange carriers. This regulation will have little or no impact on the Commonwealth, local governments or the private sector.

On the proposed rulemaking, AT&T and MCI Telecommunications Corporation (MCI) filed comments. In addition, former Representatives Kathrynann W. Durham and David R. Wright, the Majority and Minority Chairpersons of the House Consumer Affairs Committee in 1995, both filed comments on the proposed rulemaking.

After submittal of the final-form version of the regulation, the Senate Consumer Protection and Professional Licensure Committee voted to approve this regulation on May 13, 1997.

We have reviewed this regulation and find it to be in the public interest. The PUC made a number of modifications to the final-form regulation in response to the concerns expressed by commentators and this Commission. The major issue was the PUC's regulation of interexchange services to aggregator telephones. This issue centered on section 3008(a) of the code that lists "interexchange service to aggregator telephones" as a noncompetitive service. Aggregator telephones according to section 3002 of the code are telephones that are "made available to the transient public, customers or patrons, including, but not limited to, coin telephones, credit card telephones and telephones located in hotels, motels, hospitals and universities." AT&T, MCI and former Representatives Durham and Wright contended that credit and debit card services provided by facilities-based companies such as AT&T and MCI exist in a highly competitive market and should not be regulated by the PUC. In our comments on the proposed regulation, we agreed with these commentators in part and suggested that the PUC exercise its statutory authority to reclassify these services provided by facilities-based companies as competitive and allow them to be deregulated under Chapter 30 of the code.

Although the PUC will continue to regulate certain long distance services as noncompetitive, it took a step forward in pronouncing that prepaid debit cards are a competitive service. Long distance providers will only be required to file prepaid debit card rates with the PUC for informational purposes. The PUC continues to regulate other interexchange services to aggregator telephones provided by facilities-based companies as noncompetitive under Chapter 30 of the code. A wide variety of companies are entering the interexchange or long distance marketplace including local exchange telephone providers, facilities-based providers, resellers and companies that offer services through their own facilities (for example, facilities-based) and as resellers. Considering the growing complexity of the long distance market, the task of delineating between the different types of long distance services provided to aggregator telephones becomes a greater challenge. As the distinction between facilities-based providers and resellers becomes increasingly blurred, a decision by the PUC to continue its regulation of services provided by resellers while simultaneously deregulating facilities-based services would be practically unenforceable.

Therefore, It Is Ordered That:

1. Regulation No. 57-155 from the Pennsylvania Public Utility Commission, as submitted to the Commission on May 5, 1997, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Docket No. Z-00323994

Initial Decision

Before
Louis G. Cocheres
Administrative Law Judge
(Sitting as a Special Agent)

History of the Proceeding and Discussion

On October 1, 1996, Ms. Budd filed her complaint which alleged an inability to pay her electric bill. On January 29, 1997, the Office of Administrative Law Judge scheduling staff sent a notice of hearing to her address at 630 Cleveland Street, Greensburg, Pennsylvania 15601. The U. S. Postal Service returned the notice and marked it:

RETURN TO SENDER
BUDD
MOVED LEFT NO ADDRESS
UNABLE TO FORWARD
RETURN TO SENDER

Prior to the return of the notice of hearing, the undersigned sent a prehearing order, dated February 6, 1997, which was returned by the Postal Service with the same message. Thereafter, I requested that the scheduling staff cancel the

Service was effected by this means on all parties but Kathy D. Budd. Service by publication is hereby effected upon Kathy D. Budd under the provisions of 52 Pa. Code § 1.53(c).

If you do not agree with any part of this decision, you may send written comments (called Exceptions) to the Commission. Specifically, an original and nine copies of your signed exceptions must be filed with the Secretary of the Commission in Room B-20, North Office Building, North Street and Commonwealth Avenue, Harrisburg, PA or mailed to P. O. Box 3265, Harrisburg, PA 17105-3265, within 20 days of the issuance date of this letter. The signed exceptions will be deemed filed on the date actually received by the Secretary of the Commission or on the date deposited in the mail as shown on U. S. Postal Service Form 3817 certificate of mailing attached to the cover of the original document (52 Pa. Code § 1.11(a) or on the date deposited with an overnight express package delivery service (52 Pa. Code § 1.11(a)(2), (b)). If your exceptions are sent by mail, use the address shown at the top of this letter. A copy of your exceptions must also be served on each party of record. Section 1.56(b) cannot be used to extend the prescribed period for the filing of exceptions/reply exceptions. A certificate of service shall be attached to the filed exceptions.

If you receive exceptions from other parties, you may submit written replies to those exceptions in the manner described above within 10 days of the date that the exceptions are due.

Exceptions and reply exceptions shall obey 52 Pa. Code §§ 5.533 and 5.535 particularly the 40-page limit for exceptions and the 25-page limit for replies to exceptions. Exceptions should be labeled clearly as "EXCEPTIONS of (name of party)—(protestant, complainant, staff, and the like)."

If no exceptions are received within 20 days, the decision of the Administrative Law Judge may become final without further Commission action. You will receive written notification if this occurs.

initial hearing which was set for March 10, 1997 by telephone. By letter notice, dated February 13, 1997, the hearing was cancelled.

Under these circumstances, I find that Ms. Budd has made it impossible to continue with the proceeding. I have concluded that her complaint must be dismissed with prejudice for lack of prosecution. 52 Pa. Code § 5.245(b).¹

Order

Now Therefore It Is Ordered:

That the complaint of Kathy D. Budd versus West Penn Power Company at Docket No. Z-00323994 is hereby dismissed with prejudice.

Dated: February 27, 1997

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$5,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.
