READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 225—RULES OF EVIDENCE

[225 PA. CODE ART. VI]

Rule 601 Comment Changes

The Committee on Rules of Evidence is planning to recommend that the Supreme Court of Pennsylvania approve the revision of the Comment to Rule of Evidence 601. This Comment Revision is being proposed to alert the bench and bar to the adoption by the Supreme Court of the concept of "taint" in child competency hearings.

This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Report.

The text of the proposed Comment changes precedes the Report. Additions are bold.

We request that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel:

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE VI. WITNESSES

Rule 601. Competency.

* * * * *

Comment

* * * * *

The competency of a child witness may be impaired or tainted by the implantation of false memories or the distortion of real memories caused by improper interview techniques, suggestive questioning, vilification of a party, or interview bias. *Commonwealth v. Delbridge*, ___ A.2d. ___ (Pa. 2003). *Delbridge* is consistent with Pa.R.E. 601(b)(3). If a party challenges the competency of a child witness and offers some evidence that the child's memory may have been impaired or tainted in this way, the trial court must explore this question in the competency hearing. *Commonwealth v. Delbridge*, supra. The party challenging the competency of the child witness must establish that the

child is incompetent by clear and convincing evidence. *Commonwealth v. Delbridge*, supra.

Pa.R.E. 601(b) does not address the admissibility of hypnotically refreshed recollection. In *Commonwealth v. Nazarovitch*, 496 Pa. 97, 436 A.2d 170 (1981), the Supreme Court rejected hypnotically refreshed testimony, where the witness had no prior independent recollection. Applying the test of *Frye v. United States*, 293 F. 1013 (D.C. Cir. 1923) for scientific testimony, the Court was not convinced that the process of hypnosis as a means of restoring forgotten or repressed memory had gained sufficient acceptance in its field. *Commonwealth v. Nazarovitch*, supra; see also *Commonwealth v. Romanelli*, 522 Pa. 222, 560 A.2d 1384 (1989) (when witness has been hypnotized, he or she may testify concerning matters recollected prior to hypnosis, but not about matters recalled only during or after hypnosis); *Commonwealth v. Smoyer*, 505 Pa. 83, 476 A.2d 1304 (1984) (same). Pa.R.E. 601(b) is not intended to change these results. For the constitutional implications when a defendant in a criminal case, whose memory has been hypnotically refreshed, seeks to testify, see *Rock v. Arkansas*, 483 U.S. 44 (1987).

REPORT

Proposed Revision of the Comment to Pa.R. E. 601

Comment Changes

The Committee on Rules of Evidence is planning to recommend that the Supreme Court of Pennsylvania approve the revision of the Comment to Pa.R.E. 601.

This Comment revision is being proposed to alert the bench and bar to the introduction of a new concept in Pennsylvania for determining the competency of a child witness. Heretofore, evidence that the child's testimony had been influenced by improper suggestive techniques was admissible on the issue of credibility only. In *Commonwealth v. Delbridge*, ___ A.2d ___ (2003), the Supreme Court recognized that suggestive techniques could "taint" the child's testimony to such a degree as to render the child incompetent to testify.

The docketing of these matters shall be at the number assigned within this system and sequence. All Objections, Petitions, Applications, and Requests shall be assigned the next available docket number within this special, separate numbering system.

the property address, the tax parcel number of the property and the name of the purchaser at the Upset or Private Sale. GUILTY PLEA COLLOQUY

You are present before this Court because you or your lawyer have stated that you wish to plead guilty to some or all of the criminal offenses with which you have been charged. Please answer fully all the questions on this document. If you do not understand any explanations given to you on this document, say so by putting the word "no" in the blank provided after the questions. If you do understand the questions, you should write in the word "yes." None of the lines should be left blank.

After you have finished reading this and filling it out, you should sign it on the last page, on the line that says "Defendant." You should also initial each page at the bottom, but only if you have read and have understood that page. If there is anything that you do not understand, you should say so in writing on this form. You should also tell your lawyer and the Judge who hears your case, so that they can explain it to you fully, to make sure you understand all your rights.

Most of these questions are designed to be answered "yes" or "no." Where general information is asked for, however, please answer fully.

1. What is your full name? _____
2. Are you known by any other name or alias? _____
3. If the answer to Number 2 is "yes" state the other name or aliases. _____
4. What is your date of birth? _____
5. What was the last grade completed in school? _____
6. Can you read, write and understand the English language? _____
7. As you appear before the Court today to enter a guilty plea, are you under the influence of alcohol or any kind of drugs? _____
8. Have you ever been a patient in a mental institution or have you ever been treated for a mental illness? _____
9. If the answer to Number 8 is "yes," please explain the details. _____
10. Are you currently being treated for a mental illness? _____
11. If the answer to Number 10 is "yes," explain the details. _____
12. If you are presently being treated for a mental illness, do you feel that you have sufficient mental capacity to understand what you are doing today, and to understand these questions and answer them correctly? _____

13. Do you understand that you are here today to enter a guilty plea to some or all of the charges against you? _____

14. Do you understand the nature of the offenses to which you are pleading guilty? _____

15. Has your lawyer explained to you the elements of the criminal offenses to which you are pleading? _____

16. Do you admit to committing the offenses to which you are pleading guilty and to the legal elements explained to you making up those offenses? _____

17. Do you understand that you have a right to a trial by jury? _____

18. Do you understand that the right to trial by jury means that you can participate in the selection of a jury with your attorney; that the jury is randomly selected from the voter registration list of Carbon County and a cross-section of the citizens of Carbon County, and that the jury has to agree unanimously on your guilt before you can be convicted of the offenses with which you are charged? _____

19. Do you understand that you are presumed innocent until found guilty? In other words, do you understand that the Commonwealth must prove your guilt beyond a reasonable doubt before you can be convicted of the offenses charged? _____

20. Do you understand that the Commonwealth has the burden of proving you guilty beyond a reasonable doubt, which means you can remain silent and nothing can be held against you for refusing to testify in your own defense? _____

21. Do you understand that you have a right to confront and cross-examine all Commonwealth witnesses in your case who are necessary to prove your guilt? _____

22. Do you understand that by pleading guilty you are waiving that right of confrontation and cross-examination? _____

23. Do you realize that by pleading guilty you are giving up your right to present any pre-trial motions for consideration to this or a higher Court in the event those motions are denied? _____

24. Do you realize that if you were convicted after a trial you could appeal the verdict to a higher Court and raise any errors that were committed in the trial Court, and that this could result in your being awarded a new trial or discharged, and that by pleading guilty you are giving up this right? _____

25. Do you realize that if you were convicted after a trial you could appeal the verdict to a higher Court and you could also challenge whether the Commonwealth had presented enough evidence to prove you guilty beyond a reasonable doubt? _____

26. Are you aware that the Court is not bound by the terms of any plea agreement entered into between you, your counsel and the Attorney for the Commonwealth, until the Court accepts such plea agreement? _____

27. Do you understand that the Court is not a party to any agreement or recommendation made by the parties and that any recommendation and/or stipulation regarding sentence is not binding on the Court and you knowingly waive the right to withdraw this plea if the Court does not concur in the recommended sentence? _____

28. Are you aware of the permissible range of sentence and/or fines that can be imposed for the offenses to which you are pleading guilty? _____

29. Are you aware of the maximum sentence and/or fine, which the Court could impose upon you for each of the offenses to which you are pleading guilty? _____

30. Do you understand that any sentence imposed upon you for any of the offenses to which you are pleading guilty can be imposed consecutively to either (a) any sentence imposed upon you for any other offense for which you are pleading guilty in this case; or (b) any sentence imposed upon you in any other case? _____

31. Do you understand that "consecutive" sentences means that one sentence will follow after another and that "consecutive" sentences do not run at the same time? _____

32. Do you understand that the aggregate maximum sentence you could receive if you are pleading guilty to multiple offenses is the total of all maximum sentences for all the offenses added together? _____

33. Do you understand that you have a right to have witnesses present at your guilty plea hearing to testify for you? Are you willing to give up that right and have the Attorney for the Commonwealth summarize the facts against you? _____

34. After you enter your guilty plea and it is accepted by the Court, you still have a right to appeal your conviction. The appeal from a guilty plea is limited, however, to four grounds. They are:

(a) that your guilty plea was not knowing, intelligent and voluntary;

(b) that the Court did not have jurisdiction to accept your plea (in other words, the offenses for which you are pleading guilty did not occur in Carbon County);

(c) that the Court's sentence is beyond the maximum penalty authorized by law; and

(d) that your attorney was incompetent in representing you and advising you to enter a plea of guilty

Do you understand these four areas of appeal and what they mean? _____

In order to appeal your conviction by a plea of guilty, you must within ten (10) days file a written motion to withdraw your guilty plea and state any of the four above grounds as the basis for your petition to withdraw your guilty plea. This must be done within ten (10) days from the date you are sentenced. If you cannot afford a lawyer to represent you or you are contending that your attorney, who represented you at your guilty plea, was incompetent, you have the right to have other counsel appointed for you to raise those four claims. If your petition to withdraw your guilty plea is denied, you then have thirty (30) days to file an appeal from that denial with the Superior Court of Pennsylvania.

If you do not file your petition within ten (10) days of your sentence or do not file a Notice of Appeal to the Superior Court within thirty (30) days after your petition to withdraw your guilty plea is denied, you give up your right to ever complain again of any of those four areas, including incompetent counsel.

Do you understand the meaning of the various appeal rights that have just been explained to you? _____

35. Has anybody forced you to enter this plea of guilty? _____

36. Are you doing this of your own free will? _____

37. Have any threats been made to you to enter a plea of guilty? _____

38. Have any promises been made to you to enter a plea of guilty other than any plea agreement that has been negotiated for you by your attorney? _____

39. Do you understand that the decision to enter a guilty plea is yours and yours alone; that you do not have to enter a plea of guilty and give up all your rights, as previously explained to you and that no one can force you to enter a guilty plea? _____

40. Do you understand that if your plea is accepted by this Honorable Court, you would have the right to have a Pre-Sentence Report prepared on your behalf to aid the Judge in determining the appropriate sentence to be imposed upon you? Since this is a plea bargain, are you willing to waive the preparation of the pre-sentence investigation? _____ (if applicable)

41. Are you presently on probation or parole? _____

42. If you are on probation or parole, do you realize that your plea of guilty will mean a violation of that probation or parole and you can be sentenced to prison as a result of that violation caused by your guilty plea today? _____

43. Are you satisfied with the representation of your attorney? _____

44. Have you had ample opportunity to consult with your attorney before reading this document and entering your plea of guilty? _____

45. Has your attorney gone over with you the meaning of the terms in this document? _____

I affirm that I have read the above document in its entirety and I understand its full meaning, and I am still nevertheless willing to enter a plea of guilty to the offenses specified. I further affirm that my signature and initials on each page of this document are true and correct.

21. Do you understand that you have a right to confront and cross-examine all Commonwealth witnesses in your case who are necessary to prove your guilt? _____

22. Do you understand that by pleading Nolo Contendere you are waiving that right of confrontation and cross-examination? _____

23. Do you realize that by pleading Nolo Contendere you are giving up your right to present any pre-trial motions for consideration to this or a higher Court in the event those motions are denied? _____

24. Do you realize that if you were convicted after a trial you could appeal the verdict to a higher Court and raise any errors that were committed in the trial Court, and that this could result in your being awarded a new trial or discharged, and that by pleading Nolo Contendere you are giving up this right? _____

25. Do you realize that if you were convicted after a trial you could appeal the verdict to a higher Court and you could also challenge whether the Commonwealth had presented enough evidence to prove you guilty beyond a reasonable doubt? _____

26. Are you aware that the Court is not bound by the terms of any plea agreement entered into between you, your counsel and the Attorney for the Commonwealth, until the Court accepts such plea agreement? _____

27. Do you understand that the Court is not a party to any agreement or recommendation made by the parties and that any recommendation and/or stipulation regarding sentence is not binding on the Court and you knowingly waive the right to withdraw this plea if the Court does not concur in the recommended sentence? _____

28. Are you aware of the permissible range of sentence and/or fines that can be imposed for the offenses to which you are pleading Nolo Contendere? _____

29. Are you aware of the maximum sentence and/or fine which the Court could impose upon you for each of the offenses to which you are pleading Nolo Contendere? _____

30. Do you understand that any sentence imposed upon you for any of the offenses to which you are pleading Nolo Contendere can be imposed consecutively to either (a) any sentence imposed upon you for any other offense for which you are pleading Nolo Contendere in this case; or (b) any sentence imposed upon you in any other case? _____

31. Do you understand that "consecutive" sentences means that one sentence will follow after another and that "consecutive" sentences do not run at the same time? _____

32. Do you understand that the aggregate maximum sentence you could receive if you are pleading Nolo Contendere to multiple offenses is the total of all maximum sentences for all the offenses added together? _____

33. Do you understand that you have a right to have witnesses present at your Nolo Contendere plea hearing to testify for you? Are you willing to give up that right and have the Attorney for the Commonwealth summarize the facts against you? _____

34. After you enter your Nolo Contendere plea and it is accepted by the Court, you still have a right to appeal your conviction. The appeal from a Nolo Contendere plea is limited, however, to four grounds. They are:

(a) that your Nolo Contendere plea was not knowing, intelligent and voluntary;

(b) that the Court did not have jurisdiction to accept your plea (in other words, the offenses for which you are pleading Nolo Contendere did not occur in Carbon County);

(c) that the Court's sentence is beyond the maximum penalty authorized by law; and

(d) that your attorney was incompetent in representing you and advising you to enter a plea of Nolo Contendere

Do you understand these four areas of appeal and what they mean? _____

In order to appeal your conviction by a plea of Nolo Contendere, you must within ten (10) days file a written motion to withdraw your Nolo Contendere plea and state any of the four above grounds as the basis for your petition to withdraw your Nolo Contendere plea. This must be done within ten (10) days from the date you are sentenced. If you cannot afford a lawyer to represent you or you are contending that your attorney, who represented you at your Nolo Contendere plea, was incompetent, you have the right to have other counsel appointed for you to raise those four claims. If your petition to withdraw your Nolo Contendere plea is denied, you then have thirty (30) days to file an appeal from that denial with the Superior Court of Pennsylvania.

If you do not file your petition within ten (10) days of your sentence or do not file a Notice of Appeal to the Superior Court within thirty (30) days after your petition to withdraw your Nolo Contendere plea is denied, you give up your right to ever complain again of any of those four areas, including incompetent counsel.

Do you understand the meaning of the various appeal rights that have just been explained to you? _____

35. Has anybody forced you to enter this plea of Nolo Contendere? _____

36. Are you doing this of your own free will? _____

37. Have any threats been made to you to enter a plea of Nolo Contendere? _____

38. Have any promises been made to you to enter a plea of Nolo Contendere other than any plea agreement that has been negotiated for you by your attorney? _____

39. Do you understand that the decision to enter a plea of Nolo Contendere is yours and yours alone; that you do not have to enter a plea of Nolo Contendere and give up all your rights, as previously explained to you and that no one can force you to enter a Nolo Contendere plea? _____

40. Do you understand that if your plea is accepted by this Honorable Court, you would have the right to have a Pre-Sentence Report prepared on your behalf to aid the Judge in determining the appropriate sentence to be imposed upon you? Since this is a plea bargain, are you willing to waive the preparation of the pre-sentence investigation? _____ (if applicable)

41. Are you presently on probation or parole? _____

42. If you are on probation or parole, do you realize that your plea of Nolo Contendere will mean a violation of that probation or parole and you can be sentenced to prison as a result of that violation caused by your Nolo Contendere plea today? _____

43. Are you satisfied with the representation of your attorney? _____

44. Have you had ample opportunity to consult with your attorney before reading this document and entering your plea of Nolo Contendere? _____

45. Has your attorney gone over with you the meaning of the terms in this document? _____

I affirm that I have read the above document in its entirety and I understand its full meaning, and I am still nevertheless willing to enter a plea of Nolo Contendere to the offenses specified. I further affirm that my signature and initials on each page of this document are true and correct.

APPELLATE RIGHTS OF DEFENDANT AFTER SENTENCING

1. After you are sentenced, you have the right to file either a post-sentence motion or an appeal to the Superior Court of Pennsylvania.
2. If you wish to file a post-sentence motion, it must be filed with the Criminal Clerk of Courts of Carbon County no later than ten (10) days after the imposition of sentence.
3. If you wish to file an appeal, a notice of appeal must be filed with the Criminal Clerk of Courts of Carbon County, within thirty (30) days of imposition of sentence. This is a right of appeal, which you may exercise without filing a post-sentence motion. If you file a post-sentence motion, you would also have a right to appeal from an order deciding that motion or denying the motion by operation of law.
4. If you file a post-sentence motion, all requests for relief must be stated with specificity and particularity, and consolidated in the motion, which may include:
 - a. a motion challenging the validity of a plea of guilty or nolo contendere, or the denial of a motion to withdraw a plea of guilty or nolo contendere;
 - b. a motion of judgment of acquittal;
 - c. a motion in arrest of judgment;
 - d. a motion for a new trial; and/or
 - e. a motion to modify sentence.
5. If you file a post-sentence motion, it and any supplemental motion you may be permitted to file, must be decided by the judge within 120 days of the filing of the original motion. The judge may, at your request, grant one 30-day extension for deciding the motion, if good cause is shown. If the judge fails to decide the motion within the allowed time, the motion will be denied by operation of law, and the clerk will enter an order denying the motion.
6. If you file a post-sentence motion, and wish to appeal from the order deciding or denying the motion, a notice of appeal must be filed with the Criminal Clerk of Courts of Carbon County, within thirty (30) days of that order.

7. Whether or not you file a post-sentence motion, all issues raised before or during trial are preserved for appeal.

8. You have the right to assistance of counsel in the preparation of a post-sentence motion or any appeal. If you are indigent, you have the right to proceed without payment of costs and with counsel appointed to represent you without charge. If you are now represented by the Public Defender's Office and continue to qualify for their services, that office would continue to represent you without cost.

9. If you qualify for bail and are released on bail after sentencing, a condition of release will be that you either file a post-sentence motion and perfect an appeal, or, when no post-sentence motion is filed, perfect an appeal with the time permitted by law.

RICHARD W. WEBB,
President Judge.

CRIMINAL CASE MANAGEMENT PLAN

I. Judicial Commitment to Caseflow Management.

Since May 6, 1992, the Court has assumed the responsibility of ensuring the fair and prompt disposition of all cases, as well as, assure effective and efficient use of Court resources paid for by taxpayers. Our success is attributable to the commitment of this principle by each District Justice, Judge, Court and County staff of the 56th Judicial District.

Goal setting provides the objectives and a benchmark for measuring its success. The Court must meet reasonable time standards for the processing and prompt disposition of standard types of cases in terms of their nature and legal issues. "Exhibit "1," attached hereto, shows the time standards for criminal cases adopted by the American Bar Association, the National Conference of State Trial Judges, the Conference of State Court Administrators and the Pennsylvania Association of Court Management (PACM). Carbon County's Plan adheres to the time standards adopted by PACM.

II. Effective Communications With the Bar and Police.

The Court coordinates scheduling of cases and makes reasonable accommodations to prosecuting attorneys, defense attorneys, and law enforcement personnel in the management of cases. Operative scheduling allows the District Attorney and Public Defender Offices to provide full coverage efficiently.

III. Early and Continuous Court Supervision of Case Progress.

The Court monitors the progress of cases from the time a summons or complaint is filed to ensure movement of cases to disposition, eliminating unnecessary delay and additional costs of prosecution. Mere agreement of counsel/parties is not sufficient grounds for the Court to grant continuances. When a continuance is granted, the matter is continued to a specified date.

IV. Event-Date Certainty.

Reasonable certainty about event dates avoids aggravation, waste and unnecessary cost to the parties and their attorneys. Moreover, national studies have found that nothing promotes pretrial dispositions more than the expectation that a trial is more likely than not to occur on or near the scheduled date. Events are scheduled at the District Court level with notice given to attorneys/parties of all event dates and times, assuring case flow and expeditious case dispositions.

V. A Functional Case Management Information System.

The fully automated court computer system provides relevant, accurate, and timely case information, supporting an efficient case management plan by tracking and maintaining cases and events.

VI. Time Standards And Case Management Criteria.

Standard types of criminal cases are processed and scheduled in accordance with the time-disposition goals listed below as diagramed on the attached Exhibit "2" marked Carbon County Criminal Case Flow Chart.

The following time-disposition goals apply:

1. Preliminary hearing/waiver—98% within 30 days of complaint, if case initiated by arrest; 98% within 50 days of complaint if by summons;
2. Court arraignment—98% within 40 days of preliminary hearing/waiver;
3. Trials—90% within 150 days of complaint; 98% within 180 days;
4. Sentences—90% within 30 days of guilt; 98% within 45 days.

Carbon County is divided into a Northern Division and Southern Division at the District Justice level. District Court 56-3-01 and District Court 56-3-02 comprise the Southern Division and District Court 56-3-03 and District Court 56-3-04 comprise the Northern Division.

All Preliminary Hearings for misdemeanor and felony cases are scheduled in clusters on Wednesdays every week. One District Justice from the Southern Division schedules Preliminary Hearings for 9:00 A.M. and the other District Justice from the Southern Division schedules Preliminary Hearings for 1:15 P.M. The same procedure is followed in the Northern Division.

A. Preliminary Arraignment Before District Justice:

1. If a defendant is brought before the District Justice on an arrest warrant or a summons is issued, he/she will receive, in addition to the other required papers, the following:

- (a) Criminal Complaint and Arrest Warrant Affidavit
- (b) District Court Notice of Preliminary Hearing (Exhibit 3)
- (c) Carbon County Public Defender Guidelines (Exhibit 4)—The District Justice advises the Defendant to read the Guidelines carefully and contact the Public Defender's Office for an appointment if Defendant believes he/she qualifies.

(d) Alternatives to Trial or Guilty Plea if First Time Offender (Exhibit 5), District Attorney Notice of Accelerated Rehabilitative Disposition (ARD) Program (Exhibit 6), Questionnaire to Determine Eligibility for ARD Program (Exhibit 7) and Prior Criminal Record Form (Exhibit 8)—The District Justice advises Defendant, if he/she is a first-time offender of a non violent crime, that Defendant may qualify for the ARD program.

Defendant should review the Alternatives to Trial or Guilty Plea if First Time Offender, and if he/she thinks they qualify, Defendant completes and has notarized the Questionnaire to Determine Eligibility for ARD Program, completes the Prior Criminal Record Form, and brings both to the Preliminary Hearing at the District Justice's Office.

B. Preliminary Hearings Before District Justice:

1. Entry of Appearance:

(a) The attorney representing the defendant at a preliminary hearing signs an Entry of Appearance pursuant to CARB.R.Crim.P.120 and provides it to the District Justice before beginning the preliminary hearing.

(b) The District Justice transmits the Entry of Appearance with the docket transcript to the Clerk of Courts to be filed of record.

2. A member of the District Attorney's Office is assigned to conduct the prosecution of all preliminary hearings and a member of the Public Defender's Office is

assigned to represent defendants who qualify for a public defender at the preliminary hearings. The court computer system accommodates the desire to have the same attorney handle the case from preliminary hearing through trial.

3. A significant percentage of cases result in ARD or guilty plea stipulations. In order to accelerate negotiation and avoid needless delays, the following elements occur at the preliminary hearing:

(a) The District Attorney provides the defense attorney with a copy of all police reports, and enlists the assistance of police departments in timely completion of such reports and supplemental reports;

(b) The defendant, as part of the negotiation process, signs a Prior Criminal Record Form (Exhibit 8) listing his/her known prior record, acknowledges that the negotiations are contingent on the accuracy of the information, and acknowledges that an INTENTIONAL misstatement of the record can result in additional charges; and

(c) Where a Guilty Plea or ARD agreement is reached, a written Stipulation for Trial, Guilty Plea or ARD Form (Exhibit 9), and if ARD, an Explanation of Accelerated Rehabilitation Program (ARD) and Waiver of Rights Form (Exhibit 10) are completed.

C. Scheduling at Preliminary Hearing:

1. A criminal case scheduling information form (Exhibit 11) is completed by the District Justice Office after each preliminary hearing/waiver. This form lists the Arraignment date, Pretrial Status Conference date, Last Date to Plea-Plea Day and Jury Selection date. The original of the scheduling form is forwarded by the District Justice with the docket transcript to the Clerk of Court with copies provided to the Defendant and defense counsel.

2. Waiver of Arraignment Form (Exhibit 12) is signed by defendant and defense counsel if defendant is waiving his Common Plea Arraignment at the time of the preliminary hearing.

3. When a DUI ARD has been negotiated, telephonic arrangements are made by a staff member of the District Justice Office to schedule a Court Reporting Network (CRN) evaluation. The defendant is provided with a written Notice of the Procedure for CRN Evaluation Form (Exhibit 13) indicating the scheduled date and time. Defendant acknowledges receipt of the form with his/her signature.

D. Common Pleas Scheduling:

Cases from two District Justices are assigned to each Common Pleas Judge. Caseload is adjusted when necessary to balance the workload and to keep cases in line with this management plan.

E. Arraignment at Common Pleas Level:

1. Local Rule CARB.R.Crim.P. 571 provides that arraignments in non-capital cases, if not waived, are conducted by the District Attorney. Arraignments are scheduled within 40 days from preliminary hearing/waiver and within 10 days of filing the criminal information. Arraignment and Waiver of Arraignment forms listing motion deadline and defendant rights information are executed.

F. Court Rulings on Motions:

1. Each Judge monitors the status of all outstanding motions.

2. Semi Annual Reports—Pursuant to Pennsylvania Rule of Judicial Administration 703(B)(2), each Judge is

responsible to report on matters submitted and undisposed for 90 days or more.

G. Pretrial Status Conferences:

1. Pretrial status conferences are held on all cases not stipulated to at the District Court level. The Pretrial Status Conferences are scheduled approximately 2—4 weeks before the scheduled trial date. They are conducted by the District Attorney's Office. All defendants must be present.

H. Sentencings:

1. Most sentences are imposed at time of plea. If sentences are not imposed at the time of plea, cases are scheduled for sentencing approximately 30 days thereafter. Sentences may be imposed by a Judge other than the Judge who took the guilty plea or plea of nolo contendere. See CARB.R.Crim.P. 700.

I. Dismissal and Expungement:

1. At the end of each month, the Adult Probation Office prepares a list of all cases/defendants who have successfully completed the ARD Program during the month. A copy of the list is provided to the District Attorney and District Court Administrator.

2. If the District Attorney objects to the automatic expungement, the District Attorney follows the procedure set forth in Pa.R.Crim.P. 320(b).

3. The District Attorney reviews the list, makes notation on the list of any case(s) in which Objections will be filed, approves the list by initialing it, and forwards it to the District Court Administrator.

4. In all cases where no objections are noted, the District Court Administrator forwards the Order of Dismissal to the appropriate Judge and, after filing same, prepares the Expungement Orders and Letters and expunges the cases from the public access screens of the Court Computer Database System after the thirty (30) day objection period expires.

5. The Court and other offices as prescribed by law maintain a confidential list of completed expungement cases.

DISTRICT ATTORNEY OF CARBON COUNTY
CARBON COUNTY COURTHOUSE
P. O. BOX 36
JIM THORPE, PENNSYLVANIA 18229

NOTICE

Your case MAY be a proper one for handling under the Accelerated Rehabilitative Disposition Program (A.R.D.)

As you know, you were arrested and charged with a crime. You have the right to a trial and the Commonwealth must prove you are guilty beyond a reasonable doubt. However, being placed on probation may help you more than being convicted and sentenced to jail, so your case may be chosen for possible inclusion in the Accelerated Rehabilitative Disposition Program. Under this program, instead of being tried, you might be placed on probation immediately. If you stay out of trouble during the period of this program, these charges will be discharged and your record expunged. If you violate the conditions, you will be tried as if you never had been in this program.

If you desire to be considered for the A.R.D. Program, you MUST complete the enclosed questionnaire and have it notarized. Bring the notarized, completed questionnaire with you to the Office of the District Justice at the time of your preliminary hearing.

Be advised that applying for admission into the A.R.D. Program does not relieve you of your obligation to appear before the District Attorney's Office or the Court for all scheduled appearances. Failure to so appear will result in a bench warrant being issued for your arrest.

YOU SHOULD BE CERTAIN TO CONTACT YOUR LAWYER SO THAT YOU UNDERSTAND WHAT THIS PROGRAM IS AND HOW IT WORKS.

Very truly yours,
GARY F. DOBIAS

3. I understand the District Attorney will consider any prior criminal conviction I may have.
4. I understand the District Attorney will consider a victim's input on my request for A.R.D.

5. I am aware that I will be in the A.R.D. program for a specific period and that the special terms and condition of the program are as follows:
 - (a) I will pay the costs of the prosecution of the charges filed against me.

 - (c) I will receive an alcohol and/or drug evaluation and follow through with any recommended treatment and pay the costs thereof.
 - (d) I may have to receive a mental health evaluation and follow through with any recommended treatment and pay the costs thereof.
 - (e) I will complete any community service hours as may be ordered by the Court.
 - (f) If I caused any property damage or personal injury to anyone and do not have insurance to pay for such damage or personal injury, I will make restitution to the victim of the amount of such damage or personal injury.
 - (g) I will abide by the general rules and regulations applicable to all persons on A.R.D.
6. I understand that the charges which have been filed against me will not be further prosecuted while I am in the A.R.D. Program, but if I fail to complete the program satisfactorily, I will be removed from the program and the charges filed against me will then be prosecuted according to law as if I had never been in the A.R.D. Program.
7. I understand that if I successfully complete the A.R.D. Program the charges that have been filed against me will be dismissed and the record will be expunged. If my current charge is for an offense under the driving under influence statute and I am convicted of a subsequent offense of driving under the influence, I may be sentenced as a second or subsequent offender of driving under the influence.
8. I understand that I can reject this offer of A.R.D. and demand that my case be brought to trial instead and that neither rejection of A.R.D. nor any statement I make in these A.R.D. proceedings can be used against me at trial.
9. I understand that by participating in the A.R.D. Program I waive (give up) the following rights:
 - (a) My right to a preliminary hearing.
 - (b) My right to a formal Court arraignment.

Effective Date

The proposed rulemaking shall be effective upon closure of the public comment period, the regulatory review process and final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

No sunset date has been assigned; however, every facet of the proposed rulemaking will be continuously reviewed for effectiveness, clarity and whether they are serving the greater interests of citizens of this Commonwealth.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 2, 2004, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Judiciary Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior

GAME COMMISSION

[58 PA. CODE CH. 137]

Wildlife; Feeding

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2004, meeting, proposed the following rulemaking:

Amend § 137.33 (relating to feeding of certain wildlife prohibited) to allow the ban on feeding bears to remain in effect, until amended or deleted by the Commission, by removing the expiration language from the section.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2004, meeting of the Commission. Comments can be sent until June 21, 2004, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Introduction

The Commission is proposing to amend § 137.33 to allow the ban on feeding bears to remain in effect, until amended or deleted by the Commission, by removing the expiration language from the section.

2. Purpose and Authority

In recent years, bear populations have increased in parts of this Commonwealth. These increases in bear populations have unfortunately resulted in increased instances of bear/human conflicts. The feeding of bears has consistently been an aggravating factor in many of these conflicts, because this feeding has attracted bears to developed areas. In an effort to limit bear/human conflicts, Chapter 137 (relating to wildlife) was amended to make it unlawful to feed bears. This amendment, however, contained expiration language which directed that "This section shall expire October 31, 2004, unless a regulation is promulgated reauthorizing it." The Commission is proposing to reauthorize § 137.33 and allow it to remain in effect until it is amended or deleted by removing the expiration language.

Section 103(a) of the code (relating to ownership, jurisdiction and control of game and wildlife) states that "The ownership, jurisdiction over and control of game or wildlife is vested in the commission . . ." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife . . . including regulations relating to the protection, preservation and management of game or wildlife and game . . . in this Commonwealth." The amendment to § 137.33 is proposed under this authority.

3. Regulatory Requirements

The proposed rulemaking will amend § 137.33 by removing the expiration language, thus allowing the ban on feeding bears to remain in effect until it is amended or deleted by the Commission.

4. Persons Affected

Persons living within areas where black bears are located would be affected by the proposed rulemaking.

5. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

6. Effective Date

The proposed rulemaking will be effective on final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the proposed rulemaking, contact Michael A. Dubaich, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

CHAPTER 137. WILDLIFE

§ 137.33. Feeding of certain wildlife prohibited.

It is unlawful to, except for normal or accepted farming, habitat management practices, oil and gas drilling, mining, forest management activities or other legitimate commercial or industrial practices, intentionally lay or place food, fruit, hay, grain, chemical, salt or other minerals anywhere in this Commonwealth for the purpose of feeding bear, or to intentionally lay or place food, fruit, hay, grain, chemical, salt or other minerals that may cause bear to congregate or habituate an area. If songbird feeders are being used by bears, the Commission may issue a written notice prohibiting the songbird feeding. **[This section shall expire October 31, 2004, unless a regulation is promulgated reauthorizing it.]**

Wildlife; Release

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2004, meeting, proposed the following rulemaking:

Amend § 137.2 (relating to release of turkeys) to make unlawful the release of captive held or captive raised game or wildlife into the wild without first securing a permit.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2004, meeting of the Commission. Comments can be sent until June 21, 2004, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Introduction

The Commission is proposing to amend § 137.2 to make unlawful the release of captive held or captive raised game or wildlife into the wild without first securing a permit.

2. Purpose and Authority

Currently, the Commission has no law or regulation that prohibits the release of captive held or captive raised game or wildlife into the wild. Release of captive held or captive raised game or wildlife into the wild is a sizable concern due to the possibility of the transmission of disease, unnatural predation and habitat competition. The transmission of disease by released animals is a concern because of the potential devastating effects that certain current diseases could have on the native wild animals of this Commonwealth. The recent problems with monkey pox or chronic wasting disease in other areas are prime examples. Released captive held or captive raised game or wildlife can also negatively impact native species by direct predation and by competition for habitat. The amendments to § 137.2 make unlawful the release of captive held or captive raised game or wildlife into the wild without first securing a permit.

Section 2102(c) of the code (relating to regulations) directs that "The commission shall promulgate regulations concerning the transportation, introduction into the wild, importation, exportation, sale, offering for sale or purchase of game or wildlife or the disturbing of game or wildlife in their natural habitat." Section 2102(a) of the code provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendment to § 137.2 is proposed under this authority.

3. Regulatory Requirements

The proposed rulemaking will make unlawful the release of captive held or captive raised game or wildlife into the wild without first securing a permit.

4. Persons Affected

Persons who release captive held or captive raised game or wildlife into the wild in this Commonwealth without first securing a permit will be affected by the proposed rulemaking.

5. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

6. Effective Date

The proposed rulemaking will be effective upon final form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the proposed rulemaking, contact Michael A. Dubaich, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

(Editor's Note: A proposal to amend this section which appeared at 33 Pa.B. 4680 (September 20, 2003), has been withdrawn by the Commission.)

CHAPTER 137. WILDLIFE

If the turkeys to be released have been raised in this Commonwealth in accordance with 7 Pa. Hunting and Trapping; Protective Material

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2004, meeting, proposed the following rulemaking:

Amend § 141.20 (relating to protective material required) to expand and clarify the list of specific animal species that may be hunted without wearing daylight fluorescent orange-colored material.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2004, meeting of the Commission. Comments can be sent until June 21, 2004, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. *Introduction*

The Commission is proposing to amend § 141.20 to expand and clarify the list of specific animal species that may be hunted without wearing daylight fluorescent orange-colored material.

2. *Purpose and Authority*

In an effort to clarify the applicability of § 141.20, the Commission is proposing to add furbearers and coyotes (except from the first day to the last day inclusive of the regular firearms deer season or any bear season) to the list of specific animal species that may be hunted without wearing daylight fluorescent orange-colored material. This expansion should reduce the confusion to the public and enforcement officers relative to the wearing of daylight fluorescent orange protective clothing while hunting and trapping.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to . . . the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendment to § 141.20 is proposed under this authority.

3. *Regulatory Requirements*

The proposed rulemaking will add furbearers and coyotes (except from the first day to the last day inclusive of the regular firearms deer season or any bear season) to the list of specific animal species that may be hunted without wearing daylight fluorescent orange-colored material. Regulatory requirements will therefore be relaxed by the proposed rulemaking.

4. *Persons Affected*

Persons wishing to hunt or trap furbearers or coyotes within this Commonwealth will be affected by the proposed rulemaking.

5. *Cost and Paperwork Requirements*

The proposed rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the proposed rulemaking, contact Michael A. Dubaich, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

[58 PA. CODE CHS. 147]
Special Permits; Taxidermy

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 20, 2004, meeting, proposed the following rulemaking:

Amend § 147.123 (relating to taxidermy examination) to clarify requirements regarding the use of reproductions and associated parts in addition to the types of species that may be used to mount fish, both in the General and Specialty class.

The proposed rulemaking will have no adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the April 20, 2004, meeting of the Commission. Comments can be sent until June 21, 2004, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. *Introduction*

The Commission's taxidermy testing procedures and process has long been admired and respected throughout the country. Few other states impose professional standards on their taxidermists and it shows in the quality of completed work. In keeping with these standards, the Taxidermist Board has recommended to the Commission that the following amendments be made relative to the mounting of fish, both in the General and Specialty class.

2. *Purpose and Authority*

The Taxidermist Board has concerns that current regulations do not adequately address the use of reproductions and associated artificial parts in addition to the types of species that may be used to mount fish, both in the General and Specialty class, to complete the taxidermy examination. The amendments to § 147.123 are intended to eliminate this confusion while also maintaining the high standards and skill level required for a taxidermy permit.

Section 2901(b) of the code (relating to authority to issue permits) provides that "the commission may, as deemed necessary to properly manage the game or wild-life resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife. . . in this Commonwealth. . ." The amendments to § 147.123 are proposed under this authority.

3. *Regulatory Requirements*

The proposed rulemaking will identify what types of reproductions and associated artificial parts in addition to the types of species that may be used to mount fish, both in the General and Specialty class, to complete the taxidermy examination.

4. *Persons Affected*

Persons wishing to obtain a taxidermy permit within this Commonwealth will be affected by the proposed rulemaking.

5. *Cost and Paperwork Requirements*

The proposed rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The proposed rulemaking will be effective on final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

For further information regarding the proposed rule-making, contact Michael A. Dubaich, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 1**

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area,

the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

41-00005C: Lycoming Engines (652 Oliver Street, Williamsport, PA 17701) a batch vapor degreaser, a solvent flush booth and two solvent dip tanks at 652 Oliver Street, City of Williamsport, **Lycoming County**.

The respective facility is a major facility for which Title V Operating Permit 41-00005 has been issued.

The batch vapor degreaser will be used to clean metal aircraft engine parts with perchloroethylene which has been designated as an HAP by the EPA. It will incorporate a refrigerated freeboard chiller as well as various design features (cover, extended freeboard, and the like) to control the emission of perchloroethylene. The batch vapor degreaser is expected to emit up to 1.84 tons of perchloroethylene in a 12 consecutive month period.

The solvent flush booth and two solvent dip tanks will also be used to clean metal aircraft engine parts, but will do so using mineral spirits. They are expected to emit up to a combined total of .73 ton of VOCs in a 12 consecutive month period, of which .00073 ton will also be HAPs.

The Department's review of the information submitted by Lycoming Engines indicates that the batch vapor degreaser, solvent flush booth and two solvent dip tanks will meet all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the requirements of 25 Pa. Code § 129.63 and the requirements of Subpart T of the National Emission Standards for Hazardous Air Pollutants for Source Categories, 40 CFR 63.460—63.470. Based on this finding, the Department intends to issue a plan approval for the construction of the batch vapor degreaser, solvent flush booth and two solvent dip tanks. Additionally, if the Department determines that the batch vapor degreaser, solvent flush booth and two solvent dip tanks are operating in compliance with all applicable plan approval conditions and regulatory requirements, the conditions established in the plan approval will be incorporated into Title V Operating Permit 41-00005 via administrative amendment under 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. The batch vapor degreaser shall not use any solvent other than perchloroethylene (unless approval is first obtained from the Department) and it shall emit no more than 1.84 tons of perchloroethylene in any 12 consecutive month period.

2. The batch vapor degreaser shall not use more than 273.4 gallons of perchloroethylene in any 12 consecutive month period. In determining compliance with this limit, any used perchloroethylene removed from this degreaser and shipped offsite in liquid form need not be counted as usage provided it is 100% perchloroethylene. Mixtures of perchloroethylene, sludge, and the like, may not be excluded or subtracted unless the perchloroethylene content of each container of mixture removed from this degreaser has been determined by analysis and then only the perchloroethylene portion of the mixture may be excluded.

3. Records shall be maintained of the amount of perchloroethylene used in the batch vapor degreaser each month as well as the amount of 100% perchloroethylene removed from this degreaser and shipped offsite each month. If the permittee excludes or subtracts from the usage total any perchloroethylene which is contained in a mixture of perchloroethylene and sludge, and the like, removed from this degreaser, records must also be maintained of the amount of perchloroethylene in each container of the material removed which shall include the

perchloroethylene content of each container and a description of the analytical method by which this was determined.

4. The batch vapor degreaser shall have a freeboard ratio of no less than 1.86.

5. The batch vapor degreaser shall be equipped with a freeboard refrigeration device which achieves a temperature of no greater than 74.94°F at the center of the chilled air blanket created by the refrigeration device.

6. The chilled air blanket temperature of the batch vapor degreaser shall be monitored daily and at least one daily reading shall be recorded during each 1-week period.

7. The batch vapor degreaser shall be equipped with a cover that shall fully cover the degreaser opening during all times of operation except to add or remove parts or to add or remove perchloroethylene.

8. The batch vapor degreaser shall have an automated hoist which is capable of moving parts or parts baskets at a speed of 11 feet per minute or less during the loading of parts into the degreaser and during the removal of parts from the degreaser.

9. The batch vapor degreaser shall comply with all applicable requirements specified in Subpart T of the National Emission Standards for Hazardous Air Pollutants For Source Categories, 40 CFR 63.460—63.470.

10. The solvent flush booth and two solvent dip tanks shall use only solvent with a vapor pressure of less than 1.0 millimeter of mercury at 68°F and an HAP content of no greater than .1% by weight. Additionally, the solvent flush booth and two solvent dip tanks shall not emit more than a combined total of .73 ton of VOCs and .00073 ton of HAPs, respectively, in any 12 consecutive month period.

11. The solvent flush booth and two solvent dip tanks shall not use more than a combined total of 224.7 gallons of solvent in any 12 consecutive month period. In determining compliance with this limit, any used solvent removed from this solvent flush booth and two solvent dip tanks and shipped offsite in liquid form need not be counted as usage provided it is 100% solvent. Mixtures of solvent, sludge, and the like, may not be excluded or subtracted unless the solvent content of each container of mixture removed from this solvent flush booth and two solvent dip tanks has been determined by analysis and then only the solvent portion of the mixture may be excluded.

12. Records shall be maintained of the amount of solvent used in this solvent flush booth and two solvent dip tanks each month as well as the amount of 100% solvent removed from this solvent flush booth and two solvent dip tanks and shipped offsite each month. If the permittee excludes or subtracts from the usage total any solvent which is contained in a mixture of solvent and sludge, and the like, removed from this solvent flush booth and two solvent dip tanks, records must also be maintained of the amount of solvent in each container of material removed which shall include the solvent content of each container and a description of the analytical method by which this was determined.

13. Records shall also be maintained of the identity, vapor pressure and HAP content of the solvent used in the solvent flush booth and two solvent dip tanks.

14. All solvent used in the solvent flush booth shall be applied to the parts being cleaned in a solid solvent stream. At no time shall solvent be applied via atomized or shower spray.

15. The two solvent dip tanks shall be equipped with covers which shall be closed at all times except during the cleaning of parts or during the addition or removal of solvent.

16. The solvent flush booth and two solvent dip tanks shall comply with all applicable requirements of 25 Pa. Code § 129.63.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particu-

lar proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code

Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

HAZARDOUS SITES CLEANUP UNDER THE ACT OF OCTOBER 18, 1988

Proposed Interim Response

Eastmont Dry Cleaners, Monroeville Borough, Allegheny County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305), has initiated a prompt interim response at the Eastmont Dry Cleaner Site (Site), 4137 William Penn Highway, Borough of Monroeville, Allegheny County. This response has been initiated under sections 501(a) and 505(b) of the HSCA (35 P. S. §§ 6020.501(a) and 6020.505(b)).

The property has been the location of dry cleaning operations dating to 1970. Analytical data generated by Walnut Capital, a prospective buyer for the Site, indicates that groundwater onsite and offsite in the area of Kenmar Drive is contaminated with tetrachloroethene (PCE), trichloroethene (TCE) and other chlorinated hydrocarbons.

The Department's response focused primarily on offsite contamination in the area of Kenmar Drive, which is hydraulically down gradient of the Site.

Because PCE and other chlorinated compounds may affect indoor air quality, the Department proceeded with an investigation that included sampling indoor air quality, as well as soil gases at residences on Kenmar Drive. The investigation has been conducted to determine whether or not the contamination associated with the Site may be affecting the health of area residents. In addition,

the Department will utilize the results of this investigation to determine whether or not future action may be necessary.

This notice is being provided under sections 505(b) and 506(b) of the HSCA. The administrative record, which contains the information that forms the basis and documents the selection of this response action, is available for public review and comment Monday through Friday from 8 a.m. to 4 p.m. at the Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA.

The administrative record will be open for comments from June 12, 2004, until September 10, 2004. Persons may submit written comments into the record, during this time only, by sending them to Paul Vogel, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by delivering them to this office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing on July 22, 2004, at 6:30 p.m. at the Monroeville Municipal Building, 2700 Monroeville Boulevard. Persons wishing to present comments must register before July 22, 2004, with Helen Humphreys Short, 400 Waterfront Dr., Pittsburgh, PA 15222, (412) 442-4183.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings should call Helen Humphreys Short at (412) 442-4183 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated

substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits

of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

SPECIAL NOTICES

Application for Solid Waste Variance

The Department of Environmental Protection (Department) has tentatively decided to grant a variance from classification as solid waste for certain material produced at Sartomer Company's (Sartomer) West Chester plant (610 South Bolmar Street, West Chester, PA 19382). This notice announces the opportunity for interested parties to review and comment on the variance application prior to a final decision by the Department. The variance request was submitted to the Department under Federal hazardous waste regulations in 40 CFR 260.30(c), which are incorporated by reference in 25 Pa. Code § 260a.1. This variance provision is available for materials that have been reclaimed but must be reclaimed further before the materials are completely recovered. The specific material for which Sartomer has requested a variance is a mixed heptane and toluene stream that will be partially reclaimed from an aqueous solution at Sartomer's West Chester facility. If the variance is granted, Sartomer plans to transport the partially reclaimed material, as a nonwaste material, to their Chatham, VA facility where it will be further reclaimed into separate heptane-rich and toluene-rich streams. The fully recovered material will then be reused directly as raw material in the manufacturing processes at either Sartomer's West Chester facility or Chatham, VA facility.

Persons wishing to comment on Sartomer's variance request and the Department's tentative decision to grant the request are invited to submit comments within 30 days from the date of this public notice to the Department at the following address. For more detailed information on the specific aspects of Sartomer's variance request, to obtain a copy of the request or to submit comments, contact Dwayne Womer, Department of Environmental Protection, Division of Hazardous Waste Management, P. O. Box 8471, Harrisburg, PA 17105, (717) 787-6239, dwomer@state.pa.us. Comments

received within the comment period will be considered by the Department in making the final decision regarding Sartomer's request. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. The Department will also accept requests for a public hearing on this matter. A public hearing may be held if the Department considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Department as previously specified. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Public Meeting and Request for Comment for the Proposed Total Maximum Daily Load (TMDL) for the Big Run Watershed in Clearfield County

The Department of Environmental Protection (Department) will hold a public meeting to discuss and accept comments on a proposed TMDL for the Big Run Watershed in Clearfield County. The meeting will be held on July 14, 2004, at 6:30 p.m. at the Clearfield County Multiservice Center, Daisy Street, Clearfield, PA. Individuals who plan to make a

presentation at the public meeting should contact John Mital, Moshannon District Mining Office, (814) 342-8200 by 4 p.m. on Friday, July 9, 2004. The Department will consider all comments in developing the final TMDL for the Big Run Watershed, which will be submitted to the EPA for approval.

The proposed TMDL for the Big Run Watershed was established in accordance with the requirements of the Clean Water Act, section 303(d). Three stream segments in the Big Run Watershed have been identified as impaired on the 1996 Pennsylvania Section 303(d) list due to depressed pH and/or high concentrations of metals. The listed segments and miles degraded are shown in the following table:

<i>Stream Code (Segment ID)</i>	<i>Stream Name</i>	<i>Miles Degraded</i>
25971 (7162)	Big Run	1.1

The proposed plan provides calculations of the stream's total capacity to accept metals (aluminum, iron, manganese and acidity), pH and maintain levels below water quality criteria. The applicable water quality criteria are as follows:

<i>Parameter</i>	<i>Criterion Value (mg/l)</i>	<i>Total Recoverable/Dissolved</i>
Aluminum	0.75	Total Recoverable
Iron	1.5	Total Recoverable
Manganese	1.00	Total Recoverable
pH	6.0—9.0	N/A

The primary pollutant source for the watershed is abandoned mine workings. This watershed was mined for coal in the 1900s. The effects of this are still present.

The proposed TMDL was developed using Monte Carlo Simulation (MCS) to determine long-term average concentrations that each stream segment could accept and still meet water quality criteria 99% of the time. MCS allows for the expansion of a data set based on its statistical makeup. Since there was no critical flow condition where criteria were exceeded, the Department used the average flow to express the loading values in the proposed TMDL. The proposed TMDL for the Big Run Watershed sets allowable loading rates for metals and acidity at specified points in the watershed. Field data collected over the past 2 years was used to establish the proposed TMDL for the Big Run Watershed. The data and all supporting information used to develop the proposed TMDL are available from the Department.

The Department will accept written comments on the proposed TMDL for the Big Run Watershed. Written comments must be postmarked by August 11, 2004, and sent to John Mital, Geologic Specialist, Department of Environmental Protection, Moshannon District Mining Office, 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200, jmital@state.pa.us.

To request a copy of the proposed TMDL and associated information sheet or to obtain directions to the Clearfield County Multiservice Center, contact John Mital at the previous phone number or e-mail address.

The proposed TMDL for the Big Run Watershed can be accessed through the Department's website: www.dep.state.pa.us (DEP Keyword: TMDL). Persons with a disability who require accommodations to attend this meeting should contact the Department at (814) 472-1900 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) to discuss how the Department may accommodate their needs.

Public Meeting and Request for Comment for the Proposed Total Maximum Daily Load (TMDL) for the Birch Island Run Watershed in Clinton County

The Department will hold a public meeting to discuss and accept comments on a proposed TMDL for the Birch Island Run Watershed in Clinton County. The meeting will be held on July 14, 2004, at 6:30 p.m. at the Clearfield County Multiservice Center, Daisy Street, Clearfield, PA. Individuals who plan to make a presentation at the public meeting should contact John Mital, Moshannon District Mining Office, (814) 342-8200 by 4 p.m. on Friday, July 9, 2004. The Department will consider all comments in developing the final TMDL for the Birch Island Run Watershed, which will be submitted to the EPA for approval.

The proposed TMDL for the Birch Island Run Watershed was established in accordance with the requirements of the Clean Water Act, section 303(d). Three stream segments in the Birch Island Run Watershed have been identified as impaired on the 1996 Pennsylvania Section 303(d) list due to depressed pH and/or high concentrations of metals. The listed segments and miles degraded are shown in the following table:

<i>Stream Code (Segment ID)</i>	<i>Stream Name</i>	<i>Miles Degraded</i>
25529 (7148)	Birch Island	6.2
25530 (7149)	Little Birch Island	4.3
25544 (7150)	Amos Branch	1.6

The proposed plan provides calculations of the stream's total capacity to accept metals (aluminum, iron, manganese and acidity), pH and maintain levels below water quality criteria. The applicable water quality criteria are as follows:

<i>Parameter</i>	<i>Criterion value (mg/l)</i>	<i>Total Recoverable/Dissolved</i>
Aluminum	0.75	Total Recoverable
Iron	1.5	Total Recoverable
Manganese	1.00	Total Recoverable

Reopening of the Site Assessment Grant Program

The Department of Environmental Protection (Department) has reinstated the Pollution Prevention and Energy Efficiency Site Assessment Grant Program under the new name Site Assessment Grant Program (program). The Department temporarily suspended the Pollution Prevention and Energy Efficiency Site Assessment Grant Program on September 30, 2003 (see 33 Pa.B. 4229 (August 23, 2003)). The Department will accept new applications under the program beginning July 1, 2004. This program is authorized by section 204(h) of the Small Business and Household Pollution Prevention Program Act (35 P. S. § 6029.204(h)).

Under the program, qualified small businesses will receive a grant from the Department to conduct a site assessment of their facilities. A site assessment is a detailed survey and evaluation of a company's manufacturing processes, operational procedures, systems, energy consumption and costs, raw material use, waste streams and disposal costs. The purpose of the assessment is to identify pollution prevention and energy efficiency opportunities. A private consultant will conduct the site assessment under the program.

Companies can realize significant financial savings by implementing pollution prevention and energy efficiency recommendations identified during a site assessment and protect the environment at the same time. Savings result from reduced costs for materials, energy use, waste handling and disposal and from operational or process changes.

Guidelines for the program will be posted in early June on the Department's website: www.dep.state.pa.us. Questions concerning the program should be directed to Mike Hitcho, (717) 772-8945, mhitcho@state.pa.us.

DEPARTMENT OF TRANSPORTATION

Disadvantaged Business Enterprise Participation in Federal Aviation Administration Funded Contracts

Under the authority in the Transportation Act for the 21st Century, Act of June 9, 1998, Pub. L. No 105-178, 112 Stat. 113 (23 U.S.C.A. § 101), and in keeping with the requirements of 49 CFR Part 26 (relating to participation by disadvantaged business enterprises in Department of Transportation financial assistance programs), the Department of Transportation (Department) provides public notice of its revised goal for participation by disadvantaged business enterprises (DBE) in its Federally assisted contracts.

Pending receipt of public comments, the Department's revised goal is a work in progress.

As a recipient of Federal funds from the United States Department of Transportation (US DOT) through its agencies, including the Federal Aviation Administration, the Department must comply with the goal setting provisions of the US DOT DBE regulation in 49 CFR Part 26,

effective March 4, 1999. The Department is mandated to submit a goal and methodology for Federally assisted contracts in accordance with the provisions of 49 CFR 26.45 and 26.51 (relating to how do recipients set overall goals; and what do recipients use to meet overall goals). The goal and methodology must be submitted to the Federal Highway Administration by August 1, 2004. An important part of this process is providing notice to the public concerning the goal and methodology used to arrive at the final goal and affording the public the opportunity to provide comments on the goal proposal.

To comply with the goal setting provisions of the DBE regulation, the Department employed the two-step process outlined in 49 CFR 26.45. Under Step 1, the Department created a baseline goal using the goals of subrecipient airports meeting the \$250,000 threshold. US DOT regulations allow recipients to "use the goal of another DOT recipient" (49 CFR 26.45(c)(4)) to establish a Step 1 baseline goal. The first step in identifying qualifying recipients was to determine which recipients had received block grants totaling \$250,000 or more for in Airport Improvement Grants (AIG). The Department created "working goals" for the airports without goals for the purpose of computing a Department-wide baseline goal.

The Department calculated Step 1 working goals were created by averaging the approved goals of airports within a 100-mile radius for each subrecipient by calculating the ratio of DBE contractors to all contractors able to perform the pertinent work type at each subrecipient airport. When these goals are weighted according to the amount of Federal moneys they receive, they yield the Step 1 baseline goal.

Under Step 2 of the goal setting process, the Department examined all relevant evidence in its jurisdiction to determine what adjustments, up or down, were needed to arrive at the overall goal. Step 2 necessarily took into account other conditions or variables impacting DBEs in this Commonwealth including each airport's track record in utilizing DBE firms in the past. As part of the adjustment phase, the Department gave due consideration to the specific types of work being contracted under the various AIG block grants.

Consistent with the public participation requirement for this process, the Department is making the proposed revised goal and methodology available for inspection and review for 45 days from the date of this notice. The Department considers the overall goal and methodology a work in progress pending input from the public. To review the DBE goal documents, contact any of the following locations:

Disadvantaged Business Enterprise Participation in Federal Highway Administration Funded Contracts

Under the authority in the Transportation Act for the 21st Century, Act of June 9, 1998, Pub. L. No 105-178, 112 Stat. 113 (23 U.S.C.A. § 101), and in keeping with the requirements of 49 CFR Part 26 (relating to participation by disadvantaged business enterprises in Department of Transportation financial assistance programs), the Department of Transportation (Department) provides public notice of its revised goal for participation by disadvantaged business enterprises (DBE) in its Federally assisted contracts.

Pending receipt of public comments, the Department's revised goal is a work in progress.

As a recipient of Federal funds from the United States Department of Transportation (US DOT) through its agencies, including the Federal Highway Administration (FHA), the Department must comply with the goal setting provisions of the US DOT DBE regulation in 49 CFR Part 26, effective March 4, 1999. The Department is mandated to submit a revised goal and methodology for Federally assisted contracts in accordance with the provisions of 49 CFR 26.45 and 26.51 (relating to how do recipients set overall goals; and what do recipients use to meet overall goals). The revised goal and methodology must be submitted to the FHA by August 1, 2004. An important part of this process is providing notice to the public concerning the revised goal and methodology used to arrive at the final goal and affording the public the opportunity to provide comments on the goal proposal.

To comply with the goal setting provisions of the regulation, the Department employed a two-step process, as outlined in 49 CFR 26.45. Under Step 1, the Department created a baseline figure for the relative availability of "ready, willing and able DBEs" in a relevant market, derived from demonstrative evidence of local market conditions. To this end, the Department developed a definition of "ready, willing and able DBEs" relative to any business "ready willing and able" to perform on Federally assisted Department contracts. The Department considered historical activity within specified market areas including research, engineering and design consulting, contractors (prime, subcontractors and suppliers) and other consultant activities. Additionally, the Department developed a ratio within market areas of "ready willing and able DBEs" relative to the universe of all other "ready willing and able" enterprises.

Under Step 2, the Department examined all relevant evidence in its jurisdiction to determine what adjustments, up or down, are needed to arrive at the overall goal, taking into consideration other conditions or variables impacting DBEs in this Commonwealth. As part of this adjustment phase, the Department considered market potential based upon employment security data and other public data. The Department also considered certain changes relative to counting and certification that occurred as the result of the new regulation.

Consistent with the public participation requirement for this process, the Department is making the proposed revised goal and methodology available for inspection and review for 45 days from the date of this notice. The Department considers the revised overall goal and methodology a work in progress pending input from the public. To review the DBE goal documents, contact any of the following locations:

Disadvantaged Business Enterprise Participation in Federal Transit Administration Funded Contracts

Under the authority in the Transportation Act for the 21st Century, Act of June 9, 1998, Pub. L. No 105-178, 112 Stat. 113 (23 U.S.C.A. § 101), and in keeping with the requirements of 49 CFR Part 26 (relating to participation by disadvantaged business enterprises in Department of Transportation financial assistance programs), the Department of Transportation (Department) provides public notice of its revised goal for participation by disadvantaged business enterprises (DBE) in its Federally assisted contracts.

Pending receipt of public comments, the Department's revised goal is a work in progress.

As a recipient of Federal funds from the United States Department of Transportation (US DOT) through its agencies, including the Federal Transit Administration (FTA), the Department must comply with the goal setting provisions of the US DOT DBE regulation in 49 CFR Part 26, effective March 4, 1999. The Department is mandated to submit a goal and methodology for Federally assisted contracts in accordance with the provisions of 49 CFR 26.45 and 26.51 (relating to how do recipients set overall goals; and what do recipients use to meet overall goals). The goal and methodology must be submitted to the Federal Highway Administration by August 1, 2004. An important part of this process is providing notice to the public concerning the goal and methodology used to arrive at the final goal and affording the public the opportunity to provide comments on the goal proposal.

To comply with the goal setting provisions of the DBE regulation, the Department employed the two-step process outlined in 49 CFR 26.45. Under Step 1, the Department first identified transit authorities likely to have more than \$250,000 in contracting opportunity during fiscal year (FY) 2005. Transit authorities meeting this criterion were polled to see if they had submitted goals for FY 2005. US DOT regulations allow recipients to "use the goal of another DOT recipient" (49 CFR 26.45(c)(4)) to establish a Step 1 baseline goal. Transit authorities with no goals had "working goals" calculated for them, using goals of nearby transit authorities. Additionally, a goal for Department administered funds was developed by taking a count of DBEs in pertinent work types and dividing it by the universe of prequalified contractors in those work types. These goals were weighted according to the projected FY 2005 contracting opportunity to create the Step 1 goal.

Under Step 2 of the goal setting process, the Department examined all relevant evidence in its jurisdiction to determine what adjustments, up or down, were needed to arrive at the overall goal. Step 2 necessarily took into account other conditions or variables impacting DBEs in this Commonwealth. As part of the adjustment phase, the Department gave due consideration to the geographical location of the predominantly rural Department FTA subrecipients. The Department also considered market potential based upon employment security data and other public data.

Consistent with the public participation requirement for this process, the Department is making the proposed revised goal and methodology available for inspection and review for 45 days from the date of this notice. The Department considers the overall goal and methodology a work in progress pending input from the public. To review the DBE goal documents, contact any of the following locations:

Department of Health—Public Swimming and Bathing Places; Regulation No. 10-170

On September 25, 2002, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Health (Department). This rulemaking amends 28 Pa. Code Chapter 18. The proposed regulation was published in the October 5, 2002, *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on April 30, 2004.

The regulation amends existing regulations relating to bacterial monitoring of public bathing beaches to reflect requirements included in the Federal Beaches Environmental Assessment and Coastal Health Act of 2000 (act). Although the act governs only Lake Erie beaches in this Commonwealth, the amendments apply to all public bathing beaches in this Commonwealth.

We have determined this regulation is consistent with the statutory authority of the Department (35 P. S. §§ 672—680(d) and 16 P. S. §§ 12001—12028) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
14-481	Department of Public Welfare Payment for Burial (34 Pa.B. 1774 (April 3, 2004))	5/3/04	6/2/04

Department of Public Welfare Regulation No. 14-481 (IRRC No. 2395)

Payment for Burial

June 2, 2004

We submit for consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Department of Public Welfare (Department) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on May 3, 2004. If the final-form regulation is not delivered within 2 years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Chapter 285. Payment for burial.—Fiscal impact; Reasonableness; Clarity.

Title of chapter

This chapter is entitled “Payment for Burial.” However, this chapter also includes arrangements for cremation. For clarity, the Department should change the title of this chapter to “Payment for Burial and Cremation” or “Payment for Disposition.”

Funeral director

The existing regulations state that the Department will pay a “funeral director” for burial services. There are two concerns.

First, the term “funeral director” is not defined in the existing regulations. The final-form regulation should include a reference to the statutory definition of “funeral director” in section 2(1) of the Funeral Director Law (63 P. S. § 479.2(1)).

Second, how will the Department assure that other providers will receive a portion of the payment for the services they provide related to burial or cremation? For example, do funeral directors face penalties for failure to proportion payments to other providers? If so, how does the Department inform funeral directors of these penalties?

Estimated cost of the program

Item 19 of the Regulatory Analysis Form (RAF) states “The Department estimates the annual cost for the program to be \$1.116 million in state funds.” This annual estimate is also found in the preamble of the proposed rulemaking. Item 13 of the RAF states “approximately 216 payments were distributed to funeral directors from the Department in the past two years.” Estimating 108 payments per year, at \$750 per payment, the total expenditure for this program per year would be \$80,000 annually. The Department should explain why the estimated costs of this program will increase so dramatically.

2. Section 285.3. Requirements.—Fiscal impact; Reasonableness; Clarity.

Subsection (c)—standards for burial

Several commentators expressed support for the proposed regulation but also suggested additional amendments. One group suggested the deletion of the minimum requirements for goods and services in subsection (c)(1) and (2). These requirements include: standard casket; standard outer case; suitable clothing for the remains; preparation of the remains; and transportation for the remains and the funeral party. This group claimed deletion of these specific items would provide recipients' families with greater flexibility and choice in planning funeral arrangements.

Another group suggested minor revisions to the minimum requirements while contending that most of the current requirements should be retained. They claimed the minimum requirements are useful for funeral directors, cemeteries, crematoriums and other providers in determining what is to be covered by the payments from the Department. The minimum requirements may also provide some protection to the recipients' families by assuring payment for certain items or services. The Department should thoroughly review the requirements and provide a rationale for retaining or revising the requirements or for deleting items from this subsection in the final-form regulation.

Subsection (e)—resources that do not reduce Department payment

The Department is proposing to delete clauses (A)—(C) of subsection (e)(1)(i). The references to clauses (A)—(C) in subsection (e)(1)(iii) should also be deleted in the final-form regulation.
