READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Pike County Board of Assessment*, 642 A.2d 581 (Pa. Commw. Ct. 1994).

Rule L—5000.4. Consolidation.

(a) In real estate tax assessment appeals involving residential property, the following case management schedule shall govern the appeal, absent a case management order from the Court:

time as agreed to by the parties and approved by the Court, then, upon motion, the Court may preclude that party from presenting any evidence of valuation at trial.

(2) The Court Administrator shall schedule a conciliation conference within one hundred and twenty (120) days of the filing of the appeal. At the time of conciliation, all counsel and the parties, or a designated representative, shall be present. The property owner, or their designated representative, shall have full authority to settle. The conciliation conference may be the same day as the hearing before the master.

(b) In real estate tax assessment appeals involving commercial property, the following case management schedule shall govern the appeal, absent a case management order from the Court:

(1) Discovery requests shall be propounded within forty-five (45) days of the filing of the appeal.

(2) Responses to discovery shall be furnished within forty-five (45) days of the date of the requests.

(3) Within one hundred and fifty (150) days of the filing of the appeal, the parties shall exchange appraisal reports. If a party fails to provide an appraisal within the time period provided by this rule, by leave of court, or within such time as agreed to by the parties and approved by the Court, then, upon motion, the Court may preclude that party from presenting any evidence of valuation at trial.

(4) Each party of record shall file a Pretrial Memorandum within one hundred and eighty (180) days of the filing of the appeal. The Pretrial Memorandum shall set forth (1) the contended assessed value of the subject real estate; (2) the names of all witnesses to be called at the hearing; (3) a list of all exhibits intended to be introduced at the hearing; (4) any pre-trial motions, with supporting legal authority; (5) a summary of any legal issues; and (6) a copy of any appraisal to be presented at the hearing.

At the time of conciliation, all counsel and the parties, or a designated representative, shall be present. The property owner, or their designated representative, shall have full authority to settle. The conciliation conference may be the same day as the hearing before the master.

The order of appointment shall specify the matters which are referred to the master.

Note: The Court possesses the inherent authority to appoint a master to assist it in performing its various functions, including the production of advisory opinions regarding tax assessment appeals. *Appeal of 322 Blvd. Associates*, 600 A.2d 630 (Pa. Commw. Ct. 1991).

(d) Within twenty (20) days after the moving party has filed its Brief in Support of Objections, all responding parties shall file their Briefs in Opposition to Objections.

(e) If no Brief in Opposition is filed and served within twenty (20) days, the Court Administrator shall send the opposing party a letter, with copies to all counsel and parties not represented by counsel, stating that if an opposing brief is not filed within twenty (20) days of the date of the letter, the decision will be made without reference to any brief that you may file thereafter. (FORM 5000.8(e)).

(f) A copy of any brief filed shall be served on all counsel of record, a party if unrepresented, the Court Administrator, and the Court.

Note: If a Brief in Opposition has been filed by a taxing authority, other taxing authorities may file a statement joining in that brief, and forego filing their own brief.

Rule L—5000.9. Decision. Final Order. No Post-Trial Motions.

(a) Within five (5) days after the filing date set for the Briefs in Opposition to Objections has passed, the objecting party shall notify the Court that the matter is ripe for decision by filing a notice that the matter is ripe for decision as substantially set forth in FORM 5000.9(a). A copy of the notice shall be served on all counsel of record, a party if unrepresented, and the Court Administrator.

(b) Upon the filing of the notice defined in subsection (a), the Court may schedule oral argument on the objections, or enter a final order based on the briefs and record alone.

(c) In the event that none of the parties file objections as described above, the report and recommendation of the master shall become the final order of court.

(d) There shall be no motions for post-trial relief to a final order of court.

Rule L—5000.10. Real Estate Tax Exemption Appeals.

(a) Real estate tax exemption appeals shall be governed by the same rules as real estate tax assessment appeals; provided, however, that Local Rules 5000.3 and 5000.5 shall not be applicable.

PROPOSED RULEMAKING

PENNSYLVANIA MINORITY BUSINESS DEVELOPMENT AUTHORITY

[12 PA. CODE CH. 81]

General Provisions

The Pennsylvania Minority Business Development Authority (Authority), under the authority of section 9 of the Pennsylvania Minority Business Development Authority Act (act) (73 P.S. § 390.9), proposes to amend §§ 81.111, 81.112, 81.122, 81.124, 81.131, 81.143 and 81.144 to read as set forth in Annex A.

Introduction

The act was promulgated for the express purposes of: (1) alleviating and overcoming the many barriers to business opportunity that have too long handicapped socially and economically disadvantaged persons; and (2) providing assistance, financial and otherwise, which will contribute to well-balanced National and State economies by facilitating the acquisition or maintenance of ownership of business enterprises by persons whose participation in the free enterprise system is hampered because of social or economic disadvantages. See section 2 of the act (73 P.S. § 390.2). The act created the Authority, a body corporate and politic with a 16-member board of directors composed of 4 cabinet officers, 8 persons appointed by the Governor and 4 persons appointed by the General Assembly. In 1975 the Authority promulgated regulations which describe in detail the Authority's lending and financial assistance programs, covering topics such as purpose of the program, eligible applicants and projects, application procedures, amount and terms of loans and other financial assistance, loan closing procedures, default procedures, late charges and the procedures to be used for examinations and investigations conducted by the Authority.

Analysis

This rulemaking proposes to amend the regulations that impede the Authority's ability to be responsive and flexible to its target market.

Proposed amendments to § 81.111(a)(6) (relating to eligible applicants) delete the requirement that the applicant shall commit to full time management of the company. Instead, the applicant will be required to maintain complete control of the enterprise. This will allow the Authority to fund start-up businesses when the applicant will have another job until the new enterprise can financially support a full-time manager.

Proposed amendments to § 81.111(a)(7) delete the requirement that to be eligible, the applicant shall commit to work full-time in the enterprise for which he is seeking a loan, and if he is otherwise employed shall terminate employment prior to or at the time of closing. This will also allow the Authority to fund start-up businesses when the applicant will have another job until the new enterprise can financially support a full-time manager.

Proposed amendments to § 81.112(a)(3) (relating to eligible projects) delete the requirement of an escrow account for project funds provided by other sources.

Proposed amendments to § 81.122 (relating to applications, review and requirements) delete the requirement that applications be submitted through the regional offices, which no longer exist.

Proposed amendments to § 81.124 (relating to additional conditions) delete the requirement of credit life insurance and assignments of life insurance policies as loan collateral. Life insurance can be difficult or very expensive to obtain, or both.

Proposed amendments to § 81.131 (relating to amount and terms of loans) delete detailed requirements as to loan amounts, interest rates and job creation criteria. The proposed amendment allows the Authority to establish these parameters through policies to be published from time to time in the *Pennsylvania Bulletin*.

Proposed amendments to § 81.143 (relating to late charges) delete the requirement of a 6.00% monthly late charge.

Proposed amendments to § 81.144 (relating to loan closing) delete the requirement of the use of an escrow fund for loan closings.

The proposed amendments will allow the Authority to quickly adapt to changing markets by modifying interest rates, loan terms, minimum and maximum loan amounts, job creation requirement and making changes to program delivery options. By embedding these fundamental elements of financing in regulations, the Authority program is frozen in its efforts to flex to changing economic conditions and thus unable to be responsive to its target market (businesses owned by socially and economically disadvantaged persons). Viable nonregulatory alternatives exist to deal with these matters, namely guidelines and descriptive application materials.

Fiscal Impact

There will be no fiscal impact on the Commonwealth, political subdivisions or the public.

Paperwork

This proposed rulemaking will allow the Authority to set forth procedures and loan parameters in written guidelines and application materials, which can be modified as market forces dictate. The Authority does not foresee new or different paperwork requirements emerging because of this proposed rulemaking.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on June 2, 2016, the Authority submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Commerce Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review prior

to final publication of the rulemaking by the Authority, the General Assembly and the Governor.

Effective Date

This proposed rulemaking will be effective 90 days after final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

The regulations will be monitored on a regular basis and updated as needed.

Contact Person

Interested persons are invited to submit in writing, within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*, comments, suggestions or objections to Timothy M. Anstine, Deputy Chief Counsel, Department of Community and Economic Development, 400 North Street, Plaza Level, Harrisburg, PA 17120, (717) 720-7312.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of July 2016

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of July, 2016, is 4 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub.L. No. 96-221). Further preemption was instituted with the signing of Pub.L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 2.22 to which was added 2.50 percentage points for a total of 4.72 that by law is rounded off to the nearest quarter at 4 3/4%.

In addition, the permit contains the following major special conditions:

1. Chesapeake Bay Nutrient Requirements*
2. Requirements applicable to stormwater outfalls
3. Chemical additives
4. Annual biological river survey

* This permit contains conditions which authorize the permittee to apply nutrient reduction credits to meet the Net Total Nitrogen and the Net Total Phosphorus effluent mass limits, under the Department's Trading of Nutrients and Sediment Reduction Credits Policy and Guidelines (Document #392-0900-001, December 30, 2006). The conditions also authorize the permittee to apply offsets for background nutrient loads. The condition includes the requirement to report the application of these credits and/or offsets in Supplemental Discharge Monitoring Reports (DMRs) submitted to the Department.

* The compliance date for Net Total Nitrogen and Net Total Phosphorus will begin upon issuance of the permit. Since these reporting requirements are annual loads, the reporting on compliance with the annual limitations will be required to be reported on the Supplemental DMR—Annual Nutrient Summary by November 28 of each year.

* Total Annual Ammonia Load will be required to be reported on the Supplemental DMR—Annual Nutrient Summary by November 28 of each year.

PA0065340-A1, Pesticides, SIC Code 0782, **Stillwater Estates Property Owner Association (POA)**, 382 Stillwater Drive, Pocono Summit, PA 18346.

Description of Existing Activity: The application is for an Individual NPDES permit amendment (usage of copper sulfate for control of filamentous algae and cyanobacteria a.k.a. blue-green algae) for discharge associated with the application of pesticides in Coolbaugh Township and Tobyhanna Township, **Monroe County**.

The receiving stream(s), Stillwater Lake (on Upper Tunkhannock Creek), is located in State Water Plan watershed 2-A and is classified for High Quality—Cold Water and Migratory Fish, aquatic life, water supply and recreation. Applicators are required to follow product labeling instructions of pesticides, which may include provisions to reduce application doses and notify public water suppliers in the event applications are conducted near public water supply intakes. The discharges associated with the pesticide applications are not expected to affect public water supplies.

PA DEP has made a tentative determination to issue the NPDES permit subject to the terms and conditions of the permit. An anti-degradation analysis has been completed to document that pesticide application activities in High Quality (HQ) or Exceptional Value (EV) waters will be conducted in a manner that minimizes adverse environmental effects. The proposed permit contains conditions that require implementation of Pest Management Measures, Recordkeeping and Annual Reporting Requirements, Corrective Action Documentation and Reporting, and a Pesticides Discharge Management Plan.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 570-826-5472. You may submit written comments on the application and draft permit within 30 days to the address above. After the 30-day comment period, PA DEP will make a final determination on the issuance of the permit.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area,

the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments,

protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

09-0142D: ML 35, LLC (35 Runway Road, Levittown, PA 19057) for modifying eleven (11) existing engines located at its data center in Bristol Township, **Bucks County**. This plan approval was submitted for the re-designation of the engines from “emergency engines” to “non-emergency engines” and to allow retrofitting five (5) of the engines at this location to meet the emission standards specified in 40 CFR 63 Subpart ZZZZ. The requirements of 40 CFR Part 60 Subpart IIII or Part 63 Subpart ZZZZ—Standards for compression ignition internal combustion engines were revised to that of “non-emergency” engines. This facility is a synthetic minor facility for nitrogen oxides (NO_x) and carbon monoxide (CO) emissions. The facility wide NO_x emissions are limited to below 25 tons per year. The Plan Approval and Operating Permit will contain all applicable requirements that apply to each engine including testing, recordkeep-

ing, reporting, and work practices designed to keep the facility operating within all applicable air quality requirements.

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4862, Virendra Trivedi, New Source Review Chief, 717-705-4863, or William Weaver, Regional Air Quality Manager, 717-705-4702

67-03018B: Penn-Mar, Inc. (500 Broadway, Hanover, PA 17331) for the modification of the ductwork for the fabric filter which controls emissions from the molding and coring operations at the foundry in Hanover Borough, **York County**. Upon completion of the proposed modifications, the fabric filter will vent directly to atmosphere. Potential atmospheric emissions of particulate matter (PM) from this action are estimated at 0.48 ton per year. The Plan Approval will include emission limits and work practice standards along with testing, monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Based on these findings, the Department proposes to issue a plan approval for the proposed operation. If the Department determines that the sources are operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an operating permit pursuant to the provisions of 25 Pa. Code Chapter 127.

36-03202A: RLB Ventures, Inc. DBA Bench Dogs (10 Industrial Way, Denver, PA 17512) for the operation of three (3) spray booths & silk screening operations in East Cocalico Township, **Lancaster County**. Potential emissions from the facility are estimated to be 11.7 tpy VOC, 1.3 tpy of a single HAP (toluene) and 5.2 tpy of combined HAPs. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department proposes to issue a plan approval for the proposed operation. If the Department determines that the sources are operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an operating permit pursuant to the provisions of 25 Pa. Code § 127.411.

08-00009A: Tennessee Gas Pipeline Company, LLC (PO Box 2511, Houston, TX 77252-2511) has submitted an application to the Pennsylvania Department of Environmental Protection (PA DEP) for plan approval to construct a natural gas-fired combustion turbine which will be coupled to a centrifugal compressor, as part of the Susquehanna West Project, at the Compressor Station 317 facility located in Troy Township, **Bradford County**. The proposed compression process includes a combustion turbine, centrifugal compressor as well as ancillary systems for a natural gas compression process such as valves, flanges, connectors, etc.

The proposed combustion turbine is a Solar® Mars 100-16000S equipped with SoLoNO_x™ technology, a lean

premix type of combustion technology, also known as Dry Low NO_x Combustion technology. TGP proposes to equip the exhaust of the source with an add-on device that employs oxidation catalyst technology to control volatile organic compounds (VOCs), formaldehyde and carbon monoxide (CO) emissions in the turbine's exhaust. The source is subject to the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12. The proposed combustion turbine is also subject to the Standards of Performance for Stationary Combustion Turbines of 40 CFR Part 60 Subpart KKKK.

The potentials to emit of the proposed combustion turbine are: 30.4 tons per year (tpy) of NO_x (expressed as NO₂), 36.6 tpy of CO, 8.40 tpy of SO_x (expressed as SO₂), 3.52 tpy of PM₁₀ and PM_{2.5}, 2.50 of VOCs, 1.02 of HAPs, and 0.91 of formaldehyde.

PA DEP's review of the information submitted by the facility indicates that the proposed construction will comply with all applicable air quality regulatory requirements, including the BAT requirements. The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable air quality regulatory requirements. The plan approval includes emission restrictions for NO_x, CO, VOCs, SO_x, PM₁₀, PM_{2.5}, and formaldehyde. Stack testing of the proposed turbine for these pollutants is required no later than 180 days from the date of startup. The facility is required to continuously monitor certain turbine parameters that indicate whether or not the unit is operating continuously in low-NO_x mode during all periods of operation except startup, shutdown, and those in which the ambient temperature is below 0 degrees Fahrenheit. Additionally, the inlet and outlet oxidation catalyst temperatures and differential pressure across the oxidation catalyst are required to be continuously monitored. The plan approval also includes all applicable recordkeeping and reporting conditions. The facility will be also required to monitor on-site equipment for leaks on a monthly basis and perform leak detection and repair program annually.

Based on the information presented above, the Department intends to issue a plan approval for the proposed construction of the natural gas-fired combustion turbine. If the Department determines that the source is constructed and operated in compliance with the plan approval conditions including the information listed in the application, the plan approval will be incorporated into a State-Only operating permit. The application will be required to be filed no later than 120 days upon request by the Department.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's North Central Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-3693.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania*

Bulletin and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

EROSION AND SEDIMENT CONTROL PERMITS

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance activities associated with either road maintenance or timber harvesting operations.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative.

Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

A person wishing to comment on a proposed permit are invited to submit a statement to the appropriate Department regional office listed before the application within 30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department regional office during the 30-day public comment period.

Following the 30-day comment period, the appropriate regional office water management program manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board (Board).

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the appropriate regional office.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified regional office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P.S. § 750.5)

Southeast Region: Clean Water Program Manager, 2 E. Main Street, Norristown, PA 19401. Telephone 484-250-5970.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>

On June 1, 2016, the Southeast Regional office approved the Act 537 Official Plan revision for the Ellis Preserve Townhouses in Newtown Township, Delaware County (APS ID No. 912478, AUTH ID No. 1132542). The Official Plan revision consists of 76 townhouse units on 24 acres. The proposed development is located at the intersection of Newtown and Goshen Roads in Newtown Township, Delaware County.

This project will be connected to the Newtown Township Delaware County Municipal Authority (NTDCMA) conveyance system and will generate 17,100 gallons of sewage per day to be treated at the DELCORA Wastewater Treatment Facility or the City of Philadelphia Southwest Water Pollution Control Plant.

Planning approval is also granted through this revision for a sewage pumping station that will be dedicated to

NTDCMA, which will convey sewage flows from the Ellis Preserve property to the existing interceptor in Newtown Road. The pumping station will be located south of the Newtown Friends Meeting and School property, as depicted on the site plan entitled Offsite Sanitary Sewer to Townhouse Pump Station, prepared by ESE, dated August 21, 2015, and last revised on May 10, 2016. The pump station will have average design flows of 185,000 gallons per day. NTDCMA must secure a Department permit for the construction and operation of the proposed sewage pumping station.

The pumping station will serve the following uses on the Ellis Preserve property, as noted in the revised project narrative in the resubmission dated April 17, 2014, and last revised May 20, 2016, and as contemplated in Newtown Township's approved 2013 Act 537 plan update:

1. Sector 1—Office space and the Ellis Preserve Town Center Multifamily development.
2. Sector 2—Office space.
3. Sector 3—The Ellis Preserve Townhouses A-O Zoning District Lot 1.
4. Sector 4—Existing Building Improvement and Main Line Health facility.

Currently only the Ellis Preserve Townhouses A-O Zoning District Lot 1 is approved to utilize the proposed pumping station. Sectors 1, 2 and 4 must complete sewage facilities planning modules or receive planning exemptions prior to connecting to the pumping station.

The pump station is proposed to be designed to ultimately accept flows from the Liseter Pump Station (FKA Ashford Pumping Station). However, additional sewage facilities planning must be completed by Newtown Township and approved by the Department before any diversion of flows from the Lister Pump Station's force main to this pump station may occur.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Jefferson Hills Borough	925 Old Clairton Rd. Clairton, PA 15025-3133	Allegheny

Plan Description: The approved plan is a companion plan with Phase I of a 537 plan approved for the Clairton Municipal Authority (CMA). The plan provides for upgrade of the CMA pump station and improvements in the Peters Creek Interceptor. The plan also provides for the extension of sanitary sewers and construction of a pump station to serve the Coal Valley portion of the Borough. The Departments review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
West Hempfield Township	3401 Marietta Avenue Lancaster, PA 17601	Lancaster

Plan Description: Approval of a revision to the official plan of West Hempfield Township, Lancaster County. The project is known as West Hempfield Township Act 537 Plan Amendment to the Lancaster Area Sewer Authority Regional Act 537 Plan. The plan provides for a low pressure sewage system with grinder pumps as the selected alternative to serve 52 edus or 18,200 gpd. The selected alternative results in the expansion of the service area to accommodate parcels that previously could not be served, due to cost or technical issues.

The proposed development is located in the Raintree Road area of West Hempfield Township, Lancaster County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is B1-36960-ACT and the APS Id is 616919. Any permits must be obtained in the name of the Lancaster Area Sewer Authority.

Northcentral Region: Clean Water Program Manager, 208 West Third Street, Williamsport, PA 17701.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Walker Township	816 Nittany Valley Drive Bellefonte, PA 16823	Centre

Plan Description: The approved plan calls for the Spring-Benner-Walker Joint Authority to permit, construct, own, and operate an upgraded Pump Station 7. The pump station upgrade consists of the installation of a larger wet well and new pumps operated via variable frequency drive controls. It is estimated that the proposed pump station upgrade will cost \$797,500.00, with the Spring-Benner-Walker Joint Authority utilizing capital reserve funds to cover the cost of the upgrade. The plan notes that no rate payers will incur increased fees as a result of the proposed project. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from the proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the Spring-Benner-Walker Joint Authority.

NOTICE OF INTERIM RESPONSE UNDER THE HAZARDOUS SITES CLEANUP ACT

**Former Torch Mill Lumber Site
Carbondale City, Lackawanna County**

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act, 35 P.S. § 6020.101 et seq. (HSCA), has initiated a prompt interim response action at the Former Torch Lumber Mill Site (Site). This response will be undertaken pursuant to Sections 505(b) and (c) of HSCA, 35 P.S. § 6020.505(b) and (c). The Site is located at 45 Clarke Ave. in Carbondale City, Lackawanna County, PA.

The Site was owned and operated by Joseph Torch and his wife Rosella Torch and formerly used as a lumber mill and treatment facility, which included arsenic and creosote lumber production. Following Joseph Torch's death on or about January 9, 2003, the property was owned by his wife, Rosella Torch. The Department initially became involved in the site on February 25, 2003, when Storage Tank Section staff investigated a complaint of contamination at the Site. An inspection of the Site revealed at least 2 unregistered aboveground storage tanks. The tanks held hazardous substances (creosote and chromate copper arsenate or "CCA") that were used in wood preserving operations. A release of regulated substances (creosote/CCA) had been observed and a site characterization was requested to be conducted. Following Rosella Torch's death on July 26, 2003, the site was under the control of the Joseph/Rosella Torch Estate(s). On February 6, 2008, representatives from the Department met with attorneys and consultants for the Rosella Torch Estate, at the former Torch Lumber Mill Site. The Department described the work that needed to be completed with regard to the site characterization at the facility where contamination from petroleum, creosote, and possibly CCA existed. The need for groundwater characterization, the location of an alleged injection well, and possible funding sources for characterization and cleanup were discussed.

In February 2012, vandals removed large metal vats which formerly contained suspected creosote sludge. The suspected creosote sludge material was dumped on the ground. Additionally, several structures were known to contain asbestos materials.

In 2012, the Department learned that the Site was purchased at a Lackawanna County Judicial Tax Sale by Balaji Investments, LLC. The Department subsequently met with representatives of Balaji to discuss the environmental concerns associated with the Site. At that time, Balaji informed the Department that it was in the process of rescinding its purchase of the Site. The Department repeatedly requested that Balaji provide access to the Department to continue implementation of its site characterization activities. Balaji did not respond to the Department's requests for access. Therefore, on May 27, 2014, the Department issued an Administrative Order requiring Balaji to grant access.

Based upon the fact that a release of a hazardous substance as defined by HSCA has occurred and that the threat of a release of hazardous substances exists and that an ongoing release is likely if no actions are taken, the Department is authorized to undertake a response action at this Site under Section 501(a) of HSCA, 35 P.S. § 6020.501(a).

A Prompt Interim Response is justified at this Site for the following reasons: Characterization and removal of the hazardous substances and wastes is needed in a time frame that prohibits developing and closing an administrative record prior to response initiation given the condition of the building and the potential threats to public health and the environment. This prompt interim response action will cost less than \$1 million and take less than 1 year to implement.

The Department is undertaking a prompt interim response at the Site pursuant to its authority under Section 501(a) of HSCA, 35 P.S. § 6020.501(a). Prompt action is necessary to protect the public health, safety, and the environment from the release and threat of release of hazardous substances from the Site. The Department evaluated two alternatives for this proposed response which include: 1) no action; and 2) Waste Removal and Off-site Disposal.

The Department has chosen Waste Removal and Off-Site Disposal as the Prompt Interim Response action for the former Torch Lumber Mill Site. This alternative is protective of human health and the environment, is feasible, implementable, and cost effective.

This notice is being provided pursuant to Section 506(b) of HSCA. The Administrative Record, which contains the information that forms the basis and documents the selection of this response, is available for public review and comment at the Department's Northeast Regional Office, 2 Public Square, Wilkes-Barre, PA, and at the City of Carbondale Municipal Building, 1 North Main Street, Carbondale, PA. It is available for review at the Regional Office Monday through Friday from 8 a.m. to 4 p.m. and at the Municipal Building, Office of the City Clerk, Monday through Friday from 9 a.m. to 4 p.m.

The Administrative Record will be open for comment through September 16, 2016. Persons may submit written comments into the Record during this time only, by sending them to Jonathan Ulanoski, Project Officer, at the Department's Northeast Regional Office, 2 Public Square, Wilkes-Barre, PA 18701, or by delivering them to that office in person.

In addition, persons may present oral comments on the response action, for inclusion in the Administrative Record, at a public hearing scheduled for July 20, 2016, at 10:00 a.m. at the City of Carbondale Municipal Building, City Council Chambers, 2nd Floor. Persons wishing to present testimony at the hearing should register with

Jonathan Ulanoski before July 13, 2016, by telephone at (570) 826-5546, or in writing to Jonathan Ulanoski at the Department's Northeast Regional Office. The testimony at the public hearing will be limited to the prompt interim response. If no person registers to present oral comments by the date specified above, the hearing will not be held.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should contact Jonathan Ulanoski or the Pennsylvania AT&T Relay Service at 1-800-654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to

be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

On October 17, 2006, the United States Environmental Protection Agency (EPA) promulgated final amendments to the National ambient air monitoring requirements for criteria pollutants in 40 CFR Parts 53 and 58 (relating to ambient air monitoring reference and equivalent methods; and ambient air quality surveillance). See 71 FR 61236 (October 17, 2006). The EPA's final rule requires state and local agencies to enhance air monitoring to "improve public health protection and better inform the public about air quality in their communities." Under 40 CFR 58.10 (relating to annual monitoring network plan and periodic network assessment), air quality state and local monitoring agencies must adopt an annual air monitoring network plan and make the plan available for public inspection for at least 30 days prior to final submission to the EPA Regional Administrator. The plan, which is due July 1, 2017, must include a statement of purpose for each monitor and evidence that siting and

*Pennsylvania Public Utility Commission—
Implementation of the Alternative Energy Portfolio
Standards Act of 2004
Regulation No. 57-304 (# 3061)*

On June 23, 2014, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code Chapter 75. The proposed regulation was published in the July 5, 2014 *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on March 22, 2016.

This final-form rulemaking revises the PUC's regulations pertaining to net metering, interconnection, and portfolio standard compliance provisions of the Alternative Energy Portfolio Standards Act (AEPS Act) to comply with Act 35 of 2007 and Act 129 of 2008 amendments to the AEPS Act and to clarify certain issues of law, administrative procedure and policy.

As described by the PUC in response to Question # 10 of the Regulatory Analysis Form submitted with this final-form regulation, the amendments are needed to:

... reasonably limit the amount of energy default service providers purchase at above market retail rates, ensuring that default service is provided at the least cost to customers over time, as required by the Act of 129 of 2008 amendments to the Public Utility Code. 66 Pa.C.S. § 2807(e). The purpose of this limitation is to avoid having default service customers pay substantial net metering subsidies to merchant scale alternative systems.

After a review of the final regulatory package and hearing statements from the PUC, the public and the regulated community at our public meeting of May 19, 2016, we find that the rulemaking is not in the public interest for the following reasons.

First, we find that the PUC does not have the statutory authority to promulgate the rulemaking. This violates Section 5.2(a) of the Regulatory Review Act (RRA). 71 P.S. § 745b(a). Section 75.13(a)(3) of the PUC's proposed rulemaking would have required alternative energy systems to be "sized to generate no more than 110% of the customer-generator's annual electric consumption." The PUC increased the percentage from 110% to 200% in the final-form rulemaking. This Commission's comments of October 3, 2014, questioned the PUC's statutory authority for this provision. In response to comments on the issue of statutory authority, the PUC cited its legislative rulemaking authority in Section 501 of the Public Utility Code (Code) (Pa.C.S. § 501(b)) and its broad rulemaking authority to implement the AEPS Act (73 P.S. § 1648.7(a)). The PUC contends that the rules of statutory construction require the Code and the AEPS Act to be construed together. Therefore, the PUC avers that it "has broad and explicit legislative rulemaking authority... to promulgate these regulations." The PUC also cites 66 Pa.C.S. § 2807(e)(3.4) as a basis for imposing the limit included in § 75.13(a)(3) of the final-form regula-

tion. This statutory provision requires electric distribution companies to procure energy for default service customers to ensure “. . . the least cost over time.” The PUC believes that the proposed 200% limit being proposed allows them to meet this statutory mandate.

At this Commission’s public meeting of May 19, 2016, the PUC was asked to identify a specific provision of law that would allow for the imposition of the limit included in § 75.13(a)(3) of the final-form regulation. The PUC was not able to identify a specific provision, but reiterated its belief that its rulemaking authority under the Code and AEPS Act, along with the “least cost over time” provision cited above provide the authority and also represents the true intent of the General Assembly in the passage of both statutes. Based on our review of the PUC’s written response to our comments and the statements presented at the meeting of May 19, 2016, we find that the PUC does not have the statutory authority to impose the limit included in § 75.13(a)(3) of the final-form regulation. As noted by parties that commented on the final-form regulation, accepting the legal analysis put forth by the PUC would allow the PUC to justify any action it decided to take by concluding that the action was needed to ensure the “least cost over time” concept.

In addition, we agree with the statements included in the final regulation package from PUC Chairman Gladys Brown and Vice Chairman Andrew Place. Chairman Brown stated that “setting such limits ignores the very specific size limitations provided in the AEPS Act.” The limits referred to by Chairman Brown are found in the AEPS Act definition of “customer generator” which reads as follows:

A nonutility owner or operator of a net metered distributed generation system with a nameplate capacity of no greater than 50 kilowatts if installed at a residential service or no larger than 3,000 kilowatts at other customer service locations, except for customers whose systems are above three megawatts and up to five megawatts who make their systems available to operate in parallel with the electric utility during grid emergencies as defined the regional transmission organizations. . . . 73 P.S. § 1648.2.

Vice Chairman Place noted that “it is axiomatic that the Commission, as a creature of the legislature, has only those powers conferred upon it by statute. See *Feingold v. Bell*, 477 Pa. 1, 383 A.2d 791 (1977). Therefore I must oppose the Rulemaking because I believe that it goes beyond the Commission’s authority.”

If the PUC decides to proceed with this rulemaking by deleting the limit included in § 75.13(a)(3) of the final-form regulation, it should ensure that other provisions of the regulation do not limit a customer-generator’s ability to net-meter excess generation it produces.

The second reason we find the rulemaking is not in the public interest relates to the RRA criterion of need. 71 P.S. § 745b(b)(3)(iii). Our comments on the proposed rulemaking stated the PUC had not established the overall need for the changes being offered. In response to this comment, the PUC provided additional information in response to Question # 10 of the Regulatory Analysis Form submitted with the final-form regulation. As explained by the PUC, the purpose of the limit of § 75.13(a)(3) “is to avoid having default service customers pay *substantial* net metering subsidies to merchant scale alternative energy systems.” (Emphasis added.) After a review of the additional information provided, we find

that the PUC has not definitively quantified what the substantial net metering costs will be to customers. In addition, during the public meeting, the PUC stated that over-sized customer-generator systems are not currently a problem in the Commonwealth, but could be in the future. Based on these responses, we find that the PUC has not established the compelling need for this rule-making.

Our final reason for finding the rulemaking is not in the public interest relates to the RRA criterion of whether the regulation represents a policy decision of such a substantial nature that it requires legislative review. 71 P.S. § 745b(b)(4). Our comments noted that the implementation of the proposed rulemaking could potentially curtail the development of alternative energy in the Commonwealth in conflict with the AEPS Act. We commented that any deviation from the intent of the AEPS Act would represent a policy decision that requires legislative review. We encouraged the PUC to work closely with the members of the General Assembly and the designated standing committees to ensure the final-form regulation was within the scope of its granted regulatory authority. In addition, the PUC was asked at the public meeting of May 19, 2016, if it attempted to resolve the problem of merchant generators through a legislative remedy.

The PUC did not directly respond to our comment in the Order submitted with the final regulatory package. In response to the question asked at the public meeting, the PUC stated that the regulation was discussed at meetings held with committees of the legislature. Based on this response and our concerns related to statutory authority and need, we still question whether this rulemaking is a policy decision of such a substantial nature that it requires legislative review. The answers provided by the PUC have not alleviated our concern on this issue. If the PUC continues to believe that some customer-generators that produce excess energy are causing economic harm to default service customers, we again encourage the PUC to consult with the legislature to achieve a statutory remedy to this problem.

We have determined this regulation is not consistent with the statutory authority of the PUC and the intention of the General Assembly. As discussed above, we find promulgation of this regulation is not in the public interest.

By Order of the Commission:

The regulation # 57-304 (IRRC # 3061) from the Pennsylvania Public Utility Commission was disapproved on May 19, 2016.

Pennsylvania Liquor Control Board—
Limited Wineries
Regulation No. 54-85 (# 3117)

On September 2, 2015, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Liquor Control Board

(Board). This rulemaking amends 40 Pa. Code Sections 3.62, 3.63, 3.64, 5.103, and 11.111. The proposed regulation was published in the September 26, 2015 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on April 8, 2016.

According to the Board, the purpose of the rulemaking is to make the Board's regulations consistent with the Pennsylvania Liquor Code (Code) as it is currently written and interpreted.

Section 505.2(a)(6.3) of the Code states that holders of a limited winery license may:

[s]ell alcoholic cider, wine and wine coolers *only between the hours of nine o'clock antemeridian and eleven o'clock postmeridian*. A limited winery also may request approval from the board to extend sales hours *in individual locations* at other times during the year or beyond the limits set forth in this clause. The request shall be made *in writing* . . . and shall detail the exact locations where sales hours are proposed to be extended, the proposed hours and dates of extended operations and the reason for the proposed extended hours.

47 P.S. § 5-505.2(a)(6.3). (Emphasis added.)

In § 11.111(a)(3) of the final-form regulation, the Board is proposing to expand the hours that a limited winery may sell wine, wine coolers and alcoholic ciders from 7 a.m. until 2 a.m. of the following morning, Mondays through Saturdays, and from 9 a.m. until 2 a.m. of the following morning on Sundays. The Board is also deleting existing § 11.111(a)(4) which identifies the days and times during which sales may be made and sets forth the process for a limited winery to request approval from the Board for an extension of sales hours in individual locations.

As the basis for the amendment, the Board explains that some previous requests for extensions could not be approved because licensees were not timely with their requests. The Board conferred with the trade organization that represents limited wineries and subsequently approved a blanket request from the organization's executive director to extend the sales hours for all limited wineries.

Since the Code explicitly provides that the sales hours may be extended only upon the Board's consideration and approval of a detailed request from a limited winery, we find that the Board's proposal to provide for the automatic expansion of the sales hours for all limited wineries by regulation is not authorized by the Code. Furthermore, we do not believe that it is the intent of the General Assembly to allow blanket requests to the Board, on behalf of all limited winery licensees, to extend hours of operation indefinitely.

We have determined that this regulation is not consistent with the intention of the General Assembly in the enactment of the statute upon which the regulation is based. Section 5.2(a) of the Regulatory Review Act (71 P.S. § 745.5b(a)). Therefore, we find promulgation of this regulation is not in the public interest.

By Order of the Commission:

The regulation # 54-85 (IRRC # 3117) from the Pennsylvania Liquor Control Board was disapproved on May 19, 2016.

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agencies must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

(IRRC # 3146)**

Nonimmunized Children

June 8, 2016

We submit for your consideration the following comments on the proposed rulemaking published in the April 9, 2016 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the RRA (71

P.S. § 745.5a(a)) directs the State Board of Education (Board) to respond to all comments received from us or any other source.

Temporary waiver.—Clarity; Implementation procedures.

The Board is clarifying its existing provision that requires children to meet the immunization requirements established by the Department of Health (Department) in order to be admitted to a school, which is consistent with the Public School Code of 1949. 24 P.S. § 13-1303a(a).

This regulation was submitted and published simultaneously with the Department's proposed rulemaking that amends 28 Pa. Code Chapter 23, Subchapter C (relating to immunization) (regulation # 10-197/IRRC # 3147). We have a procedural concern relating to clarity and implementation of this regulation as a final-form regulation.

The Board's regulation proposes to add the phrase "temporary waiver" for consistency with the Department's proposed regulation, so that the Board's regulation will read "... temporary waiver ... admission requirements of the Department of Health, at 28 Pa. Code Chapter 23, Subchapter C..." Our concern is that temporary waivers are not part of the Board's regulation, but rather are part of the Department's proposed regulation at 28 Pa. Code § 23.85(h). In other words, temporary waivers do not yet exist in 28 Pa. Code Chapter 23, Subchapter C. While we recognize and appreciate the coordination that has occurred between the Board and the Department, it is possible that the Department could delete temporary waivers from its final-form regulation. For this reason, the Board's final-form regulation should not be submitted until after the Department's regulation is published in the *Pennsylvania Bulletin* as final and establishes temporary waivers in the Department's regulation. Until that time, we are unable to determine whether the regulation is in the public interest.

School Immunizations

June 8, 2016

We submit for your consideration the following comments on the proposed rulemaking published in the April 9, 2016 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the RRA (71 P.S. § 745.5a(a)) directs the Department of Health (Department) to respond to all comments received from us or any other source.

1. Economic or fiscal impacts; Protection of the public health, safety and welfare; Clarity, feasibility and reasonableness of requirements; Need for the regulation; Reasonableness of requirements, implementation procedures and timetables for compliance; Compliance with the RRA; Acceptable data.

Section 5.2 of the RRA (71 P.S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as economic or fiscal impact and reasonableness. To make that determination, the Commission must analyze the text of the proposed rulemaking and the reasons for the new or amended language. The Commission also considers the information a promulgating agency is required to provide under Section 5(a) of the RRA (71 P.S. § 745.5(a)) in the Regulatory Analysis Form (RAF). Some of the information contained in the RAF submitted with this rulemaking is not sufficient to allow this Commission to determine if the regulation is in the public interest. Specifically, we ask the Department to provide the following information with the final-form regulation.

- In response to RAF # 10 regarding need for the regulation, the Department states that it reviewed vaccination rates in schools and school districts, and found those rates to be "lower than is optimal" for the health of the Commonwealth. Commentators ask that the Department provide specific data to address vaccination rates.

Further, the Department cites herd immunity claims, which many commentators argue are unsupported. In the Preamble and response to the RAF, the Department should provide specific data to support the need for the regulation related to vaccination rates and herd immunity.

- RAF # 17 asks the Department to identify the financial impact of the regulation; RAF # 19 asks for specific cost estimates for the regulated community; and RAF # 22 asks for a statement of additional reporting, recordkeeping or other paperwork required of the regulated community. Commentators disagree with the Department's responses to these questions, stating that costs will run in the millions of dollars. One specific concern cited by the regulated community includes getting proof of immunity, which commentators say would be a substantial cost to parents. Additionally, many commentators question the applicability of insurance to vaccinations and note their possible expense. Commentators also state that the Department significantly understates the increased administrative and paperwork burden the proposed regulation places on school districts. The Department should address these concerns and provide specific cost estimates related to the financial impact of the final-form regulation on the regulated community.

- In response to RAF # 29 regarding the expected effective date of the final-form regulation, the Department states, "Compliance would be required on the first day of the next school year following publication as final rulemaking in the *Pennsylvania Bulletin*." It's possible that the timing of final publication may make it difficult to be in compliance on the first day of the next school year. We ask the Department to consider this as it relates to the timing for full implementation of the regulations, and to ensure that the effective date provides sufficient time for school entities to plan, implement policies and communicate with parents/guardians about the new requirements.

2. Section 23.82. Definitions.—Clarity.

Medical certificate

This definition requires a form to be filled out and signed by a "health care provider." It is not clear who specifically qualifies as a health care provider. Elsewhere in the regulation, such as in Section 23.83(b)(5)(ii)(B), a list is provided of "a physician, nurse practitioner or physician's assistant." We also recognize that immunizations can be administered by registered nurses (49 Pa. Code § 21.16) and pharmacists (63 P.S. § 390-9.2). Can a registered nurse or pharmacist also fill out and sign a medical certificate? The regulation should be clear regarding what specific professions can fill out and sign a medical certificate.

3. Section 23.83. Immunization requirements.—Economic or fiscal impacts; Protection of public health, safety and welfare; Need for the regulation; Reasonableness of requirements, implementation procedures and timetables for compliance.

Subsection (b) Required for attendance.

This subsection specifies the immunizations that are required for admittance to a Pennsylvania school. The Department should ensure that implementation of the new requirements is clear for the regulated community. Commentators raise questions regarding whether the requirements apply only to students who are entering Kindergarten and 7th and 12th grades, whether the requirements apply retroactively to all current students, and how the requirements apply to a student who moves

into a new school district. Given that not meeting the immunization requirements can affect a child's education, we ask the Department to provide clear explanations of how the requirements in the regulation will be implemented in the final-form regulation's Preamble and in its responses to comments.

Also, commentators ask that the Department exempt homeschool and cyber students. Did the Department consider such exemptions? The Department should address its consideration of this concern in the final-form regulatory package.

Paragraph (b)(1) Diphtheria, tetanus and pertussis.

The Department explains in the Preamble that it is combining existing requirements into proposed Paragraph (b)(1) and adding pertussis because the incidence of pertussis has been increasing since the 1980s. The Department explains that some vaccines are being removed from the regulation because these forms of vaccines are no longer available in the United States. Some commentators are opposed to the doses being administered in a combined form. If vaccines are no longer available, the Department should state this clearly in the Preamble and final-form RAF to more clearly explain the need for this change.

Subparagraph (b)(4)(ii) Evidence of immunity.

The Department is proposing in Subparagraph (b)(4)(ii) to no longer allow a parent or guardian to provide a written statement as proof of chicken pox. The Department explains in the Preamble, in part:

Currently, evidence of varicella immunity may be shown either by laboratory confirmation, or a statement of history from a physician, parent or guardian. This is in keeping with the Centers for Disease Control and Prevention (CDC), United States Department of Health and Human Services, Advisory Council on Immunization Practices (ACIP) recommendations, and is intended to ensure that the child has actually had chickenpox. . . . Many types of viruses can cause rashes; the Department wishes to make certain that the persons providing evidence that the child has actually had the disease are those able to diagnose chickenpox disease, and familiar with the chickenpox rash.

Commentators argue that parents should be permitted to provide evidence since they assert chicken pox is a mild illness that does not require medical intervention and that contagious children should not be taken into medical facilities where other children are present. Commentators state that this change will impose a financial burden on families.

Do the CDC and ACIP guidelines allow parents or guardians to diagnose varicella? If so, the Department should provide further support for changing this practice. Also, if so, the Department should explain the reasonableness of imposing new financial burdens when the existing practice is acceptable to the CDC.

Subparagraph (c)(1)(i) Tetanus and diphtheria toxoid and acellular pertussis vaccine (Tdap).

Paragraph (b)(1) includes an exemption if a child has a contraindication to pertussis. The Department should consider adding a similar exemption to Subparagraph (c)(1)(i).

Additionally, commentators note that some doctors will not give this vaccine to children at the 6th grade physical if the children are not 12 years old at the time. The

Department should ensure that implementation of this requirement is clear for the regulated community to comply.

Paragraph (c)(2) Required for entry into 12th grade.

The Department proposes to require an additional dose of Meningococcal Conjugate Vaccine (MCV) for entry into 12th grade. Commentators state that an additional dose of MCV is unnecessary and significantly raises costs. We ask the Department to further explain the need for the additional dose and how the benefits outweigh the costs.

Further, commentators raise questions about situations such as whether a third dose would be required for students who get a dose of MCV after 7th grade but before the 16th birthday or what happens when students come in from out of state without the first dose. The Department should ensure that the final-form regulation makes clear how the requirement is to be implemented.

4. Section 23.85. Responsibilities of schools and school administrators.—Economic or fiscal impacts; Protection of public health, safety and welfare; Reasonableness of requirements, implementation procedures and timetables for compliance.

Subsection (e) Provisional admittance to school.

The Preamble explains that under existing Subsection (e), a child could be provisionally admitted to school for up to an eight-month period. The Department is proposing to eliminate the eight-month period and set up requirements that allow for exclusion of students under certain circumstances. The requirements would differ for single dose and multiple dose vaccines. In certain circumstances a child could be provisionally admitted for a period of five school days.

Commentators generally support this proposal, but state that the length of time is not feasible for school nurses or parents, and it may put a child who needs multiple vaccines at risk. Other commentators oppose any provisional admittance. The Department should explain the reasonableness of the timeframe in the Preamble to the final-form regulation and how the timeframe adequately protects public health.

Paragraph (e)(1) Multiple dose vaccine series.

Clauses (e)(1)(ii) and (iii) both end with similar language which states that a child's parent or guardian will provide a medical certificate scheduling the additional required dose(s) on or before the fifth school day. It is unclear as to whether the additional dose(s) must be scheduled on or before the fifth school day, or whether the parent or guardian is to provide the medical certificate on or before the fifth school day. We ask the Department to clarify what is required by these provisions.

Paragraph (e)(3) Completion of required immunizations.

We have two concerns.

First, Paragraph (e)(3) shortens from 60 days to 30 days the timeframe for review of the medical certificate of provisionally admitted students. Commentators state that this change creates an administrative burden and request a middle-ground timeframe. The Department should explain the reasonableness of the timeframe in the final-form regulation and how the timeframe adequately protects public health.

Second, Paragraph (e)(3) also allows a school administrator to choose whether to exclude a child if the requirements of the medical certificate are not met upon review. Commentators ask that "may" be changed to "shall" in the

final-form regulation. If the Department requires immunizations for attendance, why should a school administrator have this discretion? The Department should explain the reasonableness of providing flexibility in the final-form regulation and how allowing non-immunized children to attend school adequately protects public health.

Paragraph (g)(2) Applicability.

Paragraph (g)(2) allows 30 days for a parent or guardian of a child who moves or transfers into a Commonwealth school to provide immunization records. Commentators request additional time. The Department should explain the reasonableness of the timeframe in the Preamble to the final-form regulation and how the timeframe adequately protects public health.

Paragraph (h)(1) Temporary waiver.

Paragraph (h)(1) allows for a temporary waiver in the case of a nationwide shortage of supply for a particular vaccine. Is it possible that there could be a regional shortage and, if so, should that also trigger a temporary waiver?

5. Section 23.86. School reporting.—Reasonableness of requirements, implementation procedures and timetables for compliance.

Paragraph (f)(7) requires schools to report the number of students in kindergarten, 7th grade or in an ungraded

school, age 12 only, who were denied admission because of the student's inability to provide documentation of the required vaccine doses. Since Section 23.83(c)(2) adds a new requirement for one dose of MCV for entry into 12th grade, should schools also report the number of students in 12th grade who were denied admission because they could not provide documentation of the required vaccine dose?

6. Clarity of terms.

The terms "nurse practitioner" and "physician's assistant" are used in Sections 23.83(b)(3)(iii) and (b)(5)(ii)(B). We have two concerns. First, in 49 Pa. Code Chapter 21, the State Board of Nursing regulates registered nurses, practical nurses and certified registered nurse practitioners. The Department's regulation is not clear regarding which of the three categories of the nursing profession qualify as a "nurse practitioner." Second, at 49 Pa. Code Chapter 18, Subchapter D, the State Board of Medicine regulates "physician assistants." For clarity and consistency, we recommend using the specific terms used by other agencies with regulatory authority over these professions to describe these medical professionals.

CORRECTED COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement Prosecutory Staff hereby represents as follows:

1. That Charles H. Edwards, Jr., Respondent maintains a principal place of business at 1611 Sandusky Court, Apt. 245, Pittsburgh, Pennsylvania, 15212.

That on March 24, 2016, at 10:40 PM, PUC Enforcement Officer Ryan Balestra observed the respondent's 2003 Hyundai SUV, bearing PA registration number JVJ3490, operating on Carson Street in the south side of Pittsburgh. The vehicle had a taxi dome light mounted on the roof that displayed the word "TAXI."

3. That Respondent, by affixing a taxi dome light to the roof of the vehicle, violated 52 Pa. Code § 29.314(d). Dome lights are only permitted on vehicles operated by call and demand carriers.

4. That Respondent, by holding out to provide passenger service between points in Pennsylvania while not having operating authority with this Commission, violated the Public Utility Code, 66 Pa.C.S. § 1101. The penalty for this violation is \$1000.00 and suspension of the registration of the vehicle referenced in paragraph 2, by the Pennsylvania Department of Transportation.

Wherefore, the Bureau of Investigation and Enforcement Prosecutory Staff hereby request that the Commission fine Charles H. Edwards, Jr., the sum of one thousand dollars (\$1,000.00) for the illegal activity described in this Complaint. RULES AND REGULATIONS

Title 55—HUMAN SERVICES

DEPARTMENT OF HUMAN SERVICES

[55 PA. CODE]

Redesignation of Title

The act of September 24, 2014 (P.L. 2458, No. 132) (Act 132) designated the Department of Public Welfare as the Department of Human Services. Act 132 became effective November 24, 2014. Further, the act of December 28, 2015 (P.L. 500, No. 92) (Act 92) amended the title of act of June 13, 1967 (P.L. 31, No. 21) from the Public Welfare Code to the Human Services Code.

Notice was given at 44 Pa.B. 7442 (November 29, 2014) that under Act 132 references to the Department of Public Welfare were updated, as appropriate, to the Department of Human Services throughout 55 Pa. Code in the *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 483).

Accordingly, under Act 92, the designation of Title 55 of the *Pennsylvania Code* is being updated to Human Services effective upon publication of this notice.

THEODORE DALLAS,
Secretary

DEPARTMENT OF HUMAN SERVICES

[55 PA. CODE CHS. 13, 14, 20, 2380, 2390, 2600, 2800, 3800, 4200, 4210, 4215, 4220, 4230, 4300, 4305, 4310, 6201, 6210, 6211, 6250, 6350, 6400, 6500 AND 6600]

Intellectual Disability Terminology Update

The Department of Human Services (Department) adopts this final-omitted rulemaking under the authority of sections 201(2), 211, 213, 443.1(2) and (3) and Articles IX and X of the Human Services Code (62 P.S. §§ 201(2), 211, 213, 443.1(2) and (3), 901—922 and 1001—1088) and sections 201(2) and (8) and 202 of the Mental Health and Intellectual Disability Act of 1966 (50 P.S. §§ 4201(2) and (8) and 4202).

Omission of Proposed Rulemaking

Notice of proposed rulemaking is omitted under section 204(3) of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. § 1204(3)), known as the Commonwealth Documents Law (CDL), and 1 Pa. Code § 7.4(3) (relating to omission of notice of proposed rulemaking) because the Department for good cause finds that proposed rulemaking is unnecessary and that a delay in the promulgation of these amendments is contrary to the public interest. Under Federal and State law, the terminology “intellectual disability” has replaced the archaic and offensive terminology “mental retardation.” See the act of November 22, 2011 (P.L. 429, No. 105) and Rosa’s Law (Pub.L. No. 111-256). Further, the affected individuals with an intellectual disability, friends and family members of affected individuals, providers of services and supports for individuals with an intellectual disability, and county

mental health/intellectual disability programs support the use of the up-to-date and appropriate terms “intellectual disability” and “integration” to replace the archaic terms “the retarded,” “mentally retarded,” “retarded person,” “mental retardation” and “normalization” in 55 Pa. Code (relating to human services).

Purpose

The purpose of this final-omitted rulemaking is to support Pennsylvanians with an intellectual disability by updating the language in 24 chapters of 55 Pa. Code to replace the terms “the retarded,” “mentally retarded,” “retarded person” and “mental retardation” with the up-to-date and appropriate term “intellectual disability.” This final-omitted rulemaking also replaces the term “normalization” with the up-to-date and appropriate term “integration” in Chapter 6400 (relating to community homes for individuals with an intellectual disability).

Requirements

Various chapters of licensing, State center, mental health/intellectual disability and intellectual disability regulations used the inappropriate and outdated terminology. These chapters apply to State-operated intellectual disability centers, intellectual disability programs funded through the Office of Developmental Programs and facilities licensed by the Department. Amendments to Chapters 51, 4226 and 6200 (relating to Office of Developmental Programs home and community-based services; early intervention services; and room and board charges) are not included in this final-omitted rulemaking, because rulemakings pertaining to these chapters are concurrently moving through the regulatory process.

The correct terminology of “intellectual disability” is updated in Chapters 13, 14, 20, 2380, 2390, 2600, 2800, 3800, 4200, 4210, 4215, 4220, 4230, 4300, 4305, 4310, 6201, 6210, 6211, 6250, 6350, 6400, 6500 and 6600.

Affected Individuals and Organizations

This final-omitted rulemaking affects individuals with an intellectual disability, and families of these individuals, who receive funded services and supports through the Office of Developmental Programs; State-operated intellectual disability centers; providers of State and Federally-funded intellectual disability services and supports and facilities licensed by the Department.

This final-omitted rulemaking was requested by and is very important to the intellectual disability self-advocacy and advocacy communities, families, providers, local government and others, as the terms “the retarded,” “mentally retarded,” “retarded person,” “mental retardation” and “normalization” are offensive and archaic. In July 2015, a draft of this final-omitted rulemaking was shared with and reviewed by external stakeholders that included self-advocacy, advocacy, provider and local government organizations. External stakeholders applaud this long overdue effort to update the language in 55 Pa. Code.

Accomplishments and Benefits

This final-omitted rulemaking promotes respect, community integration and an array of opportunities for an individual with an intellectual disability by using words that are positive and up-to-date.

Fiscal Impact

There is no fiscal impact to the Commonwealth, individuals, families, advocates, providers or local government.

Paperwork Requirements

There is no increase or decrease in paperwork requirements.

Public Comment

Although this rulemaking is being adopted without publication as a proposed rulemaking, interested persons are invited to submit written comments, suggestions or objections to Julie Mochon, Human Service Program Specialist Supervisor, Office of Developmental Programs, Department of Human Services, Room 502 Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120, jmochon@pa.gov. Comments will be reviewed and considered for any subsequent revision of these regulations.

Persons with a disability who require an auxiliary aid or service may submit comments by using the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Regulatory Review Act

Under section 5.1(c) of the Regulatory Review Act (71 P.S. § 745.5a(c)), on April 14, 2016, the Department submitted a copy of the final-omitted rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Human Services and the Senate Committee on Public Health and Welfare. On the same date, the regulations were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506).

Under section 5.1(j.2) of the Regulatory Review Act, on May 18, 2016, the final-omitted rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on May 19, 2016, and approved the final-omitted rulemaking.

Findings

The Department finds that:

(1) Notice of proposed rulemaking is omitted under section 204(3) of the CDL and 1 Pa. Code § 7.4(3) because the Department for good cause finds that proposed rulemaking is unnecessary and that a delay in the promulgation of these amendments is contrary to the public interest. The affected individuals with an intellectual disability, friends and family members of affected individuals, providers of services and supports for individuals with an intellectual disability, and county mental health/intellectual disability programs support the use of the up-to-date and appropriate term “intellectual disability.”

(2) The adoption of this final-omitted rulemaking in the manner provided by this order is necessary and appropriate for the administration and enforcement of the Human Services Code (62 P.S. §§ 101—1503).

Annex A**TITLE 55. HUMAN SERVICES****PART I. DEPARTMENT OF HUMAN SERVICES****Subpart B. RIGHTS****CHAPTER 13. USE OF RESTRAINTS IN TREATING PATIENTS/RESIDENTS****§ 13.1. Scope.**

This chapter is applicable in institutions operated by the Department, regardless of the type of facility, patient/resident composition or services covered. Facilities covered include Youth Development Centers, Youth Forestry Camps, Restoration Centers, State general hospitals and

State-operated institutions for individuals with a mental illness or an intellectual disability.

§ 13.8. Seclusion.

(a) *Definition.*

(1) *Seclusion.*

(i) The placement of a patient/resident in a locked room may be used as a therapeutic technique only.

(ii) The patient's/resident's request to spend time in a private unlocked room is not to be considered seclusion and shall be granted if feasible and not therapeutically contra indicated. Quarantine or other preventive health measures are not considered seclusion.

(iii) In mental health facilities children under 14 years of age requiring seclusion shall be continuously monitored within or just outside the seclusion area by mental health personnel, and the room shall not be locked or otherwise secured. Soft inanimate objects shall be made available to the patient to permit the venting of aggression.

(iv) Seclusion shall be used only under the following conditions:

(A) When necessary to protect the patient/resident or others from physical injury.

(B) To decrease the level of stimulation when a patient/resident is in a state of hyperactivity.

(C) When less restrictive measures and techniques have proven ineffective.

(D) Seclusion as defined in this paragraph may not be employed in a State center for individuals with an intellectual disability.

(2) *Exclusion.* Within mental health/intellectual disability facilities the removing of the patient/resident from his immediate environment and restricting him to another area. Exclusion shall only be employed when it is clearly documented that another less restrictive method has been unsuccessful in controlling the unacceptable behavior. Exclusion shall be limited and documented as a therapeutic technique in the resident's individual treatment plan. In mental health facilities children under 14 years of age requiring seclusion or exclusion shall be continuously monitored within or just outside the exclusion area by mental health personnel, and the room may not be locked or otherwise secured. Soft inanimate objects shall be made available to the patient to permit the venting of aggression.

(b) *Procedures.*

(1) In mental health facilities if a patient/resident in voluntary treatment requires seclusion, will not consent to such and requests to be discharged, this request shall be granted unless the procedures and standards of section 302 of the Mental Health Procedures Act (50 P.S. § 7302) regarding emergency involuntary treatment and § 5100.76 (relating to notice of withdrawal) are followed. Similarly, the procedures of section 405 of the Mental Health and Intellectual Disability Act of 1966 (50 P.S. § 4405) shall be followed for persons with an intellectual disability who have been voluntarily admitted, require seclusion, and request to be discharged.

(2) In the case of mental health facilities, authority for seclusion of a patient/resident rests with the Director or his designee. In intellectual disability facilities, authority for exclusion rests with the qualified intellectual disability professional. In the case of Youth Development Centers, Youth Forestry Camps and all other Departmental institutions authority for seclusion rests with the

Superintendent/Assistant Superintendent. Normally, written orders shall precede the placement of a patient/resident in seclusion or exclusion. In emergencies, telephone orders may be accepted, but an order shall be properly countersigned within the time specified by the institution. In no case, however, shall this period exceed 24 hours.

(3) An order for seclusion or exclusion is good for only 24 hours. The time the order is received shall be recorded with the order on the order sheet.

(4) In mental health/intellectual disability facilities, telephone orders are not acceptable for continued seclusion or exclusion. The patient/resident shall be seen by a physician within 24 hours, and the order shall be rewritten and supported by a progress note. In Youth Development Centers and Youth Forestry Camps, the resident/patient must be seen by the Superintendent/Assistant Superintendent who will assess the resident's/patient's needs and seek professional consultation if indicated.

(5) In the absence of a written or telephone order, a patient/resident may be placed in seclusion or exclusion as a protective measure for no more than 1 hour when the action is immediately necessary.

(6) If a patient/resident is placed in seclusion or exclusion as an emergency procedure, the unit program supervisor or appropriate designated program specialist of the area shall be notified immediately.

(7) In mental health/intellectual disability facilities, if the nursing supervisor/designated program specialist, after visiting the patient/resident, deems seclusion or exclusion necessary, the attending physician or his delegate shall be notified immediately. In Youth Development Center or Youth Forestry Camp facilities, if the designated program specialist, after visiting the patient/resident, deems seclusion necessary, the Superintendent/Assistant Superintendent shall be notified immediately.

(8) In facilities, the nursing supervisor or designated program specialist shall document his observations fully on an appropriate progress report.

(9) The following procedure is to be followed when a patient/resident is in seclusion:

(i) Potentially dangerous articles will be removed from the patient/resident. This includes articles of clothing if there are reasonable grounds to believe such clothing constitutes a substantial threat to the health or safety of the patient/resident or others.

(ii) The patient/resident will be checked at no less than 15-minute intervals by personnel.

(iii) The physical needs of the patient/resident will be given prompt response.

(iv) Concise and informative written reports concerning the status of the patient/resident will be prepared and retained in the record of the patient/resident in seclusion or exclusion. Daily written reports concerning patient/residents in seclusion or exclusion shall be prepared and sent to appropriate designated staff of the facility. These reports shall include information as follows:

(A) Identifying data concerning name, age, location in building and record number of patient/resident.

CHAPTER 4210. DESCRIPTION OF SERVICES AND SERVICE AREAS

§ 4210.1. Purpose.

This chapter specifies the range of services that must be provided or arranged by the county Mental Health/Intellectual Disability (MH/ID) Program.

§ 4210.2. Applicability.

This chapter applies to county Mental Health/Intellectual Disability (MH/ID) Programs.

§ 4210.4. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Mental Health and Intellectual Disability Act of 1966 (50 P.S. §§ 4101—4704).

Annual plan—The description, submitted to the Department, of the services to be provided through the county program, the facilities which will furnish services, and the terms under which services will be furnished.

Catchment area—A geographical territory of a city, county or combination of counties which has a minimum population of 75,000 and a maximum population of 200,000 and in which a full range of mental health and intellectual disability services is available.

The term does not include the private home of a person who is rendering care to a relative.

§ 4210.5. General purpose and principles.

The purpose of the act is to make it possible for every person with a mental disability to receive the kind of treatment he needs, when and where he needs it. The act requires that a range of services be available to persons with a mental illness or an intellectual disability so that they will receive a comprehensive treatment program through a continuum of care in their own communities and, whenever possible, while they remain in their own homes.

§ 4210.6. Scope of the program.

(a) The minimum services to be made available by counties are specified in the act. These services may be provided outside the county program by the Department if a waiver has been granted under section 508 of the act (50 P.S. § 4508). These mental health and intellectual disability services must be available to persons of any age with a mental disability. Mental illness, mental impairment, intellectual disability or mental deficiency is a mental disability if it so lessens the capacity of a person to use customary self-control, judgment and discretion in the conduct of his affairs and social relations as to make it necessary or advisable for him to receive mental health or intellectual disability services.

* * * * *

(e) For the program to be effective, not only are services to patients necessary; also essential are consultation to welfare, probation, court, health, school, and other agencies as well as specifically those organizations whose membership represents the low income consumer community to help them to:

(1) Identify their own clients who are in need of services because of serious mental disability.

(2) Strengthen their staffs' ability to help their clients solve their problems and thus prevent the development of seriously impaired psycho-social functioning.

(3) Differentiate their services from those of specialized mental health or intellectual disability facilities and to provide their agency services to persons with a mental disability as freely as to other members of the community.

(4) Be aware of the mental health and intellectual disability implications of their programs.

GENERAL REQUIREMENTS**§ 4210.11. Community mental health and intellectual disability centers.**

For that portion of a county served by a community mental health or intellectual disability center, the local authorities shall contract with them for the services specified in the act, to be made available by counties, which the center can provide. If the local authorities do not wish to contract with an existing center on the grounds that its operations are inconsistent with the county program, the annual plan must substantiate the allegations in detail.

§ 4210.12. Court committed patients.

Regulations and programs pertaining to intake, transfer, leave of absence and discharge of patients are subject to specific court orders relating to individual court committed patients under the provisions of Article IV of the act (50 P.S. §§ 4401—4426). It is the responsibility of the administrator to designate appropriate mental health and intellectual disability facilities to which the court may commit patients. The designations may be made by way of prior blanket notification to the court or on an ad hoc basis.

BASE SERVICE UNIT**§ 4210.26. Methods of providing base service units.**

(a) To the extent that a community mental health or intellectual disability center can staff a base service unit, the local authorities shall contract with it to carry out the responsibilities and provide the functions of the base service unit in the manner determined by the administrator under the same conditions as described for services in § 4210.11 (relating to community mental health and

intellectual disability centers). To the extent that a center cannot fully staff a base service unit, the local authorities shall contract with the center for those services which it can furnish and, in the same contract, with other persons or facilities as necessary and appropriate to complete the staffing of a base service unit.

(b) The local authorities may staff base service units fully or partly by employing personnel directly on the staff of the administrator.

(c) The local authorities may contract for supplemental services required by base service units.

SHORT TERM INPATIENT SERVICES**§ 4210.32. Where services may be provided.**

Short term inpatient services may be furnished by mental health/intellectual disability (MH/ID) establishments by the Department to give short term inpatient care, or by State general hospitals approved to furnish such services.

EMERGENCY SERVICES**§ 4210.42. Where services may be provided.**

Emergency services shall be provided by a community mental health or intellectual disability center where feasible or by other licensed or approved facilities with whom the local authorities may contract to provide these services. Comprehensive community-wide 24 hour a day emergency services may be directly operated by the Administrator.

OUTPATIENT SERVICES**§ 4210.51. Description.**

Outpatient services consist of the following: diagnosis, evaluation and treatment of persons with a mental disability who live outside of a mental health or intellectual disability institution while receiving services. This includes working with the patient, his family and significant other persons, utilizing such personnel and modalities as are appropriate to the needs of the patient. As one of the services in the continuum of care established by the county program, outpatient services may precede or follow inpatient care for some individuals and for others may continue while they receive rehabilitative services including sheltered workshop or training services.

§ 4210.52. Where services may be provided.

Outpatient services may be furnished under the county program by the base service unit, by community mental health and intellectual disability providers, by community clinics or by clinics conducted by hospitals or by institutions for persons with a mental disability. Facilities providing outpatient services must be licensed as mental health/intellectual disability (MH/ID) establishments to give outpatient services or, if operated by the State, meet the standards for these services.

PARTIAL HOSPITALIZATION**§ 4210.62. Where services may be provided.**

Partial hospitalization services may be furnished by mental health/intellectual disability (MH/ID) establishments licensed by the Department to give partial hospitalization care, or by State general hospitals approved to furnish services.

REHABILITATIVE AND TRAINING SERVICES**§ 4210.71. Description.**

(a) Rehabilitative and training services are ancillary to mental health and intellectual disability care provided on an inpatient or outpatient basis.

(b) These services consist of vocational evaluation, work adjustment training, job placement and group living experiences to assist an individual handicapped by mental disability, who may or may not have a physical adaptation, to reach his best level of social and vocational adaptation. According to the capacity of each individual, services may be successful if they result in competitive employment, transitional or indefinite employment in a sheltered workshop or work activity center, ability to maintain a home, or in enabling the client to achieve his maximum possible level or independent living.

(c) These services consist of group programs for teaching or improving self care, personal behavior and social adjustment for persons with a mental disability. Through group training, day care centers may prepare children with a mental disability to attend special classes in the public schools. For other children and for adults these services make continued community living possible by raising the level of social competency and by decreasing the necessity of constant supervision given by their families and others. The services shall include extended work activity programs in sheltered workshops or work activity centers.

INTERIM CARE OF INDIVIDUALS WITH AN INTELLECTUAL DISABILITY

§ 4210.91. Description.

(a) All of the patient services described previously shall be available to persons with an intellectual disability. In addition, interim care is exclusively for those persons with an intellectual disability.

(b) Inpatient care of persons with an intellectual disability is the responsibility of State operated institutions. The final determination as to whether a person is in need of inpatient care is the responsibility of the Department. When the Department determines that a person is eligible for care in a State operated facility, but that there is no room for him at the time of that determination, the Department will place the person on a waiting list. Interim care is intended for a person who, having been removed from his home, is on a waiting list.

§ 4210.92. Where interim care may be provided.

The Department will approve interim care placement in an appropriate licensed mental health/intellectual disability establishment. Placements may be made in institutions similarly licensed by neighboring states when the placement brings services closer to the person's home and when equally appropriate facilities are not available in this Commonwealth.

§ 4210.93. Application to State institution.

When the base service unit determines in a case that a person appears to be in need of inpatient care for individuals with an intellectual disability it shall forward a completed Preliminary Application, ID-71, to the appropriate State school and hospital.

INTAKE PROCEDURES

§ 4210.101. Services provided by a base service unit.

(a) All intake into the county program shall be through the base service unit. Within 15 days of the initial interview, if the client is found in need of services from the county program, the Intake and Proposed Service Plan, Form MH/ID 10, is completed and forwarded in two copies to the administrator.

(b) When recommending treatment, a base service unit develops a service plan best suited to the needs of the

patient and the available service resources. The base service unit classifies the patient's mental disability to reflect the severity of his functional disorder and priority for intervention according to the Intervention Priority Scale in § 4210.191 (relating to description).

(c) If service is to be provided by the base service unit, the Intake and Proposed Service Plan, Form MH/ID 10, serves only to inform the administrator that intake has taken place and what is planned for the patient. No additional approval is necessary for the base service unit to proceed with its proposed service plan. In addition this form provides the basic information necessary for the patient service accountability system described in § 4210.121 (relating to patient service accountability system).

(d) If the recommendation of the base service unit on Form MH/ID 10 is for a service to be provided by a facility already under contract to the local authorities, the base service unit shall make arrangements directly with the facility to provide the services required by the patient.

(e) If the recommendation of the base service unit on Form MH/ID 10 is to arrange for supplemental services, the administrator uses Form MH/ID 10 as his basis for issuing an Authorization for Service, Form MH/ID 11. This authorization for service shall constitute a contract as described in § 4210.26(c) (relating to methods of providing base service units).

(f) In those instances where the patient is already under care by other than a base service unit and is referred for intake into the county program, arrangements should be made, whenever possible and indicated, for him to continue this treatment with the referring practitioner or facility to maintain continuity of care. The base service unit requests the administrator's authorization of this proposed service plan.

(g) If any portion of the cost of the patient's care under the proposed service plan is to be paid from funds of the county program, the administrator's decision is governed by the availability of funds and the requests for services to other patients. The administrator is guided in his decision by the base service unit's classification of the patient's mental disability according to the intervention priority scale. When the funds available do not permit the carrying out of the proposed service plan in relation to other demands, the administrator notes this on the Intake and Proposed Service Plan, Form MH/ID 10, and requests the base service unit to work out an alternate service plan if indicated and necessary.

LIABILITY

§ 4210.113. Client liability.

(a) When the patient is not eligible for payment of a portion of the cost of his care through a benefit, he and his legally responsible relatives are liable for payment of that portion of the cost of his care not covered by payment through a benefit. The extent of this liability shall be determined according to the procedure described in Chapter 4305 (relating to liability for community mental health and intellectual disability services).

(b) The extent of liability so determined is the total liability of the patient and his legally responsible relatives for all services rendered during the specified time and as such includes drugs.

RECORDS**§ 4210.123. Report of services provided.**

(a) All services provided are reported on Service Rendered Report, Form MH/ID 13. Regardless of where services are provided, this form must be processed through the base service unit which serves the area in which the patient resides so that the base service unit can continue to monitor the services provided. Where the service is on a continuing basis, the service rendered report may be a monthly summary. If the base service unit certifies Form MH/ID 13 indicating that the report is in keeping with the proposed service plan, Form MH/ID 13 shall be forwarded to the administrator for payment.

(b) At all times, there must be due respect for confidentiality. Service rendered reports should include only basic data concerning the course of service to the patient and his progress in general, and must not contain therapy notes or information communicated by the patient which could be considered confidential.

CONSULTATION AND EDUCATION SERVICES**§ 4210.141. General requirements.**

For the county program to be effective, consultation and education services are essential. The administrator shall arrange for the consultation and education services as are necessary to carry out the functions described in § 4210.6 (relating to scope of the program), by developing a county-wide program for these services. This program shall reflect:

(1) The requests received by the administrator from community agencies and groups for consultation and education services.

(2) Consultation and education services which the administrator plans to provide.

(3) Consultation and education services which the administrator has arranged to be provided by community mental health or intellectual disability centers, by other facilities serving persons with a mental disability and by individual practitioners in the fields of mental health and intellectual disability.

§ 4210.142. Consultation service.

Consultation service is an organized method by which professional advice is given by a practitioner in the mental health or intellectual disability fields to a practitioner of another discipline or field regarding the mental health or intellectual disability aspects of a problem and the most effective way of dealing with these aspects. The problem may be that of an individual, a specific group or a community. Consultation service by extending the expertise of a mental health or intellectual disability practitioner enables the consultee to become a more effective care-giving person thus making possible a greater use of mental health and intellectual disability professionals as well as identifying those persons who are a high risk. In addition to dealing with individual care-giving persons, mental health and intellectual disability consultation service can also be of great benefit in helping a variety of agencies and groups to be aware of the mental health and intellectual disability implications of their programs and to develop more appropriate and effective services.

§ 4210.143. Education service.

Education service is an organized method by which a practitioner in the field of mental health or intellectual disability furnishes professional groups, community agencies and the general public with information about mental health and intellectual disability. By disseminating men-

tal health and intellectual disability information, education service facilities both primary and secondary prevention by the early identification of those members of the population who are at risk. When possible, provisions should be made by the administrator through base service units or other contractual facilities for sufficient out-reaching personnel with the objective of bringing persons so identified into the care-taking network. In the field of tertiary prevention, education is important in helping the public accept persons with a mental disability, provide employment and in other ways enhance their returning to and remaining in the community in useful roles.

§ 4210.144. How services may be provided.

(a) The administrator may provide for consultation and education services through the following:

(1) Utilizing his own staff.

(2) Contracting with community mental health and intellectual disability centers and with other facilities serving persons with a mental disability.

(3) Payment of a fee to individual practitioners in the fields of mental health and intellectual disability.

(b) Although consultation and education services are provided as a specific element of the county program, both the administrator and the providers of these services shall conduct a continuing investigation of sources available for funding consultation and education services, and assist the prospective recipients in their effort to secure funding.

TRAINING OF PERSONNEL**§ 4210.151. Description.**

Training of personnel may include:

(1) In-service instruction regarding objectives, regulations, procedures and other matters specific to the county program.

(2) Staff development through attendance at State, regional and National meetings in the fields of mental health and intellectual disability.

§ 4210.153. Staff development.

Expenses for staff development may be authorized by the local authorities for the administrator, the program personnel of his staff and the program personnel of services provided under contract with the local authorities to attend State, regional and National meetings in the fields of mental health and intellectual disability.

PROGRAM AND SERVICES EVALUATION**§ 4210.182. Responsibility for the program and services evaluation.**

(a) Under the act, the evaluation is a joint responsibility of the administrator and the Board.

(b) The responsibility of the administrator for the evaluation shall be to:

(1) Review and evaluate facilities, and to cooperate with the Department in the maintenance of established standards.

(2) Analyze and evaluate mental health and intellectual disability needs and services in the county.

(3) Recommend improvements to the Board and local authorities.

(c) The Board shall have the following responsibility for the evaluation:

(1) To recommend a system of program evaluation.

(2) To appoint a utilization review committee composed of at least one member of the Board and a multidiscipline group selected from the base service units and nearby State facilities to assist the administrator in his evaluation.

(3) Based on the analysis prepared by the administrator, to review and evaluate the county's mental health and intellectual disability needs, services, facilities and special problems in relation to the local health and welfare needs, services and programs.

(4) To make recommendations to the local authorities regarding the program and other matters relating to mental health and intellectual disability services in the county.

INTERVENTION PRIORITY SCALE

§ 4210.191. Description.

The base service unit classifies the patient's mental disability to reflect the severity of his functional disorders and priority for intervention. This is noted on I, II, III or IV on Intake and Proposed Service Plan, Form MH/ID 10, under the following Intervention Priority Scale:

* * * * *

**CHAPTER 4220. REIMBURSEMENT FOR
MEDICATIONS**

GENERAL PROVISIONS

§ 4220.1. Purpose.

This chapter specifies requirements pertaining to reimbursement by the county mental health and intellectual disability program for the cost of drugs.

§ 4220.2. Applicability.

This chapter applies to county mental health and intellectual disability programs.

§ 4220.3. Legal base.

The legal authority for this chapter is section 201(2) of the Mental Health and Intellectual Disability Act of 1966 (50 P.S. § 4201(2)).

GENERAL REQUIREMENTS

§ 4220.11. Purchase of drugs.

(a) For the cost of a drug to be reimbursed by the county mental health and intellectual disability program it must be prescribed by a practitioner licensed by statute to prescribe the drugs and must be specifically for the mental disorder under treatment. Client liability and third party revenues must be exhausted before county mental health and intellectual disability funds are used.

(b) For a pharmacy to receive reimbursement from the county mental health and intellectual disability program it must be licensed by the State Board of Pharmacy.

§ 4220.12. Limitations.

(a) Drugs in the following general categories may be reimbursed by the county mental health and intellectual disability program.

(1) Major tranquilizers. Includes:

- (i) Phenothiazines.
- (ii) Butyrophenones.
- (iii) Thioxanthenes.
- (iv) Rauwolfia Alkaloids.
- (v) Dibenzoxazepines.
- (vi) Molindones.

(2) Minor tranquilizers. Includes:

- (i) Propanediole.
- (ii) Benzodiazepines.
- (iii) Diphenylmethane Derivatives.

(3) Hypnotics and sedatives. Includes:

- (i) Barbiturates.
- (ii) Nonbarbiturates.

(4) Antidepressants. Includes:

- (i) Tricyclics.
- (ii) Monamine Oxidase Inhibitors.
- (iii) Lithium.

(5) Central nervous system stimulants.

(6) Anticonvulsant agents.

(7) Antiparkinsonian agents.

(8) Various geriatric psychotropic agents.

(b) The county mental health and intellectual disability program may also reimburse for an item not falling in the general categories listed in subsection (a)(1)—(8) if, in the

licensed practitioner's professional opinion, it is essential for the present treatment of the patient's mental disorder. The county mental health and intellectual disability program may require, as a condition of reimbursement for these items, that prior approval be given by the County MH/ID Program. Where prior approval is required, it is the responsibility of the county administrator to ensure that proper notification of approval be given to the pharmacy at the time the prescription is presented to be filled.

(c) An initial prescription is limited to a 45-day supply and a maximum of one refill may be requested on an initial prescription. The quantity dispensed on the refill prescription cannot exceed the quantity prescribed on the initial prescription.

(d) The County MH/ID Program's maximum rate of reimbursement for drugs is the pharmacy's usual and customary charges to the general public for psychotropic drugs. Discounts given to special groups such as senior citizens must also be given to County MH/ID clients who are members of those specialized groups.

§ 4220.13. Procedures.

(a) The prescription must be made on Prescription and Pharmacist's Invoice, Form MH/ID 12. The number of refills permitted—not to exceed one—should be indicated on the MH/ID 12. It is the responsibility of the physician to ensure that the patient's drug costs are eligible for reimbursement by the County MH/ID Program and have been authorized for payment by the county administrator before using an MH/ID 12 prescription form.

(b) The pharmacy submits the MH/ID 12 on a monthly basis to the county MH/ID administrator for reimbursement. Refills of prescriptions should be reported to the county program on a monthly basis on a form of the county program's choosing.

(c) The county administrator is responsible for providing authorization for purchase of medication. The county administrator is also responsible for ensuring that the invoice is correctly priced and is for eligible drugs. The county administrator makes payment to the pharmacy for invoices submitted under subsection (b). It is the responsibility of the county administrator to ensure that patient liability and third party revenues are exhausted before County Mental Health/Intellectual Disability (MH/ID) funds are used. This responsibility may be delegated; however, the county administrator shall make every effort to ensure that pharmacies are reimbursed in a timely fashion. The goal should be reimbursement within 30 days of receipt of the claim.

§ 4220.14. Cost and quality control measures.

* * * * *

(d) The following cost control measures are available to county programs when taken in consultation with a county PTRC. These measures should only be used when limited resources cause expenditure on medication to impact adversely on other service areas. Caution should be exercised in the use of these measures. The goal of the PTRC program should be to ensure cost benefit and sound practice in the county drug program, while at the same time permitting flexibility, easy access by clients, and encouraging the private model of human service delivery and of the dispensing of drugs.

(1) The county program may establish a formulary of drugs for which it will reimburse and may exclude from that formulary specific drugs or classes of drugs even though they fall in the general categories in § 4220.12(a)

(relating to limitations). A county drug formulary must be published at least annually in a newspaper or papers having side circulation in the county program service area.

(2) The county program may establish limits on the total allocation or dollar amount for which it will reimburse.

(3) The county program may require prior approval or post-review by the PTRC for reimbursement to occur. Post-review procedures are to be preferred to prior approval procedures and should be used where possible.

(4) The county program may limit the number of refills to less than one refill, or limit the number of days to fewer than 45 days. The maximum limits under § 4220.12(c) may not be exceeded.

(5) The county program PTRC may conduct a review or audit of pharmacies participating in the Mental Health/Intellectual Disability (MH/ID) drug program to ensure that charges made by the pharmacy to the county program are the usual and customary charges of the pharmacy to the general public.

(6) Where any of the cost control measures under this subsection are enacted, the county administrator must make provision for appeals by prescribers, pharmacies or providers on a "special case" basis.

(7) Cost control measures enacted by county programs under this subsection are subject to review and approval by the Department.

WAIVER OF SERVICE

§ 4230.11. Requesting waivers.

(a) A county mental health and intellectual disability program is permitted to request a waiver of one or more

of the nine mandated services if the service is not available or if the county mental health and intellectual disability program shows that it is economically unsound to provide the service.

(b) A request for waiver shall be to waive the provision of an entire service. Waivers may not be requested for a reduction in the level of service.

(c) Waivers shall be requested for a period of one fiscal year or less.

(d) A request for waiver for the next fiscal year shall be submitted to the Department between April 15 and May 15 of the current fiscal year.

(e) Waivers may not be requested for the current fiscal year.

§ 4230.12. Documentation.

(a) The county mental health and intellectual disability program shall submit a written request for waiver to the Secretary of the Department of Human Services, with a copy of the request for waiver to the Deputy Secretary, Office of Developmental Programs and the Deputy Secretary, Office of Mental Health and Substance Abuse Services.

(b) A request for waiver shall include the following:

- (1) The service for which the waiver is requested.
- (2) The fiscal year for which the waiver is requested.
- (3) Justification for the waiver.

(4) The total expenditure by the county mental health and intellectual disability program for the service in the previous and current fiscal years.

(5) Clients and units of service for the previous and current fiscal years.

§ 4230.14. Hearing.

(c) The county mental health and intellectual disability program shall inform the public of the date, time, location and purpose of the hearing.

(d) The county mental health and intellectual disability program shall present the request for waiver and justification for the waiver at the hearing.

§ 4230.15. Waiver decision.

The Department will provide a written waiver decision to the county mental health and intellectual disability program by June 30 of the year in which the waiver request was made.

§ 4230.16. Provision for mandated service.

(a) If the waiver is granted, the county mental health and intellectual disability program is not required to provide the mandated service for the fiscal year for which the waiver was granted.

(b) If a waiver is granted and the Department decides to provide the service according to section 508(b) of the Mental Health and Intellectual Disability Act of 1966 (50 P.S. § 4508(b)), the county mental health and intellectual disability program is liable for the total county share for the service waived, under section 508(c) of the Mental Health and Intellectual Disability Act of 1966. The county's mental health and intellectual disability allocation

shall be reduced by the total State amount expended in the fiscal year immediately preceding the fiscal year of the waiver, for the service waived. The actual amount reduced from the county's mental health and intellectual disability allocation is deducted in the year of the waiver.

(c) If a waiver is granted, and the Department decides not to provide the service according to section 508(b) of the Mental Health and Intellectual Disability Act of 1966, the county mental health and intellectual disability allocation shall be reduced by the total State amount expended in the fiscal year immediately preceding the fiscal year of the waiver, for the service waived. The actual amount reduced from the county's mental health and intellectual disability allocation is deducted in the year of the waiver.

(d) If the waiver is denied, the county mental health and intellectual disability program shall provide the service for which the waiver was requested.

§ 4230.17. Right to appeal.

The county mental health and intellectual disability program has the right to appeal the Department's decision under 2 Pa.C.S. §§ 501–508 and 701–704 (relating to Administrative Agency Law). Appeals shall be submitted within 15 days of receipt of the Department's waiver decision to the Department's Hearing and Appeals Unit, according to the appeal procedures in 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure).

- (vi) Interim care.

(vii) Services where the provision of the service is not limited to individuals with a mental disability, such as a workshop service or day care.

(2) An exception to paragraph (1) will be allowed when a regional mental health official authorizes, in writing, the initiation of a new partial hospitalization program and determines that it is necessary to expend funds to staff and equip the program prior to providing services to clients. The Department will then authorize program-funding of this particular partial hospitalization program for a period not to exceed 1 year from the initial date of funding.

(3) Domiciliary care placement agencies shall be funded only by unit of service funding after the initial

year of operation. During the initial full year of operation, domiciliary care may be purchased by unit of service funding or program-funding.

(4) During the first year, the county or county joinder may program-fund a share of the cost of operating the domiciliary care placement agency. After the first year, these services shall be purchased on a unit of service basis. Payment may be made either by cash or in-kind contribution.

COUNTY AND COUNTY JOINDER ALLOWABLE COST STANDARDS

§ 4300.45. Staff development.

(a) Staff development includes the training of personnel through inservice instruction and recognized professional education programs, or through attendance at State, regional and National meetings, seminars or conferences.

(b) The Department will participate in the cost of training of staff to the extent that the training is related to the objectives of the county program or is essential for the continuation or improvement of the program.

(c) Training for staff shall be in or directly related to the fields of mental health and intellectual disability, or the administration of these programs.

(d) Expenses for staff development shall be approved by the appropriate county authority or a designee.

§ 4300.46. Purchased personnel services.

(a) Purchased personnel services are allowable expenses for justifiable programmatic or administrative reasons. A written agreement shall state the services to be provided, the rate of compensation and the method of payment. Consultant fees shall be determined in accordance with prevailing county practice. Participation in the cost for fees and expenses of professional practitioners and consultants, who are board members, directors, commissioners, county elected officials or regular employees requires the prior approval of the Department.

(b) County employees may not receive remuneration for acting as consultants or in another capacity to facilities with which the county/joinder contracts for mental health and intellectual disability services, or with Commonwealth agencies.

§ 4300.48. Occupancy.

* * * * *

(d) Mortgaged real estate which is owned and utilized by a county/joinder may be charged to the Department, except that no charge may be made for the refinancing of buildings unless a lower interest rate is available. The original amortization period may not be extended. Departmental participation is limited to the mortgaged cost associated with acquisition or renovation/improvement/repair/maintenance, or both, of property. The amount of these charges shall be the lesser of the fair rental value of the space and use, or the actual cost of the principal and interest incurred in the mortgage amortization, including any amortized minor or major renovation/improvement/repair/maintenance costs. The amount charged shall be prorated in relation to the percentage of space used by the program.

(1) The Department will participate in closing costs and downpayments required by lending institutions for the acquisition of real estate to be used for the county mental health and intellectual disability program. The Department will participate in a downpayment not to

exceed 25% of the property value. Real estate purchased with a downpayment reimbursed by the Department shall be used in the county program for at least 5 years.

* * * * *

§ 4300.56. Library expenses.

(a) Title to fixed assets, excluding real estate, acquired with mental health and intellectual disability funds shall remain with the county/joinder.

(b) Income received by the county program when disposing of fixed assets obtained with mental health and intellectual disability funds shall be used to reduce gross expenditures submitted by the county program for Departmental participation. The county may reimburse the Department in direct proportion to the Department's participation in the purchase of the fixed assets—either 90% or 100%.

(c) Fixed assets acquired with mental health and intellectual disability funds shall be solely for the benefit of the mental health and intellectual disability program. If fixed assets are transferred from the mental health and intellectual disability program, the county/joinder shall reimburse the Department for its percentage of the remaining value of the equipment based on an independent appraisal of the value of the fixed assets. The county program may not transfer fixed assets purchased with categorical funding to another component of the county program without the prior written approval of the appropriate program deputy secretary.

CONTRACTED AGENCY ALLOWABLE COST STANDARDS

§ 4300.83. Compensation.

* * * * *

(c) The Department will participate in the costs of compensation for employees of agencies funded on a unit of service basis. The Department will participate in compensation for the chief executive officers of these agencies up to the combined salaries and benefits approved for these positions. A chief executive officer reimbursement grid methodology will be used to determine eligible salaries. It classifies agencies according to total expenditures, and as multiple or single service providers. Multiple service providers are those providers for which counties reported expenditures of at least \$100,000 in at least two cost centers. Single service providers are those providers for which counties reported expenditures of at least \$100,000 in a single cost center. Total provider expenditures and expenditures by cost center will be based on annual county program income and expenditure reports submitted by counties under § 4300.133 (relating to financial reporting requirements) and the cost reports submitted to the Department by intermediate care facilities for individuals with an intellectual disability. The Department will entertain waiver requests submitted under § 4300.11 (relating to waivers) to include other expenditures, not normally reported to the Department, for classifying agencies.

* * * * *

§ 4300.86. Staff development.

(a) The Department will participate in the cost of training of staff to the extent that the training is essential for the continuation or improvement of the program.

(b) Training for staff shall be in or directly related to the fields of mental health and intellectual disability, or the administration of these programs.

§ 4300.94. Agency indirect costs.

* * * * *

(g) To be allowable for Departmental participation, indirect costs shall meet the following criteria:

- (1) Be necessary and reasonable for the proper and efficient operation and administration of the contract.
- (2) Be authorized under statutes and regulations.
- (3) Conform to limitations, exclusions or allowable cost standards for items of expenditure as included in this chapter if more than 50% of the agency's indirect costs are allocated to mental health or intellectual disability programs, or both, funded by a county/joinder or a combination of Commonwealth counties/joinders.

(4) Be accorded consistent treatment as either a direct or indirect cost.

§ 4300.95. Library expenses.

The Department will participate in the purchase of books, documents and subscriptions to journals pertaining to mental health, intellectual disability and other relevant topics.

§ 4300.106. Title to fixed assets.

(a) Title to fixed assets which are depreciated under § 4300.105 (relating to depreciation allowances) shall remain with the contracted agency.

(b) Title to fixed assets which are expensed or loans amortized using county mental health and mental retardation funds shall remain with the county/joinder or the provider.

(c) If title remains with the county/joinder, contracted agencies may not sell, leave, donate or dispose of county fixed assets without written permission from the appropriate county authority. Upon termination or cancellation of the contract and within a fixed period determined in that contract, the county shall at its discretion:

(1) Retain possession for county use or permit the use of fixed assets by another provider of services.

(2) Dispose of fixed assets purchased with mental health and intellectual disability funds upon obtaining an independent appraisal of the fixed assets.

(3) Allow the contracted agency to purchase the fixed assets upon obtaining an independent appraisal of the fixed assets.

(d) If title remains with the provider under subsection (b), the fixed asset shall be made available by the provider for use in the county program for its useful life. If the provider holds title to the asset, the provider may pledge the asset as collateral for loans necessary to the agency.

(e) Income received when disposing of fixed assets, or received by the county in refunds from agencies, shall be used to reduce gross eligible expenditures in determining the amount eligible for Departmental participation.

UNIT OF SERVICE FUNDING

§ 4300.117. Computation of reimbursement.

(a) The Department will participate in the cost of reimbursement to unit of service providers when computed according to the following procedure.

(b) The potential reimbursement by the county is computed as follows:

(1) Multiply each unit of service provided during a given month to a client by one of the following:

(i) The county program rate of reimbursement for that service if the provider's client fee schedule rate—as defined in § 4305.3 (relating to definitions)—for that service is equal to or exceeds the county program rate of reimbursement.

(ii) The provider's client fee schedule rate for that service, if the provider's client fee schedule rate is less than the county program rate of reimbursement for the same service.

(2) Total the products found under paragraph (1). This sum is the potential reimbursement by the county.

(3) If the sum of the net charge to the liable person—as defined in § 4305.3—and the net charge to a third party—as defined in § 4305.3—is less than the potential reimbursement by the county, the Department will participate in reimbursing the provider for the difference between the potential reimbursement by the county and the sum of the net charge to the liable person and the net charge to a third party.

(4) If the sum of the net charge to the liable person and the net charge to a third party is greater than or equal to the potential reimbursement by the county, the Department will not participate in reimbursement to the provider.

(5) If collection has been pursued according to Chapter 4305 (relating to liability for community mental health

and intellectual disability services), the Department will participate in reimbursement to a provider of the uncollectable net charge to the liable person or the uncollectable net charge to a third party up to the potential reimbursement by the county.

§ 4300.118. Special limitations on unit of service funding.

(a) Costs of partial hospitalization services provided under this title shall be limited to 240 3-hour sessions (720 total hours) in a consecutive 365-day period per patient. Six hours of partial hospitalization equals 1 day of partial hospitalization.

(b) A benefit period begins with the first day of inpatient hospital care and includes a maximum of 60 days of care in one consecutive stay or in a number of lesser stays that add up to 60 days. If the Department pays for part of a day, the day shall be counted as a full day in the benefit period. A patient's benefit period ends after 60 consecutive days on which he is not hospitalized, regardless of the number of days of hospitalization he has had. After one benefit period ends, a new benefit period begins with the first day of hospitalization and is subject to appropriate utilization review standards.

(c) The payment for hospital visits by a psychiatrist, when the fee is not included in the inpatient rate, shall be allowed.

(d) The Department will participate in the cost of drugs according to Chapter 4220 (relating to reimbursement for medications).

(e) Charges to clients of the county program shall be in accordance with Chapter 4305 (relating to liability for community mental health and intellectual disability services). A facility may not seek reimbursement from a client of the county program above that provided for under this title.

(f) The Department of Labor and Industry, Office of Vocational Rehabilitation, establishes fees for selected vocational program services. The Department will financially participate in the costs of county programs purchasing these same services at the established fees.

FISCAL MANAGEMENT OF THE COUNTY PROGRAM

§ 4300.132. Accountability for expenditures of mental health and intellectual disability funds for clients.

(a) The appropriate county authority is responsible for the accounting of funds expended through the county program, and the authorization of expenditures consistent with this chapter. Service provided without proper authorization or accountability, or both, may not be considered as reimbursable. Services purchased on a fee per unit of service basis shall have prior authorization of the administrator or designee.

(b) The county program and providers with whom the county contracts for services shall maintain books, records, documents and other evidence according to standard accounting procedures and practices, sufficient to reflect properly direct and indirect costs claimed to have been incurred and anticipated to be incurred for funds supported by the act and for which reimbursement is claimed. Records shall be kept for a minimum of 4 years after the close of the fiscal year.

(c) Time and attendance and payroll distribution records shall be maintained for each employee. Any method of keeping the records is acceptable as long as it is complete and accurate.

§ 4300.134. Apportionment of administrator’s office costs.

The costs of the administrator’s office as defined in this chapter are funded from both mental health and intellectual disability allocations. Two alternatives are available for apportioning these costs. The costs of the administrator’s office may be apportioned according to the actual cost incurred for the administration of each program or as a proportion of program costs. Documentation supporting the apportionment of these costs shall be retained by the county program.

§ 4300.135. Actual costs.

The intention of this method is to determine and assign the actual costs related to the provision of mental health or intellectual disability services. Once a county program has developed and implemented a methodology for apportionment based on actual costs, it may not assign costs according to a proportion of program costs methodology. Costs shall be assigned as follows:

- (1) Costs which can be readily identified as mental health or intellectual disability shall be appropriately assigned.
- (2) Time records or a random time study shall be used to apportion individual staff salaries, benefits, and operating and fixed asset expenses related to staff. Time which cannot be assigned, not to exceed 25% of available time, can be ignored in developing an apportionment ratio.
- (3) Other costs shall be apportioned based on the overall ratio resulting from the assignment of costs in paragraphs (1) and (2).

§ 4300.136. Proportion of program costs.

The Department’s grants to county programs include base allocations, categorical allocations and allocations of Federal funds. The ratios of the mental health and intellectual disability allocations to the total allocation received from the Department shall be used to assign the costs of the administrator’s office when using this method.

§ 4300.137. County joinder contracts.

When a mental health and intellectual disability program is administered by two or more counties, the local authorities acting in concert shall enter into a contract to establish the policies of that program.

- (1) The contract shall provide for proportionate costs of the program to be borne by each participating county.
- (2) A separate bank account shall be established into which funds received from the Department and from the participating counties for the purposes of the program shall be paid and out of which payments for the program shall be made.
- (3) The contract shall designate the person authorized to sign checks, indicate services and facility operation to be administered jointly and address other matters necessary or proper for the accomplishment of program objectives.
- (4) The contract shall include a description of policies agreed to by the counties as prevailing county practice for the mental health and intellectual disability program. These include the policies of leave, travel, recruitment and consultant fees.
- (5) Contracts shall be reviewed at least once every 10 years.

§ 4300.139. Contracting requirements.

* * * * *

(c) A signed contract becomes the authorization for the expenditure of funds for services identified by the agreement. County mental health and intellectual disability funds cannot be expended for provider expenses until a contract exists. For licensed inpatient and authorized partial hospital providers, an authorization for service form may be used, in lieu of a contract, to purchase services.

(d) Counties shall establish a procedure to provide contract agencies with an opportunity to be heard by the county mental health and intellectual disability board, or a committee thereof, regarding contract disputes arising under this chapter. The purpose shall be for the board to hear the issues and arguments involved in the dispute and develop recommendations to the appropriate county authority.

* * * * *

§ 4300.148. Uncollected revenue.

Income referred to as accounts receivable may be adjusted for uncollected revenues when a request for abatement or write-off has been approved under Chapter 4305 (relating to liability for community mental health and intellectual disability services).

§ 4300.155. Categorical funding.

(a) Categorical funding is the identification of a certain dollar amount in a county mental health and intellectual disability allocation to be used for a specific component of the county program. The funding may occur as the result of an authorization by the Secretary. The funds shall be considered restricted and available for the stated purpose only. This also applies to the base program allocation as a whole.

(b) Unexpended categorical funds may not be used to offset a deficit incurred in the base program or another categorical program unless approved by the Secretary.

(c) Unexpended categorical funds are carried over into the next fiscal year and considered by the Department in the computation of the allocation for the next fiscal year.

§ 4300.158. Revenue.

(a) Allocations from the Department are to defray part of the cost of county programs authorized by the act and approved by the Department. Income from the amounts paid for the same purpose from a public or private source directly to participating counties, facilities or individuals shall be deducted from approved expenditures to determine the amount eligible for Departmental participation.

(b) The Department will not participate in costs for a mentally disabled person until the person, who has been admitted or committed, or is receiving services or benefits under the act, has exhausted his eligibility and receipt of benefits under other private, public, local, Commonwealth or Federal programs.

(c) Unrestricted donations and gifts shall be considered as income to reduce gross eligible expenditures in arriving at expenditures eligible for Departmental participation. Since donations and gifts are a revenue of the county or contracted agency, they are available for use by the county or contracted agency to increase the level of eligible expenditures.

(d) Donations and gifts may be used for paying expenses which are eligible or ineligible for Departmental participation if given or restricted by the donor for that

purpose. This includes income from fund-raising activities which publicly identify the purpose for which contributions are solicited and their restricted use.

(e) Donations and gifts from fund-raising organizations may be used for paying expenses which are eligible or ineligible for Departmental participation if given or restricted by the fund-raising organization for that purpose. A fund-raising organization shall be separate from the contract agency in that it is not involved in the delivery of service and is not funded directly or indirectly by Department grants.

(f) Interest earned on Departmental funds shall be considered as other income to reduce total expenditures in arriving at eligible expenditures for Departmental participation. Since interest is considered a legitimate revenue of the county program, it is available for use by the program to increase the level of service provided. Interest may not be used to offset the county's 10% matching share, to fund nonmental health/intellectual disability services, or to fund general county expenses not properly apportioned to the mental health/intellectual disability program.

§ 4300.159. Restricted receipt account.

The funds for the county mental health/intellectual disability program shall be used for this specific purpose and accounted for separately from other monies. This may be accomplished by maintaining separate bank accounts or by fund accounting. Monies may be combined if the following exist:

- (1) Clear audit trails are established.
- (2) Earnings for each account are individually computed, credited and recorded.
- (3) Receipts, disbursements and transfers are processed through separate accounts.
- (4) The general principles of fund accounting are observed.

§ 4300.161. Contracted agency audits.

(a) The audits performed on contracted agencies shall contribute to the county audit. The county may require the agency to retain an independent certified/registered public accountant to perform the audit, contract for an independent certified/registered public accountant directly to perform the audit, perform the audit using qualified county auditors who meet the independence requirements and professional standards in the "Standards for Audit of Governmental Organizations, Programs, Activities and Functions" promulgated by the Comptroller General of the United States, General Accounting Office. Under generally accepted auditing standards, contracted agency audits will be evaluated for the rendering of an opinion on total county funding.

(b) The purpose of the provider audit is to ensure that reimbursement is based on the reasonable costs of contracted services, to provide verified financial information for making a final determination of allowable costs, and to develop other information as counties/joinders may need to fulfill their responsibilities. It shall include an examination of financial transactions, accounts and reports, an evaluation of the adequacy of accounting and administrative controls and an evaluation of compliance with provisions of the contract, including applicable statutes and regulations. It shall be of sufficient depth and detail for the auditor to render an opinion that invoicing is based upon the terms and conditions negotiated by the

county/joinder and provider in developing the contract budget or unit costs, or both.

(c) This chapter may not be construed to limit the authority of the Department, the Department's Comptroller's Office, the Auditor General, Federal auditors or other authorized agencies to perform audits of contracted agencies. The county or its agents shall have access to and the right to examine records of contracted agencies involving transactions related to mental health and intellectual disability funding.

DETERMINING LIABILITY AND ASSESSMENTS

§ 4310.9. Working client income.

When a client residing in a State mental hospital or State intellectual disability center receives income for services rendered at sheltered workshops or other employment, 50% of all income over \$65 per month is assessed for his cost of service provided. When the conserved fund maximum is reached, the full amount of income is assessed less \$25 per month personal use monies. If, after the assessment, the conserved fund level still exceeds the maximum of \$1,500, the excess income over \$1,500 is assessed. If the

conserved fund account falls below \$1,500, the assessment returns to 50% of all income over \$65 until funds again reach \$1,500.

BILLING AND COLLECTION

§ 4310.17. Abatement or modification of liability.

(a) Only in extraordinary circumstances will consideration be given to abatement or modification of liability in accordance with the following criteria under section 504(a) of the Mental Health and Intellectual Disability Act of 1966 (50 P.S. § 4504(a)). The imposition of such liability would:

- (1) "result in the loss of financial payments or other benefits from any public or private source which the mentally disabled person would receive, would be eligible to receive or which would be expended on his behalf except for such liability";
- (2) "result in a substantial hardship upon the mentally disabled person, a person owing a legal duty to support such person or the family of either";
- (3) "result in a greater financial burden upon the people of the Commonwealth"; or
- (4) "create such a financial burden upon such mentally disabled person as to nullify the results of care and treatment, service or other benefits afforded to such person under any of this act."

(b) The institutional collections officer may assist the client or his legally liable relative, or both, in the preparation of a request for an abatement or modification, if so requested. This may include checking to insure the inclusion of all required information, typing the final copy, and forwarding the request to the Secretary of Human Services or his designee. (Complete PW-83 and PW-833.)

§ 4310.20. Clinical abatement or modification of liability.

(a) The Department may make a clinical abatement or modification of liability if the imposition of liability would result in a greater financial burden upon the people of this Commonwealth or would create such a financial burden upon such mentally disabled person as to nullify the result of care and treatment, service, or other benefits afforded to the person under the Mental Health and Intellectual Disability Act of 1966 (50 P.S. §§ 4101—4704). Clinical abatements will be granted only if:

- (1) The imposition of liability would be likely to negate the effectiveness of treatment, or prohibit the client's entry into treatment.
- (2) The failure to provide the treatment would result in serious harm to the client's welfare or in greater cost to this Commonwealth due to the deterioration of the client's condition.
- (b) Requests for clinical abatement or modification may be initiated either by the MH or intellectual disability professional who is treating the client or by the liable person. If initiated by the liable person, the request shall be endorsed by the MH or intellectual disability professional who is treating the client.

(c) When making a request for clinical abatement, the treating MH or intellectual disability professional shall justify the request in the client's case record by stating why he believes that the client qualifies for clinical abatement or modification. The request for clinical abatement or modification shall be forwarded to the Secretary's designee on Form PW-1075. The Secretary's designee

shall review the request and notify the MH or intellectual disability professional and the institutional collections officer of the decision.

§ 6210.72. Limitations on payment for prescription drugs.

The Department's interim per diem rate for non-State operated ICFs/ID does not include prescription drugs. Prescribed drugs for categorically needy recipients are reimbursable directly to a licensed pharmacy according to regulations contained in Chapter 1121 (relating to pharmaceutical services).

(d) The cost report shall be prepared using the accrual basis of accounting and shall cover a fiscal period of 12 consecutive months.

(e) Facilities beginning operations during a fiscal period shall prepare a cost report from the date of approval for participation to the end of the facility's fiscal year.

(f) The cost report shall identify costs of services, facilities and supplies furnished by organizations related to the provider by common ownership or control.

§ 6210.78. Allowable costs.

(a) For State operated ICFs/ID, allowable costs shall be determined by the Department's "Cost Apportionment Manual for State Mental Hospitals and Intellectual Disability Centers" and HIM-15.

(b) For non-State operated ICFs/ID, allowable costs shall be determined based on Chapter 6211 (relating to allowable cost reimbursement for non-State operated intermediate care facilities for individuals with an intellectual disability) and HIM-15.

(b) For non-State operated ICFs/ID, interim per diem rates shall be established by the Department based on the latest adjusted cost report plus an inflationary factor, or a submitted budget if a waiver is granted in accordance with Chapter 6211 (relating to allowable cost reimbursement for non-State operated intermediate care facilities for individuals with an intellectual disability).

§ 6210.81. Upper limits of payment.

REPORTING AND AUDITING

§ 6210.93. Auditing requirements related to cost reports.

(a) Except in cases of provider delay or delay requested by State or Federal agencies investigating possible criminal or civil fraud, the Department will conduct either a field audit or desk review of each cost report within 1 year of the latter of its receipt in acceptable form, as defined in § 6210.78 (relating to allowable costs) or, if the facility participates in Medicare and has reported home office costs to the Department on its cost report, the Department's receipt of the facility's Medicare home office audit, to verify, to the extent possible, that the facility has complied with:

(6) The Department's cost allocation plan for State operated ICFs/ID.

(b) An onsite field audit will be performed on a periodic basis at reporting facilities. Participating facilities will receive a field audit or a desk audit each year. Full scope field audits will be conducted in accordance with auditing requirements in Federal regulations and generally accepted auditing standards.

(c) An auditor may validate the costs and statistics of the annual report by an onsite visit to the facility. The auditors will then certify to the Department the allowable cost for the facility as a basis for calculating a per diem and an annual adjustment. Based on the certification and total interim payments received by the facility, the Department will compute adjustments due the facility or due the Department for the fiscal year. The Department will notify the facility of the annual adjustment due after the annual cost report is audited.

(d) Financial and statistical records to support cost reports shall be available to State and Federal agents upon request.

UTILIZATION CONTROL

§ 6210.108. Facility utilization review.

(a) Each facility furnishing services to eligible MA recipients shall have in effect a written utilization review plan that provides for review of each recipient’s need for the services.

(b) If the utilization review committee of a facility finds that the continued stay of a recipient at a specific level of care is not needed, the committee shall, within 1 working day of its decision, request additional information from the recipient’s qualified intellectual disability professional, who shall respond within 2 working days. A physician member of the committee, in cases involving a medical determination, or the utilization review committee, in cases not involving a medical determination, shall review the additional information and make the final recommendation. If the additional information is not received within 2 working days, the committee’s decision will be deemed final.

(c) The utilization review committee shall send written notice of adverse final decisions on the need for continued stay to:

- (1) The facility administrator.
- (2) The qualified intellectual disability professional of the recipient.
- (3) The CAO.

(d) The CAO shall notify the recipient or the person acting on behalf of the recipient and the facility of the recommended change in the level of care. The recipient has the right of appeal in accordance with Chapter 275 (relating to appeal and fair hearing and administrative disqualification hearings). Neither the facility nor the attending physician may appeal the decision of the utilization review committee on its own behalf.

To qualify for treatment as a funded depreciation account, the funds shall be clearly designated in the provider's records as funded depreciation accounts and shall be maintained in accordance with the provisions of HIM-15.

The Family Resource Services (FRS) Program is designed to offer a variety of services to the family which has a family member with an intellectual disability living within the community, as well as to individuals with an intellectual disability who reside in community settings. The intent of the FRS Program is to reduce the need for institutionalization. The primary purpose of the FRS Program is:

(1) To provide adequate resources within the community to enable the family with a family member with an intellectual disability to maintain that member at home with minimal stress or disruption to the family unit.

(2) To provide adequate resources within the community to enable the individual with an intellectual disability to remain in a family context in a community setting, thus leading as normal a life as possible.

PROGRAM COSTS

§ 6350.11. Funding.

(a) Funding of the Family Resource Services (FRS) Program is based upon the 90% State/10% county matching formula.

(b) FRS funds may be utilized only to pay for eligible services.

(c) FRS funds may not be utilized to subsidize regular day programs, such as vocational, educational, day care.

(d) FRS funds may not be utilized to cover the direct costs of staff salaries; however, an agency which is program-funded by the County Mental Health/Intellectual Disability (MH/ID) Office to provide FRS-eligible services may include the costs of staff salaries in its charges to the County MH/ID Office for the provision of those services for which it is program-funded.

§ 6350.13. Collection of costs.

Payment for and collection of costs for Family Resource Services (FRS) Program services shall be made with county procedures consistent with section 506 of the Mental Health and Intellectual Disability Act of 1966 (50 P.S. § 4506).

§ 6350.14. Charges.

The charges to clients and legally responsible relatives shall not exceed the verified going rate for similar services to persons without a disability. In those situations in which no local prevailing fee exists, costs of such services may be negotiated between the County Mental Health/Intellectual Disability (MH/ID) Program and the service provider. The difference between the actual cost and liability, if any, shall be borne by the County MH/ID Program.

§ 6350.15. Liability insurance for service providers.

Liability insurance for providers of services funded through the Family Resource Services Program is handled under current Department policy which covers the issue of liability insurance for the provision of community-based mental health and intellectual disability services.

§ 6350.16. Waiver option.

(a) The Department’s regional directors for the office of developmental programs may, in special situations, waive specific provisions within this chapter which govern the Family Resource Services (FRS) Program when an identified need for an FRS-eligible service cannot be met because of a restriction imposed by this chapter. This

waiver option does not apply to Chapter 4305 (relating to liability for community mental health and intellectual disability services).

(b) The request for a waiver of a provision of this chapter shall be consistent with the philosophy and intent of the FRS Program and shall relate to an FRS-eligible service.

(c) The County Mental Health/Intellectual Disability (MH/ID) Administrator shall submit a written request to the appropriate Department's regional commissioner for intellectual disability to have a specific provision of this chapter waived for a specific situation.

(d) The written request shall include documentation which explains why it is necessary to have a provision of this chapter waived.

(e) The request shall be for a specific situation and involve a specific person or group of persons to be served for a specific period of time.

(f) The Department's regional commissioner for the office of developmental programs shall submit to the county mental health and intellectual disability administrator written notification of the approval or disapproval of the request for a waiver prior to the implementation of the service.

(g) Copies of requests and decisions related to the waiver option shall be submitted to the central office of developmental programs for review.

SERVICE AREAS

§ 6350.21. Respite care.

(a) The Family Resource Services (FRS) funds shall be made available for respite care services at the following places:

(1) The home or place of residence of an individual with an intellectual disability.

(2) The home of a family that the county mental health and intellectual disability office has approved. The "host" family may offer respite care to no more than two individuals with an intellectual disability at one time.

(3) If the individual with an intellectual disability is in need of medical care and supervision, an approved medical facility such as a general hospital or nursing home may be utilized. For a facility to be used for respite care, the county mental health and intellectual disability office or its designate shall document the medical needs of the individual with an intellectual disability, and the county mental health and intellectual disability administrator shall give approval of the placement in the medical facility of the individual with an intellectual disability.

(b) FRS funds may not be used to pay for respite care in the following situations:

(1) State centers for individuals with an intellectual disability. The county mental health and intellectual disability program is not responsible for paying for the care of individuals with an intellectual disability who are permanently or temporarily residing in State centers.

(2) County residential facilities which are not licensed by Chapter 6400 (relating to community homes for individuals with an intellectual disability).

(c) Allowable time periods for respite care are as follows:

(1) Respite care shall be considered relief care lasting between 24 hours and 4 weeks.

(2) Respite care for any individual shall not exceed 4 weeks within a given fiscal year, that is, July 1 of a given year through June 30 of the following year.

(d) Respite care is provided only for the individual with an intellectual disability family member and does not include caring for siblings who do not have an intellectual disability.

§ 6350.22. Family aid.

(a) This service shall provide relief lasting less than 24 hours in any one time period. This resource is available to families who previously have not been able to obtain "sitter" type service because the family member has an intellectual disability.

(b) Each family aide shall be approved by the county mental health and intellectual disability office after successful completion of a training program before working as a family aide.

(1) A portion of Family Resources Services (FRS) money may be set aside for basic training for those persons who will function as family aides.

(2) Follow-up training must be provided no less than once a year.

(3) The family aides may be paid while attending training sessions.

(4) The training program must be approved by the county mental health and intellectual disability office.

(c) If the county mental health and intellectual disability office contracts with another agency to provide this service, the following applies:

(1) The agency shall provide a training program approved by the County MH/ID Office.

(2) Each family must provide the Base Service Unit with information necessary for determining liability.

(d) Family aides should be recruited and screened.

(e) A list of approved aides will be kept in the County MH/ID Office or its designee, or both.

(f) Families must contact the County MH/ID Office, Base Service Unit, or the contracting agency to request the service. Unless the County MH/ID Office or its designate has made the appropriate arrangements, the family aide will not be eligible to receive payment with FRS funds.

(g) The family aide will be responsible for the care of every family member left in his charge. If any siblings are to be cared for other than the individual with an intellectual disability, the aide must be so advised before being given the assignment. The County MH/ID Office or its designate will determine the additional charge, if any, for the care of other siblings.

(h) At the end of each care period, the aide must submit to the County MH/ID Office or its designate a written report which should include remarks about any significant events, incidents, and the like, that occurred during the care period and which may prove beneficial to other aides when and if the family receives FRS in the future. Such reports must be treated within the context of the rules of confidentiality and privacy so as to protect the rights of the service recipients.

(i) Aides may not accept gifts from families for whom they are providing family aid.

(j) The maximum time allowed for family aid service will be 24 hours per session. This may be overnight but shall not exceed the maximum time limit.

(k) A recommended maximum of four sessions should be allowed per family per month. This may be adjusted by the County MH/ID Office based on individual needs and resources at a given time.

(l) This service shall not take the place of day programming for the individual with an intellectual disability.

(m) Family aid shall not be provided daily unless authorized in writing by the County MH/ID Administrator.

(n) Family aid can be provided in the home or place of residence of the individual with an intellectual disability, or the home of a family that the County MH/ID Office has approved.

(o) If there is an expressed need, this service should be made available on a group as well as an individual basis within a home or appropriate facility.

§ 6350.23. **Homemaker services.**

(a) The primary functions of homemaker services are to provide adult care and supervision for individuals with an intellectual disability and other members of the family within the home when the adults regularly responsible are unable to provide them, and to provide training in proper home management. The homemaker not only provides personal care but also insures that regular daily homemaking and housekeeping tasks are performed. These services are also available to adults with an intellectual disability who are living independently in the community.

(b) The homemaker's responsibilities may include, but are not limited to, any combination of the following:

(1) Household chores, such as cleaning, cooking, meal planning, laundry, ironing, and marketing.

(2) Personal care of dependent children—not limited to the family member with an intellectual disability.

(3) Budgeting or money management, or both.

(4) Instructing the family members or the individual with an intellectual disability, or both, in how to perform homemaking duties more effectively and efficiently.

(c) The homemaker will be given, in writing, a list of specific responsibilities before an assignment.

(d) The homemaker may assume live-in responsibilities if there is no other responsible adult who is able to care for the dependent children during the evening and night. This is allowable only if the homemaker is providing daytime duties within the same household. An example of this type of service would be a single parent who has no close relative and the parent is hospitalized, one parent is hospitalized and the other parent is out-of-town, or the parents are unable to care for the needs of their dependent children. The homemaker would then provide direct service, day and night, as well as instruction.

(e) The homemaker must be assigned for a specific period of time for specific duties and responsibilities:

(1) The initial time period may not be for more than 1 month. A mandatory 2-week interval must be observed for evaluation purposes prior to any extension of this service.

(2) All requests for extension must be evaluated by the Base Service Unit and approved in writing by the County Mental Health/Intellectual Disability (MH/ID) Adminis-

trator with a copy to the regional commissioner for the office of developmental programs.

(3) For an extension after 6 weeks from the beginning of the service, the County MH/ID Office must document the lack of feasibility of other alternatives. Specific goals must be determined, and reasonable time limits necessary to meet them must be established.

(f) A homemaker is not to be used for babysitting purposes only. This precludes the assignment of a homemaker, on an ongoing basis, to care for an individual with an intellectual disability while the adult family members work. A family aide may be assigned intermittently to a family for that purpose. Neither service should take the place of a "day program" for the individual with an intellectual disability.

§ 6350.24. **Inhome therapy.**

(a) This service should be available when the family member with an intellectual disability must receive therapy or a nonpublic school program in his own home. It insures the family that the family member with an intellectual disability will receive important treatment or therapy even in the event that he is "homebound." This service is primarily directed to those individuals with an intellectual disability who have multiple disabilities or significant medical needs, or both. Except in unusual circumstances, it should not be utilized when the individual with an intellectual disability is capable of leaving his home to receive such needed therapy.

(1) Visiting nurses/related inhome medical therapy is an acceptable inhome therapy service. This service may include professional or paraprofessional personnel who perform such tasks as:

(i) Assisting the parents with special medically related problems and training these parents to perform these functions when possible.

(ii) Tube feeding, respiration control (oxygen), other special feeding techniques.

(iii) Administering medication.

(iv) Exercising.

(v) Dietetics.

(vi) Other medical treatment as directed by the physician.

(vii) General health care.

(viii) Caring for the convalescing individual with an intellectual disability after he has been hospitalized.

(2) Only a registered nurse or a licensed practical nurse may perform or direct inhome medical therapy.

(3) Inhome medical therapy will be paid for only if a physician has, in writing, prescribed the specific services required.

(4) The physician's written prescription must be available to the Base Service Unit and the County Mental Health/Intellectual Disability (MH/ID) Office.

(b) Physical/occupational therapy services may be vital to the individual with an intellectual disability and a physical disability whose family, because of these disabilities, will need additional assistance in physical care and in basic self-care skills development. This service not only will help the individual with an intellectual disability to be self-sufficient but will also provide relief to other family members.

(1) The following eligible persons are listed in order of priority:

(i) Persons who are “homebound” and not able to go out of the home for therapy.

(ii) Persons who are attending a day program where no formal physical or occupational therapy is provided.

(iii) Persons who have had a minimal amount of physical and occupational therapy, but professional evaluation indicates that the person needs a more consistent program than has been available.

(2) A licensed physical therapist must perform or direct physical therapy. A registered occupational therapist must perform or direct occupational therapy.

(3) Physical therapy or occupational therapy will be paid for only if a physician has, in writing, either documented the need for or prescribed a specific therapy program.

(4) The written therapy prescription and program plan must be available to the Base Service Unit and the County MH/ID Office.

(5) Responsible family members must receive instruction and be a part of the therapy program.

(6) If an individual with an intellectual disability is of school age, the public school system should provide the therapy service when it is a part of the person’s individual prescriptive educational plan.

(c) Speech/language therapy/audiology services are acceptable Family Resource Service (FRS) Programs.

(1) The “eligible persons” listed in subsection (b)(1) apply equally to speech/language therapy/audiology.

(2) To be eligible, the individual with an intellectual disability must have been examined by a certified or certification-eligible audiologist for possible hearing deficiencies or a certified or certification-eligible speech therapist who have recommended a formal speech/language/audiology program. The ensuing program must be professionally prescribed and directed.

(3) A written program, including short- and long-range goals, must be available to both the Base Service Unit and the County MH/ID Office.

(4) There must be evidence of involvement of responsible family members in the speech/language/audiology program.

(5) If the individual with an intellectual disability is of school age, the public school system should provide this service.

(d) Visual/mobility therapy (training) service may be vital to the individual with an intellectual disability and a severe visual impairment, who because of these disabilities, is unable to navigate around his place of residence or in the community.

(1) The “eligible persons” listed in subsection (b)(1) apply equally to visual/mobility therapy (training).

(2) To be eligible, the individual with an intellectual disability must have been examined by a physician to determine the extent of visual impairment and to document the need for visual/mobility therapy (training).

(3) A trained mobility specialist/instructor must evaluate the individual with an intellectual disability and a visual impairment and develop a written visual/mobility training program plan specific to the service recipient.

(4) A trained mobility specialist/instructor must perform the visual/mobility therapy (training).

(5) The written therapy program plan, including short- and long-range goals, must be available to the Base Service Unit and the County MH/ID Office.

(6) There must be evidence of involvement by responsible family members in the visual/mobility training program.

(7) If an individual with an intellectual disability is of school age, the public school system should provide this service.

(e) Vocational therapy consists of the provision of vocationally oriented services in the home of an individual with an intellectual disability to help the individual with an intellectual disability become more self-sufficient, progress to an out-of-home setting, or maintain vocational skills previously acquired.

(1) The following are eligible persons for inhome vocational therapy:

(i) Persons who are engaged in community vocational programs but are temporarily “homebound” while convalescing from an illness, accident, or are receiving medical treatment related to a chronic handicapping condition.

(ii) Persons who are not currently engaged in a community vocational habilitation program and who are indefinitely “homebound” due to the severity of their mental or physical handicap. These persons could benefit from vocational services:

(A) To enhance their self-worth and self-sufficiency within the homebound situation.

(B) To assess their vocational potential and develop their social/vocational functioning to the point that they can enter an out-of-home vocationally-oriented setting.

(2) For eligible persons to participate inhome vocational therapy, the following procedures must be followed:

(i) There must be a written physician’s statement that the person’s medical condition permits him to participate in homebound employment and which includes an estimate of the time needed for convalescence.

(ii) There must be a written individual habilitation plan for the homebound work prepared and implemented by the community vocational program in which the person has been participating.

(iii) The written program must be available to the Base Service Unit and the County MH/ID Office.

(3) Homebound employment may be funded for an initial interval of 2 months. Extensions, in intervals of 2 months, or less, may also be funded, provided that a medical statement indicates the person may not yet return to the vocational program in the community. Homebound employment may not be utilized beyond the point when the individual with an intellectual disability is capable of leaving his home to participate in an out-of-home vocational program.

(4) There should be evidence that the family supports the homebound employment program in terms of available work space and time in the home but does not do the work for the individual with an intellectual disability.

(5) For eligible persons to participate in inhome vocational therapy:

(i) The individual with an intellectual disability must be evaluated initially by a qualified vocational evaluator who recommends an inhome vocational therapy program.

(ii) There must be evidence, preferably a physician's statement, that the person cannot participate in a vocational program at an out-of-home setting due to the severity of his mental or physical handicap with an estimate of the duration of the homebound state.

(iii) There must be an individual inhome vocational therapy plan prepared and directed by a recognized community vocational habilitation program.

(iv) Except in unusual circumstances, as determined by the County MH/ID Office, there should be evidence within the individual's program plan that the inhome program will result in the individual eventually entering an out-of-home vocationally oriented setting.

(v) This written program plan must be available to the Base Service Unit and the County MH/ID Office.

(vi) Quarterly status reports must be submitted to the Base Service Unit and County MH/ID Office as part of the program plan implementation.

(vii) Vocational therapy for eligible persons may be funded for an initial interval of 6 months).

(viii) The initial vocational evaluation in the home may also be funded through the FRS Program. Extensions, in intervals of 3 months or less, may also be funded, provided that the quarterly program status report indicates that extended service is an integral part of the individual's vocational habilitation plan.

(f) Recreational therapy/therapeutic recreation is for individuals with an intellectual disability who, due to the severity of their mental or physical handicap, or both, may be deprived of having their minimal socio-recreative needs met because of their homebound state and, consequently, may be showing signs of psycho-social regression or physical atrophy, or both.

(1) Inhome recreational therapy services may only be made available to those individuals with an intellectual disability who are "homebound."

(2) Recreational therapy/therapeutic recreation services should be provided or directed by an individual with training in recreation or an allied human services field. Appropriate training may be obtained from a formal academic education as well as participation in seminars, workshops, inservice training programs, and the like.

(3) Inhome recreational therapy services may be paid for through the FRS Program provided that the services result from a goal-oriented recreational therapy plan for the individual service recipient with an intellectual disability. This program plan must include the following:

(i) A statement which defines the needs of the individual with an intellectual disability for inhome recreational therapy service.

(ii) A statement of short- and long-term goals which serve as the rationale for the recreational therapy program.

(iii) A general description of the program.

(4) The written plan for the recreational therapy program must be available to the Base Service Unit and the County MH/ID Office.

(5) Responsible family members must receive instruction in and be a part of the recreational therapy program.

(g) Professional inhome dental hygiene services may be made available to those individuals with an intellectual disability who because of the mental or physical disabilities, or both, are "homebound."

(1) Only those inhome dental hygiene services provided by a dentist or licensed dental hygienist are eligible for FRS funding.

(2) The dental hygiene program must be approved by the County MH/ID Office.

(3) A copy of the dental hygiene treatment plan/program must be available to the Base Service Unit and the County MH/ID Office.

(4) Responsible family members must receive instruction in and be a part of the approved dental hygiene program.

(h) Behavioral programming and other related services may be provided through the FRS Program with the provision that they are consistent with the general intent of the FRS Program and the specific inhome therapy guidelines.

§ 6350.25. Family education/training.

(a) Family education/training services may be made available to parents of a child or adult with an intellectual disability, to individuals with an intellectual disability who are parents, and to spouses and siblings or other family members to assist them in dealing appropriately with a family member with an intellectual disability. Programs under this service may include education/training in family dynamics, parent/child relationships, behavior management, genetic counseling, family planning, or any other type of program designed to maintain the family as a cohesive unit.

(b) Family education training services may be funded through the Family Resource Services (FRS) Program provided that they are consistent with the following criteria:

(1) The nature and purpose of the training program must be consistent with the intent of the FRS Program.

(2) All education/training programs funded through the FRS Program must be approved by the County Mental Health/Intellectual Disability (MH/ID) Office.

(c) The County MH/ID Administrator has the following options in providing family education/training through the FRS Program:

(1) The education/training program may be provided directly through the County MH/ID Office.

(2) It may be provided indirectly by purchasing the education/training service from another individual or agency vendor.

(3) The education/training program may be provided indirectly by paying on a fee-for-service basis the charges incurred by a service recipient's participation in a family education/training program approved, but not sponsored directly, by the County MH/ID Office.

(d) FRS funds may be used to pay for education/training programs designed for families who have family members with an intellectual disability within the home as well as individuals with an intellectual disability who are parents. FRS funds may not be used to pay for inservice or staff training programs. Other resources should be utilized for those programs.

(e) FRS funds should be used for family education/training programs when all other applicable funding sources have been eliminated.

§ 6350.26. Recreation/leisure-time activities.

(a) Recreation programs should allow the individual with an intellectual disability to experience regular community leisure-time activities, increase his ability to participate in these activities independently, and enhance his physical or psycho-social development, or both.

(b) It is important that the individual with an intellectual disability is given every opportunity to interact with nonrelated people in the mainstream of activity within the community. The following eligible situations are listed in order of priority and should be considered when funding recreation programs through the Family Resource Services (FRS) Program:

(1) The individual with an intellectual disability is integrated into regular community facilities and programs, that is, the individual with an intellectual disability participates in a regular program designed for individuals without an intellectual disability.

(2) The individual with an intellectual disability is in a segregated program but in existing community facilities intended for the general population and where individuals without an intellectual disability are recreating at the same time, such as, a summer recreation program designed specifically for a group of individuals with an intellectual disability which takes place on a community playground where individuals without an intellectual disability are also recreating.

(3) The individual with an intellectual disability is in segregated programs in existing community facilities intended for the general population but regular recreation programs are not scheduled at the same time, such as, a scout troop with membership limited to individuals with an intellectual disability may hold its functions in a community facility during times when individuals without an intellectual disability are not scheduled to participate in programs at the facility.

(4) Special facilities and programs within the community serving only individuals with disabilities are used for recreation purposes, such as, a sheltered workshop which operates an evening recreation program.

(5) Segregated recreation programs are provided in isolated areas outside of the community which do not allow any socially integrative opportunities, such as, recreation programs designed for individuals with an intellectual disability living within the community which take place on State center grounds.

(c) The County Mental Health/Intellectual Disability (MH/ID) Office may arrange for or provide recreation services/opportunities which may be funded through the FRS Program preferably on a fee-for-service basis:

(1) Existing community recreation services should be utilized whenever they are available, such as, YMCA, municipal recreation programs, community parks and pools, and the like.

(2) Private agencies or organizations that serve only individuals with a disability, such as United Cerebral Palsy, The Arc, Easter Seal, and the like, should operate FRS funded programs only when alternatives are not and cannot be readily available.

(3) The charges for these services/opportunities should generally be based upon the number of persons served in the recreational program and shall include the cost of facilities, equipment, supplies, and staff; however, to assure maximum benefit for the individual service recipient, blanket program funding allocated to agencies or

organizations for the provision of recreational services/opportunities must be considered the exception rather than the rule.

(d) Recreation programs should be ancillary to day programs which operate daily during the week.

(1) Evening programs which operate during the week, Monday through Friday.

(2) Day or evening programs which operate on Saturdays and Sundays.

(3) Day recreational services/opportunities may be provided for adults with an intellectual disability who are currently unemployed. This provision must be secondary to full day programming.

(4) Day or evening recreational services/opportunities may be provided during periods of time in which the individual with an intellectual disability is on vacation from employment or school.

(e) Programs must be recreational in nature. They should not take the place of educational programs but may substitute for family aid services.

(f) Recreational programs should encourage skill development, be designed to meet the socio-recreative needs of the individual, and be normal leisure-time activities, such as, bowling, swimming, dancing, camping.

(g) Each recreational program must be approved by the County MH/ID Office as being therapeutic for the service recipient.

(h) Whenever possible, the participants should assist in deciding on particular activities within the program. Services/opportunities designed for adults must provide for client involvement in the selection of activities.

(i) FRS funded recreation programs may not be a part of a regular day program. A portion of a day program—day care or vocational—may not be paid for with FRS recreation funds even though part of the day program provides recreational opportunities.

(j) FRS funds may be used for individual activities as well as for group recreation programs.

(k) Rationale for the use of FRS funds to pay for the service recipient's participation in individual or group recreational programs, or both, must be consistent with the overall FRS Program philosophy.

(l) The participation of service recipients in FRS funded individual or group recreation programs must be approved by the County MH/ID Office as being therapeutic for the individual service recipient.

(m) "Therapeutic" is defined here as that which is designed to meet the specific socio-recreative needs of the individual service recipient in the context of socially acceptable norms.

§ 6350.27. Special innovative services.

It is recognized that there may be instances in which a given County MH/ID Office may discover an unmet need for the provision of a new, innovative service/opportunity for individuals with an intellectual disability living in a community setting or for families who have a family member with an intellectual disability living within the home, and such a service/opportunity may not be specifically defined in this chapter. Such services/opportunities may only be funded through the Family Resources Services (FRS) Program if they meet the following criteria:

(1) The new, innovative program must conform to and be consistent with the definition and intent of the FRS Program.

(2) The new, innovative program must not contain provisions which are contradictory to any of the provisions specified in the existing FRS Program service areas as defined in this chapter.

(3) All services/opportunities considered for FRS funding under this category must have written approval by the appropriate Department's DHS regional office prior to implementation.

(4) The expenditures for all services/opportunities funded under this category by a given County MH/ID Office may not exceed 10% of the total FRS annual allocation for the County MH/ID Office.
