READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT

[204 PA. CODE CH. 82]

Proposed Amendment to the Pennsylvania Rules for Continuing Legal Education for Emeritus Status License

Notice is hereby given that the Pennsylvania Continuing Legal Education Board is considering a recommendation to the Pennsylvania Supreme Court to amend Rule 105 of the Pennsylvania Rules for Continuing Legal Education (“Pa.R.C.L.E”) regarding a proposed *Emeritus* status lawyer license. Additions to the text of the rule are shown in bold in Annex A.

In August of 2015, the Supreme Court of Pennsylvania requested that the Continuing Legal Education and Disciplinary Boards review proposals from the Pennsylvania, Allegheny County and Philadelphia Bar Associations amend rules for purposes of creating a limited license for attorneys to provide pro bono services to low-income Pennsylvanians. The Boards collaborated to review the proposals and develop a framework for an *Emeritus* license program. The Board’s shared the proposal for the *Emeritus* program with the Bar Associations and collected input. Based on the input received, the Boards updated the proposal and submitted it to the Supreme Court. The Court has asked the Boards to publish the proposed rules for comment.

The proposed amendment acknowledges continuing legal education requirements for lawyers who possess an *Emeritus* status law license (per proposed Rule 403 of the Pennsylvania Rules of Disciplinary Enforcement (“Pa.R.D.E.”). We note that the Disciplinary Board is issuing a Notice of Proposed Rulemaking on this same date with the same comment deadline.

If approved, the newly proposed *Emeritus* status will create an option for retired lawyers to hold a limited license for the purpose of proving *pro bono* representation through qualified legal service organizations.

Earlier this year, the Legislative Budget and Finance Committee reported that funding sources to civil legal aid have generally been stagnant or have declined since 2011. Additionally, according to the Pennsylvania Legal Aid Network, the 75,000 cases handled or referred annually by PLAN represent only about 20 percent of the need.

Support for legal aid can come in many different forms. This proposed amendment to the Continuing Legal Education rules will create another support mechanism to help those in need by expanding the availability of highly qualified *pro bono* lawyers.

Interested persons are invited to submit written comments regarding the proposed amendments to the Pennsylvania Continuing Legal Education Board no later than August 23, 2017. Comments may be submitted to Penn-

sylvaniana Judicial Center, 601 Commonwealth Avenue, Suite 3400, P.O. Box 62495, Harrisburg, PA 17106-2495, or via email to kbuggy@pacle.org.

PART V. PROFESSIONAL ETHICS AND CONDUCT
[204 PA. CODE CH. 83]

Proposed Amendments to the Pennsylvania Rules of Disciplinary Enforcement Creating an Emeritus Status for Pro Bono Legal Representation

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Supreme Court of Pennsylvania that it adopt new Rule 403 of the Pennsylvania Rules of Disciplinary Enforcement (“Pa.R.D.E.”) creating an emeritus status for attorneys who retire from the practice of law and seek to provide pro bono services to legal aid organizations, as set forth in Annex A.

By way of background, in August 2015, the Supreme Court of Pennsylvania requested that the Disciplinary Board and the Continuing Legal Education Board (“the Boards”) review a proposal of the Pennsylvania, Allegheny County and Philadelphia Bar Associations to amend the rules to permit retired and inactive attorneys to provide pro bono services to low-income Pennsylvanians. Between August 2015 and August 2016, the Boards met separately and jointly to analyze the proposal and materials provided by the bar associations, to determine how best to construct an emeritus program, and to develop a framework of rules. In August 2016, the Boards sent an emeritus program proposal to the bar associations and requested input. Following revisions to the proposal based on this input, in December 2016, the Boards sent the proposal to the Supreme Court. By letter dated December 30, 2016, the Court asked the Boards to publish proposed rules for comment.

Emeritus programs create a pool of qualified volunteer attorneys to provide services to those in need. Emeritus attorneys perform valuable roles in the community by bolstering legal aid and other nonprofit programs to help close the gap between the need for and the availability of free legal services. Currently, thirty-eight jurisdictions have emeritus programs in place. A review of these programs reveals that there is a great degree of variability in how states design their rules. The Boards’ primary goal in establishing an emeritus program in Pennsylvania is to balance encouraging pro bono work with protecting citizens of the Commonwealth.

Proposed Pa.R.D.E. 403 creates an emeritus status for pro bono legal representation. The proposed rule addresses qualifications, application procedure, transfer to emeritus status, limitation on practice, eligible legal aid organizations, renewal of emeritus status and continuing legal education requirements.

In order to transfer to emeritus status pursuant to proposed section (a), an attorney must be on retired status. In devising the specifics of the emeritus rule, the Boards are mindful that the original, national focus for this type of program was to address shortfalls in legal services to the poor by tapping into the services of senior attorneys no longer practicing law to perform pro bono work.¹ This focus, in conjunction with the Boards’ responsibility to protect the public, the courts, and the integrity of the legal profession, informed the Boards’ decision to limit the scope of the proposed emeritus program to retired attorneys.² The Boards are cognizant that this

limitation reduces the pool of candidates; however, unlike other states, the Boards are not proposing age or length of practice restrictions,³ so that a retired attorney, regardless of age or number of years practicing prior to retirement, is eligible to pursue emeritus status.

The application requirements are set forth in proposed section (b). Proposed subsections (1), (2), and (3) request various pieces of personal information about the attorney, a list of all courts outside of the Commonwealth and jurisdictions in which the attorney has been licensed, along with the current status thereof, and prior discipline in other jurisdictions.

The retired attorney must complete twelve hours of continuing legal education within one year prior to the application date as a prerequisite to transferring to emeritus status, pursuant to proposed subsection (b)(4). Although the Boards recognize that the continuing legal education prerequisite may present a disincentive to participation, emeritus attorneys will be practicing law similar to active status attorneys; therefore, the Boards concluded that this prerequisite is necessary to ensure the competence of emeritus attorneys, some of whom may have been on retired status for a number of years and thus, not required to maintain knowledge of the law. We further note that this is a reduction of the continuing legal education prerequisite of thirty-six hours required for attorney reinstatement to active status from other statuses. *See*, Disciplinary Board Rule § 89.279(a); 47 Pa.B. 311 (Jan. 21, 2017).

The emeritus applicant must verify that he or she is authorized solely to provide pro bono services, is not permitted to handle client funds, and is not permitted to ask for or receive compensation, pursuant to proposed subsections (b)(5), (6), and (7).

Proposed subsection (b)(8) requires the attorney, at the time of application, to pay a registration fee of \$35, an amount less than the current \$225 for active attorneys and \$100 for inactive attorneys. The Boards concluded that a *de minimus* fee is necessary in light of the administrative duties involved with registration of emeritus attorneys. At least sixteen jurisdictions require emeritus attorneys to pay a full or reduced attorney registration fee.⁴

Once the application is approved and the attorney is transferred to emeritus status, the attorney will be eligible to provide pro bono services only through an eligible legal aid organization. The vast majority of jurisdictions have similar requirements.⁵ Proposed sections (c) and (d) address transfer to emeritus status and limitation of practice. An “eligible legal aid organization” is defined in proposed section (e) as a not-for-profit organization that provides legal services.

Thereafter, pursuant to proposed section (f), in order to commence working for a legal aid organization, the emeritus attorney is required to submit an eligible legal aid organization form to the Secretary of the Disciplinary Board for approval of each organization for which the attorney expects to perform pro bono services. An emeritus attorney is able to volunteer with multiple legal aid organizations, as long as the attorney files the legal aid

forms. Among other pieces of information, the form requests a description of the legal services performed by the organization and the nature of the duties expected to be performed by the emeritus attorney. The supervising attorney of the organization must verify that the organization has malpractice insurance to cover the emeritus attorney and that the organization will provide training and support to the emeritus attorney. These criteria help to ensure the protection of the public.

An emeritus attorney may renew the status on an annual basis between January 1 and January 31 of each year. Proposed subsection (g)(2) sets forth the procedure for renewal. Subsection (g)(3) informs emeritus attorneys that failure to file the annual fee form and pay the annual fee by January 31 shall result in the emeritus attorney's transfer to retired status. There will be no assessment of late fees for failure to renew at the designated time. A transfer back to retired status will require the attorney to begin the emeritus process anew if emeritus status is desired.

Proposed section (h) informs emeritus attorneys that they are subject to annual continuing legal education requirements, pursuant to the Pennsylvania Rules of Continuing Legal Education. We note that the Continuing Legal Education Board is issuing its own Notice of Proposed Rulemaking on this same date with the same deadline for comments.

Interested persons are invited to submit written comments by mail or facsimile regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, 601 Commonwealth Avenue, Suite 5600, PO Box 62625, Harrisburg, PA 17106-2625, Facsimile number (717-231-3382), Email address Dboard.comments@pacourts.us on or before August 24, 2017.

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Proposed Amendments to the Pennsylvania Rules of Disciplinary Enforcement Regarding Approval and Termination of Eligible Institutions

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Supreme Court of Pennsylvania that it adopt amendments to Pennsylvania Rule of Disciplinary Enforcement ("Pa.R.D.E.") 221, governing the approval and termination of eligible institutions as depositories for trust accounts, as set forth in Annex A.

Pursuant to Pa.R.D.E. 221(h), a financial institution will be approved as an eligible institution for attorney trust accounts, which includes IOLTA trust accounts, if it is in compliance with Rule 1.15 of the Pennsylvania Rules of Professional Conduct ("RPC") and regulations of the IOLTA Board ("IOLTA"), and files with the Disciplinary Board an agreement to report to the Pennsylvania Lawyers Fund for Client Security Board ("Fund") whenever an attorney's trust account has insufficient funds. A failure on the part of an eligible institution to make the

report required in paragraph (h) may be cause for termination of the approval, pursuant to Pa.R.D.E. 221(k).

A financial institution must be in compliance with IOLTA regulations in order to be approved as an eligible institution; however, once approved, a failure to comply with such regulations does not result in consequences to the eligible institution. The only cause for termination under Rule 221(k) is for failing to make the report to the Fund of any dishonored payments.

IOLTA seeks modifications to the Enforcement Rules to enhance its authority over eligible institutions. By way of background, IOLTA has implemented a financial institution compliance program to monitor adherence to the interest rate comparability and account reporting requirements outlined in RPC 1.15(o) and the implementing IOLTA regulations at 204 Pa. Code §§ 81-101—81.113. IOLTA has advised the Disciplinary Board ("Board") that when institutions withhold interest remittances and account reports for significant periods, IOLTA works with the institutions to resolve such issues. IOLTA reports that in many of these cases, the eligible institutions take prompt steps to resolve back interest amounts or problems with account reports; however, in some cases these issues require extensive and prolonged negotiation. IOLTA has advised the Board that its lack of enforcement power under the rules has hampered its ability to swiftly resolve these issues with eligible institutions, as there are no consequences for the institutions' noncompliance with IOLTA regulations. According to IOLTA, the lengthy delays that occur during the negotiation process with recalcitrant institutions impact IOLTA's ability to: forecast revenue available for legal aid grants; answer questions from attorneys regarding account activity; and, provide information requested by Office of Disciplinary Counsel.

Two amendments are proposed in order to give IOLTA heightened power to address situations where eligible institutions fail to comply with IOLTA regulations. Paragraph (h) adds new language which would require eligible institutions to commit to complying with the Fund and IOLTA responsibilities in the form submitted to the Disciplinary Board, in contrast to the current requirement that the form only contain responsibilities to the Fund. This language more clearly defines the institution's obligations at the inception of participation in the IOLTA program.

Proposed language in paragraph (k) provides that failure by the institution to comply with IOLTA regulations is a basis for termination of the eligible institution's approval by the Court. Again, the intent of the proposed language is to clearly set forth the consequences for an eligible institution's failure to meet its obligations to the Fund and to IOLTA.

Interested persons are invited to submit written comments by mail or facsimile regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, 601 Commonwealth Avenue, Suite 5600, PO Box 62625, Harrisburg, PA 17106-2625, Facsimile number (717-231-3382), Email address Dboard.comments@pacourts.us on or before July 31, 2017.

Title 225—RULES OF EVIDENCE

[225 PA. CODE ART. IX]

Order Approving the Revision of the Comment to Rule of Evidence 902; No. 741 Supreme Court Rules Doc.

Order

Per Curiam

And Now, this 12th day of June, 2017, upon the recommendation of the Committee on Rules of Evidence; the proposal having been published for public comment at 46 Pa.B. 3793 (July 16, 2016):

It is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the Comment to Pennsylvania Rule of Evidence 902 is revised in the following form.

This Order shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective November 1, 2017.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE IX. AUTHENTICATION AND IDENTIFICATION

Rule 902. Evidence That is Self-Authenticating.

* * * * *

Comment

* * * * *

Pa.R.E. 902(1), (2), (3) and (4) deal with self-authentication of various kinds of public documents and records. They are identical to F.R.E. 902(1), (2), (3) and (4), except that Pa.R.E. 901(4) eliminates the reference to Federal law. These paragraphs are consistent with Pennsylvania statutory law. *See, e.g.* 42 Pa.C.S. § 6103 (official records within the Commonwealth); 42 Pa.C.S. § 5328 (domestic records outside the Commonwealth and foreign records); 35 P.S. § 450.810 (vital statistics); 42 Pa.C.S. § 6106 (documents filed in a public office).

The admission of a self-authenticating record of a prior conviction also requires sufficient evidence, either direct or circumstantial, to prove that the subject of the record is the same person for whom the record is offered in a proceeding. *See, e.g., Commonwealth v. Boyd*, 344 A.2d 864 (Pa. 1975).

Pa.R.E. 902(5), (6) and (7) are identical to F.R.E. 902(5), (6) and (7). There are no corresponding statutory provisions in Pennsylvania; however, 45 Pa.C.S. § 506 (judicial notice of the contents of the *Pennsylvania Code* and the *Pennsylvania Bulletin*) is similar to Pa.R.E. 902(5).

Pa.R.E. 902(8) is identical to F.R.E. 902(8). It is consistent with Pennsylvania law. *See Sheaffer v. Baeringer*, [346 Pa. 32,] 29 A.2d 697 (Pa. 1943); *Williamson v. Barrett*, [147 Pa. Super. 460,] 24 A.2d 546 (Pa. Super. 1942); 21 P.S. §§ 291.1—291.13 (Uniform Acknowledgement Act); [57 P.S. §§ 147—169 (Notary Public Law)] 57 Pa.C.S. §§ 301—331 (Revised Uniform Law on Notarial Acts). An acknowledged document is a type of official record and the treatment of acknowledged documents is consistent with Pa.R.E. 902(1), (2), (3), and (4).

Revision of Comment to Pa.R.E. 902

On June 12, 2017, effective November 1, 2017, upon recommendation of the Committee on Rules of Evidence,

¹ The Committee's Final Report should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

the Court ordered the revision of the Comment to Pa.R.E. 902. The purpose of this revision is to alert readers that certain self-authenticating records may also require proof of identification. Under the Rules of Evidence, certificates evidencing a prior criminal record are self-authenticating under Pa.R.E. 902(4). *See also* 42 Pa.C.S. § 5328, 42 Pa.C.S. § 6103, and 75 Pa.C.S. § 6501. However, self-authenticating certificates fulfill only part of the requirement for proving a prior criminal conviction. Under case law, the proponent has the burden of proving: 1) a prior conviction is authentic (*i.e.*, with a self-authenticating certificate); and 2) the person against whom it is sought to be admitted is the same person reflected on the certificate. *Commonwealth v. Boyd*, 344 A.2d 864 (Pa. 1975).

RULES AND REGULATIONS

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF CHIROPRACTIC [49 PA. CODE CH. 5]

Radiological Procedures Examination

The State Board of Chiropractic (Board) amends §§ 5.6 and 5.63 (relating to fees; and application for examination) to read as set forth in Annex A.

Effective Date

This final-form rulemaking is effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

This final-form rulemaking is authorized under section 302(3) of the Chiropractic Practice Act (act) (63 P.S. § 625.302(3)).

Description and Need for this Rulemaking

Section 522(a) of the act (63 P.S. § 625.522(a)) prohibits auxiliary personnel from performing radiologic procedures on the premises of a chiropractor unless the person: (1) is under the direct supervision of a chiropractor who is on the premises; and (2) has passed an examination approved by the Board and administered by a third-party testing service. To implement section 522(a) of the act, the Board adopted Subchapter F (relating to performance of radiological procedures by auxiliary personnel). Under § 5.62 (relating to auxiliary personnel who may perform radiological procedures), the Board provides that auxiliary personnel who have passed an examination in radiological procedures approved by the Board, the State Board of Medicine or the State Board of Osteopathic Medicine, or an examination in radiography of the American Registry of Radiologic Technologists or the American Chiropractic Registry of Radiologic Technologists (ACRRT) may apply ionizing radiation to patients for diagnostic purposes on the premises of a licensed chiropractor. Under former § 5.63, the Board provided that auxiliary personnel applying for the examination applied to the Board on Board forms and pay the fee set by the Board. The fee for the radiological procedures examination is specified in § 5.6.

Under the Department's current agreement with ACRRT, a candidate for the examination is expected to apply directly to the testing service and pay directly to the testing service the fee set by that testing service. This practice is standard for examinations required by the Bureau of Professional and Occupational Affairs that are developed and administered by National organizations. Consistent with this practice, in 1997 the Board amended § 5.6 to delete the fee for the National Board Examination of the National Board of Chiropractic Examiners (NBCE) (the examination required to be licensed to practice chiropractic) and amended § 5.15 (relating to licensure examinations) to require that candidates for licensure to practice chiropractic apply directly to NBCE and pay NBCE the required fee to sit for its examination. Upon recent notice from ACRRT of its current fee, the Board realized that its regulations for the radiological

procedures examination had not been similarly updated.

Therefore, the Board is amending § 5.6 to delete the fee for the radiological procedures examination. It is also amending § 5.63 to delete reference to the application forms and to require auxiliary personnel to submit applications and pay the fee directly to the testing service rather than applying to the Board.

Amendment Referendum of the Pennsylvania Potato Research Program

Under the applicable provisions of 3 Pa.C.S. §§ 4501—4513 (relating to Agricultural Commodities Marketing Act), an amendment referendum was held from April 24 to May 9, 2017, to determine if the producers affected by the Pennsylvania Potato Research Program (Program) assented to amend the Program as described in the Referendum Order published at 47 Pa.B. 2444 (April 29, 2017). A teller committee met on May 15, 2017, to count the ballots. The results were as follows: a total of 31 eligible votes were cast with 24 producers voting in favor of and 7 producers voting against the amendment. An additional four ballots were ineligible because they did not meet the requirements of a potato producer. Additionally, eligible producers voting in favor of the Program amendment represented 77% of the votes and 81% of production acreage. Producers voting against the proposed amendment represented 23% of the votes and 19% of production acreage. In accordance with the foregoing, the Program Order is amended as proposed in the Referendum Order published at 47 Pa.B. 2444 and shall become effective 21 days from publication of the notice of issuance in accordance with 3 Pa.C.S. § 4509 (relating to notice of issuance).

In addition, the permit contains the following major special conditions:

- No Stormwater in Sewers
- Obtain Necessary Property Rights
- Proper Sludge Disposal
- Chlorine Minimization
- Small Stream Discharge
- Notification of Responsible Owner
- Fecal Coliform Reporting
- POTW Pretreatment Program Implementation
- Whole Effluent Toxicity (WET)
- Requirements Applicable to Stormwater Outfalls
- Site-Specific Copper Criteria

The copper limits contained in this permit are based on site-specific copper criteria recommended in a Determination of Copper Water Effect Ratio (WER) for West Branch Neshaminy Creek and Hatfield Township Municipal Authority (HTMA) (Tetra Tech, Inc., October 14, 2013). Effluent and stream samples were obtained in August and September, 2013, under low flow conditions in the receiving water. Whole Effluent Toxicity (WET) testing was conducted on these samples following EPA's streamlined procedure for evaluating the WER for copper. The study results yielded WERs of 6.2 (dissolved copper) and 6.0 (total recoverable copper). Applying the total recoverable WER, the site-specific water quality criteria for copper are 132.0 ul/l (acute) and 84.3 ug/l (chronic).

PA0270750, Pesticides, SIC Code 0782, **PA DCNR Bureau of State Parks**, PO Box 8551, Harrisburg, PA 17105-8551.

Description of Existing Activity: The application is for a renewal of an NPDES permit coverage for discharges associated with the application of pesticides to control weeds and algae in high recreational areas of all the lakes associated with Pennsylvania State Parks Statewide. Bureau of State Parks only treats high-use recreation areas and dense non-native and invasive species vegetation areas as necessary to ensuring the availability of all State parks lake for recreational use.

Applicators are required to follow product labeling instructions of pesticides, which may include provisions to reduce application doses and notify public water suppliers in the event applications are conducted near public water supply intakes. Certain pesticides require a shutdown of the public water supply intake for 48 hours if applied within 1/2 mile from any active drinking water supply intake. Applicators are required to coordinate with the operators of such drinking water treatment plants prior to treatment to avoid any shortages. Generally, the discharges associated with the pesticide applications are not expected to affect public water supplies.

PA DEP has made a tentative determination to renew the NPDES permit subject to the terms and conditions of the permit. An anti-degradation analysis has been completed to document that pesticide application activities in High Quality (HQ) or Exceptional Value (EV) lakes will be conducted in a manner that minimizes adverse environmental effects. The proposed permit contains conditions that require implementation of Pest Management Measures, Recordkeeping and Annual Reporting Requirements, Corrective Action Documentation and Reporting, and a Pesticides Discharge Management Plan.

You may make an appointment to review the DEP files on this case by calling Bureau of Clean Water at 717-787-5017. You may submit written comments on the application and draft permit within 30 days to the address above. After the 30-day comment period, PA DEP will make a final determination on the issuance of the permit.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a

proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

36-05081B: Lancaster County Solid Waste Management Authority (1299 Harrisburg Pike, Lancaster, PA 17604) for the construction of a vertical expansion to the existing Frey Farm Landfill site located at the Creswell-Frey Farm Landfill in Manor Township, **Lancaster County**. The existing facility is a Title V facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. The vertical expansion will increase the Landfill's overall capacity by approximately 6.4 million cubic yards and will have the potential to increase emissions of Nitrogen Oxides (NO_x) emissions to 21.9 tpy, CO emissions to 44.0 tpy, PM₁₀ emission to 32.7 tpy, SO_x emission to 3.4 tpy, NMOC emissions to 27.7 tpy, VOC emissions to 22.2 tpy, and HAP emissions to 3.5 tpy. The plan approval will include visible emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 60 Subpart WWW—Standards of Performance for Municipal Solid Waste Landfills and 40 CFR Part 63, Subpart AAAA—National Emission Standards for Hazardous Air Pollutants: Municipal Solid Waste Landfills.

06-05002O: Lehigh Cement Company, LLC (537 Evansville Road, Fleetwood, PA 19522-8541) for the replacement of the existing fuel burner pipes at their facility in Maiden creek Township, **Berks County**. Plan Approval No. 06-05002O is for the replacement of the existing fuel burner pipes in each of the two (2) long, dry Portland cement kilns (Source IDs 121 & 122) with a consolidated multi-fuel burner pipe system. Emissions are not expected to change as the result of this project since the physical change will not increase the clinker production capacity of either kiln. The plan approval will contain emission limits, monitoring, recordkeeping & work practice standards designed to keep the facility operating within all applicable air quality requirements. Among other items, the conditions include provisions derived from 25 Pa. Code § 127.218, 40 CFR 63, Subpart LLL—National Emission Standards for Hazardous Air Pollutants from the Portland Cement Manufacturing Industry. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and 127.12. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an operating permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

The facility's major emission points boilers, incinerators, power generation equipment, support equipment for R & D, and pharmaceutical manufacturing processes, which emit major levels of nitrogen oxides (NO_x), Sulfur oxides (SO_x), volatile organic compounds (VOCs), particulate matter (PM), and PM₁₀. All new and revised regulatory changes have been addressed in this renewal. The renewed Title V operating permit will contain sufficient monitoring, recordkeeping, reporting and work practice standards to keep the facility operating within all applicable air quality requirements.

46-00267: GlaxoSmithKline, LLC (1000 Black Rock Road Collegeville, PA 19426) for renewal of the State Only Operating Permit for eight generator engines at its Data Centre located in Upper Providence Township, **Montgomery County**. The engines are permitted for emergency power generation, peak shaving and curtailment programs. They are subject to 40 CFR Part 60 Subpart IIII, Standards of Performance for Stationary Compression Ignition (CI) Internal Combustion Engines and 40 CFR Part 63 Subpart ZZZZ, the National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines. With the renewal, there are no new regulations that the facility has become subject to. The facility is limited to emissions of the following pollutants in tons per 12-month rolling period: 22.8 nitrogen oxides (NO_x), 1.57 volatile organic compounds (VOC), 4.46 carbon monoxide (CO), and 0.25 particulate matter (PM). With the renewal, emission limits and testing for formaldehyde were removed. MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street,

Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
 PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection

of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

DEPARTMENT OF HUMAN SERVICES

Payment for Nursing Facility Services Provided by Nonpublic Nursing Facilities; Notice of Change in Methods and Standards of Setting Payment Rates; Budget Adjustment Factor

The Department of Human Services (Department) is announcing its intent to amend the Commonwealth's Title XIX State Plan to update the Medical Assistance (MA) payment methodology and standards for payment of MA nursing facility services in Fiscal Years (FY) 2017-2018 and 2018-2019 to authorize the continued use of a budget adjustment factor (BAF) in setting payment rates for nursing facility services.

Background

Since 1996, the Department has used a case-mix prospective payment methodology to set per diem rate payments for MA nursing facility providers. One of the reasons the Department adopted this payment methodology was that the prior retrospective cost-based payment system had proven to be "highly inflationary" and change was necessary to curb an "explosive growth of nursing facility expenditures." See 25 Pa.B. 4477 (October 14, 1995). In 2006, the Department noted that "since the case-mix payment system was implemented in 1996, MA nursing facility payment rates have risen more than 56% and, since 2000, have increased by 27.4% overall. During this same period, expenditures for MA nursing facility services have grown to nearly \$3 billion and expenditures for MA services to the elderly and [people with disabilities] now consume approximately 70% of the \$14 billion MA Program budget." See 36 Pa.B. 3207 (June 24, 2006).

Realizing that the MA Program could not continue to sustain the pace at which long-term care expenditures were growing, the Department amended the Commonwealth's Title XIX State Plan and issued regulations changing the case-mix payment methodology effective July 1, 2005, to include use of a BAF in annual rate-setting. See 35 Pa.B. 6232 (November 12, 2005). Application of a BAF was continued in 2007, 2008, 2011, 2013 and again in 2016. See the act of June 30, 2007 (P.L. 49, No. 16), the act of July 4, 2008 (P.L. 557, No. 44), the act of June 30, 2011 (P.L. 89, No. 22), the act of July 9, 2013 (P.L. 369, No. 55) and the act of July 8, 2016 (P.L. 480, No. 76). The BAF limits the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities in effect for the fiscal year to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal years.

Since the implementation of the BAF, case-mix per diem rates have increased on an annual average basis by \$2.87 per day and in the aggregate by 20.75% overall from FY 2004-2005 through estimated payment rates for FY 2016-2017. In contrast, had the BAF not been used, rates would have increased on an annual average basis by \$5.85 per day and overall by 42.27%, well in excess of either the Consumer Price Index or the Centers for Medicare & Medicaid Services' (CMS) Nursing Home without Capital Market Basket Index.

Under section 443.1(7)(iv) of the Human Services Code (62 P.S. § 443.1(7)(iv)), the current statutory provision requiring the application of the BAF expires June 30, 2019. Use of a BAF in FYs 2017-2018 and 2018-2019 is subject to CMS approval. The BAF has assured, and will continue to assure, that payments to nursing facilities under the MA Program are consistent with efficiency and economy.

Further, during the past 12 fiscal years the BAF has been in place, the Department has not uncovered any evidence that the quality of care in this Commonwealth's MA nursing facilities has been adversely impacted by use of the BAF. To the contrary, MA nursing facility providers continue to deliver a high quality of care. The Department does not expect the quality of care to decline in FYs 2017-2018 and 2018-2019, and will continue enforcement and monitoring activities to ensure that is the case.

In addition, although the BAF has served to moderate the overall aggregate increases in case-mix per diem rates, the adjusted case-mix per diem rate payments, together with the other supplemental payments to nursing facilities authorized under the Commonwealth's approved State Plan, have been and will continue to be sufficient to assure that MA recipients have access to medically necessary nursing facility services. The vast majority of licensed nursing facilities in this Commonwealth participate as providers in the MA Program, and the MA Program pays for more days of nursing facility care than all other payors combined. The Department does not expect this to change in FYs 2017-2018 and 2018-2019.

In short, use of the BAF has served to conserve taxpayer funds while assuring, and continuing to assure, that payments to nursing facilities under the MA Program are consistent with efficiency and economy and at the same time sufficient to assure access to quality care.

Proposed BAF Methodology for FYs 2017-2018 and 2018-2019

The Department intends to submit a State Plan Amendment (SPA) to CMS to continue use of the BAF. Under the proposed SPA, the Department will apply a BAF and make adjustments to nonpublic nursing facility payment rates in FYs 2017-2018 and 2018-2019. As in prior years, the BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year.

Nonpublic Nursing Facilities

From July 1, 2005, through June 30, 2011, the Department calculated one BAF each rate-setting year, and applied that BAF to the nursing facility payment rates in effect for the rate-setting year. For FY 2011-2012, the nursing facility industry requested and the Department responded by calculating a BAF each quarter of the fiscal year for nonpublic nursing facilities instead of calculating one BAF for the fiscal year. For FYs 2012-2013 through 2016-2017, the Department returned to formulas similar to the formula used in FYs 2009-2010 and 2010-2011 which allowed for an adjustment in the fourth quarter if certain conditions were met. See 39 Pa.B. 4958 (August 15, 2009). The Department is proposing to calculate a quarterly BAF in FYs 2017-2018 and 2018-2019 for nonpublic nursing facilities using a formula similar to the formula used in FY 2011-2012. Since nursing facilities will be phased into managed care in three phases accord-

ing to geographic location beginning January 1, 2018, a quarterly BAF allows for a more uniform Statewide average rate than the previous formula using the one BAF for the first three quarters of the fiscal year and then making an adjustment in the fourth quarter. That formula is as follows.

Nonpublic Nursing Facilities' BAF Determination

Quarterly BAF Formula—Prior to establishing the MA nonpublic nursing facility quarterly rates for the 2017-2018 and 2018-2019 rate years, the Department will use the following formula to determine the Quarterly BAF:

Annual target rate divided by the weighted average quarterly rate at 100% equals the Quarterly BAF.

If the Quarterly BAF as calculated is greater than 1.0, the Quarterly BAF will equal 1.0.

Terms Related to the BAF Determination

The following words and terms, when used in the 2017-2018 and 2018-2019 BAF determinations, have the following meaning, unless the context clearly indicates otherwise:

Annual target rate—The base rate multiplied by one plus the percentage rate of change permitted by the funds appropriated by the General Appropriations Act for the applicable rate year.

Base days—The source of days for the day-weighted calculation used in determining the base rate and the weighted-average quarterly rates at 100%. The base days are the sum of each nonpublic nursing facility's paid facility days, therapeutic leave days and 1/3 of the hospital bed reserve days for dates of service for the quarter beginning 6 months prior to the quarterly rate for which the BAF is being calculated.

Base rate—The base rate is the prior year's annual target rate.

Quarterly BAF—The BAF applied to each nonpublic nursing facility's quarterly rate, as calculated for the quarter.

Weighted-average quarterly rate at 100%—The Statewide day-weighted average of the nonpublic nursing facilities' quarterly rates, as applicable, determined in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services), calculated using base days, prior to application of a BAF.

Use of the calculation previously described is contingent upon the approval by CMS of the SPA.

Fiscal Impact

No fiscal impact is anticipated as a result of these changes through June 30, 2019. The amount of funding available for this program is dependent upon the funds appropriated by the General Assembly in the forthcoming fiscal years. Therefore, until a budget bill is passed and enacted, any estimated fiscal impact associated with this notice is based on the funding levels in the General Appropriation Act of 2016.

Public Comment

Interested persons are invited to submit written comments regarding the BAF formula to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments received within 30 days will be reviewed and considered.

Payments to Nonpublic and County Nursing Facilities; Proposed Rates for State Fiscal Year 2017-2018

This notice announces the Department of Human Services (Department) proposed annual case-mix per diem payment rates for State Fiscal Year (FY) 2017-2018 for nonpublic and county nursing facilities that participate in the Medical Assistance (MA) Program.

Nonpublic Nursing Facility Per Diem Rates

As required by the case-mix payment methodology in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department intends to set an annual MA per diem rate for each nonpublic nursing facility provider. Each facility's annual per diem rate will have four components: resident care; other resident related; administrative; and capital. For each quarter of FY 2017-2018, the Department will adjust the resident care component of each facility's rate by multiplying the resident care component by the facility's MA case-mix index (CMI) for the appropriate picture date.

In addition, as required by section 443.1(7)(iv) of the Human Services Code (62 P.S. § 443.1(7)(iv)), regarding MA payments for institutional care, the Department intends to adjust each facility's CMI-adjusted quarterly rate by multiplying the rate by a budget adjustment factor (BAF). The Department will submit a State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS) to include the BAF formula which the Department will use in FY 2017-2018.

A detailed description of the BAF formula for FY 2017-2018 is in the "Payment for Nursing Facility Services Provided by Nonpublic Nursing Facilities; Notice of Change in Methods and Standards of Setting Payment Rates; Budget Adjustment Factor" notice published at 47 Pa.B. 3562 (June 24, 2017). Under the proposed formula, the BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year.¹ However, instead of calculating a base BAF for the July, October and January rate quarters and an April BAF, a BAF will be calculated each quarter of FY 2017-2018 for nonpublic nursing facilities.

Finally, in calculating the proposed rates, the Department assumed that the General Appropriation Act of 2017 will include the same level of funding that was in the

¹ The Department will finalize the BAF once the General Assembly has enacted a General Appropriations Act for FY 2017-2018 and will include the BAF in the Department's notice announcing final MA nursing facility payment rates for the rate-setting year.

General Appropriation Act of 2016 and that CMS will approve the SPA including the BAF formula for nonpublic nursing facilities.

County Nursing Facility Per Diem Rates

As required by the rate methodology in 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting), the Department intends to set an annual MA per diem rate for each county nursing facility provider. As specified in 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem multiplied by a BAF determined in accordance with the formula in the Commonwealth's approved State Plan. CMS approved SPA 16-0034 on November 8, 2016, which includes the BAF formula the Department will use for county nursing facilities in FY 2017-2018. The formula is as follows: $BAF = 1.00 +$ the percentage rate of change permitted by the funds appropriated by the General Appropriations Act for the applicable rate year. In calculating the proposed rates, the Department assumed that the General Appropriation Act of 2017 will include the same level of funding that was in the General Appropriation Act of 2016.²

The proposed annual per diem rates for FY 2017-2018, the July Quarterly BAF that will be applied to nonpublic nursing facility rates and the annual BAF that will be applied to county nursing facilities are available on the Department's web site at <http://www.dhs.pa.gov/provider/longtermcarecasemixinformation/index.htm> and at local county assistance offices throughout this Commonwealth or by contacting Marilyn Yocum, Department of Human Services, Office of Long-Term Living at (717) 772-2549.

Fiscal Impact

If the proposed payment rates are adopted as final, there is no fiscal impact for per diem rate payments for nonpublic and county nursing facilities for FY 2017-2018. The amount of funding available for this program is dependent upon the funds appropriated by the General Assembly in the forthcoming fiscal year. Therefore, until a budget bill is passed and enacted, any estimated fiscal impact associated with this notice is based on the funding levels in the General Appropriation Act of 2016.

Public Comment

Interested persons are invited to submit written comments regarding the proposed annual rates for FY 2017-2018 to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments received within 30 days will be reviewed and considered.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security or Insufficient Financial Security Amount

Public Meeting held
June 14, 2017

Commissioners Present: Gladys M. Brown, Chairperson; Andrew G. Place, Vice Chairperson; John F. Coleman, Jr.; Robert F. Powelson; David W. Sweet

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security or Insufficient Financial Security Amount; M-2017-2584781

Tentative Order

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a bond or other approved security in the amount directed by the Commission has been obtained.

Each EGS must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA 17120 prior to the EGS's current security expiration date. Each financial instrument must be an original document that displays a "wet" signature or digital signature, preferable in blue ink, and displays a "raised seal" or original notary stamp. The name of the principal on the original financial instrument must match exactly with the name that appears on the EGS's license issued by the Commission.

Failure to file before the financial security's expiration date may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company's electric supplier license, removal of each company's information from the Commission's website and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

As of June 5, 2017, each EGS listed in the Supplier Table below has not provided proof to the Commission that it has a bond or other approved security in the amount directed by the Commission, to replace its expired bond as noted in the table below.

*Taking title to electricity

As part of its EGS license validation procedures, the Commission's Bureau of Technical Utility Services sent a 90-day Security Renewal Notice Letter to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security, must be filed within 30 days prior to each entity's security expiration date. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to initiate the cancellation process for each EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier Licenses of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & Enforcement, Department of Revenue—Bureau of Corporation Taxes, all electric distribution companies, all of the Electric Generation Suppliers in the Supplier Table and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment or the filing of an approved security within 30 days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services shall prepare a Final Order for entry by the Secretary.

4. Upon entry of the Final Order described in Ordering Paragraph No. 3 above, each company listed in the Supplier Table will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission's website, and notifications be sent to all electric distribution companies in which the Electric Generation Suppliers are licensed to do business.

5. Upon entry of the Final Order described in Ordering Paragraph No. 3, each electric distribution company in which the Electric Generation Suppliers are licensed to do business, shall return the customers of the Electric Generation Suppliers to default service.
