READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

Proclamation of Disaster Emergency

June 20, 2001

Whereas, investigations made at my direction have disclosed that localized and unusually heavy rains in parts of Bucks and Montgomery Counties associated with Tropical Storm Allison during the period of June 15 through June 17, 2001, have resulted in extensive damage to roads and streets, private homes, businesses, and caused other adverse impacts upon the general population of the counties; and

Whereas, the emergency situation has been of such magnitude and severity as to render essential the Commonwealth's supplementation of county and municipal efforts and resources and the activation of all applicable state, county, and municipal emergency response plans; and

Now Therefore, pursuant to the provisions of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S. Section 7101 et seq.), I do hereby proclaim the existence of a disaster emergency in the affected areas of Bucks and Montgomery Counties, and I direct all Commonwealth departments and agencies to utilize all available resources and personnel as is deemed necessary to cope with the magnitude and severity of this emergency situation.

Further, I hereby transfer up to \$4 million in unused appropriated funds to the Pennsylvania Emergency Management Agency. The aforementioned funds shall be used for disaster-related expenses incurred by various state agencies and departments. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in Section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. Section 516. This Proclamation shall serve as the written determination of the basis for the emergency under Section 516; and

Further, I hereby authorize the Secretary of the Department of Transportation to use all available equipment, resources, and personnel of the Department, in whatever manner that he deems necessary, to ensure that all state highways in the disaster affected areas are cleared of debris and any other obstructions resulting from this severe storm. In addition, I hereby waive any laws or regulations that would restrict the application and use of the Department's equipment, resources, and personnel to assist local jurisdictions in clearing and removal of debris and other types of obstructions from non-state-owned highways. This assistance to local jurisdictions may be provided solely at the discretion of the Secretary of the Department of Transportation. This assistance, however, does not apply to privately owned highways, roads, streets, or other types of property; and

Further, I hereby authorize the Secretary of the Department of Transportation to use all available equipment, resources, and personnel of the Department, in whatever manner he deems necessary, to ensure that highways, bridges, roadbeds, and related facilities and structures, including Federal-aid highways, that have sustained damage in the disaster affected area are immediately repaired, maintained, reconstructed, or replaced or that new construction is undertaken where necessary. In addition, I hereby waive any laws or regulations that would restrict the ability of the Department to respond immediately and effectively in repairing, maintaining, reconstructing, or replacing these damaged highways, bridges, roadbeds, and related facilities and structures, including Federal-aid highways, and areas adjacent thereto, or in undertaking necessary new construction; and

THE GOVERNOR

Further, pursuant to the powers vested in me by the Constitution and laws of this Commonwealth, I hereby authorize the Adjutant General of Pennsylvania to place on state active duty for the duration of the emergency/disaster proclamation, such individuals and units of the Pennsylvania National Guard, as requested by the Pennsylvania Emergency Management Agency, to alleviate the danger to public health and safety caused by the aforementioned emergency; and

Further, I have directed that the emergency response and recovery aspects of the Commonwealth and all applicable county, municipal, and other disaster emergency response and recovery plans be activated and that all state, county, and municipal actions taken to implement those plans be coordinated through the Pennsylvania Emergency Management Agency; and

Still Further, I hereby continue to urge the governing bodies and executive officers of all political subdivisions affected by this emergency to act as necessary to meet the current exigencies as legally authorized under this proclamation, namely: by the employment of temporary workers; by the rental of equipment; and by entering into such contracts and agreements as may be required to meet the emergency, all without regard to those time-consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, this twentieth day of June in the year of our Lord, two thousand and one and of the Commonwealth, the two hundred and twenty-fifth.

Governor

RULES AND REGULATIONS

Title 52— PUBLIC UTILITIES

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 63]

[L-00000148]

Universal Service Fund

The Pennsylvania Public Utility Commission (Commission) on March 22, 2001, adopted a revised final rulemaking order establishing a universal service funding mechanism, implementing revenue-neutral rate reform and resolving interconnection issues in the telecommunications industry. The contact persons are Gary Wagner, Bureau of Fixed Utility Services, (717) 783-6175, and Elizabeth Barnes, Law Bureau, (717) 772-5408.

Executive Summary

For several years, the Commission has been examining the need for an Intrastate Universal Service Fund (USF or Fund) in an effort to both reduce and restructure access charges and establish the appropriate level playing field for the development of local competition in this Commonwealth. The USF is a means to reduce access and toll rates for the ultimate benefit of end-users and to encourage greater toll competition while enabling carriers to preserve the affordability of local service rates.

The State USF, as currently constituted within the parameters of the instant rulemaking, can best be described as a "revenue-neutrality" fund designed to neutralize local exchange carrier (LEC) revenue short-falls resulting as a consequence of anticipated access charge and intraState toll revenue reductions. Although it is referred to as a fund, it is actually a pass-through mechanism to facilitate the transition from a monopoly environment to a competitive environment—an exchange of revenue between telephone companies which attempts to equalize the revenue deficits occasioned by mandated decreases in toll and access charges receipts.

Prior rulemaking attempts at establishing USF regulations, *Rulemaking to Establish a Universal Service Funding Mechanism*, Docket No. L-00950105 (June 21, 1996), were ultimately addressed in the Commission's Order on September 30, 1999 (P-00991648 and P-00991649). The September 30 Order directed that regulations be promulgated to establish and administer a State USF.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Commission submitted a copy of the final rulemaking, which was published as proposed at 30 Pa.B. 1549 (March 18, 2000) and served on March 7, 2000 to IRRC and the Chairpersons of the House Committee on Consumer Affairs and the Senate Committee on Consumer Protection and Professional Licensure for review and comment. Under section 5(c), the Commission also provided the Independent Regulatory Review Commission (IRRC) and the Committees with copies of the comments received, as well as other documentation. In preparing these final-form regulations, the Commission has considered all comments received from IRRC, the Committees and the public.

These final-form regulations were deemed approved by the House Committee on Consumer Affairs and Senate

Committee on Consumer Protection and Professional Licensure on February 20, 2001. The final-form regulations were approved by IRRC on May 17, 2001, in accordance with section 5.1(e) of the Regulatory Review Act.

Revised Final Rulemaking Order

By the Commission:

Introduction

For several years, the Commission has been examining the need for a USF or Fund in an effort to both reduce and restructure access charges and establish the appropriate level playing field for the development of local competition. The USF is a means to reduce access and toll rates for the ultimate benefit of end-users and to encourage greater toll competition while enabling carriers to continue to preserve the affordability of local service rates. The State USF, as currently constituted within the parameters of the instant rulemaking, can best be described as a revenue-neutrality fund designed to neutralize LEC revenue short-falls resulting as a consequence of ordered access charge and intraState toll revenue reductions. Although it is referred to as a fund, it is actually a pass-through mechanism to facilitate the transition from a monopoly environment to a competitive environment—the USF provides for an exchange of revenue between telephone companies which attempts to equalize the revenue deficits occasioned by mandated decreases in toll and access charges receipts.

With the enactment of 66 Pa.C.S. Chapter 30 (relating to alternate form of regulation of telecommunications services), this Commission has statutory authority to establish a USF. *Rulemaking to Establish a Universal Service Funding Mechanism*, L-00950105 (June 21, 1996); *Bell Atlantic-Pennsylvania v. PaPUC*, 2790 C.D. 1999, October 25, 2000. Under Chapter 30, the Commission has explicit regulatory authority to take appropriate actions to maintain universal service at affordable rates. In particular, we note the legislative objective of "maintaining universal service at affordable rates statewide," the requirement that telecommunications customers pay only "reasonable charges" for local service, and that the Commission may "establish such additional requirements and regulations as it determines to be necessary and proper to ensure the protection of consumers." See 66 Pa.C.S. §§ 3001(1), 3001(2) and 3009(b)(3) (relating to declaration of policy; and additional powers and duties), respectively. Section 254(f) of the Telecommunications Act of 1996 (TA-96) (47 U.S.C.A. § 254) also contains explicit state authority for a USF, providing that "[e]very telecommunication carrier that provides intrastate telecommunications services shall contribute, on an equitable and nondiscriminatory basis, in a manner determined by the State to preserve and advance universal service in that State."

With the initiation of the Global Settlement Conference in September 1998, the issues relating to a USF, including the size and structure of the fund, and its interplay with access and toll rate reduction, rate caps and rate rebalancing, were bundled with the myriad of other complex telecommunications issues the parties were seeking to resolve. Both of the subsequent petitions to resolve

these complex telecommunications issues (P-00991648 and P-00991649) contained proposals to establish a USF. These petitions formed the basis for the Global Order later entered on September 30, 1999.

Procedural History

In *Formal Investigation to Examine and Establish Updated Universal Service Principles and Policies for Telecommunications in the Commonwealth*, Docket No. I-00940035 (November 10, 1997) and *Generic Investigation in Intrastate Access Charge Reform*, Docket No. I-00960066 (November 10, 1997), Bell Atlantic-Pennsylvania, Inc., now known as Verizon Pennsylvania (Verizon), and the small incumbent LECs filed a proposed joint settlement of the universal service issues, embodied in their Small Company Universal Service Plan (Small Company Plan), originally filed on November 10, 1997, at Docket Nos. I-00940035, L-00950105, I-00940034 and I-00960066. The Small Company Plan was proposed as an interim measure to be in place until such time as the Commission and the Federal Communications Commission resolved outstanding policy issues and permanently established rules concerning universal service and access charge reform. Subsequently, Verizon and the Rural Telephone Company Coalition (RTCC) filed an Amended Plan which was attached to their petition at P-00991649 (1649 Petition) as Appendix II, Small Company Universal Service Fund Settlement.¹

In the Global Order, the Commission directed that a USF be established and sized in accordance with the Amended Plan attached to the 1649 Petition as Appendix II, Section A, as altered by Sprint Communications Company L.P. and the United Telephone Company of Pennsylvania's (Sprint/United) inclusion in the plan. The Commission adopted the Amended Plan's proposal that the Fund be sized at \$20.5 million based upon the schedules attached to the Amended Plan.

At a subsequent Technical Conference on November 2, 1999, the RTCC requested additional time to submit updated schedules which would more accurately reflect September 1998 to September 1999 data, and it was further generally agreed among the parties represented at the Technical Conference that the originally estimated sizing of \$20.5 million did not anticipate Sprint/United's participation in the Fund at a level of \$9.0 million. Therefore, since new incumbent local exchange carrier (ILEC) schedules and Sprint/United's original schedule were forthcoming and would affect the eventual tariff filings and the sizing of the Fund, it was recognized and accepted that the sizing figure of \$20.5 million, as well as Verizon's initial payment of \$12.0 million, would increase.

The USF Proposed Regulations were published at 30 Pa.B. 1549 (March 18, 2000). On April 17, 2000, the Commission received written comments from AT&T Communications of Pennsylvania, Inc. (AT&T); Verizon; RTCC; the Attorney General's Office; Office of Consumer Affairs; and Sprint/United. On May 18, 2000, the Commission received comments from IRRC.

On December 5, 2000, a Final Rulemaking Order was entered at the Commission. However, upon review of continued concerns from IRRC, the Commission sua sponte withdrew its Final Rulemaking Order by letter dated February 23, 2001. This Revised Final Rulemaking Order replaces the earlier Final Rulemaking Order, except that Annex B no longer follows. This is because

¹ Since the modified Small Company Plan in the 1649 Petition essentially replaced the November 10, 1997, filing, this Commission viewed the November 10, 1997, filing as being superseded by the Amended Plan. Global Order, P-00991648 and P-00991649 (September 30, 1999).

Annex B consisted of a draft request for proposals (RFP) inviting bids for the administrator of the Fund. The RFP was officially published at 31 Pa.B. 56 (January 6, 2001).

Discussion of Comments

IRRC commented generally that the Commission Order and Regulatory Analysis Form did not contain sufficient information to evaluate the economic and fiscal impact of this regulation or the regulation's reasonableness. Specifically, IRRC was concerned about the dollar amount of the Fund.

In our Proposed Order adopted on January 27, 2000, and entered on February 4, 2000, the Commission ordered that the Fund be sized at \$20.5 million plus an additional \$9.0 million to reflect Sprint/United's participation, or approximately \$29.5 million. In fact, since then, the size of the Fund for the year 2000 has been established by Commission Order entered April 18, 2000, at \$31,220,606.² The size of the Fund will increase each year at the rate at which the number of access lines owned by the 31 recipient carriers increases.³ Although the regulations do not specify a minimum or maximum limit on the dollar amount of the Fund, the size of the Fund is tied directly to changes in the number of access lines each recipient company owns. The contribution rate to the Fund is directly tied to the specific local telecommunication provider's revenues. Those participating carriers which report intrastate end-user retail telecommunication revenues will contribute to the Fund in their pro-rata share.

In its Comments, IRRC also notes that proposed § 63.161(3) (relating to statement of purpose and policy) sets forth the current intent of the Fund, but that proposed § 63.164(1) (relating to Commission oversight) states that the Commission may establish new programs eligible for universal service funding. IRRC objects that the regulation does not specify any limit on the scope of services that could be supported by the Fund. We have amended § 63.164(1) so as to delete this language.

Verizon argues that Pa.R.A.P. 1707 bars the Commission from establishing the USF because the Commission's ability to create and fund a different USF is currently before the Commonwealth Court in a prior appeal.⁴ However, while the merits of that particular fund adopted in 1997 (but never implemented) may be on appeal, nothing in Pa.R.A.P. 1701 bars this Commission from establishing a wholly different fund.

Pa.R.A.P. 1701 generally provides that after an appeal is taken or review of a quasi-judicial order is sought, the trial court or government unit may no longer proceed further in the matter. See Pa.R.A.P. 1701(a). Essentially, the effect of an appeal stays the government unit's ability to act further on the particular matter or issues appealed to the reviewing court. The Pa.R.A.P. 1701 stay, however, is not applicable to the USF established by the Commission in the instant order.

The January 28, 1997, order established a Basic Universal Service (BUS) rate and a different universal service costing methodology. Verizon's appeal is limited to

the creation of the prior fund. Verizon's appeal does not create an open-ended stay or bar the Commission's ability to create any fund, only the one at issue in the appealed order. The Commission has not attempted to pursue implementation of the January 28, 1997, BUS fund. Moreover, in the recently issued decision at *Bell Atlantic-Pennsylvania, Inc. v. Pennsylvania Public Utility Commission*, 2790 C.D. 1999, October 25, 2000, the Commonwealth Court has expressly ruled that "the PUC's action on the current USF issue, now before this Court, is not barred by Pa.R.A.P. 1701." *Slip Opinion* at 99.

Verizon also argues that in *Process Gas Consumers Group v. Pa.P.U.C.*, 511 Pa. 88, 511 A.2d 1315 (1986) (*Process Gas*), the Pennsylvania Supreme Court prohibited the Commission from creating a fund similar to the USF because the creation of that particular kind of fund was not within the Commission's delegated authority. The Commission rejects this argument as the fund created in *Process Gas* is distinguishable from the USF established in the Global Order.

In *Process Gas*, the Commission, in response to a Federal program established to reduce the rates of eligible consumers throughout the states, imposed a State-specific Boiler Fuel Rider (BFR) surcharge on certain industrial consumers. The Commission ordered the resulting revenue from the State BFR surcharge to be placed into an escrow account. Subsequently, the Commission ordered that the funds from the escrow account be used to create a conservation program, finding that the General Assembly had conferred in 66 Pa.C.S. § 308 (relating to bureaus and offices) a duty upon the Commission to promote energy conservation. The Pennsylvania Supreme Court concluded that 66 Pa.C.S. § 308 only empowers the Commission to direct an internal bureau to conduct research in the area of conservation, and does not empower the Commission to create a fund or to mandate programs to utilize those funds.

The creation of the USF in the Global Order, however, is within the Commission's delegated authority. One of the primary purposes set forth in 66 Pa.C.S. Chapter 30 is to "[m]aintain universal telecommunications service at affordable rates. . . ." See 66 Pa.C.S. § 3001(1). Another prevailing purpose of the Commission under 66 Pa.C.S. Chapter 30 is to "[e]nsure that customers pay only reasonable charges for local exchange telecommunications services. . . ." See 66 Pa.C.S. § 3001(2). Moreover, 66 Pa.C.S. § 3009(b)(3) provides statutory authority for the Commission to "establish such additional requirements and regulations as it determines to be necessary to ensure the protection of consumers."

Section 254(f) of TA-96 provides that a state may adopt regulations to determine the manner in which intrastate telecommunications providers shall on an equitable and nondiscriminatory basis contribute to the preservation and advancement of universal service. Verizon argues that because section 254(f) of TA-96 refers to "states" instead of "state commissions," the General Assembly, not the Commission, is the only entity authorized to establish a USF in this Commonwealth. Nonetheless, as was previously explained, the General Assembly has delegated authority to the Commission under 66 Pa.C.S. § 501 (relating to general powers) to administer and supervise public utilities doing business within this Commonwealth, and therefore, the Commission may promulgate and enforce regulations to carry out its duties. Under these circumstances, the Commission submits, and the Com-

monwealth Court has now affirmed, that State and Federal statutes confer upon the Commission the power to establish a USF.⁵

IRRC further comments that the Commission did not provide an estimate of the operating cost of the Fund. These costs include those determined by competitive bid (the administrator and auditor), the reserve in § 63.165(b) (relating to calculation of contributions), and the cost to telecommunications providers to report monthly to the administrator.

The Commission did not provide an estimate of the operating cost of the Fund because we are interested in obtaining a low bid from prospective administrators and/or auditors. Publicly estimating how much the administrative and auditor fees should be would jeopardize the competitive bid process. Nevertheless, the administrative and auditing costs of the Fund should be minimal compared to the overall size of the Fund and should not be dependent on the size of the Fund. Rather, the fees should be reflective of the cost of providing the administrative and auditing services.

Regarding the cost to telecommunications providers to provide monthly reports to the administrator, monthly calculations are eliminated in the final-form regulations. Also, the companies can save on mailing expenses by electronically submitting their worksheets to the administrator and by electronically wiring their payments into the Fund.

AT&T commented that although the Commission's establishing a USF is "on the mark," the methodology imposes a disproportionate financial burden of the Fund on competitive local exchange carriers (CLECs), interexchange carriers (IXC), and other telecommunications providers that must pay access and other wholesale charges to LECs because the contribution calculation is based on each provider's end-user retail revenue and thus excludes all revenues received from the sale of wholesale services such as access, resale (toll or local) and unbundled network elements (UNEs). CLECs buy UNEs from ILECs. The revenues the ILEC receives for the sale of wholesale services are not assessed for purposes of calculating the ILEC's contribution to the USF. Contrarily, the CLEC, which does not sell its services at wholesale rates, has entirely assessable revenues. AT&T operates as an IXC and a CLEC within this Commonwealth and it advocates changing the Fund contribution calculation so as to base contributions on each carrier's gross intrastate revenues, less payments made to other carriers for wholesale services.

The Commission developed the formula for determining each company's USF contribution so as to avoid a double counting of revenues for the same services. Whether the Commission allows the ILECs to exclude wholesale revenues from their calculation of assessable revenues, or allows the carriers buying wholesale services to subtract what they pay, the service which ultimately reaches the end-user customer is assessed only once. The Commission believes, for the purposes of this USF, that it is more appropriate to allow the ILECs to subtract those revenues received from the sale of wholesale services because the ILEC is not delivering the service to an end-user customer. The Commission is persuaded by the RTCC and Verizon that this calculation is more revenue-neutral for the eligible recipient carriers. We also note that, unlike the assessments for Commission regulatory expenses under 66 Pa.C.S. § 510 (relating to assessment for regu-

⁵ *Bell Atlantic-Pennsylvania, Inc. v. Pennsylvania Public Utility Commission*, 2790 C.D. 1999, October 25, 2000, *Slip opinion* at p. 104.

latory expenses upon public utilities), there is no set statutory formula that limits our discretion in developing an appropriate USF contribution methodology.

AT&T further asserts that the definition of a USF Recipient in § 63.162 (relating to definitions) should be modified so as to provide that a CLEC operating in the service territory of an ILEC other than Verizon-Pennsylvania or Verizon-North, and certified by the Commission as an eligible telecommunications carrier under 47 U.S.C.A. § 214(e), qualifies as a USF Recipient. We disagree. The Small Company Plan restricted the eligible carriers to a list of approximately 30 rural telephone companies and, by the Global Order, this Commission adopted that theory and added Sprint/United to the limited listing of eligible Fund recipients. The Federal universal fund referenced by AT&T as justification for its position was established for various programs which are not a part of the reasons for establishing the Commonwealth USF. Therefore, 47 U.S.C.A. § 214(e) does not govern our definition.

We further disagree with AT&T regarding its assertion that the costs associated with administering the Fund should be borne only by those receiving disbursements from the Fund. The Fund was designed to be revenue neutral. The 31 companies that are recipients should not have to bear the entire administrative cost.

AT&T also avers that the Commission's proposed supervision and oversight of the Fund administrator should be expanded to provide contributors with an ongoing consultative role in the administration of the Fund and that the regulations should provide for an oversight committee comprising contributors, recipients and Commission employees. While we agree with AT&T that all telecommunications providers' input is helpful and wanted, we do not believe this needs to be expressly incorporated into the regulation. By regulation, all participants will receive annual reports regarding the Fund administration and will have opportunity to comment regarding the administration of the Fund. Any intermittent problems may be addressed to the Commission.

Comments relating to specific sections of the proposed regulations are addressed as follows.

§ 63.161. Statement of purpose and policy.

As noted previously, we agree with IRRC that the last sentence in § 63.161 should be stricken as it appears that future Commission orders could have the effect of changing the regulations. We have further deleted the word "currently" from the regulation. We decline to specify dollar amounts on what the access charges, intraLATA toll rates, and cap on residential local services are to be because these dollar amounts might change in the future. In its September 30, 1999, Global Order, the Commission ordered reductions to \$.009 per minute for access charges, \$.11 per minute for intraLATA toll rates and \$16.00 caps on residential local service charges to consumers.

§ 63.162. Definitions.

We accept IRRC's suggested modifications to the definitions for the terms assessment rate, contributing telecommunications providers, end-user revenue, fund recipient and local service provider, and modify our definitions accordingly. IRRC suggested we delete the term "basic universal service" because it was not used elsewhere in the regulation. Instead, in the definition of "local service provider" we have changed the phrase "basic local exchange services" to "basic universal service" and have kept the definition of BUS. We note that we have defined BUS as "an evolving set of telephone services, as defined

by the Commission, which represents the set of services essential for a resident of this Commonwealth to participate in modern society at any point in time." By order entered April 10, 1995, the Commission has specifically defined BUS to consist of the following service components: 1) single party, voice grade, incoming and outgoing access to the public switched network and usage within a local calling area; 2) touch tone capability; 3) annual local directory; 4) access to operator services; 5) access to directory assistance; 6) access to telecommunications relay service and other services designed for persons with disabilities; and 7) access to emergency services.⁶

§ 63.163. Universal service fund administration.

IRRC is concerned that § 63.163 describes a competitive bidding process, but does not state the term of the contract. IRRC states that the Commission should amend § 63.163(a) to provide the length of the contract awarded. Although we decline to add a temporal constraint to the regulation, we included a sentence in our RFP attached to our original Final Rulemaking Order entered on December 5, 2000, which provided that the initial contract for the administrator shall terminate on December 31, 2003, subject to possible renewals.

§ 63.164. Commission oversight.

IRRC commented that § 63.164(a)(1)–(4) goes beyond the intent of the Fund expressed in the Global Order and should be deleted. The Commission agrees and deletes § 63.164(a)(1)–(4). IRRC also commented regarding the Commission's need to include "the size of the Fund" in the Order required by this subsection. We agree and have added such language to § 63.164(a) of the final-form regulation.

§ 63.165. Calculation of contributions.

RTCC requested additional language in § 63.165 to require that the Fund amount never fall below the initial amount established by the Commission. The Commission declines to add this provision as it is not necessary. We note that the Fund size will never fall below the initial amount established by the Commission because even if recipient carriers have a decrease in access lines, they will not receive less than they initially received because that is how the Small Company Plan was designed and adopted by the Commission in the September 30, 1999, Global Order.

The Commission further rejects RTCC's suggestion that the submission of year-end intrastate end-user retail revenue by March 31 of each year be changed to an earlier date. March 31 is the deadline for the submission of utility gross intrastate operating revenue reports under 66 Pa.C.S. § 510 annual assessment calculations; therefore, it is a good deadline for the submission of year-end intrastate end-user retail revenue reports.

The Commission does agree with RTCC that all calculations and assumptions should be done on an annual basis rather than monthly. The Commission is persuaded by RTCC, Sprint/United and Verizon that the administrative expense of having to recalculate monthly contributions to the Fund outweighs the benefit of having the monthly contributions more accurately reflect monthly revenue fluctuations. The Commission further agrees with RTCC that the calculation should include a factor which increases the Fund in accordance with growth in access lines of eligible recipient carriers.

⁶ In Re: Formal Investigation to Examine and Establish Updated Universal Service Principles and Policies for Telecommunications Services in the Commonwealth; Declaratory Order, Advance Notice of Proposed Rulemaking, Scheduling of Public Forum, Order entered April 10, 1995, Docket Nos. 1-00940035 and L-00950102.

The Commission agrees with Verizon and AT&T in reducing the surcharge for uncollectables from 5% to 1% of the size of the Fund per annum, and in eliminating estimated surplus at the end of each calendar year. Our final-form regulation has been amended accordingly.

IRRC commented that the calculation includes the "Commission approved" administrative and auditing expenses. Section 63.163(a) states the administrator and auditor will be selected by competitive bid. Therefore, it is unclear why the phrase "Commission approved" is needed. The phrase "Commission approved" is needed because in a contract, there may be per diem charges for things not covered in the flat-rate charge for administering the Fund. Extra expenses, which may include traveling expenses, auditing expenses and legal expenses, are those expenses above that which were contemplated and bargained for in the flat rate charge and these expenses may be recovered, but only with Commission approval.

IRRC further commented that the language describing the illustrated calculation was confusing and IRRC suggested that the formula could stand alone in the regulation without the description. We deleted the language describing the formula for calculating contributions. Additionally, IRRC noted that the definition for "W" could be better. We added language describing how to calculate "W." IRRC questioned whether we should amend the calculation of "Y" such that $Y = 1\% \text{ times } (X+W)$ instead of what had been written, $Y = 1\% \text{ times } X$. We agree with IRRC that the 1% for uncollectables should be multiplied by the prior year's size of the Fund plus any increase in the Fund due to growth in access lines of the recipient carriers. We amend the calculation of "Y" accordingly. Finally, we changed the definition of X such that the prior year's size of the Fund is adjusted for any surplus or shortfall experienced the prior year.

§ 63.166. Administrator criteria.

We accept IRRC's comments that the administrator be expressly neutral, impartial and independent from telecommunications services providers operating in this Commonwealth. We have modified our regulation accordingly.

IRRC commented that the term "affiliate" should be defined in § 63.166(3). We define "affiliate" as in the *Webster's Collegiate Dictionary 10th Edition* as "a person or organization closely associated with another typically in a dependent or subordinate position." IRRC commented that we should explain whether this provision, which excludes all affiliates, including telecommunications providers outside of this Commonwealth, was our intent. Yes, it was. We have added additional language to the regulation to further clarify our position.

Additionally, in response to IRRC's comment that the phrase "common carrier" is undefined and should be clarified, we remove the term "common carrier" and substitute the word "telecommunications," which needs no definition.

In response to IRRC's comments regarding the Administrator's requirement to report to the Commission any changes in its Board composition, we agree, and have added such language to the regulation.

§ 63.167. Administrator's duties.

We accept IRRC's comments regarding administrator duties in this section and modify § 63.167 accordingly. We have changed references to "companies" or "entities" to read "contributing telecommunications providers" in the interest of using consistent language. We have changed the deadline for the administrator's annual report from July 1 to September 1.

Regarding § 63.167(2), IRRC commented the Commission should explain the need to report contributions on a monthly basis. While the assessment calculations are annual, billings and payments are monthly. The form is mailed with payment due on a monthly basis because the form identifies the carrier, the carrier's current address, phone numbers, utility code and the monthly amount due. The form acts as an invoice and a way of tracking incoming payments. We have amended the text of the regulation to clarify our intent.

Regarding § 63.167(7), IRRC commented that if the administrator believes a contributing telecommunications provider is guilty of submitting false information or another irregularity, and the Commission agrees, the type of action taken against a contributing telecommunications provider should be specified. IRRC suggests that the regulation should reference either a citation to corrective action or other penalty that will be assessed to the contributing telecommunications provider. Accordingly, we will cross reference this subsection to the section of these rules dealing with enforcement, § 63.171.

Regarding § 63.167(8), IRRC wants to know where the return on investment will be placed. Will profits be reinvested in selected instruments, or will the moneys be placed into the Fund? The interest earned on the Fund monies will be reinvested into the Fund. This is specified in the final-form regulation.

Regarding § 63.167(9), any potential Fund shortfall should be reported as soon as possible because it would involve the Commission having to recalculate assessment rates and this would take time before Funds flowing in would exceed Funds flowing out. Also, we have removed the term "data analysis" from the regulation to remove any uncertainty caused by this term.

Regarding § 63.167(10), we believe it is important that the forms be mailed annually to contributing telecommunications providers as opposed to sending the forms electronically or by facsimile. Currently, electronic mail and fax machines are not viewed as reliable as regular mail.

Regarding § 63.167(12), IRRC wants to know what is meant by "promptly." Depending upon the type of data request, the Commission will determine what is an acceptably prompt response. This discretion is necessary to effective oversight of the Fund administration. For example, if the Commission requires a recalculation of contributions, the Commission might expect a prompt response to be within 2 weeks. However, if the Commission asks whether a particular contributor is delinquent and by how much, the Commission might expect a prompt response to be one within a couple of days.

Regarding § 63.167(23), IRRC commented the phrase "on a timely basis" is unacceptably vague. IRRC suggested the Commission should consider adding a specific minimum time period that an administrator must follow to alert the Commission if short-term borrowing is needed. We agree and remove the phrase "on a timely basis" and substitute the phrase "at least 60 days before short-term borrowing is necessary."

Regarding § 63.167(24), we agree with IRRC and omit compliance requirements with "procedures and guidelines" as there are none currently other than an investment guideline attached as an appendix to the current sole source contract with the National Exchange of Carriers Association (NECA) as an interim administrator. To clarify, we have substituted in the revised final-form regulations the phrase, "the contract and Commission Orders" for "procedures and guidelines."

§ 63.168. Auditor's duties.

IRRC noted that in the original rulemaking the regulations stated that the Administrator's report and the Auditor's report were due on the same date, July 1 of each year. This was a typographical error. The Administrator's report should be due 60 days after the Auditor's report is due. Therefore, we changed the language in § 63.163 to reflect that the Administrator's report is due on September 1, and we did not change the auditor's deadline for a report in § 63.168.

IRRC further requested we amend or explain the meaning of the sentence: "Thereafter, the Fund shall be audited in the same manner annually." We accept IRRC's comments regarding these matters and modify § 63.168 so as to clarify that an audit of Fund collections and disbursements will be done annually.

§ 63.169. Collection of universal service fund contributions.

IRRC contends that it is unclear why each carrier must return the form within 30 days of issuance. Second, IRRC contends the phrase "end-user revenue" should replace the phrase "end-user telecommunications retail revenue." We have addressed IRRC's two concerns in our revised final-form regulations.

At the beginning of the calendar year, the administrator will provide monthly reporting forms to each contributing telecommunications provider. Each carrier will complete and remit the form to the administrator along with its monthly contribution in full. Failure to make timely payment will result in the levy of a late-payment charge of 1.5% per month pro rata per diem on the delinquent contribution. If a carrier's contribution to the USF in any given year is less than or equal to \$120, that carrier will not be required to submit a contribution. We have added this figure to the regulation. Also, we eliminated the phrase "end-user telecommunications retail revenue."

§ 63.170. End-user surcharge prohibited.

IRRC asked for clarity regarding whether a provider can recover USF contributions through any type of direct or indirect charge even though a surcharge on customer bills is expressly prohibited. To clarify as requested, no telecommunications service provider may implement a customer or end-user surcharge to recover its contribution to the USF. All telecommunications service providers are prohibited from recovering these contributions through any type of direct or indirect charge. Section 63.170 is expanded to include this clarification.

§ 63.171. Sunset provision.

IRRC commented that § 63.171 states the "Fund shall expire on December 31, 2003, unless the term of the Fund is extended by the Commission." The regulations would thus allow the term of the Fund to be extended by Commission order. The regulation does not specify under what authority or circumstances the Commission would extend the term of the Fund beyond December 31, 2003. Therefore, the term of the Fund is unclear. IRRC recommends that if the Commission wants to rescind this regulation at some point, it should do so by promulgating another regulation. IRRC recommends the provision be deleted from the final-form version. We agree and delete § 63.171.

In addition to the previously-noted modifications, the final-form USF regulations hereby adopted include a number of grammatical, nonsubstantive changes intended only for clarification.

Overall, we believe that the final-form regulations, as herein amended in consideration of comments received, and as follows in Annex A, are consistent with the public interest and shall be adopted at this time through final order. Accordingly, under authority in 66 Pa.C.S. § 501, the Commonwealth Documents Law (45 P.S. § 1201, et seq.) and regulations promulgated thereunder in 1 Pa. Code §§ 7.1—7.4, we add the regulations in §§ 63.161—63.171 as previously discussed and as set forth in Annex A.

Therefore,

It Is Ordered that:

1. The Commission's Final Rulemaking Order entered on December 5, 2000, is hereby rescinded and replaced with this Revised Final Rulemaking Order.

2. Chapter 63 of the regulations of the Commission is amended by adding §§ 63.161—63.171 to read as set forth in Annex A.

3. The Secretary shall submit this order and Annex A for review by the designated Standing Committees of both houses of the General Assembly, and for review and approval of IRRC.

4. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of fiscal impact.

5. The Secretary shall submit a copy of this order and Annex A to the Office of Attorney General for review as to legality.

6. The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

7. A copy of this order and Annex A be filed in the Joint Petitions for Global Resolution proceeding at P-00991648 and P-00991649 as well as at Docket No. M-00001337, *Establishment of a Pennsylvania Universal Service Fund*.

8. A copy of this Order and Annex A shall be served upon the Pennsylvania Telephone Association, all jurisdictional telecommunications utilities, the Office of Trial Staff, Office of Consumer Advocate and the Office of Small Business Advocate.

9. The final-form regulations embodied in Annex A shall become effective upon publication in the *Pennsylvania Bulletin*.

10. NECA continues as the interim administrator to assist in administering the interim USF now in place until final regulations are approved and a permanent administrator is selected through a competitive bidding process.

JAMES J. MCNULTY,
Secretary

63.171.	Enforcement.

§ 63.161. Statement of purpose and policy.

On July 8, 1993, the General Assembly enacted 66 Pa.C.S. Chapter 30 (relating to alternative form of regulation of telecommunications services) which provides for the regulatory reform of the telephone industry in this Commonwealth.

(1) The General Assembly's first declaration of policy in Chapter 30 is to "[m]aintain universal telecommunications services at affordable rates while encouraging the accelerated deployment of a universally available state-of-the-art, interactive, public switched broadband telecommunications network in rural, suburban and urban areas." See 66 Pa.C.S. § 3001(1) (relating to declaration of policy).

(2) The General Assembly assigned to the Commission and this Commonwealth's telecommunications providers responsibility for assuring and maintaining universal service in this Commonwealth. Given an increasingly competitive telecommunications marketplace, it is necessary to establish a competitively-neutral universal service funding mechanism to assure and maintain universal service and to promote the development of competition in telecommunications markets throughout this Commonwealth.

(3) The purpose of the Fund is to maintain the affordability of local service rates for end-user customers while allowing rural telephone companies to reduce access charges and intraLATA toll rates, on a revenue-neutral basis, thereby encouraging greater competition.

§ 63.162. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Assessment rate—The percentage rate which when multiplied by each contributing telecommunications provider's total intraState end-user telecommunications retail revenue for the prior month will determine that provider's monthly contribution to the annual Fund budget. The assessment rate is computed annually under § 63.165 (relating to calculation of contributions).

Basic universal service—An evolving set of telephone services, as defined by the Commission, which represents the set of services essential for a resident of this Commonwealth to participate in modern society at any point in time.

Contributing telecommunications providers—Telecommunications carriers that provide intraState telecommunications services. Whether a provider or class of provid-

ers is a telecommunications carrier will be determined based upon whether the provider or class of providers is considered a telecommunications carrier under Federal law as interpreted by the Federal Communications Commission except that wireless carriers are exempt from this subchapter under 66 Pa.C.S. § 102(2)(IV) (relating to definitions).

End-user revenue—Revenues received from telecommunications subscribers who consume the final service unadjusted for any expense or other purpose. Total intrastate end-user telecommunications retail revenue does not include those revenues received from access, resale (toll or local), or the sale of unbundled network elements or other services which are essentially wholesale in nature.

Fund—The Universal Service Fund.

Fund recipient—An entity which receives funds from the Fund. Incumbent local exchange carriers operating in this Commonwealth, with the exception of Verizon Pennsylvania and Verizon North, Inc. are eligible Fund recipients.

Local service provider—A telecommunications company to which retail customers subscribe for basic universal service.

§ 63.163. Universal service fund administration.

(a) The Commission will designate within the context of a competitive bidding process a third-party administrator and a fund auditor to maintain and audit the Fund consistent with this subchapter.

(b) The Fund shall be administered in a manner ensuring that the Fund is exempt from State, Federal, and local taxes. The Fund administrator shall seek tax exempt status from the Internal Revenue Service.

(c) The Fund shall be established and kept separate from any other Commonwealth general fund.

(d) The administrator shall be responsible for assessing contributing telecommunications providers for contributions to the Fund as provided for in § 63.165 (relating to calculation of contributions). The administrator shall also be responsible for receiving contributions, validating contributions and distributing payments to fund recipients.

(e) The administrator shall file with the Commission by September 1 of each year an annual report which shall include an income statement of the Fund's activity for the preceding calendar year, a list of recommendations pertaining to operations of the Fund, and a proposed budget and assessment rates for the upcoming year. A copy of the report will be served contemporaneously upon the Office of Consumer Advocate, Office of Small Business Advocate and all telecommunications carriers participating in the Fund.

(f) Interested parties shall be provided the opportunity to file comments to the administrator's report within 30 days of its submission to the Commission. Replies to comments shall be filed within 15 days thereafter. Comments should be addressed to the Pennsylvania Public Utility Commission's Secretary's Bureau, P. O. Box 3265, Harrisburg, PA 17105-3265. The comments should be filed at Docket No. M-00001337.

§ 63.164. Commission oversight.

The Commission will issue an order within 90 days of receipt of the administrator's annual report, which establishes the size of the Fund, a budget, assessment rate for contributing telecommunications providers, and administrative guidelines for the upcoming calendar year.

§ 63.165. Calculation of contributions.

(a) Contributing telecommunications providers shall submit an affidavit to the administrator by March 31 of each year, identifying the provider's total intrastate end-user telecommunications retail revenue for the previous calendar year. A copy shall be served upon the Commission.

(b) In determining the annual assessment rate, the administrator will utilize the following calculation:

$$\frac{W + X + Y + Z \times \frac{B}{12}}{A} = C$$

W = Increase in funding requirement due to growth in access lines of recipient carries. W equals the access line growth percentage for each recipient carrier multiplied by each recipient carrier's prior year net support (prior year funding minus prior year payment). The individual recipient carriers' required fund increases are totaled to yield W. $W = ALG \times (PYF-PYP)$.

X = Prior year's size of fund minus the estimated surplus from the prior year or plus any shortfall from the prior year.

Y = Surcharge for uncollectables is 1% times (X + W).

Z = Commission approved administrative and auditing expenses.

A = Aggregate Statewide end-user intraState retail revenue of all contributing telecommunications providers for the previous calendar year.

B = Individual contributing telecommunications provider's end-user intra-state retail revenue for the prior calendar year.

C = Individual contributing telecommunications provider's monthly contribution.

(c) To the extent the funding received from providers in any 1 year exceeds the disbursements required for the Fund plus the cost of administering the Fund (including 1% of the total size of the Fund to cover delinquent accounts and contingencies), the excess shall remain in the Fund, and the subsequent year's Fund size reduced by that surplus.

§ 63.166. Administrator criteria.

The administrator shall meet the following criteria:

(1) The administrator shall be neutral, impartial and independent from telecommunications service providers operating in this Commonwealth.

(2) The administrator may not advocate specific positions before the Commission in nonuniversal service administrative proceedings related to telecommunications issues.

(3) The administrator may not be an affiliate of any provider of telecommunications services. The administrator may not be closely associated with any provider of telecommunications services in a dependent or subordinate position.

(4) If the administrator has a board of directors that includes members with direct financial interests in entities that contribute to or receive support from the Fund, no more than a third of the board members may represent any one category (for example, local exchange carriers or interchange carriers) of contributing carriers or support recipients, and the Board's composition shall reflect the broad base of contributors to and recipients of

Fund assets. For purposes of this restriction, a direct financial interest exists when the administrator or Board member:

(i) Is an employee of a telecommunications carrier.

(ii) Owns any equity interests in bonds or equity instruments issued by any telecommunications carrier.

(iii) Owns mutual funds that invest more than 50% of its assets in telecommunications securities.

(5) If the administrator's board composition changes during its contractual period, the administrator shall notify the Commission immediately.

§ 63.167. Administrator's duties.

The administrator shall have the following duties:

(1) Maintain a database to track contributing telecommunications providers.

(2) Develop Commission-approved forms which all telecommunications service providers will submit to the administrator on a monthly basis with their monthly contributions.

(3) Review the completed forms to ensure completeness and accuracy of reported revenue and Fund assessments and contact providers whose accounts contain unexplained variances in reported revenues or Fund assessments.

(4) Assess late-payment charges of 1.5% per month pro rata per diem on contributions that are 30 days or more past due.

(5) Send initial notices of delinquency to delinquent contributors when a payment is 30 days past due and follow up with at least one subsequent written notice, phone call, or both, to the contributor to pursue collection of Fund payments that are 60 days past due.

(6) Maintain logs of notices to delinquent contributors and refer to the Commission for further enforcement, on a monthly basis, all accounts more than 90-days past due.

(7) Immediately inform the Commission if the administrator has reason to believe that a contributing telecommunications provider has submitted false information to the administrator with the intent of obtaining fraudulent funding or underreported end-user revenue, or if any other irregularity occurs in the operation or administration of the Fund. Penalties that will be assessed to the contributing telecommunications provider are addressed in § 63.171 (relating to enforcement).

(8) Invest Fund moneys in interest-bearing instruments designed to minimize risk of loss while providing maximum liquidity. Return on investment shall be placed into the Fund. Permitted investments include:

(i) Marketable obligations directly and fully guaranteed by the United States government.

(ii) Federally-insured checking, money market accounts or certificates of deposit.

(iii) Other accounts expressly approved by the Commission.

(9) Promptly advise the Commission if the administrator projects any potential Fund shortfall or if Fund disbursements exceed receipts in a given month.

(10) In January of each year, mail reporting forms to each contributing telecommunications provider to acquire appropriate data to determine the following:

(i) Each contributing telecommunications provider's intraState end-user telecommunications retail revenue for the prior calendar year.

(ii) The Fund recipients' access line growth which translates into a dollar amount increase in the size of the next year's Fund.

(iii) Aggregate Statewide end-user intraState retail revenue of all contributing telecommunications providers for the previous calendar year.

(iv) Each contributing telecommunications provider's contribution for the following calendar year.

(11) Cooperate with the auditor selected by the Commission and provide data and information reasonably required to support audit activities.

(12) Promptly respond to Commission requests for information pertaining to Fund administration.

(13) Maintain adequate principal liability insurance coverage, criminal liability coverage, and a sufficient umbrella liability policy.

(14) Prepare reports of Fund activity for the Commission on a monthly basis detailing carrier assessments, delinquent payers, late-payment charges, fund disbursements, interest earned and cumulative results.

(15) Maintain records by contributor and by recipient.

(16) Provide additional reports as requested by the Commission.

(17) Maintain a statement of financial condition (balance sheet) and income statement for the total fund, and a sources and uses of funds statement, which will tie to the total Fund income statement.

(18) Deliver the balance sheet, income statement, and sources and uses of funds statement to the Fund auditor by May 1 of each year so that the auditor may prepare its report.

(19) Maintain a system of internal controls.

(20) Consider the auditor's report in preparing the annual report for submission to the Commission and include any undercollections or overcollections identified by the audit report in developing a proposed budget for the upcoming fiscal year.

(21) Submit the administrator's annual report by September 1 or 60 days following receipt of the audit report, whichever is later.

(22) With prior Commission approval, borrow monies to cover the short-term liabilities of the Fund caused by undercollections.

(23) At least 60 days before short-term borrowing is necessary, the administrator shall provide formal notice to the Commission which identifies the amount, the proposed lending source and the terms and conditions of the loan.

(24) Comply with the contract and Commission orders. Any dispute between the administrator and any contributing telecommunications provider shall be submitted to

the Commission for resolution.

(25) Have access to the books of account of all telecommunications service providers to the limited extent necessary to verify their intraState end-user telecommunications retail revenues and other information used by the administrator in determining assessments and disbursements for the Fund.

(26) Treat competitive and financial information received as confidential and proprietary and only release that information upon order of the Commission.

(27) Operate on a fiscal year which shall be the same as the calendar year.

§ 63.168. Auditor's duties.

(a) An independent external auditor chosen by the Commission will audit the Fund records covering both collections and disbursements for the fiscal year. The costs for conducting audits will be included in the computation of Fund requirements. Thereafter, an audit of the Fund collections and disbursements will be done annually.

(b) Following the audit, the Fund auditor will prepare and submit a report to the Commission and the administrator by July 1 of each year. The audit report should make recommendations regarding the finances of the Fund and should identify undercollections or overcollections experienced by the Fund in the previous year.

§ 63.169. Collection of universal service fund contributions.

(a) At the beginning of the calendar year, the administrator will provide monthly reporting forms to each contributing telecommunications provider. Each carrier will complete the form monthly using the calculation as described in § 63.165 (relating to calculation of contributions) and remit the form to the administrator along with its monthly contribution in full.

(b) Failure to make timely payment will result in the levy of a late payment charge of 1.5% per month pro rata per diem on the delinquent contribution.

(c) If a carrier's contribution to the Fund in a given year is less than \$120, that carrier will not be required to submit a contribution.

§ 63.170. End-user surcharge prohibited.

A telecommunications service provider may not implement a customer or end-user surcharge or any other direct or indirect charge to recover any contributions to the Fund.

§ 63.171. Enforcement.

A telecommunications service provider that fails to pay, in a timely manner, any contribution required under this subchapter may be prohibited from providing service in this Commonwealth and be subject to other penalty as authorized under law.

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 63]

Marking Fish

The Fish and Boat Commission (Commission) proposes to amend Chapter 63 (relating to general fishing regulations). The Commission is publishing this regulation as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The proposed regulation relates to tagging, branding, marking or finclipping fish.

A. *Effective Date*

The proposed regulation, if approved on final-form rulemaking, will go into effect on January 1, 2002, or upon publication of an order adopting the regulation in the *Pennsylvania Bulletin*, whichever occurs later.

B. *Contact Person*

For further information on the proposed regulation, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's website (<http://www.fish.state.pa.us>).

C. *Statutory Authority*

The proposed regulation is published under the statutory authority of section 2102 of the code (relating to rules and regulations).

D. *Purpose and Background*

The proposed regulation is designed to update, modify and improve the Commission's regulations pertaining to fishing. The specific purpose of the proposed regulation is described in more detail under the summary of proposal.

E. *Summary of Proposal*

Tagging, branding, marking and finclipping have been used to identify fish for a variety of reasons by fisheries scientists, angling organizations, commercial establishments and even individual anglers for years. Reasons for "marking" fish have been equally diverse from well designed studies aimed at answering a specific question to a means of dispersing awards or simply identifying repeat catches at an angler's favorite fishing spots. Devices for "marking" fish go from sophisticated radio transmitters to crude home-made creations, sometimes as plain as a bent paperclip inserted through the dorsal fin of a trout. Tags are readily available from a variety of commercial sources, not only those in the fisheries supply business but poultry and livestock suppliers as well. In addition, tags and tagging kits can be purchased through popular fishing tackle catalogs. Each year, Commission staff encounter anglers who have caught fish with tags often with no labels as to who applied the tag or a means to learn about the tagging.

Generally speaking, marked fish, particularly those with a skin piercing tag, are not better off from the activity. Commission biologists in conducting field studies requiring the marking of fish resort to tagging and fin clipping only as a last resort. These studies also must take into account mortality due to marking and behavior responses that may impact study results. Tagging efforts

by anglers often are at the worst time of the year for fish as warming water temperatures increase the likelihood that tagged fish may become infected due to the placement of tags and entry wounds.

When asked by the general public about tagging fish, Commission staff can only attempt to persuade the requestor to not do any, due not only to the limited information that might come from the effort, but the likelihood of damage and even death to tagged fish. Given the Commission's stewardship role in regard to fish and other aquatic life, the Commission is proposing a new regulation that prohibits tagging and other forms of marking except under certain conditions. The Commission proposes that the new regulation read as set forth in Annex A.

F. *Paperwork*

The proposed regulation will not increase paperwork and will create no new paperwork requirements.

G. *Fiscal Impact*

The proposed regulation will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed regulation will impose no new costs on the private sector or the general public.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about the proposed regulation to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically to ra-pfbcregs@state.pa.us. A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

PART II. FISH AND BOAT COMMISSION

Subpart B. FISHING

CHAPTER 63. GENERAL FISHING REGULATIONS

§ 63.45. Tagging, branding, marking and finclipping of fish.

(a) It is unlawful for a person to implant tracking devices in or to tag, brand, mark or fin clip any fish taken from the waters of this Commonwealth, unless the fish are purchased from an authorized commercial aquaculture facility, are part of a Commission-recognized and sanctioned stocking by a cooperative nursery, are authorized by a scientific collector's permit issued by the

Commission or are part of a tagged fish contest in a boundary lake for which the Commission has issued a permit.

(b) There shall be a rebuttable presumption that a person implanting a tracking device in or tagging, branding, marking or fin clipping a fish is in violation of this section if the person does not have in his possession proof that the fish was purchased from an authorized commercial aquaculture facility, is part of a Commission-recognized and sanctioned stocking by a cooperative nursery, is authorized by a scientific collector's permit or is part of a tagged fish contest in a boundary lake for which the Commission has issued a permit.

[58 PA. CODE CHS. 71 AND 73]

Propagation of Fish

The Fish and Boat Commission (Commission) proposes to amend Chapters 71 and 73 (relating to propagation and introduction of fish into Commonwealth waters; and transportation of live fish into this Commonwealth). The Commission is publishing these amendments as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The proposed amendments relate to fishing.

A. Effective Date

The proposed amendments, if approved on final-form rulemaking, will go into effect upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*.

B. Contact Person

For further information on the proposed amendments, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's website (<http://www.fish.state.pa.us>).

C. Statutory Authority

The proposed amendments to §§ 71.1 and 73.2 (relating to general; and authorized list) are published under the statutory authority of section 2102 of the code (relating to rules and regulations). The proposed amendments to § 71.2 and 71.3 (relating to live bait dealer's licenses; and propagation) are published under the statutory authority of section 2102 of the code and 3 Pa.C.S. § 4219 (relating to permissible propagation). The proposed amendment to § 71.7 (relating to triploid grass carp) is published under the statutory authority of section 2102 and section 2904 of the code (relating to permits for protection and management of particular fish).

D. Purpose and Background

The proposed amendments are designed to update, modify and improve the Commission's regulations pertaining to fishing. The specific purpose of the proposed amendments is described in more detail under the summary of proposal.

E. Summary of Proposal

On October 16, 1998, the General Assembly amended the Commonwealth's agriculture laws to designate aquaculture as a normal farming activity. These amendments transfer most administrative functions related to

commercial artificial propagation from the Commission to the Department of Agriculture (Department). On December 16, 1998, the Department began registering commercial propagators of fish and dealers in live aquatic animals. The Commission no longer issues artificial propagation licenses, live fish, fishbait and baitfish dealer licenses and resident and nonresident fish transportation licenses. Accordingly, Commission's regulations pertaining to the issuance of these licenses should be removed.

In addition, 3 Pa.C.S. 4219 (relating to permissible propagation) provides that the Commission will determine which species of fish are allowed to be propagated in each watershed and will provide the Department with the list. This section also provides that special regulations shall be promulgated regarding closed system propagation. Therefore, the Commission proposes the amendments to read as set forth in Annex A.

F. Paperwork

The proposed amendments will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed amendments will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendments to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically to ra-pfbcregs@state.pa.us. A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart B. FISHING

CHAPTER 71. PROPAGATION AND INTRODUCTION OF FISH INTO COMMONWEALTH WATERS

§ 71.1. General.

[(a) Species of fish for which "Propagation," "Live Bait Dealers" and "Transportation" permits will be issued are listed by the Commission. Lists will be made available upon request. Permits or

licenses will not be issued for propagation or introduction of fish into the waters of this Commonwealth other than those listed as approved by the Commission. Upon action of the Bureau of Fisheries, species of fish may be added to or deleted from these lists.

(b) Licenses and permits will state the common and scientific names of the species covered by the permit or license. The Commission reserves the right to revoke or refuse to issue permits or licenses that would result in the introduction of diseased fish or a particular species of fish into a watershed where it is not now present.

(c)] The introduction of grass carp or white amur into Commonwealth waters is prohibited except that triploid grass carp may be introduced into Commonwealth waters as provided in § 71.7 (relating to triploid grass carp). It is unlawful to propagate grass carp (diploid or triploid) in this Commonwealth.

§ 71.2. [Live bait dealer's licenses] Fish species approved for artificial propagation and introduction.

[The Bureau of Fisheries will maintain a list of species for which issuance of live bait dealers' licenses is authorized.] The Bureau of Fisheries will maintain a list of species by watershed for which the Department of Agriculture may issue registrations for artificial propagation and registrations for dealers of live aquatic animals. The Director of the Bureau of Fisheries may update or modify the list of authorized species by adding species to, or deleting species from, the list as necessary to provide for the protection and management of fish and fishing in this Commonwealth. The Commission will provide the list to the Department of Agriculture on or before January 31 each year and whenever the Commission updates or modifies the list. Copies of the list of authorized species are available upon request from the Pennsylvania Fish and Boat Commission, Bureau of Fisheries, 450 Robinson Lane, Bellefonte, Pennsylvania 16823.

§ 71.3. [Propagation] Closed system propagation.

(a) [The Bureau of Fisheries will maintain a list of species for which issuance of propagation licenses is authorized. The Director of the Bureau of Fisheries may update or modify the list of authorized species by adding species to, or deleting species from, the list as necessary to provide for the protection and management of fish and fishing in this Commonwealth. Copies of the list of authorized species are available upon request from the Pennsylvania Fish and Boat Commission, Bureau of Fisheries, 450 Robinson Lane, Bellefonte, Pennsylvania 16823.

(b) *Limited propagation licenses.* The Commission may issue an artificial propagation license for a species of fish not listed in subsection (a) if the applicant demonstrates to the satisfaction of the Executive Director, or a designee, that the propagation will occur in a closed system with essentially no chance of escapement of the fish into the waters of this Commonwealth. An artificial propagation

license issued for species of fish not listed in subsection (a) will be subject to additional restrictions the Executive Director, or a designee, may impose. The limited propagation license shall be considered experimental and is subject to suspension if fish escape into the waters of this Commonwealth or a license condition or restriction is violated. It is unlawful for a person issued a limited propagation license under this subsection to permit fish to escape into the waters of this Commonwealth, to violate a term, restriction or condition of the license or to continue to operate if the license is suspended.]

(a) *Closed (no discharge) system.* A propagating system may be designated as a closed system only if the following criteria are met:

(1) There will be 100% recycling water as normal operations.

(2) Closed systems will be housed indoors in a structure enclosed by solid walls, floor and roof.

(3) Water can be added to the system only for making up evaporative loss, cleaning and fish harvesting or to reduce toxic ammonia/nitrates by diluting.

(4) The system does not discharge water into waters of this Commonwealth.

(5) No live fish or live fish eggs will be allowed to escape with water discharges. Accidental spillage of live fish or live fish eggs (including truck loading, and the like) will be contained within the facility in a manner that will prevent fish and fish eggs from escaping into the waters of this Commonwealth.

(6) The system operator is registered with and the system has been inspected and approved by the Department of Agriculture (Department).

(b) *Systems with discharges rendered incapable of containing living organisms.* A system whose discharge of water is rendered incapable of containing self-perpetuating living organisms shall be registered with and inspected and approved by the Department to ensure that no living organisms are contained in the discharge. The registration of this system may include any species of fish with the approval of the Department

(c) *Escape of fish into waters of this Commonwealth.* It is unlawful for an operator of any system registered under subsection (a) or (b) to allow fish to escape into the waters of this Commonwealth.

(d) *Written plans for discharge.* An operator of any system registered under subsection (a) or (b) shall develop, maintain and make available for immediate inspection by the Commission and the Department upon request a written plan for containing or treating discharge in the event of a discharge system failure.

(e) *Satisfaction in event of discharge.* An operator of any system registered under subsection (a) or (b) shall notify both the Commission's Director of the

Bureau of Fisheries and the Department's Aquaculture Coordinator immediately in the event of a discharge system failure that is likely to contain viable living organisms.

§ 71.7. Triploid grass carp.

* * * * *

(d) *Dealers and importers.* In addition to the triploid grass carp permit required by subsection (c), [a license is required under section 3309 of the code (relating to live bait fish, live fish bait and live fish dealers licenses) to sell live triploid grass carp in this Commonwealth or to transport these fish into this Commonwealth. The following licenses are required by section 3309 of the code:

- (1) Resident live fish dealer license—\$25 per year.
- (2) Resident dealer's transportation license—\$10 per license.
- (3) Nonresident dealer's license—\$100 per year.] dealers and importers shall obtain and maintain all licenses, permits and registrations required by the Department of Agriculture for the sale or transportation of fish.

CHAPTER 73. TRANSPORTATION OF LIVE FISH INTO THIS COMMONWEALTH

§ 73.2. [Authorized list] (Reserved).

[The Bureau of Fisheries will maintain a list of species for which issuance of transportation permits is authorized. The Director of the Bureau of Fisheries may update or modify the list of authorized species by adding species to, or deleting species from, the list as necessary to provide for the protection and management of fish and fishing in this Commonwealth. Copies of the list of authorized species are available upon request from the Pennsylvania Fish and Boat Commission, Bureau of Fisheries, 450 Robinson Lane, Bellefonte, Pennsylvania 16823.]

STATEMENTS OF POLICY

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 57]

Deputy Waterways Conservation Officers

The Fish and Boat Commission (Commission) by this order adopts a statement of policy set forth in Chapter 57 (relating to statements of policy). The Commission is publishing this statement of policy under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The statement of policy relates to deputy waterways conservation officers.

A. *Effective Date*

This statement of policy will go into effect upon publication of this order adopting the statement of policy in the *Pennsylvania Bulletin*.

B. *Contact Person*

For further information on the statement of policy, contact Laurie E. Shepler, Assistant Counsel, (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This statement of policy is available electronically through the Commission's website (<http://www.fish.state.pa.us>).

C. *Statutory Authority*

The statement of policy is published under the statutory authority of section 305 of the code (relating to deputy waterways conservation officers).

D. *Purpose and Background*

The Commission's Bureau of Law Enforcement (Bureau) maintains detailed standard operating procedures pertaining to a variety of subjects, including deputy waterways conservation officers, their appointment, training, and the like. The Bureau's statements of policy set forth in §§ 57.41 and 57.42 (relating to deputy waterways conservation officers; and active deputy waterways conservation officers) also address these issues. To avoid some of the redundancy, the Commission has replaced the text of §§ 57.41 and 57.42 with the language set forth in Annex A.

E. *Paperwork*

The statement of policy will not increase paperwork and will create no new paperwork requirements.

F. *Fiscal Impact*

The statement of policy will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The statement of policy will impose no new costs on the private sector or the general public.

G. *Public Involvement*

Because this order adopts a statement of policy, and not amendments, the Commission was not required to publish a notice of proposed rulemaking in the *Pennsylvania Bulletin* or to solicit public comment.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The statement of policy of the Commission, 58 Pa. Code Chapter 57, is amended by amending § 57.41 and deleting § 57.42 to read as set forth at Annex A.

(b) The Executive Director shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PETER A. COLANGELO,
Executive Director

Fiscal Note: 48A-119. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart A. GENERAL PROVISIONS

CHAPTER 57. STATEMENTS OF POLICY

Subchapter C. LAW ENFORCEMENT POLICIES

§ 57.41. Deputy waterways conservation officers.

(a) The Commission's Bureau of Law Enforcement will establish and implement policies as necessary to administer a volunteer deputy waterways conservation officer program. The policies, at a minimum, shall address the following:

(1) Eligibility and procedure for appointment.

(2) Training, law enforcement procedures and firearms and other qualifications.

(3) Wearing of uniforms.

(b) Commissions for deputy waterways conservation officers expire on December 31 of the year in which they were issued. No person has a right, title or interest in being commissioned as a deputy waterways conservation officer nor an expectation that his commission will be reissued for a subsequent year. Commissions are issued until December 31 and no longer.

(c) The district waterways conservation officer or region manager may temporarily suspend the commission of a deputy waterways conservation officer for failure to comply with the policies established by the Bureau of Law Enforcement. The Executive Director or a designee may permanently revoke the commission of a deputy waterways conservation officer when revocation is deemed to be in the best interests of the Commission.

§ 57.42. (Reserved).

NOTICES

DEPARTMENT OF AGRICULTURE

Dog Control Facility Bill Reimbursement Grant Program

The Department of Agriculture (Department) hereby gives notice that it intends to award up to \$100,000 in grants under its Year 2002 Dog Control Facility Bill Reimbursement Program (Program). The Program will award bill reimbursement grants of up to \$7,500-per-recipient to humane societies or associations for the prevention of cruelty to animals that meet the guidelines and conditions of this Program. The Program will be funded from the Dog Law Restricted Account, from funds which are hereby declared to be "surplus" funds for the limited purposes set forth in the Dog Law (3 P.S. § 459-1002(b)).

The proposed guidelines and conditions for the Program are set forth as follows. These proposed guidelines and conditions are substantively identical to the guidelines and conditions for last year's "Dog Control Facility Bill Reimbursement Grant Program," published at 30 Pa.B. 5544 (October 28, 2000). In fulfillment in 7 Pa. Code § 23.4 (relating to conditions and guidelines), the Department invites public and legislative review of these proposed guidelines and conditions. Commentators should submit their comments, in writing, so they are received by the Department no later than 30 days from the date the proposed guidelines and conditions are published in the *Pennsylvania Bulletin*. Comments should be directed to Richard Hess, Director, Bureau of Dog Law Enforcement, Department of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408.

The Department will review and consider all written comments in preparing the final guidelines and conditions for the Program. The final guidelines and conditions for the Program will be published in the *Pennsylvania Bulletin* after the close of the comment period referenced. The Department will invite the submission of grant applications at that time.

Proposed Guidelines and Conditions for the Year 2002 Dog Control Facility Bill Reimbursement Grant Program

1. Definitions. The following words and terms, when used in these guidelines and conditions, have the following meanings:

Department—The Department of Agriculture.

Dog control—The apprehending, holding and disposing of stray or unwanted dogs or as otherwise defined in the Dog Law at 3 Pa.C.S. § 459-102.

Eligible Bill—A document seeking payment for materials, services or utilities from a grant recipient, setting forth the following:

- i. The date the document is issued.
- ii. The name and address of the humane society or association for the prevention of cruelty to animals to which the bill is issued.
- iii. If for materials, a description of the materials and the date of delivery.

- iv. If for services, a description of the nature of the services and the dates upon which the services were rendered.

- v. If for utilities (such as electricity, water, sewer, waste disposal and similar purposes), a statement of the period for which the utility, for which payment is sought, was provided.

- vi. The name, address and telephone number of the entity issuing the document.

Humane society or association for the prevention of cruelty to animals—A nonprofit society or association duly incorporated under 15 Pa.C.S. Ch. 53 Subch. A (relating to incorporation generally) for the purpose of prevention of cruelty to animals, or as otherwise defined in the Dog Law (3 Pa.C.S. § 459-102).

Program—The Year 2001 Dog Control Facility Bill Reimbursement Program.

2. Eligibility. A humane society or association for the prevention of cruelty to animals is eligible to apply to receive a grant under the Program if that humane society or association for the prevention of cruelty to animals:

- a. Has been in operation for at least 1 year immediately preceding the application date.

- b. Has performed dog control functions for at least 1 year immediately preceding the application date.

- c. Has, in the performance of its dog control functions, accepted at least 100 stray or unwanted dogs into its facility within the year immediately preceding the application date.

- d. Is not a party to a contract with the Department under which the Department pays that humane society or association for the prevention of cruelty to animals for dog control activities performed in the year 2002.

- e. Agrees—as a condition of receiving any grant money under the Program—to continue to perform dog control activities through the year 2002.

- f. Has a total operating budget of \$250,000 or less for the 2002 calendar year or, if its budget is on a basis other than calendar year, has a total operating budget of \$250,000 or less for each fiscal year comprising any portion of calendar year 2002.

3. Use of Grant Funds. The Department will allocate a specific maximum grant amount to a successful grant applicant through a written grant agreement. This maximum grant amount will be specified in the grant agreement, and will not exceed \$7,500 with respect to any application. The maximum grant amount will be retained by the Department and used to reimburse the grant recipient for eligible bills the grant recipient has paid with respect to materials, services or utilities provided to the grant recipient from January 1, 2002, through December 31, 2002. The total reimbursement the Department will pay a grant recipient will not exceed the maximum grant amount. Any money remaining in a grant allocation beyond the termination date of the grant agreement will lapse into the Dog Law Restricted Account. If a bill covers materials, services or utilities provided, in whole or in part, before January 1, 2002, or after December 31, 2002, that bill is not an eligible bill and will not be reimbursed by the Department under the Program.

4. Application Process.

a. *Application required.* A humane society or association for the prevention of cruelty to animals seeking a grant under the Program must complete a written application form and deliver it to the Department no later than 30 days from the date the final guidelines and conditions are published in the *Pennsylvania Bulletin*. Applications received by the Department beyond that date will not be considered.

b. *Obtaining an application form.* The Department will provide grant application forms upon request. Requests for application forms should be directed to Richard Hess, Director, Bureau of Dog Law Enforcement, Department of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 787-4833, Fax: (717) 772-4352.

c. *Contents of grant application form.* A grant application form shall require the following information:

- i. The name and address of the applicant.
- ii. Information to verify that the applicant is a humane society or association for the prevention of cruelty to animals and otherwise meets the eligibility requirements set forth in paragraph 2.
- iii. The maximum grant amount sought by the applicant—not to exceed \$7,500.
- iv. A description of the eligible bills for which the grant applicant intends to seek reimbursement, including a description (and copies, if available) of bills received by the applicant in 2001 for the same type of materials, services or utilities for which reimbursement will be sought under the grant agreement.

v. Other information as the Department might reasonably require.

5. Review and approval of grant application.

a. *Review and notification.* The Department will review each timely grant application and provide the applicant written notification of whether the Department awards the grant, denies the grant or awards a grant in some amount less than the applicant sought. This written notification will be mailed no later than 60 days from the date the final guidelines and conditions are published in the *Pennsylvania Bulletin*, to the address provided by the applicant on the grant application form. If an application is incomplete or the Department requires additional information or documentation in order to evaluate the grant request, it will so advise the applicant.

b. *Review criteria.* The Department will consider the following, among other factors, in determining whether to award a grant application:

- i. The number of applications received and the availability of funds for the grants sought.
- ii. The relative contribution of the applicant to dog control activities in the area it serves.

iii. The relative contribution of the applicant to dog control as compared to the relative contribution of other applicants.

iv. The relative importance of the grant to the continued operation of the applicant's dog control facility.

v. The expense or logistical difficulty the Department would encounter if the applicant's dog control facility was no longer in operation.

6. Grant agreement.

a. *Grant agreement required.* A successful grant applicant must execute a grant agreement with the Department, setting forth the terms and conditions under which the grant money will be used by the Department to reimburse the grant recipient for payment of eligible bills.

b. *Reimbursement requests.* The grant agreement will set forth the exact procedure by which a grant recipient shall seek reimbursement from the Department for payment of eligible bills. The basic reimbursement request procedure will be as follows:

By May 15, 2002, the grant recipient will: (1) deliver copies of the eligible bills it has paid between January 1 and April 30, 2002; (2) verify that these bills have been paid and are eligible for reimbursement; and (3) provide a detailed report of the dog control activities performed by the successful applicant during the referenced 4-month period.

By September 15, 2002, the grant recipient will: (1) deliver copies of the eligible bills it has paid between May 1, and August 31, 2002; (2) verify that these bills have been paid and are eligible for reimbursement; and (3) provide a detailed report of the dog control activities performed by the successful applicant during the referenced 4-month period.

By January 15, 2003, the grant recipient will: (1) deliver copies of the eligible bills it has paid between September 1, and December 31, 2002; (2) verify that these bills have been paid and are eligible for reimbursement; and (3) provide a detailed report of the dog control activities performed by the successful applicant during the referenced 4-month period.

c. *Payment by the Department.* The Department will reimburse a grant recipient for eligible bills within 60 days of receiving a complete and timely reimbursement request.

d. *Termination.* The Department may terminate a grant agreement at any time by providing the grant recipient written notice of termination at the address set forth on the grant application.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS

NPDES APPLICATIONS

PART I PERMITS

Under the Federal Clean Water Act and the Pennsylvania Clean Streams Law, the following parties have applied for an NPDES permit or to renew their current permit to discharge controlled wastewaters into the waters of this Commonwealth or to conduct other activities required by the NPDES permit. For renewal applications listed in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements. For all new permit applications, renewal application with major changes or applications for permits not waived by EPA, the Department, based upon preliminary reviews, also made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications listed in Section II. All Oil and Gas Related permit applications are listed under Section III. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement, to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant. Following the comment period, the Department's Water Management Program Manager will make a final determination regarding these applications. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The renewal application, including proposed effluent limitations and special conditions, is available on file. For new permit applications, information submitted with the applications is available on file. The information may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability, who require an auxiliary aid service, including TDD users or other accommodations to seek additional information, should contact the Department through the Pennsylvania AT&T Relay service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Non-Waived Permit Applications

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Application No. PA 0088692, CAFO, Frey Dairy Farms, Inc., 2646 River Road, Conestoga, PA 17516-9326.

Frey Dairy Farms, Inc. has submitted an application for an Individual NPDES permit for an existing Concentrated Animal Feeding Operation (CAFO) known as Frey Dairy Farm, located at 2646 River Road, Conestoga, PA in Manor Township, **Lancaster County**.

The CAFO is situated near Wisslers Run in Watershed 7-J, which is classified for high quality cold water fishery. The CAFO is designed to maintain an animal population of approximately 2,480 animal equivalent units (AEUs) consisting of 2,200 dairy cows. Manure is collected in manure storage lagoons. The total capacity of the manure storage facilities is 7.5 million gallons, including 2 feet of freeboard. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the draft permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department. Individuals may make an appointment to review the files by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

Persons wishing to comment on the proposed permit are invited to submit written comments to the above address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

PA No. 0009164, Industrial Waste SIC Code 3312, Standard Steel, Division of Freedom Forge Corporation, 500 North Walnut Street, Burnham, PA 17009.

Application No. PA 0008265, SIC Code 1518, Industrial Waste, **Appleton Papers Inc.** (Spring Mill), 100 Paper Mill Road, Roaring Spring, PA 16673-1488.

This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Frankstown Branch Juniata River in Watershed 11-A, in Blair Township, **Blair County**.

The receiving stream is classified for warm water fishes, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was United Water Company located in Susquehanna Township, Dauphin County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 4.84 MGD are:

Application No. PA 0007773, SIC Code 3471, Industrial Waste, **Electroplaters of York, Inc.**, 209 East Willow Street, Wrightsville, PA 17368.

This application is for renewal of an NPDES permit for an existing discharge of treated sewage to the Susquehanna River, in Wrightsville Borough, **York County**.

The receiving stream is classified for warm water fishery, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was Red Lion Municipal Authority located in York County. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.06 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

This proposed facility is located in Pine Township, **Columbia County**.

Description of Proposed Activity: This proposed action is for the issuance of a permit for discharge of stormwater runoff from a sawmill.

The receiving stream, Kline Hollow Run, is in the Fishing Creek watershed (SWP 5C) and is classified for: Exceptional Value. The nearest downstream public water supply intake for, located on Fishing Creek is 10 miles below the point of discharge.

The proposed effluent limits for Outfalls 001 and 002 are based on Best Management Practices.

PA0026310, Sewerage SIC 4952, **Clearfield Municipal Authority**, 107 East Market Street, Clearfield, PA 16830.

This proposed facility is located in Lawrence Township, **Clearfield County**.

Description of Proposed Activity: This proposed action is for the renewal of a NPDES permit for the discharge of treated sewage effluent.

The receiving stream, the West Branch Susquehanna River, is in the 8-B Chest Watershed and classified for warm water fishery and aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 based on a design flow of 4.5 mgd:

Parameter	Concentration (mg/l)		
	Average Monthly	Average Weekly	Instantaneous Maximum
CBOD ₅	25	40	50
TSS	30	45	60
Chlorine Res. (T)	0.5		1.6
Fecal Coliforms

(10-1 to 4-30)	2,000/100 ml as a geometric mean		
pH	6.0 to 9.0 at all times		

In addition to the effluent limits, the permit contains the following major special conditions:

1. Combined Sewer Overflow (CSO) monitoring.

PAS804801, Industrial Waste, SIC Code 4512,4513,45,22,4581, **University Park Airport/PSU**, 2535 Fox Hill Road, University Park, PA 16802.

This proposed permit is for an existing facility is located in Benner Township, **Centre County**.

Description of Industrial Activity: The permittee is classified as a regional airport facility served by commuter airlines, cargo transport and general aviation services. Industrial activities include those typically found at airports such as aircraft refueling, washing, maintenance and deicing.

The receiving streams, Spring Creek and Buffalo Creek, are in the State Water Plan watershed (9-C) and are classified for High-Quality Cold Water Fisheries. The nearest downstream public water supply intake for future assumed intake located on Bald Eagle Creek is approximately 31 river miles below the point of discharge.

The proposed effluent limits for all Outfalls are based on a design flow of which varies with storm rainfall intensity.

This permit establishes effluent limitations in the form of implemented Best Management Practices (BMPs) such as Preparedness, Prevention and Contingency Plans and Erosion and Sedimentation Control Plans which restrict the rates and quantities of pollutants discharged into surface waters of the Commonwealth.

In addition to the effluent limits, the permit contains the following major special conditions.

1. De-icing Facility Upgrade Compliance Schedule and Outfall 001 Monitoring Activities.

PA0228443, CAFO 0241, **Paul Dotterer & Sons Inc.**, 6795 Nittany Valley Road, Mill Hall, PA 17751.

This existing facility is located in Potter Township, **Clinton County**.

Description of Existing Activity: Concentrated animal feeding operation (CAFO) for 1,141.7 animal equivalent units (AEU) of dairy cows, heifers, young stock, young heifers and calves.

The receiving stream, Cedar Run, is in the State Water Plan watershed 9C Watershed and classified for High Quality Cold Water Fishes (HQ-CWF).

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the State narrative water quality standards.

PA0228401, CAFO, SIC 0241, **Schrack Farms Partnership**, 860 West Valley Road, Loganton, PA 17747.

This existing facility is located in Greene Township, **Clinton County**.

Description of Proposed Activity: Schrack Farms contains a dairy Concentrated Animal Feeding Operation (CAFO) operated with the primary purpose of generating milk. The estimated population of the CAFO will be maintained at 610 milk cows and 468 replacement heifers, totaling 1,275 Animal Equivalent Units (AEUs).

The receiving stream, Fishing Creek, is in the Bald Eagle Creek Watershed (SWP 9-C) and is classified for: High Quality—Cold Water Fishes (HQ-CWF).

The proposed effluent limits for the operation/activity include: except for the chronic or catastrophic rainfall events defined as over the 25 year/24 hour rain storms, the CAFO permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the State narrative water quality standards.

PA0205877-A1, Sewage, **Redstone Township Sewer Authority**, P. O. Box 751, Republic, PA 15475.

This application is for amendment of an NPDES permit to discharge treated sewage from Redstone Township Sewer Authority Wastewater Treatment Plant in Redstone Township, **Fayette County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Dunlap Creek, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the: California Water Company located on the Monongahela River.

Outfall 001: existing discharge, design flow of 0.45 mgd.

PA0006343, Industrial Waste. **AK Steel Corporation—Butler Operations**, P. O. Box 832, 210 Pittsburgh Road, Butler, PA 16003-0832.

This proposed facility is located in Butler Township and the City of Butler, **Butler County**.

Description of Proposed Activity: discharge of treated I.W., noncontact cooling water and stormwater.

The receiving stream, Connoquenessing Creek (Outfalls 001—005, 007—016), Sawmill Run (Outfalls 006 and 026), Rocklick Run (Outfalls 017—024) and Sullivan Run (Outfall 025), is in watershed 20-C and classified for: warm water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is Zelenople Municipal Water Works on Connoquenessing Creek located at Zelenople, approximately 20 miles below point of discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 0.341 MGD.

**APPLICATIONS UNDER THE PENNSYLVANIA
CLEAN STREAMS LAW**

PART II PERMITS

The following permit applications or requests for plan approval have been received by the Department of Environmental Protection (Department). The applications are listed in two categories. Section I lists all municipal and industrial permits and Section II lists oil and gas related permit applications.

Persons wishing to comment on any of the applications are invited to submit a statement to the office noted

above the application within 15 days from the date of this public notice. Comments received within this 15-day comment period will be considered in making the final decision regarding the application. The comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department reserves the right to hold a public hearing if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation of the area. If no hearing is held, the Department's Water Management Program Manager will make a final determination regarding the applications after a complete review. Notice of

this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

A copy of the permit application or proposed plan is on file in the office indicated and is open to public inspection. Appointments to review the application may be made by contacting Records Management at the indicated telephone number.

I. Industrial Waste and Sewerage Applications under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

WQM Permit No. 6401402, Sewerage, **Waymart Area Authority**, P. O. Box 3300, Waymart, PA 18472-0224.

This proposed facility is located in Waymart Borough and Canaan Township, **Wayne County**.

Description of Proposed Action/Activity: Phase I of the project involves construction of sanitary sewers and force mains to collect and convey sewage to the Waymart Area Wastewater Treatment Plant. Phase II of the project will include the upgrade of the WWTP from a 0.21 MGD facility to a 0.715 MGD facility and the installation of approximately 1,600 ft. of a gravity interceptor from the Borough. Phase II will also include a 14,000 ft. pipeline to convey the effluent to a discharge point located along Van Auken Creek downstream of Keen Lake in Canaan Township.

Southcentral Region: Water Management Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

WQM Permit No. 0501404, Sewerage, **Richard Henderson**, P. O. Box 233, Bedford, PA 15522.

This proposed facility is located in East St. Clair Township, **Bedford County**.

Description of Proposed Action/Activity: Construction/Operation of a small flow sewage treatment system to serve their single family residence on Pigeon Hill Road.

WQM Permit No. 6701406, Sewerage, **Manchester Township Municipal Authority**, 3200 Farmtrail Road, York, PA 17402.

This proposed facility is located in Manchester Township, **York County**.

Description of Proposed Action/Activity: Replacement of the Asland Heights Phase II pumping station with the Willow Creek Pump Station to serve the Bentley Croft Subdivision for conveyance to the York City Sewer Treatment Plant.

WQM Permit No. 2101404, Sewerage, **Silver Spring Township Authority**, 6475 Carlisle Pike, Mechanicsburg, PA 17055.

This proposed facility is located in Silver Spring Township, **Cumberland County**.

Description of Proposed Action/Activity: Construction/Operation of the Cumberland Valley Motors/Team Rahal Sewer Extension & Pump Station.

NPDES Stormwater Individual Permit

The following parties have applied for an NPDES permit to discharge stormwater associated with a construction activity into waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regula-

tions, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard,

the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

Proposed French Creek Center (East), Former Phoenix Iron & Steel Site, Phoenixville Borough, **Chester County**. Jeffrey A. Smith, P.G., Langan Engineering & Environmental Services, Inc., on behalf of Phoenix Property Group, The Delta Organization, Inc., 72 E. Swedesford Rd., Suite 214, Malvern, PA 19355-1488, has submitted a Notice of Intent to Remediate site soil, groundwater and surface water contaminated with PCBs, lead, heavy metals, BTEX, petroleum hydrocarbons, polycyclic aromatic hydrocarbons and solvents. The applicant proposes to remediate the site to meet Site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in *The Phoenix* on May 19, 2001.

Proposed French Creek Center (West), Former Phoenix Iron & Steel Site, Phoenixville Borough, Chester County. Jeffrey A. Smith, P.G., Langan Engineering & Environmental Services, Inc., on behalf of Phoenix Property Group, The Delta Organization, Inc., 72 E. Swedesford Rd., Suite 214, Malvern, PA 19355-1488, has submitted a Notice of Intent to Remediate site soil, groundwater and surface water contaminated with PCBs, lead, heavy metals, BTEX, petroleum hydrocarbons, polycyclic aromatic hydrocarbons and solvents. The applicant proposes to remediate the site to meet Site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in *The Phoenix* on May 19, 2001.

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

D. B. Fisher Charter Bus Service, Borough of Palmyra, Lebanon County. Storb Environmental, 410 North Easton Road, Willow Grove, PA 19090 (on behalf of D. B. Fisher Charter Bus Service, c/o 1715 Grace Avenue, Lebanon, PA 17046) has submitted a Notice of Intent to Remediate site soils contaminated with BTEX and PHCs. The applicant proposes to remediate the site to meet the Statewide Health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Lebanon Daily News* on May 22, 2001.

Ameristeel Facility, Spring Garden Township, York County. ARM Group Inc., 1129 West Governor Road, P. O. Box 797, Hershey, PA 17033-0797 (on behalf of WDB Corporation Inc., c/o W. D. Brougher, 1200 Country Club Road, York, PA 17403) has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet the Site-Specific standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *York Daily Record* on June 6, 2001.

Buonarroti Trust Property, Susquehanna Township, Dauphin County. Mavickar Environmental Consultants, Inc., 1240 North Mountain Road, Harrisburg, PA 17112 (on behalf of The Buonarroti Trust, 3601 Vartan Way, Harrisburg, PA 17110) has submitted a Notice of Intent to Remediate site groundwater contaminated with heavy metals and solvents. The applicant proposes to remediate the site to meet the Site-Specific standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Harrisburg Patriot News*.

Reading LLC, City of Reading, Berks County. Earth Tech, Two Market Plaza Way, Mechanicsburg, PA 17055 (on behalf of Reading LLC, 1650 Des Peres Road, Suite 303, Saint Louis, MO 63131) has submitted a Notice of Intent to Remediate site groundwater contaminated with heavy metals and PHCs. The applicant proposes to remediate the site to meet the Statewide Health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Reading Eagle/Reading Times*.

Lancaster County Central Park Shuts Environmental Library, West Lampeter Township, Lancaster County. Alternative Environmental Solutions, Inc., 930 Pointview Avenue, Suite B, Ephrata, PA 17522 (on behalf of Lancaster County Department of Parks and Recreation, 950 Eshelman Road, Lancaster, PA 17602) has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with BTEX and PHCs. The applicant proposes to remediate the site to meet the

Statewide Health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Lancaster Intelligencer Journal* on May 25, 2001.

Brewery Products, Springettsbury Township, York County. React Environmental Services, Inc., 6901 Kingessing Avenue, Philadelphia, PA 19142 (on behalf of Stover Fuel Oil Company, P. O. Box 117, Hershey, PA 17033) has submitted a Notice of Intent to Remediate site soils and groundwater contaminated with BTEX. The applicant proposes to remediate the site to meet the Statewide Health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *Harrisburg Patriot News* on May 7, 2001.

Caterpillar, Inc., Springettsbury Township, York County. Earth Tech, Two Market Plaza Way, Mechanicsburg, PA 17055 (on behalf of Fenton & Bowles, LLC, 1650 Des Peres Road, Suite 303, Saint Louis, MO 63131 and Caterpillar, Inc., 100 NE Adams Street, Peoria, IL 61629-3315) has submitted a Notice of Intent to Remediate site soils contaminated with BTEX and PAHs. The applicant proposes to remediate the site to meet the Statewide Health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *York Daily Record*.

Defense Distribution Depot Susquehanna PA SWMU 6, Fairview Township, York County. Defense Distribution Depot, Susquehanna, PA, 2001 Mission Drive, Suite 1, New Cumberland, PA 17070-5002 has submitted a Notice of Intent to Remediate site soils contaminated with solvents. The applicant proposes to remediate the site to meet the Statewide Health standard requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *York Daily Record* on June 11, 2001, and the *Harrisburg Patriot News* on June 12, 2001.

INFECTIOUS AND CHEMOTHERAPEUTIC WASTE TRANSPORTER LICENSES

Applications received or withdrawn under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Infectious and Chemotherapeutic Waste Law (35 P. S. §§ 6019.1—6019.6) and regulations to transport infectious and chemotherapeutic waste.

York Hospital, 1001 S. George Street, York, PA 17405. License No. **PA-HC 0017.** Received on June 14, 2001.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community

and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that DEP has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts, which serve as the basis for the objections. If DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Contact: James Parette, New Source Review Chief, (570) 826-2531.

48-302-103: Northampton Pulp LLC (6 Horwith Drive, Northampton, PA 18067) for reactivation of a natural gas fired boiler at the facility in Northampton Borough, **Northampton County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Contact: Ronald Davis, New Source Review Chief, (717) 705-4702.

06-03078A: Brush Wellman Inc. (P. O. Box 973, Reading, PA 19603) for construction of a pickling line controlled by four wet scrubbers in Perry Township, **Berks County**.

21-05046A: Lindy, Inc. (R. D. 3 Box 24, Northgate Industrial Park, New Castle, PA 16105) for construction of a portable hot mix asphalt plant controlled by a fabric filter at the Carlisle Plant in Upper Frankford Township, **Cumberland County**. This construction is subject to 40 CFR Part 60, Subpart I—Standards of Performance for Hot Mix Asphalt Facilities and 40 CFR Part 60, Subpart Kb—Standards for Performance for Volatile Organic Liquid Storage Vessels.

67-05004B: P. H. Glatfelter Co. (228 South Main Street, Spring Grove, PA 17362) for the use of the existing No. 5 Power Boiler as the primary control device for Low Volume, High Concentration (LVHC) Noncondensable Gases at the Spring Grove Mill located in Spring Grove Borough, **York County**. The LVHC NCGs are currently being burned in the No. 1 and No. 4 Power Boilers. Burning the gases in the No. 5 Power Boiler will reduce mill sulfur dioxide (SO₂) emissions due to the SO₂ controls used at the No. 5 Power Boiler. The No. 5 Power Boiler is also equipped with an electrostatic precipitator for the control of particulate matter. This modification is subject to 40 CFR Part 60, Subpart BB—Standards of Performance for Kraft Pulp Mills and 40 CFR Part 63, Subpart S—National Emission Standards for Hazardous Air Pollutants from the Pulp and Paper Industry.

67-05004C: P. H. Glatfelter Co. (228 South Main Street, Spring Grove, PA 17362) for construction and operation of a High Volume Low Concentration (HVLC) gas collection system on the softwood pulping line at the Spring Grove Mill located in Spring Grove Borough, **York County**. The HVLC collection system will be used to collect vent gases from the softwood pulping operation and convey them to the No. 3 Recovery Boiler where they will be burned to reduce mill emissions of Volatile Organic Compounds (VOCs), Hazardous Air Pollutants (HAPs) and Total Reduced Sulfur (TRS) compounds. This construction is subject to 40 CFR Part 63, Subpart S—National Emission Standards for Hazardous Air Pollutants from the Pulp and Paper Industry.

49-399-007A: Reagent Chemical and Research, Inc. (124 River Road, Middlesex, NJ 08846) for construction of a biodegradable target line incorporating a molten sulfur storage tank and associated air cleaning device (a fume treatment tank), three bulk material storage silos and associated air cleaning devices [three fabric collectors], a dry mix tank and associated air cleaning device (a fabric collector), a product mix tank and a remelt tank and associated air cleaning device (a fume treatment tank) in Coal Township, **Northumberland County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Contact: William Charlton, New Source Review Chief, (412) 442-4174.

11-00285A: Whitaker Roads Corp.—Johnstown Asphalt Plant (P. O. Box 5657, Johnstown, PA 15904) for construction of an asphalt plant in Richland Township, **Cambria County**.

32-00297C: Creps United Publications (1163 Water Street, P. O. Box 746, Indiana, PA 15701) for construction of an offset press at the Christy Park Drive Facility in White Township, **Indiana County**.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, Contact: Thomas McGinley, New Source Review Chief, (610) 832-6242.

15-0104A: Tasty Baking Oxford, Inc. (700 Lincoln Street, Oxford, PA 19363) for the increase of production on Production Line Nos. 1, 2 and 3 at their facility in Oxford Borough, **Chester County**. This facility makes bakery products. The production increase will result in an increase of 24.99 tons per year of volatile organic compounds (comprising mostly of ethanol), making the facility a Title V facility. Particulate matter emissions will also increase by 0.58 tons per year. The Plan Approval will contain recordkeeping and operating restrictions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Contact: Ronald Davis, New Source Review Chief, (717) 705-4702.

06-05007A: Carpenter Technology Corp. (P. O. Box 14662, Reading, PA 19612-4662) for modification of four boilers at Boiler House No. 48 in the City of Reading, **Berks County**. Two of the boilers are subject to 40 CFR Part 60, Subpart Dc—Standards of Performance for Small Industrial, Commercial, Institutional, Steam Generating Units. Each boiler will have hourly emission limits. The boilers will have a combined potential to emit limit of 18.5 tons per year of sulfur dioxide, 24.8 tons per year of nitrogen oxides and 10.2 tons per year of carbon monoxide. The plan approval will include monitoring, record keeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements. The plan approval will be incorporated into the Title V operating permit in accordance with 25 Pa. Code § 127.450. (Administrative Amendment)

28-03037: Greencastle Metal Works, Inc. (P. O. Box 838, Chambersburg, PA 17201) for installation of a paint spray booth for metal finishing at the existing facility in Chambersburg Borough, **Franklin County**. The plan approval and operating permit will contain monitoring, record keeping and reporting requirements to ensure compliance with the applicable air quality requirements.

36-05072: Mount Joy Wire Corp. (1000 East Main Street, Mount Joy, PA 17552) for an administrative amendment for a change in the type of solvent used in the facility's degreasing operations located in the Borough of Mount Joy, **Lancaster County**. This amendment is Revision #1 of the facility's Title V operating permit.

36-05082A: Clark Filter, Inc. (3649 Hempland Road, Lancaster, PA 17601) for construction of a vacuum pleater oven controlled by a catalytic oxidizer. This modification will effectively increase the facility's potential Volatile Organic Compound (VOC) emissions by approximately 700 lbs. per year. Conditions in the permit will limit the VOC content of the coatings in accordance with 25 Pa. Code § 129.52. The plan approval and operating permit will include monitoring, record keeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements. The plan approval will be incorporated into the Title V

operating permit in accordance with 25 Pa. Code § 127.450. (Administrative Amendment).

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701. Contact: Muhammad Zaman, Facilities Permitting Chief, (570) 327-3637.

53-00005: Dominion Transmission Corp.—Greenlick Station (625 Liberty Avenue, Pittsburgh, PA 15222-3199) for their Natural Gas Transmission facility in the Stewardson Township, **Potter County**. The Title V Operating Permit revision is to incorporate conditions from Plan Approval 53-0003B for operation of a 26.5 MMBtu/hr natural gas pipeline heater. The installation of the heater increases the facility's potential to emit nitrogen oxides by 4.20 tons per year, carbon monoxide by 42.18 tons per year and volatile organic compounds by 6.61 tons per year.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104, Contact: Thomas Huynh, Chief, (215) 823-7584.

96-022: University of Pennsylvania Health System—Presbyterian Medical Center (51 North 39th Street, Philadelphia, PA 19104) to revise the operating permit issued September 23, 1999, to remove a condition related to opacity emissions from ash handling for an incinerator that was included in the original permit but is not applicable to the facility in the City of Philadelphia, **Philadelphia County**. The condition is not part of 40 CFR Subpart Ce, the applicable regulation for the incinerator.

95-085: Episcopal Hospital (100 East Lehigh Avenue, Philadelphia, PA 19125) to revise the operating permit issued September 23, 1999, to remove a condition related to opacity emissions from ash handling for an incinerator that was included in the original permit but is not applicable to the facility in the City of Philadelphia, **Philadelphia County**. The condition is not part of 40 CFR Subpart Ce, the applicable regulation for the incinerator.

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Contact: James Parette, New Source Review Chief, (570) 826-2531.

54-321-006B: Guilford Mills (Penn Dye and Finishing Co. 1 Penn Dye Street, Pine Grove, PA 17963) for operation of Tenter Frame #3 and associated air cleaning device at the facility in Pine Grove Borough, **Schuylkill County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Contact: Ronald Davis, New Source Review Chief, (717) 705-4702.

06-03031: NGK Metals Corporation (P. O. Box 13367, Reading, PA 19612) for a Natural Minor Operating Permit for a beryllium alloy manufacturing facility controlled by fabric collectors in Muhlenberg Township, **Berks County**. These sources are subject to 40 CFR Part 61, Subpart C—National Emission Standard for Beryllium.

22-03022: Wenger's Feed Mill, Inc. (101 West Harrisburg Avenue, Rheems, PA 17570-0026) for a Natural Minor Operating Permit for a feed mill controlled by nine fabric filters in Lykens Township, **Dauphin County**. The natural minor operating permit shall contain additional record keeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

36-05015B: Dart Container Corporation of PA (60 East Main Street, Leola, PA 17540) for a Title V Operating Permit for a direct injection foam processing operation in Upper Leacock Township, **Lancaster County**.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, Contact: David Aldenderfer, Program Manager, (570) 327-3637.

55-00016: Conestoga Wood Specialities Corp.—Beavertown Plant (441 West Market Street, Beavertown, PA 17813-9795) for their wood cabinet making facility in Beavertown Borough, **Snyder County**. The facilities main sources include two fuel oil fired boilers. These sources have the potential to emit major quantities of sulfur oxides(SOx). The facility has taken restrictions on type of fuel and fuel usage to limit potential SOx emissions below Title V thresholds. The facility has the potential to emit, nitrogen oxides (NOx), particulate matter (PM), carbon monoxide (CO), hazardous air pollutants (HAPs) and volatile organic compounds (VOCs) the major emission thresholds.

59-00010: Eagle Family Foods (125 East Avenue, Wellsboro, PA 16901) for their Food Processing Facility in Wellsboro, **Tioga County**. The facility's main sources include three natural gas/fuel oil fired boilers and a steam generator. These sources have the potential to emit major quantities of sulfur oxides (SOx). The facility has taken fuel oil and emissions limitations to fall Title V thresholds. The facility has the potential to emit nitrogen oxides (NOx), particulate matter (PM), carbon monoxide (CO), volatile organic compounds (VOCs) and hazardous air pollutants (HAPs) below the major emission thresholds.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104, Contact: Roger Fey, Chief, (215) 823-7584.

00-008: Roto-Die Co., Inc. (2850 Comly Road, Philadelphia, PA 19154) for the process of repairing rotary dies which are utilized by the printing industry, consisting of cleaning, grinding, sharpening, testing, chrome stripping and chrome plating for their facility in the City of Philadelphia, **Philadelphia County**. The Natural Minor facility's air emission sources include a hard chromium electroplating system/stripping process consisting of one 108 gallon strip tank and one 108 gallon plating tank controlled by an air pollution control system consisting of a Pre-Filter Mist Eliminator, Enforcer III Composite Mesh-Pad System and HEPA filters. The facility has been deferred from Title V permitting until December 9, 2004.

96-010: Philadelphia Tramrail Co. (2201 East Ontario Street, Philadelphia, PA 19134) for manufacturing of overhead cranes and hydraulic balers and compactors in the City of Philadelphia, **Philadelphia County**. The Natural Minor facility's air emission sources include three 1.75 MMBTU/hr no. 2 oil-fired space heaters and two painting stations with filters.

OPERATING PERMITS

PUBLIC HEARINGS

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Contact: Devendra Verma, New Source Review Chief, (814) 332-6940.

The Pennsylvania Department of Environmental Protection will conduct a public hearing on July 24, 2001 beginning at 1 p.m. in the Air Quality Conference Room of the DEP Regional Office Building located at 230 Chestnut Street, Meadville, PA 16335-3407.

The hearing is for DEP to accept testimony concerning the Department's decision to approve, with conditions, Reasonably Available Control Technology (RACT) plan by **Werzalit of America, Inc.**, 40 Holley Avenue, Bradford, PA.

To meet the requirements under 25 Pa. Code §§ 129.91—129.95 (RACT), concerning the emissions of oxides of nitrogen (NOx) and volatile organic compounds (VOC) from various air contamination sources. The final RACT proposal will be submitted to the U.S. Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan. This facility is located in **McKean County**.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facility and will be submitted to the U.S. Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary VOC RACT determination for Werzalit of America:

<i>Process</i>	<i>RACT</i>
Casual Furniture and Architectural Cladding	Resin usage shall not exceed 3.60 million pounds in any consecutive 12-month period. Methanol content of the resin shall not exceed 0.5% by weight. Methanol emissions from resin usage shall not exceed 9.0 ton in any consecutive 12-month period. Formaldehyde emissions from resin usage shall not exceed 3.5 ton in any consecutive 12-month period.
Process Paint Line	VOC emissions shall not exceed 4.10 lb/hr, 9.84 ton in any consecutive 12-month period. Hours of operations shall not exceed 4,800 hrs/yr.
Chipping/Drying	De minimis
Wood and Wood Product Fired Boiler	De minimis

For the previous facility, a Public Hearing will be held for the purpose of receiving comments on the previous proposed Plan Approvals and/or Operating Permits and the proposed SIP revisions. The public hearing is scheduled as follows:

July 24, 2001
1 p.m.—3 p.m.

DEP Meadville Regional Office
Air Quality Conference Room
230 Chestnut Street
Meadville, PA 16335-3407

Persons wishing to present testimony at the hearing should contact Lori McNabb, Air Quality Program, DEP, 230 Chestnut Street, Meadville, PA 16335-3494 (814) 332-6940) at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony are required. Each organization is requested to designate one witness to present testimony in its own behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Lori McNabb (814) 332-6940, or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing but wish to comment should provide written comments to the above noted DEP contact person. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents (applications, review memos and draft approvals) are also available for review from 8 a.m. to 4 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP contact person noted previously.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will

incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Bureau of Abandoned Mine Reclamation, P. O. Box 8476, Harrisburg, PA 17105-8476.

Under Act 181 of 1984, the Department of Environmental Protection gives notice of an unsolicited proposal received from **Hoffman Mining, Inc.**, Friedens, PA, to reclaim an abandoned surface mine in Adams Township, **Cambria County**. The Department intends to enter into negotiations with Hoffman Mining, Inc. to contract for site reclamation, if funding is available.

The project, **DMF 011-101.1**, involves reclamation of a dangerous highwall abandoned by Meadows and Leonard Mining, Inc. where the Department under Permit Number SMP 11831301 forfeited bonds.

Hoffman Mining, Inc. proposes to revegetate about 20 acres. All areas will be regraded to promote surface drainage and provide integration with surrounding unmined areas.

Interested parties should send comments to Richard L. Joyce, Bureau of Abandoned Mine Reclamation, P. O. Box 8476, Harrisburg, PA, no later than 4 p.m., July 30, 2001.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications and requests for Environmental Assessment approval and requests for Water Quality Certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Initial requests for 401 Water Quality Certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8 a.m. and 4 p.m. on each working day at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E46-888. Eagle Lodge Conference Center and CC, Ridge Pike and Manor Road, Lafayette Hill, PA 19444, Whitmarsh Township, **Montgomery County**, ACOE Philadelphia District.

To perform the following activities associated with the proposed reconstruction of the Eagle Lodge Conference Center and Country Club located at the corner of Ridge Pike and Manor Road (Germantown, PA Quadrangle N: 13.9 inches; W: 17.0 inches).

1. To relocate 995 linear feet of an unnamed tributary of the Schuylkill River (WWF). The relocation work will commence at the outfall of the existing spring house; route through a proposed nonjurisdictional dam and its appurtenances; continue through 1,005 linear feet of 29-inch by 45-inch HERCP stream enclosure; then rejoin the stream approximately 110 linear feet upstream of Manor Road. The existing stream channel will be filled. Additionally, 630 linear feet of existing stream enclosure and two on-stream nonjurisdictional dams, their appurtenances and associated impoundments will be removed, filled and/or modified.

2. To construct and maintain a 10-foot wide and 90-foot long pile supported golf cart bridge with attached utilities and construct a temporary road crossing across 70 linear feet of an unnamed tributary to the Schuylkill River and 15 linear feet of adjacent wetlands.

3. To construct and maintain a 10-foot wide and 40-foot long pile supported golf cart bridge with attached utilities and construct a temporary road crossing across 25 linear feet of an unnamed tributary to the Schuylkill River.

4. To construct and maintain a 10-foot wide and 35-foot long pile supported golf cart bridge with attached utilities and construct a temporary road crossing across 20 linear feet of an unnamed tributary to the Schuylkill River.

5. To construct and maintain 31 permanent outfall structures within the floodway of an unnamed tributary to the Schuylkill River associated with on site stormwater management and irrigation.

This application also includes a request for an Environmental Assessment Approval for impacts associated with the removal of an on-stream nonjurisdictional dam, which is currently being used as a stormwater management facility

E15-668. Liberty Property Limited Partnership, 65 Valley Stream Parkway, Malvern PA 19355, East Whiteland Township, **Chester County**, ACOE Philadelphia District.

To install and maintain an 8-inch PVC gravity sanitary sewer pipe across Valley Creek and an unnamed tributary to Valley Creek (EV) associated with the construction of Great Valley Corporate Center-Quarry Ridge Subdivision. The site is located 300 feet south of the intersection of Lapp Road and Old Morehall Road (Malvern, PA USGS Quadrangle N: 10.4 inches; W: 4.8 inches).

Bentley Creek restoration Project, WWF, Ridgebury
Township, **Bradford County**, ACOE Baltimore District

The project begins approximately 1,000 feet upstream
of SR 4013 bridge and continues downstream 5.1 miles to
the confluence of the Chemung River in Ashland New
York. This assessment covers the Pennsylvania portion of
the project (19,495 feet) in Ridgebury Township, Bradford
County (Bentley Creek N: 13.94; W: 12.44). The purpose

of the project is to conduct stream restoration activities
that will address bank erosion, grade control and sedi-
ment transport. The project will reconstruct the channel
and floodplain to proper bankfull elevations by grading
embankments and placing control structures in the chan-
nel. The entire project will disturb 4 acres.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Black Creek Township	P. O. Box 3 Rock Glen, PA 18246	Luzerne

Plan Description: The Plan Update Revision calls for the construction of a new gravity/low-pressure wastewater collection system within the Village of Weston. A new wastewater collection system will also be constructed to serve the Black Creek Township portion of the Village of Nuremberg. Wastewater from these areas will be conveyed to a new 0.130 MGD wastewater treatment facility and pumping station to be constructed in North Union Township. The treatment facility will serve the Village of Nuremberg and the Village of Weston. The treatment facility will discharge treated wastewater to Tomhicken Creek in North Union Township. The selected wastewater disposal alternative is described in the Plan Update Revision as "Nuremberg Alternative No. 3." Implementation of the selected alternative and operation of the proposed facilities will be performed by the Twin County Joint Authority (Authority).

Financing of the proposed wastewater collection, conveyance and treatment systems is to be provided by the United States Department of Agriculture's Rural Utilities Service.

Implementation of the selected wastewater disposal alternative will require an NPDES Permit for the proposed effluent discharge. This permit application must be submitted in the name of the Authority. The proposed project will also require a Water Management Part II Permit for the construction and operation of the proposed sewage facilities. This permit application must also be submitted in the name of the Authority. The Department's review has also not identified any significant environmental impacts resulting from this proposal.

North Union Township	P. O. Box 657 Nuremberg, PA 18241	Schuylkill

Plan Description: The Plan Update Revision calls for full replacement of the Village of Nuremberg's entire existing "wildcat" wastewater collection system with a combination of gravity and low-pressure sewer systems. A new wastewater collection system will also be constructed to serve the Apple Street and Main Street areas of the Village of Nuremberg. A new 0.130 MGD wastewater treatment facility and pumping station will also be constructed to serve the Village of Nuremberg and the Village of Weston (located in neighboring Black Creek Township, Luzerne County). The treatment facility will be located in North Union Township and discharge treated wastewater to Tomhicken Creek in North Union Township. The selected wastewater disposal alternative is described in the Plan Update Revision as "Nuremberg Alternative No. 3." Implementation of the selected alternative and operation of the proposed facilities will be performed by the Twin County Joint Authority (Authority).

Financing of the proposed wastewater collection, conveyance and treatment systems is to be provided by the United States Department of Agriculture's Rural Utilities Service.

Implementation of the selected wastewater disposal alternative will require an NPDES Permit for the proposed effluent discharge. This permit application must be submitted in the name of the Authority. The proposed project will also require a Water Management Part II Permit for the construction and operation of the proposed sewage facilities. This permit application must also be submitted in the name of the Authority. The Department's review has also not identified any significant environmental impacts resulting from this proposal.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Bethel Township	P. O. Box 24 Bethel, PA 19507	Berks

Plan Description: The approved plan provides for the installation of sewage collection systems for the Village of Bethel and the Village of Frystown. The plan also provides for the construction of a 40,000 gpd extended aeration treatment plant and a 25,000 gpd extended aeration treatment plant for the Village of Bethel and the Village of Frystown respectively. The plan also provides for the implementation of an OLDS management program for the Village of Schubert and for all onlot sewage disposal systems for which a repair permit has been or will be issued. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site where one of the Act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341(a)).

Except as otherwise noted, the Department certifies that the construction and operation herein described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), the Environ-

mental Hearing Board, Second Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), Section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Water Obstruction and Encroachment Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

To fill approximately 1 acre of severely degraded wetland for the reclamation of approximately 2,000 cubic yards of gob/coal refuse and the construction of a passive treatment system consisting of an Anoxic Limestone Drain (1,300 Tons AASHTO #1 limestone), a Settling Pond (0.22 acre) and a Treatment Wetland (0.44 acre) for the remediation of abandoned mine drainage that currently impacts surrounding wetlands and Slippery Rock Creek (CWF) to the north. The project is located in State Game Lands No. 95 approximately 0.4 mile southwest of Higgins Corner.

Central Office: Bureau of Waterways Engineering, Rachel Carson State Office Building, Floor 3, 400 Market Street, Harrisburg, PA 17105.

D40-047EA Bear Creek Lake Dam. Bear Creek Association, P. O. Box 184, Bear Creek, PA 18602. Bear Creek Township, **Luzerne County**, ACOE Philadelphia District.

Project proposes to replace the existing, timber crib Bear Creek Lake Dam with a roller-compacted concrete (RCC)/fill dam covered with timber facing to maintain the original historical appearance of the dam. The project will directly and indirectly impact approximately 1.8 acres of the reservoir and stream as a result of fill materials placed to construct the dam and temporary dewatering during construction. The project will not change normal pool elevation. The existing dam is located approximately 100 feet upstream from the State Route 115 bridge across Bear Creek (HQ-CWF) (Wilkes-Barre East, PA Quadrangle N: 9.80 inches; W: 0.85 inch).

D38-001EA Rexmont Dam No. 1. PA Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797. South Lebanon Township, **Lebanon County**, ACOE Philadelphia District.

To breach and remove the Rexmont Dam No. 1 across Hammer Creek (HQ-CWF) for the purpose of restoring the stream to a free flowing condition. The dam is located approximately 3,500 feet southwest of the intersection of Schaeffer Road (S. R. 419) and Rexmont Road (Richland, PA Quadrangle, N: 5.30 inches, W: 15.05 inches).

EA67-013CO. Daniel T. Guthrie, 6224 Hauser School Road, York, PA 17406. Hellam Township, **York County**, ACOE Baltimore District.

Project proposes to construct a nonjurisdictional dam across a tributary to Kreutz Creek (WWF) impacting approximately 350 linear feet of stream channel for

aesthetics and recreation. The proposed dam will be located approximately 900 feet south of the intersection of L.R. 66018 and T-776 (Columbia West, PA Quadrangle, N: 5.50 inches, W: 9.55 inches).

D06-036EA. DEP, Abandoned Mine Reclamation, 5th Floor, RCOB, P. O. Box 8476, Harrisburg, PA 17105-8476. Bern and Muhlenberg Townships, **Berks County**, ACOE Philadelphia District.

To remove the breached remains of the Felix Dam across the Schuylkill River (WWF, MF), remove the remains of a small dam located upstream of the Felix Dam, remove accumulated sediments upstream of the dam, stabilize an eroded section of the stream bank with rock removed from remains of the dams and re-seed disturbed areas along the stream banks at a public park upstream of the Felix Dam. The project is located approximately 1,000 feet downstream of the S. R. 222 Bridge across the river (Temple, PA Quadrangle, N: 2.95 inches, W: 13.20 inches).

EA34-001CO. CRL Holdings, L.P., c/o Apple Hill Business Advisors, Inc., 33 North Second Street, Harrisburg, PA 17101. Walker Township, **Juniata County**, ACOE Baltimore District.

Project proposes to construct a nonjurisdictional dam in the watershed of a tributary to Cedar Spring Run (TSF) directly and indirectly impacting approximately 0.63 acre of wetlands (PEM) for a Supplemental Environmental Project, which includes donating approximately 14 acres of mixed upland/wetland habitat to the Central Pennsylvania Conservancy. The project will result in a net gain of 1.39 acres of wetlands. The proposed nonjurisdictional dam will be located adjacent to the Port Royal Propane Terminal at the intersection of State Route 75 and T-451 (Mexico, PA Quadrangle, N: 9.9 inches, W: 15.9 inches).

Notice of Planning Grant Awards Under Section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101

The Department of Environmental Protection (DEP) hereby announces the following grants to counties under section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. § 4000.901) and section 208 of the Waste Tire Recycling Act/Small Business and Household Pollution Prevention Act (Act 190 of 1996).

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 and the availability of monies in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Sally Lohman, Chief, Waste Planning Section, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, P. O. Box 8472, Harrisburg, PA 17105-8472.

**Public Meeting followed by Public Hearing
Industrial Waste NPDES PA0112127**

The Department of Environmental Protection (DEP) will be holding a public meeting followed by a public hearing on the following Industrial Waste NPDES PA0112127 permit application:

<i>Mailing Address</i>	<i>Facility Address</i>
Fish and Boat Commission 1601 Elmerton Avenue P. O. Box 67000 Harrisburg, PA 17106-7000	Fish and Boat Commission Tylersville Fish Culture Station R. R. #2 Box 173 Loganton, PA 17747-9734

The meeting is scheduled for Thursday, August 9, 2001, at 6:30 p.m. followed by the public hearing at 8 p.m. at Nittany Valley Volunteer Fire Company, 5101 Nittany Valley Drive, Lamar, PA. The meeting is to solicit pertinent comments on the application.

This proposed action is for reissuance of an NPDES permit for an existing discharge from the fish culture station to Fishing Creek in Logan Township, Clinton County

The receiving stream, Fishing Creek, is in the State Water Plan watershed 9-c (Bald Eagle) and is classified as a High Quality-Cold Water Fishery.

Copies of the application are available for review in the following office of DEP. Those interested in reviewing the application should call to schedule a date to review the files.

Northcentral Region: Environmental Program Manager, Water Management, 208 W. Third Street Suite 101, Williamsport, PA 17701-6510, (717) 327-0530.

Comments received will be considered by DEP in completing its review and prior to taking final action concerning the application.

Anyone intending to make a presentation at the hearing should submit written notice to the Regional Water Management Manager before the address. The notice should include name, address and phone number, whether opposed or in favor of the project and a brief statement about the presentation. Comments should be kept brief and, depending on the number of speakers, may be limited to 10 minutes per speaker. Where groups are represented, a spokesperson is requested to present the group's concerns.

Individuals in need of an accommodation as provides for in the Americans With Disabilities Act should contact Dan Spadoni at (570) 327-3659 or through the Pennsylvania AT&T Relay Services at (800) 654-5984 (TDD) to discuss how the Department may accommodate your needs.

Availability of Technical Guidance

Technical guidance documents are on DEP's website (www.dep.state.pa.us) at the public participation center. The "March 2001 Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its nonregulatory documents, as necessary, throughout 2001.

Ordering Paper Copies Of DEP Technical Guidance

DEP encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes To Technical Guidance Documents

Following is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and

phone number is listed with the document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Dam Safety and Waterway Management

Proposed Water Quality Certification under Section 401 of the Federal Clean Water Act and Coastal Zone Management Consistency under the Coastal Zone Management Act of 1972, as amended, for the Army Corps of Engineers Pennsylvania State Programmatic General Permit (PASPGP-2) and Notice of Revised Chapter 105/PASPGP-2 General Permit Registration and Bog Turtle Screening Processes

On November 21, 2000, the Baltimore, Philadelphia and Pittsburgh Districts of the Army Corps of Engineers, under the authority of section 404(e) of the Federal Clean Water Act (33 U.S.C.A. § 1344(e)), proposed by its Special Public Notice 01-006, to reissue with modifications the State Programmatic General Permit to the Commonwealth (PASPGP-2). Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) requires the State to certify that any activity requiring a Federal license or permit, which may result in a discharge into the waters of the United States, will comply with the applicable provisions of the Federal Clean Water Act as well as applicable State law related to water quality protection. In addition, section 307 of the Coastal Zone Management Act of 1972 (33 U.S.C.A. § 1456), requires that any Federal activity that affects a coastal zone should be carried out in a manner consistent with the policy of an approved state Coastal Management Program. On June 11, 2001, the Army Corps of Engineers published Special Public Notice # 01-041, reissuing the Pennsylvania State Programmatic General Permit (PASPGP-1) as PASPGP-2 for a 5-year period with an effective date of July 1, 2001.

This action by the Corps of Engineers continues the present Federal permitting process undertaken jointly with the State process for activities affecting waterways, water bodies and wetlands authorized under the State's Dam Safety and Encroachment Act. PASPGP-2 places the Department of Environmental Protection (Department) Regional Offices and delegated county conservation districts in the lead for the majority of permit actions.

Through the incorporation of Federal and State permitting standards in one process, the PASPGP-2 continues a streamlined process for permit applicants without compromising comprehensive environmental protection.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of an encroachment or water obstruction as proposed in PASPGP-2 complies with the applicable provisions of sections 301—303, 306 and 307 of the Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The Department further proposes to certify that the construction, operation and maintenance of such projects complies with applicable State laws related to water quality protection and that the construction, operation and maintenance of the projects does not violate applicable State water quality standards provided that the construction, operation and maintenance of such projects complies with the criteria and conditions of the permit.

Furthermore, this Federal action, PASPGP-2, is subject to review for consistency with the enforceable policies of the Pennsylvania Coastal Zone Management (CZM) Program. As required under 15 CFR Part 930 Subpart C (Consistency for Federal Agency Activities), the CZM Program is providing the public this opportunity to develop and provide comments on whether or not the PASPGP-2 is consistent with the CZM Program's policies. The CZM Program's policies can be found on the Department's website at <http://www.dep.state.pa.us>. Select Subjects; Select O—Office for River Basin Cooperation; Select Coastal Zone Management Program; Select Technical Guidance Document—Commonwealth of Pennsylvania Coastal Zone Management Program and Final Environmental Impact Statement.

Prior to final action on the proposed 401 Water Quality Certification and CZM Consistency for the PASPGP-2, consideration will be given to any comments, suggestions or objections which are submitted in writing by August 7, 2001. Comments concerning the proposed 401 Water Quality Certification and CZM consistency for PASPGP-2 should be directed to Kenneth R. Reisinger, Chief, Division of Waterways, Wetlands & Erosion Control, Bureau of Watershed Management, P. O. Box 8775, Harrisburg, PA 17105-8775, (717) 787-6827 or through Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD). Comments must be submitted in writing and contain the name, address and telephone number of the person commenting and a concise statement of comments, objections or suggestions on this proposal. No comments submitted by facsimile will be accepted. The Department will consider all relevant and timely comments received. Comments must be submitted by August 7, 2001.

Copies of the PASPGP-2 and the Corps Public Notice may be obtained by contacting Patricia Strong, Pennsylvania Section, Baltimore District, U. S. Army Corps of Engineers, P. O. Box 1715, Baltimore, MD 21203-1715, (410) 962-1847. PASPGP-2 is also on the Army Corps of Engineers website at <http://www.nab.usace.army.mil/regulatory/permit/types.htm>. The PASPGP-2 is also posted on the Department website at www.dep.state.pa.us (directLINK "wetlands").

Revised Chapter 105/PASPGP-2 General Permit Registration Process

With the new PASPGP-2, effective July 1, 2001, the Department will be utilizing a more comprehensive Chapter 105/PASPGP-2 general permit registration process. This registration process incorporates Federal and State

permit application requirements and continues "one stop permitting" by allowing the concurrent issuance of State and Federal permits through one application. This streamlined process eliminates the need for permit applicants to apply for separate permits from State and Federal agencies for a single project. General permit registrations will now require a project sketch plan, project location information, consultant information and results of threatened and endangered species reviews. The registration package also includes a single and complete project screening process developed to assist applicants, county conservation districts and the Department in determining that all environmental impacts related to the project have been evaluated and minimized. This registration process, effective on July 1, 2001, will allow permit applicants as well as the Department and delegated county conservation districts to ensure potential projects meet the requirements of the Chapter 105 General Permits as well as the Federal Section 404 PASPGP-2. The revised General Permit Registration package will be available from local county conservation districts and the Department Regional Offices on July 1, 2001. The revised registration package is posted on the Department website at www.dep.state.pa.us (directLINK "wetlands").

PASPGP-2 Bog Turtle Screening Process

The bog turtle screening process is a preapplication coordination procedure that provides early notice to landowners of the potential presence of bog turtles which are listed as endangered species under both Federal and State law. Bog turtles are found throughout the 14 county area of Adams, Berks, Bucks, Chester, Cumberland, Delaware, Franklin, Lancaster, Lebanon, Lehigh, Monroe, Montgomery, Northampton and York. This screening process will assist permit applicants in determining whether the associated wetland is potential bog turtle habitat well before the initiation of project plans. The new bog turtle screening process and associated forms will be available from the aforementioned county conservation districts and the Department Regional Offices on July 1, 2001. This screening form is posted on the Department website at www.dep.state.pa.us (directLINK "wetlands").

DEPARTMENT OF PUBLIC WELFARE

Notice of Change in Methods and Standards of Setting Payment Rates to Nursing Facilities

On October 30, 1999, the Department of Public Welfare (Department) announced its intention to make changes to its methods and standards for payment to Medical Assistance (MA) nursing facility services relating to the purchase or rental of certain medically necessary exceptional Durable Medical Equipment (DME) (See 29 Pa.B. 5657). The purpose of this announcement is to describe the additional changes the Department intends to make to its payment methodology as a result of the public comments it received following its October 30, 1999, notice.

Currently the Department pays MA nursing facility providers on a per diem rate basis for services provided to MA residents. These per diem rates include a capital component that is based upon the fair rental value of the nursing facilities' allowable fixed and movable property. The facilities' fair rental value is subject to the capital component payment limitation contained in 55 Pa. Code § 1187.113 (relating to capital component payment limitation) commonly known as "the moratorium."

Under the new payment policy, the Department will remove allowable movable property costs from the fair rental value calculation. Movable property will be divided into two classes based on acquisition cost: minor movable property (items with an acquisition cost of less than \$500) and major movable property (items with an acquisition cost of \$500 or more). Allowable minor movable property costs will be included in the appropriate cost center of the net operating portion of the nursing facilities' per diem rates. Allowable major movable property costs will be included in a new movable property component in the capital portion of the nursing facilities' per diem rates. In addition, allowable movable property costs will not be subject to the capital component payment limitation contained in 55 Pa. Code § 1187.113. Nursing facilities' movable property capital rate component will be based upon their most recent audited cost report in the NIS database.

The primary purpose of these additional changes in payment methodology is to remove perceived disincentives for nursing facilities to purchase movable property items necessary to serve their MA residents. These changes are part of the Department's continuing efforts to assure that MA nursing facility residents receive their care and services allowing them to attain and maintain their highest practicable physical, mental and psychosocial well being in accordance with applicable law, including the Nursing Home Reform Law (42 U.S.C.A. § 1396r) and Title II of the Americans with Disabilities Act (42 U.S.C.A. §§ 12131-12134). These additional

changes to the Department's movable property payment methodology will begin to take effect starting with the July 1, 2001, rate setting cycle.

The Department discussed and solicited input on the proposed additional changes in payment methodology at the Long Term Care Subcommittee meeting of the Medical Assistance Advisory Committee (MAAC) on October 11, 2000, and the MAAC meeting on October 26, 2000. These meetings were open to the public.

Following those public meetings, the Department mailed copies of draft regulations incorporating the changes to its payment methodology to members of the MAAC and the Long Term Care (LTC) Subcommittee and Consumer Subcommittee of the MAAC on November 9, 2000, and asked interested persons to comment on the proposed changes. The Department received 80 comments in response. In addition, the Department discussed and solicited input on these changes at the MAAC meeting held on March 22, 2001, the LTC Subcommittee meeting held on April 11, 2001, and the Consumer Subcommittee meeting held on April 25, 2001. All of these meetings were open to the public.

The Department intends to publish final regulations under section 204(1)(iv) and (3) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1)(iv) and (3)) known as the Commonwealth Documents Law and 1 Pa. Code § 7.4(1)(iv) and (3) (relating to omission of notice of proposal rulemaking) and to submit a State Plan Amendment incorporating the final regulations into the Commonwealth's approved Medicaid State Plan. Payment under these changes is conditioned upon publication of the final omit regulations and the Health Care Financing Administration's approval of the State Plan Amendment.

A copy of this notice and the draft regulations setting forth the intended changes to the Department's payment methodology is available for review at the local County Assistance Offices throughout this Commonwealth, on the Office of Medical Assistance Programs' website at www.dpw.state.pa.us/omap or by contacting Gail Weidman in the Program Analysis and Review Section at (717) 705-3705. Although the Department intends to adopt these changes as final regulations, notice of proposed rulemaking omitted, the Department invites interested persons to submit written comments regarding these changes to the Department within 30 days of the date of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to Department of Public Welfare, Office of Medical Assistance Programs, Attention: Program Analysis and Review Section, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (Voice users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

DEPARTMENT OF TRANSPORTATION

Finding Chester County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to reconstruct the intersection of SR 0926 and Parkersville Road in the Village of Parkersville, Pennsbury Township, Chester County.

The intersection consists of east-west route SR 0926, Street Road; and north-south routes SR 3021 and Pennsbury Township road T-440, both of which retain the name of Parkersville Road. The Project involves intersection safety improvements, minor roadway realignment through the intersection, and lowering of SR 0926 to improve sight distance on the east approach and through the intersection.

This Project will use two Section 2002 resources located within the 8.94 acre Parkersville Historic District, a resource determined eligible for the National Register of Historic Places: 1) A triangular sliver of land measuring 365 s.f. will be used from Tax Parcel No. 3 on the northwest corner of the intersection for permanent slope easement, and 2) A temporary easement on Tax Parcel No. 5 on the southwest corner of the intersection containing approximately 130 s.f. will be utilized throughout the life of the Project.

Impacts will be minimized by reducing lane widths to the minimums allowed by Design Manual 2, and by reducing shoulder widths to 2 feet through the approval of a Design Exception. Roadway embankment that has been affected by roadway reconstruction will be reseeded in indigenous grasses. The Project is being designed to be aesthetically compatible with the adjacent Parkersville Historic Districts, and it will not substantially impair protected attributes or contributing elements of these adjacent cultural resources.

I have considered the environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, and have con-

cluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effect.

ENVIRONMENTAL QUALITY BOARD

Acceptance of Rulemaking Petition for Study

At its June 19, 2001, meeting, the Environmental Quality Board (EQB) accepted a rulemaking petition for study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy).

The petition was submitted by Mr. and Mrs. Radu Gherghel of Orwigsburg, Schuylkill County, and requests adoption of regulations governing recreational shooting activities at gun clubs to address land and water contamination resulting from lead shot and clay pigeons. The petitioners propose that the EQB adopt regulations that address:

- Limits in soil and water for toxic metals generated by shot and solvents resulting from clay pigeons;
- Requirements for the cleanup of contaminated sites (shooting ranges); and
- Active contamination monitoring of gun clubs (shooting ranges), such as sampling and cleanup requirements.

Under 25 Pa. Code § 23.6(1) (relating to notice of acceptance and Department report), the Department of Environmental Protection (DEP) will evaluate the petition further and report to the EQB within 60 days on whether to approve the action requested in the petition. If a regulatory change is recommended, the report will specify an anticipated date for development of a proposed rulemaking.

Copies of the petition are available from the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526, and on DEP's website at <http://www.dep.state.pa.us/dep/subject/eqb/2001/June/petition.pdf>.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(d) and (g) of the Regulatory Review Act (71 P. S. § 745.5(d) and (g)) provide that the designated standing committees may issue comments within 20 days

of the close of the public comment period, and the Independent Regulatory Review Commission (Commission) may issue comments within 10 days of the close of the committees' comment period. The Commission's Comments are based upon the criteria contained in subsections 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)).

The Commission issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted by the date indicated.

June 14, 2001

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which have not been met. The State Board of Private Licensed Schools (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by May 14, 2003, the regulation will be deemed withdrawn.

1. General.—Clarity.

The fiscal analysis submitted by the Board for the individual fee changes proposed, indicates how, in the aggregate, the prescribed fees will cover the costs of the services provided by the Board. However, it does not include a breakdown of the Board staff time, salaries, associated costs and administrative overhead costs for each fee. This fiscal information should be submitted with the final-form regulation.

2. Definitions.—Clarity.

Seminar

The Board is adding "seminar" as a new term and assigning a fee to correspond with the licensing of private schools that only conduct seminars. The definition of "private licensed school" in 24 P. S. § 6502 does not specifically state that the Board has the authority to regulate seminars. How do seminars as defined in this regulation fit into the definition of "private licensed school" in 24 P. S. § 6502?

Deregulation of Life Insurance Forms; Notice 2001-07

On September 1, 1996, the Insurance Commissioner (Commissioner), by notice at 26 Pa.B. 4147 (August 24, 1996), deregulated certain life insurance and annuity forms. Changes to that notice are now necessary. Under section 354 of The Insurance Company Law of 1921 (act) (40 P. S. § 477b) and to sections 404(f) and 615 of the Fraternal Benefit Societies Code (code) (40 P. S. §§ 1142-404(f) and 1142-615), the Commissioner is modifying and expanding the types of deregulated life insurance and annuity forms to include those listed in Annex A.

Statutory Authority

Section 354 of the act requires that all policy forms for life insurance and annuities, as well as other lines of business, be submitted to the Commissioner for prior approval before issuance to any consumer in this Commonwealth. However, that law gives the Commissioner express authority to exempt forms from the prior approval requirement. The review and approval of the forms used by fraternal benefit societies is governed by section 404(f) of the act, which provides that the forms shall be filed in the manner provided for like policies issued by life, accident and health insurers under section 354 of the act. Accordingly, the Commissioner hereby exempts from prior approval the types of forms listed in Annex A.

Insurers Subject to the Filing Requirements

Section 354 of the act applies to insurance companies, associations and exchanges, as defined in section 101 of the act (40 P. S. § 361). Additionally, section 404(f) of the code incorporates by reference the general provision laws, including section 354 of the act, that relate to the review and approval of policy forms. Therefore, this notice of deregulation of life and annuity forms also applies to fraternal benefit societies. Section 354 of the act does not regulate the approval of credit insurance forms, as defined in section 1007.2 of the Model Act for the Regulation of Credit Life Insurance and Credit Accident and Health Insurance (40 P. S. § 1007.2) and, therefore, these are not affected by the deregulation herein.

Forms That are Not Deregulated

The Commissioner's action to deregulate certain group forms does not extend to the following:

Previous Forms Included as Nonderegulated

Individual retirement annuity (IRA) group annuity policies and certificates and all riders, amendments, endorsements and applications used with them.

Synthetic guaranteed investment contracts and certificates and all riders, amendments, endorsements and applications used with them.

Forms that include both regulated and deregulated lines of business must continue to be submitted for prior approval.

Previous Forms Included as Nonderegulated But Modified

Group Universal or Group Variable Life policies other than those newly deregulated in section 5 of Annex A, and all certificates, riders, amendments, endorsements and applications used with them.

Additional Forms Included as Nonderegulated

Forms that include long-term care benefits or that meet the definition of "long-term care insurance" in section 1103 of the Long-Term Care Act (40 P. S. § 991.1103) must continue to be submitted for prior approval.

Continuing Authority of the Commissioner

Notwithstanding the implementation of this notice, the Commissioner shall retain complete authority to request and be provided a copy of any form being used in this Commonwealth, as provided by section 903(d) of the act (40 P. S. § 933(d)).

The Commissioner shall also retain complete discretionary authority to reassume regulatory authority over the types of forms deregulated hereunder.

Section 354 of the act does not regulate guaranteed investment contracts without annuity provisions and funding agreement contracts without annuity provisions.

However, section 202 of the act (40 P. S. § 382) does not authorize life insurance companies to issue the contracts in this Commonwealth.

Notwithstanding the deregulation of the forms specified herein, all forms must continue to comply with applicable State law including, but not limited to:

Uniform Policy Provisions (40 P. S. § 510)

Standard Nonforfeiture Law for Life Insurance (40 P. S. § 510.1)

Group Life Insurance (40 P. S. § 532.1 et seq.)

Fraternal Benefit Societies Code (40 P. S. §§ 1142-401 and 1142-405).

Effective Date

This revised deregulation action is effective as of July 2, 2001.

Questions

Questions concerning this notice may be directed to Paul Makurath, Supervisor, Bureau of Life Insurance, Insurance Department, 1311 Strawberry Square, Harrisburg, PA 17120, (717) 783-4253 or pmakurath@state.pa.us.

Annex A*Deregulated Life Insurance and Annuity Forms*

The Commissioner, by this notice, hereby deregulates the following lines of business under the authority of section 354 of The Insurance Company Law of 1921 (40 P. S. § 477b).

3) Individual Traditional Endowment policies (not including interest sensitive, indeterminate premium or modified premium² endowment policies)

4) Individual Traditional Term Life riders (not including indeterminate premium, limited benefit¹ or modified premium² term life riders)

5) Individual Fixed Immediate Annuity policies, not including policies with market value adjustment or providing payments of interest only, and all riders, amendments and endorsements used with them.

6) Individual Annuity applications, except individual variable annuity applications.

7) Group Term Life policies and certificates. All riders, amendments, endorsements and applications used with them.

Previously Deregulated—Modification

1) Individual Cost of Living, Guaranteed Purchase Option, Spouse Term, Children's Term, Family Term, Other Insured, Dividend Additions, Business Exchange and Substitute Insured riders.

¹ Limited life insurance policies are defined at 31 Pa. Code § 87.12.

² Modified premium life insurance policies are defined at 31 Pa. Code § 87.13.

2) Group Whole life policies and certificates (not including Universal Life policies and certificates other than those newly deregulated in section 5). All riders, amendments, endorsements and applications used with them.

3) Group Annuity policies and certificates (not including IRA Group Annuity policies and certificates, or synthetic guaranteed investment contracts and certificates). All riders, amendments, endorsements and applications used with them.

Newly Deregulated

1) Unisex riders, except those that change cost of insurance rates or cash values under Universal Life or Variable Life policies.

2) Avocational or Vocational Questionnaires.

3) Individual Private Placement Variable Life insurance policies issued only to "accredited investors" as defined in Rule 501(a) of Regulation D of the Securities Act of 1933 (17 CFR 230.501(a)), or to "qualified purchasers" as defined in section 2(a)(51) of the Investment Company Act of 1940 (15 U.S.C.A. § 80a-2(a)(51)). All riders, amendments, endorsements and applications used exclusively with such policies.

4) Individual Corporate Owned or Bank Owned Universal or Variable Life insurance policies, where the corporation or bank pays the entire premium and is the beneficiary of the insurance. All riders, amendments, endorsements and applications used exclusively with such policies.

5) Group Corporate Owned, Bank Owned or Trust Owned Universal or Variable Life insurance policies, where the corporation, bank or trust pays the entire premium and the beneficiary of the insurance is an employee health, welfare or retirement benefit plan trust. All certificates, riders, amendments, endorsements and application used exclusively with the policies. *Note:* Under sections 532.1(1) and 532.2, pertaining to group life insurance (40 P. S. §§ 532.1(1) and 532.2), an employer may not be the beneficiary of group life insurance.

6) Group Accidental Death and Group Accidental Death and Dismemberment Riders.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68), in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). These administrative hearings will be held in the Insurance Department's Regional Offices in Harrisburg, or Philadelphia, PA. Failure by the appellants to appear at the scheduled hearing may result in dismissal with prejudice.

The following hearings will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of Lawrence Vance; file no. 01-181-02817; Progressive Insurance Company; doc. no. P01-06-015; July 25, 2001, at 1 p.m.

Appeal of William J. and Marsha V. Rostek, Jr.; file no. 01-181-03327; State Farm Mutual Automobile Insurance Co.; doc. no. P01-06-013; July 26, 2001, at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The

Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insurer has requested a hearing, as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with their company's termination of the insured's automobile policies. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). This administrative hearing will be held in the Insurance Department's Regional Office in Philadelphia, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in Philadelphia Regional Office, Room 1701 State Office Building, 1400 Spring Garden Street, Philadelphia, PA 19130.

Appeal of Leader Insurance Company; file no. 01-278-00636; Prince Peaks; doc. no. PH01-06-020; September 14, 2001 at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearings, and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Review Procedure Hearings under the Unfair Insurance Practices Act

The following insureds have requested a hearing as authorized by section 8 of the Unfair Insurance Practices Act (40 P. S. § 1171.8) in connection with their company's termination of the insured's policies. This administrative hearing will be held in the Insurance Department's regional office in Pittsburgh, PA. Failure by the appellants to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Pittsburgh Regional Office, Room 304 State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222.

Appeal of Marc Stein; file no. 01-308-70805; Westfield Insurance Company; doc. no. PI01-06-011; August 9, 2001, at 12:30 p.m.

Each party may appear with or without counsel and offer relevant testimony and/or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner (Commissioner) will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

Petition of Rural Incumbent Local Exchange Carriers (Yukon Waltz, et al.) for Action under Sections 251(f)(2) and 253(b) of the Telecommunications Act of 1996; Doc. No. P-00971177

A prior notice in the *Pennsylvania Bulletin* set forth the list of companies currently seeking a 1-year extension of the suspension from interconnection granted at the previously captioned docket number. The list omitted two companies, 1) Laurel Highland Telephone Company and 2) the Bentleyville Telephone Company.

On March 1, 2001, Yukon Waltz, et al. filed a request for a 1-year extension of the suspension, to July 10, 2002. The Pennsylvania Public Utility Commission (Commission) has determined that publication and comment on this petition is appropriate. Interested parties must submit comments on the Yukon Waltz, et al. petition within 7 days of publication in the *Pennsylvania Bulletin*.

Copies of the petition may be obtained from the Commission, Secretary's Bureau, upon request. The con-

tact person at the Commission is Elizabeth A. Lion Januzzi, Assistant Counsel, Law Bureau, (717) 772-0696.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

- The payment date specified in the contract.
- 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
- The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
