READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 1900]

Order Adopting Rule 1901.8 of the Rules of Civil Procedure; No. 584 Civil Procedural Rules Doc.

Order

Per Curiam

And Now, this 25th day of June, 2013, upon the recommendation of the Domestic Relations Procedural Rules Committee; the proposal having been published for public comment in the *Pennsylvania Bulletin*, 42 Pa.B. 3722 (June 30, 2012) and republished for additional public comment in the *Pennsylvania Bulletin*, 42 Pa.B. 6245 (October 6, 2012):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 1901.8 of the Pennsylvania Rules of Civil Procedure is adopted in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective in 30 days on July 25, 2013.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1900. ACTIONS PURSUANT TO THE PROTECTION FROM ABUSE ACT

Rule 1901.8. Modification or Discontinuance.

(a) In cases in which a temporary protection order has not yet been granted or has been denied, a plaintiff in a protection from abuse action who wishes to discontinue the action may file a praecipe to discontinue, pursuant to Pa.R.C.P. 229, prior to the final order hearing. The party may also request the discontinuance by oral motion at a hearing.

(b) In cases in which a temporary protection order has been granted, a plaintiff in a protection from abuse action who wishes to vacate the temporary order and discontinue the action shall either file a petition with the court prior to the final order hearing or make the request by oral motion at the final order hearing.

(c) If either party seeks a modification after a final judgment has been entered in a protection from abuse action, the party shall petition the court to modify the final order. The court shall enter an order granting or denying the petition following an appearance by the petitioner before the court.

Explanatory Comment—2013

Jurisdictions across the commonwealth have adopted varying procedures and processes for the withdrawal, discontinuance and modification of protection from abuse actions. This rule provides a uniform process that comports with the requirements of 23 Pa.C.S. §§ 6107(b)(2)

(related to hearings), 6117 (related to procedure and other remedies) and *Commonwealth v. Charnik*, 921 A.2d 1214 (Pa. Super. 2007). These requirements, when read together, require a different procedure for withdrawal, discontinuance and modification at various stages in a protection from abuse proceeding.

After a final protection order is entered, and no motion to reconsider or appeal is filed, the court no longer retains jurisdiction to vacate that order. *Charnik*, 921 A.2d at 1217. The court does, however, have jurisdiction to modify a protection from abuse order at any time after the filing of a petition for modification, service of the petition and a hearing on the petition. 23 Pa.C.S. § 6117. Thus, a party may request that the court modify the order to expire at an earlier date if the party does not want the order to remain in effect.

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-2. Support Guidelines. Calculation of Net Income.

* * * * *

(b) *Treatment of Public Assistance, SSI Benefits, Social Security Payments to a Child Due to a Parent's Death, Disability or Retirement and Foster Care Payments.*

* * * * *

(2) [*Social Security Payments for a Child.* If a child for whom support is sought is receiving Social Security benefits as a result of a parent's retirement, death or disability, the benefits the child receives shall be added to the combined monthly net incomes of the obligor and the obligee to calculate the income available for support on the vertical axis of the basic child support schedule set forth in Rule 1910.16-3. The presumptive amount of support as set forth on the schedule at the combined income of the obligee, obligor and child's benefits shall then be reduced by the amount of the child's benefits before apportioning the remaining support obligation between the parties pursuant to Rule 1910.16-4. This calculation presumes that the primary custodial parent, or the shared custodial parent who is the obligee, is receiving the child's benefits. In cases in which the obligor is receiving the child's benefits, the amount of the child's benefit shall be added to the obligor's income and support shall be calculated as in any other case without deduction of the amount of the benefit from the presumptive amount of support set forth in the basic support schedule. For purposes of determining the support obligation of a surviving parent when the child is receiving benefits as the result of the other parent's death, the income of a non-parent obligee who is caring for a child but has no support obligation to that child shall include only those funds the obligee is receiving on behalf of the child.]

Social Security Derivative Benefits for a Child.

(A) This subdivision (A) shall be applied if a child for whom support is sought is receiving Social Security derivative benefits as a result of either parent's retirement or disability.

(i) If a child for whom support is sought is receiving Social Security benefits as a result of a parent's retirement or disability, the amount of the benefit shall be added to the income of the party receiving the benefit on behalf of the child to calculate child support. Next, apportion the amount of basic child support set forth in the schedule in Rule 1910.16-3 between the parties based upon each party's percentage share of their combined net monthly income, including the child's benefit in the income of the party receiving it.

(ii) If the child's benefit is being paid to the obligee, the amount of the child's benefit shall be deducted from the basic support obligation of the party whose retirement or disability created the child's benefit. If the child's benefit is being paid to the obligor, the child's benefit shall not be deducted from the obligor's obligation, even if the obligor's

retirement or disability created the child's benefit. In cases of equally shared custody, first determine which party has the higher income without the benefit, and thus is the obligor, before adding the child's benefit to the income of the party receiving it.

(iii) In all cases, the domestic relations sections shall provide the parties with two calculations theoretically assigning the benefit to each household.

(iv) In allocating additional expenses pursuant to Rule 1910.16-6, the allocation shall be based upon the parties' incomes after the addition of the child's benefit to the income of the party receiving it.

(B) This subdivision (B) shall be applied when determining the support obligation of a surviving parent when the child for whom support is sought is receiving Social Security derivative benefits as a result of the other parent's death. The income of a non-parent obligee who is caring for a child but has no support obligation to that child shall include only those funds the obligee is receiving on behalf of the child, including the Social Security derivative benefits if they are being paid to the obligee. If the benefits are being paid to the surviving parent, the amount of the benefit shall be added to that parent's income to calculate child support.

(3) *Foster Care Payments.* If either party to a support action is a foster parent and/or is receiving payments from a public or private agency for the care of a child who is not his or her biological or adoptive child, those payments shall not be included in the income of the foster parent or other caretaker for purposes of calculating child support for the foster parent's or other caretaker's biological or adoptive child.

[*Example 1.* If the obligor has net income of \$1,200 per month; the obligee has net monthly income of \$800; and the child receives Social Security derivative benefits of \$300 per month as a result of either the obligor's or obligee's retirement or disability, then the total combined monthly net income is \$2,300. Using the schedule at Rule 1910.16-3 for one child, the amount of support is \$543 per month. From that amount, subtract the amount the child is receiving in Social Security derivative benefits (\$543 minus \$300 equals \$243). Then, apply the formula at Rule 1910.16-4 to apportion the remaining child support amount of \$243 between the obligor and the obligee in proportion to their respective incomes. The obligor's \$1,200 net income per month is 60% of the total of the obligor's and the obligee's combined net monthly income. Thus, the obligor's support obligation would be 60% of \$243, or \$146, per month.]

Example 1. The obligor has net monthly income of \$2,000. The obligee's net monthly income is \$1,500 and the obligee, as primary custodial parent of the party's two children, receives \$400 per month in Social Security derivative benefits on behalf of the children as a result of the obligor's disability. Add the children's benefit to the obligee's income, which now is \$1,900 per month. At the parties' combined net monthly income of \$3,900, the amount of basic child support for two children is \$1,224. As the obligor's income is 51% of the parties' combined monthly net income, the obligor's preliminary share of the basic support obligation is \$624. However,

because the obligor's disability created the children's Social Security derivative benefits that the obligee is receiving, the obligor's obligation is reduced by the amount of the benefit, \$400. Thus, the obligor's obligation is \$224 per month. If it were the obligee's disability that created the benefit, the obligor's obligation would remain \$624. If the obligor were receiving the children's benefit as a result of the obligor's retirement or disability, the obligor's income would include the amount of the benefit and total \$2,400, or 62% of the parties' combined net monthly income. The obligor's share of the basic support obligation would then be \$759 and would not be reduced by the amount of the children's benefit because the obligor, not the obligee, is receiving the benefit. Therefore, the obligor's obligation is less if the obligee is receiving the benefit created by the obligor.

Example 2. Two children live with Grandmother who receives \$400 per month in Social Security death benefits for the children as a result of their father's death. Grandmother also receives \$500 per month from a trust established by Father for the benefit of the children. Grandmother is employed and earns \$2,000 net per month. Grandmother seeks support from the children's mother, who earns \$1,500 net per month. For purposes of calculating Mother's support obligation, Grandmother's income will be [\$500] \$900, the amount she receives on behalf of the children in Social Security derivative benefits and income from the trust. (If Mother were receiving the benefit on behalf of the children it would be added to her income such that Mother's income would be \$1,900 and Grandmother's would be \$500.) Therefore, the obligee's and [the obligor's] Grandmother's combined net monthly incomes total [\$2,000] \$2,400. [Add to that the \$400 in Social Security benefits Grandmother receives for the children to find the basic child support amount in Rule 1910.16-3.] The basic support amount at the

\$2,400 income level for two children is \$815. Subtracting from that amount the \$400 in Social Security derivative benefits Grandmother receives for the children, results in a basic support amount of \$415. As Mother's income of \$1,500 is [75%] 63% of the parties' combined income of [\$2,000] \$2,400, her support obligation to Grandmother is [\$311] \$261 per month. If Grandmother were not receiving the children's derivative benefits or income from the trust, her income for purposes of calculating Mother's child support obligation would be zero and Mother would pay 100% of the basic support amount because Grandmother has no support obligation to the children.

* * * * *

Explanatory Comment—2013

The rule has been amended to provide that a party's support obligation will be reduced by the amount of a child's Social Security derivative benefit if that party's retirement or disability created the benefit and the benefit is being paid to the household in which the child primarily resides or the obligee in cases of equally shared custody. In most cases, payment of the benefit to the obligee's household will increase the resources available to the child and the parties. The rule is intended to encourage parties to direct that the child's benefits be paid to the obligee.

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation. Formula.

(a) The following formula shall be used to calculate the obligor's share of basic child support, either from the schedule in Rule 1910.16-3 or the formula in Rule 1910.16-3.1(a), as well as spousal support and alimony pendente lite obligations. In high income cases, Part IV shall be used as a preliminary analysis in the calculation of spousal support or alimony pendente lite obligations:

PART I. GENERAL

CHAPTER 1915. ACTIONS FOR CUSTODY, PARTIAL CUSTODY AND VISITATION OF MINOR CHILDREN

Rule 1915.4-4. Pre-Trial Procedures.

A pre-trial conference in an initial custody or modification proceeding shall be scheduled before a judge at the request of a party or sua sponte by the court and the procedure shall be as set forth in this rule. If a party wishes to request a pre-trial conference, the praecipe set forth in subdivision (g) below shall be filed. The scheduling of a pre-trial conference shall not stay any previously scheduled proceeding unless otherwise ordered by the court.

(a) The praecipe may be filed at any time after a custody conciliation or conference with a conference officer unless a pre-trial conference has already been scheduled or held. The pre-trial conference may be scheduled at any time, but must be scheduled at least 30 days prior to trial.

In addition to the above items included in the pre-trial statement, any reports of experts and other proposed exhibits shall be included as part of the pre-trial statement served upon the other party or opposing counsel, but not included with the pre-trial statement served upon the court.

(c) If a party fails to file a pre-trial statement or otherwise comply with the requirements of subdivision (b), the court may make an appropriate order under Rule 4019(c)(2) and (4) governing sanctions.

(d) Unless otherwise ordered by the court, the parties may amend their pre-trial statements at any time, but not later than seven days before trial.

(e) At the pre-trial conference, the following shall be considered:

- (1) issues for resolution by the court;
- (2) unresolved discovery matters;
- (3) any agreements of the parties;

- (4) issues relating to expert witnesses;

Explanatory Comment—2013

The Domestic Relations Procedural Rules Committee has become aware that there is a wide disparity in pre-trial procedures in custody cases among the various jurisdictions. As the committee strives to recommend best practices, this new rule establishes uniform pre-trial procedures in custody cases when requested by either party. The goal is to reduce custody litigation by encouraging early preparation and court intervention for purposes of expedited resolutions. The rule is based upon the pre-trial procedures in divorce cases as set forth in Rule 1920.33. Nothing in this rule shall affect the First Judicial District's practice of conducting a pre-trial conference upon the filing of a motion for a protracted or semi-protracted trial.

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the modifications to Rules 120, 220, 221, 231, 240, 610 and 612 of the Rules of Juvenile Court Procedure are approved in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective immediately.

Annex A

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 1. GENERAL PROVISIONS

PART A. BUSINESS OF COURTS

Rule 120. Definitions.

* * * * *

DETENTION FACILITY is any facility, privately or publicly owned and operated, designated by the court and approved by the Department of Public Welfare to detain a juvenile temporarily. The term detention facility, when used in these rules, shall include shelter-care. **Detention facility shall not include any county jail or state prison.**

* * * * *

JUVENILE is a person who has attained ten years of age and is not yet twenty-one years of age who is alleged to have, upon or after the juvenile's tenth birthday, committed a delinquent act before reaching eighteen years of age **or who is alleged to have violated the terms of juvenile probation prior to termination of juvenile court supervision.**

* * * * *

PLACEMENT FACILITY is any facility, privately or publicly owned and operated, that identifies itself either by charter, articles of incorporation, or program description, to receive delinquent juveniles or which otherwise provides treatment to juveniles as a case disposition. Placement facilities include, but are not limited to, residential facilities, group homes, after-school programs, and day programs, whether secure or non-secure. **Placement facility shall not include any county jail or state prison.**

* * * * *

Comment

* * * * *

Under the term "court," to determine if masters are permitted to hear cases, see Rule 187. See Rule 210 for the power of magisterial district judges to issue arrest warrants.

"Detention facility" is not to include any county jail, state prison, penal institution, or other facility used primarily to detain adults who have not been released on bail and who are alleged to have committed a criminal offense. However, nothing in this rule precludes the use of a county jail or state prison for minors when criminal proceedings have been commenced. For example, a minor may be detained in a county jail for a direct-file case when it is alleged a criminal offense has been committed.

The term "disposition" includes all final determinations made by the court. A disposition includes a response to an adjudication of delinquency, such as sending the juvenile to a placement facility or placing the juvenile on proba-

tion. It also includes other types of final determinations made by the court. Other final determinations include a finding that the juvenile did not commit a delinquent act pursuant to Rule 408(B), a finding that the juvenile is not in need of treatment, rehabilitation, or supervision pursuant to Rule 409(A)(1), dismissing the case "with prejudice" prior to an adjudicatory hearing, or any other final action by the court that closes or terminates the case.

* * * * *

A "juvenile" must be at least ten years old and must not have reached the age of eighteen at the time of the commission of a delinquent act for a delinquency petition to be filed. If a child is under the age of ten at the time of the commission of a delinquent act, a dependency petition may be filed pursuant to Pa.R.J.C.P. [100] 1100 *et seq.*, and the Juvenile Act, 42 Pa.C.S. § 6301 *et seq.* "Juvenile" not only includes any person who is at least ten years of age and under twenty-one years of age if the commission of the alleged delinquent act occurred prior to the juvenile's eighteenth birthday, but also includes any person who is under the juvenile court's jurisdiction until termination of court supervision pursuant to Rules 631 and 632, which is to end no later than the juvenile's twenty-first birthday.

* * * * *

A "petition" and a "written allegation" are two separate documents and serve two distinct functions. A "written allegation" is the document that initiates juvenile delinquency proceedings. Usually, the "written allegation" will be filed by a law enforcement officer and will allege that the juvenile has committed a delinquent act that comes within the jurisdiction of the juvenile court. This document may have been formerly known as a "probable cause affidavit," "complaint," "police paper," "charge form," "allegation of delinquency," or the like. Once this document is submitted, a preliminary determination of the juvenile court's jurisdiction is to be made. Informal adjustment and other diversionary programs may be pursued. If the attorney for the Commonwealth or the juvenile probation officer determines that formal juvenile court action is necessary, a petition is then filed.

"Placement facility" is not to include any county jail, state prison, penal institution, or other facility used primarily for the execution of sentences of adults convicted of a crime. See 42 Pa.C.S. § 6352(b) for disposition of a delinquent juvenile. However, nothing in this rule precludes an adult from being sentenced to a county jail in a contempt proceeding. For example, if a juvenile failed to appear for a juvenile court hearing when summoned and is now eighteen years of age or older, the court may proceed with a contempt hearing and order detention in a county jail.

A "pre-dispositional report" or "social study" includes, but is not limited to, the compilation of the juvenile's family history and demographics; school record and educational issues; job history; talents and extra-curricular activities; prior delinquency or dependency involvement with the court; health care issues; psychological or psychiatric history, examinations, and reports; drug and alcohol examinations, treatments, and reports; needs regarding disability; and any other relevant information concerning the juvenile to help the court understand any issues relating to the juvenile.

Rule 221. Temporary Detention in Police Lock-Up.

* * * * *

Comment

This rule reflects certain provisions of § 6326 of the Juvenile Act. 42 Pa.C.S. § 6326.

The terms "police lock-up" and "adult lock-up" as used in this rule do not include a county jail or state prison. If detained, a juvenile is not to be held in a county jail or state prison. The use of a temporary holding cell at the local or state police station or courthouse is permissible if the requirements of this rule have been met.

Rule 231. Written Allegation.

* * * * *

Comment

* * * * *

Under paragraph (D), a juvenile should be released from custody unless there are other legally sufficient bases for detaining the juvenile, such as, violation of probation or other pending allegations.

If a juvenile is detained, the juvenile is to be placed in a detention facility, which does not include a county jail or state prison. See Rule 120 and its Comment for definition of "detention facility."

CHAPTER 6. POST-DISPOSITIONAL PROCEDURES

PART B. MODIFICATIONS AND REVIEWS

Rule 610. Dispositional and Commitment Review.

* * * * *

Comment

* * * * *

Some placement facilities are hours away from the dispositional court. Paragraph (C) allows a hearing to be conducted via teleconferencing, two-way simultaneous audio-visual communication, or similar method. The juvenile is to be afforded all the same rights and privileges as if the hearing was held with all present in the courtroom.

If a juvenile is detained or placed, the juvenile is to be placed in a detention facility or placement facility, which does not include a county jail or state prison. See Rule 120 and its Comment for definitions of "detention facility" and "placement facility."

Rule 612. Modification or Revocation of Probation.

* * * * *

Comment

A juvenile should be afforded due process before probation can be revoked. *Cf. Gagnon v. Scarpelli*, 411 U.S. 778 (1973); *Morrissey v. Brewer*, 408 U.S. 471 (1972). A juvenile's probation cannot be revoked simply on the grounds of hearsay evidence. *In re Davis*, 586 A.2d 914 (Pa. 1991).

If a juvenile is over the age of eighteen, under the age of twenty-one, and is alleged to have violated the terms of probation, the juvenile, if detained, is to be placed in a detention facility. See Rule 120 and its Comment for definitions of "detention facility," which does not include a county jail or state prison, and "juvenile," which includes a person who has attained ten years of age and is not yet twenty-one years of age who is alleged to have committed a delinquent act before reaching eighteen years of age or who is alleged to have violated the terms of juvenile probation prior to termination of juvenile court supervision.

For detention procedures, see Rules 240 through 243.

For dispositional orders, see Rule 515.

For the use of advanced communication technology, see Rule 129.

Official Note: Rule 612 adopted April 1, 2005, effective October 1, 2005. Amended March 5, 2013, effective immediately. Amended June 28, 2013, effective immediately.

Committee Explanatory Reports:

* * * * *

Final Report explaining the amendments to Rule 612 published with the Court's Order at 43 Pa.B. 3938 (July 13, 2013).

**Explanatory Report
June 2013**

The Supreme Court of Pennsylvania has adopted modifications to Rules 120, 220, 221, 231, 240, 610, and 612. The changes are effective immediately.

Background

Concerns were brought to the Committee’s attention on the use of county jails as temporary detention facilities for juveniles or as a sanction for violation of juvenile probation after the juvenile’s eighteenth birthday.

The Committee is clarifying with these rule modifications that a juvenile may never be detained in a county jail or other penal institution when jurisdiction is vested in the Juvenile Court through the Juvenile Act, 42 Pa.C.S. § 6301 *et seq.*, regardless of whether the juvenile has turned eighteen years of age.

The Rules of Juvenile Court Procedure and the Juvenile Act do not permit juveniles, under the juvenile court’s jurisdiction, to be held in a county jail, even if segregated from adults, as a temporary holding facility, detention facility, or placement facility.

Rule discussion

Modifications to Rule 120 stress that “detention facility” and “placement facility” do not include county jails or state prisons. It also clarifies the definition of “juvenile” by including, not only juveniles who have committed a delinquent act, but also those juveniles who continue on juvenile probation, even after their eighteenth birthday until juvenile court supervision is terminated. The Juvenile Act grants the juvenile court jurisdiction until the juvenile turns twenty-one years of age. *See* 42 Pa.C.S. § 6301 *et seq.*

The Comments to Rules 220, 231, 240, 610, and 612 have been modified to clarify that when detained, a juvenile may only be held in a detention facility or placement facility. The Comment to Rule 221 has been modified to clarify that “police lock-up” and “adult lock-up” do not include the county jail or state prison.

The Comment to Rule 612 was also modified to explain that the juvenile court has jurisdiction over the juvenile until the juvenile turns twenty-one years of age. The juvenile may not be detained in a county jail or state prison for a juvenile probation violation even if the juvenile is eighteen years of age. If detained, the juvenile must be placed in a detention or placement facility.

Comment

A party to the proceedings is not to function as the clerk of courts. Because the clerk of courts maintains the official court record, this person is to remain neutral and unbiased by having no personal connection to the proceedings.

Explanatory Report June 2013

The Supreme Court of Pennsylvania has adopted the amendments to Rules 120 and 1120. The amendments are effective January 1, 2014.

The Committee recommended that a party, including the county agency, be prohibited from acting as clerk of courts.

It has always been understood that a party to the proceeding should not serve as clerk of courts. The clerk of courts is to be an unbiased and neutral person. The revisions to the Rules clarify the intent of the Rules.

Additionally, the county agency is being added to the definition of “party” because they are not technically a “person.”

RULES AND REGULATIONS

Title 40—LIQUOR

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 5]

Prize Limits for Events, Tournaments and Contests

The Liquor Control Board (Board), under the authority of section 207(i) of the Liquor Code (47 P. S. § 2-207(i)), amends § 5.32 (relating to restrictions/exceptions).

Summary

Under the Board's regulations, hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brewery pub and eating place retail dispenser licensees (collectively referred to as retail licensees) may not conduct events, tournaments or contests, nor award or permit the award of trophies, prizes or premiums on the licensed premises. Section 5.30 (relating to definitions) defines an "event/tournament/contest" as "[a] competitive endeavor involving skill, speed, strength or endurance. The term includes a competitive endeavor involving physical attributes of contestants."

There are exceptions to the prohibitions, one of which allows a retail licensee to have a self-sponsored event, tournament or contest and to award prizes in conjunction with an event, tournament or contest. However, a retail licensee was not able to award more than \$500 worth of prizes for a given event, tournament or contest, nor more than \$5,000 worth of prizes per week under former § 5.32(e)(7).

Section 5.32(d)(4) also creates an exception for those events conducted under the authority of the Local Option Small Games of Chance Act (act) (10 P. S. §§ 328.101—328.707) and the Bingo Law (law) (10 P. S. §§ 301—308.1). Events conducted under the act and the law are subject to the prize limits found in those acts, not the limits in § 5.32(e)(7).

Section 5.32(e)(7), which sets forth the prize limits for self-sponsored events, tournaments and contests conducted by retail licensees, was promulgated by the Board in 1996. Between 1988, when the current small games of chance (SGOC) prize limits were set, and 1996, the Board's regulations did not permit retail licensees to have a financial interest in an event, tournament or contest. In 1996, the Board amended § 5.32 to remove the financial interest prohibition and to extend the then-existing SGOC prize limitations, applicable only to licensed clubs holding an SGOC license, to retail licensees, thereby creating a more level playing field between private clubs which could acquire SGOC licenses and retail licensees which could not acquire SGOC licenses.

In the rulemaking process, the Board intended to tie the prize limits afforded under § 5.32(e)(7) with the prize limits afforded under the act. This intent was made evident in the proposed rulemaking published at 26 Pa.B. 31 (January 6, 1996) in which the Board did not include specific individual or weekly prize limits, but rather incorporated the SGOC prize limitations by reference: "The total value of the prizes for a given event, tournament or contest may not exceed the limits as established by the Local Option Small Games of Chance Act (10 P. S. §§ 311—327)."

In addressing concerns raised by the Independent Regulatory Review Commission (IRRC) regarding clarity, the Board amended the final-form rulemaking published at 26 Pa.B. 2209 (May 11, 1996) to include specific monetary prize limitations. The prize limitations for events, tournaments and contests by retail licensees were established based upon the principal prize limits for clubs conducting small games of chance under the authority of their SGOC licenses.

The act of February 2, 2012 (P. L. 7, No. 2) (Act 2) significantly amended the act. Among other changes involving SGOC, Act 2 renumbered and amended section 5 of the act (10 P. S. § 328.302) to increase the maximum prize for a single game of chance from \$500 to \$1,000 and increased the maximum weekly prize limit for games of chance from \$5,000 to \$25,000. Thus, the correlation that existed since 1996 was severed by Act 2, which created a significant disparity in the amounts of prizes that may be awarded by private clubs which may acquire an SGOC license and other retail licensees which cannot acquire SGOC licenses.

In final-form § 5.32(e)(7), the prize limits for self-sponsored events, tournaments and contests that occur on retail licensed premises have been increased to approximate the increased prize limits afforded to club licensees which also hold an SGOC license. Accordingly, the maximum value of prizes that may be awarded for a given event, tournament or contest is increased from \$500 to \$1,000 and the maximum value of prizes awarded in a given week is increased from \$5,000 to \$25,000. The final-form rulemaking re-establishes the historical parity and "level the playing field" for retail licensees relative to conducting events, tournaments and contests.

Finally, a sentence is added to § 5.32(e)(7) to clarify that events, tournaments and contests conducted under the authority of the act or the law are subject to the prize limits in the act and the law rather than the prize limits in § 5.32(e)(7). This is consistent with how the Board has been interpreting the regulation.

Response to Comments

On November 28, 2012, IRRC notified the Board, the House Liquor Control Committee and the Senate Law and Justice Committee that it did not have objections, comments or recommendations to offer on the proposed rulemaking.

Affected Parties

Those affected by this final-form rulemaking include holders of restaurant, hotel, club, privately-owned public golf courses, privately-owned private golf courses, municipal golf courses, brewery pubs and eating place retail dispenser licenses issued by the Board that conduct self-sponsored events, tournaments and contests at their licensed premises. An increase in the current prize limits may be viewed as a boon to many retail licensees wishing to increase attendance and participation at various events, tournaments and contests (for example, games, costume contests, and the like) with the prospect of higher prizes which may be awarded to participants at the licensed premises.

The Board preliminarily reached out to two industry groups, the Pennsylvania Tavern Association and the Pennsylvania Restaurant Association, both of which indicated that they are generally supportive of the rulemaking.

Paperwork Requirements

The Board does not anticipate that this final-form rulemaking will affect the amount of paperwork or administrative costs of the regulated community.

Fiscal Impact

This final-form rulemaking is not expected to have adverse fiscal impact on the regulated community. Since it is discretionary for a retail licensee to take advantage of the increased prize limits, additional costs are not associated with compliance with the final-form rulemaking. In fact, this final-form rulemaking is expected to have a positive fiscal impact for certain retail licensees who may be able to increase the draw to their establishments by offering prizes of higher monetary value at various events, tournaments and contests. However, the potential positive fiscal impact upon those retail licensees which choose to take advantage of the final-form rulemaking cannot be quantified.

This final-form rulemaking is not expected to have adverse fiscal impact on State or local governments.

Effective Date

This final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

Questions regarding this final-form rulemaking should be addressed to Alan Kennedy-Shaffer, Assistant Counsel, or Rodrigo Diaz, Executive Deputy Chief Counsel, Office of Chief Counsel, Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001, (717) 783-9454, ra-lblegal@pa.gov.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on September 13, 2012, the Board submitted a copy of the notice of proposed rulemaking, published at 42 Pa.B. 6138 (September 29, 2012), to IRRC and the Chairpersons of the House and Senate Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when re-

quested. In preparing the final-form rulemaking, the Board considered all comments from IRRC, the Chairpersons of the House and the Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on May 15, 2013, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5(g) of the Regulatory Review Act, the final-form rulemaking was deemed approved by IRRC effective May 15, 2013.

Findings

The Board finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments to the Board's regulations in the manner provided in this order are necessary and appropriate for the administration of the Liquor Code.

Order

The Board, acting under authorizing statute, orders that:

(a) The regulations of the Board, 40 Pa. Code Chapter 5, are amended by amending § 5.32 to read as set forth at 42 Pa.B. 6138.

(b) The Board shall certify this order and 42 Pa.B. 6138 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon publication in the *Pennsylvania Bulletin*.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of August 2013

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of August, 2013, is 5 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 2.92 to which was added 2.50 percentage points for a total of 5.42 that by law is rounded off to the nearest quarter at 5 1/2%.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall

not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Eric Supey, Environmental Cleanup and Brownfields Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915.

The applicants propose to remediate the site to meet the residential Statewide Health Standards for soil and the Site Specific Standards for soil and groundwater. The intended future use of the site will be used for recreational purposes. A summary of the Notice of Intent to remediate was published in *The Carbondale News/The Villager* on May 29, 2013.

Major modification proposing a Closure Plan for the Little Blue Run Residual Waste Disposal Impoundment located in a Greene Township, **Beaver County**, PA and Grant District, **Hancock County**, WV received in the regional office on April 1, 2013 and administratively complete on June 20, 2013.

Notice is hereby given pursuant to 25 Pa. Code § 287.152(a)(2) that groundwater degradation has occurred at the Impoundment and will exist at closure and thereafter. AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

The emissions from the proposed project will be controlled by a cyclone collector and wet scrubber in series, and will amount to 2.04 tons/year of particulate matter, 0.51 ton/year of nitrogen oxides, 0.43 ton/year of carbon monoxide, 0.14 ton/year of hazardous air pollutants and 622 tons/year of carbon dioxide equivalents (greenhouse gases). The Department has determined that the proposed levels of the air contaminants emissions satisfy the Department's BAT requirements. Based on the above, the Department intends to issue a plan approval for the proposed project. The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable air quality regulatory requirements:

1. Pursuant to the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the total emissions of particulate matter (both filterable and condensable) from the exhaust of the wet scrubber associated with the calciner shall not exceed 0.47 lb/hr and 2.04 tons/year.

2. Pursuant to the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the calciner shall only be fired on natural gas.

3. Pursuant to the best available technology provisions of 25 Pa. Code §§ 127.1 and 127.12, the cyclone collector and wet scrubber shall have a combined control efficiency for filterable particulate matter of at least 99.5%.

4. No more than 270 kg/hr of tungsten oxide may be produced in the calciner.

5. The cyclone collector shall be equipped with instrumentation to continuously monitor the pressure drop across the cyclone.

6. a) The wet scrubber shall be equipped with instrumentation to continuously monitor the pressure drop across the venturi scrubber, and the water recirculation and blow-down rates.

b) A pressure differential of at least 25 inches w.g. shall be maintained across the venturi scrubber on any occasion that the calciner is operating.

7. a) The permittee shall record the pressure drop across the cyclone at least once per operating day.

b) The permittee shall record the pressure drop across the wet scrubber and the water recirculation rate at least once per operating shift.

c) The permittee shall maintain records, including supporting calculations, as necessary to demonstrate compliance with the particulate matter emissions and hourly throughput limitations.

d) These records shall be kept on site for a minimum of five years and shall be presented to the Department upon request.

8. a) Emissions of particulate matter resulting from gravity feed of product from the sifter and cyclone into the product material bins shall be controlled by the Calciner #6 Fabric Collector.

b) The permittee shall keep on hand sufficient quantity of spare fabric collector bags for the fabric collector in order to be able to immediately replace any bag requiring replacement.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483.

TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Notice of Proposed Interim Response Kwiatkowski Landfill Site Hickory Township, Lawrence County

The Pennsylvania Department of Environmental Protection ("Department"), under the authority of the Hazardous Sites Cleanup Act, 35 P. S. § 6020.101 et. seq. ("HSCA"), has determined that an interim response is necessary at the Kwiatkowski Landfill Site ("site"). The site is located approximately one mile east of the city of

New Castle in Hickory Township, Lawrence County, Pennsylvania, on the north side of County Line Road.

The site consists of an approximately 85-acre abandoned mixed waste landfill, currently owned by the estates of brothers, Rudolph and Chester Kwiatkowski. The site lies to the north of County Line Road. An industrial area is located at the main entrance to the site. The main disposal area is located 100 feet west of the industrial area. Part of the site has three waste disposal impoundments, located in the southwest corner of the site, immediately adjacent to County Line Road. The impoundments are accessed from County Line Road via an access road. Two of these areas ("sludge lagoon 1 & 2") contain industrial sludge wastes. Each lagoon measures approximately 40 feet by 15 feet by 5 feet deep. A third area ("pottery waste impoundment") previously contained pottery waste which has degraded over time. The pottery waste impoundment measures approximately 90 feet by 40 feet by 1 foot. Collectively, sludge lagoons 1 & 2 and the pottery waste impoundment are identified as Operable Unit 1. Operable Unit 1 is the subject of this response.

In, 1985, 1987 and 1993 the United States Environmental Protection Agency ("USEPA") conducted environmental investigations at the Site that included sampling the wastes and sediments in Operable Unit 1. In 1995, 1996 and 2004, the Department also investigated and sampled surface wastes and surface water at Operable Unit 1 the site.

These investigations revealed elevated levels of chlorinated solvents, and aromatic compounds. Specifically, soils and sediments in Operable Unit 1 contained high concentrations trichloroethylene, xylene, 1,1,2,2-tetrachloroethane, 1,1,2-trichloroethane, 1,2-dichloroethene, 1,2-dichloropropane, benzene, bromodichloromethane, carbon tetrachloride, chloroform, methyl chloride, tetrachloroethene, toluene, vinyl chloride, 2,4-dinitro-phenol, bis(2-chloroethyl)ether, hexachlorobenzene, m-nitro-aniline, N-nitrosodi-N-propylamine, and pentachlorophenol. Several heavy metals, including lead, arsenic were also detected over the Statewide Health Standards for Residential Direct Contact pursuant to the Pennsylvania Land Recycling and Environmental Remediation Standards Act ("Act 2").

These elements and chemical compounds are "hazardous substances" pursuant to Section 103 of the HSCA, 35 P. S. § 6020.103. The presence of these hazardous substances in Site surface water, sediment, and waste and soil constituted a "release" and "threatened release" of hazardous substances at the Site pursuant to Section 103 of the HSCA, 35 P. S. § 6020.103.

The Department's two main objectives of the interim response action proposed for the site were: 1) to protect the public and environmental receptors from direct contact and inhalation risks with site-related hazardous substances, and 2) to eliminate the ongoing release and threat of release of hazardous substances into the environment from contaminated soil.

The Department considered three alternatives for the interim response: 1) no action, 2) fencing Operable Unit 1, and 3) excavation and removal of wastes contained in Operable Unit 1 and associated contaminated soils for proper off-site disposal.

In light of the above objectives, the Department evaluated each alternative to determine: (1) the extent to which each alternative protects the public health and the environment; (2) the extent to which each alternative is

feasible, effective, implementable and permanent; (3) the relative cost of each alternative; and (4) the extent to which each alternative complies with or otherwise addresses the cleanup standards of Act 2, Pennsylvania Solid Waste Management Act, the Pennsylvania Clean Streams Law, and other Applicable or Relevant and Appropriate Requirements (“ARARs”); the extent to which each alternative was feasible, effective, implementable and permanent; and the relative cost effectiveness of each alternative.

Pursuant to Section 505(b) of HSCA, 35 P. S. § 6020.505(b), the Department proposes Alternative 3 as the interim response at the site. Alternative 3 is proposed because it would, in the most cost effective manner, protect the public and environmental receptors from direct contact with site-related hazardous substances and eliminate the ongoing release and threat of release of hazardous substances into the environment.

The response protects the public health and environment; complied with or otherwise addressed all ARARs relating contaminated soil removal and disposal, was feasible, implementable, permanent and effective to the maximum extent practicable; and was cost effective. The proposed action addressed the identified immediate threats to human health and the environment.

The proposed interim response is not a final remedial response pursuant to Section 504 of HSCA, and, therefore, is not required to meet the cleanup standards that apply to final remedial responses. However, the proposed alternative is consistent with any potential future remedial actions and future investigation activities.

This notice is being provided pursuant to Section 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of this response, is available for public review and comment. The administrative record is located at the Department’s Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, and is available for review Monday through Friday from 8:00 a.m. to 4:00 p.m. Please telephone for an appointment at: 814-332-6648.

The administrative record will be open for comment from June 29, 2013 until September 27, 2013. Persons may submit written comments into the record during this time only. Comments should be sent to Mr. Colin Kosinski, Project Manager, at the Department’s Northwest Regional Office or by delivering them to the office in person.

The Department will hold a public meeting on August 7, 2013, at 6:00 p.m., to briefly describe the Department’s proposed interim response. The meeting’s purpose will be for the Department to answer the public’s questions concerning the response at the site. The meeting will be held at Laurel high School, located at 2497 Harlansburg Road, New Castle, PA 16101. Also, the public will have an opportunity to present oral comments, for inclusion into the administrative record, regarding the proposed interim response, at a public hearing following the public meeting.

Persons with a disability who wish to attend the meeting or hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Mr. Kosinski at (814) 332-6648 or through the Pennsylvania AT & T Relay Service at 1-800-654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act’s remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102. Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania

The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. DEPARTMENT OF PUBLIC WELFARE

Changes to Payment Methodology for Birth Centers

The Department of Public Welfare (Department) is announcing it will modify the current payment methodology for birth center services to include separate payments for the facility and the practitioner for dates of service on and after September 1, 2013.

Background

On March 23, 2010, the Patient Protection and Affordable Care Act (Pub. L. No. 111-148) was enacted and on March 30, 2010, the Health Care and Education Reconciliation Act of 2010 (Pub. L. No. 111-152) was enacted. Together, they are known as the Affordable Care Act (ACA). Section 2301(a)(3)(C) of the ACA, regarding coverage for freestanding birth centers, requires state Medicaid programs to make separate payments to the birth center and practitioners for administering antepartum, labor and delivery and postpartum care (42 U.S.C.A. § 1396d(1)(3)(c)).

The Department currently pays an all-inclusive trimester payment to birth centers, which includes payment for the services provided by individual practitioners for antepartum, labor and delivery, and postpartum care.

To comply with 42 U.S.C.A. § 1396d(1)(3)(c), the Department will make separate payments to the birth center for facility services and to the practitioners who provide antepartum, labor and delivery, and postpartum care in birth centers.

Payment Methodology

The Department recognizes the importance of birth centers as part of the continuum of care for female Medical Assistance (MA) beneficiaries.

The Department obtained 12 months of cost data from the MA Program enrolled birth centers and summarized the data to determine an average reported cost per birth for both the facility and practitioner. The average reported cost per birth for the facility and practitioner were used to determine the rate of payment to both the birth center and the practitioner for providing antepartum, labor and delivery, and postpartum services in the birth center. The Department apportioned the payments currently made to birth centers based on the percentage of the birth centers costs that reflect facility costs and practitioner costs.

The new birth center facility and practitioner trimester payments are structured on a payment percentage basis similar to the trimester payments made under the MA Program's Healthy Beginnings Plus Program.

The maximum allowable payment to the birth center over the course of all three trimesters, when a delivery occurs at the birth center, will be \$1,328. The maximum allowable payment to the birth center over the course of all three trimesters when a delivery occurs at the hospital will be \$628.

Payments are restricted to only one practitioner per trimester. The maximum allowable payment to the practitioner over the course of all three trimesters, when a delivery occurs at the birth center, will be \$1,060. The maximum allowable payment to the practitioner over the course of all three trimesters when a delivery occurs at the hospital will be \$510.

The Department will pay birth centers for antepartum, labor and delivery and postpartum care on a trimester basis as follows:

- First Trimester: \$149 (11% of total payment)
- Second Trimester: \$179 (14% of total payment)
- Third Trimester: \$1,000 (75% of total payment)
(With Delivery at Birth Center)
- Third Trimester: \$300
(When Delivery occurs at Hospital)

The Department will pay practitioners for antepartum, labor and delivery and postpartum care services provided in a birth center on a trimester basis as follows:

- First Trimester: \$80 (8% of total payment)
- Second Trimester: \$80 (8% of total payment)
- Third Trimester: \$900 (84% of total payment)
(With Delivery at Birth Center)
- Third Trimester: \$350
(When Delivery occurs at Hospital)

Similar to the Healthy Beginnings Plus Program model, the Department will make a "per visit" payment to the facility and the practitioner when the beneficiary makes only a single visit, during the trimester, to the birth center. Once the beneficiary makes a second visit during the trimester, the facility and practitioner are paid the trimester package rate. The birth center facility and practitioner "per visit" payments are structured on a payment percentage basis similar to the percentage distribution between the facility and the practitioner trimester payments. The facility payment for a single beneficiary visit will be \$24 (60% of total payment). The practitioner payment for a single beneficiary visit will be \$16 (40% of total payment).

Birth centers and practitioners are to submit claims to the MA Program using the applicable procedure code, provider type/specialty and modifier combinations as follows:

<i>Procedure Code</i>	<i>National Description</i>	<i>Old Birth Center MA Description</i>	<i>Provider</i>	<i>Specialty</i>	<i>Place of Service</i>	<i>Pricing Modifier</i>	<i>Info Modifier</i>	<i>MA Fee</i>	<i>MA units</i>	<i>Limits</i>

Disproportionate Share and Supplemental Hospital Payments

The Department of Public Welfare (Department) is announcing its intent to continue the additional class of disproportionate share hospital (DSH) payments and the additional classes of supplemental payments for inpatient hospitals that were initiated in conjunction with the act of July 9, 2010 (P. L. 336, No. 49) (Act 49). The Department is also announcing its intent to continue the Fiscal Year (FY) 2012-2013 payment methodologies for inpatient DSH, outpatient supplemental and direct medical education payments and to continue its DSH and Supplemental Reconciliation process.

In addition, the Department is announcing the process and data it intends to use to determine the eligibility of new hospitals for certain DSH and supplemental payments effective July 1, 2013.

Background

Among other things, Act 49 added Article VIII-G to the Public Welfare Code (62 P. S. §§ 801-G—816-G) authorizing the Department to impose a monetary assessment on the net operating revenue of all Commonwealth licensed hospitals, other than exempt hospitals.

Under Act 49, funds generated by the hospital assessment must be deposited into a restricted account called the Quality Care Assessment Fund (see 62 P. S. § 805-G(a)) and are to be used to update the Medical Assistance (MA) fee-for-service (FFS) payment system for inpatient services for acute care general hospitals, modify some existing DSH and supplemental payments, create several new DSH and supplemental payments for MA hospital providers and generally support the MA Program. In compliance with Act 49, the Department imposed a monetary assessment, updated the MA FFS payment system for inpatient acute care services, modified some existing DSH and supplemental payments and created new DSH and supplemental payments for hos-

pital providers after receiving Centers for Medicare and Medicaid Services (CMS) approval for both the assessment and the payment changes.

The assessment under Act 49 was effective for a 3-year period ending June 30, 2013. The Department and the hospital community are seeking to reauthorize the assessment and continue the hospital payments from the Quality Care Assessment Fund beyond June 30, 2013.

Continuation of DSH and Supplemental Payments from the Quality Care Assessment Fund

Subject to CMS's approval of the assessment and the hospital payments made from the Quality Care Assessment Fund, the Department intends to continue the following payment programs utilizing the FY 2012-2013 eligibility criteria and payment distribution methodologies; MA Stability Payments; MA Dependency Payments; Enhanced Payments to Certain Disproportionate Share Hospitals; MA Rehabilitation Adjustment Payments and Small and Sole Community Hospital DSH Payments. The Department also intends to continue Community Access Fund; Inpatient DSH; Outpatient Supplemental and Medical Education payments as modified under the Quality Care Assessment program. The methodology used to determine hospitals that qualify for these payments and the calculation of the payment amounts for each payment program will not be changed.

Finally, the Department intends to continue its existing payment reconciliation process for certain DSH and supplemental payments.

FFS All Patient Refined-Diagnosis Related Group (APR-DRG) Base Rate, DSH and Supplemental Payments for New Hospitals

The current State Plan methodologies for determining eligibility for the DSH and supplemental payments initiated in conjunction with Act 49 use historical MA data from FY 2007-2008. Accordingly, hospitals that were not required to file an FY 2007-2008 MA 336 hospital cost report (new hospitals) do not qualify for these DSH and supplemental payments due to the lack of required historical MA and Medicare data to determine whether to apply the MA dependency or teaching adjustment to a hospital's FFS APR-DRG Base Rate. Since a new hospital does not have this information on file, it does not qualify for either adjustment based on historical data.

Beginning in FY 2013-2014 and subject to CMS's approval of the assessment and the hospital payments made from the Quality Care Assessment Fund, the Department intends to institute a process to collect data from new hospitals using forms designated by the Department. The Department intends to use this data to determine whether a new hospital qualifies for the MA dependency and teaching adjustments for its APR-DRG base rate as well as the hospital's eligibility and, if eligible, payment amounts for the payment programs created in conjunction with Act 49 beginning with the hospital's first full State fiscal year of MA enrollment. The payment programs for which a new hospital may qualify through this process are limited to the MA Stability Payments; MA Dependency Payments; Enhanced Payments to Certain Disproportionate Share Hospitals; MA Rehabilitation Adjustment Payments and Small and Sole Community Hospital DSH Payments. A detailed description of the eligibility criteria and payment methodologies for each of these payments was described in a public notice published at 42 Pa.B. 6048 (September 22, 2012). For the first full State fiscal year of MA enrollment of a new hospital that qualifies for one or more of these

supplemental or DSH payments, the payment amounts will be prorated in accordance with the period of time the hospital was in operation during its first year of enrollment in the MA Program. The Department intends to consider the rates and payments established for new hospitals as a result of this process to be interim rates and payments. The Department will reconcile the rates and payments once MA 336 hospital cost report data and other necessary Medicare data is available for the new hospital's first full State fiscal year of MA enrollment.

The eligibility criteria, payment distribution methodology and the source of data for all other DSH and supplemental programs in existence prior to the enactment of Act 49 remain unchanged and will continue to rely on historical data.

Fiscal Impact

The FY 2013-2014 impact is \$566.856 million (\$264.005 million in State general funds).

Public Comment

Interested persons are invited to submit written comments regarding these proposed changes to the Department of Public Welfare, Office of Medical Assistance Programs, Attention, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Information Regarding the Department of Public Welfare's Intent to Implement Modified Adjusted Gross Income-Based Eligibility Criteria Early

The purpose of this notice is to announce that the Department of Public Welfare (Department) intends to begin using the Modified Adjusted Gross Income (MAGI)-based eligibility criteria as described in 42 CFR 435.603 (relating to application of modified adjusted gross income (MAGI)) effective October 1, 2013. This will provide a simplified method of determining eligibility and is expected to result in an increase in individuals who qualify for Medicaid.

Effective January 1, 2014, eligibility for health coverage under all health insurance affordability programs generally will be based on a new MAGI methodology. Calculating applicants' MAGI-based income will require defining household composition and executing income-counting procedures according to rules that differ from those currently in effect for Medicaid.

The Department proposes to apply the MAGI-based eligibility determination rules as described in 42 CFR 435.603 effective October 1, 2013, to the following populations:

- Infants and children under 19 years of age.
- Pregnant women, through their postpartum period.
- Parents and caretaker relatives.
- Women applying for or receiving SelectPlan for Women.
- Individuals under 26 years of age who were receiving Foster Care and Medical Assistance (MA) when they reached 21 years of age.

The Federal government is creating a health insurance exchange that will allow individuals to apply for healthcare through the exchange beginning October 1, 2013. This health insurance exchange will begin determinations of health care eligibility for applicants and then direct their application to the proper agency. While the exchange will begin accepting applications and determining eligibility on October 1, 2013, MAGI-based Medicaid would not actually begin until January 1, 2014, without special permission (Section 1115 Demonstration Waiver) from the Federal government to start earlier. This period from October 1, 2013, to December 31, 2013, is referred to as the open enrollment period.

During the 2013 open enrollment period (October 1 to December 31), eligibility for certain applicants will be determined using MAGI-based rules for coverage, and would be scheduled to start on January 1, 2014, without the waiver. People applying for or renewing Medicaid during the open enrollment period would also need to have their eligibility determined based on existing Medicaid rules. As a result, for the populations subject to MAGI-based rules, the Department will have to determine Medicaid eligibility under both the current rules and the MAGI-based rules during this limited period of time.

The Department is requesting a Section 1115 Demonstration Waiver that will enable the Commonwealth to avoid having to operate two sets of Medicaid eligibility rules for children, pregnant women, parents and caretaker relatives during this period. If approved, the waiver will allow the Department to implement, on a Statewide basis, MAGI-based eligibility determination methods to populations subject to MAGI beginning on October 1, 2013, to coincide with the start of the open enrollment period. The Department believes this more coordinated open enrollment process will help ensure the Commonwealth's capacity to process applications in a timely fashion. The Department projects that 27,991 individuals will be affected by this waiver.

The following areas are affected by MAGI determination rules:

- Application Processing
 - Both the COMPASS online application and the paper application are being updated to include the neces-

sary questions to allow for an individual to apply for all insurance affordability programs beginning October 1, 2013.

- **MAGI Household Composition and Income**

- Household composition will be based on tax household with specific filer and nonfiler rules. If an individual is a tax filer or claimed as a dependent, their household will be based on those who are a part of the tax household. If an individual is a nonfiler and is not claimed as a dependent on anyone else's taxes, their household will be based on existing relationship rules.

- Income calculation will be based on gross income minus 5% of the Federal Poverty Income Limit for the tax household size, plus other possible tax deductions. These deductions are claimed on a Form 1040, lines 23 to 35.

- Certain incomes shall be excluded for MAGI determinations such as the following:

- Income of a child or tax dependent if the child or dependent is not required to file a tax return.
- Child support.
- Worker's Compensation.
- Veteran's benefits.
- Depreciation of business expenses.
- Scholarships, awards or fellowship grants used for education and not for living expenses.
- American Indian/Alaska Native income.

- Lump sums shall be counted as income only in the month received. Any remainder of the lump sum in subsequent months shall be considered a resource.

- **MAGI Household Resources**

- Household resources, such as bank accounts and vehicles, will be excluded in determining eligibility for MAGI-based Medicaid groups.

The new MAGI-based regulations will only affect the Medicaid eligibility rules for the groups listed previously. There will be no changes to the medical benefits received by this population and there will be no new cost sharing requirements. The delivery system and payment rates for services used to provide these benefits will also remain the same.

The Department is not requesting Section 1115 expenditure authority as the affected population is comprised of Medicaid state plan eligibility groups; therefore, no budget neutrality agreement is needed in conjunction with this demonstration.

The Department intends to conduct at least three public meetings to receive comments from its citizens. These meetings will be held as follows:

- June 27, 2013, at Temple University at Strawberry Square from 10 a.m. to 12 p.m.
- July 24, 2013, in Room 129 of the Health and Welfare Building from 1 p.m. to 3 p.m.
- July 25, 2013, at Temple University at Strawberry Square from 10 a.m. to 12 p.m.

The Department also intends to hold a formal public hearing regarding its intent to implement MAGI rules early on July 29, 2013, from 10 a.m. to 12 p.m. at the Clothes Tree Building, DGS Annex Complex, 25 Beech Drive, Harrisburg, PA. This public hearing will have telephonic and web conference capabilities. To call into the hearing call, toll free, (877) 668-4493 and use access

Pharmacy Prior Authorization

The Department of Public Welfare (Department) announces it will add the following to the Medical Assistance (MA) Program's list of services and items requiring prior authorization:

—Natroba.

—Colony Stimulating Factors designated as preferred on the Department's Preferred Drug List (PDL).

—Irritable Bowel Syndrome Agents designated as preferred on the Department's PDL.

These prior authorization requirements apply to prescriptions dispensed on or after July 24, 2013.

Section 443.6(b)(7) of the Public Welfare Code (62 P. S. § 443.6(b)(7)) authorizes the Department to add items and services to the list of services requiring prior authorization by publication of notice in the *Pennsylvania Bulletin*.

The Department will issue MA Bulletins to providers enrolled in the MA Program specifying the procedures for obtaining prior authorization of prescriptions for each of the medications listed previously.

Fiscal Impact

Currently there is no utilization of this class of drugs in the MA Program; therefore, it is anticipated that the prior authorization requirement will have no fiscal impact.
