READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Amended Order

Per Curiam:

And Now, this 8th day of July, 2004, upon the recommendation of the Appellate Court Procedural Rules Committee, this recommendation having been published before adoption at 33 Pa.B. 2259 (May 10, 2003).

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the proposed amendments to Pa.R.A.P. 1501—1571 are adopted in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective 60 days after adoption.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 15. JUDICIAL REVIEW OF GOVERNMENTAL DETERMINATIONS

IN GENERAL

Rule 1501. Scope of Chapter.

(a) *General rule.* Except as otherwise prescribed by Subdivisions (b) and (c) of this rule, this chapter applies to:

* * * * *

(3) [**Objections to a determination by a government unit**] **Original jurisdiction actions** heretofore cognizable in an appellate court by [**an action**] **actions** in the nature of equity, replevin, mandamus or quo warranto or for [**a**] **declaratory judgment**, or upon writs of certiorari or prohibition.

(4) **Matters designated by general rule, e.g., review of orders refusing to certify interlocutory orders for immediate appeal, release prior to sentence, appeals under Section 17(d) of Article II of the Constitution of Pennsylvania and review of special prosecutions or investigations.**

(b) *Appeals governed by other provisions of rules.* This chapter does not apply to any appeal within the scope of:

* * * * *

(3) Chapter 13 (interlocutory appeals by permission), except that the provisions of this chapter and ancillary provisions of these rules applicable to practice and procedure on petition for review, so far as they may be applied, shall be applicable: (a) **where required by the Note to Rule 341 and the Note to Rule 1311;** and (b) after permission to appeal has been granted from a determination which, if final, would be subject to judicial review pursuant to this chapter.

* * * * *

Official Note:

* * * * *

Subdivision (a)(4) was added in 2004 to recognize the references in various appellate rules and accompanying notes to petition for review practice. For example, the Notes to Rules 341 and 1311 direct counsel to file a petition for review of a trial court or government agency order refusing to certify an interlocutory order for immediate appeal. Similarly, Rule 1762 directs the filing of a petition for review when a party seeks release on bail before judgment of sentence is rendered. See Rule 1762(b). A petition for review is also the proper method by which to seek judicial review pursuant to Rule 3321 (regarding legislative reapportionment commission) and Rule 3331 (regarding special prosecutions or investigations). The 2004 amendments clarify the use of petitions for review in these special situations.

Subdivision (b) of this rule is necessary because otherwise conventional appeals from a court (which is included in the scope of the term "government unit") to an appellate court would fall within the scope of this chapter under the provisions of Paragraph (a)(2) of this rule.

Subdivision (c) expressly recognizes that some statutory procedures are not replaced by petition for review practice. Thus, matters brought pursuant to Section 137 of the Associations Code governing judicial review of documents rejected by the Department of State or pursuant to the Election Code are controlled by the applicable statutory provisions and not by the rules in Chapter 15. See 15 Pa.C.S. § 137; Act of June 3, 1937, P. L. 1333, as amended 25 P. S. §§ 2600—3591.

[Rule 1561 (disposition of petition for review) makes clear that this chapter does not apply to ordinary tort, contract and post hearing conviction matters.

Where] In light of Subdivision (d), where the court in which a petition for review is filed lacks subject matter jurisdiction (e.g., a petition for review of a local government question filed in the Commonwealth Court), Rules 741 (waiver of objections to jurisdiction), 751 (transfer of erroneously filed cases) and 1504 (improvident petitions for review) will be applicable. See also 42 Pa.C.S. § 5103.

The 2004 amendments are made to petition for review practice to address the evolution of judicial responses to governmental actions. As indicated in the Note to Rule 1502, when the Rules of Appellate Procedure were initially adopted, there was a "long history in the Commonwealth . . . of relatively complete exercise of the judicial review function under the traditional labels of equity, mandamus, certiorari and prohibition." While such original jurisdiction forms of action are still available, their proper usage is now the exception rather than the rule because appellate proceedings have become the norm. Thus, the need to rely on Rule 1503 to convert an appellate proceeding to an original jurisdiction action and vice versa arises less often. Moreover, the emphasis on a petition for review as a generic pleading that permits the court to simultaneously consider all aspects of the controversy is diminished. The primary concern became making the practice for appellate proceedings more apparent to the occasional appellate practitioner. Accordingly, the rules have been amended to more clearly separate procedures for appellate proceedings from those applicable to original jurisdiction proceedings.

The responsibility of identifying the correct type of proceeding to be used to challenge a governmental action is initially that of counsel. Where precedent makes the choice clear, counsel can proceed with confidence. Where the choice is more problematic, then counsel should draft the petition for review so as to satisfy the directives for both appellate and original jurisdiction proceedings. Then the court can designate the proper course of action regardless of counsel's earlier assessment.

[Explanatory Comment—1976

It is made clear that where permission to appeal is granted under Chapter 13 from a determination, which, if final, would be subject to the petition for

review procedures of Chapter 15 (e.g. permission to appeal from an interlocutory order of the Public Utility Commission) the further proceedings in the appellate court are governed by Chapter 15.]

Rule 1502. Exclusive Procedure.

The appeal[, the] and the original jurisdiction actions of equity, replevin, mandamus and quo warranto, the action for a declaratory judgment, and the writs of certiorari and prohibition are abolished insofar as they relate to matters within the scope of a petition for review under this chapter. The petition for review, insofar as applicable under this chapter, shall be the exclusive procedure for judicial review of a determination of a government unit.

Official Note: This chapter recognizes that the modern label "appeal" has little significance in connection with judicial review of governmental determinations in light of the long history in this Commonwealth of relatively complete exercise of the judicial review function under the traditional labels of equity, mandamus, certiorari and prohibition. If the simple form of notice of appeal utilized in Chapter 9 (appeals from lower courts) were extended to governmental determinations without any requirement for the filing of [exceptions] motions for post-trial relief, a litigant who incorrectly selected the appeal label, rather than the equity, mandamus, replevin, or prohibition, etc. label, would probably suffer dismissal, [since] because the court would be reluctant to try a proceeding in the nature of equity, mandamus, replevin, or prohibition, etc. in the absence of a proper pleading adequately framing the issues.

The solution introduced by these rules is to substitute a new pleading (the petition for review) for all of the prior types of pleading which seek relief from a governmental determination (including governmental inaction). Where the reviewing court is required or permitted to hear the matter de novo, the judicial review proceeding will go forward in a manner similar to an equity or mandamus action. Where the reviewing court is required to decide the questions presented solely on the record made below, the judicial review proceeding will go forward in a manner similar to appellate review of an order of a lower court. However, experience teaches that governmental determinations are so varied in character, and generate so many novel situations, that [frequently] on occasion it is only at the conclusion of the judicial review process, when a remedy is being fashioned, that one can determine whether the proceeding was in the nature of equity, mandamus, prohibition, or statutory appeal, etc. The petition for review will eliminate the wasteful and confusing practice of filing multiple "shotgun" pleadings in equity, mandamus, prohibition, statutory appeal, etc., and related motions for consolidation, and will permit the parties and the court to proceed directly to the merits unencumbered by procedural abstractions.

Rule 1551 (scope of review) makes clear that the change in manner of pleading does not change the scope or standard of review of governmental determinations or otherwise affect the [substantial] substantive rights of the parties.

* * * * *

Rule 1503. Improvident Appeals or [Plenary] Original Jurisdiction Actions.

If an appeal is taken from an order of a government unit, or if a complaint in the nature of equity, replevin,

mandamus, or quo warranto, or a petition for a declaratory judgment or for a writ in the nature of certiorari or prohibition is filed against a government unit or one or more of the persons for the time being conducting its affairs[, as such,] objecting to a determination by any one or more of them, this alone shall not be a ground for dismissal[, but the]. The papers whereon the improvident matter was commenced shall be regarded and acted upon as a petition for review of such governmental determination and as if filed at the time the improvident matter was commenced. The court may require that the papers be clarified by amendment.

* * * * *

Rule 1504. Improvident Petitions for Review.

If a petition for review is filed against any person, where the proper mode of relief is an **original jurisdiction** action in equity, replevin, mandamus or quo warranto, or a petition for a declaratory judgment or for a writ of certiorari or prohibition, this alone shall not be a ground for dismissal, but the papers whereon the improvident matter was commenced shall be regarded and acted upon as a complaint or other proper process commenced against such person and as if filed at the time the improvident matter was commenced. The court may require that the papers be clarified by amendment.

Official Note: Based on 42 Pa.C.S. § 102 (definitions) (which includes petition for review proceedings within the statutory definition of “appeal”) and 42 Pa.C.S. § 708(b) (appeals). When the moving party files [his] a clarifying amendment, the amendment will operate to specify that one form of action which the party elects to proceed on.

PETITION FOR REVIEW

Rule 1512. Time for Petitioning for Review.

* * * * *

(b) *Special appellate provisions.* A petition for review of:

(1) A determination of the Department of Community [Affairs] and Economic Development in any matter arising under the Local Government Unit Debt Act, 53 Pa.C.S. §§ 8001—8271, shall be filed within 15 days after entry of the order or the date the determination is deemed to have been made, when no order has been entered.

* * * * *

(4) A determination of a Commonwealth agency under section 1711 of the Commonwealth Procurement Code, 62 Pa.C.S. § 1711, shall be filed within 14 days of receipt of the decision.

(c) [Other governmental determinations] *Original jurisdiction actions.* A petition for review of a determination of a government unit not within the scope of Subdivisions (a) or (b) of this rule may be filed with the prothonotary of the appellate court within the time, if any, limited by law.

Official Note: The note to Rule 903 (time for appeal) addresses the development of the standard 30 day appeal period. Rule 102 defines a “quasijudicial order” as “an order of a government unit, made after notice and opportunity for hearing, which is by law reviewable solely upon the record made before the government unit, and not upon a record made in whole or in part before the reviewing court.”

* * * * *

Subdivision (c) relates to matters [which are original in nature] addressed to the original jurisdiction of an appellate court. For example, equitable matters are governed by existing principles of laches, etc. Other matters, such as petitions for review raising issues formerly cognizable by action in mandamus or quo warranto, etc., are governed by the time limits, if any, applicable under the prior procedure. See generally 42 Pa.C.S. §§ 1702 (regarding the Supreme Court’s rulemaking procedures), 1722(c) (Time limitations), 5501—5574 (Limitations of time).

Rule 1513. Petition for Review.

[(a) *Content.* The petition for review shall contain a statement of the basis for the jurisdiction of the court; the names of the parties seeking review; the name of the government unit (see Rule 503 (description of public officers)) which made the determination sought to be reviewed; reference to the order or other determination sought to be reviewed; a general statement of the objections to the order or other determination; and a short statement of the relief sought. The statement of objections will be deemed to include every subsidiary question fairly comprised therein. It shall not be necessary for the petition to include or have annexed thereto a copy of the text, if any, of the order or other determination sought to be reviewed.

(b) *Caption and parties.* The government unit which made the determination sought to be reviewed, and no other party, shall be named as a respondent, except where the petition seeks review of an order of a government unit which is in fact disinterested in the subject matter of the order, in which case all real parties in interest before such government unit shall be named as respondents and the government unit shall not be named as a respondent. Where a public act or duty is required to be performed by an executive or administrative department, by a departmental administrative board or commission or by an independent administrative board or commission of this Commonwealth, or other board or body, it shall be sufficient to name the department, board, commission or body in the petition for review, without naming or joining as a respondent the head of the department or the members of the board, commission or body. Where necessary in order to join an indispensable party to the matter, the petition for review may name as a respondent a person who is not a government unit.

(c) *Alternative objections.* Objections to a determination of a government unit and the related relief sought may be stated in the alternative, and relief of several different types may be demanded.

(d) *Notice to plead.* If under the applicable law the questions raised by the petition for review may be determined in whole or in part upon the record made before the court, the petition shall contain or have endorsed upon it a notice to plead.

(e) *Verification.* A petition for review which contains or has endorsed upon it a notice to plead shall be verified either by oath or affirmation or by verified statement. Otherwise a petition for review need not be verified.

(f) *Form.* The petition for review shall be divided into paragraphs numbered consecutively, each containing as nearly as may be a single allegation of fact or other statement.

Official Note: This rule supersedes former Commonwealth Court Rules 20A, 20B and 21. Subdivision (b) is based in part upon Pa.R.Civ.P. 1094.

Examples of government units which are not ordinarily "interested" in the subject matter of a petition for review of their action for the purposes of Subdivision (b) of this rule are the Environmental Hearing Board, the Department of Education (with respect to tenure appeals under Section 1132 of the Public School Code of 1949 (24 P.S. § 11-1132)) and the State Civil Service Commission. With respect to the last sentence of Subdivision (b) see *Bruhin v. Commonwealth*, 14 Pa. Commonwealth Ct. 300, 320 A.2d 907 (1974) and 42 Pa.C.S. § 761(d) (ancillary matters) (last sentence), which provides that to the extent prescribed by general rule the Commonwealth Court shall have ancillary jurisdiction over any claim or other matter which is related to a claim or other matter otherwise within its exclusive original jurisdiction.

The inclusion or omission of a notice to plead in the petition for review is the signal which the petition gives to the opposing parties and the court as to the position which the petitioner will take on the issue of going beyond the record made below. If a notice to plead is included, the fact issue may be resolved by the subsequent pleadings permitted by Rules 1515 (answer to petition) and 1516 (other pleadings allowed), but if not the matter will under Rule 1542 (oral argument and evidentiary hearing) move either to summary judgment or to trial.

The 1997 amendment to subdivision (d) remedies what had been an inconsistency between the former heading and the text of the rule.

Explanatory Note—1979

The note is expanded to reflect the fact that the Department of Education does not defend its decisions in teacher tenure appeals from local school districts.]

(a) *Caption and parties on appeal.* In an appellate jurisdiction petition for review, the aggrieved party or person shall be named as the petitioner and, unless the government unit is disinterested, the government unit and no one else shall be named as the respondent. If the government unit is disinterested, all real parties in interest, and not the government unit, shall be named as respondents.

(b) *Caption and parties in original jurisdiction actions.* The government unit and any other indispensable party shall be named as respondents. Where a public act or duty is required to be performed by a government unit, it is sufficient to name the government unit, and not its individual members, as respondent.

(c) *Form.* Any petition for review shall be divided into consecutively numbered paragraphs. Each paragraph shall contain, as nearly as possible, a single allegation of fact or other statement. When petitioner seeks review of an order refusing to certify an interlocutory order for immediate appeal, numbered paragraphs need not be used.

(d) *Content of appellate jurisdiction petition for review.* An appellate jurisdiction petition for review shall contain: (1) a statement of the basis for the jurisdiction of the court; (2) the name of the party or person seeking review; (3) the name of the government unit that made the order or other determination sought to be reviewed; (4) reference to the order or other determination sought to be reviewed, including the date the order or other determination was entered; (5) a general statement of the objections to the order or other determination; and (6) a short statement of the relief sought. A copy of the order or other determination to be reviewed shall be attached to the petition for review as an exhibit. The statement of objections will be deemed to include every subsidiary question fairly comprised therein. No notice to plead or verification is necessary.

Where there were other parties to the proceedings conducted by the government unit, and such parties are not named in the caption of the petition for review, the petition for review shall also contain a notice to participate, which shall provide substantially as follows:

If you intend to participate in this proceeding in the (Supreme, Superior or Commonwealth, as appropriate) Court, you must serve and file a notice of intervention under Rule 1531 of the Pennsylvania Rules of Appellate Procedure within 30 days.

(e) *Content of original jurisdiction petition for review.* A petition for review addressed to an appellate court's original jurisdiction shall contain: (1) a statement of the basis for the jurisdiction of the court; (2) the name of the person or party seeking relief; (3) the name of the government unit whose action or inaction is in issue and any other indispensable party; (4) a general statement of the material facts upon which the cause of action is based and (5) a short statement of the relief sought. It shall also contain a notice to plead and be verified either by oath or affirmation or by verified statement.

(f) *Alternative objections.* Objections to a determination of a government unit and the related relief sought may be stated in the alternative, and relief of several different types may be requested.

Official Note: The 2004 amendments to this rule clarify what must be included in a petition for review addressed to an appellate court's appellate jurisdiction and what must be included in a petition for review addressed to an appellate court's original jurisdiction. Where it is not readily apparent whether a "determination" (defined in Rule 102 as "[a]ction or inaction of a government unit) is reviewable in the court's appellate or original jurisdiction, compliance with the requirements of Subdivisions (d) and (e) is appropriate.

Subdivisions (a) and (b) reflect the provisions of Rule 501 (Any Aggrieved Party May Appeal), Rule 503 (Description of Public Officers), Section 702 of the Administrative Agency Law, 2 Pa.C.S. § 702 (Appeals), and Pa.R.C.P. 1094 (regarding parties defendant in mandamus actions).

Government units that are usually disinterested in appellate jurisdiction petitions for review of their determinations include:

- the Board of Claims,
- the Department of Education (with regard to teacher tenure appeals from local school districts pursuant to section 1132 of the Public School Code of 1949, 24 P. S. § 11-1132),
- the Environmental Hearing Board,
- the State Charter School Appeal Board,
- the State Civil Service Commission, and
- the Workers' Compensation Appeal Board.

The provision for joinder of indispensable parties in original jurisdiction actions reflects the last sentence of section 761(c) of the Judicial Code, 42 Pa.C.S. § 761(c), providing for the implementation of ancillary jurisdiction of the Commonwealth Court by general rule.

Subdivisions (d) and (e) reflect the differences in proceeding in a court's original and appellate jurisdiction, while preserving the need for sufficient specificity to permit the conversion of an appellate document to an original jurisdiction pleading and vice versa should such action be necessary to assure proper judicial disposition. See also the notes to Rules 1501 and 1502. The paragraph regarding the notice to participate was formerly found in Rule 1514(c).

Rule 1514. Filing and Service of the Petition for Review.

(a) *Filing with the prothonotary.* The petition for review, with proof of service required by Subdivision (c) of this rule, shall be filed with the prothonotary of the appellate court in person or by first class or certified mail.

If the petition for review is [transmitted to the prothonotary] filed by [means of] first class or certified mail, the petition shall be deemed received by the prothonotary for the purposes of Rule 121(a) (filing) on the date deposited in the United States mail, as [shown] stamped by post office personnel on a U. S. Postal Service Form 3817, certificate of mailing, or U. S. Postal Service Form 3800. The certificate of mailing shall show the docket number of the matter in the government unit, and shall be either enclosed with the petition or separately mailed to the prothonotary.

Upon actual receipt of the petition for review, the prothonotary shall immediately:

(1) stamp it with the date of actual receipt. That date, or the date of earlier deposit in the United States mail as prescribed in this subdivision, shall constitute the date [when review was sought, which date shall be shown on the docket. The prothonotary of the appellate court shall immediately note the docket number assignment in the appellate court upon] of filing;

(2) assign a docket number to the petition for review; and

(3) give written notice of the docket number assignment in person or by first class mail to the government unit [which] that made the determination sought to be reviewed, to the petitioner, and to the other persons named in the proof of service accompanying the petition.

(b) *Fee.* The petitioner, upon filing the petition for review, shall pay any [fee] fees therefor [prescribed

by Chapter 27 (fees and costs in appellate courts and on appeal)] as set by law or general rule.

(c) *Service.* A copy of the petition for review shall be served by the petitioner in person or by certified mail on the government unit [which] that made the determination sought to be reviewed. In matters involving the Commonwealth, the petitioner shall similarly serve a copy upon the Attorney General of Pennsylvania. [When the government unit is comprised of a plurality of persons, each of whom is to be joined individually, or where there is otherwise a plurality of persons named as respondents] Where there is more than one respondent, the petitioner shall separately serve each [such person] one. All other parties before the government unit [which] that made the determination sought to be reviewed shall be served as prescribed by Rule 121(b) (service of all papers required). [Whenever any such other parties are served, unless they have been named as respondents under Rule 1513(b) (caption and parties), the petition for review shall contain or have endorsed upon it a statement substantially as follows: "If you intend to participate in this proceeding in the (Supreme, Superior or Commonwealth, as appropriate) Court, you must serve and file a notice of or application for intervention under Rule 1531 of the Pennsylvania Rules of Appellate procedure within 30 days."]

(d) *Entry of appearance.* Upon the filing of the petition for review, the prothonotary shall note on the [record] docket as counsel for the petitioner the name of [his] counsel, if any, set forth in or endorsed upon the petition for review, and, as counsel for other parties, counsel, if any, named in the proof of service. The prothonotary shall, upon praecipe of any such counsel for other parties, filed within 30 days after filing of the petition, strike off or correct the record of appearances. Thereafter a counsel's appearance for a party may not be withdrawn without leave of court, unless another lawyer has entered or simultaneously enters an appearance for the party.

Official Note: [This rule supersedes former Commonwealth Court Rules 20C, 21, 22 and 24.] See the note to Rule 1112 (appeals by allowance) for an explanation of the procedure when Form 3817 is used.

The petition for review must be served on the government unit that made the determination in question. Rule 102 defines "government unit" as including "any court or other officer or agency of the unified judicial system." Thus, a petition for review of a trial court order must be served on the judge who issued the order.

Service on the Attorney General shall be made at: Strawberry Square, Harrisburg, PA 17120.

Rule 1515. [Answer to Petition] (Rescinded).

[Where under the applicable law the questions raised by the petition for review may be determined in whole or in part upon the record made before the court, and the right to an evidentiary hearing has been claimed by inclusion or endorsement of a notice to plead as prescribed by Rule 1513(d) (notice to plead), any adverse party may file an answer to the petition controverting any factual allegation of the petition.

Official Note: When the question is one of law, the denial of the contentions made in the petition for review will appear in the briefs of the parties. However, where for example the petition for review raises a question which formerly would have been determined in an action in equity, mandamus, etc., the petition may allege facts which the adverse party will desire to controvert at an evidentiary hearing before the reviewing court, and the factual issues should be properly framed for the court.]

Official Note: Rule 1515 formerly provided for an answer to a petition for review addressed to an appellate court's original jurisdiction. Answers to such petitions are now discussed in Rule 1516.

Rule 1516. Other Pleadings Allowed.

[(a) **General rule.** The pleadings on petition for review are limited to the petition, an answer thereto if permitted by Rule 1515 (answer to petition), a reply if the answer contains new matter or a counterclaim, a counter-reply if the reply to a counterclaim contains new matter, a preliminary objection and an answer thereto.

(b) **Effect of absence of answer.** A further pleading may be filed only in a matter in which an answer is permitted to be or has been filed.

(c) **Time for filing.** Every pleading subsequent to the petition for review shall be filed within 30 days after service of the preceding pleading, but no pleading need be filed unless the preceding pleading is endorsed with a notice to plead.

Official Note: Patterned after Pa.R.Civ.P. 1017 (a) and 1026. The ten additional days in the pleading period is in recognition of the time required for agency coordination where the Commonwealth is a party. Under Rule 1972 (dispositions on motion) a party may move to dispose of the matter on a number of grounds without reaching the merits.]

(a) **Appellate jurisdiction petitions for review.** No answer or other pleading to an appellate jurisdiction petition for review is authorized, unless the petition for review is filed pursuant to the Notes to Rules 341 or 1311 (seeking review of a trial court or other government unit's refusal to certify an interlocutory order for immediate appeal), Rule 1762 (regarding release in criminal matters), Rule 3321 (regarding appeals from decisions of the Legislative Reapportionment Commission) or Rule 3331 (regarding review of special prosecutions and investigations). Where an answer is authorized, the time for filing an answer shall be as stated in Rule 123(b).

(b) **Original jurisdiction petitions for review.** Where an action is commenced by filing a petition for review addressed to the appellate court's original jurisdiction, the pleadings are limited to the petition for review, an answer thereto, a reply if the answer contains new matter or a counterclaim, a counter-reply if the reply to a counterclaim contains new matter, a preliminary objection, and an answer thereto. Every pleading filed after an original jurisdiction petition for review shall be filed within 30 days after service of the preceding pleading, but no pleading need be filed unless the preceding pleading is endorsed with a notice to plead.

Official Note: The 2004 amendments made clear that, with five limited exceptions, no answer or

other pleading to a petition for review addressed to an appellate court's appellate jurisdiction is proper. With regard to original jurisdiction proceedings, practice is patterned after Rules of Civil Procedure 1017(a) (Pleadings Allowed) and 1026 (Time for Filing, Notice to Plead). The ten additional days in which to file a subsequent pleading are in recognition of the time required for agency coordination where the Commonwealth is a party. See Rule 1762(b)(2) regarding bail applications.

Rule 1517. Applicable Rules of Pleading.

Unless otherwise prescribed by these rules, the practice and procedure under this chapter relating to pleadings in original jurisdiction petition for review practice shall be in accordance with the appropriate Pennsylvania Rules of Civil Procedure, so far as they may be applied.

Official Note: See Rule 1762(b)(2) regarding bail applications. See also Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1531. Intervention.

(a) [**Notice of intervention**] **Appellate jurisdiction petition for review proceedings.** A party to a proceeding before a government unit [**which**] that resulted in a quasijudicial order may intervene as of right in a proceeding under this chapter relating to such order by filing a notice of intervention (with proof of service on all parties to the matter) with the prothonotary of the appellate court within 30 days after notice of the filing of the petition for review. [**In the case of a person for whom an appearance has been entered pursuant to Rule 1514(d) (entry of appearance) the failure to file a timely notice of intervention under this rule shall operate to strike off the appearance of such person in the appellate court.**] The notice of intervention may be in substantially the following form:

* * * * *

After 30 days after notice of filing of an appellate petition for review, permission to intervene may be sought by application pursuant to Rule 123.

(b) [**Application for intervention**] **Original jurisdiction petition for review proceedings.** A person not named as a respondent in [**the**] an original jurisdiction petition for review, who desires to intervene in a proceeding under this chapter, [**and who is not entitled to file a notice of intervention under Subdivision (a) of this rule,**] may seek leave to intervene by filing an application for leave to intervene (with proof of service on all parties to the matter) with the prothonotary of the court [**within 30 days after the filing of the petition for review**]. The application shall contain a concise statement of the interest of the applicant and the grounds upon which intervention is sought.

Official Note: A nonparty may file a brief as of right under Rule 531 (participation by amicus curiae) and, therefore, intervention is not necessary in order to participate in the appellate court where the petition for review is filed. However, except as provided in Rule 521(b) (status of Attorney General) and Rule 522(b) (status of Court Administrator), the mere filing of a brief does not confer party status. Where, for example, a nonparty to a petition for review proceeding in the Commonwealth Court desires to be in a position to seek further review in the Supreme Court of Pennsylvania or the Supreme Court of the United States of [**the**] an order of the

Commonwealth Court disposing of the petition for review, the nonparty should intervene or seek leave to intervene in the Commonwealth Court at the outset, since under Rule 501 (any aggrieved party may appeal), party status is a prerequisite to the right to further review.

See Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1532. Special and Summary Relief.

(a) *Special relief.* At any time after the filing of a petition for review, the court may, on application, order the seizure of property, dispose of seized property, [grant relief in the nature of peremptory mandamus,] issue a preliminary or special injunction, appoint a temporary receiver or grant other interim or special relief required in the interest of justice and consistent with the usages and principles of law.

(b) *Summary relief.* At any time after the filing of a petition for review in an appellate or original jurisdiction matter the court may on application enter judgment if the right of the applicant thereto is clear.

Official Note: Subdivision (a) [of this rule, which incorporates Rule 123(a) (contents of application for relief), makes clear that a request for two or more types of relief, including alternative relief] provides examples of specific types of interim relief that may be sought using the procedures set forth in Rule 123 (application for relief). Thus, multiple forms of relief, including those in the alternative, may be combined in the same application, [notwithstanding the fact that] even though separate actions might otherwise be necessary under the Pennsylvania Rules of Civil Procedure. Compare Rule 106 (original jurisdiction matters)[. See also]; 42 Pa.C.S. § 708(e) (single form of action).

[Subdivision (b) of this rule is a generalization of Pa.R.Civ.P. 1098 (peremptory judgment). Cf. Pa.R. Civ. P. 1035(a) (motion for summary judgment), which is not available until after the pleadings are closed.]

Subdivision (b) authorizes immediate disposition of a petition for review, similar to the type of relief envisioned by the Pennsylvania Rules of Civil Procedure regarding judgment on the pleadings and peremptory and summary judgment. However, such relief may be requested before the pleadings are closed where the right of the applicant is clear.

See Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1541. Certification of the Record.

[When under the applicable law the questions raised by the petition for review may be determined by the court in whole or in part upon the record before the government unit] Upon notice from the appellate court of the filing of a petition for review addressed to the appellate jurisdiction of an appellate court, the government unit shall prepare and transmit the record as provided by Chapter 19 (preparation and transmission of record and related matters).

Official Note: [Based in part on former Pa.R.Civ.P. 5 and former Commonwealth Court Rule

23.] Rule 102 defines “government unit” to include “any court or other officer or agency of the unified judicial system.” Thus, if the order to be reviewed was filed by a trial court, that court shall certify the record. This occurs when the petition for review was filed pursuant to Rule 1762, 3321 or 3331, or the note to Rules 341 or 1311.

See Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1542. [Oral Argument and] Evidentiary Hearing.

[(a) *General rule.* Except as otherwise ordered by the court on its own motion or on application of any party, after the pleadings are closed the matter may be listed for argument before or submission to the court. At argument or on briefs any party may urge in support of its position any factual ground appearing of record or any legal ground not theretofore waived.

(b) *Evidentiary Hearing.*] In any matter [where under the applicable law the questions raised by the petition for review may be determined by the court in whole or in part upon the record made before the court and where, before or at final hearing,] addressed to the appellate court’s original jurisdiction, where it appears that a genuine issue as to a material fact has been raised by the pleadings, depositions, answers to interrogatories, stipulations of fact, admissions on file and supporting verified statements, if any, the court on its own motion or on application of any party shall, after notice to the parties, hold an evidentiary hearing for the development of the record.

Official Note: In view of Rule 106 (original jurisdiction matters) and Rule 1532 (special and summary relief), motions for judgment on the pleadings, Pa.R.C.P. 1034, summary relief and [for] summary judgment [under], Pa. R. [Civ.] C. P. [1034 and] 1035, will be available where a petition for review [with notice to plead] invoking the appellate court’s original jurisdiction has been filed. The procedure under this rule is intended to be flexible, although subject to the control of the appellate court by either rule of court adopted pursuant to Rule 104(a)(3) (rules of court) or by order[, and is necessarily experimental. The rule permits the case to pass directly from the evidentiary hearing before a single judge to a panel or the court en banc without the necessity of a preliminary decision by the hearing judge.]

See Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1543. [Trial by Jury] (Rescinded).

[An issue of fact shall be tried to a jury where the right to such trial is secured either by the Constitution or statutes of this Commonwealth or by the Constitution of the United States. Any right to trial by jury shall be deemed waived unless expressly reserved in the petition for review or an answer thereto.]

Official Note: * * *

See Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1551. Scope of Review.

(a) [Review of quasijudicial orders] Appellate jurisdiction petitions for review. Review of

quasijudicial orders shall be [**heard**] **conducted** by the court on the record **made before the government unit**. No question shall be heard or considered by the court which was not raised before the government unit except:

* * * * *

(b) [**Other matters**] **Original jurisdiction petitions for review**. The court shall hear and decide [**all other matters raised by petition**] **original jurisdiction petitions** for review [**with the scope of review provided by**] **in accordance with law**. This chapter is not intended to modify [**or**], enlarge [**the scope of judicial review of determinations of government units as heretofore existing**] or **abridge the rights of any party to an original jurisdiction petition for review**.

Official Note: Subdivision (a) is a generalization of former Pa.R. [**Civ.**] C.P. 8 and makes no change in substance except to provide that procedural issues not raised below are waived—unless excused under Paragraph (a)(3). Compare Rule 302 (requisites for reviewable issue). [**Paragraph 3 of the Order amending Subdivision (a)(1) provides that where an administrative proceeding was commenced prior to September 1, 1976, a petitioner for review of a quasijudicial order entered in such proceeding may raise in the appellate court questions involving procedure before the government unit notwithstanding the fact that the questions were not raised before the government unit below.**]

Subdivision (b) is based on Section 10(c) of Article V of the Constitution of Pennsylvania, which prevents this chapter from enlarging the [**substantial**] **substantive** rights of the petitioner or abridging the [**substantial**] **substantive** rights of the government unit named in the petition. Under the new practice, the appellate judge should inquire: "Assuming that this case had been properly brought before me by a complaint in equity (or in mandamus, replevin, quo warranto, etc., or by two or more of such actions properly consolidated for hearing and disposition) containing the factual allegations of the petition for review, to what relief, if any, would the moving party have been entitled under the prior practice?" This rule makes clear that the moving party is entitled to the same relief, and no more, under the new practice, since only the procedural requirement for separately labeled papers has been eliminated.

* * * * *

See Rule 3331 regarding Review of Special Prosecutions or Investigations.

Rule 1561. Disposition of Petition for Review.

(a) [**General rule**] **Appellate jurisdiction petitions for review**. The court may affirm, modify, vacate, set aside or reverse any order brought before it for review, and may remand the matter and direct the entry of such appropriate order, or require such further proceedings [**to be had,**] as may be just under the circumstances.

(b) [**Other relief**] **Original jurisdiction petitions for review**. Where the petition for review raises questions [**which**] that formerly were determinable in an action in equity, replevin, mandamus, quo warranto or for a declaratory judgment or upon a petition for a writ of certiorari or prohibition, or in another similar plenary

action or proceeding, the court may grant the relief heretofore available in any such plenary action or proceeding.

* * * * *

(d) **Review of detention**. Except as prescribed by Rule 1762(a)(2) (release [**prior to sentence**] **in criminal matters**) or by Rule 3331 (review of special prosecutions or investigations), review in the nature of criminal habeas corpus or post conviction [**hearing**] relief may not be granted under this chapter.

Official Note: * * *

Subdivision (b) is based on 42 Pa.C.S. § 708(e) (single form of action) (which provides that 1 Pa.C.S. § 1504 (statutory remedy preferred over common law) does not limit the jurisdiction of a court over a petition for review proceeding, but to the extent applicable shall limit the relief available) and 42 Pa.C.S. § 5105(d)(2) (scope of appeal). Under 42 Pa.C.S. § 102 (definitions), statutory references to "appeal" include proceedings on petition for review. The subdivision is intended to make clear that the petition for review is a generic pleading which will permit the court to consider simultaneously all aspects of the controversy.

Subdivision (c) is intended to make clear that the petition for review does not encompass trespass or assumpsit actions, but that an appeal may reach tort or contract matters adjudicated by a government unit as contemplated by Section 2(h) of the Judiciary Act Repealer Act (42 P. S. § 20002(h)). As to ancillary statutory damages, see 42 Pa.C.S. § 8303 (action for performance of a duty required by law).

Subdivision (d) is intended to make clear that the scope of this chapter is essentially civil in nature. The application of the petition for review to questions of release prior to sentence in criminal matters and in questions arising out of special prosecutions or investigations is merely a recognition of the technical need for a plenary filing to bring the question within the appellate jurisdiction of the appropriate court. **See Rule 1762(b)(2) regarding bail applications.**

REVIEW OF DETERMINATIONS OF THE BOARD OF FINANCE AND REVENUE

Rule 1571. Determinations of the Board of Finance and Revenue.

* * * * *

(f) **Record**. No record shall be certified to the court by the Board of Finance and Revenue. After the filing of the petition for review, the parties shall take appropriate steps to prepare and file a stipulation of such facts as may be agreed to and to identify the issues of fact, if any, which remain to be tried. See Rule 1542 [**(b)**] (evidentiary hearing).

(g) **Oral argument**. Except as otherwise ordered by the court on its own motion or on application of any party, after the record is closed, the matter may be listed for argument before or submission to the court.

(h) **Scope of review**. Rule 1551(a) [**(review of quasijudicial orders)**] (**appellate jurisdiction petitions for review**) shall be applicable to review of a determination of the Board of Finance and Revenue except that:

* * * * *

(i) *Exceptions.* Any party may file exceptions to an initial determination by the [**trial**] court under this rule within 30 days after the entry of the order to which exception is taken. Such timely exceptions shall have the effect, for the purposes of Rule 1701(b)(3) (authority of lower court or agency after appeal) of an order expressly granting reconsideration of the determination previously entered by the court. Issues not raised on exceptions are waived and cannot be raised on appeal.

Official Note: Subdivision (b) represents an exercise of the power conferred by 42 Pa.C.S. § 5105(a) (right to appellate review) to define final orders by general rule [, and is derived from the provisions of Section 1104(a) of the Fiscal Code (72 P.S. § 1104(a)), which are suspended absolutely by these rules]. The following statutes expressly require the Board of Finance and Revenue to act within six months in certain cases:

Section 1103 of [**the**] **The Fiscal Code** (72 P.S. § 1103).

[**Act of May 21, 1931 (P.L. 149, No. 105), known as The Liquid Fuels Tax Act, § 7 (72 P.S. § 2611g).**

Act of May 5, 1933 (P.L. 284, No. 104), known as the Malt Beverage Tax Law, § 4 (47 P.S. § 106).]

Act of December 5, 1933, (**Sp. Session 1933-34**), (P.L. 38, No. 6), known as the Spirituous and Vinous Liquor Tax Law, § 5 (47 P.S. § 749).

* * * * *

Sections 234 (sales and use tax) [**and**], 341 (personal income tax), and 2005 (malt beverage tax), act of March 4, 1971 (P.L. 6, No. 2), known as The Tax Reform Code of 1971 (72 P.S. §§ 7234, 7341, 9005). **The following statute requires the Board of Finance and Revenue to act within twelve months in certain tax refund matters:**

Section 3003.5 of the Tax Reform Code of 1971, Act of March 4, 1971, P.L. 6, No. 2, 72 P.S. § 10003.5. Section 3003.5 was added by Section 41 of the Act of June 16, 1994, P.L. 279, No. 48.

The following statutes are covered by Section 1103 of The Fiscal Code (**petition to Board of Finance and Revenue for review**):

[**Section**] **Sections 809** (various insurance taxes) and 1001 (miscellaneous settlements, e.g., under the act of May 17, 1921 (P.L. 789, No. 285), known as The Insurance Department Act of 1921, § 212 (40 P.S. § 50) (retaliatory insurance taxes) [; with respect to district justice collections; etc.]) of The Fiscal Code (72 P.S. §§ 809 and 1001).

* * * * *

Act of June 22, 1935 (P.L. 414, No. 182), known as the State Personal Property Tax Act, § 18(b) (72 P.S. § 3250-11a(b)) (corporate loans tax). See [**act**] **Act of April 25, 1929 (P.L. 669, No. [228] 288), § 1.**

* * * * *

[**Act of December 27, 1951 (P.L. 1742, No. 467), known as The Realty Transfer Tax Act, § 10.1 (72 P.S. § 3291.1).**

Act of June 19, 1964 (P.L. 7, No. 1), known as the Motor Carriers Road Tax Act, § 20 (72 P.S. § 2617.20).

Act of June 22, 1964 (P.L. 16, No. 2), known as The Mutual Thrift Institutions Tax Act, § 4 (72 P.S. § 1986.4).]

Act of January 24, 1966 ([**1965**] P.L. (1965) 1509, No. 531), § 11 (40 P.S. § 1006.11) (surplus lines tax).

Sections 407 (corporate net income tax), [**503 (corporation income tax),**] 603 (capital stock—franchise tax), 702 (bank shares tax), 802 (title insurance and trust companies shares tax), 904 (insurance premiums tax) [**and**], 1102 (utilities gross receipts tax), **1111-C (realty transfer tax) and 1503 (mutual thrift institutions tax)** of [**The**] the Tax Reform Code of 1971 (72 P.S. §§ 7407, [**7503,**] 7603, 7702, 7802, 7904 [**and**], 8102, **8111-C and 8503**).

75 Pa.C.S. § 9616(f) (motor carriers road tax).

The basis of jurisdiction of the court under this rule will ordinarily be 42 Pa.C.S. § 763 (direct appeals from government agencies). Subdivision (c) is not intended to change the practice in connection with the review of orders of the Board of Finance and Revenue insofar as the amount of detail in the pleadings is concerned. What is required is that the petitioner raise every legal issue in the petition for review which the petitioner wishes the court to consider. The legal issues raised need only be specific enough to apprise the respondent of the legal issues being contested (e.g. "valuation," "manufacturing," "sale for resale," etc.). See generally *House of Pasta, Inc. v. Commonwealth*, 37 Pa. Cmwlth. Ct. 317, 390 A.2d 341 (1978).

Subdivision (e) is based on Section 1104(e) of The Fiscal Code [**(72 P.S. § 1104(e))**], which [**is**] was suspended absolutely by these rules, and subsequently repealed.

* * * * *

Subdivision (h) is based on Section 1104(d) of The Fiscal Code [**(72 P.S. § 1104(d))**], which [**is**] was suspended absolutely by these rules and subsequently repealed, and is intended as a continuation of the prior law, except, of course, that the separate specification of objections has been abolished by these rules.

Subdivision (i) is intended to make clear that the failure to file exceptions will result in waiver by [**an appellant**] a petitioner of any issues previously presented to the Commonwealth Court. [**Compare note to Rule 343 (order determining challenge to plea of guilty).**]

See also [**rule**] **Rule 1782** (security on review in tax matters).

Appellate Procedural Rules; Doc. No. 1

Amended Order

Per Curiam:

And Now, this 8th day of July, 2004, upon the recommendation of the Appellate Court Procedural Rules Com-

mittee, the proposal having been published before adoption at 33 Pa.B. 3603 (July 26, 2003).

It Is Ordered, pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pennsylvania Rules of Appellate Procedure 1762 and 3331 are amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective 60 days after adoption.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 17. EFFECT OF APPEALS; SUPERSEDEAS AND STAYS

STAY IN CRIMINAL MATTERS

Rule 1762. Release in Criminal Matters.

[(a) *Release prior to sentence.*

(1) Application for release prior to sentence shall be governed by the applicable provisions of the Pennsylvania Rules of Criminal Procedure.

(2) An order granting or denying release or modifying the conditions of release prior to sentence shall be subject to review pursuant to Chapter 15 (judicial review of governmental determinations). Service of a petition for review under Rule 1514(c) (service) shall be upon the district attorney in lieu of the Attorney General of Pennsylvania. Any answer to the petition shall conform to Rule 123(b) (answer) in lieu of Rule 1516 (other pleadings allowed). Rule 1517 (applicable rules of pleading) and Rule 1531 (intervention) through Rule 1551 (scope of review) shall not be applicable to a petition for review filed under this paragraph.

(b) *Release pending appeal.* Application for release pending appeal in criminal matters shall be governed by the applicable provisions of the Pennsylvania Rules of Criminal Procedure and must ordinarily be made in the first instance to the lower court.

(c) *Contents and service of application for release.* An application in an appellate court for release, or for modification of the conditions of release, shall set forth specifically and clearly the rulings complained of and the amount of bail which the defendant was under in the lower court, and shall be accompanied by a copy of the information or indictment. A copy of the application shall be served on the judge of the court below. All other parties below shall be served as prescribed by Rule 121(b) (service of all papers required).

(d) *Entry of bail.* Bail shall be entered in the lower court pursuant to the Pennsylvania Rules of Criminal Procedure.

(e) *Extradition matters.* Release in extradition matters shall be governed by the procedures prescribed by this rule, except that it shall not be necessary for a copy of an information or indictment to accompany an application under this subdivision.

(f) *Opinion by lower court.* Upon receipt of a copy of an application to an appellate court under this

rule the judge who entered the order in the court below, if the reasons for the order do not already appear of record, shall forthwith file of record at least a brief statement, in the form of an opinion, of the reasons for the order, or shall specify in writing the place in the record where such reasons may be found.]

(a) Applications relating to bail when an appeal is pending shall ordinarily first be presented to the lower court, and shall be governed by the Pennsylvania Rules of Criminal Procedure. If the lower court denies relief, a party may seek relief in the appellate court by filing an application, pursuant to Rule 123, ancillary to the pending appeal.

(b) Applications relating to bail when no appeal is pending:

(1) Applications relating to bail when no appeal is pending shall first be presented to the lower court, and shall be governed by the Pennsylvania Rules of Criminal Procedure.

(2) An order relating to bail shall be subject to review pursuant to Chapter 15 (judicial review of governmental determinations). Any answer shall be in accordance with Rule 1516 (other pleadings allowed), and no other pleading is authorized. Rule 1517 (applicable rules of pleading) and Rule 1531 (intervention) through 1551 (scope of review) shall not be applicable to a petition for review filed under this paragraph.

(c) *Content.* An application for relief under subdivision (a) or a petition for review under subdivision (b) shall set forth specifically and clearly the matters complained of and a description of any determinations made by the lower court. Any order and opinions relating to the bail determination shall be attached as appendices.

(d) *Service.* A copy of the application for relief or the petition for review and any answer thereto shall be served on the judge of the lower court. All parties in the lower court shall be served in accordance with Rule 121(b) (service of all papers required). The Attorney General of Pennsylvania need not be served in accordance with Rule 1514(c) (service), unless the Attorney General is a party in the lower court.

(e) *Entry of Bail.* Bail shall be entered in the lower court pursuant to the Pennsylvania Rules of Criminal Procedure.

(f) *Extradition matters.* Relief relating to bail in extradition matters shall be governed by the procedures prescribed by this rule.

(g) *Opinion of lower court.* Upon receipt of a copy of an application for relief under subdivision (a) or a petition for review under subdivision (b) that does not include an explanation for the bail determination, the judge who made the bail determination below shall forthwith file of record a brief statement of the reasons for the determination or where in the record such reasons may be found.

* * * * *

[Explanatory Note—1979

At the request of the Criminal Procedural Rules Committee, a copy of the application in the appel-

late court for release in criminal matters is required to be served upon the lower court judge, and a requirement (similar to Rule 1925) is added that the lower court judge indicates on the record the reasons for the order.]

Explanatory Note—2004

The 2004 amendments establish a simple dichotomy in procedures for seeking appellate review of lower court orders relating to bail: If an appeal is pending, an application for relief ancillary to the appeal is the proper method for invoking appellate court consideration. If no appeal is pending, the party seeking relief must file a petition for review.

ARTICLE III. MISCELLANEOUS PROVISIONS

CHAPTER 33. BUSINESS OF THE

SUPREME COURT

REVIEW OF SPECIAL PROSECUTIONS OR INVESTIGATIONS

Rule 3331. Review of Special Prosecutions or Investigations.

(a) General rule. [Any] Within the time specified in Rule 1512(b)(3) (special provisions), any of the following orders shall be subject to review pursuant to Chapter 15 (judicial review of governmental determinations):

* * * * *

The petition shall [also] conform to Rule 123(a) (contents of application for relief) and any answer to the petition shall conform to [Rule 123(b) (answer) in lieu of] Rule 1516(a) ([other pleadings allowed] general rule). A party entitled to file an answer under this rule who does not intend to do so shall, within the time fixed by these rules for the filing of an answer, file a letter stating that an answer to the petition for review will not be filed. [Rule 1516,] Rule 1517 (applicable rules of pleading) [and Rule 1519 (form of petition for review with notice to plead)] through Rule 1551 (scope of review) shall not be applicable to a petition for review filed under this rule. Seven copies of any papers filed under this rule shall be filed with the original. Rule 3309 (applications for extraordinary relief) shall not be applicable to an order reviewable under this rule.

(b) Briefs and record. [The petitioner shall serve and file his brief not later than 14 days after the entry of the order sought to be reviewed. Any other party shall serve and file his brief within seven days after service of the brief of the petitioner.] The petitioner may file and serve a brief in support of the petition for review with the petition for review. Any other party may file and serve an answer and supporting brief within 14 days of service of the petition. Each party shall append to the petition or answer as much of the record below as the party desires to bring to the attention of the court. The Supreme Court on its own initiative may direct that the lower court comply with Rule 1925 (opinion in support of order) or that the record be otherwise corrected or supplemented.

(c) Distribution and disposition. Upon receipt of the last paper [which] that a party is entitled to file under

this rule, the papers filed under this rule shall be distributed by the Prothonotary to the Supreme Court for its consideration. The Supreme Court may thereafter dispose of the petition or set it down for argument.

(d) Interlocutory matters. The interlocutory or final nature of an order shall not be affected by this rule and, unless independent grounds appear for the review of an interlocutory order, the interlocutory nature of the order will be a sufficient reason for denying the petition. The denial of a petition shall be deemed a disposition on the merits unless otherwise ordered or unless the petition expressly seeks permission to appeal from an interlocutory order and asserts no other basis of jurisdiction on appeal.

(e) Remand of record. Unless otherwise ordered:

(1) A certified copy of the judgment of the Supreme Court and the opinion of the court, if one has been filed, shall be transmitted to the lower court forthwith upon entry, notwithstanding the pendency of any application for reargument or other proceeding affecting the judgment[, which]. This transmission shall be in lieu of the remand of the record.

* * * * *

Official Note: This rule is intended to provide a simple and expeditious method for Supreme Court supervision of special prosecutions and investigations, e.g., orders of the supervising judge of an investigating grand jury, findings of contempt (whether civil or criminal) by witnesses called before such a grand jury, etc. Rule 702[(b)](c) (supervision of special prosecutions or investigations) and 42 Pa.C.S. § 722(5) (direct appeals from courts of common pleas) vest jurisdiction over such matters in the Supreme Court. However, this rule is not applicable to review of investigating grand jury issues [which] that collaterally arise in a plenary criminal prosecution initiated by complaint, information or indictment. Rule 1512(b)(3) (special provisions) requires that review be sought within ten days. Essentially, the procedure is analogous to the review of a bail order under Rule 1762 (release in criminal matters). [The last brief is due not later than 21 days after the entry of the order sought to be reviewed.] There is no delay for certification of the record, oral argument is ordinarily not available, and the matter is ready for final disposition by the Supreme Court immediately upon completion of the briefing schedule. The term "investigating grand jury" in Subdivision (a) includes a "multicounty investigating grand jury" convened under 42 Pa.C.S. § 4544 (convening multicounty investigation grand jury).

* * * * *

Under Rule 1702(a) (stay ancillary to appeal), the Supreme Court or a justice thereof will not entertain an application for relief under Rule 1781 (stay pending action on petition for review) in connection with a special prosecution or investigation order until a petition for review has been filed under this rule.

2. Matters Requiring Factual Supplement to the Record

(a) In the case of preliminary objections based on facts not presently a part of the record, a memorandum of law and notice to opposing parties to file a reply memorandum of law within twenty (20) days need not be filed contemporaneously with the preliminary objections. Instead, the face sheet notice shall indicate the date the preliminary objections were filed with the Office of Judicial Support and shall be endorsed with a notice to plead pursuant to Pa.R.C.P. 1361.

(b) If an answer is filed and served, the moving party shall undertake to supplement the record with the necessary facts by affidavit, deposition or testimony, as the case may require, within sixty (60) days from the filing of the answer.

(c) Within two (2) weeks from the completion of the supplementation of the record, whether by the adverse party's failure to file an answer to the preliminary objections or by affidavit, deposition or testimony, the moving party shall file a memorandum of law. It is the intent of this rule that, in all civil actions, a pre-trial proceeding may be instituted at various states for specific purposes.

(a) Prior to Filing of Certificate of Readiness

After a complaint alone has been filed or after a complaint and answer have been filed, all parties may jointly praecipite a case for a preliminary pre-trial settlement conference if it is the joint consensus of the parties that the case may be settled as a result of such a conference, and it is the intention of the parties to avoid ordinary pre-trial procedures leading to the filing of a certificate of readiness.

At such a conference, the basis for the joint consensus that a settlement may be effected at this preliminary stage shall be stated in a joint presentment entitled: "PLAINTIFF/DEFENDANT PRELIMINARY PRE-TRIAL SETTLEMENT STATEMENT." See Appendix, Form 3.

(b) After Filing Certificate of Readiness

Upon the filing of a Certificate of readiness, the Court Administrator shall assign a case to an individual judge to conduct a status conference, schedule a pre-trial conference and establish a date for trial.

(c) If the court determines at the time of the status conference that a party has not fully complied with Lacka. Co. R.C.P. 214(b), the court may strike the original certificate of readiness and remove the case from the

judge's individual calendar or may take such other action as it deems appropriate under the circumstances. At the status conference, the court will also schedule the pre-trial conference and the trial date.

(d) For the pre-trial conference, each party shall submit to the court and serve on all other parties at least seven (7) days prior to the scheduled time of the conference, a pre-trial statement substantially in the form set forth in Plaintiff/ Defendant Pre-Trial Statement or such other form as shall be required by the assigned judge. See Appendix, Form 4. The court may in its discretion require the parties to submit a pre-trial order in the format contained in former Lacka. Co. R.C.P. 212.1. See Appendix, Form 5.

(e) Except for good cause shown, trial counsel with complete settlement authority must attend the pre-trial conference in person. The designated representatives for the plaintiff and defendant, including duly authorized representatives of the primary and excess liability insurers and statutorily created funds, must be available by telephone during the entire course of the pre-trial conference. The court may in its discretion order the designated representatives for the plaintiff and the defendant and the duly authorized representatives of the primary and excess liability insurers and statutorily created funds to attend the pre-trial conference in person. To ensure that full settlement authority has been secured by the date of the pre-trial conference, the primary and excess liability insurers and statutorily created funds are required to have the matter at issue investigated, evaluated and reviewed by all necessary representatives and committees prior to the date of the pre-trial conference.

(f) At some time prior to the filing of Plaintiff/ Defendant Pre-Trial Statement, all parties shall confer to discuss settlement. It shall be the responsibility of the plaintiff to schedule the conference required by this subparagraph. The parties shall certify in writing in their pre-trial statements that such a settlement conference was held and shall identify the date of the conference, the individuals who participated and the results of the conference.

(g) If a party or counsel fails to attend the pre-trial conference or fails to participate in a settlement conference pursuant to Lacka. Co. R.C.P. 212(f), the court may make such order or impose such sanctions as it deems proper under the circumstances.

Rule 212.2. Miscellaneous Instructions Pertaining to Trial.

(a) In all non-jury trials, the appropriate waiver of a jury trial shall be executed and filed no later than the day trial commences.

(b) In all jury trials, requests for instructions to the jury, together with citations to legal authorities in support thereof, proposed voir dire questions, and jury interrogatories shall be submitted in duplicate at chambers. Such materials shall be filed when the judge may direct, but in the absence of any specific direction, not later than the day when trial commences.

(c) Except upon stipulation by affected counsel or by order of the judge, no statement contained in preliminary pre-trial memoranda or the pre-trial order shall be made the subject of comment to the jury by any party at the trial of the case.

(d) Any counsel needing special equipment, device, personnel, or courtroom arrangements shall be responsible for assuring that such items are available at the

time they are needed. Personnel assigned to the judge shall not be expected or depended upon to provide service for any party or counsel in the absence of a notation contained in the final pre-trial order.

212.5. Mediation.

(a) *Submission to mediation.* Except as otherwise provided by Pa. R.Civ.P. 1042.21, the court administrator or a judge may submit a civil case to the court-annexed Mediation Program only with the consent of all parties.

(b) *Certification of Mediators.* The President Judge shall certify as many mediators as determined to be necessary under this Rule. An individual may be certified as a mediator only if [s]he has been admitted to practice law in Pennsylvania for at least ten years and has been determined by the President Judge to be competent to perform the duties of a mediator. The Court Administrator shall maintain a list of all persons who have been certified as mediators.

(c) *Compensation of Mediators.* The services of the mediators shall be provided *pro bono* and no mediator shall be called upon more than twice in a single calendar year to act as a mediator without prior approval of the mediator.

(d) *Application for Mediation.* The parties may request mediation by submitting a written application to the Court Administrator in the form attached as Form No. 6.

(e) *Assignment for Mediation.* If the parties have jointly requested mediation, the Court Administrator shall designate the assigned mediator, and shall direct the mediator to establish the date, time and place for the initial mediation session within thirty days from the date of the referral order. The Clerk of Judicial Records shall make the original case file available to the mediator for purposes of the mediation session.

(f) *Mediation Session.* The mediator shall establish the date, time and place of the mediation session. Unless specifically requested by the mediator, the parties shall not contact or forward documents to the mediator. Counsel who are primarily responsible for the case and any unrepresented party shall attend the mediation session. All parties, insurers and principals of parties with decision-making authority must attend the mediation session in person, unless their attendance is excused by the mediator for good cause shown, in which event they must be available by telephone during the entire mediation session. All parties, insurers, principals and counsel must be prepared to discuss all liability and damage issues and to participate in meaningful settlement negotiations.

(g) *Confidentiality.* All mediation proceedings, including any statement made or writing submitted by a participant, shall not be disclosed to any person who is not directly involved with the mediation session. The parties' settlement positions and statements during mediation shall not be disclosed to the trial judge unless mutually agreed to by the parties, but in the event that the case involves a non-jury trial, under no circumstances shall the parties' settlement positions and statements be disclosed to the assigned judge. No transcript or other recording may be made of the mediation session and the mediation proceedings shall not be used by any adverse party for any reason in the litigation at issue.

(h) *Mediation Report.* The mediator shall submit a confidential report to the assigned judge indicating whether a settlement has been reached. In the event that a settlement has not been achieved, the mediator's report

shall include a recommendation as to whether further mediation should be ordered.

R.C.P. 1028, 1034 or 1035.2, and whenever practicable, the Court Administrator shall assign the case for hearing or trial to the judge who has decided that case dispositive motion.

(b) No Certificate of Readiness may be filed until all discovery in the case has been completed and all depositions for use at trial have been scheduled or completed. Nor may a Certificate of Readiness be filed if any case dispositive motion is pending for disposition by the court. The filing of a Certificate of Readiness shall constitute a verification that no case dispositive motions are pending nor does any party or attorney contemplate filing such a case dispositive motion.

(c) No party or lawyer may file more than one Certificate of Readiness on any single day.

Rule 214.1. Hearing and Trial Terms.

(a) The judicial calendar of the court shall establish hearing and trial terms each year for the conducting of arbitration hearings, equity and non-jury trials, jury trials, and protracted case trials.

(b) While the composition of the judicial calendar may vary and should therefore be consulted, generally the court schedules terms as follows:

(a) Schedule of Commencement of Trial

During a trial session, cases shall be called for trial in the order in which they were scheduled for trial by the assigned judge.

(b) Openings and Closings

The opening addresses and closing arguments of counsel engaged in trial shall be in accordance with the following principles:

(1) Unless the trial judge shall otherwise direct, only one attorney may present an opening address or a closing argument for any party;

(2) Opening remarks shall consist only of a succinct statement, without argument, of the positions and contentions of the party represented by the speaker and a brief recital of the evidence intended to be introduced in support of the same;

(3) Counsel for the party having the affirmative of the issue on the pleadings shall open the case and shall be followed by opposing counsel, and by third parties, in the order in which each appears in the caption of the action;

(4) Counsel for the defendant or any third party defendant may elect to make the opening address prior to the taking of any testimony or immediately prior to the presentation of evidence by the defense, unless the trial judge in a particular case required such opening addresses by the defense counsel to be made at a particular time;

(5) At the conclusion of the evidence, closing arguments shall be presented by counsel in the reverse order in which counsel was entitled to open under subparagraph (3), so that counsel for the party having the affirmative of the issue shall close last;

(6) In actions involving more than one plaintiff, defendant, or third-party defendant, not covered under subparagraph (3), if the attorneys are unable to agree, the trial judge shall determine the order of presentation of the opening addresses and closing arguments.

(c) Conduct of Trial

The party calling a witness shall, upon motion of another party or when required to do so by the court, state briefly the matter proposed to be established by the testimony of that witness and the legal purpose for presenting such evidence. The entire examination of a witness shall be conducted by only one attorney for each party unless otherwise permitted by the trial judge.

Rule 223.1. Trial Briefs.

Prior to the commencement of trial, counsel shall furnish to the court a trial brief which shall contain a succinct statement of the evidence to be presented, the position of the party filing the same with respect to anticipated legal issues to be encountered, and citation of legal authorities relief upon to support the legal positions of the party and to support any requests for rulings which the party anticipates seeking from the court.

Rule 223.2. Additional Submission for Non-Jury Trials.

In all civil actions tried by a judge without a jury, counsel for the respective parties shall each present to the trial judge requests for findings of fact and conclusions of law. These requests shall be filed with the Clerk of Judicial Records and shall thereby become part of the record of the court in the case.

Rule 226. Points for Charge and Jury Interrogatories.

Points upon which the trial judge is requested to charge the jury in civil litigation shall not exceed twelve (12) in number without leave of court. Points to be requested shall be framed so that each constitutes a single request which may be completely answered by a single affirmation or negation. Counsel for each party shall furnish that party's requested points for charge to the judge and to opposing counsel at the beginning of the trial unless otherwise allowed or directed by the court. Such requests may be supplemented for matters arising during the trial that could not have been reasonably anticipated at the beginning of the party's case in chief.

For each requested point for charge, counsel shall cite the legal authority as the basis for which that particular point is requested which citation shall be made immediately following the particular request to which it applies.

Any special interrogatories which are to be requested shall also be framed so that each constitutes a single request which may be answered by simple affirmation or negation.

Such service shall be made prior to or immediately after the time the document is filed in the office of the Clerk of Judicial Records.

(c) All motions of the type set forth in paragraph (a) above shall contain specific references to the alleged errors which form the basis of the motion. A post-trial motion will be dismissed as of course as dilatory and in needless expense to the county and to the litigants if the reasons set forth are mere conclusions, are captious, or are not supported by the record.

(d) Whenever a post-trial motion is based upon matters not appearing of record, it shall be made in the form of a petition for rule to show cause and shall be supported by affidavits or depositions upon argument thereof.

(e) A motion for a new trial on the ground of after-discovered evidence must be made on petition, verified by affidavit, setting forth the names of the witnesses or sources of evidence which have been discovered, a reasonable expectation as to what is to be proved by such evidence, and an assertion that the movant did not know of the evidence before or during the trial. In the event that the rule to show cause is granted, all of the foregoing matters shall be established by deposition or by testimony presented in court at the time that the motion is considered.

(f) Unless for good cause shown the court orders otherwise, post-trial motions may be decided without the transcript of testimony having been prepared.

(g) Where it is determined that a transcript or a portion thereof is necessary, counsel shall have as a matter of right ten additional days to submit additional allegations of error following receipt of the transcript.

Rule 250.1. Suspension of Rules.

The court may suspend one or more of these rules in individual cases by written order. (d) In cases where tax or municipal liens shall be divested without having been paid in full, by reason of any order of this court or of the United States Court in Bankruptcy, either by compromising said liens or directing the sale of the lien premises free and clear of such liens, the Clerk of Judicial Records may, upon praecipe of the solicitor for the municipal sub-division which filed the lien, enter upon the record of each lien thus divested in the municipal lien docket and judgment index an annotation to the effect that the lien has been divested under order of court, making specific reference to the number and term of this court or to the number and bankruptcy court under which the lien was divested.

All parties requesting a transcript of the record shall compensate the stenographer at the rate prescribed by the court.

(k) Each member of an arbitration panel who actually hears testimony in one or more arbitration cases on the day of the panel's service shall receive a fee in an amount set by the court. STATEMENTS OF POLICY

Title 52—PUBLIC UTILITIES

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 41]

[M-00041796]

Motor Carrier Fitness Guidelines

The Pennsylvania Public Utility Commission, on April 1, 2004, adopted a final policy statement revising evidentiary criteria used to review applications to provide limousine service and adding factors to be considered in evaluating an applicant's fitness.

Public Meeting held
April 1, 2004

Commissioners Present: Terrance J. Fitzpatrick, Chairperson; Robert K. Bloom, Vice Chairperson; Glen R. Thomas; Kim Pizzingrilli; Wendell F. Holland

Policy Statement re Motor Carrier Fitness Guidelines; Doc. No. M-00041796

Policy Statement

By the Commission:

By order entered March 23, 2001, the Commission adopted a final policy statement to revise the evidentiary criteria used to review applications to provide limousine service. That order was published in the *Pennsylvania Bulletin* on May 5, 2001, and eliminated two evidentiary requirements contained in 52 Pa. Code § 41.14. In particular, the order informed the public that individual limousine applicants were no longer required to prove public need/demand for the proposed service, 52 Pa. Code § 41.14(a), and that the Commission would no longer consider the effect that increased competition will have on existing carriers, 52 Pa. Code § 41.14(c).

This policy statement regarding evidentiary standards for limousine applicants was first applied in *Application of J. Perry Carmerlengo, Jr.*; at Docket No. A-0011560F003 (Order adopted June 6, 2001). However, due to a subsequently filed appeal to Commonwealth Court, further application of this policy statement for limousine carriers was voluntarily stayed by the Commission during the pendency of the litigation. Given the decision of the Pennsylvania Supreme Court in *Elite Industries, Inc., v. Pa. PUC*, 832 A.2d 428 (Pa. 2003), which held that public need is not an indispensable statutory requirement for approval of applications under 66 Pa.C.S. § 1103(a), we are now free to lawfully apply this policy statement. Therefore, effective immediately, the Commission will apply this existing policy statement regarding evidentiary standards to all pending and future limousine application cases.

Fitness Guidelines

At the same time, with the elimination of 52 Pa. Code § 41.14(a) (regarding public need/demand) and 52 Pa. Code § 41.14(c) (regarding effect on existing carriers) from the evidentiary for limousine carriers, it becomes appropriate for the Commission to place greater emphasis on the factors to be considered in evaluating an applicant's fitness under 52 Pa. Code § 41.14(b). Therefore, in order to provide guidance to the industry, as well as our staff, the Commission hereby provides notice that it will consider the following factors in regard to fitness under 52 Pa. Code § 41.14(b) for limousine applicants:

(1) Whether the applicant has sufficient capital, equipment, facilities and other resources necessary to serve the territory requested;

(2) Whether the applicant and its employees have sufficient technical expertise and experience to serve the territory requested;

(3) Whether the applicant has or is able to secure sufficient and continuous insurance coverage for all vehicles to be used or useful in the provision of service to the public;

(4) Whether the applicant has an appropriate plan to comply with the Commission's driver and vehicle safety regulations and service standards contained in Chapter 29, 52 Pa. Code Ch. 29.

(5) The applicant's record of compliance with Commission orders and regulations if any; and

(6) Whether the applicant or its drivers have been convicted of a felony or crime of moral turpitude and remains subject to supervision by a court or correctional institution.

In addition, we note that, as guidelines, these listed factors do not represent a hard and fast set of rules that must be considered in every application. However, as with the several factors used to evaluate the allocation of rail crossing costs, see *AT&T v. Pa. PUC*, 737 A.2d 201 (Pa. 1999), these are the factors that we intend to ordinarily examine in making our determination of fitness under 52 Pa. Code § 41.14(b). These guidelines will apply to all limousine operators on a case by case basis. Moreover, since these guidelines are general in nature, they are relevant to the issue of fitness for all motor carriers and, accordingly, will be used as guidelines for our evaluation of motor carrier applications, where applicable.¹

In conclusion, the existing policy statement adopted at our March 28, 2001 public meeting regarding reduced evidentiary criteria for limousine applicants will be effective immediately and applicable to all pending and future limousine applications. In addition, the Commission is adopting, as guidelines, the various fitness factors described herein and set forth in Annex A for determining an applicant's fitness under 52 Pa. Code § 41.14(b); the guidelines shall be effective upon publication in the *Pennsylvania Bulletin*. Accordingly, pursuant to 66 Pa.C.S. §§ 501, 1103, the Commonwealth Documents Law, (45 P.S. §§ 1201, et. seq.), and regulations promulgated thereunder at 1 Pa. Code §§ 7.1—7.4, the Commission issues this policy statement as set forth in Annex A: *Therefore*,

It Is Ordered That:

1. The existing policy statement regarding evidentiary criteria for limousine applicants, previously adopted by the Commission on March 23, 2001, shall be effective and applicable to all pending and future limousine applications after the adoption date of this order.

2. The Commission hereby adopts the policy statement set forth in Annex A by amending 52 Pa. Code § 41.14. The statement of policy provides guidelines as to the factors to be addressed and considered in determining a motor carrier's fitness under § 41.14(b).

¹ For example, due to Federal deregulation, Federal Aviation Administration Authorization Act of 1994, 49 U.S.C. § 14501, factors (1) and (2) would not be applicable to property carriers and group and party carriers of passengers of 16 or more people.

3. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of fiscal impact.

4. The Secretary shall certify this order and Annex A and deposit them with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*. The policy statement shall be effective upon publication. The contact person is Rhonda L. Daviston, Assistant Counsel, Law Bureau, (717) 787-6166.

JAMES J. MCNULTY,
Secretary

Fiscal Note: 57-235. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 52. PUBLIC UTILITIES

PART I. PUBLIC UTILITY COMMISSION

Subpart B. CARRIERS OF PASSENGERS OR PROPERTY

CHAPTER 41. GENERAL ORDERS, POLICY STATEMENT AND GUIDELINES ON TRANSPORTATION UTILITIES

TRANSPORTATION

§ 41.14. Evidentiary criteria used to decide motor common carrier applications—statement of policy.

(a) An applicant seeking motor common carrier authority has a burden of demonstrating that approval of the application will serve a useful public purpose, responsive to a public demand or need.

(b) An applicant seeking motor common carrier authority has the burden of demonstrating that it possesses the technical and financial ability to provide the proposed service. In addition, authority may be withheld if the record demonstrates that the applicant lacks a propensity to operate safely and legally. In evaluating whether a motor carrier applicant can satisfy these fitness standards, the Commission will ordinarily examine the following factors, when applicable:

(1) Whether an applicant has sufficient capital, equipment, facilities and other resources necessary to serve the territory requested.

(2) Whether an applicant and its employees have sufficient technical expertise and experience to serve the territory requested.

(3) Whether an applicant has or is able to secure sufficient and continuous insurance coverage for all vehicles to be used or useful in the provision of service to the public.

(4) Whether the applicant has an appropriate plan to comply with the Commission's driver and vehicle safety regulations and service standards contained in Chapter 29 (relating to motor carriers of passengers).

(5) An applicant's record, if any, of compliance with 66 Pa.C.S. (relating to the Public Utility Code), this title and the Commission's orders.

(6) Whether an applicant or its drivers have been convicted of a felony or crime of moral turpitude and remains subject to supervision by a court or correctional institution.

(c) The Commission will grant motor common carrier authority commensurate with the demonstrated public need unless it is established that the entry of a new carrier into the field would endanger or impair the operations of existing common carriers to an extent that, on balance, the granting of authority would be contrary to the public interest.

(d) Subsections (a) and (c) do not apply to an applicant seeking authority to provide motor carrier of passenger service under §§ 29.331—29.335 (relating to limousine service.)

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment

period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one

time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

(805 Liberty Blvd., DuBois, PA 15801) for installation of an air cleaning device (a fiber bed mist eliminator system) on three existing natural gas-fired rubber gas meter diaphragm drying/curing ovens in the City of DuBois, **Clearfield County**.

The proposed fiber bed mist eliminator system will be used to remove an oil/organic mist or aerosol which is driven off of the rubber in the ovens and will replace an existing scrubber system. The resultant particulate matter emissions are expected to be no greater than .332 ton per year, which is believed to be less than the particulate matter emission rate currently existing.

The Department's review of the information submitted by Sensus Metering Systems—North America, Inc. indicates that following the installation of the fiber bed mist eliminator system, the drying/curing ovens will comply with all applicable air quality regulations pertaining to air contamination sources and the emission of air contaminants, including the PM emission requirements of 25

Pa. Code § 123.13 and the visible air contaminant emission requirements of 25 Pa. Code § 123.41. Based on this finding, the Department intends to issue plan approval for the installation of the proposed fiber bed mist eliminator system. Additionally, if the Department determines that the drying/curing ovens are operating in compliance with all applicable plan approval conditions and regulatory requirements following the installation of the fiber bed mist eliminator system, the conditions established in the plan approval will be incorporated into Operating Permit 17-314-001B through administrative amendment under 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The fiber bed mist eliminator system shall be equipped with instrumentation to continuously monitor the pressure differential across the system's prefilter and the pressure differential across the fiber bed elements. Prefilters shall be replaced when the differential pressure reaches 5 inches of water and the fiber bed elements shall be replaced when the differential pressure reaches 20 inches of water.

2. Spare prefilters and fiber bed elements shall be kept onsite.

3. Whenever the curing of a batch of diaphragms has been completed, the oven access doors shall remain closed until the oven operating temperature falls to 175°F or less.

4. The drying/curing ovens shall not be used to process any material other than acrylonitrile-butadiene unless Department approval has first been obtained.

19-310-002D: Hanson Aggregates Pennsylvania, Inc. (2200 Springfield Pike, Connellsville, PA 15425) for the construction of a vertical shaft impact crusher in a stone crushing and screening plant at the Bloomsburg Quarry in Hemlock Township, **Columbia County**.

The proposed crusher will replace an existing crusher. The fugitive particulate matter emissions from the proposed crusher will be controlled by an existing fabric collector. The resultant PM emissions are expected to be no greater than 2.6 tons per year.

The Department's review of the information submitted by Hanson Aggregates Pennsylvania, Inc. indicates that the proposed crusher will comply with all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the requirements of Subpart OOO of the Federal Standards of Performance for New Stationary Sources, 40 CFR 60.670–60.676, and the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department intends to issue plan approval for the construction of the proposed crusher. Additionally, if the Department determines that the crusher is operating in compliance with all applicable plan approval conditions and regulatory requirements after it is constructed, the conditions established in the plan approval will be incorporated into Operating Permit 19-310-002C through administrative amendment under 25 Pa. Code § 127.450.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The crusher shall not be operated without the simultaneous operation of the fabric collector.

2. The PM emissions from the exhaust of the fabric collector shall not exceed .01 grain per dry standard cubic foot of exhaust.

3. The fabric collector shall be equipped with instrumentation to monitor the pressure differential across the collector on a continuous basis.

4. The air compressor supplying compressed air to the fabric collector shall be equipped with an air dryer and an oil trap.

5. Spare bags shall be kept onsite for the fabric collector.

6. Dust shall only be removed from the fabric collector dust hopper by loading it into a tarp covered truck bed via an enclosed loadout chute.

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water

Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code

Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20a)

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Herrick Township	R. R. 1, Box 41 Thompson, PA 18465	Susquehanna

Plan Description: The approved plan provides for the upgrade of the existing wastewater pumping station and an increase in the capacity of the existing wastewater treatment plant from 28,000 gpd to 60,000 gpd. Installation of the following units are planned: an aerated equalization tank, two sequencing batch reactor units, blowers and an ultraviolet light disinfection unit. The treated effluent will be discharged into the East Branch of the Tunkhannock Creek, a tributary of the Tunkhannock Creek and the Susquehanna River. The approved plan also includes making any needed improvements to the sewage collection and conveyance system. The Department's review of the plan has not identified any significant environmental impacts resulting from this proposal. Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority as appropriate.

HAZARDOUS SITES CLEANUP UNDER THE ACT OF OCTOBER 18, 1988

Prompt Interim Response

Keystone Ordnance Works Site, Greenwood Township, Crawford County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305), has conducted an investigation and has determined that further response action is appropriate for the Keystone Ordnance Works Site (Site). The Site is in the former Keystone Ordnance Works military munitions manufacturing facility near the Town of Geneva, Greenwood Township, Crawford County. Since the closure of the facility in 1946, much of the facility has been redeveloped for industrial usage by various entities. The Site includes a wastewater treatment plant where media from the trickling filter accumulated mercury from a trickling filter distribution arm seal. A significant release of elemental mercury has occurred within the trickling filter. In addition to the observable release, it is likely that mercury has been lost from the trickling filter distribution arm during the operation of the facility through attrition. It is equally likely that mercury was released into downstream components of the wastewater treatment plant and beyond the treatment plant outfall into the tributary to the Conneaut Marsh, an assumption supported by mercury observed in a sediment sample collected from an unnamed tributary.

For this prompt interim response, the Department considered two alternatives for the Site: (1) no action with ongoing monitoring; and (2) collection/excavation of mercury contaminated trickling filter materials and wastewater sludge, offsite disposal or recycling of those materials and restoration of the treatment plant trickling filter unit.

Each alternative was evaluated with respect to four comparison criteria of: (1) effectiveness; (2) implementability; (3) ability to meet State and Federal requirements; and (4) cost. Furthermore, this comparative analysis evaluated the relative performance of each alternative in relation to each specific comparison criterion. The comparative analysis identified advantages and disadvantages of each alternative, so that tradeoffs between the alternatives could be determined.

Based on the comparative analysis the Department chose to implement Alternative 2 (collection/excavation of mercury contaminated trickling filter materials and wastewater sludge before offsite disposal or recycling and restoration of the treatment plant trickling filter unit) as the prompt interim response for the Site. This alternative was proposed because it would, in the more cost-effective manner, protect the public and environmental receptors from direct contact with Site-related mercury and eliminate the ongoing release and threat of release of mercury into the environment.

This notice is being provided under section 506(b) of the HSCA (35 P. S. § 6020.506(b)). The administrative record, which contains the information that forms the basis and documents the selection of this response, is available for public review and comment. The administrative record is at the Department's Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335 and is available for review Monday through Friday from 8 a.m. to 4 p.m. To make an appointment, call (814) 332-6648.

The administrative record will be open for comment from July 24, 2004, until October 22, 2004. Persons may submit written comments into the record, during this time only, by sending them to Gary Mechtly, Project Manager, Northwest Regional Office or by delivering them to the office in person.

In addition, persons may present oral comments, for inclusion in the administrative record at a public hearing. Persons wishing to present comments must register with Gary Mechtly before September 22, 2004. Persons interested in finding out if anyone has registered should contact Gary Mechtly. If no one registers to present oral comments before September 22, 2004, the public meeting will not be held.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Gary Mechtly at (814) 332-6648 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at

the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program man-

ager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. SPECIAL NOTICES

Certified Emission Reduction Credits in this Commonwealth's ERC Registry

Emission reduction credits (ERCs) are surplus, permanent, quantified and Federally enforceable emission re-

ductions used to offset emission increases of NOx, VOCs and the following criteria pollutants: CO, lead, SOx, PM, PM10 and PM10 precursors.

The Department of Environmental Protection (Department) maintains an ERC registry in accordance with the requirements of 25 Pa. Code § 127.209. The ERC registry system provides for the tracking of the creation, transfer and use of ERCs. Prior to registration of the credits, ERC registry applications are reviewed and approved by the Department to confirm that the ERCs meet the requirements of 25 Pa. Code §§ 127.206—127.208. Registration of the credits in the ERC registry system constitutes certification that the ERCs satisfy applicable requirements and that the credits are available for use. The following registered and certified ERCs in the ERC Registry are currently available for use as follows:

(1) To satisfy new source review (NSR) emission offset ratio requirements.

(2) To "net-out" of NSR at ERC-generating facilities.

(3) To sell or trade the ERCs for use as emission offsets at new or modified facilities.

The following certified ERCs, expressed in tons per year (tpy), satisfy the applicable ERC requirements in 25 Pa. Code §§ 127.206—127.208. ERCs created from the curtailment or shutdown of a source or facility expires for use as offsets 10 years after the emission reduction occurs. ERCs generated by the overcontrol of emissions by an existing facility do not expire for use as offsets. However, credits in the registry that are not used in a plan approval will be discounted if new air quality requirements are adopted by the Department or the EPA.

For additional information concerning the listing of certified ERCs, contact Virendra Trivedi, Bureau of Air Quality, Division of Permits, Department of Environmental Protection, 12th Floor, Rachel Carson State Office Building, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-4325. This ERC registry report, ERC registry application and instructions are on the Department's website: www.dep.state.pa.us (Subjects/Air Quality/Business/Permits/Emission Reduction Credit registry System).

Alternative Fuels Incentive Grant Program Opportunity Notice

The Department of Environmental Protection (Department), Bureau of Energy, Innovations and Technology Development, announces an opportunity to apply for grants under the Alternative Fuels Incentive Grant (grant) program. This grant program is to promote and expand the use of alternative transportation fuels and fuel systems such as compressed natural gas, liquefied natural gas, liquid propane gas, ethanol, methanol, hydrogen, hythane, electricity, coal-derived liquid fuels and fuels derived from biological materials.

Grant funds can be used to pay for the difference between an alternative fuel vehicle and a conventional gasoline or diesel vehicle, to convert an existing gasoline vehicle to operate on an alternative fuel, to purchase a new energy efficient hybrid electric vehicle, to purchase and install a refueling or recharging facility or to evaluate new alternative fuel technologies. Eligible applicants for incentive grants are schools and vocational school districts, municipal authorities, counties, cities, boroughs, incorporated towns, townships, county institution districts, nonprofit entities and corporations or partnerships incorporated or registered in the Commonwealth and Commonwealth residents.

Grants awarded in this funding cycle will cover up to 20% of the applicant's eligible costs. Project costs cannot be incurred before the submittal of an application during the open opportunity.

Grant applications can be requested by contacting Cleo Arp, Department of Environmental Protection, Bureau of Energy, Innovations and Technology Development, P. O. Box 8772, Harrisburg, PA 17105-8772, (717) 772-8912, fax (717) 773-2703, carp@state.pa.us. Specify the project type when requesting an application package. The application package is available on the Department's website: www.dep.state.pa.us (DEP Keyword: Alternative Fuels). Draft Technical Guidance

DEP ID: 150-2302-005. Title: Procedures for the Approval and Accreditation of Drinking Water Laboratories in the Commonwealth of Pennsylvania. Description: This guidance document formalizes existing guidance that was previously developed and has been implemented since 1995. The Environmental Laboratory Accreditation Advisory Committee (Committee) assisted in the development of this guidance. The purpose of this document is to establish minimum criteria that laboratories must meet to obtain and maintain accreditation under the Pennsylvania Laboratory Accreditation Program. The guidance will apply to all laboratories desiring to obtain and maintain accreditation under the Commonwealth's drinking water program. Additional guidance is contained in Critical Elements guidance documents 150-2301-001, 150-2302-002 and 150-2302-003, in addition to the most current edition of the United States Environmental Protection Agency's (EPA) *Manual for the Certification of Laboratories Analyzing Drinking Water*. Accreditation using the National Environmental Laboratory Accreditation Conference (NELAC) Standard is also available as an alternate to accreditation using these guidelines. The procedures for accreditation using the NELAC Standard are described in *Procedures for the Approval and Accreditation of Laboratories in the Commonwealth of Pennsylvania Utilizing the NELAC Standard*, 150-2302-004. Written Comments: Interested persons may submit written comments on draft technical guidance 150-2302-005 by August 17, 2004. Comments submitted by facsimile will not be accepted. The Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Richard H. Sheibly, Laboratory Accreditation Program, Bureau of Laboratories, Evan Press Building, rsheibly@state.pa.us.

Questions regarding the draft technical guidance document should be directed Richard H. Sheibley, (717) 705-2425, rsheibley@state.pa.us.

DEP ID: 150-2302-004. Title: Procedures for the Approval and Accreditation of Laboratories in the Commonwealth of Pennsylvania Utilizing the NELAC Standard. Description: The purpose of this document is to establish minimum criteria that laboratories must meet to obtain and maintain accreditation under the Pennsylvania NELAP program. The Committee assisted in the development of this guidance. The guidance will apply to all laboratories wishing to obtain and maintain accreditation under the Pennsylvania NELAP program as an alternative within the Environmental Laboratory Accreditation Program. To ensure that Commonwealth laboratories are continuing to report the most accurate information according to the most reliable standards, the Department is offering a dual system of laboratory accreditation. Current Commonwealth safe drinking water laboratory certification is based upon compliance with Departmental guidelines, including the *Procedures for the Approval and Accreditation of Drinking Water Laboratories in the Commonwealth of Pennsylvania* and Critical Elements documents and the current edition of the EPA's *Manual for the Certification of Laboratories Analyzing Drinking Water*. See 25 Pa. Code § 109.806 (relating to standards of or certification). Commonwealth oil and gas laboratory certification is based upon compliance with Departmental guidelines and specific regulatory requirements. See 25 Pa. Code § 78.144 (relating to standard of or certification). Accreditation using the previous guidance is available as an alternative to accreditation using the NELAC standards and this guidance. Written Comments: Interested persons may submit written comments on draft technical guidance 150-2302-004 by August 17, 2004. Comments submitted by facsimile will not be accepted. The Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Richard H. Sheibley, Laboratory Accreditation Program, Bureau of Laboratories, Evan Press Building, rsheibly@state.pa.us. Questions regarding the draft technical guidance document should be directed Richard H. DEP ID: 012-5500-001. Title: 2005 Environmental Education Grants Program Manual and Forms. Description: The 2005 Environmental Education Grants Program Manual and Forms is a guide for eligible organizations interested in applying for the Department's Environmental Education (EE) grants program. It provides information on eligibility and details on how to apply and the operational procedures if a grant is awarded. The Pennsylvania Environmental Education Act (act) was signed into law on June 22, 1993. The act established a Commonwealth policy that EE is critically important to all citizens; created an EE Fund from 5% of the Department's pollution fine moneys; and created the EE grants program for the distribution of the EE fund money. It is the Department's policy to provide schools, county conservation districts and nonprofit groups (with a conservation/education mission) with the information necessary to participate in the EE grants program. Written comments: Interested persons may submit written comments on draft technical guidance 150-2302-004 by August 17, 2004. Comments submitted by facsimile will not be accepted. The Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Jack Farster, Director

of Environmental Education, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17105, jfarster@state.pa.us. Questions regarding the draft technical guidance document should be directed to Jack Farster, (717) 705-3767, jfarster@state.pa.us.

Final Technical Guidance

DEP ID: 383-2131-001. Title: Screening Criteria on Water Quality/Quantity Impacts for Drinking Water. Description: The screening procedures set forth in this guidance will be used to determine if permit applications for the development of new or expanded ground or surface sources of supply should be approved or if further evaluation is necessary to determine the impact of the proposed project on adjacent water resources. This screening process is designed to: determine which water resources may be significantly impacted by the development and use of the new or expanded sources; assess the magnitude and significance of potential impacts on the identified vulnerable water resources; and determine that the development and use of the new or expanded source complies with the provisions of The Clean Streams Law. Effective Date: July 24, 2004.

Innovative Uses and New Market Opportunities for Waste Tires; Request for Information

The Department of Environmental Protection (Department) is seeking ideas and suggestions for innovative uses and new market opportunities for waste tires currently located on a property owned by Max Starr in Greenwood Township, Columbia County. The site contains approximately 6-10 million tires accumulated since the early 1980s. The Department, its agents and contractors will have access to the site to perform waste tire removal and other actions as deemed necessary. The Department's objective is to demonstrate the ability to beneficially use waste tires in this Commonwealth to promote a sustainable market-based outlet for the remaining tires onsite. The Department strives to identify a process or use for waste tires so that the product derived from waste tires will be used as a commodity in this Commonwealth. The Department seeks detailed ideas for projects that would require funding for a period of time not exceeding 2 years. These ideas should ultimately remove tires from the site as well as identify innovative uses that result in the manufacture of consumer products from the waste tires or consumption of the waste tires instead of other raw materials. Ideas that include supplementing the removal cost of the tires from the site should clearly indicate how the activities to be funded will be sustainable without funding after the subsidy ends.

Examples of potential ideas include the following:

- Processing waste tires for use as high value end use products:
 - Crumb rubber.
 - Mats.
 - Playground surface.
 - Rubber mulch.
 - Carpet underlayment.

- Railroad crossing mats.
- Flooring.
- Sound barriers.
- Hexagonal pavers.
- Swing seats.
- Parking stops.
- Processing waste tires for use as tire-derived material for fuel.
 - Processing waste tires for civil engineering uses:
 - Subgrade fill and embankments.
 - Back fill for walls and bridge abutments.
 - Subgrade insulation for roads.
 - Landfill leachate collection systems.
 - Septic system drain fields.
 - French drain systems.
 - Residential backfill around foundations.
 - Use of whole tires for:
 - Erosion control.
 - Crash barriers.
 - Artificial reefs.
 - Innovative tire processing methodologies or innovative tire product development.

Other Requirements

Ideas should:

- Permanently remove tires from the site.
- Promotion of a market for waste tire reuse.
- Deliver waste tire products for consumer or beneficial reuse.
- Track use or sale of tire products from the site.
- Stimulate community partnerships, support and involvement.

The Department will not provide compensation for submission of information in response to this request. James Miller of the Department's North Central Regional Office will provide two site tours for the purposes of providing adequate access and information for idea submitting. Contact James Miller at (570) 327-3653 to arrange for a tour. Contractors should submit ideas by mail only by August 13, 2004, to the Department of Environmental Protection, Office of Energy and Technology Development, Attn: David Althoff—Starr Tire Pile, 400 Market St., 15th Floor, Harrisburg, PA 17101.

49. Tetracaine—for topical use only
50. Verapamil

This list supercedes the list of approved drugs published at 33 Pa.B. 2713 (June 7, 2003). Changes made are as follows: (1) addition of levalbuterol for interfacility transports only; (2) addition of ipratropium bromide; and (3) change of benzocaine/tetracaine in combination to separate listings of benzocaine and tetracaine for topical use. Ambulance services are not authorized to stock drugs designated "for interfacility transports only." However, paramedics and health professionals may administer a drug so designated if the facility transferring a patient provides the drug, directs that it be administered to the patient during the transfer and the regional transfer and medical treatment protocols permit the administration of the drug by those personnel.

Section 1005.11 of 28 Pa. Code permits a ground ALS ambulance service to exceed, under specified circumstances, the drugs (taken from the master list) that a region's medical treatment protocols authorize for use within the region. In addition, under 28 Pa. Code § 1001.161 (relating to research), the Department may approve an ambulance service to engage in a research project that involves use of a drug not included in a region's medical treatment protocols. Finally, under 28 Pa. Code § 1001.4 (relating to exceptions), a ground ALS ambulance service and its ALS service medical director may apply to the Department for an exception to a region's medical treatment protocols.

The list of drugs in this notice does not apply to air ambulance services. Under 28 Pa. Code § 1007.7(i)(2) (relating to licensure and general operating requirements), each air ambulance service is to develop its own medical treatment protocols which identify drugs that may be used by the air ambulance service. The air ambulance service is to then submit the protocols to the medical advisory committee of the appropriate regional emergency medical services council for the medical advisory committee's review and recommendations. Following its consideration of the recommendations, and after making further revisions if needed, the air ambulance service is to file the protocols with the Department for approval.

Persons with a disability who require an alternate format of this notice (for example, large print, audiotape or Braille) should contact Robert Gaumer, Department of Health, Emergency Medical Services Office, Room 1032,

Health and Welfare Building, Harrisburg, PA, 17120, (717) 787-8740, speech or hearing impaired persons may use V/TT: (717) 783-6154 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

Prehospital Practitioner Scope of Practice

Under 28 Pa. Code §§ 1003.21(c)(13), 1003.22(e)(3), 1003.23(f), 1003.24(e) and 1003.25b(c), the Department of Health (Department) is publishing the scope of practice for ambulance attendants, first responders, emergency medical technicians (EMT), EMT-paramedics and prehospital registered nurses (PHRN) under the Emergency Medical Services Act (35 P. S. §§ 6921—6938).

Skills identified may be performed by a prehospital practitioner at the practitioner's level of certification/recognition only if the practitioner has successfully completed training (cognitive, affective and psychomotor) on the specified skill, which includes training to perform the skill on adults, children and infants, as appropriate.

A PHRN with medical command authorization may perform, in addition to those services within an EMT-paramedic's scope of practice, other services authorized by The Professional Nursing Law (63 P. S. §§ 211—225.5), when authorized by a medical command physician through either on-line medical command or standing medical treatment protocols. To administer drugs in addition to those permitted by applicable medical treatment protocols, a PHRN must also have received approval to do so by the advanced life support service medical director of the advanced life support ambulance service under which the PHRN is functioning.

This list supercedes the list of skills in the scope of practice of prehospital personnel published at 33 Pa.B. 2713 (June 7, 2003). Changes made are: (1) clarification related to immunizations. Immunizations may only be done when the practitioner is functioning as a physician extender under the Medical Practice Act of 1985 (act) (63 P. S. §§ 422.1—422.51a) and Osteopathic Medical Practice Act (63 P. S. §§ 271.1—271.18).

Persons with a disability who require an alternate format of this notice (for example, large print, audiotape or Braille) should contact Bob Gaumer, Department of Health, Emergency Medical Services Office, Room 1032, Health and Welfare Building, Harrisburg, PA 17120, (717) 787-8740. Speech or hearing impaired persons should call by using V/TT (717) 783-6154 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

ENVIRONMENTAL HEARING BOARD

Grand Central Sanitary Landfill, Inc. v. Commonwealth of Pennsylvania, Department of Environmental Protection; EHB Doc. No. 2003-171-MG

The Commonwealth, Department of Environmental Protection (Department) and Grand Central Sanitary Landfill, Inc. (Appellant) have agreed to a settlement of the previous matter. The Commonwealth, through the Department, had issued Water Obstruction and Encroachment Permit No. E48-318 (Permit) to the Appellant that authorized the Appellant's request, through an application, for the construction and maintenance of two road crossings associated with the Grand Central Sanitary Landfill (Landfill) and across two tributaries to the Little Bushkill Creek, which are designated by regulation to be high quality, cold water fishery, and to fill 0.28 acre of wetlands. The Permit required that the Appellant sign a copy of both the Permit and the Acknowledgment of Appraisal of Permit Conditions (Acknowledgment) and return these executed documents to the Department, indicating that the Appellant accepted the conditions of the Permit. The Appellant did not sign or return these documents to the Department, and by this action and the

terms of the Permit, the Permit is void. The Appellant appealed the Permit to the Environmental Hearing Board.

The parties agreed to a settlement on June 21, 2004, the major provisions of which include the following:

1. The Appellant withdraws its request and application for a permit to allow construction of the two road crossings. To the extent that the application has been withdrawn, the Permit and Acknowledgment are unsigned, the Permit is void, the statement that the wetlands are exceptional value is of no effect and is not to be considered a final determination by the Department. The parties agree that the Department reserves the right to make the determination regarding wetlands and that the Appellant reserves the right to challenge the determination in the context of any future action.

2. The settlement shall in no way limit or restrict the ability of the Appellant to: (a) submit future applications to the Department and others for the expansion of the Landfill; (b) assert any objections raised in its Notice of Appeal in this matter in any future action, appeal, permit modification plan or application, including without limitation a major permit modification for expansion of the Landfill; or (c) assert any objections raised in its Notice of Appeal in response to future actions by the Department or any other person or entity.

3. The settlement shall in no way limit or restrict the ability of the Commonwealth to review any application for the expansion of the Landfill in accordance with paragraph 4.

4. Consistent with 25 Pa. Code § 273.202(b) (relating to areas where municipal waste landfills are prohibited), the Department agrees in connection with its review of any applications for the expansion of the Landfill, that the isolation distances identified in 25 Pa. Code § 273.202(a)(2) shall not apply to the areas that were permitted as a municipal waste landfill prior to April 9, 1988, and included in a municipal waste landfill permit issued between April 9, 1988, and December 23, 2000. These areas are identified on maps attached to the settlement agreement.

Copies of the full settlement agreement are in the hands of Lance Zeyher, Esquire, Regional Counsel, Department of Environmental Protection, Northeast Region, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 820-4855; and Jonathan E. Rinde, Esquire, Manko, Gold, Katcher & Fox, LLP, 401 City Avenue, Suite 500, Bala Cynwyd, PA 19004, (484) 430-2300.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Order

Public Meeting held
July 8, 2004

Commissioners Present: Terrance J. Fitzpatrick, Chairperson; Robert K. Bloom, Vice Chairperson; Glen R. Thomas; Kim Pizzingrilli; Wendell F. Holland

Petition of SBC Telecom, Inc. for Issuance of a Protective Order Regarding Contents of Its 2003 Annual Report; Doc. No. P-00042104

Order

By the Commission:

Before the Commission for consideration and disposition is a Petition for a Protective Order filed under 52 Pa. Code § 5.423 by applicant, SBC Telecom, Inc. (SBC), on April 30, 2004, regarding certain parts of SBC's 2003 Class C Annual Report. In its petition, SBC requests "the issuance of a protective order restricting the disclosure of certain schedules which are deemed competitive, proprietary and confidential" that are incorporated into SBC's 2003 Class C Annual Report. In this Order, we grant in part and deny in part SBC's request for a protective order.

I. *Background*

The Commission has established protection for proprietary information through 52 Pa. Code § 5.362(a)(7), which provides for the issuance of protective orders upon motion by a participant when good cause has been shown to prohibit disclosure of trade secrets or other confidential commercial information. Protective orders to protect or limit from disclosure proprietary information are issued under 52 Pa. Code § 5.423. This section provides, in pertinent part, as follows:

A protective order to limit the disclosure of a trade secret or other confidential information on the public record shall be issued only when a participant demonstrates that the potential harm to the participant of providing the information would be substantial and that the harm to the participant if the information is disclosed without restriction outweighs the public's interest in free and open access to the administrative hearing process.

52 Pa. Code § 5.423(a). The section then goes on to spell out relevant factors that should be considered in determining whether a protective order to limit the availability of proprietary information should be issued. These factors include: (1) the extent to which disclosure would create unfair economic or competitive harm; (2) the extent to which the information is known by others and used in similar activities; (3) the value of the information to the participant versus the participant's competitors; (4) the degree of difficulty and cost of developing the information; and (5) other statutes or regulations dealing with disclosure of the information.

Generally, whenever a public utility claims that information in a tariff filing, annual report or quarterly financial report is confidential, the Commission's internal rules require Commission staff to honor the claim by not placing the information in the public folder document. Under our rules, a petition for protective order generally does not need to be filed until or unless a third party requests access to the proprietary information and states that the proprietary designation is not warranted. When a proprietary designation is challenged, the party seeking the proprietary protection has 14 days to file the petition or its proprietary information claim will deemed to have been waived. 52 Pa. Code § 5.423(b)(4).

For telecommunications utilities filing annual reports, however, this general rule was recently changed because of recommendations made to the Commission in the Final Report of the Collaborative Working Group created by Commission order dated September 12, 2000, at M-00001374. In this Final Report, dated March 15, 2001, and filed at that docket, the Collaborative recommended that certain schedules in the annual reports should be treated in their entirety as proprietary, that another group of schedules should be treated as containing both proprietary and public information, and that other schedules should be treated in their entirety as public information. There are three different annual reports for telecommunications carriers, one each for incumbent local exchange carriers subject to alternative form of regulation (Class A Annual Report), incumbent local exchange carriers subject to rate base/rate of return regulation (Class B Annual Report) and competitive local exchange carriers (Class C Annual Report).

To facilitate the administration of this process by Commission staff, the Collaborative further recommended that if a telecommunication utility's proprietary designation is limited to the schedules, or parts thereof, that were pre-determined to be proprietary in nature, then the same general procedure already in place at the Commission should be followed, that is, the reporting carrier may so designate without filing a petition for protective order and would not need to until a third party challenged the designation. The Collaborative also recommended, however, that if the reporting carrier attempts to designate as proprietary any schedules predetermined to be public information, then the carrier must immediately file a petition for protective order with its annual report or waive its proprietary designation. This new process for annual reports filed by telecommunications utilities was later approved by the Commission for implementation when we adopted all the recommendations of the Collaborative contained in its Final Report. *Rulemaking Re: Financial Reporting Requirements For All Telecom-*

munications Carriers, Doc. No. L-00010153, at 2-3 (Proposed Rulemaking Order entered June 28, 2001).¹

SBC filed its petition on April 30, 2004, under this new process at the same time it filed its 2003 Annual Report requesting proprietary designation of certain schedules appearing at pages 27, 41 and 43-44 of its report. The Secretary's Bureau thereafter directed SBC to serve copies of its instant petition on the Office of Consumer Advocate, the Office of Small Business Advocate and the Office of Trial Staff, which SBC did on June 3, 2004. No answers being filed by the deadline of June 28, 2004, this matter is now ripe for disposition. See 52 Pa. Code §§ 1.56(a) and (b) and 5.61(a).

II. Discussion

In this matter, SBC seeks a protective order to prevent public disclosure of its "Accounts Payable to Affiliated Companies," "Territory Served" and "Customers Served by County" schedules. We note preliminarily that pages 43-44 of the 2003 Class C Annual Report referred to in SBC's petition for the "Customers Served by County" schedule is actually an internal document for Commission staff and not intended to be attached to the report. Moreover, pages 43-44 provide the same information that is included in the "Territory Served" schedule at page 41 that SBC requests proprietary treatment as well. Pages 43-44, therefore, will be removed from SBC's Annual Report for filing purposes, and we will address SBC's concerns relating to this information when we address the "Territory Served" schedule.

To justify its request to grant proprietary treatment of the "Accounts Payable to Affiliated Companies" schedule at page 27 of the 2003 Class C Annual Report, SBC simply states that this information is of a "competitive, proprietary and confidential nature" and, therefore, its petition should be granted. The information provided in this schedule by SBC is an aggregate number with no further breakdown as to how or what it was used for within the company. SBC fails to provide any further justification or to otherwise elaborate how making this information publicly available would provide competitive harm to it. Other than its summary language, SBC has not provided any proof which would show potential harm sufficient to warrant a protective order.

The "Territory Served" schedule at page 41 of the 2003 Class C Annual Report provides a somewhat different problem. This schedule was added as a filing requirement after the Collaborative engaged in its effort to streamline the filing requirements for annual reports and to designate which schedules should receive proprietary versus public treatment. Specifically, this schedule was added by the Commission to support the Pennsylvania Emergency Management Agency's (PEMA) homeland security responsibilities because PEMA believes it is important to know the territories each public utility serves in the State. SBC makes the same general claim that this information is competitive in nature and should be treated as proprietary.

This schedule actually provides two different types of information: the counties served by the carrier and the number of actual customers in each county served. As for identifying the counties served, this was the specific

¹ Our final regulations in this proceeding were approved by order entered December 4, 2001, and became effective upon publication in the *Pennsylvania Bulletin* on April 6, 2002, at 32 Pa.B. 1723. The Final Rulemaking Order, however, did not reference the issue of proprietary treatment of annual reports as this issue had been fully resolved in the Proposed Rulemaking Order.

information requested by PEMA and the information is routinely contained in the tariffs filed by carriers, including SBC. We, therefore, do not believe granting SBC's request for a protective order to protect disclosure of the counties served by SBC is justified, especially where SBC has failed to provide any proof that would show potential harm sufficient to warrant an order. The number of customers served in each county, however, was not specifically requested by PEMA, and we can see where providing this information publicly could be unfairly used by SBC's competitors to SBC's disadvantage; *Therefore,*

It Is Ordered That:

1. The Petition for Protective Order filed by SBC is granted with respect to all the information identifying the actual number of customers served by county contained in the schedule appearing at page 41 of SBC's 2003 Class C Annual Report but is denied with respect to all the information identifying the territory served by counties in the same schedule for the reasons discussed in the body of this Order.

2. The Petition for Protective Order is denied with respect to all the information contained in the "Accounts Payable to Affiliated Companies" schedule appearing at page 27 of SBC's 2003 Class C Annual Report for the reasons discussed in the body of this Order.

3. The Petition for Protective Order requesting proprietary treatment of all information appearing at pages 43-44 of the 2003 Class C Annual Report is deemed moot for the reasons discussed in the body of this Order.

4. SBC is directed to file revised public and proprietary versions of its 2003 Class C Annual Report within 30 days of entry of this Order, incorporating the changes identified in Ordering Paragraphs 1 and 2 and excluding pages 43 and 44 for the reasons discussed in the body of this Order.

5. The proprietary information designated in the "Territory Served" schedule at page 41 of the Class C Annual Report will be made available, consistent with the process approved by Commission Order entered June 28, 2001, at L-00010153, to the Office of Trial Staff, the Office of Consumer Advocate, the Office of Small Business Advocate or any State-level executive or legislative branch agency that may make a request to the Commission to review proprietary information if that executive or legislative branch agency confirms that the information is for official governmental use only, and that each of the agencies receiving this Annual Report agrees not to disclose publicly the proprietary information without permission from SBC or by Commission order and to disclose the proprietary information only to employees who have a need to know. As per the procedures approved in our earlier Order at L-00010153, a confidentiality agreement must be executed by each requesting party to have access to any information designated as proprietary.
