READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL [234 PA. CODE CH. 50] Procedure in Summary Cases

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rules of Criminal Procedure 75 (Issuance of Arrest Warrant), 83 (Trial in Summary Cases), and 86 (Appeals). These amendments clarify that an arrest warrant may be issued by the issuing authority in summary cases in which the defendant fails to appear for the execution of sentence. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report.

We request that interested persons submit suggestions, comments or objections concerning this proposal to the Committee through counsel, Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901 no later than Monday, September 20, 1999.

Chair

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE PART I. GENERAL CHAPTER 50. PROCEDURE IN SUMMARY CASES PART V. PROCEDURES REGARDING ARREST WARRANTS IN SUMMARY CASES

Rule 75. Issuance of Arrest Warrant.

(1) A warrant for the arrest of the defendant shall be issued when:

* * * * *

(b) the citation or summons is returned undelivered;
[or]

(c) the issuing authority has reasonable grounds to believe that the defendant will not obey a summons [.];
or

(d) the defendant has failed to appear for the execution of sentence as required in Rule 83(E).

* * * * *

Official Note: Adopted July 12, 1985, effective January 1, 1986; effective date extended to July 1, 1986; amended January 31, 1991, effective July 1, 1991;

amended April 18, 1997, effective July 1, 1997; amended October 1, 1997, effective October 1, 1998; amended July 2, 1999, effective August 1, 1999; **amended _____, effective _____.**

Comment

Personal service of a citation under paragraph (1)(a) is intended to include the issuing of a citation to a defendant as provided in Rule 51(a) and the rules of Part IIA.

* * * * *

An arrest warrant may not be issued under paragraph (1)(a) when a defendant fails to respond to a citation or summons that was served by first class mail. See Rule 80.

Rule 83 provides that the issuing authority is to direct any defendant who is sentenced to a term of imprisonment to appear for the execution of sentence on a date certain following the expiration of the 30-day stay required by Rule 86(B). Paragraph (A)(1)(d) was added in 1999 to make it clear that an issuing authority should issue a warrant for the arrest of any defendant who fails to appear for the execution of sentence.

Ordinarily, pursuant to Rule 84, the issuing authority must conduct a summary trial in the defendant's absence. However, if the issuing authority determines that there is a likelihood that the sentence will include imprisonment or that there is other good cause not to conduct the summary trial, the issuing authority may issue a warrant for the arrest of the defendant pursuant to paragraph (2) in order to bring the defendant before the issuing authority for the summary trial.

Comment

This rule applies to appeals in all summary proceedings, including prosecutions for violations of municipal ordinances which provide for the possibility of imprisonment and default hearings.

* * * * *

The Rules of Criminal Procedure are applicable generally to these proceedings. See, e.g., Rule 3, Chapter 50 (Summary Cases), Rule 1117, and Chapter 6000. The narrow holding in *City of Easton v. Marra*, 326 A.2d 637 (Pa. Super. 1974), is not in conflict, since the record before the court did not indicate that imprisonment was possible under the ordinance there in question.

See Rule 83(E) for the procedures for executing a sentence of imprisonment when there is a stay.

REPORT

Proposed Amendments to Pa.Rs.Crim.P. 75 and 83, Revision of the Rule 86 Comment

Warrants of Arrest for Failure to Appear for Execution of Sentence in Summary Cases

The Committee is proposing that Rules 75 (Issuance of Arrest Warrant) and 83 (Trial in Summary Cases) be

amended to clarify that an issuing authority may issue an arrest warrant when a defendant fails to appear for the execution of sentence. The need for the clarification was brought to the Committee's attention in correspondence suggesting that there is confusion among some district justices about how to proceed when a defendant fails to appear for the execution of sentence in summary cases.

Rule 83(E)(3) provides that the issuing authority is to advise the defendant that he or she must appear before the issuing authority on a date certain for the execution of a sentence of imprisonment, which date is set to be after the expiration of the 30-day stay period provided in Rule 86(B)(1). The confusion arises because neither Rule 83 nor Rule 75 specifically provide that the issuing authority may issue a warrant to bring the defendant in for the execution of sentence. Because district justices are trained to be constrained by the parameters of the rules, and, in some procedural matters, also are constrained by the limitations placed on their discretionary actions by the Administrative Offices of Pennsylvania Courts' District Justice Computer System, some district justices think they cannot issue a warrant in these cases. Furthermore, the confusion is exacerbated because this type of situation does not fall within the category of contemptuous behavior over which the issuing authorities have jurisdiction to act, so they cannot issue a warrant for purposes of contempt. See, e.g., Pa.R.Crim.P. 30.

With this background in mind, and because there was no apparent or obvious reason why the issuing authority should not issue a warrant when a defendant has failed to appear for the execution of a sentence of imprisonment, the Committee agreed that the rules should be amended to clarify that a warrant would be appropriate in these cases. Accordingly, the following changes are proposed:

1. Rule 75(1) would be amended by the addition of a new paragraph (d) that provides that failure to appear for execution of sentence is another warrant situation.
2. The Rule 75 Comment would be revised to elaborate on the interplay between Rule 75 and the Rule 83 execution of sentence provision.
3. Rule 83(E)(3) would be amended to require that, in addition to directing the defendant to appear on a date certain for execution of sentence, the issuing authority must advise the defendant that failure to appear will result in an arrest warrant being issued. This provision provides adequate notice to the defendant of the consequences of failing to appear.
4. The Rule 86 Comment would be revised to add a cross-reference Rule 83(E) concerning execution of sentence following a stay.

RULES AND REGULATIONS

Title 4—ADMINISTRATION

PART V. EMERGENCY MANAGEMENT AGENCY

[4 PA. CODE CH. 116]

Corrective Amendment to 4 Pa. Code § 116.2

The Pennsylvania Emergency Management Agency has discovered a discrepancy between the agency text of 4 Pa. Code § 116.2 (relating to purpose), as deposited with the Legislative Reference Bureau, and the official text as published at 29 Pa.B. 3201 (June 26, 1999) and the text which will appear in the *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 298), September 1999. The amendment to § 116.2, deleting the text of paragraph (3), was omitted.

Therefore, under 45 Pa.C.S. § 901: The Pennsylvania Emergency Management Agency has deposited with the Legislative Reference Bureau a corrective amendment to 4 Pa. Code § 116.2. The corrective amendment to 4 Pa. Code § 116.2 is effective as of June 26, 1999.

The correct version of 4 Pa. Code § 116.2 appears in Annex A.

§ 116.2. Purpose.

The purpose of this chapter is:

(1) To establish within the Agency a program for administering the RERF under section 503(a) of the act (35 P. S. § 7110.503(a)).

(2) To establish within the Agency a financial assistance program that will provide for the payment of expenses incurred by eligible risk and support counties,

risk municipalities, school districts, volunteer organizations, and State agencies as a result of their direct participation in the development and implementation of the Agency's Radiation Emergency Response Program.

Title 25—ENVIRONMENTAL PROTECTION

DEPARTMENT OF ENVIRONMENTAL PROTECTION

[25 PA. CODE CH. 93]

Corrective Amendment to 25 Pa. Code § 93.9z (Drainage List Z)

The Department of Environmental Protection has discovered a discrepancy between the agency text of 25 Pa. Code § 93.9z (relating to Drainage List Z), as deposited with the Legislative Reference Bureau and published at 27 Pa.B. 5247, 5252 (October 11, 1997) and the official text as published in the *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 277 (December 1997)), and as currently exists in the *Pennsylvania Code*. The amendment to § 93.9z made by the Department at 27 Pa.B. 5247, 5252 was codified incorrectly.

Therefore, under 45 Pa.C.S. § 901: The Department of Environmental Protection has deposited with the Legislative Reference Bureau a corrective amendment to 25 Pa. Code § 93.9z (Drainage List Z). The corrective amendment to 25 Pa. Code § 93.9z (Drainage List Z) is effective as of October 11, 1997, the date the defective text appeared in the *Pennsylvania Bulletin*.

The correct version of 25 Pa. Code § 93.9z (Drainage List Z) appears in Annex A, with ellipses referring to the existing text of the regulation.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CHS. 131 AND 135]

Field Acknowledgment of Guilt; Controlled Goose Hunting

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its June 8, 1999, meeting, adopted the following changes:

Add § 131.7 (relating to use of the field acknowledgment of guilt in Philadelphia County) to allow district wildlife conservation officers to accept penalties for guilty pleas with the field acknowledgment of guilt, therefore assuring that the penalties will be deposited in the Game Fund.

Amend Chapter 135, Subchapter F (relating to special wildlife management areas) to allow the administration of special wildlife management areas at Middle Creek and Pymatuning to more efficiently manage these areas as well as provide more opportunities to hunters and trappers.

These amendments are adopted under the authority of 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Addition of § 131.7

1. Introduction

To more effectively administer the code, the Commission at its April 9, 1999, meeting proposed and at its June 8, 1999, meeting finally adopted adding § 131.7 to provide for the use of field acknowledgments of guilt in Philadelphia County. This addition was necessitated by and adopted as a result of changes to section 926 of the code (relating to acknowledgment of guilt and receipt for payment), made by the act of December 21, 1998 (P. L. 1274, No. 166) (Act 166).

2. Purpose and Authority

Act 166 added subsection (d) to section 926 of the code which reads as follows:

(d) *Limitations of acknowledgments of guilt.* On and after June 30, 1999, acknowledgments of guilt pursuant to this section shall be used only in such counties as the commission may designate by regula-

tion for such use. The commission shall only designate such counties for continued use of field acknowledgment as it finds to have summary offense procedures that differ from Statewide summary offense procedures.

The Commission has determined that there is only one county that currently fits that description—Philadelphia County. As a result, the Commission has designated Philadelphia County for continued use of field acknowledgments of guilt on and after June 30, 1999.

3. Regulatory Requirements

The designation does not change anything from what currently exists in Philadelphia County.

4. Persons Affected

Individuals violating the code in Philadelphia County could be affected by the designation.

5. Cost and Paperwork Requirements

None, over what currently exists.

6. Effective Date

This change will be effective June 30, 1999, and will remain in effect until changed by the Commission.

Amendment of Chapter 135, Subchapter F

1. Introduction

To better administer the special wildlife management areas at Middle Creek and Pymatuning, the Commission at its April 9, 1999, meeting proposed and at its June 8, 1999, meeting finally adopted several changes to Subchapter F. The changes include a provision for the issuance of trapping permits by drawing in addition to the current first-come issuance, provisions changing the application deadlines and drawing dates for controlled goose hunting area blinds, a reduction in the goose limit in the controlled goose hunting areas at the Middle Creek Wildlife Management Area (MCWMA); a reduction in the number of controlled duck hunting area blinds at Pymatuning Wildlife Management Area (PWMA); and a provision for a designee to set dates for drawings of permits for special rabbit and squirrel hunts. These changes were adopted under the authority contained in section 721(a) of code (relating to control of property).

2. Purpose and Authority

The administration of the special wildlife management areas at Middle Creek and Pymatuning is a dynamic process which sometimes requires adjustments to procedures. The providing of an option for the random drawing of names of applicants for trapping permits and adjustment of timing of the random drawing of applications for goose blinds should make the processes more efficient and equitable. It has also been decided that the bag limit for geese in the controlled goose hunting areas at MCWMA should be reduced from two to one and that the number of permits to hunt in the controlled duck hunting areas at PWMA should be reduced from 100 to 85.

Additionally, the Commission has adopted that the Executive Director be authorized to delegate the setting of the dates for drawing of applications for permits to participate in special rabbit and squirrel hunts in controlled hunting areas of MCWMA. These changes were adopted under authority contained in section 721(a) of the code which requires the Commission to promulgate regulations necessary to properly manage State game lands.

3. Regulatory Requirements

For the most part, the amendment involves changes to procedures with no additional requirements. The bag limit in the controlled goose hunting areas at MCWMA and the number of permits to hunt ducks in the controlled duck hunting area of PWMA will be reduced.

4. Persons Affected

Persons wishing to engage in the specified activities at PWMA and MCWMA will be affected by the changes.

5. Comment and Response Summary

No official comments were received with regard to the adopted changes.

6. Cost and Paperwork Requirements

The changes would not result in any additional cost or paperwork.

7. Effective Date

These changes will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

8. Contact Person

For further information on the adopted changes, contact Thomas R. Littwin, Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of these amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Game Commission, 58 Pa. Code, Chapters 131 and 135, are amended by amending §§ 131.7, 135.102—135.104, 135.106 and 135.107 to read as set forth at 29 Pa.B. 2578 (May 15, 1999).

(b) The Executive Director of the Game Commission shall submit this order and 29 Pa.B. 2578, and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final publication in the *Pennsylvania Bulletin*.

VERNON R. ROSS,
Executive Director

Fiscal Note: Fiscal Note 48-110 remains valid for the final adoption of the subject regulations.

PROPOSED RULEMAKING

INSURANCE DEPARTMENT

[31 PA. CODE CH. 116]

Discounting Workers' Compensation Loss Reserves

The Insurance Department (Department) proposes to amend Chapter 116 (relating to discounting of worker's compensation loss reserves), to read as set forth in Annex A, under the authority of The Insurance Company Law of 1921 (40 P. S. §§ 341—999); The Insurance Department Act of 1921 (40 P. S. §§ 1—321); and sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412).

Purpose

Chapter 116 was initially promulgated to establish procedural and reporting requirements for the discounting of workers compensation loss reserves. The purpose of this proposed rulemaking is to amend Chapter 116 to make it consistent with current economic and financial conditions and with current accounting, actuarial and financial practices. The original regulation anticipated, in § 116.9 (relating to suspension of use of this chapter to discount workers compensation loss reserves), that it could become necessary to suspend or modify this regulation because of sufficiently changed economic conditions. The Department's observation is that economic conditions in general, including inflationary expectations and interest rates, have changed dramatically since this regulation was adopted. For example, yields on 5-year Treasury securities were at double digit levels in the mid 1980s and are now at approximately 5.6%. The existing regulation is outdated and should be revised.

Explanation of Regulatory Requirements

Section 116.2 (relating to reporting and data collection requirements) requires insurance companies to discount worker's compensation loss reserves utilizing a table provided in § 116.3 (relating to table). Section 116.2 has been deleted because the table is inconsistent with current economic and financial conditions and does not provide needed flexibility to address changing conditions. Section 116.2 requires that insurance companies file an annual actuarial certification of worker's compensation loss reserves with the Department simultaneously with their annual statements. This requirement has been deleted as redundant because insurance companies are currently required to file an actuarial statement of opinion with their annual statements. The requirement of a separate certification was eliminated to avoid unnecessary duplication. Section 116.2 also requires that insurance companies provide a written notice to the Department of their intent to maintain data regarding worker's compensation loss payment patterns, which shall be regularly compiled and submitted to the Department on request. This requirement has also been deleted as redundant because insurance companies are currently required to maintain underlying actuarial workpapers containing this type of information by the annual and quarterly statement instructions prescribed by the National Association of Insurance Commissioners. Section 320 of The Insurance Company Law of 1921 (40 P. S. § 443(a)(2)), requires insurance companies to adhere to these instructions in preparing annual and quarterly financial statements.

Section 116.3 provides a table to be utilized when insurance companies discount worker's compensation loss reserves. Section 116.3 has been deleted because the table is inconsistent with current economic and financial conditions and does not provide needed flexibility to address changing conditions.

Section 116.4 (relating to restrictions on discounting loss reserves), establishes restrictions on the total amount of loss reserves calculated under this regulation and establishes maximum interest rates that may be used. References to the table have been deleted to be consistent with the deletion of § 116.3. References to specific maximum interest rates have been deleted and additional language has been added to establish a maximum interest rate tied to the current yield to maturity on United States Treasury debt instruments. Section 116.4 has also been revised to permit insurance companies to apply to the Department for an exception to the maximum interest rate. These revisions provide insurance companies and the Department with needed flexibility to address changing economic and financial conditions.

Section 116.5 (relating to actuarial certification) requires that an actuarial certification of worker's compensation loss reserves be filed with an insurance company's annual statement. References to the actuarial certification have been deleted as redundant because insurance companies are currently required to file an actuarial statement of opinion with their annual statements. The requirement of a separate certification was eliminated to avoid unnecessary duplication. Section 116.5 has been revised to require that the actuarial opinions currently required as part of the actuarial certification are included in the actuarial statement of opinion.

Section 116.6 (relating reserves for loss adjustment expenses) establishes standards for loss adjustment reserves. Section 116.6 has been revised to include references to an actuarial statement of opinion rather than an actuarial certification.

Section 116.7 (relating to modification of the table) permits property and casualty insurance companies to modify the table in § 116.3 with the approval of the Department. Section 116.7 has been deleted to be consistent with the deletion of the table in § 116.3.

Section 116.8 (relating to increased loss reserves and loss adjustment expense reserves) permits the Department to require insurance companies to maintain greater loss reserves and loss adjustment expenses than would otherwise be required by the regulation. Section 116.8 has been revised to delete a reference to the table in § 116.3.

Section 116.9 permits the Department to suspend use of the table in § 116.3 if changed economic conditions make the table inappropriate. Section 116.9 has been revised to eliminate reference to the table in § 116.3 and make clear that changing economic and financial conditions, rather than simply declining interest rates, may make this regulation inappropriate. The revisions to § 116.9 grant the Department needed flexibility to deal with changing economic and financial conditions.

Fiscal Impact

There is no fiscal impact as a result of these proposed amendments.

Paperwork

These proposed amendments will affect all licensed workers compensation insurers domiciled in this Commonwealth.

Effectiveness/Sunset Date

The proposed rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. No sunset date has been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following publication of this notice in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 3, 1999, the Department submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. In addition to the submitted proposal, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days after the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for the Department, the Governor and the General Assembly to review these objections before final publication of the amendments.

§ 116.4. **Restrictions on discounting loss reserves.**

The discounting of **workers' compensation** loss reserves is subject to the following limitations:

(1) **The loss reserves on the insurance company's annual statement calculated under [the table set forth in § 116.3 (relating to table)] this section may not be less than those required in section 313 of The Insurance Department Act of [one thousand nine hundred and twenty-one] 1921 (40 P. S. § 112).**

(2) **An insurance company is not permitted to assume an interest rate greater than [6% in calculating its loss reserves] the current yield to maturity on a United States Treasury debt instrument with maturities consistent with the expected payout of the liabilities.**

(3) **[Insurance companies which do not qualify or which elect not to utilize the table in § 116.3 may only calculate discounts at a rate of 4% interest or less as set forth at section 313 of The Insurance Department Act of one thousand nine hundred and**

twenty-one (40 P. S. § 112).] An insurance company may request an exception to the maximum interest rate in paragraph (2) if the insurance company can demonstrate to the satisfaction of the Commissioner that its investment yield justifies a higher interest rate assumption. The Commissioner may require the insurance company to submit additional documentation to support its request for approval of a higher interest rate assumption. The Commissioner will act upon requests for exceptions made under this paragraph within 90 days of the date the request is received by the Insurance Department.

§ 116.5. Actuarial [certification] statement of opinion.

(a) [The actuarial certification required in this chapter shall be prepared by an actuary and filed by the insurer with its annual financial statement.

(b) The actuarial certification shall be filed each year in which the insurer discounts its loss reserves under the table in § 116.3 (relating to table).

(c) The actuarial certification] The actuarial statement of opinion required to be submitted with the annual statement shall include the opinion of an actuary with respect to the following:

[(i)] (1) * * *

[(ii)] (2) * * *

[(iii)] (3) * * *

(b) The actuarial statement of opinion, as it pertains to discounting, shall be determined in accordance with *Actuarial Standard of Practice No. 20, Discounting of Property and Casualty Loss and Loss Adjustment Expense*.

§ 116.6. Reserves for loss adjustment expenses.

(a) Loss adjustment expense reserves shall be calculated with the following standards:

* * * * *

(2) Insurance companies are permitted to discount loss adjustment expense reserves which are allocable to specific claims if they can demonstrate, to the satisfaction of the Commissioner, the validity of their assumptions underlying the calculation of the reserves. The insurance company shall provide an actuarial [certification] statement of opinion which includes the opinion of the actuary with respect to the [three] criteria [set forth] in § 116.5 (relating to actuarial [certification] statement of opinion).

* * * * *

§ 116.7. [Modification of the table] (Reserved).

[A property and casualty insurance company may modify the table in § 116.3 (relating to table) in calculating loss reserves if the modification is approved by the Commissioner. To obtain approval of the Commissioner, the insurance company shall submit a written request that includes data regarding the following:

(1) The specific company's loss payment pattern based on its worker's compensation experience which would support a greater discount than that calculated through the application of the table.

(2) An actuarial certification which substantiates that the variance in loss reserves produced by the modification is adequate.]

§ 116.8. Increased loss reserves and loss adjustment expense reserves.

The Commissioner may require an insurance company to maintain loss reserves at a greater level than those which result from the application of [the table] this chapter, and allocated loss adjustment expense reserves at a level greater than those calculated under § 116.6 (relating to reserves for loss adjustment expenses) where [he] the Commissioner determines it is necessary to insure that reserves are established at an adequate level.

§ 116.9. Suspension of use of [the table] this chapter to discount workers compensation loss reserves.

If the [assumed interest rate utilized in the table in § 116.3 (relating to table) becomes] restrictions in § 116.4 (relating to restrictions on discounting loss reserves) become no longer reasonable due to [declining interest rates] changing economic and financial conditions, or if the payment of claims accelerates, the Commissioner may, upon [a finding] determining that changed economic conditions make [the table] this chapter inappropriate, suspend use of [the table] this chapter upon the publication of reasonable notice. The Commissioner may also set standards for the calculation of reserves following the suspension.

STATE BOARD OF LANDSCAPE ARCHITECTS

[49 PA. CODE CH. 15]

Application Fees

The State Board of Landscape Architects (Board) proposes to amend § 15.12 (relating to fees) by revising certain application fees and making editorial changes to read as set forth in Annex A.

A. Effective Date

The proposed amendments will be effective upon publication of the final-form regulations in the *Pennsylvania Bulletin*.

B. Statutory Authority

The proposed amendments are authorized under section 5 of the Landscape Architects' Registration Law (act) (63 P. S. § 905).

C. Background and Purpose

The act requires the Board to set fees by regulation so that revenues meet or exceed expenditures over a biennial period. General operating expenses of the Board are funded through biennial license renewal fees. Expenses related to applications or services which are provided directly to individual licensees or applicants are excluded from general operating revenues and are funded through fees in which the cost of providing the service forms the basis for the fee.

In a recent systems audit of the operations of the Board within the Bureau of Professional and Occupational Affairs, the fees for services to licensees and applicants were analyzed to determine if the fees reflected the actual cost of providing the services. Actual cost calculations are based upon the following formula:

$$\begin{array}{r} \text{number of minutes to perform the function} \\ \times \\ \text{pay rate for the classification of personnel performing the} \\ \text{function} \\ + \\ \text{a proportionate share of administrative overhead.} \end{array}$$

The analysis determined that the fees for applications for licensure when a board interview is not required, licensure when a board interview is required, and certification of licenses or examination scores did not accurately reflect the actual cost of providing the services. Fees in these categories have not been revised since 1988, and current fees fell short of the cost to provide the service. Fees are also proposed for applications for temporary permits and verification of licensure. Temporary permits allow landscape architects licensed in another jurisdiction, whose standards for licensure are equivalent to those of the Commonwealth, to practice in this Commonwealth an aggregate of 30 days in 1 calendar year under section 8(2) of the act (63 P. S. § 908(2)), and the Board's regulation in § 15.23 (relating to practice by out-of-State landscape architects). The analysis determined that although the Board has been expending funds to review qualifications and extraterritorial standards, as well as to verify licensure, no fees had heretofore been charged. Rather, the costs had been absorbed by biennial renewal fees paid by all licensees. In this proposal, fees for the various services identified would be adjusted to allocate costs to those who apply for the services. The Board will continue to apportion its enforcement and operating costs to the general licensing population when the Board makes its biennial reconciliation of revenue and expenditures. Editorial changes are also proposed to better describe the fee changes in this proposal.

D. Description of Proposed Amendments

Section 6 of the act (63 P. S. § 906) and §§ 15.54 and 15.56 (relating to registration by examination; and registration without examination) outline seven routes to licensure as a landscape architect.

Four groups of candidates for licensure are not required to appear before the Board. Section 15.54(b)(1) provides for licensure by examination for an applicant who holds an undergraduate degree in landscape architecture and 2 years of practical experience. Section 15.54(b)(2) provides for licensure by examination for an applicant with an undergraduate degree in landscape architecture, 1 year of graduate education in landscape architecture and 1 year of practical experience. Section 15.54(b)(3) provides for licensure by examination for an applicant with an undergraduate degree in a subject other than landscape architecture, a graduate degree in landscape architecture and 2 years of practical experience. Section 15.56(a)(3) provides for licensure without examination for an applicant who has passed the examination in another state with a score approved by the Board and met the education and other practical experience requirements of the act.

Candidates applying for licensure in the following three categories must appear for a Board interview. Section 15.54(b)(4) provides for licensure by examination for an applicant with no applicable landscape architecture degree but 8 years of practical experience. Section

15.56(a)(1) provides for licensure without examination for an applicant with an undergraduate degree in landscape architecture and 10 years of experience. Section 15.56(a)(2) provides for licensure without examination for an applicant with no degree in landscape architecture but 15 years of practical experience.

Because the costs of review and approval involved in the first four categories are identical, the fee has been described as an application for licensure under § 15.54(b)(1), (2), (3) or § 15.56(a)(3). Likewise, because the costs to review and approve applications in the final three categories are identical, the fee designation is an application for licensure and Board interview under § 15.54(b)(4) or 15.56(a)(1) or (2).

Moreover, the costs to process applications for licensure by endorsement under section 6 of the act and § 15.57 (relating to registration by reciprocity) for applicants who are licensed in other jurisdictions whose standards for licensure are equivalent to those of the Commonwealth have remained consistent since 1988 at \$45 per application. Accordingly, no fee change has been proposed for this service. Editorial changes are proposed to accurately describe the type of licensure and the fee. Current regulatory language in § 15.57 provides for registration by reciprocity. However, neither the act nor the section require reciprocal arrangements with other jurisdictions. Accordingly, the Board proposes to substitute the accurate term "endorsement" for "reciprocity" in § 15.57. Likewise, the current language in § 15.12 refers to a fee for "application for licensure without examination with proof of licensure." The Board finds this description confusing and proposes that the fee be referred to simply as a fee for "application for licensure by endorsement."

E. Compliance with Executive Order 1996-1

In accordance with Executive Order 1996-1 (February 6, 1996), in drafting and promulgating the proposed amendments the Board considered the least restrictive alternative to regulate costs for services requested by licensees and applicants.

F. Fiscal Impact and Paperwork Requirements

The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The fees will have a modest fiscal impact on those members of the private sector who apply for services from the Board. The proposed amendments will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

G. Sunset Date

The Board continuously monitors the cost effectiveness of its regulations. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 30, 1999, the Board submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed amendments, it will notify the Board within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the proposed amendments, by the Board, the General Assembly and the Governor, of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendments to Shirley S. Klinger, Board Administrator, State Board of Landscape Architects, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-615 (Application Fees), when submitting comments.

EXAMINATIONS

§ 15.57. Registration by [reciprocity] endorsement.

(a) *General requirements.* An applicant who has passed the LARE, holds an unexpired license from another state or foreign country, has a graduate or undergraduate degree in landscape architecture from an approved institution or college and possesses 2 years of practical experience in landscape architecture, of a grade or character satisfactory to the Board, may be granted [reciprocal] registration by endorsement following the [filing] filing of an application and a Board review of the applicant's comprehensive work sample.

(b) [Reciprocal registration] Endorsement.

(1) An applicant who requests [reciprocal] registration by endorsement shall [be required to] submit

with the application an official certification of registration in the applicant's home state, territory or country from the secretary of the examining or registration board or other certifying official, stating on what basis registration was granted, whether by oral or written examination or exemption, and whether the registration is in good standing at the time of the application for registration in this Commonwealth.

(2) An applicant who requests **[reciprocal]** registration **by endorsement** shall submit with the application

complete information relative to training, education and experience as may be required by the Board.

(c) *Exception.* An applicant who received a license from another jurisdiction, without having passed the LARE examination, is not entitled to registration by **[reciprocity] endorsement**.

DELAWARE RIVER BASIN COMMISSION

Commission Meeting and Public Hearing

The Delaware River Basin Commission (Commission) will hold an informal conference and public hearing on Wednesday, August 18, 1999. The hearing will be part of the Commission's regular business meeting. Both the conference and business meeting are open to the public and will be held in the Goddard Conference Room of the Commission's offices at 25 State Police Drive, West Trenton, NJ.

The conference among the Commissioners and staff will begin at 9:30 a.m. and will include discussions of coordinated drought responses and a proposed Commission-Corps of Engineers' drought storage agreement; the *Flowing Toward the Future* report and Governors' Summit; establishment of a watershed council; and the strategy for resolving interstate flow management issues in the Delaware River Basin.

In addition to the subjects summarized as follows which are scheduled for public hearing at the 1 p.m. business meeting, the Commission will also address the following: Minutes of the June 23, 1999 business meeting; announcements; report on Basin hydrologic conditions; reports by the Executive Director and General Counsel; and public dialogue.

The subjects of the hearing will be as follows:

Possible Drought Emergency Action

The Commission may consider whether current and developing conditions of water supply and demand require drought related actions. The purpose of this hearing is to permit the public to comment on these matters and to make suggestions or recommendations concerning possible Commission actions. The Commission will consider a resolution to ratify and approve the temporary modification of the Trenton flow objective and may also consider possible amendment of Commission Resolution No. 88-22 (Revised) or such other drought related actions as the Commission finds to be necessary.

Applications for Approval of the Following Projects Under Article 10.3, Article 11 and/or Section 3.8 of the Compact

1. *Friskies Petcare Division D-84-2 Renewal* 2. An application for the renewal of a groundwater withdrawal project to supply up to 25.92 million gallons (mg)/30 days of water to the applicant's pet food manufacturing facility from Well Nos. 2, 4, 5 and 6. Commission approval on April 26, 1989 was extended to 10 years. The applicant requests that the total withdrawal from all wells remain limited to 25.92 mg/30 days. The project is located in South Whitehall Township, Lehigh County, PA.

2. *City of Newark D-90-110 CP (G) (Amendment No. 1)*. An amendment to revise Doc. No. D-90-110 (G) CP to ratify emergency actions taken by the Executive Director due to drought conditions and to require the preparation and submission of an Integrated Water Resources Supply Plan by the City of Newark in cooperation with other New Castle County public suppliers and the Delaware Department of Natural Resources and Environmental Control. The project is located in Newark, DE.

3. *United Water Delaware D-96-50 CP (Amendment No. 1)*. An amendment to revise Doc. No. D-96-50 CP to ratify emergency actions taken by the Executive Director due to drought conditions and to require the preparation and submission of an Integrated Water Resources Supply Plan by United Water Delaware in cooperation with other New Castle County public suppliers and the Delaware Department of Natural Resources and Environmental Control. The project is located in New Castle County, DE.

4. *Artesian Water Company, Inc. D-97-48 CP*. An application for approval of a groundwater withdrawal project to supply up to 150 mg/30 days of water to the applicant's Southern Distribution System from 14 new and existing wells in nine wellfields, and to limit the withdrawal from all Southern Distribution System wells to 150 mg/30 days. The project is located south of the Chesapeake and Delaware Canal, New Castle County, DE.

5. *Buckingham Township D-98-49 CP*. A project to expand the applicant's existing Furlong sewage treatment lagoon system from 68,000 gallons per day (gpd) to 116,825 gpd. Lagoon treatment capacity will be increased along with associated spray field modifications and expansions to accommodate an increase of spray irrigation discharge. A pump station and force main will convey treated effluent to a storage pond at the Look-A-Way Golf Course for irrigation use and to allow for an alternate stream discharge from the pond to Mill Creek. All facilities are located in Buckingham Township, Bucks County, PA. The project will continue to serve residential development in Buckingham Township.

6. *Bucks County Water & Sewer Authority D-99-13 CP*. An application to rerate the Harvey Avenue sewage treatment plant (STP) from 0.9 million gallons per day (mgd) to 1.2 mgd. Located at the end of Harvey Avenue in Doylestown Borough, Bucks County, PA, the STP will continue to serve Doylestown Township and Doylestown Borough. Following high quality secondary treatment, effluent will continue to discharge to Cooks Run, a tributary of Neshaminy Creek.

7. *Borough of Kennett Square D-99-17 CP*. An application to modify the applicant's existing 1.1 mgd STP by replacing the existing trickling filter system with an

oxidation ditch system designed to treat the same flow. The proposed modification project will also include an ultraviolet light disinfection system and post aeration. The STP is located in Kennett Square Township off Chindler Mill Road approximately 1,500 feet west of the southwest border of the Borough of Kennett Square and will continue to discharge to West Branch Red Clay Creek approximately 3.3 river miles above its confluence with Red Clay Creek.

8. *Saville Rustin Water Company D-99-31 CP.* An application for approval of an increase in groundwater withdrawal from 3.18 mg/30 days of water to 7.5 mg/30 days by providing an additional supply of up to 4.32 mg/30 days of water to the applicant's distribution system from new Well No. 5, and to limit the withdrawal from all wells to 7.5 mg/30 days. The project is located in Lehman Township, Pike County, PA.

9. *TPT Partners, L.P. D-99-41.* An application for approval of a groundwater withdrawal project to supply up to 3.8 mg/30 days of water for irrigation of the applicant's Bellewood Golf Course from new Well Nos. 1 and 2, and to limit the withdrawal from all wells to 3.8 mg/30 days. The project is located in North Coventry Township, Chester County, PA.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact Thomas L. Brand at (609) 883-9500, ext. 221 concerning docket-related questions. Persons wishing to testify at this hearing are requested to register with the Secretary at (609) 883-9500, ext. 203 prior to the hearing.

Individuals in need of an accommodation as provided for in the Americans With Disabilities Act who would like to attend the hearing should contact the Secretary at (609) 883-9500, ext. 203 or through the New Jersey Relay Service at (800) 852-7899 (TTY) to discuss how the Commission may accommodate their needs.

Whereas, Pseudorabies is of particular concern to the swine production industry, in that infected swine tend to

be smaller, less-healthy animals with a higher incidence of stillbirths and other physical problems; and

Whereas, PDA is currently progressing through the State-Federal Pseudorabies Eradication Program, a systematic 5-stage program which will result in the elimination of Pseudorabies among swine in the Commonwealth; and

Whereas, the Commonwealth has progressed through Stages I through III of the State-Federal Pseudorabies Eradication Program, and is currently a candidate for "Stage IV" status—with "Stage V" being the final, Pseudorabies-free stage; and

Whereas, Pseudorabies exists in other states and other nations, and the transporting of infected swine from these states or nations could spread that disease among swine herds in the Commonwealth and cause the Commonwealth to revert to Stage I, II or III status; and

Whereas, there are relatively unintrusive quarantine restrictions PDA can impose in order to prevent Pseudorabies-infected swine from entering the Commonwealth; and

Whereas, the Domestic Animal Law allows (at 3 Pa.C.S. § 2329(c)) for the establishment of an Interstate/International Quarantine under the circumstances described above;

Now, therefore, the Pennsylvania Department of Agriculture, pursuant to the authority granted it under the Domestic Animal Law and § 1702 of the Administrative Code of 1929 (71 P. S. § 442), orders the establishment of an interstate/international quarantine with respect to the shipment of feeder swine (swine which are not intended for use as breeding animals) into the Commonwealth. The quarantine restrictions are as follows:

1. Feeder swine shall only be allowed to be imported into the Commonwealth if:

a. By direct shipment from a farm of origin or market in a state/area classified as "Stage IV" or "Stage V" in the State-Federal Pseudorabies Eradication Program; or

b. By direct shipment from a farm of origin in a "Stage III" state/area; or

c. By direct shipment from a Pseudorabies qualified negative herd; or

d. By direct shipment from a feeder pig monitored herd in a "Stage II" state/area or from an approved feeder pig market if:

i. The feeder swine enter the Commonwealth on a permit authorizing their delivery to a designated feedlot; and

ii. The feeder swine are restricted to that designated feedlot until they are sent to slaughter.

2. Feeder swine from states or areas that are classified as "Stage I" in the State-Federal Pseudorabies Eradication Program may not be imported in the Commonwealth.

3. Feeder swine imported into the Commonwealth shall be accompanied by a valid health certificate.

4. Feeder swine imported into the Commonwealth shall be individually identified as to the herd of origin by legible tattoo, ear tag or other method approved by PDA.

5. If directed by PDA's Pseudorabies epidemiologist, feeder pigs that are imported from states or areas that are in Stage II or Stage III of the State-Federal

Pseudorabies Eradication Program shall be subject to a post-import test for Pseudorabies 25 to 30 days after arrival. A sufficient number of animals will be randomly selected and tested to provide 95% confidence that infection will be detected if 10% or more of the herd is infected. This Order shall not be construed as limiting PDA's authority to test feeder swine allowed into the Commonwealth under the conditions set forth herein.

6. This Order is effective August 16, 1999, and shall remain in effect until rescinded by subsequent Order.

Secretary

Eisenhower Postsecondary Grant Application Guidelines for Professional Development Programs to Improve Mathematics and Science Teaching and Learning

Applications from Pennsylvania nonprofit organizations, which have previously conducted successful mathematics and/or science professional development activities, and Pennsylvania institutions of higher education will be accepted for professional development programs specially designed to improve mathematics and science teaching and learning in this Commonwealth. Grant awards will be funded with higher education money authorized by Subchapter II—Dwight D. Eisenhower Professional Development Program—The Improving America's Schools Act of 1994 (P. L. 103-382). Awards are contingent upon receipt of the Federal appropriation for the Dwight D. Eisenhower Professional Development Program. Pennsylvania has approximately \$276,000 available for competition.

Copies of the Eisenhower Postsecondary Grant Application (EPGA) guidelines are available on the Department's web page at <http://www.pde.psu.edu/docs/pde/posteisen.html>. The issuing office, which is the sole point of contact for these guidelines is the Division of Program Services, Bureau of Postsecondary Services, Department of Education, 333 Market Street, Harrisburg, PA 17126-0333, (717) 772-3623; TDD (717) 783-8445.

A preproposal conference is scheduled for Wednesday, September 1, 1999, at 10 a.m. in Heritage Room B, Lobby Level at 333 Market Street, Harrisburg. If special accommodations are required to participate in the preproposal conference, contact the Division of Program Services. Written questions are to be submitted by August 26, 1999, on PDE-4658 which is available on the Department's web page at <http://www.pde.psu.edu/docs/pde/posteisen.html>.

Applications submitted in response to the EPGA guidelines are due in the Division of Program Services no later than 5 p.m., Friday, September 24, 1999.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards

and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA Region III Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid service or other accommodation to participate in the proceedings should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA 0114138. SIC: 4952, **Athens Township Sewer Authority**, 379 Pennsylvania Avenue, Sayre, PA 18840-2825.

This proposed action is for renewal of an NPDES permit for an existing discharge of 0.0165 mgd of treated sewage to Chemung River in Athens Township, **Bradford County**.

The receiving stream is classified for the following uses: warm water fishery and aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the assumed downstream potable water supply (PWS) considered during the evaluation is Pennsylvania-New York border located 0.1 river mile downstream on the Chemung River.

The proposed effluent limits for Outfall 001, based on a design flow of 0.0165 mgd are:

PA 0027430. Sewage, **City of Jeannette Municipal Authority**, P. O. Box 168, Jeannette, PA 15644.

This amendment is for the NPDES permit to discharge treated sewage from the Jeannette Wastewater Treatment Plant in the City of Jeannette, **Westmoreland County**; subsequent to the issuance of the NPDES renewal permit on June 27, 1996, the Authority has removed their chlorine disinfection process and replaced it with ultraviolet disinfection.

The following effluent limitations change is proposed for discharge to the receiving waters, known as Brush Creek, which are classified as a trout stocked fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Pennsylvania American Water Company Becks Run intake.

Outfall 001: existing discharge, design flow of 3.3 mgd.

The existing effluent limitations for Total Residual Chlorine will be removed from the permit.

The EPA waiver is not in effect.

PA 0027626. Sewage, **Kiski Valley Water Pollution Control Authority**, 1200 Pine Run Road, Leechburg, PA 15656.

This application is for renewal of an NPDES permit to discharge treated sewage from the Kiski Valley Sewage Treatment Plant in Allegheny Township, **Westmoreland County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Kiskiminetas River, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Buffalo Township Municipal Authority—Freeport.

This application is for renewal of an NPDES permit to discharge treated sewage to the Unnamed Tributary to Coffee Run in Pulaski Township, **Lawrence County**. This is an existing discharge.

The receiving water is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃ fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Beaver Falls Municipal Authority (Eastvale Plant) intake on the Beaver River located in Eastvale, approximately 29 miles below point of discharge.

Outfall No. 001

The proposed effluent limits, based on a design flow of 0.02 mgd, are: Interim Limits

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
CBOD ₅	25	50
TSS	30	60
Ammonia-Nitrogen (5-1 to 10-31)	4.5	9
(11-1 to 4-30)	13	27
Fecal Coliform (5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	2,000/100 ml as a geometric average	
Total Residual Chlorine	0.5	
Dissolved Oxygen	minimum of 3 mg/l at all times.	
pH	6.0—9.0 at all times	

Outfall No. 001

The proposed effluent limits, based on a design flow of 0.03 mgd, are: Final Limits

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	50
TSS	30	60
Ammonia-Nitrogen (5-1 to 10-31)	5	10

(10-1 to 4-30)	2,000/100 ml as a geometric average	
Dissolved Oxygen	minimum of 3 mg/l at all times	
pH	6.0—9.0 at all times	

The EPA waiver is in effect.

PA 0033588. Sewage. **Country Estates, Inc.**, P. O. Box 91, Brookfield, OH 44403.

This application is for renewal of a Part I NPDES permit to discharge treated sewage to the Unnamed tributary of Lackawannock Creek in Jefferson Township, **Mercer County**. This is a minor discharge.

The receiving water is classified for the following uses: trout stocking fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Shenango River and Sharpsville Municipal Water Authority at River Mile 32.64 located approximately 18.17 miles below point of discharge.

The proposed effluent limits for Outfall No. 001, based on a design flow of 0.015 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10	20
TSS	10	20
Ammonia-Nitrogen (5-1 to 9-30)	3.0	6.0
(10-1 to 4-30)	9.0	18.0
Fecal Coliform (5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	2,000/100 ml as a geometric average	
Total Residual Chlorine	0.5	1.2
Dissolved Oxygen	minimum of 3 mg/l at all times	
pH	6.0—9.0 at all times	

The EPA waiver is in effect.

PA 0222895. Sewage, **Stanley J. and Sharon G. Butcher**, 21180 Lindsey Hollow Road, Corry, PA 16407.

This application is for a new NPDES permit to discharge treated sanitary sewage to an unnamed tributary to Winton Run in Concord Township, **Erie County**. This is a new discharge.

The receiving water is classified for cold water fishery, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply (PWS) considered during the evaluation is the Emlenton Water Co. on the Allegheny River in Emlenton, approximately 100 miles below the point of discharge.

The proposed effluent limits for Outfall 001, based on average design flow of 0.001950 mgd, are:

<i>Parameter</i>	<i>Effluent Concentration (mg/l)</i>	
	<i>Average Monthly</i>	<i>Instantaneous Maximum</i>
CBOD ₅	10	20
Total Suspended Solids	20	40
NH ₃ -N	6	12
Dissolved Oxygen	minimum of 3.0 mg/l at all times	
Total Residual Chlorine	1.4	3.3
Fecal Coliform	200/100 ml as a geometric average	
pH	6.0—9.0 standard units at all times	

The EPA waiver is in effect.

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each commentator will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**INDIVIDUAL PERMITS
(PAS)**

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup

standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Madonna Management Property, Bensalem Township, **Bucks County**. Paul Boni, 226 W. Rittenhouse Square, Philadelphia, PA 19103, has submitted a Notice of Intent to Remediate site soil and groundwater contaminated with petroleum hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Bucks County Courier* on July 20, 1999.

Tinicum Industrial Park, Tinicum Township, **Delaware County**. Dean Reed, CBS Corporation, 11 Stanwix Street, Pittsburgh, PA 15222, has submitted a Notice of Intent to Remediate site soil contaminated with PCBs, lead, heavy metals, solvents, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons, and groundwater contaminated with pesticides, BTEX and polycyclic aromatic hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health and site-specific standards. A summary of the Notice of Intent to Remediate was reported to have been published in the *Delaware County Times* on July 19, 1999.

Riverfront North Site, Bristol Borough, **Bucks County**. Michael A. Christie, P.G., Penn Environmental & Remediation, Inc., 2755 Bergey Road, Hatfield, PA 19440, has submitted a Notice of Intent to Remediate site soil contaminated with lead, heavy metals, BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons,

and groundwater contaminated with lead, heavy metals and solvents. The site is located in a special industrial area. The applicant's proposed remediation will address any immediate, direct or imminent threat to the public health and the environment and will be based on the results of the Baseline Remedial Investigation Report. A summary of the Notice of Intent to Remediate was reported to have been published in the *Bucks County Courier Times* on July 14, 1999.

Northwest Regional Office: Craig Lobins, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

Engelhard Corporation/Mallinckrodt Inc. North Parcel, City of Erie, **Erie County**, has submitted a Notice of Intent to remediate groundwater and sediment. The site has been found to be contaminated with lead, PCBs, heavy metals, solvents, PHCs and PAHs. The applicant proposes to remediate the site to meet the Statewide health and site-specific standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Erie Times* on July 26, 1999.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable

requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

45-399-013: Tobyhanna Army Depot (11 Hap Arnold Boulevard, Tobyhanna, PA 18466), for operation of a sandblasting system in Coolbaugh Township, **Monroe County**.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

01-03002A: Tarmac America, Inc. (P. O. Box 2016, Norfolk, VA 23501), for operation of an impact crusher and two conveyors controlled by wet suppression located in Oxford Township, **Adams County**. These sources are subject to 40 CFR Part 60, Subpart OOO, Standards of Performance for Nonmetallic Mineral Processing Plants.

01-310-040D: Carmeuse Pennsylvania, Inc. (P. O. Box 468, Hanover, PA 17331), for operation of three lime kilns controlled by individual scrubbers in Oxford Township, **Adams County**.

22-03024: BSC Litho, Inc. (3000 Canby Street, Harrisburg, PA 17105), for operation of two web offset printing presses controlled by a catalytic incinerator in Penbrook Borough, **Dauphin County**.

22-03025: John M. Shultz Funeral Home (406 Market Street, Lykens, PA 17048), for operation of a crematory incinerator and afterburner in Lykens Borough, **Dauphin County**.

36-03084: Lancaster Aluminum Co., Inc. (Ten Wynfield Drive, Lititz, PA 17543), for operation of a secondary aluminum production facility in Warwick Township, **Lancaster County**.

36-05067C: C & D Technologies, Inc. (82 East Main Street, Leola, PA 17540), for operation of a lead-acid battery manufacturing plant in Upper Leacock Township, **Lancaster County**. Several sources at the plant are subject to 40 CFR Part 60, Subpart KK, Standards of Performance for Lead-Acid Battery Manufacturing Plants.

36-318-015B: Alcoa Inc. (3000 State Drive, Lebanon, PA 17042), for operation of the No. 95 aluminum coil/foil coating line controlled by a catalytic incinerator in South Lebanon Township, **Lebanon County**.

67-05024B: Lehigh Portland Cement Co. (200 Hokes Mill Road, York, PA 17404), for operation of a mill feed conveying system controlled by a fabric filter in West Manchester Township, **York County**.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Attn: Kanubhai L. Patel, (717) 705-4702.

01-05007: Schindler Elevator Corp. (1200 Biglerville Road, Gettysburg, PA 17325-4449), in Cumberland Township, **Adams County**. The facility manufactures elevators and moving stairways (SIC Code No. 3534). The operations primarily emit volatile organic compounds (VOCs).

28-05004: Grove U. S. L.L.C. (P. O. Box 21, Shady Grove, PA 17256), in Antrim Township, **Franklin County**. The facility manufactures mobile hydraulic cranes and manlifts. The major source of emissions at the facility is the surface coating operations which emit volatile organic compounds (VOC) and hazardous air pollutants (HAP).

36-05027: R. R. Donnelley & Sons Co. (216 Greenfield Road, Lancaster, PA 17601), in Lancaster City, **Lancaster County**. The facility operates publication printing presses. The major sources of emissions at the facility are the rotogravure and flexographic printing presses that emit volatile organic compounds (VOCs) and hazardous air pollutants (HAPs).

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Attn: Mark Wayner, (412) 442-4161.

TV-63-00070: Dyno Nobel, Inc. (1320 Galiffa Drive, Donora, PA 15033), for their Donora Plant in Donora Borough, **Washington County**. The facility's major sources of emissions include two multiple fuel fired boilers rated at 48 MM Btu/hr., nitric acid plant and ammonium nitrate prill tower which emit major quantities of NO_x and particulate matter, PM-10.

TV-11-00005: Bar Technologies, Inc. (BARTECH) (1001 Main Street, Gate 3, Johnstown, PA 15909), for their steel manufacturing facility in Franklin Borough, **Cambria County**. As a result of the potential levels of NO_x, SO_x and particulate matter emitted from this facility it is a major stationary source as defined in Title I, Part D of the Clean Air Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G.

TV-65-00207: GenCorp, Inc. (Chambers Avenue, Jeannette, PA 15644), for their vinyl plastic film manufacturing facility in Jeannette, **Westmoreland County**. As a result of the potential levels of VOC emitted from this facility it is a major stationary source as defined in Title I, Part D of the Clean Air Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code, Chapter 127, Subchapter G.

TV-63-00066: Wheeling-Pittsburgh Steel Corp. (1 Wheeling Pittsburgh Steel Drive, Allenport, PA 15412), for their Allenport Facility in Allenport Borough, **Washington County**. The Allenport facility produces cold finished steel products. The facility's major sources include boilers which emit major quantities of NOx and SOx.

PLAN APPROVALS

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

36-05067D: C & D Technologies, Inc. (82 East Main Street, Leola, PA 17540), for construction of a battery grid caster controlled by a fabric filter at the Leola battery plant in Upper Leacock Township, **Lancaster County**. The caster is subject to 40 CFR Part 60, Subpart KK, Standards for Performance for Lead-Acid Battery Manufacturing Plants.

67-05026B: DONSCO, Inc. (P. O. Box 2001, Wrightsville, PA 17368), for construction of a blast cleaning machine controlled by a fabric filter at the foundry in Wrightsville, **York County**.

Derry Road, Derry, PA 15627.*

The Derry Township approved special study plan revision provides for the abatement of onlot and raw sewage discharge problems in the McGee Run Watershed. The Village of New Derry will be served by gravity sewers that will convey sewage to the Derry Borough Sewage Treatment Plant. New Derry, Atlantic and Panizzi Road, will be sewered and the sewage conveyed by pump station to the Latrobe Municipal Authority's Sewage Treatment Plant. Millwood, Seger, Hillside, Torrance and Brenizer, Copeville Heights will be sewered through the proposed McGee Run Interceptor and conveyed through pump stations to the Torrance State Hospital Sewage Treatment Plant. The Dogwood Acres Sewage Treatment Plant, that

provides treatment for a portion of Millwood, will be abandoned.

The Department's review of the Sewage Facilities Plan Update has not identified any significant environmental impacts resulting from this plan.

Special Study: Act 537 Sewage Facilities Plan Update Darragh Sewerage System

Location: Hempfield Township, Westmoreland County, R. D. 6, Box 500, Woodward Drive, Greensburg, PA 15601.

The Hempfield Township approved Act 537 Plan Update provides for future municipal sewage service to Arona Borough and Madison Borough, by the expansion of the Darragh Sewage Treatment Plant to 750,000 gallons per day. The West Hempfield Sewage Treatment Plant and the West Hempfield Plaza pump station will be abandoned. At future stages, the Lincoln Heights and Edna 1 areas will have public sewerage when the Darragh Sewage Treatment Plant is expanded to 1,500,000 gallons per day. Extension of municipal sewers in these areas will result in the elimination of five privately owned, packaged sewage treatment plants.

The Department's review of this Sewage Facilities Plan Update has not identified any significant environmental impacts resulting from this plan.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice

of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Microbac Laboratories, Inc., McCandless Township, **Allegheny County**. A. Warne Boyce and Doreen E. Boyce, 300 Fox Chapel Road, Pittsburgh, PA 15238, Microbac Laboratories, Inc. and property owner, 100 Marshall Drive, Warrendale, PA 15086 and David N. Olson, 4 Triangle Lane, Suite 200, Export, PA 15632-9255, have submitted a Final Report concerning remediation of site soil and groundwater contaminated with heavy metals, solvents, BTEX and PAHs. The report is intended to document remediation of the site to meet the Statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Man-

ager in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of the written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (*Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.*)

Air Quality Technical Advisory Committee Meeting

The Air Quality Technical Advisory Committee (AQTAC) will meet beginning at 9 a.m. on Monday, August 23, 1999, in Room 105, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. Two major agenda items that are scheduled for consideration by AQTAC are draft final rulemaking related to surface coating operations and wood finishing activities and draft final revisions to the oxides of nitrogen (NOx) requirements adopted under the provisions of the Ozone Transport Commission Memorandum of Understanding.

Questions concerning the agenda may be directed to Terry L. Black at (717) 787-2030 or e-mail to Black.Terry@dep.state.pa.us. The agenda for this meeting will also be available through the Public Participation Center on DEP's World Wide Web site at <http://www.dep.state.pa.us>. Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Wick Havens directly at (717) 787-4310 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (www.dep.state.pa.us) at the Public Participation Center. The "January 1999 Inventory" heading is the Governor's List of Nonregulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1999.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Please check with the

appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Final Guidance

DEP ID: 562-5900-001 Title: Surface Mine Accident Investigations Description: The purpose of this guidance document is to outline a standard operating procedure for investigating injuries on noncoal, anthracite and bituminous surface mine sites, and to define how the investigation will be jointly carried between the Department and the Federal Mine Safety and Health Administration (MSHA). Effective Date: August 21, 1999 Contact: Don Barnes at (814) 472-1900.

Proposed Revision to the State Implementation Plan for Ozone for the Philadelphia Ozone Nonattainment Area; Public Hearing

Ground-level ozone concentrations above the Federal health-based standard are a serious human health threat and can also cause damage to crops, forests and wildlife. The Department of Environmental Protection is seeking public comment on a State implementation plan (SIP) revision for the Philadelphia ozone nonattainment area (Bucks, Chester, Delaware, Montgomery and Philadelphia counties) which reduces volatile organic compounds (or equivalent) by 3% per year from 1996 through 2005 and demonstrates that the area will meet the health-based ozone standard.

The proposed SIP revises the highway vehicle emission inventory submitted to the EPA and establishes new motor vehicle emission budgets for purposes of transportation conformity. The United States Environmental Protection Agency has required areas classified as serious and above for ozone to include in their SIPs all control measures which will be in place by the attainment year and which are assumed in the air quality attainment demonstration (last submitted to the EPA on August 21, 1998). This proposed SIP thus includes emission reductions attributable to the National Low Emission Vehicle

program already in place and additional Federal heavy-duty engine standards effective 2004. These strategies were not included in the motor vehicle emissions inventory originally submitted to the EPA on April 30, 1998.

This proposal is available on the DEP Website at <http://www.dep.state.pa.us> (choose Information by Subject/Air Quality/State Implementation Plans), or through the contact persons listed.

The Department will hold a public hearing to receive comments on the SIP revision on Friday, September 17, 1999 at 1 p.m. at the offices of the Delaware Valley Regional Planning Commission, The Bourse Building, 8th Floor, (use 4th Street side elevators), 111 S. Independence Mall East, Philadelphia.

Persons wishing to present testimony at the hearing should contact Shiela Barley, (717) 787-9495 (P. O. Box 8468, Harrisburg, PA 17105) to reserve a time. If individuals do not reserve a time, they will be able to testify after preregistrants. Witnesses should keep testimony to 10 minutes and should provide two written copies at the hearing. Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact Wick Havens at the telephone number mentioned previously. TDD users may contact the AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

Written comments should be sent to Arleen Shulman, Chief, Mobile Sources Section Chief, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468 no later than close of business on September 20, 1999.

DEPARTMENT OF PUBLIC WELFARE

1999 Group One Exception Requests; MA/LTC Participation Review

The Department of Public Welfare (Department), by statement of policy effective December 18, 1996, adopted an interim policy announcing that, as a general matter, it intended to exercise its discretion to terminate or to refuse to enter into an MA provider agreement with a provider of nursing facility services that sought to increase the number of MA certified nursing facility beds through enrollment or expansion, unless the Department granted an exception on a case-by-case basis to permit that provider to enroll or expand. Effective August 11, 1997, this statement of policy was revised to state that enrolled nursing facility providers are prohibited from expanding their licensed bed capacity, under any circumstances, without first receiving an exception from the Department. A statement of policy that sets forth the guidelines the Department will use when making its case-by-case exception request decisions was published in the *Pennsylvania Bulletin* on January 10, 1998 (28 Pa.B. 138), and is codified at 55 Pa. Code § 1187.21a.

By this notice, published under 55 Pa. Code § 1187.21a(e)(4), the Department announces the 1999 Group One exception requests covering the submission period of January 1, 1999, through June 30, 1999.

DEPARTMENT OF TRANSPORTATION

Finding

Delaware County Philadelphia County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to construct improvements to Interstate 95 (I-95) and S.R. 0291(PA 291) and participate in construction improvements to the Philadelphia International Airport in Tinicum Township, Delaware County and the City of Philadelphia, Philadelphia County.

Philadelphia International Airport is located on the north shore of the Delaware River in the southeastern corner of Pennsylvania approximately 6 miles southwest of Philadelphia's central business district. Philadelphia International Airport is owned and operated by the City of Philadelphia, Division of Aviation and is the principle commercial service airport in the region serving both domestic and foreign carriers.

I-95 provides the primary access to Philadelphia International Airport with direct connections to other regional expressways such as I-76 to the north and I-476 to the south of the airport. Airport access for I-95 southbound traffic is via a direct ramp connection while access for

I-95 northbound traffic is from exit 10 to PA 291 through two at grade signalized intersections.

The project's purpose is to expand the airport's terminal and roadway elements to accommodate current and projected levels of passenger and vehicular activity. The proposed action has three principle components that include a new international terminal building complex, Terminal One, a new commuter terminal building complex, Terminal F, and two new ramps to improve vehicular access from I-95, Alternative B-4 Modified.

The preferred alternative locates Terminal One west of existing Terminal A and Terminal F north of existing Terminal E since they follow the existing pier geometry, do not require relocation of any off-airport businesses, and do not require construction of a people mover system. Alternative B-4 Modified is the construction of a new I-95 northbound exit ramp to be merged with the I-95 southbound exiting traffic for direct access to the airport. The existing ramp to the northbound collector-distributor road will be removed and replaced to the east to separate this traffic from airport bound traffic. Ramp A from PA 291 will be removed and replaced with a direct access from PA 291 located to the west of International Plaza Driveway. Existing Departures Ramp L will be removed and replaced by Ramp LL that will pass under the SEPTA Airport High Speed Line, cross over I-95 and PA 291 and descend to the Philadelphia International Airport departures roadway. An overheight vehicle exit will be constructed from Ramp LL to allow overheight vehicles to exit the departures roadway system without entering secure airport property.

I have considered the environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, and have concluded that there is no feasible and prudent alternative to the project as designed, and all reasonable steps have been taken to minimize such effect.

No adverse environmental effect is likely to result from the construction of this project.

Finding

Luzerne County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Federal Highway Administration and the Department of Transportation plan to remove the Plymouth-Breslau Bridge, which carries Hanover Street over the Susquehanna River in Luzerne County, with no replacement. The bridge has been closed to traffic since 1985. The traffic considerations will be accommodated by the Carey Avenue bridge replacement project, which will be a separate project.

This project will impact the bridge, which is a Section 4(f) resource and is eligible for listing on the National Register of Historic Places.

Mitigation measures will be taken to minimize harm as stipulated in the executed Memorandum of Agreement. The mitigation measures include a HABS/HAER recorda-

tion of the bridge, which has been completed and was accepted by the USDOJ in January 12, 1995.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from this bridge removal project.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Commission may issue comments within 10 days of the close of the committee comment period. The Commission comments are based upon the criteria contained in section 5.1(h) and (i) of the act (75 P. S. § 745.5a(h) and (i)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulations must be submitted by the dates indicated.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-Form Submission Deadline</i>
57-204	Pennsylvania Public Utility Commission Cramming and Slamming (29 Pa.B. 2779 (May 29, 1999))	7/29/99	6/28/01

Pennsylvania Public Utility Commission Regulation No. 57-204 Cramming and Slamming July 29, 1999

We have reviewed this proposed regulation from the Pennsylvania Public Utility Commission (PUC) and submit for consideration the following objections and recommendations. Subsections 5.1(h) and 5.1(i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) specify the criteria the Commission must employ in determining whether a regulation is in the public interest. In applying these criteria, our Comments address issues that relate to need, reasonableness and clarity, and additional recordkeeping and paperwork. We recommend that these Comments be carefully considered as you prepare the final-form regulation.

1. Section 64.23. Standardizing LEC responses to customer contacts alleging unauthorized changes to the customer's long distance carrier and unauthorized charges added to the customer's bill.—Reasonableness; Additional Recordkeeping and Paperwork; and Clarity.

Subsection (a)—Cramming.

Subsection (a) sets forth the local exchange company's (LEC) responsibilities when a customer complains that "cramming has occurred on the bill rendered to the

customer.” (Emphasis added.) The regulation does not provide any time frame within which the customer must report the alleged cramming. Subsection (b), however, establishes the LEC’s responsibilities when a customer alleges that “slamming has occurred on *one or both of the past two bills.*” (Emphasis added.)

Why do the cramming provisions in subsection (a) not reference specific billing periods, like the slamming provisions in subsection (b)? For consistency, the same reference to billing periods should be included in subsection (a).

Subsections (a)(2) and (b)(3)—Effect of unpaid crammed or slammed charges on basic service.

These subsections provide that when a customer alleges that cramming or slamming has occurred, the LEC must inform the customer that the charges will be removed from the customer’s bill and returned to the service provider. The LEC must also explain that removal of the charges does not mean that the service provider will not attempt to collect the charges directly from the customer.

The Office of Consumer Advocate (OCA) recommended that the LEC also inform the customer that failure to pay crammed charges cannot result in termination of basic service. Customers may not be aware that basic service cannot be terminated for failure to pay non-basic charges. To improve the consumer protection provisions of this rulemaking, the PUC should adopt OCA’s recommendation in both of these subsections.

Subsections (a)(5) and (b)(6)—Complaint information.

These subsections require LECs, at the customer’s request, to provide information on how to file a complaint with the Pennsylvania Office of Attorney General (AG), the Federal Communications Commission (FCC) and the Federal Trade Commission (FTC). This information may be valuable to customers, but they may not be aware that they can ask for it. By limiting LECs’ responsibility to disclose complaint information to only those customers who request it, the consumer protections intended by sections 64.23(a)(5) and (b)(6) will not be fully realized.

We recognize that it would be burdensome to require LECs to give detailed complaint information to every customer who contacts them with a slamming or cramming complaint. Not every customer will want to pursue a complaint with the AG, the FCC or the FTC. However, it would not be burdensome to require LECs to disclose to customers that complaint information is available if they would like it. This disclosure would ensure that customers are fully informed about their options, but would not require LECs to give detailed complaint disclosure information to every customer. Since the LECs deal directly with the customers, subsections (a)(5) and (b)(6) should also require LECs to inform customers that complaint information is available upon request.

Subsection (b)(2)—Account safeguard.

This subsection requires the LEC to put a safeguard on the customer’s account at the customer’s request. The safeguard is intended to prevent the LEC from processing an interexchange carrier’s (IXC) request for a switch unless the LEC has the customer’s express authorization. As discussed in relation to complaint information in subsections (a)(5) and (b)(6), the customer may not be aware that a safeguard is an option. We recommend the PUC amend subsection (b)(2) to require the LEC to

inform the customer that a safeguard can be placed on the account.

Furthermore, it is not clear what constitutes the customer’s “express authorization.” The FCC rules (at 47 CFR 64.1190) require, for example, that there must be written and signed authorization by the customer, or electronic authorization from the customer, or independent third party verification of the customer’s oral authorization. For improved clarity, this subsection should be amended to specify what constitutes “express authorization.”

Subsection (b)(3)—Recourse of charges to IXC.

This subsection requires the LEC to return the alleged slamming charges to the IXC or its billing agent. We question the reasonableness of requiring the LEC to return the charges. We understand this may not be possible because of contractual agreements between the LEC and the IXC. Furthermore, Conectiv commented that some carriers’ billing systems do not have the ability to return the charges to the IXC or its billing agent. Therefore, the PUC should only require the LEC to remove the charge from the customer’s bill. The LEC and the IXC should determine how these charges should be handled.

2. General—Need for and Reasonableness of the Proposed Slamming Provisions; Additional Recordkeeping and Paperwork.

Commentators have questioned the need for the PUC to put the proposed subsection (b) slamming rules in place at a time when the FCC liability rules on slamming are pending. Commentators assert that if both sets of rules are in place at the same time and contain conflicting requirements, it will be virtually impossible for them to comply. In addition, Representative McCall raised concerns with the timing of this regulation in light of the pending FCC rules and legislation that he has proposed. Why is it necessary for the PUC to proceed with its own slamming rules prior to final implementation of the FCC rules?

If the PUC finalizes these slamming regulations, it should compare the provisions of this rulemaking with the pending FCC rules on slamming to ensure that the final-form regulation does not conflict with FCC requirements. Inconsistencies should be eliminated to avoid potential compliance problems and additional recordkeeping and paperwork requirements.

Public Informational Meeting; Mutual-to-Stock Conversion

The Insurance Department (Department) will hold a public informational meeting regarding the proposed plan of conversion submitted by Millers Mutual Insurance Company, a Pennsylvania domiciled mutual property insurance company. The proposed plan provides for conversion from a mutual property insurance company to a stock property insurance company and the formation of a mutual holding company. The filing was made under the Mutual-to-Stock Conversion Act (40 P. S. § 911-A et seq.). Policyholders and interested persons are invited to attend and participate.

1. *Date and Time:* September 24, 1999, beginning at 9 a.m.

2. *Location:* Capitol Associates Building, Suite 200, North Seventh Street, Harrisburg, PA.

3. *Format of Meeting:* The Department and Millers Mutual Insurance Company will provide information about the proposed plan of conversion and the review process. Policyholders and interested persons may voluntarily make comments about the proposed plan of conversion. Policyholders and interested persons may attend the meeting without making oral comments. The terms of the policyholders' insurance policy will not be affected by attending or not attending the meeting. The meeting will be recorded and a transcript may be purchased directly from the court reporter.

4. *Legal Authority:* The public informational meeting will be held under the provisions of the Mutual-to-Stock Conversion Act (40 P. S. § 911-A et seq.).

5. *Questions Regarding the Specifics of the Plan of Conversion:* Questions about the purchase of stock or other issues specific to the plan of conversion or questions about an insurance policy should be directed to David W. Carmean, Secretary, Millers Mutual Insurance Company, 805 North Front Street, P. O. Box 1246, Harrisburg, PA 17108, (717) 237-7229.

6. *Written Comments:* Persons who are unable to attend the public informational meeting or would prefer to submit written comments about Millers Mutual Insurance Company's proposed plan of conversion, may do so by mailing or delivering a copy of the comment to Michael S. Graeff, Insurance Company Licensing Specialist, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, fax (717) 787-8557, or by e-mail at mgraeff@ins.state.pa.us. Please be advised that all comments received will be part of the public files regarding this proposal, and will be shared with Millers Mutual Insurance Company for response.

7. *ADA Notice:* If, due to a disability, individuals require the assistance of auxiliary aid or services to participate in or attend this public informational meeting, call Tracey Pontius, Director of the Bureau of Administration, (717) 787-4298. Persons who are hearing impaired should call the Department's TDD phone number (717) 783-3898.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insureds have requested a hearing, as authorized by the act of June 17, 1998 (P.L. 464, No 68) in connection with their company's termination of the insured's automobile policies. The hearings will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). All administrative hearings are held in the Insurance Department Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of George M. Szabad; file no. 99-265-31835; Travelers Property and Casualty Co.; doc. no. PH99-07-012; October 4, 1999, 9 a.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a writ-

ten order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearings, and require an auxiliary aid, service or other accommodation to participate in the hearing, should contact Tracey Pontius, Agency Coordinator at (717) 787-4298.

Pennsylvania Public Utility Commission v. Blue Mack Transport, Inc.; A-00108492C9901; A-00108492

On March 20, 1999, the Bureau of Transportation and Safety instituted a complaint against Blue Mack Transport, Inc., alleging respondent abandoned or discontinued service without having submitted a letter to this Commission containing a statement that the service is no longer being rendered.

Respondent was duly notified that, if an answer was not filed within twenty (20) days of receipt of the complaint, the Bureau of Transportation and Safety would request that the Commission enter an order imposing a penalty.

The complaint and notice were published in the *Pennsylvania Bulletin* on March 20, 1999, Volume 29, No. 12; and, more than thirty (30) days later, no response has been received from respondent. Therefore, the allegations in the complaint are admitted and the complaint is sustained.

The certificate of public convenience held by Blue Mack Transport, Inc. at A-00108492 is hereby revoked and respondent shall cease and desist from further violations of the Public Utility Code, 66 Pa. Code §§ 101, et seq. and the regulations of this Commission, 52 Pa. Code §§ 1.1, et seq. In view of the cancellation of the respondent's certificate of public convenience, it is specifically prohibited from rendering service as a common carrier by motor vehicle in intrastate commerce in the Commonwealth of Pennsylvania.

WILD RESOURCE CONSERVATION FUND

1999 Annual Report

The Wild Resource Conservation Act (32 P. S. §§ 5301—5314) (act), signed June 23, 1982, by Governor Thornburgh, was the outgrowth of a realization that Pennsylvanians must take a more active role in protecting their rare and endangered species of flora and fauna and those habitats, which are critical to their survival.

The act provides for the protection of protected wildlife and native wild plants. The act also established the Wild Resource Conservation Fund as the sole means of financing management work to be carried out under this program. The moneys to support the program may only be raised through private contributions, as no general fund revenues from the State Treasury may be used for any purposes of this act. A seven-member Wild Resource Conservation Board was established to administer the conservation program and select the projects and studies, which are to be funded.

The Board's members represent those State government agencies, which are responsible for managing the Commonwealth's flora and fauna. The members are: Secretary, Department of Conservation and Natural Resources; Executive Director, Fish and Boat Commission; Executive Director, Game Commission; Majority and Minority Chairpersons of The House Committee on Environmental Resources and Energy and the Minority and Majority Chairpersons of The Senate Environmental Resources and Energy Committee. The Chairmanship of the Board rotates on an annual basis between the members.

The centerpiece of the legislation is the establishment of a special fund which, for the first time, enables Pennsylvania's citizens to support the protection of wild plants and protected wildlife through voluntary, tax deductible contributions. The most creative source of funding is the opportunity for Pennsylvania's taxpayers to donate all or a portion of their State income tax refund to the Wild Resource Conservation Fund. Those who do not receive a State tax refund may also support this conservation program with a direct contribution.

Pennsylvania was 18th on the growing list of states providing tax checkoff funding for protected wildlife pro-

grams. While the list now numbers 34 states, Pennsylvania's law is unique in that it also focuses on protecting the Commonwealth's native wild plants. Tax checkoffs are a relatively new concept in raising funds for wildlife, with Colorado being the first to initiate such a program in 1977.

Program Objectives

The research and management programs funded and authorized by the Wild Resource Conservation Board will be carried out by Pennsylvania's three natural resource agencies: the Department of Conservation and Natural Resources (DCNR); the PA Fish and Boat Commission (PFBC); and the PA Game Commission (PGC). Professional and technical staff members from each of the agencies are responsible for developing comprehensive management programs to ensure the future welfare of wild plants and nongame wildlife. Previously, moneys for this area of wildlife management were either nonexistent or very limited. The fund represents a major source of revenue focused on this specific area of long neglected wildlife management.

Among the Wild Resource Conservation Board's activities will be programs dealing with those species of nongame wildlife and wild plants which are classified as being either endangered or threatened. The three agencies have combined their efforts in a program to identify all such species found in Pennsylvania. The DCNR, PFBC and PGC have been working with the Western Pennsylvania Conservancy, The Nature Conservancy, Morris Arboretum and the Carnegie Museum of Natural History on this study entitled, Pennsylvania Natural Diversity Inventory (PNDI). The species of flora and fauna found to be endangered or threatened have been classified as special concern and it is this special concern group which will receive the immediate attention of the Board.

The act requires the Department of Conservation and Natural Resources to conduct investigations on wild plants to ascertain information relating to populations, distribution, habitat needs, limiting factors and other biological and ecological data to classify plants and to determine management measures necessary for their continued ability to sustain themselves successfully.

The Department of Conservation and Natural Resources, through the PNDI, has developed a computerized database containing location and ecological information about Pennsylvania's rare native plants; unique plant communities; special concern animals reptiles, amphibians and fish; and significant geologic features. The system can be quickly and precisely queried to show the number and location of significant biological resources.

The plant information contained in the PNDI will be of great assistance in classifying plants as endangered, threatened or vulnerable as outlined in the act. The Department of Conservation and Natural Resources has promulgated regulations based on the PNDI findings. The regulations established limitations relating to taking, possessing, transporting, exporting, processing, sale or offer for sale, or shipment of endangered, threatened or vulnerable classified native wild plants.

The Game Commission has always been involved, either directly or indirectly, with protected wildlife management. Game management practices, game land holdings, regulated hunting seasons and other factors have aided Pennsylvania's protected wildlife species. The Game Commission has, historically, aimed the greater majority of its management programs at game species to meet the desires and needs of sportsmen who support these programs through license fees. The Game Commission is broadening its protected wildlife management involvement through its Working Together for Wildlife Program and with moneys available from the Wild Resource Conservation Fund.

The Fish and Boat Commission is charged with managing Pennsylvania's reptiles and amphibians in addition to its work with game fish and the protection of our waterways. The Fish and Boat Commission has organized itself to address the needs of this group of animals which have not received the attention shown other nongame animals such as raptors and song birds. Reptiles and amphibians, too, have seen drastic changes in their environment, which have led to their decreasing numbers. The continual loss of wetland habitat is the factor most responsible. To help solve this problem, the Board has the authority to allocate moneys from the Wild Resource Conservation Fund to purchase habitat deemed critical to the survival of endangered or threatened species.

Wild Resource Conservation Fund

1998—1999 Projects

\$187,500 was approved for funding by the Wild Resource Conservation Board. The Board met on March 17, 1999, for their annual meeting and approved funding for 16 projects. A total of 29 applications were received requesting \$452,009 in funding. The money allocated was received from taxpayers donating their State tax refunds to the Wild Resource Conservation Fund and wildlife license plate sales. The following projects will protect and help manage the Commonwealth's nongame and wild plant species:

<i>Project</i>	<i>Sponsor</i>	<i>Amount</i>
• Herpetology/Fish Research Assistant	The Nature Conservancy	\$42,000
• Herpetological Atlas Pilot	Indiana University—Arthur Hulse	\$18,000
• Herbarium & Field Studies of PA Plants of Special Concern	Carnegie Museum	\$10,000
• Field Studies of Plants of Special Concern in PA	The Nature Conservancy	\$10,000
• Field and Herbarium Studies of PA	TU Plant Species/Plant Field Surveys for Env. Review/Botanical Key Preparation for the Flora of PA—Morris Arboretum	\$15,000
• Databasing the PA Vascular Collection at Youngstown Ohio University	Carl Chuey, YOU	\$ 5,400
• Rare Plant & Natural Community Inventories of Northwest PA	Cleveland Museum	\$ 9,600

<i>Project</i>	<i>Sponsor</i>	<i>Amount</i>
• Botanical Studies for Pennsylvania Natural Diversity Inventory	Western PA Conservancy	\$10,000
• Wild Action Grant Program	Theresa Alberici PA Game Comm.	\$ 4,000
• Denning & Resting Habitats used by Fishers & Otter Population Surveys	Frostburg State Univ.—T. Serfass	\$11,500
• Habitat Use and Selection by Neotropical Migratory Songbirds	Margaret Brittingham—Penn State	\$13,000
• Maintenance of the official list of birds of PA	PA Ornithological Records Committee	\$ 2,000
• Fact Sheets on PA Wildlife	Penn State—M. Brittingham	\$11,000
• Special Concern Mammal Species Research	The Nature Conservancy	\$10,000
• Pennsylvania Bio-Blitz	PA Biological Survey	\$ 8,000

The following project involved two or more of the State agencies and is therefore considered a Special Administrative Project.

• Promotion and Public Relations	Bob Clark	\$ 8,000

Public Hearing

The Wild Resource Conservation Board has scheduled a public hearing for Wednesday, September 16, 1999, 1 p.m. at the Game Commission Office, 2001 Elmerton Ave., Harrisburg. The purpose of the hearing is to provide individuals and organizations the opportunity to comment on the recommendations and programs funded with moneys from the Wild Resource Conservation Fund. The Wild Resource Conservation Board is interested in hearing from any individual or organization that wishes to make comment on the projects submitted for funding to the agencies, Game Commission, Fish and Boat Commission or the Department of Conservation and Natural Resources list published in this issue of the *Pennsylvania Bulletin*. Agencies project recommendations for funding will be presented at the public hearing.

Only comments from the general public regarding the projects received will be heard at the September 16, 1999 public hearing.

The Board will then evaluate all recommendations submitted for its consideration and final funding decisions will be approved at the annual meeting on November 18, 1998.

Annual Meeting

The Wild Resource Conservation Board annual meeting will be scheduled at a later date if funds are available for distribution, if no funds are available a meeting will be called at the discretion of the Chairmanship. A full report will be presented on the allocation of moneys from the Wild Resource Conservation Fund. The Board will con-

sider all presentations made at the public hearing and the plans outlined by the professional technical staffs of the Fish and Boat Commission, Game Commission and Department of Conservation and Natural Resources.

The recommendations funded by the Board will be administered by the Fish and Boat Commission, the Game Commission and the Department of Conservation and Natural Resources. The recommendation selections will be based on their individual contribution to the management goals of three agencies and those outlined in the Wild Resource Conservation Act.

The following list includes the project recommendations requesting funding for 1999-2000 received by the Wild Resource Conservation Board. The public is invited to offer comment at the public hearing on September 16, 1999. The public hearing will be held at the Game Commission Headquarters, 2001 Elmerton Ave. at 1 p.m. Please limit comments to 5 minutes and provide eight copies for the Wild Resource Conservation Board.

Project Submissions to DCNR for WRCF Funding in 1999

- *Title:* Herbarium and Field Studies of the Pennsylvania Plants of Special Concern

Objective: Data recording and specimen verification discover and document new taxa for Pennsylvania, field surveys for POSCIP species, provide herbarium services to the Heritage Program.

Justification: Monitoring and conserving Pennsylvania's plant diversity is dependent on the most complete and accurate information possible, including data from cur-

rent field surveys, historical collections and literature reviews. Correct identification of historical specimens is critical to the reliability of the PNDI database as a tool for environmental review as well as to current monitoring efforts.

Sponsor: Carnegie Museum of Natural History

Cost: \$20,019

- *Title:* Field and Office Studies of Plant Species of Special Concern in Eastern PA

Objective: Conduct field surveys in eastern Pennsylvania to attempt to locate denovo populations and confirm extant or historical populations of plant species of special concern having state suggested status of endangered, threatened, rare or undetermined. The surveys will involve a minimum of 25 species on the Plants of Special Concern in Pennsylvania (POSCIP) list.

Justification: Field work is necessary for the proper conservation of wild plant resources in Pennsylvania without the new and revised data that field surveys provide the completeness and reliability of the PNDI database, and therefore plant conservation, would be compromised.

Sponsor: The Nature Conservancy

Cost: \$25,000

- *Title:* Upgrades and Modifications to the data management system for the Pennsylvania Natural Diversity Inventory - East

Objective: Develop methods to record, store and map negative data, and develop protocols for releasing the data.

Justification: Negative data, indicating where rare elements have been searched for unsuccessfully, could be an important component of site surveys and Environmental Reviews. At present, the only negative data we record is for previously known occurrences searched for but not found. The Biological Conservation Database has no capability for storing or managing negative data for new sites. Our goal is to establish a way to record and manage information for cases in which new locations are searched but no species or community is found. Therefore, we will design and implement a secondary database and mapping system for negative data.

Sponsor: The Nature Conservancy

Cost: \$21,900

- *Title:* Field, Herbarium and Literature Surveys, Taxonomic Studies, PA Flora Project Web Site and Environmental Review

Objective: The field, herbarium and literature surveys are intended to continue to collect the information necessary to refine the classification of plants currently listed as temporarily undetermined (TU) on the POSCIP list and other plants recommended for consideration for listing by the Vascular Plants Technical Committee. Funding to support updates at website of Pennsylvania Flora Database, provide environmental review services to Bureau of Forestry.

Justification: The Plants of Special Concern list is still being reviewed and updated to assure that the status of each listed plant is well documented and justified, and that all plants that require protection are appropriately classified.

Sponsor: Morris Arboretum

Cost: \$24,000

- *Title:* Refining the Classification of Natural Communities on PA Through Zoological Studies on State Forest Lands

Objective: Bureau of Forestry and PNDI staff review the classification of natural communities and select a list of several types for which zoological data would be most useful. Determine which groups of animals are the most useful in terms of adding relevant descriptive information to the classification system.

Justification: The classification of PA's natural communities is an important endeavor for science and conservation. Resource management and regulatory agencies in PA recognize the need for ecological classification, including natural communities.

Sponsor: Western Pennsylvania Conservancy

Cost: \$40,000

- *Title:* Pennsylvania Aquatic Community Classification Project

Objective: Further the Pennsylvania Natural Community Classification project for aquatic systems within the Susquehanna River watershed, develop comparative data on species diversity among high-quality aquatic communities, provide data on high quality aquatic systems to government and private conservation groups, identify potential biotic indicators of community integrity and/or impairment (both floral and faunal), compile a database of information for future monitoring/mitigation-assessment projects.

Justification: The regulator and conservation communities will enter any site-specific data into the PNDI database for use. They can use the information to protect the highest quality water bodies and their watersheds in the State.

Sponsor: The Nature Conservancy

Cost: \$5339

- *Title:* The re-evaluation of potentially dated Plant Community Element Occurrence records in the PNDI-East Biological and Conservation Database (BCD)

Objective: Updating plant community information in the PNDI-East BCD. BCD plant community data will be analyzed and all sites >5 years old will be prioritized based on time since last observation and ecological importance. The 20 highest priority sites will be revisited during calendar year 2000 and current site and plant community data collected.

Justification: The PNDI Biological and Conservation Database is used to track the status of rare plant and animal species as well as rare and unique plant communities within Pennsylvania. The database is relied upon by Pennsylvania State agencies such as DCNR and DEP for the environmental review of proposed public and private projects. To accurately assess impacts, the BCD must be kept reasonably current.

Project Submissions to the PA Fish and Boat Commission for Funding in 1999

- *Title:* Conservation and Management of Fish, Herptiles and Aquatic Species—Special Projects.

Objective: Complete a series of specific projects related to the monitoring and management of nongame fish, amphibians, reptiles and aquatic organisms.

Justification: 46 fish, 12 amphibians, and 2 freshwater mussels are presently on the Pennsylvania Endangered and Threatened and/or Candidate Species Lists. Project views, special studies and data management to adequately address the conservation of these species will be accomplished by the special projects.

Sponsor: The Nature Conservancy

Cost: \$44,180

- *Title:* Assessment of Genetic Variation and Gene Flow Among Populations of the Timber Rattlesnake, *Crotalus horridus*, in Eastern and Northcentral Pennsylvania

Objective: Assessing the level of genetic variation present in populations of timber rattlesnake, *Crotalus homidus*, in eastern and northcentral Pennsylvania. Collect tissue samples, which will allow us to expand our analysis of genetic variation of timber rattlesnakes to six populations in the Northeastern, Southeastern and Northcentral regions of PA.

Justification: This project will provide information about the gene flow among these populations of timber rattlesnakes in Pennsylvania.

Sponsor: Beaver College

Cost: \$20,015

Project Submissions to the PA Game Commission for Funding in 1999

- *Title:* Wild Action Grant Program

Objective: Provide financial support for 25 schools and/or youth groups to improve habitat for wildlife on school and community grounds and incorporate these habitats into classroom curriculum and club programming.

Justification: To ensure habitat conservation for native plants and wildlife both now and in the future, it is essential that habitat conservation education programs be implemented in our schools and youth organizations.

Sponsor: Game Commission

Cost: \$4,000

- *Title:* Special Concern Mammal Species Research and Management

Objective: Continue research on the least shrew in Franklin, Lebanon and Schuylkill Counties, coordinate all summer bat maternity concentration survey programs, research in Wyoming State Forest concerning the rock vole and rock shrew, coordinate the important mammal areas project for the PA Biological Survey's Mammal Committee

Justification: The continuation of inventories of the various special concern species coupled with long term research of communities and populations will result in the information needed by wildlife management professionals as the formulate strategies. These continued inventories would also permit us to create a picture for future referral in assessing the success of our wildlife management programs.

Sponsor: The Nature Conservancy

Cost: \$30,000

- *Title:* Maintenance of the Official List of Birds of Pennsylvania

Objective: To maintain the official list, review status of all species, archive copies of slides, review new records, publish results, to hold committee meetings.

Justification: Until recently no formalized system of reviewing current and historical bird records in Pennsylvania had been established. The ornithological and birding communities usually accepted published historical records, without question. To achieve a system of review and records the Pennsylvania Ornithological Records Committee was founded and a system established.

Sponsor: PA Ornithological Records Committee

Cost: \$2,000

- *Title:* Bat Maternity Condo at Blue Marsh Lake

Objective: The construction of a bat maternity condo to provide supplemental and eventually permanent roosting of an existing population of 1,500+ little brown bats who currently roost in a barn whose future is uncertain. The condo will be located at a watchable wildlife station in Blue Marsh Lake Recreation Area.

Justification: The condo will be located at watchable wildlife station at Blue Marsh Lake and used to educate the public on the importance of bats and their habits/life cycles. Annual surveys of the bat population will be conducted and the condo will be registered as a study site with the Pennsylvania Bat Concentration Survey.

Sponsor: US Army Corps of Engineers

Cost: \$2,000

Project Submissions which Cover Multi-Agencies for Funding in 1999

- *Title:* Wildlife in the Classroom

Objective: Get persons of all ages involved in outdoor Pennsylvania, provide appropriate standards with suggestions on how to use them to teachers in both public, private and home school arenas, supply needed additions to curriculum for educators especially in science/technology, environment/ecology by publishing *Keystone Conservationist* which will have the "Wildlife in the Classroom: A Teacher's Guide", teacher's in-services workshops, and calendar with pertinent information to educators.

Justification: Use *Keystone Conservationist* magazine to develop environmental curriculums in distressed school districts especially intercity schools where lack of funding is prevalent.

Sponsor: Penn-Wild Publications Inc.

Cost: \$14,950 for 1000 magazine subscriptions

- *Title:* Butterflies of Pennsylvania

Objective: Provide a publication to facilitate rapid identification of most Pennsylvania butterflies, increase public awareness of the critical link between habitat and host-plant requirements for maintaining butterfly biodiversity in Pennsylvania, provide introductory information on butterfly observation, collecting, conservation, and the importance of Pennsylvania's natural areas for butterfly biodiversity.

Justification: Butterflies provide an important gateway for the general public to begin an appreciation of the many thousands of insects and other small animals that contribute to the health and function of our natural environment.

Sponsor: Penn State

Cost: \$30,000

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
