READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

To the extent that notice of proposed rulemaking may be required by Pa.R.J.A. No. 103, the immediate promulgation of Pa.R.J.A. No. 704 is found to be in the interest of efficient administration.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), shall be effective immediately.

Annex A

TITLE 201. RULES OF JUDICIAL ADMINISTRATION

CHAPTER 7. ASSIGNMENT OF JUDGES

SUPERVISION AND ASSIGNMENT OF JUDGES

Rule 704. Judicial leave.

(A) *Policy statement.* It is the policy of the Unified Judicial System that jurists are required to devote the necessary time and attention to their judicial duties. Absences due to illness or disability shall not be abused and are subject to the review of the Supreme Court as part of the Court's constitutionally mandated responsibility to oversee the Unified Judicial System.

(B) *General rule.*

(1) *Initial report of illness or disability.* Any judge who, because of illness or physical or mental disability, is unable to substantially perform his or her duties for a period of fifteen (15) days or more within any thirty-day period shall provide a written report to the President Judge and to the Court Administrator of Pennsylvania.

(a) The report shall include a description of the nature of the illness or disability, the expected length of the absence, and a certification from the treating physician, psychiatrist, or psychologist of the judge's inability to substantially perform his or her duties.

(b) The report shall be submitted within ten (10) days of the date the judge becomes aware he or she will be absent for fifteen (15) days or more, but in any event no later than ten (10) days after the fifteenth day of the judge's absence.

(2) *Subsequent reporting of continuing illness or disability.* If a judge is unable to substantially perform his or her duties for thirty additional days beyond an initial fifteen -day period, the judge shall file, within ten (10) days after the thirty-day period, an updated report containing the information required in (B)(1)(a), except that the healthcare professional's certification shall state that the illness or disability persists and provide a medical

opinion as to the judge's anticipated return to service. Thereafter, the judge shall continue to file reports every thirty (30) days for as long as the illness or disability persists.

(3) *Duties of President Judge.*

(a) If a President Judge is unable to substantially perform his or her duties for a period of fifteen (15) days or more within any thirty-day period, the President Judge shall submit reports to the Court Administrator pursuant to (B)(1) and (2).

(b) If a President Judge is aware of a judge who has been unable to substantially perform his or her duties for at least fifteen (15) days within any thirty-day period but has not filed a report as required by this Rule, the President Judge shall communicate by letter to the judge that a report must be submitted within ten (10) days of the date of the letter. A copy of that letter shall be provided to the Court Administrator. If no response is received from the judge, the Court Administrator shall report the lack of response to the Supreme Court for appropriate action.

If the illness or disability is of such a nature that the judge cannot submit any of the reports required by this Rule, the President Judge shall make reasonable inquiry into the nature of the illness or disability and report the findings to the Court Administrator, who shall inform the Supreme Court of those findings.

(c) If a President Judge believes that a judge is suffering from a mental or physical disability that renders him or her incapable of substantially performing his or her judicial duties, and that immediate action is warranted, the President Judge, after consultation with the Court Administrator, may place the judge on administrative leave. The Court Administrator shall promptly advise the Supreme Court of any placements on administrative leave.

(d) When a President Judge is unable to substantially perform his or her duties, the Court Administrator shall perform the duties prescribed in (B)(3)(b) and (c).

(4) *Reporting to the Supreme Court.* The reports of any jurist who is unable to substantially perform his or her duties for a cumulative period of at least ninety days in any twelve-month period shall be forwarded by the Court Administrator to the Supreme Court for appropriate action.

(5) *Request for Independent Examination.*

(a) A President Judge may request that a judge who is unable to substantially perform his or her duties submit to an independent physical, psychiatric, or psychological examination. Such request shall be made in writing to the Court Administrator and shall explain the reasons for an independent examination.

If the Court Administrator agrees that an independent examination is justified, the President Judge shall inform the judge of the name of the physician, psychiatrist, or psychologist who will conduct the examination, and the judge shall submit to the examination within thirty (30) days of receiving notice from the President Judge and must agree to waive confidentiality protections so that the President Judge, Court Administrator and Supreme Court can be provided with the results of the examination.

(b) The Court Administrator may direct a jurist who is unable to substantially perform his or her duties to submit to an independent examination. The Court Administrator shall inform the jurist of the name of the physician, psychiatrist, or psychologist who will conduct the examination, and the jurist shall submit to the examination within thirty (30) days of receiving notice from the Court Administrator and must agree to waive confidentiality protections so that the President Judge, Court Administrator and Supreme Court can be provided with the results of the examination.

(C) *Confidentiality.* Any reports submitted pursuant to this Rule shall be confidential and subject to disclosure only to necessary judicial, administrative or disciplinary personnel.

(D) *Definitions.* For the purposes of this Rule:

(1) *Day* means a calendar day.

(2) *Judge* means a judge of a court of common pleas, Philadelphia Municipal Court, Philadelphia Traffic Court, the Superior Court of Pennsylvania, the Commonwealth Court of Pennsylvania, or a magisterial district judge.

(3) *Jurist* means both a judge and a President Judge.

(4) *President Judge* means the President Judge of a judicial district or, in the case of the Superior Court of

Pennsylvania, the Commonwealth Court of Pennsylvania, Philadelphia Municipal Court, or Philadelphia Traffic Court, the President Judge of the court.

(4) *Substantially perform* means to carry out on a full-time basis the essential and assigned responsibilities required of the judicial office.

Official Note: The time periods provided in the Rule are only the minimum periods of absence that trigger the reporting requirements of the Rule. A jurist may be unable to substantially perform his or her duties even if he or she reports to work in excess of the time periods provided, which would also require the filing of the reports mandated by the Rule. The key to an assessment of substantial performance is whether the jurist is carrying out the assigned duties of his or her position to the same extent as other jurists in the same or comparable position. A judge may be presumed to be unable to substantially perform his or her duties if, for example, the judge has been unable to work more than three hours in a day for a total of fifteen (15) days in a thirty-day period.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Mentored Youth Hunting Program

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its June 28, 2011, meeting amended § 147.804 (relating to general) to allow a mentor to transfer a valid antlerless license issued to the mentor to an eligible mentored youth upon the harvest of an antlerless deer.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 2701 (May 28, 2011).

1. Purpose and Authority

Since the successful implementation of the Mentored Youth Hunting Program (MYHP) in fall 2006, the Commission has been striving to find ways to improve this innovative program. The Commission reviewed comments from hunters and sporting organizations across this Commonwealth supporting an expansion of the MYHP to allow for limited antlerless deer hunting by mentored youth. The Commission recently determined that the appropriate resources are now available and this initiative can finally move forward. The Commission amends § 147.804 to allow a mentor to transfer a valid antlerless license issued to the mentor to an eligible mentored youth upon the harvest of an antlerless deer. A mentored youth will be eligible to receive a maximum of one antlerless deer license each license year.

Section 2711(a.1) of the code (relating to unlawful acts concerning licenses) states "For the sole purpose of implementing and enhancing a mentored youth hunting program within this Commonwealth, the commission may establish regulations exempting certain limited youth hunting activities from the prohibitions specified in subsections (a)(1), (3), (5) and (8). Such exemption shall include a provision limiting a mentored youth participating in a mentored youth hunting program to the receipt of no more than one antlerless deer license in each license year." The amendments to § 147.804 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 147.804 by adding language to allow a mentor to transfer a valid antlerless license issued to the mentor to an eligible mentored youth upon the harvest of an antlerless deer.

3. Persons Affected

Persons wishing to hunt antlerless deer within this Commonwealth under the MYHP will be affected by the final-form rulemaking.

4. Comment and Response Summary

The Commission received a total of two official comments concerning the final-form rulemaking. One supported and one opposed the transfer of antlerless licenses from a mentor to a mentored youth.

5. Cost and Paperwork Requirements

The final-form rulemaking may result in some additional cost and paperwork associated with the affects transferring tags will have on the Pennsylvania Automated License System. However, the Commission has determined that if there is any additional expense associated with this effort, it will not be substantial and would be absorbed by the current budget.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending § 147.804 to read as set forth at 41 Pa.B. 2701.

(b) The Executive Director of the Commission shall certify this order and 41 Pa.B. 2701 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

CARL G. ROE,
Executive Director

Fiscal Note: Fiscal Note 48-329 remains valid for the final adoption of the subject regulation.

PROPOSED RULEMAKING

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Furbearer Hunting-Trapping Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 28, 2011, meeting to amend § 147.701 (relating to general) to reduce the applicability of the Convention on International Trade in Endangered Species (CITES) tag to bobcats and international exports only.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 28, 2011, meeting of the Commission. Comments can be sent, until September 27, 2011, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

CITES is a comprehensive conservation treaty signed by 175 countries, including the United States. This international agreement regulates the commercial trade of wildlife species and works to ensure that international trade of species is sustainable and does not threaten their survival. In relevant part, CITES requires permanent tags to be affixed to carcasses or parts of species being exported internationally. The bobcat, while not threatened with extinction, is listed in CITES and trade is controlled to protect endangered cats that have fur and parts similar in appearance; therefore, CITES applies to international exportation of this species. CITES does not currently apply to fishers.

Current Commission regulations take this requirement a step further by requiring permittees to obtain and the Commission to issue CITES tags for every bobcat and fisher harvested that will be exported beyond this Commonwealth. The Commission has determined that this requirement is unnecessarily restrictive on permittees, over burdensome on the Commission and simply not applicable to fishers. The Commission is proposing to amend § 147.701 to reduce the applicability of the CITES tag to bobcats and international exports only.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 147.701 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 147.701 by reducing the applicability of the CITES tag to bobcats and international exports only.

3. Persons Affected

Persons wishing to export bobcats harvested within this Commonwealth internationally will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 549, 561, 633a AND 645a]

Table Game Rules for Blackjack and Pai Gow Poker

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1)—(4) (relating to regulatory authority), proposes to rescind Chapters 549 and 561 (relating to Blackjack; and Pai Gow Poker) and add Chapters 633a and 645a (relating to Blackjack; and Pai Gow Poker) to Subpart K (relating to table games) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

With this rulemaking, the Board is proposing to replace the temporary regulations in Chapter 549 with the permanent regulations in Chapter 633a and the temporary regulations in Chapter 561 with the permanent regulations in Chapter 645a.

Explanation of Chapter 633a

Chapter 633a contains the rules governing the play of Blackjack. Section 633a.1 (relating to definitions) contains the definitions of terms used throughout the chapter. In § 633a.2 (relating to Blackjack table; card reader device; physical characteristics; inspections), the physical characteristics of the table and the card reader device, used to determine the value of the dealer's down card, are specified.

The remaining sections address the following: the number of decks of cards used for play of the game; the opening of the Blackjack table for play; the shuffling of cards; the value and rank of the cards; permissible wagers; dealing procedures; the payout odds for all permissible wagers; and how irregularities in play are to be handled.

Standardized rules of play ensure fairness to the patrons who participate in table gaming at all licensed facilities in this Commonwealth. Additionally, the Board believes that the fundamental rules of play in Blackjack, including optional surrender and the requirement that dealers stand on a soft 17, achieves a fair and appropriate balance between the revenue generated for the certificate holders, and derivatively to the Commonwealth, and the fairness to patrons. At this time, the Board has maintained its current rules of play to ensure consistency in the rules of play at all licensed facilities during the continued full-implementation of legalized table gaming in this Commonwealth.

The Board did add two variations on Blackjack in § 633a.12 (relating to Blackjack variations). In subsection

(a), Blackjack Switch was added to allow patrons to switch the second card of the two hands dealt to each patron to form the best possible Blackjack hand. Subsection (b) allows the dealer to deal the cards from the hand and allows the patrons to touch the cards.

Explanation of Chapter 645a

Chapter 645a contains the rules governing the play of Pai Gow Poker. Section 645a.1 (relating to definitions) contains the definitions of terms used throughout the chapter. In § 645a.2 (relating to Pai Gow Poker table; Pai Gow Poker shaker; physical characteristics), the physical characteristics of the table are specified.

The remaining sections address the following: the number of decks of cards used for play of the game; the opening of the Pai Gow Poker table for play; the shuffling of cards; the value and rank of the cards; permissible wagers; dealing procedures; the payout odds for all permissible wagers; and how irregularities in play are to be handled.

Based on public comments received on the temporary regulations, the Board added the option of the player acting as the bank or co-bank instead of the dealer. This is a traditional way to play the game and is currently offered in the game of Pai Gow.

Affected Parties

Certificate holders that elect to offer the games of Blackjack and Pai Gow Poker will be required to comply with the requirements in these chapters. The requirements for the games are consistent with the objectives of 4 Pa.C.S. Part II (relating to gaming) and are necessary for the protection of the gaming public and the revenues generated from table games.

The Board has experienced increased regulatory demands resulting from the implementation of table games including the review of Rules Submission, table layouts, signage and gaming guides.

Fiscal Impact

Commonwealth. The Board will have to review each certificate holder's table games Rules Submissions, table layouts, signage and gaming guides to ensure compliance with the regulatory requirements in this proposed rulemaking. These reviews will be conducted by existing Bureau of Gaming Operations and Bureau of Casino Compliance staff, so the Board does not project that it will incur significant cost increases as a result of this proposed rulemaking.

Political subdivisions. This proposed rulemaking will not have fiscal impact on political subdivisions of this Commonwealth. Most municipalities and counties will benefit from the local share funding mandated by the act of January 7, 2010 (P. L. 1, No. 1).

Private sector. This proposed rulemaking will result in additional costs for certificate holders that elect to offer Blackjack and Pai Gow Poker. Certificate holders will be required to purchase the table games they elect to offer and to hire and train employees to operate the games. The costs for table game equipment do vary depending on the type and number of tables purchased. The costs are expected to be offset by the revenues generated from table game operations.

General public. This proposed rulemaking will not have fiscal impact on the general public.

Paperwork Requirements

This proposed rulemaking will require certificate holders to do the following: post signs at gaming tables; have complete sets of rules for all the games they offer available for public inspection; produce a gaming guide summarizing the rules of the games they offer; and file Rules Submissions for each table game they elect to offer. The Rules Submissions are standardized checklists for each game, relatively simple to fill out and available on the Board web site.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking, within 30 days after the date of publication in the *Pennsylvania Bulletin*, to Susan A. Yocum, Assistant Chief Counsel, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060, Attention: Public Comment on Table Games Rules; Regulation # 125-155.

Contact Person

The contact person for questions about this proposed rulemaking is Susan Yocum, Assistant Chief Counsel, (717) 346-8300.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 2, 2011, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request and is available on the Board's web site at www.pgcb.state.pa.us.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Chairperson

(7) If the certificate holder offers the Royal Match 21 Wager authorized under § 633a.6(e)(4), a separate area designated for the placement of the Royal Match 21 Wager for each player.

(8) If the certificate holder offers the Bet the Set 21 Wager authorized under § 633a.6(e)(5), a separate area designated for the placement of the Bet the Set 21 Wager for each player.

(9) If the certificate holder offers the King's Bounty Wager authorized under § 633a.6(e)(6), a separate area designated for the placement of the King's Bounty Wager for each player.

(10) If a certificate holder offers Blackjack Switch authorized under § 633a.12(a) (relating to Blackjack variations), the table must be designated for play as a Blackjack Switch table and contain:

(i) Two separate areas designated for the placement of the two equal Blackjack Wagers for each player.

(ii) A separate area designated for the placement of the Super Match Wager for each player.

(11) Inscriptions that advise patrons of the payout odds or amounts for all permissible wagers offered by the certificate holder. If the payout odds or amounts are not inscribed on the layout, a sign identifying the payout odds or amounts for all permissible wagers shall be posted at each Blackjack table.

(12) An inscription indicating the payout limit per hand established by the certificate holder under § 633a.13(j) (relating to payout odds; payout limitation) or a generic inscription indicating the game is subject to the posted payout limit. If the payout limit is not inscribed on the layout, a sign which sets forth the required information shall be posted at each Blackjack table.

(c) Each Blackjack table must have a drop box and a tip box attached on the same side of the table as, but on opposite sides of, the dealer, as approved by the Bureau of Casino Compliance. The Bureau of Casino Compliance may approve an alternative location for the tip box when a card shuffling device or other table game equipment prevents the placement of the drop box and tip box on the same side of the gaming table as, but on opposite sides of, the dealer.

(d) Each Blackjack table must have a card reader device, approved by the Bureau of Gaming Operations, attached to the top of the dealer's side of the table. The floorperson assigned to the Blackjack table shall inspect the card reader device at the beginning of each gaming day to ensure that there has been no tampering with the device and that it is in proper working order.

(e) Each Blackjack table must have a discard rack securely attached to the top of the dealer's side of the table. The height of each discard rack must either:

(1) Equal the height of the cards, stacked one on top of the other, in the total number of decks that are to be used in the dealing shoe at that table.

(2) Be taller than the height of the total number of decks being used if the discard rack has a distinct and clearly visible mark on its side to show the exact height for a stack of cards equal to the total number of cards in the number of decks to be used in the dealing shoe at that table.

(f) When a double shoe is used at a Blackjack table, the height and marking requirements in subsection (e) for that table's discard rack shall be determined by the number of decks used in one side of the shoe.

§ 633a.3. Cards; number of decks; value of cards.

(a) Except as provided in subsections (b) and (c), Blackjack shall be played with at least one deck of cards that are identical in appearance and at least one cover card.

(b) If an automated card shuffling device is utilized, other than a continuous shuffler, Blackjack shall be played with at least two decks of cards in accordance with the following requirements:

(1) The cards shall be separated into two batches, with an equal number of decks included in each batch.

(2) The cards in each batch must be of the same design. The backs of the cards in one batch must be of a different color than the cards included in the other batch.

(3) One batch of cards shall be shuffled and stored in the automated card shuffling device while the other batch is being used to play the game.

(4) Both batches of cards shall be continuously alternated in and out of play, with each batch being used for every other dealing shoe.

(5) The cards from only one batch shall be placed in the discard rack at any given time.

(c) If a double shoe is utilized, Blackjack shall be played with at least two decks of cards that shall be dealt from separate sides of the dealing shoe, with the same number of decks used in each side of the double shoe. The cards dealt from both sides of the shoe must be of the same design. The backs of the cards being dealt from one side of the shoe must be of a different color than the cards being dealt from the other side of the shoe. A separate cover card shall be used in each side of the shoe.

(d) The decks of cards opened for use at a Blackjack table shall be changed at least once every 24 hours unless the certificate holder is dealing Blackjack from the hand, in accordance with § 633a.12(b) (relating to Blackjack variations), in which the cards shall be changed at least every 4 hours.

(e) The value of the cards shall be as follows:

(1) Any card from 2 to 10 shall have its face value.

(2) Any jack, queen or king shall have a value of 10.

(3) An ace shall have a value of 11 unless that value would give a player or the dealer a score in excess of 21, in which case, the ace shall have a value of 1.

§ 633a.4. Opening of the table for gaming.

(a) After receiving one or more decks of cards at the table, the dealer shall inspect the cards for any defects. The floorperson assigned to the table shall verify the inspection.

(b) After the cards are inspected, the cards shall be spread out face up on the table for visual inspection by the first player to arrive at the table. The cards shall be spread in horizontal fan shaped columns by deck according to suit and in sequence.

(c) After the first player arriving at the table has been afforded an opportunity to visually inspect the cards, the cards shall be turned face down on the table, mixed thoroughly by a washing of the cards and stacked. Once the cards have been stacked, the cards shall be shuffled in accordance with § 633a.5 (relating to shuffle and cut of the cards).

(d) If a double shoe is utilized, all decks that comprise one side of the dealing shoe shall be spread for inspection on the table separate from the decks that comprise the other side of the dealing shoe. After the player is afforded an opportunity to visually inspect the cards, the cards that comprise one side of the dealing shoe and the cards that comprise the other side of the dealing shoe shall separately be turned face downward on the table, mixed thoroughly by a washing of the cards and stacked.

(e) If an automated shuffling device is utilized, other than a continuous shuffler, all the decks in one batch of cards shall be spread for inspection, mixed, stacked and shuffled in accordance with subsections (a)—(c) separate from the decks in the other batch of cards.

(f) If the decks of cards received at the table are preinspected and reshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), subsections (a)—(e) do not apply.

§ 633a.5. Shuffle and cut of the cards.

(a) Immediately prior to commencement of play, unless the cards were reshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), after each shoe of cards is dealt or when directed by a floorperson or above, the dealer shall shuffle the cards, either manually or by use of an automated card shuffling device, so that the cards are randomly intermixed. Upon completion of the shuffle, the dealer or device shall place the decks of cards in a single stack provided, however, that the certificate holder may use an automated card shuffling device which, upon completion of the shuffling of the cards, inserts the stack of cards directly into a dealing shoe.

(b) After the cards have been shuffled and stacked, the dealer shall offer the stack of cards to be cut, with the backs facing up, to the player determined under subsection (c). If no player accepts the cut, the dealer shall cut the cards.

(c) The cut of the cards shall be offered to players in the following order:

(1) The first player arriving at the table, if the game is just beginning.

(2) The player on whose box the cover card appeared during the last round of play.

(3) The player at the farthest position to the right of the dealer if the cover card appeared on the dealer's hand during the last round of play. If this player refuses, the offer to cut the cards shall rotate to each player in a counterclockwise manner.

(4) The player at the farthest position to the right of the dealer if the reshuffle was initiated at the discretion of a floorperson or above. If this player refuses, the offer to cut the cards shall rotate to each player in a counterclockwise manner.

(d) The player or dealer making the cut shall place the cover card in the stack at least ten cards from the top or bottom of the stack. Once the cover card has been inserted, the dealer shall take all cards on top of the cover card and place them on the bottom of the stack. The dealer shall then take the entire stack of cards and align them along the side of the dealing shoe which has a mark that will allow the dealer to insert the cover card in the stack at a position at least 1/4 of the way in from the bottom of the stack. The stack of cards shall then be inserted into the dealing shoe for commencement of play.

(e) After the cards have been cut and before any cards have been dealt, a floorperson or above may require the cards to be recut if the floorperson determines that the cut was performed improperly or in any way that might affect the integrity or fairness of the game. If a recut is required, the cards shall be recut either by the player who last cut the cards, or by the next person entitled to cut the cards, as determined under subsection (c).

(f) A reshuffle of the cards in the shoe shall take place after the cover card is reached in the shoe, as provided in § 633a.7(e) (relating to procedure for dealing the cards; completion of each round of play), except that a floorperson may determine that the cards should be reshuffled after any round of play.

(g) If there is no gaming activity at a Blackjack table which is open for gaming, the cards shall be removed from the dealing shoe and the discard rack and spread out on the table face down unless a player requests that

the cards be spread face up on the table. After the first player arriving at the table is afforded an opportunity to visually inspect the cards:

(1) If there is no automated shuffling device in use, the cards shall be mixed thoroughly by a washing shuffle of the cards, stacked, then shuffled and cut in accordance with this section.

(2) If an automated shuffling device is in use, the cards shall be stacked and placed into the automated shuffling device to be shuffled. The batch of cards already in the shuffler shall then be removed. Unless a player requests otherwise, the batch of cards removed from the shuffler does not need to be spread for inspection and reshuffled prior to being dealt, if:

(i) The automated card shuffling device stores a single batch of shuffled cards inside the shuffler in a secure manner.

(ii) The shuffled cards have been secured, released and prepared for play in accordance with procedures approved by the Bureau of Gaming Laboratory Operations.

(h) In lieu of the dealing and shuffling requirements in this section, a certificate holder may utilize a dealing shoe or other device designed to automatically reshuffle the cards provided that the device and the procedures for dealing and shuffling the cards through use of this device are approved by the Bureau of Gaming Laboratory Operations.

§ 633a.6. Wagers.

(a) Wagers at Blackjack shall be made by placing value chips or plaques on the appropriate areas of the Blackjack layout. Verbal wagers accompanied by cash may be accepted provided that they are confirmed by the dealer and the cash is expeditiously converted into value chips or plaques.

(b) After the cards have been shuffled as required under § 633a.5 (relating to shuffle and cut of the cards), a certificate holder may prohibit any patron, whether seated at the gaming table or not, who does not make a wager on a given round of play from placing a wager on the next round of play and any subsequent round of play at that gaming table until either:

(1) The certificate holder chooses to permit the player to begin wagering again.

(2) A reshuffle of the cards has occurred.

(c) All wagers, except an Insurance Wager under § 633a.8 (relating to Insurance Wager), a Double Down Wager under § 633a.10 (relating to Double Down Wager) or a wager on split pairs under § 633a.11 (relating to splitting pairs), shall be placed prior to the first card being dealt for each round of play. A player may not handle, remove or alter any wagers that have been made until a decision has been rendered and implemented with respect to that wager.

(d) To participate in a round of play and compete against the dealer's hand, a player shall place a Blackjack Wager.

(e) A certificate holder may, if specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), offer to each player who placed a Blackjack Wager in accordance with subsection (d) the option of placing the following additional wagers:

(1) A Lucky Ladies Twenty Point Bonus Wager that the player's initial two cards will have a total value of 20.

(2) A Match-the-Dealer Wager that either of the player's initial two cards will match the rank of dealer's up card.

(3) An In Between Wager that the dealer's up card will either fall between or will be of the same rank as the player's initial two cards.

(4) A Royal Match 21 Wager that either of the player's initial two cards will be a Suited Match or a Royal Match.

(5) A Bet the Set 21 Wager that the player's initial two cards will be a pair or a suited pair.

(6) A King's Bounty Wager that the player's initial two cards will have a total value of 20.

(7) If offering Blackjack Switch in accordance with § 633a.12(a) (relating to Blackjack variations), a Super Match Wager that the player's first four cards will be a pair, a three-of-a-kind, two pair or a four-of-a-kind.

(f) The certificate holder shall specify in its Rules Submission under § 601a.2 the number of adjacent boxes on which a player may place a Blackjack Wager in one round of play.

§ 633a.7. Procedure for dealing the cards; completion of each round of play.

(a) Except as provided in § 633a.12(b) (relating to Blackjack variations), all cards shall be dealt from a dealing shoe which must be located on the table in a location approved by the Bureau of Casino Compliance. Once the procedures under § 633a.5 (relating to shuffle and cut of the cards) have been completed, the stacked cards shall be placed in the dealing shoe by the dealer or by an automated card shuffling device.

(b) Each card shall be removed from the dealing shoe with the hand of the dealer that is closest to the dealing shoe and placed on the appropriate area of the layout with the opposite hand provided, however, that the dealer may deal cards to the two betting positions closest to the dealing shoe with the same hand.

(c) After each full batch of cards is placed in the shoe, the dealer shall remove the first card and place it in the discard rack. Each new dealer who comes to the table shall also remove one card and place it in the discard rack before dealing any cards to the players.

(d) If a double shoe is utilized, the following procedures shall be used in lieu of the procedures in subsection (c).

(1) Prior to commencement of each round of play, the dealer shall draw a determinate card from either side of the double shoe. The suit of that card shall determine from which side of the shoe that round of play will be dealt. The certificate holder shall designate that the suits of hearts and diamonds correspond to the color of the backs of the cards being dealt from one side of the shoe, and that the suits of spades and clubs correspond to the color of the backs of the cards being dealt from the other side of the shoe.

(2) A determinant card corresponding to the side of the shoe from which it was drawn shall become the player's first card. A determinant card that does not correspond to the side of the shoe from which it was dealt shall be placed in a segregated area of the dealing shoe.

(e) If the cover card appears as the first card in the dealing shoe at the beginning of a round of play or appears during play, the cover card shall be removed and placed to the side and the hand will be completed. The dealer shall then collect and reshuffle the cards as follows:

(1) When a single dealing shoe is used, the dealer shall remove the cards remaining in the shoe and place them in the discard rack to ensure that no cards are missing.

(2) When a double shoe is used, the dealer shall remove the cards remaining in the side of the shoe from which the cover card was drawn and the cards, if any, that were put in a separate segregated area for the discards from that side of the double shoe, after which the dealer shall place those cards face down in the discard rack in order to ensure that no cards are missing.

(3) Shuffle the cards so that they are randomly inter-mixed. If a double shoe is utilized, the shuffle of the cards shall be limited to the side of the shoe from which the cover card was drawn.

(f) At the commencement of each round of play, or immediately after the determinant card has been drawn and either removed or used as the player's first card, the dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal the cards as follows:

(1) One card face up to each box on the layout in which a Blackjack Wager is contained.

(2) One card face up to the dealer.

(3) A second card face up to each box in which a wager is contained.

(4) A second card face down to the dealer.

(g) Immediately after the second card is dealt to each player and the dealer, but prior to any additional cards being dealt or before any card reader device is utilized, the dealer shall, starting with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction, settle the player's optional wagers by collecting all losing wagers and paying all winning wagers as follows:

(1) If a player placed a Lucky Ladies Twenty Point Bonus Wager and the player's initial two cards have a total value of 20, the dealer shall pay the winning Twenty Point Bonus Wager in accordance with § 633a.13(c) (relating to payout odds; payout limitation) provided, however, that if the first card to the dealer is a 10, jack, queen, king or ace and the player has two queens of hearts, that player's Twenty Point Bonus Wager shall be settled after all other Twenty Point Bonus Wagers as follows:

(i) If the dealer has determined that the hole card will not give the dealer a Blackjack, the player shall be paid before any other cards are dealt.

(ii) If the dealer has determined that the hole card will give the dealer a Blackjack, the player shall be paid when the player's Blackjack Wager is collected.

(2) If a player placed a Match-the-Dealer Wager and either of the player's initial two cards match the rank of the dealer's up card, the dealer shall pay the winning Match-the-Dealer Wager in accordance with § 633a.13(d). If both of the player's initial two cards match the rank of the dealer's up card, the player shall be paid for each matching card provided, however, that any card with a face value of 10 or a point value of 10 (a jack, queen or king) shall only match an identical card without regard to value.

(3) If a player placed an In Between Wager and the dealer's up card:

(i) Falls between the player's initial two cards, the player shall be paid according to the respective card

spread. A one card spread occurs when only one card falls between the player's initial two cards. For example, if a player is dealt a 7 and a 9, the player shall win with a one card spread if the dealer's up card is an 8. The dealer shall pay the winning In Between Wager in accordance with § 633a.13(e).

(ii) And the player's initial two cards are all the same rank, the player has a Triple Match. The dealer shall pay the winning In Between Wager in accordance with § 633a.13(e).

(4) If a player placed a Royal Match 21 Wager and the player's initial two cards are a Suited Match or a Royal Match, the dealer shall pay the winning Royal Match 21 Wager in accordance with § 633a.13(f) provided, however, that if the player has a Royal Match and the dealer's up card is a king or a queen, that player's Royal Match 21 Wager shall be settled after the dealer's hole card is exposed but prior to settling the player's Blackjack Wager. If after exposing the hole card, the dealer also has a Royal Match, the player shall be paid a Crown Treasure Bonus, if offered by the certificate holder, in addition to the payout for the player's Royal Match.

(5) If a player placed a Bet the Set 21 Wager and the player's initial two cards are a pair of the same rank or a suited pair of the same rank, the dealer shall pay the winning Bet the Set 21 Wager in accordance with § 633a.13(g).

(6) If a player placed a King's Bounty Wager and the player's initial two cards have a total value of 20, the dealer shall pay the winning King's Bounty Wager in accordance with § 633a.13(h) provided, however, that if the first card to the dealer is a 10, jack, queen, king or ace and the player has two kings of spades, that player's King's Bounty Wager shall be settled after all other King's Bounty Wagers as follows:

(i) If the dealer has determined that the hole card will not give the dealer a Blackjack, the player shall be paid before any other cards are dealt.

(ii) If the dealer has determined that the hole card will give the dealer a Blackjack, the player shall be paid when the player's Blackjack Wager is collected.

(7) If a player placed a Super Match Wager at a Blackjack Switch table and the player's initial four cards are a pair, a three-of-a-kind, two pair or a four-of-a-kind, the dealer shall pay the winning Super Match Wager in accordance with § 633a.13(i).

(h) After settling the player's optional wagers in accordance with subsection (g), if the dealer's first card is an ace, king, queen, jack or 10, the dealer shall, after offering the Insurance Wager in accordance with § 633a.8 (relating to Insurance Wager), determine whether the hole card will give the dealer a Blackjack. The dealer shall insert the hole card into the card reader device by moving the card face down on the layout without exposing it to anyone at the table, including the dealer. If the dealer has a Blackjack, additional cards may not be dealt and each player's Blackjack and Insurance Wagers, if applicable, shall be settled.

(i) After the procedures in subsection (h) have been completed, if necessary, the dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise direction, announce the point total of each player. Each player at the table shall be responsible for correctly computing the point count of his hand and a player may not rely on the point counts announced by the dealer.

(j) If the player:

(1) Has Blackjack and the dealer's up card:

(i) Is a 2, 3, 4, 5, 6, 7, 8 or 9, the dealer shall announce and pay the Blackjack and remove the player's cards.

(ii) Is an ace, king, queen, jack or 10 but the dealer's hole card will not give the dealer a Blackjack, the dealer shall announce the player's Blackjack but may not make a payment nor remove any cards until all other cards are dealt to the players and the dealer reveals the hole card.

(2) Does not have Blackjack, the player shall indicate whether he wishes to surrender, as permitted under § 633a.9 (relating to surrender), double down as permitted under § 633a.10 (relating to Double Down Wager), split pairs as permitted under § 633a.11 (relating to splitting pairs), stand or draw additional cards.

(k) As each player indicates his decision, the dealer shall deal face upwards whatever additional cards are necessary to effectuate the player's decision and announce the new point total of the player after each additional card is dealt.

(l) A player may elect to draw additional cards whenever his point count total is less than 21, except that:

(1) A player having Blackjack or a hard or soft total of 21 may not draw additional cards.

(2) A player electing to make a Double Down Wager may draw only one additional card.

(m) After the decisions of each player have been implemented and all additional cards have been dealt, the dealer shall turn the hole card face up. Any additional cards required to be dealt to the hand of the dealer, in accordance with subsection (n), shall be dealt face up. The dealer shall announce the dealer's total point count after each additional card is dealt.

(n) Except as provided in subsection (o), the dealer shall draw additional cards until he has a hard or soft total of 17, 18, 19, 20 or 21.

(o) A dealer shall draw no additional cards to his hand, regardless of the point count, if decisions have been made on all players' hands and the point count of the dealer's hand will have no effect on the outcome of the round of play.

(p) A player shall win and be paid in accordance with the payout odd in § 633a.13(a) if:

(1) The total value of the player's hand is 21 or less and the total value of the dealer's hand is in excess of 21.

(2) The total value of the player's hand exceeds the total value of the dealer's hand without exceeding 21.

(3) The player has a Blackjack and the dealer's hand has a total value of 21 in more than two cards.

(q) A Blackjack Wager shall tie and be returned to the player if the total value of the player's hand is the same as the dealer's provided, however, that a player's Blackjack Wager shall be lost if the dealer has a Blackjack and the player's hand has a total value of 21 in more than two cards.

(r) The dealer shall collect all losing wagers and pay off all winning wagers in accordance with one of the following procedures designated in the certificate holder's Rules Submission under § 601a.2 (relating to table games Rules Submissions):

(1) Collect all losing wagers and then pay off all winning wagers.

(2) Pay off all winning wagers and collect all losing wagers beginning with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction. The dealer shall place any losing wagers directly into the table inventory and may not pay off any winning wagers by using value chips collected from a losing wager.

(s) After all wagers have been settled, the dealer shall remove all remaining cards from the table and place them in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

(t) Except as provided in § 633a.12(b), players and spectators may not handle, remove or alter any cards used to play Blackjack.

§ 633a.8. Insurance Wager.

(a) If the first card dealt to the dealer is an ace, each player may make an Insurance Wager which shall win if the dealer's hole card is a king, queen, jack or 10.

(b) An Insurance Wager may be made by placing a value chip on the insurance line of the layout in an amount not more than 1/2 of the player's initial Blackjack Wager. A player may wager an amount in excess of 1/2 of the initial Blackjack Wager to the next unit that can be wagered in chips, when, because of the limitation of the value of chip denominations, half the initial Blackjack Wager cannot be bet. Insurance Wagers shall be placed prior to the dealer inserting his hole card into the card reader device.

(c) Winning Insurance Wagers shall be paid in accordance with the payout odds in § 633a.13(b) (relating to payout odds; payout limitation).

(d) Losing Insurance Wagers shall be collected by the dealer immediately after the dealer inserts his hole card into the card reader device and determines that he does not have a Blackjack and before he draws any additional cards.

§ 633a.9. Surrender.

(a) After the first two cards are dealt to the player and the player's point total is announced, the player may elect to discontinue play on his hand for that round by surrendering 1/2 his wager. All decisions to surrender shall be made prior to the player indicating whether he wishes to double down as permitted under § 633a.10 (relating to Double Down Wager), split pairs as permitted under § 633a.11 (relating to splitting pairs), stand or draw. If the first card dealt to the dealer:

(1) Is not an ace or 10 value card, the dealer shall immediately collect 1/2 of the wager and return 1/2 to the player.

(2) Is an ace or 10 value card, the dealer will place the player's wager on top of the player's cards. When the dealer's second card is revealed, the hand will be settled by immediately collecting the entire wager if the dealer has Blackjack or collecting 1/2 of the wager and returning 1/2 of the wager to the player if the dealer does not have Blackjack.

(b) If the player has made an Insurance Wager and then elects to surrender, each wager will be settled separately in accordance with subsection (a) and § 633a.8 (relating to Insurance Wager).

§ 633a.10. Double Down Wager.

(a) Except when a player has a Blackjack, a player may elect to make a Double Down Wager, which may not

exceed the amount of his original Blackjack Wager, on the first two cards dealt to him or the first two cards of any split pair. Only one additional card shall be dealt to the hand on which the player has elected to double down.

(b) If a dealer obtains Blackjack after a player makes a Double Down Wager, the dealer shall collect only the amount of the original Blackjack Wager of the player and may not collect the additional Double Down Wager.

(c) Upon a player's election to make a Double Down Wager, the dealer shall deal the one additional card face up or face down and placed sideways on the layout.

§ 633a.11. Splitting pairs.

(a) If the initial two cards dealt to a player are identical in value, the player may elect to split the hand into two separate hands provided that he makes a wager on the second hand formed in an amount equal to his original Blackjack Wager. For example, if a player has two 7s or a king and a 10, the player may elect to split the hand.

(b) When a player splits pairs, the dealer shall deal a card to and complete the player's decisions with respect to the first incomplete hand on the dealer's left before proceeding to deal any cards to the second hand.

(c) After a second card is dealt to each split pair hand, the dealer shall announce the point total of the hand and the player shall indicate his decision to stand, draw or double down with respect to that hand. A certificate holder shall specify in its Rules Submission required under § 601a.2 (relating to table games Rules Submissions) the number of additional times a patron may split pairs, including aces.

(d) If the dealer obtains Blackjack after a player splits pairs, the dealer shall collect only the amount of the original wager of the player and may not collect the additional amount wagered in splitting pairs.

§ 633a.12. Blackjack variations.

(a) A certificate holder may, if specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), offer Blackjack Switch in accordance with the following requirements:

(1) A player shall make two equal Blackjack Wagers by placing value chips on the two designated betting areas prior to the first card being dealt.

(2) In addition to the two equal Blackjack Wagers, a player may make an additional Super Match Wager in accordance with § 633a.6(e)(7) (relating to wagers).

(3) Two hands shall then be dealt to each player in accordance with the dealing procedures in § 633a.7 (relating to procedure for dealing the cards; completion of each round of play).

(4) As each player's point total is announced, the player shall indicate whether he wishes to switch the second card of each hand dealt. A player may also double down as permitted under § 633a.10 (relating to Double Down Wager), split pairs as permitted under § 633a.11 (relating to splitting pairs), stand or draw additional cards.

(5) The round of play shall then be completed in accordance with the dealing procedures in § 633a.7 provided, however, that if the dealer's hand:

(i) Has a total value of 21 in more than two cards and the player has Blackjack, the winning Blackjack Wager shall be paid at odds of 1 to 1.

(ii) Is a Blackjack and the player's hand is a Blackjack, the Blackjack Wager shall tie and be returned to the player.

(iii) Is a Blackjack and the player has switched to a Blackjack, the player's hand shall have a total value of 21 and that Blackjack Wager shall be lost.

(c) When comparing two high hands or two low hands that are of identical hand rank under subsection (b), or contain none of the hands listed in subsection (b), the hand that contains the highest ranking card under subsection (a), which is not in the other hand, shall be considered the higher ranking hand. If the two hands are of identical rank after the application of this section, the hands shall be considered a tie.

(d) If the certificate holder offers the optional Fortune Bonus Wager under § 645a.7(e)(1) (relating to wagers), the following seven-card hands shall have a rank higher than a hand of five aces, as described in subsection (b)(1), and be used to determine the amount of the Fortune Bonus Wager payout or Envy Bonus payment to a winning player:

(1) A seven-card straight flush with no joker, which is a hand consisting of seven cards of the same suit in consecutive ranking, with no joker used to complete the straight flush.

(2) A royal flush plus Royal Match, which is a seven-card hand consisting of an ace, king, queen, jack and a 10 of the same suit, with or without a joker, with one of the following:

(i) An additional ace and king of a same suit.

(ii) An additional king and queen of a same suit.

(3) A seven-card straight flush with joker, which is a hand consisting of seven cards of the same suit in consecutive ranking with a joker being used to complete the straight flush.

(e) If the certificate holder offers the optional Emperor's Treasure Wager under § 645a.7(e)(2), the following seven-card hands shall have a rank higher than a hand of five aces, as described in subsection (b)(1), and be used to determine the amount of the Emperor's Treasure Wager payout or Envy Bonus payout to a winning player:

(1) A seven-card straight flush with no joker, which is a hand consisting of seven cards of the same suit in consecutive ranking, with no joker used to complete the straight flush.

(2) A royal flush plus ace and king suited, which is a seven-card hand consisting of an ace, king, queen, jack and a 10 of the same suit, with or without a joker, and an additional ace and king of the same suit without a joker.

(3) A seven-card straight flush with joker, which is a hand consisting of seven cards of the same suit in consecutive ranking with a joker being used to complete the straight flush.

(f) If a certificate holder offers the optional Progressive Payout Wager under § 645a.7(e)(4), the following seven-card hands shall be used to determine the amount of the progressive payout to a winning player:

(1) Seven-card straight flush is a hand consisting of seven cards of the same suit in consecutive ranking, with or without a joker.

(2) Five aces, which is a hand consisting of four aces and a joker.

(3) A royal flush, which is a hand consisting of an ace, king, queen, jack and 10 of the same suit or a king, queen, jack and 10 of the same suit and a joker.

(4) A straight flush, which is a hand consisting of five cards of the same suit in consecutive ranking.

(5) A four-of-a-kind, which is a hand consisting of four cards of the same rank.

(6) A full house, which is a hand consisting of a three-of-a-kind and a pair.

§ 645a.7. Wagers.

(a) Wagers at Pai Gow Poker shall be made by placing value chips or plaques on the appropriate areas of the Pai Gow Poker layout. Verbal wagers accompanied by cash may not be accepted.

(b) Only players who are seated at a Pai Gow Poker table may wager at the game. Once a player has placed a wager and received cards, that player shall remain seated until the completion of the round of play. If a player leaves the table during a round of play, any wagers made by the player may be considered abandoned and may be treated as losing wagers.

(c) All wagers at Pai Gow Poker shall be placed prior to the dealer announcing "no more bets" in accordance with the dealing procedures in § 645a.8, § 645a.9 or § 645a.10 (relating to procedures for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe). A wager may not be made, increased or withdrawn after the dealer has announced "no more bets."

(d) To participate in a round of play and compete against the dealer's high and low hands, a player shall place a Pai Gow Poker Wager.

(e) A certificate holder may, if specified in its Rules Submission under § 601.2 (relating to table games Rules Submissions), offer to each player who placed a Pai Gow

Poker Wager, in accordance with subsection (d), the option of placing the following additional wagers:

(1) A Fortune Bonus Wager that the seven cards dealt to the player will form a seven-card poker hand with a rank of a straight or better as described in § 645a.6(d) (relating to Pai Gow Poker rankings).

(2) An Emperor's Treasure Wager that the seven cards dealt to the player will form a seven-card poker hand with a rank of a straight or better as described in § 645a.6(e).

(3) A Pai Gow Insurance Wager that the seven cards dealt to the player will form a seven-card poker hand that does not contain a pair or better, as described in § 645a.6(b), but will contain a card ranked a nine-high or better.

(4) A Progressive Payout Wager that the seven cards dealt to the player will form a seven-card poker hand with a rank of a full house or better as described in § 645a.6(f).

(f) Except as provided in 645a.12(f) (relating to player bank; co-banking; selection of bank; procedures for dealing), a certificate holder may, if specified in its Rules Submission under § 601a.2, permit a player to wager on two adjacent betting areas at a Pai Gow Poker table. If a certificate holder permits a player to wager on adjacent betting areas, the cards dealt to each betting area shall be played separately. If the two wagers are not equal, the player shall set the hand with the larger wager before ranking and setting the other hand. If the amounts wagered are equal, each hand shall be played separately in a counterclockwise rotation with the first hand being ranked and set before the player proceeds to rank and set the second hand. Once a hand has been ranked, set and placed face down on the layout, the hands may not be changed.

§ 645a.8. Procedures for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location approved by the Bureau of Casino Compliance. Once the procedures required under § 645a.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe either by the dealer or by an automated card shuffling device.

(b) Prior to dealing any cards, the dealer shall announce "no more bets" and:

(1) If the Fortune Bonus Wager or Emperor's Treasure Wager is being offered and a player makes a Qualifying Wager, the dealer shall place an Envy lammer next to that player's wager.

(2) If the Progressive Payout Wager is being offered, the dealer shall use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(c) The dealer shall determine the starting position for dealing the cards, using one of the procedures authorized under § 645a.5(i).

(d) The dealer shall then deal the first card to the starting position as determined in subsection (c) and, continuing around the table in a clockwise manner, deal one card at a time to all other positions, regardless of whether there is a wager at the position, and the dealer, until each position and the dealer has seven cards. Each card dealt shall be removed from the dealing shoe with the hand of the dealer that is closest to the dealing shoe and placed face down on the appropriate area of the layout with the opposite hand.

(e) After seven cards have been dealt to each position and the dealer, the dealer shall remove the stub from the manual dealing shoe and determine whether four cards are left by spreading them face down on the layout. The four cards that remain may not be exposed to anyone and shall be placed in the discard rack.

(f) If more or less than four cards remain, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player position or the dealer has more or less than seven cards), all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(g) If the dealer determines the cards were dealt properly, the dealer shall collect any stacks dealt to a position where there was no wager and place them in the discard rack without exposing the cards.

§ 645a.9. Procedures for dealing the cards from the hand.

(a) If the cards are dealt from the dealer's hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 645a.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards) have been completed, the dealer shall place the deck of cards in either hand. After the dealer has chosen the hand in which to hold the cards, the dealer shall continue to use that hand when holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(3) Prior to dealing any cards, the dealer shall announce "no more bets" and:

(i) If the Fortune Bonus Wager or Emperor's Treasure Wager is being offered and a player makes a Qualifying Wager, the dealer shall place an Envy lammer next to that player's wager.

(ii) If the Progressive Payout Wager is being offered, the dealer shall use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(b) The dealer shall deal each card by holding the deck of cards in the chosen hand and use the other hand to remove the top card of the deck and place it face down on the appropriate area of the layout. The dealer shall then

determine the starting position for dealing the cards using one of the procedures authorized under § 645a.5(i).

(c) The dealer shall then deal the first card to the starting position as determined in subsection (b) and, continuing around the table in a clockwise manner, deal one card at a time to all other positions, regardless of whether there is a wager at the position, and the dealer, until each position and the dealer has seven cards.

(d) After seven cards have been dealt to each position and the dealer, the dealer shall determine whether four cards are left by spreading them face down on the layout. The four cards that remain may not be exposed to anyone and shall be placed in the discard rack.

(e) If more or less than four cards remain, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player position or the dealer has more or less than seven cards), all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(f) If the dealer determines the cards were dealt properly, the dealer shall collect any stacks dealt to a position where there was no wager and place them in the discard rack without exposing the cards.

§ 645a.10. Procedures for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures under § 645a.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the shoe dispensing any stacks of cards, the dealer shall announce "no more bets" and:

(i) If the Fortune Bonus Wager or Emperor's Treasure Wager is being offered and a player makes a Qualifying Wager, the dealer shall place an Envy lammer next to that player's wager.

(ii) If the Progressive Payout Wager is being offered, the dealer shall use the progressive table game system to prevent the placement of any additional Progressive Payout Wagers. If any Progressive Payout Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Payout Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(b) The dealer shall determine the starting position for delivering the stacks of cards using one of the procedures authorized under § 645a.5(i).

(c) After the starting position for delivering the cards has been determined, the dealer shall deliver the first stack of cards dispensed by the automated dealing shoe face down to that position. As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack face down to each of the other positions, regardless of whether there is a wager at the position, and the dealer.

(d) After seven cards have been dispensed and delivered to each position and the dealer, the dealer shall remove the remaining cards from the shoe and determine

whether four cards are left by spreading them face down on the layout. The four cards that remain may not be exposed to anyone and shall be placed in the discard rack.

(e) If more or less than four cards remain, the dealer shall determine if the cards were misdealt. If the cards were misdealt (a player position or the dealer has more or less than seven cards), all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(f) If the dealer determines the cards were dealt properly, the dealer shall collect any stacks dealt to a position where there was no wager and place them in the discard rack without exposing the cards.

§ 645a.11. Procedures for completion of each round of play.

(a) After the dealing procedures required under § 645a.8, § 645a.9 or § 645a.10 (relating to procedures for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at a Pai Gow Poker table shall be responsible for setting his own hands and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player. If a player requests assistance in the setting of his hands, the dealer shall inform the player of the manner in which the certificate holder requires the hands of the dealer to be set in accordance with the certificate holder's Rules Submission under § 601a.2 (relating to table games Rules Submissions).

(2) Each player shall keep his seven cards in full view of the dealer at all times.

(3) Once each player has set a high and low hand and placed the two hands face down on the appropriate area of the layout, the player may not touch the cards again.

(b) Each player shall set his hands by arranging the cards into a high hand and a low hand. When setting the two hands, the five-card high hand must be equal to or higher in rank than the two-card low hand. For example, if the two-card hand contains a pair of sevens, the five-card hand must contain at least a pair of sevens and the three remaining cards.

(c) After all players have set their hands and placed the cards on the table, the seven cards of the dealer shall be turned over and the dealer shall set his hands by arranging the cards into a high and low hand. The certificate holder shall specify in its Rules Submission under § 601a.2 the manner in which the hands of the dealer shall be set. The dealer shall then place the two hands face up on the appropriate area of the layout. If a player is acting as the bank in accordance with § 645a.12 (relating to player bank; co-banking; selection of bank; procedures for dealing), after all players have set their hands and placed the cards on the table, the bank shall turn over his seven cards and set the two hands by arranging the cards in a high and low hand on the appropriate area of the layout.

(d) Unless a player has placed an optional wager authorized under § 645a.7(e)(1)–(4) (relating to wagers), a player may surrender his wager after the hands of the dealer or the bank have been set. The player shall announce his intention to surrender prior to the dealer

exposing either of the two hands of that player as provided in subsection (e). Once the player has announced his intention to surrender, the dealer shall immediately collect the Pai Gow Poker Wager from that player and collect the seven cards dealt to that player without exposing the cards to anyone at the table provided, however, that if any Qualifying Wagers have been placed, the cards of the player shall remain on the table until collected in accordance with subsection (h). The dealer shall verify that seven cards were collected by counting them face down on the layout prior to placing them in the discard rack.

(e) After the dealer has set a high hand and a low hand, the dealer shall reveal both hands of each player, beginning with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction. The dealer shall compare the high and low hand of each player to the high and low hand of the dealer and shall announce if the Pai Gow Poker Wager of that player wins, loses or is a tie.

(f) A Pai Gow Poker Wager will:

(1) Lose and will immediately be collected if:

(i) The high hand of the player is lower in rank than the high hand of the dealer and the low hand of the player is lower in rank than the low hand of the dealer.

(ii) The high hand of the player is identical in rank to the high hand of the dealer or the low hand of the player is identical in rank to the low hand of the dealer and the other hand of the player is identical in rank or lower in rank than the other hand of the dealer.

(iii) The high hand of the player was not set so as to rank equal to or higher than the low hand of that player.

(iv) The two hands of the player were not otherwise set correctly in accordance with this chapter.

(2) Tie and will be returned to the player if:

(i) The high hand of the player is higher in rank than the high hand of the dealer, but the low hand of the player is identical in rank to the low hand of the dealer or lower in rank than the low hand of the dealer.

(ii) The high hand of the player is identical in rank to the high hand of the dealer or lower in rank than the high hand of the dealer, but the low hand of the player is higher in rank than the low hand of the dealer.

(3) Win if the high hand of the player is higher in rank than the high hand of the dealer and the low hand of the player is higher in rank than the low hand of the dealer. The dealer shall pay the winning Pai Gow Poker Wager in accordance with the payout odds in § 645a.13(a) (relating to payout odds; Envy Bonus; rate of progression; payout limitation).

(g) Except as provided in subsection (h), after settling the player's Pai Gow Poker Wager, the dealer shall place the cards of the player in the discard rack.

(h) After settling the player's Pai Gow Poker Wager, the dealer shall rearrange the seven cards of any player who placed an optional wager, in accordance with § 645a.7(e)(1)–(4), to form the highest ranking hand and be responsible for creating the hand for purposes of all optional wagers offered by the certificate holder. If any player at the table has placed a Qualifying Wager, the dealer shall rearrange the cards of all players regardless of whether the player placed a Fortune Bonus Wager or an Emperor's Treasure Wager. After rearranging the player's seven cards, the dealer shall:

(1) Settle the player's Fortune Bonus Wager as follows:

(i) If a player:

(A) Does not have a straight or higher, as described in § 645a.6(d) (relating to Pai Gow Poker rankings), the dealer shall collect the Fortune Bonus Wager and place the cards of the player in the discard rack.

(B) Has a straight or higher, the dealer shall pay the winning Fortune Bonus Wager in accordance with § 645a.13(b) and shall place the cards of the player in the discard rack provided, however, that if the player has an Envy Bonus Qualifying Hand and any player at the table placed a Qualifying Wager, the dealer shall verbally acknowledge the Envy Bonus Qualifying Hand and leave the cards of the player face up on the table.

(C) Did not place a Fortune Bonus Wager but has an Envy Bonus Qualifying Hand, and another player at the table placed a Qualifying Wager, the dealer shall verbally acknowledge the Envy Bonus Qualifying Hand and leave the cards of the player face up on the table.

(ii) After all Fortune Bonus Wagers have been settled, if any player is the holder of an Envy Bonus Qualifying Hand, the dealer shall pay an Envy Bonus in accordance with § 645a.13(b) to each player who has an Envy lammer at the player's betting position. Players are entitled to multiple Envy Bonuses when another player at the same Pai Gow Poker table is the holder of an Envy Bonus Qualifying Hand provided, however, that a player is not entitled to an Envy Bonus for his own hand or the hand of the dealer.

(iii) After all Envy Bonuses have been paid, the dealer shall collect all remaining cards and place them in the discard rack.

(2) Settle the player's Emperor's Treasure Wager as follows:

(i) If a player:

(A) Does not have a straight or higher as described in § 645a.6(e), the dealer shall collect the Emperor's Treasure Wager and place the cards of the player in the discard rack.

(B) Has a straight or higher, the dealer shall pay the winning Emperor's Treasure Wager in accordance with § 645a.13(c) and shall place the cards of the player in the discard rack provided, however, that if the player has an Envy Bonus Qualifying Hand and any player at the table placed a Qualifying Wager, the dealer shall verbally acknowledge the Envy Bonus Qualifying Hand and leave the cards of the player face up on the table.

(C) Did not place an Emperor's Treasure Wager but has an Envy Bonus Qualifying Hand and another player at the table placed a Qualifying Wager, the dealer shall verbally acknowledge the Envy Bonus Qualifying Hand and shall leave the cards of the player face up on the table.

(ii) After all Emperor's Treasure Wagers have been settled, if any player is the holder of an Envy Bonus Qualifying Hand, the dealer shall pay an Envy Bonus in accordance with § 645a.13(c) to each player who has an Envy lammer at the player's betting position. Players are entitled to multiple Envy Bonuses when another player at the same Pai Gow Poker table is the holder of an Envy Bonus Qualifying Hand provided, however, that a player is not entitled to an Envy Bonus for his own hand or the hand of the dealer.

(iii) After all Envy Bonuses have been paid, the dealer shall collect all remaining cards and place them in the discard rack.

(3) Settle the player's Pai Gow Insurance Wager. If a player:

(i) Has a pair or better as described in § 645a.6(b), the dealer shall collect the Pai Gow Insurance Wager and place the cards of the player in the discard rack.

(ii) Does not have a pair or better, but has a card ranked a nine-high or better, the dealer shall pay the winning Pai Gow Insurance Wager in accordance with § 645a.13(d). The dealer shall then place the cards of the player in the discard rack.

(4) Settle the player's Progressive Payout Wager. If a player:

(i) Does not have a full house or better, as described in § 645a.6(f), the dealer shall collect the Progressive Payout Wager and place the cards of the player in the discard rack.

(ii) Has a full house or better, the dealer shall:

(A) Verify that the hand is a winning hand.

(B) Verify that the appropriate light on the progressive table game system has been illuminated.

(C) Have a floorperson or above validate the progressive payout in accordance with the certificate holder's approved internal control procedures.

(D) Pay the winning Progressive Payout Wager in accordance with the payout odds in § 645a.13(e). If a player has won a progressive payout that is a percentage of the progressive meter, the progressive payout may not be paid from the table inventory container. If a player has won a progressive payout that is not being paid from the table inventory, the cards of that player shall remain on the table until the necessary documentation has been completed.

(i) Notwithstanding the requirements in subsection (h), if the certificate holder offers more than one optional wager, the dealer shall settle all of the player's optional wagers before placing the player's cards in the discard rack.

(j) All cards removed from the table shall be placed in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

§ 645a.12. Player bank; co-banking; selection of bank; procedures for dealing.

(a) A certificate holder may, if specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), offer to all players at a Pai Gow Poker table the opportunity to bank the game. If the certificate holder elects this option, the provisions of this section control for any round of play in which a player is the bank. All other provisions of this chapter apply to the extent that they do not conflict with the provisions in this section.

(b) A player may not be the bank at the start of the game. For the purposes of this section, the start of the game means the first round of play after the dealer is required to shuffle the cards in accordance with § 645a.5 (relating to shuffle and cut of the cards; procedures for determining the starting position for dealing cards).

(c) After the first round of play, each player at the table shall have the option to either be the bank or pass the bank to the next player. The dealer shall offer the

bank to each player, starting with the player farthest to the dealer's right and continuing around the table in a counterclockwise manner, until a player accepts the bank. The dealer shall place a marker designating the bank in front of the player who accepts the bank. If the first player offered the bank accepts, the player seated to the right of the bank shall be offered the bank first on the next round of play. A player may not bank two consecutive rounds of play. If no player accepts the bank, the round of play shall proceed in accordance with the rules of play provided in this chapter.

(d) Before a player may bank a round of play, the dealer shall confirm that:

(1) The player placed a Pai Gow Poker Wager against the dealer during the last round of play in which there was no player banking the game.

(2) The player has sufficient value chips or plaques on the table to cover all of the Pai Gow Poker Wagers placed by other players at the table for that round of play.

(e) A certificate holder may, if specified in its Rules Submission under § 601a.2, offer the bank the option of co-banking the round of play. If the certificate holder offers this option, it shall be made available to all players at the table. If the bank wishes to use this option and co-bank 50% of the winning Pai Gow Poker Wagers, the bank must specifically request to co-bank with the dealer. The dealer shall place a marker designating the player co-banking that round of play. When the dealer is co-banking, the dealer shall be responsible for setting the hand of the bank in the manner as specified in the certificate holder's Rules Submission under § 601a.2. When co-banking is in effect, the dealer may not place a wager against the bank.

(f) If a player is the bank, the player may wager on only one betting area.

(g) Once the dealer has determined that a player may be the bank, as required under subsection (d), the dealer shall shuffle the cards in accordance with § 645a.5. The dealer shall then, unless co-banking is in effect, remove value chips from the table inventory container in an amount equal to the banker's last Pai Gow Poker Wager made against the dealer or in an amount as specified in the certificate holder's Rules Submission. This amount shall be the amount the dealer wagers against the bank. The bank may direct that the sum wagered by the dealer be a lesser amount or that the dealer place no wager during that round of play. Any amount wagered by the dealer shall be placed in front of the table inventory container.

(h) The dealer shall then deal the cards in accordance with § 645a.8, § 645a.9 or § 645a.10 (relating to procedures for dealing the cards from a manual dealing shoe; procedures for dealing the cards from the hand; and procedures for dealing the cards from an automated dealing shoe).

(i) If the dealer placed a wager against the bank, after each player has set his two hands and placed them on the table layout, the two hands of the dealer shall then be set. Once the dealer has formed a high and low hand and placed the hands face up on the appropriate area of the table layout, the dealer shall expose the hands of the bank and determine if the hands of the dealer are higher in rank than the hands of the bank. If the bank did not set his hands correctly, the dealer shall reset the bank's hands in accordance with the certificate holder's Rules Submission under § 601a.2. If the dealer wins, the cards of the dealer shall be stacked face up to the right of the

table inventory container with the amount wagered by the dealer against the bank placed on top. If the dealer ties, the dealer shall return the amount wagered by the dealer against the bank to the table inventory container. If the dealer loses, the amount wagered by the dealer against the bank shall be moved to the center of the layout.

(j) If a player is banking the round of play, once the dealer has determined the outcome of the Pai Gow Poker Wager of the dealer against the bank, if any, the dealer shall, starting with the player farthest to the dealer's right and continuing around the table in a counterclockwise manner, expose the hands of each player. The dealer shall compare the high and low hand of the player to the high and low hand of the bank and shall announce if the wager shall win, lose or tie. Losing wagers shall be immediately collected and placed in the center of the table. All winning Pai Gow Poker Wagers, including the dealer's wager, shall be paid by the dealer with the value chips located in the center of the table. If this amount becomes exhausted before all winning Pai Gow Poker Wagers have been paid, the dealer shall collect from the bank an amount equal to the remaining winning wagers and place that amount in the center of the layout. The remaining winning wagers shall be paid from the amount in the center of the layout. If, after collecting all losing wagers and paying all winning Pai Gow Poker Wagers, there is a surplus in the center of the table, this amount shall be charged a 5% vigorish in accordance with § 645a.13(a) (relating to payout odds; Envy Bonus; rate of progression; payout limitation). Once the vigorish has been paid, the remaining amount shall be given to the bank.

(k) Immediately after a winning Pai Gow Poker Wager of the dealer is paid, this amount and the dealer's original wager shall be returned to the table inventory container.

(l) If a player and the dealer are co-banking the round of play, once the dealer has set the co-bank's hand under subsection (e), the dealer shall, starting with the player farthest to the dealer's right and continuing around the table in a counterclockwise manner, expose the hands of each player. The dealer shall compare the high and low hand of the player to the high and low hand of the bank and shall announce if the wager shall win, lose or tie. Losing wagers shall be immediately collected and placed in the center of the table. All winning Pai Gow Poker Wagers shall be paid by the dealer with the value chips located in the center of the table. If this amount becomes exhausted before all winning Pai Gow Poker Wagers have been paid, the dealer shall collect from the bank an amount equal to 1/2 of the remaining winning wagers and place that amount in the center of the layout. The dealer shall remove an amount equal to 1/2 of the remaining winning wagers from the table inventory container and place that amount in the center of the layout. The remaining winning wagers shall be paid from the total amount in the center of the layout. If, after collecting all losing wagers and paying all winning Pai Gow Poker Wagers, there is a surplus in the center of the table, this amount will be counted and the dealer shall place 1/2 of this amount into the table inventory container. The dealer shall collect a 5% vigorish, in accordance with § 645a.13(a), on the remaining amount. Once the vigorish has been paid, the remaining amount shall then be given to the bank.

(m) Each player who has a winning Pai Gow Poker Wager against the bank shall pay to the dealer, in accordance with § 645a.13(a), a 5% vigorish on the amount won.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Consolidated Plan; Revised 2009 Annual Performance and Evaluation Report

The Department of Community and Economic Development (Department) is preparing its revised Consolidated

Annual Performance and Evaluation Report (CAPER) on the progress and accomplishments made during 2009 in implementing the Commonwealth's Consolidated Plan for Federal Fiscal Years 2008-2013. This document must be submitted to, and approved by, the United States Department of Housing and Urban Development (HUD) for the Commonwealth and organizations within this Commonwealth to receive funding under most HUD housing and community development programs. The Consolidated Plan creates a unified strategy for housing and community development programs, as well as the necessary

linkages for building successful neighborhoods and communities.

The Commonwealth allocated funds under several programs, namely Community Development Block Grant, HOME Investment Partnerships Program, Emergency Shelter Grant Program, and Housing Opportunities for People with AIDS Program. Additionally, this CAPER will detail funding from 2009 under both the Housing and Economic Recovery Act and the American Recovery and Reinvestment Act. The CAPER discusses accomplishments in relation to goals and objectives identified in the Action Plan of the Consolidated Plan.

The CAPER assesses the goals and objectives of this strategic plan; discusses how the Commonwealth is affirmatively furthering fair and affordable housing; reviews the activities of the Continuums of Care; and appraises how well resources in community development and housing are being leveraged.

Public Comments

Any individual or organization may provide written comments regarding this draft version of the CAPER. This report will be available at <http://www.newpa.com/strengthen-your-community/technical-assistance> or by calling (717) 720-7412. Comments will be accepted about funding activities, community development, housing, CAPER content, and the process by which public input is gathered. The Commonwealth encourages public participation in this process.

Written Comments will be accepted until 5 p.m. on August 29, 2011, and should be sent to Dan Fox, Department of Community and Economic Development, Center for Community Financing, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225.

In return, Wiggle Inn Hunting and Fishing Club, Inc. will convey to the Commonwealth approximately 12 acres in Porter Township. When complete, this exchange will add approximately 6 acres to the Delaware State Forest.

As is the policy of the Department, the public is notified of this exchange. A 30-day period for public inquiry or comment will be in effect beginning August 20, 2011, and ending September 19, 2011. Oral or written comments or questions concerning this proposed exchange may be addressed to Dan Devlin, State Forester, Bureau of Forestry, P. O. Box 8552, Harrisburg, PA 17105-8552, (717) 787-4837. These oral and written comments will become part of the official document used in the final decision process.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 1**

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard,

the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accord-

ance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*			
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining

that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges

associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area.

When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P. S. § 750.5)

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Edgmont Township	100 Gradyville Road, P. O. Box 267, Gradyville, PA 19039	Delaware

Plan Description: On July 19, 2011, the Southeast Regional Office approved Edgmont Township's Act 537 Plan Update. The Update provides for the following:

The Township's Crum Creek District Special Study (2009 Special Study) received Department approval on

February 6, 2009. Key elements of that plan, such as the Township's membership in the Central Delaware County Authority (CDCA), CDCA's commitment to construct improvements to its Crum Creek Interceptor and the Township's commitment to have the Delaware County Regional Authority (DELCORA) construct the sewer infrastructure necessary for the plan's implementation have not changed.

Changes to the 2009 Special Study include the differentiation of District C1 from District C, the consideration of District F for future sanitary sewer service and changes to the collection and conveyance alternatives for Districts A-E.

District A is located on West Chester Pike at the Crum Creek crossing. It contains a movie theater and other commercial uses. The proposed flow from District A is 26,250 gallons of sewage per day (gpd), or 100 Equivalent Dwelling Units (EDUs). District A will be served by a gravity collection system, which is tributary to the gravity interceptor proposed along Crum Creek. The existing pump stations in District A will be phased out.

District B is located on the north and south sides of West Chester Pike, east of Providence Road. It contains residential, retail, and commercial uses. The proposed flow from District B is 42,525 gpd (162 EDUs). District B will be served by a gravity collection system, which is tributary to the proposed gravity interceptor. Two existing community on-lot sewage disposal systems will be decommissioned and connected to the proposed gravity system.

District C is located on West Chester Pike, west of Providence Road. The proposed flow from District C is 3,938 gpd (15 EDUs). It will be served by a gravity collection system which is tributary to the proposed gravity interceptor.

District C1 is located west of Providence Road and contains retail, commercial and residential units. The proposed flow from District C1 is 27,563 gpd (105 EDUs). District C1 will be served by a gravity collection system that is tributary to a proposed pumping station. The proposed pumping station is tributary to the proposed gravity interceptor.

District D is located on the south side of West Chester Pike, near Crum Creek. It contains 65 single-family dwellings. The proposed flow from District D is 17,063 gpd (65 EDUs). It will be served by a low pressure collection system which will convey flow to the proposed gravity interceptor.

District E is bounded by West Chester Pike to the north, Providence Road to the west, Upper Providence Township to the south and Crum Creek to the east. It contains approximately 551 dwellings. The proposed flow from District E is 232,838 gpd (887 EDUs). District E will be served as follows: 150 EDUs in District E are tributary to EPS-1; 675 EDUs in District E are directly tributary to EPS-2; and 62 EDUs in District E are tributary to EPS-3. Three large volume sewage disposal systems will be decommissioned and connected to the proposed sewerage facilities. The existing Runnymede pump stations will be phased out.

District F is located along West Chester Pike, west of Ridley Creek State Park and contains 185 acres. District F is being included in the Central Delaware County Authority (CDCA) sewer service area; however, no capacity has been allocated to District F at this time. It is estimated that this district may require approximately 70,000 gpd of capacity in the future. Additional sewerage

facilities planning is required if the Township wishes to allocate any flow to District F.

Planning approval is granted for a new gravity interceptor, which will be constructed approximately parallel to Crum Creek from the northeast corner of the intersection of West Chester Pike and North Crum Creek Road to a proposed pump station (EPS-1). The interceptor will have average design flows of 117,338 gpd.

Planning approval is granted for a sewage pump station and a force main, which will convey sewage flows from District C1 east on West Chester Pike to the proposed gravity sewer line at the intersection of Providence Road and West Chester Pike. The pumping station will be located on the south side of West Chester Pike, between North Sandy Flash Drive and Edgmont Country Club, and will have average design flows of 27,563 gpd.

Planning approval is granted for a sewage pump station and a force main, which will convey sewage flows from Districts A, B, C, C1, D, and 417 EDUs from District E along Charter Oak Drive and Langton Lane to Pump Station EPS-2. The pump station will be located east of the intersection of Bridle Way and Saddle Run, near Crum Creek, and will have average design flows of 226,801 gpd.

Planning approval is granted for a sewage pump station and a force main, which will convey sewage flows from the entire CDCA service area along Runnymede Drive to Gradyville Road, northeast on Gradyville Road and south on Newtown Street Road to its connection with the CDCA interceptor. Newtown Township has granted permission to Edgmont Township to construct sewer lines in Newtown via Resolution No. 2011-03. The pumping station will be located south/southeast of Langton Lane and will have average design flows of 350,000 gallons per day.

Planning approval is granted for a sewage pump station and a force main, which will convey sewage flows from the portion of District E located south of Gradyville Road to the gravity sewers located in District E. The pump station will be located on the southeast side of Gradyville Road, northeast of Dream Valley Drive and will have average design flows of 16,275 gpd.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Northeast Region: Eric Supey, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Schaffer Property, 1455 Pennsylvania Avenue, Emmaus Borough, **Lehigh County**. Douglas Sammak, American Analytical & Environmental, Inc., 738 Front Street, Catasauqua, PA 18031 has submitted a Final Report (on behalf of his clients, Charles H. and Christine Schaffer, 1455 Pennsylvania Avenue, Emmaus, PA 18049), concerning the remediation of soil found to have been impacted by No. 2 fuel oil as a result of a release from an outdoor aboveground storage tank that was caused by an act of vandalism. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the Pennsylvania Bulletin a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Application Period for Municipal Recycling Program Performance Grant Applications under Act 101, Section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act; Calendar Year 2010

The Department of Environmental Protection (Department) announces a request for applications from municipalities for recycling performance grant assistance for recycling programs under section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act (act) (53 P. S. § 4000.904). Municipalities include counties, cities, boroughs, incorporated towns, townships, home rule municipalities, their authorities, councils of governments, consortiums or similar entities established by two or more municipalities under 53 Pa.C.S. Chapter 23, Subchapter A (relating to intergovernmental cooperation). This application period is for eligible materials recycled

and marketed in calendar year 2010.

Municipal Recycling Program Performance Grant funds will be awarded to municipalities based upon the weight of source separated recyclable materials identified in section 1501(c)(1)(i) of the act (53 P. S. § 4000.1501(c)(1)(i)) recovered by municipal recycling programs and the population of the municipality as determined by the most recent decennial census. Due to the limited amount of funding available for the Recycling Performance Grant program for calendar year 2010, the funding formula is amended from that utilized in past years to reduce individual grants by 40%.

Applicants that have failed to comply with the conditions set forth in previously awarded grants, the recycling program performance requirements in the act of November 9, 2006 (P. L. 1347, No. 140), the grant requirements of act, or the regulations of the act may not be awarded funds under this grant program. Applicants must

ensure that they are in compliance with 25 Pa. Code § 272.314(b)(2) (relating to limits on Department's authority to award grants) regarding the submittal of the annual recycling report.

Eligible materials include the following post-consumer items: clear glass, colored glass, aluminum cans, steel and bimetallic cans, high-grade office paper, newsprint, corrugated paper, other marketable grades of paper and plastics. Grants will be awarded only for properly documented, eligible materials that were actually marketed on or after January 1, 2010, to and including, December 31, 2010. Applicants should only claim those tonnages for which they have documentation at the time they complete their application. Grant funds will not be awarded for residues, materials not listed as eligible including, but not limited to, leaf and yard wastes or any materials that cannot be documented as being recycled into a new product or use. In particular, recovered glass that is being stockpiled or used as daily cover at a landfill will not be considered as recycled. Applicants must be able to document the amount of residue attributable to their recycling program.

Documentation to support all claims that eligible recyclable materials were generated within the municipality and marketed must be made available for auditing by the Department, the Office of the Auditor General, the Office of the Treasurer or agents of those offices for 4 years. The Department will not require applicants to retain hauler customer lists, however, the lists may be required to be examined in the event of an audit. It will be the applicant's responsibility to arrange for hauler customer lists to be provided, or for haulers to be present with their customer lists, during a grant audit. Supporting documentation is not required to be submitted with the application. Any tonnages not properly documented at the time of an audit will not be credited towards the applicant's Performance Grant award. No additional/supplemental documentation will be accepted after the audit is completed. Failure to submit a complete and accurate application may result in a denial of the application and possible enforcement proceedings.

Grant applications must be on forms provided by the Department for calendar year 2010. Grant applications must be delivered by 4 p.m. on December 30, 2011, or postmarked on or before this date. Applications received by the Department after the deadline will be returned to the applicant. Grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of the act (53 P. S. §§ 4000.701 and 4000.702), and the availability of moneys in the Recycling Fund.

Applicants who filed a Performance Grant application for calendar year 2009 will be mailed a current application by the Department as soon as it is available. Applications may also be obtained from the Department's web site at www.depweb.state.pa.us (Keyword: "Recycling Grants"). Inquiries concerning this notice should be directed to Mark Vottero, Bureau of Waste Management, Department of Environmental Protection, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472 or mvottero@pa.gov.

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Final Technical Guidance—Substantive Revision

Title: Guidance for Application of Regional Civil Assessment Procedure. Description: The Department issues this second notice proposing to revise its Guidance for Application of Regional Civil Assessment Procedure, Technical Guidance Document Number 273-4130-003. The first notice was published at 40 Pa.B. 6335 (October 30, 2010). This guidance was developed in 1992 to establish uniform criteria for assessing monetary penalties for violations of requirements of the Federal Clean Air Act, Pennsylvania Air Pollution Control Act (APCA) and rules and regulations adopted under the acts. The Department made minor clarifying revisions to the guidance in 2002. The technical guidance document provides a methodology for determining appropriate civil penalties to resolve violations in accordance with Section 9.1 of the APCA. The proposed revisions include provisions for violations of applicable requirements including permit or plan approval conditions, specific pollutant emission limitations, requirements for surface coating processes, visible emissions, fugitive emissions, malodor and open burning violations. The document is also being revised to address new and revised regulations that are not adequately addressed by the current guidance, including regulations for Small Source Oxides of Nitrogen, Title V Permitting and Consumer Products. In addition, specific steps of the existing penalty calculation methodology that considers factors of a violation more than once are being corrected. In addition to clarifying revisions, the proposed changes to the document include an inflation adjustment procedure, changes to the penalty adjustment factors and additional provisions to address the financial benefit to a person in consequence of a violation, as required under Section 9.1 of the APCA. Copies of this document are available on the Department's Bureau of Air Quality web site at <http://www.dep.state.pa.us/dep/deputate/airwaste/aq/default.htm>. Written Comments: Interested persons may submit written comments on this proposed technical guidance document by September 12, 2011. The Department will accept comments submitted by e-mail, but comments submitted by facsimile will not be accepted. A return name and address must be included in each e-mail transmission. Written comments should be submitted to Scott Kepner, Chief, Compliance Assurance and Monitoring Section, Department of Environmental Protection, Bureau of Air Quality, P. O. Box 8468, Harrisburg, PA 17105-8468 or skepner@pa.gov.

Effective Date: Upon publication of notice as final in the *Pennsylvania Bulletin*.

Net Metering—Use of Third Party Operators

Public Meeting held
 June 30, 2011

Commissioners Present: Robert F. Powelson, Chairperson; John F. Coleman, Jr., Vice Chairperson; Tyrone J. Christy; Wayne E. Gardner; James H. Cawley

Net Metering—Use of Third Party Operators;
Doc. No. M-2011-2249441

Tentative Order

By the Commission:

With the passage of the Alternative Energy Portfolio Standards Act of 2004¹ (AEPS Act), this Commonwealth embarked on a policy of promoting renewable generation sources. The Commission has been steadfastly committed to making the AEPS Act work and promoting reasonable alternative energy policies. With this Tentative Order, we propose that it be the policy of the Commission that the term “operator” shall be interpreted as including customer-generators with distributed alternative energy systems that contract with a third party to perform the operational functions of the system, and seek comment on this proposal, as set forth more completely in this Tentative Order.

¹ 73 P.S. §§ 1648.1—1648.8 and 66 Pa.C.S. § 2814.

Background

On November 30, 2004, Governor Edward Rendell signed Act 213 into law. Act 213 became effective on February 28, 2005, and established the Alternative Energy Portfolio Standards Act in Pennsylvania. The AEPS Act includes two key mandates: one, greater reliance on alternative energy sources, such as solar photovoltaic, in serving Pennsylvania’s retail electric customers; and two, the opportunity for customer-generators to interconnect and net meter small alternative energy systems. The Pennsylvania General Assembly charged the Commission with implementing and enforcing these mandates, with the assistance of the Pennsylvania Department of Environmental Protection.²

The AEPS Act defines net metering as “[t]he means of measuring the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator when any portion of the electricity generated by the alternative energy generating system is used to offset part or all of the customer-generator’s requirements for electricity.”³ The AEPS Act also permits virtual net metering “on properties owned or leased and operated by a customer-generator and located within two miles of the boundaries of the customer-generator’s property and within a single electric distribution company’s service territory.”⁴

The AEPS Act defines a customer-generator as:

a nonutility owner or operator of a net metered distributed generation system with a nameplate capacity of not greater than 50 kilowatts if installed at a residential service or not larger than 3,000 kilowatts at other customer service locations, except for customers whose systems are above three megawatts and up to five megawatts who make their systems available to operate in parallel with the electric utility during grid emergencies as defined by the regional transmission organization or where a microgrid is in place for the primary or secondary purpose of maintaining critical infrastructure, such as homeland security assignments, emergency services facilities, hospitals, traffic signals, wastewater treatment plants or telecommunications facilities, provided that technical rules for operating generators interconnected with facilities of an electric distribution company, electric cooperative or municipal electric system have been promulgated by the Institute of Electrical and Electronic Engineers and the Pennsylvania Public Utility Commission.⁵

The Commission’s regulations require electric distribution companies (EDCs) to “offer net metering to customer-generators that generate electricity on the customer-generator’s side of the meter using Tier I or Tier II alternative energy sources, on a first come, first served basis.”⁶ Regarding electric generation suppliers (EGSs) the Commission’s regulations state that “EGSs may offer net metering to customer-generators, on a first come, first served basis, under the terms and conditions as are set forth in agreements between EGSs and customer-generators taking services from EGSs.”⁷

² 73 P.S. § 1648.7(a) and (b).

³ 73 P.S. § 1648.2.

⁴ See definition of net metering at 73 P.S. § 1648.2.

⁵ 73 P.S. § 1648.2.

⁶ 52 Pa. Code § 75.13(a).

⁷ Id.

The Commission's regulations define a customer-generator facility as "[t]he equipment used by a customer-generator to generate, manage, monitor and deliver electricity to the EDC."⁸ The Commission's regulations also define net metering as "[t]he means of measuring the difference between the electricity supplied by an electric utility or EGS and the electricity generated by a customer-generator when any portion of the electricity generated by the alternative energy generation system is used to offset part or all of the customer-generator's requirements for electricity."⁹

Discussion

We believe that it should be the policy of this Commission to support access to alternative energy systems to as broad an array of consumers as possible. We are aware of the fact that consumers often may need to make a significant initial capital outlay in order to install an alternative energy facility at their residence or small business, and that this significant capital expense is an impediment to many consumers wishing to install such systems.

We are aware of a business model employed in other states whereby an alternative energy system developer will install a system on a customer's premises while maintaining ownership and performing maintenance and operations functions of that system. The electricity generated by the installed alternative energy system is then sold to the consumer through a power purchase agreement. Proponents of this business model are concerned, however, that the AEPS Act and the Commission's corresponding Regulations could be interpreted as prohibiting such a facility from net metering.

To prevent prejudice to consumers wanting to take advantage of this business model, we propose that it be the policy of this Commission to allow alternative energy systems installed using the business model described above to net meter. Specifically, for the purposes of net metering, it should be the policy of this Commission that the term "operator"¹⁰ shall be interpreted as including customer-generators with distributed alternative energy systems that contract with a third-party to perform the operational functions of that system. We further propose that it be the policy of this Commission to limit this interpretation to alternative energy systems installed on property owned or leased by the customer-generator and designed to generate no more than 110% of the customer-generator's electric consumption¹¹ and the nameplate capacity of the system does not exceed the size limits defined in the AEPS Act.¹²

We are proposing the system size limitation of 110% of a customer-generator's prior year electricity consumption to prevent the installation of oversized alternative energy systems that are more accurately described as merchant generation posing as customer-generators. The Commission believes that not allowing merchant generation to net meter is reasonable and consistent with the intent of the AEPS Act. We note that the definition of net metering

⁸ 52 Pa. Code § 75.12.

⁹ Id.

¹⁰ As found in the definition of "customer-generator" at 73 P.S. § 1648.2.

¹¹ As measured by the customer-generator's total electric usage in the 12 full months immediately preceding submission of the interconnection application. In the event of a system expansion, the customer-generator would need to demonstrate that the expansion is designed not to exceed 110% of their electricity consumption in the 12 full months immediately preceding submission of the expansion application, in order to fall within the policy proposed in this Order.

¹² As set forth in the definition of "customer-generator" at 73 P.S. § 1648.2.

contained in the AEPS Act makes it clear that the intent of net metering is to provide electric utility customers with a reasonable means to offset their electric consumption without having to install expensive and potentially hazardous electric storage devices. We do not believe the AEPS Act intended net metering as an avenue for merchant generators to circumvent the wholesale electric market in an attempt to avoid Federal Energy Regulatory Commission jurisdiction. Furthermore, we do not believe it was the intent of the AEPS Act to provide retail rate subsidies¹³ to merchant generation facilities at retail customer expense that may result in cross-class subsidization.

Conclusion

With this Tentative Order, the Commission seeks comments on the proposed net metering policy described in this Tentative Order. This Tentative Order and filed comments will be made available to the public on the Commission's alternative energy¹⁴ web page. *Therefore,*

It Is Ordered That:

1. This Tentative Order shall be published in the *Pennsylvania Bulletin* and served upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, all jurisdictional electric distribution companies, all licensed electric generation suppliers, and all parties who filed comments under Docket No. L-00050174.
