READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 1915]

Amendment of Rules 1915.1, 1915.3, 1915.4-1, 1915.4-2, 1915.4-3, 1915.5, 1915.6, 1915.7, 1915.10, 1915.11, 1915.12, 1915.13, 1915.14, 1915.15, 1915.16 and 1915.25 and Adoption of Rules 1915.3-2, 1915.11-2, 1915.17, 1915.19 and 1915.21 of the Rules of Civil Procedure; No. 586 Civil Procedural Rules Doc.

Amended Order

Per Curiam

And Now, this 1st day of August, 2013, upon the recommendation of the Domestic Relations Procedural Rules Committee; the proposal having been published for public comment in the *Pennsylvania Bulletin*, 41 Pa.B. 3719 (July 9, 2011) and *West's Pennsylvania Reporter*, 19 A.3d No. 4, Ct.R-3-28 (July 8, 2011):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules 1915.1, 1915.3, 1915.4-1, 1915.4-2, 1915.4-3, 1915.5, 1915.6, 1915.7, 1915.10, 1915.11, 1915.12, 1915.13, 1915.14, 1915.15, 1915.16 and 1915.25 of the Pennsylvania Rules of Civil Procedure are amended and Rules 1915.3-2, 1915.11-2, 1915.17, 1915.19 and 1915.21 of the Pennsylvania Rules of Civil Procedure are adopted in the following form.

Mr. Justice Saylor differs with the Court's decision to redefine "relocations," for purposes of 23 Pa.C.S. § 5337, to exclude uncontested relocations. *See* Pa.R.C.P. No. 1915.17(c). In Justice Saylor's view, the General Assembly obviously considered consensual relocations to be "relocations," under 23 Pa.C.S. § 5337, since the Legislature has specified that consent serves as a basis pursuant to which a relocation may occur, *see* 23 Pa.C.S. § 5337(b) ("No relocation shall occur unless . . . every individual who has custody rights to the child consents to the proposed relocation; or . . . the court approves the proposed relocation." (emphasis added)), and required formal confirmation of a child's relocation where no objection is filed, *see id.* § 5337(e). Justice Saylor also dissents relative to the partial suspension of the statute setting forth the duties and responsibilities of a guardian *ad litem*, and corresponding changes to the Rules of Civil Procedure. *See* Pa.R.C.P. Nos. 1915.11(a), 1915.11-2 & Note (reflecting the partial suspension of 23 Pa.C.S. § 5334), 1915.25 (same).

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective on September 3, 2013.

TITLE 231. RULES OF CIVIL PROCEDURE PART I. GENERAL

CHAPTER 1915. ACTIONS FOR CUSTODY[, PARTIAL CUSTODY AND VISITATION] OF MINOR CHILDREN

Rule 1915.1. Scope. Definitions.

(a) [(1)] These rules govern the practice and procedure in all actions for **legal and physical custody**[, **partial**

custody and visitation] of minor children, including habeas corpus proceedings and claims for custody[, **partial custody or visitation**] asserted in an action of divorce [**or support**].

Official Note: The term custody includes [**legal custody, physical custody and shared custody**] **shared legal custody, sole legal custody, partial physical custody, primary physical custody, shared physical custody, sole physical custody and supervised physical custody**. *See* [**Definition Rule 1915.1(b)**] 23 Pa.C.S. § 5322(a). [**Divorce**] Rule 1920.32(a) provides that when a claim for custody is joined with the action of divorce, the practice and procedure governing the claim for custody shall be in accordance with these rules.

[(2) **If a claim for partial custody or visitation is raised during the course of an action for support, the court may**

(i) **enter an order with respect to the right to partial custody or visitation where there is**

(A) **proper venue under Rule 1915.2, and**

(B) **no current order of custody, partial custody or visitation outstanding, and**

(C) **no objection by a party to the determination of the claim, and**

(D) **no delay in the entry of the support order resulting from the determination of the claim; or**

Official Note: *See Myers v. Young*, 285 Pa. Super. 254, 427 A.2d 209, 211 (1981), which held that "the trial court properly declined to defer the entry of an order of support until satisfactory visitation rights had been established."

(ii) **require the commencement of a separate action pursuant to these rules.**

Official Note: *See* 23 Pa.C.S. § 4349 which authorizes custody and visitation proceedings to be consolidated with support proceedings "to facilitate frequent and unimpeded contact between children and parents" if the custody or visitation matter may be "fairly and expeditiously . . . determined and disposed of in the support action or proceeding."]

(b) As used in this chapter, unless the context of a rule indicates otherwise,

"action" means all proceedings for **legal and physical custody**[, **partial custody or visitation**,] and proceedings for modification of prior orders of any court;

* * * * *

"legal custody" means the [**legal**] right to make major decisions [**affecting the best interests of a minor**] **on behalf of the child**, including, but not limited to, medical, religious and educational decisions;

"partial physical custody" means the right to [**take possession of a child away from the custodial person for a certain period of time**] **assume physical custody of the child for less than a majority of the time;**

"person acting as parent" means a person other than a parent, including an institution, who has physical custody

of a child and who has either been awarded custody by a court or claims a right to custody;

“physical custody” means the actual physical possession and control of a child;

“primary physical custody” means the right to assume physical custody of the child for the majority of time;

“relocation” means a change in a residence of the child which significantly impairs the ability of a non-relocating party to exercise custodial rights;

“shared legal custody” means the right of more than one individual to legal custody of the child;

“shared physical custody” means [shared legal or shared physical custody or both of a child in such a way as to assure the child of frequent and continuing contact, including physical access, to both parents; and] the right of more than one individual to assume physical custody of the child, each having significant periods of physical custodial time with the child;

“sole legal custody” means the right of one individual to exclusive legal custody of the child;

“sole physical custody” means the right of one individual to exclusive physical custody of the child; and

“supervised physical custody” means custodial time during which an agency or an adult designated by the court or agreed upon by the parties monitors the interaction between the child and the individual with those rights.

Official Note: The term “supervised visitation” in the prior statute has been replaced by the term “supervised physical custody.”

[“visitation” means the right to visit a child, but does not include the right to remove the child from the custodial person’s control.]

Official Note: The definitions of the terms of the various forms of legal custody[,] and physical custody [and shared custody] are taken from 23 [Pa.C.S.A. §§ 5302] Pa.C.S. § 5322(a).

For additional definitions, see the Uniform Child Custody Jurisdiction and Enforcement Act, 23 [Pa.C.S.A.] Pa.C.S. § 5402.

[Explanatory Comment—1994

Whatever context in which the claim for custody, partial custody or visitation will arise, subdivision (a)(1) provides that the proposed rules will govern the practice and procedure. The custody rule is reinforced by Divorce Rule 1920.32(a).

Subdivision (b) provides the necessary definitions for the rules. The rules adopt the terms “custody,” “partial custody,” and “visitation” suggested by Judge Spaeth in his concurring opinion in *Scott v. Scott*, 240 Pa. Super. 65, 368 A.2d 288, 291 (1976).]

* * * * *

Rule 1915.3. Commencement of Action. Complaint. Order.

(a) Except as provided by subdivision (c), an action shall be commenced by filing a verified complaint substantially in the form provided by Rule 1915.15(a).

(b) An order shall be attached to the complaint directing the defendant to appear at a time and place specified. The order shall be substantially in the form provided by Rule 1915.15(b).

Official Note: See § 5430(d) of the Uniform Child Custody Jurisdiction and Enforcement Act, 23 [Pa.C.S.A.] Pa.C.S. § 5430(d), relating to costs and expenses for appearance of parties and child, and 23 [Pa.C.S.A.] Pa.C.S. § 5471, relating to intrastate application of the Uniform Child Custody Jurisdiction and Enforcement Act.

(c) A claim for custody[, partial custody or visitation] which is joined with an action of divorce shall be asserted in the complaint or a subsequent petition, which shall be substantially in the form provided by Rule 1915.15(a).

Official Note: [Divorce] Rule 1920.13(b) provides that claims which may be joined with an action of divorce shall be raised by the complaint or a subsequent petition.

(d) If the mother of the child is not married and the child has no legal or presumptive father, then a putative father initiating an action for custody[, partial custody or visitation] must file a claim of paternity pursuant to 23 Pa.C.S. § 5103 and attach a copy to the complaint in the custody action.

Official Note: If a putative father is uncertain of paternity, the correct procedure is to commence a civil action for paternity pursuant to the procedures set forth at Rule 1930.6.

(e) A grandparent **who is not in loco parentis to the child and is seeking physical and/or legal custody of a grandchild** pursuant to 23 Pa.C.S. §§ [5313(b)] 5323 must plead, in paragraph [7] 9 of the complaint set forth at Rule 1915.15(a), facts establishing [the elements of a cause of action under §§ 5313(b)(1), (2) and (3)] standing under § 5324(3). A grandparent or great-grandparent seeking partial physical custody or supervised physical custody must plead, in paragraph 9 of the complaint, facts establishing standing pursuant to 23 Pa.C.S. § 5325.

[Explanatory Comment—2002

In *R.M. v. Baxter*, 777 A.2d 446 (Pa.2001), the Pennsylvania Supreme Court held that 23 Pa.C.S. § 5313(b) confers automatic standing on grandparents to seek physical and legal custody of a grandchild. However, establishing a cause of action under the statute requires the existence of the elements set forth at 23 Pa.C.S. §§ 5313(b)(1), (2) and (3).]

(Editor’s Note: The following rule is new and printed in regular type to enhance readability.)

Rule 1915.3-2. Criminal or Abuse History.

(a) *Criminal or Abuse History Verification.* The petitioner must file and serve with the complaint, or any petition for modification, a verification regarding any criminal or abuse history of the petitioner and anyone living in the petitioner’s household. The verification shall be substantially in the form set forth in subdivision (c) below. The petitioner must attach a blank verification form to a complaint or petition served upon the respondent. Although the respondent need not file a responsive pleading pursuant to Rule 1915.5, the respondent must file with the court a verification regarding any criminal or

abuse history of the respondent and anyone living in the respondent's household on or before the initial in-person contact with the court (including, but not limited to, a conference with a conference officer or judge or conciliation, depending upon the procedure in the judicial district) but not later than 30 days after service of the complaint or petition upon the respondent. Both parties shall file and serve updated verifications five days prior to trial.

(b) *Initial Evaluation.* At the initial in-person contact with the court, the judge, conference officer, conciliator or other appointed individual shall perform an initial evaluation to determine whether the existence of a criminal or abuse history of either party or a party's household member poses a threat to the child and whether counseling is necessary. The initial evaluation required by 23 Pa.C.S. § 5329(c) shall not be conducted by a mental health professional. After the initial evaluation, the court may order further evaluation or counseling by a mental health professional if the court determines it is necessary.

Consistent with the best interests of the child, the court may enter a temporary custody order on behalf of a party with a criminal history or a party with a household member who has a criminal history, pending the party's or household member's evaluation and/or counseling.

Official Note: The court shall consider evidence of criminal or abusive history presented by the parties. There is no obligation for the court to conduct an independent investigation of the criminal or abusive history of either party or members of their household. The court should not consider ARD or other diversionary programs. When determining whether a party or household member requires further evaluation or counseling, or whether a party or household member poses a threat to a child, the court should give consideration to the severity of the offense, the age of the offense, whether the victim of the offense was a child or family member and whether the offense involved violence.

(c) *Verification.* The verification regarding criminal or abuse history shall be substantially in the following form:

Rule 1915.4-1. Alternative Hearing Procedures for Partial Custody [or Visitation] Actions.

(a) A custody action shall proceed as prescribed by Rule 1915.4-3 unless the court, by local rule, adopts the alternative hearing procedure authorized by Rule 1915.4-2 pursuant to which an action for partial custody [or visitation] may be heard by a hearing officer, except as provided in subdivision (b) below.

(b) Promptly after the parties' initial contact with the court as set forth in Rule 1915.4(a), a party may move the court for a hearing before a judge, rather than a hearing

officer, in an action for partial custody [or visitation] where:

* * * * *

Explanatory Comment—1994

These [new] rules provide an optional procedure for using hearing officers in partial custody [and visitation] cases. The procedure is similar to the one provided for support cases in Rule 1910.12: a conference, record hearing before a hearing officer and argument on exceptions before a judge. The terms "conference officer" and

“hearing officer” have the same meaning here as in the support rules.

It is important to note that use of the procedure prescribed in Rules 1915.4-1 and 1915.4-2 is optional rather than mandatory. Counties which prefer to have all partial custody [**and visitation**] cases heard by a judge may continue to do so.

* * * * *

Rule 1915.4-2. Partial Custody. [**Visitation.**] Office Conference. Hearing. Record. Exceptions. Order.

(a) *Office Conference.*

* * * * *

(3) The conference officer may make a recommendation to the parties relating to partial custody or [**visitation**] **supervised physical custody** of the child or children. If an agreement for partial custody or [**visitation**] **supervised physical custody** is reached at the conference, the conference officer shall prepare a written order in conformity with the agreement for signature by the parties and submission to the court together with the officer’s recommendation for approval or disapproval. The court may enter an order in accordance with the agreement without hearing the parties.

(4) At the conclusion of the conference, if an agreement relating to partial custody or [**visitation**] **supervised physical custody** has not been reached, the parties shall be given notice of the date, time and place of a hearing before a hearing officer, which may be the same day, but in no event shall be more than forty-five days from the date of the conference.

(b) *Hearing.*

* * * * *

(3) Within ten days of the conclusion of the hearing, the hearing officer shall file with the court and serve upon all parties a report containing a recommendation with respect to the entry of an order of partial custody or [**visitation**] **supervised physical custody**. The report may be in narrative form stating the reasons for the recommendation and shall include a proposed order, including a specific schedule for partial custody or [**visitation**] **supervised physical custody**.

* * * * *

Rule 1915.4-3. Non-Record Proceedings. Trials.

(a) *Non-Record Proceedings.* In those jurisdictions [**which**] **that** utilize an initial non-record proceeding such as a conciliation conference or office conference, if no agreement is reached at the conclusion of the proceeding, the conference officer or conciliator shall promptly notify the court that the matter should be listed for trial.

* * * * *

Rule 1915.5. Question of Jurisdiction or Venue. No Responsive Pleading by Defendant Required. Counterclaim. Discovery.

* * * * *

(b) A party may file a counterclaim asserting the right of **physical or legal custody**[, **partial custody or visitation**] within twenty days of service of the complaint upon that party or at the time of hearing, which

ever first occurs. The claim shall be in the same form as a complaint as required by Rule 1915.3.

* * * * *

Rule 1915.6. Joinder of Parties.

(a)(1) If the court learns from the pleadings or any other source that a parent whose parental rights have not been previously terminated or a person who has physical custody of the child is not a party to the action, it shall order that the person be joined as a party. Such person shall be served with a copy of all prior pleadings and notice of the joinder substantially in the form prescribed by Rule 1915.16(a).

* * * * *

(3) The person joined may file a counterclaim asserting a right to **physical or legal custody**[, **partial custody or visitation**] in the form required for a complaint by Rule 1915.3. A copy of the counterclaim shall be served upon all other parties to the action as provided by Rule 440.

(b) If the court learns from the pleadings or any other source that any other person who claims to have [**custody or visitation**] **custodial** rights with respect to the child is not a party to the action, it shall order that notice be given to that person of the pendency of the action and of the right to intervene therein. The notice shall be substantially in the form prescribed by Rule 1915.16(b).

Explanatory Comment—1994

The position taken by the rules is that a person in physical custody of the child and a parent whose parental rights have not been terminated are necessary parties to a custody determination. While it may be desirable to have other persons who claim custody [**or visitation**] rights as parties to the action, their joinder is not a prerequisite to a custody determination.

Rule 1915.7. Consent Order.

If an agreement for custody[, **partial custody or visitation**] is reached and the parties desire a consent order to be entered, they shall note their agreement upon the record or shall submit to the court a proposed order bearing the written consent of the parties or their counsel.

Rule 1915.10. **Decision. Order.**

(a) The court may make the decision before the testimony has been transcribed. **The court shall state the reasons for its decision either on the record in open court, in a written opinion, or in the order.**

(b) **The terms of the order shall be sufficiently specific to enforce the order. The court’s decision shall include safety provisions designed to protect an endangered party or a child in any case in which the court has found that either is at risk of harm.**

(c) **Any custody order shall include notice of a party’s obligations pursuant to 23 Pa.C.S. § 5337 dealing with a party’s intention to relocate with a minor child.**

(d) No motion for post-trial relief may be filed to an order of **legal or physical custody**[, **partial custody or visitation**].

[*Official Note:* See 23 Pa.C.S. § 5301 et seq. for provisions relating to the award of sole or shared

custody (§§ 5303, 5304), counseling and the temporary award of custody pending counseling (§ 5305), submission of a plan to implement a custody order (§ 5306), removal of a party or child from the Commonwealth (§ 5308), access to records of the child (§ 5309), and modification of existing custody orders (§ 5310).

The statute also provides that the court shall state on the record its reasons when it declines to enter an award of custody as agreed to by the parents or under the plan developed by them (23 Pa.C.S. § 5307.)]

[Explanatory Comment—1981

Subdivision (a) attempts to balance the right of the parties to be informed of the bases for the court's decision with the burden that right imposes upon the court. The rule imposes a minimal burden by requiring the court to give the reasons for its decision in contested cases involving custody and partial custody. The court may give its reasons in contested cases involving visitation, but it is not required to do so. The reasons may be stated in narrative form.

The decision differs significantly from the opinion which will be required if an action is appealed to the Superior Court. In that event, the trial judge must file "a complete and comprehensive opinion which contains a thorough analysis of the record and specific reasons for the court's ultimate decision." *In re Jennifer Lynn Arnold*, 286 Pa. Super. 171, 428 A.2d 627 (1981).

Except for enforcement or contempt proceedings, there is no post-trial practice. Subdivision (a) provides that the order entered by the lower court is "a final order for purposes of appeal." Subdivision (c) (now, subd. (b)) prohibits the filing of exceptions to the order of custody, partial custody or visitation.

The court need not wait until the testimony has been transcribed to make its decision and enter the order. This may be done at the conclusion of the hearing.]

Explanatory Comment—2013

The custody statute, at 23 Pa.C.S. § 5323(d), requires the court to delineate the reasons for its decision on the record in open court or in a written opinion or order. Subdivision (b) further defines and reinforces the requirements found in 23 Pa.C.S. § 5323(e). Examples of safety provisions include, but are not limited to: supervised physical custody, supervised or neutral custody exchange location, neutral party presence at custody exchange, telephone or computer-facilitated contact with the child, no direct contact between the parties, third-party contact for cancellations, third-party transportation and designating secure, neutral location for a child's passport. The statute, at 23 Pa.C.S. § 5323, requires that any custody order must include notice of a party's obligations when there is a proposed relocation under 23 Pa.C.S. § 5337. Rule 1915.17 also addresses relocation.

Rule 1915.11. Appointment of Attorney for Child. Interrogation of Child. Attendance of Child at Hearing or Conference.

(a) The court may on its own motion, or the motion of a party, appoint an attorney to represent the child in the

action. Counsel for the child shall represent the child's legal interests and zealously represent the child as any other client in an attorney-client relationship. Counsel for the child shall not perform the role of a guardian ad litem or best interests attorney. The court may assess the cost upon the parties or any of them or as otherwise provided by law. The order appointing an attorney to represent the child shall be in substantially the form set forth in Rule 1915.19.

* * * * *

[Explanatory Comment—1981

Rule 1915.11 does not address the question of the right of the child to separate counsel. It merely recognizes that if the circumstances of a particular case warrant counsel for the child, the court may appoint an attorney on its own motion or on the motion of a party.

The Superior Court has prescribed a procedure for the interrogation of a child who is the subject of a custody action. In *Gerald G. v. Theresa G.*, 284 Pa. Super. 498, 426 A.2d 157 (1981), the court stated that: "when a hearing judge interviews a child in a custody case, certain procedures must be generally met: (1) counsel must be present; (2) counsel must have the opportunity to question the child; and (3) the testimony must be transcribed and made a part of the record." Subdivision (b) incorporates this procedure.

There may be cases in which it is appropriate to interrogate the child in open court or in the presence of the parties. To accommodate these occasions, subdivision (b) leaves these matters to the discretion of the trial judge.]

Explanatory Comment—1991

Rule 1915.15(b) provides a form of order to appear at a conference or hearing in an action for custody, partial custody or visitation of minor children. Prior to its recent amendment, the form required that one or more children who are the subject of the action attend the hearing or conference.

However, the presence of a child in court is not always necessary or desirable. The experience may be traumatic and disruptive. Consequently, the child should not be required to attend a hearing or conference in every case. When the presence of a child is required and the custodial party does not voluntarily bring the child, the court may issue an order for the child's attendance.

[**New subdivision**] Subdivision (c) has been added to Rule 1915.11 to provide that, in the absence of an order of court, a child who is the subject of the action need not be brought to a conference or a hearing before the court. The form of order to appear provided by Rule 1915.15(b) has been revised to implement this policy.

(*Editor's Note:* The following rule is new and printed in regular type to enhance readability.)

Rule 1915.11-2. Appointment of Guardian Ad Litem.

(a) The court may, on its own motion or the motion of a party, appoint a guardian ad litem to represent the best interests of the child in a custody action. The guardian ad litem shall be a licensed attorney or licensed mental health professional. The guardian ad litem shall not act as the child's counsel or represent the child's legal interests. Prior to appointing a guardian ad litem, the

court shall make a finding that the appointment is necessary to assist the court in determining the best interests of the child.

(b) The court may order either or both parties to pay all or part of the costs of appointing a guardian ad litem.

(c) The guardian ad litem shall file of record and provide copies of any reports prepared by the guardian ad litem to each party and the court not later than 20 days prior to trial. The admissibility of the report shall be determined at the hearing. Prior to disclosure to the parties of confidential information prohibited by 23 Pa.C.S. § 5336, the court shall make a determination of whether the information may be disclosed. The guardian ad litem shall attend all proceedings and be prepared to testify. The guardian ad litem shall be subject to cross-examination if called to testify by either party or the court.

(d) The order appointing a guardian ad litem shall be in substantially the form set forth in Rule 1915.21.

Official Note: 23 Pa.C.S. § 5334 is suspended insofar as it (1) requires that a guardian ad litem be an attorney, (2) permits the guardian ad litem to represent both the best interests and legal interests of the child, (3) provides the guardian ad litem the right to examine, cross-examine, present witnesses and present evidence on behalf of the child, and (4) prohibits the guardian ad litem from testifying.

Rule 1915.12. Civil Contempt for Disobedience of Custody Order. Petition. Form of Petition. Service. Order.

(a) A petition for civil contempt shall begin with a notice and order to appear in substantially the following form:

NOTICE AND ORDER TO APPEAR

Legal proceedings have been brought against you alleging you have willfully disobeyed an order of court for [(custody) (partial custody) (visitation)] custody. If you wish to defend against the claim set forth in the following pages, you may but are not required to file in writing with the court your defenses or objections. Whether or not you file in writing with the court your defenses or objections, you must appear in person in court on _____, at _____m., in Courtroom _____, (Day and Date) (Time) _____ (Address)

* * * * *

If the court finds that you have willfully failed to comply with its order [for (custody) (partial custody) (visitation)], you may be found to be in contempt of court and committed to jail, fined or both.

* * * * *

(b) The petition shall allege the facts which constitute [wilful] wilful failure to comply with the custody[, partial custody or visitation] order, a copy of which shall be attached to the petition.

(c) The petition shall be in substantially the following form:

(Caption)

PETITION FOR CIVIL CONTEMPT FOR DISOBEDIENCE OF [(CUSTODY) (PARTIAL CUSTODY) (VISITATION)] CUSTODY ORDER

The Petition of _____, respectfully represents:

1. That on _____, Judge _____ entered an Order awarding (Petitioner) (Respondent) [(custody) (partial custody) (visitation)] (shared legal custody) (sole legal custody) (partial physical custody) (primary physical custody) (shared physical custody) (sole physical custody) (supervised physical custody) of the minor child(ren)

(Name(s) of Child(ren))

* * * * *

(e) After hearing, an order committing a respondent to jail for contempt of a custody[, partial custody or visitation] order shall specify the condition which must be fulfilled to obtain release of the respondent.

Official Note: [See 23 Pa.C.S.A. § 4346 relating to contempt for noncompliance with visitation or partial custody order.]

See the Uniform Child Custody Jurisdiction and Enforcement Act, 23 [Pa.C.S.A.] Pa.C.S. §§ 5443 and 5445, relating to registration and enforcement of custody decrees of another state, and 23 [Pa.C.S.A.] Pa.C.S. § 5471, relating to intrastate application of the Uniform Child Custody Jurisdiction and Enforcement Act.

[Explanatory Comment—1981

In *Cahalin v. Goodman*, 280 Pa. Super. 228, 421 A.2d 696 (1980), the Superior Court imposed upon custody proceedings the five-step contempt procedure mandated by *Crislip v. Harshman*, 243 Pa. Super 349, 365 A.2d 1260 (1976), in actions for support.

Rule 1915.12 provides a streamlined contempt procedure. Subdivision (a) prescribes the nature of the petition. It will begin with a notice and order in the nature of an extended notice to defend. The notice includes the time and location of the hearing upon the petition and the consequences of a failure to appear. The petition must contain facts showing a "willful" failure to obey the custody, partial custody or visitation order.

The prothonotary or another person designated by the court is to serve the petition upon the defendant by regular mail. Safeguards are provided by subdivision (c) for continuance of the hearing when the defendant fails to appear. The court is then given the option of either ordering personal service of the petition with a notice of a new hearing date or issuing a bench warrant as may be appropriate. If personal service is ordered, it shall be by the sheriff. If a bench warrant is issued, the rule directs that the warrant provide for producing the defendant in court and not for imprisonment in the county jail. The object of the warrant is to bring the defendant before the court and not to have the defendant languish in jail overnight or over a weekend.

The defendant is not required to answer the petition and he is given a period of at least seven days in which to defend.

Subdivision (d) continues the present case law requirement that the order state the condition which must be fulfilled so that the defendant will be released from prison.]

Rule 1915.13. Special Relief.

At any time after commencement of the action, the court may on application or its own motion grant appropriate interim or special relief. The relief may include, but is not limited to, the award of temporary legal or physical custody[, partial custody or visitation]; the issuance of appropriate process directing that a child or a party or person having physical custody of a child be brought before the court; and a direction that a person post security to appear with the child when directed by the court or to comply with any order of the court.

Official Note: This rule supplies relief formerly available by habeas corpus for production of the child.

Explanatory Comment—1981

Rule 1915.13 contains a broad provision empowering the court to provide special relief where appropriate. In a custody proceeding, such special relief might include relief in the nature of a writ of ne exeat, directing the parties not to leave the jurisdiction and not to remove the child from the jurisdiction.

The rule catalogs several types of relief which might be granted, including the entry of a temporary order of custody, partial custody or visitation. The rule specifically provides that the power of the court to grant special relief shall not be limited to the types of relief cataloged.

Rule 1915.14. Disobedience of Order. Arrest. Contempt.

If a person disobeys an order of court other than a custody[, partial custody or visitation] order, the court may issue a bench warrant for the arrest of the person and if the disobedience is [wilful] willful may, after hearing, adjudge the person to be in contempt.

Official Note: For disobedience of a custody[, partial custody or visitation] order, see Rule 1915.12.

[Explanatory Comment—1981

Rule 1915.14 governs disobedience of orders of court other than an order of custody, partial custody or visitation. Contempt of a custody, partial custody or visitation order is governed by Rule 1915.12.

Although general in terms, the rule will apply primarily to a party who fails to appear before the judge at the hearing.

The failure to obey a court order includes the failure of a party to bring a child to a hearing as required by order of court as well as the failure to appear in person.

The failure to obey an order of court is itself sufficient to cause the court to issue a warrant. However, the finding of contempt may be made only after a hearing at which it is determined that the failure to obey the order was wilful.]

Rule 1915.15. Form of Complaint. Caption. Order. Petition to Modify a [Partial] Custody [or Visitation] Order.

(a) The complaint in an action for custody[, partial custody or visitation] shall be in substantially the following form:

(Caption)

* * * * *

3. Plaintiff seeks [(custody) (partial custody) (visitation)] (shared legal custody) (sole legal custody) (partial physical custody) (primary physical custody) (shared physical custody) (sole physical custody) (supervised physical custody) of the following child(ren):

PART G. Procedures Following Filing of Information

Rule 568. Notice of Defense of Insanity or Mental Infirmary; Notice of Expert Evidence of a Mental Condition.

(A) NOTICE BY DEFENDANT

* * * * *

(2) Notice of Expert Evidence of Mental Condition

[A] Except as provided in Rule 841, a defendant who intends to introduce expert evidence relating to a mental disease or defect or any other mental condition of the defendant bearing (1) on the issue of guilt, or (2) in a capital case, on the issue of punishment, shall file with the clerk of courts not later than the time required for filing an omnibus pretrial motion provided in Rule 579 a notice of the intention to offer this expert evidence, and shall serve a copy of the notice and a certificate of service on the attorney for the Commonwealth.

Comment

This rule, which is derived from paragraphs (C)(1)(b), (c)—(f), and (D) of Rule 573 (Pretrial Discovery and Inspection) and was made a separate rule in 2006, sets forth the notice procedures when a defendant intends to raise a defense of insanity or mental infirmity, or introduce evidence relating to a mental disease or defect or any other mental condition at trial.

For the procedures related to the determination of mental retardation precluding imposition of a sentence of death, see Chapter 8 Part (B).

The reference in paragraph (A) to Rule 579 (Time for Omnibus Pretrial Motion and Service) contemplates consideration of the exceptions to the time for filing set forth in Rule 579(A).

CHAPTER 8. SPECIAL RULES FOR CASES IN WHICH DEATH SENTENCE IS AUTHORIZED

PART A. GUILT AND PENALTY DETERMINATION PROCEDURES

Rule 800. Applicability of [Subchapter] Part A.

Except as provided in Rule 801, the rules [of this chapter] in Part A shall apply to the guilt and penalty determination phases of all cases in which the imposition of a sentence of death is authorized by law.

Comment

The 1990 amendment to this rule [makes] made it clear that **Part A of Chapter 8** applies to both the guilt determination and sentencing phases of cases in which the death penalty is authorized. **The chapter was amended in 2013 by the addition of Part B providing special procedures for seeking to preclude imposition of a sentence of death by reason of the defendant’s mental retardation.**

Except as provided in [this chapter] Part A, trial and retrial procedures in death penalty cases are governed by the Rules of Criminal Procedure generally.

For sentencing generally in death penalty cases, see the Sentencing Code, 42 Pa.C.S. § 9711.

The sentencing procedures in [this chapter] Part A and in the Sentencing Code also apply when the trial court orders a new sentencing proceeding, or when the Supreme Court vacates a sentence of death and remands a case for redetermination of sentence pursuant to 42 Pa.C.S. § 9711(h)(4).

When a jury is empaneled for the first time for sentencing, or for resentencing, the jury trial rules (Chapter 6) apply. See, for example, Rule 631 (Examination and Challenges of Trial Jurors).

[This chapter] Part A does not provide procedures for those cases in which the Supreme Court vacates a

sentence of death and remands the case to the trial court for the imposition of a life imprisonment sentence. See 42 Pa.C.S. § 9711(h)(4).

For post-verdict procedures in cases in which a sentence of death is authorized by law, see Rule 811.

Official Note: Previous Rule 351 adopted September 22, 1976, effective November 1, 1976; rescinded April 2, 1978, effective immediately. Present Rule 351 adopted July 1, 1985, effective August 1, 1985; Comment revised February 1, 1989, effective July 1, 1989; amended October 29, 1990, effective January 1, 1991; renumbered Rule 800 and amended March 1, 2000, effective April 1, 2001; amended October 1, 2012, effective November 1, 2012; **amended July 31, 2013, effective October 1, 2013.**

Rule 807. Sentencing Verdict Slip.

(A) JURY

(1) [In] Except as provided in paragraph (2), in all cases in which the sentencing proceeding is conducted before a jury, the judge shall furnish the jury with a jury sentencing verdict slip in the form provided by Rule 808.

(2) In cases in which the jury is to determine if imposition of a sentence of death is precluded due to the defendant’s mental retardation, the judge shall furnish the jury with the sentencing verdict slip in the form required by Rule 845. If the jury subsequently does not find unanimously that the defendant is mentally retarded, the judge then shall furnish the jury with a jury sentencing verdict slip in the form provided by Rule 808.

(3) Before the jury retires to deliberate, the judge shall meet with counsel and determine those aggravating and mitigating circumstances of which there is some evidence. The judge shall then set forth those circumstances on the sentencing verdict slip using the language provided by law.

[(3)] (4) The trial judge shall make the completed sentencing verdict slip part of the record.

(B) TRIAL JUDGE

(1) In all cases in which the defendant has waived a sentencing proceeding before a jury and the trial judge determines the penalty, including those in which the defendant seeks to have the imposition of a sentence of death precluded by reason of mental retardation, the trial judge shall complete a sentencing verdict slip in the form provided by Rule 809.

(2) The trial judge shall make the completed sentencing verdict slip part of the record.

Comment

The purpose of this rule is to provide statewide, uniform jury and trial judge sentencing verdict slips in death penalty cases. The jury sentencing verdict slip is not intended to replace those jury instructions required by law. See Sentencing Code, 42 Pa.C.S. § 9711(c). For the sentencing procedure under paragraph (B), see Sentencing Code, 42 Pa.C.S. § 9711(b).

The list of aggravating and mitigating circumstances completed by the judge in Part I, and by the jury foreperson in Part II, should use the language provided by law for each circumstance. Rule 840. Scope.

The rules in Part B provide the procedure for determining if imposition of the death penalty is precluded due to the defendant's mental retardation.

Comment

These rules are intended to apply only to cases arising within the context of the United States Supreme Court decision in *Atkins v. Virginia*, 536 U.S. 304 (2002), that held that the execution of a mentally retarded criminal is cruel and unusual punishment prohibited by the Eighth Amendment. Pursuant to *Atkins*, the Pennsylvania Supreme Court held in *Commonwealth v. Sanchez*, 614 Pa. 1, 36 A.3d 24 (2011), that a convicted defendant found mentally retarded is ineligible for the death penalty.

Official Note: New Rule 840 adopted July 31, 2013, effective October 1, 2013.

Committee Explanatory Reports:

Final Report explaining the July 31, 2013 adoption of the new rule published with the Court's Order at 43 Pa.B. 4722 (August 17, 2013).

Rule 841. Notice of Mental Retardation Precluding Imposition of Sentence of Death.

(A) Notice of Mental Retardation Precluding Imposition of a Sentence of Death

A defendant who intends to offer evidence of mental retardation that would preclude the imposition of a sentence of death shall file with the clerk of courts not later than 90 days after arraignment, or within such other time as allowed by the court upon cause shown, a

notice of the intention to offer the evidence and certification of service on the attorney for the Commonwealth.

(1) The notice and certification shall be signed by the attorney for the defendant or the defendant if unrepresented.

(2) The notice shall contain specific available information as to the nature and extent of the alleged mental retardation and the names and addresses of witnesses, expert or otherwise, whom the defendant intends to call to establish mental retardation.

(B) Notice of Expert Evidence of Mental Retardation

A defendant who intends to introduce expert evidence relating to mental retardation that would preclude imposition of a sentence of death shall file with the clerk of courts not later than 90 days after arraignment, or within such other time as allowed by the court upon cause shown, a notice of the intention to offer the expert evidence and a certification of service on the attorney for the Commonwealth.

(1) The notice and certification shall be signed by the attorney for the defendant or the defendant if unrepresented.

(2) The notice shall contain specific available information as to the nature and extent of the alleged mental retardation, and the names and addresses of the expert witness(es) whose evidence the defendant intends to introduce.

(C) Reciprocal Notice of Witnesses

Within 30 days after receipt of the defendant's notice of mental retardation that would preclude the imposition of a sentence of death or notice of expert evidence of mental retardation or within such other time as allowed by the court upon cause shown, the attorney for the Commonwealth shall file and serve upon the defendant's attorney, or the defendant if unrepresented, written notice of the names and addresses of all witnesses the attorney for the Commonwealth intends to call to disprove or discredit the defendant's claim of mental retardation.

(D) If prior to or during trial a party learns of an additional witness or additional information which, if known, should have been included in the notice furnished under paragraphs (A), (B), or (C), the party shall promptly notify the other party's attorney, or if unrepresented, the other party, of the existence and identity of such additional witness.

(E) After docketing the notice, the clerk of courts immediately shall transmit the notice to the trial judge.

Comment

This rule sets forth the notice procedures when a defendant intends to assert his or her mental retardation to preclude imposition of the death penalty pursuant to *Atkins v. Virginia*, 536 U.S. 304 (2002) and *Commonwealth v. Sanchez*, 614 Pa. 1, 36 A.3d 24 (2011). Notices filed in accordance with this rule fall within the definition of "motion" in Rule 575 and must comply with the provisions of Rules 575 and 576.

The requirement in paragraph (B) for a separate notice of intention to introduce expert evidence is intended to alert the Commonwealth that there will be expert evidence. See Rule 842 regarding the requirement that any expert who has examined the defendant must prepare a written report stating the subject matter, the substance of the facts relied upon, and a summary of the expert's opinions and the grounds for each opinion.

Paragraph (E) emphasizes the requirement that the trial judge be informed of the filing of the notice at the earliest time to ensure the prompt collection of all materials relevant to the issue of the defendant's mental retardation.

Nothing in this rule precludes the trial judge from raising the issue of the defendant's mental retardation *sua sponte*.

Official Note: New Rule 841 adopted July 31, 2013, effective October 1, 2013.

Rule 842. Examination of the Defendant by Mental Health Expert.

(A) EXAMINATION OF DEFENDANT

(1) BY AGREEMENT

(a) The defendant, the defendant's counsel, and the attorney for the Commonwealth may agree to an examination of the defendant by the mental health expert(s) designated in the agreement for the purpose of determining mental retardation that would preclude imposition of a sentence of death.

(b) The agreement shall be in writing and signed by the defendant, the defendant's counsel, and the attorney for the Commonwealth, or made orally on the record.

(c) Unless otherwise agreed, the mental health expert(s) promptly shall prepare a written report stating the subject matter, the substance of the facts relied upon, and a summary of the expert's opinions and the grounds for each opinion.

(2) BY COURT ORDER

(a) If the defendant has provided notice of mental retardation that would preclude the imposition of a sentence of death or notice of intention to introduce expert evidence relating to mental retardation that would preclude imposition of a sentence of death, upon motion of the attorney for the Commonwealth, the court shall order that the defendant submit to an examination by one or more mental health experts specified in the motion by the Commonwealth for the purpose of determining the condition of mental retardation put in issue by the defendant.

(b) When the court orders an examination pursuant to this paragraph, the court on the record shall advise the defendant in person and in the presence of the defendant's counsel:

(i) of the purpose of the examination and the contents of the court's order;

(ii) that the information obtained from the examination may be used at trial; and

(iii) the potential consequences of the defendant's refusal to cooperate with the Commonwealth's mental health expert(s).

(c) The court's order shall:

(i) specify who may be present at the examination; and

(ii) specify the time within which the mental health expert(s) must submit the written report of the examination.

(d) Upon completion of the examination of the defendant, the mental health expert(s), within the time specified by the court as provided in paragraph (A)(2)(c)(ii),

shall prepare a written report stating the subject matter, the substance of the facts relied upon, and a summary of the expert's opinions and the grounds for each opinion.

(B) DISCLOSURE OF REPORTS BETWEEN PARTIES

(1) The mental health experts' reports shall be confidential, and not of public record.

(2) Any mental health expert whom either party intends to call to testify concerning the defendant's condition of mental retardation must prepare a written report. No mental health expert may be called to testify concerning the defendant's condition of mental retardation until the expert's report has been disclosed as provided herein.

(3) The court shall set a reasonable time after the Commonwealth's expert's examination for the disclosure of the reports of the parties' mental health experts.

(C) PROTECTIVE ORDERS

Upon a sufficient showing, the court may at any time order that the disclosure of a report or reports be restricted or deferred for a specified time, or make such other order as is appropriate. Upon motion of any party, the court may permit the showing to be made *in camera*.

(D) SANCTIONS FOR NON-COMPLIANCE

At any time during the course of the proceedings, if the court determines there has been a failure to comply with this rule, upon motion or *sua sponte*, the court may order compliance, may grant a continuance, or may grant other appropriate relief. Upon motion, any hearing to determine if there has been a failure to comply may be held *in camera* and the record sealed until after disposition of the case.

Comment

This rule establishes the procedures for the examination of the defendant by a mental health expert(s) retained by the prosecution pursuant to an agreement by the parties, see paragraph (A)(1), or a court order, see paragraph (A)(2), in cases in which the defendant's mental retardation has been raised to preclude the imposition of a sentence of death.

"Mental health expert," as used in this rule, includes a psychiatrist, a licensed psychologist, a physician, or any other expert in the field of mental health who will be of substantial value in the determination of the issues raised by the defendant concerning his or her mental retardation.

Examination of Defendant

Paragraph (A)(1) is intended to encourage the defendant, the defendant's counsel, and the attorney for the Commonwealth to agree to an examination of the defendant by the Commonwealth's mental health expert(s).

When the defendant, the defendant's attorney, and the attorney for the Commonwealth agree that the defendant will be examined under this rule, at a minimum, the agreement should specify the time, place, and conditions of the examination, who may be present during the examination, and the time within which the parties will disclose the reports of their experts.

It is intended that the examining mental health expert(s), whether appointed pursuant to the agreement of the parties or order of court, have substantial discretion in how to conduct an examination. The conduct of the examination, however, must conform to generally recognized and accepted practices in that profession. Therefore, the examination of the defendant may consist of such interviewing, clinical evaluation, and psychological testing

as the examining mental health expert(s) considers appropriate, within the limits of non-experimental, generally accepted medical, psychiatric, or psychological practices.

Nothing in this rule is intended to limit the number of examining experts the defense may use, nor is it to be construed as a limitation on any party with regard to the number of other expert or lay witnesses they may call to testify concerning the defendant's mental retardation.

The court is required in paragraph (A)(2)(b) to inform the defendant, in person on the record, about the request for a compelled examination. See Rule 119 (Use of Two-Way Simultaneous Audio-Visual Communication in Criminal Proceedings). The court is to explain that the examination is being conducted at the request of the attorney for the Commonwealth and that the purpose of the examination is to obtain information about the defendant's mental condition specifically with regard to mental retardation. In addition, the court should explain the procedures for the examination that are included in the court's order as set forth in paragraph (A)(2)(b), and explain the potential consequences of the defendant's failure to cooperate with the examination.

Paragraph (A)(2)(d) requires that the examining mental health expert(s) promptly prepare a written report and sets forth the minimum contents of that report. It is intended that the scope of the mental health expert's report be limited in the court's order to matters related to the defendant's mental retardation.

Disclosure of Reports

After the examination of the defendant by the Commonwealth's mental health expert(s) is completed and the mental health expert's report has been prepared, the defendant and the Commonwealth are required in paragraph (B) to disclose the reports that are made by any experts either party intends to call to testify concerning the defendant's mental retardation. The reports must be in writing, and should comply with the content requirements in paragraph (A)(2)(d). An expert witness, whether or not the expert witness has examined the defendant, cannot testify until the report is disclosed as provided in paragraph (B)(2) and (3). There may be situations in which the court would have to call a short recess to permit the expert to complete a written report and to give the parties an opportunity to review the report, such as when a mental health expert(s) is observing the defendant during the trial and will be called to testify on these observations.

When the parties agree to the examination, the time for the disclosure of the reports should be set by the agreement of the parties. The agreement should permit adequate time to review the reports and prepare for the proceeding. If the parties cannot agree, in cases proceeding pursuant to court order under paragraph (A)(2), the court should set the time for the disclosure of reports, which should afford the parties adequate time to review the reports and prepare for the proceeding.

Establishing a reasonable time frame and providing for the reciprocal disclosure are intended to further promote the fair handling of these cases. In no case should the disclosure occur until after the defendant has been examined by the Commonwealth's mental health expert(s) and the mental health expert(s) has prepared and submitted a written report.

There may be cases in which, although proceeding pursuant to a court order, the parties, with the court's

approval, agree to an earlier time for disclosure consistent with the purposes of this rule. This rule would not preclude such an agreement.

The procedures in paragraph (C) are similar to the existing procedures for protective orders in Rule 573(F).

Because the question of whether the imposition of a sentence of death is precluded due to the defendant's mental retardation ordinarily is a question reserved for sentencing, use of information obtained from the examination of a defendant by a Commonwealth's expert is not to be disclosed or used until after the defendant has been found guilty. This may require that the Commonwealth's examination should be sealed until the penalty phase of the defendant's trial takes place. See *Commonwealth v. Sartin*, 561 Pa. 522, 751 A.2d 1140 (2000). However, where the parties have agreed to a pretrial determination of the issue pursuant to Rule 843, earlier disclosure may be required.

See the Pennsylvania Rules of Evidence concerning the admissibility of the experts' reports and information from any examinations of the defendant by an expert.

Sanctions

The sanctions authorized by paragraph (D) may be imposed on any person who has failed to comply with any of the provisions of this rule, including the attorney for the Commonwealth, the defendant, the defendant's counsel, or an expert.

When the defendant has refused to cooperate in the examination by the Commonwealth's mental health expert(s), before imposing a sanction, the court should consider whether the defendant's failure to cooperate (1) was intentional, (2) was the result of the defendant's mental condition, and (3) will have an adverse and unfair impact on the Commonwealth's ability to respond to the defendant's claim. The court also should consider whether ordering the defendant to resubmit to the examination would result in the defendant's cooperation.

Rule 843. Optional Pretrial Hearing.

(A) If the parties agree, the issue of the defendant's mental retardation precluding imposition of a sentence of death shall be determined by the judge after a pretrial evidentiary hearing.

(B) The defendant shall appear in person with counsel at the hearing.

(C) The defendant shall have the burden of going forward with the evidence.

(D) No later than the beginning of the evidentiary hearing, the judge shall advise the defendant that, by agreeing to have the issue of his or her mental retardation decided pretrial, the defendant, if found not mentally retarded and later convicted, will not be permitted to seek a preclusion of the imposition of a sentence of death due to mental retardation with a jury. In these cases, however, the defendant may introduce relevant evidence concerning his or her mental state at the guilt phase and the penalty phase, including evidence in support of statutory mitigation.

(E) The attorney for the Commonwealth and the defendant's attorney may introduce evidence and cross-examine any witness, including the examining mental health experts. The judge may call and interrogate witnesses as provided by law.

(F) Within 30 days of the completion of the evidentiary hearing, the judge shall enter an order finding either that the defendant is mentally retarded and therefore is precluded from receiving a sentence of death or that the defendant is not mentally retarded.

Comment

In *Commonwealth v. Sanchez*, 614 Pa. 1, 36 A.3d 24 (2011), the Pennsylvania Supreme Court held that, pursuant to *Atkins v. Virginia*, 536 U.S. 304 (2002), the parties may agree to a pretrial determination of the defendant's ineligibility for the death penalty to be made by the trial judge. The defendant has the burden of proof by a preponderance of the evidence to prove mental retardation. See *Commonwealth v. Sanchez*, 614 Pa. at 65, 36 A.3d at 62-63. If the trial judge finds the defendant is eligible for the death penalty, the defendant may still introduce relevant evidence concerning his or her mental state during the guilt and penalty phases of trial, including evidence in support of statutory mitigation.

Rule 844. Sentencing Procedures in Cases in which the Defendant's Mental Retardation is Asserted.

(A) Unless the issue is decided pretrial pursuant to Rule 843, in a case in which the defendant has asserted that imposition of a sentence of death is precluded by reason of his or her mental retardation, after a return of a verdict of guilty of murder in the first degree, a sentencing hearing shall be held in which all sentencing evidence shall be presented, including, but not limited to, evidence of the defendant's mental retardation and evidence of aggravating and mitigating circumstances.

(B) In cases in which the defendant has asserted his or her mental retardation as provided in paragraph (A) and the sentencing hearing is conducted before the jury, the following procedures shall apply:

(1) After presentation of the evidence, the judge shall determine if sufficient evidence exists for the jury to decide whether the imposition of a sentence of death should be precluded by reason of mental retardation.

(a) If the judge determines sufficient evidence exists for the jury to consider the issue of the defendant's mental retardation, the case will proceed according to the procedures in paragraphs (B)(2)—(6).

(b) If the judge determines that there is not sufficient evidence for the jury to consider the issue of the defendant's mental retardation, the case will proceed as any other capital case.

(2) After the presentation of evidence, each party shall be entitled to present one closing argument addressing all sentencing issues, including the defendant's alleged mental retardation and arguments for or against a sentence of death. The defendant's argument shall be made last.

(3) Upon completion of argument, the judge shall instruct the jury solely upon the issue of the defendant's

mental retardation and shall submit a special issue to the jury as to whether the defendant is mentally retarded.

(4) The question of the defendant's mental retardation shall be considered and answered by the jury prior to the consideration of any other sentencing issue and the determination of sentence.

(5) If the jury determines the defendant to be mentally retarded, the judge shall sentence the defendant to life imprisonment.

(6) If the jury does not find the defendant mentally retarded, the judge shall instruct the jury on the mitigating and aggravating circumstances and the jury shall deliberate on whether or not to impose the death penalty.

(C) In cases in which the defendant has asserted his or her mental retardation as provided in paragraph (A), and the defendant waives a sentencing proceeding before a jury and the trial judge determines the penalty, the following procedures shall apply:

(1) After the presentation of evidence, each party shall be entitled to present one closing argument addressing all sentencing issues, including the defendant's alleged mental retardation and arguments for or against a sentence of death. The defendant's argument shall be made last.

(2) The trial judge shall consider and answer the question of the defendant's mental retardation prior to the consideration of any other sentencing issue and the determination of sentence.

(3) If the trial judge determines the defendant to be mentally retarded, the trial judge shall sentence the defendant to life imprisonment.

(4) If the trial judge does not find the defendant to be mentally retarded, the trial judge will evaluate the mitigating and aggravating circumstances and determine whether or not to impose a sentence of death.

Comment

In *Commonwealth v. Sanchez*, 614 Pa. 1, 36 A.3d 24 (Pa. 2011), the Pennsylvania Supreme Court held that, pursuant to *Atkins v. Virginia*, 536 U.S. 304 (2002), a determination that a defendant is precluded from receiving the death penalty by reason of mental retardation is to be made as the first issue in sentencing. This rule provides the procedures for that determination whether made by a jury or a judge when the issue has not been decided pretrial pursuant to Rule 843.

Paragraph (B) addresses sentencing proceedings before a jury. The rule contemplates that a single capital sentencing hearing will be held in such cases but the jury's deliberations will be conducted sequentially with the defendant's mental retardation decided first. If the jury finds the defendant not mentally retarded, the judge will instruct the jury on the issues related to the imposition of a sentence of death, including the mitigating and aggravating circumstances, after which the jury will deliberate on the sentence.

Paragraph (C) addresses sentencing proceedings before a judge. See Rule 809 for the form of the trial judge sentencing verdict slip when the defendant has waived a jury for the sentencing proceeding.

Except as otherwise provided in Part B of this Chapter, sentencing shall proceed as provided in Chapter 7.

Comment

The verdict slip form was created in 2013 to provide for those cases in which the question of a defendant's mental retardation that would preclude imposition of the death penalty is determined by the jury. See *Atkins v. Virginia*, 536 U.S. 304 (2002) and *Commonwealth v. Sanchez*, 614 Pa. 1, 36 A.3d 24 (2011). See also Rule 844. For optional procedures for a pretrial determination of the defendant's mental retardation, see Rule 843.

The judge should caution the jury that the verdict slip is to be used to record the findings as to mental retardation and that the slip should be completed only after their deliberations are concluded.

Procedures for Seeking to Preclude Imposition of a Sentence of Death by Reason of Defendant's Mental Retardation

On July 31, 2013, effective October 1, 2013, upon the recommendation of the Criminal Procedural Rules Committee, the Court adopted new Rules 840—845, amendments to Rules 568, 800, 807, and 809, and revision to the Comment to Rule 808 to provide procedures for asserting a claim of mental retardation that would preclude imposition of the death penalty.

Pursuant to directions from the Court, the Committee undertook the development of notice procedures for seeking to preclude the imposition of a sentence of death by reason of the defendant's mental retardation. As described more fully below, the Committee concluded that the bench and bar would benefit from having a more detailed procedural framework for asserting these claims. Therefore, the amendments address, in addition to the notice requirements, procedures for examination of the defendant, for disclosure of information, for conducting the optional pre-trial determination, for conducting the sentencing hearing in cases in which the issue is determined by the jury as well as a model jury slip.

Background

The question of the availability of the death penalty for mentally retarded individuals convicted of a capital offense was definitively decided by the U.S. Supreme Court in *Atkins v. Virginia*, 536 U.S. 304 (2002). In *Atkins*, the United States Supreme Court found that the execution of the mentally retarded is "cruel and unusual punishment" within the meaning of the Eighth Amendment's prohibition. In this decision, however, the U.S. Supreme Court did not adopt a definition of mental retardation or a prescribed method of how the issue should be determined. Instead, the Court left those tasks to the individual states to develop, specifically noting that states are "left the task of developing appropriate ways to enforce the constitutional restriction upon execution of sentences." *Id.* at 317. The concept of individual state action on *Atkins* issues was reaffirmed in the case of *Schriro v. Smith*, 546 U.S. 6 (2005), that held that the states must develop their own legal definition of mental retardation. There is currently no statute that provides for an *Atkins* determination in Pennsylvania.³

In the absence of action by the Legislature, the Pennsylvania Supreme Court addressed most of the substantive questions regarding adjudication of *Atkins* claims in *Commonwealth v. Sanchez*, 36 A.3d 24 (Pa. 2011). *Sanchez* provides that the decision regarding this issue will be made by the jury as the first issue to be determined at sentencing, with the requirement that the finding of mental retardation for death penalty preclusion must be unanimous. However, the parties may agree to have the issue decided by the judge pre-trial. The burden of proof

is on the proponent of the *Atkins* claim, usually the defendant, to prove mental retardation by a preponderance of the evidence.

Development of the Rule Changes

As directed by the Court, the Committee's examination initially focused on the question of the timing for raising this issue. The Committee considered a time limit similar to that used for the Rule 568 (Notice of Defense of Insanity or Mental Infirmity; Notice of Expert Evidence of a Mental Condition)—the motion to be filed no later than the time required for filing an omnibus pretrial motion, that is 30 days after arraignment. After further discussion, the Committee concluded that the time limit should not be tied to the omnibus pretrial motions rules but should be based on the arraignment date. This would be consistent with the requirements for the notice of aggravating circumstances in Rule 802. The members settled on the time to be a period of ninety days after arraignment, concluding that this is reasonable given the amount of information that must be gathered in order to present a good faith notice of mental retardation.

In addition to determining the timing for providing the notice, the Committee considered other procedures related to notice that should be addressed. These procedures include the provision for an extension of this time limitation for cause shown, and the provision for encouragement of the early involvement of the trial judge, soon after the notice was filed, in order to provide appropriate supervision of the discovery and examination process. The Committee agreed that the new notice procedures should provide for a response time of 30 days. This would be comparable to the procedures for the notice of insanity defense that served as a model for these notice procedures.

In further discussions, the Committee agreed that procedures comparable to the procedures in Rule 568 (Notice of Defense of Insanity or Mental Infirmity; Notice of Expert Evidence of a Mental Condition) should be added to provide a continuing duty to disclose and reciprocal notice. Lastly, the Committee also considered whether the new procedures should provide for the Commonwealth to obtain an examination of the defendant by a mental health expert similar to the procedures in Rule 569.

Because of the additional elements, particularly the disclosure and examination provisions, the Committee realized that the proposal was extending beyond notice procedures. The Committee determined that an expanded proposal, setting forth as many of the procedures for making an *Atkins/Sanchez* determination as possible, would be helpful to the bench and bar and agreed to examine procedures for how this determination is to be made, either by the jury or, upon agreement of the parties, as a pretrial determination by the trial judge.

Rule Changes

Originally, the Committee considered placing these procedures in Rule 802. Given the increased scope of the proposal, placement in a single rule would make that rule very unwieldy. The Committee concluded that the best structure for these procedures would be as a series of separate rules grouped in a new subchapter B in Chapter 8.

Therefore, new subchapter B includes new Rules 840 (Scope), 841 (Notice of Mental Retardation Precluding Imposition of the Death Penalty), 842 (Examination of Defendant by Mental Health Expert), 843 (Optional Pretrial Hearing), 844 (Sentencing Procedures in Cases in

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

² "Mental retardation" was defined in Pennsylvania in *Commonwealth v. Miller*, 585 Pa. 144, 888 A.2d (2005) which held that a defendant may establish mental retardation as defined by either the American Association of Mental Retardation or *Diagnostic and Statistical Manual Disorders*, 4th Ed. (DMS-IV)

which the Defendant's Mental Retardation is Asserted), and 845 (Form for Sentencing Verdict Slip in Cases in which the Defendant's Mental Retardation is Asserted).

New Rule 840 establishes that the rules in Part B provide the procedure for determining the defendant's ineligibility to be executed by reason of mental retardation. The Comment to Rule 840 includes citations to *Atkins* and *Sanchez*.

New Rule 841 provides for the timing of the filing of the notices. The rule also contains a reciprocal notice provision as well as a continuing duty to disclose. The disclosure requirements in Rule 841 are based on those for the competency to stand trial determination procedures found in Rule 568.

Additionally, Rule 841 contains in paragraph (B) provisions for the filing of the separate notice of expert evidence provision. As this proposal is modeled on the notice of insanity defense procedures, the Committee decided to retain this separate notice of expert evidence to keep the examination procedures for mental retardation similar to those for insanity.

Paragraph (E) of Rule 841 requires the clerk of courts immediately to send a copy of the notice to the trial judge to ensure the judge's supervision of the discovery and examination process at an early stage.

The notices filed under this rule are considered "motions." To make this clear, the Comment contains a cross-reference to Rules 575 and 576 for motion procedures and explains that the term "notices" as used in the rule fall within the definition of "motion" in Rule 575.

Rule 842 provides the procedures by which the Commonwealth may obtain an examination of the defendant by a mental health expert. These procedures are almost identical to those found in Rule 569 with the only differences being changes necessary to conform to the mental retardation procedures.

New Rule 843 provides the procedures for the optional pre-trial hearing for the determination of the issue but only if all the parties agree, as provided in *Sanchez*. If the parties agree, the judge shall hear the issue as provided in this rule. Rule 843 also requires that, within 30 days of the completion of the evidentiary hearing, the judge enter an order finding the defendant either is or is not competent to be executed due to mental retardation. Paragraph (D) requires that the judge advise the defendant that, by agreeing to have this issue decided pretrial, the defendant would not be able to argue for capital punishment preclusion with a jury but only may introduce mental retardation evidence for purposes of mitigation.

The Committee conducted a lengthy examination of the manner in which a sentencing hearing would proceed when the issue of the defendant's mental retardation has not been decided pretrial pursuant to Rule 843. This procedure is detailed in Rule 844. First, after the guilt determination, a single capital sentencing hearing is held in which all sentencing evidence is to be presented, including evidence of the defendant's mental retardation. Under Rule 844(B), the trial judge makes an initial determination that the evidence of the defendant's mental retardation that has been presented is sufficient to raise a question for the jury to determine. If the trial judge determines that sufficient evidence of the defendant's mental retardation had not been presented, the case proceeds as in any other capital case. If the trial judge determines that sufficient evidence has been presented, each party would be permitted to make a single argument encompassing all sentencing issues. At the conclusion of

the arguments, the judge will instruct the jury on the mental retardation issue only. The jury then will deliberate on that single issue. If the jury finds the defendant not mentally retarded, the trial judge will instruct them on the mitigating and aggravating circumstances and the jury will deliberate on that phase of sentencing.

Paragraph (C) provides the procedures to be followed when the defendant has waived sentencing before a jury and is sentenced before the trial judge. As with a jury sentencing proceeding, one hearing would be held and each party would be permitted one argument addressing all sentencing issues. The judge would then consider the question of the defendant's mental retardation prior to the consideration of any other sentencing issue.

In cases in which the jury is asked to make a determination as to the defendant's mental retardation, a new separate jury verdict slip, contained in new Rule 845, would be used to record the jury's determinations regarding mental retardation. Since this is a distinct determination, the slip in Rule 845 poses only one question, whether the jury unanimously finds the defendant was mentally retarded at the time of the murder. If the jury finds the defendant mentally retarded, the jury would not need to consider aggravating or mitigating factors. If the jury does not find the defendant mentally retarded or if the jury cannot unanimously agree that the defendant was mentally retarded, the jury would proceed, after further instruction by the trial judge, to the capital determination guided by the jury slip in Rule 807.

In cases in which the defendant has waived sentencing before a jury and has not sought a pretrial determination of mental retardation as contemplated in Rule 844(C), the judge sentencing verdict slip in Rule 809 has been modified to incorporate this possibility and correlative changes also have been made to Rule 807(B).

Finally, correlative changes to Rule 800 indicating the addition of new Part B to Chapter 8 as well as to Rule 568 to indicate that procedures for *Atkins/Sanchez* determinations are in Chapter 8 Part B have been added.

MONROE COUNTY

**Residential Mortgage Foreclosure Program; No. 5
 CV 2012 2013-PJ; Adm. 34**

Order

And Now, this 14th day of March, 2013, recognizing that some changes are necessary for the efficient functioning of the Monroe County Residential Mortgage Foreclosure Diversion Program *It Is Hereby Ordered* that:

1. All complaints for mortgage foreclosure filed with the Monroe County Prothonotary will be given a dedicated filing designation of RM for mortgage foreclosures on owner-occupied residential properties containing less than five residential units and CM for other mortgage foreclosures. Mortgage foreclosure complaints shall have a specific cover sheet attached at time of filing, an example of which follows as Exhibit "A," certifying real estate location, occupancy status, and contact information, including the name, address and telephone number of the representative of the lending institution.

2. An "Urgent Notice" in substantially the form that follows as Exhibit "B" and a "Certificate of Participation" in substantially the form that follows as Exhibit "C" shall also be affixed to the complaint and the copy of the

complaint to be served upon the defendant(s). The defendant(s) in cases involving owner-occupied residential properties with fewer than five units may then request to participate in the Residential Mortgage Foreclosure Diversion Program, by signing and filing the Certificate of Participation form that follows as Exhibit "C." The Prothonotary will not accept a residential mortgage complaint for filing without the Cover Sheet, Urgent Notice and Certificate of Participation.

3. In the event that the Sheriff is unable to personally serve the defendant(s) with the Complaint, Urgent Notice and Certificate of Participation, the Sheriff shall post the subject property with the Complaint, Urgent Notice and Certificate of Participation. The Sheriff's return shall reflect the date and manner of posting the property.

4. When the defendant files a written request for a conciliation conference under this program, an order will be entered substantially in the form that follows as Exhibit "D." The order will provide that further proceedings in the action other than service of process will be stayed pending the result of the conciliation conference.

5. The order will refer the matter to a conciliation conference before a conciliator appointed for that purpose by the court. The borrower will submit an application and a proposal to resolve the mortgage foreclosure action to the lender's counsel within thirty days of the conciliation order. The lender's counsel or other representative must have the authority at the conference to specifically address the proposal made by the borrower to settle the matter, and the conciliator will work with the parties to achieve a settlement. The conciliator will submit his or her recommendation for further action to the court following the conference, which may include lifting the stay if the parties are unable to come to an agreement, maintaining the stay while the parties engage in further negotiations or attempt a modification of the mortgage, a stipulation for judgment, a deed in lieu of foreclosure, a "cash for keys" arrangement or other settlement options. The court will then act upon the conciliator's recommendation.

6. Plaintiff's counsel shall serve a copy of the Urgent Notice and the Certificate of Participation on the defendant(s) at the time of service of a motion for judgment on the pleadings, or a motion for summary judgment if the defendant(s) was not served with them at the time of service of the original complaint. Service shall not be required if the defendant(s) has already had the opportunity to participate in the Monroe County Residential Mortgage Foreclosure Diversion Program.

The court in its discretion may also refer other pending mortgage foreclosure cases to the Residential Mortgage Foreclosure Diversion Program on motion of an interested party.

RULES AND REGULATIONS

Title 34—LABOR AND INDUSTRY

DEPARTMENT OF LABOR AND INDUSTRY

[34 PA. CODE CH 65]

Unemployment Compensation; Active Search for Work

The Department of Labor and Industry (Department) amends § 65.11 (relating to active search for work) to read as set forth in Annex A.

A. *Statutory Authority*

This final-form rulemaking is promulgated under section 201(a) of the Unemployment Compensation Law (law) (43 P.S. § 761(a)), which authorizes the Department to promulgate and amend rules and regulations necessary to administer the law, and section 401(b) of the law (43 P.S. § 801(b)), which directs the Department to establish the requirements a claimant shall meet to make an active search for suitable employment.

B. *Procedural History*

The proposed rulemaking was submitted to the House Labor and Industry Committee and the Senate Labor and Industry Committee (Committees) and the Independent Regulatory Review Commission (IRRC) on April 19, 2012. The proposed rulemaking was published at 42 Pa.B. 2378 (May 5, 2012). The Department submitted the final-form rulemaking to IRRC and the Committees on November 5, 2012. The final-form rulemaking was deemed approved by the Committees on November 30, 2012. At a public meeting on December 13, 2012, IRRC disapproved the final-form rulemaking. IRRC issued its disapproval order to the Department and the Committees on February 15, 2013. On March 26, 2013, the Department submitted a revised final-form rulemaking to IRRC and the Committees to respond to the objections raised by IRRC in its disapproval order. At a public meeting on April 18, 2013, IRRC approved the revised final-form rulemaking. The revised final-form rulemaking was deemed approved by the Committees on May 2, 2013.

C. *Background and Description*

Section 401(b) of the law

Section 401 of the law contains various eligibility criteria for unemployment compensation (UC) benefits. As amended by the act of June 17, 2011 (P. L. 16, No. 6) (Act 6), section 401(b) of the law provides as follows:

- (b)(1) Is making an active search for suitable employment. The requirements for “active search” shall be established by the department and shall include, at a minimum, all of the following:
 - (i) Registration by a claimant for employment search services offered by the Pennsylvania CareerLink system or its successor agency within thirty (30) days after initial application for benefits.
 - (ii) Posting a resume on the system’s database, unless the claimant is seeking work in an employment sector in which resumes are not commonly used.
 - (iii) Applying for positions that offer employment and wages similar to those the claimant had prior to his

unemployment and which are within a forty-five (45) minute commuting distance.

(2) The Pennsylvania CareerLink system or its successor agency shall provide documentation, on a quarterly basis or more frequently, as the secretary deems appropriate, to the Pennsylvania Unemployment Compensation Service Center system so the system can conduct the necessary cross reference checks.

(3) For the purposes of paragraph (1), the department may determine that a claimant has made an active search for suitable work if the claimant’s efforts include actions comparable to those traditional actions in their trade or occupation by which jobs have been found by others in the community and labor market in which the claimant is seeking employment.

(4) The requirements of this subsection do not apply to any week in which the claimant is in training approved under section 236(a)(1) of the Trade Act of 1974 (Public Law 93-618, 19 U.S.C. § 2101 et seq.) or any week in which the claimant is required to participate in reemployment services under section 402(j) of this act.

(5) The requirements of this subsection shall not apply to a claimant who is laid off for lack of work and advised by the employer of the date on which the claimant will return to work.

(6) The department may waive or alter the requirements of this subsection in cases or situations with respect to which the secretary finds that compliance with such requirements would be oppressive or which would be inconsistent with the purposes of this act.

The requirement in section 401(b) of the law that a claimant make an active search for suitable employment took effect on January 1, 2012, and applies to benefit years that begin on or after that date. See sections 9 and 11 of Act 6.

This final-form rulemaking amends § 65.11 to state the requirements that a claimant shall meet to be eligible for benefits under section 401(b) of the law. This final-form rulemaking is undertaken in accordance with the General Assembly’s directive in section 401(b) of the law that “[t]he requirements for ‘active search’ shall be established by the department. . . .”

Work registration

Under subsection (c), a claimant’s initial active search requirement is to register for employment search services in the Pennsylvania CareerLink® system within 30 days after the claimant files his application for benefits. Section 401(b)(1) of the law provides that this requirement must be part of the Department’s overall work search requirements. If the claimant fails to register within the 30-day period, he is ineligible for benefits for each week that ends beyond that 30-day period unless the claimant registers no later than Sunday of the week.

Weekly job applications

In addition to the initial requirement to register for employment search services, generally a claimant shall satisfy the weekly job application requirements of subsection (e)(1).

Proposed rulemaking. The proposed rulemaking contained a two-tiered job applications requirement. From the third consecutive week of the benefit year through the eighth consecutive week of the benefit year, the proposed rulemaking required a claimant to apply for at least two positions each week, within the scope of “suitable work” as defined in section 4(t) of the law (43 P. S. § 753(t)). However, the claimant was allowed to limit his applications to positions that would provide employment and wages similar to those the claimant had prior to his unemployment and were within a 45-minute commute or a commuting distance that is generally accepted in the claimant’s labor market, whichever is greater. The claimant could adhere to this limitation even if doing so resulted in less than two job applications during a week. During the ninth consecutive week of the benefit year and thereafter, the claimant was required to apply for at least three positions each week. The claimant could continue to limit his job search to similar positions within a 45-minute or generally accepted commuting distance as long as that limitation would not result in fewer than three applications per week. The claimant was required to expand the scope of his job search to include other positions that would provide suitable employment if, and to the extent that, doing so was necessary to apply for at least three positions each week.

Final-form rulemaking. The final-form rulemaking contained the same two-tiered job applications provision as the proposed rulemaking with certain modifications. The first tier requirements applied to the third week through the eighth week of the benefit year for which a claim for compensation is filed, rather than the third through the eighth consecutive weeks. Similarly, the second tier requirements began with the ninth week for which a claim is filed, rather than the ninth consecutive week of the benefit year. During the third through the eighth weeks for which a claim is filed, the claimant could limit his applications to positions within a 45-minute commute. He was not required to apply for positions within a generally accepted commuting distance if doing that would require more than a 45-minute commute.

Revised final-form rulemaking. The two-tiered structure in the final-form rulemaking was the primary objection expressed by IRRC in its disapproval order. The Department omitted the two-tiered structure from this revised final-form rulemaking. Instead of increasing the required number of job applications per week from two to three at the ninth week for which a claim for compensation is filed, revised final-form subsection (e)(1) requires only two applications per week for the entire UC claim beginning with the third week for which a claim is filed. Also, the single-tiered job applications provision in the revised final-form rulemaking does not require a claimant to apply for dissimilar positions or positions beyond a 45-minute commuting distance at any time during the benefit year. In addition, the Department added a definition of “similar positions” in the revised final-form rulemaking which mirrors section 401(b)(1)(iii) of the law.

If a claimant chooses to limit his job applications to similar positions within a 45-minute commute, and as a result of that limitation the claimant determines that he would be unable to apply for at least two positions during a week, the revised final-form rulemaking provides an alternative requirement. The claimant may apply for positions offering “suitable work” or he may substitute work search activities listed in subsection (e)(4) for job applications. During the week the claimant may apply for one position and engage in one work search activity, or engage in two work search activities. A claimant is not

required to expand his search to “suitable work” under section 4(t) of the law if he does not desire to do so.

However, there may be claimants who would not want to limit their job applications to similar positions, such as a claimant who desires a career change or a claimant who is willing to accept a lower salary to be re-employed sooner. For that reason, subsection (e)(1)(ii) states that a claimant may apply for positions that would provide “suitable work” under section 4(t) of the law.

Work search activities

Subsection (e)(4) enumerates seven types of work search activities other than applying directly to an employer for a position. Generally, a claimant shall engage in at least one of these activities during each week. If a claimant makes more than the minimum number of job applications required for a week under subsection (e)(1), under subsection (e)(5) the additional application may substitute for a work search activity otherwise required under subsection (e)(4). If a claimant engages in one or two work search activities instead of one or two job applications, respectively, to satisfy the requirements of subsection (e)(1), the claimant shall still engage in an additional work search activity under subsection (e)(4).

Exceptions and alternative requirements

There are certain exceptions and alternative requirements under subsection (f). Notwithstanding the registration requirement in subsection (c) and the weekly requirements in subsection (e), the Department may determine that a claimant has satisfied the active search provision in section 401(b) of the law if the claimant engages in work search efforts that are comparable to the way in which jobs in the claimant’s trade or occupation are found in the claimant’s community and labor market. Job applications and work search activities under subsection (e) are not required for a week if the claimant is a member of a union that has a hiring hall or the claimant is registered with a hiring hall, the claimant is required to obtain employment through the hiring hall and the claimant fulfills the requirements to maintain eligibility for referral by the hiring hall during the week. Job applications and work search activities under subsection (e) also are not required for a week if the claimant actively participates during the week in a program or activity that is approved by the Department as an acceptable work search alternative. If the claimant works part time during a week and earns in excess of the partial benefit credit under section 4(m.3) of the law, the claimant will satisfy subsection (e)(1) by applying for one position and the claimant is not required to satisfy subsection (e)(4) for the week. If a claimant is interviewed for a position, the interview may substitute for an application for a position for purposes of subsection (e)(1) or may substitute for a work search activity for purposes of subsection (e)(4). If a claimant’s labor market is located outside of this Commonwealth, the claimant shall register for employment search services with the employment service that serves the claimant’s labor market in addition to registering with the Pennsylvania CareerLink® system.

Under subsection (g), the active search requirement does not apply to a week in which the claimant is in training with the approval of the Secretary of Labor and Industry or a week in which the claimant is participating in work sharing. The exception for weeks in which the claimant is in approved training is required under section 3304(a)(8) of the Federal Unemployment Tax Act (26 U.S.C.A. § 3304(a)(8)).

Section 401(b)(5) of the law provides that the active search requirement is not applicable to a claimant who is laid off for lack of work and is advised by his employer of the date when he will return to work. Subsection (g)(2) articulates certain criteria to determine if a claimant has been given a return-to-work date for purposes of section 401(b)(5) of the law and specifies certain circumstances when section 401(b)(5) of the law does not apply.

For purposes of eligibility for extended benefits, subsection (h) states that a claimant shall satisfy work search requirements for extended benefits in addition to meeting the requirements of section 401(b) of the law and the regulation.

C. Comments

In response to the proposed rulemaking, the Department received comments from IRRC, Representative William F. Keller (Representative Keller), Community Legal Services (CLS), the Pennsylvania Chamber of Business and Industry (Chamber), the Pennsylvania State Association of Township Supervisors (PSATS) and the Manufacturers' Association of South Central Pennsylvania (MASCP). Comments regarding the final-form rulemaking were submitted to IRRC by Representative Keller, the Pennsylvania AFL-CIO, the Chamber, CLS and PSATS. IRRC objected to the final-form rulemaking for the reasons indicated in its disapproval order. Comments regarding the revised final-form rulemaking were submitted to IRRC by Representative Keller and the Chamber.

Comment: Representative Keller commented that the regulation should provide instructions on the process to register for employment search services with the Pennsylvania CareerLink®, and provide that the claimant will receive a confirmation when the registration is completed.

Response: It would not be advisable to include instructions on the current registration process in the regulation. Information technology is evolving continuously and the systems and methods used to register for employment search services may change over time. When changes occur, instructions on the current process would be obsolete. However, the Department amended the final-form regulation to state that the Department will provide instructions on the process when a claimant files an application for benefits. This language remains in the revised final-form regulation.

The Department recently implemented a new Internet registration system, "JobGatewaySM," which provides a printable confirmation screen to the claimant when the registration for employment search services is completed.

Comment: Representative Keller stated that the regulation should indicate that the Department will advise claimants of the recommended work search record form and provide the form to claimants. IRRC recommended that the regulation identify how claimants can access the form.

Response: The Department incorporated these suggestions into the final-form regulation and they continue to be implemented in the revised final-form regulation.

Comment: Representative Keller stated that the regulation should indicate that use of the recommended work search record form is not mandatory.

Response: The Department incorporated this suggestion into the final-form regulation and it continues to be reflected in the revised final-form regulation. The regulation provides that a claimant may use the work search record form recommended by the Department or use another format as long as the same information is recorded.

Comment: IRRC stated that the regulation should indicate under what circumstances, and in what format, the Department would request a claimant's work search record.

Response: The burden to prove that a claimant has met the eligibility requirements of the law rests with the claimant. See *Schaal v. Unemployment Compensation Board of Review*, 870 A.2d 952 (Pa.Cmwlth. 2005). Therefore, a claimant must be able to establish that he searched for work while claiming UC benefits. Moreover, section 501(c)(1) of the law (43 P.S. § 821(c)(1)) requires the Department to examine each claim for compensation to determine if the claimant is eligible for benefits. The Department does not agree that the regulation should enumerate the circumstances in which it would request a claimant's work search record. This enumeration could be interpreted as a limitation on the claimant's responsibility to establish eligibility or the Department's authority to examine claims, or both. Moreover, the circumstances in which the Department would seek a claimant's work search record likely will change over time, based on the Department's experience administering the work search requirement and technological changes to the way UC claims are submitted.

Comment: The effective date of an application for UC benefits begins a 52-week period known as the "benefit year" as defined in section 4(b) of the law. The regulation would require a claimant to retain his work search records for the 2-year period beginning on the effective date of the application. In other words, work search records shall be retained for the duration of the benefit year plus the 1-year period following the benefit year. Representative Keller stated that the retention period should be limited to the benefit year. IRRC stated that the Department should explain why the 2-year retention period is appropriate.

Response: A requirement that work search records be retained only until the end of the benefit year would be inadequate. Work search records would be needed in connection with a review of the claimant's compliance with the work search requirements, or if an issue arose regarding the claimant's eligibility for benefits in relation to those requirements. The need to review work search records in these circumstances could occur beyond the end of the benefit year. Similarly, if a claim for compensation is included among sample claims reviewed under the Benefit Accuracy Measurement program, work search records could be needed after the benefit year has ended. During periods of high unemployment when Extended Benefits or Federal benefit programs are in effect, compensation may be paid for weeks subsequent to the benefit year. The requirement to retain work search records should be no less applicable to these weeks. Lastly, a requirement to maintain records for as much as 2 years is not unusual. Records relating to Federal Income Tax, for example, shall be retained for a minimum of 3 years after the tax return is filed. See IRS Publication 17, <http://www.irs.gov/pub/irs-pdf/p17.pdf>.

Comment: Under the proposed regulation, first tier job application requirements applied to the third consecutive week of the benefit year through the eighth consecutive week of the benefit year. The second tier requirements began with the ninth consecutive week of the benefit year. CLS commented that the transition from the first tier requirements to the second tier requirements should occur after 8 consecutive weeks of unemployment, and that the count of weeks should be reset at zero if the claimant returns to work during the benefit year. IRRC

asked the Department to clarify why the transition from the first tier requirements to the second tier requirements was based on consecutive weeks of the benefit year rather than the number of consecutive weeks the claimant is unemployed.

Response: In the final-form regulation the Department accepted CLS' suggestion in part. The first tier job application requirements applied to the "third week of the benefit year for which a claim for compensation is filed through the eighth week of the benefit year for which a claim for compensation is filed." The second tier requirements began with the "ninth week of the benefit year for which a claim for compensation is filed." The Department could not use the number of weeks a claimant has been unemployed to determine when the first tier requirements began and when the transition to the second tier requirements occurred, as advocated by CLS, because the Department is aware only of weeks of unemployment for which claims are filed. Also, in the final-form regulation the count of weeks for which claims were filed was not reset at zero if the claimant returns to work. This approach could cause claimants to switch back and forth between the different requirements throughout the benefit year. As a result, the requirements would be difficult to administer and could be confusing to claimants.

In the revised final-form regulation, there is only one tier of job application requirements for the entire benefit year. Accordingly, concerns of CLS and IRRC that the number of weeks in the most recent period of unemployment should determine the transition from first tier to second tier requirements are resolved. Moreover, the revised final-form regulation, like the final-form regulation, begins the job application requirements with the third week for which a claim is filed rather than the third consecutive week of the benefit year, which is partly responsive to CLS' suggestion.

Comment: Section 401(b)(1)(iii) of the law provides that:

(b)(1) Is making an active search for suitable employment. The requirements for "active search" shall be established by the department and shall include, at a minimum, all of the following:

* * * * *

(iii) Applying for positions that offer employment and wages similar to those the claimant had prior to his unemployment and which are within a forty-five (45) minute commuting distance.

Because Representative Keller, CLS and IRRC interpret section 401(b)(1)(iii) of the law to require only that a claimant apply for positions that offer similar employment and wages and are within a 45-minute commute throughout the entire benefit year, they questioned the Department's authority to promulgate the job application provisions in the proposed and final-form regulations. The first tier job applications provision in the proposed rule-making could have required a claimant to apply for positions within a "generally accepted" commuting distance, which could be a commuting distance over 45 minutes. In the proposed and final-form regulations, the second tier job applications provision could have required a claimant to apply for positions that involved more than a 45-minute commute or were not similar positions.

Response: The revised final-form regulation is responsive to the objections of Representative Keller, CLS and IRRC. The revised final-form regulation does not require

a claimant to apply for dissimilar positions or positions beyond a 45-minute commuting distance at any time in the benefit year.

Comment: Various comments and objections were made in response to the two-tiered structure of the job applications provision in the proposed and final-form regulations. Representative Keller, CLS and the Pennsylvania AFL-CIO asserted that the transition to the second tier requirements should not occur between weeks 8 and 9 for all claimants. Rather, these commentators advocated that each claimant's individual circumstances and labor market should be considered. IRRC questioned whether the time period when the first tier requirements are in effect is sufficient to allow a claimant to search for work within his field before the second tier requirements become applicable. IRRC asked the Department to explain how it determined that 9 weeks is the appropriate benchmark for expanding the job application requirements. IRRC also indicated that the law does not state that the job application requirements should change based on the number of weeks for which an individual has claimed compensation. IRRC asked for certain statistics and for more information justifying and explaining the regulation. CLS stated that the second tier requirements could compel a union member who is not associated with a hiring hall to apply for nonunion jobs. Representative Keller indicated that a claimant could be confused about whether he had transitioned to second tier requirements. The first tier provision in the proposed regulation required a claimant to apply for jobs within a 45-minute commute or a "commuting distance that is generally accepted in the claimant's labor market, whichever is greater." IRRC asked how a claimant would know what is a generally accepted commuting distance. The Chamber stated that a requirement to apply for positions within a "generally accepted" commuting distance is unclear and could be circumvented.

Response: Because the revised final-form regulation contains a single-tiered job applications provision that does not require a claimant to apply for dissimilar positions or positions beyond a 45-minute commute, these concerns are resolved.

Comment: Section 401(b)(6) of the law provides that "[t]he department may waive or alter the requirements of this subsection in cases or situations with respect to which the secretary finds that compliance with such requirements would be oppressive or which would be inconsistent with the purposes of this act." Representative Keller, CLS and IRRC stated that this waiver provision should be integrated into the regulation. Representative Keller and IRRC indicated that the regulation should include the criteria to qualify for a waiver. Representative Keller stated that the regulation should include the process to request a waiver.

Response: The Department incorporated the waiver provision into the final-form regulation and it remains in the revised final-form regulation.

Section 401(b)(6) of the law specifies the criteria for a waiver: if "compliance with [the active search] requirements would be oppressive or . . . inconsistent with the purposes of this act." By incorporating the waiver provision into the regulation, the criteria for a waiver also have been included.

Determining whether a given claimant's compliance with the work search requirement would be oppressive or inconsistent with the law will be based on the facts and circumstances surrounding that particular claimant and,

possibly, particular weeks for which claims are filed. It is a fact specific and claimant specific determination. For this reason, it is not possible to include in the regulation a definitive list of “cases or situations” when the waiver provision would apply. Moreover, a list could be interpreted to limit the circumstances when the Department may grant a waiver.

The Department implemented Representative Keller’s suggestion. The final-form regulation included a reference to the process to request a waiver, and this reference remains in the revised final-form regulation.

Comment: Representative Keller stated that the regulation should provide an exception to the work search requirements or provide modified requirements for claimants with a disability or work limitation. To the extent that the requirements of the regulation might result in unreasonable or impractical consequences, IRRC indicated that the regulation should clarify how these situations would be addressed.

Response: The circumstances described in these comments can be addressed through the waiver provision in the law and the regulation.

Comment: CLS stated that the regulation should include a definition of “suitable work.”

Response: The proposed and final-form regulations could have required a claimant to expand the scope of his job applications beyond positions providing similar work to include positions that would provide suitable work. Under the revised final-form regulation, a claimant is not required to expand his job applications beyond similar positions. Moreover, to the extent that a claimant chooses to apply for positions within the broader scope of “suitable work,” that term is defined in section 4(t) of the law. The current definition of “suitable work” has been in the law since 1945. See the act of May 29, 1945 (P. L. 1145, No. 408). There has been case law applying the current definition of suitable work since 1948.

Including a definition of “suitable work” in the regulation would not be advisable. A new definition could be disruptive to the meaning of suitable work as supplied by the statutory definition and over 60 years of case law. Moreover, to the extent that a regulatory definition would be construed by the courts as inconsistent with the statutory definition, it would be invalid.

Comment: Section 401(b)(1)(iii) of the law provides that the work search requirements established by the Department shall include “[a]pplying for positions that offer employment and wages similar to those the claimant had prior to his unemployment. . . .” The first tier job applications requirement in the proposed and final-form regulations allowed a claimant to limit his applications to positions that meet this description. The revised final-form regulation uses this statutory language to define “similar positions” and allows a claimant to limit his job applications to similar positions throughout the benefit year. The Chamber commented that “similar” is ambiguous and could allow claimants to withhold applications for jobs that pay only nominally less than the claimant’s prior employment. IRRC recommended that the Department indicate how a claimant can determine if potential employment and wages are similar.

Response: To determine whether the employment associated with a prospective position is similar to the claimant’s prior employment, the Department expects that a claimant will make a common sense and straightforward comparison between the job duties and skills associated with the prospective position and the job

duties and the skills used by the claimant in his prior employment. With regard to wages, the Department anticipates that a claimant would compare his prior wages or salary to the wages or salary associated with a prospective position and, in good faith, not withhold an application for the job because of a nominal difference in wages or salary.

Although the revised final-form regulation allows a claimant to restrict job applications to similar positions, that restriction is not required. If a claimant applies for at least two positions each week that would provide suitable work under section 4(t) of the law the claimant will satisfy subsection (e)(1). The claimant will not risk ineligibility for benefits if he applies for positions he mistakenly believes are similar or he simply applies for positions offering suitable work without regard to their similarity to his prior work.

If a claimant chooses to limit his job applications to similar positions, and declines to submit an application for a particular position because he mistakenly believes it is not similar, he can apply for other positions he believes are similar to satisfy subsection (e)(1). If the claimant determines that he is unable to apply for at least two similar positions during a week, he can satisfy the alternative requirements available under subsection (e)(1)(i).

Comment: The proposed and final-form regulations allowed a claimant to limit his job applications to similar positions within a certain commuting distance during weeks when the first tier requirements were in effect. When the second tier requirements were in effect, a claimant could not exercise this limitation if doing so would result in less than the required number of job applications per week. The proposed and final-form regulations did not authorize a claimant to “bank” excess applications made during first tier weeks and apply those applications to second tier weeks. IRRC asked if a claimant who applies for all potential similar positions by the end of the first tier period is unfairly penalized for his efforts to find similar work. CLS made a similar comment. The Pennsylvania AFL-CIO stated that the absence of a banking provision will encourage a claimant to make only the required amount of applications for similar positions during first tier weeks for fear he will not be able to make the required amount of applications during second tier weeks without expanding his applications to suitable work.

Response: The revised final-form regulation eliminates the basis for the concerns of IRRC, CLS and the Pennsylvania AFL-CIO about the absence of a banking provision. Under the one-tiered structure of the revised final-form regulation, the job applications requirement is limited to similar jobs within a 45-minute commute throughout the UC claim. In the absence of a second tier provision that could require a claimant to apply for dissimilar jobs or jobs beyond a 45-minute commute after a certain period of time, there is no motivation to withhold applications for similar jobs in early weeks to “save” those applications for later weeks.

It is important to note that a “banking” provision would be difficult to administer. If the Department is reviewing a claimant’s compliance with the job applications requirement for a given week, and the claimant’s work search record indicates that he applied one or more “banked” applications to that week, the Department would be required to ask the claimant to submit his work search records for all prior weeks to verify that the banked applications were made. This expanded review process

would be burdensome for both claimants and the Department. Moreover, the requirement to apply for jobs is a weekly requirement. It would not be met if a claimant could suspend job applications for a given week because he had made more than the minimum number of applications in one or more earlier weeks.

Comment: Subsection (f)(1)(i) provides that a claimant is not required to apply for positions under subsection (e)(1) and perform work search activities under subsection (e)(4) during a week if the claimant: (A) is a member of a union that has a hiring hall or the claimant is registered with a hiring hall; (B) is required to obtain employment through the hiring hall; and (C) fulfills the requirements to maintain eligibility for referral by the hiring hall during the week. The Chamber and MASCP suggested that this subparagraph be deleted from the regulation. These organizations stated that the work search requirements of the law and the regulation should apply consistently to all workers, union and nonunion.

Response: This provision is narrowly drafted and requires a claimant to maintain eligibility for referral by the hiring hall. This type of provision is a common feature among state work search requirements. It recognizes that a claimant who is a hiring hall member may be subject to union or hiring hall discipline if he applies directly to an employer for work, rather than follow hiring hall procedures. It is authorized by section 401(b)(3) of the law, which allows the Department to recognize work search efforts that are traditional in a claimant's trade or occupation.

Comment: Subsection (f)(1)(ii) provides that a claimant is not required to apply for positions under subsection (e)(1) and perform work search activities under subsection (e)(4) during a week if the claimant "actively participates during the week in a program or activity approved by the Department as an acceptable work search alternative." IRRC suggested that the regulation identify the types of programs or activities that would be acceptable work search alternatives and where a claimant could locate a list of the alternatives.

Response: To date, the Department has not designated programs or activities as acceptable work search alternatives. The Department will limit approved work search alternatives to robust and worthwhile programs likely to lead to reemployment. The Keystone Works Program established by the act of July 5, 2012 (P. L. 970, No. 107) is an example of the type of program or activity that may be approved under this subparagraph. The Department will list the approved programs on its web site.

Comment: Subsection (e)(4) requires a claimant to do at least one of the listed work search activities each week, in addition to the job applications required under paragraph (1). Representative Keller recommended that a claimant be allowed to use the work search activities under paragraph (4) as alternatives to job applications under paragraph (1).

Response: The Department incorporated this suggestion into the revised final-form regulation. Under subsection (e)(1)(i), if a claimant chooses to limit his applications to similar positions within a 45-minute commute, and the claimant determines that he would be unable to apply for at least two positions in that category during a week, the claimant may substitute work search activities under subsection (e)(4) for job applications. During the week the claimant may apply for one position and engage in one work search activity or engage in two work search activities in addition to the work search activity otherwise required under subsection (e)(4).

Comment: Section 401(b)(3) of the law allows the Department to determine that a claimant is meeting the work search requirements of that section "if the claimant's efforts include actions comparable to those traditional actions in their trade or occupation by which jobs have been found by others in the community and labor market in which the claimant is seeking employment." A similar provision is in subsection (f)(5) of the regulation. Representative Keller suggested that the regulation indicate the process by which a claimant would have his work search efforts approved under this provision.

Response: A separate procedure for purposes of subsection (f)(5) is not necessary. A claimant engaging in work search actions that are traditional to his trade or occupation would keep a record of his efforts as required under subsection (d)(2). To the extent that the claimant's recorded work search actions differ from what is required under subsections (e) and (f), the claimant may be asked to explain how his work search efforts are comparable to what is done in his trade or occupation to find work.

Comment: Section 401(b)(1)(ii) of the law provides that a claimant shall post a resume on the Pennsylvania CareerLink® system "unless the claimant is seeking work in an employment sector in which resumes are not commonly used." Representative Keller stated that the exception for employment sectors that do not use resumes should be included in the regulation.

Response: The Department incorporated this suggestion into the final-form regulation and it continues to be reflected in the revised final-form regulation.

Comment: Representative Keller and CLS commented that the regulation should provide that a claimant will not be disqualified from receiving benefits for failure to meet the requirements of the regulation, including the requirement to maintain work search records, if the claimant had "good cause" for failure.

Response: Although case law recognizes a "good cause" defense to an act of willful misconduct, the other "good cause" exceptions to UC disqualification provisions are statutory. For example, under section 402(a) of the law (43 P. S. § 802(a)), a claimant is not disqualified if he had "good cause" for refusing suitable work. Under section 402(b) of the law, a claimant is not disqualified if he had "cause of a necessitous and compelling nature" to voluntarily leave his job. Section 402(j) of the law provides that a claimant is not disqualified if he had "justifiable cause" for not participating in reemployment services. In the absence of a "good cause" provision in section 401(b) of the law, the Department is not including a similar clause in the regulation. However, if a claimant's "good cause" for noncompliance with the regulation also constitutes a reason why compliance "would be oppressive or . . . inconsistent with the purposes of" the law, the claimant's circumstances could be addressed under the waiver provision in section 401(b)(6) of the law and subsection (f)(6) of the regulation.

Comment: Section 401(b)(5) of the law provides that the work search requirement does not apply to a claimant who is "advised by the employer of the date on which the claimant will return to work." Subsection (g)(2)(i) requires the employer to notify the claimant of the recall date in writing. Representative Keller suggested that the regulation allow an employer to give verbal notice of a recall date to the claimant.

Response: Allowing verbal notice of a recall date would not be prudent. If an employer gives written notice of a recall date to the claimant, the claimant can provide a copy of the notice to the Department. If the employer communicates a recall date verbally, the Department would have to contact the employer to verify that a recall date had been designated. Because of the potential for abuse that would exist if the regulation recognized verbal recall dates, confirming the designated recall date with the employer would be essential. The need to verify a verbal recall date would impose an additional burden on both the Department and the employer. Moreover, the claimant's eligibility for benefits could be affected if the Department is unable to obtain confirmation of the verbal recall date from the employer.

Comment: The work search requirements in section 401(b) of the law were supplied by Act 6. Section 9(3) of Act 6 provides that "[t]he amendment of section 401(b) of the Act shall apply to benefit years that begin on or after January 1, 2012." Consistent with Act 6, the preamble to the proposed rulemaking stated that the regulation would "affect claimants who file an application for UC benefits that takes effect on or after January 1, 2012." IRRC stated that it is unclear how the regulation could affect claimants who file UC applications on and after January 1, 2012, but at the same time not be effective until it is promulgated, as advocated by CLS and Representative Keller. IRRC also stated it is unclear whether the January 1, 2012, applicability date would require claimants already receiving benefits to overhaul their existing job searches or reapply for benefits, and how the Department would notify them of potential changes to their eligibility. IRRC recommended that the regulation only apply to a claimant who files an application after the effective date of the final-form rulemaking.

Response: There is a difference between the universe of claimants to whom the requirements in section 401(b) of the law and the regulation may apply and the effective date of the regulation.

Subject to certain exceptions, an "application for benefits" takes effect on the first day of the calendar week in which it is filed under § 65.42 (relating to application for benefits—effective date). The effective date of an application for benefits begins a 52-week period known as the "benefit year." See section 4(b) of the law. Under Act 6, the work search requirements apply only to applications for benefits effective, and benefit years beginning, on or after January 1, 2012. (It is expected that all weeks of unemployment occurring on or after the date of publication of the revised final-form rulemaking in the *Pennsylvania Bulletin* will correspond to applications and benefit years to which the work search requirements apply.)

The requirements in the regulation are week-by-week eligibility criteria. Therefore, they would take effect beginning with the week following publication of the revised final-form rulemaking in the *Pennsylvania Bulletin*. The regulation would not retroactively affect a claimant's eligibility for prior weeks.

The Department intends to notify the claimant community when the revised final-form rulemaking is officially promulgated.

Comment: IRRC asked the Department to explain why the proposed regulation included certain provisions from section 401(b) of the law, but did not include other provisions from the law.

Response: The proposed regulation did not include the exception to the resume requirement in section

401(b)(1)(ii) of the law or the waiver provision in section 401(b)(6) of the law. Because these exceptions to the general work search rules were established by the law, the Department did not believe it was necessary to incorporate them into the regulation to give them a legal foundation. However, in response to the comments the Department received, these provisions were included in the final-form regulation and remain in the revised final-form regulation.

Comment: IRRC suggested that the Department include cross references to the law in the regulation, move the definitions to the beginning of the regulation and exclude a phrase from final-form subsection (e)(2).

Response: The Department incorporated these suggestions into the final-form regulation and they continue to be reflected in the revised final-form regulation.

Comment: Representative Keller suggested that the Department assist claimants to register for employment search services by telephone, and stated it was unclear whether Pennsylvania CareerLink® offices would register claimants. CLS stated that the Department should presume that the positions for which a claimant has applied would constitute suitable work for the claimant, and should provide information about the work search requirements in languages other than English.

Response: These comments do not address the content of the regulation. Rather, they are suggestions to the Department regarding the manner in which the Department will administer the work search requirements.

D. Affected Persons

Under section 9(3) of Act 6, this regulation applies to a claimant who files an application for UC benefits that takes effect on or after January 1, 2012, and who files claims for compensation for weeks beginning on or after publication of the revised final-form rulemaking in the *Pennsylvania Bulletin*. It will not apply to claimants who qualify for one or more of the exceptions in the regulation.

E. Fiscal Impact

The Department anticipates that a claimant will be able to meet the active work search requirement in section 401(b) of the law and the regulation at minimal or no cost.

The Department will integrate administration of the active work search requirement into its day-to-day administration of the eligibility provisions of the law. It is not possible to accurately isolate the cost to administer only the active search provision.

F. Paperwork Requirements

Section 65.11(d) requires a claimant to create a record of his work search activities that contains information required by the Department, retain the record for 2 years from the effective date of the application for benefits and produce the record for the Department's review at times and in a manner as the Department requires.

G. Sunset Date

The regulation will be monitored through practice and application. Therefore, a sunset date is not designated.

H. Effective Date

This regulation will be effective upon publication of the revised final-form rulemaking in the *Pennsylvania Bulletin*.

I. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 19, 2012, the Department submitted a copy of the notice of proposed rulemaking, published at 42 Pa.B. 2378, to IRRC and the Chairpersons of the Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the Committees and the public.

Under section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)), on November 5, 2012, the Department submitted the final-form rulemaking to IRRC and the Committees. Under section 5.1(j.2) of the Regulatory Review Act, on November 30, 2012, the final-form rulemaking was deemed approved by the Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 13, 2012, and disapproved the final-form regulation.

Under section 6(a) of the Regulatory Review Act (71 P. S. § 745.6(a)), IRRC issued its disapproval order to the Department and the Committees on February 15, 2013. Under section 7(c) of the Regulatory Review Act (71 P. S. § 745.7(c)), to respond to objections raised by IRRC, the Department submitted a report and a revised final-form rulemaking to IRRC and the Committees on March 26, 2013.

Under section 7(c.1) of the Regulatory Review Act, IRRC met on April 18, 2013, and approved the revised final-form rulemaking. On the same date, IRRC issued its approval order to the Committees. Neither Committee reported a concurrent resolution on or before May 2, 2013, as provided under section 7(d) of the Regulatory Review Act. Therefore, the Committees are deemed to have approved the revised final-form regulation on that date.

J. Findings

The Department finds that:

- (1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.
- (2) The Department gave public notice of its intention to promulgate this rulemaking by publication of a proposed rulemaking at 42 Pa.B. 2378.
- (3) A public comment period was provided as required by law and the comments received were considered.
- (4) This revised final-form rulemaking does not enlarge the purpose of the proposed rulemaking published at 42 Pa.B. 2378.
- (5) This revised final-form rulemaking is necessary and suitable for the administration of the law.

K. Order

Annex A

TITLE 34. LABOR AND INDUSTRY

PART II. BUREAU OF EMPLOYMENT SECURITY

Subpart A. UNEMPLOYMENT COMPENSATION

CHAPTER 65. EMPLOYEE PROVISIONS

Subchapter B. PREREQUISITES FOR ELIGIBILITY

ACTIVE SEARCH FOR WORK

§ 65.11. Active search for work.

(a) *Definitions.* For purposes of this section and section 401(b) of the law (43 P. S. § 801(b)), the following words and phrases have the following meanings, unless the context clearly indicates otherwise:

Employment service—The state employment service established under 20 CFR Part 652 (relating to establishment and functioning of state employment services).

Pennsylvania CareerLink® system—The system of offices, personnel and resources, including the Commonwealth Workforce Development System or successor electronic resources, through which the Department provides services under the Wagner-Peyser Act (29 U.S.C.A. §§ 49—491-2) and the Workforce Investment Act of 1998 (29 U.S.C.A. §§ 2801—2945) or similar or successor statutes.

Register for employment search services—Provide information regarding education, work history and qualifications and other information required by the Department that is relevant to receipt of employment search services.

Similar positions—Positions that offer employment and wages similar to those the claimant had prior to his unemployment and which are within a 45-minute commuting distance.

(b) *Initial procedures.* When a claimant files an application for benefits in accordance with § 65.41 (relating to filing methods), the Department will:

(1) Provide instructions to the claimant regarding the process to register for employment search services and post a resume in the Pennsylvania CareerLink® system.

(2) Advise the claimant of services provided by the Department and the Pennsylvania CareerLink® system.

(3) Provide a copy of the recommended work search record form to the claimant and advise the claimant that the form is available on the Department's web site.

(c) *Work registration.* A claimant shall register for employment search services in the Pennsylvania

CareerLink® system within 30 days after the claimant files his application for benefits. See section 401(b)(1)(i) of the law. If a claimant does not register for employment search services in the Pennsylvania CareerLink® system within 30 days after the claimant files his application for benefits, the claimant will be ineligible for compensation for any week that ends more than 30 days after the claimant files his application for benefits unless the claimant registers by Sunday of that week.

(d) *Weekly requirements.* To be eligible for compensation for the third week of the benefit year for which a claim for compensation is filed and each week thereafter for which a claim for compensation is filed, a claimant shall do the following:

(1) Engage in work search activities during the week in accordance with subsections (e) and (f).

(2) Complete the recommended work search record form for the week or create a record of his work search activities during the week that contains the same information that would be required to complete the recommended form.

(3) Retain the record for 2 years from the effective date of the application for benefits.

(4) Produce the record for the Department's review at the times and in a manner as required by the Department.

(e) *Weekly work search activities.*

(1) A claimant shall apply for at least two positions during the week as follows:

(i) The claimant may limit his applications to similar positions. See section 401(b)(1)(iii) of the law. If a claimant chooses to limit his applications to similar positions and as a result of that limitation the claimant determines that he would be unable to apply for at least two positions during the week, the claimant shall do one or a combination of the following:

(A) The claimant shall apply for positions that would provide suitable work under section 4(t) of the law (43 P. S. § 753(t)) in order to apply for at least two positions during the week.

(B) The claimant shall engage in a work search activity in paragraph (4) instead of an application for a position so that the combined number of applications and work search activities during the week is at least two, determined before the application of paragraph (4).

(ii) The claimant may apply for positions that would provide suitable work under section 4(t) of the law.

(2) For purposes of paragraph (1), a claimant may apply for a position in the following ways:

(i) In person.

(ii) By mail, phone or electronic transmission.

(iii) By submitting a job application or resume to the employer.

(iv) By following a hiring procedure established by the employer.

(3) A repeated application for the same position does not satisfy the requirements of paragraph (1) unless there is a reasonable basis to believe that the employer's hiring circumstances have changed.

(4) In addition to the requirements of paragraph (1), the claimant shall do at least one of the following during the week:

(i) Attend a job fair.

(ii) Search positions posted on the Pennsylvania CareerLink® system or Internet job banks.

(iii) Post a resume in the Pennsylvania CareerLink® system or other resume posting service.

(iv) Contact colleagues, former coworkers or other individuals in similar professions or occupations to make known the claimant's availability for employment or obtain information about available positions, prospective employers or other employment opportunities.

(v) Utilize an employment agency, employment registry or school placement service.

(vi) Take a civil service test or other pre-employment test.

(vii) Participate in a program or activity offered through the Pennsylvania CareerLink® system.

(5) If a claimant applies for more than the minimum number of positions under paragraph (1), the additional application may substitute for a work search activity under paragraph (4).

(f) *Alternative requirements and waiver.*

(1) Work search activities under subsection (e) are not required for a week if any of the following apply:

(i) The claimant meets all of the following:

(A) Is a member of a union that has a hiring hall or the claimant is registered with a hiring hall.

(B) Is required to obtain employment through the hiring hall.

(C) Fulfills the requirements to maintain eligibility for referral by the hiring hall during the week.

(ii) The claimant actively participates during the week in a program or activity approved by the Department as an acceptable work search alternative.

(2) If a claimant works part time during a week and earns in excess of the claimant's partial benefit credit as defined in section 4(m.3) of the law, the following apply:

(i) The claimant shall satisfy the requirements of subsection (e)(1) by applying for one position during the week.

(ii) The claimant will not be required to satisfy the requirements of subsection (e)(4) during the week.

(3) If a claimant is interviewed for a position by an employer or an employer representative, the interview may substitute for an application for a position for purposes of subsection (e)(1) or may substitute for a work search activity for purposes of subsection (e)(4) for the week in which the interview occurs.

(4) For purposes of subsection (c), if a claimant's labor market is located outside of this Commonwealth the claimant shall register for employment search services with the employment service that serves the claimant's labor market in addition to registering with the Pennsylvania CareerLink® system.

(5) Notwithstanding any other provision of this section, the Department may determine that a claimant has satisfied the requirements of section 401(b) of the law if the claimant's work search efforts include actions comparable to traditional actions in the claimant's trade or occupation by which jobs have been found by others in the community and labor market in which the claimant is seeking employment. See section 401(b)(3) of the law.

(6) The Department may waive or alter the requirements of this section or section 401(b) of the law in cases or situations with respect to which the Secretary finds that compliance with these requirements would be oppressive or which would be inconsistent with the purposes of the law. See section 401(b)(6) of the law. A claimant may submit a request to the Department to waive or alter the requirements of this section or section 401(b) of the law. The claimant may complete and submit the recommended waiver request form available on the Department's web site or submit a written request that contains the same information that would be required to complete the recommended form.

(g) *Applicability.*

(1) This section does not apply:

(i) As provided in section 401(b)(4) and (5) of the law.

(ii) To a week in which a claimant is in training with the approval of the Secretary.

(iii) To a week in which a claimant is participating in a work sharing plan under Article XIII of the law (43 P. S. §§ 916.1—916.13).

(2) For purposes of section 401(b)(5) of the law:

(i) A claimant is advised by the employer of the date on which he will return to work only if both of the following conditions are satisfied:

(A) The employer designates a specific recall date and notifies the claimant of the recall date in writing.

(B) The employer's designation of a recall date is bona fide.

(ii) Section 401(b)(5) of the law does not apply to a week following the week in which either of the following occur:

(A) The designated recall date is rescinded by the employer or is rescinded in fact.

(B) The designated recall date has passed.

(3) The requirement in section 401(b)(1)(ii) of the law does not apply to a claimant who is seeking work in an employment sector in which resumes are not commonly used.

(h) *Extended benefits.* For purposes of extended benefits under Article IV-A of the law (43 P. S. §§ 811—818), if the eligibility requirements for extended benefits include work search requirements in addition to the requirements of section 401(b) of the law and this section, the claimant also shall satisfy the additional work search requirements applicable to extended benefits.

Supplementary Information

Re-Proposal. A notice of proposed rulemaking to amend the current PCB criteria and to invite comment on an implementation plan was published in the *Pennsylvania Bulletin* on August 15, 2009 (39 Pa.B. 4892) and in the *Federal Register* (74 FR 41100) on August 14, 2009. The Commission deferred action on the proposal, however, pending the refinement of implementation strategies for point sources. Today, the uniform criterion of 16 picograms per liter is re-proposed, and a draft implementation strategy that has been revised for point sources is simultaneously published for comment.

Current Criteria. The human health water quality criteria for PCBs currently in effect in Zones 2 through 5 of the Delaware Estuary were established by the Commission in 1996 (see 61 FR 58047 and incorporation by reference at 18 C.F.R. Part 410). The 1996 criterion applicable to the lower portion of Zone 5 was extended to Zone 6, Delaware Bay, in 2010, effective the following year (see 76 FR 16285). The development of these PCB criteria pre-dated the collection of site-specific bioaccumulation data for the Estuary and Bay and site-specific fish-consumption data for Zones 2 through 4 that are relevant to the development of human health water quality criteria. They are also inconsistent with current guidance issued by the U.S. Environmental Protection Agency ("EPA") for the development of such criteria, and they vary by water quality zone, adding undue complexity to application of the criteria in these tidal waters.

Development of New Criteria. By Resolution No. 2003-11 on March 19, 2003 the Commission directed the executive director to initiate rulemaking on a proposal to revise the Commission's water quality criteria for PCBs for the protection of human health from carcinogenic effects to reflect site-specific data on fish consumption, site-specific bioaccumulation factors, and current EPA guidance on development of human health criteria. Amendment of the PCB criteria was delayed, however, pending ongoing work by the Commission's Toxics Advisory Committee ("TAC") to develop the new criterion and a simultaneous initiative by the Commission and diverse stakeholders to develop an implementation plan. The TAC is a standing committee of stakeholders, including regulators, municipal and industrial dischargers and environmental organizations that advises the Commission on technical matters relating to the control of toxic contaminants in shared waters of the Basin.

Rigorously applying the most current available data and methodology, including site-specific data on fish consumption, site-specific bioaccumulation factors, and the current EPA methodology for the development of human health criteria for toxic pollutants (see EPA-822-B-00-004, October 2000), the TAC in July 2005 completed development of a revised PCB water quality criterion for the protection of human health from carcinogenic effects for the Delaware Estuary and Bay, recommending adoption of a uniform criterion of 16 picograms per liter for Water Quality Management Zones 2 through 6. By Resolution No. 2005-19 on December 7, 2005, the Commission

again directed the executive director to conduct rulemaking, specifically to replace the existing criteria for PCBs with the uniform criterion of 16 picograms per liter.

Over the course of the next three-and-a-half years, the Commission continued to work with co-regulators on an implementation strategy for point and non-point sources to accompany the proposed uniform criterion. A notice of proposed rulemaking to amend the current PCB criteria and to invite comment on an implementation plan was issued in August 2009 (see 74 FR 41100). The Commission deferred action on the proposal, however, pending the refinement of implementation strategies for point sources. The updated, uniform criterion of 16 picograms per liter is now re-proposed, and a draft implementation strategy that has been revised for point sources is simultaneously published for comment.

Water Quality Impairment for PCBs. Because high levels of PCBs have resulted in state-issued fish consumption advisories for certain species caught in the Estuary and Bay, these waters are listed by the bordering states as impaired under Section 303(d) of the federal Clean Water Act ("CWA"), and a total maximum daily load ("TMDL") is required to be established for them. A TMDL expresses the maximum amount of a pollutant that a water body can receive and still attain water quality standards. Once the TMDL is calculated, it is allocated to all sources in the watershed—point and nonpoint. In order to ensure the attainment and maintenance of water quality standards, a source must not discharge a load in excess of its allocated share of the TMDL.

The EPA established TMDLs for PCBs on behalf of the states in December of 2003 for the Delaware Estuary and in December of 2006 for the Delaware Bay ("Stage 1 TMDLs"). Upon adoption of revised human health water quality criteria for PCBs in the Delaware Estuary and Bay, it is anticipated that EPA will establish new TMDLs ("Stage 2 TMDLs") corresponding to the updated criteria.

Implementing PCB Load Reductions. To initiate PCB reductions, by Resolution No. 2005-9 in May 2005, the Commission amended its Water Quality Regulations ("WQR") to establish a requirement for PCB Pollutant Minimization Plans ("PMPs") (see Section 4.30.9 of the WQR, incorporated by reference at 18 C.F.R. Part 410) ("the PMP Rule"). In accordance with the PMP Rule the largest point source dischargers of PCBs to the Delaware Estuary and Bay undertook the development and implementation of PMPs, including a variety of track-down and load reduction strategies. Ambient and effluent data collected between 2005 and 2011 show that their efforts over the past 12 years (and in some cases longer) have substantially reduced point source PCB loadings to the Estuary and Bay. However, because PCBs persist in the environment, including in soils that drain to municipal and industrial discharge facilities, most dischargers will require more time, including in some instances decades, to achieve the PCB loading reductions needed to meet their assigned wasteload allocations.

The draft document entitled Implementation Strategy for Polychlorinated Biphenyls for Zones 2—6 of the Delaware River Estuary ("Implementation Strategy") builds on the approach embodied by the PMP Rule. Among other things, it attempts to better integrate PMP requirements with the National Pollutant Discharge Elimination System (NPDES) permit program administered by the Estuary states of Delaware, New Jersey and Pennsylvania pursuant to the CWA.

Notably, the 2003 Delaware Estuary TMDL report projected that "due to the scope and complexity of the

problem that has been defined through these TMDLs, achieving the estuary water quality standards for PCBs will take decades." (EPA 2003, Executive Summary, p. xiii). Adoption of an updated, uniform criterion for the Delaware Estuary and Bay and implementation of the criterion by means of the proposed strategy will not alter this prognosis. However, the proposed criterion and Implementation Strategy are intended to align the Commission's water quality criteria with current science and to ensure that increasingly protective pollutant levels in fish and ambient water are achieved at an aggressive pace until the protected use—fishable waters—is restored.

Subjects on Which Comment is Expressly Solicited. Public comment is solicited on all aspects of the proposed rule. These include but are not limited to the assumptions applied in developing the criterion, as set forth in a basis and background document that is available on the DRBC website, DRBC.net. Comment on the proposed Implementation Strategy for the new criterion, also posted on the website, is simultaneously requested.

GAME COMMISSION

[58 PA. CODE CH. 143]

Hunting and Furtaker Licenses; Agents

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 25, 2013, meeting to amend Chapter 143, Subchapter B (relating to appointment of agents) to eliminate the late fees for late agent applications and also to make housekeeping amendments to related text.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 25, 2013, meeting of the Commission. Comments can be

sent until September 20, 2013, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

Section 143.29 (relating to fee for late applications) requires applicants who submit their agent applications from April 1 through October 31 to pay a \$100 late fee. In the past, ample time was needed to create agent accounts and expedite shipment of hunting licenses before the start of the new license year. Due the implementation of the automated license system, there are no longer time constraints that necessitate timely applications. Therefore, the Commission has determined that the late fee is no longer necessary. The Commission is proposing to amend Chapter 143, Subchapter B to eliminate the late fees for late agent applications and also to make housekeeping amendments to related text.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and performance of license issuing activities. Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to Chapter 143, Subchapter B are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend Chapter 143, Subchapter B to eliminate the late fees for late agent applications and also to make housekeeping amendments to related text.

3. Persons Affected

Persons wishing to make application to become a hunting/furtaking license issuing agent within this Commonwealth may be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of September 2013

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of September, 2013, is 5 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which

the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 3.17 to which was added 2.50 percentage points for a total of 5.67 that by law is rounded off to the nearest quarter at 5 3/4%.

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An

acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing

the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401-7671q) and regulations adopted under the Federal Clean Air Act.

EROSION AND SEDIMENT CONTROL PERMITS

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance activities associated with either road maintenance or timber harvesting operations.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

A person wishing to comment on a proposed permit are invited to submit a statement to the appropriate Department regional office listed before the application within

30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment

Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

WATER ALLOCATIONS

Actions taken on applications received under the Act of June 24, 1939 (P. L. 842, No. 365) (35 P. S. §§ 631—641) relating to the acquisition of rights to divert waters of the Commonwealth.

Northcentral Region: Water Supply Management Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448.

WA 18-933A, Water Allocations. Central Clinton County Water Filtration Authority, 70 Filtration Drive, Lock Haven, PA 17745, Wayne Township, Clinton County. This Water Allocation Permit grants Central Clinton County Water Filtration Authority the right to

purchase from the City of Lock Haven a maximum of 3.9 million gallons per day and 2.9 million gallons per day on an annual average basis. After June 25, 2018, the annual average allocation decreases to 2.8 million gallons per day. The allocation granted takes into account reasonable projections of future use that can be supported by past data or documentation. The reasonable use analysis was performed during the review of the Lock Haven and Suburban Lock Haven Water Authority (SLHWA) allocation applications. The allocation granted also reflects a reduction in unaccounted for water loss to 20% in the City of Lock Haven’s and SLHWA’s distribution systems. The allocation granted is the same as the City of Lock Haven.

Union Township	1910 Municipal Drive, New Castle, PA 16101	Lawrence

Plan Description: The approved plan provides for a comprehensive evaluation of projected areas for future development and places them in the categories of short, mid or long-term. A majority of the development and corresponding infrastructure provided in the plan is predicated on the construction of a horse racetrack and casino. If the plans for the horse racetrack and casino do not materialize, it is unlikely that the development volume proposed within the plan will materialize. Further planning will be required as sewage needs dictate based on growth and development. The plan was submitted under the consent order and agreement dated July 15, 2011.

The plan provides for construction of a Small Flow Treatment Facility for 5 homes to replace a malfunctioning on-lot sewage system on 230 acres. The proposed sewage flows are 2000 gallons per day with a discharge to Township Run. The proposed development is located on State Road 866. The Department’s review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code No. is A3-07909-070-3S and the APS Id is 792504. SEWAGE FACILITIES ACT PLAN DISAPPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.

Plan Location:

Borough or Township	Borough or Township Address	County
Rapho Township	971 N. Colebrook Rd Manheim PA 17547	Lancaster

Plan Description: The planning module for the Harris Subdivision, DEP Code No. A3-36948-469-2, APS Id 814450, consisting of the creation of one new residential building lot to be served by an individual on lot sewage disposal system is disapproved. The proposed development is located on the west side of Pinch Road, north of Aaron's Lane in Rapho Township. This plan is disapproved because the proposed Lot 2 does not have the area required to infiltrate the amount of groundwater recharge necessary to successfully dilute the nitrate-nitrogen from this lot's sewage discharge. The average nitrate-nitrogen levels in the groundwater leaving this lot will exceed 10 mg/l. Each lot must be able to capture enough groundwater recharge to dilute its own discharge and cannot rely upon the remainder, or on other lots, to supply this recharge.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard se-

lected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87-90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0;	less than 9.0
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501–508 and 701–704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street,

PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

C. Additional Class of Disproportionate Share Payments

Effective March 1, 1998, the Department established a new class of disproportionate share payments to hospitals which render uncompensated care and which the Department has determined are experiencing significant revenue loss as a result of MA Program revisions under the act of May 16, 1996 (P. L. 175, No. 35).

Effective January 15, 1999, the Department established a new class of disproportionate share payments to include a Charity Care component of the Community Access Fund. A disproportionate share payment will be made to qualifying hospitals based on each hospital's percentage of charity care cost to the total charity care costs of all qualifying hospitals. The Department also established a disproportionate share payment for those hospitals which the Department has determined advanced its goal of enhanced access to multiple types of medical care in economically distressed areas of this Commonwealth.

The following hospitals qualify for this payment:

Findings

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)) establishing the Department of Transportation (Department), the Director of the Bureau of Project Delivery, as delegated by the Secretary of Transportation, makes the following written finding:

The Department is planning the projects listed as follows. Environmental and Section 4(f) Documentation have been developed for the projects identified as follows to evaluate the potential environmental impacts caused by these projects. The Section 4(f) documents also serve as the Section 2002 Evaluations. The approved documents are available in the CE/EA Expert System at <http://www.dotdom2.state.pa.us/ceea/ceeainmain.nsf>. The environmental, economic, social and other effects of the proposed projects have been considered.

Based upon studies, there is no feasible and prudent alternative to the use of the Section 2002 resources for

the following proposed projects and all reasonable steps have been taken to minimize the effects.

SR 0980, Section 139—Cecil Township, Washington County.

Project Description: Realignment of SR 0980 at the intersection with SR 0050 to create a plus intersection. The project includes construction of a trail bridge that will carry the Montour Trail over the roadways. This bridge will reestablish the trail connection previously provided by a former railroad bridge.

Environmental Documents: Level-1b Environmental Document, approved April 9, 2013, and a Determination of Section 4(f) De Minimis Use document, approved February 25, 2013.

Proposed Use of Section 4(f)/2002 Resources: The Montour Railroad, currently being utilized as the Montour Trail, is eligible for listing on the National Register of Historic Places. The project will temporarily close the Montour Trail while its grade is raised several feet to accommodate the proposed trail bridge over the roadways.

SR 4019, Section 004—Pinecroft Curves Antis Township, Blair County.

Project Description: Safety improvements that include shifting SR 4019 to the west, realigning two deficient curves and replacing the structure over Sandy Run.

Environmental Documents: Level-1b Environmental Document, approved on April 9, 2013, and a Determination of Section 4(f) De Minimis use Document, approved on June 5, 2012.

Proposed Use of Section 4(f)/2002 Resources: The Martin Bell Farm/Elizabeth Furnace property is eligible for listing on the National Register of Historic Places. The roadway realignment, with associated cut/fill lines, will require 0.48 acre of the Martin Bell Farm/Elizabeth Furnace property for permanent Department right-of-way.

Greenfield Bridge, Allegheny County.

Project Description: This project involves the replacement of the Greenfield Bridge, which carries Beechwood Boulevard over Interstate 376 within the City of Pittsburgh, Allegheny County.

Environmental Documents: A Level 1b Categorical Exclusion Evaluation was approved for this project on July 8, 2013, and the associated Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use document was approved on May 23, 2013.

De Minimis Use of Section 4(f)/2002 Resource: This project will require the de minimis use of approximately 0.02 acre of the 456-acre Schenley Park property, which is both a City Park and a Historic District that qualifies as a Section 4(f)/Section 2002 resource.

SR 0897, Section 024—White Horse Run Bridge Replacement, Salisbury Township, Lancaster County.

Project Description: This project involves the replacement of a single span concrete encased steel beam bridge that is supported by concrete abutments and wingwalls over White Horse Run in Salisbury Township, Lancaster County.

Environmental Documents: Level-1b Categorical Exclusion Evaluation, approved on April 15, 2013. Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties was approved on March 22, 2013.

Proposed Use of Section 4(f)/2002 Resources: This project will require minor property acquisitions from the Stoltzfus Farm in the northeast quadrant and the Glick Farm in the southwest quadrant that are adjacent to the existing bridge. Both properties are contributing resources to the Pequea North Rural Historic District.

*Pennsylvania Public Utility Commission—
Rules of Practice and Procedure;
Regulation No. 57-290 (#2984)*

On February 22, 2013, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code Chap-

ters 1 and 5. The proposed regulation was published in the March 9, 2013 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on June 18, 2013.

This regulation simplifies existing practices and procedures before the PUC.

We have determined this regulation is consistent with the statutory authority of the PUC (66 Pa.C.S. § 501) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
4-96	Department of Community and Economic Development Manufactured Housing Improvement Program 43 Pa.B. 3110 (June 8, 2013)	7/8/13	8/7/13

**Department of Community and Economic
Development**

Regulation #4-96 (IRRC #3014)

Manufactured Housing Improvement Program

August 7, 2013

We submit for your consideration the following comments on the proposed rulemaking published in the June 8, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b). Section 5.1(a) of the RRA (71 P. S. § 745.5a(a)) directs the Department of Community and Economic Development (DCED) to respond to all comments received from us or any other source.

1. Determining whether the regulation is in the public interest.

Section 5.2 of the RRA (71 P. S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as economic or fiscal impact and reasonableness. To make that determination, the Commission must analyze the text of the proposed rulemaking and the reasons for the new or amended language. The Commission also considers the information

a promulgating agency is required to provide under Section 5 of the RRA in the Regulatory Analysis Form (RAF) (71 P. S. § 745.5(a)).

DCED's responses to questions 15 through 17 and 19 through 27 of the RAF are not sufficient to allow this Commission to determine if the regulation is in the public interest. In the RAF submitted with the final-form rulemaking, DCED should provide more detailed information as required under § 745.5(a) of the RRA. Specifically, we seek answers to the following questions:

- What types of small businesses and how many small businesses will be affected?
- How will this affect Pennsylvania's small businesses?
- What are the specific estimated costs and/or savings to the regulated community?
- What are the specific estimated costs and/or savings to local governments?

Also, DCED should provide a citation to the relevant provisions of the federal definition of small business that were reviewed in the development of the rulemaking and an analysis of their applicability/inapplicability to the regulation in its response to RAF question 24.

Additionally, we ask DCED to clarify its responses to RAF questions 17 and 20. The responses are unclear as to how the regulations will eliminate municipal requirements (#17) but provide no savings to local governments associated with compliance (#20).

Similarly, we ask DCED to clarify its responses to RAF questions 19, 21 and 23. DCED states that there will be no direct costs to the industry (#19) and provided no information regarding costs associated with implementation and compliance (#23), but cites fees that generate revenue from training and certification of manufactured home installers (#21).

Chairperson
