READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

[4 PA. CODE CH. 6]

[EXECUTIVE ORDER NO. 2010-02 AS AMENDED]

Creation of the Commonwealth Health Care Reform Implementation Committee and the Commonwealth Health Care Reform Implementation Advisory Committee

July 20, 2010

Whereas, the Patient Protection and Affordable Care Act was enacted by the U.S. Congress and signed into law by the President on March 23, 2010 and the Health Care and Education Reconciliation Act was enacted by the U.S. Congress and signed into law by the President on March 30, 2010 (hereinafter collectively referred to as the "Act") providing affordable health care coverage for nearly every citizen; and

Whereas, more than one million Pennsylvanians do not have access to affordable health care coverage; and

Whereas, the commonwealth's adultBasic program waiting list now stands at nearly 400,000 eligible persons and continues to grow; and

Whereas, nearly 200,000 Pennsylvanians who are on the adultBasic waiting list suffer from urgent, serious and expensive to treat illnesses; and

Whereas, Pennsylvania's small employers suffer extraordinary rate increases and many cannot afford to cover ever increasing premiums for employee coverage; and

Whereas, more and more small employers can no longer provide employee health insurance coverage and remain profitable enterprises; and

Whereas, the implementation of this Act will increase the numbers of individuals with reliable health insurance coverage, due to both an expansion of the Medical Assistance program and the creation of the health benefit exchange, will curb the trend of steep annual increases in health insurance premiums paid by employers and will provide direct assistance to small companies providing coverage and individuals purchasing their own coverage; and

Whereas, the Act provides incentives to further improve affordability of long term care services, and expansion and enhanced quality of home and community based services for older and disabled adults; and

Whereas, the Act relies on an expanded partnership between the federal and state governments in the administration of health care coverage and the regulation of health insurance products; and

Whereas, the Act authorizes and provides funds to states to create health benefit exchanges that will help citizens and businesses select the best health care coverage for their needs with tools to ensure that price and benefits can easily be compared among insurers; and

Whereas, innovations in the creation of the health benefit exchanges can ensure the continuity of coverage for individuals regardless of their employment situation; and

Whereas, the Act authorizes the federal government to work with states to create new temporary high-risk pools to help uninsured individuals, who cannot get insurance due to pre-existing conditions, obtain affordable coverage; and

Whereas, the Act immediately ends the imposition of pre-existing condition requirements on children and, in 2014, provides every adult the same protection in addition to standardizing the rate setting for insurance

products offered to small employers and individuals and providing other consumer protections, with the intention that states will enforce adherence to these new consumer protections; and

Whereas, the Act will produce annual reductions in state expenditures for prescription drug coverage for both Medical Assistance and Pennsylvania's PACE program recipients; and

Whereas, coordination among executive agencies regarding the Act's implementation will be needed to ensure Pennsylvanians get immediate and full access to all health care coverage, insurance protections, expanded access to care and federal subsidies to ensure affordability; and

Whereas, the commonwealth must develop an efficient and effective set of strategies to implement these reforms with input from experts, providers and citizens.

Now, Therefore, I, Edward G. Rendell, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Commonwealth Health Care Reform Implementation Committee and the Commonwealth Health Care Reform Implementation Advisory Committee; and do hereby delegate to the Insurance Department the authority to establish and administer the commonwealth's High Risk Pool program.

Amendment of Rule 3135 of the Rules of Civil Procedure; No. 531; Civil Procedural Rules

Order

Per Curiam:

And Now, this 28th day of July, 2010, upon the recommendation of the Civil Procedural Rules Committee; the proposal having been published for public comment at

40 Pa.B. 413 (January 16, 2010) and in the *Atlantic Reporter* (Second Series Advance Sheets, Vol. 984 No. 3):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 3135 of the Pennsylvania Rules of Civil Procedure is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective September 1, 2010.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 3000. JUDGMENTS

Subchapter D. ENFORCEMENT OF MONEY JUDGMENTS FOR THE PAYMENT OF MONEY

Rule 3135. Sheriff's deed to real property. Correction of deed.

(a) When real property is sold in execution and no petition to set aside the sale has been filed, the sheriff, at the expiration of twenty days **but no later than 40 days** after either the filing of the schedule of distribution or the execution sale if no schedule of distribution need be filed, shall execute and acknowledge before the prothonotary a deed to the property sold. The sheriff shall forthwith deliver the deed to the appropriate officers for recording and for registry if required. Confirmation of the sale by the court shall not be required.

Official Note: See Rule 3136(a) governing the filing of the schedule of distribution.

(b) If the sheriff has made a defective return of the execution proceeding or has executed a defective deed, including the erroneous description of the real estate, the court upon petition of the purchaser or the purchaser's successors in title may correct the return or deed or order that a new return or deed be executed.

Explanatory Comment—2005

Prior to the present amendment, Rule 3135(a) governing execution sales provided in part that "the sheriff, at the expiration of ten days after the filing of the schedule of distribution, shall execute and acknowledge before the prothonotary a deed to the property sold." There was a gap in the rule because Rule 3136(a) provides that a schedule of distribution need not be filed where the real property is sold to the plaintiff for costs only.

The amended rule eliminates this gap. Where a schedule of distribution is not required, the sheriff must execute and acknowledge the deed no sooner than twenty days after the date of the sale.

Explanatory Comment

The Civil Procedural Rules Committee is proposing the amendment of both Rule 3135 and the 2005 explanatory comment to the rule. First, current Rule 3135, which provides for the sheriff to execute a sheriff's deed only at the expiration of twenty days after either the filing of a schedule of distribution or the execution sale, is inconsistent with the 2005 explanatory comment, which advises that where a schedule of distribution is not required, the sheriff must execute and acknowledge the deed within twenty days of the date of the sale. The 2005 explanatory

comment was incorrect in that if the sheriff were required to execute the deed within twenty days of the date of the sale where no schedule of distribution is required, there would be no time for the debtor to petition the court before the delivery of the sheriff's deed if the sheriff were to execute the deed immediately after the sale. The proposed amendment corrects the 2005 explanatory comment by conforming it to the text of the rule.

Second, Rule 3135 has been amended to provide a set time period within which the sheriff must execute the deed after either the filing of the schedule of distribution or the execution sale if no schedule of distribution is required. Current Rule 3135 only provides a minimum amount of time, i.e. twenty days after the filing of the schedule of distribution or the execution sale if no schedule of distribution is required, after which the sheriff is authorized to execute the deed. It sets no future date by which the sheriff must have executed the deed. The proposed amendment establishes a twenty to forty day window within which the sheriff must execute the deed after either the filing of the schedule of distribution or the sheriff's sale. This time period will ensure that a debtor has sufficient time to petition the court to set aside the sale pursuant to Rule 3132, while encouraging the timely execution of the deed by the sheriff.

IN COURT CASES**

PART B(1). Complaint Procedures

Rule 504. Contents of Complaint.

Every complaint shall contain:

* * * * *

(10) a notation if the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302;

(11) a notation if the defendant is under the age of 18 at the time the complaint is filed whether the defendant's parents, guardian, or other custodian have been notified of the charge(s);

(12) a request for the issuance of a warrant of arrest or a summons, unless an arrest has already been effected;

[(11)] (13) a verification by the affiant that the facts set forth in the complaint are true and correct to the affiant's personal knowledge, or information and belief, and that any false statements therein are made subject to the penalties of the Crimes Code, 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities; and

[(12)] (14) the signature of the affiant and the date of the execution of the complaint.

Comment

* * * * *

The requirement that the affiant who prepares the complaint indicate whether the defendant has been fingerprinted as required by the Criminal History Record Information Act, 18 Pa.C.S. § 9112, is included so that the issuing authority knows whether it is necessary to issue a fingerprint order with the summons as required by Rule 510.

Paragraph (10) requires the law enforcement officer who issues a complaint to indicate on the complaint if the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302.

If the defendant is under the age of 18 when the complaint is filed, paragraph (11) requires the law enforcement officer to indicate on the complaint whether the defendant's parents, guardian, or other custodian were notified.

Nothing in these rules gives the defendant's parents, guardian, or other custodian legal standing in the matter being heard by the court or creates a right of the defendant to have his or her parents, guardian, or other custodian present.

Official Note: Original Rule 104 adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. Rule 510. Contents of Summons; Notice of Preliminary Hearing.

* * * * *

(D) If the defendant is under the age of 18 at the time the complaint is filed and is charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302, the issuing authority shall determine whether the defendant's parents, guardian, or other custodian have been notified of the charge(s). If the parents, guardian, or other custodian have not been notified, the issuing authority shall send a copy of the summons to the parents, guardian, or other custodian.

Nothing in these rules gives the defendant's parents, guardian, or other custodian legal standing in the matter being heard by the court or creates a

right of the defendant to have his or her parents, guardian, or other custodian present.

PART D. Proceedings in Court Cases Before Issuing Authorities

Rule 540. Preliminary Arraignment.

* * * * *

(B) If the defendant is under the age of 18 at the time the complaint is filed and is charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302, the issuing authority shall determine whether the defendant's parents, guardian, or other custodian have been notified of the charge(s). If the parents, guardian, or other custodian have not been notified, the issuing authority shall notify them.

(C) At the preliminary arraignment, a copy of the complaint accepted for filing pursuant to Rule 508 shall be given to the defendant.

[(C)] (D) If the defendant was arrested with a warrant, the issuing authority shall provide the defendant with copies of the warrant and supporting affidavit(s) at the preliminary arraignment, unless the warrant and affidavit(s) are not available at that time, in which event the defendant shall be given copies no later than the first business day after the preliminary arraignment.

[(D)] (E) If the defendant was arrested without a warrant pursuant to Rule 519, unless the issuing authority makes a determination of probable cause, the defendant shall not be detained.

[(E)] (F) The issuing authority shall not question the defendant about the offense(s) charged but shall read the complaint to the defendant. The issuing authority shall also inform the defendant:

* * * * *

[(F)] (G) Unless the preliminary hearing is waived by a defendant who is represented by counsel, the issuing authority shall:

(1) fix a day and hour for a preliminary hearing which shall not be less than 3 nor more than 10 days after the preliminary arraignment, unless:

* * * * *

[(G)] (H) After the preliminary arraignment, if the defendant is detained, the defendant shall be given an immediate and reasonable opportunity to post bail, secure counsel, and notify others of the arrest. Thereafter, if the defendant does not post bail, he or she shall be committed to jail as provided by law.

[(H)] (I) If a monetary condition of bail is set, the issuing authority shall accept payment of the monetary condition, as provided in Rule 528, at any time prior to the return of the docket transcript to the court of common pleas.

Comment

* * * * *

Paragraph [(C)] (D) requires that the defendant receive copies of the arrest warrant and the supporting affidavit(s) at the time of the preliminary arraignment. See also Rules 513(A), 208(A), and 1003.

Paragraph [(C)] (D) includes a narrow exception [which] that permits the issuing authority to provide copies of the arrest warrant and supporting affidavit(s) on the first business day after the preliminary arraignment. This exception applies only when copies of the arrest warrant and affidavit(s) are not available at the time the issuing authority conducts the preliminary arraignment, and is intended to address purely practical situations such as the unavailability of a copier at the time of the preliminary arraignment.

Nothing in this rule is intended to address public access to arrest warrant affidavits. See *Commonwealth v. Fenstermaker*, 515 Pa. 501, 530 A.2d 414 ([Pa.] 1987).

When a defendant has not been promptly released from custody after a warrantless arrest, the defendant must be afforded a preliminary arraignment by the proper issuing authority without unnecessary delay. See Rule 519(A).

Under paragraph [(D)] (E), if a defendant has been arrested without a warrant, the issuing authority must make a prompt determination of probable cause before a defendant may be detained. See *Riverside v. McLaughlin*, 500 U.S. 44 (1991). The determination may be based on written affidavits, an oral statement under oath, or both.

Pursuant to the 2004 amendment to paragraph [(F)(2)] (G)(2), at the time of the preliminary arraignment, the defendant must be given notice, both orally and in writing, of the date, time, and place of the preliminary hearing. The notice must also explain that, if the defendant fails to appear without good cause for the preliminary hearing, the defendant's absence will constitute a waiver of the right to be present, the case will proceed in the defendant's absence, and a warrant for the defendant's arrest will be issued.

Nothing in these rules gives the defendant's parents, guardian, or other custodian legal standing in the matter being heard by the court or creates a right of the defendant to have his or her parents, guardian, or other custodian present.

See Rule 1003(D) for the procedures governing preliminary arraignments in the Municipal Court.

See Rule 595 for the procedures governing requests for transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322 in cases in which the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302.

Official Note: Original Rule 119 adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. New Rule 140 adopted August 9, 1994, effective January 1, 1995; amended September 13, 1995, effective January 1, 1996. PART H. Transfer to Juvenile Proceedings

Rule 595. Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322.

(A) The motion requesting the transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322 shall be filed within 30 days after arraignment unless opportunity did not exist; the defendant, the defendant's attorney, or the attorney for the Commonwealth was not aware of the grounds for the motion; or the time for filing has been extended by the judge for cause shown. The motion shall be filed with the clerk of courts. A copy of the motion shall be served on the attorney for the Commonwealth concurrently with filing.

(B) In all cases in which the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302, the judge shall hold a prehearing conference not later than 35 days after the arraignment.

(1) The defendant, the defendant's attorney, and the attorney for the Commonwealth shall be present at the prehearing conference.

(2) At the prehearing conference, the judge shall determine whether the defendant has filed a motion requesting the transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322, or is requesting additional time to file a motion for transfer, or does not intend to file a motion.

(a) If the defendant is requesting additional time to file the motion for transfer and the judge agrees to the request, the judge shall set the date by which the motion for transfer shall be filed.

(b) When the defendant has filed a motion, the judge shall determine whether the motion for transfer is ready to be heard. If the parties agree the motion for transfer is ready to be heard, the judge shall schedule the hearing on the motion for transfer to be held no later than 30 days after the prehearing conference.

(c) If the defendant does not intend to file a motion for transfer, the case shall proceed as a court case under the Rules of Criminal Procedure.

(3) At the prehearing conference, the judge and parties may consider:

(a) the simplification or stipulation of factual issues, including admissibility of evidence;

(b) the qualification of exhibits as evidence to avoid unnecessary delay;

(c) the number of witnesses who are to give testimony of a cumulative nature; and

(d) such other matters as may aid in the disposition of the motion.

(4) The parties shall have the right to record an objection to rulings of the judge during the prehearing conference.

(5) The judge shall place on the record the agreements or objections made by the parties and rulings made by the judge as to any of the matters considered in the prehearing conference. Such order shall control the subsequent proceedings unless modified at the hearing on the motion to prevent injustice.

(C) If the judge at the prehearing conference determines the motion for transfer is not ready to be heard, the judge shall schedule status hearings no later than every 60 days after the prehearing conference until the motion for transfer is ready to be heard. At the status hearing, the parties shall advise the judge of the status of all matters pertinent to whether the motion for transfer is ready to be heard.

(D) When the judge determines the motion for transfer is ready to be heard, the judge shall schedule the hearing on the motion for transfer to be held no later than 30 days after the determination. Notice of the hearing date shall be given to the defendant, the defendant's attorney, and the attorney for the Commonwealth.

(E) At the conclusion of the hearing, but in no case longer than 20 days after the conclusion of the hearing, the judge shall announce the decision in open court. The judge shall enter an order granting or denying the motion for transfer, and set forth in writing or orally on the record the findings of fact and conclusions of law.

(F) If the judge does not render a decision within 20 days of the conclusion of the hearing, the motion for transfer shall be denied by operation of law. The clerk of courts immediately shall enter an order on behalf of the judge.

(G) If the judge grants the motion,

(1) the judge immediately shall order the transfer of the case from criminal proceedings to juvenile proceedings and the case shall proceed pursuant to the Rules of Juvenile Court Procedure and the Juvenile Act.

(2) The judge shall order the defendant to be taken to the juvenile probation office.

(H) If the judge denies the motion for transfer or the clerk of courts enters an order denying the motion for transfer on behalf of the judge, the case shall proceed as a court case under the Rules of Criminal Procedure.

(I) The clerk of courts shall serve copies of the order granting or denying the motion for transfer to the defendant, the defendant's attorney, and the attorney for the Commonwealth.

Comment

For the procedures concerning the pretrial place of detention of the defendant who was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302, see Rule 596.

Paragraph (B) mandates a prehearing conference in all cases in which the defendant was under the age of 18 at the time of the commission of the alleged offense, was charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302, and therefore may seek transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322. *Cf.* Rule 570 (pretrial conference discretionary with judge).

The parties may request an order from the judge for the release of records or other materials relevant to the defendant's motion for transfer, for the appointment of experts, for the examination of the defendant, for a report from the juvenile probation office, or for any other aids necessary to the disposition of the motion for transfer. The request, if authorized by law, may be made *ex parte*.

Pursuant to 42 Pa.C.S. § 6322(a) of the Juvenile Act, at the hearing on the motion for transfer, the burden of

proof is on the defendant "to establish by a preponderance of the evidence that the transfer will serve the public interest."

Paragraph (E) is derived from the 42 Pa.C.S. § 6322(b) of the Juvenile Act. The judge, when making his or her findings of fact and conclusions of law, must comply with the Juvenile Act's requirement that the judge "make findings of fact, including specific references to the evidence, and conclusions of law in support of the transfer order."

Paragraph (F) also is derived from the requirements of 42 Pa.C.S. § 6322(a) of the Juvenile Act, that "the defendant's petition to transfer the case shall be denied by operation of law" in any case in which the judge "does not make its finding within 20 days of the hearing on the petition to transfer the case."

When the judge grants a motion to transfer, paragraph (G) requires that the case immediately be transferred for juvenile proceedings pursuant to the Rules of Juvenile Court Procedure and the Juvenile Act, and the criminal court no longer has jurisdiction over the case.

When the defendant is taken to the juvenile probation office following the granting of a transfer motion as required in paragraph (G)(2), the juvenile probation office should determine, for example, whether there should be a detention hearing or whether the defendant should be released to the custody of his or her parent, guardian, custodian, or other person legally responsible for him or her. *See, also*, 42 Pa.C.S. § 6322(d).

For the procedures for motions and answers, and filing and service of motions and answers, see Rules of Criminal Procedure 575 and 576.

Nothing in this rule gives the defendant's parents, guardian, or other custodian legal standing in the matter being heard by the court or creates a right of a defendant to have his or her parents, guardian, or other custodian present.

Committee Explanatory Reports:

Report explaining the proposed new rule published for comment at 40 Pa.B. 4642 (August 14, 2010).

Rule 596. Place of Detention During Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322.

(A) Except as provided in paragraph (B), a defendant who is under the age of 18 at the time the complaint is filed and is charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302 shall be detained in the county jail unless released on bail.

(B) A defendant, who may seek transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322 and has not been released on bail, may file a motion requesting that he or she be detained in a secure detention facility.

(1) If the attorney for the Commonwealth consents to the motion requesting detention in a secure detention facility, the judge may order that the defendant be detained in a secure detention facility until:

(a) the defendant is released on bail; or

(b) there is a disposition of the motion for transfer, or it is determined the defendant is not filing a motion for transfer.

(2) In no event may the defendant be detained in a secure detention facility after the defendant's 18th birthday.

(C) If the judge orders the defendant to be detained in a secure detention facility and subsequently denies the defendant's motion for transfer, or determines that the defendant is not filing a motion, or determines that the defendant has reached his or her 18th birthday, the judge promptly shall order the defendant's transfer to the county jail.

(D) If the defendant's motion for transfer is granted, the judge shall order the defendant to be taken to the juvenile probation office pursuant to Rule 595(G)(2).

Comment

As provided in paragraph (B), a defendant, who may seek transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322, with the consent of the attorney for the Commonwealth, may be transferred to a secure detention facility during the pendency of proceedings under this rule. As used in this rule, "secure detention facility" is a facility approved by the Department of Public Welfare to provide secure detention as defined in 55 Pa. Code § 3800.5 and does not include shelter care.

Nothing in paragraph (B) is intended to preclude detention in a secure detention facility of an individual older than 18 years of age who is otherwise subject to proceedings under the Juvenile Act.

Nothing in this rule is intended to restrict or enlarge the defendant's opportunity to address bail.

**Procedures for Transfer from Criminal
Proceedings to Juvenile Proceedings
Pursuant to 42 Pa.C.S. § 6322**

I. Background

The Committee, in conjunction with the Juvenile Court Procedural Rules Committee,¹ is planning to propose to the Supreme Court new Rules of Criminal Procedure 595 (Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322) and 596 (Place of Detention During Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322); and correlative amendments to Rules 113, 119, 504, 510, 540, 570, 571, and 578 that would establish new procedures for requesting transfer from criminal proceedings to juvenile proceedings pursuant to 42 Pa.C.S. § 6322 in cases in which the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "delinquent act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302.

In June 2009, the Committee was asked to participate in a Joint Ad Hoc Subcommittee that was exploring

procedures for transferring "direct file" cases² from criminal proceedings to juvenile proceedings as permitted by statute.³ The other participants included members and staff from the Juvenile Court Judges Commission (JCJC), the Juvenile Court Procedural Rules Committee, and the Appellate Court Procedural Rules Committee. The Joint Ad Hoc Subcommittee's recommendations have been fully reviewed and approved for publication by both Committees.

Prior to the formation of the Joint Ad Hoc Subcommittee, JCJC formed a working group to develop best practices in de-certification proceedings to address issues such as detention of these "direct file" defendants, and the long delays in some cases before it is determined whether a case should be transferred. The JCJC's recommendations for best practices provided the starting point that the Joint Ad Hoc Subcommittee used in developing the rule proposals.

II. Introduction

In developing the proposed new Criminal Rules and the correlative rule changes, the Joint Ad Hoc Subcommittee agreed that, generally, the procedures for instituting a direct file case and the progression of that case should be pursuant to the Criminal Rules. In addition, the members determined that the procedures for requesting the transfer of these cases would not formally come into play until after the case is held for court. As explained more fully below in the discussion of the rules, procedurally, the direct file cases would be instituted by the filing of the complaint or an arrest without a warrant as provided in Pa.R.Crim.P. 502, and move through the preliminary hearing (Pa.R.Crim.P. 542), and the filing of an information (Pa.R.Crim.P. 560), to the "formal" arraignment (Pa.R.Crim.P. 571) in the same manner as any other court case under the Criminal Rules. In addition, if a motion for transfer of criminal proceedings to juvenile proceedings is going to be filed, the motion must be filed as part of the omnibus pretrial motion as provided in Pa.R.Crim.P. 578.

The Joint Ad Hoc Subcommittee determined that, following the arraignment, the direct file cases would vary procedurally from court cases by proceeding to a mandatory prehearing conference following the arraignment to determine whether a motion for transfer has been or will be filed. In those cases in which a motion has been filed but is not ready to be heard, the next procedural step would be mandatory status conferences. Finally, once the motion for transfer is ready to be heard, there would be a hearing on the motion. If the motion is granted, the case would be transferred for juvenile proceedings pursuant to the Rules of Juvenile Court Procedure and the Juvenile Act. If the motion is not granted, the case would continue to proceed as a court case under the Criminal Rules.

The Joint Ad Hoc Subcommittee noted that, although direct file cases would proceed in the same manner as all other court cases under the Criminal Rules, these cases should be flagged as direct file cases at the time the case is instituted and, if the case is held for court, the case should be flagged in the docket entries. This notice will alert the participants and court to the nature of the case. In addition, the members agreed that the proposed changes should not prohibit earlier determinations of

² A "direct file" case is one in which the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with one of the offenses excluded from the definition of "juvenile act" in paragraphs (2)(i), (2)(ii), and (2)(iii) of 42 Pa.C.S. § 6302 so the case is considered a court case and proceeds as any other court case. For purposes of this Report, we will use the term "direct file" when we are referring to these cases.

³ See, 42 Pa.C.S. § 6322 (Transfer from Criminal Proceedings).

whether a direct file defendant's case should be transferred. The members noted, for example, in some judicial districts a determination is made as early as the preliminary hearing when the parties agree at the preliminary hearing that the case should be in Juvenile Court and the attorney for the Commonwealth withdraws the charges and re-files a petition in Juvenile Court.

In developing this proposal, the Joint Ad Hoc Subcommittee also addressed the issue of whether a defendant in a direct file case may be detained pretrial in a secure detention facility rather than the county jail when the defendant is unable to post bail. The members, acknowledging that there is no uniform statewide practice, ultimately agreed that there should be a separate motion procedure for determining the question of the place of pretrial detention.

III. Discussion of Rule Drafts

RULE 113 (Criminal Case File and Docket Entries)

Rule 113 (Criminal Case File And Docket Entries) requires the clerk of courts to maintain the criminal case file and to maintain a list of docket entries, and requires certain information to be maintained in the list of docket entries. Under this proposal, Rule 113(C) would be amended to require the clerk of courts to make a specific notation in the docket entries when the case is a direct file case. Having this information on the docket would provide early notice to the judges, court staff, and attorneys that this may be a case in which transfer to juvenile proceedings should be considered.

RULE 119 (Use of Two-Way Simultaneous Audio-Visual Communication in Criminal Proceedings)

As explained in the discussion of proposed new Rule 595, the defendant will be required to appear in person for the mandatory prehearing conference. Because Rule 119 provides for the use of two-way simultaneous audio-visual communications in many criminal proceedings with exceptions, Rule 119 would be amended to include the prehearing conference under Rule 595 as one of the proceedings that is an exception to conducting the proceeding using two-way simultaneous audio-visual communications.

RULE 504 (Contents of Complaint)

In summary cases, when the defendant is under the age of 18, the parents must be notified when the defendant receives a citation.⁴ To ensure the issuing authority knows whether the police have notified the parents, Rule 403 (Contents of the Citation) includes a requirement that the law enforcement officer indicate on the citation whether the parents were notified. However, there is no comparable statutory or rule notice provision for court cases.

During the discussion about adding such a provision to the Criminal Rules for court case, the Committee agreed there are two purposes to be accomplished in "direct file" cases. First, it is important to flag that the defendant was under 18 at the time the excluded offense was committed for purposes of alerting the judges, court staff, and attorneys. Second, it is important to alert the magisterial district judge whether the defendant's parents, guardian, or other custodian were notified at the time the complaint was filed. In view of these distinct considerations, Rule 504 would be amended by the addition of new paragraphs (10) and (11) to require the police to note on the complaint that the case is a "direct file" case and whether

the defendant's parents, guardian, or other custodian have been notified of the case.

In considering the requirement that the defendant's parents, guardian, or other custodian be notified, the Committee agreed the notice would not give the defendant's parents, guardian, or other custodian standing in these "direct file" cases. Rather, the defendant's parents, guardian, or other custodian are being notified solely to alert them to the charges against their child. To make this clear, the Rule 504 Comment would be revised. The Committee agreed to use language similar to the language in the Juvenile Court Procedural Rule 131 Comment, which provides "[n]othing in these rules gives the defendant's parents, guardian, or other custodian legal standing in the matter being heard by the court or creates a right of a juvenile to have his or her guardian present."

RULE 510 (Contents of Summons; Notice of Preliminary Hearing)

During the discussions about the proposed changes to Rule 504 concerning the requirement that the police make a notation on the complaint whether the defendant's parents, guardian, or other custodian have been notified if the defendant was under 18 at the time the complaint is filed, the members recognized that, realistically, at this point in the process, the police rarely will have notified the defendant's parents, guardian, or other custodian. Since the goal is to have the defendant's parents, guardian, or other custodian be notified of the case, the notification of the defendant's parents, guardian, or other custodian is more likely to occur when the defendant is arrested or when the summons is issued. In view of this consideration, in addition to the proposed new notice provision in Rule 504, a new paragraph (D) would be added to Rule 510 requiring, in cases in which a summons is being issued, that the issuing authority determine whether the defendant's parents, guardian, or other custodian have been notified at the time the summons is issued. If the defendant's parents, guardian, or other custodian have not been notified, then the issuing authority is required to send a copy of the summons to the defendant's parents, guardian, or other custodian. The Comment includes the provision about the defendant's parents, guardian, or other custodian not having standing in the proceedings discussed above.

RULE 540 (Preliminary Arraignment)

A new paragraph (B) would be added to Rule 540 for the same reasons discussed above with regard to Rule 510(D). In a "direct file" case, when the defendant has been arrested, the issuing authority would be required at the time of the preliminary arraignment to determine whether defendant's parents, guardian, or other custodian have been notified of the charges. If they have not been notified, the issuing authority would be required to notify the parents at the time of the preliminary arraignment. The Comment also includes the same provision about the parents not having standing in the proceedings.

In addition, the Rule 540 Comment includes a reference to proposed new Rule 595 to alert the bench and bar at this early stage in the proceedings to the special procedures for transfer from criminal proceedings to juvenile proceedings in "direct file" cases. The Committee agreed this early reference to proposed new Rule 595 is necessary because frequently there are attorneys who are new to the criminal and juvenile systems and not as knowledgeable about the procedures.

⁴ See 42 Pa.C.S. § 1522 concerning parental notification in certain summary cases involving juveniles.

RULE 570 (Pretrial Conference)

As explained more fully in the discussion below about proposed new Rule 595, the new rule will require that after the arraignment there should be a mandatory prehearing conference in the “direct file” cases. Although this prehearing conference is procedurally comparable to the Rule 570 pretrial conference, it is mandatory, rather than discretionary, and addresses issues that relate specifically to “direct file” cases. To alert the bench and bar to the new mandatory prehearing conference procedures, a cross-reference to new Rule 595 has been added to the Rule 570 Comment.

RULE 571 (Arraignment)

After reviewing the procedural flow of a criminal case from the time of arrest or issuance of a summons, the Committee agreed that the arraignment is the point in the proceedings when a “direct file” defendant formally should be advised of the right to file a motion for transfer from criminal proceedings to juvenile proceedings. To accomplish this, Rule 571(C)(3) would be amended by adding a motion requesting transfer from criminal proceedings to juvenile proceedings to the example of motions that are to be filed after the arraignment. In addition, a cross-reference to new Rule 595 for the procedures for transfer of proceedings would be added to the Rule 571 Comment.

RULE 578 (Omnibus Pretrial Motion for Relief)

Consistent with the decisions made with regard to the procedural framework of the “direct file” cases, as explained above, the motion for transfer from criminal proceedings to juvenile proceedings should be treated in the same manner as all other motions that are part of the omnibus pretrial motion. To make this clear, the transfer motion would be added to the list of the types of requests that are to be in the omnibus pretrial motion set forth in the Comment to Rule 578.

NEW RULE 595 (Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322)

Determining the placement of a new rule providing the procedures for requesting transfer from criminal proceedings to juvenile proceedings was difficult. However, once it was determined that these cases would proceed according to the Criminal Rules until after the arraignment, the members agreed the new rule should fall somewhere in the rules after Rule 571. To make the rule “fit” without renumbering all the rules in Chapter 5 Parts F and G, the Committee is proposing that the new rules governing transfer of proceedings be at the end of Chapter 5 (Pretrial Procedures in Court Cases) as a separate new Part H (Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings).

In discussing the title to the proposed new rule, the Committee considered using “decertification procedures,” “direct file procedures,” and “transfer from criminal court to juvenile court.” After thoroughly vetting all this terminology and recognizing that not all judicial districts have distinct criminal or juvenile courts, the members finally determined that, to more accurately represent the nature of the procedures set forth in the proposed new rule, the title should read “Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322.” The members also agreed that this phrase should be used throughout the rule.

Paragraph (A)

After considering a number of options with regard to the filing of the motion for transfer,⁵ the members concluded that a motion requesting transfer should be filed in the same manner as any other motion in a criminal case that is subject to the omnibus pretrial motion procedures. Paragraph (A) incorporates the provisions from paragraph (A) of Rule 579 (Time for Omnibus Pretrial Motion and Service). The motion for transfer must be filed within 30 days of the arraignment, unless the opportunity to file did not exist, or the parties were not aware of the grounds for the motion, or the time for filing was extended by the judge.

Paragraph (A) also requires that the motion be filed with the clerk of courts and a copy of the motion be served on the attorney for the Commonwealth concurrently with filing.

Paragraph (B)

Paragraph (B) sets forth the procedures for the mandatory prehearing conference. The prehearing conference must be conducted in every case in which the defendant was under the age of 18 at the time of the commission of the alleged offense and charged with the direct file offenses enumerated in 42 Pa.C.S. § 6322(2)(i), (ii), and (iii).

The issues concerning the time when the prehearing conference should be held, whether the defendant should be required to be present at the prehearing conference, and what would occur at the prehearing conference were discussed at length. Concerning the time for the prehearing conference, the consensus was that the prehearing conference must be held no later than 35 days after the arraignment. The members reasoned that the time for the prehearing conference should be tied to the time for the arraignment and the time for filing omnibus pretrial motions. Setting the outside limit for the prehearing conference at 35 days after the arraignment provides adequate time for the defendant to file a motion for transfer as part of the omnibus pretrial motion.

Paragraph (B)(1) addresses the defendant’s presence at the prehearing conference. The Committee initially considered permitting the defendant to waive his or her presence with the consent of the defendant’s attorney and the judge. Upon further reflection, the members concluded the prehearing conference in the context of a request for transfer from criminal proceedings to juvenile proceedings is a critical stage in the proceedings. In these cases, it is important that the defendant be involved in making the decision whether to file a motion rather than permitting the defendant’s attorney to make the decision for the defendant. In view of these considerations, Rule 595(B)(1) and Rule 119 make the defendant’s presence in person at the prehearing conference mandatory. The defendant’s attorney and the attorney for the Commonwealth also are required to be present at the prehearing conference.

Paragraph (B)(2) sets forth the procedures the judge is to follow at the prehearing conference. The prehearing conference provides the forum for the judge to determine whether the defendant has filed a motion requesting transfer, is requesting additional time to file the motion, or has decided not to file the motion. The prehearing conference also is the stage in the proceedings from which the remaining proceedings related to the request for transfer will flow. Accordingly, the proposed new para-

⁵ The Committee agreed to use “motion” instead of “petition” to be consistent with the Criminal Rules. See Rule 575.

graph (B)(2)(a), (b), and (c) enumerate what the judge is to do once the judge ascertains whether a motion has been filed, or will be filed, or will not be filed.

If the defendant is requesting additional time and judge agrees, the judge is required to set a date for filing the motion, paragraph (B)(2)(a). The judge has the responsibility to move these cases along in a timely manner based on the information provided by the defendant. Accordingly, the judge is given the discretion to set the time when the motion must be filed.

If the motion for transfer has been filed, the judge must determine if the motion is ready to proceed, paragraph (B)(2)(b). If the parties agree the motion is ready to be heard, the judge is required to set the date for the hearing. Although it is left to the discretion of the judge to determine the date for the hearing, the hearing must be held no later than 30 days after the pretrial conference. If the motion is not ready to be heard, pursuant to paragraph (C), the judge is required set up status conferences.

If the defendant indicates he or she is not going to file a motion, the case will proceed as any other criminal case under the Criminal Rules, subparagraph (B)(2)(c).

Paragraphs (B)(3), (B)(4), and (B)(5) are taken from Rule 570 (Pretrial Conference). As with the Rule 570 pretrial conference, at the prehearing conference, the parties should consider such things as the simplification or stipulation of factual issues, the qualification of exhibits, the number of witnesses giving testimony of a cumulative nature, and such other matters that may aid the disposition of the motion. In addition, the parties should have the right to object to rulings by the judge, and the judge should be required to make a record of the agreements or objections of the parties and of any other rulings made during the prehearing conference.

Paragraph (C)

As noted above, paragraph (C) provides, in cases in which the judge determines the motion is not ready to be heard, that the judge is required to schedule status conferences. The status conferences provide a tool to assist the judge in moving the case along. The judge has the discretion for when to schedule the status conferences, but the dates have to be within the timeframe of "no later than every 60 days after the prehearing conference." This timeframe permits the judge to schedule the status conferences for shorter periods of time in the appropriate cases. The judge must conduct status conferences until the motion is ready to be heard.

At the status conferences, the parties are required to advise the judge of the status of all matters pertinent to whether the motion is ready to be heard.

Paragraph (D)

Paragraph (D) sets forth the requirements for the judge to schedule the hearing. The hearing must be held no later than 30 days after the motion is ready to be heard. Notice of the hearing date is to be given to the defendant, defendant's attorney, and the attorney for the Commonwealth. The Committee did not think it necessary to set forth what the hearing procedures should be so the rule is silent in this regard.

Paragraphs (E) and (F)

Paragraph (E) and paragraph (F) incorporate the provisions from 42 Pa.C.S. § 6322 that require a decision within 20 days after the hearing, paragraph (E), and require the clerk of courts to enter an order on behalf of

the judge denying the motion by operation of law if the judge does not decide the motion within 20 days, paragraph (F).

The issue of whether the judge should be required to make his or her findings in open court was discussed at length. The members noted that 42 Pa.C.S. § 6322(b) merely provides, *inter alia*, "the court shall make findings of fact, including specific references to the evidence, and conclusions of law in support of the transfer order." The members believe that the transfer proceeding is a critical proceeding and the defendant and counsel should be in court when the judge issues his or her decision. Accordingly, proposed new Rule 595(E) requires that the judge announce the decision in open court with all the parties present at the conclusion of the hearing. If the judge delays making the decision, the judge still must announce the decision in open court with all the parties present. Paragraph (E) also requires the judge to enter an order granting or denying the motion and to set forth the findings of fact and conclusions of law orally on the record or in writing. The findings of fact and conclusions of law are important for the record in the event of an appeal.

Paragraph (G)

Paragraph (G) sets forth the procedures when the judge grants the motion. Once the motion is granted, the judge is required to order the transfer of the case from criminal proceedings to juvenile proceedings. Once the transfer is ordered, the case will then proceed pursuant to the Rules of Juvenile Court Procedure and the Juvenile Act.

One issue that the Joint Ad Hoc Subcommittee spent a great deal of time considering concerns the treatment of the defendant when a transfer is ordered. The members noted that the transfer proceedings are conducted in criminal court and, frequently, the judges are not as familiar with the proceedings for juveniles, particularly with regard to placement. In view of this, and because the juvenile probation office, as the intake office for juveniles, is in the best position to expeditiously assess the case and determine where the defendant should be placed and what should happen next in the case, proposed Rule 595(G)(2) requires the judge to order the defendant to be taken to the juvenile probation office. Although 42 Pa.C.S. § 6322(d) provides:

[w]here review of the transfer order is not sought or where the transfer order is upheld the defendant shall be taken forthwith to the probation officer or to a place of detention designated by the court or released to the custody of his parent, guardian, custodian, or other person legally responsible for him, to be brought before the court at a time to be designated,

the proposed new provisions in Rule 595(G)(2) and statute are not inconsistent because the rule provision merely sets the stage for the juvenile probation office to implement the "next step" and that includes the procedures set forth in Section 6322(d).

Paragraph (H)

Paragraph (H) addresses the procedures when the judge denies the motion for transfer or the clerk of courts enters an order on behalf of the judge denying the motion by operation of law. In these circumstances, the case will proceed as a court case under the Rules of Criminal Procedure.

Paragraph (I)

Paragraph (I) sets forth the requirement that the clerk of courts serve the order granting or denying the motion on the parties.

Rule 595 Comment

The first paragraph of the Comment cross-references proposed new Rule 596 that addresses the place of detention of a defendant in a “direct file” case. Proposed new Rule 596 is discussed more fully below.

The second paragraph of the Comment emphasizes that the prehearing conference in the rule is mandatory and therefore is different from the Rule 570 pretrial conference.

The third paragraph of the Comment addresses the difficulties the parties encountered in these transfer cases. The provision suggests to the parties that they may request that the judge issue an order for the release of records or other materials relevant to the defendant’s motion, for the appointment of experts, for the examination of the defendant, and any other aids necessary to the disposition of the motion. In addition, the provision makes it clear that these requests, if authorized by law, may be made *ex parte*.

During the discussions about the prehearing conference, the role of the juvenile probation office in these proceedings was discussed. Although the members agreed the rules should not require juvenile probation office to have a role, they thought the parties could request that probation prepare a report. Accordingly, the suggested list of things the parties may request the judge to order includes “a report from the juvenile probation office.”

The next three paragraphs include cross-references to the correlative provisions of 42 Pa.C.S. § 6322, and explain the interplay between these provisions and proposed new Rule 595. In addition, the third paragraph references the statutorily established burden of proof in these cases.

The sixth paragraph of the Comment makes it clear that once the judge grants a motion for transfer and has the defendant taken to the juvenile probation office, the criminal court no longer has jurisdiction over the case.

The seventh paragraph of the Comment elaborates on the interplay between Rule 595(G) and 42 Pa.C.S. § 6322(d) discussed above.

The ninth paragraph sets forth the provision that the defendant’s parents, guardian, or other custodian are not given standing in the matter nor do the rule provisions create a right for the defendant to have his guardian present.

NEW RULE 596 (Place of Detention During Procedures for Transfer from Criminal Proceedings to Juvenile Proceedings Pursuant to 42 Pa.C.S. § 6322)

The issue of whether a defendant under the age of 18 and charged with one of the offenses enumerated in 42 Pa.C.S. § 6302(2)(i), (2)(ii), or (2)(iii) may be detained pretrial in a secure detention facility rather than in a county jail when the defendant is unable to make or ineligible for bail was debated at length. After researching this matter, the members concluded the new transfer procedures should include provisions for the detention of the “direct file” defendants in a secure detention facility.

Proposed new Rule 596 would provide, with the consent of the attorney for the Commonwealth, that the judge may transfer the defendant to a secure detention facility. Because the defendants in the direct file cases are charged with serious crimes including murder, if the defendant is going to be detained in other than the county jail, the facility must be a secure detention facility.

To make this clear, the first paragraph of the Comment includes the following definition of “secure detention facility” as the term is used in the new rule:

As used in this rule, “secure detention facility” is a facility approved by the Department of Public Welfare to provide secure detention as defined in 55 Pa. Code § 3800.5.

Proposed new Rule 596 sets forth the procedures related to the place of pretrial detention in “direct file” cases when the defendant is not released on bail. Paragraph (A) provides the “norm” with regard to pretrial detention. The defendant in a “direct file” case is to be detained in the county jail unless released on bail except as provided in paragraph (B).

Paragraph (B) provides the exception to detention in the county jail. The defendant may file a motion requesting to be detained in a secure detention facility pending disposition of a motion for transfer. If the attorney for the Commonwealth consents, the judge may order that the defendant be detained in a secure detention facility. If the judge orders a defendant to be detained in a secure detention facility, this place of pretrial detention has clear limitations. Specifically,

- (1) when the defendant is granted bail, he or she is released from detention;
- (2) if the judge denies the motion for transfer or the judge determines the defendant is not filing a motion for transfer, then the judge must order the defendant transferred to the county jail because the case will proceed as a criminal court case;
- (3) if the defendant turns 18 while in the secure detention facility before the motion is disposed, the judge must order the defendant transferred to the county jail because the defendant is no longer a child; and
- (4) if the judge grants the motion for transfer, then the judge must order that the defendant be taken to the probation office so that office will be able to promptly process the case as provided by the Juvenile Court Procedural Rules and the Juvenile Act.

These four scenarios are addressed on paragraphs (B)(1), (B)(2), (C), and (D).

The Comment clarifies that the detention facility provisions of new Rule 596 do not preclude detention in a secure facility of an individual older than 18 who is otherwise subject to proceedings under the Juvenile Act. The Comment also notes that the provisions of the new rule are not intended to restrict or enlarge the defendant’s opportunity to address bail.

Title 237—JUVENILE RULES

PART I. RULES

[237 PA. CODE CH. 2 AND 3]

Proposed Amendments to Rule 200 and Proposed New Rule 337

Introduction

The Juvenile Court Procedural Rules Committee is planning to recommend to the Supreme Court of Pennsyl-

vania that the modification of Rule 200 and new Rule 337 be adopted and prescribed. The proposed modified Rule 200 adds that the new Pa.R.Crim.P. 595 be followed when transferring a case from a criminal proceeding to a juvenile proceeding. The new Rule 337 provides for the filing of a petition or conversion of the criminal complaint into a petition after a case has been transferred from criminal proceedings. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the intent of the Rules. Please note that the Committee's Reports should not be confused with the official Committee Comments to the Rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

Annex A

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 2. COMMENCEMENT OF PROCEEDINGS, ARREST PROCEDURES, WRITTEN ALLEGATION, AND PRE-ADJUDICATORY DETENTION

PART A. COMMENCING PROCEEDINGS

Rule 200. Commencing Proceedings.

Juvenile delinquency proceedings within a judicial district shall be commenced by:

- 1) submitting a written allegation pursuant to Rule 231;
- 2) an arrest without a warrant:
 - a) when the offense is a felony or misdemeanor committed in the presence of the police officer making the arrest; or
 - b) upon probable cause when the offense is a felony; or
 - c) upon probable cause when the offense is a misdemeanor not committed in the presence of the police officer making the arrest, when such arrest without a warrant is specifically authorized by statute;

3) the filing of a certification with the court that a juvenile has failed to comply with a lawful sentence imposed for a summary offense;

4) transfer of a case from a criminal proceeding pursuant to **Pa.R.Crim.P. 595 and 42 Pa.C.S. § 6322**;

5) the court accepting jurisdiction of a resident juvenile from another state; or

6) the court accepting supervision of a juvenile pursuant to another state's order.

Comment

Paragraph (1) allows for commencing delinquency proceedings by submitting a written allegation. This procedure departs from the Juvenile Act, which provides that the filing of a petition commences a proceeding. Rule 800 suspends 42 Pa.C.S. § 6321 only to the extent that it is inconsistent with the procedures of this rule. Petitions filed by any person circumvent the juvenile probation's office ability to divert the case through informal adjustment as provided in 42 Pa.C.S. § 6323. Probation officers may "receive and examine complaints and charges of delinquency . . . of a child for the purpose of considering the commencement of proceedings." 42 Pa.C.S. § 6304(a)(2).

See Rule 231 for procedures on submitting a written allegation.

For the definition of a "written allegation," see Rule 120.

The Juvenile Act provides that "a child may be taken into custody . . . pursuant to the laws of arrest." 42 Pa.C.S. § 6324. Paragraph (2) states the laws of arrest without a warrant in Pennsylvania. See Pa.R.Crim.P. 502.

A proceeding may be commenced pursuant to paragraph (3) by filing a certification that attests the juvenile has failed to comply with a lawful sentence imposed for a summary offense, bypassing the need for a written allegation pursuant to Rule 231.

Under paragraph (4), when a case is transferred from a criminal proceeding pursuant to 42 Pa.C.S. § 6322 to juvenile court, the entire case file is to be transferred. The case file is governed by the disclosure requirements of Rule 160. **See Rule 337 for the filing of petition after case has been transferred from a criminal proceeding. See Rule 404 for prompt adjudicatory hearing.**

Paragraph (5) encompasses a juvenile who lives in Pennsylvania and commits a crime in another state and that state wants Pennsylvania to accept the disposition of the juvenile and supervise the juvenile.

Paragraph (6) encompasses a juvenile who lives outside of Pennsylvania, committed a crime outside of Pennsylvania, is moving to Pennsylvania, and the other jurisdiction would like Pennsylvania to accept the disposition of the juvenile and supervise the juvenile.

For procedures for when the juvenile is alleged to have violated probation, see Rule 612.

For inter-county transfer of juveniles, see Rule 302.

See § 6321(a) of the Juvenile Act for commencement of proceedings under the Juvenile Act. 42 Pa.C.S. § 6321(a).

CHAPTER 3. PRE-ADJUDICATORY PROCEDURES PART C. PETITION

(Editor's Note: The following rule is new and printed in regular type to enhance readability.)

Rule 337. Filing of Petition After Case has Been Transferred from Criminal Proceedings.

A. *Commencement of Proceedings.* Pursuant to Rule 200(4), the transfer of a case from a criminal proceeding pursuant to Pa.R.Crim.P. 595 and 42 Pa.C.S. § 6322 commences juvenile court action.

B. *Filing of the petition.* When a juvenile is transferred from a criminal proceeding:

- 1) a new petition shall be filed; or
- 2) the criminal complaint shall be converted into a petition pursuant to paragraph (C).

C. *Conversion of Criminal Complaint.* The criminal complaint shall be converted into a petition when supplemented with the following information and filed with the clerk of courts pursuant to Rule 330(B):

- 1) the juvenile's date of birth;
- 2) the names and ages of any conspirators, if known;
- 3) the name and address of the juvenile's guardian, or if unknown, the name and address of the nearest adult relative;
- 4) whether the case is eligible pursuant to 42 Pa.C.S. § 6307(b)(1)(i) for limited public information; and
- 5) the transfer order, including, a statement which provides:
 - a) it is in the best interest of the juvenile and the public that the proceedings be brought in juvenile court; and
 - b) the juvenile is amenable to treatment, supervision, or rehabilitation as a juvenile.

Comment

When a judge orders that a juvenile is transferred from a criminal proceeding to a juvenile proceeding, the transfer order commences the juvenile delinquency proceeding. See Rule 200(4).

When a juvenile is transferred from a criminal proceeding to a juvenile proceeding, a new petition may be filed, but is not necessary if the criminal complaint is converted into a petition when supplemented with the information as provided in paragraph (C). The petition is to be filed with the clerk of courts and the case is to proceed as any other juvenile case following the Rules of Juvenile Court Procedure.

An adjudicatory hearing is to be held within ten days of the filing of the petition. See also Rule 404.

Explanatory Report

Committee members from the Appellate Court, Criminal, and Juvenile Court Procedural Rules Committees were asked to participate in a Joint Ad Hoc Subcommittee with the Juvenile Court Judges' Commission which was developing best practices for transferring "direct file" cases from criminal proceedings to juvenile proceedings.

The purpose of the Joint Ad Hoc Committee was to make recommendations and develop procedures to smooth the transition of cases from criminal proceedings to juvenile proceedings within the procedural rules.

The majority of the Recommendations affect the Rules of Criminal Procedure because procedures for these cases begin in criminal court. See the proposed Criminal Rule modifications and new Pa.R.Crim.P. 595 for these procedures.

The Juvenile Court Procedural Rules Committee, in conjunction with the Criminal Procedural Rules Committee, is planning to propose the modification of Rule 200 and adoption of new Rule 337.

Rule 200—Commencing Proceedings

The cite to the new Pa.R.Crim.P. 595 was placed in paragraph (4) when transferring a case from a criminal proceeding to juvenile proceedings.

In the Comment, the cite for new Pa.R.J.C.P. 337 was referenced in addition to Rule 404 for a prompt adjudicatory hearing.

Rule 337—Filing of Petition After Case has Been Transferred from Criminal Proceedings

Rather than require a new petition to be filed in every transfer case, this new rule was added to allow the criminal complaint to be converted into the petition when supplemented with the information in paragraph (C). The requirements of this paragraph are the items that are required in the petition which are not required in the criminal complaint. See Pa.R.Crim.P. 504 and Pa.R.J.C.P. 330.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of September 2010

The Department of Banking (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of September, 2010, is 6%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 3.41 to which was added 2.50 percentage points for a total of 5.91 that by law is rounded off to the nearest quarter at 6%.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Retention of Environmental Engineering Firms; Project Reference No. FDC-500-970

The Department of Conservation and Natural Resources (Department) will retain one or more engineering firms for Open-End Contracts for various engineering, inspection and related environmental and geological services on various civil and environmental projects located on State park and State forest land in this Commonwealth. Each contract will be for a 12-month period with four 12-month extensions possible. Projects will be assigned on an as-needed basis in order to ensure proper and safe operation of Department infrastructure and facilities.

Letters of Interest for this project will only be accepted from individuals or firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, the individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

The services may encompass a wide range of civil and structural design efforts with the possibility of several different types of projects being designed under short

completion schedules. The anticipated types of projects may include, but are not limited to, water and sewage conveyance and treatment systems, swimming pools, environmental and wetland assessments, environmental permitting and other civil/environmental engineering related work as assigned by the Department.

Typically the engineering firm shall be required to furnish a complete set of contract documents (plans and specifications), suitable for public bid and in accordance with a prescribed Department format and in accordance with applicable State and Federal codes and requirement.

Areas of related environmental study associated with these design projects may include, but are not limited to, wetlands, soil, geology, 25 Pa. Code Chapter 105 (relating to dam safety and waterway management), and Corps of Engineers 404 permits, Act 537 planning and Department of Environmental Protection water quality management requirements. The environmental studies shall be conducted in accordance with accepted analysis techniques and methodologies and may include any or all of the following to ensure a complete environmental investigation has been performed; provide all necessary environmental services, material and equipment necessary to collect, analyze and organize data, assess impacts, prepare reports and design mitigation plans. The reports and other graphic material to be prepared may include, but are not limited to, plans of study, meeting minutes, preparation of permit application documents, mitigation plans and reports, and wetland and floodplain findings.

The engineering firm may be required to perform any or all of the following duties: attend site visits; prepare minutes; perform necessary field surveys; plot topography and cross sections; develop erosion control plans; prepare type, size and location reports; prepare construction drawings, specifications and estimates; procure core borings; provide soil and foundation engineering reports; investigate utility involvement; evaluate alternatives using benefit/cost analysis; develop other details and narratives; inspect simple, major and unusual structures; develop rehabilitation strategies; and also, review shop drawings, catalog cuts and occasional attendance at construction job conferences may be required.

The number of Open-End Contracts and the dollar amount of each contract shall be at the discretion of the Department for the first year. The extent of the work for the subsequent 4 years of the contract will be dependent on the availability of additional funds and additional projects for those years, also at the discretion of the Department.

The services shall include, but not be limited to, a preliminary meeting in the Bureau of Facility Design and Construction, 8th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA, for this project. The contract shall be based on the hours of service and qualifying expenses not exceeding the contract amount. The design work will be reviewed by the engineering staff of the Bureau of Facility Design and Construction, and when acceptable, approved by same staff.

SPECIAL PROVISIONS CONCERNING DISADVANTAGED BUSINESSES AND ENTERPRISE ZONE BUSINESSES FOR REQUESTS FOR PROPOSALS

(Note: If the contract involves the use of Federal highway, transit or aviation funds originating from the Federal Highway Administration, the Federal Transit Administration, the Federal Aviation Administration or the National Highway Transportation Safety Administration, then the requirements of the Federal Disadvantaged Business Enterprise Program set forth in Title 49 Code of

PART I. General Information (must be inserted in Part I of every RFP)

Disadvantaged Business Information:

The Issuing Office encourages participation by small disadvantaged businesses as prime contractors, joint ventures and subcontractors/suppliers and by socially disadvantaged businesses as prime contractors.

Small Disadvantaged Businesses are small businesses that are owned or controlled by a majority of persons, not limited to members of minority groups, who have been deprived of the opportunity to develop and maintain a competitive position in the economy because of social disadvantages. The term includes:

- a. Department of General Services Bureau of Minority and Women Business Opportunities (BMWBO) certified minority business enterprises (MBEs) and women business enterprises (WBEs) that qualify as small businesses; and
- b. United States Small Business Administration certified 8(a) small disadvantaged business concerns.
- c. Businesses that BMWBO determines meet the Small Business Administration criteria for designation as a small disadvantaged business.

Small businesses are businesses in the United States which are independently owned, are not dominant in their field of operation, employ no more than 100 full-time or full-time equivalent employees, and earn less than \$20 million in gross annual revenues (\$25 million in gross annual revenues for those businesses in the information technology sales or service business).

Socially disadvantaged businesses are businesses in the United States that BMWBO determines are owned or controlled by a majority of persons, not limited to members of minority groups, who are subject to racial or ethnic prejudice or cultural bias, but which do not qualify as small businesses. In order for a business to qualify as "socially disadvantaged," the offeror must include in its proposal clear and convincing evidence to establish that the business has personally suffered racial or ethnic prejudice or cultural bias stemming from the business person's color, ethnic origin or gender.

Questions regarding this Program can be directed to Department of General Services, Bureau of Minority & Women Business Opportunities, Room 611, North Office Building, Harrisburg, PA 17125, (717) 783-3119, fax (717) 787-7052, gsbmwbo@state.pa.us or www.portal.state.pa.us/portal/server.pt?open=512&objID=1360&mode=2

A database of BMWBO-certified minority-and women-owned businesses can be accessed at www.dgsweb.state.pa.us/mbewbe/VendorSearch.aspx. The Federal vendor database can be accessed at www.ccr.gov by clicking on "Dynamic Small Business Search" (certified companies are so indicated).

Information Concerning Small Businesses in Enterprise Zones

The Issuing Office encourages participation by small businesses, whose primary or headquarters facility is physically located in areas the Commonwealth has identified as Designated Enterprise Zones, as prime contractors, joint ventures and subcontractors/suppliers.

The definition of headquarters includes but is not limited to an office or location that is the administrative center of a business or enterprise where most of the important functions of the business are conducted or concentrated and location where employees are conducting the business of the company on a regular and routine basis so as to contribute to the economic development of the geographical area in which the office or business is geographically located.

Small businesses are businesses in the United States that are independently owned, are not dominant in their field of operation, employ no more than 100 persons and earn less than \$20 million in gross annual revenues (\$25 million in gross annual revenues for those businesses in the information technology sales or service business).

There is no database or directory of small business located in Designated Enterprise Zones. Information on the location of Designated Enterprise Zones can be obtained by contacting Aldona M. Kartorie, Center for Community Building, Department of Community and Economic Development, 4th Floor, Keystone Building, 400 North Street, Harrisburg, PA 17120-0225, (717) 720-7409, fax (717) 787-4088, akartorie@state.pa.us.

PART III. Criteria for Selection (must be inserted in Part III of every RFP)

Disadvantaged Business Participation:

BMWBO has established the weight for the Disadvantaged Business Participation criterion for this RFP as 20% of the total points. Evaluation will be based upon the following in order of priority:

- | | |
|-----------------|--|
| Priority Rank 1 | Proposals submitted by Small Disadvantaged Businesses. |
|-----------------|--|

- | | |
|-----------------|--|
| Priority Rank 2 | Proposals submitted from a joint venture with a Small Disadvantaged Business as a joint venture partner. |
| Priority Rank 3 | Proposals submitted with subcontracting commitments to Small Disadvantaged Businesses. |
| Priority Rank 4 | Proposals submitted by Socially Disadvantaged Businesses. |

Each proposal will be rated for its approach to enhancing the utilization of Small Disadvantaged Businesses and/or Socially Disadvantaged Businesses. Each approach will be evaluated, with Priority Rank 1 receiving the highest score and the succeeding options receiving scores in accordance with the previously-listed priority ranking.

To the extent that an Offeror qualifies as a Small Disadvantaged Business or a Socially Disadvantaged Business, the Small Disadvantaged Business or Socially Disadvantaged Business cannot enter into subcontract arrangements for more than 40% of the total estimated dollar amount of the contract. If a Small Disadvantaged Business or a Socially Disadvantaged Business subcontracts more than 40% of the total estimated dollar amount of the contract to other contractors, the Disadvantaged Business Participation scoring shall be proportionally lower for that proposal.

Enterprise Zone Small Business Participation:

In accordance with the priority ranks listed as follows, bonus points in addition to the total points for this RFP, will be given for the Enterprise Zone Small Business Participation criterion. The maximum bonus points for this criterion is 3% of the total points for this RFP. The following options will be considered as part of the final criteria for selection:

- | | |
|-----------------|--|
| Priority Rank 1 | Proposals submitted by an Enterprise Zone Small Business will receive the highest score. |
| Priority Rank 2 | Proposals submitted by a joint venture with an Enterprise Zone Small Business as a joint venture partner will receive the next highest score for this criterion. |
| Priority Rank 3 | Proposals submitted with a subcontracting commitment to an Enterprise Zone Small Business will receive the lowest score for this criterion. |
| Priority Rank 4 | Proposals with no Enterprise Zone Small Business Utilization shall receive no points under this criterion. |

To the extent that an Offeror is an Enterprise Zone Small Business, the Offeror cannot enter into contract or subcontract arrangements for more than 40% of the total estimated dollar amount of the contract in order to qualify as an Enterprise Zone Small Business for purposes of this RFP.

Each contract will be for a 12-month period with four 12-month extensions possible. Projects will be assigned on an as-needed basis to ensure proper and safe operation of Department infrastructure and facilities. PART I. General Information (must be inserted in Part I of every RFP)

Disadvantaged Business Information

The Issuing Office encourages participation by small disadvantaged businesses as prime contractors, joint ventures, and subcontractors/suppliers and by socially disadvantaged businesses as prime contractors.

Small Disadvantaged Businesses are small businesses that are owned or controlled by a majority of persons, not limited to members of minority groups, who have been deprived of the opportunity to develop and maintain a competitive position in the economy because of social disadvantages. The term includes:

a. Department of General Services Bureau of Minority and Women Business Opportunities (BMWBO) certified minority business enterprises (MBEs) and women business enterprises (WBEs) that qualify as small businesses; and

b. United States Small Business Administration certified 8(a) small disadvantaged business concerns.

c. Businesses that BMWBO determines meet the Small Business Administration criteria for designation as a small disadvantaged business.

Small businesses are businesses in the United States which are independently owned, are not dominant in their field of operation, employ no more than 100 full-time or full-time equivalent employees, and earn less than \$20 million in gross annual revenues (\$25 million in gross annual revenues for those businesses in the information technology sales or service business).

Socially disadvantaged businesses are businesses in the United States that BMWBO determines are owned or controlled by a majority of persons, not limited to members of minority groups, who are subject to racial or ethnic prejudice or cultural bias, but which do not qualify as small businesses. In order for a business to qualify as "socially disadvantaged," the offeror must include in its proposal clear and convincing evidence to establish that the business has personally suffered racial or ethnic prejudice or cultural bias stemming from the business person's color, ethnic origin or gender.

Questions regarding this Program can be directed to Department of General Services, Bureau of Minority & Women Business Opportunities, Room 611, North Office Building, Harrisburg, PA 17125, (717) 783-3119, fax (717) 787-7052, email: gs-bmwbo@state.pa.us or www.portal.state.pa.us/portal/server.pt?open=512&objID=1360&mode=2.

A database of BMWBO-certified minority- and women-owned businesses can be accessed at www.dgsweb.state.pa.us/mbewbe/VendorSearch.aspx. The federal vendor database can be accessed at www.ccr.gov by clicking on "Dynamic Small Business Search" (certified companies are so indicated).

Information Concerning Small Businesses in Enterprise Zones

The Issuing Office encourages participation by small businesses, whose primary or headquarters facility is physically located in areas the Commonwealth has identified as Designated Enterprise Zones, as prime contractors, joint ventures and subcontractors/suppliers.

The definition of headquarters includes but is not limited to an office or location that is the administrative center of a business or enterprise where most of the important functions of the business are conducted or concentrated and location where employees are conducting the business of the company on a regular and routine basis so as to contribute to the economic development of the geographical area in which the office or business is geographically located.

Small businesses are businesses in the United States that are independently owned, are not dominant in their field of operation, employ no more than 100 persons and earn less than \$20 million in gross annual revenues (\$25 million in gross annual revenues for those businesses in the information technology sales or service business).

There is no database or directory of small business located in Designated Enterprise Zones. Information on the location of Designated Enterprise Zones can be obtained by contacting Aldona M. Kartorie, Center for Community Building, Department of Community and Economic Development, 4th Floor, Keystone Building, 400 North Street, Harrisburg, PA 17120-0225, (717) 720-7409, fax (717) 787-4088, email: akartorie@state.pa.us.

PART III. Criteria for Selection (must be inserted in Part III of every RFP)

Disadvantaged Business Participation

BMWBO has established the weight for the Disadvantaged Business Participation criterion for this RFP as 20% of the total points. Evaluation will be based upon the following in order of priority:

Priority Rank 1	Proposals submitted by Small Disadvantaged Businesses.
Priority Rank 2	Proposals submitted from a joint venture with a Small Disadvantaged Business as a joint venture partner.
Priority Rank 3	Proposals submitted with subcontracting commitments to Small Disadvantaged Businesses.
Priority Rank 4	Proposals submitted by Socially Disadvantaged Businesses.

Each proposal will be rated for its approach to enhancing the utilization of Small Disadvantaged Businesses and/or Socially Disadvantaged Businesses. Each approach will be evaluated, with Priority Rank 1 receiving the highest score and the succeeding options receiving scores in accordance with the above-listed priority ranking.

To the extent that an Offeror qualifies as a Small Disadvantaged Business or a Socially Disadvantaged Business, the Small Disadvantaged Business or Socially Disadvantaged Business cannot enter into subcontract arrangements for more than 40% of the total estimated dollar amount of the contract. If a Small Disadvantaged Business or a Socially Disadvantaged Business subcon-

tracts more than 40% of the total estimated dollar amount of the contract to other contractors, the Disadvantaged Business Participation scoring shall be proportionally lower for that proposal.

Enterprise Zone Small Business Participation

In accordance with the priority ranks listed as follows, bonus points in addition to the total points for this RFP, will be given for the Enterprise Zone Small Business Participation criterion. The maximum bonus points for this criterion is 3% of the total points for this RFP. The following options will be considered as part of the final criteria for selection:

Priority Rank 1	Proposals submitted by an Enterprise Zone Small Business will receive the highest score.
Priority Rank 2	Proposals submitted by a joint venture with an Enterprise Zone Small Business as a joint venture partner will receive the next highest score for this criterion.
Priority Rank 3	Proposals submitted with a subcontracting commitment to an Enterprise Zone Small Business will receive the lowest score for this criterion.
Priority Rank 4	Proposals with no Enterprise Zone Small Business Utilization shall receive no points under this criterion.

To the extent that an Offeror is an Enterprise Zone Small Business, the Offeror cannot enter into contract or subcontract arrangements for more than 40% of the total estimated dollar amount of the contract in order to qualify as an Enterprise Zone Small Business for purposes of this RFP.

PART IV. Work Statement (must be inserted in Part IV of every RFP)

Contract Requirements—Disadvantaged Business Participation and Enterprise Zone Small Business Participation

All contracts containing Disadvantaged Business participation and/or Enterprise Zone Small Business participation must also include a provision requiring the selected contractor to meet and maintain those commitments made to Disadvantaged Businesses and/or Enterprise Zone Small Businesses at the time of proposal submittal or contract negotiation, unless a change in the commitment is approved by the BMWBO. All contracts containing Disadvantaged Business participation and/or Enterprise Zone Small Business participation must include a provision requiring Small Disadvantaged Business subcontractors, Enterprise Zone Small Business subcontractors and Small Disadvantaged Businesses or Enterprise Zone Small Businesses in a joint venture to perform at least 50% of the subcontract or Small Disadvantaged Business/Enterprise Zone Small Business participation portion of the joint venture.

The selected contractor's commitments to Disadvantaged Businesses and/or Enterprise Zone Small Businesses made at the time of proposal submittal or contract negotiation shall be maintained throughout the term of the contract. Any proposed change must be submitted to BMWBO, which will make a recommendation to the Contracting Officer regarding a course of action.

If a contract is assigned to another contractor, the new contractor must maintain the Disadvantaged Business participation and/or Enterprise Zone Small Business participation of the original contract.

The selected contractor shall complete the Prime Contractor's Quarterly Utilization Report (or similar type document containing the same information) and submit it to the contracting officer of the Issuing Office and BMWBO within 10 workdays at the end of each quarter the contract is in force. This information will be used to determine the actual dollar amount paid to Small Disadvantaged Business and/or Enterprise Zone Small Business subcontractors and suppliers, and Small Disadvantaged Business and/or Enterprise Zone Small Business participants involved in joint ventures. Also, this information will serve as a record of fulfillment of the commitment the selected contractor made and for which it received Disadvantaged Business and Enterprise Zone Small Business points. If there was no activity during the quarter then the form must be completed by stating "No activity in this quarter."

Note: Equal employment opportunity and contract compliance statements referring to company equal employment opportunity policies or past contract compliance practices do not constitute proof of disadvantaged businesses status or entitle an Offeror to receive credit for disadvantaged businesses utilization.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program manager in the Department's Regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State

operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of the proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19(a)); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated before each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public

hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

HAZARDOUS SITES CLEANUP

Public Notice of Consent Orders and Agreement; Millcreek Dump Site Millcreek Township, Erie County

Under section 122 of the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. section 9622, and Section 1113 of the Pennsylvania Hazardous Sites Cleanup Act, 35 P. S. § 6020.1113, notice is provided that the Department of Environmental Protection (Department) has en-

tered into a consent order and agreement (CO&A) among Millcreek Township (Township) and the Erie Regional Airport Authority (Airport Authority) concerning the Millcreek Dump Site (Site) in Millcreek Township, Erie County, PA.

From approximately 1970 until 1981, wastes containing hazardous substances were disposed at the Site. The 1995, 1997 and 2000 consent orders and agreements between the Department and the Township concerned, among other things, ownership and usage of five parcels of property that the Township owns within the Site. Also under these past agreements, the Township, among other things, paid the Department \$1,000 in response costs and provided permanent easements for the construction of the landfill cap and flood retention basin at the Township and former Conrail parcels.

The original Record of Decision for the Site called for a standard landfill cap over the wastes at the Site. On December 14, 2000, the Department and the United States Environmental Protection Agency (USEPA) agreed to modify this remedy to provide for a recreation area at the Site, along with protecting the public and environment from the wastes at the Site. Specifically, the remedy was modified to allow for the construction of a golf course, tennis courts, ball fields and hiking trails on top of the landfill cap.

On August 13, 2010, the Department entered into a proposed Consent Order and Agreement with the Township and Airport Authority that modifies and replaces the 1995, 1997 and 2000 consent orders and agreements. Under the August 13, 2010 Consent Order and Agreement, the Site Remedy will be modified to allow the Airport Authority to extend Runway 6-24 at the Erie International Airport. This extension will require reconfiguration of the golf course and relocation of a portion of Powell Avenue. This CO&A does not address the Airport Authority's or the Township's obligations with the USEPA.

The Department will receive and consider comments on the August 13, 2010 Consent Order and Agreement for 60 days from the date of this Public Notice. The Department has the right to withdraw its consent if the comments disclose facts that indicate that the August 13, 2010 Consent Order and Agreement with the Township and Airport Authority is inappropriate, improper, inadequate or not in the public interest. After the public comment period, the August 13, 2010 Consent Order and Agreement shall become final and shall replace the 1995, 1997 and 2000 consent orders and agreements upon the filing of the Department's response to significant written comments (if any) to the August 13, 2010 Consent Order and Agreement.

Copies of the August 13, 2010 Consent Order and Agreement among the Department, Township and Airport Authority are available for inspection at the Department's office at 230 Chestnut Street, Meadville, PA. Comments may be submitted, in writing, to Kammy Halterman, Project Manager, Hazardous Sites Cleanup, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3481. Further information may be obtained by contacting Kammy Halterman at (814) 332-6648. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 645-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania*

Bulletin a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro

bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Categorical Exclusions

Central Office, Bureau of Watershed Management, Rachel Carson State Office Building, P. O. Box 8465, Harrisburg, PA 17105-8465.

Location: Lancaster County Conservation District, 1383 Arcadia Road, Lancaster, PA 17601, Lancaster County.

Description: Funding has been requested from the Pennsylvania Infrastructure Investment Authority (PENNVEST) by the Lancaster County Conservation District on behalf of ElectroCell Technologies, Inc. for nonpoint source nutrient reduction and odor elimination projects at up to 40 farms in Lancaster County over the next 5 years. ElectroCell Technologies received the Department of Environmental Protection (Department) approval in January 2009 to use a portable technology to generate and sell nutrient reductions in the form of credits which will be sold under the state's credit trading program. The process circulates manure from storage pits through a machine which treats the manure with electrical current and returns it to the pit without agitation or additives of any kind. This process has been shown to significantly reduce phosphorous and nitrogen levels of manure that is applied to farm fields, as well as, to virtually eliminate odors from the manure when land applied. This project will seek up to 40 farms in Lancaster County to participate in the treatment program. PENNVEST program requirements include an environmental review. The environmental review process allows an exclusion from the requirement to prepare an environmental report if the project is unlikely to involve negative environmental impacts. The Department has reviewed the project and has identified no significant adverse environmental impacts that will result from the project. The Department hereby categorically excludes the project from the State Environmental Review Process.

Location: Fulton County Conservation District, 216 North Second Street, Suite 15, McConnellsburg, PA 17233, Bethel Township, Fulton County.

Description: Funding has been requested from the Pennsylvania Infrastructure Investment Authority (PENNVEST) by the Fulton County Conservation District on behalf of Red Barn Consulting and Pigeon Cove Dairy Farm for a manure management project. The project will improve manure storage facilities that will allow spreading of manure at the right time of the year. PENNVEST program requirements include an environmental review. The environmental review process allows an exclusion from the requirement to prepare an environmental report if the project is unlikely to involve negative environmental impacts. The Department has reviewed the project and has identified no significant adverse environmental impacts that will result from the project. The Department hereby categorically excludes the project from the State Environmental Review Process.

Under 25 Pa. Code § 91.36(b) a permit or approval from the Department is needed for the land application of animal manure and agricultural process wastewater except:

1. Where the land application is consistent with the current standards for development and implementation of a manure management plan as established in the Manure Management Manual;
2. For a concentrated animal operation (CAO) where the land application is in accordance with a Nutrient Management Plan under 25 Pa. Code Chapter 83, Subchapter D;
3. For a concentrated animal feeding operation (CAFO), the land application is consistent with a CAFO permit under 25 Pa. Code § 92.5a.

As part of Pennsylvania's commitment to reduce nutrient and sediment loading to the Commonwealth's streams and rivers and the Chesapeake Bay, the Department has proposed a revision to the Manure Management Manual. This proposed revision establishes a standard format for manure management plans and is in the form of a "workbook" that can be used by farmers to develop a plan for their farm. Farmers that do not choose to adopt and

implement the standard plan format can seek approval from the Department for an alternative format or approach, or can obtain a permit for the land application of manure.

The proposed revision to the Manure Management Manual includes the following: a process to calculate manure application rates, setbacks from environmentally sensitive areas, special conditions for winter application, periodic evaluation of manure storage facilities, conditions for stockpiling and stacking dry manure, requirements for pasture management in the form of maintaining dense vegetation in pastures and agronomically based stocking rates. It also requires farms with animal concentration areas to establish best management practices to prevent pollution from those areas. Implementation of these practices will result in substantial improvement in pollution prevention and will have a significant impact in reducing pollutants reaching the Chesapeake Bay.

The Department worked with a subcommittee of the Agricultural Advisory Board to develop the proposed Manure Management Manual revision. This subcommittee included other state and federal agencies, representatives from organizations representing agricultural and environmental interests, and farmers. Written Comments: The Department invites public comments on the proposed revisions to the Manure Management Manual. The Department must receive comments by November 12, 2010. Written comments should be submitted to Steve Taglang, Division of Conservation Districts and Nutrient Management, P. O. Box 8465, Harrisburg, PA 17105-8465, staglang@state.pa.us. Comments received by facsimile will not be accepted. Contact: Steve Taglang, Division of Conservation Districts and Nutrient Management, P. O. Box 8465, Harrisburg, PA 17105-8465, staglang@state.pa.us.

Effective date: Upon publication of notice as final in the *Pennsylvania Bulletin*.

Extension of Pennsylvania National Pollutant Discharge Elimination System (NPDES) Stormwater Discharges from Municipal Separate Storm Sewer Systems (MS4s) General Permit (PAG-13)

Under the authority of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and sections 1905-A, 1917-A and 1920-A of The Administrative Code of 1929 (71 P. S. §§ 510-5, 510-17 and 510-20), the Department of Environmental Protection (Department) is, by this notice, extending for an additional 9 months the availability of the current NPDES Stormwater Discharges from MS4s General Permit (PAG-13). The current PAG-13 permit was last extended for 12 months at 39 Pa.B. 4953 (August 15, 2009) and is scheduled to expire at midnight on March 9, 2011. This 9-month extension will be effective on March 10, 2011, and will expire at midnight on December 9, 2011.

The Department is extending the availability of this permit to provide additional time for the United States Environmental Protection Agency Region III office and the Department to complete coordination on the renewal of PAG-13, to provide time for municipal outreach on the revised permit and to provide municipalities time to prepare their permit applications and supporting information. By this notice, the Department also is extending all existing PAG-13 permit approvals, waivers from permit application requirements and exemptions from the MS4 operator designation scheduled to expire. Existing operators of regulated MS4s who are using the general permit are authorized to continue to discharge stormwater in accordance with the terms and conditions of the general permit. Included in this extension is the requirement to continue implementation of the existing program and to provide annual reports on the progress of program implementation.

Permittees covered by an individual permit shall continue to implement the requirements of their permit and shall request an extension of coverage based on the expiration date and terms and condition of their permit.

The existing PAG-13 permit documents will continue to be available from the Department's regional offices and local county conservation districts until they are replaced or updated. In addition, the permit documents are on file

at the Department's Bureau of Watershed Management, Rachel Carson State Office Building, 400 Market Street, 10th Floor, Harrisburg, PA 17101. This package also is available on the Department's web site at www.depweb.state.pa.us through the Licensing, Permits, & Certification page. DEPARTMENT OF PUBLIC WELFARE

Fee Schedule; Addition of Procedure Codes for the Administration of Vaccines

Purpose of Notice

In accordance with 55 Pa. Code § 1150.61(a) (relating to guidelines for fee schedule changes), the Department of Public Welfare (Department) announces the addition of the following procedure codes to the Medical Assistance (MA) Program Fee Schedule for the administration of vaccines, effective for dates of service on and after August 30, 2010.

<i>Procedure Code</i>	<i>Description</i>	<i>MA Fee</i>
90636	Hepatitis A and Hepatitis B vaccine (HepA-HepB), adult dosage, for intramuscular use	\$10
90650	Human Papillomavirus virus (HPV) vaccine, types 16 and 18, bivalent, 3 dose schedule, for intramuscular use	\$10
90670	Pneumococcal conjugate vaccine, 13 valent, for intramuscular use	\$10
90743	Hepatitis B vaccine, adolescent (2 dose schedule), for intramuscular use	\$10

Procedure codes 90650 and 90670 are being added to the MA Program Fee Schedule as a result of the recent United States Food and Drug Administration approval of Cervarix® and Prevnar 13® vaccines. Additionally, procedure codes 90636 and 90743 are being added for the administration of Twinrix® and Recombivax HB® (two dose schedule).

The Department will issue an MA Bulletin to providers enrolled in the MA Program specifying the procedures for billing of the administration of the vaccines.

Fiscal Impact

It is anticipated that adding procedure codes for the administration of vaccines to the MA Program Fee Schedule will have no fiscal impact because there will not be an increase in the number of administration fees that are paid. The additional procedure codes allow for identification of the vaccine that is administered.

Public Comment

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received within 30 days will be reviewed and considered for any subsequent revision to the MA Program Fee Schedule.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

HARRIET DICHTER,
Secretary

Fiscal Note: 14-NOT-654. No fiscal impact; (8) recommends adoption.

Medical Assistance Program Fee Schedule Revisions

Purpose of Notice

The Department of Public Welfare (Department) announces that it will revise the fees, or a component of the fee, on the Medical Assistance (MA) Program Fee Schedule for select medical, surgical, laboratory, durable medical equipment and radiological services effective August 30, 2010.

Fee Schedule Revisions

The Pennsylvania Medicaid State Plan (State Plan) specifies that maximum fees for services covered under the MA Program are to be determined on the basis of the following: fees may not exceed the Medicare upper limit when applicable; fees must be consistent with efficiency, economy and quality of care; and fees must be sufficient to assure the availability of services to recipients. MA regulations at 55 Pa. Code § 1150.62(a) (relating to payment levels and notice of rate setting changes) also specify that the MA fees may not exceed the Medicare upper limit.

The Department has determined that MA fees for approximately 200 medical, surgical, laboratory, durable medical equipment and radiological procedure codes or combinations of procedure codes and modifiers, are above the Medicare upper limit for the same procedure codes. The Department is adjusting the fees on the MA Program Fee Schedule for these combinations of procedure codes and modifiers to equal the Medicare upper limit. Revision of these fees is necessary to comply with the regulation and State Plan, and to avoid a Federal disallowance. When adjusting the assistant surgeon fee (modifier 80), the Department followed the Medicare guidelines of paying 16% of the maximum allowable payment to a primary surgeon, as MA fees may not exceed the Medicare upper limit.

As set forth as follows, the Department has revised the total fee (billed with no modifier) and, as applicable, the professional component fee (billed with modifier 26), the technical component fee (billed with modifier TC), the assistant surgeon fee (billed with modifier 80), and the fee when billing for the rental (RR) of durable medical equipment. "N/A" indicates that the modifier is not on the MA Program Fee Schedule for the procedure code. "N/C" indicates that there is no change in the fee associated with the modifier:

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Notice of Investigation into Practice of Paper Invoice Charges; Doc. No. I-2010-2014444

By the Commission:

At the June 7, 2010 public meeting, the Pennsylvania Public Utility Commission (Commission) adopted an Order initiating a Joint Investigation by the Commission's Law Bureau, Bureau of Consumer Services and Fixed Utility Services (Telecommunications Division) into the practice of telecommunications carriers charging a fee for issuing a paper bill. See, *Petition of Cordia Communications Corp., for Designation as an Eligible Telecommunications Carrier Under Section 214(e) of the Telecommunications Act of 1996 and 47 CFR 54.101, 201-207*, Doc. No. P-2008-2014444, (June 7, 2010). Subsequently, at the July 15, 2010 public meeting, the Commission set a November 15, 2010, deadline for completion of the joint investigation and identified certain issues which should be specifically addressed in the investigation. See, *Pennsylvania Public Utility Commission v. Cavalier Telephone Mid-Atlantic, LLC*, Doc. Nos., R-2010-2176403; R-2010-2179527 (July 15, 2010).

Accordingly, this notice of investigation into the practice of paper billing fees for telecommunications carriers seeks comments and reply comments from all interested parties and specifically seeks input on the following issues:

(a) The impact of the Commission's "tariff parity" regulations at 52 Pa. Code §§ 53.57, et seq., regarding incumbent local exchange carriers and CLECs on the practice of charging a paper invoice fee.

(b) The differentiation of paper billing fees and the legality of their application for residential and business customers who receive price unregulated/competitive telecommunications services, that is, bundled services.

(c) The imposition of paper billing fees to end-user customers of price deregulated intrastate long distance and the implications of 66 Pa.C.S. § 3018(b) (that is, whether the paper billing fee is an IXC price deregulated rate).

(d) The effect of the Electronic Transactions Act on the statutory interpretation of Section 1509 of the Public Utility Code, 66 Pa.C.S. § 1509.

Copies of the Motion and original Order initiating the investigation can be obtained by contacting the Secretary of the Commission. Comments should be filed within 20 days of the date of publication of this notice and reply comments filed 10 days thereafter, delivered to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
400 North Street

Pennsylvania Public Utility Commission Bureau of Transportation and Safety v. Alpha Moving and Storage, Inc., t/a A Pioneer Moving Systems Co.; Doc. No. C-2010-2187846, A-00115139

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities

within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety (BTS) Prosecutory Staff hereby represents as follows:

1. That Alpha Moving & Storage, Inc., t/a A Pioneer Moving Systems Co., Respondent, maintains a principal place of business at 13451 Damar Drive, Philadelphia, PA 19116.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on April 1, 1999 at A-00115139.

3. That, on May 15, 2010, Respondent transported the household goods of Matthew Lentz from The University of Pennsylvania, 3817 Spruce Street, Philadelphia, PA to Respondent's storage facilities for \$305.00, which was paid, in cash, at the time of the move.

4. That, on June 8, 2010, Richard Oller, owner of the warehouse that contains Respondent's storage facilities, contacted Wendy J. Keezel, Chief of Enforcement, by telephone and explained that he had evicted Respondent from his property. Respondent had erased the hard drives from the computer and Mr. Oller had no way of locating the owners of the household goods in his warehouse. Chief Keezel assigned the Philadelphia Regional Manager, Enforcement Officer William Kilrain, to investigate Respondent. On that same day, Officer Kilrain contacted Allen Jenkins, Respondent's General Manager. Mr. Jenkins assured Officer Kilrain that all of the household goods stored in the warehouse would be moved to its new facilities. Officer Kilrain then contacted Mr. Oller to advise him of Respondent's plans. Mr. Oller was concerned that Mr. Jenkins would not find a new location and that he would not be able to locate the owners of the household goods himself. Officer Kilrain attempted to re-contact Mr. Jenkins to obtain a list of the owners of the stored household goods. He was unable to reach the Respondent at the same phone number he just called.

5. That, on June 18, 2010, Diana Lentz, Matthew's mother, contacted Officer Kilrain to obtain Respondent's location and contact information. She explained that, on June 4, 2010, she telephoned Allen Jenkins and confirmed a delivery date for July 5, 2010, to have her son's household goods moved to his new address. However, since that time, she has not been able to contact Respondent and was concerned. Officer Kilrain gave Mrs. Lentz Respondent's cell phone number and Mr. Oller's phone number. Later that day, Mrs. Lentz contacted Officer Kilrain and advised him that the July 5 delivery date was confirmed.

6. That, on July 5, 2010, Respondent failed to deliver the household goods of Matthew Lentz. Efforts made by Diana Lentz to contact Respondent were unsuccessful.

7. That, on July 6, 2010, Mrs. Lentz contacted Officer Kilrain and stated that Respondent had failed to appear at the warehouse to move the household goods. Officer Kilrain attempted to contact Mr. Allen Jenkins at his cell phone number and the call was unanswered. Respondent's business phone number was answered by a forwarding service, but Respondent did not return calls to Officer Kilrain. Officer Kilrain e-mailed further communications to Respondent and received no response. Also on July 6, 2010, BTS sent Respondent a certified letter asking it to contact the Philadelphia District Office. BTS

mailed the letter to the address on file with the Commission. The U.S. Post Office returned the letter to the Philadelphia District Office and marked the letter, "Return to Sender-Attempted-Not Known, Unable to Forward."

8. That, on July 7, 2010, Mrs. Lentz indicated to Officer Kilrain that Mr. Oller agreed to open the warehouse for the purpose of identifying her son's property. Matthew Lentz and Mr. Oller entered the warehouse. Matthew Lentz did not find his household goods in the location where Respondent had indicated they would be. During the week of July 16 to July 21, a search of the crates at Mr. Oller's warehouse proved futile. Officer Kilrain attempted to send a fax to Respondent on July 20, 2010, on two occasions, with a message to contact him at the number listed. Both were returned with an error result of "no answer."

9. That, Respondent has not notified the Commission of a change in address or phone number. Respondent's corporate address with the Pennsylvania Department of State is 13451 Damar Drive, Philadelphia, PA 19116, which is the same address on file with the Commission.

10. That, Respondent has failed to cooperate with BTS' investigation. Respondent has not communicated to the Commission from July 6 to July 28, 2010, despite receiving numerous inquiries.

11. That, during the investigation, BTS discovered that the warehouse contained numerous belongings of other household goods customers, which cannot be identified by records since Respondent destroyed the hard drives of its computers.

12. That, on June 28, 2010, the Commission sent Respondent a letter informing it that the Tristate Household Goods Tariff Conference, Inc. cancelled its Tristate membership effective May 28, 2010, for non-payment of annual dues, that as a result of the cancellation, Respondent may no longer use the Tristate tariff and that Respondent must cease and desist transporting household goods until such time as an approved tariff is filed with this Commission. BTS informed Respondent that it must file a tariff which is comparable to the previous tariff it was using on or before July 28, 2010. Respondent did not file an acceptable Household Goods in Use tariff with the Commission by that date.

13. That, in the course of the investigation, research revealed that BTS instituted a Complaint at C-2010-2172261 alleging that Respondent failed to pay an outstanding assessment of \$1,333.00 for the years 2007, 2008, and 2009. BTS sent the complaint using Certified Mail on April 30, 2010, and the letter was returned unclaimed. BTS re-sent the complaint using Certified Mail on May 29, 2010. The Complaint was published in the *Pennsylvania Bulletin* on July 17, 2010. To date, Respondent has not filed an answer.

14. That Respondent, by failing to cooperate with a Commission investigation and failing to furnish information from July 6 to August 14, 2010, as stated in Paragraphs 7, 8, & 9, violated 66 Pa.C.S. § 505. The Bureau of Transportation and Safety Motor Carrier Services and Enforcement's Prosecutory Staff proposes a civil penalty of \$500.00 per violation, per day, for a total proposed civil penalty of \$19,500.

15. That Respondent, by failing to file a tariff showing rates for such service, as stated in Paragraph 10, violated 52 Pa. Code § 23.11(a) and § 31.27. The Bureau of

Transportation and Safety Motor Carrier Services and Enforcement's Prosecutory Staff proposes a civil penalty of \$500.00 for this violation.

16. That Respondent, by failing to deliver the household goods of Matthew Lentz, violated 66 Pa.C.S. § 1501 by not furnishing reasonable service. The Bureau of Transportation and Safety Motor Carrier Services and Enforcement's Prosecutory Staff proposes a civil penalty of \$500.00 for this violation.

17. That Respondent, by failing to provide updated contact information with the Commission, violated 52 Pa. Code § 1.53(d). The Bureau of Transportation and Safety Motor Carrier Services and Enforcement's Prosecutory Staff proposes a civil penalty of \$100.00 for this violation.

Wherefore, the Bureau of Transportation and Safety Motor Carrier Services and Enforcement's Prosecutory Staff requests the Commission to cancel Alpha Moving & Storage, t/a A Pioneer Moving Systems Co's, Certificate of Public Convenience at A-00115139, fine Respondent the sum of Twenty Thousand Six Hundred Dollars (\$20,600) for the illegal activity described in this Complaint, direct Respondent to identify each household goods customer and return their belongings that are being stored at the warehouse at 13451 Damar Drive, Philadelphia, PA 19116, and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted,

Wendy J. Keezel, Chief of Enforcement
Motor Carrier Services & Enforcement Division
