READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CHS. 20 AND 300]

Advanced Communication Technology; Publicity and Broadcasting of Court Proceedings

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rules of Criminal Procedure 27 (Publicity and Recording of Proceedings) and 328 (Photography and Broadcasting in the Courtroom and its Environs). These changes update the rules and clarify that the prohibitions in the rules are not intended to apply to the use of advanced communication technology for court proceedings such as preliminary arraignments and arraignments. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report.

We request that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel, Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901, no later than Wednesday, September 22, 1999.

REPORT

Proposed Amendments to Pa.Rs.Crim.P. 27 and 328

Advanced Communication Technology: Publicity and Broadcasting of Court Proceedings

The Committee has undertaken an ongoing review of the Criminal Rules concerning the use of advanced communication technology (ACT) procedures in criminal proceedings. As part of that review, the Committee considered that Rules 27 (Publicity and Recording of Proceedings) and 328 (Photography and Broadcasting in the Courtroom and its Environs) should be updated to encompass the advances in technological means of publicizing and broadcasting proceedings, and to delete the provision in Rule 27 referring to "telegraph" as being obsolete.

The Committee also agreed that the rules would have to be amended to make it clear that the prohibitions in the rules on recording are not intended to apply to the court's use of ACT to facilitate proceedings such as preliminary arraignments and arraignments, and that both rules should be expanded to include more contemporary means of recording and transmitting to accommodate ACT.¹ Accordingly, the Committee agreed to the following changes to Rules 27 and 328:

1. Rule 27:

a. Paragraph (A) would be amended by separating it into two paragraphs. New paragraph (A) would include only the prohibitions under the rule. New paragraph (B)

¹ The Court has pending proposed rule changes that would provide the procedures for conducting preliminary arraignments and arraignments using ACT. See 28 Pa.B. 3934 (August 15, 1998) for the Committee's explanatory Report.

would set forth who could make an electronic or mechanical recording, and for what purpose.

b. Present paragraph (A)(1) would be broken down into two paragraphs. New paragraph (A)(1) would retain the prohibitions against taking photographs and motion pictures, and a prohibition against the video recording of proceedings would be included. New paragraph (A)(2) would delete the reference to "telegraph," and add a prohibition against the transmission of communications by using ACT.

c. The language in present paragraph (A)(2), prohibiting "the mechanical recording of the proceedings by anyone for any purpose," would become new paragraph (A)(3), and a prohibition against electronic recording would be added. In addition, to make it clear that the rule applies to the recording of proceedings for publicity purposes, and not to judicial uses, the language "except as provided in paragraph (B)" would be inserted at the end of the paragraph.

d. The second part of present paragraph (A)(2) would become paragraph (B), and would make it clear that the issuing authority, the attorney for the Commonwealth, or the defendant can make a mechanical or electronic recording as an aid to the preparation of the written record for subsequent use in a case, and would retain the proscription against publicly playing or disseminating the recording.

e. A new paragraph would be added to the Comment to make it clear that the paragraph (A) prohibitions are not intended to preclude the use of ACT for the purposes of court proceedings. The Comment also would include a cross-reference to Rule 3 for the definition of "advanced communication technology."

2. Rule 328:

a. Rule 328 would be amended to include the terms "video recording" and "advanced communication technology" in the title, and paragraphs (A) and (B) to make it clear that in addition to taking photographs, or radio or television broadcasting, the provisions of the rule are intended to apply to video recording and using ACT.

b. The Comment would be amended to make it clear that the rule applies to the publicizing and broadcasting of court proceedings, and that the prohibitions under the rule are not intended to preclude the use of ACT for purposes of court proceedings. The Comment also would include a cross-reference to Rule 3 for the definition of "advanced communication technology."

PART I. GENERAL

[234 PA. CODE CHS. 100 AND 2000]

Use of Advanced Communication Technology in Arrest and Search Warrants

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rules 119 (Requirements for Issuance) and 2003 (Requirements for Issuance), and adopt correlative changes to Rules 121 (Duplicate and Alias Warrants of Arrest) and 122 (Execution of Arrest Warrant). This proposal provides for the use of advanced communication

technology for the application for and issuance of arrest and search warrants. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report.

We request that interested persons submit suggestions, comments or objections concerning this proposal to the Committee through counsel, Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, Criminal Procedural Rules Committee, P. O. Box 1325, Doylestown, PA 18901, no later than Wednesday, September 22, 1998.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 100. PROCEDURE IN COURT CASES

PART III. SUMMONS AND ARREST WARRANT PROCEDURES IN COURT CASES

PART B. ARREST WARRANT PROCEDURES

Rule 119. Requirements for Issuance.

(A) In the discretion of the issuing authority, advanced communication technology may be used to submit a complaint and affidavit(s) for an arrest warrant and to issue an arrest warrant.

[(a)] (B) No arrest warrant shall issue but upon probable cause supported by one or more affidavits sworn to before the issuing authority. The issuing authority, in determining whether probable cause has been established, may not consider any evidence outside the affidavits.

(C) Immediately prior to submitting a complaint and affidavit to an issuing authority using advanced communication technology, the affiant must personally communicate with the issuing authority by telephone, or any other device which, at a minimum, allows for simultaneous audio communication. During the communication, the issuing authority shall verify the identity of the affiant, and orally administer an oath to the affiant.

[(b)] (D) At any hearing on a motion challenging an arrest warrant, no evidence shall be admissible to establish probable cause for the arrest warrant other than the affidavits provided for in paragraph [(a)] (B).

Official Note: Adopted April 26, 1979, effective as to arrest warrants issued on or after July 1, 1979; Comment revised August 9, 1994, effective January 1, 1995 [.] ; amended , effective .

Comment

Paragraph (A) recognizes that an issuing authority may issue an arrest warrant using advanced

communication technology or order that the law enforcement officer appear in person to apply for an arrest warrant.

This rule does not preclude oral testimony before the issuing authority, but it requires that such testimony be reduced to an affidavit prior to issuance of a warrant. All affidavits in support of an application for an arrest warrant must be sworn to before the issuing authority prior to the issuance of the warrant.

* * * * *

For a discussion of the requirement of probable cause for the issuance of an arrest warrant, see *Commonwealth v. Flowers*, [245 Pa. Super. 198,] 369 A.2d 362 (Pa. Super. 1976).

The affidavit requirements of this rule are not intended to apply when an arrest warrant is to be issued for noncompliance with a citation, or with a summons, or with a court order.

An affiant seeking the issuance of an arrest warrant may use advanced communication technology as defined in Rule 3.

When advanced communication technology is used, the issuing authority is required by this rule to (1) determine that the evidence contained in the affidavit(s) establishes probable cause, and (2) verify the identity of the affiant. Verification methods include, but are not limited to: a "call back" system, in which the issuing authority would call the law enforcement agency or police department that the affiant indicates is the entity seeking the warrant; a "signature comparison" system whereby the issuing authority would keep a list of the signatures of the law enforcement officers whose departments have advanced communication technology systems in place, and compare the signature on the transmitted information with the signature on the list; or an established "password" system.

See Rule 3 for the definition of "copy."

Under Rule 140, the defendant receives a copy of the warrant and supporting affidavit at the time of the preliminary arraignment.

Committee Explanatory Reports:

Report explaining the August 9, 1994 Comment revisions published at 22 Pa.B. 6 (January 4, 1992); Final Report published with the Court's Order at 24 Pa.B. 4342 (August 27, 1994).

Report explaining the proposed amendments concerning using advanced communication technology in warrant procedures published at 29 Pa.B. 4429 (August 21, 1999).

Rule 121. Duplicate and Alias Warrants of Arrest.

[(a)] (A) [Where] When a warrant of arrest has been issued and it appears necessary or desirable to issue duplicates thereof for execution, the issuing authority may issue any number of duplicates. Each duplicate shall have the same force and effect as the original. Costs may be taxed only for one such warrant and only one service fee shall be charged.

[(b)] (B) After service and execution of an original or duplicate warrant, an alias warrant may be issued if the purpose for which the original or duplicate has been issued has not been accomplished.

Official Note: Original Rule 113 adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. New Rule 113 adopted January 31, 1970, effective May 1, 1970; renumbered Rule 121 September 18, 1973, effective January 1, 1974; amended August 9, 1994, effective January 1, 1995 [.] **amended** ; **effective** .

Comment

This rule permits the use of advanced communication technology for the issuance of duplicate and alias arrest warrants.

Under this rule, warrant information transmitted by using advanced communication technology has the same force and effect as a duplicate or alias arrest warrant. This rule does not require that the transmitted warrant information be an exact copy of the original warrant for purposes of execution under Rule 122. Nothing in this rule, however, is intended to curtail the Rule 140(b) requirement that the issuing authority provide the defendant with an exact copy of the warrant. See Rule 119 (Requirements for Issuance). See also Rule 3 for the definitions of "advanced communication technology" and "copy."

Committee Explanatory Reports:

Report explaining the August 9, 1994 amendments published at 22 Pa.B. 6 (January 4, 1992); Final Report published with the Court's Order at 24 Pa.B. 4342 (August 27, 1994).

Report explaining the proposed amendments concerning using advanced communication technology in warrant procedures published at 29 Pa.B. 4429 (August 21, 1999).

Rule 122. Execution of Arrest Warrant.

[(a)] (A) A warrant of arrest may be executed at any place within the Commonwealth.

[(b)] (B) A warrant of arrest shall be executed by a police officer.

Official Note: Formerly Rule 124, adopted January 28, 1983, effective July 1, 1983; amended July 12, 1985, effective January 1, 1986; January 1, 1986 effective date extended to July 1, 1986; renumbered Rule 122 and Comment revised August 9, 1994, effective January 1, 1995 [.] ; **Comment revised** ; **effective** .

Comment

No substantive change in the law is intended by paragraph [(a)] (A) of this rule; rather, it was adopted to carry on those provisions of the now repealed Criminal Procedure Act of 1860 that had extended the legal efficacy of an arrest warrant beyond the jurisdictional limits of the issuing authority. The Judicial Code now provides that the territorial scope of process shall be prescribed by the Supreme Court's procedural rules. 42 Pa.C.S. §§ 931(d), 1105(b), 1123(c), 1143(b), 1302(c), 1515(b).

For the definition of police officer, see Rule 3 [(n)].

Section 8953 of the Judicial Code, 42 Pa.C.S. § 8953, provides for the execution of warrants of arrest beyond the territorial limits of the police officer's primary jurisdiction. See also *Commonwealth v. Mason*, [507 Pa. 396,] 490 A.2d 421 (Pa. 1985).

Pursuant to Rule 140, the defendant is to receive a copy of the warrant and the supporting affidavit at the time of the preliminary arraignment.

For purposes of executing an arrest warrant under this rule, warrant information transmitted by using advanced communication technology has the same force and effect as an original arrest warrant. This rule does not require that the transmitted warrant information be an exact copy of the original warrant. Nothing in this rule, however, is intended to curtail the Rule 140(b) requirement that the issuing authority provide the defendant with an exact copy of the warrant. See Rule 119 (Requirements for Issuance). See also Rule 3 for the definitions of "advanced communication technology."

Report explaining the proposed amendments concerning using advanced communication technology in warrant procedures published at 29 Pa.B. 4429 (August 21, 1999).

CHAPTER 2000. SEARCH WARRANTS

Rule 2003. Requirements for Issuance.

(A) In the discretion of the issuing authority, advanced communication technology may be used to submit a search warrant application and affidavit(s) and to issue a search warrant.

[(a)] (B) No search warrant shall issue but upon probable cause supported by one or more affidavits sworn to before the issuing authority. The issuing authority, in determining whether probable cause has been established, may not consider any evidence outside the affidavits.

(C) Immediately prior to submitting a search warrant application and affidavit to an issuing authority using advanced communication technology, the affiant must personally communicate with the issuing authority by telephone, or any other device which, at a minimum, allows for simultaneous audio communication. During the communication, the issuing authority shall verify the identity of the affiant, and orally administer an oath to the affiant.

[(b)] (D) At any hearing on a motion for the return or suppression of evidence, or for suppression of the fruits of evidence, obtained pursuant to a search warrant, no evidence shall be admissible to establish probable cause other than the affidavits provided for in paragraph [(a)] (B).

[(c)] (E) No search warrant shall authorize a nighttime search unless the affidavits show reasonable cause for such nighttime search.

Official Note: Adopted March 28, 1973, effective in 60 days [.] ; **amended** , **effective** .

Comment

Paragraph (A) recognizes that an issuing authority may issue a search warrant using advanced

communication technology or order that the law enforcement officer appear in person to apply for a search warrant.

[(a) This rule] Paragraph (B) does not preclude oral testimony before the issuing authority, but it requires that such testimony be reduced to an affidavit prior to issuance of a warrant. All affidavits in support of an application for a search warrant must be sworn to before the issuing authority prior to the issuance of the warrant. "Sworn" includes "affirmed." See Rule 3.

[(b)] This subsection] Paragraph (D) changes the procedure discussed in *Commonwealth v. Crawley*, [**209 Pa. Super. 70**,] 223 A.2d 885 (Pa. Super. 1966), *aff'd per curiam*, [**432 Pa. 627**,] 247 A.2d 226 (Pa. 1968). See *Commonwealth v. Milliken*, [**450 Pa. 310**] 300 A.2d 78 (Pa. 1973).

[(c) This section] Paragraph (E) imposes a new requirement in Pennsylvania practice. The requirement of a showing of reasonable cause for a nighttime search highlights the traditional doctrine that nighttime intrusion into a citizen's privacy requires greater justification than an intrusion during normal business hours.

An affiant seeking the issuance of a search warrant may use advanced communication technology as defined in Rule 3.

When advanced communication technology is used, the issuing authority is required by this rule to (1) determine that the evidence contained in the affidavit(s) establishes probable cause, and (2) verify the identity of the affiant. Verification methods include, but are not limited to: a "call back" system, in which the issuing authority would call the law enforcement agency or police department that the affiant indicates is the entity seeking the warrant; a "signature comparison" system whereby the issuing authority would keep a list of the signatures of the law enforcement officers whose departments have advanced communication technology systems in place, and compare the signature on the transmitted information with the signature on the list; or an established "password" system.

See Rule 3 for the definition of "copy."

and Arrest Warrants*

A. Background

When the Committee first considered amending the Criminal Rules to incorporate procedures for using advanced communication technology (ACT), we agreed to look at the issue broadly. Our initial undertaking concerned the rules governing preliminary arraignments and arraignments.¹ After developing that proposal, the Committee agreed that other criminal procedures also could

be improved and updated by expressly providing for the use of ACT. During the next phase of our consideration of ACT, the Committee considered that the arrest and search warrant procedures in Pennsylvania could be streamlined by including in the warrant rules provisions allowing the use of ACT to obtain a warrant.

Before considering a specific proposal for Pennsylvania, the Committee examined the warrant procedures in other jurisdictions, including the Federal courts, and found that there a few statutes or rules specifically providing for the use of ACT to obtain an arrest warrant or a search warrant,² although few specifically prohibit its use. Our research did reveal that case law in several jurisdictions supports the use of ACT for obtaining warrants as long as the fundamental, constitutional requirements are satisfied and the spirit of the law relating to obtaining warrants is followed. See, e.g., *U.S. v. Richardson*, 943 F.2d 547 (5th Cir. 1991); *State v. Evans*, 822 P.2d 1198 (Or. Ct. App. 1991); *State v. Myers*, 815 P.2d 761 (Wash. 1991); *State v. Lindsey*, 473 N.W.2d 857 (Minn. 1991); *People v. Snyder*, 449 N.W.2d 703 (Ct. App. Mich. 1989).

In Pennsylvania, the Criminal Rules and the case law are silent concerning the use of technology for obtaining warrants. The members recognized, drawing on their own observations and experiences, that because of the stringent constitutional limitations and the procedural requirements in the Criminal Rules, law enforcement officers and issuing authorities are hesitant to use ACT without some express authorization, although we agreed that there did not appear to be any impediments to providing for the use of ACT to obtain and issue warrants, and that, with clearly enumerated procedures for the use of ACT, the process could be enhanced.

Once the Committee agreed that the Criminal Rules governing warrant procedures should be amended, we acknowledged that there are a sufficient number of "warrant" situations in which time and convenience are critically important, and agreed that when the equipment is available, using the new provisions should (1) reduce the amount of time it takes to go through the necessary steps to obtain a warrant, and (2) increase the convenience for an affiant to present the requisite paperwork to the issuing authority. In addition, the Committee recognized that proceeding with a warrant is favored over proceeding without a warrant, and expects that using ACT would reduce the number of warrantless arrests and seizures.

In view of our discussions concerning ACT and our research, the Committee agreed that the Criminal Rules should be amended to provide that, in the discretion of the issuing authority, arrest and search warrants could be obtained by using ACT. Accordingly, the Committee is proposing the amendment of Rules 119 (Requirements for Issuance) and 2003 (Requirements for Issuance), and the revision of Rules 121 (Duplicate and Alias Warrants of Arrest) and 122 (Execution of Arrest Warrant).

B. Discussion of Rule Changes

The Committee considered that, rather than incorporating ACT as a new rule in both Chapters 100 and 2000, the provisions should be placed into the existing rules to make it clear that these procedures are intended to be an alternative method to obtain a warrant. The Committee

¹ The Court has pending proposed rule changes that would provide the procedures for conducting preliminary arraignments and arraignments using ACT. See 28 Pa.B. 3934 (August 15, 1998) for the Committee's explanatory Report.

² See, e.g., Ann. Cal. Penal Code § 1526, C.S.R.A. § 16 - 1 - 106 (Colorado), M.C.L.A. § 780.651 (Michigan).

also recognized, however, that there would be situations in which the issuing authority would want the affiant to appear in person to request the warrant, rather than permit the use of ACT. In view of this, we agreed that the new procedures should provide the issuing authority with the discretion to use ACT, and expect that (1) ACT generally would be allowed in all cases, and (2) the issuing authority would invoke the discretion to not use the technology on a case by case basis.

1. *Requirements for Issuance: Rules 119 and 2003*

Rule 119 sets forth the requirements for the issuance of arrest warrants, and Rule 2003 sets forth the requirements for the issuance of search warrants. Agreeing that Rule 119 is intended to parallel Rule 2003, the Committee agreed that the arrest warrant and search warrant rules should continue to parallel one another. Accordingly, the Committee is proposing amendments to Rules 119 and 2003 to include similar provisions allowing for the use of advanced communication technology. A new paragraph (A) would provide that in the discretion of the issuing authority, an affiant may use a form of advanced communication technology to submit a complaint (Rule 119) or affidavit of probable cause (Rule 2003) to the issuing authority, and the issuing authority may use advanced communication technology to issue the warrant.

The Committee is also recommending that a new paragraph (C) be added that would require the affiant to communicate with issuing authority before proceeding by ACT so that the issuing authority will be aware that the request for the warrant is going to be transmitted imminently. The new provisions would also require that the issuing authority verify the affiant's identity, and administer an oath to the affiant.

Former paragraphs (a) and (b) would become new paragraphs (B) and (D) respectively, without modification. Finally, Rule 2003 would maintain its provision for searches conducted at nighttime as a new paragraph (E).

The Committee is also recommending several revisions to the Comments to Rules 119 and 2003 to: 1) make it clear that ACT is permitted to be used to obtain both an arrest and a search warrant; 2) explain that the probable cause requirement has not been altered; 3) provide examples of permissible verification methods under the rules relating to warrants; and 4) add a cross-reference to Rule 3.

2. *Rules 121 (Duplicate and Alias Warrants of Arrest) and 122 (Execution of Arrest Warrants)*

Rule 121 provides the procedures for issuing duplicate and alias warrants of arrest and Rule 123 provides the procedures for the execution of arrest warrants. The Committee is proposing that the Comments to both rules be revised to: 1) make it clear that advanced communication technology is allowed to be used for the issuance of duplicate and alias warrants; 2) explain that when warrant information is transmitted, the information does not have to be an exact copy of the warrant; 3) clarify that the rule does not modify the Rule 140(b) requirement that the issuing authority provide the defendant with an exact copy of the warrant at the time of the preliminary arraignment; and 4) provide a cross-reference to Rule 3 for the definition of ACT. In addition, the Committee is proposing that the Rule 121 Comment be revised to make

it clear that advanced communication technology is permitted to be used to issue duplicate and alias arrest warrants.

Jury Lists and Juror Qualification Forms

Introduction

The Criminal Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend Rule 1104 (Juror Qualification Form, Lists of Trial Jurors, and Challenge to the Array). This proposal would remove ambiguous language and clarify that an attorney may inspect and copy or photograph the jury lists and the juror qualification forms. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed rule changes precedes the Report.

We request that interested persons submit suggestions, comments or objections concerning this proposal to the Committee through counsel, Anne T. Panfil, Chief Staff Counsel, Supreme Court of Pennsylvania, P. O. Box 1325, Doylestown, PA 18901, no later than Wednesday, September 22, 1999.

Comment

The qualification, selection, and summoning of prospective jurors, as well as related matters, are generally dealt with in Chapter 45, Subchapters A—C, of the Judicial Code, 42 Pa.C.S. §§ 4501—4503, 4521—4526, 4531—4532. “Law” as used in paragraph (B)(2) of this rule is intended to include these Judicial Code provisions. However, paragraphs (B) (1) and (2) of this rule are intended to supersede the procedures set forth in Section 4526(a) of the Judicial Code and that provision is suspended as being inconsistent with this rule. See PA. CONST. art. V[.], § 10; 42 Pa.C.S. § 4526(c). Sections 4526(b) and (d)—(f) of the Judicial Code are not affected by this rule.

Paragraph (A) was amended in 1998 to require that the counties use the juror qualification forms provided for in Section 4521 of the Judicial Code, 42 Pa.C.S. § 4521. It is intended that the attorneys in a case may **[request and receive copies of]** inspect and copy or photograph the jury lists and the qualification forms for the prospective jurors summoned for their case. The information on the qualification forms is not to be disclosed except as provided by this rule or by statute. See also Rule 1107, which requires that jurors complete the standard, confidential information questionnaire for use during voir dire.

COMMITTEE EXPLANATORY REPORTS:

* * * *

Final Report explaining the May 14, 1999 amendments placing titles in paragraphs (A) and (B) published with the Court's Order at 29 Pa.B. 2778 (May 29, 1999).

Report explaining the proposed amendments concerning copies of the juror qualification forms published with the Court's Order at 29 Pa.B. 4431 (August 21, 1999).

REPORT*Proposed Amendments to Pa.R.Crim.P. 1104**Juror Qualification Forms*

The Committee received correspondence concerning the Rule 1104 provision requiring that “the officials designated by law to select persons for jury service shall...upon the request of the attorney for the Commonwealth or the defendant's attorney, furnish a list containing the names of prospective *jurors summoned to try the case* together with copies of the juror qualification forms returned by *such prospective jurors*.” (Emphasis added). See Rule 1104(A)(3). The correspondents questioned what was intended by “jurors summoned to try the case” and “such prospective jurors” in this provision of the rule. They were concerned that, if the phrases refer to the jurors who will be selected from the pool for a specific trial, the information may not be known until the day of trial. The correspondents noted that this is a major problem for

those judicial districts in which jurors are summoned on a specific day. On the other hand, if the phrases refer to the entire pool of jurors to whom the qualification forms had been sent, then it “would be a cumbersome, time consuming and expensive effort” to require the officials to furnish the copies of the juror qualification forms for all of the jurors summoned for a particular “trial term.”

After discussing the correspondence, the Committee agreed that the issues raised in the correspondence merited clarification in the rule. Although the correspondents' confusion specifically focused on the meaning of the phrases highlighted above, the Committee also agreed that an additional, correlative matter concerning the scope of attorney's access to the forms requires clarification in Rule 1104.

Acknowledging that there are no reasons why an attorney should not be given access to the jury lists and qualification forms,¹ the Committee considered why an attorney might want to have copies of them. We identified two reasons: (1) when the attorney is considering challenging the array; and (2) when the attorney wants to compare the answers on the qualification forms with the answers submitted by the jurors on the information questionnaires. See Rule 1107.

Although we agreed that an attorney should have access to the jury lists and qualification forms, the Committee also reasoned that after an attorney has the opportunity to review the lists and the forms, if the attorney wants copies or photographs of the lists or the completed juror qualification forms, the burden of making the copies or photographs should be on the attorney. We agreed that this requirement should prevent attorneys from pro forma requesting the forms, and would address the concerns of the correspondents that requiring the officials to make and pay for the copies would be a “cumbersome, time-consuming and expensive effort.”

Returning to the correspondents' concerns about the phrase “prospective jurors summoned to try the case,” the Committee agreed with the correspondents that the language is confusing because there does not appear to be a uniform or widely accepted definition of the phrase “summoned to try the case.” See Rule 1104(A)(3). From our review and the members' experiences in practice, the Committee identified three different time periods to which the language could refer: 1) the jurors selected for service from the annual master list prepared by the jury selection commission pursuant to 42 Pa.C.S. § 4521(a); 2) the pool of jurors summoned for service on a particular day; or 3) those jurors summoned for service and sent to a particular courtroom. Practically speaking, the members agreed that the intent of the rule when amended in 1998 was to allow the attorneys access to the forms and lists in advance of trial as an aid if there will be a challenge to the array.

In view of these considerations, the Committee is proposing the following changes to Rule 1104. Paragraph (A)(3) would be fine-tuned to make it clear that upon request the jury official is required to furnish the list containing the names of prospective jurors that is required to be prepared, published, and posted under paragraph (A)(2). In addition, the troublesome phrase “prospective jurors summoned to try the case” would be deleted. A new paragraph (A)(4) would make it clear that,

¹ As part of our discussion, the Committee considered whether there would be any reason why an attorney should not receive the lists and juror qualification forms. We took a look at the case law in Pennsylvania, and were unable to find any cases addressing the issue. The Committee also reviewed the Pennsylvania statutes governing the selection of jurors, which also are silent on the issue of providing an attorney with the forms. See 42 Pa.C.S. § 4521, et seq.

when requested by the attorney, the official is required to make available for review and copying copies of the juror qualification forms returned by the prospective jurors. Finally, the Comment would emphasize that the attorneys may inspect and copy or photograph the jury lists and the qualification forms.

PROPOSED RULEMAKING

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b] Schedule of Civil Penalties

The Commissioner of Professional and Occupational Affairs (Commissioner) proposes to amend Chapter 43b (relating to Commissioner of Professional and Occupational Affairs) to read as set forth in Annex A.

Section 5(a) of the act of June 2, 1993 (P. L. 345, No. 48) (act) (63 P. S. § 2205(a)) authorizes the Commissioner, after consultation with licensing boards and commissions in the Bureau, to adopt a schedule of civil penalties for: (1) operating without a current and valid license, registration, certificate or permit; and (2) violating a licensing board or commission act or regulation relating to the conduct or operation of a business or facility licensed by a licensing board or commission.

Section 5(a) of the act further requires the Commissioner to publish in the *Pennsylvania Bulletin* the schedule of penalties, guidelines for imposition and procedures for appeal of the imposition of civil penalties. Accordingly, the Commissioner published a statement of policy pertaining to the amended schedule of civil penalties at 28 Pa.B. 5883 (November 28, 1998).

Section 5(a) of the act also requires the Commissioner to promulgate regulations finalizing this amended schedule of civil penalties within 2 years of the schedule being published in the *Pennsylvania Bulletin*. Therefore, the Commissioner has until November 28, 2000, to promulgate final-form regulations. The Commissioner intends to accomplish this mandate by promulgating the amendments in Annex A.

Prior to adopting the statement of policy, the Commissioner consulted with the applicable licensing boards, notified the various professional associations and invited comments and suggestions regarding its implementation. In addition, under the Governor's Executive Order 1996-1, the Commissioner notified the individuals and associations identified by the licensing boards and commissions of the Bureau's intent to promulgate proposed regulations and offered them the opportunity to comment on this proposal. The boards considered these comments in developing the proposed schedules.

Since its implementation, sanctions imposed for relatively minor violations have been entered more quickly than it would have taken to resolve these cases under regular disciplinary procedures. Based upon the effectiveness of the implementation of the statement of policy and upon the implementation of Chapter 43b, the Commissioner proposes these regulatory amendments finalizing the schedule of civil penalties.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 10, 1999, the Commissioner submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Professional Licensure and to the Senate Committee on Consumer Protection and Professional Licensure. In addition

to submitting the proposed amendments, the Commissioner has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Commissioner in compliance with Executive Order 1982-2, "Improving Government Regulations." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Commissioner within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the amendments, by the Commissioner, the General Assembly and the Governor, of objections raised.

Fiscal Impact

Professional licensing statutes require each board to be self supporting. Revenues must be generated by fees paid by licensees and must meet or exceed budgeted expenditures.

A board's disciplinary duties consist of investigating complaints, inspecting licensed facilities and meting out appropriate sanctions. Although the boards are not supported by general fund tax revenues, members of the regulated community are assessed a biennial renewal fee which finances them operations, including the disciplinary function.

Licensees are impacted individually when they are found guilty of violating a board's act and a fine is levied. Licensees who dispute charges brought against them including those filed as civil penalty citations under the act, may request a hearing before a hearing examiner or appeal a decision to the appropriate board. The more resources and time expended by personnel of the department to dispose of disciplinary cases, the greater the impact of disciplinary function upon a board's operating costs.

Paperwork Requirements

The proposed amendments will not necessitate any legal, accounting, reporting or other paperwork requirements.

Statutory Authority

The amendments are proposed under section 5(a) of the act, which gives the Commissioner the authority to adopt a schedule of civil penalties for: (1) operating without a current and valid license, registration, certification or permit; and (2) violating a licensing board or commission act or regulation relating to the conduct or operation of a business or facility licensed by a licensing board or commission.

Contact Person

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed amendments to Commissioner Dorothy Childress, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days following the publication of the proposed amendments in the *Pennsylvania Bulletin*.

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 63 AND 65]

Fishing Tournaments and Fishing Derbies

The Fish and Boat Commission (Commission) proposes to amend §§ 63.40 and 65.24 (relating to fishing tournaments and fishing derbies; and miscellaneous special regulations). The Commission is publishing these amendments as a notice of proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments relate to fishing.

A. Effective Date

The proposed amendments, if approved on final rulemaking, will go into effect on January 1, 2000, or upon publication of an order adopting the amendments in the *Pennsylvania Bulletin*, whichever occurs later.

B. Contact Person

For further information on the proposed changes, contact Delano R. Graff, Director, Bureau of Fisheries, (814) 359-5154, 450 Robinson Lane, Bellefonte, PA 16823, or Laurie E. Shepler, Assistant Counsel, (717) 657-4546, P. O. Box 67000, Harrisburg, PA 17106-7000. This proposal is available electronically through the Commission's Web site (<http://www.fish.state.pa.us>).

C. Statutory Authority

The proposed amendments are published under the statutory authority of sections 2102 and 2307 of the code (relating to rules and regulations; and waters limited to specific purposes).

D. Purpose and Background

The proposed amendments are designed to update, modify and improve Commission regulations relating to fishing. The specific purpose of each proposed amendment is described in more detail under the summary of proposal.

E. Summary of Proposal

(1) *Section 63.40 (relating to fishing tournaments and fishing derbies).* The initial development of the Commission's tournament regulations considered the fact that fishing derbies encompassing just fishing activity were not required to apply for special activity permits. Therefore, § 63.40(c)(1) currently provides that it is unlawful to conduct a fishing derby on Commonwealth waters without first obtaining a special activity permit from the Commission if the derby involves an unusual congregation of boats. Section 63.40(c)(5), however, requires all derby organizers to notify the Commission of the date, time and place of proposed fishing derbies. The easiest way for derby applicants to notify the Commission of a proposed derby is the use of the special activity permit application. Consequently, confusion exists in the Commission's Regional Offices as to when a fishing derby is actually required to apply for a special activity permit. This confusion would be eliminated by removing the phrase, "if the derby involves an unusual congregation of boats." Currently, the majority of fishing derbies apply for and receive special activity permits. Thus, removing this language will have little impact on fishing derbies. It is also proposed that the paragraph be amended to make it clear that the requirement does not apply to privately owned waters that are not open to the public.

In addition, the amendment to § 63.40(c)(1) makes subsection (c)(5) no longer necessary. Therefore, it is proposed that this paragraph be removed.

(2) *Section 65.24 (relating to miscellaneous special regulations).* In 1989, the Commission formalized regulations regarding the taking of smelt in inland waters. This action was prompted by the establishment of a smelt population, particularly in Lake Raystown, and the popularity of this fishery. Kinzua Reservoir and its tributaries were included because efforts were underway to establish a smelt population in those waters. However, based on findings from various sampling efforts, it was determined that smelt never really took hold in Kinzua Reservoir. Thus, the Commission proposes removing the special regulations pertaining to the harvest of smelt in Kinzua Reservoir and its tributaries.

F. Paperwork

The proposed amendments to § 65.24 will not increase paperwork and will create no new paperwork requirements. The proposed amendments to § 63.40 will slightly increase paperwork in that it will require all derby organizers to apply for special activity permits, not just those involving an unusual congregation of boats. This proposed change, however, will have little impact because currently the majority of fishing derbies apply for and receive special activity permits.

G. Fiscal Impact

The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The special activities permit is free of charge. Therefore, the proposed amendments to § 63.40 will impose no new costs on the private sector or the general public.

H. Public Comments

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendments to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically at "regulations @ fish.state.pa.us." A subject heading of the proposal and a return name and address must be included in each transmission. In addition, all electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

HUMAN RELATIONS COMMISSION

[16 PA CODE CH. 45]

Housing Accommodations/Commercial Property

The Human Relations Commission (Commission), is proposing the following schedule of penalties, procedure for their imposition and procedures for appeal, to read as set forth in Annex A. The schedule of penalties, procedure for their imposition and procedure for appeal were originally published at 28 Pa.B. 5136 (October 10, 1998) as guidelines/statement of policy, in compliance with and under the authority of section 9.3 of the Pennsylvania Human Relations Act (act) (43 P. S. § 959.3). The schedule of penalties, procedure for their imposition and procedure for appeal was not subject to review under section 205 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1205) and are effective as guidelines/statement of policy for a period not to exceed 2 years from the effective date of their publication. On or before the expiration of

the 2-year period, the schedule of penalties, procedure for their imposition and procedure for appeal will expire and will be replaced by regulations which shall have been promulgated, adopted and published as provided by law. This publication is to serve as this proposed rulemaking under section 9.3 of the act.

The purpose of these proposed regulations is to create a schedule of penalties, procedure for their imposition and procedure for appeal, for violations of section 5(h)(5) of the act (43 P. S. § 955(h)(5)), by advertisers and publishers, in instances where the complainant does not take action to secure housing accommodations or financing and is not denied housing accommodations or financing based on the alleged discriminatory language in the advertisement.

Fiscal Impact

The Commission believes that the schedule of penalties, procedure for their imposition and procedure for appeal will result in no additional cost to the Commission or to the general public. Costs which arise to advertisers or publishers due to a fine imposed upon them are more than offset by the absence of costs of the current adversarial method of case processing.

Paperwork Requirements

Additional paperwork created by the system will be offset by the elimination of the paperwork created by the normal case processing system.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 11, 1999, the Commission submitted a copy of these proposed regulations to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House State Government Committee and the Senate Committee on Labor and Industry. In addition to submitting the proposed regulations, the Commission has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Commission in compliance with Executive Order 1996-1. A copy of this material is available to the public upon request.

If the Legislative committees have objection to any portion of the proposed regulations, they will notify the Commission within 20 days of the close of the public comment period. If IRRC has objections to any portion of the proposed regulations, it will notify the Commission within 10 days after the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations, by the Commission, the General Assembly and the Governor of any objections raised.

Effective Date

The schedule of penalties, procedure for their imposition and procedure for appeal shall take effect as regulations upon final publication in the *Pennsylvania Bulletin*.

Contact Person/Public Comments

Interested persons are invited to submit written comments regarding the proposed schedule of penalties, procedure for their imposition and procedure for appeal in writing to Nancy L. Gippert, Assistant Chief Counsel, Human Relations Commission, 101 South Second Street, Suite 300, P. O. Box 3145, Harrisburg, PA 17101. Comments should be submitted within 30 days of publication.

HOMER C. FLOYD,
Executive Director

Fiscal Note: 52-011. No fiscal impact; (8) recommends adoption.

(Editor's Note: The Commission is proposing to delete the policy statement which currently appears in §§ 45.201—45.208, Pennsylvania Code pages 45-20 to 45-27, serial pages (249156) to (249163) and replace it with regulations in §§ 45.301—45.308.)

Advertisements covered under section 5(h) of the act (43 P. S. § 955(h)) shall be subject to a schedule of civil penalties for violation of section 5(h)(5) of the act by the advertiser and the publisher in instances when the complainant does not take action to secure housing accommodations or financing and is not denied housing accommodations or financing based on the alleged discriminatory language in the advertisement. Section 5(h)(5) states that it is an unlawful act to:

"print, publish or circulate any statement or advertisement: (i) relating to the sale, lease or acquisition of any housing accommodation or commercial property or the loan of money, whether or not secured by mortgage, or otherwise for the acquisition, construction, rehabilitation, repair or maintenance of any housing accommodation or commercial property which indicates any preference, limitation, specification, or discrimination based upon race, color, familial status, age, religious creed, ancestry, sex, national origin, handicap or disability or because of the handicap or disability of an individual with whom the person is known to have a relationship or association, or (ii) relating to the sale, lease or acquisition of any housing accommodation or commercial property which indicates any preference limitation, specification, or discrimination based upon use of a guide or support animal because of the blindness, deafness or physical handicap of the user or because the user is a handler or trainer of support or guide animals."

§ 45.302. Initial procedure.

When, within 180 days of the publication of the alleged unlawful advertisement, the Commission becomes aware of an unlawful advertisement, which is subject to a citation, from sources other than aggrieved persons seeking housing or commercial property or financing in connection therewith, the following procedures shall apply:

(4) Failure to respond or take any of the actions listed in this section within 15 days of service of the citation will result in a default judgment for the full amount of the penalty.

(5) Failure to pay a civil penalty could result in additional penalties, or a request for revocation, suspension or other disciplinary actions against licensees or other action including court proceedings which the Commission deems appropriate.

§ 45.303. Administrative procedures.

(a) Upon receipt of a response to a citation, the housing staff shall record that response on the appropriate data base.

(g) All payments made as a result of a violation, whether the violation is admitted and payment made or the payment is made following an order of the citation officer, will be forwarded by the Commission to the Department of Revenue.

§ 45.304. Hearing.

An application for review shall set forth with specificity the grounds for appeal. The Commission will review the record established and in its discretion receive additional evidence.

§ 45.306. Enforcement of orders/nonpayment of civil penalties/default judgment.

Requests for enforcement of nonpayment of civil penalties/default judgment shall be made to the Commission and filed with the appropriate court when approved by the Commission.

§ 45.307. Schedule of civil penalties.

(1) *Penalties.* The following penalties apply:

First Citation	\$250
Second Citation	\$500
Third Citation	Formal Process

(b) *Formal process:* When, in the Commission's judgment, the action of a party in the event of a third citation warrants, the Commission will have the following options:

- (i) To impose a maximum penalty on a multiple basis.
- (ii) To file a Commission initiated complaint.

(iii) To seek legal recourse, including those under section 11 of the act (43 P. S. § 961).

INSURANCE DEPARTMENT

[31 PA. CODE CH. 113]

Consent to Rate Filings

The Insurance Department (Department) proposes to delete Chapter 113, Subchapter A (relating to consent to rate filings) to read as set forth in Annex A. The Department proposes the deletion under the authority of sections 206, 506, 1501 and 1502 of The Administrative

Code of 1929 (71 P. S. §§ 66, 186, 411 and 412); and the Property and Casualty Filing Reform Act (40 P. S. §§ 710-1—710-19). Chapter 113, Subchapter A was promulgated under section 4(g) of The Casualty and Surety Rate Regulatory Act (40 P. S. § 1184(g)); and section 4(h) of The Fire, Marine and Inland Marine Rate Regulatory Act (40 P. S. § 1224(h)).

Purpose

The purpose of this proposed rulemaking is to delete Chapter 113, Subchapter A and eliminate obsolete and

inconsistent regulations that serve no compelling interest. Under section 4(g) of The Casualty and Surety Rate Regulatory Act; and section 4(h) of The Fire, Marine and Inland Marine Rate Regulatory Act, insurance companies are permitted to charge a rate in excess of the approved rate for a specific policy. This activity is generally associated with risks for which there is difficulty locating coverage due to some unusual condition such as increased hazard. When insurance companies write a policy using the consent to rate provision, they are required to submit a filing to the Department using a "consent to rate form."

As a result of the Property and Casualty Filing Reform Act enacted in 1998, the consent to rate provision has been repealed for commercial insurance policies. The law allows insurance companies to use rates that deviate up to 25% above their approved rates without making a filing with the Department. Insurance companies can also use rates greater than 25%; however, the companies are then required to make an individual filing with the Department. The Property and Casualty Filing Reform Act made the consent to rate regulation obsolete and no longer necessary.

Fiscal Impact

The deletion of this subchapter will have minimal impact on the property and casualty insurance industry and the Department. Insurance companies that do business in this Commonwealth and write property and casualty insurance policies using the consent to rate provision will not be required to submit the consent to rate form to the Department, thereby saving both the companies and the Department any expense associated with preparing and filing the consent to rate form. Again, this fiscal impact is estimated to be very minimal due to the infrequent usage of this provision.

Paperwork

The deletion of this subchapter is expected to decrease paperwork requirements for the affected parties because the deletion eliminates unnecessary reporting requirements for the insurance industry.

Affected Parties

The deletion of this subchapter will affect all insurers who are licensed to sell property and casualty insurance in this Commonwealth.

Effectiveness/Sunset Date

The rulemaking will become effective upon final publication in the *Pennsylvania Bulletin*. Because the rulemaking proposes to delete obsolete regulations, no sunset date has been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following the publication of this notice in the *Pennsylvania Bulletin*.

Questions or comments may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 10, 1999, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Insurance Committee and the Senate Banking and Insurance Committee. In

addition to the submitted proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of that material is available to the public upon request.

If IRRC has objections to any portion of this proposed rulemaking, it will notify the Department within 10 days of the close of the Committee's review period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act specifies detailed procedures for the Department, the Governor and the General Assembly to review these objections before final publication of the regulations.

STATE BOARD OF ACCOUNTANCY

[49 PA. CODE CH. 11]

Peer Review

The State Board of Accountancy (Board) proposes to add §§ 11.81—11.86 (relating to peer review) to read as set forth in Annex A.

Background and Statutory Authority

Section 8.9 of The CPA Law (63 P. S. § 9.8i), which was added by the act of December 4, 1996 (P. L. 851, No. 140) (Act 140), requires licensed public accounting firms, defined to include sole practitioners, that perform audit or review engagements to undergo a peer review as a condition of license renewal or initial licensure (in the case of an out-of-State firm). Section 8.9 of The CPA Law also prescribes the frequency and scope of peer reviews, grounds for exemption from peer review, confidentiality of the peer review process and procedures for Board review of firms that fail to comply with peer review remedial action. Section 8.9(c) of The CPA Law empowers the Board to promulgate regulations that (1) approve peer review programs and standards; (2) establish qualifications of peer reviewers; and (3) prohibit unauthorized disclosure of information obtained during peer review. The Board's proposal would implement the provisions of section 8.9 of The CPA Law.

Description of Proposed Regulations

§ 11.81 (Definitions)

Section 11.81 would define the following terms used in the regulations: "administering organization," "firm" and "peer reviewer."

§ 11.82 (Effective dates for peer review compliance; proof of compliance or exemption)

Section 11.82(a) would establish May 1, 2000, the start of the next biennial license period, as the deadline for peer review compliance by a firm that performs an audit engagement after May 1, 1998. Section 11.82(b) would establish May 1, 2004, as the deadline for peer review compliance by a firm that performs a review engagement but not an audit engagement after May 1, 1998. Section 8.9(g) of The CPA Law sets forth grounds for exemption from peer review compliance.

In establishing peer review compliance deadlines, the Board has attempted to reconcile what it perceives to be conflicting language on the subject in The CPA Law. Section 8.9(l)(2) of The CPA Law provides: "This section [relating to peer review] shall not become applicable to firms and no firm shall be required to undergo a peer review under this section until May 1, 2000, except that this section shall not become applicable until May 1, 2004, to a firm that has not accepted or performed any audit engagements during the period May 1, 1998, through April 30, 2004." However, section 8.8(c) of The CPA Law (63 P. S. § 9.8h(c)), which relates to the licensing of firms, provides: "An initial or renewal license shall not be issued to a firm after April 30, 2000 unless the firm complies with the requirements of Section 8.9 of this act."

The Board believes the language of section 8.8(c) of The CPA Law is controlling. The Board has been advised by the prime sponsor of H. B. 1782, which was later enacted as Act 140, that the intent of the legislation was

to require peer review compliance for nonexempt firms performing audit engagements and those performing review engagements by May 1, 2000, and May 1, 2004, respectively. This interpretation is consistent with the position of the Pennsylvania Institute of Certified Public Accountants (PICPA), which spurred the introduction of H. B. 1782. Moreover, the deadlines for compliance have been well publicized by the PICPA since the enactment of Act 140, and were reiterated by the Board in its Winter 1998/99 Newsletter. Owing to the wide dissemination of the deadlines, as well as the large number of firms that currently participate in voluntary peer review programs, the Board believes that the majority of nonexempt firms that would be subject to the compliance deadline of May 1, 2000, either have already completed a peer review or have made arrangements to timely complete a peer review. For those nonexempt firms that, for good cause, are unable to complete a peer review by the May 1, 2000, deadline, the Board is prepared to grant extensions of up to 12 months as authorized by section 8.9(g)(3) of The CPA Law.

In accordance with section 8.9(a) of The CPA Law, § 11.82(c) would require that a nonexempt firm submit with its application for initial licensure or license renewal a letter from a peer review administering organization evidencing the firm's completion of a peer review.

Section 11.82(d) would require that a firm claiming an exemption from peer review submit with its application for initial licensure or license renewal information that substantiates its entitlement to an exemption under section 8.9(g) of The CPA Law. In the case of a multistate firm that claims an exemption under section 8.9(g)(1) of The CPA Law based on its having completed a peer review in another state or jurisdiction, the firm would have to submit the following: (1) a letter from the out-of-State peer review administering organization evidencing the firm's completion of a peer review (within 3 years of the date of the application) that satisfies Pennsylvania requirements; and (2) a statement that the firm's internal inspection or monitoring procedures require the firm's personnel from an out-of-State office to perform an inspection of the firm's Pennsylvania offices at least once every 3 years. This latter requirement, which is complementary of peer review goals, provides additional protection to users of attest services in this Commonwealth by ensuring that Commonwealth offices of multistate firms that elect not to complete an in-State peer review are nevertheless required to undergo periodic internal inspections for adherence to quality control procedures.

§ 11.83 (Administering organizations for peer review; firm sponsorship not required)

Section 11.83(a) would deem the following organizations approved to administer a peer review program: (1) the Securities and Exchange Commission Practice Section and the Private Companies Practice Section of the American Institute of Certified Public Accountants; and (2) any State society or institute that participates in the AICPA Peer Review Program. Because the AICPA Peer Review Program is widely recognized in the public accounting profession as the preeminent model for peer review, and to avoid unnecessary costs and delays in implementing the peer review requirements, the Board is willing to grant deemed approval status to those professional accounting organizations that employ the AICPA peer review model.

Section 11.83(b) would clarify that a firm subject to peer review would not be required to become a member of the AICPA or any other administering organization.

§ 11.84 (Peer review standards)

Section 11.84 would require that a peer review conform to the AICPA's Standards of Performing and Reporting on Peer Reviews (AICPA Standards), together with any interpretations issued by the AICPA. Under Section 8.9(d) of The CPA Law, a nonexempt firm that performs an audit engagement must complete an onsite peer review, while a nonexempt firm that performs a review engagement must complete an offsite peer review. The AICPA Standards set forth detailed procedures for performing and reporting onsite and offsite peer reviews that are consistent with section 8.9(d) of The CPA Law.

§ 11.85 (Qualifications of peer reviewers)

Section 11.85(a) would provide that a peer reviewer, except as provided in subsections (b) and (c), would have to possess the qualifications set forth in the AICPA Standards. Those standards require a peer reviewer (1) to be currently licensed to practice as a certified public accountant; (2) to possess current knowledge of applicable professional standards, including knowledge of current rules and regulations applicable to the industries for which engagements are reviewed; (3) to have at least 5 years' recent experience in the practice of public accounting in the accounting or auditing function, including experience in the industries for which engagements are reviewed; (4) to be currently active at the supervisory level in the accounting or auditing function of a firm that is enrolled in a peer review program; and (5) to have the competency and training to conduct a peer review. A peer reviewer who serves as captain of an onsite peer review team must also receive additional peer review training and be the owner of a firm that has received an unqualified report on the system of quality control of its accounting and auditing practice for its most recently completed peer review.

Section 11.85(b) would permit a licensed public accountant who otherwise satisfies the AICPA Standards to serve as a peer reviewer. Section 11.85(c) would permit a sole practitioner with a public accounting or auditing practice who otherwise satisfies the AICPA Standards to serve as a peer reviewer, provided the practitioner is also enrolled in a peer review program. The AICPA Standards do not reference public accountants or sole practitioners (whether public accountants or certified public accountants); however, the Board sees no reason why the individuals could not serve as peer reviewers so long as they have the requisite experience and training.

Consistent with section 8.9(c)(2) of The CPA Law, § 11.85(d) would require that a peer reviewer be independent from, and have no conflict of interest with, the firm being reviewed.

§ 11.86 (Confidentiality of peer review reports)

Section 11.86(a) would provide that except as authorized under section 8.9(e) and 8.9(h)(3) of The CPA Law, a peer review report and related information are confidential. Section 8.9(e) of The CPA Law permits a firm to waive confidentiality in proceedings before the Board to review the firm's noncompliance with remedial actions recommended by peer review. Section 8.9(h)(3) of The CPA Law provides that nonprivileged material includes information considered during peer review that is otherwise available to the public; information presented or considered in the peer review process that was not prepared in connection with peer review; and any administrative proceeding or related civil action brought to enforce section 8.9 of The CPA Law.

Section 11.86(b) would authorize the Board to inquire of an administering organization whether a peer review report has been accepted.

Fiscal Impact and Paperwork Requirements

The proposed regulations would have a fiscal impact on licensed public accounting firms subject to peer review. The Board cannot accurately estimate the cost of completing a peer review. The scope, and thus cost, of a peer review may vary widely depending on the size of the firm and the nature of the attest engagements that are being reviewed. The cost could range from less than \$1,000 for an offsite review to hundreds of thousands of dollars and more for an onsite review of the Nation's largest firms.

The proposed regulations would cause the Board to incur minor costs in processing license renewal applications and initial license applications of firms subject to peer review. The Board anticipates that these costs will be defrayed by application and renewal fees.

The proposed regulations would require firms subject to peer review to provide the Board with proof of completion of a peer review or information substantiating entitlement to an exemption. The proposed regulations also would require the Board to revise its forms for initial licensure and license renewal. The proposed regulations would not impose new paperwork requirements on the Commonwealth's other agencies or its political subdivisions.

Compliance with Executive Order 1996-1

In accordance with Executive Order 1996-1 (relating to regulatory review and promulgation), the Board, in developing the proposed regulations, solicited comments from the major professional associations representing the public accounting profession in this Commonwealth.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 11, 1999, the Board submitted copies of this notice of proposed rulemaking to the Independent Regulatory Review Commission (IRRC), the Senate Standing Committee on Consumer Protection and Professional Licensure and the House Standing Committee on Professional Licensure. The Board also provided IRRC and the Committees with copies of a regulatory analysis form prepared in compliance with Executive Order 1996-1. Copies of this form are available to the public upon request.

If IRRC has objections to any portion of the proposed regulations, it will notify the Board within 10 days following the close of the Committees' review period, specifying the regulatory review criteria that have not been met. The Regulatory Review Act sets forth procedures that permit IRRC, the General Assembly and the Governor to review objections prior to final adoption of the regulations.

Public Comment

The Board invites interested persons to submit written comments, suggestion or objections regarding the proposed regulations to Steven Wennberg, Esq., Counsel, State Board of Accountancy, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days following publication of this notice of proposed rulemaking in the *Pennsylvania Bulletin*.

STATE REAL ESTATE COMMISSION

[49 PA. CODE CH. 35]

Disclosure Summary

The State Real Estate Commission (Commission) proposes to add § 35.336 (relating to disclosure summary) to read as set forth in Annex A.

A. Effective Date

The proposed regulation will be effective upon publication of the final-form regulation in the *Pennsylvania Bulletin*.

B. Statutory Authority

The regulation is proposed under the authority of section 608 of the Real Estate Licensing and Registration Act (63 P. S. § 455.608) (act).

C. Background and Purpose

This proposal implements section 608 of the act of November 25, 1999 (P. L. 908, No. 112) (Act 112), which was added to the act on November 24, 1998. Act 112

permits licensees to enter into various agency relationships with consumers. Section 608 requires the Commission to adopt a disclosure summary to be provided to the consumers at the initial interview. Section 608 of the act delineates 11 items which must be disclosed:

1. The relationships in which the consumer may engage the broker.

2. A statement informing sellers and buyers of their option to have an agency relationship with a broker, that an agency relationship is not to be presumed and that it will exist only as set forth in a written agreement between the broker and the consumer.

3. A statement that a consumer has the right to enter into a negotiated agreement with the broker limiting the activities or practices that the broker will provide for on behalf of the consumer, and that the fees and services to be provided are to be determined by negotiations between the consumer and the broker.

4. A statement identifying any possibility that the broker may provide services to another consumer who may be party to the transaction and, if so, an explanation of the duties the broker may owe the other party and whether the broker may accept a fee for those services.

5. A statement identifying any possibility that the broker may designate one or more licensees affiliated with the broker to represent the separate interest of the parties to the transaction.

6. A statement of the broker's policies regarding cooperation with other brokers, including the sharing of fees.

7. A statement that a buyer's broker may be paid a fee that is a percentage of the purchase price and the buyer's broker, even if compensated by the listing broker, will represent the interests of the buyer.

8. A statement that the duration of the broker's employment and the broker's fees are negotiable.

9. The purpose of the Real Estate Recovery Fund and the telephone number of the Commission at which further information about the fund may be obtained.

10. A statement that the duration of the listing agreement or contract and the broker's commission are negotiable.

11. A statement that any sales agreement must contain zoning classification of a property except in cases where the property (or each parcel thereof, if subdivided) is zoned solely or primarily to permit single-family dwellings.

D. Description of Proposed Regulation

Proposed subsection (a) would contain the disclosure summary form. The disclosure summary is divided into four parts: introduction, duties of licensees generally, a description of the business relationships and other information about real estate transactions.

In the first part of the disclosure, the Commission attempts to make consumers aware that to be represented by a licensee, they need to enter into a written agreement. The disclosure is also intended to caution consumers that until they have entered into such an agreement, they should not disclose any confidential information to the licensee.

The second part of the disclosure lists the duties required of all licensees by section 606.1 of the act (63 P. S. § 455.608a).

The third part of the disclosure describes the business relationships delineated in Act 112: seller agency, buyer agency, dual agency, designated agency and trans-

action licensee. The proposed regulation explains that under seller agency, the licensee and all licensees in the real estate company (except where there is designated agency) work only for the seller/landlord. Associated with this relationship are the additional duties of loyalty, confidentiality, continuous good faith effort to find a buyer and disclosure. As a seller's agent, the licensee may compensate subagents, who, with the consumer's written approval, act in the same capacity as a seller's agent, and buyer's agents and transaction licensees, who with their agreement, other licensees may serve and be paid as subagents.

The proposal further explains that under buyer agency, the licensee and all licensees in the real estate company (except where there is designated agency) work only for the buyer/tenant, regardless of by whom the licensee is paid. Buyer's agents have the same additional duties to buyers as seller's agents have to sellers.

The proposal also explains that under dual agency, the licensee acts as the agent for both the buyer and the seller in the same transaction with the written consent of all of the parties. Dual agents have the additional duties of taking no action that is detrimental to either party, making a continuous and good faith effort to find a buyer for the property and a property for the buyer, and confidentiality.

In designated agency the employing broker designates one or more licensee to exclusively represent the interests of one party and other licensees to exclusively represent the interests of the other party. Designation may take place at the time the parties enter into a written agreement or when the employing broker learns that a dual agency relationship exists. Regardless of when the designation occurs the employing broker is responsible for ensuring that confidential information is not disclosed. In addition, the employing broker must take responsibility to direct and supervise the business activities of the licensees who represent the buyer and the seller while taking no action that is adverse or detrimental to either party's interest in the transaction.

The proposed regulation also explains that a transaction licensee is not an agent or advocate for the consumer. Unlike a buyer's agent, seller's agent or dual agent, the transaction licensee only has the additional duty of limited confidentiality. Confidential information should not be divulged other than the fact that the seller will accept a price lower than the asking price, that the buyer will pay a price greater than the price submitted in a written offer, or that the seller or buyer will agree to terms other than those offered.

The last part of the disclosure delineates the four items which are negotiable in a written agreement/disclosure statement, the requirements that the sales agreement contain the zoning classification of the property, and information about the Real Estate Recovery Fund.

Proposed subsection (b) would require licensees to provide all consumers with the disclosure at the initial interview.

Proposed subsection (c) would require licensees to retain the signed acknowledgment in their files and provide a copy to the consumer. The Commission believes it is prudent to require licensees to maintain a copy of the acknowledgment as evidence that the licensee complied with section 606.1(a)(6) of the act.

E. Compliance with Executive Order 1996-1

In compliance with Executive Order 1996-1, the Commission extended an invitation to the following boards

and associations to preliminarily review and comment on the Commission's draft regulatory proposal: Pennsylvania Association of Realtors; Realtors Educational Institute; Institute of Real Estate Studies; Polley Associates; Pennsylvania Cemetery & Funeral Association; Pennsylvania Bar Association; Allegheny Highland Association; Greater Allegheny-Kiski Area Board; Allegheny Valley Board; Beaver County Association; Bradford-Sullivan County Association; Bucks County Board; Butler County Association; Cambria-Somerset Association; Carbon County Association; Carlisle Association; Central Montgomery County Association; Central Susquehanna Valley Board; Central Westmoreland Board; Centre County Association; Chester County Association; Clearfield-Jefferson Association; Delaware Valley Realtors Association; East Montgomery County Association; Elk-Cameron County Board; Greater Erie Board; Fayette County Board; Franklin County Association; Greenville Area Board; Hanover-Adams County Association; Greater Harrisburg Association; Greater Hazleton Association; Huntingdon County Board; Indiana County Board; Lancaster County Association; Lawrence County Board; Lebanon County Association; Lehigh Valley Association; McKean County Association; Greater Meadville Board; Greater Mercer County Board; Mifflin-Juniata County Board; Mon Yough Association; Monongahela Valley Board; Greater Philadelphia Association; North Central Penn Board; Pike/Wayne Association; Pocono Mountains Association; Reading-Berks Association; Realtors Association of Metropolitan Pittsburgh; Schuylkill County Board; Greater Scranton Association; Tri-State Commercial and Industrial Association; Warren County Board; Washington-Greene Association; West Branch Valley Association; Westmoreland West Association; Greater Wilkes-Barre Association; York County Association; The Pennsylvania Federation of Housing Counselors and Agencies; and The Real Estate Consumer Council.

In formulating this proposal, the Commission reviewed and considered all comments and suggestions received by these and other interested parties during the regulatory development process.

F. Fiscal Impact and Paperwork Requirements

The proposed regulation should have minimal fiscal impact on the Commonwealth. The proposed regulation would require the Commission to print the disclosure summary and make it available to all licensees. In addition to obtaining a copy from the Commission staff, the disclosure summary would be available on the Internet for downloading. This proposed regulation would also have a minimal fiscal impact on the regulated community in that licensees would incur the cost of reproducing the disclosure summary.

Additional paperwork requirements for the Commission would be limited to having copies of the disclosure summary available. Licensees would also have the additional paperwork requirement of keeping the signed acknowledgment and providing a copy of the entire disclosure to the consumer. The proposed regulation should not necessitate any legal, accounting or reporting requirements on the regulated community.

G. Sunset Date

The Commission reviews the effectiveness of its regulations on an ongoing basis. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 9, 1999, the Commission submitted a copy of this proposed regulation to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. In addition to submitting the proposed regulation, the Commission has provided IRRC and the Committees with a copy of a detailed regulatory analysis form prepared by the Commission in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulation, it will notify the Commission within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulation, by the Commission, the General Assembly and the Governor of objections raised.

I. Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed regulation to Judith Pachter Schuder, Counsel, State Real Estate Commission, 116 Pine Street, P. O. Box 2649, Harrisburg, PA 17105-2649, within 30 days of publication of this proposed rulemaking. Please reference No. 16A-567 (Disclosure Summary), when submitting comments.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 35. STATE REAL ESTATE COMMISSION REAL ESTATE DOCUMENTS

§ 35.336. Disclosure summary.

(a) The disclosure summary shall be entitled "Consumer Notice" and shall be in the following form:

CONSUMER NOTICE

THIS IS NOT A CONTRACT

Pennsylvania Law requires real estate brokers and salespersons (licensees) to advise consumers of the business relationships that a consumer may have with a licensee. This notice must be provided to the consumer at the first contact where a substantive discussion about real estate occurs.

Before you disclose any information to a licensee, be advised that unless you select a business relationship by signing a written agreement, the licensee is NOT representing you. A business relationship will NOT be presumed.

Any licensee who provides you with real estate services owes you the following duties:

- Exercise reasonable professional skill and care.

- Deal honestly and in good faith.
- Present, in a timely manner, all offers, notices, and communications to and from the parties in writing, unless waived.
- Comply with Real Estate Seller Disclosure Act.
- Account for escrow and deposit funds.
- Disclose, in a timely manner, all conflicts of interest and financial interests.
- Advise the consumer to seek expert advice on matters about the transaction that are beyond the licensee's expertise.
- Keep the consumer informed about the transaction and the tasks to be completed.

A licensee may have the following business relationships with the consumer:

Seller Agency:

Seller agency is a relationship where the licensee, upon entering into a written agreement, works only for a seller/landlord. Seller's agents owe the additional duties of:

- Loyalty to the seller/landlord by acting in the seller's/landlord's best interest.
- Confidentiality, except that a licensee has a duty to reveal known material defects about the property.
- Making a continuous and good faith effort to find a buyer for the property.
- Disclosure to other parties in the transaction that the licensee has been engaged as a seller's agent.

A seller's agent may compensate other brokers as subagents if the seller/landlord agrees in writing. Subagents have the same duties and obligations as the seller's agent. Seller's agents may also compensate buyer's agents and transaction licensees who do not have the same duties and obligations as seller's agents.

If you enter into a written agreement, all the licensees in the real estate company owe you the additional duties identified above under seller agency. The exception is designated agency. See the designated agency section in this notice for more information.

Buyer Agency:

Buyer agency is a relationship where the licensee, upon entering into a written agreement, works only for the buyer/tenant. Buyer's agents owe the additional duties of:

- Loyalty to the buyer/tenant by acting in the buyer's/tenant's best interest.
- Confidentiality, except that a licensee is required to disclose known material defects about the property.
- Making a continuous and good faith effort to find a property for the buyer/tenant.
- Disclosure to other parties in the transaction that the licensee has been engaged as a buyer's agent.

A buyer's agent may be paid fees, which may include a percentage of the purchase price, and, even if paid by the seller/landlord, will represent the interests of the buyer/tenant.

If you enter into a written agreement, all the licensees in the real estate company owe you the additional duties identified above under buyer agency. The exception is designated agency. See the designated agency section in this notice for more information.

Dual Agency:

Dual agency is a relationship where the licensee acts as the agent for both the seller/landlord and the buyer/tenant in the same transaction with the written consent of all parties. Should dual agency occur in your transaction, you will be informed. Dual agents owe the additional duties of:

- Taking no action that is adverse or detrimental to either party's interest in the transaction.
- Making a continuous and good faith effort to find a buyer for the property and a property for the buyer.
- Confidentiality, except that a licensee is required to disclose known material defects about the property.

Designated Agency:

In designated agency, the employing broker may, with your consent, designate one or more licensees from the real estate company to act exclusively as the agent for the seller/landlord and one or more licensees to act exclusively as the agent for the buyer/tenant. Other licensees in the company who are not designated may represent another party and should not be provided with any confidential information. The designated agent(s) shall have the duties to the seller/landlord or buyer/tenant as listed above under seller agency and buyer agency.

In designated agency, the employing broker will be a dual agent and have the additional duties of:

- Taking reasonable care to protect any confidential information disclosed to the salesperson.
- Taking responsibility to direct and supervise the business activities of the licensees who represent the seller and buyer while taking no action that is adverse or detrimental to either party's interest in the transaction.

The designation may take place at the time that the parties enter into a written agreement, but may occur at a later time. Regardless of when the designation takes place, the broker is responsible for ensuring that confidential information is not disclosed.

Transaction Licensee:

A transaction licensee is a broker or salesperson who provides communication or document preparation services or performs other acts for which a license is required WITHOUT being the agent or advocate for either the seller/landlord or the buyer/tenant. Upon signing a written agreement or disclosure statement, a transaction licensee has the additional duty of limited confidentiality in that the following information may not be disclosed:

- the seller/landlord will accept a price less than the asking/listing price.

- the buyer/tenant will pay a price greater than the price submitted in a written offer.
- the seller/landlord or buyer/tenant will agree to financing terms other than those offered.

Other information deemed confidential by the consumer should not be provided to the transaction licensee.

OTHER INFORMATION ABOUT REAL ESTATE TRANSACTIONS

The following are negotiable and shall be addressed in an agreement/disclosure statement with the licensee:

- The duration of the licensee's employment, listing agreement or contract are negotiable.
- The licensee's fees or commission are negotiable.
- The scope of the licensee's activities or practices are negotiable.
- The broker's cooperation with other brokers.

Any sales agreement must contain the zoning classification of a property except in cases where the property is zoned solely or primarily to permit single family dwellings.

Real Estate Recovery Fund exists to reimburse any person who has obtained a final civil judgment against a Pennsylvania real estate licensee owing to fraud, misrepresentation, or deceit in a real estate transaction and who has been unable to collect the judgment after exhausting all legal and equitable remedies. For complete details about the Fund, call (717) 783-3658.

Title 61—REVENUE

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 9]

Pennsylvania S Corporation Election

The Department of Revenue (Department), has adopted a revised statement of policy under the authority contained in § 3.2 (relating to statements of policy). This statement of policy revises § 9.13 (relating to Pennsylvania S Corporation election) and shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

The purpose of the amendments to the statement of policy is to advise the public of the effect of the Pennsylvania S Corporation provisions of sections 5, 6.1 and 32 of the act of May 12, 1999 (P. L. 26, No. 4) (Act 4).

Act 4 eliminated the 25% passive income test. A corporation under the Internal Revenue Code is now allowed to have passive income in excess of 25% of total income and still qualify as a Pennsylvania S Corporation. In addition, the 5-year waiting period with respect to corporations whose S election was terminated for exceeding the passive income limitation is deleted. Those businesses denied or who did not apply previously can apply on or before September 15, 1999, for S status to be effective for taxable years that commenced between January 1, 1999, through May 12, 1999.

To effectuate the provisions of Act 4, the Department has deleted § 9.13(b)(3) and (c). Existing subsection (d) has become subsection (c) with revisions to paragraph (5) and the addition of paragraphs (6) and (7). Existing subsections (e) and (f) have become subsections (d) and (e) accordingly. Existing subsection (g) has become subsection (f) with minor revisions to paragraph (3) and example 3. Existing subsection (h) has become subsection (g) with a minor revision to paragraph (1). Existing subsection (i) has become subsection (h).

Specific questions relating to information provided in this statement of policy may be directed to the Department of Revenue, Office of Chief Counsel, Dept. 281061, Harrisburg, PA 17128-1061.

(*Editor's Note:* The regulations of the Department, 61 Pa. Code Chapter 9, are amended by amending a statement of policy in § 9.13 (relating to Pennsylvania S Corporation election), to read as set forth in Annex A, with ellipses referring to the existing text of the section.)

ROBERT A. JUDGE, Sr.,
Secretary

Fiscal Note: 15-411. No fiscal impact; (8) recommends adoption. While the change to the Tax Reform Code discussed in this statement of policy did cause a revenue loss, the statement of policy just explains that change and therefore there is no fiscal impact.

ers of any small corporation that is subject to the Pennsylvania corporate net income tax or that owns directly, or through a wholly owned subsidiary, 100% of the stock of a qualified Subchapter S subsidiary that is subject to the Pennsylvania corporate net income tax. A corporation is a small corporation if it meets all of the following requirements:

(1) The corporation has a valid election in effect under Subchapter S of the IRC of 1986 (26 U.S.C.A. §§ 1361—1379).

Elections filed with the Department after September 15, 1999, for a corporation that had a taxable year which commenced between January 1, 1999, through May 12, 1999, shall be effective for the following taxable year if the requirements in subsection (b) are met.

(6) Effective for taxable years beginning on or after January 1, 1999, the passive investment income test is repealed. The 5-year requirement for reapplication after termination for failing the passive investment income test is also repealed. (2) A foreign corporation may elect Pennsylvania S Corporation tax treatment for its first taxable year in this Commonwealth by filing a Pennsylvania S Corporation election with the Department within 75 days of the commencement of its first taxable year in this Commonwealth. A foreign corporation's first taxable year in this Commonwealth commences on the date the corporation begins doing business in this Commonwealth and becomes subject to the Corporate Net Income Tax imposed under Article IV of the TRC (72 P. (ii) The portion of the taxable year after the revocation takes effect shall be treated as a short taxable year during which the corporation is subject to Corporate Net Income Tax.

(2) A Pennsylvania S Corporation election shall be terminated for failure to meet the requirements of subsection (b).

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of September 1999

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of September, 1999, is 8 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on an individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 6.22 to which was added 2.50 percentage points for a total of 8.72 that by law is rounded off to the nearest quarter at 8 3/4%.

The settlement involves a Consent Decree to be lodged in the United States District Court for the Eastern District of Pennsylvania, between the Department, the United States Environmental Protection Agency (USEPA), and Action Manufacturing Company, Inc., ALCOA, Inc., Armstrong World Industries, Inc., Barker Pipe Fittings, Beckett Corporation, Bulova Technologies, LLC, CABOT Corporation, Chemetall Foote Corporation, Delbar Products, Inc., Fischer & Porter Company, General Electric Company, General Motors Corporation, Hamilton Precision Metals, Inc., Handy & Harman Tube Company, Hercules Inc., Kim Manufacturing Company, Lansdale, Inc., L-3 Communications, LaFrance Corporation, Lucent Technologies Inc., Moore Products, The Morning Call, Inc., NW Controls, Inc., Plymouth Tube Company, Porter Instrument Company, Inc., PP&L, Inc., Reilly Plating Company, Rex Heat Treat, SUNROC Corporation, Syntex Inc., Unisys Corporation, USG Corporation, Vishay Intertechnology, Inc., and VIZ Liquidation Trust (Settling Defendants).

The Malvern TCE Superfund Site (site) is located in a residential and wooded area of East Whiteland Township, Chester County, PA. The site includes a 5 acre property owned by Chemclene Corporation, as well as surrounding property owned by Spring Ridge Management Company.

From 1952 until 1992, Chemclene used the site to store, sell and reclaim industrial cleaning solvents, which were used for degreasing metal parts and other cleaning purposes. The soil and groundwater at the site is contaminated with volatile organic compounds, including trichloroethene (TCE), 1,1,1-trichloroethane (1,1,1-TCA), tetrachloroethylene (PCE) and methylene chloride (MEC).

The Department asserts that the Settling Defendants all have liability under section 701 of the HSCA and section 107 of CERCLA as generators of hazardous substances released at the Malvern TCE Superfund Site.

The settlement referenced above would resolve certain claims of the Department against the Settling Defendants for reimbursement of response costs incurred by the Department. Additionally, under the terms of the Consent Decree, Settling Defendants are agreeing to implement the remedy at the site. Upon payment and performance of work under the Consent Decree, Settling Defendants resolve any liability they may have with the Department and are eligible for contribution protection under the HSCA and CERCLA regarding matters addressed in the Consent Decree, as provided in HSCA section 705(c)(2), 35 P.S. § 6020.705(c)(2) and CERCLA section 113(f), 42 U.S.C.A. § 9613(f).

This notice is provided under section 1113 of the HSCA. The United States Department of Justice intends to file the Consent Decree with the United States District Court for the Eastern District of Pennsylvania upon the filing by the Department of its response to the significant written comments. The Consent Decree which contains the specific terms of the settlement is available for public review and comment. The Consent Decree can be examined from 8 a.m. to 4 p.m. at the Department's office at Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, by contacting April Flipse at (610) 832-5937. A public comment period on the Consent Decree will extend for 60 days from today's date. Persons may submit written comments regarding the Consent Decree to the Department by October 20, 1999, by submitting them to April Flipse at the previous address.

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include

a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

REASONABLY AVAILABLE CONTROL TECHNOLOGY (RACT)

Public Hearing

Armco Inc., Mercer County

The Department of Environmental Protection (Department) will conduct a public hearing on September 13, 1999, beginning at 1 p.m. in the Air Quality Conference Room of the DEP Regional Office Building located at 230 Chestnut Street, Meadville, PA 16335-3407.

The hearing is for the Department to accept testimony concerning its decision to approve, with conditions, Reasonably Available Control Technology (RACT) plan by Armco Inc., Sawhill Tubular Division, Sharon Operations, 200 Clark Street, Sharon, PA, to meet the requirements under 25 Pa. The final RACT proposal will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan. This facility is located in Mercer County.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in the RACT approval for the facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into Plan Approvals and/or Operating Permits for the facility and will be submitted to the EPA as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary VOC RACT determination for Armco Inc., Sawhill Tubular Division.

1. The following sources shall be installed, operated and maintained in accordance with the manufacturer's specifications:

This log shall be kept for a period of at least 5 years and made readily available to Department personnel upon request. An annual report shall be submitted to the Department listing solvent usage and VOC emissions from each individual cleanup source. The report shall be submitted by January 31, 2000 and every year thereafter.

5. This RACT approval applies to the emission of NOx and VOC pollutants only. Emission of other pollutants, including criteria pollutants, shall be governed by the existing Plan Approvals, Operating Permits and applicable requirements and other rules and regulations of the Department which are incorporated herein by reference and made part of this permit.

For the above facility, a public hearing will be held for the purpose of receiving comments on the above proposed Plan Approval and/or Operating Permit and the proposed SIP revisions. The public hearing is scheduled Monday, September 13, 1999, 1 p.m.—3 p.m., at the Air Quality Conference Room, DEP Regional Conference Room, 230 Chestnut Street, Meadville, PA 16335-3407.

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone

number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Bureau of Deep Mine Safety

Request for Variance

Rayne Energy, Inc.

The Bureau of Deep Mine Safety (BDMS) has approved Rayne Energy, Inc.'s request for a variance from the requirements of section 242(c) of the Pennsylvania Bituminous Coal Mine Act at the Rayne No. 1 Mine. This notification contains a summary of this request. A complete copy of the variance request may be obtained from Allison Gaida by calling (724) 439-7469 or from the BDMS web site at <http://www.dep.state.pa.us/dep/deputate/minres/dms/dms.htm>.

Summary of the request: Rayne Energy, Inc. requested a variance from section 242(c) of the Pennsylvania Bituminous Coal Mine Act to allow for the common ventilation of belt conveyor entry with other entries at the Rayne No. 1 Mine. The proposal accords protections to persons and property substantially equal to or greater than the requirements of section 242(c).

The basis for the Bureau's approval is summarized in the following statements:

1. Rayne's plan provides early warning fire detection by the use of carbon monoxide (CO) detectors and audible alarm over the mine communication system.
2. Rayne's plan provides a separate, isolated intake escapeway that will be maintained at a higher ventilation pressure than the belt and common entries.
3. Rayne's plan provides for the belt and common entries to serve as an alternate intake escapeway.
4. There are significant health and safety benefits associated with allowing entries in common with the belt entry. Repair and maintenance work in the belt entry is afforded safer access. Improved visual safety inspections are facilitated by open crosscuts.

This approval is limited to a variance from the requirements in section 242(c) requiring that the belt entry is isolated from other entries. All other terms and requirements of section 242(c) shall remain in effect. This approval applies to all areas developed after May 20, 1998. Continued authorization for operation under the approval is contingent upon compliance with the measures described in Rayne's plan.

DEPARTMENT OF TRANSPORTATION

Finding

Bucks County

Pursuant to the provisions of 71 P. S. Section 2002(b), The Secretary of Transportation makes the following written finding:

The Department of Transportation plans to replace the bridge, which carries S. R. 0513 over an unnamed tributary to Poquessing Creek with a box culvert. Approach and shoulder work will also be included. The total length of the roadway improvements will be approximately 170 meters (558 Ft.). The subject project is located in Bensalem Township, Bucks County.

The proposed project will require acquisition of right-of-way from (3) three residential properties totaling 0.065 hectares (0.16 acres) and will temporarily affect 0.075

hectares (0.19 acres) within Yezzi Park. No permanent loss of park property or usage is anticipated. Yezzi Park is a public park owned by Bensalem Township and, therefore, qualifies for protection under Act 120, Section 2002.

Mitigation measures to be taken to minimize harm to the Section 2002 resource will include revegetation of the disturbed land and planting of a new tree row at the top of the graded slope.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from the project.

Environmental Hearing Board—Practice and Procedure; Regulation No. 106-4

Order

On February 16, 1999, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Hearing Board (EHB). This rulemaking amends 25 Pa. Code Chapter 1021. The authority for this regulation is contained in section 5(c) of the Environmental Hearing Board Act (35 P. S. § 7515(c)). The proposed regulation was published in the February 27, 1999 *Pennsylvania Bulletin*, with a 60-day public comment period. The final-form regulation was submitted to the Commission on July 2, 1999.

This rulemaking amends the EHB's practice and procedure rules. The EHB is responsible for hearing appeals relating to orders, permits, licenses or decisions of the Department of Environmental Protection (DEP).

The revisions amend a wide range of EHB procedures, clarify how the EHB currently operates, and repeal provisions that are no longer used. The amendments provide the regulated community, the DEP, and all other parties and persons with updated procedural rules relating to representing their interests before the EHB. The proposed changes are based on the recommendations of the EHB Rules Committee, a nine member advisory committee created by section 5 of the Environmental Hearing Board Act.

We have reviewed this regulation and find it to be in the public interest. These amendments update and clarify the EHB's practice and procedure rules.

Therefore, It Is Ordered That:

1. Regulation No. 106-4 from the Environmental Hearing Board, as submitted to the Commission on July 2, 1999, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

A-00110880

Dear Respondent:

On May 19, 1999, the Bureau of Transportation and Safety instituted a complaint against UJSP, Inc., respondent, alleging failure to maintain proper evidence of current insurance in violation of the Public Utility Code. The respondent was duly notified that if acceptable evidence of insurance or an answer was not filed, the Bureau would request that the Secretary of the Commission revoke the certificate of public convenience issued to the respondent at A-00110880.

The complaint and notice were published in the June 19, 1999 issue of the *Pennsylvania Bulletin*; to date, more than twenty (20) days later, neither evidence of insurance nor an answer to the complaint has been filed. Therefore, the allegation in the complaint is deemed to be admitted.

TURNPIKE COMMISSION

Retention of an Engineering Firm

Open End Mechanical, Electrical, Plumbing (MEP) Engineering Contract Systemwide

Reference No. 3-116

The Turnpike Commission (Commission) will retain one mechanical, electrical, plumbing (MEP) engineering firm for an open end contract to perform design and construction services for a variety of building facility-related projects along the entire Turnpike system. Services from the engineering firm include, but are not limited to: studies, concept plans, preliminary/final designs, production of construction documents suitable for competitive bidding, review of project submittals and construction phase services for multiple projects performed simultaneously under short completion schedules.

The firm selected will have experience with the types of buildings and systems in the Turnpike inventory, such as, administrative offices, toll plaza structures, maintenance facilities, sewage treatment plants, domestic water well systems, exterior lighting systems, and the like.

The contract will be for a maximum cost of \$500,000 or for a 24 month period. The firm will be required to provide sufficient office personnel, managers, engineers, technicians and clerical staff to support the field functions. In addition, the firm selected may be required to attend construction meetings with the Commission.

The following factors will be considered by the Commission during the evaluation of the firms submitting Letters of Interest for this project:

a. Specialized experience and technical competence of prime consultant and subconsultants. The team must clearly demonstrate an ability to analyze available data to make decisions and develop plans to complete the project in a timely and cost effective manner.

b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on similar projects. The consultant should identify similar projects that have been completed by that firm as the prime, the magnitude of the project and the client.

c. The specific experience and number of individuals who constitute the firm.

d. Location of consultant's office where the work will be performed.

e. Workload of the prime consultant and subconsultants for all Pennsylvania Department of Transportation and Pennsylvania Turnpike Commission projects.

f. Other factors, if any, specific to the project.

Address these items and any necessary further details in a brief yet comprehensive manner in the letter of interest.

Direct inquiries to W. Keith Libengood at (717) 939-9551, Ext. 3690; or by e-mail at wlibengo@paturndpike.com.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information. The Letters of Interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's Federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. If the firm has multiple offices, the location of the office performing the work must be identified.

2. Three page expression of interest in the advertised project. Each firm should demonstrate their ability to perform the specific requirements indicated for this project and provide explanation that the firm has successfully completed similar type projects of the same magnitude.

3. An organization chart for the project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultants listed in the letter of interest will require written approval from the Commission.

4. Tabulation of workload for the prime consultant and all subconsultants for all Pennsylvania Department of Transportation and Pennsylvania Turnpike Commission projects.

5. A copy of the Annual Qualification Package submitted to the Pennsylvania Department of Transportation for the current year, that is in the same District as the project or one that is best suited for the project. If an interested firm does not perform work for the Department of Transportation, and does not have an annual qualification package prepared, the following information must still be provided.

The Annual Qualification Package should contain at a minimum, the following information for the prime consultant and all subconsultants which should be attached to the back of the letter of interest (subs to follow primes):

- Standard Form (SF) 254—Architect-Engineer and Related Services Questionnaire in its entirety, not more than 1 year old as of the date of the advertisement.

- Resumes of key personnel expected to be involved in the project (Limit to one 8 1/2 x 11 page, one side, per person). Only resumes of key personnel should be included.

- Copy of the firm's registration to do business in this Commonwealth as provided by the Department of State for firms with out-of-State headquarters or corporations not incorporated in Pennsylvania.

- A copy of the Department's DBE/WBE Certification, if applicable.

If a Joint Venture responds to a project advertisement, the Commission will not accept separate letters of interest from joint venture constituents. A firm will not be permitted to submit a letter of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

Firms interested in performing the above services are invited to submit a letter of interest and required information to Don Santostefano, Facilities Manager, at the PA Turnpike Commission Administration Building located on Eisenhower Boulevard at the Harrisburg-East Interchange (No. 19). (FedEx address: Route 283 and Eisenhower Boulevard, Highspire, PA 17034) (Mailing Address: P. O. Box 67676, Harrisburg, PA 17106-7676).

The letter of interest and required information must be received by 12 noon, Friday, September 10, 1999. Letters of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable letters of interest received in response to this solicitation, one firm will be selected for each project. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Selection Committee. Technical Proposals or Requests for Proposals will not be requested prior to selection.

The Commission reserves the right to reject all letters of interest, to cancel solicitation requested under this notice, and/or to re-advertise solicitation for the work and services.
