READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

List of Pa. Code Chapters Affected

The following numerical guide is a list of the chapters of each title of the *Pennsylvania Code* affected by documents published in the *Pennsylvania Bulletin* during 2000.

THE COURTS

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CHS. 1910 AND 1930]

Amendments to the Rules Relating to Domestic Relations Matters; Recommendation 54

The Domestic Relations Procedural Rules Committee proposes the following amendments to Rules of Civil Procedure 1910.16-4, 1910.16-6, 1910.19, 1910.26 and 1930.5 and further proposes new Rule 1930.6. The Committee solicits comments and suggestions from all interested persons prior to submission of these proposed amendments to the Supreme Court of Pennsylvania.

Written comments relating to the proposed rules must be received no later than Friday, October 20, 2000 and must be directed to:

Patricia A. Miles, Counsel
 Domestic Relations Procedural Rules Committee

The notes and explanatory comments which appear in connection with the proposed amendments have been inserted by the Committee for the convenience of those using the rules. They will not constitute part of the rules and will not officially be adopted or promulgated by the Supreme Court.

DAVID RASNER, ESQ.,
Chair

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation. Formula.

* * * * *

(c) *Substantial or Shared Physical Custody.*

* * * * *

(2) **Without regard to which parent initiated the support action, [When] when the children spend equal time with both parents, [and] the Part II formula cannot be applied unless the obligor is the parent with the higher income. In no event shall the parent with lesser income be required to pay child support to the parent with the higher income, nor shall a support order be entered in favor of a party who has not filed for support. If application of the formula in Part II results in obligee receiving a larger share of the parties' combined income in cases in which the parties share custody equally, then the court shall adjust the support obligation so that the combined income is allocated equally between the two households.**

Example. Mother and Father have monthly net incomes of \$3,000 and \$2,000 respectively. Both have filed for support for their two children with whom they share time equally. Pursuant to the Basic

Child Support Schedule at Rule 1910.16-3, the support amount for two children at their parents' combined net income level is \$1,335 per month. Mother's share is 60% of that amount, or \$801. Father's share is 40%, or \$534. Application of subdivisions a. and b. of the Part II formula results in a 20% reduction in support when each parent spends 50% of the time with the children. Because the parties share custody equally and both have filed for support, Mother is the obligor for purposes of the Part II calculation because she has the higher income of the two parents. Using Mother as the obligor, her adjusted percentage share of the basic support amount is 40% (60% - 20% = 40%). Her adjusted share of the basic support amount is \$534 (40% of \$1,335). In these circumstances, Mother's support complaint should be dismissed and she would pay Father \$534 per month. Because Father has less income than Mother, he cannot be an obligor in the Part II calculations nor can the amount of support Mother is obligated to pay to Father be offset by calculating Father's adjusted amount of support under Part II. If only Mother had filed for support against Father, her complaint would be dismissed when it was determined that she had the higher income of the two parties. It would be improper for Father to be considered the obligor for purposes of the Part II calculation even though only Mother had filed for support. A support order cannot be entered against the parent with the lesser income. However, a support order cannot be entered against Mother unless Father has also filed for support.

* * * * *

(d) *Divided or Split Physical Custody.*

* * * * *

(2) When calculating a combined child support and spousal or APL obligation, and one or more children reside with each party, the court shall, **except as set forth in subdivision (3) below**, offset the obligor's spousal and child support obligation with the obligee's child support obligation and award the net difference to the obligee as spousal and child support. In the example above, Husband's spousal and child support obligation to Wife and two children is \$564. Wife's child support obligation for one child is \$188. Subtracting \$188 from \$564 produces a net support amount of \$376 payable to Wife as spousal and child support.

(3) **When one or more of the children reside with each party and the obligee's net income is 10% or less of the parties' combined net monthly income, in calculating the spousal support or APL obligation, the court shall deduct from the obligor's income both the support owed for the child or children residing with the obligee, as well as the direct support the obligor provides to the child or children living with the obligor, calculated in accordance with the guidelines as if the child or children were not living with the obligor.**

* * * * *

(f) *Allocation. Consequences.*

* * * * *

(3) Unallocated orders for child and spousal support, or child support and alimony pendente lite, shall terminate upon the death of the payee spouse or payee ex-spouse.

[(3)] (4) ***

Explanatory Comment—2000

Subdivision (3) is new and the former subdivision (3) has been renumbered as subdivision (4). The new language is intended to insure alimony tax treatment of unallocated orders pursuant to § 71 of the Internal Revenue Code. A similar change has been made to the form order at Rule 1910.26(e). New Rule 1910.19(d) provides that all spousal support and alimony pendente lite orders terminate upon the death of the payee.

* * * * *

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation.

(a) Child care expenses. Reasonable child care expenses paid by the custodial parent, if necessary to maintain employment or appropriate education in pursuit of income, are the responsibility of both parents. These expenses shall be allocated between the parties in proportion to their net incomes and obligor's share added to his or her basic support obligation. When the custodial parent is receiving a child care subsidy through the Department of Public Welfare, the expenses to be allocated between the parties shall be the full unsubsidized cost of the child care, not just the amount actually paid by the custodial parent.

* * * * *

Official Note

A child care subsidy provided by the Department of Public Welfare should not be used to reduce the child care expenses subject to allocation between the parties to the extent that obligor has the financial resources to contribute to the actual costs of child care. Nor is it appropriate to order the obligee to seek a child care subsidy in order to reduce the obligor's share of child care expenses if obligor has the financial ability to contribute to those expenses. However, if allocation of the unsubsidized amount would result in a support order that is overly burdensome to the obligor, deviation pursuant to Rule 1910.16-5 may be warranted. The trier of fact also has the discretion to determine whether or not to include in the order other adjustments under Rule 1910.16-6, such as a mortgage contribution, which are not mandatory. No adjustment to the basic support amount shall be permitted if such would cause the obligor's remaining net monthly income to fall below the Computed Minimum Allowance of \$550.

* * * * *

Rule 1910.19. Support. Modification. Termination. Guidelines as Substantial Change in Circumstances.

* * * * *

(d) All orders for spousal support and alimony pendente lite shall terminate upon the death of the payee spouse.

Rule 1910.26. Form of Complaint. Order. Income and Expense Statement. Health Insurance Coverage Information Form. Form of Support Order. Form Petition for Modification.

* * * * *

(e) The form of a support order shall be substantially as follows:

* * * * *

For the support of: _____

All orders for spousal support and alimony pendente lite, including unallocated orders for child and spousal support or child support and alimony pendente lite, shall terminate upon the death of the payee.

* * * * *

CHAPTER 1930. RULES RELATING TO DOMESTIC RELATIONS MATTERS GENERALLY

Rule 1930.5. Discovery in Domestic Relations Matters.

* * * * *

(b) Discovery shall be available without leave of court in accordance with R.C.P. 4001 et seq. in [complex support,] alimony, equitable distribution, counsel fee and expense [applications] and complex support proceedings.

Explanatory Comment—2000

Subdivision (b) has been amended to clarify that the adjective "complex" applies only to a support proceeding.

Rule 1930.6. Paternity Actions.

(a) Scope. This rule shall govern the procedure by which a putative father may initiate a civil action to establish paternity and seek genetic testing. Such an action shall not be permitted if an order already has been entered as to the paternity, custody or support of the child, or if a support or custody action is pending.

Explanatory Comment

Where the paternity of a child born out-of-wedlock is disputed, 23 Pa. C.S. § 4343 provides that the court shall make the determination of paternity in a civil action without a jury. That statutory provision also states, "A putative father may not be prohibited from initiating a civil action to establish paternity." Rule 1930.7 governs the procedures by which a putative father may initiate a civil action to establish paternity outside the context of a support or custody proceeding.

(b) Venue. An action may be brought only in the county in which the plaintiff or the child(ren) reside.

(c) Commencement of Action. An action shall be initiated by filing with the prothonotary a verified complaint to establish paternity and for genetic testing substantially in the form set forth in subdivision (1) below. The complaint shall have as its first page the Notice of Hearing and Order set forth in subdivision (2) below.

(1) The complaint filed in a civil action to establish paternity shall be substantially in the following form:

(Caption)

COMPLAINT TO ESTABLISH PATERNITY AND FOR GENETIC TESTING

Plaintiff, _____, requests genetic testing to establish paternity pursuant to 23 Pa.C.S. § 4343 and in support of that request states that:

1. Plaintiff is an adult individual who resides at _____

2. Defendant is an adult individual who resides at _____

3. Defendant is the natural mother and Plaintiff believes that he may be the natural father of the following child(ren):

Child's Name Date of Birth

4. The above-named children reside at the following address with the following individuals:

Address Person(s) Living with Child Relationship to Child

5. Defendant was/was not married at the time the child(ren) was/were conceived or born.

6. Defendant is/is not now married. If married, spouse's name: _____

7. There is/is not a custody, support or other action involving the paternity of the above-named child(ren) now pending in any jurisdiction. Identify any such actions by caption and docket number.

8. There has/has not been a determination by any court as to the paternity of the child(ren) in any prior support, custody, divorce or any other action. If so, identify the action by caption and docket number _____

9. Plaintiff agrees to pay all costs associated with genetic testing directly to the testing facility in accordance with the procedures established by that facility.

Wherefore, Plaintiff requests that the court order Defendant to submit to genetic testing and to make the child(ren) available for genetic testing.

I verify that the statements made in this complaint are true and correct. I understand that false statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Petitioner

(2) The Notice of Hearing and Order required by this rule shall be substantially in the following form:

(Caption)

NOTICE OF HEARING AND ORDER

YOU HAVE BEEN SUED IN COURT. If you wish to defend against the claims set forth in the following papers, you must appear at the hearing scheduled below. If you fail to do so, the case may proceed against you and a final order may be entered against you granting the relief requested by the plaintiff.

Plaintiff and Defendant are directed to appear on the _____ day of _____, 20__ at ____ .m. in courtroom _____ for a hearing on Plaintiff's request for genetic testing. If you fail to appear as ordered, the court may enter an order in your absence requiring you and your child(ren) to submit to genetic tests.

YOU SHOULD TAKE THIS PAPER TO YOUR LAWYER AT ONCE. IF YOU DO NOT HAVE A LAWYER OR CANNOT AFFORD ONE, GO TO OR TELEPHONE THE OFFICE SET FORTH BELOW TO FIND OUT WHERE YOU CAN GET LEGAL HELP.

(name) _____

(address) _____

(telephone number) _____

Americans with Disabilities Act of 1990

The Court of Common Pleas of _____ County is required by law to comply with the Americans with Disabilities Act of 1990. For information about accessible facilities and reasonable accommodations available to disabled individuals having business before the court, please contact our office. All arrangements must be made at least 72 hours prior to any hearing or business before the court. You must attend the scheduled conference or hearing.

(d) Service. Service of original process and proof of service in a civil action to establish paternity shall be in accordance with Rule 1930.4.

(e) Hearing and Order. At the hearing, the judge will determine whether or not the plaintiff is legally entitled to genetic testing and, if so, will issue an order directing the defendant and the child(ren) to submit to genetic testing, the cost of which shall be borne by the plaintiff.

[Pa.B. Doc. No. 00-1415. Filed for public inspection August 18, 2000, 9:00 a.m.]

PART III. FAMILY COURT RULES

[231 PA. CODE PART III]

Rules Relating to Domestic Relations Matters; Recommendation 55

The Domestic Relations Procedural Rules Committee proposes the following new rules relating to family law matters and the operation of family courts. The Committee solicits comments and suggestions from all interested persons prior to submission of these proposed rules to the Supreme Court of Pennsylvania.

Written comments relating to the proposed rules must be received no later than Friday, December 1, 2000 and must be directed to:

Patricia A. Miles, Counsel
Domestic Relations Procedural Rules Committee
5035 Ritter Road, Suite 700
Mechanicsburg, Pennsylvania 17055
FAX (717) 795-2116
E-mail patricia.miles@supreme.court.state.pa.us

The notes and explanatory comments which appear in connection with the proposed rules have been inserted by the Committee for the convenience of those using the

rules. They will not constitute part of the rules and will not officially be adopted or promulgated by the Supreme Court.

Recommendation 55
Family Court Rules

Introduction

More citizens of this commonwealth will come into contact with our courts as a result of a family law matter than any other type of legal action. Several years ago, the Pennsylvania Supreme Court began to examine how courts could better serve the needs of children and families who become involved with the justice system as a result of divorce or other family problems.

In 1997, Supreme Court Justice Sandra Schultz Newman and Superior Court Judge Kate Ford Elliott co-chaired a conference on family court reform which was co-sponsored by the Pennsylvania Bar Association's Commission on Women in the Profession and the Family Law Section. As an outgrowth of that conference, the Task Force on Family Court Reform was created. In addition to the conference sponsors, the task force also included members of the Pennsylvania Chapter of the American Academy of Matrimonial Lawyers. The charge of the task force was to study problems and innovations in family court procedures in Pennsylvania and to make specific recommendations for reform. The task force surveyed each judicial district in the commonwealth, including personal contacts with family court judges and administrators to obtain an understanding of flaws in the system, as well as the efforts being made in individual judicial districts to improve the methods of handling family law cases. In addition, the task force studied models in place in other jurisdictions outside the commonwealth. The preliminary report and recommendation of the task force was issued in the summer of 1999.

At the same time, the Children's Rights Committee of the Pennsylvania Bar Association conducted its own survey of citizens who used the family court system to learn what they thought of their experiences and how to improve the process. That committee's report was also considered by the task force in making its recommendations.

In the meantime, the House of Representatives Judiciary Committee Domestic Relations Task Force, chaired by Representative Lita Cohen, began its examination of family court reform, with its findings submitted in late 1998. Many of the judges, masters and lawyers who testified at Judiciary Committee hearings are the same individuals who participated on the Family Court Reform Task Force and who served or now serve on the Supreme Court Domestic Relations Procedural Rules Committee.

The foregoing demonstrates that there has been a great deal of interest in family court reform by members of our bench, bar and legislature. A tremendous amount of effort was expended in obtaining and studying information from many sources. Now the reports and recommendations have been issued and it is time to effectuate change.

As the recommendations for change primarily affect procedure, the most appropriate and expeditious, as well as least expensive, means of accomplishing family court reform is through promulgation of procedural rules by the Supreme Court. The rules that will be promulgated over time will attempt to satisfy the recommendations of those who have studied our family court system in depth. They will incorporate several recommendations common to all of the reports studied:

1. *One Judge or One Team per Family.* The goal of eliminating fragmentation in the system is best served by consistency in adjudication units. The assignment of one master and/or one judge and/or one team to a family prevents litigants from having to present similar or related facts to different triers of fact in different proceedings. If a team approach is used, it should be supervised by the assigned judge or master.

2. *Consolidated Intake.* The goal is to create a system that is "user-friendly". Each district should establish one location for the filing of all family law matters.

3. *Case Management and Early Intervention.* The goal of assuring that matters move through the system expeditiously requires case management. One individual or team should be responsible for, among other things, assigning priorities based on the family's needs, screening for domestic violence and making appropriate referrals. It is important that the case manager or team review the pleadings and meet with the parties early in the process to determine the best course of action in light of the particular circumstances of the case.

4. *Timely Outcomes.* While each case will not be resolved in the same amount of time, a vital goal of family court reform is to assure timely resolution of interim matters as well as the final disposition. The case manager or team should set and enforce (through the supervising judge or master) time limits for pleadings, discovery, conferences and hearings. Triers of fact also must be accountable for issuing prompt decisions and opinions.

5. *Consolidated Proceedings.* To reduce the time and expense to the family and to the court, whenever possible, related issues should be heard together.

6. *Continuous Trials.* The goal is to treat parties in family law matters the same as litigants in any other matters. Cases involving custody of children, the financial support of a spouse and children, protection against violence and the dissolution of a marriage are too important to be heard piecemeal in available time slots between criminal and other civil cases. The emotional and financial welfare of families and children, as well as judicial economy, requires that hearings and trials in family law matters be heard, if not on continuous days until the case is fully presented, then at least within a short and specified time frame.

7. *Training for Judges, Masters and Other Family Court Personnel.* Skillful handling of family court matters requires not only knowledge of the statutes, rules and case law, but also the psychological and sociological backdrop against which many family law matters present themselves. To assure that those individuals managing the cases, as well as those adjudicating the cases, have the knowledge necessary to make the best decisions for children and families, ongoing training in the form of a standard statewide curriculum should be required.

8. *Other Recommended Programs.*

a. *Resource and Referral Office.* One place a person can visit or call to obtain information about how family court works, a contact person for his or her case, referrals to social services etc.

b. *Space for Children in the Courthouse.* Appropriately staffed and appointed facility to leave children while parents are on court business and to provide a place for supervised visitation when ordered by the court in custody cases.

c. *Mediation Programs.*

d. *Seminars/Programs for Separating Families and for Children of Those Families.*

e. *Court-Connected Custody Evaluations and Home Studies.*

f. *Court Appointed Special Advocate (CASA) Program.*

While few would disagree that, in theory, the goals set forth above are laudable, achieving them will not be easy. Change is difficult and often meets with resistance. To ease the process, the following rules address only a few of the goals listed above.

The following initial Family Court Rules focus on consolidating and managing family law matters. They will not require a tremendous amount of new resources, but rather can be accomplished in most jurisdictions by a restructuring and reallocation of existing resources and personnel.

Later rules will address those programs listed in paragraph 8 above which, while highly desirable, are not as essential to the major goals of family court reform. These programs already are established in some jurisdictions.

The last phase of family court reform will be to reorganize and renumber the rules of civil procedure relating to family matters and bring them under the Family Court Rules. Throughout the process of family court reform, constructive comments and suggestions from the bench, bar, court administration and the public are welcome.

DAVID RASNER, ESQ.,
Chair

TITLE 231—RULES OF CIVIL PROCEDURE

PART III. FAMILY COURT RULES

GENERAL RULES

Rule 101. Actions Governed by Family Court Rules.

(a) *Divorce, Annulment, Dissolution of Marriage.*

- (1) Equitable Distribution.
- (2) Alimony/Alimony Pendente Lite.
- (3) Counsel Fees, Costs and Expenses.
- (4) Special Relief.

(b) *Child Custody.*

- (1) Legal Custody.
- (2) Physical Custody.
- (3) Partial Custody/Visitation.

(c) *Support.*

- (1) Child Support.
- (2) Spousal Support.
- (3) Modification and Enforcement.

(d) *Paternity.*

(e) *Protection From Abuse.*

Rule 102. Commencement of Action.

(a) *Centralized Filing.*

(1) Each judicial district shall establish a Family Court Filing Unit either as a separate and distinct office of the district's family court division, or as a separate and distinct unit of the prothonotary's or court administrator's

office. All actions governed by these Family Court Rules shall be commenced by a filing in the Family Court Filing Unit.

(2) Within ten days of the commencement of any action under these Family Court Rules, the Family Court Filing Unit shall assign the case to a case manager or case management team under the supervision of a master or judge of the judicial district. If either party initiates any other actions governed by these Family Court Rules, the same case manager or case management team shall be assigned.

(b) *Case Management.*

(1) Within ten days of the assignment of a matter to the case manager or case management team, the case manager or team shall review the pleading and schedule a meeting with the parties to be held as soon as possible after service of the pleading.

(2) At the first case management meeting with the parties and counsel, if represented, the case manager or case management team shall:

(i) determine if other actions under these Family Court Rules are necessary or appropriate;

(ii) screen for allegations of domestic violence;

(iii) determine if other government or community agencies are involved with the family (i.e. Children and Youth, Adult or Juvenile Probation, Mental Health and Retardation etc.);

(iv) advise the parties of community services and resources, including alternate dispute resolution;

(v) in a support matter, schedule the conference;

(vi) in a custody case, schedule the mediation orientation session or custody conciliation, depending upon the jurisdiction's practice;

(3) Within five days of the first case management meeting, the judge supervising the case shall enter and serve upon the parties and their counsel, an order:

(i) setting forth any agreements or stipulations reached by the parties;

(ii) establishing a discovery schedule;

(iii) scheduling a support conference, if appropriate;

(iv) scheduling a custody conciliation or mediation, if appropriate;

(v) establishing filing dates for inventories, income and expense statements and parenting plans;

(vi) setting the date for the next case management meeting which shall occur, except for good cause shown, not more than 90 days after the first meeting.

Rule 103. Consolidation of Family Court Matters.

(a) *General Rule.* To the extent it is practical and appropriate, two or more actions under these Family Court Rules involving the same parties and common questions of law and/or fact shall be consolidated for hearing or trial.

(b) *Trial Continuity.* Whenever possible, trials before a judge or a master shall be scheduled to be heard on consecutive days. If not held on consecutive days, then the trial shall be concluded within 45 days of the date of the commencement of the trial.

(c) *Prompt Decisions.* Except for good cause shown and reflected upon the record, in any matter brought under these Family Court Rules, a decision by a conference

officer, master or judge shall issue not later than 30 days after the conference, hearing or trial concludes.

Rule 104. Continuing Education for Family Court Judges and Personnel.

(a) *Program Development.* The Administrative Office of Pennsylvania Courts (AOPC) shall develop or provide courses of instruction that include, at a minimum, the following topics:

- (1) The substantive law and procedural aspects of the areas of law governed by these Family Court Rules;
- (2) Domestic violence;
- (3) Child development;
- (4) Family dynamics;
- (5) Addictions and treatments;
- (6) Asset valuation;
- (7) Community resources.

(b) *Initial Training.* Each judge, master and case manager assigned to cases governed by these Family Court Rules shall successfully complete the coursework developed by the AOPC.

(c) *Continuing Education.* Each judge, master and case manager assigned to cases governed by these Family Court Rules shall successfully complete 6 hours of coursework developed by the AOPC each calendar year after the calendar year in which the initial training was completed.

(d) *Compliance.* The AOPC shall monitor compliance with the educational requirements for judges, masters and case managers. The AOPC shall notify the Judicial Conduct Board of any noncompliance by a judge and the Disciplinary Board of any noncompliance by a master. Noncompliance by a case manager shall be reported to the president judge in the case manager's judicial district.

**Title 25—LOCAL
COURT RULES
MONTGOMERY COUNTY**

**Local Rule of Civil Procedure Rule 3129.2(b)(1)*—
Notice of Sale, Handbills, Written Notice, Publi-
cation; Administrative Order 2000**

Order of Court

And Now, this 25 day of July, 2000, it is hereby *Ordered* that:

With respect to the handbills, and legal publication, the "brief description" of the property required by Pa.R.C.P.

3129.2(b)(1) shall consist of the street address, parcel identification number, and a copy of the legal description of the property.

This Order shall remain in effect until such time as 30 days from the date of publication in the *Pennsylvania Bulletin* of Montgomery County Local Rule of Civil Procedure 3129.2(b)(1)*—Notice of Sale, Handbills, Written Notice, Publication.

By the Court

JOSEPH A. SMYTH,
President Judge

[Pa.B. Doc. No. 00-1417. Filed for public inspection August 18, 2000, 9:00 a.m.]

**DISCIPLINARY BOARD OF
THE SUPREME COURT**

Notice of Disbarment

Notice is hereby given that by Order of the Supreme Court of Pennsylvania dated August 1, 2000, Richard D. Goldberg has been disbarred on consent from the Bar of this Commonwealth, to be effective August 31, 2000. In accordance with Rule 217(f), Pa.R.D.E., since this formerly admitted attorney resides outside the Commonwealth of Pennsylvania, this notice is published in the *Pennsylvania Bulletin*.

ELAINE M. BIXLER,
*Executive Director & Secretary
The Disciplinary Board of the
Supreme Court of Pennsylvania*

[Pa.B. Doc. No. 00-1418. Filed for public inspection August 18, 2000, 9:00 a.m.]

Notice of Suspension

Notice is hereby given that on August 3, 2000, pursuant to Rule 214(d)(1) of the Pa.R.D.E., Brenda Joyce Hamer, who resides outside the Commonwealth of Pennsylvania, was placed on temporary suspension by the Supreme Court until further Order of the Court. In accordance with Rule 217(f), Pa.R.D.E., this notice is published in the *Pennsylvania Bulletin*.

ELAINE M. BIXLER,
*Executive Director & Secretary
The Disciplinary Board of the
Supreme Court of Pennsylvania*

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 143]

Application Period for Senior Licenses; Validity of License

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its June 21, 2000, meeting, adopted the following change:

Amend § 143.9 (relating to application period for senior licenses) to further define the qualification for a senior license, and amend § 143.54 (relating to validity of license) to designate where private land tags are valid for use.

These amendments are adopted under the authority of 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Addition of § 143.9 (relating to application period for senior licenses)

1. Introduction

To clarify eligibility for senior resident lifetime licenses, the Commission at its April 4, 2000, meeting proposed, and at its June 21, 2000, meeting finally adopted, adding § 143.9. Section 2705 of the code currently contains several paragraphs, (3), (6) and (7) which authorize residents "... who have reached or will reach their 65th birthday in the year of application for the license." to purchase senior resident licenses. It is unclear as to whether the "year of application" is the license year or calendar year. The adopted change, which was adopted under authority contained in sections 2707 and 2722(g) of the code will clarify eligibility.

2. Purpose and Authority

As outlined in the previous paragraph, the code allows residents who "... will reach their 65th birthday in the year of the application for the license." to obtain senior resident licenses. It is unclear, however, whether the "year of application" is the license year (July 1 to June 30) or the calendar year (January 1 to December 31). The adopted change establishes the year of application as the July 1 to June 30 year.

Section 2707 of the code authorizes the Commission to fix license periods by regulation. Section 2722(g) of the code authorizes the Commission to adopt regulations for the administration and control of issuing licenses.

3. Regulatory Requirements

The adopted section will not add any regulatory requirements but merely clarify existing law.

4. Persons Affected

Residents of this Commonwealth who turn age 65 could be affected by the provision.

Amendment to § 143.54 (relating to validity of license)

1. Introduction

To more effectively manage the wildlife resources of this Commonwealth, the Commission at its April 4, 2000, meeting proposed, and at its June 21, 2000, meeting finally adopted, a change to § 143.54 to limit the use of "private land tag" antlerless licenses. Limited access to private land has the effect of allowing excessive deer

populations that cause damage to agricultural crops and forest regeneration. By restricting the sale of surplus antlerless licenses to use on private land only, the Commission hopes to increase the harvest of deer on these lands. Also, in an attempt to reduce the deer population on certain public lands under an approved deer management plan, the Commission adopted including these lands for use of private land tags. The change was adopted under authority contained in section 2102 of the code (relating to regulations).

2. Purpose and Authority

As pointed out in the previous paragraph, deer populations in areas can go out of control because of large areas of private lands which can either be closed to hunting or only provide limited access to hunters. To try to deal with this problem, the Commission has designated some antlerless licenses as "private land tags" which can only be used on private land or on public land with an approved deer management plan. It is also hoped that this will spur efforts to get more private land open to hunting.

Section 2102 of the code directs the Commission to promulgate regulations as it deems necessary and appropriate concerning game or wildlife and hunting. This section provides authority for the adopted change.

3. Regulatory Requirements

The change will limit the use of designated antlerless licenses to private land and specific public land.

4. Persons Affected

Those wishing to harvest antlerless deer could be affected by the change.

Comment and Response Summary

No written comments were received with regard to the adopted change.

Cost and Paperwork Requirements

The change should not result in any additional cost or paperwork.

Effective Date

The change will be effective on final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

Contact Person

For further information on the adopted change contact David E. Overcash, Acting Director, Bureau of Law Enforcement, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

The Commission, acting under its authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code, Chapter 143, are amended by amending § 143.54 and by adding § 143.9 to read as set forth at 30 Pa.B. 2375 (May 13, 2000).

(b) The Executive Director of the Commission shall submit this order, 30 Pa.B. 2375 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order amending Chapter 143, by adding § 143.9 and amending § 143.54, shall become effective upon final publication in the *Pennsylvania Bulletin*.

VERNON R. ROSS,
Executive Director

Fiscal Note: Fiscal Note 48-121 remains valid for the final adoption of the subject regulations.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CH. 250]

Administration of Land Recycling Program

The Environmental Quality Board has revised its comment period for the proposed amendments which appeared at 30 Pa.B. 3946 (August 5, 2000).

The Board will accept both written and electronic comments on this proposal which are received by October 4, 2000.

[Pa.B. Doc. No. 00-1322. Filed for public inspection August 4, 2000, 9:00 a.m.]

NOTICES

DEPARTMENT OF AGRICULTURE

Order of Quarantine; Plum Pox Virus

Whereas, the Plant Pest Act (3 P. S. §§ 258.1—258.27) empowers the Pennsylvania Department of Agriculture (PDA) to take various measures to detect, contain and eradicate plant pests in this Commonwealth; and

Whereas, the powers granted PDA under the Plant Pest Act include (at 3 P. S. § 258.21) the power to establish quarantines to prevent the dissemination of plant pests within this Commonwealth; and

Whereas, Plum Pox Virus—a plant pest indigenous to Europe—is a serious plant pest that injures and damages stone fruits such as peaches, nectarines, plums and apricots by drastically reducing the fruit yields from these stone fruit trees and by disfiguring the fruit to the point it is unmarketable; and

Whereas, the PDA has issued an order of quarantine (published at 29 Pa.B. 5735 (November 6, 1999)) with respect to Latimore and Huntington Townships, in Adams County, and has also issued an order of quarantine (published at 30 Pa.B. 3269 (July 1, 2000)) with respect to South Middleton Township, in Cumberland County, as a result of the presence of Plum Pox Virus on stone fruit trees in those townships; and

Whereas, Plum Pox Virus has been detected on stone fruit trees located in portions of Tyrone and Menallen Townships, in Adams County, and in Dickinson Township, in Cumberland County, adjoining the current quarantine area; and

Whereas, Plum Pox Virus has the potential to cause serious damage to the stone fruit production industry within this Commonwealth; and

Whereas, Plum Pox Virus is transmitted from infected trees by aphids and by budding or grafting, and can be spread into new areas by movement of infected nursery stock; and

Whereas, the movement of Plum Pox Virus-infected fruit trees poses a danger to stone fruit trees in non-infected areas; and

Whereas, there is no known control for Plum Pox Virus other than destruction of infected trees.

Now, therefore, under authority of section 21 of the Plant Pest Act (3 P. S. § 258.21), the Department of Agriculture hereby establishes a quarantine effective in the following areas:

1. In Tyrone Township, Adams County, that portion of the township located to the north of Route 234.

2. In Menallen Township, Adams County, that portion of the township located to the east of the rough north-to-south line extending from the northern border of the township, south on State Route 4007 (Pine Grove Furnace Road) to State Route 4008, south on State Route 4008 to Route 34 (at Bendersville), and south on Route 34 to the southern border of that township.

3. Dickinson Township, Cumberland County.

This quarantine prohibits the movement of stone fruit trees and stone fruit budwood within the quarantined area, and prohibits the movement of stone fruit trees and stone fruit budwood out of the quarantined area.

The PDA will consult with the United States Department of Agriculture, European experts and scientific authorities with respect to the most efficacious measures by which to contain and eliminate this serious plant pest. The PDA will issue further restrictions under authority of this Quarantine Order, as is required under the Plant Pest Act (at 3 P. S. § 258.21(a)). These restrictions may address aphid control, elimination or reduction of aphid habitat, destruction of Plum Pox Virus-infected stone fruit trees and budwood, destruction of endangered or exposed stone fruit trees or budwood and any other measures necessary to the containment and elimination of the Plum Pox Virus in this Commonwealth.

This quarantine is effective as of July 27, 2000.

SAMUEL E. HAYES, Jr.,
Secretary

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Team Pennsylvania Workforce Investment Board System Indicators

The Performance Evaluation Sub-committee (Committee) of the Team Pennsylvania Workforce Investment Board (Team PA WIB) is proposing the following system indicators to evaluate the effectiveness of Pennsylvania's workforce investment system in serving the needs of its customers. These system-wide indicators are based on the four principles of universality, customer choice, integrated systems and results-based accountability.

The Committee welcomes public comment regarding these indicators. Please forward comments to David Pistner, Team PA WIB, 901 North Seventh Street, # 103, Harrisburg, PA 17102 or by electronic mail to dpistner@state.pa.us by September 1, 2000. Comments will be aggregated, discussed by the Committee, and incorporated into the system indicators. Revised indicators will be presented to the Team PA WIB at its September 28, 2000 meeting for approval.

Indicators

Five system indicators recommended by the Committee measure workforce investment from an overall system perspective. These system indicators are in addition to the Federally mandated, program specific performance measures. The indicators are designed to:

- Track the number of employers using the Commonwealth's workforce investment system
- Track the number of jobseekers being served by the Commonwealth's workforce investment system
- Gauge the effectiveness of career development and training services for jobseekers
- Illustrate the efficiency in which job orders are filled through the CareerLink System

- Monitor the pay level of jobs being posted in the system and/or the wages of individuals being placed via the system

Issues

Several issues arose during the discussions that led to the development of the system indicators. In general, the issues could be categorized as follows:

A) *Incentives/Sanctions*

There were serious concerns about what role the system indicators would play in distributing any earned incentives or levying sanctions. Majority consensus on the indicators was achieved when discussions regarding incentives and sanctions were eliminated from the Committee's agenda. At a later date, the Committee will consider incentives and/or sanctions. The Committee suggests that data regarding the system be collected and evaluated before a decision is made as to whether or not incentives or sanctions are applied to the indicators.

B) *Manipulating the System*

Throughout the course of discussion, many felt that the indicators may lead some workforce partners to try and manipulate the system to achieve high marks. It was felt that this activity, known as "creaming," would lead to discrimination against various customers and failure to meet the overriding objectives of the WIA. However, the composition of the indicators may help deter this practice, as creaming in one area would lead to poor results in others. In addition, some of the Federally mandated performance measures would be impacted as a result.

C) *Data Collection*

In developing the system indicators, the Committee only considered those indicators that could be calculated from data collected through the CareerLink system or other available data sources. Concerns were raised that not all workforce partners are reporting through the CareerLink system; therefore, some data may not be available. Although the Committee recognized that the CareerLink system is still in its infancy and some partners are not yet connected to it, the Committee felt that system indicators should be designed based on the planned system.

**Team Pennsylvania Workforce Investment Board
System Indicators**

Indicator #1: Percent of Employers Using WIB Services

Formula:
$$\frac{\text{\# of employers active with WIB and WIB related services}}{\text{universe of PA employers covered by unemployment compensation}}$$

Definitions: active—posting jobs, using other CareerLink services, and/or participating in training
WIB-related service—any service/program that a WIB can take action on (including but not limited to: evaluation of training programs, employer services through the CareerLink system)

Indicator #2: Percent of Individuals Using WIB Services

Formula:
$$\frac{\text{\# of individuals active with WIB and WIB related services}}{\text{Statewide civilian labor force}}$$

Definitions: individuals—including but not limited to youth (14 +), unemployed, underemployed, older workers
active—any CareerLink service including but not limited to: core, intensive, training, vocational rehabilitation, adult basic literacy
WIB-related service—any service/program that a WIB can take action on (jobseeker and youth related services through the CareerLink system)

Indicator #3: Percent of Jobseekers who receive intensive or training services and obtain employment

Formula:
$$\frac{\text{\# of job seekers who enter the system and receive services beyond core (job training, literacy, support services such as child care, transportation, medical, and the like) and obtain employment}}{\text{\# of individuals active with WIB and WIB related services}}$$

Indicator #4: Median Cycle Time to Fill a Job

Formula: Clock starts with the posting of a job (part or full-time) by an employer that elected to use the CareerLink pre-screening process (that is, employer is assisted by CareerLink staff in posting a job).

Clock stops when the employer indicates that the job has been filled by a CareerLink related referral.

Note: The Committee recognizes that there is a potential for CareerLink staff to serve individuals with the greatest potential of securing employment at the expense of individuals in need of additional services (that is, “creaming”). The Committee believes that System Indicator # 3 will serve as a deterrent for this nonproductive behavior.

Indicator #5: A) Listing of Jobs, by Range, Greater than the Lowest 10% of Wages Statewide.

or

B) Percent of Individuals that Entered Employment in Jobs with Wages Greater than the Lowest 10% of Wages Statewide.

Concerns: Indicators #5 A and #5 B may reward behavior that discourages employers from posting entry-level or part-time jobs or the placement of individuals in these positions.

Without Indicator #5B, there is minimal engagement of economic development.

Note: The Committee has debated the appropriateness of System Indicator # 5 A) {vs.} and #5 B) at length and a resolution has not been reached. The Committee is interested in hearing feedback from the public before making a final recommendation to the Team Pennsylvania WIB.

SAMUEL A. MCCULLOUGH,
Secretary

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement Field Office indicated as the office responsible within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the commentator and a concise statement to inform the Field Office the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

PA 0058076. Sewage, **Eva Dietrich**, 25 College Avenue, Collegeville, PA 19426.

This application is for issuance of an NPDES permit to discharge from treated sewage from Dietrich Residence STP in Upper Salford Township, **Montgomery County**. This is a new discharge to Vaughn Run.

The receiving stream is classified for the following uses: trout stocking fishery, aquatic life, water supply and recreation.

The first downstream potable water supply intake from this facility is the Philadelphia Suburban Water Company in Upper Providence Township.

The proposed effluent limits for Outfall 001, based on an average flow of 400 gpd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10	20
Suspended Solids	20	40
Total Residual Chlorine	monitor/report	monitor/report
Fecal Coliform	200 colonies/100 ml as a geometric average	
pH	within limits of 6.0—9.0 standard units at all times	

Other Conditions:

The EPA waiver is in effect.

Northeast Region: Environmental Protection Manager, Water Management, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2553.

PA 0063347. Sewerage, **Wayne Romanishan Sr.**, 195 E. Moorestown Road, Wind Gap, PA 18091.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into an unnamed tributary to Bushkill Creek in Bushkill Township, **Northampton County**.

The receiving stream is classified for the following uses: high quality, cold water fishery, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 based on a design flow of 0.0006 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10	20
Total Suspended Solids	20	40
Fecal Coliform	200/100 ml as a geometric mean	
pH	6.0 to 9.0 standard units at all times	
Total Residual Chlorine	monitor and report	

The EPA waiver is in effect.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000.

PA 0218464. Industrial waste, SIC, 4911, **Allegheny Energy Supply Company (Unit 8 and Unit 9)**, 800 Cabin Hill Drive, Greensburg, PA 15601.

This application is for issuance of an NPDES permit to discharge treated process water, cooling water and stormwater from GANS combustion turbine project in Springhill Township, **Fayette County**.

The following effluent limitations are proposed for discharge to the receiving waters, unnamed tributary to Grassy Run, classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first existing/proposed downstream potable water supply (PWS) is Albert Gallatin Municipal Authority, located at Point Marion, PA, ≈ 6.0 miles below the discharge point.

Outfall 001: new discharge, design flow of 0.006 mgd.

Parameter	Mass (lb/day)		Concentration (mg/l)		
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily	Instantaneous Maximum
Flow (mgd)	monitor and report				
Temperature (°F)					
January 1—31			45.0		
February 1—29			46.0		
March 1—31			60.0		
April 1—15			68.0		
April 16—30			74.0		
May 1—15			74.0		
May 16—31			89.0		

Other Conditions: In cooling tower blowdown from IMP 101, there shall be no detectable amount of the 126 priority pollutants from chemicals added for cooling tower maintenance except for zinc and chromium. The 126 priority pollutants are listed in 40 CFR 423 Appendix A.

The EPA waiver is in effect.

Outfall 101: existing discharge, design flow of 0.006 mgd

Parameter	Mass (lb/day)		Concentration (mg/l)		
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily	Instantaneous Maximum
June 1—15			93.0		
June 16—30			97.0		
July 1—31			94.0		
August 1—31			93.0		
September 1—15			89.0		
September 16—30			83.0		
October 1—15			77		
October 16—31			71		
November 1—15			63		

Outfall 101: new discharge, design flow of 0.006 mgd

Parameter	Mass (lb/day)		Concentration (mg/l)		
	Average Monthly	Maximum Daily	Average Monthly	Maximum Daily	Instantaneous Maximum
November 16—30			54.0		
December 1—31			46.0		
Chromium			0.2	0.2	
Free Available Chlorine			0.2		0.5
Copper			.015	.030	
Silver			0.003	0.006	
Zinc			.100	.200	
Bromoform			0.025	0.050	
Chloroform			0.037	0.074	
Dichlorobromomethane			0.002	0.004	
Aluminum			0.667	1.33	
pH	not less than 6.0 nor greater than 9.0				

Outfall 201: new discharge, design flow of 0.003 mgd

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Flow (mgd)	monitor and report				
Total Suspended Solids			30	100	
Oil and Grease			15	20	
pH	not less than 6.0 nor greater than 9.0				

Outfall 001: new discharge, design flow of 0.009 mgd

<i>Parameter</i>	<i>Mass (lb/day)</i>		<i>Concentration (mg/l)</i>		
	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
Outfall 001 receives wastewater from Internal Monitoring Points (IMPs) 101 and 201. The effluent monitoring and sampling takes place at IMPs 101 and 102.					

PA 0026255. Sewage, **Allegheny Valley Joint Sewage Authority**, 2400 Freeport Road, P. O. Box 158, Cheswick, PA 15024.

This application is for renewal of an NPDES permit to discharge treated sewage from The Allegheny Valley Joint Sewage Authority STP in Harmar Township, **Allegheny County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as the Allegheny River, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Fox Chapel Water Authority.

Outfall 001: existing discharge, design flow of 5.1 mgd.

<i>Parameter</i>	<i>Concentration (mg/l)</i>			
	<i>Average Monthly</i>	<i>Average Weekly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
CBOD ₅	25	38		50
Suspended Solids	30	45		60
Fecal Coliform				
(5-1 to 9-30)	200/100 ml as a geometric mean			
(10-1 to 4-30)	50,000/100 ml as a geometric mean			
Total Residual Chlorine	0.5			1.6
pH	not less than 6.0 nor greater than 9.0			

The EPA waiver is not in effect.

PA 0028657. Sewage, **Nanty Glo Sanitary Sewer Authority**, 879 Wood Street, Nanty Glo, PA 15943.

This application is for renewal of an NPDES permit to discharge treated sewage from the Nanty Glo Sewage Treatment Plant located in Nanty Glo, **Cambria County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as South Branch Blacklick Creek, which are classified as a cold water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Saltsburg Municipal Water Authority.

Outfall 001: existing discharge, design flow of 0.55 mgd.

<i>Parameter</i>	<i>Concentration (mg/l)</i>			
	<i>Average Monthly</i>	<i>Average Weekly</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum</i>
CBOD ₅	25	37.5		50
Suspended Solids	30	45		60
Fecal Coliform				
(5-1 to 9-30)	200/100 ml as a geometric mean			
(10-1 to 4-30)	2,000/100 ml as a geometric mean			
pH	not less than 6.0 nor greater than 9.0			

The EPA waiver is in effect.

PA 0216674. Sewage. **RAG Cumberland Resources, LP**, Waynesburg, PA 15370.

This application is for renewal of an NPDES permit to discharge treated sewage from Harbor STP in Monongahela Township, **Greene County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as Monongahela River, which are classified as a warm water fishery with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Masontown Borough Waterworks.

Outfall 003: existing discharge, design flow of 0.0015 mgd.

Parameter	Concentration (mg/l)			
	Average Monthly	Average Weekly	Maximum Daily	Instantaneous Maximum
CBOD ₅	25			50
Suspended Solids	30			60
Fecal Coliform				
(5-1 to 9-30)	200/100 ml as a geometric mean			
(10-1 to 4-30)	2,000/100 ml as a geometric mean			
Total Residual Chlorine				
(1st month—36th month)	monitor and report			
(37th month—expiration)	1.4			3.3
pH	not less than 6.0 nor greater than 9.0			

The EPA waiver is in effect.

Northwest Regional Office: Regional Manager, Water Management, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6942.

PA 0024741. Sewage. **Municipal Authority of the Township of Sheffield**, 20 Leather Street, Sheffield, PA 16347.

This application is for renewal of an NPDES permit to discharge treated sewage to the West Branch of Tionesta Creek in Sheffield Township, **Warren County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Emlenton Municipal Authority on the Allegheny River located at Emlenton, approximately 91 miles below point of discharge.

The proposed effluent limits for Outfall No. 001 based on a design flow of 0.27 mgd are:

Parameter	Average Monthly (mg/l)	Weekly Average (mg/l)	Instantaneous Maximum (mg/l)
	CBOD ₅	25	40
TSS	30	45	60
Fecal Coliform			
(5-1 to 9-30)	200/100 ml as a geometric average		
(10-1 to 4-30)	36,700/100 ml as a geometric average		
Total Residual Chlorine	0.5		1.2
Copper			
(Interim Limits)	monitor and report		
(Final Limits)	0.0044		0.0088
pH	6.0—9.0 at all times		

The EPA waiver is in effect.

PA 0223077. Sewage. **Plunkett-Webster**, Route 36, Stanton, PA 15825.

This application is for a new NPDES Permit to discharge treated sewage to the Beaver Run in Rose Township, **Jefferson County**. This is a new discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Hawthorn Area Water Authority on Redbank Creek located at Hawthorn, approximately 15 miles below point of discharge.

The proposed effluent limits for Outfall No. 006 based on a design flow of 0.001925 mgd are:

Parameter	Average Monthly (mg/l)	Instantaneous Maximum (mg/l)
	CBOD ₅	25
TSS	30	60
Fecal Coliform		
(5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	65,000/100 ml as a geometric average	
Total Residual Chlorine	0.5	1.5
Dissolved Oxygen	minimum of 3 mg/l at all times	
pH	6.0—9.0 at all times	

The EPA waiver is in effect.

PA 0101974. Sewage. **Gaslight Campground**, P. O. Box 10, Route 208W, Emlenton, PA 16373.

This application is for renewal of an NPDES permit to discharge treated sewage to the Allegheny River in Scrubgrass Township, **Venango County**. This is an existing discharge.

The receiving water is classified for the following uses: warm water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Emlenton Water Company on the Allegheny River located at Emlenton, approximately 5 miles below point of discharge.

The proposed effluent limits for Outfall No. 001 based on a design flow of 0.005 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅		
(5-1 to 10-31)	10	20
(11-1 to 4-30)	20	40
TSS	20	40
Fecal Coliform		
(5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	2,000/100 ml as a geometric average	
Total Residual Chlorine	0.5	1.0
Dissolved Oxygen	minimum of 3 mg/l at all times	
pH	6.0—9.0 at all times	

The EPA waiver is in effect.

PA 0030686. Sewage. **Cross Creek Resort, Inc.**, R. D. 3, Box 188, PA Route 8, Titusville, PA 16354.

This application is for renewal of an NPDES permit, to discharge treated sewage to Unnamed Tributary to Cherrytree Run in Cherrytree Township, **Venango County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fish, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Emlenton Water Company on the Allegheny River located at river mile 90.0 and is located 37.0 miles below point of discharge.

The proposed discharge limits for Outfall No. 001 based on a design flow of 0.027 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅		
(5-1 to 10-31)	10	20
(11-1 to 4-30)	20	40

The EPA waiver is in effect.

PA 0035521. Sewage. **Pennsylvania Department of Transportation—Rome Township Maintenance Facility**, Route 8, Centerville, PA.

This application is for renewal of an NPDES permit, to discharge treated sewage to an Unnamed Tributary to Oil Creek in Rome Township, **Crawford County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Emlenton Municipal Authority on the Allegheny River located at Emlenton, approximately 63 miles below point of discharge.

The proposed discharge limits for Outfall No. 001 based on a design flow of 0.001 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10	20
TSS	20	40
Fecal Coliform (all year)	200/100 ml as a geometric average	
Total Residual Chlorine	1.5	3.5
pH	6.0—9.0 at all times	

The EPA waiver is in effect.

Northcentral Region: Environmental Program Manager, Water Management, 208 W. Third Street Suite 101, Williamsport, PA 17701-6510, (717) 327-3666.

PA 0114961. SIC 4952, **Hughesville-Wolf Township Joint Sewer Authority**, 547 Woolen Mill Road, Hughesville, PA 17737.

This proposed action is for reissuance of an NPDES permit for an existing discharge of treated sewage to Muncy Creek in Wolf Township, **Lycoming County**.

The receiving stream is classified for the following uses: Trout Stocked Fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is Pennsylvania American Water Company located at Milton 12 miles downstream.

The proposed effluent limits for Outfall 001 based on a design flow of 0.675 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	40	50
Total Suspended Solids	30	45	60
Ammonia Nitrogen (5-1 to 10-31)	9	13	18
Total Residual Chlorine	0.5	XXX	1.6
Fecal Coliform (5-1 to 9-30)	200/100 ml as a geometric average		
(10-1 to 4-30)	200/100 ml as a geometric average		
pH	6.0—9.0 at all times		

Other Conditions: none

The EPA waiver is in effect.

PA 0008222. SIC 3274. **Graybec Lime Inc.**, P. O. Box 448, Bellefonte, PA 16823.

This proposed action is for reissuance of an NPDES permit for an existing discharge of pumped well water, stormwater and non-contact cooling water to Buffalo Run in Spring Township, **Centre County**.

The receiving stream is classified for the following uses: cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the proposed downstream potable water supply (PWS) considered during the evaluation is at Lock Haven on Bald Eagle Creek located approximately 25 miles below the discharge.

The proposed effluent limits for Outfall 001 based on a design flow of 60 gpm are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Flow	report	report
pH	within the range of 6.0 to 9.0	

The proposed effluent limits for Outfall 002 based on a design flow that varies significantly with precipitation events are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Flow	report	report
pH	within the range of 6.0 to 9.0	
Total Suspended Solids	30	60

Other Conditions: none

The EPA waiver is in effect.

PA 0113751. Industrial Waste, SIC, **TRW—Valve Division**, 601 East Market Street, Danville, PA 17821.

This application is for renewal of an NPDES permit to discharge treated groundwater to the Susquehanna River in Danville Borough, **Montour County**. This is an existing discharge. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is Sunbury Municipal Authority located 12 miles below the point of discharge.

The receiving stream is classified for warm water fishery, aquatic life, recreation and water supply.

The proposed effluent limits for Outfall 002 based on a design flow of 0.32 mgd are:

<i>Parameter</i>	<i>Maximum Daily (mg/l)</i>
Vinyl Chloride	.016
1,1-Dichloroethene	.036
1,1-Dichloroethane	.20
t-1,2-Dichloroethene	.30
1,1,1-Trichloroethane	.45
Trichloroethene	.525
Polychlorinated Biphenyls	Non-Dect.
Carbon Tetrachloride	.30
1,1,2-Trichloroethane	.66
Chromium as hex	monitor only
Arsenic	monitor only
Lead	monitor only
pH	6.0—9.0 at all times

The EPA waiver is in effect.

PA 0014567. Industrial Waste, SIC, 4941, **Jersey Shore Area Joint Water Authority**, P. O. Box 5046, Jersey Shore, PA 17740.

This proposed action is for renewal of an NPDES permit for an existing discharge of treated industrial wastewater to Pine Creek in Pine Creek Township, **Clinton County**.

The receiving stream is classified for the following uses: high quality trout stocking, aquatic life, water supply and recreation. For the purposes of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is PA American Water Company located at Milton.

The proposed effluent limits for Outfall 001 based on a design flow of 0.015 mgd are:

<i>Parameter</i>	<i>Concentration (mg/l)</i>			<i>Mass (lbs/day)</i>	
	<i>Average Monthly</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>	<i>Average Monthly</i>	<i>Daily Maximum</i>
TSS	30	60	75		
Total Iron	2	4	5		
Total Manganese	1	2	2.5		
Total Aluminum	4	8	10		
Total Chlorine	De-chlorinate		0.05		
pH	6.0—9.0 at all times				

The EPA waiver is in effect.

**Applications under the Pennsylvania Clean
Streams Law**

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the name, address and telephone number; identification of the plan or application to which the protest is addressed and a concise statement or protest in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest or protests. Each commentator will be notified in writing of the time and place of any scheduled hearing or conference concerning the plan or action or application to which the protest relates. To insure consideration by the Department prior to final action on permit application and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

**Industrial waste and sewerage applications under
The Clean Streams Law (35 P. S. §§ 691.1—
691.1001).**

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

A. 5400403. Sewerage, **Schuylkill County Municipal Authority**, 221 South Centre Street, P. O. Box 960, Pottsville, PA 17901. Application to upgrade the I-81 pump station and force main, located in Butler Township, **Schuylkill County**. Application received in the Regional Office July 26, 2000.

Southcentral Regional Office: Water Management Program Manager, 909 Elmerton Avenue, 2nd Floor, Harrisburg, PA 17110-8200, (717) 705-4707. Persons who wish to review any of these applications should contact Mary DiSanto at (717) 705-4732.

A. 0600201. Industrial Waste submitted by **Onte-launee Farms, Inc.**, Box 219, Temple, PA 19560 in Muhlenberg Township, **Berks County** to permit their existing storage impoundment was received in the Southcentral Region on July 28, 2000.

A. 6700407. Sewage submitted by **Springfield Township Sewer Authority**, 9211 Susquehanna Trail South, Seven Valleys, PA 17360, Springfield Township, **York County** to install PVC gravity lines throughout the Seneca Ridge development was received in the Southcentral Region on August 3, 2000.

Southeast Regional Office: Regional Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

WQM Permit No. 0900412. Sewerage. **Chalfont New Britain Township Joint Sewer Authority**, 1645 Upper State Road, Doylestown, PA 18901-2666. Applicant is

requesting approval for the construction and operation to modify the existing wastewater treatment plant located in Doylestown Township, **Bucks County**.

Northcentral Regional Office: Department of Environmental Protection, 208 West Third Street, Suite 101, Grit Building, Williamsport, PA 17701.

WQM No. 1900402. Sewerage. **Locust Township**, R. D. 3, Catawissa, PA 17820. Application submitted to rerate the plant for additional flow and was received on July 10, 2000 at the Northcentral Office.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000.

A. 0200412. Sewerage, **Leroy Brady**, #6 Ridge Trailer Park, Murrysville, PA 15668. Application for the construction and operation of small flow sewage treatment plant to serve the Brady Residence located in Plum Borough, **Allegheny County**.

INDIVIDUAL PERMITS

(PAS)

Stormwater Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharge.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day permit will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other

accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Northeast Regional Office: Regional Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Northampton County Conservation District, District Manager, Greystone Building, Gracedale Complex, Nazareth, PA 18064-9211, (610) 746-1971.

NPDES Permit PAS10U136. Stormwater. **Derrick and Michelle Barthol**, 204 Longley Rd., Nazareth, PA 18064, has applied to discharge stormwater from a construction activity located in Moore Township, **Northampton County**, to Monocacy Creek, HQ-CWF.

SAFE DRINKING WATER

Applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Southcentral Regional Office: Sanitarian Regional Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4708.

Permit No. 0100504. Public water supply. **Gettysburg Municipal Authority**, Straban Township, **Adams County**. *Responsible Official:* James Watson, Manager. *Type of Facility:* Application seeks a Construction Permit for a proposed 800-gallon per minute finished water booster pump station. The pump station is being installed to supply finished water from the Gettysburg Municipal Authority to the Adams County Commerce Center. *Consulting Engineer:* Gene C. Koontz, P.E., Gannett Fleming, Inc., P. O. Box 67100, Harrisburg, PA 17106-7100. *Application received:* July 26, 2000.

Permit No. 3600507. Public water supply. **Lancaster County Bible Church, Lancaster County**. *Responsible Official:* Don Hershey, Chairman, Board of Elders. *Type of Facility:* Application is for the addition of nitrate treatment equipment to address high nitrates in the source water. Applicant proposes to place under permit the softening and disinfection system. *Consulting Engineer:* Daniel James Becker, RETTEW Associates, Inc., 3020 Columbia Ave., Lancaster, PA 17603. *Application received:* July 25, 2000.

Permit No. 0700501. Public water supply. **Martinsburg Municipal Authority, Blair County**. *Responsible Official:* Randy K. Stoltz. *Type of Facility:* Installation of piping and related equipment to address the contact time deficiencies associated with the Hershberger Well. *Consulting Engineer:* Lawrence J. Lennon, P.E., Lennon, Smith, Souleret Engineering, Inc., 846 Fourth Avenue, Coraopolis, PA 15108-1522. *Application received:* June 20, 2000.

Permit No. 0600503. Public water supply. **Haines & Kibblehouse, Inc., Berks County**. *Responsible Official:* Anthony E. Jerimias, Senior Project Manager. *Type of Facility:* New community water system including three wells with blending and aeration, storage, disinfection and distribution. *Consulting Engineer:* George Ruby, P.E.,

Inc., Ruby Engineering, P. O. Box 127, Rexmont, PA 17085. *Application received:* April 5, 2000.

HAZARDOUS SITES CLEANUP

Under the Act of October 18, 1988

Notice of Settlement Under the Hazardous Sites Cleanup Act

The Department of Environmental Protection (Department) under the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA) and the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C.A. § 9601 et seq. (CERCLA), has entered into a settlement with 701 West Associates, LLC (701 West), for reimbursement of certain response costs incurred to remediate hazardous substances stored and disposed of at the North Penn 6 Superfund Site (site), a 150 acre site in Lansdale, **Montgomery County**, PA. This site was listed on the National Priority List and consists of a plume of groundwater contamination which has impacted wells of the North Penn Water Authority.

Remediation of the site is being conducted based on three operable units. Operable Unit 1 is related to the remediation of contaminated soil from certain properties within the site area. On September 29, 1995, the EPA issued a ROD for this phase of the cleanup. Operable Unit 2 is related to an additional soil investigation and remediation funded by certain potentially responsible parties. Operable Unit 3 is related to remediation of groundwater at the site. This phase of the remediation will be completed by EPA. Under HSCA and CERCLA, both the Department and the EPA have expended response costs to abate the release and threatened release of hazardous substances at the site. To date, the Department has expended \$86,401.22 in response costs under its State Superfund contract with the EPA.

701 West desires to purchase the Easton Labs facility, a 3.7 acre parcel (Property) located within the site area and intends to lease the Property to industrial concerns. 701 West wishes to resolve its potential liability for response costs expended by the Department to remediate the site and has executed a Prospective Purchaser's Agreement/Consent Order and Agreement with the Department, the terms of which include 701 West's payment of \$3,000 to reimburse the Department for certain past response costs expended at the site.

This notice is provided under section 1113 of HSCA (35 P. S. § 6020.1113) which provides that "settlement shall become final upon the filing of the Department's response to the significant written comments." The Prospective Purchaser Agreement/Consent Order and Agreement, which contains the specific terms of the settlement is available for public review and comment. This agreement can be examined from 8 a.m. to 4 p.m. at the Department's Southeast Regional Office, Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428, by contacting either Matthew Miller, (610) 832-6192 or Gina M. Thomas, (610) 832-6300. Matthew Miller and Gina Thomas may also be contacted electronically at miller.matthew@dep.state.pa.us and thomas.gina@dep.state.pa.us, respectively. A public comment period on the Consent Order and Agreement will extend for 60 days from today's date. Persons may submit written comments regarding the agreement within 60 days from today's date, by submitting them to Matthew Miller at the previous address.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(l)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Gichner Shelter Systems, A Division of Gichner Systems Group, Inc., York Township, York County. EWK Consultants Inc., 407 N. Street SW, Washington, DC 20024-3701 and Dallastown Realty, LLC, 490 East Locust Street, Dallastown, PA 17313 have submitted a Notice of Intent to Remediate site soils, groundwater and surface water contaminated with heavy metals, solvents, BTEX, PHCs and PAHs. The applicants propose to remediate the site to meet a combination of the Statewide health and site-specific standards requirements. A summary of the Notice of Intent to Remediate was reported to have been published in the *York Daily Record* and the *York Dispatch/Sunday News*.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

River Park Commons, City of Pittsburgh, Allegheny County. R. J. Equities, 2403 Sidney Street, Suite 200, Pittsburgh, PA 15203. Tarquin Realty, 2403 Sidney Street, Suite 200, Pittsburgh, PA 15203 and David R. Perry, American GeoSciences, Inc., 3925 Reed Boulevard, Suite 400, Murrysville, PA 15668 have submitted a Notice of Intent to Remediate soil and groundwater contaminated with PHCs. The applicant proposes to remediate the site to meet the Statewide health standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *Pittsburgh Post Gazette* on July 26, 2000.

Northcentral Regional Office: Michael C. Welch, Environmental Cleanup Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 321-6525.

Gregory Yocum Residence, Coal Township, Northumberland County. Marshall Miller and Associates, on behalf of its client Gregory Yocum, 1511 West Arch Street, Coal Township, PA 17866, has submitted a Notice of Intent to Remediate soil contaminated with BTEX and PHCs. The application proposes to remediate the site to meet the Statewide health standard. See additional information in another section of this *Pennsylvania Bulletin*. A summary of the Notice of Intent to Remediate was reported to have been published in the *Sunbury Daily Item* on June 10, 2000.

SOLID AND HAZARDOUS WASTE

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Applications received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate a solid waste processing or disposal area or site.

Southwest Regional Office: Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000.

A. 101421. Shade Landfill, Inc., Westpointe Corporate Center I, Suite 200, Moon Township, PA 15108. Shade Landfill, Inc., 1176 No. 1 Road, Cairnbrook, PA 15924. An application for a major permit modification to expand the waste disposal limits of a municipal waste landfill in Shade Township, Somerset County was received in the Regional Office on July 28, 2000.

AIR QUALITY

PLAN APPROVALS/OPERATING PERMITS

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act and regulations adopted under the act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

TV-03-00027: Penelec, Keystone Station (1001 Broad Street, Johnstown, PA 15907) for a 1,700 megawatt coal-fired power plant located 35 miles northwest of Johnstown in Armstrong County. There are two identical 850-MW steam turbine generators, two oil fired auxiliary boilers and four oil-fired diesel generators at this facility. As a result of the levels of the emissions, it is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G.

TV-04-00084: Anchor Hocking Specialty Glass Co., Phoenix Glass Plant (400 9th Street, Monaca, PA 15061) for their glass container manufacturing facility Monaca, **Beaver County**. As a result of the potential levels of NO_x, Particulate matter, and SO_x emissions, it is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments. The facility is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G.

Applications received and intent to issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001-4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

54-313-073C: Air Products & Chemicals, Inc. (7201 Hamilton Boulevard, Allentown, PA 18195) for operation of a nitrogen tri-fluoride plant and associated air cleaning device in Rush Township, **Schuylkill County**.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

06-05074: Columbia Petroleum Corp., Sinking Spring Terminal (Main and Linden Streets, Richland, PA 17087-0278) for a Synthetic Minor Operating Permit for a petroleum product terminal in Spring Township, **Berks County**.

22-05023: Mobil Oil Corp., Harrisburg Terminal (5140 Paxton Street, Harrisburg, PA 17111) for a Synthetic Minor Operating Permit for a petroleum product terminal in Swatara Township, **Dauphin County**.

28-05009: Borough of Chambersburg (160 North Second Street, Chambersburg, PA 17201) for a Synthetic

Minor Operating Permit for three Engine-Generators in the Borough of Chambersburg, **Franklin County**.

36-031031A: Paradise Custom Kitchens, Inc. (3333 Lincoln Highway East, P. O. Box 278, Paradise, PA 17562) for a Natural Minor Operating Permit for three spray booths in Paradise Township, **Lancaster County**.

36-05011: Mobil Oil Corp., Lancaster Terminal (1360 Manheim Pike, Lancaster, PA 17601) for a Synthetic Minor Operating Permit for their petroleum produce terminal in Spring Township, **Berks County**.

City of Philadelphia: Air Management Services, 321 University Avenue, Philadelphia, PA 19104, (215) 685-7584.

S95-084: LaFrance Corp. (8425 Executive Avenue, Philadelphia, PA 19153-3893) for operation of a zinc die caster in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include four significant combustion units each less than 4.5 MMBTU/hour, five spray booths with dry panel filters, one roller coat, two silk screen machines, chromium electroplating and nitric acid stripping. The facility's air emission control devices include a chromium scrubber and nitric scrubber.

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

40-310-045: Brdaric Excavating, Inc. (230 Bunkerhill Road, Wyoming, PA 18644) for construction of a stone crushing plant and associated air cleaning device at the Back Mountain Plant in Kingston Township, **Luzerne County**.

66-399-001: Procter & Gamble Paper Products Co. (P. O. Box 32, Mehoopany, PA 18629) for construction of a paper additive delivery system in Washington Township, **Wyoming County**.

40-303-009B: Kaminski Brothers, Inc. (226 New Boston Road, Pittston, PA 18640) for reactivation of two batch asphalt plants and associated air cleaning devices in Jenkins Township, **Luzerne County**.

40-309-026B: Celotex Corp. (P. O. Box 663, Pittston, PA 18640) for modification of the product recycling system in Exeter Township, **Luzerne County**.

35-313-012: Gentex Corp. (P. O. Box 315, Carbondale, PA 18407) for construction of a carbon bead kiln with associated air cleaning devices in Archbald Borough, **Lackawanna County**.

35-318-069A: Gentex Corp. (P. O. Box 315, Carbondale, PA 18407) for modification of the Zimmer Line (surface coating) in Archbald Borough, **Lackawanna County**.

66-315-035A: Procter & Gamble Paper Products Co. (P. O. Box 32, Mehoopany, PA 18629) for modification of paper machines in Washington Township, **Wyoming County**.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

21-03048: Carlisle Small Animal Veterinary Clinic PC (25 Shady Lane, Carlisle, PA 17013) for installation of an animal cremator controlled by a built-in afterburner in Middlesex Township, **Cumberland County**.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

OP-47-0001E: PPL Montour LLC (2 North Ninth Street, Allentown, PA 18101-1179) for installation of two air cleaning devices (a replacement electrostatic precipitator and a selective catalytic reduction system) on a 750 megawatt rated capacity bituminous coal-fired electric utility boiler (Unit #1) at the Montour SES in Derry Township, **Montour County**. The resultant particulate matter emissions will be no greater than .1 pound per million BTU of heat input and may be less. The selected catalytic reduction system, when operating, will reduce the nitrogen oxide emissions from Unit #1 by up to 90% from the level which currently exists to a level which will possibly be as low as .04 pound per million BTU of heat input.

14-313-041: Rutgers Organics Corp. (201 Struble Road, State College, PA 16801) for modification of a chemical process facility to produce a new product (Product ROC 7-2000) in College Township, **Centre County**.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

PA-32-206A: Mears Enterprises, Inc. (P. O. Box 157, Clymer, PA 15728) for installation of Coal Prep Plant at Clymer Tipple in Cherryhill Township, **Indiana County**.

PA-32-040B: Reliant Energy Mid-Atlantic Power Holdings, LLC (1001 Broad Street, P. O. Box 1050, Johnstown, PA 15907) for installation of Repowering Project at the Seward Station in East Wheatfield Township, **Indiana County**.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

10-307-006B: AK Steel-Butler Works (210 Pittsburgh Road, Butler, PA 16003) for modification to the #2 Electric Arc Furnace and upgrade of the air pollution control system in Butler, **Butler County**.

PA-33-167A: Laurel Energy, L.P., Sandy Lands Mine (Route 2023, Reynoldsville, PA 15851) for post construction of a coal preparation plant (20,000 tons/month of raw coal) in McCalmont Township, **Jefferson County**. This construction is subject to Federal NSPS 40 CFR 60, Subpart Y.

37-399-005A: Kasgro Rail Corp. (320 East Cherry Street, New Castle, PA 16102) for modification of an existing permitted dust collector for an air blast cleaning operation in New Castle, **Lawrence County**.

PA-24-123B: Superior Greentree Landfill, Inc. (635 Toby Road, Kersey, PA 15846) for construction of an enclosed flare in Fox Township, **Elk County**.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Public Hearing

The Department of Environmental Protection (Department) will hold a public hearing at 10 a.m. in their offices at 400 Waterfront Drive, Pittsburgh, PA on September 29, 2000, to receive comments on the proposed approval of Reasonably Available Control Technology (RACT) Proposal submitted by Koppel Steel Corp. (Ambridge Facility) in Ambridge, **Beaver County**.

Koppel Steel Corp. (RACT #04-000-227) has proposed to operate the Rotary Hearth Furnace at low excess air of approximately 10% to minimize NO_x formation. An annual tune-up will take place on the quench furnace, temper furnace, off-mill normalize furnace and reheat furnace to fulfill the RACT requirements. RACT for the 5" upsetter and 7" upsetter furnaces (both less than 10 MMBTU/HR a piece) along with the gas space heaters shall be the installation, maintenance and operation of the source in accordance with the manufacturer's specifications.

Those wishing to present testimony during the hearing should contact Community Relations Coordinator, Betsy Mallison, at (412) 442-4184 by September 28, 2000, to register.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should also contact Betsy Mallison or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those who are unable to attend the hearing, but wish to comment, should provide written comments to Francis D. Condrick, Air Pollution Control Engineer, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Comments should be submitted within 30 days of the date of this publication.

Copies of the RACT application and proposed operating permit are available for review from 8 a.m. to 4 p.m. in the Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Appointments for scheduling a review may be made by calling (412) 442-4000.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to these applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public

notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. These NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Coal Applications Received

49861311R2. A. L. Coal Co. (672 Bear Valley Avenue, Shamokin, PA 17872), renewal of an existing anthracite underground mine operation in Zerbe Township, **Northumberland County** affecting 1.4 acres, receiving stream—none. Application received August 1, 2000.

Hawk Run District Office, P. O. Box 209, Off Empire Road, Hawk Run, PA 16840.

17890124. Hepburnia Coal Company (P. O. Box I, Grampian, PA 16838), renewal of an existing bituminous surface mine permit located in Penn Township and Lumber City Borough, **Clearfield County** affecting 490 acres. Receiving streams: unnamed tributaries to Kratzer Run to Kratzer Run, and unnamed tributaries to West Branch Susquehanna to West Branch Susquehanna River to Susquehanna River. Application received July 17, 2000.

14820103. Al Hamilton Contracting Company (R. D. 1, Box 87, Woodland, PA 16881), renewal of an existing bituminous surface mine permit located in Rush Township, **Centre County** affecting 379.7 acres. Receiving streams: unnamed tributary to Trout Run and unnamed tributary to Moshannon Creek to Moshannon Creek, to West Branch Susquehanna River to Susquehanna River. Application received July 25, 2000.

McMurray District Office, 3913 Washington Road, McMurray, PA 15317.

10743701. BethEnergy Mines, Inc. (P. O. Box 29, Ebensburg, PA 15931), to renew the permit for the Fawn #91 CRDA in Clinton Township, **Butler County** to renew

the existing permit for reclamation only, no additional discharges. Application received June 8, 2000.

32991301. DLR Mining, Inc. (3065 Airport Rd., Indiana, PA 15701), to revise the permit for the Nolo Mine in Buffington Township, **Indiana County** to revise the existing permit to add a haul road with a stream crossing, no additional discharges. Application received June 21, 2000.

32841602. Mears Enterprises, Inc. (P. O. Box 157, Clymer, PA 15728), to revise the permit for the Clymer Tipple in Cherryhill Township, **Indiana County** to revise the existing permit to add 1/2 acre, install a slurry injection line, and upgrade site equipment, no additional discharges. Application received June 30, 2000.

Greensburg District Office, R. R. 2, Box 603-C, Greensburg, PA 15601.

26900109. Chess Coal Company (155 Chess Road, Smithfield, PA 15478). Renewal application received for continued operation and reclamation of a bituminous surface mine located in Georges Township, **Fayette County**, affecting 186.0 acres. Receiving streams: an unnamed tributary to York Run. Renewal application received: July 28, 2000.

03930105. B & B Coal Mining, Inc. (Box 375B, R. R. 7, Kittanning, PA 16201). Renewal application received for continued reclamation of a bituminous surface auger mine located in Wayne Township, **Armstrong County**, affecting 128.8 acres. Receiving streams: two unnamed tributaries to the South Fork of Pine Creek. Renewal application received: July 31, 2000.

03940102. B & B Coal Mining, Inc. (Box 374B, R. R. 7, Kittanning, PA 16201). Renewal application received for continued reclamation of a bituminous surface mine located in Sugar Creek Township, **Armstrong County**, affecting 75.5 acres. Receiving streams: unnamed tributaries to Buffalo Creek, Buffalo Creek and unnamed tributary to Patterson Creek, Patterson Creek to the Allegheny River. Renewal application received: July 31, 2000.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

11950103. Permit Renewal for reclamation, only, **RJC Kohl, Inc.** (P. O. Box 299, Nicktown, PA 15762), for continued restoration of a bituminous surface mine in Susquehanna Township, **Cambria County**, affecting 76.6 acres, receiving stream unnamed tributaries to Fox Run, application received August 1, 2000.

32980109. Permit Revision, **Amerikohl Mining, Inc.** (202 Sunset Drive, Butler, PA 16001) for revising SMP Boundary by deleting 8.2 acres and adding 8.2 acres to the southwest end of the existing permit. Total SMP acres remain 300.0 in Center Township, **Indiana County**, receiving stream three unnamed tributaries to Two Lick Creek, application received July 31, 2000.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Small Industrial Minerals Applications Received

56000801. Lynn Custer (1218 East Main Street, Berlin, PA 15530), for commencement, operation and restoration of a small noncoal surface mine in Allegheny Township, **Somerset County**, affecting 2.0 acres, receiving stream unnamed tributary to Hillegas Run, application received July 31, 2000.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Small Noncoal (Industrial Mineral) Bond Release Application

64920804. Tompkins Bluestone Co., Inc. (Tar Hollow Road, P. O. Box 776, Hancock, NY 13783), Stage I and II bond release for a small quarry operation in Buckingham Township, **Wayne County** affecting 1.0 acre for \$1,000 on property owned by The Norcross Foundation, Inc. Application received August 1, 2000.

64920805. Tompkins Bluestone Co., Inc. (Tar Hollow Road, P. O. Box 776, Hancock, NY 13783), Stage I and II bond release for a small quarry operation in Buckingham Township, **Wayne County** affecting 2.0 acre for \$2,000 on property owned by The Norcross Foundation, Inc. Application received August 1, 2000.

64930806. Tompkins Bluestone Co., Inc. (Tar Hollow Road, P. O. Box 776, Hancock, NY 13783), Stage I and II bond release for a small quarry operation in Buckingham Township, **Wayne County** affecting 2.0 acre for \$2,000 on property owned by The Norcross Foundation, Inc. Application received August 1, 2000.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Noncoal Applications Received

45950302C. Haines & Kibblehouse, Inc. (2052 Lucon Road, P. O. Box 196, Skippack, PA 19474), renewal of NPDES Permit #PA0613037 in Tobyhanna Township, **Monroe County**, receiving stream—Twomile Run and unnamed tributary to Trout Creek. Application received July 31, 2000.

Projects Under the Environmental Good Samaritan Act

The Environmental Good Samaritan Act (27 Pa.C.S. §§ 8001—8114) provides certain protections and immunities from civil liability for landowners and persons who voluntarily undertake reclamation and abatement projects to address land and water adversely affected by mining, oil, gas extraction or exploration for natural resources and left in an unreclaimed condition or left discharging water pollution. In order for landowners and persons to qualify for immunity, the projects must be approved by the Department of Environmental Protection (Department).

The following project proposals have been received by the Department. A copy of the proposals is available for inspection at the office indicated above each proposal.

Written comments or objections may be submitted by any person or any office or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the proposal identification number; and a statement of sufficient detail to inform the Department of the basis of the comment or objection and the relevant facts upon which it is based.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Project Proposals Received

EGS 32001. Blacklick Creek Watershed Association, Inc. (297 Sarah Street, Homer City, PA 15748). A project to abate mine drainage pollution in Cherryhill Township, **Indiana County**, affecting 50.0 acres, receiving stream Two Lick Reservoir to Two Lick Creek. Project proposal received July 27, 2000.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Northcentral Region: Water Management, Soils and Waterways Section, F. Alan Sever, Chief, 208 West Third St., Suite 101, Williamsport, PA 17701.

E08-364. Encroachment. **Paul E. Heise, P.E.**, Pennsylvania Department of Transportation, Engineering District 3-0, P. O. Box 218, 715 Jordan Avenue, Montoursville, PA 17754-0218. To remove the existing twin span 7m wide per span R.C. T-beam bridge having normal openings of 5m wide each and a structure length of 17m with a curb width of 7.1m and a design underclearance of 1.8m and to construct and maintain a prestressed concrete spread box beam bridge with a 20.4m span and a normal opening of 14m by 1.85m over Bucks Creek on SR 4014, Section 015 (Sayre, PA Quadrangle N: 5.9 inches; W: 5.7 inches) in Ulster Township, **Bradford County**. The project will not impact on wetlands while impacting approximately 60 feet of waterway. Buck Creek is a cold water fisheries stream.

E59-401. Encroachment. **Pennsylvania Department of Transportation**, P. O. Box 218, Montoursville, PA 17754. The applicant proposes to construct and maintain a single span bridge with a 45-foot clear span, 22-foot curb-to-curb width, and an underclearance of 8-feet. A temporary single land vehicular bypass lane will be constructed to eliminate the need for a bypass route. This project is located north of SR 4010 3 miles from the intersection with SR 4012 (Knoxville, PA Quadrangle N: 3.6 inches; W: 14.4 inches) Westfield Township, **Tioga County**. This project proposes to impact 130 linear feet of Jemason Creek, which is designated a Warm Water Fishery and does not propose to impact any wetlands.

Southcentral Regional Office: Section Chief, Water Management Program, Soils and Waterways Section, 909 Elmerton Avenue, 2nd Floor, Harrisburg, PA 17110, (717) 705-4707.

E01-217. Encroachment. **PA DGS**, 18th and Herr Streets, Harrisburg, PA 17125. To fill 0.378 acre of wetlands for construction of a new Welcome Center/Safety Rest Area located along the northbound land of SR 15, about 1,000 feet north of the Barlow Greenmount Road crossing (Fairfield, PA Quadrangle N: 2.8 inches; W: 0.63 inch) in Cumberland Township, **Adams County**.

E06-532. Encroachment. **Rockland Township**, 41 Deysher Road, Fleetwood, PA 19522. To remove an existing structure and to reconstruct and maintain a 4.6 foot by 12 foot pre-cast concrete box culvert in the channel of Beiber Creek (EV) at a point at Henry Road (Manatawny, PA Quadrangle N: 14.5 inches; W: 16.25 inches) in Rockland Township, **Berks County**.

E36-697. Encroachment. **Conoy Township**, 211 Falmouth Road, Bainbridge, PA 17052. To remove the existing structure and to construct and maintain a 71-inch by 47-inch corrugated metal arch culvert at the channel of an unnamed tributary to Conoy Creek in order to widen Chestnut Street (T-849) in Bainbridge Village (York Haven, PA Quadrangle N: 17.3 inches; W: 6.0 inches) in Conoy Township, **Lancaster County**.

ENVIRONMENTAL ASSESSMENT

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department).

In addition to permit applications, the Bureau of Waterways Engineering (BWE) and the Regional Office Soils and Waterways Sections have assumed primary responsibility for processing requests for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), for projects requiring both a Dam Safety and Encroachments Permit, and a United States Army Corps of Engineers (ACOE) permit. Section 401(a) of the Federal Water Pollution Control Act requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1301—1306 and 1307, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the BWE permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the Bureau or Field Office indicated as the responsible office.

Requests for Environmental Assessment approval under 25 Pa. Code § 105.15 and requests for certification under section 401 of the Federal Water Pollution Control Act.

Central Office: Bureau of Waterways Engineering, 400 Market Street, 3rd Floor; P. O. Box 8554, Harrisburg, PA 17105-8554, (717) 787-8568.

EA 25-002CO. Environmental Assessment. **Corry Area Industrial Development Corporation** (1524 Enterprise Road, Corry, PA 16407). To construct a nonjurisdictional dam in the watershed of Hare Creek (WWF) impacting a de minimis area of wetlands (PEM) equal to 0.04 acre for stormwater management. The

proposed dam will be located in the Corry Industrial Park (Phase 2) (Corry, PA-NY Quadrangle, N: 12.45 inches; W: 1.40 inches).

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Second Floor, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Industrial waste and sewerage actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Permits Issued

Southeast Regional Office: Regional Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

WQM Permit No. 0900201. Industrial Waste. **Waste Management of PA, Inc.**, 1000 New Ford Mill Road, Morrisville, PA 19067. Applicant is granted approval to modify and operate a Leachate wastewater treatment plant at GROWS Landfill located in Falls Township, **Bucks County**.

WQM Permit No. 4600412. Sewage. **Robert Falkenstein**, 2898 Upper Ridge Road, Pennsburg, PA 18073. Applicant is granted approval for the construction and operation of a single residence sewage treatment plant to serve the Falkenstein residence located in Marlborough Township, **Montgomery County**.

This notice reflects changes from the notice published in the *Pennsylvania Bulletin*.

The following sampling parameters: flow rate and pH will be measured quarterly.

Persons may make an appointment to review the Department files on this case by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

Northcentral Regional Office: 208 West Third Street, Suite 101, Grit Building, Williamsport, PA 17701.

WQM Permit No. 1799405. Sewerage. **Cooper Township Municipal Authority**, P. O. Box 446, Winburne, PA 16879. Applicant granted permission to construct a collection system and treatment plant to serve the Kylertown, Lanse, Forest, Hockenberry and Winburne areas of Cooper Township, **Clearfield County**.

WQM Permit No. 0800401. Sewerage. **Troy Township Sewer & Water Authority**, R. R. 2, Box 427A, Troy, PA 16947. Applicant granted permission to construct gravity sewer conveyance systems to serve Troy Township, **Bradford County**.

WQM Permit No. 1796401-T1. Sewerage Transfer. **Jennifer A. Cutler**, R. R. 1, Box 245B, Woodlane, PA 16881. Applicant granted permission for change in name only. Facility located at Bradford Township, **Clearfield County**.

WQM Permit No. 5996402-T1. Sewerage Transfer. **Jaspreet Sandhoo**, Sandhoo Corporation, R. R. 1, Box 4, Liberty, PA 16930. Transfer completed on property owned by Jaspreet Sandhoo at Liberty Township, **Tioga County**.

WQM Permit No. 0800402. Sewerage. **Borough of Troy**, 110 Elmira Street, Troy, PA 16947. A rerating of existing treatment plant based on manufactures criteria and past ability of the plant to process organic loads at the new level has been approved. Location is at Troy Borough, **Bradford County**.

WQM Permit No. 4798401. Sewerage Transfer. **Montour LLC**, Two North Ninth Street, Allentown, PA 18101-1179. Applicant granted permission to transfer ownership and operational control for facility located at Anthony Township, **Montour County**.

WQM Permit No. 4783201. Industrial Waste Transfer. **PPL Montour LLC**, Two North Ninth Street, Allentown,

PA 18101-1179. Applicant granted permission to transfer ownership and operational control for facility located at Derry Township, **Montour County**.

WQM Permit No. 4772403. Sewerage Transfer. **PPL Montour LLC**, Two North Ninth Street, Allentown, PA. Applicant granted permission to transfer ownership and operational control for facility located at Derry Township, **Montour County**.

WQM Permit No. 4784201. Industrial Waste Transfer. **PPL Montour LLC**, Two North Ninth Street, Allentown, PA 18101-1179. Applicant granted permission to transfer ownership and operational control for facility located at Derry Township, **Montour County**.

WQM Permit No. 4770201. Industrial Waste Transfer. **PPL Montour LLC**, Two North Ninth Street, Allentown, PA 18101-1179. Applicant granted permission to transfer ownership and operational control for facility located at Derry Township, **Montour County**.

Southwest Regional Office: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4000.

NPDES Permit No. PA0218286-A1. Industrial. **J. A. Jones/Traylor Bros., Inc.**, J. A. Jones Drive, Charlotte, NC 28287, is authorized to discharge from a facility located at Leetsdale Concrete Casting Facilities, Leetsdale Borough, **Allegheny County** to receiving waters named Ohio River.

NPDES Permit No. PA0218383. Industrial. **Allegheny Energy Unit 1 and Unit 2, LLC**, 800 Cabin Hill Drive, Greensburg, PA 15601 is authorized to discharge from a facility located at Springdale Borough, **Allegheny County** to receiving waters named Allegheny River.

NPDES Permit No. PA0027111-A1. Sewerage. **Municipal Sanitary Authority of the City of New Kensington**, 120 Logans Ferry Road, New Kensington, PA 15068-2046 is authorized to discharge from a facility located at the New Kensington STP, City of New Kensington, **Westmoreland County**.

NPDES Permit No. PA0090051. Sewerage. **Ridgewood Development Corporation**, 2858 Oxford Boulevard, Allison Park, PA 15101 is authorized to discharge from a facility located at Ridgewood Village Sewage Treatment Plant, Washington Township, **Westmoreland County** to receiving waters named Unnamed Tributary of Beaver Run.

NPDES Permit No. PA0096881. Sewerage. **G&G Mobile Home Sales**, 23 Oakridge Heights Drive, Oakdale, PA 15071-3914 is authorized to discharge from a facility located at Oakridge Heights Mobile Home Park #1 STP, North Fayette Township, **Allegheny County** to receiving waters named Unnamed Tributary of North Branch Robinson Run.

NPDES Permit No. PA0097233. Sewerage. **South Versailles Township**, Box 66, Coulter, PA 15028 is authorized to discharge from a facility located at the

South Versailles Township STP, South Versailles Township, **Allegheny County** to receiving waters named Youghiogheny River.

NPDES Permit No. PA0204714. Sewerage. **New Horizons Foundation, Inc.**, 145 New Horizons Drive, Clymer, PA 15728-7928 is authorized to discharge from a facility located at New Horizons Foundation, Inc. Sewage Treatment Plant, Cherryhill Township, **Indiana County** to receiving waters named Unnamed Tributary to Penn Run.

NPDES Permit No. PA0217042. Sewerage. **Ligonier Valley School District**, 120 East Main Street, Ligonier, PA 15658 is authorized to discharge from a facility located at Fairfield Township Elementary School STP, Fairfield Township, **Westmoreland County** to receiving waters named Unnamed Tributary to Unnamed Tributary of Loves Hollow.

NPDES Permit No. PA0217069. Sewerage. **Barry Mosholder**, P. O. Box 869, Somerset, PA 15501 is authorized to discharge from a facility located at Mosholder Small Flow STP, Somerset Township, **Somerset County** to receiving waters named unnamed tributary of Quemahoning Creek.

Permit No. 0200201. Industrial Waste. **Allegheny Energy Unit 1 and Unit 2, L.L.C.**, 800 Cabin Hill Drive, Greensburg, PA 15601-1689. Construction of Electricity Generation Plant located in Springdale Township, **Allegheny County** to serve Springdale Combustion Turbine Power Generation Plant.

Permit No. 0286450-A3. Sewerage. **Donald Davidson**, 2619 Hilltop Road, Oakdale, PA 15071. Modification and operation to the sewage treatment plant located in Collier Township, **Allegheny County** to serve the Colonial Ridge STP.

Permit No. 5600402. Sewerage. **Harold Henning**, P. O. Box 67, Somerset, PA 15501. Construction of Single Residence STP located in Black Township, **Somerset County** to serve Henning residence.

Permit No. 6500404. Sewerage. **Gerald F. Keller**, 5689 Vickie Lane, Bedford, OH 44146-2404. Construction of a single residence sewage treatment plant located in Ligonier Township, **Westmoreland County** to serve the Keller residence.

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

WQM Permit No. 4200402. Sewerage, **David Lerch SRSTP**, P. O. Box 92, Gifford, PA 16732. Construction of David Lerch SRSTP located in Keating Township, **McKean County**.

WQM Permit No. 1000403. Sewerage, **Russell P. Kelosky SRSTP**, 133 Dairy Lane, Ellwood City, PA 16117. Construction of Russell P. Kelosky SRSTP located in Connoquenessing Township, **Butler County**.

SAFE DRINKING WATER

Permits issued for Construction Permit under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Regional Office: Northcentral Field Operations, Environmental Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701.

Permit No. Minor Amendment. The Department issued a construction permit to **Geisinger Medical Center**, 100 North Academy Avenue, Danville, PA 17822, Mahoning Township, **Montour County**. This permit authorizes the elimination of the existing 5,000 gallon

inground concrete tank (wet sump) and related chlorine dioxide injection point and the rerouting of chlorinated Well No. 3 water directly to the existing 500,000 gallon storage tank.

Permit No. Minor Amendment. The Department issued an operation permit to **Geisinger Medical Center**, 100 North Academy Avenue, Danville, PA 17822, Mahoning Township, **Montour County**. This permit authorizes the elimination of the existing 5,000 gallon inground concrete tank (wet sump) and related chlorine dioxide injection point and the rerouting of chlorinated Well No. 3 water directly to the existing 500,000 gallon storage tank.

Permit No. 4189516. Revised. The Department issued a revised operation permit to **Foxcroft Manor Mobile Home Park**, P. O. Box 438, Montoursville, PA 17754, Muncy Creek Township, **Lycoming County**. Public Water Supply Permit 4189516 is being revised to withdraw the approval for use of Well No. 2 as a public water supply and to require the proper sealing and abandonment of the source upon completion of SWIP monitoring.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Northcentral Regional Office: Michael C. Welch, Environmental Cleanup Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 321-6525.

Gregory Yocum Residence, Coal Township, **Northumberland County**. Marshall Miller and Associates, on behalf of its client Gregory Yocum, 1511 West Arch Street, Coal Township, PA 17866, has submitted a Final Report concerning the remediation of site soil contaminated with BTEX and PHCs. The report is intended to document remediation of the site to meet the Statewide health standard. See additional information in another section of this *Pennsylvania Bulletin*.

Janet Gass Residence, City of Sunbury, **Northumberland County**. EarthRes Group, Inc. on behalf of their client, Janet Gass, 805 Market Street, Sunbury, PA 17801, have submitted a Final Report concerning the remediation of site soil contaminated with BTEX and PAHs. The Final Report is intended to document remediation of the site to meet the Statewide health standard.

Herman Banks Scrap Yard, West Chillisquaque Township, **Northumberland County**. A Final Report

was submitted on December 21, 1998 concerning the remediation of site soil contaminated with PCBs, heavy metals, PHCs and PAHs. The Final Report was submitted to document remediation of site-specific standards. The Department on January 20, 1999 approved the Final Report and the approval of the Final Report was published in the *Pennsylvania Bulletin* on February 20, 1999.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (act). Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report, and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits or reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a plan or report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Distribution Pole No. 40417S30397 (Site 135), Borough of Lititz, **Lancaster County**. PP&L, Inc., Two North Ninth Street, Allentown, PA 18101-1179 and Long

and Bomberger, 45 North Broad Street, Lititz, PA 17543 have submitted a final report concerning the remediation of site soils contaminated with PCBs. The final report demonstrated attainment of the Statewide health standard, and was approved by the Department on July 28, 2000.

Burle Industries, Inc., Lancaster City, **Lancaster County**. A Final Report has been submitted concerning the remediation of site groundwater contaminated with solvents. The Final Report demonstrated attainment of the site-specific standard, and was approved by the Department on November 9, 1998.

Former Murata Electronics NA, Inc., CREDC Property, Carlisle Borough, **Cumberland County**. A Remedial Investigation Report and Final Report were submitted concerning remediation of site soils contaminated with solvents. The Remedial Investigation Report was approved September 4, 1998. The Final Report demonstrated attainment of the site-specific standard, and was approved by the Department on September 4, 1998.

Southeast Regional Office: Environmental Cleanup Program Manager; Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Assemco, Inc., Ridley Park Borough, **Delaware County**. A Final Report concerning remediation of site soil contaminated with petroleum hydrocarbons was submitted to the Department. The report demonstrated attainment of the Statewide health standard and was approved by the Department on November 12, 1998.

One Montgomery Associates, Norristown Borough, **Montgomery County**. A Final Report concerning remediation of site soils contaminated with PCBs was submitted to the Department. The report demonstrated attainment of the Statewide health standard and was approved by the Department on October 6, 1998.

Boeing Company, Ridley Township, **Delaware County**. A Final Report concerning remediation of site groundwater contaminated with solvents was submitted to the Department. The report demonstrated attainment of the Statewide health standard and was approved by the Department on October 9, 1998.

Gilbert's Flower Shop Property (former), Ridley Township, **Delaware County**. A Final Report concerning remediation of site soils and groundwater contaminated with petroleum hydrocarbons was submitted to the Department. The report demonstrated attainment of the Statewide health standard and was approved by the Department on November 25, 1998.

Northcentral Regional Office: Michael C. Welch, Environmental Cleanup Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 321-6525.

Pennsylvania Power & Light Company (PPL)—Distribution pole #30780N37199, Muncy Creek Township, **Lycoming County**. A Final Report has been submitted addressing soil contaminated with PCBs (polychlorinated biphenyls). The report documented remediation to meet the Statewide health standard. The Department approved the report on October 8, 1998.

USA Waste Management, West Chillisquaque Township, **Northumberland County**. Wade Fuchs, Waste Management, Inc., R. D. 2, Box 282A, Pleasant Valley Road, Irwin, PA 15642 has submitted a Final Report on October 26, 1998, showing attainment of the Statewide health standard for all constituents of diesel fuel resulting from a diesel spill at a truck accident involving USA

Waste Management on August 10, 1998. The Final Report was approved by the Department on November 20, 1998.

Ann Wilson Residence, City of Williamsport, **Lycoming County**. Response Environmental, Inc. on behalf of their client, Ann Wilson, 2011 Linwood Avenue, Williamsport, PA 17701, has submitted a Final Report concerning the remediation of site soil contaminated with BTEX and PAHs. The Final Report demonstrated attainment of the Statewide health standard and was approved by the Department on July 31, 2000.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

ARCO Chemical Company, Beaver Valley Plant (Raccoon Creek), Potter Township, **Beaver County**. Thomas J. Walsh, ARCO Chemical Company, 3801 West Chester Pike, Newtown Square, PA 19073, has submitted a Remedial Investigation Report, Baseline Risk Assessment Report, and Cleanup Plan concerning remediation of site soils, groundwater and surface water contaminated with polycyclic aromatic hydrocarbons, petroleum hydrocarbons, benzene, toluene, ethylbenzene and xylene. The Department on October 9, 1998 approved the Remedial Investigation Report, Baseline Risk Assessment Report and Cleanup Plan.

Tom Morris Residence, Perry Township, **Fayette County**. Kevin P. Van Kuren, Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103, has submitted a Remedial Investigation Report, Baseline Risk Assessment Report, Cleanup Plan and Final Report concerning remediation of site soil contaminated with benzene, toluene, ethylbenzene, xylene and polycyclic aromatic hydrocarbons. The Remedial Investigation Report, Baseline Risk Assessment Report, Cleanup Plan and Final Report demonstrated attainment of the site-specific standard and was approved by the Department on October 22, 1998.

Johnstown Corporation, Johnstown, **Cambria County**. Brian I. Fitzpatrick, P.G., QST Environmental, 5205 Militia Hill Road, Plymouth Meeting, PA has submitted a Final Report concerning remediation of site soil and groundwater contaminated with petroleum hydrocarbons. The Final Report demonstrated attainment of the Statewide health standard and was approved by the Department on October 14, 1998.

Northwest Regional Office: Craig Lobins, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

National Forge Company, Area of Concern (AOC-6), One Front Street, Irwin, PA 16329, Brokenstraw Township, County of Warren, and Paul Wojciak, P. E. of Environmental Management Associates, has submitted a Remedial Investigation Report and a Final Report concerning the remediation of groundwater. The site has been found to be contaminated with PAHs and Cutting Oil. The Final Report demonstrated attainment of the Statewide health and site specific standards and was approved by the Department on August 4, 2000.

SOLID AND HAZARDOUS WASTE

LICENSE TO TRANSPORT HAZARDOUS WASTE

Amended license issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations for license to transport hazardous waste.

Bureau of Land Recycling and Waste Management, Division of Hazardous Waste Management, P. O. Box 8471, Harrisburg, PA 17105-8471.

Ashland Distribution Company, Division of Ashland, Inc., P. O. Box 2219, Columbus, OH 43216; License No. **PA-AH 0121**; amended license issued August 4, 2000.

Triumvirate Environmental, Inc., P. O. Box 136, Somerville, MA 02143; License No. **PA-AH 0477**; amended license issued August 3, 2000.

Renewal licenses issued under the Solid Waste Management Act (35 P. S. §§ 6018.101–6018.1003) and regulations for license to transport hazardous waste.

Bureau of Land Recycling and Waste Management, Division of Hazardous Waste Management, P. O. Box 8471, Harrisburg, PA 17105-8471.

Harold Marcus Limited, R. R. 3, Bothwell, ON N0P 1C0; License No. **PA-AH 0207**; renewal license issued August 4, 2000.

Environmental Equipment and Services, Inc., Rt. 322, P. O. Box 8, Swedesboro, NJ 08085; License No. **PA-AH 0472**; renewal license issued August 4, 2000.

RESIDUAL WASTE PROCESSING FACILITIES

Determination of applicability request under the Solid Waste Management Act (35 P. S. §§ 6018.101–6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101–4000.1904); and the residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

Central Office: Division of Municipal and Residual Waste, 14th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101-2301.

Determination of applicability withdrawn under **General Permit No. WMGR029. RecOil**, 280 East Street, York, PA 17403. General Permit Number WMGR029D003 for the operation of a transfer facility at 170 Transport Road in Bedford, PA for the processing of waste oil (including waste oil mixed with hazardous waste regulated under 25 Pa. Code § 261.5), spent antifreeze, and waste oil/water mixtures prior to beneficial use. The Department received the request for withdrawal on August 8, 2000.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Permits issued under the Solid Waste Management Act (35 P. S. §§ 6018.101–6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101–4000.1904) and regulations to operate solid waste processing or disposal area or site.

Regional Office: Regional Solid Waste Manager, Lee Park, 555 North Lane, Suite 6010, Conshohocken, PA 19428.

Permit No. 600025. City of Philadelphia, **Water Department**, 1101 Market Street, Philadelphia, PA 19102. A permit modification was issued to modify the closure plan for the City's Philadelphia Northeast Airport sewage sludge trenching site. The modification calls for onsite sewage sludge and contaminated soils to be removed from

unlined trenches and disposed in a new, lined landfill that will be constructed on the site. The new landfill and waste reburial project will consolidate the permitted area from approximately 120 acres to 36 acres. The remaining acreage will be commercially developed after the waste has been removed. The permit was modified by the Southeast Regional Office on August 2, 2000.

**AIR QUALITY
OPERATING PERMITS**

General Plan Approval and Operating Permit usage authorized under the Air Pollution Control Act (35 P. S. §§ 4001–4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

GP-10-333: Penn United Technology, Inc. (795 North Pike Road, Saxonburg, PA 16056) on August 3, 2000, for operation of Natural Gas Fired Boiler in Cabot, **Butler County**.

Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001–4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

14-313-038: Rutgers Organics Corp. (201 Struble Road, State College, PA 16801) on July 5, 2000, for operation of a chemical process facility (Product 514) and associated air cleaning devices (various condensers and packed bed scrubbers) in College Township, **Centre County**.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

24-315-009A: Willamette Industries, Inc. (100 Center Street, Johnsonburg, PA 15845) on July 31, 2000, for operation of a pulp bleach plant in Johnsonburg Borough, **Elk County**.

PA-25-952B: Bush Industries of PA, Inc. (2455 Robison Road West, Erie, PA 16509) on July 31, 2000, for operation of a woodworking system in Summit Township, **Erie County**.

NM-25-00268: Steris Corp. (2424 West 23rd Street, Erie, PA 16512) issued a Natural Minor Operating Permit on August 1, 2000, for combustion units, grinding operations, welding operations, painting operations, small hospital sterilizer testing operations and gluing operations in Millcreek Township, **Erie County**.

NM-25-00979: National Fuel Gas Supply Corp., Carter Hill Station (R. D. 3, Follette Road, Corry, PA 16407) issued a Natural Minor Operating Permit on March 21, 2000, for a combustion unit, natural gas compressor units, generator, pipeline heater and natural gas dehydration unit in Wayne Township, **Erie County**.

NM-33-00156: National Fuel Gas Supply Corp., Reynoldsville Station (North 4th Street, Reynoldsville, PA 15851) issued a Natural Minor Operating Permit on

March 21, 2000, for a combustion unit and a natural gas dehydration unit in Winslow Township, **Jefferson County**.

NM-24-00146: National Fuel Gas Supply Corp., Boone Mountain Station (R. D. 2, Monroe Road, St. Marys, PA 15857) issued a Natural Minor Operating Permit on March 21, 2000, for natural gas compressor units and a generator in Horton Township, **Elk County**.

NM-27-00018: National Fuel Gas Supply Corp., Queen Station (P. O. Box 625, Titusville, PA 16354) issued a Natural Minor Operating Permit on March 21, 2000, for natural gas compressor units, natural gas dehydration unit and generator in Hickory Township, **Forest County**.

NM-61-00193: National Fuel Gas Supply Corp., Henderson Station (R. D. 2, Stoneboro, PA 16153) issued a Natural Minor Operating Permit on April 11, 2000, for natural gas compressor units, generator, natural gas dehydration unit and air compressor in Mineral Township, **Venango County**.

NM-24-00147: National Fuel Gas Supply Corp., Owls Nest Station (R. D. 2, Box 83A, Kane, PA 16735) issued a Natural Minor Operating Permit on March 21, 2000, for natural gas compressor unit and generator in Highland Township, **Elk County**.

NM-33-00141: National Fuel Gas Supply Corp., Knox Station (R. D. 3, Box 316A, Brookville, PA 15825) issued a Natural Minor Operating Permit on April 11, 2000, for natural gas compressor units, generator, natural gas dehydration unit, heater and storage tank in Knox Township, **Jefferson County**.

NM-33-00157: National Fuel Gas Supply Corp., Eldred Station (R. D. 1, Sigel, PA 15869) issued a Natural Minor Operating Permit on March 21, 2000, for natural gas compressor units and generator in Eldred Township, **Jefferson County**.

Philadelphia Department of Public Health: Air Management Services, 321 University Ave., Philadelphia, PA 19104, (215) 685-7584.

SO2-95-002: Trigen—Philadelphia Energy Corp., Schuylkill Station (2600 Christian Street, Philadelphia, PA 19146) on July 27, 2000 for SO₂ SIP in the City of Philadelphia, **Philadelphia County**.

SO2-95-002A: Grays Ferry Cogeneration Partnership (2600 Christian Street, Philadelphia, PA 19146) on July 27, 2000, for SO₂ SIP in the City of Philadelphia, **Philadelphia County**.

SO2-95-006: PECO Energy Co., Schuylkill Generating Station (2800 Christian Street, Philadelphia, PA 19146) on July 27, 2000, for SO₂ SIP in the City of Philadelphia, **Philadelphia County**.

SO2-95-039: Sunoco, Inc. (R&M) (3144 Passyunk Avenue, Philadelphia, PA 19145) on July 27, 2000, for SO₂ SIP in the City of Philadelphia, **Philadelphia County**.

Administrative Amendment of Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

36-05015A: Crown Cork & Seal Co., Inc. (1650 Broadway, Hanover, PA 17331) for construction of three

lacquer spray machines and an internal bake oven in Hanover, Lancaster County. This modification will effectively increase the facility's potential Volatile Organic Compound (VOC) emissions by approximately 33 tons per year. Conditions in the permit will limit the VOC content of the coatings in accordance with 25 Pa. Code § 129.52 with yearly VOC emissions limited to less than 50 tons per year based on a 12-month rolling total. The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

PLAN APPROVALS

Plan Approvals issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Northeast Regional Office: Air Quality Program, Two Public Square, Wilkes-Barre, PA 17811-0790, (570) 826-2531.

35-302-098A: Community Central Energy Corp. (1220 North Washington Avenue, Scranton, PA 18509) on July 18, 2000, for construction of a Natural Gas/#2 Oil Fired Boiler in Scranton, **Lackawanna County**.

40-318-051: Cornell Iron Works, Inc. (Crestwood Industrial Park, Oak Hill Road, Mountaintop, PA 18707) on July 18, 2000, for construction of a paint spray booth in Wright Township, **Luzerne County**.

48-315-004: Northampton Pulp LLC (6 Horwith Drive, Northampton, PA 18067) on July 24, 2000, for modification of a pulp forming and drying process in Northampton Borough, **Northampton County**.

40-310-027A: Pikes Creek Sand & Gravel, Inc. (Small Mountain Quarry, P. O. Box 330, Sweet Valley, PA 18656) on August 2, 2000, for modification of a stone crushing operation in Lehman Township, **Luzerne County**.

39-302-168: Jaindl's, Inc. (3150 Coffeetown Road, Orefield, PA 18069) on July 27, 2000, for construction of a Superior Boiler in North Whitehall Township, **Lehigh County**.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

28-03031: E. Z. Dumper Products (P. O. Box 31, Waynesboro, PA 17268) on August 7, 2000, for installation of surface coating operations in Washington Township, **Franklin County**.

67-05070B: Graham Packaging Co., L.P. (2401 Pleasant Valley Road, York, PA 17402) on August 7, 2000, for installation of a No. 2 Barrier Bottle Production line in Manchester Township, **York County**.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

TVOP-59-00005A: CNG Transmission Corp. (CNG Tower, 625 Liberty Avenue, Pittsburgh, PA 15222-3199) on July 5, 2000, for construction of a 25.2 million BTU per hour natural gas-fired boiler equipped with a low NO_x burner at the Sabinsville Compressor Station in Clymer Township, **Tioga County**. This boiler is subject to Subpart Dc of the Federal Standards of Performance for New Stationary Sources.

60-310-007: Iddings Quarry, Inc. (900 Chestnut Street, Mifflinburg, PA 17844-1235) on July 7, 2000, for construction of a stone crushing and screening plant and associated air cleaning device (a water spray dust suppression system) in Limestone Township, **Union County**.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

PA-65-857A: Norton Plakco Industrial Ceramics (55 Hillview Avenue, Latrobe, PA 15650) on July 31, 2000, for installation of Thermal Oxidizer at Tunnel Kiln in Derry Township, **Westmoreland County**.

PA-30-129A: Morgantown Technical Services, Inc. (2608 Smithtown Road, Morgantown, WV 26508) on August 2, 2000, for operation of Surface Coating in Perry Township, **Greene County**.

Northwest Regional Office: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

PA-25-070C: Gunitite EMI Corp. (603 West 12th Street, Erie, PA 16501) on July 31, 2000, for installation of a dust collector in Erie, **Erie County**.

PA-37-013B: Southdown, Inc. (2001 Portland Park, Wampum, PA 16157) on July 24, 2000, for construction of a cement storage dome in Wampum, **Lawrence County**.

PA-25-069E: Engelhard Corp. (1729 East Avenue, Erie, PA 16503) on July 10, 2000, for construction of a second dewax oven in Erie, **Erie County**.

PA-16-002A: RFI Energy Corp. (SR 3014, Clarion, PA 16214) on July 7, 2000, for operation of a portable crusher/screener at a coal processing plant in Piney and Tobey Townships, **Clarion County**.

Philadelphia Department of Public Health: Air Management Services, 321 University Ave., Philadelphia, PA 19104, (215) 685-7584.

PLID-01501: Sunoco, Inc. (R&M) (3144 Passyunk Avenue, Philadelphia, PA 19145) on August 1, 2000, for VOCs/NO_x RACT in the City of Philadelphia, **Philadelphia County**.

PLID-01533: O'Brien Cogeneration—Northeast (Northeast Water Pollution Control Plant, 3900 Richmond Street, Philadelphia, PA 19137) on July 21, 2000, for NO_x RACT in the City of Philadelphia, **Philadelphia County**.

PLID-01534: O'Brien Cogeneration—Southwest (Southwest Water Pollution Control Plant, 8200 Enterprise Avenue, Philadelphia, PA 19153) on July 21, 2000, for NO_x RACT in the City of Philadelphia, **Philadelphia County**.

PLID-01561: Aldan Rubber Co. (2701 East Tioga Street, Philadelphia, PA 19134) on July 21, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

PLID-02052: Sun Chemical (3301 Hunting Park Avenue, Philadelphia, PA 19129) on July 14, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

PLID-02197: SBF Communication Graphics (3747 Ridge Avenue, Philadelphia, PA 19132) on July 21, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

PLID-02255: Smith-Edwards-Dunlap Co. (2867 East Allegheny Avenue, Philadelphia, PA 19134) on July 14, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

PLID-02260: Graphic Arts, Inc. (4100 Chestnut Street, Philadelphia, PA 19104) on July 14, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

PLID-03679: Braceland Brothers, Inc. (7625 Suffolk Avenue, Philadelphia, PA 19153) on July 14, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

PLID-07721: Pearl Pressman Liberty (912 North Fifth Street, Philadelphia, PA 19123) on July 24, 2000, for VOCs RACT in the City of Philadelphia, **Philadelphia County**.

Plan Approvals extensions issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Southcentral Regional Office: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4702.

67-318-124: New York Wire Co. (152 North Main Street, Mount Wolf, PA 17347) on August 1, 2000, to authorize temporary operation of a tenter frame line covered under this Plan Approval until November 28, 2000, in Mount Wolf Borough, **York County**.

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

08-318-027: Mills Pride—Pennsylvania (100 Lamoka Road, Sayre, PA 18840) on August 4, 2000, to extend authorization to operate a wood kitchen cabinet door manufacturing and finishing operation on a temporary basis until December 2, 2000, in Athens Township, **Bradford County**.

OP-53-0009D: National Fuel Gas Supply Corp. (P. O. Box 2081, Erie, PA 16512) on August 1, 2000, to extend authorization to operate a 4,445 horsepower natural gas-fired reciprocating internal combustion engine (Engine 1A) on a temporary basis until November 29, 2000, at the Ellisburg Compressor Station in Allegany Township, **Potter County**.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-4174.

PA-26-488A: Laurel Aggregates, Inc. (P. O. Box 23, Gans, PA 15439) on July 31, 2000, for installation of Limestone Hauling and Crushing facility at Wymps Gap Quarry in Springhill Township, **Fayette County**.

PA-65-884A: IA Construction Corp. (P. O. Box 290, Homer City, PA 15648) on August 2, 2000, for operation of Bituminous Concrete Plant in Mt. Pleasant Township, **Westmoreland County**.

PA-04-044A: Zinc Corp. of America, Inc. (300 Frankfort Road, Monaca, PA 15061) on August 7, 2000, for installation of Zinc High Grade Column #29 at Monaca Zinc Smelter in Potter Township, **Beaver County**.

Plan Approvals transferred under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Northcentral Regional Office: Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701, (570) 327-3637.

OP-47-0001B: PPL Montour, LLC (2 North Ninth Street, Allentown, PA 18101-1179) on July 10, 2000, for installation of an air cleaning device (an electrostatic precipitator) on a bituminous coal-fired electric utility boiler (Unit #2) at the Montour Steam Electric Station in Derry Township, **Montour County**.

OP-47-0001C: PPL Montour, LLC (2 North Ninth Street, Allentown, PA 18101-1179) on July 10, 2000, for installation of an air cleaning device (a selective catalytic reduction system) on a bituminous coal-fired electric utility boiler (Unit #2) at the Montour Steam Electric Station in Derry Township, **Montour County**.

MINING

APPROVALS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the request for 401 water quality certification. Mining activity permits issued in response to these applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

Hawk Run District Office, P. O. Box 209, Off Empire Road, Hawk Run, PA 16840.

Coal Permits Issued

17950102. Cougar Contracting, Inc. (P. O. Box 217, Houtzdale, PA 16651), revision to an existing bituminous surface mine permit for a Change in Land Use from postmining land use of cropland to commercial (driving range) use. The permit is located in Bigler Township, **Clearfield County** and affects 25 acres. Receiving streams: Alexander Run, Upper Morgan Run and Japling Run. Application received June 5, 2000. Permit issued August 2, 2000.

McMurray District Office, 3913 Washington Road, McMurray, PA 15317.

32841303. Helvetia Coal Company (P. O. Box 219, Shelocta, PA 15774), to revise the permit for the Lucerne No. 6 Mine in Center Township, **Indiana County** to revise the existing permit in order to install one 20" discharge borehole, no additional discharges. Permit issued July 31, 2000.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

56970101. Permit Transfer, from **Marquise Mining Corporation to PBS Coals, Inc.** (P. O. Box 260, Friedens, PA 15541), for continued operation of a bituminous surface mine in Somerset Township, **Somerset County**, affecting 88.0 acres, receiving stream unnamed tributaries to the East Branch Coxes Creek, application received May 15, 2000, issued July 27, 2000.

56890115. Permit Renewal, **PBS Coals, Inc.** (P. O. Box 260, Friedens, PA 15541), for continued operation of a bituminous surface, auger mining and limestone/sandstone removal mine in Brothersvalley Township, **Somerset County**, affecting 346.0 acres, receiving stream unnamed tributaries to/and Blue Lick Creek, application received February 29, 2000, issued July 27, 2000.

11940201. Permit Renewal, **Senate Coal Mines, Inc.** (One Energy Place, Suite 5100, Latrobe, PA 15650), for continued operation of a bituminous coal refuse reprocessing surface mine in Adams Township, **Cambria County**, affecting 76.9 acres, receiving stream unnamed tributary to South Fork of the Little Conemaugh River, application received May 24, 2000, issued July 31, 2000.

32940102. Permit Revision, **GLR Mining, Inc.** (P. O. Box 105, Clymer, PA 15728) for restoration of unmanaged natural habitat rather than forestland on the lands of Edward Ratay, Paragon Development Corporation and the late Mary Sutula Estate in Pine Township, **Indiana County**, affecting 150.4 acres, receiving stream unnamed tributaries to Leonard Run and to Leonard Run, application received June 6, 2000, issued August 3, 2000.

32970102. Permit Revision, **M. B. Energy, Inc.** (175 McKnight Road, Blairsville, PA 15717-7960), to modify the post-mining land usage from forestland to agricultural land in Blacklick Township, **Indiana County**, affecting 167.7 acres, receiving stream unnamed tributaries to Muddy Run; unnamed tributaries to Blacklick Creek, application received April 5, 2000, permit issued August 3, 2000.

11950103. Permit Renewal for reclamation, only, **RJC Kohl, Inc.** (P. O. Box 299, Nicktown, PA 15762), for continued restoration of a bituminous surface mine in Susquehanna Township, **Cambria County**, affecting 76.6 acres, receiving stream unnamed tributaries to Fox Run, application received August 1, 2000, issued August 4, 2000.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Small Noncoal (Industrial Mineral) Permits Issued

45000801. E. F. Possinger & Sons, Inc. (257 Rimrock Road, Stroudsburg, PA 18360), commencement, operation and restoration of a quarry operation in Hamilton Township, **Monroe County** affecting 1.0 acre receiving stream—none. Permit issued August 1, 2000.

66000813. E. LeRoy Whipple, Jr. (R. R. 1, Box 1153, Laceyville, PA 18623), commencement, operation and restoration of a bluestone quarry operation in Meshoppen Township, **Wyoming County** affecting 1.0 acre receiving stream—none. Permit issued August 3, 2000.

Pottsville District Office, 5 West Laurel Boulevard, Pottsville, PA 17901-2454.

Noncoal Permits Issued

5878SM3C2. Haines & Kibblehouse, Inc. (2052 Lucon Road, P. O. Box 196, Skippack, PA 19474), renewal of NPDES Permit #PA0595691 in Penn Forest Township, **Carbon County**, receiving stream—Stony Creek. Renewal issued August 1, 2000.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously

received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, 400 Market Street, Second Floor, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P.S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

Southcentral Regional Office: Section Chief, Water Management Program, Soils and Waterways Section, 909 Elmerton Avenue, 2nd Floor, Harrisburg, PA 17110, (717) 705-4707.

E06-512. Encroachment. **Maidencreek Township Authority**, P. O. Box 289, Blandon, PA 19510. To fill 0.81 acre of wetlands adjacent to Willow Creek for the purpose of expanding an existing waste water treatment facility at a point along Willow Creek Road (Temple, PA Quadrangle N: 9.9 inches; W: 6.25 inches) in Ontelaunee Township, **Berks County**. The permittee is required to provide a minimum of 0.81 acre of replacement wetlands. This permit also includes 401 Water Quality Certification.

E21-309. Encroachment. **North Middleton Township**, Deborah Steffee, 2051 Spring Road, Carlisle, PA 17013. To remove the existing structure and to construct and maintain a 13.08-foot by 8.3-foot aluminum structural arch culvert in the channel of an unnamed tributary to Conodoguinet Creek in order to improve the alignment of Creek Road located about 1,000 feet from its confluence with Conodoguinet Creek (Carlisle, PA Quadrangle N: 20.8 inches; W: 10.0 inches) in North Middleton Township, **Cumberland County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E21-311. Encroachment. **Leonard Greiz**, Shenandoah Mobile Company, P. O. Box 459, 124 South Main Street,

Edinburg, VA 22824. To construct a 70 foot high galvanized single steel pool communications tower with a 6.0 foot base diameter enclosed by a 16 foot by 16 foot, 7 foot high, chain link fence in the floodway of the Yellow Breeches Creek located next to an existing 1 1/2 story building at Front and Market Streets (Steelton, PA Quadrangle N: 18.3 inches; W: 15.5 inches) in New Cumberland Borough, **Cumberland County**. This permit was issued under section 105.13(e) "Small Projects."

E22-412. Encroachment. **Georgetown Commons Associates**, 308 East King Street, Lancaster, PA 17602. To relocate 40 linear feet of a tributary to the Susquehanna River (WWF) and impact 1.1 acres of wetlands, 0.35 acre of direct impact and 0.75 acre of indirect impact, at a point upstream of Jefferson Drive for the purpose of enlarging a residential subdivision (Steelton, PA Quadrangle N: 15.4 inches; W: 3.1 inches) in Lower Swatara Township, **Dauphin County**. The permittee is required to provide a minimum of 1.1 acres of replacement wetlands. This permit also includes 401 Water Quality Certification.

Northcentral Region: Water Management—Soils and Waterways, F. Alan Sever, Chief, 208 West Third St., Williamsport, PA 17701.

E17-347. Encroachment. **Cooper Township Municipal Authority**, P. O. Box 446, Winburne, PA 16879. To construct and maintain a sewer line across Grass Flat Run at three locations, Brown's Run at two locations, an unnamed tributary to Brown's Run, Sulfur Run at five locations, an unnamed tributary to Sulfur Run at two locations, a sewer line along Brown's Run, and a sewer line outfall at Moshannon Creek and at Grass Flat Run. The sewer lines will discharge to the Winburne STP (Philipsburg, PA Quadrangle N: 15.1 inches; W: 1.9 inches) and the Grass Flat STP (Karthaus, PA Quadrangle N: 0.7 inch, W: 13.8 inches) in Cooper Township, **Clearfield County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E57-090. Encroachment. **John and Christine Lynch**, 768 Cresson Drive, Chambersburg, PA 17201. To construct and maintain a 10' × 28' porch addition to a cabin in the floodway of Lick Creek in the west side of T-434 approximately 400 feet north of the intersection of T-434 with Rt. 87 (Overton, PA Quadrangle N: 1.75 inches; W: 11.5 inches) in Forks Township, **Sullivan County**. This permit was issued under section 105.13(e) "Small Projects."

STORAGE TANKS

SITE SPECIFIC INSTALLATION PERMITS

The following Storage Tank Site Specific Installation Permits under the authority of the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.302, 6021.504, 6021.1101 and 6021.1102) and 25 Pa. Code Chapter 245, Subchapter C have been issued by the Bureau of Watershed Conservation, Director, P. O. Box 8555, Harrisburg, PA 17105-8555, (717) 787-5267.

SPECIAL NOTICES

Notice of Certification to Perform Radon-Related Activities in Pennsylvania

In the month of July 2000 the Department of Environmental Protection of the Commonwealth of Pennsylvania, under the authority contained in the Radon Certification Act (63 P. S. §§ 2001—2014) and regulations promulgated thereunder at 25 Pa. Code Chapter 240, has certified the persons listed to perform radon-related activities in Pennsylvania. The period of certification is 2 years. For a complete list of persons currently certified to perform radon-related activities in Pennsylvania and for information as to the specific testing devices that persons certified for testing or laboratory are certified to use, contact the Bureau of Radiation Protection, Radon Division, P. O. Box 8469, Harrisburg, PA 17105-8469, (800) 23RADON.

DEPARTMENT OF HEALTH

Application of Frankford Health Care System for Exception

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) gives notice that Frankford Health Care System has requested a waiver to the requirements of 28 Pa. Code § 107.62. The hospital is requesting that it be permitted to have clinical dieticians accept verbal orders regarding diet changes from the attending physician.

The request is on file with the Department. Persons may receive a copy of the request for exception by requesting a copy from Department of Health, Division of

Acute and Ambulatory Care, Room 532, Health and Welfare Building, Harrisburg, PA 17120, (717) 783-8980, Fax: (717) 772-2163, E-Mail Address: jinks@state.pa.us.

Those persons who wish to comment on this exception request may do so by sending a letter by mail, E-mail or facsimile to the Division and the previous address.

Comments received by the Department within 10 days after the date of publication of this notice will be reviewed by the Department before it decides whether to approve or disapprove the request for exception.

Persons with a disability who wish to obtain a copy of the request and/or provide comments to the Department and require an auxiliary aide service or other accommodation to do so, should contact Director, Division of Acute and Ambulatory Care at (717) 783-8980, V/TT: (717) 783-6154 for Speech and/or Hearing Impaired Persons or the Pennsylvania AT&T Relay Service at (800) 654-5984 {TT}.

ROBERT S. ZIMMERMAN, Jr.,
Secretary

Application of Windber Medical Center for Exception

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) gives notice that Windber Medical Center has requested a waiver to the requirements of 28 Pa. Code § 571.1 which requires compliance with minimum standards contained in the following publication: *Guidelines For Design and Construction of Hospitals and Healthcare Facilities*. Windber Medical Center requests exceptions from the following standards contained in this publication: (1) Section 7.8.A3 which requires at least one separate Caesarian/Delivery Room in each Obstetrical Unit; (2) Section 7.4.A6 which requires a airborne infection isolation room; and (3) Section 7.4.B which requires a full-term nursery and permission to allow a door from corridor into the nursery.

The request is on file with the Department. Persons may receive a copy of the request for exception by requesting a copy from Department of Health, Division of Acute and Ambulatory Care, Room 532, Health and Welfare Building, Harrisburg, PA 17120, (717) 783-8980, Fax: (717) 772-2163, E-Mail Address: jinks@state.pa.us.

Those persons who wish to comment on this exception request may do so by sending a letter by mail, E-mail or facsimile to the Division and the previous address.

Comments received by the Department within 10 days after the date of publication of this notice will be reviewed by the Department before it decides whether to approve or disapprove the request for exception.

Persons with a disability who wish to obtain a copy of the request and/or provide comments to the Department and require an auxiliary aide service or other accommodation to do so, should contact, Director, Division of Acute and Ambulatory Care at (717) 783-8980, V/TT: (717)

783-6154 for Speech and/or Hearing Impaired Persons or the Pennsylvania AT&T Relay Service at (800) 654-5984 {TT}.

ROBERT S. ZIMMERMAN, Jr.,
Secretary

[Pa.B. Doc. No. 00-1427. Filed for public inspection August 18, 2000, 9:00 a.m.]

Organ Donation Advisory Committee Meeting

The Organ Donation Advisory Committee, established by section 8 of the act of December 1, 1994 (P. L. 655, No. 102) (20 P. S. § 8622), will hold a public meeting on September 13, 2000 from 10 a.m. to 2 p.m. The meeting will be held in Room 812 of the Health and Welfare Building, 7th and Forster Streets, Harrisburg, PA.

For additional information contact William J. Neil, Manager, Health Education and Information Program, Bureau of Chronic Diseases and Injury Prevention or Angela H. Anderson, Clerk Typist II, Health Education and Information Program, Bureau of Chronic Diseases and Injury Prevention, 1000 Health and Welfare Building, Harrisburg, PA (717) 787-5900.

Persons with a disability who desire to attend the meeting and require an auxiliary aid, service or other accommodation to do so, should contact William J. Neil or Angela H. Anderson at (717) 787-5900. V/TT (717) 783-6514 for speech and/or hearing impaired persons or the Pennsylvania AT&T Relay Services at (800) 654-5984 (TT).

This meeting is subject to cancellation without notice.

ROBERT S. ZIMMERMAN,
Secretary

[Pa.B. Doc. No. 00-1428. Filed for public inspection August 18, 2000, 9:00 a.m.]

DEPARTMENT OF PUBLIC WELFARE

Payments to Nursing Facilities; July 1, 2000 Final Rates

The purpose of this notice is to announce final payment rates for nursing facilities beginning July 1, 2000, in accordance with section 1902(a)(13)(A) of the Social Security Act (42 U.S.C.A. § 1902(a)(13)(A)), as amended by section 4711 of the Balanced Budget Act of 1997 (P. L. 105-33). A 2000-2001 Proposed Rates Notice was published at 30 Pa.B. 3315 (July 1, 2000) and provided for a 30-day comment period. The Department of Public Welfare (Department) did not receive any comments on the proposed July 1, 2000 rate notice.

Rates

The final July 1, 2000 rates are available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout this Commonwealth, or by contacting Tom Jayson in the Policy Section of the Bureau of Long Term Care Programs at (717) 705-3705.

Methodology

The methodology that the Department used to set the final rates is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for establishing the final rates is that the regulations at 55 Pa. Code Chapter 1187 and the Commonwealth's approved Title XIX State Plan require that rates be set on a quarterly basis.

Appeals

Nursing facilities may appeal their final rates under 55 Pa. Code § 1187.141(a)(7). Under 55 Pa. Code § 1187.141(c)(2), appeals must be filed within 30 days of the date of the Department's letter notifying the facility of its final rates. The filing of an appeal constitutes the exclusive way by which a nursing facility can present the Department with a demand that a final rate be modified, reversed, rescinded or otherwise altered, or with a demand that the Department increase the amount of reimbursement paid to the facility under that rate.

The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 2000-2001 based on these final rates is \$117.981 million (\$54.661 million in State funds).

Interested persons are invited to submit written comments about the final rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to: Department of Public Welfare, Office of Medical Assistance Programs, Attention: Suzanne Love, P. O. Box 2675, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

FEATHER O. HOUSTOUN,
Secretary

Fiscal Note: 14-NOT-255. (1) General Fund; (2) Implementing Year 2000-01 is \$54.661 million; (3) 1st Succeeding Year 2001-02 is \$59.630 million; 2nd Succeeding Year 2002-03 is \$59.630 million; 3rd Succeeding Year 2003-04 is \$59.630 million; 4th Succeeding Year 2004-05 is \$59.630 million; 5th Succeeding Year 2005-06 is \$59.630 million; (4) 1999-00 Program—\$693.625 million; 1998-99 Program—\$721.631 million; 1997-98 Program—\$617.252 million; (7) Medical Assistance—Long Term Care; (8) recommends adoption. Funds are available in the Department's budget to cover the cost of this rate change.

[Pa.B. Doc. No. 00-1429. Filed for public inspection August 18, 2000, 9:00 a.m.]

DEPARTMENT OF REVENUE

Cigarette Tax Notice

Under section 227-A of the Fiscal Code (72 P. S. § 227-A) (relating to administration powers and duties), the Department of Revenue (Department) hereby announces

the lowest cost of the stamping agent, wholesaler and retailer, respectively, effective July 31, 2000, as follows:

	<i>Premium Brands (a.k.a. Kings and Regulars)</i>	<i>Generic Brands</i>
Cost of the Stamping Agent (for sales to wholesalers)	\$26.24	\$23.54
Cost of the Wholesaler (for sales to retailers)	\$27.29	\$24.49
Cost of the Retailer (for sales to retail customers)	\$28.93	\$25.96

The Department considers these costs as presumptive minimum costs. Cigarette stamping agents, wholesalers and retailers are prohibited from selling cigarettes at a price lower than their respective presumptive minimum costs. These costs are listed on a per carton basis, 10 packs of cigarettes per carton, 20 cigarettes per pack. To determine the presumptive minimum price per pack of cigarettes, one should divide the costs listed previously by 10 and round to the nearest hundredth of a percent. For example, the presumptive minimum price of a pack of cigarettes sold by a retailer to a consumer is \$2.90 for premium brands (\$28.93/10), \$2.60 for generic brands (\$25.96/10).

Cigarette dealers who either sell cigarettes under a different packaging setup (that is, eight packs per carton) or sell cigarettes that do not qualify as premium or generic brands (that is, subgeneric, foreign or specialty cigarettes) as described previously are prohibited from selling cigarettes at a price lower than the cost of the stamping agent, cost of the wholesaler or cost of the retailer, respectively, as further defined and explained in the Department's cigarette tax regulations, 61 Pa. Code, Article III.

Cigarette dealers wishing to prove a cost different from the Department's presumptive costs stated above must follow the procedures listed under 61 Pa. Code Chapter 76 (relating to unfair sales of cigarettes).

ROBERT A. JUDGE, Sr.,
Secretary

[Pa.B. Doc. No. 00-1430. Filed for public inspection August 18, 2000, 9:00 a.m.]

DEPARTMENT OF TRANSPORTATION

Contemplated Sale of Land No Longer Needed for Transportation Purposes

The Department of Transportation, under 71 P. S. § 513(e)(7), intends to sell certain land owned by the Department.

The parcel available is located in Cumberland Township, Adams County and consists of approximately 3.4979 acres. This property is land locked and fronts along Route 15 which is a limited access highway.

It has been determined that the land is no longer needed for present or future Transportation purposes.

Interested Public Entities are invited to express their interest in purchasing the site within thirty (30) calendar

days from the date of publication of this notice to: Barry G. Hoffman, P.E. District Engineer. Department of Transportation Engineering District 8-0, 2140 Herr Street, Harrisburg, PA 17103.

BRADLEY L. MALLORY,
Secretary

[Pa.B. Doc. No. 00-1431. Filed for public inspection August 18, 2000, 9:00 a.m.]

Retention of Engineering Firms

Bucks, Chester, Delaware, Montgomery and Philadelphia Counties **Project Reference No. 08430AG2594**

The Department will retain an engineering firm for an Open-End Contract for various design review services on projects located in Engineering District 6-0, that is Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties. The Contract will be for a sixty (60) month period with projects assigned on an as-needed basis. The maximum amount of the Open-End Contract will be \$1.0 million.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Open-End Contract based on the Department's evaluation of the letters of interest received in response to this solicitation. The final ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the final ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a) Past record of performance with respect to cost control, work quality, ability to meet schedules, and previous experience on Open-end Contracts. The specific experience of individuals employed by the firm shall be considered.
- b) Available staffing for this assignment and the ability to meet the Department's needs.
- c) Specialized experience and technical competence of firm.
- d) Geographic location of Consultant with respect to Engineering District 6-0.

The work and services required under this Contract may encompass a wide range of design review efforts with the possibility of several different types of projects with short completion schedules being assigned concurrently. The anticipated types of projects include, but not limited to, bridge replacements or bridge rehabilitation with minor approach work, environmental studies, roadway betterments (3R type,) minor capital improvement projects (bridges or roadway), railroad grade crossing projects, and minor location studies, etc.

The selected firm will be required to provide engineering review services during the design phase of projects. Tasks that are required include, but are not limited to, review of: design submissions, hydraulic reports, type, size and location submissions, final bridge plans and computations, geotechnical reports and submissions, design drawings, special provisions, specifications and estimates. The selected firm will conduct design review meetings and plan checks; review design items of work;

coordinate required permit applications; standardize design details; evaluate value engineering submissions and make recommendations to the District Administrator. Tasks also include public involvement, environmental and bridge occupancy permit review and tracking, responding to public inquiries both through written and e-mail correspondence.

The engineering services identified above are the general work activities that can be expected under this Open-End Contract. A more specific and project-related Scope of Work will be outlined for each individual Work Order developed under this Open-End Contract.

This project reference assignment is considered non-complex to moderately complex. The letter of interest shall be limited to a maximum of three (3) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section).

The Letter of Interest submission shall be sent to:

Mr. Andrew L. Warren, District Administrator
7000 Geerdes Boulevard
King of Prussia PA 19406-15-25
Attn: Charles H. Davies, P.E.

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 P.M. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to Charles H. Davies, P.E., phone number (610) 205-6649, fax number (610) 205-6911.

York County **Project Reference No. 08430AG2595**

The Department will retain an engineering firm to provide environmental studies, preliminary engineering, final design, including preparation of bridge and roadway plans, specifications and estimates; construction consultation and viewers plans for:

S. R. 0194 Section 005, Segment 0190 Offset 0500 to Segment 0250 Offset 0500 in Washington Township, York County. Work will involve structure and roadway approach work with the S. R.4012 (Creek Rd.) intersection. There is the potential for structure work and Level 2 environmental clearances.

The required services will include, but not limited to; preparation of intent to enter notices, field surveys, plotting of topography, cultural resources, Categorical Exclusion Evaluation, wetlands, preliminary area reconnaissance, utility investigation, safety review meeting, hydrologic and hydraulic report, type, size and location submission, agency coordination, Step 9 submission, preparation of a joint permit application, development of a soils and foundation engineering report, erosion and sediment control plan and narrative, field view, right-of-way plans, utility engineering, structure plans, value engineering, maintenance and protection of traffic plan and narrative, preparation of construction plans, specifications and estimates, construction consultation, shop drawing review, project management, and viewers plans.

- The design of the project will be developed using English units.
- The Department will use Welcom's Open Plan software for project management and tracking.
- A project specific Quality Development Plan will be developed.

The Department is seeking a multi-disciplined team with environmental, geotechnical, highway design and structure design experience.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

a) Specialized experience and technical competence with the replacement and rehabilitation bridge projects and their ability to provide innovative solutions to complex technical problems.

b) Experience in environmental, highway design, structure design, geotechnical design, and hydrologic/hydraulic analysis and design.

c) Past record with respect to cost control (design and construction), work quality, and ability to meet schedules.

The goal for the Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen (15%) percent of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the "General Requirements and Information" section after the advertised project(s).

This project reference assignment is considered complex. The letter of interest shall be limited to a maximum of five (5) pages, 8 1/2" x 11", one sided, plus an organizational chart (up to 11" x 17" size), and additional resumes, if applicable. (See the General Requirements and Information Section for additional requirements for the Letter of Interest).

The Letter of Interest submission shall be sent to:

Mr. Barry G. Hoffman, P.E., District Engineer
Engineering District 8-0
2140 Herr Street
Harrisburg, PA 17103

Attention: Mr. Gregory J. Vaughn

The Letter of Interest submission for this project reference number must be received at the address listed above by 4:30 p.m. prevailing time on the twentieth (20th) day following the date of this Notice.

Any technical questions concerning the requirements for this project should be directed to: Mr. Gregory J. Vaughn, District 8-0, at (717) 783-5149.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

For District projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the appropriate District Office, by the deadline stipulated in the individual advertisements.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

By submitting a letter of interest for the projects that request engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania. A firm not conforming to this requirement may submit a letter of interest as a part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

The letter of interest must include full disclosure of any potential conflict of interest by the prime or any subconsultant based on Engineering Involvement Restrictions Guidelines as established in Strike-off Letter No. 433-00-02 published March 27, 2000. If there are no potential conflicts you shall include the following statement: "I have reviewed Strike-off Letter No. 433-00-02 and determine that there are no potential conflicts of interest for anyone on this project team."

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposed DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Letters of Interest will be considered non-responsive and eliminated from further consideration for any of the following reasons:

1. Letters of Interest not received on time.

- 2. Project of interest is not identified.
- 3. An Annual Qualification Package for the prime consultant and all subconsultants is not on file with the organization receiving the Letter of Interest.
- 4. Conflict of Interest evaluation statement is not included.
- 5. A Disadvantaged Business Enterprise (DBE) participation goal is established for the Project Reference Number but no DBE/WBE is identified and no good faith effort is included.
- 6. Firm submitted a Letter of Interest on more than one (1) Joint Venture or a firm submitted a Letter of Interest as a prime and was also included as a subconsultant, to another firm. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm, or firms, involved.

In addition to the above reasons, a Letter of Interest for Construction Inspection Services will be considered non-responsive for any of the following reasons:

- 1. Prime consultant or any subconsultant does not have a Federal Acquisition Regulation (FAR) Audit Field Overhead Rate on file with the Department.
- 2. Using an individual's resume without including a letter granting the individual's approval for TCIS and higher positions.
- 3. Exceeding the maximum number of resumes in a payroll classification.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

BRADLEY L. MALLORY,
Secretary

FISH AND BOAT COMMISSION

Closure of Cloe Lake, Jefferson County

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 53.4 (relating to limiting access to Commission property), will temporarily close Cloe Lake, Jefferson County, to all public access and use, effective immediately. Cloe Lake will be closed to all public use and access until further notice.

PETER A. COLANGELO,
Executive Director

[Pa.B. Doc. No. 00-1433. Filed for public inspection August 18, 2000, 9:00 a.m.]

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(d) and (g) of the Regulatory Review Act (71 P. S. § 745.5(d) and (g)) provides that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Commission may issue comments within 10 days of the close of the committee comment period. The Commission comments are based upon the criteria contained in subsections (h) and (i) of the Regulatory Review Act (75 P. S. § 745.5a(h) and (i)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulations must be submitted by the dates indicated.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-Form Submission Deadline</i>
106-5	Environmental Hearing Board Practice and Procedure	8/3/00	7/03/02

Environmental Hearing Board Regulation No. 106-5 Practice and Procedure

August 3, 2000

We submit for consideration the following objections and recommendations regarding this regulation. Each objection or recommendation includes a reference to the criteria in the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) which has not been met. The Environmental Hearing Board (Board) must respond to these Comments when it submits the final-form regulation. If the final-form regulation is not delivered by July 3, 2002, the regulation will be deemed withdrawn.

1. Section 1021.24. Referral of pro se parties to pro bono counsel.—Reasonableness and Clarity.

Determining need

Subsection (a) authorizes the Secretary of the Board (Secretary) to refer parties to pro bono counsel "who claim not to be able to afford a lawyer. . ." How the Secretary will verify a party's claim that they are unable to pay for legal services is unclear. Therefore, the Board should include criteria and a process for verifying a party's financial need for pro bono representation in the final-form regulation.

Subsection (a)(3)

Subsection (a)(3) allows the Secretary to refer parties to "[A]n individual attorney, law firm or organization . . . who have volunteered to take on the representation." (Emphasis added.) The phrase "the representation" is unclear. The article "the" preceding "representation" denotes that the individual attorney, law firm or organization have agreed to accept a specific case, instead of simply making their services available for pro bono services. The Board should amend this phrase to denote that an individual attorney, law firm or organization are available to provide pro bono services, generally.

Subsection (b)

We have a number of concerns with subsection (b). First, this subsection lists the requirements to participate on the Board's register of attorneys. Included in this list is that the attorney "must have indicated a willingness and commitment not to charge any fee for his or her services." The phrase "willingness and commitment" is vague. The Board should clarify this requirement to reflect that any individual attorney, law firm or organization that wishes to register for pro bono work must agree not to charge for their services, but are able to charge the reasonable expenses for the litigation.

Second, the process for registering with the Secretary is unclear. Do interested parties need to fill out an application? Will the Board conduct interviews with prospective registrants? The Board should outline the process for registering with the Secretary in the final-form regulation.

Finally, we question whether there is a mechanism in place for purging attorneys, law firms and organizations that may no longer want to participate in the Secretary's register. The final-form regulation should include a process for maintaining this list.

2. Section 1021.54. Substitution of parties.—Clarity.*Election*

Subsection (a) allows a person to succeed to "the interests of a party to an appeal by operation of law, election, appointment or transfer of interest . . ." The term "election" as used in this phrase is unclear. We understand that, in this instance, "election" pertains to "election to public office." For clarity, the Board should add "to public office" after "election."

INSURANCE DEPARTMENT**Application for Approval to Merge**

Legion Insurance Company, a Pennsylvania domiciled stock casualty insurance company, has submitted a Plan of Merger, whereby it proposes to merge with Psychiatrists Risk Retention Group, a Tennessee domiciled Risk Retention Group. The survivor of the merger would be Legion Insurance Company. The initial filing was received on August 2, 2000, and was made under requirements set forth under the Business Corporation Law of 1988, 15 Pa.C.S. §§ 1921—1932 and 15 P.S. §§ 21205—21207. Persons wishing to comment on the grounds of public or private interest in this merger are invited to submit a written statement to the Pennsylvania Insurance Department within 15 days from the date of this issue of the *Pennsylvania Bulletin*. Each written statement must include name, address and telephone number of the author, identification of the application to which the statement is addressed, and a concise statement with sufficient detail to inform the Insurance Department of the exact basis of the statement and the relevant facts upon which it is based. Written statements should be directed to Robert Brackbill, Company Licensing Division, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120, fax (717) 787-8557, or submitted by E-mail to rbrackbi@ins.state.pa.us.

M. DIANE KOKEN,
Insurance Commissioner

[Pa.B. Doc. No. 00-1436. Filed for public inspection August 18, 2000, 9:00 a.m.]

Application for Merger

An application has been received requesting approval of the merger of District-Realty Title Insurance Corporation, a nonadmitted stock title insurance company organized under the laws of the State of Maryland, with and into Commonwealth Land Title Insurance Company, a stock title insurance company organized under the laws of the Commonwealth of Pennsylvania. The initial filing was received on August 2, 2000, and was made under requirements set forth under the Business Corporation Law of 1988, 15 Pa.C.S. §§ 1921—1932 and 15 P.S. §§ 21205—21207. Persons wishing to comment on the grounds of public or private interest in this merger are invited to submit a written statement to the Insurance Department within 15 days from the date of publication of this notice in the *Pennsylvania Bulletin*. Each written statement must include the name, address and telephone number of the interested party, identification of the application to which the statement is addressed, and a concise statement with sufficient detail and relevant facts to inform the Department of the exact basis of the statement. Written statements should be directed to Cressinda Bybee, Company Licensing Division, Insurance Department, 1345 Strawberry Square, Harrisburg, PA 17120; fax (717) 787-8557; e-mail cbybee@ins.state.pa.us.

M. DIANE KOKEN,
Insurance Commissioner

[Pa.B. Doc. No. 00-1437. Filed for public inspection August 18, 2000, 9:00 a.m.]

Application for Voluntary Dissolution

Philcare Health Systems, Inc., a domestic health maintenance organization, has submitted an application for approval of the voluntarily dissolution of its charter. The filing was made under requirements set forth under the Business Corporation Law of 1988, 15 Pa.C.S. § 1 et seq. Persons wishing to comment on the grounds of public or private interest concerning the dissolution, are invited to submit a written statement to the Insurance Department within 30 days from the date of this issue of the *Pennsylvania Bulletin*. Each written statement must include the name, address and telephone number of the writer, identification of the application to which the comment is addressed, and a concise statement with sufficient detail to inform the Insurance Department of the exact basis of the comment and the relevant facts upon which it is based. Written statements should be directed to Robert Brackbill, Company Licensing Division, Room 1311 Strawberry Square, Harrisburg, PA 17120, by fax to (717) 787-8557, or by E-mail to rbrackbi@ins.state.pa.us.

M. DIANE KOKEN,
Insurance Commissioner

[Pa.B. Doc. No. 00-1438. Filed for public inspection August 18, 2000, 9:00 a.m.]

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insured has requested a hearing as authorized by the act of June 17, 1998 (P. L. 464, No. 68) in connection with the termination of the insured's automobile policy. The hearing will be held in accordance with the requirements of the act; 1 Pa. Code Part II (relating to the General Rules of Administrative Practice and Procedure); and 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure). This administrative hearing will be held in the Insurance Department's Regional Offices in Harrisburg, PA. Failure by the appellant to appear at the scheduled hearing may result in dismissal with prejudice.

The hearing will be held in the Second Floor Hearing Room, Capitol Associates Building, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of William P. and Diane L. O'Brien; file no. 00-124-04308; Erie Insurance Group; doc. no. P00-07-024; September 6, 2000, at 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or evidence. Each party must bring documents, photographs, drawings, claims files, witnesses and the like necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Commissioner may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator, at (717) 787-4298.

M. DIANE KOKEN,
Insurance Commissioner

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Publication of this notice shall be considered as sufficient notice to all carriers holding authority from this Commission. Applications will be considered without hearing in the absence of protests to the application. Protests to the applications published herein are due on or before September 11, 2000, as set forth at 52 Pa. Code § 3.381 (relating to applications for transportation of property and persons). The protest shall also indicate whether it applies to the temporary authority application or the permanent application or both.

Applications of the following for approval of the *beginning of the exercise of the right and privilege of operating as common carriers for transportation of persons as described under each application.*

A-00117045. Sunpark, Inc. (690 Delaware Avenue, Buffalo, NY 14209), a corporation of the State of Delaware—persons, in airport transfer service, from points in the county of Delaware and the city and county of Philadelphia, to the Philadelphia International Airport, located in the city and county of Philadelphia and the township of Tinicum, Delaware County. *Attorney:* Michael J. Stack, Jr., 1600 Locust Street, Philadelphia, PA 19103.

A-00117103. John J. Valasek, t/d/b/a Extreme Limousine (1532 Leishman Avenue, Arnold, Westmoreland County, PA 15068)—persons in limousine service, between points in the counties of Armstrong, Washington and Westmoreland, and from points in said counties, to points in Pennsylvania, and return.

A-00117104. Harris Medical Systems, Inc. (1561 Gable Drive, Coopersburg, Lehigh County, PA 18036), a corporation of the Commonwealth of Pennsylvania—persons in paratransit service, between points in the counties of Berks, Bucks, Lehigh and Montgomery, and from points in said counties, to points in Pennsylvania, and return. *Attorney:* Marci M. Schneider, 4029 West Tilghman Street, Allentown, PA 18104.

A-00117106. Toni R. Cummings (27 Witwer Road, Christiana, Lancaster County, PA 17509)—persons in paratransit service, between points in the borough of Christiana, Lancaster County, and within an airline distance of 10 statute miles of the limits of said borough, and from points in said area, to points in Pennsylvania, and return; limited to the transportation of persons whose personal convictions prohibit them from owning or operating motor vehicles.

A-00117107. Amish Insight Tours, LLC (758 New Holland Avenue, Lancaster, Lancaster County, PA 17602)—persons in paratransit service, between points in

the county of Lancaster. *Attorney:* J. Bruce Walter, 1 South Market Square, P. O. Box 1146, Harrisburg, PA 17108-1146.

Applications of the following for approval of the additional right and privilege of operating motor vehicles as common carriers for transportation of persons as described under each application.

A-00022037, Folder 8. The Parrish Transportation Co. (1095 Pittston By-Pass, Jenkins, Luzerne County, PA 18640), a corporation of the Commonwealth of Pennsylvania—additional right—persons in limousine service, between points in the counties of Lackawanna and Luzerne, and from points in said counties to points in Pennsylvania, and return.

Applications of the following for amendment to the certificate of public convenience approving the operation of motor vehicles as common carriers for transportation of persons as described under each application.

A-00106109, Folder 1, Am-B. Greensburg Yellow Cab Co., t/d/b/a Yellow Cab of Greensburg (951 West Pittsburgh Street, Greensburg, Westmoreland County, PA 15601), inter alia—persons upon call or demand in the city of Greensburg, the boroughs of South Greensburg, Southwest Greensburg, Youngwood, New Stanton, Madison, Arona and Hunker, and the township of Hempfield, all in Westmoreland County, subject to the following condition: that no right, power or privilege is granted to transport train crews to or from the facilities of Consolidated Rail Corporation in the borough of Youngwood, Westmoreland County: *so as to permit* the transportation of persons upon call or demand, between points in the city of Jeannette, and within an airline distance of 3 statute miles of the limits of said city, the boroughs of Penn and Adamsburg and the township of Hempfield, all located in Westmoreland County.

Application of the following for approval of the beginning of the exercise of the right and privilege of operating motor vehicles as common carriers for the transportation of household goods as described under each application.

A-00117105. Oxford Household Movers, Inc. (P. O. Box 296, 142 Locust Street, Oxford, Chester County, PA 19363), a corporation of the Commonwealth of Pennsylvania—household goods in use, between points in the borough of Oxford, Chester County, and within an airline distance of 50 statute miles of the limits of said borough. *Attorney:* R. Samuel McMichael, P. O. Box 296, 142 Locust Street, Oxford, PA 19363.

Application of the following for amendment to the certificate of public convenience approving the operation of motor vehicles as common carriers for the transportation of household goods by transfer as described under each application.

A-00094528, Folder 1, Am-D. Fife Moving & Storage Co. (2121 West Chestnut Street, Washington, Washington County, PA 15301), a corporation of the Commonwealth of Pennsylvania, inter alia—household goods in use, between points in the borough of Houston, Washington County, and within 10 miles by the usually traveled highways of the limits of said borough: *so as to permit* the transportation of (1) household goods in use, between points in the county of Allegheny, and from points in said county, to points in the county of Beaver, and vice versa; and (2) property, excluding household goods in use, between points in Pennsylvania; which is to be a transfer of the rights authorized under the certificate issued to

Werner-Donaldson Moving Services, Inc., at A-00105287, subject to the same limitations and conditions. *Attorney:* William A. Gray, 2310 Grant Building, Pittsburgh, PA 15219.

Application of the following for the approval of the transfer of stock as described under each application.

A-00109666, Folder 5001. American Para-Transit, Inc. (333 Jenkintown Commons, Jenkintown, Montgomery County, PA 19046), a corporation of the Commonwealth of Pennsylvania—stock transfer—for approval of the transfer of all 100 shares of the issued and outstanding stock from George Christ to Aleph Management Systems, Inc. *Attorney:* John J. Gallagher, 1700 Market Street, Suite 1100, Philadelphia, PA 19103.

A-00110066, Folder 5000. Alina Cab Company (72 Banbury Ct., Holland, Bucks County, PA 18966), a corporation of the Commonwealth of Pennsylvania—for the approval of the transfer of 100 shares of the issued and outstanding stock from Anatoly David to Alina Krechner involving one Philadelphia Medallion at A-00110066, P-372.

TURNPIKE COMMISSION

Retention of an Engineering Firm

Full Depth Roadway Reconstruction Allegheny County, PA

Reference No. 1-119

The Turnpike Commission (Commission) will retain an Engineering firm for the feasibility study to redeck and widen or replace the Allegheny River Bridge at Milepost 48, Allegheny County.

The study will investigate redecking and widening or replacement of the bridge while maintaining four lanes of traffic during construction. The determination of side road and railroad impacts, right-of-way and utility impacts, and environmental impacts will be included with the study. The study will also develop a proposed construction-staging scheme and construction cost estimate.

Questions and inquiries concerning this Project should be directed to Gary L. Graham, P.E., at (717) 939-9551, Ext. 5990, or by e-mail at ggraham@paturnpike.com.

The following factors will be considered by the Commission during the evaluation of the firms submitting Letters of Interest for these projects:

a. Specialized experience and technical competence of prime consultant and subconsultants. The Team must clearly demonstrate an ability to analyze available data to make decisions and develop documents to complete the project in a timely and cost effective manner.

b. Past record of performance with respect to cost control, work quality, ability to meet schedules and previous experience on similar projects. The consultant should identify similar projects that have been completed by that firm as the prime, the magnitude of the project, and the client.

c. The specific experience and number of individuals who constitute the firm.

d. Location of consultant's office where the work will be performed.

e. Workload of the prime consultant and subconsultants for all Department of Transportation and Turnpike Commission projects.

f. Other factors, if any, specific to the project.

General Requirements and Information

Firms interested in providing the noted work and services are invited to submit a Letter of Interest with the required information. The Letters of Interest must include the following:

1. One page transmittal letter clearly identifying the project reference number, brief description of the project from the advertisement, the firm's Federal identification number, the firm's legal name, contact person or project manager, address of corporate office and project office. (If the firm has multiple offices, the location of the office performing the work must be identified).

2. A three page expression of interest on the advertised project. Each firm should demonstrate their ability to perform the specific requirements indicated for the project and provide explanation that the firm has successfully completed similar type projects of the same magnitude.

3. An organization chart for the Project, identifying key personnel and any subconsultants and their roles. Any deviation from the subconsultant's listed in the letter of interest will require written approval from the Commission.

4. Tabulation of workload for the prime consultant and all subconsultants for all Department of Transportation and Turnpike Commission projects.

5. An Annual Qualification Package similar to the one submitted to the Department of Transportation for the current year that is in the same District as this project or one that is best suited for this project.

The Annual Qualification Package should contain at a minimum the following information for the prime consultant and all subconsultants and attached to the back of the letter of interest (subs to follow primes):

- Standard Form (SF) 254—Architect-Engineer and Related Services Questionnaire in its entirety, not more than 1 year old as of the date of the advertisement.

- Resumes of key personnel expected to be involved in the project (limit to one 8 1/2 x 11 page, one side, per person). Only resumes of key personnel should be included.

- Copy of the firm's registration to do business in the Commonwealth as provided by the Department of State for firms with out-of-State headquarters or corporations not incorporated in Pennsylvania.

- A copy of the Department's DBE/WBE Certification, if applicable.

If a Joint Venture responds to a project advertisement, the Commission will not accept separate letters of interest from joint venture constituents. A firm will not be permitted to submit a letter of interest on more than one joint venture for the same project reference number. Also, a firm that responds to a project as a prime may not be included as a designated subconsultant to another firm that responds to the same project advertisement. This does not preclude a firm from being set forth as a designated subconsultant to more than one prime consultant responding to the project advertisement.

The Commission is committed to the inclusion of disadvantaged, minority and woman firms in contracting opportunities. The minimum participation level for DBE/MBE/WBEs in this contract will be 5%. Responding firms shall clearly identify DBE/MBE/WBE firms, expected to participate in these contracts, in their letter of interest. If the selected firm does not meet the minimum requirement for DBE/MBE/WBE participation, they will be re-

quired to demonstrate good faith efforts to achieve the required level. Proposed DBE/MBE/WBE firms must be certified by the Department of Transportation at the time of the submission of the letter of interest. If further information is desired concerning DBE/MBE/WBE participation, direct inquiries to the Office of Equal Opportunity Development, Turnpike Commission by calling (717) 939-9551, Ext. 4241.

Firms interested in performing these services are invited to submit a letter of interest and required information to Barry L. Troup, P.E., Assistant Chief Engineer for Design, at the PA Turnpike Commission Administration Building located at 176 Kost Road, Carlisle, PA 17013-0779. (FedEx address: 176 Kost Road, Carlisle, PA 17013-0779) (Mailing Address: P. O. Box 67676, Harrisburg, PA 17106-7676).

The letter of interest and required information must be received by 12 p.m. (noon), Local Time, Friday, September 1, 2000. Any letters of interest received after this date and time will be time-stamped and returned.

Based on an evaluation of acceptable letters of interest received in response to these solicitations, one firm will be selected for this project. The order of preference will be established for the purpose of negotiating an agreement with the highest ranked firm established by the Technical Review Committee and approved by the Selection Committee. Technical Proposals or Requests for Proposals will not be requested prior to selection.

The Commission reserves the right to reject all letters of interest, to cancel solicitation requested under this notice, and/or to re-advertise solicitation for the work and services.

Total Deductions	\$ 945,383.64
Unreserved Fund Balance, Ending	\$ 418,246.56

- (1) This figure does not include administrative commitments of \$10,800.00 contingently committed against future years spending authorizations.
- (2) This figure does include \$45,963.91 in expenses from special projects approved by the WRCF board.
- (3) This figure does not include project commitments of \$176,663.00 (of which \$18,396.75 are special projects) contingently committed against future years spending authorizations. This figure does include \$45,802.01 in special projects approved by the WRCF board.

(Prepared by Comptroller's Office)

Public Hearing

The Wild Resource Conservation Board has scheduled a public hearing for Tuesday, September 12, 2000, 1 p.m. at the PA Fish and Boat Office, 1601 Elmerton Ave., in the Delaware Room, Harrisburg. The purpose of the hearing is to provide individuals and organizations the opportunity to comment on the recommendations and programs funded with moneys from the Wild Resource Conservation Fund. The Wild Resource Conservation Board is interested in hearing from any individual or organization that wishes to make comment on the projects submitted for funding to the agencies, Game Commission, Fish and Boat Commission or the Department of Conservation and Natural Resources list published in this issue of the *Pennsylvania Bulletin*. Agencies project recommendations for funding will be presented at the public hearing.

Only comments from the general public regarding the projects received will be heard at the September 12, 2000 public hearing.

The Board will then evaluate all recommendations submitted for its consideration and final funding decisions will be approved at the annual meeting on November 21, 2000.

Annual Meeting

The Wild Resource Conservation Board has scheduled an annual meeting on Tuesday, November 21, 2000, 1 p.m., PA Fish & Boat Commission, 1601 Elmerton Ave., in the Erie Room, Harrisburg. A full report will be presented on the allocation of moneys from the Wild Resource Conservation Fund. The Board will consider all presenta-

tions made at the public hearing and the plans outlined by the professional technical staffs of the Fish and Boat Commission, Game Commission and Department of Conservation and Natural Resources.

The recommendations funded by the Board will be administered by the Fish and Boat Commission, the Game Commission and the Department of Conservation and Natural Resources. The recommendation selections will be based on their individual contribution to the management goals of three agencies and those outlined in the Wild Resource Conservation Act.

The following list includes the project recommendations requesting funding for 2000-2001 received by the Wild Resource Conservation Board. The public is invited to offer comment at the public hearing on September 12, 2000. The public hearing will be held at The Pennsylvania Fish and Boat Commission, 1601 Elmerton Ave., Delaware Room, Harrisburg, PA at 1 p.m. Please limit comments to 5 minutes and provide eight copies for the Wild Resource Conservation Board.

Project Submissions to DCNR for WRCF Funding in 2000

- *Title:* Pre-European Settlement Forest Map for Pennsylvania

Objective: Create a digital pre-European settlement forest cover map of PA based primarily on witness tree data; and prioritize future witness tree studies on criteria of data quality, accessibility, and the location and extent of past witness studies.

Justification: Over the past century, ecologists have utilized trees recorded in surveyor's notes to reconstruct forest composition at the time of European settlement. By

transcribing these original survey maps to modern USGS topographic quadrangles, species-site relationships and the role of disturbance such as wind throw and fire can be established. However no initiatives have been to compile these studies into a single state map depicting the composition of PA's forests at the time of European settlement. PA is unique from other eastern states in that the majority of witness tree data are readily available for analysis.

Sponsor: Penn State

Cost: \$22,500

- *Title:* Field Studies and Review of POSCIP

Objective: Data recording and specimen verification discover and document new taxa for Pennsylvania, field surveys for POSCIP species, provide herbarium services to the Heritage Program.

Justification: Monitoring and conserving PA's plant diversity is dependent on the most complete and accurate information possible, including data from current field surveys, historical collections, and literature reviews. Correct identification of historical specimens is critical to the reliability of the PNDI database as a tool for environmental review as well as to current monitoring efforts.

Sponsor: Phipps Conservatory & Botanical Gardens

Cost: \$25,305

- *Title:* Field and Office Studies of Plant Species of Special Concern in Eastern PA

Objective: Conduct field surveys in eastern PA to attempt to locate denovo populations and confirm extant or historical populations of plant species of special concern having state suggested status of endangered, threatened, rare or undetermined. The surveys will involve a minimum of 25 species on the Plants of Special Concern in PA (POSCIP) list.

Justification: Field work is necessary for the proper conservation of wild plant resources in PA without the new and revised data that field surveys provide the completeness and reliability of the PNDI database, and therefore plant conservation, would be compromised.

Sponsor: The Nature Conservancy

Cost: \$25,000

- *Title:* Update and Expansion of a Supplement to the Data Management System for the PA Natural Diversity Inventory—East

Objective: Update and expand the supplemental database developed to record, store and map negative data.

Justification: Database was developed using a subset of data that included plants and natural communities in Cumberland County PA. The negative database provides field staff with more complete information on species distribution and plant community types. It also targets sites that do show potential for species occurrences, to provide recommendations such as what to look for and the time of year to revisit.

Sponsor: The Nature Conservancy

Cost: \$36,000

- *Title:* Field, Herbarium Studies of Six TU Plant Species

Objective: Evaluate the taxonomic status of six plant species or species complexes, evaluate the field status of six plant species or species complexes, determine how

each species complex should be treated within the PNDI context, provide recommendations for appropriate PNDI status of the plant involved.

Justification: The vascular plants segment of the Species of Special Concern in PA list contains 138 species classified as TU (tentatively undetermined). A comparison of the Species of Special Concern List prepared for the Vascular Plants Technical Committee in March 2000 revealed a number of cases where the taxonomic or nomenclatural treatment of plants differed between the recently published book *The Plants of Pennsylvania, An Illustrated Manual* (Rhoads and Block 2000) and the SOSC list. Many of these cases involve differences in the treatment of subspecies or varieties. This raises the questions of how these plants should be treated in the PNDI program.

Sponsor: Morris Arboretum

Cost: \$38,797

- *Title:* Documenting the Native and Introduced Flora Associated with Glacial Lakes in Northeast PA

Objective: Compile for each glacial lake in western PA a list of plant species presently documented with herbarium specimens (recent and historic), conduct field studies to produce more complete and current lists of the floras of these lakes, map the locations of invasive alien plant species, map locations and assess the size and condition of occurrences of plant species of special concern, map the major habitat areas of the lakes, collect data that will assist community ecologists in characterizing aquatic natural communities, provide baseline data from which changes in population sizes of rare species and invasive species can be detected, provide recommendations for conservation planners and stewards regarding protection of rare plants and management of invasive species.

Justification: Glacial Lakes are among the most treasured natural features of PA. Of the 2,500 lakes in the Commonwealth, only 50 were naturally formed. These lakes are important scenic and recreational resources, and are the focus of much tourism activity. Glacial lakes also comprise habitat for many species of plants and animals that would not otherwise inhabit PA.

Sponsor: Western Pennsylvania Conservancy

Cost: \$29,000

- *Title:* Lawrence County Natural Heritage Inventory

Objective: Provide an accurate database of the important and unique natural biological resource sites within the county which will aid county and local governments in land and use review and planning decision making processes, assist federal, state, and local agencies in streamlining their environmental permitting processes thus avoiding costly delays for various development activities; aid public and private interests with information for the protection and preservation of significant sites harboring natural biological resources, alert land developers to significant natural resource area locations to channel development around environmentally sensitive sites

Justification: Lawrence County was awarded a grant from DCNR to conduct a Natural Heritage Inventory. The grant totals \$88,582.00 which includes a match of \$44,291 (50%). Because Lawrence County has one of the lowest per capita in PA is seeking this grant to meet the match requirement of the NHI grant.

Sponsor: Lawrence County Dept. of Environmental Services

Cost: \$30,000

- *Title:* 2001 Rare Plant Inventory within Northwestern Pennsylvania

Objective: Continue to search for new occurrences of rare plant communities and plants of special concern in PA, stewardship projects at Presque Isle and Erie National Wildlife Refuge will be maintained and a stewardship project to restore rare habitat on the privately owned Harmonsburg Fen in Crawford County will be initiated.

Justification: There is a great need for additional inventory in Northwestern PA for Plants of Special Concern in PA. If rare plants or rare natural communities are identified prior to development, a development can be altered or constructed in a manner that will allow the plants to survive. Discovery of a rare natural communities allows conservation groups to make an effort to purchase a property before it is threatened by development. Landowners often decide to contribute a property after they have been informed that the property has statewide or global significance.

Sponsor: Cleveland Museum of Natural History

Cost: \$15,000

Project Submissions to the PA Fish and Boat Commission for Funding in 2000

- *Title:* Crayfish Census of the West Branch Susquehanna River Basin

Objective: Sample major tributaries and all counties of the West Branch Susquehanna River. Sites producing crayfishes difficult to identify (because the males are in Form II) will be resampled to obtain Form I males (used for positive identification).

Sponsor: Lock Haven University

Cost: \$3,027

- *Title:* Conservation and Management of Fish, Herptiles and Aquatic Species—Special Projects.

Objective: Complete a series of specific projects related to the monitoring and management of nongame fish, amphibians, reptiles and aquatic organisms.

Justification: 46 fish, 12 amphibians, and 2 freshwater mussels are presently on the PA Endangered and Threatened and/or Candidate Species Lists. Project views, special studies and data management to adequately address the conservation of these species will be accomplished by the special projects.

Sponsor: The Nature Conservancy

Cost: \$46,800

- *Title:* Assessment of Genetic Variation and Gene Flow Among Populations of the Timber Rattlesnake, *Crotalus horridus*, in Eastern and Northcentral Pennsylvania

Objective: Assessing the level of genetic variation present in populations of timber rattlesnake, *Crotalus homidus*, in eastern and northcentral Pennsylvania. Collect tissue samples, which will allow us to expand our analysis of genetic variation of timber rattlesnakes to six populations in the Northeastern, Southeastern, and Northcentral regions of PA.

Justification: This project will provide information about the gene flow among these populations of timber rattlesnakes in PA.

Sponsor: Beaver College

Cost: \$18,875

- *Title:* The Effect of Forest Management Practices on Vernal Woodland Pond Amphibians

Objective: Survey of ponds in bordering and some distance from a clear-cut in the Michaux State Forest near Fayetteville, PA and investigation of a single pond bordered by a clear-cut near Dillsburg, PA for which we have amphibian population estimates for several years prior to a clear-cut.

Justification: Because populations of amphibians often demonstrate dramatic fluctuations between years, it is virtually impossible to draw conclusions from a study lasting a single year. It is essential that the project continue in order to adequately assess the impact of timber harvest on these populations.

Sponsor: Shippensburg University

Cost: \$8,456.48

- *Title:* Pennsylvania Herpetological Atlas Project

Objective: Using volunteers to inventory the entire state of PA in the areas near their homes, of all herps. Provide detailed distribution maps for all species of amphibians and reptiles in the state, provide detailed database on the distribution of amphibians and reptiles that will aid environmental managers in making informed and ecologically sound decisions regarding resource utilization within the state. Identify localities of endangered or threatened species of amphibians and reptiles so that they may be protected.

Justification: Volunteers will make it possible to inventory the entire state at a minimal cost.

Sponsor: Indiana University

Cost: \$35,654

- *Title:* The Vernal Pool Inventory Pilot Project

Objective: A part-time vernal pool inventory pilot project coordinator for the first year of a 4-year initiative to develop a solid infrastructure for a long-term program. Map and monitor 12 vernal pools in three central PA counties, develop protocol for volunteers documenting vernal pools in PA.

Justification: Vernal pools or ephemeral wetlands are critical breeding habitat in the northeastern US for four species, spotted and Jefferson salamanders, wood frogs and fairy shrimp. These highly productive landscape features provide biomass to associated upland ecosystems and are important habitat for a number of vernal pool species in northeastern North America that are on state endangered and threatened species lists.

Sponsor: Michael McCarthy

Cost: \$13,300

- *Title:* Pennsylvania Aquatic Community Classification Project

Objective: Further PA Natural Community Classification project, provide a reference set of high quality aquatic communities for PA as well as develop comparative data from impaired stream systems, identify potential biotic indicators of community integrity and/or impairment (both floral and faunal), compile a database of information for future monitoring/mitigation-assessment projects.

Justification: Assessing and Monitoring the Ecological Integrity of waterbodies has been identified as a priority project for DCNR, DEP, PFBC, the PNDI and the Nature Conservancy. It is impossible to assess or monitor ecologi-

cal integrity of watersheds without fundamental baseline data to characterize waterbodies, especially streams and rivers to community type.

Sponsor: The Nature Conservancy

Cost: \$30,600

- *Title:* A Basin-wide Survey for Native Freshwater Mussels of the Allegheny River with Emphasis on Federally Listed Species

Objective: Estimate density, abundance, and distribution of *P. clava* and *E.t. rangiana* and proposed state listed species in the middle Allegheny River, estimate area and proportion of the middle Allegheny that supports viable populations of *P. clava* and *E.t. rangiana* and evaluate river hydraulics at these sites.

Justification: The Allegheny River drainage is known to support some of the best remaining populations of two Federally listed endangered freshwater mussel species, the clubshell, and the northern riffleshell.

Sponsor: US Geological Survey

Cost: \$25,000

- *Title:* Status of *Luxilus* Species in PA

Objective: The common shiner, and the striped shiner are the only two members of the genus *Luxilus* that are found in PA. These two species are sympatric throughout a relatively narrow area from northeastern Illinois, northern Indiana and Ohio, southern Michigan and Ontario, and western PA and New York. A sample of *Luxilus* populations will be collected from all the major drainages in the Commonwealth. Fishes will be extensively sampled on both sides of the divide that separates the Allegheny and Susquehanna Rivers. A series of morphometric data will be analyzed and meristic data will be used to determine morphological differences among populations.

Justification: It is feasible that a new rare and endangered fish is presently residing in northcentral PA.

Sponsor: Penn State

Cost: \$44,384

- *Title:* The Structural Characteristics of Timber Rattlesnake Dens in PA

Objective: Locate critical habitat of foraging areas, basking areas, and over wintering dens or hibernacula. The timber rattlesnake has different habitat requirements depending upon the time of year and the physiological condition of the snake.

Justification: Previous research has thoroughly described the structure and appearance of foraging and basking areas in PA. However distinctive geographic, vegetation or physiographic features that may allow conservation biologists to identify actual hibernation dens have not been ascertained. The location of the over wintering dens used by a timber rattlesnake population is an extremely important factor it provides specific microclimatic conditions that allow survival of snakes over the 5-6 month winter hibernation period.

Sponsor: The College of New Jersey

Cost: \$4,960

- *Title:* The Impact of Timber Harvesting on Woodland Amphibians

Objective: Vernal pools located in forests with known age disturbances will be monitored to determine the number of breeding amphibians. Ponds will be selected based upon the community structure (# of salamander and frog

species). Those with the highest number in the assemblage will be given the highest priority.

Justification: Impacts based upon 1 or 2 years of data is very risky.

Long-term amphibian studies need to begin now so that we might better understand the impact of forest disturbances.

Sponsor: Randy Cassell, Cumberland Valley High School

Cost: \$22,000

Project Submissions to the PA Game Commission for Funding in 2000

- *Title:* Wild Action Grant Program

Objective: Provide financial support for 25 schools and/or youth groups to improve habitat for wildlife on school and community grounds and incorporate these habitats into classroom curriculum and club programming.

Justification: To ensure habitat conservation for native plants and wildlife both now and in the future, it is essential that habitat conservation education programs be implemented in our schools and youth organizations.

Sponsor: PA Game Commission

Cost: \$4,000

- *Title:* Special Concern Mammal Species Research and Management

Objective: Continue research on the least shrew in Franklin, Lebanon and Schuylkill Counties, coordinate all summer bat maternity concentration survey programs, research in Wyoming State Forest concerning the rock vole, and rock shrew, coordinate the important mammal areas project for the PA Biological Survey's Mammal Committee.

Justification: The continuation of inventories of the various special concern species coupled with long term research of communities and populations will result in the information needed by wildlife management professionals as the formulate strategies. These continued inventories would also permit us to create a picture for future referral in assessing the success of our wildlife management programs.

Sponsor: The Nature Conservancy

Cost: \$30,000

- *Title:* Maintenance of the Official List of Birds of Pennsylvania

Objective: To maintain the official list, review status of all species, archive copies of slides, review new records, publish results, to hold committee meetings.

Justification: Until recently no formalized system of reviewing current and historical bird records in PA had been established. The ornithological and birding communities usually accepted published historical records, without question. To achieve a system of review and records the PA Ornithological Records Committee was founded and a system established.

Sponsor: PA Ornithological Records Committee

Cost: \$2,000

- *Title:* Development of a Population Monitoring Procedure for River Otters: Application of Genetic Techniques to Identify Individuals from SCAT

Objective: Investigate the potential for use of DNA obtained from river otter scat for generation of genetic data from microsatellite loci. Assess the information content of

microsatellite loci (identified as useful in objective 1) for the identification of individual river otters. To develop appropriate sampling methodologies for surveys of river otter populations based on genetic analyses of scat. Use genetic analysis of DNA from otter scat to gather population census data for river otters in Pennsylvania.

Justification: This will enable us to determine the composition of otter groups using marking areas and determine if all otters active deposit scats during visits to a marking site.

Sponsor: Frostburg State University

Cost: \$42,700

- *Title:* Important Bird Area Baseline Surveys/ Conservation Planning for Eight IBA Areas

Objective: Obtain much needed scientific information on the bird communities and habitat relationships within the eight identified Important Bird Areas in PA. Provide the land manager, DCNR (including two state parks and three state forests) and PA Game Commission (three SGL areas) with specific data on bird populations and bird-habitat relationships, and provide management options to maintain and/or enhance these valuable avian communities. Create seasonal bird checklists for each IBA site, and where appropriate (both state parks, and Quehanna Wild Area) recommend birding trails to facilitate nature-based tourism.

Justification: PA's two most important avian habitats are forest and wetlands. "Penn's Woods" is an important part of the state's identity and is our most significant bird habitat.

Sponsor: Pennsylvania Audubon Society

Cost: \$38,000

- *Title:* Mycophagy by small mammals: Implications for Management and Preservation of PA's Forests

Objective: In order to understand the role of small mammals in the ecosystem one must delineate the requirements and degree of consumption of underground fleshy fungus by small mammals. Knowledge of forest succession will aid in developing ecologically sound management practices for our forests.

Justification: Small mammals in forest ecosystems consume large quantities of spores underground fungi (mycorrhizal fungi) that pass unharmed through the digestive tract of these consumers. Spores within fecal remains are deposited back into the soil at some distance from the site of ingestion. Mycorrhizal fungi do not produce aboveground fruiting bodies and researchers believe that small mammals are the primary agents of dispersal of the fungal spores that are essential to the health of the forest. Small mammals are important in reintroducing soils after clear-cutting and perform a similar service in the regeneration of forest gaps, buns, and cuts in PA forests.

Sponsor: Carnegie Museum of Natural History

Cost: \$19,227

- *Title:* Assessment of Metapopulation Structure in *Neotoma magister* Using Microsatellite DNA Analysis

Objective: Recent inventories of Allegheny woodrat habitat have revealed clusters of active sites resulting in the identification of 21 potential metapopulations within the state. However, before a metapopulation approach can be used as a management tool for this species, there is a need to evaluate woodrat population structure based on a

genetic approach. The objective is to use microsatellite DNA analyses for evaluating the metapopulation structure of *N. magister*.

Justification: We will develop a protocol for using genetic analyses as a rapid and cost-effective tool for evaluating the population structure of this species. This will, in turn provide a variety of benefits for those concerned with the management and conservation of this threatened species.

Sponsor: Penn State

Cost: \$5,221

- *Title:* Conservation of Museum Bird Specimens at the Academy of Natural Science

Objective: Purchase 12 new curation cabinets for scientific bird specimens.

Justification: New curatorial quality cabinetry is needed to protect this valuable natural history collection for use by future generations of scientists. There are currently 20,000 bird study skin specimens collected over the last two centuries in the Academy collection that represents one of the finest series of birds in the world.

Sponsor: Academy of Natural Science

Cost: \$26,370

- *Title:* Population Dynamics and Ecology of a Suburban Population of Eastern Bluebirds

Objective: The Eastern Bluebird possesses a number of traits that make it an excellent model species for addressing questions concerning aspects of population dynamics and for studying how birds respond to suburbanization. This research project will address two broad questions 1) how do individuals and populations respond to urban development. 2) How does food abundance influence aspects of population dynamics including reproductive output, dispersion patterns and migratory status.

Justification: Results will be used to develop guidelines to minimize the adverse effects of development on bird populations. In addition this research will increase our understanding of population dynamics of a species of great public interest.

Sponsor: Penn State

Cost: \$25,000

- *Title:* Monitoring Breeding Birds in PA's Ridge and Valley Forests

Objective: Computerize 20 years of breeding bird census (BBC) data from two research plots on Hawk Mountain and 10 or more broadleaf forest plots from the Appalachian region including five or more in PA forest BBC sites.

Justification: Hawk Mountain Sanctuary and its contiguous State Gamelands 106, Weiser State Forest, and Hamburg Watershed form one of the largest protected blocks of forest in southeastern PA extending over 14,000 acres. State agencies and conservation groups have discussed the need to establish biodiversity monitoring programs across the state, particularly in regard to monitoring forest health and meeting ecosystem management goals. Birds can be useful environmental indicators. Volunteer resources are available to assist with monitoring efforts, making the cost of long-term monitoring more economically feasible.

Sponsor: Hawk Mountain Sanctuary

Cost: \$19,285

- *Title:* Population Trends, Timing, and Relative Importance of Kittatinny Ridge Corridor for Non-raptor Migrant Birds in PA

Objective: Document the importance of the Kittatinny Ridge, a PA Important Bird Area to non-raptor migrants

Justification: In 1998 Kittatinny Ridge Corridor in PA was designated an Important Bird Area by the PA Audubon Society due, in part, to its critical importance to migrating raptors in the eastern flyway. Hawk Mountain located on the Kittatinny, also was designated a globally Important Bird Area by the American Bird Conservancy. Each fall 20,000 raptors of 16 species are recorded using the Kittatinny Corridor, making it one of the most concentrated southbound routes for northeastern raptors. Up to 100,000 individuals of 150 species of non-raptor migrants also have been recorded using the flyway each fall. To date the relative ecological importance of the Kittatinny Corridor to non-raptor migrants is unclear. Limited research suggests that some species, i.e. Black-throated Green Warbler, Least Flycatcher, American Goldfinch, may concentrate on the Kittatinny in greater numbers than in any other regions of the eastern flyway such as the Atlantic coast and more northern Appalachian ridges.

Sponsor: Hawk Mountain Sanctuary

Cost: \$18,200

- *Title:* Pennsylvania Society of Ornithology Special Areas Project

Objective: The Pennsylvania Society of Ornithology launched the Special Areas Project in 1990 as its first volunteer bird project. The project has grown to include over 105 management areas inventoried by volunteers. The Special Areas Project obtains information about birds found at many PA locations, and shares this information with appropriate government agencies, research and education institutions, interested conservation groups, and the general public.

Justification: The costs for project management pale by comparison to the value of the volunteer time devoted to acquiring bird data at the many locations. SAP "captures" local bird watching data that would otherwise be lost to anyone except the person that collected it. Birdwatchers have contributed over 11,000 party hours of field trip, with each party hour representing more than one person. The value of the time volunteers have devoted to the project is approximately \$400,000.

Sponsor: Ecology III

Cost: \$10,000

- *Title:* Monitoring of Productivity, Survivorship, and Dispersal in Populations of Louisiana Waterthrush across three Ecoregions in PA

Objective: Put two to four assistants into the field April—June to determine the rates of return banded LOWAs to the headwater streams where color-banded populations have been established through our previous efforts. Capture and band any un-banded recruits to the populations, monitor nests found on the primary study streams and band all nestlings.

Justification: There are few if any studies involving the geographic scope, broad local coverage, and large numbers of marked birds that characterize out studies of the LOWA in PA. We are in a unique position to collect empirical data on such important aspects of population biology as between-season dispersal of adults within and between season dispersal of juveniles, and survivorship

for all age classes. Every season that are not field monitored and band maintained on LOWA populations represents lost opportunity and realized investment.

Sponsor: Carnegie Museum of Natural History, East Stroudsburg Univ., Penn State

Cost: \$50,000

- *Title:* The Status, Distribution and Conservation of Yellow-Bellied Flycatcher

Objective: Determine the status natural history, habitat requirements, and conservation needs of the Yellow-bellied Flycatcher by surveying likely nesting locations, monitoring breeding populations, observing breeding pairs, analyzing characteristics of nesting habitat and populations, and reactions of the birds to landscape characteristics and management activities in PA. Habitat data gathered and analyzed in this study will improve any management plans for this species.

Justification: The Yellow-bellied flycatcher is a Threatened species in PA and one of its rarest and most poorly known nesting species. In historical accounts it was considered one of PA's rarest nesting species that was not confirmed nesting for fifty years before the Breeding Bird Atlas.

Sponsor: Ornithological Technical Committee

Cost: \$2,500

- *Title:* Waggoner's Gap Hawk Watch Education Program

Objective: To provide visitors to Waggoner's Gap hawk watch site with interpretive information about birds, migration, habitat and related conservation efforts.

Justification: Educating teachers and other leaders will expand knowledge about habitat conservation and the roles that government and private organizations play.

Sponsor: Pennsylvania Audubon Society

Cost: \$30,000

Project Submissions which Cover Multi-Agencies for Funding in 2000

- *Title:* Wildlife in the Classroom

Objective: Get persons of all ages involved in outdoor PA, provide appropriate standards with suggestions on how to use them to teachers in both public, private and home school arenas, supply needed additions to curriculum for educators especially in Science/Technology, Environment/Ecology by publishing *Keystone Conservationist* which will have the "Wildlife in the Classroom: A Teacher's Guide," teacher's in-services workshops, and calendar with pertinent information to educators.

Justification: Use *Keystone Conservationist* magazine to develop environmental curriculums in distressed school districts especially inner-city schools where lack of funding is prevalent.

Sponsor: Penn-Wild Publications Inc.

Cost: \$14,950 for 1,000 magazine subscriptions

- *Title:* The Grasshoppers of Pennsylvania

Objective: Conduct a museum survey of the PA grasshopper records in the entomological collections of The Academy of Natural Sciences of Philadelphia, Carnegie Museum in Pittsburgh, and Pennsylvania State University's Frost Museum. This will provide an historical perspective of the grasshopper species and their distribution patterns within PA.

Justification: Provide current information on the status and distribution of grasshoppers within PA.

Sponsor: Messiah College

Cost: \$19,000

- *Title:* Butterfly Handbook for Pennsylvania State Forests and State Parks

Objective: Publish a general information booklet to assist the general public in observing butterflies commonly encountered in PA state forests and state parks.

Justification: The proposed butterfly brochure will accommodate the need for a brief introduction and basic information for butterflies suitable for people with a general interest in natural history.

Sponsor: Penn State

Cost: \$16,693

- *Title:* Building a Team for Conserving PA's Biodiversity: Support for PNDPCP

Objective: For PNDPCP to function as a broad-based organization, involving government, industry, non-profit organizations and other interested individuals. Develop and implement a strategic plan for biodiversity in PA.

Justification: Conservation of biodiversity is vital not only to the ecological health of PA but also to its economic vigor and the quality of life of its citizens.

Sponsor: PA Natural Diversity Conservation Partnership

Cost: \$30,000

- *Title:* Environmental Quality Review

Objective: Create greater public awareness and participation in the conservation of natural resources through a review of issues concerning PA's environment and the conservation of natural resources.

Justification: The PA Wildlife Federation published an annual Environmental Quality Index from 1987 to 1996. Due to staff turnover this publication was not produced. The current Executive Director and Board of Directors are dedicated to conservation education in the classrooms as well as in other non-traditional education settings.

Sponsor: PA Wildlife Federation

Cost: \$12,500

- *Title:* Land Acquisition of Eckroth Property

Objective: Purchase 125 acres of land contiguous to both Hawk Mountain Sanctuary and PA Game Commission.

Justification: The Eckroth tract is of the highest priority for acquisition because of its value to the Sanctuary's ecological integrity as well as its control of a major portion of the entrance.

Sponsor: Hawk Mountain Sanctuary

Cost: \$50,000

- *Title:* Multi-dimensional Diorama at Benjamin Olewine III Nature Center

Objective: Contribute to the cost of the multidimensional interactive exhibit at the Wildwood Lake Sanctuary with the Wild Resource Conservation Fund listed as a contributor.

Sponsor: The Friends of Wildwood Lake Nature Center, Inc.

Cost: \$35,000

- *Title:* Land Snails of Selected Pennsylvania Natural Areas

Objective: Inventory the land snail fauna of eight selected natural areas across PA, sample leaf litter land snails and soil pH, provide a species list of land snails found in each natural area based upon collected specimens, map and profile land snails of potential conservation interest, provide specimens to the Academy of Natural Sciences of Philadelphia.

Justification: More than 500 native land snails species have been reported in the Eastern US and there are several additional non-native species and a few undescribed species as well. They consume live and dead plants, fungi and a variety of insect larvae, beetles, small mammals, and birds such as thrushes and ruffed grouse. Snails can be important in moving the nutrient calcium up the food chain, as larger predators consume their shells of calcium carbonate.

Sponsor: Appalachian Conservation Biology

Cost: \$10,760

- *Title:* Wild Resource Conservation Fund Poster: Translation into Spanish

Objective: Translate the text from the Wild Resource Conservation Fund's songbird poster into Spanish, print and distribute songbird posters to classrooms, community groups, and other interested parties. Use the poster in conjunction with the Spanish version of "Pennsylvania Songbirds: A K-12 Guide for Activities in the Classroom" to train PA teachers and to perform international outreach.

Justification: As the Spanish speaking population of the state increases so does the need to provide educational materials in both Spanish and English.

Sponsor: PA Audubon Society

Cost: \$2,900

- *Title:* PA "Songbirds: A K-12 Teacher's Guide for Activities in the Classroom" a translation into Spanish

Objective: Adapt activities and translate student pages, visualization readings, trading cards and related student materials from "Pennsylvania Songbirds: A K-12 Teacher's Guide for Activities in the Classroom" into Spanish. Print the adapted Spanish version of "Pennsylvania Songbirds."

Justification: As more and more of PA's citizens are of Hispanic origin, it will become important to instill in them a sense of stewardship for PA's natural resources.

Sponsor: PA Audubon Society

Cost: \$18,000

RAPHAEL J. MUSTO,
Chairperson

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
