READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF PHARMACY [49 PA. CODE CH. 27] Deletion of Exam Fees

The State Board of Pharmacy (Board) amends § 27.91 (relating to schedule of fees) to read as set forth in Annex A.

A. *Effective Date*

The final-form rulemaking takes effect upon final-form publication in the *Pennsylvania Bulletin*.

B. *Statutory Authority*

The final-form rulemaking is authorized under sections 6(k)(1) and (9) and 8.2(a) of the Pharmacy Act (act) (63 P. S. §§ 390-6(k)(1) and (9) and 390-8.2(a)) and section 812.1 of The Administrative Code of 1929 (71 P. S. § 277.3a).

C. *Background and Purpose*

The amendment to § 27.91 deletes references to the fees for the North American Pharmacist Licensure Examination and the Multistate Pharmacy Jurisprudence Examination. The administrators of the examinations, not the Board, set these fees. To avoid the necessity of amending the regulations whenever the examination administrator changes the fees, the Board proposes to delete references to the fees.

D. *Summary of Comments and Responses on Proposed Rulemaking*

Notice of the proposed rulemaking was published at 34 Pa.B. 4901 (September 4, 2004). Publication was followed by a 30-day public comment period during which the Board received no public comments. The Independent Regulatory Review Commission (IRRC) had no objections, comments or recommendations to offer on this final-form rulemaking. The House Professional Licensure Committee (HPLC) and the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC) did not comment.

E. *Fiscal Impact and Paperwork Requirements*

The final-form rulemaking will have no fiscal impact on the Board or its licensees. The final-form rulemaking should have no fiscal impact on the private sector, the general public or political subdivisions. The final-form rulemaking will avoid preparation of new regulations each time that an examination fee is changed and will not create additional paperwork for the private sector.

F. *Sunset Date*

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

G. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 4, 2004, the Board submitted copies of the notice of proposed rulemaking, published at 34 Pa.B. 4901, to IRRC and the Chairpersons of the SCP/PLC and the HPLC for review and comment. The

Board did not receive any comments from IRRC, the SCP/PLC and the HPLC or the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), this final-form rulemaking was approved by the HPLC on June 28, 2005, and deemed approved by the SCP/PLC on July 13, 2005. Under section 5.1(g) of the Regulatory Review Act (71 P. S. § 745.5a(g)), this final-form rulemaking was deemed approved by IRRC effective July 13, 2005.

H. *Contact Person*

Further information can be obtained by contacting Melanie Zimmerman, Executive Secretary, State Board of Pharmacy, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-3402, www.dos.state.pa.us.

I. *Findings*

The Board finds that:

(1) Public notice of intention to adopt the amendment has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and no comments were received.

(3) This final-form rulemaking is necessary and appropriate for administering and enforcing the authorizing acts identified in Part B of this preamble.

J. *Order*

The Board, acting under its authorizing statutes, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 27, are amended by amending § 27.91 to read as set forth at 34 Pa.B. 4901.

(b) The Board shall submit this order and 34 Pa.B. 4901 to the Office of General Counsel and to the Office of Attorney General as required by law.

(c) The Board shall certify this order and 34 Pa.B. 4901 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

MICHAEL J. ROMANO,
Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission, relating to this document, see 35 Pa.B. 4270 (July 30, 2004).)

Fiscal Note: Fiscal Note 16A-5413 remains valid for the final adoption of the subject regulation.

STATE REAL ESTATE COMMISSION [49 PA. CODE CH. 35] Reciprocal License

The State Real Estate Commission (Commission) amends Chapter 35 to read as set forth in Annex A. This final-form rulemaking addresses reciprocal licenses.

Statutory Authority

The final-form rulemaking is authorized under sections 201, 501, 601, 602 and 604 of the Real Estate Licensing and Registration Act (RELRA) (63 P. S. §§ 455.201, 455.501, 455.601, 455.602 and 455.604).

Response to Public Comments and Regulatory Review and Amendments in Final Form Rulemaking

Notice of proposed rulemaking was published at 34 Pa.B. 4913 (September 4, 2004). Publication was followed by a 30-day public comment period during which the Commission received comments from the Pennsylvania Association of Realtors (PAR). Following the close of the public comment period, the Commission received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC). The Senate Consumer Protection and Professional Licensure Committee (SCP/PLC) did not comment.

The following is a section-by-section description of the comments and the Commission's response.

§ 35.201. Definitions.

Broker; builder-owner salesperson, campground membership salesperson, cemetery broker; cemetery salesperson, licensee and salesperson

The definitions of "broker," "builder-owner salesperson," "campground membership salesperson," "cemetery broker," "cemetery salesperson," "licensee" and "salesperson" contain the phrase "unless otherwise specified." The HPLC recommended that the Commission delete this phrase in each of the definitions. The Commission found this suggestion reasonable and has amended each definition accordingly.

Broker of record

In the definition of "broker of record," the Commission deleted language regarding a limited broker's license. The HPLC asked for an explanation why the Commission deleted this language. In that limited broker's licenses were removed from the RELRA on June 29, 1990, the Commission has removed the reference from the regulations.

Main office

The HPLC recommended that the Commission add the phrase "other than a branch office" to the definition of "main office." The HPLC also suggested that "main office" and "branch office" be further amended to differentiate between the two types of offices. The Commission found these suggestions reasonable and has amended both definitions.

The PAR commented that the definitions for "main office" and "branch office" should be removed because they are unnecessary. The PAR recommended replacing the terms with "fixed office." However, various provisions of the regulations specifically apply to main offices; other provisions apply to branch offices. The Commission was unable to use one definition to refer to both offices.

Principal place of business

The PAR recommended that the definition of "principal place of business" be amended to be "the principal office address at which a licensee offers real estate services." However, to qualify for a reciprocal license under section 602(a) of the RELRA, among other requirements, the licensee's principal place of business must not be in this Commonwealth. When the principal place of business moves to this Commonwealth, under section 602(g) of the RELRA, the licensee must convert the reciprocal license

to a standard license. Because the PAR's recommended definition does not incorporate this distinction, the Commission was unable to implement the suggestion.

Similarly, the Commission believes that it would be impracticable to determine "principal place of business" based on sales volume as the PAR suggested. Because real estate offices' sales volume fluctuates monthly or annually, or both, a reciprocal broker with an office in this Commonwealth that has an unusually high volume of sales at one time would be required to convert the reciprocal license to a standard license negating the intent of the RELRA. The Commission believes that a better construction would be to tie the "principal place of business" to the state where the licensee holds a standard license.

Notwithstanding the Commission's decision not to amend the definition, the Commission agrees with the PAR that for reciprocal licensees, their "main office" and the "principal place of business" are the same out-of-State address. Any offices of reciprocal licensees opened within this Commonwealth are characterized as "branch offices."

Reciprocal license

In the proposed rulemaking, the definition of "reciprocal license" referred only to licensees from other states that have executed reciprocal agreements with the Commission. The HPLC, IRRC and PAR commented that section 602(e) of the RELRA permits licensees from states that have not executed reciprocal agreements with the Commission to also obtain a reciprocal license. The Commission agreed with the commentators and has amended the definition accordingly.

Standard licensee

The HPLC commented that the definition of "standard licensee" could be interpreted as applying to both standard and reciprocal licensees. The HPLC and IRRC recommended that the definition of "standard licensee" be amended to clarify that it applies only to nonreciprocal license holders. To obtain a standard license under the definition, the licensee must fulfill the education/experience and examination requirements of the RELRA. The examination requirement in the RELRA involves passing both the National and Pennsylvania portion of the license examination. While reciprocal licensees are required to pass an examination in the state that issued their licenses, applicants have not passed the Pennsylvania portion of the examination and therefore would not automatically qualify for a standard license as the HPLC suggests. Nonetheless, owing to the HPLC and IRRC's concern, the Commission amended this definition in final-form rulemaking to specifically exclude reciprocal licensees.

The PAR and IRRC questioned whether the Commission intended to limit the issuance of standard licenses to only applicants who reside in this Commonwealth. The Commission does not. Residency is not a requirement for any license. Two classes of out-of-State applicants qualify for standard licenses (assuming that the education/experience and examination requirements have been met): (1) current out-of-State licensees from states that have not either executed reciprocal agreements with the Commission or whose licensure requirements are not substantially comparable with those of this Commonwealth; and (2) out-of-State applicants who desire a standard license.

§ 35.222. *Licensure as a broker.*

§ 35.223. *Licensure as salesperson.*

§ 35.224. *Licensure as cemetery broker.*

§ 35.225. *Licensure as cemetery salesperson.*

§ 35.226. *Licensure as builder-owner salesperson.*

§ 35.227. *Licensure as rental listing referral agent.*

§ 35.228. *Licensure as campground membership salesperson.*

§ 35.229. *Licensure as time-share salesperson.*

Proposed §§ 35.222(b)(1), 35.225(b)(1), 35.226(b)(1), 35.227(b)(1), 35.228(b)(1), 35.229(b)(1) delineate the requirements for reciprocal licenses for each licensure class under the RELRA. When another state agreed to issue a license to a standard Pennsylvania licensee without further requirement, the applicant needed only possess a current broker's license issued by that state. When an applicant applied from a state which would require a standard Pennsylvania licensee to complete additional education, experience or examination requirements, the applicant for a Pennsylvania license would be required to complete equivalent requirements. The HPLC made two comments: a reciprocal license can be issued to an applicant from a state that has not executed a reciprocal agreement with this Commonwealth and the section is internally inconsistent.

Regarding the first comment, the Commission agrees with the HPLC and the PAR that section 602(e) of the RELRA permits licensees from states that have not executed reciprocal agreements with the Commission to also obtain a reciprocal license. The Commission has made the same amendment to §§ 35.222(b)(1), 35.223(b)(1), 35.224(b)(1), 35.225(b)(1), 35.226(b)(1), 35.227(b)(1), 35.228(b)(1) and 35.229(b)(1) that it did to the definition of "reciprocal license" in § 35.201 (relating to definitions).

Regarding the second comment, in addition to authorizing the Commission to issue reciprocal licenses to applicants from states that have either executed reciprocal agreements or have comparable requirements, section 602(e) of the RELRA also authorizes the Commission to issue reciprocal licenses to applicants from states whose requirements are not comparable. In the latter instance, the reciprocal applicants are required to complete whatever equivalent requirements would be imposed on Pennsylvania applicants. For example, if Pennsylvania applicants would be required to take an additional state-specific ethics course in the other state to obtain a license, the reciprocal applicant would be required to take a Pennsylvania-specific ethics course to obtain a license in this Commonwealth. Owing to the HPLC's concern that this interpretation was not clearly reflected in proposed rulemaking, the Commission has also amended the second clause in §§ 35.222(b)(1), 35.223(b)(1), 35.224(b)(1), 35.225(b)(1), 35.226(b)(1), 35.227(b)(1), 35.228(b)(1) and 35.229(b)(1) accordingly.

Proposed §§ 35.222(b)(3)(iv), 35.223(b)(2)(iv), 35.224(b)(3)(iv), 35.225(b)(3)(iv), 35.226(b)(3)(iv), 35.227(b)(3)(iv), 35.228(b)(3)(iv) and 35.229(b)(3)(iv) specifically required applicants to comply with the out-of-State service provisions in § 35.221(3) (relating to general requirements). The PAR recommended that these provisions be deleted because the introduction to subsection (b) includes the requirement that applicants comply with § 35.221. The Commission found this recommendation reasonable and has removed these provisions in this final-form rulemaking.

The HPLC also questioned why the Commission does not require reciprocal applicants to provide their license number and date of issuance of that license on their reciprocal application. Because the reciprocal state is required to provide a certification to the Commission including this information, the Commission believed that requiring it also from the licensee would be unnecessary.

§ 35.229. *Licensure as time-share salesperson.*

The PAR recommended that the pronoun in subsection (b)(4) be removed and replaced with gender-neutral language to parallel § 35.228(b)(4) (relating to licensure as campground membership salesperson). The Commission has made this change in this final-form rulemaking.

§ 35.241. *General office requirements.*

Section 35.241 contains general office requirements. The PAR recommended that the Commission delete all of its revisions. As previously explained, "fixed office" does not accurately reflect the distinction between main and branch offices. In addition, the current regulation refers to "jurisdiction" instead of state. An earlier version of the amendments to the RELRA referenced "jurisdiction." However, the final version removed all references to "jurisdiction" and replaced them with references to "state." Accordingly, in this final form rulemaking, the Commission has not amended this provision further.

§ 35.244. *Supervision and operation of office.*

Section 35.244 permits either a standard or reciprocal broker to supervise a real estate office and real estate licensees in this Commonwealth. The HPLC questioned why the Commission would permit a reciprocal licensee to supervise a Pennsylvania office. Section 602(h) of the RELRA specifically confers the same standards and responsibilities on reciprocal licensees as standard licensees (with the exception of their being able to be a member of the Commission, their completing the Pennsylvania continuing education requirement and their passing the Pennsylvania examination). Given that the standards and responsibilities are the same, the Commission believes that there is no statutory basis for preventing reciprocal brokers from supervising real estate offices in this Commonwealth. In fact, before obtaining a reciprocal license, the applicant must verify that the applicant has reviewed, is familiar with and agrees to be bound by the requirements in the RELRA and this chapter. Additionally, permitting reciprocal brokers to supervise their associate brokers and salespersons who have obtained reciprocal licenses in this Commonwealth provides a continuity in supervision.

§ 35.245. *Display of licenses in office.*

Proposed § 35.245 required the broker to conspicuously display the licenses of all standard license holders in the broker's employ in the broker's main office, all reciprocal license holders in the broker's employ in the broker's branch office and a list of all the licensees working out of a particular office at each office. The PAR commented that this provision would be confusing to implement. Upon further reflection, the Commission agrees with the PAR and has adopted, in this final-form rulemaking, a simpler rule applicable to all licensees: Effective with the next renewal period, all real estate licenses must be maintained in the broker's main office and each branch office must maintain a list of employees working out of that office. Because the broker has supervisory responsibility, the Commission continues to believe that original licenses should be maintained at the broker/cemetery broker's main office. However, the Commission does not believe that it is necessary for the licenses to be conspicu-

ously displayed. At the time this provision was adopted, consumers and investigators did not have immediate access to the licensure status of a licensee. Today, however, the Bureau of Professional and Occupational Affairs' online record system allows consumers and investigators immediate access eliminating the need for conspicuous display. Accordingly, in this final-form rulemaking, the Commission has amended § 35.245 to require brokers and cemetery brokers to maintain all original licenses in their main office and a list of licensees in the branch office where the licensees work.

IRRC also recommended that the term "broker" be added after "cemetery." Finding this recommendation reasonable, the Commission has made this amendment.

§ 35.246. Inspection of office.

In the proposed rulemaking, the Commission attempted through the inspection rules to further clarify that a standard licensee would have a main and branch office in this Commonwealth while a reciprocal licensee would only have a branch office in this Commonwealth. The PAR recommended that this language be removed because it is unnecessary. Owing to the PAR's concern, the Commission deleted the new language and has returned to the original version.

§ 35.255. Reciprocal licenses.

Proposed § 35.255(c) required reciprocal licensees to advise the Commission within 90 days of changing their principal places of business from another state to this Commonwealth, thereby requiring them to convert their reciprocal license to a standard license by the end of the renewal period. IRRC requested that the Commission justify the 90-day period. The HPLC recommended that the Commission reduce the notification period from 90 days to 30 days. The Commission found the HPLC's recommendation acceptable and has reduced the notification period to 30 days.

The HPLC and IRRC also recommended that an office inspection occur whenever a reciprocal licensee converts that license to a standard license. Prior to any real estate office being opened in this Commonwealth, an office must be inspected and found in compliance with the regulations. If the reciprocal licensee already had a real estate office in this Commonwealth, an office inspection would have already been conducted. In that the professional standards and responsibilities of standard and reciprocal license holders are the same, the Commission does not believe that there would be any reason to reinspect the real estate office without further evidence that another inspection was necessary. When the licensee seeking to convert a reciprocal license would also be opening a real estate office in this Commonwealth, an office inspection would be performed prior to that office being opened.

The PAR also suggested a technical amendment to subsection (a) to clarify that the renewal would be for a reciprocal license. Finding this suggestion reasonable, the Commission has amended this subsection accordingly.

§ 35.271. Examination for broker's license.

The HPLC recommended two changes to § 35.271(b): the addition of a closing bracket to current subsection (b) and renumbering of the paragraphs in the subsection. The Commission found both recommendations reasonable and has made the changes.

The HPLC also asked the Commission to provide an explanation of the method it uses to count experience in subsection (b)(6). The Commission responds as follows. To qualify to take the broker's examination, an applicant

must acquire 200 points. Points are acquired based on the services provided. In the commercial/industrial area, an applicant would receive 5 points for each sale, 5 points for an exclusive listing which sold, 5 points for each lease and 1 point for an unsold exclusive listing. In the residential area, an applicant would receive 5 points for each sale, 5 points for an exclusive listing which sold, 1 point for each lease and 1 point for an unsold exclusive listing. For each month of full-time employment in property management assistance, an applicant is granted 6 points. A month of full-time employment is defined as a month in which the applicant devoted full-time to performing in this capacity and which the applicant did not perform or earn points for any other real estate activity.

An applicant who is not licensed may be considered to have fulfilled the experience requirement if the applicant has 3 years of equivalent experience (that is, services which fall within the exemptions in section 203 of the RELRA (63 P. S. § 455.203)). An applicant who possesses a real estate broker's license in another jurisdiction will be awarded credit for out-of-State experience provided that the Commission received a certification of licensure from the real estate licensing authority of that jurisdiction indicating active licensure within the last 5 years prior to the application date.

§ 35.272. Examination for salesperson's license.

§ 35.274. Examination for builder-owner salesperson's license.

Sections 35.272(c) and 35.274(b) refer to "A licensee who is converting that license . . ." The HPLC and the PAR recommended that the Commission replace the word "that" with "reciprocal." Owing to the HPLC's and the PAR's concerns, the Commission has revised the wording of both provisions.

§ 35.272. Examination for salesperson's license.

§ 35.273. Examination for cemetery broker's license.

§ 35.275. Examination for rental listing referral agent's license.

Proposed §§ 35.273(a)(5) and 35.275(b)(4) set forth the requirement that to qualify for a standard license, the applicant's education had to be completed within 10 years prior to passing the examination except for applicants converting a reciprocal license to a standard license. The PAR recommended that the same provision be added to § 35.275(b)(4). In that the subsections immediately following each of the provisions contain an exception for applicants converting a reciprocal license to a standard license, the Commission believes that the additional provisions are unnecessary. Accordingly, in this final-form rulemaking, the Commission has deleted the exception in §§ 35.273(a)(5) and 35.275(b)(4).

The HPLC recommended that § 35.275 be renumbered. Finding this recommendation to be reasonable, the Commission has renumbered the section.

§ 35.325. Escrow account.

In § 35.325(b), the Commission replaced the reference to an employing broker with broker of a sole proprietorship and removed partnership, association or corporation. The HPLC questioned whether the change reflects a policy change and, if so, sought the Commission's rationale. By amending this subsection, the Commission merely made a corrective amendment. "Broker of record" is defined as a broker responsible for the real estate transactions of a partnership, association or corporation. Given this definition, the inclusion of "partnership, asso-

ciation or corporation” was mere surplusage. Similarly, in the sole proprietorship context, the correct reference is to a broker who is a sole proprietor rather than an employing broker.

§ 35.384. Qualifying courses.

The HPLC and IRRC questioned why the Commission was deleting the requirement that licensees complete a required course developed by the Commission. The deletion of this requirement actually stemmed from a final-form rulemaking package (16A-561) that was simultaneously undergoing regulatory review and became effective on December 11, 2004. See 34 Pa.B. 6530 (December 11, 2004). In the preamble to that final-form rulemaking, the Commission explained that:

In determining whether to retain the required course, the Commission considered the frequency of amendments to the RELRA and the regulations as well as the number of fair housing disciplinary cases. The Commission determined that except in cases where the RELRA or regulations are substantially modified or where, in the Commission’s view, licensees require specific Commission guidance, licensees should be able to take continuing education in subjects that directly benefit their practice or interest. As part of its on-going review of its regulations, however, the Commission intends to monitor trends in disciplinary proceedings. Where the Commission finds an increase in specific violations, it will consider reinstating a required course. As in the past, if a required course becomes necessary, the Commission will notify all licensees and real estate education providers at least 6 months prior to the end of the renewal period.

Because subsection (b) was also being amended in this proposed rulemaking package, the Commission included the amendatory language from the prior regulatory package as well.

Subchapter H. CONTINUING EDUCATION

In this final-form rulemaking, the Commission also amended §§ 35.382—35.384 to include the revisions made in the final-form rulemaking published at 34 Pa.B. 6530.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking should have no fiscal impact on the Commonwealth, its political subdivisions or the public. The final-form rulemaking should have a positive fiscal impact on the regulated community because the final-form rulemaking reduces the legal, accounting, reporting or other paperwork requirements on the regulated community.

Sunset Date

The Commission continually monitors the effectiveness of its regulations through communication with the regulated population. Accordingly, no sunset date has been set.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 13, 2003, the Board submitted a copy of the notice of proposed rulemaking, published at 34 Pa.B. 4913, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing

the final-form rulemaking, the Commission has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on June 28, 2005, the final-form rulemaking was approved by the HPLC. On July 13, 2005, the final-form rulemaking was deemed approved by SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 14, 2005, and approved the final-form rulemaking.

Findings

The Commission finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) This final-form rulemaking does not enlarge the purpose of proposed rulemaking published at 34 Pa.B. 4913.

(4) The final-form rulemaking is necessary and appropriate for administering and enforcing the authorizing act identified in this preamble.

Order

The Commission, acting under its authorizing statutes, orders that:

(a) The regulations of the Commission, 49 Pa. Code Chapter 35, are amended by amending §§ 35.203, 35.221, 35.241, 35.242, 35.244, 35.271, 35.305 and 35.325 to read as set forth at 34 Pa.B. 4913; and by amending §§ 35.201, 35.222—35.229, 35.245, 35.255, 35.272, 35.273, 35.274, 35.275 and 35.382—35.384 to read as set forth in Annex A.

(Editor’s Note: The Commission has withdrawn the proposal to amend § 35.246, included in the proposed rulemaking at 34 Pa.B. 4913.)

(b) The Commission shall submit this order, 34 Pa.B. 4913 and Annex A to the Office of General Counsel and the Office of Attorney General as required by law.

(c) The Commission shall certify this order, 34 Pa.B. 4913 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect on publication in the *Pennsylvania Bulletin*.

BEVERLY R. BROOKES,
Chairperson

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 35. STATE REAL ESTATE COMMISSION

Subchapter B. GENERAL PROVISIONS

§ 35.201. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Real Estate Licensing and Registration Act (63 P. S. §§ 455.101—455.902).

Agency relationship—A fiduciary relationship between a broker or licensees employed by a broker and a consumer who becomes a principal.

Associate broker—An individual broker who is employed by another broker.

Branch office—Any fixed location in this Commonwealth, other than the main office, maintained by a broker or cemetery broker, devoted to the transaction of real estate business.

Broker—An individual or entity holding either a standard or reciprocal license, that, for another and for a fee, commission or other valuable consideration, does one or more of the following:

(i) Negotiates with or aids a person in locating or obtaining for purchase, lease or acquisition of interest in real estate.

(ii) Negotiates the listing, sale, purchase, exchange, lease, time share and similarly designated interests, financing or option for real estate.

(iii) Manages real estate.

(iv) Represents himself or itself as a real estate consultant, counsellor or house finder.

(v) Undertakes to promote the sale, exchange, purchase or rental of real estate. This subparagraph does not apply to an individual or entity whose main business is that of advertising, promotion or public relations.

(vi) Undertakes to perform a comparative market analysis.

(vii) Attempts to perform one of the actions listed in subparagraphs (i)—(vi).

Broker of record—The individual broker responsible for the real estate transactions of a partnership, association or corporation that holds a broker's license.

Builder-owner salesperson—An individual holding either a standard or reciprocal license, who is a full-time employee of a builder-owner of single- and multi-family dwellings located in this Commonwealth and who is authorized, for and on behalf of, the builder-owner, to do one or more of the following:

(i) List for sale, sell or offer for sale real estate of the builder-owner.

(ii) Negotiate the sale or exchange of real estate of the builder-owner.

(iii) Lease or rent, or offer to lease, rent or place for rent, real estate of the builder-owner.

(iv) Collect or offer, or attempt to collect, rent for real estate of the builder-owner.

Bureau—The Bureau of Professional and Occupational Affairs of the Department.

Buyer agent—A licensee who enters into an agency relationship with a buyer/tenant.

Campground membership—An interest, other than in fee simple or by lease, which gives the purchaser the right to use a unit of real property for the purpose of locating a recreational vehicle, trailer, tent, tent trailer, pickup camper or other similar device on a periodic basis under a membership contract allocating use and occupancy rights between other similar users.

Campground membership salesperson—An individual holding either a standard or reciprocal license, who, either as an employee or an independent contractor, sells or offers to sell campground memberships under the active supervision of a broker. A licensed broker, salesperson or time-share salesperson does not need to possess a campground membership salesperson's license to sell campground memberships.

Cemetery—

(i) A place for the disposal or burial of deceased human beings, by cremation or in a grave, mausoleum, vault, columbarium or other receptacle.

(ii) The term does not include a private family cemetery.

Cemetery associate broker—An individual cemetery broker employed by another cemetery broker or by a broker.

Cemetery broker—An individual or entity holding either a standard or reciprocal license, that is engaged as, or carrying on the business or acting in the capacity of, a broker exclusively within the limited field or branch of business that applies to cemetery lots, plots and mausoleum spaces or openings.

Cemetery company—An individual or entity that offers or sells to the public the ownership, or the right to use, a cemetery lot.

Cemetery salesperson—An individual holding either a standard or reciprocal license, employed by a broker or cemetery broker exclusively to perform the duties of a cemetery broker.

Commission—The State Real Estate Commission.

Comparative market analysis—A written analysis, opinion or conclusion by a contracted buyer's agent, transactional licensee or an actual or potential seller's agent relating to the probable sale price of a specified piece of real estate in an identified real estate market at a specified time, offered either for the purpose of determining the asking/offering price for the property by a specific actual or potential consumer or for the purpose of securing a listing agreement with a seller.

Consumer—An individual or entity who is the recipient of any real estate service.

Credit—A period of 15 hours of instruction.

Department—The Department of State of the Commonwealth.

Designated agent—One or more licensees designated by the employing broker, with the consent of the principal, to act exclusively as the agent or agents for the principal to the exclusion of all other licensees within the broker's employ.

Distance education—Real estate instruction delivered in an independent or instructor-led format during which the student and the instruction are separated by distance and sometimes time.

Dual agent—A licensee who acts as an agent for the buyer/tenant and seller/landlord in the same transaction.

Hour of instruction—A period of at least 50 minutes.

Independent learning—An interactive educational program, including computer-based technology courses, that provides no contact with an instructor.

Initial interview—The first communication between a broker or salesperson and a consumer involving the personal/business or financial needs and motivations of the consumer. A discussion of the objective facts about the property, including dimensions, zoning classification, age, description or list price/lease amount, is not by itself a substantive discussion.

Instructor-led learning—An interactive educational program, including a classroom or simulated classroom, that provides significant ongoing contact from the instructor to the participant during the learning process.

Licensee—An individual or entity holding either a standard or reciprocal license, under the act. For purposes of the consumer notice in § 35.336(a)(relating to disclosure summary for the purchase or sale of residential or commercial real estate or for the lease of residential or commercial real estate when the licensee is working on behalf of the tenant), the term means a broker or salesperson.

Listing broker—A broker who has entered into a written agreement with a seller/landlord to market property as a seller's agent, dual agent or transaction licensee.

Main office—The fixed location other than a branch office of the broker or cemetery broker in this Commonwealth or another state devoted to the transaction of real estate business.

Manager of record—The individual rental listing referral agent responsible for the rental listing transactions of a partnership, association or corporation that holds a rental listing referral agent's license.

Nonexclusive buyer agency agreement—A nonexclusive agreement governed by a memorandum or contract wherein the buyer retains the right to employ multiple brokers to purchase or lease a property.

Open listing agreement—A nonexclusive listing agreement governed by a memorandum or contract wherein the seller retains the right to employ multiple brokers to sell or lease a property.

Principal—A consumer who has entered into an agency relationship with a broker or another licensee employed by the broker.

Principal place of business—The fixed location of the broker or cemetery broker in the state where the licensee holds the equivalent of a standard license.

Real estate—An interest or estate in land—whether corporeal or incorporeal, whether freehold or nonfreehold, whether the land is situated in this Commonwealth or elsewhere—including leasehold interests and time share and similarly designated interests.

Real estate education provider—A person or institution who offers real estate education regardless of whether the learning is instructor-led or independent, excluding colleges, universities or institutes of higher learning accredited

by the Middle States Association of Colleges and Secondary Schools or equivalent accreditation.

Reciprocal license—A license issued to an individual or entity whose principal place of business for the provision of real estate services is outside of this Commonwealth and who holds a current license to provide real estate services from a state that either has executed a reciprocal agreement with the Commission or has qualifications for licensure which are substantially comparable to those required by the Commission.

Rental listing referral agent—

(i) An individual or entity that owns or manages a business which collects rental information for the purpose of referring prospective tenants to rental units or locations of rental units.

(ii) The term does not include an official or employee of a public housing authority that is created under State or Federal law.

Salesperson—An individual holding either a standard or reciprocal license, who is employed by a broker to do one or more of the following:

(i) Sell or offer to sell real estate, or list real estate for sale.

(ii) Buy or offer to buy real estate.

(iii) Negotiate the purchase, sale or exchange of real estate.

(iv) Negotiate a loan on real estate.

(v) Lease or rent real estate, or offer to lease or rent real estate or to place real estate for rent.

(vi) Collect rent for the use of real estate, or offer or attempt to collect rent for the use of real estate.

(vii) Assist a broker in managing property.

(viii) Perform a comparative market analysis.

Seller agent—A licensee who enters into an agency relationship with a seller/landlord.

Standard license—A license, other than a reciprocal license, issued to an individual or entity who has fulfilled the education/experience and examination requirements of the act.

Subagent—A licensee, not in the employ of the listing broker, who acts or cooperates with the listing broker in selling property as a seller's/landlord's agent and is deemed to have an agency relationship with the seller.

Time share—

(i) The right, however evidenced or documented, to use or occupy one or more units on a periodic basis according to an arrangement allocating use and occupancy rights of that unit or those units between other similar users. As used in this definition, the term "unit" is a building or portion thereof permanently affixed to real property and designed for separate occupancy or a campground membership or portion thereof designed for separate occupancy.

(ii) The term does not include a campground membership.

Time-share salesperson—An individual who, either as an employee or an independent contractor, sells or offers to sell time shares.

Transaction licensee—A licensee who, without entering into an agency relationship with the consumer, provides

communication or document preparation services or performs other acts listed in the definition of "broker" or "salesperson."

Subchapter C. LICENSURE

LICENSURE REQUIREMENTS

§ 35.222. Licensure as a broker.

(a) An individual who wants to obtain a standard broker's license shall comply with § 35.221 (relating to general requirements) and:

(1) Have scored a passing grade on each part of the broker's licensing examination within 3 years prior to submission of a properly completed license application except that an applicant who has been actively licensed as a broker by another state within the last 5 years shall take and pass only the Pennsylvania portion of the examination. See § 35.271 (relating to examination for broker's license).

(2) Comply with §§ 35.241 and 35.242 (relating to general office requirement; and office of broker or cemetery broker).

(3) Submit a completed application to the Commission with recommendations attesting to the applicant's good reputation for honesty, trustworthiness, integrity and competence from:

(i) One real estate broker holding either a current standard or reciprocal license issued by the Commission.

(ii) Two persons unrelated to the applicant who own property in the county where the applicant resides or has a place of business.

(iii) Two persons unrelated to the applicant who own property in the county where the applicant previously resided, if the applicant changed his county of residence within 1 year prior to the submission of the application.

(b) An individual who wants to obtain a reciprocal broker's license shall comply with § 35.221 and:

(1) Possess a current broker's license issued by another state that agrees to issue a license to a standard Pennsylvania licensee without further requirement, or has qualifications for licensure substantially comparable to those required by the Commission. When a reciprocal applicant applies from a state which would require a Pennsylvania licensee to complete additional education, experience or examination requirements, the reciprocal applicant shall complete equivalent requirements for licensure in this Commonwealth.

(2) Comply with § 35.241 and § 35.242.

(3) Submit a completed license application to the Commission with a verified statement that:

(i) To the applicant's knowledge, the applicant is not the subject of discipline or a current investigation or proceeding alleging misconduct under a licensing law or criminal law of either the Commonwealth or another state.

(ii) The applicant has reviewed, is familiar with and agrees to be bound by the act and this chapter.

(iii) The applicant agrees to permit the disclosure of the record in any disciplinary proceeding involving alleged misconduct by the applicant from any state in which the applicant is or has been licensed.

(4) If the applicant will be acting as an associate broker, submit a sworn statement from the broker with whom the applicant desires to be affiliated:

(i) Attesting to the applicant's good reputation for honesty, trustworthiness, integrity and competence.

(ii) Certifying that the applicant will be actively supervised and trained by the broker.

(5) Submit a certification from the real estate licensing authority of the other state:

(i) Confirming that the applicant's license is active and in good standing.

(ii) Describing any past disciplinary action taken by the licensing authority against the applicant.

(iii) Listing the applicant's office address and the name of the applicant's employing broker.

(c) A partnership, association or corporation that wants to obtain a standard or reciprocal broker's license shall:

(1) Ensure that each member of the partnership or association, or each officer of the corporation, who intends to engage in the real estate business holds either a current standard or reciprocal license issued by the Commission as a salesperson or broker.

(2) Designate an individual who is licensed by the Commission as a broker to serve as broker of record.

(3) Comply with §§ 35.241 and 35.242.

(4) Submit a completed license application to the Commission.

§ 35.223. Licensure as salesperson.

(a) An individual who wants to obtain a standard salesperson's license shall comply with § 35.221 (relating to general requirements) and:

(1) Have scored a passing grade on each part of the salesperson's licensing examination within 3 years prior to the submission of a properly completed license application except that an applicant who has been actively licensed as a broker or a salesperson by another state within the last 5 years shall take and pass only the Pennsylvania portion of the examination. See § 35.272 (relating to examination for salesperson's license).

(2) Submit a completed license application to the Commission with:

(i) A sworn statement from the broker with whom the applicant desires to be affiliated:

(A) Attesting to the applicant's good reputation for honesty, trustworthiness, integrity and competence.

(B) Certifying that he will actively supervise and train the applicant.

(ii) Official transcripts evidencing the acquisition of degrees or course credits required by § 35.272(a)(2).

(b) An individual who wants to obtain a reciprocal salesperson's license shall comply with § 35.221 and:

(1) Possess a current broker's or salesperson's license issued by another state that agrees to issue a license to a standard Pennsylvania licensee without further requirement or has qualifications for licensure which are substantially comparable to those required by the Commission. When a reciprocal applicant applies from a state which would require a Pennsylvania licensee to complete additional education, experience or examination requirements, the reciprocal applicant shall complete equivalent requirements for licensure in this Commonwealth.

(2) Submit a completed license application to the Commission with a verified statement that:

(i) To the applicant's knowledge, the applicant is not the subject of discipline or a current investigation or proceeding alleging misconduct under a licensing law or criminal law of either the Commonwealth or another state.

(ii) The applicant has reviewed, is familiar with and agrees to be bound by the act and this chapter.

(iii) The applicant agrees to permit the disclosure of the record in any disciplinary proceeding involving alleged misconduct by the applicant from any state in which the applicant is or has been licensed.

(3) Submit a certification from the real estate licensing authority of the other state:

(i) Confirming that the applicant's license is active and in good standing.

(ii) Describing any past disciplinary action taken by the licensing authority against the applicant.

(iii) Listing the applicant's office address and the name of the applicant's employing broker.

(4) Submit a sworn statement from a standard or reciprocal broker with whom the applicant will be affiliated:

(i) Attesting to the applicant's good reputation for honesty, trustworthiness, integrity and competence.

(ii) Certifying that the applicant will be actively supervised and trained by the broker.

§ 35.224. Licensure as cemetery broker.

(a) An individual who wants to obtain a standard cemetery broker's license shall comply with § 35.221 (relating to general requirements) and:

(1) Have scored a passing grade on each part of the salesperson's licensing examination within 3 years prior to submission of a properly completed license application except that an applicant who has been actively licensed as a cemetery broker by another state within the last 5 years shall take and pass only the Pennsylvania portion of the examination. See § 35.273 (relating to examination for cemetery broker's license).

(2) Comply with §§ 35.241 and 35.242 (relating to general office requirement; and office of broker or cemetery broker).

(3) Submit a completed application to the Commission with recommendations attesting to the applicant's good reputation for honesty, trustworthiness, integrity and competence from:

(i) One real estate broker holding either a current standard or reciprocal license issued by the Commission.

(ii) Two persons unrelated to the applicant who own property in the county where the applicant resides or has a place of business.

(iii) Two persons unrelated to the applicant who own property in the county where the applicant previously resided, if the applicant changed his county of residence within 1 year prior to the submission of the application.

(b) An individual who wants to obtain a reciprocal cemetery broker's license shall comply with § 35.221 and:

(1) Possess a current cemetery broker's license issued by a state that agrees to issue a license to a standard Pennsylvania licensee without further requirement or has qualifications for licensure which are substantially comparable to those required by the Commission. When a reciprocal applicant applies from a state that would

require a Pennsylvania licensee to complete additional education, experience or examination requirements, the reciprocal applicant shall complete equivalent requirements for licensure in this Commonwealth.

(2) Comply with § 35.241 and § 35.242.

(3) Submit a completed license application to the Commission with a verified statement that:

(i) To the applicant's knowledge, the applicant is not the subject of discipline or a current investigation or proceeding alleging misconduct under a licensing law or criminal law of either this Commonwealth or another state.

(ii) The applicant has reviewed, is familiar with and agrees to be bound by the act and this chapter.

(iii) The applicant agrees to permit the disclosure of the record in any disciplinary proceeding involving alleged misconduct by the applicant from any state in which the applicant is or has been licensed.

(4) If the applicant will be acting as an associate cemetery broker, submit a sworn statement from the broker with whom the applicant will be affiliated:

(i) Attesting to the applicant's good reputation for honesty, trustworthiness, integrity and competence.

(ii) Certifying that the applicant will be actively supervised and trained by the broker.

(5) Submit a certification from the real estate licensing authority of the other state:

(i) Confirming that the applicant's license is active and in good standing.

(ii) Describing any past disciplinary action taken by the licensing authority against the applicant.

(iii) Listing the applicant's office address and the name of the applicant's employing broker.

(c) A partnership, association or corporation that wants to obtain a standard cemetery broker's license shall:

(1) Ensure that each member of the partnership, association or each officer of the corporation, who intends to engage in the real estate business possesses a standard license as a broker or cemetery broker issued by the Commission.

(2) Designate an individual who is licensed by the Commission as a broker or cemetery broker to serve as broker of record.

(3) Comply with §§ 35.241 and 35.242.

(4) Submit a complete license application to the Commission.

(d) A partnership, association or corporation that wants to obtain a reciprocal cemetery broker's license shall:

(1) Ensure that each member of the partnership, association or each officer of the corporation, who intends to engage in the real estate business possesses a standard or reciprocal license as a broker or cemetery broker issued by the Commission.

(4) Submit a completed license application to the Commission with:

(i) An official transcript evidencing acquisition of the qualifying coursework or degree.

(ii) A sworn statement from the broker under whom the applicant received his onsite training certifying that he actively trained and supervised the applicant and providing other information regarding the onsite training the Commission may require.

(b) An individual who wants to obtain a reciprocal time-share salesperson's license shall comply with § 35.221 and:

(1) Possess a current time-share salesperson's license issued by a state that agrees to issue a license to a standard Pennsylvania licensee without further requirement or has qualifications for licensure which are substantially comparable to those required by the Commission. When a reciprocal applicant applies from a state that would require a Pennsylvania licensee to complete additional education, experience or examination requirements, the reciprocal applicant shall complete equivalent requirements for licensure in this Commonwealth.

(2) Submit a certification from the real estate licensing authority of the other state:

(i) Confirming that the applicant's license is active and in good standing.

(ii) Describing any past disciplinary action taken by the licensing authority against the applicant.

(iii) Listing the applicant's office address and the name of the applicant's employing broker.

(3) Submit a completed license application to the Commission with a verified statement that:

(i) To the applicant's knowledge, the applicant is not the subject of discipline or a current investigation or proceeding alleging misconduct under a licensing law or criminal law of either this Commonwealth or another state.

(ii) The applicant has reviewed and is familiar with the act and the regulations and agrees to be bound by the act and regulations.

(iii) The applicant agrees to permit the disclosure of the record in any disciplinary proceeding involving alleged misconduct by the applicant from any state in which the applicant is or has been licensed.

(4) Submit a sworn statement from the broker from whom the applicant received his onsite training certifying that he actively trained and supervised the applicant and providing other information regarding the onsite training the Commission may require.

OFFICES

§ 35.245. Display of licenses in office.

(a) Commencing with the 2006-2008 renewal period the current license of a broker, cemetery broker or rental listing referral agent and those licensees employed by or affiliated with that broker, cemetery broker or rental listing referral agent shall be maintained at the main office.

(b) A broker or cemetery broker shall maintain a list of licensees employed or affiliated with the broker or cemetery broker at the branch office out of which each licensee works.

STATUS OF LICENSURE

§ 35.255. Reciprocal licenses.

(a) *Renewal.* In addition to completing the application and paying the fee, a licensee applying for renewal of a reciprocal license shall provide the Commission with a certification that the license is current and in good standing from the state where the licensee has his principal place of business.

(b) *Reactivation.* A licensee who fails to renew a reciprocal license may reactivate the license without being reexamined provided that he holds the equivalent of a current standard license in the state where the licensee has his principal place of business.

(c) *Conversion to standard license.* A reciprocal licensee who designates his principal place of business as in this Commonwealth or who fails to maintain a current standard license in the state of his principal place of business shall notify the Commission within 30 days of the change. To continue to practice in this Commonwealth at the end of the renewal period, the reciprocal licensee shall obtain a standard license in accordance with the applicable requirements of this chapter. Thereafter, the standard licensee shall comply with the requirements for a standard license, including completion of the continuing education requirement.

Subchapter D. LICENSING EXAMINATIONS

§ 35.272. Examination for salesperson's license.

(a) An individual who wants to take the salesperson's examination for the purpose of obtaining a standard salesperson's license shall:

(1) Be 18 years of age or older.

(2) Have successfully completed four credits, or 60 hours of instruction, in basic real estate courses as determined by the Commission under subsection (b).

(3) Submit a completed examination application to the Commission or its designee with the examination fee.

(b) The Commission will apply the following standards in determining whether an examination candidate has met the education requirement of subsection (a)(2):

(1) A candidate who has obtained one of the following degrees will be deemed to have met the education requirement and will not be required to show completion of coursework in specific areas of study:

(i) A bachelor's degree with a major in real estate from an accredited college, university or institute of higher learning.

(ii) A bachelor's degree from an accredited college, university or institute of higher learning, having completed coursework equivalent to a major in real estate.

(iii) A juris doctor degree from an accredited law school.

(2) Credits will be allowed for each of the Commission-developed real estate courses—Real Estate Fundamentals and Real Estate Practice—when offered by:

(i) An accredited college, university or institution of higher learning located outside this Commonwealth.

(ii) A real estate education provider in this Commonwealth approved by the Commission.

(3) Credits will be allowed for acceptable basic real estate courses when offered by:

(i) An accredited college, university or institution of higher learning located outside this Commonwealth.

(ii) A real estate education provider outside this Commonwealth that has been approved by the real estate licensing authority of the jurisdiction where the real estate education provider is located.

(4) Courses shall have been completed within 10 years prior to the date of successful completion of the licensing examination.

(c) A licensee who is converting a reciprocal license to a standard salesperson's license is exempt from the requirements in subsections (a) and (b) and is only required to pass the state portion of the examination.

§ 35.273. Examination for cemetery broker's license.

(a) An individual who wants to take the salesperson's examination for the purpose of obtaining a standard cemetery broker's license shall:

(1) Be 21 years of age or older.

(2) Have worked at least 3 years as a licensed salesperson or cemetery salesperson, with experience qualifications that the Commission considers adequate for practice as a cemetery broker, or possess at least 3 years of other experience, education, or both, that the Commission considers the equivalent of 3 years' experience as a licensed salesperson or cemetery salesperson.

(3) Have successfully completed four credits, or 60 hours of instruction, in basic real estate courses as determined by the Commission under subsection (b).

(4) Submit a completed examination application to the Commission or its designee with:

(i) Official transcripts evidencing the acquisition of degrees or course credits.

(ii) A detailed resume of real estate activities performed by the candidate while working as a salesperson or cemetery salesperson, and a sworn statement from the candidate's employing broker confirming that these activities were performed if the candidate is a licensed salesperson or cemetery salesperson.

(iii) A complete description of work experience and education that the candidate considers relevant to the requirements of paragraph (2) if the candidate is not a licensed salesperson or cemetery salesperson.

(iv) The fee for review of the candidate's qualifications to take the examination prescribed in § 35.203 (relating to fees) and the fee for administration of the examination.

(b) The Commission will apply the following standards in determining whether an examination candidate has met the education requirements of subsection (a)(3):

(1) A candidate who has obtained one of the following degrees will be deemed to have met the education requirement and will not be required to show completion of course work in specific areas of study:

(i) A bachelor's degree with a major in real estate from an accredited college, university or institute of higher learning.

(ii) A bachelor's degree from an accredited college, university or institute of higher learning, having completed course work equivalent to a major in real estate.

(iii) A juris doctor degree from an accredited law school.

(2) Credits will be allowed for each of the Commission-developed real estate courses—Real Estate Fundamentals and Real Estate Practice—when offered by:

(i) An accredited college, university or institute of higher learning in this Commonwealth.

(ii) A real estate education provider approved by the Commission in this Commonwealth.

(3) Credits will be allowed for cemetery courses when offered by:

(i) An accredited college, university or institute of higher learning in this Commonwealth.

(ii) A real estate education provider in this Commonwealth approved by the Commission.

(4) Credits will be allowed for acceptable basic real estate courses when offered by:

(i) An accredited college, university or institute of higher learning located outside this Commonwealth.

(ii) A real estate education provider outside this Commonwealth that has been approved by the real estate licensing authority of the jurisdiction where the real estate education provider is located.

(iii) A cemetery association outside this Commonwealth, if the course taught by the cemetery association is equivalent to a course taught by a real estate school in this Commonwealth approved by the Commission.

(5) Courses shall have been completed within 10 years prior to the date of successful completion of the licensing examination.

(c) A reciprocal licensee who is converting a reciprocal license to a standard cemetery broker's license is exempt from subsection (a) and is only required to pass the state portion of the examination.

§ 35.274. Examination for builder-owner salesperson's license.

(a) An individual who wants to take the salesperson's examination for the purpose of obtaining a standard builder-owner salesperson's license shall:

- (1) Be 18 years of age or older.
- (2) Be employed by a builder-owner who has a good reputation for honesty, trustworthiness, integrity and competence.
- (3) Submit a completed examination application to the Commission or its designee with the examination fee.

(b) A reciprocal licensee who is converting a reciprocal license to a standard builder-owner salesperson's license is only required to pass the state portion of the examination.

§ 35.275. Examination for rental listing referral agent's license.

(a) An individual who wants to take the salesperson's examination for the purpose of obtaining a standard rental listing referral agent's license shall:

- (1) Be 18 years of age or older.
- (2) Have successfully completed four credits, or 60 hours of instruction, in basic real estate courses as determined by the Commission under subsection (b).
- (3) Submit a completed examination application to the Commission or its designee with the examination fee.

(b) The Commission will apply the following standards in determining whether an examination candidate has met the requirements of subsection (a)(2):

(1) A candidate who has obtained one of the following degrees will be deemed to have met the education requirement and will not be required to show completion of coursework in specific areas of study:

- (i) A bachelor's degree with a major in real estate from an accredited college, university or institute of higher learning.
- (ii) A bachelor's degree from an accredited college, university or institute of higher learning, having completed coursework equivalent to a major in real estate.
- (iii) A juris doctor degree from an accredited law school.

(2) Credits will be allowed for each of the Commission-developed real estate courses—Real Estate Fundamentals and Real Estate Practice—when offered by:

(i) An accredited college, university or institute of higher learning in this Commonwealth.

(ii) A real estate education provider in this Commonwealth approved by the Commission.

(3) Credits will be allowed for acceptable basic real estate courses when offered by:

(i) An accredited college, university or institute of higher learning in this Commonwealth.

(ii) A real estate education provider outside this Commonwealth that has been approved by the real estate licensing authority of the jurisdiction where the real estate education provider is located.

(4) Courses shall have been completed within 10 years prior to the date of successful completion of the licensing examination.

(c) A reciprocal licensee who is converting a reciprocal license to a standard rental listing referral agent's license is exempt from the requirements in subsections (a) and (b) and is only required to pass the state portion of the examination.

Subchapter H. CONTINUING EDUCATION

§ 35.382. Requirement.

(a) *Condition precedent to renewal of current standard license.* A broker or salesperson holding a standard license who desires to renew a current license shall, as a condition precedent to renewal, complete 14 hours of Commission-approved continuing education during the preceding license period. The continuing education shall be completed by the May 31 renewal deadline.

(b) *Condition precedent to reactivation and renewal of noncurrent standard license.* A broker or salesperson holding a standard license who desires to reactivate and renew a noncurrent license shall, as a condition precedent to reactivation and renewal, complete 14 hours of Commission-approved continuing education during the 2-year period preceding the date of submission of the reactivation application. A broker or salesperson holding a standard license may not use the same continuing education coursework to satisfy the requirements of this subsection and subsection (a).

(c) *Exception.* The continuing education requirement does not apply to reciprocal license holders or cemetery brokers, cemetery salespersons, builder-owner salespersons, timeshare salespersons, campground membership salespersons and rental listing referral agents who hold standard licenses.

(d) *Documentation.* A licensee shall provide the Commission with information necessary to establish the licensee's compliance with this subchapter.

§ 35.383. Waiver of continuing education requirement.

(a) The Commission may waive all or part of the continuing education requirement of § 35.382 (relating to requirement) upon proof that the standard license holder seeking the waiver is unable to fulfill the requirement because of illness, emergency or hardship. The following are examples of situations in which hardship waivers will be granted.

(1) A standard license holder who seeks to renew a current license that was initially issued within 6 months of the biennial license period for which renewal is sought will be deemed eligible, on the basis of hardship, for a full waiver of the continuing education requirement.

(2) A standard license holder who seeks to renew a current license that was reactivated from noncurrent status within 6 months of the biennial license period for which renewal is sought will be deemed eligible, on the basis of hardship, for a full waiver of the continuing education requirement.

(3) A standard license holder who is a qualified continuing education instructor will be deemed eligible, for the waiver of 1 hour of continuing education for each hour of actual classroom instruction in an approved continuing education topic that the instructor is qualified to teach. Duplicate hours of instruction in the same topic during the same biennial license period will not be considered for waiver purposes.

(b) Requests to waive the continuing education requirement must be filed with the Commission on or before

March 31 of the renewal year unless the applicant proves to the satisfaction of the Commission that it was impracticable to do so.

§ 35.384. Qualifying courses.

(a) Except as provided in subsection (b), a licensee shall complete 14 hours of continuing education in acceptable courses in a minimum of 2-hour increments. A standard license holder shall satisfy the continuing education requirement by doing one of the following:

(b) The Commission may, for a given biennial license period and with adequate notice to standard license holders, require that all or part of the 14 hours be completed in required topics.

(c) Acceptable courses include the following:

- (1) Real estate ethics.
- (2) Laws affecting real estate.
- (3) Real estate financing and mathematics.
- (4) Real estate valuation and evaluation.
- (5) Property management.
- (6) Land use and zoning.
- (7) Income taxation as applied to real property.
- (8) Ad valorem tax assessment and special assessments.
- (9) Consumer protection and disclosures.
- (10) Agency relationships.
- (11) Landlord-tenant laws.
- (12) Environmental issues in real estate.
- (13) Antitrust issues in real estate.
- (14) Current litigation related to real estate.
- (15) Legal instruments related to real estate transactions.
- (16) Legalities of real estate advertising.
- (17) Developments in building construction techniques, materials and mechanical systems.
- (18) Real estate investment analysis.
- (19) Management of real estate brokerage operations.
- (20) Property development.
- (21) Real estate securities and syndication.
- (22) Real property exchange.
- (23) Broker courses encompassing supervisory duties and standards of conduct and practice contained in Subchapter E (relating to standards of conduct and practice).
- (24) Marketing promotion and advertising of real estate inventory.
- (25) Use of technology in delivering real estate services.

(d) Unacceptable courses include: mechanical office and business skills; for example, typing, speed writing, preparation of advertising copy, development of sales promotional devices, word processing, calculator and computer operation and office management and related internal operations procedures that do not have a bearing on the public interest.

STATE REGISTRATION BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS AND GEOLOGISTS

[49 PA. CODE CH. 37]

Biennial Renewal Fees and Examination Fees

The State Registration Board for Professional Engineers, Land Surveyors and Geologists (Board) amends § 37.17 (relating to schedule of fees) to read as set forth in Annex A.

The final-form rulemaking raises the biennial renewal fees for professional engineers, professional land surveyors and professional geologists from \$25 to \$50. The new biennial renewal fees will initially apply to licensees who renew their biennial registrations for the renewal period that begins October 1, 2005. The final-form rulemaking also deletes examination fees from the Board's fee schedule and adds an explanatory statement about how examination fees are set and collected. The final-form rulemaking also makes minor editorial changes to the descriptions of certain fees for consistency of usage.

Summary of Comments and Responses to Proposed Rulemaking

The Board published a notice of proposed rulemaking at 35 Pa.B. 258 (January 8, 2005), with a 30-day public comment period. The proposed rulemaking explained in detail the fiscal and policy reasons for amending the Board's fee schedule. The Board did not receive any public comments.

The Board received comments from the Independent Regulatory Review Commission (IRRC) and the House Professional Licensure Committee (House Committee) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.14). The Board did not receive comments from the Senate Committee on Consumer Protection and Professional Licensure (Senate Committee) as part of its review of proposed rulemaking under the Regulatory Review Act.

The proposed rulemaking provided for the deletion of examination fees from the Board's fee schedule, but did not add an explanatory statement about examination fees. The House Committee and IRRC recommended that language be added to the fee schedule explaining how examination fees are set and collected. The Board agrees that the clarification would be useful. The Board has incorporated into the final-form rulemaking a statement that examination fees are established by agreement between the Commonwealth and the testing organizations that develop, administer and grade the examinations and that examination candidates pay examination fees directly to the testing organizations.

The House Committee and IRRC also recommended that the Board consider amending § 37.16 (relating to general information; application and examination). Section 37.16(c) provides that examinations are to be held in Pittsburgh, Harrisburg, Philadelphia and other places designated by the Board during the months of April and October of each year. Section 37.16(c) further provides that applications for examination eligibility are to be submitted to the Board by December 1 for the April examination and by July 1 for the October examination.

The House Committee questioned whether § 37.16(c) should be revised, given that the testing organizations administer the examinations. IRRC likewise requested clarification, recommending that the Board replace the current § 37.16(c) with language indicating where exami-

nation candidates can obtain information about current testing organizations, examination fees, examination deadlines, examination dates and examination locations. IRRC also noted that the information in § 37.16(c) is outdated with regard to the application deadlines for the professional geologist examination.

The Board agrees with the House Committee and IRRC that § 37.16(c) should be amended. The Board is in the process of updating and revising its entire set of regulations in Chapter 37. The Board recently sent an exposure draft of the general amendments to professional organizations for preproposal comment. The proposed amendments to § 37.16, as reflected in the exposure draft, would include language similar to that recommended by

IRRC. Examination candidates would be directed to contact the testing organizations for examination applications and examination-related information, including examination fees, examination dates and locations and examination application filing deadlines. Examination candidates would be advised that contact information about testing organizations may be obtained from the Board's website. The Board anticipates that the proposed general revisions will be published for public comment and submitted for regulatory review by early 2006.

Fiscal Impact

The final-form rulemaking will generate approximately \$960,125 in additional biennial renewal fee revenues, broken down as follows:

<i>Certification Class</i>	<i>No. of Renewing Licensees</i>		<i>Fee Increase</i>	<i>Additional Revenues</i>
Professional Engineer	32,355	x	\$25	\$808,875
Professional Land Surveyor	3,413	x	\$25	\$85,325
Professional Geologist	2,637	x	\$25	\$65,925

Paperwork Requirements

The final-form rulemaking will require the Board to change its biennial renewal form to reflect the new fees. The final-form rulemaking will not create additional paperwork requirements for the regulated community.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*. The new biennial renewal fees will initially apply to licensees who renew their registrations for the biennial renewal period beginning October 1, 2005.

Statutory Authority

Section 9 of the Engineer, Land Surveyor and Geologist Registration Law (Registration Law) (63 P.S. § 156) requires the Board to establish fees by regulation and to ensure that revenues derived from fees, fines and civil penalties are adequate to cover the Board's expenditures over a biennial period. Section 4(e) of the Registration Law (63 P.S. § 151(e)) contemplates that the Board may assess biennial renewal fees by regulation.

The Board considers the amendments to be both required by law and the least restrictive means of covering the cost of activities that the Board is required to perform.

Regulatory Review

Under authority of section 5(a) and (f) of the Regulatory Review Act (71 P.S. § 745.5(a) and (f)), on December 22, 2004, the Board submitted a copy of the notice of proposed rulemaking, published at 35 Pa.B. 258, to IRRC for review and comment. Under authority of section 5(a) and (f) of the Regulatory Review Act, on February 2, 2005, the Board submitted copies of the notice of proposed rulemaking published at 35 Pa.B. 258 to the Chairpersons of the House and Senate Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under authority of section 5.1(e) and (j.2) of the Regulatory Review Act (71 P.S. § 745.5a(e) and (j.2)), the final-form rulemaking was approved by the House Committee on June 28, 2005, and deemed approved by the Senate Committee on July 13, 2005. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 14, 2005, and approved the final-form rulemaking.

Additional Information

For additional information about the final-form rulemaking, submit inquiries to Shirley S. Klinger, Administrator, State Registration Board for Professional Engineers, Land Surveyors and Geologists, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7049, ST-ENGINEER@state.pa.us.

Findings

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) The final-form rulemaking adopted by this order is necessary and appropriate for the administration of the Registration Law.

(4) The amendments to this final-form rulemaking do not enlarge the original purpose of the proposed rulemaking published at 35 Pa.B. 258.

Order

The Board, acting under the Registration Law, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 37, are amended by amending § 37.17 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) The final-form rulemaking shall take effect upon publication in the *Pennsylvania Bulletin*.

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 1121]

Pharmaceutical Services; Revisions to the State Maximum Allowable Cost for Pharmaceutical Services

The Department of Public Welfare (Department), under the authority of sections 201(2), 403(b), 443.4 and 454 of the Public Welfare Code (code) (62 P. S. §§ 201(2), 403(b), 443.4 and 454), as amended by the act of July 7, 2005 (P. L. 177, No. 42) (Act 42), amends §§ 1121.2 and 1121.56 (relating to definitions; and drug cost determination) to read as set forth in Annex A.

Omission of Proposed Rulemaking

Act 42 amended the code by adding section 454. Section 454 of the code specifies that until December 31, 2005,

notwithstanding any other provision of law, the Department must promulgate regulations to establish provider payment rates under section 204(1)(iv) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(1)(iv)), known as the Commonwealth Documents Law (CDL). That section authorizes an agency to omit or modify notice of proposed rulemaking when the regulation relates to Commonwealth grants or benefits. In addition, section 454 of the code expressly exempts provider payment rates from review under the Regulatory Review Act (71 P. S. §§ 745.1—745.15), and from review by the Attorney General under section 205 of the CDL (45 P. S. § 1205) and section 204(b) of the Commonwealth Attorneys Act (71 P. S. § 732-204(b)). Finally, section 454(a) and (b) of the code provides that the regulations shall specify the effective date for provider payment rates.

The Department is adopting this final-omitted rulemaking in accordance with section 454 of the code because the final-omitted rulemaking relates to provider payment rates. The final-omitted rulemaking also provides for the effective date for the provider payment rates.

Purpose

The purpose of this final-omitted rulemaking is to:

1. Amend the current Medical Assistance (MA) fee-for-service (FFS) methodology in Chapter 1121 (relating to pharmaceutical services) for determining the State maximum allowable cost (MAC) for multisource brand name and generic drugs. The Department will determine the State MAC at the lower of the following:

(i) The upper payment limit established by the Centers for Medicare and Medicaid Services (CMS).

(ii) Provided that the generic product is available at the price established by the Department from at least two wholesalers:

(a) If the generic product is available from more than one manufacturer, the base price of 150% of the lowest acquisition cost for the generic product, unless 150% of the lowest acquisition cost is not at least 120% of the second lowest acquisition cost, in which case the base price will be set at 120% of the second lowest acquisition cost.

(b) If the generic product is available from only one manufacturer, the base price of 120% of the acquisition cost for the generic product.

2. Amend the current MA FFS methodology in Chapter 1121 to provide the time frames for updating the State MAC.

3. Amend the current MA FFS methodology in Chapter 1121 to clarify the package size to be used for determining the product cost for nonbreakables.

Background

The Pennsylvania MA Program assures the availability of a wide array of medically necessary healthcare services, supplies and equipment to approximately 1.8 million indigent and disabled persons. Prescription drugs are among the healthcare services that the Commonwealth has opted to include in the MA benefit package. The prescription drug benefit contains two types of drugs: 1) drugs available from only one manufacturer that holds or held the patent for the drug, commonly referred to as single-source brand name drugs; and 2) drugs available from multiple manufacturers and distributors, commonly

referred to as multisource drugs. A multisource drug typically includes both the brand name and the generic versions of the drug.

Under Federal law, the drug cost component of pharmacy reimbursement is based on the Estimated Acquisition Cost (EAC), which is defined as the state Medicaid "agency's best estimate of the price generally and currently paid by providers for a drug marketed or sold by a particular manufacturer or labeler in the package size of the drug most frequently purchased by providers." See 42 CFR 447.301 (relating to definitions). Before August 10, 2005, the Department calculated the EAC for all drugs at the lower of the average wholesale price (AWP) minus 10% and has paid the lower of the EAC or the State MAC plus a \$4 dispensing fee. See 25 Pa.B. 3978 (September 23, 1995). Yet, the MA Program continued to have one of the highest payment rates for prescription drugs in this Commonwealth.

States across the country are struggling to maintain their Medicaid programs as healthcare costs are increasing at a faster rate than state revenues, while the caseload of persons eligible for the program continues to grow. Rising drug costs play a major, if not the primary, role in escalating Medicaid costs. All three of these trends are affecting the Pennsylvania MA Program. The MA Program caseload is projected to increase by 5.9% in State Fiscal Year 2005-2006. MA costs for the State fiscal year are projected to increase by 6.7% while projected State revenues for the same period are projected to increase by only 2.8%. Expenditures for pharmaceutical services increased from \$730,090,896 in calendar year 2002 to close to \$1 billion in calendar year 2004, an increase of almost 37%.

The MA Program has responded to these challenges by implementing a number of initiatives designed to improve the efficiency and cost-effectiveness of the program while maintaining access to quality care for MA recipients. See 35 Pa.B. 4309 (August 6, 2005). Notwithstanding the savings associated with the success of these initiatives, in the face of ever-skyrocketing pharmacy expenditures, the Department cannot ignore the trends occurring in other state Medicaid programs and private third-party plans or the payment rates accepted by pharmacies in this Commonwealth, which show that the Department's pharmacy payment rates for both brand name and generic drugs were higher than those of virtually any other payor in this Commonwealth and many comparable Medicaid programs. The Pharmaceutical Assistance Contract for the Elderly (PACE) Program was the only publicly funded prescription drug program in this Commonwealth whose payment rates for drugs were as generous as those of the MA Program. The payment rates established by the Pennsylvania Employee Benefits Trust Fund and nearly all of the commercial third-party prescription drug programs in this Commonwealth, as well as the HealthChoices managed care organizations (MCOs) under contract to the Department to provide services to some 65% of the MA population, were significantly lower than those in the FFS delivery system.

In setting payment rates for pharmacy services in the MA Program, the Department seeks to assure that high quality pharmacy services are available to MA recipients to the same extent as to the general population in the same geographic area at the best possible price. As a prudent buyer of medical care for its recipients, the Department must be able to obtain rates similar to those extended to other third-party payors and other state Medicaid agencies. Pharmacy providers generally com-

plain that the lower payment rates offered by third-party payors are unfair to them and have an adverse impact on recipient access. The pharmacy industry has on two occasions in the past voiced a similar complaint to the Department, predicting that reduced payment rates would restrict recipient access and diminish the quality of care: in 1995, when the Department revised the pharmacy payment methodology from AWP to AWP minus 10%, and again in 1998 when the HealthChoices MCOs lowered their pharmacy payment rates to below AWP minus 10%. At neither time did the revised payment rates result in less access for MA recipients to pharmacy services of high quality anywhere in this Commonwealth; they certainly did not result in less access than that enjoyed by the general public.

For all of these reasons, effective August 10, 1995, the Department revised its calculation of the EAC for both brand name and generic drugs. See 35 Pa.B. 4309. The Department had announced its intention to revise the methodology for determining the State MAC for multisource drugs at the same time. See 35 Pa.B. 3268 (June 4, 2005). After receiving comments in response to the public notice published at 35 Pa.B. 3268, the Department delayed implementation of a revised State MAC to allow for additional public comment after publishing more specific details regarding the proposed methodology for determining the State MAC. See 35 Pa.B. 4264 (July 30, 2005). Having considered the comments received in response to the public notice published at 35 Pa.B. 4264, the Department is revising the methodology for determining the State MAC as described in the public notice. The revised methodology will apply to those generic drugs that have received an "A-rating" from the United States Food and Drug Administration (FDA) and their brand name counterparts unless a State MAC price cannot be established. In those cases, the Department will pay the EAC as explained in the final-omitted rulemaking published at 35 Pa.B. 4309.

Generic versions of brand name drugs are reviewed and approved by the FDA using the same strict guidelines and inspections used to evaluate and approve brand name drugs. Generic drugs that meet the same standards for strength, quality and purity as the brand name drugs are given an "A rating" by the FDA and are considered to be equivalent to the brand name counterparts. Generically equivalent drugs contain the same active ingredients and come in the same strengths and dosage forms as the brand name counterparts. Therefore, the FDA assures that all "A-rated" generically equivalent drugs can be substituted for the brand name drug with the full expectation that the generic product will produce the same clinical effect and safety profile as the brand name product.

Equally safe and "A-rated" generically equivalent drugs are today available for many brand name drugs at a lower cost. The State MAC is the upper payment limitation that the Department sets on certain multisource drugs for which both the brand name product and at least one A-rated generically equivalent product is available. The State MAC sets a drug cost payment limit on each drug when the generic product has the same active ingredients, is in the same strengths and the same dosage form and is given by the same route of administration as the brand name product. The main purpose of a State MAC is to take advantage of the price differentials between the brand name product and the less expensive equivalent generic drugs.

Currently in the MA Program, the State MAC is comprised of: 1) drugs for which the Federal government

has established a Federal upper limit; and 2) several other multisource drugs that do not have Federal upper limits (FUL).

The Federal upper limit is the maximum Medicaid payment limit established by the CMS on multiple source drugs that are listed as therapeutically equivalent to the brand name or single source drug in the most recent version of "The Approved Drug Products with Therapeutic Equivalence Evaluations" (known as the "Orange Book"), and for which at least three suppliers list the "A-rated" drug as available for sale Nationally. Within each generic formulation, the Federal upper limit is set at 150% of the lowest-priced generic drug as listed in the three nationally recognized pricing services. See 42 CFR 447.332 (a)(1)(i)–(iii) and (b) (relating to upper limits for multiple source drugs).

For drugs that do not have FUL, the Department sets the State MAC for these other multisource drugs at the baseline price as determined using the drug price listed in available Nationally recognized pricing services such as FirstData Bank, Medi-Span and Micromedic. See § 1121.56(d)(1). The baseline price is defined as the recalculated mean average for a multisource drug product using only the prices within one standard deviation of the original mean average. See § 1121.2.

Many new generically equivalent products have become available on the marketplace for which the Federal government has not yet assigned a Federal upper limit and the Department has not yet established a baseline price. Therefore, no State MAC has been established, and the Department had been paying for these drugs at AWP minus 10%, even though the drugs were available at considerably lower cost. For this reason, the Department established a separate EAC for brand name and generic drugs, effective August 10, 2005. See 35 Pa.B. 4309. Even the revised EAC for generic drugs does not enable the Department to take full advantage of the prices that are reported to be currently available.

For example, in September 2002, the Office of the Inspector General of the United States Department of Health and Human Services (OIG) issued a report on actual acquisition pricing, entitled Medicaid Pharmacy-Additional Analysis of the Actual Acquisition Cost of Prescription Drug Products (Report #A-06-02-00041) available on the OIG's website at www.oig.hhs.gov/oas/reports/region6/60200041.htm. The objectives of this report were to develop estimates of the discount below AWP available for single-source drugs, all drugs without FUL, multisource drugs without FUL and multisource drugs with FUL. With respect to multisource drugs, the OIG concluded that pharmacies were able to purchase multisource drugs with FUL at an estimated discount of 72.1% below AWP and multisource drugs without FUL at an estimated discount of 44.2% below AWP.

In December 2004, the Congressional Budget Office (CBO) issued a report on Medicaid FFS reimbursement to pharmacies for prescription costs from 1997 to 2002, available on the CBO's website at www.cbo.gov/showdoc.cfm?index=6038&sequence=0. As explained in the report:

One of the main factors behind high markups for some types of drugs was Medicaid's reimbursement system. That system relies on the published list prices of drugs (which are largely set by manufacturers) to determine pharmacies' reimbursements, instead of using the actual cost of the drugs to the pharmacies. States reimburse pharmacies using for-

mulas that are typically based on the average wholesale price (AWP) of a drug, which (like the sticker price on a car) is a published list price that few purchasers actually pay. For example, a state might reimburse a pharmacy 85 percent to 90 percent of the average wholesale price of a drug plus a fixed dollar amount of \$3 to \$5 (as a dispensing fee) to cover the pharmacy's other costs. By relying on list prices, Medicaid's reimbursement formulas lead to large markups on drugs that have large differences between their list price and the price that the pharmacy actually pays

Especially in the case of a newer generic drug, manufacturers have an incentive to set a high list price but to make the drug available to pharmacies at a significantly lower price. A relatively high markup on a generic drug gives a pharmacist an incentive to substitute that drug for another generic or brand-name drug. When a new generic drug becomes available, manufacturers can compete for the pharmacy's business partly by setting a high list price and a low actual price for the pharmacy

www.cbo.gov/showdoc.cfm?index=6038&sequence=0. The report noted that an incentive to maintain high list prices diminishes over time, largely because the States' payment rates become subject to the FUL. www.cbo.gov/showdoc.cfm?index=6038&sequence=0. As also observed in the report, however, there is sometimes a delay before CMS establishes a Federal upper limit. www.oig.hhs.gov/oei/reports/oei-03-02-00670.pdf.

Many private, commercial third-party payors previously used the FUL to establish the size and pricing of their MACs. Almost all have adopted an expanded MAC list, including more generic drugs than on the Federal upper limit list. Public third-party payors such as HealthChoices MCOs and the Pennsylvania Children's Health Insurance Programs (CHIP), as well as other state Medicaid agencies are also adopting expanded MAC lists. See the report on the CBO's website at www.cbo.gov/showdoc.cfm?index=6038&sequence=0.

Like these other payors, the Department will revise the methodology to determine the State MAC to take advantage of the prices that are now available.

Before selecting a new State MAC methodology, the Department reviewed the state MAC Programs of other state Medicaid programs and the impact those programs have on recipient access to drugs. That review revealed that some MAC methodologies were so aggressive that they prompted legitimate concerns about whether pharmacists could buy the drugs at the established prices, thereby presenting a barrier to access. Taking the lessons learned from those state Medicaid programs, the Department's methodology encompasses not only a quantitative pricing calculation but also ongoing monitoring to assure that drugs are in fact available at the State MAC.

Based on its review of existing reports addressing the cost of multisource drugs as well as the MAC programs of other States, the Department is revising its MAC methodology both by subjecting all eligible drugs to the same methodology and by changing the pricing calculation.

Rather than applying the Federal upper limit to all drugs for which the CMS has established limits, the Department will set the State MAC for all multisource brand name and generic products at the lower price of the Federal upper limit or the State MAC calculation. The State MAC calculation borrows from the methodology that the CMS uses to establish the FUL, but the Depart-

ment has included additional safeguards in the methodology to assure that the drug is available at the established price. In addition, the Department will also consider the financial impact of the Federal rebate before subjecting a newly approved generic drug to State MAC pricing. In some cases, primarily for a period of time after a branded drug loses patent protection, it might be more advantageous for the Department to pay the brand name product and receive the Federal rebate than to pay the State MAC price for the generic product.

In summary, the Department will establish the State MAC for brand name and "A-rated" therapeutically equivalent generic multisource drugs at the lower of the following:

1. The upper payment limit established by the CMS.
2. Provided that the generic product is available at the price established by the Department from at least two wholesalers:
 - (a) If the generic product is available from more than one manufacturer, the base price of 150% of the lowest acquisition cost for the generic product, unless 150% of the lowest acquisition cost is not at least 120% of the second lowest acquisition cost, in which case the base price will be set at 120% of the second lowest acquisition cost for the generic product.
 - (b) If the generic product is available from only one manufacturer, the base price of 120% of the acquisition cost.

The purpose of including a separate base price in those situations where the generic product is available from only one manufacturer is to recognize the two primary pharmacy markets, chains and independents, as well as rural versus urban locations, and their respective purchasing options. This State MAC provision takes into account additional market forces, such as the costs related to the carrying of inventory, which is not considered a component of the dispensing fee.

In calculating the State MAC, the MAC price will be calculated based on the typical use of 100-count bottles, or smaller sizes if 100-count bottles are not manufactured. An exception to this requirement is where standard practice patterns preclude this requirement, for example the situation where oral contraceptives are packaged only in a 28-day supply. Larger bottle sizes may be used to calculate the MAC price based on typical pharmacy stocking patterns if, for example, a particular product is typically purchased in 1,000-count bottles. In no case, however, will the MAC price be calculated using repackaged drugs.

The Department, in establishing the State MAC, has included additional safeguards. The Department will require the use of a National database of wholesaler information to ensure that only those products that are readily available will be used to develop the MAC price points. The generic product must have no manufacturing problems or shortages. The Department will monitor and verify drug shortage information through pharmacies, National drug wholesalers and public information as well as the National pricing services. Even after a MAC price is established for a drug, the Department will suspend the drug from the State MAC if these conditions are not met.

The revised EAC for the drug cost component of generic drugs, published as final-omitted rulemaking at 35 Pa.B. 4309 and the revised State MAC methodology enacted through this amendment, aligns the Department's pay-

ment methodology for generic drugs with those of other public payors and more closely approximates the cost of generic drugs, as reported by both the OIG and the CBO. These measures enable the Department to purchase generic drugs at the best possible price and provide access to pharmaceutical services to MA recipients.

The Department is also making two additional revisions to the State MAC payment methodology relating to the timeframes for updating of the State MAC and clarifying the package size to be used for determining the product cost for nonbreakables.

The Department currently updates the State MAC based on two timeframes:

- (1) The time frame established by the CMS when CMS issues the FUL.
- (2) For multisource drugs not subject to the CMS FUL, every 6 months.

The Department will retain the current CMS FUL timeframe for multisource drugs where the price has been established at the CMS FUL. However, to ensure that the Department is able to respond to and benefit from the frequent pricing changes occurring in pharmacy pricing the Department has revised the timeframe for updating all other multisource drug State MAC pricing to every 3 months as opposed to every 6 months.

In addition, the Department has made a technical revision to the package sizes the Department will use for the purpose of determining the product cost as it relates to nonbreakables, for example, ointments and creams. The Department will use the smallest size available. The use of the smallest size will provide for a price that will help ensure availability of the product as there are instances where manufacturers do not produce the nonbreakables in larger sizes.

Requirements

Section 1121.2 is amended to delete the definition of "BaseLine price." Section 1121.56 is amended to revise the methodology for calculating the State MAC for multisource drugs, clarification of common package sizes and the timeframe for updating the State MAC.

Affected Individuals and Organizations

Pharmacies and other providers that dispense prescription drugs to MA recipients will be affected by this final-omitted rulemaking, which revises the methodology for determining the State MAC for brand name and generic multisource drugs.

Accomplishments and Benefits

This final-omitted rulemaking aligns the Department's pharmacy payment rates within those of other private third-party payors in this Commonwealth as well as comparable or contiguous state Medicaid programs by expanding the State MAC methodology to include more multisource drugs. The final-omitted rulemaking enables the MA Program to take advantage of all available generic drug pricing opportunities and potential savings while maintaining recipient access to medically necessary drugs.

Fiscal Impact

This final-omitted rulemaking will result in reduced payments to pharmacies enrolled in the MA Program. The Commonwealth will realize \$22.353 million (\$10.279 million in State funds) in savings in Fiscal Year 2005-2006.

Paperwork Requirements

No new or additional paperwork requirements result from the adoption of this final-omitted rulemaking.

Public Process

The Department published an advance public notice at 35 Pa.B. 3268 announcing its intent to revise the payment methodology for both brand name drugs and generic drugs. The Department invited interested persons to comment on the proposed changes. In response to comments received, the Department published a second advance public notice at 35 Pa.B. 4264 describing the proposed State MAC methodology in greater detail and inviting additional public comment on the proposed methodology. Five commentators, including two trade associations, provided additional comment.

Before publishing the public notice at 35 Pa.B. 3268, the Department presented a copy of the proposed regulation, including the revised State MAC pricing methodology for multisource drugs, at the Medical Assistance Advisory Committee (MAAC) meeting on December 9, 2004. In addition, the Department discussed the revised payment methodology for both brand name and multisource drugs at the MAAC meeting on February 24, 2005, and shared an advance copy of the public notice announcing the proposed revision to the pharmacy payment methodology for brand name and multisource drugs at the May 26, 2005, MAAC meeting. The Department received no comments from the MAAC.

At the MAAC meeting on July 28, 2005, the Department informed the MAAC that it would publish a new public notice to allow for additional comment and provided the email address to which comments could be sent in addition to the usual mailing address.

Discussion of Comments

Most of the comments received in response to the public notice published at 35 Pa.B. 4264 were duplicative of those received in response to the notice issued at 35 Pa.B. 3268, which were addressed at the final-omitted rulemaking at 35 Pa.B. 4309. Following is a summary of the comments received that were not addressed in the final-omitted rulemaking and the Department's response to those comments.

Comment

Three commentators complained that pharmacies have to cover copayments if an MA recipient cannot pay, with one commentator requesting that the Department should be liable for any copayments that recipients cannot pay.

Response

The Department has required recipient copayment since September 1, 1984, and has informed providers, as set forth in § 1101.63(b)(5) (relating to payment in full), that the amount of the copayment will be deducted from the Commonwealth's payment to the provider. In addition, as set forth in § 1101.63(b)(8), the Commonwealth has informed providers of their responsibility to provide services even if the MA recipient is unable to pay the copayment amount as well as their right to attempt to collect the copayment amount.

The amendments to the recipient pharmacy copayment liability will be mitigated to the extent recipients will accept generic drugs.

Comment

One commentator observed that reducing the payment rates for generic products does not encourage the use of

generics and suggested that the Department should support pharmacies that dispense generic medications.

Response

While the commentator provided no specifics, the Department has already implemented pharmacy changes to encourage the use of generics. Among these changes are mandatory substitution requirements and specific drug prior authorization criteria. In addition, through planned revisions to pharmacy copayments, the Department intends to raise the recipient copayment for brand name drugs and either will maintain or decrease the copayment for generic drugs. Thus, the Department will provide an incentive for prescribing and dispensing of generic drugs. These changes will be implemented in a future rulemaking.

Comment

One commentator suggested that the Department should have taken into consideration the budget effect of 250,000 dual eligible recipients transferring to the Medicare Part D Drug Program on January 1, 2006, as well as the savings from the prior authorization of Proton Pump Inhibitors (PPI), before revising the pharmacy payment rates.

Response

The Department continues to review any potential savings as a result of the implementation of the Part D pharmacy benefit for dual eligibles. The review, taking into consideration the required State phase-down contributions under Medicare Part D, currently projects no net savings to the Department.

The Department has benefited from savings through the prior authorization of PPI. However, while generating certain savings to the Department, this prior authorization's primary purpose was to bring the Department in line with current industry pharmacy standards from both a quality of care and fiscally prudent standpoint.

Comment

One commentator repeated concerns submitted to the Department on July 22, 2005, asking the Department to specify how the Department will establish the State MAC and to request a delay until there is a "study" of the pharmacy payment proposals. The commentator also alleged that when North Carolina implemented a similar state MAC, it experienced operational issues.

Response

The Department, in response to comments regarding the public notice published at 35 Pa.B. 3268, thereafter published the methodology to establish the State MAC at 35 Pa.B. 4264. The commentator did not raise specific concerns regarding the actual methodology proposed by the Department.

As to the request that the Department perform a "study" prior to implementing pharmacy payment changes, the Department, as previously stated, has already performed studies and has reviewed studies regarding pharmacy pricing conducted by other agencies. For example, the OIG's report, entitled "Medicaid Pharmacy-Additional Analysis of the Actual Acquisition Cost of Prescription Drug Products," issued September 2002, found that pharmacies were able to purchase multisource drugs, without Federal upper limits, with an estimated discount of 44.2% below AWP. The Department also reviewed the pharmacy pricing methodologies of other states' Medicaid programs, as well as other third-party payors in this Commonwealth. The Department deter-

mined that the revised State MAC methodology will align its payment policies with those of other payors. Regarding the statement that the Department did not comply with the obligation of section 2213-A of The Administrative Code of 1929 (71 P. S. § 581-13), the Department has previously addressed this issue. See 35 Pa.B. 4309.

In regard to the MAC Program in North Carolina, which is similar to that being implemented in this Commonwealth, the Department contacted the contractor administering the state MAC as well as North Carolina State staff to discuss their experience in implementing the MAC. North Carolina staff reported that there have been no significant administrative issues and that no additional staff was needed to address complaints.

Regulatory Review Act

Under section 454 of the code, this final-omitted rule-making is not subject to review under the Regulatory Review Act.

Findings

The Department finds that:

(1) Notice of proposed rulemaking is omitted in accordance with section 204(1)(iv) of the CDL and 1 Pa. Code § 7.4(1)(iv) because the final-omitted rulemaking relates to Commonwealth grants and benefits.

(2) Adoption of this final-omitted rulemaking in the manner provided by this order is necessary and appropriate for the administration and enforcement of the code.

Order

The Department, acting under the code, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapter 1121, are amended by amending §§ 1121.2 and 1121.56 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel for approval as to legality and form as required by law.

(c) The Secretary of the Department shall certify and deposit this order and Annex A with the Legislative Reference Bureau as required by law.

(d) This order takes effect on August 22, 2005.

ESTELLE B. RICHMAN,
Secretary

Fiscal Note: 14-499. No fiscal impact; (8) recommends adoption. Implementation of the notice will generate savings to the General Fund beginning in Fiscal Year 2005-2006 of \$10.279 million.

Annex A

TITLE 55. PUBLIC WELFARE

PART III. MEDICAL ASSISTANCE MANUAL

CHAPTER 1121. PHARMACEUTICAL SERVICES

GENERAL PROVISIONS

§ 1121.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

AWP—The average wholesale price for a drug as found in the Department's pricing service publication.

Brand name—A registered trade name commonly used to identify a drug.

Compounded prescription—A prescription that is prepared in the pharmacy by combining two or more ingredi-

ents and involves the weighing of at least one solid ingredient which shall be a compensable item or a legend drug in a therapeutic amount.

Department's pricing service—A Nationally recognized pricing guide currently under contract with the Department, selected by competitive bids consistent with the Commonwealth procurement practices, which can supply the Department with services needed to maintain the drug reference file under this chapter.

DESI drug—A drug product for which Federal Financial Participation (FFP) is not available under 42 CFR 441.25 (relating to less than effective drugs).

Experimental drug—A drug or product currently being investigated under licensure by the Food and Drug Administration (FDA) to determine its safety and effectiveness.

Federal upper limit—The per unit amount set for a multisource drug which is established by the HCFA under 42 CFR 447.331—447.333 (relating to upper limits for multisource drugs).

HCFA—The Health Care Financing Administration.

HCFA multisource drug—A multisource drug identified by the HCFA for which FFP is limited under 42 CFR 447.331—447.333.

Legend drug—A drug or product that under Federal law or State law can be dispensed only upon the order of a physician.

Licensed prescriber—A person currently licensed under the law of a state to order medication.

Multisource drug—A drug marketed or sold by two or more manufacturers or labelers or a drug marketed or sold by the same manufacturer or labeler under two or more different proprietary names or both under a proprietary name and without such a name.

Nonlegend drug—A drug or product that can be purchased without a prescription.

OBRA '90—The Omnibus Budget Reconciliation Act of 1990 (Pub. L. No. 101-508, 104 Stat. 1388).

State MAC—The maximum allowable cost established for a multisource drug.

Usual and customary charge—The pharmacy's lowest net charge an MA recipient would pay for a prescription as a non-Medicaid patient at the time of dispensing for the same quantity and strength of a particular drug or product, including all applicable discounts, such as special rates to nursing home residents, senior citizens, or other discounts extended to a particular group of patients. This lowest net price does not apply to special in-store rates or discounts extended to charitable organizations, religious groups, store employees and their families, nonprofit organizations, members of the medical profession or other similar non-Medicaid groups.

PAYMENT FOR PHARMACEUTICAL SERVICES

§ 1121.56. Drug cost determination.

(a) The Department will base its drug cost for compensable legend and nonlegend drugs on the lower of:

(1) The Estimated Acquisition Cost (EAC) established by the Department as the current AWP found in the Department's pricing service for the most common package size of that product minus 10%.

(2) The State MAC established by the Department.

(b) The Department will update the EAC for individual drugs on a monthly basis as it appears in the Department's pricing service.

(c) HCFA establishes lists that identify and set Federal upper limits for the HCFA multisource drugs and provides the listing of these drugs and revisions to the list to the Department through Medicaid manual transmittals on a periodic basis.

(d) The Department will determine the State MAC by one of the following methods:

(1) For multisource drugs, the Department will set the State MAC at the lower of the following:

- (i) The upper payment limit established by the CMS.
- (ii) Provided that the generic product is available at the price established by the Department from at least two wholesalers:

(A) If the generic product is available from more than one manufacturer, the base price of 150% of the lowest acquisition cost for the generic product, unless 150% of the lowest acquisition cost is not at least 120% of the second lowest acquisition cost, in which case the base price will be set at 120% of the second lowest acquisition cost.

(B) If the generic product is available from only one manufacturer, the base price is 120% of the acquisition cost for the generic product.

(2) For disposable insulin syringes, the Department will set the State MAC at the amount listed in the MA Program Fee Schedule.

(e) The Department will update the State MAC:

(1) If the State MAC for a multisource drug is set at the Federal upper payment limit established by CMS, the Department will apply the Federal upper limits for CMS multisource drugs to be effective on the date established by CMS and will describe the update to each pharmacy enrolled in the MA Program when it is available.

(2) The Department will apply the price for all other State MAC multisource drugs every 3 months, and will distribute the update to each pharmacy enrolled in the MA Program.

(f) With the exception of the HCFA multisource drugs, the Department will make further additions to the list of State MAC drugs after consultation with the Medical Assistance Advisory Committee as to whether the application of a State MAC is cost effective to the Department for a particular multisource drug. The Department will add the HCFA multisource drugs to the State MAC list effective as of the effective date established by HCFA.

(g) With the exception of disposable insulin syringes, the State MAC does not apply if the conditions are met as described in § 1121.53(b)(1) and (2) (relating to limitations on payment).

(h) The most common package size for the purposes of determining the product cost is one of the following:

(1) For capsules, tablets and liquids available in breakable package sizes:

(i) The listed package size if only one package size is listed.

(ii) The 100 or pint package size if more than one package size is listed.

(iii) The next smaller package size from the 100 or pint size, excluding a drug company's unit-dose package size, if more than one package size is listed other than the 100 or pint package size.

(iv) The package size closest to the 100 or pint package size, excluding a drug company's unit-dose package size, if the next smaller package is the unit-dose package size.

(2) The listed package size for all dosage forms available for all nonlegend drug products.

(3) The smallest package size for all dosage forms available in nonbreakable packages.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CH. 93]

Stream Redesignations (Newtown Creek, et al.)

The Environmental Quality Board (Board) proposes to amend §§ 93.7, 93.9d, 93.9e, 93.9g, 93.9l, 93.9o, 93.9q and 93.9v to read as set forth in Annex A.

This proposed rulemaking was adopted by the Board at its meeting of June 21, 2005.

A. Effective Date

This proposed rulemaking will be effective upon final form publication in the *Pennsylvania Bulletin*.

B. Contact Persons

For further information, contact Richard H. Shertzer, Acting Chief, Division of Water Quality Assessment and Standards, Bureau of Water Supply and Wastewater Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8467, 400 Market Street, Harrisburg, PA 17105-8467, (717) 787-9637; or Michelle Moses, Assistant Counsel, Bureau of Regulatory Counsel, 9th Floor, Rachel Carson State Office Building, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Persons with a disability may use the AT&T Relay Service, (800) 654-5984 (TDD-users) or (800) 654-5988 (voice users). This proposed rulemaking is available on the Department of Environmental Protection's (Department) website at www.dep.state.pa.us.

C. Statutory and Regulatory Authority

This proposed rulemaking is being made under the authority of sections 5(b)(1) and 402 of The Clean Streams Law (35 P. S. §§ 691.5(b)(1) and 691.402), which authorize the Board to develop and adopt rules and regulations to implement the provisions of The Clean Streams Law, and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20), which grants to the Board the power and duty to formulate, adopt and promulgate rules and regulations for the proper performance of the work of the Department. In addition, section 303 of the Federal Clean Water Act (33 U.S.C.A. § 1313) sets forth requirements for water quality standards and the Federal regulation at 40 CFR 131.32 (relating to Pennsylvania) sets forth certain requirements for portions of the Commonwealth's antidegradation program.

D. Background of the Proposed Rulemaking

Water quality standards are in-stream water quality goals that are implemented by imposing specific regulatory requirements (such as treatment requirements, best management practices and effluent limits) on individual sources of pollution. The Department may identify candidates for redesignation during routine waterbody investigations. Requests for consideration may also be initiated by other agencies, such as the Fish and Boat Commission (Commission). Organizations, businesses or individuals may submit a rulemaking petition to the Board.

The Department considers candidates for High Quality (HQ) or Exceptional Value (EV) Waters and all other

designations in its ongoing review of water quality standards. In general, HQ and EV waters must be maintained at their existing quality and permitted activities shall ensure the protection of designated and existing uses.

Existing use protection is provided when the Department determines, based on its evaluation of the best available scientific information, that a surface water attains water uses identified in §§ 93.3 and 93.4 (relating to protected water uses; and Statewide water uses). Examples of water uses protected include the following: Cold Water Fishes (CWF), Warm Water Fishes (WWF), HQ and EV. A final existing use determination is made on a surface water at the time the Department takes a permit or approval action on a request to conduct an activity that may impact surface water. If the determination demonstrates that the existing use is different than the designated use, the water body will immediately receive the best protection identified by either the attained uses or the designated uses. A stream will then be "redesignated" through the rulemaking process to match the existing uses with the designated uses. For example, if the designated use of a stream is listed as protecting WWF but the redesignation evaluation demonstrates that the water attains the use of CWF, the stream would immediately be protected for CWF, prior to a rulemaking. Then, the Department will recommend to the Board that the existing uses be made "designated" uses, through rulemaking, and be added to the list of uses identified in § 93.9 (relating to designated water uses and water quality criteria).

These streams were evaluated in response to one petition, as well as requests from the Commission and the Department's Southeast Regional Office (SERO), Northeast Regional Office (NERO) and Bureau of Water Supply and Wastewater Management (BWSWM) as follows:

Petition: Pine Run

Commission: Messenger Run

SERO: Indian Spring Run

NERO: Unnamed Tributary (UNT) to Lizard Creek

BWSWM: Newtown Creek, Indian Creek

These amendments were developed as a result of aquatic studies conducted by the BWSWM and the Commission. The physical, chemical and biological characteristics and other information on these waterbodies were evaluated to determine the appropriateness of the current and requested designations using applicable regulatory criteria and definitions. In reviewing whether waterbodies qualify as HQ or EV waters, the Department considers the criteria in § 93.4b (relating to qualifying as High Quality of Exceptional Value Waters). Based upon the Department's analysis of the data collected in these surveys, the Department recommends the designations described in this preamble and as set forth in Annex A.

Copies of the Department's stream evaluation reports for these waterbodies are available from Richard H. Shertzer whose address and telephone number are listed in Section B.

The following is a brief explanation of the recommendations for each waterbody:

UNT 03876 to Lizard Creek—This UNT to Lizard Creek is located in the Lehigh River watershed and flows through East Penn Township, Carbon County. This basin

is currently designated Trout Stocking (TSF) and was evaluated for redesignation based on a request from NERO. The Commission conducted a survey on the stream and documented the presence of a naturally reproducing brook trout population along with blacknose dace and creek chubs. The UNT to Lizard Creek had a biological condition score of 100%. Wild Creek, a nearby EV stream was used as the reference stream. It is a tributary to Pohopoco Creek located in Carbon County. The candidate stream station metrics were compared to those of the reference stream which has a comparable drainage area. The sampling of the two streams was done on the same day to minimize the effects of seasonal variation. Based on applicable regulatory criteria, the Department recommends that the use designation of UNT to Lizard Creek basin be changed from the current TSF to EV based on a biological condition score of greater than 92%.

Newtown Creek—Newtown Creek is a tributary to Neshaminy Creek in the Delaware River drainage. The basin is located in Middletown, Newtown and Wrightstown Townships and the Borough of Newtown, Bucks County. Newtown Creek was inadvertently omitted from Chapter 93 (relating to water quality standards). Six species of fish were captured in Newtown Creek. Species collected are commonly found in warm water habitats. Based on the fishery data, the Department recommends that the entire Newtown Creek basin be designated WWF. The Department also recommends Newtown Creek be designated Migratory Fishes (MF) since it is an unimpeded tributary to Neshaminy Creek, which is designated MF. Turbidity was adopted as special criteria for specific waters in the Neshaminy as early as September 2, 1971. The present turbidity criteria are as follows:

T_1 —Not more than 100 NTU

T_2 —For May 15—September 15 of any year, not more than 40 NTU; for September 16—May 14 of any year, not more than 100 NTU.

Pine Run—Pine Run is a tributary to Chest Creek in Chest Township, Clearfield County near Westover. It is currently designated CWF. The basin was evaluated for redesignation as EV in response to a petition submitted by the Chest Township Road District. The collection of native brook trout indicates that Pine Run supports a coldwater fish community. Rouges Harbor Run is an EV stream that is also a tributary to Chest Creek. It was chosen as the reference station based on proximity, geologic setting and drainage area being most similar to the candidate stream. The Department recommends that the Pine Run basin be redesignated EV based on waters with biological conditions scores at all three sampling stations greater than 92% of the reference, thus satisfying the regulatory criterion for redesignation as EV.

Indian Spring Run—Indian Spring Run is a tributary to Pequea Creek in the Susquehanna River watershed. It is located in West Caln, Sadsbury and West Sadsbury Townships, Chester County and Salisbury Township, Lancaster County. Indian Spring Run is currently designated CWF. As a result of a request from SERO, the basin was evaluated for redesignation as EV. The Commission conducted a survey of the fish community and found a healthy brook trout population and other cold water species such as blacknose dace and creek chubs. Rock Run is a tributary to French Creek in Chester County and was used as the reference stream. It was

used because it has a protected use designation of EV and has a drainage area comparable to Indian Spring Run. The comparison was also based on the metrics of the streams. The Department recommends that the use designation of the Indian Spring Run basin from the source to the SR 10 Bridge be changed from CWF to EV based on biological condition scores greater than 92% of the reference station score and UNT 07540 basin from the source to SR 10 Bridge be changed from CWF to HQ-CWF based on a biological condition score between 83—92% of the reference score. The remaining portion of this stream will retain the CWF designation.

Messenger Run—Messenger Run is a tributary of Tionesta Creek which flows through Sheffield Township south of Warren. Messenger Run was evaluated based on an inquiry by the Commission regarding its Chapter 93 aquatic life use designation. Messenger Run was inadvertently omitted from Chapter 93. The Commission found the presence of a coldwater fishery in the basin. The Commission has identified a Class B wild brook trout fishery in Messenger Run. It also found blacknose dace, mottled sculpin and fantail darter. Jacks Run was chosen as the reference stream based on sub-ecoregion, drainage area and documented biological integrity. Jacks Run is currently designated EV. The Department recommends that the Messenger Run basin, from source to mouth, be designated EV, based on Messenger Run's biological condition score of 100% which exceeds the 92% criterion for EV waters.

Indian Creek—Indian Creek is a fourth-order tributary of the Younghigheny River in Donegal Township, Fayette County. The main stem of Indian Creek between the mouth of Champion Creek and its confluence with the Younghigheny River was evaluated by the Department because it was inadvertently omitted from Chapter 93. The Commission documented the presence of a coldwater fishery in the basin. Species identified include mottled sculpin, brown trout, rainbow trout, blacknose dace and longnose dace. Based on the presence of cold water species, the Department recommends that the mainstem of Indian Creek, from its confluence with Champion Creek to its mouth, be designated as CWF.

Corrections—In addition to these recommended revisions, the Department proposes a spelling correction in § 93.9g (relating to Drainage List G). In the listing for Beaver Creek, a tributary to East Branch Brandywine Creek, the spelling of "Cain" Township will be corrected to "Caln" Township.

In § 93.9l (relating to Drainage List L), the Department proposes to correct the stream listings for McBrides Run and Markles Gap Run, which are incorrectly listed in Chapter 93. Both streams are located in Centre County, and are tributaries to Spring Creek in the West Branch Susquehanna River Watershed. In the Chapter 93 rule-making package from 1979, McBrides Run and Markles Gap Run are listed as the local names for these tributaries. After thoroughly reviewing the PA Stream Directory and the Stream Maps, the Department concluded that McBrides Run is UNT 23007 and is a tributary to Logan Branch. McBrides Run will retain its current designation but will be relocated within the drainage list to the Logan Branch Watershed. Markles Gap is UNT 23057 and is a tributary to Spring Creek. The Markles Gap listing will be changed to UNT 23057. This correction does not affect the current stream designation.

The Department is also proposing a correction to Table 3, Dissolved Oxygen in § 93.7 (relating to specific water quality criteria). In the 2005 Triennial Review of Water Quality Standards a transcription error was made to the DO₃ criterion. The criterion states "For the period February 1 to July 31 . . ." It should state ". . . February 15 to July 31 . . ." The "5" was inadvertently omitted. This error occurred in the preparation of the 2005 final-form rulemaking for the triennial review of water quality standards.

E. *Benefits, Costs and Compliance*

1. *Benefits*—Overall, the citizens of this Commonwealth will benefit from this proposed rulemaking because it will reflect the appropriate designated use and maintain the most appropriate degree of protection for each stream in accordance with the existing use of the stream.

2. *Compliance Costs*—Generally, the changes should have no fiscal impact on or create additional compliance costs for the Commonwealth or its political subdivisions. The streams are already protected at their existing use, and therefore the designated use changes will have no impact on treatment requirements. No costs will be imposed directly upon local governments by these recommendations. Political subdivisions that add a new sewage treatment plant or expand an existing plant in these basins may experience changes in cost as follows in the discussion of impacts on the private sector.

Persons conducting or proposing regulated activities shall comply with the regulatory requirements relating to designated and existing uses. For example, persons could be adversely affected if they expand a discharge or add a new discharge point since they may need to provide a higher level of treatment to meet the designated and existing uses of the stream. These increased costs may take the form of higher engineering, construction or operating costs for wastewater treatment facilities. Treatment costs are site-specific and depend upon the size of the discharge in relation to the size of the stream and many other factors. It is therefore not possible to precisely predict the actual change in costs. Economic impacts would primarily involve the potential for higher treatment costs for new or expanded discharges to streams that are redesignated to a more protective use.

3. *Compliance Assistance Plan*—This proposed rulemaking has been developed as part of an established program that has been implemented by the Department since the early 1980s. This proposed rulemaking is consistent with and based on existing Department regulations. The revisions extend additional protection to selected waterbodies that exhibit exceptional water quality and are consistent with antidegradation requirements established by the Federal Clean Water Act and The Clean Streams Law. All surface waters in this Commonwealth are afforded a minimum level of protection through compliance with the water quality standards, which prevent pollution and protect existing water uses.

This proposed rulemaking will be implemented through the Department's permit and approval actions. For example, the National Pollutant Discharge Elimination System (NPDES) permitting program bases effluent limitations on the use designation of the stream. These permit conditions are established to assure water quality criteria are achieved and designated and existing uses are protected. New and expanding dischargers with water quality based effluent limitations are required to provide

effluent treatment according to the water quality criteria associated with existing uses and revised designated water uses.

4. *Paperwork Requirements*—This proposed rulemaking should have no direct paperwork impact on the Commonwealth, local governments and political subdivisions, or the private sector. This proposed rulemaking is based on existing Department regulations and simply mirror the existing use protection that is already in place for these streams. There may be some indirect paperwork requirements for new or expanding dischargers to streams upgraded to HQ or EV. For example, NPDES general permits are not currently available for new or expanded discharges to these streams. Thus an individual permit, and its associated paperwork, would be required. Additionally, paperwork associated with demonstrating social and economic justification may be required for new or expanding discharges to certain HQ Waters, and consideration of nondischarge alternatives is required for all new or expanding discharges to EV and HQ Waters.

F. *Pollution Prevention*

The water quality standards and antidegradation program are major pollution prevention tools because the objective is to prevent degradation by maintaining and protecting existing water quality and existing uses. Although the antidegradation program does not prohibit new or expanding wastewater discharges, nondischarge alternatives are encouraged and required when environmentally sound and cost effective. Nondischarge alternatives, when implemented, remove impacts to surface water and reduce the overall level of pollution to the environment by remediation of the effluent through the soil.

G. *Sunset Review*

These regulations will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 5, 2005, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate and House Environmental Resources and Energy Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor.

I. *Public Comments*

Written Comments—Interested persons are invited to submit comments, suggestions or objections regarding the proposed rulemaking to the Environmental Quality Board, P. O. Box 8477, Harrisburg, PA 17105-8477 (express mail: Rachel Carson State Office Building, 15th Floor, 400 Market Street, Harrisburg, PA 17101-2301).

Comments submitted by facsimile will not be accepted. Comments must be received by the Board by October 4, 2005. Interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by October 4, 2005. The one page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the proposed rulemaking will be considered. If sufficient interest is generated as a result of this publication, a public hearing will be scheduled at an appropriate location to receive additional comments.

Electronic Comments—Comments may be submitted electronically to the Board at RegComments@state.pa.us. A subject heading of the proposed rulemaking and return name and address must be included in each transmission. Comments submitted electronically must also be received by the Board by October 4, 2005.

WATER QUALITY CRITERIA

§ 93.7. Specific water quality criteria.

(a) Table 3 displays specific water quality criteria and associated critical uses. The criteria associated with the Statewide water uses listed in § 93.4, Table 2 apply to all surface waters, unless a specific exception is indicated in §§ 93.9a—93.9z. Other specific water quality criteria apply to surface waters as specified in §§ 93.9a—93.9z. All applicable criteria shall be applied in accordance with this chapter, Chapter 96 (relating to water quality standards implementation) and other applicable State and Federal laws and regulations.

TABLE 3

<i>Parameter</i>	<i>Symbol</i>	<i>Criteria</i>	<i>Critical Use*</i>
		* * * * *	
Dissolved Oxygen		The following specific dissolved oxygen criteria recognize the natural process of stratification in lakes, ponds and impoundments. These criteria apply to flowing waters and to the epilimnion of a naturally stratified lake, pond or impoundment. The hypolimnion in a naturally stratified lake, pond or impoundment is protected by the narrative water quality criteria in § 93.6 (relating to general water quality criteria). For nonstratified lakes, ponds or impoundments, the dissolved oxygen criteria apply throughout the lake, pond or impoundment to protect the critical uses.	See the following table.

DEPARTMENT OF AGRICULTURE

Application Period for the Agricultural and Rural Youth Grant Program

The Department of Agriculture (Department) announces the opening of the application period for funding from the Agricultural and Rural Youth Grant Program for 2005-2006. Grant applications will be accepted from August 30, 2005, to October 31, 2005, in Room 311, Department of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408. Applications must be post-marked by October 31, 2005, to be considered for funding. Fax and e-mail submissions are not acceptable.

The objective of the grant program is to encourage projects that will increase knowledge and awareness of

agricultural issues and other issues specific to rural areas in this Commonwealth. This educational effort is directed toward the youth of this Commonwealth.

For this application year, the grant program will award direct grants of up to \$2,500 and matching grants up to \$10,000.

Applications and program guidelines are available on the Department's website: www.agriculture.state.pa.us or by contacting Eric Cowden, Department of Agriculture, Room 311, 2301 North Cameron Street, Harrisburg, PA 17110, (717) 787-5342, ecowden@state.pa.us.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of September 2005

The Department of Banking (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), has determined that the maximum lawful rate of interest for residential mortgages for the month of September 2005 is 6 3/4%.

The interest rate limitations under the State’s usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which

the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 4.33 to which was added 2.50 percentage points for a total of 6.83 that by law is rounded off to the nearest quarter at 6 3/4%.

Secretary

Applications, Actions and Special Notices

APPLICATIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION
SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM)
PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA0011088, IW, SIC 5141, Kaneb Terminals/ST Services South Terminal, 6850 Essington Avenue, Philadelphia, PA 19153. This proposed facility is located in City of Philadelphia, **Philadelphia County**.

Description of Proposed Activity: renewal of an NPDES permit to discharge stormwater runoff from a Petroleum Marketing Terminal.

The receiving stream, UNT to Mingo Creek and Schuylkill River, is in the State Water Plan watershed 3J and is classified for WWF.

The proposed effluent limits for Outfalls 001 and 002 are as follows:

<i>Parameters</i>	<i>Mass (lb/day)</i>		<i>Instantaneous Maximum (mg/l)</i>
	<i>Average Monthly</i>	<i>Maximum Daily</i>	
Oil and Grease	15		30
pH	within limits of 6.0 to 9.0 at all times		

The proposed effluent limits for stormwater Outfalls 003—005 are as follows:

In addition to the effluent limits, the permit contains the following major special conditions:

1. Product Contaminated Stormwater Runoff.
2. PPC Plan Requirements.

Application No. PA 0052833, SIC Code 3369, Industrial Waste, **Excelsior Brass Works**, June Avenue, Blandon, PA 19510-0140. This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Willow Creek, in Maiden Creek Township, **Berks County**.

The receiving stream is classified for CWF, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was Pottstown Borough located on the Schuylkill River. The discharge is not expected to impact any potable water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.0061 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

Application No. PA 0084026, Sewage, **Northwestern Lancaster County Authority**, 97 North Penryn Road, Manheim, PA 17545. This facility is located in Penn Township, **Lancaster County**.

Description of activity: The application is for issuance of an NPDES permit for new discharge of treated sewage. This notice replaces the incorrect notice published at 35 Pa.B. 4207 (July 30, 2005).

The receiving stream, Chickies Creek, is in Watershed 7-G, and classified for WWF, water supply, recreation and fish consumption. The nearest downstream public water supply intake for Columbia Water Company is located on the Susquehanna River, approximately 20 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.65 mgd are:

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Region: Environmental Cleanup Program Manager, 2 East Main Street, Norristown, PA 19401.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one

time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

42-211A: M and M Royalty, Ltd. (Route 146, Smethport, PA 16749) for construction/modification of a natural gas stripping operation in the Township of Sergeant, **McKean County**.

24-017A: Morgan Advanced Materials and Technology (441 Hall Avenue, St. Marys, PA 15857) for construction of an electric continuous heat treat oven with afterburner/flare used to carbonize coal tar pitch bonded materials and some resin containing materials to manufacture carbon and graphite parts used in mechanical devices in St. Marys City, **Elk County**. This is a State-only V facility.

37-304C: Heraeus Electro-Nite (3 Fountain Avenue, Ellwood City, PA 16117) for modification of plan approval 37-304B conditions in Ellwood City Borough, **Lawrence County**. This is a State-only V facility.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Thomas McGinley, New Source Review Chief, (484) 250-5920.

46-0069: Highway Materials, Inc. (5000 Joshua Road, Plymouth Meeting, PA) for correction of a previous application submitted on December 30, 1997, for the installation of a crushing plant. This application corrects the particulate matter (PM) emission calculations for two crusher engines, located at Highway Materials facility located in Whitmarsh Township, **Montgomery County**. This facility is a non-Title V facility. Allowable emissions or PM from the Caterpillar engine shall increase to 0.41 lb. per hour and 0.55 ton per year. Allowable emissions of PM from the Cummins engine shall increase to 1.17 lbs per hour and 1.58 tons per year. The Plan Approval will contain recordkeeping and operating restrictions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

23-0003G: ConocoPhillips Co. (4101 Post Road, Trainer, PA 19061) for replacement of 24 Low-NOx Burners with Ultra-Low NOx Burners for an existing source No. 738 (Platformer Heater) at their oil refinery in Trainer Borough, **Delaware County**. The plan approval is for a Title V facility. There will be no new air contaminants emitted and due to the installation of the burners, NOx emissions are projected to decrease by more than 32 tons per year, while CO emissions will increase by 51 tons. The plan approval will include monitoring,

recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

36-05140A: Valley Proteins, Inc. (693 Wide Hollow Road, East Earl, PA 17519) to add additional rendering operations to their existing facility in East Earl Township, **Lancaster County**. This new rendering operation will be controlled through the use of boiler incineration and scrubbers. The increase to the facility's emissions will not exceed 250 tpy of SO₂, 88 tpy of NO_x, 52 tpy of Particulate Matter, 8 tpy of CO and less than 2 tpy of VOC. This plan approval will include monitoring, record keeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, William Charlton, New Source Review Chief, (412) 442-4174.

65-00222: Port Augustus Glass Company, LLC d/b/a L. E. Smith Glass Company (1900 Liberty Street, Mt. Pleasant, PA 15666) for pressed and blown glass manufacturing at L. E. Smith Glass Co. in Mt. Pleasant Township, **Westmoreland County**. This is a transfer of ownership from American Glass Inc. to Port Augustus Glass Company LLC d/b/a L. E. Smith Glass Company.

PA-30-00099D: Allegheny Energy Supply Co. (800 Cabin Hill Drive, Greensburg, PA 15601) for installation of a SO₃ Generation and Injection system on Unit Nos. 1—3 at Hatfield's Ferry Power Station (Hatfield) in Monongahela Township, **Greene County**.

Under 25 Pa. Code § 127.44(a)(4), the Department of Environmental Protection (Department) intends to issue a Plan Approval to the Allegheny Energy Supply Company (800 Cabin Hill Drive, Greensburg, PA 15601) for the installation of a SO₃ Injection System at the Hatfield's Ferry Power Station as described in its application to the Department received on April 25, 2005. The SO₃ Injection System is being installed to improve the performance of the particulate control equipment (Electrostatic Precipitators). It is expected to reduce particulate matter emissions by approximately 39 tons per year.

Copies of the application, the Department's analysis and other documents used in evaluation of the application are available for public inspection during normal business hours at the Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222

For the Department to assure compliance with all applicable standards, the Department proposes to place the following conditions on the Plan Approval:

Special Conditions for Plan Approval PA-30-00099D

1. This Plan Approval is for the installation of a SO₃ Generation and Injection system on Unit Nos. 1—3 at Hatfield's Ferry Power Station (Hatfield), located in Monongahela Township, Greene County. (25 Pa. Code § 127.12b)

2. This Plan Approval does not authorize the burning of Powder River Basin (PRB) coal at this facility. (25 Pa. Code § 127.12b)

3. During those periods when no PRB (or other low sulfur) coal is burned, the maximum molten sulfur usage rate shall be limited to 474,902 lbs/yr, based on a rolling 365-day period. Only days when no PRB (or other low

sulfur) coal is burned shall be accumulated in sulfur usage totals for each 365-day rolling period. Compliance with this limit shall be established by maintaining records of daily sulfur usage and PRB coal usage and daily calculation of rolling 365-day sulfur usage, for days when PRB (or low sulfur) coal is not used. (25 Pa. Code § 127.12b)

4. The sulfur injection limits and record keeping requirements established in condition No. 5 shall be removed/terminated in the event that Flue Gas Desulfurization equipment is permanently installed. (25 Pa. Code § 127.12b)

5. Stack testing shall be conducted to determine the mass emission rate of particulate matter, PM10 (filterable and condensable), H₂SO₄, and SO₃. These tests shall be conducted when the facility is operating under the following scenarios: Case 1, non-PRB and SO₃ injection and Case 2, PRB with SO₃ injection. Testing shall be conducted within 120 days of completing construction on the SO₃ injection system. (25 Pa. Code §§ 123.45 and 139.11)

i) Stack testing shall be conducted in accordance with the provisions of 25 Pa. Code Chapter 139 and the Department's Source Testing Manual.

ii) At least 60 days prior to the test, the owner/operator shall submit to the Department two copies of the procedures for the stack test and drawings with dimensions indicating the location of sampling ports and other data to ensure the collection of representative samples.

iii) At least 15 days prior to the test, the Regional Air Quality Manager shall be informed of the date and time of the test.

iv) All relevant operating parameters (such as, boiler steam flow, air flow, gross megawatts, O₂, CEMS heat input and stack flue gas volumetric flow rate) shall be recorded at appropriate intervals throughout the duration of the stack tests. Operating data recorded shall be sufficient to establish that the units and the air cleaning devices, including the SBS, are operating at maximum routine operating conditions. A discussion of the recorded operating parameters and values shall be included in the test report.

v) Within 60 days after the stack test, two copies of the complete test report, including all recorded operating parameters, shall be submitted to the Regional Air Quality Manager for approval

6. This Plan Approval authorizes temporary operation of the sources covered by this Plan Approval provided the following conditions are met 25 Pa. Code § 127.12b:

(i) The Owner/Operator shall submit written Notice of the Completion of Construction and the Operator's intent to commence operation at least 5 days prior to the completion of construction. The Notice shall state the date when construction will be completed and the date when the Operator expects to commence operation.

(ii) Operation of the sources covered by this Plan Approval is authorized only to facilitate the start-up and shakedown of sources and air cleaning devices, to permit operations pending the issuance of an Operating Permit, and to permit the evaluation of the source for compliance with all applicable regulations and requirements.

(iii) Upon receipt of the Notice of the Completion of Construction from the Owner/Operator the Department shall authorize a 180-day Period of Temporary Operation of the sources from the date of commencement of operation. The Notice submitted by the Owner/Operator, prior

to the expiration of this Plan Approval, shall modify the Plan Approval expiration date. The new Plan Approval expiration date shall be 180 days from the date of commencement of operation.

(iv) Upon determination by the Owner/Operator that the sources covered by this Plan Approval are in compliance with all conditions of the Plan Approval the Owner/Operator shall contact the Department's reviewing engineer and schedule the Initial Operating Permit Inspection.

(v) Upon completion of the Initial Operating Permit Inspection and determination by the Department that the sources covered by this Plan Approval are in compliance with all conditions of the Plan Approval, the Owner/Operator shall apply for an Administrative Amendment to the Title V Operating Permit (TVOP) at least 60 days prior to the expiration date of the Plan Approval. The Administrative Amendment shall incorporate the conditions of this Plan Approval into the TVOP.

(vi) The Owner/Operator may request an extension of the 180-day Period of Temporary Operation if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of the Period of Temporary Operation and shall provide a description of the compliance status of the source. The extension request shall include a detailed schedule for establishing compliance and the reasons compliance has not been established. This Period of Temporary Operation may be extended for additional periods, each not to exceed 120 days, by submitting an extension request as described above.

Persons who wish to provide the Department of Environmental Protection (Department) with additional information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to the Department at the address shown. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed Plan Approval (specify the Plan Approval number).
- Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

A public hearing may be held if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a newspaper or the *Pennsylvania Bulletin*, or by telephone, where the Department determines notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Regional Air Quality Program Manager, Department of Environmental Protection, Southwest Region—Field Operation, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

For additional information persons should contact Thomas J. Joseph, P. E., Air Pollution Control Engineer III, Air Quality at the previously listed address.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, George Monasky, New Source Review Chief, (814) 332-6940.

61-0011C: Merisol Antioxidants, LLC (292 SR 8, Oil City, PA 16301) for modification of existing 314/340 distillation columns, construction of a new smaller distillation column, modification to the Eclipse Heater to include a low NOx burner (LNB), installation of a new flare, and other ancillary modifications to increase production of meta cresol in Cornplanter Township, **Venango County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (Department) intends to issue a plan approval for their plant in Cornplanter Township, Venango County. The facility is a Title V Facility. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date.

Plan approval No. 61-011C is for modification of the existing 314/340 distillation columns, construction of a new smaller distillation column, modification to the Eclipse Heater to include a LNB, installation of a new flare, and other ancillary modifications to increase production of meta cresol. The new flare and the existing flare will control VOC emissions. The potential facility-wide VOC emissions will increase by approximately 3 tpy from the current allowable emissions. NOx emissions will decrease from the eclipse heater while other criteria pollutants remain relatively unchanged. The Plan Approval will require a flare performance test, continuous monitoring of the flare for the presence of a flame and other "Trouble Indicators" as well as weekly observations for visible emissions from the flares. The Plan Approval contains a Compliance Assurance Monitoring plan for the new distillation column. The Plan Approval will also include emission limits for the eclipse heater and initial as well as annual testing with a portable analyzer for CO and NOx emissions. The Plan Approval and Operating Permit will include conditions that require record keeping, reporting, work practice standards, and additional requirements for the sources and control devices designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at 230 Chestnut Street, Meadville, PA 16335.

Persons who wish to provide the Department with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the address shown in the preceding paragraph. The Department will consider any written comments received within 30 days of the publication of this notice. Written comments must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed permit (No. 61-0011C).

A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held if the Department, in its discretion, decides that a hearing is warranted based on the comments received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where the Department determines notification by telephone is sufficient. Written comments or requests for a public hearing should

be directed to Matthew Williams, New Source Review, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6940.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should by contacting Matthew Williams or the Pennsylvania AT&T relay service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

If a plan approval has not undergone the public notice process, the change to an operating permit must be treated as a significant modification. In these situations the Department should follow the procedures described in 25 Pa. Code §§ 127.421—127.431 for state-only operating permits or 25 Pa. Code §§ 127.521—127.524 for Title V operating permits.

24-131J: SGL Carbon LLC (900 Theresia Street, St. Marys, PA 15857) for construction of two additional reactors as part of the chemical vapor deposition process. A new scrubber will control emissions from the new reactors, at SGL in Saint Marys City, **Elk County**. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval at Title V facilities in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology for the source:

- The source is subject to 25 Pa. Code § 123.13.
- The HCl emissions shall not exceed 0.002 #/hr averaged over the reaction period.
- The permittee shall monitor the pressure drop across the scrubber, the scrubber liquid flow rate, and the low flow alarm and establish the normal operating range.
- The permittee shall conduct weekly operational checks of the scrubber.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, Edward Jurdones Brown, Facilities Permitting Chief, (484) 250-5920.

46-00141: TSG, Inc. (1400 Welsh Road, North Wales, PA 19454) in Montgomery Township, **Montgomery County**. The permit is for a Title V facility. The facility's sources include two boilers, spray line, can line and processes. The permittee does have the potential to emit 24.9 tons/year for VOC and NOx and is therefore characterized as a Title V, Major Facility. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

09-00009: Webcraft LLC (4371 County Line Road, Chalfont Borough, Bucks County, PA 18914) for an administrative amendment to the Title V Operating Permit at their facility in New Britain Township, **Bucks County**. The facility is a direct mail printer that operates six heatset offset lithographic printing presses and one flexographic printing press. The permit is being amended to incorporate changes approved under plan approval

number PA-09-0009D for a new web offset press (Press No. 52) and a new regenerative thermal oxidizer. The revised Title V operating permit will contain additional monitoring, recordkeeping, reporting and work practice standards to keep the facility operating within all applicable air quality requirements. The major conditions that have been addressed in the amended Title V Permit, are outlined as follows:

1) Section C, Site Level Requirements, Hazardous air pollutants emissions shall not exceed 10 tons per pollutant emission or 25 tons combined pollutant emissions and the VOCs emissions shall not exceed 49.7 tons per year in a 12-month rolling sum.

2) Section D, Source Level Requirements, Source IDs: 104—106 and 52 (Press Nos. 21, 44, 30 and 52). Work practice, monitoring and recordkeeping parameters have been established.

3) Section D, Source Level Requirements, Source ID: C07 (Regenerative Thermal Oxidizer), Condition No. 004. Work practice, monitoring and recordkeeping parameters have been established.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ronald Davis, New Source Review Chief, (717) 705-4702.

67-05029: NYW Realty, LLC (152 North Main Street, Mount Wolf, PA 17347) for operation of a woven wire cloth manufacturing facility in Hanover Borough, **York County**. This action reflects a change of ownership for the former Hanover Wire Cloth plant. VOC emissions from surface coating operations are responsible for the plant's Title V status. The provisions of the previous permit remain in effect to ensure the facility complies with the applicable air quality requirements.

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19428, Edward Jurdones Brown, Facilities Permitting Chief, (484) 250-5920.

09-00158: Allied Cremation, Inc. (864 Bristol Pike, Bensalem, PA 19020) for operation of an incinerator at a crematory in Bensalem Township, **Bucks County**. The permit is for a non-Title V State-only facility. The facility has the potential to emit less than 25 tons of Volatile VOC and less than 25 tons per year of NOx the facility is a Natural Minor. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

23-00026: Glasgow, Inc.—Freeborn Asphalt Plant (531 Eagle Road, Springfield, PA) for operation of their batch asphalt plant in Springfield Township, **Delaware County**. The permit is for a non-Title V State-only facility. The Freeborn Asphalt Plant is a 6,000-lb. batch plant consisting of a dryer, knock-out box, baghouse, exhaust fan and stack. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

09-00133: Webcraft, LLC (181 Rittenhouse Cir., Bristol, PA 19007) for a non-Title V Facility, State-only, Synthetic Minor Operating Permit in Bristol Township, **Bucks County**. The permit is for the operation of a four heatset web offset lithographic presses and two coldset web offset lithographic presses that have the aggregate

potential to emit major levels of VOC before taking limitations. The permit will include monitoring, recordkeeping, reporting and work practice standards designed to keep the facility operating within all applicable air quality requirements.

This State-only, Synthetic Minor Operating Permit will incorporate conditions from the previously issued Plan Approval, PA-09-0133 (four lithographic presses).

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701, David Aldenderfer, Program Manager, (570) 327-3637.

41-00065: Fisher Mining Co. (40 Choate Circle, Montoursville, PA 17754) for operation of a coal preparation facility in Pine Township, **Lycoming County**.

The facility incorporates a coal preparation plant consisting of various pieces of crushing, sizing, conveying, and the like equipment as well as a 250 kilowatt diesel generator, two solvent parts washers and a number of small No. 2 fuel oil, kerosene, anthracite coal and waste oil heaters. The air contaminant emissions from the facility are not expected to exceed 49.41 tons of NO_x, 10.72 tons of carbon monoxide, 6.62 tons of VOCs .77 ton of SO_x and 5.43 tons of particulate matter, including PM₁₀.

The respective facility is not a major (Title V) facility for any air contaminant.

The Department of Environmental Protection (Department) proposes to incorporate into the operating permit to be issued conditions requiring compliance with all applicable regulatory requirements pertaining to air contamination sources and the emission of air contaminants as well as conditions previously existing in Operating Permit 41-305-011, issued on June 28, 2000. These previously-existing conditions include a requirement that all crushers, breakers and screens be enclosed, a requirement that all conveyors and radial stacking conveyors be covered or completely enclosed, a requirement that one specific radial stacking conveyor be equipped with a hydraulic raiser which shall be used to minimize the "free-fall" distance from the conveyor discharge, a requirement that all trucks loaded with coal entering or exiting the facility via a public roadway be tarped and a requirement that an operable water truck be kept onsite and used, as needed, to control dust from facility roadways, stockpiles, and the like.

The Department additionally proposes to incorporate into the operating permit to be issued a condition limiting the total combined VOC emissions from the two solvent parts washers to less than 2.7 tons in any 12-consecutive month period, a condition prohibiting the use of solvents containing hazardous air pollutants in the parts washers and a condition requiring the maintenance of records of the amount of solvent used per month in the parts washers.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Mark Wayner, Facilities Permitting Chief, (412) 442-4174.

03-00239: T.J.S. Mining, Inc. (2340 Smith Road, Shelocta, PA 15774) for operation of coal processing at T.J.S. No. 5 Coal Preparation Plant in South Bend Township, **Armstrong County**.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, Eric Gustafson, Facilities Permitting Chief, (814) 332-6940.

43-00326: Buckeye Leasing, Inc.—City Slag Quarry Plant (300 Ohio Street Extension, Hermitage, PA 16148)

for a Natural Minor Permit to operate a nonmetallic mineral processing plant. The significant sources are slag processing operations and diesel generator. The facility is in Hermitage, **Mercer County**.

42-00182: Allegheny Store Fixtures, Inc. (57 Holly Avenue, Bradford, PA 16701) Natural Minor operating permit for the manufacturing of wooden advertising display fixtures and furniture for outlet stores. This facility is in the City of Bradford, **Mckean County**.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104, Edward Braun, Chief, (215) 685-7584.

S04-020: Philadelphia Gas Works, Passyunk Station, (3100 Passyunk Avenue, Philadelphia, PA 19145) for operation of a include liquefied natural gas storage and distribution facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two heaters each less than 10 mmBtu/hr., two emergency generators at 1,250 Hp each, three 58.8 mBtu/hr. boilers with low NO_x burners, and a firewater pump.

The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons who wish to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least 30 days before the hearing.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the com-

ment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the FWPCA (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

The project will temporarily impact about 3,000 square feet of wetlands while impacting about 227 feet of waterway and about 0.4 acre of earth disturbance. The impacted streams are WWF streams.

E08-427. Rodney VanDuzer, R. R. 1, Box 94, Monroeton, PA 18832. Flood Control Dike, in Monroe Township, **Bradford County**, ACOE Baltimore District (Powell, PA Quadrangle N: 14.60 inches; W: 0.72 inch).

To construct and maintain a dike 200 feet long, approximately 2 feet high constructed of 2 foot by 2 foot by 6 feet long "sea wall" blocks and to place R-5 riprap 2 feet deep along the stream face of the "sea wall" extending from 1 foot minimum below the streambed to the base of the "sea wall" with filter fabric underlayment. The project is located on SR 4165 at the Powell Bridge. The project will not impact wetlands while impacting about 200 feet of waterway and less than 1/2 acre of earth disturbance. Schrader Creek is a HQ-CWF stream.

E18-398. John R. Dotterer, 6795 Nittany Valley Drive, Mill Hall, PA 17751. Bechdel Farm Culvert, in Lamar Township, **Clinton County**, ACOE Baltimore District (Jersey Shore, PA Quadrangle N: 8.25 inches; W: 12.00 inches).

To construct and maintain a 10-foot diameter 36-foot long culvert and the associated R-5 riprap at the inlets and outlet in a UNT Fishing Creek to create an agricultural equipment crossing. This project propose to impact 40 linear feet of the HQ UNT to Fishing Creek and no wetland impacts.

E19-248. Fishing Creek Township, 3188 SR 487, Orangeville, PA 17859, Culvert, in Fishing Creek Township, **Columbia County**, ACOE Baltimore District (Stillwater, PA Quadrangle N: 2.64 inches; W: 10.11 inches).

To construct and maintain adjacent 5 foot diameter and 6 foot diameter by 30 feet long RCP culvert pipes in Yost Run on Paperdale Road (T-631) about 1 mile from the intersection of T-631 and T-878. The project will not impact wetlands while impacting about 40 feet of waterway and less than 0.5 acre of earth disturbance. Yost Run is a CWF stream.

E59-470. William Dobron and Mary Frances, P. O. Box 187, Point Pleasant, PA 18950. Bridge in Clymer Township, **Tioga County**, ACOE Baltimore District (ASAPH, PA Quadrangle N: 18.9 inches; W: 15.7 inches).

To construct a steel I-Beam 13 foot by 20 foot wood plank deck bridge with concrete abutments over Jemison Creek in a private driveway about 900 feet west of the intersection of SR 4012 with SR 4010. The project will not impact wetlands while impacting about 30 feet of waterway and less than .03 acre of earth disturbance. Jemison Creek is a WWF stream.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1510. WPXI Television, 11 Television Hill, Pittsburgh, PA 15214-1400. To place fill in wetlands in the City of Pittsburgh, **Allegheny County**, Pittsburgh ACOE District. (Pittsburgh West, PA Quadrangle N: 21.8 inches; W: 1.4 inches and Latitude: 40° 29' 42"—Longitude: 80° 00' 36"). The applicant proposes to place fill in approximately 0.55 acre of PEM wetlands for the purpose of constructing a new WPXI Office Complex. The project is located just west from the intersection of Evergreen Road and Ivory Avenue and will impact 0.55 acre of PEM wetlands. The applicant proposes to mitigate 0.74 acre of wetlands to compensate for the wetland impacts.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E10-407 and D10-010, Zelienople Borough, 111 West New Castle Street, Zelienople, PA 16063. Raw Water Reservoir Rehabilitation Project, in Zelienople Borough, **Butler County**, ACOE Pittsburgh District (Zelienople, PA Quadrangle N: 40° 48' 06"; W: 080° 08' 07").

To install and maintain rock riprap and soldier pile wall stream bank protection along approximately 1,550 feet of the right bank of Scholars Run and along approximately 550 feet of the right bank of Connoquenessing Creek adjacent to the Borough of Zelienople Raw Water Supply Reservoirs located northeast of the confluence of Scholars Run and Connoquenessing Creek. This application is also a request for authorization to conduct modification and repair to the embankment of D10-010, Reservoir No. 3, a jurisdictional dam located approximately 750 feet upstream of the mouth of Scholars Run, north of Reservoir No. 2.

E05-005: Broad Top Township, 187 Municipal Road, Defiance, PA 16633 in Broad Top Township, **Bedford County**, ACOE Baltimore District.

To construct and maintain a passive AMD treatment system consisting of five limestone settling ponds and three conventional settling ponds with associated conveyances impacting 1,270 feet of UNTs to Shreves Run (WWF) and 0.04 acre of PEM wetlands for the purpose of increasing alkalinity and reducing acidity and metals in Shreves Run and Sixmile Run at a site (Latitude: 40° 09' 17"; Longitude: 78° 11' 09") approximately 600 feet northeast of the intersection of SR 1025 and Union Church Street in Broad Top Township, Bedford County. The acreage of wetland impacts is considered de minimus and wetland replacement is not required.

Central Office: Bureau of Waterways Engineering, Rachel Carson State Office Building, Floor 3, 400 Market Street, Harrisburg, PA 17105.

D06-508EA. Robert Ciccone and Sons, P. O. Box 86, Bath, PA 18014. Maxatawney Township **Berks County**, ACOE Philadelphia District.

Project proposes to breach and remove Arrowhead Business and Industrial Park Dam across a tributary to Mill Creek (TSF) and to construct an off-stream stormwater detention basin within the former reservoir. The purpose of the project is to restore the stream to a free flowing condition and to provide stormwater detention for the Arrowhead Business and Industrial Park. The project will restore approximately 325 linear feet of stream channel. The dam is located immediately east of Long Lane approximately 1,000 feet north of the intersection of Long Lane (SR 1024) and US Route 222 (Topton, PA Quadrangle N: 7.0 inches; W: 15.5 inches).

D22-020EA. George Frey Trust, 320 W. Chocolate Ave., Hershey, PA 17033-0437. Londonderry Township and Borough of Middletown, **Dauphin County**, ACOE Baltimore District.

Project proposes to breach and remove Iron Mine Run Dam across Swatara Creek (WWF) for the purpose of restoring the stream to a free flowing condition, providing unobstructed fish passage, and eliminating a threat to public safety. The project will restore approximately 3,300 feet of stream channel. The dam is located approximately

500 feet west of the intersection of Ironmine Road (T321) and Swatara Creek Road (T496) (Middletown, PA Quadrangle N: 14.7 inches; W: 12.5 inches).

D36-104EA. James R. Ford, Jr., 410 Ash Road, Morgantown, PA 19543. Paradise and Leacock Townships, Lancaster County, ACOE Baltimore District.

Project proposes to breach and remove Ford Dam located across Pequea Creek (WWF) for the purpose of eliminating a threat to public safety and restoring the stream to a free flowing condition. The dam is located approximately 1,700 feet north of the intersection of US Route 30 and Old Leacock Road (T496) (Leola, PA Quadrangle N: 2.6 inches; W: 0.8 inches).

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once.

Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E45-479. Precision Homes, Inc., P. O. Box 191, Mt. Pocono, PA 18344. Coolbaugh Township, **Monroe County**, Army Corps of Engineers Philadelphia District.

To place fill in a de minimus area of other PFO wetlands equal to 0.04 acre for the purpose of constructing a single-family dwelling and driveway on Lot 2336 of Section H-II of Stillwater Lake Estates. The project also

includes the installation of a 2-inch diameter PVC sanitary sewer line under the driveway and a private recreational floating boat dock having a surface area of approximately 134 square feet in Sunset Lake. This project was previously authorized under Permit No. E45-399. The site is located along Nadine Boulevard on the north side of Sunset Lake, approximately 0.3 mile east of SR 0380 (Tobyhanna, PA Quadrangle N: 1.9 inches; W: 2.9 inches). (Subbasin: 2A)

E52-196. Columbia Gas Transmission Corporation, 1700 MacCorkle Avenue, SE, Charleston, WV 25314. Army Corps of Engineers, Philadelphia District.

To remove the existing 14-inch diameter natural gas transmission line and to construct and maintain 53 utility line wetland crossings, including the construction of temporary equipment crossings for access through wetlands, temporarily impacting approximately 13.25 acres of EV and other PEM wetlands and 29 utility line stream crossings (HQ-CWF, EV, wild and stocked trout streams), including cathodic protection measures, associated with the installation of a 20-inch diameter natural gas transmission line along a 16.3 mile segment of existing Pipeline 1,278 right-of-way as identified on the attached lists. The purpose of the project is to replace the aged and deteriorated existing 14-inch diameter transmission line with a 20-inch diameter transmission line and work will occur in the existing 50-foot right-of-way with the possibility of an additional 25-foot right-of-way for construction purposes. The project begins at the Monroe County/Pike County boundary (Bushkill, PA-NJ Quadrangle N: 15.1 inches; W: 4.3 inches) and ends at Weber Road (Edgemere, PA Quadrangle N: 6.2 inches; W: 0.5 inch) in Dingman Township, Pike County. (Subbasin: 1D, E)

E40-640. Luzerne County Flood Protection Authority, 200 North River Street, Wilkes-Barre, PA 18711-1001. Edwardsville Borough, Exeter Borough, Forty Fort Borough, Hanover Township, Kingston Borough, Luzerne Borough, Plymouth Borough, Pringle Borough, Wilkes-Barre City and Wyoming Borough, **Luzerne County**, Army Corps of Engineers Baltimore District.

To operate and maintain the Wyoming Valley Levee System, within the floodplain along the Susquehanna River (WWF) and its tributaries (CWF). The flood control protection system includes approximately 16 miles of levee/floodwall, 14 stormwater pump stations, and several gravity storm sewer gates. Maintenance will include channel cleaning/sediment removal to maintain design capacity along tributaries upstream and downstream of pump stations and at gravity outfall structures. The project is located along the Susquehanna River (Wilkes-Barre West, PA Quadrangle N: 22.5 inches; W: 1.3 inches). (Subbasin: 5B)

E13-144. Jim Thorpe Area School District, 140 West Tenth Street, Jim Thorpe, PA 18229. Jim Thorpe Borough, **Carbon County**, Army Corps of Engineers Philadelphia District.

To excavate 0.26 acre of PEM wetlands within the Robertson Run Watershed for the purpose of expanding the building and parking facilities of the L. B. Morris Elementary School and to construct and maintain a channel change consisting of reconstruction and minor realignment of 510 feet of a tributary to Robertson Run (HQ-CWF). The reconstructed channel will be grass-lined and trapezoidal in shape with 2:1 side slopes and a 10-foot bottom width. The permittee is required to provide for 0.26 acre of replacement wetlands by participating in

the Pennsylvania Wetland Replacement Project. The project is located on the north side of West Tenth Street, approximately 0.1 mile west of SR 0903 (Christmans, PA Quadrangle N: 1.3 inches; W: 14.5 inches). (Subbasin: 2B)

E54-312. Cornerstone Real Estate Development, LLC, 1120 Spruce Street, Ashland, PA 17921. Butler Township, **Schuylkill County**, Army Corps of Engineers Baltimore District.

To authorize the following water obstructions and encroachments associated with the Cedar Creek Residential Development. The project is located on the west side of SR 0061 approximately 2.9 miles west of SR 0054 (Ashland, PA Quadrangle N: 4.5 inches; W: 7.0 inches). (Subbasin: 6B)

1. To relocate approximately 900 feet of a tributary to Little Mahanoy Creek (CWF) with the construction and maintenance of 1,130 feet of trapezoidal channel with a riprap apron.

2. To construct and maintain a road crossing (Cedar Creek Drive) consisting of 40-foot long twin 6.5-foot diameter corrugated metal pipes with a riprap apron across a tributary to Little Mahanoy Creek.

3. To construct and maintain a road crossing (Pine Street) consisting of a 40-foot long 7-foot diameter corrugated metal pipe with a riprap apron across a tributary to Little Mahanoy Creek.

4. To construct and maintain a road crossing (Cedar Creek Drive) through 0.002 acre of wetlands within the Little Mahanoy Creek watershed.

5. To construct and maintain a road crossing (Pine Street) consisting of a 68-foot long 24-inch diameter concrete pipe with a riprap apron across a tributary to Little Mahanoy Creek.

6. To construct and maintain a driveway crossing consisting of a 20-foot long 24-inch diameter polyethylene pipe with a riprap apron through 0.007 acre of other PFO wetlands for the purpose of providing access to Lot 17.

7. To construct and maintain a driveway crossing consisting of a 15-foot long 24-inch diameter corrugated polyethylene pipe with a riprap apron across a tributary to Little Mahanoy Creek for the purpose of providing access to Lot 18.

8. To construct and maintain a driveway crossing consisting of a 15-foot long 24-inch diameter corrugated polyethylene pipe with a riprap apron across a tributary to Little Mahanoy Creek for the purpose of providing access to Lot 19.

9. To construct and maintain a driveway crossing consisting of a 15-foot long 24-inch diameter corrugated polyethylene pipe with a riprap apron across a tributary to Little Mahanoy Creek for the purpose of providing access to Lot 20.

10. To construct and maintain a driveway crossing consisting of a 60-foot long 24-inch diameter corrugated polyethylene pipe with a riprap apron across a tributary to Little Mahanoy Creek for the purpose of providing access to Lots 32 and 33.

11. To construct and maintain a driveway crossing consisting of a 15-foot long 24-inch diameter corrugated polyethylene pipe with a riprap apron across a tributary to Little Mahanoy Creek for the purpose of providing access to Lot 34.

12. To construct and maintain a driveway crossing consisting of a 15-foot long 24-inch diameter corrugated polyethylene pipe with a riprap apron across a tributary to Little Mahanoy Creek for the purpose of providing access to Lot 35.

13. To construct and maintain two sanitary line crossings, two waterline crossings and two underground electric crossings of a tributary to Little Mahanoy Creek.

E48-359. Strausser Enterprises, Inc., 1104 Van Buren Road, Easton, PA 18045. Forks Township, **Northampton County**, Army Corps of Engineers Philadelphia District.

To construct and maintain a 2,100 L. F. channel change in a tributary to the Delaware River (CWF) for the purpose of stabilizing the eroded streambed and banks. Work also includes approximately 800 L. F. of streambank stabilization and a 42-inch diameter stormwater outfall structure and associated energy dissipator. The project is located on the north side of SR 2038 (Frost Hollow Road), approximately 0.5 mile west of SR 0611 (Easton, PA-NJ Quadrangle N: 18.0 inches; W: 10.0 inches). (Subbasin: 1F)

E40-629. Mark Development Company, 580 Third Avenue, Kingston, PA 18704. Dallas Borough, **Luzerne County**, Army Corps of Engineers Baltimore District.

To construct and maintain a stream enclosure of Toby Creek (CWF), consisting of approximately 195 linear feet of 32-foot by 8-foot open-bottomed concrete arch culvert, for the purpose of facilitating commercial development. The project includes channel realignment extending approximately 80 feet upstream of the enclosure, incorporating 52 linear feet of gabion retaining wall along the right bank and approximately 30 linear feet of riprap channel protection in the vicinity of existing stormwater outfalls. The project is located on the west side of SR 0415, at the intersection of SR 0415 and SR 0309 (Kingston, PA Quadrangle N: 14.7 inches; W: 11.0 inches). (Subbasin: 5B)

E05-329. Keith D. and Jennifer L. Magill, 131 Ja-Ve Drive, Bedford, PA 15522 in Bedford Township, **Bedford County**, ACOE Baltimore District.

To construct and maintain a bridge with wing walls on Pleasant Valley Run (CWF) having a single span of 12 feet, a width of 12 feet, and an underclearance of approximately 5.06 feet, to place and maintain 24 linear feet of riprap protection along both the left and right abutments and wing walls, and to place fill in 0.01 acre of PEM wetlands for the purpose of constructing a single family home at a site (Latitude: 40° 04' 55"; Longitude: 78° 25' 55") approximately 3,400 feet upstream of the T-482 (Deibert Road) bridge in Bedford Township, Bedford County. The project proposes to directly affect 24 linear feet of stream channel and 0.01 acre of PEM wetlands. The acreage of wetland impact is considered de minimus and wetland replacement is not required.

E36-779: Soco Enterprises, 1330 Charlestown Road, Phoenixville, PA 19460

To remove an existing 54-inch steel pipe and to construct and maintain a new road crossing consisting of one 5.5' by 10' open-bottom box culvert for normal stream flow and one raised 5' by 10' concrete box culvert for flood flow, located at a point immediately west of Ranck Road (New Holland, PA Quadrangle N: 17.5 inches; W: 8.5 inches) in Earl and East Earl Townships, Lancaster County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701.

E14-470. Department of Transportation, Engineering District 2-0, 1924-30 Daisy Street Extension, P. O. Box 342, Clearfield, PA 16830, SR 6220, Sections B12 and A12 Temporary Stream Crossing, in Patton Township, **Centre County**, ACOE Baltimore District (Julian, PA Quadrangle N: 11.5 inches; W: 7.5 inches).

To: 1) maintain a temporary construction vehicle stream crossing with one 60-inch and six 48-inch corrugated metal pipes with an associated clean limestone fill and a 150-foot long by 4-foot wide by 3-foot deep temporarily relocated low-flow stream channel located 100 feet upstream of the SR 322 bridge over Waddle Creek to facilitate the construction of the SR 6220, Section B12 highway and the acid rock drainage remediation; and 2) construct and maintain a 60-inch diameter 55-foot long culvert with the associated clean fill above the culvert to create an elevated bikeway across an unnamed drainage channel that discharges to a UNT (known as Waddle Creek) to Buffalo Run located between the SR 322 bridge over Waddle Creek and Penn Dot's Stormwater Management Pond No. 7. This permit was issued under Section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E49-287. Ray S. Hendricks, 9 East Sunbury Road, Danville, PA 17821. Hendricks Bank Stabilization, in Rush Township, **Northumberland County**, ACOE Baltimore District (Riverside, PA Quadrangle N: 6.7 inches; W: 6.7 inches).

To remove 1.3 feet of gravel deposits from the streambed of Gravel Run to a width of 8 feet and a length of 75 feet. The newly constructed low flow channel banks will be stabilized with riprap. The riprap stabilization will also continue an additional 50 feet upstream. This project authorizes operation and maintenance of the bank stabilization portion of this project. The entire project will affect 125 linear feet from the road culvert on East Sunbury Road. Gravel Run is designated as a CWF and the project does not impact any wetlands.

E59-467. Phoenix Resources, Inc., 782 Antrim Road, Wellsboro, PA 16901. Sedimentation Pond 3, in Duncan Township, **Tioga County**, ACOE Baltimore District (Antrim, PA Quadrangle N: 2.5 inches; W: 2.7 inches).

To place and maintain fill in 0.55-acre wetland complex for the purpose of constructing a permitted sedimentation basin required for adjacent landfill. The wetland is located within the Wilson Creek drainage and is classified as a CWF stream. The site is located approximately 1 mile northeast of the small town of Antrim, PA and can be accessed off of SR 3009. Permanent wetland impacts have been mitigated on site with an already established and successful wetland restoration project.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1499. Township of Collier, 2418 Hilltop Road, Presto, PA 15142. To construct a pedestrian walking bridge in Collier Township, **Allegheny County**, Pittsburgh ACOE District (Oakdale, PA Quadrangle N: 3.4 inches; W: 2.4 inches and Latitude: 40° 23' 28"—Longitude: 80° 08' 33"). To construct and maintain a pedestrian walking bridge having a span of 64.0 feet with a minimum under clearance of 5.0 feet across the channel of Robinson Run (WWF) for the purpose of constructing the Panhandle Pedestrian Walking Trail. The project is located approximately 800 feet south from the intersection of Sunnyside Avenue and Home Avenue, and will

impact 20.0 linear feet of stream channel. Stream bank protection (approximately 20 linear feet on both banks) and a temporary stream crossing will also be constructed.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E24-239, Borough of Ridgway, 108 Main Street, Ridgway, PA 15853. Gallagher Run (CWF) Utility Line Relocation Project, in Borough of Ridgway, **Elk County**, ACOE Pittsburgh District (Ridgway PA, PA Quadrangle N: 41° 25' 22"; W: 78° 43' 37").

To abandon the existing 8" diameter VCP (sewer line) and 4" diameter DIP water line and to construct and maintain approximately 150' of new/relocated 15" and 16" PVC and DIP sewer lines and 8" diameter DIP water lines with appurtenances across Gallagher Run (CWF) at a point along SR 0219.

E27-078, Seneca Resources, 286 Old 36 Road, Sigel, PA 15860. Warrant 5158 Bridge across Ellsworth Run, in Green Township, **Forest County**, ACOE Pittsburgh District (Marienville West, PA Quadrangle N: 14.7 inches; W: 15.2 inches).

To maintain a bridge over Ellsworth Run (CWF) installed under General Permit No. GP082704601 in August 2004 having a clear span of 40 feet an instream length of approximately 15 feet and a underclearance of 2 feet located in Warrant 5158 on a private road 0.1 mile west of SR 2007 approximately 1.3 miles south of the intersection of SR 2007 and SR 3004.

Department of Environmental Protection, Bureau of Waterways Engineering, Water Management Program Manager, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8554, Harrisburg, PA 17105-8554.

E3314-058A, Borough of Brockway, 501 Main Street, Brockway, PA 15824, Little Toby Creek, Brockway Borough and Snyder Township, **Jefferson County**, ACOE Pittsburgh District.

Project proposes to amend an existing permit to construct, operate, and maintain a stream restoration and enhancement project including constructing rock vanes, regrading stream banks, excavating and removing excess floodplain sediments and planting riparian vegetation in and along Little Toby Creek (CWF) within the existing flood protection levees. The project will temporarily impact approximately 0.09 acre of riverine habitat and approximately 0.23 acre of wetlands (PEM). The project will commence at a point immediately downstream of the Route 28 (Main Street) Bridge (Falls Creek, PA Quadrangle; latitude: 41° 14' 56", longitude: 78° 47' 48") and continue downstream approximately 6,850 feet (Carman, PA Quadrangle; latitude: 41° 15' 45", longitude: 78° 48' 27").

DEPARTMENT OF PUBLIC WELFARE

Fee Increases for Dental Anesthesia Services

The Department of Public Welfare (Department) announces that it will increase the fees on the Medical Assistance (MA) Dental Fee Schedule for dental anesthesia services and behavior management and add a new dental anesthesia code to the MA Dental Fee Schedule. These changes are being made as part of the Department's continuing commitment to support the increased utilization of dental services by persons with disabilities. They are effective with dates of service on and after July 1, 2005.

Currently, providers who must use deep sedation to treat patients use procedure code D9220, Deep Sedation/General Anesthesia, to bill for the service regardless of the length of the procedure. Although procedure code D9220 is included among the fee increases specified in this notice, the Department is adding procedure code D9221, Deep Sedation/General Anesthesia, each additional 15 minutes, to the MA Dental Fee Schedule to

account for procedures that exceed 30 minutes in duration. The addition of this procedure code will enable providers to bill for an additional unit of service for longer procedures. The fee for the procedure code is \$105 per unit, limited to one unit per patient per day.

In addition to adding procedure code D9221, the Department is increasing the MA fees for the following procedure codes currently on the MA Dental Fee Schedule:

<i>Procedure Code</i>	<i>Description of Service</i>	<i>Current Fee</i>	<i>Fee Effective July 1, 2005</i>
D9220	Deep Sedation/General Anesthesia	\$210	\$244
D9230	Analgesia, Anxiolysis, Inhalation of Nitrous Oxide	\$30	\$44
D9241	Intravenous Conscious Sedation/Analgesia	\$150	\$257
D9248	Non-intravenous Conscious Sedation	\$95	\$184
D9920	Behavior Management	\$30	\$78

Fiscal Impact

The estimated cost of these Dental Fee Schedule changes is \$0.655 million (\$0.297 million in State funds) in Fiscal Year (FY) 2005-2006. The projected fiscal impact for FY 2006-2007 is estimated at \$0.786 million (\$0.358 million in State funds).

Public Comment

Interested persons are invited to submit written comments regarding this notice to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Deputy's Secretary Office, Attention: Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments received within 30 days will be reviewed and considered for any subsequent revisions to the fee schedule.

Persons with a disability who require an auxiliary aid or service may submit comments using the AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

FISH AND BOAT COMMISSION

Change to List of Class A Wild Trout Waters; Addition of Unnamed Tributary to Ontelaunee Creek, Lehigh County

The Fish and Boat Commission (Commission) is considering a change to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. The Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

At its meeting on September 26 and 27, 2005, the Commission intends to consider adding the following water to the current list of Class A Wild Trout Streams: Unnamed Tributary (UNT) to Ontelaunee Creek (first tributary west of SR 309), Lehigh County, which extends for a distance of 0.85 mile from the headwaters to the mouth, which is located at latitude of 40°42'12" and a longitude of 75°45'58". The stream is located north of Mosserville, flows in a southerly direction along SR 309, and is the first tributary to Ontelaunee Creek to cross under Lentz Road west of SR 309. This stream was

determined to be a Class A wild brook trout water by Commission staff based on trout population surveys conducted in both 2004 and 2005.

According to the Commission's statement of policy at 58 Pa. Code § 57.8a, a stream must meet the following criteria to be classified as a Class A wild brook trout water: (1) total brook trout biomass must be at least 30 kg/ha (26.7 lbs/acre); (2) total biomass of brook trout less than 15 cm (5.9 inches) in total length must be at least 0.1 kg/ha (0.089 lb/acre); and (3) brook trout biomass must comprise at least 75% of the total trout biomass.

Commission staff conducted electrofishing surveys of the trout population of this stream on August 16, 2004, and again on July 28, 2005, at a location beginning 0.15 mile upstream from the mouth. In both surveys, brook trout was the only trout species collected. A Jolly population estimate was conducted in 2004. This method provided a brook trout biomass estimate of 71.63 kg/ha at the 200 m site that was sampled. The biomass of trout less than 150 mm was 47.29 kg/ha. In 2005, a Petersen estimate was conducted. The 2005 sample began at approximately the same location as the site sampled in 2004 but extended for another 100 m upstream for a total site length of 300 m. The estimated biomass of brook trout in that sample was 63.34 kg/ha with a biomass of trout less than 150 mm of 53.15 kg/ha. Accordingly, the Commission proposes that the UNT to Ontelaunee Creek (first tributary west of SR 309), Lehigh County, be added to the list of Class A Wild Trout Streams.

Persons with comments, objections or suggestions concerning the addition are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted. Comments may be submitted electronically by completing the form at www.state.pa.us/fish/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

Proposed Special Regulation Redesignations

The Fish and Boat Commission (Commission) has approved guidelines with regard to encouraging public participation on possible changes to the designation of streams, stream sections or lakes for special regulation programs. Under 58 Pa. Code Chapter 65 (relating to special fishing regulations), the Commission designates certain streams, stream sections and lakes as being subject to special fishing regulations. These designations are effective after Commission approval when they are posted at the site and a notice is published in the *Pennsylvania Bulletin*. Under the Commission's guidelines, a notice concerning the proposed designation or redesignation of a stream, stream section or lake under special regulations ordinarily will be published in the *Pennsylvania Bulletin* before the matter is reviewed by the Commissioners.

At the next Commission meeting on September 26 and 27, 2005, the Commission will consider redesignating the following stream sections as waters subject to special fishing regulations under 58 Pa. Code Chapter 65, effective January 1, 2006:

58 Pa. Code § 65.6. Delayed harvest artificial lures only areas

The Commission will consider removing the following stream sections from the list of delayed harvest artificial lures only areas regulated and managed under 58 Pa. Code § 65.6:

County	Water on which located	Description
Adams	Bermudian Creek	From the SR 1009 (Wierman Mill) Bridge downstream to T-619 (Greenbrier Lane), a distance of 1.0 mile
Bradford	Schrader Creek	From the State Game Lands No. 36 boundary downstream to 100 yards downstream of the confluence of Bull Run, a distance of 1.2 mile

The Commission is soliciting public input concerning the redesignations. Persons with comments, objections or suggestions concerning the redesignations are invited to submit comments in writing to Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

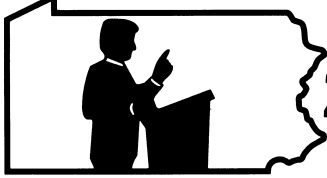

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:
 The payment date specified in the contract.
 30 days after the later of the receipt of a proper invoice or receipt of goods or services.
 The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.
