READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 52—PUBLIC UTILITIES

PHILADELPHIA PARKING AUTHORITY

[52 PA. CODE CHS. 1001, 1011,
1017, 1019 AND 1021]

Wheelchair Accessible Vehicle Taxicabs

The Philadelphia Parking Authority, on June 12, 2014, adopted a final-form rulemaking order which provides regulatory guidelines for the provision of wheelchair accessible taxicab service in Philadelphia.

Final-Form Rulemaking Order Philadelphia Taxicab and Limousine Regulations; Doc. No. 126-5

Final Rulemaking Order

By the Authority:

The Authority is required to carry out the provisions of the act of July 16, 2004, (P. L. 758, No. 94), 53 Pa.C.S. §§ 5701 et seq., as amended, (the “act”) relating to the regulation of taxicab and limousine service providers in the City of Philadelphia.¹ Pursuant to this obligation, the Authority issued a proposed regulation at this docket number on July 23, 2013.

The initial public comment period for this rulemaking proceeding concluded on November 25, 2013; the Independent Regulatory Review Commission (“IRRC”) submitted its comments on December 24, 2013. The Authority has completed its review of the comments and now issues the final-form regulation. The Authority requested that IRRC toll final consideration of the regulation on June 6, 2014, to permit the Authority to make changes to drafting errors made in §§ 1017.8(b)(3) and 1021.8(c)(3) of the Annex. Those corrections have been completed.

Purpose of the Final-Form Regulation and Statutory Authority

The Authority has been authorized by the Legislature through the act of July 5, 2012 (P. L. 1022, No. 119) (“Act 119”) to issue an additional 15 taxicab medallions in Philadelphia, provided those medallions be used for the purposes of providing wheelchair accessible taxicab service.² Act 119 also increased the number of authorized Philadelphia taxicab medallions by an additional 15 on June 1, 2013 and will continue to increase the aggregate statutory medallion cap by 15 each June 1 until 1,750 Philadelphia taxicab medallions are authorized for issuance by the Authority.³ In order to begin to address the needs of the disabled community, the Authority will restrict all 150 of the new medallions authorized by Act 119 to use on wheelchair accessible vehicles (“WAVs”).

The final-form regulation will establish the first ever set of standards for taxicab service through WAVs in Philadelphia. Many jurisdictions continue to struggle with standards and procedures that will most efficiently provide taxicab service to both the disabled community and the general public.

The Authority has met with many interest groups representing all sectors of the industry, as well as the public and organizations dedicated to advancing the rights of people with disabilities. We have conducted public comment hearings and appeared before commit-

tees, both in the Legislature and the Philadelphia City Council. All of these communications have consistently conveyed two points. First, that the Philadelphia taxicab industry has failed to address this pressing problem on its own and that the problem is long overdue for correction. Second, commentators rarely agree on what standards, procedures and general requirements should apply.

This final-form regulation represents the Authority’s best efforts to address the need to provide high quality WAV taxicab service in Philadelphia, while balancing the interests of the service providers and the general public. The final-form regulation requires the development and reporting of data related to WAV service. The Authority will review that data in an effort to continue to develop ever improving WAV standards and procedures in Philadelphia. The Legislature authorized the gradual increase in the medallion cap, which will permit an analysis of the effectiveness of this rulemaking and permit continued development of best practices.

The Legislature also amended the driver certification section of the act to include a special authorization for WAV taxicab drivers. The final-form regulation established guidelines for these drivers who will be required exit the driver’s seat of their vehicle every time a person in a wheelchair is serviced. The wheelchair ramp and other equipment must be operated properly, the person in the wheelchair must be safely fastened in the vehicle through special devices and special considerations that may apply to disabled persons must be known and honored.

Discussion

The Authority has reviewed the comments filed at each stage of this proceeding. Responses to those comments, explanations of the purpose and alterations of each amended subsection of the final-form regulation are set forth below.

§ 1001.9. Sessions of the Authority.

This section is amended to reflect the address of the Authority’s new headquarters.

§ 1001.10. Definitions.

This section amends the definition of “Dispatcher” to include the term “WAV taxicab dispatcher.” The addition of the term “WAV taxicab dispatcher” is made in section 1011.2. This section also amends the definition of “Taxicab driver” to include the term “WAV taxicab driver.” The addition of the term “WAV taxicab driver” is provided in section 1011.2.

§ 1011.2. Definitions.

The final-form regulation adds a definition of the term “Wheelchair” in order to define the devices that WAV taxicabs must be able to transport. We largely adopted the term as employed by the United States Department of Transportation and provided at 49 C.F.R. 37.3 because we believe it includes the types of personal transportation devices most commonly used by people with disabilities. However, we have altered the width of a “common wheelchair” from 30 inches to 32 inches to accommodate for widening of wheelchairs that we have witnessed thus far during the implementation of the eight WAV taxicabs already in service. This definition provides guidance to certificate holders as to vehicle requirements, equipment standards and procedures to best transport people in wheelchairs.

¹ See Sections 13 and 17 of the Act.

² See 53 Pa.C.S. § 5711(c)(2)(i).

³ See 53 Pa.C.S. § 5711(c)(2)(ii).

Commentator Philadelphia Cab Association (“PCA”) commented that it did not think that the Authority should alter the definition of wheelchair because the definition in the federal regulations pre-empts the Authority’s regulation. PCA provides no support for this assertion and we have found none. We noted above that actual experience with the several WAV taxicabs in service now in Philadelphia has evidenced that real wheelchairs in service today are wider than they were before or are wider than anticipated when the federal regulation was promulgated.

We note that Commentator Disabled in Action of PA, Inc., specifically supported the updating of this definition.

IRRC recommended that the definition of WAV taxicab driver be amended to include reference to § 1021.5a, we have made that change.

§ 1017.8. *WAV taxicab specifications.*

The final-form regulation adds this section to identify what it means to be a WAV taxicab. The basic requirements of a taxicab will continue to apply to WAV taxicabs, except as limited or expanded by the requirements of this section. The regulation provides general standards for WAVs and guidance on acceptable means of vehicle conversions.

PCA commented that the specifications used by the Authority vary from those provided for in the United States Department of Transportation regulations at “49 C.F.R. § 38.23, 38.28, and 38.31” and again suggested that the Authority is pre-empted from using different standards. PCA also suggests that the Authority has no experience in evaluating vehicle modifications. The Pennsylvania Independent Regulatory Review Commission (“IRRC”) noted this comment and asked for an explanation of the need for more stringent standards and if the Authority’s proposed standards were reasonable.

The Authority is not constrained to use the United States Department of Transportation regulations at all. We have attempted to model some of the provisions of the regulation on existing federal standards to provide a baseline, but were under no obligation to do so.

By way of example, the 32 inch-wide entrance area provided for in the final-form regulation for wheelchairs is a deviation from 49 C.F.R. § 38.23(b)(6) and (c). The updating that this deviation represents has been applauded by commentator Disability in Action of PA, Inc., which represents the interests of people who will actually have to use this service. The deviation is reasonable because disabled people use wheelchairs that require a ramp and entrance wider than 28 to 30 inches. It would be irresponsible to adopt standards that we know are insufficient for the very people who will need to use this service.

For the most part, the final-form regulations adopt the federal standards, but there are areas of service that are not necessarily addressed in those regulations. For example, these federal regulations do not address the issue of adequate leg room. We do not believe that providing standards of that nature imposes a more stringent requirement upon taxicab owners, where the federal regulations do not address the issue at all. Indeed those standards are already in the regulations for standard taxicab and limousine service.

We also note that other major cities have made similar deviations from the federal regulations, such as New York City’s WAV requirements that begin in section 67-05.2 of its regulations. We do not suggest that New York City’s

standards are perfect or cannot be improved upon; we simply note that other jurisdictions have made these deviations in an attempt to provide the best and most practical equipment, as we have here.

We disagree with PCA’s assertion that the Authority should not regulate and review the standards through which vehicles are modified to provide taxicab service. The modification of vehicles, including the frame, is very common in the limousine industry and the Authority has always inspected those vehicles to ensure that they are safe. The Authority regularly inspects taxicabs for state and regulatory safety issues, shield installations, and major post-accident repair quality. We believe that one of our key functions as regulators is to ensure that vehicles used to provide common carrier service are safe and capable of performing as necessary. The final-form regulation includes provisions related to the manner in which vehicles are modified to safely transport people in wheelchairs for exactly that reason.

IRRC also notes that the statutory definition of “wheelchair-accessible taxicab” references the Americans with Disabilities Act of 1990 (“ADA”).⁴ IRRC correctly notes that the definition does not restrict the Authority only to the ADA standards, but permits the Authority to use functional equivalents. Again, the comments to not address a particular deviation from the federal regulations, which themselves are not the “ADA” however, the Authority believes the legislative intent of this authorization was to permit common sense and necessary deviations from potentially outdated, incomplete or nonexistent federal standards. The regulation represents that Authority’s use of updated and more specific functional equivalents to the ADA.

(b)(2). This paragraph addresses WAV transportation requirements for people in wheelchairs, including means of entry and egress. This section has been amended to clarify that all wheelchairs must be secured to the vehicle when in operation. Although paragraph (13) (final-form paragraph (11)) addresses securing systems, the regulation did not specifically require wheelchairs to be secured.

(b)(3). This paragraph requires vehicle modifications to adhere to manufacturer standards. The proposed regulation provided that the Authority “may” post a list of approved vehicle modification entities on its website. IRRC recommended that “may” should be changed to “will” noting that such information will be helpful to the regulated community. We agree and have made that change.

(b)(7) and (8). These paragraphs of the proposed regulation attempted to establish “effective legroom” guidelines in WAVs through the use of standards established by the Society of Automotive Engineers. IRRC indicated that proposed regulation was unclear. We have deleted those paragraphs. Passenger space dimensions are provided in paragraph (6).

(b)(10) (final-form (b)(8)). IRRC questioned the meaning of the reference in this paragraph to “1,000 hour salt spray rating” in regard to the decking to be employed on the interior floor of vehicles retrofitted to be WAVs through the use of a lowered floor, which is common. This salt spray rating was developed to determine the durability of metals and other solids. We agree that the term is vague and it has been deleted.

(b)(13) (final-form (b)(11)). The manner in which a wheelchair is secured to a vehicle is clearly important.

⁴ 53 Pa.C.S. § 5701

This proposed regulation attempted to provide for the degree and kind of restraining system that would be allowed. IRRC commented that the system identified in the proposed regulation was unclear and required further clarification. We agree. We have amended this paragraph to permit the selection of a restraint system from a list to be provided by the Authority, similar to the list of approved meter systems employed in § 1017.23. This will give the Authority the flexibility to review restraining systems used by certificate holders and add acceptable systems to the list.

(b)(16) (*final-form (b)(14)*). The proposed regulation required the owners of vehicles to obtain the manufacturer's approval of modifications to the rear air conditioning system. IRRC questioned the manner in which an owner would obtain such an approval. We agree with IRRC's concern and have changed the regulation to require these modifications to be completed in a manner consistent with manufacturers' standards. It was not the Authority's intention to create an additional approval process.

(b)(20). This proposed paragraph requires hybrid vehicles used to provide WAV taxicab service to be equipped with a device that makes sounds similar to a gasoline engine. IRRC raised several questions about this paragraph; but it has been deleted.

(c) *Age and mileage limitation.*

(1) and (2). These paragraphs establish special age and mileage limitations for WAV medallion taxicabs only; not existing medallions that owners opt to use as WAVs. This is a special requirement that will run with the brand new medallions that will be sold by the Authority and have never been in service before.

Several commentators questioned the need to lower the age and mileage standards and suggested the requirement was unreasonable and financially burdensome. IRRC asked the Authority to explain why this requirement is reasonable and the standards that apply to non-WAV taxicabs are insufficient.

We have noted in many forums that most taxicab owners are perfectly content to provide taxicab service through a vehicle that cost between \$4,000 and \$6,000, while the fair market value of a taxicab medallion exceeds \$500,000. This results in the use of uncomfortable, unsightly and sometimes dangerous taxicabs in America's 4th largest city. We believe that all taxicabs need to be newer, cleaner and safer. The Authority will address that larger issue in time.

This regulation addresses a different issue. These age and mileage standards will only apply to the new medallions sold by the Authority. The free market will provide for an adjustment to the value of these special medallions in consideration of the initial costs of operation, including insurance, outfitting and initial acquisition. Those who buy will adjust their medallion bids in consideration of increased operational costs.

This regulation does not work a fiscal impact upon anyone, unless that party opts to buy a WAV medallion. Liberty Resources' comments did not contain an objection to the entry level age and mileage requirements, but suggested that the retirement age be increased to seven years. Liberty Resources suggests that such an increase in the life span of a WAV vehicle will "incentivize providers to purchase and use WAV Taxis." WAV medallion taxicab owners have no option but to provide service in a WAV vehicle, an incentive is unnecessary.

The regulation does not impact the mileage or age limitations applicable to all other medallion and partial-

rights taxicabs. Therefore, the life span of a medallion taxicab that opts to provide service in a WAV vehicle is currently eight years. Black Point Taxi, LLC et al. ("BPT") comments seem to endorse the City of Chicago's WAV procedures and notes that the maximum age permitted for a WAV in Chicago is five years old with the possibility of one extra year. BPT also noted that standard taxicabs are removed from service at four years of age in Chicago, where the limit in Philadelphia is eight years.

PCA suggests the maximum age of a vehicle to which a new medallion is attached should be six years. We note that the regulation uses a very similar WAV medallion age cap of five years. Experience has shown that after five years of use as a taxicab in a congested urban environment, these vehicles will be well worn and in need of replacement. Again, this is a requirement that will be known by the WAV medallion buyer from the start. That knowledge may push the sale price of these medallions below the fair market value of regular medallions. The Authority believes the trade-off in reduced revenue to the medallion fund in exchange for newer, more spacious and higher quality taxicabs in Philadelphia is consistent with the legislative intent of the Act 94. See 53 Pa.C.S. § 5701.1.

We believe that these heightened vehicle standards for this brand new type of service are reasonable and necessary, create no negative fiscal impact upon any current service provider and are in the public interest. Indeed it would be a wasted opportunity to not demand better taxicab service at this unique point.

Proposed (d). WAV taxicab dispatching. IRRC recommended that the language of this subsection be moved to § 1019.8 because it deals with dispatching issues. We agree. This issue is addressed in § 1019.8(c)(1).

Proposed (e). WAV taxicab drivers. IRRC recommended that this subsection be moved to § 1021.5a because it deals with special WAV driver issues. We agree and have moved this language to new paragraph (b)(8) in § 1021.5a.

§ 1017.24. *Meter activation and display.*

The proposed regulation directed that a currently available and unused button on the currently approved meter systems in Philadelphia be dedicated to the use of WAV passengers. The proposed regulation also required that a camera already installed in each taxicab meter should be activated to evidence that the passenger was actually in a wheelchair when the driver indicates that they have picked up a passenger in a wheelchair through a street hail. While a dispatcher will know when a WAV trip is pre-arranged, it will not know that a person in a wheelchair received service in a taxicab through a street hail unless the driver notifies the dispatcher. We have clarified in § 1021.5a(e)(4) that when a person in a wheelchair is secured within a taxicab the driver must notify the dispatcher that service to a person in a wheelchair has begun. The compilation of usage data will be crucial to the improvement of WAV taxicab service and the potential expansion of that service in Philadelphia.

The driver incentive program in the proposed regulation was based upon actual service to people in wheelchairs, as was the requirement that a WAV taxicab driver provide a certain minimum number of trips to people in wheelchairs. These issues necessitated some means of independent verification that the customer was actually a person in a wheelchair.

IRRC, Liberty Resources, BPT and PCA all objected to the use of cameras in the manner suggested. While we

disagree with the assertion that a person has a reasonable expectation of privacy in the use of a taxicab, we understand the concern of the commentators as to the selective use of these photographs. Therefore, we will delete this requirement and the required use of the meter button for use in conjunction with wheelchair customers. The elimination of these requirements and the data they would have produced will also necessitate the elimination of the minimum trip level for WAV taxicab driver renewal review and the entire incentive program provided for in § 1021.5a(f).

We note that the Authority's proposed rulemaking No. 126-8 will require the use of security cameras in every taxicab. Upon the promulgation of that regulation we will reconsider the use of the data originally proposed in this regulation and the reintroduction of the driver incentive program.

§ 1019.8. *Dispatcher requirements.*

The final-form regulation adds language to specify the means through which a WAV taxicab may be dispatched, the way to obtain a WAV dispatcher authorization and requirements related to dispatching WAV taxicabs.

(b) *WAV taxicab dispatcher authorization and renewal.*

IRRC noted that several of the paragraphs of this subsection do not strictly relate to authorization and renewal. Therefore, we have moved proposed paragraphs (1) and (4)–(6) to subsection (c), which deals with WAV taxicab dispatcher requirements.

IRRC and PCA questioned the wisdom and applicability of requiring each WAV taxicab dispatcher have 10% or more of the WAV taxicab fleet in its dispatch association. IRRC requested that the Authority provide its interpretation of Section 5711(c) of Title 53 in terms of this authorization process. Section 5711(c) does not deal directly with this issue, but does address the process through which WAV medallions will be authorized for release into the marketplace over the next eight years.

As provided in final-form paragraph (5), any certificate holder engaged in dispatching WAV taxicabs on the date this regulation becomes effective may continue to dispatch those WAV taxicabs unabated through July 1, 2015. These existing WAV dispatchers are not prohibited from adding more WAV taxicabs to their fleets, but this caveat will not apply to WAV medallions.

The regulation envisions applications for WAV dispatcher authorization from both existing dispatcher certificate holders and those in the process of seeking a new dispatcher certificate of public convenience ("CPC"). The authorization is not a CPC, although nothing in the regulation dictates a deviation from the standards that generally apply to applications for dispatcher CPCs. A person seeking a CPC to act as a dispatcher has never had existing taxicabs in its dispatch association, because it has no association. In order to be approved, there are regulatory and statutory standards that an applicant must meet and if that is accomplished, the Authority awards a dispatcher CPC. See 52 Pa. Code § 1019.8.

Even standard dispatchers are required to maintain at least 20 taxicabs in their dispatch association. 52 Pa. Code § 1019.13(a). This is an existing requirement and has never impeded the application process, neither will it here. The Authority anticipates that authorized WAV taxicab dispatchers will seek out WAV taxicab owners for association. If the dispatcher fails to do so, or does reach that minimum number and later falls below that threshold, then its authorization will not be renewed

upon expiration as provided in paragraph (3) and may be suspended before renewal is due. This will not impact the dispatcher's ability to dispatch standard medallion taxicabs and the dispatcher would be able to dispatch the nine or less WAV taxicabs until the validity of its WAV dispatcher authorization is addressed.

We do not anticipate any implementation problems associated with the initial authorization of WAV taxicab dispatchers. However, we do anticipate that only dispatchers that are interested in proactively addressing the needs of the disabled community will seek this authorization.

The goal of this regulation is not to create a new revenue stream for dispatchers, but to address the needs of the disabled community. We must do this in as precise a manner possible, with the limited number of WAV medallions that will be available. We believe that the easier it is for a customer to request and receive a WAV taxicab, the more we can alleviate the transportation problems of these citizens. Establishing a regulation that requires a de minimus concentration of WAV taxicabs with each WAV dispatcher will increase the likelihood that the dispatcher will have a WAV taxicab available. BPT and PCA commented that a type of centralized dispatch system may be the best method through which WAV taxicabs could be dispatched. We do not discount the potential for such centralized dispatching, but it would be a significant departure from standard dispatching procedures and merits its own rulemaking. We will review this option in conjunction with the effectiveness of the current dispatching paradigm.

IRRC asked if there will be enough WAV medallions to permit dispatchers to meet this 10% requirement. Purely in terms of numbers, the answer is yes. When all 150 of the new medallions⁵ authorized by section 5711(c) of the act are issued for WAV service, 15 dispatchers could operate 10 WAV medallions each and qualify under this single WAV dispatcher requirement. This calculation does not include WAV taxicabs that are not WAV medallion taxicabs. A dispatcher could qualify under this 10% requirement with no WAV medallions in its association. The 10% requirement goes to WAV taxicabs generally, not just WAV medallion taxicabs. It is worth noting that the number of dispatchers in Philadelphia is trending down. One year ago there were 14 dispatchers, today there are only 11. Of those original 14 and even the remaining 11, only 2 dispatch WAV taxicabs now.

PCA suggested that the 10% requirement infringes on some freedom of association enjoyed by drivers. We disagree. Owners are responsible for assuring association with a dispatcher, not drivers. These requirements will apply only to those dispatchers that volunteer to dispatch WAVs and to owners and drivers who volunteer to own and operate these special vehicles. Upon issuance of 150 WAV medallions, 85% of the medallion taxicab fleet could still be non-WAV taxicabs. We anticipate that owners, drivers and dispatchers that do not hold a commitment to serving disabled people will not seek these WAV authorizations.

(c) *WAV taxicab dispatcher requirements.*

This subsection provides for WAV taxicab dispatcher requirements.

⁵ BPT suggested that the Authority should investigate issuing all of the medallions authorized by Section 5711(c)(2)(ii) of the act at one time and that every such medallion must be a WAV medallion. The statute is not vague on this issue. The statutory cap on medallions in Philadelphia will increase by 15 each June 1 until the new ceiling of 1,750 is reached. The Authority has no power to issue a medallion before it is authorized by statute.

(3). Paragraph (3) of the proposed regulation required the employees of a dispatcher to attend WAV taxicab driver training. PCA noted that the duties of a dispatcher employee and those of a WAV taxicab driver are different and suggested this requirement be eliminated. IRRC also questioned the need for this paragraph. We have deleted this requirement, but will continue to consider the creation of a training program for these special dispatchers.

(6). Paragraph (6) establishes a minimum wait time for those requesting WAV taxicab service through a dispatcher. This paragraph was numbered "(5)" in the proposed regulation. In the event a WAV dispatcher determines that it will not be able to provide service to a customer within that wait time then the customer request would have to be made available to the other WAV dispatchers through the communication system required by final-form paragraph (3). PCA commented that the proposed 45 minute threshold was too long and unreasonable. IRRC also questioned the reasonableness of this deadline.

Upon review of these comments we agree that the threshold wait time must be significantly narrowed and that 45 minutes is unreasonable. We must view requests for service from disabled people with at least the same urgency that applies to other dispatcher customers. We have reviewed the data related to the average wait time for taxicab service and determined that it is 11 minutes. Now, this is an average. Rush hour, inclement weather and special events will certainly impact this response time. Taking that into consideration we believe that the threshold should be reduced to 20 minutes. This will permit the WAV dispatcher some leeway in terms of arranging to provide WAV service through its dispatch association, without unduly delaying service to the disabled community.

IRRC recommended that the word "each" in final-form paragraph (c)(6) be changed to "every." That change has been made. Paragraph (a)(16) and final-form paragraph (c)(5) are amended to reference § 1021.16(a), in lieu of the now deleted § 1021.11(j).

§ 1021.5a. *Special WAV taxicab driver's certificate and requirements.*

This section establishes the special WAV taxicab driver certificate and associated qualification and maintenance standards and requirements.

(b)(7). IRRC noted that this paragraph dealing with WAV driver qualifications uses the vague phrase "high degree of experience." We have deleted that phrase.

Disabled in Action of PA, Inc., and Liberty Resources commented that the certification requirement (we presume for drivers) should be relaxed; that disabled people can direct what they need and that one year of driver experience was sufficient. We agree that the standards should not dissuade drivers or medallion owners from providing WAV service, but we also have to make sure that this service is provided by people who know how to operate the necessary equipment and generally provide good service, particularly in the early stage of the implementation of this new and unique class of service.

(7)(i) and (ii). This subparagraph requires a WAV taxicab driver applicant to have at least 2 years of Philadelphia taxicab driver experience within the 3 years period preceding the application. IRRC noted the comments of Disabled in Action of PA, Inc., and Liberty Resource, referenced above and requested clarification of the need for 2 years of experience in Philadelphia taxicabs.

WAV taxicab drivers will operate the newest and most expensive taxicabs in Philadelphia. These taxicabs will not be restricted to servicing passengers in wheelchairs and will wait in cab stand lines and pick up hails in Center City and other popular areas just like every other taxicab. In addition, WAV taxicab drivers will be relieved of the cost of renewing their driver's certificate every year and will actually be paid to attend training classes.

We know from the experience of the eight WAV taxicabs in service now that those vehicles are preferred by people with baggage or who are traveling in a group or who just want extra legroom. These WAVs will be in demand by the general public, not just the disabled community. Therefore, we anticipate that the interest in becoming a WAV taxicab driver will exceed the numbers necessary to operate those WAV taxicabs in service in Philadelphia.⁶ For that reason, we have established higher standards for this classification of service than are demanded of regular taxicab drivers.

We want WAV taxicab drivers who:

- Are familiar with the rules and regulations related to Philadelphia taxicab service.
- Are familiar with Philadelphia's geography and special attractions.
- Have a track record of good service in Philadelphia, without driving infractions and regulatory violations.

We believe that requiring two years of Philadelphia taxicab experience will help evidence applicants with these qualities through the creation of a reviewable service record. IRRC also questioned why taxicab service in another jurisdiction, as opposed to just Philadelphia would not suffice. A person who operated a taxicab in Chicago or Las Vegas simply will not have this heightened local experience or regulatory track record that a Philadelphia taxicab driver will possess. Subparagraph (iii) has been amended to note that the revocation of a limousine driver's certificate is as unacceptable as the loss of a taxicab driver's certificate.

(c) *WAV taxicab driver cap.* This subsection establishes a cap on the number of WAV taxicab drivers as the product of the number of WAV taxicabs multiplied by four.

(1). IRRC and PCA questioned the need for the cap. PCA suggested that all 3,750 taxicab drivers be trained to operate as WAV taxicab drivers. The costs of retraining the existing 3,750 taxicab drivers, in addition to the new driver applicants that continue to apply for certification is simply cost prohibitive, particularly when we consider that there will likely be less than 55 WAV taxicabs in Philadelphia in fiscal year 2015. There is no need for the application of the Authority's resources in the manner suggested by PCA.

There are 1,599 medallion taxicabs in service, with 3,750 potential drivers. That equates to less than 2.5 drivers per taxicab. Taxicab driver interest groups often complain that this ratio is too high. And further suggest that having such a "high" ratio of drivers negates any individual driver's ability to negotiate for a better taxicab or better dispatching service, because there is always another driver waiting to take that driver's place.

We have nearly doubled that putatively high ratio for WAV taxicabs. We do this to make certain that WAV taxicab drivers will be available to operate WAV taxicabs.

⁶ We believe this addresses the concern of BPT related to why people would want to be WAV taxicab drivers. We agree that a driver incentive program is a good idea and will consider such a program in a future rulemaking, particularly if the use of safety cameras are approved in Philadelphia for use in taxicabs.

The standards applicable to becoming a WAV driver in this section are geared toward securing the best available drivers, not “fly-by-night” drivers. Section (d) identifies standards for maintaining the WAV driver certificate, which include a certain minimum number of hours in a WAV taxicab each year. Drivers that stop working for long stretches of the year, such as all summer as noted by PCA and referenced by IRRRC, will find it very challenging to maintain this WAV driver designation. When a driver loses that status, a position opens for a new driver who will take this special designation seriously.

Proposed (2). This paragraph authorized the Director of the Authority’s Taxicab and Limousine Division to adjust the cap on WAV taxicab drivers to address the need for an increased need. Because the cap established in this subsection is significantly higher than the ratio of drivers to regular taxicabs and because the aggregate number of WAV drivers will increase with the number of WAV taxicabs in service, we believe this language is unnecessary and it has been deleted from the final-form regulation.

(d) WAV taxicab driver renewal. This section establishes guidelines to be used to determine if a WAV taxicab driver designation should be continued for another year.

The elimination of the special WAV passenger button and photograph requirement in § 1017.24(d)(9) and (10) has rendered the reliability of any data on individual driver service to passengers in wheelchairs unreliable. Therefore, consideration of such service has been deleted from this subsection. Also, IRRRC recommended that proposed paragraph (2) be deleted because in conjunction with the standards in proposed paragraph (3) the standard for renewal was unclear. We agree and have deleted proposed paragraph (2).

IRRC also suggested that in lieu of using the number of days in conjunction with a certain number of hours per day to evaluate a WAV driver’s active participation in WAV service, an annual number of hours be used. We agree with IRRRC and have amended paragraph (2) of the final-form regulation to employ a standard based purely on the number of hours in service in a WAV taxicab each year. This information is easily ascertainable from the taxicab’s meter system. We have opted to use a blend of the number of days/hours used in paragraphs (2) and (3) of the proposed regulation. The minimum number of hours in the final-form regulation will be 1,600. While many taxicab drivers work shifts longer than eight hours, using an eight hour model, these drivers will need to provide this service for approximately 200 days each year. Final-form section (d)(4) has been amended to note only the new paragraph (2) as a basis for denial.

§ 1021.8. *Certain training subjects.*

This section establishes certain training requirements for individuals who wish to become WAV taxicab drivers and maintain that status.

(c). IRRRC noted that paragraphs (1) and (2) did not indicate a minimum number of hours of training necessary to become a WAV taxicab driver. We agree. We have amended the regulation to require a minimum of six hours of training. IRRRC noted that paragraph (3) included non-regulatory language and recommended that it be deleted. We have made that deletion.

(f). Subsection (f) was amended to clarify that the denial of a DR-4 for failure to provide the required number of hours of service in a WAV taxicab will not bar the driver from continuing as a regular taxicab driver as provided in § 1021.5a(d)(4).

§ 1021.11. *Driver requirements.*

This section of the proposed regulation added two new subsections related to the manner in which taxicab drivers must handle requests for service from people in wheelchairs. We have deleted proposed subsection (j) because we believe that this issue is already addressed in existing § 1021.16(a). We have also deleted subsection (k) because the method through which a driver would identify a passenger as a person in a wheelchair has been deleted as we noted in response to comments related to § 1021.5a.

Affected Parties

The final-form regulation will primarily affect the disabled community by permitting the creation of a fleet of modern wheelchair accessible taxicabs. Where there were no wheelchair taxicabs in Philadelphia just three years ago and there are only eight now, we anticipate as many as 55 by the end of fiscal year 2015. As many as 15 more medallions may be added to service each year thereafter, until the statutory cap on medallions reaches 1,750.

Those who volunteer to buy a new WAV medallion or provide service in a WAV taxicab will also be impacted by the regulation related to this special class of service.

Fiscal Impact

The final-form regulation will require vehicles used to provide wheelchair accessible service in Philadelphia to comply with certain standards. Those standards are largely in place now in the current eight WAV taxicabs. The WAV taxicabs in operation on the day of this regulation becomes effective will be permitted to continue in operation until removed from service at the option of the owner or as required by the existing regulations.

The costs to acquire and outfit a vehicle that will meet the vehicle standards required for these new WAV medallions will be significantly higher than those that are applicable to non-WAV medallion taxicabs. However, the largest part of that deviation is based on a combination of the poor quality of vehicles currently used by most taxicab owners and the need to acquire a better conditioned special large vehicle to properly service the disabled community. Those who acquire new WAV medallions will do so with the knowledge that the vehicles to which those medallions are attached will have to be in a much better condition than currently permitted in Philadelphia. There are no current regulated parties that are impacted by these requirements because only those who decide to competitively bid on WAV medallions or opt to drive or dispatch WAV taxicabs will be affected.

Commonwealth

The Authority anticipates increased regulatory demands associated with this regulation, particularly in terms of inspection, application review and training. This is a new program that will simply require additional regulatory resources.

Political subdivisions

This final-form rulemaking will not have a direct fiscal impact on political subdivisions of this Commonwealth.

Private sector

This final-form rulemaking will not have a fiscal impact on existing certificate holders or other regulated parties.

General public

This final-form rulemaking will not have a fiscal impact on the general public, although we anticipate the development of data that will evidence a positive fiscal impact upon the disabled community in Philadelphia.

Paperwork Requirements

This final-form rulemaking will not affect the paperwork generated by the Authority. Some additional entries as to service to disabled persons will be required on the monthly form that all dispatchers already complete and file with the Authority on a monthly basis.

Effective Date

The rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 15, 2013, the Authority submitted a copy of the notice of proposed rulemaking, published at 43 Pa.B. 6373 (October 26, 2013), to IRRC and the Chairpersons of the House Urban Affairs Committee and the Senate Consumer Protection and Professional Licensure Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on July 9, 2014, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 10, 2014, and approved the final-form rulemaking.

Conclusion

Accordingly, under sections 13 and 17 of the Act (53 Pa.C.S. §§ 5722 and 5742); section 5505(d) of the Parking Authorities Act (53 Pa.C.S. § 5505(d)(17), (23) and (24)); sections 201 and 202 of the act of July 31, 1968 (P. L. 769 No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder at 1 Pa. Code §§ 7.1, 7.2 and 7.5; section 204(b) of the Commonwealth Attorneys Act (71 P. S. § 732.204(b)); section 745.5 of the Regulatory Review Act (71 P. S. § 745.5); and section 612 of The Administrative Code of 1929 (71 P. S. § 232) and the regulations promulgated at 4 Pa. Code §§ 7.231—7.234, the Authority proposes adoption of the final regulations set forth in Annex A; *Therefore*,

It Is Ordered That:

1. The regulations of the Authority, 52 Pa. Code Chapters 1001, 1011, 1017, 1019 and 1021, are amended by adding §§ 1017.8 and 1021.5a and by amending §§ 1001.9, 1001.10, 1011.2, 1019.8, 1021.8 and 1021.9 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(*Editor's Note:* Amendments to §§ 1017.24 and 1021.11 included in the proposed rulemaking have been withdrawn by the Authority.)

2. The Executive Director shall cause this order and Annex A to be submitted to the Office of Attorney General for approval as to legality.

3. The Executive Director shall cause this order and Annex A to be submitted for review by the designated standing committees of both houses of the General Assembly, and for formal review by the Independent Regulatory Review Commission.

4. The Executive Director shall cause this order and Annex A to be submitted for review by the Governor's Budget Office for review of fiscal impact.

5. The Executive Director shall cause this order and Annex A to be deposited with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

6. The Executive Director shall serve copies of this order and Annex A upon each of the commentators and take all other actions necessary to successfully complete the promulgation of this regulation.

7. The regulations embodied in Annex A shall become effective upon publication in the *Pennsylvania Bulletin*.

8. The contact person for this rulemaking is James R. Ney, Director, Taxicab and Limousine Division, (215) 683-9417.

VINCENT J. FENERTY, Jr.,
Executive Director

Public meetings of the Authority ordinarily will be held in its offices at 701 Market Street, Suite 5400, Philadelphia, Pennsylvania. Schedules for public meetings are advertised and posted under 65 Pa.C.S. Chapter 7 (relating to Sunshine Act) and copies of the schedule can be obtained on the Authority's web site at www.philapark.org.

§ 1001.10. Definitions.

(a) Subject to additional definitions contained in subparts which are applicable to specific chapters or subchapters, the following words and terms, when used in this part, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Dispatcher—

(i) The owner of a certificate of public convenience to operate a dispatching service in Philadelphia issued by the Authority under section 5711(c)(6) of the act (relating to power of authority to issue certificates of public convenience) and Chapter 1019 (relating to dispatchers).

(ii) The term includes a wheelchair accessible vehicle (WAV) taxicab dispatcher as provided in § 1011.2 (relating to definitions).

* * * * *

Taxicab driver—

(i) The individual to whom a current and valid taxicab driver's certificate has been issued by the Authority under section 5706 of the act.

(ii) The term includes a WAV taxicab driver as provided in § 1011.2.

Subpart B. TAXICABS

CHAPTER 1011. GENERAL PROVISIONS

§ 1011.2. Definitions.

The following words and terms, when used in this subpart, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

*Transfer fee—*The nonrefundable fee charged by the Authority to review an application to sell transferable rights.

*WAV medallion—*A medallion restricted to use on a wheelchair accessible vehicle (WAV) taxicab.

*WAV medallion taxicab—*A taxicab to which a WAV medallion is attached by the Authority as provided in this chapter.

*WAV taxicab—*A motor vehicle authorized by the Authority to provide taxicab service that meets the requirements of a "wheelchair accessible taxicab" as defined in section 5701 of the act (relating to definitions) and § 1017.8 (relating to wheelchair accessible vehicle taxicab specifications).

*WAV taxicab dispatcher—*A dispatcher approved by the Authority to dispatch WAV taxicabs as provided in § 1019.8(b) (relating to dispatcher requirements).

*WAV taxicab driver—*The individual to whom a current and valid WAV taxicab driver's certificate has been issued by the Authority under section 5706 of the act (relating to driver certification program) and § 1021.5a (relating to special wheelchair accessible vehicle taxicab driver's certificate and requirements).

*WAV taxicab driver's certificate—*The original photographic identification card issued by the Authority which confirms that an individual has complied with section 5706 of the act and § 1021.8 (relating to certain training subjects).

Wheelchair—

(i) A mobility aid belonging to any class of three-wheeled or four-wheeled devices, usable indoors, designed for and used by individuals with mobility impairments, whether operated manually or powered.

(ii) A common wheelchair is a device which does not exceed 32 inches in width and 48 inches in length measured 2 inches above the ground and does not weigh more than 600 pounds when occupied.

(iii) The term as further defined by 49 CFR 37.3 (relating to definitions) or its successor regulation.

CHAPTER 1017. VEHICLE AND EQUIPMENT REQUIREMENTS

Subchapter A. GENERAL PROVISIONS

§ 1017.8. Wheelchair accessible vehicle taxicab specifications.

(a) *Basic requirements.* Wheelchair accessible vehicle (WAV) taxicabs must be in compliance with the require-

ments applicable to taxicabs, except when deviations are authorized or required by the act, this part or an order of the Authority.

(b) *Standard specifications for WAV taxicabs.* In addition to the requirements of subsection (a), a WAV taxicab is a vehicle that has been inspected and approved by the Enforcement Department to meeting the following requirements:

(1) The vehicle complies with the specifications in the Americans with Disabilities Act Accessibility Specifications for Transportation Vehicles codified in 49 CFR 38.23, 38.25 and 38.31 (relating to mobility aid accessibility; doors, steps and thresholds; and lighting) and higher standards set by the act, this part or an order of the Authority. For example, if the Authority required vehicle lift platforms to have provisions to prevent deployment, falling or folding any faster than 10 inches per second, that requirement would supersede the 12 inches per second requirement of 49 CFR 38.23(b).

(2) The vehicle must be capable of transporting at least one passenger seated in a common wheelchair secured to the vehicle by a system approved by the Authority as provided in paragraph (11) with access and entry to the passenger compartment either from the right side of the vehicle to and from the curb or through rear entry.

(3) If modified to become a WAV taxicab, the modification of the vehicle shall be completed under the vehicle manufacturer's standards. The Authority will publish a list of approved vehicle modification entities on its web site at www.philapark.org/tld.

(4) The owner of a vehicle modified to be a WAV taxicab shall, upon presentation for a preservice inspection as provided in § 1017.2 (relating to preservice inspection), provide the certification of an engineer with at least a bachelor's degree in either mechanical engineering or electrical engineering with at least 3 years of experience in automotive manufacturing that the vehicle has been modified using the design tested to meet or exceed impact protection requirements as provided in 49 CFR Part 571 (relating to Federal motor vehicle safety standards) and the specifications of the vehicle's manufacturer.

(5) When loaded to gross vehicle weight rating, the distance between the ground and the vehicle's frame must be 5 inches or more.

(6) The vehicle's passenger compartment length from the back of the passenger's seats to any barrier in front of it must be 56 inches or more.

(7) The floor of a WAV taxicab may be lowered only from the base of the firewall to the area immediately in front of the rear axle.

(8) The floor of a WAV taxicab with a lowered floor assembly must be stainless steel (16 gauge minimum). A vapor-insulating barrier of 1/2-inch marine grade plywood must be applied over the lowered metal floor and thoroughly secured.

(9) The vehicle's wheelchair ramp may not block any part of the door or glass while in the stowed position.

(10) The entry point of the vehicle must measure 56 inches from the ramp to the top of the entry point.

(11) The Authority will maintain a list of wheelchair restraint systems to be used to securely hold one or more wheelchairs in place in the vehicle while in operation.

The list of approved wheelchair restraint systems may be obtained from the Authority's web site at www.philapark.org/tld.

(12) Anchor points may not project more than 1/8 inch above the vehicle's finished floor.

(13) If the vehicle has a middle fold-up passenger seat, it must have a folding mechanism and base plate and meet the requirements of 49 CFR 571.207 (relating to standard No. 207; seating systems).

(14) Modifications to the rear air conditioning must be completed in a manner consistent with the guidelines of the vehicle's manufacturer.

(15) Electrical wiring installed while modifying the vehicle to meet the requirements of this section must be PVC or better, insulated and color-coded for positive identification.

(16) The vehicle must have an electrically operated back-up alarm device that produces an intermittent audible signal when the vehicle's transmission is shifted into reverse.

(17) The vehicle must display the universal logo for wheelchairs as a marking of at least 6 inches high and 6 inches wide on the rear of the vehicle and on each side of the vehicle.

(c) *Age and mileage limitation.*

(1) When a vehicle is proposed for WAV medallion taxicab service, it must be one of the manufacturer's two latest vehicle model years with an odometer reading of less than 500 miles to qualify for inspection as provided in § 1017.2.

(2) A WAV medallion taxicab will not be eligible for inspection as provided in § 1017.31 (relating to biannual inspections by Authority) upon reaching 5 years of age.

(d) *Current vehicles.* Taxicabs authorized by the Authority on August 30, 2014, that are capable of providing taxicab service to a person in a wheelchair without the need for the person to exit the wheelchair are exempt from the requirements of subsections (b) and (c). The exemption provided in this subsection expires when the exempted vehicle is removed from taxicab service and does not run with the associated medallion or certificate of public convenience.

CHAPTER 1019. DISPATCHERS

§ 1019.8. Dispatcher requirements.

(a) *General requirements.* A dispatcher shall continually maintain standards and equipment capable of providing prompt and adequate service to the public, including the following:

(1) Control a radio frequency signal of sufficient strength to transmit and receive real time verbal communication and data throughout Philadelphia.

(2) Respond to customer calls 24 hours a day.

(3) Have taxicabs available for dispatch 24 hours a day, 7 days a week.

(4) Dispatch taxicabs with current Authority rights to provide the service requested.

(5) Obtain the Authority's confirmation, which may be provided by the Authority through e-mail, of a taxicab's good standing before beginning to provide it with dispatching service.

(6) Have at least one display advertisement in a telephone book with citywide circulation in Philadelphia or a

web site which displays all of the information necessary to order a taxicab through the dispatcher.

(7) Have a minimum of four coordinated telephone lines to receive incoming calls for service from the public.

(8) Operate and maintain a taxicab meter system approved by the Authority as provided in § 1017.23 (relating to approved meters), including computer hardware and software, means of communication between the dispatcher and each taxicab meter and the Authority.

(9) Answer customer questions about rates and services provided within 12 hours.

(10) Answer customer questions or complaints about service in writing and within 5 days of receipt of the complaint.

(11) Maintain records as provided in § 1019.14 (relating to dispatcher records).

(12) A dispatcher may not discriminate against nor allow its affiliated drivers to discriminate against any member of the public and may not refuse service to any section of Philadelphia. Partial-rights taxicabs may only be dispatched to provide service consistent with the certificate holder's rights.

(13) A dispatcher shall be able to receive and respond to emergency or distress alerts received from taxicab drivers 24 hours a day, 7 days a week.

(14) In addition to the requirements in the act, this part or an order of the Authority, a dispatcher may institute rules of conduct for drivers and certificate holders associated with the dispatcher.

(15) A dispatcher shall report violations of the act, this part or an order of the Authority committed by a driver or certificate holder associated with the dispatcher to the Authority immediately.

(16) Upon receipt of a request for wheelchair accessible vehicle (WAV) taxicab service directly from a source, including a potential customer or as provided in § 1021.16(a) (relating to service issues regarding people with disabilities), a dispatcher not authorized to dispatch WAV taxicabs shall immediately forward the potential customer's contact information and location to a WAV taxicab dispatcher through a means of electronic communication approved by the Authority.

(b) *WAV taxicab dispatcher authorization and renewal.*

(1) A dispatcher or applicant for a dispatcher's certificate as provided in § 1019.3 (relating to dispatcher application) may request authorization to act as a WAV taxicab dispatcher by filing a Form No. DSP-7 "WAV Dispatcher Authorization" with the Manager of Administration. Form No. DSP-7 is available on the Authority's web site at www.philapark.org/tld.

(2) The authorization to dispatch WAV taxicabs is nontransferable.

(3) The authorization to dispatch WAV taxicabs will automatically expire on July 1 of each year. A dispatcher may reapply for WAV dispatcher authorization at the time it makes its annual filing as provided in § 1011.3 (relating to annual rights renewal process).

(4) The authorization to dispatch WAV taxicabs may be suspended, cancelled or revoked for a violation of the act, this part or an order of the Authority.

(5) Dispatchers engaged in dispatching of WAV taxicabs on August 30, 2014, may continue without the authoriza-

tion required under subsection (b)(1) until July 1, 2015. This exemption does not apply to the dispatching of WAV medallion taxicabs.

(c) *WAV taxicab dispatcher requirements.*

(1) Only a WAV taxicab dispatcher may dispatch WAV taxicabs.

(2) A WAV taxicab dispatcher may not have less than 10% of the WAV taxicabs authorized by the Authority to provide city-wide call or demand service in its association at all times. The Authority will maintain a current list of authorized WAV taxicabs on its web site at www.philapark.org/tld.

(3) A WAV taxicab dispatcher shall maintain a means of immediate and simultaneous telephone, Internet or other electronic communication with every WAV taxicab dispatcher that is approved in advance by the Authority. The Authority will post a list of approved communication methods on its web site at www.philapark.org/tld.

(4) Dispatchers shall give preference to persons seated in a wheelchair when dispatching a WAV taxicab.

(5) Customers referred to a dispatcher as provided in subsection (a)(16) or § 1021.16(a) shall be serviced in all ways as if the request were made directly to the dispatcher.

(6) In the event that a WAV taxicab dispatcher cannot provide a WAV taxicab to a requesting customer within 20 minutes, the request for service shall be forwarded by the WAV taxicab dispatcher to every other WAV taxicab dispatcher through the system required under paragraph (3).

(7) The information provided by the forwarding WAV taxicab dispatcher as provided in paragraph (6) must include the information necessary to provide the requested service, including the following:

(i) The time the request was received by the forwarding WAV dispatcher.

(ii) The time that the service is requested to begin.

(iii) The location where the WAV taxicab is expected to appear to initiate service.

(iv) The telephone number and other contact information of the person requesting service, if available.

(v) The time that the forwarding WAV dispatcher would be able to initiate service, if at all.

(8) A WAV taxicab dispatcher shall immediately accept the request forwarded as provided in paragraph (6) if the dispatcher can provide a WAV taxicab as requested before the forwarding dispatcher and sooner than any other WAV dispatcher. If the request for service is not accepted, the forwarding WAV dispatcher shall provide the service as provided in paragraph (7)(v).

(9) Acceptance of the forwarded request shall be simultaneously communicated to all other WAV taxicab dispatchers through the system required under paragraph (3).

(10) The accepting dispatcher shall inform the person that has requested WAV taxicab service that it will dispatch a WAV taxicab to the requester immediately.

(11) A WAV dispatcher shall use a dispatching system that maintains the following data, in addition to the requirements in this section and § 1019.14:

(i) Each request to the dispatcher for a WAV taxicab and the dispatcher's response to that request.

(ii) Each occasion of WAV taxicab service to a person in a wheelchair by a taxicab in the dispatcher's association, including the date of service, the amount of the fare paid and the manner in which the taxicab service was initiated.

(iii) The name and WAV taxicab driver certificate number for each driver that has accepted or declined a dispatch for service to a person in a wheelchair.

(12) The WAV dispatcher's monthly filing of Form No. DSP-4 as provided in § 1019.9 (relating to list of affiliated taxicabs) must include the data maintained in its dispatch system as provided in paragraph (11).

(13) The Authority will maintain a list of WAV dispatchers on its web site at www.philapark.org/tld.

CHAPTER 1021. TAXICAB DRIVERS

§ 1021.5a. Special wheelchair accessible vehicle taxicab driver's certificate and requirements.

(a) *Purpose.* The wheelchair accessible vehicle (WAV) taxicab driver's certificate is created to ensure that the needs of the disabled community are known and fully addressed by the drivers of WAV taxicabs and to ensure that those in need of WAV taxicab transportation are efficiently and adequately provided with that transportation by the best qualified drivers available.

(b) *WAV taxicab drivers.*

(1) The Authority will issue a special driver's certificate for individuals to provide WAV taxicab service as provided in section 5706(a.1)(1) of the act (relating to driver certification program).

(2) A WAV taxicab driver's certificate will identify the driver as having been trained in the operation of a WAV taxicab and in the best practices of transporting a person in a wheelchair.

(3) To obtain a WAV taxicab driver's certificate, an individual, including a current taxicab driver, shall comply with the taxicab driver requirements of this chapter and submit a completed Form No. DR-4 "WAV Driver Application." Form No. DR-4 is available on the Authority's web site at www.philapark.org/tld.

(4) An applicant may apply for a taxicab driver's certificate and a WAV taxicab driver's certificate at the same time. If an applicant discontinues the WAV taxicab driver certification process or is unable to successfully complete the training, the applicant may pursue taxicab driver's certification.

(5) Applications for a WAV taxicab driver certificate will be processed by the Director in the order accepted for filing.

(6) A WAV taxicab driver certificate includes the authorizations applicable to a taxicab driver's certificate.

(7) An applicant for a WAV taxicab driver's certificate shall maintain a record of compliance with the act, this part and orders of the Authority as follows:

(i) A WAV taxicab driver applicant shall have at least 2 years of Philadelphia taxicab driver experience as an Authority certificated driver completed within the immediately preceding consecutive 36-month period prior to the date of application.

(ii) A WAV taxicab driver application will be denied if an order has been entered against the applicant by the Authority or the PUC related to the provision of unsafe or discourteous taxicab service.

(iii) A WAV taxicab driver application will be denied if the applicant's taxicab driver's certificate or limousine driver's certificate has ever been cancelled or revoked.

(iv) A WAV taxicab driver application will be denied if the applicant's taxicab driver's certificate has been suspended for any reason in the immediately preceding consecutive 36 months.

(8) Only a taxicab driver certificated by the Authority as provided in this section may provide taxicab service in a WAV taxicab.

(c) *WAV taxicab driver cap.*

(1) Except as provided in paragraph (2), the number of WAV taxicab drivers may not exceed the product of the number of WAV taxicabs multiplied by four. The Authority will continuously maintain a list of the maximum number of WAV taxicab drivers on its web site at www.philapark.org/tld.

(2) The Director will not accept applications for WAV taxicab driver's certificates in excess of the cap established by the Authority.

(d) *WAV taxicab driver renewal.*

(1) A WAV taxicab driver's certificate may be renewed by filing the completed Form No. DR-4 with the Manager of Administration and adhering to standard renewal requirements as provided in § 1011.3 (relating to annual rights renewal process).

(2) The Authority will not renew a WAV taxicab driver's certificate if the driver has failed to provide taxicab service in a WAV taxicab for 1,600 hours or in the immediately preceding consecutive 12-month period.

(3) The annual taxicab driver renewal fee charged by the Authority shall be paid from the proceeds of the sale of WAV medallions authorized by section 5711(c) of the act (relating to power of authority to issue certificates of public convenience) for each successfully renewed WAV taxicab driver.

(4) When a WAV taxicab driver's certificate is denied as provided in paragraph (2) and not on another basis, the Authority will issue the renewing driver a standard taxicab driver's certificate.

(e) *Wheelchair service preference.*

(1) A person seated in a wheelchair who requests taxicab service shall be given preference by a WAV taxicab driver over a potential customer that is not in a wheelchair. For example, if a WAV taxicab is hailed by two people at the same time but only one of those people is seated in a wheelchair, service shall be provided to the person seated in the wheelchair first.

(2) A customer already seated in a taxicab may not be asked to exit the taxicab to accommodate a person seated in a wheelchair.

(3) When a WAV taxicab has been dispatched and is in route to provide taxicab service to a person not in a wheelchair and is hailed by a person seated in a wheelchair, the WAV taxicab driver shall stop and provide taxicab service to the person in a wheelchair. Prior to assisting the hailing customer into the WAV taxicab, the driver shall notify his dispatcher of the hail. The dispatcher shall arrange for an alternate taxicab to provide service to the original customer.

(4) A WAV taxicab driver shall notify his dispatcher each time taxicab service is provided to a person in a

wheelchair. The notification required under this paragraph shall be made once the customer is secured in the taxicab.

§ 1021.8. Certain training subjects.

(a) *Continued training subjects.* The Authority will continually monitor issues related to taxicab drivers, including safety, wheelchair accessible vehicle (WAV) taxicab service and customer service, and maintain a current list of taxicab driver training subjects on its web site at www.philapark.org/tld.

(b) *Basic training issues.* Taxicab driver training will consist of a minimum of 18 hours of in-class instruction and will be developed to address all areas of the act, this part and orders of the Authority. The dress code applicable to taxicab drivers applies to applicants during training. Training will address issues provided for in subsection (a), including the following subjects:

(1) Authority regulations governing taxicab drivers, including differences between the services medallion taxicabs and partial-rights taxicabs provide.

(2) Authority regulations governing taxicab certificate holders.

(3) Authority regulations governing equipment.

(4) Penalties for violation of Authority regulations.

(5) An overview of the administrative process related to violations.

(6) The identification and address of the Authority offices responsible for administering the act.

(7) Customer service issues, including the following:

(i) Personal appearance of drivers.

(ii) Driver courtesy and hygiene.

(iii) Assistance to elderly and people with disabilities.

(8) Driving and customer safety issues, including the following:

(i) Defensive driving techniques.

(ii) Emergency aid.

(iii) Vehicle and equipment inspections.

(iv) Crime prevention.

(v) Accident reporting procedures.

(9) Issues related to the geography of Philadelphia, including the following:

(i) Map reading.

(ii) Overview of major street and traffic patterns.

(iii) Identification and location of popular landmarks and locations.

(c) *WAV taxicab driver training.*

(1) In addition to training required under this section, WAV taxicab driver training will consist of a minimum of 6 hours of in-class instruction and field training necessary to address current and evolving issues related to WAV taxicab service, including sensitivity training, safe and proper use of applicable equipment, and regulations regarding WAV taxicab service.

(2) WAV taxicab driver training will consist of training in all aspects of WAV taxicab service, including the operation of a WAV taxicab and the entry, exit and securing of a passenger in a wheelchair.

(3) A WAV taxicab driver must attend a minimum of 4 hours of continuing WAV taxicab service training every 2 years.

(d) *Testing.* The applicant will be tested under § 1021.9 (relating to taxicab driver test) on the final day of training.

§ 1021.9. Taxicab driver test.

(a) The Authority will develop a test to assure that applicants for taxicab driver's certificates and wheelchair accessible vehicle (WAV) taxicab driver's certificates understand the information presented during training as provided in § 1021.8 (relating to certain training subjects).

(b) The test will be administered in the English language. The assistance of interpreters will not be permitted. An applicant's responses to all test questions shall be in the English language.

(c) Except as limited by this chapter, the test may be administered in a manner and in a form deemed appropriate by the Authority. The test may include:

- (1) Questions requiring a written response.
- (2) Multiple choice questions.

(3) Oral questions.

(4) The demonstration of an ability to operate a motor vehicle and use taxicab related equipment.

(5) For WAV taxicab driver applicants, the demonstration of an ability to operate a WAV taxicab and to assist with the entry, exit and securing of a passenger in a wheelchair in the WAV taxicab.

(d) Failure to pass the test required by this section after three attempts will render the application void.

(e) Failure to pass the test required by this section within 90 days of filing Form No. DR-1 application as provided in § 1021.5 (relating to standards for obtaining a taxicab driver's certificate) will render the application void.

(f) Except as provided in § 1021.5a (relating to special wheelchair accessible vehicle taxicab driver's certificate and requirements), upon the denial or voiding of a Form No. DR-1 or Form No. DR-4 as provided in this chapter an applicant may not reapply for a driver's certificate for 6 months.

PROPOSED RULEMAKING

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CH. 511]

Rail Freight Grants

The Department of Transportation (Department), under the authority in section 9 of the Rail Freight Preservation and Improvement Act (act) (55 P. S. § 696.9), proposes to add Chapter 511 (relating to rail freight grants) to read as set forth in Annex A.

Purpose of Proposed Rulemaking

The purpose of Chapter 511 is to establish procedures and criteria for the application for and award of grants for rail freight projects to support economic development in this Commonwealth.

Summary of Significant Provisions

Proposed § 511.1 (relating to purpose) provides the purpose of Chapter 511.

Proposed § 511.2 (relating to definitions) provides definitions of significant terms used in Chapter 511.

Proposed § 511.3 (relating to eligibility) delineates the persons and entities eligible for grants issued under Chapter 511. Further, this section provides information on the local funding match requirements for grants. This section also provides information on the types of projects eligible for grants. This section explains whether an applicant seeking funding should pursue a Rail Transportation Assistance Program (Rail TAP) or Rail Freight Assistance Program (RFAP) grant, depending on the nature of their project or the project cost, or both.

Proposed § 511.4 (relating to limits of funding) sets forth various Commonwealth funding constraints on both Rail TAP and RFAP grants. The section also makes clear that funding will be subject to approval and appropriation by the General Assembly.

Proposed § 511.5 (relating to application period and deadlines) makes clear that applications shall be filed during the prescribed application period to be considered. The section also makes clear to applicants that the open application period for both Rail TAP and RFAP grants is to be determined on an annual basis and published in the *Pennsylvania Bulletin* in January.

Proposed § 511.6 (relating to application submission procedure) delineates the Department's application submission procedure, including required criteria. The section also makes clear that grant applications shall be completed in accordance with the current policies and procedures of the Department, and that the Department may reject an application which does not conform to Department regulations or policies, or other applicable laws or regulations.

Proposed § 511.7 (relating to public records) makes clear that the Right-to-Know Law (65 P. S. §§ 67.101—67.3104) applies to submissions to the Department.

Proposed § 511.8 (relating to grant selection process and criteria) delineates the Department's grant selection process and sets forth criteria the Department will use in evaluating grant applications. The section also explains that the Department may work with an applicant to modify a proposed project, and that the collaboration may

not be construed as a commitment by the Department to offer a grant to the applicant.

Proposed § 511.9 (relating to offer and acceptance) delineates the Department's process in offering grants. It further delineates the obligations of an applicant who has been offered a grant to timely accept or decline the grant offer.

Proposed § 511.10 (relating to standards, methods, techniques, designs and special conditions) provides the Department authority to specify standards, methods, techniques, and design and dimensional criteria acceptable for projects funded by grants under Chapter 511 and to review and approve design and construction. It further provides for withdrawal of the grant funding for failure to abide by Department mandates in this regard. Finally, it makes clear that the Steel Products Procurement Act (73 P. S. §§ 1881—1887) applies to projects funded by grants awarded under Chapter 511.

Proposed § 511.11 (relating to prevailing wage) makes clear that the Pennsylvania Prevailing Wage Act (43 P. S. §§ 165.1—165.17) applies to grants awarded under Chapter 511.

Proposed § 511.12 (relating to audits and recordkeeping) delineates various audit and recordkeeping requirements that applicants who receive grants under Chapter 511 shall follow.

Proposed § 511.13 (relating to inspection) provides the Department and other Commonwealth agencies the right to inspect the project site and records regarding grants awarded under Chapter 511. This section also provides for withdrawal of grant funding and disqualification from future consideration for grants for failure to comply.

Proposed § 511.14 (relating to payment procedures) delineates procedures for payment of the grantee and its vendors and contractors, including mandating retention by the Department of 10% of each grant payment until final inspection and approval by the Department.

Proposed § 511.15 (relating to liability; forfeiture of funds; repayment) delineates the consequences of a grantee's failure to comply with the terms and conditions of a grant issued under Chapter 511. Consequences include reimbursement to the Department of grant funding awarded and disqualification from future consideration for grants issued under Chapter 511. Further, this section provides information on a grantee's right to appeal a Department decision issued under Chapter 511.

Proposed § 511.16 (relating to waiver) provides that the Department may grant waivers regarding submission of certain specific information or data under certain circumstances.

Persons and Entities Affected

This proposed rulemaking will affect an applicant that seeks Commonwealth rail grant funding under the act.

Fiscal Impact

Implementation of this proposed rulemaking will not require the expenditure of additional funds by the Commonwealth. Additional costs, fees or expenses are not anticipated by implementing this proposed rulemaking.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 14, 2014, the Department submitted a copy of this proposed rulemaking and a copy

of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Transportation Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

Effective Date

This proposed rulemaking will be effective upon final-form publication following appropriate evaluation of comments, suggestions or objections received during the public comment period.

Sunset Date

The Department is not establishing a sunset date for Chapter 511 since these regulations are needed to administer provisions required under the act. The Department, however, will continue to closely monitor these regulations for their effectiveness.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to Toby L. Fauver, AICP, Deputy Secretary of Multimodal Transportation, Department of Transportation, 400 North Street, 8th Floor, P. O. Box 3643, Harrisburg, PA 17105-3643, tfauver@pa.gov within 30 days of the publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

Contact Person

The contact person for technical questions about this proposed rulemaking is Gary M. DeBerry, Planning Manager, Bureau of Rail Freight, Ports and Waterways, Department of Transportation, 400 North Street, 6th Floor, Harrisburg, PA 17120-0064, (717) 214-1922, gdeberry@pa.gov.

§ 511.1. Purpose.

This chapter sets forth requirements and criteria regarding grants funded, in whole or in part, by the Rail Freight Preservation and Improvement Act (55 P. S. §§ 696.1—696.11).

§ 511.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Bureau—The Bureau of Rail Freight, Ports and Waterways of the Department, or a successor bureau designated by publishing a notice in the *Pennsylvania Bulletin*.

Capital Budget—A bill passed by the General Assembly that provides Commonwealth funding for capital projects.

Capital project—

(i) Acquisition of property, labor and materials for equipping, furnishing, constructing, reconstructing, rehabilitating or improving rail freight transportation systems or facilities.

(ii) The term does not include a maintenance project.

Department—The Department of Transportation of the Commonwealth.

Director—The Director of the Bureau.

Grant—An offer of funding assistance from the Department to an applicant for a project governed by this chapter.

Grant recipient or grantee—A recipient of funding assistance for a project governed by this chapter.

Intermodal terminal—A facility where trains stop to load or unload freight for the purpose of transferring the freight to or from another mode of transportation.

Local government—A political subdivision of this Commonwealth.

Maintenance project—A project wherein maintenance or accelerated maintenance under section 3 of the Rail Freight Preservation and Improvement Act (55 P. S. § 696.3) is performed, including the replacing of ties and other track and structural materials in quantities sufficient to restore a railroad line to the level necessary for compliance with Federal Railroad Administration Class I Track Safety Standards.

RFAP—Rail Freight Assistance Program—A grant program under this chapter that provides financial assistance for investment in rail freight facilities or systems, or both.

Rail freight facilities—Freight cars, locomotives, wires, poles and equipment for electrification of rail lines, rails, tracks, roadbeds, elevated structures, buildings, stations, terminals, loading docks, sidetracks, shelters, parking areas, tunnels or other items necessary to provide rail freight transportation services.

Rail freight systems—Rail lines, rail corridors or other real estate interests, including easements or other rights-of-way, necessary to provide rail freight transportation services.

Rail freight transportation services—Transportation of property by rail for compensation.

Rail TAP—Rail Transportation Assistance Program—A grant program wherein individual projects are identified specifically in a Capital Budget.

Railroad company—A person, firm or corporation rendering common carrier rail freight transportation services in this Commonwealth under authorization from the Pennsylvania Public Utility Commission or the Interstate Commerce Commission.

Railroad crossing bed maintenance—The replacement of rail, ties, ballast, welds, blacktop and surfacing materials at an at-grade crossing of a railway line with a roadway.

Railroad user—A person, firm or corporation that is a direct user or developer of a rail freight transportation system, facility or service in this Commonwealth.

Transportation organization—A municipal authority, mass transportation, port or other authority, or a combination of these entities, organized under the laws of the Commonwealth, or under an interstate compact, empowered to render rail freight transportation services or assist in rendering rail freight transportation services in this Commonwealth.

§ 511.3. Eligibility.

(a) Railroad companies, transportation organizations, municipalities, municipal authorities and railroad users are eligible grantees for grants issued under this chapter.

(b) Grants under this chapter will be matching grants requiring a local funding match of 30% of the total project costs.

(1) Projects funded through the RFAP may not use Rail TAP program funds for matching fund purposes.

(2) Projects funded through the Rail TAP may not use RFAP program funds for matching fund purposes.

(c) Types of projects eligible for grants are limited to maintenance projects and capital projects.

(1) Maintenance projects may include the replacement of ties, rails, plates, turnouts, other track materials, structural materials and additional ballast to be sufficient to functionally restore, improve or maintain an existing railroad line to the level necessary for compliance with Federal Railroad Administration Class I Track Safety Standards.

(i) Eligible maintenance projects must have an estimated useful life of at least 5 years.

(ii) Eligible maintenance projects may not include costs for the acquisition of land, rights to land, buildings or building materials to construct a new building or buildings.

(2) Eligible capital projects must have an estimated useful life of at least 5 years and may include the cost to purchase any of the following:

(i) Ties, rail, ballast, other track materials and structural materials in sufficient quantity to construct a railroad line where one does not exist, or to restore or improve a rail associated facility to a level necessary for its operation or use.

(ii) Land or rights to land or buildings.

(iii) Materials to construct new building structures if the structures are used exclusively for rail freight operations.

(d) Applicants may apply for assistance for only one project per calendar year from the RFAP.

(e) Applicants may apply for assistance for only one project per calendar year from the RailTAP.

§ 511.4. Limits of funding.

(a) *Approval and appropriation*. Funding for projects under this chapter is subject to approval and appropriation by the General Assembly.

(b) *Maximum contribution*. The maximum Commonwealth contribution for projects funded under this chapter is 70% of the total project costs.

(c) *RFAP funding limits*.

(1) RFAP maximum Commonwealth contribution will be published annually in the *Pennsylvania Bulletin* in January.

(2) No more than 15% of the total grant amount shall be used for costs associated with railroad crossing bed maintenance or reconstruction.

(d) *Rail TAP funding limits*.

(1) The maximum Commonwealth funding for a project will be determined by line item in the Capital Budget but will not exceed 70% of total project costs.

(2) No more than 50% of the grant shall be used for right-of-way acquisition costs under this chapter.

(3) No more than 5% of the total grant amount shall be used for the acquisition or refurbishment of rolling stock, which means nonmotorized wheeled vehicles that are used for the transportation of freight by rail.

(4) No more than 15% of the total grant amount shall be used for costs associated with railroad crossing bed maintenance or reconstruction.

(5) A grant will not exceed 10% of the total program appropriation in any given calendar year.

§ 511.5. Application period and deadlines.

(a) Applications shall be filed during the open application period.

(b) The open application period for RFAP will be determined by the Department on an annual basis and published in the *Pennsylvania Bulletin* in January.

(c) The open application period for Rail TAP will be determined by the Department on an annual basis and published in the *Pennsylvania Bulletin* in January.

(d) Only applications received during the open application period are considered to meet the application deadline for a particular fiscal year.

§ 511.6. Application submission procedure.

(a) RFAP and Rail TAP applications shall be filed electronically using the dotGrants web-based application or as otherwise determined by the Department.

(b) Applications shall be fully completed by the applicant upon submission and must include, among other criteria specified on the particular application:

(1) A detailed project schedule with identified milestones and completion date.

(2) Information demonstrating the applicant project's capacity to meet the following, as applicable:

(i) Track work inspection requirements.

(ii) Carloading requirements.

(iii) Standard contract provisions.

(iv) Competitive bid requirements.

(c) Applications for funding under the RFAP or Rail TAP programs shall be completed in accordance with Department grant application policies and procedures in place at the time the application period opens.

(d) The Department may reject an application which does not include the data required by the grant application, this chapter, grant program policies or other applicable laws or regulations.

§ 511.7. Public records.

Submissions to the Department are subject to the requirements of the Right-to-Know Law (65 P. S. §§ 67.101—67.3104) and exceptions thereto.

§ 511.8. Grant selection process and criteria.

(a) The Bureau will evaluate each eligible RFAP and Rail TAP project in terms of its potential to meet the goals and objections of:

- (1) The individual programs.
- (2) The Statewide rail long-range plan.
- (3) The applicant's representative metropolitan planning organization or rural planning organization, including:
 - (i) Re-establishing or creating new rail service.
 - (ii) Improving public safety.
 - (iii) Providing economic development and job growth.
 - (iv) Achieving a positive benefit/cost ratio.
 - (v) Positively affecting the environment.
 - (vi) Increasing carloadings.

(b) Unless otherwise restricted by law, the Department has discretion in the selection of projects and in the determination of funding levels, priorities, critical project selection criteria, project phasing, project design, and specifications and performance criteria.

(c) As part of the grant application evaluation process, the Department may determine that the scope or specifications of a proposed project should be modified to accommodate available funding, anticipated use or to better accommodate potential user needs.

(d) The Department may confer with an applicant to clarify the intent of, or to amend the scope or specifications of, a proposed project. The consultation may not be construed as a commitment by the Department to offer a grant under this chapter.

(e) The Department may visit the site of a proposed project to clarify the intent of, or to amend the scope or specifications of, a proposed project. The consultation may not be construed as a commitment by the Department to offer a grant under this chapter.

§ 511.9. Offer and acceptance.

(a) The Department will, in writing, notify each applicant who has submitted a completed application whether or not the applicant will receive a grant offer.

(b) A written grant offer issued to an applicant will describe specific grant conditions and include the conditions in the accompanying grant agreement.

(1) The grant offer will have a clearly identified date of issuance or mailing.

(2) The grant offer will contain a provision for the applicant to indicate acceptance or declination of the offer.

(c) The applicant shall, within 30 days of the date of issuance or mailing of the grant offer and by certified mail, notify the Department, on the portion of grant offer as provided in subsection (b)(2), whether the offer is accepted or declined.

(d) If the applicant fails to accept the grant offer within the time limit set in subsection (c), the offer will lapse

and become void. The Department may, at the discretion of the Director, extend the deadline for acceptance of the grant offer.

(e) If one or more offers are declined or voided in accordance with subsections (c) and (d), the Department may make a grant offer to an applicant initially notified under subsection (a) that an offer would not be made. Timely response to an offer made under this subsection shall be in accordance with subsections (c) and (d).

§ 511.10. Standards, methods, techniques, designs and special conditions.

(a) The Department reserves the right to specify or make determination as to the standards, methods, techniques, design and dimensional criteria acceptable in projects funded by grants under this chapter.

(b) The design and construction of an approved project are subject to the review and approval of the Department, including costs, materials, plans, specifications, design and operational details.

(c) Failure to meet special conditions, performance criteria or specifications may result in the withdrawal of the grant, disqualification from future consideration for a grant under this chapter or declaration of a grant recipient to be in default of the terms of the grant agreement.

(d) Steel products used in a project funded by a grant issued under this chapter must comply with the Steel Products Procurement Act (73 P. S. §§ 1881—1887).

§ 511.11. Prevailing wage.

Projects funded by grants awarded under this chapter are subject to prevailing wage requirements as required under the Pennsylvania Prevailing Wage Act (43 P. S. §§ 165.1—165.17).

§ 511.12. Audits and recordkeeping.

(a) *General.*

(1) An applicant receiving a grant under this chapter shall keep records as the Department may prescribe, including records which facilitate an effective audit and fully disclose:

(i) The amount and disposition by the applicant of the grant proceeds.

(ii) The total cost of the plan or program in connection for which the grant is given or used.

(iii) The amount and nature of that portion of the cost of the plan or program supplied by other sources.

(2) The Department has access to books, documents, papers and records of the grant recipient that are pertinent to a grant issued under this chapter for the purpose of audit and examination. This includes progress audits during the project.

(3) A grant recipient shall establish and maintain an adequate accounting record for an individual project which will allow the Department to determine the legitimacy of costs incurred for the project.

(4) The grant recipient shall maintain effective control over and accountability for all funds, property and other assets. Applicants shall adequately safeguard assets and ensure that assets are used solely for authorized purposes.

(5) A grant recipient shall establish procedures to minimize the time elapsing between the transfer of funds from the Department and the distribution by the applicant whenever funds are advanced by the Department.

(6) The grant recipient shall include a clause in any contract related to the grant that allows Department access to the applicant's contractor's records for purposes of accounting and audit.

(b) *Retention of records.*

(1) A grant recipient shall retain for 5 years after the date of the submission of the final Department payment documentary evidence such as invoices, cost estimates and negotiation documents regarding any items of project cost. These documents include the following:

- (i) Vendor's invoices.
- (ii) Applicable purchase orders.
- (iii) Receiving reports.
- (iv) Inventory records.
- (v) Method of pricing.
- (vi) Returns.
- (vii) Catalog cuts.
- (viii) Carloading compliance reports.
- (ix) Plans.
- (x) Inspection reports.
- (xi) Final inspection report showing acceptance for the project.
- (xii) A record of disposition or correction of unsatisfactory work.

(2) A grant recipient shall retain for 5 years after the date of the submission of the final Department payment evidence of payments for items of project costs including the following:

- (i) Vouchers.
 - (ii) Cancelled checks or warrants.
 - (iii) Receipts for cash payments.
- (3) If audit findings have not been resolved, records shall be retained until the findings have been resolved.
- (c) *Carloading reports.*

(1) The grant recipient shall submit, on a form approved by the Bureau, annual carloading reports for 5 consecutive years, beginning in the year following project completion, comparing the average guaranteed carloadings achieved against the carloading projections in the grant agreement.

(2) The Bureau will note discrepancies between the carloadings documented in the report and the projected carloadings identified in the grant agreement and will identify actions, if any, to be taken to ensure that the project will achieve the projected carloadings within 6 months.

(3) A record of the grant recipient's default may be entered into the Statewide Contractor Responsibility Program File for future consideration in any determination as to whether Commonwealth grants are to be extended to the grant recipient. The Bureau may also reclaim grant funds awarded or stop future awards if the grantee fails to meet the carloading requirements on a grant or fails to properly report the carloading data to the Bureau, or both.

(4) The carloading data submitted to the Bureau is subject to verification by Department internal auditors or by external auditors contracted by the Bureau.

§ 511.13. Inspection.

(a) The Department or an agency of the Commonwealth, or both, or a person designated or authorized by the Department has the absolute right to inspect the project sites, proposed project sites, records and construction materials regarding a project funded by a grant issued under this chapter.

(b) An inspection ordered by the Department or conducted under this chapter may include the following:

- (1) The reproduction and examination of records.
- (2) The taking of samples applicable to evaluation or project quality control.
- (3) The assessment of any factor relevant to the project, application or contract terms related to the grant process.

(c) A grant recipient's denial of access to records, failure to produce records or obstruction of an inspection may result in the withdrawal of the grant and disqualification from future consideration for grants issued under this chapter.

§ 511.14. Payment procedures.

(a) Prior to the disbursement of funds, the Department may conduct inspections, testing, review or audit records of accounts to validate, to the satisfaction of the Department, that the disbursement of funds is warranted.

(b) A grant recipient, having received payment or partial payment or reimbursement under a grant under this chapter, shall, within 7 calendar days of receipt of grant funds from the Department, make payments to vendors and contractors for services and materials properly invoiced under the project.

(c) The grant recipient shall provide proof to the Department that payment for project subcontractors has been made within 30 calendar days of receipt of grant funds.

(d) A grant recipient shall forward requests for payment to the Department on the forms provided or in a manner specified by the Department. A request must include submission of actual cost documentation consisting of approved contract estimates of work-in-place, approved invoices or other evidence of incurred costs satisfactory to the Department.

(e) Ten percent of each grant payment will be withheld by the Department as retainage until final inspection and approval of the project by the Department.

(f) Payment requests may be made for projects in progress but are limited to one request per month.

§ 511.15. Liability; forfeiture of funds; repayment.

(a) If a grant recipient fails to comply with the terms and conditions of a grant issued under this chapter, the following conditions apply:

(1) The grant recipient shall immediately reimburse the Department the amount demanded by the Department, up to the total amount of the grant.

(2) The Department may, at the discretion of the Director, disqualify the grant recipient from future consideration for grants issued under this chapter.

(b) A grant recipient aggrieved by a decision of the Department under this section may take an appeal under 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) and 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure).

§ 511.16. Waiver.

(a) The Department may waive requirements to submit specific information or data normally required for a grant application.

(b) Waivers may be granted after written request to the Director and formal written response to the applicant by the Director prior to submission of the completed application to the Bureau.

(c) In the event of an emergency or other event deemed of critical concern to the Commonwealth, the Secretary may waive any, or all, of the requirements of this chapter otherwise not prohibited by law.

ENVIRONMENTAL QUALITY BOARD

Acceptance of Recommendation

On August 19, 2014, the Environmental Quality Board (Board) accepted the Department of Environmental Protection's (Department) recommendation not to accept a petition for rulemaking. This decision is in response to a petition submitted by Ashley Funk (petitioner) that requested the establishment of a rule in this Commonwealth to regulate fossil fuel carbon dioxide (CO₂) emissions and to establish an emissions reduction strategy that proposed to further reduce atmospheric concentrations of CO₂ by 2100.

The decision to accept the recommendation to deny the petition was based on a report prepared by the Department and subsequent comments provided by the petitioner. The Department determined, and the Board concurred, that the Commonwealth is making a committed effort to implement a variety of initiatives to reduce greenhouse gas (GHG) emissions. The Commonwealth has implemented, and will continue to evaluate and implement, a number of cost-effective GHG reduction strategies for all major source categories. In addition, as National policies or regulations are adopted, they will be implemented by the Commonwealth. Further, adopting the measures recommended in the petition for the Commonwealth will not achieve the emissions reductions proposed in the petition and, thus, adoption of these measures is not practical at this time. The Department affirmed to the petitioner that it will continue to evaluate and implement cost-effective GHG emission reduction strategies in order to protect the health and environmental resources in this Commonwealth.

The previously-referenced recommendation is included in a report that is accessible on the Department's web site at www.dep.state.pa.us (Select "Public Participation Center"; "The Environmental Quality Board"; "EQB Meeting Schedule 2014").

Acceptance of Rulemaking Petition for Study

On August 19, 2014, the Environmental Quality Board accepted a rulemaking petition for study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy). The petition, submitted by the Brodhead Chapter of Trout Unlimited, requests the amendment of 25 Pa. Code § 93.9c (relating to Drainage List C) to redesignate portions of Tank Creek, Yankee Run, Devil's Hole Creek and upper Paradise Creek downstream to Lake Crawford in Monroe County from High Quality (HQ) to Exceptional Value (EV) waters.

Under 25 Pa. Code § 93.4d(a) (relating to processing of petitions, evaluations and assessments to change a designated use), the Department of Environmental Protection (Department) is required to publish a notice of intent to assess candidate waters. The Department's assessment notice for this rulemaking petition will appear in a future issue of the *Pennsylvania Bulletin*.

The previously-referenced petition is available to the public by contacting the Environmental Quality Board by means of United States mail to P. O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526. It is also accessible on the Department's web site at www.dep.state.pa.us (Select "Public Participation Center"; "The Environmental Quality Board"; "EQB Meeting Schedule 2014").

Acceptance of Rulemaking Petition for Study

On August 19, 2014, the Environmental Quality Board accepted a rulemaking petition for study under 25 Pa. Code Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy). The petition, submitted by Schmid and Company, Inc. on behalf of the Beaver Valley Conservancy, requests the amendment of 25 Pa. Code § 93.9g (relating to Drainage List G) to redesignate the Beaver Creek basin in Delaware County.

Under 25 Pa. Code § 93.4d(a) (relating to processing of petitions, evaluations and assessments to change a designated use), the Department of Environmental Protection (Department) is required to publish a notice of intent to assess candidate waters. DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Substantial Amendment for the 2013 Action Plan

A public comment period will be held to review the proposed substantial amendment to the Commonwealth's Action Plan for Fiscal Year 2013. The public comment period is from August 30, 2014, through September 30, 2014.

Annually the Department of Community and Economic Development (Department) prepares the Action Plan

which outlines the method of distribution for Federal funding received by the Department. This Federal funding includes the HOME and Competitive Community Development Block Grant (CDBG) programs. An Action Plan for these funds was finalized and submitted to the United States Department of Housing and Urban Development (HUD) on January 15, 2013, and an amendment was submitted to HUD on August 14, 2013, revising the allocations for the 2013 programs. As the method of distribution for the HOME and Competitive CDBG funding has changed, due to the new HOME rule and revised priorities for the use of the competitive funds as well as maximum grant amounts, changes need to be made to those areas of the original Action Plan. These changes, based on the Pennsylvania Citizen Participation Plan for the Consolidated Plan, constitute a significant change in

the distribution of funds under the program and thus necessitate a substantial amendment to the original Action Plan.

The substantial amendment to the Action Plan and supporting documentation are available for a 30-day public comment period and can be viewed on the Department's web site at <http://www.newpa.com/>. The text is available to sight and hearing-impaired persons using technological assisted devices by means of the Department's web site at the link listed previously. A translation into Spanish will also be available on the Department's web site for citizen comment. The final version of the substantial amendment will be submitted to HUD no later than October 6, 2014.

Persons who would like to provide written comment on the draft substantial amendment to the 2013 Action Plan may send those comments electronically to RA-DCEDcdbg&homequestions@pa.gov or mail to the attention of Mary J. Smith, Department of Community and Economic Development, Center for Community Financing, 400 North Street, 4th Floor, Harrisburg, PA 17120. Comments must be received before 4 p.m. on September 30, 2014.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION

PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to

make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application, and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the following: name, address and telephone number of the person submitting the comments; identification of the proposed Plan Approval/Operating Permit including the permit number; and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin*, or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Subchapters D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121-145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

20-040J: From Advanced Cast Products, Inc. (18771 Mill Street Meadville, PA 16335) for construction and initial operation of a silo used to hold mold making material at their existing facility in the City of Meadville, **Crawford County**. This is a TV facility.

20-123F: Lord Corp. (124 Grant Street, Cambridge Springs, PA 16403) for their large part surface coating and molding project/expansion at their existing facility in the Borough of Cambridge Springs, **Crawford County**. Potential emissions associated with the project are estimated to be: VOC, less than 2.0 tons per year; HAP, less than 2.0 tons per year. This is a TV Facility.

42-158Q: Georgia Pacific—Mt Jewett Facility (149 Temple Drive, Kane, PA 16735) for the renewal of the NO_x Plantwide Applicability Limit (PAL) in Sergeant Township, **McKean County**. This is a Title V facility.

43-366B: National Fuel Gas Supply Corp. (6363 Main Street, Williamsville, NY 14221), for the installation of: one (1) natural gas fired compressor engine rated 3,750 bhp, four (4) natural gas fired catalytic heaters at their existing Mercer Compressor Station in Jefferson Township, **Mercer County**.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701

Contact: Muhammad Q. Zaman, Environmental Program Manager—Telephone: 570-327-3648

08-00048A: Beaver Dam Energy, LLC (6051 Wallace Road Extension, Suite 100, Wexford, PA 15090) for construction of five (5) 6,023 bhp (4.4 MW) 4 stroke, lean burn Jenbacher J624 GS natural gas-fired engine/generator sets, each equipped with both catalytic oxidation and selective catalytic reduction (SCR), at the proposed electric generating station located in Canton Township, **Bradford County**. The facility will also include one (1) 0.575 MMBtu/hour natural gas-fired natural gas line heater; three (3) storage tanks ranging in size from 2,600 gallons to 6,000 gallons; one (1) desiccant dehydration system; various fugitive emissions.

The Department of Environmental Protection's (Department) review of the information submitted by Beaver Dam Energy, LLC indicates that the air contamination sources to be constructed will comply with all regulatory requirements, including monitoring, recordkeeping, and

reporting requirements, and pertaining to air contamination sources and the emission of air contaminants including the National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, 40 CFR Sections 63.6580 through 63.6675, the Standards of Performance for Stationary Spark Ignition Internal Combustion Engines, 40 CFR Sections 60.4230 through 60.4248, the Mandatory Greenhouse Gas Reporting Rule, 40 CFR Part 98, 25 Pa. Code Chapter 123 and the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed construction.

The emissions from each proposed engine included in this project will not exceed the following limits: 0.06 g/bhp-hr and 3.49 TPY NO_x, 0.119 g/bhp-hr and 6.92 TPY CO, 0.076 g/bhp-hr and 4.42 TPY VOCs, 0.000588 lbs/MMBtu and 0.083 TPY SO_x, 0.024 g/bhp-hr and 1.40 TPY PM₁₀/PM_{2.5}, 0.025 g/bhp-hr and 1.49 TPY formaldehyde, 10 ppmvd at 15% O₂ ammonia; no visible emissions equal to or greater than 10% for a period or periods aggregating more than three minutes in any 1 hour and equal to or greater than 30% at any time.

In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements: Establish a 95% operational capacity factor not to exceed 41,610 hours per 12 consecutive month period for all five engines combined; Performance testing requirement for all engines to verify compliance with the emissions limitations; Establish a facility-wide leak detection and repair (LDAR) program to account for fugitive emissions; Restrict the engines to natural gas firing only; In addition to performance testing, establish follow-up portable analyzer testing for NO_x and CO for all engines every 2,500 hours of operation.

The facility is a State Only facility. If the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specifications of the application for Plan Approval 08-00048A, the applicant will subsequently apply for a State Only Operating Permit in accordance with 25 Pa. Code Subchapter F.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

46-00122: Blue Bell Investment Company, LP (801 Lakeview Drive, Blue Bell, PA 19424) for operation of boilers and emergency generators at the office complex in Whitpain Township, **Montgomery County**. The renewal permit is for a non-Title V (State Only) facility. The facility elects to cap Nitrogen Oxide (NO_x) emissions less than major thresholds; therefore the facility is categorized as a Synthetic Minor. The requirements of 40 CFR Part 60 Subpart IIII—Standards of Performance for Stationary Compression Ignition Internal Combustion Engines apply to new diesel fired engines on site. The requirements of 40 CFR Part 60 Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Combustion Engines apply to new natural gas fired engines on site. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

36-03051: McNeil Consumer Pharm. Co.—Lancaster (1838 Colonial Village Lane, Lancaster, PA 17601-6700) to issue a state-only operating permit for their pharmaceutical manufacturing operation at their facility in East Lampeter Township, **Lancaster County**.

The facility's actual emissions are expected to be around 0.199 tpy of PM, 1.914 tpy of CO, 2.279 tpy of NO_x, 2.168 tpy of VOCs, and 0.428 tpy of HAPs. Emission limits, throughput limitations and work practice standards along with testing, monitoring, record keeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 25 Pa. Code Chapters 121—145 and/or applicable portions of 40 CFR. The boilers are subject to 40 CFR Part 60, Subpart Dc—Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units. The fire pump engine is subject to 40 CFR Part 60, Subpart IIII—Standards of Performance for Stationary Compression Ignition Internal Combustion Engines.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110. Appointments for scheduling a review must be made by calling 717-705-4702, and referencing the county in which the facility is located.

67-03143: The ESAB Group, Inc. (801 Wilson Avenue, Hanover, PA 17331) to issue a state-only operating permit for their flux mixing and parts washer facility in Hanover Borough, **York County**.

The primary emission from the facility is particulate matter and the potential emission from the facility is less than 10 tpy. Emission limits, throughput limitations and work practice standards along with testing, monitoring, record keeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 25 Pa. Code Chapters 121—145 and/or applicable portions of 40 CFR. The emergency generator is subject to 40 CFR 60 Subpart JJJJ- Standards of Performance for Stationary Spark Ignition Internal Combustion Engines.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110. Appointments for scheduling a review must be made by calling 717-705-4702, and referencing the county in which the facility is located.

32-00380: Tipple Four J, Inc. (P.O. Box 435, Seward, PA 15954) for an initial facility-wide Natural Minor Operating Permit for the operation of a coal preparation plant, known as the Shelocta Yard, in Armstrong Township, **Indiana County**. The facility contains air contamination sources consisting of coal stockpiles, conveyers, one hammermill crusher, screens, loadout, and roadways. Air pollution prevention equipment at the Facility includes enclosures, a water truck, and tarping of truck loads. Coal throughput is limited to a maximum of 200,000 tons per year. Facility emissions are 6.4 tons of NO_x, 1.6 tons of PM₁₀, and 1.4 tons of CO per year. The facility is limited to a maximum opacity from any processing equipment of 20 percent. The facility is subject to 40 CFR 60, Subpart Y, 40 CFR 63, Subpart III, and 25 Pa. Code Chapters 121—145. The permit includes emission limitations, and operational, monitoring, testing, reporting and recordkeeping requirements for the facility.

32-00183: Millcreek Processing (110 Cedar Lane, McMurray, PA 15317) for an initial facility-wide Natural Minor Operating Permit for the operation of a coal preparation plant, known as the Challenger Coal Yard, located in East Wheatfield Township, **Indiana County**. The facility contains air contamination sources consisting of coal stockpiles, conveyers, hopper/bin, crusher, radial stacker, coal loadout, and roadways. Air pollution prevention equipment at the Facility includes enclosures, water truck, tarping of truck loads, and periodic chipping and maintenance as of roadways. ROM coal throughput is limited to a maximum of 750,000 tons per year. Facility emissions are 9.1 tons per year of PM₁₀. The facility is limited to a maximum opacity from any processing equipment of 20 percent. The facility is subject to 25 Pa. Code Chapters 121—145. The permit includes emission limitations, and operational, monitoring, testing, reporting and recordkeeping requirements for the facility.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

17080109 and NPDES No. PA0256838. Corey L. Shawver DBA Hilltop Coal Company (12 Dutchtown Road, Houtzdale, PA 16651). Permit revision of an existing bituminous surface mine for an insignificant permit boundary correction to add 3.7 acres located in Bigler Township, **Clearfield County** affecting 164.9 acres. Receiving streams: Japling Run and an Unnamed Tributary to Muddy Run classified for the following use(s): Cold Water Fishes. There are no potable water supply intakes within 10 miles downstream. Application received: August 12, 2014.

17900143 and NPDES PA0206458. AMFIRE Mining Company, LLC (One Energy Place, Latrobe, PA 15650). Permit renewal of an existing bituminous surface mine located in Penn and Brady Townships, **Clearfield County** affecting 342.5 acres. Receiving stream(s): Irish Run and an Unnamed Tributary to Irish Run classified for the following use(s): Cold Water Fishes. There are no potable water supply intakes within 10 miles downstream. Application received: August 14, 2014.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

Permit No. 49870201R5. Susquehanna Coal Company, (PO Box 27, Nanticoke, PA 18634), renewal of an existing anthracite coal refuse reprocessing operation in Mt. Carmel Township, **Northumberland County** affecting 206.0 acres, receiving stream: North Branch Shamokin Creek, classified for the following uses: cold water and migratory fishes. Application received: July 30, 2014.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

<i>Parameter</i>	<i>Table 2</i>		
	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

Permit No. 58070829. Diaz Stone & Pallet, Inc., (7686 SR 167, Kingsley, PA 18826), Stage I & II release of a quarry operation in Brooklyn Township, **Susquehanna County** affecting 1.0 acre on property owned by Adam Diaz. Application received: July 28, 2014.

Permit No. 6576SM1A2C9 and NPDES Permit No. PA0119229. Eureka Stone Quarry, Inc., (PO Box 249, Chalfont, PA 18914), renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Hamilton Township, **Monroe County** affecting 226.7 acres, receiving streams: McMichael Creek and T434 to Pocono Creek, classified for the following uses: HQ—cold water fishes and migratory fishes. Application received: August 4, 2014.

Permit No. 7973SM6A1C10 and NPDES Permit No. PA0120979. Eureka Stone Quarry, Inc., (PO Box 249, Chalfont, PA 18914), renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Wrightstown Township, **Bucks County** affecting 35.68 acres, receiving stream: Mill Creek, classified for the following uses: warm water and migratory fishes. Application received: August 4, 2014.

Permit No. 6475SM10C3 and NPDES Permit No. PA0224391. Pennsy Supply, Inc., (1001 Paxton Street, Harrisburg, PA 17105), renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in Jenkins Township, **Luzerne County** affecting 181.4 acres, receiving stream: Lampblack Creek, classified for the following use: cold water fishes. Application received: August 6, 2014.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87-90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapters 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*			
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

NPDES No. PA0248886 (Mining Permit No. 4072SM11), Penn Coal Land, Inc., P.O. Box 68 Boswell, PA 15531, renewal of an NPDES permit for treatment of a post mining discharge in Summit Township, **Somerset County**, affecting 167.8 acres. Receiving stream: unnamed tributary to Miller Run, classified for the following use: cold water fishery. This receiving stream is included in the Casselman River TMDL. Application received: August 20, 2010.

The outfall listed below discharges to an unnamed tributary to Miller Run:

<i>Outfall No.</i>	<i>New Outfall (Y/N)</i>
001	N

The proposed effluent limits for the above listed outfall(s) are as follows:

<i>Outfall: 001 (All Weather Conditions)</i>	<i>30-Day</i>	<i>Daily</i>	<i>Instant.</i>
<i>Parameter</i>	<i>Average</i>	<i>Maximum</i>	<i>Maximum</i>
Iron (mg/l)	2.0	4.0	5.0

NPDES No. PA0607878 (Mining Permit No. 39A77SM4), Bentley Development Company, Inc., P.O. Box 338 Blairsville, PA 15717, revision of an NPDES permit to include a pH variance for a post mining treatment outfall in West Wheatfield Township, **Indiana County**, affecting 197 acres. Receiving stream: unnamed tributary to Conemaugh River, classified for the following use: cold water fishery. This receiving stream is included in the Kiski-Conemaugh River TMDL. Application received: May 23, 2014.

The outfall listed below discharge to an unnamed tributary to Conemaugh River

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
001	N

The proposed interim effluent limits for the above listed outfall will be effective until May 22, 2015:

<i>Outfall: 001 (All Weather Conditions)</i> <i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	3.0	6.0	7.0
Manganese (mg/l)	2.0	4.0	5.0

Total Suspended Solids (mg/l)	35.0	70.0	90.0
pH (S.U.): Must be between 6.0 and 10.5 standard units at all times			
Alkalinity must exceed acidity at all times			

The proposed final effluent limits for the above listed outfall will be effective after May 22, 2015:

<i>Outfall: 001 (All Weather Conditions)</i> <i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	1.5	3.0	3.7
Manganese (mg/l)	1.0	2.0	2.5
Aluminum (mg/l)	0.75	1.5	1.8
Total Suspended Solids (mg/l)	35.0	70.0	90.0
pH (S.U.): Must be between 6.0 and 10.5 standard units at all times			
Alkalinity must exceed acidity at all times			

The draft permit also includes the following compliance schedule.

Compliance Schedule

1 The Department has determined that the water quality based effluent limitations (WQBEL) identified in Section A for outfall 001 are necessary to fulfill the present requirements of the Kiski-Conemaugh TMDL.

2 Whereas the final WQBEL set out in Section A for outfall 001 are significantly more stringent than past effluent limits for those outfalls, and whereas the final effluent limits assigned in Section A cannot be met without modifications to the existing treatment facilities, the permittee shall comply with the interim effluent limits set forth in Section A during the compliance period and shall comply with the following paragraphs. The permittee shall:

a. Within the first six months following permit issuance, conduct an evaluation of the existing treatment facilities for Outfall 001 and determine what modifications are required to meet the effluent limitations set out in Section A. By the end of six months following permit reissuance, the permittee shall submit a report to the Department evaluating the treatment options and identifying the facility modifications required to meet the WQBEL set in Section A.

b. As part of the report described in paragraph (a), the permittee shall also submit a Treatment Plan to the Department for approval including specifications of the facility modifications, proposed schedule for construction, and demonstration that construction will be performed as soon as possible. In addition, the permittee shall submit complete applications for all permits or permit amendments necessary to install and operate the modifications to the Department for review. Following approval of the Treatment Plan and issuance of all necessary permits for the facility modifications, construction of the revised treatment systems shall commence no later than one year after reissuance of this NPDES permit. Construction and start-up of the facility modifications shall be completed, and attainment of the WQBEL set in Section A for Outfall 001 shall be achieved, by no later than eighteen months after reissuance (renewal) of this NPDES permit.

3 The permittee shall implement the treatment facility modifications necessary to achieve the WQBEL of Section A according to the following compliance schedule:

- | | | |
|----|---|---|
| a. | Submit a report describing its evaluation of treatment facility modification which will assure compliance with the effluent limitations assigned in Section A. | As soon as possible, but no later than within six months of permit reissuance. |
| b. | Submit a treatment plan and complete applications for all permits necessary for the treatment equipment to the Department for approval. | As soon as possible, but no later than within six months of permit reissuance |
| c. | Commence construction of system modifications required to meet the WQBELS in Part A. | As soon as possible, but no later than within one year of permit reissuance. |
| d. | Complete treatment plant modifications /additions. Compliance with final limits. | As soon as possible, but no later than within 18 months of permit reissuance. |
| e. | Submit progress reports. Reports shall include updates, attainment, or any progress made toward milestones, summary of results of any supplemental sampling and a discussion of compliance or non-compliance with interim and final requirements. | Every 6 months after permit reissuance until completion of the compliance period. |

4 a. Pursuant to 40 CFR § 122.62, the permittee may make request to the Department for approval of a modification of the time period for completing step (d) of the compliance schedule in the table above (completion of construction and start-up of the treatment facility modifications within eighteen months of NPDES permit reissuance). The permittee's request for approval of a modification must demonstrate that the respective compliance schedule step cannot be completed within the prescribed time period. The permittee shall also provide an alternative time frame for completion of construction and start-up of the treatment technology; the alternative must be based on completing construction as soon as possible. The permittee's economic inability to comply with any of the obligations of this Compliance Schedule shall not be grounds for any extension of time.

b. The permittee shall submit a request for modification of the compliance schedule pursuant to this paragraph in writing to the Department within 10 working days of the date the permittee becomes aware or reasonably should have become aware of the event impeding performance. The written submission shall include all necessary documentation specifying the reasons for the delay, the expected duration of the delay, and the efforts which have been made and are being made by the permittee to mitigate the effects of the event and to minimize the length of the delay. The initial written submission may be supplemented within ten working days of its submission.

The Department will decide whether to grant all or part of the extension requested on the basis of all documentation submitted by the permittee and any other information available to the Department and will notify the permittee if writing of its decision. In any subsequent litigation, Bentley Coal Company shall have the burden of proving that the Department's refusal to grant the requested extension was an abuse of discretion based upon the information then available.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which

the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterways and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401, Telephone 484-250-5900

E15-850. Transcontinental Gas Pipeline Company, LLC, 2800 Post Oak Boulevard, Level 17, Houston, TX 77056, East Whiteland Township, **Chester County**, ACOE Philadelphia District.

To construct, operate, and maintain a piping valve modification to an existing compressor station number

200 facility, impacting 0.21 acre of wetland for the purpose of allowing bi-directional flow along Transco's main line system.

The site is located approximately 0.6 mile from the intersection N. Bacton Hill Road and PA SR. 401 (Malvern, PA USGS Quadrangle; Lat: 40.0496, Long: -75.5786).

E09-989. Plumstead Township, 5186 Stump Road, Plumsteadville, PA 18949, Plumstead Township, **Bucks County**, ACOE Philadelphia District.

To modify, construct and maintain miscellaneous activities at Owl's Nest Park within the floodplain of the North Branch Neshaminy Creek (WWF). The activities includes educational trail, improvement to parking area, repairs to non-jurisdictional pond/dam, a pedestrian bridge, and installation of an outdoor classroom etc.

The site is located approximately 500 feet southeast of the intersection of Curley Hill Road and Silo Hill Road (Latitude: 40.3619; Longitude: -75.1478).

Northeast Region: Waterways and Wetlands Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915, Telephone 570-826-2511.

E39-531. Waterfront Redevelopment Partners, LP, 1665 Valley Center Parkway, Suite 110, Bethlehem, PA 18017, in City of Allentown, **Lehigh County**, U.S. Army Corps of Engineers, Philadelphia District.

To construct and maintain the following water obstructions and encroachments associated with the project:

1. Four outfall structures to Lehigh River (WWF, MF). The four outfalls consist of a 48-inch, a 42-inch and two 36-inch diameter HDPE pipes with concrete headwalls and riprap aprons.

2. Two floating docks (118-feet wide by 36-feet long and 90-feet wide by 39-feet long, respectively) anchored by fixed piles and associated pedestrian walkways projecting into Lehigh River (WWF, MF) for the purpose of public recreational use.

3. One floating fountain (6-feet wide by 12-feet long) anchored by fixed piles and an associated trash diverter and 30-foot by 1-foot electrical feed projecting into Lehigh River (WWF, MF).

(Allentown East, PA Quadrangle, Latitude: 40.619360 N; Longitude: -75.459165 W).

STORAGE TANKS

SITE-SPECIFIC INSTALLATION PERMITS

The following Storage Tank Site-Specific Installation Permit application has been received by the Department of Environmental Protection (Department) and is currently under review. Persons wishing to comment on the proposed permit are invited to submit a statement to the Bureau of Environmental Cleanup and Brownfields, Division of Storage Tanks, PO Box 8762, Harrisburg, PA 17105-8762, within 30 days from the date of this publication. Comments may also be submitted via email to tanks@pa.gov. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of the comment and the relevant facts upon which it is based.

The following applications have been received for Storage Tank Site-Specific Installation Permits under the authority of the Storage Tank Spill Prevention Act (35 P. S. §§ 6021.304, 504, 6021.1101—6021.1102) and under 25 Pa. Code Chapter 245, Subchapter C.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Tulpehocken Township	PO Box 272, Rehrersburg, PA 19550	Berks County

Plan Description: Approval of a revision to the official plan of Tulpehocken Township, Berks County. The project is known as the Raymond Bradshaw Property. The plan provides for a proposed small flow treatment facility (SFTF) to replace a malfunctioning on-lot system that currently serves a residential home which generates 500 gallons of sewage per day. The SFTF will discharge to an unnamed tributary of Little Swatara Creek. The property is located at 61 Rehrersburg Rd., Tulpehocken Twp., Berks County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-06971-177-3S and the APS Id is 846617. Any permits must be obtained in the name of the PROPERTY OWNER.

SEWAGE FACILITIES ACT PLAN DISAPPROVAL

Plan Description: The Request for Planning Exemption for John W. Grosser II, DEP Code No. A3-22918-153-2E, APS Id 850045, consisting of subdivision of 2 existing single family dwellings using on-lot sewage disposal systems, is disapproved. The submission does not qualify as an exemption from the requirement to revise the Official Plan because the proposal is not for new land development as per Chapter 71, Section 71.51(b).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final

report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to

be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

09-00081: Lawrence Schiff Silk Mills, Inc.—Thermco Products Co. (1409 West Broad St., Quakertown, PA 18951) on August 13, 2014, for a non-Title V, State Only, Natural Minor operating permit in Quakertown Borough, **Bucks County**. The permit is for the operation of a 300-horsepower, 10.0 MMBtu/hr, natural gas-fired boiler, and a 350-horsepower, 11.7 MMBTU/hr, natural gas-fired boiler. This action is a renewal of the State Only Operating Permit and for a Change of Ownership (COO). The initial permit was issued on 7-28-2004 and was renewed on 7-30-2009. The facility's potential to emit criteria pollutants is less than major thresholds; therefore the facility is a Natural Minor. The permit will include monitoring, recordkeeping, reporting, and work practice standards designed to keep the facility operating within all applicable air quality requirements.

10-00287: Minteq International, Inc. (395 Grove City Road, Slippery Rock, PA 16057) on August 12, 2014, for

renewal of a Synthetic Minor Permit to operate manufacturing equipment for non-clay refractories in Slippery Rock Township, **Butler County**. The updated emitting sources are, 1) Line Mixers 1 to 4, 2) Batching mixer, 3) Nine Dryers, 4) Three Kilns, 5) Mold Shop, 6) Line Mixer #5, 7) Line Mixer 7 (Fleming) and, 8) Patch Mixer. The facility has previously taken a restriction on VOC emissions from the facility as part of the RACT Operating Permit. The VOC emissions shall not exceed 49 tons per year. Thus, the facility is a Synthetic Minor. The potential emissions from the facility as stated in the renewal permit application are NO_x: 1.0 Tons per year, PM: 19.0 TPY, PM₋₁₀: 19.0 TPY, PM_{2.5}: 19 TPY, SO₂: 0.3 TPY, VOC: 41.2 TPY, and, CO: 39.3 TPY.

25-00883: Millcreek Township Erie County (3608 West 26th Street, Erie, PA 16506-2059) on August 12, 2014 issued a Natural Minor Operating Permit renewal to operate a hot mix asphalt plant in Millcreek Township, **Erie County**. The facility's primary emission source is a hot mix asphalt process. The facility also has parts washers. The permit contains the requirements of 40 CFR 60 Subpart I and plan approval 25-883A. The particulate emissions from the source are limited to 0.02 gr/dscf and are controlled by a baghouse. The throughput for the plant is limited to 120 TPH and 294,000 TPY during any 12 consecutive months. The combustion emissions from the natural gas fired burner are less than 10 TPY for each of the criteria pollutants.

Operating Permit Revisions Issued including Administrative Amendments, Minor Modifications or Transfers of Ownership under the Air Pollution Control Act and 25 Pa. Code §§ 127.412, 127.450, 127.462 and 127.464.

Code Section 127.449(i), this Notice is for the following de minimis emission increase at the GenOn Northeast Management Company, Conemaugh Power Plant, located in West Wheatfield Township, **Indiana County**:

Revised project to apply additives to coal prior to combustion for mercury and NO_x emission control. This replaces the de minimis emission increase published on April 19, 2014. Total emissions from this project will not

exceed 0.47 tons of NO_x, 0.57 tons of CO, 0.33 tons of PM₁₀, 0.04 tons of VOC, and 0.001 tons of SO_x per year.

The list of de minimis increases for this facility includes only this revised project.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

E02-1632. Chapman Commerce Center, LLP, 100 Leetsdale Industrial Drive, Leetsdale, PA 15056-1008; Findlay Township, Allegheny County; ACOE Pittsburgh District

Has been given consent to do the following:

1. Place and maintain fill in seven (7), separate wetland areas, which will cumulatively and permanently impact approximately 0.71 acre of wetland (PEM);

2. Breach an existing dam (aka Bald Knob Dam and DEP File No. D02-070) on an unnamed tributary to Potato Garden Run (WWF), which will eliminate an approximately 3.75 acre impoundment area that was historically used by the Aloe Coal Company as a sedimentation pond and as a source of water for a coal preparation plant;

3. Temporarily impact 0.11 acre of wetlands, which are located in the existing impoundment;

4. Construct and maintain a concrete cutoff wall as part of a single throated cross vane at the upstream end of the breach area;

5. Construct and maintain several outfall structures along wetlands; and

6. Enlarge and modify an existing stormwater management pond (aka Pond 3), with a current water surface area of approximately 0.71 acre.

These impacts are associated with the construction of Chapman Westport, a mixed-use commercial development, on an approximately 302 acre site, which is located along the Southern Beltway (S.R. 0576), at the interchange with Westport Road (formerly Bald Knob Road/T-439), within the Potato Garden Run (WWF) and St. Patrick's Run (WWF) watersheds (Clinton, Pa, Quadrangle; Latitude: 40° 26' 59", Longitude: -80° 18' 42"), in Findlay Township, Allegheny County. To compensate for these impacts, approximately 324' of watercourse will be reestablished through the breach area, and approximately 1.55 acres of wetland will be created within the former impoundment area.

E02-1663-A2. Hampton Township, 3101 McCully Road, Allison Park, PA 16648; Hampton Township, Allegheny County; ACOE Pittsburgh District

Has been given consent to amend the existing permit to include 1.47 acres of fill in the floodplain of Gourdhead Run (TSF), a stormwater outfall into Pine Creek (TSF), and 19 linear feet of temporary impact to Pine Creek for the construction of a Park and Ride facility. The existing permit authorizes the Township of Hampton to remove a culvert from the channel and a floodwall along the left bank of Gourdhead Run; to construct and maintain 239 linear feet of a 15-inch diameter sewer line in the channel and along the left bank of Gourdhead Run located at San MH 1777; to construct and maintain a new ConSpan arch culvert 155.0 feet long, having a span of 32.0 feet with an underclearance of 8.0 feet in and across the channel of Gourdhead Run for the purpose of improving highway safety and to provide access to a proposed Park and Ride facility; and to construct and maintain 248.0 feet of bank restoration and riparian plantings upstream of the culvert extension as mitigation. The project is located on Duncan Avenue, approximately 250.0 feet west from the intersection of SR 8 and Duncan Avenue (Glenshaw, PA Quadrangle; N: 10.75"; W: 11.75"; Latitude: 40° 33' 35"; Longitude: -79° 57' 37") in Hampton Township, Allegheny County.

E02-1693. Jatyson, LLC, 825 East McMurray Road, Venetia, PA 15367-1029; Upper St. Clair Township, Allegheny County; ACOE Pittsburgh District.

Has been given consent to remove two existing buildings, one of which lies within the floodway, and to place and maintain 472 LF of floodway fill, and to construct, operate and maintain three new stormwater outfall structures in the floodway of Painters Run (WWF); in association with the construction of a new, one-story, 11,000 square foot building, located at 631 Painters Run Road,

which will not be constructed within the floodway, (USGS Bridgeville, PA Quadrangle; N: 20.33 inches; W: 9.36 inches; Latitude: 40° 21' 43"; Longitude: -80° 4' 2"), in Upper St. Clair Township, Allegheny County.

District Oil and Gas Operations: Eastern Oil & Gas District, 208 West Third Street, Suite 101, Williamsport, PA 17701

E5829-076. Apolacon Township; Talisman Energy USA, Inc.; 337 Daniel Zenker Drive, Horseheads, NY 14845; Apolacon Township, **Susquehanna County**, ACOE Baltimore District.

To construct, operate, and maintain:

1. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 170 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 58" N; -76° 06' 55" W),

2. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 1,601 square feet (0.04 acre) of a palustrine forested wetland (PFO) (Friendsville, PA Quadrangle: 41° 56' 58" N; -76° 06' 49" W),

3. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 71 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 58" N; -76° 06' 49" W),

4. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 494 square feet (0.01 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 58" N; -76° 06' 45" W),

5. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 3,686 square feet (0.08 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 58" N; -76° 06' 42" W),

6. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 96 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 57" N; -76° 06' 41" W),

7. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 72 square feet (0.01 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 53" N; -76° 06' 41" W),

8. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 146 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 33" N; -76° 06' 23" W),

9. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 314 square feet (0.01 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 33" N; -76° 06' 22" W),

10. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 73 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 33" N; -76° 06' 19" W),

11. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge

crossing impacting 6,511 square feet (0.15 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 40" N; -76° 06' 03" W),

12. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 105 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 40" N; -76° 06' 03" W),

13. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 75 square feet (0.01 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 39" N; -76° 06' 03" W),

14. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 5,240 square feet (0.12 acre) of a palustrine forested wetland (PFO) (Friendsville, PA Quadrangle: 41° 56' 42" N; -76° 06' 02" W),

15. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber bridge crossing impacting 73 lineal feet of an unnamed tributary to Apalachin Creek (CWF, MF) (Friendsville, PA Quadrangle: 41° 56' 42" N; -76° 06' 02" W),

16. One 12 inch diameter steel natural gas pipeline, one 6 inch diameter waterline, and a timber mat bridge crossing impacting 1,733 square feet (0.04 acre) of a palustrine emergent wetland (PEM) (Friendsville, PA Quadrangle: 41° 56' 42" N; -76° 06' 02" W),

The project consists of constructing approximately 13,000 ft (2.46 miles) of 12" steel natural gas gathering line and a 6" waterline connecting well sites located in Apolacon Township, Susquehanna County, to the Repine to Ostrander Gathering Line. The project will result in 734 lineal feet of temporary stream impacts, 12,885 square feet (0.30 acre) of temporary wetland impacts and 6,841 square feet (0.16 acre) of wetland conversion impacts; all for the purpose of conveyance of Marcellus Shale natural gas to market.

E5829-075: Lenox Township, PVR NEPA Gas Gathering, LLC; 101 West Third Street, Williamsport, PA 17701; Lenox Township, **Susquehanna County**; ACOE Baltimore District.

To construct, operate, and maintain:

1) an 8 inch diameter natural gas pipeline and temporary timber bridge crossing impacting 85 lineal feet of unnamed tributary to Willow Brook (CWF, MF) (Hop Bottom, PA Quadrangle, N 41° 41' 18", W -75° 45' 16"),

2) an 8 inch diameter natural gas pipeline and temporary timber bridge crossing impacting 80 lineal feet of unnamed tributary to Willow Brook (CWF, MF) (Hop Bottom, PA Quadrangle, N 41° 41' 16", W -75° 45' 21"),

3) an 8 inch diameter natural gas pipeline and temporary timber bridge crossing impacting 76 lineal feet of unnamed tributary to Willow Brook (CWF, MF) (Hop Bottom, PA Quadrangle, N 41° 40' 55", W -75° 45' 12"),

4) an 8 inch diameter natural gas pipeline and temporary timber mat crossing impacting 613 square feet (0.01 acre) of PEM wetlands (Susquehanna, PA Quadrangle, N 41° 40' 45", W -75° 44' 57"),

5) an 8 inch diameter natural gas pipeline and temporary timber bridge crossing impacting 52 lineal feet of unnamed tributary to Willow Brook (CWF, MF) (Hop Bottom, PA Quadrangle, N 41° 40' 45", W -75° 44' 58"),

6) an 8 inch diameter natural gas pipeline and temporary timber mat crossing impacting 91 square feet (0.01 acre) of PEM wetlands (Susquehanna, PA Quadrangle, N 41° 40' 45", W -75° 44' 58"),

7) an 8 inch diameter natural gas pipeline and temporary timber bridge crossing impacting 65 lineal feet of Willow Brook (CWF, MF) (Hop Bottom, PA Quadrangle, N 41° 40' 02", W -75° 45' 06"),

8) an 8 inch diameter natural gas pipeline and temporary timber bridge crossing impacting 60 lineal feet of unnamed tributary to Willow Brook (CWF, MF) (Hop Bottom, PA Quadrangle, N 41° 40' 00", W -75° 45' 07"),

9) an 8 inch diameter natural gas pipeline and temporary timber mat crossing impacting 17,886 square feet (0.41 acre) of PEM wetlands (Susquehanna, PA Quadrangle, N 41° 39' 59", W -75° 45' 08"),

10) an 8 inch diameter natural gas pipeline and temporary timber mat crossing impacting 1,604 square feet (0.04 acre) of PSS wetlands (Susquehanna, PA Quadrangle, N 41° 39' 58", W -75° 45' 08").

The Spencer Well Connect Pipeline consists of approximately 14,085 feet (2.67 miles) of 8" steel natural gas gathering line located in Lenox Township, Susquehanna County. The project will result in 418 lineal feet of temporary stream impacts, 18,590 square feet (0.43 acre) of temporary wetland, and 1,604 square feet (0.04 acre) of permanent wetland impacts all for the purpose of development and conveyance of Marcellus Shale natural gas.

E0829-096: Talisman Energy USA, Inc., 337 Zenker Drive, Horseheads, NY 14845, Warren Township, **Bradford County**, ACOE Baltimore District.

To construct, operate and maintain:

1. a 20 and 16 inch diameter natural gas line, a 6 inch waterline and a temporary timber mat bridge impacting 73 lineal feet of an unnamed tributary to Wappasening Creek (CWF, MF) and impacting 5,758 square feet of an adjacent Palustrine Emergent Wetland (Little Meadows, PA Quadrangle, Latitude: 41°56'09", Longitude: -76°09'35");

2. a 20 and 16 inch diameter natural gas line and a 6 inch waterline impacting 3,542 square feet of a Palustrine Emergent Wetland (Little Meadows, PA Quadrangle, Latitude: 41°56'16", Longitude: -76°09'08");

3. a 20 and 16 inch diameter natural gas line, a 6 inch waterline and a temporary timber mat bridge impacting 74 lineal feet of an unnamed tributary to Wappasening Creek (CWF, MF) and impacting 4,828 square feet of an adjacent Palustrine Emergent and Palustrine Scrub-Shrub Wetland (Little Meadows, PA Quadrangle, Latitude: 41°56'16", Longitude: -76°09'03");

4. a 20 and 16 inch diameter natural gas line, a 6 inch waterline and a temporary timber mat bridge impacting 12,555 square feet of a Palustrine Emergent and Palustrine Scrub-Shrub Wetland (Little Meadows, PA Quadrangle, Latitude: 41°56'15", Longitude: -76°09'00");

5. a 20 and 16 inch diameter natural gas line, a 6 inch waterline and a temporary timber mat bridge impacting 900 square feet of a Palustrine Emergent Wetland (Little Meadows, PA Quadrangle, Latitude: 41°56'13", Longitude: -76°08'55");

The project will result in 147 lineal feet or 1,434 square feet of temporary stream impacts and impacts 21,289

square feet (0.49 acre) of temporary PEM and 6,294 square feet (0.14 acre) of PSS wetland impacts all for the purpose of installing a natural gas pipeline with associated access roadways for Marcellus shale development in Warren Township, Bradford County.

EA61-050, Fluid Recovery Services, LLC, 14 Coins Drive, Canonsburg PA 15317. FRS-Franklin Remediation, in Cranberry Township, **Venango County**, ACOE Pittsburgh District (Kennerdell, PA Quadrangle N: 41°, 22', 14.1"; W: 79°, 47', 45").

To remediate radium-contaminated substrate in the Allegheny River associated with the FRS-Franklin Facility outfall. Project will consist of the excavation of approximately 100 linear feet of substrate to a distance of 30 feet from the shore and to a depth of 12 inches. Excavated material will be disposed of at an appropriate landfill. Additionally, the rip-rap around the outfall pipe will be removed and either cleaned and reused or disposed of and replaced depending on the results of on-site testing. In order to excavate the impacted material, a temporary coffer dam will be constructed around the work area. An existing access road will be utilized to access the river.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Project Description: The Pennsylvania Infrastructure Investment Authority, which administers the Commonwealth's State Revolving Fund, is intended to be the funding source for this project, known as the Hazleton City Authority (HCA) 2015 Tank & Pump Station Project. HCA proposes to repaint/rehabilitate their existing Council Crest Tank, McKinley Tank, and Hudsondale Raw Water Pumping Station. The Department's review of the project and the information received for the project has not identified any significant, adverse environmental impact resulting from this proposal. The Department hereby approves a Categorical Exclusion for the project.

Project Description: The Pennsylvania Infrastructure Investment Authority, which administers the Commonwealth's State Revolving Fund, is intended to be the funding source for this project. SLHWA is proposing to replace the existing Sunset Pine storage tank with a new 54,000 gallon aboveground bolted steel storage tank, replacement of Sunset Pine booster station pumps, replacement of Irwin Street booster pump station and replacement of approximately 6,500 linear feet of water main with larger DI pipe through Mill Hall and along Nittany Valley Drive to increase capacity to Mill Hall, Salona and Lamar industrial park. The tank and pump station are at the end of their useful life and need to be upgraded to handle future demand. The Department's review of the project and the information received in the Environmental Report for the project has not identified any significant, adverse environmental impacts resulting from this proposal. The Department hereby approves the Environmental Assessment.

Categorical Exclusion

Southcentral Regional Office, Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200

Location: Ridgewood Manor Mobile Home Park—98 Breneman Road, Manheim, PA 17545-9643

Description: The Pennsylvania Infrastructure Investment Authority, which administers the Commonwealth's State Revolving Fund, is intended to be the funding source for this project. Ridgewood Manor Mobile Home Park proposes an upgrade to their wastewater treatment plant. The existing WWTP has deteriorated since its construction in 1971 and is in need of repair. There is also a lack of storage capacity for the sprayfield application requirements. The equipment and tank at the WWTP will be replaced, and a sprayfield and impoundment will be constructed within the existing sprayfield area. The Department's review of the project concluded that the project is eligible to be categorically excluded from the environmental review process, and a subsequent public review confirmed that there are no exceptional circumstances that warrant an Environmental Assessment.

Pennsylvania Natural Gas Energy Development Program Funding Opportunity

On behalf of Governor Tom Corbett, Secretary E. Christopher Abruzzo announces that on August 30, 2014, the Department of Environmental Protection (Depart-

ment) will offer competitive grants for the incremental cost share for the purchase of vehicles over 14,000 pounds that operate using compressed natural gas and liquefied natural gas.

The 2014 Pennsylvania Natural Gas Energy Development Program (Program) grants will be made from amounts deposited in the Marcellus Legacy Fund. Approximately \$6 million will be available for this solicitation. The purpose of this Program is to provide funding to support the purchase or retrofit of natural gas vehicles that utilize new or existing natural gas fueling stations within this Commonwealth.

Each project must request funding for five or more eligible vehicles. The vehicles utilizing incremental purchase or retrofit cost funding must be registered in this Commonwealth. Each grant will cover no more than 50% of the incremental purchase or retrofit cost of eligible vehicles. Grants will not provide more than \$25,000 for each eligible vehicle. Eligible vehicles include purchased or retrofitted new and used vehicles. Grantees may not receive incremental costs for a vehicle purchased or retrofitted prior to December 1, 2014. Grant funds awarded under this Program may not be used in place of available Federal funds. Projects must be completed within the grant period of performance which will be 18 months from December 1, 2014.

The following entities are eligible to apply for grants under this solicitation: Commonwealth authorities; municipal authorities; the Pennsylvania Turnpike Commission; incorporated nonprofit entities; State-owned or State-related universities; for-profit companies; and local transportation organizations.

For guidelines and assistance see the Natural Gas Vehicle web page at www.dep.state.pa.us (click "Energy," then "Office of Pollution Prevention & Energy Assistance," then "Grants/Loans/Tax Credits" and "Natural Gas Vehicle Program"). Applications must be submitted through the eGrants system at www.grants.dcnr.state.pa.us. Applications will be accepted beginning August 30, 2014, through 4 p.m. on November 14, 2014.

Chronic Renal Disease Program Income Criteria

The Department of Health (Department) provides notice of intent to implement the following income criteria for the Chronic Renal Disease Program (Program), effective October 1, 2014.

Income

New Program applicants must have an annual income of 0% to 300% of the Federal Poverty Income Guidelines (FPIG) as published by the United States Department of Health and Human Services (HHS) in the *Federal Register* and any revisions thereto (to the extent services are not covered by Medical Assistance). Current enrollees must meet the same eligibility criteria at the time of renewal as new applicants. A Patient Share of Cost will be applied on a sliding scale to applicants with an annual income of 185% to 300% of the FPIG as published by the HHS in the *Federal Register* and any revisions thereto. Applicants must submit their Federal 1040 tax return from the prior calendar year to verify annual income. If no Federal 1040 tax return was filed, other supporting documentation of annual income is required.

Questions regarding this notice should be directed to Carolyn S. Cass, Director, Bureau of Family Health, Division of Child and Adult Health Services, 7th Floor East Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120, (717) 772-2762, or for a speech and/or hearing impaired persons call V/TT (717) 783-6514, or the Pennsylvania AT&T Relay Service (800) 654-5984. Persons with a disability who require an alternative format of this document (for example, large print, audio tape or Braille) should contact Carolyn S. Cass to make the necessary arrangements.

New Division of Acute and Ambulatory Care Exception Request Submission Procedure

Effective October 1, 2014, the Division of Acute and Ambulatory Care (DAAC) is converting to a more user-friendly and uniform Exception Request process. In the past, DAAC has accepted Exception Requests submitted by mail, e-mail and fax and multiple submissions of a single request. The process outlined as follows is intended to facilitate the documentation, submission and review of requests for exceptions.

DAAC Exception Requests must be submitted electronically to ra-paexcept@pa.gov, which has been created to receive only Exception Requests.

The DAAC Exception Request form is available on the Department of Health (Department) web site. The person appointed by the governing body to be in charge of the facility must sign the form. Electronic signatures are acceptable.

The instructions as follows provide all the information for proper electronic submission of the completed, signed form and the additional supporting information required for a DAAC Exception Request.

1. Enter "DAAC Exception Request" in the subject line of the e-mail.

2. Submit the completed, signed request form and all information required for the complete Exception Requests as attachments to the e-mail. The text or body of the e-mail is not considered part of the request. The completed request form and all supporting information must be attached as one document in PDF format.

3. The size of a single submission, including all attachments, must not exceed 10 megabytes (MB), which equals approximately 90 single pages.

4. Information that relates to a single Exception Request must be combined into one PDF attachment unless the total size of the attachments exceeds 10 MB. If the size of the attachment for an Exception Request exceeds 10 MB, the request for that exception should be submitted as more than one e-mail. See instructions for naming attachments in item 6 as follows.

5. A single e-mail may be used to submit multiple Exception Requests; however, separate PDF attachments should be attached for each request. A completed request form and all supporting information must be attached as one document in PDF format for each request.

6. Name the Exception Request attachments using this naming format (note examples as follows):

1. Facility name.
2. Facility ID/State license number.
3. Month request is sent (MM).
4. Year request is sent (YYYY).

5. "Request" number (this is always the number 1 unless multiple requests are submitted in one e-mail. For multiple requests, continue numbering each request 2, 3, 4 . . .).

6. "Attachment All" (write "Attachment All" if all documentation for a single request is contained in 1 pdf attachment) or "Attachment" number (for multiple attachments relating to the same request, number each attachment 1, 2, 3 . . .).

Examples:

- Any Hospital in Pennsylvania 111101 Jun 2014 Request 1 Attachment All.pdf
- Another Hospital in Pennsylvania 222201 Oct 2014 Request 1 Attachment 1.pdf
- Another Hospital in Pennsylvania 222201 Oct 2014 Request 1 Attachment 2.pdf
- Another Hospital in Pennsylvania 222201 Oct 2014 Request 2 Attachment All.pdf

7. Submit all Exception Request e-mails to ra-paexcept@pa.gov. Allow 2 business days for confirmation that the Exception Request has been received. If no confirmation is returned within that time, call the DAAC central office at (717) 783-8980 regarding the status of the submitted Exception Request.

8. Documents that cannot be scanned and saved as a PDF file (for example blueprints) for e-mailing can be mailed to the Division of Acute and Ambulatory Care Office, 625 Forster Street, Health and Welfare Building, Room 532, Harrisburg, PA 17120-0701.

9. Exception Requests received by the close of business on the last Friday of the month will be reviewed at the next month's Exceptions meeting. Exceptions meetings are held the third Wednesday of each month.

The Department will issue further notification of additional procedural changes required to fully implement this new process.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Ann Chronister, Director, Bureau of Facility Licensure and Certification, Room 528, Health and Welfare Building, 625 Forster Street, Harrisburg, PA

17120-0701, (717) 783-8980, fax (717) 772-2163, speech and/or hearing impaired persons V/TT (717) 783-6514, or the Pennsylvania AT&T Relay Service (800) 654-5984.

9. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Super Hot 6s instant lottery game tickets.

10. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

11. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania Super Hot 6s, prize money from winning Pennsylvania Super Hot 6s instant lottery game tickets will be retained by the

Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Super Hot 6s instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

12. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

13. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Super Hot 6s or through normal communications methods.

10. *Pennsylvania Lottery’s Monster Money Second-Chance Drawings’ Requirements:*

(a) Non-winning PA-1108 Zombie Cash (\$2) and PA-1107 Frankenbucks (\$5) instant lottery tickets (“Qualifying Tickets”) are eligible for entry in the Pennsylvania Lottery’s Monster Money second-chance drawings. Entrants must be members of the Pennsylvania Lottery VIP Players Club to participate in the Pennsylvania Lottery’s Monster Money second-chance drawings. To join the VIP

Players Club, visit <http://www.palottery.com/VIP-Players-Club/login.aspx>. Becoming a VIP Players Club member is free.

(b) To enter the Pennsylvania Lottery’s Monster Money second-chance drawings, entrants must choose to enter either the \$1,000 Monster Money Second-Chance Drawing or the \$50,000 Monster Money Second-Chance Drawing and submit the identifying information from at least one Qualifying Ticket into the entry site for the chosen drawing, accessible exclusively via the Pennsylvania Lottery’s Monster Money promotional website, during the entry period for the drawings. Identifying information

from a Qualifying Ticket may be submitted only for one of the two Pennsylvania Lottery's Monster Money second-chance drawings, and may be submitted only once for the chosen drawing.

(c) The number of entries an entrant will receive for a Pennsylvania Lottery's Monster Money second-chance drawing is determined by the purchase price of the Qualifying Ticket entered. The respective purchase prices and corresponding number of entries for Qualifying Tickets are as follows: PA-1108 Zombie Cash (\$2) = 2 entries; and PA-1107 Frankenbucks (\$5) = 5 entries.

(d) Entries must be submitted via the Pennsylvania Lottery's Monster Money promotional website available at <http://www.palottery.com>. No other method of submission will be accepted, and entries submitted using any other method, including entries mailed or hand-delivered to the Pennsylvania Lottery, are not valid and will be disqualified.

(e) Each entry must be complete and the information supplied by the entrant must be accurate. Incomplete entries cannot be submitted.

(f) Only one claimant per entry allowed.

(g) Entrants must be 18 years of age or older.

(h) Entry is limited to entrants that indicate, at the time of submitting Qualifying Ticket information, that their information is being submitted from an internet connected device located within Pennsylvania.

(i) Players may submit identifying information from an unlimited number of Qualifying Tickets in the Pennsylvania Lottery's Monster Money second-chance drawings.

11. *Pennsylvania Lottery's Monster Money Second-Chance Drawings and Prizes:*

(a) The Lottery will conduct two second-chance drawings: the \$1,000 Monster Money Second-Chance Drawing and the \$50,000 Monster Money Second-Chance Drawing. All time references in this section are Eastern Time.

(b) The entry period for the Pennsylvania Lottery's Monster Money second-chance drawings begins after 11:59:59 p.m. September 14, 2014 and ends at 11:59:59 p.m. October 30, 2014.

(c) The Pennsylvania Lottery's Monster Money second-chance drawings will be held between October 31, 2014 and November 4, 2014.

(d) The first through the hundredth entries selected from the Pennsylvania Lottery's Monster Money second-chance drawings entrants that selected the \$1,000 Monster Money Second-Chance Drawing will be winning entries, and the entrants who submitted the winning entries shall be entitled to a prize of \$1,000.

(e) The first entry selected from the Pennsylvania Lottery's Monster Money second-chance drawings entrants that selected the \$50,000 Monster Money Second-Chance Drawing will be the winning entry, and the entrant who submitted the winning entry shall be entitled to a prize of \$50,000, less required federal income tax withholding. This prize shall be paid as a lump sum cash payment.

(f) The winners of the Pennsylvania Lottery's Monster Money drawings will be posted to the Monster Money promotional website and palottery.com.

12. *Pennsylvania Lottery's Monster Money Second-Chance Drawings Restrictions:*

(a) The odds of an entry being selected in a Pennsylvania Lottery's Monster Money second-chance drawing depends upon the number of entries received for each particular drawing.

(b) To be eligible to participate in a particular Pennsylvania Lottery's Monster Money second-chance drawing, entrants must have complied with the requirements of these rules.

(c) The Lottery is not responsible for late, lost or misdirected entries not entered into the Pennsylvania Lottery's Monster Money second-chance drawings. The Lottery is not responsible for entries that are not entered into the Pennsylvania Lottery's Monster Money second-chance drawings because of incompatible internet browsers or other technical issues. If a Pennsylvania Lottery's Monster Money second-chance drawing entry is selected as a winner and rejected during or following a Pennsylvania Lottery's Monster Money second-chance drawing, the Lottery will select another entry to replace the rejected entry in accordance with these rules and Lottery procedure.

(d) A computer-generated randomizer will be used to select the winning entries.

(e) An entrant may only win the prize for which they are first selected in the \$1,000 Monster Money Second-Chance Drawing. After an entrant has an entry selected as a winner in the \$1,000 Monster Money Second-Chance Drawing, subsequent entries from the same entrant selected in the \$1,000 Monster Money Second-Chance Drawing will be disqualified and a replacement entry will be selected.

(f) If any discrepancy exists between these rules and any material describing the Pennsylvania Lottery's Monster Money second-chance drawings, these rules shall govern.

(g) Employees of the Pennsylvania Lottery, MARC Advertising, Scientific Games International Inc., MDI Entertainment, LLC, and their subcontractors, or a spouse, child, brother, sister or parent residing as a member of the same household in the principal place of residence of any such person are not eligible to participate in the Pennsylvania Lottery's Monster Money second-chance drawings. Offer void where prohibited or restricted.

(h) The Pennsylvania Lottery reserves the right, in its sole discretion, to cancel or suspend one or more of the Pennsylvania Lottery's Monster Money second-chance drawings and change these rules if one or more of the Pennsylvania Lottery's Monster Money second-chance drawings cannot be conducted as planned due to errors in these rules or advertising, unauthorized intervention, tampering, fraud, technical errors, viruses, worms, bugs, or any other cause beyond the control of the Pennsylvania Lottery that, in the Pennsylvania Lottery's sole judgment, could corrupt or impair the administration, security, fairness, integrity, or proper conduct of one or more of the Pennsylvania Lottery's Monster Money second-chance drawings.

(i) All entries shall be subject to verification by the Pennsylvania Lottery.

(j) The Pennsylvania Lottery reserves the right, in its sole discretion, to disqualify an entrant found to be tampering with the operation of the Pennsylvania Lottery's Monster Money second-chance promotion or associated drawings or to be acting in violation of these rules or applicable law.

(k) The Pennsylvania Lottery's Monster Money drawings are governed by the laws of the Commonwealth of Pennsylvania. Applicable laws and regulations apply.

(l) Prizes must be claimed within one year of the drawing date of the drawing in which the prize was won. If no claim is made within one year of the date the prize was won, the right of an entrant to claim the prize won, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided by statute.

(m) Final determination of winners will be made by the Secretary, whose judgment will be final and binding.

(n) The payment of a prize awarded in the Pennsylvania Lottery's Monster Money second-chance drawings to a person who dies before receiving the prize shall be paid according to 61 Pa.Code § 811.16 (relating to prizes payable after death of a prize winner).

(o) A winner is responsible for all taxes arising from or in connection with any prize won.

13. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Zombie Cash instant lottery game tickets.

14. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

15. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania Zombie Cash, prize money from winning Pennsylvania Zombie Cash instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Zombie Cash instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

16. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

17. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets

from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Zombie Cash or through normal communications methods.

Public Utility Realty Tax Act (PURTA); Surcharge Rate Notice for the Tax Year Beginning January 1, 2015

72 P.S. § 8111-A(d) requires the Secretary of Revenue to publish the rate of the Public Utility Realty Tax Act (PURTA) surcharge in the form of a notice in the *Pennsylvania Bulletin* by October 1, 2003, and by each October 1 thereafter. The tax rate established in 72 P.S. § 8111-A(d) shall be imposed upon gross receipts taxes as provided in 72 P.S. § 8111-A(d) for the period beginning the next January 1.

The result of the PURTA surcharge calculation provided in 72 P.S. § 8111-A for the tax year beginning January 1, 2015, is zero mills. Therefore, no PURTA surcharge pursuant to 72 P.S. § 8111-A(d) will be imposed for the taxable period beginning January 1, 2015.

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Lake Jean, Luzerne and Sullivan Counties

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 65.25 (relating to temporary changes to fishing regulations), has taken immediate action to modify temporarily fishing regulations at Lake Jean, Luzerne and Sullivan Counties, in anticipation of a drawdown of the lake. The Executive Director is lifting all seasons, sizes and creel limits for all species, effective August 18, 2014. The Executive Director has found that this action is necessary and appropriate for the management of fish and to conserve and preserve fishing opportunities.

The Executive Director will cause these temporary modifications to fishing regulations to be posted in the vicinity of the lake and the modified regulations will be fully effective and enforceable when so posted. These temporary modifications will remain in effect until the lake is completely drained.

Pennsylvania Public Utility Commission, Bureau of Investigation and Enforcement v. A&J Trans LLC;
Doc. No. C-2014-2424887

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to A&J Trans LLC, (respondent) is under suspension effective March 21, 2014 for failure to maintain evidence of insurance on file with this Commission.
2. That respondent maintains a principal place of business at 999 Penn Estates, East Stroudsburg, PA 18301.
3. That respondent was issued a Certificate of Public Convenience by this Commission on August 16, 2010, at A-8912420.
4. That respondent has failed to maintain evidence of Cargo insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.
5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance

with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-8912420 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,

David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement
P. O. Box 3265
Harrisburg, PA 17105-3265

VERIFICATION

I, David W. Loucks, Chief, Motor Carrier Enforcement, Bureau of Investigation and Enforcement, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect that the Bureau will be able to prove same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Date: 6/5/2014
