READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 6]

[EXECUTIVE ORDER NO. 1998-4]

Interagency Committee to Coordinate Services Provided to Individuals with Disabilities

August 12, 1998

Whereas, the administrative agencies of the Commonwealth have the responsibility to develop practical and efficient means for coordination of their work pursuant to sections 501 and 502 of The Administrative Code of 1929 (71 P. S. §§ 181 and 182); and

Whereas, the Department of Education has the duty to administer all of the laws of this Commonwealth with regard to the establishment, maintenance, and conduct of the public schools pursuant to the Public School Code of 1949 (24 P. S. §§ 1-101 et. seq.), the Individuals with Disabilities Education Act (IDEA) Amendments of 1997 (20 U.S.C.A. § 1400 et seq.), the State Board of Education's Regulations at 22 Pa. Code Chapter 14, Special Education Programs and Services, and the Department of Education's Standards at 22 Pennsylvania Code Chapter 342, Special Education Services and Programs; and

Whereas, the Department of Education is the agency responsible for ensuring that each local education agency provides a free, appropriate public education to eligible students; and

Whereas, the Department of Labor and Industry is responsible for promoting the employment of individuals with disabilities by providing vocational rehabilitation, job training and placement services pursuant to the Rehabilitation Act of 1973 (29 U.S.C. § 701 et. seq.) as amended, the Vocational Rehabilitation Act of 1988 (43 P. S. § 682.1 et. seq.); and the Job Training Partnership Act (29 U.S.C. § 1501 et. seq.), as amended; and

Whereas, the Department of Public Welfare is responsible for administering the State Plan to ensure eligible children receive Medical Assistance benefits pursuant to Title XIX of the Social Security Act, 42 U.S.C.A. § 1396 et. seq.; providing grants to counties for services to individuals with mental illness or mental retardation pursuant to the Mental Health and Mental Retardation Act of 1966, 50 P. S. § 4101 et seq.; and promoting the employment of individuals who are blind or visually impaired by providing vocational rehabilitation, job training, and placement services pursuant to the Rehabilitation Act of 1973, (29 U.S.C.A. § 701 et seq.), as amended; and

Whereas, the Department of Health is responsible for protecting the health of the people of this Commonwealth, pursuant to 71 P. S. § 532, and is authorized under 42 U.S.C.A. § 701 et seq. to administer certain maternal and child health programs; and

Whereas, Commonwealth agencies cooperate and collaborate, in whole or in part, in the provision of services to children with disabilities in a variety of contexts in the continuum of services required from birth through age 21, including but not limited to: early intervention; special education and related services; transition from school to employment; adult, continuing and postsecondary education; adult services; independent living; and community participation; and

Whereas, the Commonwealth has programmatic and fiscal responsibilities for early intervention, special education and related services, as well as services related to the transitioning of students with disabilities to adult life; and

Whereas, the coordination and direct involvement of the following agencies is essential: the Department of Education's Bureau of Special Education, Bureau of Vocational and Technical Education, and Office of School to Work Programs; Department of Labor and Industry's Office of Vocational Rehabilitation, Office for the Deaf and Hard of Hearing, and the Bureau of Employment Services and Training; Department of Health; and the Department of Public Welfare's Office of Mental Health and Substance Abuse Services, Office of Mental Retardation, Bureau of Blindness and Visual Services in the Office of Social Programs, and the Office of Medical Assistance Programs; and

Whereas, the Departments of Education, Health, Labor and Industry, and Public Welfare have operated under a number of Memoranda of Understanding (MOUs), specifying the respective duties of each agency under applicable law, in the following areas: services and programs for early intervention (PDE, DPW, Health); data tracking (PDE, DPW); Medical Assistance (PDE, DPW); school age mentally retarded persons transferred between residential facilities (PDE, DPW); students in partial hospitalization (PDE, DPW); County Child and Adult Services System Programs (PDE, DPW); transition (PDE, L&I, DPW); and the Job Training Partnership Act (PDE, L&I); and

Whereas, the Departments of Education, Health, Labor and Industry, and Public Welfare are directed to implement planning, services, and fiscal supports, as appropriate, to serve children with disabilities in a variety of contexts in the continuum of services provided from birth through age 21, including, but not limited to: early intervention; special education and related services; transition from school to employment; adult, continuing and postsecondary education; adult services; independent living; and community participation.

Now, Therefore, I, Thomas J. Ridge, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Interagency Committee to Coordinate Services Provided to Individuals with Disabilities (hereinafter referred to as "Committee") as hereinafter set forth.

§ 6.1. Objectives.

The Departments of Education, Health, Labor and Industry and Public Welfare shall execute an interagency agreement to establish coordination and collaboration at the State level by defining fiscal and programmatic responsibilities for each agency under applicable law. This interagency agreement shall also provide specific direction for local level interagency cooperation to achieve the objectives listed in this section. The interagency agreement shall be executed prior to the expiration of this subchapter. The directives and responsibilities set forth under the agreement will be coordinated and directed by the Pennsylvania Human Resources Investment Council, if applicable, with the involvement of appropriate advisory councils. The objectives are as follows:

- (1) To promote systematic funding to support students with disabilities. This includes the implementation of a reimbursement mechanism and the assignment of responsibilities for services each department will provide

pursuant to the terms of Federal or State law or State-level interagency agreement. The interagency agreement shall include:

(i) An identification of, or a method for defining, the financial responsibility of each agency for providing services to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each public agency otherwise obligated under State or Federal law or State policy to provide or pay for any services that are also considered special education or related services shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child's Individualized Education Program (IEP)).

(ii) The conditions, terms and procedures under which a local educational agency shall be reimbursed by other agencies.

(iii) Procedures for resolving interagency disputes, including procedures under which local educational agencies may initiate proceedings, under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(iv) Policies and procedures for agencies to determine and identify the responsibilities of each agency to promote interagency coordination and timely and appropriate delivery of services.

(2) To promote interagency cooperation in the implementation of the Individuals with Disabilities Education Act (20 U.S.C.A. §§ 1400—1485). With reference to transition services, the interagency agreement shall identify:

(i) Policies, practices and procedures that can be coordinated between agencies, including definitions, standards for eligibility, policies and procedures for making referrals, procedures for outreach to and identification of students who are receiving special education services and are in need of transition services, and procedures and time frames for evaluation and follow-up on those students.

(ii) The roles of each agency, including provisions for determining the State lead agencies and qualified personnel with primary responsibility for transition services.

(iii) Procedures for providing training for staff of State and local educational agencies as to the availability, benefits of and eligibility standards for other State agencies providing transition services.

(iv) Available resources, including sources of funds for the development and expansion of services.

(v) Other components necessary to ensure meaningful cooperation among agencies, including procedures to facilitate the development of local teams to coordinate the provision of services to students with disabilities, sharing data and joint training of staff in the provision of transition services.

(3) To assure that local agreements, consistent with the objectives of the State-level interagency agreement, are developed and implemented among the Office of Vocational Rehabilitation district offices, local school districts, vocational technical schools, intermediate units, county mental health/mental retardation programs, district offices of Blindness and Visual Services and other appropriate agencies.

(4) To evaluate the need for and implement, as appropriate, joint training and ongoing in-service training for staff of the Bureau of Special Education, Office of Vocational Rehabilitation, Bureau of Employment Services and Training; the Office for the Deaf and Hard of Hearing; the State Office of Mental Health and Substance Abuse Services and County Mental Health; the State Office of Mental Retardation; county mental retardation offices; the Bureau of Blindness and Visual Services; intermediate units; school districts; vocational-technical schools; postsecondary institutions as well as for parents/families, service providers and representatives from business and industry.

(5) To promote the availability of appropriate choices and options for students with disabilities and their families in securing services, including

early intervention, special education and related services, and to enable students to make the transition from school to becoming successful, participating members of the community.

(6) To review existing databases for students/clients with disabilities, while maintaining proper confidentiality, as a means to make recommendations for improving coordinated services.

(7) To provide mechanisms for the replication of exemplary programs.

(8) To provide for a system to resolve conflicts or questions which may arise under this subchapter or under existing memoranda of understanding through the Governor's Office of General Counsel.

§ 6.2. Composition.

(a) The Interagency Committee to Coordinate Services Provided to Individuals with Disabilities Committee (Committee) members will be appointed by the respective Secretaries or other agency director, and will, at a minimum, include:

(1) A member of the staff of the Governor's Policy Office, and the Policy Offices of the Departments of Education, Health, Labor and Industry and Public Welfare.

(2) A deputy secretary from each of the departments or a designee.

(3) One representative each from the Department of Education's Bureau of Special Education, Bureau of Vocational-Technical Education and Office of School to Work.

(4) One representative each from the Department of Labor and Industry's Office of Vocational Rehabilitation, Office for the Deaf and Hard of Hearing and Bureau of Employment Services and Training.

(5) One representative each from the Department of Public Welfare's Office of Mental Health and Substance Abuse Services, Office of Mental Retardation, Office of Medical Assistance Programs and Bureau of Blindness and Visual Services.

(b) The Committee will meet at least quarterly.

(c) The Committee will conduct its responsibilities under the direction of the Governor's Policy Office and, where applicable, consistent with directives from the Pennsylvania Human Resources Investment Council.

§ 6.3. Implementation strategy.

Until the interagency agreement is executed, existing law and memoranda of understanding shall serve as the basis for determining and effecting any responsibilities that the departments named in the memoranda of understanding may have for providing services to children with disabilities. If there is a disagreement regarding the responsibility for providing early intervention, special education, related services or transition services, or that the memoranda of understanding do not include an agency that may have responsibility for the services, it is the responsibility of the Interagency Committee to Coordinate Services Provided to Individuals with Disabilities (Committee) to arrange for the modification of the existing memoranda of understanding, or the development of a new memoranda of understanding to include other agencies, which shall be contingent upon review and approval by the Office of General Counsel. If disputes cannot be resolved by the Committee, the issue shall be submitted to the Office of General Counsel for final resolution. No moneys for services may be encumbered by another agency unless those services are authorized by the existing memoranda of understanding, an interim memoranda of understanding, a duly executed modification thereof or pursuant to direction by the Office of General Counsel.

§ 6.4. Effective date.

This Subchapter is effective July 1, 1998.

§ 6.5. Termination date.

This subchapter will terminate December 31, 1999.

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CH. 300]

Order Approving the Revision of the Comment to Rule 305; No. 237; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the August 28, 1998 revision of the Comment to Rule of Criminal Procedure 305 (Pretrial Discovery and Inspection). The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 28th day of August, 1998, upon the recommendation of the Criminal Procedural Rules Committee; the proposal having been published before adoption at 28 Pa.B 276 (January 17, 1998), and in the *Atlantic Reporter* (Second Series Advance Sheets, Vol. 703), and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the revision of the Comment to Pa.R.Crim.P. 305 in the following form is approved.

This Order shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective January 1, 1999.

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 300. PRETRIAL PROCEEDINGS

Rule 305. Pretrial Discovery and Inspection.

* * * * *

Official Note: Present Rule 305 replaces former Rules 310 and 312 in their entirety. Former Rules 310 and 312 adopted June 30, 1964, effective January 1, 1965. Former Rule 312 suspended June 29, 1973, effective immediately. Present Rule 305 adopted June 29, 1977 and November 22, 1977, effective as to cases in which the indictment or information is filed on or after January 1, 1978; Comment revised April 24, 1981, effective June 1, 1981; amended October 22, 1981, effective January 1, 1982; amended September 3, 1993, effective January 1, 1994; amended May 13, 1996, effective July 1, 1996; Comment revised July 28, 1997, effective immediately; **Comment revised August 28, 1998, effective January 1, 1999.**

* * * * *

Comment:

This rule is intended to apply only to court cases. However, the constitutional guarantees mandated in

Brady v. Maryland, 373 U.S. 83 (1963), and the refinements of the Brady standards embodied in subsequent judicial decisions, apply to all cases, including court cases and summary cases, and nothing to the contrary is intended. For definitions of "court case" and "summary case," see Rule 3.

Included within the scope of paragraph (B)(2)(a)(iv) is any information concerning any prosecutor, investigator, or police officer involved in the case who has received either valuable consideration, or an oral or written promise or contract for valuable consideration, for information concerning the case, or for the production of any work describing the case, or for the right to depict the character of the prosecutor or investigator in connection with his or her involvement in the case.

Final Report¹

Revision of Comment to Pa.R.Crim.P. 305 (Pretrial Discovery and Inspection)

Disclosure of Remuneration to Investigators or Prosecutors

On August 28, 1998, upon the recommendation of the Criminal Procedural Rules Committee, the Supreme Court approved the revision of the second paragraph of the Comment to Rule of Criminal Procedure 305 (Pretrial Discovery and Inspection), effective January 1, 1999.

In correspondence with the Committee, Senator David J. Brightbill suggested that Rule 305 should be amended to require "disclosure of information relative to 1) the receipt of anything of value or 2) any oral or written promise or contract for the receipt of anything of value for either (a) information regarding the criminal offense or (b) that individual's character depiction in connection with his or her involvement as an investigator with that criminal offense." Senator Brightbill explained that he thought this information should be given to the defendant prior to trial so the defendant "will have the opportunity for thorough cross-examination...[and to] provide the necessary information to begin to serve the needs of the criminal justice system."

After reviewing Senator Brightbill's suggestion and Rule 305, the Committee debated at length whether the rule should be amended. Some members thought the disclosure of remuneration should be mandatory, and that such a disclosure fell within the scope of paragraph (B)(1)(a). Other members thought that the disclosure should be discretionary with the court, and that it fell within the scope of paragraph (B)(2)(a)(iv). A third position was that disclosure of remuneration is not covered by either paragraph (B)(1)(a) or paragraph (B)(2)(a)(iv), and the rule should be amended to specifically include such

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

disclosures. The final position advocated was that this type of disclosure should be mandatory on both the prosecution and defense.

Ultimately, the majority of the members agreed that disclosure of remuneration should be discretionary with the court, that the scope of paragraph (B)(2)(a)(iv) is broad enough to encompass such disclosures, and, therefore, it was unnecessary to amend Rule 305. However, given Senator Brightbill's concerns, and the increase in the number of cases in which remuneration is being offered, the Committee concluded that it would be helpful to the bench and bar if the Rule 305 Comment explained that disclosure of remuneration falls within the scope of paragraph (B)(2)(a)(iv). Accordingly, the Rule 305 Comment has been revised by the addition of the following paragraph:

Included within the scope of paragraph (B)(2)(a)(iv) is any information concerning any prosecutor, investigator, or police officer involved in the case who has received either valuable consideration, or an oral or written promise or contract for valuable consideration, for information concerning the case, or for the production of any work describing the case, or for the right to depict the character of the prosecutor or investigator in connection with his or her involvement in the case.

PART II. LOCAL AND MINOR RULES

[234 PA. CODE CH. 6000]

Order Amending Rules 6001, 6003, 6009 and 6010; No. 236; Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the August 28, 1998 amendments to Rules of Criminal Procedure 6001 (Disposition of Criminal Case—Philadelphia Municipal Court), 6003 (Procedure in Non-Summary Municipal Court Cases), 6009 (Notice to Municipal Court Judge and District Attorney of Appeal or of Petition for Certiorari), and 6010 (Procedure on Appeal). These amendments change the references in the Municipal Court rules from "district attorney" to "attorney for the Commonwealth," and align the Municipal Court rules with the comparable rules in Chapters 50 and 100. These changes clarify that the procedures apply to not only the District Attorney of Philadelphia, but also any assistant district attorney in Philadelphia and any attorney in the Office of the Attorney General. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 28th day of August, 1998, upon the recommendation of the Criminal Procedural Rules Committee; this Recommendation having been submitted without publication pursuant to Pa.R.J.A. 103(a)(3), and a Final Report to be published with this Order:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pa.Rs.Crim.P. 6001, 6003, 6009, and 6010 are hereby amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective immediately.

January 1, 1982; Comment revised December 11, 1981, effective July 1, 1982; amended January 28, 1983, effective July 1, 1983; amended February 1, 1989, effective July 1, 1989; rescinded August 9, 1994, effective January 1, 1995. New Rule 6003 adopted August 9, 1994, effective January 1, 1995; amended September 13, 1995, effective January 1, 1996. The January 1, 1996 effective date extended to April 1, 1996; the April 1, 1996 effective date extended to July 1, 1996; amended March 22, 1996, effective July 1, 1996; amended _____, effective _____.

Comment:

* * * * *

The procedure set forth in subsection C(3) allows the Municipal Court judge to exercise discretion in whether to issue a summons or an arrest warrant depending on the circumstances of the particular case. Appropriate factors for issuing a summons rather than an arrest warrant will, of course, vary. Among the factors that may be taken into consideration are the severity of the offense, the continued danger to the victim, the relationship between the defendant and the victim, the known prior criminal history of the defendant, etc.

If the [District Attorney of Philadelphia County] attorney for the Commonwealth exercises the options provided by Rule 107, Rule 2002A, or both, [the District Attorney] attorney must file the certifications required by paragraphs (b) of Rules 107 and 2002A with the Court of Common Pleas of Philadelphia County and with the Philadelphia Municipal Court.

PHILADELPHIA MUNICIPAL COURT RULES

On August 28, 1998, upon the recommendation of the Criminal Procedural Rules Committee, the Supreme Court approved the amendments to Rules of Criminal Procedure 6001 (Disposition of Criminal Case—Philadelphia Municipal Court), 6003 (Procedure in Non-Summary Municipal Court Cases), 6009 (Notice to Municipal Court Judge and District Attorney of Appeal or of Petition for Certiorari), and 6010 (Procedure on Appeal). These amendments change the references in the Municipal Court rules from "district attorney" to "attorney for the Commonwealth." The Committee recommended these changes because the Municipal Court rules should be aligned with the comparable rules in Chapters 50 and 100. These changes clarify that the procedures apply to not only the District Attorney of Philadelphia, but also any assistant district attorney in Philadelphia and any attorney in the Office of the Attorney General. These amendments are effective immediately.

Sinai Hospital, Parkview Hospital), and Allegheny University Hospitals—East (Bucks Hospital, Elkins Park Hospital, Hahnemann Hospital, MCP Hospital, St. Christopher's Hospital for Children) are named parties shall be placed in deferred status by reason of the Chapter 11 bankruptcy proceedings presently pending in the United States Bankruptcy Court for the Western District of Pennsylvania at Case Numbers 98-25773 through 98-25777, inclusive.

This Order shall apply to all such actions until and/or unless any individual case is severed from the bankruptcy proceedings by order of the Bankruptcy Court under § 362 or the stay is removed.

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

To the extent that suggestions of bankruptcy have been filed in any such individual cases, this Administrative Docket Order shall be confirmatory only.

RULES AND REGULATIONS

Title 12—COMMERCE, TRADE AND LOCAL GOVERNMENT

DEPARTMENT OF COMMUNITY AND
ECONOMIC DEVELOPMENT

[12 PA. CODE CH. 63]

Private Activity Bonds—Allocations

The Department of Community and Economic Development (Department) hereby amends Chapter 63 (relating to private activity bonds—allocations) to read as set forth in Annex A. The regulation is amended under authority of section 7(4) of the Tax-Exempt Bond Allocation Act (act) (73 P. S. § 397.7(4)).

Background

The Federal Internal Revenue Code of 1986 (IRC) imposes a State ceiling on the aggregate amount of private activity bonds that may be issued in each calendar year by or on behalf of the Commonwealth and its political subdivisions.

The General Assembly adopted the act in 1985 to provide for the allocation of the State ceiling. Section 7(4) of the act authorizes the Secretary of Community and Economic Development to promulgate regulations as may be necessary to carry out the purposes set forth in the act.

This amended regulation provides for the 1998 allocation of the State ceiling. The amendment is needed because the current regulation provides allocations only for calendar year 1997.

Amendment

Section 63.1 (relating to allocations) is amended to establish the private activity bond allocations for calendar year 1998.

Notice

Notice of proposed rulemaking has been omitted under section 204(3) of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204(3)) (CDL), which specifies that a regulation may be adopted without notice of proposed rulemaking if proposed rulemaking procedures are "in the circumstances impracticable, unnecessary, or contrary to the public interest." The proposed rulemaking procedures are unnecessary, since the regulation simply establishes the private activity bond allocations for calendar year 1998. Since the allocations are made under the formula set forth in the act, public comments will have no impact upon the allocation.

Fiscal Impact

The amended regulation has no fiscal impact on the Commonwealth, political subdivisions or the public. The amended regulation does not affect the total dollar amount of private activity bonds, as these ceilings are determined by Federal law. No Commonwealth funds are involved in the issuance of private activity bonds. All costs of bond issuance are paid for by bond proceeds or through funds of the issuer or borrower. The amended regulation will result in the use of private activity bonds to the maximum benefit, thereby increasing available resources.

Paperwork Requirements

Additional paperwork requirements are not imposed as a result of the amended regulation.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P. S. § 745.5a(c)), on February 23, 1998 the Department submitted a copy of this amendment with proposed rulemaking omitted to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Commerce and Economic Development Committee and the Senate Community and Economic Development Committee. On the same date, the final-omitted regulation was submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

In accordance with section 5.1(d) of the Regulatory Review Act, on March 13, 1998, the regulation was deemed approved by the House and Senate Committees. Under section 5.1(c) of the Regulatory Review Act, IRRC approved the final-omitted regulation on March 26, 1998.

Contact Person

For further information regarding the amended regulation, contact Jill Busch, Deputy Chief Counsel, Office of Chief Counsel, Department of Community and Economic Development, Room 530 Forum Building, Harrisburg, PA 17120, (717) 783-8452.

Findings

The Department finds that:

(1) The proposed rulemaking procedures in sections 201 and 202 of the CDL (45 P. S. §§ 1201 and 1202), are unnecessary, since the regulation simply establishes the private activity bond allocations for calendar year 1998. Since the allocations are made under the formula set forth in the act, public comments will have no impact upon the allocation.

(2) Public notice of intention to adopt the final-form regulation has been omitted under section 204 of the CDL and the regulations thereunder, 1 Pa. Code § 7.4.

(3) A delay in implementing the amendment will have a serious adverse impact on the public interest.

Order

The Department, acting under the authorizing statute, orders that:

(a) The regulations of the Department of Community and Economic Development, 12 Pa. Code Chapter 63, are amended by amending § 63.1 to read as set forth in Annex A.

(b) The Secretary of Community and Economic Development shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(c) The Secretary of Community and Economic Development shall certify this order and Annex A and deposit the same with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

SAMUEL MCCULLOUGH,
Secretary

(*Editor's Note:* For the text of the order of the Independent Regulatory Review Commission relating to this document, see 28 Pa.B. 1806 (April 11, 1998).)

Fiscal Note: 4-65. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 12. COMMERCE, TRADE AND LOCAL GOVERNMENT

PART III. BUSINESS FINANCING

Subpart B. BONDS

CHAPTER 63. PRIVATE ACTIVITY BONDS—ALLOCATIONS

§ 63.1. Allocations.

(a) *Authority for allocations.* The State unified volume cap for the issuance of qualified private activity bonds provided by section 146(d) of the Internal Revenue Code (26 U.S.C.A. § 146(d)) for calendar year 1998 will be allocated utilizing the authority provided by section 146(e) of the Internal Revenue Code and section 7(4) of the Tax-Exempt Bond Allocation Act (73 P. S. § 397.7(4)) in the manner provided by this chapter.

(b) *Housing related bonds.* An amount equal to \$160 million will be allocated for housing related bonds, including qualified residential rental projects and qualified mortgage bonds as defined by sections 142(d) and 143(a) of the Internal Revenue Code (26 U.S.C.A. §§ 142(d) and 143(a)). Requests to apply the housing related bond allocation to specific projects or uses, including mortgage credit certificate programs, will be reviewed and may be approved or disapproved by the Board of the Pennsylvania Housing Finance Agency. Applications for housing related bond allocations shall be made to the Executive Director of the Housing Finance Agency.

(c) *Qualified student loan bonds.* An amount equal to \$50 million will be allocated to the Higher Education Assistance Agency for qualified student loan bonds provided by section 144(b) of the Internal Revenue Code (26 U.S.C.A. § 144(b)).

(d) *Qualified small issue bonds.*

(1) An amount equal to \$175 million will be allocated for qualified small issue bonds under section 144(a) of the Internal Revenue Code. Of this amount, \$26,800,000 will be used to allocate \$400,000 to each county. The remaining \$148,200,000 will be allocated among the counties in accordance with the following formula:

(i) The Secretary will determine the ratio of the county's total 1996 and 1997 allocation usage to the sum of every county's 1996 and 1997 allocation usage.

(ii) The Secretary will multiply the ratio determined in subparagraph (i) by \$148,200,000.

(2) Requests to apply this allocation to specific projects or uses will be reviewed and may be approved or disapproved by the Secretary. Applications for allocations shall be made to the Private Capital Financing Office in the Department. The Secretary will provide allocations for qualified small issue bonds utilizing the procedures and subject to the requirements imposed by § 61.6 (relating to allocation procedures).

(e) *Other qualified private activity bonds.* An amount equal to \$166 million will be allocated to other qualified private activity bonds, including qualified redevelopment bonds as defined by section 144(c) of the Internal Revenue Code, exempt facility bonds as defined by section

142 (excluding § 142(d)) of the Internal Revenue Code, and enterprise zone bonds as defined by section 1394 of the Internal Revenue Code, all of which are subject to the unified volume cap provided by section 146 of the Internal Revenue Code. Requests to apply this allocation to specific projects or uses will be reviewed and may be approved or disapproved by the Secretary. Applications for allocations shall be made to the Private Capital Financing Office in the Department. The Secretary will provide allocations for qualified private activity bonds utilizing the procedures and subject to the requirements imposed by § 63.3 (relating to procedures). An allotment of at least 25% of the total amount for other qualified private activity bonds is reserved for solid waste disposal projects.

(f) *Special allocation pool.* The Secretary may utilize not more than \$50 million for a special allocation pool for projects which require more bond authority than a given county currently has available to it. To qualify for consideration to use this pool, local issuing authorities shall demonstrate to the Secretary's satisfaction that they have acted responsibly in selecting projects which maximize long-term net new job creation, consistent with the intent of the Tax-Exempt Bond Allocation Act (73 P. S. §§ 397.1—397.8). Decisions regarding use of the special allocation pool for small issue purposes will be based upon the characteristics and merits of individual projects proposed, and upon the record of the issuing authority in utilizing industrial development financing to create or retain jobs. A project may be considered if the entire allocation for the county in which the project is proposed has been obligated. In determining approval or disapproval of allocation requests from this pool, the Secretary will consider the following:

- (1) The amount of the allocation available.
- (2) The size of the project.
- (3) The level of economic distress.
- (4) The number of net new jobs to be created.
- (5) The ability to undertake the project without approval.
- (6) The amount of private funds leveraged.
- (7) The project's consistency with the economic development plans of the Commonwealth and of municipalities and regions.
- (8) The date the bonds are to be issued.

Title 61—REVENUE

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 162]

Insurance Premiums Tax; Calculation of Foreign Title Insurance Company Gross Premiums

The Department of Revenue (Department), under the authority contained in section 408(a) of the Tax Reform Code of 1971 (TRC) (72 P. S. § 7408(a)), by this order adopts an amendment to § 162.11 (relating to calculation of foreign title insurance company gross premiums).

Purpose of Amendment

The Department is changing the method of calculating the gross premiums tax on title insurance policies for which the issuer charges the insured an all-inclusive fee under the rate schedule approved by the Insurance Department.

Explanation of Regulatory Requirements

There are two methods under which title insurance companies issue policies: the "all-inclusive fee" and the "approved attorney system." Under the all-inclusive fee system, the title insurer charges a fee under a schedule approved by the Insurance Department. In addition to the charge for the policy, this fee includes a charge for ancillary services, such as title searches, abstracts, attorneys' fees and document preparation. The title company performs these ancillary services. Under the approved attorney fee system, an approved attorney performs the ancillary services and the insurer charges a fee for the policy referred to as the "approved attorney" rate.

Depending on the method used, the Department had subjected the gross premiums tax either to the entire all-inclusive fee or the approved attorney rate.

With the adoption of the amendments to § 162.11, the Department will tax a title insurance policy issued under the all-inclusive fee schedule approved by the Insurance Department that portion of the all-inclusive fee that is equivalent to the fee that would be charged under the approved attorney fee schedule for the same policy coverage. See § 162.11(b).

Subsection (c) sets forth the method of calculation and provides a detailed example. Notwithstanding the amount of the fee charged to the insured, subsection (d) provides that a title insurance company must calculate the amount of its taxable premiums relative to the total fee charged on the basis of the number of policies and the total liability covered by these policies with respect to the liability ranges prescribed in the approved attorney fee schedule then in effect. An example details how the schedule should be prepared.

Comment and Response Summary

Notice of proposed rulemaking was published at 27 Pa. B. 4434 (August 30, 1997). This amendment is being adopted with changes to the proposed rulemaking to read as set forth in Annex A.

The Department did not receive any comments during the public comment period. No comments were received from the House Finance Committee or the Senate Finance Committee. The Department did receive comments from the Independent Regulatory Review Commission (IRRC).

The amendments to the proposed rulemaking in response to the comments from IRRC are as follows:

(1) IRRC's initial comment stated that the definition of "excess fee" in subsection (a) lacked clarity in that it did not explain how to derive the all-inclusive fee using the maximum liability coverage specified in the approved attorney fee schedule. To address this comment, the Department has amended the definition to provide that an excess fee is the difference between the all-inclusive fee for the actual liability covered by a title insurance policy and the all-inclusive fee for a hypothetical title insurance policy written to cover the maximum liability specified in the current approved attorney fee schedule.

(2) In subsection (b), IRRC indicated that the proposed language lacked clarity because the substance of the

provision was lost in unnecessary detail. The Department agreed with the comment and amended the proposal to incorporate IRRC's suggested language.

(3) IRRC indicated in its comments that the example in subsection (c)(2) lacked clarity in that the arrangement of information was confusing to the reader. IRRC provided suggested language to clarify the example. The Department agreed with the language suggested by IRRC and has amended the example accordingly.

IRRC's final comment related to whether, in practice, actual attorney fee schedules and all-inclusive fee schedules for an insurer both have the same maximum specified liability coverage as used in the example in subsection (c)(2). IRRC suggested that the example would be clearer and more closely track the industry, if the two fee schedules used in the example have different maximum specified liabilities. Though the Department agreed that the schedules do not mirror those used in practice with regard to the maximum specified liability coverage, the schedules are only included to facilitate the example. Because the schedules change periodically, the Department would not want to present a schedule in this amendment on which the public would rely that would soon be out-of-date.

During its internal review, the Department concluded that for clarity, the title of § 162.11 should be revised to specify that the section relates to the calculation of foreign title insurance company gross premiums.

Fiscal Impact

The Department estimates that the regulation will cause annual revenue losses of \$1.2 million. This figure is based on estimated fiscal year cash payments of the six foreign title insurance companies that are currently appealing or litigating tax liabilities under the all-inclusive fee schedule. Costs in the current fiscal year reflect refunds due the six appellants/litigants, which are estimated to be \$2.7 million, including principal and interest (accrued for periods between 1984 and 1995).

Paperwork

The amendment will have a minimal impact on the paperwork requirements for title insurance companies. The amendment will require a title insurance company to complete and file an additional schedule reporting taxable premiums under the approved attorney rate fee schedule with its annual gross premiums tax report. This schedule, however, is simply completed by information readily available to the title insurance companies because of their own recordkeeping systems.

Effectiveness/Sunset Date

The amendment will become effective upon final publication in the *Pennsylvania Bulletin*. The amendment is scheduled for review within 5 years of final publication. No sunset date has been assigned.

Contact Person

The contact person for an explanation of the final-form regulation is Anita M. Doucette, Office of Chief Counsel, Department of Revenue, Dept. 281061, Harrisburg, PA 17128-1061.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the notice of proposed rulemaking, published at 27 Pa.B. 4434, to IRRC and the Chairpersons of the House Committee on Finance and the Senate Committee on Finance for review and comment. In compliance with section 5(c)

of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of all comments received, as well as other documentation.

In preparing this final-form regulation, the Department has considered all comments received from IRRC, the Committees and the public.

This final-form regulation was deemed approved by the House and Senate Committees on July 14, 1998. IRRC met on July 30, 1998, and approved the amendment in accordance with section 5.1(e) of the Regulatory Review Act (71 P. S. § 745.5a(e)).

Findings

The Department finds that:

(1) Public notice of intention to adopt the regulations has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The regulation is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Department acting under the authorizing statute, orders that:

(a) The regulations of the Department, 61 Pa. Code, Chapter 162, are amended by amending § 162.11 (relating to calculation of foreign title insurance company gross premiums) to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 61. REVENUE

PART I. DEPARTMENT OF REVENUE

Subpart B. GENERAL FUND REVENUES

ARTICLE VI. CORPORATION TAXES

CHAPTER 162. INSURANCE COMPANIES

SUBJECT TO TAX IN THIS COMMONWEALTH

§ 162.11. Calculation of foreign title insurance company gross premiums.

(a) The following words and terms when used in this section, have the following meanings:

Excess fee—The difference between the all-inclusive fee for the actual liability covered by a title insurance policy and the all-inclusive fee for a hypothetical title insurance policy written to cover the maximum liability specified in the current approved attorney fee schedule.

(b) Except as provided in subsection (c), gross premiums for all title insurance policies, including policies issued under an all-inclusive fee schedule, shall be calculated by applying the liability coverage to the insurer's approved attorney fee schedule approved by the Insurance Department.

(c) The taxable premium for policies that are written in excess of the maximum liability coverage amount specified in the approved attorney fee schedule shall be calculated as follows:

(1) If the title insurance policy is written under the approved attorney system, the taxable premium is the entire fee.

(2) If the title insurance policy is written under the all-inclusive system, the taxable premium is the sum of the following:

(i) The approved attorney fee for the maximum liability coverage specified in the approved attorney fee schedule.

(ii) The excess fee.

Example:

A title insurance policy is written with a liability coverage of \$20 million. A fee of \$38,583 is charged under the all-inclusive system. The approved attorney fee schedule is consulted, which for purposes of illustration, only, is as follows:

<i>Unit of Insurance or Fraction Thereof</i>	<i>Fee</i>
\$0.00 to \$15,000	\$45
\$15,001 to \$100,000.....	Add \$3 per \$1,000
\$100,001 to \$500,000.....	Add \$2.50 per \$1,000
\$500,001 to \$1,000,000	Add \$2 per \$1,000
\$1,000,001 and greater	Subject to negotiation

The \$20 million liability of the policy exceeds the maximum liability specified in the approved attorney fee schedule of \$1 million. Under paragraph (2), the taxable premium is the sum of two components. First, under subparagraph (i), the maximum liability coverage specified is \$1 million and the corresponding fee totals \$2,300. Second, the excess fee needs to be calculated utilizing fees in the all-inclusive fee schedule, which for purposes of illustration, only, is as follows:

<i>Unit of Insurance or Fraction Thereof</i>	<i>Fee</i>
\$0.00 to \$15,000	\$303
\$15,001 to \$35,000.....	Add \$7 per \$1,000
\$35,001 to \$50,000.....	Add \$6 per \$1,000
\$50,001 to \$100,000.....	Add \$5 per \$1,000
\$100,001 to \$500,000.....	Add \$4.50 per \$1,000
\$500,001 to \$1,000,000	Add \$3.50 per \$1,000
\$1,000,001 and greater	Subject to negotiation

Using the maximum liability coverage of \$1 million, the corresponding fee totals \$4,333. The excess fee under subparagraph (ii) is \$34,250 (\$38,583–\$4,333). The taxable premium for the policy is the sum of the two components which is \$36,550 (\$2,300 + \$34,250).

(d) A title insurance company shall calculate the amount of its taxable premiums on the basis of the number of policies and the total liability covered by the policies within the liability ranges as prescribed in the approved attorney fee schedule then in effect. A title insurance company shall submit a schedule setting out the relevant data by policy coverage ranges and calculat-

ing the taxable gross premiums as indicated. (Refer to the schedule in the following example.) This schedule shall be attached to the title insurance company's gross premiums tax report. Copies of the applicable approved attorney fee schedule and the all-inclusive fee schedule in effect for the title insurance company also shall be attached to the gross premiums tax report.

Example:

A title insurance company writes 3,201 title insurance policies covering a total liability of \$391,000,000 under the all-inclusive system during the tax year. The distribution of policies, utilizing the ranges set forth in the fee schedule is as follows:

A	B	C	D	E	F	G	H	I
Range	Number of Policies	Total Liability for Policies in Range	Premium on first \$15,000 of Coverage [Col B × \$45]	Premium on next \$85,000 per Policy @ \$3 per 1,000	Premium on next \$400,000 per policy @ \$2.50 per 1,000	Premium on next \$500,000 per policy @ \$2 per 1,000	Excess Fee for Negotiated Policies	Total [Col.D +Col. E +Col.F +Col.G +Col. H]
0 to 15,000	100	1,000,000	4,500	—	—	—	—	4,500
15,001 to 100,000	2,000	90,000,000	90,000	180,000 (60,000,000 @ \$3 per 1,000)	—	—	—	270,000
100,001 to 500,000	1,000	200,000,000	45,000	255,000 (85,000,000 @ \$3 per 1,000)	250,000 (100,000,000 @ \$2.50 per 1,000)	—	—	550,000
500,001 to 1,000,000	100	80,000,000	4,500	25,500 (8,500,000 @ \$3 per 1,000)	100,000 (40,000,000 @ \$2.50 per 1,000)	60,000 (30,000,000 @ \$2 per 1,000)	—	190,000
1,000,001 or more	1	20,000,000	45	255 (85,000 @ \$3 per 1,000)	1,000 (400,000 @ \$2.50 per 1,000)	1,000 (500,000 @ \$2 per 1,000)	34,250	36,550
TOTAL	3,201	391,000,000	144,045	460,755	351,000	61,000	34,250	1,051,050

Under this section, and utilizing this illustrative fee schedule, the title insurance company's taxable gross premiums are \$1,051,050.

STATEMENTS OF POLICY

Title 25—ENVIRONMENTAL PROTECTION

STATE CONSERVATION COMMISSION [25 PA. CODE CH. 83]

Dirt and Gravel Road Maintenance Program

The State Conservation Commission (Commission), under the authority contained in the Conservation District Law (3 P. S. §§ 849—864), and 75 Pa.C.S. § 9106 (relating to dirt and gravel road maintenance) adopts Subchapter F (relating to Dirt and Gravel Road Maintenance Program—statement of policy) to read as set forth in Annex A. This statement of policy implements the new dirt and gravel road maintenance provisions of 75 Pa.C.S. (relating to Vehicle Code). It allows the Commission to: 1) fund safe, efficient and environmentally sound maintenance of sections of dirt and gravel roads which have been identified as sources of dust and sediment pollution; and 2) establish a dedicated and earmarked funding mechanism that provides streamlined appropriation to county conservation districts and enables local officials to establish fiscal and environmental controls.

Effective Date

This statement of policy is effective upon publication in the *Pennsylvania Bulletin*.

In support of the State Conservation Commission, the Department of Environmental Protection (Department) has made this statement of policy available electronically through the Department's Website (<http://www.dep.state.pa.us>).

Statutory Authority

This statement of policy is published by the Commission under the authority of sections 4(1), (5)(c) and (6) of the Conservation District Law (3 P. S. §§ 852(1), (5)(c) and (6)), which establishes the Commission and grants it the power to approve conservation district programs and allocate funds it deems appropriate, and under the authority of 75 Pa.C.S. § 9106 which requires the Commission to: 1) apportion available Dirt and Gravel Road Maintenance Program (Program) funds to local officials in a streamlined fashion; 2) adopt program performance standards; 3) provide for a system of audit; and 4) annually assess and report on the program.

Background

The Program is a new and innovative approach to controlling dust and sediment pollution. It is built on the premise that local officials are best suited to establish the fiscal and environmental controls necessary to address pollution that emanates from the Commonwealth's dirt and gravel roads. The Program stresses simplicity, education, pollution prevention and low-cost common sense solutions in the environmentally sound maintenance of this Commonwealth's 28,000 miles of dirt and gravel roads.

The Commission is charged under 75 Pa.C.S. § 9106 to administer the Program. The Program is implemented at

the local level by county conservation districts in cooperation with a Quality Assurance Board (QAB) created by each district.

The purpose of the Program is two-fold:

(1) First, to fund safe, efficient and environmentally sound maintenance of sections of dirt and gravel roads which have been identified as sources of dust and sediment pollution.

(2) Second, to establish a dedicated and earmarked funding mechanism that provides streamlined appropriation to county conservation districts and enables local officials to establish fiscal and environmental controls.

The enabling Legislation provides funding for the program through an annual appropriation of \$5 million from the Commonwealth's motor license fund. Of the funds available, \$1 million is annually distributed to the Department of Conservation and Natural Resources for the maintenance and mitigation of dust and sediment pollution that emanates from forestry roads. Funds in the amount of \$4 million are provided annually to the Commission and administered in a nonlapsing, nontransferable account restricted to maintenance and improvement of dirt and gravel roads.

The Commission must apportion program funds based on written criteria it develops to establish priorities based on preventing dust and sediment pollution. In the first fiscal year, top priority will be given to specific trouble spot locations already mapped by the Task Force on Dirt and Gravel Roads. Copies of the Task Force's 1997 Status Report are available from the Commission upon request. The apportionment criteria shall: 1) be based on verified need to correct pollution problems related to the road; 2) consider the total miles of dirt and gravel roads maintained by local municipalities or State agencies that are open to the public during any period of the year; 3) consider total miles of dirt and gravel roads within watersheds protected as of November 1996 as exceptional value or high quality waters of this Commonwealth; 4) consider allowances for the local costs of limestone aggregate; and 5) consider the commitments of grant applicants to comply with the established nonpollution requirements.

The Commission is required to: 1) adopt performance standards; 2) provide for a system of audit; 3) annually assess the Program and report to the Transportation Committee of the Senate and the House of Representatives on its acceptance and effectiveness. The Commission is entitled to withhold and expend the costs of the audit and report preparation up to the maximum limit of 2% of funds administered.

At the local level, apportioned funds are dispersed to county conservation districts for distribution to eligible project participants (local municipalities or State agencies) who maintain dirt and gravel roads that are open to the public during any period of the year. The conservation district must form a four member QAB to establish and administer the grant program. QAB members include: 1) a nonvoting chairperson appointed by the conservation district; 2) a local representative of the Natural Resource Conservation Service; 3) a local representative of the Fish and Boat Commission; and 4) a representative of the county conservation district. If circumstances require, the Chairperson may vote to decide a tie vote.

In administering the Program at the county level, QABs must do the following: 1) adopt written criteria to assure equal access for all eligible applicants; 2) ensure

that all required permits are obtained; 3) adopt procedures to assure a minimal amount of paperwork; 3) adopt written criteria to specify funding priorities; 4) adopt funding and budgeting procedures; 5) adopt incentives for training road managers and equipment operators; 6) adopt standards that prohibit use of materials or practices which are environmentally harmful; and 7) adopt site inspection requirements to verify completion of work.

A very unique aspect of the Program is the emphasis to minimize paperwork and to keep the project application process as simple as possible as dictated by 75 Pa.C.S. § 9106. For example, the grant application shall not exceed one page and require only minimal handwritten information such as location, problem being solved, basis of cost estimate, project work schedule, basis of successful completion and type and amount of pollution reduced. QABs are required by law to expedite the approval process by inserting, where appropriate, additional requirements that complete and qualify the grant for approval and which, when accepted by the applicant, become a binding obligation on the applicant.

This statement of policy was developed in cooperation with the Commission's Program QAB Advisory Committee. Members of this 15-person advisory committee have expertise in conservation district operations and management, as well as expertise in municipal government management and operations. Staff from the Commission, the Department, NRCs, Fish and Boat Commission and Penn State's Local Transportation Assistance Program (LTAP) provided assistance to the advisory committee in the development of this document. In addition, a number of the advisory committee members and staff advisors also serve on the original Dirt and Gravel Road Task Force which championed the development and implementation of this program. The draft statement of policy was circulated to conservation districts and other interested parties for review and comment. When possible and appropriate, suggested changes were incorporated into the final version of this document. This statement of policy was approved for publication by a formal action of the Commission at its May 7, 1998, meeting.

JAMES M. SEIF,
Chairperson

(Editor's Note: The Commission has amended 25 Pa. Code Chapter 83 (relating to State Conservation Commission), by adding a statement of policy in §§ 83.601—83.614 to read as set forth in Annex A.)

TITLE 25. ENVIRONMENTAL PROTECTION
PART I. DEPARTMENT OF ENVIRONMENTAL PROTECTION
Subpart C. PROTECTION OF NATURAL RESOURCES
ARTICLE I. LAND RESOURCES
CHAPTER 83. STATE CONSERVATION COMMISSION
Subchapter F. DIRT AND GRAVEL ROAD MAINTENANCE PROGRAM—STATEMENT OF POLICY
GENERAL PROVISIONS

Sec.
83.601. Purpose.
83.602. Definitions.

- 83.603. Cooperation.
- 83.604. Appointment criteria.
- 83.605. Payments by the Commission to districts.
- 83.606. QAB Advisory Committee responsibility.
- 83.607. District responsibility.
- 83.608. QAB responsibility.
- 83.609. Application by project participants.
- 83.610. Agreements.
- 83.611. Eligible expenses.
- 83.612. Project participant responsibilities.
- 83.613. Performance standards.
- 83.614. Payment of eligible expenses to project participants.

§ 83.601. Purpose.

It is the intention of the Commission to provide local governments and other eligible entities with funds to:

- (1) Fund safe, efficient and environmentally sound maintenance of sections of dirt and gravel roads which have been identified as sources of dust and sediment pollution.
- (2) Establish a dedicated and earmarked funding mechanism that provides streamlined apportionment to the county level and enables local officials to establish fiscal and environmental controls.
- (3) Provide training to road crews on techniques of dirt and gravel road maintenance which minimize negative environmental impact.
- (4) Conduct demonstrations of new and innovative techniques of dirt and gravel road maintenance to assist in training of road crews and educate the general public on this matter.

§ 83.602. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The act of April 17, 1997 (P. L. 6, No. 3) which amended 75 Pa.C.S. (relating to the Vehicle Code) by adding 75 Pa.C.S. § 9106 (relating to dirt and gravel road maintenance).

Commission—The State Conservation Commission created by the Conservation District Law (3 P. S. §§ 849—864).

Cooperating organization—An organization approved by the Commission to assist in implementing the act.

District—A conservation district as defined in the Conservation District Law (3 P. S. §§ 847—864).

Exceptional value—A stream or watershed which is designated as an exceptional value water under Chapter 93 (relating to water quality standards).

High quality—A stream or watershed which is designated as a high quality water under Chapter 93.

Performance standards—The administrative policies or technical requirements, or both, adopted by the Commission for the implementation of the Program, including standards that prohibit the use of materials or practices which are environmentally harmful.

Program—The Dirt and Gravel Road Maintenance Program.

Project area—A designated area where critical sediment or dust, or both, pollution problems have been identified.

Project participant—A municipality or State agency eligible to participate in a Program project under the act.

QAB—Quality Assurance Board—The administrative board impaneled by a district to administer the Program locally, under 75 Pa.C.S. § 9106(e).

QAB Advisory Committee—The advisory committee established by the Commission to assist and advise the Commission on the implementation and administration of the Program by local QABs.

Task Force on Dirt and Gravel Roads—The public/private sector, multi-agency task force which provides program guidance to the Commission on technical standards and other aspects of the Program.

§ 83.603. Cooperation.

(a) The Commission will encourage cooperation between Commonwealth and Federal agencies and other organizations including the Task Force on Dirt and Gravel Roads which have either direct or indirect involvement in the program to achieve the objectives to reduce sediment or dust, or both, pollution originating from dirt and gravel roads.

(b) Agencies other than conservation districts will be encouraged to work closely with the appropriate conservation districts to promote local awareness of the projects and to effectuate the purposes of this program.

§ 83.604. Apportionment criteria.

(a) The Commission will apportion the amount of funds for each participating district under the program, based on the act and the criteria in subsection (c).

(b) The Commission may reallocate funds if an agreement cannot be fulfilled by the district, local government, contractor, and agency or cooperating organization.

(c) Apportionment criteria shall be based on the verified need to correct pollution problems related to the road and shall include consideration of the following:

(1) The total number of miles of dirt and gravel roads maintained by local municipalities or State agencies that are open to the public during any period of the year.

(2) The total miles of dirt and gravel roads within watersheds protected as of November 1996 as exceptional value or high quality waters of this Commonwealth.

(3) Allowances for the local costs of limestone aggregate.

(4) The commitments of grant applicants to comply with the nonpollution requirements established.

(5) Other factors determined by the Commission to be appropriate.

(d) In the first fiscal year, top priority shall be given to specific trouble spot locations already mapped by the Task Force on Dirt and Gravel Roads. The Commission may extend this priority beyond the first fiscal year.

(e) The Commission may allocate funds for training or road demonstration project, or both, to an aggregated budget managed by the Commission and may establish spending limits, consistent with the act, which includes the portion of the aggregated funds administered by the Commission.

(f) Public notice of the apportionment of funds for this Program will be published by the Commission in the *Pennsylvania Bulletin*.

§ 83.605. Payments by the Commission to districts.

(a) State funds apportioned to districts under this Program will be utilized solely for implementing a county level Program.

(b) The Commission will provide apportioned funds to a participating district through an agreement between the Commission and each participating district.

(c) The Commission may withhold funds until the Commission has received any overdue Program reports and audit statements as required by the Commission.

(d) For purposes of disbursing funds to participating conservation districts, the Commission may process an advanced working capital payment as follows:

(1) Upon the full execution of the grant agreement, the Commission may process up to 50% of the approved grant amount. Subsequent payments to the districts will be made on an "actual cash expended" basis to replenish the working capital advance.

(2) Advance payments by a conservation district to an eligible project participant under a project agreement shall be considered "actual cash expended" when the advance is paid by the conservation district.

(3) The district shall request the payments to replenish working capital in writing to the Commission in a format and time frame as prescribed by the Commission. The Commission may set a minimum payment level or time frequency, or both, for each request for payment.

(4) Notwithstanding the provisions of paragraph (1), (2) or (3), grant awards apportioned by the Commission to a conservation district and any advanced working capital payments made to conservation districts which will be \$25,000 or less for any 1 fiscal year may be advanced in total to the district.

§ 83.606. QAB Advisory Committee responsibilities.

The QAB Advisory Committee shall advise the Commission on the following:

(1) Allocation of funds from the State level to conservation districts.

(2) Development of Program and administrative procedures for QABs.

(3) Review of administrative and technical guidance for the Program.

(4) Other matters relating to the administration of this Program.

§ 83.607. District responsibilities.

(a) A district participating in the Program shall enter into an agreement with the Commission establishing the duties and responsibilities of each entity.

(b) The district shall receive and manage funds for the Program that have been apportioned by the Commission to the district.

(c) The district is responsible for all aspects of the management and administration of the Program within that county.

(d) A participating district shall conduct its Program consistent with the act, this subchapter and all other policies and regulations established by the Commission.

(e) The district shall appoint and impanel a four-member QAB to administer the Grant Program within the county, under the supervision and direction of the district board of directors. The QAB is to be comprised of a nonvoting chairperson appointed by the district and one local representative appointed by each of the following entities:

(1) The Federal Natural Resource Conservation Service.

(2) The Fish and Boat Commission.

(3) The district.

(f) The district shall develop a fair and open project selection process, consistent with Commission policy, that provides general program information to all eligible project participants and includes sign-up periods necessary to receive requests for road maintenance and repair work from eligible project participants. Special efforts will be made to enlist the cooperation of project participants with identified critical erosion or dust problems.

(g) Work completion by project participants will be subject to approval by the district under the performance standards adopted by the QAB.

(h) The district shall conduct an annual audit of Program expenditures in accordance with guidance provided by the Commission.

(i) The district shall submit the results of its annual audit to the Commission in a manner and time frame established by the Commission. The Commission reserves the right to audit all Program-related accounts and records to determine if funds were expended in accordance with Commission policies and the act.

(j) The district shall report Program accomplishments to the Commission on prescribed forms at times as specified by the Commission.

(k) The district shall maintain a separate accounting of funds received under the Program. The district shall maintain an itemized accounting of administrative costs claimed. Districts shall deposit funds in a Federally insured interest bearing account. Interest earnings from the account shall be applied only to the Program. The percent of apportioned funds utilized by the district for administration or training grants may not exceed those limits established by the Commission or the act, or both.

(l) Records shall be retained by districts for 3 years after completion of the work.

(m) The Commission reserves the right to examine all records and files maintained by the district related to the administration of the district's Program.

§ 83.608. QAB responsibilities.

(a) The QAB impaneled by a district shall establish and administer the Program for the district under the direction of the board of directors of the district and consistent with the policies adopted by the Commission.

(b) The QAB shall consider and adopt the following:

(1) Written criteria to assure equal access for all eligible applicants within each funding category.

(2) Procedures that assure a minimum amount of procedural paperwork.

(3) Written criteria to specify priorities.

(4) Funding categories to provide separate budgeting for road maintenance projects, road demonstration projects, training grants and administrative costs:

(i) QAB training grants may not exceed limits established by the Commission.

(ii) Administrative costs may not exceed 10%.

(5) Incentives for training road managers and equipment operators.

(6) Standards that prohibit use of materials or practices which are environmentally harmful.

(7) Site inspection requirements to verify completion of work.

(c) The QAB shall review applications and recommend project participants to be funded through the Program.

(d) The QAB shall consider and adopt procedures for the conduct of business by the Board, including the following:

(1) Meeting schedules and procedures for public notice of meetings.

(2) Recordkeeping and provisions to make minutes and records available to the public.

(3) Rules of conduct, including rules necessary to avoid conflicts of interest by members of the QAB.

§ 83.609. Application by project participants.

(a) Applications will be on a one-page form approved by the Commission. Applications should be submitted to the local conservation district at the times designated by the local district. Handwritten applications will be acceptable.

(b) An application shall be specific to one work location or one type of work and shall include the following:

(1) A short description of the problem being solved.

(2) The basis of the cost estimate.

(3) The proposed project work schedule.

(4) The basis for successful completion.

(5) The type of pollution to be reduced.

(6) Other items specified by the Commission.

(c) The QAB shall expedite the approval process by inserting additional requirements which become binding when accepted by the applicant.

§ 83.610. Agreements.

(a) An agreement is required between a district and project participants.

(b) The form of agreements between the district and project participants shall be approved by the Commission.

(c) Each agreement shall provide that the parties agree to comply with the conditions in this subchapter, the general contract conditions adopted by the Commission and the performance criteria adopted by the QAB of the district.

(d) The term of the agreement shall be sufficient to cover the duration of work implemented under the agreement.

§ 83.611. Eligible expenses.

(a) Eligible expenses include all Program and project costs associated with the administration and implementation of the Program, and the design, review, approval, implementation and maintenance of any project approved and funded by the Program. Eligible costs payable to project participants for Program projects and eligible costs payable to conservation districts for the overall administration and implementation of the Program will be determined by the Commission.

(b) Eligible expenses for project participants include the materials, services and labor required to design and implement a project, including, but not limited to, construction and maintenance supplies and materials, equipment rental and transportation charges, demurrage, reimbursement for use of participant owned equipment, salaries and benefits, automotive and hauling travel including room and board expenses, contracted specialized services, miscellaneous expenses, certain engineering and technical fees as determined by the Commission and other expenses necessary for the satisfactory completion of a project as determined by the Commission.

(c) Eligible expenses for participating conservation districts shall include eligible costs defined in subsections (a) and (b) for project participants, plus materials, services, labor, insurance/liability coverage and all other expenses necessary for the overall administration and implementation of the Program, the development and delivery of training/education programs, demonstration projects, resource assessment, site inspections and other expenses determined by the Commission to be necessary to administer and implement the Program.

§ 83.612. Project participant responsibilities.

(a) Project participants shall conduct the dirt and gravel road maintenance project in accordance with the project agreement with the district, the work plan for the project, the standards established by the QAB for the district, and the policies adopted by the Commission.

(b) Project participants may not use materials or practices that are environmentally harmful.

(c) Project participants shall apply for necessary local, State and Federal permits required for the project and provide the district with suitable documentation of permit issuance and requirements.

(d) Project participants shall report Program accomplishments to the district in a manner prescribed in the agreement.

(e) Claims for payment shall be submitted to the district in accordance with the schedule contained in the agreement. The claims shall be itemized and show that the utilization of funds are in accordance with the budget outlined in the agreement. The claims shall also include receipts, weigh slips or other appropriate supporting information, as determined by the Commission, to document actual expenditures by the project participant.

(f) The district and the Commission reserve the right to audit project related accounts and records to determine if funds were expended in conformance with the agreement.

(g) A project participant shall maintain a separate accounting of the funds received under the Program.

(h) Records shall be retained for 3 years following the last payment for the project.

(i) Upon the request of the district or the Commission, or both, project participants shall provide access to all records, files and documents related to Program projects.

§ 83.613. Performance standards.

(a) The Commission will establish, as it deems appropriate, performance standards for the implementation of the Program. These standards may include specific administrative policies or technical requirements, or both, adopted by the Commission for the implementation and

administration of the Program, including standards which prohibit the use of materials or practices which are environmentally harmful.

(b) Standards which prohibit the use of materials or practices which are environmentally harmful shall include the following minimum requirements:

(1) The commercial products used by project participants within a project area shall be used or installed, or both, according to manufacturer's recommendations and label requirements.

(2) Materials toxic to aquatic life, as defined by The Clean Streams Law (35 P. S. §§ 691.1—691.1001), may not be used where surface runoff may enter surface or ground waters.

(3) Compliance with applicable Federal, State and local laws, regulations and permit requirements.

§ 83.614. Payment of eligible expenses to project participants.

(a) Payments made by a district pursuant to a project agreement shall be solely for eligible expenses.

(b) Claims for payment shall be submitted by a project participant to the district in accordance with the schedule and terms contained in the approved project agreement. The claims shall be itemized and show that the utilization of funds are in accordance with the project cost summary contained in the approved project application and work plan. Claims shall include receipts, weigh slips, equipment use time sheets, employe time sheets or other appropriate supporting information to document actual expenditures by the project participants.

(c) For the purpose of dispersing funds to a project participant under a project agreement, the district may process an advanced working capital payment as follows:

(1) Upon the full execution of the project agreement, the district may process an advanced payment to a project participant of up to 50% of the approved project expenses.

(2) Subsequent payments to the project participant will be made on an actual cash expended basis.

(3) In all cases, the district shall withhold payment of at least 30% of the approved project expenses until the satisfactory completion of the project. Final payment for the project expenses shall be made only after a final inspection by the district determines that the work was performed consistent with the project application and the work plan, and to the satisfaction of the district.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Field Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the Field Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each commentator will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already

filed should be filed within 15 calendar days from the date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDIVIDUAL PERMITS (PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and

special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision of 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department must provide a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Moyer Packing Company, Upper Makefield Township, **Bucks County**, Hudson S. Green, Jr., Project Manager, Earth Data, Inc., Springdale Drive, Exton, PA 19341, has submitted a Notice of Intent to Remediate site soil contaminated with solvents and polycyclic aromatic hydrocarbons. The applicant proposes to remediate the site to meet Statewide health standards.

Boeing Company, Ridley Township, **Delaware County**. Nicholas De Rose, Langan Engineering & Environmental Services, Inc., 3655 Route 202, Suite 225, Georgetown Crossing, Doylestown, PA 18901-1699, has submitted a Notice of Intent to Remediate site groundwater contaminated with solvents. The applicant proposes to remediate the site to meet Statewide health standards. A final report was simultaneously submitted.

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Primages Property (203 Charles Street), Coopersburg Borough, **Lehigh County.** John V. Forsyth, General Manager, All Phase Environmental Services, Inc., 131 Technology Drive, Bethlehem, PA 18015 has submitted a Notice of Intent to Remediate (on behalf of his client, Paul Chernay, 7483 South Main Street, Coopersburg, PA 18036), concerning the remediation of site soils suspected to be contaminated with polycyclic aromatic hydrocarbons and BTEX (benzene, toluene, ethylbenzene and xylenes) compounds. The applicant proposes to remediate the site to meet the Statewide human health standard. A Final Report was simultaneously submitted. See additional *Pennsylvania Bulletin* notice.

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Morris Residence, Dover Township, York County. Richard and Carol Morris, 4361 Wynnefield Road, Dover, PA 17315, have submitted a Notice of Intent to Remediate site soils contaminated with BTEX and PAHs. The applicants propose to remediate the site to meet the Statewide health standard. A final report has also been submitted. A summary of the Notice of Intent to Remediate was published in the *York Daily Record* on August 14, 1998.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This

period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, a municipality may request that the person identified, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, contact the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

AIR QUALITY

Plan Approval and Operating Permit Applications Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act, and regulations adopted under the act.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Ebensburg District Office, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Bureau of Deep Mine Safety Request for Variance

The Bureau of Deep Mine Safety has received a request for variance from **Canterbury Coal Company**. The following notification contains a summary of this request. Complete copies of the variance request may be obtained from Matthew A. Bertovich by calling (724) 439-7469.

The Department of Environmental Protection (Department) is publishing a summary of the request to solicit comments from affected parties on the proposed variance request. Comments may be used by the Bureau to assist in its investigation of the variance request. Comments will be accepted for 30 days following the publication of this notice. All comments should be addressed to: Richard E. Stickler, Director, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown, PA 15401.

Section 702 of the Bituminous Coal Mine Act (52 P. S. §§ 701—702) (act) provides a mechanism for operators to obtain variances from specific requirements of the act to accommodate the adoption of new machinery, equipment, tools, supplies, methods or processes.

Section 242(c) states that where belt conveyors are installed, main stoppings and regulators shall be so arranged as to reduce the quantity of air traveling in the belt conveyor entry to a minimum for effective ventilation

and to provide an intake air split as an escapeway from the face area to the main air current.

Summary of the request: Canterbury Coal Company requests a variance to allow for the common ventilation of belt conveyor entries with other entries at the DiAnne Mine.

APPLICATIONS RECEIVED UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT ENCROACHMENTS

The following permit applications and requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)), requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317 as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit, or the approval of Environmental Assessments must submit comments, suggestions or objections within 30 days of the date of this notice as well as questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

ACTIONS

FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

**SEWAGE FACILITIES ACT
PLAN APPROVAL**

**Plan Approval granted under the Pennsylvania
Sewage Facilities Act (35 P. S. §§ 750.1—750.20).**

*Northeast Regional Office: Water Management Program
Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790,
(717) 826-2553.*

Sweet Valley Mobile Home Village located on east side of Ross Township, Route 674, 3,000 feet north of County Road Intersection.

An existing 40 unit mobile home park proposing a sequencing batch reactor treatment facility with stream discharge to an unnamed tributary to Hunlock Creek.

Treatment facility is being proposed to replace a currently malfunctioning onlot septic system.

Location: Lehigh Valley Industrial Park VI, located on south side of William Penn Highway S. R. 2020, 2.7

miles west of 25th Street, PA Route 248 in Bethlehem Township, **Northampton County**.

Project Description: This project proposes a 44 lot office and industrial park on 188 acres. The project will employ an estimated 2,030 people. Projected sewage flows of 125,000 gpd have been established for this project. The proposed 125,000 gpd of sewage flows will be collected by Bethlehem Township for conveyance and treatment by municipal facilities of the City of Bethlehem. The industrial park sanitary lines will connect to the Bethlehem Township existing collection system at Manhole Numbers 20 and 307. Easton Suburban Water Authority will provide public water to the project.

Northcentral Regional Office: Water Management Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (717) 327-0530.

Location: Delmar Township, Tioga County.

Project Description: The Delmar Township Board of Supervisors have revised the Act 537 Official Sewage

Facilities Plan for the township. The former plan called for future construction of a 35,000 gallon per day wastewater treatment facility to treat collected wastewater from the villages of Stony Fork and Draper in the township. The current plan, recently approved by this Department, calls instead for the construction of a 45,000 gallon per day wastewater treatment facility. The capacity of the treatment facility is being changed to more realistically provide for existing and future development capacity needs of the service area.

The Department's review of the sewage facilities update revision has not identified any significant negative environmental impacts resulting from this proposal.

Plan Revision Approval granted August 26, 1998, under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Regional Office: Water Management Program Manager, Southcentral Region, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

Location: Allen Betts Residence, Single Family Residence, Smithfield Township, Huntingdon County. The approved plan revision provided for: Approval of a revision to the Official Plan of Smithfield Township, **Huntingdon County**. Project involves installation of a small flow treatment facility to repair a malfunctioning sewage system to serve one three bedroom single residence dwelling and a two room cabin, with flows of 800 gpd. Located on 2.41 acres along State Route 3045, Henderson Hollow Road. Treated effluent is to be discharged into a small tributary on the Juniata River.

Required NPDES Permits or Water Management Permits must be obtained in the name of the owner, Allen Betts.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form,

contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Nicholas De Rose, Langan Engineering & Environmental Services, Inc., 3655 Route 202, Suite 225, Georgetown Crossing, Doylestown, PA 18901-1699, has submitted a Final Report concerning remediation of site groundwater contaminated with solvents. The report is intended to document remediation of the site to meet Statewide health standards.

West Chester Laundry, West Chester Borough, **Chester County**. Gloria G. Hunsberger, P.G., Powell-Harpstead, Inc., 800 E. Washington Street, West Chester, PA 19380 has submitted a Final Report concerning remediation of site soil and groundwater contaminated with solvents, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet Statewide health standards for soil and site specific standards for groundwater.

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Primages Property (203 Charles Street), Coopersburg Borough, **Lehigh County**, John V. Forsyth, General Manager, All Phase Environmental Services, Inc., 131 Technology Drive, Bethlehem, PA 18015 has submitted a Final Report (on behalf of his client, Paul Chernay, 7483 South Main Street, Coopersburg, PA 18036) concerning the remediation of site soils contaminated with polycyclic aromatic hydrocarbons and BTEX (benzene, toluene, ethylbenzene and xylene) compounds. The report is intended to document remediation of the site to meet the Statewide human health standard. A Notice of Intent to Remediate was simultaneously submitted. See additional *Pennsylvania Bulletin* notice.

Southcentral Regional Office: Environmental Cleanup Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Morris Residence, Dover Township, **York County**. Richard and Carol Morris have submitted a Final Report concerning remediation of site soils contaminated with BTEX and PAHs. The report is intended to document remediation of the site to meet the Statewide health standard.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Portec Rail Products, Inc., O'Hara Township, **Allegheny County**. Portec Rail Products, Inc., 900 Freeport Road, Pittsburgh, PA 15238, P. O. Box 38250, Pittsburgh, PA 15238-8250 and Joseph M. Harrick, Earth Sciences Consultants, Inc., One Triangle Drive, Export, PA 15632 have submitted a Final Report addressing soil and groundwater contaminated with BTEX and solvents. The report is intended to document remediation of the site to meet the Statewide health standard.

Northwest Regional Office: Craig Lobins, Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6648.

Pine Instrument Company (Former Cooper Energy Services Steel Service Center), 109 Madison Avenue, Grove City, PA 16127, **Mercer County**, Borough of Grove City, has submitted a Final Report to remediate soil. The site has been found to be contaminated with PAHs. The report is intended to document remediation of the site to meet the Statewide health standard. A summary of the Final Report was reported to have been published in the *Allied News* on August 5, 1998.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 4

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediations Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the Act 2 (Land Recycling and Environmental Remediations Standards Act) remediation standards. Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

Northeast Regional Field Office: Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2511.

Trenholm Residence, Upper Mt. Bethel Township, **Northampton County**. Kevin Van Kuren, President,

Hydrocon Services, Inc., 2945 South Pike Avenue, Allentown, PA 18103 submitted a final report (on behalf of his client, Steven H. Trenholm, 4079 Church Street, Portland, PA 18351) concerning the remediation of site soils contaminated with polycyclic aromatic hydrocarbons and BTEX (benzene, toluene, ethylbenzene and xylene) compounds. The final report demonstrated attainment of the Statewide human health standard, and was approved by the Department on August 24, 1998.

SOLID AND HAZARDOUS WASTE BENEFICIAL USE DETERMINATIONS

Department initiated permit issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

Central Office: Bureau of Land Recycling and Waste Management, Division of Municipal and Residual Waste, P. O. Box 8472, 14th Floor, Harrisburg, PA 17105-8472.

General Permit No. WMGR057: Transfer of spent mushroom substrate (SMS) prior to its beneficial use.

The Department of Environmental Protection, Bureau of Land Recycling and Waste Management, authorizes under General Permit No. WMGR057, the transfer and beneficial use of the spent mushroom substrate. This will be a Statewide general permit.

Under the terms and conditions of the general permit persons who are approved to transfer SMS for beneficial use will be required to meet, at a minimum, the following: compliance with The Clean Streams Law, compliance with the Solid Waste Management Act, conformance with minimum isolation distances, maintenance of operating records and submission of annual summary reports to the Department.

The Department is authorized under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), and section 287.611 of the residual waste management regulations to issue general permits. Any category of beneficial use or processing that results in beneficial use of municipal waste and residual waste on a regional or Statewide basis when the Department determines that the use does not harm or present a threat of harm to the health, safety or welfare of the public or the environment and the activity can be adequately regulated using standard conditions. The Department has determined that the transfer of SMS prior to its beneficial use can be adequately regulated using standard conditions. The Department has restricted the size of the SMS transfer facility not to exceed 15 acres. An individual or a separate general permit will be required for facilities exceeding 15 acres.

Persons requesting approval to operate under the terms of the general permit will be required to obtain a Determination of Applicability from the appropriate Department Regional Office for each site where spent mushroom substrate will be transferred. The following minimum information will be required to obtain a Determination of Applicability:

- (a) Name and address of applicant.
- (b) Name and location of facility with site drawings and maps showing isolation distances.

- (c) Number and title of general permit.
- (d) Proof that proposed transfer activities are consistent with the general permit.
- (e) A signed statement accepting all conditions of the general permit.
- (f) Proof of host municipal notification.
- (g) Proof of identification of interests.
- (h) Compliance history information.
- (i) An application fee in the amount of \$500.
- (j) A financial bond guaranteeing operation of the entire facility, if larger than 5 acres or handling greater than 6,000 cu. yds. of SMS per acre.

Persons interested in obtaining more information or a copy of this general permit may contact Peter Arnt, Jr., in the Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management at Rachel Carson State Office Building, 400 Market Street, P. O. Box 8472, Harrisburg, PA 17105-8472 or by calling (717) 787-7381. TDD users may contact the Department through the Pennsylvania Relay Service (800) 654-5984. No comments were received on the proposed general permit.

Special Conditions

General Permit No. WMGR057

1. The approval herein granted is limited to the transfer of spent mushroom substrate (SMS) prior to beneficial use. The SMS accepted at the transfer facility shall be non-liquid¹.
2. Approval to operate under this permit is limited to SMS transfer facilities which do not exceed 15 acres. The SMS transfer facility shall include the transfer pad, all raw materials and SMS storage areas and the finished SMS storage area (other than areas storing bagged product for retail sale).
3. A financial bond which guarantees the operation of the entire transfer facility is required for facilities larger than 5 acres but not exceeding 15 acres. The amount of the bond shall be based upon the total estimated cost to the Commonwealth to complete final closure of the facility and to take measures necessary to prevent any adverse impact upon public health, safety, welfare and the environment.
4. The total volume managed at the SMS transfer facility may not exceed 6,000 cubic yards per acre unless the facility has posted a financial bond which guarantees operation of the entire transfer facility.
5. Storage of incoming and outgoing SMS shall be consistent with Chapter 299 of the residual waste regulations.
6. Incoming and outgoing SMS shall be stored in a manner that prevents harborage or breeding of vectors, odors, litter and other nuisances which may effect public health, safety, welfare or the environment. Storage shall be in a manner that prevents dispersal of waste by wind or water erosion or a risk of fire or explosion. SMS may not be stored in a manner that causes groundwater or surface water contamination.
7. All SMS storage or transfer at the site shall be conducted on a pad. The SMS pad shall be constructed of concrete, asphalt, remolded asphalt or other materials approved by the Department. The pad shall be capable of containing and collecting all waste or liquid waste gener-

¹Shall be determined by EPA Method 9095 (paint filter liquid test) as described in the EPA Publication No. SW-846.

ated by the transfer facility. The pad shall be located in a well-drained area and sloped to prevent ponding. The pad shall be capable of maintaining structural integrity under normal operating conditions and all types of weather and be capable of supporting vehicular traffic on the pad. The pad shall be inspected by the operator for uniformity, damage and imperfections during construction and installation. The Department may require groundwater monitoring if the pad is not constructed from concrete, asphalt or remolded asphalt.

8. The SMS pad shall not be constructed where continuous or intermittent contact may occur between the pad and the groundwater or surface water.

9. The access road to the facility shall be paved or surfaced with asphalt, gravel, cinder or equivalent material and be capable of withstanding the load limits. The access road shall be maintained to control dust and to prevent or control the tracking of mud onsite or offsite.

10. Leachate from the SMS transfer facility, if generated, shall be collected and managed as residual waste.

11. This permit does not authorize and shall not be construed as an approval to discharge any industrial wastes, wastewater, leachate or runoff from the SMS transfer facility to the waters of this Commonwealth.

12. The facility shall not be located:

a) In the 100-year flood plain of waters of this Commonwealth;

b) In or within 300 feet of an exceptional value wetland;

c) In or within 100 feet of a wetland other than an exceptional value wetland;

d) Within 100 feet of a sinkhole or area draining into a sinkhole;

e) Within 300 feet measured horizontally from an occupied dwelling unless the owner has provided a written waiver consenting to the facility being closer than 300 feet;

f) Within 50 feet of a property line unless the owner has provided a written waiver consenting to the facility being closer than 50 feet;

g) Within 100 feet of a perennial stream;

h) Within 300 feet of a water source unless the owner has provided a written waiver consenting to the facility being closer than 300 feet; or

i) Within 300 yards of the following, if existing prior to the date the Department received and administratively complete application, unless a written waiver is obtained from the current property owner:

1. A building owned by a school district or parochial school and used for instructional purposes.

2. A park.

3. A playground.

13. Surface water management and erosion/sedimentation controls shall be provided during all phases of construction and operation of the facility, to meet applicable requirements of 25 Pa. Code Chapter 102 (relating to erosion control). In addition, a stormwater management system shall be designed to meet Federal and State stormwater regulations and stormwater shall be managed accordingly. Surface water controls shall be based on the most significant 25-year, 24-hour precipita-

tion event. Offsite surface water shall be diverted away from the pad and any storage areas.

14. Nothing in this permit shall be construed to supersede, amend or authorize a violation of any of the provisions of any valid and applicable local law, ordinance or regulation, providing that said local law, ordinance or regulation is not preempted by the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); and the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904)

15. As a condition of this permit and of the permittee's authority to conduct the activities authorized by this permit, the permittee hereby authorizes and consents to allow authorized employees or agents of the Department, without advance notice or search warrant, upon presentation of appropriate credentials and without delay, to have access to and to inspect all areas on which solid waste management activities are being, will be or have been conducted. This authorization and consent shall include consent to collect samples of waste, soils, water or gases; to take photographs; to perform measurements, surveys and other tests; to inspect any monitoring equipment; to inspect the methods of operation; and to inspect and/or copy documents, books and papers required by the Department to be maintained. This permit condition is referenced in accordance with sections 608 and 610(7) of the Solid Waste Management Act (35 P. S. § 6018.610(7)). This condition in no way limits any other powers granted under the Solid Waste Management Act.

16. Failure of the measures herein approved to perform as intended, or as designed, or in compliance with the applicable laws, rules and regulations, and terms and conditions of this permit, for any reason, shall be grounds for the revocation or suspension of the permittee's approval to operate under this permit.

17. The activities by this permit shall not harm or present a threat of harm to the health, safety or welfare of the people or environment of this Commonwealth. The Department may modify, suspend, revoke or reissue the authorization granted in this permit if it deems necessary to prevent harm or the threat of harm to the public health, the environment, or if the activities cannot be adequately regulated under the conditions of this permit.

18. Persons or municipalities that propose to operate under the terms and conditions of this general permit after the date of permit issuance must receive a Determination of Applicability from the Department's Regional Office which has jurisdiction for waste related activities in the County where the facility will be located. No activities shall commence unless specifically authorized in writing by the Department.

At a minimum, the following information must be provided on application forms available from the Department's Bureau of Land Recycling and Waste Management:

a. Name and street address of applicant;

b. Name and location of facility and of offsite SMS generators;

c. Quantities of SMS received from each generator;

d. Number and title of general permit;

e. A detailed site plan of the SMS transfer facility including engineered drawings of locations of all storage and transfer areas, access roads, property lines, contours, pad design, wells, utilities and the like. The plan shall

include a general description of the volumes of SMS to be received at the transfer facility;

f. A detailed description of SMS transfer activities including volumes of SMS generated onsite and offsite and screening of incoming SMS for acceptance or rejection;

g. A description of how leachate, if generated, will be collected and managed;

h. Proof that waste and waste management activities are consistent with the general permit;

i. Signed and notarized statement by the person who seeks Determination of Applicability to accept all conditions and operate under the terms and conditions of this general permit;

j. An application fee in the amount of \$500, payable to the Commonwealth of Pennsylvania;

k. Proof that copies of the Determination of Applicability application have been submitted to each municipality, county, county planning agency and county health department, if one exists, in which the transfer facility is or will be located;

l. Proof that the applicant has legal right to enter the land and perform the transfer facility activities approved under this permit;

m. A copy of the facility's Preparedness, Prevention and Contingency (PPC) plan, which is consistent with the Department's guidelines on the development and implementation of PPC plans;

n. An irrevocable written consent from the landowner giving the Department permission to enter upon land where the applicant will be conducting waste management activities;

o. Information that identifies the application (that is individual, corporation, partnership, government agency, association, and the like) and related parties, including the names and addresses of every officer who has a financial interest in or controls the facility operation;

p. A list of all previous permits or licenses issued to the applicant or any related parties by the Department or Federal government under the environmental protection acts; the dates issued, status and compliance history, concerning environmental protection acts;

q. Proof that any independent contractors retained by the applicant to perform any activities authorized under this permit are in compliance with State and Federal laws and regulations relating to environmental protection;

r. A financial bond guaranteeing operation of the entire facility if larger than 5 acres, but less than 15 acres, or having greater than 6,000 cubic yards of SMS per acre.

19. Any person operating under the provisions of this permit must notify the Department, in writing, if the transfer facility is relocated or if new locations are to be included under this permit by submitting information specified in Condition 18, above.

20. Any person that operates under the provisions of this permit shall immediately notify, in writing, the waste program Operations Manager of the appropriate regional office of the Department of any changes in the: name, address, owners, operators and/or responsible officials of the company; the physical or chemical characteristics of the waste; the generators of the waste; the process that generates the waste; the status of any permit issued by the State or Federal government under the environmental

protection acts; and the land ownership and the right to enter and operate on the land where the facility is located.

21. Daily records of the weights or volumes of incoming SMS and names of persons receiving the outgoing SMS from the transfer facility shall be maintained on the premises or at another location with the approval of the Department for at least 5 years. These records shall be made available for inspection by the Department staff upon request.

22. Persons operating under the provisions of this general permit must submit to the appropriate regional waste program of the Department a summary of volumes of waste received at the facility and the SMS transferred annually. The annual report is due on the anniversary date of a Determination of Applicability by the Department.

23. A copy of a Preparedness, Prevention and Contingency (PPC) plan, that is consistent with the Department's most recent guidelines, shall be maintained at each transfer facility and updated at least every 5 years. The permittee shall immediately implement the applicable provisions of the Department approved PPC plan for any emergency that affects or threatens public health, safety, welfare or the environment.

24. The permittee shall comply with the terms and conditions of this general permit and with the environmental protection acts to the same extent as if the activities were covered by an individual permit. The Department may require the permittee to apply for, and obtain, an individual permit or cease operation if the permittee is not in compliance with the conditions of this general permit or is conducting an activity that harms or presents a threat of harm to the health, safety or welfare of the people or the environment.

25. Upon cessation of operations at the transfer facilities, the operator shall remove any residual waste and structures or other materials which contain or have been contaminated with residual waste and shall provide for the processing and disposal of the waste or material in accordance with the Solid Waste Management Act, the environmental protection acts and the regulations promulgated thereunder.

26. Any waste generated from the SMS transfer facility shall be managed in accordance with the Solid Waste Management Act and the regulations promulgated thereunder.

27. All activities conducted under the authorization granted in this permit shall be conducted in accordance with the permittee's application. Except to the extent that the permit states otherwise, the permittee shall operate as described in the approved application.

28. This general permit does not authorize the discharge of air emissions. The permittee shall comply with all applicable requirements of the Air Pollution Control Act and 25 Pa. Code Subchapter C, Article III (relating to air resources) including the odor emissions contained in 25 Pa. Code § 123.31 (relating to limitations).

29. Based on the facility volume capacity, the SMS transfer facility may be subject to the plan approval and operating requirements of 25 Pa. Code, Chapter 127. If plan approval is required, the permittee may not construct, assemble, install or modify the facility prior to obtaining a plan approval from the Department's Bureau of Air Quality.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

The facility's major emission sources include various material handling lines and glass melting furnaces. The facility is a major facility due to its potential to emit of nitrogen oxides and sulfur oxides.

42-00028: Ball Foster Glass Container Co. (1 Railroad Avenue, Port Allegany, PA 16743) located in Port Allegany, **McKean County**. The facility's major emission sources include various material handling lines and glass melting furnaces. The facility is a major facility due to its potential to emit of nitrogen oxides and sulfur oxides.

37-00277: Emess Lighting, Inc. (One Early Street, Ellwood City, PA 16117) located in Ellwood City Borough, **Lawrence County**. The facility's major emission sources include various spray coating lines and a halogenated solvent vapor degreaser. The facility is a major facility due to its potential to emit of volatile organic compounds and trichloroethylene.

20-00123: Lord Corp., Industrial Products Division (124 Grant Street, Cambridge Springs, PA 16403) located in Cambridge Springs Borough, **Crawford County**. The facility's major emission sources include surface preparation of metal components, application of adhesives and spray lines. The facility is a major facility due to its potential to emit of volatile organic compounds.

10-00023: Mercer Lime and Stone Co. (P. O. Box 4, Branchton, PA 16021) located in Slippery Rock Township, **Butler County**. The facility's major emission sources include various material handling equipment and a rotary lime kiln. The facility is a major facility due to its potential to emit of sulfur oxides, nitrogen oxides and particulate matter less than 10 microns in diameter.

10-00028: Armstrong Cement and Supply Corp. (100 Clearfield Road, Cabot, PA 16023) located in Winfield Township, **Butler County**. The facility's major emission sources include various material handling equipment, two cement kilns and clinker coolers. The facility is a major facility due to its potential to emit of sulfur oxides, nitrogen oxides and particulate matter less than 10 microns in diameter.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of the written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (32 P. S. § 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.

SPECIAL NOTICES

Recycling Grant Award under the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101.

The Department of Environmental Protection (Department) announces the following correction to the amount

of a grant to a municipality for its recycling programs under the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, Act 101, P. L. 556, § 902. The grant was previously announced in the July 18, 1998 *Pennsylvania Bulletin*.

Grant funds are used to develop and implement recycling programs. Municipalities and counties are eligible for up to 90% funding of approved recycling program costs. Municipalities considered financially distressed under the Municipalities Financial Recovery Act (53 P. S. §§ 11701.101—11701.501) are eligible to receive funding for an additional 10% of approved costs. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101, and the availability of monies in the Recycling Fund.

Inquiries regarding the grant offerings should be directed to Carl Hursh, Chief of Recycling and Markets, Department of Environmental Protection, Bureau of Land Recycling and Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P. O. Box 8472, Harrisburg, PA 17105-8472.

Proposed Consent Decree

Easterly Sewage Treatment Plant Site

Logan Township, Blair County

Proposed Consent Decree

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), has entered into a Proposed Consent Decree with American Premier Underwriters (APU), the City of Altoona (City) and the Altoona City Authority (ACA). Under the Proposed Consent Decree, the City and the ACA will reimburse the Department for a portion of its past response costs incurred at the Easterly Site in the amount of \$25,000. In addition to the \$25,000, the Department has accepted the value of a portion of the work performed by the City and the ACA during and following the Department's interim response at the Site.

The City and the ACA will also contribute and perform in-kind work in support of APU's implementation of the final remedial response action to be conducted by APU at the Site under a separate Proposed Consent Decree between the Department and APU. Notice of the Proposed Consent Decree between the Department and APU was published in the *Pennsylvania Bulletin* on June 13, 1998. The in-kind work to be performed by the City and the ACA includes soil excavation, backfilling and grading; providing electric and telephone service; and collecting and treating groundwater from the waste pits during the implementation of the final remedial response action. The City and the ACA will also make a cash payment of \$70,000 to APU for implementation of the final remedial response action. The final remedial response action to be carried out is described in the June 13, 1998 *Pennsylvania Bulletin* notice for the Proposed Consent Decree between the Department and APU.

The City and ACA will also reimburse the Department for its future response and oversight costs. The Proposed Consent Decree provides for a Covenant Not to Sue and reservation of rights provided under section 505 of the Land Recycling and Environmental Remediation Standards Act (Act 2), and under section 706 of HSCA, and for contribution protection under section 705(c)(a) of HSCA. The Proposed Consent Decree is authorized by section 505(g) of HSCA. The Consent Decree is entered to expedite efficient remedial action, to minimize prolonged litigation and to resolve the City's and the ACA's liability to the Department under a Cost Recovery Complaint filed by the Department against APU, the City and the ACA in November 1995. The Proposed Consent Decree also resolves the liabilities of the City, the ACA and APU with respect to the cross-claims filed against each other as part of the Department's cost recovery complaint. The Proposed Consent Decree will be lodged with the Pennsylvania Commonwealth Court in Harrisburg, PA during the 60-day public comment period provided for under HSCA section 1113.

The Easterly Site is located approximately 0.25 mile north of East Altoona in Logan Township, Blair County, PA. The site includes two waste pits that were discovered in August 1989, during construction at the Easterly Sewage Treatment Plant to upgrade the facility. The pits are located immediately north of several treatment plant buildings and south of lagoons that contain sludges generated at the treatment plant. The combined surface area of the two pits is approximately 27,000 square feet. The Department conducted a Preliminary Site Investigation in 1989. The investigation revealed that groundwater was contaminated as a result of a release of hazardous substances from the waste pits. Waste and hazardous substances in the pits contained PCBs and volatile organic compounds (VOCs) including benzene, vinyl chloride, trichloroethene (TCE) and tetrachloroethene (PCE). The Department then conducted an interim response under section 505 of HSCA, in 1990—1991, which included excavation of approximately 8,000 cubic yards of soils from the pits and placement of the waste in an impoundment designed as an interim storage facility on the property. The material stored in the surface impoundment will be addressed during the final remedial response.

This notice is being provided under section 1113 of HSCA and is being published in the *Pennsylvania Bulletin* and the *Altoona Mirror*. The Proposed Consent Decree is available for public review and comments and is located in the Administrative Record for the Easterly Sewage Treatment Plant site. The Administrative Record is maintained by the Department in its Southcentral Regional Office at 909 Elmerton Avenue, Harrisburg, PA 17110 and in its Altoona District Office at 615 Howard Avenue, Altoona, PA 16601. Persons wishing to submit written comments may do so by sending them to Noreen Wagner at the Harrisburg address.

The public comment period extends for 60 days from the date of publication in the *Pennsylvania Bulletin*. At the close of the public comment period, the Department will file responses to any significant written comments received during the public comment period. Unless the Department determines, based upon the public comments received, that the Consent Decree is not in the public interest, the Department, the City, the ACA and APU will then file a Joint Motion to Enter the Consent Decree with the Commonwealth Court, requesting the Court approve

the Consent Decree. The Consent Decree becomes final upon the Court's approval and entry of the Consent Decree.

Availability of Technical Guidance

Technical Guidance Documents are on DEP's World Wide Web site (<http://www.dep.state.pa.us>) at the Public Participation Center. The "July 1998 Inventory" heading is the Governor's List of Non-regulatory Documents. The "Search the Inventory of Technical Guidance Documents" heading is a database of the Inventory. The "Final Documents" heading is the link to a menu of the various DEP bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to DEP's draft technical guidance documents.

DEP will continue to revise its documents, as necessary, throughout 1998.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a bound paper copy of the latest Inventory or an unbound paper copy of any of the final documents listed on the Inventory by calling DEP at (717) 783-8727.

In addition, bound copies of some of DEP's documents are available as DEP publications. Persons should check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Here is the current list of recent changes. Persons who have any questions or comments about a particular document should call the contact person whose name and phone number is listed with each document. Persons who have questions or comments in general should call Joe Sieber at (717) 783-8727.

Retention of Engineering Firms

**Bucks County
Project Reference No. 08430AG2243**

The Department of Transportation will retain an engineering firm to provide supplementary construction inspection staff of approximately fifteen (15) inspectors, under the Department's Inspector(s)-in-Charge for construction inspection and documentation services on the following projects:

1. S.R. 0132, Section S21, Bucks County

This project consists of the roadway restoration of Street Road including interconnection and signalization from Bustleton Avenue to Willopenn Drive in Upper and Lower Southampton and Bensalem Townships.

2. S.R. 0611, Section M07, Bucks County

This project consists of the roadway restoration of Traffic Route 611, including bituminous and concrete paving, concrete patching, minor structure repair and ramp construction from Edison-Furlong Road to Ferry Road in Doylestown Township.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be estab-

lished directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Ability to package and present the Letter of Interest in accordance with the "General Requirements and Information" section.
- b. Review of inspectors' resumes with emphasis on construction inspection capabilities, Department and District experience and supervisory experience.
- c. Specialized experience in bituminous and concrete paving, concrete patching, earthwork, minor structure repair and signalization.
- d. Number of NICET and NECEPT certified inspectors in each payroll classification.
- e. Understanding of Department's requirements, policies and specifications.
- f. Ability to provide two (2) "CDS" operator or person capable of inputting data into a personal computer (TCIS Classification).
- g. Past performance.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

A minimum of four (4) individuals submitted as part of your inspection staff (2 per project) must have a NECEPT Bituminous Field Technician Certification.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Ins. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	4 (2)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	7(5)
Technical Assistant (TA) (NICET Highway Construction Level 1 or equivalent)	4 (0)

The number(s) in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.

4. Hold a Bachelor of Science Degree in Civil Engineering or a Bachelor of Science Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

5. Hold an Associate Degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement per hour of inspection for each Department Payroll Classification for calendar year of 1998:

<i>Payroll Classification</i>	<i>Maximum Straight Time Reimbursement Per Hour Of Inspection</i>
(TCIS)	\$39.36
(TCI)	\$34.43
(TA)	\$23.67

The maximum reimbursement per hour of inspection includes all costs for providing construction inspection services at the project site during the normal work week.

Maximum reimbursement per hour of inspection for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required.

The firm selected will be required to supply the following equipment at no direct cost to the Department:

- a. 35 MM camera (one per project)
- b. Three (3) two-way radios/repeater equipment and base unit (maximum number per project)
- c. Safety vests—high visibility for inspectors
- d. Two (2) cellular phones (one per project)

The goal for Disadvantaged Business Enterprise (DBE) participation in this Agreement shall be fifteen percent (15%) of the total contract price. Additional information concerning DBE participation in this Agreement is contained in the General Requirements and Information Section after the advertised project(s).

Letters of interest for this project must include a letter, signed by the individuals you propose for all TCIS positions, giving their approval to use their name in your letter of interest for this specific project.

The maximum number of resumes to be included in the letter of interest shall be as follows:

<i>Classification</i>	<i>No. of Resumes</i>
TCIS	5
TCI	8

No resumes are required for the TA Classification.

The second copy of the letter of interest and required forms, (see general requirements and information section shall be sent to: Mr. Andrew Warren, District Administrator, District 6-0, 200 Radnor-Chester Road, St. Davids, PA 19087.

Any technical questions concerning the requirements for this project should be directed to: Mr. Joseph Meehan, District 6-0 at (610) 964-6555.

Any questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest and required information for each Project Reference Number for which the applicant wishes to be considered.

The first copy of the Letter of Interest and required information must be submitted to:

Mr. Charles W. Allwein, P.E., Chief
 Consultant Selection Committee
 7th Floor, Forum Place
 555 Walnut Street
 P. O. Box 3060
 Harrisburg, Pennsylvania 17105-3060

Note: The Zip Code for express Mailing is 17101-1900

The Letter of Interest and required information must be received within twenty (20) calendar days of this Notice. The Deadline for receipt of a Letter of Interest at the above address is 4:30 p.m. prevailing time of the twentieth day.

The second copy of the letter of interest and required information must be submitted to the appropriate District Engineer/Administrator or the Bureau Director as indicated in the individual advertisement. This copy must be postmarked or delivered on or before the deadline indicated above.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The Act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation

shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WEBs or combinations thereof.

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

Each Letter of Interest must include the following information and the information must be packaged and presented in the following order:

1. Transmittal Letter (Maximum of two (2) 8 1/2" × 11" typed pages, one side)

The subject heading of the transmittal letter must include the project reference number for which the applicant wishes to be considered, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. If the project advertisement indicated the Department will retain an engineering firm for the project, the applicant must indicate in the body of their transmittal letter the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans, specifications, plats, and reports issued by the firm.

2. Project Organizational Chart (one page, one side, maximum size 11" × 17")

This Chart must show key staff from the prime and each subconsultant and their area of responsibility.

3. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project" (one Form 255 for the project team)

The Standard Form 255 must be signed, dated, and filled out in its entirety, including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project.

Under Item 4 of this form, Column A must specify only the number of subconsultant personnel and Column B must specify only the number of prime consultant personnel to be assigned to work on this project reference number. Do not include the total personnel for either the subconsultant or prime consultant under Item 4 unless the total personnel are necessary to provide the required work and services.

The prime and each subconsultant may include no more than one page each for Items 10 and 11.

If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be currently certified by the Department of Transportation, and the name of the DBE and the work to be performed must be indicated in Item No. 6. If a Woman Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

4. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than one (1) year old as of the date of this advertisement, must accompany

each Letter of Interest for the firm, each party to a Joint Venture, and for each subconsultant the firm or Joint Venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor, or a Company, unless an acceptable Standard Form 254 for the prime and each subconsultant/subcontractor is on file in both the Bureau of Design and the Engineering District Office or Central Office Bureau identified in the individual project advertisement.

If the Standard Form 254 is not submitted with the Letter of Interest, the transmittal letter shall indicate the dates that the Standard Forms 254 were submitted to the Bureau of Design and appropriate Engineering District/Central Office Bureau.

These Forms must be assembled with the prime's form first, followed by the form for each subconsultant in the same order as the subconsultants appear in Item 6 of Form 255.

5. Workload Projection Graph (Not required for Construction Inspection Services)

Separate Workload Projection Graphs for the prime and each subconsultant shown in Item 6 of the Form 255 must be included and must indicate the firm's current and anticipated workload compared to the anticipated capacity available for the next two-year time frame. The Workload Projection Graphs must be submitted for the office(s) where the work would be performed and must only include the personnel classifications required for providing the advertised services and work.

6. Authorization Letters (For Construction Inspections Services, if required)

If the advertisement requires a letter signed by individuals giving their approval to use their name in the Letter of Interest, the letters from proposed prime employees must be first, followed by subconsultant employees, in the same order as shown in Item 6 of Form 255.

7. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

8. Overhead Rates (one page)

A single page summary must indicate the latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) for the prime consultant and each subconsultant. If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

9. Additional Information

Additional information, not to exceed ten (10) one sided 8 1/2" × 11" pages or five (5) double sided 8 1/2" × 11" pages may be included at the discretion of the submitting firm.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to

the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

Retention of Engineering Firms from Annual Letter of Interest

Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin and Potter Counties Project Reference No. 02ANLOI9801

The Department of Transportation requests Letters of Interest from firms who wish to be considered for engineering services during calendar years 1998 and 1999 on projects located in District 2-0, that is Cameron, Centre, Clearfield, Clinton, Elk, Juniata, McKean, Mifflin, and Potter Counties. The anticipated types of projects to be assigned from Letters of Interest received in response to this advertisement include but are not limited to: maintenance betterment projects, overlay projects, non-complex enhancement projects, non-complex structure replacements or rehabilitation projects, minor roadway relocations with minimal right-of-way involvement, slide and subsidence correction projects.

When the need for a Consultant is identified, the District Consultant Shortlist Committee will review all Letters of Interest on file and establish a shortlist of a minimum of three firms for further consideration. The shortlisted firms will be given a written project scope of work at which time they may select sub-consultants, if required, to provide additional technical expertise for the project. The shortlisted firms will submit, to the Department, technical proposals for evaluation and ranking for the purpose of negotiating an agreement. All Letters of Interest will be kept on file until December 31, 1999. There is no Disadvantaged Business Enterprise (DBE) requirement for this advertisement. However, individual projects may have a DBE goal that would (if prime is not a DBE/WBE) require a shortlisted firm to add a DBE/WBE firm to the specific project team.

The following factors, as a minimum, will be considered by the Department during the evaluation of the firms submitting Letters of Interest:

- a. Experience and technical competence of firm to provide the primary engineering services required for the project. Only primary work tasks will be considered when shortlisting. Auxiliary work tasks, such as environmental, geotechnical, and survey services will be evaluated at the technical proposal stage after the shortlisted Firm has had the opportunity to add subconsultants.
- b. The size of the firm.
- c. Available staffing for the assignment and the ability to meet the Department's needs.
- d. Past record of performance with respect to cost control, work quality, and ability to meet schedules on similar projects.
- e. Location of the Firm with respect to the project.

For certain projects, preference will be given to small firms. A small firm is defined as having less than one hundred people employed. Submissions are encouraged from small engineering firms, women owned business firms, disadvantaged business firms, and other engineering firms who have not previously worked for the Department.

Questions concerning the requirements for this Letter of Interest should be directed to Vasco A. Ordonez, P.E., District 2-0, at (814) 765-0439.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit two copies of a Letter of Interest to:

Mr. George M. Khoury, P.E., District Engineer, District 2-0, 1924-30 Daisy Street, P. O. Box 342, Clearfield, PA 16830.

The Letter of Interest may be submitted at any time but only those Letters of Interest that are on file when a project Shortlist Committee convenes will be considered for that project. At any time a firm may submit an updated Letter of Interest to reflect a change in staffing, workload, or other factors which may affect their overall qualifications and capabilities. Only the most recent Letter of Interest will be retained for consideration. The Department will not convene the first Shortlist Committee to evaluate Letters of Interest received from this advertisement until a minimum of 23 days after the date of this advertisement.

If an individual, firm, or corporation not authorized to engage in the practice of engineering desires to submit a Letter of Interest, said individual, firm, or corporation may do so as part of a Joint Venture with an individual, firm, or corporate which is permitted under the state law to engage in the practice of engineering.

Each Letter of Interest should include the following information and the information should be packaged in the following order:

1. Transmittal Letter (Maximum of two (2) 8 1/2" x 11" typed pages, one side)

The subject heading of the transmittal letter must include Project Reference Number 02ANLOI9801, the firm's legal name, fictitious name (if applicable), and the firm's federal identification number. The body of the transmittal letter must include the names and Professional Engineer License Number of individuals who are directing heads or employees of the firm who have responsible charge of the firm's engineering activities, and whose names and seals shall be stamped on all plans specifications plats, and reports issued by the firm.

2. Standard Form 254, "Architect-Engineer for Related Services Questionnaire"

A Standard Form 254, not more than three (3) months old as of the date of this advertisement, must be included. Do not include a Form 254 for any sub-consultants.

3. Registration To Do Business

Firms with out-of-state headquarters or corporations not incorporated in Pennsylvania must include, with each Letter of Interest, a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registra-

tion to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

4. Overhead Rate (one page)

A single page summary must indicate the Firm's latest audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR). If a FAR rate is not available, the latest rate available from a Certified Public Accountant must be indicated. New firms should indicate how long the firm has been in existence and when an audited overhead rate would be available.

5. Additional Information

Additional information, not to exceed four (4) one sided 8 1/2" x 11" pages or two (2) double sided 8 1/2" x 11" pages may be included at the discretion of the submitting firm.

Any information included in a letter of Interest, other than the above-stipulated information, will be discarded before the Department evaluates the Letter of Interest.

The assignments of the agreements for the above advertisement will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignments will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

ENVIRONMENTAL HEARING BOARD

Connaught Laboratories, Inc. (d/b/a Pasteur Merieux Connaught) v. DEP; EHB Doc. No. 97-264-MR

The Commonwealth of Pennsylvania, Department of Environmental Protection (Department) and Connaught Laboratories, Inc. d/b/a Pasteur Merieux Connaught (Connaught) have agreed to a settlement of the above matter regarding its facility located in Pocono Township, Monroe County.

On November 3, 1997, the Department issued Connaught an air quality plan approval to authorize construction and installation of a new boiler fired with No. 6 fuel oil. Connaught filed a timely appeal challenging three conditions involving the emission limitation for nitrogen oxides (NOx), the monitoring requirement for the sulfur content in No. 6 fuel oil and the monitoring requirement for the nitrogen content in No. 6 fuel oil.

The parties have agreed to a settlement which is contained in a Consent Adjudication and Order filed with the Board, the major provisions of which include:

1. Within 30 days following the Board's approval of the Consent Adjudication and Order, the Department will prepare and submit for publication a draft operating permit which contains the following conditions:

a. Under the Best Available Control Technology provision of 25 Pa. Code, Chapter 127, the facility is subject to the following air contaminant emission limitations:

<i>Pollutant</i>	<i>Emission Rate</i>
NO _x	400 PPM at 3% O ₂

The above limit is applicable only for No. 6 fuel oil containing less than or equal to 0.5% nitrogen by weight.

For No. 6 fuel oil containing more than 0.5% nitrogen by weight, the applicable NO_x emission rate shall be calculated by the following formula.

$$\text{Lb NO}_x/1000 \text{ gal} = 20.54 + 104.39(N)$$

Where N is the weight % of nitrogen in the No. 6 fuel oil.

b. The company shall monitor sulfur content in No. 6 fuel oil by certification from the fuel supplier for each shipment prior to any amount of fuel oil being combusted. The certification required by this condition may be based on sampling by the fuel supplier of the oil placed in storage in the tank or tanks from which the fuel supplier draws oil for shipment to the permittee.

c. The company shall maintain, onsite, a fuel certification from the fuel supplier of the nitrogen content of the fuel, and identification of the sampling method and sampling protocol for each shipment. The certification required by this condition may be based on sampling by the fuel supplier of the oil placed in storage in the tank or tanks from which the fuel supplier draws oil for shipment to the permittee.

2. Within 60 days following the close of the public comment period, the Department will take final action on Connaught's operating permit.

3. The Board's approval of this Consent Adjudication and Order shall terminate the appeal with prejudice.

Copies of the full agreement are in the hands of:

Barbara L. Smith, Assistant Counsel, Office of Chief Counsel, Department of Environmental Protection, 2 Public Square, Wilkes-Barre, PA 18711-0790, (717) 826-2519;

R. Timothy Weston, Esquire, Kirkpatrick & Lockhart, LLP, Payne-Shoemaker Building, 240 North Third Street, Harrisburg, PA 17101-1507, (717) 231-4500

and at the Offices of the Environmental Hearing Board and may be reviewed by any interested party on request during normal business hours.

Any person aggrieved by the above settlement has a right to appeal to the Environmental Hearing Board, Rachel Carson State Office Building, 400 Market Street, 2nd Floor, P. O. Box 8457, Harrisburg, PA 17105-8457. Appeals shall be filed within 20 days of this publication.

If information concerning this notice is required in an alternative form, please contact the Secretary to the Board at (717) 783-3483. TDD users may telephone the Board through the AT&T Pennsylvania Relay Center at (800) 654-5984.

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 11 a.m., Thursday, August 27, 1998, and took the following actions:

Regulation Approved:

#1925 Environmental Hearing Board #106-3: Practice and Procedure (amends 25 Pa. Code Chapter 1021).

#1970 Department of Labor & Industry #12-51: Construction of Prisons, Jails, Reformatories, Houses of Correction and the Like (amends 34 Pa. Code Chapter 50).

Commissioners Present: John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson; Arthur Cocodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
August 27, 1998

Department of Labor and Industry—Construction of Prisons, Jails, Reformatories, Houses of Correction and the Like; Regulation No. 12-51

Order

On July 27, 1998, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of Labor and Industry (Department). This rulemaking amends 34 Pa. Code Chapter 50. The authority for this regulation is found in 35 P. S. §§ 1221, et seq. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The Department is updating the fire and panic regulations which were first adopted in 1984. The existing regulations reference the 1981 edition of the National Fire Protection Association Life Safety Code 101 (Life Safety Code). The amendment changes the reference to the 1997 edition of the Life Safety Code.

We have reviewed this regulation and find it to be in the public interest. Existing regulations require jails and prisons to be constructed in accordance with standards included in the Life Safety Code. The proposed amendment eliminates an outdated reference to the Life Safety Code.

Therefore, It Is Ordered That:

1. Regulation No. 12-51 from the Department of Labor and Industry, as submitted to the Commission on July 27, 1998, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Alvin C. Bush, Vice Chairperson; Arthur Cocodrilli; Robert J. Harbison, III; John F. Mizner

Public Meeting held
August 27, 1998

Environmental Hearing Board—Practice and Procedure; Regulation No. 106-3

Order

On February 4, 1998, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Hearing Board (EHB). It amends 25 Pa. Code Chapter 1021 relating to the EHB's practice and procedure rules. The authority for this rulemaking is section 5(c) of the Environmental Hearing Board Act (35 P. S. § 7515(c)). The proposed regulation was published in the February 14, 1998 edition of the *Pennsylvania Bulletin*, with a 30-day public comment period. The final-form regulation was submitted to the Commission on July 27, 1998. On August 3, 1998, the Commission received a request from the EHB to toll consideration of the final-form regulation in order to correct some drafting errors in the language of section 1021.52, relating to timeliness of appeal, and to revise some language in the Preamble. On August 5, 1998, the EHB submitted its revisions to the final-form regulation to the Commission.

This rulemaking updates and refines ten sections of the EHB's procedural rules to make them more similar to rules of practice before the courts of common pleas and the Federal district courts.

We have reviewed this revised final-form regulation and find it to be in the public interest. The amendments will benefit all litigants before the EHB by making the EHB's procedures more consistent with those of the court systems, and contribute to the expeditious processing of cases before the EHB.

Therefore, It Is Ordered That:

1. Regulation No. 106-3 from the Environmental Hearing Board, as revised on August 5, 1998, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY AND DEPARTMENT OF ENVIRONMENTAL PROTECTION

Clean Water State Revolving Fund Projects; Public Meeting on Federal FY 1999 Intended Use Plan

The Pennsylvania Infrastructure Investment Authority (PIIA) and the Department of Environmental Protection (Department) have prepared the Federal fiscal year 1999 Intended Use Plan (IUP) list of municipal sewage projects to be considered for a construction loan from funds Pennsylvania expects to receive from fiscal year 1999 federal appropriation Acts to capitalize the Clean Water State Revolving Fund (CWSRF) program.

The projects to be considered for a loan from the CWSRF must meet the Federal requirements for funding in accordance with Title II and Title VI of the Water Quality Act. Accordingly, the projects included in the IUP are expected to meet the requirements applicable to use of the CWSRF loan funds. Projects listed on the FY 1999 IUP are on Pennsylvania's approved FY 98/99 Project Priority List and are expected to proceed to construction in the near future. Any project removed from an IUP is maintained on the Project Priority List unless otherwise completed.

In addition, the Department and the PIIA anticipate adding approximately 13 new sewage projects to the approved FY 98/99 Project Priority List. Any person wishing to provide comments on the addition of new projects to the priority list may send those comments to the Department at the Market Street address listed within this notice. A copy of the list of projects proposed to be added to the FY 98/99 Project Priority List is available upon request from any of the offices listed within this notice. A copy of the revised Project Priority List will be available for review in the offices listed within this notice after November 1, 1998.

The FY 1999 IUP has 26 municipal sewage construction projects listed with a total dollar value of approximately

\$70.5 million. The CWSRF will be capitalized with approximately \$42.5 million of Federal FY 1999 funds from the Environmental Protection Agency and approximately \$8.5 million of State funds. Some \$20.0 million of CWSRF loan repayments will be used to allow additional project funding opportunities on the FY 1999 IUP. Some \$1.7 million will be set aside for program administration costs, as described in the narrative portion of the IUP.

A public meeting will be held, as described within this notice. After the public meeting and assessment of the comments received, the Final FY 1999 IUP will be completed, and potentially, it may include other projects from the Project Priority List. A project must appear on the PIIA approved IUP before it can receive a loan from the CWSRF. A project's readiness to proceed and the reasonable availability of alternative funds also have a bearing on project selection for the IUP. Consequently, the rank ordered list of projects on the Project Priority List does not dictate the order in which they will be chosen for inclusion in the IUP.

Federal guidance on development of the IUP directs that the project list be subject to public review and comment before being submitted to the United States Environmental Protection Agency.

The Department has scheduled a public meeting for 10 a.m., October 14, 1998, in the Auditorium of the Rachel Carson State Office Building, located at 400 Market Street, Harrisburg, PA. The meeting is scheduled for the purpose of receiving comments from the public regarding the FY 1999 IUP. Interested persons are invited to express their views on the priority rating or ranking of projects on the IUP at the public meeting. Persons wishing to offer comments should contact the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, (717) 787-6744, or by Internet E-Mail (Maisano.Tony@a1.dep.state.pa.us) by 4 p.m., October 13, 1998. Where written statements are prepared and will be submitted at the meeting, speakers will be asked to restrict the oral portion of the statement to a summary of the written comments. Speakers will be called to present their comments generally in the order of receipt of the notice of intent to appear at the meeting.

It is not necessary to appear at the public meeting to present comments on the narrative portion of the IUP or the IUP list of projects. Interested persons may submit written comments to the Department at the address shown above. The written comments will be considered equivalent to oral statements presented at the meeting. To be considered by the Department and the PIIA, the written comments must be received by the Administrative Services Section on or before the date of the meeting.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Tony Maisano as noted or through the Pennsylva-

nia AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

A copy of the FY 1999 CWSRF IUP list of projects follows this notice. A copy of the list, as well as the narrative portion of the CWSRF IUP, are available for public review in the offices listed at the end of this notice. In addition, based on new or additional information related to project ratings or other relevant factors, prior fiscal year IUP lists have been revised and are available by contacting these same offices.

Drinking Water State Revolving Fund Projects; Public Meeting on Federal FY 1999 Intended Use Plan

The Pennsylvania Infrastructure Investment Authority (PIIA) and the Department of Environmental Protection (Department) have prepared the Federal fiscal year 1999 drinking water program Intended Use Plan (IUP) list of drinking water projects to be considered for a design and engineering or construction loan from funds Pennsylvania expects to receive from fiscal year 1999 funds approved by Congress to capitalize the Drinking Water State Revolving Fund (DWSRF) program.

The projects to be considered for a loan from the DWSRF must meet the Federal requirements for funding in accordance with section 1452 of the Federal Safe Drinking Water Act (act). Accordingly, the projects included in the IUP are expected to meet the requirements applicable to use of the DWSRF loan funds. Projects listed on the FY 1999 IUP are on Pennsylvania's approved FY 98/99 Project Priority List and are expected to proceed with design and engineering or to construction in the near future. Other projects on the DWSRF Project Priority List are projects that are in development or will be developed for future loan consideration. Any project removed from an IUP is maintained on the Project Priority List unless otherwise completed.

In addition, the Department and the PIIA anticipate adding approximately 36 new drinking water projects to the approved FY 98/99 Project Priority List. Any person wishing to provide comments on the addition of new projects to the priority list may send those comments to the Department at the Market Street address listed within this notice. A copy of the list of projects proposed to be added to the FY 98/99 Project Priority List is available upon request from any of the offices listed within this notice. A copy of the revised Project Priority List will be available for review in the offices listed within this notice after November 1, 1998.

The FY 1999 IUP has 22 drinking water projects listed with a total dollar value of approximately \$21.4 million. The DWSRF will be capitalized with approximately \$24.0 million of Federal FY 1999 funds from the Environmental Protection Agency and approximately \$4.8 million of State funds. Some \$7.4 million of available Federal funds will be set-aside for program administration costs, technical assistance to small systems, operator training and certification and source water assessment and protection, as authorized under section 1452 of the act. The IUP also includes a narrative workplan further describing how these set-aside funds will be used.

A public meeting will be held, as described within this notice. After the public meeting and assessment of the comments received, the Final FY 1999 IUP will be completed, and potentially, it may include other projects from the Project Priority List. A project must appear on the PIIA approved IUP before it can receive a loan from the DWSRF. A project's readiness to proceed and the reasonable availability of alternative funds also have a bearing on project selection for the IUP. Consequently, the rank ordered list of projects on the Project Priority List does not dictate the order in which projects will be chosen for inclusion in the IUP.

Federal guidance on development of the IUP requires that it be subject to public review and comment before being submitted to the United States Environmental Protection Agency.

The Department has scheduled a public meeting for 10 a.m., October 14, 1998, in the Auditorium of the Rachel Carson State Office Building, located at 400 Market Street, Harrisburg, PA. The meeting is scheduled for the purpose of receiving comments from the public regarding the fiscal year 1999 IUP. Interested persons are invited to express their views on the narrative portion of the IUP, the set-aside workplan or the priority rating or ranking of projects on the IUP at the public meeting. Persons wishing to offer comments should contact the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, (717) 787-6744, or by Internet E-Mail (Maisano.Tony@a1.dep.state.pa.us) by 4 p.m., October 13, 1998. Where written statements are prepared and will be submitted at the meeting, speakers will be asked to restrict the oral portion of the statement to a summary of the written comments. Speakers will be called to present their comments generally in the order of receipt of the notice of intent to appear at the meeting.

It is not necessary to appear at the public meeting to present comments on the narrative portion of the IUP, the set-aside workplan or the IUP list of projects. Interested persons may submit written comments to the Department at the address shown above. The written comments will be considered equivalent to oral statements presented at the meeting. To be considered by the Department and PIIA, the written comments must be received by the Administrative Services Section on or before the date of the meeting.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Tony Maisano as noted above or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

The FY 1999 DWSRF IUP list of projects follows this notice. A copy of the list, as well as the narrative portion of the IUP and set-aside workplan, are available for public review in the offices listed at the end of this notice. In addition, based on new or additional information related to project ratings or other relevant factors, prior fiscal year IUP lists have been revised and are available by contacting these same offices.

Solicitation of Public Comment on the Investigation of Local Telephone Numbers to Internet Service Providers by Competitive Local Exchange Carriers; Doc. No. P-00981404

On August 27, 1998, the Pennsylvania Public Utility Commission (Commission) approved a motion in Docket No. P-00981404 which opened a generic investigation into the question of whether Internet traffic and Internet calls in this Commonwealth are local. The motion responded to a petition filed by Bell Atlantic—Pennsylvania, Inc. (Bell), which asked the Commission to open a generic investigation of competitive local exchange carrier (CLEC) issuance of local numbers to Internet Service Providers (ISPs).

In its petition, Bell disputed the practice of assigning local telephone numbers to ISPs claiming that the calls are not actually handed to the ISP within the same local calling area where the calls originate. Bell stated that this requires it to carry the calls outside the local calling

area. Bell contended that this allows the CLEC to falsely bill Bell for reciprocal compensation that only applies to local calls.

Through approval of the motion, the Commission has agreed to open an inquiry as Bell requested and to expand the inquiry to include fundamental question as to whether Internet traffic and Internet calls are local as a matter of policy in this Commonwealth.

The Commission is inviting public comment on the issues set forth above. The deadline for filing initial comments is September 22, 1998. Reply comments may be filed no later than September 28, 1998. Anyone submitting comments or reply comments must file an original and four copies with the Commission's Secretary for filing at Docket No. P-00981404. Persons submitting comments or reply comments should also file a diskette containing an electronic read-only version of their comments in Microsoft Word 6 format clearly identifying the party, docket number, nature of filing and contact person.

The contact person at the Commission regarding this proceeding is Louise Fink Smith, Office of Special Assistants (717) 787-1827. A copy of the August 27, 1998 motion as well as the subsequent Commission order memorializing the motion may be obtained from Lisa Hiegly in the Office of the Secretary at (717) 787-1013.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.
