READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

ORDER OF COURT

AND NOW this ___ day of ___, 20 ___, it is hereby

ORDERED and DECREED as follows:

1. This Order of Court shall govern the custodial situation of the following children:

2. In accordance with the statutory laws of this Commonwealth, each party shall be provided all access to the medical, dental, religious and school records of the child(ren) involved.

3. Jurisdiction of the child(ren) and this matter shall remain with the Court of Common Pleas of Carbon County, Pennsylvania, unless or until jurisdiction would change under the Uniform Child Custody Jurisdiction Act.

4. The welfare of the child(ren) shall be the primary consideration of the parties in any application of the terms of this Agreement. The parties shall exert every reasonable effort to foster a feeling of affection between the child(ren) of the other party.

5. Primary physical custody of the child(ren) shall be as follows:

6. The Plaintiff/Defendant, Father/Mother, shall have partial physical custody/supervised physical custody in accordance with the following schedule:

- (a) During the week:
(b) Weekends:
(c) Major Holidays:
(d) Minor Holidays:
(e) Mother's Day and Mother's Birthday shall be with the Mother;
(f) Father's Day and Father's Birthday shall be with the Father.
(g) Child(ren)'s Birthday(s):
(h) Vacation/Summers:
(i) Other times:

7. All other periods of partial physical custody/supervised physical custody shall be by mutual agreement of both parties after reasonable request, and such agreement shall not be unreasonable withheld.

8. The retrieving party shall provide transportation unless otherwise agreed to by the parties as follows:

9. Each party agrees to keep the other advised of their current residential address and telephone number. Each party shall be entitled to speak to the child(ren) by telephone at reasonable times and intervals when the child(ren) is/are in the custody of the other party.

10. Each party agrees to give to the other a general itinerary of all vacations they plan to take with the child(ren).

11. Each party shall endeavor to give at least twenty-four (24) hours prior notice to the other in the event that it will not be possible to exercise any of the rights herein identified.

No party may make a change in the residence of any child which significantly impairs the ability of the other party to exercise custodial rights without first complying with all of the applicable provisions of 23 Pa.C.S. § 5337 and Pa.R.C.P. No. 1915.17 regarding relocation.

The attached "Appendix to Order" is incorporated herein and shall be part of this Order.

BY THE COURT:

J.

APPENDIX TO ORDER

Certain rules of conduct generally applicable to custody matters are set forth below and are binding on both parties, the breach of which could become the subject of contempt proceedings before this Court, or could constitute grounds for amendment of our order.

1.

Neither party will undertake nor permit in his or her presence the poisoning of the minor child's mind against the other party by conversation which explicitly or inferentially derides, ridicules, condemns, or in any manner derogates the other party.

2.

The parties shall not conduct arguments or heated conversations when they are together in the presence of their child(ren).

3.

Neither party will question the child(ren) as to the personal lives of the other parent except insofar as necessary to insure the personal safety of the child(ren). By this we mean that the child(ren) will not be used as a spy on the other party. It is harmful to a child to be put in the role of "spy".

4.

Neither party will make extravagant promises to the minor child(ren) for the purposes of ingratiating himself or herself to the minor child(ren) at the expense of the other party; further, any reasonable promise to the child(ren) should be made with the full expectation of carrying it out.

5.

The parties should at all times consider the child(ren)'s best interests, and act accordingly. It is in a child(ren)'s best interests to understand that he or she is trying desperately to cope with the fact of his parents' separation, and needs help in loving both parents, rather than interference of censure.

6.

The parties should remember that they cannot teach their child(ren) moral conduct by indulging in improper conduct themselves. Children are quick to recognize hypocrisy, and the parent who maintains a double standard will lose the respect of his or her child(ren).

7.

Any period of custody shall be subject to the following rules:

A. Arrangements will be worked out beforehand between the parties without forcing the child(ren) to make choices and run the risk of parental displeasure. However, the child(en) shall be consulted as to the child(ren) schedule.

B. Custodial rights should be exercised at reasonable hours and under circumstances reasonably acceptable to the other party and to the needs and desires of the minor child(ren).

C. If a party finds him or herself unable to keep an appointment, he or she should give immediate notice to the other party, so as to avoid subjecting the child(ren) to unnecessary apprehension and failure of expectations.

D. The party having custody of the child(ren) should prepare the child(ren) both physically and mentally for the custody with the other party and have the child(ren) available at the time and place mutually agreed upon.

E. If either party or the child(ren) has plans which conflict with a scheduled period of custody and wish to adjust such period, the parties should make arrangements for an adjustment acceptable to the schedules of everyone involved. Predetermined schedules are not written in stone, and both parties should be flexible for the sake of the child(ren).

F. If a party shows up for their partial physical custody/supervised physical custody under the influence of alcohol or drugs, the period of partial physical custody/supervised physical custody may be considered forfeited on those grounds alone.

8.

During the time that the child(ren) is/are living with a party, that party has the responsibility of imposing and enforcing the rules for day-to-day living. However, unless otherwise ordered, both parents should consult with one another on the major decisions affecting the child(ren)'s life, such as education, religious training, medical treatment, and so forth.

Rule 1915.4. Prompt Disposition of Custody Cases. Disposition by Hearing Officer.

1 Upon the filing of any claim or modification petition for custody the moving party shall deposit with the Prothonotary in addition to the filing fee the sum of \$150.00 unless excused by the Court. If the Hearing Officer determines at the pre-hearing conference that the custody issues are complex and that additional sums should be deposited to cover the payment of the Hearing Officer's fees, the Hearing Officer shall prepare an order for the Court directing the deposit of additional sums of money and allocating who shall be responsible for deposit of additional funds.

2 A pre-hearing conference shall be scheduled before a hearing officer no sooner than thirty (30) days but no longer than forty-five (45) days after the filing of the complaint or petition to modify. This conference will focus on issues for resolution by the Court, any agreements of the parties and negotiated settlement of the case.

3 If the parties agree on a custodial arrangement, a consent order shall be entered pursuant to CARB.R.C.P. 1915.7.

4 If the parties are unable to agree, the Hearing Officer shall prepare and forward to the Court within 10 days a recommended Interim Custody Order established in the best interest of the child(ren). This order shall list the date and time of the custody trial before the Court and, if requested by one of the parties or ordered sua sponte by the Court, the date and time of the pretrial conference before a Judge. If a pretrial conference is scheduled before a Judge, the pretrial procedures and requirements of the pretrial statement shall comply with Pa.R.C.P. 1915.4-4. If a custody trial is scheduled before a Judge, the Interim Custody Order shall direct the parties to file a Pretrial statement at least seven (7) days prior to the trial, which shall contain:

- a. A clear concise statement of the issues to be resolved by the Court;
- b. Unresolved discovery matters;
- c. Name and address of each expert whom the party intends to call at trial as a witness;
- d. Name and address of each witness the party intends to call at trial, the relationship of that witness to the party and a statement by the party or the party's counsel that he or she has communicated with each listed witness;
- e. Issues relating to expert witnesses;
- f. List of evidentiary disputes;
- g. List of exhibits;
- h. Any agreements of the parties;
- i. Proposed Findings of Fact; and

j. Proposed Custody Order setting forth the custody schedule requested by the party.

5. If the hearing is to be held before the Hearing Officer, the moving party shall be responsible to secure the services and attendance of an outside court reporter for said hearing and shall be responsible for payment of same unless the Court places the payment responsibility on the other party.

Rule 1915.7. Consent Order.

A proposed consent order substantially in the same form as Form "A" following this Rule shall be attached to the stipulation or agreement.

Order

And Now, this 17th day of September, 2013; *It Is Hereby Ordered* that the previously-listed Washington County Local Custody Rules be restated as follows.

These rules will become effective thirty days after publication in the *Pennsylvania Bulletin*.

By the Court

DEBBIE O'DELL SENECA,
President Judge

ACTIONS FOR CUSTODY, PARTIAL CUSTODY,
AND VISITATION OF MINOR CHILDREN

L-1915.1. Scope.

(a) These Rules shall apply to actions for custody, partial custody, and visitation of minor children and to modification of existing orders relating thereto as governed by the Pa.R.C.P. 1915.1—1915.25 and by reference, 1920.32.

(b) A copy of these rules shall be maintained by the Court Administrator's Office and a copy shall be provided to the Prothonotary and County Law Library and be made generally available pursuant to Pa R.C.P. 239(c)(5).

L-1915.2. Reserved.

L-1915.3. Commencement of Action, Complaint, Order.

(a) All actions raising custody, partial custody, visitation or modification of existing orders for minor children shall be commenced by the filing of a verified complaint or, in the case of a custody count in a divorce complaint, a petition and a separate scheduling order as set forth in Appendix E. The scheduling order located in Appendix E must also be filed and processed in accordance with this rule when any Divorce Complaint with a Custody Count is filed or when any Custody Count is filed separately.

(b) The moving party shall proceed to the Civil Division of the Court Administrator's Office with an original and two (2) copies of the complaint or petition and the separate scheduling order for an assignment of a date and a time for the Pre-Custody Conciliation Meeting. The Pre-Custody Conciliation Meeting shall be scheduled for a date and a time not later than forty-five (45) days after the filing of the complaint or petition. The Civil Division of the Court Administrator's Office will present the complaint or petition to the Family Court Judge to whom the case is assigned for signature and return the signed complaint or petition to the moving party. The moving party will file the complaint or petition with the Prothonotary's Office. The Civil Division of the Court Administrator's Office will not file complaints or petitions on behalf of parties. A copy of the scheduling order will then be delivered by the moving party to the Civil Division of the Court Administrator's Office. The Civil Division of the Court Administrator's Office will give parenting program information as well as the Parent Plan form to the moving party. The moving party shall attach copies of each to the filed, time-stamped copies of the complaint or petition and serve the defendant(s) with the complaint or petition, the parenting program information and a copy of the Parent Plan form.

(c) The moving party shall file proof of service of the complaint or petition with the Washington County Prothonotary and provide a copy of the proof of service of the complaint or petition, the parenting program information,

and a copy of the Parent Plan form to the Civil Division of the Court Administrator's Office prior to the Pre-Custody Conciliation Meeting.

(d) The presentation of the pleadings referred to in subdivision (a) shall be the responsibility of the moving party and if necessary, may be ex parte. The moving party shall be responsible for filing and serving the pleadings in accordance with Pa.R.C.P. 1915.3 and 1915.4. The moving party shall insure that a minimum of seven (7) days notice of the meeting or conference or any other appropriate proceeding is afforded to any interested parties. In the event seven (7) days' notice cannot be afforded to any interested parties, the moving party shall notify the Civil Division of the Court Administrator's Office forthwith.

(e) All appropriate costs and fees shall be paid at the time of filing.

(f) A duplicate copy of other pleadings and other documents shall be filed with the Prothonotary who shall forward it to the Civil Division of the Court Administrator's Office, specifically including petitions and orders to bifurcate proceedings.

(g) Petition for Confirmation of Custody.

(1) Any party may seek confirmation of his or her existing (de facto) legal and/or physical custody of any child by presenting a Petition for Confirmation of Custody to the Family Court Judge in Motions' Court.

(2) The Petition shall be substantially in the form of Pa.R.C.P. 1915.15 and a copy of the most recent custody order relating to the child or children must be attached if any exist.

(3) All persons having or claiming any right to custody of the child or children must either consent in writing to the Petition, or be given seven (7) days written notice of the presentation of the Petition.

(4) Notice of presentation of the Petition must be given in accordance with Pa.R.C.P. 1930.4 regarding service of original process in domestic relations matters. Proof of service must be attached to the Petition.

(5) If none of the person(s) who were given notice appear to oppose the Petition, the Court may grant the relief requested and confirm custody in the person who brought the Petition.

(6) The order attached to the Petition Confirming Custody shall be as set forth in Appendix C.

L-1915.4. Parenting Program.

As a prerequisite to court involvement in a custody matter, all parties to the action are ordered to attend the mandatory parenting program prior to the Pre-Custody Conciliation Meeting. Failure of a party to attend the parenting program will result in sanctions against the party up to and including being prohibited from proffering evidence in the Meeting or Conference, or being held in contempt by the Court. See Administrative Regulation 2002-1.

L-1915.5. Motions.

(a) Objections to jurisdiction or venue, motions concerning discovery, joinder of parties, psychological or psychiatric examinations, and appointment of counsel for minors shall be presented to the Family Court Judge to whom the case is assigned.

(b) If the issue of paternity is raised, the parties shall immediately apply for appropriate relief to the Family Court Judge to whom the case is assigned, with all Custody proceedings to be stayed pending resolution of the paternity issue.

L-1915.6—1915.7. Reserved.**L-1915.8. Physical and Mental Examination of Persons.**

Issues concerning physical and mental examinations of persons will be addressed directly to the Family Court Judge to whom the case is assigned who will follow the procedures set forth in Pa R.C.P. 1915.8.

L-1915.9-L—1915.11. Reserved.**L-1915.12. Contempt.**

All petitions for contempt for failure to comply with an Order related to custody shall be presented to the Family Court Judge to whom the case is assigned. The Family Court Judge to whom the case is assigned may refer the Petition, at his/her discretion, to the Child Custody Conference Officer for conference and review. If a resolution of the matter cannot be made promptly, the Child Custody Conference Officer will refer the contempt proceeding to the Family Court Judge to whom the case is assigned, and a date for a hearing will be set by the Court. The petition for contempt shall begin with a notice and order conforming with Pa.R.C.P. 1915.12.

L-1915.13. Special Relief.

Motions for special relief should be for matters of an emergency nature and shall be presented to the Family Court Judge to whom the case is assigned. A Complaint for Custody or petition must be prepared if one has not already been filed, a Child Custody Conference Officer appointed and a Pre-Custody Conciliation Meeting date set, which then is presented to the Judge with the motion for special relief. After presentation of the motion for special relief, the moving party shall file the complaint and scheduling order and shall effect service forthwith. Other matters of a non-emergency nature, as set forth in Local Rule 1915.32, shall be disposed of in accordance with that Rule. Special Relief may be denied without a hearing.

L-1915.14-L—1915.25. Reserved.**L-1915.26. Child Custody Conference Officer.**

The position of Child Custody Conference Officer is hereby established. The Child Custody Conference Officer shall be appointed by the Court and shall be a member in good standing of the Pennsylvania Bar. The Child Custody

Conference Office may act as a Hearing Officer when hearing matters pursuant to Pa.R.C.P. 1915.4-2.

L-1915.27. Process.

(a) Where a claim for custody, partial custody, or visitation is joined with an action of divorce, having been raised by complaint, counterclaim, or a subsequent petition, this claim will not be heard by the Court unless the matter is placed at issue by either of the parties filing a Complaint or Petition for Custody in accordance with Local Rule 1915.3.

(b) A petition to modify a custody order will be assigned to the Child Custody Conference Officer who handled the original custody complaint when possible.

L-1915.28. Continuances.

(a) Motions for continuances of proceedings before the Child Custody Conference Officers will be presented by the moving party to the Family Court Judge to whom the case is assigned in Motions Court prior to the scheduled proceeding. The order granting or denying the continuance will be filed in the Prothonotary's Office. A copy of an order granting a continuance will be delivered by the moving party to the Civil Division of the Court Administrator's Office.

(b) A \$25.00 fee will be charged for continuances. Except in the case of an emergency, when a party seeks and receives a continuance on the day of a scheduled meeting or conference the party will be charged a \$75.00 fee. The fee will be paid by the moving party to the Prothonotary's Office when the Motion and Continuance Order are filed. The fee shall be paid in the form of a check or money order payable to the Washington County Prothonotary.

(c) Motions for continuances shall be set forth in writing containing the following information:

1. A clear, concise, and certain reason for the motion.
2. A statement that opposing counsel or the opposing party, if unrepresented, has no objection to the request for continuance, if applicable.
3. A statement of the number of prior continuances, if any.
4. If another court appearance is the reason for the request, a copy of the notice or Order of the conflicting hearing shall be attached.

(d) The Notice of Presentation of the Continuance Motion shall include the date of service of the motion upon the opposing counsel or the opposing party, if unrepresented.

L-1915.29. Pre-Custody Conciliation Meeting Procedure.

(a) The parties shall make a good faith effort to resolve the custody and/or visitation issues prior to the meeting. If resolution occurs prior to or at the time of the meeting, a proposed order may be drafted in accordance with Pa.R.C.P. No. 1915.7 and submitted to the Court for approval through the Child Custody Conference Officer, or the parties may follow L-1915.30(b).

(b) The Civil Division of the Court Administrator's Office will give counsel of record at least ten (10) days notice before any proceeding is conducted.

(c) The Civil Division of the Court Administrator's Office will give a party who is not represented by counsel at least ten (10) days notice before any proceeding is conducted.

L-1915.30. Pre-Custody Conciliation Meeting.

(a) Each parent shall file a Washington County Parent Plan form with the Civil Division of the Court Administrator's Office no later than thirty (30) days from the filing of the Custody Complaint or Modification Petition. The Parent Plan form may be found at Appendix F. The finder of fact may draw a negative inference against the party who fails to comply with this requirement.

(b) The parties may also at any time present a Consent Custody Order to the Family Court Judge to whom the case is assigned. If a Pre-Custody Conciliation Meeting or Custody Conciliation Conference has been previously scheduled at the time a party presents the Consent Custody Order to the Family Court Judge, the party shall provide a copy of the signed Consent Custody Order to the Civil Division of the Court Administrator's Office to ensure the Pre-Custody Conciliation Meeting or Custody Conciliation Conference is cancelled.

(c) If no Consent Custody Order pursuant to subsection (b) is presented to the Family Court Judge to whom the case is assigned, the Pre-Custody Conciliation Meeting shall proceed as originally scheduled.

(1) All parties shall be present at the Pre-Custody Conciliation Meeting unless otherwise ordered by the Court.

(2) The Child Custody Conference Officer will attempt to mediate the differences between the parties using

mediation skills to come to an amicable settlement of those differences.

(3) The Child Custody Conference Officer will insure that the parties have submitted the completed Parent Plan form. The finder of fact may draw a negative inference against the party who fails to comply with this requirement. The Child Custody Conference Officer shall also insure that the mandated parenting program has been completed by the parties and certification presented.

(4) If the issue of custody cannot be resolved at the pre-custody conciliation meeting or continued meeting, the Child Custody Conference Officer shall schedule a custody conciliation conference if he/she determines that the issue concerns primary physical custody.

(5) If the issue of custody cannot be resolved at the pre-custody conciliation meeting or continued meeting, the Child Custody Conference Officer shall then determine whether the issue to be addressed concerns less than primary physical custody. If the issue is less than primary physical custody and both parties consent, the Child Custody Conference Officer shall schedule a hearing. The hearing shall be on the record pursuant to Pa.R.C.P. 1915.4-2(b). The Child Custody Conference Officer/ Hearing Officer shall receive evidence and hear argument, as well as issue a recommendation to the Court in accordance with PA.R.C.P 1915.4-2(b)(2) & (3). If any party disagrees with the recommendation, exceptions shall be filed as provided by Pa.R.C.P. 1915.4-2(b)(4).

L-1915.31. Custody Conciliation Conference.

(a) All parties and any child for whom primary physical custody is sought shall be present at the Custody Conciliation Conference, unless otherwise ordered by the Court. Failure of a party to appear at the Custody Conciliation Conference may result in the entry of a custody or visitation order by the Court on the recommendation of the Child Custody Officer in the absence of that party. The absent party may also be subject to contempt proceedings, if appropriate.

(b) The Child Custody Conference Officer will conduct informal proceedings and allow the parties and their witnesses to participate. The Child Custody Conference Officer shall control the presentation of evidence and will determine the amount of time allotted to each party for presentation of his/her case. Counsel, or the party himself/herself if unrepresented, may summarize his/her case to the Child Custody Conference Officer. The Child Custody Conference Officer may take testimony from the parties and any witnesses by swearing in said parties and having said parties offer testimony under oath. The proceeding will not be transcribed. At the discretion of the Child Custody Conference Officer, a witness(es) may be permitted to participate via telephone pursuant to Administrative Order 2004-1, In Re Family Court, dated October 26, 2004, pertaining to telephone testimony and subject to subsection (e) below. The conference will last no longer than one-half (1/2) day unless the Child Custody Conference Officer deems one or more issues complex in which event additional proceedings may be scheduled. If an agreement is reached, the agreement shall be prepared and signed in the form of a Custody Consent Order. If no agreement can be reached, the Child Custody Conference Officer will prepare a Summary Report and Recommended Order and forward same to the Court for the Court's consideration.

(1) The Summary Report and Recommended Order will be prepared and presented to the court within ten days of the date of the proceeding. The Summary Report will include the following:

a. The results of mental and physical evaluations and home studies, if any.

b. Findings of fact on jurisdiction or venue issues, if in question.

c. Recommendations for custody/visitation.

(c) The Recommended Order will normally be signed by the Family Court Judge to whom the case is assigned.

(1) The Recommended Order will become a final order unless a Request for Custody Trial De Novo and Pretrial Conference is filed within twenty (20) days after the Recommended Order is mailed or received by the parties, whichever occurs first. A copy of the order shall be provided to the parties by the Prothonotary in accordance with Pa.R.C.P. 236 with a copy to the Civil Division of the Court Administrator's Office.

(2) If a party makes a timely request for a Trial De Novo and Pretrial Conference, the Recommended Order will remain in effect pending further order of the Court.

(d) After the Family Court Judge to whom the case is assigned signs the Recommended Order, the attorneys representing the parties, or the parties if acting pro se, may review the Summary Report in the Court Administrator's Office—Civil Division within the twenty (20) day time period specified in paragraph (c)(1) above. The Summary Report will not be filed in the Prothonotary's Office. It will not be released from the Court Administrator's Office—Civil Division, nor may parties or attorneys make copies of the Summary Report.

(e) A party requesting to participate by telephone shall submit written consent from the opposing party(parties) to the Civil Division of the Court Administrator's Office. If represented by counsel, counsel shall provide written consent to the Civil Division of the Court Administrator's Office at least ten (10) days prior to the conference. If no consent is given by the opposing party to the requesting party (parties), relief must be obtained from the Custody Conference Officer or Hearing Officer pursuant to Administrative Order 2004-1, In Re Family Court, dated October 26, 2004, pertaining to telephone testimony. The requesting party shall contact the Civil Division of the Court Administrator's Office to seek such relief.

L-1915.32. Interim Orders.

(a) At the time of the initial custody meeting where issues regarding the temporary rights of the parties to custody or visitation of a non-emergency nature, as well as the arrangements for psychiatric or psychological examinations, home evaluations, and/or drug testing, are presented to the Child Custody Conference Officer, the Officer may submit to the Family Court Judge to whom the case is assigned a proposed interim order which will be reviewed by the Court and signed, if the Court deems

the order appropriate. A copy of this signed order will be provided to the parties by the Prothonotary in accordance with Pa.R.C.P. 236 with a copy to the Civil Division of the Court Administrator's Office.

(b) Any person not satisfied with the interim order may pursue an application for special relief in accordance with Local Rule 1915.13.

L-1915.33. Request for Custody Trial De Novo and Pretrial Conference.

(a) A party may file a Request for Custody Trial De Novo and Pretrial Conference in the Washington County Prothonotary's Office within twenty (20) days after the Recommended Order issued following the Custody Conciliation Conference is mailed or received by the parties, whichever occurs first. The request must be presented to the Family Court Judge to whom the case is assigned for

the scheduling of the Pretrial Conference. Form of Order may be found at Appendix G / Custody.

(b) A copy of the filed request with the scheduled Pretrial Conference date and time must be served on the other counsel, or if the party is a pro se litigant, the request must be served on the party. A copy must be delivered to the Civil Division of the Court Administrator's Office.

(c) A Trial De Novo will be scheduled, barring extenuating circumstances, within ninety (90) days of the request. The Pretrial Conference shall be held during the period between the request for Custody Trial De Novo and the scheduled hearing. Any psychological reports ordered should be obtained during the same period and presented to the Family Court Judge to whom the case is assigned, along with the parties' Pretrial Statements, at least forty-eight (48) hours in advance of the Pretrial Conference.

AND NOW, this ____ day of _____, 20____, upon the request of _____ for Trial De Novo, a Pretrial Conference in the above-referenced matter is scheduled for the ____ day of _____, 20____, at ____ o'clock ____ .m. All parties are to be present and Pretrial Statements are due at least forty-eight (48) hours before the conference date.

The Court further directs all parties to immediately contact Southwestern Pennsylvania Human Services at the C.A.R.E. Center, Inc., 75 East Maiden Street, Suite 100, Washington, PA 15301, phone number (724) 229-3430 or (724) 229-4620. The parties are to enroll in and successfully complete the programs on Parenting, Improved Communication Skills and Conflict Resolution, as well as Individual and Family Counseling. Each party must contact the C.A.R.E. Center and schedule an appointment with that organization before Trial De Novo. In the event that any of the parties fail to schedule an appointment and/or actively participate in the counseling sessions directed by the Court, the offending party may be subject to sanctions upon proper Motion.

L-1915.34. Pretrial Child Custody Conference Before the Court.

(a) All parties and any child for whom custody or visitation is sought shall be present at the judicial pretrial custody conference unless said required attendance is waived by way of Court Order. Failure of a party to appear at the judicial pretrial custody conference may result in the entry of a custody/visitation order by the court.

(b) The court will attempt to obtain a consent agreement on any pending custody issues. Any agreement shall be reduced to writing and entered as an order of court. Upon request, the Family Court Judge to whom the case is assigned will meet privately with the parties' counsel in an attempt to better define the issues and settle the custody dispute.

L-1915.35. Uncontested Motions Verification Form.

In an effort to comply with the local rules, any party may utilize the Family Court Judge's Uncontested Motions Verification Form, which shall be in the format contained in Appendix H / Custody.

L-1935.36. Consent Agreements.

(a) When parties have reached a consent agreement concerning custody of their minor child(ren) and the appointment of a Child Custody Conference Officer is unnecessary, the party(parties) may seek to have the consent agreement approved by the Court and may submit a Court Order by using the following procedure:

(1) A Custody Complaint in substantial compliance with Pa.R.C.P. 1915.15(a) shall be prepared for filing with the Prothonotary's Office,

(2) The parties shall prepare and sign a Custody Consent Agreement with the appropriate order attached,

(3) The Custody Complaint and the Custody Consent Agreement with proposed Order attached shall be presented to the Family Court Judge to whom the case is assigned in Motions Court for Court Approval,

(4) The Custody Complaint and the Custody Consent Agreement with signed Order attached shall be filed with the Prothonotary's Office after paying the appropriate filing fees and costs, and

(5) A conformed, stamped copy of the filed Custody Complaint and the Custody Consent Agreement with Order attached shall be provided to the Family Court Judge to whom the case is assigned for purposes of the Judge's record keeping.

(b) If the custody issue arises from a count in a divorce complaint or counterclaim, there is no need to draft and file a custody complaint as outlined in (a) above or L-1930.27(a). Rather, the party(parties) should include

the divorce case number on the proposed Order attached to the Custody Consent Agreement before presenting it to the Family Court Judge to whom the case is assigned.

(c) When using these procedures, there is no condition precedent that the parties attend the Parenting Program set forth in L-1915.4.

RULES AND REGULATIONS

Title 40—LIQUOR

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 5]

Municipal Noise Ordinances

The Liquor Control Board (Board), under the authority of section 207(i) of the Liquor Code (47 P. S. § 2-207(i)), amends § 5.36 (relating to municipal noise ordinances).

Summary

Section 5.36 is amended by replacing references to § 5.32 (relating to restrictions/exceptions) with references to section 493(34) of the Liquor Code (47 P. S. § 4-493(34)), consistent with the act of December 22, 2011 (P. L. 530, No. 113) (Act 113) and the act of July 5, 2012 (P. L. 1007, No. 116).

Act 113 added section 493(34) of the Liquor Code, regarding noise as an unlawful act. A licensee may not use, or permit to be used, inside or outside of the licensed premises, a loudspeaker or similar device whereby the sound of music or other entertainment, or the advertisement thereof, can be heard beyond the licensee's property line. As made clear in section 493(34) of the Liquor Code, this paragraph supersedes § 5.32(a), creating a need to delete references in § 5.36 to the Board's noise regulation.

Consistent with section 493(34) of the Liquor Code and section 1204 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204), known as the Commonwealth Documents Law (CDL), this amendment may be submitted in final-omitted form because the amendment is necessary as a result of a self-executed statute.

Affected Parties

Retail and other licensees who must comply with the Liquor Code and the Board's regulations will be affected by this final-omitted rulemaking. Enforcement is the province of the Pennsylvania State Police, Bureau of Liquor Control Enforcement. As the statutory amendment to section 493(34) of the Liquor Code supersedes § 5.32, the regulatory change simply affirms the statutory change.

Paperwork Requirements

The Board does not anticipate that this final-omitted rulemaking will affect the amount of paperwork or administrative costs of the regulated community.

Fiscal Impact

This final-omitted rulemaking is not expected to have fiscal impact as the amendment affirms section 493(34) of the Liquor Code, which explicitly supersedes the Board's noise regulation.

Effective Date

This final-omitted rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

Further information is available by contacting Alan Kennedy-Shaffer, Assistant Counsel, or Rodrigo Diaz, Executive Deputy Chief Counsel, Office of Chief Counsel, Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001.

Regulatory Review

Under section 5.1(c) of the Regulatory Review Act (71 P. S. § 745.5a(c)), on August 9, 2013, the Board submitted a copy of the final-omitted rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Liquor Control Committee and the Senate Law and Justice Committee. On the same date, the regulations were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5.1(j.2) of the Regulatory Review Act, on September 18, 2013, the final-omitted rulemaking was (deemed) approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on September 19, 2013, and approved the final-omitted rulemaking.

Order

The Board, acting under authorizing statute, orders that:

(a) The regulations of the Board, 40 Pa. Code Chapter 5, are amended by amending § 5.36 to read as set forth in Annex A.

(b) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon publication in the *Pennsylvania Bulletin*.

JOSEPH E. BRION,
Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 43 Pa.B. 5903 (October 5, 2013).)

Fiscal Note: Fiscal Note 54-75 remains valid for the final adoption of the subject regulation.

Annex A

TITLE 40. LIQUOR

PART I. LIQUOR CONTROL BOARD CHAPTER 5. DUTIES AND RIGHTS OF LICENSEES

Subchapter C. AMUSEMENT AND ENTERTAINMENT

§ 5.36. Municipal noise ordinances.

(a) A municipality that desires exemption from section 493(34) of the Liquor Code (47 P. S. § 4-493(34)), shall, under section 493.1(b) of the Liquor Code (47 P. S. § 4-493.1(b)), file a petition with the Board, requesting approval. With its petition, the municipality shall file the following:

(1) A copy of the municipality's noise ordinance currently in effect.

(2) The municipality's resolution that:

(i) Confirms the municipality's support of the petition to substitute the municipal noise ordinance for section 493(34) of the Liquor Code.

(ii) Cites the municipal noise ordinance.

(iii) States the municipality's intention to enforce the ordinance in place of section 493(34) of the Liquor Code.

(3) A complete written description of the boundary lines for the proposed exempted noise area.

(4) One copy of a geographical map, the minimum size of which is 36" x 36", including the designated boundary lines of the proposed exempted noise area within the municipality.

(5) Three copies of the geographical map required by paragraph (4), the size of which will be 8 1/2" x 11 1/2".

(6) Identification of a proposed location, within the proposed exempted noise area, to be used by the Board to hold the required public hearing within the proposed exempted area.

(7) Identification of a local print publication of general circulation that would satisfy 65 Pa.C.S. Chapter 7 (relating to Sunshine Act) notice requirement for announcement of the required public hearing.

(b) A date for a public hearing shall be set and public notice given in advance of the hearing: The hearing must comply with all notice, recording and public participation requirements of 65 Pa.C.S. Chapter 7.

(c) Within 60 days after receipt of the petition, the Board will disapprove the petition for an exemption in its entirety or may approve an area more limited for which

the petition will be granted if the Board finds that granting the petition will have an adverse effect on the welfare, health, peace and morals of the residents living in the vicinity of the identified area; otherwise the Board will approve the petition.

(d) The Board may place additional conditions on the petition's approval such as limiting the duration of the approval and any other condition the Board deems appropriate.

(e) There shall be a right to appeal to the court of common pleas in the same manner provided by this act for appeals from refusals to grant licenses.

(f) A municipality may rescind any existing exemption from section 493(34) of the Liquor Code by notifying the Board of its intention to do so in writing, 15 days prior to the rescission date. The notice must be accompanied by an ordinance or resolution authorizing the rescission.

(g) A rescission of an existing exemption which does not rescind the entire exempted area shall be treated as a new petition for exemption with the Board and shall follow the procedures in this section.

PROPOSED RULEMAKING

BOARD OF COAL MINE SAFETY

[25 PA. CODE CH. 208]

Requirements for High-Voltage Continuous Mining Machines

The Board of Coal Mine Safety (Board) is proposing to add §§ 208.81—208.93 (relating to high-voltage continuous mining machine standards for underground coal mines) to read as set forth in Annex A. The proposed rulemaking, with one exception, conforms Commonwealth regulations to Federal regulations, thereby establishing standards for the use of high-voltage continuous mining machines of up to 2,400 volts in underground bituminous coal mines.

Sections 106 and 106.1 of the Bituminous Coal Mine Safety Act (BCMSA) (52 P. S. §§ 690-106 and 690-106.1) authorize the adoption of regulations implementing the BCMSA, including additional safety standards. The Board is authorized to promulgate regulations that are necessary or appropriate to implement the requirements of the BCMSA and to protect the health, safety and welfare of miners and other individuals in and about mines.

This proposed rulemaking is given under Board order at its meeting of June 26, 2013.

A. *Effective Date*

This proposed rulemaking will be effective upon final form publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Joe Sbaffoni, Director, Bureau of Mine Safety, Fayette County Health Center, 100 New Salem Road, Room 167, Uniontown PA 15401, (724) 439-7469, jsbaffoni@pa.gov; or Susana Cortina de Cárdenas, Assistant Counsel, Bureau of Regulatory Counsel, Office of Chief Counsel, Rachel Carson State Office Building, 9th Floor, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060, scortina@pa.gov.

C. *Statutory Authority*

The proposed rulemaking is authorized under sections 106 and 106.1 of the BCMSA, which grant the Board the authority to adopt regulations implementing the BCMSA, including additional safety standards. The Board is authorized to promulgate regulations that are necessary or appropriate to implement the BCMSA and to protect the health, safety and welfare of miners and other individuals in and about mines.

D. *Background and Purpose*

This proposed rulemaking would establish electrical safety standards for the installation, use and maintenance of high-voltage continuous mining machines in underground bituminous coal mines. On April 6, 2010, the Federal Mine Safety and Health Administration (MSHA) issued a final rulemaking addressing electrical safety standards for the installation, use and maintenance of high-voltage continuous mining machines in underground coal mines. See 75 FR 17529 (April 6, 2010). Previously, the MSHA's standards did not specifically address high-voltage continuous mining machines because those machines were not available when the Federal standards were developed. To use high-voltage equipment

in underground mines, the MSHA required mine operators to submit a Petition for Modification (PFM), as provided for under section 101(c) of the Federal Mine Safety and Health Act of 1977 (30 U.S.C.A. § 811(c)). Since 1997, the MSHA has granted 52 PFMs to allow mine operators to use high-voltage continuous mining machines. The final rulemaking issued by the MSHA includes most of the requirements that were granted in the PFMs and new requirements to enhance safety associated with the operation of continuous mining machines, including provisions to protect against fires, explosions and shock hazards. The final rulemaking became effective on June 7, 2010, and superseded all PFMs issued prior to the effective date of the final rulemaking.

In developing the final rulemaking, the MSHA considered the experience of mine operators who had been using high-voltage continuous mining machines in underground coal mines. The MSHA also considered the comments, hearing testimony and its previous experience in reviewing and issuing PFMs in its development of the final rulemaking. The final Federal rulemaking is codified in 30 CFR 75.823—75.834 and 75.1002 and establishes mandatory electrical safety standards for the installation of high-voltage continuous mining machines, electrical and mechanical protection of the equipment, handling of trailing cables and procedures for performing electrical work. In promulgating the final rulemaking, the MSHA attested that the regulatory requirements are technologically and economically feasible and will reduce the potential for electrical-related accidents, thereby offering greater protection for underground coal miners against electrical shock, cable overheating, fire hazards, unsafe work and repair practices, and back injuries and other sprains caused by handling trailing cables.

On July 7, 2008, the General Assembly enacted the BCMSA. The BCMSA is the first significant update of the Commonwealth's underground bituminous coal mine safety laws since 1961. See section 103(a) of the BCMSA (52 P. S. § 690-103(a)). One of the significant changes made by the BCMSA is the authority to promulgate regulations for mine safety. The General Assembly established the Board to promulgate the regulations. Under section 106 of the BCMSA, this seven-member board consists of the Secretary of the Department of Environmental Protection (Department) as Chairperson, three members representing the viewpoint of mine workers and three members representing the viewpoint of underground bituminous coal mine operators. Section 106.1(a) of the BCMSA contains broad rulemaking authority to adopt regulations that are necessary or appropriate to implement the requirements of the BCMSA and to protect the health, safety and welfare of miners and other individuals in and about mines. Moreover, the Board may promulgate regulations consistent with Federal standards under section 106.1(c) of the BCMSA.

After learning of the revised MSHA standards concerning high-voltage continuous mining machines in underground coal mines, the Board determined it should promulgate an identical requirement with the exception of provisions concerning the mandatory distance between a spliced high voltage trailing cable and a continuous mining machine. Under section 316(d)(6) of the BCMSA (52 P. S. § 690-316(d)(6)), spliced trailing cables are prohibited within 50 feet of a continuous mining machine. In contrast, 30 CFR 75.830(b)(1) (relating to splicing and repair of trailing cables) prohibits the splicing of high-

voltage trailing cables within 35 feet of a continuous mining machine. Because Commonwealth law provides a more protective standard that enhances miner safety, the more stringent State requirement is proposed for inclusion in this proposed rulemaking. The Board developed the proposed rulemaking to, among other things, obtain independent authority necessary to implement the Federal regulations.

Revising electrical safety standards for the use, installation and maintenance of high-voltage continuous mining machines plays an important role in enhancing safety protection against fires, explosions and shock hazards in underground bituminous coal mines. In addition, it facilitates the use of advanced equipment designs. By proposing to adopt the Federal MSHA regulations, with certain exceptions, the Board believes it will enhance the Department's ability to ensure the safety of miners by reducing the potential or severity of fires, explosions and shock hazards in bituminous coal mines, and allow the Department to have independent authority to enforce the Federal requirements.

E. Summary of Proposed Regulatory Requirements

The rulemaking proposes to add §§ 208.81—208.93 to establish requirements for the use, installation and maintenance of high-voltage continuous mining machines in underground bituminous coal mines.

Proposed § 208.81 (relating to scope) incorporates by reference 30 CFR 75.823 (relating to scope), which provides that the standard addresses requirements for the use of high-voltage continuous mining machines of up to 2,400 volts in underground coal mines.

Proposed § 208.82 (relating to electrical protection) incorporates by reference 30 CFR 75.824 (relating to electrical protection), which establishes the electrical protection requirements for high-voltage continuous mining machines including requirements associated with the use of an adequate circuit-interrupting device capable of providing short-circuit, overload, ground-fault and under-voltage protection.

Proposed § 208.83 (relating to power centers) incorporates by reference 30 CFR 75.825 (relating to power centers). The Federal provisions set forth the requirements for power centers that supply high-voltage continuous mining machines, including provisions for the disconnecting switches and devices, barriers and covers, interlocks, emergency stop switches, grounding sticks and caution labels.

Proposed § 208.84 (relating to high-voltage trailing cables) incorporates by reference 30 CFR 75.826 (relating to high-voltage trailing cables). The Federal regulation defines the requirements that high-voltage trailing cables must meet, including compliance with existing design requirements in 30 CFR 18.35 (relating to portable (trailing) cables and cords) and the approval requirements of high-voltage continuous mining machines.

Proposed § 208.85 (relating to guarding of trailing cables) incorporates by reference 30 CFR 75.827 (relating to guarding of trailing cables). Section 75.827 of 30 CFR establishes the requirements for guarding trailing cables, including the location where the cables must be guarded, the materials (nonconductive flame-resistant material or grounded metal) the guarding must be constructed from and the requirements when equipment must cross any portion of the cables.

Proposed § 208.86 (relating to trailing cable pulling) incorporates by reference 30 CFR 75.828 (relating to

trailing cable pulling). Section 75.828 of 30 CFR establishes the requirements to be followed when the trailing cables are to be pulled by any equipment other than the continuous mining machine.

Proposed § 208.87 (relating to tramming continuous mining machines in and out of the mine and from section to section) incorporates by reference 30 CFR 75.829 (relating to tramming continuous mining machines in and out of the mine and from section to section). Section 75.829 of 30 CFR includes requirements associated with tramming continuous mining machines in and out of the mine or from one section to another and testing required prior to tramming.

Proposed § 208.88 (relating to splicing and repair of trailing cables) incorporates by reference 30 CFR 75.830 with the exception of requirements in 30 CFR 75.830(b)(1). Section 75.830 of 30 CFR establishes the requirements for performing splices and repairs of trailing cables and the manner in which the trailing cable shall be spliced or repaired to ensure that miners are not exposed to shock and burn hazards. Concerning 30 CFR 75.830(b)(1), which requires a mandatory distance of 35 feet between a spliced high voltage trailing cable and a continuous mining machine, the Board determined that the Federal requirement was not as protective as requirements established under the BCMSA. Therefore, § 208.88(b)(1) is consistent with the BCMSA and establishes that splicing of high-voltage trailing cables within 50 feet of a continuous mining machine is prohibited.

Proposed § 208.89 (relating to electrical work; troubleshooting and testing) incorporates by reference 30 CFR 75.831 (relating to electrical work; troubleshooting and testing).

Proposed § 208.90 (relating to frequency of examinations; recordkeeping) incorporates by reference 30 CFR 75.832 (relating to frequency of examinations; recordkeeping). Section 75.832 of 30 CFR specifies the frequency of testing certain equipment and circuits and the requirements for creating and maintaining adequate records.

Proposed § 208.91 (relating to handling high-voltage trailing cables) incorporates by reference 30 CFR 75.833 (relating to handling high-voltage trailing cables). Section 75.833 of 30 CFR sets forth the requirements for handling energized trailing cables including provisions that prohibit handling energized trailing cables unless high-voltage insulating gloves or insulating cable handling tools are used.

Proposed § 208.92 (relating to training) incorporates by reference 30 CFR 75.834 (relating to training). Section 75.834 of 30 CFR requires that miners who perform maintenance on high-voltage continuous mining machines be trained in high-voltage safety, testing and repair, and maintenance procedures. Training provisions are also included for miners who work in the vicinity of high-voltage continuous mining machines or who move the high-voltage equipment or cables.

Proposed § 208.93 (relating to installation of electric equipment and conductors; permissibility) incorporates by reference 30 CFR 75.1002 (relating to installation of electric equipment and conductors; permissibility). Section 75.1002 of 30 CFR addresses requirements for conductors and cables used in or in by the last open crosscut, as well as electrical equipment, conductors and cables used within 150 feet of pillar workings and allows the use of shielded, high-voltage cables that supply power to permissible continuous mining machines in underground coal mines.

F. *Benefits and Costs*

Benefits

The proposed rulemaking will reduce the potential for electrical-related fatalities and injuries or loss of property when using high-voltage continuous mining machines in underground bituminous coal mine operations in this Commonwealth. The design and work practice requirements included in this proposed rulemaking will result in greater protections for underground bituminous coal mine operators, including measures to reduce electrical shock, cable overheating, fire hazards, unsafe work and repair practices, and back injuries and other sprains caused by handling trailing cables. In addition, the proposed rulemaking facilitates the use of more advanced equipment designs. The proposed rulemaking incorporates with certain exceptions the provisions of Federal regulations into the Commonwealth's regulations, thus enhancing the Commonwealth's mine safety program and its reputation for excellence.

Compliance Costs

The proposed rulemaking will not add any compliance costs to those already existing, as Federal regulations are already in place in this regard. This proposed rulemaking imposes standards that the MSHA has already imposed and upon which underground bituminous coal mines in this Commonwealth shall comply.

Compliance Assistance Plan

The Department plans to educate and assist the public and regulated community in understanding the proposed rulemaking and how to comply with it. This will be accomplished through the Department's ongoing compliance assistance program.

Paperwork Requirements

The proposed regulations will not increase the paperwork that is already generated because of the existing Federal regulations that are already in place.

G. *Sunset Review*

The proposed regulations will be reviewed in accordance with the sunset review schedule published by the Department to determine whether it effectively fulfills the goals for which it was intended.

H. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 25, 2013, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate and House Environmental Resources and Energy Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

I. *Public Comments*

Written comments—Interested persons are invited to submit comments, suggestions or objections regarding this proposed rulemaking to the Board of Coal Mine

Safety, P. O. Box 8477, Harrisburg, PA 17105-8477 (express mail: Rachel Carson State Office Building, 16th Floor, 400 Market Street, Harrisburg, PA 17101-2301). Comments submitted by facsimile will not be accepted. Comments, suggestions or objections must be received by the Board on or before November 4, 2013. Interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by the Board on or before November 4, 2013. The one-page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final regulation will be considered.

Electronic comments—Comments may be submitted electronically to the Board at RegComments@pa.gov and must also be received by the Board on or before November 4, 2013. A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CHS. 1187 AND 1189]

Rate Setting for County Nursing Facilities that Change Ownership

The Department of Public Welfare (Department), under the authority of sections 201(2), 206(2), 403(b) and 443.1 of the Public Welfare Code (62 P.S. §§ 201(2), 206(2), 403(b) and 443.1), proposes to amend Chapters 1187 and 1189 (relating to nursing facility services; and county nursing facility services) to read as set forth in Annex A.

Purpose of Proposed Rulemaking

The purpose of this proposed rulemaking is to amend § 1187.97 (relating to rates for new nursing facilities, nursing facilities with a change of ownership, reorganized nursing facilities and former prospective payment nursing facilities) to codify the rate setting methodology used when a county nursing facility has a change of ownership from county ownership to a nonpublic nursing facility provider. The Department is also proposing to amend the terminology used in certain definitions in §§ 1187.2 and 1189.2 (relating to definitions).

The proposed rulemaking is needed to codify the methodology for setting rates for county nursing facilities that change ownership to a nonpublic nursing facility provider. Since county nursing facilities have been phased-out of the rate-setting process under Chapter 1187, updated cost data audited to verify compliance with Chapter 1187 is no longer available to establish a per diem rate for a former county nursing facility.

Background

Beginning July 1, 2006, the Department established a new payment methodology for county nursing facility providers, as described in Chapter 1189. From July 1, 2006, through June 30, 2012, when a county nursing facility changed ownership, the per diem rate for the nursing facility was computed in accordance with § 1187.96 (relating to price- and rate-setting computations), using the cost data contained in the Nursing Information System (NIS) database. Since county nursing facilities have been fully phased-out of the rate-setting process for nonpublic nursing facilities under § 1187.98 (relating to phase-out median determination), their cost data is no longer audited to verify compliance under Chapter 1187; hence, county nursing facility cost data is not updated in the NIS database. In addition, per diem rates for county nursing facilities calculated in accordance with § 1189.91 (relating to per diem rates for county nursing facilities) do not contain identifiable net operating or capital rates which would otherwise be assigned to a new provider when a nursing facility changes ownership as referenced in § 1187.97(2)(i). Therefore, the Department proposes to codify the use of peer group prices to determine the net operating portion of the per diem rate until audited cost report data from the new provider is available for use in the rebasing process. In addition, the Department proposes to codify the use of the fixed property component, when applicable, to determine the capital portion of the per diem rate until audited cost report data from the new provider is available for use in the rebasing process.

A public notice was published at 42 Pa.B. 6839 (October 27, 2012) in which the Department announced it was amending its methods and standards for payment of Medical Assistance (MA) nursing facility services to a county nursing facility that changes ownership to a nonpublic nursing facility provider. Also, State Plan Amendment 12-031 was submitted by the Department on December 21, 2012. It was approved by the Centers for Medicare and Medicaid Services on February 25, 2013.

Requirements

This rulemaking proposes to amend § 1187.97 to codify the rate setting methodology for changes of ownership when a county nursing facility has a change in ownership to a nonpublic nursing facility provider.

For county nursing facilities that change ownership, the Department is proposing to determine the per diem rate using the peer group price for resident care, other resident related and administrative costs from the appropriate peer group until the nursing facility's cost report submitted by the new provider is audited for use in the rebasing process. The resident assessment data from the former county nursing facility will be used to establish the MA Case-Mix Index (CMI) to calculate the resident care rate. The fixed property component will be the only component of the capital portion of the case-mix rate, if the nursing facility's beds are eligible, until the nursing facility's cost report submitted by the new provider is audited for use in the rebasing process. Under

§ 1187.97(2), the Department is also proposing to add “or county nursing facility” after each reference of “old nursing facility provider” in subparagraphs (ii) and (iii) (proposed subparagraphs (iii) and (iv)).

In addition, under § 1187.97(1)(i), references to a former county nursing facility are proposed to be deleted because the proposed amendments to § 1187.97(2) specifically address county nursing facilities that change ownership. Clause (B) is proposed to be deleted and the following clause is proposed to be renumbered.

The Department also added clarifying language to the definitions of “county nursing facility” in § 1187.2 and “new county nursing facility” in § 1189.2 to define the word “controlled” for purposes of these definitions. The Department proposes to replace the outdated language “mentally retarded” with “intellectual disability.”

Affected Individuals and Organizations

This proposed rulemaking will affect a county nursing facility that changes ownership from county ownership to a nonpublic nursing facility provider and remains in the MA Program.

Accomplishments and Benefits

This proposed rulemaking will codify the rate setting methodology for county nursing facilities that change ownership to a nonpublic nursing facility provider and remain in the MA Program.

Fiscal Impact

Cost to the Commonwealth, local government, nursing facility providers or MA recipients is not anticipated as a result of this proposed rulemaking.

Paperwork Requirements

There are no new or additional paperwork requirements.

Effective Date

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to the Department of Public Welfare, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025 within 30 calendar days after the date of publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Regulatory Review Act

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 20, 2013, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Human Services and the Senate Committee on Public Health and Welfare. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the

close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

TITLE 55. PUBLIC WELFARE

PART III. MEDICAL ASSISTANCE MANUAL

CHAPTER 1187. NURSING FACILITY SERVICES

Subchapter A. GENERAL PROVISIONS

§ 1187.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

County nursing facility—

(i) A long-term care nursing facility that is:

(A) Licensed by the Department of Health.

(B) Enrolled in the MA program as a provider of nursing facility services.

(C) Controlled by the county institution district or by county government if no county institution district exists.

(ii) **For the purposes of this definition, “controlled” in clause (C) means the power to direct or cause to direct the management and policies of the nursing facility, whether through equitable ownership of voting securities or otherwise.**

(iii) The term does not include intermediate care facilities for [**the mentally retarded**] **persons with an intellectual disability** controlled or totally funded by a county institution district or county government.

* * * * *

Nursing facility—

* * * * *

(ii) The term does not include intermediate care facilities for [**the mentally retarded**] **persons with an intellectual disability**, Federal or State-owned long-term care nursing facilities, Veteran’s homes or county nursing facilities.

* * * * *

Target applicant or resident—An individual with a serious mental illness, [**mental retardation**] **intellectual disability** or other related condition seeking admission to or residing in a nursing facility.

* * * * *

Subchapter G. RATE SETTING

§ 1187.97. Rates for new nursing facilities, nursing facilities with a change of ownership, reorganized nursing facilities and former prospective payment nursing facilities.

The Department will establish rates for new nursing facilities, nursing facilities with a change of ownership,

reorganized nursing facilities and former prospective pay- ment nursing facilities as follows:

(1) *New nursing facilities.*

(i) The net operating portion of the case-mix rate is determined as follows:

(A) A new nursing facility[, unless a former county nursing facility,] will be assigned the Statewide average MA CMI until assessment data submitted by the nursing facility under § 1187.33 (relating to resident data and picture date reporting requirements) is used in a rate determination under § 1187.96(a)(5) (relating to price- and rate-setting computations). Beginning, July 1, 2010, the Statewide average MA CMI assigned to a new nursing facility will be calculated using the RUG-III version 5.12 44 group values in Appendix A and the most recent classifiable assessments of any type. When a new nursing facility has submitted assessment data under § 1187.33, the CMI values used to determine the new nursing facility's total facility CMIs and MA CMI will be the RUG-III version 5.12 44 group values and the resident assessment that will be used for each resident will be the most recent classifiable assessment of any type.

(B) [For a former county nursing facility, the county nursing facility's assessment data and MA CMI will be transferred to the new nursing facility.

(C)] The nursing facility will be assigned to the appropriate peer group. The peer group price for resident care, other resident related and administrative costs will be assigned to the nursing facility until there is at least one audited nursing facility cost report used in the rebasing process. Beginning July 1, 2010, a new nursing facility will be assigned the peer group price for resident care that will be calculated using the RUG-III version 5.12 44 group values in Appendix A and the most recent classifiable assessments of any type.

* * * * *

(2) *Nursing facilities with a change of ownership and reorganized nursing facilities.*

(i) *New provider.* The new nursing facility provider will be paid exactly as the old nursing facility provider, except that, if a county nursing facility becomes a nursing facility between July 1, 2006, and June 30, 2012, the per diem rate for the nursing facility will be computed in accordance with § 1187.96, using the data contained in the NIS database. Net operating and capital rates for the old nursing facility provider will be assigned to the new nursing facility provider.

(ii) **If a county nursing facility has a change of ownership from county ownership to a nonpublic nursing facility provider, the nursing facility will be assigned to the appropriate peer group in accordance with § 1187.94 (relating to peer grouping for price setting) and the per diem rate for the nursing facility will be calculated as follows:**

(A) **The net operating portion of the case-mix rate is determined in accordance with § 1187.96 using the peer group price for resident care, other resident related and administrative costs until a nursing facility's cost report submitted by the new nursing facility provider is audited for use in the rebasing process.**

(B) **The capital portion is determined using only the fixed property component to the extent the facility is eligible for the capital portion of the case mix rate, in accordance with § 1187.96(d)(1), until a**

nursing facility's cost report submitted by the new nursing facility provider is audited for use in the rebasing process.

(iii) *Transfer of data.* Resident assessment data will be transferred from the old nursing facility **or the county nursing facility** provider number to the new nursing facility provider number. The old nursing facility's **or county nursing facility's** MA CMI will be transferred to the new nursing facility provider.

[(iii)] (iv) *Movable property cost policies.*

(A) The acquisition costs of items acquired by the old nursing facility provider **or county nursing facility** on or before the date of sale are costs of the old nursing facility provider **or county nursing facility**, and not the new nursing facility provider.

(B) Regardless of the provisions of any contract of sale, the amount paid by the new nursing facility provider to acquire or obtain any rights to items in the possession of the old nursing facility provider **or county nursing facility** is not an allowable cost.

(C) If the new nursing facility provider purchases an item from the old nursing facility provider **or county nursing facility**, the cost of that item is not an allowable cost for cost reporting or rate setting purposes.

(D) If the new nursing facility provider rents or leases an item from the old nursing facility provider **or county nursing facility**, the cost of renting or leasing that item is not an allowable cost for cost reporting or rate setting purposes.

CHAPTER 1189. COUNTY NURSING FACILITY SERVICES

Subchapter A. GENERAL PROVISIONS

§ 1189.2. Definitions.

* * * * *

(b) The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

New county nursing facility—

(i) One of the following:

[(i)] (A) A newly constructed, licensed and certified county nursing facility.

[(ii)] (B) An existing nursing facility that through a change of ownership, is controlled by the county institution district or by county government if no county institution district exists.

(ii) **For the purposes of this definition, "controlled" in clause (B) means the power to direct or cause to direct the management and policies of the nursing facility, whether through equitable ownership of voting securities or otherwise.**

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 7]

Conversion of Suspension to Fine

The Liquor Control Board (Board), under the authority of section 207(i) of the Liquor Code (47 P. S. § 2-207(i)), proposes to amend § 7.10 (relating to conversion of suspension to fine).

Summary

The proposed rulemaking will amend § 7.10 by increasing the minimum amount of fines acceptable to the Board when the Board converts an unserved suspension to a fine.

Section 468(a)(4) of the Liquor Code (47 P. S. § 4-468(a)(4)) authorizes the Board to convert pending unserved suspensions in citation cases into monetary fines at the request of a transferee, and to make the payment of a fine a condition for the transfer of the license, if the current licensee is unable to serve the suspension. Under § 7.10, the Board adopted a methodology whereby it would base the fine on 1/2 of the average daily gross receipts of the transferor in its last year of operation. Currently, a minimum fine of \$100 per each day of unserved suspension is imposed unless the citation is one in which the minimum fine would have been \$1,000; in those situations, the minimum fine acceptable is \$1,000 per each day of unserved suspension.

The minimum fine is imposed when a licensee does not possess or fails to provide tax returns to demonstrate the gross revenue for the last calendar year of operation or when the formula results in an amount that is lower than the previously-referenced minimum. Fines received by the Board instead of the suspension may not cover the cost, in work hours, of processing the conversion. Further, converting a suspension into a fine of \$100 diminishes the deterrent effect that was intended by the initial suspension order. If the minimum fines were increased to \$1,000 a day for nonenhanced penalty citations and \$3,000 a day for enhanced penalty citations, these concerns would be alleviated.

Affected Parties

Retail and other licensees who must comply with the Liquor Code and the Board's regulations will be affected by this proposed rulemaking. Enforcement is the province of the Pennsylvania State Police, Bureau of Liquor Control Enforcement. Increasing the minimum fines in conversion of suspension to fine actions would only affect those licensees which would have incurred a lesser fine amount under the current regulation. In 2012, the Board converted suspensions to fines in six cases, five of which would have been affected by the proposed amendment. As of May 31, 2013, the Board has converted suspensions to fines in two cases, both of which would have been affected by the proposed amendment.

Paperwork Requirements

The Board does not anticipate that this proposed rulemaking will affect the amount of paperwork or administrative costs of the regulated community.

Fiscal Impact

This proposed rulemaking is not expected to have a substantial adverse fiscal impact on the regulated community since the proposed amendment only affects licensees that would have been subject to the lower fine amount that is in the current statute. In 2012, the Board

converted suspensions to fines in six cases, five of which would have been affected by the proposed amendment. As of May 31, 2013, the Board has converted suspensions to fines in two cases, both of which would have been affected by the proposed amendment.

This proposed rulemaking is not expected to have adverse fiscal impact on State and local governments. In fact, this proposed rulemaking will have a small, positive fiscal impact on Board revenues, nominally increasing the amount the Board remits to the Commonwealth.

Effective Date

This proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comment/Contact Person

Written comments, suggestions or objections will be accepted for 30 days after publication of the proposed rulemaking in the *Pennsylvania Bulletin*. Comments should be addressed to Alan Kennedy-Shaffer, Assistant Counsel, or Rodrigo Diaz, Executive Deputy Chief Counsel, Office of Chief Counsel, Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 24, 2013, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Liquor Control Committee and the Senate Law and Justice Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

(d) The fine will be calculated by application of the following formula: [**Gross earnings of the transferor divided by 365 (or the number of days in operation in the transferor's last year of operation) multiplied by .50. (1) [If the amount is less than \$100 per day, a fine of \$100 per day will be set.] If the suspension was issued for a citation for which the minimum fine, if a fine had been imposed, is \$100, a minimum fine of \$1,000 per day will be set.

(2) [If the suspension was issued for a citation that required a minimum fine amount of \$1,000 per day, a minimum fine of \$1,000 per day will be set.] If the suspension was issued for a citation for which the minimum fine, if a fine had been imposed, is \$1,000, a minimum fine of \$3,000 per day will be set.

[40 PA. CODE CH. 11]
Sale by Limited Winery Licensees

The Liquor Control Board (Board), under the authority of section 207(i) of the Liquor Code (47 P.S. § 2-207(i)), proposes to amend § 11.111 (relating to sale by limited winery licensees).

Summary

The proposed rulemaking will amend § 11.111 by deleting the prohibition on limited wineries selling a specific code of wine listed for sale by the Board as a stock item at a price lower than that charged by the Board.

The act of July 31, 1968 (P.L. 902, No. 272) first authorized the Board to issue licenses to limited wineries. License holders could produce no more than 50,000 gallons of wine per year and could sell their wines directly to the Board, licensees and the general public. In 1982, the Board amended § 11.111(a)(10) to prohibit a limited winery from selling a specific code of wine which is listed for sale as a stock item by the Board at a price which is lower than that charged by the Board. The proposed rulemaking would delete § 11.111(a)(10) to allow licensed limited wineries to sell a specific code of wine at a price which is lower than the Board's price for the same code. This proposed amendment will benefit licensed limited wineries, who may be able to sell their wines at lower prices than the Board, as they are not subject to the same mark-up and taxes.

Affected Parties

Approximately 254 limited wineries currently licensed by the Board, of which 210 are currently active, will be affected by this proposed rulemaking. The limited wineries will have increased pricing flexibility as a result of the proposed rulemaking. However, a licensee will not be required to take action due to this proposed rulemaking.

Paperwork Requirements

The Board does not anticipate that this proposed rulemaking will affect the amount of paperwork or administrative costs of the regulated community.

Fiscal Impact

The Board does not anticipate that this proposed rulemaking will have any adverse fiscal impact on the regulated community, since licensed limited wineries will have increased pricing flexibility. A licensee will not be required to take any action due to this change.

This proposed rulemaking is not expected to have a substantial adverse fiscal impact on State and local governments, although there may be a nominal fiscal impact on Board revenues if increased licensed limited winery sales lead to reduced sales by the Board.

Effective Date

This proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comment/Contact Person

Written comments, suggestions or objections will be accepted for 30 days after publication of the proposed rulemaking in the *Pennsylvania Bulletin*. Comments should be addressed to Alan Kennedy-Shaffer, Assistant Counsel, or Rodrigo Diaz, Executive Deputy Chief Counsel, Office of Chief Counsel, Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on September 24, 2013, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Liquor Control Committee and the Senate Law and Justice Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

STATE BOARD OF CERTIFIED REAL ESTATE APPRAISERS

[49 PA. CODE CH. 36]

Biennial License Fee for Licensed Appraiser Trainees

The State Board of Certified Real Estate Appraisers (Board) proposes to amend § 36.6 (relating to fees) to read as set forth in Annex A.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*. It is anticipated that the biennial renewal fees for licensed appraiser trainees will be implemented with the June 30, 2015, biennial renewal.

Statutory Authority

Section 5(6) of the Real Estate Appraisers Certification Act (act) (63 P.S. § 457.5(6)) authorizes the Board to establish fees for the operation of the Board, including fees for the issuance and renewal of certificates and licenses. Section 9 of the act (63 P.S. § 457.9) provides that fees established under the act shall be fixed by the Board by regulation.

Background and Need for Amendment

The Board published a final-form rulemaking at 40 Pa.B. 3956 (July 17, 2010) establishing a regulatory scheme for the appraiser trainee license, which was added to the act by the act of July 8, 2008 (P.L. 833, No. 59) and the act of October 9, 2008 (P.L. 1380, No. 103). At that time, the Board established an initial application fee of \$75 for the appraiser trainee license. However, although an appraiser trainee license may be renewed biennially up to four times, the Board did not establish a biennial renewal fee for this class of license at that time. The Board corrects that oversight in this proposed rulemaking.

Description of Proposed Amendments

This rulemaking proposes to amend § 36.6 to establish a biennial renewal fee for licensed appraiser trainees at \$150.

Fiscal Impact

The proposed rulemaking will impact licensed appraiser trainees who elect to renew their licenses. There are currently 435 actively licensed appraiser trainees. Small businesses will be impacted to the extent that they elect to pay the fees on behalf of their licensed employees. The proposed rulemaking should not have other fiscal impact on the private sector, the general public or political subdivisions of this Commonwealth.

Paperwork Requirements

The proposed rulemaking will require the Board to alter some of its forms to reflect the new fees. However, the proposed rulemaking will not create additional paperwork for the regulated community or for the private sector.

Sunset Date

The act requires the Board to monitor its revenue and costs on a fiscal year and biennial basis. Therefore, a sunset date has not been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on September 20, 2013, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Christopher K. McNally, Counsel, State Board of Certified Real Estate Appraisers, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Reference Regulation No. 16A-7020—Fees on comments.

STATE BOARD OF EXAMINERS IN SPEECH-LANGUAGE AND HEARING

[49 PA. CODE CH. 45]
Continuing Education

The State Board of Examiners in Speech-Language and Hearing (Board) proposes to amend §§ 45.1, 45.501—45.505 and 45.507 to read as set forth in Annex A.

Effective Date

The proposed rulemaking would become effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

Section 5(2) of the Speech-Language and Hearing Licensure Act (act) (63 P.S. § 1705(2)) authorizes the Board to adopt and revise rules and regulations consistent with the act as may be necessary to implement the provisions of the act. Section 5(7) of the act specifically authorizes the Board to establish standards of eligibility for license renewal, which include demonstration of satisfactory completion of continuing education.

Background and Need for the Proposed Rulemaking

In 2006, the Board promulgated initial regulations concerning continuing education. Having now applied the continuing education requirements during two subsequent renewal cycles, the Board has identified areas of the regulations where clarity or completeness could be improved.

Description of Proposed Amendments

Under § 45.501(a) (relating to credit hour requirements), each speech-language pathologist, audiologist or teacher of the hearing impaired is required to complete 20 clock hours of continuing education during each biennial renewal period. However, because some individuals are licensed in more than a single profession regulated by the Board, the question was raised whether a licensee is required to complete 20 clock hours of continuing education for each license or only a total of 20 clock hours. The Board proposes to amend § 45.501(a) to make clear that 20 clock hours of continuing education are required during each biennium for each license held. Also, the current regulations do not address carry-over of excess credit from one biennium to the next or repeating continuing education activities. The Board proposes to amend § 45.501(a) to prohibit the carry-over of credit to a subsequent biennium and to add § 45.501(d) to prohibit a licensee from receiving credit for participation in substantially the same program more than once during a single renewal cycle.

Under § 45.501(b), a licensee who serves as a lecturer or speaker or who publishes an article or book relating to the practice may receive up to 10 clock hours of approved continuing education per biennial renewal period. Because the regulations do not currently address the method for determining the amount of credit, the Board proposes to amend § 45.501(b) to provide that an instructor of an approved or preapproved program will receive credit to the same extent as an attendee will receive credit. The proposed amendment would also clarify that the instructor is not required to apply separate from the

provider's application for course approval to obtain teaching credit. A licensee seeking credit for instruction, presentation or publication is required to submit a written request for approval along with supporting documentation. Although the current regulations do not clearly specify a fee to be charged for review of the request, the Board has charged for review of continuing education credit for speaking or publication the same fee that it charges a provider for review of a course or program of continuing education. The Board proposes to amend § 45.501(b) to clearly require that the fee specified in § 45.1 (relating to fees) be paid. Under § 45.1(a)(5), the Board charges an application fee of \$40 for "continuing education course approval." To include speaker and publication credit and to make clear that this fee is not charged to preapproved providers, the Board proposes to amend this description as "continuing education approval (other than preapproved provider)." Additionally, the Board proposes to delete as obsolete § 45.1(b), which addresses payment of an initial fee by an individual licensed before 1988.

Current § 45.502(a) (relating to exemption and waiver) exempts "an individual applying for initial licensure . . . from the continuing education requirement for biennial renewal in the period following that in which the license is granted." This language could be interpreted to mean that a new licensee could receive a license, renew it as much as 20 or more months later and then not be required to complete continuing education during the following 24-month renewal period. The Board's intent in promulgating this subsection was that a new licensee would not be required to complete continuing education during the balance of that first biennium to renew the license for a full biennial renewal period. To fully effectuate this intent, the Board is proposing to rewrite § 45.502(a) to provide that "a licensee is not required to complete continuing education during the biennial renewal period in which the licensee was first licensed to renew for the next biennium."

Section 5(7) of the act authorizes the Board to waive all or part of the continuing education requirement for a licensee who shows to the satisfaction of the Board that the licensee was unable to complete the requirement due to illness, emergency or hardship and requires the licensee to make the request in writing, with appropriate documentation, describing the circumstances sufficient to show why the licensee is unable to comply with the requirement. Current § 45.502(b) addresses this process. Because the Board has received requests so late in the biennial renewal period that it has not been able to rule before the beginning of the new biennium, the Board is proposing to amend § 45.502(b) to require that the request be submitted at least 60 days prior the licensee's expiration date, except for good cause shown. In addition to the circumstances that cause the licensee's hardship, the Board typically considers the extent to which the licensee has already completed continuing education in deciding whether to waive the requirement or grant an extension for a temporary hardship. Also, because oftentimes the circumstances result from unexpected events at the last minute that keep a licensee from participating in continuing education as planned, the Board will sometimes grant a limited extension of time in which to complete continuing education rather than waive the requirement entirely. To obtain this necessary information up front, the Board also proposes amending § 45.502(b) to require the request for waiver to include a statement of how much continuing education has been completed

already and, if seeking only an extension of time, the licensee's plan to complete the continuing education requirement.

Under § 45.503 (relating to continuing education requirement for reactivation of inactive and lapsed licenses), a licensee seeking to reinstate an inactive or lapsed license is required to provide proof of compliance with the continuing education requirement for the preceding biennium. Because the purpose of continuing education is to ensure the licensee's continued competence, a licensee who is seeking to reactivate late in the current biennium should not be able to rely upon continuing education completed early in the prior cycle, as much as 48 months earlier, to show current competence. Accordingly, the Board proposes to add a provision to this section to require a licensee seeking to reactivate a license to show a cycle's worth of continuing education in the 24-month period immediately preceding the application for reactivation. However, consistent with the proposed prohibition in § 45.501(a) against carry-over of credit, it would also prohibit the licensee from satisfying the subsequent renewal requirement with any of the continuing education completed for reactivation. Also, because the appropriate action is to reactivate, rather than renew, a license that is inactive or lapsed, the Board proposes to amend § 45.503 and to use "reactivate" or "reactivation" rather than "renew" or "renewal."

Current § 45.504(a) (relating to reporting completion of continuing education) requires "applicants at the time of license renewal" to certify completion of required continuing education. To clarify that this requirement is for existing licensees seeking renewal and not applicants seeking licensure coincidentally at the change in renewal periods, the Board proposes to amend § 45.504(a) to refer to "licensees applying for biennial license renewal."

The Board has set up in § 45.505 (relating to approval of continuing education programs) a process for the Board to review and approve continuing education programs. Under § 45.505(c)(4), the provider's application must contain a schedule of the program, including the title and description of each subject and the name of the lecturers. However, because the title and description of each subject are not always sufficient for the Board to determine the appropriateness of the program content, the Board proposes to amend § 45.505(c)(4) to require the application to include the course content. The Board also proposes to amend this paragraph to require the application to include with the name of lecturers a brief synopsis of the lecturer's qualifications, because the reviewing Board members cannot be expected to be familiar with every possible lecturer. This is not duplicative of the requirement of § 45.505(b)(3) for faculty names and credentials, as the lecturer and the course planner may be different individuals. Moreover, this synopsis is not a full curriculum vitae that the Board might request under § 45.505(b)(3).

Under § 45.505(d)(3), the Board has provided that courses and programs offered by academic programs in speech-language pathology, audiology or teaching of the hearing impaired associated with accredited institutions are preapproved. This provision was intended to apply to courses that are part of the academic training and not the "not-for-credit" courses that an institution might provide. Accordingly, the Board proposes to amend this paragraph to limit preapproved status to courses and programs offered for credit by academic programs. In considering this point, the Board further reviewed the documentation of successful completion of such a program, typically a

transcript rather than a traditional continuing education certificate. Licensees are required under § 45.504(b) to maintain a certified continuing education record in the event of an audit. Although concluding that a transcript would satisfy the requirements in § 45.506(b) as a continuing education record, the Board proposes to add § 45.504(d) to make clear that an official transcript of a for-credit course in an accredited institution is adequate proof of successful completion.

Current § 45.507 (relating to disciplinary action authorized) provides for disciplinary action for licensees who submit fraudulent continuing education records to the Board or who fail to complete the required continuing education requirement within a particular biennial renewal period. Through the Commissioner of Professional and Occupational Affairs, the Board previously established a schedule of civil penalties for continuing education violations in § 43b.16a (relating to schedule of civil penalties—audiologists, speech-language pathologists and teachers of the hearing impaired) to make use of the more streamlined "citation" process for continuing education violations. The Board has determined that there is a need to codify the Board's practice of requiring individuals disciplined for failure to complete continuing education to make up all deficiencies within 6 months of receiving notice of the deficiency, especially in citation proceedings. To that end, the Board proposes to add subsection (c), which imposes a duty to make up deficient continuing education hours, notwithstanding any disciplinary taken for the violation. The Board also proposes to add subsection (d) to provide notice that failure to make up the deficient continuing education as required may subject the licensee to further disciplinary action.

Fiscal Impact and Paperwork Requirements

The proposed rulemaking would not have a fiscal impact on, or create additional paperwork for, the regulated community, the general public or the Commonwealth and its political subdivisions.

Sunset Date

The Board continuously monitors the effectiveness of its regulations. Therefore, a sunset date has not been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on September 25, 2013, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to the Regulatory Unit Counsel, De-

partment of State, P. O. Box 2649, Harrisburg, PA 17105-2649, st-speech@pa.gov within 30 days of publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Reference No. 16A-6807 (continuing education) when submitting comments.

Subchapter G. CONTINUING EDUCATION

§ 45.501. Credit hour requirements.

(a) Each speech-language pathologist, audiologist or teacher of the hearing impaired shall have completed 20 clock hours of continuing education **per license** during each preceding biennial renewal period, beginning with the renewal period commencing August 1, 2008. **Excess clock hours may not be carried over to the next biennium.**

(b) Up to 10 clock hours of approved continuing education credit per biennial renewal period may be granted on a case-by-case basis for services as a lecturer or speaker, and for publication of articles, books and research relating to the practice of speech-language pathology, audiology or teaching of the hearing impaired. A licensee seeking continuing education credit under this subsection shall submit a written request with a copy of the lecture, presentation, article, book or research **and a fee for continuing education approval as required under § 45.1 (relating to fees).** The request shall be submitted 180 days prior to the expiration of the biennial renewal period for which the licensee is seeking credit. **An instructor of a program approved under § 45.505 (relating to approval of continuing education programs) will receive credit to the same extent that an attendee will receive credit and is not required to apply for approval under this subsection.**

(c) Unless granted a waiver under § 45.502 (relating to exemption and waiver), the Board will not renew or reactivate any speech-language pathologist, audiologist or teacher of the hearing impaired license until the continuing education requirement for the current biennial renewal period has been completed.

(d) **A licensee may not receive credit for participation in substantially the same program more than once during a single renewal cycle.**

§ 45.502. Exemption and waiver.

(a) [**An individual applying for initial licensure shall be exempt from the continuing education requirement for biennial renewal in the period following that in which the license is granted.**] A licensee is not required to complete continuing education during the biennial renewal period in which the licensee was first licensed to renew for the next biennium.

(b) The Board may waive all or part of the continuing education requirement for a biennial renewal period upon request of a licensee. The request must be made in writing, with supporting documentation, and include a **statement of how much continuing education the licensee has completed** and a description of circumstances sufficient to show why compliance is impossible. **Except for good cause shown, a licensee seeking a waiver shall submit the request to the Board at least 60 days before the current expiration date of the license for the Board to evaluate the request prior to expiration of the license.** Waiver requests will be evaluated by the Board on a case-by-case basis. Waivers may be granted for serious illness, military service or other demonstrated hardship. **A waiver request seeking an extension of time to complete required continuing education shall include the licensee's plan to complete the required continuing education.** The Board will send written notification of its approval or denial of a waiver request.

§ 45.503. Continuing education requirement for [biennial renewal] reactivation of inactive and lapsed licenses.

A licensee seeking to [**reinstate**] **reactivate** an inactive or lapsed license shall show proof of compliance with the continuing education requirement for the preceding biennial period. **Only continuing education obtained during the 24-month period immediately preceding application for reactivation may be used to justify reactivation. This continuing education is in addition to continuing education required to subsequently renew the license under § 45.501(c) (relating to credit hour requirements).**

§ 45.504. Reporting completion of continuing education.

(a) [**Applicants at the time of**] **Licensees applying for biennial license renewal shall provide, on forms provided by the Board, a signed statement certifying that the continuing education requirement has been met and information to support the certification which includes the following:**

* * * * *

(c) Individuals shall retain the certified continuing education records for courses completed for a minimum of 4 years.

(d) **Instead of the continuing education record required under subsection (b), a licensee who successfully completed a program preapproved under § 45.505(d)(3) (relating to approval of continuing education programs) may document completion by means of an official transcript of the institution.**

§ 45.505. Approval of continuing education programs.

(c) An application must contain:

* * * * *

(4) A schedule of the program, including the title and description of each subject, the course content, the name and brief synopsis of qualifications of the lecturers and the time allotted.

* * * * *

(d) The following programs are deemed approved for continuing education credit:

* * * * *

(3) Courses and programs offered for credit by academic programs in speech-language pathology, audiology or teaching of the hearing impaired associated with institutions accredited by any state's department of education or a regional commission on institutions of higher education.

* * * * *

§ 45.507. Disciplinary action authorized.

* * * * *

(b) A licensed speech-language pathologist, audiologist or teacher of the hearing impaired who fails to complete the required continuing education requirement within any biennial renewal period may be subject to discipline unless the licensee is exempt or has been granted a waiver under § 45.502 (relating to exemption and waiver).

(c) Notwithstanding discipline imposed by the Board under subsection (b), whether by formal disciplinary proceedings or by issuance of a citation as set forth in § 43b.16a (relating to schedule of civil penalties—audiologists, speech-language pathologists and teachers of the hearing impaired), a licensed speech-language pathologist, audiologist or teacher of the hearing impaired who has been found to be deficient in continuing education hours shall make up deficiencies within 6 months of receiving notice of the deficiency.

(d) Failure to make up deficient continuing education hours as required under subsection (c) may subject the licensed speech-language pathologist, audiologist or teacher of the hearing impaired to further discipline under section 10 of the act.

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The general permit requires no other numeric effluent limitations and compliance with the Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the state narrative water quality standards.

STATE CONSERVATION COMMISSION

PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These

NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the

30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remedia-

tion and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Southcentral Region: Environmental Cleanup and Brownfields Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Phone 717.705.4705.

Gem Chem, Inc., 52 North Cedar Street, PO Box 384, Lititz, PA 17543, on behalf of K & J Realty, 1526 Oak Street, Lebanon, PA 17042, submitted a Notice of Intent to Remediate site soils contaminated with gasoline released from unregulated underground storage tanks. The site operated as a gas station prior to the 1980s, and will be remediated to a combination of the Nonresidential Statewide Health and Site Specific standards. Current and future use of the site is a retail flower shop. The Notice of Intent to Remediate was published in the *Intelligencer Journal-Lancaster New Era-Sunday News* on September 15, 2013.

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, Pa 15222-4745

Corapolis South Petroleum Storage Terminal, 9 Thorn Street, Moon Township, **Allegheny County**, URS Corporation, 681 Anderson Drive, Suite 400, Pittsburgh PA 15220, on behalf of Motiva Enterprises, LLC, submitted a Notice of Intent to Remediate. Soil and groundwater remediation at the site will demonstrated attainment of the state wide health standard in the lower zone aquifer and site specific standard in the upper zone aquifer. The Notice of Intent to Remediate was published in the *Pittsburgh Tribune Review* on September 12, 2013.

Buchheit #5 Site, Washington Church Road, Rayne Township, **Indiana County**. EP&S of Vermont, Inc. 5100 Paxton Street, Harrisburg PA 17111, on behalf of XTO Energy, Inc. 395 Airport Road, Indiana PA 15701, submitted a Notice of Intent to Remediate. A release of brine water from a crack in a 4,200 gallon AST impacted soil in the adjacent area. The contaminated soil was removed and the site remediated to the residential statewide health standard. The Notice of Intent to Remediate was published in the *Indiana Gazette* on August 31, 2013.

RESIDUAL WASTE GENERAL PERMITS

Application Received Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and the Beneficial Use of Residual Waste other than Coal Ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

General Permit Application No. WMGR097R017. Clean Earth, Inc., 334 South Warminster Road, Hatboro, PA 19040; Site: 212 Colvin Road, Williamsport, PA 17701. The permit application for renewal is for the continuation of a research and development project to demonstrate the potential for the processing and beneficial use of drill cuttings and drilling mud generated during Marcellus Shale operations as fill at brownfield sites, as construction material, and in construction of drill pads. The application was determined to be administratively complete by Central Office on September 6, 2013.

Written comments concerning the application should be directed to Scott E. Walters, Chief, Permits Section, Division of Municipal and Residual Waste, Bureau of Waste Management, P.O. Box 69170, Harrisburg, PA 17106-9170. TDD users may contact the Department through the Pennsylvania Relay service, (800) 654-5984. Comments may also be submitted via e-mail at rapbenuseall@pa.gov. When submitting comment via e-mail, place "Comments on WMGR097R017" in the subject line. Faxed comments will not be accepted. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application. For more information, contact the Division of Municipal and Residual Waste at 717-787-7381.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

06-03065A: Tube City IMS, LLC (1155 Business Center Drive, Horsham, PA 19044) for installation of additional metal recovery equipment for their steel slag processing operations in Muhlenberg Township, **Berks County**, on the Hartman Tract of Carpenter Technology.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to the abovementioned company for the abovementioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval 06-03065A is for the installation of a Rotary Tumbler controlled by a baghouse. The equipment shall be subject to and comply with best available technology (BAT). The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within

all applicable air quality requirements. Potential air emissions from the proposed project are 1.4 tons per year of particulate matter.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed plan approval, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests.

Thomas Hanlon, Facilities Permitting Chief, may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Plan approvals issued to sources identified in 25 Pa. Code § 127.44(b)(1)—(4) or plan approvals issued to sources with limitations on the potential to emit may become part of the SIP, and may be submitted to EPA for review and approval.

67-03110B: Protech Powder Coatings, Inc. (939 Monocacy Road, York, PA 17404) for operation of their powder coating facility in West Manchester Township, **York County**.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to the above mentioned company for the above mentioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval No. 67-03110B is to install two new powder coating mills and three new dust collectors. The Plan Approval and Operating Permit will contain emission restrictions, work practice standards, and testing, monitoring, record keeping, and reporting requirements to ensure the facility complies with the applicable air quality requirements. The estimated potential emissions from the proposed sources will be 13 tons per year of PM, respectively.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received.

Gary Helsel, Acting New Source Review Chief, may be contacted at 814-949-7935, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

49-00064B: Milton Regional Sewer Authority (5585 State Route 405, Milton, PA 17847) for a plan approval to construct two (2) Cummins model C1000-N6C biogas/natural gas fired engines/generators at their wastewater treatment plant in West Chillisquaque Township, **Northumberland County**. Each proposed Cummins engine/generator has a rated horsepower capacity of 1393 horsepower. This application is subject to the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12. The emissions from the proposed engines will be controlled by an oxidation catalyst on each engine. The total emissions from engines will amount to 0.81 ton/year of particulate matter, 13.45 tons/year of nitrogen oxides, 3.23 tons/year of carbon monoxide, 2.61 tons/year of sulfur oxides, 1.88 tons per year of volatile organic compounds and 0.54 ton/year of hazardous air pollutants. The Department has determined that the proposed levels of the air contaminants emissions satisfy the Department's BAT requirements.

Based on the findings presented above, the Department intends to issue a plan approval for the proposed project. The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable air quality regulatory requirements:

1. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the nitrogen oxide emissions from each engine shall not exceed 0.50 g/bhp-hr and 13.45 tons in any 12 consecutive month period. Compliance with this condition assures compliance with 40 CFR 60.4233(e).

2. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the carbon monoxide emissions from each engine shall not exceed 0.125 g/bhp-hr and 3.23 tons in any 12 consecutive month period. Compliance with this condition assures compliance with 40 CFR 60.4233(e).

3. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the sulfur oxide emissions from each engine shall not exceed 0.097 g/bhp-hr and 2.61 tons in any 12 consecutive month period. Compliance with this condition assures compliance with 25 Pa. Code § 123.21.

4. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the formaldehyde emissions from each engine shall not exceed 0.02 g/bhp-hr and 0.54 ton in any 12 consecutive month period.

5. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the volatile organic compound emissions from each engine shall not

exceed 0.07 g/bhp-hr and 1.88 tons in any 12 consecutive month period. Compliance with this condition assures compliance with 40 CFR 60.4233(e).

6. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the particulate matter emissions from each engine shall not exceed 0.03 g/bhp-hr.

7. The permittee shall perform particulate matter, nitrogen oxide, carbon monoxide, sulfur oxide, volatile organic compounds, and formaldehyde stack tests on each engine within 120 days from the commencement of operation of engines and biosolids dryer to demonstrate compliance with the particulate matter, nitrogen oxide, carbon monoxide, sulfur oxide, volatile organic compounds, and formaldehyde emission limitations. All testing is to be done while engines and dryer are operating at its maximum rate and using reference method test procedures acceptable to the Department.

8. At least sixty (60) days prior to the performance of the stack testing required by this plan approval, a test plan shall be submitted to the Department for evaluation. The plan shall contain a description of the proposed test methods and dimensioned drawings or sketches showing the test port locations. The Department shall be given at least fifteen (15) days advance notice of the scheduled dates for the performance of the stack testing required by this plan approval. Within sixty (60) days of the completion of the stack tests, two copies of the test report shall be submitted to the Department. The report shall contain the results of the tests, a description of the testing and analytical procedures actually used in performance of the tests, all process and operating data collected during the tests, a copy of all raw data, and a copy of all calculations generated during data analysis.

9. In accordance with the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall monitor the volume of biogas/natural gas combusted by each engine. Additionally, the permittee shall equip each engine with instrumentation capable of monitoring the exhaust temperature.

10. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, oxidation catalysts shall be equipped with instrumentation to continuously and accurately measure the differential pressure.

11. The permittee shall perform an annual adjustment and/or tune-up on each engine which shall include the following:

(a) Inspection, adjustment, cleaning or replacement of combustion equipment, including stationary and moving parts necessary for proper operation as specified by the manufacturer.

(b) Performance and documentation of annual maintenance or inspections necessary to ensure proper operations to minimize emissions of NO_x, SO_x and, to the extent practicable, minimize emissions of CO.

(c) Sampling of the final NO_x and CO emission rates. This sampling shall be conducted with portable metering equipment in accordance with applicable manufacturer's calibrating and operating procedures.

12. The permittee shall keep records of the following information for engines:

(a) the volume of biogas/natural gas combusted in each engine on a daily basis.

(b) the exhaust temperature of each engine on a daily basis.

(c) the pressure drop across each oxidation catalyst on a daily basis.

(d) the NO_x, CO, PM, VOC, PM, formaldehyde, and SO_x emissions each month and the corresponding 12 consecutive month totals to verify compliance with the applicable emission limitations.

(e) the dates and status of any tuning procedures done on each engine.

(f) the number of hours engines are not in operation each month.

These records shall be kept for a minimum of five (5) years and shall be made available to the Department upon request.

13. In accordance with the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, anytime that engines are not in operation, the biogas produced in anaerobic digester shall be controlled by the enclosed flare. The biogas shall not be vented directly to the atmosphere without prior approval from the Department.

14. The permittee shall submit an annual report to the Department of the following:

(a) the NO_x, CO, PM, VOC, NMOC, formaldehyde, and SO_x emissions each of the previous 12 months and the corresponding 12 consecutive month totals

(b) the volume of biogas/natural gas combusted in each engine

(c) the amount of hours each month that engines were not in operation

This report is due March 1st annually.

15. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, this plan approval is issued for the construction of two Cummins model C1000-N6C a biogas/natural gas-fired engines, each rated capacity of 1393 bhp (1000kw) (Source IDs P101 and P102). The air contaminant emissions from each Cummins engine shall be controlled by a separate Harco Manufacturing EnviCat models 5314-26.5x3.5x1 (ID C101) and 5314-33.5x3.5 (ID C102) oxidation catalysts.

16. Pursuant to the BAT requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall not operate engines without the simultaneous operation of their associated controls.

17. All conditions contained in Plan Approval 49-00064A remain in effect unless superseded or amended by conditions contained herein. If there is a conflict between a condition or requirement contained in this plan approval and a condition or requirement contained in Plan Approval 49-00064A, the permittee shall comply with the condition or requirement contained in this plan approval rather than the conflicting condition or requirement contained in Plan Approval 49-00064A.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570 327 3693.

Any person(s) wishing to provide the Department with additional information, which they believe should be

considered prior to the issuance of this permit, may submit the information to the Department of Environmental Protection at the address shown in the preceding paragraph. A 30-day comment period from the date of this publication will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify Permit No. 49-00064B) and concise statements regarding the relevancy of the information or objections to issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department of Environmental Protection determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570 327 3648.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401

Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920

46-00048: Wyeth Pharmaceuticals (500 Arcola Road, Collegetown, PA 19426) for renewal of the Title V Operating Permit for their corporate, subsidiary, and regional management offices in Upper Providence Township, **Montgomery County**. Wyeth Pharmaceuticals is a major facility for nitrogen oxide (NO_x) emissions. The facility is comprised of five (5) dual-fired boilers and nine (9) diesel-fired emergency electric generators. The renewal does not authorize any increase in air emissions of regulated pollutants above previously approved levels. The permit will include monitoring, record keeping, and reporting requirements designed to address all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110

Contact: Thomas J. Hanlon, Facility Permitting Chief—Telephone: 717-705-4862 or William Weaver, Program Manager—Telephone: 717-705-4702.

21-05031: Community Refuse Service, Inc.—Cumberland County Landfill (135 Vaughn Road, Shippenburg, PA 17257) for operation of the landfill operations and landfill gas control system in Hopewell and North Newton Township, **Cumberland County**.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit renewal for the abovementioned facility.

The actual emissions in year 2012 were 0.04 ton of CO, 0.2 ton of NO_x, 22 tons of PM₁₀, 0.05 ton of SO₂, 6.0 tons of VOC, and 3.0 tons of total HAPs. The Title V Operating Permit will contain fuel usage restrictions,

monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements. The landfill (Source ID EU01) and its gas collection system (Source ID CEU07) are subject to 40 CFR Part 60 Subpart WWW—Standards of Performance for Municipal Solid Waste Landfills, 40 CFR Part 63 Subpart AAAA—National Emission Standards for Hazardous Air Pollutants: Municipal Solid Waste Landfills, and 40 CFR Part 61 Subpart M—National Emission Standard for Hazardous Air Pollutants-Asbestos. The Portable Stone Processing Plant (Source ID P01) is subject to 40 CFR Part 60, Subpart OOO—Standards of Performance for Nonmetallic Mineral Processing Plants. The boilers, No. 2 fired, are subject to 40 CFR Part 63 Subpart JJJJJ—National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources. The emergency generator is subject to 40 CFR Part 63 Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received.

Gary Helsel, Acting New Source Review Chief, may be contacted at 814-949-7935, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

48-00047: Highway Materials, Inc. (1750 Walton Road, Blue Bell, PA 19422) for manufacture of Asphalt Paving Mixtures and Blocks in Upper Nazareth Township, **Northampton County**. The primary sources consist of a Hot Mix Asphalt Plant, Elevators, Screens and Bins. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), particulate matter (PM₁₀), and volatile organic compounds (VOC) emissions. This is a renewal State-Only Synthetic Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and

reporting requirements designed to keep the facility operating within all applicable air quality requirements.

39-00036: St. Luke's Health Network, Inc. (801 Ostrum Street, Bethlehem, PA 18015-1000) to operate a general medical and surgical hospital in Fountain Hill Borough, **Lehigh County**. The primary sources consist of five (5) boilers, five (5) emergency generators, and an ETO Sterilizer. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), particulate matter (PM₁₀), and volatile organic compounds (VOC) emissions. This is a renewal State-Only Synthetic Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

48-00033: Crayola, Inc. (1100 Church Lane, P.O. Box 431, Easton, PA 18044) for operation of crayons and artist materials facility in Forks Township, **Northampton County**. The primary sources consist of three (3) boilers, inkers, and degreasers. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), particulate matter (PM₁₀), and volatile organic compounds (VOC) emissions. This is a renewal State-Only Natural Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

40-00057: Pennsy Supply, Inc. (1001 Paxton Street, Harrisburg, PA 17104-1645) a renewal permit for operation of a batch asphalt plant and associated air cleaning device in Dorrance Township, **Luzerne County**. The facility is limiting production throughput rate of asphalt to 550,000 tons per year in order to maintain Synthetic Minor status. The proposed operating permit contains all applicable Federal and State regulations including emissions, monitoring, record keeping, reporting and work practice requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110

65-00778: Three Rivers Marine & Rail Terminal / Gibsonton Yard (17 Arentzen Boulevard, Suite 206 Charleroi, PA 15022) for the operation of a barge and truck unloading and transferring operation located in Rostraver Township, **Westmoreland County**. In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and is providing notice that it intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of three barge docks with clam shells, two rail unloading areas, a receiving area for a bagging operation, and an assortment of storage piles. Barges are unloaded and material is either loaded into trucks or stockpiled until trucks are available. The facility provided potential emissions at 15.5 tons per year PM₁₀. This includes the potential emissions from transferring material from barge to truck, haul roads, truck unloading, wind erosion and front loaders. The facility is required to maintain a daily log of material delivered to the facility, inventory on hand, and material shipped from the facility. All trucks carrying bulk material shall be tarped when leaving the terminal and handled in such a way to minimize track out onto the public road. The clam shell must be operated in such a way to minimize loss from the clam shell during transfer of material and minimize the drop height into the truck/barge. All roads shall be kept clean or watered as needed to minimize dust. The proposed authorization is subject to State and Federal Regulations. The permit includes additional operational requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (65-00778) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Sheila Shaffer, Air Quality Engineering Specialist, Department of Environmental Protection, Southwest Region, 400 Waterfront

Drive, Pittsburgh, PA 15222. For additional information concerning the permit or the issuance procedure, contact Sheila Shaffer at (412) 442-5227.

All comments must be received prior to the close of business 30 days after the date of this publication.

65-00789: Quikrete Companies, Inc. / Pittsburgh (519 Red Barn Lane, Latrobe, PA 15650) for the operation of aggregate drying, blending, and bagging concrete products located in Unity Township, **Westmoreland County**. In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of a 10 MMBtu/hr natural gas fluid bed dryer, storage silos, mixers, and material handling and transferring. The facility has the potential to emit: 4.30 tpy NO_x, 3.61 tpy CO, 0.03 tpy SO_x, 24.31 tpy PM, 0.24 tpy VOC, and 0.003 tpy HAPs. The facility is required to conduct a weekly survey of the facility during daylight hours while the facility is operating to ensure compliance with the visible emission, fugitive emission and malodor restrictions. Records of the weekly survey performed must be recorded. Monthly preventative maintenance inspections are to be performed on the control devices and recorded in an on-site log. Particulate matter emissions are not to exceed 0.04 gr/dscf. The proposed authorization is subject to State and Federal Regulations. The permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (65-00789) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

04-00445: Veka Inc. / Marion Township Plant (100 Veka Drive, Fombell, PA 16123) for the operation of blending polyvinyl chloride resin (PVC) for the manufacturing of windows and doors located in Marion Township, **Beaver County**. In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of coating lines, lamination lines, PVC extruder process, mixing operations, two electric ovens and one 600,000 Btu natural gas dryer. In 2012, the facility emitted: 1.133 tpy HAPs and less than 1 ton for all other criteria pollutants. The facility is required to conduct a weekly survey of the facility during daylight hours while the facility is operating to ensure compliance with the visible emission, fugitive emission and malodor restrictions. Records of the weekly survey performed must be recorded. A monthly log of all VOC-containing coatings and solvents purchased, consumed, and inventory on hand must be recorded in an on-site log. Particulate matter emissions are not to exceed 0.02 gr/dscf. The facility is limited to 33 tons per year of VOCs, 5.0 tons per year MEK and 9.9 tons per year total HAPs. The proposed authorization is subject to State and Federal Regulations. The permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (04-00445) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

10-00368: MarkWest Liberty Bluestone, LLC (440 Hartmann Road, Evans City, PA 16033) for issuance of initial Synthetic Minor Operating Permit in the Jackson Township, **Butler County**. The facility is processing natural gas and, returning the gas to the pipeline. The facility's emitting sources include: 1) Inlet Compressors, 2) Residue Compressors, 3) Refrigerant Compressors, 4) Dehydrators, 5) Emergency Generators, 6) Process Heaters, 7) Truck Loading, 8) Storage Tanks and, 9) Gas processing plant. The plant is able to process 50 mmcf of natural gas per day. The diesel emergency generator is subject to 40 CFR Part 60 Subpart IIII. The natural gas emergency generator is subject to 40 CFR 60 Subpart JJJJ. The inlet / residue and refrigerant compressors are subject to 40 CFR Part 60 Subpart JJJJ. The facility is subject to the requirements of 40 CFR 60 Subpart OOOO

and VVa. The dehydrators are also subject to 40 CFR 63 Subpart HH. The applicable requirements from the 40 CFR 60 and 63 have been included in the permit. The facility is synthetic minor because; the facility has taken a restriction of fuel usage in the combustion sources not greater than, 1,120,000 MMBTU/year. This limit will control the emission of greenhouse gases, Carbon Dioxide equivalent. Potential emissions of the pollutants after taking the limitations are: NO_x: 56.71 Tons per year (TPY), CO: 77.50 TPY VOC: 38.62 TPY, PM₁₀: 5.96 TPY, HAPs: 10.41 TPY, CO₂ equivalent: 77,887 TPY. The facility has accepted more stringent emission limits on the inlet compressors, residue compressors and refrigerant compressors for CO and VOC compared to the plan approval established limits based on the results of stack tests performed at the facility. The new CO limits for the inlet / residue compressors are 0.4 gram/hp-hr (per engine); 1.31 lb/hr (per engine); and 57.16 TPY (for the total of the 10 inlet / residue compressors). The new VOC limits for the inlet / residue compressors are: 0.17 gram/hp-hr (per engine); 0.56 lb/hr (per engine); and 24.3 TPY (for the total of the 10 inlet / residue compressors). The new CO limits for the two refrigerant compressors are: 0.5 gm/hp-hr (per engine); 0.93 lb/hr (per engine); and 8.11 TPY (for the total of the two engines). The new VOC limits for the two refrigerant compressors are: 0.20 gram/hp-hr; 0.37 #/hr (per engine); and 3.24 TPY (for the total of the two engines).

33-00025: Punxsutawney Area Hospital (81 Hillcrest Drive, Punxsutawney, PA 15767) to renew a State Only Operating Permit for their hospital in Young Township, **Jefferson County**. The primary sources at the facility are two (2) dual-fueled 10.5 million Btu/hr boilers using natural gas as primary fuel and capable of firing oil in the event of a natural gas curtailment and an oil-fired emergency generator. Potential Emissions for the site are less than the Title V thresholds. The facility is a Natural Minor. The emergency generator is subject to 40 CFR Part 63 Subpart ZZZZ, the NESHAP for Stationary RICE. The permit contains emission restrictions, recordkeeping, and work practice requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

39-00071A: ANDA Industries (15 South Albert Street, Allentown, PA 18109-2798) for modification to their existing State Only permit for their facility in Allentown, **Lehigh County**.

Notice is hereby given in accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), that the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to ANDA Industries (15 South Albert Street, Allentown, PA 18109-2798) for their facility located in Allentown, Lehigh County. This Plan Approval No. 39-00071A will be incorporated into a State Only Permit through an administrative amendment at a later date.

Plan Approval No. 39-00071A is for the modification to their existing State Only permit. No new equipment will be added. The company shall be subject to and comply with 25 Pa. Code § 123.41 for Visible emissions. The facility is subject to 25 Pa. Code § 127.12 (a) (5) Best Available Technology (BAT) requirements. The visible emissions (opacity) shall not be equal to or greater than 20% at any time. The company shall be subject to and comply with 25 Pa. Code § 123.31 for malodorous emissions. These limits will meet BAT requirements for this source. The Plan approval and Operating Permit will include testing, monitoring, record keeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the address shown in the preceding paragraph. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit No.: 39-00071A and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Ray Kempa, Chief, New Source Review Section, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915, Phone # 570-826-2511 within 30 days after publication date.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted

by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 mg/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

3074SM13 and NPDES Permit No. PA0107433. Allegheny Mineral Corporation (P.O. Box 1022, Kittanning, PA 16201) Revision to an existing large industrial minerals mine to add 49.1 acres of additional land and delete 49.1 acres in Slippery Rock Township and Slippery Rock Borough, **Butler County**. The total acreage will remain 1,058.5 acres. This revision also includes a land use change from pasturelands/lands occasionally cut for hay to industrial/commercial land and unmanaged natural habitat on the Allegheny Mineral Corporation property. Receiving streams: Five unnamed tributaries to Slippery Rock Creek and two unnamed tributaries to Wolf Creek, both classified for the following uses: CWF. There are no potable surface water supply intakes within 10 miles downstream. Application received: September 9, 2013.

3074SM13. Allegheny Mineral Corporation (P.O. Box 1022, Kittanning, PA 16201) Renewal of NPDES Permit No. PA0107433 in Slippery Rock Township and Slippery Rock Borough, **Butler County**. Receiving streams: Five unnamed tributaries to Slippery Rock Creek and two unnamed tributaries to Wolf Creek, both classified for the following uses: CWF. There are no potable surface water supply intakes within 10 miles downstream. Application received: September 9, 2013.

45950301C12 and NPDES Permit No. PA0223506. Bill Barry Excavating, Inc., (174 Quarry Lane, Cresco, PA 18326), renewal of an NPDES Permit for discharge of treated mine drainage from a sandstone, shale, sand & gravel quarry operation in Barrett Township, **Monroe County** affecting 152.0 acres, receiving streams: Cranberry Creek and Mill Creek, classified for the following uses: HQ—cold water and migratory fishes. Application received: August 26, 2013.

7975SM2A1C9 and NPDES Permit No. PA0613151. Haines & Kibblehouse, Inc., (PO Box 196, Skippack, PA 19474), renewal of an NPDES Permit for discharge of treated mine drainage from a quarry operation in Plumstead Township, **Bucks County** affecting 17.8 acres, receiving stream: Geddes Run, classified for the following use: cold water fishes. Application received: August 26, 2013.

58000803. Robert Cooley, (9001 SR 167, Kingsley, PA 18826), Stage I & II bond release of a quarry operation in Brooklyn Township, **Susquehanna County** affecting 2.0 acres on property owned by John Rosler. Application received: August 27, 2013.

58070837. Jerry Knight, (188 Booth Road, Montrose, PA 18801), Stage I & II bond release of a quarry operation in Franklin Township, **Susquehanna County** affecting 2.0 acres on property owned by Jerry Knight. Application received: September 11, 2013.

64080301C and NPDES Permit No. PA0224693. Reading Materials, Inc., (PO Box 196, Skippack, PA 19474), renewal of an NPDES Permit for discharge of treated mine drainage from a sand & gravel quarry operation Palmyra Township, **Wayne County** affecting 79.2 acres, receiving stream: Lake Wallenpaupack, classified for the following use: HQ—warm water fishes. Application received: August 28, 2013.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100, (Contact: Deborah Ferenci)

NPDES No. PA0092631 (Mining Permit No. 32841602), AMFIRE Mining Company, LLC, (One Energy Place, Latrobe, PA 15650). A renewal to the NPDES and mining activity permit for the Clymer Tipple in Cherryhill Township, **Indiana County**. Surface Acres Affected 47.6. Receiving stream: Dixon Run, classified for the following use: CWF. Kiskiminetas-Conemaugh River Watersheds. UNT to Dixon Run, classified for the following use: CWF. The application was considered administratively complete on October 5, 2010. Application received August 6, 2010.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to

Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P. S. § 750.5)

Southeast Region: Clean Water Program Manager, 2 East Main Street, Norristown, PA 19401. Telephone 484.250.5970

Plan Location:

Township	Township Address	County
Newtown	209 Bishop Hollow Road Newtown Square, PA 19073	Delaware

On September 24, 2013, the Southeast Regional office approved the Act 537 sewage facilities plan update for Newtown Township, Delaware County (APS ID 459295 AUTH ID 603740). This approval provides for the following:

1. The establishment of an expanded public sewer service area that will be served by the Central Delaware County Authority (CDCA) sewage conveyance system. Sewage from the CDCA public sewer service area will be conveyed to the DELCORA wastewater treatment facility for treatment and disposal. Capacity for the expanded CDCA service area is provided under the December 21, 2007 Supplemental Agreement by and between the Central Delaware County Authority and Morton Borough, Prospect Park Borough, Ridley Park Borough, Rutledge Borough, Swarthmore Borough, Edgmont Township, Marple Township, Nether Providence Township, Newtown Township, Ridley Township, Springfield Township and Upper Providence Township.

The drainage basins within the expanded CDCA service area are described as follows:

a. Ashford Pump Station Service Area: All proposed sewage facilities within the Ashford Pump Station Service Area are depicted on the plan titled Ashford P. S. Service Area—Opt. 2, prepared by Herbert E. MacCombie, Jr., P.E. Consulting Engineers and Surveyors, Inc., dated February 11, 2013. The proposed improvements are described as follows:

i. The Melmark Pump Station: The Melmark Pump Station, a.k.a. Pump Station No. 1, will be located on the Melmark campus, south of Hunt Valley Lane. This pump station will be privately owned and will have annual average design flows of 25,000 gallons per day. The Melmark Pump Station will connect to a gravity sewer line that will be constructed in the campus' driveway. The gravity line will also provide access to public sewers to 3 residential parcels south of the Melmark campus.

ii. The Newtown Hunt Pump Station: The Newtown Hunt Pump Station, a.k.a. Pump Station No. 2, will be located southeast of the Melmark campus and south of Hunt Valley Circle. This pump station will have annual average design flows of 33,150 gallons per day and will receive flows from Pump Station No. 1 and the gravity collection system that will serve properties along Hunt Valley Lane and Hunt Valley Circle. The Newtown Hunt Pump Station's force main will extend to a proposed gravity sewer that will be constructed in Echo Valley Lane.

iii. The Goshen Road Pump Station: The Goshen Road Pump Station, a.k.a. Pump Station No. 3, will be located near the terminus of the Crum Creek Lane cul-de-sac, north of Goshen Road. This pump station will have annual average design flows of 81,500 gallons per day and will receive flows from Pump Station No. 2 and the gravity sewer system that will serve Echo Valley Lane, Battles Lane, Meadow Lane, Crum Creek Lane, Partridge Lane, Fox Hill Lane and portions of Goshen and Boot Roads. The Goshen Road Pump Station's force main will extend to a gravity manhole to be located in Goshen Road. This manhole is associated with the Ashford Development. Flows from the Goshen Road Pump Station are ultimately tributary to the Ashford Pump Station.

iv. The Ashford Pump Station will be expanded to accommodate an annual average flow of 207,500 gallons of sewage per day. The Ashford Pump Station will receive sewage from Pump Station Nos. 1-3, the Episcopal Academy campus and the Ashford Subdivision. The Ashford Pump Station's location and force main route remain unchanged from the March 2, 2012, DEP planning module approval of the Ashford Subdivision.

b. Camelot Pump Station Service Area: All proposed sewage facilities within the Camelot Pump Station Ser-

vice Area are depicted on the plan titled Camelot P. S. Service Area—Opt. 2, prepared by Herbert E. MacCombie, Jr., P.E. Consulting Engineers and Surveyors, Inc., dated February 11, 2013. The proposed improvements are described as follows:

i. The Olde Masters Pump Station, a.k.a. Pump Station No. 4, will be located on the Olde Masters property, northwest of the Garrett Williamson Tract and west of Florida Park. Pump Station No. 4 will have annual average design flows of 211,910 gallons per day and will receive flows from the gravity sewer lines that will serve the Newtown Business Center, the Olde Masters Site, the Marville Property, Florida Park, Boot Road and a portion of Campus Drive. The Olde Masters Pump Station's force main will discharge to a proposed gravity sewer in Campus Boulevard.

ii. The Springton Pointe Estates Pump Station, a.k.a. Pump Station No. 5, will be located at the site of the Springton Pointe Estates Wastewater Treatment Facility, which will be decommissioned. Pump Station No. 5 will have annual average design flows of 285,860 gallons per day and will accept flows from a portion of Campus Boulevard, the gravity sewer system serving the Springton Pointe Estates Development and the Hunters Run Development. The community on-lot sewage disposal system that currently serves the Hunters Run Development will also be decommissioned.

iii. The Camelot Pump Station will be expanded to accommodate an annual average flow of 535,860 gallons of sewage per day. The Camelot Pump Station will accept flows from Pump Stations 4 and 5. The pump station's force main is tributary to an existing CDCA manhole located at the intersection of Route 252 and Media Line Road.

2. The Township will implement a sewage management program (SMP). The SMP is described in the draft Chapter 130, Article III of the Newtown Township code. The draft code revision will address the proper operation and maintenance of on-lot sewage disposal systems, sewage grinder pumps and sewage holding tanks. The draft code revision is included with Appendix P of the Plan.

Newtown Township should coordinate sewer extension projects with CDCA in order to assure that adequate capacity exists in CDCA's infrastructure to accept new flows prior to adding connections to the CDCA system.

The Newtown Township Sewer Authority must secure Clean Streams Law permits from the Department for the construction and operation of the proposed sewage facilities.

Plan Location: Lower Macungie Township Official Sewage Facilities Update

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Lower Macungie Township	3400 Brookside Road Macungie, PA 18062	Lehigh County

Plan Description: The proposal covers the areas of the township which utilize on-lot sewage disposal systems and consists of the implementation of an On-lot Sewage Management Program for the regular inspection, maintenance, and rehabilitation of on-lot sewage disposal systems. The Plan provides for the continued use of on-lot sewage disposal systems in areas outside of the design-

ated public sewer service area. The Plan also revises the public sewer area to include existing developments with public sewer into the current public sewer area and proposed developments with public sewer into the future public sewer area.

The township's Sewage Management Program will include the following:

- Adoption of an On-lot Sewage Management Plan Ordinance effective on January 1 of the year after the Plan Revision is approved by PA DEP. The Ordinance will regulate the inspection, maintenance, repair, and rehabilitation of existing and future on-lot sewage disposal systems. Property owners in the on-lot planning area of the township will be required to have their septic tanks cleaned out by pumping by a township registered pumper/hauler at least once every five (5) years and submit copies of the septic tank inspection form to the township. The Ordinance will also provide for enforcement and penalties for violations of the ordinance.

- Distribution of public information materials to residents living within the sewer management districts by township mailings and newsletter, such as a description of a properly functioning on-lot sewage disposal system, information on water conservation practices and devices to reduce hydraulic loading of the sewage disposal system and the septic tank inspection form.

- Review and inspections of new construction system installations or repairs/replacements of existing systems.

- The township will implement a schedule whereby property owners shall be notified, in advance, that they shall be required to have their septic tanks pumped. The pumping will be scheduled using five sewer management districts and shall start with sewer management district 1, followed by districts 2, 3, 4, and 5, after which the pumping cycle will be repeated. After notification by the township, all property owners must have their tanks pumped by December 31 of the notification year. A map showing the properties within the various sewer management districts is on file at the township office.

This Plan is approved with the following condition: It is now Lower Macungie Township's responsibility to implement the 537 Plan in accordance with the schedules contained in the Plan.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
East Union Township	P. O. Box 295 Shepton, PA 18248	Schuylkill

Plan Description: The Corrective Action Plan (CAP), submitted as a plan update revision to East Union Township's (Township) Official Sewage Facilities Plan, proposes a systematic investigation that will identify and propose corrective measures for portions of the Township's wastewater collection system that may be subject to excessive amounts of infiltration/inflow (I/I). The CAP is also intended to reduce hydraulic/organic overloading at the East Union Township Sewer Authority's Wastewater Treatment Facility. The CAP also contains an implementation schedule for its investigative activities. The CAP is now to be considered an integral part of the Township's Official Sewage Facilities Plan.

Should conditions be encountered during the implementation of the CAP, which require the alteration of the approved CAP, the Township and Authority shall contact the Department, in writing, and discuss the need to alter

the CAP at the earliest possible time. Any additional wastewater-related improvements, additions, deletions or changes outside of those explicitly described in the CAP must be in compliance with the Department's regulations and be submitted to and approved by the Department in writing.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
West Donegal Township	One Municipal Drive, Elizabethtown, PA 17022	Lancaster

Plan Description: The approved plan provides for the adoption of an On-Lot Disposal System (OLDS) Mandatory Pumping Ordinance and Updated Holding Tank Ordinance, along with a review of the operation of the existing OLDS in the Furnace Hills/Cedar Hills area at two (2) year intervals with the agreement to extend public sewers to this area if warranted. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

SEWAGE FACILITIES ACT PLAN DISAPPROVAL

Plan Disapprovals Granted Under the Pennsylvania Sewage Facilities Act

Northeast Region: Clean Water Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Lemon Township	2 Tague Road Tunkhannock, PA 18657	Wyoming
Tunkhannock Township	113 Tunkhannock Township Drive Tunkhannock, PA 18657	Wyoming

Plan Description: The Department disapproved Lemon Township / Tunkhannock Township, Wyoming County, Act 537 Sewage Facilities Plan Update, dated January 2013, on August 28, 2013. The disapproved Plan Update proposed: (1) a low pressure sewage collection system around Lake Carey and a wastewater treatment plant near the South Branch of the Tunkhannock Creek (Area 1); (2) a sewage collection system for Area 2 with discharge to the Tunkhannock Borough Municipal Authority's Wastewater Treatment Plant, and (3) a sewage management program for Areas 3, 4, and 5. The Plan was disapproved because: (1) the Townships' Resolutions contained conditional language such that the selected alternative will be constructed if certain conditions are met; (2) the Public Notice stated that the Area 1 project is conditioned on obtaining affordable financing terms and the user fees were not included; and (3) the technical deficiencies as stated in the Department's July 16, 2013 and August 28, 2013 letters.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Energy, Inc. 395 Airport Road, Indiana PA 15701, submitted a Final Report concerning remediation of site soils contaminated from a release of brine water from a crack in a 4200 gallon AST. The report is intended to document remediation of the site to meet the residential statewide health standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water

Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

To provide compensatory mitigation to meet third party aquatic resource compensation obligations as established through site specific permits issued pursuant to Chapter 105, in a comprehensive approach to ensure aquatic resource compensatory mitigation obligations are satisfied within the Commonwealth of Pennsylvania. This consent does not include the authority to construct, restore or enhance a specific aquatic resource improvement site. The construction and maintenance of specific aquatic resource improvement site(s) will occur under separate application and review. This consent is specific to the conditions under which the permittee may operate to provide third party compensatory mitigation to meet Chapter 105 requirements within the Commonwealth. This action also includes approval and authority to operate the aquatic resource improvement site previously constructed under Water Obstruction and Encroachment Permit MB9915-0001a as an aquatic resource compensatory mitigation bank site in accordance with the terms and conditions of this permit. This activity was not subject to 401 Water Quality Certification and a certification was not processed.

The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

DEPARTMENT OF HEALTH

Head Injury Program; Withdrawal of Accreditation Waiver for Providers of Home and Community Based Rehabilitation Services

The Department of Health (Department) gives notice, effective November 1, 2013, that the Division of Child and Adult Health Services' Head Injury Program (HIP) will no longer accept requests for waivers of Commission on Accreditation of Rehabilitation Facilities (CARF) accreditation from providers of rehabilitation services interested in contracting with the Department to provide services to HIP applicants and clients. As of the effective date of this notice, to be eligible to contract with the Department to become a participating provider in the HIP, all providers shall be accredited by a National accrediting body approved by the Department, in accordance with the requirements of 28 Pa. Code § 4.4 (relating to requirements for provider participation).

Providers of residential, outpatient, day and home based rehabilitation services whose services are eligible for payment by the HIP are required by 28 Pa. Code § 4.4 to be accredited by a National accrediting body approved by the Department. The Department published a list of approved National accrediting bodies at 31 Pa.B. 7073 (December 29, 2001). The Department approved the Joint Commission on Accreditation of Healthcare Organizations for rehabilitation hospitals and CARF for nonhospital rehabilitation facilities. The Department subsequently published notice at 37 Pa.B. 4263 (August 4, 2007) announcing that the HIP would accept requests for waivers of CARF accreditation from providers of home- and community-based rehabilitation services. Effective November 1, 2013, the waiver opportunity is withdrawn and all providers who wish to contract with the Department to become a participating provider in the HIP and provide rehabilitation services to HIP applicants and clients must be accredited by one of the accrediting bodies approved by the Department.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Nicole Adams, Bureau of Family Health, 625 Forster Street, Health and Welfare Building, 7th Floor East Wing, Harrisburg, PA 17112, (717) 547-3367, or for speech and/or hearing impaired persons V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984.

DEPARTMENT OF REVENUE

Mega Millions® Terminal-Based Lottery Game

Under the State Lottery Law (72 P.S. §§ 3761-101—3761-314) and 61 Pa. Code § 875.4 (relating to notice of terminal-based lottery game rules), the Secretary of Revenue hereby provides public notice of changes to the Mega Millions® terminal-based lottery game rules that were published at 40 Pa.B. 676 (January 30, 2010); and amended at 40 Pa.B. 5263 (September 11, 2010), 40 Pa.B. 6846 (November 27, 2010), 41 Pa.B. 2778 (May 28, 2011), 42 Pa.B. 621 (January 28, 2012) and 43 Pa.B. 2684 (May 11, 2013). The revised game rules are being published in their entirety and replace all previously published rules and amendments.

The following changes to the Mega Millions® terminal-based game will be effective with the game sales commencing on October 19, 2013.

This amendment changes the Mega Millions® game matrix, the game odds, the allocation of sales to the prize tiers, the minimum starting annuity jackpot category prize and the prize amounts of the second through the ninth category prizes.

This amendment changes the number and amount of the annuity jackpot category prize installments.

This amendment provides for a new method of calculating the second through the ninth category prizes in the event the prizes would become pari-mutuel prizes.

This amendment provides further detail on the use and content of the various prize pool accounts and the prize reserve account.

This amendment changes the Megaplier® promotion by changing the prize amounts, the odds and the function of the multiplier feature.

The complete game rules are provided as follows.

1. *Name:* The name of the terminal-based lottery game is Mega Millions®. The game will commence at the discretion of the Secretary and will continue until the Secretary publicly announces a suspension or termination date.

2. *Definitions:* The following words and terms, when used in this notice, have the following meanings, unless the context clearly indicates otherwise:

Cross-Selling Agreement—The agreement between the Mega Millions® Lotteries and the MUSL allowing the MUSL Mega Millions® Product Group member lotteries to sell the Mega Millions® game.

MUSL—The Multi-State Lottery Association.

MUSL Board—The governing body of MUSL that is comprised of the chief executive officer of each MUSL member lottery.

MUSL Finance and Audit Committee—The committee established by the Multi-State Lottery Association Agreement which, among other things, establishes the reserve accounts balances and may accelerate the payment of the jackpot category prize upon the death of a lottery winner.

MUSL Mega Millions® Product Group—The group of lotteries that have joined together to offer the Mega Millions® game under the terms of the Cross-Selling Agreement between the MUSL and the Mega Millions® Lotteries.

Mega Millions®—A terminal-based lottery game offered by the Mega Millions® Lotteries and the MUSL Mega Millions® Product Group.

Mega Millions® drawing officials—The personnel authorized by the Mega Millions® Lotteries to conduct and ensure the integrity of the Mega Millions® and the Megaplier® drawings.

Mega Millions® Lotteries—Lottery jurisdictions that are parties to the Mega Millions Lottery Agreement. This term does not include members of the MUSL Mega Millions® Product Group.

Mega Millions® winning numbers—The six numbers, the first five numbers from a field of 75 numbers ranging from 1 through 75, and the last one from a field of 15 numbers ranging from 1 through 15, randomly selected at each Mega Millions® drawing that shall be used to determine winning Mega Millions® plays.

Megaplier® promotion—A Mega Millions® game feature by which a player, for an additional wager of \$1 per play, can increase the second through the ninth category prize amounts or the second through the ninth category pari-mutuel prize amounts, as applicable, by a factor of two, three, four or five times depending upon the multiplier

number that is drawn prior to a Mega Millions® drawing. The Megaplier® does not apply to the jackpot category prize.

3. *Price:* The price of a Mega Millions® play is \$1. Additional plays may be purchased at the discretion of the player. The Megaplier® promotion may be exercised, at the discretion of the player, for an additional \$1 per play.

4. *Description of the Mega Millions® lottery game:*

(a) Mega Millions® is designed to give players the opportunity to win one prize in each play.

(b) For a \$1 purchase, the player gets a ticket containing one play. Each play shall consist of six numbers, the first five from a field of 75 numbers ranging from 1 through 75 and the last one from a field of 15 numbers ranging from 1 through 15.

(c) Players can win a prize, as described in section 7(b) (relating to prizes available to be won and determination of prize winners), by matching, in the same play, five, four, three, two, or one of the five numbers selected from the field of numbers 1 through 75 and matching the one number selected from the field of numbers 1 through 15, with the MegaMillions® winning numbers selected in the Mega Millions® drawing in which the ticket is entered. Or players can win a prize, as described in section 7(b) (relating to prizes available to be won and determination of prize winners), by matching, in the same play, five, four, or three of the five numbers selected from the field of numbers 1 through 75 with the winning numbers selected from the field of numbers 1 through 75, in the Mega Millions® drawing in which the ticket is entered. Or players can win a prize, as described in section 7(b) (relating to prizes available to be won and determination of prize winners), by matching, in the same play, one number from the field of numbers 1 through 15, with the one winning number selected from the field of numbers 1 through 15 in the Mega Millions® drawing in which the ticket is entered.

5. *Mega Millions® bet slip and ticket characteristics:*

(a) Mega Millions® bet slips shall be available at no cost to the player. Plays shall be selected in accordance with the instructions printed on the Mega Millions® bet slip. A Mega Millions® bet slip has no pecuniary or prize value and does not constitute evidence of the purchase of a ticket or the numbers selected. The use of mechanical, electronic, computer generated or any other nonmanual method of marking bet slips is not permitted.

(b) To purchase a ticket, the player shall remit to an authorized retailer the purchase price and submit a completed Mega Millions® bet slip or request the number selection through Quick Pick or manual terminal entry. The ticket shall contain at least one play as defined in section 4(b), the drawing date or range of dates for which the ticket is entered, the total cost of the bet, validation data and the Megaplier® promotion indication if applicable. On tickets containing multiple plays, each play will be identified by a letter prefix: A for the first play printed on the ticket; B for the second play printed on the ticket; C for the third play printed on the ticket; D for the fourth play printed on the ticket; and E for the fifth play printed on the ticket. The ticket shall be the only valid proof of

the bet(s) placed and the only valid receipt for claiming a prize. The ticket shall only be valid for the drawing date or range of dates printed on the ticket.

(c) Through the use of a bet slip the player may select up to five numbers from the field of numbers 1 to 75 and one number from the field of numbers 1 to 15 for each play purchased and select the number of drawings in which the plays are entered. Alternatively, a player may choose to have their numbers selected using the Quick Pick option, by marking the box for Quick Pick on the bet slip. A \$1 wager entitles a player to play game A. A \$2 wager entitles a player to play games A and B. A \$3 wager entitles a player to play games A, B and C. A \$4 wager entitles a player to play games A, B, C and D. A \$5 wager entitles a player to play games A, B, C, D and E. Players are also given the option to select the Megaplier® promotion on the bet slip at the time of purchase for an additional \$1 per play.

(d) If Mega Millions® bet slips are unavailable, a player may make their number selections or request the Quick Pick option, and choose the number of drawings to be entered by relaying the same to an authorized retailer for each play. The player may select the Megaplier® promotion for an additional \$1 per play. The retailer shall manually enter the number of drawings for which the play is entered, the number selections designated by the player or Quick Pick selections, and the Megaplier® promotion, if applicable, into the Lottery terminal.

(e) To purchase a ticket at a Lottery self-service terminal that dispenses terminal-based Lottery tickets, the player shall designate their number selections (using either a Mega Millions® bet slip or the Quick Pick option) and the number of drawings to be entered and may exercise the Megaplier® promotion for an additional \$1 per play.

(f) A player may purchase plays for one through twenty-six consecutive drawings, commencing with the next scheduled drawing.

6. *Time, place and manner of conducting drawings.*

(a) Time of drawing. A Mega Millions® drawing will be held as determined and publicly announced by the Secretary.

(b) Place of drawing. Mega Millions® and the Megaplier® drawings will be conducted in locations selected by the Mega Millions® Lotteries.

(c) Manner of conducting drawings. The Mega Millions® drawing officials will select, at random, the Mega Millions® winning numbers, with the aid of mechanical devices or any other selection methodology as authorized by the Mega Millions® Lotteries. Prior to the Mega Millions® drawing, the Megaplier® number will be drawn.

7. *Prizes available to be won and determination of prize winners:*

(a) An amount equal to 50% of Mega Millions® gross sales for a Mega Millions® game drawing is anticipated to be reserved for prizes and allocated for payment of prizes as enumerated in sections 7(b) and 7(d) (relating to prizes available to be won and determination of prize winners).

(b) Determinations of the Mega Millions® prize winners are as follows:

(1) Holders of tickets upon which the player's five numbers selected from the field of numbers 1 through 75 match the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75 and the player's one number selected from the field of numbers 1 through 15 matches the winning number selected by the Mega Millions® drawing officials from the field of numbers 1 through 15, in a single play, for the drawing in which the ticket is entered, shall be the winner of the jackpot category prize. Prize money allocated to the jackpot category prize will be divided into as many shares as there are winning jackpot category prize plays as provided in this section.

(i) Prior to each drawing, the Mega Millions® Lotteries shall determine the annuity jackpot category prize amount to be advertised. The advertised annuity jackpot category prize amount shall be estimated and established based upon sales and the annuity factor established for the drawing.

(ii) The minimum Mega Millions® annuity jackpot category prize shall not be less than \$15 million divided by the number of plays entitled to a jackpot category prize.

(iii) If, in a Mega Millions® drawing, there are no winning Mega Millions® jackpot category prize plays, prize money allocated to that prize category will be carried forward and added to the amount allocated for the jackpot category prize in the next consecutive Mega Millions® drawing.

(iv) If the annuity jackpot category prize divided by the number of Mega Millions® plays matching all the Mega Millions® winning numbers, is equal to or greater than \$1,000,000, the jackpot category prize will be paid as an annuity as described in section 7(b)(1)(v) unless the winner irrevocably elects in writing to receive the jackpot category prize in a single cash payment, provided the election is made by the winner within 60 days of the date the Lottery determines that such player is entitled to the jackpot category prize.

(v) Annuity jackpot category prizes shall be paid in 30 graduated annual installments. The initial payment shall be paid upon completion of internal validation procedures. The subsequent 29 payments shall be paid annually. Payments shall escalate by a factor of five percent (5%) annually, and annual payments shall be rounded down to the nearest even one thousand dollar increment.

(vi) The amount of the jackpot category prize, if paid as a lump-sum cash payment, will be determined by the MUSL Mega Millions® product group unless a different method is required by the Mega Millions® Lotteries.

(vii) In the event multiple Mega Millions® plays match the Mega Millions® winning numbers in the same drawing, and the annuity Mega Millions® jackpot category prize divided by the number of winning jackpot category prize game plays is less than \$1,000,000, each Mega Millions® jackpot category prize winner shall be paid a lump-sum cash payment in an amount equal to the annuity jackpot category prize amount multiplied by a discount value set by the Mega Millions® Lotteries prior to each drawing, divided equally by the number of jackpot category prize winners.

(viii) If individual shares of the cash held to fund an annuity are less than \$250,000, the MUSL Mega Millions® Product Group, in its sole discretion, may elect to pay the winners their share of the cash allocated for the payment of the jackpot category prize.

(ix) In the event of the death of a lottery winner during the annuity payment period, the MUSL Finance & Audit Committee, in its sole discretion excepting a discretionary review by the MUSL Mega Millions® Product Group, may accelerate the payment of all of the remaining lottery proceeds to the estate of the lottery winner. The estate of the lottery winner shall petition the lottery of the jurisdiction in which the deceased lottery winner purchased the winning ticket to request acceleration. If such a determination is made, then securities and/or cash held to fund the deceased lottery winner's annuity prize may be distributed to their estate. The identification of the securities to fund the annuity prize shall be at the sole discretion of the MUSL Finance and Audit Committee or the MUSL Mega Millions® Product Group.

(2) Holders of tickets upon which the player's five numbers selected from the field of numbers 1 through 75 match the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75, in a single play, for the drawing in which the ticket is entered, shall be the winner of a second category prize.

(3) Holders of tickets upon which four of the player's five numbers selected from the field of numbers 1 through 75 match four of the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75 and the player's one number selected from the field of numbers 1 through 15 matches the one number selected by the Mega Millions® drawing officials from the field of numbers 1 through 15, in a single play, for the drawing in which the ticket is entered, shall be the winner of a third category prize.

(4) Holders of tickets upon which four of the player's five numbers selected from the field of numbers 1 through 75 match four of the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75, in a single play, for the drawing in which the ticket is entered, shall be the winner of a fourth category prize.

(5) Holders of tickets upon which three of the player's five numbers selected from the field of numbers 1 through 75 match three of the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75 and the player's one number selected from the field of numbers 1 through 15 matches the one number selected by the Mega Millions® drawing officials from the field of numbers 1 through 15, in a single play, for the drawing in which the ticket is entered, shall be the winner of a fifth category prize.

(6) Holders of tickets upon which three of the player's five numbers selected from the field of numbers 1 through 75 match three of the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75, in a single play, for the drawing in which the ticket is entered, shall be the winner of a sixth category prize.

(7) Holders of tickets upon which two of the player's five numbers selected from the field of numbers 1 through 75 match two of the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75 and the player's one number selected from the field of numbers 1 through 15 matches the one number selected by the Mega Millions® drawing officials from the field of numbers 1 through 15, in a single play, for the drawing in which the ticket is entered, shall be the winner of a seventh category prize.

(8) Holders of tickets upon which one of the player's five numbers selected from the field of numbers 1 through 75 matches one of the five winning numbers selected by the Mega Millions® drawing officials from the field of numbers 1 through 75 and the player's one number selected from the field of numbers 1 through 15 matches the one number selected by the Mega Millions® drawing officials from the field of numbers 1 through 15, in a single play, for the drawing in which the ticket is entered, shall be the winner of an eighth category prize.

(9) Holders of tickets upon which the player's one number selected from the field of numbers 1 through 15 matches the one number selected by the Mega Millions® drawing officials from the field of numbers 1 through 15, in a single play, for the drawing in which the ticket is entered, shall be the winner of a ninth category prize.

(10) Except for winning prizes sold by the California Lottery, the prize pool percentage allocated to the second through the ninth category prizes shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the second through the ninth category prizes awarded in the current draw.

(c) An amount up to five percent of a MUSL Mega Millions® Product Group member's sales shall be placed in trust in one or more prize pool accounts and prize reserve accounts held by the MUSL Mega Millions® Product Group at any time that the prize pool accounts and the member's share of the prize reserve account(s) is below the amounts designated by the MUSL Mega Millions® Product Group. The MUSL Mega Millions® Product Group has established a Prize Reserve Account (PRA) for the Mega Millions® game, which is used to guarantee the payment of valid, but unanticipated, jackpot category prizes that may result from a system error or other reason, subject to the limitations of these rules. The MUSL Mega Millions® Product Group has established the following prize pool accounts for the Mega Millions® game: the Grand Prize pool, which is used to guarantee payment of the immediate jackpot category prize; the Set-Aside Account, which is used to guarantee payment of the minimum or starting jackpot category prize; the Megaplier® prize pool account, which is described in section 10 (relating to Megaplier® promotion) of these rules; and the Low-Tier Prize Pool account, which holds the temporary balances that may result from having fewer than expected winners in the second through the ninth prize categories. The source of the Low-Tier Prize Pool is a MUSL Mega Millions® Product Group member's weekly prize contributions less actual second through the ninth category prize liability. The source of the Set-Aside Account funding is the difference between the amount in the Grand Prize Pool and the amount needed to fund the jackpot category prize payments as determined by the Mega Millions® lotteries. The MUSL Mega Millions® Product Group, with approval of the MUSL Finance and Audit Committee, may establish a maximum balance for the prize pool accounts and prize reserve account. The MUSL Mega Millions® Product Group may determine to expend all or a portion of the funds in the prize pool accounts, except the Grand Prize pool account, and the prize reserve accounts for the purpose of indemnifying the MUSL Mega Millions® Product Group Members and the Mega Millions® Lotteries in the payment of prizes to be made by the participating lotteries, subject to the approval of the MUSL Board, and for the payment of prizes or special prizes in the game subject to the approval of

the MUSL Finance and Audit Committee. The prize reserve shares of a MUSL Mega Millions® Product Group member may be adjusted with refunds to the member from the prize reserve account as may be needed to maintain the approved maximum balance and shares of the MUSL Mega Millions® Product Group member. Any amount remaining in the prize pool accounts or prize reserve account at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the MUSL Mega Millions® Product Group in accordance with jurisdiction law.

(d) **Pari-mutuel Prizes—All Prize Amounts.**

(1) Except as otherwise provided for in section 7(d)(3), if the total of the second through the ninth category prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the second through the ninth category prizes, then the amount needed to fund the second through the ninth category prizes, including Megaplier® prizes, awarded shall be drawn from the following sources, in the following order:

(i) The amount allocated to the second through the ninth category prizes and carried forward from previous draws, if any.

(ii) An amount from the Prize Reserve Account, if available, not to exceed forty million dollars (\$40,000,000) per drawing.

(2) Except as otherwise provided for in section 7(d)(3), if, after the sources in section 7(d)(1) are depleted, there are not sufficient funds to pay the second through the ninth category prizes awarded, including Megaplier® prizes, then the highest non-jackpot category prize shall become a pari-mutuel prize. If the amount of the highest non-jackpot category prize, when paid on a pari-mutuel basis, drops to or below the next highest non-jackpot category prize and there are still not sufficient funds to pay the remaining non-jackpot category prizes awarded, then the next highest non-jackpot category prize shall become a pari-mutuel prize. This procedure shall continue down through all non-jackpot category prize levels, if necessary, until all non-jackpot category prize levels become pari-mutuel prize levels.

(3) By agreement between the MUSL Mega Millions® Product Group and the Mega Millions® Lotteries, the Mega Millions® Lotteries shall independently calculate their non-jackpot category pari-mutuel prize amounts, including the Megaplier® prize amounts. The MUSL Mega Millions® product group members and the Mega Millions® Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

(e) All Mega Millions® prize payments, other than the jackpot category prize, will be made as a lump-sum cash payment.

(f) A winning Mega Millions® play is entitled only to the highest prize won by those numbers for the drawing in which the play was entered.

(g) For purpose of prize calculation with respect to a Mega Millions® second through ninth category pari-mutuel prize, the calculation may be rounded down so that prizes may be paid in multiples of one dollar.

(h) With respect to any Mega Millions® annuity jackpot category prize, the prize amount may be rounded to facilitate the purchase of an appropriate funding mechanism.

(i) The pool of funds used to pay prizes may be increased as necessary from funds authorized for the payment of prizes to meet the payment obligations in this section.

(j) The number of prize categories and the allocation of prize money among the prize categories may be changed at the discretion of the Mega Millions® Lotteries and change will be announced by public notice. Any such changes will apply prospectively to Mega Millions® drawings as of the date specified in the public notice.

(k) The Lottery shall not be responsible for Mega Millions® winning numbers reported in error.

8. *Probability of winning.* The following tables set forth all possible ways that a prize can be won in a single play, the corresponding prize, the probability of winning each prize and the percent of sales anticipated to be paid in prizes in each prize category:

<i>A Play Matching The Mega Millions® Winning Numbers</i>	<i>Category Prize</i>	<i>Prize</i>	<i>Probability Of Winning Per Play:</i>	<i>Percent (%) Of Sales Anticipated To Be Paid In Prizes</i>
Five numbers from the field of numbers 1 through 75 and one number from the field of numbers 1 through 15	Jackpot	Jackpot	1:258,890,850	32.577% (Actual)
Five numbers from the field of numbers 1 through 75	Second	\$1,000,000	1:18,492,204	5.408%
Four numbers from the field of numbers 1 through 75 and one number from the field of numbers 1 through 15	Third	\$5,000	1:739,688	0.676%
Four numbers from the field of numbers 1 through 75	Fourth	\$500	1:52,835	0.946%
Three numbers from the field of numbers 1 through 75 and one number from the field of numbers 1 through 15	Fifth	\$50	1:10,720	0.466%
Three numbers from the field of numbers 1 through 75	Sixth	\$5	1:766	0.653%

<i>A Play Matching The Mega Millions® Winning Numbers</i>	<i>Category Prize</i>	<i>Prize</i>	<i>Probability Of Winning Per Play:</i>	<i>Percent (%) Of Sales Anticipated To Be Paid In Prizes</i>
Two numbers from the field of numbers 1 through 75 and one number from the field of numbers 1 through 15	Seventh	\$5	1:473	1.057%
One number from the field of numbers 1 through 75 and one number from the field of numbers 1 through 15	Eighth	\$2	1:56	3.542%
One number from the field of numbers 1 through 15	Ninth	\$1	1:21	4.675%

9. *Unclaimed prizes.* All unclaimed jackpot category prize moneys will be returned to the lotteries selling Mega Millions® in the same ratio that each lottery contributed to the jackpot category prize.

10. *Megaplier® promotion.*

(a) The Megaplier® promotion shall be available in association with the Mega Millions® game and will continue until the Secretary publicly announces a suspension or termination thereof. Players may purchase the Megaplier® promotion for the chance to multiply the second through the ninth category prizes won as a result of a Mega Millions® drawing by a number ranging from 2 to 5. The Secretary on occasion may announce, as a special promotion, multipliers greater than five or other changes to features of the Megaplier® promotion. The Mega Millions® jackpot category prize will not be eligible for multiplication under the Megaplier® promotion.

(b) At the time of purchasing a Mega Millions® ticket from a Lottery retailer, a player may choose the Megaplier® promotion for an additional \$1 per play for each play on a Mega Millions® ticket. If a player chooses the Megaplier® promotion feature for any play on a ticket, every play on that ticket must participate in the promotion.

(c) Prior to the time of each Mega Millions® drawing, the Mega Millions® drawing officials shall conduct a Megaplier® drawing which shall result in the selection of the Megaplier® number from among the following series of numbers: 2, 2, 3, 3, 3, 3, 4, 4, 4, 5, 5, 5, 5, 5, and 5. If the lottery authorized to conduct the Megaplier® drawing determines that the Megaplier® drawing did not occur prior to the Mega Millions® drawing, the Megaplier® number will be a 5.

(d) Mega Millions® tickets that contain the Megaplier® promotion and one or more plays eligible for Mega Millions® second through ninth category prizes, as described in section 7(b) (relating to prizes available to be won and determination of prize winners), shall be entitled to a total prize calculated by multiplying each Mega Millions® second through ninth category prize by the Megaplier® number selected for the drawing in which the ticket was entered.

(e) As determined by the MUSL Mega Millions® Product Group, an amount up to fifty-five percent of the Megaplier® sales shall be allocated for the payment of Megaplier® prizes. Any amount not used to pay multiplied prizes may be carried forward to subsequent draws or may be collected and placed in the Megaplier® Prize Pool

until the prize pool account reaches the amount designated by the MUSL Mega Millions® Product Group. Any amount remaining in the Megaplier® Prize Pool Account at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the MUSL Mega Millions® Product Group in accordance with jurisdiction law.

(f) The odds of various Megaplier® numbers being selected in a Megaplier® drawing are:

<i>Megaplier®</i>	<i>Odds</i>
Two	1:7.5
Three	1:3.75
Four	1:5
Five	1:2.5

(g) *Pari-mutuel Prizes—All Prize Amounts.*

(1) Except as otherwise provided for in section 10(g)(3), if the total of the original Mega Millions® second through ninth category prizes and the Megaplier® prize amounts awarded in a drawing exceeds the percentage of the prize pools allocated to the second through ninth category prizes, then the amount needed to fund the second through the ninth category prizes (including the Megaplier® prize amounts) awarded shall be drawn from the following sources, in the following order:

(i) The amount allocated to the second through the ninth category prizes (including Megaplier® prize amounts) and carried forward from previous draws, if any.

(ii) An amount from the Mega Millions® Prize Reserve Account, if available in the account, not to exceed forty million dollars (\$40,000,000) per drawing.

(2) Except as otherwise provided for in section 10(g)(3), if, after the sources in section 10(g)(1) are depleted, there are not sufficient funds to pay the second through the ninth category prizes awarded (including Megaplier® prize amounts), then the highest non-jackpot category prize (including the Megaplier® prize amounts) shall become a pari-mutuel prize. If the amount of the highest non-jackpot category prize, when paid on a pari-mutuel basis, drops to or below the next highest non-jackpot category prize and there are still not sufficient funds to pay the remaining non-jackpot category prizes awarded, then the next highest non-jackpot category prize, including the Megaplier® prize amount, shall become a pari-mutuel prize. This procedure shall continue down through

all non-jackpot category prizes levels, if necessary, until all non-jackpot category prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages. Mega Millions® and Megaplier® prizes will be reduced by the same percentage.

(3) By agreement between the MUSL Mega Millions® Product Group and the Mega Millions® Lotteries, the Mega Millions® Lotteries shall independently calculate their set pari-mutuel prize amounts, including the Megaplier® prize amounts. The MUSL Mega Millions® product group members and the Mega Millions® Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

11. *Ineligible Players.* A Mega Millions® game ticket may not be purchased by, and a prize will not be paid to, a lottery board member, commissioner, officer or employee of a lottery jurisdiction selling Mega Millions®, or a spouse, child, brother, sister or parent residing as a member of the same household in the principle place of residence of any such person. A Mega Millions® game ticket may not be purchased by, and a prize will not be paid to, individuals prohibited by the MUSL Mega Millions® Product Group or individuals identified in 61 Pa. Code § 871.17(b) (relating to purchase and prize restrictions).

12. *Applicable Law.* In purchasing a ticket, the purchaser agrees to comply with and be bound by all applicable Pennsylvania statutes, the Pennsylvania Lottery's regulations, policies, and procedures, the MUSL Mega Millions® Product Group rules, and these Mega Millions® game rules. Claims arising from Mega Millions® ticket sales occurring in the Commonwealth shall be resolved exclusively with the Pennsylvania Lottery according to the laws of Pennsylvania. Conflicts between the MUSL Mega Millions® Product Group rules and the Mega Millions® game rules as published in the *Pennsylvania Bulletin* shall be resolved in favor of the MUSL Mega Millions® Product Group rules. In the event the Mega Millions® game rules as published in the *Pennsylvania Bulletin* are silent, the applicable MUSL Mega Millions® Product Group rules shall apply.

13. *The Lottery may conduct a separate retailer incentive program for retailers who sell Mega Millions® lottery tickets.* The conduct of the program will be governed by 61 Pa. Code § 811.41 (relating to promotional prizes).

INDEPENDENT REGULATORY REVIEW COMMISSION

Action Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10 a.m., Thursday, September 19, 2013, and announced the following:

Regulation Deemed Approved Pursuant to Section 5(g) of the Regulatory Review Act—Effective September 18, 2013

Department of Transportation #18-425: Vehicle Equipment Standards and Safety Inspection Process (amends 67 Pa. Code Chapter 175)

Action Taken—Regulations Approved:

Pennsylvania Liquor Control Board #54-75: Municipal Noise Ordinances (amends 40 Pa. Code (§ 5.36))

Insurance Department #11-251: Surplus Insurance Lines (amends 31 Pa. Code (Chapter 124))

Approval Order

Public Meeting Held
September 19, 2013

Commissioners Voting: Silvan B. Lutkewitte, III, Chairperson; George D. Bedwick, Vice Chairperson; John F. Mizner, Esq.; Lawrence J. Tabas, Esq., abstained; Dennis A. Watson, Esq.

*Pennsylvania Liquor Control Board—
Municipal Noise Ordinances;
Regulation No. 54-75 (#3018)*

On August 9, 2013, the Independent Regulatory Review Commission (Commission) received this regulation from the Pennsylvania Liquor Control Board (Board). This rulemaking amends 40 Pa. Code (§ 5.36). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

Act 113 of 2011 amended the Liquor Code and created a new unlawful act within section 493 titled "Noise," which specifically states that it supersedes the Board's regulations related to noise. As a result, the Board is promulgating this final-omitted rulemaking to replace references to the Board's noise regulation with references to section 493 of the Liquor Code.

We have determined this regulation is consistent with the statutory authority of the Board (47 P. S. § 2-207(i)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Approval Order

Public Meeting Held
September 19, 2013

Commissioners Voting: Silvan B. Lutkewitte, III, Chairperson; George D. Bedwick, Vice Chairperson; John F. Mizner, Esq.; Lawrence J. Tabas, Esq.; Dennis A. Watson, Esq.

*Insurance Department—
Surplus Insurance Lines;
Regulation No. 11-251 (#2985)*

On February 22, 2013, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Insurance Department (Department). This rulemaking amends 31 Pa. Code (Chapter 124). The proposed regulation was published in the March 9, 2013 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on August 13, 2013.

This final-form rulemaking updates Chapter 124 to ensure consistency with amendments made to The Insurance Company Law in 2002, 2010 and 2011, and to clarify and streamline provisions consistent with current business practices.

We have determined this regulation is consistent with the statutory authority of the Department (40 P. S. §§ 991.1601—991.1626) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

PATIENT SAFETY AUTHORITY

DEPARTMENT OF HEALTH

Reporting Requirements for Nursing Homes under Chapter 4 of the Medical Care Availability and Reduction of Error (MCARE) Act

The purpose of this notice is to give long-term care (LTC) nursing facilities (nursing homes) final notice of their reporting requirements to the Patient Safety Authority (Authority) and the Department of Health (Department) under section 405(b)(3) of the Medical Care Availability and Reduction of Error (MCARE) Act (MCARE Act) (40 P.S. § 1303.405(b)(3)). The reporting requirements presented in this notice were developed in consultation with the Department, the Authority's Board of Directors and the Authority's Health Care-Associated Infection (HAI) Advisory Panel's Subcommittee for Long Term Care.

Background of Final Notice

An initial notice was published at 43 Pa.B. 2794 (May 18, 2013). Public comment was solicited for an initial period of 30 days after publication of the notice. However, in response to requests for an extension, the initial period was extended by an additional 30 days, which resulted in the Authority receiving a total of 34 responses, comprised of 19 responses requesting an extension of the public comment period and 15 responses addressing the proposed criteria. The 15 responses addressing criteria represented responses from individuals to industry organizations representing many of LTC nursing facilities. The responses addressed 14 main categories. A summary of the comments and responses is detailed in this notice. In response to those comments and at the direction of the HAI Advisory Panel's Subcommittee for Long Term Care, the Authority, when appropriate, revised some of the proposed reporting requirements that were contained within the initial notice.

Reporting Requirements for Nursing Homes

In addition to reporting under the Health Care Facilities Act (35 P. S. §§ 448.101–448.904b), the act of July 20, 2007 (P. L. 331, No. 52) (Act 52) amended the MCARE Act to require that nursing homes electronically report patient-specific HAIs to the Authority and the Department using Nationally recognized standards based on Centers for Disease Control and Prevention (CDC) definitions. See section 404(a) of the MCARE Act (40 P. S. § 1303.404(a)).

Nursing homes will begin utilizing the updated definitions for its mandatory reporting on April 1, 2014. Because these revisions require changes to the Pennsylvania Patient Safety Reporting System (PA-PSRS) reporting application, this date may be modified by a future public notice as the transition date approaches.

The list of reportable HAI infections is presented at the end of this notice as Exhibit A. The criteria for determining HAIs were developed utilizing the Revised McGeer Criteria together with CDC definitions, which were adapted to the LTC setting in this Commonwealth.

Nursing homes will continue to report HAIs to both the Authority and the Department through the PA-PSRS, a single web-based interface. Using a single reporting system eliminates the need for duplicate reporting to both the Authority and the Department.

The format for electronic reporting has been established by the Authority in consultation with the Department and the HAI Advisory Panel and will be addressed during training programs for nursing homes.

Training will include online webinar-based education regarding the infection list, criteria and format for reporting. Nursing homes will be notified of available training opportunities through direct mailings, outreach to industry associations and future public notices.

Serious Event Reporting

Under section 405(a) of the MCARE Act, the occurrence of an HAI in a nursing home is a Serious Event as defined by section 302 of the MCARE Act (40 P. S. § 1303.302). If an HAI meets the criteria for reporting (per Exhibit A), that HAI shall be reported to the Authority as a Serious Event as required by the MCARE Act as amended by Act 52, subject to the additional requirements as described in this notice.

HAIs reported to the Authority are subject to the same patient notification requirements set forth by the MCARE Act for all Serious Events. See section 308(b) of the MCARE Act (40 P. S. § 1303.308(b)). Therefore, all Serious Events require that the health care facility notify the patient or their legal representative in writing that a Serious Event has occurred. This written notification must occur within 7 calendar days. For purposes of meeting the 24-hour reporting requirement for Serious Events set forth by the MCARE Act, nursing homes must submit reports of HAIs to the Authority within 24 hours of their confirmation (surveillance completed and HAI confirmed according to the criteria by a staff member responsible for infection control). If confirmation of an HAI occurs over a weekend or State government holiday, reports must be submitted by 5 p.m. on the next business day.

Individuals with disabilities who require an alternative format of this notice (for example, large print, audio tape or Braille) should contact the Authority help desk at (866) 316-1070.

Summary of Public Comments and Responses

The following is a list that categorizes the comments the Authority received after its initial notice and during the public comment period along with the Authority's responses.

Burden on Financial and Human Resources—The Authority received three comments regarding the reporting requirements potentially creating an economic and human resource burden for the nursing homes. The comments noted that unrealistic and onerous reporting requirements would not result in quality improvement or a positive effect on resident outcomes.

Response

The MCARE Act, as amended by Act 52, mandates that nursing homes electronically report HAI data to the Department and the Authority. There is no discretion in this requirement. No changes have been made in response to these comments.

ABUTI—The Authority received nine comments requesting that ABUTI be eliminated. One comment stated that Asymptomatic Bacteremic Urinary Tract Infection was not a real term. Two comments requested the criteria be removed as it is a rare finding. Two comments stated the criteria should be removed due to the fact the Authority is suggesting extra lab testing be required to survey for HAI. Three comments requested the CFU/ml limit for straight in and out catheter specimens be raised from $\geq 10^2$ to $\geq 10^5$. Furthermore there could be confusion related to treatment without sensitivities and lead to overuse of antibiotics. One comment requested the name be changed from Asymptomatic Bacteremic Urinary Tract Infection to Asymptomatic Urinary Tract Infection with Secondary Bacteremia.

Response

The criteria will not be removed.

The CFU/ml will remain at $\geq 10^2$ for straight in/out urine cultures.

The terminology defined by the CDC will be altered from Asymptomatic Bacteremic Urinary Tract Infection to Asymptomatic Bacteruria with Secondary Bacteremia to prevent confusion.

Rationale

No literature was provided by the public comments that prove ABUTI is a rare finding in the LTC environment in this Commonwealth.

The CDC states “the point prevalence of asymptomatic bacteruria in LTC residents can range from 25-50%.”¹

The identification of the conversion rate of asymptomatic bacteruria to blood stream infection in LTC is currently unknown.

The Authority is not advocating for extra testing to fit ABUTI criteria. The most common clinical scenario where ABUTI is discovered would be when a patient is in culture to discover the etiology of systemic symptoms not localized to the urinary tract.

Per the CDC, “the decision to use the lower colony count for urine cultures obtained from specimens collected through I/O catheter was based on the premise that these

specimens may be less likely to be contaminated compared to 'clean catch' urine."²

CAUTI—The Authority received six comments requesting a change in the CFU/ml limit for straight in/out catheter specimens from $\geq 10^2$ to $\geq 10^5$. The comments cite that the laboratory would not report sensitivities for CFU/ml for less than 10^5 . Furthermore there could be confusion related to treatment without sensitivities and lead to overuse of antibiotics.

Response

The CFU/ml will remain at $\geq 10^2$ for straight in/out urine cultures.

Rationale

Per the CDC "the decision to use the lower colony count for urine cultures obtained from specimens collected through I/O catheter was based on the premise that these specimens may be less likely to be contaminated compared to 'clean catch' urine."²

Per the CDC "if a person has local symptoms of a UTI (e.g., urgency, dysuria, etc.) than any amount of bacterial growth in a urine culture should be considered significant. In contrast, if a person has no signs/symptoms then no amount of bacteruria would make that culture significant. Therefore, truly, if people only send urine specimens for symptomatic cases, then it doesn't matter what the growth count is in a culture. A final consideration is that the likelihood of getting a low colony count in this population, regardless of specimen collection method is pretty low given the high prevalence of asymptomatic bacteriuria."²

Franz and Hörl state "it is likely that symptomatic bacteruria of $< 10^5$ CFU/ml reflects ongoing UTI, and therefore the microbiological criteria should be reduced to $> 10^2$ CFU/ml in symptomatic patients."³

The LTC physician representation on the Authority Advisory Panel have expressed that several laboratory companies do in fact report sensitivities at 10^2 , and if currently not doing so it may need to be requested. Furthermore treating a symptomatic UTI at 10^2 may prevent progression of infection. Treating without sensitivities and waiting for a result of 10^5 to scale back wide-spectrum treatment will lead to resistance and antibiotic overuse.

SUTI—The Authority received six comments requesting a change in the CFU/ml limit for straight in/out catheter specimens from $\geq 10^2$ to $\geq 10^5$. The comments cite that the laboratory would not report sensitivities for CFU/ml for less than 10^5 . Furthermore there could be confusion related to treatment without sensitivities and lead to overuse of antibiotics.

Response

Refer to response and rationale for CAUTI.

ILI/Flu—The Authority received one comment asking if, for a flu/ILI report to be filed, the resident will have to test positive for influenza.

Response

Pathways for reporting laboratory confirmed influenza and nonlaboratory confirmed ILI will be incorporated into the reporting system.

³ Franz M, Hörl WH. Common errors in diagnosis and management of urinary tract infection. I: Pathophysiology and diagnostic techniques. Nephrol Dial Transplant 1999 (14) 2746-2753.

PNA—The Authority received one comment asking if there are any exclusions for aspiration pneumonitis.

Response

There will be no exclusion for pneumonitis; however, the Authority will evaluate overlap between these conditions and modify the system in the future if needed. There will be the ability to enter pathogen data into the pneumonia criteria pathway, but pathogen data does not determine the presence of pneumonia at present.

Rationale

Aspiration pneumonitis occurs by aspiration of sterile gastric contents, subsequent bacterial infection is latent. Pneumonitis can affect any age group, but occurs more so in young persons. Respiratory distress develops 2-5 hours after aspiration. Aspiration pneumonia occurs by aspiration of colonized oropharyngeal material, bacterial infection is acute. Aspiration pneumonia occurs usually in the elderly.⁴

Due to the contrasting features of aspiration pneumonitis as compared to aspiration pneumonia it is unlikely that a large amount of pneumonitis would be captured for reporting as a result of the criteria relying on radiologic, respiratory subcriteria and constitutional criteria.

C. Diff—The Authority received two comments asking if every resident had to be tested for C. diff prior to being tested for bacterial pathogens.

Response

There is a reporting pathway specifically for other pathogens outside of the C. diff pathway.

Norovirus—The Authority received one comment requesting the addition of the Kaplan criteria. The Authority received two requests to remove the laboratory testing criteria.

Response

Kaplan criteria will be added to the Norovirus pathway. Laboratory testing criteria will remain.

Rationale

Addition of the Kaplan criteria will provide a symptom based assessment of cases otherwise not reported due to laboratory testing requirements. Laboratory confirmed Norovirus pathway will remain an option if testing was performed per Stone, et al.⁵

Bacterial gastroenteritis—The Authority received one comment requesting the Authority remove the term bacterial and furthermore the revised McGeer criteria does not require a positive stool culture to define the gastroenteritis.

Response

The term "bacterial" will remain. Positive culture will remain as a criterion.

Rationale

The Authority is making a distinction between gastroenteritis caused by a variety of situations like new medications, initiation of tube feedings and other non-infectious causes.

The revised McGeer criteria⁵ (Table 7) states:

"Both of the following sign or symptom sub criteria"

⁴ Marik PE. Aspiration pneumonitis and aspiration pneumonia. NEJM 2001 Mar; 344 (9) 665-671.

⁵ Stone ND, Muhammad AS, Calder J, et al. Surveillance definitions of infections in long-term care facilities: revisiting the McGeer criteria. Infect Control Hosp Epidemiol 2012; 33 (10) 965-977.

- a. A stool specimen testing positive for a pathogen
- b. At least one of the following GI sub criteria

CLABSI (dialysis, temporary, and permanent central lines)—The Authority received six comments requesting the deletion of CLABSI because:

In most cases the catheter is not cared for by the LTC staff and is subject to manipulation by outside contractors (for example, dialysis staff and oncology staff). Because the infection is not attributable to the LTC facility it should not be reportable and Act 13 letters should not be sent by the LTC facility because they may not be liable for the infection.

Nursing homes do not have nurses that are able to draw blood from central lines for comparison to peripheral cultures for identification of the source of bacteremia.

Response

The three categories for CLABSI will remain. Comparison of central line cultures to peripheral cultures is not included in the surveillance criteria for determination of CLABSI.

Rationale

Under section 308(b) of the MCARE Act, “[d]uty to notify patient.—A medical facility through an appropriate designee shall provide written notification to a patient affected by a serious event or, with the consent of the patient, to an available family member or designee within seven days of the occurrence or discovery of a serious event. If the patient is unable to give consent, the notification shall be given to an adult member of the immediate family. If an adult member of the immediate family cannot be identified or located, notification shall be given to the closest adult family member. For unemancipated patients who are under 18 years of age, the parent or guardian shall be notified in accordance with this subsection. The notification requirements of this subsection shall not be subject to the provisions of section 311(a). Notification under this subsection shall not constitute an acknowledgment or admission of liability.”⁶

Resident notification of the development of an HAI by the LTC aids in the transparency of the residents care, furthermore if contractors are not following best practices related to central line care or dialysis, reporting of infection will enable the Authority and the facilities to identify opportunities for improvement within contracted and noncontracted services to design educational programming aimed at providing safe care to this population of residents.

The CLABSI criteria are surveillance criteria not diagnostic criteria. The CLABSI criteria do not require blood cultures from the central line for the resident to fit CLABSI criteria.⁷

The Authority realizes a physician may decide to compare peripheral to central blood cultures to match organisms for the purpose of determining a source or reservoir of infection. However in the LTC population, the likely source of infection in the resident with a central line is the central line. Furthermore, due to polymicrobial intraluminal or extraluminal biofilm formation in lines of long duration, it is possible that a centrally drawn culture may not match a peripheral culture despite the central line being the source of bacteremia.

Conjunctivitis—The Authority received seven comments requesting that conjunctivitis be eliminated as there are many noninfectious conditions that have an identical presentation. In addition, this group of infections has not been identified as a marker of significant morbidity and/or mortality in the nursing home population.

Response

Conjunctivitis will be reportable.

Rationale

The commenters have provided no published references to substantiate the claims that conjunctivitis does not cause morbidity and mortality.

MRSA infection of the eye has been associated with the presentation of conjunctivitis by as much as 31%.⁸

Adenovirus-associated conjunctivitis may lead to significant ocular morbidity and is associated with substantial health care costs.⁹

Scabies—The Authority received seven comments requesting that scabies be eliminated because it is not an infection and has not been identified as a marker of significant morbidity or mortality, or both, in the nursing home population.

Response

Scabies will be reportable.

Rationale

The commenters have provided no published references to substantiate the claims that Scabies is not classified as an infection, nor causes morbidity or mortality, or both.

Scabies is highly infectious and is spread through contact.

The pruritus associated with infection causes significant distress. Breaks in the epidermis due to the burrowing of the mites and the skin damage caused by the excoriation serve as portals of entry for pathogenic bacteria. The clinical consequences of secondary bacterial infection, especially with group A streptococci (*Streptococcus pyogenes*) result in significant and frequently unrecognized morbidity.¹⁰

Conditional criteria/terminology—The Authority received 15 requests for a detailed listing of conditional criteria or requests for terminology changes or clarification to terms used in conditional criteria.

Response

Conditional criteria will be listed in their entirety in the revised PA-PSRS reporting manual and in the educational programming prior to the launch of the revised PA-PSRS LTC HAI reporting system.

Clarification/changes of terminology will be incorporated per public comment as needed for clarity.

Miscellaneous—The Authority received six comments that were of a miscellaneous nature. They were as follows: three on education prior to implementation; two on list time frames for criteria to distinguish between present on admission and LTC related; and one on requests for algorithms as part of the training materials.

¹⁰ J S McCarthy, D J Kemp, S F Walton, B J Currie. Scabies: more than just an irritation. *Postgrad Med J* 2004; 80: 382–387.

Response

The Authority will roll out training and education prior to the implementation of the criteria.

Time frame qualifiers for LTC related HAIs will be listed in the training materials and the user manual.

Criteria algorithms will be included within the training materials and user manual.

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Formal protests and petitions to intervene must be filed in accordance with 52 Pa. Code (relating to public utilities). A protest shall indicate whether it applies to the temporary authority application, the permanent authority application, or both. Filings must be made with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy served on the applicant by October 21, 2013. Documents filed in support of the applications are available for inspection and copying at the Office of the Secretary between 8 a.m. and 4:30 p.m., Monday through Friday, and at the business address of the respective applicant.

Application of the following for the approval of the right and privilege to *discontinue/abandon* operating as *common carriers* by motor vehicle and for cancellation of the certificate of public convenience as described under the application.

A-2013-2360888. Port Royal Emergency Services, Inc. (316 Milford Street, Port Royal, Juniata County, PA 17082) for the discontinuance of service and cancellation of the certificate as a common carrier, by motor vehicle, persons in paratransit service between points in the Counties of Perry and Juniata, and from points in said counties, to points in Pennsylvania, and vice versa; subject to the following condition: That the service herein is limited to the transportation of persons in wheelchairs or on litters.
