READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 81]

Amendments to the Pennsylvania Rules of Professional Conduct Relating to Duties to Prospective Clients

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Pennsylvania Supreme Court that it amend the Pennsylvania Rules of Professional Conduct to add a new Rule 1.18, as set forth in Annex A, relating to duties to prospective clients.

The existing Rules of Professional Conduct are essentially silent on whether a lawyer has any professional responsibilities to a person who consults with the lawyer about possible representation in a matter, but no client-lawyer relationship is subsequently formed.

Proposed Rule 1.18 clarifies that a lawyer who consults with a prospective client must treat the information learned during the consultation as confidential information that may not be revealed except as allowed by the exceptions to the lawyer's duty of confidentiality. The proposed Rule essentially codifies existing case law and Section 15 of the American Law Institute's *Restatement of the Law Governing Lawyers* (2000) with respect to the duty of confidentiality owed to prospective clients. Also, the consulted lawyer is disqualified from representing an adverse party if the lawyer received information from the prospective client "that could be significantly harmful to that person" if used to represent the adverse party in the same or a substantially related matter. The proposed Rule essentially treats the discussion with a prospective client for conflict purposes as subject to the conflict of interest provisions of Pa.R.P.C. 1.9(a) and (b) relating to former clients, except that the prohibition against subsequent adverse representation is limited to circumstances where the lawyer received information that would be significantly harmful to the prospective client in the matter. See ABA Ethics Opinion 90-358.

Paragraph (2) of the Comment reflects an amendment proposed by the Committee on Ethics and Professional Responsibility of the Pennsylvania Bar Association. As proposed to be adopted in Pennsylvania, paragraph (2) will explain that a person who communicates information to a lawyer, without any reasonable expectation that a client-lawyer relationship will be formed, is not a "prospective client" under the Rule. By way of example, a person who sends an unsolicited e-mail to numerous lawyers summarizing a case and requesting that the receiving lawyer's firm take over the case would not be entitled to protection of the Rule. Paragraph (2) has also been revised to clarify that a person who participates in an initial consultation or communicates information to a lawyer with the intent to disqualify the lawyer from an adverse representation is not a "prospective client" and is not entitled to the protections under the Rule. Finally, a sentence is proposed to be added to paragraph (2) stating that a person's intent to disqualify a lawyer may be inferred from the circumstances. This language parallels

the language in Pa.R.P.C. 1.0 in the definitions of "belief" or "believes" and "knowingly," "known" or "knows" in paragraphs (a) and (f) under that Rule.

The prohibition on subsequent representation adverse to the prospective client applies not only to the lawyer who was consulted, but is also imputed to the lawyer's law firm, with two exceptions. The first exception allows for a later adverse representation if both the affected client and the prospective client have given "informed consent." The proposed Rule also permits another lawyer in the firm to undertake a later representation adverse to the prospective client so long as the lawyer who was consulted, but not engaged, is screened from any participation in the adverse representation in the same way screening is permitted under Pa.R.P.C. 1.10(b). Screening is permitted to avoid imputation so long as the consulted lawyer took reasonable steps to avoid exposure to more information than was necessary to determine whether to represent the prospective client.

The Board believes that new Rule 1.18 properly imposes a duty of confidentiality to a prospective client. It is in the interest of the prospective client to share enough information with the lawyer to determine whether there is a conflict of interest or simple incompatibility. The lawyer may learn very early in the consultation that the party adverse to the prospective client is already a client of the firm. If the discussion stops before "significantly harmful" information is shared, the lawyer's other client should not be denied counsel of its choice in either that or a substantially related matter. The Board believes that screening should be permitted in this context (as it is allowed in the lateral hire context under Rule 1.10) because imputation of conflicts in this situation would place an undue burden on the interests of clients in retaining counsel of choice, especially when the other client is either a regular client of the firm or already is being represented by the law firm in the matter. Prospective clients are adequately protected by the requirement that the prohibited lawyer must have acted reasonably to limit the lawyer's exposure to confidential information.

Interested persons are invited to submit written comments regarding proposed Pa.R.P.C. 1.18 to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, First Floor, Two Lemoyne Drive, Lemoyne, PA 17043, on or before October 29, 2004.

Supreme Court of Pennsylvania*

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT

Subpart A. PROFESSIONAL RESPONSIBILITY

CHAPTER 81. RULES OF PROFESSIONAL CONDUCT

Subchapter A. RULES OF PROFESSIONAL CONDUCT

CLIENT-LAWYER RELATIONSHIP

§ 81.4. Rules of Professional Conduct.

Rule 1.18. Duties to Prospective Clients.

(a) A person who discusses with a lawyer the possibility of forming a client-lawyer relationship with respect to a matter is a prospective client.

(b) Even when no client-lawyer relationship ensues, a lawyer who has had discussions with a prospective client shall not use or reveal information which may be significantly harmful to that person learned in the consultation, except as Rule 1.9 would permit with respect to information of a former client.

(c) A lawyer subject to paragraph (b) shall not represent a client with interests materially adverse to those of a prospective client in the same or a substantially related matter if the lawyer received information from the prospective client that could be significantly harmful to that person in the matter, except as provided in paragraph (d). If a lawyer is disqualified from representation under this paragraph, no lawyer in a firm with which that lawyer is associated may knowingly undertake or continue representation in such a matter, except as provided in paragraph (d).

(d) When a lawyer has received disqualifying information as defined in paragraph (c), representation is permissible if:

(1) both the affected client and the prospective client have given informed consent, or;

(2) all of the following apply:

(i) the disqualified lawyer took reasonable measures to avoid exposure to more disqualifying information than was reasonably necessary to determine whether to represent the prospective client;

(ii) the disqualified lawyer is screened from any participation in the matter and is apportioned no part of the fee therefrom; and

(iii) written notice is promptly given to the prospective client.

Comment:

(1) Prospective clients, like clients, may disclose information to a lawyer, place documents or other property in the lawyer's custody, or rely on the lawyer's advice. A lawyer's discussions with a prospective client usually are limited in time and depth and leave both the prospective client and the lawyer free (and sometimes required) to proceed no further. Hence, prospective clients should receive some but not all of the protection afforded clients.

(2) Not all persons who communicate information to a lawyer are entitled to protection under this Rule. A person who communicates information, such as an unsolicited e-mail or other communication, to a lawyer, without any reasonable expectation that a client-lawyer relationship will be established is not a "prospective client" within the meaning of paragraph (a). A person who participates in an initial consultation, or communicates information, with the intent to disqualify a lawyer from representing a client with materially adverse interests is not entitled to the protections of paragraphs (b) or (c) of this Rule. A person's intent to disqualify may be inferred from the circumstances.

(3) It is often necessary for a prospective client to reveal information to the lawyer during an initial consultation prior to the decision about formation of a client-lawyer relationship. The lawyer often must learn such information to determine whether there is a conflict of

interest with an existing client and whether the matter is one that the lawyer is willing to undertake. Paragraph (b) prohibits the lawyer from using or revealing that information, except as permitted by Rule 1.9, even if the client or lawyer decides not to proceed with the representation. The duty exists regardless of how brief the initial conference may be.

(4) In order to avoid acquiring disqualifying information from a prospective client, a lawyer considering whether or not to undertake a new matter should limit the initial interview to only such information as reasonably appears necessary for that purpose. Where the information indicates that a conflict of interest or other reason for non-representation exists, the lawyer should so inform the prospective client or decline the representation. If the prospective client wishes to retain the lawyer, and if consent is possible under Rule 1.7, then consent from all affected present or former clients must be obtained before accepting the representation.

(5) A lawyer may condition conversations with a prospective client on the person's informed consent that no information disclosed during the consultation will prohibit the lawyer from representing a different client in the matter. See Rule 1.0(e) for the definition of informed consent. If the agreement expressly so provides, the prospective client may also consent to the lawyer's subsequent use of information received from the prospective client.

(6) Even in the absence of an agreement, under paragraph (c) the lawyer is not prohibited from representing a client with interests adverse to those of the prospective client in the same or a substantially related matter unless the lawyer has received from the prospective client information that could be significantly harmful if used in the matter.

(7) Under paragraph (c), the prohibition in this Rule is imputed to other lawyers as provided in Rule 1.10, but, under paragraph (d)(1), imputation may be avoided if the lawyer obtains the informed consent of both the prospective and affected clients. In the alternative, imputation may be avoided if the conditions of paragraph (d)(2) are met and all disqualified lawyers are timely screened and written notice is promptly given to the prospective client. See Rule 1.0(k) (requirements for screening procedures). Paragraph (d)(2)(ii) does not prohibit the screened lawyer from receiving a salary or partnership share established by prior independent agreement, but that lawyer may not receive compensation directly related to the matter in which the lawyer is disqualified.

(8) Notice, including a description of the screened lawyer's prior representation and of the screening procedures employed, generally should be given as soon as practicable after the need for screening becomes apparent.

(9) For the duty of competence of a lawyer who gives assistance on the merits of a matter to a prospective client, see Rule 1.1. For a lawyer's duties when a prospective client entrusts valuables or papers to the lawyer's care, see Rule 1.15.

PROPOSED RULEMAKING

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b] Schedule of Civil Penalties

The Commissioner of Professional and Occupational Affairs (Commissioner) proposes to amend Chapter 43b (relating to Commissioner of Professional and Occupational Affairs) to read as set forth in Annex A.

Effective Date

The proposed rulemaking will be effective upon publication of final-form rulemaking in the *Pennsylvania Bulletin*.

Statutory Authority

Section 5(a) of the act of July 2, 1993 (P. L. 345, No. 48) (Act 48) (63 P. S. § 2205(a)) authorizes the Commissioner, after consultation with licensing boards and commissions in the Bureau of Professional and Occupational Affairs (Bureau), to promulgate regulations setting forth a schedule of civil penalties, guidelines for their imposition and procedures for appeal for: (1) operating without a current and valid license, registration, certificate or permit; and (2) violating an act or regulation of a licensing board or commission relating to the conduct or operation of a business or facility licensed by the board or commission.

Background and Purpose

Act 48 authorizes agents of the Bureau to issue citations and impose civil penalties under schedules adopted by the Commissioner in consultation with the Bureau's boards and commissions. Act 48 citations streamline the disciplinary process by eliminating the need for formal orders to show cause, answers, adjudications and orders, and consent agreements. At the same time, licensees who receive an Act 48 citation retain their due process right of appeal prior to the imposition of discipline. The use of Act 48 citations has increased steadily since 1996, when the program was first implemented, and they have become an important part of the Bureau's enforcement efforts, with approximately 30% of all sanctions imposed by the boards and commissions being accomplished through the Act 48 citation process.

Annex A sets forth amendments to the civil penalty schedules of the State Board of Barber Examiners, the State Real Estate Commission, the State Board of Vehicle Manufacturers, Dealers and Salespersons and the State Architects Licensure Board. The proposed rulemaking was drafted following discussions with a representative of the Commissioner and the respective boards and commission at regularly scheduled public meetings.

Description of the Proposed Rulemaking

State Board of Barber Examiners

The proposed rulemaking would amend the schedule of civil penalties of the State Board of Barber Examiners (Barber Board) in § 43b.4 (relating to schedule of civil penalties—barbers and barber shops) by increasing the amount of the civil penalties across the board. The Barber Board has participated in the Act 48 citation program from its inception in 1996 and has not increased the civil

penalties since they were originally promulgated. Currently, the Barber Board has the most lenient civil penalty schedule and the Board feels that it is necessary to increase the civil penalties to improve their deterrent effects. In addition, the proposed rulemaking would increase the civil penalties for continuing violations based on the length of the violation. For example, the penalty for practicing on a lapsed or expired license would increase depending on the length of the lapse. Finally, a technical amendment is proposed to correct an error in the current schedule. The schedule cites section 8 of the act of June 19, 1931 (P. L. 589, No. 202) (63 P. S. § 558), known as the Barbers' License Law, as authority for disciplining a licensee for operating a business or facility on a lapsed or expired permit or license. The correct section is section 12(a)(2) of the Barbers' License Law (63 P. S. § 562(a)(2)). The former section relates to individual licenses to practice barbering; the latter section relates to licenses to operate shops and schools.

State Real Estate Commission

The civil penalty schedule for the State Real Estate Commission (Commission) in § 43b.8 (relating to schedule of civil penalties—real estate and cemetery brokers, real estate schools) would be amended to add increased penalties for second offenses and continuing violations under sections 301, 604(a)(21) and 2205(b)(2) of the Real Estate Licensing and Registration Act (63 P. S. §§ 455.301, 455.604(a)(21) and 2205(b)(2)) and § 35.242(a) (relating to office of broker or cemetery broker). These amendments are also intended to take further advantage of the efficiencies of the Act 48 citation process by making additional violations subject to citations. Specifically, the Commission proposes the addition of civil penalties for violations of §§ 35.286(a)(1), 35.292(a)(6), 35.305(b) and 35.334. Also, the proposed rulemaking would increase certain existing civil penalties to enhance their deterrent effect. Finally, the civil penalty schedule would be amended to make it consistent with recent amendments to §§ 35.304 and 35.305 (relating to disclosure of licensure when advertising own real estate; and business name on advertisements).

State Board of Vehicle Manufacturers, Dealers and Salespersons

The proposed rulemaking would amend the civil penalty schedule in § 43b.9 (relating to schedule of civil penalties—vehicle manufacturers, dealers and salespersons) to add civil penalties for additional violations of the Board of Vehicles Act (act). Specifically, the proposed rulemaking would add civil penalties to its schedule for unlicensed practice violations by dealers, auctions, manufacturers, distributors, factory representatives and distributor representatives under section 5 of the act (63 P. S. § 818.5). Additionally, owing to an increasing number of complaints involving activities at vehicle auctions in this Commonwealth, the proposed rulemaking seeks to take advantage of the efficiencies of the citation process for violations of section 19(29), (30) and (38) of the act (63 P. S. § 818.19(29), (30) and (38)) regarding vehicle auctions in section.

State Architects Licensure Board

The civil penalty schedule for the State Architects Licensure Board (Architects Board) in § 43b.11a (relating to schedule of civil penalties—architects) would be amended to provide a new civil penalty for delinquent payment of the renewal fee for registered architecture

firms. This fee was recently promulgated by the Architects Board and is being assessed biennially. The civil penalty schedule also provides for increased penalties based on continuing violations under this provision. Amendments would also be made to the schedule to make it consistent with recent amendments to sections 13 and 18 of the Architects Licensure Law (63 P. S. §§ 34.13 and 34.18) and to provide for increased penalties for practicing without a current license based on the length of the violation.

Fiscal Impact and Paperwork Requirements

The proposed rulemaking would have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed rulemaking would reduce the paperwork requirements of both the Commonwealth and the regulated community by eliminating the need for orders to show cause, answers, consent agreements and adjudications/orders for those violations subject to the Act 48 citation process.

Sunset Date

Professional licensure statutes require each board and commission to be self-supporting. Therefore, boards and commissions continually monitor the cost effectiveness of regulations affecting their operations. As a result, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 29, 2004, the Commissioner submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory

Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Commissioner, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Basil L. Merenda, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

DELAWARE RIVER BASIN COMMISSION

[25 PA CODE CH. 901]

Amendment of the Water Quality Regulations, Water Code and Comprehensive Plan to Classify the Lower Delaware River as Special Protection Waters

The Delaware River Basin Commission (Commission) will hold a public hearing to receive comments on proposed amendments to the Commission’s *Water Quality Regulations, Water Code* and *Comprehensive Plan* to classify as Special Protection Waters the reach of the main stem Delaware River known as the Lower Delaware. The Lower Delaware extends from the southern boundary of the Delaware Water Gap National Recreation Area at River Mile (RM) 209.5 to the head of tide at Trenton, NJ, RM 133.4.

Supplemental Information

Background

The Special Protection Waters regulations, consisting of § 3.10.3.A.1. of the Water Quality Regulations (Regulations), are intended to maintain the quality of interstate waters where existing water quality is better than the established stream quality objectives. The Regulations consist in large part of a series of policies regarding: water quality management (§ 3.10.3.A.2.b.); allowable discharges (§ 3.10.3.A.2.c.); wastewater treatment facilities (§ 3.10.3.A.2.d.); the control of nonpoint sources of pollution (§ 3.10.3.A.2.e.); and intergovernmental responsibilities (§ 3.10.3.A.2.f.). Other sections of the rule include definitions (§ 3.10.3.A.2.a.), a list of waters classified as Special Protection Waters (§ 3.10.3.A.2.g.), a table defining existing water quality with numeric values for a series of different parameters in each of the river sections classified as Special Protection Waters (Table 1) and a table describing the location of the Boundary and Interstate Special Protection Waters Control Points, which are

the locations used to assess water quality for purposes of defining and protecting existing water quality (Table 2).

To be protected as Special Protection Waters, stream reaches must be classified as either Outstanding Basin Waters or Significant Resource Waters. Outstanding Basin Waters are defined as “interstate and contiguous intrastate waters that are contained within the established boundaries of National parks; National wild, scenic and recreational rivers systems; and/or National wildlife refuges that are classified by the Commission under Subsection 2.g.1. [of the Regulations] as having exceptionally high scenic, recreational and ecological values that require special protection” (§ 3.10.3.A.2.a.1.). “Significant Resource Waters” are defined as “interstate waters classified by the Commission under Subsection 2.g.2. [of the Regulations] as having exceptionally high scenic, recreational, ecological, and/or water supply uses that require special protection” (§ 3.10.3.A.2.a.2.).

In accordance with § 3.10.3.A.2. of the Regulations, the Delaware Riverkeeper Network submitted to the Commission in April 2001 a nomination petition requesting that the Commission classify the Lower Delaware River as Special Protection Waters. The Commission initiated a 5-year monitoring program in May 2000 to characterize existing water quality in the Lower Delaware. Four years of data have been collected and analyzed. Data collection and analysis for the 5th year will be completed in 2004.

A series of studies, plans and policies and a Federal designation document the scenic, recreational, ecological and water supply values and uses of the Lower Delaware and support the goal of preserving these qualities. The 4 years of data and findings set forth in the report entitled, *Delaware Eligibility Determination for DRBC Declaration of Special Protection Waters* (DRBC, August 2004) demonstrate that water quality in the Lower Delaware River is better than the water quality criteria. The *Lower Delaware National Wild & Scenic River Study Report* (National Park Service, Northeast Region, 1999) documents that the Lower Delaware River includes islands, wetlands and diverse ecosystems that support rare and endangered plant and animal species and constitute scenic and recreational amenities. The *Lower Delaware River Management Plan* (Lower Delaware River Wild and Scenic

River Study Task Force and Local Government Committee, with assistance from the National Park Service, August 1997) (LDRMP) contains goals regarding water quality, natural resources, historic resources, recreation, economic development and open space preservation for the Lower Delaware River. Goal 1 of the LDRMP calls for maintaining, and when practical, improving existing water quality in the main stem of the Lower Delaware River and its tributaries. On November 1, 2000, the President of the United States signed Pub. L. No. 106-418, designating portions of the Lower Delaware River as part of the National Wild and Scenic Rivers System (system). The system was established by Congress in 1968 to preserve the character of rivers with "outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural or other similar values" and to ensure that designated rivers remain free-flowing (Pub. L. No. 106-418, 106th Congress). The *Water Resources Plan for the Delaware River Basin* (DRBC Watershed Advisory Committee, September 2004) (Basin Plan), which is supported by each of the Commission's signatories, directs "[w]here water quality meets or is better than standards for the protection of aquatic life and wildlife, implement anti-degradation regulations, policies and/or other mechanisms to maintain or improve existing water quality" (Basin Plan, p. 67).

Proposed Amendments

The Commission proposes to amend the Special Protection Waters regulations by adding one section of the main stem Delaware River to the list of stream reaches classified as Outstanding Basin Waters (see § 3.10.3.A.2.g.1) and two sections of the main stem Delaware River to the list of stream reaches classified as Significant Resource Waters (see § 3.10.3.A.2.g.2). The section of the main stem proposed to be classified as Outstanding Resource Waters is the reach extending from RM 171.4, a point just south of the Gilbert Generating Station in Holland Township, NJ, to RM 141.8, at Washington Crossing, PA. The sections of the main stem proposed to be classified as Significant Resource Waters extend from RM 209.5, the downstream boundary of the Delaware Water Gap National Recreation Area, to RM 171.4, the location of which is previously noted, and from RM 141.8 at Washington Crossing, PA, to RM 133.4, the location of the head of tide at Trenton, NJ.

The proposed amendments do not at this time include additions to Table 1, defining existing water quality in each classified reach with numeric values for a series of different parameters, or to Table 2, describing the location of the Boundary and Interstate Special Protection Waters Control Points. These amendments will be made at a later date, when analysis of a 5th year of water quality data for the Lower Delaware has been completed. Thus, the Commission proposes to add § 3.10.3.A.2.g.6), providing that the regulations that depend for enforcement upon the use of approved numeric values for existing water quality will not apply, under the proposed amendments, to regulated activities within the drainage area of the Lower Delaware River, and that all other provisions of § 3.10.3.A.2. will apply upon the effective date of the proposed amendments. Provisions of the Special Protection Waters regulations that will apply within the drainage area to the Lower Delaware River include the following: § 3.10.3.A.2.c.1.—3., in part requiring an analysis of alternatives to new or expanded discharges; § 3.10.3.A.2.d.1.—7., setting forth requirements for wastewater treatment facilities; and § 3.10.3.A.2.e.1. and 2., conditioning project approval on the existence of an approved Non-Point Source Pollution Control Plan for the

project area and requiring that approval of a new or expanded withdrawal or wastewater, or both, discharge project be subject to the condition that new connections to the project system be limited to service areas regulated by nonpoint source control plans approved by the Commission.

Dates

The public hearing will be held on October 27, 2004, at approximately 2 p.m. as part of the Commission's regularly scheduled business meeting. This time is approximate because the Commission will conduct hearings on several dockets (project approvals) beforehand, at approximately 1:30 p.m. The hearing will continue until all those who wish to testify are afforded an opportunity to do so. In the event all those who wish to testify cannot be heard on October 27, 2004, the hearing will be continued at a date, time and location to be announced by the Commission chair that day. Persons wishing to testify at the hearing are asked to register in advance with the Commission Secretary, (609) 883-9500, Ext. 224. Written comments will be accepted through Tuesday, November 30, 2004.

Addresses

The public hearing will be held in the Kirby Auditorium, National Constitution Center, 525 Arch Street, Independence Mall, Philadelphia, PA. Written comments should be addressed to the Commission Secretary, DRBC, P. O. Box 7360, West Trenton, NJ 08628-0360, fax (609) 883-9522, paula.schmitt@drbc.state.nj.us. Overnight mail should be sent to Commission Secretary, DRBC, 25 State Police Drive, West Trenton, NJ 08628-0360.

Additional Information and Contact Person

The full text of the draft resolution containing the proposed rule change, a map illustrating the proposed stream classifications, a map illustrating the Wild and Scenic Rivers System designations in the Lower Delaware and reports about the Lower Delaware is at the Commission's website: www.drbc.net. The Commission will hold two informational meetings on the proposed rulemaking. One meeting will be held on Thursday, October 14, 2004, from 7 p.m. to 9 p.m. at the Delaware and Raritan Canal Commission Office, Prallsville Mills Complex, 33 Risler Street (Route 29), Stockton, NJ. A meeting will be held on Wednesday, October 20, 2004, from 7 p.m. to 9 p.m. in Room 315, Acopian Engineering Building, Lafayette College, High Street, Easton, PA. Directions to the meeting locations will be posted on the Commission's website in advance of the meeting dates. Contact Pamela Bush, (609) 883-9500 Ext. 203, with questions about the proposed rulemaking or the rulemaking process.

It is proposed to amend the *Water Quality Regulations* and *Water Code* as follows:

Section 3.10.3.A.2.g.1), listing stream reaches classified as Outstanding Basin Waters, is proposed to be amended by the addition of the following:

(e) The Lower Delaware River between River Miles 171.4 and 141.8 (a point just south of the Gilbert Generating Station in Holland Township, NJ to Washington Crossing, PA).

Section 3.10.3.A.2.g.2), listing stream reaches classified as Significant Resource Waters, is proposed to be amended by the addition of the following:

(b) The Lower Delaware River between River Miles 209.5 and 171.4 (the downstream boundary of the

Delaware Water Gap National Recreation Area to a point just south of the Gilbert Generation Station in Holland Township, NJ);

(c) The Lower Delaware River between River Miles 141.8 and 133.4 (Washington Crossing, PA to the Head of Tide at Trenton, NJ).

Section 3.10.3.A.2.g is proposed to be amended by the addition of the following:

6). For the stream reaches listed in Sections 3.10.3.A.2.g.1.(e) and 3.10.3.A.2.g.1.(b) and (c), all provisions of Section 3.10.3.A.2 shall be in effect except those that depend for enforcement upon the use of approved numeric values for existing water quality.

Amendment of the Water Quality Regulations, Water Code and Comprehensive Plan to Establish Pollutant Minimization Plan Requirements for Point and Nonpoint Source Discharges of Toxic Pollutants

The Delaware River Basin Commission (Commission) will hold a public hearing to receive comments on a proposed amendment to the Commission's Water Quality Regulations, Water Code and Comprehensive Plan to establish pollutant minimization plan requirements for point and nonpoint source discharges of toxic pollutants following issuance of a total maximum daily load (TMDL) under section 303(d) of the Clean Water Act (CWA) (33 U.S.C.A. § 1313(d)) by either a member state or the United States Environmental Protection Agency (EPA) or issuance of an assimilative capacity determination by the Commission.

Supplemental Information

A TMDL establishes the maximum loading of a pollutant that a water body can receive without causing an impairment of the water quality standard, which includes designated uses, water quality criteria calculated to protect those uses and antidegradation requirements. When water quality standards are not attained, despite the technology-based control of industrial and municipal wastewater (point sources), the CWA requires that the impaired waters be identified on the state's Section 303(d)

list and that a TMDL be developed for the pollutant or pollutants causing the impairment. A determination of the assimilative capacity of a water body for a given pollutant under § 4.30.7 of the Commission's Water Quality Regulations is similar to the establishment of maximum total loading for a water body in a TMDL. The Commission may issue an assimilative capacity determination whenever a stream quality objective (the Commission's term for a numeric water quality criterion) is not being attained.

A TMDL or assimilative capacity determination does not in and of itself result in any improvement in water quality. Rather, the total loading or assimilative capacity must be allocated among the various sources contributing to the water quality impairment, and each discharger must reduce its discharge to achieve its allocated load. For point source discharges, the individual load allocation typically is converted to an effluent limitation in a National Pollutant Discharge Elimination System (NPDES) permit issued under section 402 of the CWA (33 U.S.C.A. § 1342). For nonpoint sources, the load allocation typically is achieved through Best Management Practices (BMPs).

For certain toxic pollutants in water bodies within the Delaware River Basin, ambient or effluent, or both, monitoring shows that loadings are many times higher than the levels required to ensure that water quality standards are met. Substantial reductions in loadings of pollutants from all point and nonpoint sources are needed to protect the designated uses. However, the process of developing and allocating a total load or determining the assimilative capacity of the water body for the pollutant may take the regulatory agencies many years. As has become apparent in the case of the TMDL for polychlorinated biphenyls (PCBs) in the Delaware Estuary, issued by the EPA on December 15, 2003, on behalf of Delaware, New Jersey and the Commonwealth, it may be many more years before the states are able to incorporate implementing provisions into NPDES permits for point sources and require implementing BMPs for nonpoint sources. For PCBs, and possibly for other persistent bioaccumulative toxic chemicals, still more time, in some cases decades, will be needed before dischargers achieve sufficient load reductions to achieve the water quality standards. The proposed rulemaking is intended to accelerate real improvements in water quality by authorizing the Commission to require point and nonpoint source dischargers to initiate load reduction efforts sooner. No numeric targets are proposed. Rather, the rule is based on concepts of pollution prevention and sustainability and the recognition that dischargers that are familiar with their own operations may be best situated to identify opportunities for achieving prompt loading reductions in a cost-effective manner. To comply with the rule, dischargers must plan and implement measures for achieving the maximum practicable reduction of pollutant discharges to the air, soil and water.

The proposed rulemaking is primarily a gap-filling measure. For point sources, it will cease to apply to any discharge upon the next issuance by the state or the EPA of a NPDES permit or permit renewal with respect to that discharge. For nonpoint discharges, the Commission's intention is to apply the rule only where existing state and Federal programs will not ensure implementation of the TMDL or assimilative capacity determination.

The rule has four principal parts. Section A addresses the scope of the rule, both the pollutants and the entities intended to be regulated. Section B sets forth procedures

for submission, review, implementation and continuation of Pollutant Minimization Plans (plan) required under the rule, including the relationship of the rule to the NPDES permit program. Section C lists the elements required to be included in a plan. Section D sets forth the requirement that dischargers submit a report annually, quantifying changes in pollutant loadings since initiation of the plan and describing measures under way or completed to reduce loadings. Additional sections include a waiver provision and a provision for the development of guidance to assist dischargers in developing plans under the rule.

Scope of the Proposed Rulemaking

The scope of the proposed rulemaking is limited to toxic chemicals listed in Section A.1 of the rule. The proposed rule lists one pollutant, PCBs, for which the EPA issued a TMDL for the Delaware Estuary on December 15, 2003. Additional pollutants may be added to the rule only through notice and comment rulemaking.

Classes of dischargers or individual dischargers proposed to be subject to the rule may be added by amendment or by a directive of the Commission's Executive Director, upon approval by the Commission. Two classes of PCB dischargers are initially proposed to be included: those listed in Group 1 of Tables 3-2—3-5 of Appendix 3 of the document *U.S. Environmental Protection Agency Regions II and III, Total Maximum Daily Loads for Polychlorinated Biphenyls (PCBs) for Zones 2-5 of the Tidal Delaware River* (December 15, 2003); and those listed in Group 2 of the same tables in the event that the presence of PCB congeners is confirmed through monitoring in accordance with the requirements set forth in Appendix 3 of the same document.

Procedures for Submission, Review, Implementation and Continuation of Plans

The proposed rulemaking requires dischargers to submit a plan to the Commission and the permitting agency, if any, within 3 months of publication of a final rule or issuance of a directive by the Executive Director. The Commission staff, in consultation with the permitting agency staff (if applicable), will review each plan for completeness, and the Executive Director will issue a completeness determination, either confirming that a plan contains all components required by the rule or identifying deficiencies in the plan. Where a deficiency is identified, a discharger has 30 days to submit a revised plan reflecting a good faith effort to cure the deficiency. The rule sets forth procedures for subsequent revisions if necessary and allows the Executive Director to seek penalties against a discharger for repeated failure to comply, or grant a waiver from a requirement of the rule for good cause shown. The discharger must commence implementation of its plan as submitted within 60 days of receipt of a determination of completeness.

Upon issuance of a final new or renewed NPDES permit by the EPA or a member state after the imposition of a plan requirement under the proposed rulemaking, the permit supersedes any provisions of the plan that relate to the NPDES-permitted discharge.

Plans for point source discharges will receive a thorough substantive review at the time of NPDES permit issuance or reissuance. Due to limited agency resources, earlier substantive review of plans by the Commission or the member states is authorized but not required. The rule provides that if the Commission determines at any time that a plan is not likely to achieve the maximum practicable reduction of pollutant discharges to the air,

soil or water, it may require the discharger to submit a revised plan to more aggressively reduce pollutant loading.

The initial term of the plan is to be 5 years. The term of any plan that is not superseded by an NPDES permit within 5 years may be extended by the Executive Director, following a review by the Commission Staff in consultation with the staff of the appropriate state environmental agency.

Plan Elements

Interested parties are referred to the text of the rule for the required elements of a plan. Notably, these elements include strategies for tracking down unknown sources of the pollutant, as well as for minimizing releases of the pollutant where sources are found. Plans also must include a description of the procedures to be used to measure, demonstrate and report progress in reducing potential and actual discharges of the pollutant, including annual sampling and analysis of discharges using a prescribed analytical method if one is listed in the rule. In the case of PCBs, dischargers are required to measure loadings annually using EPA Method 1668, Revision A. Dischargers are encouraged to use less complex and expensive analytical methods where possible for purposes of screening or identifying pollutant sources.

Annual Report

Annual sampling and reporting using a uniform method are required for dischargers and regulators to determine the effectiveness of a plan in reducing pollutant loadings to a waterway.

Dates

The public hearing will be held on October 27, 2004, at 11 a.m. as part of the Commission's regularly scheduled business meeting. The hearing will end 60 to 90 minutes later, at the discretion of the Commission chair. If necessary, the hearing will be continued at a date and location announced by the Commission chair, until all those who wish to testify are afforded an opportunity to do so. Persons wishing to testify at the hearing are asked to register in advance with the Commission Secretary, (609) 883-9500, Ext. 224. Written comments will be accepted through Friday, November 19, 2004.

Addresses

The full text of the proposed rulemaking is on the Commission's website: www.drbc.net. The public hearing will be held in the Kirby Auditorium, National Constitution Center, 525 Arch Street, Independence Mall, Philadelphia, PA. Written comments should be addressed to the Commission Secretary, DRBC, P. O. Box 7360, West Trenton, NJ 08628-0360, fax (609) 883-9522, paula.schmitt@drbc.state.nj.us. Overnight mail should be sent to Commission Secretary, DRBC, 25 State Police Drive, West Trenton, NJ 08628-0360.

Further Information and Contact Person

Contact Pamela Bush, (609) 883-9500, Ext. 203, with questions about the proposed rulemaking or the rulemaking process.

It is proposed to amend the Commission's Water Quality Regulations, Water Code and Comprehensive Plan by the addition of the following:

4.30.9 Pollutant Minimization Plans for Toxic Pollutants

A. Applicability. Following a determination of assimilative capacity by the Commission or the issuance of

a TMDL by the U.S. Environmental Protection Agency or a Basin State for a toxic pollutant, the Commission may require, or in accordance with Section 4.30.9.A.2. below, may authorize the Executive Director to require, classes of point or non-point dischargers or individual dischargers to prepare pollutant minimization plans ("PMPs") to reduce or prevent releases of the toxic pollutant to Basin waters.

1. In accordance with Section 5.2 of the *Delaware River Basin Compact*, the Commission has determined that the effectuation of the Comprehensive Plan requires control and abatement of the pollutants listed below, through the PMP requirements set forth herein. Additional toxic pollutants may be added to this section by amendment of this rule.

(a) Polychlorinated Biphenyls (PCBs).

2. The following classes of dischargers shall be subject to the requirements of this rule for the pollutants listed in Section 4.30.9.A.1. Additional classes of dischargers or individual dischargers may be added to this section by amendment of this rule. In addition, the Executive Director, upon approval by the Commission, is authorized to subject additional individual dischargers to this rule based upon a determination in each instance that the discharge has an adverse effect on the water resources of the Basin, subject to the right of the discharger to contest the determination under Article 6 of the *Rules of Practice and Procedure*.

(a) For PCBs:

(i) Dischargers listed in Group 1 of Tables 3-2 through 3-5 of Appendix 3 of the document, *U.S. Environmental Protection Agency Regions II and III, Total Maximum Daily Loads for Polychlorinated Biphenyls (PCBs) for Zones 2-5 of the Tidal Delaware River* (December 15, 2003).

(ii) Dischargers listed in Group 2 of Tables 3-2 through 3-5 of Appendix 3 of the document, *U.S. Environmental Protection Agency Regions II and III, Total Maximum Daily Loads for Polychlorinated Biphenyls (PCBs) for Zones 2-5 of the Tidal Delaware River* (December 15, 2003), in the event that the presence of PCB congeners is confirmed through monitoring in accordance with the requirements set forth in Appendix 3 of the same document.

B. Procedures for Submission, Review, Implementation and Continuation of PMPs. The following procedures shall apply to PMPs required under this rule:

1. *Time of Submission.* A discharger shall submit a PMP to the Commission and the permitting agency (if any) simultaneously within three months of publication of a final rule covering the discharger under Section 4.30.9.A.2. or Commission approval of a decision of the Executive Director to require a PMP, under the same section. The Commission shall provide written notice of the rule change or decision to affected dischargers.

2. *Completeness Determination.* The Commission staff, in consultation with permitting agency staff (if applicable), shall review each PMP for completeness, and the Executive Director shall issue a completeness determination to the discharger, copied to the permitting agency, confirming that a PMP is complete or identifying deficiencies in the PMP. The completeness determination shall not be construed as a determina-

tion of the adequacy of the PMP to achieve the maximum practicable reduction of pollutant discharges to the air, soil or water in accordance with Section C.9.

3. *Cure of Deficiency.* Within 30 days of receipt of a completeness determination in accordance with Section 4.30.9.B.2., above, dischargers shall submit a PMP to the Commission and the permitting agency (if applicable) that reflects a good faith effort to cure any deficiency identified in the determination. If the revised PMP is satisfactory, the Executive Director shall issue a second determination of completeness stating that the deficiency has been cured. If the revised PMP is still incomplete, the Executive Director in her discretion may either grant the discharger additional time to cure the deficiency or seek penalties against the discharger, unless for cause shown the Executive Director grants a waiver in accordance with Section 4.30.9.E. The Executive Director may commence an enforcement action and/or seek penalties in accordance with Section 14.17 of the *Compact* and Section 4.30.9.B.9 below in the event of persistent or bad faith failure by the discharger to submit a complete PMP.

4. *Commencement of PMP Implementation.* The discharger shall commence implementation of its PMP as submitted, within 60 days of receipt of a determination of completeness under Section 4.30.9.B.2 or B.3.

5. *Initial Term of PMP.* Each PMP shall be designed for an initial term of five years.

6. *Relationship to NPDES Permit.* Upon issuance of a final new or renewed NPDES permit by the U.S. Environmental Protection Agency or a Basin State after the imposition of a PMP requirement under this rule, the permit shall supersede any provisions of the PMP that relate to NPDES-permitted discharges. An NPDES permit modification shall supersede elements of a PMP relating to NPDES-permitted discharges only if the permit modification expressly so states.

7. *Additional Term of PMP.* For any discharge not controlled under the NPDES permit program, the term of the PMP shall be reviewed by the Commission staff in consultation with the state environmental agency staff, and an additional term shall be determined by the Executive Director.

8. *Plans Deemed Non-Compliant.* If the Commission determines at any time, upon the recommendation of the Executive Director, that a PMP developed under this rule is not likely to achieve the maximum practicable reduction of pollutant discharges to the air, soil and water, then the Commission may require a revised PMP to be submitted to more aggressively reduce pollutant loading. The discharger shall submit a revised PMP responsive to the Commission's request within 60 days of receipt of the request. The provisions of Sections 4.30.9.B.2 through B.4., with respect to curing a deficiency and commencing implementation, shall apply.

9. *Persistent or Bad Faith Failure to Comply.* The Executive Director is authorized to commence an enforcement action against a discharger in accordance with Article 7 of the Commission's *Rules of Practice and Procedure* for persistent or bad faith failure to submit a complete plan, to modify a plan deemed non-compliant, or to implement a plan.

C. *Plan Elements.* A PMP prepared in accordance with these regulations shall contain the following elements:

1. *Good Faith Commitment.* A signed and dated statement by the highest ranking official having day-to-day managerial and operational responsibilities for the facility, expressing the company's good faith commitment to reducing discharges of the target pollutant through the PMP process.

2. *Discharger Contact.* Name and contact information for an individual who will serve as the Commission's contact for information concerning the PMP.

3. *Description and Maps of Facility*

a. For Industrial Facilities:

—company and facility name and address;

—raw materials and industrial processes used, and products generate;

—for facilities accepting non-facility wastes, a description of all such wastes;

—map of all point and nonpoint source discharges from the facility or site and description of the nature of such discharges (i.e., continuous or intermittent, to surface water or groundwater, flow rate);

—all applicable local, state and federal discharge permits and permit numbers for permits that control the pollutant or relate to discharges that contain the pollutant; and

—receiving stream for all discharges, including River Mile in instances where the receiving stream is the main stem Delaware River.

b. For Municipal Wastewater Treatment Plants (WWTPs):

—facility name and address;

—description and map of the facility's service area;

—description and map or schematic diagram of the collection system;

—description of any wastes accepted from outside the collection system (e.g., wastes trucked or transported by rail to the site for treatment);

—map of all point and nonpoint source discharges from the facility or site and description of the nature of such discharges (i.e., continuous or intermittent, to surface or groundwater, flow rate);

—all local, state and federal permits and permit numbers for permits that control the pollutant or relate to discharges that contain the pollutant;

—receiving stream for all discharges, including River Mile in instances where the receiving stream is the main stem Delaware River; and

—a list of all industrial users of the collection system and pretreatment permit numbers if any.

4. *Description and Map of Known Sources*

a. Description of all materials, equipment, processes, soil areas or facilities within a facility, site, or service area, from which the pollutant is released directly or indirectly into a wastewater treatment system, sewage collection system, stormwater collection system, stream or river, including a description of the pathways if known.

b. Site map or service area map showing location of known sources and pathways.

5. *List of Materials, Equipment, Processes, Soil Areas or Facilities Containing or Generating the Pollutant, but Which are Not Known Sources*

a. For industrial dischargers, to the extent practicable, identify any material, equipment, process, soil area or facility on the site known to contain or generate the pollutant, but that is not deemed a source because it is not known to be releasing the pollutant or because no known pathway to surface water or groundwater exists. Identify pollutant concentration if known.

b. For municipal WWTPs, identify any material, equipment, process, soil area or facility that is part of the collection system or that is within the service area and that is known to contain the pollutant but that is not deemed a source because it is not known to be releasing the pollutant or because no known pathway to surface water or groundwater exists. Identify pollutant concentration if known.

6. *Strategy for Identifying Unknown Sources of the Pollutant (Trackdown)*

a. For industrial dischargers, the strategy for identifying pollutant sources may include, without limitation, investigation of an industrial process used by the discharger that is similar to one known to have generated the pollutant elsewhere; investigation of historic activities on the site; or investigation of possible soil or sediment contamination or stormwater management system contamination as a result of historic or ongoing activities.

b. For municipal WWTPs, trackdown strategy may include, without limitation, identification, through screening, of portions of the collection system containing higher concentrations or volumes of the pollutant; identification of industrial users of the collection system that are likely to have used or generated the pollutant in the past; industrial processes known to be in use that could generate the pollutant; sites containing equipment that is likely contaminated with the pollutant, sites that have been used to dispose of the pollutant, etc.

c. Trackdown efforts may rely upon analytical methods other than those required under Section 4.30.9.C.13, below, for purposes of screening or identification of pollutant sources.

7. *Previous, Ongoing or Planned Minimization Activities Undertaken Voluntarily or Required by Other Regulatory Programs.* Previous, ongoing or planned pollutant minimization activities under way or to be undertaken voluntarily or in accordance with a federal or state requirement for the pollutant that is the subject of the PMP, including the level of clean-up attained, level of clean-up targeted, measures completed, measures under way, and the schedule for planned activities.

8. *For Municipal WWTPs Only, Recommendations for Action Under Other Regulatory Programs.* Based on information known at the time of PMP submission or identified during implementation of the PMP, recommendations for remediation activities to be undertaken under the auspices of other agencies or regulatory programs.

9. *Pollutant Minimization Measures.* A description of measures to be taken to achieve the maximum practicable reduction of discharges to the air, soil or water. For known or potential sources, such measures

may include but are not limited to: source removal, changes in raw materials, industrial process modifications, treatment modifications, and elimination of pathways to surface and groundwater.

10. *Ranking.* Ranking of known and potential sources, either individually or in categories, from most to least significant, on the basis of available information. Factors to be considered in ranking known sources should include, without limitation, available information on volume of the discharge, concentration of the pollutant, and likelihood of release into Basin waters. Factors to be considered in ranking potential sources may include, without limitation, type of current or past industrial activity, presence and type of PCB containing equipment, waste management activities and overall condition of the site and facilities.

11. *Key Dates.* Date of submission of waste implementation plan; date by which initiation of plan activities is required (i.e., receipt of completeness determination plus 60 days); and schedule for implementation of each of the measures described in Section 4.30.9.C.9. above.

12. *Measurement of Progress.* Description of the procedures to be used to measure, demonstrate and report progress in reducing potential and actual discharges of the pollutant. These procedures shall include at a minimum the following:

- establishing a loading baseline, utilizing methods listed in Section 4.30.9.C.13. below, if applicable;
- annual sampling and analysis of discharges, utilizing methods listed in Section 4.30.9.C.13 below, if applicable

No PMP shall be deemed complete that does not demonstrate that a loading baseline has been or will be established and that changes to mass loadings shall be measured on an annual basis. However, additional measures of progress may be used, including, but not limited to, lists of PCB-containing equipment removed or pathways blocked, or in the case of municipal WWTPs, inventories of PCB-containing equipment initiated or completed; educational programs put in place; areas of the collection system targeted through trackdown; etc.

13. *Sampling and Analytical Methods.* The following sampling and analytical methods shall be used for establishing baseline discharges and for measuring pollutant reductions on an annual basis, unless this requirement is waived by the Executive Director in accordance with Section 4.30.9.E., below.

(a) PCBs—EPA Method 1668, Revision A.

14. *Material Modifications.* Within three months of any material modification to a facility's operations, site boundary, service area, or waste streams, the owner or operator must notify the Commission and make appropriate revisions to its PMP.

D. *Annual Report.* Each year, commencing one year from the date by which initiation of PMP activities is required to begin in accordance with Section 4.30.9.B.4 above, and continuing through the fifth year of the plan, the discharger shall submit to the Commission and the permitting agency (if any) an annual report:

1. demonstrating annual and cumulative changes from the pollutant loading baseline since initiation of the PMP; and

2. describing measures under way and completed to reduce loadings since initiation of the PMP.

E. *Waiver.* The Executive Director may waive any of the requirements set forth in Section 4.30.9., upon a showing that they are inapplicable to or inappropriate for a particular facility or site.

F. *Guidance.* The Commission may develop guidance consistent with the requirements set forth in Section 4.30.9.B and C. to assist the agencies and dischargers in the development of PMPs under this rule.

G. Nothing in this rule shall limit the authority of the Commission or the Executive Director under the *Compact* to control future pollution, abate existing pollution or require review under Section 3.8 of the *Compact*.

**DEPARTMENT
OF REVENUE**

[61 PA. CODE CH. 901]

Local Option Small Games of Chance

The Department of Revenue (Department), under section 9 of the Local Option Small Games of Chance Act (act) (10 P. S. § 319), proposes to amend Chapter 901 (relating to small games of chance) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

This proposed rulemaking contains comprehensive amendments to Chapter 901 to incorporate legislative changes made to the act by the act of December 19, 1990 (P. L. 812, No. 195) (Act 195) and the act of October 18, 2000 (P. L. 602, No. 79) (Act 79). This proposed rulemaking also codifies policy and administrative changes regarding games of chance.

Explanation of Regulatory Requirements

The Department is proposing numerous global changes to Chapter 901 to reflect changes in terminology, including the deletion of the term "small" in conjunction with the phrase "games of chance." This amendment will make the regulation more consistent with the enabling statute. Examples of other changes include: the replacement of "club" with "eligible organization" to be consistent with

the change made in Act 195; the replacement of "county" with "licensing authority"; the replacement of "registration" with "certificate" and the replacement of "special permit" with "special raffle permit." Numerous minor additions, revisions and deletions are being proposed to sections throughout Chapter 901 for clarity (including changes from passive to active voice) and readability.

Subchapter A. General Provisions

Definitions

Numerous revisions to § 901.1 (relating to definitions) are proposed to bring the definitions into conformity with statutory changes and to codify policy and administrative changes. An explanation of each definition addition or change is as follows:

The following definitions are added for clarity: "applicant," "application," "license," "licensee," "manufacturer registration certificate or certificate," "nonoperating day," "Office of Attorney General," "pull-tab game," "punch," "registrant," "registration," "special raffle permit" and "State lottery law."

The following terms are referenced in Act 195 and the definitions are added to the explain terms: "auxiliary group," "normal business or operating site" and "operating day."

"Bona fide member" is amended to delete references to "club" and add references to "eligible organization."

"Civic and service association" is defined in section 3 of Act 195 (10 P. S. § 313) and is added for use in the regulation. Within the definition the term "bona fide" is used. For purposes of these regulations, "bona fide" shall be interpreted according to its common usage: in or with good faith; honestly, openly, and sincerely; without deceit or fraud.

"Club" was amended in section 3 of Act 195.

The following terms are defined in section 3 of Act 195 and are added for use in the regulation: "daily drawing," "dispensing machine," "eligible organization," "fraternal organization" and "passive selection device."

The following definitions amended for clarity: "deal," "flare," "manufacturer," "petition," "petitioner" and "punchboard."

"Distributor" is amended to delete references to "small" and "club" and add reference to "eligible organization."

The following definitions are amended to delete reference to "small": "distributor's representative" and "manufacturer's representative."

"Games of chance" is amended for clarity and because of revisions to section 3 of Act 195 and section 3 of Act 79 (10 P. S. § 313).

The following definitions added for use in the regulation: "hold ticket" and "seal card."

"Legitimate club purposes" is deleted in accordance with amendments to section 3 of Act 195. The term is replaced with "public interest purpose."

Although "licensed premises" was used in the original enabling statute, it was not defined in the original regulations. The term is again used in Act 195 and a definition is added for clarity.

"Limited occasion license" is added to explain a new type of license authorized in section 10(b.3) of Act 195 (10 P. S. § 320(b.3)).

"Lottery" is deleted in accordance with amendments in section 3 of Act 195.

"Operating week" is added for clarity and use in the regulation. The term replaces the phrase "7-day period."

"Public interest purposes" is defined in amendments to section 3 of Act 195. The term replaces "legitimate club purpose" and is added for use in the regulation.

"Pull-tab" and "raffle" are amended because of revisions to section 3 Act 195.

The definition of "responsible person"—is being amended for clarity, to update references from "club" to "eligible organization" and delete references to "small."

"Veterans organization" added because of revisions to section 3 of Act 195.

"Weekly drawing" is added because of revisions to section 3 of Act 79.

General Applicability

Section 901.21 (relating to applicability) is amended by adding a subsection which provides that to provide uniform practices, procedures and standards, the Department is promulgating certain enumerated regulatory sections for the benefit of and suggested use by the licensing authorities. However, the governing body of each county, on behalf of its licensing authority, must adopt the sections by independent act for the sections to have legal force and effect. With the addition of this language to § 901.21, §§ 901.181 and 901.211 (relating to local rules) are deleted.

Section 901.22 (relating to use of proceeds) is deleted because the subject matter is adequately addressed in § 901.701 (relating to games of chance permitted).

The existing text of § 901.23 (relating to restriction of sales) is deleted and replaced with more explanatory language regarding the restrictions on sales by a registered manufacturer and licensed distributor and the purchase of games of chance by an eligible organization. Subchapter I (relating to enforcement) is proposed and will include all enforcement provisions. Therefore, § 901.24 (relating to enforcement) is deleted.

Section 901.28(a)(2) (relating to inspection of premises) is amended to allow inspection when a reasonable belief exists that a violation of the act or Chapter 901 has occurred, is occurring or will occur. Paragraph (3) is amended to specifically provide that an inspection shall be limited to the inspection of matters, areas and records associated with games of chance to insure compliance with the act and this part. Subsection (b) is amended to allow the licensing authority or their authorized representatives to make annual inspections for compliance purposes.

Section 901.31 (relating to examination of records) is amended to clarify that an examination of records can be made apart from the examination made during an inspection of the premises. Subsections regarding actions by the district attorney and other law enforcement officials are deleted because they are beyond the scope of these regulations.

Section 901.34 (relating to disputes) is amended to clarify that the retention period for records regarding a dispute about whether the play or ticket is a winning play or ticket starts at the date of the dispute rather than the date of resolution.

Section 901.40 (relating to prohibition of gambling facilities) is added in accordance with section 10(b.4) of

Act 195. Section 901.41 (relating to operating days, nonoperating days and operating weeks) is added to provide guidance regarding the concept for purposes of game operations.

Administration

The introductory language in § 901.51(a) and (b) (relating to power and duties) is amended to clarify that the lists of powers and duties are not all inclusive. In addition, subsections (a)(10) and (b)(7) are added to specifically state that the Department and licensing authority have the power and authority to initiate legal proceedings, in law or equity, before any court or tribunal, for purposes of administering or enforcing the provisions of the act or Chapter 901. Other provisions are amended or added for clarity. Subsection (c) regarding the powers and duties of the district attorney and other law enforcement officials is deleted because it is beyond the scope of these regulations.

Subchapter B. Licensing and Registration

Manufacturer Registration

Sections 901.101 and 901.102 (relating to manufacturer registration and game approval required; and registration and game approval forms) are amended by adding language outlining the game approval process.

Section 901.103 (relating to manufacturer registration application form contents) is amended by adding new text to existing paragraph (12) to reflect the Department's current requirement that dispensing machine manufacturers provide the Department with a notarized affidavit indicating that its dispensing machines comply with the act and Chapter 901. Existing paragraph (12) was renumbered accordingly.

New § 901.103a (relating to change of application information) provides that a manufacturer shall report any changes to the information supplied in its application to the Department within 15 days of the change.

Section 901.106 (relating to registration term) is amended to more specifically detail the manufacturer registration term. Section 901.107 (relating to annual applications) is amended to give the Department 60 days to process registration applications prior to the end of the registration term as permitted under § 901.118 (relating to registration decision time limit). With this amendment, a manufacturer that complies should not have a break in its registration coverage.

Section 901.112 (relating to prohibited sales) is deleted because the topic is addressed in proposed § 901.23(a)(2).

Section 901.113(a) (relating to representative of manufacturer) is deleted because the topic is addressed in proposed § 901.23(a)(2). To bring § 901.114 (relating to dissolutions, terminations, mergers and bankruptcies) into conformity with § 901.148 (relating to dissolutions, terminations, mergers and bankruptcies), the section is amended by adding subsection (b) to provide that a notice of the decision to dissolve is required even if filing is not required.

Consistent with amendments to §§ 901.101 and 901.102 regarding game approval, § 901.117(a) (relating to denial, suspension and revocation) is amended by adding to the enumerated acts for which the Department has the authority to deny an application for a certificate, or suspend or revoke a certificate. The act of selling or offering for sale in this Commonwealth a game of chance that has not been approved by the Department. Subsection (b) is added to provide that the Department may

deny an application for a game of chance approval and may suspend or revoke an approved game of chance if the game fails to meet the requirements of the act or Chapter 901. New subsection (c) sets forth the rules governing suspensions and new subsection (d) describes the contents of a written notice of a denial, suspension, lifting of suspension or revocation as well as the procedure by which it will be mailed.

Section 901.117a (relating to registration following revocation) is added to provide guidance on the length of time a manufacturer whose certificate is revoked is ineligible to apply for and receive another certificate for a first, second, third and subsequent revocation.

Section 901.119 (relating to raffle, daily drawing and weekly drawing ticket manufacturers) is amended to clarify that §§ 901.101—901.118 do not apply to the manufacturers who only produce and sell raffle, daily drawing and weekly drawing tickets.

Distributor Licensing

Section § 901.132 (relating to license application form) is amended to clarify that to obtain a license, a distributor must submit a license application to the Department.

New § 901.133a (relating to change of application information) provides that a distributor shall report changes to the information supplied in its application to the Department within 15 days of the change.

Section 901.136 (relating to license term) is revised to provide a more accurate description of a distributor license term and to create a 60-day gap between the end of the registration term and licensing term to allow the Department adequate processing time. Section 901.137 (relating to annual application) is also completely revised to give the Department 60 days to process license applications prior to the end of the licensing term as permitted under § 901.152 (relating to licensing decision time limits). Thus, a distributor that complies with the licensing terms should not have a break in its licensing coverage.

Section 901.142(a) (relating to distributor's representative) is deleted because the topic is addressed in proposed § 901.23(b)(2). The remaining text is reformatted accordingly.

Section 901.150 (relating to changes in ownership or personnel) is amended by requiring changes in responsible persons to be reported to the Department within 15 days of the deletion or addition. The time period in which to make the report is amended to provide the Department with more current information.

Section 901.151 (relating to denial, suspension and revocation of licenses) is amended by adding clarifying language to new subsection (a) and by adding subsections (b) and (c) regarding suspensions and notice. The suspension and notice provisions are consistent with those added to § 901.117 for manufacturers. Section 901.151a (relating to licensing following revocation) is added to provide guidance on the length of time a distributor whose license is revoked is ineligible to apply for and receive another license for a first, second, third and subsequent revocation.

Section 901.153 (relating to raffle, daily drawing and weekly drawing ticket distributors) is amended to clarify that §§ 901.131—901.152 do not apply to distributors who only sell raffle, daily drawing and weekly drawing tickets.

Board Procedures

Sections 901.161, 901.165 and 901.168 (relating to jurisdiction and purpose; board practice and procedure; and stay of appeal) are amended to revise the wording to make it consistent with amendments being made throughout Chapter 901.

Eligible Organization Licensing

Section 901.182 (relating to license requirements) is amended to reflect the change in section 10(a) of Act 195 which allows auxiliary groups within an eligible organization to conduct games of chance. Additional amendment to the section provide guidelines for the operation of games of chance by auxiliary groups.

Section 901.183 (relating to filing) is amended to explain the filing requirements for license applications when an eligible organization does and does not own or lease a normal business site. With the addition of limited occasion licenses in Act 195, § 901.184 (relating to license fee) is amended to state the fee for a limited occasion license shall be \$10.

In response to feedback from both the licensing authorities and eligible organizations, the Department amended § 901.185 (relating to license term and annual applications) to provide for a rolling renewal date instead a fixed date.

To bring § 901.186 (relating to display) into conformity with the provisions of Act 195 regarding the playing of games of chance at a location off its premises, the section is amended to provide that a licensed eligible organization shall at all times publicly display its license at the site where it conducts games of chance.

Section 10(b.1), (b.2) and (d)(8) of Act 195 significantly revised the rules for eligible organizations regarding where games of chance can be played. Section 901.188 (relating to location) is amended to address these new rules. Section 901.189 (relating to transfer) is amended to clarify that a licensed eligible organization is prohibited from transferring or assigning its license.

In accordance with the changes in Act 195 regarding auxiliary groups, § 901.190 (relating to joint license prohibition) is amended to indicate that an auxiliary group may operate under its parent organization's license without violating the joint license prohibition. Minor amendments were made to § 901.191 (relating to license application form) to reflect the changes to section 10 of Act 195, including the addition of paragraph (20) requiring a list of the eligible organization's auxiliary groups which may operate games of chance under the eligible organization's license.

The current text of § 901.192 (relating to denial of application, revocation, suspension and refusal to renew club licenses) is deleted and replaced with a more logically organized section regarding denial, suspension and revocation of an eligible organization license. Section 901.194 (relating to change of personnel) is amended by requiring changes in personnel to be reported to the licensing authority within 15 days of the deletion or addition. The time period in which to make the report is amended to provide the licensing authority with more current information.

With the addition of the limited occasion license under section 10(b.3) of Act 195, the Department added § 901.195 (relating to types of licenses) to distinguish between a game of chance and limited occasion license and to clarify that an eligible organization may only hold one type of license at a time. Section 901.196 (relating to

limited occasion license requirements, limits and restrictions) is also added to provide information on the use of a limited occasion license and related restrictions. Section 901.197 (relating to change of application information) is added to provide that an eligible organization shall report any changes to the information supplied on its license application to the licensing authority within 15 days of the change.

County Licensing Authority Procedures

In accordance with the amendment to section 10(b) of Act 195, § 901.213 (relating to actions with respect to eligible organization licenses and applications) is amended by revising the time period for a licensing authority to approve or deny a license application in subsection (a) from 60 to 30 days. Also, in accordance with changes in section 10(g) of Act 195, subsection (b)(1) is amended to provide that the licensing authority shall send the license and notice of approval to the applicant along with an up-to-date listing of all municipalities within the licensing county that have approved games of chance by referendum.

Section 901.214 (relating to procedure for denial, suspension or revocation of eligible organization licenses) is amended in a number of areas. Minor wording changes are made to subsection (a) and the existing text of subsections (b), (c) and (e) is deleted because the subject matter is addressed in Subchapter I. Existing subsection (d) is deleted and replaced with subsection (b) that provides that the notice issued by the licensing authority will be dated, explains the action taken by the licensing authority, the reason for the action and the licensee or applicant's appeal rights. The licensing authority will serve the notice by certified or first-class mail. Subsection (c) is added to provide the rules governing suspensions. New subsection (d) describes the effect an appeal of a revocation has on an eligible organization.

*Subchapter C. Local Option**Local Option Requirement and Local Option Reporting*

Consistent with section 10(g) of Act 195, § 901.309 (relating to public information) is amended to acknowledge that information regarding the approval or disapproval of games of chance by local referendum can be obtained from the licensing authority as well as the county board of elections.

*Subchapter D. Recordkeeping**County Records and Reports*

Section 901.21(b) states that to provide uniform practices, procedures and standards, certain enumerated sections are promulgated for the benefit of and suggested use by the licensing authorities. If the governing body of a county, on behalf of its licensing authority, adopts the sections by independent act, those sections will in effect be regulations of the licensing authority. Because of this unique scenario, the Department is deviating from standard drafting rules in §§ 901.401—901.407 in that where "shall" would normally be used, it is instead using "will" since the provisions will be those of the licensing authority and the use of will is appropriate when the licensing authority is pledging to act.

In as much as there are now two types of licenses as a result of the addition of the limited occasion license by Act 195, § 901.401 (relating to application register) is amended so that the register or list will indicate the type of license for which each organization applied. Likewise, § 901.402 (relating to docket) is amended to require the docket to list which type of license was granted to the

organization. Section 901.404 (relating to violation report) is deleted because the subject matter is addressed in the Subchapter I.

To bring § 901.405 (relating to list of licensed eligible organizations) into conformity with the enabling statute, the section is amended to state that the licensing authority will submit, on a semiannual basis, a copy of all information regarding licensees to the Department. The section is further amended to require the information to include the type of license and any special raffle permit serial number.

Although some of these rules are noted elsewhere, new § 901.407 (relating to list of municipalities) provides the licensing authority with a central place to reference the rules regarding the maintenance of a list of municipalities that have approved the referendum question on games of chance.

Licensed Eligible Organization Records

For consistency with the rules regarding record requirements for raffles and daily drawings, paragraph (9) is added to § 901.464 (relating to punchboard and pull-tab records) requiring a list of winners' names and addresses for prizes in excess of \$100.

The definition of "games of chance" was broadened by section 3 of Act 195 to include daily drawings and by section 3 of Act 79 to include weekly drawings. Section 901.464a (relating to daily and weekly drawing records) is added to provide guidance regarding record keeping requirements for each of these games.

Subchapter E. Prohibited Activities/Penalties

Prohibited Activities

In accordance with section 15 of Act 195 (10 P. S. § 325), § 901.501 (relating to advertising) is amended to provide that an eligible organization may advertise prizes and values thereof in periodic publications that are limited in their circulation to members of the eligible organization.

Section 901.502(c) (relating to persons) is amended to reflect changes to section 10(d)(2) of Act 195 regarding conviction of a felony or of a violation of the Bingo Law (10 P. S. §§ 301—308.1).

Act 195 amended section 10(d)(3) by deleting the requirement that the persons conducting the games of chance be bona fide members of the club for at least 1 year. Therefore, § 901.504 (relating to persons who may conduct games) is amended to delete the 1 year requirement.

To be consistent with the prize limitation exceptions for both a daily drawing and weekly drawing in section 5(f) and (g) of Act 195 and section 5(g) and (h) of Act 79 (10 P. S. § 315(f)—(h)), §§ 901.507 and 901.508 (relating to prizes in excess of \$500; and prizes in excess of \$5,000) are amended.

Act 195 amended section 10(d)(7) regarding the use of a licensed eligible organization's premises by another licensed eligible organization. Section 901.510 (relating to use of licensed premises by more than one organization) is amended to incorporate the new statutory guidelines in this area.

Section 901.512 (relating to oral and written leases) is added to address the provisions of section 10(b.1) and (d) (5) of Act 195. Section 901.513 (relating to gambling facilities prohibited) is added to address section 10(b.4) of Act 195.

Penalties

To be consistent with the amendments to section 17 of Act 195 (10 P. S. § 327) regarding penalties for violations of the provisions of the act by eligible organizations and individuals, §§ 901.531 and 901.532 (relating to eligible organizations; and individuals) are amended.

Subchapter F. Manufacturing Standards

Pull-Tab Manufacturing Standards

Section 901.601(a) (relating to uniform minimum quality standards) is amended to correct the reference to the North American Gaming Regulations Association (N. A. G. R. A.) publication regarding manufacturing standards for pull-tab games and to provide clarity with regard to the application of the standards.

Sections 901.602 and 901.621 (relating to flares) are amended to clarify who can make a flare and who can alter a flare. Sections 901.608 and 901.627 (relating to standards for flares) are amended to clarify the rules regarding flares.

Punchboard Manufacturing Standards

Section 901.622 (relating to standards for construction) is amended by adding paragraph (1) to describe four general construction guidelines regarding the punchboard face sheet, flare, serial numbers and punches. The existing paragraphs are renumbered accordingly.

Subchapter G. Operation of Games

Eligible Organization Operation of Games

Section 901.702 (relating to prize limits) is amended to reflect various statutory revisions. The total cash value of prizes that can be awarded under special raffle permits in § 901.702(d) is amended to reflect the statutory change in section 5(d)(4) of Act 79. Subsection (e) is added to explain the prize limit exceptions for daily drawings in section 5(e)—(g) of Act 79. Subsection (f) is added to explain the prize limit exceptions for weekly drawings in section 5(g) and (h) of Act 79.

Section 901.703 (relating to place of conduct) is amended to reflect the statutory changes in section 10(b.1) and (b.2) of Act 195 regarding where games of chance can be conducted. Section 901.704 (relating to licensed premises) is amended to reflect the new statutory provisions regarding the location of games of chance in section 10(b.1) and (d)(5) of Act 195.

Section 901.705 (relating to purchase of games) is amended to incorporate the statutory change in section 10(d)(6) of Act 79 (10 P. S. § 320(d)(6)) regarding the purchase of weekly drawings.

Section 901.706 (relating to persons who may not operate or play games of chance) is amended to reflect the changes in section 10(d)(1) and (2) of Act 195 regarding persons permitted to operate or play games of chance and the conviction of a felony or of a violation of the Bingo Law.

The 1-year membership requirement in § 901.708 (relating to persons who may conduct games of chance) is deleted in accordance with the amendment to section 10(d)(3) of Act 195. Section 901.709 (relating to one eligible organization per premise) is amended to reflect section 10(b.1) of Act 195 regarding the use of a premise by more than one eligible organization. With the deletion of section 11(c) in Act 195 (10 P. S. § 321(c)) regarding the prohibition of use of a licensed premises by more than one licensed club for a special raffle permit in a calendar year, § 901.711 (relating to location for special permit raffles) is deleted.

Punchboards and Pull-Tab Operation Procedures

Section 901.731(b) (relating to punchboard and pull-tab operation) is amended by placing the current text in paragraph (1) and adding paragraph (2) to describe under what conditions a licensed eligible organization may alter a flare.

Raffles

With the removal of the restriction on sales of raffle tickets in section 10(d)(4) in Act 195, § 901.742 (relating to drawing dates) is amended to provide guidance on the new rules relating to raffle drawing dates consistent with the definition of "raffle" as amended in section 3 of Act 195.

Section 901.743(b) (relating to raffle tickets) provides that generally each part of a raffle ticket shall be imprinted with sequential numbers commencing with the number "1" through the maximum number of tickets to be sold. Subsection (b) is amended to clarify that when a raffle winner is determined by a drawing of the Pennsylvania State Lottery, the universe of eligible ticket numbers shall correspond to the universe of eligible numbers in the State Lottery drawing.

Consistent with the change to the definition of "raffle" in section 3 of Act 195, § 901.745 (relating to printing requirements) is amended to provide that dates, times and locations of the drawings shall be printed on each raffle ticket sold.

Section 901.751 (relating to ticket sales) is amended to incorporate the new rules relating to the sale of raffle tickets in a municipality located in a county other than the county in which the eligible organization is licensed in section 10(d)(8) of Act 195.

In accordance with the provisions in the definitions of "passive selection device" and "raffle" in section 3 of Act 195, § 901.753 (relating to means of determining winning numbers) is added to provide guidance in this area.

Lotteries

Because lotteries are no longer considered a separate game of chance but rather a type of raffle under the revisions to the definitions of "games of chance," "lottery" and "raffle" in section 3 of Act 195, §§ 901.761—901.778 are deleted.

Daily Drawings

Section 901.781—901.786 are added to provide guidance regarding the rules for daily drawings, which were authorized by Act 195.

Weekly Drawings

Sections 901.791—901.796 are added to provide guidance regarding the rules for weekly drawings, which were authorized by Act 79.

*Subchapter H. Special Raffle Permits**Special Raffle Permits*

The heading of § 901.801, currently listed as "(relating to price limit)" is corrected to reference "prize limit" and the section is amended to reflect the amendment to section 5(d)(4) of Act 79 regarding the total cash value permitted for all prizes for the calendar year.

In accordance with the deletion of paragraph (13) in section 12(a) of Act 195 (10 P. S. § 322(a)(13)), § 901.802 (relating to raffle number limit) is amended to delete the second sentence which provided that a club may hold only one raffle per month including a special permit raffle.

Section 5(d)(2) was amended by Act 195 to provide an exception to the general rule that an eligible organization shall be eligible to receive no more than two special

permits in any licensed year for volunteer fire, ambulance and rescue organizations. Section 901.803 (relating to special raffle permit limit) is amended to reflect this change. Section 901.806 (relating to required permit) is amended to clarify the special raffle permit requirements.

In accordance with section 11(a) of Act 195, § 901.807 (relating to fees) is amended to provide that the fee for the issuance of a special raffle permit shall not exceed \$25.

Section 901.811 (relating to location limits) is deleted because of the amendments to section 10(b.1) and (d)(7) of Act 195 regarding the use of a licensed premises by more than one eligible organization.

Subchapter I. Enforcement

Sections 901.901—901.908 are added to address specific enforcement issues.

A licensed [club] eligible organization is responsible for complying with Commonwealth rules for reporting and withholding on gambling and lottery winnings.

§ 901.38. Commonwealth resident designee.

A person [seeking registration or licensing] applying for a certificate or distributor's license under the act or this part is required to designate a person and location within this Commonwealth for purposes of service of process and the person shall agree to submit to the jurisdiction of the courts of the Commonwealth and law enforcement officials of the Commonwealth and its subdivisions.

§ 901.40. Prohibition of gambling facilities.

(a) A person, corporation, association, partnership or other business entity may not offer for rent or offer for use a building or other facility to be used exclusively for conducting games of chance.

(b) A licensed eligible organization may not lease, under any terms, a facility or building which is used exclusively for conducting games of chance.

§ 901.41. Operating days, nonoperating days and operating weeks.

(a) An operating day or a nonoperating day may not exceed 24 consecutive hours. An operating day or a nonoperating day may not overlap with any other operating day or nonoperating day.

(b) An operating day may extend from 1 calendar day to another so long as the eligible organization's normal activities or business hours extend from 1 calendar day to another. For example, an eligible organization's operating day may begin at 9 a.m. and end at 3 a.m. the following calendar day (that is, 18 consecutive hours over 2 calendar days).

(c) If an eligible organization operates on a 24 hour-a-day basis, the eligible organization's operating day shall be any consecutive 24-hour period as chosen by the organization. For example, an eligible organization could choose its operating day to be from 9:01 a.m. to 9 a.m. the following calendar day or from 12:01 a.m. to midnight on the same calendar day.

(d) An operating week shall consist of 7 consecutive, reoccurring operating or nonoperating days.

(e) An eligible organization shall choose its operating day and week and report them on its license application.

(f) A licensed eligible organization may change its operating day and week. The eligible organization shall amend its license before the new operating day or week becomes effective.

An application for registration as a manufacturer of [small] games of chance shall contain at a minimum the following information:

* * * * *

(5) A complete list or catalogue of all [small] games of chance to be manufactured.

* * * * *

(8) Pennsylvania tax information, [if otherwise required under Pennsylvania law] including:

* * * * *

(12) A notarized affidavit for each dispensing machine sold or offered for sale in this Commonwealth indicating that the dispensing machine complies with the act and this part. A form affidavit will be available from the Department.

(13) Other documents as identified in the application materials.

§ 901.103a. Change of application information.

A manufacturer shall report any changes to the information supplied in its application to the Department within 15 days of the change.

§ 901.104. Waiver of confidentiality.

[An applicant] By filing an application for the grant [or renewal] of a manufacturer registration [by the filing of an application insofar as it relates to the Department] certificate, the applicant waives confidentiality with respect to Commonwealth tax information in the possession of the Department, the Office of Attorney General or the Department of Labor and Industry regarding the applicant, regardless of the source of that information, and consents to the provision of that information to the Department by the Office of Attorney General or the Department of Labor and Industry.

§ 901.106. Registration term.

[The registration certificate is valid through the following March 31.] A registration term must begin on April 1 and end on March 31 of the succeeding year. A certificate issued during a registration term is only valid from the date of issuance to the end of the registration term.

§ 901.107. Annual [renewal] applications.

[A registered manufacturer shall renew its registration annually by March 31.] A registered manufacturer should file an application for a certificate 60 days prior to the expiration date of its existing certificate in order to ensure that the manufacturer's registration with the Department is not interrupted.

§ 901.108. Registration number.

[A manufacturer will be assigned an identification number which shall be referred to as a registration number. The name and registration number of the manufacturer shall appear on all orders, documents and other paperwork, and the like, involved with or related to the sale, offer for sale or other provision of small games of chance.] The Department will assign a registration number and issue a certificate to each manufacturer that it approves for registration. The registered manufacturer shall place the registration number on all documents used in any transactions under the act or this part.

§ 901.109. [Registration certificate] Certificate.

The [registration] certificate issued [shall] must be conspicuously displayed on the premises of the manufacturer.

§ 901.110. Duplicate [registration] certificate.

If a [registration] certificate is defaced, destroyed or lost, the Department may issue a duplicate to the holder of the certificate upon submission of a duplicate [registration] application form. A \$100 fee will be charged for the duplicate [registration] certificate.

§ 901.111. Transfer.

[The transfer or assignment of a manufacturer's registration] A manufacturer is prohibited from transferring or assigning its certificate.

§ 901.112. [Prohibited sales] (Reserved).

[Manufacturers of small games of chance are prohibited from selling or otherwise furnishing small games of chance to a person not licensed as a distributor unless the manufacturer is also a licensed distributor in which case the manufacturer may sell or otherwise provide small games of chance to licensed clubs.]

§ 901.113. Representatives of manufacturer.

[(a) A representative of a small games of chance manufacturer may sell to only a licensed distributor.

(b)] A representative of a manufacturer acts as an agent of the manufacturer in activities conducted under the manufacturer's registration certificate.

§ 901.114. Dissolutions, terminations, mergers and bankruptcies.

(a) [The] A manufacturer shall notify the Department in writing within 10 days of one or more of the following actions on the part of [a registered] the manufacturer:

* * * * *

(2) [A notice of the decision to dissolve is required if filing is not required.

(3)] The filing of a petition in bankruptcy or receivership by the manufacturer.

[(4)] (3) * * *

[(5)] (4) * * *

(b) A notice of the decision to dissolve is required even if filing is not required.

§ 901.117. Denial [of application, revocation, suspension or refusal to renew manufacturer's registration] suspension and revocation.

(a) *Manufacturer registration certificate.* The Department [has the power to deny the application or suspend, revoke or refuse to renew the registration of a manufacturer,] may deny an application for a certificate or suspend or revoke a certificate if the manufacturer or a person required to be identified in the application form commits one or more of the following acts:

* * * * *

(2) Has failed to comply with or engaged in an activity prohibited by the act or this part.

* * * * *

(4) Has been convicted of, forfeited bond upon a charge of or pleaded guilty or nolo contendere to one of the following:

* * * * *

(b) *Game of chance approval.* The Department may deny an application for a game of chance approval and may suspend or revoke an approved game of chance if the game of chance fails to meet the requirements of the act or this part.

(c) *Suspensions.*

(1) A suspension of a certificate or a game of chance approval is issued for violations enumerated in subsection (a) or (b), as applicable, that have not substantially harmed the public and can be timely remedied.

(2) A suspension period may not exceed 30 days, unless the manufacturer requests an extension, in writing, and the Department approves the extension.

(3) The Department will lift a suspension when the manufacturer has demonstrated compliance.

(4) If the Department determines that the manufacturer is still in violation under subsections (a) or (b), as applicable, by the end of the suspension period, the Department will revoke the certificate or game approval as applicable.

(5) There is no right to appeal a suspension.

(d) *Notice.*

(1) The Department will issue a written notice of a denial, suspension, lifting of suspension or revocation. The notice will provide:

- (i) The issue date of the notice.
(ii) The action taken by the Department.
(iii) The reason for the action.
(iv) The manufacturer's appeal rights.

(2) The Department will serve the notice by certified or first-class mail.

(3) The Department will mail the notice to the manufacturer's Commonwealth resident designee.

§ 901.117a. Registration following revocation.

Unless otherwise provided by the act or this part:

(1) A manufacturer whose certificate is revoked is ineligible to apply for and receive another certificate for the remaining registration term or 6 months, whichever is longer.

(2) For a second revocation, the manufacturer is ineligible to apply for and receive another certificate for the remaining registration term as well as the following registration term.

(3) For a third and subsequent revocation, the manufacturer is ineligible to apply for and receive another certificate for 30 months.

§ 901.119. Raffle, daily drawing and weekly drawing ticket manufacturers.

This section [does] and §§ 901.101—901.118 do not apply to the manufacturers [of] who only produce and sell raffle, daily drawing and weekly drawing tickets.

DISTRIBUTOR LICENSING

§ 901.131. Distributor license requirement.

[A person may not sell, offer for sale or otherwise furnish small games of chance to licensed clubs in this Commonwealth unless the person is currently licensed by the Department under this section and §§ 901.132—901.153.] A person shall be licensed by the Department and possess a license to sell, offer for sale or otherwise furnish games of chance to licensed eligible organizations in this Commonwealth.

§ 901.132. License application form.

[A person seeking licensure as a distributor shall submit one copy of a form prescribed by the Department. A licensed distributor seeking to renew a license shall submit the same form but indicate in the appropriate block that it is a renewal request.] For a distributor to obtain a license to sell games of chance in this Commonwealth, the distributor shall submit a license application to the Department in the form prescribed by the Department. The application form shall be completed in full and will not be considered to be received until it has been completed in full.

§ 901.133. Distributor license application form contents.

The application form shall include the following:

* * * * *

(5) A list of all types of [small] games of chance to be distributed.

* * * * *

§ 901.133a. Change of application information.

A distributor shall report any changes to the information supplied in its application to the Department within 15 days of the change.

§ 901.136. License term.

[The distributor license is valid through the following April 30.] A license term must begin on June 1 and end on May 31 of the succeeding year. A license issued during a license term is only valid from the date of issuance to the end of the license term.

§ 901.137. Annual [renewal] application.

[A licensed distributor shall renew its license annually by April 30.] A licensed distributor should file an application for a license 60 days prior to the expiration date of its existing license in order to ensure that the distributor's licensure with the Department is not interrupted.

§ 901.138. License number.

[Every distributor will be assigned an identification number which shall be referred to as a license number. The name and license number of the distributor shall appear on all orders, documents or other paperwork, and the like, involved with or related to the sale, offer for sale or other provision of small games of chance.] The Department will assign a license number and issue a license to each distributor it approves for licensure. A licensed distributor shall place its business name and license number on all documents used in any transaction under this part.

§ 901.139. License [certificate].

The license [certificate shall] must be conspicuously displayed at all times at the place of business of the person licensed.

§ 901.140. Duplicate license.

Whenever a license [certificate] is defaced, destroyed or lost, the Department may issue a duplicate to the holder of the license upon submission of a duplicate License Application Form. A \$100 fee will be charged for the duplicate license [certificate].

§ 901.141. Transfer.

[The transfer or assignment of a distributor licensed] A licensed distributor is prohibited from transferring or assigning its license.

§ 901.142. [Representatives of distributors] Distributor's representative.

[(a) A representative of a small games of chance distributor shall sell only to licensed clubs.

(b) A distributor's representative [of a distributor] acts as an agent of the licensee in activities conducted under the distributor's license [certificate].

§ 901.143. Restrictions on distributorship interest.

(a) [An] A licensed eligible organization [which is licensed to conduct games of chance] may not be a distributor.

(b) A person who is an officer, director, proprietor, consultant, [employee] employee or owner of a dis-

tributorship may not have a pecuniary interest in the operation of [small] games of chance.

(c) A distributor or person who has a financial interest in a distributorship may not be a lessor of premises, directly or indirectly, to a [club] licensed eligible organization.

§ 901.144. Restrictions of distributor [employees] employees.

(a) An [employee] employee of a distributorship may not be an [employee] employee, consultant or volunteer of a licensed [club] eligible organization unless the [employee] employee has first made a full written disclosure of the [employee's] employee's distributorship employment to the [club] eligible organization.

* * * * *

(c) An [employee] employee of a distributorship may not play games of chance at the site of a [club] licensed eligible organization if that [club] eligible organization is a customer of the distributorship.

(d) A Department [employee] employee assigned to the bureau responsible for administering the act or this part may not have an interest in a distributor licensed under the act or this part.

§ 901.146. Sales promotion.

A distributor may not use as a sales promotion a statement, demonstration or implication that a certain portion of a deal [of small games of chance tickets] contains more winners than other portions of the [set] deal or that a [set] game of chance may be played by a [club] licensed eligible organization in a particular manner that would give the organization an advantage in selling more [of the small games of chance] chances before having to pay out winners.

§ 901.147. Fixed prices.

A distributor may not enter into an express or implied agreement with another distributor to fix the price at which [small] games of chance may be sold, or for which services in connection therewith may be rendered. The price of these items in the competitive marketplace [shall] must be established by each distributor for the [small] games of chance and services offered by each and may not be directly or indirectly established in concert with one another.

§ 901.148. Dissolutions, terminations, mergers and bankruptcies.

(a) [The] A distributor [shall] will notify the Department, in writing, within 10 days of one or more of the following actions on the part of [a registered] the distributor:

* * * * *

§ 901.149. Change of address.

[The] A distributor will notify the Department, in writing, 10 days prior to a change of address.

§ 901.150. Changes in ownership or personnel.

The distributor shall make a written report to the Department of changes of responsible persons engaged in the business of the distributor. This report [shall] must also include a change in the management, ownership,

directorship or equity ownership of 10% or more, or a change in the manufacturer's representatives. The report [shall] must be filed [on October 15] within 15 days of the addition or deletion.

§ 901.151. [Revocation, denial, suspension or rejection of renewal of distributor license] Denial, suspension and revocation of licenses.

(a) *Distributor license.* The Department [has the power to deny the application or suspend, revoke or refuse to renew the license of a distributor under the following circumstances] may deny a license application or suspend or revoke a license if the distributor or a person required to be identified in the application form commits one of the following acts:

* * * * *

(2) Has failed to comply with or engaged in an activity prohibited by the act or this part.

* * * * *

(5) Has refused to permit an inspection of its records or premises under one of the following:

(i) Section 901.28 (relating to inspection of premises) or § 901.31 (relating to examination of records).

* * * * *

(b) *Suspensions.*

(1) A suspension of a license is issued for violations enumerated in subsection (a) that have not substantially harmed the public and can be timely remedied.

(2) A suspension period may not exceed 30 days, unless the distributor requests an extension, in writing, and the Department approves the extension.

(3) The Department will lift a suspension when the distributor has demonstrated compliance.

(4) If the Department determines that the distributor is still in violation under subsection (a) by the end of the suspension period, the Department will revoke the license.

(5) There is no right to appeal a suspension.

(c) *Notice.*

(1) The Department will issue a written notice of a denial, suspension, lifting of suspension or revocation. The notice will provide:

- (i) The issue date of the notice.
- (ii) The action taken by the Department.
- (iii) The reason for the action.
- (iv) The distributor's appeal rights.

(2) The Department will serve the notice by certified or first-class mail.

(3) The Department will mail the notice to the distributor's Commonwealth resident designee.

§ 901.151a. Licensing following revocation.

Unless otherwise provided by the act or this part:

(1) A distributor whose license is revoked is ineligible to apply for and receive another license for the remaining license term or 6 months, whichever is longer.

(2) For a second revocation, the distributor is ineligible to apply for and receive another license for the remaining license term as well as the following license term.

(3) For a third and subsequent revocation, the distributor is ineligible to apply for and receive another license for 30 months.

§ 901.153. Raffle, daily drawing and weekly drawing ticket distributors.

This section and §§ 901.131—901.152 do not apply to [the distribution of] distributors who only sell raffle, daily drawing and weekly drawing tickets.

BOARD PROCEDURES

§ 901.161. Jurisdiction and purpose.

The Board will receive and review petitions [to review Department] challenging the Department's decisions to deny [an initial or renewal application] an application for a manufacturer registration [or licensure] certificate or game of chance approval or a distributor license. The Board will also receive and review petitions from [registrants or licensees who have been notified of the Department's intent to revoke registration or licensure] manufacturers or distributors challenging the Department's revocation of a manufacturer registration certificate, game of chance approval or a distributor license. The Board will provide petitioners with the opportunity for a hearing and will make recommendations to the Secretary regarding petitions.

§ 901.165. Board practice and procedure.

* * * * *

(g) *Bond.* [An applicant,] A registrant or licensee [whose application has been denied or] whose license or registration has been revoked [, suspended or not renewed] due to Commonwealth tax liabilities, and who has been notified of the [denial, nonrenewal or] revocation, shall file a bond in an amount of 120% of the tax and interest with the Department [pending the outcome of] in order for an appeal of [a decision of the Department with regard to registration or licensing] the revocation to stay the revocation [or suspension of the registration or license].

* * * * *

§ 901.168. Stay of appeal.

(a) Actions to [suspend or] revoke a registration [or], license or game approval will be stayed pending the decision of the Secretary when a petition has been filed with the Board. [, except when the registration or license is immediately suspended for a period not to exceed 30 days because, in the opinion of the Department, one or more of the following has occurred:

(1) The license or registration has been obtained by fraud, trickery, misrepresentation, concealment or through inadvertence or mistake.

(2) The licensee, registrant or other person required to be identified in the application has engaged in an act or practice that would operate as a fraud or deceit upon a person.

(3) The licensee or registrant has failed to comply with the act or this part, after having been previously notified by the Department or its authorized representatives or law enforcement personnel, that a violation had been or was being committed by the licensee, registrant or other person required to be identified on the application.

(4) The licensee or registrant has been convicted of, forfeited bond upon a charge of or pleaded guilty or nolo contendere to one of the following:

- (i) Forgery.
- (ii) Larceny.
- (iii) Extortion.
- (iv) Conspiracy to defraud.

(v) Willful failure to make required payments or reports to a governmental agency or filing false reports.

(vi) A crime, whether a felony or a misdemeanor, involving a gambling activity or a felony involving moral turpitude.

(vii) Other similar offenses.]

(b) During the pendency of the appeal, the certificate, game approval or license will be suspended.

[CLUB] ELIGIBLE ORGANIZATION LICENSING

§ 901.181. [Local rules] (Reserved).

[The licensing authority of the counties of this Commonwealth may adopt local rules regulating club licensing that are not inconsistent with the act. If the licensing authority does not adopt rules, this part is binding.]

§ 901.182. License requirements.

(a) [A club] *Eligible organizations.* An eligible organization may not conduct or operate [small] games of chance unless the [club] eligible organization obtains and maintains a valid license issued under the act and this part. An eligible organization must be in existence and fulfilling its purposes for 1 year prior to the date of application for a license.

(b) *Auxiliary groups.*

(1) An auxiliary group may conduct or operate games of chance under its parent organization's license. An auxiliary group may not be licensed separately. Any auxiliary group that conducts games of chance must be listed on the parent organization's license application.

(2) An auxiliary group that conducts games of chance under its parent organization's license acts in lieu of the eligible organization and is bound by the restrictions and limitations of the eligible organization and its license under the act and this part. Prizes from games of chance conducted by an auxiliary group must be included in the total prizes paid out by the licensed eligible organization for purposes of determining the licensed eligible organization's adherence to the prize limits under the act and this part.

(3) A licensing authority may not charge an additional licensing fee for an auxiliary group's right to conduct games of chance under its parent eligible organization's license.

§ 901.183. Filing.

License applications shall be filed with the licensing authority in the county where the [club is physically located] eligible organization maintains its normal business or operating site that will be used as its licensed premises. When an eligible organization does not own or lease a location to conduct its normal business, the organization shall file its application with the licensing authority in the county where the eligible organization maintains its licensed premises.

§ 901.184. [Licensee] License fee.

The annual license fee is \$100. The fee for a limited occasion license is \$10.

§ 901.185. [Annual renewal] License term and annual applications.

(a) [The] A license is valid [through the succeeding June 30] for 1 year from its date of issuance.

(b) [Applications for renewal should be received at least] A licensed eligible organization should apply for a license 30 days prior to the expiration date of [the] its existing license to ensure that its licensure will not be interrupted.

§ 901.186. Display.

[The license issued shall be publicly displayed at all times on the premises of the club.] The licensed eligible organization shall at all times publicly display its license at the site where it conducts games of chance.

§ 901.188. Location.

(a) A license issued under [this section and] §§ 901.181—901.187, this section and [901.189—901.194] 901.189—901.196 will be valid at [only one location in the county which issued the license] and authorize the holder to conduct games of chance on the organization's licensed premises as provided in § 901.704 (relating to licensed premises).

(b) A licensed eligible organization may conduct games of chance at a location off its premises when such games of chance are part of an annual carnival, fair, picnic or banquet held or participated in by that eligible organization on a historical basis. The organization shall notify, in writing, the district attorney and licensing authority of the location, date and times of such events.

(c) A license issued in one county will be valid for purposes of [conducting a raffle in another county if the transactions occur] selling raffle tickets in municipalities of another county which have specifically approved [small] games of chance [and other provisions of this part and the act are met] by an affirmative vote in a municipal referendum. A licensed eligible organization that plans to sell raffle tickets in a municipality located in a county other than the county in which it is licensed shall notify that county's district attorney and licensing authority as to the location and the dates that the organization plans to sell raffle tickets.

§ 901.189. Transfer.

[The transfer or assignment of licenses between locations and clubs] A licensed eligible organization is prohibited from transferring or assigning its license.

§ 901.190. Joint license prohibition.

[A joint license for the holding, operating and conducting of a game of chance will not be issued to two or more clubs.] A licensing authority may not issue a joint license to two or more eligible organizations. An auxiliary group may operate under its parent organization's license, but may not hold a license of its own.

§ 901.191. License application form.

The license application form shall contain, at a minimum, the following information:

* * * * *

(2) The type of [the] organization.

* * * * *

(5) The name of the municipality where the applicant will maintain its licensed premises.

(6) [The place of conduct for games of chance.] The eligible organization's licensed premises.

(7) The [dates and hours the club normally operates for its members] eligible organization's operating day and week.

* * * * *

(11) The names and addresses of persons who will be responsible for the operation of games of chance, including [club employees] eligible organization employees, bar personnel, auxiliary group members and other persons who will obtain the games of chance and coordinate their use.

(12) A statement under oath in the form of an affidavit, affirmed by the executive officer or secretary of the [club] eligible organization, stating the following:

(i) A person 17 years of age or younger [, or in the case of a club holding a liquor license, 20 years of age or younger,] will not be permitted by the [club] eligible organization to operate or play games of chance.

* * * * *

(iii) The [club] eligible organization is the owner of the premises upon which the games of chance are played or, if it is not, the [club] eligible organization is not leasing the premises from the owner thereof under an oral agreement, nor is it leasing the premises from the owner thereof under a written agreement at a rental which is determined by the amount of receipts realized from the playing of games of chance or by the number of people attending, excepting the lease of a facility for a banquet where a per head charge is applied in connection with the serving of a meal.

(13) A copy of a corporate applicant articles of incorporation and bylaws; or, if not a corporation, a copy of bylaws and other documents which set out the organizational [structural] structure and purpose [of the organization].

COUNTY LICENSING AUTHORITY PROCEDURES

§ 901.211. [Local rules] (Reserved).

[The licensing authority of the counties of this Commonwealth may adopt local rules regulating their procedures consistent with the act. If the licensing authority does not adopt rules, this section and §§ 901.212—901.219 are binding.]

§ 901.212. General provisions.

(a) *Scope.* This section and §§ 901.211 and 901.213—901.219 govern practice and procedure before the licensing authority except as otherwise provided in this part. The provisions of 2 Pa.C.S. §§ [501—508 and 701—704] 551—555 and 751—754 (relating to the [Administrative Agency Law] Local Agency Law) do not apply to practice and procedure before the licensing authority to the extent that those provisions are inconsistent with this section and §§ 901.211 and 901.213—901.219.

(b) *Construction of rules.* This section and §§ 901.211 and 901.213—901.219 will be liberally construed to aid the efficient operation of the licensing authority and the orderly administration of the act and this part.

§ 901.213. Actions with respect to [club] eligible organization licenses and applications.

(a) The licensing authority shall approve or deny license applications within [60] 30 days of their receipt unless the applicant is notified in writing of the specific reason for the delay. If the applicant requests in writing, the delayed application will be denied and may be immediately appealed. Applications are considered to be received when they arrive at the licensing authority as evidenced by the date stamp placed on the application.

(b) The licensing authority shall determine whether an applicant is eligible for a license under the act and this part and notify the applicant in writing of its determination.

(1) If the application is approved, the licensing authority shall send the license and notice of approval [shall be sent] to the applicant along with an up-to-date listing of all municipalities within the licensing county that have approved games of chance by referendum.

(2) If the application is denied, the licensing authority shall give notice, in writing, of the denial as set forth in § 901.214[(d)](b) (relating to procedure for denial, suspension[,] or revocation [or refusal to renew club] of eligible organization licenses).

(c) If [a club] an eligible organization's license is suspended or revoked by the licensing authority, the licensing authority will give notice to the [club] eligible organization in writing of its determination as provided in § 901.214[(d)](b).

(d) If an appeal is not taken from a denial or from a revocation within the time prescribed in this chapter, the decision of the licensing authority will become final.

§ 901.214. Procedure for denial, suspension[,] or revocation [or refusal to renew club] of eligible organization licenses.

(a) *Commencement of action.* [An action to suspend or revoke a club license shall be commenced] A licensing authority may deny an eligible organization's application or suspend or revoke an eligible organization's license following a finding of grounds under § 901.192 (relating to denial of [application, revocation, suspension and refusal to renew club licenses], suspension and revocation of eligible organization licenses).

(b) [Investigations.

(1) The licensing authority, its designee, district attorney or other law enforcement officials shall investigate a complaint against a club.

(2) Complaints may be made by the licensing authority, the Department, district attorney, other law enforcement officials or by any person. If possible, complaints shall be in writing and shall identify the complainant. Evidence supplied by the complainant shall be attached to the written complaint.

(3) The licensing authority may request information on complaints received by the district attorney, other law enforcement officials or the Department involving a club.

(4) With respect to a club, the licensing authority may request information on an ongoing investigation conducted by the district attorney, other law enforcement officials or the Department.

(5) The district attorney, the Department or other law enforcement official will notify timely the licensing authority upon a finding that a violation of the act or this part has occurred and provide the licensing authority with a copy of the findings involving a club.

(6) The Department may request information on complaints prior to conducting an investigation. If a complaint is made to the district attorney, licensing authority or other law enforcement officials concerning misconduct by a manufacturer or distributor, the Department will not interfere with an investigation conducted as a result of these complaints.

(7) The district attorney, licensing authority or other law enforcement officials shall timely notify the Department upon a finding that a violation of the act or this part has occurred, and shall provide the Department with a copy of the findings involving a distributor or manufacturer.

(c) *Licensing authority determination.* The licensing authority shall review the report of each investigation and, based upon the findings, determine whether a club license will be suspended or revoked.

(d) *Notice to licensee:*

(1) Upon the determination of the licensing authority that a club license will be suspended or

revoked, the licensing authority shall notify the club in writing of its determination.

(2) Upon the determination of the licensing authority that a club license application will be denied or not be renewed, the licensing authority shall notify the club in writing of its determination.

(3) The notice will set forth:

(i) The action being taken by the licensing authority.

(ii) The reason for the action.

(iii) A notice to the licensee or applicant of the opportunity to appeal the determination and to have a hearing prior to final action by the licensing authority, except as provided in subsection (e).

(2) The notice must provide:

(i) The date of the notice.

(ii) The action taken by the licensing authority.

(iii) The reason for the action.

(iv) The licensee or applicant's appeal rights.

(3) The licensing authority will serve the notice by certified or first-class mail.

(c) *Suspension.*

(1) A suspension of an eligible organization's license is issued for violations of the act and this part that have not substantially harmed the public and can be timely remedied.

(2) A suspension period may not exceed 30 days, unless the eligible organization requests an extension, in writing, and the licensing authority approves the extension.

(3) The licensing authority will lift a suspension when the eligible organization has demonstrated compliance.

(4) If the licensing authority determines that the eligible organization is still in violation of the act or this part by the end of the suspension period, the licensing authority will revoke the eligible organization's license.

(5) There is no right to appeal a suspension.

[(e) *Licenses temporarily suspended pending a hearing.* The licensing authority may temporarily suspend a club license issued under this part pending a hearing upon suspension or revocation of the license or a renewal thereof, for a period not to exceed 30 days, when, in the opinion of the licensing authority:

(1) The licensee has obtained the license by fraud, trick, misrepresentation, concealment or through inadvertence or a mistake.

(2) The licensee has engaged in an act, practice or course of operation which would operate as a

fraud or deceit upon a person, or has employed a device, scheme or artifice to defraud a person.

(3) The licensee has failed to comply with the act or this part, after having been previously notified by the licensing authority, its authorized representatives or local law enforcement personnel that a violation of the same or similar provisions had been or were being committed by the licensee.

(4) Immediate cessation of licensed activities by the licensee is necessary for the protection or preservation of the welfare of the community within which these activities are being conducted.]

(d) *Effect of appeal.* Actions of the licensing authority to revoke an eligible organization's license will be stayed pending the decision of the licensing authority on the appeal. During the pendency of the appeal, the eligible organization's license shall be suspended.

§ 901.215. Appeals.

(a) *Generally.* [An appeal by an applicant or licensee] An applicant or licensee's appeal from a licensing authority determination[,] shall be addressed to the licensing authority at the office of the licensing authority unless the notice of determination specifically directs otherwise. The person filing the appeal on behalf of the applicant or licensee shall state his name, address and the party he represents.

(b) *Timely appeal required.* An appeal required or permitted to be filed under this part shall be received for filing at the office of the licensing authority within 30 days of receipt of notice by the [club] eligible organization. The date of receipt at the office of the licensing authority, and not the date of deposit in the mail, is the filing date for purposes of this section.

(c) *Form and content of appeal.* An appeal shall be in writing, signed by [a club] an eligible organization's officer or authorized representative, and shall contain:

* * * * *

(2) The name and address of the [club] eligible organization's officer or authorized representative, if any.

* * * * *

(a) The winner of a daily drawing need not be present at the time of the drawing to claim the prize.

(b) An eligible organization may not impose a penalty or limit the amount of a prize based upon a winning member's nonattendance at the time of the drawing.

(c) Only the daily drawing winner may claim the daily drawing prize.

(d) A daily drawing winner shall claim the prize in person and sign for receipt of the prize.

(e) A prize winner shall claim the prize within 30 days from the date of the drawing.

§ 901.785. Invalid State Lottery drawing.

A drawing of the State Lottery that is invalidated must also result in an invalid drawing in a licensed eligible organization's daily drawing which is tied to the State Lottery drawing.

§ 901.786. Unclaimed prize money.

A daily drawing prize that remains unclaimed more than 30 days after the drawing shall be retained by the eligible organization for public interest purposes.

WEEKLY DRAWINGS

§ 901.791. Weekly drawing procedures.

(a) A licensed eligible organization may sell chances for and hold only one weekly drawing during an operating week. Bona fide members may purchase chances in a weekly drawing only during the operating week in which the drawing will be held. The drawing must be held at the end of the operating week.

(b) Weekly drawing winners must be determined by random drawing. Weekly drawing winners may be determined with the aid of a passive selection device or with reference to drawings conducted by the Department under the State Lottery Law.

(c) A weekly drawing must take place on the eligible organization's licensed premises and be conducted in plain view.

(d) A licensed eligible organization may not sell chances for or conduct a weekly drawing during a period when daily drawing chances are being sold or a daily drawing is taking place.

(e) Immediately prior to each weekly drawing the eligible organization shall announce the prize amount for the drawing.

(f) The name of a weekly drawing prize winner or the fact that a winner was not selected must be prominently displayed on the licensed premises for at least 7 days after the drawing date. If a winner does not claim a prize within 7 days of the drawing, the eligible organization shall notify the winner of the prize and the requirements for claiming the prize.

§ 901.792. Weekly drawing chances.

(a) Only a bona fide member of an eligible organization may purchase chances in a weekly drawing.

(b) A licensed eligible organization shall sell chances in a weekly drawing only to a bona fide member.

(c) A chance or chances in a weekly drawing may not be sold to or purchased by one bona fide member for the benefit of another bona fide member.

(d) A licensed eligible organization may not sell chances in a weekly drawing for more than \$1 each.

(e) Chances in a weekly drawing may be sold and purchased only on the eligible organization's licensed premises.

§ 901.793. Posting rules.

(a) An eligible organization shall prominently display the rules for each weekly drawing in the area where the chances for the drawing are sold.

(b) At a minimum, the posted rules must include:

- (1) The cost of the chance.
- (2) The manner of selecting the winner.
- (3) The time during which chances may be purchased.
- (4) The time of the drawing.
- (5) The payout percentage.

(6) Whether the drawing is a carryover drawing and the amount of the carryover jackpot.

(7) The requirements and time limits for claiming prizes as provided for in § 901.794 (relating to claiming prizes).

§ 901.794. Claiming prizes.

(a) The winner of a weekly drawing need not be present at the time of the drawing to claim the prize.

(b) An eligible organization may not impose a penalty or limit the amount of a prize based upon a winning member's nonattendance at the time of the drawing.

(c) Only the weekly drawing winner may claim the weekly drawing prize.

(d) A weekly drawing winner shall claim the prize in person and sign for receipt of the prize.

(e) A prize must be claimed within 30 days from the date of the drawing.

§ 901.795. Invalid State Lottery drawing.

A drawing of the State Lottery that is invalidated must also result in an invalid drawing in a licensed eligible organization's weekly drawing which is tied to the State Lottery drawing.

§ 901.796. Unclaimed prize money.

A licensed eligible organization shall retain for public interest purposes a weekly drawing prize that remains unclaimed more than 30 days after the drawing.

Subchapter H. SPECIAL RAFFLE PERMITS

SPECIAL RAFFLE PERMITS [AND SPECIAL PERMIT RAFFLES]

§ 901.801. [Price] Prize limit.

The total value of **all special raffle permit prizes during a calendar year** may be no more than **[\$25,000 for each raffle] \$100,000**.

§ 901.802. Raffle number limit.

Only one raffle may be conducted under each special raffle permit. **[The club may hold only one raffle per month including a special permit raffle.]**

§ 901.803. Special [permits] raffle permit limit.

A **[club] licensed eligible organization** is **[not]** eligible to receive **[more than]** two special raffle permits in a calendar year, **except volunteer fire, ambulance and rescue organizations are eligible to receive three special raffle permits in a calendar year.**

§ 901.804. Issuance of permits.

Special raffle permits shall be obtained from the licensing authority at least 30 days before the date on which ticket sales are to begin.

§ 901.805. Rule applicability.

The rules contained in this part apply to special raffle permits. To the extent they are inconsistent with §§ 901.801—901.804, this section and §§ 901.806—901.811, these provisions supersede those elsewhere in this part.

§ 901.806. Required permit.

A special raffle permit is required for each raffle in which a **[club] licensed eligible organization** proposes to award **[a] an individual prize [or prizes]** having a cash value in excess of \$500 **[each] or total prizes having a cash value in excess of \$5,000**.

§ 901.807. Fees.

STATE BOARD OF DENTISTRY

[49 PA. CODE CH. 33]

Biennial Renewal Fees—Dentist, Restricted Anesthesia Permit II

The State Board of Dentistry (Board) proposes to amend §§ 33.3 and 33.339 (relating to fees; and fees for issuance of permits) to read as set forth in Annex A. The proposed rulemaking would increase the biennial license renewal fee for dentists from \$100 to \$250 and would increase the biennial renewal fee for a restricted anesthesia permit II from \$25 to \$50. A restricted anesthesia permit II authorizes the permit holder to administer nitrous oxide/oxygen analgesia.

Effective Date

The proposed rulemaking will be effective upon final publication in the *Pennsylvania Bulletin*. The new fees will take effect for the biennial period beginning March 31, 2005.

Statutory Authority

Section 4(b) of The Dental Law (act) (63 P. S. § 123(b)) requires the Board to increase fees by regulation to meet or exceed projected expenditures if the revenues raised by fees, fines and civil penalties are not sufficient to meet Board expenditures. Section 11.2(6) of the act (63 P. S. § 130c(a)(6)) specifically authorizes the Board to assess biennial renewal fees for anesthesia permits.

Background and Need for the Proposed Rulemaking

The Board's current biennial license renewal fee for dentists was established by regulation on July 1, 1995. See 25 Pa.B. 2598 (July 1, 1995). The Board's current fee schedule for renewal of anesthesia permits was established by regulation on July 9, 1988. See 18 Pa.B. 3045 (July 9, 1988). Under section 4(b) of the act, the Board is required by law to support its operations from the revenue it generates from fees, fines and civil penalties. In addition, the act provides that the Board must increase fees if the revenue raised by fees, fines and civil penalties is not sufficient to meet expenditures over a 2-year period. The Board raises virtually all of its revenue through biennial renewal fees.

At Board meetings in November 2003 and July 2004, the Department of State's Offices of Revenue and Budget (Offices) presented a summary of the Board's revenue and expenses for fiscal years 2001-2002 and 2003-2004, and projected revenue and expenses through 2007-2008. The Offices projected a deficit of \$838,225.49 in fiscal year 2004-2005, a deficit of \$1,900,225.49 in fiscal year 2005-2006, a deficit of \$1,743,225.49 in fiscal year 2006-2007 and a deficit of \$2,876,225.49 in fiscal year 2007-2008. The Offices recommended that the Board raise fees to meet or exceed projected expenditures, in compliance with section 4(b) of the act.

The Board's review of its actual and projected expenses over the past 5 years revealed significant shortfalls in the areas of hearing expenses, Board administration and legislative and regulatory analysis. For example, despite annual budget increases, the hearing expenses were \$6,225 over budget in 1999-2000, \$3,188 over budget in 2000-2001, \$19,954 over budget in 2001-2002 and \$11,283 over budget in 2002-2003. The amount budgeted for hearing expenses has risen from \$3,000 in FY 1999-2000 to \$26,000 in FY 2003-2004. Nevertheless, the hearing expenses are expected to be \$43,310 over budget in 2003-2004. Similarly, the budgeted amounts for law enforcement have risen from \$233,000 in FY 1999-2000 to \$345,000 in 2003-2004. The Board has also experienced significant increases in actual expenses over estimated expenses in other areas of the legal office and the Professional Health Monitoring Program. Overall increased expenditures in these program areas have resulted from greater enforcement activity and increases in the number of disciplinary actions and in the numbers of licensees participating in the Bureau-wide program for impaired professionals. At the same time, the Board's licensee population has declined by about 400 licensees over the past 5 years, decreasing the Board's biennial revenue. The Budget Office anticipates that the proposed new biennial renewal fees will enable the Board to recapture the current deficit and meet its estimated expenditures for at least 7 or 8 years.

In determining the fee, the Board also considered the renewal fees charged to dentists in surrounding states. The Board found that the proposed increase to \$250 would be consistent with the renewal fees charged in the surrounding states.

The Board also proposes to remove the anesthesia permit biennial renewal fee from § 33.3 and move it to § 33.339. The Board finds that § 33.339 is the more appropriate place for these fees because it lies within Subchapter E (relating to administration of general anesthesia, conscious sedation, and nitrous oxide/oxygen analgesia), which relates solely to anesthesia permits and standards for the administration of anesthesia in dental offices. In a proposed rulemaking earlier this year, the Board filed notice that it intends to amend § 33.339 to reflect new fees for anesthesia permits. See 34 Pa.B. 1949 (April 10, 2004). Finally, the Board will add a cross reference in § 33.3 to § 33.339.

Description of Proposed Rulemaking

Based upon the expense and revenue estimates provided to the Board, the Board proposes to amend § 33.3 to increase the fee for biennial renewal of licenses for dentists from \$100 to \$250. The Board declined to assess an across-the-board increase on all its renewal fees based on its assessment that additional expenditures can be more equitably borne by dentists rather than by their employees, who must work under the supervision of a dentist. The Board also proposes to remove the renewal fees for anesthesia permits from § 33.3 and move them to § 33.339 and to increase the biennial renewal fee for a restricted anesthesia permit II from \$25 to \$50. The biennial renewal fees for an unrestricted anesthesia permit and a restricted anesthesia permit I were already amended in the Board's proposed rulemaking published at 34 Pa.B. 1949.

Fiscal Impact

The proposed rulemaking will increase the biennial renewal fee for dentists and will increase the biennial renewal fee for a restricted anesthesia permit II. The proposed rulemaking should have no other fiscal impact on the private sector, the general public or political subdivisions.

Paperwork Requirements

The proposed rulemaking will require the Board to alter some of its forms to reflect the new biennial renewal fees; however, the proposed rulemaking should not create additional paperwork for the private sector.

Sunset Date

The act requires that the Board monitor its revenue and cost on a fiscal year and biennial basis. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 29, 2004, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the

General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Lisa Burns, Administrator, State Board of Dentistry, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the Pennsylvania Bulletin.

STATE BOARD OF PHARMACY

[49 PA. CODE CH. 27]

Drug Therapy and Injectable Medications, Biologicals and Immunizations

The State Board of Pharmacy (Board) proposes to amend §§ 27.1, 27.32 and 27.91 (relating to definitions; continuing education; and schedule of fees) and to add §§ 27.301 and 27.401—27.406 to read as set forth in Annex A.

Effective Date

This proposed rulemaking will be effective upon publication as final-form rulemaking in the Pennsylvania Bulletin.

Statutory Authority

The amendments are authorized under sections 4(j), 6(k)(1) and (9), 8.2(a), 9.1(d)(3) and (e) and 9.2(a) of the Pharmacy Act (act) (63 P. S. §§ 390-4(j), 390-6(k)(1) and (9), 390-8.2(a), 390-9.1(d)(3) and (e) and 390-9.2(a)).

Background and Purpose

In August 2002, the act was amended to add sections 9.1 and 9.2, as well as to modify and add several definitions to the act. The additional sections authorize pharmacists to manage drug therapy by means of a written protocol as well as administer injectable medications, biologicals and immunizations. This proposed rulemaking is required to implement the new provisions of the act.

Description of Proposed Rulemaking

The Board proposes to amend § 27.1 by adding the definition of "Bureau" to define the term as it is used in the regulations. The Board also proposes to amend § 27.1 by changing the definitions of "institution" and "practice of pharmacy" to correspond with the definitions in the act.

The Board proposes to amend § 27.32 to remove obsolete portions of the regulation and add the continuing education requirements necessary to renew the authority to administer injectable medications, biologicals and immunizations.

The Board proposes to amend § 27.91 to add the fees necessary for pharmacists to apply for and renewal the approval to administer injectable medications, biologicals and immunizations.

Proposed § 27.301 (relating to written protocol) sets out the requirements for the drug therapy management written protocol. Proposed § 27.301 incorporates the requirements under section 9.1 of the act and adds a section that requires the protocol to identify the types of drug therapy management decisions that the pharmacist is authorized to make, the ailments or diseases involved in the physician's scope of practice and types of drug therapy management authorized. The act also requires the Board to

promulgate regulations with regard to self-insurance for pharmacists engaging in drug therapy management by means of a written protocol. The Board has deferred proposing regulations for self-insurance until the details of the regulations can be worked out with the Insurance Commissioner.

Proposed § 27.401 (relating to qualifications for authority) lists the qualifications that a pharmacist must have to be granted the authority to administer injectable medications, biologicals and immunizations. A pharmacist must hold an active license to practice pharmacy in this Commonwealth; complete a course of education and training related to the administration of injectable medications, biologicals and immunizations offered by an approved provider; and hold a current basic cardiopulmonary resuscitation (CPR) certificate from an approved provider.

Proposed § 27.402 (relating to application and renewal procedures) outlines the application and renewal process for the authority to administer injectable medications, biologicals and immunizations. An applicant for the initial authority shall certify that the applicant has completed the educational requirement and that the applicant holds an acceptable CPR certificate. A pharmacist may renew the authority along with the biennial pharmacist license renewal. To renew the authority, the pharmacist must certify that a minimum of 2 continuing education hours in the administration of injectable medications, biologicals and immunizations were completed. Lastly, the pharmacist must submit proof of a current CPR certificate.

Proposed § 27.403 (relating to conditions for administration) details the conditions for administration of injectable medications, biologicals and immunizations. Pharmacists may only administer injectable medications, biologicals and immunizations to persons who are more than 18 years of age. The proposed rulemaking defines what "more than 18 years of age" means. The proposed rulemaking also mandates that the administration of injectable medications, biologicals and immunizations shall not be delegated to another person.

Proposed § 27.404 (relating to authority and requirements) sets forth the scope of authority and requirements for administering injectable medications, biologicals and immunizations. A pharmacist with the authority to administer injectable medications, biologicals and immunizations may do so only under an order or written protocol. This section details the requirements for the order and written protocol.

Proposed § 27.405 (relating to recordkeeping) sets forth the recordkeeping requirements for pharmacists who administer injectable medications, biologicals or immunizations. All of the records shall be kept for a minimum of 2 years. Additionally, the proposed rulemaking lists the additional information that shall be maintained when an immunization is administered.

Proposed § 27.406 (relating to notification requirements) details the notification requirements when a pharmacist administers an injection. The notification requirements are different depending on whether the administration is done under an order or a written protocol. The notification requirement when the administration is done under an order places a shorter timeframe within which the pharmacist shall notify the prescriber. When the administration is done under a written protocol the pharmacist has a longer period of time to notify the prescriber.

The Board reviewed and considered all comments and suggestions received from interested parties during the regulatory development process.

Fiscal Impact and Paperwork Requirements

The proposed rulemaking would have a fiscal impact on the Board in that there would be revenue to the Board through the licensure and renewal fees for the authority to administer injectable medications, biologicals and immunizations. The proposed rulemaking would require the Board to develop an application for the authority to administer injectable medications, biologicals and immunizations. The Board would also have to revise the pharmacist license renewal form to allow for the renewal of the authority to administer injectable medications, biologicals and immunizations.

Sunset Date

The Board reviews the effectiveness of its regulations on an ongoing basis. Therefore, no sunset date has been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 29, 2004, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding this proposed rulemaking to Carole Clarke, Counsel, State Board of Pharmacy, P. O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

- (3) A statement requiring that drug therapy regimens be initiated by a licensed physician for patients referred to a pharmacist for drug therapy.

(4) A statement identifying the types of drug therapy management decisions that the pharmacist is authorized to make, including a statement of the ailments or diseases involved within the physician's scope of practice, and types of drug therapy management authorized.

(5) A statement of the functions and tasks the pharmacist shall follow in the course of exercising drug therapy management authority, including the method for documenting decisions made and a plan for communication or feedback to the authorizing physician concerning specific decisions made. Documentation of each intervention must occur within 72 hours in the patient medical record and must also be recorded in the pharmacist's records.

(6) A statement that establishes an appropriate time frame, not to exceed 72 hours, within which the licensed pharmacist must notify the licensed physician of any changes in dose, duration or frequency of medication prescribed.

(7) A provision for execution of the agreement when any licensed physician or licensed pharmacist may be temporarily absent from a practice setting or temporarily unavailable to participate in its execution.

(8) A provision for notification of the role of the pharmacist by a licensed physician to each referred patient whose drug therapy management may be affected by the agreement and providing an opportunity for the patient to refuse drug therapy management by a pharmacist.

(9) The signatures of the licensed physicians and licensed pharmacists who are entering into the written protocol, and the dates signed.

(10) A statement allowing for the termination of the agreement at the request of any party to it at any time.

(b) The written protocol must be available as follows:

(1) At the practice site of any licensed physician who is a party to the agreement.

(2) At the practice site of any licensed pharmacist who is a party to the agreement.

(3) At the institution where a written agreement or protocol is in place.

(4) To any patient whose drug therapy management is affected by the agreement.

(5) Upon request, to representatives of the Bureau and the Department of Health.

(c) The written protocol must be filed with Bureau.

(d) The written protocol must be effective for a period not to exceed 2 years from the date of execution. At the end of the 2-year period, or sooner, the parties shall review the agreement and make a determination as to its renewal, necessary modifications or termination.

ADMINISTRATION OF INJECTABLE MEDICATIONS,

BIOLOGICALS AND IMMUNIZATIONS

§ 27.401. Qualifications for authority.

A candidate for authority to administer injectable medications, biologicals and immunizations shall meet the following requirements:

(1) The pharmacist holds an active license to practice pharmacy in this Commonwealth.

(2) The pharmacist has completed a course of education and training which includes the current guidelines and recommendations related to the administration of injectable medications, biologicals and immunizations of the Centers for Disease Control and Prevention or a similar health authority or professional body approved by the Board offered by providers accredited by the ACPE or a similar health authority or professional body approved by the Board.

(3) The pharmacist holds a current basic cardiopulmonary resuscitation (CPR) certificate issued by the American Heart Association, American Red Cross or a similar health authority or professional body approved by the Board.

§ 27.402. Application and renewal procedures.

(a) An applicant for authority to administer injectable medications, biologicals and immunizations shall submit the following to the Board:

(1) An application obtained from the Board along with the fee required by § 27.91 (relating to schedule of fees).

(2) Certification that the pharmacist has completed the required education and training.

(3) Certification that the pharmacist holds an acceptable, current CPR certificate.

(b) A holder of the authority to administer injectable medications, biologicals and immunizations shall renew the authority every 2 years along with the license to practice pharmacy. Renewal requires completion of a form provided to the pharmacist by the Board in advance of the renewal period, payment of the fee specified by § 27.91, certification of completion of 2 hours of continuing education required by section 9.2 of the act (63 P. S. § 390-9.2) and § 27.32 (relating to continuing education), and proof of a current CPR certificate.

§ 27.403. Conditions for administration.

(a) A pharmacist who is granted authority may administer injectable medications, biologicals and immunizations to persons who are more than 18 years of age. A person is more than 18 years of age on the day following the person's 18th birthday.

(b) A pharmacist may not delegate the administration of injectable medications, biologicals and immunizations to another person.

§ 27.404. Authority and requirements.

(a) A pharmacist authorized by the Board to administer injectable medications, biologicals and immunizations may only do so under either an order or written protocol.

(b) The order from a licensed prescriber must be written, received electronically or if received orally be reduced to writing, and contain at a minimum the following:

(1) The identity of the licensed prescriber issuing the order.

(2) The identity of the patient to receive the injection.

(3) The identity of the medication, immunization or vaccine, and dose, to be administered.

(4) The date of the original order and the date or schedule, if any, of each subsequent administration.

(c) An authorized pharmacist may enter into a written protocol, either approved by a physician or authorized by the medical staff of an institution, governing the administration of injectable medications, biologicals and immunizations for a specific period of time or purpose. The written protocol may be valid for a time period not to exceed 2 years. The protocol must include the following:

(1) The identity of the participating pharmacist and physician or institution.

(2) The identification of the medication, biological or immunization, which may be administered.

(3) The identity of the patient or groups of patients to receive the authorized injectable medication, biological or immunization.

(4) The identity of the authorized routes and sites of administration allowed.

(5) A provision establishing a course of action the pharmacist shall follow to address emergency situations including adverse reactions, anaphylactic reactions and accidental needle sticks.

(6) A provision establishing a length of time the pharmacist shall observe an individual for adverse events following an injection.

(7) The identity of the location at which the pharmacist may administer the authorized medication, biological or immunization.

(8) Recordkeeping requirements and procedures for notification of administration.

(9) A provision that allows for termination of the protocol at the request of any party to it at any time.

§ 27.405. Recordkeeping.

(a) A pharmacist who administers an injectable medication, biological or immunization shall maintain the following records regarding each administration for a minimum of 2 years:

(1) The name, address and date of birth of the patient.

(2) The date of the administration and site of the injection.

(3) The name, dose, manufacturer, lot number and expiration date of the medication, biological or immunization.

(4) The name and address of the patient's primary health care provider, as identified by the patient.

(5) The name or identifiable initials of the administering pharmacist.

(6) Documentation of provision of informed consent for administration of injectable medications, biologicals and immunizations.

(7) The nature of an adverse reaction and who was notified.

(b) A pharmacist who administers an immunization shall also maintain the following records regarding each administration for a minimum of 2 years:

(1) An identification of the Vaccine Information Statement (VIS) that was provided.

(2) The date of publication of the VIS.

(3) The date and to whom the VIS was provided.

(c) In an institution, the information required to be maintained in subsections (a) and (b) may be maintained in the patients' medical records.

§ 27.406. Notification requirements.

A pharmacist administering injectable medications, biologicals or immunizations shall meet the following notification requirements:

(1) When administration has occurred under an order, the pharmacist shall notify the ordering prescriber within 72 hours of the following:

(i) The identity of the patient.

(ii) Identity of the medication.

(iii) Biological or immunization administered.

(iv) The route of administration.

(v) The site of the administration.

(vi) The dose administered.

(vii) The date of administration.

(viii) The nature of any adverse events or reactions experienced by the patient.

(2) When the administration has occurred under a written protocol, the pharmacist shall notify the participating physician within 14 days of the following:

(i) The identity of the patient.

(ii) The identity of the medication.

(iii) The biological or immunization administered.

(iv) The site of the administration.

(v) The dose administered.

(vi) The date of administration.

(vii) The nature of any adverse events or reactions experienced by the patient.

NOTICES

DEPARTMENT OF AGRICULTURE

Notice of Right-to-Know Procedures—Public Access to Information

TITLE: Notice of Right-to-Know Procedures—Public Access to Information

EFFECTIVE DATE: September 27, 2004. This notice supplants a December 26, 2002 notice on the same subject.

AUTHORITY: This notice is issued pursuant to the Right-to-Know Law, 65 P. S. §§ 66.1—66.9 and Pennsylvania Office of Administration Management Directive 205.36.

GENERAL REQUIREMENT: Persons requesting access to records kept by the Pennsylvania Department of Agriculture (PDA) pursuant to the Right-to-Know Law (RTKL) should follow the directions provided in this notice. PDA will follow the procedures described in this notice in responding to such requests.

PURPOSE: This notice modifies PDA's existing records management procedures to: (1) fulfill its obligations under Pennsylvania Right-to-Know Law (RTKL), as amended by Act 100 of 2002; and (2) comply with the requirement of Management Directive 205.36 that an agency such as PDA give appropriate notice of its RTKL policy.

APPLICABILITY: The provisions of this notice apply to all requests under the RTKL regarding any PDA records. These provisions apply to all recorded information, regardless of whether the information exists in written or electronic format.

DISCLAIMER: The provisions of this notice are intended to supplement existing requirements. Nothing in these provisions shall affect regulatory requirements. These provisions are not an adjudication or regulation. There is no intent on the part of PDA to give these provisions that weight or deference. This document establishes the framework within which PDA will exercise its administrative discretion in the future. PDA reserves the discretion to deviate from the provisions of this notice if circumstances warrant.

REQUESTING ACCESS TO RECORDS

PDA maintains thousands of records in its Harrisburg headquarters and 7 Regional Offices spread throughout the Commonwealth. It also retains records at several remote records storage facilities. It will help persons seeking access to records held by PDA to have an understanding of the difference between a "record" and a "public record." Definitions of these terms are as follows:

Public record. Any document that satisfies the general definition of "public record" set forth in the RTKL, that does not fall within any of the exceptions set forth therein. The general definition consists of two parts: (i) any account, voucher or contract dealing with the receipt or disbursement of funds by an agency or its acquisition, use or disposal of services or of supplies, materials, equipment or other property, and (ii) any minute, order or decision by an agency fixing the personal or property rights, privileges, immunities, duties or obligations of any person or group of persons. The statutory exemptions are

as follows: The term "public records" shall not mean any report, communication or other paper, the publication of which would disclose the institution, progress or result of an investigation undertaken by an agency in the performance of its official duties, except those reports filed by agencies pertaining to safety and health in industrial plants; it shall not include any record, document, material, exhibit, pleading, report, memorandum or other paper, access to or the publication of which is prohibited, restricted or forbidden by statute law or order or decree of court, or which would operate to the prejudice or impairment of a person's reputation or personal security, or which would result in the loss by the Commonwealth or any of its political subdivisions or commissions or State or municipal authorities of Federal funds, excepting therefrom however the record of any conviction for any criminal act.

Record. Any document maintained by an agency, in any form, whether public or not.

To help locate the appropriate records, the Department suggests the following:

1. Informal Requests for Access to Records.

The majority of requests for access to public records kept by PDA can be handled on an informal basis.

If a person seeks a copy of a statute, regulation, policy, or general information, a good starting point is the PDA website (www.agriculture.state.pa.us).

PDA regularly provides more types of records for public inspection than are required by the RTKL, and does not require that informal requests to view and copy records be submitted according to a particular procedure. If a person seeks access to a public record, a telephone request to the appropriate RTKL Liaison will—in most instances—result in the requested public record being photocopied and mailed or made available to the requester. PDA has at least two designated RTKL Liaisons at each of its regional offices, and within each bureau at its headquarters building, in Harrisburg. The names, addresses and telephone numbers of the RTKL Liaisons are listed below, in Appendices "A" and "B."

In many cases, a visit to PDA's website or a brief telephone call to the appropriate RTKL Liaison can help focus the records request and save time. Although PDA is not legally obligated to provide information through telephone calls or the PDA website, the agency appreciates that many RTKL requests can be resolved quickly and efficiently through this type of communication, and will try to be responsive to informal RTKL requests reaching PDA through these channels.

2. Formal Written Requests for Access to Records.

In order for a person seeking access to records to have the ability to enjoy the legal rights and remedies provided for in the RTKL, a request for access to records must be in writing, and must be received by the "Right-to-Know Law Coordinator." A request may not be oral, or offered anonymously. A request must, at a minimum, include: (1) the name of the requester; (2) a statement of whether the requester is a resident of the Commonwealth of Pennsylvania; (3) the address to which PDA should send its response; and (4) a clear identification or description of the records sought, with sufficient specificity to enable PDA to ascertain which records are being requested. PDA encourages (but does not require) the use of the Request

Form that appears below, in Appendix "C." Written requests for access to records may be delivered to the Right-to-Know Law Coordinator by mail, personal delivery or facsimile transmission (fax), but may not be delivered by e-mail.

If the written request is delivered by mail or personal delivery, it should be delivered to the following person:

Fred Wertz, Right-to-Know Law Coordinator
 Pennsylvania Department of Agriculture
 Bureau of Administrative Services
 2301 North Cameron Street
 Harrisburg, PA 17110-9408

If the written request is delivered by fax, it must be sent to the following:

Fred Wertz, Right-to-Know Law Coordinator
 (717) 772-2780

The business hours of PDA are from 8:00 a.m. to 4:00 p.m., from Monday through Friday, except those days when the offices of PDA are closed for all or part of a day due to a state holiday; pursuant to executive order; due to severe weather (such as a blizzard or ice storm); due to natural or other disaster; or due to the request or direction of local, state or federal law enforcement agencies or officials.

3. Schedule of Fees.

PDA is not required to provide a person with copies of requested records—only access to those records that are "public records" under the RTKL.

As referenced below, PDA will provide photocopies of public records without charge for copying or postage if the records comprise ten or fewer pages and can fit in a standard business envelope.

If PDA's fees for copying the records requested are more than \$100, the fees must be paid before PDA will make any copies. The most efficient method by which to make payment is by certified check or money order. Either of these payment methods will result in the prompt copying of the requested material. If payment is by standard check, though, PDA will wait until the check clears before making the requested copies. PDA will not accept cash payments.

a. Photocopies. One "photocopy" is either a single-sided copy or one side of a double-sided copy. For originals that are 11" x 17" or smaller, PDA does not charge for the first 10 photocopies and charges \$0.15 for each photocopy in excess of the first 10. For maps and other oversize documents, the charge is \$2.50 per photocopy or the actual cost to the PDA if the photocopying is not done by PDA.

b. Other materials. PDA charges the following for copying each of the following records: PC diskette—\$5.00; CD—\$7.00; microfilm or microfiche—\$3.00 for the first copy and \$1.50 for each additional copy; paper printouts from microfiche—\$0.50; aperture card—\$0.75.

c. Staff time & postage. PDA does not charge for first class postage if the copies fit in a standard business envelope. Otherwise, PDA charges for the cost of postage. There is no charge for staff time for locating records or preparing the records for review. PDA charges \$15.00 per hour for staff time for redacting records, for leaving a PDA office to accomplish off-premises copying, for traveling in order to retrieve records and for other tasks.

d. Certified copies. PDA charges \$8.00 per sealed impression for official certification of copies.

e. Copying not done at PDA offices. Requesters are prohibited from removing any records from any PDA office. The charges for copying that cannot be done at a PDA office, such as copying of videocassette tapes, is the actual charge to PDA for the copying, plus the \$15.00 per hour charge for PDA staff time.

f. Charges for retrieving off-site records. If a requester seeks access to records that have been sent to off-site locations, the charge is the cost of transporting those records to and from the PDA office, including the \$15.00 per hour charge for PDA staff time. PDA will provide the requester an estimate of these charges before retrieving the records.

g. Charges for special copying. The above list is not exhaustive. PDA retains the discretion to impose reasonable charges for copying or record retrieval not described above.

4. Exceptions: Challenging a Full or Partial Denial (or Deemed Denial) of Access to Public Records.

PDA may deny access to a public record in several ways. In summary, denial may be in the form of a letter denying—in whole or in part—a written request for access, or may be a "deemed denial" if PDA does not respond to a written request for access within the time frames prescribed by the RTKL. In either event, the requester has the right to file "exceptions" challenging PDA's denial.

It will help persons seeking to challenge a denial of access to records held by PDA to have an understanding of the following terms:

Business day. Any Monday, Tuesday, Wednesday, Thursday or Friday, except those days when the offices of PDA are closed for all or part of a day due to a state holiday; pursuant to executive order; due to severe weather (such as a blizzard or ice storm); due to natural or other disaster; or due to the request or direction of local, state or federal law enforcement agencies or officials.

Exceptions. A written administrative appeal filed with an agency by a requester challenging the agency's denial or deemed denial of the requester's RTKL request.

Exceptionor. A person who files exceptions to a full or partial denial of a request for access to records by PDA.

RTKL Exceptions Official. Any official or employee designated by the agency head to consider exceptions, conduct hearings, as appropriate, and issue final determinations resolving those exceptions.

RTKL Exceptions Unit. The office designated by the agency head to receive and docket exceptions filed by requesters

a. Time within which Exceptions must be filed. A person who seeks to file exceptions to PDA's full or partial denial of a request for access to records must do so within 15 business days of the mailing date of PDA's written denial, or within 15 days of the date the request is deemed denied.

b. Format and content of Exceptions. Exceptions must be in writing, and must state the basis for the requester's position that the record with respect to which access has been denied is a public record. Exceptions should address the reasons stated by PDA for denying the request, unless the request was deemed denied. Exceptions may (but need not) contain a request for a hearing before the RTKL Exceptions Official.

c. Submitting Exceptions to the RTKL Exceptions Office. Written exceptions may be submitted to the RTKL Exceptions Office by: (1) regular U.S. mail (in which case the mailing date shall be the date of the postmark on the envelope or, if the postmark is illegible, the date immediately preceding the date upon which the RTKL Exceptions Office receives the exceptions, and the mailing date shall be considered the filing date); or (2) by personal delivery, facsimile transmission, parcel delivery service courier service or similar means of delivery (in which case the filing date shall be the date the exceptions are received at the RTKL Exceptions Office). Exceptions may not be submitted by e-mail. Exceptions should be delivered to the following person:

Marilyn Heck, Right-to-Know Law Exceptions Official
 Pennsylvania Department of Agriculture
 Bureau of Administrative Services
 2301 North Cameron Street
 Harrisburg, PA 17110-9408

If the written request is delivered by fax, it must be sent to the following:

Marilyn Heck, Right-to-Know Law Exceptions Official
 (717) 772-2780

d. Procedure for Resolving Exceptions. Unless otherwise agreed to by PDA, the Exceptor and the RTKL Exceptions Official, the following procedures shall apply:

- Within 7 business days after the filing of the exceptions, PDA may submit to the RTKL Exceptions Official a written response to the exceptions.
- If the RTKL Exceptions Official decides to conduct an administrative hearing, the Exceptor will be notified of the date, time, and place. The RTKL Exceptions Official may condition having an administrative hearing on the Exceptor's agreement to a final determination more than 30 days after the exceptions were mailed.
- The RTKL Exceptions Official may: (1) require that each party, in advance of the administrative hearing, provide a list of witnesses and exhibits to the opposing party and the RTKL Exceptions Official; and (2)

at the subsequent administrative hearing, limit the witnesses and exhibits to only those identified on the list.

- Unless otherwise determined by the RTKL Exceptions Official, the administrative hearing will be conducted during a single business day. The RTKL Exceptions Official may limit the time within which each party must present its witnesses and exhibits. The Exceptor will present evidence first.
- Testimony of witnesses at an administrative hearing will be under oath and recorded by a court reporter.
- If an administrative hearing is held, the strict rules of evidence will not be applied. The RTKL Exceptions Official may admit into evidence testimony and exhibits that are reasonably probative and relevant. Any brief or legal argument must be presented at or before the hearing.
- The General Rules of Administrative Practice and Procedure will not apply. The RTKL Exceptions Official shall rule on procedural matters regarding the exceptions on the basis of justice, fairness, and expeditious resolution.
- The RTKL Exceptions Official may designate another person to conduct hearings or otherwise assist the Exceptions Official.

e. Review of Exceptions. The RTKL Exceptions Official may—but need not—convene a hearing on the exceptions. The decision as to whether to convene a hearing is not appealable. The RTKL Exceptions Official must issue a written “final determination” by mailing it to the requester within 30 days of the mailing date of the exceptions (or the filing date, if the exceptions are delivered to the RTKL Exceptions Official by means other than by regular U. S. mail), unless this time period is waived by the Exceptor. If the final determination denies the request for access to records, it will contain a written explanation of the reasons for denial. A final determination may be appealed to the Commonwealth Court, in accordance with the Right-to-Know Law.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.

PA0243949, Sewage, SIC 3272—3274, **Landis Block and Concrete Company, Inc.**, County Line Road and Chestnut Street, Telford, PA 18969. This facility is in Hilltown Township, **Bucks County**.

Description of Proposed Activity: The facility manufactures concrete products and conducts mixing operations for ready-mix cement products. There are three outfalls associated with this facility. Outfalls S01 and S02 discharge stormwater runoff from the manufacturing operations areas to an unnamed tributary to Mill Creek and Outfall S03 discharges stormwater from the office and front parking lot area to the municipal separate storm sewer, which ultimately discharges to Skippack Creek.

The receiving stream, Mill Creek, is in the State Water Plan watershed 3E (Perkiomen) and classified for TSE, aquatic life, water supply and recreation. The nearest downstream public water supply intake for the Philadelphia Suburban Water Company is on the Perkiomen Creek, approximately 25 miles below the point of discharge.

The proposed effluent limits for Outfalls S01 and S02 are based on average event stormwater runoff:

<i>Parameters</i>	<i>Average Annual (mg/l)</i>	<i>Average Semi-Annual (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Suspended Solids	50	100	100	
Oil and Grease	Monitor and Report			
pH	between 6.0 and 9.0 at all times			

In addition to the effluent limits, the permit contains the following major special conditions: discharge is to a dry swale and shall not create a health hazard or nuisance; Maintain Best Management Practices; and monitor stormwater discharge once per 6 months.

PA0050075, Sewage, SIC 4952, **Little Washington Wastewater Company**, 762 West Lancaster Avenue, Bryn Mawr, PA 19010. This proposed facility is in Willistown Township, **Chester County**.

Description of Proposed Activity: Renewal of an NPDES permit to discharge treated sewage from the Willistown Woods STP.

The receiving stream, unnamed tributary to Hunters Run, is in the State Water Plan watershed 3G and classified for HQ-TSE, aquatic life, water supply and recreation. The nearest downstream public water supply intake for the Media Borough Water Filtration Plant is on Ridley Creek, 9.6 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.175 mgd.

Dissolved Oxygen	minimum of 6.0 mg/l at all times		
pH	within limits of 6.0—9.0 standard units at all times		

In addition to the effluent limits, the permit contains the following major special conditions: operator notification; remedial measures if unsatisfactory effluent; no stormwater; acquire necessary property rights; change of ownership; chlorine minimization; proper sludge disposal; watershed/TMDL reopener; I-Max limits; and laboratory certification.

PA0043818, Industrial Waste, **G. R. O. W. S. Landfill, A Division of Waste Management Disposal Services of Pennsylvania, Inc.**, 1121 Bordentown Road, Morrisville, PA 19067. This application is for renewal of an NPDES permit to discharge treated landfill leachate wastewater and stormwater from the G. R. O. W. S. Landfill IWWTP in Falls Township, **Bucks County**. This is an existing discharge to Delaware River (Zone 2).

The receiving stream is classified for WWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.1 mgd are as follows:

Other Requirements: effective disinfection; remedial measure; right to modify the permit; BOD₅ % removal; specified test methods; ownership test methods; effluent chlorine minimization; proper sludge disposal; definition—annual average; TMDL—WLA data requirements; toxicity-chronic monitoring; inst. maximum sampling requirement; twice per month sampling requirements; stormwater outfalls requirements; TRC/TTHM monitoring requirements; definitions—total halomethanes; grab sampling requirements; monitoring of untreated leachate quality and quantity; control of stormwater runoff; management of leachate discharge rate; removal of 100% pollutant loading from nonhazardous waste stream outside DRBC area; DRBC pollutant loading and recordkeeping requirements; permit reopener clause; and PCBs minimization plan.

PA0057819, Sewage, SIC 4952, **New Hanover Township Authority**, 2943 North Charlotte Street, Gilbertsville, PA 19525-9718. This proposed facility is in New Hanover Township, **Montgomery County**.

Description of Proposed Activity: Discharge of treated sewage from New Hanover Township Authority's sewage treatment plant.

The receiving stream, Swamp Creek, is in the State Water Plan, Watershed 3E Perkiomen Creek Basin and classified for TSF. The nearest downstream public water supply intake for the Philadelphia Suburban Water Company is on the Perkiomen Creek at RMI 0.98, 16.67 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.825 million gallons per day.

In addition to the effluent limits, the permit contains the following major special conditions: remedial measures; no stormwater; sewage sludge disposal; TMDL/WLA analysis; laboratory certification; and operations and maintenance plan.

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

PA0064351, Industrial, **Keystone Potato Products, LLC**, P. O. Box 27, Hegins, PA 17938-0027. This proposed facility is in Frailey Township, **Schuylkill County**.

Description of Proposed Activity: Application for NPDES permit to discharge industrial waste from a potato dehydration facility.

The receiving stream, Middle Creek, is in the State Water Plan watershed no. 7D and classified for CWF. The nearest downstream public water supply intake for the Pennsylvania American Water Company is on the Swatara Creek, approximately 30 miles below the point of discharge.

The proposed effluent limits for Outfall 301 based on a batch discharge design flow rate of 1.035 MGD. The design flow is 0.142 MGD.

PA0007625, SIC Codes 3949, 3944 and 3089, Industrial Waste, **Hedstrom Corporation**, P. O. Box 432, Bedford, PA 15522-0432. This application is for renewal of an NPDES permit for an existing discharge of treated industrial waste to Raystown Branch Juniata River in Bedford Township, **Bedford County**.

The receiving stream is classified for TSF, recreation, water supply and aquatic life. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply intake considered during the evaluation was the Saxton Municipal Water Authority on the Raystown Branch Juniata River, approximately 49 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.050 MGD are:

PA0218308, Sewage, **Outside In School of Experiential Education**, R. R. 1, Box 293, Bolivar, PA 15923. This application is for renewal of an NPDES permit to discharge treated sewage from the Outside In School of Experiential Education STP in Fairfield Township, **Westmoreland County**.

The following effluent limitations are proposed for discharge to the receiving waters, known as unnamed tributary of Hannas Run, which are classified as a CWF with existing and/or potential uses for aquatic life, water supply and recreation. The first downstream potable water supply intake from this facility is the Latrobe Municipal Authority.

Outfall 001: existing discharge, design flow of 0.0045 mgd.

PA0024571, Sewage, **Cranberry Township, Brush Creek WPCF**, 2525 Rochester Road, Suite 400, Cranberry, PA 16066-6499. This proposed facility is in Cranberry Township, **Butler County**.

Description of Proposed Activity: Renewal of an existing discharge of treated sewage.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride, phenolics, sulfate and chloride, the existing/proposed downstream potable water supply (stream and public water supplier) considered during the evaluation is the Beaver Falls Municipal Authority—Eastvale Plant intake on the Beaver River at Eastvale, approximately 27 miles below point of discharge.

The receiving streams, Brush Creek (Outfalls 001 and 005) and UNT—Brush Creek (Outfalls 002—004), are in watershed 20-C and classified for WWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001 are based on a design flow of 4.5 MGD.

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determi-

nations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determi-

nation may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial

area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The regional office is presently monitoring a similar demonstration project, which will evaluate different types of permanent vegetative cover. At this time, the Department will not entertain another demonstration project, which is of a similar nature.

DETERMINATION FOR APPLICABILITY FOR MUNICIPAL WASTE GENERAL PERMITS

Applications for Determination of Applicability Received under the Solid Waste Management Act, the Municipal Waste Planning, Recycling and Waste Reduction Act and residual waste regulations for a general permit to operate residual waste processing facilities and/or the beneficial use of residual waste other than coal ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

General Permit Application No. WMGM001D002. Granger Energy of Honey Brook, LLC, 16980 Wood Road, Lansing, MI 48906-1044. The Bureau of Land Recycling and Waste Management has received an application for a determination of applicability (DOA) under General Permit WMGM001. General Permit WMGM001D002 is for the processing and beneficial use of landfill gas, generated at Lanchester Landfill, as an alternate fuel to drive industrial boilers and residential furnaces. The Department determined the DOA application to be administratively complete on September 24, 2004.

Persons interested in obtaining more information about the general permit application should contact Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472, (717) 787-7381. TDD users should contact the Department through the Pennsylvania Relay Service, (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one

time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790; Mark Wejkszner, New Source Review Chief, (570) 826-2531.

35-318-088: Gentex Corp. (P. O. Box 315, Carbondale, PA 18407) for construction of a coating line with atmospheric emissions to be controlled by an existing air cleaning device at their facility at 324 Main Street in Fell Township, **Lackawanna County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Ronald Davis, New Source Review Chief, (717) 705-4702.

36-03076D: Martin Limestone, Inc. (P. O. Box 550, Blue Ball, PA 17506) for modification of the existing limestone crushing plant at their Weaverland Quarry in East Earl Township, **Lancaster County**. The crushing plant is subject to 40 CFR Part 60, Subpart 000—Standards of Performance for Nonmetallic Mineral Pro-

cessing Plants. The proposed modifications will not appreciably change emissions from the facility.

67-05007: Adhesives Research, Inc. (P. O. Box 100, Glen Rock, PA 17327) for modification of their adhesive coating facility in Springfield Township, **York County**. The facility is requesting a Plant-wide Applicability Limit on VOC emissions to provide greater operating flexibility.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104; Edward Braun, Chief, (215) 823-7584.

AMS 04167: Frankford Plating, Inc. (2505 Orthodox Street, Philadelphia, PA 19137) for installation of a Chromium plating tank and a boiler in Philadelphia, **Philadelphia County**.

AMS 4207: Wayne Mills Co., Inc. (130 West Berkley Street, Philadelphia, PA 19144) for installation of a no. 4 oil fired 200 hp boiler in Philadelphia, **Philadelphia County**.

AMS 04213: Philadelphia Gas Works (3101 East Venango Street, Philadelphia, PA 19122) for installation of an Ethylene Glycol heater in Philadelphia, **Philadelphia County**.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401; Thomas McGinley, New Source Review Chief, (484) 250-5920.

46-0154A: Eye Designs LLC (220 West 5th Avenue, Trappe, PA 19426) for installation of a spray booth in Trappe Borough, **Montgomery County**. This facility is a State-only facility. The facility wide VOC emission limit will remain at 24 tons per year. The Plan Approval and Operating Permit will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Ronald Davis, New Source Review Chief, (717) 705-4702.

06-05040A: East Penn Manufacturing Co., Inc. (P. O. Box 147, Lyon Station, PA 19536) for modification of the scrap dryer controlled by a fabric collector and HEPA filter in Richmond Township, **Berks County**. The modification involves the approval to remove an existing wetted packed bed scrubber as a control device for the scrap dryer. The source is subject to 40 CFR Part 63, Subpart X, National Emission Standards for Hazardous Air Pollutants from Secondary Lead Smelters. The source will still be subject to monitoring, work practices, recordkeeping and reporting requirements designed to keep the source operating within all applicable air quality requirements. The facility is presently covered by the Title V Operating Permit 06-05040. The plan approval will be incorporated into this permit in accordance with 25 Pa. Code § 127.450 (Administrative Amendment).

22-03052B: Harman Stove Co. (325 Mountain House Road, Halifax, PA 17032) for construction of two paint booths for a stove coating operation in Jackson Township, **Dauphin County**. The primary emissions from the sources are VOCs. The potential VOC emissions from each booth is 5.5 tpy and the estimated actual VOC

emissions from both booths are about 5.5 tons per year. When the sources are constructed, this Plan Approval will be incorporated into Operating Permit 22-03052 in accordance with 25 Pa. Code § 127.450 (Administrative Amendment). The plan approval will contain restrictions, monitoring, recordkeeping and work practice standards designed to keep the facility operating within all applicable air quality requirements.

36-03147A: A and M Composting, Inc. (2022 Mountain Road, Manheim, PA 17545) for increasing the capacity of their sludge composting facility in Penn Township, **Lancaster County**. Emissions will be controlled by biofilters. Estimated emissions after the biofilters are 53 tons per year of ammonia and 5 tons per year of VOCs. This plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

36-05136: Granger Energy of Honey Brook, LLC (481 South Churchtown Road, Narvon, PA 17555) for construction of a landfill gas treatment plant at their Chester County Solid Waste Management Authority's Lanchester Landfill in Caernarvon Township, **Lancaster County**. There are no expected emissions from the operation of this facility. The treatment plant is subject to 40 CFR Part 60, Subpart WWW—Standards of Performance for Municipal Solid Waste Landfills, and 40 CFR Part 63, Subpart AAA—National Emission Standards for Hazardous Air Pollutants: Municipal Solid Waste Landfills. The plan approval and Title V operating permit will include monitoring, recordkeeping and reporting requirements along with work practices to ensure the facility complies with all applicable air quality standards.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Richard Maxwell, New Source Review Chief, (570) 327-3637.

17-309-024A: Mt. Savage Specialty Refractories Co. (P. O. Box 60, Curwensville, PA 16833) for construction of a crusher and a mixer and reactivation of various other pieces of equipment (conveyors, hoppers, bagging machines, and the like) in a refractories manufacturing plant in Pike Township, **Clearfield County**.

The fugitive PM emissions from the equipment to be constructed and reactivated will be controlled by four fabric collectors and a cartridge collector. The resultant particulate matter emissions to atmosphere will no greater than 1.77 tons per year, of which no more than .23 ton per year will be PM10.

The Department's review of the information submitted by Mt. Savage Specialty Refractories Company indicates that the equipment to be constructed and reactivated will comply with all applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the fugitive air contaminant emission requirements of 25 Pa. Code § 123.1, the applicable particulate matter emission limitation of 25 Pa. Code § 123.13 and the best available technology requirement of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the

Department proposes to issue plan approval for the construction of the crusher and mixer and the reactivation of the remainder of the equipment identified in the plan approval application.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The permittee shall process only Mulcoa 47, Mulcoa 60, refractory bats, calcined clay and such additives as are identified in the plan approval application unless prior Department approval has been obtained to process additional materials.

2. The equipment shall not operate more than 2,080 hours in any 12 consecutive month period. Records shall be maintained of the number of hours the equipment operates each month.

3. The bagging machine and supersack filling station shall not operate simultaneously.

4. The particulate matter concentration in the exhaust of each fabric collector or cartridge collector shall not exceed .01 grain per dry standard cubic foot.

5. There shall be no visible air contaminant emissions in the exhaust of any of the collectors (other than water vapor or steam). Additionally, there shall be no fugitive air contaminant emissions other than those the Department determines to be of minor significance.

6. Each collector shall be equipped with instrumentation to monitor the pressure differential across the collector on a continuous basis.

7. The bags or cartridges in each collector shall be cleaned at each once in every 3 hours of continuous operation. At any time the bags in a collector are being cleaned, the equipment ducted to that collector shall not be operated.

8. Spare filter bags and cartridges shall be kept on hand.

9. Any air compressor supplying compressed air to any of the collectors shall be equipped with an air dryer and an oil trap.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481; Devendra Verma, New Source Review Chief, (814) 332-6940.

10-171B: Butler Color Press (119 Bonnie Dr., Butler, PA 16003). In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department intends to issue a plan approval to discontinue use of solvent recovery system and allow disposal of used solvent offsite as hazardous waste in the City of Butler, **Butler County**. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into a State-only operating permit through an administrative amendment at a later date. Issuance of the plan approval is recommended with the appropriate conditions in the plan approval.

10-001 ERC: AK Steel Corporation (Route 8 South, Butler, PA 16003-0832). The Department intends to issue an Air Quality Emission Reduction Credit Approval for 200.01 tons of NO_x emission reduction credits from the elimination of the use of nitric acid at their Butler Works in Butler, **Butler County**.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104; Edward Braun, Chief, (215) 823-7584.

AMS 04119: NEL Metal Restorations (2127 Margaret Street, Philadelphia, PA 19124) for installation of a decorative chrome-plating bath in the City of Philadelphia, **Philadelphia County**. The plan approval will contain operating and recordkeeping requirements to ensure operation within all applicable requirements.

AMS 04089: The Philadelphia Phillies (3300 South 7th Street, Philadelphia, PA 19148) for installation of three 8 mmBtu/hr dual fired boilers, one 1,818 bhp diesel

peak shaving generator and one 2,889 bhp diesel peak shaving generator in the City of Philadelphia, **Philadelphia County**. Nitrogen oxide emissions from these sources are limited to 18 tons per rolling 12-month period. The plan approval will contain operating and recordkeeping requirements to ensure operation within all applicable requirements.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481; Eric Gustafson, Facilities Permitting Chief, (814) 332-6940.

37-00121: Flowline—Division of Markovitz Enterprises, Inc. (1400 New Butler Road, New Castle, PA 16107) for reissuance of a Title V Permit to operate a valves and fittings production facility. The facility is in New Castle, **Lawrence County**. The facility's major emissions include a degreaser boiler, plasma torch cutting, hand grinding stations (4), a batch vapor degreaser, acid cleaning and miscellaneous natural gas fired furnaces. The facility is major facility for Title V due to its potential to emit an HAP (trichloroethylene (TCE)).

43-00142: Salem Tube Inc. (951 4th Street, Reynolds Industrial Park, Greenville, PA 16125) for reissuance of a Title V Permit to operate a process steel tube manufacturing facility in Pymatuning Township, **Mercer County**. The facility's major emissions include degreaser system boiler, miscellaneous natural gas usage, a TCE degreasing system, (4) annealing furnaces, general solvent cleaning, lubricating operations, a TCE storage tank and solvent cleaning degreaser. The facility is a Title V facility due to its potential to emit trichloroethylene, an HAP.

Intent to Issue Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter F.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Ronald Davis, New Source Review Chief, (717) 705-4702.

06-03126: Lehigh Cement Co. (204 Windsor Avenue, Hamburg, PA 19526) for a specialty cement manufacturing facility controlled by various fabric collectors in Windsor Township, **Berks County**. The plant is not subject to Title V (State-only operating permit). The plant has the potential to emit 23 tons per year of particulate. The permit will include monitoring, work practices, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; David Aldenderfer, Program Manager, (570) 327-3637.

19-00018: Catawissa Lumber and Specialty Co. (P. O. Box 176, Catawissa, PA 17820) for their woodworking facility in the Borough of Catawissa, **Columbia County**. The facility's main sources include one woodwaste no. 2 fuel oil fired boiler, one no. 2 fuel oil fired boiler and various woodworking equipment. The facility has the potential to emit SO_x, NO_x, CO, PM (PM₁₀), VOCs and HAPs below the major emission thresholds. The proposed operating permit contains all applicable requirements including Federal and State regulations. In addition, monitoring, recordkeeping and

reporting conditions regarding compliance with all applicable requirements are included.

Department of Public Health, Air Management Services: 321 University Avenue, Philadelphia, PA 19104; Edward Braun, Chief, (215) 823-7584.

S04-004: Septa Berridge/Courtland Maintenance Shop (200 West Wyoming Avenue, Philadelphia, PA 19140) for operation of a transit maintenance shop in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two 300 HP boilers, two 150 HP boilers, three \leq mmBtu hot water heaters, four spray booths, two spray booth heaters, three parts washers and three sheet-fed, offset lithographic presses.

The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at the AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener, (215) 685-9426.

Persons wishing to file protests or comments on the previous operating permit must submit protests or comments within 30 days from the date of this notice. Protests or comments filed with the AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, the AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least 30 days before the hearing.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Envi-

ronmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas, active areas

disturbed by coal refuse disposal activities and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Commencement, operation and restoration of a bituminous surface mine permit in Snow Shoe Township, **Centre County** affecting 44.5 acres. Receiving streams: unnamed tributary to North Fork Beech Creek (CWF). Application received September 21, 2004.

Noncoal Permit Applications Received

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200.

59040301 and NPDES Permit No. PA0243850. Paul T. Hall (R. R. 2, Box 204, Tioga, PA 16946). Commencement, operation and restoration of a large industrial minerals (sand and gravel) permit in Lawrence Township, **Tioga County** affecting 9.6 acres. Receiving streams: Daily Creek, tributary to Tioga River (WWF). Application received September 15, 2004.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the

specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the FWPCA (33 U.S.C.A. § 1341(a)).

To reconstruct and maintain Pier 28 South and to construct and maintain a 16-story apartment complex within the Delaware River (WWF-MF). The bottom three stories of the apartment complex will be a parking garage. The proposed pier will partially sit on the footprint of the pile remnants of the existing pier. Work will involve the placement of approximately 728 steel piles in the river to provide structural support. Leasehold of the property within Commonwealth submerged lands was authorized by an act of General Assembly. This site is just north of the Dockside Residences at Pier 30 South along Columbus Boulevard (a/k/a Delaware Avenue) and approximately 5,000 feet south of the Ben Franklin Bridge (Philadelphia, PA-NJ Quadrangle N: 11.75 inches; W: 2.3 inches).

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E55-199. Barry and Michelle Heim, R. R. 1, P. O. Box 163, Port Treverton, PA 17864. Water Obstruction

and Encroachment Permit application in Union Township, **Snyder County**, ACOE Susquehanna River Basin District (Dalmatia, PA Quadrangle N: 14.3 inches; W: 0.1 inch).

To construct and maintain a steel I-beam bridge measuring 30 feet wide with an underclearance of 5 feet containing reinforced concrete abutments measuring 8 feet wide by 6 feet high by 1 foot thick in Silver Creek along Silver Creek Road, 1 mile northeast of the intersection with SR 0015 S. This project proposes to have a minimal impact on Silver Creek (WWF). The project does not propose to impact any jurisdictional wetlands.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E43-317. Hermitage Municipal Authority. Bobby Run Stream Restoration Project in City of Hermitage, **Mercer County**, ACOE Pittsburgh District (Sharon East, PA Quadrangle N: 4.7 inches; W: 12.2 inches).

To operate and maintain a stream restoration and realignment project utilizing natural channel design principals along a total reach of approximately 1,045 linear feet of the channel of Bobby Run beginning at Broadway Avenue and extending upstream to Lynnwood Road adjacent to the east side of the Hermitage Municipal Authority Water Pollution Control Plant. Construction was authorized by DEP Permit No. EP4304602 issued on September 22, 2004.

E61-270. Randall A. Sherman, 2206 Route 38, Emlenton, PA 16373. Bridge over Richey Run in Richland Township, **Venango County**. ACOE Pittsburgh District (Emlenton, PA Quadrangle N: 11.7 inches; W: 6.2 inches).

The applicant proposes to operate and maintain a single span steel grate bridge with concrete abutments having a clear span of 35 feet, a maximum underclearance of 6.5 feet and an instream length of 12 feet at a point across Richey Run (CWF, perennial) approximately 250 feet east of the intersection of SR 38 and T550. This application is after the fact. A portion of the project has already been completed. The project proposes to directly affect a total of approximately 20 linear feet of stream channel.

DAM SAFETY

Central Office: Bureau of Waterways Engineering, 400 Market Street, Floor 3, P. O. Box 8554, Harrisburg, PA 17105-8554.

D67-536EA. Logan's Reserve Development LLC, 7061 Columbia Gateway Drive, Columbia, MD 21046, Springfield Township, **York County**, ACOE Baltimore District.

Project proposes to breach and remove Logan's Reserve Pond No. 3 Dam across a tributary to East Branch Codorus Creek (CWF) for the purpose of restoring the stream to a free flowing condition. The dam is approximately 1,400 feet west of the intersection of Water Street (T522) and Decker Road (T501) (Glen Rock, PA Quadrangle N: 21.5 inches; W: 13.3 inches).

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**PUBLIC WATER SUPPLY (PWS)
PERMITS**

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20a)

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Upper Macungie Township	8330 Schantz Road Breinigsville, PA 18031	Lehigh

Plan Description: The approved Plan revision for new land development consists of 138 single-family residential lots and 215 townhouses on a 113-acre tract. A proposed gravity collection system will be installed to connect the development to an existing Upper Macungie Township Authority manhole at the intersection of Hamilton Boulevard and Weilers Road. Lehigh County Authority will convey the sewage to the City of Allentown Wastewater Treatment Facility. Public water will be supplied to the project by Lehigh County Authority. The proposed development is between Mosser Road, Twin Ponds Road and the Route 222 by-pass in Upper Macungie Township, Lehigh County. Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority as appropriate.

Plan Location:

Pine Grove Borough, Pine Grove Township and Washington Township	c/o Pine Grove Joint Treatment Authority P. O. Box 426 Pine Grove, PA 17963	Schuylkill

Plan Description: The approved plan provides for relocating the proposed 1.5 MGD wastewater treatment plant to a site on the east side of Interstate 81; reducing the length and diameter of the proposed influent force main; elimination of the borings under Interstate 81; reconfiguration of the low pressure sewer system and modifications to the wastewater treatment plant design. All other aspects of the Act 537 Update Revision approved by the Department on August 9, 2002, including the sewer service area, are unchanged by this Plan Amendment. Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority as appropriate.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Jay Township	81 West Teaberry Street P. O. Box 186 Weedville, PA 15868	Elk

Plan Description: The approved plan provides for the construction of a sanitary sewer collection and conveyance system for the Caledonia and Scattertown areas of Jay Township and the installation of a belt filter press at the existing Weedville wastewater treatment plant. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority as appropriate.

HAZARDOUS SITES CLEANUP UNDER THE ACT OF OCTOBER 18, 1988

Proposed Consent Order and Agreement

RSR-Jones Chemical Site, City of Erie, Erie County

Under section 1113 of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. § 6020.1113), the Department of Environmental Protection (Department) has agreed to a de minimis settlement with the Bessemer & Lake Erie Railroad Company (Bessemer) to resolve Bessemer's liability for the RSR-Jones Chemical Site (Site), City of Erie, Erie County, approximately 6.5 acres in size (42° 06' 28.2" north latitude and 80° 06' 29.0" west longitude on the Erie South topographic quadrangle).

In the past, wastes containing hazardous substances were disposed at the Site and these wastes contaminated the environment at the Site. As owners of a small portion of the Site during the time of the release and threatened release of hazardous substances at the Site, Bessemer is a "responsible person" as defined in section 103 of the HSCA (35 P. S. § 6020.103). Under the terms of the settlement, Bessemer will donate a parcel it owns adjacent to the Site to the current owner of the Site, Erie Warehouse Properties, LLC, for use as part of the response action. This donation will aid in the operation and maintenance of the response implemented at the Site.

The specific terms of this settlement are set forth in the Consent Order and Agreement (Agreement) with Bessemer. The Department will receive and consider comments relating to the Agreement for 60 days from the date of this public notice. The Department has the right to withdraw its consent to the Agreement if the comments concerning the Agreement disclose facts or considerations

that indicate that the Agreement is inappropriate, improper, or not in the public interest.

After the public comment period, the Department's settlement with Bessemer shall be effective upon the date that the Department notifies Bessemer, in writing, that this Agreement is final and effective in its present form and that the Department has filed a response to significant written comments to the Agreement, or that no comments were received.

The Agreement is available for inspection and copying at the Department's office at 230 Chestnut Street, Meadville, PA. Comments may be submitted, in writing, to Mark E. Gorman, Program Manager, Department of Environmental Protection, Hazardous Sites Cleanup, 230 Chestnut Street, Meadville, PA 16335. Further information may be obtained by contacting Mark Gorman, (814) 332-6648. TDD users should contact the Department through the Pennsylvania Relay Service at (800) 645-5984.

Settlement under the HSCA and CERCLA

The Department, under the authority of the HSCA (35 P. S. §§ 6020.101—6020.1305) and the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C.A. §§ 9601—9675), has entered into a Prospective Purchaser Agreement (PPA) with DCI—Station Square, L. P., DCI—Station Square, LLC, Dewey Commercial Investors, L. P. and the Commonwealth of Pennsylvania, State Employees Retirement System (collectively, Settlers) regarding a property at 1190 Church Road (Site), Montgomery County.

The Site consists of approximately 35 acres with all improvements thereon in Lansdale Borough, Montgomery County, more properly described as Montgomery County Tax Parcel Nos. 56-00-01327-00-3 and 11-00-02048-002-2. The Site was formerly used by Ford Electronics and Refrigeration Company to manufacture radios, clocks, televisions, picture tubes and automobile control devices. Respondents intend to develop the Site for commercial and/or residential purposes and intend to remediate the Site to a residential standard under the Land Recycling and Environmental Remediation Standards Act.

The Site is also within the boundaries of the North Penn Area 7 NPL Site under CERCLA. Under the authority of CERCLA and the HSCA, the EPA and the Department are conducting and will conduct various response actions to address the release or threatened release of hazardous substances or contaminants at the North Penn Area 7 NPL Site. Other than potential liability associated with the purchase of the Site, Settlers have asserted, and the Department has no information to indicate otherwise, that they neither caused, contributed to, nor are otherwise liable for any contamination either at the Site or at the North Penn Area 7 NPL Site. Settlers have agreed to resolve their potential liability to the United States with regard to the North Penn Area 7 NPL Site in an Agreement with the EPA docketed at CERC-PPA-2001-0003. Under the terms of the PPA with the Department, Settlers will contribute \$2,000 towards response costs incurred and to be incurred by the Department associated with the Site and will agree not to exacerbate any existing contamination at the Site in exchange for a covenant not to sue and contribution protection from the Commonwealth.

This notice is provided under section 1113 of the HSCA. The PPA may be examined from 8 a.m. to 4 p.m. at the Department's offices at 2 East Main Street, Norristown, PA 19401 by contacting either George Horvat at (484)

250-5717 or Anderson Lee Hartzell at (484) 250-5866. A public comment period on the PPA will extend for a period of 60 days from the date of publication of this notice. Interested persons may submit written comments regarding the PPA to the Department by submitting them to George Horvat at the previous address.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamina-

tion, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

Permits, Environmental Assessments and 401 Water Quality Certifications Issued

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Water Management Program Manager, 2 East Main Street, Norristown, PA 19401.

E46-951. Congregation Beth Or, 700 Penllyn Blue Bell Pike, Spring House, PA 19477, Upper Dublin Township, **Montgomery County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities associated with the Congregation Beth Or Synagogue Facility in the vicinity of an unnamed tributary to the Park Creek (WWF-MF) and adjacent wetlands:

1. To relocate 317 linear feet of stream channel along an unnamed tributary of Park Creek starting at endwall 4 and terminating at the proposed modified reservoir.

2. To construct and maintain 119 linear feet of stream enclosure along the relocated channel reach as noted in Item 1. The enclosure consists of 19 linear feet of 24-inch RCP, 27 linear feet of 36-inch RCP, 66 linear feet of 48-inch RCP, associated fill, manholes, endwalls, riprap protection and stormwater outfall structures to accommodate a new access road from Butler Pike. Also associated with this activity is a proposed 8-inch water line.

3. To install and maintain a 1 1/2-inch sanitary sewer force main across a portion of the relocated channel noted in Item 1.

4. To place fill within the abandoned stream channel and 0.11 acre of adjacent wetlands.

5. To modify a reservoir impounded by a nonjurisdictional dam to facilitate the widening of the Welsh Road and Butler Pike intersection. Reservoir modification will include shifting the reservoir to the east, dredging to remove accumulated sediment and the construction of a forebay and footbridge. Work also includes regrading of the shoreline slopes of the reservoir to establish a wetland replacement area.

The issuance of this permit constitutes approval of an Environmental Assessment for impacts associated with the removal and reconstruction of an on-stream nonjurisdictional dam and appurtenant outlet works which will extend under Welsh Road. The site is approximately 400 feet northwest of the intersection of Butler Pike and Welsh Road (Ambler, PA USGS Quadrangle N: 10.70 inches; W: 9.10 inches).

The issuance of this permit also constitutes approval of a Water Quality Certification under section 401 of the Federal Water Pollution Control Act.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1147-A1. Allegheny County Department of Public Works, 501 County Office Building, 542 Forbes Avenue, Pittsburgh, PA 15219-2904. Cochran Mills Road stream bank stabilization and outfall in Jefferson Hills Borough, **Allegheny County**, Pittsburgh ACOE District (Glassport, PA Quadrangle N: 9.9 inches; W: 13.9 inches) (Latitude: 40° 18' 29" and 79° 58' 29"). To amend Permit E02-1147 which authorized the construction and maintenance of a 140-foot long soldier beam and lagging wall and to replace an existing 24-inch CMP outfall pipe with a new 24-inch CMP outfall pipe along the left bank of Lick Run (TSF) for the purpose of improving the slope stability of Cochran Mill Road. The project is along the west side of Cochran Mills Road approximately 100 feet south of its intersection with McElhaney Road in Jef-

ferson Hills Borough, Allegheny County. This amendment will authorize the removal of existing structures, the construction and maintenance of various outfalls to Lick Run (TSF) and the construction and maintenance of an approximately 295-foot long soldier beam and lagging wall the R7 riprap along the face along the left bank of the same stream for the purpose of improving the slope stability of Cochran Mills Road. The project is along the west side of Cochran Mills Road approximately 1,500 feet south of its intersection with McElhanev Road.

E02-1440. M. R. W. Realty, LLC, 11040 Perry Highway, Wexford, PA 15090. Relocate an unnamed tributary to North Fork Pine Creek in Pine Township, **Allegheny County**, Pittsburgh ACOE District (Mars, PA Quadrangle N: 2.1 inches; W: 8.3 inches and Latitude: 40° 38' 00" and Longitude: 80° 03' 30"). To place and maintain fill in 0.21 acre of wetlands (PEM/PSS) and to relocate and maintain 425.0 linear feet of an unnamed tributary to North Fork Pine Creek (CWF) for the purpose of constructing the proposed Best Tile Distributors Development. The project is on the east side of Schwinderman Road, approximately 1,000 feet north from the intersection of Wallace Drive and Schwinderman Road and will impact 0.21 acre of wetlands (PEM/PSS) and 425.0 linear feet of stream channel. To compensate for the wetland impacts, the applicant proposes to construct 0.23 acre of replacement wetlands.

E02-1474. Duquesne Light Company, 1800 Seymour Street, 2nd Floor, Pittsburgh, PA 15233. Construct an outfall on Chartiers Creek in Collier Township, **Allegheny County**, Pittsburgh ACOE District (Pittsburgh West, PA Quadrangle N: 1.7 inches; W: 13.0 inches and Latitude: 40° 23' 03" and Longitude: 80° 05' 36"). To construct and maintain an 18-inch diameter outfall structure on the left bank of Chariters Creek (WWF) for the purpose of constructing a parking lot at the Duquesne Light Woodville Substation site. The project is on the east side of SR 50 (Washington Pike) approximately 400 feet north from its intersection with Pittsburgh and Washington Pike Road and will impact approximately 5.0 feet of stream channel.

E03-419. Dominion Transmission, Inc., 445 West Main Street, Clarksburg, WV 26301. To repair pipeline LN-19 in Boggs, Burrell, Kiskiminetas, Kittanning, Mahoning, Plumcreek, Redbank, South Bend, Valley and Wayne Townships, **Armstrong County**, Pittsburgh ACOE District. The project starts south of the Westmoreland/Armstrong County line (Vandergrift, PA Quadrangle N: 8.75 inches; W: 4.6 inches and Latitude: 40° 32' 53" and Longitude: 79° 31' 59") and ends south of Armstrong/Clarion County line (New Bethlehem, PA Quadrangle N: 2.15 inches; W: 6.95 inches and Latitude: 41° 00' 43" and Longitude: 79° 18' 01"). To repair, operate and maintain an existing 21.0-mile, 20-inch diameter gas pipeline (LN-19) across three tributaries to Roaring Run (CWF), Crooked Creek (WWF), three tributaries to Crooked Creek (WWF), Long Run (WWF), a tributary to Long Run (WWF), Cherry Run (CWF), two tributaries to Cherry Run (CWF), Spra Run (WWF), Cowanshannock Creek (TSF), three tributaries to Cowanshannock Creek (WWF), South Fork Pine Creek (WWF), two tributaries to South Fork Pine Creek (WWF), North Fork Pine Creek (WWF), Scrubgrass Creek (CWF), three tributaries to Scrubgrass Creek (CWF), five tributaries to Mahoning Creek (CWF) and a tributary to Redbank Creek (CWF).

E32-463. Department of Transportation, 2550 Oakland Avenue, P. O. Box 429, Indiana, PA 15701. Dual pipes in the Conemaugh River in West Wheatfield Town-

ship, **Indiana County**, Pittsburgh ACOE District (Rachelwood, PA Quadrangle N: 22.6 inches; W: 17.2 inches and Latitude: 40° 22' 28" and Longitude: 79° 7' 25"). To remove the existing structures and: (1) to construct and maintain dual 48-inch diameter, 40-foot long RCC pipes (6-inch depressed invert) in an unnamed tributary to the Conemaugh River (CWF); and (2) to construct and maintain an R-7 rock-lines channel for a distance of 20 feet at the outlet end of the dual pipes on SR 2008, Segment 70 offset 3535. The project proposes to directly affect 60 linear feet of perennial stream. No vegetated wetlands will be impacted.

E65-851. Department of Transportation, Engineering District 12-0, P. O. Box 459, Uniontown, PA 15401. Box culvert in Upper Burrell Township, **Westmoreland County**, Pittsburgh ACOE District (New Kensington East, PA Quadrangle N: 2.85 inches; W: 9.0 inches and Latitude: 40° 30' 57" and Longitude: 79° 41' 23"). To remove the existing structures and: (1) to construct and maintain a precast reinforced concrete box culvert having a single waterway opening 16.0 feet wide by 8.0 feet high (1.0 foot depressed invert) and 46.1 feet long with concrete wingwalls in an unnamed tributary to Pucketa Creek (TSF) on SR 0366, Section F01; (2) to construct and maintain a temporary crossing consisting of five 72-inch diameter corrugated metal pipes upstream of the proposed bridge in an unnamed tributary to Pucketa Creek (TSF); and (3) to temporarily place and maintain fill in 0.0068 acre of PFO wetland for the purpose of constructing the temporary crossing.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E24-237. Donald Wassel, R. D. 8, Box 298A, Greensburg, PA 15601. Trout Run Camp pedestrian footbridge in Benezette Township, **Elk County**, ACOE Baltimore District (Weedville, PA Quadrangle N: 13.1 inches; W: 2.2 inches).

To maintain the existing cable supported pedestrian bridge having a 91-foot span length, a 40-inch instream width and an approximate 10-foot minimum clearance over Trout Run (TSF) at a point approximately 4,000 feet northwest of the intersection of SR 0555 and Front Street.

E42-310. Kinzua Valley Trail Club, 37 Mud Puddle Road, Westline, PA 16740. Libby Run Pedestrian Bridge in Hamilton Township, **McKean County**, ACOE Pittsburgh District (Westline, PA Quadrangle N: 5.7 inches; W: 8.2 inches).

To construct and maintain a pedestrian footbridge having a clear span of approximately 10 feet, an instream length of 15 feet and a rise of 3 feet (minimum) across Libby Run (HQ-CWF) along the existing railroad grade at a point approximately 200 feet north of the confluence with Kinzua Creek.

Availability of Technical Guidance

Technical guidance documents are on the Department of Environmental Protection's (Department) website: www.dep.state.pa.us (DEP Keyword: Participate). The "Current Inventory" heading is the Governor's list of nonregulatory guidance documents. The "Final Documents" heading is the link to a menu of the various

Department bureaus and from there to each bureau's final technical guidance documents. The "Draft Technical Guidance" heading is the link to the Department's draft technical guidance documents.

The Department will continue to revise its nonregulatory documents, as necessary, throughout 2004.

Ordering Paper Copies of Department Technical Guidance

The Department encourages the use of the Internet to view guidance documents. When this option is not available, persons can order a bound paper copy of the latest inventory or an unbound paper copy of any of the final documents listed on the inventory by calling the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Draft Technical Guidance—Substantive Revision

DEP ID: 563-2504-001. Title: Conventional Bonding for Land Reclamation—Coal. Description: The Department requires coal mining activities to be bonded in an amount that covers the Department's cost to complete the site's reclamation plan. This guidance describes the regulatory and statutory requirements for determining bond amounts. The document was finalized and became effective August 4, 2001, published at 31 Pa.B. 4239 (August 4, 2001). Recent changes were made to the document to enhance its clarity. These changes include: adding definitions for "mining area," "operational area" and "multiple bench"; eliminating the one time allowance of "Temporary Exceedance" of pit volumes; adding clarifying language to the section that describes when a reclaimed area can be left out of the operational area; deleting references to the Land Maintenance Financial Guarantees program; modifying the publication of bond rate guidelines to annually instead of publishing guidelines in December; expanding the narrative describing what information is required for the Annual Review; and including waivers for partial submittal of annual review information. In addition to these changes, other modifications were made including: explaining why underground mines and preparation plants are reviewed for proper bonds for major permit actions instead of requiring the submittal of annual reviews; adding a section about when and how reclamation fees are still collected; and removing barrier restrictions to make the Commonwealth's program compatible with the Federal regulations. Written Comments: Interested persons should submit written comments on technical guidance document 563-2504-001 by November 8, 2004. Comments submitted by facsimile will not be accepted. The Department will accept comments submitted by e-mail. A return name and address must be included in each e-mail transmission. Written comments should be submitted to John Meehan, Bureau of Mining and Reclamation, P. O. Box 8461, Harrisburg, PA 17105-8461, johmeehan@state.pa.us. Questions regarding the technical guidance document should be directed to John Meehan at (717) 787-5103 or by e-mail.

Final Technical Guidance

DEP ID: 012-5500-001 Title: 2005 Environmental Education Grants Program Manual and Forms. Description:

This manual is a guide for eligible organizations interested in applying for the Department's Environmental Education (EE) grants program. The manual provides information on eligibility and details on how to apply for a grant, as well as the operational procedures required if a grant is awarded. The Environmental Education Act (act) (35 P. S. §§7521—7528) was signed into law on June 22, 1993. The act established a policy that EE is critically important to all citizens in this Commonwealth; created an EE fund from 5% of the Department's pollution fine moneys; and created the EE grants program for the distribution of the EE fund money. The act requires the Department to provide the guidance contained in this manual for public review and comment in the *Pennsylvania Bulletin*. Substantive changes were made to the manual, which were advertised for public comment at 34 Pa.B. 3985 (July 24, 2004). The Department did not receive comments on the manual during the public comment period. Effective Date: October 1, 2004.

State Water Plan; Water Resources Regional Committee Meetings Schedule for October 2004

Following is a list of October 2004 meetings of the six water resources regional committees (regional committees) associated with the Department of Environmental Protection (Department). These schedules and an agenda for each meeting, including meeting materials, will be available through the Public Participation Center on the Department's website: www.dep.state.pa.us (DEP Keyword: Participate).

The regional committees were created under 27 Pa.C.S. Chapter 31 (relating to water resources planning) to help guide the development of a new State Water Plan (plan) for this Commonwealth. The regional committees' purpose is to develop the regional component of the overall plan and to provide recommendations to the Statewide Water Resources Committee, which is charged under 27 Pa.C.S. Chapter 31 to develop the plan.

The October 2004 meeting dates of the six regional committees are as follows:

DEPARTMENT OF HEALTH

Availability of Educational and Informational Materials Concerning Vaccination Against the Influenza Virus and Pneumococcal Disease

In accordance with section 4(b) of the Elderly Immunization Act (35 P.S. § 634.4(b)); an act providing for immunization against the influenza virus and pneumococcal disease for elderly persons, the Department of Health (Department) is issuing notice of the availability of educational and informational materials concerning vaccination against the influenza virus and pneumococcal disease for hospitals and other facilities providing ongoing medical care. The information is available on the Depart-

ment's website at www.health.state.pa.us and the website of the Federal Centers for Disease Control and Prevention (CDC) at www.cdc.gov/nip/vaccine/pneumo and www.cdc.gov/flu. The CDC's website contains the information in languages other than English.

The Department is also strongly encouraging health care providers to provide to each person receiving the influenza or pneumococcal vaccine the current relevant Vaccine Information Statement (VIS), which can be downloaded from either website. The VIS contains specific information relating to the benefits and risks that may be connected with the receipt of these vaccinations.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape or Braille) should contact Alice Gray, Director, Division of Immunization, (717) 787-5681, for speech and/or hearing impaired persons, V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

DEPARTMENT OF PUBLIC WELFARE

Fee Increase for Ambulance Services

The Department of Public Welfare (Department) announces that fees on the Medical Assistance (MA) Program Fee Schedule for ambulance services will be increased, effective with dates of service on and after July 1, 2004.

Ambulance companies provide a direct link to medically necessary health care for MA recipients in this Commonwealth. The costs associated with the provision of ambulance services have increased substantially over the years. In recent years the price of gasoline alone has taxed this industry immensely, compounded by increased costs for state-of-the-art life-saving equipment and certified, trained staff.

For MA recipients to continue to have access to this vital service, the Department will increase the MA fee for the following procedure codes on the MA Program Fee Schedule:

<i>Procedure Code</i>	<i>Description of Service</i>	<i>Current Fee</i>	<i>Increased Fee Effective July 1, 2004</i>
W0011	Mileage	\$1 per mile after the first 20 miles (round trip)	\$2 per mile after the first 20 miles (round trip)
W0012	VASC Certified, Nonemergency Transportation Service	\$60	\$120

<i>Procedure Code</i>	<i>Description of Service</i>	<i>Current Fee</i>	<i>Increased Fee Effective July 1, 2004</i>
W0013	VASC Certified, Nonemergency Transportation Service, Other Unusual Circumstances	\$60	\$120
W0015	VASC Certified, Emergency (Prehospital) Transportation Service	\$60	\$120
W0016	Advanced Life Support (ALS) Service with Transport (Prehospital)	\$100	\$200
W0017	Advanced Life Support (ALS) Service Without Transport (Prehospital)	\$40	\$80
W0018	Specialized Services (Critical Care, with Transport, Interfacility Cases such as Neonatal, Prenatal or Cardiac Care Service)	\$100	\$200

Fiscal Impact

The estimated cost relating to Fiscal Year 2004-2005 is \$6.378 million (\$3.212 million in State funds). Of this amount, \$3.218 million (\$1.669 million in State funds) relates to the Outpatient program while \$3.16 million (\$1.543 million in State funds) is for MA—Capitation services.

The estimated cost for Fiscal Year 2005-2006 is \$10.639 million (\$5.272 million in State funds). Of this amount, \$4.023 million (\$2.065 million in State funds) relates to the Outpatient program while \$6.616 million (\$3.207 million in State funds) is for MA—Capitation services.

Public Comment

Interested persons are invited to submit written comments to this notice within 30 days of publication to the Department of Public Welfare, Office of Medical Assistance Programs, c/o Deputy's Secretary Office, Attn: Regulations Coordinator, Room 515, Health and Welfare Building, Harrisburg, PA 17120. Comments will be considered in future revisions to the MA Program Fee Schedule. Persons with a disability may use the AT&T Relay Service, (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Inpatient Hospitals Qualifying for Medical Assistance Disproportionate Share Payments for the Period July 1, 2003 through June 30, 2004

On July 1, 1988, the Department of Public Welfare (Department) implemented a disproportionate share payment system. Under 55 Pa. Code §§ 1151.54(i), 1163.67(k) and 1163.459(j) (relating to disproportionate share payments), the Department is required to annually publish the names of each inpatient acute care general hospital, rehabilitation hospital and private psychiatric hospital qualifying for a disproportionate share payment and their respective disproportionate share payment percentage.

A. Disproportionate Share for Acute Care General Hospitals, Rehabilitation Hospitals and Private Psychiatric Hospitals.

The following lists identify the inpatient acute care general hospitals, psychiatric units and rehabilitation units of acute care general hospitals, rehabilitation hospitals and private psychiatric hospitals eligible for disproportionate share payments for the period July 1, 2003, through June 30, 2004, and their respective payment percentages. For all inpatient facilities, disproportionate share payments are calculated as a percentage of projected MA inpatient income.

Payment period July 1, 2003, to June 30, 2004, disproportionate share payment percentages:

B. Additional Disproportionate Share Payments

Additional disproportionate share payments are made to inpatient facilities with a Medicaid inpatient utilization rate of not less than 1% which have provided services to persons who have been determined to be low income by meeting the income and resource standards for the State's general assistance program.

The payment adjustments are paid directly proportional to the payment received for either general assistance recipients for all hospital services or Title XIX recipients, 21 years of age or older but under 65 years of age, for services rendered by institutions for mental diseases under the fee-for-service and capitation programs.

The following hospitals are eligible for this payment adjustment:

C. Additional Class of Disproportionate Share Payments

Effective March 1, 1998, the Department established a new class of disproportionate share payments to hospitals which render uncompensated care and which the Department has determined are experiencing significant revenue loss as a result of MA program revisions under the act of May 16, 2002 (P. L. 175, No. 35).

Effective January 15, 1999, the Department revised its previously established new class of disproportionate share payments to include a Charity Care component of the Community Access Fund. A disproportionate share payment will be made to qualifying hospitals based on each hospital's percentage of charity care cost to the total charity care costs of all qualifying hospitals. The Department also established a disproportionate share payment for those hospitals which the Department has determined advanced its goal of enhanced access to multiple types of medical care in economically distressed areas of this Commonwealth.

The following hospitals qualify for this payment:

ENVIRONMENTAL HEARING BOARD

Grand Central Sanitary Landfill, Inc. v. Commonwealth of Pennsylvania, Department of Environmental Protection; Doc. Nos. 2004-014-MG and 2004-165-MG

The Commonwealth of Pennsylvania, Department of Environmental Protection (Department) and Grand Central Sanitary Landfill, Inc. have agreed to a Stipulation of Withdrawal Without Prejudice of the previous matters.

On December 8, 2003, and June 17, 2004, the Commonwealth issued permit renewals to the Solid Waste Disposal and/or Processing Permit No. 100265 for the Grand Central Sanitary Landfill. The permit renewals ultimately extended the permit for the Grand Central Sanitary Landfill until December 31, 2007. Grand Central Sanitary Landfill, Inc. filed two appeals challenging each of the permit renewals.

The parties have now agreed to a Stipulation of Withdrawal Without Prejudice, the major provisions of which include: the appeals shall be withdrawn upon approval of the Stipulation of Withdrawal Without Prejudice by the Environmental Hearing Board (Board); and the dockets in the previously captioned matters shall be marked withdrawn. The Stipulation of Withdrawal Without Prejudice shall in no way limit or restrict the ability of Grand Central Sanitary Landfill, Inc. to: (a) submit future requests for renewal of the permit; (b) assert the objections raised in the appeals and any future action, appeal, permit modification, permit renewal, plan or application; or (c) assert the objections raised in its

appeals in response to future actions by the Department or any other person or entity.

Copies of the full Stipulation of Withdrawal Without Prejudice are in the hands of Robert D. Fox, Esquire, Manko, Gold, Katcher & Fox, LLP, 401 City Avenue, Suite 500, Bala Cynwyd, PA 19004, (484) 430-2312; and Lance H. Zeyher, Esquire, Office of Regional Counsel, Department of Environmental Protection, Office of Chief Counsel, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2519. Copies of the full Stipulation of Withdrawal Without Prejudice are also available at the offices of the Board and may be reviewed by interested parties on request during normal business hours.

Interested parties have 30 days from publication of this notice to submit comments with respect to the Stipulation of Withdrawal Without Prejudice.

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Dutch Fork Lake, Washington County

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 65.25 (relating to temporary changes to fishing regulations), has taken immediate action to modify temporarily fishing regulations at Dutch Fork Lake, Washington County, in anticipation of a draw down of the lake. The Executive Director is lifting all seasons, sizes and creel limits for all species, effective immediately and until fish salvage operations are complete. The Executive Director has found that this action is necessary and appropriate for the management of fish and to conserve and preserve fishing opportunities.

The Executive Director has caused these temporary modifications to fishing regulations to be posted in the vicinity of the lake, and the modified regulations are fully effective and enforceable. These temporary modifications will be in effect until further notice but in no event will they remain in place after January 1, 2005.

The Executive Director, acting under the authority of 58 Pa. Code § 103.3(d) (relating to restriction for special areas), also has taken immediate action to close Dutch Fork Lake to boating. This restriction is effective immediately and will remain in effect until further notice. The Executive Director has taken this action because he has determined that a hazard will exist during the draw down period that may threaten the safety of persons, property or both. Restrictions under this section are fully effective and enforceable in accordance with the law.

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". The penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter.

Act 1984-196 redefined a "qualified small business concern" as any independently owned and operated, for-profit business concern employing 100 or fewer employees. See 4 Pa. Code § 2.32. The business must include the following statement on every invoice submitted to the Commonwealth: "(name of business) is a qualified small business concern as defined in 4 Pa. Code 2.32."

A business is eligible for payments when the required payment is the latest of:

The payment date specified in the contract.

30 days after the later of the receipt of a proper invoice or receipt of goods or services.

The net payment date stated on the business' invoice.

A 15-day grace period after the required payment date is provided to the Commonwealth by the Act.
