READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 255—LOCAL COURT RULES

BERKS COUNTY

Rules of Court; No. 99-1099

Order

And Now, this 3rd day of September, 1999, Berks County Rules of Criminal Procedure (B.R.C.P.) No. 303, No. 303.3 and No. 303.5 are amended as hereinafter set forth, and as so amended are hereby promulgated. Said Rules as amended and promulgated are approved and adopted for use in the Court of Common Pleas of Berks County, Pennsylvania (23rd Judicial District of Pennsylvania), effective thirty (30) days after the date of their publication in the *Pennsylvania Bulletin*, and said Rules, as herein approved and adopted, shall apply to all criminal proceedings then and thereafter begun, including, but not limited to, proceedings then pending.

It Is Further Ordered that each of said Rules as said Rule existed prior to these amendments is hereby repealed and annulled on the effective date of said Rules as amended, but no rights acquired thereunder shall be disturbed.

The Prothonotary of Berks County is *Ordered and Directed* to do the following:

1. Keep continuously available for public inspection and copying, copies of this Order and of Berks County Rules of Criminal Procedure No. 303, No. 303.3 and No. 303.5 as herein amended and promulgated.

2. File with the Administrative Office of Pennsylvania Courts for distribution in accordance with Pa. Rule of Judicial Administration No. 103(c), ten (10) certified copies of each of the following:

(a) This Order;

(b) Berks County Rules of Criminal Procedure No. 303, No. 303.3 and No. 303.5, as herein amended and promulgated.

3. File two (2) certified copies of this Order and two (2) certified copies of Berks County Rules of Criminal Procedure No. 303, No. 303.3 and No. 303.5, as herein amended and promulgated, with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

4. File one (1) certified copy of this Order and one (1) certified copy of Berks County Rules of Criminal Procedure No. 303, No. 303.3 and No. 303.5, as herein amended and promulgated, with the Civil Procedural Rules Committee.

5. Within three (3) weeks after the publication of said amended Rules in the *Pennsylvania Bulletin*, the Prothonotary of Courts shall cause a copy of this Order and a copy of said amended Rules to be published one (1) time in the *Berks County Law Journal* in suitable form so that the same may be placed as an additional or replacement page in the current binder of the Berks County Rules of Court. Each such additional or replacement page shall show in its lower right-hand corner, the effective date of said amended Rules.

Rules of Criminal Procedure

Rule 303. Arraignment.

Each Defendant in a criminal case shall be arraigned before a judge or before the court administrator or a deputy court administrator or a criminal court master when such court administrator or deputy is designated and authorized by an order of the president judge.

Rule 303.3. Arraignment Before Court Administrator, Deputy Court Administrator or a Criminal Court Master.

(a) Whenever arraignments are held before the court administrator or a deputy court administrator, or a criminal court master, designated and authorized by order of the president judge, and the defendant stands mute, the clerk is authorized and directed to enter a plea of not guilty for the defendant.

(b) Whenever arraignments are held before the court administrator or a deputy court administrator, or a criminal court master, designated and authorized by order of the president judge, and the defendant fails to appear, the court administrator, or deputy court administrator, or criminal court master, shall report such fact in writing to a judge of the court, and the court may authorize that a bench warrant be issued for the apprehension and arrest of the defendant so that he or she may be brought before the court.

Rule 303.5. Place and Manner of Arraignment.

Arraignment shall take place at the Berks County Courthouse, at the Berks County Prison in Bern Township, Berks County, Pennsylvania, or at such other places in the County of Berks as may from time to time be designated by a judge of the Court of Common Pleas and may be conducted by means of video conferencing.

Title 25—ENVIRONMENTAL PROTECTION

DEPARTMENT OF ENVIRONMENTAL PROTECTION

[25 PA. CODE CH. 89]

Corrective Amendment to 25 Pa. Code § 89.67

The Department of Environmental Protection (Department) has discovered a discrepancy between the agency text of 25 Pa. Code § 89.67 (relating to support facilities) as deposited with the Legislative Reference Bureau and as published at 28 Pa.B. 2215, 2256 (May 9, 1998) and the official text as published in the *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 285) and as currently appearing in the *Pennsylvania Code*. Amendments to § 89.67, adopted at 28 Pa.B. 2215, 2256, were never codified.

Therefore, under 45 Pa.C.S. § 901: The Department has deposited with the Legislative Reference Bureau a corrective amendment to 25 Pa. Code § 89.67. The corrective amendment to 25 Pa. Code § 89.67 is effective as of August 1, 1998, the date the defective official text was announced in the *Pennsylvania Bulletin*.

The correct version of 25 Pa. Code § 89.67 appears in Annex A.

Subpart C. PROTECTION OF NATURAL RESOURCES

ARTICLE I. LAND RESOURCES

CHAPTER 89. UNDERGROUND MINING OF COAL AND COAL PREPARATION FACILITIES

Subchapter B. OPERATIONS PERFORMANCE STANDARDS

§ 89.67. Support facilities.

(a) Support facilities required for, or used incidentally to, the operation of the underground mine, including, but not limited to, mine buildings, coal loading facilities at or near the mine site, coal storage facilities, equipment storage facilities, fan buildings, hoist buildings, preparation plants, sheds, shops and other buildings, shall be located, maintained and used in a manner that does the following:

(1) Prevents or controls erosion and siltation, water pollution and damage to public or private property.

(2) To the extent possible using the best technology currently available:

(i) Minimizes damage to fish, wildlife and related environmental values.

(ii) Minimizes additional contributions of suspended solids to streamflow or runoff outside the permit area. Contributions may not be in excess of limitations of State or Federal law.

(b) All underground mining activities shall be conducted in a manner which minimizes damage, destruction

or disruption of services provided by oil, gas and water wells; oil, gas and coal-slurry pipelines; railroads; electric and telephone lines; and water and sewage lines which pass over, under or through the permit area, unless otherwise approved by the owner of those facilities and the Department.

ENVIRONMENTAL QUALITY BOARD [25 PA. CODE CHS. 121, 126 AND 139]

[Correction]

Gasoline Volatility Requirements—Low Reid Vapor Pressure

An error occurred in two paragraphs of the preamble to this document as it appeared at 29 Pa.B. 5089, 5090 (October 2, 1999). The correct version of these two paragraphs is as follows, with ellipses referring to the remaining text of the preamble:

The Environmental Quality Board (Board) amends Chapters 121, 126 and 139 (relating to general provisions; standards for motor fuels; and sampling and testing) to read as set forth in Annex A. The amendments eliminate the use of Federal reformulated gasoline (RFG) as a compliant fuel in the Pittsburgh-Beaver Valley area during the ozone season. The amendments also provide that compliance records shall be kept onsite for all points in the distribution network except at retail facilities. Retail facilities are required to retain compliance records onsite for the current ozone season only. In addition, the amendments make a technical language correction relating to sampling procedures. The Board approved the final amendments at its July 20, 1999, meeting.

* * * * *

D. Background and Summary of the Amendments

These amendments eliminate the use of RFG as a compliant fuel in the Pittsburgh-Beaver Valley Area during the ozone season. Because of concerns with implementation of the existing regulation as it relates to RFG, the Department is eliminating the RFG provisions. Since refiners and marketers have been supplying low Reid vapor pressure (RVP) gasoline during the ozone season, these amendments will have minimal practical consequences. While this low RVP gasoline is more stringent than the Federal requirement, it is necessary because it is part of a comprehensive plan for the Pittsburgh area to attain and maintain the National health-based standard for ground level ozone. These amendments also require that compliance records be kept onsite for all points in the distribution network except at retail facilities. Retail facilities are required to retain compliance records onsite for the current ozone season only. Finally, these amendments also correct the technical language relating to sampling procedures.

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 155]

Enumeration

The Department of Public Welfare (Department), by this order, adopts the amendments to read as set forth in Annex A under the authority of sections 201(2) and 403(b) of the Public Welfare Code (code) (62 P. S. §§ 201(2) and 403(b)).

The proposed amendments were published at 27 Pa.B. 3679 (July 26, 1997). No comments were received and there are no changes to the published amendments.

Purpose

The purpose of these amendments is to delete §§ 155.1, 155.3, 155.4, 155.41, 155.44, 155.61, 155.64, 155.74 and 155.84. The Department is replacing all previous regulations and procedures with a single requirement which provides that applicants for and recipients of assistance benefits shall comply with Federal enumeration requirements. Federal regulations require that applicants and recipients of Medical Assistance (MA), Food Stamps and Temporary Assistance for Needy Families (TANF) shall, as a condition of eligibility, disclose or apply for a Social Security Number (SSN). Federal statutes and regulations relating to enumeration are applicable to all programs in which Federal funding is received (for example, MA, Food Stamps and TANF). Further, section 432.2(b)(3) of the code (62 P. S. § 432.2(b)(3)) requires that applicants or recipients of State-funded programs also provide SSNs. Therefore, the Department has adopted the same practice for State-funded programs as for those in which Federal funding is received.

Background

Section 1137 of the SSA (42 U.S.C.A. § 1320b-7), added to the Social Security Act by section 2651 of the Deficit Reduction Act of 1984 (Pub.L. No. 98-369), provides the authority by which the Department requires all persons applying for or receiving TANF, Nonmoney Payment Medical Assistance (NMP) and Medically Needy Only Medical Assistance (MNO) to disclose or apply for an SSN. Federal enumeration requirements for the Food Stamp Program are adopted by reference in § 501.1 and are not included in Chapter 155. Section 432.2(b)(3) of the code, as amended, further provides the authority by which the Department requires that persons applying for or receiving General Assistance (GA), State Blind Pension (SBP) or MNO in a related category shall disclose or make application for SSNs. In addition, the Federal requirements mandate the Department to verify all SSNs with the Social Security Administration (SSA).

Need for the Amendments

These amendments will enable the Department to use, by reference, the enumeration regulations in the *Code of Federal Regulations*. It will also facilitate the issuance of instructional material to county assistance offices (CAOs) for the operation of the program. This eliminates any need for the Department to promulgate its own regulations to implement a new change in Federal regulations.

Requirements

Section 1137 of the Social Security Act, requires applicants and recipients to provide their SSN or apply for one if they do not have a number.

These amendments make no substantive changes to enumeration requirements already in effect. They will have no additional impact on applicants for, or recipients of, public assistance programs.

Affected Persons and Organizations

The changes to Chapter 155 will not change enumeration requirements which currently exist.

Accomplishments/Benefits

The changes to Chapter 155 will ensure immediate compliance with Federal regulation changes and simplify administration of the program by eliminating the need to revise 55 Pa. Code to reflect changes in Federal regulations.

Public Comment

Written comments, suggestions and objections were solicited within a 30-day period after the publication date.

Discussion of Comments

No comments were received and there are no changes to the published amendments.

Fiscal Impact

The amendments will have no fiscal impact on State or local government or private entities.

Paperwork Requirements

The changes to Chapter 155 will reduce paperwork requirements associated with administration of the program by eliminating the need to revise 55 Pa. Code to reflect changes in Federal regulations.

Effective Date

The amendments are effective upon publication as final rulemaking.

Sunset Date

A sunset date is not applicable.

Regulatory Review Act

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of the notice of proposed rulemaking published at 27 Pa. B. 3679 (July 26, 1997) to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Health and Welfare and the Senate Committee on Public Health and Welfare for review and comment. Compliance with section 5(b.1) of the Regulatory Review Act was not necessary because the Department did not receive comments from the IRRC, the Committees or the public on the proposed amendments. No changes were made to the proposed amendments.

These final-form regulations were approved by the Senate Public Health and Welfare Committee and the House Health and Welfare Committee on September 9, 1999, and were deemed approved by IRRC on September 23, 1999, in accordance with section 5(g) of the Regulatory Review Act.

Findings

The Department finds that:

(1) Public notice of intention to adopt the administrative regulations amended by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of these amendments in the manner provided in this order is necessary and appropriate for the administration and enforcement of the code.

Order

The Department, acting under the code, orders that:

(a) The regulations of the Department, 55 Pa. Code Chapter 155, are amended by deleting §§ 155.1, 155.3, 155.4, 155.41, 155.44, 155.61, 155.64, 155.74 and 155.84 and by adding § 155.2 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Attorney General and General Counsel for approval as to legality and form as required by law.

(c) The Secretary of the Department shall duly certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

FEATHER O. HOUSTOUN,
Secretary

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 29 Pa.B. 5357 (October 9, 1999).)

Fiscal Note: Fiscal Note 14-425 remains valid for the final adoption of the subject regulations.

PROPOSED RULEMAKING

INSURANCE DEPARTMENT

[31 PA. CODE CH. 25]

Insurance Holding Company Systems

The Insurance Department (Department) proposes to amend Chapter 25 (relating to rules and procedural requirements for insurance holding company systems) to read as set forth in Annex A. The rulemaking is proposed under the authority of section 337.8 and Article XIV of The Insurance Company Law of 1921 (act) (40 P. S. §§ 459.8 and 991.1401—991.1413). The chapter sets forth rules, procedural requirements and reporting forms relating to acquisitions of control of or mergers with insurers and transactions within insurance holding company systems.

Purpose

In 1994, the act was amended to: (1) bring health maintenance organizations within the scope of the act; and (2) update provisions relating to dividends and other material transactions within an insurance holding company system to meet minimum financial regulation standards adopted by the National Association of Insurance Commissioners (NAIC). See the act of February 17, 1994, (P. L. 92, No. 9). This rulemaking includes revisions needed to update the chapter to reflect the 1994 amendments to the act.

The rulemaking also includes a prescribed form for providing notice of the potential competitive impact of a proposed merger or acquisition under section 1403 of the act (40 P. S. § 991.1403). The new form (Form E) is consistent with a model form adopted by the NAIC and will provide the Department with information needed to determine whether a proposed merger or acquisition would violate the competitive standard of section 1403(d) of the act.

In addition, this rulemaking includes amendments to clarify a number of existing procedural and reporting requirements and eliminate other requirements deemed to be unnecessary or duplicative.

Therefore, the proposed rulemaking will update the chapter to be consistent with current Commonwealth law and the NAIC reporting standards and improve upon the clarity and efficiency of reporting requirements relating to insurance holding company systems.

Explanation of Regulatory Requirements

Section 25.1 (relating to definitions) is being amended to add a definition of "surplus." Terms used in statutory accounting are not consistent for all types of insurers subject to the act. Therefore, a definition of "surplus" is needed to provide a common meaning of that term for purposes of compliance with this chapter. A definition for the "NAIC—National Association of Insurance Commissioners" has been added for ease of reference in using the chapter.

Section 25.2 (relating to purpose) is being deleted because it does not provide information that is necessary to understand the meaning and intent of the provisions of the chapter.

Section 25.11 (relating to expenses) is being amended to include standards relating to costs of outside experts retained to assist the Department in the evaluation of

filings made under the chapter. The standards are consistent with Chapter 12 (relating to costs of examinations) and the Commonwealth's procedures for retaining the services of outside parties.

Section 25.12(b) (relating to forms—general requirements) is being amended to eliminate the requirement to file duplicate copies of insurance holding company registration forms and forms providing notice of material transactions. However, because applications for the Department's approval of an acquisition of control of an insurer are available for public inspection, duplicate copies of the forms used for those applications (Forms A and E) will still be required. A new § 25.12(c) has been added to provide instructions relating to assertions of confidentiality, privilege or trade secret with respect to information included or referenced within Form A and E filings. The new section is consistent with a Department Notice published at 27 Pa.B. 2216 (May 3, 1997). Section 25.12(b) is also being amended to permit filings by facsimile or other form of electronic transmission acceptable to the Department. The additional language will allow the Department to accept electronic filings as soon as the required technology and procedures are in place.

Section 25.14(b)(3) (relating to forms—information unknown or unavailable and extension of time to furnish) is being amended to eliminate the requirement that the Commissioner enter a formal order to deny a request for an extension of time for filing required information. The amendment would allow a request for extension of time to be deemed granted unless denied in writing by the Department within 30 days of receipt.

Section 25.15 (relating to forms—additional information and exhibits) is being amended to clarify that the Commissioner may require the person filing a form to provide additional information as may be necessary to make the filing not misleading or to determine compliance with the act.

Under sections 1402(f)(1)(ii) and 1403(d) of the act (40 P. S. §§ 991.1402(f)(1)(ii) and 991.1403(d)), the Department may enter an order disapproving a merger or acquisition if there is substantial evidence that the effect of the transaction would be to substantially lessen competition or tend to create a monopoly in insurance in this Commonwealth. Section 1403(c)(2) of the act provides for information relating to the competitive impact of a proposed merger or acquisition to be furnished in a form as prescribed by the NAIC. Section 25.16(a) and (c) (relating to acquisition of control—statement filing) are being amended to include Form E as the prescribed form for providing the required information. Form E is consistent with a model form adopted by the NAIC. In addition § 25.16(d) is being added to clarify section 1403(c)(2) of the act relating to information in addition to that furnished on Form E that may be required to determine the competitive impact of a proposed merger or acquisition in this Commonwealth. The information may include an opinion of an economist, accompanied by a summary of the economist's education and experience.

Section 25.16(b) (relating to acquisition of control—statement filings) is being amended to clarify that Form A is not required when filing a request for an exemption from section 1402 of the act.

Under section 1402(d) of the act, material changes in the facts in Form A or E shall be filed with the Department within 2 business days after the person filing

the forms learns of the change. Section 25.16(e) is being added to clarify that, if the acquiring person is not an individual, a material change includes changes in directors, executive officers or owners of 10% or more of the voting securities of the acquiring person. Section 25.16(d) is also being amended to allow an amendment disclosing all other changes to be filed within 5 business days. The 5-day requirement is being added in recognition that, while the Department must be aware of any changes in information provided in Forms A and E, the 2-day requirement should apply only to changes that may have a material effect on the Commissioner's disposition of the filing.

Section 25.17(c) (relating to annual registration of insurers—statement filing) is being amended to eliminate the requirement to file an amendment to an annual registration statement (Form B) if a material change in the information provided in the statement has already been properly reported as a dividend, other distribution to shareholders or other transaction under the regulation. This change will allow for adequate reporting of material transactions without duplicative filings.

Section 25.18 (relating to summary of registration—statement filing) requires an insurer to file a copy of Form C with another jurisdiction within 15 days from receipt of a written request from the chief insurance regulatory official of the jurisdiction. The section is being amended to require the insurer to file the requested form by the date instructed by the requesting official or no later than 15 days from receipt of the request. These amendments will recognize the discretion of a regulatory official in another jurisdiction to request the filing within a shorter time frame.

Under section 1405(a)(2) of the act (40 P. S. § 991.1405(a)(2)), an insurer may not enter into certain material transactions unless the insurer has provided at least 30 days notice to the Department of its intention to enter into the transaction and the Department has not disapproved the transaction. Section 25.21 (relating to transactions subject to prior notice—notice filing) requires notice of these transactions to be furnished on Form D as prescribed by the chapter. Section 25.21(b) is being added to require a material change in the information furnished on Form D to be reported as an amendment to Form B, the annual registration statement. The addition of § 25.21(b) in conjunction with the amendment to § 25.17 will eliminate duplicative reporting requirements. An insurer is currently required to provide 30 days prior notice of certain transactions on Form D and then report the same transaction 15 days after the end of the month in which it occurs as an amendment to Form B. The proposed amendments eliminate the requirement to file both a Form D and an amendment to Form B, unless there is a change in the information initially provided on Form D. Finally, § 25.21(c) is being added to provide notice that the Department may withdraw its prior approval of a transaction or take other regulatory action as a result of a material change in the information furnished on Form D.

Section 25.22 (relating to all dividends and other distributions) currently applies to only extraordinary dividends or other extraordinary distributions reported under section 1405(b) of the act. The section is being amended to broaden its application to all types of dividends and other distributions reported under the act. Section 25.22(a) is being added to provide instructions for reporting all dividends and other distributions under section 1404(e) of the act. Section 25.22(b) is being added to

provide instructions for requesting the Department's approval to pay dividends and other distributions from other than unassigned funds (surplus) under section 337.8 of the act. Section 25.22(c) is being amended to refer to the section of the act relating to extraordinary dividends or other extraordinary distributions. Section 25.22(c) lists information required to be included in reports and requests filed with the Department under the section and is being amended to apply to all types of dividends and other distributions and to reflect the 1994 amendments to the act. Section 25.22(d) and (e) are being added to provide format and procedural requirements for reports of dividends and other distributions consistent with requirements relating to Form D filings. These provisions are needed to establish consistent reporting standards for all types of transactions under the act. Finally, § 25.22(f) is being added to provide notice that the Department may withdraw its prior approval of a dividend or other distribution and require the transaction to be reversed or take other regulatory action as a result of a material change in information reported under the section.

Transactions within an insurance holding company system are subject to standards in section 1405(a) of the act. One of the standards (section 1405(a)(v) of the act) is whether the insurer's surplus after the transaction will be reasonable in relation to its outstanding liabilities and adequate to its financial needs. Section 1405(d) of the act lists factors that the Department will consider in determining whether the standard in section 1405(a)(v) of the act has been met. Section 25.23 (relating to adequacy of surplus) is being amended to clarify for users of the chapter that the factors in section 1405(d) of the act relate to the standard in section 1405(a)(v) of the act.

Form A, Item 3 (relating to identity and background of individuals associated with the applicant) and Form B, Item 4 (relating to biographical information) are being amended to eliminate the need to include a biographical affidavit with the forms if an affidavit furnished within the immediately preceding 3 years is currently on file with the Insurance Commissioner. These amendments will eliminate unnecessary filings while assuring that the Department has current information.

Form B, Item 5 (relating to transactions and agreements) is being amended to clarify that annual registration statements shall include extraordinary dividends and other material transactions that have occurred during the last calendar year. Interim amendments to Form B will no longer be required for transactions and dividends reported under §§ 25.21 and 25.22. Therefore, this amendment is needed to clarify that the next annual registration statement shall include all transactions that have occurred during the past year, including transactions for which prior notice was required.

Form B, Item 8 (relating to financial statements and exhibits) is being amended to include current Department policy relating to financial statements for controlling persons who are individuals. The policy was published as *Insurance Department Notice No. 1993-19* and provides that individuals may file personal financial statements that are reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards published by the American Institute of Certified Public Accountants.

Form C-Summary Registration Statement is being amended to require descriptions of items that have changed from the prior year's annual registration statement to include the date and dollar amount of the change

and to identify any previous filings made as a result of the change. This information is needed to permit the Department to properly identify and evaluate related filings under the act.

Forms A—C are being amended to require persons filing the forms to include the NAIC code numbers of the affected insurers. The inclusion of the NAIC number will facilitate the Department's use of electronic data in reviewing the forms.

Form D, Item 2.B. (relating to description of the transaction) is being amended to better define what is required in a description of the nature of a proposed material transaction. The amendment provides for the description to include the purpose of the transaction and its anticipated immediate and long-term effect on the financial condition of the insurer. This information is needed for the Department to determine whether the transaction meets the standards under section 1405 of the act including whether the insurer's surplus after the transaction will be reasonable in relation to its outstanding liabilities and adequate to its financial needs.

Form D, Items 3—5 (relating to sales, purchases, exchanges, loans, extensions of credit, guarantees, investments or contributions to surplus; loans or extensions of credit to a nonaffiliate; and reinsurance) are being amended to update these items consistent with language in the 1994 amendments to the act.

A new Form E is being added to prescribe the form for providing notice of the potential competitive impact of a proposed merger or acquisition under section 1403 of the act. Form E requires information relating to the competitive impact of the transaction on the insurance market in this Commonwealth. The form is consistent with a model form adopted by the NAIC.

Further amendments have been made to §§ 25.12—25.17, 25.19, 25.20 and Forms A—D to improve upon the clarity and readability of the chapter.

External Comments

In drafting this proposed rulemaking, the Department requested comments from The Insurance Federation of Pennsylvania, Inc., and the Pennsylvania Association of Mutual Insurance Companies. The comments received in response to the Department's request were considered in the development of this rulemaking.

Fiscal Impact

The proposed reporting requirements in this rulemaking will impose no significant costs on persons filing applications to merge with or acquire control of insurers transacting business in this Commonwealth or on domestic insurance companies in insurance holding company systems. This proposed rulemaking will reduce current costs imposed on regulated parties to the extent that it eliminates duplicative filing requirements. Department costs associated with the review of applications and statements filed under Chapter 25 will not increase as a result of this rulemaking. This rulemaking will not impact on costs to political subdivisions. While this rulemaking has no immediate fiscal impact on the general public, the general public will benefit to the extent that adoption of this rulemaking enhances the efficiency and effectiveness of the Commonwealth's regulation of domestic insurers in insurance holding company systems under the act.

Paperwork

Because this proposed rulemaking updates the chapter consistent with requirements imposed and implemented under the 1994 amendments to the act, this proposed rulemaking will impose no additional paperwork requirements on domestic insurers or other persons subject to the act. This proposed rulemaking reduces paperwork by eliminating duplicative filings relating to biographical information, reporting forms and notices of proposed material transactions. The disclosure and review requirements in the proposed amendments are necessary for the Department to evaluate whether proposed mergers, acquisitions and material transactions within an insurance holding company system are fair and reasonable and do not have an adverse impact on the interests of policyholders or the financial stability of a domestic insurer.

Persons Regulated

This proposed rulemaking applies to persons filing applications to merge with or acquire control of an insurer transacting business in this Commonwealth, domestic insurers (including health maintenance organizations) in insurance holding company systems and other domestic insurers filing reports of dividends and other distributions with the Department.

Contact Person

Questions or comments regarding this proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, Office of Special Projects, 1326 Strawberry Square, Harrisburg, PA 17120, within 30 days following the publication of this notice in the *Pennsylvania Bulletin*.

Questions or comments may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on October 5, 1999, the Department submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Insurance and the Senate Committee on Banking and Insurance. In addition to submitting this proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the agency in compliance with Executive Order 1996-1. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the regulations by the Department, the General Assembly and the Governor of objections raised.

M. DIANE KOKEN,
Insurance Commissioner

Fiscal Note: 11-182. No fiscal impact; (8) recommends adoption.

Annex A
TITLE 31. INSURANCE
PART I. GENERAL PROVISIONS
Subpart B. SECURITIES AND STOCK
TRANSACTIONS
CHAPTER 25. RULES AND PROCEDURAL
REQUIREMENTS FOR INSURANCE HOLDING
COMPANY SYSTEMS

§ 25.1. Definitions.

(a) The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

NAIC—The National Association of Insurance Commissioners, or successor organization.

Surplus—Total assets less total liabilities as calculated and reported in accordance with the annual statement instructions and accounting practices and procedures manuals adopted by the NAIC as required by the Commissioner.

Ultimate controlling person—[That] A person which is not controlled by another person. An ultimate controlling person may be one or more of the following: individual, corporation, limited liability corporation, partnership, association, joint stock company, trust, unincorporated organization, or any similar entity or combination of the foregoing who directly or indirectly controls the registrant.

* * * * *

§ 25.2. [Purpose] (Reserved).

[(a) The purpose of this chapter is to set forth the rules and procedural requirements which the Commissioner deems necessary to carry out the act. The information required by this chapter is necessary and appropriate in the public interest and for the protection of the policyholders of this Commonwealth.

(b) The practice of acquisition of a controlling interest in an insurance company without an advance disclosure of intentions to the insurance company itself shall be regarded as incompatible with the responsibility of the Department to protect the interests of policyholders and the public and to assure itself as to the present and continuing financial stability of the insurance company.

(c) The Department will exercise the powers accorded it by the insurance laws of the Commonwealth to require the disclosure of pertinent information with regard to proposed acquisitions and transactions within a holding company system so that the Department may make an informed and reasoned evaluation of the impact of the proposed acquisition upon the interests of the policyholders and the public and upon the financial stability of the insurance company.]

§ 25.11. Expenses.

[Expenses incurred by the Department in the evaluation of a filing under this chapter related to expert testimony and consulting services, including legal advice, may be assessed by the Commissioner in his discretion to the person filing the statements prescribed in this chapter.]

(a) Under sections 1402(f)(3) and 1405(a)(4) of the act (40 P. S. §§ 991.1402(f)(3) and 991.1405(a)(4)), the Department may retain attorneys, actuaries, accountants and other experts not otherwise a part of the Department's staff as may be reasonably necessary to assist the Department in the evaluation of a filing under this chapter.

(b) The cost of experts retained by the Department will be charged to and paid by the person filing the statements or a designee of the person acceptable to the Department.

(c) The Department will require that per diem charges for experts retained by the Department be comparable to prevailing rates for the services.

(d) Charges for travel, lodging and food expenses of experts retained by the Department will be made in accordance with provisions set forth in letters of engagement.

§ 25.12. Forms—general requirements.

(a) Forms [A—D] A—E are intended to be guides in the preparation of the statements required by sections 1402[, 1404 and]—1405 of the act (40 P. S. §§ 991.1402[, 991.1404 and]—991.1405). They are not intended to be blank forms which are to be filled in. The [statements] forms filed shall contain the numbers and captions of all items, but the text of the items may be omitted if the answers are prepared in a manner that indicates clearly the scope and coverage of the items. Instructions, whether appearing under the items of the form or elsewhere therein, shall be omitted. Unless expressly provided otherwise, if an item is inapplicable or the answer thereto is in the negative, an appropriate statement to that effect shall be made.

(b) Two [complete] copies of [each statement] Forms A and E and one copy of Forms B—D, including exhibits and other papers and documents filed as a part thereof, shall be filed with the Commissioner by personal delivery [or], mail, facsimile or other form of electronic transmission acceptable to the Department. [A copy of Form C shall be filed in each state in which an insurer is authorized to do business, if the Commissioner of that state has notified the insurer of its request in writing. The insurer has 15 days from receipt of the notice to file the form.] At least one [of the copies] copy shall be [manually] signed in the manner prescribed on the form. Unsigned copies shall be conformed. If the signature of a person is affixed under a power of attorney or other similar authority, a copy of the power of attorney or other authority shall also be filed with the [statement] form.

(c) One of the filed copies of Forms A and E will be available for public inspection as of the date the initial filing is made. Form A or E filings may contain or reference materials that are confidential, proprietary or privileged under statute, regulation, case law, administrative or court order or other authority. If a person filing a Form A or E wishes to assert that materials included or referenced within the filing are confidential, proprietary or privileged and should not be available for public inspection, the person shall notify the Department at the time the initial filing is made as follows:

(1) Identify the specific information, document, report or other material that is asserted to be confidential, proprietary or privileged.

(2) State the basis upon which the assertion of confidentiality, proprietary or privilege is premised.

(3) Identify the person to whom inquiries regarding the issue of confidential treatment should be directed.

(4) Submit one copy of the filing with the materials asserted to be confidential, proprietary or privileged physically separate from the remainder of the filing, or as otherwise instructed by the Department.

(d) [Statements] Forms shall be prepared on 8 1/2" x 11" paper and preferably bound at the top or the top left-hand corner. Exhibits and financial statements, unless specifically prepared for the filing, may be submitted in their original size. Copies of [statements] forms, financial statements or exhibits shall be clear, easily readable and suitable for photocopying. Debits in credit categories and credits in debit categories shall be designated so that they are clearly distinguishable on photocopies.

[(d) Statements] (e) Forms shall be completed in the English language and monetary values shall be stated in United States currency. If [an] a financial statement, exhibit or other paper or document filed with the [statement] form is in a foreign language, it shall be accompanied by a translation into the English language and monetary value shown in a foreign currency normally shall be converted into United States currency utilizing the conversion rate in effect as of the financial statement date.

§ 25.13. Forms—incorporation by reference, summaries and omissions.

(a) Information required by an item [of Form A, Form B or Form D] in Form A, B, D or E may be incorporated by reference in answer or partial answer to another item. Information contained in a financial statement, annual report, proxy statement, statement filed with a governmental authority or another document may be incorporated by reference in answer or partial answer to an item [of Form A, Form B or Form D] in Form A, B, D or E if the document or paper is filed as an exhibit to the [statement] form. Excerpts of documents may be filed as exhibits if the documents are extensive. Documents currently on file with the Commissioner which were filed within the immediately preceding 3 years need not be attached as exhibits if there has been no change in the information already on file. References to information contained in exhibits or in documents already on file shall clearly identify the material and shall specifically indicate that the material is to be incorporated by reference in answer to the item. Matter may not be incorporated by reference if the incorporation would [render] make the [statement] information provided in the form incomplete, unclear or confusing.

(b) If an item requires a summary or outline of the provisions of a document, only a brief statement shall be made as to the pertinent provisions of the document. In addition to the brief statement, the summary or outline may incorporate by reference particular parts of an exhibit or document currently on file with the Commissioner which was filed within the immediately preceding 3 years and may be qualified in its entirety by that reference. [If] When two or more documents required to be filed as exhibits are substantially identical in all

material respects, except as to the parties thereto, the dates of execution or other details, a copy of only one of the documents needs be filed with a schedule identifying the omitted documents and setting forth the material details in which the omitted documents differ from the [documents a copy of] document which is filed.

[(c) When Form A and Form B require background information on individuals, the information shall be presented in the form of biographical affidavits signed in the original and notarized.]

§ 25.14. Forms—information unknown or unavailable and extension of time to furnish.

(a) Information required need be given only insofar as it is known or reasonably available to the person filing the [statement] form. If required information is unknown and not reasonably available to the person filing, either because the obtaining thereof would involve unreasonable effort or expense, or because it rests peculiarly within the knowledge of another person not affiliated with the person filing, the information may be omitted, subject to the following conditions. The person filing shall:

* * * * *

(b) If it is impractical to furnish required information, document or report at the time it is required to be filed, there may be filed with the Commissioner a separate document:

* * * * *

(3) Requesting an extension of time for filing the information, document or report to a specified date. The request for extension shall be deemed granted unless the Commissioner within 30 days after receipt thereof [enters an order denying] denies the request.

§ 25.15. Forms—additional information and exhibits.

(a) In addition to the information expressly required to be included in Forms [A—D, there shall be added] A—E, the person filing shall provide further material information, if any, as necessary to make the information contained [therein] in the form not misleading. The person filing may also file exhibits as desired in addition to those expressly required by the [statement] form. The exhibits shall be marked to indicate clearly the subject matters to which they refer. The Commissioner may require the person filing the form to provide additional information as may be necessary to determine compliance with the act.

(b) Changes to Form A, B, C [or], D or E shall include on the top of the [cover] first page the phrase: "Change No. (insert number) to" and shall indicate the date of the change and not the date of the original filing.

§ 25.16. Acquisition of control—statement filings.

(a) A person required to file a statement under section 1402 of the act (40 P.S. § 991.1402) shall furnish the required information on Form A as prescribed by this chapter. If the information requirements in section 1403(c)(2) and the criteria in section 1403(d)(2) of the act (40 P.S. § 991.1403(c)(2) and (d)(2)) apply to a Form A filing, the person shall also furnish the required information on Form E as prescribed by this chapter.

(b) [The applicant shall advise the Commissioner within 5 business days of changes in the information furnished on Form A arising subsequent to the date upon which the information was furnished but prior to the Commissioner's disposition of the application.] A person filing a request under section 1402(g) of the act (40 P.S. § 991.1402(g)) for an exemption from the provisions of section 1402 of the act is not required to file a Form A as prescribed by this chapter but shall provide information deemed by the Commissioner as necessary to determine that an offer, request, invitation, agreement or acquisition has not been made or entered into for the purpose and will not have the effect of changing or influencing the control of a domestic insurer or otherwise is not comprehended within the purposes of section 1402 of the act.

(c) A person required to file a preacquisition notification under section 1403(b) for an acquisition not subject to a Form A filing under section 1402 of the act shall file Form E as prescribed by this chapter.

(d) Under section 1403(c)(2) of the act, the Department may require material and information in addition to the information required by Form E as reasonably necessary to determine whether the proposed acquisition, if consummated, would exceed the competitive standard of section 1403(d) of the act. The additional information required may include an opinion of an economist as to the competitive impact in this Commonwealth of an acquisition that would exceed the competitive standard of section 1403(d) of the act. The opinion shall be obtained by the person filing the form and shall be accompanied by a summary of the economist's education and experience indicating the economist's ability to render an informed opinion.

(e) Under section 1402(d) of the act, a person shall file with the Department and send to the insurer an amendment disclosing a material change in the information furnished on Forms A and E within 2 business days after the person learns of the change. If the acquiring person is not an individual, a material change includes changes in directors, executive officers or owners of 10% or more of the voting securities of the acquiring person. In addition, the person shall file with the Department and send to the insurer within 5 business days an amendment disclosing a change other than a material change in the information furnished on Forms A and E arising after the date on which the form was filed but before a determination is made on the filing.

(f) If the person being acquired is deemed to be a "domestic insurer" [solely because of] under section 1402(a)(2) of the act, the name of the domestic insurer on the [cover] first page of Forms A and E shall be indicated as follows: "ABC Insurance Company, a subsidiary of XYZ Holding Company."

[(d)] (g) If a [section 1402(a)(2) insurer] person deemed to be a "domestic insurer" under section 1402(a)(2) of the act is being acquired, references to "the insurer" [contained] in [Form] Forms A and E shall refer to both the domestic subsidiary insurer and the person being acquired.

§ 25.17. Annual registration of insurers—statement filing.

* * * * *

(c) An amendment to Form B shall be filed within 15 days after the end of a month in which there is a material change to the information provided in the annual registration statement, including changes in officers or directors listed in Item 4 of Form B. **An amendment to Form B is not required if a material change has been reported as a dividend, other distribution to shareholders, or other transaction under §§ 25.21 and 25.22 (relating to transactions subject to prior notice—notice filing; and all dividends and other distributions), and there has been no change in the reported information.**

(d) Amendments shall be filed in the Form B format with only items which are being amended reported. Each amendment shall include at the top of the [cover] first page "Amendment No. (insert number) to Form B for (insert year of most recent filing)" and shall indicate the date of the [change] amendment and not the date of the original filing.

§ 25.18. Summary of registration—statement filing.

An [insurer required to file an] annual registration statement filed under section 1404 of the act (40 P.S. § 991.1404) [is also required to furnish] shall include the information required on Form C as prescribed by this chapter. [An insurer shall file a] A copy of Form C shall be filed in [each state] any jurisdiction in which an insurer is authorized to do business, if [requested by the Commissioner of that state] chief insurance regulatory official of the jurisdiction has notified the insurer of its request in writing, in which case the insurer shall file the form by the date required by the requesting chief insurance regulatory official or within 15 days from receipt of the notice to file the form, whichever is later.

§ 25.19. Alternative and consolidated registrations.

(a) [An authorized] Under section 1404(i) of the act (40 P.S. § 991.1404(i)), an insurer authorized to do business in this Commonwealth may file a registration statement on behalf of an affiliated insurer which is required to register under section 1404 of the act [(40 P.S. § 991.1404)]. A registration statement may include information [not required by the act] regarding an insurer in the insurance holding company system even if the insurer is not authorized to do business in this Commonwealth. In lieu of filing a registration statement on Form B, [the authorized insurer] an insurer authorized to do business in this Commonwealth may file a copy of the registration statement or similar report which it is required to file in its state of domicile, if:

* * * * *

(b) The question of whether the filing insurer is the principal insurance company in the insurance holding company system is a question of fact [and an]. An insurer filing a registration statement or report in lieu of Form B on behalf of an affiliated insurer shall set forth a brief statement of facts [which will] to substantiate the filing insurer's claim that it, in fact, is the principal insurer in the insurance holding company system.

* * * * *

(d) An insurer may take advantage of the provisions of section 1404(h) or (i) of the act without obtaining the prior approval of the Commissioner. The Commissioner reserves the right to require individual filings if **[it is deemed] the Commissioner deems** that the filings are necessary in the interest of clarity, ease of administration or the public good.

§ 25.20. Disclaimers and termination of registration.

(a) A disclaimer of affiliation or a request for termination of registration **under section 1404(g) and (k) of the act (40 P. S. § 991.1404(g) and (k))** claiming that a person does not, or will not upon the taking of some proposed action, control another person, referred to as the "subject" within this chapter, shall contain the following information:

* * * * *

(b) A request for termination of registration shall be deemed to have been granted unless the **[Commissioner] Department**, within 30 days after **[he receives] receipt** of the request, notifies the registrant otherwise.

§ 25.21. Transactions subject to prior notice—notice filing.

(a) * * *

(b) The insurer shall file an amendment to Form B reporting a material change in the information furnished on Form D, including a change in the effective date of the transaction, within 15 days after the end of a month in which the transaction is effectuated.

(c) The Department may withdraw its prior approval of a transaction and require the transaction to be reversed or take other regulatory action as a result of a material change in information furnished on Form D.

§ 25.22. [Extraordinary] All dividends and other distributions.

(a) Under section 1404(e) of the act (40 P. S. § 991.1404(e)), a registered insurer is required to report to the Department all dividends and other distributions to shareholders within 5 business days following the declaration thereof and at least 10 days, commencing from the date of receipt by the Department, prior to payment thereof. The report shall include the information in section 1404(e) of the act and subsection (c)(1)–(5). Upon the insurer's request, the Commissioner may grant a waiver from providing the information in subsection (c)(5) for dividends other than dividends reported under section 1405(b) of the act (40 P. S. § 991.1405(b)) and dividends and other distributions filed under section 337.8 of the act (40 P. S. § 459.8).

(b) Under section 337.8 of the act, a domestic insurance company, association or exchange may pay dividends and other distributions to shareholders only out of unassigned funds (surplus) or upon approval of the Commissioner. Information filed with the Commissioner under section 337.8 of the act shall include the information in subsection (c)(1)–(5).

(c) Requests for approval of extraordinary dividends or another extraordinary distribution **[, jointly**

referred to as "dividend" in this section,] to shareholders **under section 1405(b) of the act** shall include the following:

(1) The amount of the proposed dividend **or other distribution**.

(2) The date established for payment of the dividend **or other distribution**.

(3) A statement as to whether the dividend **or other distribution** is to be in cash or other property and, if in property, a description thereof, its cost and its fair market value together with an explanation of the basis for valuation.

(4) A copy of the calculations determining that the proposed dividend **or other distribution** is **or is not** extraordinary. The work paper shall include the following information **with respect to the domestic insurer**:

(i) The amounts, dates and form of payment of **[dividends, including regular dividends but excluding distributions of the insurer's own securities, paid within the period of 12 consecutive months ending on the date fixed for payment of the proposed dividend for which approval is sought and commencing on the day after the same day of the same month in the last preceding year]** all dividends and other distributions made within the previous 12 consecutive months ending on the date fixed for payment of the proposed dividend and commencing on the day after the same day of the same month in the last preceding year.

(ii) Surplus **[as regards policyholders]**, total capital and surplus, as of the 31st day of December next preceding.

(iii) **[The net gain from operations as described in section 1405 of the act (40 P. S. § 991.1405) for the 12-month period ending the 31st day of December next preceding, if the insurer is a life insurer.]** The net income for the 12-month period ending the 31st of December next preceding.

[(iv) The net investment income earned before net realized capital gains or losses as described in section 1405 of the act for the 12-month period ending the 31st day of December next preceding and the two preceding 12-month periods, if the insurer is not a life insurer.

(v) The dividends paid to stockholders excluding distributions of the insurer's own securities in the preceding 2 calendar years, if the insurer is not a life insurer.

(6)] (5) A balance sheet and statement of income for the period intervening from the last annual statement filed with the Commissioner and the end of the month preceding the month in which the request for dividend **or other distribution** approval is submitted.

[(7)] (6) A statement demonstrating the transaction's compliance with section 1405(d) of the act by describing the effect of the proposed dividend **or other distribution** upon the insurer's surplus and the reasonableness of surplus in relation to the insurer's outstanding liabilities and the adequacy of surplus relative to the insurer's financial needs.

[(b) Under section 1405(b)(1)(i) of the act, a registered insurer shall provide written notice to the Commissioner of all dividends to shareholders

within 15 business days following the declaration thereof, including the same information required by subsection (a)(4)(i)—(v).]

(d) Reports of dividends and other distributions under this section shall include on the top of the first page the phrase: "Notice of Dividend or Other Distribution" and the name of the insurer.

(e) The insurer shall report changes in information furnished under subsection (c) within 15 days after the end of a month in which the dividend or other distribution is paid. If the dividend or other distribution is required to be reported on Form B, the insurer shall report the changes as an amendment to Form B. If the dividend or other distribution is not subject to a Form B filing, the report of changes shall state on the top of the first page the phrase: "Change No. (insert number) to," and shall include the date of the change, date of declaration, amount paid, payment date, form of payment and the nature of and reason for the change.

(f) The Department may withdraw its prior approval of a dividend or other distribution and require the transaction to be reversed or take other regulatory action as a result of a material change in information furnished under this section.

§ 25.23. Adequacy of surplus.

[(a)] The factors in section 1405(d) of the act (40 P. S. § 991.1405(d)) to be considered in determining whether an insurer's surplus is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs are not intended to be an exhaustive list. In determining the adequacy and reasonableness of an insurer's surplus, no single factor is necessarily controlling. The Commissioner will consider the net effect of these factors plus other factors bearing on the financial condition of the insurer. In comparing the surplus maintained by other insurers, the Commissioner will consider the extent to which each of these factors varies from company to company [and in]. In determining the quality and liquidity of investments in subsidiaries, the Commissioner will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant.

INSURANCE HOLDING COMPANY SYSTEM ANNUAL REGISTRATION STATEMENT

Filed with the Insurance Department of the Commonwealth of Pennsylvania by (Name of Registrant) on behalf of the following insurance companies:

Name Address
NAIC Code Number State of Domicile
Date: _____, _____

Name, title, address and telephone number of individual to whom notices and correspondence concerning this statement should be addressed:

* * * * *

Item 2. Organizational Chart

Furnish a chart or listing clearly presenting the identities of and interrelationships among all affiliated persons within the insurance holding company system. No affli-

ate need be shown if its total assets are equal to less than 1/2 of 1% of the total assets of [the] an ultimate controlling person within the insurance holding company system unless it has assets valued at or exceeding \$5,000,000. The chart or listing should show the percentage of each class of voting securities of each affiliate which is owned, directly or indirectly, by another affiliate.

If control of any person within the system is maintained other than by the ownership or control of voting securities, indicate the basis of such control. As to each person specified in the chart or listing indicate the type of organization (e.g., corporation, trust, partnership) and the state or other jurisdiction of domicile.

Item 3. [The] Ultimate Controlling Person

As to [the] an ultimate controlling person in the insurance holding company system furnish the following information:

* * * * *

Item 4. Biographical Information

Furnish the following information for the directors and executive officers of [the] an ultimate controlling person in the form of biographical affidavits signed in the original and notarized: the individual's name and address, his or her principal occupation and all offices and positions held during the past five (5) years, and any conviction of crimes other than minor traffic violations during the past ten years. Biographical affidavits filed with the Department within the immediately preceding 3 years need not be included if there has been no change in the information already on file.

Item 5. Transactions and Agreements

Briefly describe the following agreements in force, and transactions currently outstanding or which have occurred during the last calendar year, including extraordinary dividends and other material transactions reported under §§ 25.21 and 25.22 of this chapter, between the Registrant and its affiliates:

* * * * *

[No information need be disclosed if such information is not material for purposes of Section 1404 of the Act.]

Sales, purchases, exchanges, loans or extensions of credit, investments or guarantees involving one-half of 1% or less of the Registrant's admitted assets as of the 31st day of December next preceding shall not be deemed material and need not be disclosed.

The description shall be in a manner as to permit the proper evaluation thereof by the Commissioner, and shall include at least the following: the effective date, nature and purpose of the transaction, the nature and amounts of any payments or transfers of assets between the parties, the identity of all parties to [such] the transaction, and relationship of the affiliated parties to the Registrant.

Item 6. Litigation or Administrative [proceedings] Proceedings

A brief description of any litigation or administrative proceedings of the following types, either then pending or concluded within the preceding fiscal year, to which [the] an ultimate controlling person or any of its directors or executive officers was a party or of which the property of [the] an ultimate controlling person or any

of its directors or executive officers is or was the subject; give the names of the parties and the court or agency in which the litigation or proceeding is or was pending:

* * * * *

B. Proceedings which may have a material effect upon the solvency or capital structure of [the] an ultimate [holding company] controlling person including, but not necessarily limited to, bankruptcy, receivership or other corporate reorganizations.

* * * * *

Item 8. Financial Statements and Exhibits

* * * * *

B. The financial statements shall include the annual financial statements of [the] any ultimate controlling person in the insurance holding company system as of the end of the person's latest fiscal year. Financial statements are required for an ultimate controlling person who is an individual as well as a corporation or other type of business organization.

If a holding company system includes more than one ultimate controlling person, annual financial statements are required for each ultimate controlling person unless the Commissioner, in the Commissioner's discretion, finds that annual financial statements for one or more of the ultimate controlling persons are not necessary to carry out the act.

* * * * *

Unless the Commissioner otherwise permits, the annual financial statements shall be accompanied by the certificate of an independent public accountant to the effect that the statements present fairly the financial position of [the] an ultimate controlling person and the results of its operations for the year then ended, in conformity with generally accepted accounting principles or with requirements of insurance or other accounting principles prescribed or permitted under law. If [the] an ultimate controlling person is an insurer which is actively engaged in the business of insurance, the annual financial statements need not be certified, provided they are based on the Annual Statement of the insurer filed with the chief insurance [department] regulatory official of the insurer's domiciliary [state] jurisdiction and are in accordance with requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of that [state] jurisdiction. Any ultimate controlling person who is an individual may file personal financial statements that are reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards for review of personal financial statements published in the Personal Financial Statements Guide by the American Institute of Certified Public Accountants. Personal financial statements shall be accompanied by the independent public accountant's Standard Review Report stating that the accountant is not aware of any material modifications that should be made to the financial statements in order for the statements to be in conformity with generally accepted accounting principles.

C. Exhibits shall include copies of the latest annual reports to shareholders of [the] an ultimate controlling person and proxy material used by [the] an ultimate controlling person; and any additional documents or papers required by this Chapter.

COMMISSION ON CRIME AND DELINQUENCY

Criminal Justice Research Symposium

The Pennsylvania Commission on Crime and Delinquency is sponsoring a Criminal Justice Research Symposium at the Harrisburg Marriott on November 8-9, 1999. The Symposium, "Merging Practice, Policy and Evaluation," will focus on important Statewide and National research in the criminal justice field. Findings from the latest research will be presented, along with workshops on how to conduct research and use evaluation results to inform policy and practice.

The following panels and workshops are tentatively scheduled: Measuring Offender Recidivism, Scared Straight Programs for Juveniles, Victim Restitution: Research and Practice, Evaluation of Pennsylvania's Motivational Boot Camp, Making Correctional Population Projections, The 1999 Pennsylvania Crime Victimization Survey, Assessment of Centralized Police Booking Centers and Evaluation of the Communities That Care Delinquency Prevention Program.

An exhibit showcase is scheduled for both days of the conference. Vendors from the criminal justice field have been invited to participate in this Statewide symposium and to share their research expertise, services, publications and related materials with conference attendees. Exhibitor opportunities are still available.

The Center for Research on Crime and Justice at Penn State University has been contracted to facilitate the conference. For additional information or to register, contact Dr. Barry Ruback, Conference Coordinator, at (814) 865-1307, e-mail: bruback@psu.edu. DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

APPLICATIONS RECEIVED UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated the EPA, Region III, Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) permit to discharge to State waters.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-6130.

PA 0026166. Sewage, **Warminster Municipal Authority**, 415 Gibson Avenue, P. O. Box 2279, Warminster, PA 18974-4163.

This application is for renewal of an NPDES permit to discharge treated sewage from Log College sewage treatment plant in Warminster Township, **Bucks County**. This is an existing discharge to Little Neshaminy Creek.

The receiving stream is classified for the following uses: warm water fishery.

The proposed effluent limits for Outfall 001 and 002, based on an average flow of 8.18 mgd and 0.3 mgd respectively are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewaters into the surface waters of this Commonwealth. The Department of Environmental Pro-

tection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined

sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Office indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a

brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on the Department's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Applications under the Pennsylvania Clean Streams Law

(Part II Permits)

The following permit applications and requests for plan approval have been received by the Department of Environmental Protection (Department).

Persons objecting on the grounds of public or private interest to the approval of an application or submitted plan may file a written protest with the Department at the address indicated above each permit application or plan. Each written protest should contain the following: name, address and telephone number; identification of the plan or application to which the protest is addressed; and a concise statement in sufficient detail to inform the Department of the exact basis of the protest and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given protest. Each commentator will be notified in writing of the time and place if a hearing or conference concerning the plan, action or application to which the protest relates is held. To insure consideration by the Department prior to final action on permit applications and proposed plans, initial protests and additions or amendments to protests already filed should be filed within 15 calendar days from the

date of this issue of the *Pennsylvania Bulletin*. A copy of each permit application and proposed plan is on file in the office indicated and is open to public inspection.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDIVIDUAL PERMITS (PAS)

NPDES Individual

The following parties have applied for an NPDES permit to discharge stormwater from a proposed construction activity into the surface waters of this Commonwealth. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (Department) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. The proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a

summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified as proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

AIR QUALITY

Notice of Plan Approval and Operating Permit Applications

Nonmajor Sources and Modifications

The Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regu-

lated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121-143, the Federal Clean Air Act and regulations adopted under the act.

Notice of Intent to Issue Title V Operating Permits

Under 25 Pa. Code § 127.521, notice is given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F and G (relating to operating permit requirements; and Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management at the regional office telephone number noted. For additional information, contact the regional office noted.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the regional office within 30 days of publication of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the person submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

Southwest Regional Office: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, Attn: Mark Wayner, (412) 442-4161.

TVOP-04-00059: Koppel Steel Corp., Koppel Plant (P. O. Box 750, Beaver Falls, PA 15010), in Beaver Falls, **Beaver County**. The facility is a steel melting operation and subsequent production of hot rolled bars in both carbon and alloy grades. The melt shop features an electric arc furnace, a ladle refining station and a continuous caster. Other sources at this major facility include a rotary hearth furnace and other natural gas sources that support the steel making operations. The facility has the potential to emit greater than 100 tons of the

following pollutants: oxides of nitrogen (NOx), carbon monoxide, oxides of sulfur and volatile organic compounds respectively.

PLAN APPROVALS

Applications received and intent to issue Plan Approvals under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Keystone Cement Company

Operating Permit No. 48-309-109 and

Multipathway Risk Assessment and Draft Intent to Issue Permit Modification of the Hazardous Waste Storage Permit

Public Hearing Notice

The Department of Environmental Protection (Department) will hold a public hearing for the Department to take testimony concerning the air quality permit for Keystone Cement Company's (Keystone) Nos. 1 and 2 cement kilns and associated risk assessment study. This modified permit application reflects Keystone's withdrawal of its request to increase the use of hazardous waste fuel and, thereby, restricts hazardous waste fuel usage to the total daily feed rate currently permitted at the facility. Additionally, the types of hazardous waste that Keystone will be permitted to accept and fire remain unchanged and are specified in the Department's Hazardous Waste Storage Permit PAD002389559 issued December 27, 1991. This permit application does allow hourly hazardous waste feed rate flexibility between the two cement kilns such that the hourly feed rate does not exceed those established in the risk assessment, and the daily combined total hazardous waste feed does not exceed the existing permitted level. In conjunction with the operating permit, Keystone conducted a risk assessment that was submitted in June 1998 on which the Department seeks comment.

In a separate action, the Department also intends to issue permit modification of the hazardous waste storage permit, PAD002389559. The Department is modifying this permit to account for significant site design, construction and operational changes which have occurred following the December 8, 1997, incident at the Keystone Cement facility. The modification identifies the types of hazardous waste that Keystone Cement Company will be allowed to accept and fire. A public meeting was held on April 8, 1998, to discuss the Department's scope of the investigation and the findings on the incident. As a result of the investigation, the public meeting and Keystone's proposal for modifying the facility design and operation, the Department entered into a Consent Order and Agreement with Keystone Cement Company. The Consent Order and Agreement allowed Keystone Cement Company to resume hazardous waste fuels storage operations. In addition, the modified permit contains new or modified requirements applicable to this facility which has resulted from revisions to the hazardous waste regulations (found in the May 1, 1999, *Pennsylvania Bulletin*, Volume 29, Number 18).

A public hearing will be held for the purpose of receiving comments on the proposed air quality operating permit, the risk assessment and intent to modify the hazardous waste storage permit. The hearing will be held on November 16, 1999, at 7 p.m. at the Northampton High School, Laubach Avenue, Northampton, PA. The public is invited to comment on the draft operating permit, risk assessment and modifications to the hazardous waste storage permit. The major provisions of the operating permit follow. Persons interested in commenting are invited to appear at the public hearing.

The pertinent documents are available for review at the Department's district office, 4530 Bath Pike, Bethlehem, PA 18017, between the hours of 8 a.m. and 4 p.m. Monday through Friday. Appointments for scheduling a review can be made by calling (610) 861-2070.

The general procedures for the hearing are as follows:

To develop an agenda for the hearing, the Department requests that individuals wishing to testify at the hearing submit a written notice of their intent. The notice should be sent to Thomas A. DiLazaro, Hearing Examiner, Department of Environmental Protection, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. The Department will accept notices up to the day of the public hearing.

This written notice should include the person's name, address, telephone number and a brief description as to the nature of the testimony. Individuals who submit a notice of intent to testify will be given priority on the agenda. If time permits, the Department will allow individuals who have not submitted a notice of intent to testify to present their comments.

Each individual will have up to 10 minutes to present testimony. The Department requests that individuals present written copies of their testimony in addition to their oral presentations.

To insure that all speakers have a fair and equal opportunity to present their testimony, relinquishing of time will be prohibited. Further details relating to the procedures to be followed at the hearing will be outlined at the beginning of the hearing.

Persons with disabilities who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Richard Shudak of the Department at (570) 826-2060 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Persons unable to attend the hearing can submit written testimony to the Department through December 16, 1999.

To assure compliance with the applicable standards, the Department will place the following revised and/or additional conditions on the Operating Permit. These conditions will modify the existing conditions of the previously issued Operating Permit Nos. 48-309-040C and 48-309-041C which will be consolidated under the new Operating Permit No. 48-309-109.

A. Condition No. 4, relating to the hazardous waste fuel feed rate, shall be modified to read as follows:

The Permittee shall at no time exceed a total hazardous waste fuel feed rate of 14.2 gallons per minute in the No. 1 kiln or 43.5 gallons per minute in the No. 2 kiln, or the levels established for the two kilns in the most recent EPA BIF compliance certification test, whichever is lower. These feed rates apply on an hourly rolling average basis. Furthermore, the total hazardous waste fuel feed through both kilns shall at no time exceed 57,600 gallons on any calendar day (midnight to midnight).

B. Condition No. 5, relating to the monitoring and recording of the waste fuel feed rates, shall be modified to read as follows:

The feed rate of each waste fuel shall be separately and continuously monitored and recorded. The Permittee shall prepare a daily master record to indicate compliance with

the hazardous waste fuel feed rates established in Condition 4 of this Operating Permit.

C. Condition No. 8, relating to emission limits of the Nos. 1 and 2 cement kilns, shall be modified to read as follows:

The operation of the No. 1 cement kiln shall not result in the emission of hydrogen chloride at a rate exceeding 8.55 pounds per hour and the operation of the No. 2 cement kiln shall not result in the emission of hydrogen chloride at a rate exceeding 30.55 pounds per hour.

D. Condition No. 11, relating to a system of interlocks which will automatically stop and prevent any flow of waste fuel to each kiln, shall be modified to read as follows:

i. Maximum combustion chamber temperature greater than 1565° F (hourly rolling average) for the No. 1 cement kiln and 1723.3° F (hourly rolling average) for the No. 2 cement kiln, or as established by the most recent compliance certification test under 40 CFR 266 Subpart H and monitored by the U. S. EPA approved combustion chamber temperature monitor.

E. Condition No. 11, relating to the testing of the interlock system, shall be modified to read as follows:

The automatic waste fuel cut-off valve shall be tested weekly. Electronic simulation testing for each automatic waste fuel cut-off parameter shall be conducted one time per month.

F. Condition No. 33 (now Condition No. 30), relating to prior permits and plan approvals, shall be modified to read as follows:

This Operating Permit supersedes and consolidates all Plan Approvals, Temporary Operating Permits and Operating Permits bearing the Nos. 48-309-040, 48-309-040B, 48-309-040C, 48-309-041, 48-309-041B and 48-309-041C.

For additional information regarding the above, contact Thomas A. DiLazaro at (570) 825-2435 or write to the Department at the Wilkes-Barre address given previously.

Notice of Intent to Issue

Plan Approval OP-18-0005A

International Paper Co. (P. O. Box 268, Lock Haven, PA 17745) has submitted an application to the Department of Environmental Protection (Department) for approval to install flue gas recirculation systems on two bituminous coal and tire-derived fuel-fired spreader stoker-equipped boilers (identified as Boiler 1 and Boiler 2) at the Lock Haven Mill in Castanea Township, Clinton County. The information provided by International Paper Co. indicates that the installation of the flue gas recirculation systems are expected to reduce the boilers' nitrogen oxides emissions by as much as 40% from current levels (which are approximately .60 pound per million BTU of heat input) and that they are not expected to result in any increase in the emission of any other air contaminant. The Department consequently intends to approve the application and issue a plan approval to install the flue gas recirculation systems on Boiler 1 and Boiler 2.

To ensure compliance with all applicable standards, the Department proposes to place the following conditions in the respective plan approval:

1. The flue gas recirculation systems are to be installed in accordance with the plans submitted with the application (as approved herein).

2. This plan approval is issued for the installation of flue gas recirculation systems, as described in the applica-

tion and supplemental materials submitted for plan approval, on two bituminous coal and tire-derived fuel-fired spreader stoker-equipped Riley stoker Model VO-SP boilers (Boiler 1 and Boiler 2).

3. This plan approval does not authorize any increase in the emission of any air contaminant from either of the two respective boilers.

4. All conditions contained in Operating Permits OP-18-0005, 18-302-015B and 18-302-017A remain unchanged and in effect unless specifically modified or superseded by a condition contained herein or unless otherwise modified or amended by the Department.

5. International Paper shall comply with all applicable NOx allowance requirements specified in 25 Pa. Code §§ 123.101—123.120.

6. This plan approval authorizes temporary operation of the sources covered by this plan approval provided the following conditions are met.

a) The Department must receive written notice from the owner/operator of the completion of installation and the operator's intent to commence operation at least 5 working days prior to the completion of installation. The notice shall state when installation will be completed and when the operator expects to commence operation.

b) Operation is authorized only to facilitate the startup and shakedown of sources and air cleaning devices, to permit operations pending the issuance of an operating permit, or to permit the evaluation of the sources for compliance with all applicable requirements and regulations.

c) This condition authorizes temporary operation of the sources for a period of 180 days from the date of commencement of operation, provided the Department receives notice from the owner/operator under subpart (a) above.

d) The owner/operator may request an extension in compliance with all applicable regulations and plan approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of this period of temporary operation and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance, and the reasons compliance has not been established.

e) The notice submitted by the owner/operator under subpart (a) prior to the expiration of this plan approval shall modify the plan approval expiration date. The new plan approval expiration date shall be 180 days from the date of commencement of operation.

7. Any notification required as a result of any condition contained herein should be directed to: Richard L. Maxwell, Jr., Chief, Engineering Services, Air Quality Program, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 327-3745.

The incorporation of the above-referenced conditions into the plan approval is intended to do one or more of the following:

1. Identify the source and location.
2. Establish appropriate operating requirements.
3. Ensure the use of appropriate monitoring, recordkeeping and reporting requirements.

A copy of the application and the Department's review are available for public inspection during normal business hours at the following address. All inspections must be scheduled in advance.

Persons wishing to protest the issuance of this plan approval or provide the Department with additional information which he or she believes should be considered prior to the issuance of the plan approval may submit the information in writing to the Department at the following address. Protests or comments must be received by the Department no later than 30 days after the publication of this notice. Each written protest or comment shall include the following: name, address and telephone number of the person submitting the comments, identification of the proposed plan approval (OP-18-0005A) and concise statements regarding the relevancy of the comments or any protests to the issuance of the plan approval.

A public hearing may be held, if the Department in its discretion, decides that such a hearing is warranted based on the information received. Persons submitting protests or requesting a hearing will be notified of the decision to hold a hearing by publication in a newspaper of general circulation in Clinton County, by publication in the *Pennsylvania Bulletin*, by letter or by telephone, where the Department determines the notification by telephone is adequate. Requests for a hearing must be received by the Department no later than 30 days after publication of this notice.

Written protests, comments or requests for a public hearing should be directed to David W. Aldenderfer, Environmental Program Manager, Air Quality Program, Department of Environmental Protection, Northcentral Region, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 327-3745.

For additional information regarding the Department's review of the plan approval application, contact Richard L. Maxwell, Jr., Chief, Engineering Services, Air Quality Program, Department of Environmental Protection, Northcentral Region, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 327-3745.

REASONABLY AVAILABLE CONTROL TECHNOLOGY

(RACT)

Proposed Revision to the State Implementation Plan (SIP) for Nitrogen Oxide (NO_x) and Public Hearing

Approval of Reasonably Available Control Technology (RACT) Plans for Keystone Cement Company, East Allen Township, Northampton County, PA

The Department of Environmental Protection (Department) has made a preliminary determination to approve RACT plans and amendments to the State Implementation Plan (SIP) for the Keystone Cement Company.

The proposed SIP revisions do not adopt new regulations. They incorporate the provisions and requirements contained in the RACT approvals for this facility to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Operating Permits for the facilities and will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The main sources in the Keystone facility are the Nos. 1 and 2 cement kilns. The following is a summary of preliminary RACT determinations for this facility:

	<i>NO_x RACT Limit 30-day Rolling Average</i>	<i>Control Device</i>
No. 1 Cement Kiln (Coal-fired)	200.0 lbs/hr	Not applicable
No. 2 Cement Kiln (Coal-fired)	600.0 lbs/hr	Not applicable

A public hearing will be held for the purpose of receiving comments on the proposed Operating Permit and the proposed SIP revisions. The hearing will be held on November 16, 1999, at 7 p.m. at the Northampton High School, Laubach Avenue, Northampton, PA. The public is invited to comment on the proposal. Persons interested in commenting are invited to appear at the public hearing.

Persons wishing to present testimony at the hearing should contact Thomas A. DiLazaro, Hearing Examiner at (570) 826-2511 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations, should do so by contacting Richard Shudak, (570) 826-2060, or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to Thomas A. DiLazaro, Air Quality Program Manager, PA DEP, 2 Public Square, Wilkes-Barre, PA 18711-0790. Comments should be submitted within 30 days of this publication in the *Pennsylvania Bulletin*.

The pertinent documents are available for review from 8 a.m. to 4 p.m. in the DEP office, 4530 Bath Pike, Bethlehem, PA 18017. Appointments for scheduling a review must be made by calling (610) 861-2070.

MINING

APPLICATIONS TO CONDUCT COAL AND NONCOAL ACTIVITIES

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment and informal conferences).

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. The NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Knox District Office, P. O. Box 669, Knox, PA 16232.

Coal Applications Received

24990102. Tamburlin Brothers Coal Company, Inc. (P. O. Box 1419, Clearfield, PA 16830). Commencement, operation and restoration of a bituminous surface strip and auger operation in Fox Township, **Elk County**, affecting 136 acres. Receiving streams: Limestone Run and Little Toby Creek and Unnamed Tributary to Limestone Run. Application received September 29, 1999.

Hawk Run District Office, P. O. Box 209, Off Empire Road, Hawk Run, PA 16840.

17990118. Swisher Contracting, Inc. (P. O. Box 1223, Clearfield, PA 16830), commencement, operation and restoration of a bituminous surface mine/auger permit in Lawrence Township, **Clearfield County** affecting 152 acres. Receiving streams: Three unnamed tributaries to Moose Creek, Moose Creek and Orr's Run. Application received September 23, 1999.

17960110. Forcey Coal, Inc. (P. O. Box 225, Madera, PA 16661), revision to an existing bituminous surface mine permit to include the placement of coal ash for beneficial use. The permit is located in Bigler Township, **Clearfield County** and affects 70.5 acres. Receiving

streams: unnamed tributaries to Banian Run and unnamed tributary to Clearfield Creek. Application received September 16, 1999.

17753050. River Hill Coal Co., Inc. (P. O. Box 141, Kylertown, PA 16847), revision to an existing bituminous surface mine permit to include remining of areas with preexisting pollutional discharges and for a change in permit acreage from 642.8 to 687.6 acres. The permit is located in Karthaus Township, **Clearfield County**. Receiving streams: Saltlick Run and unnamed tributaries to Saltlick Run. Application received September 22, 1999.

17910109. Sky Haven Coal, Inc. (R. D. 1, Box 180, Penfield, PA 15849), revision to an existing bituminous surface mine-auger permit in Bell Township, **Clearfield County** for a change in permit acreage from 67.2 to 83.6 acres. **APPLICATIONS RECEIVED UNDER
SECTION 401: FEDERAL WATER
POLLUTION CONTROL ACT
ENCROACHMENTS**

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for water quality certification have been received by the Department of Environmental Protection (Department). Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

E15-628. Encroachment. **PA DOT**, 200 Radnor-Chester Road, St. Davids, PA 19087. To remove an existing three span reinforced concrete T-beam bridge across Pickering Creek (HQ-TSF) and to construct and maintain, in its place, a twin span reinforced concrete box beam bridge. Each span of the new bridge will measure approximately 53.5 feet and the average vertical clearance will be about 6.75 feet. The new abutments and pier will be skewed 72 degrees to match the approximate direction of stream flow. Roadway improvements will include widening the curb-to-curb distance to 30 feet and reducing the vertical alignment in certain areas to improve sight distance. The site is located along State Road (S. R. 0029) approximately 1,000 feet northeast of its intersection with Pickering Dam Road (Malvern USGS Quadrangle N: 18.3 inches; W: 5.1 inches) in Charlestown Township, **Chester County**.

E46-851. Encroachment. **Abington Township**, 1176 Old York Road, Abington, PA 19001. To relocate and

maintain approximately 500 linear feet of an unnamed tributary to Sandy Run (TSF). This work is associated with the construction of an on-stream jurisdictional dam (Application No. D46-332). This site is located within the Ardsley Burial Park approximately 400 feet southeast of the intersection of Maple Ave. and Lincoln Ave. and is associated with the Susquehanna Woods Stormwater Management Control Project (Germantown USGS Quadrangle N: 22.2 inches, W: 3.6 inches) in Abington Township, **Montgomery County**.

Northeast Regional Office: Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-5485.

E45-367. Encroachment. **Gerald and Mary Gheraldi**, 4 Jamestowne Road, Manalatan, NJ 07726. To remove four grave land sediment deposits from an approximately 150-foot channel section of a tributary to Appenzell Creek (HQ-CWF), to improve recreational use and flood flow conveyance of the stream. The project is located approximately 0.25 mile west of the intersection of S. R. 3026 and S. R. 3021 (Saylorsburg, PA Quadrangle N: 19.5 inches; W: 15.1 inches), Jackson Township, **Monroe County** (Philadelphia District, U. S. Army Corps of Engineers). FINAL ACTIONS TAKEN UNDER THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

[National Pollution Discharge Elimination System Program (NPDES)]

DISCHARGE OF CONTROLLED INDUSTRIAL WASTE AND SEWERAGE WASTEWATER

(Part I Permits)

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514), and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Approvals to Use NPDES and Other General Permits

The following parties have submitted (1) Notices of Intent (NOIs) for coverage under General NPDES Permit(s) to discharge wastewater into the surface waters of this Commonwealth; (2) NOIs for coverage under General Permit(s) for Beneficial Use of Sewage Sludge or Residential Septage by Land Application in Pennsylvania; or (3) Notifications for First Land Application of Sewage Sludge.

The approval of coverage under these General Permits may be subject to one or more of the following: pollutant or effluent discharge limitations, monitoring and reporting, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective general permit. The Department of Environmental Protection (Department) has reviewed the NOIs and determined that they comply with administrative requirements of the respective permit application. Also, the Department has evaluated the First Land Application of Sewage Sludge for the sites applying for coverage under PAG-7, PAG-8 and PAG-9 and determined that the sites are suitable for land application of sewage sludge.

The EPA Region III Regional Administrator has waived the right to review or object to this permit action under the waiver provision: 40 CFR 123.24.

The application and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangement made for copying at the contact office noted.

The Department has acted on the following requests for coverage under the specified General Permit as follows:

SEWAGE FACILITIES ACT PLAN APPROVAL

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the

Environmental Hearing Board, 400 Market Street Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Services at (800) 654-5984.

Plan approvals granted under the Pennsylvania Sewage Facilities Act (35 P. S. §§ 750.1—750.20).

Northeast Regional Office: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, (570) 826-2511.

Banks Township, Carbon County

The Department has completed its review of Banks Township's Act 537 Plan (Plan), dated March 1998, revised January 1999, revised July 1999, with additional supporting documentation dated August 2, 1999, and August 23, 1999. The Plan was prepared by Spotts, Stevens & McCoy, Inc.

The Department has found that the Plan is acceptable and hereby grants planning approval. This review has also not identified any significant environmental impacts resulting from this proposal.

The Plan calls for Banks Township to rehabilitate existing sewers and construct new sanitary sewage collection and conveyance facilities to serve the Villages of Tresckow and Audenreid, and to join with the Borough of McAdoo, Schuylkill County and Kline Township, Schuylkill County, to form a Regional Authority and construct a regional wastewater treatment facility at a site in Banks Township. The treatment facility service area will include the areas identified above in Banks Township, the Borough of McAdoo, and portions of Kline Township, including the Villages of Kelayres and McAdoo Heights.

In accordance with the Pennsylvania Sewage Facilities Act and 25 Pa. Code Chapter 71, the Department will hold Banks Township responsible for the complete and timely implementation of the Plan. Implementation of the Plan shall conform with the deadlines established in the Commonwealth Court Order, dated March 3, 1999, as amended.

Kline Township, Schuylkill County

The Department has completed its review of Kline Township's Official Sewage Facilities Plan Update (Plan), dated February 1999, revised September 1999, with additional supporting documentation, dated August 31, 1999. The Plan was prepared by Michael J. Pasonick, Jr., Inc.

The Department has found that the Plan is acceptable and hereby grants planning approval. This review has also not identified any significant environmental impacts resulting from this proposal.

The Plan calls for Kline Township to construct a new sanitary sewage collection and conveyance system to serve the Villages of Kelayres and McAdoo Heights, and to join with the Borough of McAdoo, Schuylkill County and Banks Township, Carbon County, to form a Regional Authority and construct a regional wastewater treatment facility at a site in Banks Township. The treatment facility service area will include the areas noted above in Kline Township, the Borough of McAdoo, and portions of Banks Township, including the Villages of Tresckow and Audenreid.

In accordance with the Pennsylvania Sewage Facilities Act and 25 Pa. Code Chapter 71, the Department will

hold Kline Township responsible for the complete and timely implementation of the Plan. Implementation of the Plan shall conform with the deadlines established in the Commonwealth Court Order, dated March 3, 1999, as amended.

Ross Township, Luzerne County

The Department has completed its review of the Act 537 Sewage Facility Plan/Special Study for the North Lake Area, Ross Township (Plan). The Department has found that the Plan is now acceptable and hereby grants planning approval.

The chosen alternative consists of: the repair, replacement and upgrading of existing malfunctioning onlot systems in suitable areas and the use of retaining tanks elsewhere. The Ross Township Supervisors and their SEO are confident that established methods of dealing with malfunctioning sewage systems are sufficient to discharge the Township's responsibilities to the Pennsylvania Sewage Facilities Act.

Borough of McAdoo, Schuylkill County

The Department has completed its review of the McAdoo Borough Act 537 Plan Amendment (Plan), dated February 1998, revised September 1998, revised January 1999, and revised July 1999, with additional supporting documentation dated August 2, 1999, and August 23, 1999. The Plan was prepared by Spotts, Stevens & McCoy, Inc.

The Department has found that the Plan is acceptable and hereby grants planning approval. This review has also not identified any significant environmental impacts resulting from this proposal.

The Plan calls for the Borough of McAdoo to construct a new sanitary sewage collection and conveyance system and to join with Kline Township, Schuylkill County, and Banks Township, Carbon County, to form a Regional Authority and construct a regional wastewater treatment facility at a site in Banks Township. The treatment facility service area will include the Borough of McAdoo; portions of Kline Township, including the Villages of Kelayres and McAdoo Heights; and portions of Banks Township, including the Villages of Tresckow and Audenreid.

In accordance with the Pennsylvania Sewage Facilities Act and 25 Pa. Code Chapter 71, the Department will hold the Borough of McAdoo responsible for the complete and timely implementation of the Plan. Implementation of the Plan shall conform with the deadlines established in the Commonwealth Court Order, dated March 3, 1999, as amended.

Northwest Regional Office: Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6942.

Spartansburg Borough, Crawford County

Spartansburg Borough, P. O. Box 222, Spartansburg, PA 16434.

The purpose of this update is to change the location of the proposed sewage treatment facility to a site approximately 2,000 feet south of the site previously approved under the March 1998 Official Plan Update. The proposed receiving stream remains East Branch of Oil Creek.

The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southeast Regional Office: Environmental Cleanup Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, (610) 832-5950.

Hyman Korman, Co., City of Philadelphia, **Philadelphia County.** Carl J. Bones, Pennoni Associates, Inc., 3001 Market Street, Philadelphia, PA 19104, has submitted a Final Report concerning remediation of site soil

contaminated with lead and BTEX. The report is intended to document remediation of the site to meet the Statewide health standard.

Brinkers Fuels Facility, Doylestown Township, **Bucks County**. Matthew H. Jones, WIK Associates, Inc., P. O. Box 287, New Castle, DE 19720, has submitted a Final Report concerning remediation of site soil contaminated with BTEX. The report is intended to document remediation of the site to meet the Statewide health standard.

Major Oil Co., City of Philadelphia, **Philadelphia County**. Mary Bilicic, Cody Ehlers Group, 140 Sherman Street, Fairfield, CT 06430, has submitted a Final Report concerning remediation of site soil and groundwater contaminated with BTEX, petroleum hydrocarbons and polycyclic aromatic hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

Arco Chemical Company, Beaver Valley Plant (West End Quarry Area), Potter Township, **Beaver County**. Thomas J. Walsh, Arco Chemical Company, 3801 West Chester Pike, Newtown Square, PA 19073 and Beazer East, Inc., One Oxford Centre, Suite 3000, Pittsburgh, PA 15219, have submitted a Final Report concerning remediation of site soil, groundwater and sediment contaminated with heavy metals, BTEX, PHCs, PAHs and C8+HC. The report is intended to document remediation of the site to meet the site-specific standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908) and Chapter 250 Administration of Land Recycling Program.

Provisions of 25 Pa. Code § 250.8 Administration of Land Recycling Program requires the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the Land Recycling and Environmental Remediation Standards Act (act). Plans and reports required by provisions of Act 2 for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property, and in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresiden-

tial exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program in the Department's Regional Office under which the notice of the plan or report appears. If information concerning a plan or report is required in an alternative form contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has acted upon the following plans and reports:

Northcentral Regional Office: Michael C. Welch, Environmental Cleanup Program Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448, (570) 321-6525.

Stroehmann Bakeries Roll Plant, Old Lycoming Township, **Lycoming County**. Converse Consultants on behalf of their client Stroehmann Bakeries, P. O. Box 976, Horsham, PA 19044, has submitted a Final Report concerning the remediation of site soil and groundwater contaminated with solvents, BTEX and PHCs. The Final Report demonstrated attainment of the Statewide health standard and was approved by the Department on August 5, 1999. This is a corrected *Pennsylvania Bulletin* notice to an earlier notice in the September 11, 1999, *Pennsylvania Bulletin*.

Southwest Field Office: John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

ACTIONS TAKEN UNDER SECTION 401: FEDERAL WATER POLLUTION CONTROL ACT

ENCROACHMENTS

The Department of Environmental Protection (Department) has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Persons aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2,

P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of the written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of The Clean Streams Law (35 P. S. §§ 691.5 and 691.402) and notice of final action for certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)). (Note: Permits issued for Small Projects do not include 401 Certification, unless specifically stated in the description.)

SPECIAL NOTICES

Draft Hazardous Waste Permit

Public Hearing and Notice of Intent to Modify an Existing Hazardous Waste Storage Permit

Permit I. D. No. PAD002389559. Keystone Cement Company, P. O. Box A, Bath, PA 18014-0058, East Allen Township, **Northampton County**.

The Department of Environmental Protection (Department) proposes to modify the hazardous waste storage permit for the Keystone Cement Company. This existing permit was originally issued under the Solid Waste Management Act (SWMA) (35 P. S. §§ 6018.101—6018.1003). This permit will be modified under 25 Pa. Code § 270a.41 and 40 CFR 270.41—270.43 as incorporated by reference at 25 Pa. Code § 270a.1. The permit modification has been written to update the permit in terms of changed site design, construction, operations and revised Commonwealth hazardous waste regulations.

The Department has scheduled a November 16, 1999, 7 p.m. public hearing at the Northampton High School, on Laubach Avenue, Northampton, PA to accept testimony regarding this draft permit modification. For convenience of the public, this hearing will also accept testimony regarding Air Quality issues involving the site Air Quality Permits (48-309-040C & 48-309-041C), the RACT (Reasonably Available Control Technologies) Plan submittal, the Multi-Pathway Risk Assessment and an increase in fuel hourly feed rate for the cement kilns. These changes will not include an increase in the total daily feed rate of nonhazardous and hazardous wastes.

Copies of the draft hazardous waste storage permit modification and draft fact sheet will be available for review at the following offices of the Department of Environmental Protection:

Bethlehem Office

Wilkes-Barre, PA 18711-0790
(570) 826-2511
Contact: Robert C. Wallace, Chief
Engineering and Facilities Section
Waste Management Program

Those interested in reviewing the draft permit and fact sheet should call to schedule a date to review the files. Additional information regarding the Keystone Cement Company facility is available at the Northeast (Wilkes-Barre) Regional Office. Please call Records Management at (570) 826-5472 to set up any file review at the Wilkes-Barre Regional Office.

The Department in completing its review and prior to taking final action concerning the permit modification will consider comments received. The public comment period ends December 16, 1999.

Persons intending to make a presentation at the hearing should submit written notice to the Regional Air Quality Program Manager or the Regional Waste Management Program Manager at 2 Public Square, Wilkes-Barre, PA 18711-0790. The notice should include your name, address and phone number, and a brief statement about your presentation. Comments should be kept brief and, depending upon the number of speakers, may be limited to 10 minutes per speaker. Where groups are represented, a spokesperson is requested to present the group's concerns.

Persons may present oral or written statements or data concerning the draft permit modification directly to the Department before, during or after the public hearing as

long as the Department receives the statement and data before December 16, 1999. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department regarding the exact basis of any comment and relevant fact on which it is based.

Following the public comment period, the Regional Waste Management Program Manager will make a final determination regarding the draft hazardous waste permit modification. Notice of this determination will be published in the *Pennsylvania Bulletin*, at which time this determination may be appealed to the Environmental Hearing Board. The Department will provide a written response to public comment received and justification for changes to the draft hazardous waste permit modification to persons providing comment to the Department.

Persons with a disability who wish to attend the hearing, and require an auxiliary aid, service or other accommodation to participate in the proceedings, should contact Mark Carmon at (570) 826-2511. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Second Public Stakeholders' Meeting Concerning WIC Program

Under the Governor's Executive Order 1996-1, the Department of Health (Department) is conducting a review of State regulations governing retail store management and administrative appeals for the Special Supplemental Nutrition Program for Women, Infants and Children (WIC Program). The regulations under review may be found at 28 Pa. Code Part VIII, Chapters 1101—1113.

The Department is committed to considering the ideas and comments of all interested parties in the revision of these regulations. The Department will hold a second public stakeholders' meeting to discuss and consider, not only comments made at the first meeting on September 23, 1999, and changes made to the existing regulations as a result of the meeting, but will entertain additional comments from stakeholders.

The meeting will be held on Friday, November 5, 1999, from 10 a.m. to 3 p.m., in Room 105 of the Rachel Carson State Office Building, located at 400 Market Street, Harrisburg, PA. Persons who wish to give testimony at the public meeting are requested to preregister with Robert Handly of the State WIC Program office by calling (717) 783-1289. Persons unable to attend the meeting may submit written comments to the Department.

To be considered, written comments must be received no later than 5 p.m., November 5, 1999. Written comments may be directed to Pennsylvania Department of Health, Division of Women, Infants and Children (WIC), Attention: Retail Store Management Unit, P. O. Box 90, Harrisburg, PA 17108.

Persons who require reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) of 1990 should contact Robert Handly at (717) 783-1289 for assistance.

DEPARTMENT OF PUBLIC WELFARE

Increases in Allowances for a Community Spouse and Dependent Living with the Spouse when the Other Spouse is Institutionalized and is Eligible for Medical Assistance

The Department of Public Welfare (Department) announces an increase in the community maintenance need allowances for the family of an individual who is aged, blind or disabled, is eligible for Medical Assistance and is institutionalized. The allowances affected are the monthly standard community spouse maintenance need allowance, the excess monthly shelter standard for the community spouse and the standard monthly family member maintenance allowance for a dependent living with the community spouse.

The Spousal Impoverishment Provisions of the Medicare Catastrophic Coverage Act of 1988 (Section 303(a) of P. L. 100-360) (42 U.S.C.A. § 1396r-5) require the Department to make changes to the allowances on July 1st of each year based on the Federal Poverty Income Guidelines (FPIGs) issued by the Federal Department of Health and Human Services. The current FPIGs were published at 64 FR 13428 on March 18, 1999.

The State requirements are at 55 Pa. Code § 181.452 (relating to posteligibility determination of income available from an MA eligible person toward the cost of care). The requirements provide that revisions be published as a notice in the *Pennsylvania Bulletin* and made available upon request at the county assistance offices.

The increases, effective July 1, 1999, are as follows:

Excess Monthly Shelter Standard	\$ 415
Community Spouse Maintenance Allowance	\$1,383
Dependent Living with Community Spouse Allowance	\$1,383

Realty Transfer Tax; Revised Common Level Ratio Real Estate Valuation Factors

Due to a change to the Lawrence County assessment ratio which became effective January 1, 1999, the 1997 Common Level Ratio for Realty Transfer Tax which was published at 28 Pa.B. 2622 (June 6, 1998) has been revised. The 1998 factor which was published at 29 Pa.B. 2928 (June 5, 1999) has also been revised to reflect the assessment ratio change. For Pennsylvania Realty Transfer Tax purposes, the following factors are applicable for documents accepted during the periods shown. The date of acceptance of a document is rebuttably presumed to be its date of execution, that is the date specified in the body of the document as the date of the instrument (61 Pa. Code § 91.102).

County	Applicable Period	Adjusted Common Level Ratio Factor
Lawrence	January 1, 1999 to June 30, 1999	5.10
	July 1, 1999 to June 30, 2000	5.06

Finding

Carbon County

Pursuant to the provisions of 71 P. S. Section 2002(b), the Secretary of Transportation makes the following written finding:

The Department of Transportation plans to remove County Bridge #6, a concrete arch structure that carries T-354 over Lizard Creek, providing access to a small residential area in the Village of Kittatinny. The bridge has been determined to be eligible for listing on the National Register of Historic Places. The project also includes the realignment of a small segment of T-354 onto an existing County-owned railroad bed and the rehabilitation of an existing railroad bridge that is on the proposed alignment. This realignment will replace access to the Village of Kittatinny.

The effect of this project on County Bridge #6 has been mitigated through a HAER documentation package as a permanent record of the bridge's existence. This documentation was completed and submitted to the PA State Historic Preservation Officer.

No adverse environmental effect is likely to result from the removal of County Bridge #6.

Secretary

HOUSING FINANCE AGENCY

Public Hearing Concerning 2000 Low-Income Housing Tax Credit Program

The Housing Finance Agency (Agency) will conduct a public hearing in accordance with the Internal Revenue Code of 1986, as amended, at the following location:

<i>Location</i>	<i>Date</i>	<i>Time</i>
Harrisburg Pennsylvania Housing Finance Agency 2101 North Front Street	October 28, 1999	9 a.m.

Purpose:

To solicit public comments concerning the proposed Pennsylvania 2000 Low-Income Housing Tax Credit Allocation Plan (Allocation Plan) for the Statewide distribution of the Federal low-income rental housing tax credits for projects to be placed-in-service after December 31, 1999.

The year 2000 Allocation Plan contains changes and program amendments. A copy of the Allocation Plan is available upon written request as noted. A full text of the proposed Allocation Plan is available at www.phfa.org. Interested persons are invited to submit written comments before or at the public hearing or to present oral comments at the public hearing regarding the Allocation Plan. Individuals desiring to comment on the Allocation Plan, but unable to attend the public hearing, should provide written comments to the addressee shown below prior to or at the public hearing. Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation, should contact the Tax Credit Program at (717) 780-3948. Oral comments will only be accepted at the public hearing. A copy of the proposed Allocation Plan is available upon written request to: Manager, Tax Credit Program, Pennsylvania Housing Finance Agency, P. O. INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the designated standing committees may issue comments within 20 days of the close of the public comment period, and the Independent Regulatory Review Commission (Commission) may issue comments within 10 days of the close of the committee comment period. The Commission comments are based upon the criteria contained in section 5a(h) and (i) of the Regulatory Review Act (75 P. S. § 745.5a(h)(i)).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulations must be submitted by the dates indicated.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Issued</i>	<i>Final-Form Deadline</i>
11-195	Insurance Department Quality Health Care Accountability and Protection 29 Pa.B. 4064 (July 31, 1999)	9/30/99	8/30/01

Insurance Department Regulation No. 11-195 Quality Health Care Accountability and Protection September 30, 1999

We have reviewed this proposed regulation from the Insurance Department (Department) and submit for consideration the following objections and recommendations. Subsections 5.1(h) and 5.1(i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) specify the criteria the Commission must employ to determine whether a regulation is in the public interest. In applying these criteria, our Comments address issues that relate to consistency with the statute and existing regulations, fiscal and economic impact, nature of reports and cost of preparation, need, reasonableness and clarity. We recommend that these Comments be carefully considered as you prepare the final-form regulation.

1. *Section 154.1. Applicability and purpose.—Clarity.*

Subsection (c)

Section 154.1 addresses the applicability and purpose of Act 68 of 1998 (act). Subsection (c) of this section states:

An entity subcontracting with a managed care plan to provide services to enrollees which issues subscriber contracts covering enrollees shall meet the requirements of the act and this chapter for services provided to those enrollees.

There are several concerns with subsection (c). First, what is included in the term "entity?" Second, does the phrase "which issues subscriber contracts covering enrollees" refer to the managed care plan (Plan) or to the entity? Finally, if services are subcontracted for an exempt entity, but the subcontract is with a Plan, are these regulations applicable to the subcontracted services? We request the Department respond to these questions and revise subsection (c) for clarity.

Subsection (d)

Subsection (d) provides that "cost plus products" or their equivalent must meet the requirements of the act if they are issued by a Plan. What are "cost plus products?" We recommend the Department define or explain the term.

2. *Section 154.2. Definitions.—Consistency with the statute, Need and Clarity.*

This subsection contains 19 definitions, 13 of which come from the act. We object to the reiteration of the statutory definitions. Instead, the Department should reference the definitions in section 2102 of the Act.

Emergency service

The regulation's definition of "emergency service" mirrors the statutory definition in section 2102 of the act except that it adds the phrase "including a chronic condition." The reference to chronic condition refines the intent, and is consistent with the act. However, the regulation should reference the statutory definition. Rather than revising the statutory definition, the Department could add a provision to § 154.14 (relating to emergency services). That provision would clarify that the

sudden onset of a chronic condition is included as one of the conditions requiring emergency service if the symptoms are severe and meet the "prudent layperson" test set forth in the act.

Gatekeeper

Several commentators questioned, or had different interpretations of, this definition. The definition reads:

Gatekeeper—A primary care provider *selected by an enrollee* or appointed by a managed care plan, or the plan or an agent of the plan serving as the primary care provider, from whom an enrollee shall obtain covered health care services, a referral, or approval for covered, nonemergency health services as a precondition to receiving the highest level of coverage available under the managed care plan [emphasis added].

It is unclear whether this regulation will apply to Plans using a "passive" or "multiple-choice" gatekeeper structure. The Department should explain its intent. In addition, there are two related concerns. First, it is unclear whether the enrollee must select a primary care provider from a list approved by the Plan. Second, what is the purpose of the phrase "or the plan or an agent of the plan serving as the primary care provider?" The Department should clarify these portions of the definition.

Managed care plan and Plan

Both of these definitions match the statutory definitions of the act. The definition of "managed care plan" provides a detailed description of the types of plans covered by the act. A "plan" is defined as "a managed care plan." However, both terms are used frequently throughout the regulation. "Plan" is not always used to replace the longer term. "Plan" should be used consistently in place of "Managed Care Plan."

Ongoing course of treatment

This definition reads:

Continuous health care treatment *which arises out of a single diagnosis* provided to an enrollee by a health care provider [emphasis added].

Commentators question the meaning and purpose of the phrase "which arises out of a single diagnosis." The term "ongoing course of treatment" is used in § 154.15 (relating to continuity of care). The application of the "single diagnosis" phrase to § 154.15 is unclear and may place needless limits on the applicability of this section.

Continuity of care is already limited to a 60-day transition period. In addition, continuity of care applies only to treatments started before the date the current enrollee was notified of the provider's termination or before the new enrollee's effective date of enrollment. If a treatment is based on a diagnosis made after these dates, then the continuity of care provisions of the act do not apply. Therefore, the phrase "which arises out of a single diagnosis" is unclear and may be unnecessary.

Terms used in the regulation—"Ancillary service plans" and "Referral"

Section 2102 of the act contains definitions for "ancillary service plans" and "referral." The first term is used in the definition of "managed care plan." The second term, "referral," is also in other definitions and in other provisions of the regulation. The regulation does not define either of these terms, nor does it reference their statutory definitions. This section of the regulation should include references to the definitions of these two terms in section 2102 of the act.

3. *"Enrollee," parent and legal representative.—Reasonableness, Consistency with the statute and Clarity.*

The act defines "enrollee" as "Any policyholder, subscriber, covered person or other individual who is entitled to receive health care services under a managed care plan." In addition, subsection 2136(a)(8)(iii) of the act requires that the Plans notify enrollees of "[t]he enrollee's right to designate a representative to participate in the complaint or grievance process as set forth in this article." It is unclear, however, who represents enrollees in contacting their Plans or for other procedures established by the act. A minor or an incapacitated adult may have a parent, relative or legal representative act in the enrollee's behalf. The Department should explain how and when others, regardless of whether they are enrollees, may represent enrollees under the act.

4. *Section 154.11. Managed care plan requirements.—Reasonableness and Clarity.*

Subsection (b)

In subsection (b)(1), the Department introduces the phrase "approved treatment plans." This phrase is unclear. Section 2111(6) of the act describes the process whereby a treatment plan is approved by a Plan. For clarity, the Department should cross-reference section 2111(6) of the act in this subsection of the regulation.

Subsection (b)(3) requires that specialists notify the enrollee's primary care provider of all care provided to an enrollee. However, no time frame is given for that notification. For clarity, we ask the Department to consider adding a maximum time period within which the specialists must notify the enrollee's primary care provider.

5. *Section 154.12. Direct enrollee access to obstetrical and gynecological services.—Clarity.*

Subsection (a)

Subsection (a) states "Managed care plans shall permit enrollees direct access to obstetrical and gynecological services for maternity and gynecological care, including medically necessary and appropriate follow-up care and referrals. . . ." Commentators questioned whether there is a time limit on these services, as well as who can utilize them. Representative Patricia H. Vance also stated that clarification is needed regarding direct access to OB/GYN providers.

For clarity, the Department should state that these services are provided for enrollees, regardless of whether they are pregnant. Do enrollees have direct access as long as services are needed? If so, the Department should clarify that there are no time restrictions that apply to direct access to these services.

Subsection (d)

Subsection (d) states "Managed care plans with enrollee self-referral options shall cover benefits provided by participating health care providers at the benefit level applicable to referred services." Does this mean that self-referrals would be paid at the same rate as referred services?

6. *Section 154.13. Managed care reporting of complaints and grievances.—Nature of Reports and Cost of Preparation, Reasonableness and Need.*

Information format

Section 2111(13) of the act requires Plans to report certain information to the Department of Health and the Insurance Department. The nature of the reports and the resulting cost of their preparation will be determined

through regulation. Our concern is that Plans could be required to produce two separate reports with essentially the same content. We recognize that the Department of Health regulations implementing the act have not yet been proposed. However, the Insurance Department and the Department of Health should coordinate the reporting requirements so that managed care organizations would be required to produce a single report that is sent to the two State agencies. When this final regulation is submitted, the Insurance Department should explain the nature of the reports, the expected cost of preparation, the reasonableness of and need for the format requirements in § 154.13.

Subsection (a)

Subsection (a) repeats the statutory requirement for information which includes the number, type and disposition of all complaints and grievances filed with the Plan. The requirement in the regulation for the “number, type and disposition” of complaints and grievances is vague. For example, does “type” refer to complaint or grievance, or does it differentiate between the “type” of services, such as access to obstetrical and gynecological services, emergency services, and continuity of care? The Department should provide guidance in the regulation regarding what information it will require.

The last sentence of subsection (a) is a format requirement. It should be moved to subsection (b) along with the possible amendments or changes to format requirements.

7. Section 154.14. Emergency Services.—Clarity.

Subsection (a)

The citation to section 2101 of the act in this section is incorrect. The correct citation is to section 2102 of the act. The Department should correct this citation in the final-form regulation.

Subsection (b)

Subsection (b) does not state when the “period of the emergency” ends. Does it end when the attending physician stabilizes the patient’s condition? This should be clarified.

The same subsection states, “Plans are required to pay all reasonably necessary costs associated with the emergency services . . .” The Department should specify the criteria it will use to determine what it will consider to be “reasonably necessary costs.” Greater clarity would be achieved if the Department specified what is intended by the term “reasonably necessary.” For example, does it include all services provided during “the period of the emergency?”

Subsection (d)

Subsection (d)(1) states “If the enrollee is admitted to a hospital or other health care facility, the emergency health care provider shall notify the enrollee’s managed care plan of the emergency services delivered within 48 hours or on the next business day, whichever is later.”

Commentators questioned what happens if this provision cannot be met due to extraordinary circumstances. If extraordinary circumstances prevail, will claims filed for the emergency services rendered be paid by the Plan? We ask the Department to clarify this subsection to allow for further review of the claim to protect the patient from expenses and additional charges.

8. Section 154.15. Continuity of care.—Consistency with the statute, Reasonableness and Clarity.

Subsections (a)(1) and (b)

These subsections reference termination “other than for cause.” Section 2117(b) of the act lists examples of for cause terminations. To improve clarity, we suggest the Department include a reference to section 2117(b) of the act.

Subsection (e)

Subsections (e) and (e)(1) state that nonparticipating and terminated providers shall agree to the Plan’s terms and conditions. However, section 2117(e) of the act states that a Plan may require a nonparticipating provider to meet the same terms and conditions as a participating provider. The use of “shall” in the proposed regulation is inconsistent with the statute and negates the flexibility provided by the act. For consistency with the act, these subsections should be revised to reflect that providers shall be required to agree to the same terms and conditions as the Plan’s participating providers if the Plan specifically imposes such a requirement.

Subsection (e)(2) requires providers who accept the Plan’s terms and conditions to utilize participating providers for all other health services provided to the enrollees. Section 2117(e) of the act permits a Plan to require nonparticipating providers to meet the same terms and conditions as participating providers. The regulation is inconsistent with the act because it imposes this requirement in every instance. The regulation should be revised to reflect that a Plan may impose the requirement contained in subsection (e)(2).

Subsection (i)

This subsection requires written disclosure of continuity of care benefit requirements in subscriber and master group contracts and in “all other appropriate documents.” It is unclear if “all other appropriate documents” refers to Plan marketing materials distributed to enrollees or to documents distributed to providers. The Department should clarify this phrase in the final regulation.

This subsection also requires certain information to be provided to terminated or terminating and nonparticipating providers within 10 days after an enrollee requests continuity of care benefits. The Department should clarify if “10 days” refers to business or calendar days.

9. Section 154.16. Information for enrollees.—Fiscal impact, Reasonableness, Consistency with existing regulations and the statute and Clarity.

There is a concern with the completeness and clarity of § 154.16. With few exceptions, the section merely references or paraphrases the requirements in section 2136 of the act. It does not provide any additional guidance or details concerning the implementation of the required information disclosures. One example is subparagraph 2136(a)(8)(i) of the act. That section of the act requires the Plans to give enrollees a summary of the procedures for filing a complaint or grievance as set forth in the act. Nothing in this section addresses this summary’s content. Allowing each Plan to write its own summary without further regulatory requirements will lead to unnecessary confusion. Other examples of the need for detail are discussed as follows. The regulation should provide more direction concerning this summary and other requirements in section 2136 of the act.

Subsection (a)

There are three concerns with subsection 154.16(a). First, it states that Plans “shall provide the written information in section 2136(a) of the act (40 P. S.

§ 2136(a). . .” This same directive is repeated later in subsection 154.16(c)(1), which requires that the written disclosure include the information specified in section 2136(a). This repetition is unnecessary. The Department should explain the need for this repetition or delete one of the subsections.

Second, subsection 154.16(a) allows the Plans to determine the format for disclosure of the required information. However, some guidance would be useful for proper implementation of the act. The use of common formats would assist consumers in comparing the more than 14 different types of detailed information required by the act. This regulation should include basic standards for the format and content of the disclosure documents required by the act and provide for Departmental review. This process could be similar to existing regulations for advertising at 31 Pa. Code Chapter 51.

Third, the last sentence of subsection 154.16(a) discusses the disclosure of the required information “through materials such as subscriber contracts, schedules of benefits and enrollee handbooks.” It states that “the information *should* be easily identifiable within the materials provided” [emphasis added]. As written, this provision is not a mandate. It is unenforceable and should not be in the regulation. If the provision is intended to be advisory, it may be more appropriate to a guidance document. If it is intended to be a requirement, the word “should” needs to be replaced with “shall.”

Subsection (b)

Subsection 2136(a) of the act states that the required information “shall be easily understandable by the layperson.” Subsection 154.16(b) repeats this standard in the regulation. The standard is similar to existing regulations at 31 Pa. Code § 51.21. Unlike existing provisions, there is no indication in the proposed regulation that the Department will review the information disclosures. The regulation should provide for Departmental review.

Subsection (c)

Elements of subsections 154.16(c)(1) and (2) duplicate subsection 154.16(a). This repetition is unnecessary. The Department should delete the portions of these subsections that duplicate subsection 154.16(a).

In addition, several commentators have expressed concern with the disclosure requirement imposed by subsection 154.16(c)(2). It is virtually identical to subsection 2136(a)(14) of the act. It requires the Plans to provide an annual listing of “all participating health care providers.” The statutory definition of health care providers is inclusive. It reads:

A licensed hospital or health care facility, medical equipment supplier or person who is licensed, certified or otherwise regulated to provide health care services under the laws of this Commonwealth, including a physician, podiatrist, optometrist, psychologist, physical therapist, certified nurse practitioner, registered nurse, nurse midwife, physician’s assistant, chiropractor, dentist, pharmacist or an individual accredited or certified to provide behavioral health services.

The Plans and others have expressed concerns over the costs of compiling lists of every participating provider in a Plan that covers several counties or is Statewide. In addition, they question whether the list should include all the personnel, such as nurses, pharmacists and other professionals, at a Plan’s participating facilities.

Because the disclosure requirement is intended for the enrollees’ benefit, the Department should explain how it intends to implement this requirement. Directives on what and who must be in the lists of participating providers should be set forth in this regulation.

Finally, the second sentence in subsection 154.16(c)(3) requires a disclosure to be included in specific documents including “subscriber contracts, schedule of benefits and other appropriate material.” This provision is out of place in subsection 154.16(c), which is a list of items to be included in a document described as the “written disclosure of information.” Therefore, the second sentence of subsection 154.16(c)(3) should be moved to a new, separate subsection.

Subsection (d)

Subsection (d) identifies specific types of contractual documents that do not constitute “marketing materials” for the purposes of subsection 2136(a)(1) of the act. The regulation does not define “marketing materials.” Existing provisions in the Department’s regulations at 31 Pa. Code § 51.1 include comprehensive definitions of “advertisement” and “publication.” This proposed regulation could use similar language to define “marketing materials.”

Subsection (g)(2)

This subsection states that the required disclosure information “*should* be provided to enrollees within 30 days of the effective date of the contract or policy, renewal date of coverage...” [emphasis added]. As discussed in subsection (a) above, this provision is not written as a mandate. Thus, it is unenforceable. However, section 2136 of the act requires that Plans disclose this information to enrollees. Therefore, the word “should” needs to be replaced with “shall.”

Subsection (h)

The main paragraph ends with the words “and all other appropriate documents.” What documents are covered by this term?

In addition, subparagraph 154.16(h)(2) uses the phrase “consistent with the act.” The same phrase in subsection 2136(a)(9)(i) of the act reads: “A definition of emergency services as set forth in this article.” Hence, the phrase “consistent with” should be replaced with “as set forth in.”

Special provisions for the disabled

Subsection 2136(a)(13) requires that a Plan’s disclosure information include a description of the procedures that an enrollee with a life-threatening, degenerative or disabling disease or condition must follow and satisfy to be eligible for referral to a specialist or designation of a specialist to provide and coordinate treatment. In addition, subsection 2111(11) of the act requires the Plans to “ensure that there are participating health care providers that are physically accessible to people with disabilities and can communicate with individuals with sensory disabilities in accordance with Title III of the Americans with Disabilities Act of 1990.”

The act requires that information and services be provided for people with disabilities. The regulation should require that the information be provided in formats or by communication systems that are accessible to people with disabilities including people with sensory disabilities.

10. *Section 154.17. Complaints.—Consistency with the statute, Economic Impact, Need and Clarity*

Enrollee's right to designate a representative

Section 2136(a)(8)(iii) of the act requires the Plan to disclose "the enrollee's right to designate a representative to participate in the complaint or grievance process as set forth in this article." Section 2142(c) of the act regarding the appeal process states "the enrollee may be represented by an attorney or other individual before the appropriate department." The right to designate a representative is an important one, particularly for minors or when an enrollee is encumbered by health problems. The Department should add a subsection to § 154.17 that explains the enrollee's right to designate a representative.

Separation of responsibilities

The act has separate requirements for the Plan's internal complaint process located in section 2141 of the act, and the Department's responsibilities for appeal of a complaint in section 2142 of the act, and complaint resolution in section 2143 of the act. However, the regulation combines these requirements into one section. This diminishes the clarity of the regulation. The Department should consider separate subsections for the Department's responsibilities and for the Plans' responsibilities.

Subsection (a)

We have three concerns with subsection (a). First, subsection (a) begins with the phrase "Under the complaint process established by the act. . . ." For clarity, the Department should cite the specific sections in the act.

Second, this section states "the Department will consider complaints. . ." and later provides examples of "the types of complaints which may be filed with the Department. . ." This may cause confusion with the Plan's internal complaint process. The Department can consider an appeal of a decision from the internal complaint process, or can facilitate resolution of a complaint. The Department should rewrite these provisions to more clearly state its responsibilities.

Finally, the scope of subsection (a) is narrower than the definition of "complaint" in the act and § 154.2. One commentator questioned whether complaints could also include problems relating to submission requirements. The Department should expand subsection (a) to provide further guidance on the coverage, operations and management policies that are within the scope of complaints.

Subsection (c)

Subsection (c) states "inquiries regarding premium rate increases do not constitute appeals" and may be filed directly with the Department. We have two questions on this subsection. First, is the term "inquiries" the appropriate term, or does this subsection pertain to complaints?

Second, it is unclear why the phrase "do not constitute appeals" is needed. The Department should explain what it means by this language.

Subsection (d)

Subsection (d) states Plans may establish time frames of at least 30 days for the filing of complaints and grievances. The intent of subsection (d) is unclear. Does the Plan have an option to establish time frames? Is the intent to give the enrollee a minimum of 30 days to file a complaint or grievance?

Additionally, when would the 30-day time period start? The Department should clarify these points in its final submission.

Subsection (f)

Section 2141(c)(2) of the act requires a written notification to the enrollee of the right to appear before the second level review committee. Subsection (f) does not include this requirement. The Department should add it.

Subsection (f) ends with the phrase "or the Department of Health." It is unclear why this phrase is needed in the Insurance Department's regulations.

Subsection (g)

Subsection (g) requires an enrollee to complete the internal complaint process before filing an appeal of the Plan's decision with the Department. Section 2143 of the act allows the Department to assist in the resolution of a complaint any time during the complaint process. There may be circumstances where an enrollee would legitimately contact the Department before a decision was issued. For example, if a Plan is not responsive within the time frames of subsections (e) and (f), it would appear appropriate for an enrollee to contact the Department. The Department should explain the need for subsection (g). If it is retained, the Department should include or reference the provisions of section 2143 of the act.

Subsection (i)

We have four concerns with subsection (i). First, subsection (i) states "Appeals of complaints to the Department shall include information such as. . ." The phrase "information such as" implies the information listed in paragraphs (1) to (5) is optional. The Department should delete the phrase "information such as" and replace it with "the following information. . ."

Second, section 2142(b) of the act requires all records from the initial review and second level review to be transmitted to the Department "in the manner prescribed." The regulation does not prescribe how these records are to be transmitted to the Department. It should.

Third, the Plan would have conducted the reviews and kept the records. Why, then, does paragraph (i)(5) require the enrollee to provide correspondence and decisions from the Plan regarding the complaint? The enrollee would presumably have to get the documents from the Plan and then duplicate them. The Department should explain why it is appropriate to require this information from the enrollee rather than from the Plan.

Finally, section 2142(c) of the act allows an enrollee to be represented by an attorney or other individual. If the enrollee elects to be represented by an attorney or other individual, the Department would also need that information. The Department should add a paragraph (6) to get the appropriate information in the event the enrollee is represented by an attorney or other individual.

Subsection (k)

The intent of subsection (k) is not clear. It contains no substantive provisions and appears to duplicate the provisions of subsection (a). The Department should delete subsection (k) or combine it with subsection (a).

11. *Section 154.18. Prompt payment.—Consistency with the statute, Reasonableness and Clarity.*

Subsection (a)

This subsection requires clean claims to be paid "within 45 days of the licensed insurer's or managed care plan's receipt of the clean claim from the health care provider." Commentators have several questions about what constitutes a Plan's receipt of a clean claim. Specifically, is

“receipt” the date the Plan determines the claim is clean, or is it simply the date the claim is received by the Plan? If it is the date the Plan receives the claim, does the postmark establish the receipt date? We request the Department clarify in the final regulation when the 45-day time period begins.

Health care providers have commented that insurers and Plans should be required to notify providers of deficiencies which would delay processing of a claim. This would allow the provider to respond to the problem and receive timely payment of the claim. Absent this notification, the provider will be unaware of a problem until receipt of a rejection notice.

It is reasonable to advise a provider when a claim is suspended. This would help ensure timely resolution of the problem causing the suspension. In addition, such notification may reduce the number of inquiries from providers on the status of claims, as provided for in subsection (e). Therefore, the Department should consider including provisions for notifying providers of claim deficiencies.

Subsection (d)

This subsection states “Claims paid by a licensed insurer or managed care plan are considered clean claims and are subject to the interest provisions of the act.” Several commentators object to this provision as a broadening of the intent of the definition of “clean claim” contained in the act. The commentators assert that if a claim is held awaiting further documentation, it is not a clean claim, even if it is paid after all the information is received. We request the Department explain how this provision is consistent with the act.

This subsection further states that “The prompt payment requirement of the act also applies to the uncontested portion of a contested claim.” For consistency, the Department should revise subsection (a) to include the requirement that the uncontested portion of a contested claim shall be paid within 45 days of receipt of the claim.

Subsection (e)

We have several concerns with this subsection. First, it states the provider should contact the insurer or Plan before filing a complaint with the Department. It is unclear how the Department would enforce this provision. Section 2143 of the act allows the Department to assist in the resolution of a complaint at any time during the complaint process. Would the Department dismiss any complaint submitted by a provider who did not first make an inquiry with the insurer or Plan?

Furthermore, the term “should” is nonregulatory language which indicates that this provision is optional. It is inappropriate to include optional provisions in a regulation. If the intent of this provision is to advise providers of the Department’s preference in the administration of complaints, it may be more appropriate to include this information in a policy statement.

In addition, this subsection requires the Plan or insurer to respond to a provider’s inquiry within “a reasonable period of time.” The regulation does not specify what is a “reasonable period of time.” This is significant because subsection (f)(1) authorizes a provider to file a complaint with the Department if the insurer or Plan does not respond to an inquiry regarding the status of an unpaid claim “within a reasonable period of time.” We suggest the Department specify the time period within which an insurer or Plan must respond to a provider’s inquiry.

Finally, the regulation does not specify if the insurer or Plan must respond to the provider’s inquiry in writing. The Department should clarify its intent in the final regulation.

MILK MARKETING BOARD

Hearing and Presubmission Schedule; Milk Marketing Area No. 5

Under the Milk Marketing Law (31 P. S. § 700j-101 et seq.), the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Area No. 5 on November 10, 1999, commencing at 11 a.m. in Room 405 of the Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

Purpose of the hearing

The purpose of the hearing is to receive testimony and exhibits concerning cost replacement, as set forth in section G of Official General Order No. A-887, as amended by section B of Official General Order No. A-887 (CRO 3). In addition, the Board will receive evidence concerning in-store handling costs and a reasonable rate of return to retailers.

Entries of appearance

The staff of the Board is deemed to be a party to this hearing, and the attorneys representing staff are deemed to have entered their appearances. Other persons that may be affected by the Board order fixing prices in Area No. 5 may be included on the Board's list of parties by:

1. Having their counsel file with the Board, by 4 p.m. on October 19, 1999, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25, which shall identify by name and address the party on whose behalf the appearance is made. Thereafter documents and other written communications required to be served upon or furnished to that party shall be sent to the attorney of record.

2. If unrepresented by counsel and wishing to appear on their own behalf under 1 Pa. Code § 31.21, filing with

the Board, by 4 p.m. on October 19, 1999, an address to which documents and other written communications required to be served upon them or furnished to them may be sent.

Witnesses, exhibits, presentation of evidence

The parties shall observe the following requirements for advance filing of witness information and exhibits. The Board may exclude witnesses or exhibits of a party that fails to comply with these requirements. In addition, the parties shall have available in the hearing room at least 20 copies of each document for the use of nonparties attending the hearing.

1. By 4 p.m. on October 27, 1999, each party shall file with the Board seven copies and serve on all other parties one copy of:
 - a. A list of witnesses who will testify for the party, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise.
 - b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 4 p.m. on November 4, 1999, each party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

Note: A document is filed with the Board when it is received in the Board office. When more than one copy of a document is required, all copies must be received by the date and time indicated.

Parties that wish to offer in evidence documents on file with the Board, public documents or records in other proceedings before the Board, or who wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code §§ 35.164, 35.165, 35.167 or 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

Requests for data from Board staff

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 4 p.m. on October 21, 1999.

Board's filing address

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

Individuals who require this information in an alternate format, should call (717) 787-4194 or (800) 654-5984 (PA Relay Service for TDD Users).

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Implementation of 711 Access for the Telecommunications Relay Service; Doc. No. M-00900239

Public Meeting held
September 15, 1999

Commissioners Present: John M. Quain, Chairperson; Robert K. Bloom, Vice Chairperson; David W. Rolka; Nora Mead Brownell; Aaron Wilson, Jr.

Tentative Order

By the Commission:

I. Introduction

By this Tentative Order, the Commission presents a proposed implementation plan for 711 abbreviated dialing access to the Telecommunications Relay Service (TRS) in Pennsylvania. We will establish a 30-day comment period on this proposed 711 implementation plan. In addition, we will designate a 711 Implementation Committee.

On February 19, 1997, the Federal Communications Commission (FCC) issued its First Report and Order and Further Notice of Proposed Rulemaking In the Matter of the Use of N11 Codes and Other Abbreviated Dialing Arrangements. The First Report and Order, inter alia, ordered Bell Communications Research (Bellcore), as the National Numbering Plan (NANP) Administrator, to assign 711 as a National code for TRS use.

The use of 711 abbreviated dialing provides easier access to the TRS system. Ease of access to the TRS system furthers the goals of the Americans with Disabilities Act of 1990 (ADA) which requires functionally equivalent access to the telephone network for persons with speech or hearing disabilities. Simplicity of TRS access encourages and supports use by hearing persons as well as hearing and speech impaired persons. Using 711 Nationwide would facilitate consistency from state to state. Currently there are many TRS numbers assigned among and within states, often making access to the relay service confusing and difficult.

II. Background

In May of 1992, the FCC released a Notice of Proposed Rulemaking proposing that Incumbent Local Exchange Carriers (ILECs) be required to provide abbreviated dialing arrangements utilizing "N11 codes," or three digit telephone numbers, for a variety of applications. On February 19, 1997, the FCC issued its First Report and Order and Further Notice of Proposed Rulemaking (Docket No. 92-105) that, among other things, directed Bellcore to assign 711 on a Nationwide basis for access to the states' TRS Relay Centers. In that Order, the FCC tentatively concluded that Nationwide implementation of 711 for TRS access should occur within 3 years.

Bell Atlantic-Pennsylvania, Inc. (Bell) initiated a dialogue with Commission Staff in the Fall of 1998 for implementing 711 access in Pennsylvania. Bell's intent is to implement 711 access throughout its operating territory. On February 8, 1999, the state of Maryland, with Bell's assistance, officially launched 711 access to the state's TRS system, and became the first state in the continental United States to do so. Successful implementation of 711 access in Maryland should facilitate implementation in Pennsylvania, since our proposed implementation plan is based on the Maryland plan.

Since the initial dialogue with Bell, Commission Staff has met and discussed implementation issues with Bell and AT&T Communications of Pennsylvania, Inc. (the TRS provider in Pennsylvania), the Pennsylvania Telephone Association (PTA), representatives of the CLEC community, and representatives of the hearing and speech impaired community. On November 4, 1998, Commission Staff held discussions with Bell, AT&T, and the PTA to get an update on the progress being made with implementation, and to address issues and concerns still needing to be resolved. Issues discussed included: should 711 be used for both text and voice users; the need to coordinate implementation with all LECs operating in the state; the impact of an FCC final rulemaking; the need for coordinating 711 access with pay telephone providers¹ (including LECs and COCOTS); and the importance of public awareness on the availability of 711. Bell and AT&T each discussed their approaches for implementing 711. Both companies were requested to make a presentation at the next meeting of the TRS Advisory Board.

On December 3, 1998, Bell and AT&T made informational presentations on their respective alternatives at the TRS Board Meeting. The Advisory Board members were given an opportunity to hear the alternatives presented, and provide feedback on their concerns. At the March 28, 1999² meeting of the TRS Advisory Board, both alternatives were presented to the Board for their feedback. The members expressed no preference for either option; however, the consensus from the Advisory Board was that the Commission should implement 711 access as soon as possible. The members felt that abbreviated dialing for TRS access was of considerable benefit to the hearing and speech impaired community, and did not have a preference regarding the technical aspects of implementation.

On February 2, 1999, Staff met with AT&T and Bell to discuss reconciling the differing approaches. Subsequently, Bell and AT&T reached a consensus on the implementation of 711. It was agreed that 711 would handle both voice and text calls, and that 711 calls would be routed by the LEC to the appropriate Relay Center 800 number.

A meeting was held on May 4, 1999 with Bell, AT&T, the PTA, and several of the large facilities-based CLECs to discuss the proposal and hear the concerns of the broader ILEC and CLEC community. The proposed implementation plan was described and discussed. All companies present indicated that it would not be a problem to reprogram their switches to accommodate 711 call routing (one company reported that it could be done with less than 2 months notice). In addition, the companies present indicated that the cost would be nominal and that they would not seek cost reimbursement. Subsequent to that meeting, Bell made a presentation at the PTA's Small Company Committee meeting, on May 11, 1999, for their input on any problems or concerns. The PTA received no negative feedback.

On June 8, 1999, the Federal Communications Commission (FCC) issued a Public Notice on convening a public forum on 711 access to the telecommunications relay service. The FCC invited individuals with hearing or speech disabilities, state administrators, members of the telecommunications industry and others to a forum on September 8, 1999, to discuss implementing 711 access to the TRS system Nationwide. The stated goal of the forum

¹Some pay telephones are "smartphones" that can be programmed to directly route the 711 call to the appropriate TRS Relay Center number. Pay telephone providers will need to program their smartphones to route the 711 call.

²A new 2 year term for Relay Advisory Board members began in January 1999.

is to identify the steps that must be taken to implement 711 access to TRS, any obstacles to implementation, and how those obstacles can be resolved. The FCC also indicated that a Final Rulemaking will follow the Public Forum. We submitted comments to the FCC on July 30, 1999, describing our intent to implement 711 in Pennsylvania and describing our proposed plan.

III. Proposed Implementation Plan

Implementing 711 service in Pennsylvania will enable customers to dial only three digits to send text or voice messages using the Telecommunications Relay Service (TRS). The TRS provider in Pennsylvania is AT&T Communications of Pennsylvania, Inc.

The proposed plan for implementing 711 access in Pennsylvania involves using 711 for both voice and text telephone (TTY) calls. Both voice and TTY users will dial 711 to access the TRS Relay Center. ILECs and facilities-based CLECs will translate the 711 call to the current TRS 800 number that is used for voice calls, (800) 654-5988. The translation normally occurs within 1 second. The current voice number and the current TTY number will still be available for calls for those TRS users not using the abbreviated 711 dialing.

When the call reaches the TRS Relay Center, the Pennsylvania customer will enter an Enhanced Voice Upfront Automation (EVUFA) Call Flow where voice customers will be greeted with an initial "Pennsylvania Relay" prompt. The system will immediately be listening for touch-tone prompts to expedite the call setup.

The first step will be to determine the correct call-type option for the customer. The system will begin with a voice prompt. The customer will be prompted to press "1" if a voice call, "2" if ASCII or "3" if Baudot. If the user presses "1" for voice, they will go to another menu and be asked to press "0" for a Communications Assistant, "1" to enter the number being called, or "2" for an explanation of how the TRS Service works. This initial voice prompt menu takes about 5-7 seconds.

Although unable to hear the prompt, the voice message provides the necessary pause for TTY users to enter their call-type option selection, either preprogrammed or manually. ASCII and Baudot customers will be encouraged to program their computer or TTY to automatically dial 711, followed by a pause, and then a "2" or "3" depending on their specific needs. If the text customer (ASCII or Baudot) programs their computer or TTY, or manually enters their selection, then the call is immediately routed to the correct modem (ASCII or Baudot).

The voice message gives the requisite information to Hearing Carry-Over³ (HCO) callers to properly choose their correct call-type option. Voice Carry-Over⁴ (VCO) calls are typically processed as TTY calls (Baudot). Most VCO callers use a regular TTY machine and can easily choose their correct call-type option (#3). For VCO callers using the newer non-TTY VCO-telephones, the Relay system would time-out and transfer the caller to a Communications Assistant for handling either after choosing an option ("3") or by timing-out due to the caller taking no action at all.

If the user does not press any number on this initial menu a 5-second time-out occurs, after which the caller's ANI (Auto-Number Identification) is checked for an entry in the Relay Choice Profile Database. The Relay Choice

Profile Database will check the customer's telephone number to determine if there is a prearranged option in the database on the choice of call type—voice, ASCII or Baudot. For the customer who takes no action, checking the Relay Choice Profile Database would take about 1-2 seconds.

If the customer has a Relay Choice Profile, the call will be sent to the appropriate option, either ASCII or Baudot. If the user does not have a Relay Choice Profile established, the call goes to the ASCII seek tone. If the user does not respond to ASCII (in about 5-7 seconds), the call goes to the Baudot seek tone. If the user does not respond to Baudot (again in about 5-7 seconds), the call is sent to a Communications Assistant for help.

At worst, a TRS call using 711 would take no more than 28 seconds to be processed. This worst case scenario assumes that the call is using the Baudot text format, the customer has no Relay Choice Profile set up, and/or does not choose an option at the initial prompt, necessitating going through all of the steps. At best, ASCII and Baudot customers could get to the correct modem in 3 seconds, which is faster than currently.

Both ILECs and facilities-based CLECs will need to implement 711 access, in order for there to be complete Statewide coverage. There will be press releases detailing the implementation of 711 in the State; a bill insert will be developed to be included in all customers' bills; and the Customer Guide pages of the telephone books will be updated to include the use of 711. Pay telephone providers (LECs and COCOTS) will be notified of 711 so that their "smartphones" can be programmed to translate the 711 call directly from the pay telephone itself.

IV. Conclusion

We find that the 711 abbreviated dialing will facilitate the hearing and speech impaired community's access to the TRS system. It is also our belief that the hearing public would be more inclined to call TRS users (those that are speech or hearing impaired) if dialing was simplified.

To assist us with 711 implementation, we will direct that a 711 Implementation Committee be established to develop guidelines for implementation in Pennsylvania. The 711 Implementation Committee will be charged with developing industry guidelines on the following: guidelines of processes required for implementation of the 711 plan; identify critical success factors such as determining switch conversion timeframes and the relay provider conversion timeframe; suggest a feasible cutover date; identify parties to be involved and notified of the 711 implementation plan (ILECs, CLECs, IXC's, wireless carriers, pay telephone providers, and TRS user groups); identify the best method of industry notification (for example, industry publications); develop a customer notification program (press releases, directory changes, bill inserts, and the like) including template text; input to the Local Exchange Routing Guide (LERG); determine the need for system testing and/or a trial period; evaluate the need for special trouble shooting reporting procedures; and evaluate other areas the Committee deems relevant and appropriate. The 711 Implementation Committee will consist of representatives of AT&T, Bell, the PTA, facilities-based CLECs, the hearing and speech impaired community, and Commission Staff. The 711 Implementation Committee's findings will be used in our Final Order on 711 Implementation.

We seek comment on our proposed implementation plan for 711 access. The proposed plan as outlined above, was

³Hearing Carryover callers are those callers that are speech impaired, but can hear the message from the non-TTY user.

⁴Voice Carryover callers are those callers that are hearing impaired, but can speak to voice their message directly to the non-TTY user.

developed from negotiations over the past year. However, we recognize that there may be other comments and suggestions from the affected industry groups, the general public or advocacy groups. We designate a 30-day comment period to provide the opportunity for comments on the proposed 711 implementation plan to be submitted for consideration.

We direct that this Tentative Order be published in the *Pennsylvania Bulletin*, that a 30-day comment period be established, and that a 711 Implementation Committee be instituted. The Final Order on 711 implementation will take into consideration the comments that we receive, the findings of the 711 Implementation Committee and information from the FCC's Public Forum held on September 8, 1999;

Therefore,

It Is Ordered That:

1. Within 20 days after the date of entry of this Tentative Order, AT&T shall meet with our Bureau of Fixed Utility Services regarding the establishment of the 711 Implementation Committee.

2. This Tentative order be published in the *Pennsylvania Bulletin* as soon as practicable.

3. A 30-day comment period be established from the date of publication in the *Pennsylvania Bulletin*. Comments should be addressed to: Secretary James J. McNulty, PA Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265. Comments must include the following on the first page: Comments on the Implementation of 711 Access for the Telecommunications Relay Service; Tentative Order at Docket No. M-00900239.

4. A copy of this Tentative Order be served on all Incumbent Local Exchange Companies (ILECs) and Competitive Local Exchange Companies (CLECs) operating in the Commonwealth, the Pennsylvania Telephone Association, members of the TRS Advisory Board, the Central Atlantic Payphone Association, Association for Local Telecommunications Services; Cellular Telecommunications Industry Association, the Office of Consumer Advocate, and the Office of Small Business Advocate.

5. Questions concerning this Tentative Order should be addressed to Anthony J. Rametta, Bureau of Fixed Utility Services, (717) 787-2359, e-mail address—rametta@puc.state.pa.us.

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Publication of this notice shall be considered as sufficient notice to all carriers holding authority from this Commission. Applications will be considered without hearing in the absence of protests to the application. Protests to the applications published herein are due on or before November 8, 1999, as set forth at 52 Pa. Code § 3.381 (relating to applications for transportation of property and persons). The protest shall also indicate

whether it applies to the temporary authority application or the permanent application or both.

Applications of the following for approval of the beginning of the exercise of the right and privilege of operating as common carriers for transportation of persons as described under each application.

A-00116255. Gary M. Branick, t/d/b/a Branick Limousine Service (2409 Ben Franklin Highway, Ebensburg, Cambria County, PA 15931)—persons in limousine service, between points in the counties of Cambria, Blair and Indiana, and from points in said counties, to points in Pennsylvania, and return.

A-00116256. William H. O'Brien, t/d/b/a Aero Limousine Co. (105 Wren Way, P. O. Box 1710, Washington, Washington County, PA 15301)—persons in limousine service: (1) between points in Washington County, and from points in said county, to points in the counties of Allegheny, Beaver, Butler, Fayette, Greene and Somerset, and return; and (2) from points in the county of Allegheny, to points in the counties of Beaver, Butler, Fayette, Greene, Somerset and Washington, and return. *Attorney:* John A. Pillar, 1106 Frick Building, Pittsburgh, PA 15219.

A-00112577. F. 7. Airport Limousine Service, Inc., t/d/b/a Embassy Coach (36 South 16th Street, Pittsburgh, Allegheny County, PA 152023), a corporation of the State of Delaware—Additional Right—persons, in group and party service, using vehicles seating 15 passengers or less, including the driver, between points in the counties of Westmoreland, Armstrong, Beaver, Butler, Washington, Fayette, Greene, Mercer, Erie, Lawrence, Indiana, Venango, Crawford, Jefferson, Cambria, Somerset, Bedford and Blair, and from points in the said counties, and the county of Allegheny, to points in Pennsylvania, and return. *Attorney:* Ray F. Middleman, Northridge Office Plaza, 117 VIP Drive, Suite 310, Wexford, PA 15090.

A-00116253. Ross Carlo, t/d/b/a Classy Classic Cab Company (550 Nellie Street, Apartment 3, Masury, OH 44458) persons upon call or demand in the counties of Mercer, Crawford and Venango.

Applications of the following for approval amendment of the right and privilege of operating motor vehicles as common carriers for the transportation of persons by transfer of rights as described under each application.

A-00112577. Folder 1, Am-A. Airport Limousine Service, Inc., t/d/b/a Embassy Coach (36 South Sixth Street, Pittsburgh, Allegheny County, PA 15203), a corporation of the State of Delaware—temporary authority—persons in airport transfer service, in limousines and luxury-type vehicles, from points in the counties of Armstrong, Beaver, Butler, Cambria, Greene, Indiana, Somerset and Westmoreland, to the Greater Pittsburgh International Airport located in the township of Moon, Allegheny County; and the Allegheny County Airport, located in the borough of West Mifflin, Allegheny County; subject to the following conditions: (1) that no right, power or privilege is granted to provide service from points in the townships of Adams, Connoquenessing, Cranberry, Forward, Jackson, Lancaster, Butler, Penn and Middlesex, and the boroughs of Seven Fields and Zelenople, Butler County; and (2) that service from Westmoreland County is restricted to transportation of four or more persons from one origin point for whom a reservation has been made by a single party or person,

but who are charged individually; which is to be a transfer of all of the rights issued at A-00108361, Folder 2 to Carriage Limousine Services, Inc., subject to the same limitations and conditions. *Attorney:* Ray F. Middleman, Northridge Office Plaza, 117 VIP Drive, Suite 310, Wexford, PA 15090.

A-00112577, Folder 5, Am-A. Notice to Allen Vincent Hurt

On February 25, 1999, the Commonwealth of Pennsylvania, State Board of Medicine, instituted a formal administrative action against you, alleging that you have violated certain provisions of the Pennsylvania Medical Practice Act. Under 1 Pa. Code § 33.31 and Pa.R.C.P. Rule 430 providing for service of process upon you by publication:

If you wish to defend against the allegations in this order to show cause, or to present evidence on your behalf in mitigation of any penalties which may be imposed upon you or your license, certification, registration, permit or other authorization to practice your profession, the procedures for doing so are set forth in the attached order to show cause. You have the right to be represented by an attorney in this matter. Although you may represent yourself, you are advised to seek the advice of an attorney. All proceedings are conducted in accordance with the Administrative Agency Law and the general rules of Administrative Practice and Procedure.

You are directed to respond by filing an answer in writing within thirty (30) days of the date of this notice. An original and two copies must be submitted. Also, you must send a separate copy of the answer, and any other pleadings or documents, to the prosecuting attorney named in this document. If you do not file an answer, disciplinary action may be taken against you without a hearing.

Answers and any other pleadings should be filed with: Deanna S. Walton, Prothonotary, Bureau of Professional and Occupational Affairs, 124 Pine Street, Suite 200, Harrisburg, PA 17101.

GET A STEP AHEAD IN COMPETING FOR A STATE CONTRACT!

The Treasury Department's Bureau of Contracts and Public Records can help you do business with state government agencies. Our efforts focus on guiding the business community through the maze of state government offices. The bureau is, by law, the central repository for all state contracts over \$5,000. Bureau personnel can supply descriptions of contracts, names of previous bidders, pricing breakdowns and other information to help you submit a successful bid on a contract. We will direct you to the appropriate person and agency looking for your product or service to get you "A Step Ahead." Services are free except the cost of photocopying contracts or dubbing a computer diskette with a list of current contracts on the database. A free brochure, "Frequently Asked Questions About State Contracts," explains how to take advantage of the bureau's services.

SU-919 Huber Arts Center RFP 919—Huber Arts Center Renovation Professional Services for Design and Construction, SSHE, Shippensburg University, Shippensburg Township, Cumberland County, PA. Huber Arts Center, constructed in 1931, is a 19,352 gsf, three-story facility with a 4,642 gsf wing constructed in 1961. The facility requires modernization to enhance instruction in the fine arts and correction of safety, health and regulatory deficiencies. Proposing firms shall demonstrate expertise in renovation of aging higher education facilities, preferably fine arts instructional buildings with art galleries. Track record should indicate integrated design practices including energy efficiency, future maintenance requirements and evaluation of alternatives on a life-cycle cost basis. To be responsive, firms must be located less than 150 miles from Shippensburg University. All applications submitted are subject to review by a System Selection Board at Shippensburg University. The System Boards disclaim any liability whatsoever as to their review of the applications submitted and in formulating their recommendations for selection. SSHE encourages responses from small firms, minority firms and firms which have not previously performed work for the System and will consider joint ventures which will enable these firms to participate in System professional service contracts. To be considered, firms must submit proposals in accordance with RFP, enclosing Commonwealth forms 150-ASP current within 1 year of the response date. To request RFP, contact Debbie Martin, phone (717) 477-1121, fax (717) 477-4004. Deadline for submission is November 12, 1999, at 4 p.m.
