READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

List of Pa. Code Chapters Affected

The following numerical guide is a list of the chapters of each title of the *Pennsylvania Code* affected by documents published in the *Pennsylvania Bulletin* during 1996.

THE COURTS

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CHS. 1300 AND 3000]

Proposed Technical Amendments Rescinding Obsolete Rules and Deleting Obsolete References; Recommendation No. 136

The Civil Procedural Rules Committee has issued Recommendation 136 which proposes to amend the Rules of Civil Procedure by rescinding rules providing for the abolition of special actions or procedures and by deleting obsolete references in rules governing transfer of judgments and enforcement of judgments in special actions.

The recommendation is published in full in the *Pennsylvania Bulletin*, the advance reports of *West's Atlantic and Pennsylvania Reporters*, the *Philadelphia Legal Intelligencer* and the *Pittsburgh Legal Journal*. The recommendation is also published electronically as part of the Home Page of the Administrative Office of Pennsylvania Courts at <http://www.cerf.net/penna-courts/>.

The proposed amendments are being submitted to the bench and bar for comments and suggestions prior to their submission to the Supreme Court. All communications should be sent no later than December 15, 1996 to: Harold K. Don, Jr., Esquire, Counsel, Civil Procedural Rules Committee, 5035 Ritter Road, Suite 700, Mechanicsburg, Pennsylvania 17055; or E-Mail to cprc@courts.state.pa.us.

The Explanatory Comment which appears in connection with the proposed amendments has been inserted by the Committee for the convenience of the bench and bar. It will not constitute part of the rules nor will it be officially adopted or promulgated by the Court.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1300. COMPULSORY ARBITRATION

Subchapter E. ABOLITION OF SPECIAL ACTIONS

Rule 1480. Domestic Attachment.

Rescinded.

Official Note: Rule 1480 governing domestic attachment has been rescinded as obsolete.

Rule 1481. Civil Arrest Before Judgment.

Rescinded.

Official Note: Rule 1481 governing civil arrest before judgment has been rescinded as its substance has been incorporated into section 5108(b) of the Judicial Code, 42 Pa.C.S. § 5108(b).

CHAPTER 3000. JUDGMENTS

Subchapter A. TRANSFER OF JUDGMENT TO OTHER COUNTIES

Rule 3010. Acts of Assembly not suspended.

Rescinded.

Official Note: Adopted March 30, 1960, effective November 1, 1960. [This act authorizes the defendant in confessed judgments transferred to another county to petition for opening of judgment in the county of original entry or in the county of execution.] The Act of 1945 prescribing venue of a petition to open a confessed judgment and preserved by this rule has been repealed. See Rule 2959(a)(1).

Rule 3011. Acts of Assembly suspended.

Rescinded.

Official Note: Adopted March 30, 1960, effective November 1, 1960. Former Rule 3011 preserved an Act of Assembly which was subsequently repealed.

Subchapter E. ENFORCEMENT OF JUDGMENTS IN SPECIAL ACTIONS

ACTION OF EJECTMENT

Rule 3160. Judgment; execution.

A judgment for possession shall be enforced by a writ of possession substantially in the form provided by Rule 3254. If the judgment includes **rents**, profits or damages, execution for such **rents**, profits or damages shall be in accordance with the rules governing the enforcement of judgments for the payment of money.

Official Note: Adopted March 30, 1960, effective November 1, 1960.

ACTION OF MORTGAGE FORECLOSURE

Rule 3181. Conformity to rules governing enforcement of judgments for payment of money.

* * * * *

(f) Notice of Sale, Stay, Continuance:—Rule [3129] 3129.1 through .3.

* * * * *

Rule 3182. Service of writ; levy.

* * * * *

Official Note: Adopted March 30, 1960, effective November 1, 1960; amended November 6, 1975. Effective immediately, 5 Pa.B. 2978. Service of the writ upon the mortgagor or real owner is not required but notice of the sale is required by Rule [3129] 3129.1.

ACTIONS UPON MECHANICS' LIENS, MUNICIPAL AND TAX CLAIMS AND CHARGES ON LAND

Rule 3190. Judgment; execution.

* * * * *

Official Note: Adopted July 21, 1961, effective October 1, 1961; amended April 18, 1975, effective immediately, 5 Pa.B. 1820. [The Acts] Statutory procedures relating to enforcement of tax liens by sale under the Real Estate Tax Law of July 7, 1947, P.L. 1368, as amended, 72 P.S. § 5860.101, and other acts authorizing Treasurer's sale remain unsuspending. See Rule 3191(a)(2)(viii).

[The writs of *levari facias* provided by § 28 of the Municipal Claim Act of May 16, 1923, P.L. 207, 53 P.S. § 7278, The Fiscal Code of April 9, 1929, P.L. 343, § 1404 as last amended August 7, 1963, P.L. 559,

§ 1, 72 P. S. § 1404, § 8 of Act of June 9, 1911, P. L. 736, 72 P. S. § 3491 and similar acts are abolished.]

Statutory provisions relating to municipal claims and liens remain unsuspended. See Rule [3233 for Acts of Assembly not suspended relating to] 3191(a)(2)(i) through (viii) for provisions including special stay provisions, sequestration of rents, upset price, sale clear of lien and preferences.

See Rule 3191(b) for Acts of Assembly suspended insofar as they provide for writs of *levari facias* and *scire facias*.

Rule 3191. Acts of Assembly.

(a) The rules governing the enforcement of a judgment in rem in an action or proceeding upon a mechanics' lien, municipal claim, tax claim or charge on land shall not be deemed to suspend or affect:

(1) Mechanics' Liens.

(i) Sections 303(c) and 508 of the Act of August 24, 1963, P. L. 1175, No. 497, 49 §§ 1303(c) and 1508.

Official Note: These sections provide for the loss of the lien when the property is conveyed in good faith prior to the filing of a claim and for the priority of a lien.

(2) Municipal and Tax Claims.

(i) Section 24 of the Act of May 16, 1923, P. L. 207, as amended, 53 P. S. § 7275.

Official Note: This Section relates to sequestration of rents.

(ii) Section 27 of the Act of May 16, 1923, P. L. 207, 53 P. S. § 7277.

Official Note: This Section relates to stay upon entry of security and admission of validity of claim.

(iii) Section 29 of the Act of May 16, 1923, P. L. 207, as amended, 53 P. S. § 7279.

Official Note: This Section relates to upset sale price and discharge of liens.

(iv) Section 30 of the Act of May 16, 1923, P. L. 207, 53 P. S. § 7280.

Official Note: This Section relates to execution against quasi public corporations and preference of claims.

(v) Section 31 of the Act of May 16, 1923, P. L. 207, 53 P. S. § 7281.

Official Note: This Section relates to procedure for selling free and clear of all liens.

(vi) Sections 31.1, 31.2 of the Act of May 16, 1923, P. L. 207, as added and amended, 53 P. S. §§ 7282, 7283.

Official Note: These Sections relate to procedure for selling free and clear of all claims in first class counties and cities.

(vii) Section 32 of the Act of May 16, 1923, P. L. 207, 53 P. S. § 7293, as added and amended.

Official Note: This Section relates to right of redemption after sale.

(viii) The Real Estate Tax Sale Law approved July 7, 1947, P. L. 1368, as amended, 72 P. S. § 5860.101 and all other acts authorizing Tax Bureau or Treasurer's sale on tax liens.

(ix) Sections 4 to 9, inclusive, of the Act of March 1, 1956, P. L. (1955) 1196, 53 P. S. §§ 7287 to 7292, except insofar as § 7 relates to execution, acknowledgment and delivery of sheriff's deed.

Official Note: These Sections relate to sale of vacant lots in "conservation areas" free and clear of all liens and without any right of redemption.

(b) The following Acts of Assembly are suspended in accordance with the provisions of the Constitution of 1968, Article V, Section 10(c):

(1) Section 28 of the Act approved May 16, 1923, P. L. 207, 53 P. S. § 7278.

Official Note: This Section provides for execution upon a judgment by writ of *levari facias* and specifies the form of the writ and procedure thereon.

(2) Section 1404 of the Fiscal Code of April 9, 1929, P. L. 343, Art. XIV, 72 P. S. § 1404, only insofar as it may authorize sale of real estate subject to tax liens on writ of *scire facias*.

Official Note: This Section authorizes writs of *scire facias* to issue and be prosecuted to judgment and execution on Commonwealth tax liens.

(3) Section 7 of the Act approved March 1, 1956, P. L. (1955) 1196, 53 P. S. § 7290, insofar as it relates to acknowledgment and delivery of sheriff's deed.

Official Note: This Section relates to the execution, acknowledgment and delivery of deeds in sale of tax delinquent vacant lots located in blighted "conservation areas."

ACTS OF ASSEMBLY NOT SUSPENDED

Rule 3232. Action of mortgage foreclosure.

Rescinded.

Official Note: Former Rule 3232 preserved Acts of Assembly which were subsequently repealed.

Rule 3233. Action upon mechanics' liens, municipal claims, tax claims, and charges on land.

Rescinded.

Official Note: Former Rule 3233(a)(1) preserved statutory provisions which were subsequently repealed. See Rule 3191(a)(1)(i) for preservation of the Act of 1963 governing the enforcement of a judgment in rem in an action or proceeding upon a mechanics' lien.

All of the Acts of Assembly preserved by former Rule 3233(b) continue to be preserved under Rule 3191(a)(2).

ACTS OF ASSEMBLY SUSPENDED

Rule 3242. Action of ejectment.

Rescinded.

Official Note: Former Rule 3242 suspended statutory provisions which were subsequently repealed.

Rule 3243. Action of replevin.

Rescinded.

Official Note: Former Rule 3243 suspended statutory provisions which were subsequently repealed.

Rule 3244. Action of mortgage foreclosure.

Rescinded.

Official Note: Former Rule 3244 suspended statutory provisions which were subsequently repealed.

Rule 3245. Action upon mechanic's liens, municipal claims, tax claims and charges on land.

Rescinded.

Official Note: See Rule 3191(b) for the suspension of statutory provisions governing writs of scire facias and levavi facias.

RULES SUPERSEDED

Rule 3249. Attachment rules superseded.

Rescinded.

Official Note: Rule 3249 governing attachment rules superseded has been rescinded as obsolete.

ABOLITION OF CIVIL ARREST AFTER JUDGMENT

Rule 3250. Abolition of civil arrest after judgment.

Rescinded.

Official Note: Rule 3250 governing civil arrest after judgment has been rescinded as its substance has been incorporated into Section 5108(b) of the Judicial Code, 42 Pa.C.S. § 5108(b).

Explanatory Comment

Recommendation No. 136 proposes amendments to the rules of civil procedure which are technical in nature and do not affect practice or procedure.

I. Amendment of Rules Governing Transfer of Judgments and Enforcement of Judgments in Special Actions

The Judiciary Act Repealer Act (JARA), enacted in 1978, repealed literally thousands of statutory provisions governing civil practice and procedure and amended many others. Since that time the references to these repealed and amended statutes contained in the Rules of Civil Procedure have gradually been eliminated. This recommendation proposes to continue this process and to eliminate from the rules set forth all obsolete references and citations and to make any conforming amendments necessary. The statutes which were entirely or in relevant part repealed by JARA are listed in the table following this comment.

Rule 3160 governing the enforcement of a judgment of ejectment is to be amended to conform to Rule 1055

which provides for the complaint in an action of ejectment to state a cause of action for rents as well as profits and damages.

Proposed Rule 3191 governing the preservation and suspension of Acts of Assembly relating to an action or proceeding upon a mechanics' lien, municipal claim, tax claim or charge on land does not set forth new procedure but is a restatement and relocation of the substance of present Rules 3233 and 3245. New Rule 3191 immediately follows Rule 3190 governing the procedure in the same types of actions.

II. Rescission of Rules Abolishing Special Actions

Recommendation No. 136 also proposes the rescission of four rules relating to the abolition of special actions or procedures.

Rule 1480 promulgated in 1954 abolished the action of domestic attachment and suspended the Acts of Assembly which formed the basis of the action. Those Acts were repealed by JARA in 1978 so that Rule 1480 is now obsolete.

Similarly, Rule 3249 promulgated in 1960 provided for the supersession of the then existing 1954 attachment rules and to advise that pending attachment proceedings would be governed by the newly adopted attachment execution rules. Thirty-six years later, the 1954 attachment rules remain superseded and the 1960 attachment execution rules continue in force, rendering Rule 3249 obsolete.

The substance of Rule 1481 abolishing civil arrest before judgment and Rule 3250 abolishing civil arrest after judgment has been incorporated into Section 5108(b) of the Judicial Code, thus rendering the rules unnecessary. The Judicial Code provision, which acknowledges Rule 1481 in part as its source, provides:

§ 5108. Imprisonment for Debt

(a) Constitutional restriction.— . . .

(b) Statutory restriction.—Except in an action for fines and penalties, or as punishment for contempt, or to prevent departure from the Commonwealth, a defendant may not be arrested in any civil matter.

By the Civil Procedural Rules Committee

EDWIN L. KLETT,
Chairperson

[Pa.B. Doc. No. 96-1784. Filed for public inspection October 25, 1996, 9:00 a.m.]

[231 PA. CODE CH. 4000]

Revision of Rule 4011 Governing Limitation of Scope of Discovery and Deposition; Recommendation No. 137

The Civil Procedural Rules Committee has issued Recommendation No. 137 which proposes the amendment of Rule 4011 governing the limitation of scope of discovery and deposition. The recommendation is published in full in the *Pennsylvania Bulletin*, the advance reports of West's *Atlantic* and *Pennsylvania Reporters*, the *Philadelphia Legal Intelligencer* and the *Pittsburgh Legal Journal*. The recommendation is also published electronically as part of the Home Page of the Administrative Office of Pennsylvania Courts at <http://www.cerf.net/penna-courts/>. The proposed recommendation is being submitted to the bench and bar for comments and suggestions prior to their submission to the Supreme Court. All communications should be sent no later than December 15, 1996 to: Harold K. Don, Jr., Esquire, Counsel, Civil Procedural Rules Committee, 5035 Ritter Road, Suite 700, Mechanicsburg, Pennsylvania 17055; or E-Mail to cprc@courts.state.pa.us.

The Explanatory Comment which appears in connection with the proposed recommendation has been inserted by the Committee for the convenience of the bench and bar. It will not constitute part of the rules of civil procedure nor will it be officially adopted or promulgated by the Court.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 4000. DEPOSITIONS AND DISCOVERY

Rule 4011. Limitation of Scope of Discovery and Deposition.

No discovery or deposition shall be permitted which

(a) is sought in bad faith;

(b) would cause unreasonable annoyance, embarrassment, oppression, burden or expense to the deponent or any person or party;

(c) relates to matter which is [**privileged**] beyond the scope of discovery as set forth in Rule 4003.1; or

(d) Rescinded.

(e) would require the making of an unreasonable investigation by the deponent or any party or witness.

(f) Rescinded.

Explanatory Comment

Rule 4011(c) presently provides that no discovery or deposition shall be permitted which "relates to matter which is privileged." The rule, however, is incomplete since Rule 4003.1 stating the scope of discovery refers to relevancy as well as privilege. It is proposed, therefore, that the rule be amended to refer to Rule 4003.1 and thereby encompass all of its concepts.

SUPREME COURT**Request for Proposal**

The Supreme Court of Pennsylvania plans to release a Request for Proposal (RFP) during the week of October 28, 1996, for a computer modeling vendor to model Joint Application Development Materials which outline the docketing/case management procedures of the Supreme, Superior and Commonwealth Courts of Pennsylvania. The modeling vendor will follow standard modeling practices using the Westmount I- CASE/Yourdon for Informix tool for the development of an analysis model and a design model beginning in December, 1996. The project schedule, terms and conditions and scope of work are outlined in the RFP. Copies of the RFP may be requested by calling the Project Administrator at the Administrative Office of Pennsylvania Courts at (717) 795-2000. Letters of Intent to Bid must be submitted no later than November 6, 1996. A resource library will be available. Details are included in the Request for Proposal.

NANCY M. SOBOLEVITCH,
Court Administrator of Pennsylvania

RULES AND REGULATIONS

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE ARCHITECT LICENSURE BOARD

[49 PA. CODE CH. 9]

Examination Fees

The State Architect Licensure Board (Board) amends Chapter 9 (relating to State Architects Licensure Board), pertaining to increased fees for examinations for licensure to read as set forth in Annex A.

Under section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a), and sections 6(c), 8(c) and 11 of the Architects Licensure Act (act) (63 P. S. §§ 34.6(c), 34.8(c) and 34.11), examinations for licensure shall be prepared and administered by a professional testing organization under contract to the Board. The Board utilizes the examination of the National Council of Architectural Registration Boards (NCARB). The NCARB consists of the licensing boards of all 50 states, the District of Columbia and United States territories and possessions. The NCARB and its Canadian counterpart, the Committee of Canadian Architectural Councils, have jointly developed a computer-based examination to replace the written (pencil and paper) examination known as the ARE. The last 4-day pencil and paper examination was given in June 1996. Beginning in February 1997, the NCARB will offer the ARE in computerized format. The examination will be offered year-round at a network of computer-based test centers by a professional testing organization under contract with the NCARB. Candidates eligible to take the examination under §§ 9.41—9.49a may now schedule any division of the ARE at anytime in any order at available test centers.

These amendments reflect the replacement of the pencil-and-paper ARE with the computer-delivered ARE. The amendments to § 9.3 (relating to fees) establish new examination fees and reflect changes in examination nomenclature. The fees will be the actual charges of NCARB to schedule a candidate to take the examination. The two parts of former Division B: Site Design are combined and renamed Site Planning; former Division C: Building Design has been divided into two parts; Building Planning and Technology. Section 9.118 (relating to NCARB standard examination; transition candidate) is amended to add new subsections which provide for transition candidates who have already started, but not completed the examination process.

In addition, the Board has amended §§ 9.41, 9.82, 9.86, 9.111, 9.113, 9.114, 9.117 and 9.118 to reflect changes in the available dates and locations of the examinations and procedures to schedule and take the examination. Also, the Board has deleted §§ 9.44, 9.85 and 9.112 since these procedures and provisions apply to the written form ARE. Computer-based examinations may be taken at any available location where the ARE is administered.

Public notice of intention to adopt the amendments under the procedures specified in sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) (CDL), has been omitted as authorized under section 204(3) of the CDL (45 P. S. § 1204(3)),

because the Board finds that these procedures are, under the circumstances, unnecessary. Public comment is unnecessary because section 812.1 of The Administrative Code of 1929 requires that candidate fees cover the cost of the examination. Persons affected by the amendments have been given actual notice of the Board's intention to amend the regulations in advance of final rulemaking under section 204(2) of the CDL.

Compliance with Executive Order 1996-1

The Board reviewed this rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final/proposed omitted regulations address a compelling public interest as described in this Preamble and otherwise comply with Executive Order 1996-1.

Statutory Authority

These amendments are adopted under section 812.1 of The Administrative Code of 1929 and sections 6(c), 8(c) and 11 of the act.

Fiscal Impact and Paperwork Requirements

The amendments will have no fiscal impact on the Commonwealth or its political subdivisions. Candidates for licensure by examination will be required to pay an increased fee to cover contract costs for the examination.

Regulatory Review

Under section 5(f) of the Regulatory Review Act (71 P. S. § 745.5(f)), a copy of the amendments was submitted on September 13, 1996, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Committee on Consumer Protection and Professional Licensure and the House Committee on Professional Licensure. In addition, at the same time, the amendments were submitted to the Office of Attorney General for review and comment under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5(c) of the Regulatory Review Act, the amendments were approved by the House and Senate Committees on October 1, 1996, and September 25, 1996, respectively, and by IRRC on October 3, 1996.

Additional Information

Individuals who desire information are invited to submit inquiries to Kathleen Davis, Board Administrator, State Architects Licensure Board, P. O. Box 2649, Harrisburg, PA 17105-2649, telephone number (717) 783-3398.

Findings

The Board finds that:

(1) Public notice of intention to amend the regulations as adopted by this order under the procedures specified in sections 201 and 202 of the CDL has been omitted under the authority contained in section 204(3) of the CDL, because the Board has, for good cause, found that the procedure specified in sections 201 and 202 of the CDL is, in this circumstance, unnecessary, because section 812.1 of The Administrative Code of 1929 requires that candidate fees cover the cost of the examination.

(2) Persons affected by the amendments as adopted by this order have been given actual notice of the Board's intention to amend the regulations in advance of final rulemaking under section 204(2) of the CDL.

(3) The amendment of the regulations of the Board in the manner provided in this order is necessary and appropriate for the administration of its authorizing statute.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 9, are amended by amending §§ 9.2, 9.3, 9.41, 9.82, 9.86, 9.111, 9.113, 9.114, 9.117 and 9.118 and by deleting §§ 9.44, 9.85 and 9.112 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The President of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality as required by law.

(c) The President of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall become effective immediately upon publication in the *Pennsylvania Bulletin*.

DENNIS L. ASTORINO,
President

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996).)

Fiscal Note: 16A-412. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 9. STATE ARCHITECTS LICENSURE BOARD

GENERAL PROVISIONS

§ 9.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

ARE—Architect Registration Examination

* * * * *

§ 9.3. Fees.

The cost of the ARE is \$980. The fee for each portion is:

Table with 2 columns: Portion and Fee. Rows include Predesign (\$92), Site Planning (\$129), Building Planning (\$155), Building Technology (\$145), General Structures (\$108), Lateral Forces (\$79), Mechanical and Electrical (\$83), Material and Methods (\$90), and Construction Documents and Services (\$99).

REGISTRATION BY EXAMINATION

§ 9.41. General requirements.

Registration may be granted to an applicant who has successfully passed the ARE examination. The subject matter is described in detail in the NCARB's Circular of Information No. 2 which is available from the Board or from the National Council of Architectural Registration Boards, 1735 New York Avenue, N. W., Suite 700, Washington, D. C. 20006.

§ 9.44. (Reserved).

APPLICATION PROCEDURES

§ 9.82. Forms and fees.

Application shall be made on forms furnished and in the manner prescribed by the Board. Examination fees shall be payable as specified in the application. Applications shall be submitted to the address indicated on the application and within deadlines established by the Board and specified on the application.

§ 9.85. (Reserved).

§ 9.86. Expiration of application.

After an applicant is notified that he is eligible to sit for examination, the Board will provide the NCARB with written authorization to test the candidate. Under § 9.27 (relating to inactive records), the authorization to test is valid for 5 years from the date a candidate is declared eligible to take the examination.

EXAMINATION

§ 9.111. Dates of examination.

The ARE shall be given on dates and in the form as made available to the Board by the NCARB.

§ 9.112. (Reserved).

§ 9.113. Location of examination site.

The ARE shall be given at locations determined by the Board in conjunction with the NCARB.

§ 9.114. Due notice.

A candidate eligible to take the examination will be given due notice of the date, time and place of examinations and will be given specific preexamination instructions. Candidates may schedule and reschedule examinations in accordance with NCARB Administration Procedures. The NCARB will notify candidates of scheduling deadlines and costs of rescheduling at the time the candidate first is scheduled to take the examination.

§ 9.117. Proctors.

The professional testing organization will arrange for proctors at an examination whose duty it is to administer the conduct of the examination. Candidates will be given specific instructions as to conduct which will be deemed to constitute suspected cheating. A candidate found to have engaged in suspected cheating shall be dismissed from the examination. Proof of the activity may result in disqualification to sit for future examinations.

§ 9.118. NCARB standard examination; transition candidate.

(a) The examination will be the ARE in computer-administered form as adopted by the NCARB.

(b) A candidate who did not successfully complete the entire examination in written format will be required to complete only the computer-administered portions which were not successfully completed in written format.

(1) A candidate who has not passed both parts of Division B: Site Design on or before June 30, 1996, will be required to successfully complete the Site Planning part.

(2) A candidate who did not successfully complete Division C: Building Design on or before June 30, 1996, will be required to successfully complete the Building Planning and Building Technology parts.

[Pa.B. Doc. No. 96-1788. Filed for public inspection October 25, 1996, 9:00 a.m.]

STATE BOARD OF CERTIFIED REAL ESTATE APPRAISERS

[49 PA. CODE CH. 36]

Examination Fees

The State Board of Certified Real Estate Appraisers (Board) amends § 36.6 (relating to fees) pertaining to increased fees for January 1997 and subsequent examinations for certification of real estate appraisers to read as set forth in Annex A.

Under section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a), examinations for certification shall be prepared and administered by a professional testing organization under contract to the appropriate board. The Board is under contract with Assessment Systems, Inc. Contract costs for examination services will increase beginning January 1997. This amendment will change fees for examinations to candidates for certification in accordance with the new contract costs.

Public notice of intention to amend § 36.6 under procedures in sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) (CDL), has been omitted under section 204(3) of the CDL (45 P. S. § 1204(3)), because the Board finds that these procedures are, under the circumstances, unnecessary. Public comment is unnecessary because section 812.1 of The Administrative Code of 1929 requires that candidate fees cover the cost of the examination. Persons affected by this amendment have been given actual notice of the Board's intention to adopt this amendment in advance of final rulemaking under section 204(2) of the CDL.

Compliance with Executive Order 1996-1

The Board reviewed this amendment and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1 (relating to regulatory review and promulgation). This amendment addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

Statutory Authority

This amendment is adopted under section 812.1 of The Administrative Code of 1929 and sections 5(6) and 9 of the Real Estate Appraisers Certification Act (63 P. S. §§ 457.5(6) and 457.9).

Fiscal Impact and Paperwork Requirements

This amendment will have no fiscal impact on the Commonwealth or its political subdivisions. Candidates for the certification examination will be required to pay an increased fee to cover contract costs for the examination.

This amendment will not create new paperwork requirements for the Commonwealth, its political subdivisions or the private sector.

Regulatory Review

Under section 5(f) of the Regulatory Review Act (71 P. S. § 745.5(f)), a copy of this amendment was submitted on September 13, 1996, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Committee on Consumer Protection and Professional Licensure and the House Committee on Professional Licensure. At the same time, a copy of this amendment was submitted to the Office of Attorney General for review and comment under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5(c) of the Regulatory Review Act, this amendment was approved by the House Professional Licensure Committee on October 1, 1996, approved by the Senate Consumer Protection and Professional Committee on September 25, 1996, and approved by IRRC on October 3, 1996.

Additional Information

Individuals who desire information are invited to submit inquiries to Shirley Klinger, Board Administrator, State Board of Certified Real Estate Appraisers, P. O. Box 2649, Harrisburg, PA 17105-2649. The telephone number of the Board is (717) 783-4866.

Findings

The Board finds that:

(1) Public notice of intention to amend the regulation adopted by this order under the procedures in sections 201 and 202 of the CDL has been omitted under section 204(3) of the CDL because the Board has, for good cause, found that the procedures in sections 201 and 202 of the CDL are, in this circumstance, unnecessary, inasmuch as section 812.1 of The Administrative Code of 1929 requires that candidate fees cover the cost of the examination.

(2) Persons affected by the amendment adopted by this order have been given actual notice of the Board's intention to amend the regulation in advance of final rulemaking under section 204(2) of the CDL.

(3) The amendment of the regulation of the Board in the manner provided in this order is necessary and appropriate for the administration of its authorizing statute.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 36, are amended by amending § 36.6 to read as set forth in Annex A.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality as required by law.

(c) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect January 2, 1997.

DAVID J. KING,
Chairperson

(Editor's Note: A document amending § 36.6 appears at 26 Pa.B. 5104 (October 26, 1996).)

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996).)

Fiscal Note: 16A-705. No fiscal impact; (8) recommends adoption.

Annex

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 36. STATE BOARD OF CERTIFIED REAL ESTATE APPRAISERS

Subchapter A. GENERAL PROVISIONS

GENERAL PROVISIONS

§ 36.6. Fees.

The following is the schedule of fees charged by the Board:

Certification of scores	\$15
Verification of certification	\$10
<i>Certified Real Estate Appraisers</i>	
Application fee	\$55
Examination fee	\$100
Initial certification (if certified on or after 7/1 of odd-numbered years or on or before 6/30 of even numbered years)	\$90
Initial certification (if certified between 7/1 of even numbered years and 6/30 of odd-numbered years)	\$45
Biennial renewal fee	\$105
<i>Certified Pennsylvania Evaluators</i>	
Application fee	\$55
Initial certification (if certified on or after 7/1 of odd-numbered years or on or before 6/30 of even numbered years)	\$90
Initial certification (if certified between 7/1 of even numbered years and 6/30 of odd numbered years)	\$45
Biennial renewal fee	\$105

Temporary practice registration fee	\$25
Examination fee	\$200

[Pa.B. Doc. No. 96-1789. Filed for public inspection October 25, 1996, 9:00 a.m.]

STATE BOARD OF CERTIFIED REAL ESTATE APPRAISERS
[49 PA. CODE CH. 36]
General Provisions

The State Board of Certified Real Estate Appraisers (Board), adopts amendments to §§ 36.6 and 36.203 (relating to fees; and application process). The amendments are adopted as proposed at 25 Pa.B. 5614 (December 9, 1995).

Consistent with the established procedures for certified real estate appraisers, the amendments address how long an approved application for the certified Pennsylvania evaluator examination (which authorizes an applicant to report for the certification examination at leisure) is valid, and how long an applicant (whose application has been disapproved) has to correct the deficiencies. The amendments also delete the reapplication fee of \$35 at § 36.6 which is no longer necessary.

Notice of proposed rulemaking was published at 25 Pa.B. 5614. Publication was followed by a 30-day public comment period during which the Board received no comments from the general public.

Neither the House Professional Licensure Committee nor the Senate Consumer Protection and Professional Licensure Committee commented or objected to the amendments. By correspondence dated February 7, 1996, the Independent Regulatory Review Commission (IRRC) advised the Board that it had no objections, comments or suggestions to offer on the amendments.

Fiscal Impact

The amendments should have no negative fiscal impact upon the Commonwealth, its political subdivisions or the general public.

Paperwork Requirements

The amendments will impose additional paperwork requirements on applicants who fail to report for the certification examination within 1 year from the date of application approval. The amendments will also impose additional paperwork requirements on applicants who fail to correct deficiencies in their applications within 1 year from the date of application disapproval. These applicants will be required to submit a new application form to the Board.

Statutory Authority

The amendments are proposed under the authority of section 3 of the Assessors Certification Act (act) (63 P. S. § 458.3), which empowers the Board to promulgate rules and regulations consistent with the statutes of the Commonwealth to administer and enforce the provisions of the act.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of the notice of proposed rulemaking, published at 25 Pa.B. 5614, to IRRC and to the Chairpersons of the House Professional Licensure Committee and the Senate Committee on Consumer Protection and Professional Licensure.

Publication of the notice of proposed rulemaking was followed by a 30-day public comment period during which the Board received no written comments from the public. Subsequent to the close of the public comment period, IRRC advised the Board that it had no objections, comments or suggestions to offer on the amendments. Neither the House Committee nor the Senate Committee offered comments or objections regarding the amendments.

These final-form regulations were approved by the House Committee on October 1, 1996, and by the Senate Committee on September 25, 1996. These amendments were deemed approved under section 5(b.3) of the Regulatory Review Act effective October 4, 1996.

Further Information

Individuals who need information about the amendments may contact Cheryl Lyne, Board Administrator, State Board of Certified Real Estate Appraisers, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-4866.

Findings

The Board finds that:

(1) Public notice of the Board's intention to adopt the regulations was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments adopted by this order are necessary and appropriate for the administration of the act.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 36, are amended by amending §§ 36.6 and 36.203 to read as set forth at 25 Pa.B. 5614.

(b) The Board shall submit this order and 25 Pa.B. 5614 to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and 25 Pa.B. 5614 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall be effective upon publication in the *Pennsylvania Bulletin*.

DAVID J. KING,
Chairperson

(Editor's Note: For the text of a document amending § 36.6 see 26 Pa.B. 5103 (October 26, 1996).)

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996). The amendment of § 36.6 is incorporated in Annex A of this document.)

Fiscal Note: Fiscal Note 16A-703 remains valid for the final adoption of the subject regulations.

[Pa.B. Doc. No. 96-1790. Filed for public inspection October 25, 1996, 9:00 a.m.]

**STATE BOARD OF CERTIFIED REAL
ESTATE APPRAISERS
[49 PA. CODE CH. 36]
General Provisions**

The State Board of Certified Real Estate Appraisers (Board) adopts amendments to Chapter 36, Subchapter C (relating to certified Pennsylvania evaluators), to read as set forth in Annex A.

The amendments define two phrases: (1) "ad valorem taxation purposes" and (2) "real estate tax assessment." The phrase "ad valorem taxation purposes" is used in the statutory definition of "assessor" in sections 2 and 8(a) of the Assessors Certification Act (63 P. S. §§ 458.2 and 458.8(a)) (act), within the context of unlawful practices.

The phrase "real estate tax assessment" appears in the Board's definition of "ad valorem taxation purposes."

The Board seeks to clarify with this amendment that assessors and revaluation company personnel who receive certification from the Board as a Pennsylvania evaluator may perform appraisals of real property only in limited circumstances, that is, for tax assessment/governmental purposes.

Notice of proposed rulemaking was published at 25 Pa.B. 5613 (December 9, 1995). Publication was followed by a 30-day public comment period during which the Board received no comments from the general public.

Neither the House Professional Licensure Committee nor the Senate Consumer Protection and Professional Licensure Committee offered comments or objections regarding the amendments.

By correspondence dated February 7, 1996, the Independent Regulatory Review Commission (IRRC) offered two recommendations for the Board's consideration. First, IRRC recommended that the Board's definition for "real estate tax assessment" be revised to incorporate within the definition valuations placed on real property by contractors. IRRC suggested that the phrase be defined to mean: "A valuation placed on real property for governmental purposes by a government employe or revaluation company personnel on contract with a government." The Board agrees with this suggestion and has revised the definition of "real estate tax assessment," accordingly. Second, IRRC suggested that, in addition to the definitions, the Board add a "scope" section to Chapter 36 to clearly define the limitations of appraisal authority of certified Pennsylvania evaluators. IRRC noted that while the preamble explains that the definitions are necessary to appropriately define the scope of appraisal authority of a certified Pennsylvania evaluator, the definitions alone do not make that purpose readily clear. The Board also agrees with this suggestion.

In response to IRRC's latter suggestion, the Board has added § 36.204 to read "Scope of Practice." Under this new section, the Board explains that assessors and revaluation company personnel who receive certification as a certified Pennsylvania evaluator may perform appraisals of real property only in limited circumstances, that is, for tax assessment/governmental purposes.

Finally, in line with the revisions made to the definition of "real estate tax assessment," editorial changes have been made to the definition of "ad valorem taxation purposes." The phrase "governmental employe" where it originally appeared in that definition has been changed to "government employe." The word "property" has been changed to "real property."

Fiscal Impact

The amendments should have no negative fiscal impact upon the Commonwealth, its political subdivisions or the general public.

Paperwork Requirements

The amendments should not result in additional paperwork requirements.

Statutory Authority

The amendments are adopted under the authority of section 3 of the act (63 P. S. § 458.3). Section 3 of the act empowers the Board to promulgate rules and regulations consistent with the statutes of the Commonwealth to administer and enforce the provisions of the act.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of the notice of proposed rulemaking, published at 25 Pa.B. 5613, to IRRC and to the Chairpersons of the House Committee and the Senate Committee.

Publication of the notice of proposed rulemaking was followed by a 30-day public comment period during which the Board received no written comments from the public. Subsequent to the close of the public comment period, IRRC submitted for the Board's consideration comments and suggestions regarding the amendments. The Board has incorporated IRRC's suggestions into this final rule-making package.

These final-form regulations were approved by the the House on October 1, 1996, and by the Senate Committee on September 25, 1996. IRRC met on October 3, 1996, and approved the final-form regulations in accordance with section 5(c) of the Regulatory Review Act.

Further Information

Individuals who need information about the regulations may contact Cheryl Lyne, Board Administrator, State Board of Certified Real Estate Appraisers, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-4866.

Findings

The Board finds that:

(1) Public notice of the Board's intention to adopt the amendments was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments adopted by this order are necessary and appropriate for the administration of the act.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 36, are amended by amending § 36.201 and adding § 36.204 to read as set forth in Annex A.

(b) The Board shall submit this order and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall be effective upon publication in the *Pennsylvania Bulletin*.

DAVID J. KING,
Chairman

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996).)

Fiscal Note: Fiscal Note 16A-702 remains valid for the final adoption of the subject regulations.

Annex A**TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS****PART I. DEPARTMENT OF STATE****Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS****CHAPTER 36. STATE BOARD OF CERTIFIED REAL ESTATE APPRAISERS****Subchapter C. CERTIFIED PENNSYLVANIA EVALUATORS****GENERAL PROVISIONS****§ 36.201. Definitions.**

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Ad valorem taxation purposes—The establishment of the value of real property as determined by a government employe or revaluation company personnel on contract with a governmental entity for real estate tax assessment.

Appraisal assessing profession—The body of individuals who are deemed to be qualified to perform ad valorem tax appraisals.

Assessor—A person responsible for the valuation of real property for ad valorem taxation purposes.

Certified Pennsylvania evaluator—An individual who has completed a minimum of 90 hours of basic courses of study covering the appraisal assessing profession and has successfully completed a comprehensive examination covering all phases of the appraisal process and the assessment function established by the assessment statutes of the Commonwealth.

Real estate appraisal—A written analysis, opinion or conclusion relating to the nature, quality, value or utility of specified interests in, or aspects of, identified real property, for or in expectation of compensation.

Real estate tax assessment—A valuation placed on real property for governmental purposes by a government employe or revaluation company personnel or contract with a government.

§ 36.204. Scope of practice.

Assessors and revaluation company personnel who receive certification as a Pennsylvania evaluator may perform appraisals of real property only in limited circumstances, that is, for tax assessment/governmental purposes.

[Pa.B. Doc. No. 96-1791. Filed for public inspection October 25, 1996, 9:00 a.m.]

STATE REGISTRATION BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS AND GEOLOGISTS**[49 PA. CODE CH. 37]****General Revisions**

The State Registration Board for Professional Engineers, Land Surveyors and Geologists (Board) adopts amendments to Chapter 37 (relating to State Registration Board for Professional Engineers, Land Surveyors and

Geologists) to read as set forth in Annex A. The amendments are responsive to the act of December 16, 1992 (P.L. 1151, No. 151) (Act 151) which amended the Engineer, Land Surveyor and Geologist Registration Law (act) (63 P.S. §§ 148—158.2), the chief impact of which was to provide for the regulation of the profession of geology.

The amendments establish consistency with statutory changes by adding language to the Board's existing regulations to reference geologists and geology, respectively, throughout Chapter 37 where references to engineers, land surveyors, engineering and land surveying currently appear. The amendments also provide definitions for "professional geological work" and "responsible position" within the context of Act 151 and set forth the education and experience requirements for licensure as a professional geologist.

Notice of proposed rulemaking was published at 25 Pa.B. 5747 (December 16, 1995). Publication was followed by a 30-day public comment period during which the Board received written comments from William V. Knight, CPG, RPG, Executive Director, American Institute of Professional Geologists, Michael M. Ryan, P.E., Deputy Secretary, Highway Administration and Bryan J. McConnell.

Following the close of the public comment period, the Board received written comments from the Independent Regulatory Review Commission (IRRC). Neither the Senate Consumer Protection and Professional Licensure Committee nor the House Professional Licensure Committee offered comments, suggestions or objections regarding the amendments.

The amendments reflected in Annex A are responsive to the comments and suggestions received from the commentators. In addition, the Board considered this rulemaking and its purpose under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final regulations benefit applicants for licensure as a geologist in this Commonwealth as described in this Preamble and otherwise comply with Executive Order 1996-1. For ease of reference, the Board will address the comments in the order in which the amendments appear.

§ 37.1. Definitions.

Several commentators were confused by the Board's proposed definition for the phrase "professional geological work." Michael M. Ryan, P.E. expressed concern that if the term is interpreted to include soil/foundation studies, professional engineers could be barred from this portion of their work. Mr. Ryan also opined that geological mapping and some laboratory work be considered as professional geological work. Bryan McConnell was of the view that the portion of the definition which excluded from professional geological work, "the routine review of others' work . . ." is an attempt by the Board to exclude individuals that are responsible under statutes and regulations to conduct inspections or reviews of work product of others. IRRC commented as well that it was unsure whether the definition was an attempt to clarify the specific statutory definitions or an attempt by the Board to add new exclusions beyond those listed in the act.

In response to these comments, the Board wishes to clarify that the definition, as proposed, was simply an attempt by the Board to define for applicants the meaning of the phrase, "professional geological work" within the context of section 4.4(b)(3) of the act (63 P.S. § 151.4(b)(3)). Section 4.4(b)(3) of the act requires applicants for licensure to have completed at least 5 years of

professional geological work which includes either a minimum of 3 years of professional geological work under the supervision of a licensed professional geologist (or a qualified geologist who was not licensed) or a minimum of 5 years experience in a responsible position in professional geological work. The Board did not intend by the proposed definition to enlarge statutory language or to bar professional engineers from the ability to perform soil/foundation studies.

To constitute professional geological work, the Board is of the view that individuals who conduct reviews of work performed by others should have a practical basis, built upon a foundation of experience, within which to properly evaluate the work. The Board therefore proposed to advise applicants that the routine review of others' work, or, stated another way, an administrative completeness review, would not be considered to be geological work of a grade or character to qualify one to satisfy the experience requirements for licensure.

Since the Board's initial proposal was confusing to many commentators, the Board has redefined the phrase "professional geological work" to mean, "the performance of geological service or work, including technical completeness reviews or inspections of unfinalized work product, that requires the utilization, application and interpretation of fundamental and practical principles of the geological sciences in the practice of geology. The term does not include routine sampling, laboratory work, or geological drafting." The Board agrees with Mr. Ryan that geological mapping and complex laboratory work can require the utilization, application and interpretation of fundamental and practical principles of geological sciences; however, since the act specifically excludes from acceptable geological experience routine sampling, laboratory work or geological drafting, the Board will review this type of work on a case-by-case basis.

Commenting on the Board's proposed definition of "responsible position," Michael M. Ryan, P.E. recommended that the definition be strengthened to ensure that the level of personal responsibility for a professional geologist is similar to that required of a professional engineer. By way of example, Mr. Ryan suggested that the definition of "responsible charge" where it appears in section 2(i) of the act (63 P.S. § 149(i)), be incorporated into the Board's definition. IRRC commented that the definition as crafted was unclear.

In response to these concerns, the Board has redefined the term "responsible position" to mean, "a job which requires independent judgment, competence and accountability in the performance of professional geological work."

§ 37.36. Eligibility for licensure.

At the suggestion of IRRC, minor changes have been made to § 37.36. Under paragraph (1)(ii), the Board has added the words "undergraduate courses or" between the words "fourth year" and "graduate courses." The addition of the word "or" tracks the statutory language of section 4.4(b)(2) of the act. The addition of the words "undergraduate courses" clarifies that either third or fourth year undergraduate courses or graduate courses will be acceptable to satisfy this education requirement. IRRC noted that Mr. McConnell was apparently confused by the omission of the word "or" in the Board's initial proposal. Mr. McConnell thought that the Board was trying to require additional graduate studies which clearly it was not. The editorial changes should clarify the Board's original intent to track the statutory language.

§ 37.37. References.

Several commentators expressed concern about the Board's proposed reference requirement. William V. Knight, CPG, RPG, commented that many geologists, including most over 50 years of age, have not worked under the supervision or direction of another geologist for several years. Mr. Knight also commented that many geologists who wish to become registered have been in a "responsible position in geological work" for far more than the minimum 5 years required by the act. Mr. Knight pointed out that these geologists may not necessarily be able to provide names of former supervisors under whose supervision they have worked.

IRRC expressed similar concerns and also noted that the proposal did not include language to allow experience acquired before the effective date of Act 151 to be under the supervision of a qualified geologist who was not licensed. IRRC also suggested that language be added to the regulation to indicate that applicants will be notified of any investigation which is being conducted relative to the contents of the applicant's application.

These comments are well taken. The Board's original proposal was primarily directed at the applicant whose experience is/was obtained under appropriate supervision. In those instances, the Board is still of the view that applicants should provide the names and addresses of at least three references who, collectively, can verify the experience claimed by the applicant and attest to the applicant's good moral character.

To clarify the Board's intent with respect to the reference requirement, the Board has divided § 37.37 into three subsections (a)—(c). Subsection (a) applies to applicants whose experience under § 37.36(2) includes a minimum of 3 years of professional geological work under appropriate supervision. The Board has added language to this subsection to clarify that individuals used as references should include either licensed professional geologists under whose direction the applicant has worked or unlicensed geologists who are qualified to evaluate the applicant's training and experience. The Board has also added language to give appropriate recognition to geological work that was performed prior to the effective date of Act 151 under the supervision of a qualified geologist who was not licensed.

Subsection (b) applies to applicants whose experience under § 37.36(2) includes a minimum of 5 years experience in a responsible position in professional geological work. Applicants who apply for licensure under this criteria need only provide the names and addresses of three references who, collectively, can verify the experience claimed by the applicant and attest to the applicant's good moral character.

Subsection (c) notifies applicants that an application may be withheld pending investigation if, in the opinion of the Board, the references reflect adversely on the applicant's character or qualifications. Language has also been added to this subsection to indicate that applicants will be notified of any investigation which is being conducted relating to the contents of the applicant's application.

Fiscal Impact and Paperwork Requirements

The amendments should have no negative fiscal impact upon the Commonwealth, its political subdivisions or the general public.

The Board has already altered its existing application forms to address applicants for geology licensure.

Statutory Authority

The Board's authority for promulgation of the amendments is section 4(1) of the act, which empowers the Board to adopt, promulgate and enforce administrative rules and regulations, not inconsistent with the act, as are deemed necessary and proper by the Board to carry into effect the powers conferred by law.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted a copy of the notice of proposed rulemaking, published at 25 Pa.B. 5747, to IRRC and to the Chairpersons of the House Professional Licensure Committee and the Senate Committee on Consumer Protection and Professional Licensure.

Publication of the notice of proposed rulemaking was followed by a 30-day public comment period during which the Board entertained public comments from William V. Knight, CPG, RPG, Executive Director, American Institute of Professional Geologists, Michael M. Ryan, P. E., Deputy Secretary, Highway Administration and Bryan J. McConnell. Subsequent to the close of the public comment period, the Board also entertained comments from IRRC. Neither the House Professional Licensure Committee nor the Consumer Protection and Professional Licensure Committee offered comments or objections regarding the amendments.

These final-form regulations were approved by the House Professional Licensure Committee on October 1, 1996, and by the Senate Consumer Protection and Professional Licensure Committee on September 25, 1996.

IRRC met on October 3, 1996, and approved the final-form regulations in accordance with section 5(c) of the Regulatory Review Act.

Further Information

Individuals who need information about the amendments may contact Shirley Klinger, Administrative Assistant, State Registration Board for Professional Engineers, Land Surveyors and Geologists, P. O. Box 2649, Harrisburg, PA 17105-2649, (717) 783-7049.

Findings

The Board finds that:

(1) Public notice of the Board's intention to adopt the amendments was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments adopted by this order are necessary and appropriate for the administration of the act.

Order

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 37, are amended by amending §§ 37.18, 37.58, 37.59 and 37.81—37.83 to read as set forth at 25 Pa.B. 5747 (December 16, 1996); and by amending § 37.1 and adding §§ 37.36 and 37.37 to read as set forth in Annex A.

(b) The Board shall submit this order, 25 Pa.B. 5747 and Annex A to the Office of Attorney General and the Office of General Counsel for approval as required by law.

(c) The Board shall certify this order, 25 Pa.B. 5747 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

(*Editor's Note:* For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996).)

Fiscal Note: Fiscal Note 16A-473 remains valid for the final adoption of the subject regulations.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 37. STATE REGISTRATION BOARD FOR PROFESSIONAL ENGINEERS, LAND SURVEYORS AND GEOLOGISTS

GENERAL REVISIONS

§ 37.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Engineer, Land Surveyor and Geologist Registration Law (63 P. S. §§ 148—158.2).

Board—The State Registration Board for Professional Engineers, Land Surveyors and Geologists.

Bureau—The Bureau of Professional and Occupational Affairs.

Documents—Specifications, land surveys, reports, plats, drawings, plans, design information and calculations.

Engineering curriculum—A curriculum of 4 or more years approved by a National accrediting association recognized by the Board which leads to a baccalaureate degree. In the case of a degree issued from an institution outside of the United States, an engineering curriculum is a curriculum of 4 or more years which a Board recognized professional credentials evaluation service has determined to be equivalent to a baccalaureate degree issued from a college or university in the United States.

Hearing examiner—An individual appointed by the Board, with the approval of the Governor, to conduct hearings as may be required under the act in accordance with the act and this chapter.

Professional geological work—The performance of geological service or work, including technical completeness reviews or inspections of unfinalized work product, that requires the utilization, application and interpretation of fundamental and practical principles of the geological sciences in the practice of geology. The term does not include routine sampling, laboratory work or geological drafting.

Progressive experience in engineering work—Within the context of the engineer-in-training, experience of a grade and character sufficient to enable an individual to learn through practice the principles of math and science attained through formal education.

Progressive experience in surveying work—Within the context of a surveyor-in-training, experience of a grade and character sufficient to qualify an individual to personally and independently attain the equivalent survey-

ing skills and math attained through an associate degree program in surveying.

Progressive teaching experience—Full-time faculty teaching experience, attained after the issuance of an engineer-in-training certificate or a surveyor-in-training certificate which includes teaching engineering courses or land surveying courses at the junior, senior or graduate level, covering the breadth and depth of the curriculum.

Responsible position—A job which requires independent judgment, competence and accountability in the performance of professional geological work.

Similarly qualified engineer—A natural person who is not registered as a professional engineer in this Commonwealth, or in another jurisdiction which licenses professional engineers, who has attained a level of expertise in a recognized branch of engineering by means of experience and education which, in the opinion of the Board, would qualify the person to provide supervision of the applicant's progressive work experience in the major branch of engineering in which the applicant indicates proficiency.

Similarly qualified surveyor—A natural person who is not registered as a professional land surveyor in this Commonwealth, or in another jurisdiction which licenses professional land surveyors, who has attained a level of expertise in land surveying by means of experience and education which, in the opinion of the Board, would qualify the person to provide supervision of the applicant's progressive work experience in land surveying.

Special meetings—A meeting scheduled by the Board after the Board's regular schedule of meetings has been established.

REGISTERED PROFESSIONAL GEOLOGISTS

§ 37.36. Eligibility for licensure.

An applicant for licensure as a professional geologist shall be of good moral character, meet the following education and experience requirements and pass an examination adopted by the Board.

(1) *Education.*

(i) An applicant shall submit evidence to the Board of having graduated from an accredited institution of higher learning with a major in geology, geophysics, geochemistry or engineering geology, with a minimum of 30 semester or 45 quarter hours in geology, geophysics, geochemistry, engineering geology or their subdivisions.

(ii) An applicant who has graduated from an accredited institution of higher learning which does not grant semester or quarter hours in geological science courses leading to a major in geology, shall submit evidence to the Board of having completed 30 semester or 45 quarter hours or an equivalent amount of geological education, of which at least 24 semester hours or an equivalent amount are in third or fourth year undergraduate courses or graduate courses. The applicant shall submit documentation from the institution certifying that at the time the applicant attended the institution, the institution did not offer semester or quarter hours in geological science courses leading to a major in geology. The certification shall accompany the application materials.

(iii) Graduates of a foreign college or university shall have their educational credentials reviewed by a professional evaluation service approved by the Board. To be acceptable, the applicant's educational credentials shall be equivalent to a Bachelor Degree in geology, geophysics,

geochemistry, engineering geology or their subdivisions from an accredited United States college or university.

(2) *Experience.* An applicant shall complete at least 5 years of professional geological work. The applicant's experience shall include either a minimum of 3 years of professional geological work under the supervision of a licensed professional geologist or a minimum of 5 years in a responsible position in professional geological work. Professional geological work performed prior to February 16, 1993, shall satisfy the requirement of this subsection if it was performed under the supervision of either a licensed professional geologist or a qualified geologist who was not licensed. Experience, to be acceptable, shall demonstrate the applicant's ability to apply principles of geology, geophysics, geochemistry, engineering geology or their subdivisions to the actual practice of geology. Routine sampling, laboratory work and geological drafting is not professional geological work and will not be credited as acceptable experience. A Graduate Degree in geology, geophysics, geochemistry, engineering geology or their subdivisions may be substituted as part of the total experience requirements for licensure, at the rate of 1 year for a Master's Degree and 1 year for a Doctor's Degree. Credit for a Graduate Degree may not exceed a total of 2 years toward meeting the required number of years of professional geological work.

§ 37.37. References.

(a) As part of the application process, an applicant whose experience under § 37.36(2) (relating to eligibility for licensure) includes a minimum of 3 years of professional geological work under the supervision of either a licensed professional geologist or, in the case of work performed prior to February 16, 1993, a qualified geologist who was not licensed, shall give the names and addresses of at least three references who, collectively, can verify the required experience claimed by the applicant and attest to the applicant's good moral character. Individuals used as references should include either licensed professional geologists under whose direction the applicant has worked or unlicensed geologists who are qualified to evaluate the applicant's training and experience. The Board will not review an application until three acceptable references have been received.

(b) An applicant whose experience under § 37.36(2) includes a minimum of 5 years experience in a responsible position in professional geological work shall give the names and addresses of at least three references who, collectively, can verify the experience claimed by the applicant and attest to the applicant's good moral character. The Board will not review an application until three acceptable references have been received.

(c) If, in the opinion of the Board, references reflect adversely on the applicant's character or qualifications, the Board may withhold processing the application until an investigation into the applicant's character or qualifications, or both, is completed. The applicant will be notified in writing of any investigation which is being conducted relative to the content of the applicant's application. Based upon the results of an investigation, additional references may be required by the Board.

[Pa.B. Doc. No. 96-1792. Filed for public inspection October 25, 1996, 9:00 a.m.]

STATE BOARD OF PHYSICAL THERAPY [49 PA. CODE CH. 40] Examination Fees

The State Board of Physical Therapy (Board) amends § 40.5 (relating to fees) pertaining to increased fees for March 1997 and subsequent examinations for licensure of physical therapists to read as set forth in Annex A.

Under section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a) and section 8 of the Physical Therapy Practice Act (63 P. S. § 1308) (act), examinations for licensure must be prepared and administered by a professional testing organization under contract to the appropriate board. The Board is under contract with Professional Examination Service (PES) which provides the examination and with Local Government Research (LGR) which currently administers it in March, July and November each year. This amendment will change fees for examinations to candidates for licensure to implement computer-based testing. The examination remains unchanged; however, through the implementation of computer-based testing, it will be available throughout the year at any of eight locations in this Commonwealth or nearly 200 locations Nationwide. PES subcontracts with Sylvan Technology Centers which administer the examination. The Federation of State Boards of Physical Therapy anticipates that all states will adopt computer-based testing by 1998. Contract costs for examination services will increase beginning with the effective date of this increase and the implementation of computer-based testing which is planned to occur prior to the scheduled March 1997 administration of the examination.

Public notice of intention to amend § 40.5 under the procedures specified in sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) (CDL) has been omitted as authorized under section 204(3) of the CDL (45 P. S. § 1204(3)), because the Board finds that these procedures are, under the circumstances, unnecessary. Public comment is unnecessary because section 812.1 of The Administrative Code of 1929 requires that candidate fees cover the cost of the examination. Persons affected by this amendment have been given actual notice of the Board's intention to amend the regulation in advance of final rulemaking under section 204(2) of the CDL.

Compliance with Executive Order 1996-1

The Board reviewed this rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final/proposed omitted regulation addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

Statutory Authority

This amendment is adopted under section 812.1 of The Administrative Code of 1929 and section 8 of the act.

Fiscal Impact and Paperwork Requirements

The amendment will have no fiscal impact on the Commonwealth or its political subdivisions. Candidates for licensure by examination will be required to pay an increased fee to cover contract costs for the examination.

Regulatory Review

Under section 5(f) of the Regulatory Review Act (71 P. S. § 745.5(f)), a copy of the amendment was submitted

on September 13, 1996, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate Committee on Consumer Protection and Professional Licensure and the House Committee on Professional Licensure. In addition, at the same time, the amendments were submitted to the Office of Attorney General for review and comment under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506).

Under section 5(c) of the Regulatory Review Act, the amendment was approved by the House and Senate Committees on October 1, 1996, and September 25, 1996, respectively, and by IRRC on October 3, 1996.

Additional Information

Individuals who desire information are invited to submit inquiries to Robert Kline, Board Administrator, State Board of Physical Therapy, P. O. Box 2649, Harrisburg, PA 17105-2649. The telephone number of the Board is (717) 783-7134.

Findings

The Board finds that:

(1) Public notice of intention to amend the regulation as adopted by this order under the procedures specified in sections 201 and 202 of the CDL, has been omitted under the authority contained in section 204(3) of the CDL, because the Board has, for good cause, found that the procedure specified in sections 201 and 202 of the CDL is in this circumstance, unnecessary, because section 812.1 of The Administrative Code of 1929 requires that candidate fees cover the cost of the examination.

(2) Persons affected by the amendment as adopted by this order have been given actual notice of the Board's intention to amend the regulation in advance of final rulemaking under section 204(2) of the CDL.

(3) The amendment of the regulation of the Board in the manner provided in this order is necessary and appropriate for the administration of its authorizing statute.

Orders

The Board, acting under its authorizing statute, orders that:

(a) The regulations of the Board, 49 Pa. Code Chapter 40, are amended by amending § 40.5 to read as set forth in Annex A.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to legality as required by law.

(c) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall become effective immediately upon publication in the *Pennsylvania Bulletin*, and apply to examinations administered by PES after October 26, 1996.

BARBARA A. AFFLERBACH,
Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996).)

Fiscal Note: 16A-654. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL AFFAIRS

CHAPTER 40. STATE BOARD OF PHYSICAL THERAPY

GENERAL PROVISIONS

§ 40.5. Fees.

The following fees are charged by the Board:

Physical therapist:

- Application for licensure by examination \$20
- Application for licensure by endorsement \$20
- Application for licensure by foreign training \$160

Physical therapy examination:

- (Effective 11/95) \$230
- Examination (Effective 3/97) \$245
- Temporary license \$15
- Biennial renewal \$37

Athletic trainer:

- Application for certification \$20
- Athletic trainer examination \$83.75
- Biennial renewal \$37
- Physical therapist assistant listing \$15
- Certification of examination scores or certification of licensure \$15
- Verification of licensure or certification \$10

[Pa.B. Doc. No. 96-1793. Filed for public inspection October 25, 1996, 9:00 a.m.]

Title 52—PUBLIC UTILITIES
PENNSYLVANIA PUBLIC UTILITY COMMISSION

[L-960115]

[52 PA. CODE CH. 55]

Termination of Utility Service to Health Care Facilities

The Pennsylvania Public Utility Commission (Commission) on March 28, 1996, adopted a final/omitted rulemaking to require utilities to provide advance notice of utility service termination of health care facilities, to the agencies that regulate health care facilities and to the Commission. The public health and safety of patients in health care facilities are called into question when a health care facility is faced with termination of essential utility service, since necessary arrangements for patient transfer prior to shut-down cannot, in all probability, be made within the current minimum 3-day termination period. The contact persons are David Lewis, Chief of Field Services, Bureau of Consumer Services, (717) 783-5187 and Susan D. Colwell, Assistant Counsel, Law Bureau, (717) 783-3459.

Executive Summary

At its public meeting of March 28, 1996, the Commission adopted an order which mandates that utilities provide advance warning of utility service termination to health care facilities in addition to that required under the general regulations, and that the utility also notify the agencies which regulate health care facilities as well as the Commission of the impending termination of service. Such notice is necessary since it is unlikely that a health care facility would be able to transfer its residents or patients within the current minimum 3-day notification period, and a service termination would place the health and safety of the facility's residents or patients in jeopardy.

A prior submission was published April 3, 1993, and was rejected by the Independent Regulatory Review Commission (IRRC), but the Commission elected to resubmit the regulations with revisions. Since the regulations have already been published and have been the subject to extensive comments of IRRC, the utility industry, health care organizations and State agencies which license health care facilities, the Commission is using the final/omitted procedure.

Regulatory Review

Under section 5(f) of the Regulatory Review Act (71 P. S. § 745.5(f)), the Commission submitted a copy of these regulations with proposed rulemaking omitted on September 13, 1996, to IRRC and to the Chairpersons of the House Committee on Consumer Affairs and the Senate Committee on Consumer Protection and Professional Licensure.

On the same date, the regulations were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506), and to the Office of Budget for fiscal impact. In accordance with section 5(c) of the Regulatory Review Act, these regulations were deemed approved by the House Committee and approved by the Senate Committee on September 25, 1996. These regulations were approved by IRRC on October 3, 1996.

Commissioners present: John M. Quain, Chairperson; Lisa Crutchfield, Vice Chairperson; John Hanger; David W. Rolka, Statement attached; and Robert K. Bloom

Public Meeting held
March 28, 1996

Order*By the Commission:*

By order adopted and entered December 17, 1992, we initiated a rulemaking at Docket No. L-00920071 to adopt regulations which mandate that utilities provide advance warning of utility service termination to health care facilities, to the agencies that regulate health care facilities and to the Commission. The regulations (which required a longer notice period for service termination than the current minimum 3-day period) were undertaken since necessary arrangements for the transfer of residents or patients prior to the shut-down of a health care facility can not, in all probability, be made within the current minimum 3-day period. Notice to the regulatory agencies is necessary for the public good since any health care facility which faces utility service termination places the health and safety of its residents or patients in serious jeopardy. Alternative arrangements for the care of such residents or patients must be assured by the

appropriate agencies. The regulations were consistent with the ongoing effort by this Commission to codify our policies for collections.

The proposed regulations at Docket No. L-00920071 were published for comment at 23 Pa.B. 1580 on April 3, 1993. The Legislative standing committees and IRRC submitted comments, as well as the following parties:

- Pennsylvania Department of Aging (Aging)
- Pennsylvania Department of Health (Health)
- Pennsylvania Department of Public Welfare (Welfare)
- Hospital Association of Pennsylvania (HAP)
- Pennsylvania Association of Non-Profit Homes for the Aging (PANPHA)
- Pennsylvania Association of Resources for People with Mental Retardation (PAR)
- Pennsylvania Catholic Health Association (PCHA)
- Pennsylvania Health Care Association (PHCA)
- York Water Company (York Water)
- Philadelphia Thermal Energy Corporation (PhiladelphiaThermal)
- Pennsylvania Telephone Association (PTA)
- Bell of Pennsylvania (Bell)
- Bentleyville Telephone Company (Bentleyville)
- Hickory Telephone Company (Hickory)
- United Telephone—Eastern (United)
- Duquesne Light Company (Duquesne)
- Metropolitan Edison Company and Pennsylvania Electric Company (Met-Ed and Penelec)
- Pennsylvania Power Company (Penn Power)
- Pennsylvania Power and Light Company (PP&L)
- Philadelphia Electric Company (PECO)
- West Penn Power Company (West Penn)
- Pennsylvania Gas Association (PGA)
- Columbia Gas of Pennsylvania, Inc. (Columbia)
- Equitable Gas Company (Equitable)
- National Fuel Gas Distribution Corporation (National Fuel)
- T. W. Phillips Gas and Oil Co. (T.W. Phillips)
- UGI Utilities, Inc. (UGI)

The comments and Commission responses were discussed in detail in our final rulemaking order at Docket No. L-00920071 entered April 3, 1995. The final rulemaking order was deemed approved by the Senate Standing Committee, but disapproved on May 23, 1995, by the House Standing Committee. At its May 24, 1995, public meeting, IRRC disapproved the final-form regulations.

Representatives from the House standing committee, affected utilities and their associations, health care facilities, IRRC and the Commission staff attended a meeting on June 9, 1995, to discuss the issues raised in the IRRC disapproval order. At that session, an agreement in principle was reached as to how to deal with the issues raised by IRRC. Consensus modifications were then reflected in revised final-form regulations approved by order entered June 23, 1995.

Although IRRC subsequently disapproved the final-form regulations, the Commission elected to proceed with

a resubmission (with revisions) in accordance with section 7(c) of the Regulatory Review Act (71 P.S. § 745.7(c)). The Commission therefore had 40 days after IRRC's disapproval to submit the revised final-form regulations to the House and Senate standing committees and to IRRC. Since the Legislature was in summer recess, service upon the Legislature could not be perfected and the regulations were terminated by operation of law.

Due to the unique circumstances involved in the termination of the prior rulemaking at L-00920071, the Commission believes that it is appropriate to utilize final/omitted procedures to reinitiate our health care facility termination rulemaking. The regulations have already been published in the *Pennsylvania Bulletin* in proposed form and serious consideration has already been given to the extensive comments filed by IRRC, the utility industry, health care organizations and State agencies which license health care facilities. Thus, all parties subject to the regulations had either actual or legal notice of the rulemaking and the opportunity to comment. See 45 P.S. § 1204(2) (regarding the use of final/omitted rulemaking when all persons subject to the regulations have notice of it). Further, since a consensus opinion was reached as to the substance of the regulations, but revised regulations embodying the consensus could not proceed through the regulatory process due to mere scheduling problems, it is unnecessary, impractical and contrary to the public interest to use the proposed rulemaking procedure again. See 45 P.S. § 1204(3) (regarding the use of final/omitted rulemaking when the agency for good cause finds that the proposed rulemaking procedure is impractical, unnecessary or contrary to the public interest).

The regulations adopted as set forth in Annex A by this order are essentially identical to those finalized by our order entered June 23, 1995, at Docket No. L-00920071. The only exceptions involve minor editorial changes for purposes of clarification and a change in the definition of "dispute." This definition was changed to eliminate as a "dispute" those situations when, with a health care facility's consent, a utility reviews pertinent records and can then satisfy the health care facility through a return telephone call. Service cannot terminate while the facility is awaiting a callback from the utility.

As stated in our order entered June 23, 1995, the identification of existing facilities under § 55.103(a) (relating to responsibility of identification of health care facilities subject to advance notes) of the regulations will occur in the following manner: before the effective date of the regulations, the Departments of Aging, Health and Public Welfare will provide to the Commission's Bureau of Consumer Services a current listing of health care facilities which those Departments certify or license and which are subject to these regulations. The listings will include, if readily available, the name of an administrator or contact person for each facility. An administrator or contact person so identified will be deemed to be the "designated individual" under the regulations unless the health care facility otherwise informs the utility.

The Commission will have copies of the initial listings available at its Harrisburg office to assist jurisdictional utilities in identifying and coding existing customer accounts as health care facilities. If the regulating agencies can provide the listings in a suitable format, the listings will also be made available electronically on the Commission's Bulletin Board. Affected utilities will have 90 days from the effective date of the regulations to identify their existing health care facility customers.

The regulations at § 55.103(b) require that a utility only identify nonresidential applicants as new health care facility customers. This procedure should allow utilities to identify the majority of health care facilities. We intend to mail subsequent revised lists (provided by health care regulators) to jurisdictional utilities. If feasible, the revised listings will also be available on the Commission's electronic Bulletin Board. The revised lists should allow utilities to identify those health care facilities receiving service under the residential account classification. Thus, a utility can subsequently code its records in order to assure that all health care facilities receive the additional termination notice mandated by these regulations.

We believe that our regulations pertaining to the termination of utility service to health care facilities, as discussed in this Order and set forth in Annex A to this Order, are in the public interest. We note, for example, a situation where PECO Energy Inc. voluntarily applied the notice standards established in these regulations, and a payment arrangement was reached for a hospital facing service termination. Additionally, we are concerned that escalating costs in areas affecting health care administration could increase the incidence of service terminations at hospitals and similar facilities. Thus, the procedures established in these regulations, which help to ensure the safety of health care residents and patients during the service termination process, are in the public interest.

Accordingly, under sections 501, 1501 and 1504 of the Public Utility Code, 66 Pa. C.S. §§ 501, 1501 and 1504; section 204 of the Commonwealth Documents Law (45 P.S. § 1204); and regulations at 1 Pa. Code §§ 7.1—7.4, the Commission adopts as final the regulations at 52 Pa. Code §§ 55.101—55.115 to read as set forth in Annex A of this Order; *Therefore,*

It is Ordered that:

1. The regulations of the Commission, 52 Pa. Code Chapter 55, are amended by adding §§ 55.101—55.115 to read as set forth in Annex A.
2. This order, together with Annex A, be published as final in the *Pennsylvania Bulletin*.
3. The Secretary shall submit this order and Annex A to the Office of Attorney General for approval as to legality.
4. The Secretary shall submit this order and Annex A to the Governor's Budget Office for review of fiscal impact.
5. The Secretary shall submit this order and Annex A for review by the designated standing committees of both Houses of the General Assembly, and for formal review and approval by IRRC.
6. The Secretary shall deposit this order and Annex A with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.
7. This subchapter shall become effective upon publication in the *Pennsylvania Bulletin*.
8. By January 24, 1997, affected jurisdictional utilities shall identify existing health care facility customers protected under the regulations.
9. A copy of this order shall be served upon all persons that submitted comments in the rulemaking proceeding at Docket No. L-00920071, and upon all jurisdictional utilities subject to these regulations, the Office of Consumer Advocate and the Office of Small Business Advocate. Alternate formats of this document are available to persons with disabilities and may be obtained by contact-

ing Shirley M. Leming, Regulatory Coordinator, Law Bureau, at (717) 772-4597, or toll free, the AT&T Relay Center at (800) 654-5988.

(Editor's Note: The addition of § 55.115 was not included in the proposal at 23 Pa.B. 1580.)

JOHN G. ALFORD,
Secretary

Statement of Commissioner David W. Rolka

I would like to take this opportunity to thank the staff of the Commission and the utility industry for their efforts to amicably resolve the technical and administrative issues previously identified in this proposed rule-making. I remain concerned that escalating costs in health care administration could increase the incidence of service terminations at hospitals and similar facilities. Thus, the procedures established in these regulations, which help to ensure the safety of health care residents and patients during the service termination process, are in the public interest.

The history of events leading up to the promulgation of these regulations is adequately addressed in the Order itself and requires no further elaboration. As a witness to the proceedings before the Independent Regulatory Review Commission, I can share my observation that the decision to reject the regulations at that time rested on the understanding that there were as yet unresolved administrative concerns regarding the implementation of the notice requirements. A consensus opinion was reached as to the substance of the regulations after IRRC's disapproval, but time did not permit the continuation of the process. Some utilities, PECO Energy, for example, have voluntarily initiated the procedures called for in the rulemaking. The revisions and clarifications incorporated at this time should clear the path for final adoption and uniform implementation of the regulations.

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 26 Pa.B. 5181 (October 26, 1996).)

Fiscal Note: 57-173. No fiscal impact; (8) recommends adoption.

TITLE 52. PUBLIC UTILITIES

PART I. PUBLIC UTILITY COMMISSION

Subpart C. FIXED SERVICE UTILITIES

CHAPTER 55. NONCARRIER RATES AND PRACTICES

Subch.

**A. DISCONTINUATION OF SERVICE
B. TERMINATION OF UTILITY SERVICE TO HEALTH CARE FACILITIES**

Subchapter A. DISCONTINUATION OF SERVICE

* * * * *

Subchapter B. TERMINATION OF UTILITY SERVICE TO HEALTH CARE FACILITIES

Sec.	Purpose.
55.101.	Definitions.
55.102.	Responsibility for identification of health care facilities subject to advance notice.
55.103.	Required 37-day notice before termination of service.
55.104.	Required 10-day notice before termination of service.
55.105.	Coordination of termination of utility service with regulatory agencies and termination date.
55.106.	Newly discovered health care facilities.
55.107.	Form of notice.
55.108.	Customer obligation upon receipt of service termination notice.
55.109.	

- 55.110. Notice when dispute, informal complaint or formal complaint pending.
- 55.111. Days termination prohibited.
- 55.112. Use of termination notice solely as collection device prohibited.
- 55.113. Exception for terminations based on occurrences harmful to person or property.
- 55.114. Inconsistent tariff provisions.
- 55.115. Coordination with other regulations.

§ 55.101. Purpose.

The purpose of this subchapter is to establish requirements for advance notice to health care facilities, and to the agencies of the Commonwealth that regulate the facilities, of termination of electric, gas, steam heat, water, sewer and local exchange telephone service to health care facilities. Advance notice of the termination of utility services is required so that alternative arrangements for the care of affected patients or residents who are dependent upon others due to permanent or temporary disabilities can be made by affected health care facilities, and by the agencies regulating them, prior to the actual cessation of utility services.

§ 55.102. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Bureau—The Bureau of Consumer Services.

Designated individual—An employe or representative of a health care facility who will act on behalf of the facility to receive and take action on termination notices regarding utility service. The administrator or contact person identified on the listing provided by the Department of Aging, Health or Public Welfare is deemed the designated individual for purposes of this subchapter unless the health care facility specifically identifies a designated individual.

Dispute—A health care facility grievance regarding subjects such as credit determinations, deposit requirements, the accuracy of meter readings, bill amounts and the proper party to be charged, which remains unresolved after the initial contact or utility follow-up response where the health care facility consents to the utility reviewing pertinent records or other information and calling back. If, at the conclusion of the health care facility's initial contact or the utility follow-up response, the health care facility indicates satisfaction with the resulting resolution or explanation, the contact will not be considered a dispute. A grievance regarding rate or service issues which does not involve potential termination of utility service will not be considered a dispute for purposes of this subchapter.

Emergency—An unforeseen combination of circumstances requiring temporary discontinuance of service in order to effect repairs or maintenance, or to eliminate an imminent threat to life, health, safety or property.

Health care facility—

(i) Inpatient and residential institutions, including the following, which serve persons who are dependent upon others because of permanent or temporary disabilities:

(A) A birth center, hospital or long-term care nursing facility as defined in section 802.1 of the Health Care Facilities Act (35 P. S. § 448.802a).

(B) Overnight residential schools, facilities and institutions which provide overnight care for dependent children, adults and mentally retarded persons (such as boarding homes for children, personal care homes, mental health establishments, intermediate care facilities for the mentally retarded and intermediate care facilities for

other related conditions, but not child day care centers, adult training facilities, vocational facilities or private homes) which are supervised or licensed under Articles IX and X of the Public Welfare Code (62 P. S. §§ 901—922 and 1001—1059) by the Department of Public Welfare, the Department of Aging or the Department of Health.

(C) Domiciliary care homes as defined in section 2202-A of The Administrative Code of 1929 (71 P.S. § 581-2) for which the Department of Aging issues the certificate of operation.

(ii) The term does not include boarding schools, dormitories or similar facilities involving community living arrangements. The term does not include separately metered outpatient clinics or other outpatient facilities which are located on the site of an affiliated inpatient or residential health care facility or which are part of a commercial account of an inpatient or residential health care facility.

Regulatory agency—A governmental agency of the Commonwealth responsible for licensing, approving, supervising or certifying, for reimbursement purposes, health care facilities. Specifically, the Departments of Aging, Health and Public Welfare.

Termination of service—Cessation of service, whether temporary or permanent, without the consent of the affected health care facility.

Utility—An entity which provides electric, gas, steam heat, water, sewer or local exchange telephone service subject to the jurisdiction of the Commission.

§ 55.103. Responsibility for identification of health care facilities subject to advance notice.

(a) *Utility responsibility for existing customers.* The Commission's Bureau will obtain from the Departments of Aging, Health and Public Welfare current listings of the name, address, county, telephone number, and if available, the name of the administrator or contact person for each health care facility licensed by the respective regulatory agency. The Departments of Aging, Health and Public Welfare should each provide to the Commission's Bureau an annual revised and updated listing of licensed health care facilities. Each utility subject to this subchapter is responsible for identifying its customers from these listings and for appropriately coding its records so as to assure compliance with this subchapter.

(b) *Utility responsibility for new service applicants.* When a nonresidential applicant applies for utility service, the utility shall ascertain whether that applicant is a health care facility subject to this subchapter, code its records appropriately if the applicant is a health care facility and identify the name, job title or office, address, telephone number and facsimile number of a designated individual. The utility shall inform the health care facility of its continuing obligation to notify the utility of any change in information regarding the designated individual.

(c) *Health care facility responsibility.* The health care facility is responsible for providing to the utility a copy of its current license or operating certificate issued by its regulatory agency, if requested, so that the utility can verify the identification of the customer as a health care facility. The health care facility is responsible for providing to the utility current information regarding the designated individual, as well as informing the utility of any changes in this information. The health care facility

is responsible for providing to the utility documentation and information within 10 days of the utility's request.

§ 55.104. Required 37-day notice before termination of service.

(a) *Thirty-seven day written notice to health care facilities.* Except when required to prevent or alleviate an emergency, a utility shall, at least 37 days before terminating service to a health care facility, send to the affected facility a service termination notice in the form specified in § 55.108 (relating to form of notice).

(b) *Thirty-seven day notice to agencies.* On the same day that a utility sends the 37-day notice to the health care facility as required by subsection (a), the utility shall also send a copy of the notice to the following:

(1) The regulatory agency of the health care facility as identified on the listings available from the Commission's Bureau or from the license or operating certificate provided by the health care facility.

(2) The Commission's Bureau.

(c) *Methods of serving the 37-day notice to health care facilities and to regulatory agencies.* Notice to an affected health care facility and involved agencies shall be given in writing using one of the following methods:

(1) First class certified mail.

(2) Hand delivery with acknowledgment of receipt.

(3) Overnight express service with acknowledgment of receipt.

(4) Facsimile or other electronic transmission which produces a written copy at the receiving location, if a written confirmatory copy is subsequently dispatched the same day by a method specified in paragraph (1), (2) or (3), and if prior consent is obtained from the health care facility.

(d) *Health care facilities failure to respond.* If a health care facility fails to accept service of the 37-day notice within 10 days after service as specified in subsection (c), the utility shall inform the Commission's Bureau by telephone or facsimile prior to proceeding further with the termination of service. Unless otherwise directed by the Bureau, the utility may then thereafter proceed with termination of service in accordance with this subchapter.

§ 55.105. Required 10-day notice before termination of service.

(a) *Ten-day notice to health care facilities.* Except when required to prevent or alleviate an emergency, a utility may not terminate service without personally contacting the designated individual, or administrator of the health care facility when no designated individual is identified, at least 10 days prior to the expiration of the 37-day termination notice period required in § 55.104 (relating to required 37-day notice before termination of service). This 10-day notice shall be in addition to the 37-day notice required under § 55.104. To satisfy the requirement of 10-day personal contact:

(1) The utility shall contact the designated individual, or the administrator of the health care facility if no designated individual is identified, in person or by telephone. For purposes of this subsection, leaving a message on an answering machine will not be deemed personal contact.

(2) If the health care facility refuses to accept personal contact for more than 48 hours, the utility shall so inform the Commission's Bureau by telephone, letter or facsimile before proceeding further with termination of service.

Unless otherwise directed by the Bureau, the utility may thereafter proceed with termination of service.

(b) *Ten-day notice to agencies.* On the same date a utility gives the 10-day notice to the health care facility as required by subsection (a), the utility shall also inform the involved regulatory agencies, utilizing a method specified in § 55.104(c).

§ 55.106. Coordination of termination of utility service with regulatory agencies and termination date.

The health care facility is responsible for cooperating with the involved regulatory agencies to ensure that there is a safe and orderly transfer of the residents or patients to alternative facilities prior to the scheduled date for termination of service. If residents or patients remain in the health care facility at the end of the 10-day termination period, the utility shall, at the request of the Commission's Bureau, continue to provide service for an additional 30 days or until the Bureau notifies the utility that all residents or patients are removed, whichever occurs first. Unless the Commission's Bureau makes a request, the utility may proceed with termination of service at the end of the 10-day period.

§ 55.107. Newly discovered health care facilities.

If a customer which had not been previously identified as a health care facility identifies itself as such in response to a notice of termination, the health care facility shall provide verification of its status to the utility within 3 days after being requested by the utility to do so. If the customer is a health care facility, the utility shall renotify the customer of termination under this subchapter. Thereafter, both the health care facility and the utility shall comply with the applicable provisions of this subchapter. If the customer does not provide the verification within the 3-day period, the utility may proceed with termination of service by serving a 48-hour notice.

§ 55.108. Form of notice.

The following form shall be used in providing the 37-day service termination notice required under this subchapter:

SERVICE TERMINATION NOTICE
TO HEALTH CARE FACILITY*

(Name and address of Utility)

(Date of notice)

(Customer's name)

(Customer's billing address)

(Customer's phone number)

(Customer's account number)

Under rules established by the Pennsylvania Public Utility Commission, we are notifying you that we intend to terminate (*type of utility service*) service to the premises at (*address(es) of location(s) where service is to be terminated*) on or after (*time of day*) on (*date of scheduled service termination*). This action is being taken because

your (*name of utility*) utility service bill is overdue in the amount of \$(*amount of overdue balance*). You may avoid termination of service BY CALLING YOUR ACCOUNT OR CUSTOMER SERVICE REPRESENTATIVE AT (*telephone number of utility account representative*), OR VISITING OUR OFFICE AT (*utility business office address*) to make payment arrangements mutually acceptable to you and us.** Contact us at once if you believe for any reason that your service should not be terminated or if you need further information.

If after having discussed with us your billing, payment or other problem, you are not satisfied with the resolution proposed by us, YOU HAVE A RIGHT TO CALL THE PENNSYLVANIA PUBLIC UTILITY COMMISSION AT THIS NUMBER (*telephone number of the Commission's Bureau of Consumer Services*) FOR FURTHER INFORMATION AND ASSISTANCE. The Commission will have staff available to attempt to mediate your billing problem in order to avoid termination of your service. Mediation or negotiation may take considerable time and should not be postponed until just prior to service termination.

Notice of this termination is being given to the (*name of involved regulatory agency*) and to the Pennsylvania Public Utility Commission's Bureau of Consumer Services. Please cooperate with them in implementing an orderly shut down plan for your health care facility before the termination date stated above. It is your responsibility to have all patients or residents relocated to other facilities before the scheduled termination date.

Sincerely yours,

* Typeset for heading to be no smaller than 10 point.

** If termination is for a reason other than an overdue bill, e.g., tampering with company equipment, substitute applicable reason and the action the customer can take to avoid termination.

§ 55.109. Customer obligation upon receipt of service termination notice.

Upon receipt of a 37-day service termination notice, a health care facility is expected to immediately contact its regulatory agency and the public utility involved to eliminate the reason for termination, establish payment terms, close down the health care facility or pursue other action as appropriate.

§ 55.110. Notice when dispute, informal complaint or formal complaint pending.

A utility may not serve any notice of termination if a dispute, informal complaint or formal complaint has been filed with the Commission and is unresolved if the subject matter of the dispute, informal complaint or formal complaint forms the grounds for the proposed termination. A notice of termination mailed or delivered in violation of this section is void. Pending resolution of a dispute, the utility is entitled to bill for and collect the undisputed portion of its utility bills.

§ 55.111. Days termination prohibited.

Except when required to prevent or alleviate an emergency, or upon request of the health care facility, a public utility may not terminate or authorize termination on the following days:

- (1) On Friday, Saturday or Sunday.
- (2) On a bank holiday or on the day preceding a bank holiday.

(3) On a holiday observed by the public utility or on the day preceding the holiday. A holiday observed by a public utility means any day on which the business office of the public utility is closed for any reason.

(4) On a holiday observed by the Commission or on the day preceding the holiday.

§ 55.112. Use of termination notice solely as collection device prohibited.

A utility may not threaten to terminate service when it has no present intent to terminate service or when actual termination is prohibited. Notice of the intent to terminate shall be used only as a warning that service will in fact be terminated unless the health care facility remedies the situation which gave rise to the notice.

§ 55.113. Exception for terminations based on occurrences harmful to person or property.

When a service termination is undertaken due to a situation which endangers the safety of a person or which may prove harmful to the facilities of the utility, the utility may terminate service without written notice if that the utility reasonably and in good faith believes the basis for termination to exist. At the time of the actual termination, the utility shall make a bona fide attempt to deliver a notice of termination to a responsible person at the affected premises and shall also notify the involved regulatory agency and the Commission's Bureau of Consumer Services.

§ 55.114. Inconsistent tariff provisions.

A tariff provision inconsistent with this subchapter will be deemed inoperative and superseded by this subchapter.

§ 55.115. Coordination with other regulations.

(a) *Subchapter A (relating to discontinuation of service).* With respect to termination of utility service to health care facilities, this subchapter supersedes §§ 55.1—55.3 (relating to definitions; personal contact before utility service discounted; and content of notice).

(b) *Chapters 56 and 64 (relating to standards and billing practices for residential utility service; and standards and billing practices for residential telephone service).*

(1) When a dispute, informal complaint or formal complaint is filed, § 56.2 and Chapter 56, Subchapter F (relating to definitions; and disputes; termination disputes; informal and formal complaints) apply for electric, gas, water, sewer and steam heat utilities except to the extent specifically superseded in this subchapter. Section 64.2 and Chapter 64, Subchapter G (relating to definitions; and disputes; informal and formal complaints) apply for telephone utilities except to the extent specifically superseded in this subchapter.

(2) With respect to a residential account of a patient or resident in a health care facility, Chapters 56 and 64 apply.

STATEMENTS OF POLICY

Title 4—ADMINISTRATION

PART II. EXECUTIVE BOARD

[4 PA. CODE CH. 9]

Reorganization of the Department of Banking

The Executive Board approved a reorganization of the Department of Banking effective October 9, 1996.

The organization chart at 26 Pa.B. 5119 (October 26, 1996) is published at the request of the Joint Committee on Documents under 1 Pa. Code § 3.1(a)(9) (relating to contents of Code).

(Editor's Note: The Joint Committee on Documents has found organization charts to be general and permanent in nature. This document meets the criteria of 45 Pa.C.S. § 702(7) as a document general and permanent in nature which shall be codified in the Pennsylvania Code.)

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of November 1996

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of November is 9 3/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such individual occupies or has occupied as a principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 7.13 to which was added 2.50 percentage points for a total of 9.63 that by law is rounded off to the nearest quarter at 9 3/4%.

RICHARD C. RISHEL,
Secretary

[Pa.B. Doc. No. 96-1797. Filed for public inspection October 25, 1996, 9:00 a.m.]

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Tulpehocken and Cacoosing Creek Segments Approved as Components of the Pennsylvania Rivers Conservation Registry

The Department of Conservation and Natural Resources (DCNR), Bureau of Recreation and Conservation is entering segments of Tulpehocken Creek and Cacoosing Creek on the Pennsylvania Rivers Conservation Registry.

The Pennsylvania Rivers Conservation Registry was established as a component of the Pennsylvania Rivers Conservation Program. The program was developed to conserve river resources through the development and implementation of locally initiated river conservation plans. The purposes of the registry are twofold: to recognize and list rivers or river segments, defined within a Rivers Conservation Plan, which have been studied, evaluated and through a public participation process, have had recommended courses of action and site specific projects detailed to conserve the river and river values. To provide a mechanism by which recommended actions or projects within a River Conservation Plan would be eligible for technical assistance and Implementation, Acquisition and Development Grants.

On June 19, 1995, the Berks County Conservancy submitted the Tulpehocken Creek Strategic River Management Plan, Public Participation documentation, peti-

tion and municipal resolution to the DCNR, requesting that segments of Tulpehocken Creek and Cacoosing Creek be included on the Pennsylvania Rivers Conservation Registry.

On September 12, 1995, the Department of Conservation and Natural Resources (DCNR), Bureau of Recreation and Conservation, having reviewed the submission of the Tulpehocken Creek Strategic Management Plan and documentation submitted by the Berks County Conservancy found it satisfied requirements for listing on the Pennsylvania Rivers Conservation Registry. Therefore, the 28.8 miles of the Tulpehocken Creek and Cacoosing Creek that are designated as components of the Pennsylvania Scenic Rivers System are included on the Pennsylvania Rivers Conservation Registry. This entry becomes effective upon publication in the *Pennsylvania Bulletin*. Recommended actions and projects located within river segments listed on the Rivers Conservation Registry and identified in the Tulpehocken Creek Strategic River Management Plan are eligible for Pennsylvania Rivers Conservation Program technical assistance and Implementation, Acquisition and Development Grants.

These river segments are identical to those defined on December 4, 1992, by Act No. 1992-118 designating certain segments of the Tulpehocken Creek in Lebanon and Berks Counties, and a small segment of Cacoosing Creek as components of the Pennsylvania Scenic Rivers System under the Pennsylvania Scenic Rivers Act (P. L. 1277, No. 283) and are as follows:

- Headwaters of the Tulpehocken Creek near Kimmerlings Church in North Lebanon Township to Ramona Road (Township Route 560) in Jackson Township, Lebanon County, 3.4 miles.
- Tulpehocken Creek: Western boundary of the Carl Sensenig property, now or formerly owned by Carl Sensenig and wife, in Jackson Township, Lebanon County, to the bridge carrying S. R. 4010 over the Tulpehocken Creek near the entrance to Heidelberg Country Club between Jefferson and North Heidelberg Townships in Berks County, 16.8 miles.
- Tulpehocken Creek: Base of the Blue Marsh Dam between Bern and Lower Heidelberg Townships to the Creek's confluence with the Schuylkill River at Reading in Berks County, 6.6 miles.
- Cacoosing Creek: From State Hill Road bridge S. R. 2023 to its confluence with the Tulpehocken Creek between Lower Heidelberg and Spring Townships in Berks County, 2.0 miles.

A copy of the *Tulpehocken Creek Strategic River Management Plan* is available for review at the Department of Conservation and Natural Resources (DCNR), Bureau of Recreation and Conservation, Division of Conservation Partnerships, 400 Market Street, Third Floor, P. O. Box 8475, Harrisburg, PA 17105-8475, (717) 787-2316. Those interested in reviewing the Tulpehocken Creek Strategic River Management Plan should contact this office to schedule a review.

A copy of a Strategic River Management Plan for the Tulpehocken Creek and the maps associated with the plan are on file and can be reviewed at the Berks County Conservancy, 960 Old Mill Road, Wyomissing, PA 19610, (610) 372-4992.

JOHN C. OLIVER,
Secretary

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

The following parties have applied for an NPDES permit to discharge controlled wastewaters into the surface waters of this Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions. These proposed determinations are tentative.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permit are invited to submit a statement to the office noted above the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the responsible office considers the public response significant.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, proposed effluent limitations and special conditions, comments received and other information are on file and may be inspected and arrangements made for copying at the office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Applications for National Pollutant Discharge Elimination System (NPDES) Permit to discharge to State waters.

Southeast Regional Office: Regional Manager, Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428, telephone (610) 832-6130.

PA 0057002. Industrial waste, **Township of Haverford**, 2325 Darby Road, Havertown, PA 19083.

This application is for issuance of an NPDES permit to discharge treated landfill leachate wastewater from Haverford Township Landfill in Haverford Township, **Delaware County**. This is a new discharge to Darby Creek.

The receiving stream is classified for cold water fish, migratory fish, potable water supply, industrial water supply, livestock water supply, wildlife water supply, irrigation, boating, fishing, water contact sports and esthetics.

The proposed effluent limits for Outfall 001, based on an average flow of 0.0043 mgd are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily</i>	<i>Instantaneous Maximum (mg/l)</i>
Dissolved Iron			7.0
Total Iron	monitor/report		
Manganese	monitor/report		
Magnesium	monitor/report		
Barium	monitor/report		
Color			100
Total Dissolved Solids	monitor/report		
Total Suspended Solids	30	60	75
Specific Conductance	monitor/report		
pH	within limits of 6.0—9.0 standard units at all times		

The EPA waiver is in effect.

Northeast Region: Environmental Protection Manager, Water Management, 90 East Union Street, 2nd Floor, Wilkes-Barre, PA 18701, telephone (717) 826-2553.

PA 0045985. Sewerage, **Mountaintop Area Joint Sanitary Authority**, R. R. 4, Morio Drive, Mountaintop, PA 18707.

This proposed action is for renewal of an NPDES permit to discharge treated sewage into Big Wapwallopen Creek in Dorrance Township, **Luzerne County**.

The receiving stream is classified for the following uses: cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Danville Borough Water Company located on the north branch of the Susquehanna River.

The proposed effluent limits for Outfall 001 based on a design flow of 2.85 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Weekly Average (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25.0	40.0	50.0
Total Suspended Solids	30.0	45.0	60.0
NH ₃ -N			
(5-1 to 10-31)	2.8	4.2	5.6
(11-1 to 4-30)	8.4	12.6	16.8
Dissolved Oxygen	a minimum of 6.0 mg/l at all times		
Fecal Coliforms			
(5-1 to 9-30)	200/100 ml as a geometric mean		
(10-1 to 4-30)	2,000/100 ml as a geometric mean		
pH	6.0—9.0 standard units at all times		
Total Fluoride	2.0		4.0
Total Chlorine Residual	maximum of .05 mg/l at all times		

The EPA waiver is not in effect.

PA 0044920. Industrial waste, SIC: 3643, **Lehighon Electronics, Inc.**, c/o Austin R. Blew, President, P. O. Box 328, Lehighon, PA 18235-0328.

This proposed action is for renewal of an NPDES permit to discharge treated process wastewater into Mahoning Creek in Mahoning Township, **Carbon County**.

The receiving stream is classified for the following uses: cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Northampton Borough Municipal Authority intake located on the Lehigh River.

The proposed effluent limits for Outfall 001 based on a design flow of 0.0185 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Oil and Grease	15.0		30.0
Total Suspended Solids	20.0	40.0	
Total Cadmium	0.021	0.042	0.053
Total Chromium	1.71	2.77	
Total Copper	0.125	0.25	0.313
Total Lead	0.03	0.06	0.075
Total Nickel	2.38	3.98	
Total Silver	0.009	0.018	0.023
Total Zinc	0.944	1.888	2.360
Total Cyanide	0.65	1.20	
Total Toxic Organic		2.13	
pH	6.0—9.0 at all times		

Outfall 002 is permitted to discharge uncontaminated stormwater only.

Other Conditions Chemical additives requirements, special test method for certain pollutant and annual inspection requirements.

The EPA waiver is in effect.

PA 0061336. Industrial waste, SIC: 4941, **John J. Yamona**, Pennsylvania-American Water Company (Nesbitt Water Treatment Plant), 20 East Union Street, Wilkes-Barre, PA 18701-1397.

This proposed action is for renewal of an NPDES permit to discharge treated wastewater into Trout Creek in Pittston Township, **Luzerne County**.

The receiving stream is classified for the following uses: high quality cold water fishery, aquatic life, water supply and recreation.

For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing downstream potable water supply (PWS) considered during the evaluation is the Danville Water Supply, located on the north branch Susquehanna River.

The proposed effluent limits for Outfall 001 based on a design flow of 0.830 mgd are:

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Suspended Solids	30.0	60.0	
Total Iron	1.5	3.0	3.75
Total Aluminum	0.8	1.6	2.0

<i>Parameter</i>	<i>Monthly Average (mg/l)</i>	<i>Daily Maximum (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Manganese	1.0	2.0	
pH	6.0—9.0 standard units at all times		

The EPA waiver is in effect.

Northwest Regional Office: Regional Manager, Water Management, 230 Chestnut Street, Meadville, PA 16335, telephone (814) 332-6942.

PA 0222089. Sewage. **Troy Ellsworth**, Box 247, Route 346, Duke Center, PA 16729.

This application is for a new NPDES permit to discharge treated sewage to Tram Hollow Run located in Otto Township, **McKean County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishery, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is the Allegheny River and is used by the State of New York which is 13.1 miles below point of discharge.

The proposed effluent limits for Outfall No. 001 based on a design flow of 0.000800 mgd are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	10	20
TSS	20	40
Fecal Coliforms (5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	2,000/100 ml as a geometric average	
Total Residual Chlorine	1.5	3.5
pH	6.0—9.0 at all times	

The EPA waiver is in effect.

PA 0038351. Sewage and Industrial waste, **PHB, Incorporated**, 7900 West Ridge Road, Fairview, PA 16415.

This application is for renewal of an NPDES permit to discharge treated sanitary sewage and industrial waste to Trout Run in Fairview Township, **Erie County**. This is an existing discharge.

The receiving water is classified for cold water fishery, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, there is no potable water supply to consider during the evaluation.

The proposed effluent limits for Outfall 101 based on an average design flow of 0.021 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	50
Total Suspended Solids	30	60
NH ₃ -N (5-1 to 10-31)	1.5	3.0
(11-1 to 4-30)	4.5	9.0
Phosphorus as "P"	1.0	
Dissolved Oxygen	minimum of 3.0 mg/l at all times	
Total Residual Chlorine (interim)	monitor and report	
(final)	0.33	0.49
Fecal Coliforms (5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	4,200/100 ml as a geometric average	
pH	6.0—9.0 standard units at all times	

The proposed effluent limits for Outfall 201 based on average design flow of 0.024 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Suspended Solids	16	32	32
Oil and Grease	15	30	30
Copper (T)	0.084	0.017	0.21
Lead (T)	0.026	0.052	0.065
Zinc (T)	0.534	1.07	1.34
Silver (T)	0.026	0.052	0.065
Nickel	1.12	2.24	2.80
Cyanide (T)	0.025	0.05	0.0625

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Cadmium (T)	0.008	0.016	0.02
Chromium (T)	ND	ND	ND
pH	within limits of 6.0—9.0 standard units at all times		

The EPA waiver is in effect.

PA 0002151. Industrial waste, SIC: 3229. **Pittsburgh Corning Corporation**, P. O. Box 39, Port Allegheny, PA 16743.

This application is for renewal of an NPDES permit to discharge treated sewage, contact and noncontact cooling water to the Allegheny River in Liberty Township, **McKean County**. This is an existing discharge.

The receiving water is classified for the following uses: cold water fishes, aquatic life, water supply and recreation. For the purpose of evaluating effluent requirements for TDS, NO₂-NO₃, fluoride and phenolics, the existing/proposed downstream potable water supply considered during the evaluation is PA/NY state line on Allegheny River located approximately 18 miles below point of discharge.

The proposed discharge limits for Outfall No. 001 based on a design flow of .252 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Flow (mgd)	monitor and report on monthly DMRs		
Oil and Grease	15		30
Temperature		Average Discharge Temperature Daily Average °F	
Sept. 1-15		80	
Sept. 16-30		74	
Oct. 1-15		71	
Oct. 16-31		67	
Nov. 1-15		67	
pH	6.0—9.0 at all times		

The proposed discharge limits for Outfall No. 002 based on a design flow of .414 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Flow (mgd)	monitor and report on monthly DMRs		
Oil and Grease	15		30
Temperature		Average Discharge Temperature Daily Average °F	
Sept. 1-15		80	
Sept. 16-30		74	
Oct. 1-15		71	
Oct. 16-31		67	
Nov. 1-15		67	
pH	6.0—9.0 at all times		

The proposed discharge limits for Outfall No. 003 based on a design flow of .009 mgd, are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Flow (mgd)	monitor and report on monthly DMRs when discharging		
Oil and Grease	15		30
Temperature		Average Discharge Temperature Daily Average °F	
Sept. 1-15		80	
Sept. 16-30		74	
Oct. 1-15		71	
Oct. 16-31		67	
Nov. 1-15		67	
pH	6.0—9.0 at all times		

The proposed discharge limits for Outfall No. 004 are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
	Refer to Special Condition C in Part C of the permit.		

The EPA waiver is in effect.

Suspended Solids	20	40
Total Residual Chlorine	monitor/report	monitor/report
Fecal Coliforms	200 colonies/100 ml as a geometric average	
pH	within limits of 6.0—9.0 standard units at all times	

The EPA waiver is in effect.

Proposed NPDES Permit Renewal Actions for Minor Sewage Discharges

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (DEP) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations, and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management, and total residual chlorine control (TRC). Any major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

Persons wishing to comment on the proposed permits are invited to submit a statement to the Field Operations indicated as the office responsible, within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding these applications and proposed permit actions. Comments should include the name, address and telephone number of the writer and a brief statement to inform the Field Office of the basis of the comment and the relevant facts upon which it is based. A public hearing may be held if the Field Office considers the public response significant.

Following the 30-day comment period, the Water Management Program Managers will make a final determination regarding the proposed permit action. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit renewal application and related documents, proposed effluent limitations and special conditions, comments received and other information are on DEP's file. The documents may be inspected at, or a copy requested from, the Field Office that has been indicated above the application notice.

Southcentral Regional Office, Water Management Program, One Ararat Boulevard, Harrisburg, PA 17110, telephone (717) 657-4590.

The following parties have applied for an NPDES permit to discharge storm water from a proposed construction activity into the surface waters of the Commonwealth. Unless otherwise indicated on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit and special conditions. These proposed determinations are tentative. Limitations are provided in the permit as erosion and sedimentation control measures and facilities which restrict the rate and quantity of sediment discharged.

Where indicated, the EPA, Region III, Regional Administrator has waived the right to review or object to this proposed permit action under the waiver provision 40 CFR 123.24(d).

Persons wishing to comment on the proposed permit are invited to submit a statement to the Regional Office or County Conservation District Office indicated as the responsible office, within 30 days from the date of this public notice. A copy of the written comments should be sent to the County Conservation District Office. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Regional Office of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held if the Regional Office considers the public response significant.

Following the 30-day comment period, the Water Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealable to the Environmental Hearing Board.

The application and related documents, including the erosion and sedimentation control plan for the construction activity, are on file and may be inspected at the County Conservation District Office or the Department Regional Office indicated above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT & T Relay Service at 1 (800) 654-5984.

A.0996514. Public water supply. **Springfield Township Authority**, 2320 Township Road, Quakertown, PA 18951. This proposal involves the installation of a corrosion treatment system in Springfield Township, **Bucks County**.

A.2396501. Public water supply. **Chester Water Authority**, Fifth and Welsh Streets, P. O. Box 467, Chester, PA 19016. This proposal involves the construction of a 10 MG tank for finished water storage, known as Village Green Tank No. 9 in Aston Township, **Delaware County**.

Acknowledgment of Notices of Intent to Remediate

Acknowledgment of notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) requires the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site

must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southwest Field Office, John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, (412) 442-5217.

First Pennsylvania Funding Company, Inc., O'Hara Township, **Allegheny County**. First Pennsylvania Funding Company, Inc. has submitted a Notice of Intent to Remediate Papercraft Park (former Papercraft Corporation facility), Pittsburgh PA 15238, soil and groundwater contaminated with solvents and BTEX. The applicant proposes to remediate the site to meet the Statewide health standard.

Northeast Regional Field Office, Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.

Van Fleet Property, Benton Township, **Lackawanna County**. Environmental Science & Engineering, Inc., 5205 Militia Hill Road, Plymouth Meeting, PA has submitted a Notice of Intent to Remediate (on behalf of its client, Ronald Van Fleet, P. O. Box 1, Fleetville, PA) site soils and groundwater which had been contaminated with BTEX (benzene, toluene, ethylbenzene and xylenes) and petroleum hydrocarbon compounds. The applicant proposes to remediate the site to meet the background standard. A Final Report was simultaneously submitted. Please refer to additional *Pennsylvania Bulletin* notice.

Poly Hi Solidur/Menasha Corporation, City of Scranton, **Lackawanna County**. Charles E. Henry, Operations Manager, 900 North South Road, Scranton, PA has submitted a Notice of Intent to Remediate site soils identified as being contaminated with petroleum hydrocarbons. The applicant proposes to remediate the site to meet the Statewide health standard. A Final Report was simultaneously submitted. Please refer to additional *Pennsylvania Bulletin* notice.

Sections 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release

of a regulated substance at a site. Persons intending to use a site-specific standard or who intend to remediate a site in a Special Industrial Area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific cleanup standard, in whole or in part, and for sites determined to be located in Special Industrial Areas. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area by the person conducting remediation. For the sites identified below, a municipality may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period a municipality may request that the person identified below, as the remediator of a site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of a site. For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1-800-654-5984.

The Department of Environmental Protection has received the following Notices of Intent to Remediate:

Southwest Field Office, John J. Matviya, Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-5217.

RIDC Center of Duquesne/formerly USX Duquesne Works, City of Duquesne, **Allegheny County**. RIDC Keystone Commons, 600 Braddock Avenue, Turtle Creek, PA 15146 has submitted a Notice of Intent to Remediate soil and groundwater contaminated with PAHs and organics. The applicant proposes to remediate the site to meet a Special Industrial Area standard. A summary of the Notice of Intent to Remediate was reported to have been published in the *McKeesport Daily News* on September 26, 1996.

Application for determination of Applicability for General Permit received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations for municipal and residual waste.

Northcentral Regional Office, Regional Solid Waste Manager, 208 West Third Street, Suite 101, Williamsport, PA 17701, telephone (717) 327-3653.

General Permit No. WMGR038. Grace's Future Block, Inc. (R. R. 1, Box 325, Millville, PA 17846). Application for Determination of Applicability for General

Permit for processing and beneficial use of waste tires on a Statewide basis, received in the regional office on September 30, 1996. Facility is located in Madison Township, **Columbia County**.

Applications denied under the Solid Waste Management Act (35 §§ P. S. 6018.101—6018.1003) and regulations to operate solid waste processing or disposal area or site.

Regional Office, Regional Solid Waste Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

A.101651. W. P. McGovern, Inc., 848 West Baltimore Pike, Kennett Square, PA 19348. This permit application was denied because of major technical deficiencies. Permit application denied in the Southeast Regional Office October 9, 1996.

A.101224. Waste Management of Delaware Valley (South), 408 South Oak Avenue, Primos, PA 19018-2736. This application was denied due to administrative deficiencies. Application was improperly submitted as a minor modification request. Applicant can submit at a later time as a major application. Application was denied in the Southeast Regional Office October 9, 1996.

Application received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate a solid waste processing or disposal area or site.

Southwest Regional Office, Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

A.300809. Allegheny Power, 800 Cabin Hill Drive, Greensburg, PA 15601. Hatfield Power Station, Ash Disposal Site, Route 21, Masontown, PA 15461. Application for a major permit modification to re-permit a Class II residual waste landfill in Monongahela Township, **Greene County**. Received in the Regional Office on October 4, 1996.

Applications under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify or reactivate air contamination sources.

Southcentral Regional Office, Air Quality Program, One Ararat Boulevard, Harrisburg, PA 17110.

22-305-001A. Modification of a coal handling operation at **Kimmel Coal and Packaging** (P. O. Box 1, Wiconisco, PA 17097) in Wiconisco Township, **Dauphin County**.

22-318-022. Construction of a paint spray booth by **J & D Associates** (600 Hunter Lane, Middletown, PA 17057) in Middletown Borough, **Dauphin County**.

Northcentral Regional Office, Bureau of Air Quality, 208 West Third Street, Suite 101, Williamsport, PA 17701-6448.

12-399-014. Construction of four powdered metal parts sintering furnaces by **Sinter Metals, Inc.** (R. R. 2, Box 47, Emporium, PA 15834) at Plant 3 (Airport Road) in Emporium Borough, **Cameron County**.

Applications received for Operating Permits issued under the Air Pollution Control Act (P. S. §§ 4001—4015).

Southwest Regional Office, Bureau of Air Quality, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

65-313-009A. The Department intends to issue an Air Quality Operating Permit to **Raven Industries, Inc.**, (Center Drive, R. R. 6, Box 18A, Latrobe, PA 15650) for dust collectors on the toner manufacturing operation at its facility located in Unity Township, **Westmoreland County**.

Applications received for Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify or reactivate air contamination sources.

Northwest Regional Office, Air Quality Program, 230 Chestnut Street, Meadville, PA 16335.

10-309-059. The Department intends to issue an Air Quality operating permit to **Armstrong Cement Company** (100 Clearfield Rd., Cabot, PA 16023) for the operation of a clinker silo in **Butler County**

33-318-005. The Department intends to issue an Air Quality operate permit to **Oak Heritage Furniture** (11 Industrial Park Dr., Brockway, PA 15824) for the operation of a wood furniture finishing line in **Jefferson County**.

37-304-008. The Department intends to issue an Air Quality operating permit to **Castle Iron and Metal Inc.**, (215 Gardner Ave., New Castle, PA 16103) for the operation of an aluminum sweating furnace in **Lawrence County**.

37-308-005. The Department intends to issue an Air Quality operating permit to **Reactive Metals & Alloys Corp.** (P. O. Box 366, W. Pittsburgh, PA 16160) for the operation of electric dryers in **Lawrence County**.

37-308-006. The Department intends to issue an Air Quality operation permit to **Reactive Metals & Alloys Corp.** (P. O. Box 366, W. Pittsburgh, PA 16160) for the operation of electrolytic cells in **Lawrence County**.

Applications received for Minor Source Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015).

Southwest Regional Office, Bureau of Air Quality Control, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

OP-65-595. The Department received an application for an Air Quality Operating Permit from **Westmoreland Regional Hospital** (532 West Pittsburgh Street, Greensburg, PA 15601) for a general hospital at its facility located in Greensburg, **Westmoreland County**.

OP-56-153. The Department received an application for an Air Quality Operating Permit from **Somerset Community Hospital** (225 South Center Avenue, Somerset, PA 15501) for three boilers/two emergency generators at its facility located in Somerset Borough, **Somerset County**.

OP-63-513. The Department received an application for an Air Quality Operating Permit from **Washington & Jefferson College** (60 South Lincoln Street, Washington, PA 15301) for a Joseph Coder incinerator at its Commons Building located in Washington City, **Washington County**.

Application received for Plan Approval under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify or reactivate air contaminant sources.

Southwest Regional Office, Bureau of Air Quality Control, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

PA-63-015A. Flexsys America, L. P. (829 Route 481, Monongahela, PA 15063) for a crystex plant at its Monongahela Plant located in Carroll Township, **Washington County**.

PA-30-072A. Consol Pennsylvania Coal Company (1800 Washington Road, Pittsburgh, PA 15241) for a coal preparation plant at its Bailey Prep Plant located in Richhill Township, **Greene County**.

PA-32-266A. Sanifill of Pennsylvania, Inc. (525 Glenruadh Avenue, Erie, PA 16505) for a municipal waste landfill at its Pellegrine Municipal Landfill located in Center Township, **Indiana County**.

PA-63-014A. Duquesne Light Company, (411 Seventh Avenue, Mail Drop 14-705, Pittsburgh, PA 15230) for a fossil fuel fired power plant at its Elrama Station facility located in Union Township, **Washington County**.

PA-65-016A. Latrobe Steel Company (2626 Ligonier Street, P. O. Box 31, Latrobe, PA 15650) for a 30" vacuum arc remelting furnace at its Latrobe Plant located in Latrobe Borough, **Westmoreland County**.

Notice of Plan Approval Application Minor Source

The following stationary sources have filed a request for a plan approval with the Department of Environmental Protection (DEP), Bureau of Air Quality. Persons wishing to file protests or comments on the proposed plan approval have 30 days to submit the protest or comments to the Regional Office at the address listed below. Interested persons may also request that a hearing be held concerning the plan approval application by filing a request with the Regional Office stating the reason for the request.

The Department will evaluate and consider all protests and comments received. The department will, where appropriate, modify the proposed plan approval based on the protests and comments received.

The final plan approval will contain terms and conditions to ensure that the source is constructed and operated in compliance with the Department's regulations contained in 25 Pa. Code Chapters 121 through 143 and the requirements of the Federal Clean Air Act. A notice of the Department's final decision on the proposed plan approval will be published in the *Pennsylvania Bulletin*. Air contaminants emitted from these sources are less than the amounts that would trigger major new source review requirements. For additional information on the following applications contact Devendra Verma, Engineering Services Chief, (814) 332-6940.

Northwest Regional Office, Bureau of Air Quality Control, 230 Chestnut Street, Meadville, PA 16335.

10-308-015. The Department received a plan approval application for reactivation of a rotary aluminum drying oven (3,000 lbs/hr) by **Keystone Aluminum, Inc.** (P. O. Box 807, Mars, PA 16046) in Mars, **Butler County**.

10-313-050. The Department received a plan approval application for construction of a chemical vapor deposition furnace (90KW) by **II-VI, Inc.** (375 Saxonburg, Saxonburg, PA 16056) in Saxonburg, **Butler County**.

20-399-026. The Department received a plan approval application for construction of a semi-automated spray line by **Lord Corporation** (124 Grant St., Cambridge Springs, PA 16403) in Cambridge Springs, **Crawford County**.

37-399-011. The Department received a plan approval application for installation of a fabric collector on the secondary magnesium turnings system and the expansion of the magnesium grinding and hammermilling operations to produce magnesium chips and powder by **Reactive Metals & Alloys Corporation** (P. O. Box 366, West Pittsburg, PA 16160) in Taylor Township, **Lawrence County**.

37-345-010. The Department received a plan approval application for the construction of a sludge/cake dryer (15,000 wet tpy) by **The International Metals Reclamation Company**, INMETCO (P. O. Box 720, 245 Portersville Rd., Ellwood City, PA 16117) in Ellwood City, **Lawrence County**.

42-313-006C. The Department received a plan approval application for the installation of a baghouse onto four calcining furnaces (143.33 TPY per furnace) by **Stackpole Magnetic Systems, Inc.** (700 Elk Ave., Kane, PA 16735) in Kane, **McKean County**.

42-307-005. The Department received a plan approval application for the construction of a rotary calciner (990 lb Ferrite/HR) with wet scrubber control by **Stackpole Magnetic Systems, Inc.** (700 Elk Ave., Kane, PA 16735) in Kane, **McKean County**.

NSR Plan Approval

In accordance with 25 Pa. Code § 127.44, The Department of Environmental Protection (DEP) hereby gives notice of the intent to issue Plan Approval 06-1007D to Carpenter Technology Corporation (P. O. Box 14662, Reading, PA 19612-4662) for the construction and modification of various heating and heat treating furnaces involving New Source Review (NSR) for NO_x emissions in a moderate nonattainment area at their Reading Plant located in Reading/Muhlenberg Township, Berks County.

Based on the information provided by the company and DEP's own analysis, this facility has had a net NO_x allowable emission increase of 55.7 TPY from proposed de minimis increases since January 1, 1991.

In order to show compliance with the applicable standards (Chapter 127), DEP will place the following conditions on the Plan Approval:

1. The sources are to be constructed or modified in accordance with the plans submitted with the application.

2. This Plan Approval is issued for the construction of the following sources:

- Rectangular Bell Furnace (F-796) in Building 48.
- Roller Rail Furnace (F-799) in Building 120.
- Treat and Quench Furnace (F-800) in Building 120.
- Car Bottom Furnace (F-801) in Building 120.
- Car Bottom Furnace (F-802) in Building 120.

3. This Plan Approval is issued for the modification of the following sources:

- No. 1 Walking Beam Furnace (20 T) (F-643) in Building 112.
- No. 2 Walking Beam Furnace (20 T) (F-681) in Building 112.
- No. 3 Walking Beam Furnace (8 T) (F-644) in Building 112.

The modification involves the increase of the fuel usage by the furnaces and the NO_x emission limits by the furnaces.

4. This Plan Approval involves the emission offsetting of the facilities net de minimis increases in NO_x emissions (55.7 tons per year), since January 1, 1991, as required by section 127.205(3).

5. The owner/operator shall purchase Emission Reduction Credits (ERCs) in the amount specified by section 127.210 ($55.7 \times 1.15 = 64.06$) to offset the net increase.

6. Operation of the furnaces in condition No. 1 and the modification of the furnaces in condition No. 3 shall not occur before these ERCs have been purchased and have received approval from the Department.

7. The new furnaces shall be limited to the following:

a) Rectangular Bell Furnace (F-796)

1) Natural Gas usage: 22.1 million cubic feet per year

2) NO_x emissions: 1.11 TPY

3) NO_x emissions: 100# per million cubic feet of natural gas over a 3 hour averaging period

b) Roller Rail Furnace (F-799)

1) Natural Gas usage: 55.8 million cubic feet per year

2) NO_x emissions: 3.91 TPY

3) NO_x emissions: 140# per million cubic feet of natural gas over a 3 hour averaging period

c) Treat and Quench Furnace (F-800)

1) Natural Gas usage: 40.8 million cubic feet per year

2) NO_x emissions: 2.86 TPY

3) NO_x emissions: 140# per million cubic feet of natural gas over a 3 hour averaging period

d) Car Bottom Furnace (F-801)

1) Natural Gas usage: 29.3 million cubic feet per year

2) NO_x emissions: 1.46 TPY

3) NO_x emissions: 100# per million cubic feet of natural gas over a 3 hour averaging period

e) Car Bottom Furnace (F-802)

1) Natural Gas usage: 29.3 million cubic feet per year

2) NO_x emissions: 1.46 TPY

3) NO_x emissions: 100# per million cubic feet of natural gas over a 3 hour averaging period

8. The modified furnaces shall be limited to the following:

a) No. 1 Walking Beam Furnace (20 T) (F-643)

1) Natural Gas usage: 160 million cubic feet per year

2) NO_x emissions: 153# per million cubic feet of natural gas over a 3 hour averaging period

3) Annual Emissions:

Nitrogen Oxides	11.29 TPY
Particulate	1.10 TPY
Sulfur Dioxide	0.05 TPY
Carbon Monoxide	2.80 TPY
VOC	0.22 TPY

b) No. 2 Walking Beam Furnace (20 T) (F-681)

1) Natural Gas usage: 100 million cubic feet per year

2) NO_x emissions: 1,020# per million cubic feet of natural gas over a 3 hour averaging period

3) Annual Emissions:

Nitrogen Oxides	29.34 TPY
Particulate	0.60 TPY
Sulfur Dioxide	0.03 TPY
Carbon Dioxide	1.75 TPY
VOC	0.14 TPY

c) No 3. Walking Beam Furnace (8 T) (F-644)

1) Natural Gas usage: 95 million cubic feet per year

2) NO_x emissions: 140# per million cubic feet of natural gas over a 3 hour averaging period

3) Annual Emissions:

Nitrogen Oxides	6.65 TPY
Particulate	0.65 TPY
Sulfur Dioxide	0.03 TPY
Carbon Monoxide	1.66 TPY
VOC	0.13 TPY

9. The following sources have been deactivated at the facility and shall not be reactivated without prior approval of the Department:

a) No. 83 Annealing Furnace (F-332) formerly located in Building 48.

b) 20 inch Mill formerly located in Building 14.

c) Sludge Dryer (F-667) formerly located in Building 126.

d) The three batch furnaces (F-485, 486 and 487) formerly located in Building 78.

10. The following is a listing of sources affected by the New Source Review (NSR) and the existing annual NO_x limits:

a) Building 48 Boiler House (F-572, 573 and 645) -19.47 TPY

b) Powder Torch -0.03 TPY

c) Thermal Sludge Dryer (F-751) -2.55 TPY

d) Melt Shop -100 TPY

11. The term "TPY" stands for "tons per year," with 1 year being any 12-month period.

12. The sulfur content of the No. 2 fuel oil fired in the sources shall not, at any time, exceed 0.3% (by weight).

13. The operation of the sources in condition No. 2 shall not result in visible emissions as per EPA Method 9.

14. Records required under this Plan Approval shall be kept for a period of 5 years and shall be made available to the Department upon its request.

15. The owner/operator shall maintain fuel consumption and emission records for all of the sources covered by this Plan Approval.

16. This Plan Approval authorizes temporary operation of the sources covered by this Plan Approval provided the following conditions are met:

a) The Department must receive written notice from the owner/operator of the completion and the operator's intent to commence operation at least 5 working days prior to the completion of the construction. The notice shall state when construction will be completed and when the operator expects to commence operation.

b) Operation is authorized only to facilitate the start-up and shakedown of the sources and air cleaning devices, to permit operations pending the issuance of an Operating Permit or to permit the evaluation of the sources for compliance with all applicable regulations and requirements.

c) This condition authorizes temporary operation of the sources for a period of 180 days from the date of commencement of operation, provided the Department receives notice from the owner/operator under Subpart (a) above.

d) The owner/operator may request an extension, if compliance with all applicable regulations and Plan Approval requirements has not been established. The extension request shall be submitted in writing at least 15 days prior to the end of this period of temporary operation and shall provide a description of the compliance status of the source, a detailed schedule for establishing compliance and the reason compliance has not been established.

e) The notice submitted by the owner/operator, under Subpart (a) above, prior to the expiration of this Plan Approval, shall modify the Plan Approval expiration date. The new Plan Approval expiration date shall be 180 days from the date of commencement of operation.

17. The owner/operator shall notify the person noted on the Plan Approval when the source is operating as designed, so that the source can be inspected while in operation for the issuance of an Operating Permit.

18. Prior to issuance of an Operating Permit, and no longer than 180 days after the start-up, the company must perform a stack test on the Roller Rail Furnace (F-799) and Treat and Quench Furnace (F-800) covered by this Plan Approval, in accordance with the provisions of Chapter 139, to show compliance. The stack test shall be performed while the aforementioned source is operating at the maximum rated capacity, as stated on the application. The stack test shall be for emissions of NO_x.

19. At least 30 days prior to the test, the Regional Air Quality Program Manager shall be informed of the date and time of the test.

20. At least 60 days prior to the test, the owner/operator shall submit to the Department for approval the procedures for the test and a sketch with dimensions indicating the location of the sampling ports and other data to ensure the collection of representative samples.

21. Within 30 days after the source tests, three copies of the complete test report, including all operating conditions, shall be submitted to the Regional Air Quality Program Manager for approval.

22. The owner/operator shall perform an annual adjustment and/or on all furnaces listed in condition No. 2, which shall include the following:

a) Inspection, adjustment, cleaning or replacement of fuel-burning equipment, including the burners and moving parts necessary for proper operation as specified by the manufacturer.

b) Inspection of the flame pattern or characteristics and adjustments necessary to minimize emissions of NO_x and to the extent practicable minimize emissions of CO.

c) Inspection of the air-to-fuel ratio control system and adjustments necessary to ensure proper calibration and operation, as specified by the manufacturer.

22. The owner/operator shall maintain a permanently bound log book or other method approved by the Department. This log shall contain, at a minimum, the following information:

- a) the date of the tuning procedure
- b) the name of the service company and technicians
- c) any other information required by this approval

All the pertinent documents concerning this application are available at the Reading District Office. Reviews may be scheduled by contacting Roger Fitterling at (610) 916-0100 between 8:30 a.m. and 3:30 p.m. Monday through Friday, except holidays.

DEP will accept written protests for 30 days following the publication of this notice. Protests shall conform with 25 Pa. Code § 127.46 and/or include a request for a public hearing. All protests shall be made to the Department of Environmental Protection, Air Quality Program, 1005 Cross Roads Boulevard, Reading, PA 19605.

Reasonably Available Control Technology; Public Hearing

Approval of Reasonable Available Control Technology (RACT) Plans for: U.G.I. Utilities, Inc., Hunlock Township, Luzerne County, PA.

The Department of Environmental Protection has made a preliminary determination to approve RACT plans and amendments to the State Implementation Plan (SIP) for the U.G.I. Utilities, Inc.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in RACT approvals for this facility to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Operating Permits for the facilities and will be submitted to the U. S. Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The main source in U.G.I. facility are three boilers: No. 6, No. 7 and No. 8. The following is the summary of preliminary RACT determination for this facility:

Source	NO _x RACT Limit	Control Device
Boiler No. 6 Coal fired	0.69 lb/MMBtu (30 day rolling average)	—
Package Boiler No. 7 and No. 8	Meets 129.93 Presumptive	25 Pa. Code § 129.93 (b)(2)

A public hearing will be held for the purpose of receiving comments on the above proposed Operating Permit and the proposed SIP revisions. The hearing will be held on December 4, 1996, at 1 p.m. in the conference room at Department of Environmental Protection, Northeast Regional Office, 2 Public Square, Wilkes-Barre, PA 18711.

Persons wishing to present testimony at the hearing should contact Thomas A. DiLazaro, Hearing Examiner at (717) 826-2511 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations, should do so by contacting Richard Shudak at (717) 826-2060, or the Pennsylvania AT&T Relay Service at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but who wish to comment, should provide written comments to Thomas A. DiLazaro, Program Manager, DEP, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents are also available for review from 8 a.m. to 4 p.m. at the DEP Regional Office address noted above. Appointments for scheduling a review must be made by calling the Records Management Section of DEP at (717) 826-2511.

Approval of Reasonable Available Control Technology (RACT) Plans for: Procter & Gamble Paper Products Co., Washington Township, Wyoming County, PA.

The Department of Environmental Protection has made a preliminary determination to approve an amended RACT plan and proposes amendments to the State Implementation Plan (SIP) for the Procter & Gamble Paper Products Company.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in RACT approvals for this facility to comply with current regulations.

The preliminary RACT determination, if finally approved, will be incorporated into a RACT Operating Permit for the facility and will be submitted to the U. S. Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

A re-evaluation of emissions has determined that VOC emissions from the wastewater treatment plant should be amended to 348 tons per year from the previous estimate of 276 tons per year. Although control costs will decrease, controls remain economically infeasible. RACT for the wastewater treatment has been determined to be operational as presently designed.

Technical problems encountered in the routing of the pulp plant vents to the No. 4 boiler have made this control option economically infeasible. RACT for the pulp plant vents has been determined to be operational as presently designed.

Installation and testing of the auxiliary boiler, steam injection to the turbine, and low NO_x burners in the 4M paper machine have been completed and determined to be in compliance with the terms and conditions of Plan Approval 66-0001A and Compliance Permit CP-66-0001A. These sources will be incorporated into the RACT Operating Permit.

A public hearing will be held for the purpose of receiving comments on the above proposed Operating Permit and the proposed SIP revisions. The hearing will be held on December 4, 1996, at 1 p.m. in the conference room at Department of Environmental Protection, Northeast Regional Office, 2 Public Square, Wilkes-Barre, PA 18711.

Persons wishing to present testimony at the hearing should contact Thomas A. DiLazaro, Hearing Examiner at (717) 826-2511 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations, should do so by contacting Richard Shudak (717) 826-2060, or the Pennsylvania AT&T Relay Service, at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to Thomas A. DiLazaro, Program Manager, DEP, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790. Comments should be submitted within 30 days of the date of this publication notice.

All the pertinent documents are also available for review from 8 a.m. to 4 p.m. at the DEP Regional Office address noted above. Appointments for scheduling a review must be made by calling the Records Management Section of DEP at (717) 826-2511.

Approval of Reasonable Available Control Technology (RACT) Plan for: Stanley Storage Systems, Inc. 11 Grammes Road, Allentown, Lehigh County, PA

The Department of Environmental Protection has made a preliminary determination to approve RACT plans and amendments to the State Implementation Plan (SIP) for the above listed facility.

The proposed SIP revisions do not adopt any new regulations. They incorporate the provisions and requirements contained in RACT approvals for this facility to comply with current regulations.

The preliminary RACT determinations, if finally approved, will be incorporated into Operating Permits for the facilities and will be submitted to the U. S. Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan.

The following is a summary of the preliminary RACT determination for the main source at the facility which is subject to operating permit:

<i>Facility</i>	<i>Source</i>	<i>VOC/NO_x RACT Limit</i>	<i>Control Device</i>	<i>Implemen- tation Date</i>
Stanley Storage Systems, Inc.	Metal Parts Paint Lines	Meets 129.52	N/A	May 31, 1997

For the above facility, a public hearing will be held for the purpose of receiving comments on the above proposed Operating Permit and the proposed SIP revisions. This public hearing is scheduled as follows:

<i>Facility Name</i>	<i>Location of Hearing</i>	<i>Date and Time</i>
Stanley Storage Systems, Inc.	Department of Environmental Protection Northeast Regional Office 2 Public Square Wilkes-Barre, PA 18711 Luzerne County	December 4, 1996 1 p.m.

Persons wishing to present testimony at the hearing for the above listed facilities should contact Mark Carmon, Community Relations Coordinator, (717) 826-2511, at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony will be limited to a maximum of 10 minutes and two written copies of the oral testimony. Each organization is requested to designate one witness to present testimony on its behalf.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations, should do so by contacting Richard Shudak (717) 826-2060, or the Pennsylvania AT&T Relay Service, at 1 (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Those unable to attend the hearing, but wishing to comment, should provide written comments to Babu H. Patel, Engineering Services Chief, DEP, Air Quality Control Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

All the pertinent documents are also available for review from 8 a.m. to 4 p.m. at the DEP Regional Office address noted above. Appointments for scheduling a review must be made by calling the DEP contact person noted previously.

MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act, (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act, (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is avail-

able for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State, or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121-23 and 86.31-34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department regulations—25 Pa. Code 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor, application number, a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Coal Applications Received

56930109. Transfer from **Mountaineer Mining to Mountainer Mining Corporation** (R. D. 4, Box 110A, Berlin, PA 15553), commencement, operation and restoration of bituminous strip-coal preparation plant/processing, limestone removal mine in Jenner Township, **Somerset County**, affecting 57.0 acres, receiving stream Flat Run and Roaring Run to Quemahoning Creek to Stonycreek, application received October 10, 1996.

32910103. Permit Renewal, **Big Mack Leasing Company, Inc.** (R. D. 6, Box 231, Kittanning, PA 16201), commencement, operation and restoration of bituminous strip mine in Armstrong and Young Townships, **Indiana County**, affecting 132.0 acres, receiving stream Neal Run, unnamed tributary to Neal Run, unnamed tributary to Reeds Run, application received October 11, 1996.

Hawk Run District Office, P. O. Box 209, Hawk Run, PA 16840.

17900142. **Maud Mining Company** (P. O. Box 729, Indiana, PA 15701), renewal of an existing bituminous surface mine permit in Brady Township, **Clearfield County** affecting 140.2 acres, receiving streams: east branch of Mahoning Creek and Beech Creek, application received September 30, 1996.

District Mining Operations, P. O. Box 669, Knox, PA 16232.

33950105. **Swisher Contracting, Inc.** (P. O. Box 1223, Clearfield, PA 16830) Revision to an existing bituminous surface strip operation in Snyder Township, **Jefferson County** affecting 105.0 acres. Receiving streams: three unnamed tributaries to Walburn Run and Walburn Run. Revision to include auger mining within the confines of the previously approved surface mine permit area. Application received September 12, 1996.

10920112. **State Industries, Inc.** (P. O. Box 1022, Kittanning, PA 16201) Renewal of an existing bituminous surface strip and auger operation in Concord Township, **Butler County** affecting 230.1 acres. Receiving streams: four unnamed tributaries to Bear Creek and Bear Creek. Application received September 20, 1996.

16960106. **M.S.M. Coal Company, Inc.** (Box 243, DuBois, PA 15801) Commencement, operation and restoration of a bituminous surface strip and auger operation in Redbank Township, **Clarion County** affecting 26.8 acres. Receiving streams: two unnamed tributaries to Pine Creek. Application received September 24, 1996.

33910101. **Original Fuels, Inc.** (P. O. Box 343, Punxsutawney, PA 15767) Renewal of an existing bituminous surface strip and auger operation in Oliver Township, **Jefferson County** affecting 149.7 acres. Receiving stream: an unnamed tributary to Big Run. Application for reclamation only. Application received October 1, 1996.

16960107. **Doverspike Bros. Coal Co.** (R. D. 4, Box 271, Punxsutawney, PA 15767) Commencement, operation and restoration of a bituminous surface strip operation in Porter Township, **Clarion County** affecting 230.0 acres. Receiving streams: Rock Run. Application received October 3, 1996.

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Small Noncoal Applications Received

29960801. **P & W Excavating, Inc.** (P. O. Box 712, McConnellsburg, PA 17233), shale pit in Todd Township, **Fulton County**, affecting 11.43 acres, receiving stream unnamed stream to Cove Creek, application received September 13, 1996.

Hawk Run District Office, P. O. Box 209, Hawk Run, PA 16840.

Large Industrial Mineral Applications Received

08960302. **Tom Simonds & Son Excavating, Inc.** (R. R. 1, Box 50B, Sayre, PA 18840), commencement, operation and restoration of a Large Industrial Mineral permit in Athens Township, **Bradford County** affecting 14.2 acres, receiving streams: Susquehanna River, application received October 7, 1996.

District Mining Operations, P. O. Box 669, Knox, PA 16232.

Noncoal Applications Received

37920303. **S & S Processing, Inc.** (P. O. Box 32, Ellwood City, PA 16117-0032) Transfer of an existing sand and gravel operation in Taylor Township, **Lawrence County** affecting 56.3 acres. Receiving streams: Edwards

Run and the Beaver River. Transfer from S & S Processing. Application received September 16, 1996.

20960303. W. L. Dunn Construction Co. (P. O. Box 8, 180 Franklin Street, Cochran, PA 16314) Commencement, operation and restoration of a sand and gravel operation in East Fairfield Township, **Crawford County** affecting 40.0 acres. Receiving streams: an unnamed tributary to French Creek. Application received September 30, 1996.

The following Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for water quality certification have been received by the Department of Environmental Protection. Section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)) requires the State to certify that the involved projects will not violate the applicable provisions of 33 U.S.C.A. §§ 1311—1313, 1316 and 1317, as well as relevant State requirements. Initial requests for 401 certification will be published concurrently with the permit application. Persons objecting to approval of a request for certification under section 401 or to the issuance of a Dam Safety or Encroachment Permit or the approval of Environmental Assessments must submit any comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted above the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under Section 401 of the Federal Water Pollution Control Act.

DEP Central Office, Bureau of Dams, Waterways and Wetlands, 400 Market Street, Floor 6, P. O. Box 8554, Harrisburg, PA 17105-8554, telephone (717) 783-1384.

Requests for Environmental Assessment approval under 25 Pa. Code § 105.15 and requests for certification under section 401 of the Federal Water Pollution Control Act.

EA39-005CO. Environmental assessment. **T.C.A.S., Inc.**, 1209 Hausman Road, Allentown, PA 18104. To construct and maintain a nonjurisdictional dam in the watershed of a tributary to Little Cedar Creek (HQ-CWF) for the purpose of stormwater management at the proposed T.C.A.S., Inc. commercial center located approximately 1,200 feet southwest of the intersection of S. R. 309 and Ridgeview Drive (T-600) (Allentown West, PA Quadrangle N: 18.9 inches; W: 9.4 inches) in South Whitehall Township, **Lehigh County**.

The following Environmental Assessment and request for Water Quality Certification are being processed under section 105.12(a)(16) and 105.15(b), restoration activities undertaken and conducted under a restoration plan approved by the Department.

EA46-024CO. Environmental assessment. **Spring Mill Holding Company**, 110 Gallagher Road, Wayne, PA 19087. To remove a breached dam for the purpose of restoring a tributary to Mill Creek (WWF) to a free flowing condition. The dam is located approximately 1,300

feet east of the intersection of Spring Mill Road (S. R. 3032) and Montgomery Avenue (Norristown, PA Quadrangle N: 7.4 inches; W: 11.0 inches) in Lower Merion Township, **Montgomery County**.

Northcentral Regional Office, Soils and Waterways Section, 208 W. Third St., Suite 101, Williamsport, PA 17701, telephone (717) 327-3574.

E084305. Water obstruction and encroachment. **Dept. of Transportation**, 715 Jordan Ave., Montoursville, PA 17754. To remove the existing structure and to construct and maintain a 11.0 foot by 5.5 foot precast reinforced concrete box culvert skewed 67 degrees left ahead having a clear span of 11.95 feet and a minimum underclearance of 4.5 feet in Mill Creek located on SR 1003 approximately 30 feet from its intersection with T-508 (Laceyville, PA Quadrangle N: 17.4 inches; W: 5.7 inches) in Tuscarora Township, **Bradford County**. Estimated stream disturbance 85 linear feet; stream classification CWF.

E14-296. Water obstruction and encroachment. **Gregg Township**, P. O. Box 158, Spring Mills, PA 16875-0158. To remove the existing structure and to construct and maintain a 48 inch diameter 40 foot long corrugated metal pipe culvert with associated metal end sections in Roaring Run located on T-470 approximately 2 miles north of SR 0192 (Madisonburg, PA Quadrangle N: 5.75 inches; W: 16.75 inches) in Gregg Township, **Centre County**. Estimated stream disturbance 75 linear feet; stream classification is EV-Wild Trout.

E41-390. Water obstruction and encroachment. **PA Power and Light Co.**, 2 North 9th St., Allentown, PA 18101-1179. To remove an existing structure and to construct and maintain a CMP arch culvert with a span of 87 inches and a height of 66 inches in Stewards Run in a private driveway off T-336 (Cement Hollow Road) about 0.4 mile north of SR 220 (Linden, PA Quadrangle N: 17.2 inches; W: 15.4 inches) in Piatt Township, **Lycoming County**. Estimated stream disturbance is 21 feet; stream classification is a Warm Water Fishery.

E41-391. Water obstruction and encroachment. **Creekside Homes Development, Inc.**, One Executive Plaza, Suite 205, 330 Pine St., Williamsport, PA 17701. To construct and maintain a 12' 7" wide by 5' 2" high stream enclosure aluminum box culvert about 110' long in an unnamed tributary to Miller's Run and to place 0.5 acre of fill in 0.84 acre of wetland to construct a site access road. The project is located about 1,400' north of Four Mile Drive on the site access road off Fairview Road (SR 2031) (Montoursville North, PA Quadrangle N: 6.0 inches; W: 12.5 inches) in Loyalsock Township, **Lycoming County**. Estimated stream disturbance is 165 feet of waterway and 0.5 acre of wetland. Stream classification Warm Water Fishery.

Northeast Regional Office, Regional Soils and Waterways Section, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-5485.

E13-099. Encroachment. **John J. Kovatch, Jr.**, One Industrial Complex, Nesquehoning, PA 18240. To construct and maintain two 18 inch diameter stormwater outfall structures adjacent to First Hollow Run (EV). The project is part of the Little Flower Estates Residential Subdivision and is located approximately 0.38 acre north of the intersection of S. R. 0209 and S. R. 0054 (Nesquehoning, PA Quadrangle N: 21.4 inches; W: 9.9 inches) in Nesquehoning Borough, **Carbon County** (Philadelphia District, Army Corps of Engineers).

E35-271. Encroachment. **Toronto Corporation**, 301 Benet Street, Scranton, PA 18505. To place fill in 0.57 acre of PEM, PSS, PFO wetlands for the construction of 20 residential units and a 6,800 square foot commercial building and associated parking lot. The project, known as the Winola Road Land Development, is located immediately south of the intersection of T499 (Old Winola Road) and S. R. 4024 (Winola Road) (Scranton, PA Quadrangle N: 21.0 inches; W: 12.5 inches) in South Abington Township, **Lackawanna County** (Baltimore District, Army Corps of Engineers).

E39-319. Encroachment. **Saucon Valley Country Club**, 2050 Saucon Valley Road, Bethlehem, PA 18015-9000. To repair and maintain two golf cart bridges with work consisting of the repair of scour damaged abutments and the placement of R6 riprap for scour protection as follows: (1) Bridge No. 10, located at Grace Course Hole No. 4, having a span of 15.5 feet with an approximate underclearance of 2.0 feet across an unnamed tributary to Saucon Creek (CWF) (Allentown East, PA Quadrangle N: 9.1 inches; W: 2.0 inches), (2) Bridge No. 31, located at Grace Course Hole No. 14, having a span of 21.9 feet with an approximate underclearance of 3 feet across Saucon Creek (CWF) (Allentown East, PA Quadrangle N: 10.2 inches; W: 0.1 inch). The project is located within the Saucon Valley Country Club immediately east of the intersection of S. R. 0378 and S. R. 2036 in Upper Saucon Township, **Lehigh County** (Philadelphia District, Army Corps of Engineers).

E48-240. Encroachment. **Borough of Walnutport**, 417 Lincoln Avenue, Walnutport, PA 18088-1498. To restore Lock Nos. 23 and 24 of the Lehigh Canal with work consisting of the following: (1) repointing the stone walls; (2) replacing wooden stringers used to support wooden planking along the inside face of the lock walls; and (3) reconstructing missing miter gates. Lock No. 23 is located approximately 2,000 feet south of the intersection of Canal Street and Main Street and Lock No. 24 is approximately 750 feet south of the intersection of Canal Street and Washington Street (Cementon, PA Quadrangle N: 22.6 inches; W: 13.6 inches) in the Borough of Walnutport, **Northampton County** (Philadelphia District, Army Corps of Engineers).

E52-144. Encroachment. **The Forest Lake Club**, R. R. 1, Box 333, Hawley, PA 18428-9718. To remove the existing boathouse and to construct and maintain a 6-slip boathouse in Wolf Lake. The structure will project approximately 20 feet lakeward from the shoreline and will have an overall width of approximately 42 feet. The structure will be supported by pressure-treated wooden piles in the lake and a concrete pad poured on the shore. The project is located along the southeastern shoreline of Wolf Lake (Narrowsburg, NY-PA Quadrangle N: 5.7 inches; W: 13.7 inches) in Lackawaxen Township, **Pike County** (Philadelphia District, Army Corps of Engineers).

E64-176. Encroachment. **William Britton**, 22 Merrywood Lane, Short Hills, NJ 07078. To repair and maintain an existing 20 foot x 30 foot boathouse on Lake Ariel. Repairs consist of replacing a 10 foot section of concrete footing and two structural I-beams. This project is located along East Shore Drive approximately 0.5 mile east of S. R. 0191/S. R. 0296 (Lake Ariel, PA Quadrangle N: 13.6 inches; W: 0.3 inch) in Lake Township, **Wayne County** (Philadelphia District, Army Corps of Engineers).

E64-177. Encroachment. **Wayne County**, Wayne County Court House Annex, Honesdale, PA 18431. To remove the existing superstructure and to construct and maintain a steel I-beam bridge with steel grating having

a span of 38 feet and an underclearance of approximately eight feet across Big Brook (HQ-CWF). This project is located on County Bridge No. 15 along Township Road T-550 approximately 0.2 mile west of S. R. 0191 (Aldenville, PA Quadrangle N: 2.1 inches; W: 1.4 inches) in Dyberry Township, **Wayne County** (Philadelphia District, Army Corps of Engineers).

Southcentral Regional Office, Water Management Program, Soils and Waterways Section, One Ararat Boulevard, Room 126, Harrisburg, PA 17110, telephone (717) 657-4590.

E07-268. Encroachment. **Barbara Joan Allison**, R. D. 2, Box 85, Blair County, Williamsburg, PA 16698. To remove an existing bridge and to construct and maintain a single span bridge having a clear span of 16.0 feet and an underclearance of about 5.0 feet across Piney Creek to provide access to private property located about 1,500 feet west of SR 0866 on approximately 0.6 mile north of the village of Clappertown (Frankstown, PA Quadrangle N: 7.0 inches; W: 4.1 inches) in Houston Township, **Blair County**.

E44-072. Encroachment. **Department of Transportation**, Engineering District 2-0, Kim Bartoo, 1924 Daisy Street, Clearfield, PA 16830. To construct and maintain 11 bridges, 3 culverted stream enclosures and to relocate about 24.5 feet of stream channel and place fill in about 6.4 acres of associated wetlands in Tea Creek, Lingle Creek, Laurel Creek and three unnamed tributaries to these creeks for the purpose of constructing about 5.5 miles of limited access highway from station 14+60, on SR 0322 at Reedsville through Station 311+0, SR 0322 northwest of Milroy (Burnham, PA Quadrangle N: 6.7 inches; W: 13.0 inches) in Brown and Armagh Township, **Mifflin County**.

E44-079. Encroachment. **Brown Rook**, Mifflin County, P. O. Box 552, Milroy, PA 17063. To maintain a bridge constructed under Emergency Permit EP44-96-02 having a clear span of 30 feet and an underclearance of about 6 feet across Laurel Creek for the purpose of providing access to private property located along SR 1001 about 600 feet east of its intersection of Church Lane (T-464) (Burnham, PA Quadrangle N: 15.65 inches, W: 9.57 inches) in Armagh Township, **Mifflin County**.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. §§ 679.302) and requests for certification under section 401 of the Federal Water Pollution Control Act.

Northwest Regional Office, Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

E10-249. Encroachment. **Mark Cozad**, 407 Woodcock Drive, Cranberry Township, PA 16066. To remove five existing 18-inch culverts and to install and maintain a 25-foot wide by 10-foot high by 100-foot long multiplate arch culvert bridge to allow for a permanent road crossing to provide access to a single family residential community across a tributary to Brush Creek (WWF). The project is located approximately 3,300 feet east of the intersection of Glen Eden Road and Powell Road (Baden, PA Quadrangle N: 17.8 inches; W: 1.1 inches) located in Cranberry Township, **Butler County**.

E25-542. Encroachment. **Norman G. Porter**, 14505 Porter Road, Waterford, PA 16441. To install and maintain a 4-foot wide by 20-foot long corrugated metal culvert

across an unnamed tributary of French Creek for agricultural purposes. The project is located south-southwest of the intersection of Porter and Woods Roads, directly across from the Porter Farm House (Millers Station, PA Quadrangle N: 21.50 inches; W: 15.80 inches) located in Le Boeuf Township, **Erie County**.

E62-326. Encroachment. **Game Commission**, R. D. 2, Box 140, Corry, PA 16407-9119. To install and maintain three evenly-spaced steel supports located along the centerline line of West Branch Tionesta Creek (CWF-HQ, stocked and wild trout) for increased support of a single span bridge. The project is located approximately 4,300 feet upstream of the Chapman Dam State Park Dam (Cherry Grove, PA Quadrangle N: 21.00 inches; W: 9.00 inches) located in Watson Township, **Warren County**.

E62-327. Encroachment. **Department of Transportation**, District 1-0, 1140 Liberty Street, Franklin, PA 16323. To remove the existing 2-span concrete slab bridge and to install and maintain a single 35-foot span prestressed concrete spread box beam bridge prestressed with a 5.60 foot underclearance across Storehouse Run (CWF). Project is located on S. R. 1015 approximately 3,600 feet north from the intersection of S. R. 1016 and S. R. 1015 in the town of Akeley (Russell, PA Quadrangle N: 18.00 inches; W: 0.60 inch) located in Pine Grove Township, **Warren County**.

Southeast Regional Office, Program Manager; Water Management Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

E51-158. Encroachment. **Liberty Property Philadelphia**, L. P., 65 Valley Stream Parkway, G. V. Corporation Center, Malvern, PA 19355. To place and maintain fill in 0.43 acre of isolated wetland (PEM) to facilitate the construction of a PNC Bank Operation Center located on a 30+/- acre parcel of land between I-95 and Bartram Avenue in the Eastwick section of Philadelphia (Philadelphia, PA-NJ Quadrangle N: 1.9 inches; W: 17.0 inches) in the City of Philadelphia, **Philadelphia County**.

ACTIONS

The Department of Environmental Protection has taken the following actions on previously received permit applications and requests for plan approval and has issued the following significant orders.

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Southeast Regional Office, Regional Manager; Water Management, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428-2233, telephone (610) 832-6130.

NPDES Permit No. PA0026131. Sewage. **Upper Merion Municipal Utility Authority**, 175 West Valley Forge Road, King of Prussia, PA 19406, Upper Merion Township, **Montgomery County**.

The following notice reflects changes to the notice published in the December 2, 1995, *Pennsylvania Bulletin*: As a result of elimination of the Trout Creek discharge by April 1, 2000, the PWQBELs have been removed from the permit.

NPDES Permit No. PA0056898. Industrial waste. **TO-JO Mushrooms, Inc.**, 974 Penn Green Road, Avondale, PA 19311 is authorized to discharge from a facility located in New Garden Township, **Chester County** into an unnamed tributary to Trout Run.

NPDES Permit No. PA0056901. Industrial waste. **Jiffy Lube International, Inc.**, P. O. Box 2967, Houston, TX 77252-2967 is authorized to discharge from a facility located in Abington Township, **Montgomery County** into an unnamed tributary to Sandy Run.

NPDES Permit No. PA0012629. Amendment No. 5. Industrial waste. **Sun Company, Inc. (R&M)**, Point Breeze Processing Area, 3144 Passyunk Avenue, Philadelphia, PA 19145-5299 is authorized to discharge from a facility located in City of Philadelphia, **Philadelphia County** into the Schuylkill River Zone 4 of Delaware River Estuary.

NPDES Permit No. PA0056413. Amendment. Sewerage. **Lower Salford Township Authority**, 57 Main Street, Mainland, PA 19451 is authorized to discharge from a facility located in Lower Salford Township, **Montgomery County** into Skippack Creek.

Northcentral Regional Office, Regional Water Management Program Manager; 208 West Third Street, Suite 101, Williamsport, PA 17701.

NPDES PAG044906. Sewerage. **Stanley W. Bardo**, R. D. 2, Box 36-1A, Millville, PA 17846. Has renewed their NPDES permit to discharge from a single family residence sewage treatment system to Little Fishing Creek located in Pine Township, **Columbia County**.

NPDES PA0028631-A1. Sewerage. **Mid-Cameron Authority**, 421 North Broad Street, Emporium, PA 15834. Has amended their permit in accordance with effluent limitations, monitoring requirements and other conditions set forth in Part A, B and C to discharge from facility located in Emporium Borough, **Cameron County**, to receiving waters named Driftwood Branch of Sinnemahoning Creek.

NPDES PA0113514. Sewerage. **Madison Township Supervisors**, P. O. Box 620, Millville, PA 17846. Is authorized to discharge from facility located at Hilner Small Flow Treatment Facility, Madison Township, **Columbia County** to receiving waters named unnamed tributary of Mud Run.

NPDES PA0043419. Sewerage. **Coudersport Borough Authority**, 201 South West Street, Coudersport, PA 16915. Permit has been amended in accordance with effluent limitations, monitoring requirements and other conditions set forth in Parts A, B and C to receiving waters named Allegheny River, located in Eulalia Township, **Potter County**.

NPDES PAG044908. Sewerage. **David and Karen Ellis**, R. R. 9, Box 216, Bloomsburg, PA 17815. Permit renewal and transfer of the NPDES permit has been granted to single residence. Facility located in Madison Township, **Columbia County**.

NPDES PAG044904. Sewerage. **Thomas Fahs-bender**, R. D. 1, Box 513, Mansfield, PA 16933. Has renewed their single residence sewage treatment system located in Richmond Township, **Tioga County**.

NPDES PA0113069. Sewerage. **Greenwood Town-ship Municipal Authority**, P. O. Box 450, Millville, PA 17846. Has renewed NPDES permit to accept treated sewage discharge to Rickard Hollow, location is Green-wood Township, **Columbia County**.

NPDES PA0114685. Sewerage. **Barry Heller**, Harvest Moon Plaza, Inc., R. R. 1, Box 305H, Linden, PA 17744. Has renewed their NPDES permit to discharge treated sewage from facility located in Woodward Township, **Lycoming County**.

NPDES PA0029386. Sewerage. **Moshannon Valley School District**, R. R. 1, Box 314, Houtzdale, PA 16651. Has renewed their NPDES permit to discharge treated sewage from their treatment plant, located in Bigler Township, **Clearfield County**.

Northcentral Regional Office, 208 West Third Street, Suite 101, Grit Building, Williamsport, PA 17701.

NPDES PA0008451. Industrial waste. **Pennsylvania Power & Light Company**, Two North Ninth Street, Allentown, PA 18101-1179. Has renewed their NPDES Industrial Waste permit to facility located in Shamokin Dam Borough, **Snyder County**, to receiving waters named Susquehanna River, Rolling Green Run and un-named tributary to Susquehanna River.

Northeast Regional Office, Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.

NPDES Permit No. PA-0028568. Sewerage. **Bangor Borough Authority**, P. O. Box 51, Bangor, PA 18013 is authorized to discharge from a facility located in Wash-ington Township, **Northampton County** to Martin's Creek.

Northwest Regional Office, Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335, telephone (814) 332-6942.

NPDES Permit No. PA0020141. Sewerage. **Brookville Municipal Authority**, Three Jefferson Court, Brookville, PA 15825 is authorized to discharge from a facility located in Brookville, **Jefferson County** to Redbank Creek.

NPDES Permit No. PA0104221. Industrial waste. **B. P. Exploration and Oil, Inc.**, 200 Public Square, Cleveland, OH 44114-2375 is authorized to discharge from a facility located in Rose Township, **Jefferson County**, to Clement's Run.

NPDES Permit No. PA0104396. Amendment No. 1 **Cogentrix of Pennsylvania, Inc.**, 9405 Arrowpoint Boulevard, Charlotte, NC 28273-8110 is authorized to discharge from a facility located in Ringgold Township, **Jefferson County** to Caylor Run.

NPDES Permit No. PA0112623. Industrial waste. **J. J. Bucher Producing Corporation**, 108 Pleasant Street, Bolivar, NY 14715 is authorized to discharge from an existing treatment facility located in Shinglehouse Borough, **Potter County** to Oswayo Creek.

Notices of Intent for Coverage Under NPDES Gen-eral Permits and Department Final Actions

The Department of Environmental Protection has re-ceived Notices of Intent (NOI) for approval of coverage under General NPDES Permits and has taken the follow-ing final actions by approving the requested general permit coverages.

These actions of the Department may be appealed to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483, by an aggrieved person under the Environmental Hearing Board Act (35 P. S. 7514); 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law). Appeals must be filed with the Environmental Hearing Board within 30 days from the date of this issuance of the *Pennsylvania Bulletin* unless the appropriate statute pro-vides a different time period. Copies of procedure before the Board may be obtained from the Board.

Actions under The Clean Streams Law (35 P. S. §§ 691.1—691.1001).

Northcentral Regional Office, 208 West Third Street, Suite 101, Grit Building, Williamsport, PA 17701.

WQM 6096404. Sewerage. **Camp Mount Luther Corporation**, R. D. 1, Box 347, Mifflinburg, PA 17844. Has been approved to serve residential, seasonal camping facility on 385 acre tract to treat, disinfect and land applied spray field via slow rate sprinkle irrigation system. Location is in Lewis Township, **Union County**.

WQM 1986402-T2. Sewerage. **David and Karen Ellis**, R. R. 9, Box 216, Bloomsburg, PA 17815. Has renewed and transferred NPDES and WQM permits to discharge treated sewage to unnamed tributary of East Branch Chillisquaque Creek, located in Madison Township, **Columbia County**.

Northwest Regional Office, Regional Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

WQM Permit No. 6296409. Sewerage. **Timothy J. Rossman and Amy L. Wright**, SRSTP, R. D. 1, Box 1612-B, Russell, PA 16345. Construction of Timothy J. Rossman and Amy L. Wright SRSTP located in Pine Grove Township, **Warren County**.

Action taken under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17).

Northwest Regional Office, Sanitarian Regional Manager, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6899.

Permit No. 4395501. Public water supply. **Countryside Convalescent Home**, 8221 Lamor Road, Mercer, PA 16137. This permit approves an additional source to the previously permitted water supply system. Well no. 2 was drilled as a back up source to well no. 1 and to replace the spring. Water from well no. 2 will be sequestered and disinfected prior to distribution in East Lackawannock Township, **Mercer County**.

Type of Facility: Community water supply.

Consulting Engineer: Walter J. Tack, P. E., 3030 Third Street, Harrisburg, PA 17110.

Permit to Construct Issued: October 10, 1996.

Regional Office, Sanitarian Regional Manager, One Ararat Boulevard, Harrisburg, PA 17110, telephone (717) 657-4692.

Permit No. 6796503. Public water supply. **Glen Rock Water Authority**, Shrewsbury Township, **York County**, (W. Roy Klauber, Glen Rock Water Authority, P. O. Box 116, Glen Rock, PA 17327), seeks a permit to construct an interconnection with the York Water Company and a Chlorine Booster Station.

Permit No. 0196501. Public water supply. **Gettysburg Municipal Authority**, Gettysburg Borough, **Adams County**, (James Watson, 601 E. Middle Street, Gettysburg, PA 17325), installation of a shallow tray aerator for PCE removal and hypochlorite disinfection facilities at well no. 2.

Submission of Final Reports on Attainment of Background and Statewide Health Standards (Sections 302(e)(2) and 303(h)(2))

The following final reports were submitted to the Department of Environmental Remediation under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* a notice of submission of any final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a de-

scription of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, please contact the Environmental Cleanup Program in the Department of Environmental Protection Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

The Department has received the following final reports.

Northeast Regional Field Office, Joseph Brogna, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790, telephone (717) 826-2511.

Poly Hi Solidur/Menasha Corporation, City of Scranton, **Lackawanna County**. Charles E. Henry, Operations Manager, 900 North South Road, Scranton, PA has submitted a Final Report concerning the remediation of site soils identified as being contaminated with petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard. A Notice of Intent to Remediate was simultaneously submitted. Please refer to additional *Pennsylvania Bulletin* notice.

Van Fleet Property, Benton Township, **Lackawanna County**. Environmental Science & Engineering, Inc., 5205 Militia Hill Road, Plymouth Meeting, PA has submitted a Final Report (on behalf of its client, Ronald Van Fleet, P. O. Box 1, Fleetville, PA) concerning the remediation of site soils and groundwater which had been contaminated with BTEX (benzene, toluene, ethylbenzene and xylenes) and petroleum hydrocarbon compounds. The report is intended to document remediation of the site to meet the background standard. A Notice of Intent to Remediate was simultaneously submitted. Please refer to additional *Pennsylvania Bulletin* notice.

Paris Accessories Facility, City of Allentown, **Lehigh County**. Darryl Borrelli, Consulting Engineering with Manko, Gold and Katcher (401 City Avenue, Suite 500, Bala Cynwyd, PA) has submitted a Final Report (on behalf of his client, Paris Accessories (350 Fifth Avenue, New York, NY) concerning the remediation of site soils and groundwater which had been contaminated with solvents, BTEX compounds (benzene, toluene, ethylbenzene and xylenes), polyaromatic hydrocarbons and petroleum hydrocarbons. The report is intended to document remediation of the site to meet the Statewide health standard.

Permits issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and regulations to operate solid waste processing or disposal area or site.

Southwest Regional Office, Regional Solid Waste Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, telephone (412) 442-4000.

Permit ID No. 301291. Ashland Chemical Company, Neville Island Facility, Polyester Resins Thermal Oxidizer, 2650 Neville Rd., Pittsburgh, PA 15225. Operation of a residual waste incinerator in Neville Township,

Allegheny County. Permit issued in the Regional Office on October 4, 1996.

Southcentral Regional Office, Regional Solid Waste Program Manager, One Ararat Boulevard, Harrisburg, PA 17110, telephone (717) 657-4588.

Permit No. 603446. Richard Covert Farm, Charels Lake, (GCR 62, Box 444, Shade Gap, PA 17255). Application for agricultural utilization of sewage sludge to a site in Shirley Township, **Huntingdon County**. Permit issued in the Regional Office October 9, 1996.

Operating Permits issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Southeast Regional Office, Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

The Department has issued the following air quality operating permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **09-322-002**
Source: Two Gas Turbines
Issued: September 13, 1996
Company: **PECO Energy**
Location: Falls
County: **Bucks**

Permit: **09-320-003A**
Source: Graphic Arts Facility
Company: **Gilbreth International Corp.**
Location: Bristol
County: **Bucks**

Permit: **15-317-019**
Source: Line 6 Bread Oven
Issued: October 2, 1996
Company: **Pepperidge Farms**
Location: East Caln
County: **Chester**

Operating Permit issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations for an operating permit to comply with 25 Pa. Code § 129.91 for Reasonable Available Control Technology and when required 25 Pa. Code § 127.445.

Southeast Regional Office, Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

The Department has issued the following air quality compliance permit for the operation of the Major NO_x and Major VOC emitting facilities described below:

Permit: **CP-46-0018**
Source: NO_x and VOC Facility
Issued: September 26, 1996
Company: **Brown Printing**
Location: Upper Hanover
County: **Montgomery**

The Department has issued the following air quality operating permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies:

Permit: **OP-09-0026**
 Source: Surface Coating Process Facility
 Issued: September 13, 1996
 Company: **Browning-Ferris, Inc.**
 Location: Hilltown
 County: **Bucks**

Permit: **OP-23-0013**
 Source: Facility VOC Sources
 Issued: September 3, 1996
 Company: **J. B. Slevin, Inc.**
 Location: Upper Darby
 County: **Delaware**

Permit: **OP-46-0071**
 Source: Facility VOC & NO_x sources
 Issued: September 26, 1996
 Company: **Quaker Chemical Corp.**
 Location: Whitmarsh
 County: **Montgomery**

Permit: **OP-23-0006A**
 Source: Facility VOC and NO_x
 Issued: September 30, 1996
 Company: **Foamex International, Inc.**
 Location: Eddystone
 County: **Delaware**

Permit: **OP-09-0022**
 Source: VOC sources
 Issued: September 30, 1996
 Company: **Cleveland Steel Container Corp.**
 Location: Quakertown
 County: **Bucks**

Plan Approvals issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify, or reactivate and operate air contaminant sources or air cleaning devices.

Southeast Regional Office, Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

The Department has issued the following air quality plan approvals permits for the specified companies described below:

Permit: **46-399-109**
 Source: Wastewater Treatment Plant
 Issued: September 17, 1996
 Company: **Lonza, Inc.**
 Location: Upper Merion
 County: **Montgomery**

Permit: **46-308-018**
 Source: Non-Ferrous Induction Furnace
 Issued: September 18, 1996
 Company: **Hale Products, Inc.**
 Location: Conshohocken
 County: **Montgomery**

Permit: **09-303-028**
 Source: Batch Asphalt Plant
 Issued: September 27, 1996
 Company: **Bucks County Crushed Stone**
 Location: Nockamixon
 County: **Bucks**

Permit: **15-310-016A**
 Source: Sand Stone Crushing Plant
 Issued: September 26, 1996
 Company: **Valley Forge Stone**
 Location: Honey Brook
 County: **Chester**

Permit: **46-323-018**
 Source: Radiac Cut Off Saw
 Issued: October 8, 1996
 Company: **Superior Tube**
 Location: Lower Providence
 County: **Montgomery**

Permit: **23-301-117**
 Source: Human Crematory Incinerator
 Issued: September 6, 1996
 Company: **Haven Memorial Park**
 Location: Chester
 County: **Delaware**

Permit: **46-313-143A**
 Source: Granular Litharge System
 Issued: September 13, 1996
 Company: **Hammond Lead Products**
 Location: West Pottsgrove
 County: **Montgomery**

Permit: **46-399-108**
 Source: Septage Treatment Facility
 Issued: September 13, 1996
 Company: **Nutrecon, Inc.**
 Location: Ambler
 County: **Montgomery**

Permit: **15-399-046**
 Source: Coil Cleaning and Plating Line
 Issued: September 13, 1996
 Company: **The Worthington Steel**
 Location: East Whiteland
 County: **Chester**

The Department has issued the following air quality operating permits for the operation of the air contamination sources and associated air cleaning devices described below for the specified companies.

Permit: **46-399-082 & 46-399-083**
 Source: Belt Filter Press
 Issued: September 10, 1996
 Company: **Upper Merion Municipal Utility Authority**
 Location: Upper Merion
 County: **Montgomery**

Permit: **09-301-123**
 Source: Incinerator
 Issued: September 13, 1996
 Company: **Columbia Lighting, Inc.**
 Location: Bristol
 County: **Bucks**

Permit: **23-399-023B**
 Source: Four Holding Tanks
 Issued: September 30, 1996
 Company: **DELCORA**
 Location: City of Chester
 County: **Delaware**

Permit: **09-314-001A**
 Source: Existing Process Detackifier System
 Issued: September 13, 1996
 Company: **3M**
 Location: Bristol
 County: **Bucks**

Permit: **09-314-002**
 Source: New Bulk Rubber Conveying System
 Issued: September 30, 1996
 Company: **3M**
 Location: Bristol
 County: **Bucks**

The Department has extended the following air quality plan approvals for the specified companies described below:

Permit: **15-313-025B**
 Source: Hazardous Waste Treatment Facility
 Issued: September 30, 1996
 Extended: January 30, 1997
 Company: **Advanced Environmental Technical Services, L.L.C.**

Location: Valley
 County: **Chester**

Permit: **46-313-142**
 Source: 2 PVC Resin Packaging Systems
 Issued: September 30, 1996
 Extended: January 30, 1997
 Company: **Occidental Chemical Corp.**
 Location: Lower Pottsgrove
 County: **Montgomery**

Permit: **PA-46-0016**
 Source: Pump Degreaser
 Issued: September 25, 1996
 Extended: January 25, 1997
 Company: **Handy & Harman Tube**
 Location: East Norriton
 County: **Montgomery**

Permit: **23-329-003**
 Source: Two Emergency Generators
 Issued: September 30, 1996
 Extended: January 15, 1997
 Company: **Haverford College**
 Location: Haverford
 County: **Delaware**

Permit: **09-313-084**
 Source: Acrylic Molding Resins (Line 15)
 Issued: September 24, 1996
 Extended: January 24, 1997
 Company: **Ato Haas North America, Inc.**
 Location: Bristol
 County: **Bucks**

Permit: **46-399-098**
 Source: Two Boilers and One Electric Generator
 Issued: September 25, 1996
 Extended: January 25, 1997
 Company: **SmithKline Beecham Pharmaceutical**
 Location: Upper Merion
 County: **Montgomery**

Permit: 23-313-044
 Source: Surfactants Manufacturing Facility
 Issued: September 30, 1996
 Extended: January 31, 1997
 Company: **Rhone-Poulenc Surfactants & Specialties**
 Location: Marcus Hook
 County: **Delaware**

Permit: **46-301-268**
 Source: Hospital Waste Incinerator
 Issued: September 30, 1996
 Extended: January 31, 1997
 Company: **North Penn Hospital**
 Location: Hatfield
 County: **Montgomery**

Plan Approvals issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations for a plan approval permit to comply with 25 Pa. Code § 129.91 for Reasonable Available Control Technology.

Southeast Regional Office, Bureau of Air Quality, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

The Department has extended the following air quality plan approval permit for the installation of the air contamination sources and associated air cleaning devices described below for the specified companies:

Permit: **PA-46-0016**
 Source: Pump Degreaser
 Issued: September 25, 1996
 Extended: January 25, 1997
 Company: **Handy & Harman Tube**
 Location: East Norriton
 County: **Montgomery**

Plan Approvals issued under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and regulations to construct, modify or reactivate air contamination sources or air cleaning devices.

Southcentral Regional Office, Air Quality Program, One Ararat Boulevard, Harrisburg, PA 17110.

38-309-026E. On September 30, 1996, the Department issued a Plan Approval to **North American Refractories Company** (P. O. Box 38, Route 419 South, Womelsdorf, PA 19567) at their Womelsdorf Plant in Millcreek Township, **Lebanon County**.

Northwest Regional Office, Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481, (814) 332-6940.

10-309-052A. On September 24, 1996, a Plan Approval was issued to **Minteq International, Inc.** (395 Grove City Rd., Slippery Rock, PA 16057) for material mixers at Slippery Rock, **Butler County**.

24-313-116A. On October 1, 1996, a Plan Approval was issued to **Carbone of America, Corporation** (215 Stackpole St., St. Marys, PA 15857) for a carbon baking kiln at your facility in St. Marys, **Elk County**.

25-316-003. On October 1, 1996, a Plan Approval was issued to **Bush Industries of PA, Inc.** (2455 Robinson Rd. W., Erie, PA 16509) for a wood processing line at Summit Township, **Erie County**.

43-308-009. On September 24, 1996, a Plan Approval was issued to **Cobra Metals, Inc.** (4100 Congress Parkway W., Richfield, OH 44286) for a rotary smelting furnace at Pymatuning Township, **Mercer County**.

61-399-007C. On September 23, 1996, a Plan Approval was issued to **A. G. Industries, Inc.** (P. O. Box 1107, Oil City, PA 16301) for ductwork modification at Oil City, **Venango County**.

37-309-049A. On October 7, 1996, a Plan Approval was issued to **Universal Refractories, Inc.** (915 Clyde St., Wampum, PA 16157-0097) for a drying oven at Wampum, **Lawrence County**.

MINING ACTIVITY ACTIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law, (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the request for 401 water quality certification. Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Quality Control Act (35 P. S. §§ 4001—

4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

District Mining Operations, 437 South Center Street, P. O. Box 625, Ebensburg, PA 15931-0625.

Coal Applications Issued

11960104. L & J Energy Company, Inc. (P. O. Box 247 Barnesboro, PA 15714), commencement, operation and restoration of a bituminous strip-auger mine in Susquehanna Township, **Cambria County**, affecting 108.2 acres, receiving stream west branch Susquehanna River; unnamed tributaries to west branch Susquehanna River; application received March 8, 1996, permit issued October 7, 1996.

Hawk Run District Office, P. O. Box 209, Hawk Run, PA 16840.

17960103. BBC Coal Company (P. O. Box 249, Clearfield, PA 16830) commencement, operation and restoration of a bituminous surface mine permit in Bloom Township, **Clearfield County** affecting 79.5 acres, receiving streams: unnamed tributary no. 1 to Bilgers Run, to Bilgers Run, application received February 12, 1996, permit issued September 19, 1996.

14880102. Lobb Mining (Box 271, Boalsburg, PA 16827), major permit modification to an existing bituminous surface mine permit to apply biosolids to enhance vegetation, Curtin Township, **Centre County** affecting 31.2 acres, application received June 26, 1996, permit issued September 27, 1996.

41940101. Fisher Mining Company (460 Market Street, Room 150, Williamsport, PA 17701-6321), commencement, operation and restoration of a bituminous surface mine permit in Pine and McHenry Townships, **Lycoming County**, affecting 616 acres, receiving streams: Buckeye Run to Otter Run, and Right Fork of Otter Run to Otter Run, Otter Run to Little Pine Creek, Little Pine Creek to Pine Creek, Pine Creek to west branch Susquehanna River, application received February 3, 1994, permit issued September 26, 1996.

17950111. Sky Haven Coal, Inc. (R. D. 1, Box 180, Philipsburg, PA 15849), commencement, operation and restoration of a bituminous surface mine/auger permit in Bigler Township, **Clearfield County** affecting 188 acres, receiving streams: Maplepole Run to the west branch of the Susquehanna River; application received June 9, 1996, permit issued October 3, 1996.

17960104. Sky Haven Coal, Inc. (R. D. 1, Box 180, Penfield, PA 15849), commencement, operation and restoration of a bituminous surface mine permit in Beccaria Township, **Clearfield County** affecting 79 acres, receiving streams: Cofinan Run to Clearfield Creek to the West Branch of the Susquehanna River; application received February 12, 1996, permit issued October 3, 1996.

17960102. M. R. Hainsey Contracting Company, (R. D. 2, Box 57, Clearfield, PA 16830), commencement, operation and restoration of a bituminous surface mine permit in Goshen Township, **Clearfield County** affecting 70.1 acres, receiving streams: unnamed tributary to Trout Run, unnamed tributary to Pine Run, Pine Run, to west branch Susquehanna River; application received February 12, 1996, permit issued October 3, 1996.

District Mining Operations, P. O. Box 669, Knox, Pennsylvania 16232

33910106. Terry Coal Sales, Inc. (Box 58, Distant, PA 16223) Renewal of an existing bituminous strip and auger

operation in Perry Township, **Jefferson County** affecting 195.0 acres. This renewal is issued for reclamation only. Receiving streams: two unnamed tributaries to Foundry Run and Foundry Run. Application received June 21, 1996. Permit issued September 24, 1996.

Hawk Run District Office, P. O. Box 209, Hawk Run, PA 16840.

Small Industrial Mineral Authorizations Granted

53960803, Gaberseck Brothers (14 Avenue B, Coudersport, PA 16915), commencement, operation and restoration of a Small Industrial Mineral (rock, shale and topsoil) permit in Eulalia Township, **Potter County** affecting 1 acre, application received May 16, 1995, permit issued October 3, 1996.

The Department of Environmental Protection has taken the following actions on previously received Dam Safety and Encroachment permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Any person aggrieved by this action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law) to the Environmental Hearing Board, 400 Market Street, Floor 2, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service 1 (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this action unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Actions on applications filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and sections 5 and 402 of the act of June 22, 1937 (P. L. 1987, No. 394) (35 P. S. §§ 691.5 and 691.402) and Notice of Final Action for Certification under section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. 1341(a)) (Note: Permits issued for Small Project do not include 401 Certification, unless specifically stated in the description).

Permits Issued and Actions on 401 Certifications

Northcentral Region, Water Management-Soils and Waterways, F. Alan Sever, Chief, 208 West Third St., Williamsport, PA 17701.

E41-383. Water obstruction and encroachment. **Clinton Township Supervisors**, R. R. 1, Box 33, Montgomery, PA. To place and maintain fill in 0.04 acre of palustrine emergent wetlands for the purpose of enlarging an existing stone parking lot and to redefine a stormwater drainage way. The proposed work will result in impact to a diminimus area of wetlands less than 0.05 acre and therefore, replacement will not be required. The project site is located approximately 1.9 mile east southeast of the SR 15 and SR 54 intersection (Montoursville South, PA Quadrangle N: 10.0 inches; W: 0.3 inch) in Clinton Township, **Lycoming County**.

E53-290. Water obstruction and encroachment. **CNG Transmission Corp.**, 445 W. Main St., Clarksburg, WV 26302-2450. To construct and maintain a 60 foot by 200 foot stormwater detention pond with a 7 foot storage capacity depth in the floodway of Rose Lake Run, the associated 12 inch discharge pipe and rippapped outfall to Rose Lake Run located immediately to the west of the CNG Ellisburg Station (Ellisburg, PA-NY Quadrangle: 9.3 inches; W: 2.5 inches) in Genesee Township, **Potter County**. This permit was issued under section 105.13(e) "Small Projects."

Southcentral Regional Office, Water Management Program, Soils and Waterways Section, One Ararat Boulevard, Room 126, Harrisburg, PA 17110, telephone (717) 657-4590.

E05-237. Encroachment. **Mr. and Mrs. James Young**, R. R. 1, Schellsburg, PA 15559. To place fill material at least 30 feet from the top of the right bank of Dunning Creek in order to construct a storage building located immediately upstream of the old US 220 bridge (Bedford, PA Quadrangle N: 18.3 inches; W: 3.55 inches) in Bedford Township, **Bedford County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E05-238. Encroachment. **Raymond and Diann Cosgrove**, Bedford County, 513 B Maryland Avenue, Westernport, MD 21562. To rehabilitate and maintain an existing bridge having a new two span of 34 feet and 22 feet o.c. with an underclearance of 7 feet 8 inches across Little Wills Creek to provide continued access to area residents located about 1 mile south of Madley Village (Buffalo Mills, PA Quadrangle N: 1.6 inches; W: 7.85 inches) in Londonderry Township, **Bedford County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E21-254. Encroachment. **Department of Transportation**, Cumberland County, Engineering District 8-0, 2140 Herr Street, Harrisburg, PA 17103. To remove an existing structure and to construct and maintain a 14 feet x 5 feet precast box culvert in Burd Run on SR 3003—001 Segment 0020, Offset 0000 located about 0.5 mile north of Cleversburg Village (Walnut Bottom, PA Quadrangle N: 8.0 inches; W: 13.75 inches) in Southampton Township, **Cumberland County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

Southwest Regional Office, Soils & Waterways Section, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1064R. Encroachment. **Moon Transportation Authority**, 1000 Beaver Grade Road, Coraopolis, PA 15108. To remove the existing retaining wall and to construct and maintain a new retaining wall along the right bank from Sta. 152+41 to Sta. 162+02; remove the existing structure and to construct and maintain a box culvert having a span of 12 feet with an underclearance of 8 feet from Sta. 36+25 to Sta. 39+55 for a total length of 330 feet located at the intersection of SR 60 (Parkway West) and Ramp A; construct and maintain a bridge having two spans, one span of 218 feet and one span of 193 feet with an underclearance of 36.5 feet located at the intersection of Ewing Road and SR 60 (Parkway West); relocate and maintain approximately 190 feet of the channel located just east of the intersection of SR 60 (Parkway West) and Ewing Road; extend and maintain the existing 10-foot x 10-foot box culvert with a 10-foot x 10-foot box culvert approximately 18 feet in length lo-

cated on the west side of SR 60 (Parkway West) approximately 100 feet north from the intersection of SR 60 (Parkway West) and Ewing Road. All work will be in an unnamed tributary to McClarens Run and is proposed for the purpose of improving the Ewing Interchange located at the intersection of SR 60 and Hookstown Grade Road (Oakdale, PA Quadrangle N: 18.5 inches; W: 10.5 inches) in Moon Township, **Allegheny County**.

E02-1149. Encroachment. **River Road Boat Club**, 1661 Fifth Avenue, McKeesport, PA 15132-1010. To construct and maintain a marina along the left bank of the Youghiogheny River. Located approximately 2,000 feet from the confluence of the Monongahela River and the Youghiogheny River (McKeesport, PA Quadrangle N: 17.9 inches W: 16.8 inches) in the City of McKeesport, **Allegheny County**. This permit was issued under section 105.13 (e) "Small Projects." This permit also includes 401 Water Quality Certification.

E02-1154. Encroachment. **Donald and Ellen Partridge**, 3347 Babcock Blvd., Pittsburgh, PA 15237-2421. To place and maintain fill in the floodway of and along the left bank of Girty's Run for a distance of 60 feet for the purpose of flood protection of the applicant's home. The project is located on the west side of Babcock Boulevard approximately 0.5 mile north of the intersection of Babcock Boulevard and Siebert Road (Emsworth, PA Quadrangle N: 6.3 inches; W: 2.8 inches) in Ross Township, **Allegheny County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E56-264. Encroachment. **Department of Transportation**, 1620 N. Juniata Street, Hollidaysburg, PA 16648. To remove the existing structure and to construct and maintain a single span bridge having a normal clear span of 48 feet and underclearance of 6.78 feet across West Branch Coxes Creek on SR 3015, Section 001, Segment 0100, Offset 0683; to place and maintain an elevated floodplain in and along 100 l.f. of said stream; to place and maintain fill in a de minimus area of wetlands less than or equal to 0.05; and to construct and maintain a temporary road crossing consisting of three 4-foot C. M. pipes (Murdock, PA Quadrangle N: 17.05 inches; W: 14.6 inches) in Milford Township, **Somerset County**.

E65-630. Encroachment. **Scott A. Lander and Lynn A. Holliday**, 101 Edwin Street, Jeannette, PA 15644. To construct and maintain a bridge having a normal span of 16 feet and an underclearance of 4 feet across a tributary to Little Sewickley Creek for the purpose of providing access to a residential dwelling. The bridge is located along Possum Hollow Road (TR 550) approximately 1.3 miles south of its intersection with SR 30 (Irwin, PA Quadrangle N: 8.0 inches; W: 1.9 inches) in Hempfield Township, **Westmoreland County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E65-635. Encroachment. **Ross Mountain Club**, Manor Oak Bldg., 1910 Cochran Road, Pittsburgh, PA 15220. To repair, operate and maintain a single span stone arch bridge used as a private access drive across Tubmill Creek, to place and maintain riprap slope protection on a 65-foot portion of Tubmill Creek's right bank upstream from said bridge and to remove gravel bar material measuring approximately 55 feet x 13 feet from the stream channel upstream from the bridge. The project is located approximately 2.5 miles south of S. R. 711 and 0.4 mile southwest of Tubmill Reservoir Dam (Rachelwood, PA Quadrangle N: 13.5 inches; W: 12.7 inches) in Fairfield Township, **Westmoreland County**. This permit

was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

DEP Northwest Regional Office, Soils and Waterways Section, 230 Chestnut Street, Meadville, PA 16335-3481, telephone (814) 332-6942.

E10-242. Encroachment. **Butler County Commissioners**, P. O. Box 1208, Butler, PA 16003-1208. To replace the superstructure and to rehabilitate and maintain the Heck Bridge (County No. 68) having a span of 38 feet and an underclearance of 9 feet across Bonnie Brook in Fallecker Road (T-620) approximately 500 feet north of Welter Road (T-601) (East Butler, PA Quadrangle N: 3.9 inches; W: 6.3 inches) located in Oakland Township, **Butler County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E10-244. Encroachment. **Slippery Rock Municipal Authority**, 633 Kelly Boulevard, Slippery Rock, 16057. To construct and maintain an 18-inch diameter outfall pipe with a concrete headwall and rock riprap energy dissipater along the right (east) bank of Slippery Rock Creek approximately 1,600 feet south of the intersection of Hines Road (T-372) and Crestview Road (Slippery Rock, PA Quadrangle N: 5.5 inches; W: 9.2 inches) located in Slippery Rock Township, **Butler County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E20-435. Encroachment. **Sparta Township Supervisors**, R. D. 3, Box 345, Spartansburg, PA 16346. To repair and maintain the Fish Flats Bridge having two 51-foot spans and a maximum underclearance of approximately 12 feet across East Branch Oil Creek on Fish Flats Road (T-795) approximately 4,400 feet west of S. R. 89 (Spartansburg, PA Quadrangle N: 6.5 inches; W: 10.9 inches) located in Sparta Township, **Crawford County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E62-324. Encroachment. **Brokenstraw Township Supervisors**, 770 Rouse Avenue, Box 156, Youngsville, PA 16371. To remove the existing 24-inch diameter culverts and to construct and maintain a 64-inch wide by 43-inch C. M. pipe arch culvert in Anders Run on Allegheny Springs Road (T-435) in the Village of Allegheny Springs (Youngsville, PA Quadrangle N: 13.5 inches; W: 7.25 inches) located in Brokenstraw Township, **Warren County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E62-325. Encroachment. **Brokenstraw Township Supervisors**, 770 Rouse Avenue, Box 156, Youngsville, PA 16371. To remove the existing 36-inch diameter culverts and to construct and maintain a 64-inch wide by 43-inch C. M. pipe arch culvert in Browns Run on Lauger Road (T-469) approximately 200 feet south of Murray Hill Road (T-430) (Youngsville, PA Quadrangle N: 22.0 inches; W: 12.5 inches), located in Brokenstraw Township, **Warren County**. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

Availability of Technical Guidance

Governor's Office List

Once a year on the first Saturday in August, the Governor's Office publishes a list of the non-regulatory guidance documents of all State agencies in the *Pennsylvania Bulletin*. The first publication of this list was in the August 3, 1996 edition of the *Bulletin*.

DEP's Technical Guidance Document Inventory

DEP publishes a list of its technical guidance documents in its Technical Guidance Document Inventory twice a year. The most recent Inventory was published June 1996. This Inventory is also posted on DEP's World Wide Web page. DEP's Web address is <http://www.dep.state.pa.us>. (Please note that this is a correction. DEP's Web address was incorrectly given in the October 12th *Pennsylvania Bulletin*. DEP regrets any inconvenience this may have caused.) To go to the location of the Inventory once on the DEP home page, persons should choose Public Participation Center/Recently Finalized Regulations and Legislation/Technical Guidance Document Inventory (6/12/96).

DEP's Technical Guidance Documents on the World Wide Web

DEP's Web address is <http://www.dep.state.pa.us>. (Please note that this is a correction. DEP's Web address was incorrectly given in the October 12th *Pennsylvania Bulletin*. DEP regrets any inconvenience this may have caused.) To go to the location of DEP's Technical Guidance Documents once on the DEP home page, persons should choose the Public Participation Center. The Center has several menus; the Technical Guidance menu has links to the Inventory, Draft Technical Guidance Documents, Recently Finalized Technical Guidance Documents and Final Documents on the Web.

Ordering Paper Copies of DEP Technical Guidance

Persons can order a copy of the latest Inventory or a copy of any of the final documents listed on the Inventory by calling Elwyn Inc. (the printer) at 1 (800) 804-4020 if calling in Pennsylvania or (610) 497-5841 if calling from outside Pennsylvania.

Changes to Technical Guidance Documents

Between publication of its Inventory, DEP announces changes to its technical guidance documents in its weekly newsletter, the *UPDATE* and the *Pennsylvania Bulletin*. Here is the current list of recently finalized documents, draft documents and notices of intended changes to technical guidance.

Persons who have any questions or comments should call Nina Huizinga at (717) 783-8727.

Final Technical Guidance Document

DEP ID: 383-3301-102 Title: Laboratory Reporting Instructions for Total and Fecal Coliform Bacteria Description: DEP provides certified laboratory directors and public water suppliers with the information necessary to properly report coliform bacteria analytical compliance monitoring data under the Safe Drinking Water Program. This is the final copy of a revision to an existing document. Contact: Barry Greenawald at (717) 787-0122.

DEP ID: 291-0400-001 Title: Policy and Procedure Summary, Radiation Control Division Description: This assembly of policies is what remains after an original group of policies was reviewed and outdated policies were deleted to more accurately reflect the current regulations.

There are no new additions to the group. Contact: Ed Burtsavage at (717) 787-3720.

DEP ID: 293-0400-001 Title: Policy and Procedures, Nuclear Safety Division, Nuclear Safety Section Description: This document provides guidance to DEP staff for the implementation of the Nuclear Safety Program. This minor revision to an existing document makes formatting changes and minor updates. Contact: Rick Janati at (717) 787-2163.

DEP ID: 293-0400-002 Title: Low-level Radioactive Waste Section Policy and Procedures Description: This document provides guidance to DEP staff for the implementation of the LLRW program. This minor revision to an existing document makes formatting changes and minor updates. Contact: Rick Janati at (717) 787-2163.

DEP ID: 294-2309-001 Title: Radon Certification Policy Description: The Radon Division of the Bureau of Radiation Protection follows the guidelines contained in this document for the purpose of administering the radon certification and inspection program under applicable statutes and regulations. Contact: Michael Pyles at (717) 783-3594.

Draft Technical Guidance

DEP ID: 361-0800-001 Title: Principles for Ground Water Pollution Prevention and Remediation Background: This guidance is a revision of the 1992 Ground Water Quality Protection Strategy. It sets forth the principles to guide the Statewide ground water quality protection and remediation program consistent with State statutes and program regulations and policies. Review Process: An earlier announcement about this draft guidance appeared in the September 21, 1996 *Pennsylvania Bulletin*. Since then, DEP has completed its internal review. DEP made no changes to the draft except to add the standard elements that appear on the first page of every DEP technical guidance document. DEP now asks for public review of this draft document. Deadline for Submittal of Comments: November 25, 1996. Contact: James T. Ulanoski at (717) 787-9633.

DEP ID: 363-0900-017 Title: Requirements for Registration of ASTs and USTs Background: The Registration of Storage Tanks Form was revised to include portions of the Task Handling Activities Report. The new version of this Form, introduced in November 1995, allowed the Department to oversee the installation and removal of underground storage tanks (USTs) and aboveground storage tanks (ASTs) by certified individuals. This guidance establishes requirements for owners of tanks that were not installed by certified individuals or tanks that previously stored unregulated substances. Review Process: This is new guidance. This document has received an internal DEP review. DEP now asks for a public review of this document. Deadline for Submittal of Comments: November 12, 1996 Contact: Glenn H. Rider at (717) 772-5599.

DEP ID: 363-2300-001 Title: Final Rulemaking: Chapter 245, Subchapters A and B (Storage Tanks Certification Program) Background: Amendments to Subchapter A added, modified and deleted certain definitions, adopted Federal underground storage tank regulations, and added tank tightness testing requirements. Amendments to Subchapter B consolidate several certification categories, eliminated categories which were not needed and changed the requirements for certification approval. This guidance establishes an implementation plan to handle these regulatory changes. Review process: This new guidance contains only internal DEP procedures with no impact on the

public. The draft is being reviewed by DEP staff. Deadline for Submittal of Comments: October 30, 1996. Contact: Ray Powers at (717) 772-5599.

Notice of Intent to Revise Technical Guidance—Revisions to Existing Guidance

DEP ID: 562-3000-102 BMR PGM: I:01:02 Title: Inspections Background: Revision of this guidance has already begun as part of the Bureau of District Mining Operations (BDMO) Compliance Assistance Initiative. Anticipated Effective Date: November 1, 1996 Contact: Evan Shuster at (717) 787-7846.

DEP ID: 562-3000-105 BMR PGM: I:01:05 Title: Field Evaluation of Pit Variance Requests Background: The existing guidance is out-of-date and lacks clarity. Proposed Development and Review Process: Field staff in District Mining Operations will be asked to suggest improvements in the existing guidance. A revised guidance will be drafted and distributed to Bureau of Mining and Reclamation (BMR), the BDMO and Regulatory Counsel for comment. Anticipated Effective Date: January 1, 1997 Anticipated Draft Development Date: November 1, 1996 Contact: John Meehan at (717) 787-7846.

DEP ID: 562-4100-301 BMR PGM: I:03:01 Title: Compliance/Enforcement Procedures Background: Revision of this guidance has already begun as part of the BDMO Compliance Assistance Initiative. Anticipated Effective Date: November 1, 1996 Contact: Evan Shuster at (717) 787-7846.

DEP ID: 562-4180-311 BMR PGM: I:03:11 Title: Civil Penalty Collections Background: The existing guidance is out-of-date and lacks clarity. Proposed Development and Review Process: Compliance staff in the BDMO and Regional Litigation attorneys will be asked to suggest improvements. A revised guidance will be drafted and distributed to BMR, BDMO and the Office of Chief Counsel (OCC) comment. Anticipated Effective Date: January 1, 1997 Anticipated Draft Development Date: November 1, 1996. Contact: Michael Terretti at (717) 787-7846.

DEP ID: 563-2504-411 BMR PGM: II:04:11 Title: Processing Completion Reports for Bond Release Background: The existing guidance is inconsistent with the regulations, and it lacks clarity. Revision is also dependent on the Regulatory Basics Initiative changes to the regulations, which should take effect December 31, 1997. Proposed Development and Review Process: The existing guidance will be redrafted in accordance with the language of the draft final regulations. The redrafted guidance will be distributed to BMR, BDMO and OCC for comment. Anticipated Effective Date: January 1, 1998 Anticipated Draft Development Date: November 1, 1997 Contact: John Meehan at (717) 787-7846.

DEP ID: 562-2504-451 BMR PGM: II:4:51 Title: Bonding, Anthracite Underground Mines Background: The subject guidance was originally put in place in 1985 as an interim provision with an expiration date of August 31, 1996. The guidance should be revised to remove "interim" from the title and eliminate the expiration date. Proposed Development and Review Process: The draft will be developed internally with input from the district staff involved in permitting underground anthracite coal mines. The draft will be circulated among district staff, program counsel, and the Policy Office Anticipated Effective Date: December 31, 1996 Anticipated Draft Development Date: October 15, 1996 Contact: Harold Miller at (717) 783-8845.

DEP ID: 563-2500-801 BMR PGM: I:08:01 Title: Verification of Licenses Background: The current guidance is out-of-date as a result of Acts 173 and 43. Proposed Development and Review Process: BDMO District staff will be asked to suggest improvements. The redrafted guidance will be distributed to BMR, BDMO and program counsel for comment. Anticipated Effective Date: January 1, 1997 Anticipated Draft Development Date: November 1, 1996 Contact: Michael Terretti at (717) 787-7846.

DEP ID: 563-3900-404 BMR PGM: I:4:4 Title: Act 54 Implementation Procedures Background: The subject guidance will require revision upon completion of regulation changes which will incorporate the provisions of both Act 54 and national Energy Policy Act. These regulation changes are planned to be finalized by September 1997. Proposed Development and Review Process: Present plans are to draft the guidance internally with assistance from district mining staff and program counsel. The draft will be circulated among district offices, program counsel, Policy Office, Pa. Coal Association and citizens groups. Anticipated Effective Date: December 1, 1997 Anticipated Draft Development Date: October 1, 1997 Contact: Harold Miller at (717) 783-8845.

DEP ID: 562-2402-501 Title: Blasters Licenses Background: The proposed changes to this guidance will clarify the procedure for suspending and revoking Blasters Licenses. Proposed Development and Review Process: We expect to involve the International Society of Explosive Engineers. We do not expect controversy over these changes. Anticipated Effective Date: January 1, 1997 Anticipated Draft Development Date: October 30, 1996 Contact: Michael J. Getto at (717) 787-7846.

Notice of Intent to Rescind Technical Guidance

1. Persons having questions about any of the guidance listed in this section should contact Evan Shuster at (717) 787-7846.

DEP ID: 561-2000-713 BMR PGM: V:700:713 Title: Name Change—Licenses/Bonding/Permits Background: This guidance is no longer needed. It is a duplicate of 562-2000-703.

DEP ID: 561-3900-704 BMR PGM: V:704:01 Title: Complaint Tracking on LUMIS Background: The existing guidance is out-dated and no longer in use. There is now a Department-wide compliant tracking system in use.

DEP ID: 562-3300-804 BMR PGM: I:08:04 Title: Annual Production Reports Background: This guidance is no longer in use. Collection of annual production data is now the responsibility of the Bureau of Deep Mine Safety. Rescission will have no effect on the operation of the program.

DEP ID: 562-3600-103 BMR PGM: I:01:03 Title: Aerial Surveillance Background: This guidance is out-dated and no longer used. This rescission will have no effect on the operation of the program.

DEP ID: 562-3900-401 BMR PGM: I:04:01 Title: Citizen Complaints and Requests Background: The existing guidance is obsolete. It has been replaced with a Department-wide system for handling complaints.

DEP ID: 562-4000-302 BMR PGM: I:03:02 Title: Pattern of Violation Background: This guidance is no longer needed. Provisions of this guidance which are critical to the operation of the program have been incorporated into 562-4100-302.

DEP ID: 562-4000-304 BMR PGM: I:03:04 Title: Extension of Compliance Dates Background: This guidance is no longer needed. Provisions of this guidance which are critical to the operation of the program have been incorporated into 562-4100-302.

DEP ID: 562-4000-305 BMR PGM I:03:05 Title: Satisfactory Progress Background: This guidance is no longer needed. Provisions of this guidance which are critical to the operation of the program have been incorporated into 562-4100-302.

DEP ID: 562-4100-303 BMR PGM: I:03:03 Title: Compliance Orders Background: This guidance is no longer necessary. Key provisions have been incorporated into 562-4100-302.

DEP ID: 562-4100-313 BMR PGM: I:03:13 Title: Failure to Provide Treatment/Effluent Violations Background: This guidance is no longer necessary. Key provisions have been incorporated into 562-4100-302.

DEP ID: 562-3200-206 BMR PGM: I:02:06 Title: Hydrologic Balance Effluent Standards Sampling Background: This existing guidance is no longer needed. Rescission will have no effect on the operation of the program.

DEP ID: 563-4180-306 BMR PGM: VIII:03:06 Title: Noncoal Civil Penalty Assessments Background: This guidance is no longer needed. Key provisions have been incorporated into 562-4180-306.

2. Persons having any questions about this guidance document, should contact Harold Miller at (717) 783-8845.

DEP ID: 563-4000-201 BMR PGM: II:2:1 Title: Application Review, Primacy Repermitting Background: The subject guidance describes actions to be taken when operators fail to submit complete applications for mining activities which were in place prior to primacy and which will continue to operate after primacy. Since all applications potentially subject to these guidelines have been disposed, there is no longer any need for this guidance.

Proposed Amendments to General Permit BDWW-GP-15: Private Residential Construction in Wetlands and 401 Water Quality Certification

The Department of Environmental Protection, under the authority of section 7 of the Dam Safety and Encroachments Act (32 P. S. § 693.7) and 25 Pa. Code Chapter 105 Subchapter L (relating to general permits), proposes to amend General Permit BDWW-GP-15 which allows the placement and maintenance of fill in, or the excavation of, wetlands for the construction of a private residence, driveway, storage shed, and utilities, on residential lots within established subdivisions where such activities do not impact greater than 0.50 acre of wetland. The Department originally issued BDWW-GP-15 on February 3, 1996. The Notice of Issuance was published in the *Pennsylvania Bulletin* at 26 Pa.B. 526.

The following is a summary of the proposed amendments to the General Permit BDWW-GP-15:

Issue	Present GP-15	Proposed GP-15
Qualifying Date	Date of subdivision approval prior to November 22, 1991	Individual must have purchased the lot prior to November 22, 1991
Yards	May be included with new construction	Yards are not authorized
Wetland delineation	Only required for lots greater than 0.50 acre	Required for all lots. USCOE and DEP will provide the service upon request
Sketch plan	Required baseline information	Require more specific information for registration review
Federal authorization under PASPGP-1	Cites PASPGP-1 approval process	Eliminates reference to PASPGP-1
Sewerage facilities	Does not define central sewerage	Clarifies by definition the term central sewerage
Activities in floodplains	Does not allow activities in floodways	Does not allow activities in floodplains

401 Water Quality Certification

The projects covered by the proposed amended General Permit BDWW-GP-15 may also require a Federal license or permit. Section 401(a) of the Federal Clean Water Act (33 U.S.C.A. § 1341(a)) requires that any applicant for a Federal license or permit to conduct any activity which may result in any discharge into the waters of the United States provide the Federal licensing or result in any discharge into the waters of the United States provide the Federal licensing or permitting agency a certificate from the state in which the discharge will originate that the discharge will comply with applicable provisions of The Clean Water Act as well as applicable state law related to water quality protection.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of any encroachment or water obstruction as proposed in the amended BDWW-GP-15 complies with the applicable provisions of sections 301, 303, 306 and 307 of The Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The Department further proposes to certify that the construction, operation and maintenance of such projects comply with applicable State laws related to water quality protection and standards provided that the construction, operation and maintenance complies with the criteria and conditions of the permit.

This certification is further subject to the following conditions:

1. Prior to commencing any activity covered by the General Permit, the applicant must obtain all other necessary permits or approvals from the Department of Environmental Protection, including, but not limited to, those required by The Clean Streams Law (35 P.S. §§ 691.1—691.1001), the Dam Safety and Encroachments Act (32 P.S. §§ 6018.101—6018.1003), and the regulation promulgated thereunder including 25 Pa. Code Chapters 75, 91, 92, 93, 95, 101, 102, and 105.

2. Fill material cannot contain wastes as defined in the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

Comments concerning the proposed amendments to the General Permit and 401 Water Quality Certification should be directed to Kenneth R. Reisinger, Chief, Division of Wetlands Protection, Bureau of Dams, Waterways and Wetlands, P. O. Box 8554, Harrisburg, PA 17105-8554, (717) 787-6827, or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD). Copies of BDWW-GP-15 are available by contacting the Division of Wetlands Protection or visit DEP's web site at <http://www.dep.state.pa.us> (choose Water management/Bureau of Dams, Waterways and Wetlands). Comments must be submitted in writing and contain the name, address and telephone number of the person commenting and a concise statement of comments, objections or suggestions on this proposal. No comments submitted by facsimile will be accepted. The Department will consider all relevant and timely comments received. Comments must be submitted within 30 days of this publication.

Comments may be submitted electronically to the Department at RegComments @ A1.dep.state.pa.us. A subject heading of the proposal must be included in each transaction. Comments submitted electronically must also be received by the Department within 30 days of the publication of this proposed statement of policy.

General Permit BDWW-GP-15 (Amended): Private Residential Construction in Wetlands

A. General Description—The Department of Environmental Protection hereby authorizes, by general permit, the placement and maintenance of fill in, or the excavation of, non-tidal wetlands for the construction or expansion of a single family home for the personal residence of the permittee, including reasonable and necessary features such as a driveway, storage shed and utilities on a residential lot purchased by the permittee prior to November 22, 1991, within established subdivisions approved by the local governing authority where such activities do not impart greater than .50 acre of non-tidal wetlands. The issuance of this General Permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Clean Water Act (33 U.S.C.A. § 1341). The contribution associated with this General Permit is for participation in the Pennsylvania Wetland Replacement Project.

Neither the Department of Environmental Protection nor any County Conservation District which is delegated Chapter 105 permitting authority shall be liable for incidents resulting from subsidence, structure failure, water damage, vector problems, or any other hardships that may occur as a result of building in wetlands.

B. Registration Procedure:

1. Complete the registration Form (Exhibit A).

The information requested in Item 2 on the registration form will be used to determine potential impacts to threatened and endangered species. If a potential impact is indicated, the Department will provide assistance to you to address threatened and endangered species concerns. The use of this general permit is not authorized until the potential impact is resolved.

If you desire, to avoid possible project delays, a search for potential impacts can be conducted prior to registration by completing the attached Supplement No. 1, Pennsylvania Natural Diversity Inventory Form (PNDI) and submitting it to the appropriate DEP Regional Office or designated County Conservation District. The completed search information should be submitted when you register the permit.

2. Prepare a project location map utilizing a photocopy of a 7-1/2 minute U.S.G.S. Quadrangle Map showing the project site.

3. Delineate the wetlands in accordance with established Department procedures. Delineation services for the purpose of registering this general permit will be provided by the U. S. Army Corps of Engineers or the Department of Environmental Protection or its designee, upon request. If you choose to have delineation services provided by the Army Corps of Engineers or the Department, please request this service early in the project planning stage to allow sufficient response and scheduling time to avoid project delays.

4. Prepare an Erosion and Sedimentation control plan. Permit users are encouraged to contact County Conservation Districts for erosion and sedimentation control planning assistance.

5. Prepare a sketch plan (Exhibit B) or attach a copy of a plot plan of the project showing the:

- a. dimension of the property,
- b. location of wetland,
- c. location of erosion and sedimentation control measures,
- d. dimension of the proposed wetland impact area,
- e. location of house/driveways etc.,
- f. location of waterways, drainage ditches etc.,
- g. existing utilities,
- h. proposed utilities, water, sewer, telephone etc.
- i. building setbacks,
- j. previously filled wetlands,
- k. floodways/floodplains,
- l. location of replacement wetlands.

6. To register use of the general permit send one copy of the:

- a. Location Map,
- b. Registration Form (Exhibit A),
- c. Sketch Plan (Exhibit B),
- d. Wetland delineation,
- e. Erosion and Sedimentation Control Plan approval letter, for lots greater than 0.5 acre (see D.8, below),
- f. A Wetland Replacement Plan or, a contribution to the Pennsylvania Wetland Replacement Project, as described in Part D.9 of this general permit, and
- g. Supplement Number 1, PNDI (see B.1);

to the DEP Regional Soils and Waterways Section or the delegated County Conservation District. A list of delegated Conservation Districts and addresses is attached (see Supplement No. 1, Pennsylvania Natural Diversity Inventory Form (PNDI), attached). You may not start your project until you have received confirmation of registration.

7. You may not begin construction until you receive Federal authorization under Section 404 of the Clean Water Act.

C. Definitions Applicable to this General Permit:

Central Sewage—A sewerage system consisting of pipes, lateral lines, trunk lines, or mains, which convey waste to a facility that provides treatment for final disposal. The term Central Sewage does not include on-lot disposal,

community on-lot disposal, or any other system that requires a land surface or subsurface absorption area for treatment and disposal purposes.

FEMA—The Federal Emergency Management Agency.

Floodplain—The lands adjoining a river or stream that have been or may be expected to be inundated by flood waters in a 100-year frequency flood. Unless otherwise specified, the boundary of the 100-year floodplain is as indicated on maps and flood insurance studies provided by FEMA. In an area where no FEMA maps or studies have defined the boundary of the 100-year floodplain it is assumed, absent evidence to the contrary, that the floodplain extends from the stream to 50 feet from the top of the bank of the stream. Other evidence of the extent of the floodplain may include local stormwater management plans, local zoning ordinances, subdivision plans and similar land use mapping.

Impact—The loss of non-tidal wetlands of the Commonwealth including any filled area previously permitted, the proposed filled area, and any other non-tidal wetlands of the Commonwealth that are adversely affected by flooding, excavation or drainage as a result of the project.

Individual—A natural person and/or couple but does not include a corporation, partnership or similar entity.

Parcel of Land—The entire contiguous quantity of land in possession of, recorded as property of, or owned (in any form of ownership, including land owned as a partner, corporation, joint tenant, etc.) by the same individual (and/or his or her spouse), and comprises not only the area of wetlands sought to be filled, but also all land contiguous to those wetlands, owned by the individual and/or his or her spouse in any form of ownership.

Pennsylvania Wetland Replacement Project—A fund managed by the National Fish and Wildlife Foundation from which money is dispersed at the direction of the Department of Environmental Protection, to which Chapter 105 permit applicants can make a monetary contribution, in lieu of creating wetlands.

Subdivision—The division or redivision of a lot, tract or parcel of land into two or more lots, tracts, parcels or other divisions of land including changes in existing lot lines.

Wetlands—Areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions, including swamps, marshes, bogs and similar areas.

Emergent Wetland—Wetland areas dominated by nonwoody vegetation.

Forested Wetland—Wetland areas dominated by woody vegetation 20 feet or more in height.

Scrub/Shrub Wetland—Wetland areas dominated by woody vegetation less than 20 feet in height.

D. Conditions:

1. Impacts to wetlands must be avoided and minimized. Non-wetland areas on-site must be utilized whenever practical.

2. Fills or excavations in wetlands, including previously filled areas may not exceed more than 40% of the total lot area, except where lots are less than .25 acre in size where a maximum of .10 acre of fill in wetlands is authorized. In no circumstances may the total fill or excavation exceed .50 acre of wetlands.

The following conversion table provides an example of the amount of wetland fill authorized in accordance with the 40% maximum fill condition.

<i>Lot Area in Acres</i>	×	<i>40% of Lot Area</i>	=	<i>Maximum Area of Wetland Fill</i>
0.25	×	0.40	=	0.10 acre
0.33	×	0.40	=	0.13 acre
0.50	×	0.40	=	0.20 acre
0.75	×	0.40	=	0.30 acre
1.00	×	0.40	=	0.40 acre
1.25	×	0.40	=	0.50 acre

3. Fills, and or excavations, in wetlands located on floodplains are not authorized by this General Permit. Information on floodplains may be available through local municipalities, home owner associations, county planning offices, FEMA, and similar agencies.

4. This permit may only be used once per parcel of land.

5. This permit may only be used for a single-family home for a personal residence by an individual who purchased the lot prior to November 22, 1991.

6. This permit may only be used on residential lots with access to a central sewage system which is in place and operational at the time of registration, except in instances where the fill is for the expansion of an existing residence. Under no circumstances may fill be used to construct or expand an on-lot sewage disposal system.

7. Fill material cannot contain wastes as defined in the Solid Waste Management Act.

8. Appropriate erosion control measures and facilities must be incorporated into all earthmoving activities associated with construction. Upon completion of construction the site shall be stabilized.

a. For lots greater than .50 acre an Erosion and Sedimentation Control Plan must be reviewed and approved by the County Conservation District in the county where your project is located prior to registration.

b. For all other lots .50 acre or less, an Erosion and Sedimentation Control Plan meeting the requirements of 25 Pa. Code, Chapter 102, must be implemented and must be available at the site for review by the Department and/or the County Conservation District (see Exhibit B, Erosion and Sedimentation Control Notes). Permit users are encouraged to contact County Conservation Districts for erosion and sedimentation control planning assistance.

9. Individuals who wish to use this General Permit for impacts of up to .50 acre of wetlands must provide for the replacement of functions, values and areal extent of the wetlands impacted by:

a. creating a wetland in accordance with the Department's Design Criteria for Wetland Replacement on a 1:1

area ratio, replacement wetlands to filled wetlands. (Copies of the criteria are available at DEP Regional Offices.)

—or—

b. participating in the Pennsylvania Wetland Replacement Project by contributing to the National Fish and Wildlife Foundation Fund Project 95-096.

The contribution rate is as follows:

Deminimus impact less than or equal to .05 acre	— \$ 0.00
Greater than .05 acre to .10 acre	— \$ 500.00
Greater than .10 acre to .20 acre	— \$1,000.00
Greater than .20 acre to .30 acre	— \$2,500.00
Greater than .30 acre to .40 acre	— \$5,000.00
Greater than .40 acre to .50 acre	— \$7,500.00

10. Fills and/or excavations should not increase flood levels or permanently restrict, impede, accelerate, increase or obstruct the passage of normal or expected stormwater flows in such a manner that adversely impacts the property or riparian rights of owners above, below, or adjacent to the project.

11. This permit is not valid for use within the corridor of a watercourse or body of water that has been designated as a National Wild or Scenic River in accordance with the Wild and Scenic Rivers Act of 1968 (16 U.S.A. §§ 1271—1287) or designated as wild or scenic under the Pennsylvania Scenic Rivers Act (32 P.S. §§ 820.21—820.29). Information may be obtained by contacting DCNR, Bureau of Recreation and Conservation, Scenic Rivers Program, P. O. Box 8475, Harrisburg, PA 17105 or calling (717) 787-2316.

E. Activities Not in Accordance with Terms or Conditions—If the Department determines, upon inspection, that the construction, operation or maintenance of a project has violated the terms or criteria of this General Permit or of the Chapter 105 Rules and Regulations, the Department may take such actions, legal or administrative, that it may deem to be appropriate.

F. Denial of Authorization—The Department shall have the discretion to deny, revoke or suspend the use of the General Permit for any project which the Department determines to have a substantial risk to life, health, property or the environment.

G. Authority—Authorization of this General Permit is pursuant to Section 7 of the Dam Safety and Encroachment Act, 32 P.S. § 693.7 et. seq., and the rules and regulations promulgated thereunder at 25 Pa. Code §§ 105.441—105.449 (relating to general permits). This General Permit becomes effective _____ and will remain in effect indefinitely unless specifically modified, suspended or revoked by the Department.

JAMES M. SEIF,
Secretary

DEPARTMENT OF HEALTH

Notice of Beginning of Review; Certificates of Need

The Department has completed its preliminary assessment of the following applications for the offering, development, construction, renovation, expansion or establishment of reviewable clinically related health services or health care facilities. This notice is published in accordance with sections 702(c), 704(a) and 704(b) of the Health Care Facilities Act, (35 P. S. §§ 448.702(c), 704(a) and 704(b)).

CON-95-H-2435-B: St. Margaret Memorial Hospital (SMMH), 815 Freeport Road, Pittsburgh, PA 15215. Free-standing multispecialty ambulatory surgery center on the campus of SMMH in conjunction with the University of Pittsburgh Medical Center, at an estimated cost of \$3,550,000.

CON-95-D-2405-B: Pocono Medical Care, Inc., 301 West Harford Street, Milford, PA 18337. Establish an ambulatory surgery facility with two operating rooms in Milford, Pike County, at an estimated cost of \$1,000,000.

CON-96-C-2770-B: Milton S. Hershey Medical Center, 500 University Drive, Hershey, PA 17033. Add a second helicopter to the existing hospital-based aeromedical transport service (Life Lion Program) at an estimated cost of \$3,146,000.

The projects are scheduled to be reviewed and a decision rendered by the Department of Health within 90 days beginning October 26, 1996. Any interested person, as defined in section 103 of the act (35 P. S. § 448.103) may request a public meeting. Requests must be made in writing within 15 days of this notice, to the Department of Health, Division of Need Review, Room 1027, Health and Welfare Building, Harrisburg, PA 17120. In order to preserve any appeal rights under section 506(a) of the act (35 P. S. § 448.506(a)) regarding the decisions made on these applications, any interested person as defined in the act must request a public meeting and participate in that meeting.

If the Department of Health receives a timely request for public meeting, such meeting will be held in Room 812 of the Health and Welfare Building, Seventh and Forster Streets, Harrisburg, PA. SMMH public meeting will begin at 9 a.m., and Pocono Medical Care, Inc. public meeting will begin at 11 a.m., Wednesday, December 18, 1996.

Persons who need an accommodation due to a disability and want to attend a meeting should contact Jack W. Means, Jr., Director, Division of Need Review at (717) 787-5601 at least 24 hours in advance so arrangements can be made. These meetings are subject to cancellation without further notice.

For additional information, contact the Division of Need Review at (717) 787-5601.

DANIEL F. HOFFMANN, FACHE,
Acting Secretary

[Pa.B. Doc. No. 96-1802. Filed for public inspection October 25, 1996, 9:00 a.m.]

DEPARTMENT OF PUBLIC WELFARE

Peer Groups and Peer Group Medians for General Nursing Facilities, County Nursing Facilities, Hospital-Based Nursing Facilities and Special Rehabilitation Facilities

In accordance with 55 Pa. Code § 1187.95(a)(4), the Department of Public Welfare announces its peer groups, peer group medians and peer group prices for general nursing facilities, county nursing facilities, hospital-based nursing facilities and special rehabilitation facilities. The peer groups, peer group medians and peer group prices established under this notice have been calculated as provided by 55 Pa. Code Chapter 1187 (25 Pa.B. 4477 (October 14, 1995)), and shall be effective for services rendered from July 1, 1996 to June 30, 1997.

To establish the data base for the calculation of peer group median and prices, the Department used each facility's two most recent audited cost reports that were on file with the Department by March 31, 1996, and indexed the costs for each report forward to the common date of December 31, 1996 using the HCFA Nursing Home Without Capital Market Basket Index.

Following is a listing, by group, of the number of facilities with a particular year-end and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 1996.

the Department recommends Annex A for codification under 1 Pa. Code § 3.1(a)(9).

GENERAL and COUNTY NURSING FACILITIES

<i>Facility Year End</i>	<i>Number of Facilities*</i>	<i>Inflation Factor</i>
June 30, 1989	1	1.3324
June 30, 1990	2	1.2521
December 31, 1990	3	1.2150
June 30, 1991	8	1.1963
December 31, 1991	18	1.1744
June 30, 1992	21	1.1514
December 31, 1992	151	1.1329
June 30, 1993	247	1.1107
December 31, 1993	296	1.0902
June 30, 1994	240	1.0743
December 31, 1994	160	1.0581

HOSPITAL-BASED NURSING FACILITIES

<i>Facility Year End</i>	<i>Number of Facilities*</i>	<i>Inflation Factor</i>
June 30, 1992	3	1.1514
June 30, 1993	25	1.1107
June 30, 1994	22	1.0743

SPECIAL REHABILITATION FACILITIES

<i>Facility Year End</i>	<i>Number of Facilities*</i>	<i>Inflation Factor</i>
June 30, 1993	3	1.1107
June 30, 1994	3	1.0743

*As a result of using the two most recent audited cost reports, the "Number of Facilities" column reflects a number in excess of actual enrolled nursing facilities.

After the data base was inflated using the above inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. To establish peer groups, the Department used the most recent MSA group classification, as published by the Federal Office of Management and Budget on or before April 1, 1996, to classify each nursing facility into one of three MSA groups or one non-MSA group. Then the Department used the bed complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 used in the NIS database to classify nursing facilities into one of three bed complement groups. These groups are 3 - 119 beds; 120 - 269; and 270 and over. Peer groups 7 and 10 have been collapsed in accordance with § 1187.94(1)(iv).

Once the data base was established and the peer groups determined, the Department then calculated the medians and prices for each peer group. To calculate the resident care cost medians, the Department divided the audited allowable resident care costs for each cost report by the total facility CMI from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 2 year arithmetic mean of the case-mix neutral resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each nursing facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident related cost medians, the Department first divided the audited allowable other resident related costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 2 year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident

related cost per diem of each nursing facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with § 1187.23. The Department then divided the audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the 2 year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each nursing facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and, multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices of general and county nursing facilities, hospital-based and special rehabilitation nursing facilities effective July 1, 1996 are listed in Annex A. The Department will use the peer groups, peer group medians and peer group prices to determine case-mix rates for nursing facilities for the period July 1, 1996 through June 30, 1997.

Public comment on these changes may be sent to: Gail Routsong, Medical Assistance Program Specialist, Department of Public Welfare, Division of Provider Services, Post Office Box 8025, Harrisburg, PA 17105.

FEATHER O. HOUSTON,
Secretary

DEPARTMENT OF STATE

State Athletic Commission; Public Meetings for 1997

The State Athletic Commission of the Department of State announces its schedule for regular bi-monthly meetings to be held in 1997 under section 103 of the State Athletic Code, the act of May 13, 1992, 5 Pa.C.S. § 101 *et seq.* All meetings will be held in Room 301, North Office Building, Harrisburg, PA 17120 at 11 a.m. These meetings are open to the public and are scheduled as follows:

- February 24, 1997
- April 28, 1997
- June 23, 1997
- August 25, 1997
- October 27, 1997
- December 15, 1997

Individuals having any questions regarding these meetings should contact the State Athletic Commission at (717) 787-5720.

GREGORY P. SIRB,
Executive Director

[Pa.B. Doc. No. 96-1804. Filed for public inspection October 25, 1996, 9:00 a.m.]

Department. This agreement shall specify that the owner shall continue, for a period of not less than 10 years, to maintain the property, for which the grant will be sought, as an airport at least equal in size and capacity as that indicated in the owner's initial grant application. This agreement shall be a covenant which runs with the land and thus shall apply to any subsequent purchases of land. Upon acceptance of any grant, the covenant shall be deemed extended for 1 additional year. Any violation of the agreement shall make the owner liable for the repayment of the total appropriation for the year plus a penalty of two times the grant. In any action wherein the owner is found to have violated the agreement, the Department shall receive all costs of prosecution.

The final date for submission of applications for reimbursement of local real estate taxes paid in calendar year ending December 31, 1996, is the close of business on February 1, 1997. Applications shall be filed with the Department of Transportation, Bureau of Aviation, 208 Airport Drive, Harrisburg International Airport, Middletown, PA 17057.

Interested persons may direct their request for applications, inquiries or comments regarding the local real estate tax reimbursement program to Charles H. Hostetter, A.A.E., Director, Bureau of Aviation, 208 Airport Drive, Harrisburg International Airport, Middletown, PA 17057, (717) 948-3976.

BRADLEY L. MALLORY,
Secretary

DEPARTMENT OF TRANSPORTATION

Availability of Local Real Estate Tax Reimbursement Grants for Taxes Paid in 1996

The Department of Transportation, Bureau of Aviation, is accepting applications for Tax Reimbursement Grants from qualifying owners of public airports who have paid local real estate taxes for the calendar year ending December 31, 1996.

Each year, under Subchapter B of the Aviation Code, 74 Pa.C.S. §§ 6121—6124, and 67 Pa. Code Chapter 477, the owner of a public airport shall be eligible for a grant from the local real estate tax reimbursement portion of the Aviation Restricted Account. These grants are available to reimburse airport owners for local real estate taxes paid on those portions of an airport which are aviation related areas, as defined in section 5102 of the Aviation Code, 74 Pa.C.S. § 5102. Prior to applying for a grant, each public airport owner shall enter into an agreement with the

Bureau of Maintenance and Operations; Notice of Certification

The Department of Transportation, Bureau of Maintenance and Operations, under the provisions of section 4704(f) of the Vehicle Code (75 Pa.C.S. § 4704(f)), certifies the following municipal police officers have successfully completed the training prescribed by the Department of Transportation and are hereby certified as "Qualified Commonwealth Employees" as defined in section 4102 of the Vehicle Code (75 Pa.C.S. § 4102) for the calendar year ending December 31, 1996. Accordingly, local police so qualified are authorized to conduct systematic vehicle inspections of any vehicle, driver, documents, equipment and load and enforce any law or regulation pertaining to same.

The above listing of Qualified Commonwealth Employees is being published as an addenda to the listing of Qualified Commonwealth Employees which was published at 26 Pa.B. 2365 (May 18, 1996) and 26 Pa.B. 3051 (June 29, 1996). The Department of Transportation, from time to time, during the calendar year, will publish addenda to the listing of Qualified Commonwealth Employees as the same become certified.

In addition, it has been brought to the attention of the Department that the notice published at 26 Pa.B. 2365 contains an error which requires correction. In that notice, the Department identified Qualified Commonwealth Employee William D. Leighty as being of East Cocalico Township, York County. Mr. Leighty is actually an officer in East Cocalico Township, Lancaster County.

Comments, suggestions or questions may be directed to Daniel R. Smyser, P.E., Chief, Motor Carrier Division, Bureau of Maintenance and Operations, 1014 Transportation and Safety Building, Harrisburg, PA 17120, (717) 787-7445.

Effective Date of 75 Pa.C.S. § 1111(a.1)

The Department of Transportation (Department), Bureau of Motor Vehicles, consistent with section 3 of the act of December 20, 1995 (act) (P. L. 666, No. 74) announces that section 1111(a.1) of the Vehicle Code, 75 Pa.C.S. § 1111(a.1) (relating to duty of transferor in the event of sale or transfer of ownership of a vehicle when the transferor is a dealer) shall have an effective date of November 1, 1996.

The recently enacted provisions of subsection (a.1) of section 1111 of the Vehicle Code allow dealers to resell a vehicle without having physical possession of the certificate of title when the certificate of title is being held by the lienholder, provided the dealer has obtained the applicable power of attorney to execute the transfer of title and the dealer has requested and received verification from the Department of any lienholders, ownership, odometer information, title brands and any other information that the Department deems necessary to be verified. The dealer may receive this information electronically or from a messenger service licensed by the Department.

Under section 3 of the act, the provisions of 75 Pa.C.S. § 1111(a.1) shall take effect upon publication, by the Department, of a notice in the *Pennsylvania Bulletin* announcing the effective date.

Persons who desire to comment or who have questions may contact Linley Oberman, Area Manager, Customer Service Division, Bureau of Motor Vehicles, River Front Office Center, 1101 South Front Street, 4th Floor, Harrisburg, PA 17104, (717) 787-2780.

BRADLEY L. MALLORY,
Secretary

[Pa.B. Doc. No. 96-1807. Filed for public inspection October 25, 1996, 9:00 a.m.]

Retention of Engineering Firms

**Berks, Carbon, Lehigh, Monroe,
Northampton and Schuylkill Counties
Reference No. 08430AG2025**

The Department of Transportation will retain an engineering firm or construction management firm for an open-end contract to provide supplementary construction inspection staff under the Department's Inspectors-in-Charge to perform construction inspection services on various projects in Engineering District 5-0, that is, Berks, Carbon, Lehigh, Monroe, Northampton and Schuylkill Counties. The contract will include roadway and bridge construction projects, material plant inspection. The contract will be for a period of a minimum of 30 months with a minimum cost of \$750,000.

It is anticipated that a maximum supplementary construction inspection staff of 20 inspectors will be required for this assignment.

The Department will establish an order of ranking of a minimum of three firms for the purpose of negotiating an open-end contract based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the maintenance and protection of traffic, soils, structures, concrete, asphalt paving and drainage.
- b. Understanding of Department's requirements, policies and specifications.
- c. Past performance.
- d. Number of available inspectors in each payroll classification.
- e. Number of NICET certified inspectors in each payroll classification.
- f. Workload.

The qualifications and experience required of the firm's inspectors will be established by the Department, and the qualifications of the firm's proposed employees will be reviewed and approved by the Department.

It is anticipated that the supplementary construction inspection staff for this assignment will consist of the following number of inspectors who meet the requirements for the following inspection classifications:

<i>Classification</i>	<i>No. of Inspectors</i>
Transportation Construction Manager 1 (TCM-1) (NICET Highway Construction Level 4 or equivalent)	2 (2)
Transportation Construction Insp. Super. (TCIS) (NICET Highway Construction Level 3 or equivalent)	6 (4)
Transportation Construction Inspector (TCI) (NICET Highway Construction Level 2 or equivalent)	12 (6)

The numbers in parenthesis above indicate the number of inspectors in each Classification that must meet at least one of the following requirements:

1. Be certified by the National Institute for Certification in Engineering Technologies (NICET) in the field of Transportation Engineering Technology, subfield of Highway Construction, or subfield of Highway Materials, at the Level required for the Inspection Classification.
2. Be registered as a Professional Engineer by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
3. Be certified as an Engineer-in-Training by the Commonwealth of Pennsylvania with the required highway experience specified for the Inspection Classification.
4. Hold a Bachelor of Science degree in Civil Engineering or a Bachelor of Science degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.
5. Hold an Associate degree in Civil Engineering Technology with the required highway experience specified for the Inspection Classification.

The maximum reimbursement of direct payroll cost for each Department Payroll Classification for calendar year 1996 will be limited to the actual direct salary of the individual employe, or the following rates, whichever is less:

<i>Payroll Classification</i>		<i>Direct Payroll Rate</i>
Transportation Construction Manager 1	(TCM-1)	\$19.79
Transportation Construction Inspector Supervisor	(TCIS)	\$17.34
Transportation Construction Inspector	(TCI)	\$15.18

Maximum reimbursable direct payroll rates for subsequent calendar years, if applicable, will be established at the scope of work meeting.

The firm selected may be required to attend a pre-construction conference with the Department and the construction contractor for this project. Under the supervision and direction of the Department, the selected firm will be required to keep records and document the construction work; prepare current and final estimates for payment to the construction contractor; assist the Department in obtaining compliance with the labor standards, safety and accident prevention, and equal opportunity provisions of the contract item; and perform other duties as may be required. Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

Letters of interest for this project must include a letter, signed by the individuals proposed for all TCM-1 and/or TCIS positions, giving their approval to use their name in the letter of interest for this specific project.

Technical questions concerning the requirements for this project should be directed to Brian H. Graver, P.E., District 5-0, at (610) 791-6022.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

**Fayette County
Reference No. 08430AG2026**

The Department of Transportation will retain an engineering firm to provide preliminary engineering, final design and services during construction for the S. R.

0040, Section 06M bridge rehabilitation project in Fayette County, Engineering District 12-0.

This project involves the rehabilitation of the existing 1,672 foot structure carrying S. R. 0040 over the Youghiogheny Reservoir in Henry Clay Township. The estimated construction cost is \$5.0 million.

The selected engineering firm will be required to develop and evaluate highway improvement alternatives; perform field survey, highway design, bridge design, geotechnical design and traffic control design tasks; perform property investigations; perform utility coordination tasks; prepare a Categorical Exclusion Evaluation Document; prepare right-of-way plans; prepare construction plans, specifications and estimates; and provide services during construction.

The goal for Disadvantaged Business Enterprise (DBE) participation in this agreement shall be 15% of the total contract price. Additional information concerning DBE participation in this agreement is contained in the General Requirements and Information section after the advertised projects.

Technical questions concerning the requirements for this project should be directed to P. Gregory Bednar, P.E., District 12-0, at (412) 439-7243.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in performing any of the above services are invited to submit letters of interest to: Director, Consultant Selection Committee, Room 1118, Transportation and Safety Building, Harrisburg, PA 17120.

A separate letter of interest and required forms must be submitted for each project for which the applicant wishes to be considered. The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is 4:30 p.m. of the thirteenth day.

If the project advertisement indicates that the Department will retain an engineering firm, letters of interest will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Expressions of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one Joint Venture for the same project advertisement. Also a firm that responds to a project advertisement as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project advertisement. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project,

firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal. Failure to meet the goal and to demonstrate good faith efforts may result in being barred from Department contracts in the future.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include in the heading, the firm's Federal Identification Number and the Project Reference Number indicated in the advertisement. The letter of interest must also include the following:

1. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project."

2. Standard Form 254, "Architect-Engineer and Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company. Please disregard the statements on Standard Form 255 that indicate a Standard Form 254 is only required if not already on file with the contracting office. The Department does not maintain a file for Standard Form 254 for contracting purposes; therefore, this Form is required for the prime consultant and each subconsultant as stated above.

3. Two copies of the Department's Form D-427 (Rev. 6-89), "Current Workload" for the firm submitting the letter of interest. At least one copy of Form D-427 must remain free and not bound in any way to any other portion of the letter of interest or accompanying documentation. Copies of Form D-427 are available upon request from the above address or by contacting the Department's Consultant Agreement Division at (717) 783-9309.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

The Standard Form 255 must be filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be presently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item 6. If a Women Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

The Standard Form 254 must be signed and dated and must be less than 1 year old as of the date of this advertisement. A Standard Form must accompany each letter of interest for the firm submitting the letter of interest, each party to a joint venture, and for each subconsultant shown under Item 6 of the Standard Form 255.

Unless other factors are identified under the individual project reference number, the following factors, listed in their order of importance, will be considered by the Committee during their evaluation of the firms submitting letters of interest:

a. Specialized experience and technical competence of firm.

b. Past record of performance with respect to cost control, work quality, and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

c. Current workload and capacity of firm to perform the work within the time limitations.

d. Location of consultant.

e. Special requirements of the project.

f. Other factors, if any, specific to the project.

The Department currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on design and miscellaneous projects to 130% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on construction inspection projects to 85.2% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department's limitations will apply to the projects advertised above unless the Department policy is revised prior to the negotiation of an agreement or contract.

The assignment of the above services will be made to one of the firms responding to this notice, but the Committee reserves the right to reject all letters of interest submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for these services.

BRADLEY L. MALLORY,
Secretary

ENVIRONMENTAL HEARING BOARD

**Utica Mutual Insurance Company v. DEP; Doc. No.
95-229-MG**

The Department of Environmental Protection (Department) Utica Mutual Insurance Company (Utica), and the Bankruptcy Trustee for Mon Valley Steel Company, Inc. (Trustee) have agreed to a settlement of the matter. On September 28, 1995, the Department forfeited two bonds posted by Mon Valley Steel Company, Inc. (Mon Valley) and issued by Utica to guarantee that Mon Valley would operate the Clyde Underground Mine, located in Washington and Green Counties, in conformance with the Surface Mining Conservation and Reclamation Act, The Clean Streams Law, The Bituminous Mine Subsidence and Land Conservation Act, and the rules and regulations promulgated thereunder. The Department forfeited the bonds because Mon Valley abandoned the Clyde Mine without performing the necessary sealing and reclamation work required by the pertinent statutes. Mon Valley later filed for bankruptcy.

The parties have agreed to a settlement, the major provisions of which include:

1. Utica shall seal all of the mine openings and perform all surface reclamation work at the Clyde Mine.
2. The Bankruptcy Trustee for Mon Valley Steel shall remove a transformer containing PCBs which has been abandoned at the Clyde Mine and shall remediate an oil spill from the abandoned transformer.
3. The Department will release Utica from liability for payment under the bonds.
4. Utica shall withdraw its appeal.

Copies of the full agreement are in the possession of:

Diana J. Stares, Esquire, Department of Environmental Protection, Office of Chief Counsel, 400 Waterfront Drive, Pittsburgh, PA 15222-4745;

William T. Gorton, III, Esquire, Stites and Harbison, 2300 Lexington Financial Center, 250 West Main Street, Lexington, KY 40507;

Harry F. Klaodowski, Jr., Esquire, 330 Grant Street, Suite 3321, Pittsburgh, PA 15219-2301;

and at the offices of the Environmental Hearing Board, and may be reviewed by any interested person on request during normal business hours.

Persons who are aggrieved by the above settlement have a right to appeal to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457. Appeals must be filed within 20 days of this publication.

If information concerning this notice is required in an alternative form, contact the Secretary to the Board at (717) 787-3483. TDD users may telephone the Board through the AT&T Pennsylvania Relay Center at 1 (800) 654-5984.

The Environmental Hearing Board is empowered to approve this settlement if no objection is timely filed with the Board.

GEORGE J. MILLER,
Chairperson

[Pa.B. Doc. No. 96-1809. Filed for public inspection October 25, 1996, 9:00 a.m.]

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 11 a.m., Thursday, October 3, 1996, and took the following actions:

Regulations Approved:

Environmental Quality Board # 7-288: Stream Redesignations; Kettle Creek, et al (amends 25 Pa. Code Chapter 93)

State Board of Certified Real Estate Appraisers # 16A-705: Examination Fees (amends 49 Pa. Code § 36.6 Fees)

(Editor's Note: For the text of the regulations pertaining to this order, see 26 Pa.B. 5103 (October 26, 1996).)

State Board of Physical Therapy # 16A-654: Examination Fees (amends 49 Pa. Code § 40.5)

(Editor's Note: For the text of the regulations pertaining to this order, see 26 Pa.B. 5110 (October 26, 1996).)

State Architects Licensure Board # 16A-412: Examination Fees (amends 49 Pa. Code §§ 9.3, 9.44, 9.82, 9.85, 9.86, 9.111—114, 9.117, and 9.118)

(Editor's Note: For the text of the regulations pertaining to this order, see 26 Pa.B. 5101 (October 26, 1996).)

State Board of Certified Real Estate Appraisers # 16A-702: Definitions (amends 49 Pa. Code Chapter 36)

(Editor's Note: For the text of the regulations pertaining to this order, see 26 Pa.B. 5105 (October 26, 1996).)

State Board of Medicine/State Board of Osteopathic Medicine # 16A-532: Respiratory Care Practitioners (amends Chapters 18 and 25 of 49 Pa. Code)

State Registration Board for Professional Engineers, Land Surveyors and Geologists # 16A-473: General Revisions (amends 49 Pa. Code §§ 37.1, 37.18, 37.58, 37.59 and 37.81—37.83 and adds sections 37.36 and 37.37)

(Editor's Note: For the text of the regulations pertaining to this order, see 26 Pa.B. 5106 (October 26, 1996).)

Pennsylvania Public Utility Commission # 57-144: Limousine Service Supplemental (amends 52 Pa. Code Chapter 29 by amending sections 29.333(b) and 29.333(c))

Pennsylvania Public Utility Commission # 57-153: Taxicab Medallion Program (amends 52 Pa. Code Chapter 30)

Pennsylvania Public Utility Commission # 57-173: Termination of Utility Service to Health Care Facilities (adds sections 55.101—55.115 to 52 Pa. Code Chapter 55)

(*Editor's Note:* For the text of the regulations pertaining to this order, see 26 Pa.B. 5111 (October 26, 1996).)

Orders Have Not Been Issued for the Following Approved Regulations:

State Board of Psychology # 16A-630: Child Abuse Reporting Requirements

State Board of Osteopathic Medicine # 16A-535: Child Abuse Reporting Requirements

State Board of Podiatry # 16A-442: Child Abuse Reporting Requirements

State Board of Medicine # 16A-492: Child Abuse Reporting Requirements

State Board of Nursing # 16A-515: Child Abuse Reporting Requirements

State Board of Chiropractic # 16A-436: Child Abuse Reporting Requirements

State Board of Dentistry # 16A-462: Child Abuse Reporting Requirements

State Board of Funeral Directors # 16A-484: Child Abuse Reporting Requirements

State Board of Optometry # 16A-523: Child Abuse Reporting Requirements

State Board of Physical Therapy # 16A-653: Child Abuse Reporting Requirements

State Board of Occupational Therapy Education and Licensure # 16A-671: Child Abuse Reporting Requirements

State Board of Examiners in Speech-Language and Hearing # 16A-682: Child Abuse Reporting Requirements

State Board of Social Work Examiners # 16A-691: Child Abuse Reporting Requirements

Regulation Disapproved:

Pennsylvania Public Utility Commission # 57-149: Small Water and Sewer Company Rate Methodologies (amends 52 Pa. Code Chapter 53)

Pennsylvania Public Utility Commission # 57-150: Gas Transportation Tariffs (amends 52 Pa. Code Chapter 60)

Regulation Deemed Approved under § 5(b.3) of the Regulatory Review Act—Effective September 24, 1996

Environmental Quality Board # 7-295: General Conformity (amends 25 Pa. Code Chapter 127, Subchapter J)

Regulation Deemed Approved under § 5(b.3) of the Regulatory Review Act—Effective October 4, 1996

State Board of Certified Real Estate Appraisers # 16A-703: Fees; Application Process (amends section 36.203 of 49 Pa. Code by adding new subsections (c) and (d) and deleting the reapplication fee under section 36.6)

(*Editor's Note:* For the text of the regulations pertaining to this order, see 26 Pa.B. 5104 (October 26, 1996).)

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

Environmental Quality Board—Stream Redesignations; Kettle Creek, et al.; Doc. No. 7-288

Order

On August 29, 1995, the Independent Regulatory Review Commission (Commission) received this proposed

regulation from the Environmental Quality Board (EQB). This rulemaking would amend certain stream designations in the Department of Environmental Protection's (DEP) regulations in 25 Pa. Code Chapter 93. Chapter 93 sets forth part of Pennsylvania's water quality standards which implement The Clean Streams Law (35 P.S. §§ 691.5(b)(1) and 691.402). Section 1920-A of The Administrative Code of 1929 (71 P.S. §§ 510-20) grants the EQB the authority to develop and adopt rules and regulations to implement the provisions of The Clean Streams Law. The proposed regulation was published in the September 9, 1995 *Pennsylvania Bulletin* with a 45-day public comment period. The final-form regulation was submitted to the Commission on September 3, 1996.

The purpose of the Special Protection Waters Program is to maintain existing water quality in streams, to preserve exceptionally good quality waters, and waters that represent outstanding environmental resources. In determining whether streams and waterbodies are to be included in the Special Protection Waters Program, and meet the definition of "High Quality Waters" (HQ) or "Exceptional Value Waters" (EV) in 25 Pa. Code § 93.3, the DEP utilizes "Special Protection Waters Selection Criteria" found in its "Special Protection Waters Implementation Handbook."

The proposed changes are intended to provide the appropriate level of water quality protection for the streams proposed for redesignation, including those streams which possess environmental features meriting additional protection.

The stream redesignations affect streams in the following seven counties: Clinton, Potter, Tioga, Blair, Centre, Dauphin and McKean. As part of its ongoing review of water quality standards, the DEP recommended that the majority of the streams in this proposed rulemaking be upgraded to either HQ or EV. The streams include Kettle Creek and Cross Fork, Laurel Run, Wallace Run, Lick Run, Rattling Creek, Big Fill Run and the east branch of Tunungwant Creek. The EQB also recommended that some streams retain the existing water quality designation as the sample evidence indicated that they were already appropriately designated.

We did not file any comments on the proposed regulation, nor did we receive any negative recommendations on the proposed or final-form regulation from either the House or Senate Environmental Resources and Energy Committees. The final-form regulation contains one amendment which clarifies the location of the unnamed tributary to Wallace Run as being located at Gum Stump in Centre County. The reference is being included in the EV waters designation for the upper reach of the Wallace Run basin in Centre County.

The Pennsylvania Independent Petroleum Producers Association (Association) commented on the proposed changes relative to the east branch Tunungwant Creek in McKean County. The Association noted that generally streams in oil and gas producing regions have remained of high quality and that the proposed changes may adversely affect new and expanding discharges. The Association expressed its strong objection to the "continued upgrading of our streams."

The DEP responded to this comment by noting that it is not proposing any new regulatory restrictions on the existing oil and gas production operations within the affected basins because of the HQ or EV Waters designations. The existing operations are currently required to obtain and maintain applicable DEP permits, use best

management practices, and must comply with applicable laws and regulations including The Clean Streams Law, the Oil and Gas Act, the Oil and Gas Conservation Act and these regulations. However, new or expanding oil and gas operations will be required to demonstrate that the proposed expansion or new operation will not have an adverse impact on the basin's water quality.

The DEP acknowledges that it is unable to predict all the future costs or impacts that will be incurred by an oil and gas operator as the result of an HQ or EV Waters redesignation. However, DEP notes that it encourages creative planning and discharge alternatives, and will work with the operators in order to develop options that will help them comply with the regulatory requirements.

We have reviewed this regulation and find it to be in the public interest. The proposed stream redesignations are consistent with the applicable water quality criteria. Overall, the quality of Pennsylvania's waters should benefit through more appropriate protection for the particular streams, which are an important part of the Commonwealth's natural resources.

Therefore, It Is Ordered That:

1. Regulation No. 7-288 from the Environmental Quality Board, as submitted to the Commission on September 3, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held

*State Board of Certified Real Estate Appraisers—
Examination Fees; Doc. No. 16A-705*

Order

On September 13, 1996, the Independent Regulatory Review Commission (Commission) received this regulation from the State Board of Certified Real Estate Appraisers (Board). This rulemaking would amend 49 Pa. Code § 36.6 Fees to increase the fee for applicants taking the certified real estate appraiser examination from \$50 to \$100. The authority for this regulation is found in sections 812.1(b) and (e) of The Administrative Code of 1929 (71 P. S. § 279.3a) and sections 5(6) and 9 of the Real Estate Appraisers Certification Act (63 P. S. §§ 457.5(6) and 457.9). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

The fee increase is effective January 1, 1997. The Board found that public comment is not needed because section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a, *Administration of Examinations*) requires that candidate fees cover the cost of the examination. The fee, established by the regulation, represents the contract cost negotiated by the Commonwealth for examination services.

Candidates taking the examination on and after January 1, 1997, will be charged the new fee of \$100. The fee covers only the cost of the testing service and is paid directly to the contractor, not the Board. The Board expects that approximately 300 candidates will take the examination each year based upon the number who took the examination in 1995.

The Senate Consumer Protection and Professional Licensure Committee approved this final-omitted rulemaking on September 25, 1996. The House Professional Licensure Committee also approved this final-omitted rulemaking on October 1, 1996.

We have reviewed this regulation and find it to be in the public interest. The contract for administration of the examination was awarded through a competitive bidding process and the resulting fee covers the cost of the examination consistent with section 812.1 of The Administrative Code of 1929.

Therefore, It Is Ordered That:

1. Regulation No. 16A-705 from the State Board of Certified Real Estate Appraisers, as submitted to the Commission on September 13, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

*State Board of Physical Therapy—Examination Fees; Doc.
No. 16A-654*

Order

On September 13, 1996, the Independent Regulatory Review Commission (Commission) received this regulation from the State Board of Physical Therapy (Board). This rulemaking would amend 49 Pa. Code § 40.5. The authority for this regulation is found in section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a) and section 8 of the Physical Therapy Act (63 P. S. § 1308). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This rulemaking increases the testing fees for candidates taking the physical therapist examination effective as of March 1997. Section 812.1 of The Administrative Code of 1929 requires that examinations for professional licensure be prepared and administered by a professional testing organization under contract to the appropriate professional board. The Board has entered into a new testing contract with Professional Examination Services (PES) which will implement computer-based testing. Computer-based examinations are developed and administered on, graded by computer. The new contract will result in higher costs for examination services beginning in March 1997. Consequently, the Board promulgated this final-omitted regulation to increase the fee in the existing regulation to reflect the fee in the new contract.

Section 40.5 of the existing regulation lists the fee for the physical therapy examination as \$245. The proposed change to this section of the regulation increases the fee for the examination to \$260, an increase of \$15. The fee increase reflects the increased administration costs for the examination under the Board's contract with PES.

The Senate Consumer Protection and Professional Licensure Committee voted to approve the regulation on September 25, 1996. The House Professional Licensure Committee voted to approve the regulation on October 1, 1996.

We have reviewed this regulation and find it to be in the public interest. This amendment will conform the Board's regulation on examination fees to the fee change mandated by the new contract between the Commonwealth and PES.

Therefore, It Is Ordered That:

1. Regulation No. 16A-654 from the State board of Physical Therapy, as submitted to the Commission on September 13, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

State Architects Licensure Board—Examination Fees; Doc. No. 16A-412

Order

On September 13, 1996, the Independent Regulatory Review Commission (Commission) received this regulation from the State Architects Licensure Board (Board). This rulemaking would amend 49 Pa. Code §§ 9.3, 9.44, 9.82, 9.85, 9.86, 9.111—114, 9.117 and 9.118. The authority for this regulation is section 6(c) of the Architects Licensure Act (63 P. S. § 34.6(c)) and section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This regulation will delete existing provisions relating to the written Architect Registration Examination (ARE), add language relating to a new computerized ARE format, change the categories that comprise the ARE, and in-

crease examination fees. The Board found that public comment is not needed because section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a. *Administration of Examinations*) requires candidate fees to cover the cost of the examination.

The Board uses the examination of the National Council of Architectural Registration Boards (NCARB). NCARB consists of the licensing boards of all 50 states, the District of Columbia, and United States territories and possessions. Each state has two voting members on NCARB.

The four-day written ARE was given for the last time in June of 1996. Beginning in February of 1997, NCARB will offer the ARE in a computerized format. The computerized examination will be offered year-round at a network of test centers provided by the contractor, Chauncey Group International, under contract with NCARB. Candidates will be able to pay for the examination by credit card, voucher or cash at the time the examination is taken. Computer-based examinations can be taken at any available location where the ARE is administered. The Chauncey Group will use eight testing centers in Pennsylvania located Statewide.

The amendments to § 9.3 alter examination categories and establish new examination fees. The current two categories of the examination for site design are proposed to be combined and renamed "Site Planning." The current single category for building design is proposed to be split into two categories: "Building Planning" and "Building Technology." The cost of taking any portion of the examination and the total examination will increase substantially. The cost for taking the entire ARE will increase from the current \$485 to the proposed \$980. The fees will be the actual charges of NCARB to schedule a candidate to take the examination. The current categories and fees in section 9.3. Fees, and proposed amendments are shown below.

Current Category	Current Fee Amount	Proposed Category	Proposed Fee Amount
Pre-Design	\$ 45	Pre-Design	\$ 92
Site Design-Graphic	70	Site Planning	129
Site Design-Written	45		
Building Design	100	Building Planning	155
		Building Technology	145
Structural-General/Long Span	45	General Structures	108
Structural-Lateral Forces	45	Lateral Forces	79
Mechanical, Plumbing, Electrical and Life Safety Systems	45	Mechanical and Electrical	83
Materials and Methods	45	Materials and Methods	90
Construction Documents and Services	45	Construction Documents and Services	99
Registered Architect Exam Review (Optional)	75		
Entire Examination	485	Entire Examination	980

Section 9.118 is proposed to be amended to provide a transition for candidates who already passed some categories of the current written examination and will need to successfully complete new computerized categories for registration. The remaining proposed amendments reflect changes in the available dates and locations of the examinations, procedures to schedule and take the examinations, and deletions of provisions that apply to the written examination.

On September 25, 1996, the Senate Consumer Protection & Professional Licensure Committee voted to approve this regulation. On October 1, 1996, the House Professional Licensure Committee also voted to approve this regulation.

In 1995, approximately 281 candidates took the examination in Pennsylvania. The costs of the examination will increase substantially. As stated above, the cost for taking the entire examination will increase from \$485 to \$980. NCARB's charge per candidate is the same in all of the states. The benefits of the proposed amendments are an increase in the frequency and availability of the examination and the maintenance of a uniform National examination. Candidates will also be able to pay for the examination by credit card, voucher or cash at the time the examination is taken.

We have reviewed this regulation and find it to be in the public interest. While we believe the fee increase is substantial, the fees established by the regulation represent the contract costs with NCARB for examination services provided by a professional testing service. The Board is required by statute to establish fees to cover the cost of the examinations. Furthermore, Pennsylvania has two voting members in NCARB, so Pennsylvania had some say in the collective decision to use computer-based examinations.

Therefore, It Is Ordered That:

1. Regulation No. 16A-412 from the State Architects Licensure Board, as submitted to the Commission on September 13, 1996, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

State Board of Certified Real Estate Appraisers—Definitions; Doc. No. 16A-702

Order

On November 28, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Certified Real Estate Appraisers (Board). This rulemaking would amend 49 Pa. Code Chapter 36. The authority for this regulation is section 3 of the Assessors Certification Act (63 P. S. § 458.3). The proposed regulation was published in the December 9, 1995 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

The proposal adds two definitions and a new section titled "Scope of Practice" to the existing regulations for Certified Pennsylvania Evaluators (CPE). CPEs were established by Act 28 of 1992 (act). The act requires all

assessors, persons responsible for the valuation of real property for ad valorem taxation purposes, to be certified as CPEs. To become a CPE, individuals must complete a minimum of 90 hours of basic courses of study of the appraisal assessing profession and successfully complete a comprehensive examination covering all phases of the appraisal process and the assessment function established by assessment statutes.

The Board proposed this rulemaking to clarify that assessors and revaluation company personnel who receive certification are certified to establish the value of real property for tax assessment or governmental purposes only. The Board added definitions for the terms "Ad valorem taxation purposes" and "real estate tax assessment" because it is aware of instances where CPEs have conducted nonassessment related appraisals. These types of appraisals can only be conducted by certified real estate appraisers and real estate brokers, both of which have separate licensing requirements.

The Senate Consumer Protection and Professional Licensure Committee approved the final-form rulemaking on September 25, 1996. The House Professional Licensure Committee approved the regulation on October 1, 1996.

We have reviewed this regulation and find it to be in the public interest. Our Comments questioned whether the Board's reason for adding the definitions was apparent. We suggested the Board add a "Scope" section to Chapter 36 to clearly state the limitations of appraisal authority of those certified as CPEs. The Board agreed with our recommendation by adding a "Scope of Practice" section which states:

Assessors and revaluation company personnel who receive certification as a Pennsylvania evaluator may perform appraisals of real property only in limited circumstances, that is, for tax assessment/governmental purposes.

The Board made editorial changes to the definitions of "ad valorem taxation purposes" and "real estate tax assessment." It also adopted our second recommendation to include valuations placed on real property by revaluation company personnel in its definition of "real estate tax assessment." In the final-form rulemaking, the definition is expanded to include revaluation company personnel on contract with a government.

Therefore, It Is Ordered That:

1. Regulation No. 16A-702 from the State Board of Certified Real Estate Appraisers, as submitted to the Commission on September 13, 1996, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held

State Board of Medicine and State Board of Osteopathic Medicine—Respiratory Care Practitioners; Doc. No. 16A-532

Order

On February 9, 1996, the Independent Regulatory Review Commission (Commission) received this proposed

regulation from the State Board of Medicine and State Board of Osteopathic Medicine (Boards). The Boards have joined together to amend Chapters 18 and 25 of 49 Pa. Code by adding provisions for the certification and practice of respiratory care practitioners to each chapter. Under section 422.13(c) of the Medical Practice Act of 1985 (MPA) (63 P. S. § 422.13(c)) and section 271.10(c) of the Osteopathic Medical Practice Act (OMPA) (63 P. S. § 217.10(c)), the Boards are authorized to promulgate regulations to establish procedures for application, credentials, examination, certification and fees. The proposed regulation was published in the February 24, 1996 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

The Boards elected to jointly promulgate identical provisions for respiratory care practitioners within this regulation, as the amendments to both Boards' practice acts regarding respiratory care certification are identical. The MPA and the OMPA provide that respiratory care practitioners may obtain certification from either Board.

Both Boards have adopted identical fee schedules for respiratory care practitioners. The regulations establish five fees as follows:

- Temporary permit \$ 15
- Initial certification \$ 15
- Certification examination \$ 90
(effective July, 1996) \$100
- Reexamination \$ 60
- Biennial renewal \$ 25

As authorized by the MPA and the OMPA, the regulations establish that only those persons holding a temporary permit or certificate from either Board may use the title "respiratory care practitioner" or use the designation of "R.C.P." Further, a respiratory care practitioner may only provide services under the supervision of a licensed physician.

The regulations restate the list of 12 services and activities included in the scope of practice of respiratory care, as defined in the MPA and OMPA. The regulations recognize the National Board for Respiratory Care (NBRC) as the agency which credentials respiratory care practitioners and the Joint Review Committee on Respiratory Therapy Education (JRCRTE) as the educational program accrediting agency.

As set forth under the MPA and the OMPA, the regulations establish who is qualified to be issued temporary permits, which allow qualified individuals to practice respiratory care while awaiting the results of the certification examination. The regulations provide that a temporary permit expires upon notification of failure of the examination or 12 months from the date of issuance, whichever occurs first.

The regulations also establish the requirements under which the Boards will approve applicants for certification as respiratory care practitioners. In addition, the regulations provide that certificate holders may place their certifications on inactive status. Individuals applying to return to active status must submit a sworn statement and resume which covers the period of time when the certificate holder was not engaged in practice in the Commonwealth, and submit a letter of good standing from the licensing board of the other state or jurisdiction where the certificate holder is currently licensed.

The Boards have established fees for the issuance of temporary permits, certifications and biennial renewal for

respiratory care practitioners. Revenue generated from these fees will be used to cover the costs of administration of the certification programs. In 1994, it was estimated that there would be approximately 2,000 candidates for certification as respiratory care practitioners and the certification fees were based upon this number. Because this is such a new certification category, neither the Medicine nor Osteopathic Board could give a better estimate.

The Boards indicate that the regulations may impose additional costs upon the private sector. In particular, health care facilities and home health care entities who provide respiratory care services may incur additional costs in bringing their facilities into compliance by employing or utilizing certified practitioners.

Additionally, persons wishing to obtain certification from the Boards will incur costs associated with the administration of the respiratory care practitioner certification program, as well as costs associated with the qualifying examination.

The Senate Consumer Protection and Professional Licensure Committee voted to approve the final-form regulation on September 25, 1996. The House Professional Licensure Committee approved the final rule-making on October 1, 1996.

We made a number of recommendations in our Comments to the Boards regarding the proposed wording of several sections of the regulations. The issues in these regulations were essentially those of clarity and consistency with the authorizing statutes. In response to each of our concerns, the Boards appropriately amended the final-form regulations.

We have reviewed this regulation and find it to be in the public interest. Those individuals requiring respiratory care services will benefit from these proposed regulations by being assured that services will be performed by persons who have demonstrated compliance with education requirements and who have passed a minimum competency examination.

Therefore, It Is Ordered That:

1. Regulation No. 16A-532 from the State Board of Medicine and State Board of Osteopathic Medicine, as submitted to the Commission on September 13, 1996, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

Pennsylvania Public Utility Commission—Limousine Service Supplemental; Doc. No. 57-144

Order

On August 3, 1994, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). It would amend 52 Pa. Code Chapter 29 by amending sections 29.333(b) and 29.333(c), relating to vehicle and equipment requirements, and adding a new section 29.335, relating to trip sheet requirements. The PUC states its authority to promulgate this regulation is

found at section 501 of the Public Utility Code (66 Pa.C.S. § 501) and the Commonwealth Documents Law (45 P.S. § 1201 *et seq.*). The proposed version of this regulation was published in the August 13, 1994, edition of the *Pennsylvania Bulletin*, with a 45-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

These rulemaking amendments are intended to clarify and supplement those regulations which differentiate limousine service from taxicab "call and demand" service. The additional objective is to achieve more consistent interpretation and application of limousine regulations by the PUC and the limousine industry.

According to the PUC, there were 17 commentators on the proposed rulemaking version. Posten Taxi Inc. (Wilkes-Barre) and The Brotherhood of Unified Taxi Drivers/Owners (Philadelphia) submitted comments in favor of the proposed version of the rulemaking. The remainder of the commentators expressed varying degrees of opposition, with most recommending deletion of the proposed new tariff requirements for limousines.

In the proposed version of this rulemaking, the PUC sought comment on proposed amendments to three sections of its limousine service regulations. Under section 29.333(a), the seating capacity of a "luxury type vehicle" classified as a "limousine" would have been changed from ten to nine passengers, minus the driver. The intent was to better conform the PUC's definition with the definition of "limousine" under the Motor Vehicle Code. The latter defines a limousine as a motor vehicle, commercially available for hire, which carries up to nine persons (excluding the driver). Given the array of differently configured "limousines" or luxury-type vehicles available today, however, we and a majority of commentators saw no reason to change the definition and recommended that the proposed change not be made. The PUC agreed and deleted this proposed change from the final-form regulation.

The PUC also proposed to clarify and expand the definition of a "luxury type vehicle" under section 29.333(b). To qualify, such vehicles must be manufactured or modified to have physical configurations and accessory features not found or commonplace in lower priced vehicles. Luxury-type vehicles must also provide patrons with a higher level of service and comfort than ordinarily available in call or demand, paratransit, and airport transfer services. Section 29.333(b) also describes a list of the minimum features and other amenities that a luxury-type vehicle should have. These provisions have been retained with some modifications in the final-form regulation. The PUC also added some clarifying language we suggested for the basic definition.

The proposed version of section 29.333(b) also provided that classic and antique vehicles, as defined in the Motor Vehicle Code, may be included. It also stated that vans which meet the definition be included, but it specifically excluded station wagons and all-purpose vehicles. Responding to commentators' concerns opposing the blanket exclusion of station wagons and all-purpose vehicles, the PUC amended the final-form regulation to delete all references to specific types of vehicles in section 29.333(b).

The PUC proposed a new section 29.333(c), which sets forth categories of required information a company would have to provide to the PUC about vehicles the company intended to acquire and use in its business. After review-

ing commentators' comments, the PUC decided to delete this new subsection because its requirements may unduly delay applicants' ability to put additional luxury-type vehicles into service. We note that even without these requirements there is some additional delay in the process of getting a new license plate issued for a vehicle. The Department of Transportation (DOT) does not issue license plates for such PUC-registered vehicles until it has confirmed that the applicant is in good, current standing with the PUC.

The PUC originally proposed to amend section 29.333(d) to provide that all vehicles licensed as limousines are required to bear a limousine license plate. The final-form regulation deletes that requirement because of the PUC's decision not to conform its definition of a "limousine" to the definition of the same term under the Motor Vehicle Code.

If a luxury-type vehicle used in commerce for hire has the capacity to carry no more than nine passengers, DOT will issue a "limousine" license plate (except in Allegheny County, where a passenger car license plate will be issued—provided the owner/operator certifies to DOT that the vehicle will remain within the boundaries of Allegheny County). A commercial luxury vehicle which carries 10 or more passengers will be issued a "bus" license plate. A limousine or luxury-type vehicle used privately (for example, not available for hire) will be issued a passenger car license plate, regardless of the number of passengers it can carry.

The most controversial part of this rulemaking in the proposed stage involved the proposed new provisions in section 29.334, relating to tariff requirements. This section currently provides that limousine rates may be based on mileage or time, or both, and must be set forth in a tariff filed, posted and published under statute and this chapter.

The proposed amendments provided (in Subsection (a)) that the primary rate structure for limousine service shall be based on time, with supplemental charges based on mileage assessable where round trip mileage exceeds 100 miles. Subsection (b) proposed to establish a minimum charge of not less than the charge for 1 hour at the rate provided in the respective primary rate structure. Subsection (c) provided that rate levels, as fully detailed in the carrier's tariff, would be based on the nature of the luxury vehicle provided. Subsection (d) provided that charges for nontransportation services were not to be included in the carrier's tariff. Lastly, proposed Subsection (e) provided for the filing, posting and publishing of limousine tariffs, to be accompanied by financial justification and other supporting documentation.

These proposed changes in tariff requirements were intended to more clearly differentiate limousine services from taxicab services. Commentators raised a variety of objections. Some asserted that these proposed new tariff provisions were an unacknowledged attempt to resolve competitive antagonisms which apparently have developed in Philadelphia between the taxicab industry and those limousine services providers which function as limousine/taxi hybrids, known as "executive sedan" services.

Other commentators with no financial interest or stake in the limousine and executive sedan sector (CoreStates Bank, N. A. and the Philadelphia Convention and Visitors Bureau) stated that the changes would unnecessarily

increase their costs and adversely affect their businesses. Kathrynann W. Durham, Republican Chairperson of the House Consumer Affairs Committee, stated in her comment letter that she could not understand the need for the PUC to further differentiate between call and demand service and limousine service, to the possible detriment of one industry and those members of the public who wish to use limousine service.

We agreed with these commentators and noted in our Comments that the PUC's basic mandate is to serve the public interest. Our basic concern was that the PUC had not explained or justified the proposed revisions to section 29.334 in terms of what is in the best interest of the riding public. We recommended that the principal litmus test the PUC should apply to all proposed changes in this regulation is whether a currently available beneficial service to the riding public would be improved, or reduced or adversely affected as a consequence of these amendments.

The PUC deleted all of the proposed new tariff requirements from the final-form regulation. It did so based on its determination in the matter of *Pa. PUC v. Metro Transportation Co.*, PUC Docket No. I-00940030, Order entered July 21, 1995. In that case, the PUC ordered an investigation into the competition between limousine services and taxicab services. The PUC stated that it recognized, in that case, there is some allowable overlap among the various types of passenger transportation. The PUC also concluded that the taxicab industry is withstanding competition fairly well. As a consequence, the PUC stated:

... we find that changing the tariff structure as proposed would not be in the public interests of the riding public. We will not penalize the public in order to referee a dispute between taxicabs and limousines. Obviously, the limousines are providing a service for a price that the public wants. . . . We will not frustrate the workings of the market place by establishing a limousine tariff structure that would only serve to increase costs of limousine services to the public.

Section 29.335 is a new provision which would require drivers of for-hire luxury-type vehicles to fill in a trip sheet with seven different categories of information in the vehicle to evidence its use in service. Such records will assist the PUC in ensuring that operators comply with this regulation. In response to our Comment on the subject, the PUC changed the records retention requirement for trip sheets from 2 years to 1 year.

The Senate Consumer Protection and Professional Licensure Committee met and voted to approve the final-form regulation on September 25, 1996.

The final-form regulation will eliminate or at least substantially reduce any industry confusion about what constitutes a luxury-type vehicle, which will benefit the industry, the public and the PUC. The regulation will affect primarily owners and operators of limousine and luxury-type vehicles licensed by the PUC throughout the Commonwealth. However, those impacts will be much less than under the proposed version of the regulation by virtue of the PUC eliminating certain unpopular and restrictive provisions such as the controversial new tariff provisions and the requirement to submit information and photos of a vehicle for PUC approval before the vehicle can be put into service.

We have reviewed this regulation and find it to be in the public interest. The marketplace has clearly demon-

strated in recent years the public's desire to hire limousine service vehicles unfettered by basic restrictions on mileage charges, method of payment (cash or credit), and with no minimum time advance calling requirements. This final-form regulation reflects the PUC's acknowledgment of that reality by providing less regulation rather than more regulation.

Therefore, It Is Ordered That:

1. Regulation No. 57-144 from the Pennsylvania Public Utility Commission, as submitted to the Commission on September 13, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

State Registration Board for Professional Engineers, Land Surveyors and Geologists—General Revisions; Doc. No. 16A-473

Order

On December 1, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Registration Board for Professional Engineers, Land Surveyors and Geologists (Board). This rulemaking would amend 49 Pa. Code §§ 37.1, 37.18, 37.58, 37.59 and 37.81—37.83, and add new sections 37.36 and 37.37. The authority for this regulation is section 4(I) of the Engineer, Land Surveyor and Geologist Registration Law (Law) (63 P. S. § 150(I)). The proposed regulation was published in the December 16, 1995 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

The basic purpose of this regulation is to implement Act 151 of 1992. This act transformed the State Registration Board for Professional Engineers and Professional Land Surveyors into the State Registration Board for Professional Engineers, Land Surveyors and Geologists. This regulation establishes the education and experience requirements for licensure of professional geologists.

Most of the changes are editorial in nature. In existing sections of 49 Pa. Code Chapter 37, the amendments are simple insertions of words such as "geology," "professional geologist," and "Registered Professional Geologist" in sections related to reactivation of licensure status, registration number and seal, and disciplinary process and conduct. The additions to the chapter include the design of a new authorized "Commonwealth of Pennsylvania" seal for use by a Registered Professional Geologist.

The proposal also adds two new sections, 49 Pa. Code §§ 37.36 and 37.37, which set forth the education and experience requirements for an applicant seeking to become a licensed geologist. An applicant needs to provide the Board with evidence of having graduated from an accredited institution with a major in geology, geophysics, geochemistry or engineering geology and a minimum of 30 semester or 45 quarter hours in these areas or their subdivisions. To fulfill the "experience" requirement, an applicant needs to have at least 5 years of experience in professional geological work. Both the "education" and "experience" requirements included details about excep-

tions or alternatives for meeting the requirements. The regulation also adds two new terms, "Professional geological work" and "Responsible position," to the existing definitions section at 49 Pa. Code § 37.1.

The Board contends that these amendments will have no negative fiscal impact on the Commonwealth, its political subdivisions or the general public.

During the proposed rulemaking stage, comments were submitted by Bryan J. McConnell of Cecil, Pennsylvania; Michael M. Ryan, P. E., Deputy Secretary for Highway Administration, Department of Transportation (DOT); and American Institute of Professional Geologists.

The Senate Consumer Protection and Professional Licensure Committee approved the final-form regulation on September 25, 1996. The House Professional Licensure Committee approved the regulation on October 1, 1996.

We have reviewed this regulation and find it to be in the public interest. The Board used our Comments on the proposed regulation to improve the regulation by clarifying terms, standards and procedures. For example the definition of "professional geological work" in the proposed regulation was unclear. The definition of this term is important because it delineates the types of experience required of an applicant to become a "registered professional geologist" in Pennsylvania. The definition of "professional geological work" in the proposed rulemaking excluded certain tasks beyond the tasks or types of work excluded by the specific language of the Law. We recommended that the additional language be deleted from the regulation. The Board made this revision in the final-form regulation and added new language which clarifies its intent and is consistent with the Law.

Another example of constructive revision is found in the Board's amendments to the regulation's reference requirements. The proposed regulation required an applicant to obtain references from professional geologists under whose direction the applicant had worked. The proposed regulation contained no exception to this rule even though the Law allows applicants to meet the experience requirement with 3 years of work under a qualified geologist or 5 years of work in a responsible position in geological work. We questioned whether an applicant with 5 years of independent work experience would be able to meet the reference requirement if he or she had never worked under the supervision of another geologist. The Board amended the regulation to allow applicants with 5 years of experience to use references who are not geologists.

Finally, the Board clarified another term, corrected a typographical error, and added a provision stating that it would notify an applicant when it decides to investigate the applicant's application. The outcome is that the Board has revised the regulation in a constructive fashion that serves the public interest by bringing the regulation into greater conformity with the Law.

Therefore, It Is Ordered That:

1. Regulation No. 16A-473 from the State Registration Board for Professional Engineers, Land Surveyors and Geologists, as submitted to the Commission on September 13, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Public meeting held
October 3, 1996

Pennsylvania Public Utility Commission—Taxicab Medallion Program; Doc. No. 57-153

Order

On April 11, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would amend 52 Pa. Code Chapter 30 relating to the taxicab Medallion Program by revising sections pertaining to equipment and reporting requirements and by adding new enforcement and administrative provisions. The authority for this regulation is section 2404(a) of the act of April 4, 1990 (Medallion Act) (66 P. S. § 2404(a)) which directs the PUC to establish regulations pertaining to taxicab inspection and recording requirements in cities of the first class. The proposed regulation was published in the April 22, 1995 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

The Philadelphia taxicab industry has undergone major changes due to the passage of the Medallion Act in 1990, and the implementation of the PUC's first regulation in 1991. As proposed, this regulation furthers the goals established within the Medallion Act and makes revisions as a result of the PUC's experience in regulating the taxi industry.

The PUC is proposing to amend section 30.31 relating to "Vehicle Equipment Requirements" to add a requirement for functioning door locks in a taxicab which will provide greater safety for the customer. This section also requires taxi meters to have a PUC seal on the meter at all times after the meter has passed an accuracy test. The regulation requires that if the seal becomes broken or damaged, the vehicle is to be removed from service immediately.

The regulation requires that the medallion number be permanently affixed to the sides of the taxicab. The PUC intends this requirement to eliminate magnetic or temporary markings which may be easily obscured or eliminated. In addition, this section prohibits the use of any in-vehicle device which alters the approved rate of a taxi meter. This provision is to protect customers from taxi drivers who overcharge customers with fare-increasing devices.

Section 30.33(c)(6) provides for the reinspection of a taxicab which has been placed out of service for safety violations by a PUC enforcement officer or a police officer employed by a city of the first class. If the vehicle does not comply with the PUC's safety requirements after inspection, the medallion will be removed and held by the PUC. A hearing is to be held within 10 days following the date of the removal of the medallion. This requirement is designed to increase taxicab safety by providing the PUC with an easy means of identifying taxicabs with known safety violations.

In the final-form regulation, the PUC added a section which specifies that fines for violations of this subchapter will range from \$250 to \$1,000. The PUC amended section 30.54(e) by providing the presiding officer (also known as the administrative law judge), instead of the

parties, with the discretion to require proposed findings of fact and conclusions of law. This change would remedy an error in the original rulemaking and give effect to the original intent of this section. This section would also require a presiding officer to render a written decision within 30 days (rather than 25 days) after a hearing or receipt of any proposed findings of fact and conclusions of law. The extra 5 days are intended to provide additional time for completing the decision.

New language in section 30.72(j) provides for the disqualification of a taxi driver certificate applicant who fails to be truthful on the application. Applicants who knowingly lie on their applications will not be issued a taxi driver's certificate. Subsection (k) provides for the suspension and confiscation of a taxi driver's certificate if the certificate holder's driver's license has been suspended or revoked, the certificate has expired or the certificate holder has made a false statement on the certificate application which would impact upon the public health or safety. This provision is intended to protect customers by eliminating unfit taxicab drivers. In addition, the PUC added language to the final-form regulation which specifies that a hearing on the suspension will be held within 30 days of the date of suspension.

Section 30.74(a) requires the original taxi driver's certificate to be clearly displayed on the taxicab's protective shield. Furthermore, subsection (b) requires that the certificate not be mutilated, damaged or unreadable, and subsection (c) requires that only one taxi driver's certificate may be displayed at any one time. The purpose of these provisions is to allow the customer to be able to easily identify the taxi driver.

Section 30.75 requires fare schedules to be printed with letters and numbers at least half-an-inch in size to help eliminate unreadable fare schedules. Other changes to this section require taxi drivers to report a change of legal name or address within 15 days to improve the accuracy of the PUC's records.

Finally, section 30.76(e) provides that operation of a taxicab by an individual not holding a current and valid taxi driver's certificate may result in cancellation of the medallion holder's taxi driver's certificate or cancellation of the medallion holder's certificate of public convenience.

The House Consumer Affairs Committee commented on the proposed regulation and requested that the PUC include guidelines for fees imposed upon violation of the regulation. The PUC agreed to this request.

The Senate Consumer Protection and Professional Licensure Committee met and voted to approve the final-form regulation at a meeting held on September 25, 1996.

In our Comments, we recommended a number of revisions to the PUC in order to resolve conflicts in the proposed regulation with the provisions of the Medallion Act or to clarify the final-form regulation. In response, the PUC amended several sections of the final-form regulation by adding provisions for post-deprivation hearings to address some of our due process concerns as well as other amendments.

We have reviewed this regulation and find it to be in the public interest. The regulation is designed to benefit persons who use taxicab service by improving the condition and maintenance of vehicles in service, and streamlining regulatory enforcement by the PUC and local government enforcement officers. The public will benefit from the added safety features which will enhance responsibility and accountability on the part of the taxicab

industry. The PUC will also benefit to the extent that the current regulation is clarified and will be better able to track taxi drivers.

Therefore, It Is Ordered That:

1. Regulation No. 57-153 from the Pennsylvania Public Utility Commission, as submitted to the Commission on September 13, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Pennsylvania Public Utility Commission—Termination of Utility Service to Health Care Facilities; Doc. No. 57-173

Order

On September 13, 1996, the Independent Regulatory Review Commission (Commission) received this regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would add sections 55.101—55.115, relating to termination of utility service to health care facilities, to 52 Pa. Code Chapter 55. The authority for this regulation is contained in sections 501, 1501 and 1504 of the Public Utility Code (66 Pa.C.S. §§ 501, 1501 and 1504). Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This regulation mandates that utilities provide advance notice to health care facilities before they terminate service to such a facility. The regulation contains a two-tiered system of providing notice of termination to health care facilities. First, section 55.104 requires a utility to send a service termination notice to a health care facility at least 37 days before terminating service. The utility is also required to send a copy of the termination notice to the agency which issued the license or certificate for the facility and the PUC's Bureau of Consumer Services. Second, a utility may not terminate service without personally contacting the facility's administrator or an individual designated by the facility.

To identify existing utility customers that are health care facilities, the PUC's Bureau of Consumer Services will obtain listings of licensees that match the regulation's definition of health care facilities from the Departments of Aging (Aging), Health (Health) and Public Welfare (DPW). The utilities will use these lists to identify customers that are health care facilities and to assure compliance with this regulation. When initiating service with a new nonresidential customer, each utility will ascertain whether the applicant is a health care facility and code its records to insure compliance with this regulation. The utility may ask the facility for a copy of its license from Aging, Health or DPW. The health care facility must provide this documentation within 10 days of the utility's request.

The costs imposed on the utilities by this regulation are minimal. There will be a "one-time" cost to the utilities for processing the lists of currently licensed facilities provided by Aging, Health and DPW, and using the lists to identify customers as health care facilities. The PUC, Aging, Health and DPW claim that this regulation will impose no additional costs on the Commonwealth.

The PUC claims this regulation may cut costs by reducing the number of emergency situations created by a pending termination of utility service to a health care facility that places facility patients at risk. Under existing rules, utilities need only give 3 days notice to health care facilities before terminating service. The existing rules can lead to crisis situations when patients or residents need to be quickly relocated. These situations often require diverting public and private staffs from other duties, and compel expedient solutions that include additional financial burdens and overtime costs. An orderly procedure with ample notice will foster a smooth and less costly resolution to service termination, and transfer and relocation of patients or residents.

The Senate Consumer Protection and Professional Licensure Committee approved this regulation on September 25, 1996. We also received letters of support for this regulation from the Hospital Association of Pennsylvania and DPW, and additional comments from Aging and Health.

We have reviewed this regulation and find it to be in the public interest. This regulation is a revised version of Regulation # 57-120. Regulation # 57-120 was disapproved by this Commission on May 24, 1995. This version of the regulation contains revisions which address the concerns expressed by the House Consumer Affairs Committee (House Committee) and this Commission with the previous regulation in May 1995. These revisions are the result of a compromise drafted by the PUC staff and based on comments and suggestions from representatives from the utilities, health care associations, House Committee staff, and Aging, Health and DPW staffs. All participants in this process are to be commended for their diligence in working toward a feasible regulation that serves the public interest.

This compromise addresses two primary concerns identified by the House Committee and this Commission. Last year's final-form version of Regulation # 57-120 contained a provision that would have required a utility to "conspicuously post a written notice of termination" at a health care facility that is scheduled for service termination in 10 days. Both the House Committee and the Commission stated that this requirement was duplicative and unnecessary since utilities were required to personally contact a designated individual at the health care facility as well as the agency which licensed the facility and the PUC Bureau of Consumer Services. In response to these concerns, the PUC removed the 10-day posting requirement from the current version of this regulation.

In addition, the House Committee and utilities opposed provisions in the previous regulation that required utilities to contact their current customers who were identified as health care facilities on the lists of licensees provided by Aging, Health and DPW. Through this contract, utilities would request that each existing facility in their service areas designate an individual to serve as the first point of contact for delivery of a notice of termination. The House Committee suggested that this requirement was unnecessary and excessively burdensome. With the agreement of the utilities and House Committee staff, and with help from representatives from the health care associations, the PUC developed a compromise whereby the utilities would use the listings of licensees from Aging, Health and DPW to identify customers who were health care facilities without any requirement to contact current customers. The departmental listings include the name of an administrator or responsible person at a health care facility. Utilities would list this person in

their records as the "designated individual" who would be given the advance notice of termination. This compromise is now a part of the current regulation.

The final product represents a compromise that places little to no significant burdens on utilities while still realizing the objectives of the original regulation. The protection provided by this regulation is very important for patients or residents of health care facilities. These people are more vulnerable and less able to react to utility service termination than able-bodied residents of apartment complexes or other dwellings. Given the recent history of rapid change and inflation in health care costs, the financial solvency of health care facilities is subject to continuing stress. If facilities are unable to pay their bills, this regulation will provide additional time for resolving financial difficulties or the transfer of patients and residents to other suitable facilities.

Therefore, It Is Ordered That:

1. Regulation No. 57-173 from the Pennsylvania Public Utility Commission, as submitted to the Commission on September 13, 1996, is approved; and

2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.

Public meeting held
October 3, 1996

Pennsylvania Public Utility Commission—Small Water and Sewer Company Rate Methodologies; Doc. No. 57-149

Order

On August 30, 1994, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would amend 52 Pa. Code Chapter 53. The authority for this regulation is contained in sections 1301, 1305, 1307 and 1311 of the Public Utility Code. The proposed regulation was published in the September 10, 1994 edition of the *Pennsylvania Bulletin* with a 45-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

The PUC is proposing this rulemaking to assist small water and wastewater utilities in the Commonwealth. The PUC observes that many of these small utilities are presently and unjustifiably unable to obtain the needed rate relief under a rate base/rate of return ratemaking model. Additionally, the PUC claims that many small water utilities are financially unable to comply with recent State and Federal safe drinking water regulations. Therefore, the PUC is proposing four specific provisions that it believes will solve these problems.

First, the PUC is proposing to allow small water and wastewater utilities to establish their rates based upon an operating ratio methodology, instead of the traditional rate base/rate of return methodology. The PUC believes that an operating ratio will allow the utilities to establish rates that are more sufficient because many small utilities have limited capital investment. The operating ratio is calculated as a ratio of operating expenses to operating revenues, with the PUC determining the target ratio.

The second substantive change is allowing small water and wastewater companies to establish an emergency maintenance and operation fund (emergency fund). The purpose of this fund is to pay for extraordinary repairs and maintenance because of drought conditions, environmental and physical damages, floods, storms, freeze-ups, or other health and welfare threatening situations. The amount in this fund may not exceed 45 days of the average operating expenses, excluding taxes and depreciation.

The third provision in the regulation would permit the establishment of a reserve account. The reserve account will be a segregated account to be funded by customer contributions collected through base rates for the purpose of making future capital improvements to a utility's plant pursuant to a long range plan developed in conjunction either with the PUC or the Department of Environmental Protection (DEP). The amounts to be allocated to the reserve account will be determined by the Commission after review of the utility's proposed capital budget and the justification for that budget.

The final major provision of the regulation will allow a water utility to establish a sliding scale of rates, upon 60 days notice to customers, to recover the cost of purchased water obtained from municipal authorities.

On September 25, 1996, the Senate Consumer Affairs and Professional Licensure Committee approved the final-form rulemaking.

We submitted detailed comments expressing concern with the legality of the PUC establishing the emergency fund and the reserve account, as well as the appropriateness of the operating ratio. The PUC did not make any changes to the regulation in response to our Comments or those of other commentators. As we will discuss, our concerns remain with the rulemaking.

During the proposed rulemaking stage, the OCA commented that the PUC does not have the authority to establish the emergency fund because it would enable small water and wastewater utilities to violate sound regulatory policy by permitting these companies to charge for contingencies which may never occur. Similarly, both the OCA and the PUC's Office of Trial Staff (OTS) commented that the reserve accounts violate section 1315 of the Public Utility Code because the regulation would allow a utility to collect, through rates, revenues to be used for capital improvements before capital improvements are "used and useful." They note that the Supreme Court has held, in *Barasch v. Pa. PUC (Barasch)* 532 A.2d 325 (Pa. 1987), that a utility may not base rates on future capital projects.

In our Comments, we agreed with the OCA's and OTS's position on this issue. In reviewing the decision in *Barasch*, we believe the OTS and the OCA have raised a legitimate legal concern. In *Barasch*, the OCA objected to the PUC allowing utilities to recover the cost of obtaining land and capital for the construction of nuclear plants, which were subsequently canceled. The court, agreeing with the OCA, stated:

We therefore hold that section 1315 of the Code must be read as prohibiting an electric utility from recovering the costs of canceled plants from ratepayers, either by making such costs part of its rate base or by converting them into operating expenses through amortization. . . . One of the cardinal principles of this state's public utility law is that, in the setting of rates for services to the public, a utility company is entitled to a return only on such of its property as is

used and useful in the public service. . . . Given what we have already said about the fundamental principle of this state's public utility jurisdiction, *it should be clear that no utility of any type is permitted, without express and valid legislative authorization, to charge ratepayers for property which is not used and useful in the production of current utility service.* (Emphasis added)

In a subsequent Commonwealth Court case, *Staffaronei v. Pa. PUC*, 562 A.2d 414 (Pa. Cmwlth. 1989) the OCA objected to the PUC including the principal and interest of a loan obtained by a water company. The OCA observed that the loan was not used by the water utility to provide water service to ratepayers. The OCA argued that the PUC could not include this loan in establishing rates because it was not used for purposes directly related to providing services to ratepayers and therefore contradicted the Supreme Court's decision in *Barasch*. The PUC argued that the decision in *Barasch* applied only to electric utilities and not water utilities.

The Commonwealth Court disagreed with the PUC's assertion that the *Barasch* decision did not apply to water companies. The court stated:

It is clear that *Barasch* first is a restatement in case law of the long held premise that property owned by a utility may not be included in its rate base unless it is used and useful in the public service. . . . The court next made it clear that the used and useful principle applies to all Pennsylvania public utilities, not merely the electric utilities that were parties to *Barasch*.

In our Comments, we observed that the establishment of the emergency fund and the reserve account would allow a water utility to base part of its rates for the purpose of funding future projects that the utility may need to provide service in the future. In essence, ratepayers would be asked to pay for projects that may never be implemented or when a project is completed, a ratepayer who contributed to the fund may no longer be a customer of the utility. Therefore, we recommended the PUC delete the provisions relating to the reserve account and the emergency account.

The PUC did not adopt our recommendation. The PUC's response only discusses its belief that it had the legal authority to establish an emergency fund; it did not discuss the legality of the reserve account. With respect to the emergency fund, the PUC believes that it is clearly "use and useful" in that it provides a reserve for coping with emergencies in a manner similar to insurance. The PUC justifies the legality of the emergency fund by comparing it to contributions in aid of construction, which are legal. Finally, at the Commission's October 3, 1996 public meeting, the PUC asserted that a September 19, 1995 Pennsylvania Supreme Court decision, *Papowsky v. Pennsylvania Public Utility Commission et. al.*, 665 A.2d 808 (Pa. 1994) distinguished *Barasch* and supports the legality of the reserve account and the emergency fund.

We disagree with the PUC's response. First, the PUC's assertion that the emergency fund is "use and useful" because it provides a reserve for emergencies ignores the *Barasch* decision that states ". . . no utility of any type is permitted, without express and valid legislative authorization, to charge ratepayers for property which is not used and useful in the production of current utility service" (emphasis added). We believe the decision is clear that revenues generated from rates may only be used for current utility services. Since the revenues placed in the

emergency fund (as well as the reserve account) will not be used for current utility service, but for an unknown future project, it contradicts the holding in the *Barasch* decision.

Second, we believe the PUC's comparison of the emergency fund to contributions in aid of construction to be inappropriate. Contributions in aid of construction are contributions a ratepayer makes to a utility for a specific utility service, such as extending water lines to a secluded home. In this instance, the customer will directly be using and benefiting from the utility service. In contrast, the emergency fund and reserve fund will pay for future projects that may not be used by the ratepayers who contributed to the fund.

Finally, we disagree with the PUC's assertion that the Supreme Court's decision in *Popowsky* limits the *Barasch* decision on this rulemaking. In *Popowsky*, the court was considering whether the PUC could base rates, in part, on the cost associated with the decommissioning of a nuclear plant. The court ruled that the PUC could include these costs because it is reasonably anticipated that the utility will have to incur the costs with decommissioning the nuclear plant under Federal law. However, the *Popowsky* decision distinguished between property that has been use and useful in the actual production of utility service and that property that was or has not been placed into service. Specifically, the Supreme Court in *Popowsky* stated the following:

While *Barasch* and *Penelec* bar a utility from earning an investment return on property that is not used and useful, and protect ratepayers from being charged for *property that was never placed in service*, neither prevents expenses related to properties *that were previously in service* from being charged to ratepayers where a balance of consumer and investor interests make it just and reasonable to do so. (emphasis added)

We believe the distinction between something that may never be used and that which has been used in the production of utility service is important to this rulemaking. Specifically, the emergency fund and reserve account are for potential future projects and are not comparable to the costs associated with removing a facility that has provided utility service. Since the revenues placed into the emergency fund and reserve account will be for projects that may occur at some point in the future or not at all, we do not believe the *Popowsky* decision either limits the application of *Barasch* to this proposal nor supports the creation of these two funds.

Therefore, for the reasons stated we continue to believe the PUC lacks the necessary authority to allow utilities to create either the emergency fund or the reserve account and recommended they both be deleted from the rulemaking.

Our second concern is with the lack of justification for the use of an operating ratio. Our Comments expressed concern with the economic basis of using an operating ratio. Specifically, we questioned how the use of an operating ratio will insure that a small water or wastewater company will invest the capital necessary to improve its water system or comply with new State and Federal regulations. Although the use of an operating ratio may result in increased revenues, we noted that there were no guarantees that the company will use the increased revenues for capital improvements. We also noted that the PUC had asked commentators to address the questions of whether there was any economic or financial

theory that supports the use of an operating ratio for these types of utilities or if it will discourage utility management from operating efficiently. In our Comments, we agreed these were legitimate questions, but also believed the PUC has the duty to answer these questions to justify the use of an operating ratio.

The PUC did not directly respond to our questions on the rationale for using an operating ratio. Instead, the PUC stated that their goal remains, under any ratemaking methodology, to set just and reasonable rates and that it cannot make the ratemaking process so arduous and expensive that small companies cannot obtain the rate relief to which they are otherwise entitled. The PUC believes that the current costs associated with filing a revision to a tariff under a rate base/rate of return system are cost prohibitive. The PUC believes that the use of an operating ratio will decrease these costs.

We continue to question the appropriateness of the use of an operating ratio for small water and wastewater utilities. First, the PUC still has not shown that there is any economic or financial theory that supports the use of an operating ratio for water utilities or demonstrate that it will encourage the utilities to upgrade their system. Second, while we understand the PUC's concern that the current ratemaking system may be too cost prohibitive for a small water or wastewater utility, we believe that the costs of filing a new rate case will still be significant with an operating ratio. Specifically, the questions on what are the utility's legitimate and reasonable operating expenses will remain and arguments over what constitutes a reasonable rate of return will be replaced with debates as to what is the appropriate target ratio. If the current ratemaking process is too costly for small water utilities and wastewater utilities, perhaps the PUC should consider amending their internal processes for these ratemaking processes instead of proposing to use an unproven rate methodology.

Finally, in our Comments we expressed concern with the proposal that would not allow a water utility to recover all costs associated with an increase in their purchased water costs. Specifically, a utility using a purchased water cost adjustment must pass the entire amount of any reduction in purchase water costs to its ratepayers. However, if purchased water costs increase, the utility may only collect increases prospectively from the date it files for an increase, not the date of the increase when the purchased water costs occurred. Depending on the amount of notice the utility receives, this could result in a utility not being able to recover a significant portion of all its costs. This could create additional problems for small utilities which, in theory, these regulations have been promulgated to help. Therefore, we recommended that this provision be revised to allow utilities to recover all increases in purchased water costs.

The PUC responded that our observation was correct that a utility may not be able to collect all of its increased cost. However, the PUC did not amend the regulation to allow for a utility to collect for the increased costs. The PUC believes that the provision prevents companies from attempting to "net out" cost increases and decreases by delaying the reporting of purchased water cost decreases until later increases have netted out the difference.

We disagree with the PUC's response. First, we do not believe the PUC should be crafting a regulation based upon the assumption that a utility will not act in a responsible manner. If the intent of the regulation is to provide relief for small water utilities, than the PUC

should allow these companies to recoup all increased purchased water costs. Second, a water company may not have notice of the increase cost of water and would be unable to file a revision to its tariff until after the price increase. Therefore, we continue to believe the regulation should allow the water utility to collect all increases in purchased water costs.

We have reviewed this regulation and find it not to be in the public interest. We believe the PUC lacks the necessary authority to allow water utilities and wastewater utilities to establish either the emergency fund or the reserve account because they violate the used and useful clause in section 1315 of the Public Utility Code. In addition, we believe that the PUC has not provided adequate justification that demonstrates the use of an operating ratio will help resolve the current financial problems facing small water and wastewater utilities. Finally, we believe the regulation should allow a water utility to collect all costs associated with a purchased water increase.

Therefore, It Is Ordered That:

1. Regulation No. 57-149 from the Pennsylvania Public Utility Commission, as submitted to the Commission on September 13, 1996, is disapproved;

2. The Pennsylvania Public Utility Commission shall, within 7 days of receipt of this Order, notify the Governor, the designated Standing Committees of the House of Representatives and the Senate, and the Commission of its intention to either proceed with the promulgation of the regulation without revisions, to revise the regulation, or to withdraw the regulation. Failure to submit notification within the 7-day period shall constitute withdrawal of the regulation;

3. The Commission will transmit a copy of this Order to the Legislative Reference Bureau; and

4. This Order constitutes a bar to final publication of Regulation No. 57-149 under section 6(b) of the Regulatory Review Act (71 P. S. § 745.6(b)).

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

Pennsylvania Public Utility Commission—Gas Transportation Tariffs; Doc. No. 57-150

Order

On August 3, 1994, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking would amend 52 Pa. Code Chapter 60. The authority for this regulation is contained in sections 501, 1301 and 1501—1508 of the Public Utility Code. The proposed regulation was published in the August 13, 1994 *Pennsylvania Bulletin* with a 45-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

In 1986, the PUC adopted a regulation which required utilities to offer natural gas transportation services and outlined the methods to establish the rates for this service. The intent of the initial rulemaking was to provide gas customers the ability to directly contract with gas producers and suppliers to obtain a more competitive rate for gas. With this rulemaking, the PUC is updating

the gas transportation regulations to improve access for gas transportation customers and ensure that all transportation customers are paying their fair share for the service. The regulation modifies the rules for how the transportation rates will be determined, the provisions for the balancing of gas deliveries and withdrawals, and the stand-by requirements for essential human needs customers.

On September 25, 1996, the Senate Consumer Affairs Committee and Professional Licensure Committee disapproved the final-form regulation. On October 2, 1996, the House Consumer Affairs Committee also disapproved the final rulemaking.

We received letters from the Pennsylvania Gas Association, Columbia Gas, and National Fuel Gas Distribution Company opposing the regulation. The Independent Oil and Gas Producers of Pennsylvania submitted a letter indicating its support for the regulation.

We recognize the significant steps the PUC has taken to solicit public input and directly involve affected parties in the development of the regulation. Although the PUC has made some amendments in response to public comments, we still have several concerns with the regulation and believe the PUC must resolve these issues prior to final adoption.

First, our Comments on the proposed rulemaking and draft final-form regulation opposed the use of individual operational balancing agreements (OBA). These agreements will allow a utility, at its discretion, to contract with individual transportation customers for balancing provisions that are different than those contained in the regulation and a utility's tariff. The agreements will not be reviewed by the PUC nor will they be publicly available. Our Comments on the proposed rulemaking opposed individual OBAs because they could circumvent the intent of the rulemaking of avoiding cross subsidization between customers. In our Comments on the draft final form rulemaking, we continued to oppose the inclusion of individual OBAs because we believed it was the duty of the PUC to assure that a gas utility did not enter into a specific agreement which may result in cross subsidization between customers or is discriminatory. Therefore, our Comments on the draft final-form rulemaking recommend that if the PUC believes that individual OBAs are necessary, then it should amend the rulemaking to require these agreements be reviewed and approved by the PUC prior to their implementation. By requiring the PUB to review these agreements, the PUC can assure that an OBA is not discriminatory or results in cross subsidization between the customers of the utility.

The PUC did not agree with our recommendation and continues to permit individual OBAs. The PUC believes that OBAs will be of primary interest to large industrial customers with operating characteristics or requirements which present special or unusual service needs to the utility. Although the PUC intimates that we should not be concerned with the OBAs because they will be few in number, at the same time it also opposes reviewing these agreements because it would be an "injurious waste of regulatory resources for us (PUC) to review every such arrangement in the absence of the existence of a real and immediate controversy." In making this statement, the PUC did not detail the time or the costs that would be involved in reviewing these documents.

We continue to oppose the use of individual OBAs. The purpose of having balancing provisions is to ensure that

the transportation customers properly balance their intake of gas. Failure of a transportation customer to properly balance their intake of gas can result in costs to the utility and ultimately the ratepayers. The regulation and the utility's tariff establish provisions that require the transportation customers to take the appropriate amount of gas and the penalties that will be imposed when a customer is not in balance. It is not in the public interest to allow a gas utility to ignore these standards that were reviewed and approved by the PUC and provide for potentially more lenient balancing provisions that may result in cross subsidization between customers. Therefore, we continue to believe that if the PUC believes individual OBAs are appropriate, it must, at a minimum, require that these agreements be reviewed and approved by the PUC prior to their implementation.

Our second concern relates to a conflict between Subsections 60.3(c) and 60.3(e). Subsection (c) includes apartment buildings under the definition of residential human needs customers, thus requiring apartment buildings to obtain stand-by service from the utility. In contrast, Subsection (e) allows an owner of an apartment building to sign an affidavit indicating they will not be obtaining stand-by service for 100% of its maximum daily quantity. Therefore, the PUC needs to amend the regulation to provide consistent stand-by provisions for apartment buildings. Specifically, we recommend that the PUC delete apartment buildings from Subsection (e), thus clearly requiring apartment buildings to obtain stand-by service from the utility.

Our third concern is with the classification of nursing homes, hospitals and dormitories as non-residential human needs customers. The PUC's intent for creating the classification of nonresidential human needs customers is to recognize that individuals in these buildings can be easily housed elsewhere if the facility did not adequately contract for stand-by service from a third party or if alternative fuel capability is not sufficient to meet their energy needs. In contrast, the creation of the residential human needs customer category is to recognize that individuals in these buildings cannot be easily moved elsewhere and need reliable stand-by service. Thus, to avoid the situation of a gas utility terminating service to residential human needs customers, the PUC is requiring these customers to obtain stand-by service from the utility.

We do not believe that nursing homes, hospitals and dormitories meet the definition of non-residential human customers because these facilities house people for long periods of time and they cannot be easily moved elsewhere. As a practical matter, if the facility does not have an adequate supply of gas and does not have adequate alternative fuel capability, the facility will have to rely on the utility to supply gas in order to heat the facility. The utility may not be able to provide service, especially during high demand periods, because without a requirement to purchase stand-by service from the utility, it may not have an excess supply of gas. Therefore, given the potential implications of terminating service to nursing homes, hospitals and dormitories, we believe they must be defined as residential human needs customers, thus requiring them to obtain stand-by service from the gas utility.

In the draft-final-form rulemaking, the PUC added new provisions in section 60.3, relating to essential human needs customers. Our comments on the draft final-form rulemaking requested clarification on several terms contained in section 60.3(d) and believed they should be

defined in the rulemaking. Specifically, we recommend that the terms *essential human needs service*, *alternative fuel capability*, *equivalent service*, and *maximum daily quantity* be defined in the rulemaking. The PUC did not define these terms and provided no explanation for not doing so.

We continue to believe that it is necessary to define these terms. Although the meaning of the terms may be clear to the PUC, they are specific regulatory terms that can impact the intent and clarity of the regulation. In fact, the PUC has already defined two of these terms, alternate fuel capability and essential human needs service, in its policy statement on gas curtailment. However, since a policy statement is not legally binding, the terms need to be defined in the regulation.

Finally, the Pennsylvania Gas Association has expressed a concern that the modifications made to the requirements for stand-by service will result in stranded costs to the utility. The PGA believes that since the regulation will increase the number of transportation customers who will not be required to obtain stand-by service from their local distribution company, gas utilities will be saddled with the costs associated with presently contracted pipeline capacity. In making this assertion, the PGA did not quantify the actual potential impact that may occur because of this new provision. Although we recognize that utilities may have some excess contracted pipeline capacity because of the change in stand-by service, we believe the impact can be mitigated outside the rulemaking. First, as the PGA stated at the Commission's October 3, 1996 public meeting, the excess contracted pipeline capacity can be sold to other utilities, albeit at a lower price than originally contracted. Second, the PUC stated at the Commission's public meeting that any resulting costs from unused pipeline capacity will be dealt with in the utility's tariff. We agree with the PUC's approach and encourage it to take careful consideration of these potential costs when a gas utility files a rate revision as a result of the provisions in the rulemaking.

The PGA also expressed concern with the use of a cost of service study for determining rates and the requirement that utilities provide unbundled services. However, we have previously commented in favor of a cost of service study and the unbundling of transportation services and continue to believe these specific provisions are in the public interest.

We have reviewed this regulation and find it not to be in the public interest. As discussed, we do not believe that utilities should be given the discretion to enter into OBAs without prior review and approval by the PUC. We also believe the PUC needs to delete apartment buildings from section 60.3(e), thus clearly requiring owners of apartment buildings to obtain stand-by service from the gas utility. In addition, we believe that hospitals, nursing homes, and dormitories should be classified as residential human needs customers. Finally, we believe the PUC should define the terms used in section 60.3(d) to improve the clarity of the rulemaking. These recommended amendments will enable the PUC to proceed with important revisions to its gas transportation regulation and allow gas transportation customers in the Commonwealth to obtain competitively priced gas, without shifting costs to the utilities' other customers.

Therefore, It Is Ordered That:

1. Regulation No. 57-150 from the Pennsylvania Public Utility Commission, as submitted to the Commission on September 13, 1996, is disapproved;

2. The Pennsylvania Public Utility Commission shall, within 7 days of receipt of this Order, notify the Governor, the designated Standing Committees of the House of Representatives and the Senate, and the Commission of its intention to either proceed with the promulgation of the regulation without revisions, to revise the regulation, or to withdraw the regulation. Failure to submit notification within the 7-day period shall constitute withdrawal of the regulation;

3. The Commission will transmit a copy of this Order to the Legislative Reference Bureau; and

4. This Order constitutes a bar to final publication of Regulation No. 57-150 under section 6(b) of the Regulatory Review Act (71 P. S. § 745.6(b)).

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held
October 3, 1996

Environmental Quality Board—General Conformity; Doc. No. 7-295

Order

On March 5, 1996, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board. This rule-making would amend 25 Pa. Code Chapter 127, Subchapter J. The authority for this regulation is found in section 5 of the Air Pollution Control Act (35 P. S. § 4005). The proposed regulation was published in the March 16, 1996 *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on September 3, 1996.

Section 176(c) of the Federal Clean Air Act Amendments of 1990 (CAA) requires that Federal departments and agencies ensure the projects they undertake or provide financial support for conform to the applicable State Implementation Plan (SIP). The SIP is the State's plan to achieve or maintain National Ambient Air Quality Standards (NAAQS). Section 176(c) of the CAA also requires that the State amend its SIP to incorporate the criteria and procedures for conformity designations. In response to the mandates in section 176(c) of the CAA, the proposed regulation adopts by reference the Federal General Conformity Rule (40 CFR Part 93, Subpart B) promulgated by the United States Environmental Protection Agency under section 176(c) of the CAA.

General conformity is designed to make the sponsoring agency for an activity responsible for the emissions that result from the activity. The goal is to prevent Federal actions from undermining the State's air pollution prevention or reduction programs. According to the Department of Environmental Protection, the proposed regulation will ensure that Federal actions do not interfere with Pennsylvania's timely attainment of NAAQS or with emission reduction plans leading to attainment.

Prior to taking any action on a project in Pennsylvania, the sponsoring Federal agency will be required to determine that the proposed action conforms to Pennsylvania's SIP and to make the determination available for public review. The conformity determination addresses direct and indirect emissions of criteria pollutants which are caused by Federal action, are reasonably foreseeable, and can be controlled by the Federal agency. Criteria pollu-

tants include carbon monoxide, lead, nitrogen, ozone, particulate matter and sulfur dioxide.

Examples of Federal actions which must conform to the State SIP include:

- leasing of Federal land;
- airport construction/modification grants;
- private construction on Federal land;
- construction of Federal office buildings;
- prescribed burning;
- reuse of military bases; and
- water treatment plants.

The final-form regulation contains no changes from the proposed regulation. We did not file any comments on the proposed regulation. Furthermore, we did not receive any negative recommendations on the final-form regulation from the House or Senate Environmental Resources and Energy Committees.

Therefore:

The Commission will notify the Legislative Reference Bureau that Regulation No. 7-295 from the Environmental Quality Board, as submitted to the Commission on September 3, 1996, was deemed approved under section 5(b.3) of the Regulatory Review Act (71 P. S. § 745.5(b.3)) on September 24, 1996.

Commissioners Present: John R. McGinley, Jr., Chairperson; Robert J. Harbison, III, Vice Chairperson; Arthur Coccodrilli; John F. Mizner; Irvin G. Zimmerman

Public meeting held

State Board of Certified Real Estate Appraisers—Fees; Application Process; Doc. No. 16A-703

Order

On November 28, 1995, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Certified Real Estate Appraisers (Board). This rulemaking would amend the application process for certified evaluators under section 36.203 of 49 Pa. Code by adding new Subsections (c) and (d) and deleting the reapplication fee of \$35 under section 36.6. The authority for these revisions is found in section 3 of the Assessors Certification Act (act) (63 P. S. § 458.3) which empowers the Board to promulgate rules and regulations consistent with the statutes of the Commonwealth to administer and enforce the provisions of the act. The proposed regulation was published in the December 9, 1995 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on September 13, 1996.

The proposed amendments address how long an approved application (which authorizes an applicant to report for the certification examination at their leisure) is valid, and how long an applicant (whose application has been disapproved) has to correct the deficiencies without having to file a new application. These regulatory changes are consistent with the currently established procedures for certifying certified real estate appraisers.

The proposed rulemaking amendments are designed to remedy some inadequacies in the current regulation. First, current Board regulations do not address how long an approved application is valid. Second, there is no regulatory provision governing how long an applicant has

to correct deficiencies, which resulted in the disapproval of the application, before being required to file a new application under criteria then in effect. As a consequence, the Board has been unable to determine with certainty that applicants who report for certification examinations on given dates actually meet the then current minimum education and experience requirements.

The proposed new language of section 36.203(c) relates to "approved applications." The rulemaking provides that approval of a candidate's application for certification will be valid for 1 year from the date of the Board's approval. This means that if the Board approves a candidate's application, the approval only authorizes the candidate to take the certification examination at any time during the year following the date of approval. If an applicant fails to report for the certification examination within this 1-year period, the applicant's application will be considered to have been withdrawn. Should the applicant wish to take the examination after 1 year from the date of approval, a new application accompanied by the appropriate fee would be required. As proposed, the application would then be reviewed in accordance with the act and regulations in effect at the time that the new application is received by the Board.

The Board believes that establishing a 1-year cutoff limit is reasonable for an applicant while affording itself the opportunity to ensure that applicants reporting for the certification examination have met the current minimum education and experience requirements.

Under proposed section 36.203(d), which deals with "disapproved applications," an applicant whose application has been disapproved by the Board will be notified in writing of the reasons for disapproval and be given 1 year from the date of disapproval to file a request for reconsideration. If an applicant's request for reconsideration is denied, or an applicant is unable to correct the deficiencies within 1 year from the date of disapproval, a new application accompanied by the prescribed fee will be required. As proposed, the application would then be reviewed in accordance with the act and regulations in effect at the time that the new application is received by the Board.

Also, under proposed section 36.203(d), requests for reconsideration of a disapproved application must include a reason for the request and be accompanied by any relevant documentation not previously submitted. In addition, the applicant may request an informal interview with the Board.

Lastly, the Board proposes to amend section 36.6 by deleting the reference to a reapplication fee of \$35. The reapplication fee is unnecessary because the Board has proposed new Subsections (c) and (d) which address circumstances under which applicants who fail to report for the certification examination within 1 year from the date of an approved application or who fail to correct a deficiency within 1 year from the date of a disapproved application will be required to file a new application with the Board if they wish to take the exam. The reapplication fee, which was originally intended to cover only the cost associated with a review of updated information, will no longer be applicable.

The rulemaking will affect two types of applicants: those who fail to take the certification examination within 1 year of receiving the Board's approval to take the examination; and those who fail to cure a deficiency in an application within 1 year of the date of notification of the Board's disapproval of their application.

First, additional paperwork requirements will be imposed on applicants because of the need to file an entirely new application. Second, in doing away with the present reapplication fee of \$35, the proposed rulemaking will increase by \$20 (from \$35 to \$55) the fee to file a new application for certification.

The proposed new procedures, when finalized, will enable the Board to send out notification letters to all of the potentially affected applicants advising them of the need to take appropriate action within 1 year or be faced with starting all over again by filing a whole new application (accompanied by the \$55 application fee). Initially, the new procedures will increase the paperwork and processing time for the Board's staff. The Board notes that it receives approximately 20 new and corrected applications per month.

There are no issues or problems presented by this proposed rulemaking. The added requirements will clarify the procedures that applicants must follow in the event that they have missed the reasonable 1-year deadline to utilize a Board approved application or respond to a Board disapproved application to become certified Pennsylvania evaluators. This proposal implements procedures for applicants to become certified Pennsylvania evaluators which are already in place for applicants to become certified Pennsylvania real estate appraisers and are consistent with the statutory limitations on certified Pennsylvania real estate appraisers.

The final-form regulation contains no changes from the proposed regulation. We did not file any comments on the proposed regulation. Furthermore, the final-form regulation was approved by the Senate Consumer Protection and Professional Licensure Committee on September 25, 1996, and by the House Professional Licensure Committee on October 1, 1996.

Therefore:

The Commission will notify the Legislative Reference Bureau that Regulation No. 16A-703 from the State Board of Certified Real Estate Appraisers, as submitted to the Commission on September 13, 1996, was deemed approved under section 5(b.3) of the Regulatory Review Act (71 P. S. § 745.5(b.3)) on October 1, 1996.

INSURANCE DEPARTMENT

Alleged Violation of Insurance Laws; Jack J. Albenze; Doc. No. P95-09-044

Notice is hereby given of the Order to Show Cause issued on October 10, 1996, by the Deputy Insurance Commissioner of the Commonwealth of Pennsylvania in the above-referenced matter. Violation of the following is alleged: sections 604, 633 and 633.1 of the Insurance Department Act, Act of May 17, 1921, P. L. 789, No. 285, *as amended* (40 P. S. §§ 234, 273 and 273.1).

Respondent shall file a written answer to the Order to Show Cause within 30 days of the date of issue. If Respondent files a timely answer, a formal administrative hearing shall be held in accordance with the Administrative Agency Law, 2 Pa.C.S. §§ 101, *et seq.*; General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1—35.251; Special Rules of Administrative Practice and Procedure, 31 Pa. Code §§ 56.1—56.3 and other relevant procedural provisions of law.

Answers, motions preliminary to those at hearing, protests, petitions to intervene, or notices of intervention, if any, must be filed in writing with the Docket Clerk, Insurance Department, Administrative Hearings Office, 901 North 7th Street, Capitol Associates Building, Harrisburg, PA 17102.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency ADA Coordinator at (717) 787-4298.

Review Procedure Hearings; Cancellation or Refusal of Insurance

The following insurers have requested a hearing as authorized by section 9(a) of the act of June 5, 1968 (P. L. 140, No. 78) (40 P. S. § 1008.9(a)) in connection with the termination of the insured's automobile policies.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Erie Insurance Exchange; file no. 96-188-04943; Matt Reed; doc. no. P96-10-013; November 14, 1996, at 11 a.m.;

Appeal of Erie Insurance Exchange; file no. 96-183-06453; Eric Pursh; doc. no. P96-10-012; November 14, 1996, at 1 p.m.;

Appeal of Erie Insurance Exchange; file no. 95-121-06154; Shirley Ackerman; doc. no. P96-10-011; November 14, 1996, at 2 p.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company must bring relevant claims files, documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The insured must bring any evidence which the insured may want to offer at the hearing. The hearing will be held in accordance with the requirements of sections 9 and 10 of the act (40 P.S. §§ 1008.9 and 1008.10) and 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure).

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4289.

LINDA S. KAISER,
Insurance Commissioner

Review Procedure Hearings under The Unfair Insurance Practices Act

The following insureds have requested a hearing as authorized by section 8 of The Unfair Insurance Practices Act (40 P.S. § 1171.8) in connection with their company's termination of the insured's policies.

The hearings will be held in the Capitol Associates Building, 901 North Seventh Street, Second Floor Hearing Room, Harrisburg, PA 17102.

Appeal of Frederick Teti; file no. 96-121-05642; Pennsylvania General Insurance Company; doc. no. P96-10-016; November 13, 1996, at 1 p.m.;

Appeal of Dominick Raneri; file no. 96-215-35611; Erie Insurance Group; doc. no. PH96-10-035; November 14, 1996, at 10 a.m.;

Appeal of Janice Cheeseboro; file no. 96-280-36016; Harleysville Mutual Insurance Company; doc. no. PH96-10-032; November 26, 1996, at 11 a.m.

Both parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The representative of the company

must bring relevant claims files and other necessary evidence. The insured must bring all documents, photographs, drawings, witnesses and the like necessary to substantiate the case. The hearing will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law); section 8 of The Unfair Insurance Practices Act (40 P.S. § 1171.8) and the regulations set forth at 31 Pa. Code § 59.7(e) (relating to appeal procedures). Under 31 Pa. Code § 59.7(e)(5), procedural matters will be in conformance with 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) unless specific exemption is given.

After the hearing, the Insurance Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The order of the Commissioner is subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the above-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Tracey Pontius, Agency Coordinator at (717) 787-4289.

Workers' Compensation

The Insurance Department reminds the insurance industry that the new provisions enacted under Act 57 of 1996 include many cost savings features that will reduce premiums on Workers' Compensation policies.

For example, employers who do not qualify for experience rating must be granted a 5% discount when they have not incurred a compensable employee lost-time injury during the most recent 2-year renewal period. Also, the 5% discount for "certified safety committees" may be extended for an additional 4 years.

Additionally, Act 57 now allows schedule rating plans to be used. These plans are subject to the Insurance Commissioner's approval prior to use.

These provisions took effect August 23, 1996. The Insurance Department encourages the insurance industry to pass along these savings features. It is essential that the new provisions provided under Act 57 are fully implemented in order for Pennsylvanians to realize the maximum savings under the act as soon as possible.

Questions may be directed to Stephen Kcenich, Insurance Department, Office of Rate and Policy Regulation, Bureau of Property and Casualty Insurance, Actuarial Review Division, 1311 Strawberry Square, Harrisburg, PA 17120, at (717) 783-0693.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Publication of this notice shall be considered as sufficient notice to all carriers holding authority from this Commission. Applications will be considered without hearing in the absence of protests to the application. Protests to the applications published herein are due on or before November 18, 1996, as set forth at 52 Pa. Code § 3.381 (relating to applications for transportation of property and persons). The protest shall also indicate whether it applies to the temporary authority application or the permanent application or both.

Applications of the following for approval of the beginning of the exercise of the right and privilege of operating as common carriers for transportation of persons as described under each application.

A-00113411. Larose Limousine Service, Inc. (68 Oak Ridge Drive, Voorhees, NJ 08043), a corporation of the State of Delaware—persons in limousine service between points in the counties of Delaware and Philadelphia, and from points in said counties, to points in Pennsylvania and return. *Attorney:* Richard T. Mulcahey, Jr., 1500 J.F.K. Boulevard, 1400 Two Penn Center Plaza, Philadelphia, PA 19102.

A-00113427. Darleen C. Christy, t/d/b/a DC Cab (1301 Frankstown Road, Johnstown, Cambria County, PA 15902)—persons upon call or demand, in the borough of Windber, Somerset County, and within an airline distance of 7 statute miles thereof. Application for temporary authority has been filed at A-00113427, seeking the right cited above. *Attorney:* John A. Pillar, 1106 Frick Building, Pittsburgh, PA 15219.

Applications of the following for approval of the beginning of the exercise of the right and privilege of operating motor vehicles as common carriers for the transportation of persons by transfer of rights as described under each application.

A-00113410. Sebouh F. Topjian, t/d/b/a American Limousine (605 Thornhill Drive, Lafayette Hills, Montgomery County, PA 19444)—persons in limousine service between points in the counties of Delaware and Philadelphia, and from points in said counties to points in the counties of Bucks, Chester and Montgomery and return; which is to be a transfer of the rights authorized under the certificate issued at A-00108749, to American Limousine Service, Inc., subject to the same limitations and conditions. *Attorney:* Richard T. Mulcahey, Jr., Two Penn Center Plaza, Suite 1400, 1500 John F. Kennedy Boulevard, Philadelphia, PA 19102-1890.

A-00113410, Folder 2. Sebouh F. Topjian, t/d/b/a American Limousine (605 Thornhill Drive, Lafayette Hills, Montgomery County, PA 19444)—persons in airport transfer service from points in the counties of Delaware, and from points in Montgomery County within an airline distance of 5 statute miles of the limits of Delaware County, to the Philadelphia International Airport located in the city and county of Philadelphia and the township of Tincum, Delaware County; subject to the following conditions: (1) that no right, power or privilege is granted to provide service to or from the township of Lower Merion, Montgomery County, and the townships of Radnor, Marple and Haverford, Delaware County; (2) that no right, power or privilege is granted to provide service to or from the Ramada Inn and Best Western Hotel located in Concord Township, the Media Inn located in the borough of Media, and St. Albans Travel Agency located in St. Albans Circle in the township of Newton, all in Delaware County, except on a nonscheduled basis with reservations made 24 hours in advance; which is to be a transfer of the rights authorized under the certificate issued at A-00108749, F. 2, to American Limousine Service, Inc., subject to the same limitations and conditions. *Attorney:* Richard T. Mulcahey, Jr., Two Penn Center Plaza, Suite 1400, 1500 John F. Kennedy Boulevard, Philadelphia, PA 19102-1890.

A-00113424. Valley Transportation, Inc. (114 South St. Clair Street, Ligonier, Westmoreland County, PA 15658), a corporation of the Commonwealth of Pennsylvania—persons in limousine service between points in the borough of Ligonier, and the townships of Ligonier and Fairfield, Westmoreland County, and from points in said territory to points in Pennsylvania; which is to be a transfer of the rights authorized under the certificate issued at A-00107219 to Valley Limousine, Inc.; subject to the same limitations and conditions. *Attorney:* Dwight L. Koerber, Jr., P. O. Box 1320, Clearfield, PA 16830.

A-00113424, Folder 2. Valley Transportation, Inc. (114 South St. Clair Street, Ligonier, Westmoreland County, PA 15658), a corporation of the Commonwealth of Pennsylvania—persons in paratransit service, between points in the boroughs of New Florence, Bolivar and Ligonier, and the townships of Cook, Fairfield, Ligonier and St. Clair, all in Westmoreland County, and from points in said boroughs and townships to points in Pennsylvania and return; subject to the following condition: that no right, power or privilege is granted to provide service to or from the Greater Pittsburgh International Airport, located in the townships of Moon and Findlay, Allegheny County; which is to be a transfer of the rights authorized under the certificate issued at A-00107219, F. 2, to Valley Limousine, Inc.; subject to the same limitations and conditions. *Attorney:* Dwight L. Koerber, Jr., P. O. Box 1320, Clearfield, PA 16830.

A-00113426. James R. Sullenberger (1585 Georgetown Road, Christiana, Lancaster County, PA

17509)—persons in paratransit service, between points in Lancaster County, and from points in said county to points in Pennsylvania; subject to the following condition: that the transportation herein authorized is limited to persons whose personal convictions prevent them from owning or operating motor vehicles; which is to be a transfer of the rights authorized under the certificate issued at A-00103938 to Wayne C. Sullenberger; subject to the same limitations and conditions.

Applications of the following for amendment to the certificate of public convenience approving the operation of motor vehicles as common carriers for transportation of persons as described under each application.

A-00111913, F. 1, Am-A. Bucks County Services, Inc. (1167 Newport News Drive, Bensalem, Bucks County, PA 19020), a corporation of the Commonwealth of Pennsylvania—inter alia, persons upon call or demand in the township of Bensalem, Bucks County: *so as to permit* the transportation of persons upon call or demand in an area beginning at the Bensalem Township Line at the Delaware River, Bucks County, then south along the Delaware River to the Pennypack Creek, Philadelphia County, then following the Pennypack Creek to the Montgomery County Line, then northeast on the Montgomery County Line to the Bucks County Line, then west on the Bucks-Montgomery County Line to Route 232, then north on Route 232 to the Delaware River, then south along the Delaware River to the Bristol Township Line, Bucks County.

A-00108982, Folder 4, Am-C. Laidlaw Transit (DEL), Inc. (522 Chestnut Street, Emmaus, Lehigh County, PA 18049), a corporation of the State of Delaware—persons in group and party service between points in Lancaster County, in conventional school bus-type equipment, between points in Lancaster County, and from points in said county to points in Pennsylvania and return; *so as to permit* the transportation of persons in group and party service, in conventional school bus-type equipment, between points in York County, and from points in said county to points in Pennsylvania and return. *Attorney:* John A. Pillar, 1106 Frick Building, Pittsburgh, PA 15219.

Applications of the following for amendment to the certificate of public convenience approving the operation of motor vehicle as common carriers for transportation of persons by transfer of rights as described under each application.

A-00111046, Folder 1, Am-A. Beverly Hills Limousine Service, Inc. (2101 Newville Road, Carlisle, Cumberland County, PA 17013), a corporation of the Commonwealth of Pennsylvania—persons in limousine service between points in Cumberland County, and from points in said county to points in Pennsylvania and return; *so as to permit* the transportation of persons in limousine service, between points in Franklin County; which is to be a transfer of the rights authorized under the certificate issued at A-00111471 to Dean A. Yaukey; subject to the same limitations and conditions.

Applications of the following for approval of discontinuance of service for the transportation of household goods as described under each application.

A-00073006, F. 2, Am-AB. William C. Confer (Box 35, Howard, Centre County, PA 16841)—*partial* discontinuance of service—household goods, office equipment and furnishings, and commercial and industrial equip-

ment, fixtures and furnishings, all in use, between points in the borough of Bellefonte, Centre County, and within 7 miles by the usually traveled highways of the limits of said borough, and from points in said area to other points in Pennsylvania and vice versa. *Attorney:* John Fullerton, P. O. Box 12105, Harrisburg, PA 17108-2105.

Applications of the following for the approval of the transfer of stock as described under each application.

A-00106960, Folder 5000. Delaware County Transportation Service, Inc. (P. O. Box E, 501 Highland Avenue, Morton, Delaware County, PA 19070), a corporation of the Commonwealth of Pennsylvania—stock transfer—for the approval of the transfer of 1,000 shares of the issued and outstanding stock from the Estate of Leo F. Byrne, Deceased, Jean M. Dougherty, Executrix, to Robert G. Euler. *Attorney:* Peter J. Rohana, Jr., 1215 West Baltimore Pike, Suite 14, Media, PA 19063.

A-00108451, F. 5000. Sassoun Company (19 Sellers Avenue, 2nd Floor, Upper Darby, Delaware County, PA 19082), a corporation of the Commonwealth of Pennsylvania—stock transfer—for the approval of the transfer of 100 shares of the issued and outstanding stock from Farrokh Setudeh (50%), Varouj Shahmiaria (25%) and Farhad Mazloumi (25%) to Majid Mortezaei. *Attorney:* John J. Gallagher, Suite 1100, 1760 Market Street, Philadelphia, PA 19103.

Application of the following for approval of the beginning of the exercise of the right and privilege of operating motor vehicles as common carriers for the transportation of household goods as described under each application.

A-00113409. Eric F. Wright (524 Washington Street, Royersford, Montgomery County, PA 19468)—household goods in use between points in the counties of Bucks, Delaware, Montgomery, and Philadelphia, and from points in said counties to other points in Pennsylvania. *Attorney:* Richard T. Mulcahey, Jr., Two Penn Center Plaza, Suite 400, 1500 John F. Kennedy Boulevard, Philadelphia, PA 19102-1890.

Applications of the following for approval of the right to begin to operate as a broker for the transportation of persons as described under each application.

A-00113440. John and Mary Ruane, t/d/b/a Master Travel (6 Rose Lane, Wilkes-Barre, Luzerne County, PA 18702)—to arrange for the transportation of persons and their baggage, between points in Pennsylvania. *Attorney:* Ferris Webby, 792 West Market Street, Kingston, PA 18704.

Notice of Motor Carrier Applications—Property, Excluding Household Goods in Use

The following applications for the authority to transport property, excluding household goods in use, between points in Pennsylvania, have been filed with the Pennsylvania Public Utility Commission. Public comment to these applications may be filed, in writing with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265 on or before November 11, 1996.

**Pennsylvania Public Utility Commission, Bureau
of Transportation and Safety v. Premier Motor
Freight, Inc.; A-00112185C9601**

Complaint

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania, empowered to regulate motor carriers and brokers within this Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Under that delegated authority and section 701 of

the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Premier Motor Freight, Inc., respondent, maintains a principal place of business at P. O. Box 2756, Cherry Hill, NJ 08034.

2. That at all times relevant to this Complaint, respondent held a Certificate of Public Convenience issued by this Commission at Application Docket No. A-00112185.

3. That under section 512 of the Public Utility Code, 66 Pa. Code § 512, and 52 Pa. Code Chapter 32; respondent is required to maintain evidence of current insurance on file with this Commission.

4. That respondent has failed to maintain evidence of bodily injury and property damage liability and cargo insurance, in violation of the Public Utility Code and regulations cited in Paragraph 3 of this complaint.

5. That as a result of failure to maintain evidence of current insurance on file with this Commission, the Bureau of Transportation and Safety Prosecutory Staff requests that the Commission revoke respondent's Certificate of Public Convenience or order such other remedy as the Commission may deem to be appropriate.

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission revoke the Certificate of Public Convenience held by *Premier Motor Freight, Inc.*, at Docket No. A-00112185, for failure to maintain current evidence of insurance on file with the Commission and order such other remedy as the Commission may deem to be appropriate.

Respectfully submitted, Kenneth E. Nicely, Director,
Bureau of Transportation and Safety, P. O. Box 3265,
Harrisburg, PA 17105-3265

Verification

I, Kenneth E. Nicely, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Notice to Plead

A. You must file an answer within 20 days of the date of service. The date of service is the mailing date as indicated at the top of the Secretarial cover letter for this complaint and notice to plead. 52 Pa. Code § 1.56(a). The answer must raise all factual and legal arguments that you wish to claim in your defense and must include the docket number of this complaint. Your answer must be verified and the original and two copies sent to: John G. Alford, Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265

B. If you fail to answer this complaint within 20 days of the date of service as identified in Paragraph A above, the Bureau of Transportation and Safety will request that the Commission enter an order revoking your certificate of public convenience; contract carrier permit; or brokerage license or imposing such other remedy as may be appropriate.

C. In lieu of an answer, you may elect not to contest this complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations. The proof of insurance must be filed with the Secretary of the Commission at the address

set forth in paragraph A. Upon receipt of the proof of insurance from your insurer, the complaint proceeding shall be closed.

D. If you file an answer which either admits or fails to deny the allegations of the complaint, the Bureau of Transportation and Safety will request that the Commission enter an order revoking your certificate of public convenience; contract carrier permit; or brokerage license.

E. If you file an answer which contests the complaint, the matter will be assigned to an administrative law judge for hearing and decision.

JOHN G. ALFORD,
Secretary

PORT OF PITTSBURGH COMMISSION

Independent Auditor's Report

We have audited the balance sheet of the Port of Pittsburgh Commission Special Revenue Fund (Commission), a component unit of the Commonwealth of Pennsylvania, as of June 30, 1996 and 1995, and the related statements of revenues, expenditures and changes in fund balance for the years then ended (not presented herein). In our report dated August 23, 1996, we expressed an unqualified opinion on the financial statements.

As described on the following schedule, this summary financial information of the Commission as of and for the years ended June 30, 1996 and 1995 is not a presentation in conformity with generally accepted accounting principles. In our opinion, however, the accompanying summary financial information is fairly stated, in all material respects, in relation to the statements from which it has been derived.

Port of Pittsburgh Commission Special Revenue Fund (A Component Unit of the Commonwealth of Pennsylvania)

BALANCE SHEETS June 30, 1996 and 1995

	1996	1995
ASSETS		
Cash and investments	\$415,913	\$240,713
Other assets	<u>1,929</u>	<u>1,260</u>
TOTAL ASSETS	<u>\$417,842</u>	<u>\$241,973</u>
LIABILITIES AND FUND BALANCE		
Liabilities	\$ 53,347	\$ 31,201
Fund balance—reserved for economic development	<u>364,495</u>	<u>210,772</u>
TOTAL LIABILITIES AND FUND BALANCE	<u>\$417,842</u>	<u>\$241,973</u>

STATEMENTS OF REVENUES, EXPENSES AND CHANGES IN FUND BALANCE For the Years Ended June 30, 1996 and 1995

	1996	1995
REVENUES AND OTHER FINANCING SOURCES:		
Intergovernmental transfer	\$600,000	\$220,000
Grant revenues	60,238	—
Other	<u>23,290</u>	<u>17,902</u>
	683,528	237,902
EXPENDITURES	<u>529,805</u>	<u>345,197</u>
Excess (deficiency) of revenues over expenditures	153,723	(107,295)
Fund balance, beginning of year	<u>210,772</u>	<u>318,067</u>
Fund balance, end of year	<u>\$364,495</u>	<u>\$210,772</u>

The summary financial information shown above differs from generally accepted accounting principles. Differences include: amounts are grouped; captions are summarized; footnote disclosures are omitted.

JAMES R. MCCARVILLE,
Executive Director

[Pa.B. Doc. No. 96-1825. Filed for public inspection October 25, 1996, 9:00 a.m.]

PUBLIC SCHOOL EMPLOYEES' RETIREMENT BOARD

Hearings Scheduled

Hearings have been scheduled, as authorized by 24 Pa.C.S. Part IV (relating to Public School Employees' Retirement Code), in connection with the Public School Employees' Retirement System's denial of claimants' requests concerning the indicated accounts.

The hearings will be held before a hearing examiner at the Public School Employes' Retirement System, 5 North Fifth Street, Harrisburg, PA 17101:

November 7, 1996	Thomas E. Reese (Membership Eligibility)	1 p.m.
November 12, 1996	Larry Brown (Membership Eligibility)	2:30 p.m.
November 13, 1996	Marshall F. Kaufman (Mellow Incentive)	1 p.m.
	George R. Miller	2:30 p.m.
November 14, 1996	Charlotte W. Casas (decd) (Reelection of Retirement Option)	1 p.m.
November 27, 1996	JoAnn Tyson (Multiple Service Credit)	1 p.m.
	Ronald M. Faris (Mellow Incentive)	2:30 p.m.

Persons with a disability who wish to attend the above-listed hearings, and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Arthur J. Granito, Assistant Executive Director, at (717) 783-5613 to discuss how the Public School Employes' Retirement System may best accommodate their needs.

Parties may appear with or without counsel and offer relevant testimony or evidence to support their respective positions. The hearings will be held in accordance with the requirements of 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law). Under 22

Pa. Code § 201.1, (relating to applicability of general rules), procedural matters will be in conformance with the General Rules of Administrative Practice and Procedure, 1 Pa. Code Part II unless specific exemption is granted.

JAMES A. PERRY,
Secretary

STATE CONTRACTS INFORMATION

DEPARTMENT OF GENERAL SERVICES

Notices of invitations for bids and requests for proposals on State contracts for services and commodities for which the bid amount is reasonably expected to be over \$10,000, are published in the State Contracts Information Section of the *Pennsylvania Bulletin* prior to bid opening date. Information in this publication is intended only as notification to its subscribers of available bidding and contracting opportunities, and is furnished through the Department of General Services, Vendor Information and Support Division. No action can be taken by any subscriber or any other person, and the Commonwealth of Pennsylvania is not liable to any subscriber or any other person, for any damages or any other costs incurred in connection with the utilization of, or any other reliance upon, any information in the State Contracts Information Section of the *Pennsylvania Bulletin*. Interested persons are encouraged to call the contact telephone number listed for the particular solicitation for current, more detailed information.

EFFECTIVE JULY 1, 1985, A VENDOR'S FEDERAL IDENTIFICATION NUMBER (NUMBER ASSIGNED WHEN FILING INCOME TAX DOCUMENTS) OR SOCIAL SECURITY NUMBER IF VENDOR IS AN INDIVIDUAL, MUST BE ON ALL CONTRACTS, DOCUMENTS AND INVOICES SUBMITTED TO THE COMMONWEALTH.

Act 266 of 1982 provides for the payment of interest penalties on certain invoices of "qualified small business concerns". A qualified small business concern is an independently owned, operated for profit, business employing 100 or fewer employes and is not a subsidiary or affiliate of a corporation otherwise not qualified.

Such penalties apply to invoices for goods or services when payments are not made by the required payment date or within a 15 day grace period thereafter. The small business concern must include on every invoice submitted to the Commonwealth: "(name of vendor) is a qualified small business concern as defined at 4 Pa. Code § 2.32".

For information on the required payment date and annual interest rate, please call the Pennsylvania Department of Commerce, Small Business Action Center, 483 Forum Building, 783-5700.

GET THAT COMPETITIVE EDGE—FOR FREE!

Do you want to do business with your state government? The Treasury Department's office of Contract Information Services can assist you by providing you with information that may be helpful to you in successfully bidding on State contracts.

Act 244 of 1980 requires Commonwealth departments and agencies to file with the Treasury Department a copy of all contracts involving an expenditure of \$5,000 or more.

These fully executed contracts usually contain the vendor's name, dollar value, effective and termination dates and contract specifications. Some contracts also include the names of other bidding vendors and the bid proposal compiled by the awarded vendor. There is a minimal cost for photocopying contracts.

Allow the Treasury Department to "make a difference for you." For contract information call the office of Contract Information Services TOLL-FREE (in Pennsylvania) at 1-800-252-4700 or (717) 787-4586. Or you may write or visit the office at Room G13, Finance Building, Harrisburg, Pa. 17120.

Contact: Susan Carson, (412) 543-1811

299 Installation and operation of temporary traffic signals; preventative maintenance service on traffic control devices; loop sensor replacement; repair service on traffic control devices. This service will be performed throughout Engineering District 5-0.

Department: Transportation
Location: District 5-0
Duration: 2 years from effective date with 2 renewals
Contact: William Bellas, (610) 798-4190

Project No. 95-24 "Sponsor-A-Highway Services." Sections of Pennsylvania's highway system are kept litter free by volunteer groups under the Adopt-a-Highway program. Some citizens and business groups would prefer to hire someone to provide this service for them rather than doing the cleanup themselves. PennDOT needs a professional organization, who can provide this service to the private sector. The areas which are in need of sponsorship are the heavily traveled roadways in urban areas. Detailed requirements and an RFP are available upon request. Fax request to Tina Chubb at (717) 783-7971.

Department: Transportation
Location: Bureau of Office Services, 9th Floor, 500 North Third Street, Harrisburg, PA 17101
Duration: 5 years—subject to semi-annual reviews
Contact: Tina Chubb, (717) 787-7001
