READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 93]

Amendments to Rules of Organization and Procedure of the Disciplinary Board of the Supreme Court of Pennsylvania; Order No. 79

By this Order, the Disciplinary Board of the Supreme Court of Pennsylvania is amending its Rules of Organization and Procedure to modify Rules §§ 93.141 et. seq. to permit the annual registration of attorneys by electronic means.

The Disciplinary Board of the Supreme Court of Pennsylvania finds that:

(1) To the extent that 42 Pa.C.S. § 1702 (relating to rule making procedures) and Article II of the act of July 31, 1968 (P.L. 769, No. 240), known as the Commonwealth Documents Law, would otherwise require notice of proposed rulemaking with respect to the amendments adopted hereby, those proposed rulemaking procedures are inapplicable because the amendments adopted hereby relate to agency procedure and are perfunctory in nature.

(2) The amendments to the Rules of Organization and Procedure of the Board adopted hereby are not inconsistent with the Pennsylvania Rules of Disciplinary Enforcement and are necessary and appropriate for the administration of the affairs of the Board.

The Board, acting pursuant to Pa.R.D.E. 205(c)(10), orders:

(1) Title 204 of the *Pennsylvania Code* is hereby amended as set forth in Annex A hereto.

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT Subpart C. DISCIPLINARY BOARD OF THE SUPREME COURT OF PENNSYLVANIA CHAPTER 93. ORGANIZATION AND ADMINISTRATION

Subchapter G. FINANCIAL MATTERS ANNUAL REGISTRATION OF ATTORNEYS

§ 93.141. Annual registration.

(a) *General rule.* Enforcement Rule 219(a) provides that every attorney admitted to practice law in this

Commonwealth shall pay an annual fee of [\$130.00] **\$125.00** and **electronically** file the annual fee form provided for under such rule by **July 1**; that the fee shall be collected under the supervision of the Attorney Registration Office, which shall [**send or cause to be sent to every attorney, except an attorney who has elected to file the form electronically, the annual fee form; that the Attorney Registration Office shall transmit to those attorneys who have elected to file the form electronically a notice by e-mail to register by July 1; that failure to receive the annual fee form by mail or electronically shall not excuse payment of the fee; and that the**] **make the annual fee form available for filing through a link on the Board's website (<http://www.padisiplinaryboard.org>) or directly at <https://ujportal.pacourts.us>. The fee shall be used to defray the costs of disciplinary administration and enforcement under the Enforcement Rules, and for such other purposes as the Board shall, with the approval of the Supreme Court, from time to time determine. Upon an attorney's written request submitted to the Attorney Registration Office and for good cause shown, the Attorney Registration Office shall grant an exemption from the electronic filing requirement and permit the attorney to file the annual fee form in paper form.**

Official Note: Pa.R.P.C. 1.15(u) imposes an additional annual fee for use by the IOLTA Board, and Pa.R.D.E. 502(b) imposes an additional annual fee for use by the Pennsylvania Lawyers Fund for Client Security.

(b) *Inapplicable to justices and judges.* Enforcement Rule 219(b) provides that the following shall be exempt from the annual fee:

* * * * *

§ 93.142. Filing of annual fee form by attorneys.

(a) *Transmission of form.* Enforcement Rule 219(c) provides that on or before May 15 of each year the Attorney Registration Office shall transmit to all attorneys required by the rule to pay an annual fee [, **except those attorneys who have elected electronic filing, a form required by subsection (b) of this section; and that on or before May 15 of each year subsequent to the year in which an attorney elects electronic filing, the Attorney Registration Office shall transmit to such attorney**] a notice by e-mail to register **electronically** by July 1. **Failure to receive notice shall not excuse the filing of the annual fee form or payment of the annual fee.**

(b) *Filing of annual fee form.* Enforcement Rule 219(d) provides that on or before July 1 of each year all attorneys required by the rule to pay an annual fee shall **electronically** file with the Attorney Registration Office [**a signed or**] an electronically endorsed form prescribed by the Attorney Registration Office in accordance with the following procedures:

(1) The form shall set forth:

(i) The date on which the attorney was admitted to practice, licensed as foreign legal consultant, granted limited admission as an attorney participant in defender and legal services programs pursuant to Pa.B.A.R. 311, or issued a Limited In-House Corporate Counsel License,

and a list of all courts (except courts of this Commonwealth) and jurisdictions in which the person has ever been license' to practice law, with the current status thereof.

(ii) The current **email**, residence and office addresses of the attorney, **[each] the latter two** of which shall be an actual street address or rural route box number **[, and the]**. The Attorney Registration Office shall refuse to accept a form that sets forth only a post office box number for either required address. A preferred mailing address different from those addresses may also be provided on the form and may be a post office box number. The attorney shall indicate which of the addresses, the residence, office or mailing address, as well as telephone and fax number will be accessible through the website of the Board (<http://www.padisciplinaryboard.org/>) and by written or oral request to the Board. Upon an attorney's written request submitted to the Attorney Registration Office and for good cause shown, the contact information provided by the attorney will be nonpublic information and will not be published on the Board's website or otherwise disclosed.

Official Note: The Note to Enforcement Rule 219(d)(1)(ii) explains that public web docket sheets will show the attorney's address as entered on the court docket.

(iii) The name of each Financial Institution, as defined in § 91.171 (Definitions), within or outside this Commonwealth in which the attorney **[on May 1 of the current year or at any time during the preceding 12 months], from May 1 of the previous year to the date of the filing of the annual fee form**, held funds of a client or a third person subject to Rule 1.15 of the Pennsylvania Rules of Professional Conduct. The form shall include the name and account number for each account in which the attorney held such funds, and each IOLTA Account shall be identified as such. The form provided to a person holding a Limited In-House Corporate Counsel License or a Foreign Legal Consultant License need not request the information required by this subparagraph.

For purposes of this subparagraph, the phrase "funds of a client or a third person subject to Rule 1.15 of the Pennsylvania Rules of Professional Conduct" means funds that belong to a client or third person and that an attorney receives:

(A) in connection with a client-lawyer relationship;

(B) as an escrow agent, settlement agent, representative payee, personal representative, guardian, conservator, receiver, trustee, agent under a durable power of attorney, or other similar fiduciary position;

(C) as an agent, having been designated as such by a client or having been so selected as a result of a client-lawyer relationship or the lawyer's status as such;

(D) in connection with nonlegal services that are not distinct from legal services;

(E) in connection with nonlegal services that are distinct from legal services, and the attorney knows or reasonably should know that the recipient of the service might believe that the recipient is receiving the protection of a client-lawyer relationship; or

(F) as an owner, controlling party, employee, agent, or as one who is otherwise affiliated with an entity providing nonlegal services and the attorney knows or reasonably should know that the recipient of the service might believe that the recipient is receiving the protection of a client-lawyer relationship.

Official Note: For purposes of subparagraph (iii), "funds of a third person" shall not include funds held in: 1) an attorney's personal account held jointly; or 2) a custodial account for a minor or dependent relative unless the source of any account funds is other than the attorney and his or her spouse.

If an attorney employed by a law firm receives fiduciary funds from or on behalf of a client and deposits or causes the funds to be deposited into a law firm account, the attorney must report the account of deposit under this subparagraph.

(iv) Every account not reported under subparagraph (iii), that held funds of a client or a third **[party] person**, and over which the attorney had sole or shared signature authority or authorization to transfer funds to or from the account, during the same time period specified in subparagraph (iii). For each account, the attorney shall provide the name of the financial institution (whether or not the entity qualifies as a "Financial Institution" under RPC 1.15(a)(4)), location, and account number.

Official Note: Regarding "funds of a third person," see Note to § 93.142(b)(1)(iii).

(v) Every business operating account maintained or utilized by the attorney in the practice of law during the same time period specified in subparagraph (iii). For each account, the attorney shall provide the name of the financial institution, location and account number.

(vi) A certification reading as follows: "I certify that all Trust Accounts that I maintain are in financial institutions approved by the Supreme Court of Pennsylvania for the maintenance of such accounts pursuant to Pennsylvania Rule of Disciplinary Enforcement 221 (relating to mandatory overdraft notification) and that each Trust Account has been identified as such to the financial institution in which it is maintained."

(vii) A statement that any action brought against the attorney by the Pennsylvania Lawyers Fund for Client Security for the recovery of monies paid by the Fund as a result of claims against the attorney may be brought in the Court of Common Pleas of Allegheny, Dauphin or Philadelphia County.

(viii) Whether the attorney is covered by professional liability insurance on the date of registration in the minimum amounts required by Rule of Professional Conduct 1.4(c). Rule 1.4(c) does not apply to attorneys who do not have any private clients, such as attorneys in full-time government practice or employed as in-house corporate counsel.

Official Note: The Disciplinary Board will make the information regarding insurance available to the public upon written or oral request and on its website. The requirement of Rule 219(d)(3) that every attorney who has filed an annual fee form **[or elects to file the form electronically must notify] must give written notice** to the Attorney Registration Office of any change in the information previously submitted within 30 days after such change will apply to the information regarding insurance.

(ix) Such other information as the Attorney Registration Office may from time to time direct.

(2) Payment of the annual fee shall [**accompany the form**] be made in one of two ways: a) electronically by credit or debit card at the time of electronic transmission of the form through the online system of the Attorney Registration Office, which payment shall include a nominal fee to process the electronic payment; or b) by check or money order drawn on a U.S. bank, in U.S. dollars using a printable, mail-in voucher. IOLTA, trust, escrow and other fiduciary account checks tendered in payment of the annual fee will not be accepted. If the [**form and payment are**] annual fee form, voucher or payment is incomplete or if a check in payment of the annual fee has been returned to the Board unpaid, the annual fee shall not be deemed to have been paid until a collection fee, and one or both of the late payment penalties prescribed in § 93.144(a)(1) and (2) of these rules if assessed, shall also have been paid. The amount of the collection fee shall be established by the Board annually after giving due regard to the direct and indirect costs incurred by the Board during the preceding year for checks returned to the Board unpaid. On or before July 1 of each year the Office of the Secretary shall publish in the *Pennsylvania Bulletin* a notice of the collection fee established by the Board for the coming registration year.

(3) Every attorney who has filed the form [**or elects to file the form electronically**] shall notify the Attorney Registration Office **in writing** of any change in the information previously submitted, including e-mail address, within 30 days after such change, **which notice shall be sent by mail or facsimile transmission, provided, however, that any change in the information required by Enforcement Rule 219(d)(1)(iii), (iv) and (v) (collectively relating to financial account information) that occurs after the filing of the form required by Enforcement Rule 219(a) and (d)(1) need only be reported on the next regular annual fee form due July 1. Failure to timely register and file the next annual fee form shall not excuse the requirement of reporting changes in financial account information on an annual basis on or before July 1, and failure to make such a report shall constitute a violation of Enforcement Rule 219.**

(4) Upon original admission to the bar of this Commonwealth, licensure as a Foreign Legal Consultant, issuance of a Limited In-House Corporate Counsel License, or limited admission as an attorney participant in defender and legal services programs pursuant to Pa.B.A.R. 311, a person shall concurrently file a form under this section for the current registration year, but no annual fee shall be payable for the registration year in which originally admitted or licensed.

(5) **Submission of the annual fee form through electronic means signifies the attorney's intent to sign the form. By submitting the form electronically, the attorney certifies that the electronic filing is true and correct.**

§ 93.145. Reinstatement of administratively suspended attorneys.

(a) *General rule.* **An attorney who has been administratively suspended pursuant to § 93.144(b) of these rules for three years or less is not eligible to file the annual fee form electronically.** Enforcement

Rule 219(h) provides that the procedure for reinstatement [**of an attorney who has been administratively suspended pursuant to § 93.144(b) of these rules for three years or less**] is as follows:

* * * * *

(2) Upon receipt of the annual fee form, a verified statement showing compliance with Enforcement Rule 217 (relating to formerly admitted attorneys), and the payments required by paragraph (a)(1) of this section, the Attorney Registration Office shall so certify to the [**Board**] Office of the Secretary and to the Supreme Court; and that unless the formerly admitted attorney is subject to another outstanding order of suspension or disbarment or the order has been in effect for more than three years, the filing of the certification from the Attorney Registration Office with the Prothonotary of the Supreme Court shall operate as an order reinstating the person to active status.

* * * * *

§ 93.146. Selection of retired or inactive status and resumption of active status.

(a) *Retired Status* [:]. Enforcement Rule 219(i) provides that:

(1) An attorney who has retired [**shall file with**] **must file by mail or deliver in person** to the Attorney Registration Office Form DB-27 (Application for Retirement) **and payment of any applicable late fees or penalties pursuant to Enforcement Rule 219(f).**

(2) Upon the transmission of the application from the Attorney Registration Office to the Supreme Court, the Court shall enter an order transferring the attorney to retired status, and the attorney shall no longer be eligible to practice law.

(3) The retired attorney will be relieved from [**the**] payment of the **annual** fee specified in § 93.141 (relating to annual registration).

(4) Chapter 91 Subchapter E (relating to formerly admitted attorneys) shall not be applicable to the formerly admitted attorney unless ordered by the Supreme Court in connection with the entry of an order of suspension or disbarment under another provision of the Enforcement Rules.

(5) An attorney on retired status for three years or less may be reinstated in the same manner as an inactive attorney, by filing a Form DB-29 (Application for Resumption of Active Status), except that the retired attorney shall pay the annual active fee for the three most recent years or such shorter period in which the attorney was on retired status instead of the amounts required to be paid by an inactive attorney seeking reinstatement.

(6) The Chief Justice may delegate the processing and entry of orders under this subsection to the Prothonotary.

(b) *Inactive Status.* Enforcement Rule 219(j) provides that:

(1) An attorney who is not engaged in practice in Pennsylvania, has sold his or her practice pursuant to Rule 1.17 of the Pennsylvania Rules of Professional Conduct, or is not required by virtue of his or her practice elsewhere to maintain active licensure in the Commonwealth may request inactive status or continue that status once assumed. The attorney shall file either the annual form required by § 93.142(b) and request inactive status or file Form DB-28 (Notice of Voluntary Assump-

tion of Inactive Status). The attorney shall be removed from the roll of those classified as active until and unless such inactive attorney makes a request under paragraph (3) of this section for an administrative return to active status and satisfies all conditions precedent to the grant of such request; or files a petition for reinstatement under § 89.273(b) (relating to procedure for reinstatement of an attorney who has been on inactive status for more than three years, or who is on inactive status and had not been on active status at any time within the prior three years) and is granted reinstatement pursuant to the provisions of § 89.273(b) of these rules.

(2) An inactive attorney under this subsection (b) shall continue to file the annual form required by § 93.142(b), **and shall file the form through the online system identified in § 93.141(a)** and shall pay an annual fee of \$70.00 **in the manner provided in § 93.142(b)(2)**. Noncompliance with this provision will result in the inactive attorney incurring late payment [**penalites**] **penalties**, incurring a collection fee for any check in payment that has been returned to the Board unpaid, and being placed on administrative suspension in accordance with the provisions of § 93.144.

(3) *Administrative Change in Status from Inactive Status to Active Status:* An attorney on inactive status may request a resumption of active status by filing Form DB-29 (Application for Resumption of Active Status) with the Attorney Registration Office. **The form must be filed by mail or delivered in person to the Attorney Registration Office.** Resumption of active status shall be granted unless the inactive attorney is subject to an outstanding order of suspension or disbarment, unless the inactive attorney has sold his or her practice pursuant to Rule 1.17 of the Pennsylvania Rules of Professional Conduct (see § 89.273(b)), unless the inactive status has been in effect for more than three years, or unless the inactive attorney had not been on active status at any time within the preceding three years (see § 89.273(b)), upon the payment of:

* * * * *

§ 93.148. Administrative change in status from administrative suspension to inactive status.

(a) Enforcement Rule 219(k) provides that an inactive attorney who has been administratively suspended for failure to file the annual form and pay the annual fee required by § 93.146(b)(2) of these rules, may request an administrative change in status [**to inactive status**] **form from the Attorney Registration Office.** The [**Attorney Registration Office**] **form must be filed by mail or delivered in person to the Attorney Registration Office and said Office** shall change the status of an attorney eligible for inactive status under this subsection (a) upon receipt of:

* * * * *

§ 93.149. [(Reserved).] Former or retired justice or judge and resumption of active status.

(a) Rule 219(n) provides that a former or retired justice or judge who is not the subject of an outstanding order of discipline affecting his or her right to practice law and who wishes to resume the practice of law shall file with the Attorney Registration Office a notice in writing. The notice shall:

(1) describe:

(i) any discipline imposed within six years before the date of the notice upon the justice or judge by the Court of Judicial Discipline;

(ii) any proceeding before the Judicial Conduct Board or the Court of Judicial Discipline settled within six years before the date of the notice on the condition that the justice or judge resign from judicial office or enter a rehabilitation program; and

(2) include a waiver available through the Attorney Registration Office and signed by the justice or judge, if the notice discloses a proceeding described in subsection (1), of the confidentiality of the record in that proceeding for the limited purpose of making the record available to the Board in any subsequent proceeding under these rules.

An annual fee form will be provided by the Attorney Registration Office. The form must be filed by mail or delivered in person to said Office and be accompanied by payment of the full annual fee for the assessment year in which the notice is filed.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation, Formula.

* * * * *

[(d) *Divided or Split Physical Custody. When Each Party Has Primary Custody of One or More of the Children. Varied Custodial Schedules.*

(1) *Divided or Split Physical Custody. When Each Party Has Primary Custody of One or More of the Children.* When calculating a child support obligation, and one or more of the children reside primar-

ily with each party, the court shall offset the parties' respective child support obligations and award the net difference to the obligee as child support. For example, if the parties have three children, one of whom resides with Father and two of whom reside with Mother, and their net monthly incomes are \$2,500 and \$1,250 respectively, Father's child support obligation is calculated as follows. Using the schedule in Rule 1910.16-3 for two children at the parties' combined net monthly income of \$3,750, the amount of basic child support to be apportioned between the parties is \$1,200. As Father's income is 67% of the parties' combined net monthly income, Father's support obligation for the two children living with Mother is \$804. Using the schedule in Rule 1910.16-3 for one child, Mother's support obligation for the child living with Father is \$276. Subtracting \$276 from \$804 produces a net basic support amount of \$528 payable to Mother as child support.

When calculating a combined child support and spousal or alimony pendente lite obligation, and one or more children reside with each party, the court shall offset the obligor's spousal and child support obligation with the obligee's child support obligation and award the net difference to the obligee as spousal and child support. When one or more of the children resides with each party then, in calculating the spousal support or alimony pendente lite obligation, the court shall deduct from the obligor's income both the support owed for the child or children residing with the obligee, as well as the direct support the obligor provides to the child or children living with the obligor, calculated in accordance with the guidelines as if the child or children were not living with the obligor.

(2) *Varied Custodial Schedules.* When the parties have more than one child and each child spends different amounts of partial or shared custodial time with the obligor, the trier of fact shall add the percentage of time each child spends with the obligor and divide by the number of children to determine the obligor's percentage of custodial time. If the average percentage of time the children spend with the obligor is 40% or more, the provisions of subdivision (c) above apply.

Example 1. The parties have two children and one child spends 50% of the time with the obligor and another spends 20% of the time with the obligor. Add those percentages together and divide by the number of children (50% plus 20% = 70% divided by 2 children = 35% average of the time with the obligor). Pursuant to subdivision (c), the obligor does not receive a reduction in the support order for substantial parenting time.

Example 2. The parties have three children. Two children spend 50% of the time with the obligor and third child spends 30% of the time with the obligor. Add the percentages of custodial time for all three children together and divide by the number of children (50% plus 50% plus 30% = 130% divided by three children = 43.33% average percentage of time with the obligor). Pursuant to subdivision (c), the obligor receives a reduction in the support order for substantial parenting time.

Official Note: In cases with more than one child and varied partial or shared custodial schedules, it is not appropriate to perform a separate calculation for each child and offset support amounts as

that method does not consider the incremental increases in support for more than one child built into the schedule of basic child support.]

(d) *Divided or Split Physical Custody. When Each Party Owes Child Support to the Other Party. Varied Partial or Shared Custodial Schedules.*

(1) *Divided or Split Physical Custody. When Each Party Owes Child Support to the Other Party.* When calculating a child support obligation and each party owes child support to the other party as a result of the custodial arrangement, the court shall offset the parties' respective child support obligations and award the net difference to the obligee as child support.

Example 1. If the parties have three children, one child resides with Mother and two children reside with Father, and their net monthly incomes are \$2,500 and \$1,250 respectively, Mother's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for two children at the parties' combined net monthly income of \$3,750. The amount of basic child support to be apportioned between the parties is \$1,200. As Mother's income is 67% of the parties' combined net monthly income, Mother's support obligation for the two children living with Father is \$804. Father's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for one child at the parties' combined net monthly income of \$3,750. The amount of basic child support to be apportioned between the parties is \$836. Father's support obligation for the child living with Mother is \$276. Subtracting \$276 from \$804 produces a net basic support amount of \$528 payable to Father as child support.

Example 2. If the parties have two children, one child resides with Mother and the parties share custody (50%—50%) of the other child, and the parties' net monthly incomes are as set forth in Example 1. The child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for the one child primarily residing with Mother at the parties' combined net monthly income of \$3,750, the amount of basic child support to be apportioned between the parties is \$836. Father's income is 33% of the parties' combined net monthly income, and the support obligation for the child living with Mother is \$276. For Mother's obligation for the child with the 50%—50% shared custody arrangement, using the schedule in Pa.R.C.P. No. 1910.16-3 for one child at the parties' combined net monthly income of \$3,750, the amount of basic child support to be apportioned between the parties is \$836. Mother's proportionate share of the combined net incomes is 67%, but it is reduced to 47% after applying the shared parenting time adjustment for 50% custody under subdivision (c). Mother's child support obligation for the shared custody child is \$393 ($\$836 \times 47\%$). As Mother's obligation is greater than Father's obligation, Father is the obligee and receives the net of the two obligations by subtracting \$276 from \$393, or \$117.

(2) *Varied Partial or Shared Custodial Schedules.* When the parties have more than one child and each child spends either (a) different amounts of partial or shared custodial time with the party with the higher income or (b) different amounts of partial custodial time with the party with the lower income, the trier of fact shall add the percentage of

time each child spends with that party and divide by the number of children to determine the party's percentage of custodial time. If the average percentage of custodial time the children spend with the party is 40% or more, the provisions of subdivision (c) apply.

Example 1. The parties have two children and one child spends 50% of the time with Mother, who has the higher income, and the other child spends 20% of the time with Mother. Add those percentages together and divide by the number of children (50% plus 20% = 70% divided by 2 children = 35% average time with Mother). Pursuant to subdivision (c), Mother does not receive a reduction in the support order for substantial parenting time.

Example 2. The parties have three children. Two children spend 50% of the time with Mother, who has the higher income, and the third child spends 30% of the time with Mother. Add the percentages of custodial time for all three children together and divide by the number of children (50% plus 50% plus 30% = 130% divided by three children = 43.33% average percentage of time with Mother). Pursuant to subdivision (c), Mother receives a reduction in the support order for substantial parenting time.

Example 3. The parties have three children, Mother has primary custody (60%—40%) of one child, Father has primary custody (60%—40%) of one child, and the parties share custody (50%—50%) of the third child. The parties' net monthly incomes are \$2,500 (Mother) and \$1,250 (Father). As a result of the custodial arrangement, Father owes support for the child in the primary custody of Mother and Mother owes support for the child in the primary custody of Father and for the child shared equally between the parties. Father's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for one child at the parties' combined net monthly income of \$3,750. The amount of basic child support to be apportioned between the parties is \$836. Father's proportionate share of the combined net incomes is 33%, but is reduced to 23% after applying the shared parenting time adjustment for 40% custody under subdivision (c). Father's child support obligation for this child is \$192 ($\$836 \times 23\%$). Mother's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for two children at the parties' combined net monthly income of \$3,750. The amount of basic child support to be apportioned between the parties is \$1,200. Mother has varying partial or shared custody of the two children (40% and 50%). Under subdivision (d)(2), the custodial time is averaged or in this case 45%. Mother's proportionate share of the combined net incomes is 67%, but it is reduced to 52% after applying the shared parenting time adjustment for 45% custody under subdivision (c). Mother's child support obligation for these children is \$624 ($\$1,200 \times 52\%$). Offsetting the support amounts consistent with subdivision (d)(1), Mother's obligation is greater than Father's obligation, and Father is the obligee receiving the net of the two obligations by subtracting \$192 from \$624, or \$432.

Official Note: In cases with more than one child and varied partial or shared custodial schedules, it is not appropriate to perform a separate calculation for each child and offset support amounts as that method does not consider the incremental

increases in support for more than one child built into the schedule of basic child support.

(3) When calculating a combined child support and spousal or alimony *pendente lite* obligation and one or more children reside with each party, the court shall offset the obligor's spousal and child support obligation with the obligee's child support obligation and award the net difference to the obligee as spousal and child support. If one or more of the children resides with each party then, in calculating the spousal support or alimony *pendente lite* obligation, the court shall deduct from the obligor's income both the support owed for the child or children residing with the obligee, as well as the direct support the obligor provides to the child or children living with the obligor, calculated in accordance with the guidelines as if the child or children were not living with the obligor.

(e) *Support Obligations When Custodial Parent Owes Spousal Support.* Where children are residing with the spouse obligated to pay spousal support or alimony *pendente lite* (custodial parent) and the other spouse (non-custodial parent) has a legal obligation to support the children, the guideline amount of spousal support or alimony *pendente lite* shall be determined by offsetting the non-custodial parent's obligation for support of the children and the custodial parent's obligation of spousal support or alimony *pendente lite*, and awarding the net difference either to the non-custodial parent as spousal support/alimony *pendente lite* or to the custodial parent as child support as the circumstances warrant.

Explanatory Comment

In accordance with Pa.R.C.P. No. 1910.10, a judicial district may opt for one of two procedures for support matters; the procedure selected is then certified by the president judge or administrative judge to the Domestic Relations Procedural Rules Committee as prescribed in subdivision (b). Subdivision (b) was added in response to requests from appellate court judges who find that it is often difficult to determine the rule with which the actual support procedure is intended to comply. Subsequently, a judicial district may, at any time, change its support procedure by filing a new certification with the staff of the Domestic Relations Procedural Rules Committee indicating the rule according to which support matters will proceed. However, a judicial district may, by local rule, permit interstate actions to proceed directly to a hearing officer or judge without a conference.

The procedure set forth in Pa.R.C.P. No. 1910.11 provides for a conference before a conference officer, a conference summary and entry of an interim order for support calculated in accordance with the guidelines, and a right to demand a hearing *de novo* before a judge. The hearing must be held and the final order entered within 60 days of the written demand for hearing.

The alternate procedure, as set forth in Pa.R.C.P. No. 1910.12, provides for a conference before a conference officer, a record hearing before a hearing officer, and issuance of a report and recommendation to which exceptions may be filed within ten days. The court must hear argument and enter a final order within 60 days of the filing of exceptions.

In lieu of continuing the practice of including in the Note a 67-county list identifying the hearing procedure selected by the local county court, the list can now be found on the Domestic Relations Procedural Rules Committee website.

CHAPTER 1915. ACTIONS FOR CUSTODY OF MINOR CHILDREN

Rule 1915.4-1. Alternative Hearing Procedures for Partial Custody Actions.

(a) A custody action shall proceed as prescribed by Pa.R.C.P. No. 1915.4-3 unless the court, by local rule, adopts the alternative hearing procedure authorized by Pa.R.C.P. No. 1915.4-2 pursuant to which an action for partial custody may be heard by a hearing officer, except as provided in subdivision (b).

(b) Promptly after the parties' initial contact with the court as set forth in Pa.R.C.P. No. 1915.4(a), a party may move the court for a hearing before a judge, rather than a hearing officer, in an action for partial custody where:

- (1) there are complex questions of law, fact or both; or
- (2) the parties certify to the court that there are serious allegations affecting the child's welfare.

(c) The president judge or the administrative judge of the family division of each county shall certify that custody proceedings generally are conducted in accordance with either Pa.R.C.P. No. 1915.4-2 or Pa.R.C.P. No. 1915.4-3. The certification shall be filed with the Domestic Relations Procedural Rules Committee of the Supreme Court of Pennsylvania and shall be substantially in the following form:

Explanatory Comment—1994

These rules provide an optional procedure for using hearing officers in partial custody cases. The procedure is similar to the one provided for support cases in Rule 1910.12: a conference, record hearing before a hearing officer and argument on exceptions before a judge. The terms “conference officer” and “hearing officer” have the same meaning here as in the support rules.

It is important to note that use of the procedure prescribed in Rules 1915.4-1 and 1915.4-2 is optional rather than mandatory. Counties which prefer to have all partial custody cases heard by a judge may continue to do so.

These procedures are not intended to replace or prohibit the use of any form of mediation or conciliation. On the contrary, they are intended to be used in cases which are not resolved through the use of less adversarial means.

Explanatory Comment—2007

The intent of the amendments to Rules 1915.4-1 and 1915.4-2, and new Rule 1915.4.3, is to clarify the procedures in record and non-record custody proceedings. When the first proceeding is non-record, no exceptions are required and a request for a de novo hearing may be made.]

Rule 1920.55-1. Alternative Hearing Procedures for Matters Referred to a Master.

The 1995 amendments created alternative procedures for appeal from the recommendation of a master in divorce. Pa.R.C.P. No. 1920.55-1 states that, if the court chooses to appoint a master, the exceptions procedure set forth in proposed Pa.R.C.P. Order of Court

And Now, this 8th day of July, 2016, the Court hereby Orders that Rule 202 of the Adams County Rules of Criminal Procedure shall be amended as follows:

PROPOSED RULEMAKING

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS STATE BOARD OF EXAMINERS IN SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY

[49 PA. CODE CHS. 43b AND 45]

Fees; General Revisions

The State Board of Examiners in Speech-Language Pathology and Audiology (Board) and the Commissioner of Professional and Occupational Affairs (Commissioner) jointly propose to amend §§ 43b.16a, 45.1, 45.2, 45.11—45.17, 45.20—45.22, 45.102, 45.103, 45.301, 45.304, 45.305, 45.307, 45.308, 45.401, 45.501, 45.505 and 45.507, rescind §§ 45.18 and 45.19 (relating to criteria for master's degree equivalent; and practicum) and add §§ 45.23 and 45.24 (relating to provisional licenses; and certification to utilize neurophysiologic intraoperative monitoring) to read as set forth in Annex A.

Effective Date

This proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

Section 5(2) of the Speech-Language Pathologists and Audiologists Licensure Act (act) (63 P.S. § 1705(2)) authorizes the Board to adopt and revise rules and regulations consistent with the act as may be necessary to implement the provisions of the act. Section 5(7) of the act specifically authorizes the Board to establish standards of eligibility for license renewal, which includes demonstration of satisfactory completion of continuing education. Additionally, section 8.1 of the act (63 P.S. § 1708.1) requires that the Board issue certifications to audiologists utilizing neurophysiologic intraoperative monitoring (IOM).

In connection with the fees, section 7(d)(1) of the act (63 P.S. § 1707(d)(1)) authorizes the Board to issue provisional licenses to qualifying applicants who submit an application and an accompanying fee. Additionally, section 8(a) of the act (63 P.S. § 1708(a)) requires the Board to increase fees by regulation to meet or exceed projected expenditures if the revenues raised by fees, fines and civil penalties are not sufficient to meet expenditures over a 2-year period. Finally, section 810(a)(3) and (7) of The Administrative Code of 1929 (71 P.S. § 279.1(a)(3) and (7)) authorizes the Commissioner to issue all certificates and other official documents of the various professional and occupational examining boards and, unless otherwise provided by law, to fix the fees to be charged by the boards within the Bureau of Professional and Occupational Affairs (Bureau).

With regard to the schedule of civil penalties, section 5 of the act of July 2, 1993 (P.L. 345, No. 48) (63 P.S.

§ 2205) authorizes the Commissioner to adopt a schedule of civil penalties for violations under the act and regulations of the Board.

Background and Purpose

The act of July 2, 2014 (P.L. 971, No. 106) (Act 106) significantly amended the act relating to the regulation of the practice of speech language pathology and audiology. In addition to renaming the act and the Board, Act 106 eliminated a class of licensee—teachers of the hearing impaired—from the Board's regulatory authority. (This licensee class consisted of less than 100 licensees.) Act 106 further defined "speech-language pathologist," the "practice of speech-language pathology" and "audiologist and the "practice of audiology," authorized the Board to issue provisional licenses, increased the licensure requirements for audiologists and added a certification requirement for audiologists utilizing IOM. In addition, Act 106 added provisions in other professional and occupational licensure acts including the forfeiture of a Board member's seat for failure to attend meetings, authorization to compel mental or physical examinations, authorization to require evidence of continued competency to reinstate a license if the license has been expired for 5 years or more, and addition of title protection and civil penalty authority for unlicensed practice. This proposed rulemaking reflects the changes made to the act by Act 106.

As part of this proposed rulemaking, the Board and Commissioner are setting fees for the new credentials provided for by Act 106—provisional licenses and certificates to utilize IOM. In doing so, the Board considered its entire fee structure to assure that the fees were equitable and that the new fees would produce adequate revenue to support the operations of the Board. In connection with fees, the Board is required by law to support its operations from the revenue it generates from fees, fines and civil penalties. In addition, section 8(a) of the act requires the Board to increase fees if the revenue raised by fees, fines and civil penalties is not sufficient to meet expenditures over a 2-year period. The Board raises the majority (approximately 85%) of its revenue through biennial renewal fees. A small percentage (approximately 15%) of its revenue comes from other fees, fines and civil penalties.

At the Board's meeting on February 27, 2015, representatives from the Department of State's Bureau of Finance and Operations (BFO) presented a summary of the Board's actual revenue and expenses for Fiscal Years (FY) 2007-2008—2014-2015 and projected revenue and expenses through FY 2025-2026 with a recommendation for a biennial renewal fee increase and new fees for provisional licenses, provisional license renewals and IOM certifications based upon the costs of issuing the licenses/certifications. At the request of the Board, the BFO submitted revised budgetary information for that same period with an alternative recommendation that also included an initial license increase. The Board reviewed the revised budgetary information at its June 26, 2015, meeting.

The BFO pointed out to the Board that at the current fee levels, with the elimination of the teacher of the hearing impaired licensure classification, the Board receives revenue of approximately \$425,000 over a 2-year period, while budgeted expenditures for FYs 2015-2016 and 2016-2017 are projected at \$519,000—a deficit of \$94,000. Without an increase in fees, these operating

deficits will continue to grow due to ever-increasing expenses of operating the Board and its required enforcement efforts. The BFO projects that by FYs 2022-2023 and 2023-2024, the biennial deficit will grow to \$184,000 (biennial revenue of \$425,000 and projected biennial expenses of \$609,000). Even with the addition of fees regarding the issuance of provisional licenses and IOM certificates, expenditures will continue to outpace revenue. For these reasons, the Board determined to consider its entire fee structure at this time. In addition to setting the three new fees (provisional license application fee, provision license renewal fee and IOM certification fee), the Board considered two alternatives. The first involved an increase only to the biennial renewal fees for speech-language pathologists and audiologists from \$46 to \$75. The second option considered was to increase the initial licensure fee for speech-language pathologists and audiologists from \$20 to \$50, and only increase the biennial renewal fee to \$65. The Board believes that the latter option is a better approach as it more accurately reflects the costs of issuing the initial license and spreads the Board's costs over new and existing licensees.

As a result, the Board voted at its June 26, 2015, meeting to increase initial license fees from \$20 to \$50 and biennial renewal fees from \$46 to \$65, in addition to setting provisional license fees at \$50, provisional license renewal fees at \$30 and IOM certification fees of \$15 as set forth in Annex A. With approximately 8,500 active licensees and approximately 650 applicants for licensure annually, the Board believes that these fees will be adequate to continue a positive balance for at least 10 years.

Description of Proposed Amendments

§ 43b.16a. Schedule of civil penalties—audiologists and speech-language pathologists

Due to the elimination of the “teacher of the hearing impaired” class of licenses, the Commissioner proposes to amend the schedule of civil penalties to remove all references to teachers of the hearing impaired.

§ 45.1. Fees

The proposed amendments to § 45.1 (relating to fees) would increase initial licensure fees for speech-language pathologists and audiologists from \$20 to \$50 to more accurately reflect the costs associated with processing the initial applications. Further, biennial renewal fees would increase from \$46 to \$65 for speech-language pathologists and audiologists. This section is also proposed to be amended to delete references to teachers of the hearing impaired as this class of license has been eliminated. In addition, the Board proposes to add a provisional license fee of \$50 and the Commissioner proposes to add an IOM certification fee of \$15. These new fees reflect the Board's estimated cost in issuing the provisional licenses and IOM certifications. Aside from recording the examination results, the costs of reviewing and processing the provisional license application are identical to those associated with issuance of an initial license. The costs associated with IOM certification are minimal as for the majority of the applicants the Board needs only to review the certification to assure that it is from a body recognized by the Board and issue the certificate. Otherwise, the Board only needs to check applicant's transcripts to assure IOM coursework. Finally, the Board is proposing a provisional license renewal fee of \$30.

§ 45.2. Definitions

The Board proposes to amend the definitions of “act” and “Board” to reflect the new names as amended by Act

106. The Board also proposes to amend the definition of “licensees” to delete the reference to teachers of the hearing impaired and delete the definition “practice of teaching the hearing-impaired.”

The Board proposes to amend the definitions of “practice of audiology” and “practice of speech-language pathology” to delineate the changes to the practices in section 3 of the act (63 P.S. § 1703) as well as to recognize the practical definitions of the practices recognized by the National professional organizations in speech-language pathology and audiology under section 5(9) of the act.

Specifically, the amended definition of the “practice of audiology” in section 3 of the act enumerates 14 practice areas. The Board has chosen not to repeat those practice areas in the regulations as they are self-explanatory. Proposed subparagraph (i) of the definition of the “practice of audiology” would incorporate by reference, based upon the express authority granted to the Board in section 5(9) of the act, those practice areas and activities in the definition of the “practice of audiology” recognized by the American Speech-Language-Hearing Association (ASHA), American Academy of Audiology (AAA) and the Academy of Doctors of Audiology (ADA). The Board reviewed the definitions and finds them to be consistent with the definition in the act. In the event that the ASHA, AAA and ADA revise their definitions and the Board concurs with those definitions, the Board would be required to amend the regulations as the adopted definitions are limited to those specifically adopted in this provision. Proposed subparagraph (ii) specifically enumerates IOM as within the definition of the “practice of audiology” for those licensed audiologists who hold a certification from the Board as authorized in sections 3 and 8.1 of the act.

The amended definition of the “practice of speech-language pathology” in section 3 of the act enumerates nine practice areas. Because some of those practice areas require additional explanation, proposed subparagraphs (i)—(x) of the definition of “practice of speech-language pathology” clarify those practice areas in section 3(1)—(9) of the act. Additionally, like proposed subparagraph (i) of the definition of the “practice of audiology,” proposed subsection (xi), based upon the express authority granted to the Board in section 5(9) of the act, would incorporate those practice areas and activities in ASHA's definition of the “practice of speech-language pathology” developed by the ASHA's Ad Hoc Committee on the Scope of Practice in Speech-Language Pathology and approved by the ASHA Legislative Council in 2007. The Board reviewed this definition and found it to be consistent with the definition in the act.

Additionally, the Board proposes deleting the definitions of “practicum” and “qualified training supervisor.” A practicum is completed as a condition for the award of an academic degree under the supervision of a qualified training supervisor. The amendments to section 7 of the act presuppose the completion of the practicum as all accredited academic programs for speech-language pathology and audiology require completion of the practicum. Therefore, definitions of “practicum” and “qualified training supervisor” are unnecessary. Lastly, the Board proposes to delete the definition of “YSPE” because this acronym is proposed to be deleted throughout the regulations in this proposed rulemaking. The proposed amendments instead refers to the 9-month requirement as “supervised professional experience.”

§ 45.11. *Licenses and certifications*

The Board proposes to amend § 45.11 (relating to licenses and certifications) to include the issuance of provisional licenses and IOM certifications as authorized by sections 5(3), 7(d) and 8.1 of the act.

§ 45.12. *Licensure application procedures*

This proposed rulemaking would amend the licensure application procedures to track the amendments to section 7(a)(1) of the act as it applies to speech-language pathologists and section 7(a)(2) of the act as it applies to audiologists. Aside from renumbering and the name change associated with supervised professional experience, changes are not proposed to the speech-language pathologist procedures. The procedures for audiologists in proposed § 45.12(b)(2) (relating to licensure application procedures) track the licensure requirements in section 7(a)(2) of the act.

§ 45.13. *Renewal of license; inactive status of license; required continuing education*

The Board proposes to amend § 45.13 (relating to renewal of license; inactive status of license; required continuing education) to reflect current practice in connection with biennial license renewals. Subsection (b) would be amended to clarify that licenses, certifications and Board documentation will be sent to the address provided to the Board by the licensee. Subsection (c) is proposed to be amended to clarify that unless a licensee requests that a license be placed on inactive status, at the end of a biennial period it will be marked expired until it is renewed or reactivated. Subsection (e) is proposed to be amended to clarify that licenses that are not renewed or placed on inactive status will be marked expired. Subsection (f) is proposed to be amended to clarify that until the expired/inactive licenses are renewed/reactivated, the Board will not send licensees notifications. Subsections (g) and (h) are proposed to be amended to delete the reference to “speech-language pathologist, audiologist or teacher of the hearing impaired,” as the references are unnecessary.

§ 45.14. *Reactivation of licensure status*

Proposed amendments to § 45.14(a) (relating to reactivation of licensure status) delete the notarized affidavit requirement to reactivate a license that has been inactive for less than 5 years. This proposed amendment is consistent with the Board’s current requirement of submission of a verification of nonpractice. Proposed subsection (d) would establish reactivation procedures for licenses that are inactive for more than 5 years tracking the requirement in section 14 of the act (63 P.S. § 1714) that the licensee has assured continued competency. Evidence of continued competency requires one of the following: (1) successful completion of the initial licensing examination; (2) successful completion of the continuing education during the entire lapsed/suspended/inactive period; or (3) documentation evidencing engagement in practice in another jurisdiction for some period within the last 5 years. The Board contemplated including the completion of a reactivation course as evidence of continued competency, similar to the requirement for nurses. However, there are currently no reactivation courses available.

§ 45.15. *Duplicate licenses*

Proposed amendments to § 45.15 (relating to duplicate licenses) delete the requirement that licensees submit a notarized statement providing the rationale for the request for a duplicate as the act does not require the

submission of a notarized statement to obtain a duplicate license. Additionally, because wallet cards are not duplicated, the provision permitting wallet cards is proposed to be deleted.

§ 45.16. *Display of license*

Proposed amendments to § 45.16 (relating to display of license) replace the requirement that licensees post their original certificates in their places of businesses. The Bureau no longer issues wall certificates for any profession; it only issues licenses, certifications and wallet cards to Bureau licensees.

§ 45.17. *Education requirements*

Proposed amendments to § 45.17 (relating to education requirements) track the changes to section 7 of the act. For speech-language pathologists, § 45.17(a) would require that applicants possess either a master’s or doctoral degree from an academic program accredited by an accrediting agency approved by the Board. The Board will post a list of approved accrediting agencies on its web site. The Board believes that including the list of approved accrediting agencies in the regulation delays the addition or deletion of approved accrediting agencies.

Proposed amendments to § 45.17(b) to track the educational requirement change in section 7(a)(2) of the act, requiring, as of January 1, 2015, that all applicants for audiology possess a doctoral degree in audiology that includes a practicum from an academic program accredited by an accrediting agency approved by the Board and the United States Department of Education or the Council for Higher Education Accreditation. Like proposed subsection (a), the degree must include a practicum and the list of Board-approved accrediting agencies will be available on the Board’s web site.

Subsection (c) is proposed to be deleted as it addresses teachers of the hearing-impaired who are no longer licensed by the Board.

§ 45.18. *Criteria for master’s degree equivalent*

In that section 7 of the act eliminated the master’s degree equivalent, the Board proposes to rescind § 45.18.

§ 45.19. *Practicum*

Additionally, as explained in connection with the definition of “practicum” in § 45.2, § 45.19 is proposed to be rescinded. Because all of the speech-language pathology and audiology programs in the United States require completion of a practicum to obtain the required degree, the Board no longer needs to set standards for or review documentation relating to completion of a practicum.

§ 45.20. *Supervised professional experience*

Unlike audiology students who complete their supervised professional experience during the last year of their doctoral degree programs, speech-language pathology students complete their supervised professional experiences after their degrees are conferred.

Aside from replacing “YSPE” with “supervised professional experience” throughout § 45.20 (relating to supervised professional experience), proposed amendments to subsection (a) delete the reference to practicum requirements. Proposed subsection (a) modifies the minimum number of hours of supervised professional experience that shall be completed in at least 9 months under section 7(a) of the act. The Board’s requirement that speech-language pathologists complete at least 1,260 hours of supervised professional experience matches the requirement for ASHA certification, which permits portability of licenses. The Board has not altered its require-

ment that the supervised professional experience be completed within 2 years, and has retained the ability to request a waiver of the mandated timeframes in case of demonstrated undue hardship, military service or other good cause.

Proposed subsection (c) add the requirement that the supervision be provided by a currently licensed speech-language pathologist in the state or jurisdiction where the supervised professional experience is being obtained. The Board believes that this addition will enable speech-language pathologists to obtain the necessary experience without hardship. Proposed subsection (d) requires supervisees to advise individuals under their care that the supervisee is working under the supervision of a licensed speech-language pathologist. The Board believes that this requirement is in the interest of the individuals receiving care.

§ 45.21. Waivers

Proposed amendments to § 45.21(2) (relating to waivers) reflect the current name of ASHA's Council for Clinical Certification. Paragraph (3) is proposed to be deleted as it applies solely to teachers of the hearing impaired. It will be replaced with the exemption in section 7(c) of the act.

§ 45.22. Foreign-trained applicants

Section 45.22 (relating to foreign-trained applicants) is proposed to be split into two subsections for speech-language pathologists and audiologists because the educational requirements for the two professions differ as set forth in section 7(a) of the act.

§ 45.23. Provisional licenses

Proposed § 45.23 stems from the authorization in section 7(d) of the act to issue provisional licenses to: (1) speech-language pathologists and audiologists licensed in other states; (2) speech-language pathologists who are completing their supervised professional experience; and (3) audiologists who are applying for licensure or post-doctoral graduate students completing additional post-graduate professional experience. The differing lengths of the various provisional licenses are in section 7(d) of the act. Subsection (a)(1)(i) and (2)(i) tracks the statutory time frame of 6 months because the applicant has completed all of the requirements for licensure but is awaiting the issuance of the license by the Board. Subsection (a)(1)(ii) and (2)(ii) tracks the statutory time frame of 18 months enabling individuals to practice speech-language pathology or audiology while completing the professional experience required under section 7(b)(2) of the act. Because audiologists complete their supervised professional experience as part of their audiology degree, the Board understands this provision to apply to individuals seeking additional education, for example, a doctorate in education following the conferral of a doctorate in audiology. Subsection (a)(3) tracks the statutory time frame of 90 days for applicants who hold licenses in other states.

Provisional licensees are required to practice under the supervision of a supervisor who holds the same type of license as the provisional licensee except for provisional licenses issued under subsection (a)(1)(i) and (2)(i) as these individuals have already met all of the requirements for licensure.

Subsection (b) delineates the documentation that shall be submitted in connection with a provisional license. Given the statutory language that required an application and a fee to issue provisional licenses, the Board was unable to promulgate a regulation enabling the issuance of provisional licenses in a final-omitted rulemaking as requested by the Pennsylvania Speech-Language-Hearing Association. Subsection (d) delineates the documentation required for extension requests.

§ 45.24. Certification to utilize neurophysiologic intraoperative monitoring

Proposed § 45.24 stems from the addition of section 8.1 of the act requiring audiologists to obtain certifications from the Board to utilize IOM. Subsection (b)(1) tracks the requirement in section 8.1(1) of the act for current IOM certification from a National accrediting body recognized by the Board. Like the Board's proposed practice to post a list of acceptable accrediting agencies on its web site, the Board proposes to do the same with these accrediting bodies. Currently, the Board believes that the following certifications satisfy the requirements of the act: the Board Certified Specialist in Intraoperative Monitoring from the American Audiology Board of Intraoperative Monitoring; and Diplomat certification from the American Board of Neurophysiologic Monitoring. Subsection (b)(2) tracks the requirement in section 8.1(2) of the act for completion of doctoral level coursework, including neuroanatomy, neurophysiology and IOM from an accredited doctoral audiology program and clinical instruction in IOM. Applicants for certification have the affirmative burden of proving that they possess the qualifications to hold IOM certification.

§ 45.102. Code of Ethics

The Board proposes to delete references to teachers of the hearing-impaired from this section.

§ 45.103. Unprofessional conduct

In addition to proposing to delete all references to teachers of the hearing-impaired, the Board proposes to add three additional provisions from Act 106. Paragraph (22) tracks the requirement in section 8.1 of the act that audiologists possess certification from the Board to utilize IOM. Paragraph (23) tracks the requirement in section 12 of the act (63 P.S. § 1712) that licensees refer patients with suspected medical conditions beyond the licensee's scope for medical evaluation by a physician. Paragraph (24), which requires licensees to utilize universal precautions, is modeled after the Center for Disease Control's recommendation for all health care providers as well as the standard in the professions enunciated by ASHA and AAA.

Subchapter E. Assistants

All references to teachers of the hearing-impaired are proposed to be deleted from this subchapter, including those in §§ 45.301, 45.305, 45.307 and 45.308.

§ 45.304. Minimum education, experience and training requirements

In addition to proposing to delete all references to teachers of the hearing-impaired from this section, the reference to the Council on Education of the Deaf is proposed to be deleted from § 45.304(a)(1) (relating to minimum education, experience and training requirements). The references to "speech-language and hearing" are proposed to be updated to "speech-language pathology and audiology" throughout § 45.304(a).

§ 45.401. *Definitions*

The reference to teachers of the hearing-impaired are proposed to be deleted from the definition of “licensee” in this section.

Subchapter G. Continuing education

All references to continuing education for teachers of the hearing impaired are proposed to be deleted throughout this subchapter.

Fiscal Impact and Paperwork Requirements

This proposed rulemaking will increase the initial and biennial renewal fees for licensees of the Board and adopt a new fee for the issuance of provisional licenses. There are currently approximately 7,525 actively licensed speech-language pathologists and 981 actively licensed audiologists (a total of approximately 8,506 licensees) who will be required to pay \$19 more to renew their licenses. Additionally, approximately 650 applicants apply for licensure annually. The vast majority of licensees and applicants are considered to be working for small businesses. They will be impacted because their license fees will increase. The proposed rulemaking should not have other fiscal impact on the private sector, the general public or political subdivisions of this Commonwealth.

The proposed rulemaking will require the Board to alter some of its forms to reflect the new fee and create new applications for provisional licenses and IOM certifications. Audiologists seeking IOM certification will be required to file additional paperwork with the Board. However, this proposed rulemaking will not create other additional paperwork for the regulated community or the private sector.

Sunset Date

The Board continuously monitors the effectiveness of its regulations. Therefore, a sunset date has not been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on October 19, 2016, the Board and the Commissioner submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee (HPLC) and the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC). A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71

P.S. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review prior to final publication of the rulemaking by the Board, the Commissioner, the General Assembly and the Governor.

Interested persons are invited to submit written comments, recommendations or objections regarding the proposed rulemaking in writing to Judith Pachter Schulder, Counsel, State Board of Examiners in Speech-Language Pathology and Audiology, P.O. Box 69523, Harrisburg, PA 17106-9523, RA-STRegulatory@Counselpa.gov within 30 days of publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Fiscal Note: 16A-6803. (1) Professional Licensure Augmentation Account; (2) Implementing Year 2015-16 is -\$0; (3) 1st Succeeding Year 2016-17 is -\$3,700; 2nd Succeeding Year 2017-18 is -\$300; 3rd Succeeding Year 2018-19 is -\$5,200; 4th Succeeding Year 2019-20 is -\$300; 5th Succeeding Year 2020-21 is -\$5,200; (4) 2014-15 Program—\$237,000; 2013-14 Program—\$209,000; 2012-13 Program—\$203,000; (7) Professional and Occupational Affairs (R); (8) recommends adoption. Eliminating the license for teachers of the hearing impaired will result in a loss of fee revenue for the Board. However, increases to the application and biennial renewal fees for all speech-language pathologists and audiologists are necessary to cover current and future year Board expenses.

(2) Completion of the doctoral level coursework, including neuroanatomy, neurophysiology and other neurophysiologic intraoperative monitoring, from an accredited doctoral audiology program and clinical instruction in neurophysiologic intraoperative monitoring that meets the requirements of 8.1(2) of the act (63 P.S. § 1708.1(2)). The applicant has the affirmative burden of proving that these requirements are met.

Subchapter C. STANDARDS OF PRACTICE AND CONDUCT

§ 45.102. Code of Ethics.

(a) *General.* The Board is empowered by section 5(2) of the act (63 P.S. § 1705(2)) to promulgate a Code of Ethics for speech-language pathologists[, **audiologists and teachers of the hearing-impaired**] and audiologists, and the Board finds that the following rules are essential for establishing and maintaining stringent standards of professional conduct and for protecting the public interest, the Board has established the following Code of Ethics. A violation of this code constitutes unprofessional conduct under § 45.103 (relating to unprofessional con-

duct) or, as applicable, fraud or deceit under § 45.104 (relating to fraud or deceit), and subjects the violator to appropriate disciplinary action.

(b) *Preamble.*

(1) The preservation of the highest standards of integrity is vital to the successful discharge of the professional responsibilities of speech-language pathologists[, **audiologists and teachers of the hearing-impaired**] and **audiologists**. To this end, the Board has established this Code of Ethics to safeguard the public health, safety and welfare and to assure that speech-language and hearing services of the highest possible quality are available to the people of this Commonwealth. A violation of a provision of the Code of Ethics constitutes unprofessional conduct subject to disciplinary action. Accordingly, failure to specify a particular responsibility or practice in the code should not be construed as a deliberate omission.

(2) The fundamental rules of ethical conduct are described in the following categories:

(i) *Principles of Ethics.* Seven principles serve as the basis for the ethical evaluation of professional conduct and form the underlying moral basis for the Code of Ethics. Speech-language pathologists[, **audiologists and teachers of the hearing-impaired**] and **audiologists**, as defined in the act, shall observe these principles as affirmative obligations under all conditions of professional activity.

(ii) *Ethical proscriptions.* Ethical proscriptions are formal statements of prohibitions that are derived from the Principles of Ethics.

(c) *Principle of Ethics I.*

(1) Because speech-language pathologists[, **audiologists and teachers of the hearing-impaired**] and **audiologists** provide nonmedical and nonsurgical services, medical diagnosis and medical treatment by these persons are specifically to be considered unethical and illegal.

* * * * *

§ 45.103. Unprofessional conduct.

As used in section 10(5) of the act (63 P.S. § 1710(5)), the term “unprofessional conduct” includes[, **but is not limited to,**] the following types of conduct:

(1) Practicing as a speech-language pathologist[, **an audiologist or a teacher of the hearing-impaired**] or **an audiologist** with a license that has lapsed or that has been suspended or revoked.

(2) Knowingly aiding or abetting a person who is not licensed or exempted from licensure by the act to practice as a speech-language pathologist[, **an audiologist or a teacher of the hearing-impaired**] or **an audiologist**.

(3) Misrepresenting or concealing a material fact in seeking reinstatement of a license to practice as a speech-language pathologist[, **an audiologist or a teacher of the hearing-impaired**] or **an audiologist**.

(4) Delegating to a person duties that the speech-language pathologist[, **audiologist or teacher of the hearing-impaired**] or **audiologist** knows, or has reason to know, the person is not competent or authorized to perform.

(5) Committing an act of gross negligence, gross malpractice or gross incompetence, or repeated acts of negligence, malpractice or incompetence.

(6) Practicing as a speech-language pathologist[, an audiologist or a teacher of the hearing-impaired] or an audiologist while unable to do so with reasonable skill and safety because of illness, drunkenness, excessive use of controlled substances, chemicals or other types of materials or as the result of a mental or physical condition.

* * * * *

(21) Violating a State or Federal statute or a regulation promulgated thereunder in the *Pennsylvania Code* or the *Code of Federal Regulations* by a State or Federal agency that imposes a standard for practicing as a speech-language pathologist[, an audiologist or a teacher of the hearing-impaired] or an audiologist in this Commonwealth. The Board, in reaching a decision as to whether there has been a violation of a statute or regulation, will be guided by adjudications of the agency or court that administers or enforces the standard.

(22) Utilizing neurophysiologic intraoperative monitoring without possessing certification from the Board.

(23) Failing to refer patients who presented with suspected medical conditions beyond the licensee's scope of practice under the act for medical evaluation to an appropriate physician within 30 days.

(24) Failing to utilize universal precautions or proper infection control methods.

GAME COMMISSION

[58 PA. CODE CH. 131]

Preliminary Provisions; Replacement Costs for Wildlife Killed

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its September 19, 2016, meeting to amend § 131.8 (relating to replacement costs for wildlife killed) to increase replacement costs for osprey from \$200 to \$2,500.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the September 19, 2016, meeting of the Commission. Comments can be sent until January 27, 2017, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

In accordance with the goals and objectives stated in the Management Plan for Osprey in Pennsylvania, 2015—2025, the osprey (*Pandion haliaetus*) has achieved a population level, geographical distribution and tolerance

of human activity that no longer meets the definition of a threatened species. As a result, the Commission proposes the removal of the osprey from the Commonwealth's threatened species list. Current replacement costs for osprey as a listed threatened species is \$5,000. Upon delisting, replacement costs for osprey will reduce to a default of \$200. Notwithstanding its proposal to delist, the Commission determined that the osprey necessitates further protection from unlawful takings in the form of increased replacement costs upon its effective delisting date. The Commission is proposing to amend § 131.8 to increase replacement costs for osprey from \$200 to \$2,500.

Section 925(i) of code (relating to jurisdiction and penalties) states that "[i]n addition to the fines and costs imposed for violations pursuant to subsection (b), the costs incurred by the commission for the replacement of the species involved in the violation shall be assessed by the magisterial district judge in such amount as is fixed by regulation of the commission." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 131.8 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 131.8 to increase replacement costs for osprey from \$200 to \$2,500.

3. Persons Affected

Persons who unlawfully take or kill ospreys within the Commonwealth will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

[58 PA. CODE CH. 133]
Wildlife Classification; Birds

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its September 19, 2016, meeting to amend § 133.21 (relating to classification of birds) to remove the osprey from the Commonwealth’s list of threatened and endangered birds.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the September 19, 2016, meeting of the Commission. Comments can be sent until January 27, 2017, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

In accordance with the goals and objectives stated in the Management Plan for Osprey in Pennsylvania, 2015—2025 (Plan), the osprey (*Pandion haliaetus*) has achieved a population level, geographical distribution and tolerance of human activity that no longer meets the definition of a threatened species under § 133.4 (relating to definitions). As of the 2016 nesting season, osprey populations have met the objectives of at least 50 total nesting pairs with a steady or increasing population, including at least 10 nesting pairs in each of 4 watersheds for the second consecutive comprehensive survey. As a result, the Commission is proposing to amend § 133.21 to remove the osprey from the Commonwealth’s list of threatened and endangered birds. Upon delisting, ospreys will continue to be a protected species under the code and will continue to be afforded protection under the Migratory Bird Treaty Act (16 U.S.C.A. §§ 703—712). Commission staff will continue to implement the Plan and monitor osprey nests to ensure that this species does not regress toward endangerment.

Section 322(c)(8) of the code (relating to powers and duties of commission) specifically empowers the Commission to “[a]dd to or change the classification of any wild bird or wild animal.” Section 2167(a) of the code (relating to endangered or threatened species) states that “[t]he commission may, by regulation, add or remove any wild bird or wild animal native to this Commonwealth to or from the Pennsylvania native list of endangered or threatened species.” The amendments to § 133.21 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 133.21 to remove the osprey from the Commonwealth’s list of threatened and endangered birds.

3. Persons Affected

Persons concerned with the protected status of the osprey within this Commonwealth will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—05 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop

and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

PA 66-00001H: Procter and Gamble Company (P.O. Box 32, Route 87 South, Mehoopany, PA 18629) for the

Modification of the steam header on four (4) boilers in order to add flexibility to the steam injection system of COGEN 1.

Additionally P&G has elected to take more restrictive PM₁₀, and PM_{2.5} emissions limits and take limits on the amount of natural gas usage of all four boilers. This plan approval does not modify the boilers in any way other than changing the steam header on the boilers. Additionally all requirements that have already been established in the facilities current Title V Permit will be complied with in Washington Township, **Wyoming County**:

36-05136D: Granger Energy of Honeybrook, LLC (16980 Wood Road, Lansing, MI 48909-7185) for an increase in the SO₂ limit for each of the facility's two landfill gas-fired engines at the Lanchester Landfill located in Caernarvon Township, **Lancaster County**. As a result of the changes proposed, the modification will revise the facility's potential-to-emit (pte) for SO_x emissions to 21.7 tpy. The facility's potential emissions for all other pollutants will remain unchanged with CO emissions at 151.0 tpy, NO_x emissions at 43.1 tpy, VOC emissions at 38.0 tpy, PM₁₀ emissions at 5.3 tpy, and HAP emissions at 20.1 tpy. The facility is a Title V facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12, and 25 Pa. Code § 123.13 Process Particulate Matter. Based on these findings, the Department proposes to issue a plan approval for the proposed modification. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

41-00077B: Kellogg USA, Inc. (572 Industrial Park Road, Muncy, PA 17756) for the construction of a Haas brand, 13.4 MMBtu/hr, natural gas-fired pastry bake oven at its existing facility in Muncy Creek Township, **Lycoming County**. The Department of Environmental Protection's (Department) review of the information submitted by Kellogg USA, Inc. indicates that the air contamination source to be constructed will comply with all regulatory requirements, including monitoring, recordkeeping, and reporting requirements, and pertaining to air contamination sources and the emission of air contaminants including 25 Pa. Code Chapter 123 and the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed construction.

The emissions from the proposed oven will not exceed the following limits: 2.88 TPY NO_x, 4.83 TPY CO, <22 TPY VOCs, 0.04 TPY SO_x, 0.44 TPY PM/PM₁₀/PM_{2.5}, 0.11 TPY HAPs, 6,919 TPY CO₂e. In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements: the oven shall be fired only on natural gas, the permittee shall keep records of all raw materials used and production rates to verify compliance with all emissions limitations.

The facility is a State Only facility. If the Department determines that the source is constructed and operated in compliance with the plan approval conditions and the specifications of the application for Plan Approval 41-00077B, the requirements established in the plan approval will be incorporated into State Only (Synthetic Minor) Operating Permit 41-00077 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

49-00063A: Sensenig Milling Services, Inc. (10705 State Route 44, Watsontown, PA 17777) for the construction of a bakery waste rotary dryer incorporating a 40 million Btu per hour, natural gas/solid fuel-fired suspension burner at the Sensenig Milling Services' facility located in Lewis Township, **Northumberland County**. The Department of Environmental Protection's (Department) review of the information submitted by Sensenig Milling Services' indicates that the air contamination sources to be constructed will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed construction. The emissions from the proposed source included in this project will not exceed the following limits: 13.00 tons of nitrogen oxides (NO_x, expressed as NO₂) per year, 30.00 tons of carbon monoxide per year, 22.55 tons of volatile organic compounds per year and 10.73 tons of particulate matter per year.

In addition to the emission limitations, the following is a brief description of the types of conditions and limits the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements. The Plan Approval conditions shall not permit the emission of: sulfur oxides, expressed as SO₂, into the outdoor atmosphere from the rotary dryer in such a manner that the concentration of the sulfur oxides in the effluent gas from the associated dust collector exceeds 500 parts per million, by volume, dry basis; particulate matter from the rotary dryer into the outdoor atmosphere in such a manner that the concentration in the effluent gas from the associated dust collector exceeds 0.01 grain per dry standard cubic foot.

The rotary dryer shall be operated and maintained in accordance with the manufacturer's instructions and shall not be operated more than 5,000 hours in any 12 consecutive month period. The 40 million Btu per hour suspension burner incorporated in the rotary dryer shall only be fired on natural gas and non-hazardous secondary material which are not solid wastes when used as a fuel for the rotary dryer that remain within the control of the

generator and that meet the legitimacy criteria specified in the plan approval. The non-hazardous secondary material must have a meaningful heating value of greater than 5,000 Btu per pound in accordance with the permit-by rule requirements specified in 25 Pa. Code § 287.102. The non-hazardous secondary material used to fire the burner incorporated in the rotary dryer shall not have as constituents chloride-containing plastic packaging and non-combustible materials such as aluminum pie plates.

The 40 million Btu per hour suspension burner incorporated in the rotary dryer shall be equipped with an interlock, or other such device, which prevents the burner from firing more than 2,500 pounds of non-hazardous secondary material per hour. The combustion chamber of the suspension burner incorporated in the rotary dryer shall be equipped with instrumentation to continuously monitor the temperature of the chamber and an interlock, or other such device, which prevents the auger from feeding non-hazardous secondary material into the combustion chamber of the burner when the temperature of the combustion chamber is less than 1,300°F.

The cyclone separator and the dust collector, which shall be installed inside a heated building, shall each be equipped with instrumentation to continuously monitor the differential pressure across the respective control device along with instrumentation to continuously monitor the inlet temperature of the control device. Additionally, should the subject instrumentation detect temperatures approaching the dew point, the instrumentation shall signal the automatic dryer temperature control system to increase the heat input of the rotary dryer and/or decrease the waste feed rate to the rotary dryer. The cyclone separator and the dust collector, as well as all associated ducting from the outlet of the rotary dryer to the inlet of the cyclone separator and from the outlet of cyclone separator to the inlet of dust collector, shall be insulated in such a fashion to prevent effluent gas from dropping to dew point or condensing in the control device surfaces. The permittee shall keep on hand a sufficient quantity of spare fabric collector bags for the dust collector in order to be able to immediately replace any bags requiring replacement. Only bags treated with a fluoropolymer, or equivalent, which reduces filter cake build-up of agglomerating and strongly adhesive particulate matter, shall be used in the fabric collector.

All conditions contained in State Only Operating Permit 49-00063 remain in effect unless superseded or amended by conditions contained in this plan approval. If there is a conflict between a condition or requirement contained in this plan approval and a condition or requirement contained in State Only Operating Permit 49-00063, the permittee shall comply with the condition or requirement contained in this plan approval rather than the conflicting condition or requirement contained in State Only Operating Permit 49-00063. The facility is a State Only facility. If the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for Plan Approval 49-00063A, the requirements established in the plan approval will be incorporated into a state only operating permit pursuant to 25 Pa. Code § 127.421. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P.S. § 750.5)

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Springettsbury Township	1501 Mount Zion Rd York, PA 17402	York
Windsor Township	1480 Windsor Rd Red Lion, PA 17356	

Plan Description: Approval is granted for a revision to the official plans of Springettsbury and Windsor Townships, York County. The project is known as the East York Interceptor. The plan provides for the abandonment of the Beaverson and Penn Oaks pump stations with new lines tying into the East York Interceptor, which will be upgraded to accommodate an additional 0.887 mgd, which will ultimately be tributary to the Springettsbury Township Wastewater Treatment Plant. The sewer line improvements will begin at Pond Drive in Windsor Township and follow an un-named tributary of Kreutz Creek north to the northern side of Eastern Boulevard across from its intersection with Torrington Drive in Springettsbury Township. The approved project will require a Water Quality Management (Part II) permit for the construction and operation of the proposed sewage facilities. The permit application must be submitted in the name of the municipality. The Department's review of the revision amendment has not identified any significant impacts resulting from this proposal. The DEP Code Numbers for this plan are A3-67957-450-3m and A3-67966-475-3m, and the APS Id is 911800.

Northwest Region: Clean Water Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Grove City Borough	123 West Main Street Grove City, PA 16127	Mercer

Plan Description: The approved plan provides an evaluation of the alternatives associated with the use of the conventional activated sludge process as well as the capacity needs of the tributary municipalities to the Grove City Borough WWTP. The tributary municipalities include Grove City Borough, Harrisville Borough and Liberty, Pine, Springfield and Mercer Townships, Mercer and Butler Counties. The plan recommends the conversion of the sewage treatment plant from a two stage activated sludge process to a conventional activated sludge process, expansion of the wastewater treatment plant from 3.0 MGD to 3.342 MGD and the replacement of the existing 30 foot primary digester by a new 55 foot diameter anaerobic digester. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Northcentral Region: Clean Water Program Manager, 208 West Third Street, Williamsport, PA 17701.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Bellefonte Borough	236 West Lamb Street Bellefonte, PA 16823	Centre

Plan Description: The approved plan calls for the conversion of the municipal sewage treatment plant's Rotating Biological Contactor (RBC) treatment process to the BIOMAG treatment process. The scope of work to convert to the BIOMAG treatment process is to occur entirely within the existing fence line of the existing treatment plant. The estimated total project cost for the selected alternative is approximately \$6,500,000; with Bellefonte Borough being responsible for fifty eight percent of the costs and the Spring-Benner-Walker Joint Authority being responsible for the remaining forty two percent of costs, as per an existing inter-municipal agreement. Bellefonte Borough plans to fund their portion of the project costs via a private bond and/or loan, whereas the Spring-Benner-Walker Joint Authority intends to cover their share of the project costs via the use of capital reserve fund monies. The required WQM Permit for this treatment conversion must be obtained in the name of the Bellefonte Borough Authority. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts.

HAZARDOUS SITES CLEANUP ACT OF OCTOBER 18, 1988

Notice of Interim Response

Keystone Metals Reduction Site, Cheswick Borough, Allegheny County, Southwest Region

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act, 35 P.S. § 6020.101 et. Seq. (HSCA), has proposed an interim response at the Keystone Metals Reduction Site (Site). The Site is located in the 1000 block of Freeport Road in the Borough of Cheswick, Allegheny County, Pennsylvania on property that is now owned by North American Fencing Corporation. The Keystone Metal Reduction Company (KMR) purchased the Site in 1921 and operated a uranium processing facility on the property for a few years. Records indicate that the facility ceased operations in the 1920s.

Beginning in 2010, the Department conducted investigations at the Site and determined that Radium-226 is

the primary Contaminant of Concern on the property. Radium-226 is a hazardous substance as defined by the Hazardous Sites Cleanup Act and is a carcinogen.

The Department considered the following four alternatives to address the threats at the site: 1) no action; 2) cap the Site with 4.5 to 6 feet of clean fill and restrict the Site to industrial or commercial use; 3) remove contaminated soil to the groundwater table and bring the area back to grade using clean fill; 4) excavate and dispose of all contaminated soil.

Alternative number 2 was chosen because it complies with applicable or relevant and appropriate requirements and is cost effective.

This notice is being provided under Section 506(b) of the Hazardous Sites Cleanup Act. The Administrative Record which contains information forming the basis and documenting the selection of this response action is available for public review and comment at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222 between 9:00 a.m. and 4:00 p.m.

The Administrative Record will be open for comment until January 30, 2017. Persons may submit written comments into the record, during this time only, by sending them or delivering them to Dawna Saunders, Project Manager, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222.

In addition, persons may present oral comments for inclusion in the Administrative Record at a public hearing scheduled for December 1, 2016 at 5:30 p.m. at the Cheswick Municipal Building Council Chambers located at 220 South Atlantic Ave in Cheswick, PA 15024.

Persons wishing to present comments must register with Brian Schimmel at the Department's Southwest Regional Office, in writing, at 400 Waterfront Drive, Pittsburgh, PA 15222 or by telephone at (412) 442-4199 before noon on December 1, 2016.

Persons with a disability who wish to attend the hearing and require an auxiliary aide, service, or other accommodations to participate in the proceeding should contact Brian Schimmel at (412) 442-4199 or through the Pennsylvania AT&T Relay Service at (800) 654-5954 (TDD) to discuss how the Department may accommodate their needs.

Public Notice of Proposed Consent Order and Agreement

AZC Township Soil Area, Smith Township, Washington County

Under section 1113 of the Pennsylvania Hazardous Sites Cleanup Act (HSCA) (35 P.S. § 6020.101—6020.1305), notice is hereby given that the Department of Environmental Protection (Department) has entered into a proposed Consent Order and Agreement (CO&A) with Cyprus Amax Minerals Company (Cyprus) for the implementation of cleanup plan detailed designs for the former American Zinc and Chemical Company Smelter (Site). The Site is located in Smith Township, Washington County.

The terms of the settlement are set forth in the CO&A, which is available for review at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA. The Department will receive and consider comments relating to the CO&A for sixty (60) days from the date of this Public Notice. Comments may be submitted, in writing, to Terry Goodwald, Department of Environmental Protection, Hazardous Sites Cleanup, 400 Waterfront

Drive, Pittsburgh, PA 15222. Further information may be obtained by contacting Mr. Goodwald at 412-442-4000. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 800-645-5984.

The Department has reserved the right to withdraw its consent to the CO&A if comments concerning the CO&A disclose facts or considerations which indicate that the CO&A is inappropriate, improper, or not in the public interest. A person adversely affected by the settlement may file an appeal with the Pennsylvania Environmental Hearing Board.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment

report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
7-495	Environmental Quality Board Environmental Laboratory Accreditation 46 Pa.B. 5088 (August 20, 2016)	9/19/16	10/19/16

**Environmental Quality Board Regulation
7-495 (IRRC # 3157)
Environmental Laboratory Accreditation
October 19, 2016**

We submit for your consideration the following comments on the proposed rulemaking published in the August 20, 2016 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Environmental Quality Board (EQB) to respond to all comments received from us or any other source.

1. Determining whether the regulation is in the public interest.

Section 5.2 of the RRA (71 P.S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as economic or fiscal impact and reasonableness. The Commission also considers the information a promulgating agency is required to provide under § 745.5(a) in the regulatory analysis form (RAF).

RAF question # 12 asks how this regulation compares to other states and how this will affect Pennsylvania's ability to compete with other states. EQB's response to the first part of question # 12 states that the proposed amendments are in line with other states. We ask EQB to provide a more detailed explanation of how this regulation compares to other states that surround the Commonwealth.

2. Section 252.201. Application and supporting documents.—Implementation procedures; Clarity.

Under Subsection (a), an environmental laboratory seeking accreditation must apply to the Department of Environmental Protection (DEP) in "writing on forms provided" by DEP. EQB is proposing to replace that phrase with the phrase "the format specified" by DEP. EQB explains that this change will allow for advances in technology and submission of electronic applications. EQB is also proposing to delete references to forms in the following sections: §§ 252.203(a), 252.702(d), 252.703(e), and 252.704(c). We recommend that the final-form regulation specify what information must be included in submissions to DEP. This will assist the regulated community in complying with the regulation. We also note that § 252.205(a)(2)(iii)(A), a subsection that is not being amended, includes a reference to "forms." For consistency throughout Chapter 252, should this provision also be amended?

3. Section 252.203. Accreditation renewal.—Clarity.

Subsection (d) is new language that requires a laboratory with an expired certification to notify their customers within 48-hours "in a manner approved by the Department" that their accreditation has lapsed. Similar to our concern above, we recommend that the final-form regulation specify where a laboratory can obtain information on what is an appropriate manner for providing the required notice to its customers.

4. Section 252.302. Qualifications of the laboratory supervisor.—Protection of the public health, safety and welfare and the effect on this Commonwealth's natural resources; Clarity.

EQB is proposing to reduce the years of experience requirement for laboratory supervisors from two years to one year under several provisions of this section. A commentator has requested that EQB retain the existing language found in the regulation. We ask EQB to explain its rationale for this change and why it believes the reduced years of experience is adequate for the protection of the public and the Commonwealth's natural resources.

In addition, new language is being added as Subsection (m). It reads as follows: "If a method, regulation or program requires more stringent qualifications for education or experience, or both, the laboratory shall meet the more stringent requirement." The Preamble to the proposal explains that this language is needed because the Environmental Protection Agency (EPA) granted DEP primacy for the certification of cryptosporidium, and EPA mandates specific experience for analysts performing testing of cryptosporidium that are not listed in Chapter 252. To improve the clarity of the regulation, we recommend that the final-form regulation specify the requirement for more stringent standards relates specifically to EPA requirements for analysts performing testing for cryptosporidium.

Finally, a commentator has suggested that the language of Subsection (m) should also be included under § 252.304 (relating to personnel requirements). We ask EQB to consider this suggestion as it develops the final-form regulation.

5. Section 252.306. Equipment, supplies and reference materials.—Implementation procedures.

Subsection (j) establishes a new requirement to perform temperature distribution studies for microbiology incubators. Commentators have raised three issues relating to this subsection and how it will be implemented. First, they ask if this subsection applies to circulating water baths. Second they suggest that more guidance is needed on how to develop the incubator distribution study. Third, under Subparagraph (1)(iii), they suggest that the regulation specify what an acceptable time frame for incubator temperature recovery would be. To assist the regulated community in complying with the regulation, we ask EQB to address these concerns in the Preamble to the final-form regulation.

6. Section 252.307. Methodology.—Implementation procedures.

Subsection (j) establishes a new requirement for laboratories to develop and maintain instructions for sample collection and preservation. A commentator has asked if instructions that already have been developed and published by another entity, such as the EPA, could be used to satisfy this requirement. Would instructions that have already been developed by a third party that meet the standards of this subsection be acceptable? If so, we

suggest that EQB add language to the final-form regulation that allow for the use documents that have already been developed.

7. Subsection 252.401. Basic requirements.—Need.

Under Subsection (f), environmental laboratories must establish procedures for handling environmental samples. The proposed rulemaking adds detail on how the samples shall be handled and checked. Commentators have questioned the need to test pH levels under (f)(1)(ii) and the rationale for checking for residual chlorine under (f)(i)(iii). What is the need for checking environmental samples in this manner? The rationale for these tests should be explained in the Preamble to the final-form regulation.

8. Subsection 252.404. Essential quality control requirement—microbiology.—Clarity.

Subsection (g) requires environmental laboratories to demonstrate that certain equipment and material has not been contaminated. Subsections (h)(4) and (h)(5) are being amended to require DEP approval for certain actions. To improve the clarity of the regulation, we suggest that the final-form regulation explain how the approval can be obtained or where information regarding the approval process can be found.

9. Section 252.601. Assessment requirements.—Implementation procedures; Clarity.

Subsection (h) explains time frames associated with correcting deficiencies found by DEP during an assessment. Subsection (h)(1) requires environmental laboratories to “correct” all deficiencies within 120 calendar days of receipt of the assessment report. Subsection (h)(2)

requires an environmental laboratory to “implement and maintain” the corrective actions within time frames specified in the corrective action report or as mandated by DEP. We have two concerns. First, it is unclear what the time frame for correcting deficiencies are under Subsections (h)(1) and (h)(2). Must deficiencies be corrected within 120 days or within time frames specified in the corrective action report or as mandated by DEP? This should be clarified in the final-form regulation. Second, outside of a corrective action report, in what other manner would DEP mandate corrective action? We ask EQB to explain this in the Preamble to the final-form regulation.

10. Miscellaneous clarity.

- Section 252.3 (relating to scope) is not being amended by this proposal. However, we note that the passage of Act 13 of 2012 has made the citation to the Oil and Gas Act found at § 252.3(a)(1) incorrect. We encourage EQB to review the 12 environmental statutes listed in § 252.3 to ensure the accuracy of the statutory citations.

- The phrase “including, but not limited to” is used in the following sections of the proposal: §§ 252.306(f)(9)(i), 252.402(c)(4), and 252.404(j). Section 6.16 of the *Pennsylvania Code & Bulletin Style Manual* recommends that the term “includes” or “including” be used instead of the phrase “including, not limited to.”

INSURANCE DEPARTMENT

Guidance Regarding Parity in Mental Health and Substance Use Disorder Coverage; Notice 2016-15

Concerns have been expressed to the Insurance Department about the implementation and enforcement of parity between mental health and substance use disorder (MH/SUD) insurance coverage, on the one hand, and medical/surgical insurance coverage, on the other hand. This guidance is issued to inform and remind insurance companies and the public of how parity in these coverages is to be applied. This guidance also addresses how other laws, such as the State mandates relating to MH/SUD coverage and the Affordable Care Act (ACA), interact with

the parity requirement. Finally, this guidance applies only to commercial insurance issued in this Commonwealth; it does not apply to health care coverage through a government program (such as Medicare, Medicaid or CHIP), employer-based self-funded coverage or insurance issued in another state.

MHPAEA

Health care treatment for MH/SUDs is an important element of insurance coverage. In 2008, Congress enacted the Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) (Pub.L. No. 110-343). MHPAEA aims to address many treatment issues for individuals with MH/SUD by requiring that any benefits for mental health or substance use disorder conditions, or both, be comparable to coverage of medical/surgical services. This law was adopted into

Commonwealth law by the act of March 22, 2010 (P.L. 147, No. 14) (Act 14) (40 P.S. §§ 908-11—908-16). When enacted, MHPAEA applied only to large groups of more than 50 employees that offered MH/SUD coverage. The ACA extended the application of MHPAEA to all nongrandfathered and nontransitional individual and small group policies effective January 1, 2014: (1) it revised the language of MHPAEA to include individual policies within its scope; (2) it added a separate provision (ACA § 1311(j)) to require both individual and small group qualified health plans on the Exchange to comply with MHPAEA; and (3) it requires all individual and small group policies to provide essential health benefits (EHB), which include MH/SUD coverage, without annual and lifetime dollar limits. Accordingly, MHPAEA applies, with respect to commercial insurance, to individual and small group health plans (other than grandfathered or transitional plans, as described in ACA guidance) offered, issued or renewed in the commercial market beginning on or after January 1, 2014, and to large group plans providing MH/SUD coverage.

The Commonwealth has not to date promulgated regulations under the State parity law, as it may do under the authority of section 2 of Act 14 (40 P.S. § 908-16). Until regulations are promulgated thereunder, the Department intends to use as guidance for the Department and the Commonwealth's insurance industry the Federal rules and guidance implementing MHPAEA, both currently in use and as may be promulgated in the future.

MHPAEA requires that MH/SUD benefits be no more restrictive than medical/surgical benefits, in three areas:

- *Financial requirements.* Examples include co-pays, co-insurance, deductibles and out-of-pocket maximums.
- *Quantitative treatment limitations.* Examples include limitations on services utilization, such as limits on the number of inpatient or outpatient visits that are covered, as well as parity with respect to aggregate lifetime and annual dollar limits.
- *Nonquantitative treatment limitations (NQTL).* Examples include the use of management tools such as medical necessity definitions, formulary designs, network tier design, network participation standards and reimbursement rates, methods for determining usual, customary and reasonable charges, step therapy or fail-first protocols, course of treatment requirements and other restrictions based on other criteria.

The current Federal regulation concerning MHPAEA benefits, codified at 45 CFR 146.136 (relating to parity in mental health and substance use disorder benefits), augmented by its preamble at 78 FR 68240 (November 13, 2013), provides significant detail regarding how parity is to be determined. Additional information, in the form of both Frequently Asked Questions and implementation tools, is also available from the Federal government.¹ The guidance in this notice highlights particular aspects of parity implementation, but should be read in conjunction with, and not as a substitute for, the complete guidance available from the Federal government.

First, for purposes of determining parity, MHPAEA categorizes benefits into six classifications. The classifications are: inpatient, in-network; inpatient, out-of-network; outpatient, in-network; outpatient, out-of-network; emer-

gency care; and prescription drugs. The outpatient classifications may be subclassified as office visits and all other outpatient items and services. If a health insurance plan provides MH/SUD benefits in any classification of benefits, MH/SUD benefits must be provided in every classification in which medical/surgical benefits are provided. Note that in determining the classification in which a particular benefit belongs, a plan must apply the same standards to medical/surgical benefits and to MH/SUD benefits.

Second, a health plan that provides both medical/surgical benefits and MH/SUD benefits may not apply any financial requirement or treatment limitation to MH/SUD benefits in any classification that is more restrictive than the "predominant" financial requirement or treatment limitation of that type applied to "substantially all" medical/surgical benefits in the same classification.

To assure that this "predominant/substantially all" requirement is being met with regard to financial requirements or quantitative treatment limitations, a health plan should use the calculations of what is "predominant" and what is "substantially all" outlined at 45 CFR 146.136(c)(3), where "substantially all" means a limitation that applies to at least 2/3 of all medical/surgical benefits in that classification, and "predominant" means the limitation applies to more than 1/2 of medical/surgical benefits in that classification. For purposes of these calculations, one must use the dollar amount of all plan payments for medical/surgical benefits in the classification expected to be paid under the plan for the plan year. Examples of these determinations are provided in the Federal regulation.

While parity is likewise required for treatment limitations that are not quantifiable, the nonquantitative nature of NQTLs supports the use of a different approach to analyzing parity with respect to NQTLs.² Thus, as explained in 45 CFR 146.136(c)(4), a health plan that provides both medical/surgical benefits and MH/SUD benefits may not apply any NQTL to MH/SUD benefits in any classification unless the processes, strategies, evidentiary standards or other factors used in applying that limitation to MH/SUD benefits within that classification are "comparable to, and are applied no more stringently than, the processes, strategies, evidentiary standards or other factors used in applying the limitation to medical/surgical benefits in the classification." See 45 CFR 146.136(c)(4)(i). Examples of these determinations are provided in the Federal regulation and in a "Warning Signs" document published jointly by the Federal Department of Health and Human Services and Department of Labor, available at <https://www.cms.gov/CCIIO/Resources/Regulations-and-Guidance/Downloads/MHAPeAChecklistWarningSigns.pdf>.

Other Relevant Laws

The Commonwealth has two laws in addition to Act 14 (the parity law) that deal specifically with MH/SUD benefits. First, the act of December 22, 1989 (P.L. 755,

²The framework of the regulation at 45 CFR 146.136(c) suggests that the "predominant/substantially all" requirement also applies to NQTL, but neither the regulation nor its preamble explains how that analysis would work in practice, and they effectively substitute the "comparable to, and are applied no more stringently than" test for NQTLs. 45 CFR 146.136(c)(4)(i). Thus, the preamble to the Final Rule assumes parity between most NQTLs: "the regulations do not require plans and issuers to use the same NQTLs for both [MH/SUD] benefits and medical/surgical benefits," but at the same time a plan may not have "separate treatment limitations that are applicable only with respect to [MH/SUD] benefits. Moreover, . . . it is unlikely that a reasonable application of the NQTL requirement would result in all [MH/SUD] benefits being subject to an NQTL in the same classification in which less than all medical/surgical benefits are subject to the NQTL." 78 FR 68240, 68245 (November 13, 2013).

No. 106) (Act 106) (40 P.S. §§ 908-1—908-8), which provides for substance use and dependency coverage, establishes minimum standards for coverage of inpatient detoxification, nonhospital residential and outpatient services. Act 106 applies to all group policies, regardless of size. Second, the act of December 21, 1998 (P.L. 1108, No. 150) (Act 150) (40 P.S. § 764g), which applies to policies issued to large groups (50 or more employees), requires coverage of 9 specified mental health conditions, establishing minimum standards for inpatient and outpatient services.

Layered over these Commonwealth laws and MHPAEA are additional Federal requirements, including: the ACA's EHB requirement for individual and small group policies to provide MH/SUD benefits (42 U.S.C.A. §§ 300gg-6(a) and 18022(b)); the ACA's requirement that there be no lifetime or annual dollar limits on EHBs (42 U.S.C.A. § 300gg-11); the ACA regulatory requirement that for EHBs, both the benefits and the limitations on coverage such as benefit amount, duration, and scope must be "substantially equal" to the EHB benchmark plan (45 CFR 156.115(a)(1) (relating to provision of EHB))³; and the MHPAEA regulatory provision specifying that if MH/SUD benefits are provided in any classification of benefits, they must be provided in every classification for which medical/surgical benefits are provided. See 45 CFR 146.136(c)(2)(ii).

The practical effect of this layering for individual, small group and large group policies results in the extensive application of parity within each market.⁴ Thus:

- Individual Market

- Act 106 does not apply.

- However, the benefits required by Act 106 are contained in the Commonwealth's EHB benchmark plans, and therefore the ACA requires that they be provided without annual or lifetime dollar limits and for plan years beginning on or after January 1, 2017, without any quantitative limits.
- Because Act 106 does not apply, medical management techniques may be used with respect to the Act 106 benefits provided as EHBs. Any medical management techniques used must comply with the NQTL requirements of MHPAEA.

- Act 150 does not apply.

- However, the benefits required by Act 150 are contained in the Commonwealth's EHB benchmark plans, and therefore the ACA requires that they be provided without annual or lifetime dollar limits and for plan years beginning on or after January 1, 2017, without any quantitative limits.
- Because the ACA EHB provision requires coverage of a least some MH/SUD benefits in the benefit classifications outlined in the MHPAEA regulation, an individual plan must provide MH/SUD benefits in every classification for which medical/surgical benefits are provided. See 45 CFR 146.136(c)(2)(ii)(A).

³Both the Commonwealth's 2016 EHB Benchmark Plan and 2017 EHB Benchmark Plan are available at <https://www.cms.gov/ccio/resources/data-resources/ehb.html#Pennsylvania>.

⁴The following analysis assumes the exemplar plans being discussed are nongrandfathered. Provisions relating to EHB compliance and annual and lifetime limits may vary with grandfathered plans.

- Small Group Market

- Act 106 applies.

- The benefits required by Act 106 are contained in the EHB benchmark plan, and therefore must be provided without annual or lifetime dollar limits and for plan years beginning on or after January 1, 2017, without any quantitative limits.
- Because Act 106 applies, a small group plan is subject to the statutory limitations on prerequisites with respect to the minimum coverage requirements of Act 106; medical management techniques may only be used with respect to those benefits once the Act 106 minimum coverage requirements have been met.⁵ Any medical management techniques used must comply with the NQTL requirements of MHPAEA.
- The Act 106 benefits are minimum levels of coverage, and are not to be construed as functioning as a cap or ceiling on any benefits required to be provided as a result of the implementation of MHPAEA and the ACA.

- Act 150 does not apply.

- However, the benefits required by Act 150 are contained in the Commonwealth's EHB benchmark plans, and therefore must be provided without annual or lifetime dollar limits and for plan years beginning on or after January 1, 2017, without any quantitative limits.
- Because Act 106 and the ACA EHB provision require coverage of a least some MH/SUD benefits in the benefit classifications outlined in the MHPAEA regulation, a small group plan must provide MH/SUD benefits in every classification for which medical/surgical benefits are provided. See 45 CFR 146.136(c)(2)(ii)(A).

- Large Group Market

- Act 106 applies.

- Because Act 106 applies, a large group plan must comply with the minimum coverage requirements of Act 106. That means the plan must cover SUD services; as a result of MHPAEA, those SUD services must be provided in parity with medical/surgical health services.
- In addition, because Act 106 applies, the SUD coverage is subject to the statutory limitations on prerequisites with respect to the minimum coverage requirements of Act 106; medical management techniques may only be used with respect to those benefits once the Act 106 minimum coverage requirements have been met.⁶ Any medical management techniques used must comply with the NQTL requirements of MHPAEA.

- Act 150 applies.

- Because Act 106 and Act 150 require coverage of a least some MH/SUD benefits in the benefit classifications outlined in the MHPAEA regulation, a large group plan must provide benefits in every classification for which medical/surgical benefits are provided. See 45 CFR 146.136(c)(2)(ii)(A).

⁵See *Insurance Federation of Pennsylvania, Inc., et al. v. Insurance Department*, 601 Pa. 20, 970 A.2d 1108 (May 27, 2009); see also Notice 2003-06, 33 Pa.B. 4041 (August 9, 2003).

⁶See fn. 5, supra.

- The Act 106 and Act 150 benefits are minimum levels of coverage, and are not to be construed as functioning as a cap or ceiling on any benefits required to be provided as a result of the implementation of MHPAEA and the ACA.
- While a large group policy is not required to cover EHBs, it may not have annual or lifetime dollar limits on its coverage of the EHBs in the plan that it follows for purposes of compliance with this ACA limitation.⁷

Finally, the Department offers two examples of how the interaction of these statutory and regulatory provisions would work in practice. (The Department also commends a close reading of the examples in 45 CFR 146.136.)

- *Example 1:* An enrollee is prescribed residential treatment for a substance use disorder.⁸ This benefit is required to be covered directly under Act 106 (for all group policies) and indirectly through the EHB benchmark's inclusion of Act 106 benefits (for individual and small group policies). Under Act 106, the enrollee may receive 30 days per year and 90 days of lifetime treatment based on a certification and referral from a licensed physician or licensed psychologist. Under MHPAEA, these limits may only apply if they are imposed on analogous medical/surgical benefits. Also under MHPAEA, any medical management standards applied to a determination of coverage for the benefit must be in parity with those used for analogous medical/surgical benefits.
- If the enrollee has a large group policy, the enrollee will have, at a minimum, the Act 106 level of benefits, but under MHPAEA may have a greater level of benefits depending on what limitations may apply to analogous inpatient medical/surgical benefits. In any case, if the large group policy is complying with a state EHB benchmark plan that includes SUD residential treatment, under the ACA it must be provided without annual or lifetime dollar limits. In addition, medical management techniques may only be used with respect to those benefits once the Act 106 minimum coverage requirements have been met, and then only insofar as they comply with the NQTL requirements of MHPAEA.
- If the enrollee has a small group policy, the enrollee would have, at a minimum, the Act 106 level of benefits, as a result of both Act 106 and the ACA EHB requirement. Medical management techniques may only be used with respect to those benefits once the Act 106 minimum coverage requirements have been met, and then only insofar as they comply with the NQTL requirements of MHPAEA: under MHPAEA, the enrollee may have a greater level of benefits depending on what limitations may apply to analogous inpatient medical/surgical benefits. In addition, because those benefits are incorporated into the EHB benchmark plan, under the ACA the benefits must be provided without annual or lifetime dollar limits, and, for plan years beginning on or after January 1, 2017, without any quantitative limits.
- If the enrollee has an individual policy, Act 106 does not apply to the coverage of this benefit. However, because the Act 106 benefits are included in the EHB benchmark, as part of the required

MH/SUD benefits, the enrollee effectively would have, at a minimum, the Act 106 level of benefits (though without the constraints on the use of medical management techniques), and as a result of MHPAEA may have a greater level of benefits depending on what limitations may apply to analogous inpatient medical/surgical benefits. In any case, under the ACA, because those benefits are incorporated into the EHB benchmark plan, the benefits must be provided without annual or lifetime dollar limits, and, for plan years beginning on or after January 1, 2017, without any quantitative limits.

- *Example 2:* An enrollee in a plan, whether individual, small group or large group, needs a prescription for an opioid reversal agent, such as Naloxone.⁹ (Opioid reversal agents are required to be covered by any EHB benchmark plan, since a benchmark plan must cover "at least the greater of: (i) One drug in every United States Pharmacopeia (USP) category and class; or (ii) The same number of prescription drugs in each category and class as the EHB-benchmark plan." See 45 CFR 156.122(a)(1) (relating to prescription drug benefits). "Anti-Addiction/Substance Abuse Treatment Agents- Opioid Reversal Agents" are a category-class of drugs that must be covered.¹⁰) Assume that the policy requires that, before any prescription is pre-authorized, the patient must be seen by a provider (primary or specialist), and assume also that the policy does not require that a patient see a specialist before receiving a medical/surgical prescription drug; but as applied, before a plan pre-authorizes an opioid reversal agent, the plan requires confirmation that the patient was seen by an SUD specialist. This policy, as applied, would violate parity requirements: the processes, strategies, evidentiary standards or other factors used in applying the prior authorization requirement to a prescription for an opioid reversal agent would be applied in a manner that is not comparable to, and is more stringent than, the manner in which the prior authorization requirement would be applied to medical/surgical prescription drugs.¹¹ In short, in this scenario, if medical/surgical prescription drugs, including pain medications (such as opioids), may be pre-authorized after a patient is seen by either a primary or specialist provider, then opioid reversal agents such as Naloxone may not be denied pre-authorization under a requirement that a patient be seen by an SUD specialist.

The Department is committed to ensuring residents of this Commonwealth are receiving all of the MH/SUD benefits guaranteed to them by law, and looks forward to working with industry to ensure full compliance with these laws.
