READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

TITLE 225. RULES OF EVIDENCE

ARTICLE VIII. HEARSAY

Rule 803(6). Records of a Regularly Conducted Activity.

(6) *Records of a Regularly Conducted Activity.* A record (which includes a memorandum, report, or data compilation in any form) of an act, event or condition if [,]:

(A) the record was made at or near the time by—or from information transmitted by—someone with knowledge;

(B) the record was kept in the course of a regularly conducted activity of a “business”, which term includes business, institution, association, profession, occupation, and calling of every kind, whether or not conducted for profit;

(C) making the record was a regular practice of that activity;

(D) all these conditions are shown by the testimony of the custodian or another qualified witness, or by a certification that complies with Rule 902(11) or (12) or with a statute permitting certification; and

(E) [**neither**] **the opponent does not show that** the source of information [**nor**] **or** other circumstances indicate a lack of trustworthiness.

Comment

Pa.R.E. 803(6) differs from F.R.E. 803(6). One difference is that Pa.R.E. 803(6) defines the term “record.” In the Federal Rules this definition appears at F.R.E. 101(b). Another difference is that Pa.R.E. 803(6) applies to records of an act, event or condition, but does not include opinions and diagnoses. This is consistent with prior Pennsylvania case law. *See Williams v. McClain*, [**513 Pa. 300**,] 520 A.2d 1374 (Pa. 1987); *Commonwealth v. DiGiacomo*, [**463 Pa. 449**,] 345 A.2d 605 (Pa. 1975). A third difference is that Pa.R.E. 803(6) allows the court to exclude business records that would otherwise qualify for exception to the hearsay rule if [**neither**] the “source of information [**nor**] **or** other circumstances indicate lack of trustworthiness.” The Federal Rule allows the court to do so only if [**neither**] **either** “the source of information [**nor**] **or** the method or circumstances of preparation indicate a lack of trustworthiness.”

If offered against a defendant in a criminal case, an entry in a record may be excluded if its admission would violate the defendant’s constitutional right to confront the witnesses against him or her[. *See*], *see Melendez-Diaz v. Massachusetts*, 557 U.S. 305 (2009); **however, forensic laboratory reports may be admissible in lieu of testimony by the person who performed the analysis or examination that is the subject of the report, see Pa.R.Crim.P. 574.**

Rule 803(7). Absence of a Record of a Regularly Conducted Activity (Not Adopted).

(7) *Absence of a Record of a Regularly Conducted Activity (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 803(7) which provides:

Evidence that a matter is not included in a record described in [**paragraph (6)**] [**F.R.E. 803(6)**] if:

(A) the evidence is admitted to prove that the matter did not occur or exist; [**and**]

(B) a record was regularly kept for a matter of that kind; and

(C) [**neither**] **the opponent does not show that** the possible source of the information [**nor**] **or** other circumstances indicate a lack of trustworthiness.

Principles of logic and internal consistency have led Pennsylvania to reject this rule. The absence of an entry in a record is not hearsay, as defined in Pa.R.E. 801(c). Hence, it appears irrational to except it to the hearsay rule.

On analysis, absence of an entry in a business record is circumstantial evidence—it tends to prove something by implication, not assertion. Its admissibility is governed by principles of relevance, not hearsay. *See* Pa.R.E. 401, *et seq.*

Pennsylvania law is in accord with the object of F.R.E. 803(7), *i.e.*, to allow evidence of the absence of a record of an act, event, or condition to be introduced to prove the nonoccurrence or nonexistence thereof, if the matter was one which would ordinarily be recorded. *See Klein v. F.W. Woolworth Co.*, [309 Pa. 320,] 163 A. 532 (Pa. 1932) (absence of person's name in personnel records admissible to prove that he was not an employee). *See also Stack v. Wapner*, [244 Pa. Super. 278,] 368 A.2d 292 (Pa. Super. 1976).

Rule 803(8). Public Records [(Not Adopted)].

[(8) *Public Records (Not Adopted)*]

Comment

Pennsylvania has not adopted F.R.E. 803(8). An exception to the hearsay rule for public records is provided by 42 Pa.C.S. § 6104 which provides:

(a) *General rule.*—A copy of a record of governmental action or inaction authenticated as provided in section 6103 (relating to proof of official records) shall be admissible as evidence that the governmental action or inaction disclosed therein was in fact taken or omitted.

(b) *Existence of facts.*—A copy of a record authenticated as provided in section 6103 disclosing the existence or nonexistence of facts which have been recorded pursuant to official duty or would have been so recorded had the facts existed shall be admissible as evidence of the existence or nonexistence of such facts, unless the sources of information or other circumstances indicate lack of trustworthiness.

Subsection (b) of the statute is limited to “facts.” It does not include opinions or diagnoses. This is consistent with Pa.R.E. 803(6), and Pennsylvania case law. *See* Comment to Pa.R.E. 803(6).]

(8) *Public Records.* A record of a public office if:

(A) the record describes the facts of the action taken or matter observed;

(B) the recording of this action or matter observed was an official public duty; and

(C) the opponent does not show that the source of the information or other circumstances indicate a lack of trustworthiness.

Comment

Pa.R.E. 803(8) differs from F.R.E. 803(8) insofar as it reflects the hearsay exception for public records provided in 42 Pa.C.S. § 6104. *See* Rules 901(b)(7), 902(1)—(4) and 42 Pa.C.S. §§ 5328, 6103, and 6106 for authentication of public records.

Rule 803(10). [Absence] Non-Existence of a Public Record [(Not Adopted)].

[(10) *Absence of a Public Record (Not Adopted)*]

Comment

Pennsylvania has not adopted F.R.E. 803(10) for the same reasons that it did not adopt F.R.E. 803(7). *See* Comment to Pa.R.E. 803(7).

42 Pa.C.S. § 6104(b), provides for admissibility of evidence of the absence of an entry in a public record to prove the nonexistence of a fact:

(b) *Existence of facts.*—A copy of a record authenticated as provided in section 6103 disclosing the . . . nonexistence of facts which . . . would have been . . . recorded had the facts existed shall be admissible as evidence of the . . . nonexistence of such facts, unless the sources of information or other circumstances indicate lack of trustworthiness.

Pennsylvania also has a complementary statute, 42 Pa.C.S. § 5328, entitled “Proof of Official Records,” which provides, in pertinent part:

(d) *Lack of record.*—A written statement that after diligent search no record or entry of a specified tenor is found to exist in the records designated by the statement, authenticated as provided in this section in the case of a domestic record, or complying with the requirements of this section for a summary in the case of a record in a foreign country, is admissible as evidence that the records contain no such record or entry.]

(10) *Non-Existence of a Public Record.* Testimony—or a certification—that a diligent search failed to disclose a public record if:

(A) the testimony or certification is admitted to prove that

(i) the record does not exist; or

(ii) a matter did not occur or exist, if a public office regularly kept a record for a matter of that kind.

(B) in a criminal case:

(i) the attorney for the Commonwealth who intends to offer a certification files and serves written notice of that intent upon the defendant's attorney or, if unrepresented, the defendant, at least 20 days before trial; and

(ii) defendant's attorney or, if unrepresented, the defendant, does not file and serve a written demand for testimony in lieu of the certification within 10 days of service of the notice.

Comment

Pa.R.E. 803(10)(A) differs from F.R.E. 803(10)(A) insofar as it does not include “statements.” This rule is consistent with Pennsylvania law. *See* 42 Pa.C.S. §§ 5328(d) and 6103(b). *See also* Pa.R.E. 902(13) (authentication of certificate).

Pa.R.E. 803(10)(B) differs from F.R.E. 803(10)(B) insofar as it is made consistent with aspects of Pa.R.Crim.P. 574. Like the federal rule, this rule is intended to provide a mechanism for a defendant to exercise the constitutional right to confront the witnesses against him or her. *See Melendez-Diaz v. Massachusetts*, 557 U.S. 305 (2009). Nothing in this evidentiary rule is intended to supersede procedural requirements within the Pennsylvania Rules of Criminal Procedure, *see, e.g.*, Pa.R.Crim.P. 576 (Filing and Service by Parties), or limit the ability of the court to extend the time periods contain herein.

ARTICLE IX. AUTHENTICATION AND IDENTIFICATION

Rule 902. Evidence That is Self-Authenticating.

The following items of evidence are self-authenticating; they require no extrinsic evidence of authenticity in order to be admitted:

* * * * *

(12) *Certified Foreign Records of a Regularly Conducted Activity.* In a civil case, the original or a copy of a foreign record that meets the requirements of Rule 902(11), modified as follows: the certification rather than complying with a statute or Supreme Court rule, must be signed in a manner that, if falsely made, would subject the maker to a criminal penalty in the country where the certification is signed. The proponent must also meet the notice requirements of Rule 902(11).

(13) *Certificate of Non-Existence of a Public Record*—A certificate that a document was not recorded or filed in a public office as authorized by law if certified by the custodian or another person authorized to make the certificate.

Comment

* * * * *

Pa.R.E. 902(11) and (12) permit the authentication of domestic and foreign records of regularly conducted activity by verification or certification. Pa.R.E. 902(11) is similar to F.R.E. 902(11). The language of Pa.R.E. 902(11) differs from F.R.E. 902(11) in that it refers to Pa.R.C.P. No. 76 rather than to Federal law. Pa.R.E. 902(12) differs from F.R.E. 902(12) in that it requires compliance with a Pennsylvania statute rather than a Federal statute.

Pa.R.E. 902(13) has no counterpart in the Federal Rules. This rule provides for the self-authentication of a certificate of the non-existence of a public record, as provided in Pa.R.E. 803(10).

REPORT

Proposed Amendment of Pa.R.E. 803(6), (8), (10) with Revision of the Comment to Pa.R.E. 803(7) and New-Pa.R.E. 902(13)

In 1998, the Court adopted the Pennsylvania Rules of Evidence. These rules incorporated the structure, format, and language of the Federal Rules of Evidence where identical or similar. Where the law of evidence differed, the rules were modified to reflect Pennsylvania evidentiary law. Within Article VIII, there were eight provisions of the Federal Rules that were not incorporated into the Pennsylvania Rules, including F.R.E. 803(6)—(8), and (10). Instead, these provisions were “reserved” to maintain parallel numbering between the two bodies of rules. Additionally, some of the Comments to these “reserved” or “unadopted” provisions provided reference to case law or statute on the topic.

Effective December 1, 2014, F.R.E. 803(6)—(8) were amended:

[T]o clarify that if the proponent has established the stated requirements of the exception—regular business with regularly kept record, source with personal knowledge, record made timely, and foundation testimony or certification—then the burden is on the opponent to show a lack of trustworthiness. While most courts have imposed that burden on the opponent, some have not. It is appropriate to impose the burden of proving untrustworthiness on the opponent, as the basic admissibility requirements are sufficient to establish a presumption that the record is reliable.

The opponent, in meeting its burden, is not necessarily required to introduce affirmative evidence of untrustworthiness. For example, the opponent might argue that a record was prepared in anticipation of litigation and is favorable to the preparing party without needing to introduce evidence on the point. A determination of untrustworthiness necessarily depends on the circumstances.

28 U.S.C. app. F.R.E. Committee Notes on Rules—2014 Amendment.

Effective December 1, 2013, F.R.E. 803(10) was amended:

in response to *Melendez-Diaz v. Massachusetts*, 557 U.S. 305 (2009). The *Melendez-Diaz* Court declared that a testimonial certificate could be admitted if the

accused is given advance notice and does not timely demand the presence of the official who prepared the certificate. The amendment incorporate[d], with minor variations, a “notice-and-demand” procedure that was approved by the *Melendez-Diaz* Court. See Tex. 36 Code Crim. P. Ann., art. 38.41.

28 U.S.C. app. F.R.E. Committee Notes on Rules—2013 Amendment.

These amendments prompted the Committee on Rules of Evidence to undertake an evaluation of the “reserved” Pennsylvania Rules of Evidence to identify whether any changes were warranted. As a result of this review, the Committee proposes amendment to Pa.R.E. 803(6), (8), and (10) with a revision to the Comment to Pa.R.E. 803(7) and new-Pa.R.E. 902(13).

Pennsylvania Rule of Evidence 803(6)

Prior to the restyling of the rules, 43 Pa.B. 620 (February 2, 2013), the Comment to Pa.R.E. 803(6) stated:

Pa.R.E. 803(6) places the burden on an opposing party to show that the sources of information or other circumstances indicate that a business record is untrustworthy, and thus does not qualify for exception to the hearsay rule. The statute places the burden on the proponent of the evidence to show circumstantial trustworthiness.

The restyled rule did not carry over the above-Comment because it was not clear that the rule text placed the burden on the proponent. Moreover, 42 Pa.C.S. § 6108 did not specifically assign the burden of proving untrustworthiness on the opponent—that was inferred from the burden of proving trustworthiness on the proponent.¹ In *Folger v. Dugan*, 876 A.2d 1049, 1056 (Pa. Super. 2005), the Superior Court cited the Comment to Rule 803(6) when it stated: “Appellants bear the burden of demonstrating lack of trustworthiness.” However citing a case in the Comment that cited the Comment to establish the burden shift was believed to be tautological. Therefore, the restyled rule remained silent on the burden of proving untrustworthiness.

Notwithstanding the lack of authority on the subject, the Committee renews its previously held belief that the proponent has the burden of proving Pa.R.E. 803(6)(A)—(D), which establish circumstantial evidence that a record is trustworthy given the manner in which it is created and maintained. Once this burden has been satisfied, the burden shifts to the opponent to show a lack of trustworthiness. Apportioning the burden eliminates a possible construction where the proponent would be required to prove both trustworthiness and the lack of untrustworthiness.

Given that this represents a definitive burden shift between the parties, the Committee recommends it be codified in the rule text rather than be re-inserted as interpretative guidance in the form of a Comment. Additionally, this amendment would be consistent with the recent amendment of F.R.E. 803(6). The Committee also favors expansion of the Comment to provide reference to Pa.R.Crim.P. 574.

¹ The operative aspect of this statute states:

General Rule.—A record of an act, condition or even shall, insofar as relevant, be competent evidence if the custodian or other qualified witness testifies to its identity and the mode of its preparation, and if it was made in the regular course of business at or near the time of the act, condition or event, and if, in the opinion of the tribunal, the sources of information, method and time of preparation were such as to justify its admission.

42 Pa.C.S. § 6108(b).

Pennsylvania Rule of Evidence 803(7)

The amendment of F.R.E. 803(7) prompted the Committee to reevaluate the Comment to Pa.R.E. 803(7), which contains the original rationale for not adopting a rule concerning the absence of a business record. First, unlike a public record, it should be recognized that neither Pennsylvania rule, common law, nor statute provide for the use of a certificate as conclusive proof of the absence of a business record. Second, as indicated in the Comment, documentary evidence to show the non-existence of a fact is merely circumstantial. For example, a proponent might have once used the absence of an entry in a telephone book as circumstantial evidence to prove that a person did not have a telephone. Of course, testimonial evidence from a custodian or other qualified witness about their personal knowledge of a compendium of business records and whether a particular record existed is not hearsay and not subject to Article VIII.

For these reasons, the Committee does not favor proposing a rule similar to F.R.E. 803(7). The Committee does favor making a correlative revision to the Comment to reflect the amendment of F.R.E. 803(7). Readers should note that the proposed bracketed citation to F.R.E. 803(6) is intend to indicate an alteration from the original text rather than a proposed deletion.

Pennsylvania Rule of Evidence 803(8)

When the Pennsylvania Rules of Evidence were first prepared in 1998, rules pertaining to the exclusion of public records from the hearsay rule were not adopted. Rather, the Comments to “reserved” Pa.R.E. 803(8) and Pa.R.E. 803(10) block quoted statutory provisions.

The Committee believes that the bench and bar would benefit from having the provisions of the statutes incorporated and organized into the rule text. However, in doing so, the Committee does not intend to make any substantive change from the statutory provisions. Therefore, the Committee is not recommending verbatim adoption of F.R.E. 803(8). Further, the Comment to the rule would be revised to eliminate the block quotations and add references to authentication provisions. Finally, the Committee believes that codification within Pa.R.E. 803(8) would be preferred given the proposed changes to Pa.R.E. 803(10).

Pennsylvania Rule of Evidence 803(10)

Under the F.R.E. 803(10), the absence of a public record can be proven by a certificate of non-existence of record (CNR). A CNR is an exception to the hearsay rule in so much as it does not require the testimony of a witness who conducted the record search. “A substantial majority of courts have held since *Melendez-Diaz* that clerk certifications attesting to the nonexistence of a public record are testimonial statements subject to confrontation.” *State v. Jasper*, 271 P.3d 876, 886 (Wash. 2012). In reaction to a growing body of case law, F.R.E. 803(10) was amended December 1, 2013 to provide for a simple notice-and-demand procedure for the admission of CNRs.

In 1998, Pennsylvania did not adopt a corresponding Pa.R.E. 803(10); instead, the Comment to “reserved” Pa.R.E. 803(10) referred to existing statutes admitting such evidence. The stated rationale for not adopting a rule like F.R.E. 803(10) was the same reason that Pa.R.E. 803(7) was not adopted—this type of evidence was not considered hearsay.

Preliminarily, the proof of the absence of a public record can be distinguished from the proof of the absence of a business record. The former can be conclusively proven by documentary evidence (*i.e.*, certification) while the later

cannot. Next, the Committee is not persuaded that a written certification that there is no record is anything but an assertion—it is a statement for the truth of the matter asserted (*i.e.*, there is no record). Therefore, these certifications of the non-existence of public records are hearsay.

Given this conclusion, the Committee does not believe that the rationale in the Comment to Pa.R.E. 803(7) should continue to be incorporated into the Comment to Pa.R.E. 803(10). Consequently, the Committee favors removal of this statement from the Comment. Further, the Committee favors adoption of the language from F.R.E. 803(10)(A) because it is consistent with the statutory provisions concerning the absence of a public record.

The Committee also recommends inclusion of the concept set forth in F.R.E. 803(10)(B) concerning “notice and demand” in criminal proceedings into the rule text. However, the structure and language were modified to maintain consistency with Pa.R.Crim.P. 574 (Forensic Laboratory Report; Certification In Lieu of Expert Testimony). The Committee believes such a provision is necessary otherwise the rule may be unconstitutional in cases where a defendant had a right of confrontation.

Pennsylvania Rule of Evidence 902(13)

F.R.E. 803(10) includes “a certification under Rule 902.” Upon review of Pa.R.E. 902, the Committee cannot discern a provision clearly applicable to the self-authentication of a certificate that a public record does not exist. Rules 902(1)—(4) all apply to public documents that exist, but the Committee does not favor a strained interpretation of these provisions to extend to non-existent public records. Therefore, the Committee proposes new-Pa.R.E. 902(13) to specifically provide for self-authentication of these certificates.

The Committee invites all comments, objections, and suggestions concerning this proposal.

Annex A

TITLE 225. RULES OF EVIDENCE

ARTICLE VIII. HEARSAY

Rule 803.1. Exceptions to the Rule Against Hearsay—Testimony of Declarant Necessary.

The following statements are not excluded by the rule against hearsay if the declarant testifies and is subject to cross-examination about the prior statement:

Comment

A witness must be subject to cross-examination regarding the prior statement. See *Commonwealth v. Romero*, 722 A.2d 1014, 1017-1018 (Pa. 1999) (witness was not available for cross-examination when witness refused to answer questions about prior statement); see also *In re N.C.*, 105 A.3d 1199 (Pa. 2014) (unresponsive witness not available for effective cross-examination as required by the Confrontation Clause); *U.S. v. Owens*, 484 U.S. 554, 562 (1988) (“Ordinarily a witness is ‘subject to cross-examination’ when he is placed on the stand, under oath, and responds willingly to questions.”).

(1) *Prior Inconsistent Statement of Declarant-Witness.* A prior statement by a declarant-witness that is inconsistent with the declarant-witness’s testimony and:

(A) was given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition;

(B) is a writing signed and adopted by the declarant; or

(C) is a verbatim contemporaneous electronic, audiotaped, or videotaped recording of an oral statement.

Comment

The Federal Rules treat statements corresponding to Pa.R.E. 803.1(1) and (2) as “not hearsay” and places them in F.R.E. 801(d)(1)(A) and (C). Pennsylvania follows the traditional approach that treats these statements as exceptions to the hearsay rule if the declarant testifies at the trial.

Pa.R.E. 803.1(1) is consistent with prior Pennsylvania case law. See *Commonwealth v. Brady*, [510 Pa. 123,] 507 A.2d 66 (Pa. 1986) (seminal case that overruled close to two centuries of decisional law in Pennsylvania and held that the recorded statement of a witness to a murder, inconsistent with her testimony at trial, was properly admitted as substantive evidence, excepted to the hearsay rule); *Commonwealth v. Lively*, [530 Pa.

464,] 610 A.2d 7 (Pa. 1992). In *Commonwealth v. Wilson*, [550 Pa. 518,] 707 A.2d 1114 (Pa. 1998), the Supreme Court held that to be admissible under this rule an oral statement must be a verbatim contemporaneous recording in electronic, audiotaped, or videotaped form.

An inconsistent statement of a witness that does not qualify as an exception to the hearsay rule may still be introduced to impeach the credibility of the witness. See Pa.R.E. 613.

(2) *Prior Statement of Identification by Declarant-Witness.* A prior statement by a declarant-witness identifying a person or thing, made after perceiving the person or thing, provided that the declarant-witness testifies to the making of the prior statement.

Comment

Pennsylvania treats a statement meeting the requirements of Pa.R.E. 803.1(2) as an exception to the hearsay rule. F.R.E. 801(d)(1)(C) provides that such a statement is not hearsay. This differing organization is consistent with Pennsylvania law.

Pa.R.E. 803.1(2) differs from F.R.E. 801(d)(1)(C) in several respects. It requires the witness to testify to making the identification. This is consistent with Pennsylvania law. See *Commonwealth v. Ly*, 599 A.2d 613 (Pa. 1991). The Pennsylvania rule includes identification of a thing, in addition to a person.

(3) *Recorded Recollection of Declarant-Witness.* A memorandum or record made or adopted by a declarant-witness that:

(A) is on a matter the declarant-witness once knew about but now cannot recall well enough to testify fully and accurately;

(B) was made or adopted by the declarant-witness when the matter was fresh in his or her memory; and

(C) the declarant-witness testifies accurately reflects his or her knowledge at the time when made.

If admitted, the memorandum or record may be read into evidence and received as an exhibit, but may be shown to the jury only in exceptional circumstances or when offered by an adverse party.

Comment

Pa.R.E. 803.1(3) is similar to F.R.E. 803(5), but differs in the following ways:

1. Pennsylvania treats a statement meeting the requirements of Pa.R.E. 803.1(3) as an exception to the hearsay rule in which the testimony of the declarant is necessary. F.R.E. 803(5) treats this as an exception regardless of the availability of the declarant. This differing organization is consistent with Pennsylvania law.

2. Pa.R.E. 803.1(3)(C) makes clear that, to qualify a recorded recollection as an exception to the hearsay rule, the witness must testify that the memorandum or record correctly reflects the knowledge that the witness once had. In other words, the witness must vouch for the reliability of the record. The Federal Rule is ambiguous on this point and the applicable federal cases are conflicting.

3. Pa.R.E. 803.1(3) allows the memorandum or record to be received as an exhibit, and grants the

trial judge discretion to show it to the jury in exceptional circumstances, even when not offered by an adverse party.

Pa.R.E. 803.1(3) is consistent with Pennsylvania law. See *Commonwealth v. Cargo*, 444 A.2d 639 (Pa. 1982).

(4) *Prior Statement by a Declarant-Witness Who Claims an Inability to Remember the Subject Matter of the Statement.* A prior statement by a declarant-witness who testifies to an inability to remember the subject matter of the statement, if the court finds the claimed inability to remember is unsubstantiated and the statement:

(A) was given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition;

(B) is a writing signed and adopted by the declarant; or

(C) is a verbatim contemporaneous electronic, audiotaped, or videotaped recording of an oral statement.

Comment

Pa.R.E. 803.1(4) has no counterpart in the Federal Rules of Evidence. It is intended to permit the admission of a prior statement given under demonstrably reliable and trustworthy circumstances, see, e.g., *Commonwealth v. Hanible*, 30 A.3d 426, 445 n. 15 (Pa. 2011), when the declarant-witness feigns memory loss about the subject matter of the statement. The purpose of this hearsay exception is to protect against the "turncoat witness" who once provided a statement, but now seeks to deprive the use of this evidence at trial.

A prior statement made by a declarant-witness having genuine memory loss about the subject matter of the statement, but able to testify that the statement accurately reflects his or her knowledge at the time it was made, may be admissible under Pa.R.E. 803.1(3). Otherwise, when a declarant-witness has a genuine or unsubstantiated memory loss about the subject matter of the statement, see Pa.R.E. 804(a)(3).

Rule 803.1(2). [Prior Statement of Identification] (Reserved).

[(2) *Prior Statement of Identification by Declarant-Witness.* A prior statement by a declarant-witness identifying a person or thing, made after

perceiving the person or thing, provided that the declarant-witness testifies to the making of the prior statement.

Comment

Pennsylvania treats a statement meeting the requirements of Pa.R.E. 803.1(2) as an exception to the hearsay rule. F.R.E. 801(d)(1)(C) provides that such a statement is not hearsay. This differing organization is consistent with Pennsylvania law.

Pa.R.E. 803.1(2) differs from F.R.E. 801(d)(1)(C) in several respects. It requires the witness to testify to making the identification. This is consistent with Pennsylvania law. *See Commonwealth v. Ly*, 528 Pa. 523, 599 A.2d 613 (1991). The Pennsylvania rule includes identification of a thing, in addition to a person.]

Rule 803.1(3). [Recorded Recollection] (Reserved).

[(3) *Recorded Recollection of Declarant-Witness*. A memorandum or record made or adopted by a declarant-witness that:

(A) is on a matter the declarant-witness once knew about but now cannot recall well enough to testify fully and accurately;

(B) was made or adopted by the declarant-witness when the matter was fresh in his or her memory; and

(C) the declarant-witness testifies accurately reflects his or her knowledge at the time when made.

Rule 804. Exceptions to the Rule Against Hearsay—When the Declarant is Unavailable as a Witness.

(a) *Criteria for Being Unavailable*. A declarant is considered to be unavailable as a witness if the declarant:

(1) is exempted from testifying about the subject matter of the declarant's statement because the court rules that a privilege applies;

(2) refuses to testify about the subject matter despite a court order to do so;

(3) testifies to not remembering the subject matter, **except as provided in Rule 803.1(4)**;

(4) cannot be present or testify at the trial or hearing because of death or a then-existing infirmity, physical illness, or mental illness; or

(5) is absent from the trial or hearing and the statement's proponent has not been able, by process or other reasonable means, to procure:

(A) the declarant's attendance, in the case of a hearsay exception under Rule 804(b)(1) or (6); or

(B) the declarant's attendance or testimony, in the case of a hearsay exception under Rule 804(b)(2), (3), or (4).

But this [**subdivision**] **paragraph** (a) does not apply if the statement's proponent procured or wrongfully caused the declarant's unavailability as a witness in order to prevent the declarant from attending or testifying.

Comment

[This rule is identical to F.R.E. 804(a).] Pa.R.E. 804(a)(3) differs from F.R.E. 804(a)(3) in that it **excepts from this rule instances where a declarant-witness's claim of an inability to remember the subject matter of a prior statement is unsubstantiated, provided the statement meets the requirements found in Pa.R.E. 803.1(4)**. This rule is otherwise identical to F.R.E. 804(a). A declarant-witness with genuine or substantiated memory loss about the subject matter of a prior statement may be subject to this rule.

Rule 804(b). The Exceptions.

(b) *The Exceptions*. The following are not excluded by the rule against hearsay if the declarant is unavailable as a witness:

(1) *Former Testimony*. Testimony that:

(A) was given as a witness at a trial, hearing, or lawful deposition, whether given during the current proceeding or a different one; and

(B) is now offered against a party who had—or, in a civil case, whose predecessor in interest had—an opportunity and similar motive to develop it by direct, cross-, or redirect examination.

Comment

Pa.R.E. 804(b)(1) is identical to F.R.E. 804(b)(1).

In criminal cases the Supreme Court has held that former testimony is admissible against the defendant only if the defendant had a “full and fair” opportunity to examine the witness. *See Commonwealth v. Bazemore*, [531 Pa. 582,] 614 A.2d 684 (Pa. 1992).

Depositions

Depositions are the most common form of former testimony that is introduced at a modern trial. Their use is provided for not only by Pa.R.E. 804(b)(1), but also by statute and rules of procedure promulgated by the Pennsylvania Supreme Court.

The Judicial Code provides for the use of depositions in criminal cases. 42 Pa.C.S. § 5919 provides:

Depositions in criminal matters. The testimony of witnesses taken in accordance with section 5325 (relating to when and how a deposition may be taken outside this Commonwealth) may be read in evidence upon the trial of any criminal matter unless it shall appear at the trial that the witness whose deposition has been taken is in attendance, or has been or can be served with a subpoena to testify, or his attendance otherwise procured, in which case the deposition shall not be admissible.

42 Pa.C.S. § 5325 sets forth the procedure for taking depositions, by either prosecution or defendant, outside Pennsylvania.

In civil cases, the introduction of depositions, or parts thereof, at trial is provided for by Pa.R.C.P. No. 4020(a)(3) and (5).

A video deposition of a medical witness, or any expert witness, other than a party to the case, may be introduced in evidence at trial, regardless of the witness's availability, pursuant to Pa.R.C.P. No. 4017.1(g).

42 Pa.C.S. § 5936 provides that the testimony of a licensed physician taken by deposition in accordance with the Pennsylvania Rules of Civil Procedure is admissible in a civil case. There is no requirement that the physician testify as an expert witness.

Rule 804(b)(2). Statement Under Belief of Imminent Death.

(2) *Statement Under Belief of Imminent Death.* A statement that the declarant, while believing the declarant's death to be imminent, made about its cause or circumstances.

Comment

Pa.R.E. 804(b)(2) differs from F.R.E. 804(b)(2) in that the Federal Rule is applicable in criminal cases only if the defendant is charged with homicide. The Pennsylvania Rule is applicable in all civil and criminal cases, subject to the defendant's right to confrontation in criminal cases.

In *Crawford v. Washington*, 541 U.S. 36 (2004), the Supreme Court interpreted the Confrontation Clause in the Sixth Amendment of the United States Constitution to prohibit the introduction of “testimonial” hearsay from an unavailable witness against a defendant in a criminal case unless the defendant had an opportunity to confront and cross-examine the declarant, regardless of its exception from the hearsay rule. However, in footnote 6, the Supreme Court said that there may be an exception, *sui generis*, for those dying declarations that are testimonial.

Rule 804(b)(3). Statement Against Interest.

(3) *Statement Against Interest.* A statement that:

(A) a reasonable person in the declarant's position would have made only if the person believed it to be true because, when made, it was so contrary to the declarant's proprietary or pecuniary interest or had so great a tendency to invalidate the declarant's claim against someone else or to expose the declarant to civil or criminal liability; and

(B) is supported by corroborating circumstances that clearly indicate its trustworthiness, if it is offered in a criminal case as one that tends to expose the declarant to criminal liability.

Comment

This rule is identical to F.R.E. 804(b)(3).

Rule 804(b)(4). Statement of Personal or Family History.

(4) *Statement of Personal or Family History.* A statement made before the controversy arose about:

(A) the declarant's own birth, adoption, legitimacy, ancestry, marriage, divorce, relationship by blood, adoption or marriage, or similar facts of personal or family history, even though the declarant had no way of acquiring personal knowledge about that fact; or

(B) another person concerning any of these facts, as well as death, if the declarant was related to the person by blood, adoption, or marriage or was so intimately associated with the person's family that the declarant's information is likely to be accurate.

Comment

Pa.R.E. 804(b)(4) differs from F.R.E. 804(b)(4) by requiring that the statement be made before the controversy arose. *See In re McClain's Estate*, [481 Pa. 435,] 392 A.2d 1371 (Pa. 1978). This requirement is not imposed by the Federal Rule.

Rule 804(b)(5). Other exceptions (Not Adopted).

(5) *Other exceptions (Not Adopted)*

Comment

Pennsylvania has not adopted F.R.E. 804(b)(5) (now F.R.E. 807).

Rule 804(b)(6). Statement Offered Against a Party That Wrongfully Caused the Declarant's Unavailability.

(6) *Statement Offered Against a Party That Wrongfully Caused the Declarant's Unavailability.* A statement offered against a party that wrongfully caused—or acquiesced in wrongfully causing—the declarant's unavailability as a witness, and did so intending that result.

Comment

This rule is identical to F.R.E. 804(b)(6).

REPORT

Proposed Amendment of Pa.R.E. 803.1 and Pa.R.E. 804

By notice of proposed rulemaking at 42 Pa.B. 6781 (November 3, 2012), the Committee on Rules of Evidence sought to recommend amendment of Pa.R.E. 803.1(1) to except from the rule against hearsay a prior statement by a witness when the witness is unable to recall the prior statement. The Committee received comments expressing concern that the proposal did not discern between feigned and genuine memory loss. The proposal raised an additional concern as to whether the admission of prior statements by a declarant-witness having a genuine memory loss might implicate a defendant's right of confrontation in a criminal trial.

In light of these concerns, the Committee proposes amendment of Pa.R.E. 803.1 to add new paragraph (4). This amendment is intended to protect against the "turn-coat witness" who once provided a statement, but now seeks to deprive the use of this evidence at trial by feigning memory loss. "[T]he unwilling witness often takes refuge in a failure to remember." 3A J. Wigmore, Evidence § 1043, at 1061.

New paragraph (4) would exempt from the hearsay rule certain prior statements when the declarant-witness claims an inability to remember the substance of the statement and the claim is unsubstantiated. Whether the witness's claimed inability to remember is substantiated is a preliminary question to be resolved by the court pursuant to Pa.R.E. 104(a). It is anticipated that claims of memory loss can often be evaluated based upon the witness's demeanor and explanation for the memory loss. Factors in evaluating the genuineness of claimed memory loss may involve:

- The apparent mental acuity of the witness at the time of testimony.
- The extent or selectivity to which memory loss is claimed.
- The existence of an interceding illness, injury, or condition that may affect the witness's ability to recall past matters.
 - The length of time between the matter witnessed and the testimony.
 - Whether the matter witnessed was commonplace or extraordinary.
 - The significance of the matter later impressed upon the witness.
 - The existence of any motive for the witness to feign memory loss.

Additionally, new paragraph (4) would require the prior statement to be given under circumstances identical to paragraph (1). The Court has previously held that hearsay declarations under circumstances such as Rule 803.1(1)(a), (b), and (c) "are demonstrably reliable and trustworthy." *Commonwealth v. Lively*, 610 A.2d 7, 10 (Pa. 1992); see also *Commonwealth v. Chmiel*, 738 A.2d 406, 419 (Pa. 1999) (describing *Lively* as holding that a prior inconsistent statement of a non-party witness may be

used as substantive evidence only if it was given under highly reliable circumstances); *Commonwealth v. Hanible*, 30 A.3d 426, 445 n. 15 (Pa. 2011) (describing Rule 803.1(1) as mirroring *Lively*).

Notwithstanding a witness's claimed memory loss about the subject matter of the prior statement, the witness must still be subject to cross-examination about the statement pursuant to Pa.R.E. 803.1. This requirement is not solely rule-based; it is also a principle recognized in case law and constitutional analysis. Therefore, the Committee proposes a Comment to Pa.R.E. 803.1 referencing cases wherein witnesses have been found to be unavailable for cross-examination.

"Ordinarily a witness is regarded as 'subject to cross-examination' when he is placed on the stand, under oath, and responds willingly to questions." *U.S. v. Owens*, 484 U.S. 554, 561 (1988) (discussing F.R.E. 801(d)(1)(C)). This Committee wishes to illuminate that the required scope for which the witness must be available for cross-examination under Pa.R.E. 803.1 is the prior statement, not the subject matter at issue. *Cf.* Pa.R.E. 804(a)(3) (witness does remember the subject matter). Cross-examination of the witness may include the circumstances in which the statement was given, the witness's state of mind, and other matters that may have bearing on the weight and credibility of the prior statement.

The Committee also proposes to amend Pa.R.E. 804(a)(3), which considers a declarant unavailable to testify as a witness if the declarant testifies to not remembering the subject matter at issue. By reference to Pa.R.E. 803.1(4), the amendment would create an exception to this criteria when the witness's claim to not remember the subject matter of a prior statement is unsubstantiated. A witness with a genuine or substantiated inability to remember the subject matter at issue would remain subject to Pa.R.E. 804(a)(3).

The Committee invites all comments, objections, and suggestions concerning this proposal.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 200]

Order Amending Rule 211 of the Rules of Civil Procedure; No. 632 Civil Procedural Rules Doc.

Order

Per Curiam

And Now, this 26th day of October, 2015, upon the recommendation of the Civil Procedural Rules Committee; the proposal having been published for public comment at 44 Pa.B. 324 (January 18, 2014):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 211 of the Pennsylvania Rules of Civil Procedure is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective January 1, 2016.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

Rule 211. Oral Arguments.

[Any party or the party's attorney shall have the right to argue any motion and the court shall have the right to require oral argument. With the approval of the court oral argument may be dispensed with by agreement of the attorneys and the matter submitted to the court either on the papers filed of record, or on such briefs as may be filed by the parties. The person seeking the order applied for shall argue first and may also argue in reply, but such reply shall be limited to answering arguments advanced by the respondent. In matters where there may be more than one respondent, the order of argument by the respondents shall be as directed by the court.]

Any interested party may request oral argument on a motion. The court may require oral argument, whether or not requested by a party. The court may dispose of any motion without oral argument.

EXPLANATORY COMMENT

Current Rule 211, if read literally, confers on a party the right to argue any motion before the trial court. However, the Superior Court and the Commonwealth Court have both held that any right to oral argument conferred by Rule 211 is only a qualified right subject to judicial discretion. *See Gerace v. Holmes Protection of Philadelphia*, 516 A.2d 354 (Pa. Super. 1986); *City of Philadelphia v. Kenny*, 369 A.2d 1343 (Pa. Cmwlth. 1977). To remedy any confusion between the text of the rule and actual practice supported by appellate precedent, Rule 211 has been amended to provide that a party has the right to request oral argument, and gives discretion to the trial court to require oral argument, whether requested or not, or to dispose of any motion without oral argument.

Rules Committee*

which the answer will disclose the personal view of any particular member of the jury.

(k) The summary trial is an extension of the settlement conference, and the verdict will not be released to the media.

All civil actions which are at issue where the amount in controversy is \$50,000 or less, (exclusive of interest and costs), except those involving title to real estate, equity actions, mandamus, quo warranto, and mortgage foreclosure, shall be tried and decided by a board of arbitrators consisting of three (3) attorneys.

Local Rule 1302 CC. Appointment of Arbitration Board—Preferred Method.

Upon praecipe of any party, the prothonotary shall select nine (9) names, in alphabetical order, from the list of attorneys available, and an additional three (3) for each additional party with an adverse interest. Each party shall then strike off three (3) attorneys. The remaining three (3) shall comprise the board of arbitration. In the absence of a specific request, this shall be the preferred method of selecting an arbitration panel.

Local Rule 1302.1 CC. Appointment of Arbitration Board—Alternative Method 1.

Upon praecipe, the prothonotary shall appoint a board of arbitrators, consisting of three (3) attorneys from the list of attorneys qualified to act. Immediately after appointment of the board of arbitrators, the prothonotary shall notify the attorney in writing of their appointment and shall notify counsel of record. In case any attorney is disqualified, or fails to act, the prothonotary shall appoint the next attorney on the list in his or her place. Any attorney disqualified in a case shall be put at the head of the list of attorneys available for the next case. Any attorney who fails to act and is replaced by the prothonotary shall be put at the bottom of the list of attorneys.

Local Rule 1302.2 CC. Appointment of Arbitration Board—Alternative Method 2.

In lieu of Local Rules 1302(b) CC and 1302(b).1 CC, counsel for all plaintiffs may name a competent arbitrator from the county arbitration list, and counsel for all defendants may then name a competent arbitrator from the county arbitration list. The two (2) so selected will select a third. If selection of the third arbitrator cannot be agreed upon within ten (10) days, either party may request that the selection be made by a judge from the county arbitration list. The three (3) arbitrators so selected shall designate which of them is to be the chairperson. The finally selected panel shall then be filed by the chairperson with the prothonotary who will then appoint the arbitrators who have been selected.

Local Rule 1302.3 CC. Arbitration Chairperson.

Not more than one (1) member of a firm or association of attorneys shall be appointed to the board, nor shall any

Local Rule 1303 CC. Hearing. Notice.

The chairperson shall fix a time for hearing after conferring with counsel and the other arbitrators as to suitable dates and shall notify the parties, or their counsel, in writing, at least thirty (30) days before the hearing of the time and place of hearing. The first hearing shall be scheduled within ninety (90) days of the appointment of the board. Hearings shall be held either at the Courthouse at Ebensburg or at the Judges' Chambers in Johnstown, unless the parties, by agreement, shall designate another place and the arbitrators concur in such designation. Note: See Pa.R.Civ.P. 248, as to the shortening or extending of time for the giving of notice. Notice of the Hearing shall be sent to the Court Administrator.

Local Rule 1303.1 CC. Arbitration Motions for Continuance.

Unless agreed to by all counsel, only a judge may continue an arbitration hearing. It shall be the obligation of the party or counsel requesting the continuance to notify the board of arbitrators and other counsel of the request for continuance.

Local Rule 1307 CC. Arbitration Award.

The board of arbitrators shall make its report and render its award within twenty (20) days after the conclusion of the hearing.

Local Rule 1308.1 CC. Arbitrator Compensation.

Each arbitrator shall be entitled to receive \$200.00 for each half day or part thereof involved in hearing a case, except the chairperson, who shall receive \$250.00 for each half day or part thereof. The time spent on the case shall be certified by the chairperson. Upon the filing of their report and award, the prothonotary shall certify the arbitrators' fee for payment under the procedure followed as to other debts of the county. One-half day shall constitute three (3) hours or less.

Local Rule 1332 CC. Noncompulsory Arbitration.

Cases which are not otherwise eligible for compulsory arbitration may be referred to a Board of Arbitration by agreement of referral signed by counsel for both sides of the case or by Order of Court following the initial status conference and call of the list conducted pursuant to Local Rule 212 CC. The agreement of referral shall define the issue involved for determination by the board, and when agreeable, shall also contain stipulations with respect to facts submitted or agreed, or defenses waived. In such cases, the agreement of referral shall be filed of record.

Local Rule 1333 CC. Arbitration Fees.

The prothonotary shall charge the same fees for cases on the Arbitration List as charged for cases on the Trial List.

**ACTIONS OF DIVORCE OR ANNULMENT OF
MARRIAGE**

Local Rule 1920.51(f) CC. Divorce Master.

(1) Any party filing a complaint or counterclaim in an action of divorce (other than a one-count divorce) or for annulment of marriage shall file an original and one (1) copy of the pleading in the prothonotary's office. The Court will, on its own motion, appoint a master with respect to those matters contained in the action in those instances where the appointment of a master is permitted. The matter shall thereafter proceed in accordance with Pennsylvania Rules of Civil Procedure.

(2) In addition to the filing fee assessed for the filing of a complaint, an administrative fee in the amount of \$500.00 shall be paid to the Cambria County Prothono-

tary simultaneously with the filing of a divorce complaint or counterclaim which raises for the first time any issue other than a count for divorce under Section 3301(c) and/or (d) of the Divorce Code. If a claim is filed to preserve an issue and a party requests in writing that no hearing is needed then the counterclaim shall be accepted without payment of Master's Fees. The initial fee of \$500.00 shall entitle the parties to a one (1) hour pre-hearing conference and a three (3) hour hearing. If any additional time is needed, an additional fee of \$100.00 per hour will be assessed and paid by the parties in proportions to be determined by a master.

(3) Upon a filing of a complaint or counterclaim for alimony pendente lite, either party may petition to defer or apportion fees assessed under Section (2) of this rule based on financial need.

(a) The order scheduling a pre-hearing conference shall require the parties and their attorneys to meet one-half hour prior to the conference starting time. The parties shall attempt a good faith resolution of the action during the meeting.

(b) If an action is not resolved at a pre-hearing conference, the hearing officer/master shall:

(1) Estimate the total amount of time needed for hearing;

(2) Determine the amount of additional fee to be paid; and

(3) Submit a proposed order to the Court regarding payment of the estimated additional fee.

(4) All additional fees must be paid in full no later than thirty (30) days prior to the scheduled hearing.

(i) Nonpayment by the moving party may result in the Court's continuance of the scheduled hearing and rescheduling of the hearing only upon payment of said fees.

(ii) Nonpayment by the nonmoving party may not preclude the Court from directing the prothonotary from scheduling the hearing or issuing a Rule to Show Cause as to why the nonmoving party should not be subject to a default judgment for nonpayment.

(iii) All actions requiring additional fees shall be reviewed by the judge assigned to the Domestic Relations Section of the Court of Common Pleas to determine whether to delay the matter for nonpayment.

(c) Upon motion of either party or if appointment is recommended by a standing master, the Court may appoint a special master in a divorce action. A proposed order should be submitted to the Court for the appointment of a special master. The total Master's Fees shall be decided on a case-by-case basis.

(d) A pre-hearing statement must be filed by each party in divorce cases involving equitable distribution where a hearing has been scheduled. The original pre-hearing statement shall be filed with the prothonotary at least thirty (30) days prior to hearing. Each party shall serve copies of the pre-hearing statement on the master and opposing counsel, or on the unrepresented adverse party, by first class mail on the same day as filing. Said request shall be in the form of a Motion for Extraordinary Relief, which shall set forth the reason(s) why the requested relief should be granted. WASHINGTON COUNTY

Local Civil Rule L-810—Washington County Civil Litigation Mediation Program; No. 2015-1

Order

And Now, this 19th day of October, 2015; *It Is Hereby Ordered* that the previously-stated Washington County Local Civil Rule is amended as follows.

This rule will become effective thirty days after publication in the *Pennsylvania Bulletin*.

By the Court

KATHERINE B. EMERY,
President Judge

L-810. Washington County Civil Litigation Mediation Program.

a. Cases listed for trial shall be submitted to the Washington County Civil Litigation Mediation Program. This rule shall not apply to asbestos cases, cases ordered to private mediation under this rule, or medical malpractice cases.

b. The mediators shall be practicing attorneys that are members of the Washington County Bar Association, with an emphasis in their practice on civil litigation. A list of mediators shall be maintained by the District Court Administrator, and selected by the Court in consultation with the Washington County Bar Association.

c. The District Court Administrator shall select the cases for mediation from the combined civil trial lists, with preference given for the oldest cases by date of filing. The Court may also at its discretion refer a case to

mediation once it is placed on the trial list. The selection of a case for mediation shall not delay any scheduled trial of the matter.

d. Upon appointment, the mediator shall schedule the mediation within sixty (60) days of the order of court. The attendance of trial counsel, the parties, and a representative, including an insurance carrier, with authority to enter into a full and complete compromise and settlement is mandatory. If trial counsel, the parties, or a representative fail to appear absent good cause, the mediation will not be held and sanctions shall be entered against the non-appearing individual(s) by the Court upon request of the mediator. Sanctions may include an award of reasonable mediator and attorney's fees and other costs.

e. At least ten (10) days prior to the mediation, each party shall file a mediation statement which must include the following: (1) a succinct explanation of liability and damages; (2) significant legal issues that remain unresolved; (3) summary of medical and expert reports (if applicable); (4) itemized list of damages; and (5) settlement posture and rationale.

1. This requirement shall be deemed satisfied if a party has previously filed a pre-trial statement pursuant to Washington County Local Rule 212.2, in which case the mediation statement shall only provide updated or additional information.

2. Failure to file a mediation statement may result in sanctions, if requested by the mediator.

f. Each party to a case selected for mediation shall pay a mediation fee to be made payable to the County of Washington and submitted to the Office of the District Court Administrator for processing. The mediation fee shall be set by administrative order, and information regarding the fee shall be available in the Office of the District Court Administrator.

g. If the case has not been resolved, within ten (10) days from the date of the mediation, the mediator shall send the Court a report setting forth the following information: (1) Plaintiff's final settlement demand; (2) Defendant's final settlement offer; (3) the mediator's assessment of liability; (4) the mediator's assessment of damages; (5) the mediator's opinion regarding the potential range of a verdict and the settlement value of the case; and (6) the mediator's recommendation regarding settlement of the case. A copy of the report shall be provided to and maintained by the District Court Administrator until the case is closed.

h. If the case is resolved and a settlement agreed upon, the mediator shall send a letter to the Judge, with copies to counsel and the District Court Administrator.

i. The mediator shall not be subpoenaed or requested to testify or produce documents by any party in any pending or subsequent litigation arising out of the same or similar matter. Any party, person, or entity that attempts to compel such testimony or production shall be liable and indemnify the mediator and other protected participants for all reasonable costs, fees and expenses. The mediator shall have the same limited immunity as judges pursuant to the applicable law as it relates to Common Pleas Judges.

j. Notwithstanding the preceding subsections and L-1042.1—1042.20, the Court may in its discretion set a civil case for an alternative dispute resolution ("ADR") before a private mediator. The method of selection of the private mediator shall be in the discretion of the Court. All parties shall bear equally the costs of any Court-

ordered private mediation; provided, however, that the Court will take appropriate steps to assure that no referral to ADR results in an unfair or unreasonable economic burden on any party.

Note: When selecting a case for ADR before a private mediator, the Court should consider various criteria, including the nature of the claims involved and their complexity, whether any of the litigants is pro se, the potential for a successful resolution, and the interests of justice.

(1) The method of ADR shall be addressed to the discretion of the private mediator.

(2) The fact that a case is selected for ADR shall not delay the scheduled trial of a case.

(3) Nothing in this rule shall prevent the parties from voluntarily engaging in ADR before a private mediator on their own initiative.

Explanatory Comment

This local rule reflects the strong judicial policy in favor of parties voluntarily settling lawsuits expressed by the Supreme Court of Pennsylvania in *Rothman v. Fillette*, 469 A.2d 543 (Pa. 1983). The use of Court-directed ADR processes reduce the expense of litigation and often times leads to a quicker and more satisfying alternative when compared to continuing on a more traditional path of litigation. An ancillary benefit to ADR is the potential of reducing the burden on the finite resources of the Court.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 131]

Preliminary Provisions; Replacement Costs for Wildlife Killed

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its September 29, 2015, meeting, amended § 131.8 (relating to replacement costs for wildlife killed) to increase replacement costs for bald and golden eagles from \$200 to \$2,500.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 45 Pa.B. 4921 (August 22, 2015).

1. Purpose and Authority

In accordance with goals established in the Pennsylvania Bald Eagle Management Plan, 2010-2019, the Commission determined that the bald eagle (*Haliaeetus leucocephalus*) achieved a population level and geographical distribution that no longer met the definition of a threatened species. As a result, on March 15, 2014, the bald eagle was officially removed from the Commonwealth's threatened species list. Notwithstanding the delisting, the bald eagle's population and the population of the golden eagle (*Aquila chrysaetos*) necessitate further protection from unlawful takings in the form of increased replacement costs.

Section 925(i) of the code (relating to jurisdiction and penalties) specifically states that "[i]n addition to the fines and costs imposed for violations pursuant to subsection (b), the costs incurred by the commission for the replacement of the species involved in the violation shall be assessed by the magisterial district judge in such amount as is fixed by regulation of the commission." The Commission amends § 131.8 to increase replacement costs for bald and golden eagles from \$200 to \$2,500.

Section 2102(a) of the code (relating to regulations) provides that "[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 131.8 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 131.8 to increase replacement costs for bald and golden eagles from \$200 to \$2,500.

3. Persons Affected

Persons who unlawfully take or kill bald or golden eagles in this Commonwealth will be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 131, are amended by amending § 131.8 to read as set forth at 45 Pa.B. 4921.

(b) The Executive Director of the Commission shall certify this order and 45 Pa.B. 4921 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

R. MATTHEW HOUGH,
Executive Director

Fiscal Note: Fiscal Note 48-386 remains valid for the final adoption of the subject regulation.

GAME COMMISSION

[58 PA. CODE CH. 133]

Wildlife Classification; Mammals

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its September 29, 2015, meeting, amended § 133.41 (relating to classification of mammals) to remove the Delmarva Fox Squirrel from the State endangered species list and update the common name of the Eastern woodrat to the Allegheny woodrat.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 45 Pa.B. 4922 (August 22, 2015).

1. Purpose and Authority

The Commission amends § 133.41 to remove the Delmarva Fox Squirrel from the State endangered species list and update scientific nomenclature. The first amendment pertains to the Delmarva Fox Squirrel (*Scuirus niger niger*). This is one of three subspecies of fox squirrel listed in this Commonwealth. The species was historically present in only a very limited portion of southeastern Pennsylvania. A reintroduction attempted in 1989 resulted in no documented survival past 1 year. Suitable habitat for this species within its historic range no longer exists. No documented sightings of this species have been recorded in the 25 years subsequent to the reintroduction effort. The Mammal Technical Committee, a scientific advisory committee of the Pennsylvania Biological Survey, recommended that the status of the fox squirrel be changed to State extirpated and that it be removed from the list of State endangered mammals. The Delmarva Fox Squirrel population across the species core range in coastal portions of Delaware, Maryland and Virginia is considered stable.

The second amendment updates the common name of the Eastern woodrat to the Allegheny woodrat. Based upon genetic and morphological evidence, the Eastern woodrat has been split into two species—the Eastern woodrat and the Allegheny woodrat. The Allegheny woodrat (*Neotoma magister*) inhabits this Commonwealth and is currently listed as threatened. The Eastern woodrat is not found in this Commonwealth.

Section 322(c)(8) of the code (relating to powers and duties of commission) specifically empowers the Commission to “[a]dd to or change the classification of any wild bird or wild animal.” Section 2167(a) of the code (relating to endangered or threatened species) states that “[t]he commission may, by regulation, add or remove any wild bird or wild animal native to this Commonwealth to or from the Pennsylvania native list of endangered or threatened species.” The amendments to § 133.41 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 133.41 to remove the Delmarva Fox Squirrel from the State endangered species list and also update the common name of the Eastern woodrat to the Allegheny woodrat.

3. Persons Affected

Persons interacting with the Delmarva Fox Squirrel or Allegheny woodrat within this Commonwealth may be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 133, are amended by amending § 133.41 to read as set forth at 45 Pa.B. 4922.

(b) The Executive Director of the Commission shall certify this order and 45 Pa.B. 4922 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

GAME COMMISSION

[58 PA. CODE CH. 135]

Lands and Buildings; Goose Hunting Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its September 29, 2015, meeting, amended § 135.104 (relating to restrictions on controlled goose hunting areas) to limit persons to harvesting one Canada goose per person per season at the Middle Creek Wildlife Management Area controlled goose hunting area.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 45 Pa.B. 4920 (August 22, 2015).

1. Purpose and Authority

The controlled goose hunting program on the Middle Creek Wildlife Management Area provides opportunities for hunters to harvest Canada geese during the regular goose hunting season. Each year a number of hunters are selected to hunt from blinds through a public drawing. Hunters may subsequently enter into a drawing on later

days for unclaimed blinds where they may take additional geese, but remain within the 1 goose per day daily bag limit.

Hunter success rates have been declining in the controlled goose hunting area due in part to declining resident goose populations, fewer migrant geese and higher harvest rates on geese in areas surrounding Middle Creek. The September season daily limits and regular season daily bag limits have been reduced to increase resident goose populations. Additionally, the September hunting season was closed on State Game Land No. 46. In a further effort to help increase Canada goose populations on Middle Creek, the Commission amends § 135.104 to limit the take in the controlled goose hunting area to one Canada goose per person per season.

Section 721(a) of the code (relating to control of property) provides “[t]he administration of all lands or waters owned, leased or otherwise controlled by the commission shall be under the sole control of the director, and the commission shall promulgate regulations . . . for its use and protection as necessary to properly manage these lands or waters.” The amendments to § 135.104 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends § 135.104 to limit persons to harvesting one Canada goose per person per season at the Middle Creek Wildlife Management Area controlled goose hunting area.

3. *Persons Affected*

GAME COMMISSION

[58 PA. CODE CHS. 143 AND 147]

Hunting and Furtaker Licenses; Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its September 29, 2015, meeting, amended §§ 143.182, 143.185 and 147.804 (relating to definitions; the license; and general) to add cottontail rabbit and mourning dove to the list of species that mentored youth are eligible to hunt and also require that mentored youth obtain a Migratory Game Bird License prior to hunting mourning dove.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 45 Pa.B. 4919 (August 22, 2015).

1. *Purpose and Authority*

Since the successful implementation of the Mentored Youth Hunting Program in fall 2006, the Commission has been striving to improve upon the successes of this mentor-based program. Sporting organizations and other interested groups have continued to encourage the Commission to expand mentored youth hunting opportunities in this Commonwealth to additional species, including the cottontail rabbit and mourning dove. Importantly, the mourning dove is defined as a migratory bird species and requires the acquisition of a Migratory Game Bird License to facilitate the Harvest Information Program (HIP). HIP is a cooperative state and Federal program designed to improve the information collected regarding the harvest of migratory game birds. The Commission amends §§ 143.182, 143.185 and 147.804 to add cottontail rabbit and mourning dove to the list of species that mentored youth are eligible to hunt and also require that mentored youth obtain a Migratory Game Bird License prior to hunting mourning dove.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and performance of license issuing activities. Section 2901(b) of the code (relating to authority to issue permits) provides “the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate

regulations to control the activities which may be performed under authority of any permit issued." The amendments to §§ 143.182, 143.185 and 147.804 are adopted under this authority.

2. *Regulatory Requirements*

The final-form rulemaking amends §§ 143.182, 143.185 and 147.804 to add cottontail rabbit and mourning dove to the list of species that mentored youth are eligible to hunt and also require that mentored youth obtain a Migratory Game Bird License prior to hunting mourning dove.

3. *Persons Affected*

Persons wishing to hunt cottontail rabbit and mourning dove under the Mentored Youth Hunting Program will be affected by the final-form rulemaking.

4. *Comment and Response Summary*

The Commission received one official comments in general opposition to the final-form rulemaking.

5. *Cost and Paperwork Requirements*

The final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to

Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the De-

partment, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

EA19-003. Camp Victory, 58 Camp Victory Road, Millville, PA 18746. Unnamed tributary to Mud Run/Pond/Wetland Restoration Project, in Greenwood Township, **Columbia County**. ACOE Baltimore District.

This project proposes to remove an on stream pond, restore natural stream channel and fringe wetlands and restore storage capacity of downstream existing pond. The project consists of dewatering the upper pond to facilitate stream channel restoration though the impounded area. The next proposed phase is to remove sediment in the lower existing pond to its original depth and capacity which will reduce the thermal impacts improving the habitat potential for aquatic life and increasing the recreational use by Camp Victory. The sediment removed is proposed to be placed in dewatering bags, mixed with an ecological friendly polymer and oriented strategically to create in some cases stream meander pattern and changes in the floodplain contour to create pocket wetlands. The final phase is to complete final planting of wetland perennials and seeding. Upon completion this project proposes to reduce 2.21 acres of open water pond and create approximately 1,200 linear feet of stream channel, 1.93 acre of emergent wetland habitat, 0.33 acre of scrub/shrub habitat, and to retain 0.93 acre of open water habitat. This project proposes in the Mud Run Watershed, which is classified as a Cold Water Fishery.

To install 15 large wood structures in and along East Branch Spring Creek for the purpose of stream bank stabilization and habitat improvement. Habitat will be further improved by excavating small pools in the streambed adjacent to 5 of these structures and by adding large woody materials to the floodplain of East Branch Spring Creek and the floodplain of one unnamed tributary thereto. This project is being reviewed as a restoration plan to be eligible for waiver of permit requirements under 105.12(a)(16).

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501–508 and 701–704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The Department scheduled a public hearing on the draft NPDES permit renewal application at the LaBelle Volunteer Fire Department, 1101 LaBelle Road, LaBelle, PA 15450. The hearing originally scheduled for Friday, December 4, 2015, from 1 p.m. to 3 p.m. has been postponed and will be rescheduled. The nature of the public hearing is to solicit concerns and comments regarding the draft NPDES permit renewal for the LaBelle Site. The public hearing will be held in accordance with 25 Pa. Code § 92a.83.

The public hearing is being held at the request of the Citizens Coal Council (CCC) and Environmental Integrity Project (EIP), who state the draft permit is insufficient under the Clean Water Act and fails to achieve water quality standards because:

- It fails to include some of the most polluting point source discharges from the Matt Canestrone Contracting, Inc. site.
- It uses the coal refuse technology-based limits for a host of other pollutants which are likely to be in the waste streams from the site.
- The Department did not consider whether water-quality based limits are necessary when it is clear that the current technology-based limits are not sufficient to prevent violations of the water quality standards.
- The Department failed to carry out a comprehensive reasonable potential analysis on the tributaries of the Monongahela.

A Department representative will be available to receive both written and oral testimony regarding the draft NPDES permit. Testimony will be placed into public record for the draft NPDES permit and considered by Department staff in the review process.

Persons with a disability who wish to attend this public hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact Bonnie Herbert at (724) 769-1100 to discuss how the Department may accommodate your needs. If necessary, use the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice users) and request that the call be relayed to Bonnie Herbert at (724) 769-1100.

Copies of the draft NPDES permit are on file for public review, by appointment, at the Department of Environmental Protection, District Mining Operations, 25 Technology Drive, California Technology Park, Coal Center, PA 15423, (724) 769-1100.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security

Public Meeting held
October 22, 2015

Commissioners Present: Gladys M. Brown, Chairperson; John F. Coleman, Jr., Vice Chairperson; Pamela A. Witmer; Robert F. Powelson; Andrew G. Place

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security;
M-2015-2490383

Tentative Order

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license

will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a bond or other approved security in the amount directed by the Commission has been obtained.

Failure to file the requested documentation may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company's electric supplier license, removal of each company's information from the Commission's website and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

As of October 9, 2015, each EGS listed in the Supplier Table below has not submitted the required bond or other approved security to the Commission.

Supplier Table—List of electric generation suppliers that have not submitted the required security

A-2012-2320287	Black Diamond Energy Consultants, Inc.
A-2010-2217557	Branded Retail Energy Co LLC
A-2010-2176721	Early Bird Power LLC
A-2010-2211398	The Galt Company
A-2012-2322715	Global Energy Concepts LLC
A-2012-2304910	HP Technologies, Inc.
A-2010-2182907	Kenneth E Ryan
A-2010-2206145	LD Energy LLC
A-2013-2380065	Mark Group, Inc.
A-2011-2250633	Sperian Energy Corporation
A-2010-2210589	Suncom, Inc.
A-2013-2380072	Transparent Electric, Inc.
A-2011-2242007	Utilities Analyses, Inc.

As part of its EGS license validation procedures, the Commission's Bureau of Technical Utility Services (TUS) sent a 60-day Security Renewal Notice Letter to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security, must be filed within 60 days prior to each entity's security expiration date. Subsequently, after the expiration date of each entity's approved financial security, TUS sent a Certified Security Renewal Warning Letter which sought security renewal documentation within 10 days. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to cancel the EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier Licenses of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & En-

forcement, Department of Revenue—Bureau of Corporation Taxes, all electric distribution companies, all of the Electric Generation Suppliers in the Supplier Table and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment or the filing of approved security within 30 days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services shall prepare a Final Order for entry by the Secretary and shall advise the affected Bureaus within the Commission in writing that the Electric Generation Supplier Licenses held by each company listed in the Supplier Table, are cancelled and the cases may be closed.

4. Upon entry of the Final Order described in ordering Paragraph No. 3 above, each company listed in the Supplier Table will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission's website, and notifications be sent to all electric distribution companies in which the Electric Generation Suppliers are licensed to do business.

PECO Energy Company's Plan for Seamless Moves and Instant Connects

Public Meeting held
October 22, 2015

Commissioners Present: Gladys M. Brown, Chairperson; John F. Coleman, Jr., Vice Chairperson; Pamela A. Witmer; Robert F. Powelson; Andrew G. Place

PECO Energy Company's Plan for Seamless Moves and Instant Connects; M-2014-2401085

Final Order

Before the Pennsylvania Public Utility Commission (Commission) is a recommendation from the Commission's Office of Competitive Market Oversight (OCMO) approving the amended plan of PECO Energy Company (PECO) for implementing seamless moves and instant connects in its service territory. A seamless move is the ability of a customer's choice of supplier to move with the customer to a new address within a single service territory without interruption. Instant connect is the ability of supply service to start on "day one" of new utility service—without the customer first having to go on default service.

Background

By order entered on April 29, 2011,¹ the Commission launched its Investigation of Pennsylvania's Retail Electricity Market (Electric RMI), directing OCMO to develop recommendations for improvements to ensure that a properly functioning and workable competitive retail electricity market exists in Pennsylvania. On February 15, 2013, the Commission entered its Electric RMI Final

¹ Investigation of Pennsylvania's Retail Electricity Market Order, Docket No. I-2011-2237952 (Order entered April 29, 2011).

Order² (RMI Final Order). As part of the RMI Final Order, the Commission instructed electric distribution companies (EDCs) to submit plans by the end of 2013 for the implementation of seamless moves and instant connects in their service territories by June 1, 2015.

Pursuant to the Commission's RMI Final Order, PECO submitted a compliance filing on December 18, 2013, which detailed the Company's plan to implement seamless moves and instant connects in its service territory by June 1, 2015. Subsequent events caused the Commission to modify the implementation timelines for these new market enhancements. Specifically, on April 3, 2014, the Commission promulgated new regulations directing the EDCs to develop three-business day supplier switching timeframes.³ Implementation of the three-business day switch went into effect on December 14, 2014. The Commission acknowledged that the implementation of three-business day supplier switching required significant effort by the EDCs and that the timely development of three-business day switching was a priority over instant connects and seamless moves. Therefore, by means of an August 13, 2014 Secretarial Letter,⁴ we permitted an EDC to delay the development of instant connects and seamless moves if the EDC determined that developing these processes could hinder or delay the development of three-business day supplier switching. In response, PECO, consistent with the directive in the Secretarial Letter, informally notified OCMO by email that it was postponing the implementation of seamless moves and instant connects.

On March 20, 2015, the Commission issued a Secretarial Letter⁵ directing EDCs, including PECO, to file revised plans to implement seamless moves and instant connects by July 1, 2016. EDCs, in their plans, were directed to demonstrate how they will achieve seamless moves and instant connects and their timeframes for implementation to meet a July 1, 2016 implementation deadline. Each plan was also expected to include an estimate of the costs to design, test, implement and maintain seamless moves and instant connects, and proposals for the recovery of those costs. This Secretarial Letter also provided a 30-day comment period for responses to the filed plans. The Commission then committed to review the plans and comments and determine appropriate further actions with regard to the filed plans.

On April 20, 2015, PECO filed, at the above noted docket, a revised plan to implement seamless moves and instant connects by July 1, 2016. Two parties, FirstEnergy Solutions (FES) and the Office of Consumer Advocate (OCA) filed comments in response to PECO's filing.

After careful review and consideration of PECO's plan and the comments filed, on October 1, 2015 the Commission adopted a Tentative Order⁶ directing PECO to file, within seven days, a revised plan reflecting the Tentative Order. The Order further provided parties an additional seven days to file comments on PECO's revised plan.

While the Commission found that most of the elements of PECO's April 20, 2015 plans for implementing seam-

less moves and instant connects were reasonable and in conformity with our expectations, a few specific elements of PECO's plan and its eligibility requirements were of concern or needed clarification. Specifically, in the Tentative Order, we directed PECO to revise their plan to:

- Include a three-day gap/overlap limit in their eligibility requirements for seamless moves.
- Clarify their proposed customer eligibility requirement for seamless moves and instant connects that the customer's account be in "good standing" and the reasons for this requirement.
- Revise their plan to have seamless moves and instant connect functionality available by September 30, 2016.

On October 8, 2015, PECO filed their amended plan.⁷ No parties filed comments in response to PECO's amended plan.

PECO's Amended Plan

PECO's revised plan includes eligibility requirements, procedures, timelines, cost estimates and cost recovery proposals. PECO notes that it participated in the Electronic Data Exchange Working Group (EDEWG) subgroup that convened in July 2013 to explore seamless move and instant connect protocols and accepts the EDEWG recommendations that resulted, which have been incorporated into its proposed plan.

Seamless Moves

For seamless moves, PECO's amended proposal allows eligible shopping customers to retain their current electric generation supplier (EGS) when moving within PECO's service territory, provided that the customer meets each of the following criteria:

- Move requests must come at least one day in advance of the requested transaction.
- Same-day or back-dated requests cannot be accepted.
- The customer must provide PECO with a disconnect date on the current account and a connect date for the new account.
- The disconnect date and connect date do not need to be the same, and in fact, the dates may overlap or have a gap between them. However, a seamless move will not be allowed for any overlapping service or gaps in service lasting more than three business days.
- There must be an active meter at the new premise when the customer calls to establish EGS service on the new account. If meter information is not available, such as with new construction, there will be insufficient information for a move transaction.
- For a seamless move to occur, the current account must be active at the time of the customer's request for service on the new account. If the current account is pending active (an account that is not currently active today, but is set to be active at a specified date in the future) or is inactive, a seamless move cannot occur. In addition, the new account must be in a pending active status in order to effectuate a seamless move.
- An EGS must be providing service on the customer's current account to be eligible for a seamless move. If the customer has chosen an EGS to serve the current account, but the EGS has not yet begun to provide service on that account, for whatever reason, the account will be ineligible for a seamless move.

⁶ Tentative Order PECO Energy Company's Plan for Seamless Moves and Instant Connects. Docket No. M-2014-2401085. (Order Entered October 1, 2015).

- Customers must seamlessly move within the same rate class and same procurement class as their current account. Only PECO's Residential and Small Commercial Procurement Classes (Classes 1 and 2) will be eligible for a seamless move. These Procurement Class categories are consistent with the structure of PECO's Standard Offer program. This comports with the recommendation of the EDEWG Stakeholder Subgroup and the request of the EGSs.

- Billing options on the customer's new account will also remain the same as the current account in a seamless move.

- At this time, only electric service is involved with seamless moves.

Further, PECO has revised its eligibility requirements to remove the requirement that a customer's account must be in "good standing." PECO notes that they were initially concerned that a customer with a delinquent balance might terminate service in one location and then use a seamless move or instant connect for a different account at the same or different location or under a different name to avoid the delinquency. However, PECO now agrees that there are processes in place to deal with these possibilities that do not involve supplier choice through seamless moves or instant connects.

PECO elaborates further on the process that they propose to perform seamless moves:

- PECO will inform the customer that the current EGS will seamlessly move to the new account.

- PECO will send new move transactions in batches to each EGS at the end of the day in which they were generated. In the move transaction, the EGS will receive information similar to what is currently provided in a change-request transaction, including customer name, service address and rate class. PECO will provide the EGS with: (i) the current account number; (ii) the new account number; and (iii) the service start date. In addition, the move transaction gives the EGS non-discretionary notice of the obligation to provide service on the new account.

- Once the move transaction has been sent to the EGS, the EGS will begin to serve the new account seamlessly as of the service start date.

PECO further notes, however, instances in which the seamless move could be terminated or voided after the move transaction is complete, resulting in PECO sending a drop notification to the EGS. These instances include where the customer:

- Voids or terminates the new account prior to the service start date;

- Requests to change the service start date on the new account to a date occurring in the past;

- Requests same-day connect service on the new account, after having previously chosen a service start at some future date; or

- Enrolls with a different EGS on the current account before the connection at the new account occurs.

Instant Connects

PECO notes that currently, they can accept an EGS enrollment only on active accounts. PECO accepts and incorporates into its proposed plan the recommendation of EDEWG to permit enrollments on pending active accounts. With this system change, customers will be able to select an EGS at the time they establish an account,

even if that account will become active at a future date (a pending active account). PECO's planned instant connect procedure provides:

- When a customer contacts PECO to request a new connection, PECO will provide the new account number to the customer.

- At that time, PECO will also provide the customer with information about EGS enrollment options.

- If the customer has already chosen an EGS, the customer will be directed to contact the EGS and provide the EGS with the customer's new account number.

- If the customer would like to choose an EGS, but has not yet done so, the PECO Customer Service Representative ("CSR") will provide the customer with information about PECO's Standard Offer Program (if still available) or direct the customer to the PaPowerSwitch website.

- Once the EGS has the requisite customer information, the EGS will submit an enrollment transaction to PECO, and the customer will be enrolled with the EGS under current practices. The critical difference is that the customer is able to effectuate that enrollment on a pending active account, so that EGS service becomes active when the account becomes active, thereby avoiding default service.

- PECO requires that the request must be received three-business days in advance in order to effectuate an instant connect. The three-business day notice is necessary to coordinate with PJM Interconnection, LLC. If the enrollment request is not received three-business days in advance of the connect date, the enrollment will follow the usual supplier switching rules.

Cost and Cost Recovery

PECO currently estimates the total cost to be approximately \$5.0 million, based on PECO's filed plan. PECO has included recovery for the costs of implementing seamless moves and instant connects in its currently pending base rate case.⁸

Timeline

PECO states that it is fully committed to implementing seamless moves and instant connects by July 1, 2016. PECO commits to keeping the Commission fully apprised of its progress. If any issues arise that might affect PECO's ability to comply with the target date for implementation, PECO will notify the Commission, describe the problems encountered, and lay out its plans to resolve those problems in a timely manner.

Resolution

Upon review of PECO's amended plan, we remain convinced that seamless moves and instant connects are important enhancements to the competitive electric market landscape. These two items are, from a customer's perspective, ordinary and expected capabilities that have been hindered by current EDC account handling processes and information systems. A customer should not have to obtain new supplier service simply because they moved locations within an EDC's service territory. It is reasonable for customers to expect that their supplier choice and contract be simply "ported" to their new location. Likewise, customers should be able to start new

⁸ *Pennsylvania Public Utility Commission v. PECO Energy Company—Electric Division*, Docket No. R-20152468981 (filed March 27, 2015).

service with a supplier without first receiving default service from the utility. The current system inappropriately elevates default service to a favored, primary service role. Instant connects will remove an unnecessary step and provide a market enhancement.

We find the elements of PECO's amended plan for implementing seamless moves and instant connects reasonable and in conformity with the October 1, 2015 Tentative Order. PECO has removed the eligibility requirement that a customer's account be "in good standing" and has included a 3-business-day limit on concurrent service or gaps in service for seamless moves.

With these safeguards, PECO's eligibility requirements should be sufficient to prevent customers from materially changing their contracts with EGSs simply by moving to a new location. We reiterate that these safeguards include limiting seamless moves to residential and small business accounts; requiring that the rate class remains unchanged; that the customer maintains the same supplier billing rate, billing option and tax exemption percentage; and that any gaps or overlap of service will be limited to 3 days. We are convinced that these robust safeguards should prevent a customer from significantly changing the characteristics of their service with an EGS as a result of a move to a new location.

In addition to the above safeguards, after a seamless move occurs, a supplier may still submit a drop if the supplier does not wish to serve the customer at a new location. We emphasize that an EGS that processes a customer drop in a seamless move environment must be doing so per the terms and conditions of their existing agreement with the customer. Ideally, this should be addressed under the cancellation provisions of the disclosure or contract the EGS has with the customer. Existing supply agreements should not be adversely impacted by implementation of seamless moves with all of the foregoing protections in place.

We also note that seamless moves will not be available until the second half of 2016. This should provide EGSs with time to consider these matters when entering into new contracts with new customers. To the extent that an EGS desires to expressly recognize the possibility of seamless moves in future contracts, an EGS may freely do so. In addition, EGSs may pursue modification of existing contracts, with customer agreement.

Concerning the implementation date for seamless moves and instant connects, in the Tentative Order we proposed an implementation date of September 30, 2016. However, in their amended plan, PECO has established an accelerated date of July 1, 2016. We will accept this modification.

As for cost recovery, we note that PECO, as stated in its amended plan, has already included these costs in their March 2015 rate filing, currently pending before the Commission.⁹ Accordingly, approval of this plan for seamless moves and instant connects does not constitute a determination that the associated costs or expenses are reasonable or prudent for the purposes of cost recovery. These issues will be addressed by the Commission as part of the rate filing.

Conclusion

Through this Final Order, the Commission approves PECO's amended plan filed on October 8, 2015 for implementing seamless moves and instant connects in its service territory by July 1, 2016.
