READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Procedure Implementing Pa.R.D.E. No. 217(g) Re: Attorney Disbarments and Suspensions; No. 96-3

The Court regularly receives from the Pennsylvania Supreme Court and the Disciplinary Board copies of Orders suspending, or disbaring attorneys from the practice of law in the Commonwealth of Pennsylvania or placing same on inactive status. Pa.R.D.E. No. 217(g) provides that upon receipt of such Order the President Judge of the Court of Common Pleas of the judicial district in which the formerly admitted attorney practiced shall make such further order as may be necessary to fully protect the rights of the clients of the formerly admitted attorney.

This General Court Regulation shall govern all attorneys who practice, and all cases filed, in the First Judicial District and is issued jointly with the President Judge of the Municipal Court of Philadelphia County.

The following procedure shall be followed whenever the Court is advised by the Pennsylvania Supreme Court or Disciplinary Board that a Pennsylvania licensed attorney has been suspended, disbarred or placed on inactive status.

1. *Issuance of Order by the President Judge.* Upon notice of the suspension, disbarment or placement on inactive status of any attorney, the President Judge of the Court of Common Pleas shall enter an Order designed to protect the rights of the clients of the formerly admitted attorney, effectuating the within General Court Regulation. The Order shall be substantially as attached hereto as Exhibit "A". A copy of the Order shall be provided to the formerly admitted attorney, all Judges of the First Judicial District, and other interested parties. Upon the entry of said Order, the Court will not accept any further pleadings from, or appearances by, the said attorney except as provided herein. The Disciplinary Board may at any time thereafter request from the Court an Attorney Activity Report.

2. *Creation of a Disciplinary Docket.* The Prothonotary shall maintain a list or docket of all attorneys who have been suspended, disbarred or placed on inactive status. The docket shall contain, *inter alia*, the name of the attorney, the Supreme Court identification number, and the effective date of the suspension, disbarment or placement on inactive status. The list shall be maintained in the office of the Prothonotary and shall be a public record.

3. *Civil Cases.* As of the effective date of the suspension, disbarment or placement on inactive status, all civil cases in which the suspended, disbarred or inactive attorney is the attorney of record shall be immediately deferred for a period of sixty (60) days. The formerly admitted attorney shall be removed as attorney of record for any party for whom his/her appearance is entered, and all notices entered thereafter shall be mailed to the party's last address of record until such time as a new attorney enters an appearance on behalf of that party.

4. *Criminal Cases.* The following action shall be taken in criminal cases (including juvenile and dependency

cases) upon notification of the suspension, disbarment or inactive status:

a. *Court Appointed Counsel.* The suspended, disbarred or inactive attorney shall be removed as the court-appointed attorney for the defendant and the appropriate criminal listings office shall forthwith appoint new counsel who will immediately undertake representation of the defendant.

b. *Privately Retained Counsel.* The disbarred, suspended or inactive attorney shall be removed as attorney of record for the defendant and the defendant shall be advised by letter from the appropriate criminal listings office to secure new counsel prior to the next scheduled listing so as to cause no delay in the trial of the case.

6. *Reinstatement or Readmission.* In the event a suspended, disbarred or inactive attorney is readmitted or reinstated to the Bar of the Commonwealth of Pennsylvania, upon receipt of a certified copy of the Order reinstating the attorney, or upon receipt of a Certificate of Good Standing issued by the Supreme Court Prothonotary pursuant to Pa.B.A.R. No. 201(d), the attorney's name shall be removed from the Docket maintained as provided herein and the attorney may thereafter represent any

party in connection with any case; provided, however, that a new entry of appearance must be filed subsequent to the readmission or reinstatement for each case even if counsel had been counsel of record prior to the suspension, disbarment or placement on inactive status. It is further provided, however, that the readmission or reinstatement of an attorney to the bar of the Commonwealth of Pennsylvania shall not automatically reinstate the attorney to the various Court appointment lists. Rather, the attorney must reapply for each appointment list and shall set forth the relevant facts concerning the suspension, disbarment or inactivity as well as the reinstatement or readmission.

This General Court Regulation is issued in accordance with Pa.R.D.E. No. 217(g), Phila. Civ. R. No. ★51 and Pa.R.C.P. No. 239 and shall become effective January 1, 1997. As required by Pa.R.C.P. RULES AND REGULATIONS

Title 7—AGRICULTURE

DEPARTMENT OF AGRICULTURE

[7 PA. CODE CH. 138h]

Agricultural Land Conservation Assistance Grant Program

The Department of Agriculture (Department) adopts Chapter 138h (relating to agricultural land conservation assistance grant program).

Sections 7.1 and 7.3 of the act June 18, 1982 (P. L. 549, No. 159) (3 P. S. §§ 1207.1 and 1207.3) authorizes the Department to award grants to counties for designated purposes related to the conservation of agricultural land and empowers the Department to promulgate regulations necessary to support this grant program. It is under the this statutory authority that these regulations are adopted.

The act requires that the Department consult with the State Agricultural Land Preservation Board (State Board) in establishing eligibility criteria for grants and in promulgating regulations necessary to administer and enforce the act. The State Board approved the proposed version of these regulations at its July 13, 1995, meeting. In its review of the final version of these regulations, the State Board was provided a proposed response to comments, proposed revisions to Annex A and an explanation of substantive changes at its July 10, 1996, meeting. The State Board offered no changes to the draft documents, which form the core of this order.

Comments

Notice of proposed rulemaking was published at 26 Pa.B. 1555 (April 6, 1996), and provided for a 30-day public comment period.

Comments were received from the Pennsylvania Farmland Preservation Association (PFPA) and the Westmoreland County Farmland Preservation Program. The Independent Regulatory Review Commission (IRRC) also offered comments. These comments, and the Department's responses, follow.

IRRC commented that proposed § 138h.1(b) (relating to program objectives) was an unnecessary restatement of § 138h.8 (relating to review of application by State Board), and recommended § 138h.1(b) be deleted from the final regulations.

The Department accepts this comment, and has revised § 138h.1 accordingly.

The PFPA asked whether the definition of "applicant" in proposed § 138h.2 (relating to definitions) could be expanded to include organizations such as the PFPA. The PFPA made the observation that an organization such as the PFPA might be able to use grant funds to complete projects which might be of benefit to all county programs.

The Department believes it cannot expand the definition of "applicant" as the PFPA requests. Section 7.3(a) of the act (3 P. S. § 1207.3(a)) limits the State Board's authority by allowing it to award grants to counties only.

IRRC suggested several revisions to § 138h.4 (relating to uses of grant funds). In response, the Department has revised § 138h.4(c)(3) to more clearly state that the costs described in that paragraph must be directly linked to

achieving the objectives described in § 138h.4(c)(1) and (2). In addition, § 138h.4(d) has been added to clarify that grant funds may not be used for the purchase of general-use word processing and spreadsheet software.

IRRC, the Westmoreland County Farmland Preservation Program and the PFPA each expressed concern that proposed § 138h.5 (relating to eligibility criteria) might not allow the expenditure of grant funds for subsequent stages or upgrades of previously completed projects. For example, a county that had developed its own basic Geographical Information System (GIS) might not be able to obtain grant funds to add additional capabilities or layers of information necessary to its ranking of farmland being considered for agricultural conservation easement purchase.

In response, the Department has revised § 138h.5(a) to clarify that grant funds may be obtained to fund subsequent stages or upgrades of previously completed projects if the application documents that the stage or upgrade was not included in the funding plans for earlier stages of the project.

The PFPA expressed general concern that counties might compete against each other and not coordinate their efforts unless the regulations were more specific as to matters such as how much grant money would be awarded each year and how applications would be prioritized.

In response, the Department has added § 138h.5(b)(9), which requires the impact of the project on other county programs to be considered in the evaluation and ranking of grant applications.

IRRC suggested proposed § 138h.6 (relating to applications generally) be revised to establish a specific time period within which the Secretary will mail written notice to an applicant that additional documentation is necessary to complete the application.

The Department accepts this comment, and has added § 138h.6(d) to establish a 10-day period from receipt of an application within which the Secretary must mail the notice.

At IRRC's recommendation, the first sentence of § 138h.7(b) (relating to filing applications) has been reworded for greater clarity.

IRRC also suggested the term "will" replace the term "may" in § 138h.7(b) to clarify that the Department will request additional information necessary to process an application and will discontinue processing an incomplete or inaccurate application until the requested information is received.

The Department accepts this suggestion and has revised § 138h.7(b) accordingly.

The Department also implemented IRRC's recommendation that proposed §§ 138h.8 and 138h.9 (relating to review of application by State Board; and notice of disposition of application) be revised to consistently use the terms "approval" and "disapproval," rather than "acceptance" and "rejection," in describing actions to be taken with respect to an application.

After the close of the public comment period, the PFPA offered the suggestion that proposed § 138h.11(b) (relating to verification of use) be revised to clarify that unexpended grant funds are to be returned to the Department for deposit into the Agricultural Conservation Ease-

ment Purchase Fund (Fund). The Department accepts this suggestion and has revised § 138h.11(a) accordingly.

IRRC commented that proposed § 138h.11(c) should specifically provide that repayment of grant funds and interest be credited to the Fund. This provision appears in section 7.3(d) of the act.

The Department accepts this comment and has revised § 138h.11(c) accordingly.

IRRC also recommended that proposed § 138h.11(c) be revised to reference the statute that establishes the legal interest rate referenced in that subsection.

The Department has implemented this recommendation in the final regulations.

IRRC suggested that proposed §§ 138h.12(b) and 138h.13 (relating to grant cancellation; and deficits) be revised to reference the requirement of section 7.3(d) of the act that a grant recipient implement an Agricultural Conservation Easement Purchase Program.

The Department accepts this suggestion and has revised §§ 138h.12 and 138h.13 accordingly.

After the close of the public comment period, the PFPA suggested that proposed § 138h.12(b) be revised to require the establishment of a county program by a grant recipient within 2 years of the grant agreement instead of 3 years.

The Department agrees that the PFPA's recommendation is an improvement, and has made the suggested revision.

At IRRC's recommendation, the Department revised § 138h.14 (relating to records) to shorten the required record retention period for grant recipients from 7 years to 3 years.

IRRC also suggested several nonsubstantive stylistic or grammatical revisions that the Department has implemented in the final regulations. These revisions do not change the substance of the regulations, but enhance its readability.

Fiscal Impact

Commonwealth

The regulations will impose no costs and have no fiscal impact upon the Commonwealth. Although the act allows for up to \$750,000 to be awarded in grants, this grant money will originate from the Fund on a funds-available basis.

Political Subdivisions

These regulations will impose no costs and have no fiscal impact upon political subdivisions. If a county seeks grant funds for a project permitted under the act, though, it must pay at least 50% of the project's costs.

Private Sector

These regulations will impose no costs and have no fiscal impact on the private sector.

General Public

These regulations will impose no costs and have no fiscal impact upon the general public.

Paperwork Requirements

These regulations are not expected to result in an appreciable increase in paperwork. The Department will issue grant application forms to interested persons and review completed applications in consultation with the State Board. Paperwork will be minimal.

Contact Person

Further information is available by contacting the Department of Agriculture, Attention: Raymond Pickering, Bureau of Farmland Protection, 2301 North Cameron Street, Harrisburg, PA 17110-9408.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on March 27, 1996, the Department submitted a copy of the notice of proposed rulemaking published at 26 Pa.B. 1555 to IRRC and to the Chairpersons of the House and Senate Standing Committees on Agriculture and Rural Affairs for review and comment. In compliance with section 5(b.1) of the Regulatory Review Act, the Department also provided IRRC and the Committees with copies of the comments received as well as other documentation.

In preparing these final-form regulations, the Department has considered the comments received from IRRC, the Committees and the public.

These final-form regulations were deemed approved by the House Committee on October 7, 1996, were deemed approved by the Senate Committee on October 7, 1996, and were approved by IRRC on October 17, 1996, in accordance with section 5(c) of the Regulatory Review Act.

Findings

The Department finds that:

(1) Public notice of intention to adopt the regulations encompassed by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and that all comments received were considered.

(3) The modifications that were made to these regulations in response to comments received do not enlarge the purpose of the proposed rulemaking published at 26 Pa.B. 1555.

(4) The regulations meet the requirements of Executive Order 1996-1, "Regulatory Review and Promulgation."

(5) The adoption of the regulations in the manner provided by this order is necessary and appropriate for the administration of the authorizing statute.

Order

The Department, acting under the authorizing statute, orders that:

(a) The regulations of the Department, 7 Pa. Code, are amended by adding §§ 138h.1—138h.15 to read as set forth in Annex A.

(b) The Secretary of Agriculture shall submit this order and Annex A to the Office of General Counsel and to the Office of Attorney General for approval as required by law.

(c) The Secretary of Agriculture shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

§ 138h.1. Grant Program objectives.

Through the awarding of grants and the placing of conditions upon how grant funds are to be spent, the Grant Program will fund projects which will increase the protection and preservation of agricultural land within this Commonwealth by encouraging the implementation and effectiveness of county programs in each eligible county. A grant will only be awarded to a county whose governing body has appointed an agricultural land preservation board, even though the county may not have a county program.

§ 138h.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Act—The Agricultural Area Security Law (3 P. S. §§ 901—915).

Applicant—An eligible county acting through and with the approval of its agricultural land preservation board.

County program—A county agricultural land preservation program for the purchase of agricultural conservation easements approved by the State Board under the act.

Department—The Department of Agriculture of the Commonwealth.

Eligible county—A county, not of the first class, whose governing body has passed a resolution forming a county agricultural land preservation board under the law and appointed members to the board by the date of application.

Grant Program—The Agricultural Land Conservation Assistance Grant Program.

Secretary—The Secretary of the Department.

State Board—The State Agricultural Land Preservation Board.

§ 138h.3. Limitations on grants.

- The maximum amount of a grant is \$10,000.
- For projects costing less than \$20,000, the maximum grant will be 50% of the project cost.

(c) A county is not eligible for more than a cumulative total of \$25,000 in grants under the Grant Program.

(d) The total amount of grant funds which may be awarded will not exceed \$750,000 of the funds deposited into the Agricultural Conservation Easement Purchase Fund under section 7.1(a) of the act of June 18, 1982 (P. L. 549, No. 159) (3 P. S. § 1207.1(a)). The amount of grant funds awarded in any particular year will be determined by the State Board, depending on the availability of the funds.

§ 138h.4. Uses of grant funds.

(a) *Conformity to application.* Grant funds awarded to an applicant shall be expended solely for specific projects described in the grant application in accordance with the project budget approved by the State Board and shall be expended within the time period specified in the grant agreement.

(b) *Pennsylvania projects.* Grant funds awarded to an applicant under the Grant Program shall be used only to fund projects within the geographic boundaries of this Commonwealth.

(c) *Allowable expenditures of grant funds.* Grant funds shall be used for one or more of the following purposes:

(1) To cover costs incurred by an applicant in creating a spatial mapping database. The database shall, at a minimum, contain county topographic data, property boundaries, soil boundaries, soil capability classes and soil productivity ratings.

(2) To cover costs incurred by an applicant to develop and implement agricultural zoning ordinances, including model ordinances for possible adoption by local government units.

(3) To cover costs incurred by an applicant to train staff, contract with consultants, and pay for computer software directly linked to achieving the purposes of paragraphs (1) and (2), or to reaching the objective of a fully approved and functioning county program.

(d) *Ineligible expenditures.* Grant funds may not be used for the purchase of general-use word processing and spreadsheet software.

§ 138h.5. Eligibility criteria.

(a) *General.* The following general criteria apply to applications for projects:

(1) The Grant Program will not accept applications for the following:

- Projects already completed.
- Stages of projects already in progress.

(iii) Stages of projects for which funding has been included in a county appropriation or where other funding has been approved.

(2) Subsequent stages or upgrades of previously completed projects for which funding has already been approved may be considered for funding if documentation is provided to the Department to demonstrate that the stage of the project or upgrade identified in the application was not included in funding plans for earlier stages of the project.

(b) *Specific.* The following specific criteria will be used to evaluate and rank applications for funding consideration:

(1) The acceptability of costs within the proposed budget.

(2) The availability of funding for the project from a source other than the Commonwealth.

(3) The extent to which the project shall impact upon the goal of preserving agricultural lands within this Commonwealth.

(4) The relevance of the project to encouraging the preservation of agricultural lands.

(5) The geographic scope of the project and the amount of agricultural land which will be affected by the project described in the application.

(6) The value to the community of the project described in the application.

(7) The innovativeness of the project.

(8) The anticipated date of full implementation of a county program.

(9) The impact the project would have on other county programs.

§ 138h.6. Applications generally.

(a) *Application required.* Applicants shall submit a written grant application to the Department through their county agricultural land preservation boards.

(b) *Obtaining an application.* Applications for grants under this chapter shall be made on forms prepared by the Department. The forms will be furnished, upon request, by the Department.

(c) *Additional documentation.* The State Board and the Secretary may require an applicant to submit additional documentation to complete or verify the application form. The additional documentation may include a letter, affidavit or other documentation, to:

(1) Verify the legitimacy of the applicant's agricultural land preservation board.

(2) Verify that grant funds will be used for one or more of the purposes in § 138h.4 (relating to uses of grant funds).

(3) Confirm the applicant has secured funds from another source for the project for which the grant is requested.

(4) Obtain from a third party which is providing matching funds to an applicant a recommendation that a grant under this chapter be awarded the applicant and verifying that its contribution of funds to the project would not be available without a grant from the Department.

(d) *Request for additional documentation.* If additional documentation is necessary, the State Board or the Secretary will mail a written request for additional documentation to the applicant within 10 days of receipt of the application.

§ 138h.7. Filing applications.

(a) *Place and time.* An application for a grant under the Grant Program shall be received by the program administrator at the Department of Agriculture, 2301 North Cameron Street, Harrisburg, Pennsylvania 17110-9408, during the specific 45-day annual application period as advertised in the *Pennsylvania Bulletin*. The advertisement will be published at least 30 days prior to the commencement of the application period.

(b) *Incomplete or inaccurate applications.* The Department will review each application and any supporting documentation that is received within the 45-day application period. If an application is found to be incomplete or

inaccurate, the Department will request additional information and will discontinue further processing of the application if the documentation is not received by the Department within the 45-day application period described in subsection (a).

§ 138h.8. Review of application by State Board.

(a) *Transmittal of application to State Board.* When the Department determines a grant application is complete and accurate, it will forward this application, together with supporting documentation submitted therewith, to the State Board for review at its next regularly scheduled meeting. Since all applications are to be submitted and completed within the same time period, all applications for funding will be transmitted to the State Board at the same time.

(b) *Factors.* The State Board will review and evaluate the application and supporting documentation and will consider the factors in § 138h.5 (relating to eligibility criteria) in deciding whether to recommend approval or disapproval of the grant request.

(c) *Decisions.* When the State Board has reviewed the grant application and supporting documentation, it will vote on whether to recommend approval or disapproval of the grant application. The State Board will vote on these projects in accordance with its bylaws. The State Board may also recommend the grant be awarded in an amount less than that requested in the grant application. In addition, the State Board may vote to recommend the imposition of restrictions or special conditions upon the issuance of a grant. If the State Board recommends approval of a particular grant application, the Secretary will execute the grant agreement if funding is available and all other conditions have been met.

§ 138h.9. Notice of disposition of application.

The Department will mail to the applicant written notice of the approval or disapproval of a grant application within 30 days of a decision. This notice will be by regular mail to the address indicated by the applicant on the grant application form.

§ 138h.10. Grant agreement.

After the State Board approves a grant application, and as a precondition to the Department's release of grant funds to a successful applicant, the Department and the applicant shall execute a written grant agreement which describes the terms and conditions subject to which the grant is made. This grant agreement shall contain and conform to the requirements of this chapter and applicable State laws. It shall also contain any special terms and conditions required by the State Board and the Secretary.

§ 138h.11. Verification of use.

(a) *Verification.* Within 3 months of the time period specified in the grant agreement, or the completion of the project, whichever is earlier, the grant recipient shall submit to the Department written receipts accounting for the project costs. If the total of the written receipts demonstrates that some portion of the grant amount was not spent, the grant recipient shall also submit payment in the full amount of this unspent sum to the Department. The repayment shall be credited to the Agricultural Conservation Easement Purchase Fund, and may be used to fund this Grant Program. The Department may also require that additional documentation be submitted by the grant recipient to document the expenditure of grant funds.

(b) *Extension of time.* The 3-month period described in subsection (a) may only be extended by the written permission of the Secretary. An extension will be for a specific period of time.

(c) *Failure to verify use.* If required receipts or documentation are not submitted to the Department as described in subsections (a) and (b), or if the grant funds or a portion thereof are unaccounted for, the Secretary may demand, in writing, the return by the grant recipient of the entire grant sum or a lesser amount, plus appropriate legal interest as prescribed in section 202 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 202). The grant recipient shall repay a sum of grant funds and interest demanded by the Department within 60 days of the mailing of the written demand. The repayment shall be credited to the Agricultural Conservation Easement Purchase Fund, and may be used to fund this Grant Program.

§ 138h.12. Grant cancellation.

(a) *Misuse of funds.* A grant may be canceled by the Department if the Secretary determines grant funds are not being spent in accordance with the terms and conditions of the grant agreement. In the event of cancellation, the Department may demand the return of the entire grant sum, or a portion thereof, and the grant recipient shall repay the sum in the manner described in § 138h.11(c) (relating to verification of use).

(b) *Failure to establish a county program.* If, within 2 calendar years of the date of the first grant agreement to that county, the grant recipient does not have a county program in place, the grant funds provided to the eligible county under this chapter shall be returned to the Department in full as described in § 138h.11(c).

§ 138h.13. Deficits.

The Department's financial obligation or liability is limited to the amount of the grant. The Department will not be financially responsible for cost overruns incurred by grant recipients, or any other costs resulting from establishment of a county program.

§ 138h.14. Records.

(a) The grant recipient shall maintain books, records and other evidence pertinent to costs incurred in connection with the project. The books and records shall be maintained according to generally-accepted accounting principles.

(b) Financial records, supporting documents, statistical records and other records pertaining to the grant shall be retained by the grant recipient for 3 years following the date final payment is made. The records and documents shall be available for inspection or audit by the Commonwealth, its agencies and instrumentalities during this time period.

§ 138h.15. Final report.

Within 3 months of the date of completion of the project, the grant recipient shall submit a final report delineating the progress made towards meeting the objectives in the initial grant application.

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF MEDICINE AND STATE BOARD OF OSTEOPATHIC MEDICINE [49 PA. CODE CHS. 18 AND 25] Respiratory Care Practitioners

The State Board of Medicine and State Board of Osteopathic Medicine (Boards) amend Chapters 18 and 25 (relating to State Board of Medicine—practitioners, other than medical doctors; and State Board of Osteopathic Medicine) to read as set forth in Annex A. The amendments add new subchapters pertaining to the certification and practice of respiratory care practitioners in this Commonwealth. The Boards' notice of proposed rule-making was published at 26 Pa.B. 757 (February 24, 1996).

Statutory Authority

The regulations are adopted under the authority of sections 13.1(c) and 36.1 of the Medical Practice Act of 1985 (MPA) (63 P.S. §§ 422.13a(c) and 422.36a) and sections 10.1(c) and 10.2 of the Osteopathic Medical Practice Act (OMPA) (63 P.S. §§ 271.10a(c) and 271.10b), added by the act of July 2, 1993 (P.L. 424, No. 60) and the act of July 2, 1993 (P.L. 418, No. 519) respectively. These sections require that the Boards issue certificates and temporary permits to individuals meeting the qualifications in the MPA and the OMPA to practice or offer to practice respiratory care in this Commonwealth. Under section 13.1(a) of the MPA and section 10.1(a) of the OMPA, on and after June 30, 1995, no person may practice, hold himself out to the public to practice or offer to practice as a respiratory care practitioner unless the individual holds a valid, current temporary permit or certificate issued by either Board. See section 3 of the act of July 2, 1993, section 13.1(a) of the MPA, section 3 of the act of July 2, 1993 and section 10.1(a) of the OMPA.

Under section 13.1(c) of the MPA and section 10.1(c) of the OMPA, the Boards are authorized to promulgate regulations to establish procedures for application, credentials, verification, examination, certification and fees.

Public Comments

Written comment, suggestions and objections were solicited within a 30-day period after publication. The Boards received reports from the House Professional Licensure Committee (House Committee) on March 19, 1996, and the Independent Regulatory Review Commission (IRRC) on April 24, 1996. The Boards received comments from the Pennsylvania Society for Respiratory Care, Inc. (PSRC), the Hospital Association of Pennsylvania (HAP), and from Paoli Memorial Hospital, Bryn Mawr Rehabilitation, Thomas Jefferson University Hospital and Main Line Health System and their staff members. As a result of the reports and the comments, numerous revisions have been made to these final-form regulations to include language to clarify language of various sections.

Summary of Changes

The House Committee and IRRC questioned part of the proposed §§ 18.310(c) and 25.510(c) (relating to inactive status). The Boards had proposed that a certificateholder

who wished to return his certificate from inactive to active status submit, inter alia, a resume of professional activities since the most recent registration and a letter of good standing from another jurisdiction where the certificateholder was currently licensed or registered to practice. The House Committee and IRRC pointed out that the Boards' language presumed that while a certificateholder was inactive in this Commonwealth, he was practicing in another jurisdiction. The House Committee questioned the presumption and the statutory basis for the requirement of the resume and letter of good standing. The House Committee recommended that the Boards adopt the reactivation requirements found in § 16.15 (relating to biennial registration; inactive status and unregistered status). The Boards have done this. At IRRC's request, the Boards clarified §§ 18.310(d) and 25.510(d) to show that an applicant for reactivation will be required to pay only the current biennial fee.

The House Committee and IRRC also questioned the proposed §§ 18.306(a)(3) and 25.506(a)(3) (relating to temporary permits). The Boards had proposed, under section 36a(b)(4) of the MPA and section 10.2(b)(2) of the OMPA, that a temporary permit be issued to an applicant who has provided respiratory care services for at least 12-consecutive months prior to December 28, 1993. The House Committee and IRRC questioned the proposed regulatory language which appeared to authorize the grant of a temporary permit even for experience gained long before December 28, 1993, while requiring that the experience be gained in consecutive months. On final rulemaking, the Boards tracked the statutory language more closely and authorized the issuance of a temporary permit to an applicant who has continuously provided respiratory care services for a minimum of 12 months immediately preceding December 28, 1993. The Boards also made this change to §§ 18.307(a)(4) and 25.507(1)(iv) (relating to criteria for certification as a respiratory care practitioner).

IRRC questioned the definition of "CRTT" in §§ 18.302 and 25.502 (relating to definitions). IRRC noted that the definitions do not delineate what "CRTT" stands for. In the *NBRC Licensure Guide*, "CRTT" is defined as the Certification Examination For Entry Level Respiratory Practitioners without an explanation of what the letters CRTT delineate. On final rulemaking, the Boards adopted the definition found in the *Licensure Guide*. IRRC also suggested that the Boards replace the word "technician" with "practitioner," the word favored in both the MPA and OMPA. The Boards have adopted this suggestion.

IRRC and the PSRC were concerned that the list of functions in §§ 18.305 and 25.505 (relating to functions of respiratory care practitioner) which a respiratory care practitioner may perform did not include reference to "indirect services, such as consultation or evaluation of an individual . . ." as provided for in section 13.1(d) of the MPA and section 10.1(d) of the OMPA. On final rulemaking, the Boards included indirect services such as consultation or evaluation of an individual.

IRRC raised concerns regarding §§ 18.306 and 25.506. IRRC noted that subsection (a)(1) of the proposed rule-making departed from section 36.1(b)(1) of the MPA and section 10.1(b)(1) of the OMPA by authorizing the issuance of a temporary permit to an applicant who had graduated from an approved respiratory care program and is awaiting results of the CRTT. IRRC correctly noted that the section section 36.1(b)(1) of the MPA and section 10.1(b)(1) of the OMPA authorize the issuance of a temporary permit to an applicant who has simply gradu-

ated from an approved respiratory care program. Section 36.1(c) of the MPA and section 10.1(b)(1) of the OMPA require the applicant to apply for the next scheduled examination. The Boards' final rulemaking tracks the statute.

IRRC made a similar observation regarding language in §§ 18.306(a)(2) and 25.506(a)(2) that the applicant "is awaiting results of the CRTT." The Board adopted the suggestion in final rulemaking and eliminated the quoted language. The Boards also adopted the suggestion that subsection (a)(2) specify that the application is to the relevant board for a temporary permit.

IRRC noted that the Boards' proposed rulemaking in §§ 18.306(b) and 25.506(b) did not make provision for extensions of the temporary permit beyond 12 months in specific cases, as do the statutes at section 36.1(c) of the MPA and section 10.1(c) of the OMPA. In final rulemaking, the Boards have made provision for extensions. In final rulemaking, the Boards, at the suggestion of IRRC and HAP, specified that an applicant who failed the examination may apply to take it again. The Boards also adopted the suggestion of IRRC to identify the examination being referred to in this provision as the CRTT.

The PSRC expressed approval for the proposed rulemaking while raising one concern. The PSRC observed that under the MPA and OMPA the Boards are authorized to issue a temporary permit to anyone who has made continuous provision of respiratory care services for a minimum of 12 months immediately preceding the effective date of the acts. PSRC is concerned that the applicant under these provisions might not apply or practice for several years after December 28, 1993, the effective date of the acts. The PSRC would like to terminate this window for application on December 31, 1997. The Boards, however, lack the statutory authority to impose this termination date.

HAP and the individual hospitals, hospital employees and staff members raised concerns that certification of respiratory care practitioners will increase costs of delivering health care services. These commentators also asked that the following be removed from the lists of functions of respiratory care practitioners in §§ 18.305 and 25.505: administration of medical gases, humidity and aerosol therapy, incentive spirometry and bronchopulmonary hygiene. The Boards observed in their notice of proposed rulemaking at 26 Pa.B. 759 that certification of respiratory care practitioners might increase costs. Certification, however, is mandated by law. See, 26 Pa.B. 757—758. The list of functions of respiratory care practitioner derives directly from the lists contained in section 13.1(d) of the MPA and section 10.1(d) of the OMPA. Since the lists of functions have their basis in statute the Boards cannot remove them.

Persons Affected

Persons who practice or who seek to practice respiratory care in this Commonwealth on and after June 30, 1995, shall obtain a permit or a certificate.

Fiscal Impact

Commonwealth

These new subchapters establish fees for the issuance of temporary permits, certifications and biennial renewal for respiratory care practitioners. Revenue generated from these fees will be used to cover the costs of administration of the certification program. The regulations will not otherwise impose additional costs on the Commonwealth.

Political Subdivisions

The new subchapters should not have any direct fiscal impact upon political subdivisions in this Commonwealth.

Private Sector

The new subchapters may impose additional costs upon the private sector. In particular, entities who provide respiratory care services may incur additional costs in bringing their facilities into compliance by employing or utilizing certified practitioners. Persons wishing to obtain certification from the Boards will incur those costs associated with the administration of the certification program, as well as costs associated with the qualifying examination.

General Public

The regulations should impose no additional costs upon the general public.

Paperwork Requirements

Persons seeking temporary permits or certifications will be required to obtain application forms from the Boards in order to obtain certification.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Boards submitted a copy of the notice of proposed rulemaking, published at 26 Pa.B. 757, to IRRC and the Chairpersons of the House Committee and the Senate Committee on Consumer Protection and Professional Licensure.

In compliance with section 5(b.1) of the Regulatory Review Act, the Boards provided IRRC and the Committees with a copy of comments received as well as other documentation.

These final-form regulations were approved by the House Committee on October 1, 1996, and approved by the Senate Committee on September 25, 1996. IRRC met on October 3, 1996, and approved the regulations in accordance with section 5(c) of the Regulatory Review Act.

Contact Persons

Interested persons are invited to submit questions regarding these regulations to Cindy Warner, Administrative Assistant for the State Board of Medicine, at (717) 783-1400, or Gina Bittner, Administrative Assistant for the State Board of Osteopathic Medicine, at (717) 783-4858.

Acknowledgment of Notices of Intent to Remediate

Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

Proposed Settlement Under the Hazardous Sites Cleanup Act

Crown Recycling and Recovery, Inc.
Lackawaxen Township, Pike County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (HSCA), has entered into a partial settlement regarding the Crown Recycling & Recovery, Inc. State Superfund Site (Site). The Site is located near the small rural town of Bohemia on an unpaved road known as Blue Stone Drive in the Huggy Bear Lake Development, Lackawaxen Township, Pike County.

Investigations have revealed the presence of polychlorinated biphenyls, heavy metals, and tetrachlorodibenzo dioxin in onsite ash and soils. Tetrachloroethylene has been detected in groundwater beneath the Site. To date, the Department has conducted a Remedial Investigation, a Feasibility Study and a Risk Assessment for the Site. During the course of two interim responses the Department has erected a fence around the Site, removed lead contaminated ash, installed monitoring wells, and installed carbon absorption water treatment units in residences whose well water has become impacted by site related contaminants. During the first phase of the remedial response at the Site, all municipal and residual waste, as well as all scrap metal, was removed and disposed of or recycled. The second phase of the remedial response, which involves the removal of all remaining contaminated ash and soil from the Site, is scheduled to begin in the spring of 1997.

The partial settlement referenced above would resolve certain potential claims of the Department solely against Universal Manufacturing Corporation and Magnetek, Inc. (Settling Defendant), for reimbursement of response costs incurred by the Department in addressing the release or threat of release of hazardous substances at the Site. The claims originated under the authority of the HSCA. The settlement would require the Settling Defendant to pay the Department \$3,150,000 no later than January 31, 1997.

This notice is provided under section 1113 of HSCA (35 P. S. § 6020.1113). Section 1113 of HSCA provides that the settlement shall become final upon the filing of the Department's response to significant written comments. The Partial Consent Adjudication which contains the specific terms of the settlement, is available for public review and comment. The Partial Consent Adjudication can be examined from 8 a.m. to 4 p.m. Monday through Friday at the Department's Northeast Regional Office located at 2 Public Square, Wilkes-Barre, PA 18711, by contacting Woodrow Cole at (717) 826-2511 or through the PA AT&T Relay Service at 1(800) 654-5984 (TDD). A public comment period on the Partial Consent Adjudication will extend for 60 days from today's date. Persons may submit written comments regarding the Partial Consent Adjudication to the Department by January 15, 1997, by submitting them to Woodrow Cole at the above address.

Redesignation Request/Maintenance Plan for the Reading Ozone Nonattainment Area

The Department of Environmental Protection is submitting an amendment to the redesignation request for the Federal Environmental Protection Agency under section 107(d) of the Clean Air Act for the Reading ozone nonattainment area covering Berks County. This revision responds to EPA's comments and updates information where more recent information is available. This revision also updates and supersedes the prior redesignation request, amendment to the redesignation request, and 1990 Baseline Inventory submittal to Berks County. The revised plan still demonstrates that air quality standards in Berks County will continue to be achieved and maintained.

The public hearing will be held at 1 p.m. on Monday, December 16, 1996, at the following location: Department of Environmental Protection, Reading District Office, 1005 Cross Roads Boulevard, Reading, PA.

Persons wishing to present testimony at the hearing must contact Karen Matter at (717) 787-9495 or at the address given within this notice no later than December 13, 1996, to reserve a time to present testimony. Oral testimony will be limited to 10 minutes for each witness and three written copies of the oral testimony must be submitted at the hearing. Each organization should designate one witness to present testimony on its behalf.

Persons interested in submitting written comments should send the comments to J. Wick Havens, Chief, Division of Air Resource Management, at the address given within this notice on or before January 15, 1997. Copies of the proposed revision may be obtained from the Bureau of Air Quality, Rachel Carson State Office Building, 12th Floor, P. O. Box 8468, Harrisburg, PA 17105-8468, by telephone at (717) 787-4310, or by E-mail: Havens.Wick@A1.dep.state.pa.us. Proposed Watershed Redesignation; Public Hearing

The Department of Environmental Protection (DEP), Bureau of Land and Water Conservation, will be holding a public hearing regarding a proposed watershed redesignation for stormwater management planning purposes.

The Cumberland County Commissioners have requested the redesignation of the Yellow Breeches Creek

into two separate watersheds for purposes of stormwater planning under the Storm Water Management Act of 1978. The DEP, in consultation with the Cumberland County Planning Commission, has already designated 10 watersheds within Cumberland County. These watersheds were approved by the Environmental Quality Board. This requested resignation would result in Cumberland County having 11 watersheds for planning purposes.

The redesignated watersheds, which may be referred to as "Yellow Breeches Creek (Upper)" and "Yellow Breeches Creek (Lower)" would be partitioned at the confluence with Mountain Creek north of Mount Holly Springs Borough. The "Yellow Breeches Creek (Upper)" would encompass the watershed area of the Yellow Breeches Creek upstream of Mountain Creek with the "Yellow Breeches Creek (Lower)" encompassing the remainder of the watershed excluding Mountain Creek, which is already a designated watershed.

The redesignation will enable Cumberland County to undertake watershed stormwater planning in the upper portion of the Yellow Breeches Creek under the Storm Water Management Act of 1978, without studying the entire Yellow Breeches Creek. The remaining portion of the Yellow Breeches Creek Watershed and the other designated watersheds in Cumberland County will remain the same.

The DEP will hold a public hearing for the purpose of accepting comments on the redesignation of this watershed. The hearing will be held at 2 p.m. on December 18, 1996 at the South Middleton Township Building, 520 Park Drive, Boiling Springs, PA 17007.

Persons wishing to testify at the hearing should contact Durla Lathia of the DEP, Bureau of Land and Water Conservation, P. O. Box 8555, Rachel Carson State Office Building, Harrisburg, PA 17105, (717) 783-7577, by December 11, 1996, to reserve a time to present testimony. Oral testimony will be limited to 10 minutes for each witness and written copies of the testimony should be submitted at the hearing. Each organization is requested one witness to present testimony on its behalf. Anyone wishing to present written comments directly to DEP may do so within 30 days following the hearing.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceedings should contact Durla Lathia at (717) 783-7577. TDD users may contact the DEP through the Pennsylvania AT&T Relay Service at 1 (800) 654-5984.

DEPARTMENT OF PUBLIC WELFARE

Intentional Program Violations; Notice of Rule Change

The Department of Public Welfare announces that individuals found to have committed an intentional program violation (IPV) will be subject to an immediate disqualification penalty. An IPV is determined by a court or through an administrative disqualification hearing, or upon the signature of a disqualification consent agreement or waiver of administrative disqualification hearing. The individual's current eligibility status is not considered when imposing the disqualification penalty.

Any disqualification penalties currently in suspension shall be considered served if the time elapsed from the decision date is greater than or equal to the length of the disqualification period. If the time elapsed from the decision date is less than the length of the disqualification period, the individual shall be considered disqualified until the time elapsed is equal to the length of the disqualification period.

The U. S. Department of Agriculture requires this Rule Change under the United States Court of Appeals for the Ninth Circuit's ruling in *Garcia v. Concannon & Espy*, 67 F. 3d 256 (9th Cir. 1995). The U. S. Department of Health and Human Services requires the same Rule Change for the Aid to Families with Dependent Children (AFDC)

Program. This Rule Change is extended to the General Assistance (GA) Program because the Department is required to establish rules, regulations and standards for GA consistent with those established for AFDC. 62 P. S. Section 403(b). This Rule Change will be adopted by final rulemaking to 55 Pa. Code §§ 255.1(f), 275.32(a)(4) and 501.13(a)(3).

This Rule Change is effective February 1, 1996, for the Food Stamp Program as required by the U. S. Department of Agriculture Administrative Notice, dated November 10, 1995. This Rule Change is effective March 4, 1996, for the AFDC Program as required by the U. S. Department of Health and Human Services Action Transmittal, dated March 4, 1996. The effective date of the GA Program is consistent with AFDC.

Failure to implement this Rule Change will result in noncompliance with directives to states from the U. S. Departments of Agriculture and Health and Human Services.

This Rule Change has been reviewed by the Office of General Counsel and the Office of the Attorney General.

This Rule Change is made under the Joint Committee on Documents Resolution 1996-1(2), 26 Pa.B. 2374 (May 18, 1996). This Rule Change will be in effect for 365 days pending adoption of final rulemaking by the Department.

Public comment to this Rule Change can be made by contacting the Department of Public Welfare, Office of Income Maintenance, Patricia O'Neal, Director, Bureau of Policy, Room 431 Health and Welfare Building, Harrisburg, PA 17120.

Persons with a disability may use the AT&T Relay Service by calling 1 (800) 654-5984 (TDD users) or 1 (800) 654-5988 (Voice users), or may use the Department of Public Welfare TDD by calling (717) 787-3616. Persons who require another alternative format should contact Thomas G. Vracarich at (717) 783-2209.

FEATHER O. HOUSTOUN,
Secretary

Purpose

To inform county assistance offices of a revision to the policy contained in 55 Pa. Code Chapters 255, 275, and 501 relating to the implementation of a cash assistance or food stamp disqualification penalty.

Background

Under current regulations, the Department postpones implementing the disqualification penalty if the individual to be disqualified is not currently receiving benefits under the program in which the intentional program violation occurred. Instead, the disqualification penalty is imposed when the individual reappplies for and is found eligible to receive the benefit(s).

The United States Court of Appeals for the Ninth Circuit held that the U. S. Department of Agriculture's current policy of postponing the implementation of a food stamp disqualification penalty until such time as the individual is active in the Food Stamp Program violates Section 6(b)(1) of the Food Stamp Act of 1977, 7 U.S.C. § 2015(b)(1). *Garcia v. Concannon & Espy*, 67 F. 3d 256 (9th Cir. 1995). Under the Court's ruling, the U. S. Department of Agriculture notified the states of its intent to comply with the Court's ruling and issued a notice requiring states to impose disqualification penalties in a manner consistent with the Court's ruling. The U. S. Department of Health and Human Services notified states of its intent to follow the same provision for AFDC

disqualification. The Department will extend this disqualification provision to the General Assistance (GA) Program because it is required to establish rules, regulations, and standards for GA consistent with those established for AFDC. 62 P. S. § 403(b).

Rule Change

The provisions of Chapters 255, 275 and 501 of 55 Pa. Code §§ 255.1(f), 275.32(a)(4), and 501.13(a)(3) are amended to implement the requirement that the Department immediately disqualify an individual upon the finding of the court or administrative disqualification final order, or upon signature of a disqualification consent agreement or waiver of administrative disqualification hearing. The provision takes effect February 1, 1996, for the Food Stamp Program and March 4, 1996, for the AFDC Program. The effective date of the GA Program is consistent with AFDC.

Any cash or food stamp disqualification penalties currently in suspension shall be considered served if the time elapsed from the decision date is greater than or equal to the length of the disqualification period. If the time elapsed from the decision date is less than the length of the disqualification period, the individual shall be considered disqualified until the time elapsed is equal to the length of the disqualification period.

Fiscal Note: 14-NRC-066. No fiscal impact; (8) recommends adoption.

Firms applying must have qualified personnel capable of climbing structures during painting, rehabilitation or construction.

Letters of interest for this project must include a letter signed by the individuals proposed for all TCIS positions,

giving their approval to use their names in the letter of interest for this specific project.

The goal for Disadvantaged Business Enterprise (DBE) participation in this agreement shall be 15% of the total contract price. Additional information concerning DBE participation in this agreement is contained in the General Requirements and Information section after the advertised projects.

Technical questions concerning the requirements for this project should be directed to Anthony M. Dzurko, P. E., District 12-0, at (412) 439-7137.

Questions concerning the submittal of the letter of interest can be directed to the Consultant Agreement Division at (717) 783-9309.

General Requirements and Information

Firms interested in performing any of the above services are invited to submit letters of interest to: Director, Consultant Selection Committee, Room 1118, Transportation and Safety Building, Harrisburg, PA 17120.

A separate letter of interest and required forms must be submitted for each project for which the applicant wishes to be considered. The letter of interest and required forms must be received within 13 calendar days of this notice. The deadline for receipt of a letter of interest at the above address is December 2, 1996 at 4:30 p.m.

If the project advertisement indicates that the Department will retain an engineering firm, letters of interest will only be accepted from individuals, firms or corporations duly authorized to engage in the practice of engineering. If an individual, firm or corporation not authorized to engage in the practice of engineering desires to submit a letter of interest, said individual, firm or corporation may do so as part of a joint venture with an individual, firm or corporation which is permitted under State law to engage in the practice of engineering.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Expressions of Interest from the Joint Venture constituents. A firm will not be permitted to submit on more than one Joint Venture for the same project advertisement. Also a firm that responds to a project advertisement as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project advertisement. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Intermodal Surface Transportation Efficiency Act of 1991 and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The act requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they were defined prior to

the act), WBEs or combinations thereof. Proposed DBE firms must be certified at the time of submission of the letter of interest. If the selected firm fails to meet the goal established, it shall be required to demonstrate its good faith efforts to attain the goal. Failure to meet the goal and to demonstrate good faith efforts may result in being barred from Department contracts in the future.

Responses are encouraged by small engineering firms, disadvantaged business enterprise engineering firms and other engineering firms who have not previously performed work for the Department of Transportation.

Each letter of interest must include in the heading, the firm's Federal Identification Number and the Project Reference Number indicated in the advertisement. The letter of interest must also include the following:

1. Standard Form 255, "Architect-Engineer and Related Services Questionnaire for Specific Project."

2. Standard Form 254, "Architect-Engineer and Related Services Questionnaire" not more than 1 year old as of the date of this advertisement, must accompany each letter of interest for the firm, each party to a joint venture and for each subconsultant the firm or joint venture is proposing to use for the performance of professional services regardless of whether the subconsultant is an individual, a college professor or a company. Please disregard the statements on Standard Form 255 that indicate a Standard Form 254 is only required if not already on file with the contracting office. The Department does not maintain a file for Standard Form 254 for contracting purposes; therefore, this Form is required for the prime consultant and each subconsultant as stated above.

3. Two copies of the Department's Form D-427 (Rev. 6-89), "Current Workload" for the firm submitting the letter of interest. At least one copy of Form D-427 must remain free and not bound in any way to any other portion of the letter of interest or accompanying documentation. Copies of Form D-427 are available upon request from the above address or by contacting the Department's Consultant Agreement Division at (717) 783-9309.

4. Firms with out-of-State headquarters or corporations not incorporated in Pennsylvania must include with each letter of interest a copy of their registration to do business in the Commonwealth as provided by the Department of State. Firms who are not registered to do business in Pennsylvania at the time of this advertisement must document that they have applied for registration to the Department of State, Corporation Bureau. The telephone number for the Corporation Bureau is (717) 787-1057 or (717) 787-2004.

The Standard Form 255 must be filled out in its entirety including Item No. 6 listing the proposed subconsultants and the type of work or service they will perform on the project. If a Disadvantaged Business Enterprise (DBE) goal is specified for the project, the DBE must be presently certified by the Department of Transportation, and the name of the firm and the work to be performed must be indicated in Item 6. If a Women Business Enterprise (WBE) firm is substituted for the DBE, the WBE firm must also be presently certified by the Department of Transportation and indicated in Item 6.

The Standard Form 254 must be signed and dated and must be less than 1 year old as of the date of this advertisement. A Standard Form must accompany each letter of interest for the firm submitting the letter of interest, each party to a joint venture, and for each

subconsultant shown under Item 6 of the Standard Form 255.

Unless other factors are identified under the individual project reference number, the following factors, listed in their order of importance, will be considered by the Committee during their evaluation of the firms submitting letters of interest:

a. Specialized experience and technical competence of firm.

b. Past record of performance with respect to cost control, work quality, and ability to meet schedules. The specific experience of individuals who constitute the firms shall be considered.

c. Current workload and capacity of firm to perform the work within the time limitations.

d. Location of consultant.

e. Special requirements of the project.

f. Other factors, if any, specific to the project.

The Department currently limits its participation in the remuneration of principals or consultant employees performing work on projects to \$72,800 per annum or \$35 per hour or their actual audited remuneration, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on design and miscellaneous projects to 130% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department currently limits its participation in the consultant's indirect payroll costs (overhead) on construction inspection projects to 85.2% of the direct payroll cost or the consultant's actual audited overhead rate, whichever is less. The Department's limitations will apply to the projects advertised above unless the Department policy is revised prior to the negotiation of an agreement or contract.

The assignment of the above services will be made to one of the firms responding to this notice, but the Committee reserves the right to reject all letters of interest submitted, to cancel the solicitations requested under this notice, and/or to readvertise solicitation for these services.
