READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

GOVERNOR'S OFFICE

Proclamation of Disaster Emergency

November 16, 2016

Whereas, a period of rapid, heavy rain impacted a multi-county region in the Commonwealth of Pennsylvania, resulting in 6—8 inches of rain within a 4-hour time period that caused severe flash flooding; and

Whereas, steady rainfall continued in the affected multi-county region through October 21, 2016, and caused severe adverse effects to multiple political subdivisions in the Commonwealth through October 24, 2016; and

Whereas, this emergency event prompted affected county and municipal governments to declare local disaster emergencies due to the severe flash flooding; and

Whereas, the emergency event was of such magnitude or severity as to render essential the Commonwealth's supplementation of county and municipal efforts and resources and the activation of all applicable state, county, and municipal emergency response plans; and

Now Therefore, pursuant to the provisions of section § 7301(c) of the Emergency Management Services Code, 35 Pa.C.S. Section § 7101 et seq., I do hereby proclaim the existence of a disaster emergency in Bradford, Centre, Lycoming, and Sullivan Counties; and

Further, I authorized and directed that the Pennsylvania Emergency Management Agency Director or designee assume command and control of all statewide emergency operations and that all Commonwealth departments and agencies, under the direction of the Pennsylvania Emergency Management Agency Director or designee, utilize all available resources and personnel as was deemed necessary to cope with the magnitude and severity of this emergency event; and

Further, I hereby transfer up to \$500,000 in unused appropriated funds to the Pennsylvania Emergency Management Agency, to be augmented as conditions require. The aforementioned funds shall be used for disaster related expenses. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. § 516. This Proclamation shall serve as the written determination of the basis for the emergency under 62 Pa.C.S. § 516; and

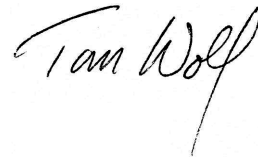

Further, I hereby directed the Pennsylvania Emergency Management Agency to staff the Commonwealth Response Coordination Center for the duration of this emergency event and to augment it with personnel from other state agencies and departments. I also authorized the Agency to direct and coordinate the emergency response, recovery, and mitigation activities of other state agencies and departments as deemed necessary to deal with the exigencies of this disaster emergency through implementation of the State Emergency Operations Plan; and

Further, I hereby authorize the Secretary of Transportation to use all available equipment, resources, and personnel of the Department, in whatever manner that she deems necessary, to ensure that all state highways in the areas that may be affected by the emergency event are cleared of debris and any other obstructions resulting from this event and to ensure that highways, bridges, roadbeds, and related facilities and structures, including federal-aid highways, that may sustain damage in the disaster affected areas are immediately repaired, maintained, reconstructed, or replaced, or that new construction is undertaken where necessary; and

THE GOVERNOR

Further, I hereby suspend the provisions of any other regulatory statute prescribing the procedures for conduct of Commonwealth business, or the orders, rules or regulations of any Commonwealth agency, if strict compliance with the provisions of any statute, order, rule or regulation would in any way prevent, hinder, or delay necessary action in coping with this emergency event. All Commonwealth agencies may implement their emergency assignments without regard to procedures required by other laws, except mandatory constitutional requirements, pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials, and expenditures of public funds.

Given under my hand and the Seal of the Governor, at the City of Harrisburg, this sixteenth day of November two thousand sixteen, the year of the commonwealth the two hundred forty-first.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 81]

Proposed Amendments to the Pennsylvania Rules of Professional Conduct Relating to Misconduct

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Pennsylvania Supreme Court that it adopt amendments to Pennsylvania Rule of Professional Conduct (PA RPC) 8.4 relating to misconduct and amend PA RPC 8.4, as set forth in Annex A.

The proposed change to PA RPC 8.4 creates a new paragraph (g).

The genesis and development of the proposed amendments arose out of the American Bar Association's (ABA) adoption of new Model Rule of Professional Conduct 8.4(g). On August 8, 2016, the ABA House of Delegates approved a resolution by the Standing Committee on Ethics and Professional Responsibility to amend Model Rule 8.4 to bring into the black letter of the ABA Model Rules of Professional Conduct an anti-harassment and antidiscrimination provision.

New Model Rule 8.4(g) specifically provides that it is professional misconduct for a lawyer to engage in conduct that the lawyer knows or reasonably should know is harassment or discrimination, on the basis of race, sex, religion, national origin, ethnicity, disability, age, sexual orientation, gender identity, marital status or socioeconomic status in conduct related to the practice of law. Further, the paragraph does not limit the ability of a lawyer to accept, decline or withdraw from a representation in accordance with Model Rule 1.16, and does not preclude legitimate advice or advocacy consistent with the Model Rules. The language of new Model Rule 8.4(g) derives from former Comment [3] to the Model Rule, which was adopted by the ABA in 1998. The impetus for new Model Rule 8.4(g) was to move the language of Comment [3] to the black letter of the rule, as comments are instructive and have no authority as rules. The ABA deemed it in the public's interest and the profession's interest to make clear that discrimination, harassment, bias and prejudice do not belong in conduct related to the practice of law.

An analysis of the Rules of Professional Conduct in other jurisdictions demonstrates that twenty-five jurisdictions have adopted antidiscrimination and/or anti-harassment provisions into the black letter of their rules of professional conduct.¹ Thirteen jurisdictions have a comment that addresses this issue.² Fourteen jurisdic-

tions, including Pennsylvania, do not address this issue at all.³

Historically, Pennsylvania has supported adoption of ABA Model Rule amendments to promote consistency in application and interpretation of the rules from jurisdiction to jurisdiction, except where controlling Pennsylvania precedent or other important policy considerations justify a deviation from the Model Rule language.

It is important to highlight for the entire legal profession that discriminating and harassing conduct is wrong and that lawyers should not engage in it, as it reflects poorly on the legal profession.

Proposed new paragraph (g) makes it misconduct for a lawyer to violate a federal, state or local statute or ordinance that prohibits discrimination based on race, sex, religion, national origin, disability, age, sexual orientation or socioeconomic status by conduct that reflects adversely on the lawyer's fitness as a lawyer. Whether a discriminatory act reflects adversely on a lawyer's fitness as a lawyer shall be determined after consideration of all the circumstances, including: the seriousness of the act; whether the lawyer knew that the act was prohibited by statute or ordinance; whether the act was part of a pattern of prohibited conduct; and whether the act was committed in connection with the lawyer's professional activities. Further, proposed paragraph (g) provides that if there is an alternative forum available to bring a complaint, no charge of professional misconduct may be brought pursuant to this paragraph until a court or administrative agency of competent jurisdiction has found that the lawyer has engaged in an unlawful discriminatory act, and the finding of the court or administrative agency has become final and enforceable and any right of judicial review has been exhausted.

The proposed amendment is narrow in scope compared to the ABA Model Rule, because of the requirement of a judicial or administrative finding of discriminatory conduct. It is our opinion, after careful review and consideration, that the breadth of ABA Model Rule 8.4(g) will pose difficulties for already resource-strapped disciplinary authorities. The Model Rule broadly defines "harassment" to include any "derogatory or demeaning verbal conduct" by a lawyer, and the rule subjects to discipline not only a lawyer who knowingly engages in harassment or discrimination, but also a lawyer who negligently utters a derogatory or demeaning comment. A lawyer who did not know that a comment was offensive will be disciplined if the lawyer should have known that it was. Pennsylvania's proposed amendments will establish sufficient guidelines for the regulators charged with enforcement of this provision of RPC 8.4 and will eliminate the potential for Pennsylvania's lawyer disciplinary authority to become the tribunal of first resort for workplace harassment or discrimination claims against lawyers. Requiring a prior adjudication by tribunals and limiting the scope of the proposed rule allows both lawyers and disciplinary authorities to rely on established federal and state laws and precedent to guide their conduct and the proceedings. Other jurisdictions have adopted rules that require a

prior, final determination of harassment or discrimination by a court or administrative agency.⁴

In Pennsylvania, a lawyer can still be disciplined for certain kinds of discriminatory or harassing conduct based on violation of other rules of professional conduct, even if there is no finding by a court or administrative agency. For example, RPC 4.4(a) prohibits a lawyer, in representing a client, from using means that have no substantial purpose other than to embarrass, delay or burden a third person, or use methods of obtaining evidence that violate the legal rights of a person. Under this provision, which is not limited to litigation or to the courtroom, a lawyer may not disregard the rights of a third person.⁵ RPC 8.4(d) prohibits a lawyer from engaging in conduct that is prejudicial to the administration of justice. The broad language of this proscription allows for application of the rule in a wide variety of contexts.⁶

PART V. PROFESSIONAL ETHICS AND CONDUCT

[204 PA. CODE CH. 83]

Proposed Amendments to the Pennsylvania Rules of Disciplinary Enforcement Relating to Procedure, Discipline on Consent, and Annual Registration of Attorneys

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Pennsylvania Supreme Court that it adopt amendments to Pennsylvania Rules of Disciplinary Enforcement 208, 215, and 219 relating to procedure, discipline on consent, and annual registration of attorneys, as set forth in Annex A.

Rule 208(g) pertains to costs assessed against respondent-attorneys. Rule 208(g)(1) provides that the Supreme Court has the discretion to direct that the necessary expenses incurred in the investigation and prosecution of a proceeding which results in the imposition of discipline shall be paid by a respondent-attorney. Currently, all expenses taxed under this paragraph must be paid by the respondent-attorney within thirty days of entry of the order taxing the expenses against the respondent-attorney. The proposed change to Rule 208(g)(1) provides that all expenses taxed under this paragraph pursuant to orders of suspension or disbarment shall be paid by the respondent-attorney within thirty days after notice transmitted to such individual of taxed expenses. In all other cases of discipline imposed by the Supreme Court, which includes public censure, expenses taxed under this paragraph must be paid within thirty days of entry of the Court's order taxing the expenses.

Rule 208(g)(2) pertains to proceedings concluded by informal admonition, private reprimand or public reprimand and provides that the Disciplinary Board has discretion to direct that the necessary expenses incurred in the investigation and prosecution of such proceedings be paid by a respondent-attorney. Currently, all expenses taxed under this paragraph must be paid by the respondent-attorney on or before the date fixed for the appearance of the respondent-attorney for the imposition of discipline. The proposed change provides that the

expenses taxed must be paid within thirty days of entry of the order taxing the expenses against the respondent-attorney.

New paragraph 208(g)(3) provides that a respondent-attorney's failure to pay taxed expenses within thirty days after the date of the entry of the order in cases other than a suspension that is not stayed in its entirety or disbarment will be deemed a request to be administratively suspended pursuant to Enforcement Rule 219(1).

Current paragraph 208(g)(3) is renumbered as new paragraph 208(g)(4), with no substantive changes to the provisions therein.

Rule 215(i) pertains to the costs of discipline on consent. Currently, the Disciplinary Board panel has the discretion to direct that the necessary expenses shall be paid by the attorney as a condition to the grant of the joint Petition for Discipline on Consent. The proposed change provides that all expenses taxed under the subdivision must be paid by the attorney in accordance with Rule 208(g).

The proposed change to Rule 219(1) provides that the Disciplinary Board shall transmit by certified mail to every attorney who fails to pay any taxed expenses under Rule 208(g)(3), notice that unless the attorney pays such expenses within thirty days after the date of the notice, such failure to pay will be deemed a request to be administratively suspended. This is a minor change to provide a link to new Rule 208(g)(3).

This packet of proposed changes to the procedures for taxing expenses and the consequences of a respondent-attorney's failure to pay taxed expenses will serve a dual purpose by streamlining the administrative process of assessing costs, thereby providing a cost savings to the Board, and enhancing the enforcement powers of the Board by giving an incentive to respondent-attorneys to pay costs in a timely manner or suffer the administrative suspension of their law licenses.

Interested persons are invited to submit written comments by mail or facsimile regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, 601 Commonwealth Avenue, Suite 5600, PO Box 62625, Harrisburg, PA 17106-2625, Facsimile number (717) 231-3382, Email address Dboard.comments@pacourts.us on or before January 2, 2017.

Explanatory Report

On August 12, 2016, the Supreme Court of Pennsylvania adopted amendments to Pa.R.J.A. Nos. 4001—4016 governing court reporting and transcripts. These amendments have precipitated technical amendments to Pa.R.C.P. No. 227.3 governing the transcript of testimony, Pa.R.J.C.P. 380 governing the preservation of testimony after commencement of proceedings in delinquency actions, and Pa.R.J.C.P. 1380 governing the preservation of

testimony after commencement of proceedings in dependency actions to cross-references to the court reporting and transcript rules.

In Pa.R.C.P. No. 227.3, the note currently cross-references Pa.R.J.A. No. 5005.5 regarding the request for a transcript and provides additional information found in that rule. The note also cross-references to Pa.R.J.A. Nos. 5005.6, 5005.7, and 5005.11 governing the fees for transcripts and their payment. The amendment revises and simplifies the note to provide a cross-reference regarding the request for transcripts, the fees for transcripts and their payment to amended Pa.R.J.A. Nos. 4007, 4008, and 4009.

In Pa.R.J.C.P. 380 and Pa.R.J.C.P. 1380, the Comments to both rules cross-reference the current chapter of the Rules of Judicial Administration governing court reporter and transcripts: 5000.1—5000.13. The amendments update these cross-references to the appropriate numbers: 4001—4016. Additionally, the Comments are revised to reflect recent revisions to the Comment to Pa.R.Crim.P. 500.

Proposed Amendment of Pa.R.C.P. No. 1910.16-6

The Domestic Relations Procedural Rules Committee is planning to propose to the Supreme Court of Pennsylvania an amendment of Pa.R.C.P. No. 1910.16-6 governing allocation of child care expenses and additional expenses in support cases for the reasons set forth in the accompanying explanatory report. Pursuant to Pa.R.J.A. No. 103(a)(1), the proposal is being published in the *Pennsylvania Bulletin* for comments, suggestions, or objections prior to submission to the Supreme Court.

Any reports, notes, or comments in the proposal have been inserted by the Committee for the convenience of those using the rules. They neither will constitute a part of the rules nor will be officially adopted by the Supreme Court.

Additions to the text of the proposal are bolded; deletions to the text are bolded and bracketed.

The Committee invites all interested persons to submit comments, suggestions, or objections in writing to:

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation. Allocation of Additional Expenses.

[Additional expenses permitted pursuant to this Rule 1910.16-6] Adjustments to the Basic Support Obligation resulting from the additional expenses authorized by this rule may be allocated between the parties even if the parties' incomes do not justify an order of basic support.

(a) *Child care expenses.* Reasonable child care expenses paid by either parent, if necessary to maintain employment or appropriate education in pursuit of income, shall be allocated between the parties in proportion to their monthly net incomes [and added to his and her basic support obligation]. The court may order that the obligor's share be added to his or her basic support obligation, paid directly to the service provider, or paid directly to the obligee. When a [parent] party is receiving a child care subsidy through the Department of [Public Welfare] Human Services, the expenses to be allocated between the parties shall be the amount actually paid by the parent receiving the subsidy.

Example. Mother has primary custody of the parties' two children and Father has partial custody. Mother's monthly net income is \$2,000 and Father's is \$3,500. At their combined income level of \$5,500, the basic monthly child support from the schedule in Rule 1910.16-3 is \$1,426 for two children. As Father's income is 64% of the parties' combined income, his share is \$913. Mother incurs child care expenses of \$400 per month and Father incurs \$100 of such expenses each month. The total amount of child care expenses, \$500, will be apportioned between the parties, with Father paying 64%, or \$320. As he is already paying \$100 for child care while the children are in his partial custody, he would pay the remaining \$220 to Mother for a total child support obligation of \$1,133 (\$913 + \$220 = \$1,133).

(1) Documentation of the child care expenses shall be provided to the other party within a reasonable period of time after receipt unless the service provider invoices the parties separately for their proportionate share of the expense. Allocation of expenses for which documentation is not timely provided to the other party shall be within the discretion of the court.

[(1)] (2) Except as provided in subsection [(2)] (3), the total child care expenses shall be reduced to reflect the amount of the federal child care tax credit available to the eligible parent, whether or not the credit is actually claimed by that parent, up to the maximum annual cost allowable under the Internal Revenue Code.

[(2)] (3) The federal child care tax credit shall not be used to reduce the child care expenses subject to allocation between the parties if the eligible parent is not qualified to receive the credit.

(d) *Private School Tuition. Summer Camp. Other Needs.* [The support schedule does not take into

consideration expenditures for private school tuition or other needs of a child which are not specifically addressed by the guidelines. If the court determines that one or more such needs are reasonable, the expense thereof shall be allocated between the parties in proportion to their net incomes. The obligor's share may be added to his or her basic support obligation.] Expenditures for needs outside the scope of typical child-rearing expenses, e.g., private school tuition, summer camps, have not been factored into the Basic Child Support Schedule.

(1) If a party presents an expense for a need not factored into the Basic Child Support Schedule and the court determines the need and expense are reasonable, the court shall allocate the expense between the parties in proportion to the parties' monthly net incomes. The court may order that the obligor's share be added to his or her basic support obligation, paid directly to the service provider, or paid directly to the obligee.

(2) Documentation of the expenses allocated under (d)(1) shall be provided to the other party not later than March 31 of the year following the calendar year in which the invoice was received unless the service provider invoices the parties separately for their proportionate share of the expense. For purposes of subsequent enforcement, those expenses need not be submitted to the domestic relations section prior to March 31. Allocation of expenses for which documentation is not timely provided to the other party shall be within the discretion of the court.

(e) *Mortgage Payment.* The guidelines assume that the spouse occupying the marital residence will be solely responsible for the mortgage payment, real estate taxes, and homeowners' insurance. Similarly, the court will assume that the party occupying the marital residence will be paying the items listed unless the recommendation specifically provides otherwise. If the obligee is living in the marital residence and the mortgage payment exceeds 25% of the obligee's net income (including amounts of spousal support, alimony pendente lite and child support), the court may direct the obligor to assume up to 50% of the excess amount as part of the total support award. If the obligor is occupying the marital residence and the mortgage payment exceeds 25% of the obligor's monthly net income (less any amount of spousal support, alimony pendente lite or child support the obligor is paying), the court may make an appropriate downward adjustment in the obligor's support obligation. This rule shall not be applied after a final resolution of all outstanding economic claims. For purposes of this subdivision, the term "mortgage" shall include first mortgages, real estate taxes and homeowners' insurance and may include any subsequent mortgages, home equity loans and any other obligations incurred during the marriage which are secured by the marital residence.

**RECOMMENDATION 163
Publication Report**

The Committee is proposing an amendment to Pa.R.C.P. No. 1910.16-6 as the rule relates to the allocation of child care expenses in subdivision (a) and other

additional expenses in subdivision (d). The proposal provides the court and the parties with the option to have the allocated expenses included in the basic support obligation, paid directly to the service provider, or paid to the obligee.

The Recommendation also proposes adopting a procedure similar to the documentation sharing mandate for unreimbursed medical expenses in subdivision (c). Requiring documentation of child care expenses in subdivision (a) and the additional expenses in subdivision (d), which are not included in the basic support obligation, to be shared between the parties on a timely basis should help eliminate exceedingly high reimbursements and payment of expenses in a more timely fashion, as well.

[231 PA. CODE CH. 1915]

Proposed Amendment of Pa.R.C.P. Nos. 1915.1 and 1915.4-3

The Domestic Relations Procedural Rules Committee is planning to propose to the Supreme Court of Pennsylvania amendments to Pa.R.C.P. Nos. 1915.1—Scope, Definitions and 1915.4-3—Non-Record Proceedings. Trial for the reasons set forth in the accompanying publication report. Pursuant to Pa.R.J.A. No 103(a)(1), the proposal is being republished in the *Pennsylvania Bulletin* for comments, suggestions, or objections prior to submission to the Supreme Court.

Any reports, notes, or comments in the proposal have been inserted by the Committee for the convenience of those using the rules. They neither will constitute a part of the rules nor will be officially adopted by the Supreme Court.

Additions to the text of the proposal are bolded; deletions to the text are bolded and bracketed.

The Committee invites all interested persons to submit comments, suggestions, or objections in writing to:

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1915. ACTIONS FOR CUSTODY OF MINOR CHILDREN

Rule 1915.1. Scope. Definitions.

* * * * *

(b) As used in this chapter, unless the context of a rule indicates otherwise,

["**action**"] means "action," all proceedings for legal and physical custody and proceedings for modification of prior orders of any court;

"**child**," an unemancipated individual under 18 years of age;

"**conciliator**," for purposes of these rules, a conciliator is synonymous with a conference officer as defined in this rule;

"**conference officer**," an individual who presides over an office conference pursuant to Pa.R.C.P. No. 1915.4-2(a) or the initial non-record proceeding under Pa.R.C.P. No. 1915.4-3(a). For purposes of these rules, a conciliator is synonymous with a conference officer;

["**custody**"] means "custody," the legal right to keep, control, guard, care for and preserve a child and includes the terms "legal custody," "physical custody," and "shared custody;"

"**hearing officer**," a lawyer who conducts a record hearing on partial custody cases pursuant to Pa.R.C.P. No. 1915.4-2(b);

["**home county**"] means "home county," the county in which the child [immediately preceding the time involved lived with the child's parents, a parent, or] lived with either or both parents, a person acting as parent, or in an institution[,] for at least six consecutive months[, and in] immediately preceding the filing of the action. In the case of a child less than six months old, the county in which the child lived from birth with any of the persons mentioned. A period of temporary absence of the child from the physical custody of the parent, institution, or person acting as parent shall not affect the six-month or other period;

"**in loco parentis**," a person who puts himself in the situation of a lawful parent by assuming the obligations incident to the parental relationship without going through the formality of a legal adoption. The status of *in loco parentis* embodies two ideas: 1) the assumption of a parental status; and 2) the discharge of parental duties;

Official Note: A.S. vs. I.S., 130 A.3d 763 (Pa 2015).

["**legal custody**"] means "legal custody," the right to make major decisions on behalf of the child, including, but not limited to, medical, religious, and educational decisions;

"**mediator**," an individual qualified under Pa.R.C.P. No. 1940.4 and who assists custody litigants independently from the procedures set forth in Pa.R.C.P. Nos. 1915.1—1915.25 by engaging the litigants in the mediation principals in Pa.R.C.P. No. 1940.2 to resolve custody matters in whole or in part;

“mediation,” as defined in Pa.R.C.P. No. 1940.2;

“non-record proceeding,” the initial office conference set forth in Pa.R.C.P. No. 1915.4-3. Mediation sessions referenced in Pa.R.C.P. No. 1940.1—1940.9 shall not be construed as non-record proceedings in Pa.R.C.P. No. 1915.4-3;

[“partial physical custody” means] “partial physical custody,” the right to assume physical custody of the child for less than a majority of the time;

[“person acting as parent” means] “person acting as parent,” a person other than a parent, including an institution, who has physical custody of a child and who has either been awarded custody by a court or claims a right to custody[;]. See also, the definition of *in loco parentis* and 23 Pa.C.S. § 5402;

[“physical custody” means] “physical custody,” the actual physical possession and control of a child;

[“primary physical custody” means] “primary physical custody,” the right to assume physical custody of the child for the majority of time;

[“relocation” means] “relocation,” a change in a residence of the child which significantly impairs the ability of a non-relocating party to exercise custodial rights;

[“shared legal custody” means] “shared legal custody,” the right of more than one individual to legal custody of the child;

[“shared physical custody” means] “shared physical custody,” the right of more than one individual to assume physical custody of the child, each having significant periods of physical custodial time with the child;

[“sole legal custody” means the right of one] “sole legal custody,” the right of an individual to exclusive legal custody of the child;

[“sole physical custody” means the right of one] “sole physical custody,” the right of an individual to exclusive physical custody of the child; and

[“supervised physical custody” means] “supervised physical custody,” custodial time during which an agency or an adult designated by the court or agreed upon by the parties monitors the interaction between the child and the individual with those rights.

* * * * *

Rule 1915.4-3. Non-Record Proceedings. Trials.

(a) *Non-Record Proceedings.* In [those jurisdictions that utilize] judicial districts utilizing an initial non-record proceeding [such as a conciliation conference or], *i.e.*, office conference, if [no agreement is reached at] an agreement is not finalized prior to the conclusion of the proceeding, the conference officer [or conciliator] shall promptly notify the court that the matter should be listed for trial. [Any] A lawyer employed by, or under contract with, a judicial district or appointed by the court to serve as a [conciliator or mediator or] conference officer to preside over a non-record proceeding shall not practice family law before a conference officer, hearing officer, permanent or standing master, or judge of the same judicial district.

(b) *Trial.* The trial before the court shall be *de novo*. The court shall hear the case and render a decision within the time periods set forth in [Rule] Pa.R.C.P. No. 1915.4.

RECOMMENDATION 145

Proposed Amendments to Pa.R.C.P. Nos. 1915.1 and 1915.4-3 **Republication Report**

The Domestic Relations Procedural Rules Committee (“Committee”) proposes amendments to Pa.R.C.P. Nos. 1915.1 (Scope. Definitions) and 1915.4-3 (Non-Record Proceedings. Trial). This Recommendation had been published originally in the *Pennsylvania Bulletin*, Pa.B. 5676 (September 19, 2015), as a proposed amendment to Pa.R.C.P. No. 1915.4-3. Pa.R.C.P. No. 1915.4-3 precludes attorneys serving as conciliators, mediators, or presiding over a non-record custody proceeding from practicing family law before conference officers, hearings officers, and judges in the judicial district in which the attorney had been appointed or employed.

When this rule had been amended previously, the Committee understood that the judicial districts utilized various titles, including mediator, to identify the person presiding over non-record proceedings. As a result, the term mediator was added to the practice preclusion rule text. However, after the effective date of the earlier amendment, the Committee received input that Pa.R.C.P. No. 1915.4-3 operated to preclude attorneys who serve as mediators pursuant to Chapter 1940 from practicing family law. The comments suggested mediators, unlike persons presiding over non-record proceedings, had no contact with the court and did not make recommendations to the court. The comments further contended that court-established mediation programs successfully resolved a significant number of custody cases that would otherwise proceed through an already overburdened custody docket, and precluding family law attorneys from participating as custody mediators would adversely affect mediation programs by reducing the number of qualified mediators.

The Committee recognized the benefit that mediation provided to the courts and custody litigants in the amicable resolution of child custody cases. As set forth in Chapter 1940, mediation is a process for alternate dispute resolution of child custody cases; however, mediation is not a non-record proceeding as contemplated by Pa.R.C.P. No. 1915.4-3. The Committee proposed amending the Pa.R.C.P. No. 1915.4-3 to eliminate “mediator” from the rule in the original Recommendation 145. But since the original publication, the Committee received additional input that suggested merely deleting the term mediator from the rule text may not resolve the issue and could create other issues, as well.

This Recommendation proposes an amendment to Pa.R.C.P. No. 1915.4-3 for the exclusion from practicing family law in the judicial district based solely on whether the attorney is presiding over the initial non-record proceeding, irrespective of the title held by the attorney in that capacity. Mediators, as defined in the proposed amendment to Pa.R.C.P. No. 1915.1 and as qualified in Pa.R.C.P. No. 1940.4, do not preside over custody conferences, hearings and non-record proceedings; rather, mediators engage custody litigants in alternate dispute resolution pursuant to Chapter 1940 of the Rules of Civil Procedure and, as such, the preclusion from practicing family law in the same judicial district in which the mediator is appointed is inapplicable.

Additionally, the Committee proposes an amendment to Pa.R.C.P. No. 1915.1 by adding additional definitions. The inclusion of some of the definitions is to standardize the terminology used in the custody process and to identify the court personnel by title and, in some cases, qualifications.

Title 237—JUVENILE RULES

PART I. RULES

[237 PA. CODE CHS. 3 AND 13]

Order Amending Rules 380 and 1380 of the Rules of Juvenile Court Procedure; No. 716 Supreme Court Rules Doc.

Order

Per Curiam

And Now, this 16th day of November, 2016, upon the recommendation of the Juvenile Court Procedural Rules Committee; the proposal having been submitted without publication pursuant to Pa.R.J.A. No. 103(a) in the interest of efficient administration:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 380 and 1380 of the Pennsylvania Rules of Juvenile Court Procedure is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective January 1, 2017.

Annex A

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 3. PRE-ADJUDICATORY PROCEDURES

PART F. PRESERVATION OF TESTIMONY AND EVIDENCE

Rule 380. Preservation of Testimony After Commencement of Proceedings.

* * * * *

B. By [*agreement of the parties*] *Agreement of the Parties.*

* * * * *

Comment

This rule is intended to provide the means by which testimony may be preserved for use at a current or subsequent stage in the proceedings, which includes the taking of a deposition during the adjudicatory hearing to be used at a later stage of the adjudicatory hearing.

When testimony is to be preserved by video recording, see also Rule 381.

Commencement of proceedings includes any action after the submission of a written allegation. *See* Rule 200 (Commencement of Proceedings).

This rule does not address the admissibility of the preserved testimony. The court is to decide all questions

of admissibility. [*See the Pennsylvania Rules of Evidence. Also see, e.g., Judicial Code § 5917, 42 Pa.C.S. § 5917 (1982); Commonwealth v. Scarborough, 421 A.2d 147 (Pa. 1980); Commonwealth v. Stasko, 370 A.2d 350 (Pa. 1977).*] *See* Pa.R.E. 104(a); *see also* 42 Pa.C.S. § 5917.

“May be unavailable,” as used in paragraph (A)(1), is intended to include situations in which the court has reason to believe that the witness will be unable to be present or to testify at the adjudicatory hearing or other proceedings, such as when the witness is dying, or will be out of the jurisdiction and therefore cannot be effectively served with a subpoena, **or is elderly, frail, or demonstrates the symptoms of mental infirmity or dementia**, or may become incompetent to testify for any **other** legally sufficient reason.

Under paragraph (A)(4), the court should preside over the taking of testimony. The court, however, may order that testimony be taken and preserved without the court’s presence when exigent circumstances exist or the location of the witness renders the court’s presence impracticable. Furthermore, nothing in this rule is intended to preclude the juvenile’s attorney, the juvenile, and the court from agreeing on the record that the court need not be present. Paragraph (B)(3) permits the attorney for the Commonwealth, the juvenile, and the juvenile’s attorney to determine among themselves whether the court should be present during the taking of testimony. That determination should be made a part of the written agreement required by paragraph (B)(1).

Nothing in this rule is intended to preclude the juvenile from waiving his or her presence during the taking of testimony.

The means by which the testimony is recorded and preserved are within the discretion of the court under paragraph (A) and the parties under paragraph (B), and may include the use of electronic or photographic techniques such as videotape or digital video diskette. There are, however, additional procedural requirements for preservation of testimony by video recording mandated by Rule 381.

The party on whose motion testimony is taken should normally have custody of and be responsible for safeguarding the preserved testimony. That party should also promptly provide a copy of the preserved testimony to the other party. Additionally, this rule is not intended to conflict with the requirements of the Pennsylvania Rules of Judicial Administration. For reporting and transcripts by court-employed reporters, see [**the**] Pa.R.J.A. Nos. [**5000.1—5000.13**] **4001—4016**.

When testimony is taken under this rule, the proceeding should afford the parties full opportunity to examine and cross-examine the witness. Counsel should not reserve objections for time of the adjudicatory hearing.

Paragraphs [**A(5) and B(5)**] **(A)(5) and (B)(5)** are intended to guard against pre-adjudicatory hearing disclosure of potentially prejudicial matters.

For the definition of “court,” see Rule 120.

Official Note: Rule 380 adopted April 1, 2005, effective October 1, 2005. **Amended November 16, 2016, effective January 1, 2017.**

Comment

This rule is intended to provide the means by which testimony may be preserved for use at a current or subsequent stage in the proceedings, which includes the taking of a deposition during the adjudicatory hearing to be used at a later stage of the adjudicatory hearing.

When testimony is to be preserved by video recording, see also Rule 1381.

This rule does not address the admissibility of the preserved testimony. The court is to decide all questions of admissibility. See [*the Pennsylvania Rules of Evidence*] Pa.R.E. 104(a).

"May be unavailable," as used in paragraph (A)(1), is intended to include situations in which the court has reason to believe that the witness will be unable to be present or to testify at the adjudicatory hearing or other proceedings, such as when the witness is dying, or will be out of the jurisdiction and therefore [**can not**] **cannot** be effectively served with a subpoena, **or is elderly, frail, or demonstrates the symptoms of mental infirmity or dementia**, or may become incompetent to testify for any **other** legally sufficient reason.

Under paragraph (A)(4), the court should preside over the taking of testimony. The court, however, may order that testimony be taken and preserved without the court's presence when exigent circumstances exist or the location of the witness renders the court's presence impracticable. Furthermore, nothing in this rule is intended to preclude the parties, their attorneys, and the court from agreeing on the record that the court need not be present. Paragraph (B)(3) permits the parties and their attorneys to determine among themselves whether the court should be present during the taking of testimony. That determination should be made a part of the written agreement required by paragraph (B)(1).

Nothing in this rule is intended to preclude the parties from waiving their presence during the taking of testimony.

The means by which the testimony is recorded and preserved are within the discretion of the court under paragraph (A) and the parties under paragraph (B), and may include the use of electronic or photographic techniques such as videotape or digital video diskette. There

are, however, additional procedural requirements for preservation of testimony by video recording mandated by Rule 1381.

The party on whose motion testimony is taken should normally have custody of and be responsible for safeguarding the preserved testimony. That party should also promptly provide a copy of the preserved testimony to the other parties. Additionally, this rule is not intended to conflict with the requirements of the Pennsylvania Rules of Judicial Administration. For reporting and transcripts by court-employed reporters, see [**the**] Pa.R.J.A. Nos. [**5000.1—5000.13**] **4001—4016**.

When testimony is taken under this rule, the proceeding should afford the parties full opportunity to examine and cross-examine the witness. Counsel should not reserve objections at the time of the adjudicatory hearing.

For the definition of "court," see Rule 1120.

Official Note: Rule 1380 adopted August 21, 2006, effective February 1, 2007. **Amended November 16, 2016, effective January 1, 2017.**

Explanatory Report

On August 12, 2016, the Supreme Court of Pennsylvania adopted amendments to Pa.R.J.A. Nos. 4001—4016 governing court reporting and transcripts. These amendments have precipitated technical amendments to Pa.R.C.P. No. 227.3 governing the transcript of testimony, Pa.R.J.C.P. 380 governing the preservation of testimony after commencement of proceedings in delinquency actions, and Pa.R.J.C.P. 1380 governing the preservation of testimony after commencement of proceedings in dependency actions to cross-reference to the court reporting and transcript rules.

In Pa.R.C.P. No. 227.3, the note currently cross-references Pa.R.J.A. No. 5005.5 regarding the request for a transcript and provides additional information found in that rule. The note also cross-references to Pa.R.J.A. Nos. 5005.6, 5005.7, and 5005.11 governing the fees for transcripts and their payment. The amendment revises and simplifies the note to provide a cross-reference regarding the request for transcripts, the fees for transcripts and their payment to amended Pa.R.J.A. Nos. 4007, 4008, and 4009.

In Pa.R.J.C.P. 380 and Pa.R.J.C.P. 1380, the Comments to both rules cross-reference the current chapter of the Rules of Judicial Administration governing court reporter and transcripts: 5000.1—5000.13. The amendments update these cross-references to the appropriate numbers: 4001—4016. Additionally, the Comments are revised to reflect recent revisions to the Comment to Pa.R.Crim.P. 500.

4. Incorporation of the local rule into the set of local rules on www.ccpa.net within thirty (30) days after the publication of the local rule in the *Pennsylvania Bulletin*.

5. File one (1) copy of the local rule in the appropriate filing office for public inspection and copying.

6. Forward one (1) copy to the *Cumberland Law Journal*.

By the Court

EDWARD E. GUIDO,
President Judge

Rule 4002. Definitions.

All terms in these rules shall have the same meaning as defined in Pa.R.J.A. No. 4002. As further clarification:

(A) Commonwealth or subdivision thereof includes any Pennsylvania state, county, regional, or municipal government entity, including any department, board, attorney, employee or agent acting on behalf of that entity.

(B) Transcript includes any electronic or paper record, including orders, prepared by a court reporter of any proceeding presided over by a judge, a magisterial district judge, or a master.

(C) All transcripts fall into one of two categories regarding need and purpose:

(1) an ordinary transcript is either:

(a) required by rule because notice of appeal has been filed; or

(b) required by order or rule to advance litigation in a matter currently before the court.

(2) a non-ordinary transcript is any transcript requested or prepared for any reason other than ordinary as defined in section (C)(1) above.

(D) The terms daily, expedited, rough draft and same-day delivery all refer to variations in the delivery deadline and cost for non-ordinary transcripts.

Rule 4007. Requests for Transcripts.

(A) All requests for transcripts shall be submitted to the appropriate filing office, with a copy to the district

court administrator's office, utilizing a form prescribed by the district court administrator, which shall include all elements required in the form provided by the state court administrator.

(B) The Request for Transcript of a court proceeding shall be filed in the appropriate filing office (Prothonotary, Clerk of Courts, Register of Wills/Clerk of the Orphans' Court and/or Domestic Relations) The requesting party shall also serve copies of the formal request to:

- (1) the judge presiding over the matter;
- (2) the court reporter, court recorder or transcriptionist;
- (3) the district court administrator's office (electronic submission through the transcript web link is preferred); and
- (4) opposing counsel, or if not represented, the opposing party.

(C) A request for daily, expedited, or same-day transcripts shall be filed in the appropriate filing office (Prothonotary, Clerk of Courts, Register of Wills/Clerk of the Orphans' Court and/or Domestic Relations) at least ten (10) days before the scheduled proceeding. Copies of the written request shall be provided as required in paragraph (B)(2) above. In the event of an emergency, a party may request by oral motion a daily, expedited, or same-day transcript. This request will be accommodated upon approval of the trial judge and the court reporter.

(D) When a litigant requests a transcript,

(1) the litigant ordering a transcript shall make non-refundable, partial payment of 90% of the estimated transcript cost upon receipt of their invoice. Invoices will be sent within 6 business days after the receipt of the transcript request by the Court Administrator's office. The deposit shall be paid by cash, money order, certified check, or law firm check made payable to Cumberland County, and shall be delivered to the Court Administrator's office within seven (7) calendar days from the date the parties are notified.

(4) upon payment of any balance owed, the court reporter, court recorder or transcriptionist shall deliver the original transcript to the appropriate filing office and copies to the parties. Upon receipt of the final invoice, payment for the final balance shall be paid by cash, money order, certified check, or law firm check made payable to Cumberland County and shall be delivered to the Court Administrator's office within seven (7) calendar days from the date the parties are notified.

Rule 4008. Transcript Costs Payable by a Requesting Party Other Than the Commonwealth or a Subdivision Thereof.

(A) *Costs*

(1) The costs payable by a requesting party, other than the Commonwealth or a subdivision thereof, for a transcript in an electronic format shall be:

- (a) for an ordinary transcript, \$2.50 per page;
- (b) for an expedited transcript, \$3.50 per page, expedited transcripts are only available if the court reporter is able to accommodate;
- (c) for a daily transcript, \$4.50 per page, daily transcripts are only available if the court reporter is able to accommodate; and
- (d) for same day delivery, \$6.50 per page, same delivery transcripts are only available if the court reporter is able to accommodate.

(2) When the transcript is prepared in bound paper format, the costs shall be in accordance with paragraph (1) relating to electronic format plus a surcharge of \$0.25 per page.

(B) *Economic hardship—minimum standards*

(4) The application to waive all or a portion of costs for ordinary transcripts shall be supported by an affidavit substantially in the form required by Rule 240(h) of the Pennsylvania Rules of Civil Procedure. Such application should be prepared in the form of a Petition to Waive All or a Portion of the Transcript Costs and filed in the appropriate filing office. Any request for hardship reduction or waiver of costs for any ordinary transcript shall be filed contemporaneously with the request for transcript. No reduction or waiver of costs shall be requested or granted for any non-ordinary transcript unless the requesting party demonstrates reasonable need.

(a) Copies of the forms listed above shall be provided to:

- (i) The presiding judge;
- (ii) The court reporter;
- (iii) The Court Administrator's Office;
- (iv) Opposing counsel or the opposing party if self-represented.

(D) *Copies of transcript*

A request for a copy of any transcript previously ordered, transcribed and filed of record shall be provided by the appropriate filing office according to the following schedule:

- (1) \$0.50 per page bound, paper format, and,
- (2) \$0.50 per page electronic copy, not to exceed \$50.00. An additional \$20.00 fee may be charged if the copy cannot be emailed directly and needs to be transferred to another medium or multiple emails are required for file transfer.

(E) *Additional Costs*

A trial judge may impose a reasonable surcharge in cases such as mass tort, medical malpractice or other unusually complex litigation, where there is a need for court reporters to significantly expand their dictionary. Such surcharges are at the discretion of the trial judge.

By the Court

CHARLES H. SAYLOR,
President Judge

Rule NCV 227.3. Court Reporting and Transcripts of Testimony.

This local rule covers the making, preserving, transcribing, fees and requests for transcripts of the record of proceedings in Northumberland County:

(A) Pursuant to Pa.R.J.A. No. 4007, for an ordinary transcript, the party requesting a full or partial transcript of a trial or other proceeding shall file the original written request with the Office of the District Court Administrator. A transcript request form is available in the District Court Administrator's office.

(B) A party ordering a transcript shall make partial payment of one-half of the estimated cost. All checks are to be made payable to "County of Northumberland", and delivered to the Office of the District Court Administrator. The requesting party shall serve copies of the request upon opposing counsel or party, if party is unrepresented.

(C) Pursuant to Pa.R.J.A. No. 4008, the costs payable by a requesting party, other than the Commonwealth or a subdivision thereof, for a transcript in an electronic format shall be as follows:

- (1) For an ordinary transcript, \$2.50 per page;
- (2) For an expedited transcript, \$3.50 per page;
- (3) For a daily transcript, \$4.50 per page;
- (4) For same day delivery, \$6.50 per page.

(D) Where the Commonwealth or a subdivision thereof is liable for the cost of a transcript in an electronic format, the court reporter shall be paid \$2.00 per page for the original transcript.

(E) The trial judge may impose a reasonable surcharge in cases such as medical malpractice or other unusually complex litigation.

(F) The fees set forth herein are the maximum costs that may be charged to litigants or the public. Court reporting fees will be distributed by the District Court Administrator to the court reporter who transcribed the notes of testimony.

(G) Transcript costs subject to waiver under Pa.R.J.A. No. 4008(B) shall be reviewed by the District Court Administrator upon written request by the party making the claim for such waiver.

York R.J.A. 4002. Definitions.

All terms in these rules shall have the same meaning as defined in Pa.R.J.A. No. 4002. As further clarification:

(A) Commonwealth or subdivision thereof includes any Pennsylvania state, county, regional, or municipal government entity, including any department, board, attorney, employee or agent acting on behalf of that entity.

(B) Transcript includes any electronic or paper record, including orders, prepared by a court reporter of any proceeding presided over by a judge, a magisterial district judge, or a master.

(C) All transcripts fall into one of two categories regarding need and purpose:

(1) an ordinary transcript is either:

(a) required by rule because notice of appeal has been filed; or

(b) required by order or rule to advance litigation in a matter currently before the court.

(2) a non-ordinary transcript is any transcript requested or prepared for any reason other than ordinary as defined in section (C)(1) above.

(D) The terms daily, expedited, rough draft and same-day delivery all refer to variations in the delivery deadline and cost for non-ordinary transcripts.

-this is a new rule

York R.J.A. 4007. Requests for Transcripts.

(A) All requests for transcripts shall be submitted to the appropriate filing office utilizing a form prescribed by the district court administrator, which shall include all elements required in the form provided by the state court administrator.

(B) Any request for hardship reduction or waiver of costs for any ordinary transcript shall be filed contemporaneously with the request for transcript on a form to be prescribed by the district court administrator. No reduction or waiver of costs shall be requested or granted for any non-ordinary transcript.

(C) Any required costs for transcripts, including deposits, shall be paid by or on behalf of the requestor to the appropriate filing office. All checks, money orders and other non-cash conveyances shall be made payable to the "County of York". All collected costs shall become the property of the County of York for deposit to the county's general fund.

(D) Any required costs shall be estimated by the court reporter prior to preparation of the transcript. The court reporter shall notify the filing office of the estimated costs based upon transcript type and format, and whether the court has

granted the requestor hardship reduction or waiver of costs. The filing office shall notify the requestor if costs are due. The requestor shall be required to pay a deposit in the amount of 100% of the estimated required costs prior to preparation of the transcript by the court reporter.

(E) Upon completion of the transcript, the court reporter shall provide the transcript to the presiding judge. The court reporter shall calculate final total costs and notify the filing office of the amount.

(1) If no balance is due from the requestor, the court reporter shall provide the transcript to the filing office. The filing office shall provide copies of the transcript to the requestor and all other parties to the case, and shall return to the requestor any refund due from deposit.

(2) If a balance is due from the requestor, the filing office shall notify the requestor. Upon receipt of payment from the requestor, the filing office shall notify the court reporter, who shall provide the transcript to the filing office. The filing office shall provide copies of the transcript to the requestor and all other parties to the case. If the requestor fails to pay any remaining balance due, the court reporter shall not file the transcript and the filing office shall not refund any deposit.

(F) There is no need or reason for involvement of the court reporter in subsequent requests for copies of transcripts that have already been filed with the filing office and distributed to the parties to the case.

-this is a new rule

York R.J.A. 4008. Transcript Costs Payable by a Requesting Party Other Than the Commonwealth or a Subdivision Thereof.

(A) The court establishes the following per-page fee schedule for transcripts delivered in electronic format:

- (1) ordinary: \$2.50;
- (2) non-ordinary: \$2.50;
- (3) non-ordinary rough draft: \$2.50;
- (4) non-ordinary expedited: \$3.50;
- (5) non-ordinary daily: \$4.50;
- (6) non-ordinary same-day delivery: \$6.50; and
- (7) subsequent copy of any transcript previously filed with the filing office: \$0.50.

(B) Except when specifically requested by an incarcerated defendant in a criminal matter, or when specifically requested by any other requestor and specifically ordered by the presiding judge, no paper format transcripts will be provided. A \$0.25 per-page surcharge shall be added to the costs specified in section (A) above for any paper transcript.

(C) In cases such as mass tort, medical malpractice or other unusually complex litigation, where there is a need for court reporters to significantly expand their dictionary, the presiding judge may, at his or her discretion, impose a \$2.00 per-page surcharge in addition to the costs specified in section (A) above.

(D) Court reporters shall provide to the court realtime transcription of all proceedings presided over by a judge of the court of common pleas,

without additional cost or fee. If any party to the case wishes to be provided access to a wireless broadcast stream of that realtime transcription, the party must notify the district court administrator at least one (1) business day in advance. If any party other than the court wishes to retain a digital copy of the realtime transcript beyond conclusion of that day's proceeding, the party shall execute a request for a non-ordinary rough draft transcript and shall pay any required costs prior to the proceeding. Access to realtime transcription will not be provided to any third party.

-this is a new rule

York R.J.A. 4009. Fees Payable to the Court Reporter or Transcriptionist.

(A) Court reporters shall be paid by the county a fee of \$1.50 per page for all notes written in court, including proceedings presided over by a judge, a magisterial district judge, or a master.

(B) Court reporters shall be paid by the county a fee of \$0.50 per page for every transcript or order filed with the court for which the reporter has or will be paid the fee in section (A) above.

(C) Court reporters shall be paid by the county a fee of \$2.00 per page for every transcript or order filed for which the reporter has not and will not be paid the fee in section (A) above.

(D) In addition to all fees outlined in sections (A), (B), and (C) above, court reporters shall be paid by the county the following additional per-page fees for every transcript filed of the following type:

- (1) non-ordinary expedited: \$0.50;
- (2) non-ordinary daily: \$1.50; and
- (3) non-ordinary same-day delivery: \$2.50

RULES AND REGULATIONS

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 93 AND 111]

Boating; Special Regulations Counties

The Fish and Boat Commission (Commission) amends Chapters 93 and 111 (relating to boat registration and numbering; and special regulations counties). The Commission is publishing this final-form rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code).

A. *Effective Date*

The final-form rulemaking will go into effect on January 1, 2017.

B. *Contact Person*

For further information on the final-form rulemaking, contact Laurie E. Shepler, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This final-form rulemaking is available on the Commission's web site at www.fish.state.pa.us.

C. *Statutory Authority*

The amendment to § 93.3 (relating to application for boat registration) is published under the statutory authority of section 5122 of the code (relating to registrations, licenses, permits, plates and statistics). The amendment to § 93.102 (relating to application procedure and contents of applications for certificates of title) is published under the statutory authority of section 5325 of the code (relating to rules and regulations). The amendment to § 111.9 (relating to Bucks County) is published under the statutory authority of section 5124 of the code (relating to particular areas of water).

D. *Purpose and Background*

This final-form rulemaking is designed to improve, enhance and update the Commission's boating regulations. The specific purpose of the amendments is described in more detail under the summary of changes. The Commission's Boating Advisory Board previously considered the proposed amendments and recommended that the Commission approve the publication of a proposed rulemaking.

E. *Summary of Changes*

(1) On April 27, 2012, the United States Coast Guard (Coast Guard) amended 33 CFR Parts 173, 174, 181 and 187 regarding numbering undocumented vessels and reporting boat accidents. These changes: align and modernize terminology used in the Standard Numbering System (SNS), the Vessel Identification System and accident reporting; require verification of vessel hull identification numbers; require SNS vessel owners to provide personally identifiable information; and provide flexibility for states and territories in administering these regulations. Together, the changes are intended to improve boating safety efforts, enhance law enforcement capabilities, clarify requirements for stakeholders and promote the Coast Guard strategic goals of maritime safety and security. States have until January 1, 2017, to implement these changes.

Since 2012, the Commission has been working on effecting the necessary changes to its systems to be in

compliance with the amended Coast Guard regulations. Significant changes needed to be coded into the registration and titling system and its accompanying database. Coordination with the Department of Revenue was required to revise the REV-336 Instruction for Application for Pennsylvania Boat Registration and/or Boat Title form.

The majority of the required changes reflect nomenclature and vessel data category grouping changes and are considered housekeeping. Among these changes is standardizing how all states will now define "vessel type." Hull material has been expanded to include rubber/vinyl/canvas instead of referring to this class of hull material as "other." The Coast Guard also relabeled data categories. What was previously referred to as propulsion type is now called engine drive type. This category, which identifies a boat's engine drive, includes inboard, outboard, pod drive, stern drive and other. In addition, the Coast Guard refined how states categorize the manner in which a boat will be operated. The Coast Guard now restricts a boat's reported usage as pleasure, commercial passenger, livery/rental, commercial fishing, dealer and other commercial operation.

While these required changes are administrative in nature, the Commission must also collect and provide to the Coast Guard personally identifiable information that uniquely ties a boat to an owner. This will be accomplished by creating a unique identification number for each boat owner by collecting and then combining the vehicle driver's license of the owner with his date of birth. This unique identifier once entered into the system will match the boat's hull identification number with a single individual instead of simply linking it to a name. This will greatly benefit law enforcement when dealing with lost or stolen boats.

The Commission amends §§ 93.3 and 93.102 to read as set forth in Annex A.

(2) In 1997, the Commission enacted several regulations on the Delaware River to mirror New Jersey law. One of those regulations was the slow, no wake zone on Paunacussing Creek from the mouth to the vicinity of Green Hill Road from 12:01 a.m. on the Friday before Memorial Day until midnight on Labor Day.

A recent review of this regulation found that the law was not enacted in New Jersey and is not being enforced by either state. In discussions with the New Jersey State Police, the agency with jurisdiction, the Commission learned that New Jersey has no desire to add this requirement to its boating law. Based on New Jersey's decision and the fact that the Commonwealth has not enforced this regulation in recent history, the Commission proposed to delete it.

The Commission amends § 111.9 to read as set forth in Annex A.

F. *Paperwork*

This final-form rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This final-form rulemaking will not have adverse fiscal impacts on the Commonwealth or its political subdivisions. This final-form rulemaking will not impose new costs on the private sector or the general public.

H. *Public Involvement*

Notice of proposed rulemaking was published at 46 Pa.B. 2555 (May 21, 2016). The Commission did not receive public comments regarding the proposed amendments.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and no public comments were received.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 93 and 111, are amended by amending §§ 93.3, 93.102 and 111.9 to read as set forth in Annex A.

(b) The Executive Director will submit this order and Annex A to the Office of Attorney General for approval as to legality and form as required by law.

(c) The Executive Director shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect on January 1, 2017.

JOHN A. ARWAY,
Executive Director

Fiscal Note: Fiscal Note 48A-270 remains valid for the final adoption of the subject regulations.

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart C. BOATING

CHAPTER 93. BOAT REGISTRATION AND NUMBERING

Subchapter A. REGISTRATION OF BOATS

§ 93.3. Application for boat registration.

(a) *New registration.* Application for a boat registration for a new boat or a used boat that was not previously registered in this Commonwealth shall conform with the following:

(1) *Forms.* The owner of a boat desiring registration shall apply on Form REV-336, provided by the Commission. The completed form shall be forwarded to the Fish and Boat Commission, Division of Licensing and Registration.

(2) *Required information.* The applicant shall provide the following information on the application (REV-336) for a boat registration:

(i) The name, mailing address, residence address, phone number, county and zip code of the owner. If there is more than one owner, the principal owner shall be listed first.

(ii) If the owner is an individual, the driver's license number, if any. If the owner is a manufacturer, jobber or dealer, the tax identification number.

(iii) The name of the person from whom the boat was purchased.

(iv) The State registration number, if any, currently assigned to the boat.

(v) The make and model.

(vi) The hull material, such as wood, steel, aluminum, plastic, fiberglass, rubber/vinyl/canvas or other.

(vii) The full Hull Identification Number (HIN).

(viii) The year built, if known.

(ix) The length of the boat in feet and inches.

(x) The type of boat, such as air boat, auxiliary sail, cabin motorboat, houseboat, inflatable boat, open motorboat, paddlecraft, personal watercraft, pontoon boat, rowboat, sail only or other.

(xi) The type of engine drive, such as outboard, inboard, sterndrive, pod drive or other.

(xii) The type of fuel, such as gas, diesel, electric or other.

(xiii) The type of propulsion, such as propeller, waterjet, air thrust, manual, sail or other.

(xiv) The temporary validation expiration date, if one was issued.

(xv) The primary operation such as pleasure, rental/livery, manufacturer/dealer/jobber, commercial passenger, charter fishing, commercial fishing, other commercial operation, and the like.

(xvi) A certificate of ownership. For initial registration in this Commonwealth this shall be supported by title, bill of sale, a complete Form PFBC-734 "Affidavit of Purchase/Ownership" or other positive proof of ownership.

(xvii) The date the applicant completed the form.

(xviii) The signature of the owners and certification, under penalty of law, that they are the owners of the boat and that the information contained in the application is true and correct.

(xix) Complete Sales and Use Tax information.

(xx) The date of birth of the primary registrant and coregistrant.

(3) *Manufacturers, jobbers or dealers.* Paragraph (2)(vi)—(xiv) and (xx) does not apply to manufacturers, jobbers or dealers.

(4) *Boat rental business.* Paragraph (2)(xi) and (xii) does not apply to a boat rental business if a motor is not rented with the boat.

(5) *Incomplete or incorrect applications.* Incomplete or incorrect applications will not be processed until completed and may be returned by the Commission to the applicant or issuing agent.

(b) *Renewals.* Only Forms PFBC-730a and PFBC-733 shall be used to renew registrations of boats which are being kept by the same owner. If the registration has lapsed, the owner shall obtain Form PFBC-730a or PFBC-733 from the Division of Licensing and Registration of the Commission to renew the lapsed registration.

(c) *Previously registered boats.* Application for a certificate of registration for a boat previously registered in this Commonwealth shall conform with the following:

(1) Form REV-336 shall be completed by the purchaser and seller and signed by the last registered owner.

(2) A bill of sale, signed by the last registered owner, may be substituted for the required signature on REV-336.

(3) If the registered owner of a boat to be transferred is deceased, the personal representative (executor/administrator) of the decedent shall sign Form REV-336 for the deceased owner. The personal representative shall indicate his capacity with his signature and shall provide documentation—an original death certificate and letters testamentary, letters of administration, original short certificate, court order filed under small estates procedures or Form PFBC-R1—certifying his capacity to act on behalf of the decedent's estate. An original death certificate is not required if Form PFBC-R1 is signed by the attending physician or funeral director. If the boat registration is to be transferred from joint ownership, when one of the joint owners is deceased, the other joint owner shall present the original death certificate to effect the transfer.

(4) When an applicant seeks to register a boat having an expired registration and the last registered owner has not signed the REV-336 or bill of sale because the applicant is not the seller of the boat, the Commission will, prior to processing the application for registration, notify the last registered owner at his last known address that the applicant is seeking to register the boat. If the last registered owner claims an ownership interest in the boat and objects to the transfer of the registration to the applicant, the Commission will defer further processing until the parties resolve the ownership issues through established civil processes. If the last registered owner does not object to the transfer or fails to respond to the notice after 30 days, the Commission may process the request for registration if it is otherwise satisfied that the applicant is the true and lawful owner of the boat and entitled to registration.

(d) *Transfer of registration to new boat.* The holder of a valid Pennsylvania registration certificate on a boat previously owned by the holder may transfer the registration certificate for the remainder of the original boat's registration period to a new boat upon payment of the transfer fee for multiyear registrations as set forth in the code and submission of a complete Form PFBC R-4. If the registration fee for the new boat is greater than the registration fee for the old boat based on the length of the boat, the applicant shall also pay the difference between the registration fees for the new and old boat. The applicant shall submit the certificate of registration for the old boat and certify that the validation decals have been removed from the old boat at the time of transfer. The old boat's number shall remain with the old boat, and the new boat shall be issued a new number unless it was previously numbered in this Commonwealth.

Subchapter B. TITLING OF BOATS

§ 93.102. Application procedure and contents of applications for certificates of title.

(a) Boat owners shall apply for a certificate of title on Form REV-336, provided by the Commission. The completed form shall be forwarded to the Commission at the address listed on the application.

(b) The applicant shall provide the following information on the application (REV-336) for a title:

(1) The name, mailing address, residence address, phone number and zip code of the owner. If there are

co-owners, the applicants shall provide information relating to both owners and indicate whether the boat is owned as joint tenants with right of survivorship or as tenants in common.

(2) The date of birth of the primary purchaser and the co-owner.

(3) The name of the person from whom the boat was purchased.

(4) The State registration number, if any, currently assigned to the boat.

(5) The hull material, such as wood, steel, aluminum, plastic, fiberglass, rubber/vinyl/canvas or other.

(6) The full Hull Identification Number (HIN).

(7) The make, model and year built, if known.

(8) The length of the boat in feet and inches.

(9) The type of boat, such as air boat, auxiliary sail, cabin motorboat, houseboat, inflatable boat, open motorboat, paddlecraft, personal watercraft, pontoon boat, rowboat, sail only or other.

(10) The type of engine drive, such as outboard, inboard, sterndrive, pod drive or other.

(11) The type of fuel, such as gas, diesel, electric or other.

(12) The type of propulsion, such as propeller, waterjet, air thrust, manual, sail or other.

(13) The primary operation such as pleasure, rental/livery, manufacturer/dealer/jobber, commercial passenger, charter fishing, commercial fishing, other commercial operation, and the like.

(14) For boats with outboard internal combustion motors, the serial number, the manufacturer's name and the horsepower rating. If there are two motors, the applicant shall provide information for both motors.

(15) The names and addresses of each lienholder (in the order of priority).

(16) The date of lien encumbrance.

(17) The date the applicant completed the form.

(18) The signature of the owner.

(19) Complete Sales and Use Tax information.

(c) An outboard motor is an integral part of a boat and is subject to title and lien requirements. If any information pertaining to the outboard motor changes from that which the applicant provided in the original application, the applicant shall apply for a new title.

(d) The Commission will not process incomplete applications.

(e) The Commission will not issue a certificate of title for a boat that is registered or titled, or both, in another state or that is documented by the United States Coast Guard unless the application for title is accompanied by the current certificates of registration or title, or both, for the boat or evidence that the marine document for the boat is no longer in effect.

**CHAPTER 111. SPECIAL REGULATIONS
COUNTIES**

§ 111.9. Bucks County.

(a) *Lake Nockamixon*. The operation of boats powered by internal combustion motors is permitted. The use of motors in excess of 20 horsepower is prohibited.

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 65]

Fishing; Special Fishing Regulations

The Fish and Boat Commission (Commission) proposes to amend Chapter 65 (relating to special fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code).

A. *Effective Date*

The proposed rulemaking, if approved on final-form rulemaking, will go into effect upon final-form publication in the *Pennsylvania Bulletin*.

B. *Contact Person*

For further information on the proposed rulemaking, contact Laurie E. Shepler, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fishandboat.com.

C. *Statutory Authority*

The proposed amendment to § 65.24 (relating to miscellaneous special regulations) is published under the statutory authority of section 2307 of the code (relating to waters limited to specific purposes).

D. *Purpose and Background*

The proposed rulemaking is designed to improve, enhance and update the Commission's fishing regulations. The specific purpose of the proposed amendment is described in more detail under the summary of proposal.

E. *Summary of Proposal*

Harveys Lake is a 658-acre natural lake in Luzerne County. It is one of the few lakes in this Commonwealth managed as a put, grow and take stocked trout fishery. Brown trout survive year-round in Harveys Lake and commonly reach weights in excess of 10 pounds. The Commission established a miscellaneous special regulation to protect this fishery in 1998. Under this regulation, Harveys Lake is closed to all fishing for a 2-week period from April 1 to the opening day of trout season. Trout harvest is permitted at all other times of the year. The creel limit is 3 trout per day, only one of which may exceed 18 inches in length.

Commission law enforcement personnel have received numerous requests to open Harveys Lake to year-round fishing. In addition to trout, Harveys Lake supports excellent fisheries for Black Bass, Walleye, Yellow Perch,

Rock Bass and Bluegill. Bass anglers in particular would appreciate this proposed amendment because Harveys Lake is one of the few lakes in the region large enough to support power boating.

Allowing year-round fishing will benefit Harveys Lake anglers. It also will benefit stream anglers because it will allow the Commission to stock Harveys Lake in March, thus freeing up a stocking trip closer to opening day for a stream that has trout residency problems. However, opening Harveys Lake to year-round fishing will also require a change in harvest dates. Currently, Harveys Lake is open to trout harvest from March 1 to March 31. Trout harvest should be prohibited from March 1 to opening day to make Harveys Lake consistent with other stocked trout waters that are open to year-round fishing. The closure to harvest is also necessary to allow recently stocked trout to avoid rapid harvest and grow to large sizes.

In summary, the two proposed amendments to the miscellaneous special regulation are to open Harveys Lake to year-round fishing and prohibit the harvest of trout from March 1 to opening day of trout season. The Commission proposes that § 65.24 be amended to read as set forth in Annex A.

F. *Paperwork*

The proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

The proposed rulemaking will not have adverse fiscal impacts on the Commonwealth or its political subdivisions. The proposed rulemaking will not impose new costs on the private sector or the general public.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about the proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

JOHN A. ARWAY,
Executive Director

Fiscal Note: 48A-273. No fiscal impact; (8) recommends adoption.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the

30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**LAND RECYCLING AND
ENVIRONMENTAL REMEDIATION**

**UNDER ACT 2, 1995
PREAMBLE 1**

**Acknowledgment of Notices of Intent to Remediate
Submitted under the Land Recycling and Envi-
ronmental Remediation Standards Act (35 P.S.
§§ 6026.101—6026.907)**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation

to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure

that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

GP1-46-0251: Arkema Inc. (900 First Avenue, King of Prussia, PA 19406) On November 8th 2016 for the installation and operation of a Cleaver-Brooks (CBEX-700-600-200St) 25.1 MMBtu/hr Gas-Fired Boiler in Upper Merion Township, **Montgomery County**.

AMS IP16-000234: Philadelphia Energy Solutions (PES) (3144 Passyunk Avenue, Philadelphia, PA 19145) for the amendment of Plan Approval No. 15232 to authorize the use of Emission Reduction Credits (ERCs) for Plan Approval No. 15232 and the Tier 3 Project. This plan approval was issued September 22, 2016 for several operational and process changes to be made at the facility in order to comply with the U.S.E.P.A. Tier 3 gasoline standards. PES was required to obtain 45.1 tons of Nitrogen Oxide (NO_x) ERCs and 38.1 tons of Volatile Organic Compound (VOC) ERCs as part of the plan approval in order to comply with the offset requirements of 25 Pa. Code § 127.206(d). To satisfy these requirements, it is proposed to amend this plan approval to incorporate conditions which retire 45.1 tons of NO_x ERCs and 40.55 tons of VOC ERCs which PES obtained to satisfy these requirements. PES obtained an extra 2.45 tons of VOC ERCs and is proposing to retire them so they will be available in the future.

Anyone affected by the proposed plan approval amendment may submit written comments or a request for a public hearing by mail to Air Management Services, 321 University Avenue, 2nd Floor, Philadelphia, PA 19104, Attn: Debra Williams within thirty (30) days from today. Comments received by facsimile will not be accepted.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401.

Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920.

46-00001: JBS Souderton Inc. (741 Souder Road, Souderton, PA 18964), located in Franconia Township, **Montgomery County**. This action is a renewal of the

Title V Operating Permit; the current permit will expire on November 28, 2016. The facility is a meat-packing and rendering plant, which emits major levels of Nitrogen Oxides (NO_x) from the boilers on site. The renewal contains all applicable requirements including monitoring, recordkeeping and reporting. The sources at this facility are not subject to Compliance Assurance Monitoring (CAM) pursuant to 40 CFR Part 64 because the existing control devices are not used to reduce emissions for which the facility is major (NO_x). The requirements of 40 CFR Part 63 Subpart JJJJJJ applicable to liquid fuel-fired units have been added to the renewal permit for the York Shipley Boiler (Source ID 031), and the Keeler Boilers (Source ID 033 and 034); the facility will no longer restrict the multi-fuel boilers fuel use to natural gas only. The RACT II requirements of 25 Pa. Code §§ 129.96—125.100 are also addressed with this renewal permit.

15-00010: ArcelorMittal Plate, LLC (139 Modena Road, Coatesville, PA 19320), for the modification of the Title V Operating Permit in Coatesville Borough, **Ches-ter County**. This permit is being modified in accordance with 25 Pa. Code § 127.542 and incorporates the RACT Phase II requirements into the existing operating permit in accordance with 25 Pa. Code § 129.99 (a) [Alternate RACT proposal]. The facility recycles steel and reforms it into steel slabs or steel ingots. The facility is both major for NO_x emissions and VOC emissions. The following sources are subject to case-by-case RACT II regulations: the EMS Boiler (Source ID 055), the “D” Electric Furnace (104), the BHT Furnaces 2—8, & 10 (Source ID 136), the 145’ NAB Furnace (Source ID 146A), the 200’ NAB Furnace (Source ID 146B), and Soaking Pits # 35—# 49 (Source ID 151). These RACT II revisions will be submitted to EPA for review and approval to be added to the State implementation plan. The modification of this operating permit does not authorize any increase in air emissions of any regulated pollutants above previously approved levels. The permit includes monitoring, recordkeeping, and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

36-05002: Armstrong Flooring, Inc. (P.O. Box 3001, Lancaster, PA 17604) for operation of their flooring manufacturing plant in the City of Lancaster, **Lancaster County**. Actual emissions from the facility in 2015 were estimated at 6.60 tons CO, 16.55 tons NO_x, 6.29 tons PM₁₀, 6.29 tons PM_{2.5}, 0.95 ton SO_x, 24.10 tons VOC, 0.18 ton of a single HAP (glycol ethers), and 0.28 ton of combined HAPs. The Title V Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR 60 Subpart Dc—Standards of Performance for Small Industrial—Commercial-Institutional Steam Generating Units, 40 CFR 63, Subpart JJJJJJ—National Emission Standards for Hazardous Air Pollutants for Area Sources: Industrial, Commercial, and Institutional Boilers, 40 CFR 63, Subpart KK—National Emission Standards for the Printing and Publishing Industry, & 40 CFR 63, Subpart ZZZZ—

53-00008: National Fuel Gas Supply Corporation (6363 Main Street, Williamsville, NY 14221-5855) to issue a modified Title V Operating Permit for their facility located in Wharton Township, **Potter County**. The facility is currently operating under Title V Operating Permit 53-00008. This operating permit revision is to limit the facility-wide volatile organic compound emissions from the East Fork Compressor Station to no more than 45.00 tons in any 12 consecutive month period. The Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions. No emission or equipment changes are being proposed by this action. The emission limits, throughput limitations and work practice standards along with testing, monitoring, record keeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department’s Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

Intent to Issue Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter F.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401.

23-00222: William Lombardo Funeral Home, Inc. (33 West Baltimore Avenue, Clifton Heights, PA 19018) for an initial Non-Title V Facility, State-Only, Natural Minor Permit of a Matthews Animal Cremation Unit, rated at 100 lb/hr, at an existing funeral home in Clifton Heights Borough, **Delaware County**. The cremation unit is equipped with an afterburner and an opacity monitor. Emissions of PM shall remain below 0.08 grain per dry standard cubic feet, corrected to 7 percent O₂. Emissions of SO_x shall remain below 500 ppmv. The operating permit will contain monitoring, recordkeeping, and operating conditions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Contact: Raymond Kempa, New Source Review Chief—Telephone: 570-826-2507.

35-00004: Cascade Tissue Group PA Inc. (1 Main St, Ransom, PA 18653) intends to issue a State Only (Synthetic Minor) Operating Permit for their facility located in Ransom Township, **Lackawanna County**. The facility is currently operating under Title V Operating Permit 35-00004; however, the permittee has requested voluntary emissions caps in order for the facility to be designated as a Synthetic Minor and below major source thresholds to avoid RACT 2 applicability. The sources at the facility

include two (2) natural gas-fired boilers, one (1) 49 MMBtu/hr and one (1) 43 MMBtu/hr, two (2) natural gas-fired hoods, one (1) 14 MMBtu/hr and one (1) 15 MMBtu/hr, two (2) felt washing processes, two (2) wire wash processes, and one (1) defoamer.

The proposed permit contains applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

56-00011: New Enterprise Stone and Lime Co./Central City Sand Plant (417 Sand Plant Road, Cairnbrook, PA 15824) for the operation of a sand processing plant located in Shade Township, **Somerset County**. The subject facility consists of the following processing equipment: six crushers, four screens, one sand classifier and transfer belts. The facility is limited to 1,000,000 tons of product per consecutive 12-month period. The facility also operates two diesel generators: Caterpillar 3508, rated at 1089 bhp and a Caterpillar D398 rated at 939 bhp. The 939 bhp engine is limited to 3,500 hours per consecutive 12-month period. The facility has the potential to emit: 98.9 tpy NO_x; 18.3 tpy SO_x; 8.0 tpy CO; 1.10 tpy VOC; 66.61 tpy PM and 23.91 PM₁₀. The proposed authorization is subject to State and Federal Regulations (40 CFR Part 60, Subpart OOO). The permit includes additional operation requirements, monitoring requirements, and recordkeeping requirements.

32-00335: C&J Energy Services, Inc./Black Lick Facility (Route 119 North, Black Lick, PA 15716) for the manufacturing of hydraulic cement for use in the gas and oil industry located in Black Lick Township, **Indiana County**. The subject facility consists of one cement silo, two sand silos, one blend tank, one scale tanks and an hydrochloric storage tank used to store materials used for oil and gas well isolation. The facility has the potential to emit 52.11 tpy PM. This facility is subject to the applicable requirements of 25 Pa. Code Chapters 121—145. Proposed SOOP includes conditions relating to applicable emission restrictions, testing, monitoring, recordkeeping, reporting and work practice standards requirements.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481.

Contact: David Balog, New Source Review Chief—Telephone: 814-332-6328.

61-00228: AM Stabilizers Corporation (705 Silhavy Road, Valparaiso, IN 46383), the Department intends to issue a new Natural Minor Operating Permit to operate the Plastics Materials and Resins Plant in Sugarcreek Borough, **Venango County**. The facility's primary emission sources include packaging, Reactors and Tanks, smaller sources and miscellaneous cold cleaning degreasers. The Reactors and Tanks are controlled by scrubbers and condensers. The emissions from this facility combined with the emissions from OMG are less than 49.9 TPY of VOC, less than 9.9 TPY of individual HAPs, and less than 24.9 TPY of combined HAPs. The sources were previously owned and operated by OMG Americas. The existing requirements from OMGs permit were added to AM Stabilizers permit. The facility is a synthetic minor.

PLAN APPROVALS

Receipt of Plan Approval Applications and Intent to Issue Plan Approvals, and Intent to Issue Amended Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter B And Subchapter F. These actions may include the administrative amendments of an associated operating permit.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

40-00005D: UGI Development Co. (390 Route 11, PO Box 224, Hunlock Creek, PA 18621) for their facility located Hunlock Township, **Luzerne County**.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), that the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to UGI Development Co. (390 Route 11, PO Box 224, Hunlock Creek, PA 18621) for their facility located in Hunlock Township, Luzerne County. This Plan Approval No. 40-00005D will be incorporated into a Synthetic Minor Permit through an administrative amendment at a later date.

Plan Approval No. 40-00005D is for the modification to the Duct Burner hour limit for the following equipment:

- Two GE LM6000 PC-Sprint CTGs.
- Two (2) supplementary natural gas-fired HRSGs with separate exhaust stacks (one for each Combustion Turbine ("CT"))

The proposed emission control systems are carbon monoxide ("CO") oxidation catalyst and selective catalytic reduction ("SCR") systems.

The source main emissions for the new sources are NO_x, CO, and VOC. The new sources will meet all applicable requirements. The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the address shown in the preceding paragraph. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit No.: 40-00005D and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Ray Kempa, Chief, New Source Review Section, Air Quality Program,

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); The Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Received

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100.

30831303 and NPDES No. PA0013511. Cumberland Contura, LLC, (158 Portal Road, PO Box 1020, Waynesburg, PA 15370). To transfer the permit for the Cumberland Mine in Center, Franklin, Greene, Perry, Wayne and Whiteley Townships, **Greene County** and related NPDES from Cumberland Coal Resources, LP. No additional discharges. The application was considered

administratively complete on November 16, 2016. Application received September 8, 2016.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.

Permit No. 56860104 and NPDES No. PA0597601. Rosebud Mining Co., 301 Market Street, Kittanning, PA 16201, permit renewal for reclamation only of a bituminous surface mine in Brothersvalley and Summit Townships, **Somerset County**, affecting 507.0 acres. Receiving streams: unnamed tributaries to and Blue Lick Creek classified for the following use: cold water fishes. There are no potable water supply intakes within 10 miles downstream. Application received: November 4, 2016.

Permit No. 29160101 and NPDES No. PA0279285. J&J Svonavec Excavating, Inc., 618 Samuels Road, Somerset, PA 15501, commencement, operation and restoration of a bituminous surface mine in Wells and Broad Top Townships, **Fulton and Bedford Counties**, affecting 66.0 acres. Receiving stream: Great Trough Creek classified for the following use: trout stocked fishes. There are no potable water supply intakes within 10 miles downstream. Application received: November 4, 2016.

The application includes a wetland encroachment to mine through and replace 0.222 acre of wetlands.

The application also includes a request for a Section 401 Water Quality Certification.

Permit No. 05160101 and NPDES No. PA0279447. J&J Svonavec Excavating, Inc., 618 Samuels Road, Somerset, PA 15501, commencement, operation and restoration of a bituminous surface mine in Broad Top, Wood, and Wells Townships, **Bedford, Huntingdon, and Fulton Counties**, affecting 95.0 acres. Receiving stream: Great Trough Creek classified for the following use: trout stocked fishes. There are no potable water supply intakes within 10 miles downstream. Application received: November 4, 2016.

The application includes a stream encroachment to utilize an existing stream crossing on the haul road within the barrier area of unnamed tributary to Great Trough Creek.

Permit No. 32050106 and NPDES No. PA0249823, Beth Contracting Inc., 815 Rock Run Road, Glen Campbell, PA 15742, commencement, operation and restoration of a bituminous surface mine to change the land use from forestland to unmanaged natural habitat in Glen Campbell Borough, **Indiana County**, affecting 56.1 acres. Receiving streams: Brady Run and unnamed tributaries to Cush Creek classified for the following use: cold water fishes. There are no potable water supply intakes within 10 miles downstream. Application received: November 8, 2016.

New Stanton District Office: 131 Broadview Road, New Stanton, PA 15672, 724-925-5500.

30080201 and NPDES Permit No. PA0251470. Shannopin Materials, LLC (103 Corporate Drive, Suite 102, Morgantown, WV 26501). Revision application for deleting Sub-Chapter F monitoring points, delete acres, and revise the NPDES and mining operation to an existing bituminous coal refuse reprocessing surface mine, located in Monongahela Township, **Greene County**, affecting 10.9 acres. Receiving streams: unnamed tributaries to Monongahela River, classified for the following use: WWF. The potable water supplies intake within 10 miles downstream from the point of discharge: Dunkard Valley

Water Authority and Masontown Water Works. Application received: November 14, 2016.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118.

Permit No. 54020101R3. Summit Anthracite, Inc., (196 Vista Road, Klingertown, PA 17941), renewal of an existing anthracite surface mine operation in Porter and Hegins Townships, **Schuylkill County** affecting 325.5

acres, receiving stream: Rausch Creek, classified for the following use: cold water fishes. Application received: November 4, 2016.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118.

Permit No. 66040803. Ernest C. Lynn, (225 State Route 1002, Tunkhannock, PA 18657), Stage I & II bond release of a quarry operation in Tunkhannock Township, **Wyoming County** affecting 1.0 acre on property owned by Ernest C. Lynn. Application received: October 31, 2016.

Permit No. 58090828. Ronald A. Sondesky, (2616 Gage Road, Lawton, PA 18828), Stage I & II bond release of a quarry operation in Rush Township, **Susquehanna County** affecting 1.0 acre on property owned by Ronald A. Sondesky. Application received: October 31, 2016.

Permit No. 58040805. Patricia Peltz, (1383 Wildenberg Road, Union Dale, PA 18470), Stage I & II bond release of a quarry operation in Clifford Township, **Susquehanna County** affecting 2.0 acres on property owned by Patricia Peltz. Application received: November 14, 2016.

Permit No. 64020810. Star Pond, LLC, (315 Old Route 10, Deposit, NY 13754), Stage I & II bond release of a quarry operation in Scott Township, **Wayne County** affecting 2.0 acres on property owned by Judith V. Fulmer and Christopher G. Fulmer. Application received: November 14, 2016.

Permit No. 58010850. James J. Foltz, (1353 Wright Road, Kingsley, PA 18826), Stage I & II bond release of a quarry operation in Brooklyn Township, **Susquehanna County** affecting 1.0 acre on property owned by Chad Hollenbeck. Application received: November 14, 2016.

Permit No. 58980819. Harvey & Sharon Rosenkrans, (19179 State Route 29, Montrose, PA 18801), Stage I & II bond release of a quarry operation in Franklin Township, **Susquehanna County** affecting 3.0 acres on property owned by Harvey & Sharon Rosenkrans. Application received: November 14, 2016.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse

disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91–96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.

NPDES No. PA0279439 (Mining Permit No. 32150102), Coal Loaders, Inc., 210 East Main Street, P.O. Box 556, Ligonier, PA 15658-0556, new NPDES permit for discharges resulting from surface coal mining in West Wheatfield Township, **Indiana County**, affecting 122.0 acres. Receiving streams: unnamed tributaries to/and Blacklick Creek, classified for the following use: cold water fishes. This receiving stream is included in the Kiski-Conemaugh TMDL. Application received: October 19, 2016.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

There are no proposed surface discharges from the facilities listed below due to the implementation of non-discharge alternatives.

The outfalls listed below will be using non-discharge alternatives:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
001 (Treatment Pond 1)	Y
002 (Treatment Pond 2)	Y
003 (Treatment Pond 3)	Y
004 (Sediment Pond 1)	Y
005 (Sediment Pond 2)	Y
006 (Sediment Pond 3)	Y
007 (Sediment Pond 4)	Y
008 (Sediment Trap 1)	Y

NPDES No. PA0279421 (Mining Permit No. 32150101), Amerikohl Mining, Inc., 202 Sunset Avenue, Butler, PA 16001, new NPDES permit for discharge of water due to surface coal mining activities in West Wheatfield Township, **Indiana County**, affecting 50.5 acres. Receiving streams: unnamed tributary to/and Roaring Run, classified for the following use: cold water fishes. This receiving stream is included in the Kiski-Conemaugh TMDL. Application received: October 7, 2016.

The outfalls listed below discharge to unnamed tributary to/and Roaring Run:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
001 (Treatment Pond 1)	Y
002 (Treatment Pond 2)	Y
003 (Treatment Pond 3)	Y
004 (Sediment Pond 1)	Y
005 (Sediment Pond 2)	Y
006 (Sediment Pond 3)	Y

The proposed effluent limits for the above listed outfalls are as follows:

<i>Outfalls: 001, 002, & 003 (All Weather Conditions)</i>	<i>30-Day</i>	<i>Daily</i>	<i>Instant.</i>
<i>Parameter</i>	<i>Average</i>	<i>Maximum</i>	<i>Maximum</i>

NPDES No. PA0249793 (Mining Permit No. 56050105), Svonavec, Inc., 2555 New Centerville Road, Rockwood, PA 15557, renewal of an NPDES permit for surface mining of coal in Milford Township, **Somerset County**, affecting 273.6 acres. Receiving streams: unnamed tributaries to South Glade Creek and unnamed tributaries to Middle Creek, classified for the following uses: warm water fishes and trout stocked fishes. This receiving stream is included in the Casselman River TMDL. Application received: March 28, 2016.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200.

NPDES No. PA0257028 (Mining permit no. 17080118), Waroquier Coal Company, P.O. Box 128, 3056 Washington Avenue, Clearfield, PA 16830, renewal of an NPDES permit for a bituminous surface coal mining in Lawrence Township, **Clearfield County**, affecting 53.0 acres. Receiving stream(s): Unnamed Tributaries to West Branch Susquehanna River, classified for the following use(s): CWF. West Branch Susquehanna River TMDL. Application received: October 3, 2016.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

The outfall(s) listed below discharge to Unnamed Tributary No. 1a to West Branch Susquehanna River:

<i>Outfall No.</i>	<i>New Outfall (Y/N)</i>

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northcentral Region: Waterways & Wetlands Program Manager, 208 West Third Street, Williamsport, PA 17701, 570-327-3636.

E55-232. Lawrence V. Smith, 43 Smithfield Lane, Freeburg, PA 17827. Smith Bridge Crossing, in Washington Township, **Snyder County**, ACOE Baltimore District (Latitude: 40°45'1.7"; Longitude: 76°57'37.22").

The applicant is applying for a Small Projects Joint Permit and proposes to construct a bridge crossing over Susquehecka Creek, Cold Water Fishery and Wild Trout

Waters. The bridge structure is intended to span from bank to bank and the abutments are shown to be beyond the top of bank. Minor fill will be placed for each approach. The intended span of the structure is 46 ft with a width of 12 ft and an underclearance of 7 feet. The intended plans do not show any instream disturbance. This project is located 1.4 mile west of Freeburg, in Washington Township, Snyder County.

Northwest Region: Waterways and Wetlands Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E10-505, PA Department of Transportation, District 10-0, 2550 Oakland Avenue, Indiana, PA 15701. S.R. 4017, Section 290, Segment 0010, Offset 0824 across Muddy Creek, in Muddy Creek Township and Worth Township, **Butler County**, ACOE Pittsburgh District (Portersville, PA Quadrangle N: 40°, 57', 47"; W: 80°, 07', 44").

The project includes construction of a new connector road, S.R. 4017, between westbound S.R. 0422 and North Shore Drive. A new loop ramp, S.R. 8002/Ramp L, from eastbound S.R. 4022 to West Park Road will be built to facilitate access to the North Shore of Moraine State Park. The new S.R. 4017 connector road will replace the deteriorating S.R. 8002/Ramp J access road and bridge over Muddy Creek in a new location. The existing single-span steel stringer/girder bridge will be removed and replaced with a new single-span concrete beam girder bridge with integral abutments. The purpose of the project is to facilitate access from S.R. 0422 and Interstate-79 to the North Shore facilities of Moraine State Park, and to improve response times for emergency service providers. The project includes the following activities:

1. To remove and replace the existing single-span steel stringer/girder bridge (span: 49.25-ft, width: 23.25-ft) with a single-span concrete girder bridge having a span of 143.00-ft and a width of 33.38-ft.
2. To permanently impact 50-ft of an unnamed tributary to Muddy Creek to accommodate the fill slopes around the abutment of the proposed bridge structure. This activity will result in a total loss of UNT-1. The applicant proposes stream mitigation along the banks of Muddy Creek to restore the existing riparian corridor. Additionally, the existing S.R. 8002/Ramp J connector road will be removed and the area surrounding Muddy Creek will be replanted with a native seed mix.
3. To permanently impact 0.004-acre of PEM wetland and temporarily impact 0.005-acre of PEM wetland. Permanent wetland impacts will occur as a result of the fill proposed to construct the new connector road, S.R. 4017.
4. To temporarily impact 187 linear feet of Muddy Creek to install stream diversion (sandbag diversion dam or concrete barriers) to facilitate construction of the proposed structure and demolition of the existing structure.

STORAGE TANKS SITE-SPECIFIC INSTALLATION PERMITS

The following Storage Tank Site-Specific Installation Permit application has been received by the Department of Environmental Protection (Department) and is currently under review. Persons wishing to comment on the proposed permit are invited to submit a statement to the Bureau of Environmental Cleanup and Brownfields, Division of Storage Tanks, PO Box 8762, Harrisburg, PA 17105-8762, within 30 days from the date of this publication. Comments may also be submitted via email to tanks@pa.gov. Comments received within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of the comment and the relevant facts upon which it based.

The following applications have been received for Storage Tank Site-Specific Installation Permits under the authority of the Storage Tank Spill Prevention Act (35 P.S. §§ 6021.304, 6021.504, 6021.1101—6021.1102) and under 25 Pa. Code Chapter 245, Subchapter C.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

*General Permit Type—PAG-12***CAFO Notice of Lifting of Suspension and Authorization to Operate Under NPDES Permit PAG126101**

Southwest Regional Office: Regional Clean Water Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745. Phone: 412.442.4000.

NPDES Permit No. PAG126101, CAFO, Keith & Denise Leydig, 594 Cumberland Highway, Berlin, PA 15530.

This proposed facility is located in Brothersvalley Township, **Somerset County**.

The Department issued NPDES permit PAG126101 to Keith and Denise Leydig on August 12, 2016 without first publishing notice in the *Pennsylvania Bulletin* that the Department had received a Notice of Intent (NOI) seeking coverage under the Department's PAG-12 NPDES general permit for Concentrated Animal Feeding Operations (CAFOs) regarding the above-referenced project. The Department received the NOI on May 20, 2016 and published notice of issuance of PAG126101 in the *Pennsylvania Bulletin* on August 27, 2016. Accordingly, the Department suspended coverage and authorization to operate under PAG126101 by Administrative Order dated September 6, 2016. Notice in the *Pennsylvania Bulletin* published on September 24, 2016 provided that comments were sought on the NOI requested coverage under PAG-12 for a thirty day time period. The Department received no comments during that time period. Accordingly, the Department reinstated coverage and authorization to operate under PAG126101 by letter dated October 28, 2016.

Description of size and scope of proposed operation/activity: The applicants propose to construct a barn for 4,800 head swine with an underhouse deep pit for manure storage (81.5' x 501' x 5') having a capacity of 1,744,680 gallons with 6" freeboard and provide storage for approximately 288 days. No in-field sacking of manure planned for this operation. Mortalities will be composted in a proposed roofed mortality composting building adjacent to the swine finishing barn. Layer manure will be imported onto the operation for both land applications and mortality composting. A Nutrient Management Plan (NMP) was approved by the Somerset County Conservation District on May 4, 2016. An E & S Control Plan was approved by the Somerset County Conservation District on June 15, 2016. A Preparedness, Prevention and Contingency Plan (PPCP) was also submitted to the Department along with the NOI. Total acres available for nutrient application under operator's control as reported in the NMP are 456.5 acres, of which 112.9 acres owned and 343.6 acres rented by the owner. The manure is applied to various farm lands during fall and spring. According to NMP, estimated total manure produced will be 1,744,680 gallons/year.

The receiving stream, Swamp Creek, is in watershed 19-F and classified for: Cold Water Fishes.

The proposed effluent limits for the operation/activity include: Except for the chronic or catastrophic rainfall events defined as over the 25-year/24-hour rain storms, the CAFO general permit is a non-discharge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with the Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the state narrative water quality standards.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Plan Description: The approved plan provides for the installation of a Wastewater Treatment Plant to be located at 3945 Sardis Road, Plum Township, Allegheny County. The facility is intended to treat 400 gallons per day of sanitary waste from a single residence. The proposed discharge is to an unnamed tributary of Plum Creek designated under Chapter 93 for Warm Water Fishes. This approval was granted in part based on the Department's Water Quality Antidegradation Implementation Guidance policy. The approved sewage facility plan, evaluated all non-discharge alternatives and determined no environmentally sound and cost effective non-discharge alternative is available under subsection (b)(1)(i)(A).

The Department's review of the sewage facility plan has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of Albert & Brittany Daisley.

Plan Description: The approved plan provides for construction of approximately 12,300 feet of gravity sewers to collect sewage from 58 existing EDU's, conveying it to a new pump station to be constructed along the east side of Crago Lane. This pump station will convey the sewage through approximately 4,800 feet of force main to existing manhole G38 along Keystone Hill Road, where it will flow through the existing sewerage system to the Moshannon Valley Joint Sewer Authority's sewage treatment plant. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Stan-

dards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

Southeastern Region: Waterways & Wetlands Program, 909 Elmerton Avenue, Harrisburg, PA 17110, Ed Muzic, Section Chief, 717.705.4802.

E22-628: The Township of Derry, 600 Clearwater Road, Hershey, PA 17033 in Derry Township, **Dauphin County**, U.S. Army Corps of Engineers, Baltimore District.

To install, operate, and maintain pedestrian improvements on SR 2018 and T-503 (Walton Ave and Mae St. respectively) at the SR 0039 (Hershey Park Dr.) intersection (Lat: 40° 16' 14.4" N, Long: 76° 41' 16.1" W) in the floodway of an unnamed tributary to Swatara Creek (WWF, MF).

E67-922: Dillsburg Borough, 1515 Baltimore Street, Dillsburg, PA 17019 in Dillsburg Borough, **York County**, U.S. Army Corps of Engineers, Baltimore District.

To perform work on West Branch Fishers Run (CWF, MF) (Dillsburg Quadrangle 40° 6' 32.3" N, 77° 1' 41.8" W). The applicant proposes to construct a 16-foot by 8-foot single span bridge stream crossing, approximately 615 feet of pervious pavement as a walking path, two 20-foot by 20-foot pervious pavement pads, one 17-foot by 27-foot pervious pavement pad, and associated grading with approximately 300 cubic yards of fill. The total disturbed area for the bridge and walking trail is approximately 28 hundredths of an acre (0.28 ac). There are no proposed wetland impacts.

Tennessee Gas Pipeline Company (TCP) has applied for a Standard—Joint Permit Application to construct, operate and maintain 8.1-miles of 36-inch diameter natural gas pipeline for their 300-line loop along Bear Wallow Branch, Left Straight Run, Wildcat Hollow, Right Straight Run, Spoor Hollow Brook, Catlin Hollow Creek, and Baldwin Run in Tioga County. The project will also be modifying one existing compressor station CS 315—Charleston Township.

The total estimated stream impacts for the project are approximately 535 ft of permanent impacts and 37,989 ft (0.872 acre) of temporary impacts. The total estimated wetland impacts for the project are approximately 10,679 ft (0.245 acre) of permanent impacts and 37,989 ft (0.872 acre) of temporary impacts.

All in-stream pipeline construction activities shall be performed in dry work conditions by directional drilling, boring, dam and pumping, fluming or diverting stream flow around the work areas. All of the streams to be impacted by the project either support wild trout populations or are tributaries to streams that are designated as wild trout streams. Therefore, in-stream work restrictions will apply from October 1 to December 31. In addition, Right Straight Run and its UNT and Baldwin Run are identified as Class A wild trout streams. Therefore, in-stream work restrictions will be extended from October 1 to April 1 for these streams to minimize impacts to trout spawning.

E17-497. Plenary Walsh Keystone Partners, 2000 Cliff Mine Road, Park West Two, 3rd Floor, Pittsburgh PA 15275. SR 0219, Section A14, Bridge to Box Culvert Replacement Project, Bell Township, **Clearfield County**. USACOE Baltimore District (McGees Mills, PA Quadrangle Latitude: 41° 53' 05.6"; Longitude: 78° 45' 23.7").

Department authorization giving consent to (1) remove the existing single span bridge that carries SR 0219, Section A14, Bridge across Whiskey Run (2) realign 80-feet of unnamed tributary channel, and (3) construct, operate and maintain a box culvert to carry SR 0219, Section A14, across Whiskey Run. The channel change of the unnamed tributary Run shall be limited to maximum 65-linear feet that shall result in successful establishment of a stable realigned channel and overbank areas. The box culvert to carry SR 0219 across Little Whiskey Run shall be constructed to minimally have a span of 30-feet and rise of -feet with invert depression of 1-foot. The project is located along the western right-of-way of SR 0219 approximately 0.64-mile east of SR 0036 and SR 0219 intersection in Bell Township, Clearfield County.

Has been given consent to:

1. Operate and maintain fill in a 0.02 ac PEM wetland (aka "Wetland B");

2. Operate and maintain fill in a 0.03 ac PEM wetland (aka "Wetland C");

3. Operate and maintain a 48" corrugated HDPE pipe in 100 linear feet (LF) of an Unnamed Tributary to Chartiers Creek (aka "Stream 1");

4. Operate and maintain fill in 60 LF of another UNT to Chartiers Creek (aka "Stream 2");

5. Operate and maintain fill in 30 LF of the floodway of another UNT to Chartiers Creek (aka "Stream 3");

6. Operate and maintain fill in 75 LF of another UNT to Chartiers Creek (aka "Stream 4");

7. Operate and maintain a 24" corrugated HDPE pipe in 186 LF of another UNT to Chartiers Creek (aka "Stream 7"); and

8. Operate and maintain fill in 95 LF of another UNT to Chartiers Creek (aka "Stream 8"),

For the purpose of constructing apartments, townhouses and two commercial pads for future sale and development within a 34-acre land parcel which will include site grading, installation of paved areas and the construction of buildings. The project will cumulatively result in 0.05 acre of permanent wetland impact and 466 linear feet of permanent stream impact. Mitigation for these permanent impacts includes 179 linear feet of onsite stream restoration on a UNT to Chartiers Creek (aka Stream 7); 0.10 acre of onsite PEM wetland creation along a UNT to Chartiers Creek (aka Stream 1) and approximately 950 linear feet of offsite stream restoration and streambank fencing along and within an Unnamed Tributary of Buffalo Creek (HQ-WWF) (Buffalo Township). The project is located near the intersection of Racetrack Road and State Route 19 (Quadrangle: Washington East, PA; Latitude: 40° 12' 48"; Longitude: -80° 11' 27"; Sub-basin: 20F; Chapter 93 Type: WWF) in North Strabane Township, Washington County.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street,

PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Proposed State Water Quality Certification Required by Section 401 of the Clean Water Act for the Columbia Gas Transmission, LLC, Tri-County Bare Steel Pipeline Replacement Project

Southwest Region: Waterways & Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222, Rita A. Coleman, 412-442-4000.

PADEP File No. EA30-004-A1, Columbia Gas Transmission, LLC (Applicant), 1700 S MacCorkle Avenue, SE, Charleston, WV 25314. Tri-County Bare Steel Pipeline Replacement Project (Project), in **Greene, Washington and Allegheny Counties**, in ACOE Pittsburgh District. Within Greene County, this project begins approximately 0.25 mile south of the intersection between Hagan Creek Road and Hero Road (Wadestown, W.VA-PA USGS topographic quadrangle; Latitude: 39° 43' 17.45"; Longitude: -80° 21' 0.48"), in Gilmore Township, Greene County, through Center and Wayne Townships (Holbrook, PA and Oak Forest, PA USGS topographic quadrangles), and ends approximately 0.32 mile East of where S.R. 18 crosses over South Fork Tenmile Creek (Waynesburg, PA USGS topographic quadrangle; Latitude: 39° 53' 45.27"; Longitude: -80° 13' 2.09"), in Franklin Township, Greene County. Within Washington County, this project begins near the interchange between S.R. 40 and I-79 (Washington East, PA USGS topographic quadrangle; Latitude: 40°

8' 53.01"; Longitude: -80° 12' 11.92"), in Amwell Township, Washington County, and continues, in discontinuous segments, through Canonsburg and Houston Boroughs, and Chartiers, North Strabane and South Strabane Townships, until a point that is approximately 0.5 mile NW of the intersection between Reissing Road and Cecil Reissing Road (Canonsburg, PA USGS topographic quadrangle; Latitude: 40° 20' 59.51"; Longitude: -80° 12' 14.91"), in Cecil Township, Washington County. Within Allegheny County, this project begins approximately 1,360' west of the intersection between Reissing Road and Cecil Reissing Road (Canonsburg, PA USGS topographic quadrangle; Latitude: 40° 21' 9.72"; Longitude: -80° 12' 14.42"), in South Fayette Township, Allegheny County, and ends near the intersection of North Branch Road and Third Ave (Oakdale, PA USGS topographic quadrangle; Latitude: 40° 24' 45.58"; Longitude: -80° 12' 33.42"), in North Fayette Township, Allegheny County.

On February 20, 2015, applicant filed an application with the Federal Energy Regulatory Commission (FERC) under Section 7 of the Natural Gas Act (15 U.S.C. § 717f) seeking a certificate of public convenience and necessity to construct and operate its Project (FERC Docket No. CP15-95-000). The FERC Environmental Assessment for the Project, which was issued on September 14, 2015, may be viewed on FERC's website at www.ferc.gov (search eLibrary; Docket Search; CP15-95-000).

On July 28, 2015, Applicant requested a state water quality certification from the Pennsylvania Department of Environmental Protection (PADEP), as required by Section 401 of the Clean Water Act (33 U.S.C. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania through compliance with State water quality standards and associated State law requirements, which are consistent with the requirements of the Clean Water Act. State water quality certification was granted on March 23, 2016 (DEP File No. EA30-004).

The previously authorized Project included replacing 34 miles of 20-inch-diameter bare steel piping with coated steel pipeline at the following locations:

- Segment 1: replace approximately 14 miles with 14.9 miles from the Hero Valve to Waynesburg Compressor Station in Greene County.
- Segment 2: replace approximately 8 miles with 10.7 miles from the Redd Farm Station to Sharp Farm Station in Washington County.
- Segment 3: replace approximately 12 miles with 11.9 miles from the Sharp Farm Station in Washington County to the Walker Farm Station in Washington and Allegheny Counties.

The pipeline also included associated appurtenant facilities including bi-directional pig launcher/receivers, cathodic protection, main line valves, and taps. Construction activities were located within a 75'—100' right-of-way (ROW); however, a 50' permanent ROW will be

maintained, post construction. Some segments of the existing 20" diameter bare steel pipe of the Line 1570 gas pipeline, will remain and be maintained within the existing right-of-way, where service will be abandoned. The Project included approximately 484 acres of earth disturbance. In Greene County, the project cumulatively impacted approximately 4,643.79 linear feet (lf) of watercourse and 2.11 acres of wetland. Original grades were restored in these watercourses and the 2.11 acres of wetland, after the utility line crossings were constructed. In addition, another 0.09 acre of PEM wetlands were permanently filled, and were mitigated by a portion of the 0.71 acre of mitigation credits that were purchased from the Robinson Fork Mitigation Bank (DEP File No MB990563-0003). In Washington County, the project cumulatively impacted approximately 3,876.71 linear feet (lf) of watercourse and 4.92 acres of wetland. Original grades were restored in these watercourses and the 4.92 acres of wetland, after the utility line crossings were constructed. In addition, another 0.49 acre of PSS wetlands were permanently converted into PEM wetlands, were mitigated by a portion of the 0.71 acre of mitigation credits that were purchased from the Robinson Fork Mitigation Bank (DEP File No MB990563-0003). In Allegheny County, the project cumulatively impacted approximately 2,248.25 linear feet (lf) of watercourse and 0.48 acre of wetland. Original grades were restored in these watercourses and the 0.48 acre of wetland, after the utility line crossings were constructed.

Most recently, on July 19, 2016, Applicant requested a state water quality certification from the Pennsylvania Department of Environmental Protection (PADEP), as required by Section 401 of the Clean Water Act (33 U.S.C.A. § 1341) for proposed revisions to the previously approved line route, to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania through compliance with State water quality standards and associated State law requirements, which are consistent with the requirements of the Clean Water Act.

In order to amend the Project as approved by FERC, the applicant anticipates submitting a variance request under the same docket number. Once submitted, the request may be viewed on FERC's website at www.ferc.gov (search eLibrary; Docket Search; CP15-95-000).

The Project revisions to Segment 2 include an overall reduction in length of approximately 0.5 mile of 20-inch pipeline for the purpose of transporting natural gas from the Redd Farm Station to Sharp Farm Station in Washington County. The Project revisions to Segment 3 include an overall increase in length of 0.5 miles of 20-inch pipeline for the purpose of transporting natural gas from the Sharp Farm Station to the Walker Farm Station in Allegheny and Washington Counties. The Project, as proposed, will require:

- Segment 2: approximately 5.9 less acres of earth disturbance, and impacts to 149 linear feet of Redd Run, TSF and UNT to Chartiers Creek, WWF, 2 acres of floodway, and 0.13 acre of temporary wetland impacts. There are no additional permanent wetland impacts proposed.
- Segment 3: approximately 0.2 less acre of earth disturbance, and impacts to 0.33 linear feet of a UNT to Robinson Run, WWF, and 0.3 acre of floodway. There are no additional temporary or permanent impacts to wetlands proposed.

PADEP anticipates issuing a state water quality certification to Applicant for the Project revisions that will

require compliance with the following State water quality permitting programs, criteria and conditions established pursuant to State law to ensure the Project does not violate applicable State water quality standards set forth in 25 Pa. Code Chapter 93:

1. *Discharge Permit*—Applicant shall obtain and comply with a PADEP National Pollutant Discharge Elimination System (NPDES) permit for the discharge of water from the hydrostatic testing of the pipeline pursuant to Pennsylvania's Clean Streams Law (35 P.S. §§ 691.1—691.1001), and all applicable implementing regulations (25 Pa. Code Chapter 92a).

2. *Erosion and Sediment Control Permit*—Applicant shall obtain and comply with PADEP's Chapter 102 Erosion and Sediment Control General Permit for Earth Disturbance Associated with Oil and Gas Exploration, Production, Processing or Treatment issued pursuant to Pennsylvania's Clean Streams Law and Storm Water Management Act (32 P.S. §§ 680.1—680.17), and all applicable implementing regulations (25 Pa. Code Chapter 102).

3. *Water Obstruction and Encroachment Permits*—Applicant shall obtain and comply with a PADEP Chapter 105 Water Obstruction and Encroachment Permits for the construction, operation and maintenance of all water obstructions and encroachments associated with the project pursuant to Pennsylvania's Clean Streams Law, Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.), and all applicable implementing regulations (25 Pa. Code Chapter 105).

4. *Water Quality Monitoring*—PADEP retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by any operational and construction process that may be employed by Applicant.

5. *Operation*—Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by Applicant.

6. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of PADEP to determine compliance with this State Water Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be available for inspection by the PADEP during such inspections of the Project.

7. *Transfer of Projects*—If Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the PADEP Regional Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them.

8. *Correspondence*—All correspondence with and submittals to PADEP concerning this State Water Quality

Certification shall be addressed to the Department of Environmental Protection, Southwest Regional Office, Rita A. Coleman, Program Manager, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222.

9. *Reservation of Rights*—PADEP may suspend or revoke this State Water Quality Certification if it determines that Applicant has not complied with the terms and conditions of this certification. PADEP may require additional measures to achieve compliance with applicable law, subject to Applicant's applicable procedural and substantive rights.

10. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

11. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

Prior to issuance of the final state water quality certification, PADEP will consider all relevant and timely comments, suggestions or objections submitted to PADEP within 30 days of this notice. Comments should be directed to Rita Coleman at the above address or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD). Comments must be submitted in writing and contain the name, address and telephone number of the person commenting and a concise statement of comments, objections or suggestions on this proposal. No comments submitted by facsimile will be accepted.

**Proposed Conditional State Water Quality
Certification for the Monongahela Lock and Dam
No. 4 Hydroelectric Project, FERC Project
No. 13767**

On February 27, 2014, Solia 4 Hydroelectric, LLC (Applicant) filed an application with the Federal Energy Regulatory Commission (FERC) for a license to construct and operate a 12-megawatt (MW) hydropower facility at the Montgomery Lock and Dam No. 4 (aka Charleroi Lock and Dam), owned and operated by the U.S. Army Corps of Engineers (Corps), on the Monongahela River, at river mile 41.5, in Washington County, Pennsylvania (Project). The Applicant is required pursuant to section 401(a) of the Federal Clean Water Act (act) (33 U.S.C.A. § 1341(a)) to provide FERC with certification from the Commonwealth of Pennsylvania (Commonwealth) that any discharge from the Project to waters of the Commonwealth will comply with provisions of the act relating to water quality standards, and necessary measures to achieve and maintain those standards. The Commonwealth has established such standards and programs to achieve and maintain them under State law, which have been approved by the U.S. Environmental Protection Agency as consistent with the applicable provisions of the act. The Pennsylvania Department of Environmental Protection (Department) administers the Commonwealth's water quality standards programs under State law, and is responsible for the review of requests from applicants for water quality certification made pursuant to section 401 of the act.

On August 23, 2016, Rye Development, LLC provided the Department with a complete application for State Water Quality Certification, including an Environmental Assessment for the Project, on behalf of the Applicant.

The Project would consist of a new, 140-foot-long, intake channel to be excavated into the riverbed immediately downstream of the existing gated spillway. The intake channel would lead to a concrete intake structure that would convey flows past a trash rack with 3-inch clear bar spacing, to a new reinforced concrete powerhouse that is 150 feet long. The powerhouse would house two (2) horizontal pit Kaplan turbine generator units with a combined capacity of 12 MW. Flows would exit the powerhouse into a 210-foot-long, tailrace excavated into the riverbed. The tailrace would be bordered by a new concrete retaining wall or a combination of retaining wall and riprap as appropriate. Two (2) gates, with a combined width of 84-feet, would be installed in the intake area to pass the flow equivalent of one existing gate. Project power would be transmitted from the powerhouse to a new 40' x 40' project substation, and then from the new substation to an existing distribution line with a 45-foot-long, 69-kilovolt overhead transmission line.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of the Project complies with the applicable provisions of sections 301—303, 306 and 307 of the act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and will not violate the Commonwealth's water quality standards, provided that the construction, operation and maintenance of the Project complies with the conditions for this certification as listed below, and the terms and conditions of the State law permits required to demonstrate compliance with Pennsylvania Water Quality Standards:

1. *Discharge Permit*—If the proposed facility will result in a discharge into waters of the Commonwealth, the Applicant shall, prior to construction, obtain and comply with a National Pollutant Discharge Elimination System (NPDES) permit from the Department for discharges to waters of the Commonwealth pursuant to the Clean Streams Law (35 P.S. §§ 691.1—691.1001), and applicable regulations implementing the Clean Streams Law, including, but not limited to, 25 Pa. Code Chapters 91, 92a, 93 and 96. As part of the NPDES permit application for the Project, the Applicant shall provide the Department with information on the potential impacts of the Project on water quality and measures that will be taken to avoid, minimize and/or mitigate those impacts, including information on the type, volume and concentration of pollutants that may be discharged, impacts to Federal and State threatened and endangered species and other species of special concern, impacts on the flow and dissolved oxygen levels of the impacted waters, and measures to be taken to avoid water quality impacts, and impingement, entrainment, habitat destruction, and other adverse impacts on fish and wildlife species. The applicant shall also submit a plan as part of the permit application to prevent pollutants from directly or indirectly reaching waters of the Commonwealth through accident, carelessness, maliciousness, hazards of weather or from other causes consistent with 25 Pa. Code § 91.34. The Applicant shall assess impacts and develop best management practices as part of its permit application consistent with applicable Department technical guidance.

2. *Erosion and Sediment Control*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 102. The Applicant shall obtain and comply with an NPDES permit from the Department for the discharge of stormwater if the earth disturbance activities associated with the Project will result in a total disturbance equal to or greater than 1 acre. Earth disturbance activities associated with discharging dredged or fill material from the Project to waters of the United States

which require permit coverage under Section 404 of the Clean Water Act (33 U.S.C.A. § 1344) need not obtain an additional NPDES Permit from the Department for earth disturbance activities covered by the Section 404 permit. The Applicant shall submit final detailed erosion and sediment control and post construction stormwater management plans for all Project activities to the Department and County Conservation District for their review and approval prior to commencement of construction. Specific guidance on the requirements of the NPDES Permit for Stormwater Discharges Associated with Construction Activities can be obtained from the County Conservation District or the DEP Regional Office.

3. *Water Obstruction and Encroachment Permit*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 105 relating to dam safety and waterway management. The Applicant shall obtain and comply with a Chapter 105 Water Obstruction and Encroachment Permit (WO&EP) issued by the Department for the construction, operation and maintenance of any water obstruction or encroachment associated with the Project that is not part of the Corps' dam or its appurtenant works pursuant to the Clean Streams Law, Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.), and all applicable implementing regulations. Project activities requiring a WO&EP may include, but are not limited to, access roads, buildings, penstocks, outfalls, utility lines, pipelines, and staging areas.

4. *Submerged Lands License Agreement*—The Applicant shall obtain and comply with a Submerged Lands License Agreement pursuant to Pennsylvania's Dam Safety and Encroachments Act (32 P.S. § 693.15) from the Department to occupy submerged lands of the Commonwealth in navigable waters as necessary to construct, operate and maintain the Project.

5. *Water Resource Planning Act Registration*—In accordance with the Pennsylvania Water Resources Planning Act (27 Pa.C.S. § 3118) and the regulations thereunder (25 Pa. Code Chapter 110), FFP Missouri 5, LLC must register the hydropower facility with the Department and report water usage to the Department annually.

6. *Limited Power Permit*—The Applicant shall obtain and comply with a permit from the Department as required by the act of June 14, 1923 (32 P.S. §§ 591—625) related to the construction of a power dam or for a change in stream to develop power. The Applicant shall submit an application for this permit to the Department on the form available from the Department.

7. *Water Quality Monitoring*—The Department retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by the Applicant's construction, operation or maintenance of the Project.

8. *Preparedness, Prevention and Contingency Plan*—The Applicant shall develop and maintain on site a Preparedness, Prevention and Contingency Plan (PPC Plan) for any project activities utilizing pollutants pursuant to 25 Pa. Code Chapter 91, Section 91.34. The PPC Plan shall be developed in accordance with the "Guidelines for the Development and Implementation of Environmental Emergency Response Plans" which can be found at: <http://www.elibrary.dep.state.pa.us/dsweb/Get/Document-48522/400-2200-001.pdf>.

9. *Operation*—The Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by the Applicant.

10. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of the Department to determine compliance with this State Water Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be made available for inspection by the Department during such inspections of the Project.

11. *Transfer of Projects*—If the Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, the Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the Department Southwest Regional Office of such intent. Notice to the Department shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them. The existing owner shall continue to be responsible for construction and operations at the Project until a transfer to the new owner has been completed.

12. *Correspondence*—All correspondence with and submissions to the Department concerning this State Water Quality Certification shall be addressed to the Department of Environmental Protection, Southwest Regional Office, and shall reference DEP File No. WQ05-006.

13. *Reservation of Rights*—The Department may suspend or revoke this State Water Quality Certification if it determines that the Applicant has not complied with the terms and conditions of this certification. The Department reserves the right to require additional measures to achieve compliance with applicable laws and/or regulations, subject to the Applicant's applicable procedural and substantive rights.

14. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve the Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

15. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

The Department will consider all written comments received within 30-days of the date of this notice, before taking final action on this conditional State Water Quality Certification. Comments submitted by facsimile will not be accepted. All comments must include the originator's name and address. Written comments should be submitted by mail to the Department of Environmental Protection, Southwest Regional Office, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222.

**Proposed Conditional State Water Quality
Certification for the Maxwell Lock and Dam
Hydroelectric Project, FERC Project No. 13766**

On February 27, 2014, Solia 5 Hydroelectric, LLC (Applicant) filed an application with the Federal Energy Regulatory Commission (FERC) for a license to construct and operate a 13-megawatt (MW) hydropower facility at the Maxwell Lock and Dam, owned and operated by the U.S. Army Corps of Engineers (Corps), on the Monogahela River, at river mile 61.2, in Washington County, Pennsylvania (Project). The Applicant is required pursuant to section 401(a) of the Federal Clean Water Act (act) (33 U.S.C.A. § 1341(a)) to provide FERC with certification from the Commonwealth of Pennsylvania (Commonwealth) that any discharge from the Project to waters of the Commonwealth will comply with provisions of the act relating to water quality standards, and necessary measures to achieve and maintain those standards. The Commonwealth has established such standards and programs to achieve and maintain them under State law, which have been approved by the U.S. Environmental Protection Agency as consistent with the applicable provisions of the act. The Pennsylvania Department of Environmental Protection (Department) administers the Commonwealth's water quality standards programs under State law, and is responsible for the review of requests from applicants for water quality certification made pursuant to section 401 of the act.

On September 27, 2016, Rye Development, LLC provided the Department with a complete application for State Water Quality Certification, including an Environmental Assessment for the Project, on behalf of the Applicant. The Project would consist of a new 130-foot-long intake channel to be excavated into the riverbed downstream of the existing gated spillway. The intake channel would lead to a concrete intake structure that would convey flows past a trash rack with 3-inch clear bar spacing, to a new concrete powerhouse that is 150 feet long. The powerhouse would house two (2) horizontal pit Kaplan turbine generator units with a combined capacity of 13 MW. Flows would exit the powerhouse into a 160-foot-long tailrace excavated into the riverbed. Two (2) gates, with a combined width of 84 feet, would be constructed within the intake area, to pass the flow equivalent of one existing gate bay in a fully open position. Project power would be transmitted from the powerhouse to a new project 40' × 40' substation, and then from the new substation to an existing distribution line, with a 350-foot-long, overhead transmission line, with a voltage between 69 and 138 kilovolt.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of the Project complies with the applicable provisions of sections 301—303, 306 and 307 of the act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and will not violate the Commonwealth's water quality standards, provided that the construction, operation and maintenance of the Project complies with the conditions for this certification as listed below, and the terms and conditions of the State law permits required to demonstrate compliance with Pennsylvania Water Quality Standards:

1. *Discharge Permit*—If the proposed facility will result in a discharge into waters of the Commonwealth, the Applicant shall, prior to construction, obtain and comply with a National Pollutant Discharge Elimination System (NPDES) permit from the Department for discharges to waters of the Commonwealth pursuant to the Clean Streams Law (35 P.S. §§ 691.1—691.1001), and applicable

regulations implementing the Clean Streams Law, including, but not limited to, 25 Pa. Code Chapters 91, 92a, 93 and 96. As part of the NPDES permit application for the Project, the Applicant shall provide the Department with information on the potential impacts of the Project on water quality and measures that will be taken to avoid, minimize and/or mitigate those impacts, including information on the type, volume and concentration of pollutants that may be discharged, impacts to Federal and State threatened and endangered species and other species of special concern, impacts on the flow and dissolved oxygen levels of the impacted waters, and measures to be taken to avoid water quality impacts, and impingement, entrainment, habitat destruction, and other adverse impacts on fish and wildlife species. The applicant shall also submit a plan as part of the permit application to prevent pollutants from directly or indirectly reaching waters of the Commonwealth through accident, carelessness, maliciousness, hazards of weather or from other causes consistent with 25 Pa. Code § 91.34. The Applicant shall assess impacts and develop best management practices as part of its permit application consistent with applicable Department technical guidance.

2. *Erosion and Sediment Control*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 102. The Applicant shall obtain and comply with an NPDES permit from the Department for the discharge of stormwater if the earth disturbance activities associated with the Project will result in a total disturbance equal to or greater than 1 acre. Earth disturbance activities associated with discharging dredged or fill material from the Project to waters of the United States which require permit coverage under Section 404 of the Clean Water Act (33 U.S.C.A. § 1344) need not obtain an additional NPDES Permit from the Department for earth disturbance activities covered by the Section 404 permit. The Applicant shall submit final detailed erosion and sediment control and post construction stormwater management plans for all Project activities to the Department and County Conservation District for their review and approval prior to commencement of construction. Specific guidance on the requirements of the NPDES Permit for Stormwater Discharges Associated with Construction Activities can be obtained from the County Conservation District or the DEP Regional Office.

3. *Water Obstruction and Encroachment Permit*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 105 relating to dam safety and waterway management. The Applicant shall obtain and comply with a Chapter 105 Water Obstruction and Encroachment Permit (WO&EP) issued by the Department for the construction, operation and maintenance of any water obstruction or encroachment associated with the Project that is not part of the Corps' dam or its appurtenant works pursuant to the Clean Streams Law, Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.), and all applicable implementing regulations. Project activities requiring a WO&EP may include, but are not limited to, access roads, buildings, penstocks, outfalls, utility lines, pipelines, and staging areas.

4. *Submerged Lands License Agreement*—The Applicant shall obtain and comply with a Submerged Lands License Agreement pursuant to Pennsylvania's Dam Safety and Encroachments Act (32 P.S. § 693.15) from the Department to occupy submerged lands of the Commonwealth in navigable waters as necessary to construct, operate and maintain the Project.

5. *Water Resource Planning Act Registration*—In accordance with the Pennsylvania Water Resources Planning Act (27 Pa.C.S. § 3118) and the regulations thereunder (25 Pa. Code Chapter 110), FFP Missouri 5, LLC must register the hydropower facility with the Department and report water usage to the Department annually.

6. *Limited Power Permit*—The Applicant shall obtain and comply with a permit from the Department as required by the act of June 14, 1923 (32 P.S. §§ 591—625) related to the construction of a power dam or for a change in stream to develop power. The Applicant shall submit an application for this permit to the Department on the form available from the Department.

7. *Water Quality Monitoring*—The Department retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by the Applicant's construction, operation or maintenance of the Project.

8. *Preparedness, Prevention and Contingency Plan*—The Applicant shall develop and maintain on site a Preparedness, Prevention and Contingency Plan (PPC Plan) for any project activities utilizing pollutants pursuant to 25 Pa. Code Chapter 91, Section 91.34. The PPC Plan shall be developed in accordance with the "Guidelines for the Development and Implementation of Environmental Emergency Response Plans" which can be found at: <http://www.elibrary.dep.state.pa.us/dsweb/Get/Document-48522/400-2200-001.pdf>.

9. *Operation*—The Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by the Applicant.

10. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of the Department to determine compliance with this State Water Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be made available for inspection by the Department during such inspections of the Project.

11. *Transfer of Projects*—If the Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, the Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the Department Southwest Regional Office of such intent. Notice to the Department shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them. The existing owner shall continue to be responsible for construction and operations at the Project until a transfer to the new owner has been completed.

12. *Correspondence*—All correspondence with and submittals to the Department concerning this State Water Quality Certification shall be addressed to the Department of Environmental Protection, Southwest Regional Office, and shall reference DEP File No. WQ05-008.

13. *Reservation of Rights*—The Department may suspend or revoke this State Water Quality Certification if it

determines that the Applicant has not complied with the terms and conditions of this certification. The Department reserves the right to require additional measures to achieve compliance with applicable laws and/or regulations, subject to the Applicant's applicable procedural and substantive rights.

14. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve the Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

15. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

The Department will consider all written comments received within 30-days of the date of this notice, before taking final action on this conditional State Water Quality Certification. Comments submitted by facsimile will not be accepted. All comments must include the originator's name and address. Written comments should be submitted by mail to the Department of Environmental Protection, Southwest Regional Office, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222.

Proposed Conditional State Water Quality Certification for the Gray's Landing Lock and Dam Hydroelectric Project, FERC Project No. 13763

On February 27, 2014, FFP Missouri 13, LLC (Applicant) filed an application with the Federal Energy Regulatory Commission (FERC) for a license to construct and operate a 12-megawatt (MW) hydropower facility at the Gray's Landing Lock and Dam, owned and operated by the U.S. Army Corps of Engineers (Corps), on the Monongahela River, at river mile 82.0, in Greene County, Pennsylvania (Project). The Applicant is required pursuant to section 401(a) of the Federal Clean Water Act (act) (33 U.S.C. § 1341(a)) to provide FERC with certification from the Commonwealth of Pennsylvania (Commonwealth) that any discharge from the Project to waters of the Commonwealth will comply with provisions of the act relating to water quality standards, and necessary measures to achieve and maintain those standards. The Commonwealth has established such standards and programs to achieve and maintain them under State law, which have been approved by the U.S. Environmental Protection Agency as consistent with the applicable provisions of the act. The Pennsylvania Department of Environmental Protection (Department) administers the Commonwealth's water quality standards programs under State law, and is responsible for the review of requests from applicants for water quality certification made pursuant to section 401 of the act.

On September 22, 2016, Rye Development, LLC provided the Department with a complete application for State Water Quality Certification, including an Environmental Assessment for the Project, on behalf of the Applicant. The Project would consist of a new, approximately 300-foot-long intake channel to be excavated from the river to a concrete intake structure that would convey flows past a trash rack with 3-inch clear bar spacing, to a new concrete, 150-long powerhouse that would be built on the east bank, adjacent to the river. The powerhouse would house two (2) horizontal pit Kaplan turbine generator units with a combined capacity of 12 MW. Flows would exit the powerhouse into an approximately 250-

foot-long, new tailrace that will join the river. The tailrace will be bordered by a new concrete retaining wall or a combination of retaining wall and riprap as appropriate. Variable high crest gates would be installed on the existing dam. Project power would be transmitted from the powerhouse to a new 40' × 40' project substation, and then from the new substation to an existing transmission line, with a 9,965-foot-long, 69-kilovolt overhead transmission line.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of the Project complies with the applicable provisions of sections 301—303, 306 and 307 of the act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and will not violate the Commonwealth's water quality standards, provided that the construction, operation and maintenance of the Project complies with the conditions for this certification as listed below, and the terms and conditions of the State law permits required to demonstrate compliance with Pennsylvania Water Quality Standards:

1. *Discharge Permit*—If the proposed facility will result in a discharge into waters of the Commonwealth, the Applicant shall, prior to construction, obtain and comply with a National Pollutant Discharge Elimination System (NPDES) permit from the Department for discharges to waters of the Commonwealth pursuant to the Clean Streams Law (35 P.S. §§ 691.1—691.1001), and applicable regulations implementing the Clean Streams Law, including, but not limited to, 25 Pa. Code Chapters 91, 92a, 93 and 96. As part of the NPDES permit application for the Project, the Applicant shall provide the Department with information on the potential impacts of the Project on water quality and measures that will be taken to avoid, minimize and/or mitigate those impacts, including information on the type, volume and concentration of pollutants that may be discharged, impacts to Federal and State threatened and endangered species and other species of special concern, impacts on the flow and dissolved oxygen levels of the impacted waters, and measures to be taken to avoid water quality impacts, and impingement, entrainment, habitat destruction, and other adverse impacts on fish and wildlife species. The applicant shall also submit a plan as part of the permit application to prevent pollutants from directly or indirectly reaching waters of the Commonwealth through accident, carelessness, maliciousness, hazards of weather or from other causes consistent with 25 Pa. Code § 91.34. The Applicant shall assess impacts and develop best management practices as part of its permit application consistent with applicable Department technical guidance.

2. *Erosion and Sediment Control*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 102. The Applicant shall obtain and comply with an NPDES permit from the Department for the discharge of stormwater if the earth disturbance activities associated with the Project will result in a total disturbance equal to or greater than 1 acre. Earth disturbance activities associated with discharging dredged or fill material from the Project to waters of the United States which require permit coverage under Section 404 of the Clean Water Act (33 U.S.C.A. § 1344) need not obtain an additional NPDES Permit from the Department for earth disturbance activities covered by the Section 404 permit. The Applicant shall submit final detailed erosion and sediment control and post construction stormwater management plans for all Project activities to the Department and County Conservation District for their review and approval prior to commencement of construction. Specific guidance on the requirements of the NPDES Permit for

Stormwater Discharges Associated with Construction Activities can be obtained from the County Conservation District or the DEP Regional Office.

3. *Water Obstruction and Encroachment Permit*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 105 relating to dam safety and waterway management. The Applicant shall obtain and comply with a Chapter 105 Water Obstruction and Encroachment Permit (WO&EP) issued by the Department for the construction, operation and maintenance of any water obstruction or encroachment associated with the Project that is not part of the Corps' dam or its appurtenant works pursuant to the Clean Streams Law, Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601), and all applicable implementing regulations. Project activities requiring a WO&EP may include, but are not limited to, access roads, buildings, penstocks, outfalls, utility lines, pipelines, and staging areas.

4. *Submerged Lands License Agreement*—The Applicant shall obtain and comply with a Submerged Lands License Agreement pursuant to Pennsylvania's Dam Safety and Encroachments Act (32 P.S. § 693.15) from the Department to occupy submerged lands of the Commonwealth in navigable waters as necessary to construct, operate and maintain the Project.

5. *Water Resource Planning Act Registration*—In accordance with the Pennsylvania Water Resources Planning Act (27 Pa.C.S. § 3118) and the regulations thereunder (25 Pa. Code Chapter 110), FFP Missouri 5, LLC must register the hydropower facility with the Department and report water usage to the Department annually.

6. *Limited Power Permit*—The Applicant shall obtain and comply with a permit from the Department as required by the act of June 14, 1923 (32 P.S. §§ 591—625) related to the construction of a power dam or for a change in stream to develop power. The Applicant shall submit an application for this permit to the Department on the form available from the Department.

7. *Water Quality Monitoring*—The Department retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by the Applicant's construction, operation or maintenance of the Project.

8. *Preparedness, Prevention and Contingency Plan*—The Applicant shall develop and maintain on site a Preparedness, Prevention and Contingency Plan (PPC Plan) for any project activities utilizing pollutants pursuant to 25 Pa. Code Chapter 91, Section 91.34. The PPC Plan shall be developed in accordance with the "Guidelines for the Development and Implementation of Environmental Emergency Response Plans" which can be found at: <http://www.elibrary.dep.state.pa.us/dsweb/Get/Document-48522/400-2200-001.pdf>.

9. *Operation*—The Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by the Applicant.

10. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of the Depart-

ment to determine compliance with this State Water Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be made available for inspection by the Department during such inspections of the Project.

11. *Transfer of Projects*—If the Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, the Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the Department Southwest Regional Office of such intent. Notice to the Department shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them. The existing owner shall continue to be responsible for construction and operations at the Project until a transfer to the new owner has been completed.

12. *Correspondence*—All correspondence with and submittals to the Department concerning this State Water Quality Certification shall be addressed to the Department of Environmental Protection, Southwest Regional Office, and shall reference DEP File No. WQ05-009.

13. *Reservation of Rights*—The Department may suspend or revoke this State Water Quality Certification if it determines that the Applicant has not complied with the terms and conditions of this certification. The Department reserves the right to require additional measures to achieve compliance with applicable laws and/or regulations, subject to the Applicant's applicable procedural and substantive rights.

14. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve the Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

15. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

The Department will consider all written comments received within 30-days of the date of this notice, before taking final action on this conditional State Water Quality Certification. Comments submitted by facsimile will not be accepted. All comments must include the originator's name and address. Written comments should be submitted by mail to the Department of Environmental Protection, Southwest Regional Office, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222.

Quehanna Wild Area Nuclear Site in the Moshannon State Forest, Clearfield County; Notice of Proposed Settlement

Under section 1113 of the Hazardous Sites Cleanup Act (HSCA) (35 P.S. § 6020.1113), notice is given that the Department of Environmental Protection (Department) has entered into a proposed settlement with Lockheed Martin Corporation (Lockheed Martin) for the reimburse-

ment of costs incurred by the Commonwealth for response actions taken at the Quehanna Wild Area Nuclear Site in Clearfield County (Site).

From the 1950s to the 2000s, this Site was the location of a facility at which radioactive materials were processed, stored, handled and, more recently, remediated under Federal licenses from the Atomic Energy Commission and Nuclear Regulatory Commission (NRC). During that time span, a number of businesses, including Lockheed Martin's predecessor, Martin Marietta Company, conducted activities at the Site utilizing radioactive and other materials. For most of this 50-year period the Site has been owned by the Commonwealth.

Activities at the Site involving radioactive materials included: the operation of a pool-type research reactor in the 1950s; research and development activities associated with a variety of applications, including, but not limited to, the manufacture of prototype thermoelectric generators using strontium-90 (Sr-90) in the early and mid-1960s; encapsulation of sealed sources of cobalt-60 (Co-60) and other radionuclides in the late 1960s and part of the 1970s; and operation of irradiators for food and wood irradiation and other processes from the 1960s to 2002.

For more than 15 years, the Department coordinated Site cleanup activities. The cleanup is complete. Cleanup activities have included removal and offsite disposal of all regulated radioactive materials, demolition of all Site structures, and extensive monitoring and sampling to ensure that the Site met NRC requirements. The Commonwealth's cleanup expenditures exceed \$30 million.

In 2003 and 2004, the Commonwealth and the United States entered into agreements under which the United States reimbursed the Commonwealth for \$10 million of the Commonwealth's cleanup costs. The Department filed two lawsuits in the United States District Court for the Middle District of Pennsylvania in which the Department seeks payment of the remaining unreimbursed cleanup expenditures. One lawsuit is against Atlantic Richfield Company (Atlantic Richfield), in which the Department seeks to recover from Atlantic Richfield the Site expenditures relating to the cleanup of Co-60. The civil action number of that lawsuit is 1:09-CV-0913. In that action, the Department contends that Atlantic Richfield is liable for the Site expenditures relating to the cleanup of Co-60. The Department has asserted that the expenditures for the cleanup of Co-60 were at least \$1.45 million. The Department and Atlantic Richfield previously agreed to a proposed Consent Decree that resolves the lawsuit and any other claims that the Commonwealth could have made against Atlantic Richfield relating to the Site cleanup and reimbursement of the Commonwealth's cleanup expenditures (ARCO Consent Decree).

This notice pertains to a second lawsuit which was filed against Lockheed Martin. The Department contends that Lockheed Martin is liable for those Site expenditures relating to the cleanup of Sr-90. The civil action number of that lawsuit is 1:09-CV-0821. In that action, the Department seeks in excess of \$20 million. The Department and Lockheed Martin have agreed to a proposed Consent Decree that resolves this specific lawsuit and any other claims that the Commonwealth could have made against Lockheed Martin relating to the Site cleanup and reimbursement of the Commonwealth's cleanup costs.

The primary terms of the proposed Consent Decree are that Lockheed Martin shall pay the Department \$500,000 for reimbursement of the Commonwealth's cleanup expenditures, that Lockheed Martin shall withdraw its objections to the ARCO Consent Decree and that Lockheed Martin will receive contribution protection and cannot be sued by any other entity with respect to the Commonwealth's cleanup expenditures. In the proposed Consent Decree, which has been filed with and is subject to court approval, the Department and Lockheed Martin have stated that: (1) the proposed Consent Decree has been negotiated by the Department and Lockheed Martin in good faith; (2) the settlement of this matter will avoid prolonged and complicated litigation between the Department and Lockheed Martin; and (3) the settlement is fair, reasonable and in the public interest.

Under section 1113 of the HSCA, the Department is providing a 60-day comment period on the proposed settlement beginning on the date of publication of this notice. Interested persons may submit written comments to the Department which shall be addressed to Curtis C. Sullivan, Department of Environmental Protection, Office of Chief Counsel, Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200. Copies of the proposed Consent Decree also may be obtained from Curtis Sullivan. The Department has the right to withdraw its consent to the Consent Decree if comments concerning the Consent Decree disclose facts or considerations that indicate that the Consent Decree is inappropriate, improper or not in the public interest.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact the Department at (717) 787-3720 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

DEPARTMENT OF HEALTH

Amendments to Charges for Medical Records

In the notice published at 45 Pa.B. 6934 (December 5, 2015), the Department of Health (Department) published the guidelines and fees that a health care provider or facility may charge in response to a request for production of medical charts or records. This notice updates the notice published at 45 Pa.B. 6934.

Under 42 Pa.C.S. §§ 6152, 6152.1 and 6155 (relating to subpoena of records; limit on charges; and rights of patients), a health care provider or facility is allowed to charge a fee in response to a request for medical charts or records. The Secretary of Health (Secretary), under 42 Pa.C.S. §§ 6152 and 6152.1, is directed to adjust annually the amounts which may be charged by the health care provider or facility.

The Secretary is directed to base these adjustments on the most recent changes in the Consumer Price Index reported annually by the Bureau of Labor Statistics of the United States Department of Labor. For the annual period of October 31, 2015, through October 31, 2016, the Consumer Price Index was 1.6%.

Accordingly, effective January 1, 2017, the following fees may be charged by a health care facility or health care provider in response to a request for production of medical charts or records:

	<i>Not to Exceed</i>
Amount charged per page for pages 1—20	\$1.48
Amount charged per page for pages 21—60	\$1.10
Amount charged per page for pages 61—end	\$0.37
Amount charged per page for microfilm copies	\$2.19
Flat fee for production of records to support any claim under Social Security or any Federal or State financial needs based program	\$27.92
Flat fee for supplying records requested by a district attorney	\$22.04
* Search and retrieval of records	\$22.04

The previously listed fees shall apply for paper copies or reproductions on electronic media whether the records are stored on paper or in electronic format.

In addition to the amounts listed previously, charges may also be assessed for the actual cost of postage, shipping and delivery of the requested records.

The Department is not authorized to enforce these charges.

The previous charges, however, are subject to the following exceptions:

(1) An insurer shall not be required to pay for copies of medical records required to validate medical services for which reimbursement is sought under an insurance contract, except as provided in: (a) the Workers' Compensation Act (77 P.S. §§ 1—1041.4 and 2501—2506) and the regulations promulgated thereunder; (b) 75 Pa.C.S. Chapter 17 (relating to Motor Vehicle Financial Responsibility Law) and the regulations promulgated thereunder; or (c) a contract between an insurer and any other party.

(2) The charges listed in this notice do not apply to an X-ray film or any other portion of a medical record which is not susceptible to photostatic reproduction.

(3) The charges for the production of medical records by a health care provider in response to a request made by either an individual who is the subject of the health information or the individual's personal representative is governed by the Health Insurance Portability and Accountability Act (HIPAA) and Federal regulations enacted under HIPAA, including 42 U.S.C.A. § 17935(e) and 45 CFR 164.524 (relating to access of individuals to protected health information), as follows:

a. *Electronic health record.* Under 42 U.S.C.A. § 17935(e), if a health care provider uses or maintains health records in an electronic format with respect to protected health information of an individual, the individual shall have a right to obtain from the health care provider a copy of the information in an electronic format. The individual also has a choice to direct the health care provider to transmit electronically a copy of the health record directly to an entity or person designated by the individual, provided that any choice is clear, conspicuous and specific. Any fee that the health care provider may impose for providing the information (or a summary or explanation of the information) in an electronic format shall not be greater than the labor costs in responding to the request. The United States Department of Health and

Human Services has stated that the labor costs may not include costs associated with searching for and retrieving the requested information.

b. *Health record used or maintained in other types of format (for example, paper).* Under 45 CFR 164.524(c)(4), if the individual requests a copy of the protected health information or agrees to a summary or explanation of the information, the covered entity may impose a reasonable, cost-based fee, provided that the fee includes only the cost of: (1) labor for copying the protected health information requested by the individual, whether in paper or electronic form; (2) supplies for creating the paper copy or electronic media if the individual requests that the electronic copy be provided on portable media; (3) postage, when the individual has requested the copy, or the summary or explanation, be mailed; and (4) preparing an explanation or summary of the protected health information, if the individual agrees in advance to a summary or explanation and the fees to be imposed, in accordance to 45 CFR 164.524(c)(2)(iii). Similarly, the labor costs under 45 CFR 164.524(c)(4) shall not include the cost attributable to search and retrieval of the records.

Inquiries for further clarification on this exception should be directed to the Office of Civil Rights, United States Department of Health and Human Services, 200 Independence Avenue, S.W., Room 509F, HHH Building, Washington, DC 20201, (866) 627-7748, <http://www.hhs.gov/ocr/office/about/contactus/index.html>.

Questions or inquiries concerning this notice should be sent to the Department of Health, Office of Legal Counsel, Room 825, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120, (717) 783-2500.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape, Braille) should contact the Department of Health, Office of Legal Counsel at the address or phone number listed previously, or for speech and/or hearing impaired persons V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984.

DEPARTMENT OF HUMAN SERVICES

Availability of the Renewals of the Office of Developmental Programs' Consolidated and Person/Family Directed Support Waivers

The Department of Human Services (Department) is making available for public review and comment, Appendices A—H of the Office of Developmental Programs' proposed renewals of the Consolidated and Person/Family Directed Support (P/FDS) Waivers.

Background

Home and community-based waivers permitted under section 1915(c) of the Social Security Act (42 U.S.C.A. § 1396n(c)) are approved by the Centers for Medicare & Medicaid Services (CMS) for a 5-year renewal period. The current Consolidated and P/FDS Waivers expire on June 30, 2017; therefore, the proposed renewals of the Waivers are to be submitted to CMS no later than March 30, 2017. A separate notice will be published announcing the availability of Appendices I and J for public comment upon completion of the rate setting process.

In the request for renewal of the Consolidated and P/FDS Waivers, the Department proposes the following substantive changes to Appendices A through H effective July 1, 2017:

- Include in the target group the following:
 - People with a diagnosis of autism who do not have an intellectual disability.
 - Children under 8 years of age who have a developmental disability with a high probability of resulting in an intellectual disability or autism.
 - Children under 3 years of age with an intellectual disability.

- Add reserved capacity in the Consolidated Waiver for individuals who are no longer in the custody of the Office of Children, Youth and Families, individuals who are no longer eligible for the Early Periodic Screening, Diagnostic and Treatment benefit through Medical Assistance, and individuals who are discharged from residential treatment facilities or State hospitals, or released from prison.

- Modify the process for annual recertification of level of care criteria.

The Department is also proposing the addition of new services and revisions to existing services to ensure compliance with CMS' Home and Community-Based Services (HCBS) Final Rule (see 79 FR 2948 (January 16, 2014)) to promote employment in alignment with Governor Wolf's Executive Order 2016-03—Establishing "Employment First" Policy—to increase residential service options that provide support in private homes and defray enrollment into licensed residential programs, and to adopt recommendations from the Department's vision of Everyday Lives that sustain families and promote community integration.

The Department proposes additional changes to augment participant-centered service planning and delivery and participant-direction of services and strengthen participant rights and safeguards. Moreover, the Department proposes revisions to the quality improvement strategy to align with CMS requirements, enhance stakeholder participation and simplify reporting requirements. These changes include the following:

- Align participant-centered service planning and delivery with CMS' HCBS Final Rule and clarify expectations related to monitoring of Waiver service delivery.

- Strengthen enforcement powers to apply progressive sanctions to underperforming common law and managing employers.

- Specify when the Department's fair hearing and appeals process is not available.

- Strengthen safeguards to ensure participant rights, including refinement of critical incident protocols, oversight of medication administration and oversight of restrictive interventions.

- Revise the quality oversight and reporting process to align with the new CMS Quality Strategy and streamline performance measures.

The proposed documents regarding the renewals of the Consolidated and P/FDS Waivers are available at <http://www.dhs.pa.gov/provider/developmentalprograms/2017/waiverrenewals/>.

Fiscal Impact

It is anticipated that there will be an additional cost of approximately \$19.4 million (\$9.347 million in State funds) to the Commonwealth in Fiscal Year 2017-2018 and \$31 million (\$14.936 million in State funds) in subsequent years.

Public Comment

Interested persons are invited to submit written comments regarding the proposed renewals of the Waivers. Comments should be addressed to Julie Mocho, Depart-

ment of Human Services, Office of Developmental Programs, 625 Forster Street, Room 501, Harrisburg, PA 17120. Comments may also be submitted to the Department at RA-odpcomment@pa.gov. Comments received within 45 days of publication of this notice will be reviewed and considered for revisions to the proposed renewals of the Waivers.

The Department will also hold three webinars to receive comments on the proposed renewals of the Consolidated and P/FDS Waivers. The dates, times and registration link to participate in these webinars are as follows:

January 12, 2017
1 p.m. to 4 p.m.

January 13, 2017
9 a.m. to 12 p.m.

*State Real Estate Commission
Seller Property Disclosure Statement
Regulation No. 16A-5623 (# 3158)*

On October 11, 2016, the Independent Regulatory Review Commission (Commission) received this regulation from the State Real Estate Commission. This rulemaking amends 49 Pa. Code Section 35.335a. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This final-omitted rulemaking amends the Seller Property Disclosure Statement to add sinkholes and storm water facilities to the list of subjects required to be disclosed, as directed by Act 6 of 2015.

We have determined this regulation is consistent with the statutory authority of the State Real Estate Commission (Section 3, Act 6 of 2015) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*State Board of Nursing
General Revisions
Regulation No. 16A-5125 (# 3080)*

On October 17, 2014, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Nursing (Board). This rulemaking amends 49 Pa. Code §§ 21.2, 21.3, 21.7, 21.21—21.25, 21.27—21.30a, 21.142, 21.144, 21.149, 21.151—21.156c, 21.701, 21.722, 21.723b and 21.724. The proposed regulation was published in the November 1, 2014 *Pennsylvania Bulletin* with a public comment period ending on December 1, 2014. The final-form regulation was submitted to the Commission on September 26, 2016.

The regulation establishes timeframes within which candidates for licensure as registered nurses, practical nurses and dietitian-nutritionists must first take and pass licensure examinations. The regulation also amends provisions relating to re-examination, continued competency, qualifications of applicants for examination, and licensure requirements.

We have determined this regulation is consistent with the statutory authority of the Board (63 P.S. §§ 212.1(k) and 667.6) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*Insurance Department
Annual Financial Reporting Requirements
Regulation No. 11-254 (# 3129)*

On January 11, 2016, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Insurance Department (Department). This rulemaking amends 31 Pa. Code Chapter 147. The proposed regulation was published in the January 23, 2016 *Pennsylvania Bulletin* with a public comment period ending February 22, 2016. The final-form regulation was submitted to the Commission on September 28, 2016.

The final regulation updates Chapter 147, commonly referred to as the "CPA Audit Rule," by adding corporate governance-related functions to the audit committee's responsibilities.

We have determined this regulation is consistent with the statutory authority of the Department (71 P.S. § 186, 40 P.S. §§ 443, 1564, 1600.205 and 3225) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

Authorizing Appropriately Attired Persons to Direct,
Control or Regulate Traffic
Regulation No. 18-461 (# 3083)*

On October 28, 2014, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Transportation (Department). This rulemaking amends 67 Pa. Code Chapter 101. The proposed regulation was published in the November 8, 2014 *Pennsylvania Bulletin* with a public comment period ending on December 8, 2014. The final-form regulation was submitted to the Commission on October 17, 2016.

This regulation updates the list of persons authorized to direct traffic, minimum attire requirements and exempts a person at the scene of an emergency until an authorized person arrives.

We have determined this regulation is consistent with the statutory authority of the Department (75 Pa.C.S. § 6103(a)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

INSURANCE DEPARTMENT

Pennsylvania Compensation Rating Bureau; Workers' Compensation Loss Cost Filing

On November 17, 2016, the Insurance Department received from the Pennsylvania Compensation Rating Bureau (Bureau) a filing for a loss cost level change for workers' compensation insurance. The filing was made in accordance with section 705 of the act of July 2, 1993 (P.L. 190, No. 44).

The filing proposes an April 1, 2017, effective date for both new and renewal business and includes the following revisions:

- An overall 6.80% decrease in collectible loss costs.
- An Employer Assessment Factor of 2.32%, as compared to the currently approved provision of 1.70%.
- Updates to a variety of other rating values to reflect the most recent available experience.

The entire April 1, 2017, loss cost filing is available for review on the Bureau's web site at www.pcrb.com in the "Filings" section.

Interested parties are invited to submit written comments, suggestions or objections to Eric Zhou, Insurance Department, Office of Insurance Product Regulation, 1311 Strawberry Square, Harrisburg, PA 17120, gzhou@pa.gov, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Private Passenger Motor Vehicle Liability Insurance Policies; Limited and Full Tort Data Reporting; Notice 2016-16

To: All Insurers Writing Private Passenger Motor Vehicle Insurance Policies in Pennsylvania

From: Mark Lersch, Property and Casualty Bureau Director, Office of Insurance Product Regulation

The purpose of this notice is to alert private passenger motor vehicle insurers that the Insurance Department (Department) has revised its plans to collect certain ratemaking data by the tort selection of the policyholder and the tort selection of the claimant as described in Department Notice 2016-08.

Background

Department Notice 2016-08 alerted private passenger motor vehicle insurers that the Department intended to begin collecting certain ratemaking data with its annual Act 6 of 1990 private passenger auto data call that will be due on October 15, 2017. As described in the notice, the Department intended to begin collecting the data necessary to study the savings associated with limited tort election under Pennsylvania's system of tort options established by 75 Pa.C.S.A. § 1705.

Included among the data reporting requirements listed in Notice 2016-08 was bodily injury ratemaking data to be reported separately by both the tort selection of the policyholder and the tort selection of the claimant.

Since the release of this notice, the Department has heard from a number of insurance carriers that have stated they do not currently have mechanisms in place that would allow for the accurate reporting of bodily injury ratemaking data by the tort selection of the claimant.

Requirements

In recognition of the difficulties associated with recording and reporting third party claimant data in such a manner, the Department will instead initially collect historical ratemaking data for uninsured and underinsured motorists coverages only. The data collected will allow the Department to determine whether a more comprehensive study, one that would include bodily injury ratemaking data by both the tort selection of the policyholder and the tort selection of the claimant, is necessary.

Questions regarding this notice may be directed to Michael McKenney, Property and Casualty Actuarial Supervisor, (717) 705-0166, mmckenney@pa.gov.

PHILADELPHIA PARKING AUTHORITY

Notice of Rescheduling of Sales of Wheelchair Accessible Taxicab Medallions

The Philadelphia Parking Authority's Board Order No. 16-001 (Authority Order), published at 46 Pa.B. 3776 (July 9, 2016), directed the Taxicab and Limousine Division (TLD) to administer the sale of 41 Philadelphia taxicab medallions, each of which are designated as wheelchair accessible vehicle (WAV) taxicab medallions. This notice included the date, time and location of the bid openings for each of these medallions.

However, under the Authority Order under Paragraph No. 10, TLD Director Michael Casey exercised his discretion to remove certain WAV medallions from the scheduled bid opening date on November 19, 2016, due to lack of participation of responsive bids. The TLD Director has rescheduled those sales under Paragraph No. 13 of the Authority Order. Therefore, an updated schedule is as follows:

Scheduled Sale

<i>Date</i>	<i>Medallion Nos.</i>
December 7, 2016	WP-1657, WP-1658, WP-1661, WP-1665, WP-1666, WP-1667, WP-1668, WP-1669, WP-1670 and WP-1671

Refer to the Authority Order published at 46 Pa.B. 3776 for all instructions for submitting bids and other information concerning the sales of these WAV medallions. Additionally, Form No. MA-1 (Bid Cover) may be obtained on the Authority's web site at www.philapark.org/resources-and-forms/. See also 52 Pa. Code §§ 1013.31—1013.37 (relating to medallion sales by the Authority).

STATE CONSERVATION COMMISSION

Action on Odor Management Plans for Concentrated Animal Operations and Concentrated Animal Feeding Operations and Volunteers Complying with the Commonwealth's Facility Odor Management Program

The State Conservation Commission has taken the following actions on previously received applications for Odor Management Plans under 3 Pa.C.S. §§ 501—522 (relating to nutrient management and odor management).

Persons aggrieved by any action may appeal under 3 Pa.C.S. § 517 (relating to appealable actions), section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, so individuals interested in challenging this action should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.
