READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

**SUBSCRIPTION INFORMATION: (717) 766-0211
GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

And Now, this 10th day of December, 2013, the proposal having been submitted without publication pursuant to Pa.R.J.A. No. 103(a)(3) in the interests of efficient administration:

It Is Ordered, pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 301 of the Pennsylvania Bar Admission Rules is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective February 10, 2014.

Annex A

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART IV. ADMISSION TO PRACTICE LAW

CHAPTER 71. PENNSYLVANIA BAR ADMISSION RULES

Subchapter C. RESTRICTED PRACTICE OF LAW IN GENERAL

Rule 301. Admission pro hac vice.

(a) *General rule.* The provisions of Subchapter B of these rules (relating to admission to the bar generally) do not apply to motions for admission pro hac vice. An attorney, barrister or advocate who is qualified to practice in the courts of another state or of a foreign jurisdiction may be specially admitted to the bar of this Commonwealth for purposes limited to a particular [**matter**] **case**. An attorney, barrister or advocate admitted pro hac vice in a [**matter**] **case** shall not thereby be authorized to act as attorney of record in [**such matter**] **the case**.

(b) *Procedure.* The general requirements for applicants seeking admission pro hac vice are:

(1) Applicants shall provide such information and pay such fee to the Pennsylvania Interest on Lawyer Trust Account (IOLTA) Board as is required by the regulations concerning pro hac vice admission that have been adopted by the IOLTA Board and approved by the Court.

[(2) **Pro hac vice admissions shall be only on motion of a member of the bar of this Commonwealth. Except as otherwise prescribed by general rule, such motion shall be signed by the member of the bar, shall recite all relevant facts, including, if applicable, those averments required by regulations adopted by the IOLTA Board, and shall be**

filed with the clerk of the court in which or with the magisterial district judge before which the matter is pending at least three days prior to the appearance before the court or magisterial district judge by the attorney, barrister, or advocate seeking pro hac vice admission. Any court or magisterial district judge shall grant such a motion unless good cause for denial shall appear, which shall include failure to comply with applicable regulations promulgated by the IOLTA Board.]

(2) Upon an applicant's compliance with the administrative requirements of paragraph (b)(1):

(i) The applicant's candidacy for pro hac vice admission shall be made by motion by a sponsor, who is member of the bar of this Commonwealth in accordance with Pennsylvania Rule of Civil Procedure 1012.1 (Admission Pro Hac Vice. Motion. Content);

(ii) The motion for the applicant's candidacy for pro hac vice admission shall be filed by the sponsor with the clerk of the court in which or with the magisterial district judge before which the case is pending at least three days prior to the appearance before the court or magisterial district judge by the attorney, barrister, or advocate seeking pro hac vice admission; and

(iii) In capital cases, wherein the applicant seeks pro hac vice admission as defense counsel, the requirements of Pennsylvania Rule of Civil Procedure 1012.1(c) shall be supplemented to demonstrate compliance with the requirements of Pennsylvania Rule of Criminal Procedure 801 (Qualifications for Defense Counsel in Capital Cases).

(3) The oath shall not be required.

Official Note: Based on U.S. Supreme Court Rule 6 and on former Supreme Court Rule 13 (last paragraph).

Paragraph (b) was amended in 2013 to establish a uniform procedure for pro hac vice admissions in Pennsylvania using existing Pennsylvania Rule of Civil Procedure 1012.1. As set forth in paragraph (b)(1), applicants seeking admission first must satisfy the administrative requirements of the IOLTA Board. See 204 Pa. Code § 81.501—.506. Upon satisfaction of these requirements, the IOLTA Board will send the applicant's sponsor written certification. Pursuant to paragraph (b)(2), the sponsor is required to file a motion with the appropriate court seeking approval of the applicant's candidacy for admission pro hac vice. The required content and disposition of the motion are contained in Pennsylvania Rule of Civil Procedure 1012.1. The term, "motion," is colloquially used inasmuch as the sponsor should proceed via "application" pursuant to Pennsylvania Rule of Appellate Procedure 123 (Application for Relief) in the appellate courts and "request" pursuant to Pennsylvania Rule of Civil Procedure before Magisterial District Judges 207 in magisterial district courts.

Explanatory Comment

In 2007, the Supreme Court promulgated Rule 1012.1 governing motions for admission *pro hac vice*. In conjunction with this, the Supreme Court also amended Pa.B.A.R. 301 and promulgated new IOLTA regulations, both of which also govern admission *pro hac vice*. Pa.B.A.R. 301 requires that the motion for admission *pro hac vice* aver that the fee required by the IOLTA regulations has been paid, or include as an attachment a copy of a fee payment certification from the IOLTA Board, unless payment of the fee is not required pursuant to Section 81.505(c) of the IOLTA regulations, and the information required by Section 81.504 of the IOLTA regulations has been provided to the IOLTA Board. The requirements of Pa.B.A.R. 301 and the IOLTA regulations have been incorporated into Rule 1012.1 to aid the practitioner in satisfying the requirements for admission *pro hac vice* in civil cases.

The purpose of this rule is to provide minimum uniform statewide standards for the experience and education of appointed and retained counsel in capital cases, to thus ensure such counsel possess the ability, knowledge, and experience to provide representation in the most competent and professional manner possible. These require-

ments apply to counsel at all stages of a capital case, including pretrial, trial, post-conviction, and appellate.

The educational and experience requirements of the rule may not be waived by the trial or appellate court. A court may allow representation by an out-of-state attorney *pro hac vice*, if satisfied the attorney has equivalent experience and educational qualifications, and is a member in good standing of the Bar of the attorney’s home jurisdiction. **See Pa.B.A.R. 301.**

Comment

See the Comment to Rule 1634 for assisting children in filing resumption of jurisdiction motions. It is best prac-

... tice for the court to appoint the guardian *ad litem* or legal counsel who was previously assigned to the child as legal counsel in the re-opened case. If there are extenuating circumstances preventing the attorney from representing the child, the attorney should make this known at the time of the filing of the motion for resumption of jurisdiction so the court can assign a new attorney.

(C) Admission *pro hac vice* in accordance with Pennsylvania Bar Admission Rule 301 shall proceed by request, the disposition and content of which shall conform with the requirements of Pennsylvania Rule of Civil Procedure 1012.1.

Official Note: This rule is intended to permit a non-lawyer representative, employee, or authorized agent to appear on behalf of an individual, partnership, corporation or similar entity, or unincorporated association, but not to allow a non-lawyer to establish a business for the purpose of representing others in magisterial district court proceedings.

It is intended that the designation of a non-lawyer representative, employee, or authorized agent to represent a party is to apply only on a case-by-case basis. A party may not give blanket authorization for a non-lawyer representative, employee, or authorized agent to represent the party in all cases involving the party.

As to "personal knowledge of the subject matter of the litigation" see Pa.R.E. 602 and Comment.

A business organized as a sole proprietorship may be represented in the same manner as an individual under paragraph (A)(1).

See rules in Chapter 800 as to representation of minors and incapacitated persons by guardians.

To gain admission *pro hac vice* pursuant to Pa.B.A.R. 301, the applicant must seek administrative approval by the IOLTA Board prior to the

sponsor's request for the applicant's admission before the magisterial district court. The disposition and content of the request is governed by Pa.R.C.P. No. 1012.1.

FINAL REPORT¹***Amendment to Rule 207 of the Pennsylvania Rules of Civil Procedure Governing Actions and Proceedings Before Magisterial District Judges******Pro Hac Vice Admission Procedure***

On December 10, 2013, effective February 10, 2014, the Court approved amendment of Rule 207 of the Pennsylvania Rules of Civil Procedure Governing Actions and Proceedings Before Magisterial District Judges concerning *pro hac vice* admissions.

I. Background and Discussion

Previously, *pro hac vice* admissions in magisterial district courts have been guided by Pennsylvania Bar Admission Rule 301, which required admission by timely motion before the magisterial district judge. However, neither the Pennsylvania Bar Admission Rules nor the Rules of Civil Procedure before Magisterial District Judges addressed the precise content and procedural requirements for the admission process. In the absence of such guidance, the admission process was either left to local practice or "borrowed" from Pennsylvania Rule of Civil Procedure 1012.1.

Additionally, by Order of October 30, 2013, the Court amended, *inter alia*, Section 81.501(e) of the Interest on Lawyers Trust Account ("IOLTA") Regulations to extend the regulations for *pro hac vice* admissions to include any Pennsylvania magisterial district court. With this extension, applicants seeking admission *pro hac vice* must first seek administrative approval by the IOLTA Board and pay the required fee before requesting admission *pro hac vice* before the magisterial district judge.

Concomitantly with the amendment of Rule 207, Pennsylvania Bar Admission Rule 301 will be amended to incorporate the motion procedure set forth in Pennsylvania Rule of Civil Procedure 1012.1, as amended, for all candidates seeking admission *pro hac vice* in Pennsylvania. Rule 207 is similarly being amended to incorporate the procedure set forth in Pennsylvania Bar Admission Rule 301 and Pennsylvania Rule of Civil Procedure 1012.1, the purpose of which is intended to create a uniform statewide procedure for the *pro hac vice* admission process.

II. Approved Rule Change

To incorporate the procedure set forth in Pennsylvania Bar Admission Rule 301 and Pennsylvania Rule of Civil Procedure 1012.1, Rule 207 is amended to reference these rules and to require that admissions proceed by "request" in accordance with those rules. *See also* Pa.B.A.R. 301, Official Note (the term, "motion," in Pa.B.A.R. 301 includes the Rule 207 "request," as there is no motions practice before magisterial district judges). The Official Note is also revised to inform applicants and sponsors of the requirements for prior administrative approval by the IOLTA Board.

PROPOSED RULEMAKING

STATE BOARD OF OSTEOPATHIC MEDICINE

[49 PA. CODE CH. 25]

Genetic Counselors

The State Board of Osteopathic Medicine (Board) proposes to amend §§ 25.215 and 25.231 (relating to definitions; and schedule of fees) and add Subchapter O (relating to genetic counselors) to read as set forth in Annex A.

Effective Date

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Statutory Authority

The act of December 22, 2011 (P. L. 581, No. 126) (Act 126) amended the Osteopathic Medical Practice Act (act) (63 P. S. §§ 271.1—271.18) to require the Board to issue licenses to genetic counselors, to issue temporary permits to graduates of genetic counseling education programs and to regulate the practice of genetic counseling and discipline licensees. Section 3 of Act 126 directs the Board to adopt regulations to implement the licensure of genetic counselors.

Description of Proposed Amendments

The proposed rulemaking would amend § 25.215 to add genetic counselors to the list of Board-regulated practitioners. The proposed rulemaking would also amend § 25.231 to provide for fees for the application for genetic counselor license, application for uncertified genetic counselor, biennial renewal of genetic counselor license, application for reactivation of genetic counselor license and application for temporary provisional genetic counselor license.

The proposed amendments would add Subchapter O to set forth the standards for licensure of genetic counselors. Proposed § 25.901 (relating to purpose) states the purpose of the subchapter, to implement the amendments to the act regarding genetic counselors. Section 25.902 (relating to definitions) sets forth definitions of terms used in the subchapter.

Section 25.903 (relating to application for genetic counselor license) provides the information necessary for an applicant who holds National certification to apply for a license to practice as a genetic counselor. The qualifications for licensure are in section 10.3(e) of the act (63 P. S. § 271.10c(e)) and are repeated here for clarity to applicants.

Section 25.904 (relating to application for genetic counselor license by uncertified persons) provides the information necessary for an applicant who does not hold National certification to apply for a license to practice as a genetic counselor. The qualifications for licensure are in section 10.3(f) of the act and are repeated here for clarity to applicants. Section 10.3(f) of the act provides that the Board may issue licenses to noncertified persons for 3 years after the effective date of Act 126, which was February 20, 2012. The Board included this limitation in § 25.904(b)(1).

Section 25.905 (relating to application for temporary provisional genetic counselor license) provides the infor-

mation necessary for an applicant to apply for a temporary provisional license as authorized by section 10.3(g) of the act. The statutory provision recognizes, and the regulatory provision echoes, the fact that in the field of genetic counseling it is common for graduates to take the certification examination twice. For this reason, section 10.3(g)(2) of the act provides that the provisional license would allow a person to practice, under supervision, until two examination cycles have elapsed. This unusual provision is echoed in § 25.905(d) and (e).

Section 25.906 (relating to biennial renewal of genetic counselor license) provides for the biennial registration of the genetic counselor license and effectuates the provisions of section 10.3(j) of the act regarding continuing education. Section 25.906(b)(5) requires a genetic counselor to verify that he has completed the continuing education mandated by the act as a condition of biennial renewal.

Section 25.907 (relating to inactive status of genetic counselor license; reactivation of inactive license) provides information to licensees about how a license becomes inactive, that a licensee whose license is inactive is not permitted to practice and how to reactivate an inactive license. Section 25.907(d) provides that a licensee whose license has been inactive for 4 years or more will be required to demonstrate continued competence to practice by showing current certification by the American Board of Genetic Counseling. Late fees are addressed in § 25.907(e).

Section 25.908 (relating to disciplinary action for applicants and licensed genetic counselors) provides that licensees and applicants may be subject to discipline or refusal of licensure for any of the reasons in section 15 of the act (63 P. S. § 271.15) or for engaging in unprofessional or immoral conduct as defined in § 25.908(b) and (c).

Section 25.909 (relating to continuing education for licensed genetic counselors) sets forth rules regarding continuing education. Section 10.3(j) of the act requires genetic counselors to complete 30 hours of continuing education as a condition of biennial renewal. Section 25.909 provides additional details about the continuing education requirement, including approved providers of continuing education and the documentation that licensees must maintain.

Section 25.910 (relating to professional liability insurance coverage for licensed genetic counselors) effectuates section 10.3(k) of the act, which requires licensed genetic counselors to maintain professional liability insurance coverage in the minimum amount of \$1 million per occurrence or claims made.

Fiscal Impact and Paperwork Requirements

The statutory requirements that genetic counselors obtain and renew licenses to practice genetic counseling, obtain and maintain professional liability insurance and complete at least 30 hours of continuing education biennially will have a fiscal impact and impose paperwork requirements on the regulated community of genetic counselors. Genetic counselors will be required to file applications, pay fees and provide documentation evidencing professional liability insurance and continuing education. To the degree genetic counselors are employed by small businesses, and those businesses pay the licensure fees and costs associated with professional liability insur-

ance and continuing education, the regulations may impact small businesses. The proposed rulemaking should not have an adverse fiscal impact or impose additional paperwork requirements on the Commonwealth or its political subdivisions.

Sunset Date

The Board continuously monitors its regulations. Therefore, a sunset date has not been assigned.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on December 12, 2013, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and the Senate Consumer Protection and Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comment

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to Teresa Lazo, Board Counsel, State Board of Osteopathic Medicine, P.O. Box 2649, Harrisburg, PA 17105-2649, ra-osteopathic@pa.gov within 30 days following publication of this proposed rulemaking in the Pennsylvania Bulletin.

(f) The holder of a temporary provisional genetic counselor license may not use the title "genetic counselor." The holder of a temporary provisional genetic counselor license may use the title "graduate genetic counselor" but may not use an abbreviation of the title.

§ 25.906. Biennial renewal of genetic counselor license.

(a) The license of a genetic counselor will expire biennially on October 31 of each even-numbered year in accordance with § 25.271 (relating to requirements for renewal). A genetic counselor may not practice after October 31 of an even-numbered year unless the genetic counselor has completed the biennial renewal process and the Board has issued a renewed license.

(b) As a condition of biennial renewal, a genetic counselor shall:

(1) Submit a completed application, including payment of the biennial renewal fee in § 25.231 (relating to schedule of fees).

(2) Disclose on the application any license to practice as a genetic counselor in another state, territory, possession or country.

(3) Disclose on the application disciplinary action pending before or taken by the appropriate health care licensing authority in any other jurisdiction since the most recent application for biennial renewal, whether or not licensed to practice in that other jurisdiction.

(4) Disclose on the application pending criminal charges and any finding or verdict of guilt, admission of guilt, plea of nolo contendere, probation without verdict, disposition instead of trial or accelerated rehabilitative disposition in any criminal matter since the most recent application for biennial renewal.

(5) Verify on the application that the licensed genetic counselor has complied with the continuing education requirements mandated by section 10.3(j) of the act (63 P. S. § 271.10c(j)) during the biennial period immediately preceding the period for which renewal is sought in accordance with § 25.909 (relating to continuing education for licensed genetic counselors).

(6) Verify on the application that, if practicing as a genetic counselor in this Commonwealth, the licensee maintains professional liability insurance coverage in accordance with section 10.3(k) of the act.

§ 25.907. Inactive status of genetic counselor license; reactivation of inactive license.

(a) A genetic counselor license will become inactive upon either of the following:

(1) The licensee requests in writing that the Board place the license on inactive status. Written confirmation of inactive status will be forwarded to the licensee.

(2) The licensee fails to renew the license by the expiration of the biennial renewal period, that is, by October 31 of each even-numbered year.

(b) A genetic counselor whose license has become inactive may not practice as a genetic counselor in this Commonwealth until the license has been reactivated.

(c) To reactivate an inactive license, the licensee shall apply on forms made available by the Board. The licensee shall:

(1) Include the documentation required under § 25.909 (relating to continuing education for licensed genetic counselors) for the immediately preceding biennium. Unless waived by the Board under section 10.3(j)(3) of the act (63 P. S. § 271.10c(j)(3)), the Board will not reactivate a license until the required continuing education for the preceding biennium has been successfully completed.

(2) Pay the current biennial renewal fee and the reactivation application fee specified in § 25.231 (relating to schedule of fees).

(3) Except as provided in subsection (e), verify that the licensee did not practice as a genetic counselor in this Commonwealth while the license was inactive.

(d) A licensee whose license has been inactive for 4 years or more shall demonstrate continued competence by showing current certification by the ABGC.

(e) A licensee who has practiced with an inactive license, and who cannot make the verification required under subsection (c)(3), shall also pay the late fees required under section 225 of the Bureau of Professional and Occupational Affairs Fee Act (63 P. S. § 1401-225) as more fully set forth in this subsection. Payment of a late fee does not preclude the Board from taking disciplinary action for practicing as a genetic counselor without a current active license.

(1) A licensee whose license was active at the end of the immediately preceding biennial renewal period and who practiced after the license became inactive shall pay a late fee of \$5 for each month or part of a month from the beginning of the current biennium until the date the reactivation application is filed.

(2) A licensee whose license has been inactive since before the beginning of the current biennium shall pay the biennial renewal fee for each biennial period during which the licensee practiced and shall pay a late fee of \$5 for each month or part of a month from the first date the licensee practiced as a genetic counselor in this Commonwealth after the license became inactive until the date the reactivation application is filed.

§ 25.908. Disciplinary action for applicants and licensed genetic counselors.

(a) A licensed genetic counselor, graduate genetic counselor or applicant for a license is subject to refusal of license or disciplinary action under section 15 of the act (63 P. S. § 271.15). Following a final determination subject to the right of notice, hearing and adjudication and the right of appeal therefrom in accordance with 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law), the Board may refuse licensure or impose any of the corrective actions of section 15(c) of the act.

(b) Unprofessional conduct includes:

(1) Engaging in conduct prohibited under § 25.216 (relating to sexual misconduct).

(2) Performing an act in a health care profession in a fraudulent, incompetent or negligent manner.

(3) Violating a provision of the act or this chapter setting a standard of professional conduct.

(4) Engaging in health care practice beyond the licensee's authority to practice.

(5) Representing oneself to be a physician or other health care practitioner whose profession the genetic counselor is not licensed to practice.

(6) Practicing while the licensee's ability to do so is impaired by alcohol, drugs, physical disability or mental instability.

(7) Revealing personally identifiable facts obtained as the result of a practitioner-patient relationship without the prior consent of the patient, except as authorized or required by statute or regulation.

(8) Failing to provide appropriate supervision to a genetic counselor student or a graduate genetic counselor practicing under a temporary provisional license. For purposes of this paragraph, appropriate supervision of a genetic counselor student means that the student is under the overall direction of the chair or director of the educational program. For purposes of this paragraph, appropriate supervision of a graduate genetic counselor means that the graduate genetic counselor is under the overall direction of the area supervisor and the supervisor conducts periodic review of the work of the graduate genetic counselor.

(9) Practicing outside the scope of practice for a genetic counselor as set forth in section 10.3(c) of the act (63 P. S. § 271.10c(c)).

(c) Immoral conduct includes:

(1) Misrepresenting or concealing a material fact in obtaining a license issued by the Board or renewal, reactivation or reinstatement thereof.

(2) Being convicted of a crime involving moral turpitude, dishonesty or corruption in the courts of the Commonwealth, the United States, another state, the District of Columbia, a territory of the United States or another country.

(3) Committing an act involving moral turpitude, dishonesty or corruption.

§ 25.909. Continuing education for licensed genetic counselors.

(a) *Credit hour requirements.* A licensed genetic counselor shall satisfy the following continuing education credit hour requirements:

(1) As a condition for biennial renewal, a licensed genetic counselor shall complete at least 30 hours of continuing education applicable to the practice of genetic counseling. A licensee is not required to complete continuing education during the biennium in which the licensee was first licensed.

(2) Except when reactivating an inactive license, when the Board has granted a waiver or when ordered by the Board, continuing education credits may be used to satisfy the continuing education credit hour requirements only for the biennial period in which the credits were earned. No hour of continuing education may be used to satisfy the requirement of paragraph (1) for more than one biennium.

(3) A licensed genetic counselor may request a waiver of the continuing education credit hour requirements because of serious illness, military service or other demonstrated hardship by submitting a request for waiver with the supporting documentation to the Board at least 90 days prior to the end of the biennial renewal period for which the waiver is sought. The Board may grant the waiver request in whole or in part and may extend the deadline by which the credit hour requirements shall be met.

(4) A licensed genetic counselor may be subject to disciplinary sanction as provided in section 15 of the act (63 P. S. § 271.15), including the suspension or revocation of the license, imposition of a civil penalty or other corrective measure as determined by the Board, if the licensee either submits false information to the Board regarding completion of the continuing education credit hour requirements to complete biennial renewal, or fails to complete the continuing education hour requirements and practices as a genetic counselor after the end of the biennial period.

(b) *Continuing education activities.* Credit for continuing education may be earned for activities approved by the ABGC or the NSGC.

(c) *Documentation of continuing education.* Continuing education must be documented with a certificate of attendance or completion issued by the activity provider. The certificate must include the name of the course provider, the name and date of the course, the name of the licensee, the number of credit hours based on a 50-minute hour and the category of continuing education, if applicable.

§ 25.910. Professional liability insurance coverage for licensed genetic counselors.

(a) A licensed genetic counselor shall maintain a level of professional liability insurance coverage in the minimum amount of \$1 million per occurrence or claims made as required under section 10.3(k) of the act (63 P. S. § 271.10c(k)).

(b) Proof of professional liability insurance coverage may include either:

(1) A certificate of insurance or copy of the declaration page from the insurance policy setting forth the effective date, expiration date and dollar amounts of coverage.

(2) Evidence of a plan of self-insurance approved by the Insurance Commissioner of the Commonwealth under regulations of the Insurance Department in 31 Pa. Code Chapter 243 (relating to medical malpractice and health-related self-insurance plans).

(c) A license that was issued in reliance upon a letter from the applicant's insurance carrier indicating that the applicant will be covered against professional liability effective upon the issuance of the applicant's license as permitted under section 10.3(k)(3) of the act will become inactive as a matter of law 30 days after the date of issuance of the license if the licensee has not provided proof of professional liability insurance coverage and will remain inactive until the licensee provides proof of insurance coverage.

(d) A licensee who does not have professional liability insurance coverage as required under section 10.3(k)(1) of the act may not practice as a genetic counselor in this Commonwealth.

NOTICES

DEPARTMENT OF AGRICULTURE

Temporary Order Designating Dangerous Transmissible Diseases

The Department of Agriculture (Department) issues a temporary order designating Chronic Wasting Disease (CWD), Spring Viremia of Carp (SVC), Viral Hemorrhagic Septicemia (VHS) and the neurologic form of Equine Rhinopneumonitis or Equine Herpes Virus (EHV-1) as “dangerous transmissible diseases.” These designations are made under the authority of 3 Pa.C.S. §§ 2301—2390 (relating to Domestic Animal Law).

This temporary order is the successor to a previous temporary order with respect to the same diseases, as published at 43 Pa.B. 19 (January 5, 2013), that made the same dangerous transmissible disease designations. The previous temporary order will expire as of January 1, 2014, and will be replaced by this temporary order.

Under 3 Pa.C.S. § 2327(a) (relating to disease surveillance and detection), the Department has authority to monitor the domestic animal population of this Commonwealth to determine the prevalence, incidence and location of transmissible diseases of animals. Under 3 Pa.C.S. § 2321(d) (relating to dangerous transmissible diseases), the Department has authority to declare a disease that has not been specifically identified in that statute as a “dangerous transmissible disease” to be a dangerous transmissible disease through issuance of a temporary order making that designation.

1. CWD

CWD is a disease of whitetail deer, elk and other cervids and is a member of the group of diseases known as transmissible spongiform encephalopathies (TSEs). Other more well-known TSEs are scrapie and bovine spongiform encephalopathy (BSE) or “mad cow” disease. All are thought to be caused by a protein that has converted to an abnormal infectious form known as a “prion.” There is some evidence, in the case of BSE, that humans may become infected through consumption of meat products containing central nervous system tissues, thus there is a significant public health interest concerning all TSEs.

A number of states have, in recent years, instituted import regulations requiring that cervids entering those states: (1) originate from herds that are participating in a surveillance program; and (2) originate from states that have authority to take action in the event that CWD is diagnosed. CWD was found in both captive and wild deer in this Commonwealth in 2013. The designation of CWD as a “dangerous transmissible disease” allowed the Department to facilitate the development and oversight of a surveillance program and quarantine orders that allowed for detection, tracing and containment of the CWD outbreak and allowed the Department to react and take action necessary to carry out its statutory duty under the Domestic Animal Law.

2. SVC

SVC is caused by a ribonucleic acid virus known as *Rhabdovirus carpio* and is considered an emerging disease in the United States. SVC poses a threat to both domestic fish health and wild fish health in this Commonwealth and has the potential to create a significant adverse economic impact on this Commonwealth’s aquaculture industry.

The SVC virus readily infects species of the *Cyprinidae* family (carp and minnows) and spreads through direct contact with infected fish and through shared infected water sources. Symptoms typically appear in the spring time as water temperatures increase. Symptoms in infected fish range from undetectable through mild disease to sudden massive die-off.

There is no specific treatment for fish infected with SVC and no vaccine to prevent the disease. Once natural water resources become infected, SVC may be impossible to eradicate and may pose a permanent threat to aquaculture facilities utilizing those water sources.

3. VHS

VHS virus is a serious pathogen of fresh and saltwater fish that is causing an emerging disease in the Great Lakes region of the United States and Canada. VHS virus is a rhabdovirus (rod shaped virus) that affects fish of all size and age ranges. It does not pose any threat to human health. VHS can cause hemorrhaging of fish tissue, including internal organs, and can cause the death of infected fish. Once a fish is infected with VHS, there is no known cure. Not all infected fish develop the disease, but they can carry and spread the disease to other fish. The World Organization of Animal Health has categorized VHS as a transmissible disease with the potential for profound socio-economic consequences.

4. Neurologic Form of EHV-1

EHV-1 is a highly contagious virus that is ubiquitous in horse populations worldwide. The age, seasonal and geographic distributions vary and are likely determined by immune status and concentration of horses. Infection with EHV-1 most commonly causes respiratory illness, characterized by fever, rhinopharyngitis and tracheobronchitis. Infection may also cause abortions in pregnant mares, following clinical or subclinical infection, and can be fatal to newborn foals. A further, infrequent clinical resultant effect of EHV-1 infection is the development of neurologic disease. Depending upon the location and extent of the lesions, signs of neurologic disease may vary from mild incoordination and posterior paresis to severe posterior paralysis with recumbency, loss of bladder and tail function, and loss of sensation to the skin in the perineal and inguinal areas, and even the hindlimbs. In exceptional cases, the paralysis may be progressive and culminate in quadriplegia and death.

Transmission of EHV-1 occurs by direct or indirect contact with infective nasal discharges, aborted fetuses, placentas or placental fluids. Transmission can occur by means of coughing or sneezing over a distance of up to 35 feet, as well as by direct contact with infected horses, feed and equipment.

There is currently no known method to reliably prevent the neurologic form of EHV-1 infection. Sound management practices, including isolation, are important to reduce the risk of infection with EHV-1. Maintaining appropriate vaccination protocols may also be prudent in an attempt to reduce the incidence of the respiratory form of EHV-1 infection, which may reduce the incidence of the neurologic form.

Order

The Department hereby designates CWD, SVC, VHS and EHV-1 “dangerous transmissible diseases” under 3 Pa.C.S. § 2321(d). This order supplants any previous temporary order making a designation.

This order shall take effect as of January 1, 2014, and shall remain in effect until no later than January 1, 2015. This Department may: (1) reissue this temporary order to extend the designation beyond January 1, 2015; (2) allow this temporary order to expire on January 1, 2015; (3) supplant this temporary order with a formal regulation; or (4) modify this temporary order.

Questions regarding this temporary order may be directed to Craig Shultz, DVM, Director, Bureau of Animal Health and Diagnostic Services, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 772-2852.

The Education Department general administrative regulations, 34 CFR 300.165 (relating to public participation), require that states conduct public hearings, ensure adequate notice of those hearings and provide an op-

portunity for public comment, including comment from individuals with disabilities and parents of children with disabilities, before adopting policies and procedures. The Commonwealth must publish the proposed IDEA-B application and current policies and procedures related to IDEA-B, which can be found by accessing the Pennsylvania Training and Technical Assistance Network’s (PaTTAN) web site at www.pattan.net (click on the “Legal” tab at the top of the page for the link to the “Federal Law and Regulations”).

Alternative formats of the documents (for example, Braille, large print, cassette tape) will be made available upon request. Moreover, public comment is welcomed in alternative formats such as Braille, taped comments and telephone comments. Individuals who wish to submit comments by telephone should contact Beth Runkle, (717) 783-2311.

Written and verbal comments must be received by March 5, 2014. The written comments should be directed to Jean B. Inskip or Dr. Ronald Wells, Bureau of Special Education, Department of Education, 333 Market Street, 7th Floor, Harrisburg, PA 17126-0333.

Additionally, the Department will provide individuals an opportunity to testify on the proposed IDEA-B application and the current policies and procedures. Testifiers are encouraged to bring a written copy of their testimony at the time of presentation. Presentations should be limited to 15 minutes.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S.

§§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or

suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

15-0142: Mars Drinks North America LLC (1301 Wilson Drive, West Chester, PA 19380) for a coffee roaster, associated equipment and air pollution control devices at their existing packaging facility in East Goshen Township, **Chester County**. Emissions of particulate matter (PM) from the coffee roaster and a cooler are controlled by cyclones and from a destoner and briquetting press by fabric filters. The briquetting press is used to compact particulate matter collected from the cyclones. Emissions of carbon monoxide (CO) and volatile organic compounds (VOC) from the coffee roaster are controlled by an afterburner and catalytic oxidizer. Design capacity of the coffee roaster is 4400 lb/hr green beans and 7 MMBtu/hr roasting capacity. The afterburner design capacity is 3 MMBtu/hr. The coffee roaster and afterburner are fueled by natural gas. This is a minor facility, with the installation of the coffee roasting and associated equipment. Emissions from the coffee roasting operation in tons/year on a 12-month rolling basis are conservatively estimated as 0.83 VOC, 8.15 PM, 5.3 CO, 4.25 nitrogen oxides (NO_x) and 0.026 sulfur oxide (SO₂). All dust collectors will achieve less than 0.02 grains/dry stand cubic foot particulate (PM), which is considered to meet Best Available Technology (BAT). Control of CO and VOC with the afterburner/catalytic oxidizer (minimum 90% VOC destruction efficiency) is considered to meet BAT. The permittee shall monitor pressure and temperature across the catalyst bed to assure optimum operation of the oxidizer. The permittee shall keep records and meet work practice standards to minimize emissions and keep the facility operating within all applicable emission standards.

The air emissions from the project will be fugitive and will not exceed 2.4 tons of VOC increase over their previous operation. All other Air emissions (NO_x, CO, SO_x, PM, and GHG) will decrease over previous years. This project does trigger applicability to PADEP's NSR regulations and 34.65 tons of VOC ERCs will be required for this project. The facility currently operates one flexographic printing press and one other digital printing press, which were each approved by the Department through a Request for Determination (RFD). The primary pollutant of concern from the new digital printing press will be volatile organic compounds (VOC) and hazardous air pollutants (HAP) as a result of the printing process. The plant will be a minor facility based on its potential emissions. The plan approval will include monitoring, recordkeeping, and reporting requirements designed to address all applicable air quality requirements

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Outfall FTP is a parallel treatment system composed of either chemical water treatment (FTPA) at high discharge volumes or passive treatment (FTP) at low discharge volumes. Outfall FTP is a passive treatment system final discharge. Passive treatment of Outfall FTP is to be used when final discharge flow is 35 gallons per minute (GPM) or less, or whenever effluent limits are able to be achieved. The proposed effluent limits for the passive treatment outfall(s) are as follows:

<i>Parameter</i>	<i>Minimum</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the

appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports

submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Availability of Rebates through the Pennsylvania Alternative Fuels Incentive Grant

The Department of Environmental Protection (Department) announces the continued availability of grants to Commonwealth residents under the Pennsylvania Alternative Fuel Vehicle Rebate Program (program). The program, administered by the Department through the Alternative Fuels Incentive Grant Program, provides rebates to Commonwealth residents to assist individuals with the incremental costs of purchasing an alternative fuel vehicle.

To qualify for the rebate, the alternative fuel vehicle must be registered in this Commonwealth and be oper-

ated primarily within this Commonwealth. The rebate will be offered on a first-come, first-served basis in the order in which they are received. Rebate request forms and required documentation must be submitted to the Department no later than 6 months after the vehicle is purchased.

The following rebates are offered:

- \$2,000 rebate for a plug-in hybrid electric vehicle (PHEV) (battery system capacity equal/greater than 10 kWh) or battery electric vehicle (EV) (battery system capacity equal/greater than 10 kWh) (does not include electric motorcycle, scooter, all-terrain vehicle (ATV) or low speed electric vehicle).

- \$1,000 rebate for a PHEV or EV (battery system capacity less than 10 kWh) (does not include electric motorcycle, scooter, ATV or low speed electric vehicle).
- \$1,000 rebate for a natural gas fueled vehicle. OEM/certified retrofit only.
- \$1,000 rebate for a propane fueled vehicles. OEM/certified retrofit only.
- \$1,000 rebate for a hydrogen vehicle or fuel cell vehicle, or both.
- \$500 rebate for an electric motorcycle, scooter, ATV or other low speed electric vehicle if registered in this Commonwealth.

There are only a limited number of rebates left at \$3,000. Upon payment of the first 500 rebates at \$3,000, the rebate amount for PHEVs and EVs (battery system capacity equal/greater than 10 kWh) will be reduced to \$2,000 for the next 500 qualified applicants or until June 30, 2014, whichever occurs first. The rebate amount offered in the future will be reassessed at that time.

The Department encourages interested applicants to visit the web site for rebate forms and an up-to-date listing of rebate availability at www.dep.state.pa.us, keyword: Alternative Fuel Vehicle Rebates. The remaining rebates available for PHEVs or EVs (battery system capacity equal/greater than 10 kWh) will be updated weekly.

DEPARTMENT OF PUBLIC WELFARE

Fee Schedule Rates and Department-Established Fees for Consolidated and Person/Family Directed Support Waivers Services, Targeted Services Management and the Community Intellectual Disability Base-Funded Program

The Department of Public Welfare (Department) is providing final notice of the Fee Schedule Rates for select services funded through the Consolidated and Person/Family Directed Support waivers, the Department-established fees for residential ineligible services and fee for Targeted Service Management (TSM) effective July 1, 2013. These Fee Schedule Rates also serve as the Department-established fees under 55 Pa. Code § 4300.115(a) (relating to Department established fees) for base-funded services managed through county programs for individuals with an intellectual disability under the Mental Health and Intellectual Disability Act of 1966 (50 P.S. §§ 4104—4704), 55 Pa. Code Chapter 4300 (relating to county mental health and mental retardation fiscal manual) and 55 Pa. Code Chapter 51 (relating to Office of Developmental Programs home and community-based services). The Department published its

proposed fee schedule rates, Department-established fees for residential ineligible services and fee for TSM at 43 Pa.B. 3588 (June 29, 2013) and will implement the rates as proposed with the exception of the rates for Agency with Choice/Financial Management Services (AWC/FMS).

Change to AWC/FMS Fee Schedule Rates

When developing the proposed rates for AWC/FMS (including and excluding benefit allowance), the Department considered as part of the rate development process the impact the Federal Patient Protection and Affordable Care Act (ACA) (Pub. L. No. 111-148) may have on provider costs to provide services. At the time of the publication of the proposed Fee Schedule Rates, the ACA required employers with 50 or more full-time employees to offer meaningful and affordable health insurance options to full-time employees beginning January 1, 2014. The ACA defines a full-time employee as an employee who on average works 30 or more hours per week. The Department determined that AWC/FMS providers would be subject to the same provisions of the ACA as traditional agency employers. Because the Fee Schedule Rates for AWC services did not include costs associated with employer-paid health care coverage, the Department adjusted the proposed Fee Schedule Rates for AWC services to include consideration for costs associated with employer-paid health care coverage.

On July 2, 2013, the United States Department of Treasury announced that the requirement to provide meaningful and affordable health insurance options to full-time employees was being postponed a year and would be effective January 1, 2015. For this reason, the Department is removing costs associated with employer-paid health care coverage from the proposed rates for AWC/FMS.

No other adjustments are being made to the proposed rates for AWC/FMS. The proposed Fee Schedule Rates for AWC services published at 43 Pa.B. 3588 will be effective from July 1, 2013, through December 31, 2013.

The final Fee Schedule Rates for AWC services in this notice will be effective beginning January 1, 2014.

Fiscal Impact

It is anticipated there will be an approximate cost to the Commonwealth of \$21.126 million (\$10.118 million State funds) in Fiscal Year (FY) 2013-2014 and \$20.801 million (\$10.263 million State funds) in FY 2014-2015.

DEPARTMENT OF REVENUE

Interest Rate Notice

Under sections 806 and 806.1 of The Fiscal Code (72 P. S. §§ 806 and 806.1), the Secretary of Revenue announces that, for the calendar year beginning January 1, 2014, all underpayments of tax which became due and payable to the Commonwealth shall bear interest at the rate of 3% per annum. All overpayments of the tax paid during this calendar year under Article III of the Tax Reform Code of 1971 (72 P. S. §§ 7301—7361) shall bear interest at the rate of 3% per annum. All other overpayments of tax paid during this calendar year shall bear interest at the rate of 1% per annum. These rates will remain constant until December 31, 2014. These rates will be codified under 61 Pa. Code § 4.2(a) (relating to rate of interest).

These rates have been established based upon the rate established by the Secretary of the Treasury of the United States under section 6621(a)(2) of the Internal Revenue Code to be effective January 1, 2014.

Although the Tax Reform Act of 1986 amended section 6621 of the Internal Revenue Code by requiring that the Secretary of the Treasury of the United States establish quarterly rates of interest to become effective for Federal purposes on the first month of each calendar quarter, these amendments do not affect Commonwealth law. The Fiscal Code requires that the interest rate be established effective January 1 of each calendar year without regard to any change in the Federal interest rate during the calendar year.

Secretary

FISH AND BOAT COMMISSION

Temporary Changes to Fishing Regulations; Display of License Button

The Executive Director of the Fish and Boat Commission (Commission), acting under the authority of 58 Pa. Code § 65.25 (relating to temporary changes to fish-

ing regulations), has taken immediate action to amend 58 Pa. Code § 63.2 (relating to display of fishing license and verification of license purchase) to allow the display of license buttons as an alternative to the current display requirement for fishing license certificates. Section 63.2 of 58 Pa. Code presently provides that a person required by 30 Pa.C.S. Chapter 27 (relating to fishing licenses) to purchase a fishing license to fish in the waters of this Commonwealth or in boundary waters must display the license certificate on a hat or outer garment while fishing. Starting sometime in February 2014, the Commission will make license buttons available for sale and anglers may display them instead of a license certificate. If an angler chooses to display a license button instead of the usual license certificate, he must carry the license certificate on his person and produce it upon the request of an officer.

The Executive Director has found that this action is necessary and appropriate to conserve and preserve fishing opportunities. This temporary modification will go into effect on January 1, 2014, and will remain in effect until the Commission, by appropriate action, amends 58 Pa. Code § 63.2. In the absence of the action, the temporary modification will expire on December 31, 2014.

HOUSING FINANCE AGENCY

Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund (PHARE) Principles and Elements of Plan; 2014 Draft Plan

Background

Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund (PHARE)

The PHARE Fund was established by the act of November 23, 2010 (P. L. 1035, No. 105) (PHARE Act) to provide the mechanism by which certain allocated State or Federal funds, as well as funds from other outside sources, would be used to assist with the creation, rehabilitation and support of affordable housing throughout this Commonwealth.

The PHARE Act did not allocate any funding but did outline specific requirements that include preferences, considerations, match funding options and obligations to utilize a percentage of the funds to assist households below 50% of the median area income. The PHARE Act provides a fairly broad canvas regarding the types of programs and the specific uses of any funding to allow flexibility in working with other State and Federal acts and programs.

Marcellus Shale Impact Fee

The Marcellus Shale impact fee legislation, the act of February 14, 2012 (P. L. 87, No. 13) (Impact Fee Act) specifically allocates certain amounts from the impact fee into the PHARE Fund to address the following needs, including:

- Support for projects that increase the availability of affordable housing for low and moderate income persons and families, persons with disabilities and elderly persons in counties where unconventional gas wells have been drilled (regardless of production levels).
- Provide rental assistance, in counties where unconventional gas wells have been drilled, for persons or families whose household income does not exceed the area median income.
- Specifies that no less than 50% of the funds are to be used in fifth, sixth, seventh and eighth class counties.

Direct Allocation—The PHARE Fund will receive a direct yearly allocation from the portion of funds set aside

for local distribution. The direct allocation is as follows: \$5 million each fiscal year beginning in 2012 and thereafter.

Windfall/Spillover Funds—Additional funds may become available because the Impact Fee Act limits amounts allocated to qualifying municipalities (as defined in the Impact Fee Act) and provides that any money remaining, after all allocations have been made to qualified municipalities, would also be deposited into the PHARE Fund.

Purpose

The PHARE Act provides the mechanism to address the housing needs in impacted counties/communities of the Marcellus Shale region.

Principles

In accordance with the PHARE Act and the Impact Fee Act, the moneys will be used to address significant housing needs in impacted counties and communities with the following additional criteria:

- 50% of the funds must be spent in 5th through 8th class counties.
- 30% of the funds must benefit persons/families below 50% of the median area income.

1) *Maximize resource leveraging*—To the greatest extent possible, the resources allocated will be used as leverage for other public and private resources. Additionally, local nonfinancial assets should be identified and leveraged when possible—including transportation, schools, recreation, employment, health, community and economic development support and other amenities. *Preference*: Applications that also include Optional Affordable Housing funds (under 53 Pa.C.S. Chapter 60 (relating to optional affordable housing funding) or local share portions of the impact fee, or both.

2) *Address greatest need*—The moneys will be allocated in communities where the greatest housing needs are identified based on housing needs studies and assessments, interviews, real estate price factors, housing stock analysis, market studies and consideration of the extent of gas wells drilled and related activity. The limited resources available should be used to meet the most significant and pressing housing needs but may also be used to address longer term housing needs. *Preference*: Projects/programs that: 1) Assist with the rehabilitation of blighted, abandoned or otherwise at risk housing and the reuse of vacant land where housing was once located; or 2) Provide funding for owner-occupied rehabilitation, first time homebuyers and rental assistance.

3) *Foster partnerships*—The funds should be used to maximize sustainable partnerships that will be committed to addressing the housing needs in these communities over a significant period of time. While the funds are to be used to directly support housing to meet the needs in the impacted communities, the projects should also help establish capacity to address those needs over the longer term. *Preference*: Projects/programs that incorporate social service entities that offer additional services to the residents within the community where the project/program is taking place.

4) *Effective and efficient*—Ensure that the resources are used effectively and efficiently to meet the housing needs of the impacted communities. Given the expectation that demand for many types of housing will greatly exceed the funds available, it will be critical to maximize the effectiveness and efficiency for housing investments

by the PHARE Fund. *Preference:* Projects/programs that assist the residents with the greatest need in that particular region.

5) *Equitable and transparent*—Create a plan and allocation process that will equitably meet the housing needs in impacted communities and establish a process that provides transparency to all stakeholders. Funding decisions and reporting will be done in accordance with the legislative requirements.

Elements of the Plan

Analysis of Need—One of the most critical components of the plan is to continually assess housing need in these communities. From both a quantitative and qualitative perspective the requirement to have accurate, reliable data from which funding decisions can be made is imperative.

It is important to recognize that this data will need to be municipality-specific to capture the unique and likely different housing needs in the various communities. In addition, the housing/real estate markets are diverse across the impacted communities and the analysis of need will require an understanding (qualitative and quantitative) of individual markets to make appropriate resource allocation decisions.

Building upon analysis already undertaken by the Housing Finance Agency (Agency) and the Commonwealth, additional analysis may be performed to assess specific housing issues in the impacted communities and to identify housing needs (persons with special needs, elderly, larger households, physical disabilities, homeless, and the like) to appropriately target PHARE Fund resources to those in greatest need of housing, especially due to the impact of the Marcellus Shale development. In addition to types of housing analysis, the Agency will consider different income levels, nature of housing stock and the housing needs of those across a broad spectrum (homeless, near homeless, very low income, low income, temporary and seasonal workers and permanent work force, and the like).

Understanding of real estate market dynamics—The plan for the utilization of these resources has been developed to address and continuously reevaluate the specific housing real estate markets in each community. The “micro” markets could be significantly different in the impacted communities and the plan is sufficiently flexible to address those differences.

The housing and real estate development “capacity” will also have significant impact on the ability of these funds to be used effectively and efficiently to meet the needs of the communities. Based on the preliminary finding from the Lycoming College research available at http://www.phfa.org/forms/housing_study/2011/marcellus_report.pdf, the Agency has some insight into the existing housing development capacity in some of the impacted communities. This will serve as a foundation for investment in increasing the capacity. There will be need for ongoing analysis of capacity (private, nonprofit, public) as part of the plan. In some of these communities there has been no significant housing market in decades while in others there is a robust market that may be addressing some part of the housing needs. The plan will help determine where additional housing development capacity may be necessary or where other strategies may be implemented for meeting the housing needs in those communities.

Allocation and use—The funding vehicle’s allocation process, created by the plan, must also be supportive, and responsive to the needs of the housing and real

estate development market and should foster coordinated local trust fund plans and resources. Funds may be used to support predevelopment, site acquisition and infrastructure development, planning and preconstruction activity in addition to direct support of development and operation of projects and housing programs including employee assisted housing programs. Funds may be provided in various forms designed to best support the particular activity including grants; market rate, amortizing, balloon, bridge or soft loans; capital contributions; capital financing subsidy support; operating and supportive service reserve funding; rental or homeowner assistance. Funds may be specifically allocated to address timing issues presented in the development of affordable housing projects, when other financing is available, construction season, local zoning or other approvals. In addition, funding may be directed for administration by the Agency for certain projects approved for low income housing tax credits or other Agency resources. Preliminary allocations may be made for projects/programs awaiting approval of additional resources. Projects/programs that do not begin within 1 year may have the preliminary allocation withdrawn.

High quality design and construction—A vital element of the plan will be the development of housing that is both of good quality design and construction and will be sustainable over a long period of time.

The opportunity to meet the growing housing needs in these communities will necessitate that this housing be available as an asset for the community for many generations. To meet that objective it will require that projects funded with these resources meet the highest design and construction quality standards available and that all projects ensure sustainability to the long term (both financial and physical). Funds may be specifically allocated to support green and renewable energy sources and as leverage to consumer programs available through utility companies or other business partners.

Targeting of resources—It is likely that the funds in this program will not be sufficient to meet all the housing needs and mitigate every housing impact created by the shale gas development; therefore investment decisions will target the limited funds to projects that meet the principles outlined previously and most comprehensively address the elements of the plan.

When possible these funds will be targeted and stay focused on mitigating the very specific housing impacts created by the shale development in the impacted and designated communities. This element will likely result in the determination that while there may be worthy housing projects that could be funded with these resources, the focus of development will be on most comprehensively addressing the direct and tangible housing impacts. Priority may be given to target resources in tandem with approved county housing trust fund plans or plans for the utilization of local share impact fee funds, or both.

Stakeholder input—The plan for allocation of resources will provide for broad stakeholder input concerning the principles and elements of the plan.

There are many diverse interests that are concerned about the anticipated housing impact and therefore how these resources will be allocated to address the need. To the greatest extent possible opportunities should be created for relevant and legitimate stakeholders to comment and advise the plan. This element will need to be managed for practicality and efficiency to maximize input. *Preference:* Applicants who provide a process where

members of the community and other stakeholders may provide input on the application prior to submission.

Application/Allocation Process

Based on both the legislative requirements of the PHARE Act and the Impact Fee Act, the Agency has developed an application/request for proposals (RFP) for eligible applicants interested in applying for the funds.

Eligible applicants include counties that have adopted impact fees as well as municipalities who have further contributed to PHARE by means of windfall/spill over funds from the impact fee. While only eligible applicants may apply, nonprofit and for profit organizations may be part of the application process.

The elements of the application and allocation process include:

- Adoption of “plan” for managing the anticipated funds by the Agency.
- Announcement of application and possible training/information session concerning the elements of the application.
- Applications accepted and reviewed by the Agency staff based on the application and plan requirements.
- Project recommendations reviewed by the Agency.
- Announcement of preliminary funding approval.
- The Agency will establish an annual application process that will allow the Agency to address housing needs in the impacted communities.
- The Agency may amend the plan, application and the allocation process at any time, upon written publication of such amendments.
- The Agency, as part of the RFP process, will require all applicants to target a minimum of 30% of their funding to support households with incomes below 50% of median area income.

• The Agency will require applicants to include information on how the county is using its Act 137 (Local Housing Trust Fund) moneys to address housing needs in the community. This will be included as part of the Comprehensive Plan section of the RFP.

• Starting in 2014, the Agency proposes to provide eligible applicants (counties) with an estimate of the likely PHARE/Marcellus Shale allocation based on information provided by the Pennsylvania Public Utility Commission. This estimate will be calculated on the “base” allocation received by the Agency and the number of operational gas wells in the county. The purpose of providing these figures will be to assist counties and their partners in developing a more strategic approach for the use of the PHARE funds.

Preliminary approval and funding of applications is contingent upon receipt of funds under the Impact Fee Act.

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

**Insurance Department
Regulation #11-252 (IRRC #3030)
Rules and Procedural Requirements for Insurance
Holding Company Systems
December 12, 2013**

We submit for your consideration the following comments on the proposed rulemaking published in the October 12, 2013 *Pennsylvania Bulletin*. Our comments

are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Insurance Department (Department) to respond to all comments received from us or any other source.

**1. Section 25.12. Forms—General Requirements.—
Need.**

The Insurance Federation of Pennsylvania (IFP) commented that Subsection (c) should be amended “to delete

the absolute confidentiality for personal financial statements of nonpublicly held ultimate controlling persons making Form A filings.” IFP does not believe this provision is consistent with Act 136 of 2012 (Act 136) and that there would remain sufficient protection in Subsection (c) to protect confidential information. We ask the Department to explain the need for this provision and how it is consistent with the statute.

2. Section 25.21. Transactions subject to prior notice—notice filing.—Clarity.

Leases involving a domestic insurer and any person in its holding company system

In its comments, IFP also asked for a clarification of Subsection (d) relating to leases between a domestic insurer and any person in its holding company system. IFP discusses a need to carefully categorize these leases because it will affect what information must be filed.

We recognize that the Department included in Subsection (d) language directly from Act 136 (e.g.—“management agreements, service contracts, tax allocation agreements, guarantees and cost-saving arrangements”). However, it appears from IFP’s comment that a clarification of Act 136 is needed for these leases. Therefore, we ask the Department to clarify in the regulation how to report a lease involving a domestic insurer and a person in its insurance holding company system.

NAIC Accounting Practices and Procedure Manual

Subparagraph (d)(2)(iii) states “. . . and compliance with the Accounting Practices and Procedures Manual.” We note that Form D, Item 6, C.(4) requires a statement regarding compliance with the “NAIC Accounting Practices and Procedure Manual.” Emphasis added. Should the acronym “NAIC” be added to Subparagraph (d)(2)(iii) to clarify what manual to comply with?
