READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 234—RULES OF CRIMINAL PROCEDURE

[234 PA. CODE CH. 8]

Proposed Amendments to Pa.R.Crim.P. 801

The Criminal Procedural Rules Committee is considering recommending that the Supreme Court of Pennsylvania amend Rule 801 (Qualifications for Defense Counsel in Capital Cases) to correct the description of the prosecutor and to clarify that experience as a prosecutor should be considered to satisfy the experiential requirements of the rule. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the explanatory Reports.

The text of the proposed amendments to the rule precede the Report. Additions are shown in bold; deletions are in bold and brackets.

We request that interested persons submit suggestions, comments, or objections concerning this proposal in writing to the Committee through counsel,

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 8. SPECIAL RULES FOR CASES IN WHICH DEATH SENTENCE IS AUTHORIZED

PART A. Guilt and Penalty Determination Procedures

Rule 801. Qualifications for Defense Counsel in Capital Cases.

In all cases in which the [**district**] attorney for the **Commonwealth** has filed a Notice of Aggravating Circumstances pursuant to Rule 802, before an attorney may participate in any stage of the case either as retained or appointed counsel, the attorney must meet the educational and experiential criteria set forth in this rule.

Comment

The purpose of this rule is to provide minimum uniform statewide standards for the experience and education of appointed and retained counsel in capital cases, to thus

ensure such counsel possess the ability, knowledge, and experience to provide representation in the most competent and professional manner possible. These requirements apply to counsel at all stages of a capital case, including pretrial, trial, post-conviction, and appellate.

The educational and experience requirements of the rule may not be waived by the trial or appellate court. A court may allow representation by an out-of-state attorney *pro hac vice*, if satisfied the attorney has equivalent experience and educational qualifications, and is a member in good standing of the Bar of the attorney's home jurisdiction. See Pa.B.A.R. 301.

For purposes of the requirements of paragraph (1), experience in the role of either prosecutor or defense counsel should be considered.

An attorney may serve as "second chair" in a capital case without meeting the educational or experience requirements of this rule. "Second chair" attorneys may not have primary responsibility for the presentation of significant evidence or argument, but may present minor or perfunctory evidence or argument, if deemed appropriate in the discretion of the court. Service as a "second chair" in a homicide case will count as a trial for purposes of evaluating that attorney's experience under paragraph (1)(c) of this rule.

REPORT

Proposed Amendments to Pa.R.Crim.P. 801

Qualifications of Capital Case Counsel; Prosecutorial Experience

Rule 801 was adopted by the Court on June 4, 2004.¹ Rule 801 provides standards for experience and continuing legal education required of criminal defense counsel representing defendants in proceedings involving possible capital punishment, including pretrial, trial, post-conviction, and appellate proceedings. Before an attorney may represent a defendant in a capital case, either as retained or appointed counsel, he or she must meet the following standards:

- be a member of the Bar in good standing;
- have at least five years of experience in criminal litigation;
- serve as lead or co-counsel in a minimum of 8 significant cases which were tried to verdict before a jury. Representation in appellate proceedings requires prior

¹Rule 801 was not developed by the Committee but rather was the product of a special *ad hoc* group formed by the Supreme Court.

appellate or post-conviction representation in a minimum of 8 significant cases. A “significant case” for purposes of this rule shall be a murder, including manslaughter and vehicular homicide, or a felony of the first or second degree.

- Within the preceding three years, undertake a minimum of 18 hours of training relevant to representation in capital cases, as approved by the Pennsylvania Continuing Legal Education Board. Rule 801(2)(b) provides an extensive list of areas of training that would satisfy this requirement.

The rule also provides for “second chair” counsel and *pro hac vice* representation.

The Committee has been presented with the question of whether experience acquired as a prosecutor could be counted toward the requirements of Rule 801(1). Although this is not explicitly stated in the rule, it seems logical that the experience acquired in significant cases be counted regardless upon which side a counsel served. Even though the function of a prosecutor is obviously different, many of the trial and practice skills are complementary. Such an interpretation would provide a reasonable inclusiveness in an already limited pool of counsel. Furthermore, the Committee understands that this is the common practice in most jurisdictions. Therefore, the Comment to Rule 801 would be revised to indicate that such experience should be considered in determining whether counsel meets the qualifications under the rule.

Additionally, there was a suggestion to broaden the language of the initial paragraph of the rule regarding the filing of the notice of aggravating circumstances from the term “district attorney” to “attorney for the Commonwealth.” There are times when the Office of the Attorney General prosecutes a murder as a capital offense, either arising out of their primary jurisdiction or after a case has been referred to them by a district attorney. Therefore, the terminology in the rule would be changed.

TITLE 246. MINOR COURT CIVIL RULES

PART I. GENERAL

CHAPTER 600. AUTOMATED RED LIGHT ENFORCEMENT APPEALS

Rule	
601.	Definitions.
602.	Time and Method of Appeal.
603.	Service; Setting the Date for Hearing.
604.	Hearings and Evidence.
605.	Failure of a Party to Appear at the Hearing.
606.	Judgment; Notice of Judgment and the Right to Appeal; Payment of Civil Fines; Enforcement of Judgment.

Explanatory Comment

The rules in this chapter were adopted to provide for appeals from violations captured by automated red light enforcement systems. 75 Pa.C.S. § 3117, effective October 1, 2012, generally authorizes “[a] municipality, upon passage of an ordinance . . . to enforce [75 Pa.C.S.] § 3112(a)(3) (relating to traffic-control signals) by recording violations using an automated red light enforcement system approved by [PennDot].” *See* 75 Pa.C.S. § 3117(a). The statute requires that the municipality receive PennDot approval prior to the installation of the red light enforcement system. When a violation is captured by the system, a “system administrator” will prepare and send a violation notice to the registered vehicle owner identified by the system. *See* § 3117(i). A vehicle owner may request a hearing before a “hearing officer” to contest the alleged violation. *See* § 3117(n)(1). The statute provides that an appeal of the hearing officer’s decision will be made to a magisterial district judge. “If the owner requests in writing that the decision of the hearing officer be appealed to the magisterial district judge, the system administrator shall file the notice of violation and supporting documents with the magisterial district judge, who shall hear and decide the matter *de novo*.” *See* § 3117(n)(4).

Rule 601. Definitions.

As used in this chapter:

(1) *Appeal*: An appeal from a decision of a hearing officer following a hearing to contest an alleged violation of 75 Pa.C.S. § 3112(a)(3) as recorded by an automated red light enforcement system.

(2) *Automated Red Light Enforcement System*: A system authorized pursuant to 75 Pa.C.S. § 3117 to record violations of 75 Pa.C.S. § 3112(a)(3).

(3) *Hearing Officer*: A person designated by a municipality to conduct hearings contesting liability for violations of 75 Pa.C.S. § 3112(a)(3) as recorded by an automated red light enforcement system.

(4) *Magisterial District Court*: The magisterial district court in the magisterial district in which the notice of violation was issued.

(5) *Notice of Violation*: The document issued by a police officer employed by the police department with primary jurisdiction over the area where the violation of 75 Pa.C.S. § 3112(a)(3) occurred, and containing the information set forth in 75 Pa.C.S. § 3117(i)(3).

(6) *Owner*: The registered owner or co-owners of the vehicle identified in a notice of violation.

(7) *System Administrator*: The municipality or its designee that supervises and coordinates the administration of notices of violation issued pursuant to 75 Pa.C.S. § 3117.

Official Note: The above definitions are derived from the statute authorizing the use of automated red light enforcement systems by municipalities, 75 Pa.C.S. § 3117.

Rule 602. Time and Method of Appeal.

(A) The owner shall file a notice of appeal along with a copy of the determination of the hearing officer with the magisterial district court within thirty (30) days after the date of the determination. No bond or other security shall be required for appeal.

(B) The notice of appeal filed with the magisterial district court shall be on a form as prescribed by the State Court Administrator. The magisterial district court shall not accept a notice of appeal that is presented after the expiration of the time period specified above.

Official Note: Thirty days is the standard period of time for taking an appeal. See 42 Pa.C.S. § 5571; Pa.R.A.P. 903.

See Rules 1003, 1008A, which do not require the filing of a bond or other security in appeals from judgments entered in civil matters.

Rule 603. Service; Setting the Date for Hearing.

(A) Upon receipt of the notice of appeal, the magisterial district court shall set a hearing date, which shall be not less than twelve (12) or more than sixty (60) days from the date the notice of appeal is filed.

(B) The magisterial district court shall insert the hearing time and date, and the address of the magisterial district court in the notice of appeal form.

(C) The magisterial district court shall serve the notice of appeal, with the hearing time and date thereon, on the system administrator by mailing a copy of the notice of appeal to the system administrator at the address noted on the notice of violation. The service copy of the notice of appeal shall include an instruction that the system administrator shall file the notice of violation and supporting documents with the magisterial district court no later than the date of the hearing.

(D) The magisterial district court shall mail a copy of the notice of appeal form with the hearing time and date thereon to the owner.

(E) Upon receipt of the notice of appeal, the system administrator shall file a copy of the notice of violation

and supporting documents with the magisterial district judge no later than the date of the hearing.

Official Note: Rule 603 is derived from 75 Pa.C.S. § 3117(n)(4), as well as Rules 305, 307—308.

It is anticipated that the system administrator's address will be found on the determination of the hearing officer attached to the notice of appeal form.

Rule 604. Hearings and Evidence.

(A) The proceeding on appeal shall be conducted de novo.

(B) The hearing is subject to the standards of evidence set forth in Rule 321, except that photographs, videos, vehicle titles and police reports may also be entered as evidence by any party without affidavit or other evidence of its truth, accuracy or authenticity.

Official Note: See 75 Pa.C.S. § 3117(n)(4); Rule 321. Photographs, videos, vehicle titles and police reports were added to subdivision (B), and deemed necessary because they are the proofs most likely to be used to support the permitted defenses to a notice of violation, specifically, (1) that the person named in the notice of violation was not the vehicle operator at the time of the violation, (2) that the vehicle was reported as stolen during the time of the violation, and (3) that the person receiving notice of the violation was not the owner or lessor of the vehicle at the time of the offense. See 75 Pa.C.S. § 3117(g).

Rule 605. Failure of a Party to Appear at the Hearing.

When one or both parties fail to appear for the hearing:

(1) If the owner does not appear at the hearing, but the system administrator does appear, the magisterial district judge shall enter judgment for the system administrator.

(2) If the owner appears at the hearing, but the system administrator does not appear, the magisterial district judge shall enter judgment for the owner.

(3) If neither party appears at the hearing, the magisterial district judge shall enter judgment for the owner.

Official Note: Rule 605 is derived from Rule 319.

Rule 606. Judgment; Notice of Judgment and the Right to Appeal; Payment of Civil Fines; Enforcement of Judgment.

(A) Judgment shall be given at the conclusion of the hearing or within five (5) days thereafter and shall be entered on the notice of appeal form.

(B) Upon the entry of judgment, the magisterial district court shall promptly give or mail the owner and the system administrator written notice of the judgment.

(C) The written notice of judgment shall contain notice of the right of the parties to appeal, the time within which the appeal must be taken, and that the appeal is to the court of common pleas.

(D) Any civil fines payable pursuant to 75 Pa.C.S. § 3117(m) shall be made to the system administrator, and not to the magisterial district court.

Official Note: See Rules 322, 324 regarding entry of judgment.

A magisterial district court does not collect civil fines. See Rule 323. Enforcement of judgments for civil fines may be sought by following the procedures established in Rules 401—482, pertaining to entry of and execution upon judgments.

REPORT

*New Rules 601—606 of the Pennsylvania Rules of Civil Procedure before Magisterial District Judges***Appeals from Hearing Officer Determinations in Automated Red Light Enforcement Actions**I. *Introduction*

The Minor Court Rules Committee (“Committee”) is proposing new rules to accommodate statutory changes to the Vehicle Code providing for the use of automated red light enforcement systems in certain municipalities. As described in greater detail below, the proposed rules provide a framework for the newly authorized appeals from a hearing officer determination of an automated red light enforcement violation.

II. *Discussion*

In 2012, the General Assembly adopted the Act of July 2, 2012, P. L. 735, No. 84, which concerned motor vehicles. Among other things, the legislation authorized the use of automated red light enforcement systems in certain municipalities, subject to conditions and approvals by the Pennsylvania Department of Transportation. Section 4(a) of the Act provides that “[a] municipality, upon passage of an ordinance, is authorized to enforce section 3112(a)(3) [of the Vehicle Code] (relating to traffic-control signals) by recording violations using an automated red light enforcement system approved by the [Pennsylvania Department of Transportation].” 75 Pa.C.S. § 3117(a). Similar legislation providing for automated red light enforcement systems in Philadelphia was enacted in 2002. *See* Act of October 4, 2002, P. L. 845, No. 123, § 4, 75 Pa.C.S. § 3116.

The legislation requires that the municipality receive approval from the Pennsylvania Department of Transportation prior to the installation of the red light enforcement system. 75 Pa.C.S. § 3117(b). When a red light violation is captured by the system, a “system administrator” will prepare and send a violation notice to the registered vehicle owner identified by the system. 75 Pa.C.S. § 3117(i). The vehicle owner may request a hearing before a “hearing officer” to contest the alleged violation. 75 Pa.C.S. § 3117(n)(1). The statute provides that an appeal of the hearing officer’s decision will be made to a magisterial district judge. “If the owner requests in writing that the decision of the hearing officer be appealed to the magisterial district judge, the system administrator shall file the notice of violation and supporting documents with the magisterial district judge, who shall hear and decide the matter *de novo*.” 75 Pa.C.S. § 3117(n)(4). Notably, the legislation provides that “[a] penalty imposed under this section shall not be deemed a criminal conviction.” 75 Pa.C.S. § 3117(c)(5).

After reviewing the provisions of the legislation, the Committee concluded that these new appeals from hearing officer determinations were not covered by existing rules governing civil actions, and proceeded to draft rules accommodating such actions.

III. *Proposed Rule Changes*

The proposal begins with a table of contents and an explanatory comment regarding the new rules. Rule 601 provides definitions for terms used in the proposed new rules as derived from the statutory language. Rule 602 establishes the time and method of appeal, and requires that an appeal of a hearing officer determination must be filed with the magisterial district court within thirty days after the date of the determination. Rule 603 sets forth service requirements, as well as the timeframes for

setting the hearing date. Rule 604 provides that the hearing is conducted *de novo*, meaning that it is held as if initially filed in the magisterial district court, and it is not a review of the action before the hearing officer. Rule 604 also establishes the standards of evidence, including exceptions for photographs, videos, vehicle titles and police reports to be entered without affidavit or other evidence of their truth, accuracy or authenticity. Rule 605 sets forth the consequences of one or both parties failing to appear at the hearing. Finally, Rule 606 provides for the entry of judgment, the right to appeal a judgment, and the payment of civil fines.

A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the

intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing

will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

08-00051A: Seaboard International, Inc. (1612 SE Twenty-Third Street, Oklahoma City, OK 73129-7661) for the construction of a wellhead equipment repair operation at the Seaboard International facility located in Athens Township, **Bradford County**.

The Department of Environmental Protection's (Department) review of the information submitted by Seaboard International indicates that the air contamination sources to be constructed will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including 25 Pa. Code §§ 129.52 and 129.63 and the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed construction.

The emission from each proposed source included in this project will not exceed the following limits: 4.65 tons of particulate matter per year, 6.43 tons of volatile organic compounds per year and 2.47 tons of volatile hazardous air pollutants per year.

In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements. The plan approval includes conditions

limiting short-term particulate emissions, annual usage limits on specific coating products, solvents, thinners and cleaning solvents, requirement of certain spray gun technology pursuant to best available technology requirements, work practice requirements and inclusion of specific periodic recordkeeping and reporting.

The facility is a State Only facility. If the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for Plan Approval 08-00051A, the requirements established in the plan approval will be incorporated into a state only operating permit pursuant to 25 Pa. Code § 127.421.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse

disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

These structures will cumulatively affect 1,227' of watercourses (including unnamed tributaries (UNTs) of Cross Creek (HQ-CWF), Burgetts Fork and associated UNTs (WWF), Raccoon Creek and associated UNTs (WWF), Little Raccoon Run and associated UNTs, Saint Patrick Run and associated UNTs (WWF) and Bigger Run and associated UNTs) and 0.33 acre of wetlands (including the aforementioned wetland). This project will also temporarily affect 1,807' of watercourses and 0.76 acre of wetlands in Washington County. Mitigation for the impacts to the affected watercourses and wetlands will primarily consist of restoring original grades and re-vegetating, after construction. This 24-inch natural gas pipeline will be installed within a 75' right-of-way, alongside the existing Line N 20-inch diameter pipeline, at an approximately 25' offset. This existing 20-inch pipeline will be operated and maintained for future use as a transmission or gathering pipeline.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

56-00166: PBS Coals, Inc. (1576 Stoystown Road, Friedens, PA 25541) On December 9, 2014, the Department renewed the Title V Operating Permit for the continued operation of a coal preparation plant, known as the Shade Creek Coal Preparation Plant, located in Shade Township, **Somerset County**.

The facility is a coal preparation plant. Coal is blended and crushed at this facility. The applicant can process bituminous coal through each of the processes at the maximum rates listed below. Coal brought to the site for processing is off-loaded from trucks. There are storage piles for coal refuse, as well as run of mine (ROM) and processed coal. These throughput rates are physical, not regulatory limitations. The coal throughput of the plant is

both mined at the site and delivered to the facility from other sites for processing. Coal breakers, screens, and raw coal transfer points are totally enclosed. Process coal transfer points are partially enclosed. Plant roads are swept and watered.

No emission or equipment changes have been approved by this action. The emission restriction, testing, monitoring, recordkeeping, reporting and work practice conditions of the TVOP have been derived from the applicable requirements of 40 CFR Parts 52 and 60 and PA Code Title 25, Article III, Chapters 121 through 145.

DEPARTMENT OF REVENUE

Interest Rate Notice

Under the provisions of sections 806 and 806.1 of the act of April 9, 1929 (P.L. 343, No. 176), known as the Fiscal Code, the Secretary of Revenue announces that, for the calendar year commencing January 1, 2015, all underpayments of tax which became due and payable to

the Commonwealth shall bear interest at the rate of 3% per annum. All overpayments of the tax paid during this calendar year under Article III of the act of March 4, 1971 (P.L. 6, No. 2), known as the Tax Reform Code of 1971, shall bear interest at the rate of 3% per annum. All other overpayments of tax paid during this calendar year shall bear interest at the rate of 1% per annum. These rates will remain constant until December 31, 2015. These rates will be codified under 61 Pa. Code § 4.2(a) (relating to rate of interest).

These rates have been established based upon the rate established by the Secretary of the Treasury of the United States under the provisions of section 6621(a)(2) of the Internal Revenue Code to be effective January 1, 2015.

Although the Tax Reform Act of 1986 amended the Internal Revenue Code section 6621, by requiring that the Secretary of the Treasury of the United States establish quarterly rates of interest to become effective for Federal purposes on the first month of each calendar quarter, these amendments do not affect Pennsylvania law. The Fiscal Code, as herein cited, requires that the interest rate be established effective January 1 of each calendar year without regard to any change in the Federal interest rate during the calendar year.

Secretary

PENNSYLVANIA eHEALTH PARTNERSHIP AUTHORITY

Financial Statements

INDEPENDENT AUDITORS' REPORT

Board of Directors
Pennsylvania eHealth Partnership Authority
Harrisburg, Pennsylvania

We have audited the accompanying financial statements of the business-type activities of the PENNSYLVANIA eHEALTH PARTNERSHIP AUTHORITY ("The Authority"), a component unit of the Commonwealth of Pennsylvania, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Authority as of June 30, 2014, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Adoption of Governmental Accounting Standards Board Statements

As discussed in Note 1 to the financial statements, during the year ending June 30, 2014, The Authority adopted the provisions of Governmental Accounting Standards Board's Statement No. 65, "Items Previously Reported as Assets and

Liabilities”, Statement No. 66, “Technical Corrections—2012—An Amendment of GASB Statements No. 10 and No. 62”, Statement No. 67, “Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25”, and Statement No. 70 “Accounting and Financial Reporting for Nonexchange Financial Guarantees”. Our opinion is not modified with respect to these matters.

Other Matters

Omission of Management’s Discussion and Analysis

Management has omitted the management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The Pennsylvania eHealth Partnership Authority (the "Authority") was established by Act 121 of 2012 (effective July 5, 2012), as an independent agency of the Commonwealth of Pennsylvania (the "Commonwealth"). The Authority took over the work of its predecessor, the PA eHealth Collaborative, a separate fund of the Commonwealth. The purpose of the Authority is to improve healthcare delivery and healthcare outcomes in Pennsylvania by providing, as appropriate, leadership and strategic direction for public and private, federally-funded and state-funded investments in health information technology (HIT) initiatives, including health information exchange (HIE) capabilities and other related HIT initiatives.

The Commonwealth of Pennsylvania, Governor's Office of Health Care Reform/Office of the Budget received a

federal award of \$17,140,446 (Award #90HT0015/01). The project and budget period of this award was February 8, 2010 through February 7, 2014. This funding was provided under the American Recovery and Reinvestment Act of 2009, Title XIII—Health Information Technology, Subtitle B-Incentives for the Use of Health Information Technology, Section 3013, State Grants to Promote Health Information Technology.

With the establishment of the Authority, the remaining federal award was reallocated from the Commonwealth to the Authority. The issue date of the Notice of Award was September 18, 2014, effective for expenses incurred from August 1, 2013 through October 17, 2014. The amount of the Notice of Award was \$8,836,739.

The Authority's operations are administered by a board of directors consisting of fifteen members including the following: the Secretary of Health or a designee; the Secretary of Public Welfare, or a designee; seven members are appointed by the Governor; three members are appointed by the President pro tempore of the Senate, in consultation with the Majority and Minority Leaders of the Senate; and three members are appointed by the

Speaker of the House of Representatives, in consultation with the Majority and the Minority Leaders of the House of Representatives.

The Authority is a component unit of the Commonwealth reporting entity due to the Commonwealth's ability to impose its will on the Authority. The Authority is presented as an enterprise fund on the accrual basis of accounting.

B. *Measurement Focus and Basis of Accounting*

The Authority follows Generally Accepted Accounting Principles (GAAP). GAAP allows specialized accounting for government entities, which is governed by pronouncements set by the Government Accounting Standards Board (GASB).

The Authority is considered a special-purpose government since it is engaged solely in business-type activities under GASB Statement No. 34. The Authority's financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded when they have been incurred. The statements are intended to report the Authority as an economic unit that includes all measurable assets and liabilities, financial and capital, of the institution.

All activities of the Authority are accounted for within a single proprietary (enterprise) fund. A proprietary fund is used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination or revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, account ability, or other purpose.

The Authority follows the Government Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis. Within the Statements of Revenues, Expenses and Changes in Net Position, Statement No. 34 requires operating income and expenses to be separated from non-operating income in order to show net operating income. Operating income and expenses are defined as those activities directly related to the Authority's primary business of providing employment through economic development lending. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions, such as investment income/loss.

When an expense is incurred for purposes for which both restricted and unrestricted net positions are available, the Authority's policy is to apply restricted net position first, then unrestricted net position as they are needed.

C. *Net Position*

Restricted Net Position—This category presents external restrictions imposed by creditors, grantors, contributors or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

D. *Investments*

The Authority values its investments at fair value. The fair value of the Authority's investments are based upon values provided by external investment managers and quoted market prices.

E. *Use of Estimates*

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. *Statement of Cash Flows*

The Authority considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents. Cash equivalents are stated at cost, which approximates fair value.

G. *Deferred Outflows/Inflows of Resources*

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Authority did not have an item that qualifies for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority did not have an item that qualifies for reporting in this category.

H. *Adoption of Governmental Accounting Standards Board Statements*

In March 2012, the GASB issued Statement No. 65, "Items Previously Reported as Assets and Liabilities". The adoption of this statement had no effect on the previous reported amounts.

In March 2012, the GASB issued Statement No. 66, "Technical Corrections—2012—An Amendment of GASB Statements No. 10 and No. 62". The adoption of this statement had no effect on the previous reported amounts.

In June 2012, the GASB issued Statement No. 67, "Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25". The adoption of this statement had no effect on the previous reported amounts.

In April 2013, the GASB issued Statement No. 70 "Accounting and Financial Reporting for Nonexchange Financial Guarantees". The adoption of this statement had no effect on the previous reported amounts.

I. *Pending Changes in Accounting Principles*

In June 2012, the GASB issued Statement No. 68, "Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27". The Authority is required to adopt statement No. 68 for its fiscal year 2015 financial statements.

In January 2013, the GASB issued Statement No. 69, "Government Combinations and Disposals of Government Operations". The Authority is required to adopt Statement No. 69 for its fiscal year 2015 financial statements.

In November 2013, the GASB issued Statement No. 71 "Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68". The Authority is required to adopt Statement No. 71 for its fiscal year 2015 financial statements.

The Authority has not yet performed analysis to determine the impact of these statements.

NOTE 2: DEPOSIT AND INVESTMENT RISK

The Commonwealth's fiscal code, as amended, authorizes the Authority to invest in obligations of the U.S. government and government-sponsored agencies and instrumentalities; certificates of deposits, fully insured or collateralized; certain commercial paper and repurchase agreements; highly rated bank promissory notes or investment funds or trusts; and "prudent man" investments as determined by the Authority's depository (i.e. Commonwealth Treasury Department).

All of the Authority's investments are invested in the Common Investment Pool of the Commonwealth which is managed by the Commonwealth's Treasury Department (the Treasury Department).

The deposit and investment policies of the Treasury Department are governed by Sections: 301, 301.1 and 505 of the Pennsylvania Fiscal Code (Act of 1929 P. L. 343), and Section 321.1 of the Pennsylvania Administrative Code (Act of 1929 P. L. 177. No. 175).

Treasury deposits must be held in insured depositories approved by the Board of Finance and Revenue and must be fully collateralized. The Fiscal Code grants the Treasury Department the authority to invest in any deposits and investments subject. This authority is subject, however, to the exercise of that degree of judgment and care under the circumstances then prevailing which persons of prudence, discretion and intelligence who are familiar with such matters exercise in the management of their own affairs not in regard to speculation but in regard to the permanent disposition of the funds considering the probable income to be derived therefrom as well as the probable safety of their capital. Treasury Department deposits and investments may include equity securities and mutual funds.

As of June 30, 2014, the Treasury Department manages the Commonwealth Investment Program (CIP). Treasury is required to exercise careful judgment in determining those investments that are appropriate for each Commonwealth fund based upon distinct investment criteria such as income needs, cash flow requirements, investment time horizons, and risk tolerance. All investments are made in accordance with the statutory authority described in the preceding paragraph. The CIP investment pool structure invests in both equity securities and fixed income securities to achieve the investment objectives of the funds of the Commonwealth Investment Program. Asset allocation targets among cash, equity securities, fixed income securities and alternative are established in order to meet these overall objectives.

Treasury has created two separate Pools within the Commonwealth Investment Program, each with its own distinct investment strategies, goals, and holdings that reflect the differing needs of Commonwealth funds for income, cash flows, and investment risk tolerance. A highly liquid vehicle, Pool 99, consists of short-term fixed income and cash and provides a high degree of liquidity and security but only modest returns. A less liquid

vehicle, Pool 198, allows for investment in assets that offer potentially higher returns with commensurate risk.

As of June 30, 2014, the Authority's investments held in the Commonwealth Investment Pool was \$2,222,219.

NOTE 3: RETIREMENT BENEFITS

Act 121 of 2012, section 303 states that the Authority shall "employ individuals as necessary to carry out the purposes of the Act; individuals employed by the Authority shall be considered employees of the Commonwealth for the purposes of 71 PA.C.S. Pt. XXV."

As such, all employees of the Authority participate in the Commonwealth of Pennsylvania State Employees' Retirement System (SERS), a cost-sharing multiple-employer public employee retirement system that was established under the provisions of Public Law 858, No. 331. It is a defined benefit plan that is funded through a combination of employee contributions, employer contributions and investment earnings. Membership in SERS is mandatory for all Authority employees which provides retirement, death, and disability benefits.

Article II of the Pennsylvania Constitution provides the General Assembly the authority to establish or amend benefit provisions. Act 2001-9, signed into law on May 17, 2001, established Class AA membership whereby, generally, annual full retirement benefits for electing active members is 2.5% of the member's highest three-year average salary (final average salary) multiplied by years of service. Authority employees hired after June 30, 2001, but before January 1, 2011, are Class AA members. Members hired on or before June 30, 2001 had the option, but were not required, to elect Class AA membership.

Those members not electing Class AA membership are considered Class A. The general annual benefit for full retirement for Class A members is 2% of the member's final average salary multiplied by years of service. Retirement benefits for Class A and AA employees vest after five years of credited service. Class A and AA employees who retire at age 60 with three years of service or with 35 years of service if under age 60 are entitled to an unreduced annual retirement benefit.

Act 120, signed into law on November 23, 2010, established Class A-3 and Class A-4 memberships. Effective January 1, 2011, all new members to SERS must elect one of these new membership classes. New members who elect Class A-3 will accrue benefits at 2% of their final average salary multiplied by years of service. Those members choosing Class A-4 will accrue benefits at 2.5% of their final average salary multiplied by years of service. Under Act 120, retirement benefits for Class A-3 and A-4 vest after ten years of credited service. Class A-3 and A-4 members who retire at age 65 with three years of service or when the member's age (last birthday) plus his/her completed years of credit service total at least 92 (Rule of 92) are entitled to an unreduced annual retirement benefit.

Covered Class A, Class AA, Class A-3 and A-4 employees are required by statute to contribute to SERS at a rate of 5%, 6.25%, 6.25% and 9.3% respectively, of their gross pay. Employees' contributions are recorded in individually identified accounts, which are also credited with interest, calculated quarterly to yield 4% per annum, as mandated by statute. Accumulated employee contributions and credited interest vest immediately and are returned to the employee upon termination of service if the employee is not eligible for other benefits.

Participating agency contributions, including those for the Authority, are also mandated by statute and are based upon an actuarially determined percentage of gross pay that is necessary to provide SERS with assets sufficient to meet the benefits to be paid to SERS members.

A copy of SERS's annual financial statements can be obtained by writing to: State Employees' Retirement System, 30 North Third Street, P.O. Box 1147, Harrisburg, Pennsylvania 17108-1147. Additional information about SERS, including its CAFR and actuarial valuation reports, are available at www.sers.state.pa.us.

NOTE 4: RELATED PARTY

The Authority entered into an Interagency Agreement with the Commonwealth, through the Commonwealth Office of Administration to provide administrative and operational support services for the Authority. The Authority owns no capital assets; the employees performing service for the Authority are Commonwealth employees. As such, under the Interagency Agreement, the Authority reimburses the Commonwealth for services rendered by Commonwealth employees to the Authority. For the fiscal year ended June 30, 2014, the services provided by the Commonwealth to the Authority are recorded as Personnel Services totaled \$913,929. As of June 30, 2014, the Authority owed the Commonwealth \$8,566,764 for personnel and operating expenditures incurred and paid for by the Commonwealth.

NOTE 5: CONTINGENCIES

Litigation

In the normal course of business, there may be various claims and suits pending against the Authority and its appointed officials. Management is of the opinion that these matters, if any, will not have a material adverse effect on the Authority's financial position at June 30, 2014.

Economic Dependency

Formal commitment of federal funding by the Department of Health and Human Services was made to the Commonwealth in a grant agreement dated February 8, 2010. As the Authority has become a separate reporting entity, the Authority applied for the reallocation of the remaining grant funds from the Commonwealth to the Authority. As of June 30, 2014, the Authority recognized a receivable and intergovernmental revenue from the Department of Health and Human Services in the amounts of \$8,567,280 and \$8,477,741, respectively. The Authority also receives a significant amount of operating revenue from contributions, primarily in matching funds under previous grant agreements. For fiscal year ending June 30, 2014, the Authority received \$464,500 in contributions from grant participants. Reduction of, or loss of, these funding sources could have a significant effect on the Authority's operations.

NOTE 6: PROGRAM OPERATIONS

The program operation expenses consist of the following:

P3N Costs	\$ 4,855,355
Staff Augmentation	508,555
Federal Payments to For Profit Entities	2,053,628
Other Program Operations	1,929,578
	\$ 9,347,116
	\$ 9,347,116

NOTE 7: COMMONWEALTH APPROPRIATION

For fiscal year 2013-2014, the Commonwealth of Pennsylvania approved a \$2.2 million appropriation from the Commonwealth to the PA eHealth Partnership Authority. Due to revised revenue estimates by the Commonwealth, the appropriation was amended to \$2 million which is reflected in the Commonwealth contribution line on the financial statements.
