READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

There are no restrictions on the republication of official documents appearing in the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted

proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Amendment to the Pennsylvania Rules of Disciplinary Enforcement Relating to Notice of Involuntary Commitments of Attorneys; Notice of Proposed Rulemaking

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering recommending to the Supreme Court of Pennsylvania that it amend the Pennsylvania Rules of Disciplinary Enforcement, as set forth in Annex A, to change the time within which Disciplinary Counsel is to be notified that an attorney has been declared incompetent or involuntarily committed.

Rule 301(a) of the Pennsylvania Rules of Disciplinary Enforcement currently provides that the clerk of any court within Pennsylvania in which an attorney is declared incompetent or is involuntarily committed to an institution on the grounds of incompetency or disability must notify Disciplinary Counsel within 20 days of that disposition so that Disciplinary Counsel may, in turn, notify the Supreme Court so that the Court may transfer the attorney to inactive status. The Board has encountered situations in which the 20-day delay has compromised the Board's ability to protect the public from continued practice by the incompetent attorney, and thus the Board is proposing a significantly shortened notice period of 24 hours so that the Board is in a position to move quickly to have the attorney transferred to inactive status. The Board believes that notice to Disciplinary Counsel can be made part of the process of entering the order declaring the attorney incompetent or committing the attorney, and that the shortened notice period should thus not present a problem for the clerks of the courts.

Interested persons are invited to submit written comments regarding the proposed amendment to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, First Floor, Two Lemoyne Drive, Lemoyne, PA 17043, on or before January 17, 1997.

Amendments to the Rules of Organization and Procedure of the Board Relating to the Retention of Records; Notice of Proposed Rulemaking

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania is considering amending its Rules of Organization and Procedure as set forth in Annex A.

The Rules of Organization and Procedure of the Board currently provide that the Board will maintain permanent records of all matters processed by the Board and the disposition thereof, but that the permanent retention of correspondence, transcripts, briefs and other similar documents which underlie the final disposition of a matter by the Board is not required. 204 Pa. Code § 93.54. The Rules are silent, however, as to how long correspondence, transcripts, briefs, etc. must be retained. The Board is proposing to amend its Rules to specify that the materials that are not retained permanently will be retained for ten years.

Interested persons are invited to submit written comments regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, First Floor, Two Lemoyne Drive, Lemoyne, PA 17043, on or before January 17, 1997.

GENERAL PROVISIONS**

PENNSYLVANIA COURTS**

**CHAPTER 213. ACCESS TO DISTRICT JUSTICE
RECORDS POLICY**

Subchapter A. GENERAL POLICY

STATEMENT OF GENERAL POLICY

§ 213.1. General.

It is the policy of the Administrative Office of Pennsylvania Courts (AOPC) that index, docket and case file information for all matters originating in a District Justice office are public records and shall be available for inspection and photocopying upon request in a reasonable manner. Confidentiality of records, however, is appropriate in certain limited circumstances, consistent with personal privacy and security as provided by law (e.g.,

identity of child victims of sexual or physical abuse, 42 Pa.C.S.A. § 5988(a)).

POLICY IMPLEMENTATION

§ 213.11. Case information available at the District Justice office.

(a) *Case Indexes.* Indexes are intended to facilitate access to case files and dockets. District Justice staff shall assist the requestor in identifying the specific cases and docket numbers of interest.

(b) *Case Dockets.* Printed copies of case dockets (i.e., Criminal Case Docket Transcript, Motor Vehicle Docket, Non-Traffic/Summary Docket, Civil Case Progress Record) shall be provided upon request.

(1) If a docket for a disposed case is not immediately available due to archiving, District Justice staff shall advise the requestor that the docket will be retrieved from the AOPC and made available through the District Justice Office.

(2) Requests for docket or case index information that cannot be satisfied without substantially impeding the orderly conduct of office business may be referred to the AOPC. See § 213.12 for AOPC case access requests.

(c) *Case Files.* Case files and all materials contained therein shall be available for on-site inspection and photocopying. The fee for photocopying shall not exceed \$0.50 per page. Security, possession, custody and control of case files shall continue to be the responsibility of the District Justice or his/her designated staff.

§ 213.12. Public access requests referred by the District Justice to AOPC and requests involving more than one magisterial district submitted directly to AOPC.

(a) *Request Form.* All requests must be submitted to the AOPC on a form specified by the AOPC. The completed form must include the date of the request and the requestor's signature acknowledging acceptance of all disclaimers printed on the form.

(b) *Extracts Provided.* AOPC policy is to provide only extracts of statistical, docket or case index information. The following information will not be released:

(1) The address of a party or witness, social security number, telephone number, fax number, pager number, driver's license number, vehicle registration number, state fingerprint identification number (SID), or other identifier which would present a risk to personal security or privacy.

(2) Names of juvenile victims of abuse or juveniles charged with crimes subject to the Juvenile Act, 42 Pa.C.S. § 6301 et seq.

(3) Names of individuals designated "confidential" by a district justice when the release of the name of the individual will impair a person's safety or privacy.

(4) Information likely to impair public safety.

(c) *Priority of Requests.* AOPC would like to promptly satisfy all requests; however, limited staff/computer resources require that governmental requests will be given priority.

(d) *Choice of Medium.* The requestor should indicate the preferred choice of medium (e.g., Internet, tape, diskette, paper) for receiving the requested information. AOPC will accommodate such preferences to the extent

that they are consistent with AOPC efforts to conserve staff and computer resources.

(e) *Costs of Processing Requests.* Costs shall be assessed based on the actual costs of the report medium, a pro-rata share of computer and staff time, plus shipping and handling. AOPC will provide a statement of costs to the requestor, which must be paid in full, before staff is assigned to the project.

(f) Formula for the assessment of costs as of January 1, 1997:

(1) Staff time for processing requests: 1/2 hour rate = \$14.00

(2) Computer equipment time for processing requests: 1/2 hour rate = \$25.00

(3) Costs of report medium: current market rate

(4) Costs of shipping and handling: postage plus market rate for supplies

Amended December 13, 1996; effective date January 1, 1997.

Proposed Amendment of Rules 227.4 and 238 relating to Business of Courts; Recommendation No. 140

The Civil Procedural Rules Committee proposes that Rule of Civil Procedure 238 governing damages for delay and the note to Rule 227.4 governing post-trial practice be amended as set forth in this recommendation. The recommendation is being published to the bench and bar for comments and suggestions prior to its submission to the Supreme Court.

All communications in reference to the proposed recommendation should be sent not later than January 25, 1997 to: Harold K. Don, Jr., Esquire, Counsel, Civil Procedural Rules Committee, 5035 Ritter Road, Suite 700, Mechanicsburg, Pennsylvania 17055, or E-Mail to hdon@courts.state.pa.us.

Rule 238. Damages for Delay in an Action for Bodily Injury, Death or Property Damage.

* * * * *

(c) Not later than ten days after the verdict or notice of the decision, the plaintiff may file a written motion requesting damages for delay and setting forth the computation. **The motion shall begin with the following notice:**

NOTICE

You are hereby notified to file a written answer to the attached motion for delay damages within twenty days from the filing of the motion or the delay damages sought in the motion may be added to the verdict or decision against you.

(1) Within [**ten**] **twenty** days after the motion is filed, the defendant may answer specifying the grounds for opposing the plaintiff's motion. The averments of the

answer shall be deemed denied. If an issue of fact is raised, the court may, in its discretion, hold a hearing before entering an appropriate order.

Official Note: An order of the court on the motion for delay damages shall not be subject to a motion for post-trial relief.

(2) If the defendant does not **file an answer and oppose the motion**, the [court] **prothonotary upon praecipe** shall add the damages for delay to the verdict or decision **in the amount set forth in the motion**.

(3)(i) If a motion for post-trial relief has been filed under Rule 227.1 and a motion for delay damages is [**opposed**] **pending**, a judgment may not be entered until **disposition has been made of** all motions filed under Rule 227.1 and this rule [**have been decided**].

(ii) If no motion for post-trial relief is filed within the ten-day period under Rule 227.1 but the defendant opposes the motion for delay damages, the plaintiff may enter judgment on the verdict or decision. Thereafter, upon deciding the motion for damages for delay, the court shall enter judgment for the amount of the delay damages, if any.

* * * * *

Explanatory Comment

A party may enter judgment upon a verdict or decision under Rule 227.4(1)(b) when a motion for post-trial relief is not decided within a 120-day period. One court of common pleas has ruled that the entry of judgment under Rule 227.4 prior to the disposition of an unopposed motion for delay damages under Rule 238 precludes the award of such damages.

This is a result the Committee did not intend. The following amendments are proposed to remedy this problem. First, Rule 238(c) will be revised by prescribing a form of notice to begin the motion for delay damages, advising the defendant to file an answer within twenty days or the damages for delay may be added to the verdict or decision. Second, Rule 238(c)(1) will be amended to enlarge from ten days to twenty days the time in which to answer a motion for delay damages. Third, Rule 238(c)(2) will provide that if the motion is not opposed by filing an answer, the prothonotary upon praecipe will add the delay damages as set forth in the motion. Finally, Rule 238(c)(3)(i) will prohibit the entry of judgment until there has been disposition of a pending motion for delay damages by order of court, by praecipe pursuant to Rule 238(c)(2) or by other resolution. The note to Rule 227.4(1)(b) will be revised to conform to the amended Rule 238(c)(3)(i).

Proposed Amendment of Rule 1303 Governing Compulsory Arbitration; Recommendation No. 138

The Civil Procedural Rules Committee proposes that Rule of Civil Procedure 1303 governing notice and hear-

ing be amended as set forth in this recommendation. The recommendation is being published to the bench and bar for comments and suggestions prior to its submission to the Supreme Court.

All communications in reference to the proposed recommendation should be sent not later than January 25, 1997 to: Harold K. Don, Jr., Esquire, Counsel, Civil Procedural Rules Committee, 5035 Ritter Road, Suite 700, Mechanicsburg, Pennsylvania 17055, or E-Mail to hdon@courts.state.pa.us.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1300. COMPULSORY ARBITRATION

Subchapter A. RULES

Rule 1303. Hearing, Notice.

(a)(1) The procedure for fixing the date, time and place of hearing before a board of arbitrators shall be prescribed by local rule, provided that not less than thirty days' notice in writing shall be given to the parties or their attorneys of record.

Official Note: See Rule 248 as to shortening or extending the time for the giving of notice.

(2) **The local rule may provide that the written notice required by subdivision (a)(1) include the following statement: "This matter will be heard by a board of arbitrators at the time, date and place specified but, if one or more of the parties is not present at the hearing, the matter may be heard at the same time and date before a judge of the court without the absent party or parties."**

(b) When the board is convened for hearing, if one party is ready and the other is not the case shall proceed and the arbitrators shall make an award unless the court

(1) orders a continuance, or

(2) **hears the matter if the notice of hearing contains the statement required by subdivision (a)(2) and all parties present consent.**

Official Note: It is within the discretion of the court whether it should hear the matter or whether the matter should proceed in arbitration. If the court is to hear the matter, it should be heard on the same date as the scheduled arbitration hearing.

In hearing the matter, the trial court may take action not available to the arbitrators, including the entry of a nonsuit if the plaintiff is not ready or a non pros if neither party is ready. If the defendant is not ready, it may hear the matter and enter a decision.

For relief from a nonsuit, see Rule 227.1 governing post-trial practice. See also Rule 3051 governing relief from a judgment of non pros.

Explanatory Comment

If at a hearing before a board of arbitrators one party is ready and the other is not, Rule of Civil Procedure 1303 presently provides for the arbitration to proceed and an award to be made unless the court orders a continuance.

Under this rule, some courts have experienced the problem of a party failing to appear for the arbitration hearing and then appealing for a trial *de novo* before the court.

It is proposed that Rule 1303 be amended to provide an additional alternative in such a circumstance and allow a court of common pleas by local rule to provide that the court may hear the case if the notice of hearing so advised the parties and all parties present agree. If the court hears the matter, then the parties will have had their trial in the court of common pleas. Relief from the decision of the court will be by motion for post-trial relief and, where warranted, subsequent appeal to an appellate court.

SHERIFF'S INTERPLEADER

Rule 3201. Scope.

These rules govern the procedure in sheriff's interpleader **[under the Act of June 22, 1931, P. L. 883, 12 P. S. § 2358, et seq.,]** when tangible personal property levied upon pursuant to a writ of execution is claimed to be the property of a person other than the defendant in the execution.

* * * * *

Rule 3202. Property claim.

* * * * *

(b) The claim shall be signed by the claimant or some one on **[his] the claimant's** behalf, and shall set forth

- (1) a list of the property claimed sufficient to identify it;
- (2) an estimate of the value of the property;
- (3) a statement of the source of the claimant's ownership of the property.

* * * * *

Rule 3205. Appraisal of property; appraisal fees.

* * * * *

(b) A party requesting an appraisal shall advance the sheriff's appraisal fee. The sheriff shall then appraise the property and immediately give notice of the amount of **[his] the** appraisal by ordinary mail to all parties to whom the sheriff's notice was mailed. The sheriff or any party in interest may apply to the court for an order fixing a special appraisal fee where the appraisal of a large quantity of property or the services of experts shall be required.

Official Note: The Sheriff's Fee **[Bills] Act [remain]** remains unaffected by these rules. See **[Act of May 9, 1949, P. L. 927, as last amended June 14, 1961, P. L. 350, 16 P. S. § 11301, et seq.; Act of June 1, 1933, P. L. 1141, 16 P. S. § 7861, et seq.] Act of July 6, 1984, P. L. 614, No. 127, 42 P. S. § 21101 et seq.**

Rule 3206. Sheriff's determination in favor of claimant; objections; amount of bond; delivery of property; interpleader.

(a) If the sheriff determines that the claimant is prima facie the owner of the property in whole or in part, **[he] the sheriff** shall file in the prothonotary's office the claim, **[his] the** determination of ownership including the valuation of the property, and shall send by ordinary mail copies of the determination and valuation to the claimant, the plaintiff, the defendant, and all other execution creditors and claimants of the property.

* * * * *

(d) Upon abandonment of the levy, the sheriff shall return the claimed property to the person from whom it was taken. If the claimed property was found in the possession of a person other than the claimant, the sheriff shall, before returning it, give forty-eight (48) hours notice to the claimant of the abandonment of the levy and **[his] the** intention to return the property to a person other than the claimant.

* * * * *

* * * * *

(d) If the claimant files **[his] an** objection with bond in a sum double the valuation of the property as determined by the sheriff or double the amount due under all

writs of execution against the defendant on which the sheriff has levied, whichever is smaller, the sheriff unless otherwise ordered by the court shall withdraw all levies on the claimed property. Upon payment by the claimant of the sheriff's costs, if any, for keeping and transporting the property, the sheriff shall deliver it to the person from whom it was taken, provided that, if the property was taken from a person other than the claimant and the claimant desires possession thereof, the sheriff shall deliver it to the claimant if **[he] the claimant** elects to file a bond in double the valuation of the property.

Official Note: As to possession in the case of two or more claimants, see Rule 3210.

(e) If the claimant files **[his] an** objection without bond the property shall remain subject to the levy and shall be sold in execution, unless otherwise ordered by the court. The proceeds shall be retained by the sheriff or paid into court until the determination of the interpleader.

* * * * *

Rule 3208. Bond; more than one execution.

(a) The bond shall name the Commonwealth of Pennsylvania as obligee, with security approved by the prothonotary, and shall be conditioned that claimant shall maintain **[his] the** claim to the property or pay its value to the persons entitled thereto with costs.

(b) The claimant may file **[his own] a** bond without security and without order of court as to household goods and furnishings levied on by the sheriff in the household of the claimant. The court may, upon petition of the claimant and after notice and hearing, permit the filing of the claimant's own bond without security as to any other property levied on by the sheriff.

(c) **[If the] A** claimant **who** files a bond in double the valuation of the property **[he]** shall not be required during the pendency of the interpleader proceedings to file another bond in any subsequent execution against the same property but the subsequent execution creditor shall be made a party to the pending interpleader proceedings.

Explanatory Comment

The Act of June 22, 1931, P. L. 883, 12 P. S. § 2358 et seq., when enacted formed the basis for both the substantive and procedural law governing sheriff's interpleader. The rules of civil procedure governing the same subject promulgated in 1965 suspended the procedural provisions of the statute but preserved certain other provisions. However, the Act of 1931 was repealed in its entirety in 1978 by Section 2(a) of the Judiciary Act Repealer Act (JARA), 42 Pa.C.S. § 20002(a)[1124].

Proposed Amendments

The recommendation proposes the following amendments to the rules but these amendments do not affect practice and procedure:

- 1. Rule 3201 and the note to Rule 3205(b) are amended to delete references to the repealed Act of 1931 or other repealed statutes.
- 2. Rules 3202(b), 3205(b), 3206(a) and (d), 3207(a), (d) and (e), 3208 and 3213 are amended to be gender neutral.
- 3. Rule 3215 governing the effective date of the rules when originally promulgated in 1966 is rescinded as obsolete.
- 4. Rules 3231(33) and (35), 3234, 3241(80) and 3246 governing Acts of Assembly are rescinded as obsolete. The statutes preserved and suspended by these rules have been repealed.

Statutory Provisions

The rules of civil procedure preserve the following four sections of the Act of 1931 which are now repealed and which can no longer be found as part of Purdon's Pennsylvania Statutes or the Pennsylvania Consolidated Statutes. However, the Committee believes that the present rules are sufficient in themselves and that there

is no need to incorporate into the rules the substance of these statutory provisions:

I. Section 3 of the Act of 1931, preserved by Rule 3234(1):

§ 2360. Bond to inure to benefit of plaintiff

Such bond shall inure to the benefit of the plaintiff in the execution or process, or of any other person who may be adjudged to have the right or title to said goods or chattels, or any part thereof, and successive suits may be brought thereon to the use of such persons until the amount thereof is exhausted.

II. Sections 13 and 14 of the Act of 1931, preserved by Rule 3234(2) and (3), which provided in relevant part:

§ 2370. When title found not to be in claimant; costs; when title found to be in claimant; damages

If upon the trials of said issue the title to said goods and chattels be found not to be in the claimant, he shall pay all the costs of said proceeding, including the allowance of a fee to counsel for the plaintiff in the execution or process as shall be fixed by the court, and the proceeds of said goods and chattels, if in court, shall be paid to the party entitled thereto as thus ascertained. . . .

If upon the trials of said issue the title to said goods and chattels be found in the claimant, a verdict and judgment may be entered against the plaintiffs in the executions or processes for the damages suffered by the

claimant by reason of the levies or attachments on same, including the allowance of a counsel fee to be fixed by the court. . . .

§ 2371. Costs to follow judgment

In all issues framed under this act, all the costs of the proceeding shall follow the judgment and be paid by the losing party as in other cases.

III. Section 16 of the Act of 1931, preserved by Rule 3234(5):

§ 2373. Rights of lien holder

Nothing herein contained shall be construed to affect the rights of any lien holder other than the plaintiffs in each execution and process herein provided for.

IV. Section 19 of the Act, preserved by Rule 3234(7):

§ 2376. Statements by sheriff

Any statement by the sheriff, in any petition, rule, notice, or return of service, regarding the person or persons found in possession of the goods and chattels claimed, or any of them, shall not be conclusive against the claimant or any other person or party interested therein.

CHILDREN COPE WITH DIVORCE

Program Goals

"Children Cope With Divorce" will provide parents with information, support and direction that will facilitate a healthy adjustment for their children. Bitterness often ensnares children caught between divorcing parents. In an effort to reduce the emotional toll on children and limit acrimony, attendance at this four-hour educational seminar is required by the court of all parties in all

divorce, custody and visitation actions, and such other family court actions as the Court may deem appropriate. This program will also be open to educators and other persons involved in caring for children. Administration of the program will be through the Court of Common Pleas of Bradford County.

Program Content

The four-hour program provides parents with information about the developmental stages and needs of children with emphasis on fostering the child's emotional health during periods of stress. The program is informative, supportive and will give parents a list of community resources.

Topics will also include typical reactions of families, stress indicators in children, pitfalls to avoid, and skills to help children work through stress.

When

The program is presented twice each month, alternating between Tuesday evenings, from 6:00 p.m. until 10:00 p.m. and Saturday mornings from 8:30 a.m. to 12:30 p.m.

Where

The program is presented at The Children's House, near the Towanda Memorial Hospital.

Attendance

Attendance at the program is required of all parties involved in divorce and custody/visitation cases where the interests of children under the age of 18 years are at issue. The Court may also order attendance in certain instances in other family court cases.

A waiver of attendance will be provided for individuals who have attended a program of equal value. They will need to document for the Court participation in a similar program or counseling experience where the educational information was covered. Any waiver must be determined by **[mutual agreement among the presenter,]** the Court. **[and individual]**.

Fees

A fee of \$35.00 per party is required and is used to cover all costs of the program, including the presenter's fees, handouts, applications, and program administration. The **[Facilitator] Court Administrator**, in consultation with the Court, will determine whether any fee will be reduced or waived. **PRE-PAYMENT IS REQUIRED.**

Presenters

The presenters have received training from Families First, Atlanta, GA and will present the programs pursuant to an agreement with the Court.

Application Process

Upon initiation of a divorce/custody/visitation filing, both parties will receive a brochure about the program. The brochure will include a registration form and an instruction sheet describing registration and payment methods. These documents will be served along with the pleading. Registration will be by mail or in person at the

Office of the Court Administrator at least three days prior to the scheduled seminar. The registration process is designed to maximize safety to the participants. *For safety purposes*, participants are asked to indicate if they prefer not to attend the same seminar as the other parent. There are **NO WALK-IN ADMISSIONS.**

Verification

An alphabetical list of all parties participating in the program will be provided to the presenters prior to each session. This list will be used by the presenters, the facilitator and the Court. Upon completion of the seminar, each parent will receive a copy of a certificate verifying that they have attended the course. The original certificate will be placed in the official court file.

Security

A peace officer will be present throughout the seminar to ensure safety for all participants. The material that is presented is emotionally charged. Although every effort is made to maintain a light, open atmosphere in the presentation of the material, the orientation the participants bring to the seminar can produce very powerful reactions.

Monitoring and Evaluation

Each participant will complete a written evaluation of the seminar at its conclusion, indicating their individual assessment of the value of the program and any suggestions for future programs.

Rule 1920. Actions of Divorce or Annulment.

Rule 1920.12. Complaint.

STATEMENTS OF POLICY

Title 61—REVENUE

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 9]

Effect of Federal Small Business Job Protection Act

The Department of Revenue (Department) has adopted a statement of policy under the authority contained in § 3.2 (relating to statements of policy). This statement of policy adds § 9.16 (relating to the effect of the Federal Small Business Job Protection Act) and shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

The purpose of the statement of policy is to advise the public of the effect of the Federal Small Business Job Protection Act of 1996 on Pennsylvania S corporations. This Federal act is effective for tax years beginning after December 31, 1996. The Department has received numerous inquiries concerning the act's effect on Pennsylvania S corporations. Accordingly, it was determined to be necessary to advise the public of the Department's position prior to the effective date of the Federal Act.

The Small Business Job Protection Act of 1996 amends Subchapter S of the Internal Revenue Code by revising the manner in which Federal Subchapter S corporations may organize. Among other things, these revisions affect the following areas: number of shareholders, types of shareholders, affiliations with other corporations, invalid elections, reelections within 5 years after termination, interim closing of the books upon termination of a shareholder's interest, and basis adjustments for distributions occurring in loss years.

The Tax Reform Code of 1971 (TRC) (72 P. S. §§ 7101—10004) authorizes the shareholders of a small corporation to elect not to be subject to corporate net income tax. The definition of "small corporation" contained in section 301(s.2) of the TRC (72 P. S. § 7301(s.2)) specifically references "subchapter S of Chapter 1 of the Internal Revenue Code of 1954, as amended as of January 1, 1983." Under 1 Pa.C.S. § 1937 (relating to references to statutes and regulations) of the rules of statutory construction, this specific statutory reference locks in the Internal Revenue Code as it existed on January 1, 1983. Subsequent Federal amendments are not applicable to the TRC definition of "small corporation." Therefore, this statement of policy advises the public that the Small Business Job Protection Act of 1996 has no impact on the manner in which Pennsylvania S corporations may organize.

Specific questions relating to information provided in this statement of policy may be directed to the Department of Revenue, Office of Chief Counsel, Dept. 281061, Harrisburg, Pennsylvania 17128-1061.

ROBERT A. JUDGE, Sr.,
Secretary

(Editor's Note: The regulations of the Department of Revenue, 61 Pa. Code Chapter 9, are amended by adding a statement of policy at § 9.16.)

Fiscal Note: 15-382. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 61. REVENUE

PART I. DEPARTMENT OF REVENUE

Subpart A. GENERAL PROVISIONS

CHAPTER 9. REVENUE PRONOUNCEMENTS—
STATEMENTS OF POLICY

§ 9.16. Effect of Federal Small Business Job Protection Act.

(a) *Internal Revenue Code Subchapter S revisions.* The United States Congress has enacted the Small Business Job Protection Act of 1996 (Federal Act) (Pub.L. No. 104-188, 110 Stat. 1755 (1996)) to be effective for tax years beginning after December 31, 1996. This act amends Subchapter S of the IRC by revising the manner in which Federal S corporations may organize. Among other things, these revisions affect the following areas:

- (1) The number of shareholders.
- (2) The types of shareholders.
- (3) Affiliations with other corporations.
- (4) Invalid elections.
- (5) Reelections within 5 years after termination.
- (6) Interim closing of the books upon termination of a shareholder's interest.
- (7) Basis adjustments for distributions occurring in loss years.

(b) *Pennsylvania S corporation tax treatment.* The TRC authorizes the shareholders of a "small corporation" to elect not to be subject to corporate net income tax. Section 301(s.2) of the TRC (72 P. S. § 7301(s.2)) defines a "small corporation" as "any corporation which has a valid election in effect under subchapter S of Chapter 1 of the Internal Revenue Code of 1954, as amended as of January 1, 1983, and which does not have passive investment income in excess of twenty-five percent of its gross receipts."

(c) *Effect of Internal Revenue Code Subchapter S revisions on the TRC.* Section 1937 of Title 1 of the *Pennsylvania Consolidated Statutes* (relating to references to statutes and regulations) provides that a reference to a specific statute includes the statute with all amendments, unless the specific language of the statute clearly includes only the statute as in force as of a specific date. The definition of "small corporation" contained in section 301(s.2) of the TRC specifically references "subchapter S of Chapter 1 of the IRC, as amended as of January 1, 1983." This specific statutory reference locks in the IRC as it existed on January 1, 1983. Subsequent Federal amendments are not applicable to the TRC definition of "small corporation." Therefore, the Federal Act has no impact on the manner in which Pennsylvania S corporations may organize. Corporations that do not qualify for Federal Subchapter S status under the IRC, as amended as of January 1, 1983, are not eligible to elect Pennsylvania S corporation tax treatment.

(d) *Answers to the most frequently asked questions.* Since the enactment of the Federal Act, the Department has received numerous inquiries concerning the impact of the Federal Act on Pennsylvania S corporations. This subsection provides the Department's response to the most frequently asked questions.

(1) *Effect on Pennsylvania S corporations.*

(i) *Question:* Does the enactment of the Federal Act, effective for tax years beginning after December 31, 1996, change the corporations that are eligible to elect Pennsylvania S corporation tax treatment?

(ii) *Answer:* No. The corporations that are eligible to elect Pennsylvania S corporation tax treatment are not changed by the enactment of the Federal Act. Only Federal S corporations that would qualify to elect Federal S corporation tax treatment under the IRC, as amended as of January 1, 1983, are eligible to elect Pennsylvania corporation tax treatment.

(2) *Limitations on number of shareholders.*

(i) *Question:* Will a valid Pennsylvania S corporation lose its Pennsylvania S status if it expands to 75 shareholders as permitted by the Federal Act?

(ii) *Answer:* Yes. Pennsylvania is locked into the IRC as of January 1, 1983. The IRC as of that date does not permit a Federal S corporation to have 75 shareholders. Therefore, a Pennsylvania S corporation would cease to be a small corporation eligible for Pennsylvania S corporation tax treatment and its Pennsylvania S election would be terminated if it expands to 75 shareholders. The corporation would not be eligible to elect Pennsylvania S status for 5 taxable years.

(3) *Ownership interests.*

(i) *Affiliated groups.* The Federal Act permits a Federal S corporation to be a member of an affiliated group as determined under section 1504 of the IRC (generally, an 80% or greater common interest).

(A) *Question:* May a Pennsylvania S corporation be a member of an affiliated group? For example, may it hold an 80% or greater interest in another corporation?

(B) *Answer:* No. Pennsylvania is locked into the IRC as of January 1, 1983. The IRC as of that date does not permit a Federal S corporation to be a member of an affiliated group as determined under section 1504 of the IRC (generally, an 80% or greater common interest). Therefore, a corporation is not eligible for Pennsylvania S corporation tax treatment if it is part of an affiliated group as determined by section 1504 of the IRC. This means that a Pennsylvania S corporation may not own 80% or more of the stock of another corporation.

(ii) *Electing small business trusts.* The Federal Act permits a Federal S corporation to have an electing small business trust (IRC § 1361(e)) as a shareholder.

(A) *Question:* May a Pennsylvania S corporation have an electing small business trust as a shareholder?

(B) *Answer:* No. Pennsylvania is locked into the IRC as of January 1, 1983. The IRC as of that date does not permit a Federal S corporation to have an electing small business trust as a shareholder. Therefore, a corporation is not eligible for Pennsylvania S corporation tax treatment if it has a shareholder that is an electing small business trust.

(iii) *Qualified pension, profit-sharing and stock bonus plans; and IRC § 501(c)(3) exempt organizations.* The Federal Act permits a Federal S corporation to have shareholders that are qualified pension, profit-sharing and stock bonus plans under section 401 of the IRC or exempt organizations under section 501(c)(3) of the IRC.

(A) *Question:* May a Pennsylvania S corporation have a shareholder that is a qualified pension, profit-sharing and stock bonus plan under section 401 of the IRC or an exempt organization under section 501(c)(3) of the IRC?

(B) *Answer:* No. Pennsylvania is locked into the IRC as of January 1, 1983. The IRC as of that date does not permit a Federal S corporation to have a qualified pension, profit-sharing and stock bonus plan under section 401 of the IRC or an exempt organization under section 501(c)(3) of the IRC as a shareholder. Therefore, a corporation is not eligible for Pennsylvania S corporation tax treatment if it has any shareholder that is a qualified pension, profit-sharing and stock bonus plan under section 401 of the IRC or an exempt organization under section 501(c)(3) of the IRC.

(4) *Qualified Subchapter S subsidiaries.*

(i) *Flow through treatment.* The Federal Act permits a Federal S corporation to own a 100% ownership interest in another corporation known as a qualified Subchapter S subsidiary (IRC § 1361(b)(3)(B)(ii)). Upon election of the parent Federal S corporation, the two corporations shall be treated as a single entity and the assets, liabilities, income, deductions and credits of the wholly owned subsidiary shall be treated as belonging to the parent corporation.

(A) *Question:* May a Pennsylvania S corporation own a 100% ownership interest in another corporation and elect qualified Subchapter S subsidiary tax treatment?

(B) *Answer:* No. Pennsylvania is locked into the IRC as of January 1, 1983. The IRC as of that date does not permit a Federal S corporation to own 80% or more of the ownership interest of another corporation. Therefore, a corporation is not eligible for Pennsylvania S corporation tax treatment if it has a qualified Subchapter S subsidiary.

(ii) *Taxation.*

(A) *Question:* How will Pennsylvania tax a Federal S corporation that creates a qualified Subchapter S subsidiary?

(B) *Answer:* Under the IRC as of January 1, 1983, neither the parent Federal S corporation nor the qualified Subchapter S subsidiary would be eligible for Pennsylvania S corporation tax treatment. Both corporations would be required to file Pennsylvania corporate tax reports on a separate company basis with pro forma Federal 1120's identifying the Federal corporate net income tax that would have been reported to the Federal government if they had filed separate returns as C corporations.

NOTICES

COMMISSION ON CRIME AND DELINQUENCY

Availability of Federal Challenge Grant Funds

The Pennsylvania Commission on Crime and Delinquency (PCCD) announces the availability of approximately \$1.159 million in Federal Office of Juvenile Justice and Delinquency Prevention Challenge Grant funds to establish a 24-bed secure care residential program for serious and habitual juvenile offenders to be located in Southeast Pennsylvania. These funds can be applied to facility renovations, furnishings and equipment, salaries and related start-up expenses subject to allowable cost limitations. Funds will be awarded on a match-free basis, with the exception of renovations involving construction. Federal regulations require a 50% match by the applicant for construction and prohibit the use of these funds for the purchase of land.

Funds will be awarded for a 12-month project period under a competitive review process according to the review criteria, requirements and conditions outlined in the official funding announcement.

This funding initiative is a joint venture involving PCCD and the Pennsylvania Department of Public Welfare/Office of Children, Youth and Families, the agency responsible for the provision of continuation funding.

Eligible applicants include private nonprofit established adolescent care providers experienced in the care and treatment of serious and habitual juvenile offenders. Agencies interested in applying must submit a letter of intent by close of business on Friday, January 17, 1997. Applicants will be required to attend an applicant's conference to be held in the Harrisburg area in late January or early February 1997. The submission deadline date for proposals is close of business on Friday, March 7, 1997, with the final funding awards expected to be made by April 30, 1997.

To request a copy of the official funding announcement which provides proposal submission requirements, prospective applicants should contact Ruth Williams at Extension 3084 at either (717) 787-8559 or toll-free (800) 692-7292.

DEPARTMENT OF AGING

Medical Exception Process; Generic Drug Substitution

Background

Act 134-96, the State Lottery Law, requires publication and dissemination of the medical exception process used by the Department of Aging for the Pharmaceutical Assistance Contract for the Elderly (PACE) and for the Pharmaceutical Assistance Contract for the Elderly Needs Enhancement Tier (PACENET). Specifically, the legisla-

tion addresses the medical exception process with regard to generic substitution when an A-rated therapeutically equivalent medication is available. The law further requires that the Department of Aging distribute the medical exception process to providers and recipients in the Program.

The Medical Exception Process

Through the online claims processing system, the PACE/PACENET Program provides prospective therapeutic review of prescriptions before the pharmacist dispenses the medication to the cardholder. The review checks for potential drug interactions, duplicative therapies, over-utilization, under-utilization and other misutilization. The Department of Aging, of course, recognizes the possibility of exceptional circumstances in connection with the application of therapeutic criteria and reimbursement edits. A medical exception will be considered by the Program when the cardholder's physician indicates the diagnosis, medical rationale, anticipated therapeutic outcomes, the expected length of exception therapy, and the last trial at alternative therapy.

Act 134-96 requires a pharmacist to dispense the A-rated, therapeutically equivalent, generic drug to the cardholder if they have a prescription for a multisource brand product. If a cardholder seeks an exception to this mandate, a pharmacist may request a short term medical exception at the time of dispensing by calling 1 (800) 835-4080. The PACE Program may grant a 30-day medical exception if requested. Immediately following approval of the exception, the Program sends a follow-up letter to the cardholder's prescribing physician. This letter serves as notice that the Program granted a temporary medical exception to the mandatory substitution requirement. The letter seeks the therapeutic rationale for continuing the medical exception. The Program allows 30 days for the return of the written medical exception request from the prescriber. If the Program does not receive written documentation, the short term medical exception will expire. If the prescriber does respond to the letter and provides appropriate information, the Program may grant a longer medical exception period. The cardholder may continue to obtain the brand medication without paying the extra cost of a generic differential.

The Program may refer a request to a physician consultant or to a therapeutics committee for special review and consideration. The cardholder will receive a short term medical exception until completion of the review process.

If the Program denies a request for a medical exception to the mandatory generic requirement, the cardholder may opt to continue using the brand multisource product and, then, pay the generic differential. If this occurs, the pharmacist must collect the copay for the brand name product plus 70% of the average wholesale price of the brand name product from the cardholder.

Please direct questions regarding the implementation of the medical exception process to 1 (800) 835-4080 or in writing to Thomas M. Snedden, Director, Bureau of Pharmaceutical Assistance, Pennsylvania Department of Aging, 400 Market Street, 6th Floor, Harrisburg, PA 17101.

Acknowledgment of Notices of Intent to Remediate submitted to the Department of Environmental Protection under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302 and 303 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate identifies a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background or Statewide health standard to remediate a site must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of the cleanup standards identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department and shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at 1 (800) 654-5984.

S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes; the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for informal conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—23 and 86.31—34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum,

technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52, and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chs. 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

SPECIAL NOTICES

**Registered and Certified Emission
Reduction Credits**

The following emission reduction credits (ERCs) have been approved, registered and certified by the Department of Environmental Protection (Department), Commonwealth of Pennsylvania. ERCs are surplus, permanent, quantified and Federally enforceable emission reductions used to offset emission increases of oxides of nitrogen (NOx), volatile organic compounds (VOCs) and the following criteria pollutants: carbon monoxide (CO), lead (Pb), oxides of sulfur (SOx), particulate matter (PM), PM-10 and PM-10 precursors.

The Department has established a computerized ERC registry system, under 25 Pa. Code § 127.209, to provide for the registration, certification and tracking of ERCs. Prior to registration of the credits, ERC Registry Applications are reviewed and approved by the Department to confirm that the ERCs meet the requirements of 25 Pa. Code §§ 127.206—208. Registration of the credits in the ERC registry system constitutes certification that the ERCs satisfy applicable requirements and that the credits are available for use. Following certification of the ERCs, they may be used for either of the following purposes:

(1) To satisfy new source review (NSR) emission offset ratio requirements;

(2) To “net-out” of NSR at ERC-generating facilities;

(3) To sell or trade the ERCs for use as emission offsets at new or modified facilities.

The certified ERCs shown below, expressed in tons per year (tpy), satisfy the applicable ERC requirements contained in 25 Pa. Code §§ 127.206—208. ERCs created from the curtailment or shutdown of a source or facility expire for use as offsets 10 years after the emission reduction occurs. ERCs generated by the overcontrol of emissions by an existing facility do not expire for use as offsets. However, credits in the registry which are not used in a plan approval will be discounted if new air quality requirements are adopted by the Department or U. S. Environmental Protection Agency (EPA).

For additional information concerning this listing of certified ERCs, contact Virendra Trivedi, Bureau of Air Quality, Division of Permits, Department of Environmental Protection, 12th Floor, Rachel Carson State Office Building, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-4325. Status Report for Emission Reduction Credit (ERC) Registry Applications

The following Emission Reduction Credit (ERC) Registry Applications and requests for ERCs have been received by the Bureau of Air Quality, Department of Environmental Protection (Department), Commonwealth of Pennsylvania. In addition to ERC Registry Applications submitted directly to the Department, ERC Registry Applications reviewed and approved initially by the Allegheny County Health Department (Allegheny County), and Philadelphia Department of Public Health, Air Management Services (Philadelphia County) are also submitted to the Department for review and approval to verify compliance with applicable ERC requirements in 25 Pa. Code §§ 127.206—127.208 prior to registration of the ERCs in the Statewide ERC Registry system.

The ERC Registry Applications, requesting ERCs primarily for VOCs and NO_x, are currently under review by the Department unless otherwise indicated in the "Status of ERC Registry Application" column. For New Source Review (NSR) purposes, the entire Commonwealth is considered nonattainment for ozone because of the Commonwealth's inclusion in the Ozone Transport Region (OTR). Southeastern Pennsylvania (Bucks, Chester, Delaware, Montgomery and Philadelphia counties) is classified as a "severe" ozone nonattainment area and the remainder of the Commonwealth is considered a "moderate" ozone nonattainment area. VOC and NO_x credits generated in a moderate ozone nonattainment area can not be traded to a facility located in a severe ozone nonattainment area. However, VOC or NO_x credits generated in a severe ozone nonattainment area may be traded to a facility located in a moderate ozone nonattainment area which is either within 200 kilometers or 2 days upwind of the ERC-generating facility.

Water Quality Toxics Management Strategy (Great Lakes Water Quality Guidance (GLI)); Public Hearing and Proposed Amendments to Statement of Policy

The Department of Environmental Protection is holding a public hearing and soliciting public comments on proposed amendments to Chapter 16 (relating to water quality toxics management strategy—statement of policy) to implement the Federal Great Lakes Water Quality Guidance (GLI).

The public hearing will be held on Wednesday, February 12, 1997, at Erie City Hall, Council Chambers, First Floor, 626 State Street, Erie, Pennsylvania at 10 a.m.

Pennsylvania's water quality standards, which are set forth in part in 25 Pa. Code Chapter 93, implement the provisions of sections 5 and 402 of The Clean Streams Law and section 303 of the Federal Clean Water Act, 33 U.S.C.A. § 1313. Water quality standards consist of the designated uses of the surface waters of the Commonwealth and the specific numeric and narrative criteria necessary to achieve and maintain those uses. Chapter 16 is a water quality policy for regulating toxic pollutants in wastewater discharges. It sets forth the guidelines for development of criteria for toxic substances, and lists the water quality criteria and the analytical methods and detection limits for toxic substances. Chapter 16 is directly referenced as a support policy document in the Department's toxic substances regulation at section 93.8a.

The GLI requirements, promulgated at 40 CFR Part 132 on March 23, 1995 (60 *Fed. Reg.* 15366), provide for consistent protection for fish and shellfish in all waters of the Great Lakes System and for the people and wildlife who consume them. The GLI focuses on long lasting-pollutants called bioaccumulative chemicals of concern (BCCs) that accumulate in the food web of large lakes. The major elements of the GLI are water quality criteria to protect human health, aquatic life and wildlife, methodologies for criteria development, procedures for developing effluent limits for point sources, and antidegradation policies and procedures. States are required to adopt

water quality standards, antidegradation policies and implementation procedures "as protective as" the GLI.

Pennsylvania's strategy for complying with the GLI has two major objectives. The first objective is, wherever possible, to provide Statewide consistency, so that unequal requirements are not focused on specific regions of the Commonwealth. The second objective is to provide special protection to the unique resource known as the Great Lakes System in Pennsylvania. To meet these objectives, the Department proposes applying scientifically sound methodologies, from both current practice and as identified in the GLI, Statewide. Exceptions to Statewide procedures are made when the unique character of the Great Lakes System demands special consideration. For example, BCCs pose a particular threat to the Great Lakes because of the long retention of pollutants in the Lakes, which contrasts with the ability of streams to flush out those pollutants via their flow. For this reason, application of procedures for BCCs is different for the Great Lakes than in other waters of the State.

The Department held a public meeting in Erie on the requirements of the GLI on September 5, 1995. In February 1996, Pennsylvania's proposed strategy was made available on the World Wide Web for public comment. Two meetings were also held on June 5, 1996, one with an ad hoc Great Lakes Technical Committee and the second with the general public, to discuss the proposed strategy. In addition, the Department has met on several occasions with the Water Subcommittee of the Air and Water Quality Technical Advisory Committee (AWQTAC) to discuss the GLI strategy, and has sent representatives to participate in meetings with the Council of Great Lakes Governors Working Group and Technical Subcommittee, which provides a forum for the states to discuss how each is addressing the GLI requirements.

The Department proposes to incorporate many of the GLI requirements into Chapter 16. These amendments will be supplemented with proposed regulatory changes that will be considered by the Environmental Quality Board early in 1997.

*Summary of Amendments**Section Description of Amendments*

Statewide:

16.22

Criteria Development (Aquatic life): In general, the current aquatic life criteria development procedures and water quality criteria are not proposed to be changed either Statewide or for the Great Lakes System. The major differences between the Great Lakes procedures and current Pennsylvania procedures, which are the same as established National procedures, are (1) the use of a refined database and (2) no longer using the residue-based values as criteria continuous concentrations (chronic criteria).

The Department proposes to not use the refined data. EPA has determined that only data specifically approved by EPA may be used for GLI criteria development; and, for the 12 GLI aquatic life criteria, EPA approved a refined database. If no GLI criteria have been developed, there is no refined databank for a chemical at this time. Therefore, criteria developed in the near future would rely on the same dataset that supports the Statewide and National criteria, and the GLI criteria would be the same as the current criteria. Data changes in GLI criteria development are not specific to Great Lakes species; that means the data evaluation would be equally applicable on a National basis. Adopting the GLI criteria for the Great Lakes System would mean using different criteria from the rest of the State with no special protection of the Great Lakes resource. Adopting the GLI criteria Statewide would result in criteria different from National criteria used in neighboring states. The Department believes that if EPA endorses other data than that which supports the National criteria, EPA should amend the National criteria and procedures, and the Department will then evaluate them for Statewide applicability. For most chemicals with GLI criteria, the changes from the National criteria are minor except for nickel, which has GLI criteria about ten times more stringent than the National criteria.

Likewise, in order to foster Statewide consistency, the Department proposes to not eliminate use of the residue-based criteria. Unlike most GLI procedures, which are more stringent than National procedures, the elimination of this procedure results in a less stringent chronic criterion for mercury, which is a BCC. If EPA believes that this procedure is correct, it should be made part of the National procedures, at which time the Department will evaluate it for Statewide applicability.

Subsection (4) is updated to reference the use of the current EPA procedures for whole effluent toxicity testing (WETT) at 40 CFR Part 136.

16.23

Sources of Information: The Great Lakes Clearinghouse, which is being planned by EPA to house toxicity data and criteria for toxic substances, is added as a data source to be used in the future for criteria development.

16.32

Threshold level toxic effects: As with aquatic criteria, the Department proposes to generally retain the current procedures and criteria for human health Statewide. The major differences between the current procedures and the GLI procedures are (1) a change from consumption of 6.5 to 15 grams of fish per day; (2) adding an additional modifying factor to account for relative source contribution (RSC provides a reserve to account for other sources of a chemical, while current procedures assume the only source of exposure is water); and (3) use of bioaccumulation factors (see next paragraph). The Department believes EPA should evaluate these procedures for National applicability, and adopt them if it is warranted. The Department would then evaluate them for adoption on a Statewide basis.

A few changes, described below, are proposed to incorporate the most recent scientific understanding on certain issues. Subsection (b) adds the use of bioaccumulation factors (BAF), which are values that include exposure through ingestion of water and food, in criteria development. The use of BAFs is a change from current procedures which use bioconcentration factors (BCFs) (exposure through ingestion of water only). BCFs are not specifically discussed in the current statement of policy. Use of BAFs may result in more stringent criteria, especially for BCCs, depending on the data available to determine the BAFs. Subsection (d) is updated to add the Great Lakes Clearinghouse.

16.33

Nonthreshold effects (cancer): The current procedures for criteria development generally result in more stringent criteria than the GLI criteria because the GLI allows for a one in 100,000 cancer risk level, while the Pennsylvania regulation at § 93.8a (relating to toxic substances) sets a one in 1,000,000 cancer risk level Statewide. This level of protection is not proposed to be amended either for the Great Lakes System or Statewide. Subsection (j) adds the use of bioaccumulation factors in criteria development for carcinogens.

16.51

Table: The discussion preceding the table is amended to include reference to the new Great Lakes System section.

Great Lakes specific:
NEW 16.61

Water Quality Criteria for the Great Lakes System: This section is added to comply with Federal GLI (40 CFR Part 132). It includes subsections on aquatic life and human health criteria and values, and wildlife criteria.

*Section**Description of Amendments*

Subsection (a) discusses general provisions including the Federal requirement for protection of the Great Lakes System; bioaccumulative chemicals of concern, and the unique character of the Great Lakes System.

Subsection (b) discusses water quality criteria and methodologies for their development for the Great Lakes System. Paragraph (1) states that aquatic life criteria are developed using the same methods as Statewide criteria and adds a new provision for development of protective values (called Tier II values) in the absence of sufficient data to develop criteria. Paragraph (2) for development of human health criteria and values is similar to (1). For human health criteria in the Great Lakes System, the GLI procedures for BAFs are adopted by reference. The GLI procedures for BAFs are more encompassing than the ones used Statewide. The GLI includes a hierarchy of four methods for determination of BAFs, while Statewide procedures are limited to field measured BAFs or, if those data are not available, the BAF is set equal to the current BCF. This difference in procedures may result in a few criteria more stringent in the Great Lakes than Statewide. The human health criteria for BCCs that have been developed to this time are included in a table in this subsection.

Paragraph (3) addresses wildlife criteria for BCCs in the Great Lakes System only. The subsection references the GLI and lists the four criteria that have been determined to this time.

Paragraph (4) is specific to the Great Lakes System for assessing the additivity of chlorinated dioxins and furans. It references the GLI procedure.

Statewide:
Appendix A Table 1

Water Quality Criteria for Toxic Substances: The table is amended to add the numeric criteria for WETT: 1 toxic unit—chronic (TUc) as the criterion continuous concentration and 0.3 toxic unit—acute (TUa) as the criterion maximum concentration.

Proposed Changes to Immunization Requirements for Attendance at School

The Department of Health (Department) hereby gives notice of its intent to revise its regulations pertaining to the immunization of children for attendance at school. Under the Hepatitis B Prevention Act (35 P. S. §§ 630.1—630.3), the Department shall cause hepatitis B to be placed on the list of diseases that require immunization for entry into school after August 1, 1997, consistent with the recommendations of the Advisory Committee on Immunization Practices for the Centers for Disease Control and Prevention of the United States Department of Health and Human Services (ACIP). As part of its regulatory initiative, Department intends to also amend other school regulations, including requirements for measles, diphtheria and tetanus immunization to conform to current recommendations of the ACIP, the American Academy of Pediatrics (AAP) and the American Academy of Family Physicians (AAFP).

The Department intends to adopt changes to the school immunization regulations at 28 Pa. Code Chapter 23 (relating to school health), Subchapter C (relating to immunization requirements) so that they will provide as follows:

1. The following are required as a condition of entry into school for the first time, at the kindergarten or first grade level, at any public, private or parochial school, including special education and home education programs:

DEPARTMENT OF REVENUE

Interest Rate Notice

Under the provisions of section 806 of the act of April 9, 1929 (P. L. 343, No. 176), known as the Fiscal Code, the Secretary of Revenue announces that, for the year commencing January 1, 1997, all unpaid taxes which became due and payable to the Commonwealth on and after January 1, 1982, shall bear interest at the rate of 9% per annum. This rate will remain constant until December 31, 1997. Under the provisions of section 6621(a)(2) of the Internal Revenue Code, this rate has been established by the Secretary of the Treasury of the United States, to be effective January 1, 1997. This rate will be codified under 61 Pa. Code § 4.2(a) (relating to rate of interest).

Although the Tax Reform Act of 1986 amended Internal Revenue Code section 6621, by requiring that the Secretary of the Treasury of the United States establish quarterly rates of interest to become effective for Federal purposes on the first month of each calendar quarter, these amendments do not affect Pennsylvania law. The Fiscal Code, as herein cited, requires that the interest

rate be established effective January 1 of each calendar year without regard to any change in the Federal interest rate during the calendar year.

**OFFICE OF ATTORNEY
GENERAL**

[OFFICIAL OPINION NO. 96-1]

Department of Public Welfare; Enforceability of Durational Residency and Citizenship Requirement of Act 1996-35

December 9, 1996

Honorable Feather O. Houstoun
Secretary
Department of Public Welfare
Room 333, Health and Welfare Building
Harrisburg, PA 17105

Dear Secretary Houstoun:

You have requested my opinion regarding the enforceability of the durational residency and citizenship requirements of Act 1996-35 ("Act 35"), which amended various provisions of the Public Welfare Code governing eligibility for cash and medical assistance under the Commonwealth's General Assistance program.

Section 11 of Act 35 amends Section 432.4 of the Public Welfare Code, 62 P. S. § 432.4, to enlarge from sixty days to twelve months the period of time that an applicant for cash assistance must be a Pennsylvania resident before becoming eligible for benefits. Section 15 of Act 35 amends Section 442.1 of the Code, 62 P. S. § 442.1, to add a requirement that an applicant for medical assistance must be a Pennsylvania resident for ninety days before

becoming eligible for benefits. Section 14.1 of Act 35 amends the Code to add Section 432.22, 62 P. S. § 432.22, which disqualifies for cash or medical assistance an applicant who is not a citizen of the United States.

In providing legal advice to the head of a Commonwealth agency, the Attorney General is required by Section 204(a)(3) of the Commonwealth Attorneys Act, 71 P. S. § 732-204(a)(3), "to uphold and defend the constitutionality of all statutes so as to prevent their suspension or abrogation in the absence of a controlling decision by a court of competent jurisdiction." Since each of the foregoing provisions of Act 35 implicates a decision of the United States Supreme Court relevant to its constitutionality, it is incumbent upon me to determine whether the Supreme Court decision is "controlling" so as to compel the advice that the provision to which it relates is unenforceable.

As a threshold matter, it must be emphasized that the concept of a "controlling decision by a court of competent jurisdiction" is not susceptible to precise definition. Clearly, it cannot be construed so narrowly as to require a decision by a court of last resort holding unconstitutional the very provision on which the Attorney General's advice is sought, since that construction would render the Attorney General's advice a meaningless gesture. On the other hand, the decision said to be "controlling" must be more than merely predictive of the constitutionality of the statutory provision on which the Attorney General's advice is sought; it must adjudicate the constitutionality of a statutory provision materially indistinguishable from the statutory provision on which the advice is sought, and it must be rendered by a court that has jurisdiction over the entirety of Pennsylvania.

I. RESIDENCY

In *Shapiro v. Thompson*, 394 U. S. 618 (1969), the United States Supreme Court held that a state statute that requires a minimum one-year residence in the state as a condition of eligibility for public assistance violates the Equal Protection Clause of the United States Constitution. Among the state statutes specifically invalidated in *Shapiro* was then Section 432(6) of the Public Welfare Code, which required a minimum one-year residence in Pennsylvania as a condition of eligibility for cash general assistance or Aid to Families with Dependent Children.

In relation to Section 11 of Act 35, *Shapiro* presents a clear example of a "controlling decision by a court of competent jurisdiction," since it invalidated a materially identical provision of the same statute, pertaining to the same government program. That the appellees in *Shapiro* were all applicants for federally-assisted rather than wholly state-funded cash assistance is of no consequence, since the Supreme Court has held that "whether or not a welfare program is federally funded is irrelevant to the applicability of the *Shapiro* analysis." *Memorial Hospital v. Maricopa County*, 415 U. S. 250, 261 (1974) (citations omitted). The *Shapiro* decision, therefore, renders Section 11 unenforceable.

In *Memorial Hospital v. Maricopa County, id.*, the United States Supreme Court held that a state statute that requires a minimum one-year residence in the state as a condition of eligibility for medical assistance violates the Equal Protection Clause of the United States Constitution. Specifically invalidated in *Memorial Hospital* was an Arizona statute that required one-year residence in a county as a condition of eligibility for county-funded medical assistance.

On its face, the Arizona statute invalidated in *Memorial Hospital* exhibited two features that distinguish it from

Section 15 of Act 35: first, its residency requirement applied to county rather than state residence; second, its residency requirement was one year rather than ninety days. Notwithstanding such differences, the *Memorial Hospital* decision may be “controlling” with respect to the constitutionality of Section 15. The key question is whether the differences are material, that is, whether either of them presents a basis on which to conclude that there is a reasonable possibility that the Supreme Court would uphold Section 15.

The decision in *Memorial Hospital* relied heavily upon the Court’s analysis in *Shapiro v. Thompson*. In *Shapiro*, the Court observed that, because the right to travel interstate—more precisely described as the right to migrate from one state to another—is a fundamental right protected by the Constitution, “any classification which serves to penalize the exercise of that right, unless shown to be necessary to promote a compelling governmental interest, is unconstitutional.” *Shapiro*, 394 U. S. at 634. The Court found that differentiating between old and new indigent residents penalized the latter for the exercise of a constitutional right by denying them aid upon which they may depend for the basic necessities of life. The Court then examined, and found impermissible or insufficiently compelling, each of the governmental interests advanced in support of the classification.

Rejected by the Court as impermissible, because they served only to deter the exercise of the constitutional right to travel interstate, were the state objectives of preserving the fiscal integrity of public assistance programs by discouraging the immigration of indigents or by discouraging those who would enter the state solely to obtain larger benefits, and favoring old residents over new based on the contribution to the community that old residents may have made through the past payment of taxes. Rejected by the Court as insufficiently compelling were the administrative objectives of facilitating the planning of the welfare budget, providing an objective test of residency, minimizing the opportunity for fraudulently obtaining benefits from more than one jurisdiction, and encouraging early entry of new residents into the labor force.

In *Memorial Hospital*, the Court first noted that the applicability of the Arizona statute to county residency rather than state residency did not distinguish that case from *Shapiro*, since the Arizona residency requirement operated not merely upon intrastate migration, but upon interstate migration as well. For the same reason, it is immaterial to the determination of whether the *Memorial Hospital* decision is “controlling” with respect to the constitutionality of Section 15 of Act 35 that Section 15 imposes a state rather than a county residency requirement upon eligibility for medical assistance.

The Court in *Memorial Hospital* next proceeded to emphasize that a durational residency requirement must be justified by a compelling state interest only if the residency requirement operates to penalize the exercise of the constitutional right to interstate migration. Acknowledging that *Shapiro* did not specify the level of impact on interstate migration that would constitute a penalty, the Court nevertheless concluded that “it is at least clear that medical care is as much ‘a basic necessity of life’ to an indigent as welfare assistance.” *Memorial Hospital*, 415 U. S. at 259. Thus, the Arizona residency requirement penalized the right to interstate migration and could survive constitutional challenge only if shown to be necessary to promote a compelling state interest.

As in *Shapiro*, the Court in *Memorial Hospital* rejected as impermissible or as insufficiently compelling each of the proffered state interests. Rejected as impermissible were the state objectives of preserving the fiscal integrity of its free medical care program by discouraging the immigration of indigent persons generally or indigent persons who would enter the county solely to partake of its medical facilities, and favoring long-time residents because of their contribution to the community through the past payment of taxes. Rejected as insufficiently compelling were the state objectives of facilitating determination of residency, preventing fraud, and assuring budget predictability.

From the *Shapiro* and *Memorial Hospital* decisions, it is apparent that the determination of whether the *Memorial Hospital* decision controls the constitutionality of Section 15 of Act 35 rests squarely upon the determination of whether the ninety-day residency requirement of Section 15 “penalizes” the exercise of the right to interstate migration. If the ninety-day residency requirement does not rise to the level of a penalty, then strict scrutiny is avoided and the state interests proffered in support of the requirement need only be rational.

While it is exceedingly rare for the Office of Attorney General to refer to pending litigation in rendering an official opinion, the decision of the District Court on the plaintiffs’ motion for preliminary injunction in *Warrick v. Snider*, No. 94-1634 (W.D. Pa. filed June 30, 1995), underscores the importance of the “penalty” inquiry, while shedding considerable light upon the determination of whether the ninety-day residency requirement for medical assistance in Section 15 rises to the level of a penalty. In *Warrick*, a class of indigent Pennsylvania residents challenges the sixty-day residency requirement for cash general assistance, which was enacted by Section 6 of Act 1994-49 (“Act 49”). They contend that the sixty-day residency requirement operates to penalize the exercise of their fundamental right to travel interstate, and cannot withstand strict scrutiny.

In denying the plaintiffs’ motion for preliminary injunction, the District Court distinguished *Shapiro* on the ground that the statutory provisions there at issue worked to deny to new residents all benefits necessary for basic sustenance and health, for an entire year, while Act 49 denies only cash assistance, for a period of only sixty days, allowing qualified new residents access to food stamps, emergency housing, medical assistance, job training, and job placement assistance. Because Act 49 provides new residents the means of obtaining what is necessary for their basic sustenance and health, and because a waiting period of two months is substantially less burdensome than a waiting period of an entire year, the District Court concluded that Act 49’s durational residency requirement does not operate as a penalty on the right to interstate migration, and therefore need only be rationally related to a legitimate government purpose to survive constitutional challenge.

Holding that Act 49’s sixty-day residency requirement is rationally related to the Commonwealth’s legitimate governmental interest in encouraging employment, self-respect, and self-dependency, the District Court reasoned that “a social welfare structure which provides the things necessary for basic sustenance and health, and at the same time providing job training and assistance while limiting temporarily cash benefits is rationally related to the legitimate goal of encouraging welfare recipients to seek employment so as to support themselves.” Slip op. at 19.

Ironically, if I were to conclude in this Opinion that *Memorial Hospital* is not “controlling” with respect to the constitutionality of Section 15 of Act 35, the plaintiff class in *Warrick* would become ineligible for medical assistance, and a major underpinning of the District Court’s decision in *Warrick* would be removed. It is my judgment, however, that *Memorial Hospital* is indeed “controlling” and that Section 15, therefore, is unenforceable.

Unlike the sixty-day residency requirement for cash assistance upheld by the court in *Warrick*, the ninety-day residency requirement for medical assistance in Act 35 is not part of a statutory scheme that provides to new residents “the things necessary for basic sustenance and health.” Whereas the availability of medical assistance served to mitigate the impact of denying cash assistance to new residents under Act 49, the unavailability of cash assistance serves to compound the impact of denying medical assistance to new residents under Act 35.

Since Act 35, in contrast to Act 49, does not afford indigent new residents the means of providing for their basic sustenance and health, I conclude that the ninety-day residency requirement for medical assistance in Act 35 indeed operates to penalize the exercise of the right to interstate migration. Although admittedly less burdensome than the one-year requirement struck down in *Memorial Hospital*, it nevertheless denies medical assistance to indigent new residents while providing them no other assistance with which to meet their medical needs. I am unable, moreover, to identify any state interest served by this differential treatment of old and new residents that is any more compelling than the state interests rejected by the Supreme Court in *Shapiro* and *Memorial Hospital*.

In a series of decisions since *Shapiro* and *Memorial Hospital*, the United States Supreme Court applied rational basis analysis to invalidate state statutes that afforded preferential treatment to state residents based upon when residency was established. See *Zobel v. Williams*, 457 U. S. 55 (1982) (mineral income distributed to state residents according to years of residency); *Hooper v. Bernalillo County Assessor*, 472 U. S. 612 (1985) (property tax exemption afforded to Vietnam veterans who were state residents before May 8, 1976); *Attorney General of New York v. Soto-Lopez*, 476 U. S. 898 (1986) (civil service preference afforded to veterans who were state residents at the time they entered military service). In *Zobel* and *Hooper*, the majority of justices held that the classification of residents based upon when they first established residency served no legitimate state interest. In *Soto-Lopez*, a plurality of justices applied strict scrutiny, while the concurring justices needed to form a majority followed *Zobel* and *Hooper* to hold again that the classification of residents based upon when residency was established is irrational.

Although these more recent decisions employed rational basis review, they cannot be said to signal a change of approach by the Supreme Court that would undermine my conclusion that the *Shapiro* and *Memorial Hospital* decisions are “controlling” with respect to the constitutionality of the durational residency requirements in Act 35. The statutes invalidated in the more recent decisions involved neither durational residency requirements nor welfare benefits; and they created classifications that, unlike those involved in *Shapiro* and *Memorial Hospital*, were permanent and would never equalize. It is always possible that the Supreme Court will depart from its prior decisions, but until it does so we are bound by them.

II. CITIZENSHIP

In *Graham v. Richardson*, 403 U. S. 365 (1971), the United States Supreme Court held that a state statute that requires United States citizenship as a condition of eligibility for public assistance violates the Equal Protection Clause of the United States Constitution. Among the state statutes invalidated specifically in *Graham* was then Section 432(2) of the Public Welfare Code, which required citizenship as a condition of eligibility for the Commonwealth’s General Assistance program.

In relation to Section 14.1 of Act 35, *Graham* presents another clear example of a “controlling decision by a court of competent jurisdiction.” Like *Shapiro*, *Graham* invalidated a materially identical provision of the same statute, pertaining to the same government program. Also like *Shapiro*, *Graham* employed strict scrutiny analysis, albeit for the different reason that classifications based on alienage, like those based on nationality or race, are inherently suspect. The *Graham* decision, therefore, renders Section 14.1 unenforceable.

In the Personal Responsibility and Work Opportunity Act of 1996, Congress enacted sweeping changes in federal welfare law, including provisions that affect the eligibility of aliens not only for federal and federally-assisted welfare benefits, but also for wholly state-funded welfare benefits. Section 411 of the federal act provides that, with certain exceptions, an alien not lawfully admitted into the United States “is not eligible for any State or local public benefits. . . .” Section 412 provides that, with certain exceptions, “a State is authorized to determine the eligibility for any State public benefits” of an alien lawfully residing in the United States.

Graham v. Richardson did not address the constitutionality of a state’s denial of welfare benefits to an alien not lawfully admitted into the United States, and Section 432(3) of the Public Welfare Code, 62 P. S. § 432(3), already provides that an alien must be “lawfully admitted” to be eligible for general assistance. *Graham*, however, specifically invalidated Arizona and Pennsylvania statutes that respectively denied federally-assisted and wholly state-funded welfare benefits to lawfully admitted resident aliens, and it did so in the face of Arizona’s argument that the Social Security Act authorized Arizona’s denial of benefits.

Questioning whether Congress indeed intended to authorize states to deny federally-assisted welfare benefits to lawfully admitted resident aliens, the Court in *Graham* stated that:

Although the Federal Government admittedly has broad constitutional power to determine what aliens shall be admitted to the United States, the period they may remain, and the terms and conditions of their naturalization, Congress does not have the power to authorize the individual States to violate the Equal Protection Clause. *Shapiro v. Thompson*, [supra, 394 U. S. at 641]. Under Art. I, § 8, cl. 4, of the Constitution, Congress’ power is to ‘establish a uniform Rule of Naturalization.’ A congressional enactment construed so as to permit state legislatures to adopt divergent laws on the subject of citizenship requirements for federally supported welfare programs would appear to contravene this explicit constitutional requirement of uniformity.

Id. at 382 (footnote omitted). Applying the principle that statutes should be construed whenever possible so as to uphold their constitutionality, the Court ruled that the Social Security Act did not authorize Arizona’s citizenship requirement.

In *Mathews v. Diaz*, 426 U. S. 67 (1976), the Supreme Court rejected a due process challenge to a provision of the Social Security Act that conditioned an alien's eligibility for federal medicare benefits on admission for permanent residence and continuous residence in the United States for a period of five years. Noting that the provision discriminated not against aliens as a class, but rather among subclasses of aliens, and that the responsibility for regulating the status of aliens in the United States has been committed to the political branches of the federal government, the Court concluded that "[t]he reasons that preclude judicial review of political questions also dictate a narrow standard of review of decisions made by the Congress or the President in the area of immigration and naturalization." *Id.* at 81-82 (footnote omitted).

The Court in *Mathews* drew a sharp distinction between its decision in that case and its decision in *Graham*. The equal protection analysis relevant to the state law classifications at issue in *Graham*, the Court observed, "involves significantly different considerations because it concerns the relationship between aliens and the State rather than between aliens and the Federal Government." *Id.* at 84-85. As the Court explained:

Insofar as state welfare policy is concerned, there is little, if any, basis for treating persons who are citizens of another State differently from persons who are citizens of another country. Both groups are noncitizens as far as the State's interests in administering its welfare programs are concerned. Thus, a division by a State of the category of persons who are not citizens of that State into subcategories of United States citizens and aliens has no apparent justification, whereas, a comparable classification by the Federal Government is a routine and normally legitimate part of its business. Furthermore, whereas the Constitution inhibits every State's power to restrict travel across its own borders, Congress is explicitly empowered to exercise that type of control over travel across the borders of the United States.

Id. at 85 (footnotes omitted).

Mathews, therefore, does nothing to disturb the rule of *Graham* that state laws that discriminate against aliens in the provision of welfare benefits are unconstitutional unless narrowly tailored to achieve a compelling government interest. *Mathews*, however, did not address the question implicated by Section 412 of the recent federal welfare act of whether a state law that establishes classifications of eligibility for welfare benefits based on alienage is similarly subject to strict scrutiny if the state law is authorized by an act of Congress.

In *Plyler v. Doe*, 457 U. S. 202 (1982), the Supreme Court applied rational basis analysis to sustain an equal protection challenge to a Texas statute that withheld from local school districts state funds for the education of children not lawfully admitted into the United States and that authorized the school districts to deny such children enrollment. In a footnote discussing the Court's rejection of a claim that "illegal aliens" are a "suspect class," the Court stated the following:

With respect to the actions of the Federal Government, alienage classifications may be intimately related to the conduct of foreign policy, to the federal prerogative to control access to the United States, and to the plenary federal power to determine who has sufficiently manifested his allegiance to become a citizen of the Nation. No State may independently exercise a like power. But if the Federal Government

has by uniform rule prescribed what it believes to be appropriate standards for the treatment of an alien subclass, the States may, of course, follow the federal direction. See *DeCanas v. Bica*, [424 U. S. 351 (1976)].

Id. at 219 n.19.

In *DeCanas v. Bica*, the Court upheld a California statute that prohibited employers from knowingly hiring illegal aliens if doing so would adversely affect lawful resident workers. The challenge was based not on the Equal Protection Clause, but rather on claims that the statute violated the Supremacy Clause and interfered with Congressional power to regulate immigration and naturalization. Although *Plyler* involved an equal protection challenge, the Court's citation to *DeCanas* suggests that the Court's statement that a state may follow federal direction in its treatment of an alien subclass is concerned not with the extent to which a state may legislate with respect to aliens without violating the Equal Protection Clause, but rather with the extent to which a state may legislate with respect to illegal aliens without violating the Supremacy Clause or interfering with Congressional power over immigration and naturalization. See *Barannikova v. Town of Greenwich*, 643 A.2d 251 (Conn. Sup. Ct. 1994) (similarly interpreting the *Plyler* footnote).

Even assuming that the Court's statement in *Plyler* is concerned with the equal protection analysis of a state law classification based on alienage, the statement, by its terms, is relevant only if the state law classification is authorized by a "uniform" federal rule - a circumstance that would appear not to prevail in the relationship between Section 14.1 of Act 35 and Section 412 of the recent federal welfare act. Rather than prescribing a "uniform" rule, Section 412 allows each individual state to determine the eligibility of its resident aliens for state welfare benefits, which leads inevitably back to the Court's statement in *Graham* that "[a] congressional enactment construed so as to permit state legislatures to adopt divergent laws on the subject of citizenship requirements for federally supported welfare programs would appear to contravene th[e] explicit constitutional requirement of uniformity." *Graham, supra*, 403 U. S. at 382.

Admittedly, the constitutionality of Section 412 has yet to be tested, and the Court in *Graham* did not hold the Social Security Act provision there at issue unconstitutional, but rather construed it not to authorize divergent state laws concerning citizenship requirements for federally supported welfare programs. The possibility that a court could hold Section 412 to be a "uniform" rule, however, is hardly a sufficient basis on which to conclude that *Graham* no longer controls the constitutionality of a state statute, such as Act 35, that requires citizenship as a condition of eligibility for a wholly state-funded welfare program. On the contrary, *Graham* held specifically that the Fourteenth Amendment prohibits Pennsylvania from requiring citizenship as a condition of eligibility for its General Assistance program, and we are bound by that decision unless and until the Supreme Court, directly or implicitly, holds otherwise.

III. CONCLUSION

In summary, it is my opinion, and you are so advised, that controlling decisions of the United States Supreme Court render Sections 11, 14.1, and 15 of Act 1996-35 unenforceable. You are further advised that you should administer the Public Welfare Code, as amended by Act 35, as if the unenforceable durational residency and citizenship requirements of Act 35 were not enacted.

In particular, you should continue to enforce the sixty-day residency requirement for cash assistance enacted by

Act 49, since it is clear that the General Assembly did not intend to repeal that requirement unless it could substitute the one-year residency requirement of Act 35. See *Mazurek v. Farmers' Mutual Fire Ins. Co.*, 320 Pa. 33 (1935) (legislative intent controls the effect of an unconstitutional enactment upon the pre-existing statute).

You should also continue to enforce Section 432(3) of the Public Welfare Code, which denies general assistance to illegal aliens. That provision was neither repealed nor significantly amended by Act 35; it is fully consistent with Section 411 of the recent federal welfare act, and its constitutionality is not in question.

Finally, you are advised that, in accordance with Section 204(a)(1) of the Commonwealth Attorneys Act, 71 P. S. § 732-204(a)(1), you are required to follow the advice set forth in this Opinion and shall not in any way be liable for doing so.

Attorney General
