READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

PART II. CONDUCT STANDARDS

[207 PA. CODE CH. 33]

Formal Opinion 2011-1

Notice is hereby given that the Ethics Committee of the Pennsylvania Conference of State Trial Judges has adopted its Formal Opinion 2011-1 which is set forth as follows.

EDWARD D. REIBMAN,
Chairperson
Ethics Committee
Pennsylvania Conference of State Trial Judges

Annex A

TITLE 207. JUDICIAL CONDUCT

PART II. CONDUCT STANDARDS

CHAPTER 33. CODE OF JUDICIAL CONDUCT

Subchapter B. FORMAL OPINIONS

§ 11-1. Certain Fundraising Activities.

The Ethics Committee of the Pennsylvania Conference of State Trial Judges regularly receives inquiries regarding the propriety of participation in civic and charitable activities by members of the judiciary. Because of the frequency of such inquiries, the Committee has decided to

issue a formal opinion addressing this issue in order to provide guidance to the Conference.

The footnote to Canon 5A of the Code of Judicial Conduct acknowledges that the complete separation of judges from extra judicial activities is neither possible nor wise since there is danger in judges becoming isolated from the society and communities in which they live. There are, however, many concerns regarding the circumstances in which judges may properly participate in civic and charitable activities and, more particularly, the nature and extent of fundraising activities held on behalf of civic and charitable organizations in which a judge's participation is permissible.

Canon 5B of the Code of Judicial Conduct provides:

B. Civic and Charitable Activities. Judges may participate in civic and charitable activities that do not reflect adversely upon their impartiality or interfere with the performance of their judicial duties. Judges may serve as an officer, director, trustee, or nonlegal advisor of an educational, religious, charitable, fraternal, or civic organization not conducted for the economic or political advantage of its members, subject to the following limitations:

(1) Judges should not serve if it is likely that the organization will be engaged in proceedings that would ordinarily come before them or will be regularly engaged in adversary proceedings in any court.

(2) Judges should not solicit funds for any educational, religious, charitable, fraternal, or civic organization, or use or permit the use of the prestige of their office for that purpose, but they may be listed as an officer, director, or trustee of such an organization. They should not be a speaker or the guest of honor at an organization's fund raising events, but they may attend such events.

(3) Judges should not give investment advice to such an organization, but they may serve on its board of directors or trustees even though it has the responsibility for approving investment decisions.

Thus, Canon 5B sets forth the general proposition that judges may participate in civic and charitable organizations and activities provided, however, such organizations and activities do not reflect adversely upon a judge's impartiality or interfere with the performance of his or her judicial duties. The Canon further provides that a judge may serve as an officer, director, trustee or nonlegal advisor of an educational, religious, charitable, fraternal or civic organization if the organization is not conducted for the economic or political advantage of its members and the organization is not likely to be engaged in proceedings that would ordinarily come before the judge and will not regularly be engaged in adversary proceedings in any court. See Canon 5B(1). As to other activities concerning civic and charitable organizations, Canon 5B(2) permits judges to be listed as an officer, director, or trustee of such organizations and Canon 5B(3) permits judges to serve on boards of directors or as trustees, even though the board has the responsibility for approving investment decisions. However, Canon 5B(3) prohibits judges from giving investment advice.

In respect to fundraising, Canon 5B(2) specifically prohibits judges from soliciting funds for any educational, charitable, fraternal, or civic organization, or using or permitting the use of the prestige of their office for that purpose regardless of how worthwhile the organization or its activities may be.

Canon 5(B)(2) clearly prohibits judges from being the guest speaker or guest of honor at fundraising dinners or events. However, faced with reduced budgets and shrinking charitable contributions, organizations have turned to novel and creative fundraising efforts to swell the crowd or otherwise raise money by involving judges.

The Ethics Committee has been presented with a wide variety of such efforts. Without attempting to offer an all-inclusive list of all of the potential activities that fall within the ambit of Canon 5B, they have included using a judge as an attraction or celebrity participant, such as Dancing with the Stars, Competing with the Stars in Sporting Events, Celebrity Auctioneer and Celebrity Contributor. While celebrities and other government officials may lend their personal, professional, or other forms of celebrity status to the fundraising efforts of an organization, such activity by a judge is prohibited. In sum, a judge may not permit an organization to capitalize on, or exploit, a judge's attendance at or participation in such events by advertising that fact or issuing invitations citing that attendance or participation in advance of the event. A judge who allows him- or herself to be used in this manner is engaged in a solicitation of funds in violation of Canon 5(B)(2).

This does not mean a judge is precluded from receiving a well-earned award from an organization or even being recognized at an event. It means the judge cannot allow his/her presence at the event or the fact he/she will receive an award at it be used to promote a fundraising event. The critical harm to be avoided is the exploitation of the judge.

Therefore, while judges may attend fundraising events, assuming the event or activity does not violate the broader prohibition of reflecting adversely upon the judge's impartiality or interfere with the performance of the judge's judicial duties, a judge should not be featured as a highlight of any such event. Accordingly, advertising the judge's presence, placing the judge in a strategic position to influence potential customers or contributors, having a judge endorse a fundraising event or product, or having a judge sell tickets may each lead to effects the Code is designed to prevent. These include making people feel obligated to curry favor with the judge, diminishing the office of judge by turning it into a marketing tool, and pressuring other judges into participating in similar causes. A judge who allows him- or herself to be used in this manner is engaged in the solicitation of funds in direct violation to Canon 5B(2). And because of the overall prophylactic purpose of the rule, the worthiness of the cause for which the funds are being raised is irrelevant.

If, after considering the foregoing principles, a judge decides to attend or participate in a fundraising event, additional consideration must be given to the mandate of Canon 5A that a judge's avocational activities "not detract from the dignity of the[] office." Accordingly, the indicia of the office of judge, including the judicial robe, gavel and courtroom should never be utilized or depicted in any manner which would compromise respect for the judiciary or the judicial process. Attendance at, or participation in, events that do so would, therefore, also be prohibited by Canon 5.

This opinion is obviously not intended as an exhaustive discussion of all of the potential activities permitted or prohibited under the Code. Instead, its primary focus is to address how a judge may participate in the fundraising

aspects of civic and charitable activities without running afoul of Canon 5B(2)'s prohibition against using or permitting the use of the prestige of the judicial office for the solicitation of funds on behalf of those organizations in which they are involved. By remaining sensitive to the potential exploitation of the judicial office—or more specifically, the "judge as judge"—the salutary purposes animating the Code of Judicial Conduct will be better served and the preservation of an independent judiciary can continue to be assured.

To reiterate, the purpose of this formal opinion is to provide guidance on a matter of general importance to the Conference. It is not a substitute for an advisory opinion by the Ethics Committee to an individual judicial officer on specific facts.

As adopted by the Supreme Court, the Code of Judicial Conduct provides:

The Ethics Committee of the Pennsylvania Conference of State Trial Judges is designated as the approved body to render advisory opinions regarding ethical concerns involving judges, justices and other judicial officers subject to the Code of Judicial Conduct, and, although such opinions are not per se binding upon the Judicial Conduct Board, the Court of Judicial Discipline or the Supreme Court of Pennsylvania, action taken in reliance thereupon and pursuant thereto shall be taken into account in determining whether discipline should be recommended or imposed.

To obtain the "rule of reliance," an individual subject to the Code of Judicial Conduct shall present to a member of the Ethics Committee a particular factual scenario to which the inquirer seeks advice regarding his/her prospective conduct.

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Furbearer Hunting-Trapping Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) at its October 4, 2011, meeting amended § 147.701 (relating to general) to reduce the applicability of the Convention on International Trade in Endangered Species (CITES) tag to bobcats and international exports only.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 41 Pa.B. 4420 (August 13, 2011).

1. Purpose and Authority

CITES is a comprehensive conservation treaty signed by 175 countries, including the United States. This international agreement regulates the commercial trade of wildlife species and works to ensure that international trade of species is sustainable and does not threaten their survival. In relevant part, CITES requires permanent tags to be affixed to carcasses or parts of species being exported internationally. The bobcat, while not threatened with extinction, is listed in CITES and trade is controlled to protect endangered cats that have fur and parts similar in appearance; therefore, CITES applies to international exportation of this species. CITES does not currently apply to fishers.

Current Commission regulations take this requirement a step further by requiring permittees to obtain and the

Commission to issue CITES tags for every bobcat and fisher harvested that will be exported beyond this Commonwealth. The Commission has determined that this requirement is unnecessarily restrictive on permittees, over burdensome on the Commission and simply not applicable to fishers. The amendments to § 147.701 will reduce the applicability of the CITES tag to bobcats and international exports only.

Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 147.701 are adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 147.701 by reducing the applicability of the CITES tag to bobcats and international exports only.

3. Persons Affected

Persons wishing to export bobcats harvested within this Commonwealth internationally will be affected by the final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking should not result in additional cost or paperwork.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

PENNSYLVANIA GAMING CONTROL BOARD
[58 PA. CODE CH. 401a]

Corrective Amendment to 58 Pa. Code § 401a.3

The Pennsylvania Gaming Control Board has discovered a discrepancy between the agency text of 58 Pa. Code § 401a.3 (relating to definitions) as deposited with the Legislative Reference Bureau and published at 37 Pa.B. 2808 (June 23, 2007) and the official text as codified in the *Pennsylvania Code Reporter* (Master Transmittal Sheet No. 412, March 2009) and as currently appearing in the *Pennsylvania Code*. The definition of “licensed entity representative” was printed incorrectly. A codification error resulted in subparagraphs (i) and (ii) from the definition of “licensed facility” duplicated in the definition of “licensed entity representative.”

Therefore, under 45 Pa.C.S. § 901: The Pennsylvania Gaming Control Board has deposited with the Legislative Reference Bureau a corrective amendment to 58 Pa. Code § 401a.3. The corrective amendment to § 401a.3 is effective as of March 7, 2009, the date the defective official text was announced in the *Pennsylvania Bulletin*.

The correct version of the definition of “licensed entity representative” in 58 Pa. Code § 401a.3 appears in Annex A, with ellipses referring to the existing text of the regulation.

Annex A

TITLE. 58. RECREATION

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Action Plan for the Distribution and Use of Community Development Block Grant—Recovery Funds

The Department of Community and Economic Development (Department) is proposing a minor amendment to the Commonwealth's Action Plan for Federal Fiscal Year 2008 (FFY) and the Program year that began on January 1, 2008. The 2008 Action Plan is an update of the Commonwealth's Consolidated Plan for FFY 2004-2008. Due to revised activities for a small number of grantees, this minor amendment contains a revised Action Plan for the distribution and use of Community Development Block Grant—Recovery (CDBG-R) funds.

The United States Department of Housing and Urban Development (HUD) awarded the Commonwealth an allocation of \$12,434,921 in CDBG-R funds, as authorized by the American Recovery and Reinvestment Act of 2009 (42 U.S.C.A. § 5301).

The purpose of CDBG-R funds is to provide expedited funding for community development projects that will stimulate the economy and provide job creation and job retention benefits. The Department awarded CDBG-R funds on a formula basis to local governments, which includes 13% of the funds for competitive/discretionary projects. The eligible activities include many of the regular activities eligible under the CDBG Program with several exceptions.

The Action Plan also includes the list of projects that grantees are undertaking using CDBG-R funds and local government contact information about those projects. This minor amendment to the Action Plan will be submitted to HUD on or before December 30, 2011. Copies of the Action Plan and a list of projects can be obtained at <http://www.newpa.com/strengthen-your-community/technical-assistance/index.aspx>.

Persons who would like additional information about this amendment should contact Jody Michael, Department of Community and Economic Development, Center for Community Development, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to

Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

HAZARDOUS WASTE TREATMENT, STORAGE & DISPOSAL FACILITIES

Applications received under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) and Regulations to Operate a Hazardous Waste Treatment, Storage or Disposal Facility.

Southeast Region: Regional Solid Waste Manager, 2 East Main Street, Norristown, PA 19401

PAD085690592. Republic Environmental System of Pennsylvania, LLC, 2869 Sandstone Drive, Hatfield PA 19440. This application is for the 10-year renewal of the existing RCRA Part B Permit for a Hazardous Waste Treatment, Storage and Disposal facility located in Hatfield Township **Montgomery County**. Application was received by the Southeast Regional Office on November 22, 2011.

MUNICIPAL WASTE GENERAL PERMITS

Amendment(s) Proposed Under the Solid Waste Management Act; the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Municipal Waste Regulations for a General Permit to Operate Municipal Waste Processing Facilities and the Beneficial Use of Municipal Waste.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

General Permit Number WMGM037. General Permit Number WMGM037 authorizes processing and conversion of municipal waste into a fuel product. General Permit Number WMGM037 was issued by the Department on October 3, 2009.

General Permit Number WMGM037 limits the amount of municipal waste that a facility may accept to process into a fuel product to 750 tons per day. The DEP is proposing to modify this general permit to allow an increase in the amount accepted for facilities operating at an existing municipal waste processing or disposal facility that is authorized under an individual permit. The modi-

fication would allow the facility to accept up to the daily volume of waste allowed under the individual permit.

Written comments concerning the application should be directed to Scott E. Walters, Chief, General Permits/Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472, 717-787-7381. TDD users may contact the Department through the Pennsylvania Relay service, (800) 654-5984. Comments may also be submitted via e-mail at ra-epbenuseall@pa.gov. When submitting comment via e-mail, place "Comments on General Permit Number WMGM037" in the subject line. Faxed comments will not be accepted. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the

Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act(33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT

limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*		greater than 6.0; less than 9.0	
pH*			

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associ-

ated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department

at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at

a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in

and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

Nutrient Credit Trading Program; Notice of Certification Request

The Department of Environmental Protection (Department) provides notice of the following certification request

that has been submitted under the Nutrient Credit Trading Program (Trading Program). See 25 Pa. Code § 96.8 (relating to use of offsets and tradable credits from pollution reduction activities in the Chesapeake Bay Watershed), published at 40 Pa.B. 5790 (October 9, 2010).

Nutrient credit trading is a market-based program that provides incentives for entities to create nutrient reduction credits (credits) by going beyond statutory, regulatory or voluntary obligations and goals to remove nutrients from a watershed. The credits can be traded to help others more cost-effectively meet their obligations or goals. The primary purpose of the Trading Program is to provide for more efficient ways for National Pollutant Discharge Elimination System (NPDES) permittees to meet their effluent limits for nutrients.

The information described in this notice relates to a certification request submitted from November 30, 2011, through December 6, 2011.

Background

Before a credit can be used by an NPDES permittee, a three-step process is followed: (1) the certification request must be approved; (2) generation of the credits must be verified; and (3) the credits must be registered.

Approval is also known as certification, which is a written approval by the Department for the use of a pollutant reduction activity to generate credits. Certifications are based on at least: (1) a written request describing the qualifying pollutant reduction activity that will reduce the pollutant loadings delivered to the applicable watershed; (2) the calculation to quantify the pounds of reductions expected; and (3) a verification plan that, when implemented, ensures that the qualifying pollutant reduction activity has taken place.

Once the credits are certified, they must be verified to be applied toward an NPDES permit for compliance with effluent limits. Verification means implementation of the verification plan contained in the certification. Verification plans require annual submittal of documentation to the Department that demonstrates that the qualifying pollutant reduction activity has taken place for the applicable compliance year.

The credits also need to be registered by the Department before they can be applied toward an NPDES permit for compliance with effluent limits. Registration occurs only after credits have been certified, verified and a contract has been submitted. The Department registers credits for use during the compliance year in which the qualifying pollutant reduction activity has taken place. The Department provides registered credits with an annual registry number for reporting and tracking purposes.

Certification Request

The following request is being reviewed by the Department. The Department will accept written comments on this proposed pollutant reduction activity for 30 days.

Applicant

DEPARTMENT OF PUBLIC WELFARE

Nursing Facility Assessment Program for Fiscal Year 2011-2012

This notice announces the amount of the assessment that the Department of Public Welfare (Department) is implementing for Fiscal Year (FY) 2011-2012, provides an explanation of the assessment methodology that the Department is using in FY 2011-2012 and identifies the estimated aggregate impact on nursing facilities which will be subject to the assessment.

Background

Article VIII-A of the Public Welfare Code (code) authorizes the Department to impose an annual monetary assessment on private and county nursing facilities in this Commonwealth each fiscal year through FY 2011-2012. See 62 P. S. §§ 801-A—815-A. Under Article VIII-A of the code, the Department may impose the assessment only to the extent that the assessment revenues qualify as the State share of Medical Assistance (MA) Program expenditures eligible for Federal financial participation (FFP). See 62 P. S. § 803-A. To ensure receipt of FFP, Article VIII-A of the code requires the Department to seek a waiver from the Federal Centers for Medicare and Medicaid Services if necessary to implement the Assessment Program. See 62 P. S. § 812-A.

For each fiscal year that the Assessment Program is implemented, the code authorizes the Secretary of the Department (Secretary) to determine the aggregate amount of the assessment and the annual assessment rate in consultation with the Secretary of the Budget. See 62 P. S. § 804-A. The law specifies that annual assessment rates must be sufficient to generate at least \$50 million in additional revenue, but not more than the maximum aggregate assessment amount that qualifies for Federal matching funds. See 62 P. S. § 805-A.

The Secretary must publish a notice in the *Pennsylvania Bulletin* before imposing an annual assessment for an FY. The notice must specify the amount of the assessment being proposed, explain the proposed assessment methodology, identify the estimated assessment amount and aggregate impact on nursing facilities subject to the assessment and provide interested persons a 30-day period to comment. See 62 P. S. § 805-A.

After consideration of any comments received during the 30-day comment period, the Secretary must publish a second notice announcing the rate of assessment for the FY. See 62 P. S. § 805-A. The annual aggregate assessment amount and assessment rate for the FY must be approved by the Governor. See 62 P. S. § 804-A.

The Secretary published a notice in the *Pennsylvania Bulletin* at 41 Pa.B. 3302 (June 25, 2011) announcing the proposed assessment rates, the aggregate amount and the

impact for FY 2011-2012. No comments were received by the Department in response to the proposed rates notice.

Assessment Methodology and Rates for FY 2011-2012

The following nursing facilities will continue to be exempt from the Assessment Program in FY 2011-2012:

- (1) State owned and operated nursing facilities.
- (2) Veteran's Administration nursing facilities.
- (3) Nursing facilities that have not been licensed and operated by the current or previous owner for the full calendar quarter prior to the calendar quarter in which an assessment is collected.
- (4) Nursing facilities that provide nursing facility services free of charge to all residents.

The Department will assess nonexempt nursing facilities at two rates. One rate will apply to three categories of nursing facilities: county nursing facilities; nursing facilities that have 50 or fewer licensed beds; and grandfathered Continuing Care Retirement Community (CCRC) nursing facilities.¹ The other rate will apply to all other nonexempt facilities, including nursing facilities that began participation in a CCRC on or after July 1, 2010. Using the applicable rate, the Department will calculate each nonexempt facility's quarterly assessment amount by multiplying its assessment rate by the facility's non-Medicare resident days during the calendar quarter that immediately preceded the assessment quarter. This rate structure is the same structure that was used in FY 2010-2011.

Although the Department will maintain the same basic rate structure for FY 2011-2012, the Department is increasing the assessment rates for nonexempt nursing facilities from the rates in FY 2010-2011. For FY 2011-2012, the assessment rates for nonexempt nursing facilities will be as follows:

- (1) For county nursing facilities, for nursing facilities that have 50 or fewer licensed beds, and for grandfathered CCRC nursing facilities, the assessment rate will be \$6.59 per non-Medicare resident day.
- (2) For all other nonexempt nursing facilities, the assessment rate will be \$28.04 per non-Medicare resident day.

Assessment payments are due the last day of the Assessment quarter or 30 days after publication of this final notice, whichever is later.

The Assessment Program due dates, along with supplemental payment dates, will be available on the Department's web site at <http://www.dpw.state.pa.us/provider/doingbusinesswithdpw/longtermcarecasemixinformation/index.htm>.

¹ The Department will consider a nursing facility to be a grandfathered CCRC nursing facility if it meets either of the following:

- (1) The nursing facility was assessed the CCRC assessment rate prior to July 1, 2010, and continues to qualify for the CCRC assessment rate under the guidelines under which it was approved for the CCRC rate.
- (2) The nursing facility was not assessed at the CCRC assessment rate prior to July 1, 2010, but the nursing facility meets all of the following:
 - (i) The nursing facility submitted a request to the Department to be assessed at the CCRC rate on or before June 23, 2010.
 - (ii) The CCRC which controls or owns the nursing facility submitted an application for a certificate of authority (COA) to the Insurance Department on or before June 23, 2010.
 - (iii) The nursing facility demonstrates that the CCRC incurred significant costs prior to June 5, 2010, in pursuing certification as a CCRC. (Examples of significant costs include costs incurred to obtain plan or site reviews, an enforceable construction contract, lease, contract for consulting services, zoning and certificate of occupancy.)
 - (iv) The nursing facility qualifies for the CCRC rate under the criteria in effect for FY 2009-2010 published at 40 Pa.B. 767 (February 6, 2010).
 - (v) The CCRC receives a COA during FY 2010-2011.

A detailed explanation of a grandfathered CCRC nursing facility is contained in the notice published at 40 Pa.B. 7297 (December 18, 2010), which is available online at <http://www.pabulletin.com/secure/data/vol40/40-51/2417.html>

Aggregate Assessment Amounts and Fiscal Impact

The Department estimates that the annual aggregate assessment fees for nonexempt nursing facilities will total \$434.130 million. The Department will use the State revenue derived from the assessment fees and any associated Federal matching funds to support payments to qualified MA nursing facility providers in accordance with applicable laws and regulations.

Powerball

In accordance with 61 Pa. Code § 871.21 (relating to future changes to Powerball), the Secretary of Revenue (Secretary) announces the following changes to the Powerball regulations.

The Secretary, having determined that it is impractical and contrary to the public interest to defer notice to the public of changes to the Powerball game, has given actual knowledge of the document to the persons whom the document is primarily directed in accordance with 1 Pa. Code § 13.74 (relating to effectiveness prior to publication) by press release dated on or before December 16, 2011, of the following changes to the Powerball regulations.

These changes will affect ticket sales beginning on Sunday, January 15, 2012, for the Powerball drawing on Wednesday, January 18, 2012. The changes to the regulation will be codified as paragraph (5) in 61 Pa. Code § 871.22 (relating to changes to Powerball):

(5) Changes effective for Powerball tickets sold on or after January 15, 2012:

(i) *Section 871.2(a) (relating to game description and purpose).* Powerball is a five out of 59 plus one out of 35 on-line lottery game which pays the grand prize on an annuitized, parimutuel basis. Except as provided in this chapter, all other prizes are paid on a set cash basis.

(ii) *Section 871.3 (relating to definitions).*

Grand prize winnings pool—An amount constituting 31.9756% of gross sales from all participating states for a particular Powerball game drawing for the purpose of paying winning grand prizes in that drawing. The grand prize winnings pool includes prize money allocated to the grand prize category from prior Powerball game drawings in which there were no winning grand prize tickets. A portion of this pool is used to fund prize reserve accounts until those accounts achieve maximum balances.

Panel or game panel—One of five areas of the Powerball bet slip that contains two number grids. The upper grids (first set numbers) contain 59 squares, each numbered 1 through 59 and the lower grids (second set numbers) contain 35 squares, each numbered 1 through 35. Each panel is lettered either A, B, C, D or E.

Powerball number or second set number—The number selected from the second group of numbers, from 1 through 35, appearing in the lower grid of a Powerball game panel.

Quick pick—The random selection by the Lottery's computer system of five numbers from 1 through 59 and a Powerball number from 1 through 35 that appear on a ticket in the Powerball game.

Second set numbers—The second group of numbers, from 1 through 35, appearing in the lower grid of a Powerball game panel.

Set prize winnings pool—An amount constituting 18.0244% of gross sales for the current drawing and any monies carried forward from previous draws.

Ticket—A Powerball ticket, produced by an on-line terminal from a licensed on-line retailer in an authorized manner, containing a letter prefix followed by five selected numbers from 1 through 59 and a single selected Powerball number from 1 through 35 for each basic play, ticket validation number data, drawing date, amount bet

and any applicable promotion exercised by the player. Each set of five numbers and the Powerball number constitutes a basic play of which there may be one or more, up to five on a ticket.

Winning numbers—Six numbers, the first five numbers from 1 through 59, and the Powerball number from 1 through 35, selected at a Powerball drawing and subsequently validated by the MUSL, which shall be used to determine the winning Powerball plays.

Editor's note: This is a partial listing of the definitions applicable to Powerball. See § 871.3 (relating to definitions) for additional definitions.

(iii) *Section 871.5 (relating to ticket price).* A Powerball ticket shall cost \$2 per play. The power play option may be exercised, at the discretion of the player, for an additional \$1 per play.

(iv) *Section 871.6(a) (relating to Powerball bet slip and ticket characteristics and restrictions).* For each basic play the player shall select, or request quick pick selection by the computer, five numbers and a single Powerball number, in one or more of the game panels on a Powerball bet slip. Powerball bet slips shall be available at no cost to the player. The minimum entry is \$2. For \$2, play one game; for \$4, play two games; for \$6, play three games; for \$8, play four games; for \$10, play five games. Players are also given the option to select a promotion verbally or on the bet slip at the time of purchase for an additional \$1 for each play. Game panels shall be played in alphabetical order in accordance with the instructions printed on the Powerball bet slip. A Powerball bet slip has no pecuniary or prize value and does not constitute evidence of the purchase of a ticket or the numbers selected.

(v) *Section 871.6(b).* To purchase a ticket, players shall, in addition to the purchase price, submit a completed Powerball bet slip, or request number selections either by quick pick or manual terminal entry to an on-line retailer to have a ticket issued. To purchase a ticket at a Lottery self-service terminal that dispenses terminal-based Lot-

tery tickets, the player shall designate the drawing date or dates for which the ticket is entered, number selections and may exercise the power play promotion for an additional \$1 per play. The player may use a bet slip or the Quick Pick option at a Lottery self-service terminal that dispenses terminal-based Lottery tickets. The ticket shall contain five selected numbers and a single selected Powerball number for each play, ticket validation number data, drawing date, amount bet and any applicable promotion exercised by the player. This ticket shall be the only valid receipt for claiming a prize. The ticket shall only be valid for the drawing date or dates printed on the ticket. Retailers are not permitted to allow the attachment of any remote devices to a lottery terminal to enter plays except as otherwise provided in the MUSL rules.

(vi) *Section 871.6(c).* If Powerball bet slips are unavailable, number selections may be given to an on-line retailer in groups of five number selections and one Powerball number selection per game section for each \$2 wagered as a basic play. The player may exercise the power play promotion for an additional \$1 per play. The retailer shall manually enter the selections into the computer terminal.

(vii) *Section 871.7(b) (relating to time, place and manner of conducting drawing).* Place of drawing. A Powerball drawing will be conducted in a location selected by the MUSL.

(viii) *Section 871.7(c).* Manner of conducting drawing. The MUSL will draw at random five numbers from a set of balls numbered 1 through 59 and one Powerball number from a set of balls numbered 1 through 35 with the aid of mechanical drawing equipment. The drawings will be observed by security personnel and independent auditors and the validity of a drawing will be solely determined by the MUSL.

(iv) *Section 871.8(a) (relating to expected prize payout percentages).* Determination of expected prize payout percentages is as follows:

Tickets Containing The Following in One Single Lettered Game Section

** Fifty percent of Powerball gross sales are allocated to the winnings pool for the payment of prizes.

(x) *Section 871.8(c)(1)*. If the total of the set prizes awarded in a Powerball drawing exceeds the set prize pool which is 18.0244% of gross sales, the amount needed to fund the set prizes shall be drawn from the following sources in the following order:

(i) The amount allocated to the set prize tiers and carried forward from previous draws, if any.

(ii) An amount from the MUSL set prize reserve account, if available, not to exceed \$40,000,000 per Powerball drawing.

(xi) *Section 871.15 (relating to unclaimed prize money)*. Prize money on a winning Powerball play may be re-

tained by the Secretary for payment to the person entitled to it. If within 1 year of the drawing date on the ticket, no claim is made on a winning play, as determined by the Secretary, the right to claim prize money terminates. For set prizes, the prize money will be paid into the State Lottery Fund and used for purposes otherwise provided for by statute. Unclaimed grand prize funds will be distributed among all MUSL Lotteries in proportion to each lottery's sales for the grand prize drawing.

(xii) *Section 871.19 (relating to probability of winning)*. The probability of winning is as follows:

Tickets Containing The Following in One Single Lettered Game Section

(xiii) *Section 871.20(a) (relating to power play promotion)*. The power play promotion shall be available in association with the Powerball game and will continue until the Secretary publicly announces a suspension or termination thereof. The power play promotion will be conducted in accordance with the Powerball rules except that players may purchase the power play option to increase set prizes won as a result of a Powerball drawing. The Powerball grand prize will not be eligible for an increase under the power play promotion. The Secretary will on occasion announce, as a special promotion, higher promotional prize amounts to be won with the power play promotion.

(xiv) *Section 871.20(c)* is deleted in its entirety.

(xv) *Section 871.20(d)*. Powerball tickets that contain the power play option and one or more plays eligible for Powerball second through ninth category prizes identified in § 871.8(a) (relating to expected prize payout percentages) shall be entitled to a total set prize identified in § 871.20(j) (relating to power play promotion), unless a higher limited promotional prize amount is announced by the Secretary.

(xvi) *Section 871.20(e)*. The prize pool for power play set prizes shall consist of up to 49.96% of power play sales after Powerball prize reserve accounts are funded to the amounts set by the MUSL. The prize pool percentage allocated to power play set prizes shall be carried forward to subsequent power play drawings if all or a portion of the percentage is not required to pay the set prizes for the current power play drawing.

(xvii) *Section 871.20(f)*. An additional 0.04% of power play sales may be collected and placed in prize reserve accounts until the prize reserve accounts meet the amounts designated by the MUSL. Any amount remain-

ing in prize reserve accounts at the end of the power play promotion shall be carried forward to a replacement prize reserve account or expended in a manner as directed by the MUSL Powerball Product Group in accordance with State law.

(xviii) *Section 871.20(g)*. If, with respect to a single Powerball drawing, the total of the Powerball set prizes without the power play option and the Powerball set prizes increased by the power play option exceeds the percentage of the prize pools allocated to the set prizes, the amount needed to fund those combined set prizes shall be drawn from the following sources in the following order:

(1) The amount allocated to the set prizes and carried forward from previous Powerball drawings, if any.

(2) An amount from the Powerball set prize reserve account, if available, not to exceed \$40,000,000 per drawing.

(xix) *Section 871.20(h)*. If the sources set forth in subsection (g) are depleted and there still are not sufficient funds to pay the set prizes for a particular Powerball drawing, the highest set prize, including the prize increased by the power play option, shall become a parimutuel prize. If the amount of the highest set prize, when paid as a parimutuel prize, is less than or equal to the next highest set prize and there are still not sufficient funds to pay the remaining prizes, the next highest set prize, including the prize increased by the power play option, shall become a parimutuel prize. If necessary under the same test set forth in the preceding sentence, each succeeding set prize level shall be converted to a parimutuel prize, in order, until all set prizes become parimutuel. If all set prizes are converted to parimutuel prizes, the money available from the funding sources

listed in subsection (g) shall be divided among the winning plays in proportion to their respective prize percentages.

(xx) *Section 871.20(j)*. Except as otherwise provided, all power play set prizes shall be paid in single, lump-sum payments. Power play prize levels shall be paid as follows:

<i>Prize Level</i>	<i>Power Play Set Prize Amount</i>
Second Prize	\$2,000,000
Third Prize	\$40,000
Fourth Prize	\$200
Fifth Prize	\$200
Sixth Prize	\$14
Seventh Prize	\$14
Eighth Prize	\$12
Ninth Prize	\$12

(xxi) *Section 871.20(k)*. When the Powerball set prizes become parimutuel, the Powerball set prize amounts will be less than the amount shown and the power play prizes for the second through the ninth category prizes shall be reduced as announced by the MUSL Powerball Product Group.

(xxii) Section 871.20(l) is deleted in its entirety.

(xxiii) Section 871.22(1)(vi) (relating to changes to Powerball) is deleted in its entirety.

The following hearing will be held in the Administrative Hearings Office, Capitol Associates Building, Room 200, 901 North Seventh Street, Harrisburg, PA 17102.

Appeal of Leslie and Stephen Field; file no. 11-183-109924; Harleysville Mutual Insurance Company; Doc. No. P11-11-017; January 10, 2012, 1 p.m.

Parties may appear with or without counsel and offer relevant testimony or other relevant evidence. Each party must bring documents, photographs, drawings, claims files, witnesses, and the like, necessary to support the party's case. A party intending to offer documents or photographs into evidence shall bring enough copies for the record and for each opposing party.

In some cases, the Insurance Commissioner (Commissioner) may order that the company reimburse an insured for the higher cost of replacement insurance coverage obtained while the appeal is pending. Reimbursement is available only when the insured is successful on appeal, and may not be ordered in all instances. If an insured wishes to seek reimbursement for the higher cost of replacement insurance, the insured must produce documentation at the hearing which will allow comparison of coverages and costs between the original policy and the replacement policy.

Following the hearing and receipt of the stenographic transcript, the Commissioner will issue a written order resolving the factual issues presented at the hearing and stating what remedial action, if any, is required. The Commissioner's Order will be sent to those persons participating in the hearing or their designated representatives. The Order of the Commissioner may be subject to judicial review by the Commonwealth Court.

Persons with a disability who wish to attend the previously-referenced administrative hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Donna R. Fleischauer, Human Resources Director at (717) 705-4194.
